

The Eternal 2021

Chapter 2021-another storm

Lu congzi smiled and didn't say anything. He looked down at Wei Qing and his son and cupped his fists. "Two officials of the Council, you must have come here for the real tail feather, right?"

"Of course , " Wei Qing replied.

then, my Lords, do you think it's appropriate for li Yunxiao to have the true tail feather of the heavenly Phoenix? " Lu congzi chuckled.

"Of course it's not appropriate," Wei Qing shook his head.

Lingmu di was both angry and amused, "what does it matter to you whether it's appropriate or not?" he said. This true tail feather belongs to the heavenly Phoenix, but it's lady Lin's. Lady Lin can give it to whoever she wants, so what are you all interfering in?"

you can't say that, " Lu congzi said. this true tail feather is a Supreme treasure left behind by the ancient celestial Phoenix for the heavenly martial arts realm. Everyone here is an expert of this realm, so they must be responsible for the whereabouts of this true tail feather.

"Yes, Lord Lu congzi is right!" Li Yi clapped his hands and praised, his face full of flattery. It was as if he had just eaten honey, and he was indescribably happy.

Everyone was speechless. They didn't expect a Grandmaster like Lu congzi to be so thick-skinned and say such far-reaching words.

Although Wei Qing also thought this way, at this moment, he still had to pretend to be deep in thought. He slowly nodded and said, " the chief is right. I didn't consider it carefully before. What do you think? " He turned around and looked at the dozen people behind him.

“Yes, that makes sense, it does make sense!” the true tail feather of the heavenly Phoenix is the most precious treasure of the heavenly martial arts realm. It should be shared by everyone. How can it be taken by one person?”

“That’s right, I already felt that the martial arts duel was extremely inappropriate.”

“In my opinion, we should let the leader of the world, the Holy region, take care of this true tail feather.”

The crowd immediately chimed in, one after another, getting more and more excited as they spoke.

When Wei Qing heard that he was going to let the Holy region keep it, he quickly cupped his fists and said, “I wouldn’t dare, I wouldn’t dare. Although the Holy region is the first in the world, if you really want to keep the true tail feather, you must be under the supervision of the world.”

Qu Hongyan was so angry that she almost fainted. She had known these people for a long time, but she had never thought that they would be so shameless. She immediately rebuked, “All of you shut up! Can you guys be any more shameless?”

Yunxiao shook his head with a wry smile and said, “Hongyan, you can’t reason with these shameless people. Let’s take a good look at their faces and note them down. If anyone utters another word, we’ll find him and mince him after we get out of this eternal world. Then, we’ll break his soul and make him unable to reincarnate.’

The people in front of the palace were so scared that they trembled all over.

Their faces were ashen, and they covered their mouths, not daring to speak.

“Feiyang is right. I’ll remember what these people look like,” qu Hongyan sneered. She looked down and swept her gaze over everyone. Not to mention the others, even Wei Qing’s expression changed.

hehe, elder Yunxiao, is this a threat?”

Lu congzi laughed, but his face turned a little gloomy, and a mass of dark demonic Qi flashed on his face.

Yunxiao picked his nose and flicked it in his hand as he said, "So what if it's a threat? If you're not happy, you can come and hit me.

Although Lin had been hiding in the palace and had not shown her face, he believed that with Lu congzi's cunning and cautious character, he would not act rashly.

Lu congzi seemed to feel disgusted. He waved his hand and said, "elder Yunxiao, if you continue to be so arrogant, I'll have to consider removing you from your position as an honorary elder.

"No way? Remove my honorary elder position?"

Yunxiao pretended to be shocked and terrified, and then he chuckled and said,

Then hurry up."

Lu congzi's face also turned cold. The two of them looked at each other in the sky. The atmosphere became a little somber, but it also became quiet.

Both Lu congzi and Wei Qing were very clear about what they wanted. They wanted the heavenly Phoenix's true tail feather, and they even wanted to kill Yunxiao. However, Fan Yao in the palace had always been hiding his strength. With a casual pointer just now, Luo Qingyun had broken through the barrier and entered the divine sovereign realm. Such cultivation base and understanding of the heavenly Dao really terrified them.

Lin's voice came from the palace, and she said slowly, "A bunch of boring people are no different from dog shit in my eyes. Li Yunxiao, come down! The true tail plume of the heavenly Phoenix is yours."

Lu congzi and the others' expressions changed drastically, and they were even angry. They glared at the palace, trying to see what was inside, but they were blocked by a force. No matter how powerful their divine senses were, they couldn't penetrate it.

the most important thing for a man is to know his own limits," Yunxiao said with a sneer. do you dogsh
* ts deserve something like the true tail plume of the heavenly Phoenix? " Hahaha!"

He laughed out loud without restraint, but his heart was extremely heavy.

He knew that Lin's condition was not very good. The end of her life meant that she could die at any time. If Lu congzi and the others were determined to attack the palace, they would not be able to stop them at all.

Therefore, the more arrogant and domineering he acted, the more the other party couldn't figure out the truth and the more they would be wary of him.

Yunxiao and the others flew down from the sky and entered the palace. Can and Phoenix stood in front of the palace's door, looking at the crowd coldly and contemptuously.

"Your Majesty, what should we do now?" Lu congzi asked.

Feng Yaoli rolled his eyes at him and sneered, " 'You're asking me, but who should I ask? You're the one who came up with the idea, so you should think of a way yourself. However, I have to remind you that lady Lin was at the peak of the world King realm during the demon-sealing war."

Lu congzi seemed to know about the regional King realm as well, and his face turned even gloomier.

"But you also know that that was back then. He's not as powerful now."

An unfamiliar voice came from the void, and a man gradually walked out. It was pang Yun, the expert Yunxiao and the others had met when they first entered the eternal world.

"Who are you?"

Lu congzi asked with a frown.

There were too many experts in the eternal world, and any one of them was a divine sovereign realm expert. This made the people who were originally at the peak of the heavenly martial realm very depressed.

Pang Yun laughed, "my reputation has long been forgotten by the world. Let's get down to business." As far as I know, Fan Yao not only has the heavenly Phoenix's true tail feather, but also more than ten ordinary feathers, all of which are priceless treasures. Fan Yao's strength wasn't the same as the world King realm from 100000 years ago. It was said that he had been severely injured by the demon master and had fallen in cultivation. Didn't you all notice that Fan Yao had never revealed his true body? There's definitely a problem."

Sir, you're right," Lu congzi cupped his fists and said. what do you think is the problem, Sir? '

"I'm guessing that it's probably because the injuries from back then haven't healed yet, so it's hard for him to move around now. Otherwise, with your arrogant words just now, if you wanted to divide the true tail plume, Fan Yao would be so angry that he would come out and dismember your bodies."

"That makes sense. What should we do now?" Lu congzi looked like he was seeking advice.

"Cough, cough, of course we should charge in and then snatch the heavenly Phoenix Feather." Pang Yun coughed twice.

"Alright, we'll follow your Excellency's lead and kill our way down!" Lu congzi cupped his fists and gestured for pang Yun to take the lead.

Pang Yun's expression changed slightly as he said, "we should all work together on this matter. There's no need for priority." If we have to elect a leader, you have more prestige. After all, you're the chief."

Lu congzi waved his hand and said humbly, "Hehe, what chief? that's just an empty title. You should be the one leading us, since you know more about the fan Yao." haha, I don't understand. It's just hearsay.

Pang Yun waved his hands repeatedly as the two of them exchanged words modestly.

he's just a mere demon. Is he really that terrifying?"

A thousand feet away, the space rippled and a man walked out with a mocking expression.

The faces of Wei Qing and the others turned ugly. The fluctuation of the battle between Yunxiao and Luanyu was too great, and it had probably alarmed too many old monsters, who had all come. This way, even if they managed to obtain the heavenly Phoenix Feather, it would be difficult for them to get a share.

Feng Yaoli, on the other hand, had another thought. He did not care about the heavenly Phoenix Feather, and he just wanted to kill Yunxiao and take Huo Dou's soul.

Lu congzi looked at the newcomer and gave him a thumbs up. "Your Excellency is very bold."

Hmph! the man snorted and sneered, "since you don't dare to make the first move, how about I take the lead?"

"Alright!"

A few voices were heard at the same time. Lu congzi, Pang Yun, and the others were all praising him.

The man did not speak, but only sneered. He flicked his sleeve and said, "Follow me." He then headed down.

Seeing that there was a leader, everyone was more excited.

Furthermore, the leader had the cultivation of a divine sovereign justice realm, so he should be able to test the depths of the hall.

"Impudent!"

“Everyone stop!”

Can and Chan stood on the left and right of the palace gate. They glared at the crowd with their eyes wide open. The aura from their bodies instantly burst out and pressed down on the crowd.

The expression of the person in the lead changed slightly, and he said, “These two are void extreme existences. I’m not their match. Which one of you will go first?”

“You can’t even defeat the guards, and you still want to go in and find Fan Yao?” pang Yun frowned.

That person said coldly, “I only said that Fan Yao can’t make it now. I didn’t say that the guard can’t.” If it weren’t for your cowardice, the heavenly Phoenix’s true tail feather would have already been in everyone’s possession.”

“Damned rat! Do you think you’re worthy of lady Lin making a move? The two of us are enough!”

The referee suddenly let out a loud roar. The broad axe in his hand swayed as he chopped down!

The leader seemed to have been prepared for this, and he stepped out with his feet, allowing him to Dodge.

we’ve already come this far,” Lu congzi said in a deep voice. no one has a way out. Go! He flipped his hand and took out an item. It was The Dark Wheel left behind by Yu Shengfeng. It was extremely sharp and emitted a dark light.

The rest of the people also made up their minds. Suddenly, a shocking aura burst out and pressed down on can and bi.

“A bunch of death-seeking things, let them come in.”

Lin's voice came from within the palace. It was emotionless, causing everyone's hearts to tremble and be on high alert.

Bi and can looked at each other, then turned around and ran into the palace.

In the hall, Yunxiao was holding a long Jade box in his hand, which was the true tail feather of the heavenly Phoenix given to him by Lin. Although he didn't open it, he could feel that it was unusual..

Chapter 2022: Yao Jinliang's death

Lord Lin, " Yunxiao said with a frown, " you asked bi and can to retreat. We're in trouble now. Lu congzi and the others can probably guess that Your Excellency's situation is not good."

The Golden Ball of light in the hall flickered non-stop and said indifferently, "My condition was already bad to begin with. Keeping can and the others outside will only increase the danger for them."

what? " Yunxiao was taken aback. from what you've said, my Lord, it seems that you have a solution? "

"No," Lin replied.

"How should we deal with this Tao Wu?" With a flip of his hand, Yunxiao put away the heavenly Phoenix's true tail feather and said worriedly, "Let's leave it to fate. I still have one more attack," Lin said.

Everyone's heart skipped a beat as they raised their heads in shock.

Lingmu Di's face revealed a sorrowful expression, and he said in a deep voice, "

"What do you mean, my Lord?"

"I don't have much time left," Lin said. "At the cost of sacrificing my lifespan, I can unleash a full-powered attack at the creation realm. Whether they can escape or not will depend on their luck."

The Great Hall was filled with sorrow. Everyone knew that Lin would no longer exist after that one attack. there's no need to be so sad, " Yunxiao said. let's fight our way out together. We can at least open up a path.

li Yunxiao is right, " lingmu di said. it's impossible for them to keep us here.

"Hmph," he snorted.

Lin snorted disdainfully and said,"when have I, Lin, ever needed to escape to save my life?" Moreover, these people have intruded into my forbidden area, so how can I just let them go like this?"

At this moment, Yi and can retreated in.

Lu congzi and the others followed him in and stood at the entrance of the hall.

They were a thousand feet away from the Golden Ball of light, staring at it

coldly.

The leading man's eyes swept across the hall and the corner of his mouth curled up into a cold smile,"Lin, where are you?"

Lin's voice came from the Golden Ball of light."Who are you?"

The man was stunned for a moment, and his pupils shrank as he stared at the

Golden Ball of light. He chuckled, "Haha, you're so weak that you can't even maintain your body?"

Lu congzi and the others were taken aback. They looked at the Golden Ball of light and found it hard to believe that the legendary regional King had been weakened to such an extent.

li Yunxiao, "Lin said. come behind me.

Yunxiao and the others suddenly fell silent and stood still.

"Do you still think you can protect these people in your current state?" the man in the lead sneered.

"Lord Lin, let me tear them apart!" The referee said angrily. Old can and I have never been afraid of death!"

Lin smiled indifferently and said, "fool, when did I say that you're afraid of death?" However, there was no need for them to sacrifice themselves in vain.

Quickly, get behind me. '

Can seemed to have sensed something. He stood on the spot and refused to move. He said in a deep voice, "My Lord, please tell me what's next? We're standing behind you. What's next?"

The Golden Ball of light spun non-stop, and its luster became gentler. It slowly said, "You guys don't have to worry about Yingluo from now on."

The leading man was leading the group forward step by step when he suddenly stopped and said in surprise, "Oh? Do you still have other tricks up your sleeve?"

Can's expression was grave as he shook his head and said, "I won't go over." I've been following Daren for so many years that I've forgotten about it. The realm of heaven martial arts is no longer the era we lived in. I'm not interested in it anymore."

“I’m not interested either,” the referee also said seriously.

The Golden Ball of light spun rapidly, and the entire Hall was silent.

Yunxiao suddenly smiled, turned to Lu congzi and the others, and took a few steps forward. Your Excellency, you should give up. How can we face our hearts in the future if we rely on sacrificing a woman to escape? ”

He thought of Lin’s perfect face, and how she had to sacrifice herself to protect them. He couldn’t help but feel anger rising from the bottom of his heart, and his blood began to boil.

The leading man seemed to heave a sigh of relief and said, ” “Oh, he’s going all out.”

Yunxiao was severely injured at the moment. He took out a Jade box and gently opened it, from which a faint yellow light shone.

Feini’s heart skipped a beat. She immediately sensed that it was a Heavenly Phoenix Feather.

Yunxiao clenched his fist, and the Phoenix Feather flew into his palm, where a flame appeared and burned slowly.

Lin had originally given it to him so that he could refine and absorb the true power of the heavenly Phoenix within it so that he could break through to the divine sovereign realm. But now, he was using it to heal his injuries.

The Phoenix Feather was ablaze, emitting circles of true light of the heavenly Phoenix, which was instantly absorbed into Yunxiao’s body by the one Qi of creation technique.

“Heavenly Phoenix Feather! My Heavenly Phoenix Feather!”

Yao Jinliang’s pupils contracted, and his face twisted. He roared and rushed forward!

“Yao Jinliang!”

“Come back!” Wei Qing was shocked and hurriedly shouted.

When he saw the heavenly Phoenix Feather, he couldn't hold back anymore. He rushed over with red eyes and released the ghost hunter in the air.

The burying Cloud Beast also let out a roar and charged forward, shoulder to shoulder.

The auras of a human, a beast, and a twist fused together perfectly and turned into a spiral attack. A golden word “fight” appeared on it.

“The battle Saint technique!”

The ground was swept up by this force, and the space kept shaking.

Qu Hongyan was a little surprised. Fearing that Yunxiao would be injured again, she stepped forward with her sword, but was stopped by Yunxiao. “I'll do it.”

Yunxiao's light glass body was constantly healing his internal injuries. At this moment, he had absorbed a large amount of Heavenly Phoenix true force, and his strength had recovered a lot.

“It's time for us to settle things. There were too many things to deal with at first, so I didn't have time to take care of you. But since you've rushed out, I'll settle our matter earlier and let you die early.”

Yao Jinliang was furious. The two of them were originally equally famous, but now they were worlds apart. He had become so disdainful in the eyes of the other party.

His heart filled with shame and anger, he poured all his strength into the profound level weapon, increasing the power of the battle Saint technique by a few points.

Yunxiao's face was calm as his body turned into a golden light, and his three-headed and six-armed Dharma form appeared, each of them performing a hand seal.

“Three seals in one!”

The giant palm condensed in the sky and instantly turned into a Golden Dragon, which roared and flew up!

“BOOM!”

The demon ghost slashed at the Golden Dragon, forcing it to retreat step by step, showing signs of collapse!

Yunxiao's eyes flickered with a golden light, and his three Dharma forms all had cold looks on their faces as they said at the same time, “Not bad, but it's a pity that you have to die early!”

The Dharma form in front of him made a hand seal with one hand and raised the other hand high. Suddenly, hundreds of thunderclouds of different colors appeared and rolled in the sky.

“Thousand lightning movement-lightning finger!”

Two fingers on his right hand came together, and purple lightning jumped on them as he suddenly struck forward!

“Boom boom boom!”

The entire Hall was filled with the sound of wind and thunder. A purple lightning bolt as thick as an arm rushed out and struck the ghost hunter at the moment the Golden Dragon exploded!

“Bang!”

The ghost hunter strangulation kept producing cracking sounds. Then, the purple lightning passed through it and shot into the bodies of Yao Jinliang and the cloud -burying beast.

At the same time, the colorful thundercloud in the sky descended rapidly and exploded between the man and the Beast.

The burying Cloud Beast let out a blood-curdling screech as blood gushed out from the sky. It was unknown whether it was beast blood or human blood, but all of it flew over. "Bang!"

"Bang!"

The two of them were sent flying, crashing into the walls of the palace and falling down.

Both the burying Cloud Beast and Yao Jinliang's bodies were charred black, and smoke was constantly rising from them. It was as if they had been cooked by the lightning. The demon ghost twist also fell to the side, but it was completely deformed by the purple lightning.

The burying Cloud Beast let out a low groan as it continuously touched Yao Jinliang with its front claws, wailing in pain.

"Pfft!"

Yao Jinliang only spat out a large mouthful of blood after a long while. He struggled to stand up from the ground, but his legs were constantly trembling.

Everyone looked at him quietly, and Yunxiao retracted his three heads and six arms. The attack just now had triggered his internal injuries again, but the power of the heavenly Phoenix Feather was being continuously absorbed.

"Hahaha! Hahaha!"

Yao Jinliang suddenly laughed so hard that his face was twisted. He gritted his teeth and said, "Gu Feiyang, are you trying to kill me? You couldn't back then, and you still can't do it now!"

He suddenly circulated his inner energy and broke his own heart meridian!

More and more blood trickled down from the corner of his mouth, dripping onto the ground like a curtain of beads.

Knowing that he would not be able to escape this calamity, he would rather commit suicide to preserve his last bit of dignity as a martial sovereign than die pitifully in Yunxiao's hands.

The burying Cloud Beast suddenly let out a low wail as large teardrops fell from its eyes.

After letting out a few mournful cries, the burying Cloud Beast stopped as well. It lay down at Yao Jinliang's feet, motionless, and completely dead.

A man and a beast stood quietly in the corner of the hall, like statues, dead.

Yunxiao heaved a long sigh. He could not help but feel a little sad when he thought of how happy he was when he fought for the title in the Holy region.

"Tsk, tsk, is this the strength of the master of the divine realm tablet? To be able to use such a powerful attack while being so heavily injured, he really does have his own extraordinary points."

The leader of the group suddenly laughed and complimented him in a rather playful manner.

Yunxiao glared at him and pointed a finger at him as he said coldly, "This young master still has many powerful attacks. Next, I'll use them on you one by one!"

The man clapped his hands and laughed. welcome, welcome. It's been a long time since I've made a move. My skin is itching for a scratch. I'm waiting for you.

After Yao Jinliang's death, Yunxiao's state of mind did not seem to be in a good state. The hall was filled with a murderous aura, and everyone's auras seemed to have been fighting for a long time, causing sparks to fly in the air.

Once they started fighting, it would definitely be earth-shattering, but no one dared to make the first move.

Li Yunxiao is buying time to recover from his injuries," the leader said seriously. If he wants to make a move, it's better to do it as soon as possible.

"I'll listen to your orders," Lu Congzi said.

The rest of the people nodded in agreement.

The man snorted in disdain and said, "Of course, it's not a problem for me to take action. I'm just afraid that I'll be like Yao Jinliang. There won't be any reinforcements after I rush up, and I'll die a tragic death in vain."

Lu Congzi said, "That's different. Yao Jinliang was acting alone. No one knew that he would suddenly attack. We can't mess up the entire plan for him. As long as you take the lead, we won't just stand by and watch.."

Chapter 2023: chaotic battle

"Don't worry, Sir. We'll definitely work as one." Wei Qing also said.

In the face of so many powerhouses, Wei Qing's idea was very simple. It was naturally good to get the true tail feather of the heavenly Phoenix, but it did not matter if he could not. He had to suppress Yunxiao's growth, or it would be too terrible if he were allowed to continue developing.

If he could kill Yunxiao here, his trip to the eternal world would not be in vain.

Feng Yaoli had similar thoughts. The true tail feather of the heavenly Phoenix was secondary, but the key was the remnant soul of Huo Dou in Yunxiao's body.

At this moment, these people surprisingly maintained a consensus, with a sense of common hatred for the enemy.

The leading man also seemed to be aware of this subtle atmosphere and showed a slight surprise, smiling, "Alright, then let's work together."

He didn't dawdle any longer, and as expected, he rushed forward. With a wave of his hand, a vast expanse of white sword light scattered out, and he said, "I'll deal with Li Yunxiao. Let me see how powerful the Lord of the divine realm monument is. How extraordinary is he to be able to obtain the favor of the heavenly Dao?"

Lu Congzi and the others kept their word and followed closely behind without hesitation.

When they saw that the man had challenged Yunxiao alone, they frowned at first, but then they thought about it and relaxed their brows. They each went to find an opponent to fight.

Although Yunxiao was seriously injured and his strength had been greatly reduced, he was still the core figure and not easy to deal with, so he was happy to let him go first.

Holding his sword, Yunxiao went up to them, feeling a little depressed. The title of the master of divine realm tablet would probably bring him a lot of trouble, and all of them were old monsters of this level.

The other party did not attack with all his might, but only made a probing attack. The two of them exchanged dozens of moves in an instant. The other party was not flustered or anxious, as if he was sparring with him. "Luo Qingyun, what are you doing?"

Not far away, Wei Qing's angry shout came, his face was livid and he was furious.

Luo Qingyun actually stepped forward and blocked his way. He held his spear and said, "I'm sorry, Lord Wei Qing. I'm indebted to lady Lin and can't just sit by and do nothing."

"Then what if you're indebted to me?" Wei Qing said coldly. If it weren't for me, you wouldn't have been able to reach level ten divine blood. Do you think you have the right to stand here and talk to me?"

"I've helped you several times, so we're even now," Luo Qingyun said.

"Even? You are an ungrateful thing!"

Wei Qing was furious. if I can raise you up, I can also suppress you!

In his rage, a golden light rose from his palms and he slapped it out.

Luo Qingyun didn't say a word. He held his spear horizontally in front of him and let him hit him. Bang Bang " sounds rang out, and rays of light scattered.

Luo Qingyun only defended and didn't attack. The more Wei Qing fought, the angrier he became, but he had no choice but to vent his anger.

"BOOM!"

The entire Hall finally couldn't withstand the energy fluctuations of the chaotic battle and collapsed, turning into countless broken stones that scattered in all directions.

Qu Hongyan and the other two girls were engaged in a fierce battle with Lu congzi and his senior brothers.

Yi and can were fighting intensely against Wei Wuya. Working together, they were forcing Feng Yaoli to retreat.

Pang Yun was fighting with Ling mu di, while the weaker ones like Nan fengxuan were stopped by beifeng Nan and his patrolling Bulldog. Bu Zi and the other two also went to fight with the experts below the immortal state.

The sky was shattered, and divine arts and ultimate skills were everywhere.

Yunxiao began to worry. Although they still had the upper hand, his opponent was extremely strange, as if he had no bottom. No matter what he did, he could only entangle himself.

The strong were strong, and the weak were also weak, like paste.

Who are you?! Yunxiao asked in a deep voice.

hehe, it doesn't matter who it is. I only want your divine realm tablet. If you can give it to me, I'll turn around and leave. Oh, no, I'll turn around and help you deal with them. How is it?"

The corners of the man's mouth curled up into a smile, and the sword in his hand was waved in an extremely carefree manner. From the beginning to the end, it was just the simplest moves of stabbing, slashing, cutting, and so on, without any order.

Yunxiao knew that it was because he had a very high understanding of the sword Dao that he could perform it so freely and smoothly.

I'm seriously injured," Yunxiao said tentatively. if you had used your full strength, you would have taken me down a long time ago. Why do you have to pretend to be kind? you're afraid of me, aren't you? '

"Haha, fear? Why should I be afraid?"

The man sneered, but his smile was a little stiff.

Yunxiao's thoughts were immediately confirmed as he said, "I also want to know what you're afraid of, and I want to know who you are even more." "Knowing this won't do you any good!" The man sneered.

Yunxiao laughed. you're going to Rob me of my divine realm tablet. What benefits do I expect? " he said.

The man's face turned ashen, and the sword in his hand lost its stability. Although it was still dancing without any gaps, it seemed to be a little sharp and impatient.

"You're not even willing to use your divine abilities, are you afraid of being recognized? It seems you must be someone with a great background. Let me force out your identity!"

Yunxiao's face darkened as he opened the immemorial heavenly eye in his heart and sent out a fierce gust of wind.

"Roar!"

Not only was the wind extremely sharp, but it also produced the roar of a crocodile.

The man's face darkened. He formed a seal with his left hand and slapped it.

"Bang!"

A mirror-like barrier formed in front of him, blocking the strong wind. The crocodile broke into pieces and turned into a tornado, but it still couldn't shake the enchantment.

you're definitely not a divine sovereign realm expert! Yunxiao's face flickered. you're definitely not a divine sovereign realm expert!

With the crocodile's abilities, even a divine sovereign justice realm expert would not be able to receive an attack so easily. This was a difference on two completely different levels.

The man said slowly, " it's hard not to tear it down. I just want the divine realm tablet. Why do you have to force me? "

'Can you be any more shameless? The divine realm tablet is related to the fate of the heavenly martial realm. Even if I give it to you, do you dare to take it?'

"Why wouldn't I dare?"

The man's eyes lit up, as if he was excited.

"Alright, then you take it!"

Yunxiao held his right hand in front of him, and a brilliant white light rose as the divine realm tablet slowly flew out. He then retracted his right hand and slammed it hard on the tablet, knocking it away.

"Whoosh!"

The divine realm tablet immediately turned into a stream of light and flew into the sky.

"What?"

The man was taken aback, then surprised and overjoyed. No longer paying attention to Yunxiao, he turned and flew away.

At this moment, several shocked voices came from the sky!

"Divine realm tablet? Is that true?" that's the strongest holy weapon in the heavenly martial arts realm, the one that's related to the fate of a realm?!

"No way? He gave up so easily? I think that kid is quite strong."

that brat must have known that he couldn't keep it, so he threw away the cart to save the king. Although he's useless, he's smart enough.

After several voices, more than ten rays of light appeared out of thin air and all flew toward the divine realm tablet.

Yunxiao looked up at the sky in a daze and said in a speechless manner, 'throwing a stone to find the way. One red packet blew up all the lurkers.

Even Lu congzi and the others 'pupils dilated. They no longer cared about the fierce battle and all flew to snatch the divine realm tablet.

"Nonsense!" Lingmu di shouted in shock and anger. How can you throw this away!"

Yunxiao shrugged helplessly and said, "If I lose my life, what's the use of keeping it?"

Lingmu di was speechless. Although Yunxiao's words made sense, he still felt very uncomfortable.

He was also shocked by the fierce battle at the moment. He didn't expect that there were so many experts hidden in the sky. If the divine realm tablet hadn't appeared, these people would have waited until both sides were injured before they came out to take advantage of the situation.

The leading man was also extremely depressed. Although he had guessed that there must be people hiding in the void, he didn't expect so many to be hidden.

He angrily rebuked, "Get lost!"

He changed the sword in his hand, and his power was much stronger than before. He rushed into the sky and instantly killed a returning to reality realm warrior. a piece of trash wants to get his hands on the divine realm tablet? do you think this thing is a toy? " All of you, go to hell!"

In an instant, hundreds of sword lights were slashed across the sky.

“Bang! Bang!”

Another two weaker people exploded and died on the spot.

The man descended like a god of death. Instantly, a cold air filled the sky, shocking many experts.

Even Lu congzi and Feng Yaoli were shocked, and their eyes flickered with fear.

the divine realm tablet has appeared in the world, and the capable occupy it. Why can't we snatch it? ”

An old man was unconvinced. He snorted angrily and rushed into the sky again.

Only then did the rest of the people recover from their shock and fight to snatch it.

The man was so anxious that he couldn't care about killing anymore. His figure changed several times and caught up with the crowd.

My divine realm tablet!

A man pounced on her like a hungry wolf pouncing on a wild rabbit, his eyes shining.

Dozens of people rushed over at once, afraid that they would be one step slower.

The leading man was shocked and angry. He teleported to the divine realm tablet and said excitedly, ” My divine realm tablet! He also reached out to grab it, but the moment his palm touched the golden light, he suddenly felt a chill in his heart, and a bad feeling rose in his heart.

“What's going on? why do I have a bad feeling? Could it be that I, Haofeng, the sovereign of the world and the most talented one, can't get the divine realm tablet? What right does that li Yunxiao have?”

His heart was filled with extreme jealousy and dissatisfaction. Suddenly, he cried out in his heart, "no, that's not it!"

The divine realm tablet, which was a thousand feet long and made of green jade, suddenly changed into a mountain peak with six colors, and it crashed toward him!

"Not good, we've been tricked!" retreat! Hao Feng shouted in shock and suddenly retreated.

However, the mountain suddenly became several times larger. The six-colored light was like a vortex spinning around it, sucking everyone in. They were dizzy from the impact and spat out large mouthfuls of blood.

Hao Feng was also greatly alarmed, only feeling that the power of the earth was about to tear him apart!

"Clang"

At this critical moment, a dazzling blade energy broke through the sky. It was like the first ray of light in the dark sky that lit up the entire sky!

"BOOM!"

The six-colored light of the Tusita heavenly peak was cut off by the saber radiance!

Chapter 2024- Saber King

"What?"

Everyone was shocked and looked up at the sky in horror.

After the light of the Tusita heavenly peak was cut off, the peak lost its color and rolled down from the sky with a rumble.

The people who had been swept into the six-colored light were also sent flying out, escaping the calamity.

However, a few of the returning to reality realm Masters were crushed and spat out blood. They could hardly fly.

Li Yunxiao! Hao Feng's face was dark as he said coldly, "how dare you lie to me!"

The killing intent on his body was piercingly cold. Everyone present felt a chill in their hearts and found it unbelievable.

"You're Yingluo."

"Four kings!" One of the experts suddenly exclaimed.

Hao Feng's eyes turned cold as he glared at the man and slashed with the saber in his hand.

bang! the man didn't even have time to scream before he was cut in half. His internal organs and body fell to the ground.

The entire sky quieted down. Everyone was intimidated by his fierceness and didn't dare to speak.

Yunxiao was also shocked. He had been trying to force the other party to reveal his identity, but he did not expect him to have such a powerful background.

He calmed down and laughed. He clapped his hands and praised, " "Amazing, truly amazing. Did mysterious separation Island also want to snatch the divine realm tablet? I've just met the mist Rock Master and ye Nantian of your Island. May I know your name? If Island master ye Qingyu wants to take the divine realm tablet, I can't fight him, so I have to give it to him with both hands."

Pang Yuan was also sucked into the six-colored light of the Tusita heavenly peak just now, so he was still frightened and wary of Yunxiao's danger. He snorted and said, " "If I'm not wrong, he should be the King of Blades, Haofeng."

Pang Yuan was a little unwilling. He cupped his fists and said, " "Since mysterious separation Island has interfered in the matter of the divine realm tablet, I know my own limits. I will not fight for the divine realm tablet. However, I still wanted to stake my luck on Feng Zhen's tail feather. Could it be that mysterious separation Island has such a big appetite and wants to take all of them?"

"That's right, I hope that mysterious separation Island will leave some soup for us to drink."

Another void realm warrior said in a deep voice.

"That's right, that's right." The ten-odd experts in the sky all called out in agreement, saying, " "Mysterious separation Island can't be too overbearing, take all the benefits for yourself, at least leave some soup for us. After all, it wasn't easy to come here, we can't have come for nothing."

Hao Feng didn't say a word. His face was ashen. He held the treasured saber and stood there unmoving. He was unusually conflicted.

He had originally wanted to blend in with the crowd and take advantage of the chaos to get his hands on the divine realm tablet without anyone knowing. Now that his identity had been exposed, he would be in big trouble.

The Golden Ball of light flickered in the sky, and Lin's voice rang out. "No wonder people know that I'm not in a good state. It's Lord Haofeng, one of the four kings. Did ye Qingyu send you? Hehe, ye Qingyu is the only one in the entire eternal world who knows about my condition. I didn't expect to fall into his trap. Hehe, the king of the Eastern Region, hehe, hehe."

Hao Feng's expression suddenly changed, and he said seriously, "Lady Lin, you've misunderstood. The island master didn't know about this. I heard that the master of the divine realm tablet was coming, so I couldn't help but come to take a look. It was completely my personal act. Besides, I don't want to snatch the divine realm tablet. I just want to see what this legendary object looks like.'

Although everyone knew that it was just an excuse, it at least made one position clear, which was that neither mysterious separation Island nor Haofeng would openly oppose Yunxiao and Lin.

then, you've already seen it just now, Your Excellency. Are you satisfied?" Yunxiao said.

Hao Feng was furious and grunted, "Although it's an illusion, at least I know what it looks like. I'm satisfied!" He was extremely depressed as he spoke viciously.

it's late then," Yunxiao said. my Lord, you can go back for dinner.

"You!"

Hao Feng's face was pale with anger, and his eyes were as sharp as knives. Everyone was so scared that they didn't dare to look him in the eyes.

Yunxiao, however, did not care. His right eye was still swollen like a pomegranate, and it had not recovered yet. The demonic energy in his left eye was churning, so he naturally did not fear his gaze.

"Good! As expected, every generation has its own talents!"

Since his identity had been exposed, he made a prompt decision and gave up his fantasy of the divine realm tablet.

With a clang, Hao Feng kept his saber and turned to leave. With a few steps, he disappeared into the void.

“Haha, good job! Since the mysterious separation Island won’t interfere in this matter, then this old man will take this divine realm tablet and the real tail feather of the heavenly Phoenix!”

The void extreme divine realm old man laughed wildly. A ribbon in front of him kept spinning, and golden light came out of it. It was a long spear. Under the old man’s incantation gesture, the spear spun on its own and suddenly shot down.

Suddenly, waves of chilliness came from the sky. A blade energy slashed over from an infinite distance and instantly fell down, chopping at the old man!

The old man was shocked. He quickly retracted his spear and used it as a shield.

“Bang!”

The light on the spear was dispersed by the blade energy. The old man spurted out blood and retreated in the air.

This sudden change shocked everyone, and they looked at the void in horror.

Hao Feng, who had already disappeared, reappeared with his saber. He walked over step by step, and flowers bloomed under his feet with every step.

“Haofeng! Didn’t you give up? Don’t tell me you’re a despicable man who goes back on your word?”

The old man’s face was covered in blood as he cursed in shock and anger.

Hao Feng said coldly, ‘although I gave up on snatching the divine realm tablet, did I allow you to do so? You trash are not worthy to touch something that even I can’t get?’

The old man’s blood rushed to his heart, and his face turned red. He roared, ‘ “What are you being so arrogant for? Even among the four kings, apart from the Misty Rock Lord, the other three are only at the

void realm. I am also at the void realm, so why would I be afraid of you?" it's good that you're not afraid. Don't be so hysterical. Let's fight!

With a few steps, Hao Feng was within a thousand feet of the old man. The Nirvana blade in his hand flashed and a blade light cut through the sky, cutting open a hole. "Sky piercing slash!"

"Dip flintlock!"

The old man was furious. He waved his spear and charged forward!

"Bang!"

The saber radiance once again shattered the spear aura. The battle spear let out a sad cry and actually broke in the air!

"Pfft!"

The old man spurted out a mouthful of blood. After the saber cut off the spear, the slash landed on his body, causing blood to spurt out.

impossible! They're both at the void pinnacle stage, but how can the difference be so great?!

The old man's eyes were filled with disbelief. The knife wound on his chest went straight into his bones. It was a ghastly sight.

"That only means that you've fed all your cultivation to the dogs," Hao Feng sneered.

The old man's entire body trembled. Seeing Hao Feng walking over step by step, he was finally afraid. He let out a loud cry and turned into a beam of light to escape.

"Trash, you only know you're leaving now? what were you doing earlier?"

The corner of Hao Feng's mouth flashed with disdain. The yuan Nirvana blade rose again, and a Jade-colored blade light streaked across the sky. With a "Chi" sound, the old man was cut into two pieces, and blood splattered across the sky!

This time, everyone was scared half to death. A void extreme God Realm expert was cut to death by him in three blades just like that!

Everyone's expression changed.

Haofeng raised his saber and put it on his shoulder, then said to Yunxiao and the others, "you guys can leave. With me here, let's see who dares to have any ideas about the divine realm tablet."

Yunxiao was so shocked that he could not speak. "Why are you helping me?"

A cold look flashed across Hao Feng's face as he snorted, "If I can't get the divine realm tablet, how can these pieces of trash get it? I don't want you to die here and the divine realm tablet to be taken away by these dregs." When the people around him heard this, their faces darkened. He had scolded everyone in one go, and no one had a good expression.

that's it?" Yunxiao asked in surprise. it's that simple? "

"It's that simple," Hao Feng said coldly.

Everyone's expressions changed, and they glared at him, but they didn't dare to make a move.

thank you," Yunxiao cupped his fists and said. but the time of Langya heaven is not up yet, so we can't go out for the time being.

Hao Feng said, "the eternal world is open. Langya heaven will never close again. Soon, the mystery Land will merge with the heavenly martial arts realm. There will be no distinction between them. You won't be able to enter or leave this place, and this place will be the realm of heavenly martial arts." then how are we going to leave this place?" Yunxiao asked, stunned.

this is the northernmost part of the heavenly martial arts realm," Hao Feng said. if you go south, you'll be able to return to the heavenly martial continent. This eternal world will be like the outer space."

Yunxiao looked around, feeling a little embarrassed. If he and the others flew away from this place, these people would inevitably follow them, which would be really difficult to deal with.

Within the Golden Ball of light, Lin suddenly said, " I have a trans-boundary teleportation formation here that can send you out directly and land you on the heavenly martial continent randomly.

"That's good. Why didn't you say so earlier?" Yunxiao was overjoyed.

Lin was silent.

Hao Feng looked at the Golden Ball and said indifferently, " "Even though it's a small world, the amount of energy required to teleport across worlds is unimaginable. Can lady Lin still do it?"

When Yunxiao heard that, he immediately understood the key. If he used it, even Lin would have to pay a great price. that's too troublesome," he said immediately. forget it. Let's just go south. It's a bit far, but it won't take long with my escape techniques."

"It won't take much time for you to travel south openly, but you'll be in trouble," Hao Feng said. I'll escort you."

He placed the saber on his shoulder and led the way.

Suddenly, an old man appeared in front of him and blocked his way.

"Who is it?" Hao Feng's eyes flickered and he said coldly.

The man chuckled and said unhurriedly, " I am Lu congzi, the chief Alchemist of the heavenly martial continent.

“Do you want to die?” Hao Feng asked.

“Damn, how can that be?” Lu congzi said gloomily.

“Then you came forward to court death?” Hao Feng sneered.

please don't say that, my Lord, ” Lu congzi said with a smile. you'll scare me.

“You talk too much nonsense!”

Hao Feng lost his patience. He waved the Nirvana saber on his shoulder, and the saber Light shot toward Lu congzi.

“Bang!”

The gold and silver truncheons appeared in Lu congzi's hands, and he was forced back thousands of feet before he stopped. He was shocked.

“What?”

Hao Feng's eyes also revealed a strange look, and he said, ” “You're not bad.” He walked over step by step.

Yunxiao's pupils constricted. He had fought with Lu congzi before, so he knew that he had never seen the latter use his full strength. At this moment, di tu had taken out the gold Jian and the silver sword Breaker. It seemed like they were about to get serious..

Chapter 2025-saber realm's tragedy

However, even though Lu congzi was powerful, he had always been cautious.

Did he think that he had the ability to deal with Haofeng, one of the four kings?

Yunxiao could not help but feel a little strange.

Back in the ancient Devil's well, Lu congzi's strength was so freakishly strong that he had almost killed Chu Shengfeng and himself. Fortunately, the true fiend dharma body had absorbed all the devil Qi in the well and used the three thousand worlds of suppression and fansha to save their lives. But, Yunxiao still felt that there was a gap between him and Haofeng.

"Hehe."

Lu congzi wiped the blood from the corner of his mouth. He had been slightly injured by the attack just now. I wanted to make the last move, but it seems that these motley crew are unreliable. In this day and age, no matter what you do, you still have to rely on yourself!"

"Are you teaching me how to behave?" Hao Feng asked.

Lu congzi chuckled. I'll just take it as that. Actually, it's just some of my life's thoughts. It's free.

Hao Feng grinned hideously and raised his saber. but how can I listen to your teachings for no reason? I'll give you a stab as the tuition!

"Sky piercing slash!"

The saber energy tore through the air and covered a thousand miles. Layers of space were shattered. It was the strongest saber!

Lu congzi's expression changed slightly. He didn't dare to take the saber head-on, so he retreated in the air and used all kinds of body techniques to avoid it, but to no avail.

Under pressure, he stacked the two truncheons in front of him and struck out.

"BOOM!"

The Golden and silver truncheons were split into two in the air. Lu congzi was injured again and was forced to retreat.

Yunxiao rested his chin on his right hand and began to observe carefully.

The experts present were watching the fight between the two while locking their divine senses on him, afraid that he would escape.

Lu congzi covered his chest with his right hand, as if he had suffered a serious injury. He smiled bitterly and said, "Can't you be more patient?"

"Patience is a very precious thing. I never give it to my minions."

Hao Feng ignored him and continued to walk forward. He was like an extremely sharp blade, invincible.

The fact that Lu congzi was able to take two of his slashes without being defeated had already made everyone look at him in a new light.

"Alright, since the saber King likes to play so much, then this old man will play along."

Lu congzi's eyes turned cold, and he casually scattered a ray of light, which turned out to be dozens of long nails that shot over.

Yunxiao's pupils constricted as he cried out, " be careful of those long nails. There's a ten directional brutal soul inside!

'What?'"

Everyone was shocked.

The experts in the eternal world all knew about the demon-sealing war and what the ten-directional evil spirit was, but they had never seen it before, so they could not help but widen their eyes in curiosity.

Haofeng had wanted to cut off these nails with one strike, but when he heard Yunxiao's words, he put away his saber and watched quietly as the long nails fell around him and arranged themselves in the thirty-six Tiangang array.

"Hahaha!"

Lu congzi couldn't help but laugh when he saw the heavenly stars formation."Haha, Lord Hao Feng must be very curious, right? Tsk, tsk, curiosity kills the cat. This has been the case since ancient times."

Hao Feng squinted his eyes and nodded. yes, yes. I'm really curious. Quickly release it and let me see.

"As you wish!" Lu congzi sneered.

He took out a flag and waved it in his hand. Tens of millions of runes immediately flew out.

The thirty-six long nails immediately manifested and turned into iron pillars, embedded in the air. A ball of demonic Qi condensed on each pillar, gradually turning into ten-sided fierce spirit fiends, dormant on the iron pillars. The fierce Qi was threatening.

Hao Feng's gaze swept over them one by one, and his expression changed slightly, saying, " "Thirty-six true God Realm Warriors?"

Yunxiao's face turned even uglier as he said in surprise, "What's going on? these thirty-six ten directional vicious fiends seem to be much stronger than last time."

"we're in big trouble," Lingmu di said. "we're still in the eternal world. It's an independent space. There's no power of the world here."

Yunxiao immediately understood and said in shock, "does this mean that Tao Wu's 36 evil spirits can unleash their full power and surpass the power of a return to reality realm master?"

In the ancient Devil's well, the devil King Yi had once said that the realm power of the devil realm was of a higher level than that of the heavenly martial realm. Therefore, the strength of the creatures of the devil realm was stronger than that of the creatures of the heavenly martial realm according to the corresponding level.

Lingmu di said in a deep voice, "back in the ancient Devil's well, you could rely on the divine realm tablet to trigger the realm power to suppress them. I wonder how you are doing now. But don't use it casually. Once the divine realm tablet appears, it will be even more chaotic, and there will be people around who are eyeing it covetously."

Yunxiao nodded and said, "I'll recover from my injuries as soon as possible. With Haofeng's strength, he should be able to put up a fight. It's hard to say who will live and who will die."

Lu congzi's face lost its kind look and became evil. He licked his tongue and said, "This is the second time I've summoned them. Last time, my master and Li Yunxiao taught them a lesson together, and I've been working hard to train them, so I didn't train them for nothing. Today, I'll use the saber King to practice my skills." you gave me a fright! Hao Feng snorted coldly. "it turns out that you're a piece of trash that even Li Yunxiao can't defeat. "I don't know if we can capture these things alive, so we can study them," he said while holding his chin.

"Haha, my Lord, you're thinking too much. It's already a blessing to be able to return alive. You just gave me two stabs as the tuition fee, so I have to teach you something decent. Otherwise, people will think I'm a liar."

Lu congzi's face was full of sarcasm. He waved the flag in his hand, and the fiendish souls coiled on the iron pillars immediately flew up and roared as they rushed toward Haofeng.

The Nirvana saber's blade light flashed, and in an instant, he slashed out thirty-six times, accurately hitting each fierce soul fiend.

"Waa waa!"

Countless strange cries came from the sky. Those evil spirits were instantly cut in half, but they were not affected. In an instant, they merged together and pounced over again.

elemental body?

Hao Feng frowned slightly. It was very troublesome to encounter such a physique. Although it was not immortal, it would take a lot of effort to kill it.

He a few a few runes with one nana ana slappea them on the piaae.

Suddenly, a bright light shot up into the sky and illuminated for a thousand feet.

"Saber realm's death!"

"Bang!"

A trembling sound came from the Nirvana blade. Suddenly, a terrifying power burst out and the 36 evil spirits were instantly cut into pieces. The 36 iron pillars were also lifted up by the saber realm, and they exploded with a series of Bang Bang Bang " sounds.

what terrifying power! The saber King is actually this strong!

we're both at the void extreme divine realm. Is there really such a huge difference?!

he killed 36 ten directional vicious fiends with a single Saber Strike. I'm afraid that even the Misty Rock Lord is only at this level!

All sorts of discussions broke out. They were all shocked by the power of that blade, and all of them had lingering fear.

The faces of Feng Yaoli, Wei Wuya, and the other experts turned pale, and they looked extremely fearful.

Lu congzi's mouth was also wide open in shock. These 36 fierce fiends had not even had time to exert their power, and they had been killed just like that?

He was a little confused.

Wisps of demonic Qi floated in the sky like long hair. They were the pure demonic essence left behind after the fierce souls were destroyed.

After an ordinary brutal soul was killed, its body would explode into countless lower-level fiends. Only after The Fiend died would it turn into the purest demonic essence. However, these brutal souls would return to their bodies directly under the saber realm's calamity.

Yunxiao's pupils constricted. He had clearly seen the saber move just now with his magical spirit eyes.

Haofeng's power increased several times in an instant, and the power of his saber world's death was no less than that of the Misty Rock Lord. He must have used a secret technique to instantly raise his strength to the creation realm!

After that slash, Yunxiao could see that Hao Feng's true essence had dropped sharply under the observation of his spirit eyes. Although he was still pretending to be worthless on the surface, in reality, he had probably consumed more than half of his true essence.

At this moment, the devil essence that filled the sky was scattered like hair, covering the sky.

This was the demonic essence of thirty-six ten directional brutal souls. Each ten directional brutal soul was comparable to the true fiend dharma body he had lost in the past!

“This is a good opportunity!”

Yunxiao was overjoyed. He suddenly performed an incantation gesture with both hands and cast the one Qi of fate at the same time.

Suddenly, the devil essence was like rivers being swallowed by him. The scene was spectacular, and many people were dumbfounded.

Lu congzi was also taken aback, and his eyes were filled with fear. Yunxiao was a man who had absorbed the demon monarch’s avatar and could control the six paths demonic weapons. Under the attack of Haofeng’s saber world, even The Fiend energy’s hostility was gone, and it had become Yunxiao’s tonic.

Hao Feng lifted his saber and carried it on his shoulder. He continued walking toward Lu congzi and said, “What other moves do you have? The ten directional evil spirit isn’t enough, but if there are things like demon lords and demon masters, release a few for a country bumpkin like me to see.”

It was only then that Lu congzi withdrew his thoughts from Yunxiao and gasped. Facing Haofeng’s approach, he retreated another few thousand feet.

“If there are no more tricks to watch, this King will not play with you. Scum, go to the heavens.”

The Nirvana blade suddenly slashed down. Another blade light condensed in the sky and slashed down!

Lu congzi’s face was extremely gloomy. A white light appeared on his face, and a soil-like Shell suddenly formed. One side was white and the other side was black. The Tai Chi fish-like mask covered his face, leaving only two eyes exposed.

The pupils in his eyes suddenly became strange, slowly turning into pitch-black demonic pupils.

The silver sword Breaker suddenly burst with a strong light, and countless runes on it were unsealed and blasted toward the blade energy!

“BOOM!”

Yishi’s Silver light was extinguished by the saber Light, and the gang Qi continued to strike down. Lu congzi held Imperial butcher golden flame in front of him and took the saber Light head-on.

“Bang!”

Another huge tremor occurred, and Lu congzi was sent flying hundreds of feet away. This time, he didn’t look as pathetic as before. Instead, he seemed to be floating, as if he had taken the initiative to retreat and dissipate the power of the blade.

Lu congzi chuckled and said, ‘Lord Saber King, what’s wrong with the continuation? Did you wake up too early to grab the divine realm tablet and forget to have breakfast?’ The Tai Chi pattern on the mask seemed to be spinning.

Everyone was dizzy from watching, and they hurriedly closed their eyes in shock, not daring to look anymore..

Chapter 2026 -Demon Lord

Hao Feng was also slightly shocked. He didn’t dare to look at the mask, but he was too embarrassed to turn his head away. It would make him look like he was afraid of the other party and lose face.

He had no choice but to lower his eyes and look at Lu congzi’s feet. He said coldly, ” “I’ve already had breakfast, but I didn’t add an egg, so I didn’t replenish my energy. The biggest lesson I learned from that knife just now is that I must have a good breakfast before I have the strength to kill.”

“That’s a pity,’

this realization is really painful,” Lu congzi said regretfully. remember to have a good breakfast in your next life.

“Are you blaming me for not sending you to heaven with one strike?” Hao Feng laughed out loud. I apologize for this, it won’t happen again.”

The Nirvana blade was placed horizontally in front of him, and the Rings of blade light disappeared like bubbles. He was completely immersed in the blade light. With just a glance, he felt that his eyes were cut out.

Many people were shocked and hurriedly retreated tens of thousands of feet to avoid being affected by the blade.

Lu congzi’s pupils also constricted. His expression couldn’t be seen behind the mask, but his entire person seemed a little unreal under the rainbow stone Mask.

A voice suddenly came from behind him. tsk tsk, as expected. I can’t believe there’s such a place in the realm of heavenly martial arts that’s completely unaffected by the realm’s power.”

A demonic shadow condensed behind Lu congzi, turning into a human figure that kept growing larger and larger, like a giant in the sky.

Yunxiao’s eyes were filled with surprise. This was indeed a true fiend dharma body, but the giant spirit was very ordinary and did not have three heads and six arms- Moreover. there was a sneer on its face. which made it look very

intelligent.

“Something’s wrong! That’s not a true demon avatar. Something doesn’t seem right!”

Yunxiao shook his head. He was very familiar with the true fiend dharma body, and he immediately sensed the difference.

The true devil giant Spirit's pupils contracted as it stared at Hao Feng and the saber radiance around him. "So strong!"

Lu congzi's eyes were still cold as he said, "If you're not strong, why would I summon you?"

"Hehe, this time you've found a good place for me to show off my skills."

The giant true devil chuckled and suddenly formed a seal with its hands. One of its arms suddenly became huge and thick. It let out a loud roar and smashed down from the sky, its fist like a meteor.

Yunxiao's heart skipped a beat as he cried out, "Demon Lord!"

He discovered that the true devil Spirit's eyes and expression were completely different from Lu congzi's.

As the saying goes, appearance comes from the heart. When a demonic technique forms a true demonic giant spirit, the giant Spirit's expression will be affected by its master, producing a unified expression and action. Lu congzi and the true devil giant spirit were two completely different entities!

A dark, cold light shot out of Lu congzi's pupils, passing Haofeng and shooting straight at Yunxiao.

Yunxiao suppressed the shock in his heart and said lightly, "Mr. Chief, why are you staring at me? Is it really good to keep pulling the demon Lord out of the demon world?"

Everyone was shocked and looked at Lu congzi in horror. If Yunxiao's words were true, didn't this man collude with the devil World?

"Hmph!"

Lu congzi grunted, and killing intent flashed in his eyes. He made up his mind that he would not let Yunxiao go this time.

“Is this the demon Lord?”

Hao Feng’s eyes also flashed with surprise. The saber in his hand flashed, and he immediately slashed out a huge saber energy.

“BOOM!”

The punch suddenly exploded into countless demonic Qi, which was sent flying by the saber Force. The demonic Qi flew in the air and cried out.

At the same time, the power of the saber energy did not decrease. It suddenly fell from the sky and chopped off the demon Lord’s shoulders and arms.

The demonic monarch’s eyes widened, and his face was filled with shock and anger. impossible! Without the suppression of the realm power, our demonic monarch is far superior to you void realm Warriors. Why can’t my fist defeat him? ”

“Can you do it or not?” Lu congzi asked in a deep voice. This person is not an ordinary void realm warrior. I’m afraid that he is a top master in the void realm!”

“I see!”

Only then did the shock on the demon Lord’s face slowly return to normal. His severed shoulder trembled and immediately shot out countless rays of black light, like a black waterfall.

Each of them shot towards the demonic fiends and passed through them.

Shua shua shua!

Demonfiend flew in the air and cried out. He was pulled back by the black hair and was completely absorbed into the demonic monarch's body. His broken arm was restored once again.

The demonic monarch roared at the sky, and his massive body continued to shrink until he was the size of an ordinary person.

The demon Lord looked at the nearby Bo Yuqing and said, "Ji, you come out

too. This person is a little tricky. I'm afraid I can't deal with him."

Bo Yuqing frowned, but he still made a hand seal with one hand. Behind him, violent demonic Qi surged into the sky like Lu congzi, slowly condensing into a demonic Lord. He glanced around and said, "Is this the heavenly martial arts realm?"

Everyone was greatly shocked. Two demon lords had actually appeared.

Lingmu Di's face also turned ugly. These two demon lords had passed through the boundary wall of the demon world. It hadn't been long since Bo Yuqing went to the ancient Devil's well. They seemed to have mastered a way to let the demon Lord pass through quickly.

If that was the case, the danger was great. It would be fine if it was only in Lu congzi's hands, but once it went out of control, the consequences would be unimaginable.

this is the realm of heavenly martial arts, but it's a special place. There's only a weak realm power here, and it can't suppress you and me. The previous Demon Lord Qiang said.

"Lu congzi," lingmu di said coldly, "do you know that you're playing with fire?"

Lu congzi glanced at Ling mudi and sneered, "A mere puppet, I don't know what kind of cat or dog you are, but you dare to speak to me?"

Ji's eyes fell on Yunxiao, who instantly sucked away all The Fiend energy in the sky. Ji's body swelled up and was covered in fiend patterns.

"This person's mo skills are very Orthodox, he seems to be very difficult to deal with." Ji frowned.

this person absorbed part of the demon monarch's power," Lu congzi said, "not only did he inherit some of the monarch's skills, but he can also use the six paths demonic weapon.

"What?"

The two demon lords were shocked, and their faces were completely distorted. They landed on Lu congzi's left and right, their faces almost touching his. They said in a cold voice, "You're not lying to us?"

Lu congzi seemed to be a little unhappy. He pushed the two of them away and said, "Do I need to lie to you two? Moreover, our cooperation isn't something that can be done overnight. It's for the sake of our future. He was the one who chased the church away."

Yi's strength is not below us, but the ancient devil well is suppressed by the power of the world, so it can't exert much power. It's normal for him to escape back to the devil World.

Qiang said indifferently. But, his eyes were completely fixed on Yunxiao, and he ignored Haofeng.

"It seems like I've been underestimated," Hao Feng sneered.

He raised his saber and walked toward Lu congzi and the two demon lords with a threatening saber Qi.

Ji's gaze swept across everyone and he said in a deep voice, "How can the people of the realm of heavenly martial arts be so powerful? These people aren't easy to deal with!"

these people are all the top powerhouses in this world," Lu congzi said with a smile. besides, not all of them are enemies. With a flip of his hand, he took out two battle sabers that glowed with cold light. He

handed them to the two demon lords and said, this is one of the conditions I agreed to. It's a profound level weapon specially made for you.

"Oh? It's good stuff indeed!"

The two of them were overjoyed. They took the knife and carefully observed it. the alchemy of the heavenly martial arts realm is indeed far superior to that of the devil realm, " Qiang Zan said. although this saber is not as good as the one in the hand of this man, it is still a top-grade weapon.

"Lord Qiang, if you can snatch the Nirvana origin saber of the saber King, won't it be yours?" Lu congzi laughed.

"Well said!"

Qiang Jiang waved the blade in his hand and injected devil Qi into it.

Immediately, the devil marks on the blade flickered and let out a joyful sound

of drinking blood.

"Hahaha, snatching my Nirvana essence, how many years has it been since I've heard such arrogant words!"

Hao Feng's figure moved, and he slashed over with his saber.

"Bang!"

Qiang responded with a Saber Strike. As the two sabers trembled, the two of them were knocked back more than ten Zhang.

Hao Feng's expression changed drastically. For many years, no one other than creation realm experts could block the saber in his hand.

He hated the fact that he had used too much true essence to kill the thirty-six ten directional deadly fiends, and each slash had weakened his strength.

Now that moqiang's strength was on par with his, and these demons had elemental bodies, it would be troublesome if they continued to fight.

it seems that Lord Qiang is more than enough to deal with the saber King alone," Lu congzi said with a smile. we can deal with li Yunxiao without worry.

His eyes fell on Wei Qing and the old monsters in the eternal world. His face turned kind and he laughed, "Are you all planning to leave, or do you want to make this old man your enemy?"

Wei Qing frowned and said, "if we don't leave, we're enemies?" I can't even stay and watch?"

"Of course not," Lu congzi shook his head. This old man hates those who take advantage of the situation the most. I don't want brother Wuya and Lord Wei Qing to steal the fruits of this old man's victory."

"Lu congzi, did you really open the demonic door?" Wei Wuya asked with a grave expression. Aren't you afraid of getting burned playing with fire?"

Lu congzi laughed. I'm not sure if I'm playing with fire. Secondly, this has nothing to do with you two. You just need to give me an answer now.

Wei Wuya found it hard to make a decision, so he looked at Wei Qing and decided to let him make the decision.

Wei Qing sighed in his heart. Thinking of this trip to the eternal world, he was very dejected and had a strong sense of defeat.

With his cultivation, he could command the wind and clouds in the heavenly martial arts realm, but once he entered the realm of everlasting life, he would not be able to deal with any minions.

Under the gaze of so many experts, it was extremely unlikely for them to snatch the heavenly Phoenix's true tail feather and the divine realm tablet. He couldn't help but sigh and say, "Let's go,"

Right now, he only wanted to return to the Holy region as soon as possible to enter seclusion and fully comprehend the Yin Yang Qi bottle so that he could break through to the divine sovereign realm as soon as possible.

After he said this, he brought his people and flew towards the South.

Luo Qingyun stood still, and Wei Qing didn't call out to him or even look at him. Wei Qing knew that the gap between their cultivation levels made it impossible for him to order him around.

Nearly ten people were gone in an instant. Lu congzi smiled and said, "Wei Qing, a wise man submits to circumstances. I wonder what about the rest of you?"

Chapter 2027-weighing

Yunxiao opened his eyes and said coldly, "everyone here is an expert of their era. How can you scare them away with just a few words? how can you raise your head in the future?"

Some of the powerhouses who wanted to leave blushed when they heard this and were too embarrassed to leave.

moreover, you colluded with the devil realm and danced with the devil King in public," Yunxiao continued. you are the natural enemy of the entire heavenly martial realm, and everyone has the right to kill you!

“Do you think you can make the powerhouses work for you with such immature instigation?” Lu congzi laughed. Are you insulting your own intelligence or the intelligence of everyone else?”

He said seriously, “ everyone, we’re all extremely smart people. If we stay, what are the chances of us getting the divine realm tablet or the heavenly Phoenix Feather? ” Was it worth it to lose his life for such a small probability? Anyone who stays is an enemy of me, Lu congzi. My attitude towards my enemies has always been as cold and ruthless as the autumn wind sweeping the fallen leaves.”

His demonic eyes looked around, and everyone’s heart trembled in fear of the strange killing intent and the soul-sucking power of the rainbow stone Mask. Their palms turned cold.

A few people couldn’t withstand this spiritual attack and turned around to leave with a muffled groan, no longer caring about their face.

Feng Yaoli exchanged a look with him and snorted coldly. His eyes glowed with golden light, and the ancient Maha character appeared in his eyes. He was using the true primordial skill to resist the strange force.

He was confident that even if he was defeated in the end, he would be able to escape.

The remaining experts either turned their bodies or lowered their heads, not daring to look at him in the eye.

In the end, in addition to Yunxiao, Feng Yaoli, and the others, there were seven other experts who stayed. One of them was a void divine realm expert, and the other six were all divine sovereign realm experts.

The void extreme God Realm expert said slowly, “This friend’s words are indeed reasonable, but this old man’s life is coming to an end. If I leave, I’ll die. If I stay, there’s still a glimmer of hope to live. This choice is not difficult.”

The other six people looked at each other, and one of them said, “ “Our situation is similar. We don’t have enough lifespan left. Rather than living for another ten years, we might as well fight.”

"I understand everyone's choice," Lu congzi nodded and said, "I'd probably do the same if I were you. This old man takes back what he just said, 'those who stay are all enemies'. After all, we have a common goal, and we should be allies in the same boat."

He had thought that he could scare away the idlers, but who knew that there were seven more who were so desperate. In this way, with Feng Yaoli's help, it was impossible for him to defeat all of them with his current strength. Therefore, he swallowed back the words he had just said.

tsk tsk, I'm impressed. As expected of the great chief. I'm very impressed.

Yunxiao clapped his hands and praised, "you can eat your own sh * t so smoothly! You look so kind and calm! You can even eat your sh * t so smoothly! I won't be able to catch up to this level of cultivation even if I cultivate for a few hundred years. I'm truly impressed."

Lu congzi's expression didn't change as he said slowly, "You'll die today without a doubt, so why do you need to argue? Was it because he was unwilling to see his fate end? As a martial sovereign, can't you die in a more graceful manner?"

what? " Yunxiao was stunned. you're eating sh * t in front of all the heroes in the world, and you say I'm ungentlemanly? " Did he have to eat sh * t like the chief to be gentlemanly? Hehe, then I'd rather not have a demeanor for the rest of my life."

Lu congzi finally couldn't hold it in anymore. He snorted and said, "Don't talk nonsense! Everyone, the divine realm tablet and the heavenly Phoenix Feather are with this kid. Let's kill him first and distribute the treasures after we get them."

The void extreme God Realm expert shook his head and said, "I don't think that's a good idea. If we kill Yunxiao first, then this chief will kill us, and who can stop him? We won't make a move, we'll wait until both sides are heavily injured before we take the advantage."

Everyone felt a wave of dizziness when they heard this. Only the six divine sovereign justice realm experts who had stayed behind nodded in agreement. The seven of them had unconsciously formed a united front.

These words were exactly what everyone was thinking, but they were more or less reserved and were too embarrassed to say it out loud.

Yunxiao thought, 'it seems that I've underestimated the shamelessness of these old foxes. However, after living for so long, what hadn't he experienced? all those false reputations were just floating clouds. Only life and benefits were real.

Lu congzi was also a little speechless. He said gloomily, " 'You're not making a move, but you're hoping that I'll make a move? Do you think I'm the kind of person who would take the lead for others?'"

The void extreme God Realm expert said indifferently, " "If the head doesn't make a move, then forget it, we'll just delay it. This old man might not be able to afford to delay it for eight to ten years, but a year or so is not a problem."

Lu congzi's eyes were filled with anger. These seven old foxes and wily old foxes were acting like they were gangsters and were afraid of nothing. It seemed like they were sure to eat him up.

haha, Lu congzi, you're underestimating the intelligence of the people in the world.

Yunxiao could not help but laugh. If the three sides were in a deadlock, the situation would only be in his favor.

Lu congzi's angry eyes slowly became clear. He sneered and said, " "Li Yunxiao, you've underestimated my intelligence. If you think that you'll be able to escape with your life by doing this, you're gravely mistaken."

"You're not willing to help because you're afraid I'll take it all for myself," he said in a choked voice. Moreover, all of you are aiming for the heavenly Phoenix's plume, so I'll give up on the heavenly Phoenix's real tail plume and only ask for the divine realm tablet. This way, there won't be any conflict between us, and our core interests will be the same."

Yunxiao's face changed drastically, while the eyes of the other seven lit up. The void-extreme divine realm expert said joyfully, " "Is this true?""

“Naturally,” Lu congzi replied with a smile. I only want the divine realm tablet and his body. Although the heavenly Phoenix Feather is precious, it’s not necessary, so it doesn’t matter if I give up.”

have you all forgotten that he just ate back his words? ” Yunxiao said sarcastically. do you believe the promise made by such a person? ”

The void extreme God Realm expert nodded,“Mr. Director’s integrity is indeed a problem.” Li Yunxiao, why don’t you give us the true tail feather of the heavenly Phoenix, and we’ll turn around and leave? we’ll never be your enemies again.”

I’m sorry, ” Yunxiao refused. since I’ve already eaten this plume, there’s no reason for me to give it back. Now that the ten rules of the heavenly martial arts realm reappeared, you can get a great opportunity as long as you go out. Why do you have to stay and gamble with your lives? With all due respect, teaming up with Lu congzi is like asking a Tiger for its skin, and you’ll never have a good end. And going against this young master will similarly not have a good end. With the two of them in place, all of you will definitely die.”

These seven people had completely become unstable factors. Neither Lu congzi nor Yunxiao wanted them to stay, and they wanted to get rid of them as soon as possible.

“Haha, Sir po Jun is afraid.”

Lu congzi smiled. the only long-term solution is to have a win-win situation for everyone. You’re the only one who gets to eat all the good things. How can you live in harmony? ” If I, Lu congzi, am willing to give up benefits, I can win the hearts of the people.”

The heavenly Phoenix’s true tail feather was extremely important to feini, and Yunxiao could not give it up. That would put him in danger, and if these people J01nea rorces, ne would De aereatea without question.

At this moment, Hao Feng and moqiang were fighting in an earth -shattering manner. They had the upper hand at the beginning, but now they had lost all of it and were almost tied.

It was almost impossible for Hao Feng to kill moqiang, but moqiang was in a life-and-death battle and could not escape.

“The chief is right, a win-win situation is the long-term plan. Since you don’t know what’s good for you, then we won’t be polite.”

The void extreme God Realm old man’s face turned cold, and his killing intent burst out. The other six people were also on guard, ready to attack at any time. Yunxiao looked at Feng Yaoli, then suddenly smiled and said, “Your Majesty.” what? ” Feng Yaoli said coldly. don’t tell me you’re thinking that I’ll save you? ”

‘Didn’t you want the ruling plume? If it falls into Lu congzi’s hands, he’ll most likely have to go back and refine it.

Feng Yaoli frowned.

Lu congzi hurriedly said, “ Lord Monarch, please don’t listen to his provocation. Lord Yuri won’t be in any danger with me. I just want to cure him.

do you believe that, Your Majesty? ” Yunxiao sneered. I don’t believe you.

even if I don’t believe you, ” Feng Yaoli said, ” you want me to work for you based on this? that’s too childish. I don’t like to talk to shallow and childish people.”

Yunxiao thought for a moment and said, ‘I understand what your Majesty means. If you help me kill that mo Jun Ji, I’ll give you the remnant soul of Huo

Dou.”

Feng Yaoli’s pupils contracted, and he asked, ” really? However, the demon Lord is extremely powerful. I can’t kill him. How about this, I’ll behead these seven people who are at the end of their lifespans for you.”

The seven men's expressions changed drastically, and all of them became alert at once. They glared at Feng Yaoli with unquenchable anger and murderous intent.

"No, no, that won't do. These seven lackeys will definitely die as soon as they come up, there's no need for the king to act."

Yunxiao shook his head in disagreement.

The faces of those seven people had turned green. It was the first time in their lives that they had been treated like trash, and they were all burning with anger.

then you want me to do something I can't do," Feng Yaoli said coldly. aren't you deliberately extorting me? '

I wouldn't dare! Yunxiao said. there is only one such soul fragment in the world. If you miss it, you won't have another one. Please think twice, my Lord.

"Your Majesty, don't be fooled by him," Lu congzi hurriedly said. As long as we kill Yunxiao, everything he has will be ours. I won't take Huo Dou's soul, so I'll naturally give it to the king with both hands." if your Majesty thinks so, " Yunxiao said, " I won't be able to live anyway. The first thing I'll do is to destroy my remnant soul.

He even glanced at the seven people and said, " "Similarly, if I really can't win, I'll destroy the remnant soul and burn the heavenly Phoenix's true tail feather.

Hehe, do you think that after killing me, I'll still leave you with good things? What an idiot. The divine realm tablet is a holy weapon of a realm, and I don't have the ability to destroy it. If Lu congzi wins this battle, he'll be the only one to benefit."

The seven of them were instantly stunned, and they stood there dumbly.

"That's right. If the other party couldn't even keep his life, why would he leave a treasure for him? Then what was it that I risked my life for?" The seven of them were in a daze, and all of them wavered..

Chapter 2028-judging the crime

“Don’t you do anything stupid!” Feng Yaoli shouted in anger. Otherwise, this Lord will make you die without a burial place! That mo Junji’s strength is extraordinary, I don’t have absolute confidence in winning. Why don’t you give me Huo Dou’s remnant soul? I’ll be able to use the sky-sealing seal to suppress him.” pay first?” Yunxiao said coldly. pay first and then work? ” How did you become a monarch with such an IQ? Or are you bullying me on purpose?”

“Ahem.”

Feng Yaoli coughed twice. it’s indeed a little too much. How about this? I’ll kill Lu congzi for you. What do you think? ”

Feng Yaoli, don’t you want luanyu’s life anymore?! Lu congzi said angrily.

it’s good that I can have it, ” Feng Yaoli sneered. but compared to the remnant soul of Huo Dou, luanyu’s life is not worth much. “Damn slave, you don’t have any morality!”

Lu congzi was so angry that he started cursing.

Feng Yaoli’s expression changed drastically. As the ruler of a country and an expert of this era, he had never been scolded like this. He said coldly, ” “You’re really looking for death this time!”

Yunxiao weighed the pros and cons, then nodded and said, ” alright. If the monarch can kill Lu congzi, then Huo Dou’s remnant soul will be yours! At the same time, he sneered, ”the chief actually talks about” morality “with others, it’s really shocking.” After this battle, the whole world will know that you colluded with the devil realm, and the sea of soul formation will probably become the center of the storm in the world.”

Lu congzi's face was livid. this era is no longer the same as before, " he snorted. so what if you're a human, a demon, or a devil? " All the living beings in the world are born from Dao. Dao has no superiority, no righteousness, no evil, no good or bad."

Hearing this, lingmu di scolded, " this is an invasion by an outsider. They are like fire and water with the people of our realm. Everyone is responsible for the rise and fall of the world. Moreover, you are the chief of the sea of soul formation!

"Invade?" Lu congzi said disdainfully. It might have been a hundred thousand years ago. But now, which eye of yours saw the demon race invading? Just because they invaded 100000 years ago, do they have to invade now?

"This bi an ..."

Lingmu di was also dumbfounded. Yes, they had invaded 100000 years ago. Would they definitely invade now? He could not answer this question.

Lord mo Ji, " Lu congzi laughed coldly. are you planning to invade the realm of heavenly martial arts? "

MO Ji chuckled,"how is that possible!" 100 ,000 years ago, it was the demon Lord Emperor's ambition, and the Emperor also paid a painful price. Most of the demons were peace-loving, such as me. However, if someone bullies this Lord, then this Lord will naturally not be peaceful."

'Nonsense!' Yunxiao said. How could Lord Lu congzi be sure that they wouldn't hack it? Just by the words of this Demon Lord?"

"The demons committed such a dangerous act a hundred thousand years ago," he said seriously."This proves that the demons themselves are extremely aggressive and dangerous. As the chief of the sea of soul formation, Lord Lu congzi has rashly made contact with the creatures of the demon Realm and even formed an alliance with them without being sure of the characteristics of the current demon race. He has become The Public Enemy of the entire heavenly martial arts realm!" you want to use the entire realm of heavenly martial arts to suppress me? " Lu congzi said coldly. dream on! Humph! he flicked his sleeve and snorted.

it seems that the chief is the most dangerous person lurking in the heavenly martial realm, ” Yunxiao said with a sneer. fortunately, we were exposed early. Otherwise, the consequences would have been unimaginable. There’s still time to patch things up if I get rid of you now.”

Feng Yaoli pulled out his sword and swept it across the sky. He shouted, ” then it’s a deal. I’ll take Lu congzi’s life in exchange for Huo Dou’s remnant soul!

The ice sword shot out tens of thousands of ice shards, and the sky was instantly frozen. The power of the country poured down.

“Dammit! I’d like to see who will take whose life!”

shut up! Lu congzi shouted angrily and put his two truncheons together in front of him in a defensive stance. He stepped lightly and retreated, avoiding the sword. Lord Ji, Junior Brother! he shouted at the same time. I’ll leave Yunxiao to you!

Facing Feng Yaoli, he could not afford to be distracted. He had to go all out.

“Bang!”

The two maces collided with the sword energy, and he immediately felt his arms go numb. He was forced to retreat.

Although Feng Yaoli’s sword was not as overbearing as Hao Feng’s saber, it was still not something he could take with his current cultivation.

Feng Yaoli’s face was cold. He didn’t look directly at Lu congzi’s mask, in case his mind was affected. Moreover, he was completely worried about Lu congzi. He wanted to take the opportunity to kill him and save Luanyu, killing two birds with one stone. Therefore, he showed no mercy and cut at his vital points.

Bo Yuqing looked at Yunxiao and the others and said with a frown, ” “It’s a little troublesome. Are the seven of you really going to stand by and watch?”

The seven men hesitated. Just as Yunxiao said, if he was about to be defeated, he would destroy the heavenly Phoenix's true tail plume, and then there would be no point in them fighting desperately.

Moreover, Lu congzi and the others were with the devil race, which made them wary.

Bo Yuqing said lightly, " even a wise man will make a mistake. All of you are wise and brilliant. How can the heavenly Phoenix's true tail feather be destroyed so easily? " The heavenly Phoenix was the king of all flames. To say that he would burn it down, wasn't that laughable? My guess is that unless it's specially refined, it's impossible to destroy the true tail plume."

yes, that's a divine object that evolved into a magnificent world like the realm of everlasting life!

The eyes of the void realm old man lit up, and he licked his dry lips with a greedy look.

Their auras pressed down on Yunxiao, who had been so sure of his victory, and he fell into a disadvantageous position again. let's not talk about the real tail feather of the heavenly Phoenix first. You've been in the eternal world for so many years, so you should at least take on the great responsibility of fighting against the demons. At the very least, you shouldn't be associated with the demons.

The void extreme divine realm old man said, "if we want to fight against the demon clan, we have to at least survive, right?" Give us the heavenly Phoenix's true tail feather, and we'll immediately help you get rid of the devil."

"Right, right, we're almost dead, so what's there to eliminate!" The other six people also agreed.

"If I knew that the resources of the eternal world were occupied by these Walking Dead, I would have found them earlier and killed them one by one!" Richard said angrily.

"It's not too late to kill him now," can said coldly. Li Yunxiao, how do you think we should fight?"

can you take down the demon Lord with your strength? " Yunxiao asked worriedly.

Can and Yi had joined forces, and although they were able to force Feng Yaoli down, the demon Lord's power was only higher than Feng Yaoli's. Hao Feng

was also caught up in a Ditter Dame with Qiang, and it was clear that his power was extraordinary.

Can pondered and said, 'let's try and do our best. Even if we can't kill him, we can at least delay him and not let him affect the battle.'

that's enough, " Yunxiao nodded. then I'll have to trouble you two for this, devil Lord.

"It's what I should do," can said. I can't believe that after a hundred thousand years, I still have the chance to fight with the devil race!" A cold glint flashed in his eyes as he shouted, "Yi, go!" We can't let the juniors of the realm of heavenly martial arts look down on us!"

"Good! After the two of us tear the demon Lord apart, we'll clean up these remnants!"

Yi shouted as well, and the aura from his body burst forth. He held the broad axe with both hands and rushed forward like a shooting star with can.

hehe, you want to tear me apart? what a bunch of idiots who overestimate themselves.

MO Ji laughed, but his eyes were filled with caution. He did not dare to be careless, and with a flash, he began to fight the two of them.

Yunxiao watched the three fight, but he could not tell the result in a short time. Only then did his eyes fall on the seven people, and he said coldly, " "Lord mu di, these seven people are all dead."

"Leave it to us," lingmu di said.

There was one void realm and six divine sovereign realm experts on their side.

Their side was only at the void realm, so they were a good match. However, Ling mudi, qu Hongyan, and Fei Ni were at the divine sovereign realm, while beiming Nan, Luo yunshang, and the heaven patrolling bull were only at the returning to truth realm.

Yunxiao looked at Luo Qingyun and said, " lady Lin helped you break through the barrier. Do you want to stay and repay your kindness? "

Luo Qingyun was expressionless. just leave one for me. He just broke through to the divine sovereign realm. It's a good time to test his strength.

thank you! Yunxiao said happily. thank you!

Luo Qingyun gave him a complicated look and said, " "Don't think too highly of yourself. I'm only repaying lady Lin's kindness, it has nothing to do with you. Besides, there's still a duel between us. It's just that I know that I'm no match for you now, but I'll definitely catch up to you in the future. At that time, you can just bow your head and accept your death." alright, " Yunxiao said with a smile. whenever you think it's about time, come to me. I'll keep you company at any time.

"I will," Luo Qingyun nodded. With a flash of golden light, he grabbed the desolate God bright moon spear and threw it at the seven of them.

Yunxiao raised his hand, and a whirlwind blew up, turning into a crocodile monster. you go and help them, too.

With the addition of the astral wind crocodile and Luo Qingyun, the power of both sides was almost equal.

"You want to fight me alone?" Bo Yuqing raised an eyebrow.

can't I? " Yunxiao asked. I can't? "

“Of course.” Bo Yuqing nodded. You’ve been careful all your life, and you’ve never missed a single detail. You’re the strongest enemy I’ve ever seen in my life. Back then, when we met on the Xian Kong Island, I would never have thought that today’s situation would occur. Life is truly like a dream.”

you and I went through life and death together, ” Yunxiao said. it was an unforgettable time.

Bo Yuqing glanced at him indifferently and said, ” it’s just driven by benefits. Everyone gets what they want. Just like today, there’s no good or bad.

Yunxiao shook his head. what you said really breaks my heart. But all thieves have their own principles. Even if they are driven by profit, they have to be at ease. I have nothing to say about you killing Chu Shengfeng, but now you’re colluding with Lu congzi and colluding with the devil World. If Yu Shengfeng was still here, he would have personally gotten rid of the evil!”

BO yuqing’s expression was unusually ugly as ne said coldly, ” “Don’t mention him! Don’t forget, our lineage was originally passed down by the demonic servants back then. Speaking of which, we can also be considered the inheritors of the demonic.”

it’s just a martial technique, ” Yunxiao said coldly. it’s not a slave’s nature.. Even Sir Xun Shengfeng and his ancestors were unwilling to accept the invasion of the demon race, so they created a tool like the devil essence lock to counter the demon race in the future, but they didn’t expect to take in you two disciples who betrayed their Masters!”

Chapter 2029-God prayer

“Shut up! ”

Bo Yuqing’s expression became uglier and uglier. With a flash of the ancient dust sword, a sharp sword light shot over.

Yunxiao's injuries had only recovered a little, so he did not dare to take the attack head-on. you're far inferior to Lu congzi. He's doing bad things with a clear mind, but you still have a conscience and are just avoiding it. I advise you to turn back.

"Turn back? If you have the ability to make me turn back, I'm willing to, but do you have it?"

Bo Yuqing sneered. The ancient dust sword's sword shadow rose and transformed into a Dragon, falling down like scattered flowers.

"Wailing sword rain wind!"

The powerful sword Dragon transformed into a hurricane of sword rain, crushing the space and devouring everything.

Yunxiao retreated, not wanting to fight him head-on.

"I know you're injured and won an unfair battle." Bo Yuqing's eyes were cold. However, this is a life-and-death battle, not a fair competition. Don't blame me for not showing mercy!"

Then, he turned his sword and slashed at Yunxiao.

The sword contained the carefreeness of the wind and rain, the unparalleled domineering aura of Yu Shengfeng, and the strange demonic Qi of the aegirine.

Yunxiao was a little surprised. Bo Yuqing was indeed a genius. Not only did his sword intent change in myriad forms, but he had also refined aegirine, cultivated a body of extreme Yin, and tempered his body with devil essence. His strength was no longer below that of nie Shengfeng.

That sword intent was myriad, no matter how he dodged, he couldn't escape the myriad of changes.

He had no choice but to take out the Golden Wheel of the magical tree and spin it in his palm.

Suddenly, tens of thousands of golden lights bloomed, turning into the shadow of a Dancing Tree, swaying in the light. The luxuriant branches and leaves joined together to form a world light curtain, which opened up the entire eternal world!

“That’s Yingluo.”

Bo Yuqing was shocked. Although the scene in front of him was shocking, it wasn’t powerful enough. Yunxiao had only cultivated this profound level weapon for a short time, and he was injured, so he did not have enough true essence.

“Wailing sword rain wind-Sword World!”

The ever-changing sword intent condensed into a sword and stabbed into the light curtain of the world. The sword energy turned into wind and rain, tearing the light curtain apart.

Boundless sword intent rained down, striking the tree’s shadow and instantly shattering it into countless golden specks.

With a flip of his right hand, Yunxiao put away the Golden Wheel, then his figure faded and disappeared from where he was.

In an instant, the afterimage that was left behind was shattered by countless sword radiances.

Bo Yuqing’s divine sense swept across the area, and his eyes fell on Yunxiao’s body, which was gradually appearing several thousand feet ahead.

“The Golden Wheel of the Magic Tree! That’s a long-lost holy artifact of the demonic realm!”

MO Qiang, who was fighting with Hao Feng, saw the two of them fighting from the corner of his eye. He couldn’t help but exclaim, “Bo Yuqing, quickly kill him!”

you're fighting with me, and you're still distracted?" Hao Feng rebuked angrily. are you looking down on me?!

The originally weak saber Qi suddenly increased in power. Moqiang felt the white light flash even more intensely. A huge Saber Light that was a few feet wide appeared in the sky and slashed down like Mount Tai!

Moqiang snorted coldly. His face was covered with a large number of demonic patterns as he raised his saber to meet the attack.

The blade also turned black, resonating with the symbols on his body.

"Bang!"

The two sabers collided, creating endless sparks.

Moqiang was pushed back more than 30 meters, and there was a hole in his saber. He could not help but frown, and anger could be seen between his brows.

the treasured saber that Lu congzi made for me was destroyed by you.

Hao Feng sneered,"isn't a rotten person with a rotten knife very suitable?" It'll be a dead man with a dead blade later!"

The aura on his body suddenly underwent a shocking change. It increased several times in an instant, and his eyes turned blue, as deep as the ocean.

"Not good!" Moqiang suddenly exclaimed. A great sense of danger spread in his heart. He turned around and transformed into a demonic light to escape.

"Saber realm's death!" Hao Feng said coldly.

The Nirvana saber flashed and boundless saber radiance appeared like an ocean, forming a Blue World.

“Bang!”

Moqiang hurriedly raised his saber to meet the attack, but the light of the saber was shattered. Then, his body was hit by the sea of sabers and exploded.

Shua shua shua!

Countless demonic specters squeezed out from the small space that Qiang had exploded. For a moment, the sky was filled with demonic specters, and they roared as they bit at everyone.

“What? Qiang He?”

Lu congzi, Bo Yuqing, and MO Ji’s expressions changed drastically, and the three of them finally revealed looks of shock.

With moqiang’s death, the balance between the two sides was broken. They would lose without a doubt.

don’t panic. Haofeng is already an arrow at the end of its flight!

die! Lu congzi shouted in a deep voice. From the corner of his eye, he saw that Hao Feng seemed to have been completely drained after using saber world’s death with all his might. The speed at which he raised his saber was very slow, and he seemed to be staggering even when he was killing demonfiend.

In fact, it was just as Lu congzi had said. Haofeng had displayed an attack that exceeded his strength. Now, he was suffering from the backlash of the secret technique, and his strength was gradually weakening. Even killing these ordinary evil demons was difficult.

“What a troublesome thing!”

Hao Feng's eyes returned to normal. He cast an incantation seal into the saber and sat cross-legged.

seven marks flashed on the blade, and with a buzz, a golden light rose up and slowly formed a human-shaped man.

The burly man stood guard beside Hao Feng and waved his fists. With each punch, a demonic fiend would explode and turn into the most ordinary demonic essence.

It was the spirit of the blade's protection!

Even though Hao Feng could no longer fight, mo Qiang's death was still a huge blow to Lu congzi and the other two. MO Ji's expression was especially dark. He was surrounded by bi and can and could not fight back at all. He was feeling anxious.

Lu congzi was also forced into a dangerous situation by Feng Yaoli. He suddenly shouted, "Lord mo Ji, quickly cast the God prayer technique!" God prayer?!

Everyone was shocked. They all knew that this was a forbidden technique used to pray for a powerful expert to descend on their physical bodies. Once it was used, it might cause irreparable consequences.

However, the structure of the people of the devil World was different from that of ordinary people, and the impact they suffered was much smaller.

Yunxiao was even more worried. Even the lowest-level devil monarch was equivalent to a void realm expert, and he was even stronger than an ordinary void realm expert without the suppression of the realm power.

If he were to perform the God prayer spell, what level of existence would he be?

Fortune? The king of the realm?

No matter what the situation was, it was a nightmarish piece of news to them!

Can and bi had fought with the Demon King a hundred thousand years ago, so they had some experience. After hearing what he said, their expressions changed slightly, and their attacks became even more urgent, leaving him no time to cast any spells.

The corners of mo Ji's lips suddenly curled up as he sneered, "Do you think I'm the only one who can perform the God prayer technique?"

"What?"

The two of them were stunned for a moment. Then, can suddenly looked at Lu congzi in the distance and said in surprise, "That's Yingluo."

The mask on Lu congzi's face suddenly turned bright red.

what? " Feng Yaoli's pupils contracted. use the rainbow stone to stab into the brain? "

"Hehe."

A long needle grew out from behind the mask and was directly inserted into Lu congzi's Yintang acupoint. The strange rainbow force was continuously transmitted into his body.

Not only did his strength increase rapidly, but demonic patterns also began to surge out of his body, and he was completely demonized.

"Do you think I refined the rainbow stone just to wear it on my face and use it as a weak spiritual attack?"

Lu congzi sneered. The demonic Qi on his body was like a scorching heat, surging out in circles. Feng Yaoli's expression changed, and he did not dare to approach recklessly.

After using the mask to increase his strength, Lu congzi didn't rush to attack. Instead, he made a hand seal with one hand and slapped his right palm to the side.

A fist of demonic light appeared and turned into the size of a human figure. A figure gradually appeared from within. It was luanyu. The orange-yellow scales on his body flickered, but his face was a little dull, as he had not yet recovered from the blow of the Warlock God.

"Your Majesty, why do you think this old man took the ruler's feather body?" Lu congzi said slowly, but he kept making hand seals and sending them into luanyu's body.

The demonic Qi that wrapped around the Luan Yu became thicker and thicker, constantly turning from the inside out. The demonic talisman also flickered out, striking into the void and disappearing.

A terrifying power erupted from within luanyu's body, shaking the space until it hummed. However, it was not Dragon's might!

Feng Yaoli's expression changed. the God prayer technique! he exclaimed.

"That's right," Lu congzi nodded. Lord Yuri was an ancient true dragon, and his body itself was condensed from realm power. Using his body to withstand the power of the demon Lord was the most suitable. This way, the Demon King who descended will not be suppressed by the realm power, hehe."

"You're crazy!"

Feng Yaoli's expression changed, and he shouted, "It seems that you've completely fallen for the devil, and you deserve to die!" His left hand formed a seal and pointed into the sky. It turned into a Tai Chi diagram that spread out, sealing the world and pressing down.

Lu congzi's eyes lit up, and he seemed to be a little afraid. The two daggers in his hands turned into a stream of light and shot into the sky.

As the Tai Chi diagram descended, the Twin truncheons were sealed and seemed to be frozen in the air.

“What?”

Lu congzi’s eyes widened. Under the stimulation of the mask, his strength had even surpassed Feng Yaoli’s, but he was still sealed by the Tai Chi diagram. In his shock, he did not even bother to use the God prayer technique and turned around to run.

“BOOM!”

He had just escaped more than a hundred feet when he felt a huge spatial suppression. He was surrounded by an iron wall. Not only did his movements become extremely slow, but even the demonic technique in his body was shackled.

“Damn it!”

Lu congzi gritted his teeth and cursed. His eyes were filled with anger and killing intent. He had still underestimated the innate divine ability of the calamity tower race.

“You’re the one who should die!”

Feng Yaoli sneered sarcastically, and the cold sword of frost came down. The vast power of the world, a sword that could destroy a country!

Thousands of miles were frozen by the sword. Before the sword energy arrived, a thick layer of ice formed on Lu congzi’s body, making him look like a snowman.

But through the ice and snow, one could still see his demonic eyes, which were as clear as stars, shining with a demonic light.

The snowflakes that filled the sky seemed to have frozen under the gaze of that light. The entire space appeared to be greatly distorted and began to spin like a fried dough twist!

“Boom boom boom!”

Qingcheng's sword rolled through the distorted space, leaving a spiral trajectory. It passed by Lu congzi's side, but it didn't hurt him at all.

Feng Yaoli was shocked. His opponent had used his spiritual power to distort the space and dodged the sword!

Lu congzi's eyes suddenly became dim and cloudy. The space distortion just now had almost emptied his spiritual power, and he was still a little confused. "You can Dodge the first sword, but can you Dodge the second or the third?"

Feng Yaoli's face turned cold.. With a single step, he appeared in front of Lu congzi and raised his sword to cut his neck!

Chapter 2030-tearing

All of a sudden, the sky trembled, and the snow and ice melted instantly. A powerful force broke through the sky and shattered the time and space suppressed by the Taiji diagram!

"Boom boom boom!"

The Tai Chi double fish spun rapidly, and a pitch-black energy coiled around it, dyeing the picture black!

Lu congzi regained his mobility in an instant. Unable to Dodge in time, he put two of his fingers together to form a sword and struck at the ice sword.

"Dang!"

His fingertip touched the back of the sword and pressed it down.

The blade of the sword slashed across his chest, leaving a bloody mark on his body, but only his skin was injured.

Feng Yaoli was shocked. The destruction of the Tai Chi pattern had a great impact on his houdou true body. In a moment of desperation, the sword suddenly turned, and countless cold lights shot out.

Lu congzi took the opportunity to retreat, but his fingers were too slow to retreat. The two fingers that were closed together were cut off by the sword light.

A few drops of blood were immediately evaporated by the frost on the cold sword.

Everyone was overwhelmed with shock. They only saw luanyu's entire body flickering with demonic patterns. His eyes shot out a brilliant light, and he no longer had the slightest dull appearance.

"Haha, it's Lord man!"

Lu congzi laughed wildly, and his eyes were filled with joy under his Scarlet mask. He said excitedly, "I wonder if Lord man is satisfied with this body!"

Man's eyes flashed with a strange light, and he also laughed wildly, "haha, the body of a true dragon, it's actually the body of an ancient true dragon!

Although it's not perfect, it's the best body to avoid the power of the world!"

the great demon Taowu in the creation realm! Yunxiao said in surprise. A chill ran through his body, and he felt his hands and feet go cold.

That oppressive feeling was the Misty Rock Lord himself.

Hao Feng's pupils also shrank and he burst out with killing intent, but he was helpless. He held the saber with one hand and could not use his true essence.

Hmph, the ancient true Dragon's body has been possessed. What a joke in the realm of heavenly martial arts!

Feng Yaoli's face turned cold as he turned his head slightly and said to Yunxiao, we can't kill Lu congzi for the time being. You guys should escape as well.

After saying that, he no longer wanted Huo Dou's remnant soul and turned into a ray of light to escape.

"Since this Lord has come, you still want to escape? Don't even think about leaving, all of you can die!"

Man's eyes shot out a fierce look. He clenched his fist, and a dark nebula appeared on the tip of his fist. He suddenly struck out. The fist radiance chased after Feng Yaoli's escaping light!

Feng Yaoli transformed into his true form in an instant, and he slashed down with his sword.

In addition to the power of the world, there were also a large number of Maha ancient characters on the sword, which were brilliant.

"BOOM!"

The two forces collided and turned into a storm. They seemed to be evenly matched.

Feng Yaoli's heart sank. He didn't stay any longer and continued to escape.

Man's pupils constricted, and he was about to chase after them when he heard

Lu congzi say, "My Lord, don't worry. That person is not important. Yunxiao

has the divine realm tablet and the inheritance of the demon Lord, so he's the key person."

“Oh?”

Man’s eyes fell on Yunxiao, and he no longer paid any attention to Feng Yaoli. He strode forward and said, “ I heard that there’s a person in the realm of heavenly martial arts who can wield a six paths demonic weapon. Is that you? ‘

That powerful aura pressed forward, and Bo Yuqing’s expression changed slightly. He retreated to the side, not daring to block the man’s path.

Yunxiao knew that he was in big trouble. “Sir, you’re new here, why don’t we have a cup of tea and have a good chat?”

“No need for tea, your blood is fine!”

The man’s extremely strong force pressed down on Yunxiao, causing his qi and blood to roll.

Yunxiao grunted as he felt a thousand pounds of force on his chest. If he had not been injured, he might have been able to jump up and down, but with his injured body, he would probably be flattened.

“Although you’re covered in injuries, your body is full of demonic Qi. Show me the six paths demonic weapon,” man Dao said.

Lingmu di and the other old monsters of the world of eternal life also stopped fighting and looked on in shock.

Qu Hongyan and the others flew to Yunxiao’s side, sharing the same hatred with him.

Yunxiao immediately felt the pressure on him decrease, but he was even more worried. ‘You guys go first, I’ll think of a way to delay him!’

“No! We’ll leave together, and we’ll die together!”

Qu Hongyan refused flatly, her face full of determination. The other two women were the same.

“My husband, you won’t be able to chase us away no matter what,” feini laughed.

“Hehe, what a touching scene. Since you won’t change until death, I’ll send you all to hell together.”

Man Fang laughed out loud, that kind of unbridled appearance, as if everything was under his control.

“In the current devil realm, how many strong people like you are there?”

Lin, who had been silent the entire time, suddenly asked from within the Golden Ball of light.

Man’s eyes shrank as he looked at the Golden Ball.”Eh?” he said, “Who are you?”

Bi and can landed in front of the Golden Ball. They were afraid that demon barbarian would suddenly attack, so they both put their palms in front of them and became vigilant.

“Tsk, two goons, not enough for this Lord to see.”

Man’s eyes flashed with killing intent, and his figure moved as he charged towards the Golden Ball, both his hands turning into palms as he struck down. Yi and can were shocked and hurriedly struck out with their palms.

“BOOM!”

The four palms collided, and a terrifying force spread out, turning into two nebulas that spun around the three of them.

Kun and can's arms were covered with demonic patterns. As the two nebulas rotated, they were about to devour the two of them.

In their panic, the two of them used their free hand to form seals and continuously struck forward. However, there was a layer of light wall blocking them and they were unable to hurt man man at all.

let's kill him together! Yunxiao shouted.

Without any hesitation, he formed a hand seal and transformed into the true fiend demon body with three heads and six arms.

Man and Ji's bodies trembled, and they looked at the Dharmakaya in shock. Their lips trembled, and they didn't know what to say.

Lingmu di and the others did not hesitate any longer and attacked.

The seven experts from the eternal life realm who were fighting with them were not in the mood anymore. They seemed to have realized the seriousness of the matter and stood aside, not knowing what to do.

"Let's attack and kill them all!" Lu congzi shouted. The Scarlet mask with blood on it looked even more strange.

Di tu and Yi Shi had returned to his hands, and they released a powerful force.

MO Ji and Bo Yuqing also attacked.

the space within a thousand li trembled more and more at an unbearable rate from the powerful energy fluctuations of the group.

"That's Yingluo!"

Man's eyes widened as he stared at the avatar behind Yunxiao. The giant Spirit's six arms made a series of hand seals, and agama's bone Cleaver kept appearing in its hands.

"Six paths demonic weapon!"

Not only man Heji was shocked, but even Lin, Yuan, and can were also shocked. kill! Yunxiao shouted.

Killing intent appeared on The Three Faces of the six-armed dharma body, and the demonic weapon in his hand was waved down.

"Swish!"

A huge black shadow appeared in the sky, and the blade energy tore through the vast sky and headed straight for demonic barbarian!

Man Zai could no longer remain calm. Although that blade Qi was not as powerful as he had imagined, it was still a heavenly Saint tool of the devil World, after all, and it made him extremely fearful!

With a "Hong" sound, he shook Yi and can away. He quickly made hand seals and a strange diagram appeared in his palm, which shot up.

"Qing Yuan demon picture!"

Under the joint attack of the two sects, more than ten attacks instantly bombarded together!

The most eye-catching ones were the agama bone Cleaver and the demon picture of Qingyuan. They were like two huge black holes that were devouring each other!

"Boom boom boom!"

The terrifying power exploded and swallowed everyone.

Yunxiao's body was torn apart again. In an instant, he summoned the little king Kong gourd to block in front of him, but the impact was too strong, and the little king Kong gourd was deformed and flattened in an instant.

Yunxiao's own wounds were also expanding, and his bright glass body was gradually collapsing. In an instant, he was covered in wounds!

The rest of the people weren't feeling good either, all of them were struggling to hold on.

"Follow me," Lin's voice suddenly sounded.

The Golden Ball of light continued to expand as if it was not hindered by the impact. More than ten rays of light flew out and landed on everyone.

Yunxiao and the others immediately felt their bodies relax, as if a force was trying to pull them out of the space.

"Lady Lin, please!"

Lingmu di cried out in alarm, his eyes full of sorrow. Lin didn't have much time left. Under such a terrifying impact, she would probably be in grave danger if she used the inter-world teleportation.

Man had been staring at Yunxiao the whole time, and when he saw the golden light, his pupils constricted as he cried out, "You want to leave? In your dreams!"

His figure moved. He raised his fist and was about to shatter the golden light.

His fist had just swung halfway when it suddenly stopped.

A ray of white light fell from nowhere and shot into the terrifying vortex of power, penetrating it.

Man was greatly alarmed. That power was precisely aimed at him, and he had no choice but to change the path of his fist, raising his hand to meet the incoming attack.

“BOOM!”

The white light shattered his fist radiance and landed directly on his body. The shock made man’s head dizzy, and he was actually drawn into the power of the vortex, disappearing into the sky.

Then, Yunxiao and the others slowly disappeared under the guidance of the golden light.

“What? How could this be?”

Lu congzi and the other two were taken aback as they watched Yunxiao and the others disappear. They were stunned in the sky. Although the aftershock of the impact was weakening, it still washed over their bodies in circles, making them forget the pain.

After the time it took to brew a cup of tea, the terrifying force of impact had almost completely dissipated.

The sky lost its original duskiess and became bright, with sunlight shining in.

“Pfft! ”

Although Hao Feng was far away from the impact, he could not help but vomit blood. At the same time, he raised his head and looked at the sky.

The power just now was so strong that it tore the realm of eternal life apart, and the sunlight of the realm of heavenly martial arts shone in. Even for people like them who had lived in the dark for tens of thousands of years, they still felt dazzled.

“Escaped, Xuanji people have all escaped Xuanji”

Lu congzi stood in the sky in a daze.

Suddenly, the space around him became blurry and started to twist at high speed. Yuri's body was jolted out of the space and he staggered for more than ten steps before he managed to stabilize himself.

"Lord man, are you alright?"

MO Ji hurriedly went forward. At this moment, the eternal world was being torn apart and the power of the world was increasing. His expression turned ugly and he found it hard to breathe.

"Lord man?"

Luanyu's voice sounded indifferently, but it was not man's voice.

MO Ji's body trembled as a bad feeling rose in his heart. He immediately turned into a ray of light and was about to escape.

"Lowly demonic creature, how dare you possess my body! Dragon

Fist- -infinite light!"

Luanyu's furious voice rang out, accompanied by an infinite amount of light that contained boundless Fury!
