

The Eternal 1901

Chapter 1901

1901 Sure enough, we are fated

Yunxiao looked back and said, " now that the divine cloud Palace and the long family have formed an alliance, if Lord Duan Tian wants to, you can directly send a message to the divine cloud Palace or the long family. I still have something to do, so I won't say much. I'll take my leave.

Without waiting for Chen duantian to ask them to stay, the three of them turned into beams of light and left.

The elders in the hall of swords immediately began to discuss loudly. Many of them were dissatisfied and all kinds of complaints could be heard.

who the hell is he? he's so arrogant! In my opinion, that li Yunxiao just wants to be the leader of the Alliance. Who the hell is he? who the hell does he think he is to rule the world? "

who doesn't know that qu Hongyan and feini are his old lovers? with the support of the divine cloud Palace and the long family, he will definitely be pushed to the position of Alliance master. We can't form an alliance, or our blade sect will be swallowed up.

but this Alliance is not bad. The world is in chaos now. Why don't we form factions and find other sects to join forces? we'll definitely be able to stand tall.

"It's easy to say. There's not much point in finding some second-rate sects. If we're all from the seven great sects, this Alliance master will definitely cause disputes."

Chen duantian heard all kinds of discussions, and he was upset. He shouted, " "Everyone, stop!"

The entire sword Hall quieted down, and all eyes were on him.

“Sect leader, you seem to be impatient, could it be that you’re troubled by this matter?” an elder mustered his courage and asked. At most, we won’t form an alliance and just treat it as if they never came. There’s no need to worry.”

that’s right, that’s right! the rest of the people also agreed.

“If Gu Feiyang and qu Hongyan had arrived two hours earlier, I would have declined the Alliance if the blade sect could not be the leader.” Chen duantian sighed. But at this moment, he sighed.”

Another long sigh came out. When the elders heard it, they all felt pressured and looked at each other, not knowing what was going on.

They had been in the blade sect for so many years, but they had never seen Chen duantian in such a dejected state.

“Could it be that Wu Dacheng?” an elder asked with a frown.

The crowd then remembered Wu Dacheng’s incident and asked in surprise, “ who is that Wu Dacheng? I’ve never seen his name in the intelligence system of our sect. ” what is the thing under the sword peak that Wu Dacheng mentioned? ” Why have we never heard of anything under the sword peak?”

everyone thinks that the spirit energy on the blade Ridge and sword peak is derived from the land and the two divine weapons that were used to bring it down, ” Chen duantian said. that’s not wrong. However, there’s something else that’s suppressed under the two peaks, and that’s a Dragon Horn from the true dragon.

“?!”

The sword Hall suddenly fell silent. After a long while, there was an uproar.

“The remains of a true dragon?” one of the elders asked in shock. How could this thing still exist?”

Chen duantian shook his head. for countless years, all the previous sect Masters had their own speculations, but they were only speculations. No one knew why the Dragon Horn was suppressed below back then. Perhaps it was cut off by these two divine weapons. The problem now is that the true Dragon's horn is indeed under the mountain."

Those elders couldn't react for a long time before saying, " "How did Wu Dacheng know about such confidential information?"

I'd like to know about that as well, " Chen duantian said. but the most important thing now is how to protect the Dragon Horn. Although I don't think Wu Dacheng can take it away, I've been feeling uneasy recently. I thought it was because I was stuck at a bottleneck in my cultivation and had developed an inner demon, but now it seems like it has something to do with this.

Wu Dacheng's strength is at most on par with our sect master's, " an elder said. we have the geographical advantage, so why should we be afraid of him? "

"Hehe, well said. It really makes one's blood boil."

Wu Dacheng's voice suddenly resounded in the hall of swords.

In the center of the hall, countless golden runes flew up and turned into a universe light plate. Wu Dacheng sat on it with his legs crossed and his face full of smiles.

All the voices in the hall came to a stop, and the crowd rose to their feet, surrounding him in a formation.

Chen duantian clenched his fist and pointed his light blue sword at Wu Dacheng.

All the killing intent was locked on him, and the atmosphere in the hall was suppressed to the extreme, ready to be triggered at any moment.

"Is the blade sect that unfriendly? We've already fought just now, so let's talk about serious business." Wu Dacheng stopped smiling.

the important thing is to leave," Chen duantian said coldly. the blade sect doesn't allow outsiders to act atrociously, let alone steal the inheritance of our ancestor!

"Ancestor's legacy? Hahaha!"

hahaha! Wu Dacheng laughed wildly and said, " since you know that's the horn of a true dragon, it should be the ancestor of the Dragon's descendants. What does it have to do with you humans? " Chen duantian, don't blame me for not giving you a choice. I have a lot of true treasures in my hands, so you can choose any one to trade with."

With a wave of his hand, a colorful ribbon suddenly appeared in the air. It was inlaid with more than ten treasures, and it exuded a powerful spiritual pressure.

All the elders 'eyes suddenly opened wide, staring at those treasures for a moment, unable to take their eyes off them.

A few people were even more racking their brains. They seemed to have heard of it in the legends, but they couldn't remember it, so they were scratching their heads in anxiety.

Chen duantian was also stunned. He calmed down and looked through the items one by one, only to be shocked.

"Heavens! That's a treasure sand Ruyi!"

"The silver feather bottle! That's the silver feather bottle!"

The two elders cried out one after another. They were both extremely excited, and their eyes were filled with greed.

Although they couldn't recognize the rest of the treasures, they must be of the same grade. Everyone's hearts were burning with excitement. There were more than ten of them!

Wu Dacheng looked at everyone's eyes proudly and said, "hurry up and choose. I've always dealt fairly. Each of these treasures is worth as much as the Dragon Horn.

An elder suddenly stood up and said excitedly, "Sect leader, this person must stay! Kill him and these treasures will be ours!"

Chen duantian's sword was still pointed at Wu Dacheng, and his heart was struggling.

He would never agree to exchange for the Dragon Horn, unless the other party took out a holy weapon. Perhaps he would consider it again and again. The value of the treasures in front of him was too great, and he was at a loss about whether to kill and Rob them.

Wu Dacheng looked at him with a cold smile and suddenly said, "Since this Lord dared to show these things, naturally I am not afraid of you. It is better for Daren to be smart."

Chen duantian's heart jolted as he came to a sudden realization. Cold sweat trickled down his back as he sheathed his sword with a clang. "You can go, I won't exchange the Dragon Horn!"

"Hmph, it's not up to you to change or not!"

Wu Dacheng's face darkened. He immediately put away the treasures in the air and rushed out of the sword Palace, heading toward the center of the blade and sword peaks.

no! Chen duantian was shocked and shouted, "don't you dare leave!"

More than ten rays of light immediately flew out and chased after him.

Suddenly, he noticed that Wu Dacheng had stopped in front of him and was looking ahead with a gloomy face.

Thousands of feet in front of him, Yunxiao and the other two were standing with their arms crossed, looking at him with a smile.

...

Chen duantian and the others were taken aback. Without even greeting Yunxiao, they hurriedly surrounded Wu Dacheng.

Wu Dacheng, " Yunxiao said with a smile, " you said that we were fated to meet. I believe you now.

"You knew I was coming back, so you waited for me here?" Wu Dacheng asked with a gloomy face.

although I don't know what you're going to do, " Yunxiao said, " since you haven't achieved your goal, you'll definitely come back. Besides, you have the disc of universe, so it'll be very convenient for you to come back. So I thought, why don't we try our luck and see how our fate is?"

Chen you laughed coldly,"let's see how you can escape this time, the universe light plate won't work anymore .."

Wu Dacheng's face was livid. After a long silence, he said, " "Alright, I'll admit defeat. But it's too difficult for you to make me stay, so why don't we just forget about it and go our separate ways?"

"You can't!"

"If you want to leave, leave your treasures behind!" An elder shouted.

Wu Dacheng turned around and shot the elder a murderous look. The elder's face turned pale and he took a few steps back.

Wu Dacheng sneered and gave him the middle finger.

“The treasure is yours, we won’t take it,” Chen duantian said in a deep voice. However, I also hope that you will not have any designs on the blade sect. As long as you make an oath, you will be able to retreat safely.”

...

Che you snorted coldly, expressing his dissatisfaction.

“Alright, I swear,” Wu Dacheng laughed out loud.

Everyone was stunned for a moment, not expecting him to be so straightforward.

Wu Dacheng raised his hand to the sky and swore, “ my big brother Wu swears that he will get his hands on the Dragon Horn at the foot of the blade Ridge and the sword peak in this life. Otherwise, he will die a horrible death.

“You can die!”

Chen duantian was furious. He immediately thrust his blue sword at his opponent’s forehead.

He even dared to make an oath. It seemed that the idea of making the other party give up was too naive. The only way was to fight to the death.

“What? Dragon Horn?”

Che you was also shocked as he looked down in confusion.

Wu Dacheng laughed wildly and glanced at the crowd with an extremely conceited look.

The formless true self suddenly stabbed out and collided with The Blue Sword, causing circles of sword light to spread out.

The elders of the blade sect were all affected by the sword light and flew back a thousand feet.

In the mountains, the two of them were fighting each other. Both of them used extremely fierce moves. Sword Qi was everywhere, and the sky and earth cracked.

“Xiao Li-Zi, what do you think of his sword doctrine?” che you’s brows furrowed deeply.

Yunxiao’s face was also solemn, and he never missed a glance. “Strong, very strong! Not only does he have a deep comprehension of sword essence, but his combat techniques are also extremely powerful. Who is this person?”

Qu Hongyan said, “ Chen duantian’s sword momentum is sharp and fierce. It’s as dangerous and beautiful as this majestic mountain range. But I can see that he’s impatient. If we don’t fight for a long time, I’m afraid he’ll lose first.

that’s right. Yunxiao nodded. Chen duantian is a little impatient, and he will be defeated if he loses his mind first. This time, keep a close eye on him. We can’t let him escape.”

All three of them were on their guard. Suddenly, Yunxiao’s pupils turned blood red as he looked over at the world. At the same time, the red sword killer flew out and thrust at them without any warning.

Wu Dacheng’s expression changed drastically. The power of the moon eyes had directly sealed off his essence force circulation. Although it was only for an instant, it was fatal.

Chen duantian was overjoyed. He seized the opportunity and thrust his sword at Wu Dacheng’s throat.

Suddenly, a golden light shone, and golden scales began to form on the surface of Wu Dacheng’s body, covering his body like armor.

Chapter 1902

1902 Disappeared

“Clang!

The Azure sword stabbed into the scales, and a ring of golden light spread to every scale. The scales all over his body glowed with a brilliant light.

Chen duantian was shocked. His sword had indeed pierced into the scale, but it seemed to have been absorbed by the entire scale armor, and the sword Qi had been dispersed throughout his body.

In an instant, Wu Dacheng was freed from the shackles of the moon pupil. He hit the sword with his palm, making a sharp “kengqiang” sound. His body turned into an afterimage and moved sideways.

It was the true dragon Avatar!

“Swish!”

Yunxiao’s sword missed its target and swept across the air, stirring up lotus flowers as it chased after Yunxiao.

Wu Dacheng was not in a hurry. He leaped backward, but the sword in his hand slashed lightly.

“Swish!”

The seven lotus flowers were all cut in half, but they didn’t explode. They just burned in the air for a long time.

Yunxiao was shocked. He had never heard of someone who could cut through the ice fiend Heart Flame!

Wu Dacheng’s body flickered and teleported thousands of feet away. He threw out the universe light plate, and countless golden runes flew up, tearing open the passage.

Suddenly, tens of thousands of sword shadows descended and turned into a Sea of Swords. With a “Bang Bang” sound, they destroyed those symbols.

Qu Hongyan pierced through the void. With one strike of her sword, the earth fiend condensed and countless rules swirled around the sword as it slashed at the cosmic light plate!

Wu Dacheng was anxious. He quickly put away the universe light plate and dodged in the air to avoid the sword.

His body technique was light and he took hundreds of steps in an instant. It contained the laws of the heavenly Dao. At a glance, all the afterimages overlapped and actually looked like a Golden Dragon.

However, Qu Hongyan’s sword will was too strong. It kept hitting the Dragon’s body. Even though it had dodged a large amount of sword Qi, many of them still hit the Golden scales, making a “Bang Bang” sound and causing countless golden lights to flash.

“You and I are so fated, don’t leave today, stay for a chat!”

With Yunxiao’s sword incantation, countless sword shadows flew out and turned into the myriad sword diagram. The clouds in the sky rolled and twinkled with Starlight.

At the same time, the Zixiao sword also sensed the sword intent of the million sword illustration. The seventy-two gemstones flickered one by one, and the sword intent surged from the mountains and rivers to correspond with the Heavenly Star.

Wu Dacheng’s expression really changed this time. The terrifying sword Qi waves swept across the universe, and everything was going to be destroyed by this sword formation.

Chen Duantian and the blade sect’s elder retreated in shock as well. They looked at the sword formation from afar, completely stunned.

Suddenly, Chen Duantian’s body trembled, he said in shock, “That’s Yingluo.”

His two dragon eyes opened wide as he stared at the million sword illustration.

Wu Dacheng's body shook and turned into a Golden Dragon in the sword formation. His whole body was covered with scales and looked extremely majestic.

Yunxiao and Qu Hongyan were also shocked. After the Dragon appeared, its body swayed, and a Dragon domain stretched out, along with clouds and mist.

The five claws clawed into the sea of Swords and hit the air waves of the sword formation, making a deafening sound.

"Ang!"

A Dragon's Roar was heard, shaking the nine Heavens.

The Golden Claw kept hitting the sword wave, and with each hit, it shattered a little. After hundreds of strikes, a golden light finally cracked the sword formation.

How could Yunxiao let him go? he moved and entered the array on his own, then slashed the red sword at the dragon's head with a scorching flame!

The two lantern-sized eyes of the Golden Dragon shot out endless hatred. It opened its mouth and spat out a ball of green light, which collided with the sword Qi with a loud sound.

Boundless flames spread out, and many of them landed on the Dragon's body, charring its golden scales black.

"Ang!"

The Golden Dragon let out a few painful roars and turned around to drill into the crack.

Soon after, the dragon's tail swayed, and the universe disc was thrown out. It let out an urgent "shua shua" sound, and symbols gushed out like a spring.

The surrounding space instantly became chaotic, the rules were completely broken, and all the sword intent was swallowed by the storm.

The Golden Dragon's figure also disappeared into the crack, leaving only the universe light plate that was still wreaking havoc.

not good! This profound level weapon is going to explode!

Yunxiao was horrified. He was the closest to the disc, so he could feel the terrible tearing force of space. His imperishable golden body flickered unsteadily as it was about to be completely devoured.

"Flying!"

Qu Hongyan was shocked. The space within a radius of hundreds of miles was completely disrupted, and the rules were completely destroyed by the universe light plate. Even the blade Ridge and sword peak were in a trance, as if they were about to be reversed.

The blade sect's buildings on the two mountain ridges were completely destroyed, and countless disciples flew up from the mountains like ants. They wailed in horror and disappeared in the air. What was even more miserable was that they were directly torn apart by the spatial power and turned into blood.

Yunxiao was the closest to the disc, so he used all his strength to resist the devouring and tearing force of the space. He was overwhelmed with horror and despair.

The universe light plate was activating all of its power. Wu Dacheng had completely abandoned this item before he left.

"Let's go!"

Yunxiao shouted at Qu Hongyan, who was trying her best to come over, "Hurry up and leave!"

"No, I'm not leaving!"

Qu Hongyan gritted her teeth. Holding the sword in her hand, she relied on the sword intent to stabilize her body in the storm and moved forward step by step.

Yunxiao was both anxious and angry. If Qu Hongyan had come a few hundred feet closer, she would have been unable to break free, just like him.

He made up his mind and suddenly raised his sword. Countless stars flickered in the storm and suddenly stabbed out!

"Clang!"

An ear-piercing sound spread out as the sword death slashed the red banner onto the universe light plate and exploded with boundless light!

"BOOM!"

...

As if heaven and earth had collapsed, the disc of universe exploded in an instant and then disappeared into an endless black hole, which swallowed Yunxiao.

The black hole instantly expanded to a hundred feet wide. It was so deep that one couldn't see the bottom, and it led to the endless universe.

Qu Hongyan let out a heart-wrenching scream. It was mournful and sorrowful, but it was of no use.

Everyone was dumbfounded as they looked at the black hole in the sky.

With The Disappearance of the Universe light plate, the distortion of space also returned to normal. The blade Ridge and sword peak shifted their positions. A large number of blade sect disciples stood in the distance in shock, not knowing what was going on.

“Gulp!”

After a long time, the sound of the elders swallowing their saliva could be heard, as if they could not believe it.

The handsome and tall mountains had completely changed their appearance. They were like wolves, and only the shapes of swords and sabers could be seen. Even heaven city was affected. Large areas of houses were turned into dust, and countless people were killed or injured.

The black hole in the sky was like a disc that was fixed there without any energy fluctuation. It was like a dead object that wouldn't be destroyed for a long time.

Qu Hongyan looked at it in a daze for a long time until che you came over and comforted her, “ don't worry, little li won't die. He's been through so many storms and waves, and it's not the first time he's been swallowed by this black hole.

but ... qu Hongyan still found it difficult to accept the fact that Yunxiao had been swallowed. this black hole might lead directly to the void of the universe, and it's possible that he can't come back at all!

...

Che you frowned. that may be true, but he has the divine realm tablet on him. It's the mark of this realm. The possibility of it being washed away is much smaller than staying in this realm.

Qu Hongyan's body trembled and her face turned pale. She didn't dare to imagine it.

Suddenly, a voice cried out, “ what's that?!

Everyone looked down and saw a warm light emitting from the blade Ridge and sword peak, covering most of the mountain range.

The light was exquisite and clear, and there was something crystal clear like jade inside.

“Dragon Horn!”

Chen Duan Tian roared, his body was shaking, his eyes shined with a sharp light as he charged down.

Chen Duan Tian’s expression changed as well. He followed suit and shouted, “Stop! That belongs to the blade sect, so don’t even think about peeking at it!”

Hmph! Chen Duan Tian snorted coldly, “It clearly belongs to the Dragon race, yet you dare to claim it belongs to your blade sect? Do you still have any face?”

He could not be bothered to pay attention to Chen Duan Tian. The spirit energy emanating from the Dragon Horn was definitely the horn of a true dragon. Any Dragon would go crazy, let alone him.

The practicing body flickered a few times and rushed into the light, grabbing the Dragon Horn.

As soon as he stretched out his hand, he was attacked by a vast Dragon’s might. The blood in his body trembled and he quickly retracted it.

Chen Duan Tian took the opportunity to walk past him and grabbed the Dragon Horn in ecstasy. Haha, who said that the treasure will choose its owner, you thief!

As soon as he finished speaking, the green light flickered for a moment before transforming into the power of a barrier and striking Chen Duan Tian’s hand. His entire body trembled violently as if he had been struck by lightning. In his shock, he hurriedly retracted his hand, but the power of the barrier did not seem to let him off and shook it off.

“Bang!”

Chen duantian was thrown out of the green light and flew a few thousand feet away, blood splattering in the air. He had already suffered internal injuries.

Everyone in the air was stunned. The elders who were about to rush down hurriedly stopped.

Qu Hongyan was still immersed in the confusion of Yunxiao’s disappearance. She looked at the treasure indifferently and just stared at it with a dull face.

“Hahaha.”

Che you laughed and looked at Chen duantian with disdain. His body began to transform bit by bit, and in an instant, he turned into a Dragon and reached out his five claws carefully.

The Dragon Horn trembled slightly, and rings of green light spread out, rolling over che you’s dragon body.

Che you trembled a few times before he stabilized himself. He continued to reach out and finally grabbed the Dragon Horn.

“Hahaha!”

Che you laughed excitedly, but after a few laughs, his Dragon Horn burst out with intense light that was blinding.

It was as if a sun had been born in the mountain range, and it was so dazzling that one couldn’t see what was inside.

Qu Hongyan came back to her senses and looked at him in surprise. Even her divine sense was blocked by the power and she could not find out the details.

The strong light lasted for the time it took to brew a cup of tea before it finally weakened.

When all the light disappeared, a huge cave could be seen in the middle of the mountain range. It was the place where the Dragon Horn was trapped. Everyone sent their divine senses in, but the cave was empty, and you were nowhere to be seen.

“Where is Wufu?”

Everyone was stunned. Yunxiao had just disappeared, and now another one had disappeared.

Chen Duantian looked at the empty cave and his face turned dark. “Palace Master Hongyan, I hope you can give me an explanation!”

“Explain?”

Qu Hongyan was stunned for a moment, and then a sneer appeared in her eyes. She tied her hair and said indifferently, “The divine cloud Palace welcomes you to ask for an explanation at any time.”

After he finished speaking, he turned into a stream of light and left without looking back, leaving the blade sect members looking at each other.

Chapter 1903-sealed land

Yunxiao was swept away by the explosion of the disc and fell into the endless void in an instant. The terrifying spirit pressure that burst out of the disc severely injured him, and his imperishable golden body was broken, causing him to almost faint.

A golden light suddenly shot out of his body and turned into Noah’s ship, which took him in.

While Yunxiao was seriously injured, he saw Ye Fan standing at the bow of the ship, facing forward, his face invisible.

“You’ve come out of seclusion?” Yunxiao asked.

There was no reply, Ye Fan stood with his hands behind his back, not moving.

Yunxiao frowned, not knowing what state he was in at the moment. Since he did not answer, he did not ask any more questions. Instead, he sat cross-legged on the ship and began to regulate his breathing.

After an unknown period of time, he slowly entered a meditative state and entered a state of complete oblivion.

The boat of promise shuttled for a long time before it finally disappeared into the endless night.

At some point, Yunxiao snapped out of his meditative state and slowly opened his eyes. All he saw was darkness, but it gave him a strange feeling.

This place was definitely not the void universe, but it was boundless. He was still on Noah's ship, but Ye Fan had disappeared.

As he was hesitating, Noah's ship directly turned into a golden light and disappeared into his body.

Yunxiao's heart stirred slightly when he found that Ye Fan was still in seclusion in the divine realm tablet, as if he had never moved.

He didn't care about what had just happened and began to carefully observe the situation around him.

"Is this still the heavenly martial arts realm? I can't feel the laws of the world at all."

He was shocked. could it be that he has already left the realm of heavenly martial arts and was thrown into another spacetime by the void? "

If that was the case, then he would be in big trouble, and the possibility of returning to the realm of heavenly martial arts was very low.

Suddenly, a gust of cold wind blew over from the front. Although it was soft, it was strong. It blew over Yunxiao's body, evaporating the moisture on his skin and drying it in an instant.

"Astral winds?"

Yunxiao was taken aback. Although the astral wind was not as powerful as the one that had sealed The Fiend Lord in the outer space, which had turned him into a crocodile, it was still very corrosive, and with the strength of his current divine body, a lot of water was blown away.

A ring of astral wind also appeared around him, gradually transforming into a crocodile. Its eyes shot out a bright light, and it looked around like a hunting dog, as if it was looking for the source of the astral wind.

Suddenly, the crocodile opened its mouth wide and pounced into the distance.

Yunxiao's long robe fluttered slightly, and another strong wind blew over. Before it could get close, it was swallowed by the crocodile. Then, the light in its eyes grew brighter, as if it was very satisfied, and it even let out a 'ao ao' sound.

you're really having a good time," Yunxiao scolded with a smile. I wonder how many of these gales there are in this place. It seems that this space has been sealed for a long time, which has resulted in the formation of these things over the years. If I leave the realm of heavenly martial arts, I don't know how long it will take for me to return."

He was unwilling to give up and continued to fly forward, hoping to find some clues.

Several hours later, after flying for tens of thousands of miles, they still couldn't see the end. Among them, the crocodile had eaten four or five astral winds, and it was constantly crying out in joy and wagging its tail.

Yunxiao's heart grew heavier and heavier. Judging from the situation, he might have really been swallowed into an unknown space.

Suddenly, another gust of cold wind blew from the front, and the crocodile happily pounced on it.

“Bang!”

Suddenly, there was a loud sound. The crocodile was caught off guard and was actually shaken away by the astral wind.

Then, two more squalls flew over and turned into human figures in the air. There were three people in total, including the one before.

All three of them had gloomy faces. Their bodies were covered in black, and only their faces were pale. Looking at Yunxiao and the crocodile, they were stunned, as if they were dumbfounded.

Yunxiao, on the other hand, was overjoyed. He had actually met someone, and whether they were friend or foe, it was far better than being exiled in the endless void.

“Who are you?”

He asked first, his face full of anticipation.

The three men were stunned for a long time, and suddenly, their faces turned ferocious. Except for their heads, their bodies were covered in rolling black gas, and a cold wind was blowing under their feet as they pounced at Yunxiao.

Yunxiao’s eyes narrowed as he cried out, “Demonic Qi?”

The black Qi emitted from the rolling bodies of the three people was undoubtedly demonic Qi!

Although he was shocked, he was still overjoyed. The greatest fear of humans came from the unknown. Although the demonic Qi was troublesome, it was not a problem for him.

Moreover, although the three of them were not demonic fiends, they had not reached the level of the ten directional deadly fiend, so it was very easy to deal with them.

“Bang! Bang! Bang! Bang!”

Yunxiao threw out a palm, and the three men exploded into the purest fiend energy. Three gusts of wind blew out from within and spun up into the sky.

The crocodile had been staring at the astral winds for a long time. As soon as it saw them, it pounced over and its body disintegrated in the air, turning into an even bigger Hurricane that swallowed the three forces directly.

Satisfied, it turned back into its crocodile form, wagged its tail, and crawled to Yunxiao’s feet.

“A monster formed from the combination of astral winds and demonic Qi. What was this place? if it was the devil World, there was no devil Qi at all. There’s also a large amount of astral winds, which must have been formed from the accumulation of time in a sealed space.”

Yunxiao looked around, and he was a little confused again. The four directions were exactly the same, and he could not tell the direction.

The three monsters just now obviously didn’t have any consciousness. At this moment, he hoped to meet something with consciousness so that he could at least know the current situation.

“Fly to the right.”

Suddenly, mu lingdi’s voice came from the divine realm tablet.

Oh! Yunxiao was overjoyed. you know this place, my Lord? ”

I have some guesses, but I’m not sure, ” lingmu di said. I need further confirmation.

With that, Yunxiao's body flickered with a white light, and lingmu di rode out of the void on the heaven patrolling Bulldog.

then, do you know if this place is still in the heavenly martial realm, my Lord? " Yunxiao asked in a hurry.

"I'm not sure," lingmu di said. If the demonic Qi just now was born from the demonic realm, then even if this place is not the heavenly martial arts realm, it should not be too far away. It would not be difficult to go back."

Seeing that Yunxiao did not understand, he explained, " the demonic Qi may overflow from the demonic realm and spread in all directions, but it can't be too far away. At most, it will gather in the small spaces around the demonic realm, or in the heavenly martial arts realm, which is very close to it.

...

I understand now, " Yunxiao said. even if this place is not the heavenly martial realm, it must be a small space around the devil realm.

that's right, " lingmu di nodded. and if my guess is correct, this place should still be within the realm of heavenly martial arts.

Yunxiao breathed a sigh of relief. As long as he was still in the realm of heavenly martial arts, or not far away, he was at ease.

After that, the two of them, a cow, and a crocodile flew forward to the right.

Along the way, they were attacked by several monsters, all of which were beings without spiritual consciousness and were easily crushed.

Several hours later, a scene appeared in front of him. Heaven and earth seemed to become flat, like a compressed oval. Countless astral winds and demonic Qi rolled violently in the Oval, forming a vortex.

At the center of the vortex, there were silver dots of light, like stars in the night sky, emitting a faint light.

The astral winds and demonic Qi seemed to be shooting out from the silver Center.

what is this place? ” Yunxiao asked in surprise. &Nbsp;

Lingmu Di’s expression had changed. He muttered to himself, ” “It’s really the will of the heavens.”

“Heaven’s will? Daren, what is this Yingluo?”

...

Yunxiao asked in confusion, but judging from mu lingdi’s face, he had never seen him so serious.

Lingmu di looked at the Eye of the Vortex with a complicated look in his eyes. After a long time, he said, ” “This is the devil sealing grounds of the southern domain.”

“Ah?”

Yunxiao cried out in surprise, as if he could not believe it. He also stared at the vortex in a daze. No matter how hard he tried to activate his wondrous spirit eyes, he could not see through it.

“Could it be that there’s something wrong below?”

Devil Master PU is indeed sealed here, ” Ling mudi said. but the sealing was not a child’s play. It was an absolute formation that used the power of a world and all the rules of ten directions to set up. Now it seems that the power of the formation is too strong and has evolved on its own. I don’t understand the current situation.”

“The formation will transform into a Kasaya on its own.”

Yunxiao was completely stunned. All things had spirits, but that referred to things with physical bodies. Arrays were only condensed from rules, but could they also have spirits?

“What should we do now?” He asked in a daze.

“To be honest, I don’t know either,” lingmu di shook his head. What he saw now was extremely different from the arrangement of years ago. It should be that the formation spirit had changed a lot on its own. Our every move should be under the formation Spirit’s watch. It would be great if we could communicate with it. ”

‘Communicate with the array spirit?’ Yunxiao asked. How can we communicate?’

we just need to convey our own intentions, ” said lingmu di with a bitter smile. as for whether or not they’re willing to communicate, it’s up to them. You have to know that we’re inside the formation right now, which means that we’re inside his body.”

‘Is Lord array spirit here?’ Yunxiao asked in a loud voice. I’m Li Yunxiao, and I intruded here by accident. Please forgive me and let us leave.”

There was no response from the surroundings. He shouted a few more times, but no one answered.

“It’s not impossible to force out the formation spirit,” Ling mudi said.

you mean to break the array? ” Yunxiao asked.

No. lingmu di shook his head. this formation is far more powerful than you can imagine. It can’t be broken so easily. This was the array to seal the demon master. No matter what the array Spirit’s thoughts were, it was born to seal the demon master, so it carried an extremely strong mission and responsibility on its body. Even if it transformed into a spirit, it could not erase it. As long as we enter the vortex and touch the center of the seal, he will definitely appear to stop us.”

Yunxiao licked his dry lips and said worriedly, "Will there be any changes when we make contact with the eye of the seal?"

"Worry is unnecessary," Ling mudi said. "Without the permission of the formation spirit, it's impossible to get out of here." Do you want to stay here forever?"

Yunxiao knew that the array was powerful and had condensed the rules of a realm. Just the thought of it made his scalp tingle. He would not be able to break the array even if he cultivated to his death, let alone this array.

Now, they could only hope that the formation spirit would let them go.

Chapter 1904

1904 The black-robed man

At the thought of this, Yunxiao and the others immediately gathered their courage and walked toward the eye of the vortex.

Even more powerful astral winds and demonic Qi rolled out, blowing on their bodies and spinning back and forth.

This bit of power was completely unable to cause any harm to the few of them. The crocodile also became cautious and did not dare to devour the astral winds at this time.

They walked into the eye of the formation, and nothing unusual happened. After some hesitation, Ling mudi said, "Let's go down and take a look!"

He immediately flew down into the formation core like a bottomless abyss.

Yunxiao could see everything clearly with his Mystic Dharma eyes. The so-called array core was like a whirlwind, and the lower he went, the stronger the wind and demonic aura.

An hour later, they saw a piece of land that looked like a barren mountain. It was full of strange stones and some strange trees, which were black like the surrounding environment.

“How can this be?” lingmu di asked in shock.

The land they were standing on was not an illusion, but solid.

Yunxiao’s magical spirit eyes flickered as he looked around for a while and said, “ looking down from above, this piece of land looks like an Island floating in the dark night. It’s about tens of thousands of acres in size.

“It’s been 100000 years,” said lingmu di.”Any change can happen. The only thing I can be sure of is that the seal is still there, and it’s been greatly weakened.”

what should we do now, my Lord? ” Yunxiao asked.

why did land appear and seal into two layers of space? ” lingmu di asked. these are all very unexpected changes. Let’s figure out the situation first. We have to be careful about why the formation spirit is hiding.”

“Be careful of the formation spirit?”

Yunxiao was slightly startled, as if he had a bad feeling.

this piece of land is not big, ” said lingmu di. take some time to explore it.

The two of them, a cow, and a crocodile immediately began to run wildly on the land. In addition to some black trees, there was also a small amount of moss climbing on the rocks. However, these mosses were extremely strange, emitting a long green light in the dark night.

Suddenly, a gust of cold wind blew over and landed on the moss in front of him. It turned into a lizard-like demonic beast. It stretched out its long black tongue and rolled up all the moss on the stone surface. It swallowed it and then turned into cold wind in a flash, disappearing from the stone wall.

The scene fell into the eyes of lingmu di and Yunxiao.

the environment here is very special, " Ling mudi said. the monsters born here have the characteristics of both demons and demonic beasts. They should be influenced by both the realm of heavenly martial arts and the demon master PU.

Suddenly, spots of pale yellow light appeared in front of them, like the dim stars in the night sky, coming in large numbers.

The two of them immediately stopped and looked at him coldly.

The faint light was a kind of extremely small flying insects. They had carapaces like ootils, but their backs were full of black patterns.

In addition, Yunxiao recognized the black pattern as a kind of rule symbol, which he had seen when the demon Lord performed an incantation gesture.

these things were born from being contaminated with demonic Qi, " lingmu di said. I can't tell their level. Be careful.

Yunxiao's demonic eyes flickered as he said, " don't worry. Each of them only has the power of a Martial Emperor. However, their shells are very hard. I'm afraid it'll be difficult to break them.

He took a step forward, raised his hand, and clenched his fist in the air.

"Pipa!"

With the heavenly hammer in his hand, he smashed it forward!

“BOOM!”

Countless bolts of lightning gushed out like the tide. The lightning contained countless golden runes, and it engulfed all the beetles!

“Bang! Bang!”

The beetles exploded in the Thunder World and were all blown to pieces in an instant. Not a single one was left.

Yunxiao retracted the Thunderbolt and suddenly cried out, “Not good.”

The movement just now was too big, and it seemed to have alarmed many creatures. Many powerful auras came from all directions.

there’s nothing bad about it, ” lingmu di said. let’s see what’s inside the seal.

But a moment later, their faces turned ugly.

There were hundreds and thousands of monsters surrounding them, and there were a large number of flying insects in the air. Not only that, but there were also many crawling insects running over from the ground, completely surrounding the two of them.

The crocodile let out a low growl, as if it was a little afraid, and moved closer to the two.

Lingmu Di’s expression turned completely ugly. He said in a deep voice, “ there are so many creatures here. What’s going on inside the seal? ”

The ground not far away from their feet cracked, and an oval-shaped purple flower emerged from it. It bloomed in the air, revealing its ferocious teeth and facing the two of them.

There were hundreds of flowers, and they were all shaking their heads and drooling.

what I'm more concerned about than the number of these creatures," Yunxiao said vigilantly. are they really here because of the alarm?" Surround them but not attack?"

"Are you saying that they are an organization?" lingmu di asked in surprise.

After these creatures appeared, they all surrounded the two of them. Demonic Qi surged from their bodies, and they exuded a violent aura. However, they were as quiet as virgins.

obviously," Yunxiao said. but I don't know if their leader is the array spirit.

"Formation spirit?"

Who are you? how did you get in?" a soft voice came from behind the countless monsters.

The monsters instantly opened up a path for a man wrapped in a black robe several thousand feet away. He stood there quietly, staring at the two with eagle-like eyes. His face was particularly pale because he had been in the dark for many years.

Yunxiao and lingmu di were both surprised and overjoyed. There was actually a creature with spiritual intelligence. Although they did not know whether it was a human, a demon, or a demon, they finally had a clue.

"And who are you? why are you in this seal?" lingmu di asked.

"A seal?"

The black-robed man was shocked and shouted, " you guys came from the outside?!"

The two of them frowned and carefully thought about the meaning of this sentence. They looked at each other and immediately understood each other's thoughts. This black-robed man was probably born in this seal, so he was someone "inside".

...

There were only three forces in this seal. The first was the astral winds that had accumulated over time, the second was the demonic Qi that leaked out of the demon master, and the third was the sealing power of the formation itself. Most of these living creatures were born from the convergence of these three forces, so it could be considered an independent small world.

"Are you the leader of this place, Sir?" Yunxiao cupped his fists and asked.

"You haven't answered my question!" The black-robed man shouted.

we are indeed from the outside," Yunxiao said after thinking for a moment. we are from the outside.

The black-robed man's body trembled and he said in a trembling voice, "How did you guys get in? Is there a way to get out?"

what?" Yunxiao was taken aback as he asked in a daze, "you don't have a way out either, Sir? I was just about to ask you how to get out."

The black-robed man stretched out his long, withered finger and rebuked, "You lied to me! Since you can enter, you can naturally leave. Quickly tell me the way to leave!"

His figure moved, and it was like a black shadow floating over. The demons immediately became restless, and all of them pressed toward the center.

The hundreds of strange purple flowers suddenly leaped up. The roots under the flowers became extremely long, like big mouths, and bit at the two of them.

Other than the black-robed man, the other creatures weren't of high levels, but they were terrifyingly numerous. When they moved, their momentum was mighty.

Yunxiao flipped his hands, conjuring countless Thunderbolts between his ten fingers, which formed a net and shot out.

...

In an instant, a green light flashed and a net of lightning spread out in front of him, covering an area of 100 feet.

"Pa! Pa!"

A few purple flowers landed on the lightning net and were immediately jolted away, letting out strange cries.

Soon after, those who came down one after another were all struck by the lightning with a " clang clang " sound. Some were even directly scattered, and banana-leaf-sized petals floated everywhere.

The broken petals fell to the ground and were directly swallowed by the soil. Soon, a new one grew out, bright and dripping.

The soil was also constantly rolling, and a large number of ants crawled over. They were the size of soybeans, but their black bodies were protruding with Scarlet teeth.

The heaven patrolling Bulldog stomped with its front hooves. With a " bang ", the earth trembled and the soil churned.

Countless light nets spread out from under its feet and extended out, killing a large number of insects.

A buzzing sound came from the sky. The flying insects entered the gaps in the lightning net and hundreds of them flew in.

The Gator roared as it turned into a giant spirit and slapped down. Countless crescent-shaped wind blades appeared in his palm, and he swept them over.

“Pfft! Pfft!”

Hundreds of insects exploded under the wind blades, but they still continued to rush over.

&Nbsp; afterward, the monsters also attacked. They were much stronger than the insects and flowers. Countless palm energies created layers of air waves that struck the lightning net, creating large amounts of electricity.

“To capture the bandits, first capture the king!” Lingmu di shouted.

Yunxiao suddenly retracted the electric net and slashed out with his sword.

The sword Qi soared in the air and was invincible. In an instant, it cut a path through the chaotic group of monsters and headed straight for the black-robed man.

With a flash of lightning, he teleported over and slashed down with the sword death.

The black-robed man’s face turned even paler. The power of that sword was not something he could block at all. He was scared silly on the spot.

He had already noticed that these two people were not simple, so he had sent a group of subordinates to attack them. He wanted to sneak in and attack them, but he didn’t know how the other party could find his hiding place so quickly.

Yunxiao’s sword energy stopped a few inches in front of the man as he shouted, ” “Stop!”

The black-robed man came back to his senses and let out a long roar. All the monsters stopped their attacks and became quiet.

Yunxiao's sword slowly descended and rested on the black-robed man's shoulder, almost touching his neck. The cold air made the black-robed man break out in a cold sweat.

it's much more convenient to talk like this," Yunxiao said. I'll ask you questions, and you'll answer them. If I'm not satisfied, you don't have to answer them anymore. Do you understand?"

The black-robed man's forehead was full of sweat, and his face turned even paler in fear. He hurriedly nodded.

Who are you?" Yunxiao asked. how did you get here?"

The black-robed man rolled his eyes and said,"I'm called PU Tong. I was born in this place. Where else can I be?"

Chapter 1905

1905 The thirty-third level

Yunxiao's sword trembled slightly, and a bloody mark immediately appeared on PU Tong's neck, but the blood that oozed out was golden.

"Golden blood?"

Yunxiao's heart trembled, but he kept a straight face and said, "Answer whatever I ask you, and don't waste your breath on me!"

"Yes, yes!"

PU Tong's face was also pale with fear. He felt that every breath he took was filled with the sharp sword Qi. Not only did his neck hurt, but his heart and lungs also hurt.

since your surname is PU," Yunxiao continued, "are you a clone of devil Lord PU? And the leader of this place?"

Shock flashed through PU Luo's eyes, but he didn't dare to act rashly and said honestly, "Not a clone, but all the demon race people here were born from the demonic Qi overflowing from Lord PU's body. I can be considered the leader of this floor."

Yunxiao was stunned. all the demons? this level? " How many demons are there in total, and how many levels are there?"

Lingmu di also frowned.

PU Luo said, " there are a total of thirty-three levels here. Every level has a large number of living creatures. The lower you go, the stronger they are. That's because the lowest level is where master PU sealed himself.

thirty-third level?!

Both Yunxiao and lingmu di cried out in surprise, and they were dumbfounded.

How much power was needed to create the thirty-third level of space? it was already equivalent to splitting the heaven and earth!

Seeing their surprised expressions, PU Tong felt strange. However, under the pressure of the sword power, he didn't dare to ask.

are there leaders like you on all thirty-three floors? " Yunxiao continued. are there any? "

PU Luo said, " that's right. The further down we go, the stronger the devil Qi and astral winds are. The more benefits we'll obtain from cultivating inside. That sealing power is also extremely helpful for cultivation. That's why powerful beings don't want to come up and try to go down."

Yunxiao and Yunxiao both looked surprised. Although PU Tong was not strong, only God knew what level of existence they would encounter in the lower thirty-three floors.

Moreover, the two of them thought of one thing at the same time. The thirty-three layers of space formed by the power of the seal must have become extremely weak. The demon master was overflowing with astonishing demonic Qi, and he probably did not have much power left.

Lingmu di sighed, "it seems that it's difficult for them to recover to the past, be it the Emperor or the general." In the end, it wasn't us who defeated the fiendlord, but time."

Yunxiao remained silent. The Fiend Lord had descended on him twice, but the power he showed was only at the level of di ye. It turned out that his fiend energy had been lost.

"Now that we're about to leave this sealed land, is there any way?" he continued to ask.

"So you really don't know how to leave?" PU Luo was stunned for a moment. He immediately became dejected and sighed, "If I knew how to leave this place, would I still be here in fear?"

"On tenterhooks?"

'Aren't you the leader of this floor?' Yunxiao frowned. What's there to be worried about?"

PU Tong said bitterly, "this level is the thirty-second level. You must have come from the thirty-third level, right? that level is like a land of exile to us, without any cultivation resources." And the thirty-second level could only grow these low-level creatures. Although there were many of them, they were useless. I lived on the eleventh floor for a long time, and I was doing well. Later, I was ambushed and was seriously injured, so I escaped."

He gritted his teeth as he spoke, his eyes filled with resentment and hatred.

Yunxiao was speechless. Where there were people, there would be a martial world, and even this sealed land was no exception.

"Which floor have you been to at the very least?" asked lingmu di.

PU Luo said, " I've been to the fifth level. At that time, I was summoned by Lord Pu Li to fight with Lord Pu Shu. That battle was really earth-shattering. A large number of experts died and the demonic Qi was devoured and divided by the others. I also survived that battle and ate a lot of other people's demonic Qi. That's how I have my current cultivation and was given the position of manager by master Pu Li. Unfortunately, I was ambushed by someone."

The two of them frowned when they heard this. Not only did this place give birth to a large number of living creatures, but it also formed many gangs and factions, forming many forces. It was simply inconceivable.

so, is this guy called Pu Li the manager of the fifth floor now? " Yunxiao asked.

PU Tong shook his head and explained,"starting from the sixth floor, each floor has a manager. Some manage a floor by themselves, while some manage a floor with several people." However, from the second to the fifth floor, they were managed by three lords, Pu Li, Pu Shu, and PU Zai. For countless years, for the control of the first few layers, there were countless killings and the managers changed for many generations. In the end, the three lords came to an agreement to jointly manage the lower layers, and this avoided the disputes."

"Then do you know that there's an array spirit in the thirty-third level?" lingmu di asked, puzzled.

"Formation spirit?"

PU Tong shook his head and said, " I don't know. However, it is rumored that there are more powerful people in the second layer. However, small figures like us can't get in touch with them. We don't know if it's true or not. If there is one, it might be the formation spirit you all were talking about."

it seems that we have to go to the second floor to find out the details of this seal and array, " Yunxiao said. I'll have to go there.

PU Tong was frightened, looking at the two of them in surprise. although the two of you are strong, you are definitely no match for the three lords. Let alone the second level, even the third level will be difficult to pass.

“The third level?” lingmu di asked. Don’t the three lords live on the second floor, which is closest to the demon master’s territory?”

PU Tong shook his head. most of the three masters live on the third floor. They rarely go to the second floor. After all, the second floor is too close to master PU. No one knows what kind of danger there may be.

Yunxiao and lingmu di exchanged a look. They were almost certain that there must be something more powerful on the second floor.

“Let’s go. We’ll go to the second level and find the true ruler of the thirty-third level.”

Lingmu di looked at PU Tong and made a hand gesture, “Please lead the way,”

“Lead, lead the way?”

PU Tong was startled. He begged, “ please spare me, my Lords. I only dare to do whatever I want on the thirty-second floor. I’m just a nobody on the fifth floor. I haven’t even been to the fourth floor. How can I take you? ” The two of you should find someone else.”

then let’s go to the fifth floor first, ” Yunxiao said. don’t play any tricks, or I’ll kill you as easily as killing an ant.

PU Tong’s face was a little pale. However, if he sneaked into the fifth floor, he would be discovered easily as long as he was careful.

He rolled his eyes and said, “ it’s not a problem for me to take the two of you to the fifth level. However, I hope the two of you can help me with something. I have an enemy on the eleventh level. I hope the two of you can help me kill that enemy.

Yunxiao slightly tilted his sword and pressed it against PU Tong's neck. A stream of golden blood flowed down as he said coldly, "The benefit of letting you lead the way is that you can exchange it for your life, and you're even giving me other conditions?"

PU Tong was so scared that his face turned pale. He said hurriedly, "I don't dare, I don't dare. I'll take the two lords down first."

Yunxiao stared at the Golden blood and said, "Do all the living beings here have golden blood?"

PU Tong shook his head. not necessarily. Those with golden blood all have purer devil essence. They can be considered as master PU's direct descendants. He revealed a proud expression.

I see," Yunxiao said. let's go.

He put away his sword and let PU Tong lead the way.

PU Luo instantly felt the pressure on him disappear and heaved a heavy sigh of relief. However, he didn't dare to act rashly and led the two of them in flying.

...

On the thirty-second floor, they didn't encounter any other creatures. After all, PU Tong was the master of the first floor, so no creatures dared to approach her. After several hours, they finally saw a vortex that looked like a Nebula. They flew in.

The thirty-first level was obviously more oppressive than the thirtieth level. The demonic Qi and astral winds inside were also stronger.

The few of them had a peaceful journey. Occasionally, they would encounter some blind monsters, but they were all killed by PU Tong, and the devil Qi was devoured by him.

Moreover, the space below seemed to become smaller layer by layer. The entire space of the thirty-three layers seemed to be conical in shape. The top layer was the largest, and the second layer was the smallest. This was in line with the inference that space had evolved from the seal.

The lower they went, the more powerful the creatures were, but their numbers were also decreasing, unlike the floor under PU Tong's control, where thousands of monsters would gather at once.

Several days later, he finally reached the eleventh floor, which was the place PU Tong used to control. His eyes were filled with a gloomy look.

The few of them continued to fly. Suddenly, four beams of light appeared in front of them. They flickered and arrived in front of them. They shouted, "Who is it? Stop!"

Along the way, they encountered many obstacles, but there were very few creatures with intelligence. Although the four people in front of them looked strange, and one of them even had a pair of wings on his back, it was clear that they all had intelligence.

"You four guard dogs, why don't you recognize this Lord?" PU Luo sneered.

The four of them were shocked. The single-horned monster at the front cried out, "P-p-p-PU!"

"Weren't you expelled from the eleventh floor and never to return?" another person cried out in shock.

...

PU Luo said coldly, "never return?" Hmph, the day I return will be the day that PU tu dies!"

The four of them were shocked. They immediately turned around and wanted to leave. With their current strength, they were no match for PU Tong.

"You want to leave? Hahaha!"

PU Tong laughed wildly. He flicked his right hand, conjuring a long spear and thrusting it forward.

One of them was caught off guard. In a panic, he tried to grab the spear with both hands, but he could not stop it. With a "Chi", the spear pierced through his heart.

"Hahaha!"

PU Luo's eyes were filled with the anger and joy of revenge. He opened his mouth, which was the size of a round table, and swallowed the man.

His stomach bulged with a rumble. He touched it with his hand and digested it, returning to normal.

The other three people were even more shocked and fled for their lives. In the blink of an eye, they had flown several thousand feet away.

Seeing that he couldn't catch up, PU Tong hurriedly turned around and said, "My Lords, we can't let them escape. If PU tu finds out that we're here, he'll definitely send an Army to stop them. It'll be troublesome then!"

Yunxiao stared at him gloomily and said in a cold voice, "You brought us here on purpose, right?"

A stream of killing Qi materialized and locked PU Tong like a strong wind. If he moved, he would be ground into a meat paste.

Chapter 1906-sweeping the demons

PU Tong shivered in fear and said with a trembling voice, "No, no,"

His face was as white as a sheet of paper, and his flickering eyes clearly showed that he was lying.

Yunxiao snorted heavily. With a flash of inspiration in his eyes, the killing intent immediately cut into PU Tong's shoulder and cut off one of his arms.

“Ah!”

PU Tong screamed. He was in so much pain that his head was covered in cold sweat. However, he didn't dare to move. His teeth were chattering as he looked at the scene in fear.

Yunxiao retracted his killing intent and said coldly, “This is a small punishment. If there's a next time, I'll directly cut off your head!”

“Yes, yes, thank you for your mercy, my Lord!”

PU Tong nodded continuously. He didn't dare to restore his empty arm.

It was only then that Yunxiao's eyes turned into blood as he looked into the distance. The three men who were running away suddenly froze, and the space around them changed.

The three of them flew for a long time before they suddenly discovered that the space had changed, and they had returned to their original spot. Their faces turned pale, and they knew that they had encountered an expert and could not escape.

PU Tong was also dumbfounded, and his heart was cold.

He had indeed brought Yunxiao and the others here on purpose to provoke these four people, and he had even let a few of them go so that they could inform the others.

Seeing that the three of them had flown thousands of feet away, they must have escaped, so they quickly put on an act and asked Yunxiao for help.

Who knew that this person's magical ability was so powerful that he could directly distort space and shrink the distance of several thousand feet into inches, making the three people return to their original point.

The other three and PU Tong were petrified. They stood still, not knowing what to do.

do it now! Yunxiao said coldly. if you want to kill me, do it now!

PU Tong's body trembled. He immediately came back to his senses and shouted, sweeping the devil spear toward the three of them.

He was strong enough to kill the four of them, but he let them go on purpose. He didn't dare to be rash now. Although he only had one arm left, he still had more than half of his strength.

The three of them were already in despair, and they had lost all their fighting spirit. After fighting for more than ten rounds, they were killed by PU Tong. After he swallowed them, their broken arms recovered a lot.

"Let's go," he said. Yunxiao said coldly.

PU Tong trembled and didn't dare to play any more tricks. He hurriedly flew towards the vortex of the eleventh level with the others.

After that, the road was very smooth, and there were very few obstacles. He didn't know if there were fewer creatures or if PU Tong had become more obedient.

Soon, they arrived at the entrance to the fifth floor. Astonishing devilish Qi rolled out, not any weaker than the ancient Devil's well, causing everyone to be shocked.

PU Tong stopped and said, "I can't go down there as I please. From the fifth floor onwards, I'm under the control of the three masters. If I go down without permission, it would be disrespectful to the three masters. It's enough to be sentenced to death.

Yunxiao looked at the vortex, but his divine sense could not reach the bottom at all. then, how do we find the entrance to the fourth floor if we go down by ourselves? "

PU Luo said, " I still know the location of the fourth level's entrance. I'll tell you the specific direction. However, I didn't enter the fourth level either.

With a flash between his eyebrows, he turned the coordinates he knew into divine sense and flicked it at Yunxiao.

With a sweep of his divine sense, Yunxiao had basically figured out the location. "If that's the case, you can leave. But if you dare to lie to me, you know the consequences."

PU Tong's expression was a little strange. the coordinates I gave you are real. But I'm not worried that you will come back and find trouble with me. Because if you want to go to the second floor, you will definitely be killed by the three masters. I'm sure of that.

Yunxiao was about to say something when he suddenly frowned and looked behind him.

A large amount of black light flickered, and soon, dozens of figures appeared and surrounded them.

The faces of those figures were basically human-shaped with the characteristics of the demon clan. They were all black, and some were even covered in scales. Only a few were in the form of beasts and birds, all of which exuded a powerful aura.

"Lord PU Qi!" PU Tong's face changed dramatically, he was shocked. His voice was trembling with fear and his face was ashen.

"Hmph, PU Tong, do you still recognize me?"

A rumbling sound came from the front, and a black chariot came from afar. Two men stood on it, and the one in front stood with his hands behind his back, his face cold and arrogant.

The person behind them stood humbly at the side, the corners of his mouth filled with ridicule and a cold smile. He looked at them mockingly as if he was looking at dead people.

“PU tu!” PU Tong was shocked and cried out, “PU tu!” So it’s you, you animal!” His eyes were full of anger as he stared at the person who sneered. He wanted to pounce on him and eat his flesh.

PU tu laughed coldly. haha, PU Tong, you’re really bold. How dare you bring an unknown person into the fifth level? if the three lords knew about this, they would definitely burn you to ashes!

PU Tong’s face was full of despair as he gritted his teeth and said, “Even if I have to be turned into ashes by the three lords, I will still kill you!” The devil Qi on his body was fluctuating violently and extremely unstable.

The person in front of PU tu said coldly, “there’s no need to trouble the three lords for such a small matter. I’ll just smack the flies and ants to death.” What I find strange is, where did these people come from?”

The man’s eyes fell on Yunxiao and lingmu di, then on the heaven patrolling bullfighter and the crocodile, and he looked deeply puzzled.

“You’re right, my Lord. There’s no need to alert the three lords to kill PU Tong.” PU tu bowed. As for these people, I’ve never seen them before, so I don’t know where they came from. These people killed four of my subordinates and are extremely powerful. I didn’t dare to act rashly, so I followed them all the way here. However, I didn’t expect them to be so bold as to try to sneak into the fifth floor. I’m afraid there’s some kind of shocking conspiracy against you three lords.”

“PU tu, you despicable man! How dare you slander me!” PU Tong shouted angrily.

“Hmph, slander? Just now, I saw you trying to sneak into the fifth floor with my own eyes, and you even gave the coordinates of the fourth floor’s entrance to these people, how can you deny it?”

PU tu laughed coldly, “not only me, even Lord PU Qi has seen him.”

PU Qi nodded. PU tu’s words are true. You’ve already committed a crime worthy of death. Do you want to commit suicide to preserve your dignity? or do you want me to take your lowly life? ”

PU Tong's face turned pale as she took a few steps back in horror and hid behind Yunxiao.

since you'll die if you stay," Yunxiao said, " come with us to the fifth floor. Maybe you'll have a chance to survive.

PU Tong's body trembled, and his eyes were full of confusion.

"The fifth floor? Do you think I'm just a decoration?"

PU Qi snorted as anger surged up his brows and he shouted, take them all down! Kill anyone who resists!

Those dozens of subordinates immediately rushed over. There were also several strange birds in the sky. They looked like monkeys, but they had wings. They suddenly plunged down and let out "Zhi Zhi" sounds from their mouths.

Unhurriedly, Yunxiao took out a Bell from his palm, picked up the heavenly hammer, and struck it.

"Dang!"

...

An ancient sound rang out, and the sound waves swept out like ocean waves. There were Thunderbolts rolling in it, like the roars of sea beasts and the sound of war drums.

"Squeak!"

The sound waves struck all the flying monkeys, causing them to be electrocuted. They cried out in pain.

"Clang! Clang!"

The bell rang again, and time seemed to have stopped. Only the ancient sound was left in the world, stirring people's hearts.

The demonic creatures and monsters' expressions changed drastically, and they hurriedly covered their ears, which were bleeding.

"Dang!"

With another strike of the hammer, the sound of the bell was short and rapid, but the lightning penetrated the bell and shot out. It shot into the body of a tall monster, and with a "bang", it exploded into minced meat.

While striking the bell to suppress the demons, Yunxiao performed incantation gestures with one hand. A ring of lightning emerged on the incantation gesture, which kept accumulating power.

The color of the ring of lightning turned from light green to dark green. Its potential increased sharply, and even the space was distorted under the pressure of the lightning.

"Stop!"

...

PU Qi was shocked, his eyes almost popped out. The destructive power of that ring of lightning was strong enough to kill all of his subordinates, causing him to break out in cold sweat.

Who were these people? How could he be so strong!

He couldn't help but feel angry. He looked at PU tu and said, "You actually brought this Lord to deal with such a strong expert, you deserve to die!"

PU tu was also scared out of his wits, and he could feel PU Qi's killing intent. He hurriedly waved his hand, "Your Excellency, I, I don't know either!"

"You don't know? Hmph, then I'll use my life to compensate for your ignorance!"

PU Qi's eyes flashed with killing intent as he instantly made his move.

Although PU tu was already on his guard, the difference in strength between the two of them was too big. His defense was instantly broken and his heart was crushed by PU Qi's fingers.

After killing PU tu, PU Qi looked at the flickering green lightning and the continuous ringing of the bell that shook his blood and Qi. He quickly said, "This friend, this is all a misunderstanding. Please stop!"

Yunxiao ignored him. He raised his left hand high, and the ring of Thunder stars continued to expand and spread out, turning the entire world into a sea of thunder and lightning.

"Thunder World!"

"BOOM!"

Dozens of demonic creatures were swallowed by the ring of lightning in an instant and exploded thousands of feet away. The world turned from darkness to green.

PU Qi's war chariot was also smashed into pieces. Under that attack, although he wasn't injured, he understood that he wasn't a match for this person in front of him, so he immediately turned around and fled.

Since he had already killed the man, Yunxiao would not let him escape.

A huge figure suddenly appeared in front of the Thunder World. His entire body was covered in lightning. He clenched his fist and punched down. That punch was like a Lightning Dragon falling from the nine Heavens to the earth!

These demonic creatures had never seen lightning in their entire lives since they were born in the land of the seal. The shocking power and the extreme yang and unyielding attribute just happened to restrain them.

PU Qi was immediately scared out of his wits, his body rapidly expanded as he waved his fists, a fist light covered the sky, trying to block that vast fist!

“BOOM!”

The lightning Fist landed on the black fist shadows that filled the sky, causing the sky to suddenly burst open. The green fist power fell down and shook into the sky, completely swallowing PU Qi!

Yunxiao performed an incantation gesture and put away the ancient Bell and the hammer. Only then did the lightning in the sky dissipate and return to darkness.

However, the darkness was unusually quiet. It had been filled with people just a moment ago, but now it was deathly silent.

PU Tong was completely dumbfounded, standing on the spot with his mouth wide open.

Under the Thunder World, not only were there no remains of those demonic creatures, even their demonic Qi had been swept away. A large amount of righteous Yang Qi spread in the air.

PU Tong's face was paler than before. After a while, the blood returned to his face, and he looked better.

He knew that Yunxiao was strong, but he did not expect him to be so strong that Lord PU Qi, who was second only to the three lords, could not even withstand a single move from him!

Chapter 1907

1907 The fifth level

“Let’s go,” he said.

these people are all dead,” Yunxiao said faintly. the three lords will definitely blame you for this. If you don’t follow us, you will die. But if you follow us, you might have a chance to live.

PU Tong knew that he was telling the truth. He nodded and said, “Alright, I hope that the two of you can save my life!”

He immediately took the lead and flew into the whirlpool, not daring to have any second thoughts.

Yunxiao, lingmu di, and the others also followed him and flew down from the vortex.

At the same time, somewhere in the sealed land, there were nine copper lamps that were lit up with a weak light.

The copper lamps were arranged according to some kind of formation, and an old man sat cross-legged inside. His face was dull and full of wrinkles. He was like a corpse, as if he had not moved for hundreds of years.

Suddenly, the old man opened his eyes and revealed an extremely shocked expression, causing the bean-like lights to flicker and jump, illuminating the figures.

“The dynasty Bell! It’s my dynasty Bell!”

The old man was a little excited, and his whole body trembled.

Her skin, which was originally as pale as a corpse, suddenly became moist. All the wrinkles began to relax, and blood could be clearly seen flowing in her blood vessels.

“Who on earth entered this sealed land and even brought my dynasty Bell!”

A moment later, the old man's face had completely changed. He had white hair, a ruddy complexion, and Jade-like skin.

The old man's figure flickered and disappeared into the nine copper lamps. The bean flame also went out with a "PU PU PU" sound.

After Yunxiao and the others entered the entrance of the fifth floor, they could clearly sense that the devil aura was much denser than before, almost as strong as the ancient Devil's well.

PU Luo said, " from this level onwards, you'll only be valued by the three lords. One day of cultivation in there is equivalent to several days in the sixth level. Anyone who can receive rewards from the three lords will be allowed to cultivate in there. That's a great honor and fortune. Back then, I fought for Lord Pu Li. After the 3 Lords made peace, I was granted the right to train in the fifth floor for three years. That's how I have the power to manage the eleventh floor."

When he said this, he suddenly thought of PU tu. He thought that PU tu was dead, and all his hatred disappeared. If he could survive this time, he might be able to return to the 11th floor and take over again.

However, when he thought about how he had offended the three lords, it would be difficult for him to survive. He hoped that he could have a chance of survival if he followed these two people.

"We're almost there, be careful. There are people guarding the entrance!"

PU Tong said in a deep voice as he looked ahead. There was a faint pressure coming from the exit.

there are four of them in total, " Yunxiao said. their strength is only equivalent to that of a mid-tier six-star Martial Emperor. They are even weaker than PU Qi.

PU Tong was speechless. PU Qi was an existence second only to the three lords, but in his eyes, he was so weak. He did not know what kind of realm a mid-tier six-star Martial Emperor was, but he was surprised that Yunxiao could sense the strength of the other party's cultivation base.

we still don't know who the real master of this sealed land is," lingmu di said. try not to kill anymore and rush over.

"Alright!"

Yunxiao's body transformed into a Thunderbolt and wrapped everyone up. In a flash, he had fled thousands of feet away and rushed out of the exit.

"What's that?"

As expected, there were four guards at the exit, and their vision blurred as Azure light flashed. When they looked again, they had already disappeared.

"That was Yingluo just now."

"It can't be a layer of light, can it?" one of them said in shock.

The other man was shocked and cursed,"what's with your eyes!" It should only be an energy beam. How could there be such a fast light in the world! The sixth floor seemed to have quaked just now. This beam of green light might be related to that quaking."

the power of vibration can penetrate the whirlpool directly to the fifth level," someone said in surprise. what on earth is happening up there? "

The last person said, " don't bother about it. Puqi will take care of the matters above. If he can't manage it, we can't do anything. Just guard this place well. Don't bother about anything else. Otherwise, the hard-won opportunity to guard this place will be gone.

yes, yes, yes. No wonder big brother has been guarding the fifth floor for hundreds of years and hasn't been removed. The others have been replaced every three to four years. So there's a reason for this. I really envy others.

“Hmph, I don’t have any other techniques, I’m just leaving things as they don’t concern me. This way, not only will you be able to stay on the fifth floor for a few more years, you’ll also be able to live longer.”

The guards chatted for a while before they shut up and continued to cultivate.

The Thunder escape flew for tens of thousands of feet and stopped when it was out of the guards’ detection range. Yunxiao retracted the Thunder light and his aura, and the surroundings darkened in an instant. One could not even sense any primordial energy fluctuations from him.

PU Tong was astonished, and he had a whole new level of respect for this man in front of him. Perhaps he could really find a chance to survive by following them.

He continued to explain, “ although the fifth level is controlled by the three lords, there are very few cultivators. Most of them are assigned to creatures of other levels who have made contributions. Moreover, this level has a great function. It’s a place for duels. Any creature that wants to fight to the death can apply to enter.”

The density of the devil aura on the fifth level was already comparable to that of the ancient Devil’s well. When Yunxiao scanned it with his divine sense, he found that some of the extremely dense devil aura had stuck together on its own like clouds and kept condensing, as if it had the characteristics of the lowest creature, just like the embryonic form of a fiend.

PU Tong suddenly opened his mouth wide and bit a ball of concentrated devil Qi in front of him, swallowing it in one bite.

hehe, these things are great tonics. It’s impossible to have them on the fifth floor and above.

He licked his lips and explained to Yunxiao and the others in embarrassment.

The crocodile was also devouring the astral winds along the way. It was having a great time eating, and its twinkling eyes became sharper. It seemed that its strength had improved a lot.

Yunxiao patted the crocodile's head and said, "Don't waste time, there should be better things down there."

Although he was talking to the crocodile, PU Tong's body trembled as if he was being scolded. He didn't dare to eat the demonic Qi anymore, running away quickly.

After a few hours, a huge land appeared in front of them. Not only were there wastelands and mountain ranges, but they also saw rivers and lakes for the first time.

Gusts of Yin wind blew over the lakes, and powerful auras seeped out from time to time as the water churned.

"It's Lake above Yin, the only lake above the fifth layer. I don't know if there's anything below. There's a monster called 'Yin above' in this Lake, hence the name." Explained PU Tong.

As they were flying close to the surface of the lake, Yunxiao suddenly stopped and said, "What is that 'above Yin'?"

PU Tong shook his head. I've never seen it before. I heard that it has a fish head and a human body. It can control the water-kind creatures, and it's huge.

can this thing be hidden in the astral wind?" Yunxiao asked.

PU Luo was stunned for a moment. He shook his head and said, "I don't know about that. Since this demon is a creature of the water, it shouldn't be possible, right?"

Yunxiao put two fingers together and waved them forward. Immediately, the fog on the lake was cut open, and the strong wind around them dispersed like a curtain.

"?!"

...

PU Tong was startled. A huge fish head appeared in front of them, and its eyes were staring at them. It's the monster above Yin!"

PU Tong cried out. The fish head was too big, and he was so scared that he immediately turned around and ran away.

However, the fish-headed monster opened its mouth and took a deep breath. Immediately, waves of wind rose in the lake, and a large amount of air was sucked into its stomach. PU Tong was pulled by the force, and he rolled a few times in the air before flying backward.

"My Lord, save me, save me!"

Yunxiao, lingmu di, the crocodile, and the heaven patrolling bullfighter were all standing in place, safe and sound. No matter how the air was torn, they could not move them at all.

The crocodile suddenly darted out and turned into a gust of strong wind, which wrapped buluo up and dragged him down from Yin Shang's mouth, then flew back to Yunxiao's side.

"Thank you, my Lord. Thank you, my friend," he said in a hurry, trembling. He didn't know how to address the crocodile, but it had saved his life, so he could only call it a friend.

The crocodile was intelligent. It turned its eyes to look at him, then turned back to stare at the front.

Yin Shang let out a few strange cries when he saw the flesh in his mouth fly away. He clapped his hands together in front of his body, causing countless splashes.

The splashes of water stopped in the air and formed into beads of water, which were shot out.

"What?"

...

Yunxiao was surprised to see that the water droplets had grown wings in the air. They were actually some kind of transparent insects, as lethal as marbles.

“The water element of the world!”

Yunxiao cupped his hands in a circle in front of him, and a ring of watery light spread out. The water energy that filled the sky formed an enchantment, and all the insects were immediately stuck to it as soon as they touched it.

Primordial energy came out of Yunxiao’s palms and rippled out. All the insects struggled with all their might, but they could not break free.

The fish eyes above Yin widened a little, and it suddenly turned its head down, wanting to return to the lake.

although this thing looks demonic, its intelligence is still acceptable,” Ling mudi said. it knew that it was no match for us and was about to escape. Let it go.

Yunxiao nodded, and as he poured out his energy, the water barrier exploded, sending countless splashes into the air. All the bugs were killed and fell into the water.

The monster above Yin didn’t dare to show its head again, and the journey was calm and peaceful.

The group quickly flew over the lake and entered the sky above the mountain range.

There were many powerful Qis shooting up from below, and at a glance, one could see green light and moss everywhere, exuberant.

Lingmu di said, “ I can understand that the power of the seal could evolve into the 33 layers of space. But for such a huge continent, it would be very difficult to evolve without the origin of earth. Now that I think about it, there were indeed several powerful earth-type Supreme treasures that were destroyed back then. Perhaps it was the fragments of those things that evolved into the land.

PU Tong didn't understand what he had just heard. He pointed to the front and said, "The entrance to the fourth layer is in the center of this continent. There's an abyss that leads straight down, but it's heavily guarded, so it's very difficult to go down. However, with your abilities, it's not a problem."

you think too highly of us," Yunxiao said. one of the guards is very strong, and he has already discovered us.

Chapter 1908-ordinary

"What?"

PU Tong was shocked. At this moment, they were still thousands of miles away from the abyss. Although the guards were all elites of the fifth layer, it was still impossible for them to lock onto the enemy from thousands of miles away.

He had some doubts in his heart. Although he did not believe it, he believed in Yunxiao's strength and judgment.

After the time it took to brew a cup of tea, they flew to the center of a mountain range. Below them was a huge abyss, where demonic Qi and cold wind kept coming in and out.

On one side of the abyss, on the peak of a mountain, a group of people stood quietly. All of them had strange and hateful faces. Their powerful auras were drawn but not released. They looked at the few of them coldly, as if waiting for their arrival.

A throne was placed at the very front, and a man with two horns on his head was lazily sitting on it. His hands were crossed in front of him, as if he had been waiting for a long time.

"Lord, Lord Pu Shu!"

Seeing the man, PU Tong was so scared that he almost fell down. His face was completely pale.

The man raised his head and swept his cold eyes over Yunxiao and the others, and then his eyes fell on PU Tong. "I remember that you're one of Puli's subordinates, right?"

PU Tong was so scared that he trembled and said, "Y-Yes, my lord."

Pu Shu waved his hand and said, " don't be nervous. I know that you were forced by these people. Don't worry. I won't make things difficult for you.

PU Luo was stunned for a moment, how could he be so reasonable? He almost thought he had heard wrong and hurriedly said, " "T-thank you, my Lord."

Pu Shu looked satisfied, then turned to Yunxiao and Nangong wuque and said, " "Are the two of you from the thirty-three heavens?"

Yunxiao sized up the man in front of him. He was taller and stronger than ordinary humans, with bright eyes and extremely high intelligence. His entire body exuded the aura of a superior. Although his expression was calm, the divine light in his eyes contained a pride that was difficult to hide.

All of his spiritual sense was completely devoured by the darkness in front of him, but under the inspection of his wondrous spirit eyes, this person's strength had most likely reached divine transcendence.

"Yes, I am." Yunxiao answered unhurriedly.

Pu Shu's expression changed drastically. He slapped his right palm on the armrest with a "pa" sound. His five fingers directly crushed the stone armrest into pieces. He could not hide the shock and excitement in his heart.

The demonic creatures behind him were also shocked. All kinds of exclamations rang out, and whispers could be heard.

"You two really are from the outside world! May I ask how it came to be?"

Pu Shu's eyes lit up and he stood up in excitement.

Yunxiao did not hold back. He said that he had been swept into the spatial turbulence in the explosion of a spatial Mystic artifact, and when he woke up, he was already here.

"A spatial Mystic artifact? Turbulent flow?"

Pu Shu was stunned for a moment and his face was full of disappointment. He shouted, "So you're saying that you entered by accident?" He sat back on the throne dejectedly and said, "Then you don't know how to leave?"

that's exactly why I'm here, " Yunxiao said calmly. you've been staying in this sealed place for a long time. Don't you have a way to leave? "

Pu Shu sneered, then snorted and said, "If I could leave, who would want to stay in this damn place?"

Yunxiao fell silent. To be fair, the cultivation resources here were good, but they were only limited to the lower few levels, and they were all occupied by the strong.

It was just that the space for everyone to move around was too small. It was indeed a little hard to accept that they would have to stay in such a place for their entire lives.

"Do you know where the formation spirit is?" lingmu di suddenly asked.

"Formation spirit?"

"How can you be so sure that there will be a formation spirit here?" Pu Shu sneered.

the array space has evolved into thirty-three levels, " Ling mudi said. without the array spirit, how can it be achieved? "

“It would be great if there really was a formation spirit, please follow me,” Pu Shu sighed.

“To where?” lingmu di asked, stunned.

Pu Shu laughed and said, “didn’t you want to go to the lowest level?” The bottom is where Lord PU is sealed. No one can go there. I’ll take you to the second floor.”

“Alright, thank you for your trouble,” said lingmu di.

PU Tong was a little stunned. He didn’t think that what he was worried about would be solved so easily. It seemed that Pu Shu didn’t mean any harm to them.

Pu Shu and the other demons flew into the abyss and led the way.

Yunxiao, PU Tong, and the others followed closely behind and entered the fourth floor. Even PU Tong was very nervous and nervous, as he had never been to this floor before. He kept looking around.

After entering the fourth floor, everyone’s divine sense was greatly suppressed. Yunxiao only felt that the power of his divine sense had been weakened by seventy to eighty percent, and he could only probe a very short distance.

However, he wasn’t worried. If this was the case with his powerful spiritual sense, there was no need to mention the others.

Pu Shu turned around and glanced at him. “Within the thirty-three heavens, the power that each level possesses is different. It is not only reflected in the acquisition of energy, but also related to the rules and comprehension. Take PU Tong as an example, no matter how hard he trains, if he can’t enter the fourth layer, he will be stuck at this level for the rest of his life, and it will be difficult for him to make any further progress.”

PU Tong was astounded. It was the first time he had heard of such a thing. He was stunned immediately.

But he knew that Pu Shu would never lie to him and that he was telling the truth. He couldn't help but feel a sense of sorrow in his heart. It turned out that all his hard work over the years had been in vain. The key to advancing was the location.

then, where do you usually cultivate, my Lord? " Yunxiao asked. have you also reached a bottleneck that you can't break through and need to go down to the next level? "

Pu Shu laughed and said,"haha, another level?" I'll naturally be cultivating on the second level. If I go down to the next level ... Hehehehehe ..."

Yunxiao seemed to have heard something, so he asked, " "How about the next level?"

"You'll know later," Pu Shu said.

They didn't encounter any obstacles along the way, and soon, they came to a Whirlpool. The demonic Qi and astral winds inside surged like a tsunami, hitting everyone.

"Be careful here. From the fourth level onwards, the passage down will be extremely dangerous," Pu Shu said.

After saying that, he led his subordinates into the vortex and disappeared.

Seeing Yunxiao not move, lingmu di asked in confusion, " "What? is there something wrong?"

this place suppresses divine sense too much, " Yunxiao said. I can't explain it clearly yet. I can only see some dangers, but they are nothing to us.

then let's go down, " lingmu di said. even Pu Shu has gone down. There shouldn't be any danger.

The few of them immediately dived in and discovered that there was actually a demonic fiend in the whirlpool. It let out a strange cry and bit towards them.

...

Naturally, these fiends could not hurt Yunxiao, but he suddenly stopped and stepped on the hard ground.

Looking down, the ground beneath his feet was like an iron plate. A suction force was growing, firmly holding him to the ground.

It wasn't just him, the other people were the same. It was as if their weight had increased by tens of thousands of times. The bones in their bodies were about to be crushed, and they couldn't even lift their feet.

The crocodile struggled to turn into an astral wind and spun on the ground. It could only rise a few meters high and returned to its crocodile form after a few breaths. It swayed left and right but could not break free.

"Not good, we're trapped!" Lingmu di exclaimed.

Pu Tong was sprawled on the ground, groaning in pain. His flesh, blood, and bones were all crushed together.

Yunxiao frowned. He felt a lot more powerful auras around him, all of which were floating in the air. He could not understand why they were fine.

"Hehe, don't you think it's strange?"

Pu Shu's voice was heard. Then, he appeared in front of them with a cold smile on his face.

it is a little strange," Yunxiao said honestly. why did you attack us? and why are you not affected by the local influence? I hope you can answer my questions.

“It’s actually very simple,” Pu Shu chuckled. First, since you were swept in by the spatial storm, that means you definitely can’t get out. Since you can’t get out, it means that you’ll stay in the thirty-three heavens for the rest of your life. In the end, you’ll have to compete with us for the resources in the lower levels. In other words, we’ll be enemies sooner or later.”

...

I understand, ” Yunxiao said. but you’re thinking too far ahead. I’ll definitely be able to get out.”

He didn’t know where he got his confidence from, but when he said it, Pu Shu was stunned as if it was true.

“Haha, it really does sound like that!”

Pu Shu laughed wildly. it’s not impossible to get out of this place. The simplest way is to break this formation. But can you do it? ”

“Break the mist of this formation.”

Yunxiao was silent for a moment. He could not do it, and even if he could, he would not do it.

Pu Shu sneered, “since you can’t do it, how can you get out of here?” Isn’t he still going to fight us in the end? The resources within the thirty-three heavens are too scarce, and there’s no room for you to take them.”

I’ll find a way out, ” Yunxiao said. I’ll find a way out.

“Haha, the ignorant are fearless!”

Pu Shu sneered and didn’t want to talk anymore. He waved his hand and shouted, “Kill him!”

His subordinates immediately rushed over, each of them grinning maliciously as powerful auras erupted from their bodies.

Yunxiao was taken aback. you haven't answered my second question yet, " he said in a hurry. why are we the only ones bound here? "

"Would I be so stupid to tell you?" Pu Shu laughed. His eyes were filled with killing intent and mockery.

At that moment, many figures emerged from the darkness around them and gradually appeared in front of Yunxiao.

Those figures were divided into two groups, coming out from the left and right. When they got closer, they could feel the powerful aura.

"These people are just average. You're too sensitive," one of them said.

"Sensitive?" Pu Shu snorted coldly. Don't overestimate yourself. Although we can dominate the thirty-three heavens with our strength, we're not familiar with the creatures from the outside world. Who knows what kind of divine abilities and martial skills they have, so we must be careful. Moreover, they came to the fifth level alone without any injuries, so we have to be careful."

"It was only because that traitor led us to the fifth level that we were able to reach the fifth level," the other person said.

Pu Shu said unhappily, " stop talking nonsense. Since we've already started a war, let's attack together. Don't leave them any chance!

"Chance? Haha, with the three of us attacking together, plus this one hundred thousand times gravity, do you think you have a chance? Hahaha!" One of them sneered.

Yunxiao's heart trembled slightly as he knew that the three overlords of the thirty-three heavens had all arrived!

Chapter 1909-each taking a move

The figures of the people on both sides were gradually revealed. There were twenty to thirty people on each side, and they were all black in color, just like the environment.

PU Luo's voice trembled, "Lord, Lord Pu Li!" His face was as pale as a sheet of paper. No one knew if it was caused by the pressure of a hundred thousand times gravity, or if it was because he was quite frightened when he saw his superior.

A tall figure on the left sneered, "Master PU Tong, I don't know you. Don't try to establish a relationship with me at this time."

PU Tong, "hehe."

"Why are you still talking nonsense with them? just activate the little Hong Meng land tablet and send them to the West!" The person on the right said coldly.

"Good!" Pu Shu and Pu Li shouted at the same time.

The person on the right was PU Zai. He formed a seal with one hand and pointed down. At the same time, he threw out a Jade tablet that turned into countless runes.

Pu Shu and Pu Li also sent out their Jade tokens at the same time. However, their colors were different. They were red, green, and purple. They gathered in the sky and formed a white mist of light that surged. A large amount of talisman light rolled inside.

The place where Yunxiao and the others were standing also lit up, and a pillar of light soared into the sky, reaching up to the White mist, like a prison.

"Ah!"

PU Tong let out a miserable scream. All of his bones were broken, and his muscles were pressed into a paste.

The gravity on the land card was still increasing!

PU Zai and the other two wore cold faces, sneering. They looked like turtles caught in a jar, waiting to see these people get crushed by the gravity.

Lingmu di frowned and stared at the ground for a while. "It really is a fragment of the primordial land tablet. Are these the remains of a few powerful Supreme treasures from back then?"

Yunxiao's body glowed with a golden light, and even his imperishable golden body felt uncomfortable under the pressure, let alone the others.

The crocodiles almost couldn't maintain their form, and they turned into wind shapes, spinning on the land cards.

be careful! Yunxiao shouted. be careful!

He raised his hand, and the Tusita heavenly peak flew up, emitting six-colored lights. Just as it flew into the sky, it suddenly sank down and smashed the land card!

The Tusita heavenly peak was made up of six earth elements and its weight was immeasurable. At this moment, it was 100000 times heavier!

As soon as the mountain appeared, PU Zai and the other two immediately felt something strange. They had a bad feeling.

However, before they could react, the moment Tusita peak fell, the space exploded. Before the six-colored light could land, the land card shattered into countless pieces, turning into fine powder that scattered in all directions!

"Hu hu!"

The powder from the broken profound level weapon exploded on the group of demons. Everyone was caught off guard and was not prepared at all. The powder was splashed all over their bodies, and it was so densely packed that it hurt.

“Ah!”

Many demons were in so much pain that they gritted their teeth and screamed.

At this point, the Tusita heavenly peak had already expanded to ten times its original size. The surrounding space revolved around it non-stop, and the range of its influence was expanding.

how did this happen?!

Yunxiao was taken aback as well. He could sense that the weight around Tusita heavenly peak was extremely heavy, like an extreme point formed by the condensation of countless masses. It was almost infinite in weight, smashing out a black hole that shrank down and kept devouring the surroundings.

“Be careful!” Lingmu di shouted. The weight of the Tusita heavenly peak has increased by more than ten times. This layer of space can’t take it and is about to collapse!”

spatial collapse?!

PU Zai and the others were all dumbfounded. They didn’t understand what the collapse of space meant, but it didn’t seem to be a good thing.

Although the primordial chaos land tablet could increase its weight by a hundred thousand times or even higher, it had to be under the rules of this level.

Meanwhile, the Tusita heavenly peak was affected by the land card, and its gravity instantly increased by more than ten times. It completely crushed the rules of space, and the entire land card and the first layer could not bear it and exploded instantly.

The entire space of the fourth level started to shrink at an extremely fast speed with the Tusita heavenly peak as the center. It announced the complete destruction of the first level.

Not only was the fourth layer destroyed, but the upper and lower layers, the third and fifth layers, also moved towards the center and gradually merged into one.

Yunxiao had also noticed the change. After the fourth layer completely shrank into the black hole created by the Tusita heavenly peak, an extremely thin and narrow horizontal plane emerged where the fourth layer was.

It was not a single plane, but the difference in the density of the demonic Qi between the third and fifth layers was too great, thus forming two distinct worlds.

The surface spread up and down, which meant that the two spaces had begun to merge.

Not to mention PU Zai and the others, even Yunxiao and lingmu di were a little stunned by this change.

No one knew how heavy the Tusita heavenly peak was, but it was able to wipe out a layer of space when it multiplied tenfold in an instant. Even a void extreme divine realm expert would be crushed to death by such a powerful force.

After the fourth level was completely wiped out, the distortion force around the Tusita peak disappeared.

Yunxiao patted the Tusita peak and put it away. Then, a flash of lightning surged out of his body as he performed a Thunder incantation with both hands.

The Thunder Star Ring spread out and covered the entire area. He was like the God of Thunder, holding the hammer with one hand and coldly looking at the demons.

PU Zai and the others shivered, recovering from the shock. They felt the surging Thunder ocean, which was like the power of an entire world, and couldn't help but be shocked.

“Your Excellency, please wait!”

Pu Shu was the first to call out. He wiped the cold sweat on his forehead and said awkwardly, “We were presumptuous before. Since you have such a world-shaking profound level weapon, perhaps you can really leave. As long as there’s hope of getting out, you and I will no longer be enemies, but friends!”

“Friend? Just now, you wanted to kill us, how can we become friends so easily? the three of you each take a move from me, and if you don’t die, then you have the qualifications to talk about being friends with me!”

As soon as Yunxiao finished speaking, he performed a Thunder incantation gesture, and his figure turned blurry.

Pu Shu and the other two were both shocked and angry. They didn’t expect that their opponent would think so badly of them that he wanted to kill them with one move. That kind of shame and anger was even worse than shock!

“Alright, I’d like to see how you’re going to defeat us with a single move! Are fanatics from the outside world so contemptuous?!”

Pu Shu gave an angry roar. With a flash of green light, Yunxiao, who had disappeared, reappeared in front of him and thrust his palm at him.

He had thought that the other party had made a promise of one move and then suddenly disappeared, so he was bound to take advantage of the situation. He did not expect that the other party would make such a move so openly, completely disregarding him.

“Waa waa!”

A large amount of demonic Qi gushed out of his body and formed a seal.

...

Under Yunxiao's Thunder incantation, purple Thunderbolts shot out like sharp swords, piercing through the demonic seal and blasting into Pu Shu's body!

"Bang! Bang! Bang! Bang!"

In the dark thirty-three heavens, there was no such thing as lightning, let alone the world-destroying purple lightning.

At first, Pu Shu's hands exploded, and his two arms were shattered one after another. Then, a large hole was blasted in his chest, and he screamed in pain.

A large amount of demonic Qi gushed out from his body like a deflating leather ball. A mass of black Qi enveloped his entire body, and a large number of demonic fiends' strange cries could be heard from within.

"Dispel!"

Pu Li and Pu Zai were startled, and their faces instantly turned pale.

Pu Shu was in a state of dismemberment at the moment. The demonic Qi that he had accumulated over thousands of years was leaking out crazily. Even if he didn't die, his strength would fall.

Their hearts fell into the abyss, and they knew that they had encountered an unprecedented master!

What terrified them even more was that after the attack, Yunxiao gave them a cold glance and disappeared again.

The two of them were so frightened that they hurriedly retreated and dispersed their demonic Qi to protect the surrounding 300 feet.

...

Pu Li grabbed with both hands and a demonic blade appeared. There were more than ten demonic heads on the blade. All of them opened their mouths wide and spat out demonic Qi.

As he waved it, it turned into a sea of saber shadows that flickered around him.

PU Zai, on the other hand, put his hands together, and a bottle emerged from the top of his head, hanging three feet high.

There were many runes drawn on the bottle, and they seemed to come alive as they flew out of the bottle.

The two of them were on high alert, appearing in their strongest state.

Suddenly, a White Lotus flower appeared in the sky. It was half a mu in size, and the White Lotus was like fire. It was dazzling outside the pavilion in the dark night, and it slowly fell.

PU Zai's heart trembled as he knew that Yunxiao was here. He shouted and raised his hand.

The bottle seemed to have lost its support and fell directly. It was caught by both hands and shone up.

The mouth of the bottle was facing the Lotus, and PU Zai shouted, "Absorb!"

The Lotus trembled as if it had encountered a storm. The petals swayed in the wind and fell, all flying into the bottle.

"Hu hu!"

Just as the flower petal was about to fly into the bottle, it suddenly transformed into a demonic fiend.

The petals that filled the sky fell into bedevilment and flew over like a heavy rain. The space was directly burned.

“BOOM! BOOM!”

The White demonic fiends all exploded after they flew down. The sounds rose and fell, turning into a sea of fire that swallowed PU Zai.

“Ah!”

PU Zai’s miserable shrieks rang out as his entire body was set on fire. The bottle even exploded in the fire.

“Save me, save me!”

PU Zai screamed in pain and ran over to Pu Li, wailing, “Save me!”

Pu Li’s face turned white, and his heart was filled with endless fear. He waved his demonic blade, and a large amount of demonic Qi flew out. He then turned around and ran away with his blade.

With just two moves, one of them was killed, and it was hard to say if the other could survive.

This terrifying scene broke through Pu Li’s mental state and he didn’t dare to receive the attack. He was so scared that he immediately ran away.

Yunxiao materialized in the sky and was about to give chase when he suddenly froze.

He saw that Pu Li’s body suddenly flew up, as if he was caught and thrown over.

Pu Li’s body rolled a few times in the air before stopping in front of Yunxiao. He rose to his feet in a sorry state with his saber in hand, looking around in horror as if there were terrible monsters on both sides.

Yunxiao, on the other hand, completely ignored him as he looked ahead with his demon eyes.

An astral wind flashed past and blew past him. PU Zai's body also flew up and exploded with a large amount of demonic Qi. It stripped the ice fiend Heart Flame from his body and also began to enter the dismemberment state.

The astral wind blew in front of them, and an old figure gradually appeared.

The old man was dressed in a gray robe, his hair and beard were all white, but his face was ruddy and his eyes were bright.

"Your, Your Excellency!"

When Pu Li saw the old man, he was so scared that he couldn't stop trembling. He hurriedly came forward to pay his respects and knelt down in front of everyone.

Chapter 1910-esteemed Western shell

The old man waved his hand, and a strong wind blew, lifting Pu Li up.

At the same time, two wisps of demonic Qi gushed out of his body and wrapped PU Zai and Pu Shu up, interrupting their dismemberment. They were suspended in the air quietly and nourished by the demonic Qi.

The appearance of the old man shocked all the demons. They had only known that the three controllers were the strongest existences in the thirty-three heavens, but they had never known that there was such a mysterious powerhouse like the old man, who even master Puli had to kneel down in front of!

The demons were all stunned.

Pu Li's sharp eyes swept across and he shouted, "Hurry up and pay your respects to venerable Western shell!"

“Greetings, venerable Western shell!”

Under Pu Li’s pressure, the group of demons hurriedly came forward to pay their respects and directly knelt down.

The old man turned a blind eye to these existences, as if they were nothing in his eyes. He only looked at Yunxiao and the others, and finally his eyes fell on the heaven patrolling Bulldog. His pupils constricted and burst with a bright light.

“Heaven patrolling Bulldog, where did you get this?”

As soon as venerable Western shell said the name of the heaven patrolling Bulldog, his eyes rippled and flashed with a three-colored divine light.

“Swish!”

The heaven patrolling Bulldog raised its head and barked. Its huge body swayed a few times and its tail swayed up and down.

Yunxiao was taken aback. He turned to look at lingmu di, only to see that his eyes were tightly closed, and his face was as cold as divine steel, without any expression.

But, Yunxiao could see the emotional fluctuations in lingmu Di’s heart under the coldness. He closed his eyes, not wanting to reveal his emotions.

Yunxiao had some speculations about venerable Western Shell’s background, so he said, “Since you know this heaven patrolling Bulldog and are also in this sealed land, are you also an elder of the demon sealing war?”

Venerable Western shell trembled slightly, and the ripples in his eyes faded away, turning as clear as ever. He stared at Yunxiao and said, “Since you know about the sealed land and have come here, I’m sure you’re a fated person. Is the dynasty Bell with you?”

Yunxiao's heart jolted. When he rang the bell to exorcise the demon, did this man hear the bell?

He saw that Lingmu Di kept his eyes closed and didn't ask anything. He didn't know what he was thinking. Since this man was an elder of the demon-sealing war, he must be a friend and not an enemy.

"Yes," he replied honestly.

Yunxiao raised his hand, and a golden light flew up into the sky, turning into the Dynasty Bell.

All of a sudden, the Dynasty Bell glowed with a golden light, and the runes carved on the wall of the bell suddenly came to life. They appeared in the air and began to spin around the bell.

Yunxiao was taken aback. The bell had never been so lively before, and it was so active that it was almost beyond his control. He hurriedly reached out and grabbed it.

Dang! An ancient Bell automatically rang, and the sound waves rippled down, causing his palm to slow down.

The ancient Bell spun twice in the air and flew directly toward Venerable Western Shell, landing in his hand.

Venerable Western Shell's eyes were filled with nostalgia and excitement as he gently stroked the bell.

The ancient Bell gave out a jubilant chiming sound, and the flute didn't stop. It was a happy scene.

Yunxiao frowned, and he immediately understood the reason. The only person in the world who could control the Dynasty Bell better than him was the original owner of the ancient Bell!

"So you are the owner of this Bell!"

Yunxiao's eyes flickered with reluctance, but since the bell had fallen into the hands of the other party, it would be difficult to return it. Moreover, profound level weapons had spirits. If the host was not dead, it would be difficult for others to subdue it.

The dynasty Bell had been in his hands for some time, but he had never been able to fully control it.

Venerable Western shell touched the bell for a while, but he didn't put it away. Instead, he held it in his palm and said, I am indeed the owner of this Bell. I didn't expect to see you again in this life. How sad.

Venerable Western shell was clearly in a good mood. He stroked his beard and said with a smile, "This is all thanks to you."

Yunxiao smiled wryly in his heart as he cupped his fists and said, "Daren is the master of these 33 heavens?"

The smile on venerable siebei's face immediately disappeared, and his expression became serious. "I was just about to ask you, how did you all enter the 33 heavens?"

Because of the other party's identity, Yunxiao did not hold back at all. He shattered the cosmic disc, pulled it in by the power of space, and then explained in detail how he had entered this place on Noah's ship.

"Cosmic light plate, Noah's ship?"

"I've heard of the universe light plate before," venerable Xi bei muttered to himself. "Its full name was the universe extreme light plate, and it has the power to control time and space. It's said to have been owned by the ancient true dragon. I didn't expect it to split apart and eventually be destroyed."

Yunxiao smiled wryly. the explosion of the cosmic disc opened a Space Channel, and then we used the power of Noah's ship to travel through it. We only came here inexplicably because of the combination of two Supreme treasures and profound artifacts. Do you have a way to get out, my Lord? "

“If I could leave, I wouldn’t have been trapped here for 100000 years,” venerable Western shell said. However, the heavenly Dao has its own rules. Since you’ve appeared here, perhaps it’s your chance to leave. The profound level weapon you just destroyed was the Tusita peak?”

Yunxiao raised his hand, and a miniature Tusita peak appeared in his palm, emitting a strong six-colored light.

it’s indeed the Tushita sky peak, ” venerable Western shell said in surprise. it has six earth-elemental origins, and the patrolling Bulldog is beside you. You must have received the inheritance of the King of the North, lingmu di.

Yunxiao thought to himself, the lingmu flute is right behind me, but unfortunately, things have changed, and we don’t know each other.

“A layer of the Trayastrimsa heaven has been destroyed,” venerable Western shell said. “Perhaps this is the opportunity to open the seal. Please follow me.”

open the seal?!

what? ” Yunxiao was taken aback. if the seal is opened, won’t The Fiend Lord return to the world? ”

“The demon master today is no longer the demon master of the past,” venerable Western shell said. “Please follow me.”

After the third and fifth levels merged, not only did the space between the two levels change completely, but the entire thirty-three heavens was also changing. The change was slowly but surely influencing the entire thirty-three heavens.

Yunxiao and the others flew into the distance with master Xi bei, and Pu Li followed behind him. The demons were still kneeling on the ground, not daring to move.

Pu Shu and PU Zai were still lying in the air, surrounded and nourished by the demonic Qi. It was obvious that venerable Western shell didn’t want the two to die.

Soon, everyone arrived at the entrance to the second floor.

The Nebula vortex, which was exactly the same as before, floated in the air and rotated slowly. When everyone flew down, they felt that their feet were blocked by a force. It was very hard, and they could touch it but could not see it.

Yunxiao raised his foot and stomped it a few times, causing a series of banging sounds as he said in surprise, "What kind of barrier is this? it's so hard."

"Try breaking it," venerable Western shell said with a smile.

Yunxiao put two fingers together and casually pointed them in the air. Suddenly, a sword beam came slashing down with a bang and sparks, but it could not break the seal. In fact, it did not even leave a trace.

...

Yunxiao looked surprised as he frowned and fell into deep thought.

Venerable Western shell suddenly turned around and looked at lingmu di. "This puppet body is made of divine refined steel, but it's very new. Could it be that the sky outside can still make divine refined steel after losing the ten rules?"

it was indeed very difficult, " Yunxiao said. but I also worked hard to gather all the materials.

"I've troubled you," venerable Western shell nodded. He didn't ask any further and continued, " among the many materials, the divine steel is indeed the hardest metal that can be forged in this world. And what seals the entrance to the second layer is a steel barrier that is derived from the formation's power. It uses the name of the divine steel to give it the meaning of the toughest barrier.

it's so hard? " Yunxiao asked in surprise. how do we break it? won't it be troublesome to go back and forth between the second and third floor every time? "

“There’s no other way,” venerable Western shell said. “I can only use force to break through it, but it will recover automatically after a breath. You guys follow me closely. When I break this barrier, immediately go down.”

He looked at the ancient clock in his hand and caressed it affectionately. He was overjoyed and said, “With this Bell, it will be much easier to break the barrier.”

Venerable Western shell raised his right hand, and the dynasty Bell immediately flew up, emitting boundless golden light.

He then made a hand seal and struck it into the bell. The bell suddenly shook, and many afterimages appeared on the left and right, making people’s eyes blur.

He did not hear the bell ring, but he saw the barrier under his feet begin to crack.

“Dang!”

...

After the bell trembled for a few breaths, a sound entered their ears. It was endless and never stopped. Everyone’s eardrums went deaf for a moment, and they could only hear the ringing of the bell. They could no longer hear anything.

“Bang!”

The steel enchantment beneath his feet shattered instantly, turning into countless crystalline shards. However, they did not have any physical form, and were only composed of pure energy, flickering within the vortex.

“Let’s go!” Venerable Western shell shouted.

That voice directly reverberated in everyone's hearts, and in the blink of an eye, everyone rushed down.

Then, the flashing energy crystals condensed again. It only took a breath's time for them to recover from their broken state.

The second floor wasn't as dark as the first floor. Instead, there were all sorts of colorful lights flowing in front of him, and it was much more vibrant at first glance.

Moreover, the demonic Qi did not fill the entire space. Instead, it appeared to be in a state of lumps, floating in the space like clouds. Some of them floated to the vortex and were directly sucked in. They spread out in an instant, covering thousands of miles.

After Pu Li entered the second level, he became excited. He looked at the floating devil clouds and his eyes shone.

However, he didn't dare to act on his own. He tried his best to restrain the desire in his heart and just kept licking his lips.

Yunxiao looked back at the steel barrier and asked in confusion, "How is such a powerful barrier provided? Could it be that this is the rule of the thirty-three heavens?"

"What do you think the rules of the thirty-three heavens are, or who created them?" venerable Western shell looked at him and smiled.

array spirit," Yunxiao said without thinking.

Venerable Western shell was stunned for a moment before nodding. "You're indeed intelligent to be able to think of the formation spirit. What he said was right. The so-called 'rules' of the thirty-three heavens were actually the power of the formation spirit. However, after a hundred thousand years of evolution, it has become somewhat complicated."

is there really an array spirit here?" Yunxiao asked in a hurry.

“There’s no need to rush,” venerable Western shell said. “Let me explain it to you slowly. This is also the reason why I asked you to come to the second level. Perhaps it’s the opportunity to break the seal and leave.”
