

The Eternal 2001

Chapter 2001-decline

Feini shrieked and covered her mouth with her right hand, "How did she die?"

'Ye Nantian' smiled and said, "How could I know such details? the island Lord told me all of this. Even the island Lord doesn't know everything about what happened in the past. After all, that era was too chaotic."

the king of the Eastern Region, ye Qingyu, also has the surname ye," Yunxiao suddenly asked. what's his relationship with you? '

"Hahaha. "

'Ye Nantian' laughed and said, "It's ancestor."

Other than Zhu Jun and Meng Zhuo, the rest of the people were stunned for a moment before returning to normal.

"Hmph," he snorted. Hmph! Yunxiao grunted and said, "it seems that the ye family is the master of mysterious separation Island now.

'Ye Nantian' smiled and didn't say anything.

why did the Misty Rock Lord want to capture Ye Fan? " Yunxiao asked. is it to hold back your ye family? "

ye Nantian " nodded and said, " that is one of the reasons. There is another reason I can't tell you.

well, I'm not interested in these things," Yunxiao said. but Ye Fan is my brother, and you are his ancestor, so you must protect him.

"That's only natural."

'Ye Nantian' raised his eyebrows, looking valiant and heroic.

"In that case, I have nothing more to say. I can't thank you enough for today's matter. I'll repay this favor when I have the chance in the future."

Yunxiao cupped his fists and thanked her, looking like he was about to leave.

'Ye Nantian' was surprised. " "You're leaving?"

what? " Yunxiao's eyes twitched. are you going to stay for dinner? "

"Haha, of course. Since young master Yunxiao has come to the eternal world, although mysterious separation Island can't claim to be the master of this world, it should still be the master and entertain you."

'Ye Nantian' laughed and made a gesture to stroke his beard.

Yunxiao knew that he wanted to invite them to the island, but he seemed to be a little reluctant. "Even mysterious separation Island can't deal with the Misty Rock Lord. What if we go and get killed by him?"

'Ye Nantian' said, 'young master Yunxiao, are you trying to find an excuse to decline? In fact, the island master did not have any other intention in inviting him. He just wanted to meet the successor of the divine realm tablet. After all, you're someone who has the potential to become a world deity of this generation. The previous world deity was the island master's close comrade-in-arms and his immediate superior.'

hehe, to become a universe God, you have to at least step into the realm of universe King. My cultivation is only at the realm of true God. My Lord, you have a lot of divine pills that can help me. Yunxiao chuckled.

Emperor pill tower was built by master Yifan, " 'ye Nantian' said. young master Yunxiao, you must have gained a lot this time, right? "

Suddenly, Yunxiao's expression changed. He raised the red sword and pointed it at Gu Qingqing. Ye Nantian's words reminded him that the heavenly fortune pill was still in Gu Qingqing's hands.

The rest of the People's faces also changed, and they immediately surrounded Gu Qing Qing, ready to fight.

"Aiya, you're so heartless!"

Gu Qingqing cursed, "if I hadn't been on your side just now, would we have been able to force the Misty Rock Lord to leave?" Now you're burning the bridge after crossing it, killing the donkey after it's done grinding."

Yunxiao chuckled and said, " you're right, my Lord. If we hadn't worked together, the mist Rock Lord wouldn't have been forced to leave. My Lord, you should be in bed now, enjoying the pleasure of the mist Rock Lord's crotch.

Gu Qingqing's cheeks were red, and her neck was burning. She said angrily, " li Yunxiao, you damn thing!

A flash of red light turned into a palm print as Gu Qingqing swooped down and slammed it on the sword killer, pushing Yunxiao back thousands of feet.

Just as everyone was covering their mouths and laughing, Gu Qingqing suddenly turned around and left.

"Not good, stop her!"

Qu Hongyan was shocked and realized that she had let her guard down. Gu Qingqing had increased her power to the void level and, while everyone was unprepared, broke through the encirclement in a flash and fled thousands of feet away.

By the time everyone came to their senses, he had already disappeared.

“That old witch!”

Yunxiao’s face darkened.

haha, Gu Qing Qing is too smart. I’m afraid it’ll be hard to catch her now.

‘Ye Nantian’ smiled and said, “ it’s just an elixir. Young master Yunxiao, why do you have to take it to heart? with your luck and destiny, you’ll definitely be more successful than Gu Qingqing in the future.

Yunxiao gave a muffled grunt and said nothing. The heavenly fortune pill was related to the recovery of the ocean Emperor couple’s injuries, so he had to get it back.

‘Ye Nantian’ saw that he was still upset, so he said, “ “If you’re really worried about that pill, you don’t have to worry too much. Gu Qing Qing stole this pill so that she can use it to break through to a higher realm in the future, so she won’t use it in the short term.”

Yunxiao thought for a moment and found it reasonable. Gu Qingqing would definitely go to the demon-sealing land near Yanwu in the future, so it should not be difficult to find her.

” young master yumaao, please rollow me to mysterious separation Island.”

‘Ye Nantian’ invited him again.

now that the eternal realm is open, it will gradually integrate into the heavenly martial realm, ” Yunxiao declined. there will be many opportunities to go to mysterious separation Island in the future. I’ve been

seriously injured in the battle with the Misty Rock Master just now, and I want to return to Yanwu to recuperate first. After I've fully recovered, I'll go to mysterious separation Island."

'Ye Nantian' was displeased. He said, " "Young master Yunxiao, do you have any opinions about Xuan Li Island? Even if there are bad rumors in the outside world, they're just rumors. Our ancestor was a general under the command of the Lord universe God back then, and he was only interested in the owner of the divine realm tablet. Young master Yunxiao, you're not giving him any face by rejecting him again and again!"

Yunxiao cupped his fists and said, " Lord ye Nantian, you are overthinking it. The king of the Eastern Region is the leader of the demon-sealing war. I also admire him very much. But I really don't have much time, so I plan to go to Fan Yao territory and then return to Yanwu."

'Ye Nantian' was shocked and said, " "You're going to lady Lin's place?"

that's right, " Yunxiao said. I heard that Fan Yao has a Heavenly Phoenix's true tail feather, and feini is a Heavenly Phoenix's Nirvana body. If I can get it, I will be like a tiger with wings.

'Ye Nantian' stayed silent for a while and then said, " "Alright, since you're going to lady Lin's place, I won't invite you anymore. If young master Yunxiao is free in the future, I hope that you can come to mysterious separation Island for a while. As for lady Lin's group, you should be careful. However, feini possesses the Nirvana body of the heavenly Phoenix, so I believe lady Lin will not make things too difficult for you."

"Be careful?" what do you mean? " Yunxiao's eyebrows twitched. what do you mean? "

'Ye Nantian' laughed and said, " "As the commander of the monster race, lady Lin doesn't like to see humans. There have been many human experts who have entered her territory by mistake and never returned."

Their expressions changed slightly, and the referee also looked worried and absent-minded.

I see, " Yunxiao said. thank you for your advice, my Lord. 'Ye Nantian' waved his hand and said, " "You guys can go."

“Then Ye Fan,” Yunxiao said.

‘Ye Nantian’ replied, “of course, you will follow me back to Xuan Li Island.”

that’s good,” Yunxiao said. with the inheritances of Your Excellency and the king of the Eastern Region, I believe Ye Fan will make great progress. When we meet again in the future, I’m sure he will have a whole new level of respect for me.

‘Ye Nantian’ smiled, as if he had an indescribable feeling, and then watched Yunxiao and the others leave.

A moment later, Yunxiao and the others disappeared at the end of the void. ‘Ye

Nantian’ pondered for a long time before he sighed and said, “Let’s go back,”

He waved his hand, and Noah’s ship suddenly began to spin, turning into a huge golden warship.

Zhu Jun and Meng Zhuo hurriedly jumped in as well. The battleship flickered and disappeared.

Yunxiao and the others flew North. After a while, feini finally could not help but ask, “ my husband, I saw that you kept rejecting master ye Nantian. Is there something you want to hide? ”

The rest of the people also listened carefully.

They knew Yunxiao well, and they did find him a little strange.

A strange look flashed across Yunxiao’s face as he shook his head slightly and said, “ I just remembered that I met the king of the Western regions, bei Jinghong, when I was in the seal of the thirty-three heavens.”

“You mean to say that the king of the Eastern Region might also be harboring evil intentions?” Beiming Nan frowned.

Yunxiao shook his head. I can't say for sure. After all, I don't know him well. However, even for those who understand him, who can guarantee that there are no changes after a hundred thousand years?”

Beiming Nan's heart moved, “could it be bi an?”

Yunxiao nodded and said, “it's Lord lingmu di who asked me not to go for the time being. I also have my own considerations. If I hadn't met the Misty Rock Master, I would've been able to go anywhere in the world. However, ever since he met the Misty Rock Master, he understood that there were still blessed Realm experts in this world, and they were simply too terrifying. If the king of the Eastern Region has any ill intentions, none of us will be able to leave this Island alive.”

Qu Hongyan said, “I also think Feiyang's decision is right. It's better to be careful. However, this Fan Yao Tao Wu ...”

Yunxiao smiled. back then, I obtained the Buddhist Demon Sacred art, so I have a chance with her. Besides, I heard Lord mu di say that I can try to ask for the Phoenix Feather. There might be a slim chance.

“Really?”

Feini was overjoyed and became excited. If she could obtain the heavenly Phoenix's true tail feather, she would definitely be able to break through to the divine sovereign realm and even cultivate to the higher void realm.

Yunxiao smiled wryly. Lord lingmu di only said that there's a slim chance. It's not certain yet. Let's go there first.

Everyone was filled with hope as they flew through the sky. Only Yi had an unsightly expression on his face, as if he had a lot on his mind.

At this moment, in the divine realm tablet, in the sky above the domain where lingmu di was.

A part of Yunxiao's soul materialized and slowly fell into the hole.

In the center of the territory, there were two huge stone peaks that were hundreds of meters tall.

Lingmu di and Bei Jinghong were each sitting on a Stone Peak, as if they were cultivating with their eyes closed.

Bei Jinghong's face was ruddy and full of blood. It seemed that he had recovered his cultivation. However, when he used his divine sense to probe, he was directly blocked by a force. Even his wondrous spiritual eyes could not see through his actual situation.

Yunxiao speculated that he must still be injured. After all, the injury he suffered in the thirty-three heavens was almost fatal, and it would not be so easy to recover.

Chapter 2002-conversation

"You're here."

Lingmu di opened his eyes and made a hand seal, teleporting to the foot of the mountain peak.

yes," Yunxiao said. my Lord has sent a message. How could I not come? "

Lingmu di suddenly smiled and said, " "Do you blame me? You're blaming me for not telling you about all the things I've done?"

you must have your own thoughts, my Lord," Yunxiao said indifferently. I dare not blame you.

“Hehe.”

Lingmu di wagged his finger and laughed. “You’re not sincere. I didn’t tell you many things before because the time wasn’t right.” now is the time? ” Yunxiao asked. now is the time? ”

“Hehe, you can say that you’ve arrived, or you can say that you haven’t. But since you’ve lost your patience, I’ll tell you.”

Lingmu Di’s expression gradually turned serious as he said, ” “I know something about the demon-sealing war. ”

Yunxiao glanced at bei Jinghong, who was on the opposite Stone Peak.

“It doesn’t matter. Bei Jinghong was also a person who experienced this battle,” lingmu di said with a smile.

alright, ” Yunxiao said. I’m all ears. I hope you can tell me more about the creation realm and the hundred tribulations realm.”

Lingmu di said, ” as the name implies, the creation realm is to seize the

Fortune of heaven and earth. When one reaches the completion of the ten Realms, he can be called a creation expert. It’s almost the limit of human strength. In the battle with the Misty Rock Master just now, you should have experienced how powerful that power was.”

I did, ” Yunxiao said with a dark face. and I almost died.

“Haha, I also never thought that there would be someone else in the world who can reach the manifestation stage other than us old fellows who haven’t died. Tsk tsk, this person was truly the most talented in 100000 years. If it was back then, there might be another world King!”

Lingmu di praised from the bottom of his heart.

then, what's the world King realm? " Yunxiao asked. how can one reach that level? "

Lingmu di rolled his eyes at him and said, "you're asking me. Who should I ask?" However, you can ask Lady Lin later. Perhaps she'll be in a good mood and explain it to you."

When he mentioned fan Yaolin, his expression became extremely respectful.

why is ye Qingyu more terrifying than Lin? " Yunxiao asked in confusion. why is he more terrifying than Lin? " Aren't the four kings of the four regions comrades on the same level?"

Lingmu di chuckled and subconsciously glanced at bei Jinghong. Coincidentally, bei Jinghong also seemed to be touched by this sentence and opened his eyes.

The two looked at each other. Bei Jinghong grunted and closed his eyes again.

No. lingmu di shook his head slightly and said, " the so-called Kings of the four regions are about the same as your current seven major sects. The myriad Stars Valley and the soul Devourer sect are still at odds with each other. It was just that brothers fought against each other from beyond the wall. Back then, the devil Master crossed the boundary and shook the world. This caused the experts in the world to join forces and resist the foreign enemy under the command of the world deity. For example, this King of the Western regions. He wasn't a good person in the past. If it wasn't for the invasion of the demon Lord, this old man might have killed him with a few other friends."

"Old man lingmu di, you make it sound like you're a good bird yourself!"

Bei Jinghong's eyes widened and shot out a sharp light. He shouted angrily, ' you want to kill me? you can try now!

"Hehe."

"It's been so many years," laughed lingmu di."No matter how much I dislike you, it's all in the past. Now that I'm trapped in this puppet, my cultivation can no longer be restored, and I'm no match for you."

“Hmph!”

Bei Jinghong’s anger subsided a little and he continued to close his eyes.

Lingmu di continued. I don’t have a deep friendship with ye Qingyu. He’s neither good nor evil. I can’t say whether he’s good or bad. He hasn’t done anything good, but he hasn’t done anything bad either. However, a hundred thousand years have passed, so I don’t know how it has changed. according to ye Nantian, he still has his cultivation, so he’s a master of the fate realm. That’s why I told you to be careful and not to see him so soon.

Yunxiao frowned. I used to be the all-powerful Martial Emperor Vanquisher, and now I’m a candidate for the position of universe God. It’s not good for me to be beaten up like this and run away at the drop of a hat, is it? ”

Lingmu di glared at him and said, “then you’ll have to work harder, suffer more, and cultivate.” It’s fine if you get beaten up, but don’t drag me into it and make me suffer with you.”

Yunxiao coughed awkwardly and said, “ let’s not talk about this. Let’s continue talking about the sealing of The Fiend. What about fan Yaolin? ”

Lingmudi said, “ lady Lin is naturally the demon Emperor from back then. She entered the hundred tribulations realm with her exceptional talent. She was really brave in that battle. Her contributions can not be denied. I’ve always thought that lady Lin had fallen long ago, but I didn’t expect that she would still have a clone left. It’s truly a blessing for the world.”

since this person is so righteous, ” Yunxiao said, “ why don’t we ask her to come out and recruit the current demon tribesmen? they will be another backbone force when the time comes.

Lingmu di was stunned for a moment, then muttered, “ “Kid, you’re quite intelligent. This plan is excellent, but it will depend on lady Lin’s decision. The power of the current demon race could not be underestimated. The demon sovereign Huang had used his true spirit of ‘nothingness’ as his host, and his strength had directly reached the peak of the void realm. Yi had also attained the peak of the void realm after thousands of years of good fortune from the five Cloud Mountain. There was also that demon called Shang, who had refined the Holy weapon, the armillary sphere. He was definitely not an

easy opponent. The demon race's current prosperity should also be related to the operation of the heavenly Dao."

in your opinion, my Lord, how is the strength of the heavenly martial realm compared to a hundred thousand years ago? " Yunxiao asked. if the demonic monarch comes again, do you have any chance of winning? "

Lingmu di shook his head. of course not. Back then, there were four world

Kings. I'm afraid there's not a single one in the world today. Aside from the Kings of the four regions, there are more than ten people in the Blessed Realm, and you can probably count them with one hand."

yes! Yunxiao nodded. I'm afraid there's no one else besides ye Qingyu, the lanyan Lord, and Lin. He glanced at bei Jinghong, intentionally or unintentionally.

Lingmu di knew that he was asking, so he said, " "I don't know how bei Jinghong was before, but he is now seriously injured. Unless he takes the heavenly fortune pill, it will be difficult for him to recover to his peak." "Hmph! Of course, I'm at the creation realm!"

Bei Jinghong rebuked angrily. Then, his face turned gloomy and said, "It's best if we have the heavenly fortune pill, but if we don't, it's fine if we can find the Supreme mystical Qi, "

Yunxiao was taken aback, but he immediately understood. Bei Jinghong must have discovered something. The Kunwu Divine Tree transformed into a fairy named Kunwu was in the lingmu flute's domain. He must have noticed something.

He thought to himself then, the Kunwu Divine Tree said that it only had a trace of it and gave it all to me. I don't know if it's true or not. Since bei

Jinghong said so, could he have discovered the existence of the Taiyi celestial

Yunxiao looked around and seemed to see the figure of Xiao Wu in a corner, but he disappeared in a flash.

The great one celestial Chi was born from the birth of heaven and earth and the chaos of the universe. It was the power of the origin of Dao and was one.

After that, it split into two, and the two were yin and yang, and the cycle repeated endlessly.

And then two gave birth to three, giving birth to three kinds of extremely powerful Qi, and demonic Qi was one of them.

That was why the great one celestial Chi was the origin of the world. It could heal all living things and could also be refined by all living things. However, it was extremely difficult.

The Kunwu Divine Tree had existed since the creation of the world, but it had only refined two wisps of it. One wisp had been used by it, and the other had been given to Yunxiao.

But now, Yunxiao suspected that the Fat Boy, Xiaowu, was lying. Perhaps there was a third, or even a fourth, trace of the mist.

If they could have this, the ocean Emperor couple's injuries could also be healed.

"It seems that the little fatty is not honest. When Lord mu lingdi is not here, I'll have to interrogate him." Yunxiao thought to himself.

"King of the Western regions, you must be dreaming!"

if I had the great one celestial Chi, my soul power would also be nourished, ' lingmu di said with dissatisfaction. not only would I be able to recover, but I would even be able to advance to the next level. If there really was such a thing, would it even be your turn? "

Bei Jinghong's face turned red. He snorted and didn't speak anymore.

Yunxiao also understood that bei Jinghong had most likely fallen to the void tier at this moment. If he could not find heaven-defying things like the heavenly fortune pill and the Supreme mystical Qi, he would have to stop at the void tier for the rest of his life. He would be very lucky if he could keep his cultivation base from falling.

it seems that you're right, " Yunxiao said. there should only be three creation realm experts left. But, judging from ye Nantian's attitude, as long as he has enough rules of ten directions, he should have a very good chance of breaking through to the creation realm.

Lingmu di said, " that's not good. I hope that the ten rules will return to the world and bring about earth-shaking changes. A large number of strong cultivators will be created. Otherwise, if we can't survive this demonic tribulation ... Hehehehe ...

His smile was a little cold, and the meaning of his words was very clear. If they couldn't pass the demonic tribulation, the entire realm of heavenly martial arts would be finished.

"Haha, what a joke!" Bei Jinghong laughed. It's not like you don't know how brutal the demon-sealing war was back then. With these small fries now, they want to experience the demonic tribulation with only three creation realm experts. Lingmudi, was your brain damaged back then?"

Lingmu di ignored his sarcasm and said seriously, " I don't think so. I'm still quite optimistic about the demonic tribulation this time. Now that the rules of ten directions have returned to the world, a large number of experts will certainly be born, and the number of creation realm experts will definitely increase to more than five. Besides, li Yunxiao has the divine realm tablet, so I'm also optimistic that he will break through to the hundred tribulations realm.

even if he can reach the realm King, what's the use? " there were four world Kings back then, " bei Jinghong said sarcastically. if the demon master hadn't suddenly split into two, the outcome of the battle would still be unknown!

don't forget, " Lingmudi said. the reason why a Devil Master is called a Devil Master is that a devil Lord who has reached the realm of a World King can refine a six paths devil weapon. Only then can he be a Devil Master. However, the six paths demonic armament had been trapped in the realm of heavenly martial arts for a hundred thousand years! In other words, in the current Devil World, even if a devil Lord in the world King realm appeared, he would not be able to become a devil Master. Yunxiao, on the other hand, has the divine realm tablet, a heavenly Saint artifact of this realm.. As long as he can break through to the realm of World King, he can suppress all fiends!"

Chapter 2003-doubts

When bei Jinghong heard this, he felt that something was wrong, but he couldn't refute it. He could only say, "that's just your wishful thinking. First of all, this kid has to really reach the realm of World King. Even if the divine realm tablet chooses him, the difficulty will not be lower than you and I."

"Where there's a will, there's no need to think about it now," said lingmu di. "If we can't pass this tribulation, we'll all be finished with the realm of heavenly martial arts."

Bei Jinghong was silent for a while. I don't know what ye Qingyu is thinking right now. With the power he has, he's probably the best in the world. If he can help Yunxiao, he might have a chance of winning, but if he has his own plans, things will be even more difficult."

yes, that's why I think it's better for Yunxiao not to see him for the time being until he has the ability to protect himself.

if you die," lingmu di looked at Yunxiao and said, "I don't know if there's enough time for the divine realm tablet to choose another master."

f * ck, I thought Your Excellency was concerned about my life. It turns out that Your Excellency is concerned about the master of the divine realm tablet! Yunxiao was extremely depressed and said indignantly.

hehe, you are the master of the divine realm tablet. Is there a difference between the two?" Lingmu di said indifferently.

Yunxiao shook his head with a wry smile and said, "I just want to improve my strength as soon as possible."

He had originally thought that the void realm was the limit of this realm, and that his physical body had already reached the integration realm, which was equivalent to the sky wielding immortal realm. He was only one step away from the peak.

Only now did he know that he had only reached the middle of the mountain, or even just at the foot of the mountain, which made him feel a sense of defeat and urgency.

don't worry," Ling mudi said. now that you've obtained the purple-gold Thunder tribulation pill left behind by master Yifan, you can temper your acquired Thunder body. With the northern wide Dharma heavenly pill, you'll definitely be able to step into the divine sovereign realm. That way, your cultivation will catch up to your physical body's strength, and you'll be basically invincible in the divine sovereign justice realm."

"I've never been worried about the divine sovereign justice realm. What about void realm and creation realm?"

Yunxiao asked with a frown. In fact, he only needed the purple-gold Thunder tribulation pill and he was confident that he could break through to the divine sovereign justice realm. He could keep the beiguang heavenly Dharma pill as a backup just in case.

if you want to break through to the void tier, you have to go back to Yanwu and comprehend it in the ten rules. Only then can you get twice the result with half the effort. Otherwise, it will take too long. You can wait, but I can't.

when we get out of the realm of eternal life, immediately return to Yanwu and cultivate in seclusion," Ling mudi said. it's best if you can cultivate to the void divine realm before coming out.

"Void extreme mo Ge Ge"

Yunxiao's eyes flickered. It was already a done deal for him to break through to the divine sovereign realm. Now that he had a few divine pills with him, and with the advantage of Yanwu, he was quite confident in breaking through to the void divine realm.

He also had a hint of hope in his heart for reaching the Blessed Realm. Back then, the Maha ancient God technique was shattered by the realm power, and there were four chapters that were closest to it: The great realm, Great Yan, the sun, and absolute beginning were all in his hands. However, he hadn't fully comprehended them yet.

As long as he was able to merge the four divine techniques together, not only would he have a chance to reach the creation realm, but he would also have a chance to reach the hundred tribulations realm.

Lingmu di continued, "the physical technique you're practicing now is Xiao fengcan's light glass body. This physical technique can lead you straight to the Dharmakaya realm. You just have to follow it and practice. By then, both my cultivation and physical body will be in the creation realm, and my chances of reaching the hundred tribulations realm King will be higher."

Yunxiao suddenly had an idea. "Did Lord Xiaofeng can really die back then?"

"What?"

Lingmu di and Bei Jinghong were stunned at the same time. Lingmu di said, "

"Why would you ask that? Naturally, he's dead."

Yunxiao still looked a little suspicious as he said, "Are you sure?"

haha! lingmu di chuckled. do you think that Xiao fengcan is still alive just because the Kings of the Eastern, Western and Northern territories are still here? "

that's one of the reasons, " Yunxiao said. but not entirely. Moreover, since Lord Xiaofeng can was a Dharmakaya of the creation realm, his chances of survival should be higher. Even if he's dead, his body is undying. Where did it go?"

Lingmu di was stunned for a moment, then muttered, "Xiao fengcan is indeed dead, this is definitely true. Back then, I saw with my own eyes that he was slapped to death by the devil Lord. Even the heavenly fortune pill and Supreme mystical Qi couldn't have saved him. One had to know that medicine

could not cure an illness. If one really died, there was nothing they could do unless they used a soul cultivation technique like the great expansion divine technique and had a certain chance of reincarnating. As for where you said his physical body went to, I really don't know about Lao Ai. Back then, it was so chaotic, who would pay attention to his physical body?"

Yunxiao's brows furrowed even more tightly, as if he had encountered some difficult problem.

"What exactly made you have such thoughts?" Lingmu di asked, puzzled.

then, do you know this man, my Lord?" Yunxiao asked.

He flicked his finger, and a fluorescent light shot out. It slowly spread out in front of the lingmu flute and turned into a water curtain, and a scene appeared inside.

The scene seemed to be from a person's point of view. They walked carefully in the cave, and the path ahead slowly opened up. There was a faint light, and the light was getting stronger and stronger.

Then, the scene inside the cave appeared. The four walls and the sky were inlaid with pearls that emitted a dim light. There were thousands of them, and they were all moon pearls from the East Sea.

In the middle of the cave, there seemed to be a black shadow sitting cross-legged. The owner of the view seemed to tremble and said in fear, "Who are you?"

The black shadow didn't respond. Only its messy appearance could be seen, and an extremely sloppy feeling came from it.

The owner of the camera focused for a moment, and the view in front of him slowly became clear. The appearance of the black shadow gradually became clearer. He had thick eyebrows and wide eyes, a dignified big face, and clear facial features. However, his face was covered with mud.

Xiaofeng can!"

Lingmu di and Bei Jinghong both cried out involuntarily. The two of them were stunned and somewhat lost in thought.

Bei Jinghong jumped down from the stone Peak and put his face close to the water curtain. His eyes were almost touching the water curtain. After carefully observing for a while, he said in a deep voice, It is indeed Xiao fengcan, it can't be fake!"

Lingmu di was also in a daze. Looking at the familiar face that had died long ago, he said, " 'What's going on

This scene is what the Prince of firecrow, Xin ruyu, saw. Back in Yanwu, I found Xin ruyu's strength a little strange, so I searched his soul, and these scenes are in his memory."

"Who am I, Yingluo?"

In the water screen, Xiaofeng opened his mouth and muttered in a hoarse voice,"Who am I, Yingluo?" that's right. Who are you? why are you here? "

Xin ruyu was a little nervous and afraid. The other party's strength seemed to be unfathomable, but he also looked like a madman. His courage gradually grew, and he said, do you know that this is the firecrow Empire's heavenly jewel sect, and I am the Prince of the firecrow Empire? "

"Heavenly jewel sect looks down on Prince Xuanji of firecrow Empire!"

Xiao fengcan muttered to himself for a while, as if he didn't understand, and lowered his head in silence.

In the water screen, the two of them seemed to be talking, but no sound came out. The scene after that began to become blurry.

It was because when Yunxiao searched Xin ruyu's memory, it was very difficult to read all of it, and a large number of memories had been fragmented. However, the scene of the two of them meeting seemed to have left a deep impression on Xin ruyu, which was why it was preserved in its entirety.

what's going on? it doesn't make any sense.

Lingmu di pondered for a while with his hand on his chin, then said, "Xiao fengcan is indeed dead, I saw it with my own eyes. Li Yunxiao, do you know where he is now?"

no! Yunxiao shook his head. I went to the heavenly jewel sect again, but I couldn't find him.

"Hmm, this is a little strange, but it might not be a bad thing. If Xiaofeng can really isn't dead, then our strength will increase by quite a bit." Lingmu di thought for a while, but he couldn't figure out the key.

"In my opinion, Xiao fengcan didn't die back then. He just lost his memory," bei Jinghong suddenly said.

the possibility is very low," said lingmu di. if so, why did it only appear now after a hundred thousand years?"

"This Suan ni might have appeared a long time ago, and we've only just discovered it." Bei Jinghong frowned.

no! Yunxiao shook his head and said, " absolutely not. Look at his disheveled appearance, it's as if he had just been dug out of the soil. And if it had existed since a long time ago, the appearance of such an expert in the southern region would not have been able to hide the news."

"Hmm, it's indeed interesting. I thought of another possibility, but I need more evidence, so I won't mention it for now. If this matter can develop in a good direction, it will be extremely beneficial to us, but the most important thing now is to work hard to improve our cultivation base. If you die, then this old man will be in a mess."

Lingmu di said earnestly, but his words made Yunxiao feel a little depressed.

After that, Yunxiao recalled his clones and returned to his main body, then headed north at full speed toward the fan demon forbidden land. Suddenly, a powerful aura came from the void ahead, as if it was breaking through the waves.

Ripples spread out in the darkness, forming five concentric circles. Gradually, five figures emerged from them and blocked the way of Yunxiao and the others.

“Stop! How dare you break into this forbidden area!”

One of the five men, a black-robed man shouted. He had a mustache on his lips and triangular rat-like eyes that were very sharp.

Yunxiao scanned the five with his divine sense. He found it strange that they were all human powerhouses with different cultivation bases. The two in the middle were in the realm of divine sovereign, while the three beside him were only in the realm of truth.

The three people at the back were all furious. The tall and thin man on the left angrily rebuked, “You dare to underestimate us! You only have the cultivation base of the true immortal realm, right?”

“En, that’s true, Yingluo.”

Oh? ” Yunxiao stroked his chin and asked, ” is that the cultivation place of demon Empress Lin from a hundred thousand years ago? ”

The black-robed man’s expression changed drastically and he shouted, ” since you know that this is lady Lin’s forbidden area, you still dare to barge in.. Do you really not want to live?!

Chapter 2004-requesting an audience

let’s not talk about whether I want to die or not, ” Yunxiao said with a smile. as humans, why are the five of you guarding the gate for the demons? ” The five of them were embarrassed and angry, but they didn’t know how to refute.

In fact, the five of them had all heard about the heavenly Phoenix's true tail feather and came from all directions to Rob them. Then, Lao Ai had become the guard of the courtyard.

"It's none of your business, you're looking for death!"

The black-robed man with the moustache shouted angrily. He grabbed a bronze-colored big knife and waved it to attack.

Yunxiao had touched their sore spot, and the other four men were also furious. They each took out their weapons and followed behind the black-robed man.

"Everyone, please calm down. I have misspoken. We have a matter to discuss with lady Lin, please inform her that we have an old friend here."

Yunxiao did not want to fight with them, so he took a few steps back and dodged the attack of the mustached man.

But, his opponent ignored him. He waved his saber so tightly that it formed a thin light shield that flickered a few feet around Yunxiao, but he could not get close to him.

The mustached man was also shocked and shouted, "If you have the guts, don't Dodge. Fight me fair and square!"

The other four also found their own opponents and began to fight. The divine sovereign justice realm expert fought against qu Hongyan, while the other three people fought against Luo yunshang, feini, and beimang Nan.

The judge was left standing with his arms crossed, looking on with an expressionless face.

Yunxiao was also a little angry. "Don't go too far, Sir."

“Hmph, too much? We’re doing this for your own good. If lady Lin had personally taken action, you would have been dead without a corpse.” The moustached man’s blade danced even faster, and he became even more anxious.

He believed that Yunxiao only had the cultivation base of the truth realm and was no match for him at all, so he had to rely on his movement technique to

Dodge.

“You’re unreasonable!”

Yunxiao snapped and sneered, “Even if lady Lin were to personally take action, she would only be able to turn the few of us into guards. How could we not even have a corpse?”

He stopped his movement technique to Dodge and directly kicked the blade.

“Dang!”

He touched the back of the saber with the tip of his foot and immediately changed the trajectory of the saber. The saber missed its target and turned into a beam of light that fell to Yunxiao’s side.

“Damn it!”

The mustached man was furious. Yunxiao poked his sore spot again, and his eyes burst with killing intent.

Originally, the five of them were experts of their respective generations. After entering the realm of eternal life, they heard about the true plume of the heavenly Phoenix and couldn’t wait to come.

The five of them had been suppressed for a long time, and their tempers had also become extremely violent.

However, Fan Yao's reputation was too great. For many years, no one had dared to enter the forbidden area, so they could not find an outlet to vent. Now, not only did someone come, but he also hit their sore spot. Moreover, he was only a young boy in the returning to reality realm.

The mustached man roared several times as he waved his saber, which transformed into seven saber shadows and slashed at Yunxiao from different directions. It was as if seven people were wielding their sabers at the same time.

The head, shoulders, chest, lower plate, and other places were all slashed by large blades.

With a cold look on his face, Yunxiao performed an incantation gesture with one hand. With a flash of golden light, he transformed into three heads and six arms, each of which formed a sword gesture and pointed at the golden light.

"What?" The mustached man was shocked by the transcendence golden body's divine power.

"Bang Bang Bang!"

Then, his arm sank, and the saber was hit by seven sword gleams. The saber trembled and wavered.

The mustached man was both shocked and angry. His opponent was only at the return to true realm, but he could resist his blade light.

With a furious roar, he held the blade in front of him with both hands. A large number of golden runes flew out from the blade and condensed into the shadow of a golden beast.

"Psychic ancient blade slash!"

The moustached man roared, and the Beast shadow was like the incarnation of a blade. It roared and attacked. The man's body also flashed, following behind the beast, almost sticking together, man and blade becoming one.

Yunxiao's six arms were performing incantation gestures, and his eyes were incomparably clear as he watched the blade Beast fly toward him without any ripples.

In his previous life, his cultivation had been stuck at the divine sovereign justice realm, and he had thought that he would reach the end after crossing this hurdle.

During the battle of five Cloud Mountain, he learned that the ultimate void realm existed in the world, which was the peak realm under the sky.

Only after meeting the Misty Rock Lord did he realize that there was fortune above the void realm and the hundred tribulations realm King above the ten directions realm.

At that moment, his vision was already set on the distant world King realm. His Dao heart was extremely firm, and the power below the divine sovereign justice realm could no longer shake his mind.

Yunxiao's 'extreme silence' attracted the judge's sidelong glance, and surprise and ripples appeared in his eyes.

A large amount of golden light and runes flew out of Yunxiao's six arms. When the blade Beast was hundreds of feet away, three giant palm imprints formed and merged into one in the air.

"What?"

The mustached man's heart trembled as he immediately sensed the power of this move.

However, he was confident that his cultivation level was higher than the other party's by a level, and he himself was also a peerless expert who rarely lost, so he didn't believe that he would lose.

With a furious roar, he poured all his strength into the blade. The blade Beast grew even larger, and its roar became even louder as it rushed over.

However, a Dragon's Roar shook the sky and drowned out the roar.

As the three seals combined, tens of millions of runes danced in the sky and actually condensed into the shape of a Dragon that roared through the nine Heavens!

The Dragon turned around and its body spiralled up. It was extremely intelligent as it charged towards the blade Beast!

“BOOM!”

The golden light exploded, and before the blinding light could cover the eyes of the people, the blade Beast let out a blood-curdling screech and was destroyed by the Dragon.

Then, the Dragon’s body hit the back of the blade, and the mustached man spat out a mouthful of blood. The golden light from the impact immediately spread out, illuminating hundreds of acres of the sky and swallowing all the sight.

On the other side, the four of them were also in a tough battle.

As the golden light exploded, the four of them were greatly shocked and immediately caught off guard. They quickly retreated several thousand feet before they managed to escape from the battle.

“What’s going on?”

“It’s the sentient ancient saber slash!”

“Isn’t that kid at the returning to reality realm? He actually forced elder Zhu to use his trump card.”

“Hehe, no matter what. Even an ordinary divine sovereign justice wouldn’t be able to withstand such a slash. Old Zhu killed one first, and the pressure on us will be reduced. They’re completely finished.”

“En, they actually dared to trespass the forbidden area and even dared to speak rudely. They deserve to die!”

The four of them stood thousands of feet away, sneering and ridiculing. They kept looking at Qu Hongyan and the others, implying that it would be their turn later.

The rumbling within the golden light continued for a moment before gradually dissipating. The dazzling golden light also slowly faded, revealing the scene within.

The moustached man still maintained his posture of holding the knife, but it seemed a little thin and slightly trembled in the wind.

“Pfft!”

The blood that had accumulated in his chest finally spurted out. The moustached man was like a kite with a broken string, like a piece of paper, floating behind him.

“Ah? Elder Zhu!”

The other four men were stunned for a moment before they turned pale with fright. One of them flew up and supported Elder Zhu, flying back.

The four of them looked at the injuries on his body in disbelief. There was almost no intact skin on his body, and blood was oozing out of his major acupuncture points and main meridians.

The large blade was still in his hand, but it had lost its spirituality and was now dull.

Yunxiao had also returned to his normal body. His arms were a little numb, and his veins were bulging on his skin, covered in sweat.

All of his spiritual energy had been poured into the incantation seal, and his entire body had been sucked dry by the Dragon shape, which strengthened his determination to speed up and move forward.

Qu Hongyan and the others immediately teleported to his side to protect him.

To avoid worrying the girls, Yunxiao said, "I'm fine," she said. Then, he looked at the four people in the distance and said, "We only wish to see lady Lin, and we also have an old acquaintance of lady Lin's. May I trouble the four of you to report this?" you've severely injured elder Zhu, and we're all injured as well! one of them rebuked. you're dreaming if you want us to report this to you!

you should be powerhouses who have shaken the entire heavenly martial realm," Yunxiao said coldly. how can you say such childish words? " If what I said just now was a fool's dream, then the four of you will be in danger."

The four of them were startled, and only then did they come to their senses. They suddenly realized that they had been locked on by the other party, and as long as they didn't agree, they were afraid that a storm of attacks would come.

"Cough, cough, let's talk this out."

The four of them were finally enlightened. Which one of them wasn't an old fox? it was just that they had been lonely for a long time, and they had lost their heads in anger, so they acted on impulse.

I've said all the good things," Yunxiao said. I only have the bad things left.

"Hehe, good advice is always unpleasant to the ear. We were foolish."

A divine sovereign justice realm expert immediately admitted defeat and cupped his fists in apology.

"Hehe, it's fine. Stop the horse at the edge of the cliff and turn back." Yunxiao also became polite. As the saying went, 'you should look at the master before you hit the dog'. If he taught these five a lesson, he would not be able to explain it to Lin later.

"Please rest here for a while, I'll go and inform lady Lin," the man said. The other three's faces turned strange. They all sneered, looking at them as if they were dead.

That person smiled and turned to leave. In his heart, he was scolding himself for being stupid. Why didn't he just let Lin, that pervert, take care of these people? why did he have to put them in such a sorry state? elder Zhu had even almost lost his life.

At the thought of Lin's terrifying power, the man shuddered and could not help but quicken his pace. In a few steps, he had disappeared into the void.

The remaining three were vigilantly guarding against Yunxiao and the others while healing elder Zhu. But, the injury was too severe, so they could only stop the bleeding bit by bit.

With compassion, Yunxiao threw some healing medicine over.

The three of them were initially against it, but after carefully observing the medicine, they finally relaxed and gave it to elder Zhu.

After staying here for tens of thousands of years, he had already eaten all the medicinal pills and heavenly treasures he had on him. He was so poor that he could hear the sound of clanking.

After the time it took to brew a cup of tea, a golden light suddenly appeared ten thousand feet in front of him. It spread out like water, vast and boundless, penetrating heaven and earth and covering a thousand li..

Chapter 2005: Meeting

Within the Golden Wave, dense clouds rose and dispersed, revealing a heavenly

abode.

Inside, a cool breeze blew gently, the moon was bright and clear, and the waves were sparkling. It was actually a realm of Immortals.

There was a Palace standing on the Golden Wave. It seemed to be very close, but also as far as the end of the world.

The three guards were so stunned that their mouths were wide open. They could not believe that Lin would open the forbidden area and reveal the palace.

Not only did he agree to let everyone in, but he also opened the palace gates to welcome them.

The person who had gone in to report the news appeared on the Golden Wave with a similar look of disbelief on his face. He cupped his fists and bowed. "Everyone, lady Lin has invited you."

As soon as he said that, the three men were dumbfounded as they watched Yunxiao and the others enter the hall while laughing.

"Thank you," Yunxiao cupped his fists and said. He entered happily.

Lin's Grand welcome didn't seem to be disgusting. Perhaps there was even hope for the heavenly Phoenix true plume.

They stepped into the Golden Wave joyfully and immediately felt that it was a different world. The entire climate was different from the eternal world.

It transformed into three beautiful colorful lights in the sky and condensed into the shape of Phoenix Feathers. It was like a Peacock spreading its tail, and the word "mountain" was floating in the sky.

Yunxiao was taken aback. the true plume of the heavenly Phoenix?! he asked.

"They are indeed three Heavenly Phoenix Feathers, but they are not the true tail feather on the tail," feini quickly replied.

Her face was a little flushed. Ever since she entered this realm, the flow of her blood had more than doubled, like a tired bird returning to its nest.

At this moment, he looked at the three Phoenix Feathers in the sky with an infatuated look in his eyes. He felt boundless warmth shining on his body. It was an indescribable comfort and he was so touched that he wanted to cry.

Subtle changes began to appear on her body. Faint Phoenix patterns began to appear on her skin, exactly the same as the pattern on the Phoenix Feather in the sky.

“Feini, you .

Yunxiao had also noticed something strange. The shadow of a Heavenly Phoenix began to appear behind feini, and a huge bird seemed to be dormant in the fiery light, ready to break out at any time.

A large number of Phoenix patterns appeared on feini’s body, covering her facial features. Divine fire burned from her body and rushed into the sky, forming a huge Phoenix shadow in the sky above the palace.

Fei Ni slowly closed her eyes and sat in the air. She placed one hand in front of her and the other hand formed a strange seal that looked like a phoenix’s head.

Qu Hongyan was about to step forward and greet him, but Yunxiao stopped her and said, “This place is very beneficial to her cultivation, so let’s not disturb her. Lady Lin must have sensed feini’s presence a long time ago, so she won’t blame her. ‘

“Let’s go into the palace,” qu Hongyan said.

Although Yunxiao said so, he was still a little worried about leaving feini here alone. “Hongyan, yunshang, you two stay here and watch over feini. I’m still afraid of the unexpected.”

“That’s good, I can be more at ease this way.” yes, ” qu Hongyan replied. She exchanged a glance with Luo Yunxi, and both of them smiled.

“Okay, then we’ll go first.”

Yunxiao immediately took Phoenix and Beimang Nan to the palace.

Bi and Lin were both from the monster race, and Beimang Nan was an old acquaintance from 100,000 years ago, so they were not allowed to stay.

The towering Palace was like a mist or an illusion, as if it had been condensed from water vapor. It floated above the waves of gold, seeming somewhat unreal.

The three of them walked to the front of the palace. The door was closed, and there were only two statues of bronze beasts standing on the left and right.

Senior! Yunxiao cupped his fists and said loudly, “I, Li Yunxiao, have come to pay my respects to you, senior!”

His voice was loud and clear, and it resounded through the hall.

However, there was no response. Everything was quiet as usual.

Yunxiao frowned, not knowing what Lin meant. He had no choice but to walk forward, trying to push the door open.

Stop right there! a stern voice shouted.

The two copper beasts in front of the door suddenly transformed into two majestic demon men. One of them was completely black with a green face and fangs, while the other had a gray body with a snake-like tail.

A powerful aura immediately came from the demon with black fangs on the left. It was like an iron wall that pushed Yunxiao back.

Mo's pupils shrank as he looked at the two demons in shock. He seemed to have recognized them.

Yunxiao's face flickered slightly, but he still cupped his fists and said calmly, 'I, Li Yunxiao, pay my respects to lady Lin. I've been informed before.'

The black-robed demon with long fangs sneered, "the one who announced it was lady Lin's old acquaintance. Who Do You Think You Are? how dare you call yourself lady Lin's old acquaintance?" If you can't give me an explanation, don't even think about going back today!"

Yunxiao was extremely depressed. It was only then that he realized that Lin had opened the palace door to welcome an 'old friend', not him. He had been overthinking it for a while, and he was embarrassed.

The eyes of the demon with the grey body and snake tail flickered with a strange light as he stared at feini who was not far away. He said in surprise, "Heavenly Phoenix Nirvana body!"

"It really is the heavenly Phoenix Nirvana body!"

The black-skinned demon with long fangs was also shocked. He said in horror,

A hundred thousand years have passed. Has the heavenly Phoenix Nirvana body reappeared?"

no matter what, this is definitely a huge matter. We must inform lady Lin! The monster with a gray body and a snake tail said.

"There's no need. With such a strong reaction, lady Lin must have already known." The black-skinned demon with long fangs shook his head and said.

Both of them were staring at feini, completely ignoring Yunxiao and the others.

Yunxiao and the other two only felt a little cold and completely lost their sense of existence. Helplessly, they had no choice but to take out the divine realm tablet and summon lingmu di.

“Eh? A Saint artifact!”

This attracted the attention of the two demon race Almightyies. After all, Saint artifacts were not ordinary items. There were only a few Saint artifacts inherited by the demon race for so many years, and now, the only one left was the armillary sphere.

“So it’s can and bi, the two venerable Lords,” lingmu di said with cupped fists.

“Who are you?”

The two demons were shocked. They looked at lingmu di from head to toe. The demon with black body and long fangs said, “ it’s a soul that’s attached to a puppet. Could it be that you’re the old man from 100000 years ago? ”

“Yes, I’m Ling mudu, seeking an audience with lady Lin.” I wonder if lady Lin and the two sovereigns still remember me?”

“The King of the North Region, lingmu di!”

The two of them trembled at the same time, and they immediately became solemn and respectful.

“I didn’t expect Lord mu di to end up in such a state,” can Yao said with a sigh.

His words were filled with Endless Melancholy.

“Lord mu di, please come in. Lord Lin has been waiting for you for a long time,” can hurriedly said.

Lingmu di and the two demons exchanged a few pleasantries and then went straight to the Great Hall.

The door of the palace opened on its own, and Yunxiao and the other two followed them in. With that, can and Phoenix no longer stopped them.

The hall was originally pitch-black, but as they walked in, it gradually brightened.

It wasn't big inside, but it was exquisite and elegant, with a warm feeling. "Lingmu di has come to pay a visit to lady Lin," lingmu di said loudly.

On the ground in front of the four of them, a formation suddenly appeared. The green formation light slowly rose and floated in the air without dispersing.

A ball of golden light suddenly emerged from it and flickered in the sky above the formation.

A faint voice came from the golden light. It was very calm and steady."Lord mu di, long time no see. How have you been?"

Hearing this, lingmu Di's body trembled. He was obviously very excited. "It's been 100000 years. I can't believe I can still hear lady Lin's voice. I have no more regrets."

Yunxiao looked at it with his wondrous spirit eyes. The golden light was flickering, but there was nothing inside, only a strange demon rune.

Lin must have been using a voice transmission technique to speak, but for some reason, she did not appear. This was rather impolite.

But back then, Lin was one of the four world Kings and also the Emperor of ten thousand demons. Her status and strength were both above that of lingmu di, so it was reasonable for them to meet like this.

"Hehe, I'm also very pleased to be able to meet an old friend."

Lin said with emotion.

After that, the hall fell silent, and only the golden light was left, illuminating the surroundings.

“Lord mu di, you didn’t come here just to catch up with me, did you?” Lin’s voice rang out again.

“Hehe, to me, meeting Milord is indeed my top priority. However, there are also some small things that came with it. ‘

Lingmu di said with a smile.

“Oh, what’s the matter? tell me about it.” Lin’s voice was calm.

The two of them were peerless powerhouses who had crossed 100000 years. Although they were excited to see each other again, they could calm down very quickly.

the devil Lord’s seal has been broken,” lingmu di said seriously. the ten rules have returned to heaven and earth. The day of the devil tribulation has come again.

The Golden Ball of light spun non-stop, and only after a long while did it speak, ” “My Lord, did you come to find me for this matter? In Lin’s current state, it was difficult for her to take on the great responsibility of sealing demons. Every era has its own powerhouses, and the powerhouses of each era shoulder the responsibility of each era. The world today no longer belongs to

Lin. ”

“I don’t want lady Lin to leave the mountain,” Ling mudi said. The woman outside the palace must have been sensed by His Excellency. She was the Nirvana body of the heavenly Phoenix. I hope that Milord can give her the heavenly Phoenix true tail feather.”

Yunxiao’s face grew solemn as he stared at the golden light, trying to find some clues, but he could not.

Lin did not speak for a while. After a long time, she said, ” “This true tail feather originally belonged to the ancient celestial Phoenix, and I was entrusted with the task of safekeeping it.”

“Entrusted by someone?”

However, Lingmu Di's expression did not change. He blurted out, “Who entrusted it?”

“Li Zhu,” Lin said after a moment of silence.

“It's her!”

Lingmu di was greatly shocked, and his face was full of confusion. “Since she has the heavenly Phoenix true tail feather, why didn't she refine it herself?”

“It's hard to explain the details, and there are some suspicious points that I don't understand,” Lin said. Li Zhu entrusted this Heavenly Phoenix true tail feather to me so that I could pass it on to someone who could truly evolve into the ancient Heavenly Phoenix.”

“Isn't that great!”

the lady outside the hall is the Nirvana body of the celestial Phoenix, ” said lingmu di with joy. she's already in the true immortal realm. In the future, she won't be any less than Li Zhu. She'll definitely evolve into a real ancient celestial Phoenix!

“Oh, really?”

Lin said indifferently, her voice clearly filled with disbelief..

Chapter 2006-test

“Of course it is!”

feini is young and intelligent,” Yunxiao said loudly. she is also one of the top talents among the heavenly Phoenix bloodlines of the past generations, and she has obtained the true Phoenix Fire. All of this means that she will become a real Heavenly Phoenix in the future!

“Hehe.”

A faint laugh came from the Golden Ball of light.”Back then, Li Zhu had the nine Nirvana phoenix body and obtained the heavenly Phoenix true fire, not the ordinary Phoenix true fire. Even so, in the end, she still didn’t become a true Heavenly Phoenix.”

Yunxiao’s mouth was wide open, but he could not say anything.

“If she manages to reach the fate realm in the future and complete it, I can give this true plume to her when she’s trying to break through to the world King realm,” Lin said.

Oh? ” Yunxiao’s heart skipped a beat. with this true plume, can I break through to the realm of divine kings? ”

“Hehe, it’s just a slight increase in the probability. How could the world King God Realm be so easy to break through? Otherwise, Li Zhu wouldn’t have stagnated in the past. Li Zhu is a Great Perfection creation realm expert.”

Yunxiao was even more speechless.

“Cough, cough, lady Lin, Na

it’s not the same now,” lingmu di said. the situation is different from 100000 years ago. There won’t be so many world Kings and creation realm experts anymore. If feini can obtain this true tail feather, he will definitely be able to step into the void realm, which will be of great help to the demonic tribulation.”

The Golden Ball of light seemed to have become even brighter. Lin's voice rang out, seemingly a little unhappy."Lord mu di, I don't understand what you're saying. You want me to use this Heavenly Phoenix's true tail feather to create a void realm minion, is this your idea?"

Lingmu di was also a little embarrassed. He put his right fist to his lips and

coughed a few times. lady Lin, the current realm of heavenly martial arts is not like the one we had in the past. There are not as many powerful warriors as we used to be. Void extreme God Realm is already an amazing existence."

"Hmph, lingmu di, don't talk nonsense. If that's the case, I'd rather refine this true tail feather myself. Even if I give it to can or Yuan, the effect will be greater than the return to reality realm Heavenly Phoenix bloodline outside the hall."

Lin seemed to be really angry, and she rebuked him without any restraint.

Lingmu di also had a headache. He thought for a while and said, "not only is this woman in a good condition, but she is also a couple with li Yunxiao, the current successor of the divine realm tablet. She should also be the chosen one by heaven.

"There are many people chosen by the heavens, but they have to go through great waves and finally survive," Lin said.

"So much nonsense, to put it bluntly, he's not willing to give it! This true tail feather originally belonged to the heavenly Phoenix, so it should naturally belong to the heavenly Phoenix bloodline. What kind of logic is it for you to forcefully take away someone else's item?"

Yunxiao grew impatient and began to reprimand him.

Lingmu Di's expression changed drastically, and he said hurriedly, "Don't talk nonsense!"

The Golden Ball of light seemed to have dimmed, and no sound came out.

Although lingmu di had a metal body, his facial features were all squeezed in, and he looked anxious.

I'm not talking nonsense," Yunxiao said. that's what I mean.

"Aiya, you still dare to say that!"

Lingmu di only felt a headache. If he offended Lin, not only would he not be able to get the true tail feather of the heavenly Phoenix, but he would also leave a bad impression.

In addition to the heavenly Phoenix true tail plume, the more important reason he had asked Yunxiao to come to Lin was to make Lin support Yunxiao's identity as the master of the divine realm tablet.

After all, there were only a handful of fate realm experts in the world. If he could get Lin's support, Yunxiao's future would be much smoother.

The voice came out from the Golden Ball again, " you're the person the divine realm tablet chose in this era? " Her voice was soft and she didn't seem angry.

"Yes," Yunxiao said frankly.

The Golden Ball of light spun a few rounds and said, " "A cultivation of the return to reality realm and an harmonization realm body would have been trash a hundred thousand years ago. However, after hearing mu Di's words, I think he should be able to survive in this era.'

Lingmu di was afraid that Yunxiao would talk nonsense again, so after giving him a glare, he hurriedly said, " "Hehe, it's alright, it's alright."

Lin said,"are the inheritances of this era really so weak? If someone with such qualifications can possess the divine realm tablet, then it makes sense that the woman outside the hall has the heavenly Phoenix's true tail feather."

Yunxiao,'hehe'.

“If that’s the case, then please grant us the feathers,” lingmu di said hurriedly.

“Did I say I was going to give you the real tail feather?” Lin snorted.

Lingmu di was overjoyed. It seemed that there was still hope. He hurriedly said, “ the people you see in front of you will be the main force to go through the demonic tribulation in the future. As their seniors, we have survived since 100000 years ago. We should help them a little.

Lin fell silent again. This time, Yunxiao could see that she seemed to be wavering, so he remained silent.

After a while, Lin said, “I can give them a chance to try their luck. It can also be considered a test of heaven’s will.” If heaven’s will is willing to let me take out my true tail feather, then I have nothing to say.” “What test?” lingmu di asked in delight

It’s rare for her to come here. I created this heavenly passage and maintained it for 100000 years, using 12 Heavenly Phoenix Feathers. Now, the three feathers I’m maintaining don’t have much power left. How much the heavenly Phoenix

Nirvana body can absorb will depend on her luck.”

Yunxiao’s wondrous spirit eyes could see the outside of the hall. Feini had completely entered a meditative state at the moment, and he would not be able to come out for a while.

However, he was not in a hurry at all. The longer he could stay in the meditative state, the more advantage he would have. Moreover, he would have a greater chance of passing Lin’s test.

“You’re the gray demon?” Lin’s voice rang out again.

Richard’s body trembled, and he immediately became alert. He knew that Lin had her eyes on him, and he said vigilantly, “ “Yes, I am.”

“I can see the elemental energy fluctuations on your body. Have you cultivated the sacred technique I left behind?” Lin asked.

The referee did not dare to deny it. He cupped his fists and said, “I did inherit it. Thank you, senior.

“Yes, he should have just received the inheritance. You’re someone with a certain destiny to be able to obtain my holy art. However, this holy art is tailor-made for my Fan Yao clan. If you cultivate it rashly, I’m afraid you’ll eventually go astray. In the end, you’ll either be possessed by the devil or die.”

Lin’s voice was calm.

“What?”

MO was shocked, anxious, and angry. He gave Yunxiao a look, then stared at the light and said, “Is what senior said true?”

“What a joke. Why Would I Lie to You?” Of course, there’s no need for you to believe me. Just take it as I’m talking nonsense.”

Mo’s expression turned ugly as he cupped his fists. “Then, does senior have a way to resolve it?”

The Golden Ball of light didn’t answer, and its brightness dimmed as if it had become silent.

The referee was anxious and angry. He cupped his fists again and said, ‘

“Senior, do you have a way to resolve this?”

The Golden Ball of light was still silent. The referee asked a few more times, and the veins on his forehead bulged, but he did not dare to flare up.

what are you quarreling about? of course I know. I just didn’t want to tell you.

The Golden Ball of light brightened, and Lin's voice was heard.

"I hope that senior can tell me the solution for the sake of the demon race." Yi said patiently. At this moment, he had no other choice but to be patient.

hehe, the Holy art is all-encompassing, " Lin said. although you'll encounter problems without the Buddhist demon body, as long as you're careful and deal with the problems with your talent and care, you'll be able to better comprehend the power of the Holy art.

The referee was extremely depressed. He raised his hands above his head and bowed deeply, " "Lady Lin, stop joking! I hope that for the sake of the demon clan, you can bestow me with a method to resolve this!"

"I see, it seems like you're too afraid of death. As expected, each generation was worse than the last. Then I'll give you a test. If you can pass it, I'll personally pass you the divine Art. " Lin's voice said.

MO was ecstatic. thank you, lady Lin, " he said hurriedly. may I know what the test is? "

"You'll find out later, but you have to be prepared. If you fail the test, you might die," Lin said.

"What? Hang up?"

The referee was shocked, and he said with a sinister expression, " "What kind of test is it that I have to bet my life on it?"

"Hehe, what is your life worth? If you didn't beg me, do you think you have the right to bet?" "If not for the fact that I'm a member of the demon race, who the hell would even bother with you?" Lin mocked.

then, " mo said, " please explain the test in detail, lady Lin. I'll consider whether to participate or not.

"No explanation, it's up to you to come or not," Lin said.

Yi: " Yi Yi. he had just started cultivating the Buddhist Demon Sacred art and had not found anything wrong with it. However, she believed Lin's words without a doubt. She was stunned on the spot, not knowing what to do.

Lingmu di didn't care about him, so he stood to the side in silence.

Yunxiao simply closed his eyes and entered a state of cultivation, waiting for feini to come out of seclusion.

Knowing that these people were taking revenge on him for stealing the pill, Yi could not help but feel bitter. Not only did he fail to get the heavenly fortune pill, but he had also offended a group of people, and he had to follow Yunxiao for ten years. God knew how he would live in the future.

Just as he was in a dilemma, elemental energy fluctuations suddenly came from outside the door. The frequency was extremely low, and it seemed to be coming from outside the grotto-heaven. However, everyone present was a top-notch expert, and they immediately sensed it.

Someone had broken into the forbidden area!

Yunxiao came back to his senses from his meditation and frowned.

He did not care who had broken into the forbidden area. What he cared about was whether feini would be affected, At this moment, she was wantonly devouring the true energy of the heavenly Phoenix. It would be a pity if she was interrupted by the fight.

he knows that this is lady Lin's forbidden area, but he still dares to come. Is he a little kid from the realm of heavenly martial arts? " Yunxiao guessed.

"It's hard to say. The eternal world has been sealed for a long time and everyone lived in peace. Now that the gate is open, everyone is waiting to get out. It's time to repay kindness and revenge."

Lin's voice floated out from the Golden Ball of light and said indifferently, "

“But I don’t seem to have offended anyone, because Wufu is dead.”

Yunxiao and Lingmu Di exchanged a look. They could not sit still any longer, so they came out of the hall in a flash.

Can and Phoenix were still standing in front of the palace. They didn’t have any expressions on their faces, as if they didn’t care about the fight outside. “Don’t you two plan to go out and teach the intruders a lesson?”

Yunxiao asked curiously. The two men did not look like charitable people..

Chapter 2007-protection

“Isn’t there a guard? If we have to take action for such a small matter, then what’s the use of them?”
The referee’s face flashed with ruthlessness.

It seemed that the five gatekeepers were indeed tragic. Their status was so low that even the demon race looked down on them.

“Let’s go take a look.”

In order not to disturb Feini’s meditation, Yunxiao and the others immediately went out of the grotto-heaven.

“You go and take a look,” Qu Hongyan said to Luo Yunshang. “I’ll be fine here alone.”

“Alright,” he said.

yes,” Yunshang replied and followed him.

When they came out, the four of them had just lost their combat power and were captured alive. They were all tied up like rice dumplings, each with a bloody nose and swollen face.

“It’s you guys!”

When the two sides saw each other, they both exclaimed in shock.

The intruders were Wei Qing and the others.

Not only were Wei Qing’s forces present, but Luanyu and Feng Yaoli were also present.

Originally, Feng Yaoli had left alone, and Luanyu had chased after him. But now, for some reason, they were all together, as if they had reached some kind of tacit understanding.

“Little brat! It’s you!”

Feng Yaoli also gave a stern cry as he stared at Yunxiao. Yunxiao still had a part of Huo Dou’s soul remnant that he needed.

“What a strange combination!”

Yunxiao had a strange look on his face as he glanced at Wei Qing, Wei Wuya,

Nanfeng Xuan, Yao Jinliang, Luo Qingyun, Luanyu, Feng Yaoli, and the others.

Li Yi’s face instantly darkened and twisted. Yunxiao had just glanced at so many people, but he did not know whether it was intentional or not that he had missed him.

li Yunxiao, " Wei Qing said in a deep voice. why are you here with Fan Yao?!

then why are you here?" Yunxiao asked.

Wei Qing grunted and said, "a straightforward person doesn't resort to insinuations. You must be here for the heavenly Phoenix's true tail feather, right?" Did you guys succeed?"

Yunxiao thought for a moment and said, 'I didn't succeed. Fan Yao treasures his own broom and is unwilling to let it go.'

Luanyu's expression was cold as he said, "you've met Lin?."

Yunxiao looked at him in surprise and said, "Wu Dacheng, I've always found it strange. Who are you? you even know lady Lin."

"Hmph, Lin is the Emperor of all demons. Is it strange to know her? It only shows that you're inexperienced." Luanyu stared at Yunxiao coldly.

"Oh, okay, I'm not very knowledgeable, so you can blame me." Yunxiao said lazily.

Luanyu was greatly angered by his appearance and angrily rebuked, "Where did that wild dragon Go?"

Yunxiao's eyes immediately turned cold as he said in a cold voice, I was just about to settle the score with you. Since I have nothing to do today, I'll skin you alive and see who you are!"

Luanyu's face twitched slightly before returning to normal. He snorted, "I'm the same as you, the one chosen by the heavens."

then, why did you pretend to be me again and again?" Yunxiao asked. you've been deceiving people everywhere and ruining my reputation!

“Hehe, it was just a spur of the moment. Who asked you to bring me out of the eastern sea?” Luanyu smiled.

“The East sea!”

Yunxiao’s heart trembled as he said in surprise, “You’re the first Dragon of the rain land?”

Everyone’s expression changed. Shi Long’s name was too well-known, and he was one of the nine sons of the true dragon. “Could it be that Shi long is still alive?” Everyone thought in shock.

“Hehe, it’s really hard to guess.”

Luanyu squinted her eyes and smiled, “it’s fine if you can’t guess it. You’ll find out sooner or later. Our purpose for coming here is very clear, it’s for that Heavenly Phoenix’s true tail feather. Did you really see Lin?”

of course I did,” Yunxiao said. do you think I would lie to you? ” You don’t even have this little bit of trust, how sad.”

Luanyu said, “I naturally trust you. I wonder how Lin is doing now?.” it’s alright,” Yunxiao said. it’s pretty good.

Luanyu was a little depressed. A few words were meaningless.

Wei Qing, who knew Yunxiao very well, snorted and said, “This person is the best at wrangling. There won’t be any result even if we continue to talk. We’d better go in and find the answer ourselves.” you guys go ahead,” Feng Yaoli said coldly. I’m not interested in the true tail feather of the heavenly Phoenix. I’m only interested in this kid. You don’t have any objections to me taking his life, do you?”

Wei Qing and the others were taken aback, not knowing what kind of grudge he had with Yunxiao, but they all looked happy. Wei Qing laughed and said, “If you can take his life, that would be the best.”

Only Luo Qingyun's face was gloomy. He snorted, "I should be the one taking this person's life, when did it become your turn?"

He swung the spear in his right hand and pointed it at Feng Yaoli.

"Hmm, this gun is not bad. But if you point your weapon at me, you will have to pay with your life!"

Feng Yaoli's eyes turned cold, as if they were covered in ice.

"Luo Qingyun!"

Wei Qing's expression changed. He immediately grabbed Luo Qingyun's hand and pressed it down, shouting, "Don't mess around!"

Feng Yaoli's lips curled up in a mocking smile as he said, "If you don't know your place, I'll kill you first!"

The cold air was like frost, and everyone around could feel it. They couldn't help but take half a step back, all of them extremely afraid of Feng Yaoli.

"Hmph!"

Luo Qingyun waved his hand and kept the Aragami bright moon spear. He said,

You can't kill him."

"Haha, do the weak only know how to tell lies to comfort themselves?"

Feng Yaoli laughed, then turned and walked toward Yunxiao, his eyes shining with excitement.

Wei Qing looked at the houses in the distance and said in a low voice, "Father, it's that demon!" this demon is quite strong," Wei Wuya nodded. leave it to me. You guys capture the rest.

"Alright," he said.

Wei Qing acknowledged and then said loudly, "Come with me and take these people down, Dead or Alive!"

The group of people followed him into the cave within the Golden Wave.

Elder Zhu, who had been seriously injured by Yunxiao, had long disappeared. He had probably been turned into ashes. The four people who were bound had all lost their combat strength and were being watched by a powerhouse, so they stood still.

be careful, everyone," Yunxiao said warily. these people are not simple. He dodged and moved a few thousand feet away, afraid that the battle would affect the palace and affect feini's cultivation.

After he stood still, the light of the divine realm tablet flashed and summoned bu Zi, the other two, and the heaven patrolling Bulldog. After all, the three of them were peak nine-star experts and could deal with the subordinates that Wei Qing had brought.

When the three of them saw the scene in front of them, their expressions changed greatly, but they had no choice but to bite the bullet.

The heaven-patrolling bull took a few steps forward and arrived at lingmu Di's side.

Lingmu di patted the pair of horns and said, "I'll guard the entrance."

"It's too difficult to guard the entrance!"

Wei Qing's expression was cold. He appeared above the heaven patrolling Bulldog in an instant. His hands danced, forming a huge green handprint that struck down.

The heaven-patrolling bull let out a " Moo and its eyes turned red. Its huge body trembled, and the two horns on its head pushed forward.

"BOOM!"

A pillar of light shot up and shattered Wei Qing's giant palm. The body of the bull appeared in the sky and roared as it pounced.

"Damned divine Phoenix!"

Wei Qing formed a hand seal and slapped it out. With a " bang ", it hit the heaven patrolling Bulldog's forehead, causing a green light to flash and blocking the impact of the heaven patrolling Bulldog's attack. Then, his left hand formed a seal in the air and pointed forward. White light flew out of his fingertips like a dancing ribbon and tied up the heaven patrolling Bulldog.

Lingmu Di's eyes flashed fiercely. He waved his hand and a shadow of a whip flashed in the air, hitting Wei Qing with a boom.

Wei Qing's figure immediately exploded into countless pieces, but it was only an afterimage.

His real body appeared in the sky and landed on the back of the heaven patrolling Bulldog. He looked at lingmu di with cold eyes.

The heaven patrolling Bulldog struggled with all its might, but it could not break free from the White halo.

hehe, if I remember correctly, you should be the King of the North Region,

Ling mudi. Why did you end up in such a sorry state? "

Luanyu also appeared on the Golden Wave and walked into the grotto-heaven.

Lingmu di held the reverse soul whip in his hand and blocked the way. He said sternly, "Who are you?"

"Hehe, Who am I? A small fry like you is not worthy of knowing me. "

Luanyu sneered and ignored him as if he was air. He continued to walk forward with large strides.

"Sir, leave this person to me."

Beimang Nan wielded his sword and stood in front of luanyu, his face expressionless.

"Leave it to you? Can you take it?"

Luanyu laughed contemptuously, raised his hand and slapped it over.

A Dragon Claw appeared in the sky and struck down.

"Eternal sword control!"

Beifeng Nan didn't dare to be careless. He activated his sword technique and a huge sword-shaped sword shot towards the sky.

"Boom boom boom!"

The sword-shaped sword was no match for the Dragon Claw. It was crushed layer by layer and was suppressed.

Seeing that the situation wasn't good, beimang Nan immediately retracted his sword and fled.

“BOOM!”

The place he was standing on was immediately hit by the Dragon Claw, and an energy vortex burst out, disrupting the Golden fluctuations.

“Hehe, you can’t even take one move. How embarrassing.”

Luanyu sneered, only to see the sword shadows around him falling like rain, unceasingly coming. At the same time, it was accompanied by a flash of green light.

“Seven Illusion Green damask? It’s actually the five major poisons of extinction.”

Luanyu frowned. Although he was not afraid of this poison, he was more or

less afraid of it. Once he was poisoned, it would be a troublesome matter. Thousands of feet away, Yunxiao was also in a tough battle, forced to retreat by Feng Yaoli’s cold sword.

The sword that he had been extremely familiar with had become extremely unfamiliar at this moment. Streams of cold air shot out, and the ice seeped into his bones.

In Feng Yaoli’s hands, the ice sword was even sharper than before, and it seemed to be able to destroy anything.

let’s see how you’re going to escape this time. Hand over Huo Dou’s remnant soul and I’ll spare your life!

Although Feng Yaoli was approaching Yunxiao step by step, he could not suppress him for a while. Neither of them used their full strength, and they were just warming up to each other.

Yunxiao’s heart wavered as well. When they first met in the snow country, Feng Yaoli had directly merged the entire snow country into the ice sword, helping it become a holy artifact, and his body could

turn into the true body of the calamity. In the last move, he had even used the primordial secret art to suppress his ice fiend Heart Flame.

This person's cultivation, profound level weapon, physical body, and magical powers were all extraordinary. Even an empty realm warrior would not be able to suppress him. Only an existence like the Misty Rock Lord would have a certain chance of victory.

However, if he handed over his remnant soul and allowed him to completely refine Huo Dou's true body, he would be even more difficult to defeat in the future..

Chapter 2008-battling Feng Yaoli

Therefore, Yunxiao had no intention of winning from the beginning. He just wanted to stall for time. He did not believe that Lin would allow outsiders to cause trouble in front of her own house. As long as Lin was willing to take action, with her creation realm cultivation, these people would not be able to return.

you've improved a lot since last time, but it's impossible for you to escape from me. You'd better wake up as soon as possible, and I'll spare your life.

Feng Yaoli said unhurriedly. He waved his sword in a grand manner, looking like a Grandmaster. It was obvious that he was calm and steady, and he was not in a hurry.

Huo Dou's remnant soul isn't yours. If you can take the body, can't I take some of his remnant soul? "

Yunxiao kept dodging, his vigilance increased, and the power of the sword aura increased as well.

"Haha, of course I did, but it also depends on my strength." Feng Yaoli laughed in anger.

"Since that's the case, let's see how strong they are."

Yunxiao said casually.

This immediately infuriated Feng Yaoli, and he shouted angrily, "You're looking for death, don't blame me!"

A plume of cold smoke rose from the frost Sword and instantly covered an area of thousands of feet. Yunxiao was unknowingly shrouded in the White smoke and felt a biting chill.

In the White smoke, all kinds of scenes appeared. There were houses and streets, and it was actually a city. It was the snow country!

His body swelled up and turned into a body of lightning. He became more than ten times larger, like a giant spirit.

He conjured a lightning spell with one hand, and two of his fingers turned purple as he continued to gather power.

His other arm was raised high, holding the heavenly hammer, and the Maha ancient character was rolling on it.

"The five elements lightning body is not bad, but you still have to kneel before me!"

Feng Yaoli's voice was heard. Then, in a flash, he stabbed down with his sword.

The entire country of snow trembled as if it had turned into the shadow of the sword and was coming for him.

Yunxiao was horrified. The ice sword was refined by Feng Yaoli, and he had almost complete control over the Saint weapon. The terrifying power of the sword was chilling. Even if his body turned into glass, it was difficult to block the cold air from entering his body.

"Lightning finger!"

With a loud cry, Yunxiao thrust out both of his fingers, cutting through the sword Qi and touching the tip of the cold sword with a loud bang.

Then, the purple Thunderbolt grew larger on his fingertip and intertwined with the sword radiance.

Yunxiao felt a sharp pain in his fingers, as if they were about to break. When he opened his eyes, he saw that the back of his hand was covered in a layer of white ice, which had frozen the lightning!

“Bang!”

His body of lightning finally could not withstand the nation-destroying sword. He suddenly turned into a bolt of lightning and spiraled up, trying to break through this world and escape.

“You want to escape? It’s too difficult!”

Feng Yaoli’s eyes turned cold, and his sword intent rose again, chasing after the lightning!

Frost danced in the air across the entire snow country, and the sky was filled with cold air. Yunxiao could not help but feel his speed freeze.

When the sword radiance was right in front of him, the void in front of him suddenly split open, revealing a huge black shadow. The black shadow raised a white axe and chopped down!

“BOOM!”

When the axe hit the sword radiance, a strong impact was produced. Snowflakes danced in the air and dyed the black shadow White.

“Lord Hu!”

Yunxiao was taken aback. It was Yao Ming who had attacked him. At the moment, her whole body was frozen, and it took her a few shakes to shake off the ice and snow, revealing her dark body.

Hmph, I knew you humans were unreliable. Can and I should be the ones to do it.

The judge mumbled. He swung his axe and stared at Feng Yaoli with a cold and sharp gaze. He was on high alert.

Yunxiao was speechless. They were supposed to guard the door for them, but now they were asking for trouble.

But, Yunxiao did not say anything. They were willing to stop Wei Qing because they wanted to show off in front of Lin and win her favor, so that they could get the true tail plume of the heavenly Phoenix. They did not really want to help.

“Demon race!”

Feng Yaoli’s pupils also shrank, and a cold light shot out of them. “Lin’s subordinates?”

“Impudent! Lady Lin’s name is not something you can call out as you please!” you! Yao Rao was furious. She held her axe with both hands and appeared in front of Feng Yaoli in a flash. Then, she swung her axe at him.

“Bang!”

Feng Yaoli stepped back, and at the same time, he raised his sword and slashed out. The sword light hit the axe, and a metallic light burst out. However, the blade of the sword did not come into contact with the axe.

Although the ice sword was incomparably sharp, it could easily break against such a heavy weapon. Feng Yaoli felt pity for it and was unwilling to part with it, so he only wanted to use his sword light to cut it, unwilling to meet force with force.

Yunxiao could clearly see that Feng Yaoli's every sword strike was only two inches away from the battleaxe, and his control was very exquisite.

Yao Ming had also discovered this point, and his attacks became even more ferocious. Every swing of his axe would slice through the sky, and after ten or so moves, the snow nation had been shattered into pieces, with huge cracks everywhere.

"Damn you, stupid pig!" die! Feng Yaoli shouted angrily, " be buried in my Frozen Kingdom!

The momentum of the sword suddenly changed, and thousands of scenes began to spin around the sword, forming a shocking sword Qi that slashed down!

Yao Rao didn't dare to be careless. She held the axe in front of her and pressed down with her left hand.

"Roar!"

With a loud shout, a shocking beast roar came from an unknown place and a Phantom image of a huge pig-shaped monster beast appeared behind Yi. Its eyes glowed with green light and its fangs flickered with a cold light.

Countless runes flew up from the broad axe, forming a huge triangular shape. It was like a flag that was fluttering in the air. Then, it suddenly hardened and flew out.

"Black evil furious slash!"

"Roar!"

In the sky, the huge body of the pig-shaped demon and the light of the flag-shaped broad axe crashed into the sword essence!

"Bang!"

Heaven and earth crumbled, and the world of snow disappeared, turning into a vortex that danced in the air.

Yunxiao watched in horror as the two men stood face to face in the center of the vortex through the shattered snow, and their weapons collided for the first time.

The cold sword and the frost were embedded several inches into the broad axe, and the aftermath hit the two men, cutting hundreds of wounds on their skin. However, the two of them ignored him and just looked at each other coldly.

“Evenly matched, hehe.”

Yunxiao muttered to himself, then sighed. If that move just now was Yao Ming’s most powerful attack, then he would have lost.

This was because Feng Yaoli was still in his normal human form. He had yet to unleash his true body of calamity and the true primordial tactics. He was able to fight against Yao Rao with just the power of the ice on his Saint weapon, the cold sword.

He thought to himself, “this Feng Yaoli is too powerful. When I was in the snow country, I didn’t seem to be used to it when I just woke up. Now, I seem to have completely adapted.

“Hmph, kid, what’s your name? you’re quite strong!”

Allure’s pig face was gloomy as she snorted.

“Kid? Haha, stupid pig, tell me your name after I cut off your head!”

Feng Yaoli sneered, and the light in his eyes began to change, turning into gold and silver.

not good! Yunxiao cried out in surprise. he’s going to transform into the true body of the calamity!

“What? What did you just say?”

Yao Rao was unable to react in time. She said in shock, “You mean Huo Dou?”

However, he immediately understood what was going on. Feng Yaoli’s body had grown twice in size, and his entire body was a faint blue. A pair of golden and silver horns grew out of his head, and there were two-colored lightning bolts crackling on them.

“O%! A fight of disaster!”

Yao Rao exclaimed in disbelief as her eyes widened!

Huo Dou was a famous monster race. As a member of the monster race, he naturally recognized him. He suddenly realized something and cursed in his heart!

Feng Yaoli’s horns shot out two-colored lightning bolts, which turned into a golden and silver lightning cloud and descended.

The two of them were too close to each other, and the broad axe was also restrained by the cold sword and frost, unable to break free.

Suddenly, a giant blue hand descended from the sky and grabbed the Golden and silver thundercloud. It was Yunxiao’s body of Thunder, which was thousands of feet tall.

Then, he opened his mouth and inhaled. The sky was filled with flashing green lightning. The Golden and silver lightning cloud couldn’t break free from his palm and was sucked into his stomach.

Feng Yaoli and allure were dumbfounded with their mouths wide open.

But, both of them reacted in an instant. Yunxiao had a body of five elements, which made it difficult for any Thunderbolt in the world to hurt him. Unless it was a Thunderbolt of a much higher level than him, the only one he could think of was purple Thunder.

Yunxiao immediately felt uncomfortable after swallowing the Golden and silver lightning. The level of the dual-colored lightning was no lower than his, and it carried an extremely strong demonic Qi, which was difficult to fuse with his own lightning body.

But at this moment, he had already eaten, so he couldn't care about that. With a loud roar, he raised the heavenly hammer and struck down.

“Five lightning strikes!”

A giant bolt of lightning fell from the sky, lighting up the sky. Its target was Feng Yaoli.

“Damn it!”

Feng Yaoli shouted in anger. The ice sword suddenly shook, and the power of the world opened. It actually forced Yao Ming back several hundred feet.

Then, he made a hand seal, and the gold and silver light on his horns rose and turned into a Tai Chi diagram, which expanded in the wind.

The Thunderbolt struck down and fell into the Tai Chi diagram. It directly integrated into the Yin Yang fish and disappeared without a trace.

“The Taiji heaven-Sealing Stamp! Not good!”

Yunxiao was the first to react. When he saw the Taiji diagram, he teleported to Yao Ming's side, grabbed him, and fled into the distance.

“This is the””

In the distance, mo wangran saw this scene and said in a daze, ” “How is this possible?!”

“Hmph, you want to be distracted when facing an opponent like me?” Wei Wuya laughed coldly, his eyes filled with a Vulture’s expression.

Back at five Cloud Mountain, Yi had only been at the divine sovereign justice realm. After not seeing him for so many days, he had actually rushed up to the void realm and had the power to fight him. He could not help but feel extremely depressed.

Although he was mocking Gu, Wei Wuya was also shocked by Feng Yaoli’s transformation.

During the battle of five Cloud Mountain, he had left a deep impression on everyone when he transformed into his calamity avatar.

MO shook his head, “you don’t understand.” The huodou clan was extremely powerful, and their innate divine abilities were even more impressive. The heavenly Dao has both surplus and deficiency, so the huodou clan has always only appeared one at a time. There can’t be two huodos in the world at the same time.”

“So that’s how it is.”

Wei Wuya was also stunned.”The current era is a bit chaotic. Many experts have been sealed up for 100000 years. Shang was like that, and this person might be the same, so it’s normal for a few of them to appear at once..”

Chapter 2008-difference

“Er, Yingluo, is it like this?”

After a moment of shock, mo felt that it made sense and that was the only explanation he could think of.

After the two of them spoke, they just stood there and stared at each other. They didn't fight again. With their cultivation bases, it would be difficult to determine a winner in a short time, and they didn't want to fight to the death.

"Is it a disaster?"

Can, who was standing in front of the Golden Wave Grotto-heaven and guarding the entrance, raised his head in shock. He looked at Feng Yaoli's huodou true body and the Taiji heaven-sealing seal with a complicated expression. No one knew what he was thinking.

There were more than a dozen people surrounding him, constantly launching long-range attacks. They seemed to be very afraid of him, not daring to get too close.

The moment can appeared, he had killed three to four people in a row. All of them were killed in one move. The rest of the people were scared away.

Luo Qingyun, Yao Jinliang, and the others were all shocked, and they didn't dare to get too close.

is this the power of the void divine realm, an existence that has surpassed the divine sovereign justice realm?"

Yao Jinliang's body trembled, and his fingers cracked. His desire for power surged, and his blood was boiling.

He had been stuck at the true immortal realm for too long and had been struggling to break through. As long as he could obtain the heavenly Phoenix Feather, even if it was an ordinary Heavenly Phoenix Feather, he was confident that he could enter the divine sovereign realm.

In the distance, Feng Yaoli had just cast the Taichi sky-sealing seal when he saw Yunxiao and Yao Ming run away. With a muffled grunt, he put the seal away.

He stared at Yunxiao coldly and said, "If you don't hand over your remnant soul today, I will hunt you down to the ends of the earth!"

there are many people who want to kill me," Yunxiao said casually. it doesn't matter if you join them.

Yi shouted, "Can, this person is extremely difficult to deal with. Come and help me! Let's kill him together!"

Can's expression darkened, and he said, "Is this person a human or a demon? If it's the Huodou clan, then it's our clan, so there's no need to make a move." This man killed Huo Dou and took his body," Yunxiao said. I'm sorry, but I can't.

"Even so, I can't let you live!"

Can's eyes were filled with rage and fury. He no longer cared about guarding the entrance to the grotto-heaven and rushed forward in a flash.

"Not good!"

Wei Qing watched Can fly up. With two void extreme God Realm demons attacking Feng Yaoli together, anyone who enjoyed such treatment would probably die.

As expected, as soon as Feng Yaoli saw the two of them attacking him, he immediately ran away without looking back.

However, Wei Qing's own strength was also limited and he could not help at all. It was already extremely difficult for him to deal with Ling mu di.

"Hurry up and charge into the heavenly passage!"

Wei Qing immediately gave an order to the dozens of people in the distance.

At this moment, there was no one at the entrance of the grotto-heaven. Beifeng Nan was also being suppressed by Luan Yu, and had almost no power to fight back. His physical body of an harmonization realm expert was pierced through in many places by the Dragon's might, and he was on the verge of death.

Yunxiao suddenly rushed down from the sky and thrust his sword at Yin Yu's back.

Hmph, sneak attacking me?!

Luanyu laughed in anger. He turned around and used his five-fingered Dragon Claw to grab at the sword death.

"Bang!"

As soon as his claws touched the sword, the ice fiend Heart Flame bounced up, burning his palm in pain. However, he still gritted his teeth and struck down, extinguishing the ice fiend Heart Flame.

Yunxiao changed the momentum of his sword and performed an incantation gesture with his left hand at the same time. Thirty-six Northern heaven cold star swords flew out of his body and slashed out together with the sword gesture.

Luanyu sneered, and his eyes were filled with boundless anger. On the blade

Ridge and sword peak, he had been forced into a desperate situation by Yunxiao and qu Hongyan, and only managed to escape by self-detonating his cosmic disc. It was a rare humiliation in his life.

A feeling of revenge welled up in his heart, and his hands kept waving in front of him. Suddenly, tens of thousands of Dragons rushed out and attacked the sword Qi.

"Bang! Bang! Bang! Bang!"

Both the sword Qi and the northern heaven cold star sword were pushed back. Yunxiao changed the seal in his hand, and the thirty-six swords immediately changed from attack to defense, forming a line in front of him.

“Are you alright?”

Yunxiao was on guard against Luanyu, and at the same time, he asked about Beiming Nan’s injury with concern.

Beifeng Nan couldn’t hold on any longer. He sat cross-legged behind her and said indifferently, “I won’t die.”

Yunxiao waved his hand, and a white light immediately emerged from the divine realm tablet, taking Beiming Nan into it. Only then did he focus on Luanyu, as well as Luo Qingyun and the others who were running behind him.

“That day at the blade sect, you guys besieged me. Haha, now that the heavens have returned with retribution, it’s my turn to bring a group of people to besiege you.”

Luanyu laughed hideously as he stared coldly at Yunxiao.

Although his face was filled with killing intent, he was mumbling in his heart and hesitating.

Because Yunxiao had the divine realm tablet, he was the one chosen by the heavenly Dao. Although he was not absolutely immortal, he was still one of those who were hard to die.

In terms of strength, he was confident that he could kill Yunxiao alone without the need to besiege him.

“Leave him to me, you guys go in first.”

Luo Qingyun suddenly said, his face turning cold as he stared at Yunxiao, as if there was no one else in his eyes except the young man.

“Oh, you?”

Luanyu glanced at him, wagged his finger, and laughed, “You’re not his match.’

“That’s so mean. I want to beat you up,” Luo Qingyun said.

“Haha, as long as you have the Dragon bloodline, you will never be able to beat me!” Luanyu ridiculed disdainfully, appearing to be full of confidence.

Luo Qingyun furrowed his brows. When he recalled the Dragon’s might that Luanyu carried, a fear was born from his soul. He couldn’t help but have an unsightly expression. He gritted his teeth and said, “I’ll find a way to suppress the Dragon’s might sooner or later.”

“Tsk, tsk, you have ambition.”

Luanyu suddenly changed her mind and praised, “Since you want to fight him, then I’ll leave him to you.” With that, he was about to lead everyone in. no one is leaving, ” Yunxiao said coldly. don’t even think about leaving.

With a flip of his hand, six Ding and six Jia instantly turned into the size of a real person. Each of them took on the appearance of holding a weapon and guarded the front of the grotto-heaven.

“A puppet! ”

Luanyu’s pupils contracted, as if he had sensed something. He said in shock, ‘

“A ‘heart-refined Golem’?”

“I didn’t expect there to be someone who knows what’s good.”

Yunxiao praised from the bottom of his heart. Luanyu was indeed knowledgeable and experienced.

“So what if it’s a ‘heart-refined’ Golem?”

Luanyu didn’t think much of it. In the long years, he had a slight understanding of all kinds of divine abilities and had even seen them before.

“Hehe, it’s indeed nothing much.”

Yunxiao gave a self-deprecating laugh as he teleported to the center of the six ding and six Jia, his hands constantly making incantations.

Immediately, twelve giant spirits appeared behind the puppet, each holding a light blade weapon, their posture exactly the same as the puppet.

Three of the giant spirits stepped forward with sabers, swords, and halberds in their hands, and they slashed at the crowd!

“BOOM!”

Three strong lights broke through the air and struck the crowd.

Everyone was already on guard and scattered in all directions, causing the three attacks to miss.

More than ten of them were scattered in the sky like stars in the sky, flashing forward.

The twelve puppets each formed an incantation gesture and slapped their hands forward at the same time.

A formation light appeared and quickly spread in front of them, trapping Yuri and the others. In an instant, the wind and clouds surged, and the sky changed colors. It was as if space had changed.

“So it’s an array?”

Luanyu said calmly, “the heart-refined puppets either condense divine abilities or condense formations. There are as many as 12 puppets in this group. They are indeed formations. A formation that requires so many puppets to set up is definitely not simple. Everyone, be careful.”

“Don’t you think it’s too late to be careful when you’re already in the formation?”

Yunxiao’s figure suddenly appeared above the array and looked down coldly at the crowd.

“Hmph, late? You really know how to fantasize, there’s no such thing as relying on external forces to defy the heavens in this world.”

Luanyu’s face was full of ridicule. Although the formation was rolling, his expression was still as calm as water as he said: it’s just like how although you have the divine realm tablet and are the one chosen by the heavenly Dao, you’re limited by your own talent and strength and can’t exert the power of the divine realm tablet at all. This is the same as relying on the puppetry technique, both are tragic.”

Yunxiao was silent. Luanyu was right. It was not the right way to fake external things, and only one’s own strength was the eternal way.

“There’s only a total of twelve puppets. We have seventeen people, so let’s split up and attack them,”

Yao Jinliang and the burying Cloud Beast were the first to rush to the edge of the formation, towards the puppet.

In his opinion, Yunxiao’s strength was only on par with his, and even with the help of the puppet array, it was impossible for him to withstand the attacks of seventeen people. He would definitely be defeated in one blow.

Yunxiao’s face turned cold as two giant spirits emerged. One of them slashed down with a halberd, while the other clenched his hand into a palm, which turned into a mountain and fell.

Two attacks streaked across the sky like meteors, locking onto Yao Jinliang and the buried Cloud Beast.

how can he be so strong?!

Yao Jinliang's heart trembled as he looked in disbelief at the two brilliant rays of light descending. The power of each ray was not inferior to his. The shock in his heart gradually turned into bitter water.

Originally, they were all martial sovereigns. However, after their strength broke through to the peak of the martial Dao, the difference in their talents and opportunities was clearly reflected. Their cultivation base began to show a sharp division.

Even more than 20 years ago, the two of them were not much different in strength. However, while he had been training hard, the other party had started all over again. The result left him dumbfounded. In just 20 years, not only had he recovered all his strength, but he was even stronger than before! Yao Jinliang felt dejected, and a strong sense of defeat grew in his heart. "No, I must get the heavenly Phoenix Feather and cross this barrier!"

A strong desire rose in his heart, and scenes of the past floated in his mind. Which of the strong people who could reach this point had not experienced thousands of difficulties and obstacles to obtain such an achievement and position? who would easily admit defeat in the face of difficulties?

With a quick thought, Yao Jinliang raised the ghost hunter twist and unfurled it with a 'clang'. It drew a white light and slashed at the light!

The burying Cloud Beast twisted its body, and all of its fur stood on end. It roared a few times and swung its head, causing its aura to take on a corporeal form.

"BOOM!"

The four forces collided and exploded like fireworks. Countless rays of light fell from the sky.

"Although it's strong, I can still withstand it!"

Yao Jinliang's eyes were filled with ferocity, and his ruthlessness appeared once more. He ran madly within the formation with the burying Cloud Beast.

Luanyu's expression also changed as he said in shock, "These 12 puppets all have the power of the return to reality realm? How could this be possible? You're only in the returning to reality realm!"

Chapter 2010-Dragon talisman

nothing is impossible in this world. You just don't believe it.

let's go," Yunxiao said lightly. The two giant spirits chased after Yao Jinliang and the cloud-burying beast, while the other four emerged in the sky again, looking at the crowd coldly.

With his current strength, he could only control six at most. Any more and it would greatly damage his body.

Li Yi and the others were shocked beyond words and began to panic.

Luanyu snorted. Hmph! No matter how powerful this heart-refined puppet is, it's still limited to your own cultivation base. So, you don't have to Bluff.

"Right! If he had the confidence to defeat us, he would have attacked long ago and wouldn't have been forced to this point." Li Yi echoed loudly, giving himself and his companions courage.

With a sneer, Yunxiao raised his hand and condensed a bolt of lightning, which he then threw at Li Yi.

"Pipa!"

Li Yi was shocked. He hurriedly brandished his sword in front of him and formed a sword aura that was as tight as a Sword Shield.

“Bang!”

The lightning struck the Sword and Shield, causing sparks to fly and numbing his body. He stepped on the void and retreated. All the hair on his body stood up from the electricity, and his hair was in the shape of an Afro, which was extremely funny.

A few people couldn't help but snicker, but they forced themselves to not make a sound.

It's been a few years, and you still haven't improved at all. 8527. Yunxiao looked at him coldly. His loose eyelids seemed to be listless, as if he was looking at mud.

Li Yi was furious. 8527 was his serial number when he was a servant in the Li family. Later, he was given the surname 'li' because he did a good job as a servant. Over the years, he had deliberately forgotten it, but Yunxiao had brought it up again and again, crushing his self-esteem. Li Yunxiao, I'm not done with you!

Yunxiao's eyes grew cold as he said, "But I want to end this with you."

Li Yi's heart twitched violently, and he took half a step back from the shock of that gaze. He knew that with Yunxiao's current strength, it would be too easy for him to kill him, so he immediately shut his mouth and tried his best to endure it. He would let the others take the limelight while he waited for the opportunity to strike.

Luanyu snorted, "don't be afraid, everyone. Just do as Yao Jinliang said. We'll attack them separately. In my opinion, he can't even display half of the formation's power. I'll deal with these four giant spirits. If they have any other tricks up their sleeves, you guys should be careful."

After he finished speaking, his body turned illusory and turned into a faint green smoke. A Green Dragon rose from within and flew into the sky.

“Dragon Transformation!”

Everyone was shocked.

Yunxiao’s face was also solemn. He had seen the Phoenix Feather Dragon on the blade Ridge and sword peak before, but it was golden in color. Now, it was the purest cyan.

It was said that the ancient true dragon was a Blue Dragon.

He quickly formed a seal with his hands, and the four giant spirits glared at him. They appeared around the Azure Dragon and attacked with their weapons.

Luanyu’s eyes turned cold. He maintained his dragon form, but his hands could also form seals.

“Dragon talisman!”

Luo Qingyun cried out involuntarily. His face was dazed, and his body trembled as large beads of cold sweat fell from his forehead.

The Dragon talisman was a legendary existence among the dragon clan. It was condensed from a unique Dragon’s power and was different from any power in the world. It was an existence that was mutated from the realm power of a true dragon.

It was said that only the ancient true dragon and his nine sons could control the Dragon talisman.

Luanyu’s face glowed with a holy light, and the ball of light in her hand grew in size, shining like the sun.

“Dragon sigil!”

These three words came out of Yuri’s mouth, and the entire ball of light instantly exploded. A vast and mighty force spread out, devouring the attacks of the four giant spirits.

It was as if 10000 Dragons were galloping and 10000 stars were falling. The terrifying power attacked the array in circles.

Yunxiao grunted. The backlash had directly injured his meridians, and the taste of blood rose in his throat, but he still forced it down.

The Dragon's might was mighty in the formation, attacking in all directions. The formation light kept floating in the sky, but it could not be broken.

In fact, if the first and most powerful attack could not break the formation, the subsequent attacks would be of no use.

The twelve divine beings killing formation could continuously extract the power of the outside world to make up for the deficit in the formation. Unless it was destroyed in one blow, the rest would be in vain.

Luanyu's pupils suddenly contracted, as if he had also discovered something was wrong. He said in shock, "This formation, this formation, twelve suanni"

His face darkened, as if he had thought of something. He shouted, "Everyone, attack the puppets separately!"

After saying that, the Dragon turned around and charged towards one of the puppets.

Luo Qingyun and the others also scattered like birds and beasts, rushing towards the puppets on their own. Some of the weaker ones were split into groups of two or three.

Immediately, every puppet was attacked, and the operation of the formation became slower.

Yunxiao's face flickered. He immediately sat cross-legged in the air and carefully controlled the puppet with his spiritual power to fight calmly, but he still found it extremely difficult to deal with.

Just Luanyu alone required four puppets to deal with. Otherwise, if he destroyed one of them alone, it would be a big problem.

Even so, under everyone's combined attacks, all kinds of backlash kept coming, which made him very distressed. The Qi in his body was in great disorder, and even the seals in his hands began to make mistakes.

"Feiyang, quickly withdraw the formation!"

Suddenly, Qu Hongyan's voice was heard, and she said hurriedly, "If you don't withdraw the formation now, you will be seriously injured once the formation collapses." Why did you come out? Yunxiao asked in surprise. Where's Feini?"

"Don't worry, sister Feini is still meditating. Lady Lin asked me to come," Qu Hongyan said.

"What?"

Yunxiao could not help but feel suspicious. 'Lin still hasn't made a move at this time? Is there something she's hiding?

He didn't have time to think and immediately formed a hand seal to put away the array.

The twelve puppets disappeared in front of Luanyu and the others in an instant, then tumbled in the sky and flew back into Yunxiao's hand.

"Hmph, you're at your wit's end. Go!"

Luanyu revealed a ferocious expression. With a flash of his dragon body, he soared into the sky.

Yunxiao! Qu Hongyan stopped Yunxiao and said, "Let me do it."

She could tell that Yunxiao had consumed a lot of energy in the array just now, and he needed time to recover. He took out the purple firmament sword and brandished it. Then, he stood in front of the Golden Wave Grotto-heaven and watched the Green Dragon Rush over.

Suddenly, an ice-cold voice rang out from the sky. It was completely emotionless, and it made one's hair stand on end.

“Luanyu, did you specially come to die?”

Then, a nine-colored ray of light appeared in the sky like a Peacock spreading its tail. Finally, it turned into a palm with the word “mountain” in it and struck down from the void.

Lin!”

Luanyu crazily sucked in a breath of cold air. The Azure Dragon's body actually shivered under that sound. It immediately turned around and swayed its long tail. The void was shattered as it flashed and entered.

Everyone was dumbfounded. Such a powerful Azure Dragon was actually so afraid of this palm that it directly fled through the air.

However, the “mountain”-shaped palm print had already locked onto him and was chasing after him through layers of void space.

“BOOM!”

A few thousand feet away, the space suddenly exploded. A nine-colored peacock light appeared and turned into a colorful Whirlpool that was dozens of acres in size.

Luan Yu was directly sent flying out of the vortex. He swayed his body in a sorry state and only stopped after he had fled a few thousand feet away.

This strange phenomenon in the sky immediately attracted everyone's attention, and they all stopped.

Phoenix and Can, who were pursuing Feng Yaoli, were both shocked. They stopped their pursuit and returned to the top of Golden Light Grotto in a flash.

Ling Mudi and Wei Qing, Yi and Wei Wuya's battle had also stopped. They returned to their respective camps and faced each other in the void.

"Hahaha!"

Suddenly, a wild voice sounded. In the distance, there were a few flashes of green light, and the ruler's feather appeared in front of everyone. However, they saw that it had a ferocious expression, and blood was seeping out of its seven holes. It was extremely terrifying.

However, he stared into the Golden Light Grotto-heaven with a fierce look and said coldly, "You're not dead yet, Lin!"

"I won't die even if you do."

Lin's voice rang out from within the heavenly abode, and she said, "You, on the other hand, are getting worse and worse. Your cultivation level has dropped to the level of void extremity."

Yunxiao was shocked. It was only then that he learned that Wu Daming was called Luanyu.

It was fine if Luanyu knew Lin, but from his words, he had actually fallen back to the void tier. Could it be that he had once been at the Creation Realm?

Can and Phoenix's faces were filled with fear as well. The two of them had never been so vigilant before. They stood guard in front of the Paradise and stared at the ruler's feather as if they were facing a great enemy.

"Hmph, even if it's Xu Ji, you won't be able to kill me. What else do you have to

Luanyu was unconcerned. His eyes flickered as he said, "Although that attack just now contained the power of a Blessed Realm expert, it was very empty.

Lin, are you going to die soon?"

Everyone's faces changed drastically, but they were all different. Wei Qing and the others were surprised and delighted, while Yunxiao's side all had ugly expressions.

Luanyu's words weren't without reason. Lin had yet to reveal herself, only hiding in the dark and launching a sneak attack. If she had the same tyrannical strength as the Misty Rock Master, she would have been able to deal with Luanyu, Feng Yaoli, and the others.

"Nonsense!" Can said angrily.

"Hmph, it's not up to me to decide whether I'm going to die or not. Lin hasn't even spoken yet, why are you in such a hurry, dog?" Luanyu coldly mocked.

you're right," Lin said. it's not up to you whether I'm dying or not. But no matter how I am now, I'm more than enough to kill you.

"Hahaha, you want to kill me?"

Luanyu laughed mockingly, "you failed to kill me back then even when you were a World King. Now that your strength has dropped so much, you're dreaming?" If my guess is correct, once you leave this place, you'll reach the end of your lifespan even earlier, and it's very likely that you'll die in an instant."

"You're right again," Lin said, "I can't leave this place."

Yunxiao, lingmu di, and the others were all greatly shocked, while can and

Phoenix looked sad as they called out softly, "Lady Lin, please!"

“Who has been able to escape death since the ancient times?” Lin said unhurriedly. Even world Kings have five decrepit phenomena. It’s only a matter of time, so don’t be sad.”

“Yes, my lord.”

Can and Xian replied in unison, but they could not help but reveal a sorrowful expression.

“Hmph!”

As if the topic was too sad, even Luanyu felt uncomfortable. With a muffled Humph, she said, “Since we’re acquaintances, I won’t make things difficult for you. Give me the heavenly Phoenix’s true tail feather, and I’ll immediately turn around and leave.”

“Give it to you? Are you even worthy?”

Lin’s voice came faintly, her nonchalance and contempt evident on her face.
