

The Eternal 2011

Chapter 2011-five curses

“Hmph, who is worthy if I’m not? Lin, this is digging your own grave! I don’t have many old acquaintances left. Do you want me to bury you with my own hands?” Luanyu viciously threatened.

“If you continue to babble, I’ll eat this true tail feather myself. I reckon it’ll extend my life by a few hundred years.” Lin said slowly.

Luanyu’s expression changed greatly, and he didn’t dare to say anything. After pondering for a moment, he said, Lin, a hundred thousand years have passed, and the demonic tribulation is coming. The realm of heavenly martial arts needs my power. As long as I can recover my power, I can resist the demonic tribulation and help the realm of heavenly martial arts avoid this disaster.”

Lin didn’t say anything. Suddenly, she said in a strange voice, I’ve never seen such a shameless person like you. You’re speaking as if you contributed to the demon-sealing war? Oh, right, I forgot, you’ve done a lot of work and helped a lot, including Li Zhu’s death.”

Luanyu’s face was gloomy as he angrily rebuked, “shut up!” Don’t try to blame Li Zhu’s death on me. If you mention this again, don’t blame me for falling out with you right now!”

“Hehe, falling out?”

Lin seemed to be so angry that she laughed and said, “what face do you still have to flip in front of me?” Let me take a look.”

“Dammit! Then I’ll kill all of these people first, and then capture you to refine.

Although I won’t be able to obtain the complete true tail plume of the heavenly

Phoenix, I might be able to obtain the peacocks seven plumes!”

Luanyu’s expression became extremely cold. A powerful killing intent accompanied the Dragon’s might as it came out, sweeping up a cold wind and blowing it away. A chill spread in everyone’s heart.

“Hold on,” Lin suddenly chided.

“Oh? Haha, you’re scared!” Luanyu laughed wildly and said, “with your personality, could it be that you’re going to beg for mercy next?” Hahaha, it’s hard to believe.”

“You’re thinking too much. I just want to make a bet with you,” Lin sighed.

“What are we betting on?”

Luanyu asked with a frown.

“I’ll use the heavenly Phoenix’s true tail feather to bet your true dragon origin,” Lin said.

“DA! The origin of the true dragon!”

Several exclamations rang out, and they all looked at luanyu in shock. Only

Feng Yaoli’s pupils contracted slightly, but they quickly returned to normal.

Luo Qingyun’s face was full of horror. He gritted his teeth and said, “Who are you? Whether it’s the Dragon talisman or the origin of the true dragon, only the ancient true dragon and his nine sons can have them!”

Luanyu’s face became a little twisted. He ignored Luo Qingyun and said with a gloomy face, “Damned Lin, you actually dare to have designs on my dragon essence!”

“Don’t you also want the real tail feather?” Lin said indifferently.

I understand now. You want to collect the Dragon essence and Phoenix

Feathers so that you can break the five decrepit phenomena and return to your original body’s cultivation. Luanyu said in a deep voice.

“Think whatever you want. ”

Lin didn’t refute and said indifferently, “do you dare to accept this bet?” If you win, I’ll give you the complete true tail feather. If you combine it with your true dragon origin and can break the five decays of heaven and man, maybe what you’re worried about won’t happen.”

what kind of bet?!

Luanyu seemed to have been persuaded, as she gritted her teeth and said in a deep voice.

it’s very simple, ” Lin said. I’ll let Yunxiao fight you, and the winner will be decided.

“Haha, it’s that simple? Are you crazy?”

Luanyu was stunned for a moment, then suddenly laughed out loud. He was afraid that Lin would change her mind again, so he quickly said, “I agree!”

Although he had seen Yunxiao’s puppet technique and recognized it as the twelve divine beings fiend formation, he was limited by Yunxiao’s own strength and could not exert much of its power, so he knew he could still break it.

“This bi an ...”

Lord Lin! Yunxiao was shocked. please think twice!

"I've already made up my mind, there's no need to think twice. However, the competition isn't now, but thirty days later." "Thirty days? Why wait for a month?"

Yunxiao and the judge were both puzzled.

I can see that you're stuck at the peak of the returning to reality realm," Lin said. you'll be able to break through in about 30 days. By then, you'll have a higher chance of winning.

Luanyu was speechless for a while. He rebuked. if you want to compete, then compete now. Dragging it out is just a delaying tactic!

If Yunxiao was allowed to break through to the divine sovereign realm, he would be in danger with the power of the twelve divine beings killing formation, although he did not think that Yunxiao could reach that level in thirty days.

Some people could be stuck at the peak of the returning to reality realm for decades or even hundreds of years, but they couldn't say that they could pass it in a limited time.

Yao Jinliang's heart clenched, and his eyes burned with jealousy.

"Zhiyu, are you scared?" Lin laughed.

Luanyu said, " I'm not afraid. I just don't want to be delayed for no reason. I'm afraid of unforeseen circumstances.

"There won't be any changes. The outcome has already been decided. You can't change it even if you want to," Lin said.

Luanyu laughed coldly. Hmph! Don't talk about such profound principles in front of me. This can't save you from today's predicament!

Lin said, "so, are we still going to compete? if we don't, then we'll do as you said earlier. Kill us all and refine me. Let's see if we can refine the true tail feather that I swallowed.

Yao Rao could not help but say, "lady Lin, there's no need to bet with him. With our abilities, we can kill them all! Not a single piece of their armor will be left!

Luanyu fell into deep thought. If they were to really fall into a life-and-death battle, as long as Lin did not interfere, they would definitely be able to defeat the other party with their strength.

However, at that time, Lin would definitely swallow the heavenly Phoenix's true tail feather and recover part of her strength, and no one on his side would be able to match her. Moreover, the price to pay to defeat these people in front of him would definitely not be shallow. "Alright, I'll do as you say and bet!"

Luanyu made up her mind and said firmly.

"Alright, you can stay outside the heavenly passage for a month. Li Yunxiao, come in."

Lin seemed to have already guessed his answer, and her voice was extremely calm.

Yunxiao and the others all had solemn looks on their faces, and the

atmosphere was a little depressing. They turned and entered the Golden Wave Grotto one by one.

"My Lord,"

After Yunxiao and the others left, Wei Qing immediately came over with a displeased look on his face, as if he was blaming luanyu for making the decision on his own.

"What, you're all blaming me?" Luanyu said indifferently.

Wei Qing said, " I don't dare to blame you. It's just that you shouldn't make decisions on your own. After all, we're only in an Alliance. We're not in a master-servant relationship. This isn't appropriate for both US and Lord Feng Yaoli."

However, Feng Yaoli chuckled and said, " "This Lord has no objections to Zhiyu's decision." He could not wait for Luanyu and Yunxiao to fight each other until both were injured, then take the opportunity to kill Yunxiao and seize Huo Dou's soul.

Wei Qing furrowed his brows and was secretly on guard. For some reason, these two people had come to a tacit understanding and were walking together. Moreover, their strength was astonishingly strong, and they could not deal with any one of them.

He had originally wanted to rely on them to restrain each other, but now it seemed a little too far-fetched.

Luanyu glanced at Wei Qing and said indifferently, " "Don't worry, I won't let you suffer any losses. Not only did Lin have the heavenly Phoenix's true tail feather, but she also had other Phoenix Feathers. As long as I obtain the true tail plume, I can give you everything else. In addition, you can choose any three of the treasures I have.'

Wei Qing's eyes flashed with joy and he became happy.

Not to mention those Phoenix Feathers, just the treasures on the ruler's feathers alone were enough to make people drool. It seemed that he was really willing to give up everything for the heavenly Phoenix true tail feather.

Luanyu continued, " your talent and aptitude are extremely outstanding. Moreover, you're in charge of the Holy region. There will be many opportunities for us to work together in the future.

"I hope so," Wei Qing said,"I'll have to trouble you to take care of all aspects."

Luanyu responded and did not say anything else. Instead, she sat cross-legged in the air. He then formed a seal with both hands and created a barrier in front of him to isolate himself from the outside world. He then began to cultivate in peace.

He needed to adjust his body's functions to their strongest within a month, even surpassing what he was currently doing.

Wei Qing was silent alone. He also set up a forbidden area not far away and took out the Yin Yang Qi bottle to carefully study it.

Wei Wuya had already told him the origin of this item. As long as he could comprehend it thoroughly, not only would he be able to step into the realm of divine sovereign justice, but he would also have a chance to peek into the ultimate void realm in the future.

After all, he had a void realm father to guide him, and his own talent was far above Wei Wuya's. Now, he also had a powerful Saint weapon in his hand, so his future achievements were limitless.

For a time, although there were more than ten people outside the Golden Wave Grotto-heaven, they all sat cross-legged in the void and cultivated quietly.

The four guards were still tied up and thrown to the side. They were ashamed and angry, but there was nothing they could do.

In Golden Wave Grotto, feini was still sitting cross-legged and cultivating. When Yunxiao stepped into it again, he was surprised to clearly feel that the heavenly Phoenix Power had weakened a lot.

"All of you, come in."

Lin's voice rang out in the palace.

Bi and can were both shocked. They had never entered this Palace in the past 100000 years. Thinking that Lin's life might really be coming to an end, they couldn't help but shed tears. They wiped their tears and walked in.

The ball of light in the hall gradually elongated, and a figure slowly emerged. Although his face was unclear, Yunxiao could tell at a glance that it was the statue of the Buddhist demon Divine Art.

Just its form had a soul-stirring feeling. Just how peerless and devastatingly beautiful would that face be?

Qu Hongyan could not help but look surprised. Her intuition told her that the appearance of the Emperor of ten thousand demons in front of her was definitely not inferior to hers.

“Lady Lin,” Lingmu di said in a low voice, “is your current condition really that bad?”

Lin’s face was covered in a golden glow, and it was impossible to see clearly, but one could recognize her forehead. She said, “More or less. After that battle, I was only left with a clone. It’s all thanks to the power of these Phoenix Feathers that I was able to last until now. Otherwise, I would have died with my main body.”

“If that’s the case, I hope that you can refine the true tail feather of the heavenly Phoenix on your own and extend your life by hundreds of years,” Ling mudi said.

“Hehe.” Lin chuckled and said, “I was lying to Zhiyu. Even if I really refined the true tail feather, the extra lifespan wouldn’t exceed 20 years.” It’s one of the Supreme laws of the universe and can’t be changed by anything.”

“Five decays of heaven and man, Suan ni”

This was the first time Yunxiao had heard of this term. He asked, “What is the five curses of heaven and man?”

Lin said, “it means that everything has life and death. Even if you step into the realm of World King, it is difficult to escape the Dao of death. Even the realm of heavenly martial arts itself has life, prosperity, decline, and death..”

Chapter 2011-bet

what? ” Yunxiao frowned. isn't it said that a divine body can be immortal? ”

“Hehe, it's just an exaggeration to say that you're immortal. Even if he lived as long as the heavens and earth, he couldn't be immortal. Even the heaven and earth itself has the five decrepit phenomena, so how can it not be destroyed?”

“However, to us, heaven and earth are almost undying,” Lin said with a faint smile.

Yunxiao nodded. I understand. There is no absolute in this world. Everything can only be relative.

“Right, you're very perceptive,” Lin praised.

Yunxiao smiled wryly and said, “ I don't understand why lady Lin wants me to deal with that Yuri. Why don't you let Lord Yi and Lord can go? they should have a better chance of winning than me.

Can and Chan puffed out their chests as well. The aura from their bodies spread out, and their killing intent was overbearing.

“Lady Lin, can's blade is not old yet. I can still fight!” Can said in a deep voice.

“I too!” The referee hurriedly said.

“It's been hard on you two for following me for so many years.” Lin smiled faintly. I asked Yunxiao to fight luanyu not just to win him, but to test their luck and opportunities.”

I see! lingmu di said, “ Your Excellency, you want to test how strong Yunxiao's luck is and whether he can really be the master of the divine realm tablet. If he can't, you might as well give the true tail feather to someone else.

Lin nodded- you're right- I've kept this true tail feather for 100000 years- There

are only four people in the world who can get it from me.

“Four people?” lingmu di was shocked. Who are the four of them?”

Lin said, “one is the heavenly Phoenix Nirvana body, one is the master of the divine realm tablet, one is the Emperor of ten thousand demons, and there is one last one. Although I’m not willing to, looking at the big picture, luanyu is also a suitable person.

Everyone’s faces changed slightly, and Yunxiao said in surprise, “This person is also suitable? What is his identity? is he the son of the true dragon?”

why have I never heard of this person?” lingmu di frowned. it seems that he should be a powerful cultivator from 100000 years ago.

Lin was silent for a moment. he is older than any of us. No one knows how long he has lived. Although he did not participate in the demon-sealing war 100000 years ago, he still more or less influenced the war. Luanyu’s identity is not the son of the true dragon, but the true dragon itself!”

Everyone was quite shocked. Other than can and can, who already knew his identity, everyone else’s expressions changed drastically, and they were almost dazed.

An expert that only existed in myths and legends, born from the essence of heaven and earth, condensed by the power of the world, the head of the ancient true spirits, an incomparably powerful existence in legends, actually appeared in front of him, and even looked disdainful.

Thinking of all kinds of contradictions and grudges between Wu Dacheng and

Yunxiao, who had stumbled along the way, Yunxiao could not help but ask, “

“Your Excellency must have made a mistake, Yingluo.”

Although he knew that it was definitely right, and that Lin would not joke about such things, he just could not believe it.

Even lingmu di and the others were petrified. It took them a long time to come to their senses.

“It’s been a long time since the last time a real Dragon or a Heavenly Phoenix has been seen in the world,” lingmu di said in a deep voice. “I can’t believe that the real Dragon has always existed in this world.” Then why didn’t we see him a hundred thousand years ago even after such a great calamity?

Lin said, “ this Dragon is a selfish person. When I first met him 100000 years ago, he was only in creation realm. I beat him up a few times, but he always escaped. It seemed that he had been seriously injured a long time ago and had not been able to recover. Now, after a hundred thousand years, it has fallen back to the void tier.”

“This bi an ...”

Everyone was confused, and Yunxiao said in a daze, “ shouldn’t a true dragon be in the realm of regional King? ‘

Lin said, “ a long time ago, he should have been a World King. However, he was beaten until his cultivation level dropped. That’s why he spent his time in the wilderness. His cultivation level got lower and lower. Speaking of which, he’s also a pitiful and laughable person.”

what? ” Yunxiao was dumbfounded. someone beat you down? ” he asked. Is there anyone in this world who can beat down a true Dragon’s cultivation level?”

“I’m also very curious about this matter,” said Lin. Before I met the demon Lord, I also felt that it was impossible. However, if an expert like the demon master appeared, it’s not difficult to understand.”

Yunxiao and the others exchanged a look, and they could only see the shock in each other’s eyes.

Yunxiao suddenly had an idea. could it be that there was a demonic tribulation before the one 100000 years ago? ” He immediately thought of the original rainbow stone he had obtained in the secret treasure of the true dragon.

That secret treasure was left behind by luanyu, and there was a rainbow stone inside. It could be seen that luanyu must be related to the demon world.

Lin said, ”I’ve had this thought before, but no matter what, it’s been too long. Unless Zhiyu says it himself, it’ll be difficult to verify it.” In addition, the events of the past have little effect on the present, so there’s no need to be

calculative.”

Everyone was silent. It was truly that Yuri’s identity was too shocking, making them unable to recover from their shock.

”That’s why I’m willing to give this Heavenly Phoenix’s true tail feather to one of you three. Otherwise, I’d rather refine it myself and have an extra 20 years of life to play around, ” Lin said.

Mo’s eyes glowed as he cupped his fists, ” ”Lady Lin, although I have yet to ascend the throne, it is only a matter of time. Why don’t you give me the true tail feather?”

don’t speak too soon, ” Lin said indifferently. you’re not the demon Emperor now, which proves that there’s a demon race more powerful than you. No one can say for sure what will happen in the future. Besides, you should save your life from the wrong path of cultivating the Holy Arts First.”

Mo’s expression turned ugly and he pleaded, ” ”Lady Lin, please save me.”

Lin snorted. you’re so afraid of death. How can you take the heavenly

Phoenix’s true tail feather? how am I going to explain this to Li Zhu after I die?

MO Qi's head was dizzy and he wanted to kill someone, but he forced himself to hold back and no longer said anything with a gloomy face.

I understand what you mean, my Lord," Yunxiao said seriously. please give me a place to cultivate in seclusion so that I can cultivate for a month and try to break through to the divine sovereign realm.

"Regardless of whether you've broken through to the divine sovereign justice realm or not, you'll have to come out three days earlier," Lin said. In the past, I've fought against luanyu several times. I'll send you some of my memories of the scenes." thank you, my Lord! Yunxiao was overjoyed. He cupped his fists and said.

Lin waved her hand and said, "I also hope you win. Although I don't like you much, I dislike luanyu even more." However, if the master of the divine realm tablet is defeated by the true dragon, I'll have no choice but to follow the heavenly Dao."

"Understood."

Yunxiao nodded solemnly. Then, he was surrounded by a golden light and disappeared from the hall.

"You guys can play as you wish," Lin said as she looked at the remaining people. "Junior of the ashen Demon tribe, follow me," she said to mo.

MO was stunned for a moment before he rejoiced, " "Sir, you're willing to save

Lin snorted. you're an Almighty being of the demon clan with the cultivation of the void realm. You're also the successor of the terrifying grey demon clan and have my holy power. How can I just watch you die? " Previously, I was only dissatisfied because I saw that you were too afraid of death. Speaking of which, you're a disgrace to our monster race."

The referee was speechless from the scolding. His face also turned red with shame and anger.

However, with a flash of golden light, he also disappeared from the hall. This time, Lin's figure also disappeared.

Qu Hongyan was a little worried and said, "isn't it a bit inconsiderate to let Feiyang fight with the true dragon?" He's not only at the void God Realm, but also an ancient true dragon."

"This is also a test given to him by lady Lin," said lingmu di."This test is not without reason." If the luck of the master of the divine realm tablet can't compete with that of the ancient true dragon, it's not a bad idea to let the true dragon Yu Yu deal with the next demonic tribulation."

"But that luanyu is selfish. Would he fight the demonic tribulation for the sake of the world?" qu Hongyan asked.

"It won't be up to him then," lingmu di said. If the entrance to the demonic realm was opened, and tens of thousands of demons came, the entire realm of heavenly martial arts would be doomed, and he would be no exception. How many of the heroes of the demon-sealing war were selfless? It's still related to my own interests."

Qu Hongyan was speechless. She didn't care who the true tail feather of the heavenly Phoenix belonged to, who led the people to deal with the demonic tribulation, or even whether they won or not. She just wanted Yunxiao to be safe and sound.

"Don't worry, master. Yunxiao will definitely be fine." Luo yunshang comforted him.

Qu Hongyan smiled slightly. She knew that yunshang was worried as well, but now she asked her disciple to comfort her. She could not help but smile bitterly and said, "Let's not waste any more time. We should focus on our cultivation this month. Who knows how many more tough battles we will have to fight in the future."

The two women immediately sat down and began to cultivate.

Lingmu di, can, and Phoenix also sat cross-legged and entered a state of cultivation.

After Yunxiao disappeared from the palace, he reappeared in the void. Front, back, left, right, up, down, all four directions were boundless, with no end in sight.

Suddenly, a yellow light appeared in the sky and turned into a feather that slowly fell down.

this is the last ordinary Heavenly Phoenix Feather I have," Lin said. I wanted to keep it for a few more days, but it looks like there's no need. Absorb the power inside it and strive to break through to the divine sovereign justice realm."

The feather fell into Yunxiao's hand, and it seemed to contain some warmth, warming his heart.

It seemed that Lin really wanted him to win, but sometimes no one could guess the heavenly Dao's choice. She could only do her best and leave it to fate.

As Yunxiao held the feather, Lin's aura disappeared into the void. She must have left.

He heaved a long sigh and put away the precious Phoenix Feather. Without wasting any time, he swallowed some Qi replenishing pills and sat down cross-legged to meditate.

Before breaking through, he had to first adjust his condition to the peak.

At that moment, Yunxiao still had the gold and silver lightning shot out from Huo Dou's true body, which had been suppressed and refined by him. Now, he could calm down and focus all his attention on the lightning.

Under the pressure of a small ball of purple lightning, the dual-colored lightning kept splitting apart, turning into hair-thin strands that were absorbed by his dantian.

After a few hours, the two-colored lightning was completely absorbed..

Chapter 2013: Who is more beautiful?

At this moment, Yunxiao transformed into a body of Thunder and felt the changes in his body, as if his understanding of Thunderbolts had deepened.

After that, he returned to his normal state and continued to form hand seals to regulate his breathing.

After a few more hours, he finally recovered all of his lost spiritual energy and adjusted his body's functions to the peak.

At this moment, he took out the purple-gold tribulation lightning pill. There were faint flashes of five-colored lightning on the pill, and the image of a beast could be clearly seen lying within it, as if it had fallen into a deep sleep. As long as he ate the pill, the lightning Phoenix would completely become a pill spirit and be absorbed and digested by him.

Although Lei Meng looked cute, Yunxiao snorted and put it into his mouth without any pity.

As soon as the purplish-gold Thunder pill entered his mouth, he felt as if he had swallowed a bolt of purple Thunder. Five-colored thunderclouds exploded in the pill, and the Thunder light wreaked havoc in his body. It even penetrated his skin and shot out.

Once again, Yunxiao transformed into a nine-colored Thunderbolt, with all kinds of Thunderbolts surging and washing over his body.

"F * Ck you, what's going on? It was as if the lightning within my body had exploded, instantly turning into countless mutated lightning bolts."

He was shocked to find that his lightning body had undergone various changes under the effect of the elixir. It was black for a moment, then red for a moment, and even the gold and silver colors had changed.

Furthermore, when it transformed into gold and silver, the power it exuded was no different from the lightning on Huo Dou's body.

“Is this the evolution process of the original lightning energy?”

After a long while, Yunxiao finally understood. Although he did not know how the pill did it, the change now was a process of the Thunder origin turning into ten thousand thunders, as if it was a special demonstration for him.

Yunxiao hurriedly calmed down and began to feel the changes in the power. But, when the Thunderbolts turned black, he felt as if there was a great pressure weighing down on his body, which was unbearable. When it turned red, it was as if it was being burned in flames, and his skin hurt. When it turned gold, it was like thousands of blades were cutting down, it was like being cut by thousands of knives.

The five elements resonated with each other, and even the thunder and lightning of wood element could be divided into different types of Thunder of the five elements, but their attributes were not strong. Yunxiao was trying to understand the infinite combinations and changes.

A few days later, his figure disappeared from the void, leaving only a green ball of lightning floating in the air.

A large number of runes rolled on it, as if they were forming a chapter, illusory and vanishing at times.

Upon closer inspection, Yunxiao was sleeping quietly in the arms of a baby inside the Thunderball, as if he had returned to the placenta and gone from acquired to innate.

Finally, more than ten days later.

The ball of lightning suddenly released tens of thousands of bolts of lightning in hundreds of different colors, shooting into the endless void above and below.

As the energy was released, the ball of Thunder grew smaller and smaller, and Yunxiao’s body was gradually revealed, slowly stretching like a baby. “Oh,” He let out an extremely comfortable cry, as if he had been reborn.

“This body is so strong.”

Yunxiao could not help but be overjoyed. He could clearly feel that his body of Thunder was different from before, not only in terms of strength, but also in nature. Now, he had a deeper understanding of the nature of Thunder. When he opened and closed his eyes, there was lightning flashing.

the power of the origin source? this is the advantage of the innate five elements spirit body, haha!

Yunxiao closed his eyes to slowly feel the changes in his body and his grasp of his current physical strength. It was a long time before he slowly opened his eyes.

my current lightning body is not much weaker than those true innate spiritual bodies. It's just that my cultivation level is still weak.

He was depressed to find that his cultivation didn't improve much after he transformed into the lightning body. He was still stuck at the peak of the true immortal realm, but the feeling of breaking out of the cocoon was getting closer.

As long as he had enough time, he would definitely be able to reach the realm of divine sovereign justice after going into seclusion for a year or so.

“It's a pity that there's no time.”

Yunxiao sighed and took out another pill with a complicated expression. It was the beiguang heavenly Dharma pill he had robbed.

He still had three other elixirs on him, their quality not inferior to the purplish-gold Thunder elixir and the northern wide Dharma heavenly elixir. However, he was not clear about their effects and attributes, so he did not dare to try them out.

If he didn't have the five elements lightning body, he would have been dead by now.

“I can only use one more pill.”

Although it was a pity, the situation forced him to do so. Moreover, after swallowing the pill, the effects accumulated in his body, so he did not eat it for nothing.

After making up his mind, he swallowed the northern Dharma heavenly pill. Suddenly, his dantian trembled and almost exploded.

The glazed light on his body flickered non-stop, as if his body was about to explode.

“DA! How can he be so strong?”

Yunxiao’s eyes popped out like a frog’s, and his face was twisted.

He hurriedly used his sword fingers to break the big acupuncture points all over his body, letting the power pour out along those acupuncture points, and at the same time, blood gushed out like a stream.

A few days later, Yunxiao, who was quietly floating in the void, suddenly moved. Finally, a terrifying power burst out from his body. The fluctuations were so strong that they shook the entire void.

I’ve finally reached the realm of divine sovereign justice!

His face was extremely calm, as if he had shed off the feeling of childishness. When he opened his eyes, they were like twinkling stars.

He had finally stepped into a realm that he had not been able to break through even when he was at his peak in his previous life.

Although he had relied on two level ten divine pills, he was still satisfied. It was good that he had broken through. No matter how precious the materials were, he had to use them.

“I didn’t expect you to have so many good things on you. It seems that the heavenly Dao loves you very much.”

At this moment, Lin’s voice was heard, “I’ve given you the heavenly Phoenix

Feather for nothing.” hehe, I’ll return the feather to you, my Lord. I hope you can refine it and increase your lifespan.

Yunxiao took out the heavenly Phoenix Feather, held it in his palm, and raised it high.

Lin seemed to be silent for a moment before she said, “I don’t need this item anymore, and I won’t take it back since I gave it to you. You should change your clothes first. I’ll send you the image of my battle with Luanyu that year.”

It was only then that Yunxiao realized that he was still dressed in blood. After consuming the Beiguang heavenly Dharma pill, the meridians in his entire body exploded, opening the acupoints on their own to let the power leak out, which avoided the danger of his body exploding.

But unfortunately, a large amount of the medicinal power was also lost.

Yunxiao quickly changed his clothes, and Lin conjured a woman’s figure in the void, her face gradually becoming clear.

Yunxiao was dumbfounded. Even though he had seen countless beautiful women and had spent a long time with Qu Hongyan, he was still attracted by her stunning appearance, and his mind went blank.

This was definitely a perfect face, a miracle of creation.

If Qu Hongyan’s beauty could be said to be at the peak, then Lin’s face was so beautiful that it was unreal, so beautiful that it should not exist in this world.

“What, have you seen enough?”

Lin Yanyan smiled and said indifferently.

She had seen Yunxiao's expression many times. Everyone who saw her for the first time, even women, did not look like that.

However, after 100000 years of loneliness, he could not help but reminisce and sigh when he saw such a dull face again.

you ... You ... You ... Yunxiao was so shocked by her beauty that he could not speak.

"Your female companion is also very beautiful," Lin said with a smile. "In your eyes, who is more beautiful between us?"

When girls saw beautiful women, they couldn't help but want to compare them, especially when they were also peerless beauties. This kind of comparison was like poison that couldn't be cured even if they wanted to.

It was only then that Yunxiao came back to his senses. He sighed and said, "You're indeed frighteningly beautiful, so beautiful that it's unreal. However, if you want to compare her to Hongyan, Hongyan is naturally more beautiful. In my heart, her beauty is unparalleled and irreplaceable."

Lin was stunned. She stood there in a daze, her perfect face showing a dazed expression.

This answer was too strange. Since she could remember, no matter who it was, Himi had never lost. This was the first time she had heard this answer, and it was completely different from what she had expected.

"Are you telling the truth?"

"Of course."

After getting an affirmative answer, Lin fell silent.

This time, she was silent for a long time, a full hour, which made Yunxiao feel very uneasy. He wondered if he had offended her.

Lin finally spoke with a cold expression, "I'll give you one more chance. Give me a new answer."

Her tone was full of threats and she did not hide her thoughts and intentions at all. She seemed to be unable to accept that someone else was more beautiful than her, even in anyone's heart.

Yunxiao knew that things were going to be bad. Women were simply unreasonable when they were mad. If Lin kept harping on this matter, it would probably directly affect the battle of the bet later.

"Yingluo, you're also very beautiful."

"Then who is more beautiful, me or Qu Hongyan?"

"Can we stop? I've brought some good tea with me, let's sit down and have a good chat." who is more beautiful?!

Lin's voice suddenly turned sharp, and her eyes shone with a cold light as she stared at Yunxiao. Her gaze seemed to penetrate his body and peer into his heart.

"Fine, I'll say, a beauty is more beautiful."

Yunxiao heaved a long sigh, thinking that he was finished.

Lin suddenly laughed, and her smile was so beautiful that there were no words in the world to describe it. Yunxiao was once again stunned by her smile.

"Qu Hongyan is very happy to have a man like you."

“But I won’t get angry because of your lies,” said Lin with a smile. “Your expression has already betrayed your answer. No matter how much you try to force her to be more beautiful, you can’t change the fact that I’m more beautiful than her. ‘

I’m not lying, ” Yunxiao sighed and said. I’m not lying.

“Since you insist on your own answer, there’s nothing wrong with it. I also insist on my own answer, ” Lin said.

She smiled and said, “there’s not much time left. Let’s start.” I’ll turn all the memories of my battle with Yuri into images, so you can study them carefully.” Yunxiao breathed a sigh of relief in his heart and thought to himself that he had finally passed the test. This woman was still normal and not crazy, or he would not have been able to handle her.

Lin did not speak anymore. Instead, she raised her hand and kept pointing in front of her, which turned into golden runes. Soon, scenes appeared in front of

Yunxiao’s eyes..

Chapter 2014-exiting seclusion

The scene of Lin and Luanyu’s battle was extremely shocking. That kind of peak confrontation, almost every time it happened, the sky would fall and the earth would crack, and the universe would be overturned.

Yunxiao even wondered why the heavenly martial realm, which had existed for tens of millions of years, had not been shattered by countless such experts.

In just a few hours, Lin had already finished showing the scenes of the battles.

“There’s still more than ten days left. You should properly comprehend it.” With that, Lin disappeared into the void and never appeared again.

Yunxiao had learned a lot from it. In the battle between the two, Luanyu’s fighting style and moves were vividly reflected, and the battle between the two super experts had given him a new understanding of higher level battles.

After Lin left, he fell into deep thought.

Ten days later, outside the Golden Wave Grotto-heaven.

Luan Yu suddenly opened her eyes and let out a long roar. Instantly, a Dragon’s Roar filled the nine Heavens. That sound converged into a line and struck directly into the Golden Wave Grotto-heaven, causing turbulence.

“The roar of a true dragon! This is the real croak of a true dragon!”

Luo Qingyun’s face was deathly pale. He had almost guessed Luanyu’s identity, but he didn’t dare to say the answer.

Just as the Dragon’s Roar entered the heavenly abode and shocked everyone, Fei Ni suddenly opened her eyes. Her eyes did not look human at all. She lowered her body and let out a long cry that reverberated in the void.

The dragon’s cry and Phoenix’s cry resonated with each other, and everyone’s expression changed.

With these two voices, it was as if time and space had returned to the primordial era. In the era when all beings ruled the world, the two top experts had crossed over.

The resonance lasted for half an incense’s time before it gradually weakened and disappeared.

In the heavenly abode, the three Phoenix Feathers that had appeared in the sky dimmed down, as if they were ashes that had been burned by flames.

The light in the entire Grotto-heaven dimmed and fell into the same darkness as the outside world.

Can and can's hearts trembled. The place that they had guarded for 100000 years would probably no longer exist in the future. Tears welled up in their eyes.

Feini was awoken from her deep sleep by the Dragon's Roar, and her body began to undergo shocking changes. Circles of Phoenix patterns appeared on her body, and the mark of a fire cloud of a Heavenly Phoenix appeared between her brows.

is this power superior to a divine sovereign realm expert?!

Lin's voice came with unexpected surprise.

Fei Ni was also overjoyed. She nodded heavily and said, "I was still accumulating power, but the Dragon's Roar ignited my bloodline and turned it into the purest Heavenly Phoenix primordial fire. My cultivation was raised in an instant and I broke through the shackles.

"It's actually the will of the heavens! It's really the will of the heavens!" Lin said with a sigh.

"Congratulations, sister feini!"

Qu Hongyan and Luo yunshang also came forward to congratulate him.

"Hmph, what heaven's will, you guys got lucky!"

Luanyu had already appeared beside Fei Ni at some point in time. He looked at Fei Ni's transformation with a dark expression. After hearing her words, he was so angry that he almost vomited blood.

He had made a sound to indicate that he would accept the challenge and suppress the other party with his aura. However, he had not expected to trigger the reaction of the heavenly Phoenix bloodline, which directly allowed the other party to gain a great advantage.

Fortunately, he was also an expert who had experienced hundreds of battles. He quickly changed his mind and shouted, "where's Li Yunxiao?"

he's still in seclusion," Lin said. he should be coming out soon. I'll go and urge him.

"Is it useful to sharpen your spear in the face of a battle?"

Luanyu flicked his sleeves, and his Dragon's might instantly stirred the air, making a loud sound. His power was incomparably abundant, demonstrating his confidence and strength in winning.

Qu Hongyan's face was filled with worry. Feini did not understand, so Luo Yunshang quickly explained the whole situation.

Feini was shocked, "a battle of the bet?" My husband must have accepted the challenge for my sake." Tears welled up in her eyes, and she could not help but tear up.

Qu Hongyan forced a smile and said, "silly girl, you have the Nirvana body of the heavenly Phoenix. This true tail feather should be yours." Feiyang is just following the heavenly Dao."

"If there's a battle, it should be me, not my husband," feini sobbed.

don't be silly," qu Hongyan said. you've just entered the divine sovereign justice realm. You're definitely not a match for the true Dragon's Yu Yu. If it's

Feiyang, I'm still very confident."

Feini was not a simple person either. She naturally understood the logic behind this. She held back her tears and nodded heavily.

Li Yunxiao, if you're afraid, you can just admit defeat, and you can still keep your life. Luanyu sneered. hiding like this isn't a solution. You can hide today, but can you hide tomorrow? can you hide forever? "

Feini scolded fiercely, " are you done? a true expert has always been quiet. You keep talking. You're clearly trying to hide the fear in your heart.

"Hahaha, I'm afraid?"

Luanyu stared at her and laughed. you really don't know the immensity of heaven and earth. It seems that the bloodline of the heavenly Phoenix will decline again in a person like you. I don't know how many years it will be before I see the successor of the heavenly Phoenix again."

Fei Ni was furious,"you say it's declining, Who Do You Think You Are?" He was just a worm that had been knocked down to the mortal world by the laws of the heavenly Dao. Did he still think that he was still a true dragon? Bah, shameless! If I were you, I would punch a hole in the void and hide my head in it, because I would be too embarrassed to see anyone."

"You coward!"

Luanyu's face turned green in anger, but he immediately realized that this was the other party's intention. He wanted to disturb his mind before the battle.

He scoffed angrily and ignored Fei Ni. Instead, he stood there quietly and looked into the hall coldly.

Seeing that he was truly enraged, feini was overjoyed and continued to curse, ' "Your mother's head is like a rubber ball, kicked to the end of the sky. At the end of the world, there's a ball, and that's your mother's head. Yesterday, your house was flooded, your mom became a water turtle, and your dad became a

Momo."

"Enough!"

Luanyu finally exploded in anger. With a loud roar, his Dragon's might burst out, condensing into a physical force that rushed towards Fei Ni's body, like Rolling Thunder!

Feini was surprised and happy. She giggled and quickly dodged.

At the same time, he kept making hand seals, forming an extremely powerful imprint, which blasted out along with the Dragon's might.

“BOOM!”

The seal shattered the Dragon's might and pressed towards luanyu without losing any momentum.

This was exactly the result that feini wanted to see. She hoped that the Luan Qi would explode. Not only would his emotions fluctuate greatly, it would be best if he could fight her first.

“Bang!”

Suddenly, a flash of white light struck the seal, and the temperature in the entire Palace suddenly dropped. Everything was covered in a layer of frost, as if they were frozen.

It was Feng Yaoli, who had blocked the attack for luanyu with his ice sword. He sneered and said, “Brother Yuri, you are indeed nervous. Otherwise, how could this little girl's few words arouse your anger? You must know that without the wind, without the sail, the heart of a benevolent person will be moved.”

Luanyu was shocked. Feng Yaoli's words made a lot of sense.

If he was not in a state of confusion, he would not have been angered by feini. The true tail plume of the heavenly Phoenix was of great importance to him, and he had to pay attention to it, which created an inexplicable pressure. “Thank you for your reminder, brother Yaoli.”

Luanyu cupped his fists and the anger on his face immediately dissipated, returning to his calm appearance. His eyes were indifferent, as if nothing in the world could be stained with the dust of his heart.

you monster! Fei Ni was furious and scolded, " why are you butting in between me and the true dragon? get lost!

Feng Yaoli's eyes flashed with killing intent, and he said coldly, " "I don't have a bet. If you anger me, you'll be the first one I'll kill!"

The cold sword, ice and frost, pointed over, and the soaring cold air immediately seeped into the hearts of the few people, making them shiver.

Feini immediately understood the situation. It would be a waste of time and effort to argue with Feng Yaoli, so she rolled her eyes at him and kept quiet.

At this moment, Lin's voice was heard. Li Yunxiao said that he's still in seclusion and asked you to wait a little longer.

"What?"

Luanyu said coldly, "you actually broke your promise?" This is a bet, so he should be declared the loser."

"The time of the bet is today. Today is just the beginning. There are still 24 hours left," Lin said.

Luanyu was speechless. He snorted and said, " then I'll wait for him for twenty-four hours. If he still hides like a turtle and doesn't come out, then it's his loss.

Then, he sat cross-legged and waited quietly.

Feini rolled her eyes and continued to curse.

However, Luanyu seemed to have sealed off her five senses and six senses, turning a deaf ear to her curses. After a while, Feini felt bored and stopped scolding.

At this time, Wei Qing and the others had also entered the palace and stood in front of the hall, facing Qu Hongyan and the others.

The four gatekeepers had also recovered from their injuries, but their powers had been sealed. Wei Qing did not seem to intend to let them go.

“Master?” Wei Qing coldly replied. Now that I am the master of these four, how do you want me to release them?”

[belief] was stunned for a moment. Wei Qingzhi’s words left him speechless. He didn’t know how to refute and stood there in a daze, dumbfounded. He could only look at Can for help.

Can said, “they’re just watchdogs. After this battle, they won’t be needed anymore. If someone wants them, let them take them away. His words were filled with sorrow and sorrow.

Richard was also affected by his emotions and fell silent.

“What a heavy atmosphere. What’s going on?” Suddenly, ripples appeared in the sky and spread out.

Yunxiao’s voice came from inside with a smile on his face. We are all elites of the heavenly martial realm, and all of us are well-mannered people. Why are you standing outside and glaring at us? Why don’t we go into the palace and have a few buns and a cup of tea together to calm our anger?” I see that everyone’s complexion doesn’t look too good. Are you constipated?”

“My husband!”

When she heard the voice, Feini jumped up in joy and wanted to pounce on her.

Qu Hongyan and Luo Yunshang were also overjoyed, but at the same time, their eyes flashed with worry.

“Li Yunxiao!”

Luanyu suddenly raised his eyes and a cold light shot out from them. He gritted his teeth and said word by word.

The spatial fluctuations became stronger and stronger. Suddenly, it exploded, and with a boom, the force of the explosion dispersed in all directions.

A warm light shone down, and Yunxiao’s figure appeared. With a smile on his cold face, he stepped down..

Chapter 2015: The battle of the bet (1)

divine sovereign realm!

how is this possible?!

Everyone was in an uproar as they looked at each other. He had actually managed to break through to the realm of a divine sovereign in thirty days!

The emotions of the two groups of people in front of the palace were like turbulent rivers and seas, but they were two completely different extremes!

Wei Qing, Yao Jinliang, Li Yi, Luanyu, and the rest were all ashen-faced and extremely ugly. Their faces were so gloomy that water was about to drip out.

Qu Hongyan was cheering, and the three women rushed up and surrounded Yunxiao with joy.

Can and Chan were stunned as well. They muttered to themselves, "He actually managed to reach Tao Wu!" he's just a divine sovereign justice realm expert. He's just a minion! Yuri Luanyu's face was dark and sinister. He said coldly, "in the end, you rejoiced for nothing. However, the heavens have treated you well. You can experience the pleasure of being a divine sovereign realm expert before you die. His words were filled with jealousy.

"Hehe, do you want me to experience this pleasure on you?" Yunxiao sneered casually and said, "Then let me fight to my heart's content," "Haha, you don't know the immensity of heaven and earth!"

Luanyu laughed wildly and said with disdain, "You want to show off in front

of me even though you're at the divine sovereign justice realm! It's more like I'll let you die a carefree death. Since you're so ignorant, don't blame me for not showing mercy."

Yunxiao retorted sarcastically, wagging his finger and saying in disdain, '

"There's no need to show mercy, just keep your life!"

"How arrogant! Ignorant! Then let's try it!"

Luanyu angrily rebuked. If he continued to speak, he would be angered to death by the other party. A sharp killing intent directly exploded from his body, turning into whirlwinds that swirled around, sweeping up sand and stones.

Yunxiao was not afraid at all. When he looked up, their eyes met, and flames burst out.

He hadn't even moved, but the martial arts had already quietly begun from his words and gaze, as well as the confrontation of consciousness and aura.

"Bang!"

“Bang!”

The air exploded like a curtain of beads, and the two overbearing forces collided, causing the space to ripple.

The two of them moved, leaving only their afterimages as two rays of light shot into the sky. They were green and gold in color, spinning in the sky as if they were chasing each other.

Everyone’s eyes were immediately drawn over, and the palace fell silent.

The two-colored light rays revolved around a thousand feet in diameter before suddenly stopping and colliding with each other.

“Bang!”

A huge tremor rang out, and Yunxiao, who was in the golden light, was pushed back thousands of feet.

“So strong! Is this the true Dragon’s body?”

Yunxiao’s face was solemn. Luanyu’s dragon body was obviously not complete, but its strength was no less than his.

you’re only at the divine sovereign justice realm and have a physical body at the harmonization realm, yet you want to defeat me? is that even possible?!

Luan Yu roared and instantly pursued. His Dragon Fist was like a meteor, burning the air from the friction. A wide line of fire burned in the air, and the layers of space were all blown apart!

“Creating possibilities from the countless impossible, this is what the people chosen by the heavenly Dao should do!” Yunxiao held the sword with a backhand grip and placed it in front of him.

The powerful sword essence turned into a talisman and rose up.

Thirty-six Northern heaven cold star swords flickered as they hovered around him. The myriad sword formation appeared above his head, and millions of sword intents churned.

“BOOM!”

Luan Yu’s punch smashed into the formation diagram, shattering hundreds of sword intents. A large number of runes exploded, turning into millions of fluorescent lights.

A part of the world of swords Yunxiao had set up seemed to have collapsed, and his body, together with the tens of millions of sword wills, was once again pushed back hundreds of feet.

Luanyu laughed and said, “haha! Is this the power of the divine realm tablet’s master? You’re trying to fight for the fate of the heavenly Dao with me? I’m formed from the power of the heavenly Dao, so how can you fight for it?”

Yunxiao smiled contemptuously and said, “the power of the Dragon Fist is nothing more than this. It’s clear that whether it’s strength or knowledge, you’re laughable to the extreme!”

He raised the sword in his hand, and a White Rainbow lit up in front of him.

Suddenly, the sky and earth were pressed down, and the thousands of sword wills in the surroundings gathered and condensed into the sword.

His figure fused with the sword, becoming one.

Under the surging sword essence, they penetrated from the outside world. For the first time, stars appeared in the dark sky!

“Star sword slash!”

Yunxiao's comprehension of sword Dao was all integrated into the sword, which cut through the sky and pierced through the rainbow!

In front of the palace, Feng Yaoli's expression suddenly changed. He looked at Yi Jian in shock. He was shocked to find that the frost of the cold sword in his body had been affected by the sword will, and it was emitting a cold light.

Feng Yaoli's face darkened, and he snorted. The power in his body surged into his dantian, suppressing the Restless cold sword and ice. Only then did he return to normal.

He was not the only one. The Supreme comprehension of the Tao of the sword was interfering with every sword. Qu Hongyan's purple firmament sword was also emitting a bright light, echoing it.

Luanyu's expression finally changed. He clenched his fists in front of him and roared.

The true dragon roared at the nine Heavens, and a tremendous Dragon might erupted from its body, turning into a boundless Dragon Realm that crushed the void!

There were tens of thousands of Dragon shadows galloping in the region, competing for brilliance with the sun, moon, and stars!

"Dragon Fist, infinite light!"

The entire Dragon field trembled under his fist. Wherever the Dragon light shone, it was majestic and vast.

Luanyu had transformed into a half-dragon, with towering horns on his head and cold eyes. Obviously, he was also shocked by Yunxiao's sword and did not dare to be careless.

The two forces of territory power collided, and everywhere they passed turned into endless darkness. In an instant, the entire heaven domain became as dark as ink.

Everyone was shocked. Those who were under the true immortal realm couldn't see the sky clearly anymore. Their eyes and soul consciousness were all swallowed by the endless darkness.

They had originally thought that this would be an extremely exciting battle, but the intensity of the battle had exceeded their expectations. They did not expect that the battle would directly enter a life-and-death battle.

Suddenly, an extremely powerful energy fluctuation gushed out from the center of the darkness. At the same time, a white ring of light appeared, rippling and washing away the darkness.

Finally, a faint light flickered, and in the center of the ripples, two figures appeared from time to time, almost sticking together.

Luan Yu's pot-sized fist landed on sword death's Red slash. Both of their bodies were torn to pieces by the shockwaves, and their clothes were dyed red with blood.

Luanyu lowered her head, her pupils shrinking. She stared at the sword and coldly said, "You actually refined my Rainbow Rough Stone into a sword!" "Oh, I almost forgot. The secret treasure of the true dragon was left behind by you. Thank you."

Blood trickled down the corner of Yunxiao's mouth, but he still said with a smile.

"You're welcome, just use your life to thank me!"

Luanyu shouted sharply. While his right fist was suppressing the sword death's Red slash, he suddenly raised his left fist. An infinite amount of light gathered at the tip of his fist, like a sun.

"What?"

Taken aback, Yunxiao suddenly summoned his three-headed and six-armed transcendence golden body, one of which held the Tusita heavenly peak and smashed it down!

In the battle between Lin and Luanyu that Yunxiao was watching, Luanyu's true dragon body could increase his strength almost instantly, and it did not take much time for two martial techniques of the same power to be used.

The body of a true dragon contained the laws of heaven and earth, and it was the most regular and perfect body.

Being able to simultaneously display the strongest understanding in speed, strength, defense, and attack, it has many unparalleled advantages.

Although Luanyu's body was still broken at the moment, as a true dragon, he had been through hundreds of battles, and his understanding of martial arts had reached a height that ordinary people could not reach, far above Yunxiao's!

At this moment, the Tusita heavenly peak was expanding in the wind. Luanyu's pupils contracted as he recognized this profound level weapon. He hurriedly retracted his fist and disappeared on the spot in a flash.

In the next moment, he appeared directly behind Yunxiao and threw out another Dragon Fist!

"Forever-bright light!"

Yunxiao's transcendence golden body was instantly drowned in the fist light.

The infinite light symbolized the infinite space, with no beginning and no end!

"Three seals as one, break!"

An angry roar came from the light. Three giant palm prints gathered in the air and turned into a Golden Dragon that pressed down on the fist power!

“BOOM!”

The Golden Dragon let out a roar and its anger disappeared. It raised its head as if it was in great pain. The next moment, its body was penetrated by the infinite light and it turned into a golden light and died.

The three giant palm prints that had condensed suddenly disintegrated with a “bang” sound, like a precious mirror falling to the ground and the water Moon waterfall.

The Dragon Fist was indestructible, like the time and space of the ancient times, eternal between heaven and earth!

“Bang!”

Yunxiao’s transcendence golden body was instantly penetrated and exploded!

In front of the palace, both Fei Ni and Luo Yunshang let out a cry of surprise. Their bodies trembled a little, and they covered their mouths with their right hands, as if they did not dare to look anymore.

Qu Hongyan’s face was also pale. Although she knew that Yunxiao had the five elements lightning body and was very difficult to destroy, she was still in a disadvantageous position after a few moves, so it would be extremely difficult for her to turn the tables.

Lingmu Di’s expression was calm, but his eyes were constantly flickering with a sharp light. No one knew what he was thinking.

Luanyu stood alone in the sky, and Yunxiao was nowhere to be seen within ten thousand feet of him, only dense flashes of lightning. In the endless darkness in the sky, thunderclouds rolled and covered thousands of miles.

“A lightning technique?”

Luanyu crossed his arms and sneered coldly, "I was born from the power of the realm. Other than the great void Jade pure purple mansion Brahma divine Thunder, what other Thunder in this world can attack me?!"

"Boom boom boom!"

As soon as his words fell, the roar of wind and thunder filled the sky, as if they were angered by his words.

Lightning flashed under the thunderclouds, and the sky was filled with crackling sounds. As far as the eye could see, the entire area within a thousand miles was filled with the energy of thunder and lightning, and thousands of lightning bolts were born.

"This senior can break it with one punch!"

All of a sudden, circles of lightning Star Rings gathered over from the four poles far away.

Each of them gathered at a point in the sky and then turned into a Lightning Dragon that lay dormant in the sky and looked down.

"What?"

Not only Luanyu, everyone was also shocked as they looked at the scene that filled the sky.

It was not only because the number of Thunder Dragons was constantly increasing, but also because the color of each Thunder Star Ring was different. In an instant, hundreds of Thunder Dragons of different colors appeared in the sky, dazzling people's eyes.

Luanyu was dumbfounded, "could it be that the mutated lightning elemental Pixiu has mastered the power of the origin of lightning?"

Chapter 2016: The battle of the bet (2)

Feng Yaoli's face was also filled with shock. Among the lightning dragons of different colors, he had also seen gold and silver lightning dragons. The energy fluctuation was exactly the same as the one on his body!

Seeing more and more Thunder Dragons of different colors emerge, Luanyu no longer had any doubts. Yunxiao must have mastered the Thunder origin power, which was why he could develop the mutated Thunder energy on his own.

"So what if it's the Thunder essence?"

Luanyu let out a loud roar and clasped his hands in front of his body. A green ball of light gathered between his palms, and tens of thousands of Lightning Dragon talismans flashed.

After the ball of light appeared, a Dragon domain appeared within a thousand feet of Yuri.

In an instant, countless light balls of various sizes began to gather in the sky above the Dragon field. Dragon symbols flickered on them, like countless bubbles hanging in the air.

Luanyu's hands had completely turned into dragon claws, and his body was almost in the form of a Dragon.

Everyone held their breath and watched attentively. They didn't expect that the martial arts competition would cause such a huge commotion. Many old monsters in the eternal world would be alarmed.

The Thunder Star Ring in the sky began to condense at a slower speed. When the last few Thunder Dragons of different colors appeared, the sky became quiet.

Everyone looked at the beautiful scene and it was a strong visual impact. However, she didn't feel beautiful at all. She only felt that her whole body was cold, and her hands and feet were ice-cold.

In this quiet and beautiful night sky, the Dragon field was like a paradise. It was completely surrounded by the sea of thunder and lightning, and it seemed to be unaffected by anything.

At that moment, Yunxiao's figure finally emerged, but it was a transparent body of Thunder, about a thousand feet tall, burly and fierce, and he was staring coldly at Luanyu.

The two of them looked at each other from a distance, their gazes cold.

Finally, Yunxiao raised his hand, and the ancient Maha character of Thunder appeared on his palm. It was slightly different from the one on the heavenly hammer, but upon closer inspection, it had been modified and was very similar to the runic seal on Lei Meng's body.

"Thousand lightning movement, silence!"

Yunxiao clapped his hand and pressed it down on the Dragon field.

A burst of rapid wind and thunder exploded in people's ears, and then the sky became strangely quiet. Only tens of thousands of Thunder Dragons could be seen, but no sound was heard.

Everyone's expression changed drastically, and they were all shocked.

There was a limit to the frequency that everyone's eardrums could capture. When the sound exceeded this range, it would not be captured by people.

In addition to the strong lightning and thunder in the sky, there were also visible sound waves surging. The sky was like a wrinkled spring water, full of patterns, and could not be seen clearly.

Luanyu's expression was extremely unsightly. Although the ten thousand lightning bolts had yet to arrive, the trembling of the space had already caused the qi and blood in his body to surge.

"Dragon sigil seal, law as one!"

Luanyu slowly turned her hands, and the ball of light also turned. In the sky above the Dragon field, which was a thousand feet around her, countless balls of light also started to turn. At the same time, hundreds of millions of runes flew out from the field, like startled forest birds.

No one could hear anything, and it was really silent. Tens of thousands of Thunder Dragons rushed into the dragon field and exploded in powerful lightning.

The Dragon Realm began to tear and disintegrate under the impact of the ten thousand Dragons.

The tens of millions of Dragon talismans flashed and turned into sharp blades that shot out. Each of them tore a crack in the sea of Thunder and hell of lightning. In an instant, the entire Thunder World was riddled with holes.

A large amount of terrifying lightning energy was lost from the cracks, and the sky was covered in darkness.

Finally, the first explosion was heard. It was deafening and came from the sky with a rumble.

There was only a visual impact. After the collision of the main forces, a large amount of aftershocks dissipated, and the sound frequency finally dropped to the range of human ears.

Those Warriors below the God Realm all had their eardrums ruptured and blood flowed out.

Not only that, his consciousness was also shaken by the sound, causing his mind to be in a daze and unable to think.

“How can he be so strong!”

Wei Qing looked at the sky in horror, his eyes filled with deep fear.

He was now filled with regret, regret that he had not tried his best to kill Yunxiao earlier. Now, Yunxiao had finally grown to a level that he could not destroy.

Even Wei Wuya's expression was extremely unsightly, and he didn't say anything.

Humph, the master of the divine realm tablet, the one chosen by the heavenly Dao, is not an ordinary person!

The referee looked at their ashen faces and felt great joy in his heart.

Luo Qingyun felt the blood in his body boiling. He was so excited that he couldn't help but want to scream.

"Clang!

The desolate God bright moon spear was suddenly unsheathed. It circled around the palace and was once again caught in his hand. clang! it shook the ground, causing the ground to crack.

There seemed to be the shadow of a huangshen beast moving on the spear, and the power of the weapon was accompanied by the violent aura of Luo Qingyun.

"What are you doing? Little brat, are you looking for a beating?"

At this moment, Luo Qingyun's entire body was gradually turning red, as if blood was flowing on the surface of his body. It was bright and dripping, which was very strange.

"What's wrong with you?"

Wei Qing was shocked and asked with concern.

Luo Qingyun's entire body was red, but his face was as white as paper. He gritted his teeth and shook his head, only raising his head to look at the sky.

On one hand, his body was suppressed by the ruling plume, but on the other hand, he was so excited by this vast martial arts battle scene that he couldn't control himself. He almost couldn't help but want to raise his spear and charge into the sky to kill!

Li Yunxiao, you've gone so far that you've left me behind? "

His heart was filled with extreme unwillingness. His dragon eyes began to turn Scarlet as scales grew on his body and he transformed into a Dragon on the spot.

"Is there something wrong with your body?" Wei Qing was shocked.

After all, Luo Qingyun was the first successful tenth-rank dragon blood test subject. The path he took was unprecedented, and no one knew what this test subject would encounter in the future.

"I'm fine!"

Luo Qingyun suddenly roared, and a violent aura surged out of his body. The people around him couldn't help but step back in fear that something would happen to him and they would be implicated.

"Eh, what a strange feeling."

Lin's voice drifted out from the hall. "This dragon blood Kasaya ..." She seemed to be stunned for a moment, unable to understand it.

Then, a colorful light suddenly shot out of the hall and fell on Luo Qingyun's body without any warning. Luo Qingyun's body trembled, and his eyes, which were originally filled with ferocity, suddenly became dull.

"What are you doing?"

Wei Qing shouted in anger, glaring at the hall.

Lingmu di and the others also frowned. Their eyes fell on Luo Qingyun's body, and they saw that the red blood light seemed to have a strange color. They didn't know what Lin had done.

The hall was silent. Lin did not speak again.

On the other hand, Luo Qingyun's face turned red, finally as bright as the color of his body. The hand that was holding the desolate God's moon spear kept trembling, as if it was in great pain.

Wei Qing pointed at the palace and angrily rebuked, "my Lord, what have you done?" Why don't you say it out loud, instead of being so sneaky!"

Can's killing intent gathered as he shouted, "does my Lord need to report to you what he's doing?" Don't make any noise here, or I'll kill you right now!"

Can and Yan's bodies were filled with killing intent, causing Wei Qing to not dare to act rashly. His face darkened and he did not say anything.

Feng Yaoli had been staring at Luo Qingyun since Lin had made her move.

Suddenly, he exclaimed in surprise, " "He actually broke through."

"What?"

The surrounding people were all shocked. The pained expression on Luo

Qingyun's face slowly eased, and the bright red color on his body faded away.

A wave of realm fluctuation that surpassed everyone's slowly spread out from

Luo Qingyun's body.

"DA! A divine sovereign justice realm!"

Wei Qing cried out and stood there in a daze. His mind was a little dull.

Yao Jinliang and Li Yi were even more affected, and the shadow in their hearts was so large that it could not be calculated. Li Yi even directly called out, "What? Impossible! Did my Lord make a mistake?"

Wei Qing's heart was filled with complicated feelings- He even had a glimmer

of hope that he had made a mistake, but reality was often cruel.

this Tao Wu has already reached the divine sovereign realm?"

Luo Qingyun was also a little confused and found it hard to believe.

Can said coldly, "it's extremely difficult for you to cross the barrier of cultivation. However, it's a piece of cake for lady Lin. Hurry up and thank her!"

Luo Qingyun also knew that it was the effect of the colorful light just now. His originally wild and uncontrollable qi and blood calmed down under the colorful light and helped him to break through the barrier.

"Many thanks, my Lord!"

Luo Qingyun cupped his fists and bowed with sincerity. If not for Lin's intervention, forget about breaking through, his qi and blood might have been in turmoil, and he might have even been in danger of exploding.

“No need to thank me, I just thought it was fun. Whether your future path is good or bad, how you will walk, it all depends on you. Actually, I’m also very curious.” Lin’s voice came faintly.

“Yes, thank you for your guidance, Sir,” Luo Qingyun said seriously. He also understood his body’s condition. He was probably the first person in history to have man-made God’s blood and modified gene body. No one knew whether the future would be good or bad.

There was no more sound in the palace, and silence was restored.

Luo Qingyun didn’t say anything else, but his heart was filled with gratitude. After that, he calmed down and stabilized his cultivation realm while watching the battle between Yunxiao and Yuri.

The way Wei Qing and the others looked at him, with the exception of Feng Yaoli, had changed.

Li Yi’s jealousy was so intense that it almost burned his brain. His hair was standing on end and he was so angry that he wondered why he did not get such a good thing.

Yao Jinliang finally couldn’t take it anymore. He walked forward, cupped his fists, and said loudly, “Lady Lin, I am Yao Jinliang. I have been stuck at the peak of the returning to reality realm for a long time. I hope you can give me some advice.”

The palace was still silent, without a single sound, as if it was empty.

Yao Jinliang was not willing to give up. He asked for guidance again, but still, no one responded.

“Haha, lady Lin’s silence means that you’re not qualified. Hurry up and get lost!”

The referee laughed out loud and looked at him sarcastically.

Yao Jinliang’s face turned pale with anger. He glared at the palace fiercely, then turned around and returned to Wei Qing and the others.

He felt that the way everyone looked at him had changed, and he couldn't help but feel his face burn..

Chapter 2017: The battle of the bet (3)

Wei Qing's face was also gloomy and his expression was complicated. Now that Luo Qingyun had actually broken through to the divine sovereign justice realm, his strength had directly surpassed his. He was afraid that it would no longer be easy to control.

A great sense of urgency welled up in his heart, and his desire for the divine sovereign justice realm had never been so strong before.

At this moment, the sky had been riddled with holes by the two's power.

The entire area within a radius of several thousand miles was magnetized by the Lightning's might, and electric current beams were surging back and forth everywhere.

The Dragon field had turned into a black hole where the ruling plume had been standing. It was like an endless abyss, swallowing all divine senses and eyes. No one could see what was happening inside.

Not even Yunxiao could.

"Crack crack."

A bolt of lightning flickered in front of the black hole and gradually elongated, turning into Yunxiao's figure, who was staring at it with a solemn face.

When their territories exploded, the entire Dragon field turned into a black hole and devoured everything. The ruling plume had been sucked in, and its whereabouts were unknown.

Yunxiao took out a large number of medicinal pills and swallowed them like beans.

With his current cultivation at the divine sovereign justice realm, many medicinal pills were almost useless to him. However, it was still better to replenish whatever he could. It was better than just standing there and doing nothing.

Suddenly, the black hole began to spin and slowly spread out, like a drop of ink falling into water, spreading out a large number of fibrous roots.

“This is a Kasaya.”

Yunxiao was holding a handful of pills in his hand and was about to stuff them into his mouth when he was stunned by the changes in the black hole.

Not only him, but the people in front of the palace were also stunned.

They looked into the distance. The Nebula transformed by the black hole was like a flower that was gradually blooming. In the sky where electric currents were everywhere, a stunning black Rose had bloomed.

Yunxiao was so shocked that he could not speak for a long time. The Black Rose was too huge, and it was still expanding. It was stunningly beautiful.

A sigh also sounded from the palace. It was Lin’s voice. She could not help but sigh, “ what beautiful roses. I haven’t had such a beautiful feeling in a long time.

Yunxiao put down his hand and let the pill fall off. He seemed to be attracted by the beauty of the Rose as he stood quietly in the sky, his face extremely calm.

“Bang!”

Suddenly, an explosion in the air pierced through this peaceful and beautiful scene.

Luanyu suddenly appeared behind Yunxiao and threw a punch. The tip of his fist was shining with an infinite light, and it easily pierced through his back and chest!

Qu Hongyan and the other two girls couldn't help but exclaim in shock, and they were so frightened that tears almost flowed out of their eyes.

"Pfft!"

Yunxiao's face turned pale as he spat out a mouthful of blood. "How is that possible? You were clearly sucked in by that black hole, it's impossible for you to slip away under my eyes!"

"Hehe."

A smug look flashed across Luanyu's face, and a ripple appeared in his eyes. He seemed to finally heave a sigh of relief. I did not come out.

what? " Yunxiao was taken aback. did you not fall into it at all? "

"How is that possible?"

Luanyu said ferociously, "you have a moon pupil in your right eye. What kind of illusionary technique can deceive you?" My understanding of the moon pupil clan is even better than yours, so I've never thought of using an illusion."

"Then you're Chi Chi Chi Chi Chi"

Yunxiao coughed uD another mouthful of blood. and his internal organs were almost crushed. His aura plummeted, and he kept coughing up blood.

Luan Yu's dragon claws pierced through his chest and formed seals in front of his chest. A Dragon talisman appeared on each of his fingertips. It was as if an extremely powerful force was suppressing his transformation into a lightning body. He could only let his blood flow out and at the same time, his life force.

"You're going to die anyway, so I don't mind telling you. Once my Dragon Realm is overturned, it will turn into an endless black hole, and I can tear open space and leave at any time. Do you think the black hole will turn into a rose by itself? Haha, childish, because this rose has always been my Dragon Realm power!"

Luanyu's other hand suddenly raised up. His five fingers continuously made hand seals, and thousands of Dragon talismans flew out from his body.

The huge Whirlpool rose began to turn from black to red, and it shrank rapidly. Finally, it condensed into a bright and dripping rose, as if it was covered in blood, and fell from the sky.

"You will die under my Dragon domain-Star Cloud art!"

The Rose seemed to have condensed the power of the Nebula, swaying and floating. Although the Rose was beautiful, it made people's faces turn ashen.

Yunxiao raised his head and looked at the Rose in horror. At the same time, he lowered his head to look at the seal in Luanyu's hand. "What kind of spell is this? it can actually suppress my lightning transformation!"

"Hmph, all the laws in the world are rules. I'm a true dragon, and the divine arts I have are countless like the sand in the Ganges, uncountable."

Luanyu sneered and said, "however, it's truly shocking that you're able to cultivate to the innate five elements body." However, as the old saying goes, 'full of losses, modest gains.' Just when you thought that the innate five elements body was immortal, you had already buried your cause of death! It just so happens that I know this technique, the dark Dragon Seal, that is specially used to deal with five-element spiritual bodies!"

On the Dragon Claw, five dragon runes were arranged in a regular pattern, and a seal vaguely emerged, suppressing Yunxiao's body from turning into Thunder.

Qu Hongyan and the others couldn't help but want to rush into the sky, but they were stopped by lingmu di, who scolded, "Calm down, you're not dead yet!"

Yunxiao could not move at all, and he was in a very weak state. His vitality was flowing out with the large amount of blood. Even without the red rose, he would not be able to live long.

"So that's how it is. Netherdragon seal? It's really amazing, can you teach me? I really want to learn." Yunxiao suddenly looked up and said softly, '

Luanyu's pupils suddenly contracted, killing intent erupting from the depths of his eyes as he sternly shouted, "What are you doing?"

Yunxiao grabbed his Dragon arm, pushed his body back, pressed his back against luanyu's body, and pierced himself with the sword!

"Swish!"

The sword passed through his chest and stabbed into luanyu's body at the same time. With a clang, it was blocked by the Dragon scales.

However, the ice Heart Flame on the sword death's Red slash broke through the Dragon's scale defense and successfully stabbed in.

"Pfft!"

Luanyu grunted and finally could not hold it in any longer. He coughed out a mouthful of blood on Yunxiao's body.

The dragon's blood was burning, and Yunxiao's skin was immediately corroded, causing a large area of his body to rot. But, it was soon blocked by the light glass body, which was constantly repairing itself.

what a ruthless move. He actually sacrificed himself for a noble cause. But is there any meaning to this?
”

Luanyu's eyes flashed with ruthlessness as she angrily said, you're going to die anyway. You're just venting your anger before you die. I'll be merciful and let you be happy.

“Hehe, really?”

Suddenly, Yunxiao's lips curled up into a smile. His body gradually glowed with lightning, and then he kept turning into lightning and disintegrating.

A vortex of lightning appeared where his chest had been pierced through. Luanyu's arm had also passed through the vortex. At this moment, it was covered by a large amount of lightning, which continuously struck the Dragon scales.

“What?”

Luanyu cried out involuntarily, as if he had seen a ghost. He was in a state of confusion as he roared madly, “Impossible! How are you going to turn into lightning under my netherworld Dragon Seal? It's impossible even if you have the innate five elements body!” He had once used this move to kill an innate five elements spirit body without fail.

yes, this move of yours is indeed very powerful. I didn't expect you to have a move that could suppress the five-element spirit body. It's really dangerous.

Yunxiao's body turned into thunder and lightning from where the Dragon arm had pierced through, flashing in the sky and looking extremely dazzling.

He slowly turned his body around and faced Luanyu directly. The sword in his hand pushed forward a little, causing Luanyu to groan again and blood to flow from the corner of her mouth.

“Impossible, this is impossible! What the hell is going on?”

Luanyu was instantly thrown into a state of confusion. Not only was his mind in a mess, but even his mind was in a mess. all the laws in the world are rules.

My Dark Dragon Seal is the rule that suppresses the power of the five elements. How can it be ineffective?!

“Hehe, I’ve said it before. Only those who have been chosen by the heavenly Dao should accomplish the impossible. If you can only do what anyone can do, what’s the use of the heavenly Dao!”

Yunxiao’s eyes were cold, and his killing intent burst out.

you’re not injured?!!

Luanyu suddenly discovered that Yunxiao’s face had turned pale because of the great consumption of energy, and there was no blood on it!

“I understand!”

He suddenly shouted, as if he had just woken up from a dream. He said angrily,

You’re not even injured! In other words, Yingluo, you’ve already turned into lightning from the very beginning!”

After thinking for a while, he finally understood that it was not that his nether Dragon Seal had failed, but that Yunxiao had long turned into Thunder and covered it up with an illusion, deceiving him all this time!

Yunxiao nodded. that’s right. I didn’t know what method you would use to attack me, so I transformed into a Thunder body and covered it up with an eye sorcery.

He opened his eyes. His right eye was blood red, while his left eye was pitch black.

“Normal pupillary abilities would not work on you, so I only used them on myself. Furthermore, it was only a small area of concealment. At first, I thought that my caution was unnecessary, but I didn’t expect it to be so dangerous.”

The strange look in Yunxiao’s eyes returned to normal, and a look of lingering fear flashed in his eyes as he said, “Never in my dreams would I have thought that there would be a technique in the world that could suppress the elemental essence conversion of the five elements spirit body!”

Luanyu seemed to be extremely unwilling as he roared, “I’ve been trapped in that black hole. How did you know that I would appear behind you and attack you? don’t tell me that you sensed it instinctively. My star Cloud incantation is inside the black hole, so you can’t detect it!”

“It’s interesting to talk about it.”

do you think I’ll tell you that lady Lin has shown me the memory of your battle through a video? ” Yunxiao sneered. do you think I’ll tell you? ” I’ve already seen you use this move a few times. I’ve been on guard since your Dragon Realm turned into a black hole. You’re right, there’s an old saying, “full of losses, modest gains.” Just when you thought that with the dark Dragon Seal suppressing my five elements spiritual body, you would be able to achieve an extraordinary victory, you’ve buried your cause of death!”

Yunxiao returned those words to luanyu. At the same time, he performed an incantation gesture with one hand, and demonic runes appeared on his arms as he poured all his demonic power into the sword death’s Red slash.. The ice fiend Heart Flame burned up with a whooshing sound, turning into a vortex and striking toward luanyu’s wound!

Chapter 2018: The battle of the bet (4)

Luanyu sucked in a breath of cold air. He naturally knew the might of the ice fiend Heart Flame. If this thing burned into his body, not only would he lose this battle without a doubt, even his life would be in danger!

“Don’t underestimate this senior!”

Luan Yu let out a wild roar. His entire body was shimmering with golden light, and all of his dragon scales appeared. Moreover, he grabbed the sword with one hand. A wave of vast Dragon might blocked the ice fiend Heart Flame a foot in front of him, and it could no longer advance!

The muscles in his body began to contract towards the sword’s hilt, gradually forcing the sword death’s Red slash out.

Yunxiao was taken aback. He did not expect the Dragon body to be so strong. His left hand formed a sword spell, and purple lightning flickered as he struck it towards Yuri’s eyes.

“You’re wicked!”

Luanyu gave a furious roar as he pulled his right hand out of Yunxiao’s thunderous body and swung his tail like a golden iron.

The Golden tail hit Yunxiao’s seal and stirred up a ring of lightning.

Luan Yu only felt a sharp pain in his tail. The purple lightning had pierced a hole in it like a sword, causing blood to burst out.

However, he couldn’t care about this now. He grabbed the red sword of death with both hands and used the physical strength of his dragon body to force the sword out.

Yunxiao was also anxious. He had almost had Great Expectations when he stabbed luanyu with his sword, but now he was shocked to find that he could not kill her!

Moreover, the material of the sword death's Red slash was limited, and it was not very strong. Under the violent pressure of the ruling plume, it actually began to bend.

“Go to hell!”

Luanyu roared and suddenly raised his hand. The red rose in the sky fell between his fingers. With a flick of his finger, it shot out.

“Dragon field-Nebula art! ”

The distance between the two was too short, and Yunxiao instinctively sensed great danger. No longer caring about killing luanyu, he suddenly pulled back the sword death, turned into a Thunderbolt, and fled backward.

The Rose suddenly spread apart, its petals falling and turning into the power of a territory, which caught up with Yunxiao in an instant.

“BOOM!”

Yunxiao summoned a sword realm with his sword to block the power of the star Cloud incantation while the dozens of Details turned into blood-red blades

and slashed down!

“BOOM! BOOM! BOOM!”

“BOOM!”

Yunxiao's blood and Qi were tumbling, and he finally suffered an internal injury, causing him to cough up a mouthful of blood.

After taking dozens of slashes, his body was sent sliding hundreds of feet in the air. Only when the power of the Dragon Realm disappeared did he put the sword down. He couldn't help but spit out another mouthful of blood.

The two of them were thousands of feet away from each other in the sky. They looked at each other coldly and kept adjusting their inner Yuan.

Yunxiao had used up a lot of his energy in the fight with several big moves, or he would not have been injured by the Dragon field Nebula art.

Luanyu's injuries were even more serious. Yunxiao had stabbed him with a sword, and the Dragon scales on his chest had been broken by the sword Qi and the ice fiend Heart Flame. The flesh and blood around the wound had been burned into charcoal, making it difficult for him to recover in a short time.

Otherwise, with his dragon body, it would not be a big deal if he was injured by a sword.

Lingmu di exhaled heavily and said, "I knew this kid wouldn't die so easily. I was really scared just now."

"But isn't that Zhiyu's strength a little too abnormal? it's hard for husband to win!" Fei Ni said anxiously.

"Perverted?"

Lingmu di rolled his eyes at him and said, "true dragon luanyu now has the cultivation base of void realm, and he has the body of a true dragon. He can crush Yunxiao in any aspect, but he is at a disadvantage. Who do you think is more abnormal?"

These words made everyone's hearts beat wildly.

Feng Yaoli's eyes were also filled with gloom and coldness. If he were to fight against luanyu, he wouldn't have the confidence to win either. But, Yunxiao had suppressed Yuri, which made him wary.

* Cough cough *

Luanyu coughed out blood continuously in the sky, coughed out the waste blood that had accumulated in his body, and adjusted his dragon essence. I never dreamed that you could actually hurt me!

there will only be more and more things that you can't even dream of, Yunxiao said. that also proves that you are no longer suitable for this era. I

don't care if you were a Dragon or an insect in the past, you should be an ancient being.

Luanyu was furious and said hatefully, "You're not qualified to make me die!" what's the use of being tough with your mouth?" Yunxiao sneered. the blood on your body has already proved my qualification.

Luanyu fell silent and suddenly said, "Do you know why I've never used a weapon even though I have so many treasures on me?"

the body of a true dragon is the best weapon," Yunxiao said after some thought. what other weapons do you want?"

"You're right. The true Dragon's body itself is the world's strongest weapon. Every part of my body is comparable to a top-tier weapon. Even when I refined the world sword back then, I was just playing with it."

Luanyu's expression turned cold as he said,"that's why a Dragon's body is immortal, and you can't kill me .." He pointed at his chest and said, "and this sword wound will recover in no time."

"Haha, Lord Yuri, you're feeling guilty." if I could really recover quickly, would you still be telling me these meaningless things?" Yunxiao sneered. I'm not a fool. You'll most likely calm your mind and recuperate, waiting to recover before fighting me again, but you didn't. He only emphasized how strong he was. Wasn't this a sign of a guilty conscience? It's clear that the sword did hurt you. I was worried before because I didn't know about your injuries, but now I have a better understanding."

"You coward!" cough cough!!

Luanyu's anger attacked his heart, and he couldn't help but cough up another large mouthful of blood. His body's functions rapidly declined. Yunxiao's sword had indeed wounded him, and the wound left by the ice fiend Heart Flame was healing extremely slowly.

"Oh? It seems that your injuries are more serious than I thought."

A murderous look flashed in Yunxiao's eyes as he slowly walked forward with the sword in his hand.

The moon pupil in his right eye and the demonic pupil in his left eye both flickered with light in case Yuri was up to something. However, under the observation of his two eyes, the aura of the Dragon was indeed continuously decreasing.

The ruling plume was not in its complete dragon body at the moment, so its strength was naturally not as terrifying as the legends said.

"Lord Yuri, I know that you are very unwilling to accept this, but the choice of the heavenly DAOs ... Even if you can't accept it, you have to accept it."

While Yunxiao was speaking to distract Luanyu, in case he came up with any tricks, he forced him to go forward.

He walked to a distance of a thousand feet, a distance that could be used to attack and defend. Only then did he raise the sword death to cut the red, and the sword in his left hand was raised high.

Once again, billions of stars flickered in the sky, vanishing in a flash.

Luan Yu's face was filled with anger. He raised his hand, and his Dragon Fist flickered with an infinite amount of light. He roared repeatedly as he poured power into his fist. Instantly, it aggravated his injuries, causing him to continuously spit out fresh blood.

Yunxiao's pupils constricted as he stared at Luanyu. The latter's injuries were indeed very serious, and the blood he coughed out was mixed with pieces of his internal organs, which could not be faked.

“Lord True dragon, you’re really old.”

Ancient true dragons were almost invincible existences in the legends. They never dreamed that they would one day be beaten to the point of vomiting blood.

Yunxiao sighed, then suddenly thrust his sword forward.

“Star sword slash!” “Dragon Fist-infinite light!”

“BOOM!”

The two forces collided, but it was much weaker than the first time the two had collided. After all, they had both used up a lot of energy.

The violent light hit the two men, and Yunxiao felt as if thousands of blades were slashing down on his body, causing him great pain.

However, under the wondrous spiritual eyes, he could see that the scales on the Luan Yu’s body were also continuously broken under the impact of the attack, and they were almost on the verge of collapse.

“Victory or defeat depends on this one move!”

Yunxiao made up his mind, gritted his teeth, and took a few steps forward against the pain before he suddenly slashed down with his sword!

“Crack! ”

Suddenly, the sound of soil and stones breaking came. It was very soft, but it did not escape Yunxiao’s ears.

Although he did not know what was going on, as soon as he heard the voice, Yunxiao instinctively felt that something was wrong, and a great danger rose in his heart, as if he had fallen into a trap.

“How could this be?”

His heart trembled slightly. Although he couldn't understand, his careful nature made him instantly decide to give up. The sword that had just slashed out was suddenly pulled back and abruptly retreated.

“So quick-witted, you only want to escape now?”

Luanyu's indifferent voice was heard. There was no emotion in it, but it made one's body turn cold.

“Bang! Bang!”

The air exploded one after another as the Dragon's body shattered the space and moved to Yunxiao's side in an instant, its claw falling down like a Falling Sky.

Yunxiao was so shocked that he did not have time to think about it. He also threw out a palm of wind and cloud to meet the Dragon Claw.

“BOOM!”

When the two forces collided, Yunxiao had just performed the star swordslash, and the power of the palm of Gale and cloud was too weak, so it was blown up by the Dragon Claw.

The Giant Claw fell and instantly caught Yunxiao in its palm.

At the same time, Luanyu performed an incantation gesture with her other hand and struck Yunxiao's chest. Yunxiao found that his body seemed to be confined, and he could not move!

“Dark Dragon Seal!”

Yunxiao cried out in alarm, his face turning pale.

“Hehe, it’s the dark Dragon Seal. Could it be fake again?”

Luanyu laughed triumphantly as he looked at Yunxiao in his claws. He was like a bird in a cage, unable to escape even if it had wings.

“How is that possible? Your strength is obviously weak.”

Yunxiao tried his best to resist The Giant Claw and kept prying apart Luan Yu’s fingers.

Luanyu snickered and said, “if I let you transform into lightning, who knows how long this martial arts duel will drag on for!”

As he opened and closed his mouth, a large amount of blue light flashed.

Yunxiao suddenly came to a realization as if he had been electrocuted. “Dragon

Crystal!”

“Haha, it’s the Dragon Crystal!”

Luanyu laughed wildly. this Lord is a true dragon. How can I not have a Dragon Crystal in my hands? although it can’t recover my injuries, it can allow my power to directly recover to its peak state!

Yunxiao cursed in his heart. He had neglected such a heaven-defying item.

The Dragon Crystal was the product of failure when a true dragon was born in the world. It could instantly revive the descendants of the dragon with full blood. Although its effect would be weakened on a true dragon, Yuri took out all of its treasures and swallowed them all at once.

The injuries in his body were immediately suppressed, and his strength was restored to its peak, even stronger!

“In order to trick you into coming here, I deliberately tore the wound on my chest even more seriously, just for this!”

Luanyu’s eyes were cold, staring at him as if he was looking at a dead man.. He coldly said, “You’re right, victory or defeat depends on this one move!”

Chapter 2019: The battle of the bet (5)

“Hahaha!”

In front of the palace, Feng Yaoli couldn’t help but burst out laughing. “Old ginger is spicier. Yunxiao is indeed smart and witty, but luanyu is as cunning as a seasoned veteran. In order to set up a trap, she even risked her life, which is a little worse than li Yunxiao’s cunning!”

Li Yi also smiled and nodded. “He’s really dead this time.”

When Luo Qingyun had advanced to the divine sovereign realm, he had been so jealous that his chest had almost exploded. Now that he saw Yunxiao dying, he felt a little better.

“We don’t want the heavenly Phoenix’s true tail feather anymore, we admit defeat!” Feini said anxiously.

“Admit defeat? Haha, is there such a thing as admitting defeat in this competition?” Feng Yaoli sneered, his face full of mockery.

In the palace, Lin did not say anything, and no one knew what she was thinking.

“Lord mu di, quickly think of a way!”

Qu Hongyan also became anxious and said, “We can’t let him kill Feiyang!”

Lingmu Di’s face was also solemn. Under such circumstances, he could not think of any other way for Yunxiao to turn the tide, but he was not willing to lose like this.

alright! lingmu di sighed and said, “if Yunxiao admits defeat, we’ll immediately save him.

Feng Yaoli’s lips curled into a sneer. As long as lingmu di and the others made a move, he would stop them immediately. If Yunxiao was killed by luanyu, he would be able to seize Huo Dou’s soul.

In the sky, luanyu grabbed Yunxiao and said in a cold voice, “let’s end it here. Master of the divine realm tablet, you should be proud that you have forced me into such a situation.

Yunxiao’s face flickered, and countless thoughts ran through his mind. Under the circumstances that his strength could not resist the Dragon Claw, and the Thunder body was locked, there was nothing he could do.

Luanyu suddenly opened her mouth and took a deep breath. Immediately, a Dragon’s Roar reverberated out and resounded through the nine Heavens!

“Boom boom boom!”

The space around luanyu was instantly shattered, like a flat mirror that had been shattered into countless fragments and scattered into the void.

“Roar of the true dragon!”

Yunxiao instantly thought of this move. Luan Yu’s ultimate skill was the roar of the true dragon, which not only attacked the physical body, but also the soul.

It seemed that Luanyu not only wanted to kill him, but also wanted to destroy his soul.

This was the last thought he had before he was hit. The terrifying sound wave immediately hit his body, and blood instantly burst out from his seven orifices.

The light glass body kept operating, barely resisting the sound wave. However, with the pressure of the Dragon Claw, a large number of meridians burst. In an instant, Yunxiao was covered in blood, unable to put up any resistance.

flying!!

Qu Hongyan screamed miserably and rushed into the sky.

Feini, Yunshang, Lingmu Di, and Beiming Nan were also sent flying in an instant. Yunxiao was bound to lose, and if they did not save him now, he would probably lose his life.

Suddenly, an ice-cold sword Qi broke through the air and pressed down in front of everyone. It was as if an unsurpassable coldness was placed in front of everyone.

Feng Yaoli’s figure flashed, and he stood on the other side of the ice River with his sword in hand. He sneered, “In a martial arts duel, if someone admits defeat, it doesn’t count as admitting defeat. As a bystander, I have the responsibility to maintain fairness!”

“Fair? I’m going to kill you!”

Fei Ni shouted with all her might. Her boundless anger turned into flames and formed The Phantom of a Heavenly Phoenix in the dark night. The extremely high temperature was scorching the ice River.

To Feng Yaoli's shock, he found that his ice sword was trembling under the

power of the heavenly Phoenix genuine fire. "A great success in the bloodline of the heavenly Phoenix?"

Not only did Fei Ni raise her strength to the peak, the rest of the people also made their moves, preparing to defeat Feng Yao with a single blow to save the others.

At the same time, the powerful sound waves shattered the sky. Everyone covered their ears, and some of the weaker ones even rolled on the ground in pain.

Luo Qingyun struggled painfully under the Dragon's might. He knelt on the ground with one knee and tried to support his body. Blood and tears flowed from his eyes. The strong consciousness of a martial artist made him unwilling to kneel!

However, his soul was filled with an innate fear of a true dragon, and that fear spread through his entire body.

"No! I can't kneel! I can't kneel!"

Luo Qingyun suddenly roared, and a Dragon's Roar was also heard. Although it was instantly shattered by Luan Yu's Dragon's Roar, courage was summoned from the blood in his body, and the fear in his soul was dispelled. He stood up from the ground with iron bones.

Li Yunxiao, even I can overcome my innate fear, so you can't die in his hands!

Luo Qingyun suddenly lifted his spear and flew up. He turned into a Dragon and also rushed toward the ice River.

"Luo Qingyun!"

Wei Qing was furious and shouted, but he couldn't order him. Wei Qing's face was dark and Vulture-like, his anger surged, and his bony fingers clenched so tightly that they made explosive sounds.

"All of you, calm down."

Feng Yaoli said coldly. He glanced around. If everyone joined forces, he would not be able to take it.

In an instant, he transformed into Huo Dou's true form and used the Taiji sky-sealing seal to seal everything within a thousand miles!

Everyone who was executing their ultimate skills suddenly felt that time and space had been shackled. The strength in their bodies was instantly suppressed, and they were unable to use their ultimate skills at all!

Bi and can were also shocked. They felt a chill in their hearts as they looked at the Taiji seal that extended for a thousand miles.

Qu Hongyan and the others almost passed out. Their faces were as pale as paper, without a trace of blood.

In the sky ten thousand miles in front of them, Yunxiao was unable to resist the huge Dragon Claw. Not only was his body covered in blood and he almost lost consciousness, but the sound waves also poured into his spiritual altar and spiritual ocean and began to wreak havoc, destroying his soul!

Suddenly, a golden light shone in his spiritual ocean as Yunxiao's origin consciousness materialized and sat cross-legged on it. As he performed incantation gestures with both hands, an ancient Maha character emerged around him to resist the impact of the sound wave.

As the Dragon roared, the ancient characters kept shattering, turning into golden powder and falling on Yunxiao's body. Soon, he had turned into a golden man.

"BOOM!"

The Maha ancient characters were all shattered, and the Dragon roar finally landed on his body in his sea of consciousness. His entire spiritual altar shook, and he almost exploded!

“You can’t!”

Yunxiao’s origin consciousness cried out, and suddenly, a sealed door of memory seemed to open in his spiritual ocean.

“All things are born from one Qi, the sky is clear and the earth is turbid.”

“The number of Dayan is fifty, and at forty, there are nine suanni.” “The number of heavens is five, the number of earth is five,”

“Now that you’ve obtained my inheritance, I’ll send you into Samsara. The rest will depend on your own luck.”

“If I can reincarnate, I will definitely open this door one day and obtain the complete analysis of my great expansion divine technique.”

Yunxiao’s pupils constricted as his lost memories in the tiandang mountains came back one by one, and the gloominess of the divine Art that he had been pondering over for years was instantly cleared up!

“So the analysis of the Shen technique has always been in my spiritual altar and sea of consciousness, it was just that it was sealed by Yan Shen. He’s afraid that after I reincarnated, my cultivation wouldn’t be high enough and I would activate the great expansion divine technique, causing my soul to be destroyed!”

Yunxiao was overjoyed. He quickly performed an incantation gesture with both hands, and a golden light emerged from his body. The ancient Maha characters in the divine incantation appeared in the void one by one, falling down like mountains.

“BOOM!”

“BOOM!”

“BOOM!”

With each word, the Dragon’s Roar was suppressed a little.

Then, the entire spiritual altar began to ripple and emit a dense white light. At first, it was as quiet as a calm lake. Then, it was like the rising tide of the sea. With the fall of the Maha ancient character, the white light became stronger and stronger. Finally, it accumulated to a certain extent. Like a lake water that burst out of a dam, it rushed out of the sea of consciousness!

“BOOM!”

Yunxiao, who was held by the true Dragon’s giant claw, suddenly glowed with a white light and blocked the roar.

“What?”

Luanyu jumped in shock. She originally thought that it was about to end, but she didn’t expect a sudden change!

The hearts of qu Hongyan and the others also jumped out, and their eyes were wide open. They could not imagine that there would be a change in the situation!

Feng Yaoli, who was on the other side of the ice River, was also stunned. He was almost dumbfounded. “Could that bright light be a Kasaya?”

“Right, it is indeed the Warlock God’s light.’

In the palace that had been silent for a long time, Lin’s voice rang out once again. She was also a little surprised as she said, “And this light feels familiar, could it be Yan Shen?”

Yunxiao? ” lingmu Di’s heart jolted, and he hurriedly said, ” li Yunxiao was also transmitted by the great expansion divine technique.

“What?”

Feng Yaoli’s expression changed drastically, and he said in shock, ” “He actually inherited two Shen methodology? This is impossible!”

He had cultivated the true primordial tactics, so he naturally understood the origins of these four divine tactics. He also knew how terrifying their power was. He could not even reach the peak by cultivating one of them, let alone Yunxiao, who had two.

What he did not know was that Yunxiao had collected the rest of the four divine arts, but because of the limitations of his talent and cultivation base, he could not cultivate them one by one.

Lin ignored Feng Yaoli and said slowly, ” “So that’s how it is. This light shouldn’t be his, it was most likely something that Yan Shen had sealed in his body and was forced out by the true Dragon’s Roar. Tsk, tsk, how interesting.”

“In my Lord’s opinion, which one of them will win this battle?” lingmu di asked.

“If I could foresee it, wouldn’t it be better to just give him the heavenly Phoenix’s true tail feather?” Lin said indifferently. Why did he create such a situation? The only thing I know is that Luan Luan Yu is going to suffer.” When qu Hongyan and the others heard their conversation, they were all shocked and anxious. They could not understand what was going on until Lin said the last sentence. The three women were slightly relieved.

In the sky, Yunxiao’s sorcerer God’s light rushed out of his body and struck the sound wave back in an instant, causing luanyu’s head to hurt.

what’s going on?!

Luanyu roared loudly, his eyes almost bloodshot, " impossible! This is the light of the Warlock God. Even the light of the Warlock God can not block my croak of the true dragon. What is going on?"

He was about to explode with anger. Yunxiao had not died even after this, which drove him completely mad!

He raised his fist again and gathered an infinite amount of light.

All of a sudden, Yunxiao's eyes widened. They were bloodshot, and all kinds of runes covered his eyes.

The white light of the Warlock God suddenly stopped, and a powerful spiritual power directly gathered in his eyes, pouring out through the moon pupils!

"Divine skill-sky lacking!"

"BOOM!"

Luanyu only felt as if someone had smashed his sea of consciousness with a hammer. The infinite light on the Dragon Fist also dissipated under the gaze of the moon pupil..

Chapter 2020: The battle of the bet (6)

"It's the eye race's God skill!"

Luanyu's heart trembled. He hugged his head with both hands and wailed in pain, " impossible! How can your spiritual power be so strong?"

It was as if there were thousands of steel needles stabbing into his sea of consciousness, causing him to have a splitting headache.

Yunxiao also felt his right pupil swell as if it was about to split open. The power sealed by the divine Alchemist in his spiritual ocean was surging like a river, endless.

He wanted to close his right eye, but he couldn't exert any strength at all. Instead, his right eye opened wider and wider, and finally, it was completely numb.

"Boom boom boom!"

As the last bit of power was poured out, Yunxiao's right eye was swollen like a pomegranate, and his eyeball was bulging out, looking extremely ugly.

Luanyu, on the other hand, was bleeding from all seven holes, and was in a sorry state comparable to Yunxiao.

"With such a powerful mental energy pouring into his mind, is Luanyu finished?"

Feng Yaoli's face was solemn as he looked up at the sky. At this moment, Yunxiao had basically lost all his strength to fight. Blood was flowing out of his eyes, nose, and mouth, and his body was flickering with a glazed light as he was constantly repairing his body. His breath was extremely low.

Especially her face, which was completely deformed by the moon eye. The dense meridians and blood vessels covered her face, making her look like a ghost.

Luanyu's head had turned into a bloody head, and his eyes were dull. However, his body was still emitting a powerful vitality. After all, the moon pupil's attack just now was mainly on his spiritual altar and sea of consciousness, so the impact on his physical body was not seri.

The glazed light on Yunxiao's body was constantly repairing his body. He turned his hand and grabbed, and a ball of golden light emerged in his palm, emitting a soft light. It turned into a Golden Wheel and flew out, slashing at Luanyu's head.

At this moment, Luanyu's spiritual altar was only damaged, and her five senses and six Senses had become numb and dull. Yunxiao knew that if time passed, he would be in danger when he recovered, so he took advantage of the situation to kill him.

The Golden Wheel spun in the air and gave birth to thousands of strange phenomena. It was definitely not an ordinary profound level weapon.

Lin's shocked voice came from within the palace, "Golden Wheel of the Magic Tree!" so he's been studying this for the remaining ten days after his breakthrough," he said slowly. it's just that he hasn't had enough time. Can he control it?"

A vast golden formation appeared above the Golden Wheel of the magical tree. Hundreds of cogwheels spun inside, driving the entire formation. In addition, there were over 10000 devil talismans hidden within it, making it extremely mysterious.

"Bang!"

The dragon tail behind Luan Yu smacked over, and the vast sky was instantly streaked by a green light. The huge tail struck down and struck the Golden Wheel, shaking off more than half of the phenomenon.

However, the tail did not seem to have much strength. The ruling plume was still not clear-headed, and it was only instinctively defensive consciousness. Its hands also grabbed forward.

"Bang! Bang! Bang! Bang!"

As the Golden Wheel spun, blood spurted out from his palm and the Dragon scales on his arm were scratched.

The Luan Yu was constantly pushed back by the Golden Wheel of the Magic Tree, but it was unable to hurt its dragon body.

Yunxiao frowned. He did not have much strength left, so he could not help but feel a little anxious. He made a hand seal with one hand and retrieved the Golden Wheel.

His other arm released six ding and six Jia, and twelve puppets instantly flew out, setting up a formation around Yuri.

Six giant spirits appeared in an instant, each holding a weapon and slashing at the Luan feather in the array.

“BOOM!”

Six light blades, halberds, and Tridents fell at the same time, slashing at Yuri’s body and sending him flying. The sword wound on his chest was torn open by several inches, and blood flowed out.

Zhuyi’s sea of consciousness was damaged, and his entire person became extremely sluggish. He did not have any spirituality or agility, and did not know how to dodge. He could only instinctively defend in the array.

Feng Yaoli sighed and shook his head, “A true dragon of a generation is going to fall here, just like that?” There was some pity in his eyes, but more of it was a deep fear of Yunxiao.

A smile appeared on Lingmu Di’s face. He smiled and nodded. “In the end, the new generation will replace the old.”

Wei Qing and the others were not happy to hear this, and Li Yi’s face was as dark as water, his eyes filled with hatred. He hated Yunxiao for being so strong, and he hated himself for not having such great strength.

The three women also relaxed. Luanyu was constantly attacked by the giant spirit in the formation. Even if his dragon body was tyrannical, he was also riddled with holes now, his entire body covered in blood. There was no way to turn the situation around.

Feng Yaoli’s eyes flickered, and he said, “Victory and defeat have already been decided, there’s no need to continue fighting, right? Luanyu has lost.”

“Who was the one who said that he didn’t admit defeat and had the responsibility to maintain the fairness of the martial arts competition?” qu Hongyan said angrily.

Feng Yaoli looked at her coldly and said, “In order to maintain the fairness of the martial arts competition, I suggested to stop. Luanyu’s mind wasn’t clear right now, so it was impossible for him to automatically admit defeat. It was equivalent to losing the opportunity to admit defeat. It’s different just now. Although Yunxiao was seriously injured, he had the chance to admit defeat.” “You’re twisting logic, a bunch of nonsense!”

Fei Ni was also furious, “we will never admit defeat!” We have to fight to the death, and that will be the end of this martial arts competition!”

“The martial arts competition has its own rules, how can it be up to you to agree or disagree? Since you want to break the rules, I can only use force to maintain the fairness of this martial arts duel!”

Feng Yaoli waved his cold sword, his eyes cold as he stared at Yunxiao, and killing intent flickered in the depths of his eyes.

Lingmu di and the others were still suppressed by the sky-sealing seal. They could not help but be shocked. lady Lin!

Lin’s voice rang out from within the palace, I’m the one who sets the rules of the martial arts duel, Who Do You Think You Are?”

Multicolored light flashed in the sky, and there seemed to be a vague figure moving. It was misty, and the real body could not be seen. However, there was an extremely strong aura pressing down.

Feng Yaoli’s expression changed. He held the sword in front of him and said, ‘ “Then what do you think the rules should be like, Lord Lin? In any case, I won’t agree to a life and death battle.”

He didn’t know what agreement he had with luanyu, but it seemed to protect luanyu’s life.

Suddenly, a violent roar came from the sky. The twelve divine beings killing formation was attacked by a vast force and broke from the outside. The entire formation was split into two!

“Pfft!”

Yunxiao was immediately hit by the impact, and he could not help but cough out a mouthful of blood.
“Who is it?”

This power was definitely not the power of the ruling plume. The ruling plume was already an arrow at the end of its flight. Its entire body was covered in blood as it floated in the air, almost unconscious.

This sudden change shocked everyone, and they all looked up.

Suddenly, a large amount of pitch-black demonic Qi gushed out of the void and completely wrapped around the Luan Yu. It gradually disappeared.

“Impudent! I can’t believe I’m trying to kidnap someone right under my nose!”

die! Feng Yaoli shouted and immediately put away the Taiji sky-sealing seal. In a flash, he appeared in the sky, and his cold sword swept across the void.

“Bang! t,

A sword light struck out and blocked the cold sword and ice Frost, causing a flower of Ice and Fire to bloom.

In the darkness, a cold and sharp face slowly emerged, staring at Feng Yaoli.

Yunxiao’s body trembled as he cried out in surprise, ‘ancient dust sword! Bo

Yuqing!”

His left eye immediately turned pitch-black, and his demonic eye looked into the deeper void. An old figure was faintly visible.

“Oh, you found me?”

That figure had a smile on his face as he walked out of the darkness and smiled at everyone.

“Lu congzi!” Qu Hongyan was shocked.

The two people standing in the sky were Lu congzi and Bo Yuqing. Just now, Lu congzi had swept away the Yuri’s body with demonic Qi and it was now unknown where it was.

“Hand over luanyu!” Feng Yaoli said coldly.

Bo Yuqing didn’t say a word, his face cold and expressionless, not paying any attention to what he said.

“Damn it!”

Feng Yaoli angrily rebuked, “ then go to hell!

A powerful sword Qi burst out from the ice sword. It was as if a country was falling, and the ancient dust was crushed under it. Ya Ya ” sounds were heard, and a crack appeared on it.

The cold air attacked, and a thick layer of ice formed on Bo Yuqing’s body, as if he was completely frozen.

“Please calm your anger, Your Majesty.”

Lu congzi smiled faintly and raised his hand. A stream of demonic energy transformed into a force and struck the ice sword with a bang.

The surrounding temperature rose, and the ice melted. Bo Yuqing suddenly raised his sword and retreated a few thousand feet.

Bo Yuqing lowered his head and looked at the gap in the ancient dust sword. He couldn't help frowning, anger appearing between his brows.

Feng Yaoli didn't chase after him. Instead, he looked at Lu congzi coldly, and his heart was filled with shock. He couldn't see through the cultivation of the person in front of him, but just by standing there, he had the aura of a Grandmaster, giving him pressure.

"You recognize this Lord? Who are you?"

"Hehe, you must be the King of the Snow country, Feng Yaoli. And I, Lu congzi, the chief of the sea of soul formation, am The Alchemist who rules the world."

Feng Yaoli was shocked. He snorted. I don't care who you are. Hand over the ruling plume now, or you'll be dead!

Lu congzi said, " you have seen the injuries on Lord Yuri's body. They can't be cured easily, especially his spiritual altar and sea of consciousness. More than half of them were shattered by Yunxiao's divine spell. I'm afraid that only my sea of soul formation can cure it. ' what? " Feng Yaoli frowned. are you saying that you can't even refuse? "

"Hehe."

"Although it's not pleasant to hear, it's true," Lu congzi nodded with a smile.

"Hmph!"

Feng Yaoli sneered. there's no such thing as a free lunch in this world. How would I know what you're up to? and what are you after? "

"This has nothing to do with the monarch, right?" Lu congzi asked. As long as I can cure Lord Yuri, isn't that what the ruler wishes for?"

Hmph! Feng Yaoli snorted. even if you really have the ability, how can I trust you? '

"Hehe, you have to believe me, Your Majesty," Lu congzi chuckled. Moreover, I'm the chief of the sea of soul formation. How could I lie to you?"

Feng Yaoli fell silent, as if he was in a dilemma.

The ruling plume was of great use to him, and he would never let anyone kill it easily. But at this moment, as Lu congzi had said, he had to believe that he had no better choice.

Moreover, if he were to forcefully make a move, it would be a problem if he could snatch the ruling plume back from the two of them.

Lu congzi chuckled and said, "the current situation is very clear, and the monarch will surely understand." Besides, we have a common goal, and that is the true tail plume of the heavenly Phoenix. Is Your Majesty really willing to let

Yunxiao have the true tail plume?"

The moment these words came out, everyone's faces changed abruptly.

Qu Hongyan and the others had flown up into the sky the moment the Taiji sky-sealing seal was withdrawn and stood beside Yunxiao to heal him. When they heard what he said, they were all furious.

Qu Hongyan's face was covered with a layer of frost.. Thinking of Yunxiao's hard work and life-and-death struggle to win the battle, she gritted her teeth and said, " "Lu congzi, you should really die!"
