

The Eternal 1921

Chapter 1921-predicament

A sense of powerlessness welled up in Jia Rong's heart, and fatigue was almost written on his face. He waved his hand and said, "you can all leave. The reduction of the trade difference can't be solved in the short term. We can't just blindly lock the city down. We have to find a new source of spiritual energy."

Everyone understood this principle. The accumulation of spiritual energy was like wealth. It needed to increase production and reduce expenditure. More importantly, it was to increase income. It was useless to just rely on saving.

But how could he open an open source Kasaya without a source?

If there had been a source opening, it would have opened long ago, and the southern mountain range would not have become a place where even birds would not take a shit.

The strange phenomenon and the subsequent surge of spirit Qi had almost become Yanwu's only hope. However, the results of the investigation, which had cost a lot of manpower, material, and financial resources, were disappointing.

"Yes, Your Excellency. Please rest well."

The few alchemists could also see that Jia Rong was in a bad mood, so they did not dare to stay any longer and left one after another.

"Bang!"

Jia Rong was lost in his thoughts when a glass cup placed on the table in front of him suddenly exploded, spilling the tea all over the table.

Not only that, he could clearly feel the ground shaking, and a few murals on the wall fell.

Then, there were all kinds of noises outside. earthquake “,” who’s causing trouble “,” oh no, maybe my husband is back. Hurry, hurry and put on your pants”

All the sounds within the vicinity flowed into Jia Rong’s ears, and he heard them clearly. As the astrology tower was the tallest building in Yanwu, the earthquake just now was even more intense.

In the southwest of Yanwu, a colorful light spread from the sky, illuminating the entire distant sky. All the voices around fell silent, and everyone looked up.

“Strange phenomenon!”

Jia Rong trembled and then became overjoyed. it’s that strange phenomenon again! Yanwu is saved!”

He ran down the stairs and hurriedly drove the chariot to the city Lord’s mansion.

That day, the entire city of Yanwu was talking about this matter, and everyone in the city Lord’s mansion was looking forward to it, hoping that it would bring a large amount of spirit Qi like last time.

Many martial artists and sects once again gathered their martial artists and prepared to head to the place where the colorful light had appeared to investigate.

The city Lord’s mansion was also busy. Li Chunyang immediately gathered everyone to discuss the cause of the earthquake and the phenomenon, and at the same time, they were ready to set off. After all, this was related to the fate of Yanwu.

A few hours later, a bolt of lightning flew over from the distance and landed directly outside the city, turning into Yunxiao’s figure.

He strode into the city. There were people coming and going in front of the gate, and it was bustling.

However, at this moment, the city was restless, and all kinds of sounds and auras were covered by his divine sense. He immediately understood what was going on. The seal of the devil Lord had been broken, and the strange phenomenon had been transmitted here.

Yunxiao looked back at the horizon. The rainbow-like phenomenon did not disappear for a long time.

A large number of martial artists came out of the city in groups, heading towards the sealed land.

“We’ll go first. Inform fourth brother and the others that they’ll immediately come to our aid once they return to the city.”

“Don’t worry, be careful. If we can really find the source of spiritual energy, I’m afraid there’ll be another fight. We must put our lives first.”

“Hahaha, in Yanwu, apart from the city Lord’s mansion, there are few who can hurt us. The only thing I’m worried about now is whether the source of spiritual energy really exists. After all, our Qi family has already taken root in Yanwu, and if the spiritual energy is exhausted, we’ll have to move again, which will be too much of a blow to our bones.”

“Ninth brother, don’t worry. Spiritual energy won’t appear out of thin air. And no one can detect it, which means this spiritual energy is not simple. If it is excavated, Yanwu may shock the world again.”

Yunxiao looked over and saw several chariots floating outside the city gate, with a simple and beautiful ‘Qi’ character carved on them. Two middle-aged men were saying goodbye.

The conversation between the two people was without any scruples, and everyone around them heard it clearly.

The Qi clan was one of the upper-class clans in Yanwu, and their conversations were no secret.

I hope we can find the source of spiritual energy first and fight for a chance for Yanwu’s survival, as well as more benefits for the Qi clan.

The middle-aged martial artist said no more and flew away with seven or eight chariots.

There was only one cultivator left standing on the chariot. He looked at the colorful clouds and sighed before turning back to the city.

There was a long line outside the city, waiting for strict inspections. However, they left the city very quickly without any formalities. The man from the Qi clan naturally did not join the queue. He rode on his chariot and flew over the crowd.

The guard did not stop him, but instead bowed respectfully.

“You’re a martial artist?”

A few rows in front of Yunxiao, a middle-aged man in a sackcloth was stopped by a guard and asked, ”

The man was a little flustered and quickly shook his head, ” “No, I’m just entering the city to do some business.”

“You’re not? Hmph, I can see that your heavenly Yuan is full. I can tell with one look that you have origin power fluctuations on you. You still dare to quibble!”

The guard suddenly moved. He pinched the man’s shoulder with his right hand and pulled hard. The man was instantly sent flying and smashed into the bronze door.

The copper Door was full of nails as thick as fingers, and the Guard’s lift had at least a thousand Jin of force. If this man was really not a martial artist, he would die without a doubt.

Many people screamed and covered their eyes with their hands, not daring to look.

The coarse-clothed man flipped in the air like a carp, and his palms turned into fists, hitting the copper Door.

“Dang!”

The huge Copper Door was hit by the impact and opened backward. The man also used the force to stabilize his body and landed safely on the ground.

“Eight-stars Martial Master! How dare you impersonate a mortal and enter the city!”

The guard saw through the man’s strength and waved his hand with a cold expression. Suddenly, more than ten cultivators rushed out and surrounded him with a murderous aura.

Yunxiao frowned, not understanding what was going on. He just watched quietly.

The coarse-clothed man’s face was filled with bitterness as he cupped his fists and said, “Brothers, you’ve misunderstood. I’ve indeed practiced martial arts before, but due to the limitations of my talent, I’ve abandoned it long ago. He’s only a mortal doing business, so he’s only entering the city for business. He definitely won’t cultivate in the city.”

“Who’s going to believe you? you have no proof, so we’ll follow the rules!” If an eight-stars Martial Master wants to enter the city, he must pay eight hundred thousand medial-grade primordial stones!”

The coarse-clothed man’s expression changed drastically, and he said in shock, “Eight hundred thousand? Brothers, if I had 800000 medial-grade primordial stones, why would I still enter the city to do business? Even if it’s 80000, we can’t afford it!”

Yunxiao’s divine sense swept over it slightly, and he saw it clearly.

The man in coarse clothes indeed had old injuries, and his cultivation had not improved for nearly twenty years. Moreover, he seemed to have regressed from a peak nine-stars Martial Master to an eight-stars Martial Master.

...

In addition, in the storage bag he carried with him, other than a broken first tier profound armament, there were only more than 200000 mid-grade primordial stones, as well as some low-grade herbs and pills.

Asking him to take out 800000 origin stones was no different from asking for his life. Even if he gave up his life, he would not be able to pay so many origin stones.

“Since you can’t take it out, then get lost!” The guard sneered.

The coarse-clothed man’s expression changed slightly, and he said angrily, “Yanwu has gone too far! Blackmailing martial artists like this will only lead to its demise sooner or later!

The Guard’s face darkened. how dare you speak so rudely! he shouted. take him down!

With a wave of his hand, the guards immediately rushed forward. More than ten of them were martial masters, and they immediately began fighting with the man in coarse cloth at the city gate.

The coarse-clothed man was furious. He slapped his storage bag and a cold light flashed. A broken profound level weapon knife appeared in his hand. It was so powerful that no one dared to get close.

The city gate immediately became chaotic, and a large number of mortals were so scared that they hid to the side.

The guard furrowed his brows. He seemed to have realized that this was a bad influence. He clenched his fists slightly and suddenly attacked.

“Bang!”

He was a three-star great Martial Master. He took a few steps forward and quickly moved to the side of the man in coarse clothes. He punched the back of the knife and the chest of the man in coarse clothes, making him spit out blood and fly out.

...

The dozen guards hurriedly stepped forward to capture him.

The coarse-clothed man was covered in dust. He spat out blood and cursed as he was tied up and dragged into the city.

Yunxiao could not stand it anymore, but he did not want to hurt anyone. After all, it was his territory, so he said, "Release him. I'll pay for the 800000 medial-grade primordial stones."

The guard was taken aback for a moment, then he began to size Yunxiao up, and he could not help but feel a little frightened.

This person was untainted by a speck of dust and had an extraordinary temperament. One look and one could tell that he was not an ordinary person. However, no matter how much he observed, he could not detect any elemental energy fluctuations.

In this case, there were only two answers. Either he had a treasure to hide his strength, or his strength far exceeded his own, so he couldn't see it.

"Young master, do you recognize this person?"

The guard didn't dare to speak rashly. He wanted to figure out the situation first so as not to offend someone he couldn't afford to offend.

I don't know you," Yunxiao said. I just can't stand how you do things. He waved his hand, and a large amount of spiritual Qi was released. A pile of Supreme-grade primordial stones was thrown out.

"?! Supreme-grade primordial stones!"

The Guard's eyes were sharp, and he immediately recognized those Supreme-grade primordial stones. He was so scared that his mouth was wide open.

Although there was an exchange ratio between the grades, the price of higher grade primordial stones was much higher than the exchange ratio, so no one would take it out to exchange.

Even the man in the coarse cloth was dumbfounded. He looked at Yunxiao with confusion in his eyes.

Cold sweat immediately broke out on the Guard's forehead. Now, even a fool knew that he had met a Big Shot, so he dared not take the Supreme-grade primordial stones. He immediately put them away and handed them back to Yunxiao with both hands, saying bitterly, " please forgive us, my Lord. We are just following the rules. It is our duty to follow the rules set by Yanwu. We dare not disobey, but we have to.

the rules of Yanwu? "

what? " Yunxiao frowned. why is there such a strange rule? " The sects in other cities are all looking forward to having powerful martial artists move in, so why is Yanwu doing the opposite?"

Taken aback, the guard asked, "is this your first time here, my Lord?" Perhaps we don't know the situation."

He immediately gave Yunxiao an identity in his heart, which was most likely a young master from a great family who had come from another region to gain experience. Before the spiritual energy leaked out of Mount Meru, they wouldn't have met such a young master in hundreds of years. But in recent years, it was not uncommon.

Chapter 1922

1922 The only hope

Yunxiao nodded. it has indeed been a long time. Is this rule related to spirit energy? "

He had already guessed it from the conversation between the Qi family members.

"It is!"

in the past few years, Yanwu's spiritual energy has been insufficient to make ends meet," the guard hurriedly said. it's depleting at an alarming rate. If this continues, I'm afraid it won't be long before it declines. That's why the city Lord's mansion set this rule in order to delay the depletion of the city's spiritual energy."

who is the current city Lord of Yanwu?" Yunxiao asked. who is it? "

it's still Lord li Yunxiao," the guard said. it's him. His face was somewhat radiant, and he seemed to be very proud. "Since Lord li Yunxiao left Yanwu, the city Lord has not appointed a new person. Besides, no one will be convinced no matter who is in charge of Yanwu except Lord li Yunxiao."

Although these people had never seen Yunxiao before, he had become famous in the past few years, and everyone in Yanwu knew him and was proud of him.

Yunxiao sighed in his heart, thinking that Yanwu still remembered him so well even though he had not returned for many years.

you can take these vitality stones. Since there is such a rule in the city, I naturally can not violate it.

Yunxiao threw the primordial stone back. As the city Lord, he could not openly violate the rules even if they were inappropriate. Not to mention, the fact that such a rule had been set showed that Yanwu was in an extremely difficult situation at the moment. As the city Lord, he had to bear some responsibility.

"I wouldn't dare!"

The guard was shocked. These were Supreme-grade primordial stones, and the other party's background must be extremely great. How could he dare to take them? He was about to return when he suddenly found that Yunxiao had disappeared into thin air.

"Ah?"

The guard was completely dumbfounded. He rubbed his eyes and almost thought that he had seen wrongly. However, there were also sounds of bewilderment and gasps all around. In addition, the Supreme-grade primordial stones in his hands were still heavy.

The guard hurriedly jumped onto the chariot and went into the city. He shouted, "let that man go. You guys keep order. I'll go report to the city Lord's mansion."

In the city Lord's mansion, many high-level officials, including Li Chunyang and the others, were gathered.

Jia Rong had also rushed over and reported the increase in the difference in the spiritual energy this month. Everyone looked worried.

"The control of martial artists has been further tightened this month," Li ZhangFeng said. "The number of martial artists who have settled in is less than one-third of last month's. In fact, with Yanwu's current situation, even if it doesn't shrink, very few people will come here."

"This phenomenon may be our last chance," Li Chunyang sighed. "If we can't find the source of spiritual Qi, it'll be useless no matter how much we delay."

Everyone was dejected. Yanwu had developed extremely fast in the past few years, and no one was willing to accept the feeling of falling from the peak.

there's no such thing as eternal prosperity in the world," Li Chunyang said. "even the seven superpowers will decline one day. We just came here earlier than them. It's good that everyone did their best."

Xiao qingwang stroked his beard and said slowly, "If we still fail to find the source of the spiritual energy, I suggest we open the restrictions on Yanwu. After all, it's meaningless to delay it for another day. And now, there are still many forces in the dark, fighting for control of Yanwu. How naive."

"Hmph! It's all because of the heavenly jewel sect and the emotion severing mountain. There must be someone behind these two sects, or else they would have been destroyed by us long ago."

but even if Yanwu's spiritual energy is exhausted, this is still the foundation established by Yunxiao! We can't give it to them! Li Changfeng said angrily.

there are many hidden dragons and crouching tigers in Yanwu, " Xiao qingwang said. many sects may look simple, but they all have the backing of major sects from other regions, and they all want to occupy the treasure land and get a share. The heavenly jewel sect and the emotion severing mountain are both big sects in the southern region, it's not strange for them to be used as puppets. There are even some other small sects that are secretly trying to seize power."

there's no need to fear these clowns, " li ZhangFeng sneered. as long as cloudsky is in power for one day, these clowns won't dare to act rashly.

A look of surprise flashed in Li Chunyang's eyes as he looked at him and said, " "I can't believe you're so smart."

"Father, am I that stupid?" li ZhangFeng asked, annoyed. With our current strength, even the heavenly jewel sect and the emotion severing mountain can't kill us, and they still dare to go against us. Everyone knows that there's someone behind them, but they're afraid of Yunxiao's power, so they don't dare to reveal it. "

Li Chunyang nodded and said, " you're right. These people are just clowns. They don't need our concern. The only thing we need to pay attention to is the spiritual energy. After the last phenomenon, we made a promise that whoever could find the source of spiritual energy would give the eastern city of Yanwu to them. Unfortunately, we returned without success. Should we increase our stakes this time?"

Xiao qingwang frowned and said, " How can we increase it? are we going to give up half of the city?"

I agree with you, qingwang, " Jia Rong said. a quarter of the city is tempting enough. If we can find it, we should. If we can't, we won't be able to find it even if we give up the entire city.

"This might not be the case!"

A man in a brocade robe, who had been sipping tea on the left, suddenly spoke.

He slowly put down the cup of tea and said, " you must know that although Yanwu is coveted by many sects, it's only a strategic consideration. They don't really want to take it all. 'As you said, as long as Yunxiao continues to be all-powerful, no one will dare to take this cake. Therefore, even if he was looking for spiritual energy, he was only trying. After all, Yanwu is not the foundation of the major sects. If we can't make it, we can just retreat. However, if you are willing to give up more of your power, it will definitely attract the attention of many parties, and the search will be more intense."

Li Chunyang looked at the man in the brocade robe, snorted coldly, and said, " Qian Duoduo, is this your idea, or your money gang's? and how much power do you think is appropriate for Yanwu? "

The man in embroidered clothes was Qian Duoduo. Although he had been cultivating in Yanwu, he was still the young master of money gang. After his strength broke through to martial honor, he had returned to money gang and made a big scene.

When he returned to Yanwu, he was already at the peak of martial honor. Now, he had broken through to the three-star Martial Emperor realm and become a Lord of a region, his fame unparalleled in the southern region.

Moreover, with the return of Qian Duoduo, money sect had also opened a branch in Yanwu, directly putting their influence into the city and competing with Tianyuan trading company.

Before the great change in the merchant Union, the Li family's attitude was to join forces with Tianyuan Chamber of Commerce to suppress money gang.

Although Qian Duoduo was a friend, he was also a businessman. There would be conflicts of interest as a businessman, and he wasn't willing to let Qian Wudi inherit the gang leader position. If he wanted to build his own force, he had to fight for enough resources.

After the great changes in the merchant Union, Ding Shan took power, and all the people of Tianyuan trading company in Yanwu were replaced. Their attitude toward the entire city had also changed.

At this time, the Li family also judged the situation and immediately formed an alliance with the money gang to fight against Tianyuan trading company.

It was a pity that Tianyuan trading company had taken root in Yanwu too deeply, and with its current momentum, the Li family and money gang had always been at a disadvantage in the business field.

Qian Duoduo could tell that Li Chunyang was extremely displeased, so he smiled and said, "Old master, don't be angry. This is called 'if you can't give up the child, you won't be able to trap the wolf.'" Since Yanwu was already in such a state, why not give it a try? I can't make the decision on the allocation of resources. If the city of Yanwu is willing to give up half of its power and cede control of the South and North cities, I'll have the confidence to ask for help from the money gang, and then I'll be able to mobilize a large number of resources for exploration. If it's only the East City, I've already told the higher-ups, but they're not interested at all."

Li ZhangFeng immediately jumped up and objected. "In your dreams! The north and south are the most prosperous areas of Yanwu. If I give it to you, I'll be giving up the entire city!"

Qian Duoduo took a sip of the fragrant tea and shook his head. "Then this is difficult. Just Dongcheng's words alone will not be able to move my father and the others."

young master Duoduo is right. It's obviously impossible to make all the great Shang clans work for the eastern city alone.

An old man walked into the hall with a smile. He was short and strong, with bright eyes and a small felt hat on his head. At first glance, he looked like a shrewd merchant.

"Where are the guards?" Li ZhangFeng's face darkened. They actually neglected their duties and let wild dogs in, damn it!"

The old man was Gao Tong, the person in charge of Tianyuan trading company in Yanwu. His face twitched when he heard Li Changfeng's scolding, but he quickly recovered and said, "Lord Changfeng, even if you scold me in a roundabout way, you can't save Yanwu from the current situation. I've controlled the cultivators to enter again and again, but the difference in spiritual energy is still increasing, hehe."

Both Li Changfeng and Jia Rong's faces changed. They had just calculated the data today, and they didn't expect that the other party had already known about it. Obviously, there were spies everywhere.

Gao Tong was very proud and said, "it's rare that young master Duoduo and I have something in common. The conditions for giving power to Dongcheng are too small and too attractive. The way to save Yanwu has always been in your hands. If you really want the city to continue, how can you not give others more benefits?"

Li Changfeng was about to scold him, but Li Chunyang stopped him and said, "Lord Gao Tong made it sound as if we can find the source of the spiritual Qi by giving up power."

Gao Tong touched his beard and smiled shrewdly, "The last time the phenomenon of heaven and earth appeared, it was accompanied by a large amount of spiritual energy. This is an undeniable fact that everyone has seen. So, what we can be sure of is that there must be a source of spiritual energy near Yanwu. Could it be that the spiritual energy is just something that appeared out of thin air?"

...

Li Chunyang and the others were silent. What Gao Tong said was true. The spiritual aura could not appear out of thin air. It must have a source. However, a few years had passed, and they had not found anything.

Gao Tong said, "I'm sure you all know the reason. Your exploration level is too low! Tianyuan trading company was now in charge of the Tianxia trading company. It had the most powerful resources in the world and was the most likely force to excavate the source of the spiritual Qi. This is Yanwu's only hope now. Please think twice, my Lords."

Chapter 1923 Immediately leave

The hall fell silent. Although they were disgusted by Gao Tong, what he said made sense.

Li ZhangFeng was still not convinced. He snorted and said, "You speak as if you can find the source of the spiritual energy by giving you the north and south cities!"

if Tianyuan trading company can't find it, " Gao Tong said with a smile, " then Yanwu should give up on looking for the natural energy.

Qian Duoduo snorted coldly. that's not necessarily the case. Money sect is one of the oldest Chambers of Commerce. Your Tianyuan Chamber of Commerce can't compare to them in terms of their heritage. Their ability to explore the source of spiritual energy is only better than yours! However, Yingluo "

He looked at Li Chunyang and the others and said,"but it's only a small reward from the East City, haha."

Li Chunyang raised his hand and interrupted him, " "There's no need to say anymore, I understand. In terms of remuneration, I can make the decision to give up the East and West cities, and the South and North will be the most prosperous places in Yanwu. Don't even think about it. "

Qian Duoduo's eyes flickered as he calculated in his mind and muttered, " "The East and West cities are in a daze."

Gao Tong also started to think and looked up at the sky. He also had an idea.

Suddenly, Xiao qingwang frowned, looked at Gao Tong, and shouted, " Lord Gao Tong, how did you get in? "

The people in the hall were all shocked. Li Changfeng's pupils shrank, and he became vigilant.

When Gao Tong came in earlier, he had scolded the guards, but they didn't respond. But because Gao Tong had mentioned the spirit Qi detection, he had forgotten to take it lightly. Now, after hearing Xiao qingwang's words, he immediately sensed something wrong.

A large number of people poured in from outside the hall, and they stopped only when they reached the center of the hall.

These people were in groups of two or three, belonging to various sects. They all looked at Li Chunyang and the others coldly, as if they had made an appointment.

"Wang Songhe, Leng xingbo, Yu zizhen, fan long jiejie"

Li Chunyang looked at these people and called out their names one by one, his face livid.

what are you doing?! Xiao qingwang asked in a deep voice.

“What are you doing?”

it’s rare for us to gather together, ” Wang Songhe sneered. naturally, we’re here for the future of Yanwu.

“Nonsense!” Li Changfeng rebuked angrily. You’re clearly here to cause trouble!”

Wang Songhe chuckled and said, “wrong. It’s the complete opposite.” We’re not here to look for trouble, we’re here to solve it. ”

Li Chunyang’s heart sank. Judging from the crowd’s momentum, they had obviously come prepared. He immediately stopped li Changfeng, Xiao qingwang, and the others from being hostile to each other, for fear that the conflict would be further stirred up.”Then, why don’t you all tell me what problem to solve and how to solve it?”

Wang Songhe looked back at the crowd, and everyone’s eyes were focused on him. Obviously, they pushed him to be the leader.

Li Chunyang, ” he said, ” from the opening of Mount Meru to the prosperity of Yanwu, it’s a blessing for all the martial artists in the southern region. It has given us the foundation to stand on the entire heavenly martial continent. It should have been a great blessing. But in the past few years, it has been declining under your management, and now you’ve even come up with stupid rules to limit the entry of martial artists. Not only has it greatly damaged the development of Yanwu, but it has also made us a laughingstock in the world and embarrassed us in the other three regions.”

“Right, it’s really too embarrassing!”

not only that, the city that was originally full of vitality has been turned into a ghostly state by them!

I don't even dare to say that I'm from Yanwu when I go out now. I can't afford to lose face like this!

alas, my relatives have cut off all ties with me now. They pretend not to know me on the streets just because I'm from Yanwu.

The dozens of people began to grumble, shaking their heads and sighing. A wave of resentment spread.

Wang Songhe laughed and said, "hehe, did everyone here hear that?" Yanwu has changed from a famous city to what it is today. What do you think, and what responsibility do you have?"

"Songhe Wang, are you out of your mind?!" Li Changfeng scolded angrily. Everyone knows that Yanwu's spiritual energy is running dry, and you're trying to make a big deal out of it, you shameless bastard!"

Hmph! Wang Songhe snorted. then why is Yanwu the only city that has exhausted its spiritual energy, and not the other cities? "

Li Changfeng: " Yingluo, your sister! Who can control this? "

Wang Songhe raised his head and said with a proud expression, " "Of course I can control it! That is, you are tyrannical when you take over Yanwu, so the will of heaven wants Yanwu to be destroyed!"

Li ZhangFeng chimed in, "hehe."

Wang Songhe took a few steps forward and said excitedly, " "Yanwu is everyone's Yanwu, the Yanwu of the entire southern region, not your Li family's! That's why we have to contribute to Yanwu, and we have no choice but to stand up at this time!"

"Right, we must stand out!"

this is everyone's Yanwu. They can't do whatever they want!

Everyone's emotions were stirred up, and they all shouted.

However, this was obviously premeditated. Li Chunyang and the others just looked at them coldly. After these people shouted for a while, they felt that it was boring and stopped.

Lord Wang Songhe, do you mean that Yanwu will not run out of spiritual energy if you take care of it? " Li Chunyang asked.

"Of course!" Wang Songhe immediately replied.

Xiao qingwang said coldly, 'Who Do You Think You Are? Yanwu was a city of Tianshui, a territory given to Yunxiao by the monarch of Tianshui himself. When did it become yours? Get lost!"

Ever since he recovered from his internal injuries, his strength had been constantly improving. In addition, as a high-ranking official of Yanwu, he had received great support from Tianyuan trading company, and his strength had improved by leaps and bounds. Now, he was a two-star martial venerable, and with a shout, many Warriors were forced to retreat.

However, Wang Songhe was the sect master of the heavenly jewel sect, and his strength was much stronger than his. After cultivating in Yanwu, he had also made rapid progress, and now he was an eight-stars martial Supreme. Naturally, he was not afraid of his roar.

His essence force spread out between Wang Songhe's hands and suppressed Xiao qingwang's sound wave. Then, with a flash of killing intent in his eyes, he shouted and struck out with both palms!

"BOOM!"

The entire Hall trembled and was about to explode under the power of this palm.

But suddenly, a figure flashed, and all the violent power was suppressed. It turned into a white light and shot into the sky.

With a bang, it shot through the dome, preventing the destruction of the hall.

When Wang Songhe saw the person who made the move, he immediately did not dare to be rash. He hurriedly said, "Young master Duoduo, this is a Kasaya."

Qian Duoduo gave him a cold look and said, "although my money sect also wants the control of Yanwu, we're not as shameless as you guys. You're taking advantage of the situation and robbing us openly.

Wang Songhe's old face blushed and he said, "young master, don't talk nonsense." Although Yanwu was given to Yunxiao by the Emperor of Tianshui, Tianshui is a vassal kingdom of the firecrow Empire. In that case, my disciple, Xin ruyu, has more right to own Yanwu."

Behind Wang Songhe stood a man with a crown on his head and a King's aura. He was the Prince of firecrow Empire, Xin ruyu, who also had the bright moon divine body.

Xin ruyu's face was cold. From the moment he entered the room until now, he had not said a word. His face was full of arrogance, as if he disdained to associate himself with the crowd.

...

A hint of fear flashed in Qian Duoduo's eyes. He couldn't see through Xin ruyu's cultivation base, but he could feel a sense of pressure from him. He was definitely not an ordinary person.

Xin ruyu then spoke in an almost commanding tone, "This city was given to Yunxiao by Tianshui, and I'm taking it back now. All of you from the Li family, leave immediately!"

The Li clan's people's expressions changed slightly. They all sat there without saying a word, but their hearts were filled with shock.

Yunxiao's name had shaken the world, and everyone knew him. No matter how talented and strong Xin ruyu was, it was impossible for him to claim to be able to compete with Yunxiao. So, how could he be so arrogant? he had no idea who was behind him.

Qian Duoduo was also extremely surprised. He was stunned for a moment before he reexamined Xin ruyu. "Did His Highness really take the right medicine?"

A cold glint flashed in Xin ruyu's eyes. Qian Duoduo, you have money sect as your backer, but this is firecrow Empire's territory. You'd better show some respect to me, or firecrow Empire won't be able to protect you.

Qian Duoduo was surprised and didn't know what Xin ruyu was relying on, but as an outstanding man, how could he be convinced? he laughed and said, "I'd like to see if firecrow Empire can't protect me. Will I die Here, or have my hand cut off?"

"Then watch carefully!" Xin ruyu said coldly.

A bone-piercing cold air suddenly spread out in the entire Hall. Everyone felt as if they had fallen into an ice cave. No matter how much Yuan Qi they used to resist it, it was useless. Their Yuan Qi was almost frozen.

Qian Duoduo gasped as well. It was extremely difficult for him to even circulate his Emperor Qi of the nine Heavens.

With a flash of light, Xin ruyu appeared in front of him without him noticing.

...

"Bang!"

Before Qian Duoduo could react, Xin ruyu had already punched him in the chest. His entire body was almost frozen, and a layer of light blue ice crystals appeared on his chest.

"Pfft!"

His essence force and internal organs were almost frozen. After a while, he felt pain and began to cough. What he spat out was not blood, but frozen blood clots!

“哇!”

When everyone saw Qian Duoduo's miserable state, they all sucked in a sharp breath of cold air and were quite frightened.

Wang Songhe's face was also a little pale, as if he felt extremely cold. He rolled up his clothes, but still couldn't resist the cold.

“Cough, cough cough!”

Qian Duoduo was still spitting out blood clots. His body had been completely destroyed, and he had no idea how badly it had been damaged. Because he was frozen, he could only feel the pain bit by bit.

Xin ruyu retracted his fist and looked at Qian Duoduo, who had fallen to the ground. He sneered, “Trash, if you didn't have the money gang as your backer, I would have sent you to the West today! But even if it's money sect, don't even think about jumping around in firecrow Empire in the future. With my cultivation speed, I'll definitely be able to dominate the world and step on you all!”

Qian Duoduo could not answer him. He was curled up on the ground, covered in a thin layer of ice, and twitching from time to time.

Gao Tong and the others turned pale and hurriedly stepped aside, not daring to stand with Xin ruyu for fear of being affected.

Xin ruyu's cold gaze swept across the crowd. Xiao qingwang, li Changfeng, and the others felt a chill in their hearts, and they couldn't even muster the will to resist.

Chapter 1924-six gates destroyed

Li Chunyang finally couldn't sit still. He didn't know how Xin ruyu had been cultivating all these years, but he had never heard anything about her being so powerful.

But at this moment, no matter how much he couldn't win, he had to brace himself and stand up, opposing him, " "I don't know anything about the firecrow Empire, but I do know that Yanwu belongs to my grandson. Although I'm more senior than him, he's the Lord of Yanwu, and I'm just a retainer who's only helping him manage the city. It's not up to me to decide whether you hand over the city or not. It's useless for you to talk to me like that, Prince Jade. If you want to take Yanwu, go find the city Lord, my grandson, li Yunxiao!"

"Bang!"

The space was directly shattered, and Xin ruyu made a move through the air, grabbing with his five fingers. Li Chunyang immediately felt as if his internal organs were being grabbed by his opponent, and he could do anything he wanted to them.

"Pfft! Cough, cough, cough, pfft!"

He felt as if his internal organs were being crushed, and he spat out a few mouthfuls of blood, which contained a large amount of crushed internal organs.

"Father!"

"Old man!"

A few people cried out in panic. Li Changfeng and Xiao qingwang immediately attacked Xin ruyu.

"Tsk, ants!"

Xin ruyu was extremely disdainful. With a wave of his left hand, as simple as a flick of his sleeve, a burst of stellar energy struck out, slamming the two of them against the wall and blasting them out of the hall.

Li Chunyang was greatly shocked. Xin ruyu's strength had reached a level that they could not understand, and there was no way they could resist him at all.

“Ants, are you going to scam or not? if you don’t scam, I’ll send all of you to heaven today!”

I’m just entrusted with the management of Yanwu. If we want to leave, we have to get the city Lord to tell us to leave!

“Bah! Don’t use Yunxiao as a shield! I’ll tell you, I’ve got a greater opportunity than li Yunxiao, and my future achievements will far surpass his. I’ll become the Overlord of this world, and sooner or later, he’ll be killed by me!”

Li Chunyang’s lips curled up into a sneer as he said, “Since you’re so capable and confident, then go find him and kill him. Although he’s my grandson, I don’t mind if you kill him. What’s the point of showing off here?”

Xin ruyu saw the sneer on his face and was instantly enraged. His killing intent flashed as he rebuked, “Die!”

“Bang!”

He clenched his fist, and the air in his palm exploded.

“You can’t!”

Wang Songhe suddenly screamed, his face pale with fear.

They were only here to force the Li family to leave. They didn’t have the guts to kill the Li family members. Otherwise, even their backers wouldn’t be able to protect them.

The rest of the people who followed also had a huge change in expression, their mouths wide open in fear.

Li Chunyang trembled and closed his eyes, waiting for his death.

However, the pain and death that was supposed to come did not happen. The hall was silent.

He opened his eyes and saw Xin ruyu's stunned face. He looked at his palm and said, " "You didn't die? What's going on?"

Li Chunyang, who had no idea what was going on, could not help but laugh and say, " haha, you can't even kill me at this level, and you want to kill my grandson? go and find a wall and kill yourself, hahaha!

He laughed without restraint, triggering the injuries in his body and causing him to cough again, spitting out large amounts of blood.

"Old man, go to hell! Don't worry, I'll bring your son and grandson to you soon!"

Xin ruyu's figure flickered, and he rushed forward, his five fingers reaching out like a claw, trying to take Li Chunyang's heart!

"You can't!"

we'll be in big trouble if we kill Li Chunyang! Wang Songhe roared again, almost rushing forward. li Yunxiao will never let us go!

Xin ruyu was even more furious when he heard the name 'li Yunxiao'. It's good that I won't let him go. I'll kill li Yunxiao as well!

"Pa!"

His palm stopped three inches away from Li Chunyang, and his wrist was caught by a delicate and slender hand, unable to move any further.

"You're Yingluo."

In front of Xin ruyu and Li Chunyang stood a man in a green robe. He was as quiet as a Virgin, with a cold and expressionless face.

“哇! Li ... Li Yunxiao!”

Xin ruyu cried out in alarm and retreated in shock.

Everyone was shocked. The hall was silent as they all looked on in a daze.

Li Chunyang even rubbed his eyes, then rubbed them again and again. cloudy mist.

Yunxiao smiled and nodded. yes, old master, father, qingwang, and everyone else. I'm back.

“Hahaha, my good son, you're finally back! You're always so timely!”

Li Changfeng rushed in from outside the hall, covered in blood, but his face was filled with ecstasy and excitement. He grabbed Yunxiao's arm and looked at it again and again, then could not help but hold it tightly.

Xiao qingwang also walked in. Both of them had been badly injured by Xin ruyu's attack.

Yunxiao's eyes grew colder as he smelled the faint smell of blood. “Father, you're injured.”

“Haha, this little injury is nothing! Back when I was marching and fighting, I charged into the enemy's camp eight times, and five of my warhorses died. I was bathed in blood, but I was still fine.”

Li Changfeng was full of energy. He saw that his son's injuries had all healed.

The entire Hall was filled with only his boastful voice, and the rest was dead silent. No one dared to make a sound.

Yunxiao nodded. father, go and rest. I'll take care of the rest.

“Haha, good, I'll leave it to you,” laughed Li ZhangFeng. Let father see if you've improved over the years. If you can't handle it, just let me know. I'm still here!”

“Cough, cough cough!”

Li Changfeng coughed out a few mouthfuls of blood, perhaps due to his excitement. He forced himself to sit back down in his seat.

Yunxiao's pupils constricted as endless killing intent was compressed in his eyes, and his eyes turned a little cloudy.

...

“It's rare for you to be so concerned about the development of Yanwu. Come, I'll have a good discussion with you today.”

Yunxiao's words were very light, but when they reached everyone's ears, they gave rise to endless fear. Their legs went soft, and they almost knelt down.

Wang Songhe's face was as pale as a sheet of paper. Yunxiao had been out for several years and had never returned, so why would he come back at this time? if he had known this, he would not have dared to come and cause trouble even if he was beaten to death.

Yunxiao's eyes fell on Wang Songhe as he said, “Sect master, you just said that the natural law does not allow our Li family to occupy Yanwu, which is why the spiritual energy is running dry. Then, who should be the one to take on the responsibility of Yanwu? only by following the heavenly law can the spiritual energy not be exhausted?”

Yunxiao's eyes turned even more cloudy, but a cold smile appeared on his face as he said, "Don't be nervous, relax. Who taught you to cultivate the bright moon divine body to such a level that you can open six gates of the divine body?"

Xin ruyu's expression changed drastically, and he took a step back in fear. "No, no one gave me any pointers. I cultivated on my own!"

"Oh, no one to guide you? In other words, you don't have any backing. Even if I beat you to death, no one will find trouble with me."

Yunxiao chuckled, looking harmless.

"Kill me?" Xin ruyu was shocked and furious. Don't you dare!"

Yunxiao sneered. No matter who Xin ruyu's backer was, he would be dead for sure if he dared to hurt his family.

Without another word, he raised his hand and pointed a finger.

There was no technique involved, and it was simple and unadorned. There was only a faint crackling of lightning on his fingertips.

Xin ruyu was shocked. He knew that he was no match for the person in front of him, so he turned around and fled.

As the bright moon divine body was activated, it became as transparent as Jade and emitted a glazed luster. It was Yunxiao's bright glass body, which was exactly the same as Yunxiao's, but its maturity was much lower.

"Pfft!"

But, he only had the power of a divine body with six gates opened, so how could he escape from Yunxiao's hands? the force of the finger, which was accompanied by a Thunderbolt, pierced into his body without a doubt, causing blood to burst out.

“Ah!”

Xin ruyu let out a blood-curdling screech as he fell from the sky. He looked in horror at the area above his belly button, where blood was gushing out.

“Ah? Ah!”

He crawled up in fear. It wasn't that his aperture had exploded, but that the stop gate had exploded. He could clearly feel the stop gate explode and all the power in his body was being drained.

“You're the one who destroyed my cultivation? You're so cruel!”

Xin ruyu howled, his face twisted with malevolence.

I told you not to be nervous, ” Yunxiao sneered. relax. You're not crippled yet.

Xin ruyu was stunned for a moment before he asked,“not crippled yet?” However, he could clearly feel that his body was changing, and his power was being lost very quickly.

I just pointed out one gate of God, ” Yunxiao said. don't you have five more? ” Being completely crippled is truly being crippled.” He pointed his finger again.

“You coward!”

Xin ruyu was scared out of his wits as he turned around and fled. If all five gates of God were to be destroyed, he would be better off dead. All his plans had been reduced to dust, and he had been demoted to a mortal.

“Pfft! Pfft! Pfft!”

However, five thuds were heard as Xin ruyu fell heavily to the ground, his body covered in blood.

Everyone’s faces in the hall were as pale as paper. A chill rose in everyone’s heart. They all regretted coming, and it was too late to leave now.

Chapter 1925 Self-destruction of dantian

Yunxiao looked coldly at Xin ruyu, who was lying on the ground like a dead pig, and said indifferently, “He’s really crippled now. Look at how nervous you are, I told you to be more relaxed, it won’t hurt if you cripple me.”

Xin ruyu’s face was ashen, and all hope was lost. He said in despair, “Just kill me,”

you dared to attack my family,” Yunxiao said. you’ll definitely die, but not so easily.

Xin ruyu,”hehe.”

The hall was deathly silent, and the atmosphere of fear was spreading. At a glance, it was filled with despair.

Although Yunxiao was famous all over the world, and they knew how strong he was, they had never dreamed that he would be so strong.

Qian Duoduo was famous throughout the southern region, and he was almost the most dazzling expert of the young generation, but he could not take a single move from Xin ruyu and was immediately knocked down. It was clear that Xin ruyu’s strength was extremely terrifying, but when he was confronted by Yunxiao, he was still defeated.

Yunxiao looked at Wang Songhe and said,”Lord sect master, I have a question about the ownership of Yanwu.”

Wang Songhe almost cried. He knelt down with both knees and wailed, " young master, young master Yunxiao, this has nothing to do with us. We were forced to do this. Otherwise, we wouldn't have dared to go against the Li family. I hope you can understand.

Everyone knew about this and could see it, but Wang Songhe's words at this moment meant that he had completely admitted defeat.

Suddenly, a ray of light flashed slightly and shot directly at Wang Songhe, wanting to take his life.

A mocking gleam flickered in Yunxiao's eyes. His pupils constricted, and the beam of light disappeared into thin air.

A row behind the crowd, a black-clothed martial artist who had secretly attacked was stunned with his mouth wide open. He had not realized at all how the silver nail he had sneakily shot out had disappeared.

"Ah!"

The Man in Black suddenly screamed and fell forward, falling to the ground.

The silver needle had pierced into his thigh at some point, and the poison on it had taken effect instantly, causing his entire leg to go numb.

The martial artist knew that he was finished in an instant. He was well aware of the poison. He gritted his teeth and used his essence force to break his leg. With a wave of his hand, a ray of light cut down and his entire leg was separated from his body, turning into pus in front of everyone's eyes.

"哇!"

Everyone sucked in a breath of cold air and dispersed with a whoosh. Everyone's faces were pale, and they didn't dare to make a sound.

The Man in Black had lost a leg, but his face was a little pale. He did not say a word, but looked at Wang Songhe with a cold and sharp gaze. The meaning of the threat was very obvious.

Wang Songhe's face was pale. He could not afford to offend the person behind this, nor could he afford to offend Yunxiao. No matter which side he offended, it would almost be the end of his family.

“What happened today was done by me alone. I've let down Yanwu, the Li family's first master, and young master Yunxiao. I hope that after I die, young master Yunxiao will be magnanimous and let my family go!”

Wang Songhe gritted his teeth and raised his hand to hit his forehead!

With a “ bang “, he smacked himself on the head, and liquid burst out, blood covering his face.

He chuckled, thinking that he was finally free. He had finally found a way to kill the best of both worlds, and that was to die. The people of the two sects were all strong people of the world, and they would definitely not make things difficult for his family.

Wang Songhe waited for a while and found that he had been bleeding for a long time and his whole body was soaked, but he was still conscious and alive.

He touched his head in shock, but he didn't feel any pain. He looked around in surprise.

Everyone was looking at him with a strange look in their eyes. When they looked at their own bodies, there was no blood at all. The suicide just now was an illusion!

Yunxiao was still standing in front of him, looking at him with a cold and mocking look.

Wang Songhe's heart sank, and he said in a trembling voice, “ “Young master Yunxiao, haha!”

I'm here, ” Yunxiao said. who can control your own life and death? ”

The faces of the people around them turned even paler, without a trace of blood. They couldn't even die!

Yunxiao stretched out his hand and pointed at the Man in Black on the ground. The man's head exploded with a bang, and a pale yellow soul light was slowly extracted from it.

The soul light was the appearance of the Man in Black. He was struggling and wailing in pain, but it was to no avail.

Yunxiao's face was cold as he sent his divine sense into the soul and forcibly searched all its memories.

The soul struggled painfully for a moment before it lost its consciousness completely. It slowly turned into the purest energy and disappeared.

The entire Hall was dead silent. Extracting the soul, searching it, and then scattering it. Never had anyone seen or even heard of such a method.

It was too appalling. At this moment, they finally understood that Yunxiao had reached a level that they could not imagine, a peak that they could not even look up to!

Xin ruyu's body was trembling with fear. He'd had all his hopes crushed and thought that he'd die at worst, but now he realized that there were things even more terrifying than death.

At this moment, everyone's legs went soft, and some of them even peed their pants and began to cry on the spot.

Yunxiao rubbed his hands, and a white flame flew out, burning the corpse to ashes with a swish. Even the blood was gone, as if the man had never existed in the world.

“So you're from the beiming Dark Palace. You're really asking for a long life.”

Yunxiao put his hands behind his back, and a murderous look flashed in his eyes.

Although he had been incompatible with the beiming Dark Palace in his previous life, the hatred between them had faded a lot after living two lives. Even when the beiming Duan Jue and Han Junting had joined forces to deal with him, he had not taken revenge because of many other matters.

“It seems like I have to make a trip to Beiming Dark Palace.”

Li Chunyang and the others' faces changed drastically. Although they had long guessed that these people must have a powerful background, they were still shocked when they heard that they were really from the seven superpowers.

Yunxiao, you can't be impulsive in this matter," Li Chunyang said in a deep voice. We have to think about it carefully.

After all, the other party was a world-famous sect. No matter how powerful Yunxiao was, he was alone, and there was no way he could fight against such a large sect that had stood for ten thousand years.

Yunxiao smiled indifferently and did not say anything. Instead, he turned his eyes to the others and said, "I don't care who you are or who's behind you. Since you've stepped into this Palace, don't think about going back alive. As for whether you want to do it yourself or I do it, it's up to you."

The group of people looked at each other. Who would not fear death?

"Young master Yunxiao, since you know that we are innocent, why don't you go and find the mastermind instead of making things difficult for us?" one of the martial artists begged. Could it be that after knowing that Beiming Dark Palace is behind them, they no longer dare to target them?"

It's none of your business whether you dare to target me or not," Yunxiao said. Just kill yourself. Don't waste time. If I had to make a move, I would have ended up like the Man in Black just now."

"Al."

The sect master of emotion severing mountain, Leng xingbo, sighed and said, "After our parting years ago, when we meet again, you're like a heavenly being. Although it's not my wish to go against the Li family all this while, it's not an injustice to die today. It's fine as long as young master Yunxiao doesn't make things difficult for the people of my sect."

...

After he finished speaking, he raised his hand and grabbed the sword, slashing it at his own neck.

"Hold on!"

Li Chunyang shouted and suddenly flew up, hitting the sword with his finger force and shaking it away.

Leng xingbo was desperate and wanted to die. He did not have much strength in his hand. The sword flew out of his hand and stuck in front of the door of the hall, shaking violently.

"Old man, do you think this is not enough?" Leng xingbo asked.

"Yunxiao, let them go," Li Chunyang sighed and said.

"What?"

Leng xingbo was stunned for a moment and revealed a look of disbelief.

The rest of the people also trembled, as if they had found a life-saving straw. They all looked at Li Chunyang eagerly, wiped their tears, and cried, begging for mercy.

old man," Yunxiao said with a frown, "killing them is not only to vent our anger, but also to set an example for the others.

“I see,” Li Chunyang said. However, they had no choice all these years. Even without them, there would have been others who would have been the pawns. What’s the point of making things difficult for these pawns?”

...

yes, yes. Old master is right. Why make things difficult for us minions? ”

More than a dozen people echoed, wiping their snot and tears.

they almost killed you and me, ” Yunxiao snorted. are we going to let them go just like that? ” Then, everyone in the world will think that my family is easy to bully.”

“Then let’s just teach them a lesson,” Li Chunyang said. I’m already very satisfied to see you return this time. In the future, with you in Yanwu, these people will not dare to act presumptuously. If you weren’t here, there would still be other people who would act presumptuously. It doesn’t matter if they are killed or not.”

alright, ” Yunxiao said. then, each of you can cripple your dantian and get lost.

“Ah?”

Those martial artists were still dazed, and with a long face, they said, ” “If you destroy your own dantian, how is that different from killing us? The dantian is the true life of a martial artist!”

then go to hell! Yunxiao’s face darkened as he shouted.

With a flash of fire, the person who had just spoken was instantly turned into ashes. He didn’t even make a sound or react. He was the most muddleheaded person to die.

“Ah?”

After a few breaths, the surrounding people finally regained their senses. They were all greatly frightened.

“Thank you, young master Yunxiao, for your magnanimity. Thank you, old master, for pleading for me,” Leng xingbo said with cupped fists.

He raised his hand and slammed it on his dantian. Instantly, a surge of elemental energy spread out from his body, sending several people around him flying.

“Pfft!”

Leng xingbo vomited a mouthful of blood. He trembled and said goodbye to everyone. He picked up the sword in front of the door and left.

Yunxiao watched him leave. He remembered that the firecrow Empire had shown him mercy once. If it were not for the fact that he had hurt his family, he would not have made things too difficult for him.

Wang Songhe’s eyes were ashen, and he let out a long sigh that shattered his dantian. Although he vomited a large mouthful of blood, he kept thanking him. At least it was better than he had expected, and his life was saved.

The two sect Masters in front of them had already destroyed their own dantians. The rest of the people knew that they were doomed. They gritted their teeth and shattered their own dantians, crying and wailing.

get out of here, ” Yunxiao said with a frown. whoever’s tears and snot are dirty will die.

Those people didn’t dare to cry anymore and ran away in a hurry.

In an instant, only Xin ruyu and the people from the heaven origin Chamber of Commerce and the money Chamber of Commerce were left in the hall.

Chapter 1926-layout

Gao Tong was also covered in cold sweat. He knew the relationship between Yunxiao and Tianyuan trading company. They used to be close partners, but now they were enemies.

Gao Tong's voice trembled as he said, "Yun Qianqian, young master Yunxiao, I'm sorry, I'm sorry!"

Li Chunyang was afraid that Yunxiao would go on a killing spree, and now that he had shed all pretenses with beiming Dark Palace, it was not appropriate to offend Tianyuan trading company again. "Lord Gao Tong didn't make things difficult for us."

"Yes, yes!"

Gao Tong was relieved. With Li Chunyang's help, at least he would not die. He said hurriedly, "Tianyuan trading company has always been close to the Li family. It's a win-win situation for both of us in business."

alright, " Yunxiao said. you can stay here and tell me all the strategic plans of Tianyuan trading company in Yanwu. Then, you can leave.

"Ah?"

Gao Tong was stunned for a moment, his mouth wide open as he said, "T-this bi an ..."

Yunxiao's face darkened. I don't have time to talk nonsense with a minion like you. Leave behind the strategic layout and go. Otherwise, you don't have to leave.

Gao Tong was startled and cursed himself for being so muddle-headed. He hurriedly took out a Jade slip and imprinted all kinds of information on it. Then he handed it over with both hands and left with his men.

At this moment, only the people from money gang were left. Qian Duoduo sat cross-legged on the ground, resisting the invasion of the cold energy in his body. His face was pale and covered in cold sweat.

you can stay," Yunxiao said, giving him a look.

Qian Duoduo had mixed feelings as he recalled the scene when they first met, but it was like heaven and earth now. After a while, he said, "Many thanks."

"Hahaha!"

Li Chunyang couldn't help but laugh when he saw how mighty his children and grandchildren were.

old man," Yunxiao said, "gather the management of Yanwu. I have something to tell you.

"An explanation?"

"You're leaving again?" Li Chunyang was stunned.

"Brat, why don't you stay for a few more days!"

Li ZhangFeng was extremely dissatisfied. He stood up abruptly with a furious look on his face.

"Shut up!" Li Chunyang snapped.

He knew that Yunxiao was no longer the same as before, and what he was doing must be very important, something that they could not even understand. Otherwise, he would not have not stopped for a moment.

father, old man," Yunxiao said with an ashamed look. I really haven't been idle for the past few years.

Li Chunyang patted his arm and said with a smile, "It's good for a man to conquer the world. It's not suitable for you to stay in Yanwu. Go out and explore. I'll take care of this family for you!"

Li ZhangFeng was unhappy and snorted,"care?" Now that the spiritual energy is exhausted and we can't find a new source, how can we do anything?"

shut up! Li Chunyang cursed. if I kick you out, the natural energy in Yanwu will last for a few more years!

old man, " Yunxiao said. spirit Qi is no longer a problem now. There's something even more important than spirit energy, and it'll soon fill the entire city of Yanwu. In the near future, I'm afraid that all the top experts in this world will come here one after another."

"Ah?"

Everyone's hearts trembled as they looked at him, not understanding what he meant.

this is one of the things I want to tell you, " Yunxiao said. we'll talk about it when everyone is here.

Qian Duoduo's face was also grave. He came back to his senses from his meditation, not willing to miss any details.

Something more important than spiritual energy. Everyone was full of doubts and couldn't understand it no matter how hard they thought.

Soon, all the high-ranking officials of Yanwu had gathered.

Many familiar faces from his memories appeared one by one, including Ji Meng, Xu Han, Zhang qingfan, the outstanding students in the student Army, and even tie Ling, who had escaped from the Firefish clan back then. When they saw Yunxiao, they were so excited that they burst into tears.

After listening to tie Ling's experience, Yunxiao was silent for a while before he said, " "Just focus on your cultivation in Yanwu. As for revenge, I'll let you go."

The person who had exterminated the Firefish clan back then must have been Wei Qing. With tie Ling's current strength, it was no different from a fool's dream to seek revenge. He did not know how to comfort him.

Tie Ling gritted his teeth, and tears flowed down his face. Your Excellency, I understand. I understand that the difference in strength is too great, but I will work hard. I will definitely work hard!

Yunxiao patted him on the shoulder and said, " "Stay in Yanwu and cultivate, and you'll definitely become a great expert in the future. As for your enemies, they're also my enemies, but I can't guarantee that I'll avenge you. If I have the chance, I will."

Tie Ling was overjoyed and said excitedly, " thank you, thank you, Lord Holy envoy!

Jia Rong was also so excited that he could hardly control himself. He did not dare to speak since Yunxiao's appearance, only standing aside with tears in his eyes.

In a conference hall, more than a dozen people were gathered. In addition to the familiar faces of the past, there were also some senior executives who had been promoted later, all of whom Li Chunyang trusted.

Everyone looked at Yunxiao with admiration and excitement. The entire conference hall was silent, and no one dared to speak. Everyone was waiting for him.

Yunxiao glanced at these senior executives and sighed in his heart.

Although everyone's progress was extremely fast, compared to the current situation, it was of no use at all. He had to borrow the power of the experts in the divine realm tablet.

He asked su lianyi, Ding Ling 'er, and the others to come out and join the meeting.

Qian Duoduo's expression changed as he looked at the two men, as if he had thought of something.

Li Chunyang seemed to be not used to the silence, and he said first, "Yunxiao, everyone's here. If you have anything to say, just tell everyone."

Yunxiao nodded, then told him about the current situation in the heavenly martial realm, as well as the breaking of the devil Lord's seal.

The crowd had never come into contact with such things before, so they all had their mouths wide open when they heard this. They were all stunned.

Only Qian Duoduo could be considered as someone who had touched the top of the world, and his shock was far greater than everyone else's.

It was only at this moment that Li Chunyang and the others realized that what Yunxiao had done and achieved were far beyond their expectations, even to an extent that they could not imagine.

After a long time, Li Chunyang still could not come back to his senses, so he said, "Yunxiao, I roughly understand what you're saying. It's just that everyone's strength is lacking. Sigh, just say what you think we can do."

now that the demon Lord's seal has been broken, the rules of ten directions will soon spread all over the world," Yunxiao said. Yanwu is the closest place, and those peak martial artists who want to break through to the immortal realm will surely come here in the near future. I'm sure you can't handle it with your strength alone, so I plan to connect Yanwu with the divine cloud Palace and the long family of Sky Ridge to build a fixed passage. The three families will work together to deal with the future."

"Connecting shenxiao Palace and the long family of Sky Ridge?"

...

Everyone's mind went blank. This legendary place, which was feared and admired by everyone, was actually going to build a fixed passage with Yanwu.

“Will they agree to this?” Li Chunyang asked worriedly.

that’s not a problem, ” Yunxiao said. don’t worry, everyone.

“Don’t worry, Grandpa,” Ding Ling ‘er could not help but smile. Clan master long and the master of the divine firmament Palace are both brother Yunxiao’s confidants. We’ll be a family in the future, so how can we disagree?”

Li Chunyang, ”hehe.”

Everyone, ”hehe.”

Yunxiao, ’hehe’.

Everyone was dumbfounded. They naturally understood what Ding Ling ‘er meant by ‘family’, and they all looked at Yunxiao with strange eyes, unable to believe it.

“Yunxiao, we can’t understand your world anymore,” Li Chunyang sighed. Miss Ling ‘er, are you saying that you want to marry the palace Master of shenxiao Palace and the master of the long family?”

Yunxiao coughed a few times in embarrassment and said, ” “Don’t listen to her nonsense. Let’s get back to business.”

Although they could no longer understand Yunxiao’s world, the look on his face at the moment was one that everyone could understand.

...

to establish a connection with the two sects, what Yanwu lacks the most at the moment is people who can build the passage, ” Yunxiao said. master Jia Rong and the others are not enough.

Jia Rong was so frightened that he almost fell to the ground. don't call me master, don't call me master. Young master Yun is making me feel embarrassed.

Jia Rong, " Yunxiao said with a smile, " you don't have to belittle yourself. When you were my servant, I promised you that you would achieve great things in the future. Now, you are a fifth-tier Alchemist, and I see that you have been stuck at the bottleneck for a long time. I'll help you to improve it later."

"Ah!"

Jia Rong was shocked. His talent had long been exhausted, and it was impossible for him to make another breakthrough. But, he had no doubt about Yunxiao's words, and he was so excited that he almost went crazy. When he thought of the first time they met, he could not help but feel glad that he had chosen the right path.

Gu Yuesheng, you'll be in charge of this matter, " Yunxiao continued. first, we'll build the elementary teleportation channel, and then I'll ask the divine cloud Palace and the long family to send people to assist in the construction of Yanwu.

"Yes!"

Gu Yuesheng replied in a hurry. He also had the power of an eighth-grade sorcery at the moment, so it was not a problem for him to build simple infrastructure.

Yunxiao suddenly thought of Yuan gaohan. He wondered how he was doing at the moment. If he were here, these things would be much simpler.

as for the development of Yanwu, " he continued, " it will naturally develop when all the experts in the world gather. We don't need other Chambers of Commerce to settle in for the time being, so we'll take care of the businesses of money sect and Tianyuan Chamber of Commerce in Yanwu for the time being."

"What?"

Qian Duoduo slammed the table and stood up. Li Yunxiao, y-you're going to Rob our money gang's property!

calm down! Yunxiao beckoned and said, " calm down. It's safekeeping, not snatching."

Qian Duoduo was both anxious and angry, but if Yunxiao really wanted to Rob him, he really had no choice. Besides, from the information that had just been leaked, Yunxiao's current strength was not something that money gang could afford to offend.

When he heard Yunxiao talk about the ten rules just now, the others present might not understand the meaning behind it because they were far from it, but he knew it very well. He was still excitedly thinking about how to develop in Yanwu, and how to use this opportunity to make the money gang the world's number one Chamber of Commerce.

But now, when they heard that Yunxiao was going to 'safeguard' their property, they almost fainted on the spot.

Chapter 1927-returning to big wheel Island

Li Chunyang also wiped the cold sweat off his forehead and said awkwardly, " "Yingluo, this isn't good, Yingluo."

there's nothing bad about it, " Yunxiao said. as the Lords of Yanwu, it's our duty to gather some resources and expand them.

Qian Duoduo's face was livid. He gritted his teeth and said, " Li Yunxiao, you can't go this far!

I asked you to stay because I wanted to tell you that there's nothing else for you to do now, " Yunxiao said. you can go now.

Qian Duoduo: " Yingluo. the other party looked like he was going to eat you.

Yunxiao ignored him. lady su lianyi, Ling 'er, " he said. from now on, you will have full authority to take over the Chamber of Commerce in Yanwu. He would combine the money gang and Tianyuan trading

company in Yanwu to form a new trading company. In the future, any Chamber of Commerce that enters Yanwu will have to accept our management.”

this seems to be against the rules of the merchant Union,” Ding Ling ‘er said worriedly. they’re taking over other merchant associations without restraint, and their management is closed. I’m afraid that other merchant associations will stay away from them.

“You’re digging your own grave!” Qian Duoduo said angrily.

Yunxiao gave him a contemptuous look and said with a smile, “Now that the merchant Union is in a mess, we can set up our own rules and open them up when we’re big. After all, once the ten rules are released, and the spiritual Qi that has been sealed for 100000 years is poured in, every inch of land in Yanwu will be worth its weight in gold, and the prices of goods will increase by ten or a hundred times. It will be a piece of cake for the city to expand by ten times.”

Qian Duoduo’s face was pale, and he pursed his lips without saying a word. What Yunxiao said was true. He was going to take the bulk of Yanwu’s resources in his hands. Even if other Chambers of Commerce came in, they would be under his control, and he did not know how much profit they would get.

Ding Ling ‘er was stunned for a moment, and then her eyes gradually lit up.

This was equivalent to re-establishing the rules of the merchant Union, with Yanwu as the center. They would first digest the internal resources, and when they grew bigger, they would leave Yanwu to compete with the outside world.

Moreover, it would take hundreds of years for the ten rules of the land of sealed demons to be integrated into the world, which meant that the Chamber of Commerce in Yanwu had hundreds of golden years to develop into a world-famous Chamber of Commerce.

Everyone understood that Yunxiao was right. There was no need to share the cake of Yanwu with others.

we can follow the merchant Union’s model in new Yan city,” Yunxiao said. all the experts who have moved into Yanwu must abide by the contract of advancing and retreating with Yanwu, and use the

power of the contract and promise to restrain the Warriors in the city. As long as the rules and order are established, everything else will be easy.

Su lianyi said excitedly, " for those who have the strength to break through to the godly state, they either don't make a contract. Once they do, they will never break their promise. Otherwise, it will create inner demons and lower the chances of reaching the immortal level. No one would dare to take this risk."

I'll leave the construction of the city to you, " Yunxiao nodded and said. I'll have to trouble you.

"This is what we should do," su lianyi hurriedly replied.

Li Chunyang was slightly surprised, and he seemed to have heard something. "Yunxiao, you're leaving again?"

that's right, " Yunxiao said. I'm afraid the immortal land of the North will open soon. I must go there. The legendary land of gods, the eternal world, will open this time. It doesn't matter whether I can really become a God or not, but this time it will be a gathering of heroes. I have to go and join in the fun."

Ding Ling 'er laughed. no hero in the world would ever think that Yanwu is the real place to become a God. Brother Yunxiao, you can spread the news while you're at it. In this way, Yanwu will soon become the number one city in the world.

Yunxiao shook his head. it's not a good thing for the news to spread too fast. If all the experts of the heavenly martial realm come to Yanwu in an instant, I won't be able to stop them no matter how capable I am. It's better to let the news spread on its own and attract people to come one by one. This way, we can guide them and set up the rules."

your world has far exceeded our imagination, " Li Chunyang sighed. just do whatever you want. There are now teleportation arrays leading to the other three regions outside Yanwu, which were gradually built with the help of heaven origin and money Chamber of Commerce."

They could not offer any opinion about Yunxiao's ideas and plans, so they could only support him as much as they could.

be careful, everyone. Yunxiao nodded. I'll arrange for more people to help you.

After all, this was a matter of great importance, and he was still very worried about everyone's safety. It would only be considered half-done if the passageway between shenxiao Palace and the long family was opened.

Therefore, the guests and officials on the divine realm tablet, mo Xiaochuan, haolian shaohuang, Duan Yue, Yue jiulin, DarkThunder, and the ugly demon possessed by the evil spirit were all left behind to guard Yanwu.

With these people, even ordinary divine transcendence experts would not be able to break through.

After instructing them on various matters, he bade farewell to everyone and left.

His next stop was not to teleport to the North Region, but to bring Xin ruyu to the heavenly jewel sect.

Back then, he had obtained the bright moon divine body inheritance in the heavenly jewel sect, which was the light glass body. Now, he was almost certain that the inheritance was left behind by the Prince of the southern region, Xiaofeng.

For Xin ruyu to be able to break through to open all six gates in such a short time, he must have been guided by an expert.

A few hours later, he arrived at the heavenly jewel sect, the teleportation point.

Looking around, he could see the moon pearls of the East Sea everywhere. However, they were dim, as if they had been eroded by time and had lost their luster.

Thinking back to when he had left the southern region and obtained the light glass body inheritance here, he couldn't help but have mixed feelings.

“You really don’t want to tell me who’s behind this?”

Yunxiao threw Xin ruyu to the ground like a dead man. Xin ruyu’s face was ashen and lifeless.

With all six gates destroyed, even if he could come back to life, he would be a piece of trash, not to mention that Yunxiao might not even let him live.

you dare to hurt my father? ” Yunxiao said. you’re dead meat. I only let you describe it to me because we both have the light glass body, so I’m giving you a good death. Since you don’t cherish it, then the chance is gone.”

Xin ruyu’s body trembled and he suddenly cried out, ” “Light glass body! You also know that Ming Yue has the light glass body? Hahaha, you dare to kill me? no matter how strong you are, you will definitely die. You will definitely be killed by that person. Hahaha! I’m his disciple, he’ll definitely kill you!”

Xin ruyu laughed wildly for a while before his voice stopped. He found Yunxiao looking at him coldly, his face full of sarcasm and sympathy.

what does it have to do with you whether that man will kill me or not? ” Yunxiao asked. For a person who can’t see the light of dawn, you obtain happiness by fantasizing about the life and death of others. It’s sad and foolish, but other than this last fantasizing, what else do you have in your life?”

Xin ruyu was stunned, and endless fear immediately spread from his heart. He had a bright future ahead of him, and he should have stood at the peak of the continent, not died in this dark cave.

“No, no, let me go, save, save me!”

He screamed madly in his heart, but his throat seemed to be stuck, and he couldn’t make a sound.

His body flew up involuntarily and hung in the air. Then, extreme pain came from the depths of his soul. He was horrified to find that his soul was being extracted continuously.

“BOOM!”

Xin ruyu felt as if his brain had exploded, and he lost consciousness. His eyes were listless, and his face was blank.

Yunxiao’s divine sense blasted open his spiritual altar and sea of consciousness and began to search his memory.

After a while, Xin ruyu’s body fell to the ground and landed in the middle of the cave. The moon pearls of the East Sea around him shone on him, and he looked a little miserable. He still had a silly smile on his face. He was completely dumbfounded.

Yunxiao casually pointed a finger at him, and with a bang, his body was immediately burned to ashes.

“Seeing that we both have the light glass body inheritance, I’ll take pity on you.”

Then, with a flash of green light, Yunxiao disappeared from the cave.

The next day, Yanwu issued a large number of rules, sweeping away its previous dejection, opening up new doors, and expanding the city with soil and stone.

...

Everyone had their own speculations, and most of them speculated that the reappearance of the phenomenon not only brought in a large amount of spiritual energy but also found the source of it, which gave Yanwu the confidence to develop.

At the same time, to everyone’s surprise, the city Lord’s office directly sent someone to take over the two largest Chambers of Commerce in the city, heaven essence and gold coins, and began to integrate them into the Chamber of Commerce of Yanwu.

The two Chambers of Commerce didn’t even resist at all, and they were just submissively integrated.

The money Chamber of Commerce even welcomed and supported the establishment of Yanwu's Chamber of Commerce with a banner, and announced that it would give all its assets in Yanwu to the Chamber of Commerce unconditionally, hoping to establish a long-term friendship with them.

Although Qian Duoduo was extremely depressed, with the rise of Yanwu, not only would the world's situation change drastically in the future, but the situation in the merchant Union would also change dramatically. He was also a sensible man, so he immediately made the wisest choice.

Although the other party had eaten a piece of your flesh, you still had to smile and say, "well eaten, you're welcome to eat more."

After a long time, Qian Duoduo's decisiveness brought incalculable benefits to money gang, allowing money gang to continue standing at the peak of the continent in this turbulent era.

A few days later, on a huge island in the North Sea.

People came and went in an endless stream, but everyone had a solemn expression on their faces, and the entire place was filled with a tense atmosphere.

"Hello, may I ask where your identity card is?"

In front of a large teleportation formation, the dozens of people who had just arrived all took out a light blue jade card to prove their identity before leaving in a hurry.

...

One of the young green-robed men was stunned for a moment. Obviously, he didn't have a Jade card.

The guards immediately became alert and went forward to ask.

Furthermore, the green-robed man did not have any origin power fluctuations on his body, yet he had an extraordinary temperament, causing the guards to not dare to slight him.

Although dozens of auras were locked onto the man in green, they were still very polite and respectful.

The green-robed man was surprised and asked, "do I need an identity card?" I've been to the bigwheel Island several times, but I've never heard of such a thing."

"So you've been here before, Sir," the guard quickly replied. Seeing that you have an extraordinary temperament, you must be from an aristocratic family. Recently, the North Region Fairyland has been opened, and the entire bigwheel Island has been on guard. All those who are allowed to enter and leave will be issued identity Jade cards in advance."

Chapter 1928 Gathering

"I see, but I don't have an identity Jade card. I only have this," the green-robed man said.

He took out an iron token. The runes on it had turned Scarlet, and they were glaring.

"哇! Natural moat order!"

The guard was shocked, thinking that he had seen it wrong. His eyes widened. Sure enough, this thing couldn't be faked.

In the past few days, many people had come here with the natural moat token, but all of them were powerful warriors. However, this man in front of him looked so young.

"My Lord, please tell me your name," the guard hurriedly bowed and said.

"Li Yunxiao."

The Azure-robed man said indifferently.

The Guard's entire body trembled. He hurriedly said, "so it's Lord Cloudsky. Quickly invite him in!"

Yunxiao's reputation and status in the secluded sects were unparalleled, and almost everyone knew him.

Immediately, a luxurious war chariot glowed with gold and wrapped in Jade, pulled by two Dragon-horses with wings on their backs.

The Dragon horse was a special kind of demon beast in the natural moat ocean. No one knew how it was raised, but it could fly, run on land, and walk on water. It could go anywhere in the world, and it was extremely fast.

The guard quickly retreated to the side and bowed. Lord Cloudsky, please get on the carriage. This Dragon carriage will bring you to the entrance of the immortal land.

What a precious Dragon spine! Yunxiao raised his eyes and said, "the natural moat ocean is really warm-hearted."

The guard smiled embarrassedly and said, "this is an Emperor-grade Dragon Air, it's rare even in the natural moat ocean." From what I know, there are less than 10 of them in the entire natural moat ocean. This Emperor grade Dragon carriage was personally ordered by Lady Nanqiu Yu to be used by Lady Yunxiao."

Yunxiao looked over and saw that the two Dragon horses were indeed a little different from the others. The wings on their backs flickered with a faint green light, which was of the Thunder attribute, and when their four hooves stomped on the ground, a faint flame appeared. Even their bodies were slightly larger than ordinary Dragon horses.

"It's rare for Lady Nanqiu Yu to be so thoughtful, it would be impolite for me to decline."

Yunxiao's figure flickered as he got into the dragon carriage.

The guard quickly retreated to the side and said, "Milord, please go! No matter where it is, this Dragon carriage can bring Daren there. In addition, this dragon horse is able to travel unhindered within the territory of the overseas aristocratic families."

yes! Yunxiao nodded and said, "has anyone from the divine firmament Palace and the long family come?"

"The two sects have already sent people here, but Wufu and the others have brought a large number of Warriors with them. Each natural moat token can only allow one person to pass through, so they are still on the island."

After Yunxiao asked for the direction, he gave the Dragon horse a divine thought. The Dragon horse immediately understood and strode forward with its head held high. The thunderstorm wings on his back flapped, and his four hooves created sparks as he disappeared from the spot.

The entire bigwheel Island was tens of thousands of miles away. It was like a small piece of land. However, the Emperor-grade Dragon carriage was extremely fast. After an hour, they arrived above a building.

The building was a little far from the center of the island, but there were many people there. With a sweep of his divine sense, Yunxiao sensed thousands of people.

They were all from the heavenly martial continent, and they were all arranged to stay in this area.

The coordinates on the natural moat order had completely emerged. Many people had already set off, but their followers could only stay on the island.

All of a sudden, an extremely strong spirit sense came from that building and reached to the chariot.

As soon as Yunxiao's divine sense contacted the other party, the divine sense trembled with excitement.

With a flash of light, qu Hongyan appeared in front of the chariot and said in surprise, "Feiyang! You've finally come!"

Qu Hongyan was so happy that she cried. Her eyes were shining, and she looked pitiful.

Yunxiao's heart skipped a beat. He got off the chariot and gently held her in his arms as he said softly, "I've made you worry."

Qu Hongyan pressed her face against Yunxiao's chest and could hear his heartbeat clearly. At that moment, the two of them were almost one.

Qu Hongyan felt very peaceful and quiet, and the anxiety she had felt for the past few days had completely disappeared. Yunxiao's chest was like a warm spring, warming her whole body and making her feel unspeakably comfortable.

It was as if he had found his home, not only physically, but also spiritually.

"My husband, my husband, my husband, my husband, my husband, my husband, my husband,"

Suddenly, Feini's voice came from behind them. She said the two words very softly and looked at the two of them in a daze. Her cheeks were slightly red and she seemed a little embarrassed.

Yunxiao and Qu Hongyan were separated immediately, both feeling a little uncomfortable.

"I'm fine, you guys can continue." Fei Ni suddenly chuckled.

"You little girl," Qu Hongyan scolded with a bashful smile, "I'm afraid you have mixed feelings inside. You're so jealous that you're turning over a jar of vinegar."

Feini squinted her eyes and laughed. How can that be? Husband and sister are the most compatible couple. They're Immortals. I can only be envious.

"You and I are sisters, so there's no need to be so distant," Qu Hongyan said.

“Thank you, big sister,” feini said excitedly, her heart filled with joy.

This sentence meant that qu Hongyan’s heart had accepted her. This was the thing that had been the most worrying for a long time. Finally, the stone was lifted off the ground. She suddenly felt that the sky was far away, the world was vast, and it was unspeakably beautiful.

“Feiyang, you must treat sister feini well in the future,” qu Hongyan said with a smile.

Yunxiao found it strange. The two were clearly hostile to each other before, so why did they suddenly become so intimate? However, he was naturally happy to see the current situation.

Only then did feini come forward, grabbed Yunxiao’s arm, and leaned against him as she said softly, “ I heard from sister Hongyan that my husband was caught in a spatial storm. I was so scared that I couldn’t rest in peace for the past few days. Fortunately, God has eyes and allowed my husband to return unscathed.

“Not only is he perfectly fine, but he even made it in time for the immortal land to open,” qu Hongyan said with a smile. Her pupils suddenly constricted as she stared at Yunxiao and said in surprise, “ “Feiyang, your cultivation is weak!”

Feini also looked up at Yunxiao with a suspicious look in her eyes. husband, what’s wrong with your cultivation? why can’t I feel any elemental energy fluctuations? ”

Their faces turned pale. One of them was at the peak of perfection realm, and the other had the bloodline of the heavenly Phoenix, but they could not sense Yunxiao’s energy fluctuations. That could only mean one thing: Yunxiao did not have any energy flowing in his body!

Qu Hongyan’s eyes were filled with endless killing intent. She gritted her teeth and said, “ “Who was it? who did this?” Tears welled up in her eyes, and finally, she couldn’t help but shed them.

Feini was also covering her mouth with tears in her eyes. She could not believe it, but no matter how she tried to sense, Yunxiao’s body was like still water, without any ripples.

Their hands and feet went cold, thinking that Yunxiao's martial Foundation had been destroyed, which would be a great blow to him, who had once ruled the world.

“Husband, no matter what you become, feini will always be by your side.”

Feini could not help but cry as well, but she did not dare to cry out loud, for fear of touching Yunxiao's scar.

...

Qu Hongyan also gritted her teeth and nodded. I am the same. I am as strong as a rock. I can die for a thousand years.

Yunxiao was taken aback when he saw the two men burst into tears uncontrollably. He felt that he could not explain it, and did not know how to comfort them. He released a powerful aura and crushed the two of them.

The tears on their faces immediately stopped, and they both revealed a look of shock. this Yingluo ...

Qu Hongyan was stunned. what kind of power is this? it's as vast as the sea. I can't feel any origin power at all, but it's more sacred and pure, as if it's closer to the great Dao. Could Feiyang have gotten another opportunity?”

it's a long story, ” Yunxiao nodded. I was just about to discuss it with you. This energy is called ‘spiritual energy’ . ”

“Spiritual energy!”

The two of them cried out involuntarily. With their knowledge, they naturally knew what spiritual energy was.

don't be surprised," Yunxiao said. let me tell you one by one. I've really stepped into the immortal realm now, the true immortal realm.

"Entering the God Realm."

As soon as he said that, no matter how mentally prepared they were, the two women were still so shocked that their mouths could be stuffed with watermelons.

Yunxiao immediately cast an array formation to prevent anyone from eavesdropping. Then, he told them in detail about what had happened in the sealed land and Yanwu, and the two men were dumbfounded.

...

"If Yanwu has the opportunity to become a God, then the northern region's Fairyland and the eternal world will be in conflict," feini said.

it's indeed not necessary for us," Yunxiao said. but it's not impossible to go there. After all, the eternal world has been famous for tens of thousands of years, and there must be something special about it. When the trip to the immortal land is over, you can head to Yanwu to break through, and at the same time, you can stay in Yanwu to ensure that the passage between the three places is opened."

Qu Hongyan came back to her senses after a while and said, "If Feiyang didn't tell me, I wouldn't have believed it. The demon-sealing seal was damaged, and the ten rules returned to heaven and earth. This was the biggest event in a hundred thousand years, and its impact was incalculable. I'll immediately ask Hua Shang to take some people to Yanwu to keep watch."

Feini immediately reacted and said, "I'll also immediately send a few elders to bring people over. The news hasn't spread yet, and all the experts have gathered on Great Wheel Island, so no one should go to Yanwu in a short time. Let's occupy the geographical advantage first and make proper arrangements."

then I'm relieved," Yunxiao said. I'm going to build Yanwu into an iron wall like the seven major forces in a short period of time, or even better than them.

Qu Hongyan said, " since the opportunity to become a God has appeared, we are not in a hurry to go to the immortal land of the North Region. First, we will gather the people of the two sects and make a clear overall plan. It is not too late to go to the immortal land after each of them has been assigned.

you're absolutely right, sister! feini laughed excitedly. I don't even want to go to the immortal land now. I can't wait to fly straight to Yanwu.

The three of them immediately descended from the sky. Qu Hongyan and Fei Ni immediately gathered the people from both sides and soon met in a Hall.

Almost all the high-level officials of the two sects knew Yunxiao. When they saw him sit alone while qu Hongyan and feini just sat on the two sides, they were all dissatisfied, but there was nothing they could do.

Luo chunrou's face was as unsightly as wax. "It turns out that the palace Master is waiting for Gu Feiyang. If we miss the important event of entering the eternal world and the opportunity to become a God, I'm afraid that it will cause the hatred of shenxiao Palace for thousands of years."

Many elders of shenxiao Palace frowned. Although Luo chunrou was used to being hostile to qu Hongyan in shenxiao Palace, there were a large number of long family members present at the moment. If she did not give face to the sect master, it would damage the reputation of the entire shenxiao Palace.

Chapter 1929-long wait

Mi zhihan's expression darkened as well. She said coldly, " Luo chunrou, if you're feeling impatient, you can leave the natural moat token behind and go back to shenxiao Palace on your own!

Luo chunrou had nothing to fear after receiving the natural moat token, but she did not dare to offend mi zhihan either. After letting out a muffled grunt, she did not make another sound.

Yunxiao looked over and said, " "Elder chunrou, since you have the natural moat token, why don't you go there yourself?"

Luo chunrou laughed coldly and said,"you think I don't want to go first?" If it wasn't for the palace Master forcing us to wait for you, everyone would have left first!"

Yunxiao made an inviting gesture with a smile and said, "I'm truly sorry. Elder Chunrou, you can go first."

Luo Chunrou was stunned and turned to look at Qu Hongyan.

"Since Feiyang said you can go first, then you can go first," Qu Hongyan also said indifferently.

All the people of Shenxiao Palace and the long family frowned slightly when they heard that. They did not expect that they would listen to Yunxiao for such an important matter in Shenxiao Palace. Moreover, judging from Qu Hongyan's look, she seemed to have said that intentionally in order to establish Yunxiao's prestige.

Xin Xin Han thought for a moment and said, "Then you should go first. I don't know why Gu Feiyang has gathered the people of our two sects, but maybe he'll make a lot of noise, so as not to delay your trip to the north region Fairyland, which may delay the major things. It's good that you go first."

Luo Chunrou was overjoyed. Then I'll take my leave first. First Supreme Elder, Palace Master, farewell. Hahaha!

Luo Chunrou couldn't help but laugh out loud. She then used her escape technique and disappeared from the hall in a flash.

The long family members all looked at Feini. Although some of them were unhappy, they did not dare to voice it.

Those who harbored evil intentions had long been treated as dissidents by Feini. She would not give them any room to improve, so they all stayed in Sky Ridge. Those who could be brought out were their own people, and at least they were obedient.

Although Qiu Mujie had stayed in the heavenly ridge, he was not a member of the long family, so he was not very polite to Yunxiao. Only he dared to show his dissatisfaction as he snorted, "Can't you just talk while we walk? We've wasted enough time waiting for you."

don't be impatient," Yunxiao said with a smile. when I tell you, perhaps you won't want to go to Langya heaven anymore. Everyone can feel this power in detail."

After he finished speaking, a vast and mighty force surged out of his body and fell on everyone like raindrops.

Everyone present was a powerful cultivator, and they could not help but look shocked. This kind of power was like fog and frost, like the moon and water, radiant and Holy. Even with their vast experience, they had never seen it before.

Although it was unfamiliar, many people's hearts began to palpitate. Under the nourishment of this power, their hearts felt very peaceful, as if a door had slowly opened in their hearts. It was something that they yearned for, but could not reach.

Even if he couldn't, he could feel the vastness of the heavenly Dao and the endless power.

Yunxiao was sitting quietly on it, wearing a green robe. One of his eyes was like a breeze, and the other was like the moon. He seemed to have seen all the scenes in the hall, leaving only the sight for the crowd to look up at.

this is the Kasaya! This is the power of the Spirit!

Mi zhihan's entire body suddenly trembled and she lost her composure as she screamed. Her hands and feet trembled uncontrollably, and she had completely lost her demeanor.

"Spiritual energy?"

Everyone present was shocked. After a brief moment of surprise, they all looked at Yunxiao in horror and shock.

Qiu Mujie forcefully suppressed the shock in his heart and swallowed his saliva with difficulty. He said, you've already entered the immortal state?!

yes," Yunxiao nodded and said.

The moment that pressure was withdrawn, everyone felt their hearts empty, as if something had been taken away by someone.

Upon hearing Yunxiao's admission, the hall fell into a dead silence.

Everyone's brain was in a daze, and they were completely unable to think.

A realm that had disappeared for a hundred thousand years had reappeared in the world. What did this mean?

Qiu Mujie's eyes were filled with envy, jealousy, and even a little disappointment. He said in a self-deprecating manner,"Haha, you're the first one to take this step. Over the years, countless geniuses and countless explorations had all ended in failure. Li Yunxiao, you are really the strongest man in the world in the last one hundred thousand years!"

Everyone's heart trembled, only then did they come back to their senses. The person before them was actually the first person in 100 thousand years!

The hall was still as silent as death. Although the spiritual energy's pressure had been withdrawn, the atmosphere became even more oppressive. Everyone's hands were covered in cold sweat, and even their breathing was extremely slow, afraid of making a sound.

"Is it because of that holy artifact?" asked Qiu Mujie. It's rumored that only those who possess a holy artifact have a chance of becoming a deity."

Lord mu Jie is thinking too much, " Yunxiao said with a smile. so are you. The reason why I was able to step into the godly state was because of the reappearance of the ten rules of the world. After today, there will no longer be any transcendent beings. Everyone here will have the opportunity to step into the godly state."

Looking at everyone's stunned expressions, Yunxiao immediately told them the whole story in detail.

The entire Hall suddenly burst into an uproar. There were all kinds of shock and excitement, and many people were incoherent.

After all, the news was too shocking. If he hadn't felt the spiritual energy's pressure earlier, he wouldn't have believed it at all.

"Lord Feiyang, where is the place where the law is released?" Yan zhihan asked with a trembling voice. Please give me the exact coordinates."

"Yes, please give me the exact coordinates!"

Everyone quieted down and spoke in unison.

Yunxiao glanced at the crowd and said, "I don't have the coordinates yet, but it's near Yanwu. This is also the reason why I've gathered all of you here. Just now, I said that everyone has the opportunity to become a God. Of course, this 'opportunity' will depend on whether you are willing to grasp it. "

The crowd was taken aback. When they saw the smile on Yunxiao's face, they knew that he was about to make an offer.

However, at this moment, other than asking him to cut off his head, he would probably agree to any price.

"Of course I'm willing to!" Xuan xuhan quickly replied. I hope Lord Feiyang will give me a chance!"

She knew that she did not have much time left and had already seen through life and death. This was her last chance in the world of everlasting life, but she did not have much hope.

But it was different now. The opportunity to become a God was right in front of him. It was not something illusory, but easy to get!

As long as she entered the immortal realm, she could extend her life by hundreds or even thousands of years. Even if Yunxiao wanted to take her as a concubine, she would probably agree.

For some reason, Yunxiao shuddered and found himself covered in goosebumps.

He said, "now that the rules of the ten directions have reappeared in the world, it will definitely cause chaos in the world."

He explained the current situation of the world and Yanwu in detail, and then talked about his plans for Yanwu and the Alliance.

Everyone realized that Yanwu's rise was already unstoppable.

Although they didn't want to see the rise of other forces as one of the seven superpowers, they couldn't care too much about matters related to the ten divine realms.

"That's right!" Mi zhihan clapped and praised. Now that the Holy region and the sea of soul formation have lost their responsibilities, we must establish our own alliance with Yanwu as the center and rebuild the order of the world!"

...

Everyone's heart trembled. Mi zhihan's words had directly elevated Yanwu to a higher level, making it the center of the Alliance and the center of order!

But, with Yunxiao's current power and Yanwu's current special status, it was not a bad idea.

Moreover, judging from the relationship between the sect Masters of the two sects and Yunxiao, it was likely that they had planned to do so long ago.

Although many people were a little dissatisfied, if Yanwu could really develop to the level of the two Holy Lands, it would be able to raise the status of shenxiao Palace and the long family.

At least for now, the benefits of the ten rules would be enjoyed by the two parties first.

At the thought of the ten rules and the massive amount of spiritual energy, everyone could not help but lick their lips, wishing they could fly to Yanwu right now.

since no one has any objections, let's discuss it," qu Hongyan said. the number of people entering Langya heaven this time will be reduced, and the rest will go to Yanwu to help with the construction and defense of the city.

yes," mi yanhan said. I'll lead the team to Yanwu. Those who are willing to give up the opportunity to enter Langya heaven, follow me."

There was a commotion in shenxiao Palace. Almost everyone stood behind mi youhan. Lang ya Tian was no longer attractive to them.

The long family was also in a heated discussion, arguing that they should go to Yanwu.

Both qu Hongyan and feini were speechless as they looked at Yunxiao.

...

there's no hurry to go to Yanwu," Yunxiao said with a smile. after all, the rules of the ten directions are only useful for peak nine-stars experts. It doesn't make much sense for the others to go. After all, Langya heaven was an ancient celestial realm, and perhaps he could obtain a great opportunity. Besides, Yanwu is under our control, so we can go there at any time."

That being said, there were still very few people willing to go to Langya heaven.

in that case," Yunxiao said with a wry smile, "I'll let you do as you wish. He took out a token and threw it to Yan zhihan, "this is the city token of Yanwu. Take it with you and state your purpose.

Yan zhihan hurriedly grabbed the token and said excitedly, "Lord Feiyang, don't worry. I'll definitely make Yanwu an iron wall!

The long family members were also rubbing their hands in excitement.

After a while, all the Warriors of the two sects rose to the sky and went to the teleportation formation of bigwheel Island.

Yunxiao, qu Hongyan, and feini were the only three left.

After all, the Warriors who could be brought to Langya heaven were all top experts of the two sects. It was difficult to resist the attraction of spiritual Qi and rules.

"If I were not with Feiyang, I would have gone to Yanwu," qu Hongyan said with a wry smile.

"Feini too," feini giggled.

Yunxiao held their hands and said, "It's only a few days. We've already waited for a hundred thousand years, can't we wait for ten days? Let's go."

The three of them sat on the Emperor grade Dragon carriage at the same time, but it did not seem crowded.

Yunxiao took out the natural moat token. The coordinates above kept flashing, and he communicated with the Dragon-horses with his divine sense. The two Dragon-horses immediately understood what he meant. With a stomp of their hooves, flames burst out, and the wind and thunder wings on their backs flapped. In the blink of an eye, they disappeared from the sky above the building.

Soon, the Dragon carriage left the big wheel Island, heading toward the coordinates shown on the natural moat token.

Chapter 1930-follower

A few days later, there were martial artists flying over the sea and sky from time to time, or war chariots in the air. They were all martial artists heading toward the coordinates.

There were also Dragon carriages among them, but they were much smaller than Yunxiao's Emperor-grade one. The people on the Dragon carriages were surprised and tried to probe with their divine senses, but they found nothing.

Suddenly, a violent elemental energy wave came from ten thousand miles ahead.

The chariot seemed to be frightened. It stopped in the air with a long neigh.

Qu Hongyan looked into the distance, but she couldn't see anything because it was too far away. She asked curiously, "this Emperor grade Dragon centipede is a ninth-order monster beast, and it's very powerful. But, it won't be scared of ordinary things. I'm afraid there must be some powerful warrior in front of us.

of those who can come to Langya heaven," Yunxiao said indifferently. which one of them is weak?" He patted the back of the two Dragon horses to calm them down and continued to run forward.

A moment later, three figures flew over.

The three of them were pale and looked terrible, as if their wives had run away.

When the three of them saw long Jue, their eyelids twitched and they immediately stopped in front of him.

"My friend!"

The person in the lead hurriedly called out. He waved his hand and stopped Long Chen. I am bu Zi. These two are Zhou Guang and Mao Qiao.

These three people were also well-known people. When they were invited to Langya heaven, they thought that the other party would be surprised after they reported their names. However, the three people were obviously disappointed. There was also a man and two women sitting on the Dragon carriage, and they seemed to have never heard of their names.

Yunxiao glanced at the three men, then said indifferently, "What's the matter?"

"Are the three of you going to Langya heaven?" bu Zi was slightly unhappy.

yes," Yunxiao said. aren't you three? "

The three of them looked at each other and lowered their heads in shame. Bu Zi clenched his right fist and coughed a few times to cover up his embarrassment. of course we are. I wonder what your names are. Since you are also going to lang ya heaven, you must be famous. Do you have any natural moat tokens? "

of course I have the natural moat token," Yunxiao said. otherwise, how can I go to Langya heaven? "

Bu Zi's face revealed a happy expression, and he hurriedly said,"Can you let us take a look at your natural moat tokens?"

why should I show you? " Yunxiao asked. don't you have any? "

Bu Zi chuckled and gave them a look. Zhou Guang and Mao Qiao immediately moved to the sides and surrounded Long Chen. At the same time, they spread out their aura, locking the space around them like a heavenly shield, as if they were afraid that Yunxiao and the other two would run away.

"We did have one before, but it was unfortunately stolen, so we hope to borrow it from the three of you," bu Zi said.

“Robbed?”

Yunxiao was taken aback. someone’s here to snatch this? ” he asked in surprise. Moreover, since he has the ability to snatch, it can be seen that his strength is extraordinary. Naturally, he has the qualifications to go to Langya heaven.”

Zhou Guang rebuked, “stop talking nonsense!” Take out the natural moat token and leave this Dragon carriage behind, and I’ll let you go. The heaven of Langya has already opened, I don’t have time to waste with you!”

I think you three are quite strong, ” Yunxiao said with a smile. I also like talents. Why don’t the three of you become my attendants and I’ll bring you into Langya heaven?”

“Follower?”

The three of them were stunned for a moment, and then their expressions became strange. Bu Zi laughed out loud and said, ” “Hahaha, you want us to be your followers? There’s no one in the world who dares to say such big words!”

Mao Qiao was an old woman, and she also laughed in a strange way. She stomped her foot and said sarcastically, ” he even brought us into Langya heaven. A natural moat token can only allow one person to enter. He doesn’t even have this much knowledge. No wonder he said that he would take us in as his followers!

Yunxiao waved his hand, and three beams of light shot out.

The three of them were shocked and thought that the other party was the first to attack. However, when they turned around and saw what was inside the light, they were shocked and grabbed it with their hands.

The three people all drew in a cold breath and said in shock, ” “Natural moat order!”

The people of shenxiao Palace and the long family had all returned to Yanwu, but they had four tokens.

since you have the token, you are now my attendant," Yunxiao said. follow Long Chen. Let's go.

His carefreeness had an irresistible force that caused the hearts of the three to tremble.

Zhou Guang's eyes flickered with a fierce light, as if he wanted to attack. He looked at the two of them and asked for their opinions.

Bu Zi slightly shook his head. He looked extremely serious. Anyone who could ride on the Imperial Dragon carriage and give out three natural moat tokens so casually was definitely not an ordinary person.

Moreover, among the three people on the Dragon carriage, apart from the red-dressed girl on the left, he could not sense the strength of the man in the middle and the veiled woman on the right. This made him feel very uneasy.

Bu Zi cupped his fists and said,"Thank you, friend, for giving me the token. I'm extremely grateful." But if you want the three of us to be your followers, you're being too whimsical. Although the three of us aren't famous figures, we're still experts of our own and are renowned overseas. In return, we have a piece of valuable information to tell you. Thousands of miles away, there is someone who is trying to Rob the natural moat tokens, and that person is very powerful. The three of us fell for it and planned to take a detour. Friend, you can take a detour with us."

"Why are we wasting our time talking to them? since we have the natural moat order, let's go."

The three of them immediately flew into the distance, trying to bypass the ridge in front of them.

"Husband, these three people are very silly and na?ve," feini laughed.

With a point of his finger, thirty-six Northern heaven cold star swords flew out and caught up with the three in an instant, turning into a sword array and falling from the sky.

Suddenly, a sword realm opened up and trapped Bu Zi and the other two within it. The Sea of Swords churned, causing everyone's expression to change greatly.

The three of them could not see through Yunxiao's strength, but they did not expect him to strike so fiercely. Although the sword array was still, they could feel that it contained an extremely powerful killing move.

The three of them did not dare to act rashly. Bu Zi said in shock, "Friend, the three of us are grateful for the natural moat command plate, but we have already returned the favor with information. Why do you have to force us?"

that information is worthless," Yunxiao said indifferently. "because I have no intention of avoiding it. You three can either return the natural moat token and cut off your own arms as punishment for offending me. Otherwise, you can be my attendant and listen to my orders."

"Haha, cut off his own arms? To think you could think of that!"

Zhou Guang was so angry that he laughed. "no one in the world dares to speak to us like this. No wonder you're so arrogant. Are you just relying on this sword formation technique?" "But you're still too young to trap the three of us!"

He roared and his body expanded. His veins popped up and he clenched his fists.

A golden light emerged from his fists and transformed into two golden Spears. He threw them out!

"Bang! Bang!"

The two long Spears struck the sword formation and immediately caused waves of sword essence ripples.

Zhou Guang roared once again, and golden light appeared all over his body. It was completely different from the inextinguishable golden body. It was just a kind of metal-type divine power. His skin was covered in a dense golden light, and the sharp air around him was constantly cut.

“BOOM!”

...

Zhou Guang flashed up and grabbed the two golden Spears that were stuck in the formation light with both hands. He forcefully tore them to the sides, trying to break the sword formation.

Bu Zi and Mao Qiao were both surprised and happy. They rushed forward, wanting to help.

Yunxiao’s eyes flickered as he performed an incantation gesture with one hand and pointed at the thirty-six swords. The thirty-six swords immediately began to spin, sending sword runes flying into the sky and crushing the vacuum like snowflakes!

“Boom boom boom!”

Bu Zi and Mao Qiao were shocked. They did not dare to move forward. They brandished their weapons to resist the sword talismans that were spinning in the sky. A series of “Bang Bang” sounds could be heard.

Zhou Guang was also swallowed by the sword talisman in an instant. The golden light on his body lasted for a moment before it was broken. Countless sword Qi slashed at his body, and soon, blood and flesh flew everywhere.

The three of them were filled with fear. They had never seen such a terrifying sword formation in their lives.

The three of them tried their best to resist, but they couldn’t hold on for long. Soon, they were all covered in blood and felt that they were dead for sure.

Bu zikuang shouted, “ please spare me, my Lord! Please stop! Please stop! The three of us are willing to be your followers!”

Zhou Guang and Mao Qiao were both shocked and furious. They glared at the cloth, but since their lives were in danger, they did not say anything.

Bu Zi said bitterly, "we're the meat on the chopping block." Besides, we were the ones who provoked them first, so even if they really killed us, they wouldn't have anything to say."

...

The two of them fell silent, their expressions and moods extremely bad.

Originally, they were going to the North Region Fairyland happily, hoping to find opportunities to reach the next level, but they never dreamed that they would meet bandits on the way and their natural moat tokens were stolen.

It wasn't easy to get three more pieces, but the result was even worse, and he became a slave.

After the cloth begged for mercy, the sword array was finally torn apart, and all thirty-six swords flew back into Yunxiao's body.

The three of them heaved a sigh of relief in their hearts. At least their lives were temporarily saved, but none of them looked good.

since you've become my attendant, you should have the awareness of an attendant," Yunxiao said coldly. if I'm dissatisfied, I'll take your lives directly.

Their faces turned green and white, and their eyes were filled with anger, despair, and fear.

"Let's go," he said.

Yunxiao said indifferently, not even bothering to look at the three of them. He drove the Dragon carriage forward and said, "If you don't catch up, you'll die after falling a thousand feet!"

The Emperor grade Dragon carriage was extremely fast, and it was already ten thousand feet away as soon as it finished speaking.

The three of them were shocked and didn't dare to disobey. They hurriedly used their strongest escape technique and gritted their teeth to follow behind, not daring to fall.

Zhou Guang's expression was extremely gloomy as he transmitted his voice to the other two, "Are we really going to be slaves? What's the point of living like this? why don't we fight him to the death? we'll die a happy death!"

Mao Qiao said in a deep voice, "die quickly?" I'm afraid I'll die in a cowardly manner!"

The three of them had ugly expressions on their faces. When they thought of the sword formation, they were all terrified, as if they didn't have the courage to fight.

Mao Qiao said, "this man is so young and so powerful. He also has the Emperor-grade Dragon Air of the natural moat ocean. He's definitely not an ordinary man. Do the two of you know of this person's background?"

Bu ziku replied, "the three of us rarely travel around the continent, so how would we know?" If I knew, I wouldn't have dared to provoke such a terrifying fiend."

Mao Qiao's eyes flashed with a cold light, and the corner of her mouth revealed a proud smile. "This kid is too arrogant. No matter who he is, don't forget about The Fiend in front of you. Hehe hehe."
