

The Eternal 2031

Chapter 2031-retreat in one piece

A ray of light shot out from the might of Luan Yu's fist and landed on mo Ji's body, shattering it.

However, a few thousand feet away, a black light flashed and MO Ji materialized his true form again. This time, his face was filled with a serious expression.

"Lord Ji, be careful!" what? " Lu congzi exclaimed, his eyes full of horror.

Ji was shocked. He felt the danger of death spreading in his heart. He had never felt this way in countless years. He was shocked, shocked, angry, and could not understand!

"How can you be so strong? It's impossible!"

Ji shouted hysterically. This punch gave him a feeling of being unable to fight against it. Death was imminent.

"Ant, it's not that I'm too strong, but you're too weak!"

Luanyu sneered coldly. The fist light smashed down and struck Ji's body, causing it to explode.

The boundless demonic Qi was devoured by the infinite light and completely dissipated.

Lu congzi, Bo Yuqing, Hao Feng, and the seven experts from the eternal world were all stunned.

MO Ji was an existence that could contend against the saber King, yet he was killed by luanyu in two punches!

Hao Feng's face was slightly pale and his eyes flickered with light. He seemed to have understood something.

Lu congzi was shocked and said, "I understand now. It's the suppression of the realm power!" The realm of everlasting life was torn apart, and Lord Ji was suppressed by the realm power of the heavenly martial realm. The reason why you were able to find yourself and suppress Lord man was also because of the realm power!"

"Hmph! 'I am the leader of all living beings. If Yunxiao had not attacked my spiritual ocean, who in the world could occupy my body?' Even so, it's only a matter of time before I regain my spiritual sense and control my body. That man actually dared to descend on my body, he's really courting death. His clone was destroyed by me, so his main body's strength in the devil realm will definitely drop greatly!"

Luanyu sneered and looked at Lu congzi with cold eyes. He walked over with killing intent. Besides, I'm condensed from the realm power. Every punch and palm of mine contains the highest rules of this realm. The damage is doubled against these outer realm creatures.

"I see. It seems you're really a big trouble."

Lu congzi finally understood what was going on. His expression became calm again, and he looked at Luanyu coldly. The strange power on the mask continued to spread out, and the surrounding space became a little dazed.

Luanyu lowered her head, not daring to look at his mask, nor did she dare to meet his eyes. He had already injured his spiritual altar and sea of consciousness, and it was not easy for him to find his true self, so he still had lingering fears about the spiritual attack.

"You're the big trouble, aren't you?" Luanyu said coldly.

Lu congzi knew what he was thinking and sneered, "Same to you."

His eyes turned and he exchanged a glance with Bo Yuqing. The two of them immediately turned into rays of light and broke through the air.

“You want to leave? Stay here!”

Luanyu was furious. Lu congzi had used his body as a body to descend, which had greatly violated his self-esteem. He wanted to kill him to be happy.

His hands formed a Dragon Transformation skill in front of him, and a Dragon Realm opened up and attacked.

“Hahaha!”

However, Lu congzi’s laughter came from the sky, and the two of them slammed down together, blocking the Dragon domain, and the two of them disappeared.

“Damn it!”

Luanyu’s eyes were filled with killing intent. He gritted his teeth and said, ‘

“Soul formation sea! Lu congzi!”

With that, he flicked his sleeves and chased out of the expanding hole in the eternal world.

Only Hao Feng and the seven powerhouses were left in the field. Looking at the sky of the realm of heavenly martial arts, they were full of nostalgia. The eyes of the seven people were more filled with frustration and confusion.

“Is it over?”

The void extreme divine realm old man muttered to himself and suddenly coughed a few times. He had also been injured quite badly in the battle with Hui.

Hao Feng was silent for a while, then suddenly said, "Island master, since you're here and can't help but attack, why don't you leave Lu congzi behind? "

The seven of them trembled and looked around in shock. There was only one 'Island master' in the entire eternal world.

I need to make an overall assessment of the current realm of heavenly martial arts. Before that, it's not appropriate for me to fight too much.

A faint voice came from the void. In the dark eternal world, there seemed to be a shadow sitting on the throne.

"Excessive attacks?"

Hao Feng seemed a little unhappy with this answer and said, "Do you have an estimate now? No matter how the heavenly martial arts realm was doing at the moment, Lu congzi's collusion with the devil realm was already a capital crime, and it could not be tolerated.

The figure moved forward, raised his hand to support his chin, and said, "

"Then what do you think?"

"We should head to the sea of soul formation immediately and kill all those who were involved," Hao Feng said seriously. If my guess is correct, I'm afraid that the sea of soul formation already has a mutated spatial crack that leads to the devil World. If it is not sealed, it may become the second tiandang mountain range."

alright, we'll do as you say. You and Nantian will lead the way to the sea of soul formation to deal with this matter.

The figure immediately made up his mind and said, "You should return to the mysterious parting island's spiritual pool to recuperate. We'll set off immediately after you've recovered,"

“Yes.”

Hao Feng stood up and bowed slightly.

“The original intention of the realm of everlasting life was to provide a place for the powerful figures at the end of the martial arts world,” ye Qingyu continued. Although it might not be to seal the demon, there must be a basic bottom line. It’s fine if these seven people don’t resist the demons, but they’re actually allying with the demons for their own benefit. In any case, since you seven keep saying that your lifespans are coming to an end, then let them really do so.”

The seven of them trembled and looked over in shock.

Six figures suddenly appeared in front of ye Qingyu. They all emitted powerful energy and their divine senses locked onto the seven of them.

“Kill them all,”

Ye Qingyu waved his hand and said indifferently. After that, the figure disappeared into the sky.

Hao Feng was expressionless and did not seem surprised at all. He did not care about the six people and turned into a ray of light to fly to mysterious separation Island.

“Hehe.”

The six people who appeared out of thin air all had sinister smiles on their faces as they walked towards the seven people.

Very quickly, the sounds of fighting and screams came from the sky.

Not long after, everything returned to silence, but the air was filled with the smell of blood.

The hole in the sky was getting bigger and bigger, and the sunlight of the

realm of heavenly martial arts was constantly devouring the realm of eternal life. No one knew how long it would take for it to be completely devoured, but it was only a matter of time.

In a sea, the calm sea surface suddenly surged up, stirring up huge waves.

The entire ocean kept spinning with the sky, and several golden lights shot out from it and fell into the sea.

Some of them had good control of their bodies. They stepped on the sea water and took a few steps to resolve the impact.

They were surrounded by the sound of water, which came from Yunxiao and the others who had just escaped from the world of eternal life.

“Is everyone alright?”

Lingmu di asked. Everyone was teleported out, not a single one was missing.

However, Yunxiao’s injuries were so serious that he fell straight into the sea and then floated up in an instant. He half-knelt on the sea and kept coughing blood.

The sea water washed away the dirty blood on his body, and his wounds appeared one after another. It was a shocking sight.

It was all because of the excessive use of devil essence that his body was torn apart. There was not a single piece of skin that was intact, and in a few places, bones could be clearly seen.

“Flying!”

“My husband!”

“Yunxiao!”

The three girls exclaimed in shock and rushed over to help him up.

Yunxiao’s face was pale as he shook his head and said, “I’m fine. The foundation of my physical body is not destroyed. I just need to recuperate for a few days to recover.”

He took out a long robe and draped it over his body, covering all his wounds so that the crowd would not worry.

“Lady Lin!”

“Lady Lin!”

Can and Bi’s faces were ashen as they shouted from the sea. Their eyes were lifeless, and their faces were ashen.

After a moment of roaring, the sea returned to normal. Lin was nowhere to be seen.

“Lady Lin, please!”

The two of them looked miserable, as if they had lost their parents.

“Don’t shout, it’s in the water.”

Yunxiao pointed weakly into the distance. Hundreds of feet away, under the sea, the Golden Ball of light was covered by the rippling light of the sun.

“Argh! Lady Lin!”

The two of them were overjoyed and hurriedly ran over.

The Golden Ball’s light became extremely weak as it floated beneath the sea, ready to be extinguished at any moment.

Yunxiao and the others also gathered around, all looking worried.

“What should I do?” The referee was extremely anxious. He called out a few times but did not receive any response. He did not know how Lin’s situation was at the moment.

this ball of light should be condensed by her soul power,” Yunxiao said. no wonder I haven’t seen her true body. Why don’t I let her come to my divine realm tablet first and slowly nourish her? then, I’ll think of a way to deal with her.

“We can only do this now,” said lingmu di. Bring it back to Yanwu, and it might be better for you to be nourished by the ten laws.”

His words were very heavy, and it was obvious that he did not have the slightest confidence.

let’s go back to Yanwu first,” Yunxiao said. maybe I can think of a way.

“You have a way?”

Can and bi were both shocked, but they were immediately overjoyed. They were so excited that they could hardly contain themselves.

“What do you have in mind?” lingmu di asked, stunned. If the power of the soul is so weak, even the heavenly fortune pill can’t save it. Could it be Lao Ai?”Great expansion divine technique?”

Yunxiao shook his head and said, "In lady Lin's current state, I'm afraid her consciousness is blurred. How can she cultivate the great expansion divine technique?" Unless she regained consciousness, there might be a chance for her to cultivate. However, I can use the great expansion divine technique to nourish her and ensure that her soul won't scatter in the short term. The rest will depend on her own fortune and opportunities."

"No matter what, as long as you can save lady Lin, Bi and I are willing to climb mountains of daggers and dive into seas of fire for you! We will not hesitate to do so!" Can said solemnly.

"I won't hesitate!"

The judge cupped his hands and spoke in a serious tone.

Yunxiao waved his hand and said, "It's too serious. Lady Lin became like this because she tried to save us. I will do my best. However, I don't have much confidence, so I hope you two can be mentally prepared."

The two of them trembled, and their eyes, which were full of hope, dimmed.

"Just do your best," Can said sorrowfully.

They also knew about Lin's current condition, and no one dared to say that they had the confidence to cure her..

Chapter 2032: Can't turn back

Fei Ni took out the astrolabe and checked the direction, "We're now on the

North Sea. Let's go back to the heavenly martial continent first, and then go to

Yanwu.

Yunxiao put Lin's soul light into the divine realm tablet, then took out a warship and flew toward the heavenly martial continent in a stream of light.

Half a month later, a group of people appeared in dingtian city.

The news of the Fairyland of the North Region, Langya heaven, was spreading everywhere. The news had long spread all over the world, and it shocked the whole world.

a 100000-year-old immortal demon has appeared in the eternal world. It's massacring people madly. The ten martial sovereigns have all fallen and more than half of the seven sect Masters have been killed or injured. The demon race is going to unify the continent!

"In order to resist the demon clan, the Holy region and the sea of soul formation have joined forces. The long-retired executive Wei Wuya betrothed his son, the current executive Wei Qing, to Bo Yuqing, the junior Brother of the sea of soul formation chief Lu congzi. The two of them formed a good relationship with the Qin and Jin Dynasties and led the human race to fight against the demon Army!"

"Pfft! "

Yunxiao could not help but cough up a mouthful of blood as he beckoned to a warrior not far away.

The warrior was holding a large number of Jade slips in his hand and shouting with all his might. When he saw Yunxiao and the others 'extraordinary appearances, he ran over.

Yunxiao wiped the cold sweat off his forehead and said in embarrassment, ' "Wei Qing and Bo Yuqing are both men, how can they form a good relationship with Qin Jin?"

"A hundred-thousand-year-old demon has appeared in the demon race," the warrior said seriously. "Our race is in danger. For the sake of the world's righteousness, the two Daren ignored the secular etiquette and dared to be the first for the world. They are the role models of our generation and are respected by tens of thousands! If you want to know the details, please buy a few Jade slips and take a

look. Inside, everything that has happened in the heaven of Langya in the past few months, big and small, is clearly recorded, including the matter of the Holy region and the sea of soul formation forming a relationship with Qin Jin.”

He took out a Jade slip and handed it over, saying, ” it’s all the latest and most complete news. I’ll only accept 500 mid-grade primordial stones.

Yunxiao felt very tired and did not want to look at it, so he waved his hand.

The warrior didn’t give up and quickly said, “my Lord, do you think this news isn’t explosive enough?” I think you’re all from outside. The dingtian city was the closest to the North Region Fairyland, so all the news was sent over at the first moment. I just received an even more earth -shaking piece of news. If you buy a Jade scroll, you can get it for free.”

Yunxiao was about to drive him away when he heard him say mysteriously, ‘ “It’s about the most beautiful woman in the world, qu Hongyan. Don’t you want to hear it? Hehe.’

The warrior revealed a “you know” look.

Yunxiao was taken aback for a moment, then he threw out five hundred mid-grade primordial stones and took out a Jade slip.

“Daren is wise indeed!”

The cultivator accepted it with a smile and said in a low voice, ” according to the informant I planted in the divine cloud Palace, there’s actually a huge secret hidden behind the sealing of the mountain for the past 20 years!

“What secret?” Yunxiao’s interest was piqued, and his face was filled with gossip.

“Hehe.”

Feini and the others covered their mouths and laughed. Qu Hongyan was speechless for a while and also came over. "What secret?"

The man's eyes swept over them and he said in a low voice, " you can't tell anyone. Otherwise, my identity as an informant will be exposed. I'm afraid that the divine cloud Palace will hunt me down in the whole world! The secret is that qu Hongyan has been hiding to give birth to a child for the past twenty years!"

"Pfft!"

Yunxiao sprayed blood all over the man's face, causing him to choke and cough.

Qu Hongyan's face was full of shame and anger, and her face turned red to the root of her neck. Her killing intent suddenly burst out, which made the warrior's teeth clatter and tremble in fear.

Yunxiao hurriedly stopped her, fearing that she would kill him by accident. "Is it really good for you to slander a girl's reputation like this?"

"I, I, I didn't slander you, Yingluo."

The man was so scared that he couldn't speak, and tears even came out.

Yunxiao was also very displeased. "If you didn't slander me, then what's with this news?"

The man looked like he was about to cry. don't doubt me. My informant is one of the four maidservants of the divine cloud Palace's master, qu Hongyan. She knows everything about the divine cloud Palace. Actually, Yingluo '

When he saw that qu Hongyan had restrained her killing intent, he became bold again and said, " actually, qu Hongyan was already pregnant with Gu Feiyang's daughter 20 years ago.

"Daughter?"

Yunxiao's eyes widened as he said, 'what a daughter!'

"Hehe, this is another big secret."

That martial artist stuck his head over and said, "Don't tell anyone. My informant in the long family told me this. In fact, their daughter is the current head of the long family, feini!"

Feini,"hehe."

The cultivator repeatedly warned, "You can't tell anyone, or the informant I planted in the long family will be in danger. The long family will probably hunt me down in the entire world. I'm only giving you this top-secret information because you're all reliable people and you bought my Jade scroll!"

"The news of Wei Qing and Bo Yuqing's marriage was also revealed by the two Holy Lands" informants, right?" feini asked.

"Of course!"

The martial artist patted his chest and said, "in our line of work, we have informants all over the world. This way, we can get first-hand information." It's not easy for us to make a living. The money we have to support these informants is an astronomical figure."

"I wish the business will get better and better."

Yunxiao waved his hand and said tiredly, "Get lost, get lost quickly."

"What are you saying? You're not respecting our work at all."

The warrior said angrily, but he looked at qu Hongyan and the others with an unfriendly gaze. He did not dare to say anything more and left in a hurry.

“You’re still respecting their work? do these paparazzi respect our reputation at all?” feini was furious. If it was in the past, I would definitely uproot all these people!”

Yunshang could not help but laugh. it seems that you’ve become much gentler after following Yunxiao. she said.

“Sister yunshang seems to be the same,” feini blinked.

Yunshang blushed. She was a very quiet person, so she could not stand being teased by feini.

Everyone walked towards the teleportation array in the city and saw a white-robed woman standing on the road ahead, waiting for them.

They were all stunned, and so was Yunxiao. Then, he said sarcastically, ” “Your Excellency, ”

The Woman in White was Xiao Hong. A look of anger flashed across her face before it returned to normal. “You can call me whatever you want, it doesn’t matter.”

Her words were full of bitterness and sourness.

“Oh, then how should I address you, Your Excellency?” Yunxiao said casually.

“Didn’t you and I forget about the past?” Why are you laughing at me like this? just call me little red.”

Yunxiao suddenly realized that he was still angry at Xiao Hong, and perhaps he thought too highly of her, which was why he was so persistent. He sighed and said, ” alright, little red. It’s just that I like the old little red more.

Xiao Hong’s body trembled slightly, but she quickly calmed down and said, time can change everything. There will be no more Xiao Hong from the past. Yunxiao shook his head sadly and said, ” “Tell me, why are you looking for me?”

“Can’t I find you for no reason?” the little red Kite said angrily.

of course you can, ” Yunxiao said. but are you alright? ”

“I’d like to know more about the ancient Devil’s well,” Xiao Hong said after some thought. She looked into Yunxiao’s eyes and said in a hurry, ” you must know. All kinds of information are flying around now, but I can still extract some correct information from it.

I’ve indeed been to the ancient Devil’s well, ” Yunxiao said frankly. I know a little about the situation there. You’re here to cultivate mo skills, right? It’s a

pity that that place is the core of the sea of soul formation, so you won’t be able to enter it easily.”

“You just need to tell me everytmg you Know. I’ll ngure out tne rest on my own,” Xiao Hong said.

Yunxiao immediately told Xiao Hong everything that had happened in the ancient Devil’s well without reservation, then watched her disappear into the crowd.

Qu Hongyan said, “Lu congzi openly colluded with the devil World in the eternal world. I’m afraid it’s better to be prepared.” Xiao Hong’s trip to the sea of soul formation will most likely be fraught with danger.”

she chose her own path, ” Yunxiao said. although I can’t bear it, I can’t do anything about it. Just like when we were in the eternal world, Bo Yuqing told me that if I had the ability to make him turn back, he would be very willing, but do I have the ability?”

Feini laughed angrily. what a joke. Bo Yuqing wallowed in degeneration and colluded with the demon race. Now, he’s blaming my husband.

“It’s not strange,” Yunxiao said. However, everyone has their own path. Lu congzi is one, Bo Yuqing is one, Wei Qing is one, and so are we. You don’t have the right to criticize others, but since you’ve made your choice, you have to bear the consequences of your choice. Everyone is the same.”

Everyone fell into deep thought and nodded.

all kinds of rumors are flying around now," Yunxiao said. I'm afraid that everyone in the world is in a panic. Let's go back to Yanwu immediately and announce the establishment of the heavenly martial Alliance to the world. At the same time, use the true origin to sort out the matter of the eternal life world and the ancient Devil's well and announce it to the public so that the world won't panic." not bad, " praised lingmu di. clear and organized, mature and steady. You do have the demeanor of an Alliance leader.

don't make fun of me, Lord mu di," Yunxiao said with a smile. I've already thought about it. I don't intend to be the alliance leader anymore. The most important thing right now was to increase his own strength. It might be more suitable for Chen duantian or Qian Sheng to be the leader. After all, they have rich experience in leading, while I'm just an idle person."

"NO!,"

Fei Ni immediately rejected the idea, "if my husband doesn't become the alliance leader, I'll definitely not agree." I won't submit to Chen duantian, nor will sister Hongyan and Qian Sheng. This Alliance can't continue."

Qu Hongyan said, " I understand what Feiyang means. If I become the leader of the Alliance, I will have to spend a lot of time and energy. I can't focus on my cultivation. This is indeed a problem. However, Feiyang is the leader of the Alliance. If he resigns, the foundation of the Alliance will be unstable, and the original intention of the Alliance will be lost. I have a way to satisfy both sides. Feiyang can be the alliance leader and we can choose a substitute Alliance leader to manage the daily affairs of the Alliance.."

Chapter 2033: construction

"Acting Alliance master?"

Yunxiao's eyes lit up as he clapped his hands and praised, "that's a good idea indeed. Whether it's Chen duantian, Qian Sheng, or the two of you, you're the best candidates for the acting Alliance leader.

Qu Hongyan smiled and said, "Chen duantian and Qian Sheng definitely can't. They can't convince the public, and neither can the two of us. In my opinion, Lord mu di is the most suitable candidate to be the acting Alliance leader.

with Lord mu Di's strength and identity, you are naturally qualified," Yunxiao said in surprise. but it's too much of a waste of talent.

Lingmu di thought for a while and said, "Palace Master Hongyan's idea is not bad. Let me take her place." In any case, this old man doesn't have much to cultivate, so I'll just rely on soul Arts to nourish my soul. It's very difficult for me to improve in the short term. In addition, I have a certain understanding of the demon race and have ruled over the northern region before, so I am the most suitable candidate." that's great! Yunxiao was overjoyed. if Lord mu di is willing to do it for me, I'd be more than happy to do it.

"It's all for the anti-demon plan, why do I have to do it for you?" lingmu di said.

Everyone had decided on the Alliance chief and the acting Alliance chief in an instant. If Chen duantian and the others who wanted to snatch the Alliance chief's position knew about this, they would be furious.

Yunxiao turned to look at Luo Qingyun and said, "Are you going back to

Redmoon city or going to Yanwu with us?"

Yanwu has ten rules," Luo Qingyun said expressionlessly. of course we'll go to Yanwu. Who would go to Redmoon city? '

Yunxiao patted him on the shoulder and laughed. "Haha, then let's go."

Through the teleportation formation of dingtian city, the group returned to Yanwu after a second trip.

A few days later, the news of the heavenly martial league's establishment spread throughout the world, shocking everyone. With shenxiao Palace, the long family, and Yanwu as the center, fixed teleportation channels were established, and all the sects of the southern region, big and small, joined them.

The southern region had never had a sense of existence in the entire heavenly martial realm, so the participation of the entire region did not cause a sensation. However, the participation of the blade sect and the money gang caused another wave.

Everyone was keenly aware that the sky was about to change.

The Alliance of Yanwu, shenxiao Palace, the long family, the saber-sword sect, and the money sect was enough to compete with the sanctuary and the sea of soul formation, making them the third most powerful force in the world.

Furthermore, the heavenly martial Union was still expanding. It was said that they had sent many lobbyists to various sects and schools in the world, and even the Western Region's myriad Stars Valley seemed to have been persuaded.

The myriad Stars Valley was now the Overlord of the Western Region. If they joined the heavenly martial Union, it would be a big deal. At least in terms of geographical location, they occupied the western and southern regions, and had the three great sects of the northern region as their core. They practically spanned across the continent and had the trend of becoming the number one alliance in the world, surpassing the two Holy Lands.

Everyone agreed that the two Holy Lands would not sit by and watch the heavenly martial League grow.

At this moment, the news that the sea of soul formation was colluding with the demon race spread from the heavenly martial Alliance, which exploded in the entire realm of heavenly martial arts. All kinds of doubts and condemnations rose one after another.

However, many people also said that the heavenly martial Union had deliberately released news to suppress the sea of soul formation in order to rise.

Just as all sorts of rumors were flying around, another shocking piece of news came from the sanctuary. A new ranking competition had started, and it was called the "No. 1 martial arts competition."

Anyone who obtained the top hundred ranking could enter the Jade Book Pavilion to choose a martial technique divine ability. It immediately provoked the Warriors who were not able to go to Langya heaven. For a time, everyone on the streets and in the alleys were talking about this matter. The matter of the sea of soul formation was diluted, and they became indifferent to the ancient Devil's well.

Lingmu di was in charge of all the affairs in Yanwu, so Yunxiao went into seclusion to heal his wounds after returning to the city.

Chen duantian also came to Yanwu a few days later and asked for a duel to decide the alliance leader, but he could not see Yunxiao.

However, Yanwu's astonishing spiritual energy and the appearance of the ten rules had greatly shocked all the martial artists who had come, and no one was willing to leave.

Under the command of su lianyi and Ding Ling 'er, the foundation of Yanwu was built in the style of the merchant Union's Xinyan city. It was expanded by ten times, and several cultivation places for itinerant cultivators to cultivate in seclusion were designed.

With the return of the ten rules of the world, the news of it appearing in the southern region could no longer be kept a secret. Many Martial Emperor experts had sensed the unusual situation in Yanwu, and the news quickly spread throughout the world.

However, not many people believed this, and all kinds of news were true and false, which struck people's nerves and eased the trend of experts from all walks of life pouring into Yanwu, most of whom went to the Holy region.

On this day, a gentle breeze blew in the sky, and a figure slowly condensed under the scorching sun.

It was Yunxiao, who had finally recovered from all his injuries after more than a month of seclusion.

Yunxiao was in the sky above the devil Lord's seal, where the rules of the ten directions were the strongest. Not only had he fully recovered from his injuries, but he also felt an unprecedented power.

After unsealing the information that Yan Shen had left in his sea of consciousness in the eternal world, he had control over most of the great expansion divine technique. At this moment, he felt as if he was as far as the sky and as far as the earth. The range of his divine sense had expanded by more than ten times, and he could almost grasp every movement within a radius of ten thousand miles.

"Flying!" "My husband!" big brother Yunxiao!

"Li Yunxiao!"

All kinds of voices came from all directions, and one figure after another emerged in the void, all of whom were Yunxiao's closest friends.

Above the devil sealing grounds, a void was built for everyone to cultivate.

The so-called Pavilion closest to the water enjoys the moonlight first was also based on this principle.

congratulations to the Alliance master for advancing another level in your strength!

Su lianyi hurriedly came forward, cupped her fists, and bowed. Her cultivation had also broken through the peak nine-star Martial Emperor realm and entered the true immortal realm.

Under the nourishment of the rules of the ten directions, the rotten flesh on beiming Nan's body began to peel off bit by bit, and new flesh began to grow. He was still in seclusion, trying to break through to the higher realm of harmonization.

The rest of the people from Yanwu had all gone into seclusion. They knew that they were too weak to help much, so they all cultivated diligently in order to make a breakthrough. Even if he couldn't break through the shackles of the martial path, he could at least reach a higher level and extend his life.

thank you for your hard work, Lord lianyi, ” Yunxiao said. no need to be so polite. Tell me the current situation of Yanwu in detail.

Su lianyi smiled. let Ling ‘er talk to the Alliance master. She knows more about everything than I do.

In fact, the affairs of the entire Yanwu were handled by the two of them. Su lianyi was more daring and thoughtful than Ding Ling ‘er in all aspects of operation.

Therefore, during this period of time, su lianyi had basically been the main person, and Ding Ling ‘er had been assisting her in carrying out large-scale rehabilitation. The relationship between su lianyi and Ding Ling ‘er had also become very good. She knew that Yunxiao had many women around him, so she tried her best to create opportunities for Ding Ling ‘er to get in touch with him.

“Big sister Ling ‘er is so awesome!” Fei Ni laughed and praised.

Ding Ling ‘er did not think too much about it. Besides, she had been in the business world for a long time, so she did not take Fei Ni’s praise seriously. She just smiled and gave a detailed report of the current situation in Yanwu.

I didn’t expect the population expansion to be so fast, ” qu Hongyan said in surprise. although the city has been expanded by more than ten times, the population has more than doubled in a short period of time. At this rate, Yanwu will not be able to accommodate so many people. Moreover, more people will come in the future, and the conflict will continue to deepen.” this is the biggest problem right now, ” Ding Ling ‘er said worriedly. the speed of population expansion must be far faster than the speed of expansion. With the experts from shenxiao Palace and the long family on guard, many problems could be avoided. If more and more experts came, even the experts from the two factions might not be able to suppress them. Once a martial battle between experts erupts, the damage to the city will be incalculable.”

Yunxiao pondered for a moment and said, ‘in fact, there is a way. From now on, only martial emperors of the nine Heavens were allowed to enter Yanwu to cultivate. Forget about those who have already entered the city. From now on, Yanwu will no longer be open to those below the martial Supreme realm.” The moment these words came out, everyone was endlessly shocked.

Only martial sovereigns were allowed to enter. In the entire world, even the most resourceful places did not have such a high threshold.

don't think that this condition is too much," Yunxiao said. I'm not going to let you go. In fact, Yanwu's spiritual energy was no better than that of the major sects of the North Region. The only huge advantage was the ten-sided rule.

However, the ten rules are only effective for martial sovereigns of the nine

Heavens. Those below the rank of martial sovereigns don't need to come at all. It's just a waste of resources to occupy a spot."

"That being said, many martial artists might not be willing to accept it. This way, there will be more friction and accidents." Ding Ling'er said worriedly.

Fei Ni chuckled. sister Ling'er, you're overthinking. Those who are dissatisfied are all below the martial Supreme realm. What's there to be afraid of?" If that kind of trash dares to cause trouble, I'll kill as many as they come." A cold glint flashed in her eyes. She did not care about these people's lives at all.

yes," Yunxiao nodded. it's a little cruel, but it's natural selection, and only the fittest can survive. The realm of heavenly martial arts is a place where the strong prey on the weak, and Yanwu has its own reasons for development. We're not running a charity. You have to be ruthless when you need to be ruthless, not to mention that this is a critical period."

Su lianyi said seriously, "I've had similar thoughts before. It's just that it's too shocking. That's why I didn't dare to mention it. Now that you've said so, I'll immediately set up a set of regulations."

yes. Yunxiao nodded and said, "not only must we restrict the entry of Warriors below the rank of martial Supreme, but we must also make use of all the martial sovereigns of the nine Heavens who enter the city to cultivate. We'll set up a law enforcement team, and any martial artist who enters the city to cultivate must first serve the law enforcement team for a year before they can obtain the right to cultivate."

"This bi an .

This comment was even more horrifying. Lingmu di also said in embarrassment, " although we can effectively make use of the strong, it's too overbearing. I'm afraid it will cause resistance.

Su lianyi was also worried. these are shackles that are placed on martial Supremes. If they resist, their power will be incomparable to that of the minions below the martial Supremes.

Yunxiao smiled faintly. since you are cultivating in the city, you have the responsibility to maintain the safety of the city. Isn't new Yan city the same? " Therefore, we must set up this set of rules as soon as possible while there are not many powerhouses in the city yet. Otherwise, it will be even more troublesome if more peak martial Supremes come in the future.."

Chapter 2034: layout

Su lianyi's eyes flashed with ruthlessness as she nodded and said, " "Good! Since you've made your decision, I'll do it. After all, there are so many experts in Yanwu that even the martial emperors of the nine Heavens realm won't dare to do anything to them."

yes. Yunxiao nodded. after the law enforcement team is established, the first thing to do is to seal everything within tens of thousands of miles, making the rules of ten directions a rare item. Anyone who wants to become a God must come to Yanwu."

"You can't!"

Lingmu Di's expression suddenly changed. He immediately objected, " in this way, not only will it greatly limit the overall improvement of the heavenly martial realm's martial artists, but Yanwu will also become the target of all the experts in the world. It will be dangerous!

the world's strongest? " Yunxiao said indifferently. Other than the heavenly martial Alliance, the Holy region, and the soul formation sea, how many more were there? Moreover, the sea of soul formation and the Holy region are no longer reliable. By doing this, I'm trying my best to rope in all the powerful cultivators in the world and also forcing the Holy region and the sea of soul formation into a desperate

situation. Now that Yanwu has become the only place in the world to become a God, these two Holy Lands have completely lost their room for development, and they are bound to die.”

that’s why they’ll break through our blockade at all costs, ” lingmu di said seriously. they’ll also ask for a share of the loot in this land of ten rules!

they’ll have to have the ability, ” Yunxiao said coldly. My Lord, don’t forget that they aren’t the strongest at the moment.”

“If it’s not the two Holy Lands, who else could it be?” lingmu di was stunned and frowned.

have you forgotten about mysterious separation Island, my Lord? ” Yunxiao asked.

Lingmu di was also shocked, and his expression changed.”There has been no news from mysterious separation Island recently, so I have neglected it.”

what we really need to be wary of is no longer the sea of soul formation or the Holy realm, ” Yunxiao said seriously. it’s those old monsters who have lived for countless years on mysterious separation Island. Once these people came out of the world of eternal life, they would definitely follow the ten rules to Yanwu. Our greatest threat is these people.”

When lingmu di heard Yunxiao’s analysis, he seemed to have no idea.

according to my estimation, ” Yunxiao continued, ” the eternal world has just integrated into the heavenly martial realm, and it will take time for it to be fully integrated. Those old monsters would probably make preparations when they came out, and they might not be the first to rush to Yanwu. After all, those who had not participated in the demon-sealing war did not know that the ten rules were sealed in Yanwu, and most of them would go to where they used to be. That’s why we haven’t seen any old monsters from the realm of everlasting life, but the peace won’t last long.”

“Then what do you plan to do?” lingmu di asked.

it's fine if it's those old monsters who are alone," Yunxiao said thoughtfully. but if it's a group, or even one like mysterious separation Island, I'm sure we can't fight them. We can only accept them and live in peace, unless Suan ni and Xuan Li Island can also form an alliance with us."

Lingmu Di's expression was grave. After thinking for a while, he said, "I can go to mysterious separation Island and be a lobbyist to see ye Qingyu's attitude.

'It would be best if Lord mu di went,' Yunxiao said. If Xuan Li Island can form an alliance with us, then the resources of the ten rules can be completely sealed. Those who follow us will become gods, and those who go against us will be excluded from the divine Dao forever. In this way, all the experts of the realm of heavenly martial arts are forced to join Yanwu to fight against the demonic tribulation together."

"That's a good idea indeed," lingmu di nodded. To monopolize the resources of the ten rules, one must swear an oath to resist the Rubik's Cube to enjoy it. I don't know what's going on with ye Qingyu, but he'll come here sooner or later, so I'll wait for him in Yanwu."

Yunxiao nodded. these are the experts who really matter to the fate of the heavenly martial realm. You must worry about them. As for the experts below the God Realm, lianyi, you should spend more effort on them. After all, they are the backbone of the heavenly martial realm. If they are willing to pledge their loyalty to us, we can help them increase their strength as much as possible."

"Yes!" Su lianyi hurriedly replied.

"Big brother Yunxiao, I have another question," Ding Ling 'er said. If Yanwu only allowed Martial Emperor realm experts to enter, it would be difficult to carry out the business in the merchant Union. After all, most of the basic construction still needs ordinary people."

that's easy," Yunxiao said. we can just give them temporary residence rights. As for the martial artists who have been rejected outside Yanwu, if they are loyal, I'm considering extraditing them to the three major sects to cultivate and nourish them with the spiritual energy of the three major sects. Once they step into the Martial Emperor realm, I'll bring them back to Yanwu. I wonder what Hongyan and feini think?"

“That’s a good idea, we have no objections,” the two women immediately said. to consolidate our strength, we must first have strength, and then be loyal,” Yunxiao said. neither of the two is dispensable. I’d rather not have those who are capable but not virtuous.

“Yes!”

Everyone replied in unison.

Alliance master, ” su lianyi continued, ” that Chen duantian from the blade sect has been waiting for you in the city for a long time. He has been urging you to hold the martial arts competition as soon as possible to determine the Alliance master’s position.

Yunxiao chuckled and said, ” he really has the time. I’ll just spend some time suppressing him and making him retreat. That way, I won’t have to come up with some martial arts competition and make a fool of myself in the world.

“You can’t do this.’

I suggest we do as Chen duantian said, ” lingmu di said. not only do we want a martial arts contest, but we should also make it Grand and let the whole world know. Only in this way can Yunxiao ascend to the position of Alliance leader and lead the world.”

that’s fine, ” Yunxiao said with a wry smile. you can arrange the martial arts competition.

“Your subordinate will go now,” su lianyi said happily.

She didn’t waste any more time and immediately turned to leave. She began to work on the martial arts competition and released the news so that the whole world would know.

li Yunxiao, ” lingmu di said, ” you’ve been in seclusion all this time, so I can’t disturb you. But you should know what it is.”

I understand," Yunxiao said with a nod. it's about lady Lin.

"Have you completely mastered the great expansion divine technique?" lingmu di asked expectantly.

Yunxiao thought for a moment and said, " I can't say it's complete, but at least seventy or eighty percent. I've also stepped into the realm of sorcerer God.

"That's great!" can I use the great expansion divine technique to save lady Lin? " lingmu di asked excitedly. if it doesn't work, can I be reincarnated like you? "

Yunxiao was taken aback. let lady Lin reincarnate? " he asked. This method was too whimsical. Back in the tiandang mountains, my reincarnation was purely accidental. Even Yan Shen would never have expected it. If lady Lin were to attempt it, it would definitely be a situation where there's only a 10% chance of survival."

Lingmu Di's excited mood immediately fell. He said, " what should we do then? didn't you say you had a way in the world of eternal life? " There was a hint of blame in his words.

Yunxiao smiled and said, " there is a way, but it may not work. Daren is also just a wisp of a soul, and he is much stronger than when he came out of the black Tortoise Star Palace. What did he rely on?"

"The cultivation of the Starlight apparition, with the help of little Wu," Ling mudi said. "You mean Xiao Wu?" he asked. yes! Yunxiao nodded and said, " maybe he can. He waved his hand and let everyone continue to cultivate in the void.

Seeing that he was about to leave, Narcissus was anxious. He quickly went forward and grabbed his arm. big brother Yunxiao. His eyes were filled with anxiety and a little grievance.

what's wrong? " Yunxiao smiled. what's wrong? "

Water droplets swirled in water deity's eyes. She said faintly, " "I suddenly miss my father."

Yunxiao's heart stirred as he stroked her hair and comforted her, I was also planning to go to the sea Forest, but now is not the time."

The water deity was overjoyed. She jumped up and said, "When was that?"

Yunxiao's eyes narrowed slightly as he said, 'it won't be far. You should cultivate with everyone first and strive to break through the shackles of martial

Dao as soon as possible. Then, you can go back. Master Poseidon will be very happy."

The water deity nodded her head and said, "I'll definitely catch up to the chemical Elementalist as soon as possible. Even a stupid person like him has already entered the God Realm, I can't be worse than him!"

The chemical Elementalist's face darkened and he pursed his lips without saying a word.

"Sister Water fairy, let me be your sparring partner. With my help, you will definitely be able to do it very quickly."

Feini came over and held water deity's hand, looking very enthusiastic.

"Alright!"

The water deity had a very good impression of her. Back at the long family in the sky Ridge, she had been coaxed by feini and the two of them had entered the cultivation ground in the void happily.

Yunxiao's figure flickered and entered the divine realm tablet with lingmu di.

At the foot of Mount innerheart, within a formation, the soul light that Lin had transformed into flickered between brightness and darkness, just like the dim stars in the sky that could be extinguished at any moment.

Can and bi sat cross-legged outside the formation, guarding it quietly.

Sensing Yunxiao's aura, the two men jumped up and said in a somewhat harsh tone, "You're finally here! What took you so long?"

Can's face was dark and gloomy, while cruel's face was filled with anger.

Yunxiao cupped his fists and smiled wryly. please calm down, my Lords. I was in seclusion and forgot the time, so I was delayed. I'm sorry.

Can said coldly, " don't apologize to us. We don't want to hear it. As long as you can cure lady Lin, everything will be fine." yes, yes. If he can't be cured, there's no use apologizing! The referee added.

Yunxiao glanced at Lin's soul light and sighed slightly in his heart. Then, with a wave of his hand, he teleported Lil Wu, who was cultivating in the stele, over.

Lil "Wu was originally meditating, but when he was pulled by the spatial power, he immediately opened his eyes in shock.

When he saw that it was Yunxiao, he was even more frightened, and he tried to escape like a rabbit.

Yunxiao reached out and grabbed Xiao Wu in his hand as if he was carrying a bag. He could not help but frown as he looked at the lingmu flute.

He had cultivated together with Lil 'Wu. After all, Lil" Wu was the most ancient Divine Tree in the world, so he was still very respectful..

Chapter 2035: extortion

“Why did you run the moment you saw me? You’re feeling guilty!”

Yunxiao pointed at Xiaowu and gave him a fierce look as soon as he arrived.

Xiao Wu was so frightened that he waved his hands and said in a panic, “No, I’m not guilty!”

“If you don’t have a guilty conscience, why are you so scared?”

Yunxiao stared into his eyes, as if he could see through his heart.

Lil ‘Wu’s face turned red and she didn’t know how to answer.

Lingmu di couldn’t stand it anymore. He coughed twice and said, “Li Yunxiao, you didn’t say anything. Why is he so guilty?”

“Yeah, why would I be guilty?”

Lil “Wu was stunned for a moment, but he immediately calmed down. He looked like he was about 11 or 12 years old. After calming down, he said, “Li Yunxiao, why did you call me here? I don’t think I’ve provoked you, so why should I be guilty?”

Yunxiao rolled his eyes at him and said coldly, “How would I know what you’re feeling guilty about? I’m not a worm in your stomach.”

“Then you scared me the moment you came!” Xiao Wu glared at him and said angrily.

I don’t want to talk nonsense with you. Yunxiao reached out his hand and begged. give me some Taiyi Mystic Qi to eat.

great one profound Qi?!

Lingmu di and the other two were all surprised, and their faces were filled with joy. They naturally knew what it was. If it had the Supreme mystical Qi, they would have a great chance of saving Lin.

“Dff+!”

Lil Wu spat out a few liters of blood on the spot and cried out, “What did you just say?” He pulled his ears and exclaimed, “Did I hear you right?”

don’t pretend in front of me,” Yunxiao said coldly. if you can’t give me the great one celestial Qi today, I’ll refine you. I’ll be able to refine a trace of it.

“Yingluo, you hooligan, you scoundrel!”

Lil ‘Wu was so angry that she stomped on the ground and roared, “you and I have already cleared all our grudges. Let’s not talk about the fact that I don’t have the great one profound Qi. Even if I did, why would I give it to you? ‘

Yunxiao clenched his fingers and grabbed him, then held him in his hand and said, “you’ve been living comfortably in my divine realm tablet for so long. It’s time to pay rent.

“Even if you’re paying rent, it’s not worth the great one Mystic Qi,” Xiao Wu said angrily, “you really think your stupid stele is that great?” To be honest, I

don’t care about it at all!”

Yunxiao grabbed his head with one hand and chuckled. “We’ll talk about it in the future. Let’s pay the rent for these years first.”

He made a hand seal and the cauldron of mountain and river flew out of his hand. It landed not far away and let out a loud “boom “. All kinds of light shone out.

“What do you want to do?” Lil Wu was shocked.

it’s nothing,” Yunxiao said indifferently. I remember you once said that you have absorbed a trace of Supreme mystical Qi. If I put you in the cauldron to refine it, I can at least refine half a trace of it. It’s better than nothing.

“You coward!”

Xiao Wu was so scared that her face turned white. She hurriedly said, “You can’t do this to me! I’ve already refined that wisp of Supreme profound Qi clean. Even if I’m refined into dregs, there won’t be any profound Qi coming out.”

“Oh, really? I’ll only know after refining it.”

Ignoring his begging, Yunxiao threw him directly into the cauldron of mountain and river, then cast an incantation seal on it. With a rumble, the lid of the cauldron fell down and covered him.

“You’re not human! Animal, let me out!”

Yunxiao remained unmoved as he kept sending all kinds of incantation seals into the cauldron and burning it with the xinkui li flame.

The cauldron of mountain and river started to work, and it gave off colorful lights.

Lingmu di finally couldn’t bear it anymore and said, Li Yunxiao, this isn’t very good, is it? ‘there’s nothing bad about it,’ Yunxiao said. this thing must still have Taiyi Mystic Qi. It just refuses to admit it.

“What if he really doesn’t have it?” lingmu di asked, stunned. Didn’t you refine

Yunxiao chuckled and said, ‘then I’ll just take it that he’s unlucky. If we refine it, we’ll definitely be able to produce some treasures, and if we take them, they’ll most likely strengthen our bodies and prolong our lives.’

Inside the cauldron, Lil 'Wu was already incomparably terrified. When he heard the conversation between the two, he completely broke down and wailed, "Let me out quickly. I'll tell you the truth. I still have half a trace of the great one profound Qi in my body. I'm willing to contribute all of it."

Lingmu di and the two demons were overjoyed.

you're indeed dishonest," Yunxiao said coldly. half a thread is not enough. When I refine you into half a thread, it'll be just enough.

you're not human, I really only have half a strand left. If I want to condense another half, it'll take millions of years. Lil 'Wu sobbed in the cauldron with an extremely pitiful expression.

"I see. I'll believe you this time."

Yunxiao slapped the cauldron of mountain and river with his palm, and the lid flew up immediately. Xiaowu was thrown out and fell to the ground, crying in grief.

"Alright, don't cry. Be good."

Yunxiao began to comfort him. Although the Kunwu Divine Tree had lived for many years, its intelligence had only just grown. Therefore, his face turned red and then black as he extorted the last bit of the Kunwu Divine tree's Taiyi Mystic Qi.

Lil 'Wu endured the boundless humiliation. With tears in his eyes, he forced out the tiny bit of Supreme mystical Qi from his body and slowly transferred it into Lin's soul light.

In the endless years to come, this hatred was buried deep in the bottom of Xiaowu's heart, but it couldn't resist the washing of time. It became fainter and fainter, and finally made him forget it. All that was left was a hazy feeling that he wanted to grasp. But, in this vast universe, he could no longer find Yunxiao.

At this moment, the anger and hatred in Lil 'Wu's heart were boundless. This was the third strand of great one celestial Chi that he had condensed. He had only condensed half of it before it was all transferred into Lin's body.

Xiao Wu's face turned pale, and the blood vessels under his skin were visible. His eyes were filled with hatred. "Hehe, not bad, very obedient."

Yunxiao patted his forehead in praise.

Xiao Wu finally couldn't hold it in anymore and burst into tears.

Yunxiao thought it was too noisy, so he did not bother to comfort him. With a wave of his hand, he sent him away.

Lin's soul light began to change slightly under the input of that wisp of great one Mystic Qi. They did not know if it was an illusion, but they all felt that it had become more spiritual.

with this wisp of Taiyi celestial Qi, lady Lin's soul can be preserved for the time being, " Yunxiao said joyfully. I'll nourish her soul light with the Grand expansion divine technique, and when she wakes up, she can cultivate the Starlight soul refining technique like lady mu di, and maintain her life with the power of Starlight.

"That's great!"

Can and Phoenix were both extremely excited. They bowed and thanked, " "Lord Yunxiao's kindness is something I will never forget. In the future, if there's anything you need us brothers to do, just say the word, no need to be polite!" you're too polite, " Yunxiao said. lady Lin is doing this to save everyone. It's my duty.

Then, Yunxiao used the great expansion divine technique in Mount inch.

The Maha ancient characters appeared in the cave and shone with golden light. The power of the rule force was activated and scattered down, all of which integrated into the soul light ball.

Lingmu di watched Yunxiao's incantation gestures with a solemn face, constantly verifying what he had learned and benefiting a lot from it.

A few hours later, Yunxiao, Phoenix, and can came out of the divine realm tablet, and together with Phoenix, they went to Yanwu.

In the sky above a newly expanded cultivation area, the four of them appeared. The three demons were a little surprised, not knowing what was going on.

These buildings were almost an imitation of new Yan city, with only slight modifications to the shape and rules.

Yunxiao's eyes swept across the room, then landed on a secret chamber below. The three demons immediately understood and surrounded the secret room on three sides.

Gu Qingqing, " Yunxiao said with a faint smile. you've come from afar, and you didn't even greet me, the city Lord. After all, we have quite a good relationship, so you're treating me like an outsider."

When the three of them heard this, they immediately understood and sealed the space of the secret room, making it impossible for anything to enter or leave.

Gu Qing Qing's voice came from the secret room. She knew that she couldn't hide anymore, so she could only open the door and walk out.

She was wearing an orange dress and had a smile on her face. When she saw the four of them, her heart sank, but her expression did not change and her eyes did not show any ripples.

Yunxiao nodded. you're right. I'm indeed very busy, so I don't have much time to chat with you. Take out the heavenly fortune pill."

Gu Qingqing squinted her eyes and smiled. then I'll eat the pill. Can't you see that my strength has improved a lot? "

you're a smart man," Yunxiao said with a frown. do you really want to be honest only when you're beaten? "

Gu Qing Qing was furious, "why don't you trust me at all?" Where was the most basic trust between people? I'm really eating it. Ah Yingluo. she even opened her mouth wide, as if she was letting him examine her.

Yunxiao waved his hand and said, " catch him and beat him up. Then throw him into the cauldron of mountain and river. Add three thousand materials and refine him together. Bring the pill back.

Gu Qing Qing felt the pressure from the three sides, and her face changed. She said angrily, " Li Yunxiao, you're crazy!

Yunxiao did not speak, but just looked at her coldly. At the same time, he took out his sword death and slashed the red, creating a sword realm to prevent Gu Qingqing from escaping.

"Don't hit me, don't hit me!"

Gu Qingqing cried out. With three void-extreme divine realm experts and Yunxiao, she could not escape no matter how powerful she was. She gave in and cried out, " "The pill is on me. If you hit me, I'll really eat it!" Yunxiao waved his hand to stop the three of them and said, " you won't shed tears until you see the coffin. Lady Gu Qing Qing is also a cheap person.

"You coward!"

Gu Qingqing was so angry that she could not say a word. She gave Yunxiao a fierce glare, but at the same time, she was shocked. Why did two more men of the void realm suddenly appear, and they seemed to be quite submissive to him?

Gu Qing Qing was annoyed, "I'll give you the heavenly fortune pill, and you'll take me to the most powerful place of the ten rules to cultivate." I was interrupted by you not long after I entered closed-door cultivation, so I have to make up for it. " go to the city Lord's mansion and ask su lianyi to arrange a slightly better place for you to cultivate, " Yunxiao said. you are not qualified to go to the best place.

“You’re so silly!”

Gu Qing Qing’s face changed slightly, and she felt a little uncomfortable. Knowing that Yunxiao had completely excluded him as an outsider because he had suddenly snatched the pill away, he felt a little aggrieved, but he also knew that he had asked for it.

Chapter 2036: lobbyist

“The pill is for you. I’ll find the place myself!”

Gu Qingqing was furious. She took out the Golden furnace she had obtained from the Emperor pill tower and threw it over.

Yunxiao checked it, and only after confirming that there was no mistake did he breathe a sigh of relief. He removed the lock on Gu Qingqing with his divine sense and said, “ I’m sorry, but the area within ten thousand miles of Yanwu has been marked as a forbidden area. No one is allowed to walk around freely.

“I want to move, who can stop me!”

Gu Qingqing was furious. She turned into a green light and flew a few circles over Yanwu, then headed toward the sealed land.

“Do we care?”

Yunxiao shook his head with a wry smile and said, “ Let her be. As long as she doesn’t mess around, she’ll be a great help to Yanwu. The three of you can go back and cultivate. I still have some matters to attend to.” the rules of the ten directions are of no use to us, ” can said. let’s go back to the divine realm tablet and take care of lady Lin.

Yunxiao immediately took the two men back into the stele, while Yi returned to the sealed place to continue his cultivation. Since Lin had taught him the Buddhist Demon Sacred art, his whole mind had been immersed in it, and under his calm appearance, he seemed to be a volcano that could erupt at any time.

Yunxiao had also wanted to test the judge's current strength by capturing Gu Qingqing, but he did not expect Gu Qingqing to give in so easily.

After the judge left, Yunxiao's figure flashed and he came to the city Lord's mansion.

At this time, the city Lord's mansion had also expanded several times in size. Its previous style had completely changed, and it was now filled with a Grand and majestic aura.

In addition, the law enforcement team, Chamber of Commerce, logistics, city defense, and other organizations were also established, becoming a more complete city affairs Center.

As soon as Yunxiao stepped into the city, he sensed everything in the city with his divine sense and sent out a voice transmission. Almost instantly, su lianyi rushed over and appeared in front of him.

"How's the martial arts competition?" Yunxiao asked directly.

"It's already been spread out, and the reaction will be huge. When the time comes, there will definitely be a lot of people who will rush over. In order to prevent Warriors from entering the city, I'm considering if we should hold the martial arts competition in the capital of firecrow Empire." Su lianyi said what she was thinking.

this is indeed a troublesome matter, " Yunxiao said. you and Ling 'er should discuss it. Before that, we need to set up the law enforcement team first, so as to avoid having too many people and causing a great turmoil.

Su lianyi laughed. Alliance master, don't worry. We have already considered all of this. The time will be set in five days.

“In five days? Alright.” yes! Yunxiao nodded and said, “ once this is done, the construction of Yanwu and the structure of the heavenly martial Alliance will be basically completed. You and Ling ‘er should put down whatever you’re doing and focus on your cultivation. After all, your own strength is the foundation of everything. ”

“Yes!”

Su lianyi bowed and replied.

At this moment, she only felt that choosing to follow Yunxiao was the most important and correct decision in her life, which was even better than being the master of the heavenly one Pavilion.

you can leave now. Yunxiao waved his hand and said, “ I’m going to myriad Stars Valley.

When su lianyi heard this, she frowned and said, “ Tian Xingzi is hesitating about joining the Alliance. Perhaps I’m not qualified enough and can’t invite him. If the Alliance master personally goes, we will definitely succeed.”

Yunxiao laughed. when we were in the Western Region, Tian Xingzi and I were allies who fought side by side and went through life and death together. I hope I can persuade him. I have five days, which is a good time for me to make a trip to the Western Region.

Soon, the inter-province teleportation array in Yanwu was activated.

He had never had direct contact with the Western Region, so he could only take the money sect’s business route. He first teleported to the main city of the Western Region, then used his escape technique to head to the myriad Star Valley.

With his current strength, he reached the valley in six hours.

I, li Yunxiao from Yanwu, have come to visit you, old friend. I wonder if you are in the valley.

His voice was like a wave of water that spread in circles. The entire Valley could hear it clearly, and everyone turned pale with fright.

Yunxiao's name was like the sun in the sky now. Except for those old monsters who had been in seclusion for more than several years, no one did not know him.

Tian Xingzi had been in the valley the whole time and did not dare to be negligent.

A golden light rose from the valley and fell on the floating cloud. It was Tian Xingzi, who he had not seen for a long time. In a flash, he appeared beside Yunxiao, cupped his fists, and laughed. haha, my good friend Yunxiao!

At first, he wanted to call Yunxiao 'brother', but at first glance, Yunxiao's strength was unfathomable, which shocked him greatly. He immediately had the idea to call him 'good friend'.

how have you been, brother?" Yunxiao laughed. '

When he heard Yunxiao call him 'brother', Tian Xingzi was relieved and shouted, " brother Yunxiao, you're rising to fame now. Even I have to look up to you.

Yunxiao nodded and said, 'you're being too humble, brother. I've only created an Alliance, and it's all thanks to my friends from all over the world that I'm able to get the heavenly martial Union's reputation. I don't know if elder brother will give me this face."

Tian Xingzi was amazed. He naturally understood Yunxiao's purpose in coming. He had only said a few words, but Yunxiao had already brought him to the main topic. Moreover, the matter of whether or not he wanted to join the alliance had directly become whether or not he wanted to give them face. If he answered whether or not he wanted to join the alliance, it would be equivalent to saying that he was not giving them face. This answer was really difficult. Yunxiao also looked at him with a smile, as if he was waiting patiently. "Haha, look at what you're saying, brother!"

Tian Xingzi patted Yunxiao's arm and said with a smile, " "It's rare for younger brother to come to the myriad Stars Valley. The outside isn't a place to discuss matters. Come, I'll take you to play in the valley First, and then serve you with good wine and fruit, and we'll have a good talk."

Without waiting for Yunxiao's answer, he pulled Yunxiao and flew into the valley, while ordering the banquet to be prepared.

The valley was like an otherworldly paradise. The scenery was beautiful, the forest was deep, and exotic flowers and plants bloomed everywhere. There were tall bamboos and pine trees, flying Springs and waterfalls, and the chirping of mountain birds.

Yunxiao was also a little relaxed and happy. Tian Xingzi had only taken him on a trip and did not mention anything about joining the Alliance.

Soon, the pulp wine spirit fruit was ready, and a disciple came to report. Only then did Tian Xingzi lead Yunxiao into the myriad stars Palace in the valley to attend the banquet.

After three rounds of wine, Tian Xingzi suddenly said, "What does younger brother think of my myriad Stars Valley?" it's a paradise," Yunxiao praised. it's a paradise on earth.

"Hehe."

Tian Xingzi laughed smugly. if you live in this Valley all day long, standing aloof from the world and living a carefree life, would you be willing to go out and participate in the world's disputes? to conquer the world? "

Yunxiao knew what he meant. He smiled and said, "If you didn't mean it, why did you eat the soul Devourer sect? Although annihilating the soul Devourer sect was a piece of cake, a starving camel was still bigger than a horse. There must have been many casualties. Since you don't have any intention of becoming a king, why didn't you cherish your disciple's life and do such a casual thing?"

"The soul Devourer sect is different!" Tian Xingzi said. The enmity between the two sects has been going on for a long time, and two tigers can't live on the same mountain. If I don't eat it, it will eat me sooner or later. How could he allow others to sleep beside the bed? Not to mention such a dangerous sect!"

you're right, brother," Yunxiao nodded. you have a point. A hundred thousand years ago, the demon Lord Emperor crossed the border and came here. He swept across the entire heavenly martial realm and

wreaked havoc in the world. No one could defeat him. In the end, the world united and joined hands to seal it. This was in exchange for 100000 years of peace and freedom. Today's demon world is the soul Devourer sect of the Western Region. How can you allow others to sleep beside your bed? not to mention that the person who's sleeping wants to drive you away!"

Tian Xingzi was very depressed. Yunxiao had changed the topic with a few words, and he had used his own words as an example, making him speechless. since you have the courage to wipe out the soul Devourer sect and make the myriad Stars Valley free and unfettered, you should also have the spirit to wipe out the devil World and let the entire heavenly martial realm enjoy peace and prosperity, " Yunxiao said with cupped fists.

Tian Xingzi was unhappy and didn't want to agree, but he couldn't win the argument, so he could only say, " "Younger brother's words are reasonable, but first of all, I'm old and no longer as brave as I was. Secondly, the matter of leading the world against the alien races should be left to the sacred zone and the sea of soul formation to worry about. There's no need for you to worry so much, brother."

"Hmph, can the Saints and the sea of soul formation still be relied on? &Nbsp; during the battle of five Cloud Mountain, he was personally involved. I'm well aware of the virtue of the sanctuary-realm. As for the sea of soul formation, it has colluded with the demonic realm and has become a cancer of the world." Yunxiao said with a fierce look.

"Is it true that the sea of soul formation is colluding with the demonic realm?" Tian Xingzi was shocked. Although he had heard of it, there was too much messy information, making it difficult for him to distinguish.

"Of course it's true. It's a coincidence that this little brother knows about it in detail."

Yunxiao immediately told him about Lu congzi and Bo Yuqing in detail, and even the various grudges of their lineage, which were no longer secrets.

Tian Xingzi was dumbfounded and said in shock, " "In that case, not only can the sea of soul formation not become the leader of the human race, but it will also be the vanguard of the demon race?"

Yunxiao's eyes shone with a cold light as he nodded and said, "That's right. Therefore, I won't hide it from you. My next plan is to lead everyone to get rid of Lu congzi and uproot his evil forces in the sea of soul formation!" what?! Tian Xingzi was shocked. you want to attack the soul formation sea?!

yes, " Yunxiao nodded and said, " there is a plan, but everything will have to wait until the heavenly martial Alliance has taken all the measures. The alliance leader's position is still hanging in the air. We'll wait until the martial arts competition four days from now to decide on the alliance leader before we plan our attack on the sea of soul formation."

Tian Xingzi couldn't hold it in anymore, and his breathing became heavy, " "It seems like the world is really going to be in chaos!"

"It's more than just chaotic?"

Yunxiao sneered. it's earth-shaking! I'll tell you one more thing. The ten rules of the world will reappear in the world after Yanwu. I've already ordered people to seal the power of the natural order as much as possible to delay its spread. Before the demonic tribulation is safely passed, if you want to truly step into the God Realm, you can only join the heavenly martial Union. There's no other way."

Tian Xingzi's body trembled. This matter was also his first consideration.

Otherwise, he would have rejected it long ago. He was afraid that he would mess up his relationship with the heavenly martial Union and have his resources stuck on his path to godhood.

However, he had never expected the heavenly martial League to be so ruthless as to monopolize the ten rules.. If one did not resist the demons, one would not become a God!

Chapter 2037: monopolizing a domain

Tian Xingzi was extremely dissatisfied and said in a deep voice, " younger brother, don't blame me for speaking too much. The ten rules are shared by everyone in the realm of heavenly martial arts. The heavenly martial Union doesn't seem to have the right to seal it.

"Hehe.'

I'm not qualified," Yunxiao said with a smile. but is qualification the only thing in this world? " No, it was strength. It's fine as long as you have strength."

Tian Xingzi said, " brother, your words seem to be a little too much. Once the power of rules is sealed, you're going against everyone in the world. No matter how strong the heavenly martial League was, it couldn't withstand the wrath of the world, right? Little brother, you're undoubtedly playing with fire!"

Yunxiao chuckled and said, " it doesn't matter if you re or not. In short, we'll become gods first. Those who want to go against the heavenly martial League will have to slowly mix around on their own. With the heavenly martial league's current strength, they could resist the world for ten to twenty years. "If we can't resist it in the end, it's simple. I'll blow up the place where the law is released. No one can play around with it. It'll be over."

Tian Xingzi's mouth was wide open. He did not understand the situation and did not know if it could really explode. He only felt cold sweat all over his body as he said awkwardly, " "Younger brother, isn't this move a little too vicious?"

we'll all be finished if we can't resist the demonic tribulation," Yunxiao said coldly.

Tian Xingzi wiped the cold sweat from his forehead and said, " "What are the benefits and obligations of joining the heavenly martial League?" He had already been persuaded, or rather, he had been frightened.

"Hehe, elder brother is indeed a smart person. There are many benefits to this. Let's slowly discuss. As for duty, it's naturally to resist the demons and listen to the Alliance master's orders."

Yunxiao said with a smile. He knew that the matter was almost done.

After that, the two of them talked about the general trend of the world, the various forces, as well as the fate of each party in the future. Tian Xingzi had no choice but to agree to join the heavenly martial Union.

After agreeing, his heart also heated up, and he wished he could fly to Yanwu as soon as possible to study the rules of ten directions.

all the members of the heavenly martial League are qualified to participate in the fight for the chief position, " Yunxiao said. I can also show my skills and win the first place.

Tian Xingzi waved his hand and said, " little brother, don't make fun of me. I only have a few tricks. I'll be embarrassed if I go up. I'd better find a quiet place to cultivate and strive to step into the God Realm as soon as possible to prolong my life." as long as we can survive the demonic tribulation, everyone can live longer, ' Yunxiao said with a smile. otherwise, even if we can live for a thousand years, we will still end up in a miserable state.

"Don't worry, brother! Since I've decided to join, I'll do my best to resist the demons and won't be half-hearted!"

Tian Xingzi said seriously. He also knew that this matter was of great importance, and everyone had a responsibility to the rise and fall of the world. He would not joke around.

thank you, brother, " Yunxiao said in great joy. I'll have to thank you then!

Tian Xingzi said, " send some people here. Build a fixed passage between myriad Stars Valley and Yanwu. It's best to connect the myriad Stars Valley with the major sects of the North Region so that they can better coordinate with each other."

"I was thinking the same."

Yunxiao laughed, and the two hit it off.

Without hesitation, Wan Xingzi selected a group of Martial Emperor powerhouses to go to Yanwu with him to cultivate.

As for the construction of the passageway, he left it to the Vice sect leader to handle.

The myriad Stars Valley had suffered heavy casualties in the battle of Wutian, five Cloud Mountain, and the battle to level the soul Devourer sect. Now, besides Tian Xingzi's extraordinary strength, the gap in the sect's disciples was severe, and almost all the elites were dead.

This was also the main reason why Wan Xingzi did not want to join the heavenly martial Union. He wanted to spend a few decades to restore the vitality of his sect.

However, the heavenly martial League had monopolized the power of the ten rules, cutting off his path to godhood. With the demonic tribulation in front of them, it would be difficult for them to stay out of it. It would be better for them to take the initiative to come out and face all kinds of challenges. Perhaps it would make the myriad Star Valley stronger as soon as possible.

After returning to Yanwu, Yunxiao asked su lianyi to make arrangements for the people of myriad Stars Valley, and at the same time, spread the news that myriad Stars Valley had joined the Alliance.

The commotion caused was no less than the establishment of the heavenly martial Union.

With that, the western and southern regions 'sphere of influence was completely included in the heavenly martial Alliance. A super Alliance occupied the two regions and penetrated deep into the northern region. Its strength and reputation had already surpassed the two Holy Lands.

At this time, everyone finally realized that the situation had changed. If the Holy region and the sea of soul formation were still Holy Lands, then the heavenly martial Union was undoubtedly a super Holy Land.

super Holy Land? ”

one day, when we can compete with mysterious separation Island, ” Yunxiao said with a faint smile, ” maybe we can live up to the name of ‘super Holy Land’.

A few days later, the battle for the Alliance master finally began in the capital of firecrow Empire.

The experts from all over the world had come to the capital of firecrow Empire.

If it was a few years ago, these people would never have dreamed that they would one day set foot on the land of the southern region, a region that was almost forgotten and abandoned.

When they discovered that the firecrow Empire’s spirit energy was not inferior to that of the other three regions, they were all shocked. He seemed to believe the legend of the ten rules more.

Many people took this opportunity to get closer to Yanwu, and they were even more shocked to find that the closer they got to Yanwu, the thicker the heaven and earth spiritual energy became. It was almost no less than that of the seven major sects.

When they were about to enter the city, they were stopped by a powerful formation. What made them break down was that the people enforcing the law in front of the gate were all powerhouses above the martial Supreme realm!

“What? Only martial emperors and above can enter Yanwu to cultivate, and you must join the heavenly martial Union!”

“Crazy, they’re all crazy! Did Yunxiao know what he was doing? Does he think that Yanwu is the number one cultivation Holy Land in the world? he’s really a madman!”

Hmph, in the past, I wouldn’t even come to a place where birds don’t even sh * t, a place where I wouldn’t even come even if I knelt down and begged. How dare you put on airs? it’s better if you dont come!

There were all sorts of complaints, disdain, mockery, shock, doubt, and all sorts of complicated emotions and attitudes.

However, the law enforcement team ignored them. As long as they did not disobey the rules, they would not take action. They just kept everyone outside

Yanwu.

There were also some who requested to join the heavenly martial League, and they were brought to a room for all sorts of registration. According to their cultivation level, they could receive a storage bag with valuable items inside.

Furthermore, after joining the heavenly martial Union, every time one's cultivation level increased, they could come to the general Union to receive gifts, which were basically all kinds of spirit stones and heavenly materials and earthly treasures suitable for their new cultivation level.

Their duty was to listen to the alliance leader's orders, to fight against the demons, and not to betray the Alliance. If they wanted to quit halfway, they had to return all the things they had obtained, and then compensate them with primordial stones based on the increase in their cultivation.

Although the conditions were a little strange, they were all reasonable.

Moreover, Warriors below the rank of Martial Emperor could go to Sky Ridge, dreamy cloud swampland, or Blade Ridge and sword peak to cultivate if they joined. This was far more attractive to them than Yanwu, and soon, many people joined.

Half of the buildings in the capital of firecrow Empire had been demolished, and all the mortals had been relocated.

Su lianyi's plan was to use this place as a place for martial arts.

There were no seats in the entire capital, and everyone was watching from the sky.

Qu Hongyan, feini, Chen duantian, and Wan Xingzi, the four sect Masters, stood in the void. Their auras were astonishing, and each of them was outstanding.

Qian Sheng, su lianyi, Ding Ling 'er, and the other elders of the merchant Union also appeared in the sky with smiles on their faces.

As soon as these experts who stood at the peak of the continent appeared, they immediately attracted a large number of gazes, and all sorts of discussions broke out.

But, as soon as Yunxiao appeared, he did not release his aura, but he suppressed everyone's attention and drew everyone's eyes to him.

The entire capital fell silent. Everyone looked at this man who rose like a comet and reached the peak of the continent in the blink of an eye.

welcome to the southern region," Yunxiao said with a smile. welcome, everyone. He paused for a moment before continuing with a smile, " Why did I say the southern region and not Yanwu? "

Everyone fell into deep thought and discussed among themselves. They all shook their heads slightly, not quite understanding.

Even qu Hongyan and the others were curious. They looked at each other, but no one had an answer.

"Is it because the southern region is more rare than Yanwu?" feini asked, tapping her chin with her finger.

Yunxiao shook his head and glanced at everyone, then said indifferently, " "Because from today onwards, the entire southern region will be under the control of Yanwu. In other words, Yanwu has its own region. Do you understand now?"

All kinds of exclamations rose and fell, and everyone's eyes widened.

you heard me right," Yunxiao said. I'll repeat myself. From this day on, the entire southern region would be under the control of Yanwu. Everyone must remember this clearly, don't lose your life in a moment of carelessness."

“Arrogant!”

Finally, someone couldn't help but angrily rebuked, “Your sect alone occupies an entire region. I've never heard of such an outrageous thing in all of history! They're simply going too far!”

The heavenly martial league's elders also had bitter smiles on their faces. They felt that this idea was too bold and frightening. To think that he dared to say it. However, he was probably the only one in the world who would dare to say it. that's what I want, ” Yunxiao said lightly. I want to open something unprecedented in history. What, does this friend have an opinion?” He glanced over and stared at the man. He waved his hand and said, “Since you have an opinion, then come out and have a good talk.”

The man's face changed drastically. He was so frightened by Yunxiao's gaze that he kept quiet out of fear. He did not dare to go out, but tried his best to squeeze into the crowd.

Yunxiao's eyes turned cold as he clenched his fingers, and the space immediately distorted. The man was pulled over and grabbed by the neck. “N-no objections! Raise both hands, agree!”

The man's face and neck turned red as he desperately squeezed out these words from his throat. Then, he raised his hands and shouted, “I absolutely agree!”

Yunxiao patted him on the head and said, “In life, you must be careful with your words. Seeing that you've realized this early, I'll let it go this time. In the future, before you speak, you have to think more, understand? Otherwise, why do people have brains? they're used to think.” right, right right, what Lord cloudsky said is extremely true!

The man shed tears of gratitude. After bowing to express his thanks, he quickly ran back into the crowd, not daring to say another word..

Chapter 2038: battle for the Alliance head

Yunxiao's eyes swept across the room coldly and he said, "Is there any other friend who thinks it's inappropriate? please come out and talk."

The entire sky was silent, without a single sound.

Everyone knew that going out at this time would be equivalent to committing suicide.

The unprecedented absurdity of a sect monopolizing an entire region would definitely cause public indignation. When the time came, there would be experts to take care of Yanwu, and they would not have to worry about it.

since none of you have any objections, " Yunxiao said with a smile, " it's settled then. As the city Lord of Yanwu, thank you for giving me face."

Everyone's expression was not too good. No one dared to object, but the muffled groans rose and fell.

One of them coughed and said, "let's not talk about this." These are the private affairs of Yanwu, and it's not convenient for us to participate and listen. Let's get down to business. Who's the leader of the heavenly martial Union?"

"Right, right, let's get down to business!"

The rest of the people echoed. No one wanted to hear about his sect and region. They all sneered in their hearts. He had done such a heaven-defying thing. He could only wait for the condemnation of the whole world.

it's very simple, " Yunxiao said. the position of Alliance leader will be occupied by the capable. Any member of the heavenly martial Union can come and challenge me. " He flew higher into the sky and looked down at the ground. He said loudly, I, li Yunxiao, will be waiting for all the challengers here!

His eyes swept across the room and landed on Chen duantian. as long as you can fight to the end, you will be the leader of the heavenly martial Alliance! "Brother Duan Tian, it's your chance to show off your skills," Qian Sheng teased.

“Hmph!”

Chen duantian did not bother to talk to him. He turned to Tian Xingzi and said, ‘ brother, in the entire heavenly martial League, in terms of experience and strength, you are the one I respect the most. If there’s anyone I’m convinced of, it’s you, brother.

Tian Xingzi stroked his beard and smiled faintly, ” “The heavenly martial league’s momentum is like the midday sun. It’s only a matter of time before they suppress the two sacred lands and dominate the world. Being the Alliance head once was akin to being the sovereign of the world and leaving his name for generations to come. It was indeed a great temptation. It’s just a pity that I’m old and don’t have the ambition anymore.”

“I’m in my Prime, so why are you talking about tsundere?” Chen duantian replied.

Tian Xingzi waved his hand and interrupted him. brother, you don’t have to say anything more. I can only say that luck is not right. This world belongs to you young people. I no longer have any desire to win.

Chen duantian nodded and did not insist. He strode toward Yunxiao, his eyes gradually turning sharp. in that case, I’ll throw the brick to attract the Jade and show my incompetence first.

Chen duantian’s aura continued to rise, and the space around him trembled. The onlookers in the distance were shocked, and they all retreated.

Su lianyi immediately ordered her underlings to activate the array. Instantly, six light pillars shot up from all directions and into the sky.

The clouds churned, and a colorful light spread out. The power of an extremely strong barrier pushed out in all directions like a wave.

All the martial artists watching the battle retreated again and again, only stopping when they were 30000 meters away.

Yunxiao and Chen duantian were the only two people in the entire space of the enchantment, facing each other.

Yunxiao smiled faintly. sect leader Duan Tian is indeed of noble character. You know that you are embarrassing yourself, but you still stand up. You are indeed worthy of being one of the seven sect leaders, a role model for the world.

I'm sorry," Chen duantian said expressionlessly. people like to hide things these days. In order to choose a worthy leader for the heavenly martial Alliance, I have no choice but to take the lead.

it seems that the sect master's spirit is 'friendship first, competition second', ' Yunxiao said. it's really touching. I will definitely fulfill sect leader's wish and do my best to display my style and standard. I will definitely not show any mercy."

Hmph! Chen duantian grunted and said, " let's begin!

He grabbed at the air, and tens of thousands of light blue specks of light gathered, trembling as they condensed into a sword with a cold glint.

Yunxiao gave him a feeling that he was more powerful than before he opened Langya heaven, so he did not dare to be careless. With the sword in his hand, he immediately stabbed at him.

"They're taking action! Sect Master Chen duantian made the first move? no way!

The outside of the arena exploded with all kinds of shocked discussions.

In their eyes, although Yunxiao was the reincarnation of Gu Feiyang, he was still young, and his cultivation base could not be compared with the seven sect Masters. Although this battle was interesting, Chen duantian would most likely win.

Most people had the same thought, so when they saw Chen duantian make the first move, they could not help but be shocked. is Yunxiao so strong that even

Chen duantian is so afraid of him that he can't help but make the first move? '

Yunxiao raised his right hand, which had turned golden, and flicked his finger.

With a flash of golden light and a clang, the finger light hit The Blue Sword and knocked it away.

"Whoosh!"

Chen duantian's face darkened as his sword swept out like a hissing snake, turning into a hundred shadows in the air and covering Yunxiao in a dazzling sight.

"It's useless!"

Yunxiao chuckled and turned a blind eye to the myriad of changes. He put two fingers together and thrust them forward, using the simplest sword momentum to cope with all the changes.

"Dang!"

All the sword shadows disappeared, and Chen duantian's sword was held horizontally in front of him, but it was actually suppressed by the two fingers and could not move!

how can he be so strong?!

Chen duantian's heart was filled with horror, while Yunxiao's smile revealed an unparalleled confidence, which felt like a huge stone pressing on his heart.

"Could it be that Qianqian?"

Chen duantian had a bad feeling about this. The power of that finger had almost suppressed all of his strength. This kind of transcendent strength was definitely not something that could exist between people of the same level. It had to be at the divine sovereign realm!

He sucked in a breath of cold air and felt his hands and feet turn cold. He finally understood why Tian Xingzi refused to come out. He must have seen through Yunxiao's current strength and cultivation base, which was most likely at the divine sovereign realm.

A sense of powerlessness emerged in his heart, but he could not admit defeat on the spot under the eyes of thousands of people, or his reputation would be ruined.

He was instantly disheartened by the fact that he had won the competition for Alliance master. Now, he only hoped that he wouldn't lose too badly.

"Sword dance, wind emblem!"

Chen duantian gritted his teeth and poured all of his energy into the sword. His clear voice reverberated in the sky like a spring in the mountains.

Instantly, the sky was filled with sword shadows, like the autumn wind and falling leaves, dancing in the sky.

In that sword intent, there was less killing intent and fierceness, and more of it was pure sword comprehension.

The crowd outside the enchantment barrier cried out in shock, their eyes wide open. The thousands of sword shadows were like clouds and mist, and the myriad of phenomena were like colorful clouds flying.

"Hehe."

Wan Xingzi suddenly grinned and said, "poor Chen duantian. He's been blinded by his reputation. He's going to suffer."

Qian Sheng was also secretly surprised. Although he had guessed that Chen duantian was most likely not Yunxiao's match, he did not expect that he would be suppressed so badly that he would use all his skills, which were almost his most powerful ultimate skills, as soon as he came up.

In the face of the tens of thousands of sword shadows, Yunxiao was as quiet as a Virgin. A layer of lightning appeared on his body, sticking to it like an armor, and no matter how the sword beams spun, they could not penetrate it.

Chen duantian's face grew uglier and uglier. Yunxiao must have stepped into the realm of divine sovereign, and he was no ordinary divine sovereign realm expert.

But, Yunxiao did not make a move. Instead, he stood quietly in the sword shadows, letting Chen duantian perform a little longer so that he would not lose too much face.

After all, Chen duantian was one of the seven sect Masters and had a high prestige. Moreover, they were allies now. It was easier to get along with each other if there was a line of leeway.

Chen duantian seemed to have understood Yunxiao's thoughts. With a grateful look in his eyes, he waved the sword with more effort, at least to let the audience enjoy it.

"What a strong sword intent, sword dance wind emblem! I can't believe I'm able to see sect master Duan Tian use it in person!"

this move is enough to defeat opponents stronger than him. Yunxiao has been covered by the sword shadows, and he can't fight back. I'm afraid he's going to be defeated.

"It's not shameful to lose to this move, after all, he's still young."

There were all sorts of discussions around him. Some were surprised, but some were also sarcastic. Hmph, don't act tough before you have the strength. I thought he was very capable, but he's still a coward in front of the seven sect Masters. He doesn't even dare to move!

Qu Hongyan and the others listened to the discussions around them and smiled without saying a word.

Finally, when Yunxiao saw that Chen duantian was almost done, he said, ‘

“Sect leader Duan Tian, I’m going to make my move.”

Chen duantian’s body trembled as he said in surprise, “alright, I hope you can do it!” don’t worry, ” Yunxiao interrupted him with a smile. I’m not worried.

All of a sudden, his face turned extremely ferocious. The veins on his body popped out and countless lightning patterns flickered on his body.

“Chen duantian, you’re really strong! You actually forced me to use my strongest trump card, the Super big Thunder Bomb!”

He pretended to be angry and condensed the lightning in front of him into the shape of a huge egg. The visual effect was amazing.

“What’s that? Such terrifying lightning, my God!”

Outside the wizardry barrier, everyone’s eyes were wide open. The power of the Thunderbolt penetrated the wizardry barrier and made them feel the danger. Their expressions changed drastically. such a terrifying Thunderbolt, it won’t turn the tables, will it?!

Chen duantian was taken aback as well, but he soon realized that although the huge egg-shaped lightning looked scary, it was actually not very powerful. Knowing that Yunxiao was deliberately mystifying it to give him a way out, he could not help but feel grateful.

“Super big Thunder Bomb, explode!”

“BOOM!”

With a flash of lightning, the two of them were swallowed up. Everyone felt a pain in their eyes. The entire barrier was filled with green light, and they could not see anything else.

Li Yunxiao, thank you.

“Hehe, we’ll be a family in the future. You’re welcome.”

hehe, thank you, thank you. From now on, the blade sect will listen to the Alliance master’s orders!

Chen duantian shed tears of gratitude and was completely convinced.

When the green light slowly faded, he suddenly punched himself in the chest and spat out a mouthful of blood. He was sent flying and shouted, “ li Yunxiao, you’re really powerful!

He passed out and fell from the sky.

A figure immediately rushed into the barrier and pulled Chen duantian up with a force.

“This Yingluo can’t be, right?”

“We lost just like that? Chen duantian, one of the seven sect Masters, was defeated by li Yunxiao?”

Everyone was dumbfounded by the outcome, as if they could not accept Chen duantian’s defeat..

Chapter 2039: no rules, no boundaries

Yunxiao clapped his hands, cupped his fists, and said, “ sect leader Duan Tian really lives up to his reputation. He almost won against me.

After giving face to Zuchen and Duan Tian, he looked into the crowd and said, ‘

“Who else wants to compete with me for the Alliance chief?”

Naturally, no one from the true heavenly martial League would come out to fight for it. There were only two purposes for this show. The first was to completely subdue the Blade Sect and make them submit to him.

The second was to use Chen Duantian as a stepping stone to establish Yunxiao’s prestige in front of the world.

Now that the two points were basically reached, Qu Hongyan and the others nodded with a smile, and the competition for the position of Alliance chief was basically over.

Suddenly, a loud and clear voice rang out. It came from far away and was extremely long.

A figure instantly appeared in the sky and shouted, “This lady will compete with you!”

“Gu Qing Qing!”

The heavenly martial league’s members’ expressions changed as they looked on in shock.

Yunxiao’s face darkened as well, and he scolded, “What are you doing here!”

Gu Qingqing pouted and snorted, “What? I’m not allowed to participate?” Didn’t they say that all the members of the heavenly martial Union could accept the challenge? Why can’t I?”

“Are you from the heavenly martial Union?” Yunxiao snorted coldly. “Are you from the heavenly martial Union?”

I'm from shenxiao Palace," Gu Qingqing said with a smile. naturally, I'm also from the heavenly martial Union.

Both Yunxiao and qu Hongyan were stunned. She was right. So, Gu Qingqing was really a member of the heavenly martial Union.

"Who is this little girl? I've never seen her before."

"A hidden expert of the divine cloud Palace? Even the palace Lord of shenxiao Palace was not competing, so what was she competing for? could she win? Even if he wins, he'll be above the palace Master."

When Gu Qingqing came out, the elders of shenxiao Palace had heard about her, but they had never seen her. Now, they were inexplicably happy and excited.

Gu Qingqing's prestige was so high that she was famous even in the realm of heavenly martial arts, not to mention in the divine cloud Palace, she was like an immortal.

Even long zhihan's body trembled slightly as he muttered excitedly, "is it our ancestor? if ancestor lang wo can lead the heavenly martial Alliance, it would be the great fortune of the divine cloud Palace!

Hearing this, qu Hongyan frowned and looked troubled. Besides, Gu Qingqing's strength was extraordinary, and Yunxiao was not sure if he could win.

you've been causing trouble for me since five Cloud Mountain," Yunxiao said coldly. it seems that it's time to teach you a lesson!

Gu Qing Qing's face changed, and she said in shock, "you're so strong!"

Yunxiao's body was integrated, his cultivation base was at the divine sovereign realm, and he had a lot of divine abilities and Mystic artifacts, so he was very confident that he could defeat Gu Qingqing.

To prevent her from causing trouble in the future, especially at some critical times where it was impossible to guard against, it was not a bad choice to beat her up and make her more obedient.

Gu Qingqing was shocked. you've entered the divine sovereign justice realm?!

Her expression changed slightly, and she took a few steps back in the air to avoid the killing intent. She hurriedly said, "Don't do anything yet!"

"If I don't do anything just because you say so, where would my face be?"

Yunxiao's eyes gleamed coldly as he moved behind the man in an instant and swung his sword at him. Sparks rose from the sword with a whooshing sound, and a hole was burned in the sky.

Gu Qingqing hurriedly dodged to the side, but found that the space was frozen by a strong force, which slowed her down.

A ribbon draped over his body was instantly burned to ashes, and the lapels on his arms were also blackened.

"Wait, I don't want to fight for the position of Alliance leader with you!"

Gu Qingqing suddenly stepped back, leaving hundreds of afterimages, dazzling people's eyes.

Yunxiao slowly put away the sword and said, "So you're here to get beaten

Gu Qing Qing put away all the afterimages and laughed, "It's too tiring to be the alliance leader. I'm not suitable. I'm here to fight for the position of vice Alliance leader. The Vice Alliance leader should also rely on his own strength to rise to the top and convince everyone."

"That's not right."

the Vice Chief is appointed by me, ” Yunxiao said coldly. if I say you are, you are. If I say you are not, you are not!

Originally, it was nothing for the Deputy Chief to let the people recommend him or have a martial battle to decide, but Gu Qingqing’s disturbance had made Yunxiao wary.

If more and more people joined the heavenly martial League in the future, and some void God Realm experts appeared, such as Yi, who also wanted to compete for the position of the Deputy leader, it would be a big headache.

Therefore, with a quick thought, he took all the power in his hands and even appointed the Vice Alliance leader. This would cut off the possibility of chaos in the future.

“How can you be so overbearing and exclusive? I’m not convinced!”

Gu Qingqing shouted.

all the members of the heavenly martial League must take it as their responsibility to fight against the demons, ” Yunxiao said with a sneer. they must obey the chief’s orders. Now that I’m the Alliance head, my words are the rules. If you don’t accept it, then I can only use the Alliance’s rules to punish you.”

“League rules? What are the league rules?” Gu Qing Qing frowned.

Su lianyi and the others had a bad feeling. The Alliance had just been established and they had only specified some simple rules and organizations. There were no detailed rules. Although those who joined the Alliance had to obey the Alliance master’s orders, there was no punishment for disobeying.

Yunxiao sneered. Alliance master has the right to change the rules. I’ll announce one thing now. Whoever disobeys the order will be judged according to the circumstances. If the circumstances are serious, Alliance master has the right to put them to death!

As soon as he said this, not only Gu Qingqing, but even Tian Xingzi, Qian Sheng, and the others 'expressions changed slightly. However, this rule was flexible, and the so-called " depends on the circumstances " was full of tricks.

The onlookers were in an uproar. In this way, Yunxiao basically had real control over all the sects that had joined.

Gu Qingqing was also shocked. Yunxiao stared at her coldly and said, " "If you disobey my order now, I won't kill you. I'll hit you a hundred times."

Gu Qingqing's face turned red, and she said angrily, "pervert!" Wretched!" She was a woman, so it was better to be cut a hundred times than to be hit a hundred times.

as a member of the heavenly martial League, " Yunxiao said coldly, " you insulted me. Don't you deserve to be beaten? " Take her down!"

At his order, Ling mudi and the others immediately attacked. Several figures surrounded Gu Qingqing.

The elders of shenxiao Palace were all dumbfounded. They saw their Palace Master also raise his sword and walk over.

Yan zhihan was shocked, "Palace Master?!"

Qu Hongyan said calmly, "there's no order without rules." Although Gu Qingqing is a senior of the divine cloud Palace, she doesn't have such a privilege." Then, he appeared beside Gu Qing Qing and pointed his sword at her.

The elders of shenxiao Palace were all stunned. They stood there, not knowing what to do.

Hua Shang and the others pondered for a moment and followed.

Suddenly, all the experts in the sky gathered and surrounded Gu Qingqing, unable to escape.

In fact, Gu Qingqing wasn't a bad person, but she was too casual and unruly. Otherwise, he would not have rejected the invitation from Xuan Li Island and slept alone in the eternal world for thousands of years.

Yunxiao's purpose of making a mountain out of a molehill was also to give her a warning, to let her know the gravity of the matter.

Qu Hongyan said in a deep voice, " senior, although you are an ancestor of the divine cloud Palace, you are also a disciple of the divine cloud Palace. You don't listen to the orders of the palace or the Alliance master. You are too unruly and irresponsible. If Feiyang kicks you out of the heavenly martial Union, I'll have no choice but to kick you out of the divine firmament Palace!"

Gu Qing Qing's face turned pale, and she said angrily, " "Don't you dare!"

She didn't care about the heavenly martial League, but the divine cloud Palace was her home. Although her old friend wasn't there, she had deep feelings and honor for it. It could be said that it was her restraint.

"I'm the palace Master of shenxiao Palace, why wouldn't I dare?" qu Hongyan said. This wasn't just a matter of whether he dared or not, it was something he should have done. Senior is also the previous Palace Master, so you should understand."

"The former palace Master urged Gu Qingqing to urge her to urge her!"

The people in the distance were all shocked. They immediately understood who this woman was, and they were all shocked!

it's Gu Qingqing, the one who sealed the monster race in the five Cloud Mountain. Oh my God, did she also come out from the eternal world?!

so it's true that there are many peerless experts sealed in the eternal world!

the heavenly martial League even dared to attack Gu Qingqing. Are they crazy? do you think they can win?!

All sorts of clamors rang out as the people who were watching the show did not mind the commotion. They were all on stimulants as they watched excitedly.

Gu Qing Qing's face was gloomy, and after a long time, she said, "Alright, I was wrong this time. But with this lady's strength and prestige, could it be that I can't even be the Vice Alliance master?"

As soon as these words came out, everyone burst into an uproar, and everyone's expression changed.

"No way? Lady Gu Qing Qing is apologizing?"

"Are you admitting defeat? Back then, you dominated the world and suppressed the entire demon race in the five Cloud Mountain. How could such

a peerless figure be afraid of the heavenly martial Union?"

"Is she really Gu Qingqing? You're not acting, are you?"

All sorts of noises could be heard from all around, but the people in the hall ignored them.

As a top master, there were all kinds of legends. Some were good, some were bad, some were real, and some were fake. He didn't have the energy to listen to them one by one, nor did he have the energy to argue about them one by one. He was used to the discussions of the crowd and became indifferent.

it's up to me to decide whether it works or not," Yunxiao said. it's not up to you.

Gu Qingqing was annoyed. fine! Whatever you say! she said.

take Gu Qingqing away first," Yunxiao waved his hand and said. we'll decide how to deal with her after today's matter is over.

Gu Qingqing's face turned pale with anger, but she knew that even if she resisted, she would only be humiliated. If he were caught by Yunxiao and spanked a hundred times in front of the crowd, he would not be able to live.

Under the watchful eyes of the crowd, Yunxiao sealed all the important acupoints on Gu Qingqing's body, and she was taken away by several Warriors.

I'm sorry to have embarrassed myself. The heavenly martial League has just been established, and some people are still following the rules. However, no matter who it is, as long as they break the rules of the league, they will not be forgiven easily! Yunxiao shouted.

Everyone kept quiet out of fear, especially those from the heavenly martial League, whose expressions were not too good. He even dared to beat up the legendary peerless expert. This Alliance master was too heaven-defying.

Lingmu di nodded slightly, his eyes full of admiration. When the demonic tribulation descended, they needed a strong leader to unite their hearts.

Chapter 2040: Fatal temptation

After what happened between Chen duantian and Gu Qingqing, no one would dare to challenge him.

Originally, Chen duantian was the only one who refused to come to his senses, so su lianyi and the others deliberately made the matter bigger so that Yunxiao could establish his authority.

Gu Qingqing's incident was a complete accident, but it had turned a disaster into a blessing, and it had greatly increased Yunxiao's prestige.

Everyone suppressed the complicated emotions in their hearts and began to put on smiles as they congratulated him, "hehe, congratulations to cloud sky City Lord for reaching the top of the world! "City Lord is a young hero, truly unprecedented in history!"

Yunxiao smiled, cupped his fists, and said, "Thank you, everyone, for your appreciation and honor. The heavenly martial Union has just been established and is weak. If we want to establish ourselves, we will need your help in the future. At the same time, we welcome all of you to join us."

Everyone was speechless. He dared to beat up Gu Qing Qing and bet on her, and he was even weak. Full marks for this act.

hehe, you're too kind. I hope that the heavenly martial Alliance will take care of us in the future.

Yunxiao was acting courteously, and they were all expressing their sincerest thoughts. The strength of the heavenly martial League had almost subverted their imagination, and they all hoped to be taken care of.

hehe, why don't you all join the heavenly martial Union? I'll do my best to take care of you. Yunxiao blinked, his face full of sincerity.

"Uh, this Yingluo."

"We'll consider it, Yingluo."

"Yes, yes, I'll consider it, Yingluo."

Everyone laughed awkwardly. Although the heavenly martial Union's strength had shocked them, joining it was undoubtedly equivalent to being swallowed up by the upper echelons of the heavenly martial Union.

no hurry, " Yunxiao said with a smile. you can take your time to think about it. Especially after you become a martial sovereign of the nine Heavens realm. You must know that the only place on the entire continent that can allow you to become a God is Yanwu."

“Ah?”

“We’ve also heard many rumors about this. What are the details?” everyone was shocked and asked hurriedly.

“I’ll ask Lady su lianyi to talk to you about this matter,” Yunxiao said. you can ask her if you have any questions.

Yunxiao pushed the crowd to su lianyi while he took qu Hongyan and the others back to Yanwu.

As soon as they arrived outside the city gate, the city guards came up to them and said respectfully, “Greetings, city Lord. Lady Ding Ling ‘er has invited you.” everything is handled by su lianyi and Ling ‘er,” Yunxiao said. now that you have something to see me about, it’s most likely something difficult to deal with. Everyone, come with me. We’ll set up the framework of the Alliance and the rules.”

No one had any objections and immediately entered the city Lord’s mansion.

Ding Ling ‘er was entertaining the guests, and everyone felt it was strange. They didn’t know who she had to personally entertain. When they walked over to take a look, they couldn’t help but be surprised and delighted. It was actually someone from the sanctuary!

“Haha, young master Yunxiao, how have you been?”

Before Ding Ling ‘er could say anything, a silver-haired old man burst into laughter. His eyes flickered as he looked at Yunxiao with surprise. y-your cultivation base is really impressive!

Oh, it’s Lord Amaterasu and brother Gao Han,” Yunxiao said with a smile.

The newcomers were none other than Tian zhaozi’s branch, Yuan gaohan, mo Huayuan, and many alchemists from the sacred zone. There were twenty to thirty of them, but Yunxiao only knew the three of them.

Qu Hongyan, Tian Xingzi, and the others also hurriedly came forward to greet him. The people on both sides were polite to each other before they sat down in their own seats.

Yuan gaohan was also looking at Yunxiao in surprise and suspicion as he said, is your cultivation base so advanced that you've already become a Warlock God?!

As soon as these words were spoken, everyone from the Holy region was shocked and looked on in disbelief.

even I can't detect young master Yunxiao's art cultivation," Amaterasu said in a deep voice. this level of restraint is even higher than Master Al's. Only the art God can do this in the world. It seems that there are ten rules in Yanwu, and it's true that it's a place to become a God!"

Warlock God! !

The way the alchemists looked at Yunxiao immediately changed from shock to unparalleled respect, which was no less than that of Amaterasu.

Yunxiao's advancement into the Sorcerer God Realm was entirely due to the power left behind by Yan Shen, and had nothing to do with the rules of ten directions. But, he naturally did not bother to explain anything. with Lord Amaterasu and brother Gao Han's cultivation, as long as they stay in Yanwu, it won't take long for them to enter the immortal state.

"Does young master Yunxiao mean that you want us to stay?" Tenshou asked. But just now, miss Ling 'er said that you must join the heavenly martial Union to enjoy the resources in Yanwu."

Ding Ling 'er hurriedly said, " this is the rule of the heavenly martial League. I dare not disobey it. Brother Yunxiao is the leader of the league, and all the sect Masters are here. We should be able to reach a conclusion that both sides are satisfied with.

my Lord, do you still want to stay in the Holy region?" Yunxiao laughed.

Tian zhaozi's expression was difficult, as if he didn't want to answer. Instead, he asked, "Do I really have to join the heavenly martial Union to enjoy the resources? Can't it be assimilated?"

Yunxiao laughed and said, "Lord tenzhaozi's skills are unparalleled, and he is revered by all the people in the world. Of course, he can't be compared with ordinary people. However, rules are rules. If they are broken for no reason, I'm afraid it will be difficult to convince the masses."

Amaterasu frowned slightly, seemingly quite displeased.

don't beat around the bush, li Yunxiao, " Yuan gaohan said hurriedly. I've been with you for many years. How can I not know what a greedy, despicable, and shameless villain you are? " Just tell me what your conditions are!"

"Haha, brother Gao Han's words really hurt my feelings. Am I such a person?" Yunxiao glared at him.

Yuan gaohan waved his hand and said, " don't be so long-winded. The more you act like this, the more I'm panicking. Just state your conditions directly.

brother Gao Han's words really chill my heart, " Yunxiao said. please leave. This small temple in Yanwu can't accommodate all of you.

"You're so silly!"

Yuan gaohan was extremely depressed and angrily said, you have the resources of the ten rules in your hands. You know that we definitely won't leave, so you can name your price. Just don't go too far!

Yunxiao smiled and said, " don't make yourself sound so Philistine. It's too hurtful. It's too hurtful. For the sake of Lord Amaterasu, I'll make an exception and allow you to live in Yanwu without being restricted by the rules."

thank you, young master Yunxiao! Tian zhaozi was overjoyed. He cupped his fists and thanked him.

“It’s that simple?” Yuan gaohan suspiciously asked. Without any conditions?” brother Gao Han, you have questioned my sincerity again and again! Yunxiao said unhappily. what kind of reason is that? ”

“Hmph,” Yuan gaohan snorted, “I just know you too well, so I find it strange.

Forget it, I’m in the wrong, so I’ll apologize to you.”

The thought of staying in Yanwu to study the ten rules of nature made him excited. He was only a step away from becoming an Warlock God. It had been two days since he came to Yanwu, and he had long since discovered that the environment here was not right. The barrier was getting thinner and thinner, and he could break through it at any time. Now, even if Yunxiao wanted all his assets, he would give them to him without hesitation.

brother Gao Han, ” Yunxiao suddenly asked. do you still remember the divine

“Divine steel? Of course I remember! What’s wrong?”

Yuan gaohan’s body moved, and his eyes looked at the lingmu flute on the side, revealing a grateful expression. What he had learned from lingmu di had benefited him greatly, especially when he had participated in the production of divine steel, which had directly raised his cultivation in the art of alchemy to the peak.

now that Yanwu has a large number of resources, ” Yunxiao said, ” I plan to produce a large amount of divine steel.

All the people present were moved. Divine steel was originally a rare term, but as Yuan gaohan and Yunxiao participated in the refining, it gradually became known to the world.

Even lingmu Di’s pupils shrank. He said in surprise, ” “You want to mass-produce profound level weapons with divine steel as the main material?”

Ding Ling 'er was also very surprised. the raw materials needed for divine steel are extremely precious, especially the eternal wood, mysterious heavenly blood jade, and extreme heavenly ice essence. It was not easy for big brother Yunxiao to find them back then. How can we mass-produce them? "

the mysterious heavenly blood jade is the blood of a true spirit, " Yunxiao said. I only got it after I caught Luo Qingyun and drained his blood. But, if we want to mass produce it, his blood alone is far from enough. Moreover, too much blood essence will affect our cultivation base, so we can only find a replacement. I've already considered this in my heart. He had collected quite a lot of extreme heaven ice essence back then, enough for a while. Even if he ran out, he could still exchange some with Feng Yaoli. The truly rare item is the eternal tree." it's true that the world has changed, " lingmu di said with emotion. the eternal wood was precious, but it could be found easily.

"The eternal wood is the metal from the Earth's core. I still have some with me, but it's not enough to mass-produce divine steel," Amaterasu said. It's definitely not on the surface of the heavenly martial continent. Only the Earth's core might be able to find it on a large scale."

leave the information on the geocentric iron to me, " Qian Sheng said. the

Chamber of Commerce is the most suitable person to do this kind of thing.

"Exactly," Ding Ling 'er said with a smile. I'll spread the news Now and buy the geocentric iron at ten times the price. At the same time, I'll put out a high bounty for clues to the acquisition of the geocentric iron. I'm sure we'll find something."

well done, li Yunxiao! Yuan gaohan suddenly cried out. you said you don't need any conditions! I guess you're keeping us here for the divine steel!

brother Gao Han, you're really narrow-minded, " Yunxiao said with a smile. then, do you want to participate in the refinement of divine steel? " I won't force you."

"Participate! Of course I'm going to participate!"

Tian zhaozi said firmly. The rest of the alchemists also agreed, expressing their willingness to participate.

When Yuan gaohan had participated in the forging of divine steel, he had talked about this matter and some of his experiences in the sacred zone's Dao of art lecture. It made many alchemists, including Tian zhaozi, envious.

Even Amaterasu wanted to try refining it himself, so he had taken the initiative to collect the three materials. This was why he had hoarded some eternal wood.

Now, with such good conditions, even alchemists would try their best to get in. This kind of temptation was fatal to them. How could they refuse?

“With young master Yunxiao and Lord mu Dits guidance in refining divine steel, it's a rare opportunity,” said Tenshou Zi. Although we are not members of the heavenly martial League, we will do our best to assist them..”
