

The Eternal 1891

Chapter 1891

1891 Three thousand worlds, simple as dust

Yu Shengfeng also felt the extraordinary power and his body trembled.

The evil spirits that were attacking him all stopped and looked up in horror, as if they were about to kneel down and worship him.

“Six paths demonic weapon Suan ni”

Yu Shengfeng caught his breath and looked up at the sky in shock. The true fiend Dharma idol had three heads and six arms, and it was once again displaying the majesty of a demon master.

Both he and Yunxiao had seized the devil Lord’s devil essence, so their sense of the six paths demonic weapons became stronger. The blood in their bodies was surging with power, and in a pleasant surprise, they quickly performed incantation gestures to absorb the surrounding demonic energy, healing their injured bodies at an amazing speed.

Yunxiao changed the incantation gesture in his hand and gave a loud cry. The true fiend Dharma idol immediately came to a stop, and five of the weapons slowly disappeared, leaving only a big black chain in his hand. It was as black as blood, and it looked like it could take one’s life.

A unique skill inexplicably flashed through Yunxiao’s mind, and an image of a Dark Iron chain sealing the sky and earth seemed to emerge.

Yu Shengfeng’s heart trembled as well. He and Yunxiao sensed it at the same time, and the two exchanged a glance before they immediately understood.

The appearance of the six paths demonic weapon brought back the memory of the demonic Qi in their bodies.

“Pa!”

Yunxiao performed an incantation gesture with both hands, and his body was immediately covered with demonic runes, while countless runes filled the area thirty feet around him and transformed in the air.

The black iron chain in the true fiend Dharma idol’s hand was clattering and spinning like a Nebula.

All the demonic Qi in the universe could sense it and rushed into the iron chain crazily. The evil spirits all wailed and cried.

Their bodies were constantly being torn apart, and countless demonic specters flew out. Lu congzi’s expression changed drastically. He felt the demonic Qi in his body stirring and about to be absorbed by the iron chain.

The silver sword Breaker stopped a few hundred feet away from the true fiend Dharma idol. The Golden Phoenix Thearch butcher in his hand also let out a low groan as if it was being suppressed.

Not only inside the twelve divine beings killing formation, but outside the formation, there was also a faint Nebula rotating. On the boundary wall of the demon world not far away, demonic vitality broke through the wall like a dragon and poured into the formation.

The human faces on the regional walls also revealed fear and let out low wails. It was as if they were terrified.

Bo Yuqing, who was at the entrance of the passage, was frightened and didn’t know what was happening.

Yunxiao’s face turned livid. The power of the six paths demonic weapon this time was extraordinary, completely beyond his expectation and understanding. Almost all the demonic energy in the surrounding space was absorbed.

Perhaps it had sensed the existence of the devil World, or perhaps it had absorbed enough devil essence, the black iron chain let out a cheerful cry, and there seemed to be a faint chuckle.

Yunxiao knew that he had reached his limit. Although the iron chain was still absorbing power, he would completely lose control if he continued to do so. He was afraid that he would not be able to save his life if he used this move.

He immediately made a hand seal to cut off the suction force of the iron chain and immediately displayed the move in his mind.

“Azhe fansha, three thousand worlds!”

The star Cloud chain moved, and only a clattering sound could be heard in the sky. Along with the movement of the chain, there were countless wind and thunder, as if ten thousand Thunderbolts were coming, as if they were going to destroy the world.

The entire formation turned dark, and the dark clouds formed by the Tiangang flags scattered with a shake. The divine realm tablet seemed to sense it and also emitted a strong light to resist the demonic power.

The entire stele was like a Lighthouse, standing tall and unmoving. No matter how the devil essence rolled, it still shone through the past and present.

However, outside the divine realm tablet, all the forces became extremely small and were all annihilated in the demonic Qi.

The speed of the metal chain grew faster and faster, and then it shot through the air like an arrow. Wherever it passed, it turned into nothingness. A large number of fiendish demons and evil spirits were shattered by the power of the metal chain, and the world fell apart.

The 12 puppets stood there quietly as well. They had lost all of their vitality, and the formation light had also been scattered. The only fiendish God turned into a faint light, like a layer of mist covering the puppet's body to resist the pressure.

Lingmu di and the others had already gathered together. They each displayed their defensive skills and formed a barrier to take care of each other.

The one furthest away from the true fiend Dharma idol was Bo Yuqing. Not only was he a 'Zhi fansha, the power of the three thousand worlds made him surge violently, but the power that flowed out of the demonic realm's boundary wall was also like a Roaring River that kept rushing into the iron chain.

Along with the demonic Qi that surged out of the regional wall, there were also countless demonic fiends and even fierce soul fiends that were being drawn out.

Bo Yuqing was almost scared silly. He suddenly came back to his senses and immediately retreated to avoid being affected.

At this moment, everyone in the 3000 worlds was suffering.

Even Yunxiao felt that all the strength in his body had been drained, and he gradually lost control of the true fiend Dharma idol. As the vortex grew larger and larger, he was about to be swallowed up.

stop! Stop! lingmu Di's shouts came continuously.

He wanted to stop as well, but his power was weakening while the true fiend Dharma idol's power was still increasing. It was as if it was continuously being replenished, and he had completely lost control.

Suddenly, the divine realm tablet seemed to light up, and the entire cleft space twisted with the flickering light. Azhe fansha's power of three thousand worlds seemed to be blocked.

The power on the demonic world's boundary wall seemed to have been cut off by a knife, and it instantly returned to normal.

At the same time, a vast power gushed out of the divine realm tablet and finally fell from the sky, crushing everything. It was like a sharp sword that had stabbed into the heart of the chain Nebula!

"Boom boom boom!"

The wind and thunder became even more violent, and it seemed as if Afan Sha had been hit by an attack. He kept swaying up and down, and countless runes rippled out and disappeared into the sky.

Everyone vomited blood under the shock, and Yunxiao was not among them. The Fiend energy in his body had long been exhausted, and only his body's glass divine light and indestructible golden body were left, which had been torn apart and turned into a bloody man.

Fortunately, after the divine realm tablet took effect, Azhe fansha's power began to decrease, and the storm gradually subsided.

The true fiend Dharma idol also slowly faded in the air and disappeared along with ahe fansha.

Lu congzi had been standing in the air the whole time without moving, and the two truncheons in his hands had completely lost their luster. However, the strange Tai Chi fish mask still had a light that could absorb one's soul.

Yunxiao's pupils constricted as he exchanged a glance with him. Without any defense, he immediately saw through the other's state.

The message revealed in Lu congzi's eyes was that he must have suffered a serious injury. After being seen through by Yunxiao, his eyes immediately turned sharp, and the divine light that he had not concealed before was completely gone.

"Let's go!"

Yunxiao gave a loud cry, and the little bit of energy he had accumulated in his body flowed through his meridians like sweet dew, washing his whole body.

With this last bit of power, he made a hand seal in the air and put away the divine realm tablet, Tusita heavenly peak, and six ding and six Jia.

Lingmu di and the others also came to their senses instantly. Although everyone was seriously injured, they had lost the ability to fight again. This was the sea of soul formation, Lu congzi's base camp. Staying here would only lead to death.

At Yunxiao's command, everyone flew toward the tunnel.

...

Among them, the guests were severely injured and were lying on the patrolling Bulldog.

Lu congzi's eyes were burning with anger, but he had also been severely injured by the three thousand worlds. He spat out a mouthful of blood, which flowed down the sides of the mask.

Moreover, the mask had forcefully increased his strength, and there were obviously quite a few side effects. He let out a blood-curdling screech, threw away his two maces, and held his head in his hands.

Only when the mask disappeared did he recover a little, and he watched Yunxiao and the others leave in anger.

Today's battle had given him a lot of shock and fear. If he let them escape, they would definitely become a disaster and it would be difficult to kill them!

"Stop them, quickly stop them!"

Lu congzi roared as he stared at the passage where Bo Yuqing was standing.

The faces of Yu Shengfeng, Yunxiao, and the others changed drastically.

Bo Yuqing was unscathed, a peak divine transcendence expert. He slowly pulled out his sword and blocked the passage.

“Yu Qing!” Yu Shengfeng said in a deep voice.

The master and disciple looked at each other, and it seemed like a hundred years had passed.

...

The past churned in each other’s minds, and scenes flashed before their eyes.

“Swish!”

The shadow of the sword flashed and pointed straight at Chu Shengfeng’s throat. Bo Yuqing’s hand trembled slightly and stopped in the air.

Yu Shengfeng looked at the sword and said, “ you’ve indeed walked your own path. I can’t feel any elemental energy fluctuations from your sword. Emotions can’t affect your temperament anymore. Right now, you’re as cold as a piece of aegirine.

Bo Yuqing finally couldn’t hold back his emotions and said in a trembling voice, “ “If we had to choose again in this life, would we still be where we are now?”

“I already know I was wrong, so I naturally won’t.” Yu Sheng Feng sighed.

“Swish!”

The sword slashed across Chu Shengfeng’s throat, bringing with it a little blood, but it only pierced the skin. you can leave!

Bo Yuqing’s face was livid, the veins on his neck tensed up, clearly struggling in his heart.

“You can’t!”

kill them! Lu congzi roared, " kill them!

In his anger, he spat out a few more mouthfuls of blood.

Bo Yuqing's expression didn't change as he said indifferently, " "You can't order me around. I will only walk my own path."

A complicated expression flashed through Yu Sheng Feng's eyes,"Thank you. From now on, take care of yourself."

Yunxiao and the others flew into the passage.

Yu Shengfeng patted Bo Yuqing's shoulder and also stepped into the passage.

Suddenly, there was the sound of a sword cutting through the air, followed by a spray of blood. Yunxiao and the others trembled and turned around.

Chu Shengfeng's chest had been pierced through from the back by the sword. Blood flowed down the blade and dripped from the tip.

Yu Shengfeng was stunned for a moment. He lowered his head to look at the sword and tried his best to turn his head back, saying,"For what?"

Large beads of sweat rolled down Bo Yuqing's face, his eyes bursting with a sharp light as he said coldly, " "Because I can never choose again in this life!"

The entire crack was dead silent. Even Lu congzi was stunned, and then he couldn't help but laugh.

"Hahaha!"

There was only his maniacal laughter in the passage. It seemed carefree, sarcastic, and helpless.

“Hahahaha!”

Yu Shengfeng suddenly laughed out loud. He made a grabbing motion with his right hand, and the ancient dust sword appeared in his hand.

That sword was as simple as dust and had experienced countless years.

“You’re my disciple after all. This ancient dust sword is an inheritance from a family. I’ll pass it to you today.”

Chapter 1892-farewell

“Hahahaha!”

Yu Shengfeng’s hand slowly let go of the huge sword and laughed towards the sky. There were tears in his eyes, and they fell down.

Bo Yuqing’s hand trembled for a moment before returning to normal, “After this strike, all grudges between you and me will be resolved, and I will no longer be your disciple. You can take back this sword.”

Yu Shengfeng’s laughter stopped. He jerked his body and broke the sword in his chest. He turned around and swung his sword.

Bo Yuqing was shocked and was about to defend when he saw that Yu Shengfeng had already closed in, grabbing his hand and stuffing the hilt of the sword into his hand.

“You’ve always been my outstanding disciple. I, Yu Shengfeng, have never been able to achieve what I’ve always wanted, but I’ve cultivated two such outstanding disciples. I can die without regrets, and it’s enough to be gratified!”

A smile appeared on his face, but blood kept flowing from the corner of his mouth.

Although he had finally stepped into the upper-class sacred body, he had welcomed the end of his life.

His physical body had already been damaged in the battle just now, and now that his heart was pierced by Bo Yuqing, all his functions had begun to collapse, and he was powerless to turn the situation around.

“I’m going to die in the end. What’s the point of my life?”

There was a trace of confusion in his eyes. His gaze fell on his two disciples, and finally, he looked at Lu congzi.

Lu congzi frowned. master, don’t worry. I don’t have anything to say to you. You don’t have to look at me.

Yu Shengfeng bitterly smiled and nodded, “You are the person I fear the most, but at this moment, you are the person I am most at ease with. I believe that you will take good care of yourself and your Junior Brother.”

“I will,” Lu congzi flicked his sleeve and said.

Yu Sheng Feng sighed, “I owe you this life, if there is a next life, I hope we can meet again ..”

“We’ll meet again when we meet again. Don’t worry, master,” Lu congzi said, a little moved.

Yu Sheng Feng revealed a smile, a smile that had never been so pleasant and relaxed.

Although his body was destroyed and his heart was pierced, he would not die in a short time. He would only be left with more pain. It was better to get the pain over with. He jerked with force and cut off his own heart meridian.

His body finally slowly fell down, his entire body pouncing onto Bo Yuqing's shoulder.

Bo Yuqing tried his best to open his eyes wide, not wanting to let the hot tears fall, but no matter how sore his eyes were, the tears still flowed down his cheeks and dripped on Yu Shengfeng's body.

Yunxiao and the others saw all this clearly, and they were all silent.

Yunxiao bowed slightly to bid farewell to Chu Shengfeng's body, as if he was giving the last respect to the former chief of the sea of soul formation, a world-famous expert, or bidding farewell to his former life-and-death comrade.

Qu Hongyan and the others also nodded slightly and bowed in the air.

"Let's go," he said.

Yunxiao sighed, then turned around and left with the others.

stop them! Lu congzi roared in shock and anger. stop them!

Bo Yuqing was unmoved. He just stood there quietly, allowing nie Shengfeng to lean on him, the master who had once made him tremble in fear.

The ancient dust greatsword had no temperature. It was hard to hold in one's hand, simple and ancient, passed down from generation to generation.

Lu congzi watched Yunxiao and the others leave, and his anger gradually subsided.

Since the matter had already come to this, it was difficult to make up for it. Regret and anger were of no use, so he could only plan for the long term.

He looked back at the boundary wall of the devil World, and his eyes could not help but light up. The faces imprinted on the boundary wall were more prominent than before, and many of them had become clearer.

“Hahaha, it’s a blessing in disguise!”

Lu congzi laughed as he looked at the regional wall and said, “As long as these demon lords can break out of the wall, Gu Feiyang, no matter where you run to, you won’t be able to escape from my palm!”

Bo Yuqing was a little upset. He picked up Xi Shengfeng’s body and walked out.

“Where are you going?” Lu congzi asked with a frown.

find a place to bury master, ” Bo Yuqing said. after all, he was once the sea of soul formation chief, and he’s also our master.

“Oh, then you go.”

“There’s still a piece of aegirine in his body, don’t forget to take it out,” Lu congzi waved his hand and said.

Bo Yuqing’s body trembled slightly. Without even turning his head, he carried Yu Shengfeng’s body and disappeared into the passage.

Yunxiao and the others came out of the ancient Devil’s well. Although they were badly injured and their energy fluctuations were very chaotic, the guards did not dare to stop them. They just watched in horror, not knowing what was going on.

“Where are we going now?” qu Hongyan asked.

I don’t know, ” Yunxiao shook his head. let’s leave the sea of soul formation first.

Qu Hongyan said, " the world is vast, but we have completely offended the sea of soul formation. Although it's not that we have no place to stay, I'm afraid we'll be in big trouble. Why don't you come with me to shenxiao Palace and hide for a while? we'll wait for the opening of the eternal world.

alright! Yunxiao thought for a moment and said, " let's go to the divine firmament Palace first.

Everyone entered the divine realm tablet and began to heal their wounds. Yunxiao soon flew to the teleportation area, ready to activate the array to the North.

As shenxiao Palace had been sealed off for many years, the teleportation formation had also been sealed for a long time. It had not been reconnected with the rest of the mainland, so he could only choose the nearest teleportation point.

The man in charge recognized Yunxiao. Although he had some doubts in his heart, he immediately did as he was told after the honorary elder took out his token.

"Ah? It's you! Don't, don't, don't go!"

Suddenly, an angry roar was heard and a ray of light flew down.

Yunxiao was taken aback. How could they be so fast that they had already given the order to pursue them?

It was only when the figure showed up that it was elder zirui. At the sight of Yunxiao, he pounced at him as if he had a blood feud with him and tried to strangle him.

"So it's elder zirui."

Although he had run out of strength, it was still a piece of cake for him to deal with an elder of alchemy. He pushed zirui away.

...

“You, quick, quickly show me the notes of the enlightened puppet!”

Zirui could not care less about his notes being cheated and his mind-refined puppet being stolen. When he saw Yunxiao, he was reminded of the puppet master’s notes.

Yunxiao smiled. what a coincidence! I don’t have the notebook with me, but I’m going to get it now. Why don’t you come with me, elder zirui? ”

Zirui was stunned and revealed a suspicious expression. “You’re not lying to me?”

Yunxiao’s smile faded as he said coldly, ” “It’s up to you to go or not!”

The teleportation formation had been activated. He walked straight to the center.

“Wait for me!”

Zirui was anxious, fearing that Yunxiao would leave if the array was triggered, and that he might never see him again in his life. So, he teleported over.

The teleportation formation was activated very quickly, and the two of them gradually disappeared into the formation light.

After the battle at the passage of the ancient Devil’s well, Lu congzi did not make a big deal out of it, nor did he put Yunxiao on the wanted list. He did not even take back Yunxiao’s identity as an honorary elder of the sea of soul formation, as if nothing had happened.

The only change was that Bo Yuqing became the Vice President, and Grand Elder Yu Shengfeng never appeared again.

...

However, no one had too many doubts. After all, the sea of soul formation was a relatively loose organization. Everyone was busy with their own things every day. Many elders were in seclusion for research and cultivation. It was normal to not see each other for decades.

Therefore, there was no change in the sea of soul formation and it was still operating as usual.

Yunxiao and zirui were soon teleported to a small city in the northern region. With his speed, it would only take him a few hours to fly there as long as he recovered his strength.

“Quick, go get the notes.”

The moment he appeared in the city, zirui couldn't wait.

Yunxiao took out Mu Chen's notes and handed them to him, saying, “Elder zirui, take a look first.”

Zirui excitedly took it with both hands and placed it on his forehead with trembling hands. He slowly scanned it with his spiritual sense.

“Hey, hey, don't block the way, quickly move!”

The two of them were still in the teleportation zone of the small city. The people in charge of the area around them suddenly became angry and shouted at them.

Normally, a high and mighty sea of soul formation elder like zirui would probably go crazy and kill someone on the spot.

But this time, there was no reaction. It was as if all of his attention was focused on the Jade slip.

When Yunxiao saw that the person-in-charge was about to rush over and kill him, he took zirui's hand and walked to the side, heading toward the city.

Behind them, the person in charge mumbled in dissatisfaction, " where did these two idiots come from? I can tell they're idiots with one look. Fortunately, we left quickly. Otherwise, I'd blow up their balls with one punch.

The voice naturally reached Yunxiao's ears, but zirui was engrossed in reading the Jade slip and did not hear it.

Yunxiao, 'hehe'.

He shook his head speechlessly and continued to lead zirui in the direction of shenxiao Palace.

Several hours later, the two of them arrived at the mountain Gate of the divine cloud Palace. Qu Hongyan came out of the divine realm tablet and led them forward.

Zirui had already finished reading the Jade scroll and was deep in thought. He only knew to follow and didn't even notice that there was an extra person.

It was only when he reached the snowfall peak that he came back to his senses and said in a daze, " W-where is this?"

Qu Hongyan was also speechless at this kind of person. She shook her head and said to Yunxiao, " I'll go take care of some matters first. I need to discuss the recent events with the elders of the palace. You and elder zirui can stay in the side hall for now."

Immediately, a few female disciples came forward to lead the way. They had all seen Yunxiao before and knew his identity, so they were both surprised, scared, and happy. With their heads lowered and faces flushed, they stood nervously in front of the two and said, " Please follow us."

Yunxiao briefly explained to zirui, and zirui's mouth immediately fell open in shock. s-divine cloud Palace? Didn't shenxiao Palace not allow men to enter? W-what's going on?"

Yunxiao smiled and said, "it's a complicated matter. Elder zirui, please don't delve into it. Let's find a place to study the art of puppetry. I promise you that your trip will not be in vain.

Zirui muttered to himself, "I've read the notes. Although there's very little recorded, it's quite enlightening." I'm about to go back to the sea of soul formation to verify it. Hehe, what qualifications do you have to discuss puppetry with me? Right, give me the [refined heart] puppet!"

A fierce look appeared on his face as he stepped forward and grabbed Yunxiao's arm, glaring at him fiercely.

Yunxiao looked at him coldly and pushed him away with a wave of his hand as he said, "I'll show you something. If you're willing to stay, then come. If you're not, then leave by yourself. I'm too lazy to send you off.

Chapter 1893

?1893 The three giant spirits

Yunxiao raised his hand, and six ding and six Jia immediately appeared in the air, but he put them away after a flash. However, zirui's eyesight was enough for him to see them.

"That's Yingluo, that's Yingluo!"

Zirui sucked in a cold breath, his entire face changed as he exclaimed, "The complete heart refining puppet formation!"

that's right," Yunxiao said. I encountered a lot of problems when I was cultivating this thing, so I brought you here from the sea of soul formation. Otherwise, do you think you are qualified to discuss it with me? "

Zirui was completely stunned, and he could not help but reevaluate Yunxiao.

He did not know Yunxiao's identity, and he did not even believe the honorary elder Yunxiao had claimed to be. But, the fact that the man could enter and leave the sea of soul formation at will and even be

respected in the man's forbidden land, the divine firmament Palace, meant that he must be a famous Big Shot.

"I've been rude."

Although zirui didn't know much about the world, he wasn't stupid. After thinking it through, he immediately cupped his fists and bowed, his attitude becoming more humble.

Yunxiao smiled and made a hand gesture. Suddenly, a force lifted zirui up. I have offended you with my words just now. Please don't take it to heart, elder zirui.

Yunxiao knew the temperament of these alchemists very well, so he did not blame them.

Zirui couldn't wait any longer. Led by the female disciple of the divine firmament Palace, the two of them entered the side hall one after another and began to study it.

Qu Hongyan had wanted to come to discuss important matters several times, but she found that the side hall was always shrouded in a barrier and could not be entered. She could only look at it and sigh.

A few months later, a golden light suddenly shot into the sky from the snowfall peak and turned into a giant spirit with a light blade in its hand.

The giant spirit exuded a monstrous killing intent that spread out and covered the entire mountain range.

All the disciples of shenxiao Palace were alarmed. They all rose to the sky and gathered at the snowfall peak.

Qu Hongyan was the first to appear in the sky, staring at the giant spirit. It was exactly the same as the one in the ancient Devil's well, but it looked more realistic and had a stronger aura.

Then, two more golden lights appeared one after another, turning into a giant spirit holding a sword and a halberd. One had a delicate face, while the other had a ferocious face. However, they were both very lifelike and vivid.

The three giant spirits stood on the peak of the mountain, overlooking the entire shenxiao Palace. Their posture was like the vast ocean.

The snowfall peak was already filled with people, and they were all watching in horror.

If qu Hongyan had not been standing quietly in the sky, there would have been a riot.

But even so, there were still all sorts of clamoring and discussions, revealing the fear and uneasiness in everyone's hearts.

"Are these three gods? That sea-like baleful aura is suppressing the entire mountain range!"

under this pressure, my blood and Qi are also surging. I'm afraid those disciples below the martial Supreme realm won't even be able to come up to the snowfall peak. What kind of terrifying power is this? I'm afraid even the palace Master can't compare to it.

it's said that Gu Feiyang lives in the side hall. Looking at the palace master's calm expression, it's likely that Gu Feiyang is cultivating Some Kind of Heaven-defying divine ability.

"Are you talking about li Yunxiao, the reincarnation of Gu Feiyang? Last time at the snowfall peak, the nine elders joined forces to attack him, and even the great sun finger was no match for him. Looking at the current situation, I'm afraid that the entire divine cloud Palace is no match for him."

it's over. Shenxiao Palace is full of beautiful disciples. He won't enslave and ravage them as he wishes, will he?"

"You're so healthy, don't think too much. I should be the one worried."

what nonsense are you guys talking about? I see that your eyes are full of stars. You don't look worried at all. You just want to do that, right?"

"Aiya, you're so annoying. Sob sob sob"

"That's right, I'm not talking to you anymore, you're so shy!"

The few elders were also on the snowfall peak. While they were afraid of the giant Spirit's pressure, they were also annoyed by the nonsense around them. Luo chunrou angrily rebuked, "All of you, shut up!"

Only then did the peak quiet down.

Luo chunrou flew up into the sky and came forward to pay her respects, "Palace Master, this Gu Feiyang is using his divine power unscrupulously in shenxiao Palace. He's showing off his strength. You can't condone it.

Qu Hongyan's brows furrowed for a moment before they relaxed and she said, "Elder chunrou's words are extremely true, and this Queen also agrees with them. I'll ask the elders to teach Gu Feiyang a lesson and make him restrain himself."

At first, Luo chunrou was still puzzled. She had thought that she would be rolled at, but she did not expect to be acknowledged. It was only at the end that she understood and blushed, "I'm not his match."

"Since you're not his match, you should leave," qu Hongyan said indifferently.

There was a hint of sternness in his words, and Luo chunrou immediately felt a chill. In her embarrassment and anger, she snorted and turned to leave. However, her eyes suddenly lit up as she saw an old woman coming from the sky.

"Greetings, Grand Elder zhihan," she hurriedly stepped forward and greeted.

Qu Hongyan also turned around and went forward to pay her respects.

“Do you know what kind of divine ability this is?” Yan zhihan asked as she looked at the giant spirit.

“It’s a formation divine power. It’s said to be one of the three ancient ominous formations, the twelve divine beings killing formation,” qu Hongyan quickly said.

one of the three great ominous formations?” Gao Xiaohan was shocked. no wonder it’s so powerful. Even I was alarmed.

Grand Elder, ” Luo chunrou said hurriedly, ” that li Yunxiao doesn’t take shenxiao Palace seriously at all. He has used his divine power unscrupulously and shocked many disciples who have been in seclusion. It has caused a great impact on our sect. I was originally in seclusion to cultivate the supple water technique, but after being shocked by him, not only did my several months of bitter cultivation go to waste, but it also directly touched the foundation of my martial Dao, almost causing me to go into Qi deviation and die. I don’t know how many disciples have been affected by his audacity this time.”

Qu Hongyan was so angry that she said coldly, ” elder chunrou’s cultivation base has improved a lot. I can’t believe she didn’t lose her life from the shock. What a pleasant surprise. It’s the divine cloud Palace’s fortune!

Yan zhihan’s expression didn’t change. She waved her hand and said, ”I know.”

Luo chunrou was stunned. She immediately heard the dissatisfaction in Wu Wu Han’s words and did not dare to say anything else.

At this moment, two more figures flew over. They were ning Kewei and ning keyun. They were also shocked.

After asking for the reason, he was even more shocked.

the elemental energy fluctuations coming from these three giant spirits are different, ” ning Kewei said. it seems that Yunxiao’s control of the formation is not mature enough.

“It’s already stronger than when I was in the sea of soul formation,” qu Hongyan said. “At that time, I could only manifest one.”

As he was speaking, the three giant spirits suddenly shattered and turned into countless golden light spots in the air. They fell like snowflakes and scattered across the entire mountain range.

“Wow, it’s so beautiful.”

The scene was so beautiful that it was like a dream.

All the disciples of shenxiao Palace widened their eyes and looked at the beautiful scene with joy. Many of them reached out to catch the golden light.

...

Suddenly, a hearty laugh came from the hall. “Hahaha, sorry to have disturbed you.”

In a flash, two figures appeared in front of qu Hongyan and the others. Yunxiao saluted them one by one, and although zirui’s face was stiff, he also nodded to them.

“Congratulations, Lord Feiyang, you’ve improved again,” Yan zhihan said with a smile.

it’s just a small trick, ” Yunxiao said with a smile. it’s hard to be a generous person.

He was being modest, but zirui felt bad when he heard it. He snorted angrily, ” “Small tricks? Hmph!”

Yunxiao’s face was full of black lines. He immediately introduced zirui to the crowd and said, ” “If it wasn’t for elder zirui’s help, I wouldn’t have been able to control those puppets so easily,”

Zirui snorted, "control?" You're still far from being able to fully control it. "

When everyone heard that he was an elder from the sea of soul formation, they were all in awe. They did not take his cold and arrogant attitude to heart. It was almost known to the world that the sea of soul formation was full of such people.

Out of courtesy, Yan zhihan greeted him.

Suddenly, a Red Cloud appeared in the sky, approaching from afar and arriving above the mountain peak in an instant.

An old man in embroidered clothes slowly walked down from the clouds. He stroked his beard and smiled, "I came uninvited and didn't inform you. I hope you can forgive me, Palace Master Hong Yan."

...

Yunxiao was taken aback. The person who came was nanqiu Yu.

Qu Hongyan also recognized it and could guess what it was. She said happily, "so it's lady nanqiu Yu. Please forgive me for not welcoming you.

Nanqiu Yu smiled and said, 'so young master Yunxiao and Lord ning Kewei are here too. Just now, I wanted to report to the mountain Gate, but I suddenly sensed an abnormal pressure in the mountain. It was very strong, and I thought something had happened. That's why I didn't even bother to report and rushed over. I'm really ashamed."

"My Lord, since you're here, please come inside," qu Hongyan said with a smile.

Nanqiu Yu shook her head and said, 'sigh, I'm in a hurry, so I won't chat. I'm here today because I've heard that the shenxiao Palace has reappeared, and I'm here to deliver the natural moat token to invite all of you to go to Langya heaven together."

“Thank you, my Lord,” qu Hongyan said happily.

“Since Lord ning Kewei is here, I’ll give it to you as well,” nanqiu Yu said. He waved his sleeve, and four rays of light flew down. Three landed in front of qu Hongyan, and one landed in front of ning Kewei.

The two of them took their tokens and ning Kewei hurriedly said, “Sir, isn’t this a little too little? Can you give me more?” He wanted to fight for a piece for ning keyun.

“Quite a lot, quite a lot,” nanqiu Yu said with a smile. Without waiting for a reply, he cupped his fists and said, “Goodbye, everyone.”

With that said, his body disappeared into the clouds and he disappeared without a trace in a flash of light.

Qu Hongyan looked at the token in her hand, turned around, and said, “Grand Elder, how should we distribute these three natural moat tokens?”

His words immediately caught the attention of all the elders of shenxiao Palace, and they all looked over.

The North Region Fairyland was the most mysterious place among the four great fairylands. It was said that it was left behind from the spiritual mountains and treasured lands of ancient times. Not only was the spiritual energy amazing, but there were also many ancient profound artifacts and cultivation methods left in it. If one could find them, the benefits would be great.

After Gu Feiyang obtained the moon pupil, his temperament began to become violent and his temper was fickle. He was deeply affected by the moon pupil. Later, he obtained the heaven peeking eye technique in Langya heaven, which suppressed the moon pupil and made it his own.

The Warriors who stood at the peak of the continent all understood that in addition to continuing to cultivate, opportunities were more important.

Therefore, lang ya Tian's spot immediately stirred the hearts of all the elders of shenxiao Palace. More than a dozen burning gazes were gathered on the three tokens.

Chapter 1894-token distribution

Mi zhihan said,"as the palace Master, Hongyan naturally has to take one. The remaining two are kasayas."

Luo chunrou, who was standing at the side, licked her red lips and said carefully, "Grand elder's strength is unparalleled. He is the most experienced and the most powerful existence in our sect. Naturally, he will also want one."

Mi zhihan pondered for a moment and said,"I wasn't interested in the heaven of Langya at first, but this is related to the opening of the eternal world."

"Naturally, the Grand Elder should go," qu Hongyan hurriedly said.

Mi zhihan did not decline and said,"then there's only one Kasaya left."

this one must be given to a person of virtue and ability," Luo chunrou said hurriedly. an elder who has made great contributions to shenxiao temple and is able to convince the masses.

"Oh? Then who does elder chunrou think is the most suitable?"

Qu Hongyan asked without changing her expression.

Luo chunrou smiled awkwardly and said, "I think elder Gu Shanshan is not bad, but she's a bit too young, her strength is a bit low, and she can't convince the public. Her contribution to the sect isn't big, but the others are still good, hehe."

"I see. Elder Gu Shanshan it is then," qu Hongyan said.

"Ah? You can't!"

Luo chunrou's expression changed drastically. She wiped the cold sweat from her forehead and, without caring about her face, hurriedly said, "If we let elder Gu Shanshan go, how can we convince the public?"

Qu Hongyan's face darkened and she shouted, "you're the one who recommended Gu Shanshan, and you're also the one who said no. Elder chunrou, are you toying with me?!"

Luo chunrou broke out in cold sweat. She knew that qu Hongyan was just trying to make things difficult for her. She must have been dissatisfied with her targeting of Gu Feiyang just now.

If she had known that nanqiu Yu would come to deliver the natural moat token at this time, she would never have been the one to offend Gu Feiyang.

In terms of experience and strength, even if she was not on the same level as her, she was at least a strong candidate. But now that she had offended qu Hongyan, she was afraid that there would be trouble.

At the thought of this, he shifted his resentment to Yunxiao. It was all this man's fault, and he wished he could skin him alive.

this is a serious matter," mi zhihan said. let's not make any conclusions yet. Let's gather everyone and discuss this.

"You're right, Grand Elder," qu Hongyan said. This natural moat token was going to cause a huge commotion.

Suddenly, Yunxiao sent a voice transmission to her, "actually, the number of natural moat tokens isn't a problem. Don't forget that I have the divine realm tablet with me. I can even bring the entire divine cloud Palace in.

Qu Hongyan was overjoyed. She looked back at him and blinked her eyes. Her beauty was devastatingly beautiful.

Yunxiao's heart fluttered under her gaze, and he smiled wryly, though he did not know whether it was a bitter smile or a lick.

Luo chunrou heaved a sigh of relief when she saw that the tokens had been distributed. She began to think about how she could get her hands on the tokens.

Nanqiu Yu's appearance made the entire mountain peak quiet down, as if everyone had their own thoughts.

elder zirui is going back to the sea of soul formation," Yunxiao said. Hongyan, you can send a few experts to protect him.

Qu Hongyan nodded and immediately made arrangements.

Zirui pondered for a moment and said, "I've also benefited a lot from this research. I originally planned to return to the sea of soul formation to cultivate in seclusion. But I suddenly changed my mind. I want to go to the MU family."

Yunxiao was taken aback, but he immediately understood what he was thinking. "I do have the coordinates of the MU clan's heavenspan Island, but I hope that elder zirui can keep the matter of the six ding and six Jia A secret for me."

Six ding six Jia was one of the MU family's three great Puppetry Arts. If it was discovered that he had it, mu Zhuang would not be able to sit still and would definitely come to find him personally.

don't worry," zirui said. since you've warned me, I'll keep it a secret.

if you learn anything else," Yunxiao said with a smile, "I hope you can teach me.

Zirui's face turned red. Without saying anything, he left the snowfall peak under the lead of the divine cloud Palace's expert.

Yunxiao took out his natural moat token and saw that most of the coordinates on it had turned Scarlet. Only when all of them had turned red would the real coordinates be revealed.

there are still about a month before the coordinates are determined. I plan to continue my closed-door cultivation, but there's one thing I need you to arrange for someone to do.

"What's the matter?"

Luo chunrou was extremely depressed when she heard that. Shenxiao Palace was like Yunxiao's sect at the moment, but when she thought of the natural moat order, she held back her anger.

after the battle at five Cloud Mountain, the sacred zone has suffered a great loss, " Yunxiao said thoughtfully. I don't know how the situation is right now. I hope to get some news. Also, I hope that you can find a way to pass on the death of Xun Shengfeng to perfected Lord Meng Ling."

Qu Hongyan said, " it's easy to ask for information. Besides, the star and moon school has sent back a lot of information recently. I'll order someone to sort it out and give it to you later. As for Wu Shengfeng's death, it's said that perfected Lord Meng Ling is in seclusion in the divine capital. I'm afraid it'll be difficult to see him."

Yunxiao's face was cold as he said, 'Hmph! Is that guy really in seclusion? Then how did Yu Shengfeng find him? Also, regarding Gongyang zhengqi, I don't believe that he knows nothing about it. "

if that's the case, I'll go there myself, " qu Hongyan said. perhaps I'll have a greater chance of meeting him.

"Is it that old man Meng?" asked Yan zhihan suddenly. I'll go. I've met that old man several times, so the chances of me meeting him should be higher than yours."

Luo chunrou was shocked. no, Grand Elder, you have a noble status. How can you personally go to the sacred zone just for an outsider's message? this is not only an insult to your status, but if word gets out, the entire divine cloud Palace will be shamed!

In fact, she was more anxious because if Xuan xuhan left, the chance of getting that natural moat token would be even smaller. On the contrary, if qu Hongyan went, he would be more or less confident.

Yan zhihan's brows furrowed and she was furious. She shouted, "Don't talk nonsense! Feiyang is a friend of our shenxiao Palace. What's wrong with doing something for a friend? Besides, I haven't been out for so many years, so what's wrong with me going to the Holy region to have some tea with my old friends? Why are you making such a big fuss here? don't say anything!"

Luo chunrou hurriedly lowered her head. Seeing that mo zhihan was angry, she didn't dare to say another word.

Qu Hongyan also seemed to feel that something was wrong and said, "Grand Elder, I'll go."

"It's just a small matter," Yan zhihan interrupted her. "Why does the palace Master of shenxiao Palace have to go personally?" Besides, the world is in chaos right now. I'm going to the Holy region to catch up with my old friends."

"Please be careful," qu Hongyan said.

"Then you can decide who gets the natural moat token, I'll go now." She casually pointed at the two elders and went down the snowfall peak.

Luo chunrou's face was extremely gloomy.

How could qu Hongyan not know what she was thinking? if Yunxiao did not have the divine realm tablet, he would never have given her the token, but it did not matter now.

"Elder chunrou." She called out softly.

"What's the matter?" Luo chunrou's expression was extremely ugly, as if she knew that she would not be able to get a share of the token, so she did not look happy either.

Qu Hongyan played with the token in her hand and said, "I've been thinking about it, and I feel that elder chunrou is the most qualified to obtain this token."

...

"What?"

Luo chunrou shook her head, thinking that she had heard wrong. Her eyes suddenly widened.

"Let's discuss this later," qu Hongyan said with a smile.

Although he did not like Luo chunrou, she was indeed one of the higher-ups in shenxiao temple, and also a pillar of strength. In this chaotic time, it was not a bad choice to unite her with a useless natural moat order.

Although Luo chunrou did not understand what was going on, she knew that she had hope now. She said excitedly, "Yes!"

Yunxiao smiled and gave him a look of admiration.

After that, qu Hongyan made some arrangements and asked everyone to leave the snowfall peak, leaving only the two of them on the peak, looking at the sea of clouds.

sometimes I really want to stop," Yunxiao said with a sigh. like the wild crane and the idle clouds, watching the flowers bloom and wither, and the tide rise and fall.

Qu Hongyan smiled and said, "it's pretty good. As long as you're willing, I'll look at the fresh grass and listen to the fallen flowers as you wish. I'll let the vicissitudes of the world pass by like a white stallion passing through a crack.

Yunxiao looked down at the boundless land under the sea of clouds. even though Xun Shengfeng is famous all over the world and has dominated his generation, he still can't escape death. The cause of the past, the effect of today, when would it end? Let's be an immortal couple and live a carefree life."

Qu Hongyan's heart was stirred as she snuggled up to Yunxiao and said, "I hope this moment can last forever."

...

Yunxiao took her into his arms and looked at her carefully.

At this moment, the mountain wind was slightly cold and carried a distinct fragrance. The world was vast, and only the two of them were left snuggling together.

life is like looking down on heaven and earth, a drop in the ocean, or a flying swan stepping on snow and mud, leaving its claws," Yunxiao said. I don't ask for a domineering and heroic plan, but for a firm Dao heart and an indomitable will. That's enough. I'll hold your hand and walk to the end of this path."

Qu Hongyan's heart warmed up and she said softly, "I really Envy Li Huachi and Xue Chenxi. They can cast aside everything and travel to the ends of the earth, from ancient to modern times.

Yunxiao smiled and said, "heaven and earth are like a furnace. Even if they want to be free, can they really be free? If the world is in chaos, the monster race rises and the passage to the demon world opens, everyone will be refined in this world, and no one will be able to escape their fate."

Qu Hongyan's expression turned serious as she nodded and said, "Feiyang is right. Let's work hard to correct this.

Yunxiao smiled wryly and shook his head. "Although you and I are powerful, we are still overestimating ourselves when it comes to justice. I had hoped that the Holy region and the sea of soul formation would be able to stabilize the situation, but I didn't expect that they would become the center of the vortex. I'm afraid no one knows where the world will go."

Qu Hongyan suddenly said, " since the two Holy Lands can't be relied on, why don't we ally with other forces and form an alliance? we can form an existence that is strong enough to compete with the two Holy Lands. This way, we can also become a stabilizing stone in the future. Perhaps it will play a huge role.

Yunxiao was taken aback, and then he fell into deep thought.

He had always been alone and had never thought of establishing a sect. Now that qu Hongyan had reminded him, he felt that this was a good idea.

Chapter 1895-structure

However, if he wanted to establish a sect, there would be many things to do, which was completely inconsistent with his personality. He immediately shook his head.

Qu Hongyan naturally knew his temperament and said with a smile, " I don't want you to start a sect. I'm thinking of joining some sects and forming an alliance, just like the merchant Union. When the time comes, Feiyang will be the leader and command the world."

if it's just an Alliance, it's indeed feasible, " Yunxiao said. but, I can't rule the world. I wonder, where does the Alliance start? "

Qu Hongyan muttered to herself as she strolled on the mountain peak with her chin in her hand.

The sea of clouds reflected the light, and the two of them looked like they were in a painting.

Yunxiao also began to think about all the possibilities.

"The two Holy Lands are still the leaders of the world, and the seven sects are the foundation of the world. It's impossible for the two sacred lands to form an alliance with us, and of the seven great sects, the long family of the sky Ridge is your old flame, so it's the easiest faction to pull over."

Yunxiao blushed and felt a little uncomfortable. He thought of feini's friendship with him and wondered how she was doing now.

Qu Hongyan looked at him and smiled coldly, which immediately woke him up from his memories.

Qu Hongyan looked at his funny face and couldn't help but laugh. In order to avoid embarrassment, she pretended that nothing had happened and continued to say, " although the red moon City is under Wei Qing's control, ning Kewei and ning keyun are on our side. There is a chance to take them back. Moreover, Wei Qing and Gongyang zhengqi are fighting now and I'm afraid they won't be able to divert their attention. If we help ning Kewei and his daughter with all our strength, the odds of winning are very high.

Yunxiao thought of Luo Qingyun, who was a friend of his. He had even promised to have a fair fight with him to fulfill his martial heart. However, it had been a long time since they had last met, and he wondered how he was doing now.

Qu Hongyan continued, " of the two major sects in the Western Region, the soul Devourer sect's fate has come to an end. The myriad Stars Valley will inevitably Annex them on a large scale. The forces of the entire Western Region will have to reshuffle. We can get in touch with Tian Xingzi.

the sacred zone can't even take care of itself now," Yunxiao said. its control over the sects in the world has dropped to the extreme. It's indeed a good opportunity for us to win over all the forces. I can make a trip to the Crimson Moon City and the myriad Stars Valley. I can even make a trip to the southern region. Perhaps it's time for me to return."

He suddenly thought of the southern region. Although it was a place where even birds would not shit, there was a demon master sealed below. This made him feel that it was not simple.

"It won't take much time to integrate the entire southern mountain range."

"It would be best if Feiyang could go to the red moon City and the ten thousand stars Valley in person. But the southern region is so desolate."

Qu Hongyan could not help but laugh. She obviously felt that it was unnecessary, but she still said, " "If you think it's appropriate, then go."

Yunxiao's eyes flickered with reminiscence. After he left the teleportation array of heavenly jewel sect, he had never returned. He wondered if everyone was well.

although the Eastern, Western, and Southern regions are weak, they are geographically vast, no less than the northern region," Yunxiao said seriously. if we can form an alliance with all of them, we will occupy three-quarters of the entire heavenly martial realm, which is enough to make the world fear us. We can also test the blade sect of the seven great sects. As for the beiming Dark Palace, I have a deep grudge with them, so I'm afraid it won't be possible to get what I want."

Qu Hongyan's eyes flickered, as if a whole new map of the world had become clear in her mind. She murmured, " with the divine cloud Palace and the long family as the foundation, it will spread to the East, West, and South. If this structure can succeed, it can completely replace the two great Holy Lands and become the number one alliance in the world.

I'm just afraid that the two Holy Lands will not sit still and wait for death," Yunxiao said. after all, they have always been the leaders of the world. If an Alliance appears, it will inevitably lead to suppression. Moreover, this situation is too wide, so it will be difficult for them to take care of each other.

Qu Hongyan said,"the actions of the two Holy Lands over the years have gradually lost the hearts of the people. It is difficult for them to lead the people." As for the corresponding matters, they could open and expand the dimensional gateways as much as possible to strengthen their connections with each other and alleviate the shortcomings. In addition to the mainland, there are also the sects from the ocean and the merchant Union, which can't be ignored."

I know a little about the overseas sects," Yunxiao said after some thought. we can try to form an alliance, but the possibility is not high.

After all, other than the heavenly moat cliff, the main forces of the sects in the endless sea Islands were divided into the heaven and earth alliances. The heaven Alliance was interested in the disputes on the continent, but they were controlled by Xiao Hong and di ye. The venerable of the earth Alliance was gong yang zhengqi, who was a very cunning man and one of the best in the world.

"How's the merchant Union now?"

When he returned from overseas, if he had received the support of many overseas forces, he would have been able to fight Ding Shan.

Qu Hongyan said, "there have indeed been great changes in the merchant Union. Wan Yiqian has suddenly become big and won several battles with Ding Shan. However, Ding Shan seems to have the support of some force. Now, he and Wan Yiqian have formed a north-south opposition, each occupying half of the country.

"A certain power?"

what?" Yunxiao asked in surprise. It can't be a small force if it can support him to fight against a thousand.

He was very clear how strong Wan Yiqian's power was. Although it was not stable or reliable, it was enough to sweep away all the forces outside the two Holy Lands.

Qu Hongyan said, "I'm not sure yet, but he's most likely a Saint." Now that the sacred zone's control over the world is weak, in addition to the fact that Wei Qing and Gongyang Zhengqi are both modifying killing weapons, they need a large amount of resources to supply. Ding Shan just happens to be in cahoots with them."

Ding Shan is too scheming," Yunxiao said. If I can't defeat him with a powerful force, I'm afraid I'll really run out of luck. Because the longer the power in his hands is dragged on, the more scattered it will be, and the higher the price he needs to pay. I actually favor Ding Shan more in the direction of the merchant Union, but I can't use a Tiger for skin with Ding Shan. We can't waste our strength on the internal strife of the merchant Union. Let's wait for them to determine the winner and then talk to Wan Yiqian about the Alliance."

Qu Hongyan said, "that's what I'm thinking too. If we're in high spirits now, I'm afraid our attitude will be too high. It'll be difficult to form an alliance. Even if we form an alliance with them, they will still ask us to participate in the internal strife of the merchant Union. Although Star Moon school and Money Sect have surrendered to Ding Shan in name, they are still waiting and watching. We can win Money Sect over first. In the current situation of the merchant Union, the Money Sect will certainly be happy to form an alliance with us."

not all of us are enemies, even in the Holy region and the sea of soul formation," Yunxiao said. In this chaotic world, we can rope in any force that is willing to protect themselves. We can keep them together. If the situation is set, the world will definitely be United, and it will be enough to exterminate demons and seal demons."

He first thought of Yuan gaohan, who would definitely stand on his side. In that case, it was very likely that Tian zhaozi would form an alliance with him, and many elders in the sea of soul formation could also try to rope him in.

"That's right. Should we go to the heavenly Mountains to discuss this with the beauty?" qu Hongyan asked.

Yunxiao's scalp tingled. He did not know what would happen if the two met, but he still braced himself and said, "since the Alliance is based on the divine cloud Palace and the long family of Sky Ridge, it's only natural that we have to meet and talk.

"Okay, I'll make the arrangements now. Let's go," qu Hongyan said.

Both of them were quick-witted people. Qu Hongyan immediately gathered many elders and briefly talked about the establishment of the Alliance.

All the elders were shocked, but no one objected.

After all, the two Holy Lands were in chaos, and the seven major sects had undergone great changes. It would be a good thing if shenxiao Palace could find other powerful forces to form an alliance with.

Luo chunrou was still thinking about that natural moat token. Not only did she not object to it, but she was also the first one to support it, which made the other elders 'jaws drop.

Qu Hongyan did not give her the natural moat token right now. Instead, she made a promise to Luo chunrou, so that she could control her for the time being.

Luo chunrou said, " the palace Master will have to take care of the alliances of the large sects personally. As for the other small and medium-sized forces, I'll leave them to the elders.

"Elder chunrou has been in charge of everything in the palace and has been keeping everything in order. I am very relieved. I will have to trouble you all during my absence," qu Hongyan said.

The next day, qu Hongyan opened the teleportation array to the long family and disappeared from shenxiao Palace with Yunxiao.

A few hours later, in the territory of the long family, the two of them walked out of the void. After identifying the direction, they flew away.

After a while, the two of them stopped and looked down in surprise.

Within a radius of thousands of miles around the heavenly Ridge, there were swamps and mountains, as well as some wastelands. These were spirit mountains and great rivers that were used to nourish demon beasts, so it was normal for some powerful demon beasts to be active.

However, at this moment, there was a huge horde of demonic beasts. Hundreds and thousands of them were rushing towards the direction of the heaven Ridge. Furthermore, new demonic beasts were constantly joining in. The scene was spectacular, and there was no lack of powerful ninth-order demonic beasts among them.

"What's going on?" Qu Hongyan said in surprise.

it's indeed strange. Let's go to the front and take a look.

Not only were there beasts galloping, but there were also a large number of birds soaring in the air. However, they were not flying very high, far below them.

The two figures flickered and turned into rainbow light, flying away like rainbows.

...

In an instant, they had travelled hundreds of miles, and the scene in front of them shocked them.

The towering Sky Ridge could be seen in the distance, and the surrounding hundred miles were densely packed with demonic beasts, hundreds of thousands of them. Just the scene alone was enough to make people's scalps numb, not to mention the monstrous demonic Qi that directly rushed into the clouds.

demon beasts besieging the heavenly Ridge? ” Yunxiao asked in surprise. How ... How could this be?”

Qu Hongyan's beautiful face also turned pale. Anyone who saw this scene would be afraid.

The defensive boundary of the sky Ridge had been activated to its limit, blocking all the demonic beasts outside. However, under the constant attacks, the space of the boundary kept shaking. It was unlikely to last long.

Yunxiao looked carefully. These demon beasts came in all kinds of shapes and sizes, and many of them were unfamiliar to him. They seemed to be coming in an organized manner, and many low-level ones were trampled to death.

“What?”

Suddenly, he was stunned and his pupils shrank. In the crowd of demonic beasts, more than ten miles away from the sky Ridge, there were a few humans fighting with the demonic beasts in a formation.

Chapter 1896

1896 The beast tide

Moreover, he recognized one of them.

Those demonic beasts seemed to have no intention of fighting with them. Most of them only attacked them a few times as they passed by. Otherwise, those people would have long been trampled into meat

paste. But even so, they were already like arrows at the end of their flight and could not hold on for long.

“I’m really going to die here this time. As a martial artist, I’m really unwilling to die in the hands of a monster beast.”

A black-robed man in the formation smiled wryly and was covered in blood.

They had also finished all the medicinal pills they had brought with them. Previously, they had wanted to hold on and wait for rescue, but at a glance, they were surrounded by densely packed demonic beasts. It was impossible for anyone to come and save them. It was even more impossible to break out of the encirclement by themselves.

“Hehe, there’s nothing to be unwilling about. How many people have seen such a spectacular scene? if you die, then so be it. If the earthen jar doesn’t leave the well and breaks, it’s inevitable that the general will die in front of the battle.”

A burly man had a calm expression, as if he had seen through life and death. There were a few huge holes in his body that were constantly bleeding, which was a shocking sight.

The other person said, “Lord Yu Zhuo is right. After walking the path of cultivation, who doesn’t tie their necks to their pockets? it’s our fate to be surrounded today. Why don’t we just take a gamble and kill a few more demonic beasts to reduce the burden on the heaven Ridge?”

Yu Zhuo’s pupils suddenly shrank and shot out a sharp light. He shouted, “alright, let’s remove the defenses over there. Let’s see who can kill more. This happy life won’t be in vain!

There were a total of seven of them, but only five of them had formed a defensive formation. Two of them were too heavily injured and were lying in the center of the formation.

The two of them raised their hands with difficulty and waved, saying, “You guys go and kill the demonic beasts. Don’t worry about us.”

“Then I’m sorry,” the black-robed man laughed.

“Retreat!”

He shouted, and the defensive array was immediately destroyed. The more than ten demonic beasts that were surrounding and attacking him suddenly pounced.

The five of them faced death with equanimity and brought the profound level weapons in front of them, slashing towards the demonic beast!

The strength of his aura and the sharpness of his eyes stunned the ten-odd demonic beasts.

One of the horned demonic beasts was beheaded in an instant, and it rolled far away.

The demonic beasts felt fear in their hearts and couldn’t help but want to retreat. However, the ground was filled with demonic beasts galloping, and demonic Qi overflowed into the sky. The ten or so demonic beasts’ ferocity erupted once again and they charged over.

The black-robed man laughed bitterly. damn it! I’ve already won one. How about you guys? ”

The other four people were depressed. They couldn’t kill the demonic beast with one move, and their momentum fell to the extreme. In addition, their heavy injuries flared up, and two of them fell on the spot.

Yu Zhuo let out a long sigh and looked back at the sky Ridge in the distance. He said, “Everyone, farewell.”

The other six people were also silent. They didn’t even have the thought of mentioning the profound level weapons. Seeing those demonic beasts pouncing on them, they all closed their eyes.

Suddenly, a hot liquid was sprinkled on them, and it was warm.

The few of them opened their eyes one by one. They were shocked, and then ecstatic.

At some point in time, dozens of ice-cold swords had been stabbed into the ground around them, emitting a terrifying sword intent that condensed into a world that enveloped the seven of them.

The demonic beasts that had attacked them had all turned into corpses, their blood flowing all over the ground.

“Who is it? I don’t know which Lord has come, but we thank you for saving our lives!”

thank you! Yu Zhuo was overjoyed. He hurriedly looked up into the sky and loudly thanked her.

The other six people were also overjoyed.

With a flash of light, the two of them appeared in the sword World. Yunxiao smiled and said, “Lord Yu Zhuo, how have you been?”

Yu Zhuo was stunned for a moment. When he looked over, he was shocked. He bowed and said, “So it’s young master Yunxiao!”

A huge wave surged in his heart. He did not expect the attacker to be Yunxiao.

It was his first time meeting Yunxiao when the immortal land of the Eastern Region opened. They had met many times in the immortal land, but they were neither friends nor enemies.

Later, Yunxiao’s reputation grew and spread all over the world, and many of his deeds were even more amazing, but he still had a skeptical attitude.

Even when the long family underwent a huge change and feini became the family head, it was said that he had contributed a lot.

Yu Zhuo had always found it difficult to connect the Li Yunxiao of the past with the world-famous Li Yunxiao. At this moment, when he saw the Li Yunxiao, he immediately understood that the two Li Yunxiao were indeed the same person, not the Amon in the city.

After a short moment of contemplation, the other six people also came to a sudden realization and hurriedly went forward to pay their respects.

With a wave of his hand, Yunxiao sent out a stream of energy that helped them up, then said, "What's going on?"

&Nbsp; Yu Zhuo pondered for a moment, his face revealing a difficult expression as he looked at his companions.

I heard that young master Yunxiao has a close relationship with the family head," the black-robed man said. I don't think I can't tell you about this.

"Sigh, this all started from an experiment," Yu Zhuo said.

Yunxiao's heart jolted, and his face darkened as if he had thought of something.

&Nbsp; " after clan leader Feini took over, he allowed Qiu Mujie to develop and research the bloodline," Yu Zhuo said. In the short term, the long family's strength increased greatly, but it caused irreparable damage to many other martial artists.

The seven people's faces revealed expressions of love and fear.

&Nbsp; Yu Zhuo continued, " those who succeed in condensing their bloodline will have their strength increase greatly in a short period of time. As for those who fail, at the very least, their future will be destroyed and they will no longer have the possibility of advancing. At the very worst, their strength will drop and they will never be able to rise again.

Yunxiao's face was filled with anger as he scolded, " Feini is really reckless. Such a matter for the heavenly Dao is bound to be accompanied by great risks. She's too eager for quick success!

The seven people's expressions changed slightly. Hearing him reprimand the family head like this, displeasure flashed across their faces.

But after all, he had been saved by her, and the difference in strength was too great, so he didn't dare to show it.

"This has nothing to do with the head of the family," Yu Zhuo said. "All those who accepted the test were willing. The patriarch and Lord Qiu Mujie have never forced anyone."

Yunxiao sneered. to be able to increase one's strength without any effort is a great temptation to human nature. How many people can resist the greed in their hearts? "

&Nbsp; Yu Zhuo was also a little unhappy. we're all adults, " he said, " we have to be responsible for our own actions. As long as no one forces us, we should bear the consequences.

The other six people also nodded in agreement, supporting Yu Zhuo.

Seeing that, Yunxiao stopped expressing his opinion and let him continue.

"Later on, Lord Qiu Mujie found a way to allow the defeated to regain their bloodline power. He used the blood of demonic beasts to refine a type of blood essence," Yu Zhuo said.

...

"This is undoubtedly great news. It's of great importance to the long family and even the world," the black-robed man said.

Oh? " Yunxiao's expression did not change. did you succeed? "

Yu Zhuo's eyes lit up and he said excitedly, "Of course I succeeded! It's just that the failure rate of refining that kind of blood essence is too high, and it requires an extremely large number of demonic beasts. Thus, the entire long family has started to capture demonic beasts."

what?" Yunxiao was surprised. so, these demon beasts are here for revenge?"

Yu Zhuo shook his head. I don't know if it's revenge. In the beginning, a large number of demonic beasts in the surrounding area were caught. Later, they found it troublesome, so they used a type of demonic attracting plant and extracted its essence. Then, they used a wind formation to blow away the smell.

At this point, the seven people's faces turned ugly and full of fear.

Yunxiao and qu Hongyan immediately understood. They looked at each other, not expecting this to happen.

isn't that great?" Yunxiao sneered. these demon beasts are enough. Qiu Mujie must be overjoyed.

The seven of them listened to the mockery without saying a word.

"Since you've caused such a big problem, why don't you draw the essence of the demonic herb away?" qu Hongyan asked.

Yu Zhuo smiled bitterly, "I've already cut off the scent from spreading, but who knew that the effect would be so great that it'd cover a radius of several hundred li." At the beginning, there weren't so many demonic beasts, so we came out to Scout the situation, but we were immediately trapped."

...

"This is indeed troublesome," qu Hongyan said. "I can see that there are at least hundreds of thousands of demon beasts, regardless of their levels. All the demonic beasts I've seen in my life added together don't even amount to one-thousandth of this. Feiyang, do you have any ideas?"

Yunxiao always felt that Qiu Mujie's study of the human body was too evil, so he snorted and said, "What else can I do? I can let Qiu Mujie have a good time."

Qu Hongyan knew that he was angry, so she stopped asking. Instead, she said, "Let's not worry about this for now. Let's go to Tian Ling to see feini first."

"No!" Yu Zhuo was shocked. Now that the heavenly Ridge's defense is fully opened, it's blocking out the millions of demonic beasts outside. It's impossible for us to enter."

Qu Hongyan said, "then what should we do? are we going to wait for these demon beasts to leave?" How long will that take?"

&Nbsp; Yu Zhuo said, " we'll probably have to wait until all the fragrance from the fey luring grass is gone. That thing is colorless and odorless, and only Fey beasts can sense it. Who knows how long that will take? "

At this moment, more and more demonic beasts gathered outside the sword formation. They kept attacking the sword World, but they couldn't shake it at all.

Yunxiao performed an incantation gesture, summoning countless sword shadows that flew out of the outer realm and instantly killed dozens of demon beasts.

let's fly over and tear a hole in the protective formation. It should be fine.

With a flash of green light, it immediately enveloped everyone and turned into a beam of light that shot into the sky.

what?! Yu Zhuo and the others were shocked. you want to tear apart the mountain-protecting formation?!

Yunxiao did not bother to pay attention to them. In a few flashes, he arrived in front of the heavenly Ridge. Demonic aura surged up from below, and hundreds of thousands of birds circled around and attacked the mountain-protecting array.

“The situation seems to be more serious than we thought,” qu Hongyan said worriedly. “Do we really have to tear the mountain-protecting formation?” I’m afraid that I’ll instantly collapse after I tear it open.”

Yunxiao’s face was also gloomy, and he was a little hesitant.

Qu Hongyan said, “it’s not impossible to deal with these demonic beasts. Let’s do it with the Kasaya you used at the five Cloud Mountain.”

Yunxiao’s eyes gleamed as he said, “Are you talking about the” pull the cool “spinning yo-yos?”

Qu Hongyan’s face darkened when she heard the name. She nodded and said, “Yes, I am.”

Yunxiao shook his head and said, “this move has killed too many people, and it goes against the harmony of heaven. I was punished by heaven on the day of five Cloud Mountain. I don’t want to use it again unless I have to.

If he were to use the alluring and cool thousand autumn and ancient revolving Oriole here, the hundreds of thousands of demonic beasts would probably be turned into ashes, and the area around the heavenly Ridge would be barren for a hundred years.

Chapter 1897-open and secret strife

“What should we do then?” qu Hongyan was put in a difficult position. She had no other choice.

there’s another way,” Yunxiao said. it should work.

Yu Zhuo and the other seven were all stunned. The entire long family was helpless and could only activate the formation to avoid them. How many methods could these two think of?

The seven of them looked at each other, none of them believing him.

Suddenly, a figure rushed out of Yunxiao's body, and a powerful aura spread out, shocking the seven men and making their faces change dramatically.

Qu Hongyan had also heard Yunxiao talk about the demonic Dragon, so she knew that the man in front of her was che you.

Che you and Yunxiao were connected in mind, so he immediately understood what Yunxiao meant. He raised his eyebrows and said, "You mean the Dragon's might?"

that's right," Yunxiao said. but there are too many demon beasts. I'm afraid that the Dragon's might alone is not enough. Otherwise, there are many people with the Dragon bloodline in Tian Ling. Do you remember the move that song Yue Yang used to suppress everyone in the city?"

Che you's eyes flashed, he said,"understood."

His hands formed a seal in front of him and his ten fingers opened up like a dragon head holding a Dragon Pearl. The surging Dragon might exploded on che you's body like a huge rock falling into water, causing ripples to spread to the ground!

"The sigh of the true dragon!"

The Dragon's might sprinkled on the earth like raindrops. It was like a vast ocean, surging down. The entire sky was distorted as if there were ten thousand Dragons galloping.

Yu Zhuo and the other seven were the first to bear the brunt, and their expressions changed drastically.

Those who were seriously injured even felt their brains go blank, and they vomited blood and fainted on the spot.

Yunxiao gave them a Pat, and a defensive barrier immediately covered them from being attacked by the Dragon's might.

The demonic beasts below let out earth-shaking wails. All kinds of miserable cries continued as they all knelt down.

Under the suppression of this Dragon's might, all the demonic Qi disappeared. At a glance, all that could be seen were demonic beasts prostrating on the ground, trembling in fear.

The pressure on the mountain-protecting formation on the heavenly Ridge was reduced, and it returned to its original state.

For a moment, the sky fell silent, and only the sounds of the trembling demonic beasts on the ground could be heard. The scene was extremely shocking.

Then, Yunxiao opened his mouth and breathed out. A Dragon's Roar shook the nine Heavens, turning into countless sound waves that spread to the earth!

As he retracted his Dragon's might, instantly, a rumbling sound could be heard, the entire ground was shaking, and hundreds of thousands of demonic beasts were running away madly.

In the time it took for half an incense stick to burn, the ground was covered in the footprints of demonic beasts. Apart from a few thousand that had been trampled to death, not a single one was left alive.

Yu Zhuo and the others were dumbfounded by the scene. It was as if they were in a dream. They patted their heads to confirm if it was real.

"Let's go," Yunxiao said.

Only then did they come back to their senses. A blue light immediately wrapped everyone and flew towards the mountain protecting formation.

"Who are the people outside?"

The situation of the demon beasts was also discovered in the mountain-protecting array. Dozens of beams of light flew over, led by an elder named Shi kangcheng, whom Yunxiao had seen before.

Shi kangcheng recognized Yunxiao, Yu Zhuo, and a few others at once. young master Yunxiao?!

that's me, " Yunxiao said with a smile. I hope you can open the mountain-protecting array and let us in.

Shi kangcheng was shocked, but it was an undeniable fact that the hundreds of thousands of demon beasts had retreated. He hurriedly ordered the formation to be deactivated and invited Yunxiao and the others inside.

Soon, someone reported that the demonic beast tide had retreated. The entire Sky Ridge was in a heated discussion, especially the outer disciples and family members who lived on the mountainside. They were all relieved. If the great mountain-protecting formation was broken, the weaker ones would be the first to suffer.

Yu Zhuo and the others were immediately taken to recuperate, while Yunxiao and qu Hongyan followed Shi kangcheng to the heavenly Mountains.

Shi kangcheng was secretly shocked. Although qu Hongyan had a veil covering her face, it could not hide her peerless beauty.

He knew the relationship between Yunxiao and feini. The water fairy he had brought last time was crystal clear and untainted. She was also a peerless beauty in the human world, but the person accompanying him this time seemed to be even more beautiful.

Shi kangcheng was immediately worried. After all, feini was the head of the long family. If he and her daughter were to share a husband, it would definitely have a negative impact on the long family's reputation.

"My husband!"

They had just reached the peak of the mountain, but before they reached the Dragon Hall, they heard a pleasant sound of a silver bell. Then, a red light flashed and turned into the shape of a Heavenly Phoenix, and then into a human again.

A slender and beautiful woman appeared. Her long dress was like fire, embroidered with hundreds of butterflies and flowers. There was a Red Feather on her chest, bright and moving.

As soon as Fei Ni appeared, she could not help but approach and kiss her. However, when she suddenly noticed Qu Hongyan beside her, her heart trembled. Qu Hongyan gave her the feeling of elegance and nobility. Although her face was covered with a veil, she was peerless and independent, which made her feel ashamed of her own inferiority.

“Husband, this is Xi Jue.”

Feini’s eyes narrowed and he was shocked.

“Husband? Tsk tsk, this name is bit an. Feiyang, is your surname Fu?”

Qu Hongyan’s expression changed. Her eyes were as clear as water and she smiled coldly.

Cold sweat broke out on Yunxiao’s forehead as he said in a daze, “This is Feini who is used to randomly calling her Yingluo.”

“Oh, so you’re used to being called Zhenzhen.”

Qu Hongyan smiled and held Feini’s hand. She looked at him carefully and said, “This must be the head of the long family, Feiyang’s confidant, Feini, right? You’re indeed a Dragon among men, I’ve heard him mention you many times.”

“Hehe, elder sister really knows how to make younger sisters happy.”

Although she did not know the identity of the person in front of her, Feini already knew that he was definitely a love rival. Moreover, he was the extremely powerful kind. Not only was he stronger, but his appearance and posture were also far superior to hers.

A sense of crisis welled up in her heart. The more she felt this way, the more her smile grew. No wonder my husband hasn't come to Tian Ling for a long time. It turns out that he has a fairy like you to accompany him. If it were me, I wouldn't want to go anywhere either.

Qu Hongyan smiled gently and said, "you're thinking too much, sister. He has been clamoring to come every day. I can't even stop him. Even hundreds of thousands of demonic beasts can't stop him from coming to see you."

Although Feini knew that she was speaking nonsense, she was still overjoyed.

Yunxiao's face darkened. He knew that there would be no end to the conversation if they continued, so he quickly said, "What nonsense are you guys talking about? Don't forget the main purpose of our trip."

Qu Hongyan rolled her eyes at him and said, "Isn't the main purpose of coming here to see sister Feini? What other important matters? Why don't I remember?"

Yunxiao knew that she was very jealous at the moment, so he could only stand aside in a daze, not knowing how to clean up the mess.

...

Shi Kangcheng also frowned.

Feini giggled. Quickly follow me into the dragon Hall. This time, it's all thanks to my husband and sister's timely arrival that the long family's crisis was resolved. Otherwise, the consequences would have been unimaginable.

She pulled qu Hongyan into the hall, but her mind was full of thoughts. She knew that she had met a really strong enemy.

In the past, whether it was Ding Ling 'er, Luo yunshang, or the water deity, one was smart but not strong enough, one was kind and honest, and did not easily cause disputes, and the other was simple-minded and could be coaxed with a few bags.

However, the current qu Hongyan made her feel even more pressured. Whether it was her strength that could not be seen through, her noble temperament, or the peerless beauty that was revealed under the veil, all of them made her heart jump.

Qu Hongyan's eyes were still smiling, and her expression remained unchanged.

"Elder Shi kangcheng, quickly order someone to prepare some wine. I want to entertain my husband and this fairy sister."

Feini gave Shi kangcheng a look, and he immediately left with a heavy heart.

"It must be sister's first time here. I must bring sister around and see the fun things in the sky Ridge."

it's rare that you're so thoughtful. I didn't come to the sky Ridge for anything this time. I just wanted to see you.

"Cough cough!"

...

Yunxiao coughed heavily and said, "Hongyan, where's your memory? don't forget about the Alliance."

Oh, look at me, how could I forget such an important thing? I was just too stunned when I saw sister feini, you can't blame me.

Qu Hongyan smiled, then returned to the guest's seat and sat down beside Yunxiao.

Feini also laughed a few times, but it was not as natural. The sense of urgency in her heart grew even stronger, and she felt that she was completely suppressed by this woman.

since you've forgotten," Yunxiao said, " I'll tell you.

He then told her everything he had talked about with qu Hongyan.

Feini was shocked. What surprised her even more was that the woman in front of her was the most beautiful woman in the world, the master of the divine cloud Palace, qu Hongyan.

All of a sudden, the competitive spirit in his heart was gone, but he was a little more nervous. He told himself that he must work harder so as not to be despised by Yunxiao.

Yunxiao had no idea what she was thinking. When he saw her pondering, he thought she was thinking about the Alliance.

"Feini, what do you think?"

"Eh? Oh, of course it's very good. Sister Hongyan is the most beautiful woman in the world. I've admired her for a long time. It's my great fortune to see her today."

Yunxiao,'hehe'.

"I'm talking about the Alliance. Why are you distracted?" he said awkwardly as he wiped his cold sweat.

Qu Hongyan covered her face and laughed. of course, it's because she saw you, Fu Feiyang. That's why sister feini was distracted.

Hearing the name 'Fu Feiyang', Fei Ni's face turned red and she said, "Of course, the Alliance is a good thing, and I have no objections. However, according to the long family's rules, we still have to go through the elders, but I don't think there will be any problems."

that's good," Yunxiao said. first, we'll build a fixed teleportation channel between the heavenly Ridge and the divine firmament Palace, which will make up for the distance between the two places.

a fixed teleportation channel? "

Feini muttered to himself. The so-called fixed transmission channel was a channel that only connected two places and could not lead to other places. The advantage of this was that it was more stable and faster, and once the channel was fixed, the primeval stones consumed for each teleportation would be less.

However, once the fixed transmission channel was established, there would be no restrictions on the movement between the two places. The people of shenxiao Palace could come through the channel at any time and place without any restrictions, and he could not stop them. If anything happened, the risk would be great.

"It seems that the matter of the fixed transmission channel is very difficult for you, sister," qu Hongyan said with a smile."It doesn't matter if you don't build it."

Chapter 1898

1898 Blade Ridge and sword peak

Feini was shocked and hurriedly said,"yes, we must!" I'm just thinking about which part of the heavenly Ridge is the most appropriate place to build this passage."

All she wanted to do now was to perform well in front of Yunxiao. If she did not support such a major event, she would be completely beaten down by qu Hongyan, and there would be no hope for her to make a comeback.

a fixed teleportation channel is extremely important," Yunxiao said. it must be built in a place that is easy to guard. Moreover, the matter of the Wushuang Alliance is too important. Since the two sects are

the foundation, I suggest that apart from the connection on the surface, we should also build a secret fixed passage in case of emergency.”

“My husband’s words are very true, that’s how it should be.” Feini was the first to praise.

Qu Hongyan looked at her and smiled. “Then let’s do it this way. The Alliance has been decided, we should take our leave.”

Feini,”hehe.”

“You’re leaving just like that?” she stood up in shock.

“What’s the matter, sister?” qu Hongyan asked.

Feini’s heart was stuffed. She had wanted to be intimate with Yunxiao for a few more days and make him stay. But now that qu Hongyan was here, he did not know what to say. He said awkwardly, ” “Don’t we need to discuss the Wushuang Alliance in detail?”

Qu Hongyan smiled. I’ll send the elders to discuss the details. We don’t have to do it ourselves.

Yunxiao thought for a moment and said, ” feini, the blood refining process is a different path after all. Don’t let the long family get too involved. I’m afraid of the consequences.

“Hmph!”

Suddenly, a cold voice interrupted Yunxiao.

A gust of wind blew in from outside the door, and a figure appeared in front of him. The figure said coldly, ” Li Yunxiao, I knew you would accuse me of destroying my research.

Yunxiao smiled wryly. I can't blame you. I just hope you can restrain yourself. After all, it's not the right way.

Hmph, tell me, what is the right path?!

you're an Alchemist yourself! Qiu Mujie glared at him. how could you regard the study of the human body as an evil way? you're more detestable than outsiders!

Dao itself is not divided into good and evil," Yunxiao said embarrassedly. only people have it. Your research has taken the lives of countless living beings. It's already evil."

"Haha, childish!"

every great research result comes with a sacrifice," Qiu Mujie reprimanded. some alchemists even sacrificed themselves. So, why can't I use some demon beasts? "

I won't argue with you on this matter," Yunxiao said. we can't work together if we walk different paths. You just have to not bring the long family into the abyss.

haha, abyss?!

"With my help, the long family's strength has increased by several times. I'm afraid they're the strongest apart from the two Holy Lands!" Qiu Mujie mocked.

Yunxiao frowned and stopped arguing.

Qiu Mujie coldly stared at him and sized him up. His eyes flickered with a green light as he exclaimed,"Divine transcendence? You ... You've already broken through that barrier?"

yes. Yunxiao nodded and said, " I was lucky.

“Al.”

Qiu Mujie heaved a long sigh and shook his head. ‘This is the disadvantage of an ultimate form. Although it can quickly change one’s physique and increase one’s strength, it’s hard to reach the peak. I don’t know if there’s any hope in this life. Originally, I had modified my ultimate form a little and wanted to find you to try it out. Now, it seems that there is no need.’

Yunxiao’s hatred in the beginning had now turned into sympathy. “With Daren’s wisdom, you will definitely have a way.”

Qiu Mujie, who was still in high spirits earlier, was now a little dejected. He shook his head slightly and didn’t say anything.

Yunxiao smiled and said, “ my Lord, you don’t have to take it to heart. In addition to talent and hard work, opportunities are also very important. The eternal world has opened recently. Are you interested in it, my Lord? ”

“Nanqiu Yu has been here before, but the natural moat order is very limited,” Qiu Mujie said with a frown. He turned and looked at feini coldly.

Feini looked troubled and turned around. Nanqiu Yu had only left three natural moat tokens, which was not enough to share.

my Lord, ” Yunxiao said with a smile, ” you are really forgetful. Don’t you remember that I have a Saint artifact in my hand? ”

Qiu Mujie and Feni were both shocked, and their eyes immediately lit up.

feini, ” Yunxiao said, ” make some arrangements. How many people will the long family send? all of them will enter my divine realm tablet and go together.

great! Fei Ni was overjoyed, clapping her hands and praising, ” husband, you’ve got a way! These three natural moat tokens are giving me a headache!

I still have to go to the blade sect, myriad Stars Valley, and Redmoon city to discuss the Alliance,” Yunxiao said. I won’t be staying for long.

With a disappointed look on her face, feini looked at Yunxiao sadly and said, ” can’t you stay for a few more days? the Alliance doesn’t need a few more days.

“It’s exactly because it’s a big deal that we have to fight for it every day. We can’t waste any of it,” qu Hongyan said with a smile.

A sense of powerlessness welled up in feini’s heart. The pressure that qu Hongyan gave her was too great. She seemed to be losing her side step by step and was completely unable to resist.

“If that’s the case, then be careful, my husband. Feini will always be waiting for you on the heavenly Ridge.”

She gave Yunxiao a gentle smile, which gave him a sweet feeling.

Yunxiao also felt that the atmosphere was a little off, so he quickly said, ” “I’ll leave the heavenly Ridge to you.”

Fei Ni chuckled. the heavenly Ridge is my home. That’s only natural. Let me send my husband and sister off.

With that, she walked down the stairs, took Yunxiao’s arm, and walked out.

Qu Hongyan was taken aback. Looking at her unscrupulous appearance, her face suddenly turned a little ugly.

Yunxiao felt that his back was covered in sweat. He struggled a little, but he could not get rid of feini’s hand. His entire arm was pressed against her soft body, and he felt very comfortable.

“Fu Feiyang, you’ve seen little sister Feini and you’re so infatuated that you can’t even walk, and you still need someone to help you? I’ll help you too.”

Without saying anything, Qu Hongyan also went up and wrapped her arm around Yunxiao’s right hand. The three of them moved forward side by side.

Yunxiao’s face was full of black lines. He tried to break free, but found that both sides were wrapped tightly in iron and did not move at all.

When he left the hall, he was immediately seen by many long family disciples, who were all dumbfounded.

There were even more gazes filled with anger and hatred. Feini was the goddess in the hearts of many men, but now she was actually pestering the same man with another unparalleled beauty!

This scene shattered all the glass on the sky Ridge into pieces.

...

Yunxiao also felt countless anger and killing intent, and those gazes burned his skin. Unfortunately, his divine sense was too strong, so even if he closed his eyes, he could still sense every move of everyone around him.

“That b * tch? I’m going to kill him, don’t stop me, don’t stop me!”

Impossible, I must have seen wrongly. Heavens, it can’t be. Heavens, you’re lying to me!

My eyes have been pierced and I’m blind. How is this possible? It must be an illusion. This can’t be real!

All kinds of wails and roars came from all directions. Yunxiao was sweating profusely, as if he was being steamed under the scorching sun.

“Husband is sweating a lot, let me help you wipe it off.”

Feini took out a handkerchief and was about to wipe her face.

Finally, Yunxiao could not help but shake his arms and push the two away. “That’s enough, what is this!”

The two of them snorted coldly and turned around without saying a word.

Yunxiao’s heart immediately softened as he said softly, “Feini, you can leave us here. Hongyan and I will go first. When the eternal world opens, we will meet again.”

“I also want to be by my husband’s side.” Feini’s eyes were slightly red.

...

Yunxiao sighed. the long family’s Affairs are far more complicated than the divine firmament Palace’s. A slight change will affect the whole. As the head of the family, you have not established your prestige yet, so you can’t leave. When the world is peaceful, I will definitely bring you with me. ”

“Alright, it’s a deal!”

Feini immediately became happy and smiled through her tears.

it’s a deal, ” Yunxiao said with a smile. it’s a deal.

Very quickly, the two of them left through the teleportation formation in the sky Ridge and headed towards the direction of the blade sect.

The northern region’s Sky City was located at the foot of two mountain ranges. It was one of the main cities of the northern region, and it covered an area of a hundred miles.

In heaven city, one could see two peaks towering into the clouds from afar.

There was a thin and steep mountain, like a Heavenly Sword inserted into the earth. It was the sword peak.

The other had a wide back and a thick rock. It was like a heavenly blade pointing at the sky. It was called Blade Ridge.

The sword peak and the blade Ridge were the founding grounds of the blade sect. They had a long history that could be traced back to tens of thousands of years ago.

Heaven city's geographical location was built against the mountains. It spread out along the mountains and even extended halfway up the mountain. The entire city was like a skirt of sword and saber peaks, spread out below the waist.

Every year, heaven city offered a lot of Tributes to the blade sect. However, under the protection of the blade sect, it became the most stable and peaceful city on the heavenly martial continent. There were few signs of chaos on the streets, and it was a prosperous and peaceful city.

After arriving in heaven city, Yunxiao and qu Hongyan went straight to sword peak.

The blade sect's name was not only because of its godly terrain, but also because half of the people in the sect practiced the blade and the other half practiced the sword. Now that the sect master, Chen duantian, was an expert in the sword, the sword peak became the main peak of the blade sect, and the sword cultivation sect also had a large advantage in numbers.

please stop. This is the mountain Gate of the blade sect. You are not allowed to enter.

At the entrance of the mountain, the disciples of the blade sect immediately stopped the two of them. If they were ordinary people, they would have been scolded and beaten away.

However, Yunxiao and Qu Hongyan both had extraordinary temperaments, so the disciples did not dare to neglect them.

then, please tell them that I, Yunxiao, have come to visit your sect master," Yunxiao said. I'm here to visit you.

"What? Sect leader!"

The few disciples were shocked and became even more careful. One of them said, "Do you have a visiting card?"

I came in a hurry," Yunxiao said. I didn't prepare a visiting card.

The disciple shook his head. That's troublesome. After all, the Blade Sect is a world-famous sect. It's very difficult to pass through without an invitation.

Suddenly, Yunxiao's heart skipped a beat. His body flickered, and Che You immediately appeared beside him, looking at the sword peak that towered into the clouds with a puzzled look.

"Ah?"

The few disciples were startled by the sudden appearance of a person. They took a few steps back in horror and drew their swords vigilantly.

Che You's eyes were filled with suspicion, he stared at the mountain peak and said, "In a trance, intermittently, is it true?"

Chapter 1899-Sword Dance and Wind Emblem

'What did you sense?' Yunxiao asked. Is it the strange shape of this mountain?"

this mountain is indeed strange, ” che you said, ” but there’s nothing to look into. It’s most likely that two divine weapons were left behind in this place, and they’ve evolved into this terrain over the years. This kind of evolution is already irreversible.

I think so too, ” Yunxiao said with a smile. back then, I even secretly studied it for a while, trying to make a divine weapon, but I failed in the end.

“Then what did Lord cheyou sense that made you so confused?” qu Hongyan asked.

Yunxiao! che you looked at Yunxiao and said, ” the world sword.

Yunxiao was taken aback, and then he said in surprise, ” “You mean Wu Dacheng?”

Che you nodded and said, ” there are four world swords in total. There is one in the East Sea and I have two. Wu Dacheng took one from the secret treasure of the true dragon. The weak fluctuation I feel now should be Wu Dacheng’s formless true self.

then what are you waiting for? ” Yunxiao said in a deep voice. let’s go! I’d like to see what kind of divine being this person is!”

The three of them immediately turned into streaks of light and headed toward the sword peak.

The speed was too fast. In the blink of an eye, the few disciples did not have any reaction. They thought that they had disappeared into thin air, and their faces turned pale with fear.

The sword Hall was located on the peak of the sword peak. It was majestic and gave off a sense of loftiness.

Suddenly, a cold snort came out of the hall. The sound waves flew around in the sky and flew toward a certain space.

“Who are you? since you’ve come, do you still want to not show yourself?”

That sentence was spat out word by word. At this moment, it exploded in the sky and turned into circles of hurricanes.

“Hahaha!”

The space was suddenly torn apart, and a fat figure jumped out. He pulled the blue sky with both hands, and a mirror of light immediately appeared in his palm, sweeping away all the power of the sound waves.

The man walked down from the sky casually, each step creating ripples.

After seven steps, he arrived in front of the hall. He chuckled and stepped in.

Suddenly, a beam of sword Qi slashed through the air, and a huge sword force broke through the door mercilessly.

“Aiya!”

The man’s fat body twisted, and he nimbly turned a few times, avoiding the sword energy. He continued to walk into the hall with a smile.

No more sword energy came out.

There were several people sitting cross-legged in the hall. They formed a circle and each of them was making hand seals. At this moment, they all raised their eyes and looked at the person who had arrived.

“Who are you?”

One of the old men with a long beard shouted angrily, “ how dare you trespass the sword peak! When did such a daring person appear in the world? ”

He put out the incantation seal, clapped his hands, and stood up from the circle, glaring.

I'm Wu Dacheng. I have something to discuss with your sect master. May I know which one of you is Chen duantian?"

The fat man lazily stretched his waist and laughed a few times, as if he was still asleep.

"Hmph, since you have something to discuss, don't you have any manners?" "I think you're here to stir up trouble on purpose!" The old man sneered.

Wu Dacheng blinked his eyes, and his eyes gradually turned cold. He said with a fake smile, "Causing trouble? Just take it that I'm causing trouble, what can you do to me? Hit me if you have the guts, hit me, hit me!"

He twisted his waist, clapped his hands, and started dancing.

"Die!"

The elder roared in anger. The sword Hall was the holiest place in the blade sect. It was a place for cultivation and comprehension of the sword Dao. No one had ever dared to be so presumptuous.

A sword force was formed again, and elder Wu Xu flew in front of Wu Dacheng in an instant. The sword force followed him like a shadow and slashed down at the sky with his sword finger!

"Hehe, you're using a child's play to show off?"

With a sneer, Wu Dacheng clapped his hands and struck out. The power of his palms landed on the sword and shattered it!

"What?"

The old man was shocked and immediately felt the pressure from Wu Dacheng. He immediately used his body technique to retreat.

“It’s not that easy to leave now.”

With a sneer, Wu Dacheng clenched his fingers and caught the elder like a Green Dragon sucking water. The elder couldn’t escape no matter how hard he struggled in the air.

Everyone was shocked. They all came out of the circle and glared at him. They made hand seals and were about to attack.

One of them had a proud expression, his blue embroidered clothes were spotless, and he had the air of a Grandmaster.

His slender fingers were like swords, and he placed them behind his back. He looked at Wu Dacheng coldly and said, “Put him down and I’ll talk to you.”

Wu Dacheng squinted his eyes and looked at him for a while, then laughed and said, “Chen duantian? Hehe, then I’ll spare his dog life for your sake.”

“Bang!”

The old man was instantly bounced away like a marble, and he was directly shaken to the wall. He fell and vomited a large mouthful of blood before fainting.

The rest of the elders were all furious and were about to rush up to attack.

back off! Chen duantian extended his hand and stopped them. all of you, back off.

Although the group of elders were unwilling, they did not dare to disobey. They could only wave their sleeves angrily and look on coldly.

hehe, " Wu Dacheng laughed. that's a smart move. We can minimize the casualties.

"You're Wu Dacheng, right?" Chen duantian asked. When did such a person appear in the realm of heavenly martial arts? I've never even heard of him."

Wu Dacheng laughed. haha! The world is changing every day. It's changing every second. If you're not careful, you'll be buried in the dust.

Chen duantian smiled and cupped his fists. "I've learned. Since you've come, what do you want to talk to me about?"

Wu Dacheng's eyes glinted as he said, " "Is there something under the blade and sword peaks?"

...

Chen duantian's expression changed drastically, and his gentle and elegant demeanor disappeared instantly. He shouted, " Who are you?!

The rest of the elders were all stunned. They looked at each other in confusion.

However, everyone understood that there was something under the blade Ridge and sword peak, and he must have been right. That was why the sect leader had lost his composure.

"Haha, that's right!"

Wu Dacheng clapped his hands and said with a smile,"it's been a long time." I'm here to discuss with sect leader Duan Tian and ask him to give me the thing below."

Chen duantian stared at him for a while and laughed as well, " "Haha, fanatic! Putting aside the fact that it was impossible to take it out, why else would it still be below? even if he really did take it out, giving it to you? Who Do You Think You Are?"

He put two of his fingers together and pointed them at Wu Dacheng. Suddenly, a powerful killing intent condensed at the tip of his fingers, but it was not released.

The entire sword Hall started to shake as a vast amount of spiritual energy was being sucked into the tip of the finger.

Chen duantian's body was filled with killing intent. His eyes were ice-cold, and the corners of his mouth carried a hint of a sneer.

"Yo, yo Yo, it's time for a fight."

Wu Dacheng tilted his head and laughed, "if you strike, I can guarantee that sword Palace will cease to exist. Do you believe me?"

...

Chen duantian was unmoved. He raised his feet and walked forward, his middle finger sword still pointed at Wu Dacheng. "I believe that you are the first to cease to exist."

"Hehe, it seems like you won't consider my suggestion if we don't fight."

Wu Dacheng laughed. His figure became blurry and elongated in an instant, then he flew out of the hall.

Chen duantian took a step forward and followed him out of the sword Palace like a shadow.

On the peak, the sun shone on the green forest, the grass was embroidered, and the flowers were fragrant. It was a vast world.

Chen duantian no longer had any concerns. A small sword slowly formed on his fingertip and he pointed it out!

“BOOM!”

Countless forces gathered into a single point, and the entire void was instantly punctured. The power of that single point was like the convergence of a blazing sun, piercing through everything!

Although Wu Dacheng was still smiling, he didn't dare to underestimate the attack. He changed several body movements in a row, then put his hands together and pointed with his two index fingers.

There seemed to be something on his index finger that was light gold in color. It turned out to be a sword that cut through the air!

“BOOM!”

The sword broke through the finger force, but it was still sent flying back. Wu Dacheng caught it in his hand.

The sword let out a violent trembling sound, and countless runes spread out on the sword, filling the sky.

Chen duantian frowned. Not only did the sword become one with Wu Dacheng, but it also became one with the surrounding heaven and earth. It was a very natural combination.

“What kind of sword is that?” He asked in shock.

Wu Dacheng stroked the blade with his left hand and praised, “ the true Dragon's sword was shattered in a battle, and the four Swords were scattered on the ground.

Chen duantian was also an expert in the way of the sword, so he had naturally heard of this matter. He said in surprise, “ the world sword?!

Wu Dacheng flicked the blade of the sword and let out a long, soothing sound. He looked like he was enjoying the sound and said, "a quarter of the world sword. Later generations called it 'true self formless'.

"True self formless Kasaya"

Chen duantian murmured as he placed his hands behind his back. He stood in the air quietly as if he was reminiscing the sound of the sword.

"Jianyin has finished listening. It's time for you to make your stand." Wu Dacheng said.

"It's been a long time since I've heard such an ethereal sword melody. Very good."

"In return, I'll let you watch a sword dance," Chen duantian said leisurely.

His figure moved, and instantly, the clanging of countless swords resounded, and the entire sword peak was illuminated.

Wu Dacheng's expression changed slightly. He retreated with his sword, only to find that his surroundings had been enveloped by the sword World. Countless swords of all kinds had appeared in the air, dancing continuously.

"Sword dance, wind emblem!"

Chen duantian's cold voice could be heard. There was a hint of excitement and anticipation in his voice.

He was nowhere to be seen, and only countless swords were dancing in the air, like the fallen leaves of autumn, sweeping up the sky with the wind.

Wu Dacheng swept his sword in a circle, and suddenly, two figures appeared, then three, then four, a total of nine figures, each holding a sword in one hand and performing a Sword Art.

Sword nine fought with thousands of wind emblems.

Numerous sword shadows scattered down, giving off a series of clanging sounds.

Only the sword dance and Wu Dacheng's nine clones could be seen in the entire void. They seemed to have merged into one, shooting out countless sword Qi and sword light that filled the world.

All the elders on the sword peak were dumbfounded and shocked.

The two's sword intents clashed together, forming thousands of intents. It was extremely profound.

Thousands of them were like red mist, floating like colorful clouds.

Not only did the sword contain boundless nature, but it also contained the roars of Dragons, Tigers, cranes, and apes.

In the entire world, there was only this "sword dance wind emblem" move that could move a killing weapon like a sword so easily.

Chapter 1900

1900 Parting on bad terms

The entire sword dance lasted for the time it took to brew a cup of tea before it gradually weakened and turned into the figure of Chu Chen Duan Tian a thousand feet away.

Wu Dacheng's forehead was covered in sweat, and his face was a little pale. His nine doppelgangers merged into one, standing with a sword in hand, and his eyes were cold.

The elders were even more shocked and gasped as if they couldn't believe that Wu Dacheng had survived that move without any injury.

Chen Duantian himself was a little surprised. His face turned serious as he raised his hand and made a grabbing motion.

Light blue specks of light appeared around his palm, floating in the wind.

Then, all the light spots turned into sword shadows and gathered in his palm. They turned into a light blue long sword that was emitting a piercing light.

Wu Dacheng didn't say a word. His expression changed several times as if he was hesitating. "Is there really no room for discussion? I'm willing to use a treasure that's no weaker than that to exchange for it."

"Since you know what it is, you should know that there is nothing of equal value in this world!" Chen Duantian sneered.

the value depends on the individual," Wu Dacheng said. if you think it's valuable, then it's priceless. If you think it's worthless, then it's worthless.

then I'm sorry," Chen Duantian said. this item is priceless to the blade sect. It can't be exchanged for ten thousand gold.

The two of them were in a stalemate when three rays of light broke through the air and attracted everyone's attention. They turned into two men and a woman.

Chen Duantian was secretly shocked. The faint energy fluctuations from these three people's bodies were not inferior to his.

The three of them were unfamiliar to him.

Since when did the heavenly martial arts realm have so many masters? was it really as Wu Dacheng had said, that the world was changing with each passing day, and he could no longer keep up with the times?

His eyes fell on qu Hongyan. Although her face was covered by a veil, it could not hide her peerless beauty.

Chen duantian suddenly recalled something and exclaimed, "divine cloud Palace's Palace Master?"

long time no see," qu Hongyan said with a smile. how have you been, Lord Duan Tian?"

it's you! Chen duantian exclaimed in surprise. it's you! He glanced at Yunxiao and che you and said, "These two are Yingluo."

Wu Dacheng grinned and said, "Li Yunxiao, we are really fated.

Chen duantian's heart jolted, and he gave Yunxiao a few more looks. Now that Yunxiao was famous all over the world and all kinds of rumors were spreading, he naturally knew who he was.

Now that he was with qu Hongyan, he was most likely the reincarnation of Gu Feiyang. He could not help but exclaim, "Martial sovereign Vanquisher?"

it's been more than twenty years since we last met," Yunxiao said with a smile. you still look as elegant as ever, my Lord.

it's indeed Lord Vanquisher! Chen duantian cupped his fists and said, "it's really amazing that he can reappear in the world.

the details are very complicated," Yunxiao said. it's hard to explain.

Wu Dacheng saw that Yunxiao was completely ignoring him, so he said angrily, "Li Yunxiao! I'm talking to you!"

Yunxiao nodded and said, "What did you say?"

Wu Dacheng's face turned green as he said coldly, "This Lord said that you and I are really fated!"

Oh," Yunxiao said again, and then he kept quiet.

Wu Dacheng was finally alive. He shouted angrily, "You dare to underestimate me!"

no," Yunxiao said lazily, "it's just that fate is not a good thing. I don't want to have any fate with you. By the way, is the true Dragon's Tooth from the Dragon's Tooth villa in your hands?"

true Dragon's Tooth?!

Chen duantian was taken aback. He looked at Wu Dacheng in shock. you have the true Dragon's Tooth?!

Wu Dacheng chuckled and said smugly, "So what if I am? so what if I am not?"

if that's the case," Yunxiao said, "leave behind the true Dragon's Tooth and the treasures you got from the true Dragon's Secret treasure, and you can go.

"What if he isn't?" Wu Dacheng asked.

if not," Yunxiao said, "then I'll have to take you down and search your soul.

Wu Dacheng frowned and said,"how are you so sure that I have the secret treasure of the true dragon?"
Didn't you guys Rob the secret treasure?"

"Rob?" che you asked coldly. Hmph, if I haven't seen the sword in your hand, it should be the true me formless, right?"

Wu Dacheng blinked his eyes and looked at che you, "you're the strongest descendant of the Dragon I've ever seen in the world. Not only that, but I can also sense the aura of the other two fragments. Did you come here to give me gifts?"

“Haha, can you afford to give you a gift?”

Chen You laughed wildly, and his eyes turned cold. He left Yunxiao’s side and teleported to Wu Dacheng’s side, surrounding him and saying, “This time, I’ll have to skin this person and extract his bones to study him in detail. I should really bring Qiu Mujie along. He’ll definitely like doing this.”

Wu Dacheng looked at them and said, “It seems that it is impossible to obtain that item today, but since this King already knows, it will be in my pocket sooner or later. Well, I’ll take my leave today, haha!”

His figure flickered and he was about to disappear.

“Farewell? The realm of heavenly martial arts really has no lack of humors. They can tell all kinds of jokes so smoothly.”

Chen You sneered and a beam of sword Qi swept across the sky, crushing Wu Dacheng into a point.

However, the shadow was not affected at all. Instead, it revealed a strange expression and was about to disappear.

“What?”

Chen You, Yunxiao, Qu Hongyan, Chen Duantian, and the others were all shocked. The sword Qi was so strong that it even contained the power of the Dragon Realm, but it could not stop this man from breaking through the sky!

Yunxiao’s pupils instantly turned blood red, and everything he saw was covered in a blood-red light.

“Divine skill, heavenly deficiency!”

Wu Dacheng's fading figure suddenly stopped in the air as he was locked by the power of the eyes. A flash of anger and killing intent appeared in his eyes.

"Moon pupil? Hehe, he's really a resurgence!"

Wu Dacheng raised his hand and made a hand seal in the air. Runes appeared on his body and circled around him. Then, a universe light plate appeared in front of him and dispersed all the shackles. In a flash, he disappeared into the void, and it was difficult to find his figure again.

"What?"

...

The four of them were shocked again, especially Yunxiao and che you. They knew that the power of the divine skill, heavenly deficiency, could not restrain Wu Dacheng, and they could not help but look at each other in dismay.

"Cosmic disc?" qu Hongyan was confused.

Yunxiao's face was solemn as he said, " that's the cosmic disc and the world sword. It seems that he has indeed obtained the secret treasure of the true dragon. Not only that, but he can also completely refine these two items and use them as he pleases. He is really not simple!

Qu Hongyan said, " I didn't expect it this time. I didn't know he had a divine object like the universe light plate. I'll pay more attention next time. I won't let him escape.

"I hope so."

Yunxiao knew that it would not be so simple. Wu Dacheng must have many secrets. But, since he had chosen to escape, he must have known that he was no match for Yunxiao.

"Lord Duan Tian, may I know why Wu Dacheng has come to sword peak?" he asked.

Chen duantian frowned and thought for a while, "This matter is related to our sect's Secret, so I'm sorry I can't tell you."

what Wu Dacheng knows?" Yunxiao asked. can it still be considered a secret?" Since it's inconvenient for you, we can't force you. We've come to the blade sect for another matter, and we hope we can discuss it in detail."

Chen duantian immediately made an inviting gesture and said, "Lord po Jun and Palace Master Hong Yan's visit to the sword peak has brought light to our humble sect. Please come in."

It was only then that the many elders of the blade sect recovered from their shock. One by one, they went forward to pay their respects and invited the three of them into the hall.

...

"An Alliance?"

When Yunxiao explained his purpose for coming, Chen duantian and many elders were stunned, and then fell into deep thought.

Yunxiao said, "I'm sure you all know what happened in five Cloud Mountain. The Holy region has suffered a great loss, and the demon race has risen. Demon wilderness and Mo are both experts who have broken through to the void divine realm. No one in the world can defeat them. It's hard for the two sacred lands to lead us anymore, so we have to find our own way out."

"It's a serious matter, and I'm afraid I can't agree to your request in a short time," Chen duantian said. If we rashly form an alliance, the sacred zone will probably send someone to question us."

although the sacred zone is known to be the leader of the world, it has no right to interfere with the sect," Yunxiao said. what does our Alliance have to do with the sacred zone?"

that may be the case, but if we really form an alliance, I'm afraid we'll have to completely break off from the sanctuary and even the soul formation sea. Have you thought about the serious consequences, Sir po Jun?" Chen duantian said.

of course I have," Yunxiao said. the internal affairs of the Holy region and the sea of soul formation are far more complicated than you know, my Lord. I'll be frank with you. This Alliance is also aimed at the Holy region and the sea of soul formation, and it is to form a force strong enough to compete with them.

The elders of the blade sect started to discuss one after another with grave expressions.

One of the elders asked,"forgive me for asking, but if we're forming an alliance, who's the alliance leader?" There has to be someone in charge of all matters."

there is no alliance leader for the time being," Yunxiao said. I'll lead the Alliance first. If it's successful, we'll elect a leader together, just like the merchant Union.

"What's the reasoning?" the elder asked.

I don't know yet," Yunxiao said. we can think of a solution together.

"In my opinion, if sect leader can be the alliance leader, this Alliance can be formed. If not, there's no need to form an alliance," the elder said leisurely.

The rest of the elders all agreed.

Qu Hongyan said unhappily,"Hmph! Duan Tian, dingchen, is the leader of the Alliance. What position does he have in my Palace?" Where did he put Feiyang? And how can he convince the other members?"

"That's also a difficult part," the elder said. However, Lord Feiyang and Palace Master Hongyan had been working hard for this, so they should think of a way to do it. Moreover, with the sect leader's prestige and strength, how could he not be the Alliance master?"

Qu Hongyan sneered. since you're so capable, let everyone think of a way to recommend you. Why are you worried that you won't be able to take the position? "

"We just want to be certain," the elder snorted coldly.

"I'm sorry. I'm sure I can't give it to you. I don't have the right to."

the purpose of the Alliance is to keep each other warm and help the world," Yunxiao said. if you are obsessed with power, then there's no need to form an alliance. Sorry for disturbing you, but I'll take my leave now.

Yunxiao cupped his hands, then turned and left.

Qu Hongyan and che you followed behind him, obviously not on good terms.

please stop," Chen duantian said hurriedly. I was just spouting nonsense just now. Don't take it to heart. I'll definitely consider this Alliance seriously.
