

## **The Eternal 1971**

### Chapter 1971 Two friends

“Hehe, you’re not dead yet, as expected.”

Luanyu’s eyes flickered with a cold light. He also saw the state of the hundred wheel knot and sneered, “You’re forcing yourself to not die just to see me?”

“Who says not?” Baishu Yui also chuckled.

Luanyu snorted coldly and retracted his smile. He said in a cold voice, “Could it be that you found your conscience before you die and decided to tell me?”

“Tell you? Hehe, I don’t understand what you’re talking about.”

The hundred-wheel knot smiled gently, his eyes kind and serene.

hehe, old thing, you really want to have your soul scattered. It seems like I have to fulfill your wish.

Luanyu’s expression turned cold, and killing intent burst forth.

“Hehe.”

Baishu Yui just smiled faintly and was not afraid.

Luanyu stared at him for a while before the killing intent in his body dissipated. He sighed, “I forgot that you were going to die anyway. Moreover, you’re presumptuously deducing the heavenly Dao. After death, your soul will be scattered. There’s indeed nothing that can threaten you.

“If I could be threatened, I would have surrendered back then,” Baishu Yui said with a smile.

Luanyu's eyes were filled with a Vulture's expression. He gritted his teeth and said, "You've caused me to live in the Dragon shaking hammer for so many years. Don't you have any qualms about it?"

hehe, the rain land of the East Sea is where thousands of rivers gather. But after so many years, it still can't wash away the hostility in your body.

Baishu Yui chuckled.

"Old thing, I don't want to talk nonsense with you anymore. Tell me where that place is!"

Luanyu's face immediately turned malevolent, and he said in a cold voice, "I can already feel the realm energy stirring. I'm afraid the time is almost up, right? Where is the location?"

Baishu Yui lowered her brows and pondered. After a while, she opened her eyes and smiled. "I've forgotten."

"Bang!"

The ground beneath Luan Yu's feet instantly split open, and a wave of air spread out.

He suppressed all his anger, for fear of accidentally killing the hundred wheel knot. He said in a cold voice, "do you really think I can't read your memories?!"

hehe, I've already erased my own memory. Moreover, I'm the successor of the primordial true skill. Are you confident that you can read it without any backlash?"

Baishu Yui remained calm from the beginning. She looked at Luanyu with a smile and remained unmoved.

"Old man, you should die!"

Luanyu furiously roared towards the sky. Dragon roars broke through the sky one after another, shaking the sky in all directions.

The expressions of Wei Qing and the others changed drastically as they looked over in horror.

Luo Qingyun's body trembled like a sieve, and his face turned as pale as a sheet.

He had tenth-grade dragon blood and was at the true immortal realm. His dragon power was enough to suppress all living beings, but now he was trembling under the roar of the ruling plume!

It was a fear that came from the depths of the soul. It was an innate spiritual pressure!

This caused him to turn pale with fright. Other than those living true spirit Dragons from back then, he really couldn't think of any other existence in this world that could suppress his soul!

"You, who exactly are you, Qianqian?"

Luo Qingyun's body couldn't help but tremble violently. Beads of cold sweat dripped down from his forehead, and he almost couldn't hold on any longer.

However, his strong will and spirit continued to support him, fighting against the fear in the depths of his soul.

At most, you'll die. What are you afraid of?

The strong desire and anger in his heart continued to roar, fighting against the fear that came from his blood. With a crisp 'clang', the Aragami bright moon spear was inserted into the ground, supporting his body. He would rather die than kneel!

Baishu Yui looked at Luo Qingyun's appearance and the desolate God's moon spear. Her eyes flashed with a strange look and she was full of praise.

After Luanyu roared several times, his killing intent finally appeared. He gritted his teeth and said, "Since you're not willing to tell me, I'll have to take the risk and try. Even if you delete your memory, I have a way to read it!"

He stepped forward and reached out to grab the head of the hundred wheel knot.

Baishu Yui had a smile on her face from the beginning to the end, without the slightest fear. She only raised her head, a trace of joy flashed in her eyes, and suddenly laughed, "haha, the heavens have not forsaken me. Even my last friend has come.

Luanyu's hand stopped in mid-air, and she also raised her head.

The expressions of Wei Qing and the others changed slightly. They looked up into the sky and saw a burly figure standing in the wind tens of thousands of feet above, looking down coldly.

"You're Yingluo."

Luanyu frowned and looked at that person's appearance. He seemed to be somewhat familiar. Suddenly, he recalled and sneered, coldly saying, "I was wondering who it was. So it's the Emperor of the little ice sky of the extreme north, the one who used his wife's life to forge a weapon, Feng Yaoli. Why, do you want to save this old thing? Tsk, tsk, I forgot that you're also the successor of the absolute beginning lineage."

The person who was 30000 meters above them was Feng Yaoli. After hearing what Luanyu said, his expression changed drastically as he rebuked, "Damn you, how dare you speak such nonsense. Do you still think you're the true dragon or Son of Heaven? In my eyes, you're just a pitiful worm!"

Luanyu was also furious. His face was ashen as he stared at the sky with a fierce glint in his eyes. don't you understand the principle that trouble comes from the mouth? It seems like I'll have to exterminate your absolute beginning lineage today!"

"Haha, what a big joke!"

it's really hard to say who will live and who will die," Feng Yaoli sneered. my sharp sword will kill you today, you insect!

There was a flash of light in his hand, and a chill suddenly filled the sky. The cold sword of ice and frost suddenly appeared, shining brightly.

Luo Qingyun was taken aback. He had fought with Yunxiao countless times, so he naturally recognized the sword. He was shocked and could not understand why it had appeared in this man's hand, and it seemed to be sharper and more powerful than before.

Luanyu's expression was as gloomy as water. He turned back to look at Wei Qing and his son, and said, "You guys help me block this person first. I'll use my divine arts to search this old thing's soul before killing him!"

The shock in Wei Qing's heart was indescribable. Not only was Luanyu's strength beyond his expectations, but that Feng Yaoli also gave him a vague feeling that he was unparalleled.

He didn't understand how so many experts had suddenly appeared in the world. He only felt that he had been a frog in a well when he had stayed in the Holy region.

However, he put his hands behind his back and said coldly, "On what basis? With such a strong enemy, what reason do I have to risk my life for you?"

Luanyu was enraged, "didn't we form an alliance?"

...

Wei Qing laughed coldly. the Alliance was only formed because of the search for Phoenix Feather. This is clearly your personal matter. Why should I help you? the sanctuary is not your shield.

"You coward!"

Luanyu was furious, but at this moment, he could not find a reason to persuade Wei Qing, so he could not help but roar repeatedly.

“I have countless rare treasures in my hands, and I can use them as a price.”

Luanyu quickly regained his senses, and his eyes became clear. With a wave of his hand, more than ten treasures of various kinds appeared in front of him. The corners of his mouth curled up, and he said proudly, every one of them is hard to come by. Some of the treasures are even as valuable as Saint artifacts.

Wei Qing and the others looked over and couldn't help but be shocked. Those treasures were shining with spiritual light and had a threatening aura. All of them were of the best quality. Some of the profound level weapons even contained a vast amount of weapon essence, which made everyone look at them.

The hundred wheel knot also trembled, and his pupils contracted. He stared at one of the bottle-like profound level weapons and said, “Yin and yang air bottle! This item is actually in your hands!”

“Oh, really? This thing is called the Yin Yang dual air bottle? I heard it's called the silver feather bottle.”

Luanyu supported his chin and laughed mischievously, saying, “What, even Lord bailun is moved? As long as you tell me where it is, I can give you all of these treasures.”

“Silver feather bottle, yin and yang air bottle,”

Wei Wuya's brows were tightly furrowed as if he was thinking hard about something. His eyes were fixed on the bottle the entire time.

...

The treasure bottle was a foot long and emitted a silver light. There were unrecognizable patterns and strange symbols carved on it. At a glance, it seemed that even one's divine sense would be affected, making one feel a little dazed.

Hmph! Baishu Yui snorted and said, " why are you acting dumb? how can you not know the origin of this treasure? "

"Hehe, then does my Lord want it?"

Luanyu reached out and grabbed the silver bottle. He handed it over, " this craftsmanship, this quality, tsk tsk tsk tsk.

"I remember now!"

"Yin Yang dual air bottle!"

"哇!"

Wei Wuya suddenly let out a cry of surprise and sucked in a breath of cold air. His eyes turned sharp as he stared at the silver bottle. He extended his hand and shouted, "Give me this item and I'll help you block the person above!"

Wei Qing was slightly surprised. Seeing his father so excited, it was obviously something extraordinary, but he did not seem to have much impression of it.

"Haha, there's someone who knows what's good here."

Luanyu grabbed the treasure bottle and shook it in front of the hundred wheel tying garment a few times, saying, " "My Lord, as long as you tell me where that place is, this bottle is yours. Otherwise, I'll have to bear the pain and cut it off for others."

I really forgot, " Baishu Yui shook her head. I even erased my memory. Believe it or not, it's up to you.

“Bang!”

The ground was once again crushed by Yuri’s stomping. He threw the treasure bottle to Wei Wuya, and with a wave of his hand, he collected all the remaining treasures. Then, with a ferocious expression, he reached out to grab the hundred wheel knot.

“Old man, you’re hopeless!”

He roared in anger, and sharp green claws appeared on his five fingers, which he stabbed down directly!

“Hold on!”

die! Feng Yaoli shouted angrily as a sword radiance slashed down from the sky. The sword Qi was so vast that it directly split the sky and the earth!

Wei Wuya was holding the silver bottle in his arms, and his face was filled with excitement. When he saw the sword light, his body flickered, and his strength burst out in an instant. He shouted and slapped out with his palm!

“BOOM!”

The palm technique did not resist the sword light head-on. Instead, it hit the sword light from the side, causing it to miss and deviate a few thousand feet away. The ground was constantly being cut apart with a rumble.

However, Luanyu still stopped for a moment. He only used his finger to gently pierce the head of the hundred wheel knot. He raised his head and sneered, “Ruler of a fallen nation, do you have any other questions?”

Feng Yaoli's expression changed several times. He stared at the hundred wheel knot and said, "What about the true primordial tactics? You're going to die anyway, so you can't let the true secret art be lost."

The hundred wheel knot laughed and said, "so you've only cultivated to the eighth level. You're missing the last level of the skill formula. But don't worry. I've already passed the complete true skill formula to others. The line of absolute beginning will not be broken."

Chapter 1972-why be sad in life, why suffer in death

"Ah, ah, damn it!"

Feng Yaoli was furious, and the veins on his forehead popped out. He roared, "Who did it come from?" The cold sword of ice and frost rippled with waves of coldness as it pointed straight down.

"Hehe, everything is normal. You don't have to worry about it."

The hundred-wheel knot smiled faintly, put his hands together in his dantian, and slowly read, "Come without a trace and leave without a trace, go with the coming. There's no need to ask more about fleeting life, it's just a dream."

you're on the verge of death, but you're pretending to be calm. There's no cure!

Luanyu angrily rebuked. He knew that he would not be able to get any more answers. Suddenly, his claw fell and pierced into the head of the hundred wheel tying garment. Five streams of blood flowed down from his fingertips.

A smile appeared on the corner of Baishu Yui's mouth, and she closed her eyes peacefully.

"Do you think that death will solve all your problems? With this Lord's abilities, forcefully searching your soul is a simple matter!"

Luanyu's face revealed a malevolent expression as his left palm smacked over.

Feng Yaoli's expression changed drastically, and he rebuked angrily, "Give me the old bastard's body!"

As the sword slashed down, the ice froze everything within a thousand miles. Time and space seemed to have stopped.

Feng Yaoli teleported down, and the ice sword slashed towards Luanyu's hand.

"Dang!"

Suddenly, a stream of Qi broke through the ice and shot straight at the sword. It hit the sword and missed.

Wei Wuya's cultivation instantly reached the void extreme divine realm. He flicked out a finger, and at the same time, his other hand formed a Tiger Claw, appearing behind Feng Yaoli. The entire space twisted along with his movements, and he clawed at Feng Yaoli's right shoulder.

"Damn it!"

Feng Yaoli was furious. He shook his right shoulder and shattered the Space Force. His face turned ferocious as he turned into the true form of the calamity. He turned his head and pushed out his horns!

"What? A fight of misfortune?"

Wei Wuya was taken aback. Two bolts of lightning, gold and silver, shot toward him, tearing two deep cracks in the sky.

Wei Wuya didn't dare to be careless. He clenched his right hand into a fist and punched out with his left. A strange color spread out between his fist and palm, sharp and extraordinary.

"Bang!"

The two balls of lightning were instantly shattered, and Wei Wuya's figure flashed as he charged forward. His strength had reached its peak, and he smashed down with a fist!

Without any technique, it was a mighty attack that was condensed by pure power. It struck toward Feng Yaoli.

He had seen Shang's power in the battle of five Cloud Mountain, and it would be troublesome if he used the Taiji sky-sealing seal. So, he had learned from Yunxiao's strategy and attacked first, leaving no chance for his opponent to use it.

"Bang!"

Feng Yaoli was furious. He held his ice sword horizontally in front of him. He turned the sword and reflected a dazzling light, blocking the power of the punch.

However, the sword body rippled with the power of the vast fist. His arm also went numb, and his huge body took a few steps back.

"What? Void God Realm?"

Feng Yaoli was taken aback. Seeing Wei Wuya's attack again, he suddenly flashed and moved a thousand feet away from where he was standing, and then a thousand feet away.

Only then did Wei Wuya relax. His cultivation had instantly fallen back to the divine sovereign realm, and he didn't want to fight to the death with his opponent. He just wanted to stop his opponent so that it wouldn't affect his ruling plume.

After Feng Yaoli retreated, he stood ten thousand feet away and turned back into his human form. He looked at the hundred rounds of binding soul with a gloomy face.

A yellow light came out of the hundred wheel knot garment's mind, and all kinds of scattered memory fragments rushed over like a vast sea of smoke.

Luanyu didn't dare to be careless. Those memory fragments were mixed with a large amount of absolute beginning power. He was like walking on thin ice, pulling chestnuts out of fire, carefully reading those fragments.

Suddenly, a blurry scene appeared in front of his eyes. He saw the hundred wheel knot holding a golden staff and opening the torrent of time to deduce the number of days.

At the same time, one of the fragments gave off an extremely strong green light. White clouds swirled, and the sky and earth changed colors.

Luanyu's entire body trembled. He suddenly opened his eyes wide and tried his best to look down.

The scene in the fragment was immediately retrieved. Then, the hundred wheel knot garment took out a fist-sized gold slip and imprinted the information on it.

The information that followed was extremely fragmented and came back in droves. Luanyu was extremely anxious and continued to search. Jade slip, Golden Jade slip, where is it? where is it? "

Suddenly, his pupils shrank. He finally saw a small piece of memory. The Golden Jade slip suddenly shattered in front of a person, turning into countless golden light spots and dissipating into the world.

"BOOM!"

Suddenly, a vast force swept up those memory fragments and turned them into a tornado that directly poured into the Yuri spiritual altar's sea of consciousness!

"Ah!"

Luanyu suddenly let out a blood-curdling screech. He took his hands out of the hundred wheel tying garment's head and covered his own head.

His hands were covered in blood, which immediately stained his ears and cheeks, making him look disgusting. He held his head and groaned.

“Hahaha!”

In the sky, Feng Yaoli suddenly burst out laughing and sneered, “Jumping clowns, you overestimate yourself!”

“Ah! Damn it, damn it!”

“Damn the hundred Wheel Armor, damn the Golden Jade. Who was it? who crushed that Jade!”

Luanyu was extremely furious. His eyes turned red and his body shook. A Golden Dragon Tail appeared and struck the hundred wheel knot, shattering his body.

The dragon’s tail was made of golden light and disappeared after a blow, leaving only Luan Yu holding his head and gasping for breath.

At this time, he knew that everything was a trap set by the hundred wheel knot. He deliberately left some vague information in his sea of consciousness to let himself fall into it. Then, he set up a trap at the most critical point and condensed the last of the absolute beginning power to form a storm to seriously injure his soul consciousness.

The Baishu Yui naturally knew that it was impossible to kill Yuri with such a method. It could only be considered a small punishment as a warning, and also a kind of counterattack for offending his corpse.

wuu, damn it, damn it!!

Luanyu once again roared towards the sky, and Dragon shadows constantly appeared on his body, causing the surrounding land to shake and the mountains to shake.

...

Everyone was shocked by this pressure, especially Luo Qingyun, whose face was as pale as paper. He was almost sure that the man in front of him was a real Dragon, or else he would not have such a terrible Dragon's pressure.

"Hmph, a reptile will always be a reptile. Your heart is higher than the sky, and your life is as thin as paper." Feng Yaoli mocked him mercilessly, his eyes full of gloating.

"Hmph, I'm an insect, and who the hell are you? A person who can even refine his own wife into a sword has now become even more inhuman and demonic. Who is the pitiful one here?"

Luanyu slowly stabilized her mind, then raised her head and retorted, "No matter what, I'm his enemy. He has no reason to help me. And you? The sad thing is that even though they are both from the same line of the absolute beginning, the hundred wheel knot would rather pass the absolute beginning technique to an outsider than to pass it to his former Junior Brother, hahaha!"

Feng Yaoli was furious, and his eyes were spitting fire. He glared at her for a while and said coldly, "Hmph, I'm pitiful? No matter how pitiful I am, don't forget that I also have the divine Art of absolute beginning. I can also calculate who gets the last layer of the cultivation method. And you? Hahaha, you'll forever lose the chance to know about that place. Slowly wait for the heavenly Dao's choice to sweep you into the garbage dump, hahaha!"

Luanyu was stunned for a moment, and then was stunned for a moment. Only then did she reveal a look of realization. Her eyes shone as she stared at Feng Yaoli, and excitedly said, "I would have forgotten if you didn't mention it. You are the junior Brother of the hundred wheel knot! Other than the person who crushed the Jade slip, you're the only one in the world who can calculate the coordinates of that place! Haha, the heavens never leave a way out!"

Feng Yaoli looked at him sarcastically and sneered, "No matter how ordinary the deduction technique is, it will still attract punishment. If one peeks into the heavenly Dao, it will even lead to the destruction of the body. I can't even bear to waste my lifespan to deduce the location of the divine Art of absolute beginning, much less your thing. The bailun Yui was a person who had eaten the three-lives fruit and sealed himself in the eternal world. His lifespan was far longer than this. He must have calculated that place, which was why he was punished by heaven and had his remaining lifespan cut off. Do you think I would sacrifice myself for others and use my remaining lifespan to help you divine?"

Luanyu was silent for a moment, before saying, "There's nothing impossible in this world, only a bargaining chip that can't be paid. Perhaps I can give you what you need."

"Haha, what a joke!"

Feng Yaoli said sarcastically, "what bargaining chip can be more important than your own life?" Only a fool like the Baishu Yui would not be able to resist violating the heavenly Dao. The original intention of the Grand primordium Divine Art is to control the power of time. It's an extremely powerful divine power, but these fools of the Grand primordium lineage used it to peep into the past and the future, making themselves enemies of the heavenly Dao. They deserved to die early!"

Hmph, Baishu Yui is a person of faith. How can she be as selfish as you!

...

Luanyu snorted in anger and started to mock him.

Feng Yaoli couldn't help but laugh out loud, his eyes full of mockery. "Haha, why does it sound so funny when you say that? I think you'll be able to make a living by telling jokes after you've been crippled by the heavenly Dao."

Thinking of this, Luanyu was immediately upset. Feng Yaoli was so powerful that he could not force him to come. Even if he could join forces with Wei Qing and his son to capture him, the divination would indeed hurt his longevity, and he would rather die than obey.

If it was an equivalent exchange, what in the world could be equivalent to one's life? This was especially true for a selfish person like Feng Yaoli, who had no faith at all. His life was the heavens, and it was more important than anything else. He would never sacrifice himself for others.

Feng Yaoli laughed out loud, put away his ice sword, and left in front of everyone.

Wei Qing and the others looked on calmly, as if the matter had nothing to do with them. Although Wei Wuya had gained some benefits, he had also fulfilled his promise and stopped Feng Yaoli. Now, he was holding the Yin Yang dual-Qi bottle and laughing from ear to ear.

“Something’s wrong!”

Luanyu suddenly cried out and slapped his own head. His eyes immediately shot out rays of light, as if a dead person had suddenly come back to life.

“Haha, no, no, there are still people who can divine it! Just now, the hundred wheel knot said that the true primordial skill has been passed on to someone else. Then, the person who has received the inheritance has also inherited the nine glorious star staff and has the ability to calculate the location!”

Luanyu’s eyes were constantly shining as he stared in the direction where Feng Yao had left. He said in a cold voice, now, we just have to wait for Feng Yaoli to figure out who that person is. And I have to be on guard against him from killing that person.

Chapter 1973 Zhiyu I s identity

Wei Qing listened to him and said, “Mister Yuri, it seems like you’ve set your eyes on this person. So, are you going to look for the heavenly Phoenix Feather now, or are you going to split up and go your separate ways?”

Luanyu pondered and said, “I must find the inheritor of the true primordial Arts. The true tail feather of the heavenly Phoenix is also very important to me.” However, there were priorities, and it was obvious that Feng Yaoli’s matter was more important. I’ll give you the coordinates of the heavenly Phoenix’s true tail feather. You can go first, and I’ll come back after I’m done.”

He took out a Jade box and threw it to Wei Qing. Inside the box was a jade-green pointer that was full of spiritual energy.

After that, he turned into a stream of light and chased after Feng Yaoli.

Wei Qing held the jade box, his thoughts uncertain as he pondered for a long time.

“Wei Qing, what are you thinking about?” Wei Wuya asked. “Is it about the real tail feathers?” If you feel that it’s dangerous, you can choose not to go.”

“Dangerous?”

Wei Qing smiled indifferently and shook his head, “no matter how dangerous the place is, we can still protect ourselves with our strength.” Moreover, he had obtained the coordinates of the true tail feather for no reason. It was a gift from the heavens, so why not go? I’m just guessing the identity of that Yuri. He’s too mysterious and too terrifying.”

Luo Qingyun’s face was also white. Just thinking about it made him feel scared, and his body couldn’t help but tremble.

Li Yi rolled his eyes at him and sneered, “Look at you, you almost knelt down and called him ancestor just now!”

“Clang”

In a fit of rage, Luo Qingyun instantly thrust out his war spear, aiming straight for Li Yi’s vital points!

“O%! Don’t you dare!”

Li Yi was shocked. He was not his opponent to begin with, and now that he was suddenly attacked, he could not Dodge in time. With an angry roar, he forcefully twisted his body, but the spear still pierced through his shoulder blade and came out.

Li Yi howled like a pig being slaughtered. He looked at Wei Qing and said in a trembling voice, “Your, Your Excellency, he, he wants to kill me, ah, it hurts!”

“Plop! ”

Luo Qingyun flicked his battle spear again, and Li Yi's arm was instantly sent flying, blood spurting out like a fountain.

Li Yi's face turned pale. He did not think that the other party would really dare to be so ruthless. He was suddenly a little afraid and quickly took a few steps back to stop the bleeding on his shoulder. His face was full of anger.

Wei Qing frowned and shouted, " stop messing around. We're all on the same side. What's the point of fighting?!"

Li Yi quickly put on a long face and wailed, " "Your Excellency, this person's heart must be punished. He wants to kill his own people without saying a

word!" haha, you're still talking about others? look at you!

Yao Jinliang, who had been watching coldly from the side, couldn't help but mock him at this moment. He was so close to spitting on him.

Wei Qing couldn't do anything about him. He glared at him and also shouted, "

"Don't provoke him. He won't kill you for no reason!"

He was also extremely disgusted with people like Li Yi who were subservient and fawning over him. However, everyone had their own uses, and Li Yi had Li Yi's talents. At least, he was able to manage Redmoon city in an orderly manner, which made him feel much more at ease.

Although Luo Qingyun was a proud man who was suitable to take on heavy responsibilities and become a peerless hero, he couldn't become an Overlord, because he had put all his thoughts into cultivation.

Li Yi was rendered speechless by the scolding and did not know how to explain himself. Moreover, judging from Wei Qing's angry look, it was obvious that he did not want to listen to his nonsense. He

immediately suppressed his anger, lowered his head, picked up his arm, and began to apply the medicine to connect the two.

“Luo Qingyun, you have tenth level dragon blood, but you still can’t resist his pressure. Do you have any guesses about this person’s identity?” Wei Qing looked at the pale-faced Luo Qingyun and asked.

this person must be at the true spirit Rank and is ranked extremely high. I even suspect that he’s the son of a true dragon!

Luo Qingyun gritted his teeth and said. His face was livid, and it still hadn’t recovered its color.

“The son of the true dragon? Are you exaggerating?”

Wei Qing was shocked, “ I heard his conversation with the hundred wheel knot. This person seemed to have been sealed in the Dragon shaking hammer in the East Sea. He only has a remnant soul. Later on, he came out for some reason. Perhaps he had to go to Donghai Palace to find out his identity. What I’m most curious about is the place he’s been desperately looking for. It’s as if it’s related to his life, and if he can’t be found, the heavenly Dao will let him die.”

The few of them fell silent, feeling that it was too mysterious and beyond his understanding.

Nanfeng Xuan, who had been silent all this while, suddenly spoke, “ does everyone remember when he was talking to the man named Feng Yaoli? Feng Yaoli said, ‘do you still think you’re the true dragon, Son of Heaven?’ I wonder if everyone remembers.

“I remember, what do you want to say?” Wei Qing’s expression changed and said in a deep voice.

actually, Lord Wei Qing had already guessed what I wanted to say when I mentioned this, ” Nanfeng Xuan said unhurriedly. why ask when you already know the answer? ”

She glanced at Wei Qing and said indifferently, ” “It’s just that Daren doesn’t dare to believe it, so he doesn’t dare to say it out loud.”

Wei Qing gave a muffled groan, flicked his sleeves and said solemnly, "Why wouldn't I dare? it's just impossible! This sentence was deeply ambiguous. It could be understood as Luanyu being arrogant and conceited, treating himself as a true dragon. It could also be understood as Luanyu was once a true dragon, but now he no longer had the qualifications to be one. Two meanings, do you think it's the second one? Hehe, isn't it too ridiculous to say that he's an ancient true dragon?"

hmm, I think it must be the first meaning," Wei Wuya said. Feng Yaoli is saying that he's arrogant and thinks he's the true dragon and Son of Heaven. However, this person is indeed quite capable. Perhaps he really is the Son of the Dragon."

Hmph, no matter what kind of monster he is, we'll deal with it as it comes. Even if he's an ancient true dragon, this sky is not a place where old monsters like him can gallop as they please!

Wei Qing waved his hand, his eyes full of confidence, "Let's go and find Feng Ling now. It might not be a bad thing to lose him."

Wei Wuya admired his son's courage. He stroked his beard and smiled."That's right, if you worry too much, you'll only worry about the gains and losses. Qing'er, take this Yin Yang dual air bottle. You're just in need of a suitable weapon."

Yao Jinliang's eyes flickered as he said, "Lord Wuya, what kind of profound level weapon is this? it's so special that you like it so much.

Wei Wuya chuckled and touched the silver bottle. people call this the silver feather bottle, but I know it's actually called the Yin Yang air bottle. It's an incredible Saint weapon. "What? A Saint artifact?"

This time, everyone was dumbfounded. Even Wei Qing was stunned. Yao Jinliang was even more petrified, his mouth wide open.

haha, I don't know if that Zhiyu knows the origin of this bottle, but from his conversation with the hundred wheel knot, he should know. He actually ignored it and exchanged it as a commodity. Tsk, tsk, this person is really not simple.

Wei Wuya sighed. Thinking up to this point, his heart couldn't help but tremble, and he seemed to be even more afraid of Luanyu.

The rest of the People's expressions changed drastically as well. Li Yi even shrieked, "could it be that Lao Ai is really an ancient true dragon?!"

"Shut up! How is this possible?"

Although Wei Qing was overjoyed to obtain a Saint weapon, he was inexplicably irritated when he thought of Yuri's identity. When he heard Li Yi's strange cry, he wished he could kill him with a single slap!

"Qing'er, don't worry," Wei Wuya said in a low voice. "From what I've seen just now, this Yuri's strength is only so-so, and he's currently facing a life-and-death crisis. He won't have any conflicts of interest with us for the time being. However, if we meet this person in the future, we will be more careful when dealing with him."

"Yes, everything is based on your own strength. As long as I reach greater heights and refine this Saint weapon, I won't have anything to fear."

Wei Qing regained his confidence and touched the silver bottle. He felt an unusual power surging like the sea, which made his eyes light up. "Father, what's the origin of this Saint artifact?"

"Hehe, this item does indeed have a powerful origin. It was once in the hands of the demon Lord. Let's go to the place where the Phoenix Feather is first, and I'll slowly explain it to you on the way."

Wei Wuya was in a good mood.

Everyone was even more shocked, staring at the silver bottle with bewilderment in their eyes. They were frightened by the origin of this item.

Wei Qing was also overjoyed. With a wave of his sleeve, a stream of light covered everyone and directly rushed into the sky in the direction of the pointer.

Somewhere in the eternal world, Yunxiao and the others were flying forward in the vast sky.

Gu Qingqing suddenly frowned, feeling a little pain in her heart. She quickly stopped flying and turned around, her eyes full of fear.

“What’s wrong?”

The rest of the people stopped immediately. Yunxiao flashed up and asked, ‘I, I seem to sense that Lord bailun has already fallen!

After saying the last few words, Gu Qingqing’s heart trembled for some reason.

She couldn’t help but shed tears, which floated in the air.

don’t overthink it,” Yunxiao said in surprise. we’re very far away at the moment. There’s no reason for us to sense it.

Although he was comforting Gu Qing Qing, he suddenly had a bad feeling. After all, with Gu Qing Qing’s cultivation level, it was rare for her to have an inexplicable feeling, but if she had a thought, it would come true.

“Yes, my Lord, you worry too much.” Yunshang also came forward to comfort him.

Gu Qing Qing shook her head slightly, still unable to hold back her tears, I know I’m not wrong. Sir is the person I respect the most. I already sensed it when I left several days ago, but I didn’t think it would come so quickly.”

They all fell silent. In fact, they all knew that since Gu Qingqing had sensed it, there must be something wrong, but they didn’t know how to comfort her.

Yunxiao was silent for a moment before he said, " don't be sad. Lord bailun has followed the heavenly Dao all his life. Isn't this ending also arranged by him? "

"I know. Actually, I know all of this. I just can't help but feel sad."

Gu Qingqing burst into tears. She held her right hand and cried like a little girl.

what? " a strange look flashed across mu Xing's face. although Lord Bai Lun's lifespan isn't long, he shouldn't have died so quickly.. Could there be some changes? "

Chapter 1974 The heavenly fortune creation pill

when the eternal world opened, the heavens changed, " Yunxiao said in a deep voice. the experts in the inner realm were all eager to make a move, and a large number of outsiders came. It was indeed difficult for Lord bailun to deal with them with his situation at that time. However, since Daren can see into the past and the future, I'm afraid he has already expected his own life and death. Now that he has fallen, he is most likely prepared."

Qu Hongyan comforted Gu Qingqing, "Feiyang is right. Don't be sad anymore." At the last moment, Lord bailun asked us to leave, most likely because he didn't want us to see his end. Since he made this arrangement, we should follow his heart. "

Gu Qingqing cried for a while before she stopped. She wiped her tears and lowered her head, afraid that people would see her red and swollen eyes."I understand what you're saying, but I can't help but feel sad. But I'll be fine after being sad for a while. Let's go."

At their level, they were already very open to life and death. It was just that many feelings hurt since ancient times, and separation was always the most unbearable.

The group of people silently flew in the sky. The atmosphere seemed to have become a little depressing, and no one spoke.

Suddenly, Yunxiao's heart skipped a beat. He stopped in the air and fell into deep thought.

“Feiyang, what’s wrong?”

Qu Hongyan flew closer and looked at him in surprise. Gu Qingqing had sensed something just now. Did he also sense something?

Yunxiao tapped his chin with a finger as he looked at the endless void ahead and said, “The Xin kuili flames that I subdued earlier have already been refined. I can feel the aura of the Emperor pill tower from within. It’s in this direction.”

He pointed at the end of the road and said, “I’m thinking if I should change my route and look for the Emperor pill tower first before looking for the heavenly Phoenix tail feather. After all, that tail feather is in Fan Yao’s hands and I don’t have much hope for it. As long as the Emperor pill tower finds it, it’ll be within their reach.”

Gu Qingqing looked at mu Xing and said, “what do you think?” After all, you should know about the four Great Spirit sealing objects. They were originally created by mysterious separation Island.”

“Yes, the original intention of the four spirit-sealing objects was to seal the spiritual energy in the eternal world to prevent it from leaking out. At the same time, they would operate and continuously absorb the spiritual energy from the outside world to supplement their effects. Later on, in order to absorb the powerhouses of various generations into the realm, Xuan Li Island created the four great buildings of tool, pill, treasure and book, and unsealed the Jade Book Pavilion. Most of the grandmasters who built the Emperor pill tower and refined the pills there have passed away. The value of the items inside is still very high, so it’s worth going.”

Mu Xing explained patiently with a glint in his eyes, “And there are a few pills inside that even I am extremely tempted by.”

Gu Qing Qing seemed to have heard something and said in surprise, “ could there be a level ten divine pill inside?!”

Yunxiao and the others were also shocked.

Level ten divine pills had long been extinct for a hundred thousand years. Even a large inheritance sect like the divine cloud Palace had exhausted all of its resources. It was already a heaven-defying thing to have a top-notch ninth-tier medicinal pill.

“Hehe, a level ten divine pill, huh?”

Mu Xing smiled mysteriously. Even his metallic face had a strange expression. He could not help but lick his lips and said, “Have you ever heard of the heavenly fortune pill that can defy the heavens and change one’s fate?”

“Heavenly fortune pill!”

Everyone sucked in a breath of cold air and exclaimed in shock.

Gu Qing Qing’s expression changed drastically, and her anger rose. Her killing intent burst out, and she shouted, “mu Xing, you damn thing! How could you keep the news of the heavenly fortune pill a secret? otherwise, this pill would be enough to change one’s fate, and Lord bailun might not have to die!

The surging killing intent danced in the air and condensed into a few whirlpools, binding mu Xing’s limbs and body. With a “clang,” mu Xing was pulled into a huge shape and tied to the sky.

Qu Hongyan and the others were all shocked. Although Gu Qingqing was frivolous, she had always had a good temper. This was the first time they had seen her really angry, and it was clear that she really wanted to kill.

Mu Xing frowned and said gloomily, how would I remember that? besides, the heavenly fortune pill has already surpassed the tenth level. If it could be further classified, this pill would probably be an existence at the eleventh level. How could it be obtained so easily? ”

I’ve heard of the rumors about this pill, ” Yunxiao said. I always thought it was just a legend. I didn’t expect it to really exist. No matter what, he had to go and experience it. As for whether he could obtain it, it would depend on his luck. Daren, please don’t blame the death of Daren bailun on such a nonsensical matter. Isn’t this clearly venting your anger on others?”

Gu Qingqing thought for a moment and felt that she had gone too far. She snorted and retracted her killing intent. Mu Xing recovered and looked depressed.

let's go. Since the Emperor pill tower has entered the eternal world, we can't let anyone else get there first.

After determining the direction, Yunxiao and the others immediately flew forward.

In Yunxiao's palm was a ball of red flame, which was the xinkui li flame. Through it, the shadow of Emperor pill tower could be vaguely seen, and there seemed to be some figures flashing.

it seems like someone has found the Emperor pill tower before us. Let's speed up. Don't let anyone else get there before us!

Yunxiao's pupils constricted as a layer of lightning spread out from his body and enveloped everyone. He immediately turned into a bolt of lightning and shot through the sky, his speed increasing by several times.

This heavenly fortune pill reminded him of someone. It was the wife of the sea

Emperor polong, water deity's mother, Rou Wei. She was still using the seven Star Lamp to extend her life. If he could obtain this pill, he would be able to come back to life. Even the sea Emperor polong himself could use the power of this pill to restore his martial arts Foundation and return to the peak.

Lightning flashed like lightning as it sped across the sky. The closer they got to the Emperor pill tower, the more powerful auras they discovered were also heading towards the same target.

A moment later, there was a faint flicker of light in the void ahead, and with a sweep of his spiritual sense, he found that there were over a hundred people.

The illusionary image of a huge elixir dispensary floated in the air. It was a hundred thousand feet tall and reached into the void.

Most of those Warriors came from the heavenly martial realm, but some of them seemed to have powerful auras hidden in the void, making them difficult to detect. Even Yunxiao could only sense some vague auras.

“What’s going on? Emperor pill tower’s shadow?”

Yunxiao was taken aback as he looked at the skyscraper that towered into the void. It was indeed the Emperor pill tower that had fled outside Langya heaven, but it had become more than a hundred times larger and was in a daze. Clearly, it was just a projection.

Gu Qingqing was shocked, “great void martial arts?” What is this Emperor pill tower up to?”

I’m afraid that the Emperor pill tower has already turned into a spirit. It seems like they wanted to escape by breaking through the void but were beaten back to their original form by someone using a great divine power. That’s why they turned into void to protect themselves. mu Xing was also shocked.

Yunxiao had a strange look on his face as he said, “ there are so many people surrounding us now. How can we escape? we’ll just wait to show up and be robbed. At first, I was worried that someone else would beat me to it, but it seems like I’ll have to wait for a while.”

Gu Qingqing looked into the distance and said, “ these Warriors from the realm of heavenly martial arts are easy to deal with. They are not very strong. However, I can vaguely sense that there are some powerful figures hiding in the void. We should be careful.

“Yes, I felt it too. They’ve also probably noticed our tracks and strength. However, snatching pills is a competition of luck and hard power, so hiding won’t be any better. We’ll just stand there openly, so don’t worry.”

Yunxiao looked at the hundreds of people. They were all famous experts in the realm of heavenly martial arts, and many of them were old acquaintances, some of whom even had some grudges with each other.

“Li Yunxiao!”

A few of his old acquaintances had also noticed him and quickly flew over to greet him.

There was Qian Sheng and his son from the money sect, Chen duantian and an elder from the blade sect, the sect Masters of some reclusive sects, yang

Tianpeng from the Burning Moon sect, and Mi Hong from the blood Crow Palace. He had seen them all in the martial arts competition of the overseas aristocratic families.

Everyone's eyes swept over Yunxiao, and they were all shocked. Chen duantian and the others still recognized qu Hongyan and feini, so they could understand their cultivation base. As for Gu Qingqing, mu Xing, Yi, and even Luo yunshang, they were even more surprised.

The only ones who were slightly weaker were bu Zi and the other two. However, they were also peak nine-star existences. It was just that they did not have much presence in this situation.

Chen duantian stared at feini for a while before he sighed, " congratulations to sect master feini for entering divine transcendence. The rise of the long family is just around the corner.

Feini smiled and bowed. you flatter me, my Lord. I hope that you will take care of the long family in the future.

Qu Hongyan was quite unhappy and said coldly, " Lord Duan Tian, I remember that you said you wanted an explanation from the divine cloud Palace on the blade Ridge and sword peak that day. Are you here for an explanation now? "

Chen duantian's expression was rather awkward as he smiled apologetically, " I only said it out of anger that day. I didn't expect Palace Master Hongyan to still remember it. Hehe, I was wrong.

Not to mention that qu Hongyan's strength alone was not something the blade sect could challenge, but there were also other strong reinforcements like Yunxiao. Asking for an explanation was a complete joke.

With his shrewdness as a sect leader, he naturally would not make a mistake in such a big matter. He endured the anger for a moment, so as not to worry for a hundred days.

hehe, I was just joking. Lord Duan Tian, you don't have to take it seriously.

Qu Hongyan also squinted her eyes and smiled sweetly like a flower. "Haha, misunderstanding, misunderstanding, it's all a misunderstanding."

Chen duantian stroked his beard and laughed out loud, but in his heart, he heaved a heavy sigh of relief.

Qian Sheng looked on coldly. Although he didn't know what had happened, he could tell with his shrewdness that there must have been some grudges between them, and now Chen duantian had given in.

Shenxiao Palace was the world's largest sect, and Yunxiao was famous all over the world. There were countless rumors about him, and there was also the power of the long family of Sky Ridge. With such a combination, they had no choice but to submit.

Besides, Qian Sheng was more well-informed than ordinary people. He had heard a lot of shocking information from Qian Duoduo, so he knew Yunxiao's huge background better than anyone else.

I heard that young master Yunxiao has formed an alliance with shenxiao Palace, the long family, and Yanwu in the southern region? "

Qian Sheng quickly made up his mind and immediately stepped forward.

The members of the reclusive families nearby were all taken aback. The Alliance between the divine firmament Palace and the long family was an earth-shattering event, but what the hell was Yanwu?

They looked at each other with confusion in their eyes. Obviously, they had never heard of it before..

Chapter 1975 Heavenly martial Union

what? ” Yunxiao smiled. Lord Qian Sheng, do you want to do business with our Alliance? ” The money gang is spread all over the world, and their wealth is comparable to a country’s. Your Excellency is too greedy.” He laughed and had a lazy look.

haha, I’m just a businessman. I’m just earning some money for my meals. I’ll be counting on young master Yunxiao and the sect Masters to take care of me.

Qian Sheng chuckled and cupped his fists in greeting.

Yunxiao knew that he must have more to say, so he smiled and said, ” these days, resources are scarce everywhere. Even the landlord family doesn’t have any surplus grain.

“Haha, young master Yunxiao loves to joke.” Qian Sheng laughed. I don’t know how many members there are in the Alliance, but are you willing to accept money to help a small Chamber of Commerce like this? bring this old man and my brothers to earn some money and become rich.”

The surroundings instantly fell silent. Chen duantian and the others were all shocked. They immediately understood what Qian Sheng meant. He was going to join the alliance.

Money sect was quite amazing in both strength and financial resources. Ding Shan and Wan Yiqian had tried to Annex it several times, but to no avail. It was still independent of the two opposing business alliances, which showed that its Foundation was extraordinary. Now, it had even taken the initiative to join Yunxiao’s Alliance.

Qian Sheng naturally had his own considerations. This move was a huge gamble, but in his opinion, the odds of winning were high. Yunxiao was in charge of two of the seven sect Masters, and he was in charge of Yanwu, which was about to become the focus of the world. He also had many experts around him. Once the Alliance could withstand the pressure from all sides and rise smoothly, money sect would be one of the founding elders, and the benefits it would bring would be extraordinary.

Moreover, there were many things happening in the world now. The disputes between the north and south business alliances were constant. Money sect was under great pressure to stand alone, and there was even the danger of being crushed by the two business alliances. It was better to find a backer quickly to alleviate the current crisis.

Chen duantian, who was standing aside, was also greatly touched. He had come forward to greet Yunxiao because he wanted to talk about the Alliance again, but the key was the alliance leader. He was a little unwilling to be under someone else, so he wanted to win over the alliance leader with the chips in his hands. But, the money sect's voluntary participation had put him in a passive position. He could not help but have a complicated look on his face, and he could not hold it in any longer.

Oh, our Alliance is a place of fighting and killing, not doing business peacefully. Has master Qian Sheng really thought it through?"

Qian Sheng's proposal to let money gang join the alliance was both unexpected and reasonable. Qian Duoduo knew what happened in Yanwu, and it seemed that Qian Sheng did want to take a gamble.

Yunxiao looked at him with a smile. If money gang was willing to join, it was naturally what they wanted, but it also depended on how determined Qian Sheng was. If he just came in to gain a title and did not do anything, he might as well not join.

hehe, in fact, there are many contradictions in doing business. Fighting and killing are inevitable. Money gang has been fighting and killing for so many years. Since I want to join the league, I'm naturally prepared to fight and kill.

Qian Sheng chuckled. He knew that Yunxiao was doubting his attitude and determination, so he made his thoughts clear. once you enter the Alliance, everything will naturally be decided by the Alliance. No one dares to disobey the Alliance master's orders!

"Alright!"

Yunxiao was overjoyed. He stepped forward and grabbed Qian Sheng's hand as he said, " we very much welcome master Qian Sheng. We welcome the addition of money sect.

"Hahaha. "

The two of them looked at each other and smiled, as if they were old friends who had known each other for a long time. They asked about each other's well-being and chatted happily.

Chen duantian was very depressed as he listened from the side. He wanted to say something a few times, but he stopped himself.

Yunxiao's eyes were also fixed on the crowd in the distance. Many people had grudges with him, including Mu He, the Vice sect master of the beiming family, and ding Shan, the leader of one of the two merchant alliances.

Ding Shan had also looked over many times, his eyes full of vulgarity. Yunxiao's divine sense had locked on to him at the first moment. Although he did not make a sound now, he could not tell when he would make a move.

Light flickered in ding Shan's eyes, and no one knew what he was thinking.

Qian Sheng had also noticed Yunxiao's hostility toward ding Shan, but he remained silent. He did not want to provoke ding Shan, and since Yunxiao acted as if nothing had happened, he naturally pretended not to know anything.

"I wonder if young master Yunxiao has a name for this Alliance?"

Qian Sheng changed the topic to the Alliance.

yes, I don't have a name yet. Master Qian Sheng is well-read and knows astronomy and geography. Why don't you give me a name? "

Yunxiao thought for a moment and decided that it was indeed time for him to come up with a name.

With the addition of shenxiao temple, the long family, money sect, and his own strength, it would be enough to promote the Alliance and attract more forces to join.

the whole Alliance is led by young master Yun, " Qian Sheng said after a moment of silence. how about we call it the Yun Alliance? '

“Not good.”

Chen duantian immediately objected. the Alliance is the joint effort of many sects. How can one person be the leader? how can he convince the masses? ”

He was extremely depressed. He still wanted to use his entry into the Alliance as a bargaining chip to fight for the position of the alliance leader. If the name was called the Yun Alliance, then what was the point of fighting for it? Oian Sheng was rather displeased that he was being brushed off. He asked

curiously, ” Lord Duan Tian’s words make it sound as if the blade sect is also a member of the Alliance. Does the name of the Alliance need to be taken by an outsider? ”

“You coward!”

Chen duantian was extremely depressed. With a muffled grunt, he flicked his sleeves and ignored Qian Sheng.

since Lord Duan Tian thinks it’s inappropriate, ” Yunxiao said, ” what name is appropriate? ”

“Since it’s a gathering of many sects and heroes, why don’t we call it League of Legends?” Chen duantian said.

Yunxiao crossed his arms over his chest and tapped his chin with his index finger as he muttered, ” “Why does this name sound so weird?” “Don’t you think it’s not domineering enough?” qu Hongyan smiled.

“Yeah, a little.” Yunxiao said honestly.

Gu Qing Qing’s face darkened as she recalled the scene at the five Cloud Mountain. “Don’t tell me you’re thinking of getting a very long name again?” Yi’s heart trembled, and his face turned green. The five Cloud Mountain’s alluring and cool, eternal revolving mayfly ball was simply a tragedy for the demon race. His expression changed when he talked about it.

Yunxiao's eyes lit up as he clapped his hands and said, "Your Excellency's words have reminded me that the Alliance is for the common people of the world. It is a righteous Alliance that will affect the entire realm of heavenly martial arts. Why don't we call it the invincible super heavenly martial Alliance that will shake the world for thousands of years?"

Gu Qingqing, "Yingluo."

"I think this name is good, it's very impressive."

Qu Hongyan covered her mouth and laughed. The other two women also chuckled and agreed with her.

other than the first string of words, "Qian Sheng said, "the heavenly martial League is indeed a good name. Although it's a little arrogant, it's not necessarily undeserving.

Chen duantian nodded and said, "I think it's fine." "Alright, since that's the case, it's decided."

Yunxiao clapped his hands and settled on the name.

"Then the position of Alliance leader should naturally be taken up by young master Yun," Qian Sheng said.

Chen duantian immediately said in a deep voice, "who gives you the right to appoint someone as the alliance leader?" Then Qian Sheng, you're even more awesome than the Alliance master. You have to decide who the Alliance master is!"

haha, what a joke. This is an internal matter of the heavenly martial Union. What does it have to do with you, Lord Duan Tian?"

Qian Sheng sneered and retorted.

in terms of its full name, " Yunxiao pointed out. it's the Super heavenly martial Alliance, whose name has shaken the universe for thousands of years, and is invincible.

Qian Sheng,"hehe."

"Can't you be more serious!" Gu Qingqing scolded.

Yunxiao pursed his lips. how am I not serious? is the name too long for you to remember with your IQ? '

Gu Qingqing, "Yingluo. "

Chen duantian felt a little dizzy as well. Such a serious matter had turned into a child's play. However, the name was not important. The most important thing was the position of Alliance leader. He stared at Qian Sheng coldly and snorted,

How do you know that the blade sect won't join the alliance?"

Oh, could it be that the saber sword sect also has the intention of joining the heavenly martial Union? "

Qian Sheng's eyelids raised slightly as he said with a smile. In fact, Chen duantian's performance had already explained everything.

"Naturally!"

young master Yun and Palace Master Hongyan came to the blade and sword peaks to discuss an alliance with me a long time ago, " Chen duantian said seriously. I've thought about it for a long time, and I think it's very feasible. I'll now represent the blade sect and officially join the heavenly martial Union!"

"Really?"

Yunxiao stared at him with a smile on his face, as if he had expected this. of course, " Chen duantian replied. I'm the master of a sect. I can't take my words lightly. However, the position of Alliance head can not be casually decided.' alright, " Yunxiao said. how do you propose we vote? "

"Good, good, this is the fairest way!"

"I vote for my husband," Fei Ni clapped her hands and praised.

"I vote for Feiyang too," qu Hongyan said.

"Me too," Qian Sheng laughed.

Chen duantian,"Suan Suan"

He wiped the cold sweat from his forehead and said seriously, " "How can people who practice martial arts be chosen by voting? it should naturally be decided by a martial duel!"

Although he was not sure if he could beat Yunxiao, he was sure to lose if he had to vote, so he had no choice but to throw in the martial arts competition.

"Alright, then we'll use martial arts."

if Lord Duan Tian wins, the heavenly martial Alliance's headquarters will be located at Blade Ridge and sword peak, " Yunxiao said with a faint smile. if I win, it will naturally be in Yanwu.

"Alright!"

yes! Chen duantian agreed immediately. It was already his best chance to win the martial competition. If he lost in the martial competition, he would not be able to win in any other way.

Qu Hongyan and feini covered their mouths and laughed. They knew that Chen duantian would not have any chance.

Yunxiao turned his eyes to yang Tianpeng, Mei Hong, and the other sect leaders of the reclusive families, then said with a smile, "Do you all want to join?"

ha, Lord cloudsky must be joking. We've been living in seclusion overseas for a long time, and we've stopped caring about worldly affairs. Why would we want to join some Alliance?"

Yang Tianpeng smiled awkwardly and declined immediately, but the shock in his heart was beyond words.

He did not know how powerful the heavenly martial Union was, but there were three of the seven major sects in front of him and money sect. These existences were enough to compete with the Holy region and the sea of soul formation.

They were not reclusive people. It was just that the current situation was unclear and they did not want to pick a side too early.

At this moment, more and more people gathered outside the illusory figure of the Emperor pill tower.

The huge building that rose into the void also began to gradually become solid, as if it was going to shatter the void!

Chapter 1976 Level ten divine pill

"It's almost here, it's about to appear!"

The crowd began to stir, and all sorts of excited voices rang out.

Yunxiao also felt the power of the Emperor pill tower, which was much stronger than what he had felt under the island. All kinds of light kept shooting out from the void, twisting the space.

“Such power, I’m afraid it’s not simple.”

Mu Xing’s eyes were filled with shock. As the Emperor pill tower continued to appear, its vast power shot out and multicolored light overflowed, forcing those people at the front to retreat.

“It’s dangerous!”

Yunxiao could not help but cry out in alarm, reminding the people in front of him.

Some of them immediately retreated after thinking about it, but many of them were still afraid of losing the initiative, so they still surrounded the front to resist the strange force of the multicolored light.

“BOOM!”

Suddenly, the space shattered and the entire Emperor pill tower appeared. A huge force pushed them away like waves. As the force trembled, a large amount of Xin kuili’s flaming light spread out!

A large number of screams rang out. Those who were closest to him were mostly at the bottom of the pack. They were afraid that they couldn’t win and wanted to seize the opportunity, but they ended up being the first to bear the brunt!

A blood-red light spread and a large number of Warriors were killed by the vast power. Some of them were lucky enough to survive, but they were also burned to ashes by the Xin kuili flames.

Dozens of figures scattered into the distance like ants to avoid that terrifying attack.

The rumbling sounds were endless and only gradually stopped after a while. Everyone’s faces were pale, and they still had lingering fear in their hearts.

A giant tower that reached the sky stood in front of him, thousands of times larger than the one Yunxiao had seen before. It had a winding corridor and a high roof, each holding its own terrain. It was indescribably exquisite and magnificent.

“Tsk, tsk, such a grand move, it’s not inferior to my heavy equipment tower.”

Mu Xing praised from the bottom of his heart. The tower was Grand and majestic, while the small Parts were exquisitely carved. It was amazing.

the restriction is open. Everyone, quickly go in!

Suddenly, a cultivator shouted loudly and turned into a ray of light.

But, Yunxiao found that although the warrior who shouted was rushing forward, he was not very fast. Several figures overtook him in an instant and rushed into the pagoda first.

The man hesitated for a moment, but after seeing them disappear into the tower, he went in after making sure there was no problem.

Everyone present was an expert and astute person, and after seeing this person’s slippery behavior and confirming that there was no danger, they rushed in.

judging from the situation just now and the tower of treasures, I’m afraid it won’t be so simple inside,” Yunxiao said. we’d better be careful.

you’re being too careful. How can our strength be compared to these dregs?

The referee didn’t mind and sneered.

The Emperor pill tower was also very attractive to him. After all, there were few demon alchemists, and he had been suppressed under the five Cloud Mountain for so many years, so he had a rare medicinal pill.

Yunxiao looked at the people around him and said, " Lord Duan Tian, sect master Qian Sheng, although we're allies now, I'd like to remind you that I won't be soft-hearted when it comes to snatching elixirs. How much you can get depends on your own strength and luck. Don't expect others to help you. "Haha, that's natural," Qian Sheng laughed out loud.

of course! Chen duantian snorted. we can't just split the pills equally.

Yunxiao smiled, then transformed into a bolt of lightning and flew away, covering qu Hongyan and the others with it. haha, let's go!

Chen duantian, Qian Sheng, and the other sect Masters of the secluded sects also teleported and flew over.

Ding Shan, on the other hand, was calm and composed. He had been standing in the distance without moving, crossing his arms.

After that, a few figures appeared in the void and disappeared without a trace. They flowed like water and entered the Emperor pill tower.

After a long time, when almost no one was left, ding Shan slowly put down his hand and stepped into the Emperor pill tower.

With such a towering tower standing there, other than the Warriors who had entered earlier, there were also people who rushed over from time to time. They were all pleasantly surprised as they rushed in.

As soon as Yunxiao and the others stepped in, they were greeted by several energy fluctuations.

"Hmm, what's going on?"

As the lightning fell, everyone's figures appeared. Yunxiao looked over and saw rows of shelves in the hall on the first floor, each with a Jade box on it. Clearly, they were used to hold pills.

The martial artists who had entered before all started fighting. The huge Hall, which could originally accommodate a thousand people, was now crowded with all kinds of sword and fist lights flashing.

“So many pills, haha!”

He was overjoyed, and his eyes were filled with killing intent. He said coldly, ”

“Kill all these scums!”

Yunxiao was taken aback and quickly stopped him. “Don’t mess around! We don’t know how many levels there are in this tower, and this is only the first level. The lowest level of pills must be placed there, so we don’t need to take them at all.”

The screams in front of him continued, and all kinds of blood splashed.

Suddenly, a person was sent flying and crashed into the shelf. A pile of boxes immediately fell, and the pills inside rolled out.

“Ah? These pills are so expensive!”

Someone immediately cried out in alarm. Although the ones scattered on the ground were agile and pleasant, their grade was not high, only grade seven.

In the outside world, it would be considered a valuable item, but in the eyes of these people, it was no different from dirt and stone.

damn it, what kind of lousy place is this? they actually used some trash to trick us!

The sounds of fighting stopped immediately. Everyone was dumbfounded, especially those who were seriously injured. A few of them had already died on the ground. They had died in vain.

“Hmph, who asked you to be stupid!”

There were several teleportation arrays around the hall. Many people rushed in and were teleported to other floors, looking at the people snatching the pills with ridicule.

Immediately, a group of people rushed in all directions and began to fight for the teleportation, afraid that they would be too late.

haha, young master Yun is indeed wise.

Qian Sheng’s voice came from behind. He looked at the wolves in front of him with a smile and said, “fortunately, I didn’t go up to snatch it. Otherwise, I would really lose my status.

with Lord Qian Sheng’s wisdom,” Yunxiao said with a smile, “how can he not see through such a simple thing? The internal structure of the Emperor pill tower is similar to the Jade Book Pavilion. They both travel to and from each other through teleportation.”

” young master yunxiao, you’ve also been to the Jade Book pavilion,” Qian Sheng said. “Do you have any insights?”

Yunxiao laughed. of course not. It’s just that when I went to the Jade Book Pavilion, I happened to obtain the heaven-peeking pupil technique at the place of teleportation, which cured the backlash of my lunar pupil. I’ve been thinking, is there really such a coincidence in the world? ” Originally, I planned to go to the Jade Book Pavilion again, but I was unable to find the coordinates.”

“Hmm, it is indeed a coincidence.”

Qian Sheng was also quite surprised. He muttered, “if this Emperor pill tower is the same as the Jade Book Pavilion, wouldn’t the distribution of medicinal pills be based on demand? ”

“Distribute according to needs?” that’s a new word,” Yunxiao said, stunned. but it is indeed possible.

let's try it," Qian Sheng said. it's unlikely that we'll be teleported to the same place.

the teleportation array should be random," Yunxiao said to them. you can enter the divine realm tablet, so we don't have to be separated.

who wants to enter your divine realm tablet? it's fine if we separate. Gu Qingqing snorted.

Only qu Hongyan and the other two girls, as well as bu Zi, were willing to go in. Gu Qingqing, the referee, and mu Xing all wanted to go in alone.

The three women did not want to be separated from Yunxiao, while bu Zi and the other two knew that their strength was limited, and it was safer for them to follow Yunxiao. They were still waiting for the opportunity to become gods, and they did not want to lose their lives in the eternal world.

Yunxiao immediately put the six of them into the divine realm tablet. When everyone had finished snatching the teleportation array and it was not too crowded, he chose one and walked into it.

Qian Sheng and the others also walked into the same formation with him.

In a flash of Azure light, the space around them trembled slightly, and they all disappeared.

In the next moment, Yunxiao appeared in an empty Hall.

There was nothing in the hall except for an altar with a red jade box on it.

it's indeed a random teleportation. I suddenly feel like I've lost out.

He let the three women out, while bu Zi and the other two continued to stay in the divine realm tablet. Anyway, they had no sense of existence and couldn't help when they encountered a strong enemy, so he let them cultivate inside.

Qu Hongyan smiled gently. that's right. If we were to be teleported separately, everyone would be able to enter a Hall and have the opportunity to get the elixir.

"But is Yingluo that simple?"

Yunxiao looked at the red jade box and scanned the surroundings with his divine sense. When he found nothing unusual, he slowly walked forward.

"Feiyang, be careful,"

"Be careful, my husband."

Qu Hongyan and feini both gasped out of concern. Luo yunshang was also nervous, afraid that something would happen.

But, Yunxiao walked all the way to the front of the altar, and nothing happened. Then, he reached out and touched the jade box, and a red light immediately shot out.

Yunxiao did not panic. Instead of dodging or hiding, he turned his hand and caught the red light.

"Bang!"

However, the red light was too sharp and broke through his spiritual energy. It slashed his five fingers and his Golden Palm was also cut, but it recovered in an instant.

"What a powerful restriction."

Yunxiao's face flickered slightly. His indestructible golden body was far from what it used to be. The red light seemed simple, but it could hurt his body at once. If it had turned into another divine transcendence expert, he might have been seriously injured.

Yunxiao became even more vigilant. He gently placed his fingers on the box and slowly opened it.

“Roar!”

Suddenly, a deafening roar of a beast burst out. Yunxiao was caught off guard, and the powerful sound waves hit him one after another, making cracking sounds as if thousands of blades were hitting metal.

The three women behind him also cried out in alarm at the same time and circulated their energy to block it.

The beast’s roars continued for a long time before gradually calming down. A green jade pill lay in the box, emitting an astonishing spiritual Qi. With a breath, he felt that all his internal organs were relaxed and comfortable.

“This is a Kasaya.”

Yunxiao grew excited and said in wild joy, “ level ten Suan ni, this feeling is comparable to a level ten divine pill!

As a top-tier Alchemist, this was the first time he had seen a tenth-tier elixir. He was so excited that he reached out and picked up the jade box.

Suddenly, there was a flash of light in the sky above the hall, and an extremely sharp attack fell from the sky, shooting toward them!

Chapter 1977 - lightning strike

The attack was golden in color, as sharp as a golden light, and there were flashes of lightning on it.

Yunxiao was surprised for a moment, but then he turned his hand and grabbed at the lightning.

He also condensed a ball of green lightning in his palm, as if there was an electric field reaction between the two. When the two Thunderbolts were about an inch away from each other, a flash of lightning expanded and spread, almost covering the entire Palace with a crackling sound.

The golden light shot into the green lightning and exploded, giving off a dazzling light.

Yunxiao felt his arm go numb. He had been struck by the Golden lightning, and his arm lost the feeling for a few breaths.

This was simply unbelievable for him, who had the five elements lightning body.

“Husband, quickly look!”

Fei Ni suddenly cried out in shock. She saw a small green jade beast with wings on its back and a single horn on its head appear in the air above the jade box.

The little beast’s two eyes were pure gold as it stared at Yunxiao, a golden gleam flowing in them.

“What kind of monster is this? it’s so cute.”

The three girls were immediately attracted by the cuteness of the little Beastie.

Yunxiao, on the other hand, trembled, and his eyes shone with a sharp light. He could hardly believe it.

He had seen the shape of this little beast before. It was in the ocean Forest. On the hundreds of true spirit pillars carved with the ancient Maha character, one of the statues looked exactly the same as the beast in front of him!

“True spirit lightning strike!”

Yunxiao cried out in surprise.

“What? This thing is a true spirit!”

The three women were also shocked and immediately became alert.

“That’s not right, it’s not a complete true spirit body, it’s just an illusory soul. Could it be a Suan ni?”

Yunxiao’s eyes fell on the divine pill in front of him. The Jade-colored divine light was the same as the Thunder Luan’s, and the two lights radiated out, almost merging together.

“Pill soul!” this lightning Phoenix is the pill soul of this divine pill! Yunxiao said in surprise.

fusing the soul of a true spirit into a pill? what kind of pill is this?!

Yunxiao was surprised and overjoyed, and then he suddenly burst into laughter. haha! A divine pill of Thunder nature! This Emperor pill tower is indeed the same as the Jade Book Pavilion. It’s not as simple as a random teleportation, but a one-time teleportation? ” Tsk, tsk.”

In his ecstasy, the smile on his face turned into a smug look as he raised his head and stared at Lei Meng.

It was said that divine elixirs had a soul, which could be born by absorbing the essence of heaven and earth, or by injecting the soul of a demonic beast into it. But no matter what, after a long time, the elixir soul would be able to separate from the body and cultivate on its own, finally breaking away from the shackles of the elixir and wandering the world.

This lightning Phoenix was extremely hostile. It guarded the pill and did not allow anyone to approach.

Moreover, its body was half real and half virtual. It had probably cultivated for a long time and was about to complete its merit.

As long as it fully transformed into a physical body, it would be able to swallow the pill that bound it and become an existence that surpassed its previous life.

It would then be able to leave the Emperor pill tower and obtain its freedom. How could it be willing to let its divine pill be taken away at this time?

“Be careful, my husband. I can sense that this beast is no ordinary beast.”

Feini suggested. In the eternal world, her strength seemed to have been greatly enhanced. Furthermore, with the heavenly Phoenix Nirvana body, her sense of true spirit was beyond ordinary people’s reach.

“En, I’ll be careful. You guys should stay far away to avoid being affected.”

As soon as he finished speaking, Yunxiao flew up, took out the sword death, and thrust it at the red-slaying sword.

As a five elements Thunder body, he had a very strong sense of the beast. The power contained in the Thunder Luan’s body shocked him, and it was ready to move, so Yunxiao did not dare to be careless.

Lei Jing was prepared for this. She opened her mouth and spat out a black lightning bolt, which struck the sword death on Zhan Hong.

“Bang!”

The sharp sword Qi was directly dispersed by the black Lightning. The pure white body of the sword was covered with Black Lightning patterns, which kept flashing.

Yunxiao was taken aback again when he found that the sword death’s power was suppressed by the black Thunder. He flicked his wrist, and the ice fiend Heart Flame immediately emerged, devouring all the black Thunder. Only then did the sword Qi burn brightly and restore its sharpness.

Lei Meng's golden eyes suddenly shrank, as if she was also quite surprised. With a crackling sound, her figure disappeared in the sky.

Immediately, a thundercloud emerged and fell down. Most of the space in the hall was covered by lightning, and a vortex formed under the cloud, rolling toward Yunxiao. It was a sea of thunder and lightning, with five different colors of lightning flashing inside, the most dazzling of which was golden, so dark that it was almost purple.

Yunxiao was taken aback. With his understanding of Thunderbolts, he naturally understood that the power of the Golden lightning was approaching

the hurricane lightning, and the power of the Thunderbolt was even stronger than

his.

Furthermore, there was the roar of a beast in the whirlpool, shaking the spiritual altar and sea of consciousness, sucking away one's soul.

Yunxiao did not dare to be careless. He poured his spiritual energy into the sword, which emitted a hot and strong light. The sword beam soared into the sky and fought against the Thunderbolts.

"Star sword slash!"

The sword struck out, and the vast sword will was like a deduction of the great path. It rumbled and slashed into the lightning vortex, tearing a white crack. However, it was only a foot long, and it quickly recovered at a speed visible to the naked eye. The entire vortex storm continued to spin downward.

Yunxiao was taken aback. At this critical moment, he suddenly transformed into a Thunderbolt, passed through the crack that was about to close, and escaped from the vortex storm.

"Pi Li pa la!"

The vortex seemed to collapse and condense in the middle, turning into Lei Meng's figure. He turned around and stared at Yunxiao, his golden eyes flickering as if he could not believe that someone could escape from his thunderstorm.

Yunxiao was also frightened, and he could not help but smile wryly in his heart. He had always been the one to strike people with Thunderbolts, and he had rarely been forced into such a sorry state by others' Thunderbolts.

Lei Xiao raised his head and let out a "ao ao" sound, as if he was truly angry. He flapped his wings and a red light suddenly swept over.

The red light was neither blood nor light, but a red thundercloud. It disintegrated in the air and turned into countless blood-red lightning bolts.

"You're not done yet!"

Yunxiao was furious. With a loud cry, he held the hilt of the sword with his right hand and thrust it into the ground. With a clang, the vast white sword realm opened beside him.

Then, he pointed in the air with his left hand, and the northern heaven cold star sword broke out of his body and turned into the picture of 10000 swords. Countless sword shadows flew around the palace and blocked the red lightning!

"BOOM! BOOM! BOOM! BOOM!"

Tens of thousands of Thunderbolts fell and hit the countless sword energies, shattering all the thousands of swords while the sword barrier kept shrinking.

The area shrank from a few hundred feet to three feet, and he finally survived the wave of lightning.

"Damn it!"

die! Yunxiao shouted angrily as he teleported and slashed at Lei Meng. At the same time, he split into eight afterimages, each holding a sword, and attacked from all directions.

This was Murong Zhu's ultimate skill, the nine Dragons sword, and the thousands of bodies.

His lightning divine power paled in comparison to his opponent's, so he could only think of a way to win by relying on his sword Dao.

Although Yunxiao had the five elements lightning body, he had acquired it through acquired cultivation. Compared with an innate Lightning Beast like the Thunder Luan, he had a great flaw.

Moreover, Lei Meng wasn't weak among the ancient true spirits. With his half-solid half-void body, he had recovered a small part of his strength from when he was alive, which was enough to suppress most of the experts of this era.

"Pi Li pa la!"

Every time Yunxiao's sword cut through Lei Meng's body, it would bring out a flash of lightning that flickered on the sword.

Without exception, the moment the sword touched the lightning body, it would be covered with lightning patterns and seal the sword intent.

"Damn it, how can we tight this!"

Yunxiao was extremely depressed. With every slash, he needed a large amount of spiritual energy to shatter the Thunder patterns and restore the blade.

The only thing that could resist this Thunder seal was the ice fiend Heart Flame. Only when there was a flame light dancing on the sword would it not be sealed. Moreover, it could force the Thunder Phoenix to retreat and make the beast full of fear.

But, since mo PU had extracted the giant true devil spirit from his body, Yunxiao's fiend energy had been reduced by ninety percent, and he could not maintain the ice fiend Heart Flame for a long time.

A strange thought appeared in his mind. If he wanted to use his demonic techniques, it seemed like he would have to make a trip to the ancient Devil's well in the sea of soul formation to recover his demonic energy.

Otherwise, not only would he lose the true fiend Dharma idol, but the ice fiend Heart Flame as well as the six paths demonic weapon, losing an extremely powerful trump card.

While he was distracted by his thoughts, Lei Meng pushed against the sword Qi and pounced on him with a roar. His body grew three times larger in the air as he raised his front palm and slammed it down on Yunxiao.

The front palm only had four toes and a lightning talisman appeared in the middle. It flashed and struck down.

Yunxiao was taken aback. The Thunder Luan was a thunder beast born from heaven and earth, and all its power was pure origin. The Thunder rune represented the Thunder of heaven and earth, which was very similar to the ancient Maha character on his heavenly hammer, but also different.

The Maha ancient character was created by an ancient mighty figure to imitate the rules of the heavenly path. Each character contained extremely strong Dao intent.

Yunxiao instantly understood that the ancient Maha character on the heavenly hammer, which represented the law of Thunder, was imitating the rune under the Thunder Phoenix's front palm!

He didn't have time to think. He quickly gathered all his clones and formed a seal with his left hand.

A red glow appeared in his palm and rose up.

Under Lei Qian's anger, a golden light flashed in his eyes. When he saw the red light, he seemed to be stunned for a moment, as if he was a little afraid.

“Floating like a dream, flying with a seal.” “The sea of suffering in the mortal world, transcending the other shore.” “Boundless heaven and earth, six paths of reincarnation.”

“Three seals as one!”

Yunxiao gave a light cry, and three illusionary seals condensed together, exuding boundless power and surrounded by a red glow. They were the alchemy fire he had refined-the Xin Kui Li flame!

Although this heavenly flame was strong, it wasn't something that Lei Meng would fear. However, this flame was a pill flame that was nurtured by the Emperor pill Pagoda and was the source of power for the pagoda. This immediately caused Lei Meng to panic and lose his mind.

“BOOM!”

The three seals were thrown out as one, hitting the Thunder Phoenix's front palm. A terrifying light shot out in all directions!

On one side, heavenly lightning was rumbling, presenting a five-colored lightning glow. They transformed into rings of lightning that struck out. Lightning flashed and Thunder roared everywhere. The Great Hall was also instantly magnetized, and was covered with lightning patterns.

On one side, there was a huge palm print with three seals as one. A vast power rose from the seal, reflecting a brilliant light.

The pill fire, the xinkui li flame, burned even more fiercely, almost transforming into a Dragon that rose up to resist the rolling heavenly lightning.

He didn't know what this Palace was made of, but it was still standing under such terrifying power!

Chapter 1978 - Purple-gold Thunder tribulation pill

Under the suppression of the five-colored thundercloud, the light of Yunxiao's palm grew weaker and weaker, but the power of the alchemical fire kept growing stronger.

On the hall that had been magnetized, fire patterns began to appear and resist the lightning patterns!

In the distance, the three women looked at each other in shock and were ready to attack at any time. As soon as Yunxiao showed signs of fatigue, they would attack immediately.

However, the four walls of the hall began to shake like walls of light under the collision of the two forces. The fire patterns continued to gain the upper hand.

For the past 100000 years, the xinkui li flame had been the source of power for the Emperor pill tower. The four walls of the hall were a part of the tower. Immediately, the power of the entire Emperor pill tower began to gather and suppress the lightning!

The two forces finally could no longer maintain their balance and suddenly exploded. The unparalleled power surged in all directions!

"Boom boom boom!"

Both Yunxiao and Lei Meng were devoured by the force, and the Jade-colored level ten divine pill was also sent flying by the impact. However, a force surrounded the divine pill and did not damage it.

In the distance, the three women worked together to set up a barrier to resist the impact of the power.

The sound of wind and thunder that filled the hall lasted for a long time before it gradually dissipated. However, the air was still filled with lightning and fire, which were the two elements.

Yunxiao held the sword in one hand, his left hand still in the form of a seal, and his body flickered with a golden light. He did not look injured at all.

In the distance, Qu Hongyan's heart skipped a beat as if she had thought of something. She exclaimed, "Fly away, you're so proud!"

Yunxiao smiled and retracted his hand, then nodded and said, "I have indeed opened the eighth gate at the hundred wheel tying garment and cultivated with Yun Shang's divine body. My physical body is complete.

Luo Yunshang's cheeks were flushed, and she lowered her head shyly.

all eight gates are open. My body is undying. My divine body is complete!

Both Qu Hongyan and Feini were pleasantly surprised. This meant that Yunxiao could fight with a divine sovereign realm expert with his physical body alone!

Both the tyrant body tempering technique and the bright glass body were the most powerful body-tempering cultivation techniques in the world. Even though Yunxiao's strength was suppressed by Lei Meng, under the terrible impact just now, the difference between the two was obvious.

Yunxiao was not injured at all, but Lei Meng became even more dazed. The lightning on his body flickered, and he could hardly maintain his form.

With a flap of its wings, Lei Meng turned into a bolt of lightning and streaked across the sky, directly disappearing into the green jade divine pill. A layer of lightning immediately appeared on the pill, and with a few "crackling" sounds, it was retracted into the pill.

Suddenly, a faint pill fragrance spread out, and the three women in the distance also smelled it like dew, relaxing and relaxing.

Yunxiao breathed a sigh of relief. Fortunately, Lei Meng had returned to the core by himself, or he would not have been able to do anything. He could only ask the three women to work together and set up a formation to force Lei Meng back.

After all, the pill soul could not be lost. Otherwise, 70 – 80% of the medicinal properties of the divine pill would be lost, and not even half would remain.

Yunxiao stepped forward, picked up the jade box from the ground, and examined it carefully.

From time to time, lightning would jump on the pill, and the shadow of a lightning Phoenix could be seen.

The three girls also gathered around and looked at the divine pill. After all, it was a level 10 divine pill, and none of them had ever seen it before. Their curiosity was piqued.

Yunxiao's eyes gleamed, and he could not help but lick his dry lips as he said, "Such powerful lightning energy, I really have the urge to swallow it. This feeling is too strong. Does this pill contain the origin of lightning?"

"Then hurry up and swallow it. Maybe you can turn your acquired lightning body into the innate lightning body," qu Hongyan said happily.

Yunxiao's face was full of joy. even if I can't transform it, it can cleanse my acquired body and further improve the essence of my Thunder Yuan. It's even possible for me to break through the shackles of the true immortal realm and step into the divine sovereign realm. It's just that you'll need time to digest this pill and you're in the Emperor pill tower now. You can eat it after you leave the eternal world."

He stretched out his fingers and formed several talismans in the air. They flew down from the sky and sealed the pill one by one, sealing its spiritual energy so that it would not dissipate.

At the same time, he also cast a few restrictions to prevent Lei Meng from rushing out after recovering her essence force. Only then did he put the jade box into the divine realm tablet.

At this moment, in front of the hall, a small teleportation formation slowly appeared, green light flowing.

this place is indeed like the Jade Book Pavilion. According to everyone's cultivation level and attributes, they will be transported to their own space. The person who refined this Emperor pill tower is really amazing.

Yunxiao praised from the bottom of his heart. Such precise calculation was beyond his understanding, and it must be a means that only those alchemy gods had.

Qu Hongyan said, "if we go through this teleportation array, we should be back at the entrance, right?" Can I still come in?"

if it's the Jade Book Pavilion, " Yunxiao said thoughtfully, " it will teleport you directly out of the pavilion, and it will be difficult for the same person to enter again. The spatial structure of this tower is very complicated. I'm thinking, is there a way to not go out and directly go to another Hall?"

"If it's possible, all the divine pills in the pill Pagoda will belong to us," Fei Ni laughed.

The few of them were a little excited when they thought about it. After all, it was a level ten divine pill, and not something that could be found on the street. Yunxiao began to carefully observe the Great Hall and the teleportation array.

At the same time, at the same time.

In a certain dark building in the Emperor pill tower, two black-robed men each made a hand seal and sat opposite each other.

Between the two was a circular magic formation, divided into nine equal-grid squares, inlaid with colorful Jade pearls, which were very dazzling.

Suddenly, one of the Jade-colored pearls dimmed and lost all its light, as if it had turned into a pile of dirt.

hmm, it's actually a purple-gold tribulation lightning pill!

The man on the left was called Meng Zhuo. He suddenly opened his left eye, which shot out a bright light. He seemed to be in disbelief.

His right eye was tightly shut, and there was an inch -long scar on it. It looked like a centipede was lying on it, and it was terrifying.

“Yes, it’s a little unexpected.”

The black-robed man on the right was slightly chubby and his name was Zhu Jun. He had an honest face and chuckled, “ it’s the divine pill that I’m most worried about. I can’t believe that the second one has been taken by someone else, just behind old monster Bai MU’s beiguang heavenly Dharma pill. It seems that this person’s strength is extraordinary.

“Strange, the person who took the purple-gold tribulation lightning pill is from the outer realm. To be able to subdue Lei Meng ... Is there still such an existence in the heavenly martial arts realm?”

Meng Zhuo stared at the remaining seven pearls and muttered to himself.

The Seven Pearls were of different colors, but all of them were shining brightly. Only the Jasper and the milky white Pearl dimmed.

Zhu Jun nodded and said, “ it’s indeed shocking. However, the fact that the Emperor pill tower sent this person directly to the purple-gold tribulation lightning pill shows that this person’s strength is extraordinary. This has already exceeded our expectations, and we don’t know if it’s good or bad. We can’t let anything change.”

Meng Zhuo’s face was filled with killing intent, and the centipede-like scars made him look even more hideous. His left eye glowed with a cold light.”That lightning Phoenix is already half solid, even if you and I want to take it down, it will take some effort. We have to be careful of this person so that he won’t ruin our plan to retrieve the pills.”

Zhu Jun replied with a “en” and said, “I didn’t expect the Emperor pill tower to be so troublesome. I thought it would be an easy job. No wonder no one is willing to come. I don’t know what Lord Yifan was

thinking back then, but he placed a Supreme treasure like the heavenly fortune pill here, making it even more difficult for us to obtain the pill.”

Meng Zhui said, ” the heavenly fortune pill can bring the dead back to life. Lord Yifan hoped that the fated person could get it. However, after 100000 years, the fated person still hasn’t appeared. The island Lord has ordered us to retrieve the divine pill so that it doesn’t fall into the hands of ordinary people and cause the pill to be covered in dust.

“Hehe.”

Zhu Jun suddenly gave a strange smile, his eyes revealed a cunning glint, ” “Why don’t you and I eat the divine pill and go back and say that we didn’t get it? Who can say that you and I aren’t the fated one?”

“This bi an ...”

Meng Zhui was startled. He was about to object, but Zhu Jun’s next words stunned him. He muttered to himself.

Zhu Jun laughed and encouraged, “why can’t we be fated?” If the pill falls into our hands, then it’s fate. Otherwise, why didn’t someone else come? why did you and I have to be the ones sent?”

Meng Zhuo thought for a while. His single eye was also shining. He nodded.”Your words are reasonable.” hehe, that’s true. I’ve been thinking about this question on the way here.

“We’ll see what we can do when the alchemy door opens,” Zhu Jun said with a proud smile. Even if these people have broken the nine palaces pill diagram, it’s impossible for them to find this place.”

Meng Zhuo pondered for a while. Suddenly, his eyes flickered. that’s not right. Jing Baimu has already obtained the bei Guang heavenly Dharma pill. He should have been teleported out of the Emperor pill tower, but I haven’t seen him. Could he still be in the hall? ”

Zhu Jun’s expression also changed as he exclaimed, ” “What are you doing in the main hall? Don’t tell me, Yingluo ”

The two of them looked at each other and saw through each other's thoughts.

"Hmph, this old monster's greed is insatiable! Even a level ten divine pill can't feed him enough. Could it be that he wants to snatch the heavenly fortune pill?"

Zhu Jun laughed coldly as his eyes shot out a cold light.

"Not necessarily. Perhaps he wants to try his luck and break through the spatial maze in the Emperor pill tower to enter the other level ten divine pill halls," Meng Zhuo said.

When Zhu Jun heard this, he turned his gaze to the formation in front of him and said, "There are only nine divine pill halls in total. After all, they are all sealed. Only after we get the pills and activate the teleportation formation will the space here be open. If eccentric Bai mu wants to cross the maze, this is the only Hall he can go to."

He stretched out his hand and pointed at a Palace grid in front of him. The Pearl inside was the Jade-colored Pearl that had just lost its light.

At that moment, Yunxiao was searching the hall, trying to get a better look at the interior of the Emperor pill tower.

All of a sudden, the green light on the teleportation formation brightened, and a powerful aura kept overflowing from it. The space around it also became a little blurry.

"What's going on?"

The few of them were shocked and hurriedly looked towards the teleportation array.

The Azure light slowly dissipated, and a figure emerged from within. It was an old man in linen clothes, and he appeared above the formation with an expressionless face.

The old man's face was sallow and emotionless. His linen clothes were tattered and his hair was unkempt. He gave off a sloppy feeling. However, he had an extraordinary and compelling temperament..

Chapter 1979-jingbaimu

When Yunxiao and the others saw the old man, they were all stunned. Someone had come!

The old man was also stunned for a moment. He suspiciously swept his gaze across the hall and finally landed on the four people. He said, "Why are there four people?"

Who are you? " Yunxiao asked. Who are you? " And how did you get here?"

The old man's furrowed brows relaxed, and he snorted before chuckling,"So be it. Tell me, what kind of divine pill did you get?" what does this have to do with you, Sir? " Yunxiao asked.

hehe, of course. I want to know what kind of divine pill I'll be using next.

The old man smiled complacently and looked at them with pity in his eyes.

The three girls were on their guard. This person didn't look like someone to be trifled with, and to be able to reach this place, he definitely wasn't simple.

"The next one?"

Yunxiao, on the other hand, could tell that there was a hidden meaning in his words. He chuckled and said, " "So, you already have a divine pill?"

Yunxiao immediately knew the old man's situation. He must have come from another Hall. Although he did not know how he did it, he was by no means a trivial person.

“Yes, yes. I’ve already gotten one.”

The old man narrowed his eyes and chuckled. He sized up Yunxiao and the three women and said, “Young man, you’re quite lucky with women, hehe.”

The three women blushed. Qu Hongyan rebuked angrily, “old thing, you came here to steal pills, right? you’re really an old man hanging himself. You’re tired of living.

“Aiya, so shrewish. Young man, I was just complimenting you, and now I’m starting to pity you.” The old man clicked his tongue and shook his head, showing a pitiful and sympathetic look.

“Hehe, you don’t have to worry about that. Old thing, can you tell this young master how you came over?”

Yunxiao chuckled and looked at the old man kindly, his eyes narrowed. Although the two of them greeted him with a smile, their expressions became colder and colder, filling the entire Hall with a chill.

“I have a name. I’m Jing Baimu. Have you heard of me?” the old man sneered.

Yunxiao thought for a moment, then shook his head and said, “Old thing, you’re from the inner realm right? The heavenly martial arts realm had been filled with experts for 100000 years, and many of them had entered the realm of eternal life. How can I recognize any random cat or dog?”

He knew that a battle was inevitable. Putting aside the fact that Jing Baimu would definitely snatch his pill, even he would drool over the divine pill in Jing Baimu’s hands.

Therefore, he didn’t hold back when he spoke. He kept calling him ‘old thing’.

“Hehe, you’re quite bold, cat or dog. It’s been so many years, and there’s actually someone who dares to speak of this old man like that, hehe.”

Jing Baimu put on a fake smile, but killing intent shot out from his eyes. He coldly said, "I originally wanted to take care of my junior. As long as you hand over the divine pill, I'll spare your life."

"It's fine if you spare my life, but don't. In fact, I don't care about this. I just want to know how senior came here, and I hope senior can teach me. '

Yunxiao was sincerely asking for advice. As for 'mercy', there were indeed people in the world who could kill him, but not many.

"But you're about to die, so why are you still asking?" Jing Baimu asked. Don't tell me you want to bury your body in another Hall after you die?"

you're so bad, senior, " Yunxiao said with a smile. I'm going to die anyway, so just let me be a ghost with an understanding of the situation.

Jing Baimu thought for a moment, but still shook his head, and said,"Although I don't understand why there are four of you, you must have some skills to be able to be transported here by the Emperor pill tower. What if I tell you the method to cross the maze and you run away? at least for now, you can't run away."

"Aiya, this is so difficult."

so, senior, what do you mean by that? " Yunxiao laughed. I can only fight, right? "

"Hehe, what an interesting young man. Not only did he court death, but he also dragged his three wives down with him. However, this old master will be kind, so you can die in peace. I will take good care of the pills and these three wives for you."

Jing Baimu smiled lecherously and looked at the three women, especially qu Hongyan's face. His eyes were filled with splendor and he even licked his lower lip.

Not only were the three women ashamed and angry, but Yunxiao's eyes also flashed with killing intent. He was really angry as he said coldly, "Today, I believe in an old saying," if you seek death, even the gods can't save you!"

Although he was a little silly and liked to tease and wrangle with the other party when he was in the mood, Jing Baimu's interest in the three girls had touched his reverse scale!

With a flash of lightning, Yunxiao teleported in front of Jing Baimu, raised his hand, and slapped down.

"So fast!"

Jing Baimu was shocked. Although he had been on guard, he did not expect the other party to suddenly attack him, catching him off guard.

Under that palm, wind and clouds gathered, and there were even the faint roars of Tigers and Dragons. The golden light was even more blinding, and it was like a mountain pressing down!

In his shock, Jing Baimu had no time to think. He could no longer avoid it, so he could only send out a palm strike.

Moreover, he was confident that he would not be at a disadvantage in the face of his fists and palms.

"Bang!"

The two palms collided, and a terrifying spiritual pressure exploded, shaking the surroundings!

Yunxiao felt his arm go numb, and then a golden light burst out of it. It was as if a mountain was pressing down on his hand, and his muscles and bones were swelling.

Not only that, the other party's powerful attack had passed through his arm and jolted his internal organs, causing them to be in a daze. It was extremely uncomfortable.

However, his body was a body of great accomplishment. Even if his cultivation was insufficient, he could still withstand the attack of a divine sovereign realm expert.

“What?”

Jing Baimu cried out in shock, his face filled with disbelief.

He had used more than 80% of his strength in this palm strike. He had thought that he could easily cripple his opponent’s arm, but he did not expect that his opponent’s palm would be completely blocked. His opponent’s palm was like an iron wall, indestructible.

“Impossible!”

In his shock, Jing Baimu suddenly realized that his hand had been grabbed by the other party!

Yunxiao’s sudden grab shattered the bones in his palm, and the pain made him break out in a cold sweat.

it’s just the beginning, ” Yunxiao sneered. it’s just the beginning.

He had already crushed his opponent’s palm into a pulp of flesh and bone, but he still did not let go. Instead, he raised his middle finger, and lightning gathered at the tip of his finger.

“That’s Yingluo.”

Jing Baimu’s pupils shrank as he saw the lightning condense into a purple dragon that swam toward his body through the tip of the finger.

“DA! Zifu world-destroying sacred lightning!”

“I’ve seen a ghost!”

He was scared out of his wits, and with a loud cry, he used his origin power to break his own arm. Blood splattered everywhere, and his figure suddenly retreated.

“Bang!”

The purple lightning struck the broken arm and instantly exploded into pieces. Then, it ignited and burned the arm into nothing.

“What’s going on? You actually have the Brahma purple mansion world-destroying divine lightning? This is impossible!”

Jing Baimu had yet to recover from his shock. He felt that he had lost an arm for no reason. He was truly aggrieved. Anger and shame surged into his heart, and his killing intent rose!

“Hehe, if you say it’s impossible, then it’s impossible. Come, come, let’s get closer.”

Yunxiao walked over with a fake smile, his face also filled with killing intent.

“I was too careless. Since you can come to the divine pill Palace, you must be extremely powerful. As for that purple lightning, even if it’s real, you can only use a little bit of it. Otherwise, who in the world can stop you? they would have already ascended to heaven.”

Jing Baimu reflected for a moment. With his insight and experience, he immediately analyzed the situation clearly and calmed down.

At the same time, he made a grabbing motion with his left hand, and a strange black demon Blade emerged in his hand, exuding waves of demonic energy. He pointed it at Yunxiao.

There was a faint demon spirit shaking on the saber, spitting out a violent

aura. One look and one could tell that it was stained with blood.

Qu Hongyan's heart trembled as well. Fearing that Yunxiao was no match for her, she hurriedly said, "Feiyang, this person has the cultivation of a divine sovereign justice realm. Why don't the four of us attack together and kill him?" "Right, there's no need to play any one on one with him!"

Fearing that Yunxiao would refuse, Feini's figure flickered and turned into a flame, landing not far away from Jing Baimu.

Heavenly Phoenix true fire?!

Jing Baimu's eyelids twitched, and he immediately cried out in shock, his shock even greater than before. Heavens, I've really seen a ghost today! Not only did you see the world-destroying sacred Thunder, but you also saw the heavenly Phoenix primordial fire. Little girl, you are actually the Nirvana body of the heavenly Phoenix!"

Jing Baimu immediately discovered Feini's physique, and after a moment of shock, his eyes burst into a bright light. He could not help but laugh wildly. "Haha, good, good! I've encountered all the good things today!"

Qu Hongyan and Luo Yunshang also flickered and landed a few feet away from Jing Baimu, ready to attack at any time.

Qu Hongyan raised her sword and sneered, "So, it's enough for you to die today."

"Hehe, the number of people who want to kill me is as many as the grains of sand in the Ganges. Unfortunately, I won't be able to see any of them now."

Jing Baimu sneered and squinted at Qu Hongyan's face greedily. Even if he was not a lecherous person, he could not help but be tempted when he saw such a beautiful woman.

There are four in front of you. It seems like you love to talk nonsense!

Qu Hongyan flew into a rage under his gaze. The purple firmament sword trembled and shot out rays of light as it slashed down from the sky.

The sword Qi was like a rainbow as it shot out. The earth fiend was condensed, and the hall was filled with sword light.

“What? You’re also at the divine sovereign realm!”

Jing Baimu jumped in fright and hurriedly retreated. He held the demon Blade in front of him and slashed. With a whoosh, the blade broke through the void and struck the sword radiance!

“Bang!”

The blade light and sword light shattered at the same time, turning into white spiritual pressure that scattered like lightning, cutting the space into pieces.

Jing Baimu’s expression really changed now. He had thought that the four of them were all powerful cultivators at the returning to truth realm and had not paid much attention to them. He had not expected this stunning woman to be at the divine sovereign realm!

“Die!”

Qu Hongyan was already burning with anger. She slashed out several times with her sword, like a river flowing through the sun and moon. Her beautiful figure danced in the air, and the shadow of her sword flew.

Feini and Yunshang also attacked at the same time, attacking Jing Baimu from both sides.

Fei Ni formed a seal with both hands and summoned a fire Phoenix. A sea of fire burned and the temperature of the entire Hall suddenly rose. The flames in the eternal world seemed to be extremely powerful. The true Blood of the celestial Phoenix directly triggered the power of the eternal world and its power was multiplied!

Chapter 1980: Beiguang Dharma heavenly pill

“Heavenly Phoenix true flame!”

Jing Baimu was taken aback. Although the flames could not hurt him, they were extremely troublesome. The true flames could burn his vital essence, which greatly depleted his vital essence.

“One Qi returning to origin!”

Jing Baimu waved the demonic blade in his hand, and a white light appeared and dispersed like smoke, blocking the sea of fire several feet around him.

At the same time, the demonic blade danced again, producing eight blade-lights that blocked all of qu Hongyan’s attacks. One of the blade-lights shot toward Luo yunshang.

“Bang! Bang! Bang! Bang!”

A wave of saber radiance and sword Qi surged. Jing Baimu blocked the three women’s joint attack with a few moves. His body was covered in a layer of saber radiance, and a white mist surrounded him.

He seemed to be at ease. His figure became one with the saber and flashed through the fog, directly slashing at qu Hongyan.

After all, among the three women, qu Hongyan was the biggest threat to him and had to be eliminated first.

“Dang!”

Qu Hongyan’s anger did not diminish. She raised her sword to block the attack. The sound of profound level weapons clashing could be heard, and flames were created.

Jing Baimu suddenly chuckled. With a flick of his wrist, wisps of smoke rose from the demonic blade and wrapped around the purple firmament sword like a rope.

“Not good!”

Qu Hongyan was shocked. It did not matter if the sword was wrapped around, but the White smoke not only locked the purple firmament sword, making it impossible for her to move it, but also the flashing runes in the smoke completely suppressed the sword will. A sad cry came from the purple firmament sword, which made her feel the same. She felt that the power of the weapon accumulation was getting weaker and weaker.

He immediately formed an incantation gesture with his left hand and pointed it at the sword. A purple light spread out from his fingertips to resist the White smoke.

“Roar!”

Suddenly, a roar came from the White smoke. The demon Sword and The Purple Cloud sword were both shocked. Then, they saw The Phantom of a monster floating above the demon Sword. Its head was triangular, and it pounced at them with its mouth wide open.

The monster was like an Artifact Spirit, but it was different. Its eyes were filled with viciousness and brilliance, and it was obvious that its intelligence was not low.

“This old thing does have some skills.”

In a flash of golden light, Yunxiao appeared in front of the monster. He performed a Thunder seal with one hand, then raised the hammer and smashed it down on the monster!

A flash of lightning appeared, and Half the Sky was dyed green.

“BOOM!”

The hammer hit the monster's head directly. Instantly, an endless amount of lightning energy poured into it and penetrated it!

The monster's body trembled violently, and its body shrank rapidly. It disappeared into the smoke, and even the White smoke became smaller.

Yunxiao lowered his head and stared at The Fiend blade, as if the problem was with the White smoke.

"Brat, you should die!" die! Jing Baimu shouted angrily. He shook his sword and pushed qu Hongyan away, then raised his saber and slashed at Yunxiao.

"It's useless!"

Yunxiao grinned hideously as he threw the sword killer at the demonic blade. With a loud bang, the sword hit the demonic blade, and Yunxiao's pupils constricted. He felt as if the blade was stuck to the demonic blade and could not be pulled away.

Then, white smoke appeared on the demon Blade and restrained the red light of sword death. Just like before, it turned into several blade lights and slashed in the air.

"Feiyang, be careful!" Qu Hongyan was shocked.

Yunxiao grinned hideously as he poured his fiend energy into the sword, which immediately stirred up the ice fiend Heart Flame, which turned into seven lotus flowers and exploded.

"Bang! Bang! Bang! Bang!"

Flames burst out, instantly burning away the binding power. Red slash immediately pulled out his sword and swept it across, shattering the blade.

"What? It's impossible!"

Jing Baimu was shocked. He realized that although the man's cultivation was not as high as his, his divine arts and methods were impressive. Not to mention the purple lightning, this strange white flame could actually break his Demon Blade. It was simply unbelievable.

While he was hesitating, he felt a strong sword power coming at him. He immediately knew something was wrong. There were two powerful women at the return to reality realm behind him. He turned around and was about to run away.

"There's an ancient saying, since you're already here, just stay!"

With a sneer, Yunxiao sent out all the northern heaven cold star swords and blocked Jing Baimu's way.

The precious Jade on qu Hongyan's purple firmament sword also flashed, and a sword light spread out.

The two of them coordinated with their swords, the heavenly stars responded, and the earth fiend condensed. The two formations combined to form the heavenly Sword picture, which immediately enveloped Jing Baimu.

Thousands of sword shadows flew around, and more and more of them appeared, forming a cage. The entire Hall almost disappeared, and it was a Sea of Swords.

Jing Baimu's expression changed drastically. Countless sword lights shone, and there were almost no sword shadows. However, his protective Zhen Yuan was constantly being torn apart. Every movement was difficult, as if he was going up a mountain of knives and down a sea of fire.

"Swish!"

The demonic blade suddenly rose in his hand, and white smoke immediately spread out to cover his body. Jing Baimu took the opportunity to escape, but in just an instant, a golden sword talisman fell from the sky and struck the White smoke.

"Bang!"

The White smoke was instantly extinguished, and the demon Blade of the White thorn tree swayed, blocking the sword talisman.

However, a sea of stars suddenly rose from the million sword illustration. It was actually countless sword talismans that appeared and fell like a heavy rain.

Jing Baimu was shocked and took half a step back, but his body was suppressed by the sword diagram space, and his body was torn with sword wounds.

“Stop! Stop!”

This time, he was really panicking. For the first time, he realized that the other party had the ability to kill him. The long-lost breath of death emerged in his heart.

Ever since he had dominated the world, stepped into the divine realm, and entered the eternal world, ling Baimu was also afraid of death. However, he was afraid of dying from the end of his lifespan. He had never thought that he would die at the hands of others.

To him, this was almost impossible and hard to accept.

However, no matter how hard it was for him to accept it, the reality was right in front of him. As the thousands of sword talismans shot down, his body was almost at its limit to resist the sword diagram space.

“Stop!”

Unwilling to give up, he roared again, but the response only made him almost vomit blood.

the old man is begging for mercy, ” Yunxiao shouted outside the sword array. it means he can't hold on any longer! Cut him again!

“Bang! Bang! Bang! Bang!”

Jing Baimu waved his demonic blade with all his might, creating a layer of sword energy in front of him. However, it was constantly being shattered. In the end, he could only protect the vital parts of his body. The rest of his body was pierced through by thousands of sword rays, turning into a bloody mess.

die! Jing Baimu roared madly. His hair was disheveled, and he was not only in a sorry state, but he was also on the verge of going crazy. His eyes were like those of a wild beast, and only his consciousness was left as he madly slashed. Rays of saber radiance surged out.

After a while, the Sea of Swords gradually dispersed, and the tens of thousands of swords disappeared one by one in a trance.

Both Yunxiao and Qu Hongyan were sweating. They had pushed the million sword illustration to its limit, and when it could no longer be maintained, they had to withdraw the sword array.

The two of them each swallowed a few medicinal pills to replenish their origin power, and only then did their complexion improve slightly.

The sword diagram dispersed, revealing a figure in the hall. Jing Baimu was unkempt and covered in blood. He stood there with a blade in one hand. The blade was gray and did not have any spiritual energy.

“Is He Dead?”

They all had the same question. After a careful examination, they found that Jing Baimu was still breathing weakly, but judging from his appearance, he seemed to have lost his mind long ago. His energy had been completely consumed by the violent hacking. If Yunxiao and Jing Baimu had held on for a moment, he would have been chopped into a pile of meat paste and laid on the ground.

“I don’t think you’ll be able to live any longer. You’ll definitely keep your mouth shut about crossing the maze. I remember that in ancient times, there was a

Daren who once said, 'do it yourself, and you'll have enough food and clothing'.

Let this young master take it himself.”

Yunxiao stepped forward, stretched out his five fingers, and grabbed.

“Clang”

Jing Baimu seemed to sense danger. He instinctively raised his sword, and with the last of his strength, he stabbed forward with all his might!

Although the force was not small, it was not fast at all. Yunxiao turned into a

claw and grabbed the demon Blade in his hand. At the same time, he poured purple Thunder into his five fingers and struck the blade with an electric shock, breaking it with a bang!

Jing Baimu's body trembled, and his eyes burst with light. He seemed to have recovered from his daze, and he looked at the broken blade in his hand in shock and disbelief!

“You coward!”

“You don't need to say anything, this young master already doesn't need it.”

Yunxiao's words were like the death God's judgment as they entered Jing Baimu's ears coldly. Then, an extremely strong divine sense surged out, rushed into his spiritual altar and spiritual ocean, and began to search wildly.

An hour later, Yunxiao retracted his soul power, and his face was flushed, as if he had overused his cultivation technique.

Jing Baimu, on the other hand, had completely turned into a fool and collapsed to the ground.

“Nine labyrinth!”

“Beiguang heavenly Dharma pill!

Yunxiao’s eyes gleamed as he reached out and took a storage bag from Jing Baimu’s waist. Then, he crushed it in the air, and all the treasures inside were taken away by him. One of the Jade boxes was exactly the same as the purple-gold Thunder pill.

He held the box in his palm, opened the lid, and carefully observed it for a while. He exhaled heavily, and his mood was very good.

Qu Hongyan asked, “is this pill called the northern Dharma heavenly pill?” I wonder what it’s used for?”

Yunxiao smiled as he put the pill away and said, “We’ve got a big bargain this time. This pill is used to break through disasters and can increase the chances of breaking through to the immortal state. It’s one of the top-ranked divine pills in the Emperor pill tower.” break the God Realm’s barrier?!

The three women were shocked and immediately understood the value of the pill.

No divine pill had appeared in the realm of heaven martial arts for 100000 years, and the medicinal pills that could be absorbed by immortal State Warriors were very few. The effect of a ninth-level superior-grade pill was not very good either.

A pill that could increase the chances of breaking through was already a heaven-defying achievement, not to mention that it was effective against immortal state.

“With this Northern wide Dharma heavenly pill and the Thunder pill that Feiyang obtained previously, the chances of breaking through to the divine sovereign realm will be extremely high,” qu Hongyan said joyfully.

“Yes.”

Yunxiao nodded and said truthfully, " 'After all, I was stuck at the divine sovereign justice realm in my previous life. I don't have any confidence in breaking through to this realm. However, now that all eight gates were open and he had a phenomenal success divine body, he was almost 50% confident that he could cross this obstacle. After obtaining the Thunder pellet, if he could temper his acquired Thunder body, he would have an 80% chance of advancing. With the addition of this beiguang heavenly Dharma pill, hehe, it's a hundred percent!"

The three women were overjoyed. Since ancient times, even if there were heaven-defying divine pills, there were very few people who dared to say that they had a 100% chance of entering the realm of divine sovereign justice. "Congratulations to my husband for obtaining such an opportunity!"

Feini hurriedly congratulated him, and the other two women followed suit.

Yunxiao smiled and said, " I'll keep this pill for the time being. I'm not in a hurry to use it. I don't need it to break through to the realm of divine mastery. In the future, he might have the chance to touch the void end, which would be of great use. This Jing Baimu originally wanted to use this pill to break through to the void pinnacle stage.."
