

The Eternal 1961

Chapter 1961-earth overturning seal

“Hmm, everything seems fine for now. After all, not everyone was as greedy as pang Yun. Moreover, those who can enter the eternal world are all wary of each other, so they won’t attack unless they have full confidence.”

Gu Qingqing was also relieved and continued to follow the direction of the pointer.

Apart from a few energy storms along the way, there was no other danger. What interested Yunxiao was that the energy storm was a celestial phenomenon formed by the true force of the heavenly Phoenix after a long time of mutation and being blown by the strong wind.

The crocodile was very interested in the storm, so Yunxiao released it. After it devoured a few energy storms, its body swelled up, and its eyes were half-closed, looking drowsy.

Feini did not know whether to laugh or cry. She scolded, “This stupid thing swallowed a few storms and absorbed more true force of the celestial Phoenix than me!”

The crocodile raised its head and burped, then continued to lie on Yunxiao’s shoulder with its eyes narrowed, looking half-asleep.

Yunxiao was shocked. He could feel the vigorous power in the crocodile’s body. After eating the storm, its body’s absorption ability had reached its limit, and it was only then that its body was able to expand.

In fact, the crocodile originally had the body of the squall, and the elephant was invisible. No matter how much it devoured, it would not be full. Now, it was clearly going through a change, which was why it had become half-dead and weak.

Yunxiao patted the crocodile’s head with a smile, then continued flying forward.

A few days later, the group arrived at a dark place. It was filled with gray rock layers, and there were almost no phosphorus stones.

“We’re here. It’s just nearby,” Gu Qing Qing said, overjoyed.

Everyone flew to a low mountain top, but it was already the highest peak here. The terrain was rugged and undulating, and the spiritual energy was scarce.

are you sure the person you’re looking for is nearby? ” Yunxiao asked suspiciously. Are you sure? ” There are too many places more suitable for cultivation than this place, why did you choose this desolate place?”

Gu Qing Qing shook her head. I don’t know. But master has his own reasons. Follow me.

The few of them leaped forward on the land and soon arrived in front of a low and narrow Valley. There was a huge rock in front of them, and a golden symbol flashed on it before it disappeared.

Gu Qing Qing was overjoyed. That was the sign of the forbidden area. She walked quickly and was about to enter the valley.

Suddenly, his body froze, as if he had felt something. His raised foot stopped in mid-air.

“Who is it?”

Gu Qingqing shouted in a deep voice and took her foot back, her eyes full of anger.

A voice came from the front of the valley, ” “You guys are also here to find the hundred wheel knot?”

As soon as he finished speaking, a cold figure appeared beside the huge rock in front of the valley. He was wearing an Azure battle suit and a golden crown, with his hands behind his back.

It was only then that Yunxiao learned that the person they were looking for was called ‘the hundred-wheel knot’, a very strange name.

Mu Xing seemed to have realized something and exclaimed, "A hundred-wheel garment? No, this is impossible!" Although he was in the form of a puppet, his eyes were filled with shock as he lost his composure and shouted, " he's already dead. How could he still be in the eternal world? "

Gu Qing Qing's face turned ugly as she stared at the man in the battle suit and shouted, " Who are you?!

Her eyes were filled with anxiety as she looked into the valley, afraid that something might happen. However, this Valley was strange. As soon as his spiritual sense entered, it disappeared without a trace.

The man's eyes were like water as he glanced at everyone. Without any expression, he indifferently said, " "First come, first served. You guys can wait outside the valley."

"There's someone inside?" Gu Qing Qing was shocked.

The man didn't answer. Instead, he stretched out his hand and spread his fingers.

A blue light bloomed from his palm and rippled in front of him like water. It turned into a barrier and sealed the entrance to the valley.

Gu Qingqing was so angry that she laughed. She finally lost her patience and scolded, " "Get lost!"

His body burst out, and he circulated the wandering red dust technique. His hands continuously formed seals in the air, and he slammed them on the barrier!

The man in battle clothes shot out a fierce look from his eyes. He also moved his body and struck out from the enchantment with one hand, hitting the wandering red dust technique.

"BOOM!"

The wandering red dust technique was immediately shattered, and a remnant light flickered and shot towards Gu Qingqing.

hurry up and attack! Why are you all just watching!

Gu Qingqing glared at Yunxiao and the others as she scolded, " don't tell me that you want me, a weak woman, to be the vanguard? don't you feel embarrassed?!

After she finished speaking, she didn't dare to take the attack head-on. Her body flashed in the air and she used several body techniques to avoid the attack.

After dodging the attack, Gu Qing Qing gently landed in front of the wizardry barrier and coldly looked at the man in the battle suit.

you've always been a tough woman, " Yunxiao chuckled. when did you become weak? "

Gu Qing Qing's face was full of worry, and she said in a deep voice, " I'm not in the mood to joke with you. Hurry up and break this barrier with me. Lord Baishu Yui has never interacted with outsiders, so there must be a problem with the people inside."

Only then did Yunxiao's smile disappear, and all kinds of energy fluctuations spread out from the others.

The pupils of the man in battle clothes shrank, as if he was also afraid, and he said, " You are from the outer realm?"

what? " Yunxiao looked at him and asked, " can outsiders enter? "

"Of course not!" The man in the battle suit rejected the idea.

what about the inner realm? " Yunxiao asked again. what about the inner realm? "

"You can't either," the man in the battle suit said.

Yunxiao snorted and said with a cold smile, "Then why should I tell you the answer?"

The man in battle clothes,"hehe."

stop talking nonsense," Gu Qing Qing said in a deep voice. the longer we delay, the more danger Lord Bai Lun will be in! She made a hand seal and used the wandering red dust technique again.

At the same time, Yunxiao also grabbed a piece of lightning with both hands, which flickered and transformed into various forms in his hands.

In the end, they condensed into two Thunder Dragons and suddenly blasted forward, shouting, "Everyone, attack!"

The Thunder Dragon roared and exploded when it hit the barrier. However, it did not dissipate. Instead, it formed countless tiny snakes of Thunder that continued to attach themselves to the barrier and desperately tried to burrow in.

The rest of the people also made their moves. After following Yunxiao for a while, bu Zi and the other two were now almost completely loyal to him. They drew out their profound level weapons and attacked him.

Qu Hongyan, the referee, and even mu Xing suddenly made their moves.

...

&Nbsp; seven or eight Supreme powers simultaneously attacked, and the barrier was unable to withstand them. It instantly shattered, and the power continued to charge forward like a ferocious beast.

The man's face changed greatly and he immediately retreated a few steps. He stretched out his hand and summoned an object. With a flash of silver light, the surrounding spiritual Qi gathered and was absorbed by the silver light.

The spiritual Qi in this Valley was scarce, and there were only a few Phoenix Fire phosphorus stones in sight. The silver light seemed to be not satisfied, and it swayed a few times, dazzling the eyes.

It was only then that Yunxiao saw a large seal shining with silver light inside the silver light, and an ancient character was carved under it. It was the Maha ancient language.

“BOOM!”

The Silver Hand suddenly exploded with wind and thunder, and a huge power was spat out from it, as if the sky and earth were turned upside down!

“BOOM!”

The power suddenly hit the man in the battle suit and blocked the joint power of everyone. It turned into a huge pillar of light and shot into the clouds.

A huge pit was created in front of the entire Valley, and the ground also cracked in all directions.

To Yunxiao’s horror, he found that the rock formations here were extremely strong. If they had been in the heavenly martial realm, the entire Valley would have been turned into ashes by their Joint Forces.

The man in the battle suit was also forced back by the shock. His body was forced into the valley. His eyes were full of shock, and he suddenly cast a seal.

...

The huge Silver Seal in the air started to spin, emitting a Brilliant Silver light that covered an area of several mu before directly pressing down on the few of them!

The Maha ancient character broke down and turned into a series of characters.

Before the seal fell, the words landed on the ground first, forming a vast ancient formation that wrapped everyone inside. They couldn't escape and could only sit and wait for the seal to smash them into meat paste!

motherf * cker, what kind of profound armament is this? I've never heard of it!

Yunxiao was taken aback. Although he did not recognize this profound artifact, it was in accordance with the law of heaven and earth, and it contained infinite power of heaven and earth.

“Not good! This is the earth overturning seal!”

Mu Xing suddenly realized something and cried out in shock. He watched in horror as the boundless silver light descended and the giant seal was about to smash them into mud.

Gu Qing Qing was also dumbfounded, “The ‘sky-turning’ and ‘earth-overturning’ seals that were rumored to be the most powerful in ancient times, capable of overturning the universe?”

She was starting to feel a little regretful. The person in front of her was slovenly dressed and was wearing a battle armor. Moreover, the style of the battle armor was obviously very ancient. Only the heavens knew which era this old monster was from!

Within the boundless golden light circle formation, everyone was bound by the formation and could hardly move.

Suddenly, a rumbling sound rang out as Yunxiao took out the Tusita heavenly peak. The six-colored light immediately pushed the sword beam away, and the peak grew in the wind, shooting into the sky like bamboo shoots after a rain!

“BOOM!”

The earth overturning seal struck the Tusita heavenly peak, causing the heaven and earth to twist and the surrounding space to spin rapidly.

Yunxiao and the others felt their vision blur, and then the world changed as they were swept into a spatial storm. It took them a few breaths before their surroundings became clear, and they returned to their original place.

“Pfft!”

After Yunxiao steadied himself, he coughed up a mouthful of blood on the spot.

Although he had not completely refined the Tusita Heavenly Mountain, he was still mentally connected to it. The huge backlash from this attack passed through the mountain and into his body, tearing apart his serious injuries that had yet to recover.

damn it, this world of everlasting life is really my nemesis. I'm afraid I won't be able to recover from my injuries before I leave this place.

Yunxiao grumbled in his heart and said to himself, “The worst thing is, I'm afraid I can't even leave.”

The Tusita heavenly peak had been smashed into the ground, with half of the mountain buried into the ground.

Yunxiao had never seen such a terrifying scene since the birth of the Tusita peak.

In the distance, the man in battle clothes had stretched out his right hand and was holding the earth overturning seal. He was motionless and his face was abnormally pale.

“Pfft!”

The man was finally injured and could not help but spit out a mouthful of blood. He retracted his arm stiffly and put away the earth overturning seal. He looked at the few of them with eyes full of fear.

Chapter 1962-Zhan Yu

Yunxiao slapped his palm on the Tusita heavenly peak gloomily and put it away. Then, he said with a wry smile, "big brother, I should've told you that you're so powerful. If I knew you were so powerful, I wouldn't have fought you. Let's have a good talk.

The man in battle clothes felt bitter in his heart. Although the earth overturning seal was powerful, this kind of profound level weapon recovered its spiritual energy very slowly. It would take a long time to refine it every time it was used.

The attack just now had almost consumed one-third of the earth overturning seal's power, but only injured one person.

Mu Xing was still immersed in the power of the attack and only came back to his senses after a long time. "Since you have the earth overturning seal, what about the heaven flipping seal?"

The man in the battle suit forcibly raised his Zhen Yuan, and the bones all over his body crackled, making a defensive posture. It seemed that he didn't intend to speak, but he also didn't intend to let them enter the valley.

"May I ask for your name, Sir?" mu Xing asked with a frown when he saw that he was silent.

Only then did the man in battle clothes spit out two words, "Battle Qi."

The name was very unfamiliar, and no one seemed to have heard of it. Mu Xing and Gu Qingqing looked at each other and shook their heads.

Gu Qingqing said, "since you've never heard of it, then you don't have to be polite." Li Yunxiao, throw your Tusita peak at him. I don't believe he won't leave that place!"

"Alright!"

Yunxiao also took a deep breath to heal his injuries, then slowly held the Tusita peak in his palm, letting out a gentle six-colored light.

The battle Qi was shocked, and he took a step back.

Suddenly, a golden light flashed beside him, and a man appeared out of thin air. He was also wearing a battle suit, and his face was cold. It was unknown when he had appeared, but he was coldly looking at everyone.

“Big brother,”

The battle Qi was shocked, he then looked at the man beside him and asked, “Are you done?”

The man was Zhan Yu, Zhan Li’s brother, and his face was grim. He shook his head and said, “That old fart refused to calculate. No matter how I threatened or bribed him, he still refused to die.”

what did you do to her?! Gu Qing Qing was shocked and furious.

“Then what should we do?” asked the puppet fighter, frowning.

Zhan Yu said coldly, “since the eternal world has reopened, it must be the time for the laws to return to the earth.” We don’t need to seal ourselves anymore, and we can return to the realm of heavenly martial arts. As for this old man who won’t die, I plan to take him with me. I don’t believe that we brothers can’t do anything to him.”

He looked at the people in front of him coldly and said in a harsh tone, “ what? you can’t even get rid of a bunch of ants? how did you become so trashy? ”

The battle Qi lowered his head in shame and said, “Big brother, their strength can not be underestimated. Moreover, the mountain in that kid’s hand seems to have condensed the earth of the five elements in the world. I don’t know how he refined it to such an extent that even my earth overturning seal can’t suppress it. ”

“Oh?”

Zhan Yu's eyes narrowed as he looked at the mountain in Yunxiao's hand. Suddenly, his eyes flickered as he said in a serious voice, " this is an ancient method of refining. It was created by gathering different earth elements. I seem to have memories of this treasure. I think it's called the 'seven-colored Tusita Heaven'?"

Yunxiao's body trembled, and his heart was filled with horror. The lingmu flute had refined the Tusita heavenly peak according to an ancient method, but he did not expect that the man in front of him could see through it with a single glance.

the ancient method?" the battle Qi cultivator was also shocked, " isn't it the same as our sky-turning upside-down seal?"

"Tsk, tsk, things are getting interesting. Not only does she have the seven-colored Tusita sky, but if I'm not wrong, this little girl should have the Nirvana body of the heavenly Phoenix!"

Zhan Yu's lips curled into a vicious smile, and his eyes burst with an intense light as he stared at Fei Ni.

Although he found the seven-colored Tusita Heaven interesting, it was not as interesting as Fei Ni.

"Heavenly Phoenix Nirvana body!"

The battle Qi was also shocked, and he took a closer look at Fei Ni, and he could indeed feel the power of the Phoenix essence from her.

hahaha, what a lucky turn of events. The heavens have actually sent me the heavenly Phoenix Nirvana body at this time!

Zhan Yu stared at Fei Ni, and the more he looked at her, the more he liked her. He couldn't help but laugh out loud.

are you so confident that your luck has turned for the better?" Yunxiao said coldly. are you sure that God has not sent you the King of Hell?"

Zhan Yu's eyes were full of mockery. The complete Tusita Heaven should have seven colors, but there are only six on your palm. It's obvious that you haven't cultivated it yet. Also, I can see that your complexion is extremely poor. You don't have any strength to fight at all. The remaining few may be troublesome, but I'm confident I'll be able to take them down."

His body flickered, and he actually charged forward boldly. He was extremely arrogant. With a movement of his body, he appeared above Feini and reached out to grab her.

He extended his five fingers, and five giant pillars immediately appeared between heaven and earth. They turned into a cage of golden light that covered the area.

His arrogant action of treating Feini like a piece of cake immediately infuriated everyone.

Fei Ni was also infuriated. Her body burst into flames and turned into the form of a Heavenly Phoenix. She spread her wings and soared into the sky.

As soon as the boundless sea of fire spread, it was pierced by the five golden light pillars, creating five vacuums. The heavenly Phoenix Fire burned fiercely, but it couldn't get close to the cage.

The five pillars of light pierced through the sea of fire and into the ground. Zhan Yu then made a grabbing motion with his fingers.

The pillar of light immediately squeezed towards the center, tearing the earth and the sea of fire apart. Gravel constantly broke up from the ground.

This one move was earth-shattering, and the Phoenix shadow that Feini had transformed into was forced to reveal its true body. Trapped by the five pillars of light, it began to panic.

Suddenly, the space behind Zhan Yu distorted, and Yunxiao teleported out and thrust his palm at Zhan Yu.

The Tusita heavenly peak spun in his palm and grew bigger in the air.

“You’re courting death!”

Zhan Yu shouted and raised his other hand. A blinding golden light flickered, and countless formation patterns appeared, but they were difficult to recognize under the blinding golden light.

An ordinary golden seal rose from his palm and blasted out!

“BOOM!”

The sky turned upside down, the clouds changed, and time and space seemed to freeze at this moment.

“Pfft!”

Yunxiao coughed up another mouthful of blood. A golden light emerged from his body, and he fell from the sky.

“My husband!”

“Flying!”

Feini and qu Hongyan cried out at the same time. Feini was anxious. No matter how she used her supernatural power, she could not break out of the cage. The cage was getting smaller and smaller, and she was about to be completely imprisoned.

...

In a flash, qu Hongyan caught Yunxiao and then landed on the ground, gently putting him down.

After the attack, Zhan Yu did not feel smug. Instead, his expression changed drastically, and his eyes flickered as he stared at Yunxiao. “Could that be the light glass body of the king of the southern region, Xiao fengcan?”

“You’d better think about your own funeral first!”

Several beams of light shot up into the sky and attacked at the same time.

Zhan Yu’s brows furrowed. He had almost ignored bu Zi and the other two. With a wave of his sleeve, a golden light shot out, forcing the three of them back.

However, Gu Qingqing, mu Xing, and Yi made him more alert. He turned his left hand again, and the Golden stamp appeared in his palm, then he pressed it down.

“BOOM!”

A huge Maha ancient character flew out from the sky-turning seal and crushed the space. The three of them were also forced to retreat.

Gu Qingqing, who was the weakest among them, spat out a mouthful of blood and fell to the ground like Yunxiao.

Mu Xing’s body was dented by the sky-turning stamp, and he was sent flying thousands of feet away.

Yi was the only one left standing on the spot. The blood-red light on his body bloomed, and he completely digested the power of the mark after retreating a few thousand feet.

...

“Eh? Void divine realm! Battle Qi, I’ll leave this man to you.”

Zhan Yu’s expression changed slightly. He immediately sensed Mo’s aura, but he had only stepped into the void divine realm for a few breaths. After dispersing the power of the heaven upheaval seal, he had returned to the divine sovereign justice realm.

Thus, Zhan Yu immediately determined that Yi would not be able to maintain his peak void tier cultivation for long.

He clenched his fist and the five rays of golden light immediately separated and shrank. The sea of fire that filled the sky was extinguished and the five rays of golden light were like a rope that bound Feini.

“Ah!”

Feini cried out in pain. The golden light penetrated his body and dug into his flesh, causing bright red blood to ooze out.

There was still a Phoenix Fire on her body that had not been extinguished, and it was unclear whether it was fire or blood.

“Clang”

Qu Hongyan’s sword flew over and The Purple Cloud sword hit the five light pillars. Countless Disha sword Qi rushed up and immediately cut off two of them. Then, he struck out with his sword to cut the other three.

“Stop!”

Zhan Yu let out a furious roar and flicked his five fingers. Instantly, several rays of golden light shot down. They were as sharp as swords, and each one of them easily sliced through the void.

“Bang! Bang! Bang!”

Qu Hongyan was shocked and hurriedly retracted her sword to defend herself. Several golden rays hit her sword, forcing her to retreat.

Zhan Yu's face darkened. He could also see that Qu Hongyan was a difficult person to deal with. Now that he had obtained the heavenly Phoenix Nirvana body, he didn't want to waste any more time. His five fingers clenched.

The remaining three golden threads locked onto Feini even more tightly. Fresh blood spurted out and Feini was in extreme pain as he flew towards his body.

"Eh."

Suddenly, a voice rang out beside Zhan Yu's ear. It was as if someone was speaking right next to his ear.

"Who is it?"

Zhan Yu was shocked. His entire body trembled as he hurriedly turned his head.

There was no one behind him, only a huge pupil that emitted a strange light staring at him.

"Moon pupil?"

Zhan Yu's heart jumped, but he did not panic. His eyes also narrowed, and a wave of mental energy charged out.

"BOOM!"

The image of the moon eye was dazed for a moment before it shattered.

However, the moment the scene collapsed, twelve huge figures stood up from all directions. They stood a thousand feet away, and a vast power suddenly descended.

"A formation?"

Zhan Yu saw through it with a single glance and was slightly shocked. Although he could not identify the formation, its aura was clearly extraordinary.

But, he did not panic. Instead, he looked at Yunxiao, who was standing next to a huge puppet in front of him with his hands folded in a seal, and his body was covered in blood. Not only that, but his right pupil seemed to have been severely injured, and blood was flowing out.

tsk tsk, using eye techniques to buy a moment of time to form a formation. It seems like you're at your wit's end.

Zhan Yu laughed coldly. The four golden threads had already lifted Fei Ni up, and he was holding her in his hand like a piece of cargo.

Feini seemed to have fainted at this moment. The blood of the celestial Phoenix was flowing out from the strangulation marks all over her body, dripping down continuously.

Qu Hongyan also appeared next to Yunxiao. She looked at him in horror and called out softly, "Soaring clouds"

Chapter 1963 Breaking the formation by force

Yunxiao's appearance at the moment was very terrifying. Under his calm face, there was not a single ripple, and his right eye was occupied by the moon pupil, with blue veins protruding and bleeding.

"Feiyang, are you alright?"

There was a sense of fear in qu Hongyan's heart. Yunxiao was seriously injured, and he was so quiet at the moment that it was frightening.

"I'm fine," she said.

break! Yunxiao said, and the incantation gestures in his hands began to change.

A rumbling sound came from the formation. Suddenly, the wind and clouds changed, and lightning flashed and Thunder rumbled. It was a myriad of phenomena.

Zhan Yu looked over carefully, and the more he looked, the more shocked he became. This formation was filled with endless killing intent, and even someone as knowledgeable as him could not see through it. It was as if the entire formation was flawless.

“What kind of formation is this?” Zhan Yu asked in a low voice.

But, Yunxiao did not answer. Instead, he kept performing incantation gestures with both hands, and different celestial phenomena condensed in the sky, rolling and moving.

The few people outside the array were also alarmed.

The battle Qi and Yi were locked in a fierce battle. The earth overturning seal only had two-thirds of its power left, and it could only be used two more times against an expert like Yi.

Gu Qingqing looked at the twelve divine beings killing formation in shock, and the aura it emitted made her feel scared.

Suddenly, a ray of light flew over. It was mu Xing, who had just been knocked away. He flew to Gu Qingqing's side and looked at the formation with surprise and joy.

He had personally refined the six ding and six Jia, so he knew their power like the back of his hand. Moreover, Mu Chen had perfected them, so their power was boundless. If they were fully unleashed, it would be equivalent to recreating the ancient ominous formation.

The only thing he was worried about now was how much power Yunxiao could exert from the array with his strength.

In the divine fiend array, Yunxiao put his palms together and suddenly stretched out a hand, then performed an incantation gesture and slapped forward.

Instantly, a layer of green light flickered in the sky. A puppet in front of Zhan Yu moved, and it also struck out with a palm.

The puppet did not transform into a giant spirit, but it was still as tall as two or three people.

The puppet's expression was extremely lifelike, just like a real person. It glared at Zhan Yu in anger, looking extremely beautiful.

Under that palm, the lines on the palm were clearly visible. The entire array was flowing with green light, as if all of it had gathered and was compressed by that palm. Then, it was slapped out!

“BOOM!”

With a single palm strike, the air around the puppet exploded, and countless vacuums appeared, emitting ear-piercing howls that caused one's head to split.

Zhan Yu was shocked. Although the power of this palm was not enough to defeat him, he did not want to take the puppet head on. That would be the same as using his physical body to receive the other party's weapon.

With a flash of golden light, he immediately dodged to the side, trying to avoid the attack.

However, who would have thought that the puppet's palm would suddenly change, and it actually changed its attack in mid-air. Its five fingers clenched into a fist, and the energy in its palm exploded with a bang, forming a vortex.

The puppet's figure flickered and disappeared from its original spot. In the next moment, it teleported in front of Zhan Yu and struck the vortex.

“What?”

Zhan Yu's eyes almost popped out of their sockets. How could it be so quick-witted? was it still a puppet?

After the puppet released the vortex in its palm, the corners of its mouth seemed to curl up into a cold smile.

"Is this Suan ni really a puppet?"

Zhan Yu was stunned once again, his heart on the verge of breaking down.

However, the situation didn't allow him to think too much. With a stern shout, he formed a seal with one hand and slammed it forward!

"BOOM!"

The vortex was immediately shattered by his palm force. The force passed through and hit the puppet, causing it to buzz.

However, Zhan Yu was shocked. After the puppet received the blow, it did not take half a step back. The area where the force had struck had caved in the size of a palm.

All of a sudden, a large amount of lightning appeared on the puppet's body and gathered toward the depression. Under the crackling of lightning and thunder, the depression kept recovering.

"Lightning tempering!"

Yunxiao's expression did not change, but his eyes flickered as a large amount of information emerged in his mind, all of which were taught to him by mu Xing. Half of them had been digested, and the other half had not yet been digested.

Not only did these puppets contain the memory origin gold that could recover itself, but there was also a large amount of Thunderstone powder that could transform spirit Qi into Thunder energy. With the memory origin gold tempering the body, the original body could be restored quickly.

Furthermore, when the power of lightning was activated, the entire formation would react and send an endless stream of power into the puppet's body to replenish its energy.

While the formation was running, it also drew power from the surrounding heaven and earth. So as long as the formation was activated, it was almost impossible to break.

The puppet took Zhan Yu's attack head-on. After its chest recovered from the depression, it once again clenched its hands and slapped out with even more power than before.

Zhan Yu's heart was filled with shock. With his experience, he could naturally tell that this puppet was not ordinary. He immediately understood the situation he was in. He had fallen into an extremely powerful formation, and even the might he was seeing was only an illusion on the surface.

He didn't want to waste too much energy before he had a clear idea of the situation. He used his movement technique to run through the array, leaving many afterimages to avoid the puppet's attack.

"Bang!"

"Bang!"

The puppet shattered all the afterimages with its palm strikes, but it still continued to pursue. Only afterimages could be seen flying in the entire array.

Originally, the longer the battle dragged on, the more advantageous it would be for Yunxiao, because the operation of the formation could automatically absorb the spirit energy of heaven and earth, and even the heavenly Phoenix true force that filled the sky could be used. But, his injuries were too severe, and the Golden glazed light kept flickering, so he could only keep it from worsening. He had to end the battle as soon as possible.

“I’ll go and help the puppet to save sister feini,” qu Hongyan said.

“No need,”

Yunxiao’s face was calm. After uttering those two words, his hands began to change incantation gestures. His eyes flickered over the twelve puppets one by one, memorizing their changes and comparing them with what he had learned in his mind.

Suddenly, three more puppets moved, leaving their original positions and attacking Zhan Yu.

The three puppets executed the same martial technique. With a wave of their hands, a golden ring of light shot out and instantly expanded to half an acre in size, enveloping all the afterimages in the formation.

“Bang Bang Bang!”

...

Under the encirclement of the golden light, the dozens of afterimages all exploded. After the circle of light shattered the afterimages, it expanded and slashed towards Zhan Yu.

Zhan Yu’s expression was extremely unsightly, but his eyes flickered with a bright light. His eyes were like water, and no negative emotions surfaced. He was clearly still very calm.

His movement technique was extremely ingenious, and every step he took was almost at a point that was difficult to detect. Although the four puppets were attacking, they rarely forced him to take the attack.

The four puppets had exchanged hundreds of moves, but Zhan Yu had only made ten moves in total. Moreover, he had only made a point and did not want to fight it head-on. He dodged while observing the weak points of the formation. However, his expression became uglier and uglier. In his eyes, this formation seemed to be invulnerable.

“Impossible! Every formation had its weakness. Only a formation formed by the heavenly Dao, which was formed by ‘Dao’ itself, would be invulnerable. There must be a weakness under the laws of Dao!”

Zhan Yu carried feini and walked around the formation, but he could not find a way to break through it. There was only one possibility. Even if the formation had a weakness, it was beyond his understanding, and he could not break through it.

Outside the God fiend formation, Gu Qing Qing was surprised, “ the ‘heaven flipping’ and ‘earth flipping’ seals were famous in the ancient times, but the Zhan Yu and Zhan Li brothers are not famous at all. However, their strength is terrifying. Look at Zhan Yu’s movement technique, it’s unbelievable. It’s almost on the level of the Dao.

this footwork should be the legendary ‘Dao footwork’, ” mu Xing muttered. it’s a footwork that was created by an ancient mighty figure by prying into the movement of the stars and imitating the trajectory of the heavenly Dao. When it’s executed, it has the shadow of the heavenly Dao. It’s a Supreme technique.

Gu Qingqing was shocked. She stared at the steps and tried to memorize them, hoping to learn a thing or two. However, she was shocked to find that every time she memorized a step, she would forget it in an instant. It was impossible to remember it.

“Don’t waste your effort. Since it’s a Dao step, how can it be remembered by a human’s sea of consciousness?”

Mu Xing saw her embarrassment and snorted, “ “Although it’s only the Dao step, under my twelve divine beings killing formation, there’s still no way out. It’s just that Yunxiao has some concerns. He’s afraid of hurting the heavenly Phoenix’s Nirvana body, so he doesn’t dare to use those overbearing and powerful moves. I’m afraid this battle will be dragged on for a long time.”

...

The two did not hide their conversation, and the battle Qi cultivator who was fighting with mo ku in the distance heard it clearly. He shuddered and said in shock, “ “The three great killing formations of the ancient times, the twelve divine beings!”

The battle Qi's face turned gloomy, and his firm heart began to waver.

No matter how strong the enemy was, he was confident that Zhan Yu would be able to defeat them. However, what had appeared before him was one of the three great ancient killing formations.

From the beginning of the world, when all things were born and countless living beings evolved, the conquest and killing had never stopped. Over the long years, there were only three formations that were notorious. Countless creatures had died under them, so their resentment soared to the sky. They attracted the mercy of the heavenly Dao and divine punishment, which completely wiped out the inheritance of the three formations. Even if there were some formation maps left, they were only damaged and could not exert much power.

Although Zhan Li didn't believe that it was the complete twelve divine beings killing formation, his confidence was shaken by the fact that Zhan Yu was still trapped in the formation.

Finally, he shook mo away with one move. His figure flashed and he appeared on the divine demon array.

He raised his left hand, and a silver light shone. A large silver light rose up like clouds.

"Earth overturning seal!"

"Boom boom boom!"

A huge Silver Seal the size of a small mountain fell on the sky above the divine demon formation, causing the sky to collapse and the earth to crack. The entire formation trembled non-stop.

The twelve puppets opened their eyes at the same time, glaring at each other as they performed different incantation seals in front of them.

Circles of golden light surged out of the puppet and turned into layers of formation light, blocking the silver Seal and resisting the power of the ancient profound weapon.

Zhan Yu also shouted out at the same time, as if he had seen an opportunity.

This formation was seamless, and it was impossible to find any flaws even if one observed it carefully. They could only break it by force, and the moment the earth overturning seal fell was the best opportunity!

A sheet of golden light rose from his palm. The huge golden seal churned continuously, rolling up and striking towards the sky. The two seals seemed to have sensed each other and released their weapon essence.

Chapter 1964-might of the fearsome formation

Under the terrifying joint attack of the two seals, the 12 puppets cracked open like the sky was falling apart. They were actually about to be completely shattered.

Yunxiao was also greatly shocked. His bones were constantly shattered by the aftermath of the double seals, and his flesh and blood exploded.

The earth-shaking power shocked Gu Qing Qing and the others, and they looked at it in horror, almost forgetting their existence.

“Feiyang, quickly leave!”

Qu Hongyan was horrified. Even she felt insignificant and powerless to resist such a world-ending scene.

She reached out to grab Yunxiao, but as soon as her fingers touched his body, they were flicked away by a bolt of lightning.

“Feiyang, you’re a coward!”

Qu Hongyan’s heart trembled slightly, as if she had a bad feeling.

“I can’t leave.”

Yunxiao only said these few words indifferently as the power in his body continued to condense. His skin turned pure gold, and a glazed light shone out, as dazzling as the sun.

The power in his dantian started to go berserk. Under the surge of the spirit power, the power of various attributes was like a pot of hodgepodge. It was boiling and finally erupting like a volcano, rushing into his extraordinary meridians.

Qu Hongyan's heart trembled violently. She felt that Yunxiao was like an energy vortex at the moment, and the terrifying pressure coming from across the air made her feel a little frightened. If Yunxiao used it with his current injuries, the consequences would be unimaginable.

However, she had no reason to stop him, and she knew that he would not stop.

Two lines of tears fell, and her eyes, which were as beautiful as the moon, turned red. She could only put her hands together in front of her chest and cry desperately.

“Boom boom boom!”

There was still a loud rumble between the heaven and earth. Under the heaven and earth overturning seal, gold and silver colors spun, and it was as if it was destroying the heaven and earth. The twelve divine beings were crushed and deformed.

All of a sudden, there was a flash of light behind each puppet, and a ball of golden energy appeared. It slowly took the shape of a human and grew larger in the air.

In an instant, 12 golden spirits appeared in the sky and attacked the two seals at the same time.

“咻!”

“The twelve divine beings!”

“Impossible!”

Zhan Yu looked at the 12 golden spirits, and finally, a thought flashed through his mind. He thought of the origin of this formation, and he was so shocked that he sucked in a cold breath.

“Big brother! Hurry up and run!”

The battle Qi wielded the earth overturning seal in the sky, and silver energy poured out of it.

Previously, they had thought that the formation would be broken by the combined attack of the two seals. Neither of them was willing to exhaust the power of the two seals. Now that the twelve fiendgods had appeared, they could not care less.

Zhan Yu didn't dare to hold back anymore. The golden seal flipped over, and boundless light rolled out.

“BOOM!”

A crack finally appeared on the divine demon array, and the golden light pierced through it, pointing to the sky.

Zhan Yu was overjoyed. He laughed wildly as he grabbed onto feini, and suddenly transformed into a golden light, charging out through the crack.

The battle Qi also heaved a breath of relief, but all of a sudden, his body trembled, and his eyes were filled with fear.

The combined attack of the 12 godfiends did not dissipate because of the crack created by the sky-turning cauldron. Instead, it became more condensed, and the aura from the primordial era gradually became stronger.

Above the twelve divine fiends, a figure slowly condensed. It was not illusionary but seemed to have a real body. Covered in scales, it grabbed a halberd condensed from golden light and stabbed forward!

The heavens and earth instantly flipped, and the sky shattered!

Zhan Yu and his brother immediately felt the danger of death. That destructive power seemed to tear through space and time, wanting to devour the two of them completely. The battle robes on their bodies also let out an explosive sound under the pressure of that halberd.

“Hurry up and attack!”

“Heaven flipping!”

“Earth-shattering!”

Zhan Yu and his brother were greatly shocked. The joy they had felt when they had just escaped was completely gone, replaced by endless fear. The heaven and earth flipping seals smashed down without holding back, and all of their remaining power was used up in this attack!

“BOOM!”

The two seals combined in the air and turned into a huge tower. It suddenly fell and hit the halberd.

The sky fell and the earth cracked, the sun and moon dimmed, and the space within a radius of hundreds of miles was sucked into this attack.

It was as if the end of the world had arrived. Everyone desperately circulated their Yuan Qi to resist the terrifying shock waves.

“Flying!”

In a moment of desperation, Qu Hongyan withstood the strong impact and used her sword beam to split open a vacuum, which protected Yunxiao inside.

But, the force of the impact was too strong. Yunxiao's body was torn apart and a lot of blood was flowing out. His face was frighteningly pale, but his eyes were fierce. He grabbed Qu Hongyan and said, "don't worry about me! Save Feini!"

Qu Hongyan covered her mouth and tried not to cry. She knew that she had to save Feini, or the battle would be in vain. Yunxiao's desperate attack would also be in vain.

"Clang!"

She thrust the purple firmament sword into the ground and performed several incantation seals. Immediately, a purple sword realm opened up and protected Yunxiao within it. Then, she turned around and turned into a beam of light, rushing into the boundless vortex.

The Zhan brothers did not have it easy either. The battle robes on their bodies were torn and peeled off, and their internal organs were also jolted to the point of churning, as they spat out large mouthfuls of blood.

"Big brother, let's go!"

The Zhan Qi flew to Zhan Yu's side and found that Zhan Yu's face was extremely pale. He couldn't even stabilize himself in the storm and was moving along with the spinning force.

The heaven and earth flipping seal was shattered by the halberd, and Zhan Yu used all his strength to defend in front of the battle Qi Practitioner, and he even made the last strike. Only then was he heavily injured, and the two of them were sucked into the whirlpool together.

The battle Qi grabbed onto Zhan Yu and turned into a beam of light to escape.

"You want to leave? go to hell!"

...

Qu Hongyan's shrill voice was heard, and the battle Qi was shocked to see a row of sword lights in front of him. There were more than a hundred of them, and they stood in the storm, blocking his way.

In front of those sword lights, a beautiful figure appeared. Qu Hongyan's veil had come off at some point, and her beautiful face was full of ferocious killing intent.

“Innumerable sword scroll!”

Qu Hongyan's hands turned into sword fingers. She raised her arm, and suddenly, thousands of swords flew around and turned into a sword diagram. Then, they scattered like a shower of stars and slashed down!

The battle Qi cursed in his heart, the earth overturning seal had lost its power, he was injured by the attack just now, and he still had to take care of the two unconscious men.

He grabbed onto Zhan Yu with one hand and Fei Ni with the other, running rapidly through the ten thousand swords. He was also using the Dao steps.

However, although his movement technique was profound, it was difficult to block the power of the ten thousand swords. From time to time, there would be sword rays shuttling over, and he could only raise his leg gloomily to kick out and destroy the sword rays.

Qu Hongyan's face was covered with ice as she stared at him coldly. Her body moved and she also rushed into the sword array, using her fingers as a sword to point at it.

The battle God felt a chill in his throat, he quickly took a step forward and dodged the sword finger that was coming at him. At the same time, he raised his leg and kicked behind him.

“Bang!”

The air exploded, and cracks appeared on the battle Qi cultivator's feet.

...

Qu Hongyan's afterimage also exploded, but her real body was already close, and her palm was about to chop at the puppet fighter's neck.

“噫!”

The battle God felt a chill down his spine, and in a panic, he quickly used feini as a shield in front of him.

Qu Hongyan was shocked. She quickly turned her palm into a claw and landed on feini's shoulder, trying to grab her.

The battle God was not going to let her go. A fierce look flashed in his eyes as he kicked out again, aiming for qu Hongyan's heart.

Qu Hongyan drew a circle in front of her body with her left hand and condensed a sword will. Then, she suddenly pointed her two fingers at the other party's calf.

“Bang!”

The two forces were both tiny and fine, and when they collided, they turned into thin spiritual pressure, which spread out like hair.

The four of them were all cut and bleeding.

Qu Hongyan and the battle Qi cultivators were shocked, they were worried that their men would not be able to withstand the intense battle and would be killed.

“Let go!”

Qu Hongyan shouted angrily. Feini was being held tightly by the other party, so she did not dare to use too much force.

Anger burned on that country-toppling face, and she couldn't bear to eat his flesh raw. Yunxiao was still down there, his life or death uncertain, and he felt anxious.

Zhan Li was in the same situation. He had been in the world for so many years, but he had never suffered such a great loss before. Seeing Yi and Gu Qingqing also rushing towards him, his heart sank.

He knew that it was impossible to take away the heavenly Phoenix Nirvana body today.

This thought flashed through his mind like a bolt of lightning, and he decisively let go of his hand, turned around, and left with Zhan Yu.

When he used his Dao steps, it was difficult to trace him. With a few flashes, he disappeared into the distance, leaving the referee and the others unable to track him.

Qu Hongyan handed feini to Gu Qingqing, who had just arrived, and then quickly flew down.

He saw that the sword World had been broken, and Yunxiao was nowhere to be found, leaving only the purple firmament sword.

“Ah? Flying!”

Qu Hongyan screamed and almost fainted when she saw that no one was around.

Bu Zi, Zhou Guang, and Mao Qiao were sitting not far away, meditating. They were all looking at her with wide eyes.

“Where's Feiyang?”

Qu Hongyan's face became ferocious. She stared at the three people with a murderous look and thought, "These three people are so close, but they're not moving. If something happens to Feiyang, I'll kill these three first."

The three of them were shocked. They felt the killing intent from Qu Hongyan and trembled with fear.

Bu Zi hurriedly pointed to the valley in front of them, and said, "Someone just came out and brought him in."

When the three of them were attacking the battle Qi Practitioner, they were all injured by the battle Qi Practitioner with just one move. They had no power to fight back at all, and they had been sitting there meditating the whole time.

He had been badly wounded by the shockwave of the terrifying blow just now, so he could only watch the stranger take Yunxiao away.

The valley had long been ruined. Some of the low peaks on the periphery had been completely flattened, and the scene inside could be vaguely seen.

"Clang"

Qu Hongyan pulled the purple firmament sword out of the ground, glared at the three people, and then jumped up and went into the valley.

Gu Qingqing, Mu Xing, and Yu also landed from the sky. Hearing their conversation, Gu Qingqing was shocked, and the three of them looked at each other before following them.

"Kekeke!"

Suddenly, a burst of strange laughter rang out in the sky. The sound was continuous and reverberated back and forth. The entire sky was filled with sound waves.

The four of them stopped and looked up coldly.

Before one wave had settled, another wave rose. The battle just now was too fierce, and the range of the tremors was too large, alarming the old monsters nearby.

Chapter 1965 The arrival of the main body

“Who is it? get out here!”

Qu Hongyan was in an extremely bad mood, so her words were not polite at all. Her sharp eyes were like sword lights, shining in the sky.

At this moment, she was like a sharp sword, slowly shining and about to cut the void.

“Hmm, what a pretty girl. Unfortunately, she’s too vicious, but her strength is not bad. Tsk, tsk, she’s really beautiful.”

The voice complimented a few times and slowly turned into a shadow in the sky. The shadow was hidden in a black robe, like a Dark Star embedded in the sky.

Qu Hongyan said coldly, “ I’m not someone you can judge. Come down if you want to die!

Gu Qingqing knew how she was feeling at the moment and sighed inwardly. She did not know how Yunxiao was doing, but since he was taken away by the people in the valley, it should be the hundred-wheel knot, which made her feel a lot more at ease.

“Of course I won’t. Otherwise, I wouldn’t be willing to live in secret until now, so I’m naturally afraid of death. Tsk, tsk, who was fighting here just now? the strength of the power actually transmitted to this old man and woke me up.”

The black-robed man slowly explained what had happened.

Qu Hongyan pointed her sword to the sky, and a murderous aura swirled around the sword. She shouted, "Bengong doesn't have time to listen to your nonsense. Whether you fight or stay, it's up to you!"

"Hehe."

The black-robed man had a fearless look and said, "Is that little girl holding the heavenly Phoenix Nirvana body? Give me this Nirvana body and I'll leave without a word. Although I don't know what happened just now, I can see that you've also exhausted a lot of your origin power. You're no match for me."

"You can try!" Qu Hongyan said coldly.

The purple firmament sword buzzed. It was clear and melodious, and it reverberated in the sky.

She was very depressed at the moment, and she even yearned for a battle to vent her depression. But, she was also a little anxious, fearing that the battle would affect the valley and affect Yunxiao's healing.

Gu Qingqing glanced at her and shook her head slightly, meaning that it was better not to fight.

Qu Hongyan sneered and said sarcastically, "If we don't kill this old thing, he'll be so arrogant that he thinks we can't beat him."

"Tsk, tsk, you speak as if you can beat me."

The black-robed man sarcastically said, "Moreover, can you still ensure the lives of your companions in a battle? I just want this Heavenly Phoenix Nirvana body, why do you want to hurt our relationship?"

Hearing this, Qu Hongyan was so angry that she felt dizzy and almost couldn't take it anymore. She scolded, "I only want your life, old thing. Why do you want to hurt our relationship?"

old thing, you're really shameless. If you don't want to die, then get lost!

Gu Qing Qing was also speechless. Her eyes flashed with coldness as she said coldly.

The black-robed man was silent for a moment. His eyes flashed with killing intent as he said coldly, "You've really decided to go against me? Even if this old man can't take away the heavenly Phoenix Nirvana body, I can still destroy it with my might. No one can get it, and you can't do anything to me."

"Truly shameless. What if this young lady is added in?"

A woman's voice came from the distance and arrived in the blink of an eye. A graceful figure appeared from the light.

She was wearing a purple and blue dress with a long skirt with Rusty Cloud patterns.

The woman was fresh and refined, with an extraordinary temperament. However, she had a cold expression on her face and a sneer on the corner of her mouth.

She raised her Jade-like fingers, and a red light appeared as she slowly twirled them. She stepped on her crescent-shaped shoes and slowly walked out of the void.

The black-robed man immediately felt a wave of pressure and said in shock, "You, you're Yingluo."

The woman chuckled. Red light flickered on her fingertips and she flicked her fingers, immediately turning into a red light and flying forward.

"Bang!"

The black-robed man immediately attacked. His five fingers turned into a Tiger's Claw and struck the red light, causing it to explode. However, his entire arm trembled and he was shocked to find that his five fingers had been cut by countless sharp lights, and there were dense wounds all over.

"Void extreme God Realm!"

The black-robed man's face turned ugly, and a fierce look flashed in his eyes, "Who the hell are you? Why do you want to be my enemy?"

The woman curled her finger and said sarcastically, "If you want to fight, then stay. If you're afraid of death, then get lost. What nonsense are you spouting!"

"You coward!"

The black-robed man was infuriated. He bared his fangs and brandished his claws madly for a while before he calmed down and said, "Alright, since you want to protect them, I'll give you face. However, now that the heavenly Phoenix Nirvana body has appeared in the eternal world, hehe, I'm afraid it will be hard to calm down, hahaha!"

The black-robed man laughed wildly. Suddenly, the space distorted and he disappeared in the sky in a flash.

"Pfft, throwing such sour words when you can't win, are you still a man? Get as far away as you can!"

The woman cursed, turned around, and landed in front of Qu Hongyan and the others.

The few of them looked at the woman in shock. They didn't know who she was, and they didn't understand why she was helping them.

Qu Hongyan put away the purple firmament sword, cupped her fists, and said, "Thank you for your help. You are bi an?"

Gu Qing Qing waved her hand and laughed, "You're welcome. She's me."

"She's your Yingluo."

Qu Hongyan was stunned for a moment, and then she suddenly understood. She was shocked to see that the person in front of her was Gu Qingqing.

“Hehe.”

Gu Qingqing laughed and put her face close to Qu Hongyan, “What’s wrong? between you and my ancestor, who’s more beautiful?”

Qu Hongyan was confused and turned her head away. She was uncomfortable with Gu Qingqing’s aggressive attitude, so she turned and ran into the valley, saying, “I’ll go see Feiyang.”

“Hahaha.”

Gu Qingqing and ‘Luo yunshang’ both laughed and ran into the valley with Mu Xing and Yi.

Only Bu Zi and the other two, who were not far away, were left with blank expressions.

However, the three of them had no sense of existence at all. They had no human power because of their low strength. Qu Hongyan and the others had even forgotten about their existence, leaving only the three of them outside the valley.

cough, cough cough, I say, Yingying’s place doesn’t seem too safe. Let’s go into the valley too.

Bu Zi clenched his right hand into a fist and coughed a few times. He secretly glanced at the other two people.

...

“The question is, is there a share for you in the valley? Where are you going to stay after you go in? Then it’s better to just sit down and recuperate.”

The three of them were considered the top experts in the realm of heavenly martial arts. They were treated the best everywhere they went, but here, they were treated like guards.

“I’m not worried about my reputation, but there are too many old monsters in the eternal world. We can’t deal with any of them. To tell the truth, I do regret coming here, but it’s too late. I can only brace myself and continue. But, Yunxiao’s promise to become a God is indeed attractive. If we can become gods, we won’t have come here in vain, and we won’t have suffered with him in vain.”

Mao Qiao said slowly. His words had touched his injuries and he couldn’t help but cough.

“I can only hope that I can become a God by following him. Otherwise, I would have run away long ago!” Zhou Guang complained.

Bu Zi pondered for a moment and said, “there are so many top masters in the eternal world. If all of them run out, the entire realm of heavenly martial arts will be in shambles.”

The other two’s faces also changed slightly. Thinking of this possibility, they couldn’t help but shiver. They were afraid that the entire heavenly martial arts realm would be reshuffled, and if it wasn’t handled well, it would be a bloody storm.

“Hmph, if the sky falls, there’s a tall one to hold it up. We don’t have to worry about it.”

Mao Qiao swallowed some elixirs and looked better. She started to meditate.

The other two also glanced at each other and hurried to recover from their injuries.

Qu Hongyan and the others entered the valley and walked for a while before they saw a stone house.

...

All kinds of strange mountains and rocks were piled up around the house, making it look like a small courtyard. There was even Spirit Water trickling in front of the house. The only thing lacking was that there were no trees.

“Be careful, there’s a restrictive spell.”

Gu Qingqing saw qu Hongyan running straight to the small house and immediately shouted to remind her.

Sure enough, a ray of light flashed in front of him and shook qu Hongyan away.

Don’t worry. Since it’s Lord bailun who has brought Yunxiao in, there shouldn’t be much of a problem.

Gu Qingqing looked at her anxious face and comforted her.

“I hope so. Are we just going to wait here?”

Qu Hongyan couldn’t calm down and she didn’t know what to do.

Gu Qingqing chuckled. isn’t feini your good sister? she’s unconscious. Can’t you take some time to treat her? ”

It was only then that qu Hongyan remembered that feini was still seriously injured and unconscious. She secretly blamed herself for being too careless and hurriedly asked ‘Luo yunshang’ to put feini on a big stone and heal her.

The surroundings suddenly became unusually quiet. As there were no other creatures in the world of everlasting life, there were no insects, fish, birds, or beasts, so the silence was a little strange.

Mu Xing and Gu Qingqing were used to it, but the judge was still uneasy. He paced back and forth, and finally couldn’t help but ask, ” “Gu Qingqing, is the fan Yao clan really still living in the eternal world?”

“Hehe, what’s wrong? are you scared?”

Gu Qingqing blinked her eyes and stared at him teasingly.

“Hmph, whether I’m afraid or not is another matter. I’ve now stepped into the void extreme divine realm and also obtained the Buddhist demon Divine Art, so what’s there to be afraid of? I just wanted to ask.”

The referee snorted gloomily and began to explain. However, the more he explained, the more guilty he seemed.

Even he himself realized this. Looking at Gu Qing Qing’s playful smile, he was very uncomfortable, so he admitted it, “It’s not surprising to be afraid. After all, the Buddhist demon clan is the most powerful existence among all the demons. If there really is such a demon, it will definitely be a great obstacle for me to ascend to the throne of the demon Emperor.”

Gu Qing Qing’s smile disappeared, and she nodded, “It’s most likely true. Although I’ve never seen it with my own eyes, this demon is very famous in the eternal world and no one dares to provoke it. That’s why pang Yun told us about the heavenly Phoenix’s true tail feather. His intention was to send us to our deaths.”

“Then, are you going to take the heavenly Phoenix’s true tail feather?” Mo’s eyes flashed.

Gu Qingqing smiled and said, “the true tail feather is not very attractive to me. I just want to become a real God as soon as possible. I want to live a few hundred or even a thousand more years of free and happy life. Fighting and killing isn’t something for us girls to play with.”

She blinked her eyes and folded her arms in front of her chest, looking very pitiful.

Chapter 1966-using one’s body to help with refinement

Frustrated, mo flicked his sleeves and snorted coldly, “Old witch, why are you acting so young? You’re from the same generation as my ancestors, so I should call you great-grandmother, and you’re a girl?”

“You’re dead!”

Gu Qingqing shrieked, but her face immediately darkened.

The air around him condensed into snowflakes, and even from a distance of more than ten feet away, he could feel the chill coming from the air.

If it wasn’t for the fact that the Baishu Yui was saving people in the stone house, she would have already killed them.

Mo’s heart skipped a beat, and he realized that Gu Qingqing’s strength was above his. If he angered her, she might really kill him. Women were capable of anything when they went crazy.

“Yes.”

ah! Fei Ni suddenly muttered and seemed to have woken up. However, her eyes were still tightly shut and she looked like she was in great pain. Beads of sweat the size of beans were flowing down her cheeks from her forehead.

Gu Qingqing hurried over and grabbed feini’s hand. There were red lines on her wrist, and then on her neck, there were also several Scarlet blood lines.

“Phoenix vein!”

“She’s about to break through, but she’s lacking the heavenly Phoenix essence force,” Gu Qingqing said in a deep voice.

After she finished speaking, she took out a pile of Red Phoenix Fire phosphorus stones, which she had collected when she was awake. There were tens of thousands of them, and they were all piled up beside feini.

Suddenly, the phosphorus stones seemed to be on fire and gave off a clear flame. Red threads flew out from the flame and went towards Fei Ni's body. They were absorbed the moment they touched her skin.

The bloody lines on feini's wrist and neck became even more visible. They even extended to her cheeks and covered her entire body. Her pained expression was relieved and she became calm. She sat cross-legged on the big rock.

Gu Qing Qing's eyes lit up and she said with jealousy, "The bloodline of the celestial Phoenix is the true ruler of this world, and it has received the greatest approval from the true force of the celestial Phoenix. Her cultivation speed in a day here is equivalent to our cultivation speed in a year."

Qu Hongyan breathed a sigh of relief when she saw that feini was fine. She was also happy for Gu Qingqing. If feini could step into the realm of true immortals, with her special physique as a Heavenly Phoenix, she would be a great help to Yunxiao and their alliance.

"Just a few Phoenix Fire phosphorus stones and this little girl is like a fish in water. If she gets the heavenly Phoenix true tail feather, I'm afraid she can directly fly into the sky."

Mu Xing also looked envious and jealous as she stood with her arms crossed and watched quietly.

"Hehe, a real tail feather? Who would dare to provoke that ten thousand year old demon?"

Gu Qingqing laughed. as long as this girl cultivates here for eight to ten years, it's only a matter of time before she steps into the realm of divine sovereign justice.

Qu Hongyan looked at Gu Qingqing and felt very uncomfortable. She said in a low voice, "Gu Qingqing, since you're here in person and you promised Feiyang to return Yunshang's body, will you keep your promise?"

"Hehe, of course I'm guarding."

Gu Qingqing put her face close to Qu Hongyan's and blew a breath on her face. She said flirtatiously, "Who asked you to be so beautiful that this young lady is jealous. Why don't you sacrifice yourself in

place of your disciple and let this young lady descend into your body, so that I can properly enjoy this world-toppling beauty?”

Seeing the anger on Qu Hongyan's face, Gu Qingqing quickly said, "I'll just descend for a year. I'll return it to you a year later."

"Then one month ... One month should be fine, right?"

Hey, hey, don't go. Let's discuss this again. I just want to experience what it feels like to have such a face.

"Clang!"

Without saying anything, Qu Hongyan thrust her sword at Gu Qingqing and forced her away. She scolded, "If you continue to be such a rascal, don't blame me for not considering our friendship as fellow disciples."

For three thousand years, the divine cloud Palace had regarded Gu Qingqing as a celestial being and respected her very much. However, she did not expect her to be like this, which made Qu Hongyan not know whether to laugh or cry.

"Fine, I won't play then. If you won't give it to me for a month, what's there to talk about being in the same sect? I don't have a fellow disciple like you."

Gu Qingqing puffed up her cheeks and walked to the side angrily. Luo Yunshang followed her.

The two of them sat opposite each other, their palms touching each other. They immediately entered a wonderful state. Yunshang's body glowed with a hot red light, which spread out in circles like the sun.

Qu Hongyan was shocked and felt that the movement was a little too big. She was afraid that they would interfere with each other, so she immediately set up a boundary between the two to separate them.

On Yunshang's body, the rainbow stone on her forehead flashed. The red light was coming from the rainbow stone, which formed some kind of vibration with her body. The light was extremely hot.

The referee's gloomy face and Vulture-like eyes immediately aroused Qu Hongyan's vigilance, and she leaned over slightly.

After all, back at the Five Cloud Mountain, Gu Qingqing had sacrificed the clam's ancestor and eaten the blood God bead that had been formed after refining himself. Now, she could also feel the vast blood power from Luo Yunshang's body. It was possible that he would suddenly betray her, which would be a fatal blow to everyone present.

Mo sensed her thoughts and snorted, "I've lost the blood God Pearl, but I've obtained the Buddhist Demon Sacred Art. Moreover, the opportunity to become a God is right in front of me. But, since I promised to follow Yunxiao for ten years, I will not go back on my word."

To him, ten years' time was just a snap of his fingers. He would not go back on his word for such a small matter and cause a demon in his heart.

"That's good,"

Qu Hongyan was slightly relieved, but she did not let down her guard.

After a few hours, Gu Qingqing suddenly withdrew her hands and stepped back. Yunshang, on the other hand, made a hand seal and entered a meditative state again. The vast yang energy in her body continued to spread out for a long time.

"How is it?"

Qu Hongyan went over and asked with concern.

Gu Qingqing let out a breath, recovered her strength, and said, "I've already retrieved that clone. It's now her own body. I've also just passed on the essence of the nine yang true technique to her, allowing

her to control the rainbow stone on her own. If she can't pass this trial, she'll suffer a backlash from the rainbow stone's power, and it'll be troublesome at that time."

Qu Hongyan was shocked and said nervously, "Yunshang's strength is still shallow, can she control that rainbow stone?" After all, even with ning Kewei's cultivation base, he was still affected by the aegirine.

Gu Qingqing said, "don't worry. I've been refining rainbow stones while I was controlling her body. The blood God Pearl of the gray Demon tribe is extremely powerful, and it has already begun to show its effect. As long as yunshang absorbs it all, coupled with the power of the nine yang divine body and the rainbow stone, it won't be long before she steps into the divine sovereign realm.

Qu Hongyan suddenly thought of something and said in surprise, "Could it be that Daren is helping yunshang control the rainbow stone, so he deliberately descended on her body?"

Gu Qing Qing glared at her and chuckled, "Haha, do you think I'm Martial Emperor Lei Feng? it's just a coincidence. And that Blood God bead, do you think I'd let her body swallow it if I had a choice? Can't I bring it back to the eternal world and let me eat it myself?"

The referee's heart ached as he listened. That was an absolute power that originally belonged to him.

"No matter what, I thank you on behalf of yunshang," qu Hongyan cupped her fists and said.

Gu Qing Qing waved her hand and interrupted her, "you're her master, and I'm her Grand-Grand Master." There's no need to thank me. Everyone has their own opportunities. While I'm helping her, I'm also helping myself."

Qu Hongyan was a little confused and continued to ask, "That rainbow stone is in yunshang's body, can it be taken out in the future?"

Gu Qingqing said, "don't worry about that. The rainbow stone is only a tool to assist the nine yang divine body." When her fleshly body is complete or her cultivation reaches the divine sovereign realm, the rainbow stone's use will be very small. It's up to her whether she wants to keep it or not."

“That’s good,”

...

Qu Hongyan was completely relieved.

Both feini and yunshang’s expressions were getting better, but there was no movement in the stone house, which made her worried.

But Gu Qing Qing didn’t know what was going on inside, and she was also worried.

Suddenly, the few of them trembled and took a step back in shock. An old man had appeared in front of them without them knowing.

The old man had a head full of silver hair and was wearing a navy blue shirt with a Crescent-colored ribbon tied around his waist. His eyes were clear and he looked carefree. His gaze shifted from feini to yunshang as he gently nodded his forehead.

“My Lord!”

Gu Qing Qing was overjoyed, and quickly went up to him, “Your Excellency, how is Li Yunxiao?”

That old man was the master of this stone house-Baishu Yui. He stroked his beard and muttered, “My life is not in danger, but my injuries are too severe and I’m afraid my body will be damaged. The body-tempering art and the light glass body collapsed at the same time, and most of my cultivation was lost.”

“What? My Lord, you must save him!”

When Qu Hongyan first heard that her life was safe, she heaved a sigh of relief. But when she heard that her cultivation had fallen, she was shocked. With Gu Feiyang’s pride, he might not be able to accept this fact. She hurriedly went forward and begged the old man.

Gu Qing Qing was also sad, " "My Lord, you must think of a way."

...

The hundred-wheel knot smiled. don't worry. He's the master of the divine realm tablet. I'll do my best. Moreover, today's tribulation was also within my calculations, so it's not impossible to resolve. His light glass body and your nine yang divine body are yin and yang, they are polar opposites. If you can use your body to help him cultivate and activate the power of the light glass body, he will be able to recover by himself."

"Nonsense!"

Gu Qingqing's cheeks were red, and she said angrily, " What do you mean by 'using my body to help him cultivate'? although I don't want anything to happen to Yunxiao, if he wants to sacrifice my innocence, he'd better die!

Baishu Yui laughed and said,"haha, I knew you wouldn't be willing." However, the heavenly Dao has its own mysteries. Didn't you bring along a divine body of nine yang?"

"Luo yunshang!"

The few of them understood this in their hearts as they looked at yunshang.

There was an indescribable feeling in qu Hongyan's heart. She naturally knew the relationship between yunshang and Yunxiao. After the battle on the snowfall peak, her disciple had left shenxiao Palace and wandered the world.

Chapter 1967-recovery

"Palace Master, yunshang has gone down the mountain alone!" Outside the main hall, the urgent voice of a fluxer girl came.

On the snowfall peak, the cold wind was biting and the snow was falling. The entire shenxiao Palace was submerged in a cold air, as if indicating that this ancient sect would return to silence, just like the heaven and earth.

The door of the hall had been sealed, and qu Hongyan sat cross-legged alone inside, not seeing anyone else.

“I know.”

She only replied indifferently, as if she was very tired, and said, “Let her go,”

The string girl seemed to be stunned, “but, she’s still so young, and she’s even your personal disciple Qianqian.”

so what if she’s my direct disciple? she has her own choices, and she has always been very sensible, ” qu Hongyan said.

“But Qianqian yunshang has the divine body of nine yang! Only one Qianqian has been born in thousands of years!”

“It’s precisely because she has the nine yang divine body that I can’t restrict her because of my own decision. Everyone had their own opportunities. Perhaps it was right for her to leave. This way, I can let go of all my ties and peacefully go into seclusion. From now on, if there’s nothing important, don’t disturb me. ”

As her thoughts gradually returned to that year, qu Hongyan looked at yunshang, who was sitting cross-legged and cultivating, with mixed feelings.

It was as if everyone’s fate was just a chess piece under the sky that had long been arranged by someone and could not be controlled.

Gu Qingqing’s words interrupted her thoughts. but Luo yunshang is trying hard to suppress the rainbow stone. If he and Yunxiao cultivate together, will there be a sudden change? ”

“Don’t worry, I’ll look after them,” Baishu Yui said.

“Look at Yingluo.”

Everyone’s heart skipped a beat, and their expressions became strange.

Baishu Yui was stunned for a moment, then immediately reacted and angrily rebuked, “ what are you guys thinking? you’re so dirty!

With a wave of his hand, he sent out a wave of energy that wrapped around Yunshang, and the two of them disappeared.

Qu Hongyan said in surprise, “they ...”

“Ahem.”

Gu Qing Qing coughed and said awkwardly, “ how dirty. You’re thinking too much. Divine bodies can only sense each other. The two extremes of yin and yang fuse together and cultivate together. It’s not what you think.

Qu Hongyan’s cheeks were also red. She glared at Gu Qingqing and said, “ “My Lord, if you’re not thinking too much, then why was your reaction so intense just now?”

Gu Qingqing rolled her eyes at her. even if it’s just a mutual sensing, “ she said, “ I don’t have the tolerance to sacrifice my innocence to save him.

Qu Hongyan pondered for a while and said, “who is this hundred wheel knot?” He’s actually worthy of your respect and trust.”

Richard also perked up his ears and listened carefully.

Gu Qing Qing thought for a moment. let's put it this way. Lord Bai Lun's name is not prominent, and very few people know his identity. However, all the major events in the heavenly martial realm in the past hundreds of thousands of years have all been under the calculation of his branch.

calculation?!

"Could it be the same as the Duanmu family?" qu Hongyan asked in surprise.

"Tsk, what's the big deal about the Duanmu family's petty tricks?"

Gu Qingqing sneered, then said, "Furthermore, the ancestor of the Duanmu family did indeed receive the inheritance of this Lord. Or perhaps, the Duanmu family itself is one of the inheritances of this Lord."

Qu Hongyan was silent. On the road of pursuing the heavenly Dao, the further one went, the bigger the world would be, and the more insignificant one would feel.

Only in the eyes of the ordinary people would they think that the seven great sect Masters and the ten great martial emperors were at the peak of the mountain. They would not know how many existences that had surpassed the peak of the mountain over the past 100000 years had already reached the sky.

Gu Qing Qing's eyes were filled with respect, " and this eternal world was also refined by another Lord under the suggestion of Lord bailun.

"Who is the person who refined the world of eternal life?" qu Hongyan asked in surprise.

To be able to use Phoenix Feathers to refine a realm, this magical power was no different from the refinement of Holy artifacts, or even far above the refinement of Holy artifacts.

Gu Qing Qing pretended to be mysterious and smiled, "You'll know in the future."

Qu Hongyan was curious, but since the other party was not willing to tell her, she did not ask.

After learning that Yunxiao's life was fine, she was mostly relieved, and now she was only waiting for the result.

He immediately sat cross-legged in the air and began to regulate his breathing and cultivate.

The referee did not say a word and followed suit.

The two of them seemed to feel great pressure. In the realm of heavenly martial arts, peak of perfection was already an unstoppable existence, but in the realm of eternal life, it could only protect itself.

As for how many old monsters were there, no one knew. How many amazing geniuses could be born in 100000 years? although not all of them had the opportunity to enter this place, one or two would enter every few thousand years. The number of people was extremely shocking.

Gu Qingqing looked at mu Xing. where's your real body? " she asked. aren't you coming? "

"I don't have much time left," mu Xing replied expressionlessly."I can't take it." I've learned from these people that the ten rules of the outside world hasn't been restored yet, and there seems to be still some time before the demonic tribulation. I don't want to wake up from my deep sleep now."

"You also know about the demonic tribulation!"

Gu Qingqing looked at him in surprise,"are you Yingluo?"

"Since I've been sent to guard the heavy equipment tower, I'm naturally from mysterious separation Island," mu Xing nodded and said honestly.

Gu Qing Qing sighed,"I should've thought of it earlier." &Nbsp;

"What I don't understand is, why don't you want to join Xuan Li Island?" Other than the restrictions, there's nothing bad about it. "

Gu Qingqing chuckled. hehe, I'm most afraid of being restrained. Even if I have to live a few years less, I don't want to be controlled.

Mu Xing didn't say anything and closed her eyes.

Soon, Gu Qingqing also felt bored, so she closed her eyes and started to cultivate with them.

Several days later, two pillars of light suddenly shot out of the stone house and into the sky.

One Yin and one yang, they reflected each other, illuminating the entire sky and land as if it was daytime.

Such a strange scene woke everyone up from their cultivation. Seeing that the light pillar was full of energy, they immediately guessed that the two must have recovered, and they were all overjoyed.

...

Such a huge commotion lasted for a full hour before it gradually weakened.

At this moment, feini, who seemed to be in a deep sleep, seemed to have been awakened. A Phoenix's cry rang out from an unknown place and it circled the entire sky.

Everyone's hearts trembled. The ancient sound of the Phoenix's cry did not come from feini's body. It was as if it had existed in the world and was only being played back.

After that, a huge Phoenix shadow slowly formed in the sky. At the same time, it turned into a boundless sea of fire and tilted down.

“哇! This Yingluo ”

They were all shocked by this strange scene. The entire sky was burning, and the flames fell down like countless meteorites falling from the sky, smashing toward the stone house.

what, what should we do?!

Gu Qingqing was shocked as well. She looked around and saw that feini was still sitting there. The flames were obviously coming for her.

Qu Hongyan and mu Xing were also at a loss. Bu Zi and the other two had already entered the valley, and their mouths were wide open as they were completely petrified.

“Don’t panic. This is just a wisp of consciousness of the celestial Phoenix wandering in the eternal world. It sensed it when the Nirvana body was breaking through, so it turned into a flame and came down.”

The sound of a hundred rounds of tying clothes rang out. A white light flashed on the stone house, and the figures of three people immediately appeared.

...

“Feiyang, you’re fine!”

Qu Hongyan was overjoyed at the sight. She could feel Yunxiao’s aura at the moment. It was full of strength and seemed to be more refined.

Yunshang’s body was also different from before, and there was a faint red glow around her. As soon as she saw qu Hongyan, she immediately went forward and knelt on both knees, then bowed respectfully and said, “Greetings, master.”

Qu Hongyan waved her hand, and a force lifted her up. She stepped forward and held her hands. “It’s been hard on you all these years.”

“Disciple didn’t work hard.”

Luo Yunshang hurried back and stood there shyly with her head lowered. She felt her cheeks burning all the way to her ears.

She could no longer explain her relationship with Yunxiao to Qu Hongyan, and her heart was in a mess.

Although she had been possessed by Gu Qingqing, she knew everything that had happened.

Qu Hongyan smiled and stroked her hair, comforting her, “as people who follow the heavenly Dao, our lifespans can not be calculated by mortals, and our actions can not be discussed in the secular world. You truly like him. Since I can tolerate other women, why can’t I tolerate you?”

Yunshang was so touched that tears welled up in her eyes, and she could not say anything.

Yunxiao, on the other hand, was blaming himself. In his previous life, he had been unruly and extremely free, as if the heavenly Dao had played a trick on him and turned the world upside down, but in this life, he had been bound by amorous feelings.

Looking at Qu Hongyan and Luo Yunshang, as well as Fei Ni, who was making a breakthrough not far away, Water Fairy, and Ding Ling'er, all five women were Dragons and Phoenixes among men, proud sons of heaven, and rare extraordinary women. They all treated him so deeply, and he thought that he could not disappoint them even if he died in this life.

At this moment, the flames formed by the celestial Phoenix remnant will fell into the valley. With a rumbling sound, it entered Feini's body.

“Ah!”

Feini suddenly let out a loud cry, as if he was in extreme pain. He could not bear the heat of the flames and his entire body began to melt. He gradually turned into a fire Phoenix and moaned.

Your Excellency! Yunxiao cried out in surprise. it's not her!

“This is a great opportunity. If you can't even bear this little pain, how can you go further in the future?” You can save her now, but your path to the divine Dao will end here.”

divine Dao?!

Yunxiao immediately understood, and he was overjoyed. He cupped his fists and said, ” “Thank you for your advice, my Lord.”

Feini had already surpassed the peak of the martial path and entered the true God Realm. Absorbing the flames of the Phoenix's consciousness would be extremely beneficial to his body and cultivation.

The flames continued to fall for more than an hour before they slowly stopped.

The entire sky was filled with fire elements, and the air would burn on its own if one was not careful.

Feini had also returned to his human form. He lay on the large rock and slowly propped his body up.

“Feini!”

Yunxiao was the first to step forward and slowly help her up. As soon as it touched his body, he felt extremely hot. The indestructible golden body automatically protected his body and gave off a bright golden light.

Chapter 1968-theory of heavenly Dao

Feini was startled for a moment before she came back to her senses. She found that Yunxiao's five fingers were stained with flames and were slowly burning.”Husband, you're tired.”

I'm fine, ” Yunxiao shook his head with a smile. this fire is much stronger than the previous one.

He clenched his fist, and the flame was immediately extinguished in his palm. The skin on his hand was as white as Jade, and not a single wound was left.

Only then did Fei Ni realize that her body was full of elemental energy. There seemed to be a Phoenix's shadow circling above her dantian, and with every movement, an extremely pure energy flowed through her body.

"This realm is too awesome."

She was overjoyed and couldn't help but exclaim, "God Realm!"

Baishu Yui nodded and smiled. you are indeed a true immortal realm cultivator. You have a phoenix body, and after absorbing the remnant consciousness of the celestial Phoenix, you have become an immortal realm cultivator in the true sense, just like li Yunxiao.

"Thank you for your advice, my Lord," feini was overjoyed.

The person in front of her was very unfamiliar, but he gave her a feeling that he was difficult to see through. She had already guessed that he was most likely the person she was looking for this time.

Bailun Yui laughed. no need to thank me. This has nothing to do with me. Instead, you should thank your husband and Palace Master Hongyan. They were the ones who risked their lives to save you from Zhan Yu and his brother.

"Thank you, my husband. Thank you, sister Hongyan."

Feini's heart was filled with emotions that were warmer than the power of the primordial fire in her body. She looked at the two affectionately, and then her eyes fell on Yunxiao, her cheeks slightly red.

"We're all sisters, there's no need to be so polite." Qu Hongyan smiled. we have to thank Feiyang. He really risked his life. If it wasn't for the Lord's rescue, I'm afraid we wouldn't have been able to see him.

At this point, qu Hongyan's eyes turned red and a little sore.

Feini's heart trembled. She called Yunxiao's name softly and held her hand tightly, refusing to let go.

The charming atmosphere immediately made Yunxiao feel a little unnatural, not to mention that there were many people around him. He immediately retracted his hand and smiled awkwardly as he said, "It's not that serious. Don't listen to their nonsense. It's good that you're fine,"

"Yes."

Feini responded softly. With her intelligence, she naturally knew that qu Hongyan and the hundred wheel knot would not speak nonsense. The situation at that time must have been more dangerous than they said. An indescribable feeling of gratitude flowed in her heart.

"It's good that everyone's fine. I see that everyone has profited from this misfortune and is happy. Not only have Luo yunshang and feini stepped into the true immortal realm, but Yunxiao's strength seems to have improved greatly as well. However, the boy's spirit energy makes it difficult for me to detect his true cultivation base."

Gu Qingqing's eyes flickered as she stared at Yunxiao for a while. She could only feel that he was different from before, but she could not tell what the difference was.

you have a good eye, my Lord," Yunxiao said with a smile. you really have a good eye. He didn't say it out loud, only admitting it was true.

"Let's go, follow me into the house. These few days, I have only been focused on healing my injuries. Fortunately, there are no major problems. It is time to tell you some things."

Bailun Yui's smile disappeared, and her expression became indifferent. She led everyone into the stone house.

It was very simple and crude inside. There was only a stone bed placed there. There were a few strange arrays carved on the ground, but no one knew what they were for.

“This humble house is vulgar, everyone, please make do with it.”

Bailun Yui made a gesture of invitation and entered alone. She sat cross-legged on a small formation in the air and put her hands together at her dantian.

The array immediately began to work, and a faint light flickered and was absorbed into the hundred wheel tying garment. His entire body glowed with a faint lustrous light and fused with the array.

Yunxiao looked over. Although he did not know what the array was, he could see some clues. “Is Your Excellency feeling itchy?”

“It’s alright, I’m used to it.” Baishu Yui smiled. Speaking of which, for this old man to be able to see you with this sick body, it can be considered the mercy of the heavens.”

As soon as these words came out, the few people were all greatly shocked.

Gu Qingqing was even more sorrowful. She covered her mouth and said sadly, “Is Daren’s injury so serious that it can’t be recovered? There are 3000 great DAOs in the world, is there no one that can save you, my Lord?”

Baishu Yui was very calm. She smiled and shook her head, “Maybe, but there’s no need to. Even if you can save me, you won’t be able to last much longer, so why waste your time?”

my Lord, you saved my life,” Yunxiao said seriously. please tell me the treatment method. I’ll find it no matter how difficult it is.

Baishu Yui raised her hand and interrupted them, “If I want to live a few more days, I have my own way to extend my life, so there’s no need to worry about it. It’s just that there’s no need to be sad in life and no need to suffer in death. Besides, this chronic illness has been plaguing me for a long time, and I’d rather die than live. I’ve been dragging this illness on to keep my life just so I could see the master of the divine realm tablet.”

what's the secret of this divine realm tablet?" Yunxiao asked with a serious expression. why do you value it so much, my Lord?"

He stretched out his right hand, and a white light slowly rose and turned into the divine realm tablet. He held it in his palm, and the flowing light rotated, looking very beautiful.

Baishu Yui's eyes narrowed as she stared at the monument for a while. She seemed to be a little infatuated with it. A peaceful look appeared on her face as she said, "in the vast universe, there are thousands of worlds and countless planes. When each plane is born, there will be many accompanying objects. Just like the plane, they can be said to be condensed by the power of the world. The divine realm tablet is the condensation of the realm power of this realm, and it represents the highest rule of a profound level weapon. In other words, in the heavenly martial realm, it is impossible to refine a holy weapon that surpasses the quality of the divine realm tablet."

I already know that," Yunxiao said. even so, it's only a top-grade Mystic artifact. Although it's worth paying attention to, you don't have to go too far.

"Hehe, you don't understand."

"Since it's condensed from the power of the realm, besides its own 'power', it also contains' heaven's will'." What's lamentable is that for countless years, people's pursuit of the divine realm tablet was only limited to its 'power', but they ignored the most important' heaven's will'. Even if it was obtained by people in some times, they couldn't exert its power and become the destined person."

what's going on with this destined person? I heard that the divine realm tablet seems to have lost its Artifact Spirit, so it can't exert its full power.

Yunxiao frowned and asked the question in his heart.

the so-called 'destined person' is a person chosen by fate in the long river of the heavenly Dao," the baishuan Yui said. he bears the mission of carrying out the heavenly Dao on behalf of the heavens. There is the protection of the heavenly Dao in the unseen world, and it is very difficult for him to die.

Yunxiao was taken aback. so, I have the protection of the heavenly Dao? ” he asked. does that mean I can do whatever I want and kill any God in my way? ”

“Hehe, it would be great if it was that simple.”

Baishu Yui shook her head with a bitter smile and said, ” “What is ‘Dao’?”

Yunxiao pondered for a moment, then answered, ” “Dao is the ‘rules’, the order of all things in the world.”

“Not bad, your answer is very close. You can understand it this way. Shenxiao Palace had its own rules, and the long family had its own rules. They were the Code of Conduct for the two factions, and no one could cross them. Once the rules were broken, they would be punished. However, if a member of the long family enters the divine cloud Palace, can the rules of the divine cloud Palace restrict the long family?”

Baishu Yui suddenly threw out a question, and everyone was stunned.

if the two sides are friendly, the long family will abide by the rules of shenxiao Palace, ” feini said. if they aren’t friendly, then they won’t abide by the rules.

Gu Qing Qing seemed to have understood something, ” “My Lord’s meaning is that this way, the rules will be in chaos?”

Baishu Yui laughed. the rules are not broken. They are still there. The ones who are broken are the people of the two sects.

what should we do after the chaos? ” Yunxiao asked. what should we do? ”

even if it’s chaotic, the people of the two sects will not violate the rules set by the ‘Holy region’, because the Holy region is a greater’ Dao’, do you understand? ”

...

Yunxiao nodded and said, " I understand what you mean, my Lord. The heavenly martial realm has its 'Dao', and the devil realm has its' Dao'. The attributes of the two are different, but they are both under the vast heavenly Dao of the universe. The two are just different forms of evolution of the heavenly Dao.

"Yes, that's right!"

you're very smart," Baishu Yui praised. that is to say, the realm power is only a power derived from the 'Dao' of the heavenly martial realm. It is not the Supreme 'heavenly Dao' of the universe. The realm power of the heavenly martial realm gave birth to the divine realm tablet, the world-destroying purple mansion divine Thunder, the true dragon and the heavenly Phoenix, and so on. The realm power of the devil realm gave birth to the six paths demonic weapon, the ice fiend Heart Flame, and so on. They're just one of the manifestations of the heavenly Dao in the great thousand universe."

"Is the heavenly Phoenix also formed from the realm's power?" Fei Ni was shocked.

The hundred wheel tying garment shook its head and said, " the heavenly Phoenix is not completely condensed from the power of the realm. It was an ancient bird that cultivated and understood the rules of this realm. Only then did it evolve into the undying bird and become a Heavenly Phoenix. It's not much different from the true dragon condensed from the power of the realm.

I understand what you said, my Lord, " Yunxiao said. but what does this have to do with destiny? "

Bailun Yui smiled and said, " let's continue with the previous topic. If the long family invades the divine cloud Palace, the divine cloud Palace will naturally resist. Then, we must elect a candidate to fight the enemy with the treasures of the divine cloud Palace. On the surface, it looks like a battle of life and death between the people of the inner realm, but in reality, it's a battle of life and death between the two realms."

a battle of life and death between realms?!

Everyone was taken aback. They had all heard this before.

Gu Qingqing was shocked, "could it be that the realm itself has its own consciousness?"

The Baishu Yui shook her head. I don't know if the realm has its own consciousness, but the realm is like a human body. When it is attacked by external forces, it will definitely resist. The heavenly Dao is vast, and what I've seen is only the tip of the iceberg."

...

Qu Hongyan, who had been listening quietly, said, "Your Excellency, do you mean that Li Yunxiao is the one chosen by the realm of heavenly martial arts?"

Baishu Yui nodded and said, "yes, the will of the divine realm tablet itself is the embodiment of the plane's will. Since the heavenly Saint artifact has chosen it as its master, it has also been recognized by the plane's power. Therefore, Yunxiao has the protection of the Heaven's Will. But you must understand that even the plane's power is not omnipotent, or else he would not have to fear the invasion of the devil World.

Chapter 1969-mysterious separation Island

since the plane has a will, why doesn't it just send down purple lightning and destroy all the demons and demonic sources in the heavenly martial arts realm?" Fei Ni asked, puzzled.

the plane will is just a rule of self-protection," Yunxiao said. it can't go beyond the scope of the universe's heavenly Dao. It's not like you and I, who have free will and can do whatever they want.

that's right. Young master Yunxiao is so smart. It seems that the divine realm tablet has chosen the right person.

Baishu Yui praised, revealing a gratified look.

Yunxiao smiled wryly and said, "you're too kind, my Lord. Being chosen by this thing makes me feel like I've become the divine realm tablet's servant. Why don't I give it to someone else? I don't want to be the one chosen by the plane.

“Haha, the person chosen by the plane might not be the right one. This is also a manifestation of the flaws in the realm power. Many tablet Masters have died in the past, but the price for proving that the choice of the plane was wrong is your death. Do you really want to try?”

Baishu Yui looked at him with a smile.

“I have to pay for its mistake with my life? Tsk, forget it then.”

Yunxiao cursed helplessly.

“The greater the power, the greater the responsibility.” Back then, the world deity led the experts of a world to fight against the devil Lord. Countless of them were killed and injured, and only then did they exchange for a hundred thousand years of peace. Otherwise, this world would have long been devoured by the devil World, and would no longer exist in this world.”

Yunxiao was taken aback. He recalled what mu lingdi had said, that the devil realm was a realm of a higher level than the heavenly martial realm. If the two realms were to merge, the heavenly martial realm would be the one to be devoured.

Perhaps this was the so-called war of the two realms. On the surface, it looked like a life-and-death battle between the people of the two realms, but in fact, it was a life-and-death struggle between the realms of heavenly martial arts.

This topic immediately caused the atmosphere in the stone house to become heavy.

you don't have to worry too much,” Baishu Yui chuckled. we'll do our best and leave it to fate.

but,” Yunxiao said, ” according to my observation, there is still a huge gap between the strength of the two realms. Back then, a single demon master descended and nearly destroyed an entire world. Now that 100000 years had passed, even if the devil Emperor could no longer recover his strength, who knew if there were still existences as powerful as the devil Emperor in the current devil realm? In addition, excluding the demon masters, the strength of those demon lords is also unusually terrifying. We don't know how many of them there are. If there are thousands or tens of thousands, hehe, then once the passageway between the two worlds is opened, there will be no need to fight.”

I don't know," the Baishu Yui said. I don't know the current power of the devil realm, but the energy contained in the heavenly martial arts realm now is stronger than it was a hundred thousand years ago. As for existences like demon masters, there could only be one in a world. Because that is the choice of the demonic weapon of the six paths, just like how the divine realm tablet chooses its master, there can only be one master."

Qu Hongyan was puzzled,"how can the power of the realm of heavenly martial arts be stronger than it was a hundred thousand years ago?" That was the era of God Realm experts!"

The rest of the people didn't understand either, only feeling that this was obviously wrong.

Baishu Yui laughed. don't forget that the heavenly martial realm has accumulated power for 100000 years. Most of the top powerhouses of these times have been absorbed into the eternal world. Perhaps it is the will of the plane, in preparation for this demonic tribulation. Otherwise, such a vast world like the eternal world would not have been born."

Gu Qingqing said, " but the people in the inner realm may not have such an understanding. They may not be United. Most of them do their own things and seek their own benefits.

it doesn't matter, " said baishinu Yui. once an enemy enters the country, most people can still unite. This is the so-called brothers fighting against each other from outside the wall.

how many people are there in the eternal world at the moment? " Yunxiao asked. and how strong are they? "

The hundred wheel knot said: " mysterious separation Island should know this better than me. However, I don't have much lifespan left. Otherwise, I could perform a divination and help you calculate it.

"Xuan Li Island?" Yunxiao asked doubtfully.

Baishu Yui looked at mu Xing and smiled, " "Lord mu Xing is from mysterious separation Island, can you help this old man solve my doubts?"

Everyone's eyes suddenly turned to mu Xing. Bu Zi and the other two were already dumbfounded. What the hundred wheel knot had said was like a fantasy story, completely subverting their understanding.

"I've learned a lot from what you've said, my Lord. Could I relay some of the contents of your conversation to the island Lord?" mu Xing asked in a deep voice.

Baishu Yui smiled and said,"of course I can, and I can't ask for more." If it wasn't for the fact that I can't move freely, I would personally go to the island to have a chat with master ye Qingyu. The original intention of the establishment of mysterious separation Island was to resist the devil tribulation, I just don't know how it has developed over the years."

"I don't know the situation on the island, but I'm sure it's good."

Mu Xing said after thinking for a while.

that's good," the knot said. Lord ye Qingyu is extremely talented, and he was a key figure in the demon-sealing war. Now that he is in control of black separation Island, he will definitely be one of the leading figures in the future demonic tribulation. I hope he can look favorably on li Yunxiao.

"I'll definitely bring your words back to the island Lord," mu Xing cupped his fists and said.

mysterious separation Island seems to be a sect in the eternal world?" Yunxiao asked. is that true? "

Bailun Yui explained, " you can say that. The original intention of opening the eternal world was for the demonic tribulation 100000 years later. However, not everyone believed it, and not everyone was willing to care about the future. The original intention of many martial artists was simply to extend their lifespan. Lord ye Qingyu was the king of the Eastern Region and had a lot of contact with the universe God in the past. He naturally believed in the demonic tribulation. In order to better gather the power of the heavenly martial realm, he opened up a floating island in the eternal world to gather the essence of the power of the entire eternal world and recruit powerful figures from all walks of life. The conditions for joining mysterious separation Island are very simple. As long as you swear loyalty to mysterious separation Island and are willing to participate in the demonic tribulation war, you can obtain the qualifications to enter the island and enjoy all kinds of resources on the island."

this ye Qingyu is the king of the Eastern Region? ” Yunxiao asked in surprise. he’s the king of the Eastern Region? ”

He thought to himself that the King of the North Region, Ling mudi, and the King of the West region, bei Jinghong, were still in his divine realm tablet. It seemed that some of the key figures in the demon-sealing war back then had not died.

Gu Qingqing said, “for the past 100000 years, mysterious separation Island has sent people to recruit every expert who entered the eternal world with conditions.” It’s a pity that this lady was born fond of freedom, so I had no choice but to wander around and find a place that could be considered good to seal myself.”

Mu Xing smiled, his cold metallic face flashing with a cold light. “When I first joined mysterious separation Island, it was indeed for the resources of the island. I didn’t believe in any demonic tribulation. To put it bluntly, I don’t believe it even now. Besides, even if there really is a demonic tribulation, I probably won’t be able to wait for it with my lifespan. Who cares if it floods the heavens after I die?”

everyone has their own ambitions, ” the knot laughed. you can’t force it. But mu Xing has already sworn to enter the island. If the demonic tribulation really comes, it’s not up to you.

“Hmph, then let’s see if my lifespan is worth living up to.”

Mu Xing snorted and did not comment. In fact, who would not want to live a little longer? he would be happy if he could see the demonic tribulation.

The hundred-wheel knot took out a fist-sized Jade slip, which glowed with a golden light. It slowly flew up and landed in front of Yunxiao, then said with a smile, ” “Imprint the information inside into your brain and then destroy it.”

Yunxiao scanned the room with his divine sense and found that it was empty, with only the time and space coordinates. “Could this be a Suan ni?”

Baishu Yui shook her head and said, "I know what you want to say, but that's not it." These space-time coordinates were calculated using the remaining half of my lifespan, and they contain a key to The War of the Two Worlds. You'll naturally understand when the time comes."

why are you still pretending to be mysterious at a time like this? " Yunxiao was quite dissatisfied. can't you make yourself clear? "

He clenched his fingers, and the Golden Jade slip in front of him instantly turned into gold fragments with a "bang" and scattered into the sky.

Gu Qingqing scolded, "my Lord has his reasons." Can't you be more patient?"

Baishu Yui smiled bitterly and said, "it's not that I want to pretend, but if this information is leaked, it will definitely cause great trouble." I'm afraid that I'll touch the heavens and cause changes, so I can't be careless."

"Alright, I'll remember it in my head. When the time comes, I'll see if it's as you said and if there's any key point."

Only then did Yunxiao's dissatisfaction disappear. He asked, " Do you know where the tablet spirit is, my Lord? "

you're the master of the divine realm tablet, " the hundred-wheel knot said. you'll have the opportunity to meet it sooner or later.

Yunxiao, 'hehe'.

Gu Qing Qing said: " although master can divine what happened before and after, the closer it is to the heavenly Dao, the more harmful it is to oneself. If master had divined the tablet spirit for you, he might have died now.

Yunxiao sighed and said, " I see. But, there's one more thing. Is the real phoenix tail feather in the realm of everlasting life in Fan Yao's hands? " Do we have a chance to obtain it?"

...

“It’s indeed in Fan Yao’s hands, you can go and try.” If I can really get it, feini will be able to complete the nine Nirvana transformation of the celestial Phoenix, cultivate a true phoenix body, and step into the realm of a sovereign.”

thank you for your guidance, my Lord, ” Yunxiao said with cupped fists. if there’s nothing else, I’ll take my leave.

“Hold on, remember this as well,” the hundred-wheel knot said. He performed hand seals in the air, and his eyes turned golden. Runes flashed in his eyes continuously, and they were densely packed together.

Yunxiao’s heart trembled as he looked over in horror. The characters were actually ancient Maha characters. Although he could not understand a large number of them, he could clearly tell from the blurry characters that the one before him was one of the four great divine arts, the true primordial mantra!

With his current strength, he could not remember all of them, but those characters were like golden needles, constantly piercing into the spiritual altar and sea of consciousness, and then dissipating.

It was the hundred-wheel knot that was pouring the Scripture into his mind with a secret technique. Yunxiao grimaced in pain and broke out in a cold sweat.

“Flying!”

Qu Hongyan was the first one to notice his abnormality. She was about to attack him in horror, but was immediately stopped by Gu Qingqing, who shouted, ” don’t mess around! His Excellency is transferring his strength into his body!

strength transfer?!

The few of them were shocked, but they understood the profoundness of it. They immediately didn't dare to move and stood quietly to the side to guard.

...

Chapter 1970-ruling feather

In everyone's eyes, they could only see a layer of dense golden light appearing on the two people's bodies. Other than that, it was difficult to detect anything else.

After a short while, the golden light dissipated.

Yunxiao could not help but cover his head with his hands and groan, his head covered in cold sweat.

The women hurriedly came forward and took out fragrant handkerchiefs to wipe her face.

Gu Qing Qing stepped forward and came to the hundred wheel knot, and said in horror, "My Lord, what are you doing?"

The appearance of the Baishu Yui suddenly became dejected, as if it had taken away the last of his life. His silver hair lost its luster, and his eyes were turbid and lifeless.

Baishu Yui lowered her head and waved her hand. "Let's go, all of you,"

Gu Qing Qing was filled with grief and indignation, "My Lord, why do you have to do this?"

However, Baishu Yui did not answer. She still lowered her head and did not move. Only her nostrils emitted a light breath. It was very long, as if she was regulating her breath.

Yunxiao endured the pain and bowed to bailun Yui, then slowly left the stone house.

Gu Qingqing knew that the hundred wheel knot would not answer her again, so she couldn't help but cry. She also bowed again and left with the others.

The body of the hundredth wheel knot did not move. A few days later, a man's voice came from outside the stone house. look, it's the stone house!

Then, a woman said, "This stone house looks exactly like the portrait left behind by our ancestors. I didn't think that we would really find it."

"I wonder if that Lord is still inside."

The man said in a deep voice, but he could not hide the excitement in his voice.

Then, he heard a respectful knock on the door. is there anyone in the room? " I am Duanmu Youyu and my younger sister, Duanmu Cang, have come to pay our respects to you, senior."

After waiting for a long time, the Baishu Yui still did not move.

Duanmu Youyu and Duanmu Cang's soft discussion could be heard from outside the door. Soon after, the two of them slowly pushed open the door to the stone house.

The faint light shone in and fell on the body of the Baishu Yui, making her look extremely old.

"You guys are here."

At this moment, bailun Yui raised her head slightly. Her eyes were still lifeless as she spoke weakly.

Duanmu Youyu and Duanmu Cang stood in front of the door. They were rather shocked as they looked at the old man. For a moment, they were in a daze.

Duanmu Youyu stepped forward and cupped his fists,"is my Lord the hundred wheel knot?"

Baishu Yui chuckled, and her face finally showed some luster. Her eyes swept over the two siblings, and she praised, "not bad, a Dragon among men. Duanmu Qi didn't disappoint me after all. He has raised such an outstanding descendant.

The two siblings were shocked and immediately confirmed the identity of the old man in front of them.

The two of them immediately bowed. Duanmu Youyu said respectfully, "Senior is indeed ancestor Duanmu Qi's benefactor. My younger sister and I pay our respects to senior."

"Hehe, please get up, no need for formalities. It's heaven's will for you to come and see me for the last time."

Baishu Yui's eyes were full of relief, as if she was very satisfied with the arrangement of the heavenly Dao.

Duanmu Youyu said, "our ancestors have always mentioned you. Since the eternal world opened, we came here. I didn't expect you to still be alive. It's really surprising.

"Hehe, I won't be able to live if I wait a few more days."

The Baishu Yui raised her left hand, and a thick black jade bangle on her wrist was slowly removed. It flew in front of Duanmu Youyu and said, "Duanmu Qi has learned 20 – 30% of our lineage's legacy. The remaining 70 – 80% is in this jade bracelet. I'll hand it all over to you now.

"Ah?"

The brother and sister were both shocked. They had only come here out of curiosity and did not expect to see the person mentioned in their ancestor's last words, much less to obtain such a great opportunity.

Baishu Yui chuckled. your ancestor only learned 20 – 30% of it, so you can't blame him. It's just that I'm not talented enough, so I only learned 50 – 60%. That's why I didn't teach my disciple well.

“Milord is too modest!”

Duanmu Youyu hurriedly put away the Jade bangle. After sweeping it with his spiritual sense, he was immediately overjoyed. He could not help but be overjoyed.

Inside the Jade bracelet was a golden staff with nine tin rings. It was the item for divination that Duan Muqi had read about in many of his notes. It was the heirloom of this lineage.

Other than that, there were also a large number of profound level weapons, medicinal pills, and all sorts of Jade slips.

“How’s your cultivation of the true primordial skill?” the hundred wheel knot asked.

The two siblings were shocked and quickly responded.

“I am ashamed to say that I have only reached the fifth level, second volume,” Duanmu Youyu said.

Duanmu Cang’s cheeks were slightly red as he said in embarrassment, “I’ve only cultivated it to the third level, part one.”

The hundred wheel knot clothes nodded slightly and said, “this is already not bad. The true primordial tactics has a total of nine levels. Back then, Duanmu Qi only cultivated to the sixth level. Even I only reached the eighth level. The entire ninth level of the entire volume is recorded in the nine lustrous star staff. If you are fated to learn it, then you can.

“Many thanks, senior!”

The two siblings were overjoyed and grateful.

I should be the one thanking you, ” the hundred wheel knot said with a smile. that’s why the inheritance of our absolute beginning lineage didn’t end in my hands.

Duanmu Youyu said with a serious expression, "senior, I will not thank you for your great kindness." If there's anything senior wishes to instruct me on, this junior will do anything to help senior accomplish it even if I have to go through fire and water."

With his eyesight, he naturally understood that the hundredth wheel Yui's life was coming to an end. Moreover, the clairvoyant's life often peeked into the heavenly Dao and was punished by the heavenly Dao, which was incurable.

Therefore, he was usually very interested in divination for small things, but he didn't dare to do it carelessly when it came to matters related to the heavenly fate.

The hundred wheels knot laughed and said, "it's nothing important. If there is, it's the difficulty of the demonic tribulation. You need to observe Yunxiao well. If he can be recognized by the divine realm tablet, you must support him with all your strength."

you know li Yunxiao? " Duanmu Youyu asked in surprise. senior, you know him? " Didn't he already get the divine realm tablet?"

The hundred-wheel knot sighed. the divine realm tablet he obtained is a dead object that has lost its tablet spirit. He needs to be recognized by the tablet spirit to be considered in line with the will of the great path of this world. With my power, I can only calculate one or two things about the devil tribulation, and I dare not calculate it for too many days. Otherwise, I would have been turned into ashes and wouldn't have been able to see you today."

Duanmu Youyu hurriedly said, "senior bemoaned the state of the universe and pitied the people. For the sake of the common people's livelihood, your contributions will be rewarded for thousands of years .."

Baishu Yui laughed bitterly and shook her head, " "You don't have to flatter me. Countless powerhouses died in the demon-sealing war, and even they sacrificed more than I did. The future will still depend on you young people. This era belongs to you, and the fate of heaven is also on you."

...

don't worry, my Lord," Duanmu Youyu said. we will do our best to assist Yunxiao.

you don't have to admit your death," the knot said. let the heavens decide. If the divine realm tablet abandons Yunxiao, you need to find a wise Lord to join.

"Yes."

The two siblings were slightly shocked and hurriedly responded.

Baishu Yui waved her hand and said, "You guys can leave."

"Senior, do you have anything else to say?" Duanmu Youyu was stunned.

"There's nothing else," the hundred-wheel knot said. "Your appearance has fulfilled half of my wish. Two more friends are coming, I wonder if I can wait until then."

"Two friends? I don't know who it is, but we can serve by senior's side." Duanmu Youyu hurriedly said.

"Hehe, these two friends aren't to be trifled with. You should leave quickly. If you continue to stay, you will ruin my plans."

Baishu Yui chuckled and waved her hand again. She lowered her head and no longer spoke.

The Duanmu siblings waited for a while and found that the hundred wheel knot clothes seemed to be asleep. They looked at each other and then bowed nine times respectfully as a gift of inheritance. Then, they bowed and left the stone house.

...

“Big brother, it seems that what the ancestor wrote in his notes was true. It seems that the heavenly Dao is changing, and it’s really going to restore the ten rules. So, it should be true that Yunxiao has become a God.”

After flying for a while, Duanmu Cang finally returned to his senses and said carefully.

Duanmu Youyu was also filled with emotion. He sighed, “Senior’s divination skills are truly unfathomable. We’re far inferior to him.”

Duanmu Cang said, “big brother, you don’t have to belittle yourself. The deduction of the heavenly fate is against the will of the heavens. You will be punished by the heavens. I don’t want anything to happen to you.

well, let’s talk about the deduction in the future. The most important thing now is to fully understand the primordial true skill. I wonder how much I can learn.

Duanmu Youyu’s eyes flickered with a bright light. “I hope it can play a role in the demonic tribulation, so that my trip to this world wasn’t in vain.”

Duanmu Cang laughed. big brother’s reputation is illustrious. His title is Tian Yan, and he’s revered by tens of thousands of people. How can you live in vain? ”

haha, who would take such an undeserved reputation seriously? let’s go.

Duanmu Youyu laughed. The two of them turned into flowing lights and disappeared into the horizon.

After a few more days, more than ten rays of light flew over from the sky like meteors. They turned into a meteor shower and fell around the stone house.

The person’s strength was tyrannical, and the moment he landed, his aura covered the surrounding area for several miles.

The few people in the lead were Wei Qing and his son, Luo Qingyun, and Wu Dacheng.

Wei Qing's divine sense swept over the stone house and he frowned, "Is this the place?"

Wu Dacheng was holding a needle in his hand, pointing at the small house. "It should be right. I wonder if my old friend has died after so many years."

He chuckled and strode forward. He lifted his foot and pushed the stone door open. hundred wheel knot, are you dead? "

"BOOM!"

The stone door shattered in an instant. Not only that, but the entire stone house also collapsed with a loud bang, revealing the figure of the hundred wheel knot.

"You're finally here? Lord luanyu."

The Baishu Yui raised her head, and her turbid eyes suddenly flashed with a bright light. She actually regained her composure, and her white hair also began to gradually shine like a Hundred Flowers blooming.

Only then did Wei Qing and the others know Wu Dacheng's real name. He was called luanyu, but this name was very unfamiliar, and they had no information about it in their minds.

Moreover, the old man in the stone house clearly looked like he was on the verge of death, but he suddenly became full of vitality. It was obvious that he was in his final moments. Could it be that this person knew that luanyu was coming, so he held on and waited here?

Suspicion rose in everyone's hearts, and they were extremely curious about the identity of Yuri and this old man.
