

## The Eternal 1931

### Chapter 1931-encounter

When the three of them thought of the person in front of them, their bodies trembled and their dispirited spirits were roused.

They all had the same thought, hoping that this young man and the person in front would fight until both sides were injured, so that the three of them could take the opportunity to escape.

On the Dragon carriage, feini snuggled up on Yunxiao's shoulder and said with a tender smile, "Those three people don't seem to be very honest. Husband, aren't you afraid of the opposite effect by bringing these three people?"

Yunxiao patted her hair and said with a smile, "These three people are all peak nine-star experts. They are also heroes who dominate a region on the continent. It would be a pity to kill them. I can still make use of it if I bring it back to Yanwu."

Qu Hongyan said, "Yanwu has a bright future, but it's indeed too weak. Even with the power of shenxiao Palace and the long family, we may not be able to hold on. There are too many things that need to be fixed. It's indeed necessary to recruit more top-tier experts. It's just that I don't know how to make them obediently listen. If they have strange thoughts, it will be a disaster."

it's easy to make them obedient," Yunxiao said with a smile. you can use absolute strength to suppress them until they dare not resist, and then use the sweetness of the ten rules to make them loyal to you. If these two moves can't tame them, then there's no point in keeping them alive. I won't be soft-hearted either."

Feini said, "my husband is really good at using people. These three people are quite powerful. I wonder who is blocking the road and robbing us. Why are the three of them so afraid?"

we'll see them soon," Yunxiao said with a smile. no matter who they are, there are not many people in the world who can take the natural moat token from us.

The Dragon carriage flew through the air, only a faint ball of fire and the power of wind and lightning contained within it could be seen.

Bu Zi and the other two cultivators turned into rays of light and followed him with all their might, but they could only barely stay within a thousand feet. The three of them complained incessantly and cursed in their hearts, but there was nothing they could do. They could only brace themselves and run madly.

A moment later, after traveling thousands of miles, the Emperor grade Dragon carriage suddenly stopped in the sky above a sea.

The sea and sky were vast, but the Dragon horse seemed to be extremely afraid. It neighed softly and did not dare to take another step forward.

Bu Zi and the other two staggered over, unable to catch their breath. Bu Zi said in shock, "It's bi an, it's in this Sea region, someone is snatching the token!" He looked around in horror, still feeling a lingering fear.

Yunxiao looked ahead and said indifferently, " "Since you want to snatch something, just show yourself."

As soon as he finished speaking, the waves surged and large amounts of water vapor rose, filling the sky with white mist.

In the White steam, a large number of human figures gradually appeared. There were actually hundreds of them!

These figures all had strange faces and uneven figures. The sea water was directly split apart by the monstrous aura.

"Demon race?"

Those hundreds of people were from the demon race, and the demonic Qi that came from them showed that they were all very strong.

Yunxiao was even more stunned when he saw the person in front of him. "It's you Yingluo."

A few people stood in front of the hundreds of demons. They were all familiar faces.

Yunxiao read the names one by one and said, "Mister Huang, Gu Qingqing, young master Yu, Duanmu Cang Xuanji."

The four of them, who were standing on a green light, also looked over.

Duanmu you Yu smiled bitterly and waved his hand in greeting. He then turned to the referee and said, "My Lord, I'm right, aren't I? I'm sure I'll meet li Yunxiao here."

Mo Leng snorted as he stared coldly at Yunxiao. He reached out his hand and said, "Give me the Buddhist Demon Sacred art!"

what are you talking about, Mr. Ke?" Yunxiao asked. why can't I understand?"

Bu Zi and the other two were shocked. They didn't think that this young man would know these demon race people!

And as soon as they thought about the name 'li Yunxiao', they immediately realized what was going on, and their faces turned pale. It turned out that The Fiend they had provoked was this man!

"Hehe, little lover, you're still pretending, you've also deceived this lady."

Gu Qingqing chuckled. tsk, tsk. I didn't expect the demon race's supreme art, the Buddhist Demon Sacred art, to be on you. No wonder you were able to make it look so real at the foot of the five Cloud Mountain. It was in your hands all along.

that thing is the Supreme magical power of the demon race," mo said sincerely. it's useless for you to keep it. Why don't you buy me a favor?"

He also knew that Yunxiao was not someone to be trifled with, especially the beauty beside him, Qu Hongyan, whose strength was no less than his. If he were to fight with Yunxiao by force, it would be difficult for him to gain any advantage. So, he might as well find a way to exchange for her.

Yunxiao touched his chin and said in surprise, "I'm very curious, why do you all insist that the thing is on me?"

Gu Qingqing laughed, "my little lover, don't you know what the Duanmu family is capable of?" It's been a hundred thousand years, isn't it easy to calculate the location of the Buddhist Demon Sacred art?"

"A hundred thousand years? So it was you, Duanmu Youyu, who betrayed me. "

Yunxiao's eyes turned cold as he stared at the Duanmu siblings.

Duanmu Youyu hurriedly explained and said bitterly, " we were forced to do so. We were just enjoying the flowers and drinking at home. Who knew that these two would barge in? we were no match for them, so we could only be threatened.

Hmph! Yunxiao snorted. since you can calculate a hundred thousand years, can't you see that someone has broken in? "

"It's precisely because we predicted that there would be a calamity that my brother and I decided to stay in Changtian and not come out, hoping to avoid the calamity. Who knew we would be found by them?" Duanmu Cang forced a smile.

"Haha, this is the heavenly Dao. How can the heavenly Dao be changed?"

Gu Qing Qing laughed.

Yunxiao snorted and said coldly, "Then, did you and your sister predict that you would be annihilated later, or would you fall into the sea and be eaten by fish and shrimp?" Killing intent flashed across his face. He was obviously extremely dissatisfied.

Duanmu Youyu smiled bitterly. I believe that brother Yunxiao would not be so heartless. He should be able to get through this safely. Forget about it before, the sign showed that there was no danger.”

Yunxiao nodded and said, “you’re quite accurate. I’ve always been skeptical about divination, but now I’m more than half convinced. You two will follow me and tell my fortune every day.”

The Duanmu siblings were both embarrassed. Duanmu you Yu quickly said, “Brother Yunxiao, you think too highly of us. We can only get a glimpse of this divination if we have the chance of the heavenly Dao, and it’s too harmful to us. For example, we lost ten years of our lifespans when we divined the whereabouts of the Buddhist Demon Sacred art and brother Yunxiao’s traces. Furthermore, this was something that could only be calculated at this price because the Buddhist Demon Sacred art had been around for a long time. If it had just appeared, I’m afraid that even a hundred years of my lifespan might not be able to figure out its whereabouts.”

it doesn’t matter, ” Yunxiao said. I can see that you and your sister still have many years to live. It’s enough for you to help me read my fortune a few times.

The Duanmu siblings, “Yingluo.”

Duanmu Youyu’s eyes suddenly flashed and his expression changed. He said in shock, “ li Yunxiao, look at your cultivation base!

It was only then that the others came to their senses. They all looked at Yunxiao in surprise, their eyes filled with surprise and doubt.

Even with their knowledge, they could not tell Yunxiao’s current cultivation base.

But, Yunxiao avoided the topic and said, “ “Now that things have come to this, I can’t deny it. The Buddhist demon Divine Art is indeed in my hands. Don’t you think it’s too much of a joke for Mr. Nie to want to take it away so cheaply?”

The referee’s entire body trembled. He was both surprised and happy as he hurriedly said, “ “State your conditions, as long as I can meet them!”

Qu Hongyan and feini looked at each other and smiled. They were obviously here to be slaughtered.

there's no hurry," Yunxiao said with a smile. now that the Fairyland of the North is open, let's go there and have some fun first. We'll talk about it when we come back.

...

"No!"

Mo flatly rejected the idea. He was itching to know where the Buddhist Demon Sacred art was. He couldn't wait to hold it in his hands and comprehend it. How could he have the patience to wait for the immortal realm to close?

"State your conditions now, and I'll trade with you immediately!"

"That's not easy. The Buddhist Demon Sacred art is a priceless treasure. I haven't thought of how to trade it yet."

Yunxiao said slowly, but in fact, his mind was spinning rapidly.

Although this Buddhist demon Divine Art was precious, he had obtained it for a long time, but he still couldn't open the mystery within. It could be seen that he was not the owner of this treasure, and waiting for the right price to sell it was a good choice.

Moreover, the Holy See was so powerful that it would bring him many benefits if he could get him to help Yanwu.

However, Yanwu had ten rules, which were enough to attract the other party, so it did not need the Buddhist Demon Sacred art.

“How about this, at the foot of the five Cloud Mountain, I saw that your bone-scale double-edged sword was very exquisite, and I also liked it. I’ll suffer a little loss and use the fan Yao sacred art to exchange for the bone-scale double-edged sword.”

That thing was the remains of a true dragon, and its value was no less than that of the Buddhist Demon Sacred art.

Mo’s expression changed slightly and he grunted, “That thing is no longer in my hands!”

...

what?” Yunxiao was surprised. what?” Isn’t that your life profound artifact?”

“Hmph!”

The referee’s expression was extremely unsightly, as if he didn’t want to mention it. “Anyway, don’t ask. I said it’s not in my hands, so it’s not in my hands!”

Gu Qing Qing covered her mouth and laughed, “Haha, little Cang Cang is angry after being defeated. My little lover, I would like to ask you about a person. That person cheated little Cang Cang of his bone scale double blades.”

Yunxiao was stunned when he heard that. From the description of the man’s appearance, he knew that he must be Wu Dacheng.

Seeing Yunxiao fall into deep thought, Gu Qingqing’s eyes flickered, and she asked tentatively, “Don’t tell me you don’t know the identity of that person?”

don’t you have two experts who have lived for a hundred thousand years?” Yunxiao asked instead of answering. don’t you have two experts with you?”

Duanmu Youyu smiled bitterly, " I've indeed tried to divine that person. However, I couldn't figure out anything. There are only two possibilities in this situation. Either that person doesn't exist in the heavenly Dao, or he is so in line with the heavenly Dao that I can't find him. The former is obviously impossible, so the latter is the only possibility."

"Is it the most fitting heavenly Dao?"

this man's identity is extremely mysterious, " Yunxiao said after pondering for a moment. I've fought with him several times, and I was almost killed by him last time. He then explained the matter of the blade sect.

"The universe light plate exploded?"

Gu Qing Qing was shocked, and then said, " you're fine even with this. You're indeed the owner of the divine realm tablet. You're truly the chosen one. Even the heavenly Dao is protecting you.

Mo Jing angrily said,"Dragon Transformation?!" In that case, my dragon bones and scales have all been refined by him?"

His face was so dark that water could drip out.

Chapter 1932-taming

that's very likely, " Yunxiao nodded. This person should be related to the Dragon race. To be able to refine the remains of a true dragon and turn it into a Dragon, he's not simple."

He thought of cheyou. He did not know where he had gone with the Dragon Horn, but he was afraid that he would also become Wu Dacheng's target.

At the thought of this, his heart was filled with killing intent. Wu Dacheng's origin was mysterious and he was too dangerous. If he met him next time, he had to find a way to capture him.

Furthermore, he suddenly recalled that there was a true spirit lurking in the land of endless rain in the eastern sea.

With his current strength, he wouldn't be as pathetic as last time when he encountered Shi long. He almost lost his life with a chant, but he wasn't confident that he could defeat the famous true spirit from the ancient times.

"Don't ever let me meet him, or I'll skin him alive and extract his blood!" Mo said through gritted teeth.

let's not worry about him for now," Yunxiao said. the world is very small, and we'll meet again one day on the road to the peak. It's getting late, let's go to Langya heaven as soon as possible."

"Stop!"

Mo shouted as he spread out his demonic aura and pointed at Yunxiao. "The Buddhist Demon Sacred art must be left behind no matter what!"

Yunxiao chuckled. without the bone-scale blades, what other treasures do you have to exchange with me for the Buddhist Demon Sacred art? " You should understand that you shrimp soldiers and crab generals can't keep us here."

Bu Zi and the other two were extremely shocked. They had experienced Yi's strength before. With their peak nine-star strength, they could not even withstand the other party's pressure.

The three of them had kept this matter to themselves and were too ashamed to tell anyone.

Besides, the three of them had been suspecting whether they were under some kind of illusion. How could they have given up the natural moat token without even being able to withstand the pressure?

And now, when they heard Yunxiao say that the judge's strength was not enough to compete with him, they were even more frightened.

I have to stop you even if I can't," Mo Han said coldly. I won't give up until I get the Buddhist demon Divine art. I'll hunt you down to the ends of the earth!

Yunxiao's eyes flickered as he sneered, "Are you threatening me?"

"You can think so!" Mo snorted.

The atmosphere suddenly became oppressive. The raging waves swirled below and evaporated continuously.

The sky was silent, and a storm was brewing.

"Aiya, we're all acquaintances. Why do we have to lose face over such a small matter?"

Gu Qing Qing immediately came out to smooth things over, "If my little lover is willing to use the Buddhist Demon Sacred art to exchange for the bone scale double-edged sword, that means that he is willing to exchange as long as the conditions are right. And with little Cang Cang's strength, it's very easy to obtain all kinds of conditions. Secondly, let's have a good talk. There's really no need to fight."

Duanmu Youyu added, "that's right. Furthermore, something big is going to happen with the opening of the eternal world." It's not good to waste time here."

it's not that I don't want to talk to him," Yunxiao said. I told him that we would have a good talk after Langya heaven. He's the one who's being overbearing. He really thinks I'm afraid.

Mo said, "it's also because the matter of the Buddhist demon Divine Art is too important. If the other demon clans know about it, we don't know who will end up with the flower. So, I have to get it first! Any other conditions can be discussed!"

since you're afraid that the Buddhist Demon Sacred art will be stolen," Yunxiao said with a smile, "you can always stay with me and protect the sacred art.

Everyone understood the meaning behind it. The so-called sacred art of protection, to put it bluntly, was to protect Yunxiao.

Mo wasn't stupid. give me the Saint technique first," he said. I'll make sure you're safe in Langya heaven.

do I need you to make sure?" Yunxiao sneered. I don't need you to make sure. There aren't many people in the world who can kill me. Since you're so eager to get it, I can give it to you first. As long as you swear an oath to become my subordinate and listen to my orders for ten years, I'll immediately give you the Holy merit."

"Li Yunxiao!"

"How dare you say that!" The referee shouted angrily. I'm an expert at the void God Realm, and you dare to say you'll take me for ten years? hahaha, you're really crazy!"

you only have the power of the void-extreme divine realm," Yunxiao said indifferently. how dare you claim to be an immortal?" If you listen to me for ten years, I will not only give you the Buddhist Demon Sacred art, but I will also allow you to step into the void God Realm."

the true void extreme divine realm?!

Everyone shuddered, and then the sky fell into a dead silence. Even the surging sea suddenly quieted down.

"Hahaha!"

Gu Qing Qing's laughter broke the silence, and she laughed, " "Little lover, you've bragged too much. Tsk tsk, you've allowed little Cang Cang to step into the true void divine realm. Do you understand what the true immortal state is? And not just telling jokes."

She did not hide the contempt on her face. For a hundred thousand years, many geniuses were stuck at the gate of the immortal state, and she was the same.

The goal that she had been longing for for her whole life, the goal that she had been longing for for countless years, was spoken like it was a meal by this man in front of her. This made Gu Qingqing inexplicably angry, and she sneered.

Duanmu Youyu's body trembled, and there was a look of surprise in his eyes as he stared at Yunxiao, as if he was thinking about something.

"What a cold joke," mo said coldly.

if you don't want to talk about whether it's a joke or not," Yunxiao said indifferently, "do you have the courage to bet with me?"

"What are we betting on?" mo frowned.

'I'll bet that I can help you step into the true void divine realm within ten years!' If I can do it, you'll be my slave for life. Otherwise, I'll be your slave for life!"

"哇!"

As soon as the bet was made, Gu Qing Qing and the others were all shocked, and the faces of bu Zi and the other two changed.

Everyone thought that Yunxiao was playing a trick. It was impossible for him to step into the true immortal realm, let alone the void extreme immortal realm.

But Gu Qing Qing seemed to have thought of something, and her expression changed drastically, "Qianqian, did you find the secret of becoming a god from the divine realm tablet?!"

Duanmu Youyu and the others all looked at Yunxiao, and the shock in their hearts grew deeper and deeper.

The judge's heart was beating wildly. Even with his current strength, he could not see Yunxiao's current cultivation base, so his heart, which had never believed it, began to waver.

After thinking for a while, he slowly said, " if I can Enter the Void extreme divine realm within ten years, I will listen to your orders for ten years. Otherwise, I will take your life!

my life," Yunxiao said. I'm fine with it. But you're wrong about the first half. It's not that you'll be under my command for ten years after you reach godhood, but that you'll be under my command from now on. That's why I'm giving you the chance to reach godhood."

Seeing that he was about to get angry, Yunxiao smiled faintly and continued, " "If you can't enter the God Realm in ten years, I'll give you my life and it can be considered as relieving the hatred in your heart. In addition, you can devote yourself to studying the Buddhist Demon Sacred art in these ten years. This bet won't do you any good."

Although anger appeared on the referee's face, he fell into deep thought. This bet was indeed not bad.

Even if he could not become an immortal in ten years, he would at least have the Buddhist Demon Sacred art, and it would not be too late to kill Yunxiao to avenge his shame then. Moreover, as long as he made a bet, the other party would definitely find a way to make him a God. It was said that only Holy artifacts contained the opportunity to become a God in the world today. Perhaps when the opportunity came, he might really become a God.

At the thought of this, his heart couldn't help but heat up. However, now that he heard the other party's dispatch, he felt troubled again.

...

Gu Qingqing was taken aback when she saw that Yunxiao did not seem to be joking. "Can I also listen to you for ten years? can you send me to the God Realm?"

Yunxiao's heart stirred. At this moment, no one knew about the rules of the ten directions. With the temptation of becoming a god, he could trick a large number of experts into joining him.

As long as they swore an oath, then at least before they became gods, they would never go against the oath. Otherwise, if there was a flaw in their will, they would be in danger during the breakthrough. No one would take this as a joke.

sure! Yunxiao nodded. whether it's you, Gu Qingqing, the Duanmu siblings, or the three of you, I can give you a chance. As long as you pledge your loyalty to me for ten years."

Gu Qing Qing didn't know why, but even though she didn't quite believe it, the blood in her body couldn't help but heat up, "If you can't step into the godly state within ten years, will you also commit suicide to atone for your sins?"

I can draw in a lot of rules of the ten directions to help you become gods, " Yunxiao sneered. I can help you become gods. If you have a divine transcendence body, I can guarantee your success. If you're below divine transcendence, I can't guarantee it. If you still fail to break through under the ten rules, then you're trash, so you can't blame me. "

"Ten Rules of Order!"

Everyone's heart trembled, and they all thought that Yunxiao had discovered the power of rules of ten directions in a Saint artifact, which made their hearts burn with excitement.

from transcendent to divine realm, " Yunxiao said, " you only need to condense rules, and the success rate is very high. As for breaking through to the peak of the ninth step, it is a qualitative change in the level. I can not guarantee whether it will succeed, but if everyone is willing to submit to me, I will do my best."

The referee no longer had any doubts and said,"alright!" If you give me the Buddhist Demon Sacred art now, I'll bet this oath with you!"

Yunxiao was overjoyed. If mo Neng joined his Army, his strength would double. With a void-extreme divine realm expert and hundreds of demon elites, this force was not weaker than any super force.

...

“Alright!”

Then, the two of them swore an oath to the heavens, and without any hesitation, Yunxiao cut the statue of the woman with the Buddhist Demon Sacred art.

“Saintess Fan Yao! As expected, it was her. As expected, it was this! Hahaha!”

He was ecstatic. He couldn't help but hug the statue and laugh crazily.

Gu Qing Qing's eyes were also filled with excitement. Back then, she had fought with the demon clan for this item, but it ended up in vain. Instead, it had caused thousands of years of conflict between the two clans.

But at this moment, she no longer had any thoughts about the Buddhist Demon Sacred art. Instead, her thoughts were on becoming a god.

Gu Qingqing said, “ although I believe my little lover's words, the truth is a little hard to believe. Can you tell me more about the inside story? ”

Yunxiao thought to himself, 'if I tell you the inside story, you'll all go to Yanwu, and not only will you cause trouble for the city, but no one will hang me up.' He sneered immediately. “Believe it or not, this young master doesn't have time to talk nonsense with you. Get out of the way, don't delay my trip to Langya heaven!”

Chapter 1933-Yi Tian's number

Gu Qingqing said, “ there's no hurry to go to Langya heaven. Even if it's opened, it will take time to stabilize the passage. We have enough time.

“Oh?”

Yunxiao's interest was piqued. I heard that Gu Qing Qing also went to the eternal world. I wonder how she was? ”

Gu Qing Qing blinked and giggled, "Do you want to know? Give me your condition in exchange."

Yunxiao laughed hideously as he sat up straight and shouted, "Go!"

The two Dragon horses neighed at the sky. Fire and lightning bloomed as they were about to break through the air.

Gu Qing Qing was angry and laughed at the same time. She quickly stopped him and said, "I'm talking about serious business with you, you can't joke around!"

Yunxiao gave her a look and said, "I'm not joking with you. You can understand the situation, but you have to return Yunshang's body first. Then, we'll talk about the next step. Otherwise, there's no need to talk about anything. As for the godhood Kasaya ...

With a faint smile, a vast spiritual energy broke out of his body and transformed into a Dragon.

Gu Qing Qing's expression changed. She didn't expect the other party to suddenly attack, but she didn't panic. Instead, she grabbed with her five fingers, and a force spread out in front of her.

"Weng!"

With a slight tremble, the spiritual energy pressed down on the front of her palm. It did not attack, but after a slight pressure, it dispersed, leaving only a little fluorescent light floating in the air.

"Go!"

At Yunxiao's command, Long Chen immediately lit a fire under his feet, and with wind and thunder on his back, he soared into the sky.

The three of them looked at each other, not knowing what to do.

Just as they were hesitating, the three of them suddenly trembled. They felt a chill coming from the Dragon carriage, and their bodies turned cold. In shock, they hurriedly gave chase.

“Let’s go!” The referee also shouted.

A red light bloomed from his body and wrapped around hundreds of demons. They turned into a blood light and escaped.

Gu Qingqing stood in a daze, looking at the little dots of light, her face suddenly changed, and she cried out, “Spiritual energy?”

“What? Was this the spiritual energy? No wonder it feels so sacred, close to the heavenly Dao!”

Duanmu Youyu was also shocked. He hurriedly calculated with his fingers, but his forehead was covered in sweat. His ten fingers trembled and turned into afterimages.

“Brother, what’s wrong?”

Duanmu Cang was also extremely shocked. It was rare to see Duanmu you Yu in such a state.

Duanmu Youyu shook his head and said, “I can’t!” But, I can’t figure out that the great change in the heavenly Dao is related to li Yunxiao!”

“The heavenly Dao has changed greatly.”

Gu Qingqing’s face grew serious as she suddenly turned into a green beam and chased after Yunxiao.

“Could it be the ‘number of changes in heaven’ that our ancestors spoke of?” Duanmu Cang was shocked.

Duanmu Youyu's expression was solemn. He finally gave up on calculating and said, "The battle of sealing has been going on for 100000 years, and it's the time when the heavens change. Anything can happen. But, Yunxiao would certainly occupy this 'Yi' character and obtain the Fortune of the heavenly Dao. Just now, his casual palm strike contained a vast amount of spiritual energy. Not only was I unable to see through his cultivation level, but I couldn't even divine it."

Duanmu Cang replied, "if he's really blessed by the heavenly Dao, then he's almost close to the Dao. With the great Dao hiding his fate, it's normal that we can't divine it. After all, those who pry into the heavenly Dao will be punished by the heavens, so it's better to be careful."

perhaps the number of changing heavens has really appeared," Duanmu Youyu said. the world is about to change, and everyone will become a God. But we don't know why, but the root of all the changes is indeed li Yunxiao. Let's go with him, and maybe we can get a chance to become a God as soon as possible."

The two of them discussed and immediately turned into green light, heading towards Langya heaven.

A few days later, the Dragon carriage had travelled an unknown number of miles. A Mirage appeared in front of them. A divine mountain could be vaguely seen on the sea, stretching for a thousand miles. It was connected to the deep sea below and reached the clouds above.

"We've arrived," Yunxiao said.

Long Jue slowed down when he was 30000 meters away from the mountain.

"Is Langya heaven a mountain?" Fei Ni asked in surprise. This mountain is faintly discernible. Does it really exist or is it just an illusion?"

The mountain was filled with strange rocks and all kinds of strange trees, giving off a strange feeling. And under the White mist, it seemed to be constantly changing, which was fascinating.

Qu Hongyan laughed. the heaven of Langya is not a mountain. It is in the sea of clouds at the top of the divine mountain. No one can say for sure whether the mountain is real or illusory.

“The truth is also an illusion, and nothing is something.”

As Yunxiao spoke ambiguously, he sighed with emotion, “After so many years, it’s finally here again.”

The Dragon carriage continued to speed up under his divine thoughts and ran towards the divine mountain.

Bu Zi and the other two, as well as Yi and the other demons, caught up and followed closely behind without a word.

Soon, the Dragon carriage stepped onto the mountain peak and drove into a white cloud.

The chariot emitted a faint light, illuminating the scene within a thousand feet. The peak of the mountain was densely packed with people.

The appearance of the Emperor grade Dragon carriage immediately attracted everyone’s attention.

li Yunxiao! It’s Li Yunxiao!

Someone on the peak immediately cried out, immediately causing an uproar. Over a hundred powerful spiritual senses swept over.

Yunxiao smiled indifferently, his eyes flashing with a demonic light as he swept out his divine skill, heaven’s lack. All the divine senses immediately disappeared without a trace, as if they had been trapped in a quagmire.

is that woman in the haze the world’s most beautiful woman, the palace Master of shenxiao Palace, qu Hongyan? ”

All kinds of exclamations rang out one after another as their divine senses were swallowed up by Yunxiao’s eye technique. They could only look at it with their eyes. In the faint moonlight, they could vaguely see a veiled woman, whose temperament penetrated through and was soul-stirring.

and that beauty in red. I heard that she's the youngest family head of the long family, feini, and she has the bloodline of the ancient Heavenly Phoenix!

"So it's the head of the long family, Wufu."

Among all kinds of exclamations, there was also a lot of jealousy and envy. why does he have such a good life!

The Dragon carriage came from the sky, coiled above and did not land. It just stood there quietly, making everyone look up.

The three demonic cultivators, as well as Chi and the rest of the demons, also arrived in an instant. They all stood around the carriage, and demonic Qi immediately filled the sky.

...

"What? it's a demon!"

Someone immediately cried out in alarm. The mountain peak immediately became restless as all kinds of divine senses locked onto a radius of a thousand feet in the sky, all of them carrying hostility.

News of the battle at five Cloud Mountain spread all over the world. The relationship between the two clans became increasingly tense. However, the demon clan seemed to have disappeared after the battle at five Cloud Mountain. They had disappeared without a trace, as if they were biding their time.

At this moment, when they saw hundreds of demons, they could not help but become hostile. Gradually, they condensed into killing intent and spread out on the mountain peak.

"Martial Emperor Vanquisher, Fang Lin, I've been waiting for you."

In the tense atmosphere, an old man in a brocade robe walked out from the crowd. It was nanqiu Yu. She took a few steps in the air and smiled. "Lord po Jun, Palace Master Hong Yan, Lord feini, brother bu Zi, brother Zhou Guang, Lord Mao Qiao, please descend."

Bu Zi and the other two frowned slightly as they looked at Yunxiao in the Dragon carriage. Qu Hongyan and Fei Ni did not say a word. Obviously, Yunxiao was their leader.

Yunxiao stretched his back and said indifferently, " "It's too crowded down there. I'll just stay in this carriage. It's more comfortable."

There were many familiar faces below. He used his spiritual will to greet them one by one, but he also found that many important people were not present. He could not help but look at the depths of the sea of clouds in confusion.

There was a faint red light flashing in the cloud, but it was thin and not thick, like a faint blood thread wandering in it.

Yunxiao's indifferent look immediately caused dissatisfaction among the people on the mountain peak, who gave him cold looks and groaned.

...

Which one of these people wasn't an Overlord? even the powerhouses of the world didn't put on such airs.

Before nanqiu Yu could say anything, she heard someone sneer, " you're feeling comfortable. Such a big carriage is in the clouds. Everyone is not comfortable looking at it. Do you think Langya heaven is your home? "

Yunxiao looked over, and his pupils suddenly shrank as killing intent flickered in them. "So it's bi Luo sect's Lord Yin Hui. It's none of your business whether lang ya heaven is my home or not. As for making you uncomfortable, you can go to hell."

That person was Yin Hui, and he laughed angrily, "haha, impudent!" Why should I die? why can't you be the one to die?"

Yunxiao looked over. Only Yin Hui of the heaven Alliance was on the top of the mountain, while Jing Qi and Xiao Hong were nowhere to be seen, and even the MU family was nowhere to be seen.

"Sect master Yin, you've grown up. I can see that your body is full of origin power. When your pores relax, there's energy to breathe in and out. I'm afraid your strength has increased by a lot."

I remember now, " Yunxiao said indifferently. last time, the heaven seemed to have given you the 'ethereal Mystic book' in the true Dragon's Secret treasure. Is it the effect of that Divine Art? "

Yin Hui was taken aback, and he clenched his fists. It was because he had cultivated the arcane tome of emptiness that he dared to provoke Yunxiao. But, he did not expect to be seen through by Yunxiao at a glance, and he immediately grew wary.

"Hmph, so what if I am?" He snorted coldly.

nothing, " Yunxiao said. I'm just asking. By the way, where are the Celestials and Jing Qi?"

Nanqiu Yu saw that the two of them were at loggerheads and was afraid of a conflict, so she quickly tried to smooth things over. "The Divine One and Jing Qi have already entered the sea of clouds."

Around the mountain peak, a vast sea of white clouds was boundless. There was a faint colorful light coming out of it. It rotated once before disappearing.

the passageway to the immortal realm has not been stabilized yet, " Yunxiao said. you can't wait? are you confident that you have unparalleled divine abilities? "

Nanqiu Yu laughed, 'hehe, maybe. Many people have already gone down, but this old master is too timid, so I wanted to wait for the passage to stabilize before going. Where is Lord po Jun?"

it's about the coincidence, not the early arrival, " Yunxiao said. I'm also afraid of death, so I'd better wait a little longer. Besides, the divine realm expert and Jing Qi aren't here, so I can kill Lord Yin Hui first. Why not?"

A strong killing intent shot down from the Dragon carriage and locked onto Yin Hui.

Yin Hui's body trembled as if he was being stared at by a venomous snake. He hurriedly retreated in shock and dodged several dozen Zhang away in an instant, standing on a large rock.

The mountain was filled with people, but there was very little space. Yin Hui's movement immediately caused a commotion.

please don't joke around, Sir po Jun, " nanqiu Yu said hurriedly. fighting is strictly forbidden here. Otherwise, you'll be making an enemy out of our natural moat ocean, and even all those who are on the same path as you.

Yunxiao restrained his killing intent and said indifferently, " "If that's the case, then let Lord Yin Hui live a little longer. I'll take his life in Langya heaven later."

Chapter 1934-Langya heaven

Nanqiu Yu frowned. He was very well-informed. The earth-shattering battle between Yunxiao and the heaven Alliance had long spread throughout the reclusive families, and he knew that The Grudge between the two was difficult to resolve.

li Yunxiao! Yin Hui snorted angrily. you're dreaming if you think you can kill me with your own strength! Now that you've brought hundreds of demons here, are you going to make an enemy of the human race?"

Everyone's eyes were fixed on the judge and the hundreds of demons, and their eyes were filled with hostility, including Yunxiao.

The referee completely ignored everyone's hostility and laughed, " "A bunch of frogs in a well, do you really think that I care about this Langya heaven? I'm just following li Yunxiao."

Sir po Jun, ” nanqiu Yu said, ” although the natural moat ocean doesn’t participate in the continent’s war, the relationship between the monster race and our race is still strained. It’s not a good time to let them in, right? ” Besides, without the natural moat token, we can’t get in. I’m afraid that with so many monsters here, it will cause a misunderstanding.”

I have an extra heavenly chasm token, ” Yunxiao said. I can give you one. As for my subordinates, Lao Ai, ” he said.

“Can you allow them to enter my Saint artifact?” he asked.

“Absolutely not!” Mo flatly denied. Once I enter your Saint artifact, my life and death will be up to you. How could I allow this subordinate to be placed in such a dangerous situation!”

then, I’ll have to trouble Mr. Ke to ask them to leave. Don’t stay on the top of the mountain, lest they start a conflict with my people. It’s not good for anyone.

In the battle of five Cloud Mountain, the two clans had suffered too many casualties, and the hatred accumulated was extremely deep. If something happened now, it would be completely unnecessary to create unnecessary trouble.

Yi pondered for a while and said something to the demons behind him. The demons immediately bowed in unison and flew away in an orderly manner.

Yin Hui’s eyes turned and he said coldly, ”this demon is not allowed to enter!” All outsiders must be excluded!”

Mo’s face sank and a cold smile appeared on his face.

are you the one who set the rules? ” Yunxiao asked. are you the one who set them? ”

Yin Hui snorted, ”although the rules aren’t set by me, I’m still a coward.”

“Shut up if you didn’t decide!”

No matter how good-tempered Yunxiao was, he was enraged at this moment. “Since there’s no such rule, no one has the right to interfere. If Lord Yin Hui wasn’t convinced, then they would use the simplest method to resolve it, a martial arts battle. You fly, let’s see who’s going to continue chirping after this Major General kills you!”

don’t think that you can look down on all the heroes in the world just because you’re strong! Yin Hui said angrily. everyone here is an outstanding expert. Who would be afraid of you? ”

Yunxiao sneered. I’m not looking down on all the heroes in the world. I’m only looking down on you. I don’t care if others are afraid or not, but if you are not, come out and fight me. If you don’t dare, you are a coward, a coward! If you really don’t dare, then shut your mouth for this young master and obediently act like a turtle. Otherwise, if you say one more word, you won’t be able to enter Langya heaven!”

Yin Hui was extremely angry and was about to curse when a multicolored light rose from the sea of clouds. It was as if the morning sun had spread out and the entire sea of clouds was red.

There were also lights of various colors rising from the clouds, like a nine-colored ring of light, with distinct layers.

“It’s open! The immortal land has been completely opened!”

A series of exclamations came from the mountain peak. Suddenly, someone flew up into the sky and threw the natural moat token into the sea of clouds. Immediately, a red light shot out and wrapped the man up, sending him into the clouds.

At this moment, no one cared about them anymore. Hundreds of figures flew up into the sky, and a large number of natural moat tokens fell into the sea of clouds like sand. Countless red lights shot up into the sky, and each of them wrapped around a person, disappearing in the sky in an instant.

At this moment, the formation patterns appeared on the sea of clouds, as if a door had been opened.

Yunxiao had thought that the entrance of the mystic realm was like the sect's Mountain-protecting array, but he had not carefully identified it. Looking closely at it now, those tiny formation patterns formed a line that crossed the sea of clouds. It was indeed a formation.

Lord po Jun, Lord Yin Hui, stop arguing, " nanqiu Yu hurriedly said. hurry up and enter the immortal realm.

He flew into the air as well and shot a natural moat token into the sea of clouds. A red light shot up and swept nanqiu Yu away.

The remaining people of the natural moat ocean also entered one after another.

Seeing this, Yin Hui also took out his natural moat token and threw it into the cloud ocean.

All of a sudden, a sharp white sword light shot down and shattered the natural moat token into pieces, causing a huge wave on the cloud ocean.

"What?"

Yin Hong was startled. The man who attacked him was Yunxiao, and a very strong killing intent locked onto him. what are you doing? "

what? " Yunxiao sneered. what do you want? " Didn't Lord Yin Hui have a lot of fun picking on me before? Let's have a heart to heart talk."

Yin Hui's face turned deathly pale, and he retreated several steps, shouting, " "Langya heaven won't allow you to be so presumptuous!"

nanqiu Yu and the people from the natural moat cliff have left, " Yunxiao sneered. who can you scare? " Let's forget about the new and old grudges!"

He clenched his fingers and a wave of lightning spread out from his palm towards Yin Hui. He then disappeared from the Dragon carriage.

Yin Hui's eyes flickered with surprise. If he had encountered Yunxiao alone, he believed that even if he could not defeat Yunxiao, he could at least escape.

However, there were many experts in this man's holy weapon. He could even fight against Qu Hongyan and Mo, let alone the Holy weapon. Most of the experts on the mountain peak in front of him had entered the sea of clouds. The rest did not want to get into trouble, so they all tried their best to avoid it and went into the sea of clouds.

"Pi Li pa la!"

A flash of lightning circled in the sky, turning into several lightning dragons that descended and enveloped him.

you're courting death! Yin Hui shouted in anger. He continuously slapped his palms in all directions, dispersing the lightning with loud rumbles and was about to penetrate it.

However, a sword light suddenly came from the front, blocking all his escape routes and forcing him back.

Yunxiao flashed out of the sky filled with Thunderbolts and clenched his hands. Countless Thunderbolts twisted in his hands, turning into two huge and thick Dragons that swept toward Yin Hong.

"BOOM!"

Yin Hui struck out with both palms, clashing with the Thunder flood Dragon. Countless bolts of lightning traveled up his body and jolted into his body, tearing it apart like blades.

Yunxiao's physical body and cultivation base had both stepped into the realm of true immortals, so Yin Hong was no match for him.

In pain, it let out a cry and hurriedly fled.

Yunxiao grinned hideously as he chased after Yin Hong and swung his sword horizontally. The sword beam and heart Flame struck Yin Hong's body with a loud boom, and it exploded.

But in the fire, a shadow suddenly flashed forward and turned into Yin Hui again, rushing into the sea of clouds.

"What?"

Yunxiao was taken aback. Yin Hui's face was pale, and it was obvious that he was severely injured. In a hurry, he threw out another natural moat token, which was then swept into the sea of clouds by the red light.

Qu Hongyan and feini also came to Yunxiao's side in a flash, and they were equally surprised.

"There's no way he could have survived that sword strike. What happened?" qu Hongyan asked.

...

ethereal Mystic book, ethereal Mystic book, " Yunxiao said thoughtfully. perhaps it's really an amazing divine ability that can fool my eyes. It doesn't matter. Yin Hui was hit by that sword. Even if he didn't die, he wouldn't be able to hold on for long. He better pray that he doesn't meet us in Langya heaven."

we'll appear in different places randomly after entering the heavenly lang ya realm, " qu Hongyan said. let's enter the divine realm tablet.

In a flash, the two of them were taken into the divine realm tablet by Yunxiao.

Yunxiao looked at the three and said, " "What do the four of you think?"

Mo's expression was grave. I won't enter your Saint artifact no matter what. With this blood bead, I'll be able to find you very quickly. He condensed a drop of blood between his fingers and flicked it at Yunxiao.

Yunxiao held the blood bead in his palm, glanced at it, and put it away.

The faces of bu Zi and the other two turned pale. They knew Yin Hong's strength well, and he was a divine transcendence expert, but he was so easily injured and fled. They could not resist Yunxiao's power at all.

to be honest, I appreciate your strength," Yunxiao said. but even if you don't follow me, I won't suffer any loss. I'll give you three breaths to think about it. If you follow me, then you'll listen to my orders for ten years. If you don't, I won't force you. Just leave the natural moat order and get lost."

After the three of them thought for a while, they said, " "Then the chance to become a deity is very high."

of course," Yunxiao said. I can enjoy it.

After the three of them looked at each other, they all revealed determined expressions and said, " "Alright, the three of us will follow young master Yunxiao!"

...

Yunxiao nodded. With a flash of white light, the three of them were also taken into the divine realm tablet, and then he threw out the natural moat token.

A ray of red light shot out from the sea of clouds and wrapped around his body. He felt as if the surrounding space was being torn apart. His body became sluggish and he forcefully teleported down.

The whole process only took a moment, and Yunxiao appeared in a world.

The spiritual Qi inside was dense and filled with an ancient charm, as if the space had been separated from the heavenly martial realm since ancient times.

A white light flashed between his eyebrows, and Qu Hongyan and the other five were immediately released.

Qu Hongyan's divine sense swept out and she frowned. What is this place? I don't have any impression of this place. I wonder where we were teleported to in Langya heaven.

It's hard to measure Langya heaven, so it's normal for there to be unfamiliar places," Yunxiao said. I'm just afraid that I'll be teleported too far away, and I won't be able to find the eternal world in the end. Then, I'll have come here for nothing.

"No matter what, we have a high chance of winning if we stick together," Qu Hongyan said.

Feini looked a little confused and said, "This feeling is so strange. Why do I feel that this place is somewhat familiar?"

"Familiar?"

The few of them looked at her.

At their level, they would never have such a strange feeling. There must be a reason.

Feini nodded. It's very familiar. It's as if I've been living here for a long time. It's like I've returned to my hometown, but it's very strange.

What? " Yunxiao was surprised. Is it because of the heavenly Phoenix blood? " It's said that the world of eternal life was evolved from the feather of the heavenly Phoenix. Perhaps the ancient Heavenly Phoenix once lived in this heaven of Langya!"

The others were all shocked.

Feini's eyes lit up and she said excitedly, "Yes, that must be it! There's a familiar aura in this sky!"

Chapter 1935 Isolated island

"Sister Feini, did you sense the location of the eternal world?" Qu Hongyan asked happily.

Fei Ni pondered for a moment and shook her head, "That celestial Phoenix's aura is scattered in the sky and the earth, and there's no exact location."

this is troublesome. We might have deviated too much.

Qu Hongyan took out a silver plate that looked like an astrolabe. It was covered with light spots. After casting a few incantations, the light spots were projected in the air and spread out evenly.

Yunxiao's face changed slightly as well. "An energy tester?"

Qu Hongyan looked worried and said, "this testing device can detect the energy distribution and abnormality within a thousand miles. It seems that the energy distribution is even and there is no abnormality." It means that the flow of spiritual energy within a thousand miles is slow, and there are no martial artists or demonic beasts."

Yunxiao crossed his arms over his chest, rested his chin on his hand, and said, "the measuring range of a thousand miles is too small. It's difficult to give us a direction. If we go wrong, it'll be even worse. Try to expand the range as much as possible. Even if you lose your accuracy, you can't care.

"Alright, I'll try."

Qu Hongyan made a hand seal with her right hand. A few golden lights appeared on her fingertips and turned into runes that were inserted into the silver astrolabe.

Immediately, the projected specks of light scattered, and the distance between them expanded by more than ten times. Some of the specks of light in the distance began to jump slightly.

“There’s an abnormality!”

Qu Hongyan was overjoyed and began to calculate, “About nine thousand li to the southeast, there’s an extremely powerful energy source. It might be a martial artist, a demonic beast, a mine, or some heavenly treasure. It’s the same in the southwest, but the strange feeling in the southeast is even stronger.”

alright, let’s go Southeast, ” Yunxiao said. ten thousand miles is not too far. We must seize the time and find the entrance to the eternal world as soon as possible.

The few of them immediately turned into rays of light and shot towards the southeast.

After the time it took to brew a cup of tea, above a hillside, several people’s expressions were not very good.

A huge pit had been blasted out of the hillside, and the rock layer inside was like a starry sky, filled with a dark green fluorescent light. Upon closer inspection, it was an extremely crystal-like material.

A shocking amount of spiritual energy was emitted from the pit, causing the three to be both surprised and happy. Zhou Guang’s eyes suddenly widened as he exclaimed, “It’s Green water Jade! Oh my God, so many green water jades, it’s actually a jade mine!”

The green water Jade was an extremely precious mineral material, and Yunxiao would most likely like it under normal circumstances. But at this moment, he said with an expressionless face, “Let’s go to the next target.”

After a few hours, the loud sounds of a battle came from a Lake.

Then, everything went silent. A huge water monster’s corpse lay on the lake, blood flowing out and dying the water red.

Yunxiao and the others looked down from the sky and restrained their killing intent.

Fei Ni said gloomily, "this is already the fifth target and we haven't even seen a single person. Just how big is this Langya heaven?" How did husband and sister Hongyan play?"

Yunxiao and qu Hongyan exchanged a look and saw the worry in each other's eyes, as if they were trying to confirm something.

Yunxiao did not hide anything and told her what he was thinking. "There might have been some changes in Langya heaven. The last time I came here, the space wasn't as vast and boundless as it is now,"

Qu Hongyan's eyebrows were furrowed with worry as she agreed, "I feel the same way. It's been several hours and we haven't seen a single person. Furthermore, the last time Langya heaven opened, there were definitely not as many people as this time. Perhaps the appearance of the eternal world caused some changes in Langya heaven?"

that's all we can do now, " Yunxiao said. but it doesn't help the current situation. How are we going to find the entrance to the eternal world? if we continue like this, we won't be able to find it even when the immortal land closes.

"If we can't find it, no one else can either. There's nothing to worry about." Feini was optimistic. If worse comes to worst, I'll just cultivate here for a few months until the immortal realm closes. That won't be a waste of time."

Not only was the spiritual energy in Langya heaven rich, but there was also the aura of the heavenly Phoenix, which made Fei Ni feel very comfortable. She could even vaguely touch the barrier of martial arts. If she calmed down and cultivated hard, she might be able to break through the barrier and enter divine transcendence.

"What a silly girl," qu Hongyan sighed. "It's none of our business if others can find it, but it'll be a loss if we can't." In terms of cultivation, even if there is the aura of the heavenly Phoenix here, how can it compare to Yanwu, which is full of the ten rules?"

there's no other way now, " Yunxiao said. how many targets are there left on the test device? " Let's look for them one by one. It seems that we'll have to rely on luck for this trip to Langya heaven."

Suddenly, Yunxiao's heart skipped a beat. A white light flashed between his eyebrows, and a golden beam shot out.

A figure appeared in front of him, it was a young man with sword-shaped eyebrows and Starry Eyes, it was Ye Fan, he shouted: "big brother Yunxiao.

Ye Fan?" Yunxiao was shocked. Ye Fan?"

Ye fan's strange actions made him uncertain of the identity of the person in front of him, but that voice and appearance, it was most likely Ye Fan.

Ye Fan nodded,"it's me."

Yunxiao glanced at him with his divine sense and found that he was already a seven-stars Martial Emperor. His speed was amazing, but there seemed to be something inexplicable about Ye Fan, which was related to ye Nantian and Noah's ship.

Back then, Gu Qing Qing and ye Nantian both went to the eternal world. Now that Gu Qing Qing appeared, Ye Fan came out from his closed door cultivation. He must have been influenced by ye Nantian.

And looking at Ye Fan, it seemed like he didn't know about the space storm that led him to the demon sealing land. If so, it must be ye Nantian himself who crossed the river on Noah's boat.

He had heard from Gu Qingqing on the five Cloud Mountain that ye Nantian could last six hours in the void extreme immortal state. No one could surpass him in the past one hundred thousand years, which showed how powerful he was.

"You've come out of seclusion?" Yunxiao asked tentatively.

Ye fan's eyes flashed with confusion, he nodded: "I don't know why, but I suddenly felt worried, so I came out of seclusion."

“As expected!”

Yunxiao sighed in his heart. It seemed that since the appearance of Noah’s ship, Ye fan’s, and even his, fate had been changed under ye Nantian’s vague guidance.

He asked, “missed?” What’s the matter?”

Ye Fan shook his head, he said in confusion: “ I am not sure. It is like there is something I can not let go of and I have to go there. He stretched out his hand and pointed to the Northwest.

Yunxiao was overjoyed. He knew that the direction was most likely related to the eternal world. “You should’ve missed him long ago. Let’s go.”

Ye Fan was taken aback, and the others did not understand either, but they did not ask any questions. Instead, several beams of light flew up and followed behind Yunxiao.

big brother Yunxiao, wait! Take my Noah’s ship!

Ye Fan released the divine boat, and everyone entered, turning into a stream of light and disappearing.

A few days later, on a vast ocean with no end in sight, a floating island stood in the middle of the ocean, like a star in the sky.

Tall mountains rose from the ground and ancient trees filled the island. It was verdant and lush, and giant leaves covered the sky and the earth. It was like a paradise as it wandered in the spiritual liquid.

The Noah’s ship stopped above the island.

“Is this the realm of everlasting life?”

Feini's eyes were filled with bewilderment. Through the giant leaves on the island, she could see a strange flower blooming all over the island. It had five petals and the pistil was like silk, emitting a fragrance.

...

Ye fan's eyes were filled with confusion, he said awkwardly: "I don't know either, but the concern in my heart led me here."

it doesn't matter whether we are in the eternal world or not," Yunxiao said. at least we are not alone anymore. I have already seen a few old friends.

Everyone was shocked. The ancient trees on the island seemed to have the effect of blocking divine sense. Although they could not completely block it, they were greatly reduced. They could only vaguely see the five-petaled flowers that bloomed all over the island.

"Follow me."

Yunxiao rose into the air and flew toward the center of the island.

The rest of the people followed closely. Ye Fan also hurriedly put away Noah's ship and followed behind everyone.

Flying under the leaves that covered the sky, he discovered that there were actually ruins of buildings on the island. Only broken walls were left, and it was unknown how many years had passed.

Qu Hongyan and the others soon discovered that there were people in front of them. In a large area of ancient ruins, several figures were flashing, as if they were looking for something.

"Who is it?"

The few figures in the ancient site also sensed that someone was coming. They immediately gathered together and became vigilant.

“Brother Yi Qian, it’s me.”

...

Yunxiao landed in the ruins first. His eyes flickered as he looked at the few men in front of him.

The first person was Wan Yiqian, the master of the ten thousand treasures building. The other people were also familiar to him. They were Jue Tianhan, the master of the Dragon’s Tooth villa, mu Zhuang, the master of the MU family, mu Jie, and a few other experts from the two sects.

“I didn’t expect Lord mu Zhuang, elder mu Jie, and Lord Jue Tianhan to be here as well.”

Yunxiao greeted them one by one courteously. He had met most of the experts from Dragon Tooth villa and the MU family, so they nodded with a smile.

“Flying!”

Wan Yiqian was stunned. Never in her dreams did she expect to see Yunxiao.

At the same time, he also saw the subtle change in the expressions of qu Hongyan and the others. He laughed and said, “Haha, what a coincidence. How did you guys get here?”

“What? young master Yunxiao wasn’t invited by the 1000 Lords? did you come here by accident?” mu Zhuang asked in surprise.

Yunxiao saw Wan Yiqian’s expression, but he pretended not to see it. “That’s right. I didn’t expect that I would be so fated with you all.”

Wan Yiqian obviously didn't believe him. He frowned and said, "Isn't that too much of a coincidence?" He looked at the people behind him, but he couldn't see anything.

there's no story without coincidences," Yunxiao said with a faint smile. by the way, what are brother Yiqian and Lord mu Zhuang doing on this Island? " Other than the abundant spiritual Qi, there doesn't seem to be anything special about this place."

Although he did not believe that Yunxiao had come by chance, he knew that his plan could not be hidden now that he had appeared. So, he laughed and said, "Haha, that's really a coincidence. This older brother also needs younger brother Feiyang's help!"

Chapter 1936-Emperor pill tower

"Oh? Brother Yiqian must be joking. With the Dragon Tooth villa and the MU clan, there are very few things in the world that can't be done."

Yunxiao said calmly.

He didn't know what was going on, so he couldn't just agree to it.

If Wan Yiqian was the leader of the merchant Union, he would not be careless in his calculations. The entire overseas aristocratic families were now tied to his warship. Such a person was definitely not simple.

"Hehe, of course it's a good thing!"

Wan Yi Qian smiled mysteriously and said, "Feiyang, do you still remember the Jade Pavilion?"

Yunxiao's pupils constricted. There were tens of thousands of books in the Jade Pavilion, and there were vast divine powers. He had obtained his heaven-peeking eye technique from them, so how could he not remember it?

Qu Hongyan muttered,"the Jade Pavilion seems to have its own spirituality. Although it's in the heaven of Langya, not everyone can meet it." Even if they were lucky enough to encounter it, they might not be

able to obtain even a little bit of its magical power. The one thousand Lords mentioned the Jade Pavilion. Could it be on this Island?”

Wan Yiqian smiled. Anyone who saw Qu Hongyan would be in a good mood. He said, “The Jade Pavilion isn’t on this Island, but there are things on this Island that aren’t inferior to the Jade Pavilion,”

“Something that’s not weaker than the Jade Pavilion? This is impossible!”

Yunxiao’s face was solemn, and he did not believe it.

The existence of the Jade Pavilion had been haunting him for a long time. It seemed to contain countless magical powers. It was good to go to the eternal world this time in Langya heaven. Even if he could not, it was a great opportunity to enter the Jade Pavilion again.

Qu Hongyan also frowned. Although she did not say it clearly, she obviously did not believe it.

Wan Yi Qian laughed and said, “brother Feiyang, do you know the background of the Jade Pavilion?”

brother Yiqian?” Yunxiao was shocked. do you know?”

There were very few records about Langya heaven. He had read through the ancient books of various sects. The sea of soul formation and the divine cloud Palace were almost close to the Holy region, but he could hardly find any clues, not to mention the mysterious Jade Pavilion.

Jue Tianhan, Mu Zhuang, and the others also perked up their ears to listen.

Wan Yi Qian opened his sleeves and chuckled. He explained with a proud expression, “the full name of the Jade Pavilion is ‘Jade Book Pavilion’, and a divine item is sealed here, called ‘Emperor pill tower’.

“Emperor pill tower!”

Everyone's heart tightened. As the name implied, and if it was on par with the Jade Book Pavilion, then ...

Yunxiao was a little stunned. could it be a Pavilion that contains countless medicinal pills? "

Wan Yiqian stroked his beard and said slowly, " according to the meaning of the words, it should be. This heaven of Langya is a place where treasures are gathered. The world only knows of the Jade Book Pavilion, but they don't know of the Emperor pill tower, heavenly treasure Pavilion, and the heavy equipment tower.

This was the first time they had heard of these things, but their hearts were beating fast.

Qu Hongyan's eyes narrowed and she asked in confusion, " "These things have never been recorded in the Scriptures. How did Sir one thousand know about them?"

Wan Yiqian smiled and said,"Scriptures are just a kind of inheritance, but how much can they really record?" To tell you the truth, besides the natural moat ocean, myriad treasures store has the most comprehensive information about Langya heaven, and we've never stopped studying it since we were established."

Oh? " Yunxiao's heart skipped a beat. can you share the research results with us? "

"Hehehe!"

Wan Yiqian was extremely proud and said, " I'm sure everyone has already guessed that this Langya heaven was indeed a sect a long time ago. It was extremely glorious and all-encompassing.

sect? " Yunxiao was surprised. is it really a sect? " Even in ancient times, such a grand move should have shaken the world, so why are there so few records?"

Qu Hongyan suddenly said, " the great Dao is invisible. The truly powerful existence is the invisible hope voice. I'm afraid this is the case with Langya heaven.

Wan Yiqian praised, " Palace Master Hongyan is right. I've also searched through ancient books and history. I can't even find a single word or two about Langya heaven. However, everything in the celestial realm showed how strong the sect was back then. If you want to open the eternal world, you must break the four restrictions, which are the places that seal the Jade Book Pavilion, Emperor pill tower, heavenly treasure Pavilion, and the heavy equipment tower. In the past, everyone has only seen the Jade Book Pavilion because the other three places are still sealed."

Jue Tianhan replied, " I don't care about that. Since we've found the Emperor pill tower, let's open it first. Who knows? we might be able to obtain tens of millions of Supreme-grade pills.

Yunxiao said suspiciously, " even if the Emperor pill tower appears, I'm afraid it will be difficult for us to obtain all of them. Just like the Jade Book Pavilion, there are also many restrictions inside. If we are fated to obtain one, we will be transported out.

haha, this item was originally obtained by the fated. Brother Feiyang, don't be too greedy.

Wan Yiqian, on the other hand, looked at the broken walls around him and said, " I've also made an appointment with a few other reclusive aristocratic families. Brother Feiyang, you'll have to deal with them, " he said with a worried expression.

Yunxiao frowned and said coldly, " "Yin Hui and Jing Qi?"

"Cough, cough cough."

Wan Yiqian coughed twice in embarrassment and said, " "I hope you can put aside your past grudges and look forward together."

"Hehe."

Yunxiao smiled indifferently, but it was extremely cold, which made Wan Yiqian's heart sink.

brother Yiqian, " Yunxiao said. why don't I let you and ding Shan put an end to your enmity and take over the Business Alliance together? "

Wan Yiqian's expression changed slightly. He couldn't answer. This was obviously impossible. How could he swallow the anger in his chest?

"Then, for the sake of my brother, how about we put aside our old grudges for the time being and settle this after the trip to Langya heaven?" he asked worriedly.

Yunxiao was extremely displeased as he said coldly, "Elder brother, aren't you being too nosy?"

"You coward!"

Wan Yiqian was also depressed. Yunxiao had never disrespected him like this, and he did not know what to do for a moment.

On the contrary, the island was quiet, and no one made a sound.

Mu Jie said, "young master Yunxiao, you injured Yin Hui before he entered the country. It's still unknown if he can make it to this Island. Even if he can, Jing Qi is the only one who can make it.

yes! Yunxiao nodded and said, "Jing Qi is here.

"What?"

Everyone was shocked. They spread out their divine senses, but they couldn't find any clues at all. They all revealed suspicious expressions.

Yunxiao looked up, his eyes cold as he snorted, "Jing Qi, since you're already here, don't even think about leaving this Island alive."

"Hu hu!"

The towering ancient trees in the surroundings suddenly turned deathly white, turning into dust when the wind blew. The sun shone directly down, and the entire ruins became bright.

...

The five-petaled flowers on the ground also withered under the White poison, turning into mud in an instant.

The corpse poison was still spreading on the ancient trees, with Yunxiao and the others as the center. It did not stop until it spread for hundreds of miles.

The entire island's appearance changed drastically in just a few breaths. Looking down from the sky, it looked like a bald patch.

Wan Yiqian and the others were shocked, and only then did they believe that Jing Qi was nearby, and they could not help but be even more afraid of Yunxiao.

Under the sunlight, the sky seemed to be a bit dazzling. After a brief moment, a figure appeared in the sky, carrying a long golden coffin on his back.

where's di ye? " Yunxiao sneered. where's di ye? "

Jing Qi's face was sallow and unsightly. He stared at Yunxiao resentfully for a while before he slowly suppressed his anger and said, " The name of a heaven's chosen is red. Li Yunxiao, are you running away from something? "

Yunxiao's pupils constricted, and a cold light shot out of them like a blade, almost piercing Jing Qi's body.

But Jing Qi stood there expressionlessly like a dry corpse. He wasn't afraid of the look in his eyes at all. Instead, he laughed and said, " hehe, you're still unwilling to acknowledge the identity of the Lord celestial.

Yunxiao restrained his killing intent and secretly blamed himself for being too impulsive and exposing his emotions. After calming down, he said indifferently, "No matter who the heavenly being is, we have to end this."

"If I meet the Lord, I'll definitely tell him," Jing Qi said.

...

A killing intent flashed in Yunxiao's eyes as he sneered, "Unfortunately, you will never see him again!"

His entire body gushed out with lightning and his hands quickly formed hand seals. The lightning energy flickered like a water screen and also like flames leaping in the air.

Jing Qi got into a fighting stance and didn't dare to be careless. Suddenly, his heart moved. He turned around and exclaimed.

A lightning giant had appeared behind him without him knowing. It grabbed the heavenly hammer with one hand and smashed it down. The entire clear sky instantly turned into a sea of thunder and lightning. Countless lightning power poured down with the hammer.

"Damn it!"

Although that hammer strike was dangerous, it couldn't hurt Jing Qi. But he didn't want to waste his strength. He turned his feet and turned into a light to escape.

"BOOM!"

The Thunder giant's hammer missed, and the terrifying lightning energy struck the ground, spreading in all directions and burning all the plants on the island to ashes.

brother Feiyang, stop! Wan Yiqian exclaimed. don't destroy the ruins!

Yunxiao would not listen to him. In a flash, he appeared in front of Jing Qi, and the red sword fell down.

“BOOM!”

A ravine was cut open in the sky. Jing Qi couldn't Dodge in time. His fists, which were covered with a white light, met the attack head-on.

“Boom boom boom!”

The two forces collided. Jing Qi was swallowed by the sword light in an instant. His whole body was burned by the ice fiend Heart Flame, and he groaned in pain.

Li Yunxiao, what are you doing? ”

He was a little panicked. It had only been three days, and the gap between them had become so great that he couldn't even take a single sword strike from his opponent. He hurriedly opened the coffin on his back and let the fiendish spirit corpse out.

The corpse puppet's face was ruddy, which made it look more like a living person. Its eyes rolled and it repeatedly struck out its palms. The corpse Qi was like rolling waves, hitting the heart Flame on Jing Qi's body, but it couldn't be extinguished.

Li Yunxiao, take care of this fire puppet!

Jing Qi was panicking. The ice fiend Heart Flame was not only burning his body, but also his power, which was directly penetrating his soul.

for an evil creature like you, ” Yunxiao said coldly. burning you to ashes in this fire is the best ending.

Jing Qi was sweating all over. The fire was so intense that it was almost impossible to resist.

The corpse puppet seemed to be affected by the pain in Jing Qi's heart. It flew up into the sky with a long roar and slapped out with a palm that was half an acre in size.

Yunxiao's eyes were cold as he said indifferently, "Rotten things should have returned to nothingness long ago. I'll use this fire to ferry you to the other side."

Chapter 1937-bury the hatchet

Under the infusion of the demonic Qi, the red sword killer kept jumping out flames, trying to condense into lotus flowers. However, with great effort, the flames still spread out, and eventually weakened.

Although Yunxiao's expression did not change, he frowned.

Back when mo PU had seized his true fiend dharma body under the thirty-three heavens seal, he had lost 90% of his fiend vitality. When he had struck out with his sword earlier, he had completely exhausted his fiend vitality.

This was the first time in a few years that such a situation had occurred. Without the power of devil essence, it was very difficult to stimulate the power of the ice fiend Heart Flame.

Yunxiao snorted gloomily, then poured his energy into the sword. Immediately, a bright sword light shone out, and the sky was filled with sword intent.

"Demon slaying!"

"Swish!"

As soon as the sword technique was used, the white light shot into the sky and pierced through the fiendish God corpse puppet's giant palm with a bang. Countless sharp wind and sword intent wreaked havoc around the wound, constantly tearing it open.

"BOOM!"

The palm force fell around Yunxiao, destroying most of the vegetation on the island and leaving a huge pit in its place.

The entire Island was shaken by the palm, and a "boom" came from the bottom, like the roar of the sea.

Wan Yiqian's head was full of cold sweat and he almost cried out, "Stop! You two, stop!" He was so anxious that he was pacing around. He looked at the people around him and said, "Quickly think of a way to stop them. Otherwise, this Island will be completely finished. The Emperor pill tower will be finished as well!"

Mu Zhuang and Jue Tianhan were also worried, but since Yunxiao had already taken action, they were afraid that they would not listen to him.

Qu Hongyan was indifferent and said with a smile, "don't worry, master one thousand. Jing Qi won't be able to hold on for long."

Wan Yiqian, mu Zhuang, and the others were all shocked. They knew Jing Qi's strength very well, and with the addition of the fiendish corpse puppet, it would be very difficult to defeat him. But, he was suppressed by Yunxiao with only a few moves, and it seemed that he was still at ease.

How long had it been since the fight for the natural moat token between the hidden families? This improvement was simply too frightening.

Mu Zhuang and the others all had their own thoughts as they looked up at the sky with solemn expressions. If Jing Qi was killed, it would be a great shock to their hidden families.

Suddenly, everyone's body trembled, and they all looked in one direction.

After being pierced by Yunxiao's palm, The Fiend corpse puppet let out a shrill cry, but it did not attack again. Instead, it returned to Jing Qi's side in a flash.

The ice fiend Heart Flame on Jing Qi's body was also gradually extinguished, but his body was smoking and much more charred.

Yunxiao's pupils constricted, and his face turned cold. He held the sword killer in front of him and looked at it vigilantly.

A person slowly walked out from behind Jing Qi. A bright red flower was embroidered on a long white coat. Xiao Hong's face had lost a lot of childishness and looked even more beautiful.

"Big brother Yunxiao."

She opened her mouth and called out, with a little girl's childishness.

"Thank you for your help, Your Excellency," Jing Qi hurriedly turned around and said.

Xiao Hong waved her hand, signaling Jing Qi to leave.

Jing Qi quickly put the corpse puppet back into the coffin and landed on the island. He placed the Golden coffin on the ground and sat cross-legged on it to heal his injuries.

Xiao Hong looked at Yunxiao and said faintly, "Big brother Yunxiao, you still can't forget what happened last time? I really don't want to be enemies with big brother. I hope big brother can stand on my side."

Yunxiao stood with the sword in his hand and said frankly, "Sure. As long as you stay by my side and let me kill di ye in your body, you will no longer be my enemy. You will be Xiao Hong."

Xiao Hong shook her head in disappointment and said, "I've always been Xiao Hong. Di ye has never changed anything." From Haitian town to now, I've always been me. It's just that you've never understood me, brother."

She looked a little sad as she stroked her hair like a girl, which made mu Zhuang and the others feel strange. They felt that this heaven expert in front of them was a completely different face from the one they were familiar with.

In fact, everyone had a different face and corresponded to different people.

Yunxiao stared at her for a while before he said coldly, "If that's the case, then there's nothing more to talk about between us."

what?" Xiao Hong was a little angry. brother, do you still want to go against the sky Alliance?"

as long as the heaven Alliance doesn't make an enemy of me," Yunxiao said after a moment of thought, "from today on, we'll go our separate ways.

After saying this, he put down the grudges from the battle at sea.

After all, the heaven Alliance was very powerful. Even if he was in a life-and-death situation, he might not be able to kill Xiao Hong.

Xiao Hong frowned, as if she was unsure.

When Yunxiao saw her look, he sneered, "What, you're still not satisfied with this result?"

Xiao Hong sighed. it's not that I'm dissatisfied. It's just that the magic stone sword in brother Wanwan's hands is very important to me. Can you give it to me on some conditions?"

Yunxiao's face darkened as he scolded, "If you have such an idea, the sky Alliance will be in danger."

Xiao Hong placed her hands behind her back, acting like a superior, and said, "everything in the world has a price. I believe there must be something more precious than the magic stone sword that brother doesn't have. Maybe I can find it and trade it.

at least I can't think of it now, " Yunxiao said. let's wait until I think of it one day.

"Al."

Xiao Hong sighed deeply, looking very lonely. Her face was filled with a maturity that shouldn't be present at her age. if brother still refuses to give it to me, perhaps Xiao Hong will have to take the risk and return to the devil realm.

"What?"

Yunxiao's body trembled, and a murderous aura immediately burst out of his body. With a swish, a sword beam broke through the air, stirring up a white light and stabbing toward Xiao Hong's throat.

"Clang"

Xiao Hong raised his hand unhurriedly and pinched the tip of the sword between his fingers. His brows furrowed deeply as he said sadly, " "Brother, you still want to kill me?"

Yunxiao's eyes shone with a fierce light as he said coldly, " this sword is called the red Slayer. It was originally meant to kill you.

Xiao Hong's face flashed with anger. She tapped her finger on the sword, and the sword made a "Chi" sound and shook a few times.

But, Yunxiao's strength was extremely stable. Sword Qi surged out and instantly condensed into a Sea of Swords, with countless sword shadows covering Xiao Hong.

"BOOM!"

The Sea of Swords suddenly exploded, and the sword waves were jolted thousands of feet away. A white light shot into the sky, and the long dress embroidered with bright red flowers fluttered in the air.

...

Xiao Hong's face was cold as she looked at Yunxiao and said, "Brother, didn't you say to let go of the past?"

you can't open the gate of the demonic realm! Yunxiao cried out.

Xiao Hong pondered for a moment and sneered, "this is not up to you to decide. Even if I don't tear open the crack, someone will do it sooner or later. Xiao Hong has already sensed the power of the demonic realm. It feels very, very close, and it won't take long."

Yunxiao was shocked. Xiao Hong did not look like she was lying.

Wan Yiqian hurriedly shouted, "brother Feiyang, aren't you being too nosy? since we've let bygones be bygones, don't make trouble anymore." Let's unearth the Emperor pill tower in peace, so that the people from the natural moat ocean won't get the first move."

Xiao Hong stood in the sky, staring at Yunxiao. Her dress fluttered in the wind, and the red flower was bright and beautiful. Neither of them moved, but they felt that they were getting further and further away.

"Forget it. From now on, you're on your own,"

When Yunxiao thought of the ancient Devil's well, the tiandang mountains, and the sealed land of the southern region, he felt a little confused.

He turned around and flew down. The red sword of death flashed in his hand, and he no longer had the intention to fight.

Xiao Hong bit her lower lip and nodded seriously. "Brother, don't worry. Xiao Hong will definitely take care of herself."

“Aiya, that’s right. There are no eternal enemies in this world. Now that we are on this Island, we are friends.”

...

Wan Yiqian continued to smooth things over, and with a flick of his finger, a golden light landed on the ground and turned into a human chariot with a small golden person leading the way.

“Don’t make any more trouble. Whoever makes a move on this Island is not giving me face. Everyone, attack together.”

He kept talking, but he knew that no one would listen to him. At least, with the strength of Yunxiao and the others, no one would dare to provoke them.

In the event that thousands of incantation seals were cast into the chariot, the tiny golden person turned half a circle on the chariot, its arms constantly shaking from side to side, and the chariot moved forward.

Everyone followed the chariot quietly. After the battle just now, everyone was silent, and the atmosphere seemed a bit depressed.

Qu Hongyan and feini looked at each other and saw something unusual in each other’s eyes. They smiled bitterly and shook their heads.

After the divine fiend corpse puppet’s palm strike, almost half of the entire Island was bald. The finger spirit carriage was flying through the air.

After a while, the car suddenly stopped. It turned around on the spot, making a “ wheel, wheel, wheel ” sound.

“Yes, it must be here!”

Wan Yiqian was overjoyed. She immediately kept the finger spirit carriage and threw out a conical profound level weapon. It fell on the ground like a spinning top and drilled into the ground.

It was an item used to detect spiritual veins, but the one Wan Qian had thrown out earlier was of a much higher grade. Everyone could feel the fluctuations of origin power in the ground beneath their feet.

“Bang!”

Suddenly, the ground exploded, and a basin-sized hole appeared on the ground. The profound armament that had just burrowed in jumped out, splitting into four or five pieces.

“As expected, there’s something down there.”

Wan Yiqian walked around the hole and saw that it was so deep that he couldn’t see the bottom. He took out a sword and shot it down.

“Bang!”

In a breath’s time, there was a cracking sound from below, and then several fragments shot out from different places.

Wan Yiqian looked at the crowd and said, “What do you all think?”

Jue Tianhan stroked his chin and said, “there’s obviously a restriction here. Furthermore, it’s extremely powerful. However, it definitely won’t be a problem for us. I suggest that we split the earth open and expose the restriction. That way, we can find a way to break it.”

Wan Yiqian paced a few steps and asked, “What does Feiyang think?”

the restrictive spell is very deep," Yunxiao said. it's not impossible to crack the island, but I'm afraid that it will hurt the Emperor pill tower, and it will be difficult to control the force. I suggest that the MU clan use a puppet to go down through this hole and make a decision after exploring the situation."

"This is a good plan, what does Lord mu Zhuang think?" Wan Yiqian's eyes lit up and said happily.

Chapter 1938-saving people

"Indeed, we should be careful. After all, Langya heaven isn't as simple as it seems." Mu Zhuang agreed. He summoned an elder of the MU family.

Without saying a word, the elder stretched out his right palm and flipped it in the air. He dragged a small bronze person in his palm and directly threw it into the hole.

Then, the elder formed a seal with both hands and pointed forward. A water screen immediately appeared. It was pitch-black, but it kept changing. It was the image that the tiny bronze person saw.

It was the first time that qu Hongyan, feini, and bu Zi had seen such a magical puppet. They could not help but look amazed and full of curiosity.

"Swish!"

Everyone could feel the vibration of the tiny bronze man coming from below. The scene on the water screen also stopped moving. It only glowed with red light, and with a flash, the water screen shattered with a "Hua la".

The elder's expression changed slightly. He wiped the sweat from his forehead and said, "the puppet has been destroyed. The red light is too powerful. I'm afraid it won't hurt the barrier even if it cuts the island open.

Jue Tianhan laughed. haha! That's easy then. We'll just split this Island open and save ourselves the trouble!

As soon as he finished speaking, the ground suddenly trembled and the mountains shook. The entire Island trembled violently, and everyone was swaying left and right. However, they were all experts, and none of them left the ground. They stood firmly.

“Boom boom boom!”

The ground was instantly torn apart, and a streak of red light soared into the sky, transforming into a massive hand that grabbed at Jue Tianhan.

“BOOM!”

Jue Tianhan was unable to Dodge in time and was caught in the red light. His entire body was pressed down by the red light, and his hair stood on end as if he had been electrocuted!

Everyone was shocked. They immediately rushed into the sky and looked down from a height of ten thousand feet.

“Ah!”

Jue Tianhan raised his head and roared, and a violent power surged out of his body to resist the red light's suppression. However, he was still extremely shocked. The blood vessels on his body had already burst, and he was soon covered in blood.

what's with that hand?!

Wan Yiqian cried out in alarm, her face filled with panic.

Jue Tianhan began to tremble under the red light's suppression. He raised his head with great difficulty to look up at the sky. He opened his mouth as if he wanted to say something, but then stopped.

brother Yiqian, ” Yunxiao said. Lord Jue Tianhan is asking you for help.

“Ha, what? No, I didn’t.”

Wan Yi Qian shivered, and cold sweat broke out on his forehead. He said, “With Sir Jue Tianhan’s power, he will definitely be able to resist and escape safely. If it really was for help, it would definitely have called out.”

He wiped his cold sweat and looked down. He couldn’t help but fly a few thousand feet higher, afraid that the red light would come up.

Jue Tianhan’s strength was not inferior to his, so it would be too dangerous if he were to rush down to save him.

my Lord, it looks like he can’t hold on any longer. He didn’t scream, which means he can’t speak. Look at his pleading eyes. feini cried out.

Wan Yiqian’s head was full of cold sweat. He looked at the crowd and said, “Should we go down and save him?”

Several elders of the Dragon’s Tooth villa were also horrified and hurriedly begged, “Please save my sect master!”

The blood on Jue Tianhan’s body had already dyed his clothes red, and he was practically covered in blood. The veins on his forehead were bulging, and he was already reaching his limit.

Feini rolled her eyes and said in surprise, “you’re the one who invited him here. We don’t even know him, so why would we risk our lives to save him? the person who has the best relationship with him here is you, Lord Wan Yiqian.

“This bi an ...”

If she was embarrassed, she would look at mu Zhuang, Jing Qi and Xiao Hong awkwardly.

Mu Zhuang turned his head and said, " although my Mu family and the Dragon Tooth villa are not on bad terms, we are not on good terms either. You want me to risk my life to save him? are you sure Lord Yi Qian is not joking with me? "

Jing Qi simply hung the Golden coffin in the air and meditated on it to regulate his breathing. He hadn't recovered from his injuries yet.

Xiao Hong's eyes flashed with mockery and coldness. She looked down and said slowly, " he refused to join the heaven Alliance. Tsk, tsk. It's good that he died.

Wan Yiqian,"Yingluo."

The elders of the Dragon's Tooth villa ran around in circles and begged, Master Yi Qian, only you can save the sect master now. Moreover, we were all gathered by you. You can't just watch us die!

Wan Yiqian's expression changed several times, and he said,"don't worry. I won't sit by and do nothing if anyone is in danger." However, there is one thing you must be clear about. What do you mean by "I gathered them"? I can't just watch them die? Since we're here to take risks, there will naturally be risks. We must be responsible for our own actions and can't just push the blame to me every time something goes wrong. Even if I had ten thousand heads, I wouldn't be able to bear this responsibility, don't you think so?"

"Yes, yes, sir one thousand is right!"

The several elders of the Dragon Tooth villa were sweating profusely and hurriedly said,"Please save our sect master!"

"Eh?!"

Wan Yi Qian responded vaguely and looked at the strange situation below. The red light that condensed the big hand was overflowing from several places in the earth, and it was impossible to cut off the source.

He touched his chin and thought for a while, then asked, "Brother Feiyang, how do you think we should save him?"

Yunxiao cursed in his heart. Wan Yiqian did not seem to have any intention of saving him at all, and Jue Tianhan probably could not hold on much longer.

This was because under his gaze, the amount of blood gushing out of Jue Tianhan's body was becoming less and less. This meant that it was almost all gone. Moreover, his gaze was becoming dull and lifeless, which meant that his internal organs had suffered extremely serious injuries.

"This red light must have been congealed from the light of the restriction. We can only attack continuously and break through the light to save Jue Tianhan. Otherwise, there's no other way."

Yunxiao analyzed carefully.

"Pa!"

Wan Yiqian clapped his hands and praised, "It's exactly what elder brother thought, that's how it should be!" He pointed at the elders of the Dragon Tooth villa and said, "All of you, go down and attack that red light with all your might!"

"Ah? W-we?"

The few of them were stunned. They looked at each other, and finally, they all looked at Wan Yiqian.

Wan Yiqian's face immediately darkened, and he shouted, "What, your own sect master is in trouble, and you're not even willing to do a little bit? Don't tell me you're hoping for an outsider to take action? Of course, I'll definitely help you. You guys go test the power of the red light first, and we'll act according to the situation."

The few of them looked at each other and cursed all of Wan Yiqian's ancestors in their hearts. Then, they braced themselves and swooped down from the sky.

“BOOM!”

“BOOM!”

...

They all took out their profound level weapons and didn't dare to get too close to the red light. They all attacked from a distance.

Ripples appeared on the red light, and the entire hand began to become unstable and shake violently.

At this moment, Jue Tianhan suddenly spat out a mouthful of blood. He opened his mouth wide and shouted with all his might, “Save Yingluo, I'm Yingluo”

“BOOM!”

The giant hand finally pressed down, instantly crushing Jue Tianhan into countless pieces of flesh and blood.

“Ah?”

Although everyone had already mentally prepared themselves, they still couldn't help but feel moved when they saw Jue Tianhan die.

The few elders of the Dragon's Tooth villa were even more stunned on the spot. When they saw the huge hand suddenly turn and grab them, they were even more scared out of their wits. They couldn't care less about Jue Tianhan's death, and suddenly rushed towards the sky.

“Bang!”

The huge hand suddenly exploded in the air, turning into seven or eight hands that flew over. The elders couldn't Dodge in time and were all caught. Bang Bang Bang “, they were crushed on the spot one by one, exploding into countless pieces of flesh and blood.

Yunxiao and the others were shocked. When the hand split, they rushed up into the sky and rose thousands of feet higher before they stopped.

...

After crushing the people of the Dragon Tooth villa, those hands flew a few circles in the air and then went back underground.

High up in the sky, everyone felt the strong wind blowing, making their bodies feel cold.

“This, they all died just like that?” Wan Qianqian said in embarrassment. He still could not react in time.

what a powerful restriction! Yunxiao said with a solemn face. I'm afraid it has already taken form.

He immediately thought of the formation spirit of the thirty-three heavens seal. It was so strong that he could not contend with it. Although the formation spirit on the island was not as exaggerated, it was still an existence that could crush divine transcendence with one move.

“What should we do now? should we split the island?”

Wan Yiqian also had no idea. After saying that, she looked down vigilantly. Previously, Jue Tianhan had said that he wanted to destroy the island, but he had been caught by the huge hand formed by the formation spirit.

Yunxiao said, “ of course, we have to split it open. Otherwise, it's even more impossible to see through the seal. But, we have to control it well. I think the attack range of the seal spirit is limited, about two thousand feet. We should be fine as long as we don't cross that distance.

“Two thousand Zhang? It’s so far away!”

Not only Wan Yiqian, but the rest of the people were also shocked.

it might be further, ” Yunxiao said thoughtfully. but the effective attack should be 20000 feet at most. With our strength, it shouldn’t be difficult for us to split that Island from 20000 feet away, right?”

Wan Yiqian chuckled. that’s right. Brother Feiyang’s swordsmanship is unparalleled in the world. It won’t be a problem even if you’re 20000 feet away.

Yunxiao wanted to refuse. Wan Yiqian’s performance just now really disgusted him. No one wanted to take the risk and make a move, so they just wanted to be A

\*\*\*\*\*

However, on second thought, it was just a matter of using a sword. There was no need to get into a conflict with him. After all, the two of them were still in a harmonious relationship on the surface.

Moreover, time was limited, and the gains did not make up for the losses.

“Alright, let me do it.”

Yunxiao raised his sword, stared at the huge island, and slashed down with a sword technique.

According to the texture of the rocks on the island, he estimated the strength of the attack. The White sword light fell and directly cut into the ground.

“Boom boom boom!”

The ground was instantly cut open and a huge gap spread in two directions. The island was torn apart in a state visible to the naked eye.

Suddenly, a red light shot out from the crack, making an even more intense sound. It broke through all of the sword Qi and shot into the sky.

“Boom boom boom!”

The earth-shattering shaking continued for a while before it gradually stopped.

The red light reached four to five thousand feet into the sky, but its energy was already extremely weak, and its effective attack range was indeed about two thousand feet.

Chapter 1939 - 1939 Xin kuili's flaming light

1939 Xin kuili's flaming light

The shaking continued for a while before it calmed down. A huge crack appeared in the center of the island, like a piece of Jade being broken apart, revealing the heart inside. There was a light swaying, reflecting the surrounding sea water red.

Yunxiao looked down with his magical spirit eyes and saw a building shaking in the red light, which was vaguely visible but not real.

His heart began to heat up, and he licked his dry lips. If there really were medicinal pills left, it was extremely possible that there were level ten divine pills, which would be of great benefit to his current cultivation.

“The red light is still there, how do we break the restriction and enter?” mu Zhuang asked.

“This red light reminds me of something. Have you all heard of the xinkui li flame?”

Qu Hongyan had been silent the whole time, but she slowly spoke out her inner thoughts.

one of the few mutated true fires most suitable for alchemy?” Yunxiao asked in surprise. is it the xinkui flame? ” He immediately understood and said, ” “This red light is the burning light formed by the Xin Kui Li flame true fire!”

Qu Hongyan glanced at Yunxiao and said with a smile, "That's my guess, but I can't be sure. If Feiyang also thinks so, then he's right."

no wonder it's so powerful," Yunxiao said thoughtfully. it's actually a mutated true fire that has been cultivated into a blazing light. I can vaguely see a building emerging in the light, but it's beyond my reach.

that building has been nurtured in the blazing light for many years," qu Hongyan said. if there really is an elixir, the effect will be heaven-defying.

These words immediately made everyone's heart burn with passion, and they were all tempted.

Wan Yiqian swallowed his saliva and said eagerly, "Palace Master Hongyan, do you have a way to break the blazing light?"

Qu Hongyan smiled and shook her head, "I'm afraid you'll have to ask Feiyang about this alchemy."

Everyone looked at Yunxiao, only to see him holding his chin in his hand and pondering silently, almost losing his patience.

Wan Yiqian said anxiously,"brother Feiyang, quickly think of a solution. The cooked duck is right in front of you." If we let the people from the natural moat ocean come, we'll at least get half of the benefits."

Xiaohong, who had been silent all this while, suddenly said, "That blazing light is, after all, a fire of the five elements. Brother has The Fiend ice Heart Flame, which can't be hurt by any fire. Why don't you release the heart Flame? with the spiritual item's level, it can break the alchemy fire."

Yunxiao smiled wryly and said, " eighty to ninety percent of my devil essence has been forcibly taken away by someone, so I can't control too much of the power of the heart Flame at the moment. The alchemy fire and Zhonglou coexisted for countless years and have complemented each other. They have long been sentient. This little heart Flame is not enough.

“What? Who is it?”

Xiao Hong cried out involuntarily. Her voice was so sharp that it pierced through the sky. Her face was filled with shock and anger. who has the strength to snatch away the demonic Qi in big brother’s body?  
”

Yunxiao waved his hand, not wanting to talk too much about it. “It’s a long story, you’ll find out sooner or later.”

Xiao Hong’s expression turned sharp and she said coldly, “In this world, other than me, no one else is qualified to steal my brother’s devil essence. I will definitely find that person and make him wish he was dead!”

Yunxiao was not happy to hear that, so he did not bother to argue with her. Instead, he looked down and said, “speaking of level suppression, I have thought of a way to break it, but I don’t know if it will work. I have to verify what I have in mind first.

hurry up! Wan Yiqian said impatiently. quickly verify it!

feini, ” Yunxiao turned around and said, ” try using your Heavenly Phoenix Fire.

“Alright,” he said.

Fei Ni responded. When Xiao Hong mentioned the level suppression, she was already eager to try.

A red light flashed in front of everyone. Feini spread her arms and activated the primordial fire in her body. Immediately, Half the Sky turned into a sea of fire, dyeing the vast blue sky red.

An ancient sound rang out in the fire, and the true shadow of the heavenly Phoenix gradually condensed above the sea of fire. Its nine-colored tail wings flapped once, and it swooped down towards the island.

With the descent of the heavenly Phoenix true flame, the blazing light on the island seemed to become somewhat violent. The entire Island rumbled as if it was about to be shattered by the blazing light.

“BOOM!”

Finally, a red light shot out from the crack. Xin kuili’s flaming light turned into a huge fist shadow, trying to break through the suppression of the heavenly Phoenix’s sea of fire.

“BOOM!”

The fist light hit the true shadow of the celestial Phoenix, and the two flames exploded at the same time, turning into a terrifying vortex. The light and fire intertwined and kept rushing up, shattering the sea of fire in the sky.

Countless rays of light and flames shattered from the horizon, like meteors falling into the sea but not extinguished, burning the entire sea.

Yunxiao’s figure flickered as he teleported down into the crack.

“Be careful!”

Qu Hongyan was startled by his action, and her heart was in her mouth. But she knew that Yunxiao knew what he was doing, so she could only call out to him with concern.

Wan Yiqian’s eyelids twitched, and she hurriedly shouted, “Brother Feiyang, you can’t keep it for yourself!”

The people from the heaven Alliance narrowed their eyes and locked their divine senses on Yunxiao, trying to see what he was doing.

Yunxiao's skin was covered with a thin layer of water, which was the water element of heaven and earth. It protected him from being burned by the flame, and he rushed into the crack and headed toward the building.

With his wondrous spell spiritual eye, he saw that the building was like an exquisite Pagoda. It wasn't tall, only having three floors, but it was extremely exquisite. At the top, there was an ancient golden word "Emperor" written on it, and red light kept flashing around it.

"As expected!"

He was overjoyed. His guess was right.

It wasn't the Xin kuili flames that had spirituality, it was the Emperor pill tower!

All of a sudden, the light and fire that filled the sky exploded. Xin kuili's flames and the heavenly Phoenix genuine fire separated in an instant. The red light that filled the sky fell rapidly and gathered into the crack.

The red flames gathered in the sky and transformed into feini's real body. Her face was a little pale and she spat out a large mouthful of blood. Her vital essence had been injured.

"Little sister feini, how is it?"

Qu Hongyan was worried about the crack and feini's injury, so she flew to her side and asked with concern.

Fei Ni shook her head. the injuries are under control. It's not a big deal. However, the flaming light is really powerful. A look of fear flashed in her eyes. She was still a little scared now."If the heavenly Phoenix genuine fire's level was not higher than this, I'm afraid I wouldn't have been able to hold on."

Qu Hongyan took out a Jade box and opened it. There was a green jade pill inside. She handed it to feini and said, "It's good that you're fine. Take this pill and you'll be able to recover in six hours."

It was obvious that the spiritual pill was extraordinary. Not to mention that it could heal injuries within six hours. Not only did the effect shock Fei Ni, but the people of the heaven Alliance also looked over with envy.

Especially Jing Qi, whose face was pale. He couldn't help but swallow. A fanatical look appeared in his eyes, but it only lasted for a moment.

At this time, who dared to touch Yunxiao's woman? not to mention Yunxiao, even qu Hongyan, no one dared to say that they could win.

Feini was extremely touched and hurriedly declined, " "This item is too precious. Sister, quickly put it away. Don't waste It On Me."

...

Qu Hongyan smiled and said, "what are you saying? how can it be a waste?" Since you don't want to use it now, you can keep it. Maybe it will come in handy when the time comes. The divine cloud Palace has accumulated a lot of panaceas, and even if I eat panaceas for my meals, I won't be able to finish them in my lifetime."

Feini was amused by her words and knew that this was a kind gesture from qu Hongyan, so she no longer declined. She kept it and bowed, " "Thank you, sister."

Qu Hongyan smiled. In her opinion, since feini was Yunxiao's woman, she had the responsibility to take care of her.

After Fei Ni had stabilized her injuries, she looked down worriedly and said, " "That flame light is extremely powerful. If husband continues like this, will he die?"

Qu Hongyan put a finger to her lips, shook her head slightly, and said with a smile, " "Feiyang never does anything stupid. If he really encounters danger that he can't overcome, he will definitely come up first."

She spoke with a relaxed expression, which made feini feel more at ease.

But when she turned around and looked down, her eyes were full of worry.

“Elder Hao, are you able to see the situation below?” mu Zhuang turned around and asked.

Mu Jie’s eyes turned green and flickered with a demonic light. They were even more powerful than when she was in the Black Tortoise Star Palace in the borderline mountain. She looked at the crack in the middle of the island.

After a while, the green eyes turned red.

Mu Jie closed her eyes and adjusted her breathing before opening them again. She bitterly said, “The flaming light was too strong, and it burned the power of my spirit eye. If it weren’t for the fact that I have a false eye, I would’ve been blind if I were to forcefully spy on you like this.”

...

he’s so powerful?” mu Zhuang was shocked. then we can only wait. I hope Yunxiao is fine.

Wan Yiqian was a little restless. He also sighed and said, “I hope brother Feiyang won’t take the Emperor pill tower for himself.”

Upon hearing this, qu Hongyan and Fei NI’s eyes narrowed slightly, and anger and coldness flashed in their eyes. If it wasn’t for the fact that this place wasn’t suitable for fighting, he would have directly turned hostile and beaten Wan Yiqian up.

Inside the crack, the spirit of the Emperor pill tower sensed that someone was approaching and fled into the depths of the crack in a flash.

At the same time, countless flames fell back into the crack like a waterfall, then shrank into a ball and shot at Yunxiao.

The water elemental energy covering his skin suddenly became much thinner, as if it was about to dry up.

Yunxiao chased after the Emperor pill tower and strode into the abyss. At the same time, he made an incantation gesture with one hand and shouted, "Come out!"

A strong wind burst out of its body and formed a wind barrier. The crocodile turned into a mini-form and lay on Yunxiao's right shoulder, its eyes red.

Although it isolated the hot air, the red light was after all the light after fire spirit. Even the immemorial astral wind could not block all of it. Many of them still passed through and turned into countless red illusory blades.

"Hmph, it's useless!"

Yunxiao grinned hideously as he clenched his fists and threw out a wave of golden fist shadows, which hit the illusory blades and exploded them one by one.

The crocodile on his right shoulder suddenly darted out and turned into a huge wind blade, directly piercing through the barrier he had set up and slashing forward!

"Swish!"

The new fire light was suddenly split apart, and a vacuum passage was cut through the entire crack.

In an instant, Yunxiao transformed into a Thunderbolt and flashed up the passage, catching up with the Emperor pill tower. A powerful pressure of artifact storage rolled over.

There were small holes on the eight sides of the tower that were spitting out flames. It was the Emperor pill true fire, the xinkui li flame!

Chapter 1940-everlasting friendship

“Hu hu!”

A red light flashed above the Emperor pill tower and true fire spurted out from all eight holes. It condensed into a ferocious beast in the sky. It was as strong as an ox and had a back like a Toad. It opened its mouth and spat out a line of fire.

Yunxiao patted the crocodile, and it immediately transformed into a tall and mighty giant spirit. With a loud roar, it spat out a strong wind and rushed up.

“BOOM!”

Wind and Fire collided, and the two elemental powers eroded each other. Under the bombardment of the squall, the flames burst out like fireworks, and the entire abyss was in chaos.

The flaming monster let out a roar and charged down from the top of the Emperor pill tower. Its body expanded in the wind as it pounced towards the giant spirit!

“Bang!”

The astral wind giant spirit was scattered by the monster, but it didn't disappear. Instead, it condensed into countless crescent-shaped wind blades and fell on the monster's body like a wind net. It made a sizzling sound and slashed out countless flames.

“Roar!”

The monster roared again and again. Too much of its body had been cut off, and its body was half its original size. Its two front palms kept slapping the surroundings, dispersing the wind blades.

At the moment the gale attacked, Yunxiao flashed up and landed in front of the Emperor pill tower. Looking at the exquisite building, he stepped over with joy.

“Boom boom boom!”

The Emperor pill tower suddenly started to spin and spurted out countless flaming lights again like thousands of Spears.

“Hmph, it’s just a pill furnace, and you’re so mischievous!”

Yunxiao did not avoid the flames. Instead, he stretched out his hand, and a white light flew out of his palm. Then, the cauldron of mountain and river broke through the air and grew larger in the wind.

The rivers, mountains, rivers, sun, moon, stars, insects, fish, birds, and beasts engraved on the cauldron’s body all came to life and emitted the power of the world.

Tens of thousands of Xin-kuili flames suddenly turned blurry, as if space had been compressed, causing all the light to distort. They flew toward the cauldron of mountain and river and actually shot into the body of the cauldron. They disappeared in a flash.

Yunxiao was overjoyed. Although the xinkui li flame was a mutated fire element, it had turned into an alchemy fire after countless years of nurturing by the Emperor pill tower, and it was now directly absorbed by the cauldron of mountain and river.

Besides, Yunxiao could clearly sense the cauldron of mountain and river emitting a joyful and thirsty sound, as if it had not absorbed enough.

“How much you can eat is up to you. Go!”

Yunxiao lifted the cauldron up and let it fly out on its own, spinning and crashing into the Emperor pill tower.

The Emperor pill tower itself was only an alchemy cauldron. After many years, it had gained sentience and immediately felt the pressure of the cauldron of mountain and river. It was so frightened that it fled hurriedly and escaped into the abyss.

The bull-shaped monster seemed to have sensed the fear of the Emperor pill tower. It no longer cared about fighting with the astral winds and turned into a long line of fire as it rushed over.

“You came just in time!”

Yunxiao teleported to the cauldron of mountain and river and sent countless incantation seals into it. The power of the world spun out, emitting a bright light that shone on the line of fire, trapping it and making it unable to move after it revealed its true form.

tsk tsk, a ten-thousand-year-old alchemy fire. Even if the Emperor pill tower runs away, this trip will be worth it!

He suddenly opened the cauldron lid. That world power suddenly whirled, and the monster was directly squeezed into a line of fire, sucked into the large cauldron.

“Hahaha!”

“Bang!”

Yunxiao put the lid back on and sent several incantation seals into the cauldron. All the light was immediately sucked into the cauldron, and it began to refine the xinkui flame.

The crocodile also turned back to its mini form and lay on his shoulder, looking at the cauldron with its Scarlet eyes.

When the flame in the cauldron calmed down, Yunxiao took it back into his body, but the Emperor pill tower was gone.

The bottom of the abyss was an endless sea. The Emperor pill tower had sunk into it and disappeared without a trace.

this xinkui li flame has been in contact with the elixir dispensary for ten thousand years. Their auras have long been connected. I want to refine this flame and I will definitely be able to sense the location of the Emperor pill dispensary.

Yunxiao pondered for a moment and said to himself, "I wonder if we have enough time."

Langya heaven had been open for several months, but the space this time was extremely vast, and it was difficult to find the end even after several months.

"It's all up to fate."

He was quite indifferent to it. At least after he took back the Xin Kui Li flame, this trip was not in vain.

Although the xinkui flame was one of the most suitable true flames for alchemy and was extremely rare, Yunxiao would not value it so much.

This was because not only did the xinkui li flame that he had collected have a spirit, it was also an existence that the Emperor pill tower had nurtured for tens of thousands of years with their weapon accumulations and pill Qi. Thus, the fusion between it and the cauldron could be seamless.

At this moment, the roaring of the sea came from the bottom of the abyss. The water level was rising at an extremely fast speed.

Not only that, but the entire Island suddenly became fragile. The thick rock layers began to crack, and a large number of stones fell down. The cracks were getting bigger and bigger under the impact of the sea water, as if it was about to collapse.

Qu Hongyan and the others waited anxiously in the sky and wanted to go down to investigate several times.

All of a sudden, the red light in the crack seemed to have completely disappeared, causing everyone to be amazed.

More than ten divine senses went in and immediately found that it was empty. The Emperor pill tower and the primordial fire were all gone. There was only the rising sea water and the crumbling Island.

While everyone was stunned, Yunxiao turned into a beam of light and flew up to her side. He looked at her with concern and said, "You're injured."

Feini's heart felt warm and there were tears in her eyes. She shook her head and said, "I'm fine now. Sister Hongyan even gave me a spiritual pill." She took out the pill and shook it, not hiding her happiness at all.

Yunxiao smiled and nodded at Qu Hongyan. "That's very thoughtful of you."

Qu Hongyan's eyes were smiling, but there was a trace of resentment in them. She said faintly, "I should."

How could the people around them have the mood to watch them show off their love? they were all burning with anxiety.

"Brother Feiyang, what about the Emperor pill tower?" Wan Yiqian quickly asked.

Yunxiao heaved a long sigh and shook his head helplessly. "Al, he ran away."

"W-what? He ran away?"

Wan Yiqian let out a strange cry. Her eyes widened like copper bells, and she revealed a look of disbelief. It's just a profound level weapon, how could it possibly escape from the hands of brother Feiyang! Little brother, don't you ever lie to your big brother!"

...

Mu Zhuang and the others also looked suspicious.

Yunxiao did not explain, but said coldly, "What? you don't believe me?"

Wan Yiqian's heart felt stifled for a moment, and she quickly said, "It's not that I don't believe you, but this matter is of great importance. I have to get to the bottom of it."

Yunxiao flicked his sleeve and said indifferently, "What do I mean by clear? The Emperor pill tower sank into the ocean and disappeared without a trace. I don't know anything more than that."

Wan Yiqian stopped talking and fell silent. However, the look on his face kept changing, and his eyes flickered. He obviously did not believe Yunxiao's words, but what could he do even if he did not?

"Al, I didn't expect it to be a futile effort. Jue Tianhan even lost his life!"

Chief mu sighed and shook his head, as if he felt that it was not worth it. However, he didn't have too many emotions. After all, this was just a windfall. It would be good if he could get it, but it didn't matter if he couldn't.

Yunxiao's eyes flickered as he said slowly, "Everyone has their own destiny. I am also very sad about Sir Jue Tianhan's death."

Mu Zhuang glanced at Wan Yiqian, his face cold. He said, "This matter will definitely cause a great uproar in the hidden sects. Lord Yi Qian, don't blame yourself too much. It's all because of that Xin kuili's flame light that you didn't have time to rescue him."

"Uh, what?"

Wan Yiqian had been thinking about the Emperor pill tower and hadn't paid attention to their conversation. It was only when he was mentioned that he reacted, and his expression changed drastically.

...

Mu Zhuang's intentions were obvious. If word got out that he had left them in the lurch, the entire family would have a bad impression of him. Then, it would be difficult to maintain this relationship where they were just using each other.

The competition between myriad treasures store and Tianyuan trading company was still in a state of white heat. Once they lost the support of the reclusive families, they would inevitably collapse like a mountain.

He was so scared that cold sweat broke out on his forehead. He trembled and said, "Lord mu Zhuang, you really can't blame me for this. It's just that everyone let down their guard and was caught off guard."

hehe, I think so too. Why is the forehead of one thousand Lords covered in sweat? "

Mu Zhuang glanced at him indifferently, his eyes full of contempt.

Wan Yiqian carefully wiped off his cold sweat and smiled apologetically. "It's a little hot. The weather is a little hot." "I wonder what Lord mu Zhuang's thoughts are on the death of Lord Jue Tianhan?"

Mu Zhuang shot a glance at Xiao Hong and Jing Qi. Seeing that the two of them were silent and did not seem to care about Jue Tianhan's life or death, he lazily said, "With Jue Tianhan's death, the Dragon's Tooth villa will definitely be in chaos. As a fellow hidden sect, after living together for so many years, he really couldn't bear to see internal strife in the Dragon's Tooth villa. Why don't you let my mu clan take care of the villa for Jue Tianhan for the time being? once there are capable people in the villa, my mu clan will return to heavenspan Island."

"Lord mu Zhuang is indeed righteous!"

Wan Yiqian immediately gave him two thumbs up and praised, "If Jue Tianhan knew that Sir mu Zhuang was so righteous, he would die in peace! I will definitely support Daren on this matter!"

The people of the MU family all revealed knowing smiles. Mu Zhuang also chuckled, seemingly in a good mood, and said, I will, as always, support Lord Yi Qian in developing the myriad treasures store's business. I hope that the friendship between our two sects will last forever.

“It’s only natural for friendship to last forever!”

Wan Yiqian patted his chest and laughed.

However, under the warm gaze, there was only coldness and resentment. The MU family had taken advantage of the situation and threatened him at the same time. They didn’t do anything and actually picked up such a big bargain.

Even if the MU family supported him as always, he was afraid that they would have to pay a higher price.

“Pa, pa, PA.”

Yunxiao clapped his hands and praised, “ it’s really touching! I’ve witnessed the friendship between the MU family and myriad treasures store. It’s really an eye-opening experience. This trip has not been in vain. His eyes were filled with undisguised mockery.

“Hahaha.”

Feini could not help but laugh. However, she felt that it was inappropriate and quickly covered her mouth with her hand and turned around.

Qu Hongyan was much more mature than her, so she was not surprised and just smiled.

The so-called “ friendship ” between the great sects had always been a balance of interests. In other words, there were no eternal friends in the world, and there were no eternal enemies.
