

The Eternal 1981

Chapter 1981-love and profit

Qu Hongyan said, " this person is extremely powerful. With our current cultivation, ordinary divine sovereign realm experts wouldn't be able to withstand the heavenly Sword diagram that we're using together. It's simply unbelievable that he can withstand it and not die.

all of these old monsters are top experts in the past one hundred thousand years, " Yunxiao said. they have all entered the eternal world in order to pursue the ethereal immortal state. They have sealed themselves here to preserve their lifespans and wait for the reappearance of the ten rules. The Zhan Yu and Zhan Li brothers we met before were also extremely powerful. Under that heaven and earth flipping seal, I'm afraid even the million sword illustration would be destroyed."

His face revealed a heavy contemplative look, and he still had lingering fear in his heart.

"No matter how powerful those two brothers were, they were still defeated by my husband and fled in a sorry state," Fei Ni laughed. She felt a warm feeling in her heart when she thought of Yunxiao risking his life to save her.

Yunxiao shook his head and said, " at that time, the divine beings killing formation was no longer under my control. Most likely, the sky-turning upside-down seal stimulated the potential of the formation, which made it resist and break the two seals. If we encounter these two brothers again, we must be extremely cautious."

"Yes."

The three women replied in unison.

all of you, go back to the divine realm tablet. I've already understood the structure of the Emperor pill tower. It was refined by an ancient spell God. His name was Yifan, and his cultivation base was at the soul conduit realm. The nine Palace spatial diagram within the formation is profound and unfathomable. Jing Baimu also used a foolish method to tear space apart and land here randomly."

Yunxiao did not have any good ideas about this kind of spatial maze, so he could only follow the pattern and try his luck, just like Jing Baimu.

The three women flew into the divine realm tablet, and Yunxiao stepped into the teleportation array as well. A blue light immediately glowed, and the power of space began to operate.

Just as the powerful force opened up a spatial passageway and was about to send him out of the Emperor pill tower, he suddenly grabbed at the sides with both hands and blocked the twisting force. At the same time, he opened the immemorial heaven's eye on his forehead and shot out a bolt of lightning, tearing the space apart!

His entire body turned into green lightning. With a flash, he passed through the crack and entered another teleportation channel. He then went against the flow.

In the pitch-black tunnel, a powerful spatial impact came from the other end like a river.

Yunxiao, on the other hand, transformed into a Thunderbolt and split apart the forces blocking his way. A moment later, he saw a white light at the source of the passage.

With a flash of lightning, he passed through it and his body suddenly appeared in a teleportation array. He recovered his physical body and suddenly clenched his fists, breaking the spatial power of the teleportation array.

The green light on the array slowly dissipated, and when Yunxiao looked over, he found himself in another Hall.

“Li Yunxiao!”

As soon as she stabilized herself, she heard a familiar scream.

“Hehe, it's really a small world.”

Yunxiao raised his head and looked over. A cold and fierce look flashed in his eyes, as well as ridicule and killing intent.

The person in front of him was actually Ding Shan. At this moment, he was sitting cross-legged in the middle of the hall, recuperating his aura. His body was stained with blood, and his face was pale. When he saw him, his face turned ashen.

Ding Shan's eyes darted around, his gaze flickering. His heart was filled with anxiety as he desperately racked his brains to think of a way.

He knew that he was by no means Yunxiao's opponent at the moment, and if he could not come up with a solution, he would probably die Here.

"How is Ling 'er?"

Ding Shan heaved a long sigh, his face filled with loneliness.

"Haha, Ding Shan, are you done with your acting?"

Yunxiao walked out of the teleportation array and walked forward step by step. "You're indeed a hero of a generation. You're very calm."

Ding Shan's expression changed slightly, and he said dejectedly, "Al, I know you won't let me off. We will have an understanding between us sooner or later. It's better to come earlier than later. This encounter can also be considered heaven's will.

"Then I don't know how Lord Ding Shan would like to understand, would you like to do it yourself, or would you like me to do it?"

With his arms crossed over his chest, Yunxiao walked up to Ding Shan and stopped five feet away. This distance could ensure that he had enough time to defend against any sneak attack.

“Is there such a great enmity between us?”

Ding Shan’s expression froze for a moment, then he looked at Yunxiao and said, “there is no enmity in this world that can not be resolved. It is just that young master Yunxiao is unwilling to give me a chance to resolve it.

Seeing his glib tongue, Yunxiao felt that he could not win the argument, so he waved his hand and said, “No, stop talking nonsense. Do you want to end it yourself or do you want me to do it?”

Ding Shan only felt a burst of depression in his chest. He took a deep breath and said, “I don’t care if I die. I just hope to see Ling ‘er one more time before I die. She is my daughter who I brought up with great difficulty. She is also the one who I have raised. The great Foundation of Tianyuan trading company will eventually be passed on to her.”

Yunxiao snorted. this request is too difficult. As for the inheritance, I’ll have Ling ‘er take over Tianyuan trading company after you die. You don’t have to worry about it.

“Without my support, how can you take over Tianyuan trading company’s huge business just because you want to?” ding Shan frowned and said. What if there’s a thousand of them waiting outside? I’m afraid of Qianqian.”

“Alright, alright, I’m not interested in your business. It doesn’t matter even if it’s all gone. If you don’t end it yourself, this young master will personally send you off.”

Yunxiao’s patience was worn out, and he was too lazy to pay attention to him. His eyes shone with killing intent.

Ding Shan’s heart trembled. He knew that it was useless to play the sad card. He was anxious and hurriedly said, “young master Yunxiao, I’m now as rich as a country. I’m willing to use all kinds of wealth to exchange for my life and eliminate the enmity between us.

“Hehe, Lord ding Shan’s life is a priceless treasure. How can money be used to offset it? Looks like you won’t have any awareness, let this young master send you.”

Yunxiao's figure flickered and transformed into a green body of Thunder, which grew several times larger in an instant, like a giant spirit.

He raised his right arm and grabbed down from the sky with his five fingers. Lightning flashed.

However, when the large hand touched three Zhang in front of ding Shan, it stopped as if it was frozen, and did not move.

Yunxiao's eyes flickered as he looked at the jade box in ding Shan's palm, which was exactly the same as the two divine pill boxes he had obtained.

Origin power steamed from ding Shan's palm and pressed on the jade box. As long as he squeezed hard, he would be able to shatter the box and the pill.

Yunxiao's palm stopped in the air, and ding Shan did not move, just looking at him coldly.

He understood ding Shan's actions. He was threatening him with the level ten divine pill. If he attacked, he would destroy the divine pill at the first moment.

"Since young master Yunxiao is willing to stop for a level 10 divine pill, then I think we can still talk," ding Shan said with a smile.

I don't want to let you go," Yunxiao said coldly. but I don't want to give up on the soul Destruction pill. It's a difficult choice.

haha, the choice itself is not difficult. The difficult part is that young master Yunxiao can't let it go.

Ding Shan smiled, and his face revealed boundless reluctance and reluctance. He looked at the medicinal pill in his hand with tender affection, and said, what do you think about our friendship with this divine pill, young master Yunxiao? "

“PAH!”

ding Shan! Yunxiao scolded angrily. donrt you think too little of me! For a mere pill, you want to befriend me?” He stretched out his finger with righteous indignation and said, ” “I’ll need at least three.”

Ding Shan,”hehe.”

Ding Shan was extremely depressed, and said, ” level ten divine pills. Even if it was a hundred thousand years ago, it would’ve been a great fortune to obtain even one. How could I have three?! If there were three, I would rather die from eating too much than die with no regrets!”

“Hmph, then don’t talk nonsense and have delusions with me!”

Yunxiao sneered as he pointed at the jade box and said, ” “Leave the pill and you can go. However, the next time we meet, we will still be mortal enemies.”

Ding Shan’s brows twitched, and wrinkles appeared on his forehead. He said, ‘ I, ding Shan, am just a peasant, yet a level ten divine pill can only be exchanged for one chance to escape. Young master Yunxiao, you think too highly of me. “Three times at least!” He extended his hand as well.

haha, Lord ding Shan just said that he’s the richest man in the world. The wealth of Tianyuan trading company added together is worth a lot of divine pills.

Yunxiao chuckled, but his eyes were cold as he kept an eye on ding Shan’s every move. Ding Shan was too cunning, and he did not dare to be careless.

Ding Shan smiled bitterly. that’s just what I said to raise my own status. Even if Tianyuan trading company has wealth, it’s wealth that can be gathered. However, this divine elixir is wealth that can’t be gathered. You can’t find one in the entire heavenly martial arts realm.

Lord ding Shan is also unique in the heavenly martial realm, ” Yunxiao said coldly. you have more than one divine pill, but you only have one. Which one is more important? ”

Ding Shan looked at the inner divine pill in the box and clicked his tongue. "Sigh, if young master Yunxiao says so, then I'd rather die. It's a pity that this divine pill, which had been around for a hundred thousand years and was on the verge of turning into a spirit, was destroyed at the last moment and turned into rubble." don't do it! Yunxiao shouted in a deep voice. don't do it!

His depressed face turned green and white, and he said coldly, " "At most, I'll give you one more chance. The next time you fall into my hands, I'll let you go.

The next time, I'll definitely kill you!"

Ding Shan frowned and said, "is there really no way to resolve this?" I've never believed that there's eternal hatred in this world. It's just that there aren't enough benefits. But aren't you a little too greedy? a divine pill can't buy friendship, you're extorting me!"

don't Judge me with your mercant Dram, " yunxiao said coldly. when yuwen Bo died in front of me, I made up my mind to kill the murderer. I'll kill you even if you give me ten thousand divine pills. The reason why I'm willing to let you go this time is because you're no longer a threat to me. Killing you is like killing an ant, I can do it at any time, so why waste a divine pill?"

Ding Shan's face twitched. He had also discovered the gap between him and Yunxiao, and he was terrified by the latter's growth rate. So, he hoped to make peace with this pill. It was simply a nightmare to have such an enemy.

If he had known that this day would come, he would have mobilized all his resources to kill him first, but it was too late now. He could only try his best to think of a way.

"For a mere Yuwen Bo! Can his life be compared to mine? 'Yunxiao, Gu Feiyang, can you not be so impulsive? If I help you, with your cultivation and intelligence, it's only a matter of time before you become the master of the world. You'd better think carefully!"

Ding Shan was faintly angry and felt very aggrieved..

Chapter 1982-taking all nine pills

Yunxiao chuckled and looked at him with pity. "Ding Shan, Oh ding Shan, do you want me to praise you for your high IQ or for your stupidity? Since ancient times, how many overlords had died? what was the true master of the world? Saint realm, right? The sea of soul formation? They are not, neither are you, nor am I, and we will never be. All the living beings in the world were the masters of the world! And you and I, including all the heroes from ancient times until now, are just passersby in the passing of time, fantasizing about dominating the world all day long. Your achievements will end here."

Ding Shan's expression changed drastically when he heard this. These words were like pearls, and almost shook his mind. He shouted in shock and anger, "This old man doesn't need you to tell me what to do! If you didn't live a little longer and have more opportunities than me, how could you speak to me with such a condescending attitude?"

don't forget, " Yunxiao ridiculed. opportunities are part of one's strength. The strong would always advance, while the weak would always have all sorts of excuses. Lord ding Shan, when you're angry from embarrassment at your failure, when you're finding excuses for your failure, you've completely lost."

Ding Shan's entire body trembled, as if a basin of cold water had been poured on him. His entire person suddenly calmed down, and his face was filled with a Vulture's expression.

if you are really a strong man, one chance is enough, " Yunxiao said with a

smile. otherwise, no matter how many I give you, you will die in my hands in the end.

Ding Shan's face was ashen. He threw the jade box in his hand, and said, "Take it, " After he finished speaking, he dragged his heavily injured body towards the teleportation array and disappeared.

Yunxiao had been watching coldly. Although he felt like releasing a Tiger back to its mountain, now that he had three divine pills, as long as he had enough time, he could step into the divine sovereign realm in a few days. No matter how capable ding Shan was, he would not cause too much trouble for him. It was very worthwhile to exchange them for a divine pill.

After ding Shan left, he slowly opened the jade box in his hand. A thumb-sized medicinal pill lay inside. It was milky white in color, and he was drooling with desire.

“This is a Kasaya.”

Yunxiao was stunned for a moment, and then his face changed drastically as anger burned through his body. ding Shan, you deserve to die!

The jade box and the elixir in his hand turned into fine powder under the force of his palm and scattered into the air.

The level ten divine pill that ding Shan gave him was actually fake!

There was only an ordinary eighth-grade elixir inside. It was used to replenish spiritual energy, and although it was considered precious, it was a world of difference!

Yunxiao almost exploded with anger. Ding Shan was nowhere to be seen in the teleportation array. As soon as the old fox left the Emperor pill tower, he had probably fled without a trace. Even if they chased after him now, it would be fruitless.

“To actually be able to secretly replace a pillar in front of me and deceive the heavens and the sea, ding Shan, I’ve underestimated you!”

Yunxiao was furious and secretly blamed himself for being careless.

He thought that with an overbearing aura, victory was within his grasp, so ding Shan would definitely not dare to play any tricks. However, he was ruthlessly played.

After being angry for a while, Yunxiao felt that it was not interesting anymore, so he walked toward the teleportation array gloomily, ready to Rob the next store.

All of a sudden, the entire Emperor pill tower began to tremble, and the space was in a trance. A huge tearing force appeared, and a white light wrapped around Yunxiao, about to teleport him out.

what's going on? is there a time limit? ”

He thought of a possibility, which was that everyone's time in the Emperor pill tower was limited.

“If that's the case, as long as we can withstand the power of this teleportation, we can continue to stay here!”

Yunxiao immediately conjured his transcendence golden body and sat cross-legged in the air above the Great Hall with his six arms performing incantation gestures, resisting the teleportation force with his great divine ability.

At the same time, in a secret room in the Emperor pill tower.

Meng Zhuo and Zhu Jun opened their eyes at the same time. They looked at the formation in front of them. The precious Jade in the nine palaces had dimmed, which meant that the nine divine elixirs had all been taken away.

it's finally here. The nine elixirs are all taken out. The Emperor pill in this building is finally going to appear!

Zhu Jun became a little excited and formed a hand seal. Under the intense shaking of the space, he stopped himself and allowed the external force to gallop.

Meng Zhuo was the same. He took a deep breath, and a strange light swirled in his left eye.

“Boom boom boom!”

The shaking of the Emperor pill tower grew stronger and stronger. Suddenly, a huge tremor came as if the entire building had collapsed and it resounded through the world.

Then, there was a dead silence. The entire world was silent.

Zhu Jun was shocked, "what's going on?" Something doesn't seem right."

Meng Zhuo's hands formed a few seals that landed in the formation in front of him. Layers of light rose. He took out a round plate with numbers engraved on it and placed it in the light.

Soon, the numbers all lit up and began to move around on the disc, finally forming a group of numbers.

("Ok! The strength of 70000 lights!")

The two of them were shocked. Meng Zhuo's hand trembled and he almost threw the disc away.

Zhu Jun cried out, "did you calculate it wrong? even a divine sovereign justice realm expert's strength wouldn't exceed 10000 rays of light. A strength of 70000 rays of light means that the strength of the martial artists in the

Emperor pill tower is at least that of 10 divine sovereign justice realm experts!

Meng Zhuo's expression was extremely ugly. "Just now, after the nine palaces divine pill was broken, the space should have moved, and all the Warriors inside should have been teleported away. There are so many experts who haven't left!"

Zhu Jun's face was gloomy as he said, "I've thought of a possibility. There are too many people fighting against the spatial power, so the Emperor pill tower's spatial power has been shattered. Only a few small fries were sent out. The more powerful ones have probably been left behind.

this is going to be a big problem," Meng Zhui said. the nine divine pill has been broken, and the Emperor pill is about to appear. If they find the place, it will be much more difficult for us to get the pill.

"Yes, no matter what, we have to get the heavenly fortune pill!"

Zhu Jun's face was filled with killing intent as he said coldly, "Let's not talk about the fact that if we join forces, we'll be unrivaled in the Emperor pill tower. Even if we fight separately, it shouldn't be a

problem. Moreover, we are from Xuan Li Island, how would the remaining old monsters dare to compete with us? the outsiders are not a problem at all.”

“You’re right.”

“The reason why there are still 70000 rays of light left must be because there are so many people. Let’s go to the top level and wait for the heavenly fortune pill to appear,” said Meng Zhuo.

The two of them each made a hand seal, and with a flash of light, they disappeared from the dark room.

In a divine pill Pavilion, Yunxiao exercised the three heads and six arms technique. His body glowed with a golden light as he sat cross-legged with his hands locked in an incantation gesture. Streams of spatial power circulated around him, gradually weakening and eventually disappearing.

“It finally stopped?”

He opened his eyes and found that his surroundings were unusually quiet. He muttered to himself should be. I’ve stayed here for quite a long time. The nine gods pill Pavilion is already three empty. Jing Baimu, Ding Shan, and I, the remaining six people, have probably all succeeded. I’m just afraid that they have already been sent out by the teleportation formation.”

He was suddenly stunned. He saw that the teleportation formation that had been activated had stopped. There was no longer any light of teleportation.

“Did the teleportation system crash when I resisted the teleportation just now?” Yunxiao pondered for a moment, then flashed up to check the teleportation array.

“BOOM!”

Suddenly, the teleportation formation exploded, and a yellow light rushed up from the ground. Not only did it blow up the teleportation formation, but the entire ground also shattered, revealing a hole of more than 100 feet.

Above the hole stood a person, exuding cold air as he looked over.

Although Yunxiao was taken aback and took half a step back to keep his guard up, he was overjoyed. The strength and cultivation base of the man in front of him were no lower than Jing Baimu's, so he should be someone from the nine gods pill Pavilion, and he must have divine pills with him. The old man stared at him, frowned slightly, and turned to leave.

“Hold on!”

Who are you? ” Yunxiao shouted, feeling strange that the other party did not snatch his pills.

The old man then turned his head slightly and said, ” “You’re also someone who obtained a divine pill, right? hehe, not bad. This old master has something to do right now, so you can stay here and don’t leave. This old master will come back to talk to you later.”

After saying that, the old man flew directly into the hole and ignored him.

Yunxiao was a little dumbfounded. The old man had said that he would come back to talk to him. What talk? he was definitely going to Rob him of his pills,

he said he had something to do. What is more important than snatching divine pills in the Emperor pill tower? ”

Yunxiao pondered for a moment. Naturally, he would not stay where he was and wait, but flew into the hole as well.

There was also a huge Palace inside, which should be one of the other six pavilions that he had never been to.

“BOOM!”

There was a huge tremor in the hall, and a big hole was blasted open on the ground opposite. The old man only glanced at him and flew into the hole directly. Then, a loud laugh came.

Yunxiao hurriedly followed. After flying in, he saw a dark room below, empty and different from the hall of the nine divine pill.

In the middle of the dark room was an array. Yunxiao looked at it and saw nine pieces of precious Jade inlaid in it. They had different colors, but all of them were dark.

“Nine labyrinth formation!”

Yunxiao was taken aback. According to Jing Baimu’s memory, the array on the ground should be the central room of the entire nine gods pill Pavilion, which controlled all its operations.

The old man let out a soft “Yi” sound and turned his head around. He said with some surprise, “You also recognize the nine labyrinth formation?”

I have some impression of it, ” Yunxiao said without changing his expression. I think I’ve seen it before.

The old man let out an “Oh” and said, “That’s considered profound.” It was only then that he began to look at Yunxiao carefully. His face changed, and his eyes almost popped out as he cried out, “The age of your bones is old.”

In his shock, he immediately recovered his normal expression and said, ‘

“You’re a descended body, right? Who is the soul that lives in this body?”

Yunxiao was sweating in his heart. He could understand how the other party felt. No one would believe that a body in his twenties had the cultivation base of a true immortal realm cultivator..

Chapter 1983: Ba Jin, Yuan Ji

“It’s none of your business who it is, but I’m sure I don’t know you,”

Yunxiao glanced around the room and found nothing but the array. Instead, he asked, “This place is the core of the Emperor pill tower?”

The old man pondered for a while. He knew that he couldn’t hide it anymore, so he said, “Yes, I am.”

Yunxiao looked at him with a smile and said, “Sir, you must have some ulterior motive for coming here after all this trouble.”

“Of course I do, but you won’t even tell me who you are, so why should I tell you what I’m trying to do?” the old man sneered.

Yunxiao was not in a hurry. it’s alright, ” he said with a smile. you don’t have to say anything, Sir. I’ll naturally take good care of it.

The old man was stunned, and his face immediately darkened. He said in a cold voice, “Then you’re looking for death!”

He suddenly attacked. He put his hands together in front of his body, and a golden seal appeared. It flew around his palms, and suddenly slapped over.

Although Yunxiao had been on guard for a long time, he did not expect the man to attack so quickly and efficiently. Moreover, the palm strike was mighty and exuded supreme power. It was by no means a probing attack, but an attempt to take his life with one move.

Although Yunxiao was shocked, he did not panic. He calmly took a few steps back to increase the distance between them, then clenched his palm and met the attack.

“BOOM!”

The two palms collided, and golden rings of light spread out. Yunxiao did not retreat even half a step.

The old man felt as if he had hit a bronze wall with his palm, and his entire arm was a little numb from the shock. In his horror, he could not open his eyes because of Yunxiao's golden light.

what's going on? since it's a body that has descended, how can it have such a strong physical body? "

Although he didn't see that the other party's physical body had reached perfection, he could feel the pressure. In a hurry, he didn't have time to think and quickly withdrew his palm. He turned around, pulled out his sword, and stabbed out with a white light.

"Dang!"

Yunxiao chuckled. Unhurriedly, he stretched out two fingers and performed an incantation gesture, then knocked the back of his finger on the white light sword, causing it to buzz.

However, his expression suddenly changed. The sword did not bounce off after being knocked by two fingers. Instead, it softened in an instant and wrapped around his fingers and arm like a snake or a rope.

"Whoosh, whoosh, Whoosh!"

The soft sword bound Yunxiao's fingers and right arm, then spun upward along his arm. A terrifying strangling force emerged under the sword beam, tearing his entire arm apart.

"Pa la!"

Under the attack of the sword Qi, half of Yunxiao's body turned into Thunder, and the soft sword instantly bounced straight and jolted into his body, bursting out a sword beam and shooting out of it.

"Bang! Bang!"

His entire body was pierced hundreds of times by the other party's sword light. The Thunder shape became blurry and dispersed with a " PA " sound. It condensed hundreds of feet away and then returned to its true form.

"Five elements spirit body!"

The old man cried out in shock, his eyes filled with horror. He stood still with his sword in hand, seemingly motionless.

Yunxiao's face darkened, and he felt extremely depressed. He had been deceived by Ding Shan earlier due to his carelessness, and now, he was injured by the other party. If he had not escaped with his Thunder body and withstood the attack with his imperishable golden body, he would have been seriously injured by the sword just now.

"Old thing, you really think this young master is easy to bully!"

Yunxiao held the sword in one hand and performed an incantation gesture with the other. The red sword killer turned into a white beam in the air, and in an instant, he became one with the sword, turning into a huge sword beam in the air and slashing down!

"Boom boom boom!"

In the entire Hall, the space was constantly torn apart by the sword force, as if it was going to split the entire tower in half. Black cracks even appeared on the floor of the secret room, and they continued to break to the sides.

The old man was shocked. He didn't want to take such a strong sword attack head-on, but the secret room was not wide, and the sword covered all directions, so he couldn't avoid it.

"Stop, stop fighting!"

The sword in the old man's hand suddenly became as hard as iron. He met the attack head-on, and with a bang, the two swords collided, forcing the old man to retreat.

his protective upstanding Qi and making it shrink. His face turned pale.

there's no point in continuing the fight. stop!

kill! the old man shouted again. He had wanted to kill Yunxiao as fast as a lightning bolt, but since the latter had descended, he was certainly not very strong, and he was very confident that he could deal with him in a short time.

This way, not only would there be less trouble, but he could also seize the other party's divine pill, killing two birds with one stone.

But now that he had attacked, it was clear that killing the other party was definitely not something that could be done in a few moves. As such, he immediately lost the will to fight and shouted to stop.

Yunxiao's eyes were sharp as he stared at the old man for a while. Then, he shook his sword and took a few steps back before he stopped his attack.

Yunxiao was just feeling aggrieved and depressed, so he vented his anger by swinging his sword. He did not intend to fight to the death with the old man here, so he calmed down after the swing and looked at him coldly.

"With your strength, you do have the right to know about the matters of the Emperor pill tower."

The old man's expression softened, "This nine labyrinth formation is indeed the core of the Emperor pill tower. Furthermore, this place leads directly to the Emperor pill Palace, the highest floor of this tower!"

"Emperor pill Palace!" what? " Yunxiao's heart trembled. how do we go there? "

"Hmph!"

"I also want to know, but I've just arrived here, and you've already followed me!" The old man's face darkened.

Yunxiao's expression changed several times as he chuckled and said, "Are there countless divine pills and spiritual medicines in the Emperor pill Palace?"

"How would I know?" the old man asked. This building was created by the magic God Yifan, and only people from mysterious separation Island know about the situation in the Emperor pill Palace. However, I don't know if it's true or not. "the heavenly fortune pill really exists in this world?!"

Yunxiao clenched his fists, and his ten fingers crackled, showing that he was not calm.

The old man looked at him and snorted coldly. He said in disdain, "It's just a rumor, but the divine elixirs in the Emperor elixir Palace are definitely better than those in the nine elixir Palace."

Suddenly, someone laughed and said, "Lord Ba Jin is right. The Emperor pill

Palace does have the heavenly fortune pill. I'm sure of this."

A ray of light flew in from outside the secret room and landed inside. It turned into the figure of a man. His long clothes were on the ground, his eyes were like a tiger's, and his body was straight.

"You're a mayfly Yuan Foundation!"

The old man's body trembled, and his expression changed greatly. He said in a

deep voice, "You're actually not dead yet!" A sharp light shot out from his eyes and he was extremely vigilant, as if he was extremely afraid of this person.

hehe, I didn't expect master Ba Jin to remember me. Tsk, tsk, what an honor.

Yuan Ji's smile was a little strange and extremely uncomfortable. He ignored Ba Jin and sized up Yunxiao with a suspicious look.

Ba Jin sneered coldly. back then, when I entered the eternal world, Lord Yuan Ji came to guide me to mysterious separation Island. However, he coveted my things on the way and attacked me in the dark without regard for his status. Fortunately, I was prepared and managed to survive.

hehe, it's all in the past. I didn't expect master Ba Jin to remember it so clearly. Yuan Ji chuckled and touched the moustache at the corner of his mouth.

Ba Jin said coldly, " Lord Yuan Ji, of course you have a forgetful mind. That was the most dangerous time in my life. I almost turned into dust in this world. It's naturally unforgettable. This also made this old master have no good feelings towards mysterious separation Island. Later on, many people invited me but I didn't want to go. However, it was Your Excellency who urged me to go. I heard that you violated the island's rules and were hunted down everywhere, so I thought Your Excellency had already died."

"Hehe, it's already in the past, why do you keep bringing it up? Could it be that you want to reminisce about the past with me?" you were lucky back then, " Yuan Ji laughed coldly. I don't think you'll be lucky today.

"Chi Chi!"

Ba Jin shook the soft sword in his hand like a snake flicking its tongue, emitting rays of sword light. He looked like he was about to fight a decisive battle. He made a hand seal with one hand and pointed at the yuan Foundation, the power in his body rising continuously.

"Hmph, I've only said a few words and you really want to fight? You don't want the heavenly fortune pill anymore?"

Yuan Ji crossed his arms in front of his chest, looking like he had no intention of making a move.

what? " BA su sneered. you're not going to leave the pill to me, are you? we'll still have to fight in the end!

Yuan Ji nodded. it's impossible to give you the pill. This pill has been blessed by the heavens and earth. It can bring the dead back to life and grow flesh from bones. It's almost equivalent to having an extra life. No one can resist the temptation of this pill. However, if we were to fight like a crane and a clam, it would benefit others."

Ba Jin turned his head slightly and glanced at Yunxiao next to him. "You mean him?" hehe, this man is indeed a bit strange. He seems to be from the outside world, and should be a powerful warrior of the heavenly martial realm of this era. I'm not talking about him, but mysterious separation Island!"

Yuan Ji's voice changed and became serious. His eyes flickered with killing intent from time to time, as if he was extremely resentful of mysterious separation Island.

mysterious separation Island?!

Ba Jin was also surprised and said, "could it be that mysterious separation Island is also here to seize the pill?" That was impossible! The Emperor pill tower has always been under the control of mysterious separation Island. If you want to retrieve the pills, you can do it anytime. Why do you have to choose now?"

"Hehe, this is something you don't know. This Lord has been in mysterious separation Island for a period of time, I know more than you."

Yuan Ji explained, " this Emperor pill tower was refined by Master Yi Fan and he set up a restriction. As one of the four spirits, it seals the spiritual energy. The Emperor pill Palace on the top floor can only be opened after the nine elixir palaces have broken through it. Once the Emperor pill Palace is opened, everything hidden in the Emperor pill tower will be opened and become ordinary items. They can no longer be used as the eye of the array to seal the spiritual energy of the eternal world. Therefore, the mysterious separation Island does not dare to act rashly and has to wait for this opportunity. If I'm not wrong, the people from Xuan Li Island have already entered the Emperor pill Palace."

Ba Jin was surprised, and he didn't know whether it was true or not. if the people from mysterious separation Island have already entered the Emperor pill Palace, then all our efforts would have been in vain. What's the point of staying here? "

"Hehe, don't be in a hurry."

Yuan Ji said, " if the Emperor elixir Palace opens, all the spaces in this building will open and merge into one. There is nothing unusual at the moment. It can be seen that the palace door has not been opened.

space fusion? "

what? " Yunxiao's face changed slightly. doesn't that mean the passage of the whole building has been opened, and everyone has squeezed into the Emperor pill Palace? "

Yuan Ti looked at him with a sinister smile. nodded. and said. " "That's right."

Chapter 1984-extortion

Yuan Ji looked at the two's stunned expressions and chuckled. "As long as you didn't leave under the power of teleportation, you'll have the opportunity to fight for the heavenly fortune pill. Of course, the risks involved were also very high, and it depended on the individual. After all, there is only one such pill in the world."

Both Yunxiao and BA Jin were slightly shocked. Although they had guessed that even if there was one, it must be only one. After all, it was already a legend for such a legendary existence to have one, they were still a little nervous and the atmosphere became heavy.

"Hehe, don't be too nervous."

Yuan Ji saw the two of them and said with a smile, " "According to my observation, the teleportation just now shook many people away, but there are also many masters who stayed. In addition to the people from mysterious separation Island, I'm afraid that a fierce battle will be inevitable."

what's the matter? " Ba Jin thought for a moment and said, " if you have something to say, just say it. I hate beating around the bush!

“Haha, Lord Ba Jin, you’re as straightforward as ever. I’ll be direct. Why don’t you and I join forces to resist the enemy together?”

Yuan Ji stared at him and said, “ the past is the past. As a person, we have to look forward. Only death awaits us if we cling to the past.

Ba Jin pondered for a moment, then pointed at Yunxiao and said, “ If you and I join forces, what about this person?”

Yuan Ji laughed, and killing intent flashed in his eyes. “This person is from the outer realm, after all. He’s different from you and me. Since we’re going to form an alliance, let’s kill him first to show our sincerity, ”

Yunxiao was speechless when he heard that. He grunted and immediately blacklisted Yuan Ji in his heart.

“Oh? However, this person is not simple.”

BA SU’s eyelids twitched, but he said calmly, “ Even if you and I join forces, it’ll be very difficult to take him down in a short period of time. Once the battle ripples spread out, I’m afraid it’ll be easy for others to take advantage of him.” “Does this person really have such strength?”

Yuan Ji was a little incredulous. He glanced at Yunxiao a few more times, then at the lecherous scene in the dark room, and his face changed slightly as he said, “ but this person is also a disaster. Sooner or later, he will become one of the great enemies of our pill snatching. It’s better to get rid of him now.

Yunxiao sneered as he pointed at Yuan Ji and said, “ Old thing, I’m following you. I won’t be snatching the pill later, I’ll just beat you up. You can go wherever you want, and if I can’t get the pill, you can forget about it. ‘

Yuan Ji’s expression changed drastically. He suddenly looked at Ba Jin and said in a deep voice, “ Lord Ba Jin, he’s already said so. He’ll definitely ruin our plan. No matter how difficult it is, we have to get rid of him first!

Ba Jin was unmoved. this person wants to deal with you, ” he said indifferently.

what does it have to do with me? bad things are bad things for you, so why do you want to involve me?
it’s really strange.

Yuan Ji immediately became furious and shouted, ” “Ba Jin! Don’t you dare be ungrateful!”

BA su laughed in a relaxed manner and said, ” I don’t dare to know what’s good for me. The first time, you accused me of being careless. If there’s a second time, I can only say that I’m stupid!

Yunxiao’s face was also filled with anger. He glared at Yuan Ji and sneered, ‘ hehe, let’s see how you’re going to escape this time. I’ll beat you up when we’re snatching the pills later!

Yuan Ji was so depressed that he wanted to vomit blood. His face was ashen, and only then did he soften his tone and say, ” “Little brother, I was too rash just now. Don’t waste your opportunity to steal the pill just because of a little bit of pride.”

“Hmph, I’m going to be buried in vain, so I’ll chase you and beat you up!” Yunxiao’s face was full of anger, as if he wanted to die together with the other party.

“You coward!”

Yuan Ji was exasperated. He did not understand how such a stupid person could exist. If he was targeted by such a rash person, he would be in deep trouble.

The most important thing was that this hothead was so powerful that even Ba Jin didn’t want to provoke him.

“Little brother, this old man has misspoken before. I apologize to you here, I hope you don’t hold it against an old man like me.”

Yuan Ji's face was filled with sincerity as he bowed. In order to obtain the core, he had endured the humiliation.

Hmph, it's easy for you to say. If it weren't for the fact that Lord Ba Jin didn't want to associate himself with you, I don't know if I could still be alive. Do you know how big the shadow in my heart is? '

Yunxiao pointed at his chest and shouted angrily.

Yuan Ji's chest also felt stuffy as he said gloomily, " who do you think I am?

I've already lowered myself to apologize to you. What else do you want? "

"Hmph!"

Yunxiao panted a few times before he said, " "Men die in pursuit of wealth, birds die in pursuit of food. If it's beneficial, everything can be discussed. If there's no benefit, this young master will fight with you!"

Yuan Ji, "Suan ni."

He was stunned for a moment before he realized that the person in front of him was not stunned. That angry look was most likely an act.

Come to think of it, if he didn't have any intelligence, how could he have survived in this world where the strong preyed on the weak?

"Then what do you want?"

Yuan Ji was relieved when he understood Yunxiao's thoughts. What he feared most was that the latter was really a brainless fool who would cling to him, which would be troublesome.

'Hmph, I don't want anything,' Yunxiao said. Since you're here, you must've obtained a divine pill, right? just give it to me. '

"Pfft!"

Yuan Ji and BA Jin were so shocked that they spat out a mouthful of blood. Their mouths were wide open. His appetite was too scary.

Yuan Ji was so angry that he laughed and said, 'haha, are all the young people these days so arrogant? If you want a divine pill, you'll have to have the strength and life to do so!' As he spoke, his eyes glowed with a murderous intent.

Yunxiao shrugged and spread his hands as he said, " I'm not that ambitious to try and steal the only heavenly fortune pill. You tried to kill me just now. This is a life-and-death feud. If you can't make up for it with a divine pill, I'll follow you today. I don't believe you can still steal the pill with my interference. I'll make it so that you don't even have a ten percent chance.

Yuan Ji flew into a rage. Yunxiao was clearly blackmailing him. "Since you're looking for death, then you can't blame me!"

It was impossible for him to take out a divine pill. Therefore, his killing intent was aroused. The aura from his body exploded out like a flood and a fierce beast.

Yunxiao was about to make a move when he saw the violent killing intent being swept away by the power of space, and then the dark room began to become unstable.

The three of them were shocked, and their eyes became sharp. They knew that the Emperor pill Palace had been opened, and all the spaces had merged into one.

"Rumble!"

Explosions rang out in his ears continuously, and his body was torn apart by a huge force. In a flash, he appeared in front of a huge Palace.

All kinds of powerful auras appeared around him, and in the blink of an eye, there were twenty to thirty people gathered in front of the palace gate. Some were pleasantly surprised, while others were confused.

Yunxiao scanned the area with his divine sense and found the judge, Gu Qingqing, and mu Xing, but Qian Sheng and Chen duantian were nowhere to be found. He reckoned that they had left the Emperor pill tower after getting the pills that matched them.

Furthermore, ding Shan was not in the crowd either. Instead, Mu He of beiming Dark Palace and Mi Hong of blood Crow Palace were present. He had some impression of the rest of the people, but he was not too familiar with them.

Apart from Yuan Ji and BA Jin, there were two other elders whose auras were also very powerful.

At the same time, the old man also released his divine sense to see the situation in front of the hall clearly. He sized up Yuan Ji and BA Jin in surprise, and even gave Yunxiao a few more glances.

For some unknown reason, many of them started whispering to people they knew, but they soon became quiet.

In front of the hall, there were two figures with their backs facing them. The strong wind blew on their bodies, making their robes flutter.

Everyone watched without moving. Although many people didn't understand what was going on, they knew that something had definitely happened.

Yunxiao knew that the two men in front of him must be the experts from mysterious separation Island.

Meng Zhuo and Zhu Jun looked at each other, their faces filled with bitterness. Their faces were pale and their foreheads were covered in sweat. It was clear that they had spent a lot of effort to break the palace gate. What made their hearts sink even more was that all the experts in the tower had been teleported over. This was something that they had never expected.

The current situation was a little difficult to control.

“The two of you look a little unfamiliar, why don’t you turn around and let this old man take a good look?”

Yuan Ji was the first to speak. He had a mocking and cold expression on his face, and there was even killing intent.

Hmph, Lord Yuan Ji is indeed forgetful. Have you forgotten me so quickly? ” Zhu Jun sneered and slowly turned around. His eyes were ice cold.

“You’re bi an, Zhu Jun!”

Yuan Ji’s expression changed drastically, revealing a trace of shock. He had not expected the person to be this person, and his expression became somewhat serious.

The other person looked extremely unfamiliar. His right eye was closed and there was a centipede-like scar on it. He looked a little ferocious, but he had never seen him before and did not recognize him.

Zhu Jun laughed coldly and looked at everyone.

Yunxiao’s pupils constricted. He could clearly feel that the man’s eyes were on him for a much longer time than the others. He was afraid that he had already caught the man’s attention.

After Zhu Jun scanned everyone, he said: “This place has been taken over by mysterious separation Island. Everyone, leave immediately.”

There was a slight discussion below. Most people didn’t know what mysterious separation Island was, so they all revealed curious expressions.

“Hahaha. ”

Hearing everyone's discussion, Yuan Ji couldn't help but laugh. "Mysterious separation Island is indeed impressive, but unfortunately, not many people know about it."

Zhu Jun was also a bit embarrassed. There were only a few old monsters from the inner realm in front of him, and the rest were almost all from the outer realm. He snorted and said, "It doesn't matter if you don't know. It's fine as long as you know."

He raised his hand and clenched his fist in the air. Suddenly, there was an explosive sound. The fist seemed to have the power of a Dragon and an elephant, which turned into boundless power and shook down.

"Boom boom boom!"

A boundless pressure spread out, and ripples condensed in the air, sweeping

over everyone. "Pfft!"

"Pfft!"

Immediately, a few people vomited blood on the spot. They were sent flying by the power of the fist and were seriously injured in an instant.

Naturally, Yunxiao stood still. Although the fist power was strong, it was nothing to him..

Chapter 1985 -survival of the fittest

Just the power of the punch was so vast that the injured Warriors were all shocked and couldn't help but retreat.

Even those who could withstand the power of the fist turned pale.

Zhu Jun retracted his hand and sneered, "It doesn't matter if you don't recognize Xuan Li Island, as long as you recognize the fist. The restriction outside the Emperor pill tower has been opened, anyone can go out. From now on, the area within a hundred kilometers of this Palace is a forbidden zone. Anyone who remains inside will die!"

Many people's expressions changed drastically, and they turned to leave in shock.

They had already obtained a lot of good things, and they didn't want to die Here for no reason. Many of them didn't even know what was going on, so they immediately flew away.

Very quickly, the arena became sparse, with only a dozen people left.

Except for Yunxiao and the others, who still looked at ease, many people's faces turned extremely serious and livid, and they wanted to leave but were at a loss.

"Hmph!" Zhu Jun snorted coldly and said, "the rest of you are all prepared to die, right?"

His body exuded an unparalleled Majesty that made people shudder.

Finally, two more people couldn't bear the pressure in their hearts and turned around to leave.

At this moment, there were only fifteen people left in the field: Yunxiao, Yuan Ji, Ba Jin, Gu Qingqing, Yi, mu Xing, Mu He, and eight people he did not know. They all seemed to want to try their luck.

Meng Zhuo suddenly broke the silence. "How many of you are here to retrieve divine pills from the nine pill Palace?"

The 15 people's expressions changed slightly. Some muttered to themselves,

while some were snoring.

Although Meng Zhuo only had his left eye left, it was extremely sharp. He scanned everyone's expressions and could roughly guess what was going on. Yuan Ji snorted. "Why? You're asking about this. Do you want to snatch it?" Meng Zhuo glanced at him, his eyes cold and disdainful.

Yuan Ji was enraged by his contemptuous expression and rebuked, "Little brat, tell me your name. When I was on mysterious Separation Island, I have never seen a person like you!"

Meng Zhuo ignored him and closed his eyes.

Yuan Ji was so angry that he let out a loud "wa wa", and his entire body exploded with killing intent. However, it was clearly not appropriate for him to make a move at this time. Although he was angry, he still restrained himself.

Zhu Jun ignored him and said, "Since you're all staying, the two of us won't stop you. You can enter the Emperor's Pill Palace if you want to."

He and Meng Zhuo stepped forward, formed hand seals, and slammed their palms together on the palace gate.

A vast golden light appeared on the door. The restrictions on it had long been broken, and it slowly opened with a "Chi" sound.

When the light shone in, it was several mu in size. There was only a table left, and on top of it was a golden furnace, which was exquisite and luxurious.

The outside of the hall fell silent as everyone stared at the Golden furnace.

Some of them did not even know what treasure was there and only wanted to stay to see if they were lucky. Now that they had seen it, they understood that the most precious item in the entire Emperor's Pill tower was definitely in the Golden cauldron.

Zhu Jun's eyes also flashed with a bright light, but it disappeared in an instant. He made a gesture of invitation and laughed, "Everyone, please. We won't stop anyone who wishes to enter. But you have to know that there is only one heavenly fortune pill, and there are 15 of you."

"The heavenly fortune pill!"

A few exclamations rang out. Now everyone knew what was inside, and their eyes lit up with excitement.

"Pills are good, but you'll need to be alive to get them," sneered Meng Zhuo.

Yuan Ji said coldly, "what a good plan. You just want us to kill each other so that you can reap the benefits! There's no such good thing in the world, we're not stupid!"

"I don't care if you're stupid or not," Meng Zhui said. "The pills are right here.

Take them if you want, or get out if you don't!"

The word "scram" was accompanied by a stern shout, which turned into sound waves that spread out. Dust rose from the ground, blowing into everyone's eyes.

Everyone quieted down. To be able to cultivate to his current strength, he was definitely not someone with low intelligence.

Moreover, everyone present had seen this kind of treasure-snatching scene several times, and most of them were the final winners, so they knew very well that whoever made the first move would be the most unlucky one.

Therefore, they were all motionless, as quiet as a haunted house.

"Hehe, why aren't you making a move? Could it be that you're all Lei Feng, and you're not self-centered but only benefit others?" Yunxiao sneered and walked into the hall. "Li Yunxiao!"

Gu Qing Qing screamed, "Don't go in!"

Once one stepped in, they would immediately become the target of public criticism and everyone's enemy.

"I don't have much hope for this pill. After all, such a divine item belongs to the fated. But it's not good for everyone to waste time here. Someone has to go in first, so I'll throw a brick and lead the way to see who will follow."

With a stern look, Yunxiao stepped into the hall and walked toward the Golden cauldron.

With every step he took, there would be ripples under his feet. He spread his spiritual energy all over his body and was on guard against any danger.

In just a few breaths, Yunxiao was getting closer and closer to the Golden cauldron. Many experts outside the hall finally could not hold it in any longer, and their breathing became heavy and rapid.

"Stop!"

Finally, an old man roared angrily as he turned into a beam of light and flew into the hole. He raised his palm and slapped it directly at Yunxiao while shouting, "What qualifications do you, an outer realm cultivator, have to take this divine pill?"

Yunxiao's figure flickered as he retreated hundreds of feet away and dodged the attack. He laughed and said, "haha, this young master was originally just throwing bricks to guide the Jade. Since you have the ability, then go and take it."

Yunxiao had already retreated to one side of the hall and was watching with a smile, as if he did not care at all.

"Hmph!"

The old man snorted heavily and turned around. His eyes were filled with greed as he stared at the Golden furnace. Suddenly, his figure flashed and he seemed to have teleported up. With a wave of his sleeve, the Golden furnace disappeared.

At the same time, the old man's body exploded with a powerful aura. He let out a roar that shook the earth and mountains! Immediately after, a beam of strong light shot up into the sky and struck the dome of the hall, trying to break through it!

“Old ghost Guo Yang, stay! ”

A few angry shouts came from outside the hall, and then several rays of light teleported over. A few people even appeared directly on the dome, forming seals and hitting the strong light.

“Boom boom boom!”

The space trembled, and the pillar of light was instantly twisted and bent.

Under the joint attack of several people, Guo Yang's body also came out of the void and turned into a real body. In horror, he quickly attacked the figures in all directions.

“BOOM!”

“BOOM!”

With several loud quakes, Guo Yang struck five times, sending out five terrifying spiritual pressures that surged in the hall. The table on which the Golden furnace was placed was instantly shattered, as if it had never appeared.

“Pfft! ”

Guo Yang couldn't help but spit out a mouthful of blood. Although he had resisted the attacks of five people, his internal organs were still injured by the shock.

Although the strength of the five people varied, they were invincible when they joined forces. After Guo Yang spat out a mouthful of blood, he turned around and rushed into the hall.

Almost all the powerful old monsters had come in. Besides the two from mysterious separation Island, the rest of the people outside were martial artists who did not react in time. Their strength was naturally weaker, so they might have a chance.

"Hmph, childish!"

A sneer came from the palace gate, and Yi's figure appeared. He didn't make a move just now, but at this moment, the blood light on his body surged, and the spiritual pressure on his palms wavered.

Zhu Jun and Meng Zhuo, who were standing on both sides of the palace gate, looked at the referee in shock. They exchanged a look and were on high alert.

"Stay!"

MO raised his hand and let out a loud roar as a huge blood-colored palm print appeared in the air.

In his fear, Guo Yang could only brace himself and fight back!

"BOOM!"

The blood palm exploded and turned into a rain of blood. Guo Yang was sent flying.

His entire body was covered in blood. He didn't know if he had vomited it himself or if the sky was dyed red by the blood.

As soon as he made his move, he immediately attracted everyone's attention. They couldn't help but be shocked as they immediately understood that this person was a strong enemy who wanted to snatch the core.

Yunxiao's brows were slightly furrowed, and he looked a little worried. Although Yi followed him, it did not have any obligation to help him obtain the elixir. In front of the divine elixir, Yi would probably not be polite to him.

The heavenly fortune pill was directly related to the injuries of the sea Emperor Polong and Rou Wei. Even without the water deity, he would have to find a way to obtain it in order to deal with the ruins of the end and Tian Si.

"Stop, I don't want this pill anymore, you can have it! Don't kill me!"

Guo Yang saw that they were attacking him again. He was so scared that he waved his sleeves, and the Golden furnace appeared again and flew up to the dome.

When the attackers saw this, they immediately changed directions.

Guo Yang was relieved. He turned around and retreated to the corner. He took a few medicinal pills and began to heal his injuries.

The few of them attacked each other in the air, fighting for the Golden furnace. Ripples spread out in the sky, and the battle was intense.

Meng Zhui, who was standing in front of the main hall, frowned and shouted, "Aren't you afraid that the Golden cauldron will break and the divine pill will explode if you fight like this?"

These words shocked a few people, and they all slowed down their movements.

The Golden furnace fell to the ground with a very pleasant " clang

Yuan Ji said ferociously, " we can't fight. What should we do? " Are we going to play rock-paper-scissors to decide the winner?"

"I'm just reminding you," Meng Zhui said coldly."It's up to you to decide what to do." how about this? " Yunxiao laughed. let me take care of the cauldron first.

"Get lost! "

Yuan Ji cursed angrily. He then stared at the Golden furnace and thought for a moment."Why don't we each lay down an imprint and seal this golden cauldron first, then we can fight for it. This way, it won't be damaged."

Another elder with an extraordinary temperament said in a deep voice, " "This method is good, but it can't solve the root of the problem. There were too many people here, so it was difficult to distribute. In my opinion, it's better to start with the survival of the fittest."

"If I'm not mistaken, this must be the famous Lord yingshao."

I'm sorry! Yuan Ji cupped his fists and said, " what is the survival of the fittest?

"It's simple," Ying Shao get rid of the minions first, and then we'll split the loot."

Yuan Ji thought for a moment. this method is not bad. But what are minions?

how do we get rid of them? "

I see that there are a few divine sovereign realm cultivators among you, " Ying Shao said. since that's the case, those below the divine sovereign realm are naturally minions.. They can either get lost or die!

Chapter 1986: Snatching the Pill (1)

The expressions of the people inside and outside the hall changed drastically. Ying Shao's words were filled with killing intent, causing them to shiver.

Yuan Ji chuckled and said, " I agree with this method. The heavenly fate creation pill isn't something that just anyone can take. Including the two people from mysterious separation Island, if I'm not wrong, there are a total of nine people in the realm of divine sovereign justice.

Yi, Gu Qingqing, Yunxiao, Ying Shao, Ba Jin, Guo Yang, and himself. Mu Xing was only a clone attached to the puppet, and his cultivation base was only at the realm of returning to true, so he was also excluded by them.

"That's good," Ba Jin agreed. "I agree."

The few of them looked at the martial artists below the divine sovereign justice realm with cold eyes. Those people all sucked in a cold breath and scattered in fear. A few of them felt a bone-chilling chill and quickly retreated from the hall.

Ying Shao's eyes turned cold as he stared outside the hall and said, " "Anyone who stays within 200 li will die!"

The cultivators' expressions immediately became extremely unsightly, but with so many powerful cultivators present, they were most likely cannon fodder. They could only unwillingly take to the air and quickly flee without a trace.

hehe, brother yingshao's idea is brilliant. There's so much less trash in one go. Even the air feels much better.

Yuan Ji took a deep breath and a sinister smile appeared on his face.

Ying Shao smiled and looked at mu Xing. After sizing her up, he said, " "This minion, why aren't you getting lost?"

The killing intent gathered and swept across mu Xing's body, leaving many small scratches.

Mu Xing's expression did not change. He took a few steps back and walked to the door."I'm also from mysterious separation Island, there should be no problem for me to stay, right?"

Yingshao was stunned as she looked at the two people at the door.

"This is Lord mu Xing, the person in charge of refining and guarding the heavy equipment tower." Zhu Jun nodded.

"Since that's the case, then I'll stay here for the time being,"

Seeing that Zhu Jun had admitted to it, Ying Shao did not continue to make things difficult for him. His gaze continued to sweep across the hall and fell on Guo Yang. He chuckled.

Guo Yang's body trembled slightly, and his face changed greatly. "Yingshao, what do you mean by this?"

"Hehe, it's nothing."

Ying Shao smiled and said, " although Lord Guo Yang also has the cultivation of a divine sovereign justice realm, he's seriously injured now. He might not even be a match for an ordinary truth returning realm cultivator. In my opinion, for the sake of your safety, please leave."

"If I hadn't rushed in first, the heavenly fortune pill would have been snatched by that outer realm kid," Guo Yang said angrily. And now you're treating me like this!"

"Tsk! "

"Sir, aren't you overestimating yourself and belittling us?" Ying Shao sneered. You're speaking as if there wouldn't be the heavenly fortune creation pill without you. Time is of the essence, so I won't waste my breath with Daren. Stay here and die or roll away, make your own choice!"

Guo Yang was furious. He felt as if his internal organs were on fire. The one who had hit him the hardest was Ying Shao.

Just as he was about to curse out loud, he suddenly sensed a murderous intent flash in the depths of yingshao's eyes. He could not help but tremble. Only then did he fall silent. He propped up his seriously injured body and said hatefully, ‘

“Alright. this old master will leave now!”

His face was ashen. He jumped up and turned into a ray of light, flying out of the hall.

Suddenly, a saber radiance broke through the air and rose up, slashing at the escaping light.

The two rays of light collided and exploded. Guo Yang spat out a mouthful of blood on the spot and was sent flying to the ground.

His body slid several hundred feet away and crashed into a corner. After a muffled “ bang “, he spat out a large mouthful of blood.

“Yingshao, what are you doing!”

Guo Yang raised his head in anger and stared at Ying Shao with hatred. His eyes were full of anger.

This sudden change surprised everyone, but they didn't find it strange.

After all, Guo Yang was also a divine sovereign justice realm expert. Since Ying Shao had thoroughly offended him here, it was only natural that he would take advantage of Guo Yang's weakness to take his life.

“Lord Guo Yang, I can see that you're extremely dissatisfied with me. I've thought about it, and since you're dissatisfied, let's have a martial arts duel.

Don't experts always resolve their problems through a martial arts duel?"

Ying Shao laughed coldly and walked forward slowly with a large, Shining Blade in his hand.

"You're shameless!"

Guo Yang was angry and anxious, angry and shocked. He couldn't help but spit out a large mouthful of blood again.

Ying Shao's pupils shrank, and he shot out a murderous aura. He took the opportunity to swing his saber and slashed forward! At the same time, his figure flickered and followed behind the blade light. He raised his blade and slashed down!

"BOOM! BOOM!"

Two violent blades slashed down in succession, and the corner of the hall suddenly exploded. Guo Yang was shaken out, covered in blood.

In a flash, Ying Shao caught up with him and slashed a few more times. The space was cut into several pieces, and Guo Yang's body immediately exploded into a mist of blood.

Yunxiao's eyes flickered, but his face was expressionless.

This was the first time he had seen a divine sovereign justice realm expert being killed. Originally, at this realm, there was almost no one in the world that could be killed.

If he insisted on escaping when he couldn't win, the other party would be in a difficult position.

However, when Guo Yang had tried to escape by snatching the Golden furnace, he had been seriously injured by the joint attack of several people. Then, he had been attacked by Ying Shao's anger, and he had been sneak attacked. This had completely lost his ability to escape, and in the end, he had died.

After Guo Yang's death, the people in the hall seemed to be touched and became a little quiet.

Yunxiao suddenly felt that someone was looking at him. He turned his head slightly and saw Gu Qingqing, who had a serious look on her face.

Their eyes met, and they immediately understood each other's thoughts.

The two of them pretended not to know each other and did their own thing. At the critical moment, they would join forces and catch everyone off guard.

Yunxiao then turned his eyes to the referee.

MO Weiwei raised her eyes and looked at him. She was as calm as water and had a hint of coldness in her eyes. It was obvious that she didn't want to give up on the heavenly fate pill. She looked like she was going to rely on her own abilities.

Suddenly, Yuan Ji's figure moved. He immediately teleported outside the hall and grabbed at a ray of light.

"What are you doing?"

die! Ying Shao shouted in anger. He waved the Overlord blade in his hand and slashed down.

"BOOM!"

The sky was split into two, and Yuan Ji's figure was blocked.

Ying Shao flew down and stretched out his hand to grab something. It was the storage bag on Guo Yang's body. He took it in the air and it was almost taken away by Yuan Ji.

As soon as the storage bag was in Ying Shao's hand, he immediately revealed a look of joy and returned to the hall in a flash.

Yuan Ji's face was gloomy as he entered the hall. However, the way he stared at yingshao had already become unfriendly.

Ba Jin's eyes were also fierce as he stared at the storage bag and said, although Guo Yang was killed by Your Excellency, in essence, it was all of us who forced him to die. How can the things he left behind be taken by Your Excellency alone? "

"That's the logic! If it was outside the Emperor pill tower, we wouldn't have any objections if you killed Guo Yang and took anything from him, but now ..."

Yuan Ji's face was also suffused with anger, and his killing intent pressed over.

Ying Shao's expression changed. He held the storage bag and became alert. He sneered, " is there anyone as shameless as you in this world? I was the one who injured Guo Yang before, and now I'm the one who killed him. You have the face to tell me to share the spoils? "

I can give the other things to you, Sir, " Yuan Ji said. but with Guo Yang's strength, he must have been assigned to the nine elixir Palace. No matter what, you can't keep that divine elixir to yourself.

what a joke. What can be compared to the value of a divine pill? "

how about this, " Ying Shao said coldly. I'll take the divine elixir and you can have the rest.

At their level, unless it was a Saint artifact, nothing was more attractive than medicinal pills that could increase one's skill and cultivation.

Gu Qingqing suddenly laughed,"hehe, how can you be so sure that Guo Yang has a divine pill?" The Emperor pill tower's random teleportation is not only based on one's strength, but also on fate. It doesn't necessarily mean that the more powerful one is, the more powerful one will be. It's better to take a closer look."

“You have a point, Sir,” Ying Shao nodded.

He clenched his fist and Guo Yang’s storage bag suddenly burst open. A spherical space appeared above his palm, and there were many items inside.

Ying Shao fiddled with it with one hand, and several Jade boxes appeared. He opened them one by one, and the expression on his face gradually changed from nervousness to gloominess and disappointment.

“Bang!”

In the end, he picked out a few items and left them behind. The spherical space exploded, and after the explosion, things fell all over the ground. There were profound level weapons, Jade slips, medicinal pills, and so on.

However, the most precious items had already been kept by yingshao. He said gloomily, “As everyone can see, there aren’t any divine pills, only some passable level nine medicinal pills and items. It’s not too much for this old man to take them, right?”

“Hehe, since there’s no divine pill, we have nothing to say. However, it’s one thing for Daren to take away the few items, but he also threw all the rubbish on the ground. It can’t be that he wants us to pick them up, right?” Yuan Ji gave a muffled grunt and was rather unhappy.

since Lord Yuan Ji can’t stand it, ” Ying Shao sneered, ” I’ll just sweep it away.

“Hold on!”

Yunxiao! Yunxiao suddenly cried out.

He instantly turned into a whirlwind and collected all the “trash.” He smiled and said, “If there’s any trash that you don’t want, please give it to me.”

Ying Shao stared at him for a while and said, " it's fine if you want trash, but the key problem now is that all the lackeys below the divine sovereign justice realm have been kicked out. You seem to be a Lackey as well, right? "

Yunxiao chuckled and said, " with so many experts here, I can't get any pills. Why don't you let me observe your divine might and broaden my horizons? "

"I'm just afraid that I'll be blind before I can see the divine might," Ying Shao said coldly.

you don't have to worry about that, my Lord, " Yunxiao said with a smile. you'd better think about how to seize the heavenly fortune pill. Don't put your mind on a small fry like me.

"Pill snatching is this Lord's matter, I have my own plans. However, I'm really displeased to have a minion by my side!"

Ying Shao's face turned cold, and he suddenly launched an attack. In the blink of an eye, he appeared in front of Yunxiao and thrust his five fingers at his chest.

"Bang!"

Yunxiao had been prepared for this, so he threw out a palm as well. The impact of both palms shook the hall.

Rays of golden light spread out from their bodies, and a terrifying spiritual pressure fluctuated.. They were actually evenly matched!

Chapter 1987: Snatching the pill (2)

Everyone's eyes were drawn to it.

Yuan Ji and BA Jin, as well as Zhu Jun and Meng Zhuo, who were outside the hall, were especially shocked.

Although they were evenly matched, the golden light that glowed from Yunxiao's body was particularly dazzling.

"Lord mu Xing, you entered the Emperor pill tower with this man. Do you know his background?" Zhu Jun asked in a low voice.

Mu Xing nodded. I know a little. But I don't know the details. However, Lao Ai has the divine realm tablet. He originally wanted to keep it a secret and report it to ye Qingyu when he returned to Xuan Li Island, but after thinking about it, he decided to tell him.

"What?"

The two of them cried out in shock and lost their composure, immediately attracting the attention of the people in the hall.

The two men knew that they had lost their composure, so they grunted and stopped talking. They turned their eyes to Yunxiao, unable to suppress the shock in their eyes, and their expressions were extremely complicated.

At this moment, in the hall, Ying Shao was also shocked and angry. Although his opponent was only at the true immortal realm, he was able to take his attack head-on.

"You have opened all eight gates and sanctified your physical body!"

After staring at Yunxiao for a long time, Ying Shao came back to his senses and said slowly with a gloomy face, '

fortunately, my body has been sanctified, and my eyes have been trained," Yunxiao said with a smile. otherwise, I would have been blinded by your divine might. "Hmph!"

Yingshao snorted and said, ‘ since he has sanctified his body, he naturally has the right to stay.

“Bang!”

A burst of spiritual pressure exploded between their palms, and they both retreated.

Yuan Ji finally understood why Ba Jin had not been willing to join forces to kill this person. His divine body had reached phenomenal success, and his physical body had become a saint. He sighed inwardly and said, ” “Right now, all the people remaining in the arena have the qualifications to snatch the pill. How should we distribute the pills next?”

Everyone’s eyes were fixed on the Golden furnace on the ground. No one dared to touch it, or they would immediately become the target of public criticism. Guo Yang was the best outcome.

Ying Shao’s gaze shifted to mo and he coldly said, ” “This heavenly fortune pill was refined by a master of the human race. How can it be taken by a foreign race? Are you all willing to join forces with me to expel this demon first?”

Mo’s expression changed and he glared at yingshao with anger. He shouted, ‘

“You’re looking for death!”

Ying Shao was forced by his murderous aura and could not help but take half a step back. He looked around and hurriedly said, ” “Don’t tell me you’re happy for the demons to join in and steal the pill?”

Yuan Ji and BA Jin were both secretly shocked. The demon’s strength was above theirs, and his killing intent was extremely strong.

When they saw him send Guo Yang flying with one palm, it seemed that his magical power was not small, and he had long been a person they were afraid of.

“I think that brother yingshao’s words make sense!”

Yuan Ji immediately stood beside yingshao, and his aura instantly grew stronger, forcing the referee's pressure back.

Ba Jin also stepped forward and stood with the two.

"Where are the two of you?"

Ying Shao looked at Gu Qingqing and Yunxiao and said, "Could the two of you bear to see the divine items left behind by our ancestors be taken by an outsider?"

Gu Qingqing chuckled as she looked at Yunxiao and said, "What do you think we should do?"

Yunxiao smiled. although I agree with you, my Lord, I have no choice but to not participate because my strength is limited. My Lords, you can play with this demon.

Although Yi had stated that he would follow him for ten years, his attitude was also clear that he wanted to compete for the heavenly fate pill. Yunxiao naturally would not help him get the pill, but he could not join yingshao's camp to deal with Yi, so it was best to remain neutral.

you're right," Gu Qingqing said with a smile. I agree with li Yunxiao's point of view. I want to, but I can't.

Ying Shao and the other two were extremely displeased. Yuan Ji rebuked, "Could it be that the two of you want to see us fight and reap the benefits without doing anything?"

whatever you say," Yunxiao said with a raised eyebrow. don't we even have the right to make our own decisions?" Lord Yuan Ji, don't forget that you have hurt my heart before and haven't made it up to me yet. I won't forget this."

Yuan Ji's face sank. He was extremely depressed and speechless, not knowing what to say.

“My Lords,” Ying Shao said loudly as he looked out of the hall, “don’t tell me that you’re going to ignore the demons’ rampage?”

Zhu Jun sneered, “what a joke, you guys snatching pills, what does it have to do with us!”

Ying Shao and the other two were extremely depressed. It wasn’t that the three of them couldn’t take down Yi together, but that Yi’s strength was tyrannical.

One more person meant one less effort for them, and they could have an additional chance to obtain the core.

Now, Yunxiao, Gu Qingqing, and the others were watching the three men from mysterious separation Island. If they were exhausted, they would be in big trouble.

“Hmph, since you guys don’t care, this old man can’t be bothered either!”

Ying Shao thought for a moment and decided not to attack so easily. He waved his sleeve and the battle was over.

The referee snorted coldly and retracted all his aura. He was naturally not foolish enough to take the initiative to provoke three divine sovereign realm experts.

Yuan Ji said, “since you are not willing to expel this demon, then forget it. At this moment, the remaining nine people all have the opportunity to seize the core, but in my opinion, everyone’s biggest enemy is Xuan Li Island, which Lao Ai is pretending to be out of the picture! I can guarantee that these three people are blocking the entrance of the main hall. As long as one of us manages to get the pill, they will definitely make a move!”

Zhu Jun and Meng Zhuo’s expressions changed. Zhu Jun shouted, Yuan Ji, you want to use everyone’s power to deal with us?!

Yuan Ji sneered, " if the three of you don't have any intentions, I, Yuan Ji, can't persuade everyone no matter how powerful I am. No one here is a fool. Who doesn't understand the three of you's mentality of taking advantage of the situation when you're the Oriole behind?"

Ying Shao also said, " that's right. The three lords of mysterious separation Island are standing at the door. We are really worried. Please leave quickly.

the restriction of the Emperor pill Palace was opened by the two of us with great effort, " Meng Zhuo said coldly. why should we leave? in terms of strength and qualifications, you are nothing!

Zhu Jun and Meng Zhuo were both extremely depressed and angry. They had indeed planned to sit back and reap the benefits, but they had not expected to be ostracized so quickly.

But thinking about it, everyone present was a sly old fox. How could they let them take advantage of the situation?

"Hahaha! "

Yuan Ji laughed loudly. whether we have the strength or not, whether we have the qualifications or not, there's no need for the three of you to worry. You just have to get lost quickly!

He turned his eyes to Yunxiao and Gu Qingqing and said, " "The two of you won't just stand by and watch this time, right?" yes, I agree this time too. I fully support it!

Yunxiao narrowed his eyes and smiled as brightly as a flower.

If he chased away the three from Xuan Li Island, then there would only be yingshao and the other two left. There would be nothing to be afraid of, and he would be very confident in obtaining the elixir.

At that time, Gu Qingqing and MO became the variables.

MO clearly wanted to steal the pill. Although Gu Qingqing was now in an alliance with him, it was hard to guess what she was thinking, and what she would do under the temptation of the heavenly fortune pill.

Zhu Jun's and Meng Zhuo's faces immediately turned unsightly. If all six people in the hall were against them, they could not stay in this place any longer. Besides, Yunxiao had the divine realm tablet, which made his status extremely special. They did not want to make him their enemy.

Zhu Jun said in a deep voice, "even if you chase the three of us away, how much confidence do you have in snatching the pills? in the end, most of you will still die." In my opinion, why don't we use the fairest method, draw lots, and the winner gets the pill? This way, we can avoid everyone's deaths and make everyone convinced."

this method is not bad," Yuan Ji said. but the fewer people involved in the martial arts competition, the better. "After we expel the people from mysterious separation Island, how about we use martial arts to decide?" he said with a smile as he looked at the people in the hall.

"Haha. this is a wonderful method!"

Ying Shao and BA Jin also laughed and agreed with him.

"Yuan Ji, you're courting death! Whether or not I get the pill today, I can't let you Live!"

Zhu Jun was furious, his face was extremely gloomy.

"BOOM!"

The air exploded, and a stream of air could be seen shuttling through. The powerful force stirred up a cyclone that rushed towards the yuan Foundation.

In his shock, Yuan Ji dodged and retreated. However, the cyclone was like a maggot in his bones and he could not Dodge it at all.

“Ha, red spinning palm!”

Yuan Ji circulated his Yuan technique and suddenly slapped out.

“BOOM!”

The two forces exploded and engulfed the two of them.

The two figures kept flashing in the storm and instantly started fighting. All kinds of energy turned into circles of energy and spread out.

Everyone in the hall immediately dispersed to the sides, watching the battle while keeping an eye on the Golden furnace on the ground to prevent it from being damaged.

The Golden cauldron was lying on the ground, trembling continuously under the surge of elemental energy. It was extremely dangerous, but no one dared to go forward to pick it up.

Zhu Jun was really determined to kill Yuan Ji. He no longer cared about snatching the core and gave his all in the battle, not holding back at all.

“Quickly come and help me!”

Yuan Ji was shocked and furious as he hurriedly shouted.

Under Zhu Jun’s frenzied attacks, he could only defend and was forced into a disadvantageous position.

Yingshao rolled his eyes and laughed. Lord Yuan Ji, don’t worry. With us around, the other two people from mysterious separation Island will not dare to interfere. Otherwise, we will not sit idly by.

Yuan Ji, “Suan ni.”

These words were equivalent to saying, “don’t worry and fight one on one. The other side won’t interfere, and we won’t interfere either.”

The people in the hall all had the same thoughts, hoping that these two people would fight until they both died.

you bunch of despicable people, have you forgotten the treaty of alliance?!

Yuan Ji cursed, “ we agreed to expel Xuan Li Island together. I actually have to do it alone! Where’s your credibility?”

Yingshao and BA Jin were embarrassed. They lowered their heads awkwardly and pretended not to hear anything.

Yunxiao and Gu Qingqing chuckled and turned a deaf ear to their words, watching them fight happily.

Zhu Jun said sarcastically, “ this is a private matter between you and Xuan Li

Island. It has nothing to do with the Dan. Naturally, others will not interfere. Don’t tell me that they’re still going to shield you from your personal grudges even after the Alliance agreement?”

“Aiya, so it’s a personal grudge!”

Ying Shao’s face was full of blame. Lord Yuan Ji, you are too unkind. You actually want to use us as shields. How could I know such a despicable person like you! he shouted.

haha! Ba Jin laughed at the sky and said, “ Yuan Ji, you didn’t expect this day to come, did you? ” Back then, you ambushed me and almost took my life, but what’s in the past is in the past. I, Ba Jin, am not a vengeful person, so I’ll repay evil with good today and won’t hold it against you.. But if you want me to shield you from a personal grudge, you must be dreaming!”

Chapter 1988: Snatching the pill (3)

Yuan Ji was about to explode from anger, but under Zhu Jun's powerful attacks, he did not even have the time to curse, he barely held on.

Originally, the two of them were equal in strength, and it would be difficult to determine the winner in a short time if they really fought. However, if they fought with all their strength, the two of them would inevitably be injured, and there would be no hope of snatching the heavenly fate pill.

Therefore, Yuan Ji did not want to fight at all and kept dodging. However, Zhu Jun did not give up, and each move was stronger than the last.

Yuan Ji wanted to attract trouble, so he constantly dodged in all directions. However, the people around him were all experienced. They all sneered and dodged far away.

"Damn it!"

Yuan Ji roared and charged towards the Golden furnace in the center.

Everyone's pupils shrank and they became alert. They all knew what he was thinking. He wanted to direct the disaster to the heavenly fortune pill.

"Impudent! This pill is a divine item. How can I be tricked by you?"

MO Yun laughed. With a flash of sanguine light, she appeared above the Golden furnace. She condensed a palm and slapped it towards Yuan Ji. She used 100% of her strength, wanting to kill him.

Zhu Jun's eyes revealed a look of joy. Seeing that someone was attacking in front of him, he immediately put his hands together and slapped them out. A ball of fire suddenly burned and turned into dozens of red lights. They shot out like a storm and enveloped the yuan Foundation within.

Being attacked from the front and back made Yuan Ji dumbfounded. Caught off guard, he had already fallen into a dangerous situation.

At this critical moment, Yuan Ji suddenly opened his mouth and roared, shaking the earth and mountains.

The sound waves became tangible, like a layer of white light suspended in the surroundings, with dense ripples on it.

Yuan Ji's body began to change. Fur grew on his skin, and his face was as ferocious as a beast. A golden Mace appeared in his hands, and he raised it with both hands before suddenly swinging it!

“Demon transformation!”

Everyone's heart skipped a beat, and they all revealed shocked expressions.

Warriors who possessed the bloodline of the demon race and were in a demonized state had more strength and talent than ordinary human warriors.

However, the heavenly Dao was balanced. Every race had their own strengths and weaknesses. Humans with demonic blood had the advantage in power, but they were also affected by demonic Qi, and their understanding of the heavenly Dao was much weaker.

As a result, the fey were very powerful as a whole, but there were very few peak-stage martial artists.

Yuan Ji was currently covered in fur and had a strange expression. He held the cudgel with both hands and looked majestic. Furthermore, the aura exuding from his body was pure elemental energy, as if it had already washed away all the demonic Qi.

“BOOM!”

The terrifying powers clashed together, and the defensive layer formed from sound waves was the first to shatter. Under the impact of blood and fire, a simple Tai Chi fish appeared in the sky and pressed down on Yuan Ji!

Yuan Ji raised his Mace again, and a shadow ten times larger immediately appeared in the sky. It directly supported the dome and struck down ruthlessly!

The Tai Chi fish picture formed by blood and fire was shattered, and a ray of light flew out from it, revealing a figure hundreds of feet away.

Yuan Ji turned his head and looked at the terrifying shockwaves. He felt a lingering fear and his face turned pale, full of anger and hatred.

“I don’t care how you play, but if you want the heavenly fate pill, don’t blame me for being impolite!” MO said coldly as he retracted his palm. His desire for divine elixirs was stronger than anyone else’s.

Yuan Ji’s face was as pale as paper. He pursed his lips and did not say a word, his eyes full of resentment.

Suddenly, his body trembled, and an inexplicable sense of danger appeared in his heart. It was as if death was approaching. It had been many years since he had felt such a feeling. He was so scared that his entire body trembled, and all his pores seemed to open up.

The elemental energy fluctuations on Yuan Ji’s body seemed to change in an instant. Without even turning his head, he brandished his Mace behind him. The dangerous aura of death was coming from behind him.

“Bang!”

The wolf-tooth club hit a Golden Saber. The two weapons made a strong clashing sound, and golden waves spread out.

Yuan Ji’s body did not move at all. Instead, the knife-wielder was sent flying. He glided in the air for a thousand feet and crashed into the palace wall, only stopping with a “ bang

“You”

The saber-wielding man was Ba Jin. At this moment, his face was full of horror as he screamed, “Void extreme God Realm!”

In the moment of life and death, Yuan Ji had indeed exploded with the power of the void God Realm. Although it was only for a moment, it had injured Ba Jin. His face was even paler now, and he was panting. He stared at BA su and said coldly, “Didn’t you just say that you’ll let bygones be bygones? Why did you sneak attack me?”

Ba Jin’s expression changed slightly, and he became a little timid. He snorted and said, “that was just now, and this is now. There’s no such thing as eternity in this world. Everything has a time limit. After what happened just now, I’m going to investigate it in the past.

“Your sister! You animal!”

Yuan Ji was so angry that he spat out a mouthful of blood. He glared at Ba Jin hatefully, as if he wanted to skin him alive.

Ba Jin held his saber in front of him and said vigilantly, “although you’ve entered the void extreme divine realm, you can probably only maintain it for a few breaths. You’re also injured now, so it’s impossible for you to kill me. You’d better think about how to save your life!

He was also afraid that Yuan Ji would go crazy and only chase after him.

“Tsk, tsk, tsk, what a tragic scene.”

Zhu Jun also stopped and revealed a sympathetic expression, “although I hate you, I hate the villain who sneaks up on you even more. If you want to kill him, I will not do it for now. I will give you a chance.

“What?”

Ba Jin jumped in shock and glared at him. Lord Zhu Jun, your words are too harsh!

Zhu Jun laughed coldly and crossed his arms in front of his chest, "A sneak attack. If I can endure it, I can."

"Hahaha!"

Yuan Ji suddenly laughed loudly. His gaze swept across the few of them, and his face became extremely distorted. He said fiercely, "Don't think that I don't know what you're thinking. Who here doesn't want me to die? that way, we'll have one less enemy! As for your words, Zhu Jun, they are even more bullshit! It's nothing more than wanting me to fight Ba Jin until both of us are injured, then you can deal with me. Do you think I'd fall for such a childish trick?" Zhu Jun's face blushed and he snorted in embarrassment, "It's up to you. If you want to De Killlea DY me as soon as possiD1e, tnat's tine too!"

"Hmph, childish. As a person from mysterious separation Island, even I feel embarrassed to say such childish words."

The corners of Yuan Ji's mouth raised in ridicule as he sneered. "Kill me? Whoever here has this ability, come out and let me see! Although I can only stay in the void extreme divine realm for a few breaths, I can still cut off your dog heads with a full-power Strike! If you don't believe me, you can come out and try!"

His somewhat crazy appearance, his already furious emotions, and the void extreme divine realm power he had just displayed all made everyone afraid. No one dared to go forward.

"Pa pa pa pa!"

Ying Shao suddenly started clapping and said with respect, "brother Yuan Ji is indeed full of heroic spirit. As expected of someone from my generation. This old man is willing to advance and retreat with you!"

After listening to what he had just said, yingshao thought about it and felt that it was indeed true. Unless someone was willing to sacrifice themselves, it would be extremely difficult to kill Yuan Ji. He immediately made a choice.

“Bah! Advance and retreat together, your sister! Shameless!”

Yuan Ji directly spat at him and started cursing.

The idea to deal with the mysterious separation Island was yingshao's, but in the end, he had to fight alone. Just thinking about it made Yuan Ji tear up. The shadow in Yuan Ji's heart was hard to calculate.

Ying Shao's face was a little embarrassed and angry. He flicked his sleeves and snorted. “Enough! This old master said that I'm willing to advance and retreat with you because I think highly of you, but since you don't know how to appreciate my kindness, then please do as you please!”

hehe, now everyone has offended Lord Yuan Ji, who is an expert at the void God Realm. If we leave this place, we will meet again outside. Hehe.

Yunxiao suddenly laughed in a strange way, and the meaning of his words was obvious.

Both Ying Shao and BA Jin's expressions changed drastically, and their eyes glowed with ferocity as they locked onto their Yuan foundations with their divine senses. Even Zhu Jun's expression changed slightly as he stared at Yuan Ji, as if afraid that he would escape.

Yuan Ji glared at Yunxiao and said through gritted teeth, “Little bastard, you're really evil. You actually want to kill me!”

Yunxiao sneered. Not afraid of his gaze, he looked at him and said coldly, “Daren has forgotten that the nine elixir Palace also wants to kill me!”

“Hahaha! Good, good, good!”

Yuan Ji said 'good' three times in a row, then pointed at Yunxiao and beckoned with his finger. “Since you have the guts, then come and try. Let's see if my void extreme power can break your undying and imperishable body!”

Yunxiao's eyes flickered with a colorful light as he said calmly, "You're injured now, plus you've just charged into the void extreme divine realm for a moment. Even if you can charge again, you'll be an arrow at the end of its flight and will die. Do you dare to use this last chance?"

Yuan Ji's hair stood on end when he saw his strange eyes. Cold sweat seeped out of his palms.

Yunxiao was right. In his current state, he could break through to the void divine realm at most once, and he could not maintain it for more than three breaths, which meant that he could only launch a shocking attack once at most.

However, in his current state, he was surrounded by a group of divine sovereign justice realm experts. After one attack, he would definitely be beaten to death by them.

those who are hit by my attack will either die or be injured. They will definitely end up like me. Who dares to come forward and try?!

Yuan Ji's expression was dark as he asked.

Seeing that no one dared to answer, he heaved a sigh of relief and laughed, '

"Who isn't afraid of death? who doesn't cherish their own lives? who is willing to sacrifice themselves for others? Hahaha, this is the naked human nature!

Although this old man only has one strike left, I can still leave safely. None of you will dare to stop me!"

"Hahaha! "

Yuan Ji laughed at the sky and was about to leave.

"Hold on!"

Suddenly, Yunxiao shouted and transformed into a bolt of lightning, standing in front of Yuan Ji with a strange smile on his face. "Lord Yuan Ji is underestimating our determination. I'm willing to sacrifice myself for others. No need to thank me, please call me Lei Feng."

Everyone was taken aback. They did not expect Yunxiao to stand out, and they could not figure it out..

Chapter 1989: Snatching the pill (4)

"You? Are you crazy?"

Yuan Ji scolded. He did not believe that Yunxiao would sacrifice himself for others.

Yunxiao chuckled but did not answer. Instead, he performed an incantation gesture with one hand, summoning the three-headed and six-armed transcendence golden body. Then, he performed an incantation gesture with his six arms, and a sword array spread out in front of him.

At the same time, devil Qi gushed out of his body, forming a layer of armor that covered his body.

He then raised his hand and pointed. A Thunder World opened up and turned into a domain that was hundreds of feet wide, floating in front of him.

Lord Yuan Ji, what do you think of my magical powers blocking one of your attacks? "

Holding the sword with one hand, Yunxiao pointed it straight down. The sword glowed with a cold light, and the ice fiend Heart Flame was beating, giving off an extremely dangerous feeling.

Yuan Ji's expression turned ugly as he gritted his teeth and said, " "Are you for real?" of course! Yunxiao said with a smile.

“I don’t believe it!” Yuan Ji said angrily. There must be something up your sleeve. I don’t believe that you would sacrifice yourself for others! ”

hahaha! Young master Yunxiao is a man of justice. He’s willing to give up his life for justice. He’s a man of two minds. How can a selfish person like you understand him? ‘

Ying Shao became excited. With a flash of his blade, he appeared behind Yuan Ji, cutting off his path of retreat and waiting for an attack.

Ba Jin and Zhu Jun also moved quietly, silently preparing to attack.

This time, Yuan Ji’s expression turned uglier than a pig’s liver as he hoarsely shouted, “ Li Yunxiao, I have no enmity with you. Why are you forcing me?

you’d rather die than stop me!

Yunxiao chuckled and said, “ my Lord, you’re wrong. It’s just an attack from the void realm. You’re seriously injured now. Even if you step into the void realm in an instant, how much power can you exert? ” I might be injured if I block your attack, but the word ‘death’ is too nonsensical. As for hatred, have you forgotten what happened in the nine elixir Palace?” what? ” Yuan Ji was stunned. just because of an unintentional provocation? ”

“Hmph, heartless?

Yunxiao sneered, his face full of sarcasm.

Yuan Ji was stunned for a while and remained silent. After a while, he said, finally understand. You still can’t forget to extort me.”

“Haha, don’t say such ugly words.”

Yunxiao narrowed his eyes and said with a smile, " I'm a straightforward and rash young man. Once I've decided on something, I'll stick to it to the end. It's up to you, my Lord. After blocking Daren's attack, this young master will turn around and leave. Even if they want to deal with me, they will definitely dismember Daren's body first. This young master will have enough time to escape. " what are you talking about, young master Yunxiao? " Ying Shao hurriedly replied. we respect you for sacrificing yourself for justice. We will not do anything that will harm you.

Yunxiao snorted coldly and ignored him.

Yuan Ji also calmed down. The choice was right in front of him.

He was not sure if he could kill Yunxiao's immortal body even if he rushed into the void extreme divine realm and launched a strike, and the result of that desperate strike was death.

If he died, everything would be for naught. If he didn't even have his life, what was the point of having divine pills?

Yuan Ji was also a smart person. After weighing the two, he immediately made a choice. He took out a Jade box and opened it in his hand. Immediately, a bright light rose and spiritual energy soared into the sky.

"That's Yingluo."

Everyone's heart jolted. They looked at the jade box with wide eyes and immediately understood.

Ying Shao's expression changed. Yuan Ji, quickly bring that Jade box over. I won't make things difficult for you! he shouted.

Yuan Ji sneered and showed the jade box to the left and right, then gently threw it up. The jade box was carried by a force and slowly flew to Yunxiao.

"Young master Yunxiao, can you let me go now with the level ten divine pill you wanted?"

Yuan Ji sneered. He had deliberately revealed the divine pill to Yunxiao so that he would be burned by it.

Inside the jade box was a treasure pill that was dark red in color and emitted a light that was like fine wine. It was intoxicating and intoxicating to look at.

Overjoyed, Yunxiao put away the jade box and laughed, "haha, Lord Yuan Ji is indeed a wise person. You know how to judge the situation. I admire such a talented and virtuous person.

He put away his three heads and six arms and immediately retreated to the side to make way. He smiled and said, "Lord Yuan Ji, please.

"Hmph!"

Yuan Ji was so angry that his chest was about to explode. He cupped his fists and said fiercely, "the mountains will not change, and the green water will flow forever. We'll meet again in the future. I hope that day will come soon! He flicked his sleeve and walked out of the hall with a gloomy face.

"You're letting him go just like that?"

Ying Shao's expression changed drastically. He was extremely unwilling to accept this.

"Why, does Lord yingshao want to fight with me? Come on!"

Yuan Ji suddenly turned around, and a sharp aura pressed over. The demonic look on his face appeared again, and he was full of ferocity.

Yingshao was shocked and took half a step back. He was really afraid that Yuan Ji would get angry and fight him to the death.

"Hmph!" a bunch of trash! Yuan Ji scolded disdainfully. you're not even as good as a youth. Embarrassing!

With that, he swaggered off, and no one dared to stop him.

After getting the divine pill, Yunxiao was excited for a moment before he calmed down. He knew that he had brought trouble upon himself.

He was cursing in his heart. Yuan Ji, that old fox, not only did he deliberately display the power of the divine elixir to make everyone jealous of him, but he also deliberately provoked them before he left to make them hate him.

However, there were always losses for every gain. He was quite willing to take this little risk if he could obtain a level ten divine pill, and his acting wouldn't have been in vain.

"Hmph! Young master Yunxiao is indeed a scheming man. You're pretending to be righteous, but you're doing it for your own benefit. I'm really disappointed!"

After Yuan Ji left, Ying Shao's face turned unsightly, and he stared at Yunxiao with a fierce look.

"Tsk, Lord yingshao, don't you think too highly of yourself? And you're disappointed? so what if I'm disappointed? Who Do You Think You Are?" Yunxiao laughed hideously and directly tore his face apart.

There were only a few people left on the field. Even if the yuan Foundation incident had not happened, yingshao would most likely have wanted to deal with him.

Furthermore, with the matter of the yuan Foundation, even if he continued to play dumb and try to smooth things over, it would be difficult for him to escape the situation of being hostile.

It was better to be more direct and directly shed all pretenses of cordiality.

With yingshao's shrewdness, he would not dare to force himself too much.

Sure enough, yingshao was stunned. He did not expect Yunxiao to say such a thing. After a moment of daze, he shouted angrily, "Bastard, you dare to curse at this old man!" you've already scolded me," Yunxiao said coldly. what else do you want? "

Ying Shao was stunned once again. That's right, he could just scold him. What else did he want? was he supposed to rush forward and fight him to the death?

He glanced around and found that the people around him were all looking at him with gloating expressions. They all looked like they were eager for him to go up and fight.

"Hehe."

Gu Qing Qing couldn't help but laugh, " master yinshao, if you can tolerate it, then you can't. A young man has already scolded you like this, can you still be a Ninja Turtle? "

Ying Shao's face turned green with anger, but the more Gu Qingqing said this, the more he warned himself not to fall for her trap. He had to endure it, endure it, he must endure it!

"Hehe, I've lived for so many years, why would I bother with a junior?"

Ying shaoqiang opened his face and laughed a few times, pretending not to be angry. However, his hair was fluttering, which directly betrayed his heart.

Yunxiao rolled his eyes at him and said, " that's it! What's the point of saying it?! Although many people have been eliminated, there are still quite a few left. Lord yingshao, think of a way to reduce a few more people."

"Can I lose you?" yingshao asked, annoyed.

hehe, if your Excellency wants to reduce my price, I'll rush over and break the heavenly fortune pill right now. No one will get it!

Yunxiao gave yingshao a look that said, 'I'm a hooligan and I'm not afraid of anyone', which made yingshao completely helpless.

Gu Qingqing covered her mouth and laughed. hehe, in my opinion, the current enemy is still the people from mysterious separation Island. she said.

As soon as she said this, the entire Hall fell silent. Zhu Jun and Meng Zhuo's expressions changed as they glared at Gu Qingqing.

cough, cough. That may be the case, but it's difficult if we're not United.

Ying Shao shook his head, as if it was not easy to lead a team.

Outside the hall, mu Xing's expression changed slightly. He was shocked. He knew that Gu Qingqing was a void extreme immortal state warrior and was probably the most powerful one here. If Zhu Jun fought with her, he would most likely be killed.

"Hehe, I've already sought death so many times, why am I still alive? Do you want to kill me? Come on, come on, big monster, come on. ' Gu Qingqing stuck out her tongue and kept making faces at Zhu Jun. Zhu "

I have an idea," Yunxiao said. how about we assign tasks?" Yingshao and Lord

Ba Jin will deal with Zhu Jun, and the three of us will deal with the other two. This way, no one can stay out of it. "

Zhu Jun's expression changed greatly, he was both shocked and angry, as if he had sensed that the situation was not good.

"Hmm, that's not a bad idea."

Ying Shao glanced at Ba Jin. Both of them felt that it was feasible. Then, his gaze fell on Zhu Jun.

Yunxiao, Gu Qingqing, and the judge also turned their eyes to mu Xing and

Meng Zhuo, who were standing outside the hall.

The atmosphere became tense.

Your Excellency mu Xing, ” Yunxiao sighed. you’re not going to make a move, are you? ”

“I don’t have the ability to snatch the pill, so I won’t think about it,” mu Xing shook his head.

He said at the same time, “Lords Zhu Jun and Meng Zhuo, I don’t know what orders the island Lord has given, but if you don’t disobey, I hope that the two of you will withdraw from the contest for the divine pill.” After all, such a divine item naturally has an owner. If the two of you participate, I’m afraid the gains will not make up for the losses.”

Zhu Jun and Meng Zhuo frowned. They looked at each other and hesitated.

“The island Lord’s order is for us to bring this pill back,” Zhu Jun said slowly. “I’m afraid Lord mu Xing’s hopes will be dashed.”

Mu Xing nodded and said, “Then I hope the two of you have good luck.”

With that, he turned and left, leaving only his voice echoing in the hall. li Yunxiao, we’ll meet again.

In a flash of golden light, mu Xing disappeared from the main hall.

Yunxiao cupped his fists and bowed from the distance. He was very grateful to mu Xing..

Chapter 1990: Snatching the pill (5)

The moment mu Xing left, the atmosphere in the hall became strange again.

Yingshao was the first to voice his opinion. "The two of us against one, the three of you against one, isn't this a bit unfair?"

Yunxiao frowned. mu Xing left because of my words. To put it bluntly, I was the one who persuaded him to leave. How is it unfair? "

that may be true, " Ying Shao chuckled. but it's still too easy for you to fight three against one. We're not convinced.

what? " Yunxiao said angrily, " can you be any more shameless? Then how do you think we should distribute it?"

young master Yunxiao's physical body has been perfected, " Ying Shao said. he's undying and should be able to take on two people at once. Can that friend from the demon race team up with us? "

"Haha, if you're too greedy, you'll accidentally become poor. This greed will make your journey of obtaining a core come to an early end!"

With a sneer on his face, Yunxiao pointed at Ying Shao and said, " "Everyone, this person is really despicable. In my opinion, why don't we let him take his leave first!" li Yunxiao! Ying Shao's face fell. you're crazy!

"Crazy? I'm very clear-headed! The two Daren of mysterious separation Island, are you interested in joining hands?"

Yunxiao said unhurriedly.

At this moment, he was almost sure to win, and the biggest variable was Gu Qing Qing. If Gu Qing Qing could help him, then everything would be fine.

Now, with every person he eliminated, his chances of winning would increase a bit.

Zhu Jun looked at Yunxiao with a complicated expression and said, "Yingshao is indeed detestable, and I would also like to kill him. However, young master Yunxiao is also a huge threat. Can you consider giving us the heavenly fortune pill? Meng Zhuo and I can give you other compensation."

After learning that Yunxiao was the divine realm tablet master, Zhu Jun and Meng Zhuo did not want to have any conflicts with him.

"Oh? I'm very curious, what kind of compensation can match the heavenly fortune pill?" Yunxiao found it a little strange, as he felt that Zhu Jun seemed to be too polite.

"We naturally know the value of the heavenly fortune pill, but we can't think of any way to compensate for it for the time being. We'll definitely be rewarded in the future," Zhu Jun said.

Yunxiao waved his hand and said, "don't try to fool me with an IOU. You want to exchange it for the heavenly fortune pill with an inexplicable and vague 'compensation'? you're dreaming.

Zhu Jun also felt that his words were a little childish, he laughed bitterly: "Then there's no other way. After all, this pill is extremely precious and there are very few things that can match its value. Let's get back to the main topic, I also agree to let yingshao take his leave first."

Ying Shao's expression changed drastically. He hurriedly retreated to Ba Jin's side and said, "Lord Ba Jin, you and I are now in the same boat. If I'm expelled, I'm afraid you'll be next.

Ba Jin also looked a little nervous. Zhu Jun was with Meng Zhuo, Yunxiao and Gu Qingqing seemed to be inextricably linked, and only the demon was left with them. If yingshao were to be expelled, he would have no choice but to ally with the demon clan. However, the demon clan seemed to be extremely cold and arrogant, and might not pay any attention to him.

Ba Jin immediately realized the importance of yingshao's existence and snorted. Lord yingshao, don't worry. I will advance and retreat with you!

"Haha, good, well said."

haha! Yunxiao clapped his hands and laughed. this time, I can take care of two at once!

Zhu Jun nodded and smiled,"that's right, it saves us the trouble .."

Meng Zhuo also walked into the hall and stood beside Zhu Jun. He coldly looked at Ying Shao and BA Jin with his single eye, causing the two of them to shiver.

"We'll suffer some losses. Two of us will deal with yingshao, and the three of you can deal with the other one," Zhu Jun said.

"I'm more than happy to suffer this loss," Meng Zhuo chuckled.

Ying Shao and BA su immediately panicked.

Ba Jin was also feeling dizzy. He thought that yingshao would have some concerns if he stood on his side, but he didn't expect his presence to be so low. He immediately said, " everyone's target is yingshao. It has nothing to do with me. I'm also willing to join you in the crusade against yingshao.

After he finished speaking, he dodged to the side, as if he was trying to draw a clear line between him and Ying Shao.

"Ba Jin, you can't be so despicable!" Ying Shao said angrily.

BA su sneered, "who can be more despicable than you?" You're now The Public Enemy, so don't try to trick me into working for you. If you're smart, then get out of here!"

“Do you think that you can stay if I leave?” Ying Shao said coldly.

Ba Jin’s expression was ugly as well. He knew that the possibility of this happening was extremely low. However, if he were to stand on Yingshao’s side, they would definitely lose.

Yingshao waved at Mo, who was standing in the distance, and said loudly, “My friend from the monster race, are you willing to be on our side? Otherwise, if Yunxiao and Mysterious Separation Island succeed, Your Excellency will be in danger!”

The judge had a complicated look on his face. He knew that Yunxiao still had the divine realm tablet, as well as experts like Qu Hongyan and Fei Ni, and the heaven-defying divine ability, the twelve divine beings killing formation.

The people of Mysterious Separation Island did not understand, but he really did. Once Ying Shao and Ba Jin left, the heavenly fortune pill would most likely fall into Yunxiao’s hands.

Yunxiao looked over with his cold eyes and said, “Yi, do you really want to be my enemy?”

Yi trembled and shook his head. I’m not making an enemy of you. I’m not breaking my promise. Everyone has a chance before the treasure. Why should I give it to you? ‘

He stepped into the battle and said, “The two from Mysterious Separation Island, don’t be fooled by Li Yunxiao. He has a Saint artifact in his hand, and there are many experts among them. If Ying and Shao are forced to leave, no one will be able to suppress Li Yunxiao!”

Everyone’s faces changed drastically, and Zhu Jun and Meng Zhuo were even more taken aback. They knew that Yunxiao had the divine realm tablet, but they had not considered the fact that there were other experts in it.

Yunxiao immediately became the target of public criticism. Zhu Jun, Meng Zhuo, Ying Shao, and Ba Jin all stared at him.

“Hehe, this kid is really heaven-defying, he actually has a Saint artifact! This thing was extremely rare even a hundred thousand years ago!” “Let’s see how you’re going to make me bow down in advance!” Ying Shao sneered.

in addition to Yuan Ji’s divine elixir, ” Ba Jin added, ” he has two divine elixirs on him. He also has the Saint artifact, hehe hehe hehe. If we take this person down, we’ll have enough treasures to split among us. Even if I can’t get the heavenly fortune pill, I can make up for some of my regrets.”

Yingshao’s eyes lit up and he laughed evilly, ” what are you saying? the value of a Saint artifact is no less than that of the heavenly fortune creation pill!

“Ah, what do we do now? They’re going to hit us.”

With a scared look, Gu Qingqing turned around and hid behind Yunxiao, then stuck her head out.

Yunxiao, on the other hand, stared coldly at the referee and said, ” alright. Lord mo, you must remember today’s situation. I’ll settle this score with you another day!

“We’ll just use our own methods to get the pills,” mo said with a frown.

Ying Shao’s killing intent was ignited. He shouted, ” why are you still talking nonsense with him? that woman is not a good person either. She might also have a divine pill on her. If we kill the two of them, we’ll make a big profit!

“As long as the two of you leave now and stop participating in the pill fight, Meng Zhuo and I won’t make a move,” Zhu Jun sighed.

“Sir, what are you saying? they have the Kasaya!” Ying Shao was shocked and quickly said.

He choked halfway through his words. Zhu Jun’s cold and disdainful gaze was cast over, as if he didn’t want to bother with him.

Yunxiao guessed that mu Xing must have told them something, so he shook his head and said, " I'm sorry. I have a temper. I won't shed tears until I see the coffin. Please let me see the coffin.

Knowing that there was no room for negotiation, Yunxiao did not waste any more time. A six-colored light flew out of his right hand, then he grabbed the Tusita peak and threw it.

"Bang!"

The air exploded, and the mountain was not thrown at the enemy, but to the side.

And below the shadow of the mountain was the Golden furnace!

"DA! Bastard, you actually want to destroy the divine pill!"

Ying Shao shrieked. The rest of the people trembled and widened their eyes.

The judge and Gu Qingqing's hearts skipped a beat as they understood Yunxiao's strategy.

If the Tusita heavenly peak was used to smash the Golden furnace, they would definitely save it. However, the Golden furnace was a hot potato, and no one dared to hit it. Thus, they could only attack the Tusita heavenly peak.

Cold sweat broke out on the foreheads of the judge and Gu Qingqing at the same time, as they were secretly frightened by Yunxiao's shrewd plan.

The Tusita Sky Mountain was an existence that could directly resist the heaven-turning seal. Even if they had reached the void realm, they would not dare to take it head-on.

Two beams of light shot down from the sky. It was Ying Shao and BA Jin. They teleported above the Golden cauldron and attacked the Tusita peak at the same time.

The two of them were full of confidence. If they joined forces, they would definitely shatter the mountain peak.

However, things in the world often do not go as one wishes.

“Bang!”

“Bang!”

With two loud explosions, the spirit pressure was suppressed at the bottom of the mountain and couldn't be dispersed. Instead, it turned into an impact and was reflected back!

The Tusita peak also paused for a few breaths under the attack, but it soon doubled in size and continued to fall down on its original trajectory!

“What?”

Ying Shao, Ba Jin, Zhu Jun, and Meng Zhuo's eyes almost popped out of their sockets. The mountain peak was rolling down, crushing the two of them and the Golden cauldron.

“Gulp!”

Ying Shao and BA Jin's minds went blank. If they ran away now, the Golden furnace would be finished. If they didn't, they would be finished. They didn't expect to run away with the Golden furnace.

After all, once that thing was touched, it would become a target for all, and Guo Yang was a living example.

“Hurry up and attack!”

Zhu Jun suddenly roared and also teleported down. He slammed his palms towards the mountain peak and shouted, attack with all your might! Otherwise, the Golden cauldron will be finished!

Meng Zhuo also flew down and followed with a palm strike.

Ying Shao and BA Jin immediately reacted, and their confidence was greatly boosted. They no longer dared to hold back and attacked with all their might.

The four attacks missed like rainbows.

With a cold smile on his face and a flash of killing intent in his eyes, Yunxiao teleported down and appeared behind yingshao, then thrust his sword at him!

Ying Shao immediately felt an abnormal sense of danger. This was an instinctive reaction of a martial artist. In his shock, he hurriedly turned around and unsheathed his blade!

“Clang!

As soon as the sound of the knife rang out, the knife glowed. The rapid sound pierced people’s eardrums, and then it stopped.

The sword of death pierced into his chest, and white sparks appeared at the wound, burning yingshao’s body.

“Ah!” ah! Ying Shao cried out in pain. His voice was extremely shrill, and it pierced through the four energy explosions at the bottom of the Tusita heavenly peak, becoming the loudest sound that reverberated in the hall..
