

The Eternal 1951

Chapter 1951-unforeseen event

“Go to hell!”

Gu Qingqing flew into a rage and threw a palm at Yunxiao, shattering his afterimage with a loud bang.

Yunxiao’s real body appeared a hundred feet away as he said with a frown, “What’s wrong with you?”

Gu Qingqing scowled and scolded, “You still dare to say I’m crazy!”

Fei Ni quickly flew between the two of them and tried to smooth things over, “it’s all because my husband doesn’t know how to talk. Lady Gu Qing Qing is eternal and young.

“Hmph, this little girl is the most sensible.”

Only then did Gu Qing Qing’s anger subside, and she said, “I will never grow old!”

Yunxiao was speechless, thinking that this old woman was really terrifying. It seemed that he had to be careful with his words, so as not to touch any of her nerves and damage her body.

In order to ease the atmosphere, feini walked up to Gu Qingqing with a smile and held her arm, “Lady Gu Qing Qing, is it possible to extract the power of the celestial Phoenix from the eternal world?”

Gu Qingqing seemed to have felt the heavenly Phoenix bloodline in feini’s body and was a little surprised. “I should be able to. The bloodline of the heavenly Phoenix is extremely rare, and it’s one in ten thousand to be able to reach your level. With the power of the celestial Phoenix in the eternal world, you might be able to complete the nine transformation body. Even if you’re not as powerful as the ancient celestial Phoenix, you’ll be almost immortal.”

immortal? ” Yunxiao snapped. immortal? ” The true ancient celestial Phoenix has already disappeared, so how can it be undying?”

Gu Qingqing was furious. boy, you're deliberately picking a fight with me! she said.

Yunxiao frowned and said, " my Lord, you've misunderstood me. I'm telling the truth. Why did the ancient true spirit clan suddenly disappear? even powerful existences like the true dragon and Heavenly Phoenix have disappeared. I wonder if there are any opinions from the seniors in the eternal world?"

Even Ling mudi had no answer to this question. It was indeed a great mystery in the realm of heavenly martial arts.

Gu Qingqing pondered. this is indeed strange. I've asked that person before, and he seems to know something, but he's pretending not to know. If you see that person later, you can ask him yourself.

who is that man? " Yunxiao asked curiously. who is he? " If even Gu Qing Qing can't get the answer, how can I?"

Gu Qing Qing looked at him and suddenly smiled, " you can, because you're the master of the divine realm tablet, Qianqian!

Yunxiao fell silent. The divine realm tablet seemed to have a great relationship with him, and he was becoming more and more aware that it was not as simple as it seemed. After a moment of silence, he asked, " "Since that person is so powerful, does he have any judgment of the current situation?"

Gu Qing Qing said again,"I'm not sure if he knows about the future." But even if he does, you are the only one who is willing to tell him. That is why I want to take you to see him. I am also very interested in many things."

Fei Ni laughed. I'd like to know too. Lady Gu Qing Qing, please open the door. Don't waste any more time.

Gu Qingqing nodded, then turned her eyes back to the hall, staring at the 81 copper nails and thinking.

After the change, the 81 copper nails returned to their original state as if nothing had happened.

I think this Hall is a little strange, ” mo said. if we can’t do it, we’ll break it down by force.

Gu Qingqing quickly said,”no, I’m afraid I’ll break the restrictions inside and cause unpredictable results.” I’ll try again.”

This time, she was more careful and no longer had the confidence she had before. Instead, from a distance of more than ten Zhang, she sent all kinds of incantations into the copper Door.

The eighty-one copper nails glowed with light again, just like before. They formed a spell and shot out.

“How could it be like this!”

Gu Qingqing was shocked. Fortunately, she was prepared. She took out a sword and slashed at the golden light. With a bang, the golden light was destroyed, but the sword also trembled, and her arm went numb.

I don’t think this restrictive barrier is simple, ” Yunxiao said seriously. do you really remember the way to break it? ” Unless we can find the only way, we can’t open it. ”

nonsense. The person who created this heavy equipment tower told me the method to break the restrictions. How can I be wrong? ”

Gu Qingqing snorted with displeasure. She looked confident, but her eyes drooped, as if she was also very confused.

that’s strange, ” Yunxiao said noncommittally. it’s strange.

Gu Qing Qing flicked her sleeves and snorted. let’s go. Let’s go to another place. We’ll find the person who made it.

“What? the person who made the heavy equipment tower?”

Everyone was stunned and somewhat dazed.

Yunxiao also touched his forehead and said, "That person is still in the tower?"

"Of course he's here," Gu Qingqing snorted. After he finished speaking, he turned into a ray of light and flew up.

The others didn't dare to stay any longer and hurriedly followed her.

A moment later, they landed in front of a tower-shaped building. The tower only had three floors and was very low. It was not conspicuous in this group of buildings.

Gu Qingqing kicked open the door of the tower with the others and strode in. Inside was the hall on the first floor, which was very spacious.

However, everyone froze in an instant and suddenly became vigilant.

There were five corpses lying in the hall, blood still flowing out. They had obviously died not long ago.

"It's a Saint!"

Yunxiao said in a deep voice. He would never forget the two to three hundred people who had just appeared. These five people were the powerhouses of the Holy region, each with a weapon stuck in their bodies and had died miserably.

Gu Qingqing was shocked, "how could this be? did he kill Jian Jia?"

Yi walked forward and grabbed a long spear. He pulled it out from one of the dead men. The spear was shining with a golden light, but it was still dripping with blood.

“This spear isn’t bad, I just happen to be lacking a handy weapon.”

Yi wiped the blood off the spear and clenched his fingers. Blood burst out of the five dead men and spun in the air, forming five cherry-sized beads. He then swallowed them.

hehe, recycling. The taste is not bad.

He even licked his Scarlet tongue in satisfaction.

Feini and the other women felt nauseated and disgusted.

Yunxiao walked forward and began to observe carefully. On both sides of the hall were weapon racks, on which were all kinds of profound armaments. At a glance, they were all ninth-tier quality, and they looked very sharp.

The weapons on the bodies of the few people on the ground were obviously taken from the weapons rack.

“Hu Chi!”

...

Suddenly, a spear light flashed in the air, and the judge thrust the spear at Yunxiao’s back without any struggle!

“Swish!”

The spear hit him in the back, but it turned into Thunder in an instant, and the whole spear was immediately covered with flowing lightning and crackling lightning.

“What are you doing?”

The rest of the people exclaimed and rushed forward to surround the judge.

The referee's face was filled with confusion as he said awkwardly, "I'm Yingying!"

The spear suddenly bent on its own, and the extremely hard metal material suddenly became soft. The tip of the spear suddenly turned around and thrust at Yunxiao again.

"Pa!"

Yunxiao's arm glowed with a golden light as he grabbed the spearhead and shouted, "Everyone, be careful. There's something wrong with these weapons!"

As soon as he said that, the weapons on the four corpses flew up one after another, including sabers and swords. Without any warning, they suddenly slashed at Yunxiao.

"What a joke!"

...

Yunxiao put two fingers together and thrust them out like a sword, hitting the four weapons and knocking them away.

Then, he leaped forward and pierced the spear out of his body. He turned around and struck the spear with his palm, sending it flying out of Mo's hands.

A series of clanking sounds came from within the main hall. The two rows of weapon racks began to tremble and the dozens of ninth tier profound armaments on them began to activate, releasing a powerful weapon accumulation that fluctuated within the hall.

Qu Hongyan immediately covered Yunxiao's side and said with concern, "Feiyang, are you alright?"

I'm fine. Yunxiao shook his head. I'm fine.

He was also a little speechless in his heart. Ever since he had used the cool and unparalleled ancient mayfly ball, his origin power had been greatly weakened, and he had been seriously injured by the heavy equipment tower's surprise attack. Then, he had been ambushed by Yin Hui, and just now, he had been shot.

The internal injuries that she had managed to recover from with great difficulty had been torn open again. She was like a sick cat. Although they were not fatal, they could not be healed.

Gu Qing Qing exclaimed, " "Old mu Xing, what the hell are you doing? come out!"

The sound was very sharp, and it penetrated the sound of metal and went up.

But there was no response, only the clattering of the weapons on both sides and the light of the weapons. The entire Hall immediately became filled with killing intent.

"Mu Xing?"

Yunxiao was taken aback. As if he had thought of something, he cried out in surprise, " "Could it be the MU clan?"

Gu Qingqing was shocked and angry. She cursed a few more times, but there seemed to be no response. Meanwhile, the weapons on both sides had already been drawn, turning into a stream of light and flying over.

damn it! Everyone, be careful!

Gu Qingqing was furious, and she repeatedly struck out with her palms, using her gang Qi to knock away the weapons.

Qu Hongyan slashed out with her purple firmament sword, which immediately turned into a sword energy that covered Yunxiao and herself, making it impossible for any weapon to hurt them.

The rest of the people also performed all kinds of void end to protect themselves from the countless saber lights and sword shadows.

The entire Hall was filled with dazzling light and the sound of metal clashing. The rhythm of the profound level weapon turned into a tangible sound wave, rippling like spring water, airtight.

lady Gu Qingqing, how is it? ” Fei Ni was shocked. these profound level weapons can't be killed. How are we going to fight them? ”

Gu Qing Qing was also upset, ” how would I know? the best way is to charge forward and drag mu Xing out to beat him to death!

Her eyes were filled with resentment, but she was also a little worried. It seemed that the situation was not right.

Suddenly, a white light rose in the middle of the crowd. Yunxiao threw out the divine realm tablet, and countless streams of light swirled around it.

The great realm divine technique turned into a chapter of Maha ancient characters, which flickered around the Jade tablet, and a vast weapon essence spread out.

Gu Qingqing's pupils shrank, and she was horrified. It was also her first time seeing the power of the divine realm tablet, and the sense of sacredness was admirable.

The weapons that were flying in the sky suddenly stopped moving, as if they had been fixed in place. They had completely lost their sharpness and were quietly suspended in the air.

Everyone knew that this was the pressure of a profound level weapon. Those ninth-tier profound level weapons had been shocked by the hidden power of the divine realm tablet.

In the hall, the golden blade lights and sword shadows mixed with the colorful stele inscriptions. Yunxiao performed an incantation gesture with both hands and slammed them on the divine realm tablet. Immediately, a suction force gushed out.

Chapter 1952 Mu Xing

Those ninth-tier Mystic artifacts all trembled, as if they wanted to break through the air and escape, but they could not control themselves. They lost their resistance in the light of the divine realm tablet and flew into the tablet.

“Wow, my husband is the best!”

Feini clapped her hands and jumped up, she said in joy, “so many ninth tier profound armaments, and the quality is extremely high. I’ve struck it rich!”

“Junior, you’re dreaming if you think you can steal my blood, sweat, and tears that I spent half my life refining!”

Suddenly, there was a loud shout. A golden light flashed on the dome, and a golden puppet appeared. It flew and struck down with its palm!

The Golden puppet’s form was somewhat similar to the strange metal man that the heavy equipment tower had transformed into, but it was smaller and more agile.

“Mu Xing!”

Gu Qingqing was furious. As soon as she saw the Golden puppet, she couldn’t hold back her anger. She flew up at the same time, her hands constantly changing seals in the air, and attacked!

“Bang!”

The two’s palms collided, and both were shaken off. Gu Qingqing was at a disadvantage, and immediately spat out blood. After landing, she couldn’t stand still, and even after taking a few steps back, she still fell to the ground.

After the attack, the metal puppet grabbed the saber that was spinning beside it and slashed down.

Qu Hongyan's face turned cold. The Purple Cloud sword soared into the sky and blocked the saber Light. At the same time, three figures appeared and stabbed from both sides.

"Bang! Bang!"

The metal puppet was more human-like than the heavy weapon tower. It hurriedly retreated and waved its saber to block the sword Qi.

At this moment, the weapons around them had completely lost their resistance and were all taken into the divine realm tablet. The hall became quiet all of a sudden.

Gu Qing Qing glared at the puppet and cursed, "Mu Xing, you're crazy!"

The puppet's face was extremely gloomy. He was the only weapon left in his hand, and it was suppressed by the divine realm tablet, so it almost lost its spirituality. you've wasted half of my life's effort and you still say I'm crazy? I'll kill you all!

He raised his hand and roared, his body shaking a few times.

Soon after, the entire Pagoda began to tremble. Rays of formation light emerged and surged from all directions, shooting towards the center.

Gu Qingqing was furious, "everyone, let's beat him up!" You don't have to give me face!"

Everyone started to attack in all directions. Spiritual pressure emerged and blocked the power of the entire Pagoda. No matter how hard mu Xing tried, he could not do anything.

"Hmph, just you wait and see!"

Mu Xing was extremely depressed as he turned into a ray of golden light and left the hall.

“It’s not easy to meet a living person, it’s a pity to leave, stay!”

A cold gleam flickered in Yunxiao’s eyes as he raised his hand and smashed it into the Great Hall outside the Tusita heavenly peak.

“BOOM!”

The entire Hall trembled and instantly shattered, turning into countless golden lights. It wasn’t just the main hall on the first level. The entire small tower collapsed, turning into countless metal fragments that were sent flying in all directions.

“噫! What?”

As soon as mu Xing stepped out of the hall, he felt a powerful force coming from behind. It had a strong metallic aura. He never thought that the pagoda would be smashed to pieces.

When he turned around, he was completely shocked and stood on the spot, dumbfounded.

Gu Qingqing and the others surrounded him, cutting off his escape.

Yunxiao put away Dou Shuai heavenly peak and walked up to her. “You’re mu Xing?”

Mu Xing took a while to come back to his senses and said, “What kind of treasure did you use to destroy my Pagoda?”

now, I’m the knife and you’re the fish, ” Yunxiao said coldly. do you have the right to ask questions? ”

Mu Xing sized him up and laughed, "Haha, how arrogant! Did he think that just because he had the divine realm tablet, he was really the person chosen by it? How dare you speak to me in such a tone? childish!"

Gu Qing Qing was still angry, "let's give him a good beating first. The only reason he dares to be so arrogant is because a wisp of his soul has descended. Even if we destroy his body, it will be difficult to hurt his original body.

Gu Qingqing, "mu Xing scolded, "you're from the eternal world. How dare you bring an outsider to open the seal? are you trying to make everyone angry? "

"Public anger? Now that the heavenly Dao has changed, everyone can't wait to get out of the eternal world. You're the one who's going to anger everyone by sealing the passage by force, right?"

Gu Qingqing sneered.

"You sent me to guard this place back then, but you didn't say that I can let anyone in now!" Mu Xing snorted.

Gu Qing Qing was impatient and scolded, "I don't want to argue with you. Quickly come with me to open the restriction!"

"In your dreams!"

Mu Xing crossed his arms in front of his chest. Although he could not defeat these people in front of him, they could not do anything to him either, so he shamelessly stood still.

Qu Hongyan said, "Feiyang, although this person has landed on the body of a puppet and is difficult to destroy, your cauldron of mountain and river is also a Saint artifact. If you refine him, his soul will be destroyed and his body will be injured, right? "

"What? The cauldron of mountain and river!"

Mu Xing's entire body trembled, and his eyes almost popped out. the cauldron of mountain and river is in your hands?!

I subdued the Xin kuili flame when I was in the Emperor pill tower," Yunxiao said. I've almost refined it. I'll use this puppet to test the power of the cauldron of mountain and river and the alchemy fire.

A streak of white light flew out from his palm, and the cauldron of mountain and river appeared. There were all kinds of patterns dancing on it, and there was a faint red glow that was like a fire Dragon spitting its tongue.

"The cauldron of mountain and river! The xinkui li flame!"

Mu Xing cried out in fear, he was finally afraid. He shot up into the sky and was about to escape.

However, things did not go as he wished. Gu Qingqing and qu Hongyan attacked at the same time from the left and right, causing him to fall to the ground and create a pit in the hard ground.

"Stop!"

Mu Xing was frightened when he saw the cauldron of mountain and river flying over with Xin kuili's flames. He said hurriedly, stop! Let's talk this out. I was in the wrong earlier and offended everyone. I'll admit my mistake and apologize!

"Hehe, this puppet is quite smart," Fei Ni could not help but laugh.

...

Yunxiao did not know whether to laugh or cry. He stopped the cauldron of mountain and river and let it fly back into his hand, then said, "It's not easy for Mr. Mu Xing to survive until now. You're indeed wise to take advantage of the situation."

Mu Xing was embarrassed and angry. She snorted and did not say anything.

don't act all high and mighty in front of me," Gu Qingqing said coldly. otherwise, even if Yunxiao doesn't kill you, I'll kill you! And I know where your real body is. Do you believe that I will go and cut off your head right now?"

Mu Xing's expression changed drastically. She was now a little afraid, and her unyielding spirit was gone. She became much more obedient.

let me ask you," Yunxiao said. are you a member of the MU family? "

"What are you saying?" mu Xing frowned. My surname is mu, so I'm naturally from the MU clan. Could it be that I'm from the Li clan and Zhang clan?"

Yunxiao thought for a moment. This mu Xing must also be an antique, and God knew what era he was from. Anyone who could survive until now could not be simple.

"I'm talking about a puppet clan that lives in seclusion on heavenspan Island," Yunxiao explained in detail.

"A puppet clan? heavenspan Island?"

Mu Xing's eyes were filled with confusion as she asked,"I've been in seclusion in the eternal world for tens of thousands of years. My family did specialize in puppet and weapon refinement. I wonder if it's the current mu clan. How's the current mu clan?" He still seemed to be very concerned.

there are people from the MU family who have entered the tower this time," Yunxiao said. do you know the puppet master, Mu Chen? "

...

"Mu Chen!"

Mu Xing screamed as if he had heard a ghost. His face twisted and his eyes were filled with ferocity. A violent aura and emotion spread throughout his body.

“Be careful!”

Slightly surprised, Qu Hongyan stood in front of Yunxiao with her sword.

Gu Qingqing and the others also used their divine senses to lock onto Mu Xing. If he made any movement, they would immediately attack and blow him up.

After a while, Mu Xing gradually restrained his emotions, but his face was still gloomy as he stared at Yunxiao. “Is Mu Chen still alive?”

“It has been tens of thousands of years and he hasn’t come to the eternal world. How is he going to live?”

Yunxiao was taken aback, very puzzled, but then he laughed.

“So Yingluo is dead?”

Mu Xing was slightly taken aback. She was stunned and found it very strange.

Yunxiao felt that his words were very awkward, so he thought for a moment and said, “He should, probably, probably, definitely be dead?”

“What are you talking about? If he’s dead, then he’s dead. If he’s not dead, then he’s not dead. Is he dead or not?!” Mu Xing retorted.

Yunxiao stroked his chin and said, “How do you want me to answer that? I’m not a member of the MU clan, so I don’t know much about it. However, most of the people from tens of thousands of years ago

are dead, unless they sealed themselves with great divine abilities and secret techniques like you. However, this is only my guess. If you want to know the specific details, the MU family's head is also in this heavy equipment tower. If you have the opportunity, you can ask him yourself."

"The head of the MU family?"

Mu Xing was taken aback, but immediately rejoiced,"Who is it? Quickly take me to him!"

Gu Qing Qing cursed. this tower is so big, and there are so many people. How do we know where he is?!

I do have a few disciples of the MU family in the divine realm tablet, " Yunxiao said. you can ask them.

The space between his eyebrows flashed, and the few disciples of the MU family who had been taken into the divine realm tablet immediately appeared. However, they all looked confused and did not know where they were.

One of them cupped his fists very politely and said, " young master Yunxiao, where is this place? where's our family head? "

Yunxiao waved his hand and pointed at mu Xing as he said, " "This man is your ancestor. He has something to ask you."

"W-what? A-ancestor bi an!"

Those few people were stunned, and the young man in the lead was immediately displeased. He said angrily, " young master Yunxiao has a good relationship with our Mu family, and he even has a good story with Junior Sister Wanshan. How can you tease us like this? "

"A good story?"

Qu Hongyan's eyes flickered as she immediately looked at Yunxiao.

Yunxiao's forehead was covered in sweat as he said in a hurry, "What nonsense are you guys talking about? this person is really your ancestor."

The young man was instantly furious and cursed, "Enough! We respect your outstanding strength and the MU family has always been polite to you. Who would have known that you, Yingluo, are your ancestor!"

Finally, they could not help but swear. Several disciples of the MU family immediately took out their weapons and stood on guard, fearing that Yunxiao would attack them in a fit of anger.

"Hahaha!"

Mu Xing laughed out loud and was very happy."It seems that my descendants have a backbone. Haha, but this kid is right, this old man is indeed your ancestor!"

Chapter 1953 Puppet master

"I'm your ancestor!"

The disciples of the MU family were furious again. They glared at mu Xing and drew their swords, ready to fight with their lives.

Mu Xing was stunned for a moment, and the smile on her face gradually froze. She snorted and said, "it seems that if I don't teach you a lesson, you won't know the immensity of heaven and earth. How dare you yell at this ancestor!"

His figure flickered and he immediately made his move.

Following that, a few screams could be heard. The disciples of the MU family were all lying on the ground, their bones and tendons dislocated, wailing in pain.

"What a waste of strength!"

Mu Xing was extremely displeased and rebuked, "Is the MU family now full of such a bunch of trash?"

not exactly," Yunxiao said. many powerful young disciples of the MU family have also come in. But, the random teleportation in Langya heaven is too chaotic, so they probably didn't manage to gather together.

Mu Xing's face looked a bit better, but it didn't seem like she was done. She continued to kick the disciples a few more times before slowly revealing her identity.

The disciples of the MU family were dumbfounded when they heard that. But when they looked at Yunxiao and the others, they realized that they would never lie to them like that. Only then did they believe him. They hurriedly knelt on the ground and called him 'ancestor'.

"Let me ask you, is the perfected puppet Mu Chen dead?" mu Xing snorted.

"Ah?"

The disciples were all stunned and looked at each other. The leader of the disciples said respectfully, "perfected Mu Chen was the most powerful puppeteer in the MU family's history. He was a figure from tens of thousands of years ago and has long passed away.

"Are you sure?" mu Xing asked with a frown.

The disciple was stunned again and said awkwardly, "of course I'm sure. How can a person from tens of thousands of years ago still be alive?"

Mu Xing was very dissatisfied with Yunxiao's answer, which was almost the same as his. "I've lived for tens of thousands of years, how can I still be alive? That Mu Chen's divine power is not inferior to mine, so why are you so sure that he's dead?"

"This bi an ..."

The few disciples were stunned on the spot. They felt a little dizzy and could not answer.

How could they know if Mu Chen was really dead? of course, they could only make a guess based on common sense.

don't worry, Sir, " Yunxiao said. the master of the MU family is also in the tower. He must have some clues.

"I hope so, but it's hard to say." Mu Xing sighed. For example, the current master doesn't know that I'm still alive!"

why do you care so much about Mu Chen's life and death? " Yunxiao asked curiously. do you have an affair with him? "

"Pfft!"

Even though mu Xing was in a puppet form, he spat out a mouthful of blood and roared, " "You're the f*cking one with him! He is this old man's blood brother, and also this old man's mortal enemy!"

"Ah?"

The disciples of the MU clan were completely dumbfounded. The person in front of them was actually the younger brother of the strongest puppeteer in the history of the MU clan, the perfected puppet Mu Chen?

Yunxiao was also stunned for a moment. He could not help but look at mu Xing a few more times, but the latter was just a puppet, so he could not see anything. Mu Chen is your brother? " he asked.

"What's the matter? is there a problem?" mu Xing snorted.

no problem, " Yunxiao shook his head. that's even better.

“Better?”

Before mu Xing could react, he saw Yunxiao take out the divine realm tablet and shout, “Follow me!”

Yunxiao stepped forward, grabbed mu Xing, and flew into the divine realm tablet. Mu Xing had wanted to resist, but there were too many experts, and he would be courting death if he resisted. Besides, he also wanted to see the divine realm tablet, so he immediately flew in.

Mu Xing looked left and right, but he could not see anything. He was displeased and said, “It’s said that the divine realm tablet not only has its own world, but it also involves the realm power of the heavenly martial realm. Why is there nothing here?”

“the realm power of the heavenly martial realm?” Yunxiao frowned. “It’s connected to the realm power of the heavenly martial realm?” “Where does this come from?”

“You don’t know?” mu Xing was stunned. Then, he sneered and said, “It’s no wonder. You’ve only obtained the divine realm tablet, but you’re not the real owner of it.”

Looking at Yunxiao’s unkind face, mu Xing’s heart jolted and he felt an inexplicable fear. “There’s no harm in telling you. This divine realm tablet is a heavenly Saint tool, a Supreme Saint tool that has existed since the birth of the heavenly martial realm. It is inextricably linked to this realm.”

Yunxiao already knew about these things, so he did not bother to ask when he saw nothing new. “Do you know that the MU clan has three great puppet abilities?”

“My mu clan’s puppet divine arts are like the stars in the vast Milky Way. There are countless of them. There are more than three of them,” mu Xingyan laughed.

Yunxiao was taken aback. It seemed that the MU family’s arrogance had been around since ancient times. Too lazy to respond, he continued, “The first is to cast beans into soldiers.”

“Magic beans for soldiers?”

Mu Xing frowned and said, "it's very difficult to cultivate this divine power. It requires a certain amount of talent and luck. Not everyone can succeed."

Yunxiao nodded with an appreciative look on his face. It seemed that mu Xing was indeed capable.

In the entire mu clan, only mu Yitong had learned this Divine Art, and when he used it, it was extremely majestic.

"The second is the twelve divine beings killing formation, have you heard of it?" he continued.

Mu Xing's face flickered, and two sharp beams of light shot out of his eyes as he stared at Yunxiao and said, "Have you ever seen the twelve divine beings killing formation?"

don't look at me like that," Yunxiao said. don't forget that I'm the knife and you're the fish. You don't seem to understand the situation. If you continue to offend me, the cauldron of mountain and river and the Xin kuili flames will be waiting for you to taste them."

Mu Xing almost fainted from anger, but she did not dare to be too presumptuous and replied honestly, "Of course I know, because the person who refined the twelve divine beings killing formation into a heart refined puppet was me."

"What?"

This time, it was Yunxiao's turn to be completely stunned. He stared at him in a daze, and it took him a long time to come back to his senses."Don't lie to me, I didn't study much."

"How can I lie to you?" mu Xing snorted. Did you see the twelve puppets that formed six ding and six Jia?"

Yunxiao finally believed him. He was overjoyed, and his attitude became humble as he cupped his fists and said, "I was being rude before, but Lord mu Xing's puppetry is unparalleled and has truly awed the world!"

“Hehe.”

Mu Xing couldn't help but grin when she heard someone praise him like that. However, she soon frowned and seemed unhappy as if she had thought of something.

When Yunxiao saw his look, he asked curiously, “Has Daren thought of something?”

...

Mu Xing waved her hand and said impatiently, “It's fine. Continue. Didn't he say that he had three puppet divine abilities? What's the other thing?”

Yunxiao shook his head. I don't know about the last one. It is said that only the heads of the MU family know about it.

“I see. It's so mysterious. It seems that it's more powerful than magic Arsenal and the twelve divine beings killing formation. But that's not right, Yingluo.”

Mu Xing pondered for a moment and said, “Back then, my twelve divine beings killing formation wasn't completed, but its power was already earth-shattering. It's really hard to imagine what can surpass it. That's one of the three great ominous formations from the ancient times. If it's integrated into a formation, it can make the ominous formation reappear in the sky. It's truly invincible.”

“What? it's not done?”

Yunxiao felt a little dizzy, and he said gloomily, “How can Milord be so irresponsible? Isn't it harming the future generations by passing down the semi-finished product?”

“You think I don't want to?” mu Xing glared at him. ‘If I can completely merge the twelve divine beings killing formation into the heart-refined puppet, my achievements will be above Mu Chen's, and I won't be suppressed by him for the rest of my life! It was too difficult! I want to pluck the stars from the sky, but I need to have the ability to do so!’

Yunxiao was rendered speechless by his words, and he said helplessly, " "Alright, so be it. Even if it's incomplete, it'll be fine. The six ding and six Jia are with me, and there are still many key parts that I don't understand. I hope that Daren will not be stingy with your guidance."

you have the six ding and six Jia on you?!

Mu Xing was shocked, then he muttered to himself, " "Such a coincidence, could it be that there is really a mayfly in this world?"

With a thought from Yunxiao, six ding and six Jia flew out and landed around mu Xing, turning into the size of an ordinary person. They had come out of the stone one after another, their faces handsome.

...

"As expected!"

Mu Xing was overcome with emotion as he looked at the puppets with tender affection. He could not help but reach out to hug one of them as tears streamed down his face.

Yunxiao coughed twice and said, " please don't be sad, my Lord. It's a rare opportunity for me to meet the puppet master. I'm very lucky. I hope you can teach me.

Mu Xing sighed with emotion for a while before saying, "If there's anything you don't understand, just ask. I can be considered to be fated with you. Since you've obtained the six ding and six Jia, I'll teach you all the secrets of the formation. I don't know if I'll have the chance to complete it in my life. Unfortunately, even after tens of thousands of years, my body is still sealed in the eternal world and hasn't made any progress."

"Milord is too modest. My Lord, be careful, I'm going to make my move."

Yunxiao immediately threw out twelve incantation seals, which immediately split into twelve and fell on the puppets. Four of them suddenly transformed into huge forms and were fully revealed, with a monstrous aura.

Not only did his aura change, but even his appearance had changed from gentle to ferocious.

Mu Xing's heart skipped a beat as he suddenly shouted, "Hold on!"

He looked at the four spirit puppets in shock, his eyes flashing with extreme horror, as if he had seen something extremely incredible.

Yunxiao performed an incantation gesture in front of him and said with a frown, "What's wrong?"

Mu Xing rubbed her eyes and looked at the four puppets again. Only then was she convinced, "These six ding and six Jia have been tampered with. They've been modified from the foundation of my original version!"

"Oh, there's such a thing?"

Yunxiao was taken aback, and he found it strange as well. Then, he performed an incantation gesture, and the four giant spiritual puppets returned to the size of ordinary human beings.

Mu Xing held those puppets and observed them carefully one by one. The shock and solemnity on her face grew deeper and deeper, and finally, she became dazed.

Yunxiao looked at his dazed look and asked in confusion, "Milord, what's going on?"

Chapter 1954 The Jade Book Pavilion

Mu Xing did not reply, but continued to circle around the six ding six Jia. After a long while, he said with a serious expression, "The heart refining technique of the six ding six Jia has been completed by someone."

The voice was extremely dejected, full of helplessness, and even a kind of despair.

Even though mu Xing was in a puppet form, it was obvious that he was dejected.

Yunxiao, on the other hand, was overjoyed. “Haha, isn’t it better to be completely refined by someone?”

Mu Xing looked up at him and said weakly, “Mu Chen was the one who repaired the Kasaya.”

“Eh?!”

Yunxiao was also an Alchemist, so he could easily understand the man’s disappointment. He patted the man on the shoulder and comforted him, “It’s been tens of thousands of years, any emotions should be gone. You’ve lived longer than him, so you win. At least you still have a chance to improve, but he doesn’t.”

Mu Xing was stunned for a moment. She felt that this was the case and her mood became slightly better.

Yunxiao looked at the twelve puppets, which exuded an ancient aura. They were majestic and lifelike, and he sighed with emotion.

“I was the one who created the foundation of the twelve divine beings killing formation. I’ll now teach you all the mental cultivation techniques, and you’ll know all the secrets of this formation,” mu Xing said, adjusting her emotions.

Yunxiao was taken aback and suddenly felt flattered, but mu Xing had already reached out a hand.

He hesitated for a moment before placing his palm on it as well. He immediately felt a wave of soul power slowly pressing on his palm. Information slowly flowed in. At first, it was like a trickle of water, then it was like a river surging, and finally, it was like a hundred rivers pouring into the sea. The huge heart refining technique and formation changed, turning into a sky full of memory runes, pouring into his mind.

Several hours later, their palms gradually separated.

Mu Xing looked extremely tired as well. She exhaled and said, "there's too much content. You can slowly digest it."

With a solemn look on his face, Yunxiao performed an incantation gesture with one hand in front of him, and a soul body immediately separated from him and sat down cross-legged to slowly digest the information.

His real body and mu Xing turned into a white light and flashed out of the divine realm tablet.

Both of them looked a little tired. Yunxiao had split his soul, while mu Xing had suffered a heavy blow and had consumed too much soul power, so he was extremely dejected.

Qu Hongyan saw his expression and thought that he had not gained anything, so she comforted him, "There's no rush. I'll slowly comprehend it in the future."

Yunxiao took her hand and said with a smile, "The capital Heaven divine Wraith formation was created by Mister mu Xing."

"Ah?"

The others did not understand what he meant, but qu Hongyan was taken aback. She looked at mu Xing with respect.

Gu Qingqing laughed. haha, that old man mu Xing is the creator of this tower. Although he's not the only one, he's in charge of the entire process. He's a really capable man.

Mu Xing heaved a long sigh and said, "I'll take you to open the restriction. To be honest, I'm also looking forward to it. After all, I've been here for too long, like a piece of rotten wood buried in dust, it's no longer interesting."

He took the lead and went to the hall.

At this moment, in Langya heaven, a million miles away from the heavy equipment tower.

A building with a warm luster was suspended in the void. It exuded a thick scholarly aura, giving people a sense of peace and tranquility.

There was a plaque hanging on the building with two large golden words on it: Jade Pavilion.

The green light on the Jade Pavilion spread out, illuminating everything within a ten-mile radius. From time to time, rays of light would fly over and land directly on the steps in front of the building, and then rush in with great joy.

Inside was a huge main hall, surrounded by flickering Jade slips. However, when one approached, the power of a barrier would fluctuate like water, shaking people away and making it impossible to obtain.

The Warriors who had just entered would try to grab the Jade slips, but none of them had failed. They could only step into the teleportation array in the center of the hall and disappear.

It was said that this teleportation array led to 108 different library spaces, and each person could obtain some inheritances according to their different opportunities.

Just outside the Jade Book Pavilion, within a few thousand feet, more than a dozen figures suddenly appeared. Their powerful auras twisted the flowing light of the Jade Book Pavilion, making it bend.

“We’ve finally arrived.”

One of the men looked at the Jade Book Pavilion. He didn’t have much expression, but he was extraordinarily handsome. It was Wei Qing.

Wei Wuya was also in the crowd, his eyes flashing with a sharp light as he looked at the Jade Book Pavilion, seemingly in deep thought.

The rest of the people were more or less happy. Some of them were even coming to Langya heaven for the first time, and they were all very curious about this place of Scriptures.

“Aren’t we going in to take a look?”

A young man couldn’t resist his curiosity and tried to look in with his divine sense and eyes, but he was blocked by a force and couldn’t see anything.

“Hehe, see? Look at your poor appearance, with these two Daren here, this Jade Book Pavilion will immediately be in our pocket. At that time, won’t it be up to us to see what we want? I really don’t understand how you’re qualified to be the city Lord with your IQ!”

One of the men beside the young man sneered. The man had his hands on his sword, and the foundation on his face made him look white and tender. He had a demonic aura as he called out in a strange voice.

Li Yi’s right, ” Wei Wuya said indifferently. don’t worry, Qingyun. This Jade Book Pavilion is all-encompassing and has a vast collection of books. There must be the secret manual of the divine skill that you want inside. The most important thing now is to subdue it.

The young man was the city Lord of Red Moon City, Luo Qingyun. He did not comment but said, ” “This Jade Book Pavilion has been said to have stood for several tens of thousands of years, but I’ve never heard of anyone being able to take it away. In the past tens of thousands of years, countless experts have appeared, and none of them are weaker than you or me. I don’t understand why you are so confident.”

Li Yi immediately rebuked,”Luo Qingyun, How dare you!” Since the two lords are so confident, then naturally they are extremely confident. How can you randomly question them!”

Luo Qingyun glanced at him contemptuously and sneered, ” “Isn’t it normal to doubt? If we don’t have absolute confidence, in my opinion, we should go in first and try our luck. After we come out, we’ll think of a way to subdue this Pavilion, so as not to end up with nothing.”

Li Yi sneered, 'for tens of thousands of years, how many people have been as wise and divine as the two of you, who have seen through everything? You're really thinking too much!'

Luo Qingyun was slightly angered by Li Yi's actions. She pointed at Li Yi and shouted, " "You shit-licking thing, get lost!"

"You coward!"

Li Yi was furious, and his emotions exploded. With a clang, he pulled out the sword in his hand and was about to slash.

stop! Wei Wuya shouted with a frown.

Suddenly, a wave of pressure spread out, intimidating Li Yi and making him unable to move.

Li Yi struggled for a while and said angrily, " my Lord! This person is a two-hearted person. He must be punished!

Wei Qing turned around and looked at the two of them coldly, " what are you quarreling about all day? a good Red Moon City is handed over to you, but it's getting worse and worse!

Li Yi scoffed. if it wasn't for him holding me back at every turn, Redmoon city would have long flourished. It would be even better than it was in the past.

after Langya heaven's matter is over, " Wei Qing said, " I can consider leaving Red Moon City to you to manage. But if you can't achieve the effect I want, I won't let you off.

...

When Li Yi heard this, he was both surprised and delighted. He quickly said, " "Many thanks, my Lord! With my ability, it's more than enough to control the red moon City!"

Luo Qingyun frowned slightly, but he did not show much emotion.

The men behind the two of them were shocked and exchanged glances with each other.

Wei Qing looked at Luo Qingyun and said, "I know your ambition is not in the city." This Jade Book Pavilion is indeed mysterious and unpredictable, but there are records in the Holy region. It was the depository of Scriptures of a large sect in the past, and it was forcefully moved to the heaven of Langya. The explanation is very detailed, and I have at least a sixty percent chance of taking it in."

"60%!"

Luo Qingyun pondered for a moment and didn't say anything.

A 60% chance of success was already extremely high, and it was a matter of great profit. Even if he couldn't subdue it, he wouldn't lose anything.

"But according to my observations, this Langya heaven is very likely to be the base of that sect, and the layout inside is not simple. But no matter what, after so many years, this Item No longer has an owner. Naturally, it will be taken by the capable."

He raised his hand, and several rays of light shot out. They stood three thousand meters away from the Jade Book Pavilion and turned into a large flag.

The flag rose in the wind and fluttered.

Soon, different patterns appeared on each flag, but they were all vivid birds and beasts that rolled with the strong wind as if they were attached to it.

...

Wei Wuya said, " this is the ten fearsome flags that were refined according to the records. Using this formation to suppress the Jade Book Pavilion is a feasible method that the senior who recorded it came

up with. Once it's used, there shouldn't be any problems. But for safety's sake, according to our previous arrangement, each of you will be responsible for one flag in case of any changes."

"Yes!"

The people behind him immediately spread out and ran towards the flags, each of them guarding one side.

Only Wei Wuya and his son, Luo Qingyun, Li Yi, and Nanfeng Xuan were left in the arena.

Nan fengxuan did not say a word from the beginning to the end. She stood quietly beside the few of them, wearing a small blue cotton-padded jacket, her face expressionless.

"Don't we need to wait for everyone inside to come out?" Luo Qingyun asked.

"Hmph!" Wei Qing snorted coldly, "where do we get so much time? Later, when suppressing the Jade Book Pavilion, they will naturally feel uncomfortable, so they will come out."

Luo Qingyun didn't say anything and just watched quietly.

Li Yi looked around and said, 'why isn't the divine control Martial Emperor here yet? could he have gotten lost?' This Langya heaven is indeed big enough. Why don't we stop waiting and make a move first?"

"We'll be more confident when he comes," said Wei Qing lightly. The beast can sense our auras, so it's impossible for us to get lost. Perhaps we encountered something on the way."

Suddenly, two rays of light flew over from the distance and two figures appeared above the flag of the ten fearsome. One was tall and the other was short, both of them exuding extremely powerful auras.

However, he was also shocked by the array in front of him. He looked down in shock, and then looked at the Jade Book Pavilion.

The tall man cupped his fists and asked, "May I ask what is this for?"

The two men were also extremely powerful, but when they saw Wei Wuya and the others, they both gasped in shock.

Chapter 1955-forbidden area

The short man's body suddenly trembled and he exclaimed, "You, you are Lord Wei Qing!"

The tall man also suddenly realized that the person in front of him looked very familiar, but he couldn't recall who it was. After being reminded, his mind suddenly cleared. The person in front of him was Wei Qing, the administrative Secretary of the Holy region!

"Greetings, Lord Wei Qing!"

The two of them bowed in unison and were extremely respectful.

"So it's Xiang Liang of the Xiang clan and mi Cheng of the ping Shui mansion. It's been a long time since I last saw you. I really miss you."

Wei Qing revealed the identity of the two, but his expression was indifferent, without any reminiscence.

The two of them knew that it was just a courtesy, so they hurriedly said, "We are the same, Lord Wei Qing is still as elegant as ever."

Wei Qing's eyes flashed as he recalled, "After the heaven and earth Power chart battle, the two of you disappeared. I think you've been cultivating in seclusion. Now that he has reappeared on the continent, his strength is indeed extraordinary."

"Sir, you're joking. You've embarrassed the two of us," the two of them hurriedly said modestly.

I see that you two are only one step away from divine transcendence, " Wei Qing said with a smile. it's very likely that you'll make a breakthrough in this trip to Langya heaven.

"Thank you for your kind words, my Lord."

The two of them were overjoyed. Being stuck at the peak of martial arts was the biggest knot in their hearts, and it was also their purpose in coming to Langya heaven.

The tall man was Xiang Liang, and he tentatively asked, " Your Excellency, the Jade Book Pavilion should be up ahead, right? I wonder what your Excellency is doing here? "

"You're going to the Jade Book Pavilion?" Wei Qing asked.

"Since we're here, we naturally have to go and see," Xiang Liang hurriedly said.

Wei Qing let out an " Oh " and shook his head. that's really unfortunate. I'm planning to take the Jade Book Pavilion into my possession and am currently setting up an array. The two of you are late. Please go and play elsewhere.

"Ah? Keep it in your pocket?"

The two of them were shocked and looked at each other.

The Jade Book Pavilion had an illustrious reputation in Langya heaven. It was an all-inclusive Scripture that attracted countless geniuses to enter Langya heaven. Wei Qing actually wanted to take it away?

The two people's expressions became strange. They both secretly wondered if this Jade Book Pavilion could accept it? If it was possible, how could no one have succeeded in tens of thousands of years?

"This Kasaya isn't easy to keep, right?" mi Cheng asked.

we have a 50% chance of winning, " Wei Qing said. if the collection fails, it won't be too late for you two to go in.

"Half?"

The two of them were shocked again. A 50% chance of winning was already very high.

The atmosphere suddenly became a little awkward. The two of them stood there, not knowing whether to advance or retreat.

Since they had already come here, how could they be willing to turn back like this? however, if they entered, not only would they look down on the other party's status, but their strength was also not something they could contend with. Moreover, the people around them did not seem to be easy to deal with.

Wei Qing had already seen through their thoughts, he smiled and said, " "The two of you don't need to be put in a difficult position. I'm taking over this Jade Book Pavilion to benefit the world."

"Could it be that after Lord bi 'an has collected it, you're willing to open it to the world?" Xiang Liang said in surprise.

Wei Qing laughed and said,"most of the magical power secret manuals in the Jade Book Pavilion are high-grade martial arts, so how could anyone be qualified to learn them?" Have the two of you heard about the reopening of the heaven and earth Power chart?"

The two's expressions changed slightly, and they hesitated. Mi Cheng said thoughtfully, " I've heard of it, but I can't tell if it's true or not. If Lord Wei Qing says so, then it must be true? "

Wei Qing nodded,"of course." At that time, everyone on the list will be qualified to enter and choose a secret divine ability manual."

"People on the rankings!"

Both of their expressions were somewhat unsightly. Not to mention whether it was worthwhile to enter the Jade Book Pavilion and participate in the heaven and earth Power chart, even if they did participate, it would be harder than ascending to the heavens to enter the top ten.

The two of them had also participated in the previous wind and cloud list martial competition, and their rankings were extremely high.

However, there were not many experts who participated in the competition back then. Firstly, there were no benefits. It was difficult to attract experts with only a title. Secondly, the leaders of the various sects were concerned about their status and reputation, so they rarely participated.

If this time, the Jade Book Pavilion was used as a guide, and supplemented with other rewards, the competition would probably be abnormally fierce. The title of the top ten was practically out of the question.

Wei Qing saw through the two's thoughts and smiled, "If I remember correctly, you two were ranked 17 and 18 last time, but with your current cultivation, it's very likely that you'll enter the top ten. And this time, the qualifications of the Jade Book Pavilion would be set in the top hundred. As for the top ten, there will be other great rewards."

a hundred?!

Xiang Liang was shocked, "the list of names is so wide?" I'm afraid that the cultivators who come will be a mix of good and bad. After all, with the Jade Book Pavilion as bait, who would want to come and try their luck?"

"Luck is also a part of one's strength," Wei Qing said.

The two of them were silent, but their minds were spinning. They knew that the Holy region would not be so generous and open to the public about the Jade Book Pavilion. Moreover, such a large-scale martial arts competition was most likely a scheme.

It was just that the attraction of the Jade Book Pavilion was indeed too great. If they were ranked 100, they might really go and participate.

However, at this moment, they hoped that Wei Qing would fail. That way, he would not have to participate in the Billboard contest and be influenced by the sanctuary.

After a while, several more figures flew over, wanting to enter the Jade Book Pavilion. However, they were blocked by the light of the ten fearsome flags, and were completely unable to enter.

“What’s going on?”

The few of them were all shocked. Then, they looked over angrily and shouted, “What the hell are you guys doing? why did you seal the Jade Book Pavilion?”

Without waiting for Wei Qing’s reply, Li Yi shouted, “this place has been designated as a forbidden area. Everyone, leave immediately. Otherwise, you will bear the consequences!”

“What kind of f * cking joke are you telling? The Jade Book Pavilion was turned into a forbidden area by you? F * ck!”

All kinds of curses were heard, but those people could also see that Wei Qing and the others were extraordinary, so they only cursed from a distance and did not dare to really come forward.

Li Yi was furious. He picked up his sword and was about to kill.

Wei Qing’s expression changed as he extended his hand to stop him, “You don’t need to do anything, he’s here.”

Suddenly, the roar of a ferocious beast shook the sky, followed by a strange laugh. A terrifying white light flashed through the crowd and cut the sky into pieces!

“Ah!”

All kinds of screams were heard. Most of those people had been cut into pieces, and blood and broken limbs were everywhere.

...

Those who were lucky enough to survive were so scared that they turned into rays of light and fled. They didn't even know what had happened. The only thing they knew was that an incredible expert had come and killed them as easily as killing ants!

These people weren't stupid. They immediately fled when they realized that the situation wasn't right. However, a terrifying pressure came from above, and the entire space was rapidly compressed. Then, a blade light swept over like a hurricane. Countless screams rang out, and not a single one survived.

Limbs rained down from the sky, and the air was filled with the thick smell of blood.

The whole world was dead silent. At the place where the Warriors had been standing, there was a man in purple, carrying a huge ghost hunter. Beside him was a furry beast, whose demonic Qi was rising, almost condensing into a flame.

Xiang Liang and Mi Cheng's whole body trembled, and they looked at Yao Jinliang in horror, and cried out, "a divine control martial sovereign! The two of them clenched their fists at the same time and were extremely vigilant.

killing so many people as soon as he arrived. It's too bloody.

Wei Qing was quite dissatisfied and frowned. After all, the sanctuary was the leader of the world. They had to guard the good and not the evil. Even if they wanted to kill, they had to have a reason and try not to kill indiscriminately.

"Hehe, these people's chit-chat is making me irritated. You're not in a good mood, can you not kill?"

Yao Jinliang chuckled and put away the ghost hunter twist. Then, he walked over with the buried Cloud Beast.

Xiang Liang and mi Cheng were so scared that they hurriedly retreated, afraid that this devil would suddenly attack and kill people for no reason.

hehe, Xiang Liang, mi Cheng, I didn't expect you two to be here. Did Wei Qing invite you out of the mountain? "

...

Yao Jinliang looked at the two of them, licked his lips, and chuckled.

Mi Cheng's face turned pale and he quickly cupped his fists. "Greetings, Lord Divine control. The two of us are only passing by this place and want to go to the Jade Book Pavilion. Since this place has already become a forbidden area, the two of us will go try our luck elsewhere. We won't disturb you when you're busy, so we'll take our leave."

Wei Qing didn't stop them. He waved his hand. do as you please. However, I'm giving you two a serious invitation. I hope I can see you two on the Billboard this time.

The two of them were shocked, but when they saw Wei Qing's clear eyes, they couldn't help but feel a chill in their hearts. They hurriedly replied, "I will, I will!"

After saying that, he didn't dare to stay any longer and turned into a ray of light and flew away.

Yao Jinliang watched the two of them disappear into the horizon and said, "The strength of these two people is really not bad. They've improved a lot over the years."

"If I didn't have the intention to recruit them, I wouldn't have said so much nonsense." Wei Qing said. Why are you so late? This time, the opening of Langya heaven is extremely not simple. After taking over the Jade Book Pavilion, we still have other important matters to attend to."

Yao Jinliang chuckled and said,"there was indeed some delay." &Nbsp; This time, he turned around and cupped his fists at Wei Wuya. "Greetings, Lord Wuya."

Wei Wushang waved his hand as a greeting, "Everything will be under Wei Qing's command, I'm just a follower."

Only then did Yao Jinliang withdraw his gaze. His eyes swept over Luo Qingyun, and his pupils shrank. He snorted, who's this kid? he looks like he's going to blow up the heavens, and it's making people very unhappy.

Li Yi and Luo Qingyun stood together, and when Yao Jinliang's gaze swept over, Li Yi's face was full of flattery, and he bowed his head and smiled obsequiously.

Luo Qingyun, on the other hand, stood with his hands behind his back, his long robe fluttering in the wind. He looked neither humble nor humble, which made Yao Jinliang quite unhappy.

hehe, he's always been like this. He's always been condescending and doesn't put anyone in his eyes. Seeing that Yao Jinliang was up to no good, Li Yi was overjoyed and quickly started to sow discord.

"Oh? He doesn't put anyone in his eyes, hehe, he's really cool!"

Yao Jinliang's face turned cold. He took a step toward Luo Qingyun, and a violent killing intent immediately swept out.

Luo Qingyun took two steps back and clenched his hand into a fist. A Dragon's Roar swirled out and slapped toward the surging killing intent!

"Bang!"

A ray of green light exploded in his palm, dispersing the surging killing intent on Yao Jinliang's body and causing it to disappear without a trace.

"En!"

Yao Jinliang's face darkened. At the same time, he was shocked. He also knew Luo Qingyun's identity and background. good kid, you really don't know the immensity of heaven and earth!

The burying Cloud Beast opened its mouth and roared. Its demonic Qi turned into a sharp astral wind and shot out like snowflakes.

Chapter 1956 Kill them all

"Enough!"

Wei Qing was displeased. He shouted in a deep voice and clenched his five fingers in the air. All the strong winds that were like snow immediately shattered. we're already late and have delayed the time. How much longer do we have to make a scene!

Yao Jinliang's eyes were cold as he stared at Luo Qingyun and said, "I'll let you have your way this time, but you won't be so lucky next time!"

Luo Qingyun didn't make a sound. He only let out a muffled groan and returned to his previous expression.

"Attack together with me, let's not waste any more time," Wei Qing said.

After he finished speaking, he walked towards the Jade Book Pavilion. After taking a few steps, he seemed to feel something and turned around. He found that Yao Jinliang was still standing in the same place, not moving. He immediately frowned and said, "What's wrong?"

"I'll help you this time, but don't forget to fulfill my promise," Yao Jinliang said after some hesitation.

Wei Qing's face sank, and a sullen expression appeared on his face, "What nonsense are you spouting? when have I failed to keep an appointment? If I didn't try my best to save you, would you still be alive and kicking by your side?"

The burying Cloud Beast cried out in a low voice, shaking its body.

Yao Jinliang patted the buried Cloud beast's forehead and nodded, after all, this is a rare opportunity. If I can't break through this time, I'm afraid I'll be stuck at the peak for the rest of my life with my talent.

The pupils of Luo Qingyun and the others contracted, and light shot out from their eyes.

Even Nanfeng Xuan, who had been calm all this while, was slightly moved, as if her thoughts had been stirred.

Wei Qing said, " don't worry. This matter is not only related to everyone's future, but also my own. I won't joke about it. As long as we are United, we will be invincible among the forces that enter Langya heaven."

"Alright!"

Wei Qing's words seemed to have given them a great deal of encouragement. They all took a deep breath and slowly exhaled to boost their spirits.

"Let's start."

Wei Qing took the lead and walked towards the Jade Book Pavilion, followed by a few people.

A powerful aura surged out of their bodies, almost condensing into a physical substance, rumbling forward.

That Jade Book Pavilion seemed to have sensed something, and the Azure light that filled the sky began to converge. The surroundings became blurry, as if it was going to break through the sky.

Right at this moment, the ten flags within a radius of ten thousand feet suddenly fluttered in the wind, transforming into ten giant beasts that roared over. They directly changed the world, as if they had returned to the primordial era. A powerful demonic aura lingered and suppressed the Jade Book Pavilion.

“BOOM!”

The green light on the Jade Book Pavilion suddenly brightened, scattering those ten vicious beasts that had taken human form. The spiritual light on the building flickered non-stop and directly rushed into the nine Heavens!

“Attack!”

Wei Qing shouted as he formed a seal with both hands.

Suddenly, a huge golden seal appeared in the void and fell like a mountain.

The spiritual light above the Jade Book Pavilion fluctuated like water. The big seal caused the water to ripple, but it could not get close to a thousand feet.

Yao Jinliang also suddenly made his move. The ghost’s domain was unsealed in the air, and he directly slashed it down. The blade light turned into a fierce beast that ran wildly, attacking the spiritual light on the Jade Book Pavilion.

“Boom boom boom!”

A large amount of spiritual light exploded under the slash, turning into snowflakes that fell from the sky.

Everyone felt that this was a little strange, but they did not have time to think about it. Luo Qingyun, Li Yi, Nanfeng Xuan, and the cloud-burial beast all attacked at the same time.

The powerful force was like a volcanic eruption, turning into a hurricane that swept out. Wave after wave, it surged on the spiritual light, shaking the Jade Book Pavilion back and forth.

Only Wei Wuya remained standing with his hands behind his back. Under the terrifying spiritual pressure, his expression was calm as he looked on.

Under the joint efforts of several people, the spiritual light of the Jade Book Pavilion was continuously scattered, and the entire building swayed in the wind and rain in the air.

All of a sudden, the green light in the pavilion dissipated, and dozens of martial artists flew out. It was as if they had been forcefully spat out.

“What’s going on?”

Those martial artists who were originally studying divine arts and martial techniques in the pavilion suddenly felt a huge tremor. Then, they were forcefully dragged out by a force.

“Boom boom boom!”

The powerful attack continued to come in from the outside, hitting the spiritual light and at the same time, the martial artists were all hit by it, and some of them spat out blood on the spot.

what are you guys doing?!

Someone immediately understood the situation and shouted in anger.

“Not good, they seem to want to destroy the Jade Book Pavilion. We will also die!”

“My God, it’s Lord Wei Qing from the Holy region!”

that’s a divine-control martial sovereign!

and the city Lord of Red Moon City, stop! What are you doing?!

Under all kinds of shocked and angry voices, everyone immediately knew the identity of the person who had come. Their faces were all deathly pale, not understanding why they wanted to attack the Jade Book Pavilion.

“Bang!”

One of the weaker martial artists could no longer withstand the attack from the outside and exploded on the spot.

Everyone immediately woke up with a quiver. If they allowed this to continue, they would die without a doubt!

hurry up and kill these bastards! They want to kill us!

Someone immediately roared. Several powerful energies exploded first, and several tyrannical sword lights slashed out.

In the face of death, these people who didn't know each other became United. All kinds of swords, fists, and palms were thrown out of the spiritual light.

For a moment, not only did the Jade Book Pavilion's spiritual light recover by more than half, but it also broke through outside, catching Wei Qing and the others off guard.

They also did not expect that there would be so many strong people in the Jade Book Pavilion, and their expressions changed one after another. Moreover, among these strong people, there were even a few people from the Holy region.

If they stopped, then the Jade Book Pavilion would definitely take the opportunity to escape. Wanting to suppress it again would be as difficult as ascending to heaven.

...

All of a sudden, a deafening beast's roar rang out, shaking the heavens and earth. The burying Cloud Beast also felt a tremendous pressure, and its body prostrated on the ground, shivering.

...

"What's going on? This shocking pressure is overwhelming."

Not only Yao Jinliang and the others, but the people around the Jade Book Pavilion also raised their heads in horror. The fog gradually dispersed, and a huge monster covered the sun, pouncing down from the sky.

The monster was in human form, brown in color, and looked like a ghost. It was unusually ferocious.

"BOOM!"

The monster landed on the spiritual light, causing the Jade Book Pavilion to tremble. Then, the monster slowly merged its body into the spiritual light and passed through it.

"咻!"

The people inside were all shocked, their faces as pale as paper.

"Roar!"

After the monster rushed in, it immediately swung its fist at the martial artists, taking several lives in an instant.

follow me in! Wei Qing shouted with a serious expression. kill everyone! Leave no one alive!

Since he had already started killing, he couldn't leave anyone alive. If this matter were to spread, it would have a great impact on him and the Holy region.

Like the monster, they slowly tore open the spiritual light barrier and rushed inside to fight with the cultivators.

A moment later, the sky was filled with the stench of blood, and no one was left.

Nanfeng Xuan's face turned pale, and she could not help but throw up in large mouthfuls.

Meanwhile, the monster raised its head to the sky and howled a few times. Its body instantly turned into a giant, and it suddenly grabbed the Jade Book Pavilion with both hands. It directly opened its mouth and swallowed it in one bite!

“Boom boom boom!”

A rumbling sound came from inside the Jade Book Pavilion. The green light flickered continuously, but it was helpless. It was completely unable to break free from the monster's hand and was swallowed bit by bit.

Wei Qing's face was filled with joy as he stretched out his hand and shouted, “Flag!”

The ten people ten thousand feet away all trembled and suddenly threw out the ominous flags in their hands.

The ten rays of light fell into Wei Qing's hand and turned into the only big flag. He grabbed it and waved it in the air.

Countless runes flickered on the flag. The monster's body moved and turned into a brown light, flying into the flag. Its image was imprinted on the flag, vivid and lifelike.

“Hahaha!”

Wei Qing couldn't help but laugh out loud. With a flip of his hand, he kept the ten fearsome flags into his storage Mystic artifact.

“Not bad, to be able to successfully obtain this item, everyone's contribution is not small.”

Wei Qing was extremely satisfied as he praised everyone. Looking at Nanfeng Xuan's pale face, he consoled, “In this world, there are gains and losses, and it's difficult to have both. If you don't kill them, you'll lose even more in the future.”

Nan fengxuan's face was ashen, and she remained silent.

“Hmph,” he snorted.

Yao Jinliang sneered disdainfully. He put the demon ghost twist on his back and said, “Now, can we go and find Phoenix Feather?”

“Of course, the heavenly Phoenix Feather is the most important goal of my trip,” Wei Qing nodded and smiled.

tsk, tsk, tsk. So you're here for the Phoenix Feather. That thing isn't so easy to get.

A strange sneer sounded in the air.

Everyone's expression changed drastically. With their strength, they actually didn't notice anyone approaching!

Wei Wuya turned pale with fright. He was the strongest among the group, so he didn't notice anyone. who is it?! He suddenly shouted and stretched out his hand to grab the source of the sound!

“Bang!”

The void exploded under his claw. Not only that, but the crack was also torn in all directions, and in an instant, it was several acres wide!

However, the mocking voice came from behind them again. He laughed and said, "Good strength, I wonder if I've chosen the right person?"

The space twisted, and a figure gradually appeared. He was slightly fat and had a burly appearance, like a country bumpkin, but he was dressed in gorgeous clothes.

Chapter 1957 True shadow of the heavenly Phoenix

"Who are you?"

Wei Qing shouted with a gloomy face. Although Langya heaven was full of crouching tigers and hidden dragons, he didn't expect there to be such an expert.

my name is li Yunxiao, " the country bumpkin chuckled. I'm Li Yunxiao.

nonsense! Who the hell are you?!

Wei Qing almost spat out blood as he glared at him.

well, it seems that you all know li Yunxiao. Well, you can call me Wu Dacheng.

The country bumpkin touched his belly and grinned.

This name was extremely unfamiliar to Wei Qing and the others. They all frowned and could not remember it even after searching their memories.

"Is it a fake name?" Luo Qingyun frowned.

“Hehe, haha!”

Wu Dacheng couldn't help but laugh. After a while, he said, “No one in this world remembers my name, so what's the difference between a real name and a fake name?”

“You Rascal, you don't even dare to reveal your real name,” Wei Qing said coldly.

Wu Dacheng gave him a contemptuous look and said slowly, “It's said that Wei Qing is also a figure in the current generation. Why would he use such a childish method to goad me?”

Wei Qing remained calm and coldly snorted, “since you don't want to say, then forget it.” What did you mean by Phoenix Feather?”

Wu Dacheng looked at him with a smile and whistled, “Didn't you all want to look for Phoenix Feather? Furthermore, he's hoping to use his Heavenly Phoenix Power to advance to the next level.”

Wei Qing knew that the conversation just now had been heard by this person, so there was nothing to hide. He said, “That's right. Is there a problem?”

hehe, no problem. But what makes you think you can find Phoenix Feather?”

Wu Dacheng said with a profound look.

“Although you're hiding your identity and acting like a rat, you're still quite powerful. Why would you use such a low-level method to goad me into action?” Wei Qing immediately ridiculed.

“Haha, interesting. Then I won't beat around the bush with you. I'm also here to look for Phoenix Feather. We have the same goal, so we can help each other.” Wu Dacheng said frankly.

“What a joke! Since we have the same goal, we are mortal enemies. How can we help each other? is Your Excellency's brain damaged?”

Wei Qing was angry and laughed at the same time, feeling that this person in front of him was really inexplicable.

Wu Dacheng wasn't angry. He chuckled and said, "It turns out that you don't even know how many feathers the heavenly Phoenix has, and you're already boasting that you're looking for Phoenix Feathers. Isn't that a joke?"

Wei Qing's expression changed, and the others were also surprised, as if they had heard something.

"You mean the celestial Phoenix has more than one hair?" Yao Jinliang asked.

When he said this, even he himself was stunned for a moment. Since it was a bird, it couldn't have only one hair.

"The ancient celestial Phoenix was the most powerful being in the Phoenix Clan," Wei Wuya said in a deep voice. "No one in the world has ever seen it, so who knows how many feathers it has? Moreover, even if there are many, how many can be left behind? it's already good enough to find just a few."

Wu Dacheng laughed. this old man is quite realistic. That being said, it just so happens that I know the number of Phoenix Feathers in this heaven of Langya.

"What? This is impossible!"

Wei Qing exclaimed. After calming down, he said, Langya heaven has existed for tens of thousands of years. The situation inside is changing at any time. Even if you have a little clue, it may not be accurate.

Wu Dacheng laughed and said, "aren't you just trying to cheat me of the information I have?" Just tell me directly if you're willing to cooperate or not, if you're not, then I'll just leave."

"Hold on!"

Wei Qing shouted in a low voice and said coldly, "Sir, you come and go as you please, how can there be such a cheap thing!" Tell us your cooperation plan first. If it's feasible, we can consider it. If it's not, you have to leave something behind before you leave."

"Tsk, tsk, you're threatening me. Do you want me to make the plan as broad as possible under the Lord's abuse? Tsk, tsk, it's a pity that I've never been afraid of anyone since ancient times."

Wu Dacheng sneered and crossed his arms in front of his chest. "The plan is very simple. Each of the heavenly Phoenix's feathers has twenty-seven Feathers, and the most precious one is the tail feather. Among the nine tail feathers, the three main feathers are the most valuable. There was at least one main tail feather in Langya heaven. My condition is very simple. That main tail feather will belong to me, and the rest will be up to you."

Wei Qing couldn't help but laugh angrily, "haha, are you sure your brain isn't damaged?" Only the most important main tail feather will be yours, and the rest of the feathers will be ours?"

"Yes," Wu Dacheng nodded.

Wei Qing raised his middle finger and said disdainfully, " you can get lost now. I can't be bothered to ask you to leave anything behind. Get lost!

although the distribution seems unfair, " Wu Dacheng said unhurriedly, " without me, you might not even get a single strand of hair.

"You don't have to worry about whether I can get it or not. Do you know what the word" scam "means?" Wei Qing sneered.

Wu Dacheng was about to say something, but the sky suddenly changed and darkened.

In the silent Sky, tiny fireflies began to appear, trying their best to light up. They were also like lanterns, illuminating a limited area around them.

However, there were more and more of these fire fluorescent stones, and they were arranged in an orderly manner, filling the sky.

Between the fire and fluorescent lights, the light was unstable, like an illusion but also like reality. There seemed to be palaces in the ethereal air, not like a scene of the human world.

“This is an ...”

Wei Qing was shocked and suddenly looked up at the sky. Everyone was shocked at the same time, not knowing what had happened.

Wu Dacheng’s expression also changed slightly, but he quickly returned to normal and said, “The space created by the heavenly Phoenix’s true plume, the eternal world you mentioned, has finally appeared.” He let out a long breath, his eyes flashing with a complicated gaze.

the world of eternal life?!

The expressions of Wei Qing and the others changed drastically as they exclaimed, “Could it be that the world of eternal life was formed by the three true tail feathers of the heavenly Phoenix?”

The number of fire sparks in the sky continued to increase, and they began to form various patterns that were dazzling and resplendent like stars. The patterns of all sizes gathered together and looked like a stunning tail feather that stretched across the sky.

Soon after, the image of the tail feather began to disperse, but it soon turned into a Phoenix pattern. It was like a Heavenly Phoenix in the sky, like a star since ancient times, fixed in the sky.

Everyone was dumbfounded by this vast and wonderful scene, and their hearts were surging.

At the same time, in the heavy equipment tower, hundreds of experts flew up into the air and looked at the strange scene in the sky in horror.

“Is this the eternal life realm? It’s like a phoenix.”

...

“What a beautiful scene. Is this really the celestial world?”

“The opportunity to become a God has finally appeared after so many years!”

All kinds of discussions came from midair and entered the ears of Yunxiao and the others. However, everyone was looking at the sky, and no One Flew Over impulsively.

Gu Qingqing and mu Xing also watched quietly, their eyes full of surprise.

Gu Qingqing sighed and said, “I can’t believe the eternal world is so beautiful from the outside.”

“True dragons and heavenly phoenixes are existences that are closest to the heavenly Dao,” mu Xing said calmly. “They have an extreme sense of beauty in themselves. It’s just that we’ve been here for too long and didn’t notice it.”

“Isn’t it beautiful inside?” Yunxiao asked.

“Inside?”

Gu Qingqing’s expression was a little strange. She exchanged a look with mu Xing and chuckled, “You’ll know when you go in later.”

“In that case, let’s go. They can’t wait.”

Figures began to fly into the sky one after another. Yunxiao was much calmer. After all, he was already an immortal, and he did not expect to get any benefits.

...

Suddenly, he realized that something was wrong with Feini. She was originally dressed in red, but at this moment, she looked even more vibrant, so bright that it was as if she was burning.

“Feini, are you alright?”

Yunxiao asked with concern, but when he looked at Feini’s face, flames began to burst out of her body, and her forehead and cheeks were covered in sweat. The sweat was as red as blood, which was a little scary.

“My, my whole body is so hot, and my chest is a little stuffy.”

In contrast to her red body, Feini’s lips were pale and she looked terrible.

Gu Qingqing was shocked, “could it be the suppression of the heavenly Phoenix?”

Yunxiao was very worried as he said in a deep voice, “It must be. Since the eternal world is formed by the power of the heavenly Phoenix, it’s only natural for Feini to be suppressed by the power. Why don’t you stay in this tower and cultivate instead of going to the eternal life realm?”

“No, I want to go!”

Fei Ni’s tone was firm and her eyes were pleading, “husband, I think this is my best chance. If I lose this chance, I don’t know when I will be able to enter the true immortal realm.

now that the rules of the ten directions have reappeared in the world, ” Yunxiao said, ” it won’t be difficult for you to enter the immortal realm with your talent. The true force of the celestial Phoenix is indeed very beneficial to you, but if you can’t withstand it, I’m afraid it will backfire. I’m worried that your body will be in bad condition.”

Feini shook her head and gritted her teeth, "I'll definitely be able to take it." The bloodline of the celestial Phoenix is extremely rare even in history, let alone the true force of the celestial Phoenix. I'm afraid there won't be a second chance like this."

let her go. With everyone taking care of her, I think she'll be fine.

Qu Hongyan said in a low voice. She could not bear to let feini stay when she saw how determined she was.

Feini immediately looked at her gratefully. Qu Hongyan smiled and nodded her head in encouragement.

alright, " Yunxiao said. since you've made your decision, let's go together. If there's a situation, you must listen to the command and not be willful."

He remembered that he still had the divine realm tablet. If he really couldn't handle it, he would put Fei Ni into the tablet. Although the true force of the heavenly Phoenix was strong, it was impossible to penetrate a realm and exert pressure.

"Yes, husband! Thank you, my husband!"

Although feini was being suppressed and felt extremely uncomfortable, she still jumped up happily and almost pounced forward.

After the discussion, everyone also flew up into the sky and rushed towards the huge Heavenly Phoenix true shadow.

Under the vast and magnificent scene, everyone's respect was born, and a kind of hot blood surged in their hearts.

Gu Qingqing said, " follow me. It's hard to locate the place if you're not familiar with the eternal world. Don't get lost. I won't be able to find you.

Chapter 1958-eternal world

A moment later, Yunxiao and the others flew up ten thousand miles into the sky, only to find that the true shadow of the heavenly Phoenix was so huge that it was impossible to see its full appearance at a close distance. It was filled with fluorescent light like the Milky Way, but its true appearance could not be seen clearly.

Yunxiao's eyes flickered as he pierced through the heavenly Phoenix's true force to get a glimpse of the world of immortality.

It was actually a vast continent, but there was no sunlight. The fiery red fluorescent light could be seen everywhere, becoming the only source of light, and it seemed a little dark.

There was not a single trace of life on the entire continent. It was just bare rocks and rolling mountains. It was like the beginning of the world, and nothing could grow on it. It was a completely barren land.

While they were hesitating, everyone's bodies had already come into contact with the true force of the Phoenix, but it easily penetrated through. The true Qi didn't have any offensive power, it was like a layer of water that was tens of kilometers long and completely separated the two worlds.

Feini's body trembled slightly and immediately felt the warmth of the sun. The suppressed discomfort disappeared and she became more energetic.

Yunxiao and the others had also noticed the abnormality. The true force of the heavenly Phoenix condensed into tiny beads on her skin, and just like the fluorescent light, they kept seeping into her body.

Feini saw everyone's concern and quickly said, "I'm fine. This power is like honey. It makes me feel very comfortable and warm, as if I'm home. I'm afraid that if I continue to stay here, I won't be willing to leave."

Yunxiao was relieved and said, "that's good. You can find a safe place to concentrate on your cultivation and breakthrough."

Gu Qingqing said, " let's go to the place where that person is in seclusion. The only energy in the eternal world is this Phoenix Fire phosphorus stone. It's also the source of the power of this heaven-protecting River that is tens of kilometers long. Everyone will find an abundant Phoenix Fire scaly stone mine to cultivate in seclusion."

The Phoenix Fire scalestone Gu Qingqing mentioned was the red fluorescent light Yunxiao had seen. The fluorescent light could be seen everywhere on the barren land, scattered all over the continent, but not concentrated.

In this heaven protecting River formed by the celestial Phoenix's true power, one's divine sense couldn't be spread out at all, and even the visibility of the wondrous spiritual eyes was very low. Everyone slowly moved forward.

After the time it took to brew a cup of tea, they finally emerged from the energy River, and the vast and boundless land appeared in front of everyone.

"It's so beautiful!"

Feini's heart suddenly throbbed and she praised him from the bottom of her heart.

Although the rest of the people also felt that it was majestic and magnificent, the darkness between heaven and earth made this world feel a little more depressed and uncomfortable.

Fortunately, from time to time, the light of the Phoenix Fire scaly stone would flash out of the rock formation, giving it a different kind of beauty and also a pleasant feeling.

Yunxiao spread out his divine sense, and other experts within a thousand miles entered one after another. As soon as they set foot on the continent, they began to scurry around like headless flies.

However, most of them were using their abilities to excavate the Phoenix Fire phosphorus stone. After all, this thing contained the true power of the heavenly Phoenix and was indeed a rare treasure.

Gu Qingqing also noticed it and cursed, " they're causing trouble the moment they come in. What a bunch of worms!

She placed her hands in front of her body and a ball of green light slowly appeared.

A tiny needle was floating in the green light. It trembled continuously and finally pointed in a certain direction.

"Follow me closely. The terrain in the eternal world is hard to identify and changes frequently. Even my needle with fixed coordinates has to be used multiple times to avoid going in the wrong direction due to changes in the terrain."

Gu Qingqing raised her hands, and the blue light seemed to have a mind of its own. It wrapped around the pointer and flew forward on its own. She led the others to follow.

Looking down at the glowing Phoenix Fire phosphorus stones everywhere, Yunxiao could not help but ask, " it's said that this is the manifestation of the feather of the heavenly Phoenix in the eternal world. How much power is needed to form such a vast continent and contain such a powerful true force of the heavenly Phoenix? "

Gu Qingqing smiled and explained, " I had the same question when I first came here. The celestial Phoenix only has three true tail feathers. They are the most precious. This continent was created by them. And the birth of these Phoenix Fire phosphorus stones had been slowly nurtured by absorbing the spiritual Qi of the Phoenix Nest and the realm of heavenly martial arts. The tens of kilometers long heaven protecting River is to lock the spiritual energy within it and prevent it from dissipating. As for the four array eyes of the Jade Book Pavilion, heavy equipment tower, heavenly treasure Pavilion, and Emperor pill tower, other than sealing the true body of the world of eternal life, their other function is to continuously absorb spiritual energy from the outside world and inject it into the sky. This is why they can maintain their operation for many years, causing the consumption of spiritual energy to be extremely slow."

this is indeed a big project. I wonder who built this eternal world and set up so many arrangements? "

Yunxiao asked the main point in his mind, " "Since the eternal world is known as the land of gods, it must have appeared after the demon Seal, right? In the past hundred thousand years, there have been countless Almighty experts. I wonder which expert did it?"

Gu Qingqing pondered for a moment and said,"it doesn't matter who did it. After you see that person, you can ask him anything you don't understand." As long as he's willing to tell you."

Everyone was very curious about the " person " that Gu Qing Qing was talking about, and they couldn't wait to see him.

Everyone followed the pointer in the green light, and just as Gu Qingqing had said, the direction of the pointer kept changing. It adjusted a few times, and sometimes it even went in the opposite direction.

Along the way, they also met some martial artists. Most of them were alone, and at most, they were in groups of three or five. They didn't have a strong purpose, and were all absorbing the true force of the celestial Phoenix to cultivate.

When these Warriors saw Yunxiao and the others, they all showed a strong fear and hid far away.

Several hours later, they flew over a barren mountain. Gu Qing Qing suddenly stopped and looked down with a serious expression.

Yunxiao had already seen the broken limbs scattered on the ground below. Clearly, someone had been killed here, and more than one.

"Strange, there's nothing strange about this place, and there's no treasure here, so why would there be a bloody murder?"

Qu Hongyan frowned. The broken bodies on the ground made her feel nauseated.

there are many reasons to kill people, " Yunxiao sneered. most of the time, they just kill people because they don't like the look of them.

but most of the people who can come to Langya heaven have a certain strength or background, ” qu Hongyan said. no one would kill someone for no reason.

Yunxiao touched his chin and thought for a while, then said, ” “If that’s the case, they might be mortal enemies, and we just happened to meet.”

Gu Qing Qing didn’t say anything, staring at the green light in front of her, and suddenly said, ” “It’s not that simple. Look at the needle.”

Everyone looked over and found that the pointer in the green ball was pointing directly down!

“Ah?”

The few of them were dumbfounded, unable to react.

“Is there a problem with the needle?” asked feini in a daze.

Gu Qing Qing crossed her arms in front of her chest and said, ” “There won’t be any problems with the needle. It’s only the spatial direction that has a problem. Let’s go down and take a look, but be careful.”

At this time, there was no other way. The needle pointed down, and even if they wanted to leave, they didn’t know which direction to go.

Moreover, everyone was bold because of their skills, and they flew down without thinking.

As soon as everyone’s feet touched the ground, they immediately felt something strange. A circle of energy slowly spread out under their feet, as if they were stepping on water.

Mu Xing suddenly pointed to the ground in front of them and shouted, ” “Quickly look!”

Not far away from them, a blue sigil had appeared on the ground out of nowhere. It flickered on the ground as if it had suddenly appeared.

Gu Qingqing's face also changed slightly, and she was a little panicked.

What is this? " Yunxiao asked. What is this? "

Gu Qingqing said, "the seal of the forbidden area!" In the eternal world, no one knew how many old monsters there were, but everyone had their own territory. In order to avoid being disturbed, they would leave this mark on their territory to tell others that this place was theirs and that they were not to trespass. The consequences of trespassing into someone else's forbidden area are very serious."

...

"Could it be that these corpses were killed because they broke into this forbidden land?" qu Hongyan asked.

Gu Qing Qing's expression changed, and she nodded seriously, " it's very possible. Everyone, be careful. She looked at the green light in front of her and was suddenly stunned. The needle inside suddenly stood straight and pointed into the sky.

"He pointed back?"

the spatial coordinates might change frequently, but it's rare to see something so strange. Perhaps the anomaly here has affected the direction of the indicator, " mu Xing said suspiciously.

Gu Qingqing said, " that's very likely. No matter what, let's follow the needle first. Since this is a forbidden area, we can't stay here for long. We have to leave before the owner of this place shows up.

Just as they were about to fly away, the space around them suddenly became blurry. The scenery around them changed, and they were the only ones left in the vast expanse of white.

Gu Qingqing was shocked, and hurriedly cupped her fists, "I don't know which Lord is here, but we accidentally barged in. We hope you can forgive us for our offense."

She called out several times, but there was no response. She couldn't help but feel a little anxious.

Suddenly, Yunxiao's voice came, cold and mocking, "What's the point of talking nonsense with him? we were flying perfectly fine in the air, but it was clearly the master of this place who harbored ill intentions towards us and had deliberately tricked us into coming down. We've finally fallen into his trap, will he let us go?"

As soon as he finished speaking, a deafening rumble could be heard.

All the illusory worlds in front of him suddenly collapsed at this moment. The scene shattered into pieces like glass and finally disappeared from the world.

...

Everyone returned to where they were and saw Yunxiao holding the Tusita heavenly peak in his hand. The six-colored light circled around the peak and then retracted, becoming simple and unadorned.

It was clear that he had destroyed all the illusions with one strike.

Feiyang is right," qu Hongyan said coldly. the people here must be playing tricks. I don't know how they changed the direction of our needle.

"I see, what should we do now?" feini was shocked.

"What else can we do?"

Yunxiao laughed hideously as he looked around and said in a cold voice, "Since this undying old man dares to have designs on us, we naturally have to dig him out and give him a beating!"

Chapter 1959-pang Yun

“No!” Gu Qingqing was shocked.

The people who could live in seclusion here were all peak experts of each era. Who knew what level of existence they were?

But, Yunxiao did not listen to her. Instead, he threw the Tusita heavenly peak at the blue mark of the forbidden land.

“BOOM!”

The sky collapsed and the earth cracked. A huge pit was created in front of him. The entire mountain peak was razed to the ground in an instant. The earth was also torn apart, and a huge tremor spread far and wide.

Suddenly, a dazzling golden light rose up from the ground like the sun. A man with a Jade-like complexion sat cross-legged inside the light. He made a hand seal in front of him and slowly opened his eyes. He was filled with anger and shouted, “You little rascal, how dare you destroy my forbidden area!”

His eyes, however, were fixed on the Tusita peak. He was shocked and filled with fear.

“You’re still pretending!”

Yunxiao sneered as he urged the Tusita peak to roll forward and crush into the golden light.

The man made a hand seal, and a golden light appeared in his palm. He slapped it forward.

“BOOM!”

The golden light was shattered the moment it touched the Tusita heavenly peak. His face was filled with shock as he hurriedly flew up and fled a few thousand feet away.

Wherever the Tusita heavenly peak passed, space would spin, and it was dizzying to watch.

what kind of profound level weapon is this?!

The man cried out in horror, and then his face turned grim. He glanced at Yunxiao and the others, knowing that he had met some tough guys.

Gu Qing Qing stepped forward and said, "my friend, I am also a person who has been sleeping in the eternal world. I just happened to pass by and had a small misunderstanding." We won't disturb your cultivation any longer. We'll take our leave." She didn't want to cause too much trouble.

The man's pupils suddenly contracted, and light shot out from his eyes. He said in surprise, "You're also someone from the inner realm, could it be a Suan ni?"

Gu Qingqing nodded. that's right. The realm gate is open. You can go in and out as you please.

The man's face was filled with shock, and it took a while for him to recover. He said, "The day has finally come." He raised his head and looked at the few of them. "Since it's a misunderstanding, I won't pursue it. I can see that this little girl has a deep relationship with me, so I'll stay here for the time being. The rest of you can leave."

He raised his hand and pointed at feini. A strange look flashed in his eyes.

Their expressions changed, and even Gu Qingqing didn't say anything.

haha, funny. Actually, all of us have some history with you. We won't be leaving. Come, come, let's get together.

Yunxiao could not help but laugh as he beckoned at the man.

“What’s your name? Don’t think that you can do whatever you want just because you have a good profound level weapon in your hand. The eternal world is not a place for you to behave atrociously!”

The man’s eyes flickered, and his face became fierce. He said in a cold voice, I don’t even know where you were when I was dominating the realm of heavenly martial arts. How dare you act arrogantly in front of me!

“Yes, you’re awesome, you’re awesome, we’re afraid of you, okay? Daren is high and mighty, we can’t look up to you, so we can only beat Daren up first and then talk nicely.”

With a wave of his hand, Yunxiao took back the Tusita heavenly peak and immediately burst out with a murderous aura.

The rest of the people immediately understood and attacked. Bu Zi and the other two hesitated for a moment, but they also helplessly attacked. They took out their profound level weapons and rushed forward.

Only Gu Qingqing and mu Xing were left, watching the scene with their arms crossed.

“Dammit! You really dare to make a move against this Lord!”

The man was furious. In his era, he could command the wind and the clouds. He could kill gods if they blocked his way. No one in the world dared to say anything.

However, just as he was raging, hundreds of sword lights suddenly appeared in his surroundings. They were filled with killing intent and emitted a faint white light.

A beautiful figure flashed in front of him. Qu Hongyan slashed with her sword. The sword light around her moved with The Purple Cloud sword, turning into a powerful sword momentum.

At the same time, Yunxiao clenched his fists, and a large amount of Thunderbolts formed into balls of lightning in his palms, which he then threw out.

Although the Thunderbolt was not strong, its power was astonishing. The man was shocked by its momentum and was caught off guard. The Purple Cloud sword pierced his shoulder, and blood burst out.

“Damn it!”

The man roared in anger. A circle of golden light appeared in front of him and turned into five human skulls. Ghostly fire flickered in their eyes and they spun under the seal of his hands.

The skull opened its mouth, and a large amount of sword light and lightning was sucked in, devouring them!

“Go!”

The man pointed with his fingers, and the ghostly fire in the eyes of the five skulls immediately expanded, burning the entire skull into it. It turned into a huge face that flew into the sky and roared as it pounced at the crowd.

“Clang”

Qu Hongyan raised her sword and slashed. The Purple Cloud sword stabbed into the ghost fire and into the skull’s mouth.

The gem on the sword flickered and transformed into thousands of sword Qi, which overflowed from the skull and fought against the ghostly fire.

“Bang!”

The purple firmament sword trembled, and a sword radiance shot out. The huge skull exploded instantly, sending out countless sparkling ghostly flames.

“What?”

The man was shocked. He sucked in a cold breath and said in horror, "You ... You can actually kill my ghost!"

"If I can kill ghosts, I can also kill you!"

Qu Hongyan took a step forward, and the space under her feet shrank into inches. She appeared directly in front of the man and slashed with her sword.

The man's expression became calm. He knew that he had met a strong opponent, but he did not panic. He extended two fingers and pinched the sword with a clang.

His two fingers turned golden, and tiny runes could be seen on his fingertips.

At the same time, he waved his left hand, and two of the remaining four ghosts flew over and bit Qu Hongyan.

Suddenly, the space above them started to spin, and the Tusita peak slowly descended from the vortex, pressing down on the man.

"噫! It's this kind of gravity profound weapon!"

...

The man was taken aback. He couldn't be bothered to deal with Qu Hongyan. He quickly retracted his fingers and retreated in a flash.

Qu Hongyan suddenly pulled back her sword and swept it out before she took a step back. Several sword lights hit the two ghosts, shaking them down to the bottom of the Tusita heavenly peak, before she turned around and fled.

“BOOM!”

The six-colored spiral light on the Tusita heavenly peak was like a meat grinder. Under its pressure, the two ghost goons let out shrill cries and were crushed.

On the other side, Yi had just stabbed a long spear into the ghost’s head and went through it. Then, he smacked down with his palm and shattered the ghost into pieces.

The man stood there in a daze, feeling that the scene in front of him was a little unreal.

Of The Five Ghosts that he had once dominated the world with no equal, four had been crushed after he had thrown them out. The last one had also fallen into a bitter battle under the siege of bu Zi and the others.

Crimson light flashed from Mo’s body as he appeared behind the man, his spear pointed straight at the man’s back.

The man quickly turned around, and his two fingers turned golden. He pointed at the spear and knocked it away with a “ bang “. Then, he closed his two fingers together like a sword and pointed at the judge’s heart.

“Bang!”

Yi’s heart was pierced by the sharp golden light and immediately exploded, creating a bloody hole.

...

The man’s ecstatic mood instantly fell to the bottom. A sneer appeared on Mo’s face. He didn’t retreat but instead advanced, his entire body turning into a bloody shadow as he shot forward.

“Could The Five Ghosts and the Golden finger Kasaya be pang Yun, the notorious murderer who loved to kill people and slaughter cities?” Gu Qingqing muttered.

Within the blood-red light, the Golden rays pierced through the blood-red light, but the blood-red light became thicker and thicker, and finally completely wrapped around the man.

“Swish!”

A dazzling golden light streaked across the sky from the sea of blood. A ray of light flickered out from within and turned into the figure of a man. He was staggering. The attack just now had consumed too much of his energy.

At this moment, his face was pale and he couldn't care about anything else. He turned around and wanted to leave.

However, a sword light flashed in front of his eyes. Qu Hongyan had been waiting for a long time. Hundreds of sword shadows appeared under the Zixiao sword and surrounded him like a fence, cutting off all his escape routes.

Yi had also returned to his true form from the blood-red light. He stood in the air coldly and looked at him with ridicule.

“Who are you? why are you forcing me?”

The man finally panicked. He looked around, not knowing who was in charge, and finally stopped at Gu Qingqing.

Gu Qingqing laughed. you're so good at bullshitting. Who was the one who forced me first?!

since it's a misunderstanding, there's no point in continuing the battle, " the man said. please leave quickly.

now you know you don't want to fight? " Yunxiao sneered. don't you think it's a little too late? " Let me ask you, why did you scheme against us?"

The man's expression changed slightly. He denied it. I didn't scheme against you. You entered my forbidden area by accident.

go on! Yunxiao waved his hand and shouted. keep fighting!

The Thunderbolts on his body rose into the sky and turned into a Thunder Dragon.

Yi attacked again, and a blood-red light slashed down like a blade.

Under the combined efforts of feini and the rest, the last ghost was finally defeated. A huge hole appeared on its head, and all the green ghostly flames disappeared as it fell to the ground.

“Stop fighting!”

The man turned pale with fright. He was not afraid of Yunxiao's lightning, but the blood-red light from the lightning strike terrified him. Moreover, he was surrounded by sword Qi, which made it impossible for him to escape. He could only take the beating.

“BOOM!”

Several attacks landed on his body, and he immediately vomited a large mouthful of blood. He couldn't get hard anymore, and he quickly begged for mercy.

Yunxiao stopped the crowd and asked, “Are you clear-headed now?”

“I'm awake, I'm awake, Yingluo.”

The man's face was full of bitterness. He had no choice but to lower his head. However, he was extremely unwilling. He had never thought that there would be a day when he would become a fish on the chopping block.

Yunxiao snorted and said, "Don't think that you used to be so awesome. Times have changed, and the new generation will replace the old. I've seen too many old and rotten people like you who are self-righteous and show off their qualifications. Since you've lived to this era, you have to abide by the rules of this era. You have to bow your head obediently in this era!"

The man's face was blank as he listened. He felt that it did make some sense, but he still felt that something was wrong in his heart, but he couldn't put his finger on it.

Yunxiao scolded him, then said, "Why did you scheme against us?"

The man said honestly, "that little girl should be the heavenly Phoenix Nirvana body. Tsk tsk, this is good stuff. If I can get it and use the heavenly Phoenix Power here to cultivate, my strength will break through to an unimaginable realm!"

Chapter 1960 News of tail feathers

When Yunxiao heard him say that he wanted to seize the heavenly Phoenix Nirvana body, his killing intent immediately burst out, and he said coldly, "To sacrifice others in order to improve your own cultivation, it seems that you are not a good person."

Gu Qingqing said, "I've heard of a murderous demon named pang Yun. His characteristic is that he can control Five Ghosts. It seems like it's you."

The man was stunned for a moment, but he admitted it immediately. He was quite emotional and proud. I didn't think that someone would still remember my name. As for sacrificing others, isn't that normal?"

"It's indeed not very rare. Let me ask you another question. How did you detect the heavenly Phoenix Nirvana body from far away?"

Yunxiao asked the biggest question in his heart, his eyes fixed on pang Yun. Under his gaze, no one could lie.

Pang Yun's heart trembled for some reason. He felt as if his soul was being peeked at. In his shock, he did not dare to hide anything. "This eternal world was created by Feng Ling, and all the energy we've absorbed over the years is related to the heavenly Phoenix. With such a powerful Heavenly Phoenix Power Flying over my territory, I naturally sensed it."

that simple?" Yunxiao frowned. it's that simple?"

"It's that simple, or perhaps my insight into all sorts of strange powers is stronger?" pang Yun thought for a moment.

Yunxiao knew that pang Yun was not lying, but he still turned to Gu Qingqing and mu Xing.

I didn't think of this before," mu Xing said. pang Yun was right. I could sense the extremely strong power of the heavenly Phoenix when this little girl stepped into the heavy equipment tower.

Gu Qing Qing's face changed slightly,"that's troublesome." That person's residence was still very far away. On the way, God knows how many people would sense the heavenly Phoenix Nirvana body and come out to cause trouble. It's better for her to enter your divine realm tablet."

divine realm tablet!

Pang Yun's face changed drastically as he stared at Yunxiao in horror and said, "You have the divine realm tablet?!"

Although the divine realm tablet was the top secret of the continent, all the people who lived in the eternal world were once the top of the continent.

"Don't!"

Feini firmly opposed it and looked at Yunxiao with a pleading look, " husband, this place gives me a great feeling. I feel that I have touched the barrier of martial arts. If I stay here for a while longer, I will definitely be able to break through.

Yunxiao thought for a moment, then said, " alright, you stay outside. We'll be careful. The people here are not to be trifled with, but are we to be trifled with? As for this pang Yun, how do you all think we should deal with him?"

Pang Yun's expression changed. of course he's letting me go. We have no grudges. It's just a misunderstanding.

Yunxiao looked at him coldly and mocked, " misunderstandings can also kill people, and misunderstandings usually kill people easily.

Pang Yun was shocked and became extremely alert. He said angrily, " I was also a powerful figure in the past. How could I let you do whatever you want to me? at most, I'll just fight you to the death. I don't believe that I can't pull a few people down with me!

His eyes were fierce, and his expression was detestable. He was indeed a veteran at killing people.

Gu Qing Qing knew that he was just trying to be brave, but she still said, " "Let him go. There's no need to waste time here. If the shockwaves from the battle are too great, I'm afraid it will attract other old monsters. The gains do not make up for the losses."

"Yes, yes, this lady is right."

"As long as you guys let me go, I can give you a spatial coordinate. With your strength, you might be able to obtain that thing," pang Yun said immediately.

"What is it?"

Gu Qingqing was also curious.

Pang Yun chuckled. the eternal world is formed from the feathers of the celestial Phoenix. Do you know how many feathers there are? and which are the most precious? "

Gu Qingqing scolded angrily, "don't you feel ashamed to test us with such common sense?" The heavenly Phoenix had nine feathers on each of its wings and nine feathers on its tail. However, the three true feathers on its tail were the most precious, as they contained almost half of the heavenly Phoenix's power. It's said that the eternal world was formed by one of the true tail feathers."

Pang Yun's eyes flashed as he said, "That's right! Then do you know where the three true tail feathers of the heavenly Phoenix went after it died?"

Gu Qingqing's face changed, and even mu Xing was moved. Even they didn't know about this secret.

Pang Yun chuckled and said with a smug look, "One of them was refined by that Lord and turned into the world of eternal life. The whereabouts of the other one was unknown. It was rumored that it had been lost when the celestial Phoenix fell, and no one knew whether it was true or not. As for the last one, it's in the hands of an important person in the inner realm."

"Who is it?"

Gu Qingqing and mu Xing asked at the same time.

"Even I don't dare to mention that person's name, but I have the spatial coordinates of his hiding place."

With a flip of his hand, an exquisite square box appeared in pang Yun's hand. When he opened it, a golden spoon the size of a thumb lay quietly on the square plate.

Pang Yun turned the square box a few times, and the soup spoon pointed in one direction.

Gu Qing Qing's face was a little serious, "How do I know if you're telling the truth?"

haha, so what if it's true? do I need to lie to you? "

Pang Yun laughed, "if you're confident, you can go and try. If you don't, then you don't have to go. This needle is just a gift from me. After all, this thing is of little value to me, but to you, especially this little

girl, it's a great opportunity. If I can get my hands on that Heavenly Phoenix's true tail feather, I can even reach the divine sovereign realm, let alone break through the martial path and enter the true immortal realm."

Yunxiao was quite moved by his words, and Feini's blood was surging. The yearning for the strong and powerful made her tremble with excitement, and she looked at Yunxiao with anticipation.

Qu Hongyan smiled and said, "Feiyang, let's go and take a look. We have nothing to do anyway." If sister Feini can step into the divine realm, she'll be a great help to us."

Gu Qing Qing looked in the direction of Si Nan, and her face suddenly changed. She shouted, "The person you are talking about, could it be that Bi An from the North?"

Even Mu Xing's expression changed when he heard this.

Pang Yun looked at her with a smile and nodded, "So you know about it too."

Gu Qingqing's eyes were cold, and she said, "You really have bad intentions, so you want us to die!"

"Die? These words are so awkward."

Pang Yun's eyes flickered as he sneered, "I didn't say that you'd definitely get the true tail plume if you went. If there was such a good thing, you wouldn't have had a chance!"

'The one in the North?' Yunxiao asked. Is he very strong?"

Gu Qing Qing thought for a moment. It's natural that he's strong. And the one in the North is not a human. He's the Emperor of ten thousand demons during the demon-sealing war a hundred thousand years ago! she said. She glanced at the referee.

"What?"

The judge was shocked and shook his head crazily, "Impossible. A hundred thousand years ago, if it was that generation's demon Emperor, wouldn't it be him?"

Gu Qing Qing nodded, "It is the Fan Yao, known as the strongest of the ten thousand Yao!"

He was stunned for a moment. The divine power Yunxiao had given him was the most powerful cultivation technique of the Buddhist demon clan. Along the way, he had already begun to comprehend it. Although he did not gain much, he was gradually entering a better state and was in an extremely good mood. As long as he had enough time, he would definitely be able to comprehend it completely and advance his cultivation to a higher level.

However, now that he suddenly heard that ancestral founder Fan Yao was still alive, it was like a bolt from the blue.

...

Pang Yun glanced at Louis and chuckled, "There's still hope. That Fan Yao is only rumored to be very powerful, but in reality, no one knows how powerful he is. Moreover, a hundred thousand years have passed, and she has also maintained her original body from being destroyed, so her strength will definitely only retreat and not advance. Who knows, you might be able to take advantage of her."

Gu Qing Qing snorted and said, "Don't listen to his nonsense. Although there are many old monsters in the eternal world, I'm not afraid of them. However, there are a few forbidden places that no one dares to go to, and the land of Buddhist demons is one of them. No matter what, follow me to see that Lord first. Whether or not you want to go to Fan Yao's to snatch the Phoenix Feather, you can also listen to that Lord's suggestion."

"Where are you guys heading to now?" pang Yun frowned.

Gu Qing Qing glared at him and scolded, "It's none of your business!"

Pang Yun immediately shut his mouth, but his heart was relieved. He could sense that these people in front of him were very calm, without any killing intent. His life was saved.

alright, ” Yunxiao said. I’ll go with you first.

Without pang Yun’s interference, the needle immediately returned to normal. The few of them turned into rays of light and followed the direction of the needle.

Pang Yun quietly watched them disappear before his eyes, and his face gradually turned serious.

divine realm tablet and real tail feather. Tsk, tsk. Interesting.

A sinister smile appeared at the corner of his mouth. He stroked his chin and muttered to himself, ” since that person has the divine realm tablet, he must be a destined person. It’s very likely that he’ll go to the North to look for the heavenly Phoenix’s true tail plume. In that case, I can sneak in and take a look. Maybe I can get some benefits from it. If that kid is killed by Fan Yao, he might have a chance to get the divine realm tablet.”

Thinking of this, pang Yun’s heart heated up and his eyes lit up. He turned around and also transformed into a ray of light and left.

...

After flying for a while, Yunxiao’s heart suddenly moved, as if he had sensed something. “Feini, what’s wrong?”

I feel like I’ve touched the barrier of martial arts. I keep trying to break through that barrier, but it’s so vague. Every time I use force, it’s like I’m hitting the void. I can’t get the point. Feini was a little anxious and her fretful expression was obvious.

don’t worry, ” Yunxiao said. you’ve only touched it at the moment, and the accumulation of your strength has not yet reached the level of qualitative change. Calm your heart and slowly absorb the true force of the celestial Phoenix. When the time comes, success will naturally follow.”

“Yes.”

Fei Ni acknowledged him and slowly calmed herself down.

Gu Qing Qing was a little worried, "The true force of the celestial Phoenix on feini's body is indeed too eye-catching. When we flew past the two places earlier, I could faintly feel that someone was spying on us."

just focus on your journey," Yunxiao said. don't think too much. If feini breaks through the bottleneck, we'll stop and protect him. We'll leave after he breaks through."
