

The Eternal 1991

Chapter 1991: Snatching the pill (6)

After the attack, Yunxiao teleported back and reappeared hundreds of feet away, looking at them with a sneer.

“Boom boom boom!”

The four attacks exploded at the base of the Tushita heavenly peak and finally sent the mountain flying. However, the four of them were also shaken by the huge force. The other three all groaned as blood rushed up their throats.

Ying Shao, on the other hand, felt as if he had been hit on the head. He spat out a large mouthful of blood with a “ pfft ” sound, and even his internal organs were crushed.

how did this happen?!

Ying Shao looked at the wound on his chest in horror. The flames kept burning his chest, and he had to use all his strength to suppress the flames. However, there was a fist-sized hole in his chest, and he could see his back from the front.

His strength and vitality rapidly dissipated from his body. His body began to turn stiff and cold, and even his consciousness gradually blurred.

Ba Jin and the other two were shocked. They broke out in a cold sweat as they looked at yingshao’s miserable state.

The three men’s faces turned pale as they wondered if they could have dodged Yunxiao’s sneak attack just now. Obviously, it was very difficult, and they could not help but shiver as if they had just come back from the gates of hell.

“No! Don’t die! Don’t die! I don’t want to die!”

On the other hand, Ying Shao was drenched in cold sweat. Although the hole in his chest had extinguished the ice fiend Heart Flame, it was impossible for him to recover. A large amount of blood and life force was rapidly lost.

It was also because the Tusita heavenly peak had struck him twice, catching him off guard and injuring his primordial Qi.

He took out a Jade box from his storage bag with trembling hands and said in a trembling voice, “No, I won’t die, I still have the divine pill, I still have the divine pill,”

The jade box was the one that contained the divine pills, and it was exactly the same as the three in Yunxiao’s hand.

ah! Ying Shao suddenly screamed in pain. Ba Jin flashed in front of him and took the jade box in his hand. His eyes were filled with joy, and he put it away with a flip of his hand.

Ba Jin’s expression turned into one of pity as he sighed, “Lord yingshao, you won’t be able to live anyway, so why waste a divine pill? With this pill, this old man will have hope of breaking through again, and I will definitely avenge you in the future.”

“Ah!!!! No!!! Don’t!!!!!! Give it back to me!!!”

Ying Shao’s face was full of pleading. He trembled as he walked in the air. However, his steps became steeper and steeper. Finally, he staggered and fell from the air. After struggling a few times on the ground, he died completely.

A divine sovereign justice realm expert had died in such a pathetic manner.

The hall was filled with a sense of sympathy. Everyone’s face was gloomy and they couldn’t describe their feelings.

yingshao, who everyone hated, is dead. Everyone should be happy.

Yunxiao sneered. The Tusita peak returned to his palm, and the light spread out in circles. it's just one death. It seems that I'll have to smash it three or four more times.

"No!" MO was shocked and shouted.

He was afraid that Yunxiao would throw out the Tushita peak again, and this time, no one would dare to block it, which would put the heavenly fortune pill in danger. So, he suddenly thrust out a spear.

"Dang!"

Yunxiao punched the spear, and the spear trembled, forcing him back more than ten steps.

Zhu Jun and the other two also rushed up and surrounded Yunxiao and Gu Qingqing.

Gu Qingqing leaned against Yunxiao's back and said in a deep voice, "Two against four, do you have a chance of winning?" it's not two against four," Yunxiao sneered. it's seven against four.

The divine realm tablet flew out slowly. Qu Hongyan, Luo yunshang, and feini appeared in an instant, as well as beiming Nan and the heaven-patrolling bull.

"And this one, it should be eight against four."

The last gust of wind whirled up and turned into a crocodile that lay on his shoulder.

As soon as this formation appeared, Zhu Jun and the other three were dumbfounded. They were stunned for a while before they realized that the situation was not good.

Ba Jin's heart trembled with fear. When he thought of the time in the nine elixir Palace, he had wanted to kill this person first. It was as if he had saved his life!

With a quick thought, he made a prompt decision and turned around to run out of the hall.

He had already obtained two level 10 divine pills from this trip to the Emperor pill tower. Even if he didn't get the heavenly fortune pill, he had no regrets.

However, dozens of sword radiances broke through the air and blocked his path. They lined up in front of him one by one. The cold light was piercingly cold and formed a sword array.

"You can leave, but leave the two divine pills behind!" Yunxiao's sneer rang out.

"Two?" Ba Jin said angrily. You're too greedy! If I give it all to you, wouldn't this old man's trip be in vain?

if you don't leave the pills, leave your life," Yunxiao said with a smile. choose for yourself.

Ba Jin's face was gloomy. Although the few people around Yunxiao only had the cultivation base of the true immortal realm, they were outnumbered, and it would only take them a few minutes to suppress them.

But if he didn't fight with them and wanted to leave, they might not be able to stop him.

"If you want to take my life, you'll have to see if you have the strength!" run! Ba Jin shouted. He turned around and struck the sword array with his palms, trying to break it and escape.

"Bang! Bang! Bang! Bang!"

More than ten swords could not withstand the power of the palm and were directly sent flying. The rest of the swords also trembled and buzzed.

“Haha, you want to leave? in your dreams!” go! Yunxiao laughed hideously and shouted. let’s go!

The crocodile on his shoulder suddenly turned into a strong wind and flew away like a dark cloud. Countless small cracks appeared in the sky above the hall, and it swam around like a tadpole.

Ba Jin hurriedly turned around and threw out several rays of light.

“Bang! Bang! Bang! Bang!”

The light shot through the whirlwind, but it was useless. The terrifying storm came crashing down.

Ba Jin’s instinct as a powerful expert was revealed in his panic. He immediately regained his composure and remained calm in the face of danger. A white ribbon appeared in his hand at some point, and it expanded in the wind.

“Hu Chi!”

The ribbon flew up, and a layer of white light flashed on it, like a barrier.

“BOOM!”

The astral wind crashed into the ribbon and immediately sank in. The ribbon suddenly bound the astral wind and pulled it out of the crocodile’s true form, tying it firmly.

“What?”

Yunxiao was taken aback. He did not expect Ba Jin to have some tricks up his sleeve. He was about to make a move when he saw the crocodile open its mouth in anger and spit out a flame.

It was the true Phoenix Fire that he had previously absorbed. However, after it continuously devoured the astral winds to become stronger, the two attributes lost their balance and had been suppressed in his body.

“Hu hu hu!”

The divine fire spurted out and landed on the ribbon. With the help of the astral wind, the fire immediately grew and almost burned the entire Hall.

Under the heat, the ribbon immediately emitted a bright light. The crocodile rushed out and pounced forward in its half-demon body.

Ba Jin was shocked to see it spit fire. He abandoned his ribbon and turned into a light to escape.

However, how could his speed be faster than the wind escape technique of the five elements spirit body? he had only rushed out of the hall for a few hundred feet when the crocodile caught up and pounced on him!

“Bang!”

A large pit was smashed into the ground, and the cracks continued to spread in all directions.

A strong whirlwind was spinning in the pit and rising into the sky. It was impossible to see what was going on inside.

An earth-shattering sound rang out in the hall. Zhu Jun and Meng Zhuo’s faces turned ugly, while the referee’s face was gloomy and depressed.

A single astral Wind Spirit had trapped Ba Jin. The remaining seven people felt helpless against the three of them.

“Do the three of you still want to fight for it?” Yunxiao sneered and looked at him coldly.

Zhu Jun's heart went cold. He turned to look at Meng Zhuo, asking for his opinion.

Meng Zhuo's single eye flashed with a sharp light. "My friend from the monster race, what do you think?"

The referee shook his head helplessly. forgive me for being blunt, but this girl called Gu Qingqing is no ordinary divine sovereign realm expert. She's also entered the void divine realm. I can't take her on by myself. This battle won't be meaningful unless you two can take down the other six.

Zhu Jun and Meng Zhuo were even more shocked. They looked at Gu Qingqing in shock, and then both of them became dejected.

Zhu Jun raised his head and his eyes flashed, " "Since you're the master of the divine realm tablet and have met Lord mu Xing, I'm sure you know about the matters of mysterious separation Island. We have been ordered by the island master to bring the heavenly fortune pill back. Do you want to fight against the mysterious separation Island?"

"Oh my, you're threatening me."

Yunxiao chuckled as he extended his hand and said, " "Goodbye, you two."

Zhu Jun saw that he did not give him any face at all and was extremely depressed. He could only cup his fists and say, " "Then we'll meet again."

The two of them turned around and left, but they stopped in front of the door.

Yunxiao's pupils constricted, as if he had sensed something. "Be careful, something seems to be wrong!"

Gu Qingqing laughed, "do you think these two brats can turn the world upside down?"

Zhu Jun suddenly turned around and revealed a strange smile, " "We've suddenly changed our mind,"

“Oh? I wonder where the two Daren obtained this courage from?”

are you two out of your minds? ” Yunxiao asked calmly. are you two out of your minds? ”

my friend from the monster race, ” Zhu Jun said, ” are you confident that you can keep Gu Qing Qing busy and leave the rest to us? ”

MO frowned. Oh, I’m curious too. Are the two of you really out of your minds? ”

I don’t do things I’m not confident in.”

Zhu Jun laughed, “as long as you can keep Gu Qingqing busy, I’ll be confident.” However, I’m also determined to get the heavenly fortune pill. I can give you two divine pills as your reward.”

the two divine pills you mentioned, ” Yunxiao said seriously. are you referring to the two on Ba Jin? ‘

“Hehe, young master Yunxiao is indeed intelligent. Otherwise, where would we have gotten the divine pills?”

Zhu Jun spread out his hands and smiled.

Yunxiao’s face was solemn as he said, ” just use whatever tricks you have. Why are you acting so mysterious here? if I’m not wrong, reinforcements must have arrived!

“So what if I am? I can only say that you’re not fated to have this pill,” Zhu Jun said.

His words were equivalent to admitting that there were reinforcements. The faces of Yunxiao and the others changed drastically.

Although he didn't know who the reinforcements were, they must be experts from mysterious separation Island. More than half of the experts in the eternal realm were gathered on this Island, and their strength was so strong that even the entire heavenly martial realm combined might not be able to defeat them.

Yunxiao suddenly teleported down and grabbed the Golden cauldron with his five fingers. As long as he got the Golden cauldron, no matter how strong the reinforcements from mysterious separation Island were, they could at least escape if they could not defeat the Golden cauldron..

Chapter 1992: Snatching the pill (7)

Seeing him grab the Golden furnace, mo suddenly attacked. A bloody red spear light shot down.

“Bang!”

Yunxiao was forced to wave his hand and shatter the spear light, then grab the Golden cauldron again.

However, the judge had already come down with the momentum. The spear swept over and completely blocked his way, while a bloody light shot toward Yunxiao.

“You're really looking for death!”

Yunxiao was furious. He suddenly grabbed the spear with both hands and transformed into three heads and six arms. The four arms behind him formed an incantation gesture and smashed down on the spear.

The two seals turned into a Golden Dragon that roared and flew up. The referee didn't want to throw his gun, so he could only shout and strike.

“BOOM!”

A terrifying force exploded, and the blood light swallowed the Golden Dragon in an instant, splashing blood all over Yunxiao's body.

Yi seized the opportunity and grabbed the Golden furnace in the air. The Golden furnace was immediately caught by his palm and was about to fly straight into his hand.

“Die!”

die! Yunxiao roared as he grabbed the spear and thrust it up into the sky. Behind him, he held a sword in one hand and slashed out a sword beam, while the hammer in the other hand smashed against the spear with tens of thousands of Thunderbolts!

“Bang!”

Countless electric beams sizzled up, drilling into Hui's body like worms, creating more and more holes.

After the sword energy cut out, it cut off Yi's grasp and then turned back to cut the back of his hand.

The judge had no choice but to give up on the pill. He retracted his hand and slapped it on the spear to extinguish the power of thunder and lightning. At the same time, he held the spear with both hands and began to fight with Yunxiao.

The two of them attacked for a moment, and Gu Qing Qing also shouted, ‘ “Attack! ”

Everyone dispersed, and Gu Qingqing flew down to grab the Golden furnace.

Zhu Jun and Meng Zhuo wanted to stop her, but they were stopped by qu Hongyan and the others. They could only watch as the Golden cauldron fell into Gu Qingqing's hands.

“Hehe, such a wondrous pill, I didn't expect it to belong to this lady.”

Gu Qingqing put away the Golden furnace and turned into a light, flying out of the hall.

“What?”

Yunxiao was also taken aback and extremely depressed. “Quickly stop her!”

But Gu Qingqing was too fast, and Qu Hongyan and the others didn’t expect her to run away alone. They were caught off guard and couldn’t catch up with her.

Li Yunxiao, and my Lords, thank you!

In the blink of an eye, Gu Qing Qing appeared outside the main hall, and she flew into the sky.

Everyone in the hall was dumbfounded. After being busy for so long, dead and injured, in the end, she was the one who took advantage of it.

All of a sudden, a Red Cloud flew across the sky and arrived above the hall in an instant. The cloud shot out a ray of light that shone down and covered a radius of several miles.

When the light was hit by the multicolored light, Gu Qingqing’s real body was revealed, and her face was filled with shock.

“Leave the heavenly fortune pill behind.”

A loud shout came from the red Cloud, and then three figures landed. They struck out their palms at the same time and slapped Gu Qingqing.

“Shameless!”

Gu Qingqing shouted angrily, and her body bloomed with light. She put her hands together in front of her body and suddenly raised them up. Her whole body was like a shooting star, and she rushed up against the power of the huge palm.

“Boom boom boom!”

Gu Qingqing’s expression was solemn, and a sneer appeared on her face. She folded her hands in front of her, and a Red Cloud rose. It was the wandering red dust spell!

“BOOM!”

The space sealed by the three palm energies was suddenly shaken, and the air was compressed to the point that it buzzed loudly. The red clouds were like flowers in full bloom, scattering in all directions, as if the clouds had been cleared and the sun had appeared.

“Bang!”

The seal was broken in an instant. Gu Qingqing’s face was cold. She lightly stepped on the ground and flew across the sky like a rainbow.

“Oh, it’s the void extreme God Realm. You must be Gu Qing Qing, right?”

The red clouds hovering in the sky did not disperse after the impact just now. Instead, the clouds flashed and caught up with the long rainbow, directly colliding with it.

Gu Qingqing was shocked. The red Cloud was like a ball of fire, dyeing the whole air red, like a meteorite falling from the nine Heavens, and the pressure made her clothes flutter.

Within the red clouds, a tall man’s figure was seated on the throne. His face could not be seen.

His burly body seemed to be bound by iron chains, and his limbs were chained to the throne.

Gu Qing Qing suddenly thought of a person and said in shock, "Four kings!"

Just as she was about to engage in battle, she immediately turned around and fled with all her might.

The red Cloud carried the power of heaven and earth and descended majestically. A voice came from the throne, "Since you recognize this King, how can you escape?"

The sound of iron chains came from the red Cloud. Eight silver iron chains shot out and blocked the space in front of them.

Eight silver chains pierced through the sky and locked onto Gu Qingqing. Countless silver patterns trembled and lit up the place.

Yunxiao and the others had long left the hall, and they were all shocked to see the fierce battle in the sky.

Yunxiao's Mystic spirit eyes pierced through the red Cloud and saw the man inside clearly. The man's face was calm, his hands were still on both sides, and he didn't move.

The silver chains were indeed tightly binding him to the throne, but they could be used as weapons.

The throne was engraved with all kinds of runes that emitted a faint silver light. It was as if some kind of sealing technique had sealed the man on it.

"Who is this person? It's so powerful!"

Yunxiao and the others were all shocked, and even being Nan looked stunned. He did not recognize the man.

Yunxiao's figure flickered as he teleported behind Ba Jin and thrust his sword.

“Dang!”

Ba Jin suddenly turned around and blocked the attack with his saber. He shouted angrily, “Despicable scoundrel, you only know how to sneak attack!”

Yinshao had been sneak-attacked by Yunxiao before, and this time, after Yunxiao and the others left the hall, Ba Jin had been more cautious, and as expected, he saw the same thing happen again.

“I’m not fighting you alone,” Yunxiao sneered. “I’m here to take your life. Why not?”

Shua shua shua!

The sword death turned into several rays of sword light and attacked. The crocodile transformed into a half-demon behind Ba Jin, cupped its hands over its head, and smashed down!

With a pincer attack, Ba Jin panicked and hit the saber with his palm. With a sharp clang, the dazzling Saber Light flashed and split into two, forming two sabers.

He held a saber in each hand and slashed forward and backward, creating a dense Saber Light that covered his body.

“Bang!”

He used his front knife to suppress sword death and cut red, and with a “Chi” sound, he slashed the crocodile into two. He was fighting against two people by himself!

“Hu Chi!”

However, the moment the crocodile was cut, it turned into countless wind blades and cut off its hair.

Ba Jin was horrified. He suddenly pushed Yunxiao away with his saber, then hurriedly turned around and slashed out with both sabers, creating a layer of Saber Light that shattered the countless wind blades.

“Bang Bang Bang Bang!”

There were saber shadows all around, and there were seven or eight afterimages of the two sabers.

Previously, Ba Jin had been unable to free himself from the crocodile, which had consumed a lot of origin power. Now that he was being attacked from both sides, his heart was filled with anxiety. If this dragged on, he would definitely die.

In an instant, Yunxiao attacked again with his sword, which transformed into tens of millions of sword shadows, cooperating with the wind blades transformed from the crocodile. At the same time, the sword shadows flickered with a green light and carried with them Thunderbolts.

“Bang!”

“Bang!”

Ba Jin’s body was immediately pierced by the sword ray, and blood kept bursting out. However, the saber ray protected all the vital parts of his body, so he still struggled to hold on.

Li Yunxiao, stop!

BA su shouted, “ I admit defeat. I was wrong. I’ll give you the two divine elixirs. Stop!

Bloody holes kept bursting out of his body, and he could not hold on much longer.

In a battle between such powerhouses, even if one had the cultivation of a divine sovereign justice realm, life and death would be decided in an instant. As long as one’s defense was broken, the other party would be unstoppable and take one’s life in an instant.

“Begging for mercy when you’re about to die, is there such a logic in this world?”

Yunxiao did not give up, and he was determined to kill the other party with every sharp move. Now that he had offended an expert of this level, if he could not kill him, he would surely leave behind endless disasters.

“I’ve already admitted defeat and I’m willing to offer you the divine pill, so why force me?”

Ba su was furious. He gritted his teeth and said, “ I am also an expert of my generation. I will not allow you to abuse my life!

Yunxiao sneered. everyone under the heavenly Dao is an ant. How much stronger can our lives be than that of snakes and rats? life and death are up to fate, and we will die sooner or later. Can’t you see this, my Lord? ”

even ants covet life. Even if I see through it, I don’t want to die so easily. Otherwise, why would I enter this eternal world? what’s the point of tens of thousands of years of silence?!

Ba Jin was filled with unwillingness. Under Yunxiao’s sword gleams and wind blades, countless pieces of flesh had been cut off from his body, and his face had long been blurred by blood.

“Meaning? What was the point of being an ant under the heavenly Dao? It’s just a one-sided wish.”

Yunxiao retorted sarcastically, but the sword in his hand became fiercer and fiercer as he kept slashing at his opponent’s saber, consuming his opponent’s primordial energy by brute force and making him collapse step by step.

Ba Jin’s saber radiance finally couldn’t hold on any longer and revealed a flaw. A wind blade cut through it and went straight for a vital part of his body.

“Pfft!”

A mass of blood burst out from that vital point, and immediately, their momentum plummeted, and the army was defeated like a mountain.

“Swish!”

At the same time, Yunxiao thrust his sword into the man’s chest and went through it.

Ba Jin lowered his head and looked at the White sword on his chest. The flame was burning his wound, and he was in great pain. He suddenly laughed miserably. hahaha.

Afraid that he would struggle, Yunxiao pulled out his sword and flew back. “What are you laughing at?”

Ba Jin’s smile was so ugly that he almost cried. “I’m laughing at the cycle of the heavenly Dao, karma. Ying Shao died under this move, and I snatched his divine pill. Now, I’m going to die under this move as well, but no one will get their hands on the divine pill!”

His expression turned ferocious as a storage ring flew out from his body. He then slapped out with his palm, wanting to shatter the ring and the space within it.

“Bang!”

However, the space twisted slightly, and a transparent cyclone suddenly appeared in front of the ring. It resisted the palm and suddenly exploded.

But, the storage ring flew out and was caught by Yunxiao.

“Thank you for your hard work,” Yunxiao said with a chuckle.

The cyclone that had been shattered condensed into a big crocodile next to Yunxiao’s feet.

Ba Jin’s face turned ashen, and his eyes dimmed and filled with despair.

Yunxiao broke the seal of the storage ring in a few moves. After checking it, he found two divine pills inside, and put them away with great joy.

He had already obtained more than half of the nine God pills in the nine elixir palace.

“Now that the divine pill is yours, why can’t you let me go? I can swear to the heavens that I will never seek revenge in this life!”

A glimmer of hope rose in Ba Jin’s heart, and he began to beg for mercy.

Chapter 1993: King of stones (1)

Yunxiao could not help but feel compassion when he saw him begging.

Since the divine pill was already in his hands, there was no need to kill anymore. Moreover, what the other party said made sense. After being sealed for tens of thousands of years, it was indeed too tragic to be killed like a coward.

He muttered to himself for a moment, then waved his hand and said, “Leave behind your oath and leave.”

Ba Jin was stunned for a moment, then immediately became ecstatic and grateful. He pointed to the sky and made an oath before cupping his fists and saying, “Thank you for your kindness, young master Yunxiao. We’ll meet again!”

He was just begging for his life, but he didn’t expect that he would really get a chance to live. He was filled with endless sorrow and joy. He turned around and left the Emperor pill Palace.

Qu Hongyan’s eyes flashed with surprise. She blinked her big eyes and said, “This doesn’t seem like your decisive personality, Feiyang.”

With a wry smile, Yunxiao looked up at the silver chains that filled the sky and the fight between him and Gu Qingqing. "This person's sudden appearance made me feel that the heavenly Dao is insignificant and everything is like an ant. Since the goal has been achieved, there is no need to be so ruthless."

Qu Hongyan seemed to have understood something and followed his gaze. The powerful aura exuded from the red Cloud was indeed soul-stirring and extremely oppressive.

Yunxiao turned to Zhu Jun and Meng Zhuo and said, "Who is this person? Could he be the island master of the mysterious parting Island, the former king of the Eastern Region, ye Qingyu?" But on second thought, he felt that something was wrong. If he was the king of the Eastern Region, being Nan would definitely recognize him.

Zhu Jun looked back at him and smiled, "on mysterious separation Island, other than the Lord Island master, there are four other Kings who rule the world. The Lord on the throne is the king of stone, mist Rock Lord.

"Mist Rock Lord!"

Qu Hongyan exclaimed. She immediately knew this person's background, and her face was full of shock.

is he very famous? " Yunxiao frowned. is he? "

In terms of historical records, the divine cloud Palace had a vast number of ancient books, and many major events and experts in the past one hundred thousand years would be mentioned. But, Yunxiao's knowledge was far inferior to qu Hongyan's.

Qu Hongyan's expression was grave. there was a dynasty that dominated the continent in the past. It ruled the four regions. Its sphere of influence even extended into the sea. It was well-deserved to be the Overlord of the world.

Yunxiao suddenly remembered something and said in surprise, "You mean the Lord of the purple mist dynasty!"

Qu Hongyan nodded with a complicated expression. "That's right. The first master of the purple mist dynasty was the mist Rock Lord! I didn't expect him to enter the eternal life realm and join Xuan Li Island."

Zhu Jun was full of praise. Your Excellency is indeed knowledgeable. But perhaps you don't know this. The Misty Rock Lord's ancestors were also peerless powerhouses from 100000 years ago. Their contributions in the demon-sealing war can not be denied.

you just said that there are four kings under ye Qingyu," Yunxiao said with a serious expression. who are the other three? "

"There's no need for you to know about this. If you're fated to enter mysterious separation Island one day, you'll naturally know about it," Zhu Jun said.

At this moment, the silver chains locked the sky and the earth, forming a spider web in the sky. It was like a huge prison covering the sky, and everyone was trapped under this prison.

Gu Qingqing was like a bird in a cage, constantly fighting against the power of the silver chains, trying to break through the air and leave. However, the silver chain was like three thousand threads of worry that could not be cut off.

let her suffer a little first," Yunxiao said. both of them are still testing each other. This old woman won't be defeated so easily.

"Young master Yunxiao, you're still thinking about the heavenly fortune pill at this moment?" Zhu Jun was stunned and asked curiously.

Yunxiao was even more puzzled. the heavenly fortune creation pill was a duck in my mouth. Now that it's gone, why don't I want it? "

Zhu Jun chuckled. young master Yunxiao's idea is indeed strange. You're indeed extraordinary. No wonder you can get the divine realm tablet.

At that moment, the three martial artists who had joined hands to suppress Gu Qingqing suddenly lowered their heads. They seemed to have heard the words 'divine realm tablet', and their eyes fell on Yunxiao at the same time.

The three of them flew down together and surrounded Yunxiao in a triangle, more than a hundred feet away from each other. The atmosphere suddenly became tense.

"Eh? What are the three of you doing?"

Yunxiao was secretly shocked. These three people were obviously divine sovereign realm experts, and their auras were like mountains that suppressed his left and right. Clearly, they were coming for him. The divine realm tablet is in your hands? "

One of the black-faced old men asked sternly.

it looks like you're the ones who want to ask me questions, " Yunxiao said. why are you so rude? "

The old man's face darkened and he rebuked, "I'm asking a question, so there's no need to be polite with you." Don't think that you're amazing just because you have some skills in the heavenly martial realm and have obtained the divine realm tablet. In the eternal world, everyone is an expert of an era. Everyone is stronger than you, so you'd better be well-behaved in case you suffer."

"These three are the Misty Rock Lord's capable subordinates, Rong Guang, Qiu Ming, and Lord tai-Shu Cheng," Zhu Jun quickly introduced.

"Oh, nice to meet you."

Yunxiao cupped his fist and bowed to the three.

"My husband, I didn't study much. What are the origins of these three lords?" feini asked.

Yunxiao touched his chin and said with a wry smile, " "In fact, this is the first time I've heard of these three people's names, but this dark-faced brother has already said that they used to be all-powerful, so we have to give them some face. Why do you have to tear it apart?"

"Impudent!"

The dark-faced man, Rong Guang, was furious. White light appeared on his body and turned into a pillar of light. His powerful aura was like a chariot that charged forward.

"Hehe, my husband, you're so mean," feini chuckled.

With a faint smile, Yunxiao put two fingers together like a sword and drew a line in front of him. A sword beam gently cut across and broke the aura.

"Swish!"

Like a leaking balloon, the air was cut in half.

The force of 10000 Jin was instantly dispersed, and the aura of Rong Guang pressed down on nothing.

"You're looking for death!"

Rong Guang was even more furious. He did not expect Yunxiao to dare to make a move in front of him. He leaped into the air and came before Yunxiao with a leap, then threw a palm at him while roaring angrily, intending to teach him a lesson with his own hands.

In his eyes, Yunxiao was the kind of young man who had made a name for himself in the heavenly martial realm but did not know the power of the eternal realm.

"Bang!"

Yunxiao blocked the palm strike and shattered it. Both of them were hit by the impact, but neither of them was willing to take a step back.

“What?”

Before Rong Guang could react, he felt his palm being grabbed by the other party. Then, the other party crushed his metacarpal bone and the front end of his forearm turned into a pool of mud.

Yunxiao snorted coldly and took advantage of Rong Guang’s shock and daze to punch him in the chest.

“Bang!”

Rong Guang spat out a mouthful of blood and was sent flying.

However, he was a divine sovereign justice realm expert, after all. He came back to his senses in an instant and knew that he had underestimated his opponent.

He balanced his body in the midst of flying backward, then took more than ten steps back on his feet to dissipate the impact and looked at Yunxiao with hatred.

The other two people were also shocked and in disbelief.

what the hell are you doing, Rong Guang? ” Qiu Ming scolded. are you acting? ”

Hmph! Rong Guang was embarrassed and snorted. this kid isn’t as simple as he looks. Plus, I’ve underestimated him.

Hmph, his palm was crushed in one move, and he was sent flying in another move. Can this be explained by underestimating the enemy? ”

Tai-Shu Cheng sneered and said, " you have the cultivation of a divine sovereign justice realm, which is a full realm higher than your opponent.

However, the result of two moves made people feel as if your opponent was a realm higher than you. Don't you feel ashamed? "

"You guys!"

Rong Guang was ridiculed by the two and spat out blood again. He gritted his teeth and said, " "If you have the ability, then go!"

Zhu Jun saw that they had a falling out internally and hurriedly said, " My Lords, please don't quarrel. Li Yunxiao's body has been sanctified, and he has an immortal body. His strength is no longer below that of a divine sovereign realm. I'm sure the three of you saw him fighting Ba Jin just now, right?"

"Physical body sanctification!"

The three of them were shocked, and their faces turned cold.

I see," tai-Shu Cheng said. the great achievement of the physical body is enough to resist a divine sovereign realm expert. When he fought Ba Jin just now, he was only strong in swordsmanship, but he also has an extremely strong body. He's indeed a difficult person to deal with."

Qiu Ming raised his eyes and looked at the sky. The silver spider web covered the sky, and Gu Qingqing was still jumping in it. He frowned and said, " what's wrong with the king of stones? you can't even defeat a mere Gu Qingqing.

Tai-Shu Cheng's face changed, and he scolded, " "Don't talk nonsense! The Stone King's physical body was sealed, and he could only use a small part of his power, which gave Gu Qingqing a little gap. But even so, he could not hold on for long. What we need to do now is to take down this li Yunxiao before you take down Gu Qingqing, my Lord."

"You're right!"

Qiu Ming and tai-Shu Cheng took a few steps in a circle, then appeared on Yunxiao's left and right. The triangular encirclement from before had turned into a pincer attack.

I don't mind telling you, " tai-Shu Cheng said. besides the divine realm tablet, is Ye Fan with you? "

Yunxiao's face flickered. Ye Fan was just a young man, so how could he attract the attention of these big shots? the result was obvious.

Even Zhu Jun and Meng Zhuo were shocked as they looked at each other.

Zhu Jun was shocked,"why are you asking about Ye Fan?" Is this an order from the island Lord or The Stone King?"

Tai-Shu Cheng smiled and said, " "The two of you don't need to know about this. You just need to attack with us. The divine realm tablet, Ye Fan, heavenly fortune pill, Heavenly Phoenix Nirvana body, and a few level ten divine pills from the nine elixir Palace, tsk tsk!" He licked his lips, full of greed.

Feini had also revealed her true nature under their watchful eyes.

Zhu Jun and Meng Zhuo looked troubled. Zhu Jun said, " everyone on the island knows Ye fan's identity. If capturing Ye Fan isn't the island Lord's order, the two of us can't do it. what? " Qiu Ming said angrily, " even if it's the order of The Stone King, can't he dispatch you two? "

Meng Zhui said, " if it were something else, I would do it. But to capture Ye Fan? tsk tsk. Let's not talk about the island Lord. Do you know Lord ye Nantian, one of the four Lords? "

Chapter 1994: King of stones (2)

Qiu Ming sneered. it doesn't matter if ye Nantian Imows or not. Do you two have the right to disobey the orders of The Stone King? ' "

Meng Zhuo was immediately on guard. what a joke. We're not the subordinates of The Stone King. Other than the island Lord, no one can order us around.

"Well said,"

Tai-Shu Cheng clapped his hands. that's interesting. Even if we don't talk about power, do you have the power to disobey the orders of The Stone King? " he praised.

don't tell me you want to attack us?!

Zhu Jun was shocked and furious, his gaze turned cold as he stared at the three.

Meng Zhuo realized something was wrong and cupped his fists. since we don't see eye to eye, there's no need for us to say anything more. The two of us have come to retrieve the heavenly fate pill under the orders of the island master. However, since the pill has fallen into the hands of The Stone King, there's no need for us to stay any longer. We'll take our leave!

Without waiting for the three to respond, the two of them immediately turned into light and left.

However, a silver light flashed in the sky, and the chains seemed to shake. The two of them fell back to their original spots with shock on their faces.

hahaha, under the blockade of His Excellency Stone King, do you think the two of you can escape? " Tai-Shu Cheng laughed sarcastically.

Zhu Jun was shocked,"Daren, what do you mean?" Even the two of us are sealed?" no one is allowed to leave this place before the Lord's judgment, " tai-Shu Cheng said coldly.

Not only Zhu Jun and Meng Zhuo, but Yunxiao and the others 'faces also changed.

If Gu Qingqing was caught, then the five divine pills on him would not be spared either. And from the looks of it, the other party had come for the divine realm tablet and Ye Fan, and now he was even targeting feini's Heavenly Phoenix Nirvana body and level ten divine pills.

it seems that the Misty Rock Lord is very dissatisfied with your disobedience, " Yunxiao said. I'm afraid punishment is inevitable. Moreover, the two of you knew that he was going to deal with Ye Fan, so how could you let the two of you go and tell him? In my opinion, it's even possible that he'll kill the two Daren. "

Zhu Jun and Meng Zhuo's expressions changed. Zhu Jun rebuked, Li Yunxiao, don't you try to sow discord!

let's not talk about whether I'm trying to sow discord, " Yunxiao chuckled. as for whether my words are reasonable or not, it should not be difficult for you to tell with your intelligence.

How could Zhu Jun and Meng Zhuo not have thought of this? both of them were shocked, but they didn't dare to take the initiative to fall out with the Misty Rock Lord. Zhu Jun rebuked angrily, everyone on mysterious separation Island is United, and all our brothers are like brothers. Even if you want to sow discord, there's no way!

"Hahaha! "

Yunxiao laughed and said sarcastically, " "Since we are of one mind and are all brothers, then the two of you should help to capture Ye Fan. When ye Nantian knows about this, he will definitely praise you!"

Zhu Jun and the other's faces were ashen and extremely ugly.

They wouldn't dare to capture Ye Fan, because he was not only the descendant of ye Nantian, but also the descendant of ye Qingyu, the island Lord!

The entire ye family had the most power in Xuan Li Island. Because generations were guided by the ancestors, many experts of the ye family had entered the eternal world.

Even if the two of them were to fight against The Stone King, mist Rock Master, they would not dare to fight against the ye family of mysterious separation Island!

Moreover, the situation on the island was rather delicate. Those who could enter the eternal world were all geniuses and proud sons of heaven. Who would be willing to be under someone else's command?

In particular, a peerless Overlord like the Misty Rock Master had been above everyone for a long time. He was a very independent existence even in the mysterious separation Island, and ye Qingyu often couldn't do anything to him.

If he really wanted to deal with Ye Fan, this would be a very dangerous signal, it might mean that there would be a huge change and turbulence in mysterious separation Island.

What made Zhu Jun and Meng Zhuo the most depressed was that they had actually encountered such a situation. If they were not careful, they might end up as cannon fodder.

"Hmph, The Stone King has personally made a move, Ye Fan is determined to win. The best choice now is to capture li Yunxiao with us, and then capture Ye Fan. Otherwise, don't say I didn't warn you when the Lord blames you later."

Rong Guang was recuperating at the side. He only opened his mouth to persuade after recovering a lot.

Zhu Jun's expression turned ugly. He gritted his teeth and said, "I don't understand what you mean. I don't want to tell on you. It's just that our mission is complete. The two of us will be leaving.

if you don't understand, then forget it. You can explain it to The Stone King later.

Qiu Ming was too lazy to say anything more. He took out two sawtooth rings with both hands, separated his feet from the front and back, and got into a posture.

A murderous aura spread out of his body and rushed toward Yunxiao like a dragon.

Tai-Shu Cheng also took out a weapon with a long handle. It had three points and two blades, and it emitted a cold light. The surrounding flowers and grass withered, and the soil and rocks were covered in a layer of frost.

Qu Hongyan and the others leaned against Yunxiao and said, "What do we

"Since the other party has already made it so clear, we can only send these three and this Misty Rock Lord to the Western heavens!"

Yunxiao also understood the seriousness of the matter, and he knew that it was impossible to let it go. So, he immediately made up his mind to kill.

"Alright!" Qu Hongyan said. While Gu Qing Qing is busy with the Misty Rock Lord, we'll kill these three first!"

He pointed the purple firmament sword forward, and his killing intent soared.

These people from Xuan Li Island were all powerful experts, and they were no different.

"Haha, kill the three of us? How many years has it been since I've heard such a lame joke?"

Qiu Ming laughed maniacally as he saw the purple sword light slashing towards him. That fairy-like figure had arrived alone, and the sword slashed down in an earth-shattering manner.

"Bang!"

The two rings blocked in front of him, locking The Purple Cloud sword. The terrifying sword force pressed down, forcing him to take two steps back.

how can he be so strong?!

Qiu Ming was shocked. He saw the murderous aura on the purple firmament sword congregate and turned into a sword array. He panicked and didn't have time to think. His two circles danced and turned into dozens of shadows that flew around his body to resist the sword Qi.

Seeing that Qiu Ming was suppressed by Qu Hongyan, the few people from mysterious separation Island were greatly surprised.

Mr. Nie, " Yunxiao said. are you still opposing me at this moment? "

"Of course I'll be on your side, but I won't let go of the heavenly fortune pill either," Mo said. okay, then let's fight the enemy together. We'll talk about the ownership of the divine pill later.

Yunxiao was quite satisfied with the answer. He pointed at Tai-Shu Cheng and said, " I'll leave this person to you."

He didn't care if Chi agreed or not, he swung his sword towards the melting light and shouted, " Feini, Yunshang, go and help Hongyan."

With the help of the two women, the power of the three women was enough to kill Qiu Ming. Bei Xiaonan followed closely behind him, and the two of them ran towards the melting light.

Mo harrumphed coldly. His robe fluttered as he brandished his spear and thrust it at Tai-Shu Cheng.

Outside the Emperor pill Palace was a Sea of Swords and sabers. There were all sorts of movement techniques and ultimate skills. Only Zhu Jun and Meng Zhuo stood there, but they felt as if they were standing on pins and needles.

Should he help or not?

If he was going to help, who would he help?

Neither choice was something they could bear, so they simply turned a blind eye to it. The two of them directly sat cross-legged in the void, closed their eyes, and began to cultivate. This was so that they wouldn't be bothered by what they couldn't see.

The sound of explosions spread out in the battlefield. Qiu Ming and the other two were quickly unable to hold on, and their essence force rapidly decreased.

“Sir, save us!”

Under the combined attacks of the three girls, although Qiu Ming protected his vital parts, he was still continuously injured. If this continued, he would definitely die. Finally, he couldn't help but shout, and his voice resounded through the sky.

Within the red Cloud, the figure on the throne was expressionless. His ten fingers were placed on the armrest, constantly flicking it, controlling the silver chains that filled the sky.

His ten fingers seemed to be the only part of his body that could move.

King of stone, Lord mist rock, it seems like your subordinate is about to die. Do you still have the mood to deal with me?

Gu Qingqing's body flew down, and she stood on a silver chain, laughing.

However, upon closer inspection, her face was much rosier, and there were beads of sweat on her forehead and sideburns. It was obvious that she was also exhausted at the moment.

The Misty Rock Master didn't answer. He flicked his fingers again, and another silver chain shot through the air, like a giant python, towards Gu Qingqing.

“Bang!”

The two chains collided, producing a silver light and clattering sounds.

Gu Qingqing had already jumped up, and her figure kept spinning in the air, like a small flower floating in the wind. I say, are you dead? He didn't even say a word. Was the four kings so great? I've seen ye Nantian before. He's much

Kinder. ”

The Misty Rock Master finally spoke, "If those three pieces of trash can't even take care of the people below, what's the use of having them?"

His voice fell from the sky and entered everyone's ears.

Qiu Ming and the other two were shocked, and their faces turned pale.

"Haha, your master has already spoken, what's the use of keeping trash? Don't be polite, everyone. You can kill them without worry!"

Yunxiao laughed wildly and attacked even more fiercely with the sword in his hand.

Rong Guang's body had more than a dozen bloody wounds, and a large piece of his flesh had been cut off. It was a terrible sight. He had originally hoped that The Stone King would help, but after hearing this, not only did his heart fall to the bottom of the valley, but his morale also completely disappeared.

Under the pressure of Yunxiao and beiming Nan, he had more than a dozen more wounds on his body, which was a shocking sight.

Zhu Jun and Meng Zhuo also woke up from their meditation. They looked at each other and were both shocked.

They had long heard of The Stone King's ruthlessness, and now that they had seen it for themselves, it was indeed true. He was so indifferent even to the life and death of his own subordinates.

The two of them were more worried about whether the king of stone would want to kill them if they just stood by.

Gu Qingqing was also anxious in the void. She was trapped by the Misty Rock Lord, and if she waited for Yunxiao to kill Rong Guang and the other two, she would not be able to keep the heavenly fortune pill.

But in the current situation, she had no way to advance or retreat, unless she gave the heavenly fortune pill to Yunxiao directly and drew the trouble to him.

She did not want to hurt Yunxiao, but just wanted to seize the pill. If she did that, it would be completely against her heart.

no matter how useless those three people are, they're still your dogs that you've raised for many years. It's a pity to abandon them just like that.

Gu Qingqing dodged the chain attacks while continuing to nag. Even if the

Misty Rock Lord didn't do anything, it would be good to distract him.

"You're right."

Who knew that the Misty Rock Master would say such a thing that made her jaw drop. Then, with a flick of his finger, a silver light shot out from the red Cloud and sped down.

The silver beam was extremely fast, and for some reason, it had locked onto

Yunxiao..

Chapter 1995: King of stones (3)

“Be careful!”

Gu Qing Qing exclaimed, her voice piercing through the sky.

Even without her cry of surprise, Yunxiao had sensed the danger in an instant. He raised the red sword, and the blade turned white as it slashed out!

“Bang!”

The silver light was hit by the sword Qi and exploded. The terrifying power rumbled down and hit the sword death's Red slash, forcing Yunxiao to retreat.

The light of the inextinguishable golden body flickered on his body to resist the power of the explosion of the silver light.

Yunxiao was shocked. The silver light was an extremely powerful force that had consumed a lot of his spiritual power.

Seeing that Yunxiao was fine after the lanyan Lord's attack, Gu Qingqing breathed a sigh of relief. At the same time, she took the opportunity to circulate her Yuan power and cast the art of traveling the world in all directions, trying to break the seal!

“BOOM!”

“BOOM!”

The sound of wind and thunder kept coming from inside the silver chains. A large number of chains were hit away by Gu Qingqing's power, and a huge red circle covered Gu Qingqing, and it kept expanding.

The space was being pushed open bit by bit. Gu Qing Qing's expression was serious. She had reached the void tier, and her power was at its limit.

“Is this your limit? Tsk, tsk, you’re very praiseworthy. You’re different from those trash below and have great potential. Are you willing to submit to me?”

The Misty Rock Master had always been a man of few words, but this time, he patiently explained so much.

“Hehe, what’s there to see in submitting to you? This lady has never woken up early if there are no benefits, so don’t mention anything without any benefits.”

Gu Qingqing’s smile was a little forced, and she used all her strength on her palms to resist the blockade in the sky. The space was like a closed door, which was slowly being shaken by her, and a gap gradually opened.

She also hoped to talk more nonsense to delay the other party and gain more time.

The Misty Rock Master said unhurriedly, “I can grant you glory and make you my concubine.”

“Bah!”

Gu Qingqing blushed and scolded, “I’ve heard from Li Yunxiao that a leader who only cares about feelings and doesn’t give practical benefits is not a good leader. A leader who gives people chicken soup every day is a hooligan!

“What kind of practical benefits do you want?”

The Misty Rock Master asked. He then added, “To be this King’s concubine, this is the glory of the world.”

“Hehe.’ hahahaha! Gu Qing Qing laughed. I want to eat the heavenly fortune pill every day, can I? ”

The red light around her body had already reached more than 300 feet, and Gu Qing Qing’s face suddenly became happy, and she laughed, “ don’t tell me you don’t have any. I don’t like being poor.

When you can let me eat the heavenly fortune pill every day, come and find me. I'll take my leave first. Goodbye. It's best If We Never Meet Again.

Her figure became faint in the red light and slowly disappeared.

a woman with personality. This King admires you. You should stay with this King.

"Huala"

The silver chains on the Misty Rock master's body began to shake, and silver light flickered continuously. Suddenly, "Bang Bang" sounds rang out from all over his body, and the silver chains all shattered.

The Misty Rock master's burly body stood up from the throne, as imposing as a mountain. He grabbed the two chains with both hands and shook them.

"Huala Huala!"

A dazzling light streaked across the sky, and the space was directly blown apart by a huge force. The iron chains that filled the sky swayed like silver Snakes dancing up and down.

Gu Qingqing's expression changed. I'll take my leave first. I won't play with you anymore. If you want to marry me, get out of my way, you poor thing!

Throughout the ages, Gu Qingqing was probably the only person in the world who dared to say that the founding monarch of the purple mist dynasty, The Stone King, one of the four kings of mysterious separation Island, was poor. The red circle of light suddenly shrank and disappeared in the blink of an eye.

"Bang!"

The Misty Rock master's arm suddenly trembled, and the entire 10000 Zhang of space was shattered. His huge hand grabbed a chain and shook it. In an instant, the silver chains in the sky gathered together and shot into the void.

Yunxiao and Beiming Nan had just killed Rong Guang, and their faces were extremely solemn as they watched the scene of the Misty Rock Lord's attack.

The elemental energy fluctuations that spread out from that move made the two of them feel extremely uneasy.

In the sky, the Misty Rock Master grabbed the silver chain with one hand and slowly pulled it. The other end of the silver chain was inserted into the air, and was constantly pulled out.

"What?"

A few breaths later, Yunxiao and the others were all taken aback. The end of the silver chain had tied Gu Qingqing up like a big dumpling, and it was dragging her out of the void.

Gu Qingqing's face was expressionless, and she let the silver chain drag her, as if she was unable to resist.

Seeing the Misty Rock Master, he immediately rolled his eyes and said, "Does the king of stones really like me so much that he wants to tie me to his side? But if you really like someone, shouldn't you give her freedom?"

The Misty Rock Master said, "freedom? After you fall in love with me, I will set you free."

"Really?"

Gu Qingqing blinked her eyes, and said with a cute face, "Your Excellency Stone King, I've liked you for a long time."

The Misty Rock Master smiled indifferently and said, "is that so?" That's good, if you want freedom, then follow me back to Xuan Li Island to consummate our marriage."

"Round room round room round room"

Gu Qing Qing screamed, her face turning pale as she cursed, " "Stinky hooligan, shameless hooligan!"

The Misty Rock Master ignored her and allowed her to scold him. He threw the silver chain in his hand and at the same time, formed an incantation gesture with one hand and slapped it out.

A talisman flew out, followed by a second, and then a third.

Yunxiao was taken aback. The runes were actually ancient Maha characters, which turned into seals under the mist Rock Lord's incantation gesture, then caught up with the silver chain and sank into it.

The silver chain was like a river of Stars, circling around Gu Qingqing, completely suppressing her.

Gu Qingqing struggled a few times, but the space didn't move at all. Her face turned uglier than a pig's liver, and she seemed to be at her wit's end. we're in big trouble, " Yunxiao said with a wry smile. we're in trouble.

Beifeng Nan remained silent, standing there quietly as usual, as if his heart had long been as still as water, and no major event could shake it.

In the other two battles, the referee had also successfully killed tai-Shu Cheng, leaving Qiu Ming struggling to hold on, but he was also on the verge of death.

After the Misty Rock Master sealed Gu Qingqing and made sure that she couldn't escape, he turned his eyes to the battlefield below.

"Not good!"

Yunxiao cried out suddenly, a strong sense of uneasiness rising in his heart.

The three women surrounding Qiu Ming were all shocked and became alert. Suddenly, a huge finger ray shot down from the sky, like the light of the sun!

“Hu hu hu!”

Wherever the finger radiance passed, the space would be burned.

“BOOM!”

The finger light finally landed in front of the three women, stirring up endless waves that rolled and spread like sea waves.

The three women hurriedly retreated.

Qiu Ming was already seriously injured and was like an arrow at the end of its flight. After being pushed by the wave, he spat out blood and his body was continuously being shattered.

All of a sudden, all of the force disappeared, and Qiu Ming’s body fell forward and fell to the ground. It was unknown whether he was Dead or Alive.

A pill suddenly appeared in front of him. It fell onto the ground and was covered in dust.

“Swallow it. It can save your life, if you still have the strength to pick it up.”

The Misty Rock Master appeared in front of him and said indifferently with an expressionless face. His gaze only swept across Qiu Ming slightly, as if he was looking at an ant.

That pill also looked like it was given to a beggar.

However, Qiu Ming was so excited that his body trembled. He raised his trembling hand to pick up the spirit pill and kept saying, "Thank you, Wanwan. Thank you, Lord Wanwan."

The Misty Rock Lord turned a deaf ear to his words. He looked at the crowd one by one, and finally, his eyes fell on Yunxiao.

Everyone's heart was heavy, and they were on high alert.

Apart from Yunxiao, the strength of the Misty Rock Lord was something no one else had ever seen in their lives.

Zhu Jun and Meng Zhuo's hearts sank. When the mist Rock Lord's gaze swept past them, it seemed as if they weren't even in his eyes. It was as if he had completely ignored them, or as if he was looking at the dead.

Are you the temporary owner of the divine realm tablet, li Yunxiao? "

The Misty Rock Lord asked. Although he didn't have an imposing aura, that steady star-like aura of his was enough to make everyone feel fear and be on guard.

"Temporarily?"

Yunxiao chuckled and immediately understood what the Misty Rock Lord meant. "Can you still talk properly?"

The Misty Rock Master said, " hand over the divine realm tablet, Ye Fan, and Noah's ship. Also, leave this Heavenly Phoenix Nirvana body behind. Then, you can leave.

Qiu Ming had just picked up the elixir on the ground. After hearing this, his hand couldn't help but tremble, and the elixir fell to the ground again. His eyes were filled with horror.

He had followed the Misty Rock Master for a long time. Although he had been in the eternal world for so many years and was basically in a state of deep sleep, he understood the Misty Rock master's personality very well.

This person was cold and ruthless, treating human lives like grass. He was decisive in killing and would do anything to achieve his goal. He was an executioner who had taken the lives of hundreds of millions of people. He was also worthy of the name of a peerless Overlord. He definitely had no mercy in his heart.

This was the first time in Qiu Ming's life that he had heard someone take the initiative to let the other party off, and he almost thought that he had heard wrong.

"I'm sorry, I can't keep any of the four things you mentioned."

Yunxiao spread his hands and said helplessly, " why don't we exchange for four? I still have a lot of heavenly treasures, profound level weapons, medicinal pills, and so on.

li Yunxiao, stop dreaming! Hurry up and knock him down so you can save me!

Gu Qing Qing shouted in the sky, " Either do as he says, or beat him up. With your temper, it will definitely be a fierce battle. Then stop talking nonsense and make your move!"

"Oh, a fierce battle?"

The Misty Rock Master could not help but be surprised. He looked up at Gu Qingqing, then turned to Yunxiao and said, " The woman I have my eyes on seems to think highly of you."

"What, are you jealous?"

Yunxiao flicked his hair and combed it with his fingers as he said, " I can't help it. In this world where looks are everything, I'm just that dazzling."

“Yay, yay, my husband is so handsome!”

Feini clapped her hands and jumped around happily, praising him.

The Misty Rock Master said, ‘You won’t have the chance to leave here alive.’ It’s not that I suddenly have killing intent and want to kill you. I’m just very curious. The woman I’m interested in said that this will be a fierce battle, and I can’t help but look forward to it. ‘

Yunxiao smiled wryly. but I’m not looking forward to it at all. Why don’t we talk about the conditions? if you don’t like heavenly materials and earthly treasures, profound artifacts, and medicinal pills, do you have any other hobbies? ” For example, music, singing, painting, helping others, etc.. “

Chapter 1996: King of stones (4)

“Hehe, you’re very humorous.” The Misty Rock Lord said.

hehe, as long as everyone is happy. Why don’t we stop fighting and go home? ” Yunxiao said with an apologetic smile.

“But I don’t like humorous people.” The Misty Rock Master said indifferently, his eyes shooting out rays of light as he coldly looked at him.

Yunxiao immediately felt as if he was being stared at by a venomous snake, and he broke out in a cold sweat. I’ll live a day if I’m happy, and I’ll live a day if I’m not happy. What’s the point of living like a zombie with such a rigid face? ‘

The Misty Rock Master wanted to laugh, “you want to discuss the meaning of life with me?.’

“Sweat!”

what? ” Yunxiao felt a little dizzy as well. even if we have to discuss it, why not? ”

The Misty Rock Master said, " I don't have the time. Hurry up and let me see what kind of 'fierce battle' it will be. If you can see me again in your next life, we might be able to have a good discussion.

The Misty Rock Master stretched out two fingers, and a dazzling white light flickered on his fingertips. With a light swing, it shot out, turning into a blade light that slashed out.

The blade light turned into a crescent moon, so bright that it seemed to have substance. It was as if a full moon had really come for him.

Yunxiao clenched his red slaying sword and held it in front of him to block. At the same time, he performed an incantation gesture with his left hand and pointed at the sword, putting himself in a completely defensive posture.

"Bang!"

A sharp trembling sound came from the sword, and Yunxiao's body was pushed back by the full moon, sliding for a thousand feet before he managed to withstand the power of the slash.

His two arms actually felt numb.

Not only that, a trace of shock flashed through the depths of his pupils. A hair-thin crack had appeared on the red sword of the sword death.

Although the cracks were small, they were real!

Although sword death red slash was a Rainbow Magic stone, it was not known for its hardness. In the past thousands of years, he might be the only one who had refined a magic stone into a sword, so it was normal for the magic stone to be damaged in battle.

But, Yunxiao's heart trembled violently. His opponent had just casually struck him, but it was so difficult for him to withstand it, and he had even injured the demonic sword.

The crack was like a needle, piercing his eyes.

He poured the remaining demonic Qi in his body into the sword, and immediately, the ice fiend Heart Flame jumped on the sword. Gradually, under the tempering of the heart Flame, the cracks directly closed up, and the sword became as perfect as before.

This discovery stunned Yunxiao. He did not expect the rainbow Magic stone to have such a strong self-healing ability.

tsk tsk, not bad. But that's all you've got. You're still far from being able to fight me.

The Misty Rock Lord withdrew his fingers and walked straight toward Yunxiao. "Clang!

As soon as Qu Hongyan drew her sword, she teleported to Yunxiao's side and said in a deep voice, "Use the sword formation!"

"I'm afraid that even the sword formation can't trap this person."

Yunxiao was full of worry. In his previous life and this life, no one he had met in the thirty-three heavens could match his strength, except for the devil Lord and the array spirit. Even Bei Jinghong, the king of the Western Region, did not have such strength.

Qu Hongyan's heart trembled and she said, "don't tell me you want to take a walk?"

I haven't fully mastered the twelve divine beings killing formation yet," Yunxiao sighed. I don't know if I can fight this man.

Qu Hongyan said anxiously, "you can't do that. Last time, when he was dealing with the two brothers Zhan Yu and Zhan Yu, he almost lost his life. This person's strength is obviously above the two brothers." Why don't we open the sword formation first? with so many people, I don't believe he can turn the world upside down." alright, " Yunxiao gritted his teeth. let's try it.

The two of them each formed a sword spell, forming two sword formations. The heavenly stars responded, and the earth fiend condensed.

In an instant, only sword shadows were left between heaven and earth. The sky fell and the earth moved up, almost merging together.

The space between heaven and earth was as thin as a piece of paper as it flew and spun.

“World of swords!”

A strange expression appeared on the Misty Rock master’s face. Suddenly, the corners of his mouth curled up as he chuckled, “It’s more interesting this way,”

A formation light rose from his body, and his hundreds of apertures emitted a bright light. His entire person became as bright as day.

“Great completion of the physical body!”

Yunxiao’s heart jolted, and he almost cried out in shock.

The Misty Rock Master had actually opened all eight gates and gained a large success in his divine body. Furthermore, his divine body was extremely unique. All of his meridians and acupuncture points were glowing with light when he circulated his Yuan Qi.

Beifeng Nan’s pupils also contracted, his face revealing a shocked expression.

In today’s world, he, Yunxiao, ao changkong, and the lanyan Lord were the only known people who had sanctified their bodies and had an immortal and indestructible body.

Beifeng Nan fell into deep thought. In the past 100000 years in the heavenly martial realm, were there any other experts who had cultivated a fleshly body to the phenomenal success stage like the Misty Rock Lord? perhaps there really were some.

“Boom boom boom!”

Just as he was deep in thought, the punch broke the world of swords. Suddenly, the stars in the sky and the fiends in the earth evolved into swords and slashed from all directions, wanting to kill everything!

“Interesting, but if you want to stop me, you’re still one level short!”

The Misty Rock Master quietly stood there, then lifted his foot and walked forward, not afraid of the sword Qi in the slightest.

The sky full of sword shadows fell like rain, shooting within three feet of his body, unable to advance an inch further.

“How could it be like this? What kind of power is that? it’s so powerful!”

Both Yunxiao and qu Hongyan were stunned. A dense light emerged from the lanyan Lord’s body, as if it could block everything.

When Yunxiao blocked the silver beam of light earlier, he had also lost a lot of his energy. At this moment, the faint light was exactly that kind of energy, and it did not seem to be weaker than his energy!

The Misty Rock Master suddenly cupped his hands in a circle, and countless silver lights instantly appeared in his palms.

“The elephant is invisible!”

He raised his eyes, which were also filled with a dim light. His hands were constantly changing in the air, and he suddenly pushed out!

“BOOM!”

The silver light suddenly exploded and charged forward!

“Bang! Bang! Bang! Bang!”

Countless sword shadows were shattered, and the sword diagram in the sky was also cut apart by the silver blade. The countless heavenly stars and earthly fiends were instantly destroyed, and the entire world seemed to have been torn apart!

“Bang! Bang!”

Both Zhan Hong and the purple firmament sword trembled violently at the same time. Yunxiao and Qu Hongyan were also hit by the impact, and they were forced back while coughing up blood.

But in the end, they couldn't help but spit out a large mouthful of blood.

Everyone present was shocked, especially Fei Ni and the others, who knew the power of the myriad sword formation. Once one entered the formation, even a divine sovereign justice would not be able to survive. Even void extreme divine realm experts would be suppressed.

However, the Misty Rock Master had actually torn it apart with a single move!

Beiming Nan's body suddenly trembled, and he cried out, “Holy body phantom light! You've actually cultivated the Holy body phantom light!”

He, who had always been as calm as water, had never lost his composure like this.

His eyes were filled with shock and even dumbfounded.

“Oh, there’s actually someone who recognizes the Holy body,”

The Misty Rock master’s expression changed as he looked towards Beimang Nan, his eyes flashing with doubt.

Beiming Nan took another half step back, his face turning pale.

Yunxiao caught his breath, looked up, and said in a serious voice, “What’s the Holy body phantom light? The heavenly Dao is vast and endless. How many more mysterious existences are there?”

“Have you ever heard of the saying” one’s physical body is sanctified and immortal “?” Beimang Nan asked.

nonsense! Yunxiao frowned. aren’t you and I just sanctified bodies, immortal and indestructible? ” He was depressed, his face was ugly, and his temper was a little irritable.

“Haha, you’ve sanctified your body as well. You’re immortal? Hahaha!”

The Misty Rock Master suddenly laughed out loud, his eyes filled with mockery.

Beiming Nan’s face was pale as he shook his head, “We’ve only opened the power of the eight gates of the physical body and have a hundred acupores, but we’re not divine bodies, let alone immortal. If they can be undying, then wouldn’t they be invincible?”

“Then, your body is in a state of flux?” Yunxiao asked, stunned.

isn’t it still rotten? ” Beimang Nan said. if one can cultivate the Holy body’s virtual light, then one will truly be immortal and undying!

“Holy body illusory light?”

it turns out that opening all eight gates and sanctifying the body is not the end of the body-tempering technique,” Yunxiao muttered to himself.

“In the past 100000 years, I only know of one person who managed to cultivate the Holy physique, and that was the king of the southern mountain range, Lord

Xiao fengcan.”

The way he looked at the Misty Rock Lord was filled with envy, jealousy, sadness, and other complicated emotions.

“The finish line? Haha, your knowledge is only so-so.”

The Misty Rock Master sneered and mocked, “ there’s still a long way to go beyond the eight gates. Opening the eight gates is just opening the treasure vault of the physical body’s potential. It’s only the starting point of the saintly being. A true saintly being can fight against a hundred-tribulation realm World King! Even Xiaofeng can didn’t become a true Saint!” hundred tribulations realm King? ”

The people present all revealed puzzled expressions. They had never heard of this realm.

Only Gu Qingqing and beifeng Nan’s expressions changed, but they soon returned to normal.

The Misty Rock Master said, “ all of you are peak experts of the heavenly martial realm. However, I have seen too many peak experts in the past tens of thousands of years. Many of them have died by my hands. With your talent, you might be able to reach the world King realm in the future, but you won’t have the chance.”

As soon as he finished speaking, a silver light flashed, and he appeared in front of Yunxiao without any warning and reached out a hand.

Under the five fingers, the sky and earth shook. The palm pressed down, trying to crush everything.

The Holy body's virtual light was like a Whirlpool of the Milky Way. It spun in his palm and pressed down.

Yunxiao felt that his body was completely suppressed, and he could not move at all. He could only watch the palm Press down and crush him into a pulp!

"Let's attack together!"

Beifeng Nan suddenly shouted, and the man and sword became one, flying over.

He was the strongest enemy they had ever seen in their lives.

Several rays of light also flew up into the air and headed towards the mist cliff Lord.

Only Zhu Jun and Meng Zhuo were left. The two of them were also drenched in cold sweat, not knowing what to do. From what he could see, the chances of the Misty Rock Lord sparing their lives were extremely low, but no matter how low it was, there was still a chance. If he were to make a move, he would probably be killed on the spot.

However, if they didn't do anything, after the Misty Rock Lord killed these people, the two of them wouldn't be able to stop him.

"An ant trying to shake a tree, a Mantis trying to block a chariot."

The Misty Rock Master chuckled and stopped his pressing palm. His five fingers clenched into a fist, and the Silver River immediately began to spin. His entire body glowed with a holy light as he attacked the beams of light!

Chapter 1997: King of stones (5)

“Bang! Bang! Bang! Bang!”

Several beams of light exploded. Feini and Yunshang, who were weaker, were knocked away and spat out blood.

Although Beifeng Nan and Yan’s expressions did not change, their blood and Qi were also in turmoil, and they were forced back a few steps.

Under the attack of the virtual light, the bull was deformed and fell to the ground far away, crying out a few times.

Yunxiao took advantage of the momentum and retreated, his face filled with horror. Even if the Misty Rock Lord was stronger than them, he shouldn’t be this strong!

In the sky, Gu Qing Qing’s face was also full of horror.

“Do you feel lost and helpless?”

After pushing back the crowd with one move, the Misty Rock Master walked toward Yunxiao with a smile and said, “It’s already very good to be able to cultivate to the initial opening of eight gates. Besides, you’re frighteningly young, and your future achievements are simply immeasurable. It’s no wonder that the divine realm tablet chose you.”

Yunxiao had completely lost the mood to tease him. Since you understand that the divine realm tablet chose its own master, what’s the point of snatching it?”

The Misty Rock Master smiled and said, “The divine realm tablet’s choice may not be right. Over the countless years, it has made many mistakes, but the price for each mistake is the death of the person chosen by the divine realm tablet.”

The divine realm tablet is a heavenly Saint artifact,” Yunxiao said in surprise. It’s related to the fate of this world, and it’s destined. How can the person who chooses its master die so easily?”

“Hehe, it seems like you know quite a bit.”

The Misty Rock Master seemed to be a little excited, and he became more talkative, it's not easy to die, but it doesn't mean that it won't die. Even the Lord universe God from back then died, let alone the host who was first selected by the divine realm tablet.

you're the one who knows a lot,” Yunxiao said. I think you're the one. The Misty Rock Master chuckled. you can think whatever you want. I can understand how you're feeling right now. However, the law of the jungle has always been the law of the heavens. As the law of the jungle, you should be prepared to be eaten by the strong!

my Lord,” Yunxiao said coldly, “you've been worried about whether I have any awareness of my own. However, it's also a heavenly law that a rabbit will bite when it's anxious. Besides, this young master is not a rabbit. Be careful not to be bitten to death by me!”

He formed a hand seal in front of him, and 12 rays of light flew out from his body, shooting towards the misty rock master's surroundings.

The Misty Rock Master didn't move at all. His absolute strength gave him absolute confidence. Looking at the 12 rays of light landing around him and turning into 12 puppets, he couldn't help but laugh and say in disdain, “Using puppets to set up a formation?”

Yunxiao's face was cold as he calmed down and said, “There are 3000 great

DAOs, and the art of puppetry is one of them. However, there is no superior

Dao. Why do you look down on it?”

The Misty Rock Master was stunned for a moment, before lightly nodding his head, “You're right, I've neglected you.”

Yunxiao performed incantation gestures with both hands, and the twelve puppets assumed their respective positions. Although they were empty-handed, they all looked like they were holding weapons as they stared at the mist Rock Lord with killing intent, completely different from their previous calm and indifferent appearance.

A layer of killing intent condensed in the sky like rain clouds. It was as if dark clouds had gathered, forming a faint gray scene that shrouded the surroundings.

“This formation of mist”

The Misty Rock Master frowned for the first time, as if he was in deep thought. “Don’t you think he looks familiar?” Yunxiao asked jokingly.

yes, I do seem to have seen similar records, but I can’t remember them at the moment. The Misty Rock Lord said honestly.

“Then try to recall!”

Yunxiao performed an incantation gesture with one hand and suddenly pointed forward.

The 12 puppets immediately moved, their speed increasing from slow to fast. At the end, it was even more dazzling, and hundreds of afterimages appeared.

“You’re so agile. You must have refined twelve puppets in your heart. I don’t know what formation or divine ability you’ve integrated into them to make you so confident. It seems that I can’t be careless.”

The Misty Rock Master slowly walked around within the formation. With every step he took, illusory light would appear beneath his feet.

Yunxiao was shocked. Under his control, the mist Rock Lord was like a person walking on flat ground, completely free from the restraints of the array, as if they were two parallel spaces.

A sentence suddenly appeared in his mind-beyond the Three Realms, not within the five elements!

“You must be joking!”

The three great ancient killing formations could even kill void extreme divine realm experts. Although he still couldn't completely develop the formation with his comprehension and control, he could still fight against ordinary void extreme experts. However, in front of the Misty Rock Lord, it seemed like it wasn't even worth a mention.

Yunxiao was extremely shocked, but his unyielding character made him furious. how can the difference be so big?!

He formed a hand seal with both hands and struck out.

Countless golden runes flew into the air, instantly stirring up a storm. Over a hundred puppets began to move and attack the mist Rock Lord. The true force of the heavenly Phoenix that had been absorbed directly transformed into weapons in the hands of the puppets.

The Misty Rock Master raised his hand, clenched his fist, and punched out.

A vortex immediately appeared on the fist wind, rippling in front of him. All the attacks seemed to have stopped, unable to move forward under the suppression of that punch.

The might of the punch was like a barrier. Not only did it stop the attack, but even the twelve puppets were also frozen in space, as if time had stopped.

Yunxiao's face flickered, and he changed his incantation gesture again as he gave an angry roar.

The clouds in the sky surged, and countless true force of the celestial Phoenix was absorbed by the formation. In an instant, six giant spirits appeared, each holding a blade of light and slashing towards the Misty Rock Lord.

“Eh, these giant spiritual Suan ni?”

The Misty Rock Master muttered to himself for a moment, before his eyes suddenly shot out a bright light and he shouted, “I remember now, the twelve divine beings! This is one of the three ancient ominous formations!”

After recognizing this formation, the Misty Rock master’s expression was no longer as relaxed as before. He sent a fist forward, and it immediately exploded in front of him. With a boom, the 12 puppets were all forced back.

The twelve puppets rolled in the air, battered and exhausted by the fist force, but they did not fall into chaos. Instead, after rolling a few times, they returned to their respective positions, their hands forming hand seals and not moving.

The five blades of light slashed down, completely suppressing the space within the array. The Misty Rock Master couldn’t avoid it. He immediately shouted and punched out again.

A layer of dense illusory light at the tip of his fist almost materialized. It suddenly pressed down on the five light blades and exploded into circles of ripples that surged within the array.

Yunxiao could not help but take half a step back from the shock.

The six giant spirits contained almost half of the formation’s power, yet the Misty Rock Master was actually able to resist them. And from the looks of it, he was doing it with ease.

In the sky, Gu Qing Qing’s face also turned pale, and she muttered to herself, ‘

“How can he be so strong?” she suddenly shouted, “Everyone, attack together!

This formation can’t suppress him!”

At the same time, she was also struggling with all her might. The light of the wandering red dust technique surged from her body, shaking the silver chain so much that it made clattering sounds. Although it couldn't be shaken, her stubborn heart worked hard.

Qu Hongyan and the others also knew that the situation was critical, so they rushed into the array one after another.

All of a sudden, Beifeng Nan's body flickered and he appeared in front of them, blocking their way. He said, "Even if you go in, it's useless. The difference is too big, you'll only be a burden."

"How can there be such a huge difference? Back then, even though the two brothers Zhan Yu and Zhan Yu were void realm experts and possessed peerless weapons like the heaven-overturning seal, they still suffered a great loss in the formation and almost died. How is it that the Misty Rock Lord was able to resist it with his physical body?"

Qu Hongyan was very anxious and anxious.

"Could it be that the Misty Rock Master has already stepped into the void God Realm and reached the so-called 'realm King' realm?"

As soon as he said that, everyone was shocked. It seemed that no one knew what the realm of 'King' was.

Beiming Nan's face was heavy, he shook his head and said, "No. Even a hundred thousand years ago, when the divine Dao was at its peak, only four of you entered the hundred tribulations realm."

Zhu Jun and Meng Zhuo were shocked. They looked at each other and Zhu Jun said, "Who are you? how do you know what happened 100000 years ago?"

Beifeng Nan looked at the twelve divine beings killing formation with a serious expression and said, "The Misty Rock Lord truly is a rare genius. However, he was an expert who had risen after the demon-sealing war. Even with the help of the celestial Phoenix true force, it was impossible for him to enter the hundred tribulations realm. He must have tempered his body to reach the existence above the void extreme divine realm, the creation realm of seizing the creation of heaven and earth!"

“Creation realm Suan ni”

Everyone was stunned. They had originally thought that the void extreme God Realm was the Supreme realm of the divine Dao, but they didn't expect there to be a powerful existence above it.

the ten directions divine realm is above the Martial Emperor of the nine Heavens, ” beiming Nan said. the returning to truth realm, the sky wielding realm, the void realm, and the creation realm are all experts of the ten directions divine realm. After the void realm, it was the creation realm. Since ancient times, those who could step into the creation realm were all mighty people who left their names in the world. The hundred tribulations realm, which was above the ten directions divine realm, was even rarer and couldn't be born in every era. A hundred thousand years ago, four world Kings appeared at the same time. This was already an anomaly.”

When beiming Nan's words reached Yunxiao's ears, he was shocked.

These words conveyed a few messages. First, the Misty Rock master's strength had already exceeded the void extreme God Realm, which was extremely rare since ancient times. Only the world King realm with the edge of Phoenix Feathers could suppress him.

The second was that 100000 years ago, four world Kings appeared at the same time, which fulfilled the words of the hundred wheel knot. This was the ” way ' of the realm of heaven martial arts. It required a large number of peerless powerhouses to resist the demonic tribulation, which was why four top figures appeared in the same era.

But at this moment, he didn't have the mood to think too much about the second point. The Misty Rock Master was so powerful that even the twelve divine beings killing formation couldn't suppress him. Then, wasn't he dead for sure?

“Boom boom boom!”

Just as he was feeling depressed, the six giant Spirit's light blades were finally dispersed by the fist force.

The Misty Rock Master roared, and the veins on his temples bulged. The light on his body was as bright as the sun, spreading in all directions.

“BOOM!”

The six giant spirits vanished into thin air under the powerful blow. However, the power of the attack did not disappear. Instead, it was absorbed by the formation once again and returned to it.

Yunxiao grunted as he was injured by the backlash, and there was a bloody taste in his throat.

However, the only thing that made him happy was that the twelve divine beings killing formation was not damaged. Only one wave of attack had been dispersed..

Chapter 1998: King of stones (6)

Gu Qingqing exclaimed in the sky, “ even if there’s fate above the void realm, it’s difficult to maintain the void realm with the power of the eternal world. At most, it’s just a little stronger than the current heavenly martial arts realm. It’s impossible to break through to the creation realm.

After the Misty Rock Master destroyed the six giant spirits, his gaze swept across the six ding and six Jia. He then raised his head to look at the sky, before landing on Beiming Nan. He asked suspiciously, “I’m also very curious about your identity. Who are you?”

Beiming Nan said sternly, “ it doesn’t matter who I am. Besides, I’m just an insignificant person. I’m also very curious about how you reached Blessed Realm. Even 100,000 years ago, this realm was extremely rare and Noble. Many talented people couldn’t even enter it. ”

“Hehe, looks like the physical skills you’ve cultivated aren’t complete enough.”

The Misty Rock Master said indifferently, “there are too few people in this world who cultivate body techniques. However, in ancient times, there were a large number of body techniques. This was because this cultivation technique could make up for the physical gap between a human and a true spirit to the

greatest extent. That was when the body refining technique was at its most prosperous and powerful, and true sacred bodies also appeared from time to time.”

what kind of existence is a true sage body Suan ni?! Beimang Nan was shocked. He, who also cultivated body techniques, was at a loss about these secrets.

“Hehe.” a true saintly being, ” the Misty Rock Master said indifferently. one who can fight against world Kings.

“What? This is impossible!”

Beiming Nan lost his composure and said in a panic, ” the world King realm is the most powerful existence in this realm. It’s a supreme power that can resist the power of the realm!

“Haha, you know nothing!”

The Misty Rock Lord sneered, ” in ancient times, body-tempering experts could stand shoulder to shoulder with true spirits. But in the future, they’ve fallen to the level of demonic beasts. What a joke!

He continued, ” the human body has the power of eight gates. When The Seventh Gate is opened, the potential released from the body can compete with those in the true immortal realm. This was called ‘initial opening’ in ancient times. When all eight gates are manifested, the power of a divine sovereign justice realm expert would be known as ‘integration’ by body technique cultivators in ancient times.”

“The beginning of the world”

Both beiming Nan and Yunxiao murmured in their hearts. It was the first time they had heard of such a division. After all, body-refining techniques were extremely rare, and the division of realms had long been lost in history.

Bei Xiaonan swallowed his saliva and said, ” “Then what about Chukai and rongtong?”

The Misty Rock Master snorted and raised his hand. An illusory light appeared in his palm, illuminating his face and making it look somewhat malevolent. He said, "It's the virtual light you see in front of you. After breaking through the integration of the physical body, one can condense the physical body's virtual light. In ancient times, the powerful beings directly called it 'virtual light'.

"Void light Kasaya"

"What happens after the virtual light?"

A look of yearning appeared on Beiming Nan's face.

"After 'virtual light' is my current realm. In ancient times, the Almighty called it 'Dharmakaya'."

The Misty Rock master's eyes shone with a brilliant light, as well as an incomparably cold and arrogant look. "In today's heavenly martial arts realm, or even in the eternal world, it's impossible to break through to the creation divine realm! However, the only way was to develop the potential of the human body. It did not require the coordination of the laws of heaven and earth! You must know that each of us is a miniature version of the universe, containing the Supreme great Dao. As long as we keep refining and excavating it, we can directly step into the peak!"

He proudly said, "I finally broke through the virtual light realm 10000 years ago and cultivated this avatar, which is equivalent to the creation immortal realm." If you go further up, you'll have a true sacred body, comparable to the realm

King's divine realm!"

"Saintly being realm King God Realm Tao Wu"

Everyone was silent. as if they had seen a brand new oath to supremacy appear

before their eyes.

“His physical body is comparable to a Jie King realm Kasaya.”

Beiming Nan was stunned. Although he had been cultivating body techniques and had achieved great success, he had never thought that his body techniques could also be cultivated to the extreme of this world, overlooking all living beings.

since you're so awesome, why are you still snatching my divine realm tablet? ” Yunxiao said gloomily. just stay on mysterious separation Island and try to break through to the divine body realm. Wouldn't that be better? ”

since the divine realm tablet has chosen you as its master, ” the Misty Rock Master said, ” you must have heard of the divine realm gods, right? ”

“A world deity? What's wrong with being a universe God?”

Yunxiao was taken aback. He had heard bits and pieces about the universe God, but he basically knew nothing about it, and lingmu di had never mentioned it before.

The Misty Rock Master said, ” when the world was filled with the ten rules of nature, there would be one or two creation realm experts in almost every era.

However, World King deity realm experts would not appear in every era. However, there would also be exceptions. For example, 100000 years ago, four of them appeared. However, among the four World King deity experts, who is the world deity? ‘

Yunxiao suddenly had an idea. He said, ” universe God is a form of address. It should be a Supreme title within a realm, just like the Emperor. And those who own the universe God tablet can be called universe gods.

“Not bad, you're very smart. A universe God is like the master of the devil World, and Devil Master is just a Supreme title.”

Misty Rock Master praised. only those who have refined the divine realm tablet can truly use the power of the universe as they wish. Even if they are all in the realm of a universe King, the power of a universe God is still superior.

Yunxiao rolled his eyes at him and said, " you're only in the Dharmakaya realm now. It's only equivalent to the creation realm. You're still far from the realm of World King. Why don't you come and snatch my divine realm tablet when you've made a breakthrough?"

The Misty Rock Master said,"I've said it before, I don't like humorous people." Hearing the Dao in the morning, you can die in the evening. I've imparted the Dao to you all, so you can all die a worthy death. I've done you all a favor." His body flashed and he disappeared.

Yunxiao was taken aback. He immediately put his body on guard and sent several incantation seals into the array.

Runes danced in the air above the formation, turning into a spinning firmament.

Each of the puppets also changed their hand seals. Suddenly, twelve giant spirits appeared behind them and looked down at the array with angry eyes.

"Yi, you're actually able to form twelve du Tian God evil spirits."

The Misty Rock master's figure appeared from the void. His body, which had originally disappeared, reappeared. His gaze swept over the 12 giant spirits, revealing a strange expression.

He stood in the middle of the array without moving. His face lit up and he said, I thought it would be boring, but it seems like it's worth looking forward to. How much power can you unleash from this array?" His face was filled with the desire to challenge.

Yunxiao's heart sank. The more his opponent acted like this, the more it struck his confidence. Perhaps, just like that day, the twelve giant spirits might not be able to defeat the mist Rock Lord even if they combined into one and unleashed a shocking move. What's more, the attack that day was directly caused by the heaven-shaking seal. The divine beings killing formation attacked on its own and he didn't want to control it.

He could only control six giant spirits at the moment, and adding one more would be breaking through the limit, but it was useless. However, since things had come to this, he had no other choice. After all, the physical body of a creation realm expert was two levels higher than his. He could only bite the bullet and continue.

Another six giant spirits walked out of the formation. After the seventh spirit shook its body with great difficulty, it also walked out of the formation and slashed down with the light blade in its hand.

“What, the other five can only be seen but not used?”

The Misty Rock Master revealed a look of disappointment as he sighed, “I was overjoyed for nothing.”

With a punch, the space of the formation twisted, and the seven attacks were forcibly twisted, directly sucked into the vortex of fist force.

“Boom boom boom!”

The entire sky was filled with the sound of energy explosions, and it was almost impossible to distinguish the scene. To those outside the formation, it was like a huge spinning top that was devouring everything.

The twelve golems began to be unable to withstand the impact, and they were forced to retreat.

“What should we do?” qu Hongyan and the others were anxious.

Gu Qing Qing shouted in the sky, “a bunch of stupid pigs!” Of course, you have to save me first. I’m at the void God Realm, which is only one realm lower than him. Then, if we work together, we have a high chance of suppressing him!”

This immediately reminded everyone, and they all secretly scolded themselves for being stupid. It had been so long, but they didn’t think of saving her!

With a Swoosh, he charged up and thrust his battle spear at the silver chain. The spear glowed with a blood-red light that illuminated everyone.

Gu Qingqing also raised her strength to the limit and forcefully resisted the chain.

“Bang!”

Under the combined strength of the two void extreme God Realm experts, the silver chain was finally broken.

Gu Qing Qing’s expression was serious, and she said loudly, ” “Everyone, attack together! Whoever tries to hide their strength at this time will really be courting death! Including you two, the two little idiots from mysterious separation Island!”

Yi and Gu Qingqing turned into two rays of light and fell from the sky. They appeared on the twelve divine beings killing formation and began to operate their Yuan power.

Beiming Nan, qu Hongyan, and the others also looked solemn as they raised their cultivation techniques to the limit.

A terrifying force suddenly appeared outside the Emperor pill Palace, filling the sky with blurry figures. Under the intimidating force, everyone felt an extremely strong pressure, as if the space was being squeezed.

Zhu Jun and Meng Zhuo were also under the pressure of this overwhelming force. Their expressions were extremely ugly, but they were still hesitant.

Suddenly, the voice of the mist Rock Lord rang out from within the formation.”You two minions, attack together. Otherwise, I’ll definitely kill you later. ”

The two of them trembled and thought that they had misheard. Zhu Jun said in a daze, ” “W-what? You’re ordering us to attack?”

Qiu Ming, who was recuperating in the distance, was shocked. He sneered and said, " it's been a long time since the king of stones has encountered a powerful enemy. He wants to fight without restraint.

Only then did Zhu Jun and Meng Zhuo understand. Their faces were filled with bitterness. They had been dragged into this dispute, but they didn't expect it to be like this.

The two of them lowered their heads and glanced at each other, killing intent flashing in the depths of their eyes.

Under the combined attacks of so many experts, it was possible that they might be able to kill the Misty Rock Lord with a single strike. If they succeeded, that would be the most ideal outcome.

The two of them made up their minds and immediately turned into two rays of light and soared into the sky. Their faces were serious, and they stood not far from the referee and Gu Qingqing..

Chapter 1999: King of stones (7)

Zhu Jun's left hand formed a seal and his right hand formed a circle in front of him. Immediately, a Dragon Shadow was formed.

Meng Zhuo formed a hand seal with one hand and placed the other in front of him. A ball of light appeared in his palm, and a formation floated inside.

For a time, everyone raised their strength to the extreme.

The sky-patrolling bull's entire body turned green, and the nine Heavens Daluo ring on its neck was incomparably red. It flew above its head and gathered energy.

Even the crocodile turned into a strong wind and roared. It opened its mouth wide, and there was a storm inside, which was getting stronger.

“Hehe, now this looks like a ‘fierce battle’.”

A rare smile appeared on the Misty Rock master’s face. His body seemed to have changed under the light. His meridians appeared, and even the hundred acupuncture points could be seen clearly.

The powerful force emerged and immediately expanded the top in the array. Yunxiao gave a muffled grunt, and the light on his body began to flicker.

“Motherf * cker, I’ll risk it!”

Yunxiao suddenly roared as he performed another incantation gesture with both hands.

The remaining five giant spirits also moved suddenly. They waved their weapons at the same time and slashed at the spinning top in the center.

Even though he had a physical body in the harmonization realm with all eight gates opened, he could not withstand the backlash from forcefully activating the array. Several meridians in his body exploded, causing blood to flow out.

However, at this moment, he couldn’t care much about it. No one else saw it. Everyone was desperately using their Yuan power. The terrifying power was like a fierce tiger or giant dragon, pouncing into the array and bombarding the top.

“BOOM!”

All of the power rushed in. The spinning top continued to expand under the Misty Rock master’s power. All kinds of power entered it and blasted three feet around him. However, they were blocked by the illusory light of the avatar, and his entire body seemed to become transparent.

Finally, that terrifying balance point was crushed, and all the power instantly exploded. With a boom, the world was turned upside down, and it spread in all directions.

run! Gu Qing Qing shouted, " run!

She was the first to turn into a ray of light and escape, and the ten or so people all scattered like birds and beasts.

Yunxiao wanted to run as well, but he was the only one holding up the entire divine fiend formation. The moment the force exploded, the formation suffered a strong impact, and the terrible backlash hit him, bursting several meridians and sending blood and flesh flying everywhere. He was too slow to escape, and was first swallowed by the impact!

The Emperor pill Palace couldn't escape either. They were swept into the impact, and the entire tower started to shatter. It turned into pieces and disappeared into the sky.

There were also a few people who had escaped a little later and were swept into the storm, but they were still able to defend themselves with their own strength. As for Qiu Ming, at the beginning, he looked like he was watching a good show, but when the balance was broken and the power exploded, he realized that something was wrong and desperately fled.

However, it was directly sucked in by a huge force. As it struggled with all its might, its heavily injured body could not resist. In the end, in despair, it could not even let out a cry and was torn to pieces.

The impact from the Emperor pill Palace continued to spread in all directions in the eternal world. The fluctuations covered thousands of miles, and even thousands of miles away, one could still feel the weak waves.

And at the point of impact, it directly turned into a black hole, so deep that the bottom couldn't be seen.

After the force gradually weakened, the sound of coughing could be heard from within. It seemed like someone was coughing blood. "Is Yingluo still not good enough, Yingluo?" cough cough cough cough ... Damn the 'rules of heaven and earth'!

The black hole gradually shrank, and the Misty Rock master's body appeared. There was a trace of blood at the corner of his mouth, and there were hundreds of wounds on his body, but they were constantly healing.

After the entire Emperor pill tower disappeared, there was nothing left.

Everyone was standing in the void of the eternal world, thousands of feet away. "He's actually not dead yet? is he really immortal?"

Gu Qing Qing's face turned pale, and her petite body trembled in the dark.

She had already reached her limit. Although she could maintain the void extreme God Realm in the eternal world longer than the outer world, it had already exceeded her physical strength.

"Flying!"

Qu Hongyan looked around in horror, but she did not see Yunxiao at first sight.

don't panic, master, " yunshang said hurriedly. he's over there.

He pointed to a dark metal ball floating ten thousand Zhang away, the closest to the Misty Rock Lord.

The metal ball was not regular. It had edges and corners. Suddenly, those edges and corners opened up, like a baby stretching its waist from its sleeping position. It was the gourd Little King Kong.

At that critical moment, he had immediately summoned it to block the attack for him.

At this moment, the gourd Little King Kong's body had been completely deformed by the impact, and it was even missing a few pieces, unable to recover.

Yunxiao looked at the gourd Little King Kong's body in horror. With his magical spirit eyes, he could still see the slow recovery speed, but it was shockingly slow, as if the illusory light of lanyan master's avatar had been severely injured.

Even he himself was not any better. He was covered in blood. Although the gourd Little King Kong had blocked the main impact, the breaking of the twelve divine beings killing formation still gave him a huge impact, and his internal organs were the first to bear the brunt.

His entire body flickered with a glazed light, mixed with the golden light of the inextinguishable golden body. However, his recovery speed was extremely slow, just like that of an ordinary person.

Yunxiao kept performing incantation gestures with both hands, and beams of light emerged from the surrounding void and flew over. They were the six ding and six Jia that had been shaken into the void, and they all fell back into his hands and were put away.

"Xiaofeng can't light glass body?"

The Misty Rock master's eyes revealed a look of surprise, and a faint light flickered in them. as expected of the person who chose the master of the divine realm tablet. As expected, the 'Dao' of this realm has gathered all kinds of opportunities.

since you have such an understanding, being my enemy is the same as being the enemy of this world, " Yunxiao said. be careful, or the purple Thunder will fall and kill you.

"Hahaha, people who are good at telling jokes are really annoying."

The Misty Rock Master scoffed, 'many people have died when the divine realm tablet is choosing its master! Even the 'Dao' of this world could not go against the heavenly Dao of the universe, which was a higher rule. It was survival of the fittest. Even the realm of heavenly martial arts is trying to eliminate its own weaknesses and strive to survive."

Yunxiao nodded and said seriously, " I understand. Let me ask you, do you have the confidence to step into the sacred body and become the world King? "

The Misty Rock master's expression changed slightly. He didn't understand why he asked this question, but he still replied, "It's impossible in the eternal world. I asked you to use your full strength just now because I wanted to break through your limits under the pressure of the outside world. Even if I get the heavenly fortune creation pill and divine realm tablet, it's still impossible. However, since the heavens change, the power of rules in the outside world must have changed. When the rules of ten directions re-establish in the world, I will step into the sacred body and become a World King."

Yunxiao was taken aback. "didn't you say that the human body is a treasure?" he asked. "if you keep digging inside, you can become a divine body and step into the realm of world kings without any external help?"

The Misty Rock Master said solemnly, "that's true. However, I've been in the Dharmakaya realm for more than 10000 years. I've never been able to make a breakthrough. Just now, I had an idea and asked you all to join forces to suppress me. However, there was still no improvement. Perhaps this opportunity is still related to the ten rules."

He looked at Yunxiao again, as if he had a deeper understanding. "Back then, Xiaofeng can cultivated his body technique to the extreme, but in the end, he was only in the Dharmakaya realm like me. However, he existed in an era where powerhouses were everywhere and the world was at its peak. When I was in this era, the world had already changed. Even so, I have achieved the same achievements as him. I believe that as long as the ten rules are activated, I will definitely be able to comprehend the method to enter the world King realm."

Yunxiao was silent. The Lanyan Lord was indeed powerful. Not only was he extremely strong, but his talent was also frightening, no less than his.

The Misty Rock Master smiled faintly and said, "at this point, you should be prepared to die, right?" Who asked there to be only one divine realm tablet and you to be in the same era as me? Whether you're happy or sad, only your heart will know."

He raised his foot and strolled toward Yunxiao.

What do you think of the power of the twelve divine beings killing formation?" Yunxiao suddenly asked.

"Yes, very strong."

The Misty Rock Master didn't understand why he would ask such a question. He stopped in his tracks and said, "But if you want to rely on this to save your life, it's still not enough. If you can release its full power, you might be able to fight me, but for now, Qianqian is far from enough."

Yunxiao nodded and said, "a very pertinent evaluation. However, if I were to sacrifice myself and set up the formation to blow up the twelve divine fiend puppets, then detonate my own corporeal body to attack you, how confident are you in blocking me?"

The Misty Rock master's expression changed slightly, but he still replied indifferently, "I'm 100% sure I can take it." "But I'll also be hurt," he added sincerely.

"What if we also self-destruct?"

Qu Hongyan and the others also flew over and stood in front of Yunxiao.

Feini, Luo Yunshang, Beiming Nan, the sky-patrolling bull, the crocodile, Yi and Gu Qingqing also flew over. Only Zhu Jun and Meng Zhuo remained unmoving with gloomy faces.

The Misty Rock Master frowned. What a childish way of thinking. Even if you want to self-destruct, how confident are you that you can hurt this King? even if that happens, this King is confident that he can take it and not die.

"Pa, pa, PA."

you're indeed extraordinary, " Yunxiao applauded and praised. you're very confident. However, my Lord, have you ever thought that even if we can't kill you, we can at least severely injure your Dharmakaya. How much confidence do you have in breaking through to the realm of regional King?"

The Misty Rock Master suddenly laughed, "Hahaha, to think that you're a cultivator of the physical body. How could you say such childish words? The path of Body Arts was a hundred times more difficult, but it had great benefits. As long as the body was not damaged, the realm would not fall, and no matter how serious the injury was, it could recover to its original state, and the recovery speed was thousands of times faster than ordinary people. Even if you use death to fight against me and injure me, I'll be as good

as new in less than three months. You're too naive to think that you can threaten me with that! Not only are you childish, but you're also laughable.. Should I show you any mercy?"

Chapter 2000: Ye Nantian

"Save your pity for yourself, Misty Rock Lord."

Suddenly, a slightly immature voice rang out. Under the surprised gazes of the crowd, a golden light flashed in front of Yunxiao, and then he turned into Noah's ship, spinning slowly.

Ye Fan was currently making hand seals with one hand, standing at the front of the boat. He coldly looked at the Misty Rock Lord, a cold smile on his face.

"Ye Nantian!"

The Misty Rock master's expression changed slightly. Looking at Ye Fan, he knew that the person in front of him wasn't the main body but had been summoned. He was no stranger to that aura.

In the distance, Zhu Jun and Meng Zhuo were shocked. They looked at each other and were overjoyed. They flew over and cupped their fists, " "This subordinate greets the Heavenly King."

'Ye Nantian' waved his hand, and the two men stood aside respectfully.

Yunxiao breathed a heavy sigh of relief and said, " you are finally willing to show yourself. Since the first time you appeared on Ye fan's body, you have been very mysterious. If you still don't show yourself, I will be the first one to hand Ye Fan over to save my life.

hahaha, you won't do that. Even if you hand over Ye Fan, you won't be able to keep your life.

'Ye Nantian' chuckled and turned his eyes to the Misty Rock Lord, his eyes cold and mocking.

The Misty Rock master's expression finally changed, "How did you find the time to come here?"

'Ye Nantian' sneered and said, "it is simple. Since you saw me here, you must have thought of it.

"Impossible!"

The Misty Rock Master shouted in shock, "Even if you come out of seclusion, you won't be able to escape so easily!"

"Hehe, you're thinking too much."

'Ye Nantian' coldly smiled and said, 'do you think the other two will do their best to help you? You guys are only together because of your interests. As long as there are some changes in your interests, you will naturally separate.'

The Misty Rock Master fell silent. If 'ye Nantian' had escaped, he wouldn't believe it. But if he was trying to tempt ye Nantian, it was possible.

even if what you said is true, you're only here as an avatar. Do you think you can stop me?!

The Misty Rock Master laughed coldly. Since they had turned hostile, then they would completely fall out.

indeed, " 'ye Nantian' said, " but if Yunxiao and the others fight to the death and injure you severely, do you think you can leave the realm of immortality alive? 'Ye Nantian's' eyes turned cold with killing intent.

Only then did the Misty Rock master's expression change. For the first time, his eyes shone with anger.

'Ye Nantian' waved his hand and said, " you'd better leave. Don't even think about the divine realm tablet. Although you have the first talent in the past one hundred thousand years, you don't have the

opportunity to be the first in the past one hundred thousand years. You won't be the candidate for the position of universe God.

"Hahaha, what a joke!"

The Misty Rock Master sneered disdainfully, "you think you can deny it just because you say so?" Do you think you're that old swindler, the hundred wheel knot? This King will tell you one thing, where there's a will, there's a way!"

After speaking, the Misty Rock Master turned around and flicked his sleeves, leaving without any hesitation.

He came and went as he pleased, free and uninhibited.

Very quickly, the Misty Rock master's figure disappeared from the void.

Everyone was in disbelief and only came back to their senses after a while.

They couldn't believe that they had just escaped a calamity.

Yunxiao breathed a sigh of relief as well, but his face was full of dejection.

Everyone was filled with a sense of defeat. Like a defeated rooster, they hung their heads in dejection.

Fei Ni took in a deep breath and said: " this person is too terrifying. Lord King of Heaven, he actually wants to capture Ye Fan. Xuan Li Island should go all out to capture him, right? "

From the gossip of the people on Xuan Li Island, he understood that the one inside Ye fan's body was one of the four kings of Xuan Li Island, the King of Heaven, ye Nantian, who was also Ye fan's ancestor.

Ye Nantian's name was well-known in the land of Han-Yang for hundreds of generations. She knew him, so she was full of respect for him.

"Encirclement? Hehe."

'Ye Nantian' bitterly smiled and shook his head, "The Misty Rock Master is the most talented expert in the past 100,000 years. He swept across the continent, ruled the world, and founded the Purple Mist Dynasty. Back then, even the four

Seas and the demon race had to bow and listen to him. He's even in the Dharmakaya realm and is more powerful than an ordinary creation realm expert. He's the leader of the four kings of Mysterious Separation Island. Who in this world can encircle and annihilate him?"

Everyone was stunned. After his strength reached the heavens, he could indeed do as he pleased, and no one dared to question him.

Feini said in a daze, "Is Zhenzhen going to let him continue to run wild like this?" Weren't there still peak regional kings in this world? Since Mysterious Separation Island rules the eternal world, then the power of the island master should be above that of the Misty Rock Master, right?"

'Ye Nantian' bitterly smiled and said, "Let's not talk about this anymore."

Yunxiao could tell that the situation was subtle, and it seemed to involve the secret of Mysterious Separation Island. Ye Nantian did not want to talk about it, so he immediately asked, "Just now, the Misty Rock Lord said that there were four World King realm lords during the demon sealing 100,000 years ago. What was the cultivation realm of the masters of the four regions back then?"

Ye Nantian "laughed. I don't know much about the four lords. As for the kings of the four regions, they should all be in the creation realm.

Feini said, "I understand. You are equivalent to the current four kings of Mysterious Separation Island. Lord King of Heaven, you should be in the creation realm, right? "

'Ye Nantian' bitterly smiled again and said, "Feini, are you purposely slapping my face? One had to know that under this sky, one could at most break through to void extreme God Realm. Even so, they couldn't maintain it for too long. However, the eternal world only lasted longer. If you want to break through to the creation realm, you must have the complete ten rules." what? " Yunxiao could not help but be shocked. if the other three Kings are all

at the void extreme divine realm, how are they going to keep the Misty Rock Lord in check? "

'Ye Nantian' said, " the Misty Rock Master was only at the ethereal light realm, which is equivalent to the void extreme divine realm. Although he is stronger than the three of us, he is not much stronger. In addition, the rules of mysterious separation Island were more particular than now, and they were not as unscrupulous as they were now. Furthermore, the island master was also in the creation realm, so he could still restrain him. However, the power of this restraint was gradually weakening, because the advantages of a body technique cultivator were fully reflected in the eternal world. First of all, physical technique cultivators 'physical bodies are hard to decay, and they don't have to rely on seals to preserve their physical bodies like we do. Secondly, in the case of losing the ten rules, the speed of physical cultivation is far faster than ours. In the past 100000 years, he's the only one who has entered the Dharmakaya creation realm."

These words made everyone look at each other. Even Zhu Jun and Meng Zhuo were shocked. They rarely interacted with each other on mysterious separation Island. Most of them were in closed-door cultivation, so they rarely knew any secrets.

if the rules of the ten directions reappear, " Yunxiao asked, " with your accumulation and talent, can you break into the fate realm in a short time? "

'Ye Nantian's' eyes lit up. He chuckled and licked his lips, " "No one has tried this before, who would dare say they are confident?"

"I understand." yes! Yunxiao nodded and said, " then, are there still experts in the world? "

'Ye Nantian' thought for a while and then shook his head, " they probably don't exist anymore. Even if those Four Lords were lucky enough to survive, their realms must have fallen. For example, Lao Ai.

He glanced at the North, as if he was pointing at something.

Just as the few of them were frowning, the referee suddenly trembled and cried out, "You mean Fan Yao?"

Everyone immediately realized that that direction was where Fan Yao, who Gu Qingqing had mentioned, was. He was also one of the people they couldn't afford to offend in the eternal world.

"Yes, yes."

'Ye Nantian' was full of respect. He said, " lady Lin was one of the leaders of the demon-sealing war, but her real body was destroyed. The body left in the eternal world is just an avatar. No one knows how strong she is, but I'm sure she's not in the world King realm. I guess she's in the creation immortal realm.

Only then did everyone know that the fan Yao's name was: Lin.

Even Gu Qingqing and Zhu Jun had never heard of it before.

Yunxiao, on the other hand, thought of the statue. The figure whose face could not be seen clearly was probably Lin's original appearance.

"If the realm of regional King is the peak of this realm, then what about the true spirits of ancient times, such as the true dragon and the heavenly Phoenix?" Fei Ni suddenly asked.

'Ye Nantian' said, " the real Dragon and the heavenly Phoenix are of course in the realm of World King. But they are just ... he fell silent, as if he had thought of something. He was lost in his thoughts.

"But what?" Fei Ni blinked her eyes and asked. She was extremely curious about the heavenly Phoenix.

'Ye Nantian' raised his head and said, "It's just that it's been a long time since a true dragon or Heavenly Phoenix has appeared in this part of the sky."

Suddenly, Yunxiao's heart stirred as if he had thought of something. A thought flashed through his mind, as if there was something important, but he could not grasp it. He frowned and began to think hard.

"Why?" Feini continued to ask.

Ye Nantian said, "the real Dragon and the heavenly Phoenix are born by gathering the essence of heaven and earth. They are the embodiment of the true 'Dao' of the heavenly martial realm, just like the Brahm Zifu apocalyptic godly Thunder. They are 'spiritual creatures' to carry out the Dao on behalf of heaven. When the heavenly martial realm is in chaos or crisis, the real Dragon and the heavenly Phoenix will be born. However, I didn't see the real Dragon and the heavenly Phoenix in the demon-sealing war.

"Then what's going on?"

Yunxiao suddenly asked as he fell into deep thought. It seemed that there was a key point that he could not grasp, which made him very distressed.

'Ye Nantian' said, "the inheritance of the true dragon is different from that of the heavenly Phoenix. The true dragon is born from the heaven and earth. After every generation of the true dragon dies, a new Dragon will appear. However, the celestial Phoenix relies on the power of the bloodline to pass on its inheritance. When the heavenly Dao needs it, someone with the bloodline of the celestial Phoenix will appear and grow into the new generation of the celestial Phoenix."

'Ye Nantian' looked at Fei Ni with heated eyes.

Feini's face turned red and she said in embarrassment, "then why didn't anyone with the heavenly Phoenix bloodline appear a hundred thousand years ago? "

'Ye Nantian' thought for a while and said, "It's appeared, and there's an extremely strong sign of it. The heavenly Phoenix bloodline was considered an invisible bloodline. It was extremely rare in the inheritance, and even if it appeared, it was difficult to stimulate its power. However, the inheritor of the bloodline back then was extremely talented, far above you, Feini. However, Qianqian died before she could step into the world King realm and grow into a true Heavenly Phoenix.."
