

The Eternal 1941

Chapter 1941 The four spirits painting, Gu siling

Anyone could hear the sarcasm in Yunxiao's words. What if he was thick-skinned and pretended not to know?

Mu Zhuang's face turned slightly red, but he was fine after that. He smiled and said, "Young master Yunxiao, you flatter me."

With his hands behind his back, Yunxiao said, "Our friendship will last forever. Don't forget that you're still in Langya heaven. Going to the eternal world is the most important thing. Brother Yiqian, what should we do next?"

Wan Yiqian pondered and said, "The eternal world will only be opened when the four seals are opened. The Jade Book Pavilion has already unsealed itself, and we have just released the Emperor pill tower, the heavenly treasure Pavilion, and the heavy equipment tower. As far as I know, the other two seals are also controlled by the natural moat cliff, and one of them should have appeared by now."

brother Yiqian, " Yunxiao said. do you have these two coordinates? "

Wan Yiqian's eyes turned and he muttered to himself, as if he was thinking about something.

It was not easy to find the Emperor pill tower, but they had escaped. Wan Yiqian was still half-convinced. With Yunxiao's ability, he was not strong enough to let a building escape, but it was also impossible for him to take it all for himself without anyone knowing.

So, he was struggling to decide whether he should take Yunxiao to the next two treasure lands.

If he did, what would he do if he took it all to himself? if he didn't, he wouldn't be able to deal with the Xin Kui Li flame or the people from the natural moat ocean, and he wouldn't be able to get a share.

"Sigh, I'm so conflicted, Yingluo."

Wan Yiqian couldn't help but sigh and couldn't decide.

"Eh, what did brother Yi Qian say?"

Yunxiao blinked and gave him a strange look.

Wan Yiqian was a little embarrassed and hurriedly covered it up, "no, nothing. I was just wondering where I should go. I have some clues about both of the sealed lands.

After thinking it through, he decided to take Yunxiao with him, at least to ensure his safety. His friendship with Yunxiao was far better than Jue Tianhan's, and with his understanding of Yunxiao, he would not stand by and do nothing if something happened to him.

it all depends on fate," Yunxiao said. let's go to the nearest seal.

"I'll count the recent Yingluo."

Wan Yiqian pinched his fingers and began to calculate, his eyes constantly looking into the distance.

Ye Fan, who had been silent all this time, suddenly spoke: "But that side?" He stretched out his hand and pointed in a direction of the sea.

Wan Yiqian's expression changed slightly, and his fingers pinched even faster. "Heavy equipment tower!" He looked at Ye Fan in shock, he started to size him up.

Originally, he was the most inconspicuous child. Although he was considered a genius to have such a cultivation at this age, they were able to step into the divine transcendence realm. Which one of them was not a one in ten thousand genius? thus, they did not pay much attention to him.

Wan Yiqian's face was dark, he stared at Ye Fan and asked: "What is this little brother's name? How do you know where the heavy equipment tower is?"

Ye Fan felt a little embarrassed, he smiled shyly: "It's just that I have a feeling in my heart that I should go there."

a feeling in your heart?!

Wan Yiqian was taken aback, and his eyes flickered as he asked, "What is your name?"

Ye Fan was about to answer when Yunxiao interrupted him with a laugh and said, "haha, you're thinking too much. He's just a little brother I took in. I'm sure you've never heard of him before."

If Qian was suspicious, but Ye Fan couldn't see anything, then so be it, he said: "This direction leads to the heavy equipment tower, and it's the closest to us. I hope the people from the natural moat Ocean haven't gotten it yet."

"Then let's go."

With a wave of his hand, Yunxiao immediately wrapped everyone in a blue Thunderbolt and flew in the direction Ye Fan pointed.

Since Ye Fan could sense the direction, it did not matter whether he was there or not. Moreover, his curiosity about the eternal world was getting weaker and weaker. He was not as curious as the Emperor pill tower and the heavy weapon tower. If he could get a large number of pills and profound level weapons, he could improve the overall strength of Yanwu by several levels and achieve a qualitative leap.

Even if there was an opportunity to become a God in the world of eternal life, it was far less than that in Yanwu. Besides, he was now a true immortal state expert, so it did not matter to him.

Just as they were flying in the direction of the heavy equipment tower, in a desert tens of thousands of kilometers away, there were countless pyramid-like buildings of different sizes. There were over ten thousand of them, and they covered the entire land.

It was vast and majestic, giving people a feeling of the work of the gods.

“BOOM!”

All of a sudden, the largest tower collapsed. The originally solid stone layer was like a rotten tree, turning into dust in an instant, rolling in all directions, stirring up dust that covered the sky and blocked the sun.

“BOOM!”

“BOOM!”

Following the collapse of the largest tower, the entire desert seemed to have set off a chain reaction, and the rest of the towers began to collapse as well.

For a time, the sound of things breaking could be heard everywhere. The dust carried a very strong musty smell, and one could not even see their own fingers. The towers fell like dominoes and disappeared into the desert.

Dozens of lights shot up from the dust and flew straight up to a height of 30000 meters. Only then did they avoid the dust and see the White clouds and blue sky.

the heavenly treasure Pavilion has been opened. The reserves inside are indeed amazing. Even if we can't enter the world of eternal life, it's not a wasted trip.

A Sage-like old man was dressed in a brocade robe with white plum blossoms embroidered on it with silver threads. They were like proud frost and snow, and they complemented the old man's Silver hair and beard.

The old man stroked his beard and revealed a satisfied expression. However, he still revealed a regretful expression and sighed, " it's a pity that the restriction is too powerful. I didn't expect the entire altar to collapse, and I only managed to retrieve half of the treasures. If only I had more time.

“Hehe, Lord Murong Pingping, you can’t be too greedy.”

Beside the old man stood a person who was also glowing with health. It was nanqiu Yu, and her eyes were full of smiles. It’s also thanks to our numbers that we were able to stabilize all the worship platforms at the same time. That’s why we could take away a large number of treasures calmly. Otherwise, it would be a lucky chance to take one or two.

Murong Pingping let out a soft sigh and felt relieved. He smiled bitterly and said, “After all, it’s a bit of a loss to see such a massive treasure disappear from sight. Tsk tsk, I’m really looking forward to my next destination. I wonder if I’ll go to the Emperor pill tower or the heavy equipment tower?”

Let’s stick to the principle of being closer,” nanqiu Yu said. We’ll go to whoever’s closer. We can’t run away anyway. He smiled at an old man not far away and said, “Lord earthly venerable, please use that ancient siling.”

Gongyang zhengqi, Cangwu Qiong, and dozens of sanctuary contenders were standing a hundred feet away. There were experts like the Finance Minister, Lonji, and the shadow Minister, Shentu yixiao.

Among them, there was an old man holding an iron cane. His expression was relaxed, and his status and strength were extraordinary. Behind the old man stood a young man dressed in coarse clothes. He had a wide face and was rather ugly. He would not attract any attention in the crowd.

Although the old man and the young man were standing among the Saints, they seemed to be isolated and out of place.

Gongyang zhengqi flipped his hand and took out an item. It was yellowish-brown in color and was made of neither gold nor Jade. No one knew what it was made of, but it was shaped like a soup spoon and was simple and ordinary. If it was placed among the various treasures, it would definitely not attract any attention, and people would not even take a second look.

“Tsk, tsk. If I knew that Gu siling was in the hands of the Holy region, I would not have waited for so many years.”

Nanqiu Yu was rather emotional as she took the yellow spoon from Gongyang zhengqi with both hands, her expression extremely cautious.

Then, he took out a green scroll and unfurled it in the air. The landscape of the mountains and rivers was drawn on it. It was endless and vast.

...

The moment the scroll was unfurled, the lifeless Gu siling suddenly lit up. The handle of the spoon seemed to shake for a moment before it flew into the scroll and began to spin.

Finally, the spoon stopped and the handle pointed to a certain spot in the scroll.

Everyone's eyes gathered on that direction, staring at it a few times and memorizing it.

"Haha, this should be the heavy equipment tower!"

Nanqiu Yu was in an extremely good mood. She laughed and closed the scroll with a hand seal, then returned the soup spoon to Gongyang zhengqi.

"How do you know it's the heavy equipment tower and not the Emperor pill tower, my Lord?" Murong Pingping asked.

Nanqiu Yu chuckled and explained, "the location we were at earlier seemed to be a flat land. From what I know, the Emperor pill tower placed themselves in the deep sea to nurture their alchemy fire.

Murong Pingping sighed. this Langya heaven is really amazing. If it wasn't for the four spirits painting and Gu siling, Lord Gongyang would have to turn around and look around when he entered. He wouldn't even be able to find the North.

Nanqiu Yu stroked her beard and sighed, "The four spirits painting has been in the natural moat ocean for many years. All the previous kun Masters have tried their best to figure it out, but none of them

succeeded. It's because they lack the key-Gu siling. Only when the two items are together will the space of Langya heaven be completely opened. Once the four seals are broken, the eternal world will appear."

"No wonder you've relaxed the restrictions this time," Murong Pingping said. "The requirements to enter Langya heaven have been greatly lowered. It's to break these four seals, right?"

Nanqiu Yu smiled and said honestly, " "They don't have the four spirits painting or Gu siling, so they're only here to make up the numbers. I'm indeed doing this just in case. I'm afraid that we don't have enough manpower if something happens. First, let a large number of people in in case of emergency."

...

Hmph, my Lord, you're underestimating the heroes of the world. Perhaps there will be all sorts of unexpected situations.

Gongyang zhengqi, who had been silent all this while, suddenly snorted, as if he was extremely disdainful of nanqiu Yu's scheme.

"Oh?"

Nanqiu Yu's expression changed, and she hesitated before saying, " "Lord Gongyang would never speak aimlessly. There must be a basis for such a statement. I wonder what it is?"

Gongyang zhengqi looked at him lazily and stood still in the air with his hands behind his back. He said without any expression, " I don't know the details, but I don't think it's that simple.

"Tsk!"

Many people from the hidden sects couldn't help but laugh. Their faces were full of disdain and ridicule. They all thought that Gongyang zhengqi was going to say something big, but they didn't expect it to be a " feeling ". This was clearly a show of his existence.

When Gongyang zhengqi heard the mockery around him, he wasn't angry. He only said leisurely, "Have you ever heard of Gu Qing Qing?"

Everyone in the sanctuary was shocked. They immediately thought of the mysterious woman who claimed to be Gu Qingqing in the battle of five Cloud Mountain.

Chapter 1942-recognizing the situation

Nanqiu Yu's expression turned serious as she said in a deep voice, "I've heard about it too. Gu Qingqing, the palace Master of shenxiao Palace, who sealed the demon clan in the five Cloud Mountain, seems to have reappeared during the war between the two races?"

Gongyang zhengqi continued, "that's not the main point. The main point is that I've read a lot of records about Gu Qingqing. She did go to find the eternal world back then. She never came out after entering the heaven of Langya. Now, after thousands of years, it has descended and possessed a little girl's body. It's strange."

Nanqiu Yu was also a sharp-witted person and immediately understood what Gongyang zhengqi was referring to. She said in surprise, "Lord Gongyang, do you mean that Gu Qingqing came from the eternal world?!"

As soon as these words came out, everyone was shocked and began to whisper. Most of them didn't believe it.

Gongyang zhengqi said seriously, "other than the realm of eternal life, who else can live for thousands of years?" And it happened at this exact time. If this is a coincidence, then it's too much of a coincidence!"

Murong Pingping said, "I've also heard rumors about Gu Qingqing, but it's a little too fake. How can you believe it?" Maybe someone came out to play a trick."

On the other hand, nanqiu Yu shook her head with a solemn expression. "I've also investigated this matter, and Gu Qing Qing's identity is most likely true."

Since even he had admitted it, the people around him were even more shocked, and the whispers continued, all of them making various guesses.

Nanqiu Yu ignored everyone's whispers and continued, "Even if Gu Qingqing really came from the eternal world, it doesn't mean anything. The seal of the Jade Book Pavilion had opened by itself inexplicably in the early years. Perhaps it was related to this. Without any concrete information, everything was just a hypothesis. We just need to follow the plan step by step. And it's not just Gu Qingqing. Perhaps there will be many unexpected changes. I think that Li Yunxiao will be a key figure in the future, and his trip to Langya heaven this time may also bring unexpected changes that will catch us off guard."

yes, that Li Yunxiao is by no means a good person. Why don't we join forces and kill him completely? "

One of them said angrily, as if there was an irreconcilable hatred between them.

Everyone's eyes looked over. The person who spoke was the sect master of the Jade drop sect, Yin Hui. Along the way, everyone had noticed him. For some reason, he gave people a feeling of weakness, as if he had suffered a very serious injury.

Only a few people knew that Yin Hong had been injured by Yunxiao, and that he had only managed to escape to Langya heaven after a narrow escape.

Nanqiu Yu furrowed her brows slightly before returning to normal. She said calmly, "It's extremely unrealistic to kill Li Yunxiao now. This man has the will of heaven. Not only is his strength unpredictable, but there are also countless experts in the Holy artifact, and his strength is no less than any sect in the world. Lord Yin Hui, I advise you to recognize the situation and stop going against Yunxiao. It's best if you can find a chance to bury the hatchet. That's the best choice."

Yin Hui's expression changed several times, and anger appeared on his brows. He snorted coldly, "Even if Daren doesn't agree with this method, you don't need to treat me like this. What do you mean by recognizing the situation? 'Hmph! I think that Li Yunxiao is arrogant and nonsensical. I don't know how many people he has offended, but there are many people who want to take his life. Sooner or later, he will die!' I'll unite everyone's strength to deal with him. This is the only way to go with the flow and recognize the situation!"

Nanqiu Yu sighed and shook her head, knowing that it was useless to say anything more. "Let's not talk about this anymore. Lord Yin Hui, you're on your own. Let's hurry and find the heavy equipment tower."

In his opinion, Yin Hui would only be digging his own grave if he continued to be stubborn. However, the friendship between the two was only so-so. He had already done his best by giving Yin Hui some advice. As for whether Yin Hui would listen to his advice, it was no longer his business.

The Warriors of the natural moat cliff immediately released a huge battleship, and everyone flew into it. Countless formation lights were activated on the battleship, and it turned into a beam of light and disappeared into the sky above the desert.

Several days later, above a basin with no end, several rays of light flew forward.

The flying lights, big and small, were divided into several groups. They were Yunxiao and the others. Suddenly, Ye Fan called out softly, "We're here."

Everyone immediately stopped and stood 30000 meters in the sky. There were no buildings in sight.

Wan Yi Qian counted with his fingers and looked at Ye Fan suspiciously, "Are you sure?"

Ye Fan himself was also a little lost, he shook his head: "I don't have any proof, but the place I'm worried about should be here,"

"Missed?"

Wan Yiqian pulled a long face and said unhappily, "Isn't this too much of a child's play?"

Ye Fan was a little embarrassed and his face turned red.

Yunxiao smiled and asked, "What's brother Yi Qian's judgment?"

Wan Yi Qian's eyes flashed, and he looked around for a while before saying, "I'm using the calculation method left by my ancestors, but I can't calculate the exact location. Only the four spirit map of the

natural moat ocean can point out the exact location. Previously, the Emperor pill tower happened to be on an island. It was the only Island in the entire ocean, so it was naturally easy to find.”

since brother Yiqian can't pinpoint the exact location, ” Yunxiao said calmly, ” let's search around this area. I believe in Ye fan's intuition.

“Ye Fan?”

Wan Yiqian's heart moved, and he suddenly exclaimed, ” is he the descendant of ye Nantian? the young man who got the ship of Noah? ”

brother Yiqian, you are very well-informed, ” Yunxiao chuckled. very few people know about this.

Wan Yi Qian was shocked, his eyes flickered as he looked at Ye Fan, saying with envy: ” “There's no such thing as an impervious wall in this world. Moreover, it's not easy to hide from the myriad Treasure Tower. Since he is the descendant of ye Nantian, maybe my instinct is right. Let's look around here.”

After knowing Ye fan's identity, Wan Yiqian seemed to be convinced, which made Yunxiao feel a little strange.

Qu Hongyan took out the testing device, made a hand seal, and pointed it. Immediately, fluorescent spots penetrated the surroundings and began to crawl around like dense ants.

It seemed to be too dense. The testing machine let out a low hum and trembled a little.

“What's going on?”

Qu Hongyan was shocked and looked down. Her divine sense swept over the earth like the wind, but there was a faint layer of power blocking it, unable to penetrate deeper.

Everyone saw the strange phenomenon on the testing device. Wan Yiqian was overjoyed and said, ”Haha, there's indeed a problem here!”

Mu Jie's Green eyes stared at the ground for a while. She only felt that there was a strange shadow, but she could not see it clearly.

He looked up at Yunxiao and said, "Young master Yunxiao, did you see anything?"

Yunxiao looked away and said, "It seems like there is a world under the earth. There are many underground creatures of extremely high levels. If the tower is down there, we will be in trouble.

"Haha, it's definitely below here!"

Wan Yiqian got excited, her eyes lit up, and she shouted, "Brother Feiyang, you must not let that heavy equipment Tower Escape again this time!"

Yunxiao smiled and remained silent.

In the divine realm tablet, one of his clones was sitting cross-legged in front of the cauldron of mountain and river, refining the xinkui li flame. As long as he could find the Emperor pill tower, he was willing to give up the eternal world.

Feini did not have a good impression of Wan Yiqian. She sneered, "Sir Yi Qian, you have to be careful. Don't end up like Jue Tianhan, who died because of carelessness."

Wan Yiqian's heart trembled, and she immediately flew much higher.

Although this was somewhat embarrassing, there were too many dangers in Langya heaven. Nothing was more important than saving one's life. It would be a big joke if one lost his life just to save face.

Sure enough, everyone looked at him with a hint of disdain, but Wan Yiqian was still calm and composed, as if he didn't know anything.

“Everyone should be careful, but there’s no need to worry too much.” Mu Zhuang said with a serious expression. With our strength, as long as we don’t let our guard down, it’ll be extremely difficult for them to hurt us.”

Yunxiao nodded in agreement and said, “Lord mu Zhuang, should we send another puppet down to split the earth and test its depth?”

“Alright,” he said.

Mu zhuangqin picked an elder, and a gray wheel of light suddenly rose behind the elder, directly transforming into a large puppet as tall as two people. It held a sword in one hand and fell to the ground.

...

“BOOM!”

The puppet was extremely heavy. As soon as it landed on the ground, its feet sank in.

The elder made a hand seal and pointed down with a shout.

The puppet sensed the finger print and raised the sword in its hand. It opened its mouth and let out a beast’s roar before slashing down on the ground!

“BOOM!”

The sword essence slashed on the ground, and circles of air waves spread out. The entire ground was also torn apart infinitely with the sword tip as the starting point.

“Whoosh!”

The sound of something breaking through the air could be heard, and there seemed to be green light rolling on the ground. In the blink of an eye, the puppet's entire body was wrapped tightly by the green vines.

The MU family elder's expression changed drastically, and he desperately made hand seals. The puppet seemed to struggle, but it couldn't break free from the green vines, making " creak creak creak " rubbing sounds.

Qu Hongyan suddenly exclaimed, " "Look at the ground!"

The ground that the puppet had split open with its sword had a crack that was ten thousand feet wide. At this moment, it was slowly healing. Although the speed was not fast, it was indeed healing.

...

"W-what the hell is this?"

Everyone was stunned. The earth that could heal on its own? No one had ever heard of it.

Under Yunxiao's wondrous spell spirit eyes, he saw a faint layer of green light on the ground, which had a very strong healing effect. The green vine that had wrapped around the puppet had also been spat out from the ground.

Xiao Hong's eyes flashed with a cold light. She was extremely dissatisfied and snorted, " "It's so troublesome to waste everyone's time. I don't believe that it can heal after being shattered into pieces!"

A flash of white light appeared on her fist. She raised her arm to accumulate power, and the entire sky was distorted by the power of that punch.

The distortion of space continued to expand, and Yunxiao and the others looked like it had been deformed.

“BOOM!”

Xiao Hong's figure flickered as she stomped on the ground and slammed down!

The young and tender fist directly pierced into the ground, and countless gravel and mud rose up. With the fist as the center, everything within a radius of tens of thousands of feet was broken, and the entire ground suddenly shattered like a mirror.

Then, everything fell down!

Chapter 1943 Drawing straws

“That's Yingluo!”

Yunxiao was taken aback. His eyes flickered as he saw a beam of light suddenly shoot out of the cracked ground and devour Xiao Hong and the puppet!

“Ah?”

The people in the sky were all shocked and hurriedly fled into the sky to avoid being affected by that unknown thing.

Yunxiao, Qu Hongyan, and Feini stood still, quietly watching the huge beam of light slowly shrink and disappear in the sky.

He saw that the ground had been broken half an acre in size, and inside was a cave that was several thousand feet deep. The situation could be vaguely seen.

Qu Hongyan and Feini suddenly screamed and their faces turned pale. They saw a huge toad squatting at the entrance of the cave. It was as tall as a person and was staring at them with its lantern-sized eyes.

Qu Hongyan calmed herself down. Although the aura exuded by the toad was terrifying, it was not as terrifying as its appearance. For a woman, its appearance was extremely lethal.

Feini's face turned pale as she hid behind Yunxiao and said in a trembling voice, "Just now, that little red Pixiu was eaten by this thing Pixiu, Pixiu, Pixiu"

When the beam of light shot out, everyone was so shocked that they retreated into the sky. Only the three of them did not move, so they could see it clearly.

The beam of light had come from the Toad's mouth. Everything that had been sucked into the beam of light, including the puppet, had been swallowed by the toad.

Yunxiao and the toad looked at each other for a while before he said, "This thing must be an ancient mutant. There's most likely another space in its stomach. Otherwise, it wouldn't have just swallowed Xiao Hong and the puppet, but also a large amount of soil and stones. It would've died from overeating."

"Then, is Yingluo and Xiao Hong dead?"

Feini said in a daze. Then, he plucked up his courage and walked out from behind Yunxiao. He thought that he had the bloodline of the heavenly Phoenix, which was one of the strongest even in ancient times, and there was no reason for him to be afraid of a Toad.

Yunxiao chuckled. you know Xiao Hong's situation. How can a mere ancient xenogeneic kill her? I think this Toad is going to be out of luck.

After a brief moment of shock, Wan Yiqian and the others saw the situation clearly and also flew down.

"Brother Feiyang, is the heavenly venerable one doing well?" Wan Yiqian asked.

Yunxiao glared at him and said in an unpleasant tone, "He's already been eaten, how can he be fine!"

"Hehe."

Wan Yiqian smiled awkwardly, knowing that his performance was a little cowardly, which made Yunxiao very dissatisfied. So, he sighed and said earnestly, "Brother Feiyang, in your opinion, do you think we can go inside the cave?"

Mu Jie looked at it with her wondrous spiritual eyes for a while and said in surprise, "This isn't a cave, this is just a heavenly passage that was blasted open! The Toad's aura was extremely violent, and it was indeed an ancient species. It was probably not far from its true spirit. The worst thing is, I'm afraid there's more than one of these beasts!"

Qu Hongyan took out the testing device and saw countless light spots flashing on it, pointing to the ground.

Even Yunxiao's face changed. If all the monsters displayed were as strong as this Toad, they would be lucky to leave this place alive, let alone find the tower.

"What should we do, Zhenzhen?"

Not only was Wan Yiqian stunned, but everyone also fell silent. The underground space was obviously a world left behind from the ancient times, full of ferocious beasts.

"Gulp!"

Suddenly, a sound came from the Toad's stomach. In an instant, it doubled in size and its entire body became round.

"Woof! Buzzzzzz! Whoosh!"

Its body grew like a balloon, almost blocking the hole in a few blinks of the eye. The Toad's eyes burst with a fierce light, and it suddenly opened its mouth to shoot out a beam of light!

"BOOM! BOOM!"

Beams of light shot out towards the sky. They were not deliberately attacking, but seemed to be venting something.

Its round body was constantly changing shape, and black ripples kept spreading out from its snow-white belly. Bang Bang " sounds were heard, and it was trembling all over.

The black magic patterns seemed to have cleansed the Toad's entire body. The sacs on its back began to rupture, and green liquid flowed out, splashing in all directions. With a sizzling sound of corrosion, the solid rock layer was melted in large areas.

"Blargh!"

The Toad's body trembled uncontrollably, and a large amount of white liquid began to flow out of its mouth. The MU family elder looked over and immediately revealed a pained expression. There were remnants of the puppet in the liquid.

"Gulu Gulu."

The White belly continued to grow as the magic pattern rippled. The toad finally couldn't be round anymore. It flipped backwards, but its belly immediately faced the sky, and it couldn't flip over.

"Pfft!"

Suddenly, a flame burst out from the White belly. It was colorless and invisible. It was the ice fiend Heart Flame. The entire belly was burning like a piece of paper.

The Toad's four limbs twitched for the last time before it stopped moving completely. In the blink of an eye, it was burned to ashes.

A beam of white light shot out, and Xiao Hong appeared in front of everyone. She was wearing a long white dress with a bright red flower printed on it, and it fluttered in the wind.

“Damn Toad, you dare to swallow me!”

Xiao Hong’s face was as dark as water. Being swallowed by the toad had made her extremely angry. It seemed that burning the toad to ashes was not enough to vent her anger. She suddenly punched out again, and with a loud “boom”, a large pit was formed where the toad was standing.

He snorted angrily and stood to the side without saying anything.

Everyone looked at the deep pit in silence.

what should we do now? who has an idea? we can’t just sit here and watch, can we?” Wan Qianqian asked awkwardly.

Yunxiao rested his chin on his hand and fell into deep thought. “Why don’t we wait for the people from the natural moat ocean to come, and let them open the path?”

Wan Yiqian was shocked and said hurriedly, “we can’t do that. When the people from the natural moat ocean come, how much of our share will we get?”

then, do you have any wise ideas, brother Yiqian?” Yunxiao asked indifferently.

Wan Yiqian pretended to think for a while before saying, “In your humble opinion, although this underground world is dangerous, it’s not a problem for us. The toad was so ferocious just now, but wasn’t it still easily killed by the Lord heavenly venerable? We only need to choose a leader to lead the way, and then everyone will carefully follow behind and cover him. We’ll be absolutely safe.”

Yunxiao’s eyes flickered as he cupped his fists and said, “Brother Yi Qian is indeed wise! Then the leader will be none other than brother Yi Qian!”

Wan Yiqian cursed Yunxiao a hundred times in her heart before she declined, “Brother Feiyang, you think too highly of me. It’s not that I don’t want to, but I really don’t have the ability to.”

“Oh, so brother Yi Qian proposed this plan not to lead himself, but to let someone else lead?”

Yunxiao’s face turned cold as he said in a lukewarm voice, “Then, in brother Yi Qian’s opinion, who should be the leader?”

...

Wan Yiqian glanced at everyone and chuckled, “in your opinion, the two strongest people among us are none other than the heavenly venerable one and the palace Master of Hongyan Palace.

Xiao Hong’s expression changed as she chided, “I’m not interested in this hollow. It’s full of disgusting monsters. If you want to go, you can go!

Thinking about how she was swallowed by the toad just now, she still felt nauseated and her face turned green.

Jing Qi, ” Xiao Hong said. send a signal after you find the tower. I’ll come again.

“Yes,” Jing Qi immediately bowed and replied.

what? ” Yunxiao sneered as well. brother Yiqian, do you mean to let the women clear the way in front? ” How could ten men do such a thing?”

Everyone’s face was slightly red. Wan Yiqian was also a little embarrassed. He said awkwardly, “Then who do you think is the best leader? In any case, I can’t take on such a heavy responsibility.”

If Qian Qian was used to being thick-skinned, everyone would not be surprised. Although she was thick-skinned and embarrassing, at least she could keep her life.

Everyone thought in their hearts that the myriad Treasure Tower had stood tall for so many years. It seemed to be very reasonable. At least, they would not put themselves in danger.

“How about this, I have a method that I’m not sure if it’ll work. All the men come over to draw lots, and those who win will go to the front to open up a path, how about it?”

“Hmm, this is a wonderful method.”

...

Yunxiao agreed immediately. The MU family had the most people, so they had the highest probability of winning the draw, and this was the fairest way. The people who won the draw could only blame their bad luck.

Wan Yiqian thought about it and agreed. He also felt that his chances of winning were too small.

Mu Zhuang smiled and waved his hand. More than ten swords shot out and stabbed into the ground, causing it to tremble.

“One of these swords has a red tip.”

Everyone frowned. There was a strange power flowing in the ground that interfered with their divine sense, so they really couldn’t find out which sword had a red tip.

Everyone secretly blamed themselves for being careless and not being able to follow mu Zhuang clearly when he made his move.

“Hahaha.”

Oh?” Yunxiao smiled inexplicably and said, “Lord mu Zhuang is indeed smart. Then, he pointed in the air and a sword immediately flew up. He grabbed it in his hand. The tip of the sword was bright and colorless. Clearly, he had missed.

The rest of the people were quite disappointed, but many of them braced themselves and also grabbed in the air.

“Whoosh! Whoosh!”

The sound of swords could be heard continuously.

“Haha, it didn’t hit. That’s great!”

Most of them missed and were extremely excited.

Wan Yiqian’s expression changed slightly, and he immediately felt a sense of pressure. After scanning with his divine sense, he made a grabbing motion with his five fingers. With a whoosh, a sword flew up and landed in his hand.

“咻!”

Wan Yiqian suddenly drew in a cold breath, his entire person dumbfounded. The front end of the sword was half a finger wide and scarlet red, stained with a little blood.

“No, that’s impossible!”

He didn’t believe it. With an angry shout, he flicked his sleeve, and all the swords stuck in the ground flew up into the air, their tips colorless.

“Bang! Bang! Bang! Bang!”

If by any chance the ground turned into dead ash, those treasured swords would instantly fall to the ground one after another, scattering like garbage, as if they were worthless. He stared at the sword in his hand. The Scarlet dot was glaring.

Yunxiao clapped his hands and praised him. Lord mu Zhuang is indeed a good man. The moment the sword fell, it just so happened to stab a rat to death, so it was stained with a little blood. Tsk, tsk, brother Yiqian also happened to get it.

Chapter 1944-surrounded by enemies

Wan Yiqian's expression changed. He threw the sword on the ground and said angrily, " brother Feiyang, you actually saw it. Is drawing lots fair?!

Yunxiao rolled his eyes and said helplessly, " "Brother, don't be impatient. Look at the sword pit. I just saw it."

Wan Yiqian followed his finger and saw that there was indeed a dead rat in the pit where he had taken his sword. It had been cut in half. He was instantly speechless.

Mu Zhuang stroked his beard and chuckled,"Lord one thousand, don't worry. With our strength, we won't encounter any real danger." We'll be on guard at the back and cover for you."

Wan Yiqian's eyes struggled a few times before he sighed. "If we encounter any danger, please help us. I will reward you handsomely with a thousand Yuan!"

Everyone had an "don't worry" look on their faces, and many of them even patted their chests.

Only then did Wan Yiqian relax. A flowing light appeared on his body and gradually condensed into a small and exquisite battle armor. At the same time, he clenched his five fingers and a golden iron cane appeared in his hand. He also took out a cloak and hung it on his shoulder. It was like a picture of a hundred birds paying homage to a Phoenix. It could be said that he was fully armed.

Yunxiao found it both funny and annoying. He felt that if Yiqian had completely become a cowardly old man, he could not help but shake his head in disappointment with mixed feelings.

As the leader of the merchant Union in the past, he was heroic and could be considered an Overlord of a generation, a big figure who could influence the world. Otherwise, Gu Feiyang wouldn't have been so close to the myriad treasures store back then, and their friendship wouldn't have lasted until today.

However, ever since he lost a large area of the merchant Union and was forced away by Ding Shan, Wanqian seemed to have completely changed. He was eager for quick success and was afraid of death. He was not even a hero, not to mention an Overlord.

Perhaps it was because he had fallen from a high place and lost many things that he had become stingy. He was stingy with everything he had, and even more so with his life.

Yunxiao knew that he had come to the end of his road. With such a mentality, he did not know how far the merchant Union could develop, but at least his path of cultivation had been completely decided, unless he could find his lost heart of martial arts.

However, Wan Yiqian obviously didn't think about this. She only wanted to fight for fame and gain more benefits for herself, so she went into a dead end and became more and more afraid of death.

Wan Yiqian felt much safer after being fully armed. He laughed and said, "My Lords, please remember to cover me!"

Fei Ni's face was full of contempt as she said sarcastically, "Don't worry, we'll definitely not leave your side. We'll keep an eye on you at all times."

Wan Yiqian didn't find it ironic at all. Instead, she said, "This should be the case, this should be the case!"

After he was ready, he jumped into the hole and walked deeper.

It was only then that Yunxiao turned around and looked at Mu Zhuang with a smile, as if he knew something.

"Hehe."

Mu Zhuang laughed after a moment of surprise.

He knew that Yunxiao had seen through his trick. The rat was not killed by the sword, but had been controlled by him in the ground for a long time. In case of an emergency, he had chosen one, then rushed up to kill himself and dyed the sword tip red with his blood.

It was also thanks to the unique terrain here that could interfere with divine sense that his plan was successful.

In fact, he didn't care who the first person was. He just wanted to tease Wan Yiqian.

The crowd immediately followed behind Wan Yiqian and entered in a single file. They kept a certain distance from him. Even Xiao Hong, after pondering for a moment, also followed him in.

The grotto-heaven was a thousand feet below the ground, which was considered extremely deep. However, it was not oppressive at all. Instead, it was very wide.

It was an ordinary mountainous area inside, but there were low shrubs and mosses everywhere. The only strange thing was that the mosses were all emitting fluorescent light, which illuminated the grotto-heaven extremely well.

From time to time, fierce beasts would appear in the bushes, but most of them just watched from a distance, not daring to get close.

Even if some of them attacked, they would be easily killed by Wan Yi Qian. After walking for half an hour, they did not encounter any powerful fierce beasts. Wan Yi Qian became more courageous and began to relax his vigilance.

Not long after, they came across a Lake in front of them. Under the silver light of the surrounding moss, it also appeared to be sparkling.

it's really a different world. Other than the lack of sunlight, the underground is no different from the surface.

Wan Yiqian sighed with emotion and squinted his eyes to look around. "I wonder how big this heavenly passage is and where the heavy equipment tower is. Ye Fan, do you feel anything?"

Ye Fan shook his head: "no, after arriving here, the worry in my heart disappeared.

"No worries?"

Wan Yiqian said seriously, "Then This Must Be the Place. Let's keep looking."

be careful! Yunxiao suddenly cried out.

From the moment the lake appeared, his eyes had never left the surface of the lake. Those shimmering ripples were definitely not the aftereffects of the light, but some insects floating on the water.

The legs of these bugs were very thin, and they would not sink at all when they stepped on the water. Moreover, they had wings on their backs, and all of them suddenly flew up.

It was like a silver blanket, like the surface of the water floating into the air, rapidly moving toward the thousands.

"What?"

Wan Yiqian was greatly shocked and discovered these insects. There were at least a million of them, and when they gathered together, they gave off a ferocious aura. They were like locusts, or even more terrifying than locusts.

"Ha, go to hell!"

The Golden staff flew into the air, and several seals were cast into it. It immediately transformed into a Dragon and roared.

“Roar!”

The Golden Dragon charged into the swarm of bugs and immediately killed a large number of them. However, in just a moment, the entire dragon form was covered with bugs and it turned back into a walking stick. Not only that, but the staff’s form could only hold on for a moment before it was completely gnawed away by the countless silver worms.

“Ah?”

Wan Yiqian was scared out of her wits. She turned around and ran, shouting, “Save me!”

Yunxiao and the others were also taken aback. Although Wan Yiqian’s walking stick was not as good as the Red Dragon crutch, it was still a rare ninth-tier Mystic artifact. But, it was eaten up in the blink of an eye!

If he hadn’t seen it with his own eyes, he wouldn’t have believed it.

“These insects are troublesome. Let’s retreat first!” Qu Hongyan made a prompt decision and shouted.

“En!”

Yunxiao agreed. The underground was full of dangers, and it was not worth the risk if they were not confident.

Everyone turned around and was about to go back the way they came when the earth suddenly shook. It seemed that a large number of fierce beasts were running over from the direction they came from. The terrifying hostility was one step ahead of them, and it pressed on everyone’s faces.

“What’s going on? There weren’t this many beasts when we came!”

“What should we do? advance or retreat?”

...

Everyone started to panic. Not only were they attacked from the front and back, but the shadows of a large number of bats suddenly appeared in the sky. It was as if they had appeared out of thin air. Those bats emitted terrifying sound waves that caused tinnitus and deafness. They even shook into the brain and affected one's divine sense.

"Why did all the beasts come out? It's as if someone is commanding them."

Yunxiao looked around in shock. There was really no way out, and the ground under their feet had suddenly changed. A large amount of soil had become soft and was crawling up to them like liquid.

"There must be someone behind this!"

let's work together and set up an enchantment! Yunxiao cried out. stop all the beasts!

A green light flashed on his body and shook off the soil. Then, the 36 Northern heaven cold star swords flew out and scattered in the surroundings.

The sword realm immediately opened up and evolved into tens of millions of swords, isolating the sound waves from the bats.

At the same time, the earth was also suppressed by the sword Qi. Although the earth was tumbling and trembling, it could not break through. Everyone hurriedly took the opportunity to shatter the mud on their legs and then broke free from the restraint.

Wan Yiqian had just escaped and shouted anxiously, "Brother Feiyang, quickly open the sword World and let me in."

Countless silver insects chased after him, scaring him out of his wits. He hit the sword World with all his might.

be careful! Yunxiao's eyes narrowed as he shouted. be careful!

...

He pointed with two fingers, and the northern heavens cold stars sword formation that was close to Wan Yiqian flew up, forming countless sword shadows in the air. They fell like a heavy rain, slashing at the silver worms!

At the same time, a gap appeared in the sword World, and Wan Yiqian suddenly rushed in. She heaved a long sigh of relief and was so scared that she almost cried.

However, there were still a large number of silver worms that followed him in.

Fei NI's body flickered and she turned into a fire Phoenix, shooting out a tenth-grade true fire.

"Hu Chi!"

The flame burned all the silver worms inside, making crackling sounds.

Yunxiao kept performing sword incantation gestures with both hands. After each attack, the northern heaven cold star sword, which had flown up into the air, immediately flew back down and guarded the position of the sword array.

"Buzz buzz buzz!"

In an instant, a large number of Silver Snakes pounced outside the sword formation and gnawed at the swords and the formation light with all their might.

"Not good, what kind of insects are these? they can't be burned to death!"

Fei Ni was suddenly shocked. Only a few of the silver worms that were burned by her divine flames fell to the ground, but they were still alive. They struggled on the ground as if they were injured, jumping a few times before flying up again.

“How is that possible?”

Qu Hongyan was also very surprised. A cold light flashed in her eyes, and suddenly, two of her fingers turned into a sword and slashed out. With a “ Chi ” sound, a small sword Qi was slashed out, cutting several insects in half. They fell to the ground and struggled for a long time before they died completely.

“What a tenacious life force!”

The rest of the people were all shocked. They looked at the millions of people outside the formation, which almost covered the entire Sword World. They couldn’t help but suck in a cold breath and felt their brains go numb.

“You actually dare to chase your Grandpa, die for this old man!”

Just in case, he had just survived a disaster, and his anger was burning. He suddenly pulled out a sword and slashed at the silver insects that were chasing him. When the sword hit the insects, it actually made a sound of metal colliding, and a series of sparks also appeared.

“It’s actually so strong!”

Everyone’s expression changed drastically, and they had a deeper understanding of these silver worms.

Qu Hongyan shouted, “ don’t just stand there! Kill these insects first! They don’t seem to have the five elements of water and fire. We can only kill them!

As she spoke, many more silver worms died in her hands.

“Oh? Is he really that powerful?”

Xiao Hong sneered in disbelief. She raised her right hand and snapped her fingers. With a "ka" sound, a cluster of ice fiend Heart Flame appeared and burned the bugs!

Chapter 1945 Trapped

"Hu hu!"

The ice fiend Heart Flame blew past the silver worms like the wind, burning them with crackling sounds. Each worm could last for two to three breaths before they completely exploded and burned to ashes.

"哇!"

Everyone sucked in a cold breath, especially Yunxiao and Xiao Hong. The shock in their hearts was indescribable, and they knew very well how terrifying the ice fiend Heart Flame was.

The ferocious Toad from before had also been completely burned to death, but these insects could actually hold on for a few breaths of time. It was simply too terrifying.

"We must hold on to this sword formation!"

Feini's face was pale and her eyes were filled with fear. She possessed the heavenly Phoenix true fire, so she was extremely sensitive to flames. She could vaguely sense that the ice fiend Heart Flame was of a higher level than her Heavenly Phoenix true fire, so she was even more afraid of these insects.

"Bang!"

Suddenly, the entire sword formation trembled, and a large number of ferocious beasts ran over from the entrance. Although they were of different species, they all had green faces and fangs, and one could tell at a glance that they were extremely evil. They desperately slammed into the sword formation or used divine arts to bombard it.

It was only the first wave of impact, but the thirty-six Northern heaven cold star swords began to tremble with a buzzing sound. Yunxiao trembled all over and coughed up blood.

“Flying!”

“My husband!”

big brother Yunxiao!

All kinds of exclamations rang out. Qu Hongyan and Feini flew to Yunxiao’s left and right, their faces filled with anxiety and anxiety. Feini even took out the spirit pill that Qu Hongyan had given her and handed it over.

Yunxiao shook his head and said in horror, “everyone, please think of something. My sword formation can’t hold on any longer. I’m afraid it will be destroyed in the second wave of attack.

As he was speaking, the ground continued to roll and bulge. The ground exploded with loud bangs as if something was causing trouble below. The thirty-six swords kept shaking and were about to collapse at any time.

Qu Hongyan’s expression turned serious, and The Purple Cloud sword immediately stabbed out. A bright light bloomed, turning into an earth sword array that spread out, reflecting with the 36 Northern heaven cold star swords. Only then did the chaos under the ground be suppressed.

The sword World became stable in an instant, and everyone heaved a sigh of relief at the same time. However, their worries did not decrease. Everyone knew that this formation would not last long.

At this moment, he was truly surrounded by enemies from all sides. There were silver worms in front, ferocious beasts behind, and countless black bats circling in the sky. There were even other strange birds among them. There was a type of strange bird with eight wings and six claws. Every time it swooped down, it would shake the sword World. It was very fierce.

Mu Zhuang said in a deep voice, "there must be a mastermind behind this attack. Is it a human, a ghost, or something with a spirit?" If we want to resolve this crisis, I'm afraid we'll have to find the mastermind!"

With a gloomy face, Yunxiao looked around with his magical spirit eyes, but found nothing except for the fierceness in the sky. "It's probably as difficult as ascending to heaven to find the mastermind. In my opinion, it's better to kill our way out from here."

He raised his head and looked at the sky. At this moment, the sky was filled with bats and birds. A large number of sound waves were vibrating, making it impossible to detect what was going on. according to the judgment of the entrance, this place is only a few thousand feet from the ground. If we attack upwards with all our strength, we will definitely be able to blast a passage. I guess that as long as we escape from the ground, we will be safe.

Mu Zhuang's eyes flickered as he said, "but are you sure that after you retrieve the sword formation, you will have enough time to make a move and that you will be able to break the dome?" If the plan fails, we won't even have the time to set up the barrier before we're swallowed by the tide of birds, beasts, and insects."

Wan Yiqian's body trembled as well. Thinking about being swallowed by these things, he couldn't help but feel afraid. His voice trembled as he said, " "Yes, yes, there are so many fierce beasts."

Yunxiao gave him a cold look and said, " "Then do you have a better idea? If there's a safe plan, I'm naturally unwilling to take the risk."

"I heard that during the battle of five Cloud Mountain, young master Yunxiao used a shocking technique that reversed the balance of the battle between the two races. That technique had a large area of effect and killed thousands of demon elites in one go," mu Zhuang said.

Yunxiao's heart stirred. He had thought about using the cool and ancient revolving mayfly ball, but it would take too long, and the fierce beasts, birds, and silver worms outside the array were all ancient species, so it might not have the expected effect.

When he was in the thirty-three heavens seal, the countless crystal beetles formed by the formation spirit were almost immune to this move.

He muttered to himself for a moment, and his eyes swept across everyone. He muttered, "This move isn't effective against all monsters. I'm just afraid that if I fail, the consequences will be dangerous. To be safe, I hope that everyone can work together and attack together with me. This way, our chances of winning are extremely high."

"We're naturally working together at a time like this," mu Zhuang said. Just tell me what you want to do, my Mu family will do our best to cooperate with you."

Yunxiao's eyes fell on Xiao Hong as he said expressionlessly, "Where's the heavenly venerable one?"

Xiao Hong's body trembled imperceptibly, and an angry look appeared on its face. Obviously, it was very dissatisfied with Yunxiao's address. It snorted heavily and said, "Jing Qi and I will also cooperate with you."

"Me too, this Lord will also do his best to cooperate!"

Although Yunxiao did not ask him, he knew that he was also an extraordinary expert who could hold up half the sky.

With a flash of light, a small purple umbrella appeared in his hand. He chuckled and touched it affectionately. "This umbrella is called the profound fish, and its defensive power is far above that of ordinary armor. I'll open this umbrella to provide support. After you attack, immediately return to the umbrella and buy some time."

Everyone was cursing in their hearts. So you're not f*cking making a move and hiding behind.

However, this was also good. There was someone who not only had decent strength but also had means. It was not a bad idea.

that's good," Yunxiao said. brother Yiqian will be in the center, and the rest of you will attack with me. Try to use offensive divine abilities that cover a large area. In particular, heavenly venerable one's ice fiend Heart Flame and demonic technique, Lord Jing Qi's corpse poison dove sand dark feather, feini's

Heavenly Phoenix true fire, and Lord mu Yitong's scattering beans for soldiers. As for the task of cutting open the dome, I will leave it to you, Hong Yan."

In terms of single-target attacks, Xiao Hong, qu Hongyan, and Yunxiao were the strongest among the people present. Xiao Hong and Yunxiao each had their own tasks, and only qu Hongyan was qualified to take on this task.

Qu Hongyan nodded solemnly and said, "Feiyang, be careful!"

At this moment, the attacks outside the sword World were continuous, and qu Hongyan could clearly feel the turbulence of Yunxiao's blood and Qi, as if his injuries were getting worse.

Although the Tiangang and Disha double sword array was combined, it was mainly composed of the thirty-six Northern heaven cold swords, and most of the attacks were borne by Yunxiao alone. Even with the indestructible golden body and the light glass body, it was still extremely difficult for him at the moment.

Yunxiao smiled at her and said, "Don't worry, if these beasts want to hurt me, they'll have to cultivate for tens of thousands of years."

"Yes."

yes," qu Hongyan answered softly. She knew that Yunxiao was pretending to be relaxed because he did not want her to worry. She held the sword in her hand even more tightly. Other than maintaining the Disha sword formation, she was also secretly accumulating power, ready to strike at any time to break the dome.

Yunxiao then turned to mu Zhuang and said, "My Lord, I'll have to trouble you to keep an eye on the ground. We still don't know what's under the ground, but it's definitely not simple. I wonder if my Lord is confident?"

Mu Zhuang looked down, lifted his eyes and nodded, don't worry. Leave the rest to me. I'll make sure there's no problem with suppressing it.

Yunxiao was taken aback and a little surprised. He did not understand where Mu Zhuang's confidence came from. Since he was able to stand on his own, he must have a very strong trump card in his hand. Since he had said so, he would most likely be able to hold on.

“Alright, then I'll have to trouble you, Sir. The rest of you, try your best to attack the most powerful individuals. Although these birds, beasts, and insects are fierce, there are no particularly powerful existences, so they definitely won't be a match for you.”

Yunxiao's face grew cold as he looked around and said, “Do you all understand now? Be careful, I'm going to withdraw my sword formation.”

“Understood!”

Everyone shouted in unison, holding all the profound level weapons in their hands, ready to attack at any time.

Beiming Nan came out of the divine realm tablet and began to condense the green Poison in his palm.

Jing Qi's pupils shrank, and he also released his fiendish God corpse puppet. Both of them were covered in white spots.

...

Xiao Hong was also holding her right hand in front of her body. The invisible and colorless ice fiend Heart Flame flickered on her hand, and her face was also cold.

Yunxiao and Qu Hongyan exchanged a look, then nodded at the same time and shouted, “Retreat!”

All the sword lights disappeared instantly, and the entire underground seemed to have stopped for a moment. Then, there was an earth-shaking explosion. A terrifying force shot out from everyone's body and blasted in all directions!

“BOOM!”

All kinds of flames and attacks were launched. All the beasts, insects, and birds were the first to bear the brunt of the attack, especially the first few rows. They were almost annihilated instantly!

At the same time, an extremely sharp sword light pierced through the air, sweeping away everything in its path. A large number of bats and birds were killed by the sword energy.

“BOOM!”

The sword struck the dome, and the entire sky trembled as it was continuously torn apart by the sword radiance.

A large amount of soil and rocks fell down, and the dome was like a wave. It shook open in circles, intertwining with the sword light.

what?! qu Hongyan was shocked and cried out. what happened?!

The dome that should have been split open was now filled with soil that surged toward the center like waves, constantly resisting the sword light. Finally, it filled up all the cracks. Not only did it not break through, but it even protruded down like stalactites.

...

This time, everyone was dumbfounded, and their brains instantly crashed.

What they didn't know was that right above their dome, a large amount of earth and stone had piled up, pulling a tall mountain out of the air and pressing down on it. No matter how hard they tried, they couldn't split it open!

“Bang! Bang! Bang! Bang!”

Just as everyone was in a daze and at a loss, the soil below began to crack open. Something shot up like a marble, and there was a "shua shua shua" sound.

Mu Zhuang, who had been paying attention to the situation below, suddenly narrowed his eyes. He stared at the "marbles" and shouted, "Ants?"

Chapter 1946-main character

The "marbles" were round and black as the size of a fist. They were giant ants, and they were making "shua shua shua shua" sounds as they bit at him.

Mu Zhuang's expression hardened. Instead of retreating, he raised his right arm, opened his fingers, and pointed his palm down.

An array appeared in the center of his palm, emitting a green light.

Then, a figure seemed to separate from his body. It was a human-shaped puppet that was as tall as him. It also stretched out its right hand and placed it on his arm.

The two arms were pressed against each other, but the puppet hand's palm was facing up, and its five fingers formed a seal.

A ray of green light spread out on the puppet seal. It was the size of a futon and was exactly the same as the seal on mu Zhuang's palm. The two appeared at the same time and countless runes flew out.

"Awl breaker!"

Mu Zhuang's face was solemn and his eyes were filled with killing intent. A terrifying power spread out from his palm, covering an area of several mu, and struck down with a shocking force!

"Boom boom boom!"

All the ants that had shot up were shattered by the light. The power of the move blasted into the ground, sweeping up countless waves of light. The soil was completely shattered, and even the insects, birds, and beasts in the sky were affected. There were many deaths and injuries.

Everyone was shocked. Even Jing Qi, who was also from a reclusive family, had rarely seen mu Zhuang fight. He only knew that mu Zhuang had hidden his strength, but he did not expect him to have such power. It was simply earth-shattering.

Yunxiao was surprised and overjoyed. No wonder mu Zhuang dared to boast that he would suppress the people below. The blow just now was definitely a force of great power. If his cultivation base was already this terrifying, then with the addition of the puppet, it would be difficult to estimate.

When the people of the MU clan saw their clan leader display his divine might, they all laughed wildly and clapped their hands, each and every one of them extremely excited.

On the other hand, mu Zhuang was the calmest one. After the attack, the mysterious puppet disappeared in an instant. His face turned pale and beads of sweat appeared on his forehead.

With a flash, he returned to the sky and hid in the Xuan fish umbrella.

Wan Yiqian had already opened the umbrella, covering an area of two to three hundred feet, and the inside was filled with a dense purple light.

Everyone retreated back into their umbrellas and formed a circle, constantly attacking the enemies from all directions.

Wan Yiqian quickly came forward to congratulate him, cupped his fists, and said, "Lord mu Zhuang, good move! With one move, he overturned the earth and swept away all the black ants, killing them all!"

Mu Zhuang's aura was greatly weakened. That move just now had consumed too much of his energy. He had to take a few pills to stabilize his aura. He coldly glanced at Wan Yi Qian and said, "Don't talk nonsense, quickly kill the enemy!"

Wan Yiqian felt a lump in her throat. She laughed awkwardly and didn't say a word, but she just stood there with the black fish umbrella.

It wasn't that he didn't want to make a move, but controlling the mystic Fish also consumed a large amount of essence force, especially when it was being attacked from all directions. It was also very exhausting for him.

Not long after, his expression became unsightly, and he couldn't hold on much longer.

There were many runes rolling in the purple light that the umbrella was giving off, but they kept on dissipating.

brother Feiyang, are you done?!

Yunxiao was nervously adjusting and cooperating with beiming Nan. One of them was covered in lightning, while the other was covered in poison. Both of them were performing incantation gestures to control the small green balls in front of them. The people inside the mystic Fish umbrella could feel the horror of the move and could not help but try to avoid it.

"Yes, I'm done."

The two of them cast their last incantation seal and joined forces to hit the ball of poisonous lightning into the group of silver worms!

"Cool!"

"Thousand years and ten thousand years!"

With a "Hong long" sound, the entire sky was spread into the Thunder World. The poison also filled the entire heavenly abode in an instant. All the birds, beasts, insects, and ants turned green in an instant. It was unknown whether they were poisoned or were illuminated by the lightning.

However, the insects, fish, birds, and beasts that were the first to bear the brunt of the attack all became sluggish. Then, they fell from the sky, and their bodies began to fester.

The poison was like an infectious disease, causing countless deaths and injuries, especially the bats and birds, who fell in large numbers.

Although Yunxiao's move had been rumored to be miraculous during the battle on five Cloud Mountain, the crowd had only been skeptical about it, and it was only at this moment that they were shocked.

Jing Qi was even more dumbfounded. The seven Illusion Green damask and his jiusha Xuan feather were both major five poisons of extinction. This move had provoked him, and many ideas immediately appeared in his mind.

“Roar! Roar!”

The group of beasts behind him roared in pain as they died. The remaining ones didn't dare to step forward rashly.

Only the silver worms were still flapping their wings. Although a small half of them had been killed, the poison on the back was very light. Moreover, they seemed to have no fear and continued to rush forward.

“When will these damn things end?”

Xiao Hong's eyes were also red from the killing, and she was enraged. Her face was covered with demonic patterns, and her left hand flickered with demonic light while her right hand flickered with Heart Flame. Every move killed a swarm of silver worms, but there were simply too many of them, and it was impossible to kill them all.

With the silver worms leading the attack, the bats that had not died cried out even more miserably. The “Chi Chi” was endless. Although it did not cause direct harm to people, it disturbed their minds and stimulated their nerves, causing them to be constantly irritated.

Wan Yiqian was also in a miserable state. Her hands began to tremble as she held onto the Xuan fish umbrella. Cold sweat had already soaked her entire body as she shouted, " "Brother Feiyang, the effect of the poisonous lightning just now seemed to be pretty good. Could you use it a few more times?"

Both Yunxiao and beifeng Nan were almost completely occupied, especially Yunxiao, who had just used the sword formation and was still injured. He panted with a pale face and did not even bother to pay attention to Wan Yiqian.

Qu Hongyan rebuked, "do it again? do you think it's a meal?" Even if you want to eat, you'll have to wait for half a day!"

"Damn it, let's fight it out with them!"

Yunxiao was filled with anger. He raised his sword and rushed forward again.

These silver worms were actually very difficult to hurt him. Sword death had killed many of them, but there were too many of them, so he would be exhausted to death.

Some of them rushed past the sword light and landed on his body, causing him to be bitten in pain.

Fortunately, he had the imperishable golden body and the five elements spirit body. Lightning directly shot out of his body and electrocuted the insects that fell on him.

However, the others were not so lucky. Ye Fan had already hidden in the divine realm tablet, and bu Zi and the other two were also struggling to hold on. From time to time, they were bitten by the insects and had bloody holes in their bodies.

"Ah!"

Suddenly, a member of the MU clan let out a blood-curdling screech. As his attack stopped, the silver worms instantly wrapped around his body and gnawed at him until not even ashes were left.

The bugs were covered in blood as they flew toward the others. It was a shocking sight.

“These insects ...”

Mu Yitong suddenly cried out in alarm. His eyes were filled with fear. His ultimate skill, transforming beans into soldiers, had caused hundreds of puppets to rush over and fight. Now, all of them were crawling with silver worms and had holes all over their bodies. Some of them had even been eaten completely.

...

Not only the puppets, but many people’s profound level weapons were also crawling with these silver worms. In the beginning, they could still use their Emperor Qi to shake them off, but later on, when their essence force was greatly exhausted, they were left alone. Only now did they discover that the surface was full of holes that had been bitten, and the power of the profound level weapons had been greatly reduced.

The MU clan’s people’s expressions changed drastically. Many of them were using all kinds of puppets, and their bodies were also covered with insects, which were constantly being eaten.

Only Yunxiao’s sword wound was still red and bright. The bugs lying on it bit and bit until they died, then fell off the sword.

“Retreat to the entrance!”

Although they were surrounded by enemies from all sides, it was obvious that these silver bugs were the most terrifying existences, followed by the fierce beasts behind them, and the bats and birds in the sky were the weakest.

However, the dome had not been split open by qu Hongyan’s all-out attack, so it was almost impossible for them to rush to the ground. They could only choose to attack the fierce beasts and retreat.

Moreover, the spiritual intelligence of the fierce beasts was obviously higher than that of the silver worms. After more than half of them were poisoned, they became cautious and did not dare to approach casually.

“We’ll bring up the rear. The rest of you, retreat, retreat!”

Yunxiao’s sword light danced in an airtight manner, but the momentum of the sword was getting weaker and weaker, and more and more silver worms fell on him, all of which were shattered by the lightning.

Qu Hongyan also found that he was exhausted, so she hurriedly expanded the sword force to shield Yunxiao behind her and said, “Feiyang, you also retreat first!”

Yunxiao gritted his teeth. He knew that it was indeed a little too much for him to cover the rear, so he did not hesitate and turned to leave.

...

Suddenly, there was a flash of light in front of them. ah! a miserable scream was heard. An elder of the MU family had been pierced through by a sword, and his body exploded on the spot.

The sword did not lose its momentum and continued to slash down, and in front of it was Yunxiao.

why is there a sword?!

Everyone was dumbfounded, but before they could think about it, Yunxiao gave a loud cry and grabbed at the sword with his five fingers like an eagle’s claw!

“Bang!”

The gang Qi in his five fingers was like a knife, and it clutched the sword body, shaking his arm until it went numb. The weapon essence on the sword continued to spread out, sweeping past his hand and stirring up a golden light.

Yunxiao's eyes flickered as he stared at the sword, which was full of fierceness and exuded a heavy ancient charm.

“Bang!”

“Bang!”

The ground trembled from the entrance ahead, as if a huge existence was striding forward.

All the fierce beasts let out low wails and were full of fear. Then, their hair stood on end as they roared madly and rushed at Yunxiao and the others.

“The main character is here!”

Everyone's heart trembled as they felt an extremely powerful pressure not far away. It was fierce and brutal.

Not only were the ferocious beasts trembling in the space, but the bats, birds, and even the silver worms were also becoming violent, as if the ruler of this place was descending.

“Be careful, everyone!”

Mu Zhuang shouted in a deep voice and killed a few of the beasts that were charging at him, but he didn't dare to move forward.

At this moment, they really had no way to advance or retreat. They could only calm down and fight.

The key was that the silver worms were difficult to deal with. The strength and number of bird beasts were limited, and there would be a time when they were all killed.

There were at least a million more silver worms, and they came down in groups. Water, fire, and the five elements were unable to harm them. Only fierce swords and sabers could cut them down, but the number of silver worms that were annihilated each time was too small.

“Ah!”

Another disciple of the MU family let out a blood-curdling screech as his body was covered in silver worms. Immediately after, a strange bird swooped down and grabbed that disciple into the sky.

Immediately, seven or eight strange birds rushed over and tore the disciple into pieces. However, even the pieces were eaten by the silver worms in front of everyone, leaving nothing behind!

Chapter 1947-injured

The other disciples of the MU family were so scared that their teeth were chattering and tears were flowing out. They were extremely scared.

Mu Zhuang was both shocked and angry. The disciples of the MU family who followed him to Langya heaven were either elders or elites. Although not all of them were here, every one of them had suffered a huge loss.

“Young master Yunxiao!”

“I have a presumptuous request!” Mu Zhuang said in a low voice.

Yunxiao frowned slightly, but he immediately understood what he meant. He nodded and said, “You want these disciples to hide in my divine realm tablet, right? fine.

He put away his sword, and the divine realm tablet flew out from between his eyebrows and landed in his hand. A ray of light flew out and covered the disciples.

“Don’t resist, let this force drag you away!”

The disciples were overjoyed. How could they resist? they hurriedly jumped into the light. The divine realm tablet turned and they were taken in.

Now, the MU family only had mu Zhuang and five elders left. All of them had outstanding strength, at least at the peak of martial arts. Even if they wanted to hide, they were too embarrassed to ask for it.

Wan Yiqian gulped as well. Even if he was thick-skinned, he was too embarrassed to ask Yunxiao to hide in there. Most importantly, he did not think that Yunxiao would agree.

Just as the divine realm tablet appeared, a loud roar came from the front, shaking the earth and the mountains. The whole cave seemed to collapse.

Immediately, a terrifying aura spread out rapidly. Everyone felt a huge pressure. Even the birds, beasts, and insects suddenly stopped their attacks. Under the pressure, they seemed to feel fear and did not dare to move.

“Feiyang, be careful!”

Qu Hongyan cried out in surprise, and her power, which had reached the peak of perfection, burst out in an instant. The murderous aura on the Zixiao sword soared to the sky, and she stabbed out fiercely!

A huge shadow suddenly appeared in front of Yunxiao and opened its hand to slap him!

Yunxiao’s body trembled. His aura was weak at the moment, and it was difficult for him to resist the huge pressure. But, his pupils constricted slightly in surprise.

The Shadow’s appearance was completely revealed in front of him. It was a monster with a cold expression and a metallic color. It was not human.

Moreover, he didn't rush over to kill him. The target of the big hand was the divine realm tablet!

The monster's hand suddenly stopped moving. It could feel the power of Qu Hongyan's sword. It did not dare to be careless. It clenched its five fingers into a fist and punched out!

“Bang!”

The punch landed on the tip of the sword, stirring up a strong sword light that scattered in all directions. It was as if a sun had risen from the dark underground.

Yunxiao, who was the closest, was knocked back several feet by the energy surge before he could stabilize himself.

Qu Hongyan was shocked. She had used all her strength in this sword attack, but it couldn't hurt the other party. Moreover, the other party was unarmed!

“Bang!”

The monster threw another punch and knocked the Zixiao sword away. Then, it flew down and grabbed at Yunxiao, seemingly locking onto the divine realm tablet.

Only then did everyone see the monster's appearance clearly. It was no different from an ordinary person, but its entire body was made of metal and its face was cold. It was like a Calabash Little King Kong, but its face was more handsome.

Yunxiao did not have time to think about that. He put the divine realm tablet away with a flip of his hand and teleported away.

The monster sensed the spatial fluctuation and roared. It released a powerful pressure that suppressed the entire space.

Yunxiao's figure, which had just disappeared, reappeared in the same place, and the monster threw a punch at him.

The air continued to explode and burn. The terrifying fist power was like a meteorite falling to the ground, shattering the space.

In his horror, Yunxiao took out the mirror of evening clouds with a flip of his hand and pointed it at the sky.

The mirror light shook and shone on the fist power, but it actually dimmed and the light directly shattered.

“Bang!”

The monster's fist landed on the mirror, making a loud vibrating sound. Then, the entire space was filled with countless chaotic light streams. It was extremely chaotic.

“Bang!”

The great sorrow sunset Cloud Mirror couldn't withstand the attack and shattered completely!

“Bang!”

After shattering the great sorrow Twilight Cloud Mirror, the fist force slammed into Yunxiao's body, instantly shattering his chest and exploding his entire body!

However, the body that exploded was not flesh and blood, but countless bolts of lightning. He immediately fled a few thousand feet away and condensed his true body again. He spat out a large mouthful of blood.

“嗞!”

Everyone's expression changed drastically. This monster's strength was too tyrannical, and its attack was decisive, without the slightest bit of hesitation.

Yunxiao's face was extremely pale, and his bodily functions were severely damaged. The glazed light flickered and flickered, and he was coughing blood.

“Die!”

Qu Hongyan was furious, and her eyes were filled with killing intent. She slashed the Zixiao sword with all her strength gathered in the sword. She would not stop until she killed the man.

The monster had wanted to pursue Yunxiao, but at that moment, it turned its face slightly, and a cold light flashed in its eyes. Then, it performed the Dragon-catching skill with both hands and grabbed the sword.

“Bang!”

Several sharp auras were wrapped around the monster's hands. Its ten fingers fell repeatedly and pinched the sword ingeniously, locking The Purple Cloud sword.

Qu Hongyan was shocked and anxious. The force that locked the sword was so strong that she could not move it at all. She could only slap it with her left hand.

Who would have thought that the monster would neither Dodge nor avoid it, allowing the palm to land on his shoulder!

“Bang!”

The monster was forced to take two steps back.

Qu Hongyan was even more shocked. Even the rock and metal would be shattered by her full-strength palm, but the monster in front of her was completely fine.

Not only that, but she also felt the vast power of the palm strike hitting the extremely hard metal. Her palm hurt slightly, and the bones in her five fingers felt like they were about to crack.

...

could this thing be a puppet?!

As this thought flashed through her mind, she felt a huge force coming from the right hand that was holding the sword. The monster's hands twisted, and she almost lost her grip on the sword. Her whole body was thrown out with the force.

She hurriedly used a divine ability like the thousand pound drop, but she still couldn't stabilize herself. She flew straight for several dozen Zhang before stabilizing her body.

A layer of light flashed on his body, and he didn't care about regulating his breathing and elemental energy as he once again slashed out with his sword.

After shaking her off, the monster went after Yunxiao again, and in his current condition, he would not be able to withstand another blow.

Suddenly, three beams of light flashed and appeared in front of Yunxiao, facing the monster.

The one in the middle was Xiao Hong. She snorted and laughed, "Can you guys do it? Back down!"

On the left was mu Zhuang. He had a serious expression on his face, but he did not say anything and obediently dodged to the side.

On his right was feini. Instead of retreating, she took out the spirit pill she had and handed it to Yunxiao.

Yunxiao shook his head slightly and pushed feini's hand back. "This pill is useless to me. Do your best to protect me. Reinforcements will arrive soon."

His body was filled with spiritual energy, so ordinary elixirs were useless. Even top-tier natural treasures had little effect. He could only rely on his own recuperation to recover.

...

Furthermore, through the blood bead that mo had given him, he had already sensed that Yi was on his way. With Yi's strength, he should be able to suppress the monster in front of him.

After he finished speaking, he closed his eyes and began to recuperate.

As if facing a great enemy, feini summoned The Phantom of a Heavenly Phoenix behind her and stood quietly in front of Yunxiao, not daring to relax for even a moment.

She knew that she would die if she rushed forward with her strength, but as long as the monster rushed over, she could at least buy some time for Yunxiao with her life.

His cold and determined eyes and calm body showed that he was determined to protect her with his life.

The monster rushed to Xiao Hong's side, and its cold face seemed to frown. Without saying a word, it closed its five fingers into a knife and slashed down.

"Bang!"

A strong wind spread out.

Xiao Hong's right hand clenched into a fist, and the ice fiend Heart Flame danced in her palm as she struck out.

The two forces collided, and the monster's hand blade broke through the fist wind and slashed into Xiao Hong's palm.

Red blood flowed down her Jade-like slender hands, then dripped down like beads.

“He's actually injured!”

Everyone was taken aback. Xiao Hong was a heavenly venerable, and her strength was obvious to all. Yet, she couldn't even block a single punch from that monster!

The ice fiend Heart Flame was still burning in his palm, devouring the monster's fist. The monster seemed to feel some pain and tried to pull its arm back, but Xiao Hong's fingers were tightly gripping onto it. It struggled a few times, but was unable to break free.

“How dare you hurt me? do your parents know that you're so powerful?”

Xiao Hong let out a sharp cry, as if it was abnormally angry. Its long hair stood on end, and its entire body emitted raging flames. The ice fiend Heart Flame swept out like a wave.

“BOOM!”

Half of the sky was lit up by the flames, and the monster's entire body was being roasted by the heart Flame. The metal surface of its body began to shine, resisting the flames.

“Shua shua!”

A large number of birds were also killed by the sudden explosion of the sea of fire. The silver insects also became fierce, their wings flapping wildly as they desperately flew away. Many of them exploded in the middle of the fire and then turned into smoke.

Feini, who was the closest, was startled, but the flame separated by itself when it came at them, surrounding her and Yunxiao. Mu Zhuang and Qu Hongyan, who were a little further away, were not so lucky. The flames ignored their existence and whizzed past them.

The two of them furrowed their brows and teleported to the ground to avoid the sea of fire.

“You dare to hurt me? why don’t you go to heaven?”

Xiao Hong was still in a state of extreme anger, and thin magic patterns began to crawl all over its face. It raised its left arm and threw a punch!

“Go to hell!”

The monster’s body trembled under the might of the punch. It raised its left arm, which turned into a golden trident!

“Swish!”

The halberd met the fist radiance and stabbed forward!

“BOOM!”

Another intense light exploded, and even the sea of fire was pushed back several hundred feet, creating a vacuum.

The two people in the middle were almost stuck together.

“Ah?”

Jing Qi couldn’t help but exclaim, and the rest of the people also trembled.

The Golden trident pierced through Xiao Hong's left arm, and blood flowed down the sharp edge of the Trident.

At this moment, both of Xiao Hong's arms were covered in blood that was continuously dripping down. His left hand, in particular, had been pierced by the sharp blade of the Trident, and he could no longer move.

Right at this moment, Xiao Hong's white dress gradually turned black, and her vibrant red flower turned deathly white. The flames that filled the sky also turned black, and a true fiend Dharma idol slowly appeared behind her.

Chapter 1948 Gathering

The giant true demon's eyes widened in anger. It raised its hand, pulled out the agama bone Cleaver, and slashed down in the air!

The monster's entire body trembled, and its eyes revealed a look of shock. It let out a howl and shook Xiao Hong away before flying back.

"BOOM!"

The agama missed, but the blade aura split the ground and locked onto the monster.

The monster finally could not retreat. It waved its arm and punched forward.

"Bang!"

The saber energy was shattered by the punch, but the monster was also shaken. It took a few steps back again, its body staggering.

it's a little difficult for a heavenly venerable. Let's attack together!

Mu Zhuang's cold eyes flashed as he joined the battle and attacked the monster.

Qu Hongyan also charged forward with her sword.

At this moment, the silver worms flapped their wings and flew around again, like a silver light. It was pleasing to the eye, but it was fatal.

Panic flashed across the faces of Wan Yiqian and the others, but they could only grit their teeth and fight for their lives.

Most of the birds were dead, and only a few powerful beasts were left, which madly roared and charged at the people.

At this moment, a Scarlet ray of light shot down from the underground space where everyone was. It landed on the mountain and turned into Yi's figure.

He looked around and frowned slightly. The blood bead seemed to be nearby, but when he swept his divine sense across a radius of ten thousand feet, he found no trace of Yunxiao.

Suddenly, countless rays of light appeared in the sky like a meteor shower. They appeared in front of the mountain peak in an instant.

Mo's expression changed drastically. There were hundreds of people falling in front of him, and they were all human experts.

Other than the master of the natural moat cliff, nanqiu Yu, there were also a large number of Saint domain experts, most of whom he had met at the five Cloud Mountain.

"Eh? The banner of the gray demon clan!"

Gongyang zhengqi's pupils contracted, and his divine sense locked onto him.

The people of the Holy region were all shocked and angry. They spread out with a whoosh and surrounded the entire mountain. Hundreds of divine senses fell on Yi.

In the Holy region, the arrogant old man who was holding an iron cane looked surprised. He seemed to have no interest in Yi and only looked at the young man behind him.

The young man's eyes also flickered. The old man's emotions seemed to have stabilized a little after looking at him, but his eyes were still full of thoughts.

The referee crossed his arms and stood on the top of the mountain. He looked around and said coldly, "I don't have time to fight with you today. Let's go our separate ways. Do what you need to do, and don't provoke me!"

"Hmph!"

Gongyang zhengqi's eyes shot out a cold light as he laughed, "Do you think you can decide whether to fight or not?"

The referee was not afraid at all, and the corner of his mouth curled up in ridicule. He had sucked the blood of tens of thousands of people in the battle of five Cloud Mountain and entered the void extreme divine realm. There was almost no one in this sky who could force him to stay.

"You can decide whether to fight or not, but life and death, victory or defeat, are not something you can decide. Gongyang zhengqi, are you really going to spill your blood here?"

"Ha? Do you think you're the demon Emperor?"

Gongyang zhengqi's body was filled with killing intent. His five fingers clenched and a battle spear appeared in his hand, which he pointed at the referee.

At this moment, the humans had the absolute advantage. Even if the other party's divine abilities were heaven-defying, he would still die Here. It was just a matter of the price he would have to pay.

Mo's pupils shrank and burst out with hostility. He had always considered himself a demon Emperor, and now that he had obtained the Buddhist Demon Sacred art, he was even confident that he could become a peerless great demon that would shock the world.

After Gongyang zhengqi said that, his killing intent was immediately aroused. Demonic Qi suddenly burst out from the peak of the mountain and shook in all directions. The entire mountain peak shook.

"Stop!"

stop! nanqiu Yu immediately stopped them. this is where the heavy equipment tower is hiding. If you fight, I don't care if you die or waste time. But if the heavy equipment tower is affected, I won't be polite!

"Sir, you can join us in taking down this demon. That way, the casualties and time loss will be minimized," Gongyang Zheng said.

Nanqiu Yu's face was cold as she said impolitely, " "Since the natural moat ocean is a hidden sect, they will never interfere in the disputes of the continent, whether it's with the human race or the foreign races. I still advise Lord Gongyang that if you have any personal grudges, you can resolve them after Langya heaven is closed."

Gongyang zhengqi was rather displeased and grunted, " "I'm afraid we won't have another chance to attack this person who is alone after leaving Langya heaven."

Nanqiu Yu flicked her sleeves and said indifferently, " "It's up to you, my Lord. I'm not interested in getting involved. I hope that you can use Gu siling and leave the rest to you."

Gongyang zhengqi waved his long spear and placed it in front of him. He said, "We've already waited for so long, can't we wait a little longer?"

He did not wait for nanqiu Yu's reply and attacked mo qu with his spear.

All the Warriors of the Holy region immediately moved, surrounding the referee and attacking.

“BOOM!”

The mountain collapsed immediately. Yi conjured a spell with both hands and blood light surrounded his body, blocking all the attacks.

Nanqiu Yu was extremely frustrated. She retreated a thousand feet away and stood with her hands behind her back, watching them fight coldly.

The people from the hidden sects also retreated.

today, I will use your blood to pay tribute to the heroes of the five Cloud Mountain!

Gongyang zhengqi's long spear swept across, slashing out countless spear lights.

Mo felt depressed. Although the spear couldn't hurt him, his weapon, the ancient scale double-edged sword, had been exchanged by Wu Dacheng. He could only fight with his bare hands. His fist wind was powerful as it struck the spear, constantly deflecting the attacks.

As for the others, it was difficult for them to intervene in the fierce battle between the two. They could only circle around the two of them, looking for an opportunity to attack.

Nanqiu Yu, who was watching the battle from afar, said unhappily, "Don't worry about them. Let's continue to look for the heavy equipment tower. It should be nearby."

You qinfei, the elder of the natural moat cliff, pointed at the terrain below and asked, "Kun sovereign, look at the terrain below. It's like the rising and falling waves surrounding that mountain peak. It seems a little strange."

Nanqiu Yu stroked her beard and looked down. "I've also discovered this long ago, which is why I don't like them fighting here. This land is a little strange, and I can't use my divine sense to explore it. Moreover, the four spirits map shows that there are no mountains in this area, so how could there be a mountain here?"

Nanqiu Yu pointed to the front. The mountain had almost completely collapsed under Gongyang zhengqi and the others' attacks, and all kinds of gang Qi were shaking the earth and the mountains.

...

Suddenly, with a "boom," the entire ground caved in, as if there was a vacuum below. A large area of the ground caved in for hundreds of feet.

"BOOM!"

Broken rocks and soil filled the sky as Nanqiu Yu exclaimed, "Stop, there's something abnormal!" He was afraid that the heavy equipment tower would appear and be affected by the battle.

Gongyang zhengqi and the others were also shocked. They hurriedly stopped and retreated.

A terrifying force suddenly exploded from the deep pit, and several beams of light shot up into the sky.

"What's going on?"

Everyone was shocked, and they quickly used their movement techniques to retreat.

"Young master Yunxiao!"

Nanqiu Yu, who had been carefully observing the situation below, immediately saw the people below and exclaimed.

At this moment, the metal monster was engaged in a fierce battle with Qu Hongyan, Xiao Hong, Mu Zhuang, and the others. Even though it was one against three, it was not at a disadvantage.

The rest of the Warriors were still trying hard to kill the silver worms. They were in a tough battle, and one of the MU family elders was eaten up by the silver worms.

...

The situation was clear to the people in the sky, and they were all shocked. Who was that strange metal man?

At the same time, Yunxiao also saw the hundreds of people. He immediately understood what was going on, and breathed a sigh of relief.

If there were no reinforcements, he would have to use the twelve divine beings killing formation to suppress the metal monster.

The six ding and six Jia were his greatest trump cards at the moment, but this item came from the MU family. With the MU family's master and elders present, it would definitely cause endless trouble once it appeared.

Although he wasn't afraid of the MU family, their relationship was still quite good. He didn't want to become hostile because of this matter.

It's Li Yunxiao!

Yin Hui's face turned pale when he saw them, but he heaved a sigh of relief when he saw Xiao Hong and Jing Qi. His eyes were filled with joy.

After all, he could tell that Yunxiao was seriously injured with his eyesight, and he could not help but be overjoyed.

lady nanqiu Yu, take this monster down! Yunxiao immediately shouted. it's related to the tower of treasures!

The people of the natural moat cliff and the Saint realm all trembled, and they looked down in shock. They thought that the four spirits were hidden so well that only they knew where they were, but someone had found them before them.

Even though the metal monster had given him a huge shock, he still couldn't help but ask, "How did young master Yunxiao know about the heavy equipment tower and find this place?"

Yunxiao sneered in his heart, then said, "I obtained a map by chance. The location of the heavy equipment tower was marked on it, and I've come here,"

The people from the natural moat cliff and the Saint realm were all stunned for a while, as if they couldn't accept this answer.

However, the situation was urgent, and they did not have time to think. Nanqiu Yu ordered, "Take down that monster!" He teleported down as well, and his five fingers clenched into a palm as he slapped at the monster.

The people from the sanctuary stood in the air and did not move. They just looked at the people in the field and began to calculate in their hearts.

They weren't worried that the metal monster would escape. More than a quarter of the world's experts were gathered here. If the metal monster escaped, it would be a real disaster.

Suddenly, Yunxiao's heart skipped a beat. He looked up and made eye contact with the young man behind the old man with iron crutch. The young man happened to look down at him as well, and both of them looked stunned and surprised.

The young man looked at each other and then turned his eyes to the metal monster and Xiao Hong on the battlefield. His pupils shrank and shot out a faint light.

Yunxiao immediately understood that the young man was di Jia. As for why he was with the people of the sacred zone, he could not guess.

However, the last time they parted in Dingtian city, Di Jia had sensed that the last demon master's avatar was in the Holy region, so he had gone to the Holy region alone. Had he already succeeded?

From the look they had exchanged just now, he could feel a pure and vast demonic power. The demon master's avatar was most likely in his hands.

It didn't take too many people to attack the metal monster. A large group of powerful warriors from the Natural Moat Ocean flew down and started to kill those silver worms, freeing Wan Yiqian and the MU family.

die! he suddenly shouted.

At some point in time, Yin Hui had appeared beside Yunxiao, condensed his energy with both palms, and suddenly slammed them down!

Chapter 1949-heavy equipment tower

The appearance of the Natural Moat Cliff and the Saint Domain Realm had made everyone heave a sigh of relief. They didn't notice Yin Hui's movements, but when they felt that something was wrong, they all trembled in shock!

"My husband!"

Feini was the closest to Yunxiao, and by the time she noticed him, his palms had hit Yunxiao's chest. Her mind went blank, and she screamed madly as she rushed forward!

"Bang!"

Yunxiao's body exploded into pieces, and blood filled the sky.

"哇!"

Everyone's entire body trembled, and they were completely dumbfounded.

“Ha, hahaha!”

Yin Hui’s eyes lit up, and he couldn’t help but laugh wildly. However, he had been severely injured and hadn’t fully recovered yet, so he kept coughing from laughing, and blood seeped out.

“Hahaha.”

All was silent, and the sky was filled with his wild laughter.

After laughing for a while, Yin Hui suddenly stopped. He vaguely felt that something was wrong because it was too quiet. Other than his laughter, there was no other sound. It was so quiet that it was frightening.

“咻!”

He suddenly sucked in a cold breath and said in horror, “An illusion!”

“Bang!”

He felt a pain in his chest before it exploded. A white sword pierced out, and there was a faint fire on the sword. It burned him in extreme pain, as if his soul was also set on fire!

“Argh! Li Yunxiao, what are you doing?”

The scene in front of him gradually rippled and revealed the real scene. Only then did he hear the noise. Not far away, nanqiu Yu and the others were still fighting with the metal monster.

li Yunxiao, you killed a man of the sky Alliance!

Jing Qi rushed up and glared at him angrily. He scolded, "Didn't you and Lord heavenly venerable agree to bury the hatchet?"

Yin Hui opened his mouth slightly, wanting to say something but couldn't. let bygones be bygones. his heart was bitter and helpless, as if he felt that he was an idiot.

"Swish!"

Yunxiao slowly pulled out the sword. His face was pale, his forehead was covered in sweat, and his eyes flickered.

He had just been injured by the metal monster, and after recuperating for a while, he forcefully activated his eye-bloodline technique again, causing his body's condition to return to a lower state. If Yin Hui wasn't also heavily injured, he might not have been able to use the eye technique in such a hurry.

"You still sneak attacked me after letting go of the past? I don't want to explain to you jokers. If you don't agree, you can do it too."

With a murderous look on his face, Yunxiao put away the sword and closed his eyes again to regulate his breathing.

Yin Hui watched as the tip of the sword was pulled out of his chest. Blood kept spurting out, and his wound was burned by the nameless flame. He was in pain and scared.

He knew how powerful the fire was, but he could not shout. His body kept trembling, and when he heard Yunxiao's words, he let out an 'ah' and fell forward to the ground. He had completely given up resisting, feeling that he had died an unjust death.

"Hu hu!"

The ice fiend Heart Flame immediately ignited, instantly burning Yin Hui's body to ashes.

Jing Qi's face was unsightly. He naturally did not want to attack Yunxiao for the sake of a dead Yin Hui. Although Yunxiao seemed to be defeated in one blow, there were too many people here, and God knew what would happen.

Soon, the beasts were all killed, and more than half of the silver worms were dead or injured. Their numbers were still decreasing.

The metal man had not been defeated yet, but it was no longer a match for the enemy. It had been hit many times, but its body was strong and had not been injured.

Everyone felt that it was strange. Perhaps this monster could not be injured in the first place.

Suddenly, a woman's voice could be heard. She sighed and said, "Why are you still resisting? It's time to open the world of eternal life."

The woman's voice was clearly transmitted into everyone's ears. Everyone looked over, not knowing when she had appeared.

Qu Hongyan and the others were all shocked. The woman was Gu Qingqing.

Gongyang zhengqi also recognized him. He stepped forward and said, "Are you really lady Gu Qing Qing?"

As soon as she said this, there was even more noise. Only the strong cultivators who had experienced the battle of five Cloud Mountain knew her. The rest of the people had just heard about Gu Qingqing's Secret and did not expect to see her in person so soon.

Gu Qing Qing didn't say anything, but said to the metal monster, "Stop. Although you're strong, you're not a match for so many people. The heavenly Dao can't be reversed. If you follow it, you can still live. Otherwise, if everyone attacks you together, you'll die without a doubt."

The metal monster seemed to be moved. It retracted its palm and flew a few hundred feet away, standing still.

Everyone was afraid that he would escape, so they all surrounded him, making it so that not even water could escape.

Although Qu Hongyan felt a little awkward, since Gu Qingqing had descended into Luo Yunshang's body, she had no ill intentions, so she slowly accepted it and asked, "What is the origin of this monster?"

Gu Qingqing laughed. This is the heavy equipment tower you've been looking for. It's just a spirit. Don't you recognize it?"

"Ah?"

Everyone was stunned as they looked at the metal monster. No wonder its body was so hard and could transform into weapons at any time.

Gu Qingqing said, "The Jade Book Pavilion, Heavenly Treasure Pavilion, and Emperor Pill Tower have all been opened. This heavy equipment tower is the last seal to open the eternal world. It is also the most difficult one. However, since all the experts of the realm of heavenly martial arts are gathered here, it's only a matter of time before we can open this tower."

The tower stared at Gu Qingqing for a while, and as if it had figured out her identity, the hostility on its body disappeared, and it became quiet.

Soon after, a golden light flashed on the heavy weapon Pagoda. The light expanded in the wind and bloomed like a flower. It covered a few acres and continued to spread.

Everyone was shocked and carefully guarded against it. However, they soon found that the light did not have any killing power. It just spread out endlessly.

After that, a solemn and pure Land appeared in front of him. The ground under his feet was no longer mud, but various roads made of gold bricks that extended in all directions. A Palace sat in front of him, slowly glowing.

is this a misty illusion?!

The hundreds of people were shocked and looked around vigilantly.

But what kind of illusion could be used under the eyes of hundreds of experts? no one felt that it was inappropriate.

...

this isn't an illusion. This is the true body of the metal monster. This is the interior of the heavy equipment tower!

Nanqiu Yu was overjoyed. She could not help but laugh when she saw the buildings around her.

“The interior of the heavy equipment tower?”

Everyone looked into the distance. This was not a tower, but a city, or rather, a Mountain Gate. It was extremely wide.

Yunxiao also opened his eyes from his meditation, and there was a look of joy on his face.

He had been to the Jade Book Pavilion before, and with a single look, he knew that this was definitely the interior of the heavy equipment tower.

Suddenly, a figure landed on the ground. Gu Qingqing leaned close to her ear and said, “Follow me later.”

Yunxiao nodded slightly.

The originally quiet crowd suddenly became restless. They flew towards the buildings in groups of three and five, and soon disappeared among them.

These people had all come out of the heavenly jewel Pavilion and had tasted the benefits. Once they saw that someone was moving, they immediately rushed in like crazy.

After saying goodbye to Yunxiao, Qu Hongyan, and the others, Nanqiu Yu also left.

...

Wan Yiqian didn't even greet anyone and rushed into the building immediately.

Soon, only a dozen or so people were left standing.

Yunxiao immediately sensed the tension in the air. Half of Xiao Hong's body was covered in blood, and it stood there coldly, staring at Di Jia not far away.

The two of them had long sensed each other. They looked at each other coldly and did not move.

The old man with the iron cane was the master of the realm of spiritual flowers, Ren Xifan. The Guardian and seal of the Holy region had been subdued by Di Jia. In the eyes of outsiders, Di Jia appeared as Ren Xifan's disciple, but in fact, he was her master.

Yunxiao was also shocked. If the two men fought and one of them was devoured by the other, they would be in big trouble.

"You two, it's not a good place to fight. Why don't we wait until we get out of Langya heaven?" he tried to mediate.

Now, apart from Di Jia, Ren Xifan, Xiao Hong, and Jing Qi, the only people left were Yunxiao's men.

"Heavenly lang ya?"

Di Jia sneered, his eyes flashing. He licked his lips and said, " how can I miss such an opportunity? " After leaving Langya heaven, who knew where she would escape to. Li Yunxiao, take your men and go in to search for the treasure. You don't have to get involved in this matter."

Di Jia's incarnation of the plain man, the demonic Qi in his body surged, and his face suddenly changed, returning to his evil appearance.

Ren xiqian also trembled and looked down nervously.

"I'll leave the dried corpse to you," di Jia said coldly.

"Yes, don't worry," Ren Xixi hurriedly replied.

Yunxiao gave Xiao Hong a look. Although half of his body was covered in blood, he still stood there coldly and proudly.

He said in a deep voice," di Jia, I'm sorry." I'm definitely going to take care of this matter."

"What?"

Di Jia was furious. li Yunxiao, how dare you meddle in my business? are you crazy?!

Xiao Hong was also a little surprised. She turned her head and revealed a puzzled expression, but she quickly understood.

Yunxiao smiled and said, " just now, the heavy equipment tower wanted to kill me. Xiao Hong blocked it for me. Now that you want to kill her, I'll have to return the favor."

Little red snorted and said, " don't worry about it. He can't kill me. I can also take back some of my power.

no! Yunxiao shook his head. you're injured. You're not his match. If I'm at my peak, I might be able to fight."

Di Jia's face was extremely gloomy, and he said coldly, "Do you know the consequences of doing this? you'll form a life-and-death feud with me!"

Yunxiao smiled. there are no eternal enemies in the world. Back then, I accidentally released you from Mount Meru, and I was kind to you. But, you chased me several times. That year on the North Sea, you also helped me and had a pleasant conversation in the dingtian city. You can be considered to have turned from an enemy into a friend. Are you going to make enemies again today?"

Di Jia was furious that he could not seize such a good opportunity. He glanced around and found that the rest of the people were all Yunxiao's helpers. The strength of Yi, Gu Qingqing, and qu Hongyan alone was unpredictable. If they got involved, he would have no chance at all.

alright, I'll let her off this time on your account. But after leaving Langya heaven, you can't interfere in our Affairs!

People had to lower their heads when they were under the eaves.

Di Jia had no choice but to swallow the insult and point at Yunxiao angrily.

Chapter 1950-Phoenix nest

Yunxiao did not give a definite answer. He smiled and said, "Let's talk about the future in the future. Fighting now is not beneficial to anyone. If we destroy this tower, it will definitely anger the masses and no one will have a good ending. Why don't we focus on what's happening now and see what's going on in the eternal world?"

Di Jia was only interested in the eternal world. Now that he had met Xiao Hong, he didn't have the time to think about this. He snorted angrily and flew into the heavy weapon tower with Ren ximo.

Qu Hongyan, Gu Qingqing, and the others didn't know di Jia's identity, so they were all shocked when they heard the news.

Xiao Hong's face was also gloomy. Looking in the direction where di Jia disappeared, she said, "He has already obtained the power of the last clone."

don't worry," Yunxiao said. I won't let him devour you.

Xiao Hong was stunned for a moment and seemed to be touched. However, her face immediately darkened and she sneered, "I know what you're thinking, but you're not going to help me devour him, right?"

Yunxiao smiled and looked at Xiao Hong. you two are born from the same body. Can't we be friends happily? "Why do we have to harm each other?"

"You!"

shut up! Xiao Hong shouted angrily and left, as if she did not want to see Yunxiao again.

Gu Qing Qing blinked and laughed, "Hehe, interesting. Let's go, my little lover."

The rest of the people had already entered the building complex and disappeared.

The inside seemed to be even wider and larger than what he could see. Everywhere was glittering with golden light, and there was a cold metallic aura. Once he entered, he felt a chill.

Gu Qing Qing led the way alone, and soon they came to a large hall. She looked around and said, "This should be the place."

The hall was cold and quiet. It was not much different from the surrounding buildings, except that it was slightly larger. There was a spacious open space in front of the hall, paved with silver metal.

is the best Mystic artifact in this Hall? "Yunxiao asked. is it true that the best Mystic artifact is in this Hall? "

Everyone's faces were filled with joy and anticipation.

Gu Qing Qing laughed. haha, you're thinking too much. There are no Xuan artifacts in this Hall.

"What? Then why did you bring us here?"

Yunxiao was taken aback and did not know what was going on.

Gu Qing Qing smiled and said, "although there are no profound level weapons here, it is one of the most important places in the entire heavy equipment tower. The restriction inside is the key to opening the eternal world." As for the profound level weapon, bi 'an, you have the divine realm tablet in your hand. What other profound level weapon in the world is worthy of your eyes?"

"You can't say that."

what? " Yunxiao was displeased. I've come to Langya heaven after all this trouble, just to get some benefits.

Gu Qingqing laughed, "you'll get some benefits."

She walked straight up and touched the door with her hand. There were 81 copper nails on it, as if she was looking for something.

Finally, he grabbed one of the copper nails and pressed it down.

"Rumble!"

The door rumbled and trembled continuously. The 81 copper nails also trembled and flashed with light, forming various patterns.

Gu Qingqing watched with a smile, as if she had everything planned out.

Suddenly, her smile froze. She was stunned when she saw the runes formed by the copper nails. Then, she cried out in alarm, "not good!" and fled.

However, the seal on the door flashed and immediately shot out a ray of golden light, which slashed at her body.

Gu Qingqing was shocked and angry. She found that she was locked on by the golden light and had no way to escape. She immediately turned around and hit it with her palm.

"Bang!"

The golden light pierced through her palm force, and a bloody hole appeared on the back of her hand. She fell from the sky.

He staggered a few steps before he managed to stabilize his body. However, he could not care less about the injury on his hand. He looked at the iron door in shock, his eyes filled with doubt.

Yunxiao also knew that something unexpected must have happened, so he asked, "What's going on?"

Gu Qingqing was stunned for a while, then looked at her palm. Although it had been pierced, it was a small injury. Fortunately, she reacted in time and escaped in an instant, giving her time to channel her power and strike.

If his reaction had been any slower, his body would have been destroyed.

Originally, she did not care much about this body. If it was destroyed, so be it. But now, this body was directly related to her relationship with Yunxiao, and even with Shenxiao Palace, so she had to be careful.

After treating the wound on her palm, she said, "I also want to know what's going on,"

Hmph! Yunxiao snorted and said, " you came out of the realm of everlasting life? " What's the situation inside?"

Qu Hongyan and the others immediately perked up their ears to listen. After all, the eternal world was a great secret and had been very mysterious for generations. Few people knew about it, and there were only rumors that it was related to entering the godly state.

Gu Qing Qing thought for a while, and seemed to be hesitating whether to say it or not. After some thought, she said, " It's not as amazing as the rumors say. It's just a sealed space."

since it's an enclosed space, " Yunxiao continued, " how did you get out? " Can one really become a God inside?"

Gu Qing Qing looked at him and sighed, " I guess becoming a god is true, but I can't leave the eternal world. Otherwise, the power of the godly state will disappear immediately. After all, the outside world can't sense the rules of the ten directions, so it's hard to continue.

"Difficult to continue?"

Yunxiao frowned. Although there were no rules of ten directions in the outside world, after stepping into the true immortal realm, the spiritual energy in his body could run freely and grow without end, and he could directly absorb spirit Qi and primordial energy to replenish himself.

"You've really become a God, haven't you?" Gu Qing Qing looked at him and smiled bitterly.

Yunxiao nodded without denying it.

The referee, bu Zi, and the other two were taken aback. Although they had some speculations, they could not help but cry out in surprise when they saw Yunxiao admit it.

Gu Qingqing was the same. Her face turned pale, and her eyes were filled with complicated emotions.

“Could it be that the sealed demon land has been opened?” she muttered to herself for a long time.

Without changing his expression, Yunxiao asked tentatively, “You also know about the devil sealing grounds?”

“Hmph!”

Gu Qing Qing snorted unhappily, “If even you know about it, how can I not know? The two clones of the demon monarch were here just now, and with the heavenly Dao’s numinous change, it’s not surprising that mo PU came into being.”

...

then why are you so surprised when I became an immortal?” Yunxiao laughed.

Gu Qing Qing glared at him and snorted, “I’m just depressed. However, since the way of heaven has changed, and according to that person’s speculation, the rules of the ten directions will return to the realm of heaven martial arts, it’s not surprising that anyone can become a God.”

“Who is that person?”

Yunxiao was taken aback, and he could not help but ask, ‘someone can actually deduce it?’

“Hehe, I’m going to take you to see that person now. This is the benefit I told you about.”

Gu Qingqing laughed and deliberately kept him in suspense.

Yunxiao pondered for a moment and said, ‘does that mean that the man is also in the realm of everlasting life? You haven’t answered me. Since the eternal world is sealed, how did you enter and come out? Also, what did you mean when you said that you’ve become a God?’

Gu Qingqing replied, "I can answer all three of your questions." First, the man was indeed in the eternal world. second, I also entered through the Jade Book Pavilion back then, but if my main body leaves, I will be affected by the heavenly martial arts realm. My body can't bear it, and I will age rapidly. It's even possible that I will die. Thus, I had no choice but to use a wisp of my divine soul to enter this little girl's body."

She gave Yunxiao a strange look and said, "The descendant of the ye family in your divine realm tablet was also possessed by ye Nantian's divine soul, right?"

Yunxiao was slightly surprised. He had guessed it long ago, but he did not expect Gu Qingqing to have discovered it as well.

Gu Qing Qing continued, "as for becoming a god in the eternal world, we have to start from the structure of the eternal world." The entire heaven of Langya is actually the nest of the ancient Heavenly Phoenix."

...

Everyone was shocked, but they did not show much of an expression. Only feini could not help but feel a little excited, as if she could feel her blood becoming warm.

Gu Qingqing had already seen through the power of her bloodline, so she couldn't help but look at Fei Ni a few more times before continuing, "the eternal world is located in the nest of the heavenly Phoenix. The most precious feather of the heavenly Phoenix contains most of the heavenly Phoenix's power to create a world of its own. It allows the people inside to enter the immortal state and maintain their lives and bodies with all kinds of great divine powers.

"I see."

your so-called power of the immortal state must be maintained by the power of the heavenly Phoenix," Yunxiao said. that's why it's difficult to leave.

Gu Qing Qing nodded, "that's right. This is also a way for the peerless experts to survive after the disappearance of the ten rules. However, over the years, although the eternal world was completely

closed by the power of the four spirits seal, the weakening of the heavenly Phoenix Power was difficult to stop. It's a good thing that we've been waiting for the day when the ten rules of the world will return."

Her body trembled unnoticeably. After all, it had been so many years, and it was hard to describe her current mood with excitement.

how many people are there in the eternal world?" Yunxiao asked thoughtfully.

Gu Qing Qing thought for a moment and shook her head. I don't know either. The space inside isn't big, but it's not small either. Everyone has their own domain and rarely communicates with others. Speaking of which, the inside was filled with a deathly aura. Because of the passage of a long time, the only way to maintain one's life was to sleep. Even my original body is sleeping inside."

Yunxiao remembered bei Jinghong. He did not know what had happened to him after he was taken into the divine realm tablet by lingmu di.

Although he could sense everything inside the monument as long as he wanted to, he had to respect the territory that the lingmu flute had marked out and had never peeked into it.

"Can I understand it as saying that once the eternal world is opened, there will be a large number of people who have passed away?" feini could not help but ask.

Gu Qing Qing giggled and blinked her eyes playfully, " "Do I count?"

Yunxiao glared at her and said, " "Granny, what do you think?"
