

The Eternal 2041

Chapter 2041: Four-part

Yunxiao was overjoyed. With the addition of this group of people and the resources provided by the Chamber of Commerce, the logistics support of the entire heaven Alliance would be extremely strong.

“I have a lot of tenth-level recipes here,” Ling mudi said, “and I can give them to you for free for your reference. It’s just a profound armament that was made at the last minute, it’s not something that a martial artist can refine in a short period of time, let alone a divine weapon that was made with divine grade steel as the main material.”

“Lord mu Di’s concerns are not without reason. It seems that we must improve on the profound level weapon so that it can be refined and fused as soon as possible,” said Tian zhaozi, nodding.

Yunxiao waved his hand. you’re overthinking it. I’m not refining divine steel for Mystic artifacts. I’m going to Mass-produce puppets!

“Making puppets?”

Everyone was stunned. Lingmu Di’s eyes were shining, as if he had thought of something.

Yuan gaohan had also seen Yunxiao’s gourd Little King Kong, so he could not help but ponder.

“Puppetry is a type of art, but we don’t specialize in it,” Tenshou said.

“I’ve studied this by chance,” Yunxiao said. it’s very interesting. With your skills, it won’t take you long to understand it. Moreover, there were several disciples from the aristocratic families of golems in Yanwu, all of whom had great attainments. In addition, I’ve also sent people overseas to look for the MU clan, hoping to obtain their help.”

“The MU family.”

Amaterasu was slightly moved, and he nodded. “This old master has also heard that the MU family’s puppetry techniques are unparalleled in the world, and it is a blessing to be able to meet them. Since you’re interested in developing in this area, Alliance master, we’ll do our best to assist you.”

The sudden change in his address of Yunxiao from ‘young master Yunxiao’ to ‘Alliance master’ also reflected the change in his mentality. Although he had not joined the heavenly martial Alliance, he still respected Yunxiao very much.

‘I’m sorry,’ Yunxiao said solemnly. ‘the heavenly martial League will have to rely on you, Masters, in the future.’

“I should, I should!”

All the alchemists were extremely happy, and their faces were glowing as if a Bright Road had appeared in front of them.

‘it just so happens that Lord Amaterasu and brother Gao Han are here as well,’ Yunxiao said. ‘I’m planning to hold a meeting with all the sect leaders to study and set up various institutions in the heavenly martial League, and I’m sure that there will be an alchemy branch among them. I hope that the two of you can also participate.’

“We’re outsiders, so it’s not appropriate for us to get involved,” Tenshou said.

‘However, since Alliance master has invited us, it would be impolite to decline. Thus, us master and disciple will just listen.’ ‘that’s good,’ Yunxiao said with a smile. ‘that’s good.’

After that, Yunxiao and the others discussed for several hours, finalizing the rules and organizational structure of the heavenly martial League. The entire league was officially established.

Three deputy chiefs were appointed under Yunxiao, the first Deputy Chief luomu di. When Yunxiao was not around, luomu di would take over the management of all kinds of matters in the Alliance. The

second Vice Alliance master, Qu Hongyan, was in charge of the coordination and cooperation of the various sects and clans. The third vice Alliance master, Ding Ling'er, was in charge of the logistics of the entire heavenly martial Alliance.

Although the three Deputy league leaders were all Yunxiao's men, Yanwu was at the peak of its power at the moment, and the three Deputy league leaders were also people with extraordinary strength and status, so the crowd did not have much objection.

Even the people from the money gang only frowned when they heard that they would be under Ding Ling'er's jurisdiction, but they did not express any dissatisfaction.

Qian Sheng was also a sly old fox. With Yanwu's current momentum, he could only take advantage of it to protect himself. In addition, Ding Ling'er had been in charge of Tianyuan trading company for many years and was also the leader in the construction of Yanwu. They had always had a happy cooperation, and there had never been any unpleasant events.

Under the three Deputy Alliance Masters were the sect Masters of the various sects. They ignored the difference in size of the sect and treated everyone equally. Up until now, there were more than 20 sects that had joined the heavenly martial League. Although the positions of their sect leaders varied greatly, they were all the same in the heavenly martial League.

In addition, there was also the position of an elder, whose status was the same as the sect leader. They would only listen to the orders of the four Alliance Masters and not be under the jurisdiction of the sect leaders.

They were also directly under the four Alliance leaders and had four divisions, which were the divine guards, supervision, alchemy, and city defense, following the Holy region. The people of the four divisions were transferred from the major sects to take up positions. Once they entered the four divisions, they would take on the identity of the heavenly martial Alliance and no longer accept the original assignment of their own sect.

The leaders of the four departments were Beiming Nan, Su Lianyi, Yuan Gaohan, and Pu Jinshan.

Each sect had to assign a certain number of people to the four divisions based on their strength.

The various sects had no objections to this.

After all, since the heavenly martial League was established, it must have a power at its disposal. The sect leaders and elders were the top power of the heavenly martial League, while the four divisions were the backbone.

But when Yuan gaohan heard this, he was shocked and hurriedly said, I'm not a member of the heavenly martial Union. How can I take on the position of Minister? I'll find someone else!

in that case," Yunxiao said, " you can be a temporary Minister. I'll wait until you join the heavenly martial Union, or I'll replace you when I find a suitable candidate."

"This is an ..."

Yuan gaohan was dumbfounded and repeatedly declined.

When Tian zhaozi saw that Yunxiao was beginning to be a little unhappy, he quickly stopped Yuan gaohan and said, " since the Alliance master has said so, you can take the position for a while. We'll talk about the future when the time comes.

Yuan gaohan was extremely depressed. He was still the head of the sacred zone's spiritualist division. Although he was already disheartened and even held an empty position, it was still too strange for him to hold two positions simultaneously.

However, since Amaterasu had said so, he couldn't refuse, so he could only agree.

when the Alliance was first established, there was a shortage of talents and resources," Yunxiao said. I hope that everyone will work together to carry forward the heavenly martial League and make preparations for the demonic tribulation that is coming soon."

"Yes!"

Everyone's expression was solemn as they replied in unison.

each division has its own independent authority," Yunxiao said. you can set your own rules. The position of supervisor was responsible for law enforcement, execution, intelligence, and so on. As for the divine guards, as the name suggested, one had to break through the shackles of martial Dao and step into the immortal state to join. The divine guards will also become the backbone of the heavenly martial realm's forces in the future to fight against the demonic tribulation."

At this moment, beiming Nan was still cultivating in the devil sealing grounds, constantly recovering his physical body, so he didn't know about this.

"I'll inform him about this and I'll make sure everything is in order," lingmu di said.

that's good. Yunxiao nodded. I'm relieved. As for the position of an elder, I would like to invite Lord Amaterasu to be the first one. What does the Lord think?"

&Nbsp; " I don't deserve the title of an elder, " tengzhaozi said with a smile. I'll just be an honorary elder. That way, it won't conflict with my sanctuary identity.

that's good," Yunxiao said. that's good.

&Nbsp; " the establishment of the heavenly martial Alliance will definitely cause conflict with the sanctuary, " Tenshou Zi suddenly said. Alliance master, don't you want to ask me about the situation in the sanctuary?

Yunxiao smiled and said, " the Holy region is already sunset. Now that my Lord and the other Masters have left, it's even more obvious that tomorrow will be over. There's no need to ask. What will come will come. We just have to be good ourselves. Moreover, even if they are from the Holy region, they are at least the upper-level forces of the heavenly martial realm, the mainstays in resisting the demonic tribulation. If there is no conflict, I will try to avoid them as much as possible, but if they don't know what's good for them, the heavenly martial

Union naturally has nothing to fear."

Amaterasu sighed with emotion. "Alliance master's heart is as vast as the ocean. No wonder you can accept all rivers and come down from the heavens. It seems like I've come to the right place."

The rest of the sect leaders were also secretly happy. When they joined the heavenly martial League, they had taken a gamble. Now, as the strong gathered, they were all like Amaterasu, and they felt that their gamble had paid off.

"Other than Grandmaster Tian Zhaozi, who else is there?" Tian Xingzi suddenly asked.

"I do have a few considerations in mind," Yunxiao said. "I just don't know what they think, so I won't mention them for the time being. After this meeting, I may leave Yanwu for a while, and Lord Mu Di will be in charge of everything, especially the formation of the four divisions. We must do it as soon as possible."

"Don't worry," said Lingmu Di. "I'll do my best to arrange the personnel. Sect leaders, please send experts to the city of Yanwu to strengthen the four divisions. As for the God guards, although they only recruit God Realm Warriors, they are too rare. I suggest that we set up the gold, silver, and iron guards under the God guards, and they will be filled with Warriors of different levels."

Yunxiao thought of the state guardians of Tianshui, and he felt like it was a lifetime ago. He didn't know how Qin Yue and Qin Ruxue were doing now, but they were too far away from each other and it was difficult for them to meet.

"Everything will be decided by Lord Mu Di,"

The meeting ended quickly, and everyone dispersed to carry out their duties.

Yunxiao was about to leave when he was stopped by Yuan Gao Han. "What's the matter, brother Gao Han?"

"

"I didn't think you could really reach this stage," Yuan Gao Han said with emotion. "It really makes me feel a myriad of emotions." "I didn't help you in vain all these years." "Brother Gao Han did a lot of work," Yunxiao said with a smile."

"I'm far from you," Yuan gaohan shook his head. The Holy region is hosting the No. 1 martial arts contest. Are you not interested at all?"

you don't want me to participate, do you? " Yunxiao laughed in surprise. you want me to participate? "

"Naturally not," replied Yuan gaohan. This martial arts competition had also attracted a lot of martial artists in order to compete for the top 100 places so that they could enter the Jade Book Pavilion to cultivate their remarkable abilities and unique skills. These people will all be recruited by the sanctuary and will become a force that can not be ignored."

Oh? " Yunxiao thought for a moment and said, " you want me to pull this force to the heavenly martial League? "

Yuan gaohan glanced at him and nodded,"That's right. It's just that it's going to be extremely difficult, so it's better to plan it well."

Yunxiao smiled and said,'hehe, brother Gao Han. Yanwu is no longer the same as it was in the past."

"I know that, but what do you mean by that?" Yuan gaohan frowned.

brother Gao Han, don't forget, " Yunxiao said. as long as Yanwu blocks the resources of the ten rules, it's equivalent to having the entire world's neck in its grasp. All those who wanted to become gods had to come. They had to either submit, pay the price, or kill their way out. No matter what, the Holy region can't be compared to the heavenly martial Union.. Do you understand what I'm saying?"

Chapter 2042: pan Yi

Yuan gaohan was stunned for a moment, and he began to ponder.

I mean, " Yunxiao said straightforwardly. the Holy region and the heavenly martial League are no longer on the same level. If you want to be more conceited, I no longer consider Saints my opponents."

Yuan gaohan's body trembled, his face filled with shock.

After all, the sanctum had ruled the world for many years and had countless experts. He was also the sanctum's Secretary, so he had a strong sense of honor and pride.

Yunxiao's words directly shattered his pride, as if they had hit him in the head. It was as if he had been woken up by a basin of cold water, and he suddenly realized something.

Judging from the arrangements during the meeting, the heavenly martial Union was indeed not inferior to the Holy region in terms of martial strength or resources.

Besides, Yunxiao had said that Yanwu was the only way to become a God by strangling the necks of all the experts in the world!

Yuan gaohan broke out in a cold sweat at the thought of it, and his impression of Yunxiao grew even higher. He was both surprised and delighted. but I'll still make a trip to the Holy region, " Yunxiao said. it has nothing to do with this No. 1 martial arts tournament. I have something else to do.

"Do you want me to go with you?" Yuan gaohan asked in surprise.

Yunxiao patted him on the shoulder and said with a smile, " "You'd better focus on doing your job. What the heavenly martial Union lacked the most at the moment was alchemists. The shortage of profound weapons and medicinal pills was too great, and even with the support of the star and moon school and the money Chamber of Commerce, it was difficult to fill the gap. The businesses of the major Chambers of Commerce are mainly targeted at low-level martial artists, and what we lack are high-grade profound armaments and medicinal pills."

"I understand," Yuan gaohan nodded. Since I've accepted this position, I'll definitely do my best. Don't worry."

“Yes, I am. That’s right, Qiu Mujie is indeed an unparalleled genius, but he’s also a double-edged sword. If you use it well, it’s extremely beneficial, but if you don’t, you’ll hurt yourself. You should spend more effort to keep an eye on him.” Yunxiao warned.

“I understand,” Yuan gaohan nodded.

When the two were done talking, Yunxiao said goodbye to the crowd and left.

Because lingmu di and the others held important positions, he only brought feini and yunshang. With the astral wind crocodiles and the two void extreme God Realm experts can and Yuan, almost everyone in the world could go.

Gu Qingqing was locked up above the sealed land and was left to cultivate on her own so that she wouldn’t cause any trouble. MO was also told to keep an eye on her.

A few hours later, in the forbidden area of the heavenly jewel sect, in the cave where the light glass body inheritance was held, two beams of light flashed into the cave and turned into Yunxiao and yunshang.

The tens of thousands of pearls on the wall lost their color and became extremely dark.

Yunxiao paced slowly in the cave, and every step he took was very light. Yunshang followed behind him, afraid to disturb him.

“So it’s here!”

Yunxiao suddenly cried out as his eyes flickered. He put two of his fingers together like a sword and then slashed at a wall!

The wall of the cave rumbled and countless broken stones fell down. They were cut open by the power of his finger.

All of a sudden, the entire East Ocean moon Pearl lit up. It was so bright that it was as if it was daytime in the cave.

“Be careful!”

Yunxiao grabbed the sword with his left hand and thrust it into the ground. Immediately, a sword barrier spread out. It turned into dozens of sword shadows, flying around the two of them.

The wall lights that filled the sky suddenly shot out, turning into sharp attacks. There were tens of thousands of them.

“Bang! Bang! Bang! Bang!”

Ripples appeared on the sword World, like a disturbed Lake. The two’s vision blurred, and they could only see light shadows and ripples.

“Why are these pearls attacking me?” Yunshang asked in surprise. Could it be that it has its own spirituality?” the bead has no spirit, ” Yunxiao said. it has a spirit.

“Clang”

The sword death’s Red slash rose up from the ground, and a white light flashed as it stabbed out. All the Pearl-like light was split apart by the sword Qi.

The sword ray pierced into the cave wall and slashed down!

“Boom boom boom!”

Countless gravel fell and the entire cave trembled. The mountain wall split into two, revealing a completely different world inside. It was a space of half an acre.

There was nothing inside and it was extremely simple. However, there was a person sitting cross-legged in the center. He had unkempt hair and a dirty face, and his face revealed a look of shock.

His bright eyes were particularly eye-catching, but there was fear in them, as if he was afraid of strangers.

Yunxiao frowned and stared at the man for a while before he said, "Lord Xiao fengcan."

"What did you call me?" Xiao fengcan's body trembled and he suddenly asked.

Xiao fengcan! Yunxiao said. you are Xiao fengcan, the king of the southern region!

"Xiaofeng Cangu"

Xiao fengcan mumbled to himself a few times, then shook his head, "I'm not called Xiao fengcan."

"Then what's your name?"

Yunxiao asked curiously. He was almost certain that the man in front of him was Xiao fengcan, the king of the southern region, but he had lost his memory. It should have been caused by his serious injuries back then.

"Xiao fengcan" said, "I gave myself the name: Pan Yi."

"Pan Yi? Alright, you can call me whatever you want, but in my eyes, you are Xiao fengcan."

thank you, senior, " Yunxiao cupped his fists and said. thank you for giving me the divine body inheritance back then.

"I remember you. You are the fourth person to receive the inheritance in the past few thousand years, but you have the highest cultivation." Pan Yi said.

“The fourth?” so many?” Yunxiao was taken aback. where are the other two?”

“They’re all dead. The closest one, Xin ruyu, was killed by you,” pan Yi replied.

Pan Yi shook his head. people live and die. It’s normal. They’re not like me. I have an almost infinite lifespan.

“Endless lifespan?”

Yunxiao was taken aback, and then he said in shock, “ could it be that senior has already cultivated to the world King level of the sacred body? ”

“I’m still far from that. My cultivation base is not as high as the previous owner of this body,” pan Yi shook his head.

Upon hearing that, Yunxiao was even more surprised. “Your body’s previous owner, are you really not Xiao fengcan? Then you’re Yingluo.”

Pan Yi chuckled, “I am pan Yi, didn’t I already say it?” However, in all these years, I’ve only taken the initiative to meet a dozen people. You’re the first one to recognize this body’s previous name. I’m also very curious, what kind of person was the original owner of this body?”

Both Yunxiao and yunshang were shocked. The eyes of this ‘pan Yi’ in front of them were bright and clear, and he did not look like he had lost his memory or dementia at all. is what he said true? ”

The two of them looked at each other in confusion.

“I’m a spirit that was born in this immortal body,” pan Yi said.

Yunxiao and Yunxiao immediately understood, and although they could understand it, they were even more surprised than before!

“In that case, Lord Xiaofeng can is really dead?”

Although he had never come into contact with Xiao fengcan, he had learned a lot from him, so he was still very grateful. He had wanted to thank her in person, but his wish did not come true.

“He’s really dead,” pan Yi nodded. “However, this body is extremely strong and almost immortal. It’s no weaker than ordinary heavenly materials and earthly treasures. With the power of the tens of thousands of pearls in this cave, I was gradually born over the long years. I only slowly understood this situation later on.”

‘Did senior Xiao fengcan not leave any memory in his body?’ Yunxiao asked.

And who was the one who filled the cave with pearls?”

Pan Yi pondered for a while and said, “I thought it was someone else’s plan. I gradually understood that after Xiaofeng died, his martial art body disappeared on its own. When his light glass body collapsed, it evolved into thousands of strange pearls. I don’t know why they didn’t disappear. Instead, they turned into real pearls and were preserved in this situation.” This is because I

discovered that this body has a very strong connection with the strange phenomena in this cave, as if they are one.” then I’ll destroy this cave, ” Yunxiao said awkwardly. I’m sorry, I’m sorry!

“It’s fine.” Pan Yi shook his head and laughed, “the power of these thousands of pearls has long been weakened, and I don’t need to rely on them for cultivation anymore. It was just that when you broke through the wall, you gave me a shock. I thought you were a bad person.” now you know that I’m a good person? ” Yunxiao asked. what? ”

Pan Yi said, ” I can see from your eyes that you are at least honest. You are not like the people I have met before. Their eyes were cloudy and shimmering, which proves that their hearts are not pure. However, you have a clear heart. Even if you are a bad person, you are honest and pure.

thank you for the compliment, ” Yunxiao said.

Yunshang could not help covering her mouth and laughing.

“Your light glass body is the most powerful among those who have received the inheritance. You’re about to catch up to me,” pan Yi said.

Oh? ” Yunxiao’s heart stirred. have you reached the void light realm, Sir?

“Void light realm? Is it the division of physical strength?”

“I only know that there is a division of cultivation levels, but all the people I’ve seen over the years were too weak, making me think that I’m different from them. You are the most powerful outsider I have ever met.”

Yunxiao nodded. after one’s physical body enters the immortal realm, it can be divided into Four Realms: initial enlightenment, integration, illusionary light, and Dharmakaya. Above these four Realms is the undying Holy body. I’m only in the harmonization realm right now.”

“Rongtong?”

“If that’s the case, then I should be at the void light realm.” Pan Yi muttered to himself. I thought I was very strong, but I didn’t expect there to be dharmakayas and saintly beings above me. It seems that I’m too shallow.”

there shouldn’t be any saintly beings in this world, ” Yunxiao said with a wry smile. there should only be one in the Dharmakaya realm. With your body’s strength, you can rank in the top five at the very least, if you exclude the possibility of hidden monsters.”

“It seems like there’s still a lot of room for improvement in the top five, haha.”

“I taught Xin ruyu the divine ability in the hopes that he could cultivate it and see if he could improve on my Foundation. If I had known, I wouldn’t have stayed in this cave. I would have gone out to see the world.”

Yunxiao thought to himself, 'in this world where there has been no immortal state for a hundred thousand years, if pan Yi were to go out, he would be another peerless expert, and perhaps he would have gone to the eternal world by now.' if you don't mind, you can come with me," he said. I guarantee that you'll be able to see all kinds of powerful existences. It'll be of great help to you in breaking through to the void light realm..

Chapter 2043: Didn 't think much about it at all

Pan Yi seemed to be very tempted, but he was still hesitant.

All his emotions were revealed on his face. Just like all artifacts, he did not understand the ways of the world. He did not have much shrewdness, only fear and dread of the outside world.

Yunxiao licked his lips and chuckled. don't worry, Sir. I have no intention of harming you. Furthermore, with your strength, there are only a few people in the world who can harm you.

"Alright, I only wish to travel around and search for a way to break through. I will not participate in the various grudges and disputes between you humans."

Pan Yi nodded.

Yunxiao was overjoyed. He nodded with a smile and said, " yes, yes. I'll do as you wish. I can't force you, Sir, and I can't force you.

Yunxiao laughed in his heart. As long as you followed him, once you encountered a strong enemy, even if you did not want to fight, the other party would not let you go.

Later, Yunxiao proposed to let pan Yi enter the divine realm tablet. Pan Yi found this kind of holy weapon very new, but he rejected it and followed Yunxiao closely.

The matter of the king of the southern region had been resolved, but Yunxiao was a little disappointed. Of the four peerless experts who had ruled the four regions during the first demon -sealing war, only this one who had been of the greatest help to him had truly fallen.

But then again, if Xiaofeng hadn't died, the land of inheritance wouldn't have appeared, and he wouldn't have encountered this opportunity. Perhaps it was fate that although Xiaofeng was dead, he had helped Yunxiao and kept Pan Yi.

The three of them quickly went to the northern region through the teleportation formation, heading to the holy city of misty snow.

To avoid being noticed by the people of the sacred zone, Yunshang entered the divine realm tablet, while Yunxiao and Pan Yi turned into a beam of light and flew away.

Like the soul formation sea, the teleportation array to the Holy region was strictly controlled. In order to hold the number one martial arts contest, ten teleportation points had been set up in the North Region, and all Warriors who had passed the basic test could go there.

After a few hours, the two of them arrived at one of the teleportation Urban areas.

The city was bustling with noise and excitement. The moment they entered the city, they could feel that the atmosphere was different. The streets were filled with people, and all of them were martial artists. They were all discussing the number one martial arts contest.

The strongest master in this area is definitely Young Master Lu. He directly took the advancement card and left.

Yes, there are many who can directly get the advancement card, but so far, the only one who can make the examiner feel fear is Young Master Lu.

Sigh, how good would it be if I could go and take a look? I'd be able to wake up laughing even in my dreams.

“Stop dreaming! If you want to get an observation scroll, you either have to be a high-level martial Supreme or be extremely rich and buy it with vitality stones. You must also have a clear background. Don’t even think about it in this lifetime.” yes, yes, let’s hurry up and move the bricks. If we’re slow, the foreman is going to hit us again.

Two low-level martial artists were pushing a cart and chatting on the street. They were walking on a remote road to avoid bumping into martial artists and causing trouble.

But, Yunxiao’s divine sense was so wide that he could hear almost all the movements in half of the city. how troublesome! They are so strict!

“Why would it be troublesome?” pan Yi asked. Our strength has already surpassed a high-level martial Supreme. Oh, right, my identity is unknown, so

I’m afraid I won’t be able to pass.”

His face revealed a difficult expression and he frowned.

what? ” Yunxiao wanted to laugh. do you want to go in and watch the battle? ”

“I’m very excited to be able to witness the world’s strongest fighter in the world’s first martial arts tournament.” Pan Yi nodded. He was so nervous that he clenched his fists.

Yunxiao could not help but laugh.

“What’s wrong? Don’t you want to see it for yourself?”

“Yes, of course I want to! Otherwise, why would I be here? we have to think of a way to sneak in first. It’s just that it’s not easy to get an identity.”

Yunxiao pondered for a moment, and then the corners of his mouth suddenly curved into a smile.

Hundreds of miles away from the Urban area, a ninth-grade battleship was flying over at a high speed. The battleship had a strange shape with a clear mark of a sect.

In the inner cabin, a young man walked in, passed a few corridors, and stopped in front of a secret room. He knocked on the door and said, "Father, we'll be there soon."

The door of the secret room slowly opened, and a man sat cross-legged in the void. Countless runes floated up and down around him. As he made a hand seal, all the runes flew into his body.

The man opened his eyes and left the secret room in a flash. "How long more?"

"About the time it takes to brew a cup of tea," the young man hurriedly replied.

The man waved his hand. tell everyone to get ready. The battleship is parked outside the city gate. You all wait for me outside the city.

"How long will father be gone?" the young man asked.

"I don't know," the man replied, "a month at least, half a year at most." Looking at the situation with this martial arts duel. there's probably something else

going on in the Holy region." The young man said, "is it better for father to go alone?"

"I'll go with Yang Mu," the man said.

"Father, I also want to go and take a look," the young man said with a troubled expression.

"You want to participate in the competition, right?" the man looked at him.

The young man finally gathered his courage and nodded heavily, "Right! Why can't I participate? I'll be the hero of the world! Even if I don't get a good ranking, I don't care. Is father afraid that I will embarrass the heavenly Eagle temple?"

The young man became more and more agitated as he spoke, and his face became somewhat ferocious and angry.

The man sighed and said, "if it was in the past, I would definitely let you participate." Even his father himself might have gone. But now, he's crying." "Why?"

"So father has his own difficulties?" the young man was shocked and quickly said.

The man looked at him worriedly, " the future is unpredictable. Father must be extremely careful. We can not let the heavenly Eagle temple be buried in father's hands!

"Ah!"

"Father, why do you say that?" the young man was shocked. Could it be that the sacred zone wants to deal with us?"

"The sacred zone is trying to recruit us," the man shook his head.

"If that's the case, isn't that a good thing?" the young man asked, stunned. This proves that we are extremely important in the eyes of the Saints. Father should be happy and have a bright future."

"You don't understand," the man sighed.

"I really don't understand. I hope father can clear my doubts." The young man nodded with difficulty.

"You should know about the rise of the heavenly martial League and the reappearance of the ten rules of the world, right?" the man asked.

“I know, but so what?” the young man nodded.

“I’ve received the latest news,” the man said. “The heavenly martial Alliance is going to seal the ten rules around Yanwu to prevent them from spreading.”

“Although this is a little outrageous, if we use a formation to seal it, we can at least stop it from spreading to the entire realm of heavenly martial arts for a short time.”

The young man was shocked. “The ten rules are shared by the world. How can they do this? Wasn’t this making the entire world an enemy? This Li Yunxiao is too absurd!”

The man nodded and said seriously, “When I heard the news, I also thought it was absurd. But it was extremely terrifying when he thought about it. They’ve grasped the path of the world to become a God, so the people of the world can either overthrow them or submit to them.”

“They’re seeking their own deaths!” The young man snorted.

The man glanced at his son and continued to shake his head. He sighed and said, “Al, I’m fine. Li Yunxiao is not that simple.”

“Even if he’s not simple, can he fight with the people in the world?” the youth said.

“I hope I’m just overthinking it,” the man sighed.

“Hehe, I didn’t think much of it.”

Suddenly, a laugh rang out, and two figures appeared in front of the secret room in the inner chamber. They were Yunxiao and Pan Yi.

“I haven’t seen you for years, Sect Leader Yang,” Yunxiao said with a smile. “How have you been?”

‘0%! Li Yunxiao!’

The man was shocked and quickly pulled his son behind him to protect him. He stared at the two people with an ashen face.

Yunxiao’s strength was not the only one that was unfathomable, and he could not sense him at all. The other man also had an extraordinary appearance, but there was no fluctuation of primordial energy at all. He stood there like a stone, and if he had not seen him with his eyes, he would not have noticed him.

His heart suddenly sank into a bottomless abyss.

sect master yang, you’ve been as elegant as ever since we parted in Xinyan city, ” Yunxiao said with a smile. but why do you look like you’re facing a great enemy when you see an old friend? ”

The man was yang Tianhao, the sect master of heavenly Eagle temple. At the order of Qin Chuan and Zhou Chu in new Yan city, he had personally come out to fight against Yunxiao and snatch the tenth-tier divine herb, the Qixing orchid.

After that, he had lost the bet. He felt that he had lost all face and directly turned around and left.

He didn’t expect that when they met again a few years later, not only was the difference in strength between the two of them different, but it was also like the difference between heaven and earth!

When yang Tianhao saw Yunxiao’s smile, which did not seem to be malicious, and the sincere face of the other man, who did not look like a bad guy, he cupped his fist and bowed. “I didn’t know that young master Yunxiao had arrived and didn’t welcome you. Yang Xin, quickly prepare some good wine and tea for me to entertain young master Yunxiao and this friend.”

“Oh,” Yang Xin replied and quickly walked out. His mind was in a mess. He had never seen his father in such a state, as if he was facing a great enemy, planning to run out to get help.

More than half of heavenly Eagle temple’s elites were on this warship, and he did not believe that they could not defeat Yunxiao with just the strength of the group.

Just as he was about to leave, yang Tianhao's voice rang in his ears, "Quickly run! Run as far as you can and don't look back!"

Yang Xin was stunned for a moment. His heart trembled and he quickened his pace.

forget it, " Yunxiao said with a smile. we're just here to ask for a small favor, sect master. We won't drink or drink tea.

Just as Yang Xin was walking away, a sudden force hit him in the face without any warning. He couldn't even sense it and was bounced back. He staggered a few steps and returned to yang Tianhao's side with a shocked expression.

Yang Tianhao's expression turned extremely ugly and he was even trembling.

young master Yunxiao, what do you mean? "

I'll cut to the chase, " Yunxiao said straightforwardly. after all, our time is precious. Don't worry, I have no intention of attacking you two. Even if you two don't help me, I'll immediately turn around and leave. I definitely won't attack anyone."

Although yang Tianhao was an enemy outside of new Yan city, he was forthright and kept his word. He did not make things difficult for him and had left a good impression on him..

Chapter 2044: sneaking into the holy city

Yang Tianhao heaved a sigh of relief and cupped his fists respectfully. I don't know what Lord Yunxiao has for me. As long as it's within my power, I won't refuse.

hehe, it's simple, " Yunxiao said with a smile. just take the two of us into the

Holy region.

“What?”

Yang Tianhao was taken aback, but he soon realized that Yunxiao must have some ulterior motives, so he was put in a difficult position.

If he were to bring the two of them into the sanctuary and cause a big problem, he would have to bear heavy responsibility.

“Hehe, Lord Cloudsky really knows how to joke. Given Milord’s power, entering the Saint-level should be a simple matter.” Yang Tianhao laughed.

Yunxiao’s face darkened as he said coldly, “I’m going straight to the point and won’t waste time with Daren, but Daren is going to beat around the bush with me. Just tell me directly, are you bringing or not?”

“Naturally, I won’t!”

Yunxiao,” Yang Xin said before he could. He did not have a good impression of

Yunxiao at all, and he only hoped that the man would leave as soon as possible.

not bringing?” Yunxiao said coldly. Is this what the sovereign meant by ‘I won’t refuse if it’s within my power’?”

“This Tao Wu ...” Yang Tianhao was troubled.

Hmph! Yunxiao snorted coldly. so, Your Excellency is lying to me! I hate it when people lie to me. If they don’t keep their word, then I don’t need to keep my word!”

“What do you mean, Lord Yunxiao?” yang Tianhao asked, stunned.

then, I’ll just take my promise of ‘never hurting anyone’ as a fart, ” Yunxiao said.

Yang Tianhao and his son, ”haha.”

After half a cup of tea’s time, the Starship stopped outside the Urban area. Three beams of light flew up from the warship and headed directly into the city.

Yunxiao and pan Yi changed their expressions slightly and followed behind yang Tianhao.

you are indeed a righteous man, sect master Tianhao, ” Yunxiao chuckled. I’m grateful.

Yang Tianhao’s face was filled with worry and depression. He waved his hand and said, ”Lord Yunxiao is too serious. It’s nothing, I should.”

Yunxiao patted him on the shoulder and said, ” cheer up, it’s a good thing to visit the number one martial arts contest. Smile more.

Yang Tianhao responded with a bitter smile.

The heavenly Eagle deity temple was one of the ten great sects of the North Region and received extremely high treatment. They were led directly to the sanctuary by a special maidservant.

As soon as he arrived at his residence, Yunxiao said goodbye and was about to leave alone.

Yang Tianhao said bitterly, ‘can you tell me what Lord Yunxiao is after? If things get out of hand, I, yang Tianhao’s, life or death is a small matter. What I’m afraid of is implicating the entire sect. ”

Yunxiao laughed. so? You're thinking of escaping now?"

"Maybe," yang Tianhao replied.

Yunxiao looked at him with a sneer and said, "Heavenly Eagle temple is one of the ten great sects of the North Region. Sect master Tianhao might be able to escape this time, but can he escape the vortex of the great changes of the era? In the current heavenly martial arts realm, who could escape the fate of the era? No one can stay out of it. "

Yang Tianhao's heart skipped a beat as he felt a sense of powerlessness.

it's our choice," Yunxiao said. our fate is often decided by our choice. He took out a token and handed it over, saying, " if my Lord is interested in joining the heavenly martial Union, you can take this token to the southern region.

Looking up at the sky, he stood in the same place, watching Yunxiao and pan Yi's back as they left, unable to speak for a long time.

An hour later, Yunxiao and yunxiao entered the courtyard straight in.

It was an inner-stage Willow flower, and the water was dense, spiritual energy overflowing.

"Who is it?"

A loud shout came from inside the house, and before the owner of the courtyard could respond, Yunxiao and Nangong wuque went straight in.

"Ah? Li Yunxiao!"

The owner of the house was shocked, but his expression quickly returned to normal. He smiled bitterly and said, "How did you get in?"

you're too slow," Yunxiao said lightly. I don't have much patience, so I have to do it myself.

The owner of the house was shocked. give me a little more time. I've already discovered many things. However, the results might be shocking, so I didn't dare to act rashly.

"Oh? I'd like to hear it.

Yunxiao said expressionlessly.

The owner of the house had a handsome face, but it was filled with worry. He was the disciple of Hei Yu's protection, Qin Chuan, whom he had not seen for a long time.

"How is Junting now?" he asked.

I haven't heard anything about her for a long time," Yunxiao said. she should still be being punished in shenxiao Palace.

"I've worked so hard for you, you can't treat her like this!" Qin Chuan's body trembled slightly as he spoke in a sullen voice.

it's the palace Lord of divine firmament Palace who punished her," Yunxiao said indifferently. not me. They will carry out the rules of shenxiao Palace. What does it have to do with me? Do I have to force my way into shenxiao

Palace's internal affairs for you? You're not qualified."

Qin Chuan remained silent. He knew that no matter if he was being reasonable or if he was competing with his strength, he was definitely not the opponent of the person in front of him. He said, I've already found out a lot of things. I hope you can help Junting and spare her from punishment.

that will depend on the value of your information," Yunxiao said.

Qin Chuan pondered for a moment. I've found out a lot of things. Although I don't have any concrete evidence, I'm very confident in my deduction. Meng Bai and Meng Wu should be the descendants of true Lord Meng Ling.

Yunxiao's mouth was wide open in surprise. "There are many people with the surname Meng in this world, you can't let your imagination run wild."

I didn't think much about it at first," Qin Chuan said. later, I found out that Meng Bai was not the only one with the heaven and earth venomous body, but Meng Wu also had an innate divine body. This was not normal.

Meng Wu also has an innate divine body?" Yunxiao asked in surprise. What kind of physique is it?"

In fact, when Qin Chuan had first said it, he had already believed him a little.

Otherwise, Wei Qing wouldn't have sent Yao Jinliang for his two disciples in Tianshui and even set a seal in Meng Bails body.

Qin Chuan shook his head and said, " I don't know either. I only know that the strange phenomenon of Meng Wu's divine body is a kind of dazzling light. Everything that is illuminated by it will turn into crystal particles and scatter like flowers. It's extremely terrifying!

When he said this, there was still fear in his eyes, as if he had seen it with his own eyes.

"Dazzling light?"

Yunxiao frowned. He could not figure it out either, but it sounded very impressive. I don't think so. Doesn't perfected Lord Meng Ling know about this? " Where are Meng Bai and Meng Wu now?"

I've only heard some rumors about him. Meng Wu and Meng Bai are both under Wei Qing's control, so it's really difficult to get close to them. As far as I know, it's very likely that they're in the shattered cloud sky River."

“Shattered cloud sky River? What is this place?”

Yunxiao was taken aback. Although he did not know much about the Holy region, he had a general idea. He had never heard of the name ‘shattered cloud sky River’.

“It’s a forbidden area in the Holy region. It’s a spatial Rift, and it’s irrigated by strange water, forming a heavenly River,” Qin Chuan replied.

Yunxiao suddenly thought of the ‘winding path to the netherworld’ and the ‘deep water path’. With Qin Chuan’s words, he roughly understood that it should be such a place.

“Where is Tian Chuan then?” he asked.

“You’re going?” Qin Chuan hesitated.

bringing Meng Wu and Meng Bai back is one of my purposes in coming to the Holy region,” Yunxiao said. I have to go.

Qin Chuan took out a needle and held it in his hand as he said, “If you follow this needle, you’ll reach the shattered clouds heavenly River. I hope that after I give it to you, you can ask Palace Master qu to release Jun ting.” the person you can’t forget might not have thought of you for a moment, Yunxiao said. he might not have even thought of you for a moment. Han Junting was an unparalleled genius of shenxiao Palace. Although she was a scheming person, it was obvious that Hong Yan cherished her very much when she punished her. She would be fine. However, it was another matter as to when he would be able to come out. If she doesn’t change her nature, letting her out now will harm her instead.”

After he finished speaking, he stretched out his hand and the needle in Qin Chuan’s hand fell into his hand. After saying “goodbye,” he left with pan Yi.

Qin Chuan was silent for a long time in the room. His face was full of dejection, which gradually turned into pain.

“My son, so the reason you’re trapped is because of han Junting. This woman is not only beautiful, but also extremely intelligent. She is indeed worthy of you.”

A ray of white light slowly appeared in the void and turned into a crescent shape. It slowly condensed into a long sword with a strange aura.

Behind the long sword, a figure in a long robe appeared. Under the burning sword light, ding Shan’s face was reflected.

Ding Shan flicked his sleeve and put away the long sword. He sighed and said, fortunately, I’ve set up a restrictive spell outside early in the morning, or I would have been discovered by li Yunxiao.

“Father’s mind is meticulous. I didn’t think much of it before, but now I know how powerful it is,” Qin Chuan said. He also looked like he had a lingering fear.

Ding Shan sighed, “Al, the current situation has changed drastically, and the world is in chaos.” The Holy region seems powerful and safe, but in reality, it’s unstable and makes one feel uneasy. Every step we take must be carefully considered!”

Qin Chuan bowed and said, “your child has learned.” Father’s divine ability is really amazing, to be able to avoid Yunxiao’s detection. I wonder who is next to him, but he seems to be very powerful.”

li Yunxiao’s abilities are far above mine, ” ding Shan said with a wry smile. he’s really terrifying. The sword in my hand is called the scattered world. It was made from the fragments of the demon Lord’s sacred weapon, the ancient gods ‘battlefield. There is a small space inside it, which allowed me to escape.”

Qin Chuan looked at his appearance as if he had just survived a disaster and said in shock, ” father, are you that afraid of li Yunxiao? ”

“Al! This person is not afraid of Gu Feiyang’s reincarnation, but the unparalleled fate!”

Ding Shan was a little dejected. He said, " all these years, I've calculated everything in my heart. I've never felt so powerless before. Perhaps father is really old.

rather, " cun cnuan said In surprise, " 11 yunxiao IS so Invmc1D1e, let's not go against him. We should give him more benefits and seek peace.

"You think I don't want to? But, I killed Yuwen Bo and ding Peng. I'm not only his enemy, but also Ding Ling 'er's enemy. Li Yunxiao will Never Let Me Go! "

His eyes flickered with killing intent as he said ruthlessly, " "But I, ding Shan, am not someone to be trifled with, nor am I someone who will just wait to be killed! I still have a chance, and now that the situation is chaotic, it's my best chance.. Even if he's the destined one, I'll kill him under the will of heaven!"

Chapter 2045: Shattered clouds sky River

Qin Chuan could feel the baleful and ruthless aura exuding from ding Shan's body. He couldn't help but be shocked and said, "No matter what, I will always support father and stand on father's side!"

"Good, you're my good son!"

Ding Shan felt gratified, and his eyes revealed a rare warmth. He said, " "You just said that the shattered cloud sky River is a spatial crack. Where does it lead

Qin Chuan was stunned, he didn't expect ding Shan to ask this. After pondering for a while, he said, "I'm not sure. After all, that place is a forbidden area. Master and I have been there a few times before. Master was also very interested in the shattered cloud sky River, but we have studied it several times without any results. Wei Qing arranged for Meng Wu and her brother to be there, so they must know something." well, Wei Qing is also a man of great talent and strategy. He should have been one of the people who dominated the world, but unfortunately, he encountered li Yunxiao, who has the Halo of destiny, and was forced to become a minor character.

“Wei Qing must not be satisfied either,” Ding Shan said with a sneer.

“That’s indeed the case,” Qin Chuan replied solemnly, “Wei Qing does have the ability to rule the world. His schemes are deep, and his methods are fierce. It’s terrifying.” I didn’t even think that he would dare to do something to the descendant of Lord Meng Ling!”

these people are all chess pieces in my eyes,” Ding Shan said. as long as they do well, they can all become a force to deal with Yunxiao. I don’t believe that we can’t defeat him by gathering all the forces in the world! Qin Chuan, find a way to get to the bottom of the shattered cloud sky River. This might be related to a very important guess of mine!”

“What guess?” Qin Chuan asked curiously.

Ding Shan’s expression was grave. there are five great celestial realms in the heavenly martial realm. The world only knows of the ages of earth, the desolation of heaven, Mount Meru, the smoke and cloud ancient shine, and the heaven of Langya. But they don’t know that there is a celestial capital above the holy city of lanxue.

Qin Chuan nodded, “this child naturally knows.” Shen ‘du is where perfected

Lord Meng Ling, Wei Wuya, and Tian zhaozi live in seclusion.”

Ding Shan said, “ however, there is very little scattered information about the fairy’s capital in this world. I have collected a large amount of information over the years. I have also been to the sanctum’s library, but there is only various fragments of information. After repeated deliberation, I thought of a possibility. The fairy’s capital didn’t belong to the heavenly martial continent in the first place. It should be a part of the land. It’s more likely that it’s the entrance to the land now.”

“Land?”

“What’s that place?” Qin Chuan was stunned.

Ding Shan said, "originally, there were very few people who knew about this. However, as the eternal world opened, all kinds of old monsters came out. The matters of the earth realm are no longer a secret. There's no harm in telling you.

He explained in detail, "there are actually two kinds of realm power in the heavenly martial realm. The first is the power of the heavenly realm, which is manifested in the form of the world-destroying divine Thunder. The second is the power of the earth realm, which is manifested in the underworld fire. Although the underworld fire is not as powerful as the divine Thunder, it is also condensed by the power of the earth realm. It is extremely powerful and can destroy thousands of worlds!

Qin Chuan was incomparably shocked when he heard this. He said awkwardly, "Why have I never heard master mention it before?" not many people in the realm of heavenly martial arts know about this," ding Shan said. it's only because father is knowledgeable and eager to learn that he learned about this from an ancient scroll. There were a few unparalleled Masters in the demon-sealing war, and one of them came from this land and called himself the Lord of this land."

"According to what father said, there should be an extremely powerful force within the land, and there are even people living there?" Qin Chuan asked.

"I don't know, but the netherworld fire does exist." Ding Shan shook his head. It's different from the world-destroying sacred Thunder. The sacred Thunder is formed by the heavenly Dao, but the underworld fire is eternal and will never be extinguished."

Yunxiao! his eyes flickered with a cold gleam. as long as I can get the netherworld fire and become the Lord of the Underworld, I will be able to restrain and kill Yunxiao!

Qin Chuan took a while to react and said, "I understand now. What father means is that the shattered cloud sky River is most likely a crack between the earth and the heavenly martial continent. However, master has investigated this place a few times and Wei Qing has also studied this place for a long time, but we haven't made any substantial progress. I'm afraid this matter is too uncertain. "

"No! Wei Qing must have information!"

he asked Meng Wu and her brother to cultivate in the shattered cloud sky River, ” ding Shan said with great confidence. he must have discovered something. I even suspect that the dazzling light on Meng Wu’s body is related to the power of the earth realm.”

so, now that Yunxiao has gone to the shattered cloud sky River, will he get something first? ” Qin Chuan suddenly asked in surprise.

Ding Shan was stunned for a moment, then laughed involuntarily, and said, it’s not that easy. If the heavenly mandate is so powerful that he can obtain the power of the earth realm as soon as he goes, then why would father still fight with him? I might as well just kneel down and let him chop me to death!

Qin Chuan also laughed awkwardly, but his eyes were still filled with worry.

Ding Shan’s enemy was his enemy, but no matter who had an enemy like

Yunxiao, they would not feel comfortable.

very few people in the heavenly martial arts realm know about the earth realm, ding Shan said. but I’m afraid many of those old monsters in the realm of eternal life know about it. We’re still too weak. Be it the eternal world, the heavenly martial Union, or the Holy realm’s sea of soul formation, we’re no match for it. We can only survive in the cracks and wait for the opportunity to grow. ”

“I understand,” Qin Chuan nodded.

The father and son felt that the atmosphere was a little heavy, and then they talked about some relaxing things. They were relatively happy.

After Yunxiao and pan Yi left, they followed the direction of the pointer and went to shattered clouds sky River.

Along the way, there were Saint domain law enforcers, and the two of them flashed their heavenly Eagle Temple tickets and passed through smoothly.

“The martial arts competition will start in a few days, are we not going to watch it?” pan Yi suddenly asked.

we’ll see,” Yunxiao said. if time permits, we’ll go and have a look. You’ll be disappointed after that.

“You’re not lying to me, are you?” pan Yi was silent for a moment.

I’ll Take You There,” Yunxiao said, sweating. I’ll take you to see it if I have the chance.

“Alright, I believe you.”

Pan Yi’s face was filled with determination and trust.

The two of them did not dare to fly too fast in case they attracted the attention of the people from the sanctuary. After an hour, they finally left the main city of the sanctuary and came to a desolate land.

“Who are you? Stop!”

&Nbsp; the space in front of them trembled, and two golden-armored warriors appeared with Spears in their hands, blocking their path.

One of them was alert and shouted, “ in front of us is the forbidden barren land of the Holy region. Without the official order of the Council, no one is allowed to enter! big brother,” Yunxiao said, “ may I ask if that’s the shattered cloud sky River in front? ”

Both of their faces changed drastically. With a wave of their Spears, they shouted at Yunxiao, “ “Who are you?”

Yunxiao smiled and said, ‘judging from your looks, I think so. Very good, Qin

Chuan really didn't lie to me. '

His right eye turned slightly red, and a strange force appeared.

The two guards' bodies trembled, and their faces turned dull. They stood there in a daze, as if they had gone silly.

relax and have a good rest, Big Brothers, " Yunxiao said with a smile. you won't remember that I've been here when you wake up later.

The two of them continued to fly forward, and after a few hundred miles, a Blue Lake appeared in the desolate landscape.

Unlike the surrounding desolation, this Lake was filled with dense spiritual Qi. The spiritual Qi was so dense that it directly turned into liquid, which was even more than that of the main city of the Holy region.

"Sniff, sniff."

Pan Yi's nostrils twitched a few times and said, "This lake water seems to be poisonous."

Yunxiao's eyes narrowed slightly as he swept his divine sense over the lake. It was very wide, and several streams of energy had gathered and poured into it from somewhere.

However, the lake water seemed to be strange. Even with the strength of his spiritual sense, he could only probe a few dozen feet deep and could not go any further.

"Is this the shattered cloud sky River? This feeling is very similar to the deep serene water path and the winding ethereal opening."

Yunxiao pondered for a moment, then said, " If every water path is a spatial crack, then where does the hidden winding river behind the Mei family's restriction door lead to? and where does the shattered clouds sky River lead

In the forbidden area of the Mei family, there was a stone tablet under the water path behind the door. On it were the words " the winding river connects to the hidden ". At that time, he felt an incomparable fear from it. There must be a universe inside.

Yunxiao muttered to himself, 'it seems that I'll have to go to the Mei family and explore the water path again if I have time.'

With his current strength, he was confident that he could go anywhere in the world.

"Are Meng Wu and Meng Bai not here? Or are they at the bottom of the waterpath?"

Yunxiao flew up into the air and looked at the lake, where steam was rising constantly, wondering if he should go down.

After all, the strong poisonous gas coming out, although it could not hurt him, it was very uncomfortable.

"If I had known earlier, I would have brought Beiming Nan here. His body might recover faster here."

'Yunxiao thought gloomily.

Suddenly, a strange laugh came from behind. haha, shattered cloud sky River,

I've finally found it!

ta ta ". A shadow in a black robe appeared on the surface of the lake, standing behind the two.

Yunxiao and pan Yi both turned to look. The black-robed man had a thin face, a slightly pointed jaw, a pale face, and his eyes were almost sunken.

you are Yingluo, Sir? ” Yunxiao asked.

“You can just call me Zhan Chu,” the man waved his hand.

“Zhan Chen.”

Yunxiao murmured the name a few times and found it very strange. The man’s aura was very strong, and he was by no means an ordinary person.

Moreover, those who could come to this place could not be ordinary. In addition, he looked so skinny as if he had not seen the sun for many years. He was most likely a person who had escaped from the eternal world.

since we’ve come to the shattered cloud sky River, we must have the same goal, Zhan Lu said. I can see that you two are quite strong. We can consider joining forces.

“Join hands?”

Yunxiao’s heart skipped a beat. He seemed to have understood something, but he still did not know what it was.”How do we join forces?”

“Naturally, we will help each other and form an alliance,” Zhan Xi said.

Yunxiao was even more curious. Was there any danger or treasure in this damn place? Did they even need to form an alliance?

However, he couldn’t point out that he didn’t know anything, so he pretended to be mysterious and said, ” “Alliance? Sir, why don’t you tell me the reason for our Alliance? if it can move my heart, I may consider it. ”

“What other reason do I need?” Zhan Chu suddenly laughed.. Do you think you can get the netherworld fire with just the two of you? What a joke!”

Chapter 2046: Ben tingfeng

“Underworld fire?”

Yunxiao was taken aback. He did not know what it was, but it sounded very powerful, so he said, ” “Do you think it’s enough to just add you?”

“Of course, I’m more confident,” Zhan Xi said. I’m not bragging, but my understanding of the earth realm is far above the two of you.”

“Land? What is that?”

Yunxiao thought to himself, ‘it seems that there are still many secrets hidden in this place.

He pretended to be disdainful and snorted, ” “Oh? I’d like to know how he’s far above the two of us.”

“Are you two trying to steal my research results for nothing?” Zhan Chu sneered.

“Look at what you’re saying, who doesn’t have a deep understanding of this place?

Yunxiao looked very confident, but then he looked suspicious and said, ” I don’t think I’ve seen you before in the heavenly martial arts realm. Are you from the realm of eternal life? ”

Zhan Chu laughed and said, "you have a good eye. I am from the eternal world." Back then, I almost opened the gate to the earth realm, but unfortunately, I failed at the last step. This time, we must succeed no matter what."

Yunxiao cupped his fists and said, " "Regarding this place, the two of us have searched for a long time and only managed to obtain a little bit of information, but we don't know much. Since you're an ancestor of the eternal world, you must have more information than us. Please explain it to us in detail."

Zhan Luan's brows furrowed slightly, and a suspicious look shot out from her eyes."Don't tell me your Yingluo doesn't know anything?"

"Haha, how is that possible!"

how could we have come to the shattered cloud sky River if we knew nothing? " Yunxiao laughed.

"Then tell me everything about the land," Zhan Xi said.

The surroundings quieted down at once, and only the dense water vapor in the lake made Yunxiao's face look a little gloomy.

"You want to get my information?" Yunxiao said coldly.

Zhan Luan almost vomited blood. She laughed angrily and said, " "Haha, I'm trying to get information from you? Why don't you just go to heaven? I'll give you a Cuan Tianhou, do you want it?"

Hmph! Yunxiao snorted coldly. with your attitude, you still expect us to cooperate with you? " You can play by yourself." She flicked her sleeves and turned around, ignoring him.

Based on his experience, he knew that Zhan Lu would definitely ask for more. If he was confident, he would not have asked for an Alliance.

At this moment, Yunxiao's curiosity was piqued. He wanted to know what the underworld realm and the netherworld fire were.

alright, since the two of you have put it this way, I'll share some information with you.

Zhan Luan's expression changed several times. After hesitating for a long time, she finally compromised and said, "Forty thousand years ago, I've been in a daze." wait! Yunxiao suddenly said.

He raised his head and looked at a spot behind Zhan Fu. He said coldly, " "Since Your Excellency has come, you must also be here for the underworld fire and the underworld boundary, right? please show yourself!"

Zhan Chu's face fell. He had been very careful, but he had not noticed anyone behind him. However, Yunxiao had seen through him with a single glance.

In his shock, he gave Yunxiao a look of horror, then turned around and glared at the back.

"Eh, how did you see through me? That's impossible!"

A figure slowly emerged from the space, looking at Yunxiao in shock and sizing him up.

"Did you follow me here?" Zhan Chu asked with a gloomy face.

hehe, I've bathed more than a hundred times in shattered clouds. Do I need to follow you here? '

from your appearance, " the man sneered, " you probably weren't from the sanctuary back then. You probably came here in secret.

Both Yunxiao and Zhan Luan were taken aback. "You're a Saint?"

"Of course!"

The man's face was cold. He stretched out his finger and swept it over the three of them. He said coldly, "You guys are considered foreign thieves, right?"

"Hehe, don't say such ugly words."

is it true? " Yunxiao chuckled. does the shattered cloud sky River belong to the Holy region? " Why are you calling us thieves? Did you build this River? Or did you guys create the netherworld fire? Seriously speaking, you Saints are the thieves, right? To turn things that belong to the people of the world into their own. "

"Right! That makes sense!"

"I've been thinking about this question too," Zhan Xi said. 'Why can the sanctuary control the entrance to the land?' You guys are the thieves!" "Hmph, flowery words!"

"Why should I?" the man sneered. Naturally, he relied on his fists! The Saint realm was the strongest, so of course they could get whatever they wanted! If the entrance isn't in the Holy region, then is it in your home?" hehe, you're right. I agree, " Yunxiao nodded.

He clapped his hands and praised, "we relied on our fists. Now that the three of us are here, we also relied on our fists." If you're not convinced, you can talk with your fists. If you don't dare to use your fists, then shut your mouth."

The man was stunned for a moment. He seemed to be rendered speechless by the other party's words.

As for using his fists to attack, if it were three small fries in front of him, he would have killed them all long ago. He would not have hidden first and come out to talk.

"Hmph, I don't want to argue with you. Since the three of you have the intention, let's have a good talk about this land."

He looked at Zhan Chu and said, " I just heard that you seem to have a lot of information in your hands. Why don't we talk about it and share the information? we can come up with a plan together.

yes," Yunxiao nodded. we agree.

Since he and pan Yi did not have any information, they were more than happy to agree.

Zhan Fu seemed to be a little hesitant.

"I am Ben tingfeng, and I was once the governing body of the Holy region. I am stronger than you in this aspect, so you don't have to worry about me taking advantage of you."

Zhan Luan was shocked. She seemed to have heard of this person before and said, " "You're Ben tingfeng?"

Yunxiao seemed to have heard of it before, but he did not have any impression of it. After all, in the past 100000 years, there were many people from the Holy region's administrative department. Except for ye Nantian, who was a peerless Martial Emperor, not many people could remember.

"It seems you still recognize me," Ben tingfeng clicked his tongue.

"That's right. I've also specially looked up your information for the matter of this land." A lot of the information was derived from the bits and pieces you left behind. Since it's you, I'm very willing to cooperate."

"Hehe, I didn't think that there would still be people who remember this old man's name. Tsk tsk, this is enough to be gratified."

Ben tingfeng seemed to be in a good mood, "The opening of the gate to the earth is not as simple as you think. If you accidentally provoke the monsters inside, it will be troublesome. I would rather go to the eternal world than take the risk." then why do you dare to do it now? " Yunxiao asked curiously.

“Who said I would dare to do it now?”

Ben tingfeng rolled his eyes at him, his gaze fell on the lake, “The poison in this Lake came from that world. It’s thousands of times more poisonous than before. It seems that the underworld fire can’t stand the loneliness and is about to come out of the world.”

“The fire will come out by itself?” Zhan Shu was shocked.

“Who knows?” Ben tingfeng laughed, “I’ve never been to the land before, and all my research on this fire is only theoretical. However, one of the four commanders in the demon-sealing war was the master of the underworld fire. He called himself the Lord of the earth and was a top-tier expert in the realm King realm.”

World King realm! !

Yunxiao was taken aback. He knew that there were four world Kings in the past. In addition to the universe God and Yan Shen, there was also the Emperor or all aemons, Lin. He ala not expect to near tnat tne rourtn one was tne Lora of the earth realm.

Pan Yi’s expression also changed slightly, he was surprised. Because Yunxiao had told him that the realm of World King corresponded to the sacred body, he immediately perked up his ears to listen.

Zhan Luan licked her lips and said, “It’s not possible to completely refine the underworld fire, but as long as I have some comprehension of the realm power, I can still look forward to reaching the creation realm. Please take us to see what’s going on.” His face was full of sincerity and desire.

However, Ben tingfeng laughed and said, “even if we really want to enter the land, we’ll have to enter from the fairy’s capital.” The river is just a spatial crack used to observe the changes in the power of the earth realm.”

“Who doesn’t know that we have to enter from the fairy’s capital?” Zhan Chu snorted. “But the fairy’s capital has been occupied by your sanctuary for 100000 years. How can we, outsiders, get a share?” We can only think of a way to escape through this crack!”

Oh? ” Yunxiao’s heart stirred. could it be that the water in the shattered cloud sky River flows from the divine capital? ”

Ben tingfeng and Zhan Luan looked at him strangely, as if to say, “don’t you know such common sense?”

Yunxiao smiled awkwardly and said, ” “I’ve only heard some rumors about this place and the underworld fire. I don’t know much about it.”

He thought to himself been listening to you guys talk about the land for so long, and I’ve indeed” heard “about it. I’m not lying to you.” you’re a newbie! Zhan Chu cursed. I was almost fooled by you!

Yunxiao looked at him coldly and snorted, ” “So what if I’m new? Your Excellency’s words are really unpleasant. Who didn’t start out as a newbie? could it be that you were born to know about the underworld fire and the underworld realm?”

Zhan Luan was stunned for a moment. She really didn’t know how to refute these words. She flicked her long sleeves, snorted, and no longer paid attention to him.

“Haha, what this young friend said makes a lot of sense.”

Ben tingfeng chuckled and said, “with little friend’s strength, there’s no harm in knowing about the divine capital.” However, I don’t think it’s the right time to enter the river yet. It’s useless to enter the divine capital now.”

“Then when is the right time to enter?” Zhan Chu asked hurriedly.

Ben tingfeng chuckled but didn’t answer. It was obvious that he would not reveal such important information so easily.

“What’s the big deal? the time is definitely not long.” At worst, I’ll just wait here. I’ve already waited for forty thousand years, why would I care about this little bit of time?”

“Even if the time comes, will the Holy region allow you to enter Shen ‘du?” Ben tingfeng laughed coldly.

“Haha, what a joke.”

“With the sanctuary’s current power, can you stop me?” Zhan Chu laughed.

“I can’t stop him.”

Ben tingfeng replied honestly, but then he changed the topic and said coldly, “But what if the mysterious separation Island takes over the Holy region?”

Chapter 2047: not yet time

mysterious separation Island took over the Holy region?!

Both Yunxiao and Zhan Luan were taken aback, and their faces were filled with horror.

“Haha, I was just saying. Look at how scared you are.”

Ben tingfeng laughed and said with a calm expression, mysterious separation Island did want to take over the Holy region. Many of the experts on the island used to be from the Holy region. However, it has been a long time and they were afraid of a conflict, so this proposal was suppressed.

you’re from mysterious separation Island?” Yunxiao asked in surprise. you’re from mysterious separation Island?”

“Yes, I am.”

Ben tingfeng nodded with a smile.

Zhan Fu's face turned pale and he started to look afraid.

"There's no need for that," Ben tingfeng said. If you want to get the benefits of the underworld fire, you can join the mysterious separation Island. When the time is right, we can enter directly from fairy's capital, isn't that better?"

Zhan Luan sneered, "if I wanted to enter mysterious separation Island, I would have entered 40000 years ago. I wouldn't have waited until now." He had not entered for 40000 years, would he still think about it now? You don't need to instigate me. "

Yunxiao's mind was racing as well, but he was concerned about another problem. what is the attitude of mysterious separation Island towards the Holy region and even the forces of the heavenly martial arts realm? "

Ben tingfeng looked at him with admiration and said, "You're quite concerned about the affairs of the world. The attitude of mysterious separation Island towards the Holy region was to join hands, not to control. After all, Xuan Li Island has been away for too long and is still unclear about the current situation. We need the help of the Holy region, and the Holy region is not strong enough to control the overall situation. We still need Xuan Li Island as the main force."

Island Lord ye Qingyu, " Yunxiao said. it's indeed commendable that you can come up with a way to unite instead of bullying the weak. Have you heard of the heavenly martial League?

"An Alliance formed by several super sects recently?" Ben tingfeng asked. I've heard of it, it's said that it rules the southern region and is extremely powerful."

His eyes flickered with desire and excitement. "I also heard that he has control over the power of ten rules, which is full of opportunities to become a God!" what you've heard is not bad, " Yunxiao said. besides, I heard that the heavenly martial League has sealed off all the rules of the ten regions, preventing anyone from leaving the southern region. If you want to become a God, you must join the heavenly martial League. I wonder if mysterious separation Island has any opinion on this? "

“You can’t become a God without joining the heavenly martial Union? Haha, what a big joke!”

Ben tingfeng sneered, “then this Alliance probably won’t last long.” Not to mention the fact that the world would definitely rise up to attack him, even if mysterious separation Island stayed out of this matter, would the other old monsters agree? The heavenly martial League is treating the world as its enemy. The league master’s intelligence is worrying.”

I want to know the current attitude of mysterious separation Island toward the heavenly martial Union,
” Yunxiao said after a moment of silence.

Ben tingfeng’s eyes flashed, “Are you from the heavenly martial Union, young friend?”

Yunxiao did not deny it. He nodded and said, ” “Yes, I am.”

Ben tingfeng was stunned for a moment before he laughed, “Haha, no wonder. However, little friend’s words just now were indeed laughable. I hope you can persuade your Alliance master not to do such a stupid thing. As for the attitude of mysterious separation Island towards the heavenly martial Union, it was naturally an Alliance. The purpose of mysterious separation Island is not to break the current balance of power in the realm of heavenly martial arts. It is to unite all the forces that can be United to deal with the next demonic tribulation.”

your Island master is indeed a man of great talent and strategy, ” Yunxiao praised. ‘

“Of course Island Lord, but this is only the first step. If your Alliance seals off the ten rules, then it’ll be a different story.” Ben tingfeng nodded.

“I understand,” Yunxiao said.

Although the problem was very tricky, and it was likely that mysterious separation Island would take action against the heavenly martial League soon, Yunxiao had a favorable impression of mysterious separation Island and ye Qingyu.

At least before the demonic tribulation, mysterious separation Island was an extremely powerful force, and it seemed that they could be relied on.

If he could confirm ye Qingyu's character and the determination of black separation Island, he could make an exception for black separation Island and let the experts on the island go to Yanwu.

as for the divine capital's Suan ni ...

"I'm sure the island Lord will consider it," Ben tingfeng said after some thought.

"Consider?" Zhan Luan sneered. I'm afraid ye Qingyu has already decided to keep the underworld fire for himself!"

the underworld fire is the power of the earth realm," Ben tingfeng said. it's not something you can take for yourself. These things have their own spirituality, and it's impossible to get them without luck.

don't try to fool us with the opportunity. If you don't open the fairy's capital, we won't even have the chance to see the netherworld fire. How can we have the opportunity?! Zhan Chu scolded.

Ben tingfeng revealed a look of deep thought,"This Suan ni opportunity is one of the heavenly Dao, how would I know?"

"Don't try to fool us!"

Zhan Luan's face was extremely cold. She stretched out her hand and asked, '

"Hurry up and give me all the information you have on the land!"

"Hehe, if you don't believe me, then just pretend I didn't say anything. If you go down the shattered cloud sky River, there's still a chance to enter the Earth realm. Mr. Zhan Fu, you can try."

Ben tingfeng spread out his hands and made a helpless expression.

“My friend, let’s work together to take down Ben tingfeng. He must have some information on the netherworld fire.”

Zhan Luan had an evil intention and asked Yunxiao for help.

I believe in Lord Ben tingfeng, ” Yunxiao said. since he said it’s not the time yet, it’s definitely not the time.

Ben tingfeng’s eyes were slightly surprised, but more of it was admiration.

“When the time comes, will you still have a chance?” Zhan Chu said angrily.

Yunxiao was taken aback. well, what you said makes sense, Lao Ai. What do you plan to do, Lord Zhan Lu? ” he asked.

Zhan Luan’s eyes flashed with a sharp light and she said decisively, ” “Enter the shattered cloud sky River, force open the crack, and open the entrance to the earth realm!”

“No!” Ben tingfeng was shocked. If we do that, it will cause two spatial fluctuations, and the Saint realm might also be lost!”

Zhan Luan said coldly, “what does it have to do with me?” When there were benefits for the sanctuary, you didn’t even think about me. Why should I care about the life and death of the sanctuary? This friend, this is an opportunity that can not be missed!”

Yunxiao’s face was full of hesitation. He was hesitating about Meng Wu and Meng Bai, and he did not know if they were just not there or were hiding in the shattered cloud sky River.

Mr. Zhan Chen, your words are really embarrassing. In that case, as someone who used to be in the Council, I have to stop you.

Ren tingfen's face turned cold as he printed at Zhan Luan with an arrogant

look.

Zhan Luan looked at Yunxiao and said anxiously, " what are you still thinking about? if the three of us join forces, we can take him down in an instant. Then, we'll tear the shattered cloud sky River apart and force our way into the land!

Yunxiao thought for a moment and made up his mind. "I'm not interested in the things between you two. As for the underworld fire and the land, I plan to go down and take a look myself."

He pointed at the lake, and with a flash, he broke through the surface of the lake and dived in.

Pan Yi immediately followed behind, and the two of them quickly disappeared from the surface of the lake.

Zhan Luan and Ben tingfeng were both stunned. Bang!" With two sounds, the two of them also jumped into the lake and chased after him.

His divine sense was severely suppressed under the lake, so he could only see a thousand feet around him, which was not as far as his naked eye. This was also because he had the moon pupil. Ordinary martial artists could only see a few hundred feet around them.

Other than the extreme poison in the lake water, there was nothing else unusual. Yunxiao dived down at full speed, and soon sensed the two people chasing after him. He ignored them and continued to wander aimlessly.

"This feeling is very similar to the winding river leading to ethereal opening.

Could the two rivers actually be the same?"

Yunxiao was surprised. When he was watching from the lake, he saw five main streams gathering toward him, which showed that the source was very long. It was not impossible to guess.

Moreover, under the monument with the words "winding river leading to secrecy", there was an extremely terrifying power suppressed. Even when he thought about it now, he still felt a lingering fear. Could that be the power of the earth realm?

With all kinds of thoughts intertwining in his mind, Yunxiao wished he could go to the Mei family right now and visit the river again.

Suddenly, there was a faint light in the dark water ahead.

The light was like a candle flame passing through a window, dark and gloomy. Yunxiao's pupils constricted as he swam toward the light.

When he got closer, the light turned from a round plate to the size of a wheel. He then realized that the light seemed to be a collection of tiny crystals.

Suddenly, his eyes widened. The crystals seemed to be making a soft sound. Although he couldn't hear it, he could sense it.

As expected, the wheel became several times larger, and all the crystals seemed to light up. They scattered out like a rain of flowers.

Yunxiao's eyes widened like copper bells. After the crystals dissipated, a figure was revealed inside. Her long dress swayed slightly, and her hair was like a waterfall. She was a living ice beauty.

"Meng Wu!"

Yunxiao cried out in alarm as he suddenly transformed into a bolt of lightning and sneaked through the water, coming to her side in a flash.

Pan Yi furrowed his brows and followed after him.

As soon as they stood still, Meng Wu opened her eyes, which were as bright as stars and free of dust.

“Meng wu.”

master! Yunxiao called out again. The man in front of him overlapped with the person in Jialan Academy in his memory.

The flower that had not bloomed in the past was now the first bud to bloom, with peach blossoms exuding red clouds and pear blossoms like snow.

Meng Wu’s eyebrows furrowed, and she formed a seal with her hands in front of her, then suddenly slapped them toward him.

Yunxiao’s heart sank. He immediately realized that Meng Wu, like Meng Bai, had been cast a spell by Wei Qing and could not remember him at all.

The mark was not strong, but when it was struck out, the light was constantly refracted, like a strange flower blooming in the palm.

Yunxiao recalled Qin Chuan’s words and the flying crystal particles he had just seen, and he immediately became alert.

He drew a circle in front of him with his right hand and immediately formed a ring of light.

The circle of light expanded like a ring of smoke, and the lake water was pressured. It let out a “Gugu” sound and went to meet the dazzling light.

“What?”

Yunxiao was taken aback when he found that his Halo was frozen by the dazzling light and then dissipated with a bang, and the dazzling light shone on him again.

“Interesting.”

After a brief moment of shock, Yunxiao immediately regained his composure and smiled. He reached out his hand, and the divine realm tablet immediately flew over, emitting the power of the world.. It rolled up like a wheel and shot into the dazzling light!

Chapter 2048: silencing

Although the light was strange, Yunxiao did not believe that it could crystallize the divine realm tablet, or it would not be a heavenly Saint artifact.

As soon as the divine realm tablet entered the dazzling light, a cracking sound came from its surface. A layer of crystal wall formed, and the power of the world was completely suppressed and disappeared.

“This is an .

Yunxiao was taken aback and took three steps back.

The sword death in his right hand struck out, and seven icy Heart Flames appeared one by one and bloomed like a lotus.

A ball of light appeared in his left hand. It was the Xin kuili flame. It turned into a fireball and flew over.

At the same time, he opened an eye on his glabella, and a purple light flashed within. It was possible that it would break out of the eye at any moment.

The divine realm tablet had been crystalized, and he had used almost all of his techniques in shock.

“Bang!”

The ice fiend Heart Flame and Xin kuili’s flames exploded as soon as they rushed into the light, creating a huge Whirlpool in the lake, which sucked the three of them in.

The strange light finally disappeared under the explosion. Although the three of them were swept into the vortex and kept spinning, they did not panic. They stood quietly in the vortex and flew along with the spinning force.

However, Yunxiao’s eyes were fixed on Meng Wu the whole time. They were getting further and further away in the vortex, but their eyes never left each other.

“Who are you?”

Meng Wu asked after a long time, her eyes as calm as water. However, when he looked at the purple light on Yunxiao’s forehead, a slight ripple appeared in his eyes.

“Li Yunxiao,” Yunxiao said after some thought.

li Yunxiao? ‘

Meng Wu reneated. nodded gentlv. and said. ” “I’ll remember that.”

Her figure slowly retreated like a blue crystal grain, gradually disappearing in front of the two.

Yunxiao did not chase after her, but watched her leave calmly.

“You know him?” pan Yi asked.

“Yes,” Yunxiao nodded.

“She doesn’t know you?” pan Yi asked again.

Yunxiao smiled wryly and shook his head. “We knew each other before.”

“I understand now, she has forgotten about you. Why don’t you chase after her and let her remember?” pan Yi said.

she was hit by someone else’s spell, ” Yunxiao said. if we can capture her, there may be a way to recover. But you saw the light just now. It can almost crystallize everything. It’s too terrifying. What kind of power is that?”

Yunxiao waved his hand, and a white beam flew out of the vortex and fell back into his hand. It was the divine realm tablet with a layer of crystal wall.

The crystal wall was a little cold when it was stuck to his hand. Yunxiao scanned it with his divine sense and found that it was extremely hard but fragile. With a strong grip, it turned into crystal powder. Other than that, there was nothing unusual. “What happened just now?”

‘What happened?’”

Ben tingfeng and Zhan Luan swam over. Their divine senses were severely suppressed at the bottom of the lake. When the two of them felt the abnormal fluctuations, they hurried over, but they were still a step too late. Meng Wu had already left.

Yunxiao put away the divine realm tablet and said, ” “I’m fine.” “You’re fine?”

“If there’s nothing, why don’t you play with your own whirlpools?”

“Yeah, why, can’t I?”

Yunxiao smiled indifferently, his eyes cold. No one liked to be interrogated, especially when they were in a bad mood.

“Sure, of course, I’m just asking.”

Ben tingfeng could feel his coldness, and since the other party didn’t want to say, he couldn’t be bothered to ask. However, the situation in shattered cloud sky River still alerted him.

Zhan Shu naturally didn’t believe him and snorted, ” “If there’s any situation, I hope you can tell me the truth. If something strange happens in Tian Chuan, it’s not something you two can deal with.”

“I understand. Thank you for your concern.”

Yunxiao said casually. Meng Wu was gone, and Meng Bai was most likely not in Tian Chuan, so he had nothing to worry about.

“Hmph !”

The two of them snorted discontentedly and looked around, hoping to find some clues. Unfortunately, there was nothing else in the lake apart from the poison and the faint elemental energy fluctuations.

Then, the four of them started to wander around the bottom of the lake. Zhan Fu kept making notes from time to time, as if he was looking for a weak space node.

Yunxiao and the other two just looked at him indifferently and did not move.

“Did you guys notice that the strange power in this Lake is coming from the five main streams?” suddenly, Zhan Chu said.

what? ” Yunxiao rolled his eyes at him. isn’t it obvious? ” he asked.

"I'm just thinking, where did these five mainstream paths come from? could it be that they're also from the earth realm?" The water gathered in the lake, but the lake was never filled. Where would the water go? Sir Ben tingfeng, you've thought of all this, haven't you?"

Ben tingfeng nodded, "you're very smart. I wonder if the three of you are proficient in formations?"

The convergence of the five paths is a natural formation created by the gods. It is The Guardian of the land, also known as the boundary barrier."

"Barrier?"

It was the first time the three of them had heard of this term, and Yunxiao was even more surprised. He felt that the world was vast, and the further they walked, the more profound they found it.

then how can we break this world barrier?! Zhan Fu asked.

"Hehe, didn't I say that the time isn't right yet?" Ben tingfeng stroked his beard and laughed.

"If we don't make things clear today, don't even think about leaving!" Zhan Luan's eyes turned cold. The killing intent immediately condensed over, and the lake water was constantly evaporated, producing a large number of bubbles and gurgling sounds.

"You think you can keep me here? are you serious?" Ben tingfeng sneered.

"My two friends," Zhan Xi said, "are you still not going to say anything at this time?" He was a little agitated.

Yunxiao said indifferently, "as for the matter of the land and the nether fire, it is my fate. It's fine if I don't. I don't want to go against mysterious separation Island for the time being. I'm sorry. I'll go first."

Seeing that there was nothing strange in the lake, he didn't want to stay any longer. He cupped his fists and left, breaking the surface of the lake.

Pan Yi did not say a word from the beginning to the end. He followed closely behind like a shadow.

The two of them flashed in the air and disappeared.

Zhan Luan's expression turned ugly, while Ben tingfeng sneered, standing at the bottom of the lake.

"Hmph, even without the help of those two, I have fifty percent confidence in keeping you here!"

Zhan Xi made up her mind. She suddenly made a hand seal with her left hand and a folding ruler appeared in her right hand. She swept it forward.

A regular radius appeared on the ruler, measuring the surrounding water space and pulling Ben tingfeng in.

"Hehe, fifty percent confidence? A frog at the bottom of a well, a laughable fool!"

Ben tingfeng laughed coldly and stretched out his hands. The two rays of golden light rotated clockwise and condensed into a Golden Ball around him, covering him like a barrier.

"Golden dissolving palm!"

The light from the folding ruler shook the Golden Ball and immediately stirred up countless runes. They all turned into palm prints of various sizes and poured out wildly!

"Bang! Bang! Bang! Bang! Bang!"

The two forces clashed violently below, and the entire bottom of the lake was completely blown up, causing water dragons to fill the sky and rush into the nine Heavens.

Zhan Luan's face was gloomy. He realized that Ben tingfeng was stronger than he had imagined. What worried him even more was that this was the Holy region. It would be troublesome if he alerted the experts in the city.

Fortunately, the shattered cloud sky River was very far away and was a forbidden area. No one would come here in a short time.

"Ignorant and arrogant!"

Ben tingfeng seemed to have been angered. He sneered and followed the force of the impact. His body was covered in a layer of golden light. He landed in front of Zhan Lu in an instant and struck out with his palms!

"Bang!"

The two Golden Palm prints were as dazzling as the sun. They hit the ruler and sent Zhan Lu flying. Mist filled the air and half of the lake evaporated.

"Hmph!"

Looking through the mist, Zhan Luan's face was pale. It was hard to tell if it was his face or the water. He snorted and after two moves, he knew Ben tingfeng's strength. He knew that there would be no result, so he turned and left.

"You want to leave?"

Ben tingfeng's face was cold and just as he was about to give chase, he suddenly stopped and stood there quietly.

A ray of golden light fell from the sky like a burning meteor and hit Zhan Lu!

“BOOM!”

Zhan Chu’s folding ruler shattered into pieces under that blow. His entire body was also sent flying, and blood sprayed in the air.

“Who is it?”

Zhan Chu’s heart trembled. That terrifying power made him feel fear. He couldn’t care much and ran away.

However, as soon as he moved, the space twisted. No matter how he used his escape technique, he could not break through the shackles of the suppression.

Zhan Chu was frightened and struggled with all his might. He reached out and took out a bead. He opened his mouth and spat out a flame on the bead.

Immediately, countless runes swelled up and exploded with a boom, shaking the suppressed space.

He seized the opportunity and roared as he tore the void apart.

A golden figure emerged from the tear. The figure’s eyes were cold, and he looked at him expressionlessly.

“Ah? Y-you’re Yingluo?”

Zhan Luan’s entire body trembled. For a moment, she forgot to escape. She didn’t dare to attack the man either. She just stood in the sky.

“Since you dare to attack the people of our mysterious separation Island, you should be prepared to die.”

The Golden figure said indifferently. There was no emotion in his voice, and it was so cold that it chilled people's hearts.

The Golden figure raised his hand, and a golden seal condensed in his palm. It seemed to contain endless heavenly laws. With a sudden palm strike, the sky shattered!

"Divine palm of wisdom!"

"BOOM!"

Zhan Chu's body was instantly shattered by the palm, turning into dust and dissipating, leaving no trace. It was as if this person had never existed in the world.

"Heavenly King."

Ben tingfeng flew over and cupped his hands in respect.

The Golden figure was ye Nantian, the King of Heaven. He was once the peak of the heavenly martial continent and the master of the Holy region.

Ye Nantian said, "if the underworld fire gets out, we will be in trouble. I have to kill him.

Ben tingfeng hurriedly said, "Daren's considerations are right, but there were still two people who were scampering just now."

Ye Nantian's eyes flickered and he said, "let them go." One of them was li

Yunxiao, the leader of the heavenly martial League, and the other was bi an."

He pondered, his eyes full of doubt and disbelief. He didn't dare to confirm that man's identity, but he was also afraid.

“Ah? So it’s him!”

“No wonder, no wonder he’s so young, so strong, and so calm!” Ben tingfeng exclaimed in shock.

yes. ye Nantian nodded and said, “ I’ve sent Haofeng to Yanwu in the southern region, but I didn’t expect Yunxiao to come to the Holy region..

Chapter 2049: Watching the martial arts competition

“My Lord, are you thinking of joining forces with the heavenly martial Alliance to destroy the sea of soul formation?” Ben tingfeng asked.

“You think it’s not right?” ye Nantian asked.

Ben tingfeng replied, “ it’s not inappropriate. I just feel that it’s unnecessary. With the strength of mysterious separation Island, it’s enough to sweep away everything and make the world submit.

Ye Nantian chuckled and said, “ maybe I can defeat everything. Maybe I can unite the world. But it is hard to unite the world. And the island Lord’s intentions are very clear. He only wants to unite the world to resist the demons, but he doesn’t want to participate in or change the world’s situation. After all, we are no longer people of this era.”

“This subordinate understands.”

but, li Yunxiao has already learned about the netherworld fire, ” Ben tingfeng said solemnly. will there be any problems? ”

this li Yunxiao has all the opportunities of the heavenly Dao, ” ye Nantian said. let him be. After all, he is someone we have great Expectations of. If he has the ability to get the underworld fire, then it’s his ability. We don’t need to stop him, but we can’t let him have it. ‘

“Yes.”

just now, li Yunxiao said that the heavenly martial Union has sealed off the rules of the ten regions, ” Ben tingfeng said. it seems that they have the intention to do so. Isn’t this a stupid move? ”

Ye Nantian thought for a while and said, [not on purpose. As far as I know, it has been sealed.] Yunxiao was an extremely intelligent man, and he would never risk the world’s condemnation by doing stupid things. He must have his own ideas. However, when mysterious separation Island came out of the world of eternal life, they would have to go to Yanwu. What I’m interested in now is Yunxiao’s purpose in coming to the Holy region and the identity of the people around him. Don’t tell me he’s here to participate in the No. 1 martial arts tournament. ”

“Definitely not,” replied Ben tingfeng. With his strength, it would probably be very difficult for anyone below void tier to suppress him. The person next to him was also deeply hidden, and his strength would not be below his! I didn’t expect the heavenly martial Union to be so full of talents.”

“Below extreme void? Hehe, even you might not be able to defeat him.”

Ye Nantian said slowly. When he thought of the fight between the heavenly martial Alliance and the mist Rock Master in the eternal world, his eyes started to blur.

Ben tingfeng was stunned, clearly not believing it.

Ye Nantian smiled and said, ” he is one of the few people in this realm. He has the highest chance of becoming a regional King! He didn’t bother to explain and continued, ” in short, this person is a friend and not an enemy. Try not to have a conflict with him as much as possible, but if you really have no choice, don’t give in.

“Yes, your subordinate understands!”

Ben tingfeng nodded and said. Ye Nantian's words had given Yunxiao a very high evaluation and status, which also represented the attitude of mysterious separation Island. He would know how to deal with this man when he met him again in the future.

"Let's go. No one could open the gate to the earth realm before the boundary barrier was broken. After the very first martial arts contest is over, we can head to the sea of soul formation. During this time, we can let everyone understand the current situation of the heavenly martial arts realm."

After ye Nantian finished, the two of them disappeared into the lake.

The lake water that had been mostly evaporated by the battle continued to grow under the irrigation of the five main streams. After a few days, it returned to its original volume and stopped growing.

Yunxiao returned to the main city after leaving shattered clouds. Looking down from thousands of miles up in the sky, there were immortal clouds floating, and the sacred city was hidden under the clouds. It was like a Fairyland.

"Where are we going now? Are you watching the martial arts tournament?" Pan Yi said.

"It seems like you can't forget about the Grand meeting." Yunxiao said.

"Yes, I'm very excited right now."

"The two people I just met are very strong, and the woman you know is also very powerful," pan Yi replied honestly. I'm sure we'll be able to see many martial artists who are much stronger than them in the number one martial arts contest." alright, " Yunxiao said with a faint smile. let's go and watch the competition to fulfill your dream. However, when Yingluo was in the shattered cloud sky River, did you feel that someone was watching us from the void?"

"Did I?"

"If there really is such a person, then it's hard to imagine how powerful he is," pan Yi was startled and said with a frown.

“Maybe I’m hallucinating,”

Yunxiao said in a self-deprecating manner. Although he could not detect it with his divine sense, he firmly believed that someone was peeking at him from the void. After becoming a Warlock God, this kind of spiritual connection was a hundred times stronger than before.

The number one martial arts contest was still in the group stage. It was divided into 20 arenas, and the martial arts competition continued overnight.

Yunxiao and pan Yi entered one of the arenas at random and began to watch the battle.

Both of them were eight-stars martial sovereigns, and they were fighting to the most intense degree. The audience below the ring kept shouting, and they were so excited that even the stage was excited.

After watching for a while, Yunxiao found that pan Yi’s brows were deeply furrowed. He laughed and said, “Haha, how are you feeling?”

Pan Yi honestly commented, “the moves are very . I was very inspired when I saw them. I didn’t know that you could fight like this.” However, my cultivation level is not enough. I can defeat them with a single finger.”

Yunxiao nodded. Pan Yi was a spirit incarnated from a corpse. Although he had a cultivation base, he had never learned any martial techniques. If he wanted to learn, he would at most learn the unique skills of the Warriors of firecrow Empire, so he was naturally not as good as the two men in the ring.

“I have more powerful martial arts techniques here. If you want to learn, I can teach you.” Yunxiao patted his chest and said.

“Really?”

“Thank you, but I would like to learn it. Please ask me,” pan Yi was overjoyed and quickly replied.

that's easy," Yunxiao said with a smile. there are countless martial technique collections in the Holy region. I'll show you.

"Hmph, aren't you afraid of spicking your tongue when you speak!"

Suddenly, a few blue-robed men surrounded the two of them. There were a total of eight of them, all of them carrying large swords with cold expressions.

Yunxiao glanced at them and said, " 'What are you doing?"

"What did you just say?" the man in the lead sneered.

Yunxiao thought for a moment and said, 'what we say has nothing to do with you. Do you have an opinion?"

"Of course I have an opinion!"

Yunxiao knew that they were in trouble as soon as he heard that, but he did not expect pan Yi's unintentional words to bring them trouble. Fortunately, they had changed their looks, so it was impossible for these small fries to see their cultivation base.

"I'm not talking nonsense," pan Yi said.

"Ha? You still dare to say that?"

The eight men were all furious. They pulled out the swords in their hands and surrounded the two of them in a sword formation. Their killing intent was intense.

This immediately attracted everyone's attention.

A Saint-level law-enforcement officer also looked over and shouted, "What are you doing?"

"My Lord! This person spoke rudely!"

The man hurriedly put away his sword, then leaned forward and whispered a few words into the law-enforcement officer's ear. The two of them looked at each other and even exchanged a meaningful glance. Although it was very secretive, Yunxiao saw it.

Yunxiao thought to himself, 'no wonder this man dares to be so arrogant. Even the disciples of large sects usually behave in a restrained manner when they come to the Holy region. So, he knows the law-enforcement officers.'

"You, come here!"

The law-enforcement officer pointed at Yunxiao and beckoned at him with his finger, looking very arrogant.

Yunxiao pointed at himself and laughed, then he pointed at pan Yi and said, '

"Didn't he say the wrong thing? How do you find me?"

"I told you to come over, so come over. Why are you talking so much nonsense?"

The law-enforcement officer's face sank and he rebuked angrily, his eyes emitting a cold light.

"Alright, I'll come over."

Yunxiao walked straight over, and pan Yi followed behind him.

"What did you just say? You want to go take a look at the Holy region's library?" The law-enforcement officer said in a cold voice, his eyes fixed on Yunxiao.

Yunxiao was a little depressed. He was naturally not afraid of these people, but he did not want to make a big deal out of it. "I'm just talking nonsense about this Yingluo, don't take it to heart."

"What? You're lying to me?" Pan Yi furrowed his brows. Although there was no anger between his brows, he was obviously unhappy.

Yunxiao stammered a few times and began to explain, but he could not make it clear.

"Hmph, take out your pass!"

The law-enforcement officer saw that the two of them looked a little strange and walked over with a ferocious expression.

Yunxiao threw the pass over and said to himself, "I'm sorry, sect master Tianhao."

"Heavenly Eagle temple? You are from the heavenly Eagle temple?"

The enforcer was shocked. The heavenly Eagle deity temple was also one of the ten great sects of the North Region and was not to be trifled with. His expression immediately became complicated. The token in his hand was definitely not fake.

The expressions of the blue-robed Warriors with large swords also changed.

Yunxiao laughed hideously, raised his head, patted his chest, and scolded, "Come on, let's fight. Who said he wanted to take us down? who said he wanted to deal with us? Come out!"

He puffed out his chest, his nostrils pointed upwards, and looked down on everyone. He threw a glance at the swordsman in blue and the sanctuary enforcer, as if he was saying, "hit me if you dare."

The law-enforcement officer and the swordsmen in blue were livid with anger, but they didn't dare to attack.

The law-enforcement officer's face was gloomy. you just said that you wanted to go to the Holy Region Library to take a look. I have the right to suspect that you wanted to steal books. There is nothing wrong with arresting you for investigation!

"Catch! Hurry up and catch it!"

Yunxiao raised his head and snorted, " my heavenly Eagle temple's battleship is just outside the sacred city. If you dare to touch me, Lord sect master will definitely bring people to charge in and demand an explanation. I don't think such a large sacred region will break off relations with my heavenly Eagle temple in order to protect you!

His insufferably arrogant appearance made everyone gnash their teeth. The originally surrounding spectators also turned black in an instant, all of them discussing in low voices, even the heavenly Eagle temple was scolded.

"Have you finished reading the pass? Quickly hand it over after you're done!"

Yunxiao stepped forward and snatched the token over, then waved it in front of the law-enforcement officer and said, " "This kind of high-level token is not something a low-level law-enforcement officer like you can hold. Can you afford to pay for it if you dirty it?"

Finally, the law-enforcement officer was so angry that smoke was coming out of his forehead. He could not help but rush over and throw a punch at Yunxiao's face.

Everyone was secretly cheering for the good fight, and a few people even directly clapped their hands and shouted.

Yunxiao pretended to be angry and shouted, " damn it, you lowly thing dare to touch me, a core disciple of heavenly Eagle temple? " After he finished speaking, he kicked him.

Chapter 2050: I want to kill you

Yunxiao's footwork was very light, and he did not win with strength. Instead, he charged at the law-enforcement officer at an extremely tricky angle and hit him in the chest with a thud.

A stream of energy entered his meridians, and the law-enforcement officer's body froze. His mouth opened in an " Oh " shape, and his face turned purple.

Then, the law-enforcement officer fell backward. The moment he fell to the ground with a " plop ", it was as if his meridians had been cleared, and he suddenly spat out a mouthful of blood.

The swordsmen in blue were all shocked.

Although the position of the law-enforcement officers was not high and they might not dare to touch the core disciples of heavenly Eagle temple, the core disciples of heavenly Eagle temple had to be more careful in the Holy region. They had actually attacked the law-enforcement officers without any restraint.

my heavenly Eagle temple is just that awesome. Why? if anyone is not convinced, you can make a move!

Yunxiao was so arrogant that he glanced at the crowd with contempt.

"Good, good! The heavenly Eagle temple is great!"

An old man and eight law-enforcement officers flew down from the sky and surrounded Yunxiao and Nangong wuque, all of them glaring at them.

The old man was only an eight-stars Martial Emperor, and he was a little surprised when he found that he could not tell Yunxiao and pan Yi's cultivation base. But, he did not think too much about it. "Capture him!"

The eight law-enforcement officers rushed forward, and the surrounding onlookers suddenly dispersed. There were even more people watching the show than those watching the martial arts competition.

go! Yunxiao shouted as well. Let them see the power of our heavenly Eagle temple's core disciples!"

With a flash of his figure, he charged forward.

Pan Yi did not understand why Yunxiao wanted to attack him, but he still cooperated with him and followed him. Yunxiao's Secret voice-'don't kill anyone'-rang in his ears. He was stunned for a moment, then nodded slightly.

"Bang! Bang! Bang! Bang! Bang!"

In the blink of an eye, after a few rounds of attacks, all eight of them had their noses broken and fell to the ground.

"This is an ..."

The old man and the surrounding people were all dumbfounded. This was too powerful, right?

The two people on the stage also noticed the abnormality, but they were fighting intensely, and if they were careless, the other party might seize the opportunity, so they didn't dare to be distracted.

"Hmph, I'll let this matter go. If there's a next time, this young master won't be so easy to talk to!"

After saying that, Yunxiao walked away under the watchful eyes of the crowd.

"Are those two really from the heavenly Eagle temple? Isn't his strength a little too terrifying?"

“That’s right, I just checked their viewing pass, it should be heavenly Eagle temple. As one of the top ten forces of the North Region, how can we underestimate them? however, I didn’t expect that they would dare to challenge the Holy region.”

I’ve heard that the Holy region has been through a series of changes, and things are different now. Even super forces like the divine firmament Palace have joined the heavenly martial Union. It seems that it’s true. The sacred zone is indeed not going to make it, and even the heavenly Eagle temple can trample on them.” tsk, tsk, tsk, this so-called ‘number one martial arts contest’ is probably just a show to salvage some reputation, but they were slapped in the face by heavenly Eagle temple. Tsk, tsk, tsk, this heavenly Eagle temple must be deliberately looking for trouble.

The sounds of discussion rose from all around, one wave after another. The old man’s face turned green in an instant, and he turned around in anger. His gaze swept through the crowd, and only then did the sound of the discussion die down.

However, there were still some brave and fearless ones who muttered, “ if you have the ability, then go and vent your anger on the experts of heavenly Eagle temple. Those who cause trouble don’t dare to fight, they only dare to bully us who speak.

“Bang!”

The old man stomped on the ground in rage, creating a deep pit. He then gritted his teeth and said, “ Yang Tianhao from heavenly Eagle temple!” He suddenly transformed into a beam of light and flew away.

Yunxiao and pan Yi had left, and a moment later, they appeared in front of the library in the Holy region.

The guard suddenly became alert. Holding the big sword in his hand * he rushed forward. Just as he was about to scold them, the two of them were stunned at the same time. Their vigilant faces became relaxed and dull * Their eyes * which were full of killing intent * became dull and lifeless.

Yunxiao and pan Yi walked in without any hindrance. In the middle of the room was a huge platform, on which lay a Jade book, with flowing lights and runes appearing from time to time.

this is the Holy realm library, " Yunxiao said. this Golden Jade book contains all kinds of martial techniques and divine abilities in the world. There are tens of thousands of them. You can learn as many as you want.

Pan Yi took a look at the Jade book and revealed a happy expression. However, his expression immediately changed and he said, "There seems to be a restriction." do you think this little restrictive spell is difficult for you? " Yunxiao laughed.

Pan Yi nodded and walked forward.

A Jade-colored light suddenly appeared around the Jade book and covered the book like a bracelet, forming a seal.

Pan Yi raised his hand and pressed his palm forward gently. Cracks immediately appeared on the Jade bracelet, and it completely shattered after a slight "crack."

you stay here and study, " Yunxiao said. don't make any noise. I'll go do my own thing. I'll call you when it's time to leave."

"Alright," he said.

Pan Yi waved his hand, impatiently sending his soul consciousness into the book to read it carefully.

After that, Yunxiao left the library alone. The two guards regained their consciousness, but they had forgotten what had happened and did not know that someone was in the hall, so they continued to guard the place.

Somewhere in the Holy region, white clouds swirled and the fog turned into mist.

From time to time, treasure lights would shoot out from the clouds and correspond with the heavenly stars. An old man was holding a round plate with one hand and making hand seals with his right hand.

The runes on the disk rotated. Although it was daytime, the disk reflected a Heavenly Star map, as if it was a universe.

The White clouds in the surroundings would stop from time to time. Under the light of the treasure, they were frozen and released, frozen and released again, repeating the process.

After a long time, the old man waved his long sleeve and put away the round plate, falling into deep thought.

“This cosmic light plate is full of mysteries and has integrated the laws of time

it completely. ”

The old man was Cangwu Qiong, and his brows were furrowed into a frown that did not ease for a long time.

“Since that’s the case, why don’t you let me take a look? perhaps I can learn something from it.”

A flash of light appeared in the clouds, and a figure appeared, looking at Cangwu Qiong with a cold smile.

li Yunxiao!

Cangwu Qiong trembled in fear. He quickly retreated a few dozen feet, fully alert.

the No. 1 martial arts tournament is being held in full swing in the entire Holy region, ” Yunxiao said. but, all the governing divisions are nowhere to be seen. It’s really strange. It took me so much effort to find master Cangwu Qiong.”

“Gongyang zhengqi isn’t here either?” Cangwu Qiong frowned. May I know why young master Yunxiao is looking for me?” “Hehe, what is it? I’m going to kill you!”

Yunxiao grinned hideously.

Cangwu Qiong's heart thumped as he took a few more steps back in fear. "Why?" haha, I was just joking with Milord. Look at how scared you are.

Yunxiao laughed, but his eyes grew colder.

Cangwu Qiong's face was drained of blood. He wiped his sweat with his hand, feeling as if a huge rock was pressing down on his heart. But he forced a smile and said awkwardly, "so you were just joking. Young master Yunxiao, you scared me. Hehe.

"Don't be afraid, I'm not a man-eating devil. Even if I want to eat people, I'll choose the ones with fine skin and tender flesh. Won't you feel nauseated eating such rough skin and rotten meat?" Yunxiao's eyes flickered with a mocking gleam.

Cangwu Qiong laughed and said, "Hehe, it's disgusting." His mind moved like lightning, thinking hard of a way to escape, but no matter how hard he racked his brain, he couldn't think of a good way.

Oh, right. Does my Lord still remember my disciple, Hua qianshu?" Yunxiao suddenly asked.

"Hehe, I remember. Of course I remember."

Cangwu Qiong's eyes were full of praise as he praised, "Hua qianshu's Foundation is deep. She is extremely talented and is a rare talent.

yes, he's not bad," Yunxiao said. where is he now?" As his master, I would like to meet him."

Cangwu Qiong's expression turned serious as he sighed. sigh, that kid is a loyal man. Ever since the rumors of young master Yunxiao's death spread across the continent, he requested to be transferred to the sky-floating island in the tiandang mountains in order to find out the cause of his death.

When he saw Yunxiao's face turn cold in an instant, Cangwu Qiong said in a hurry, "of course I tried my best to stop him, but I couldn't resist his stubborn temper and his respectful friendship with his teacher. There aren't many outstanding young men like him these days.

yes! Yunxiao nodded and said, " then, have you found out the reason why Hua qianshu joined the devil?"

"This Yingluo."

I've investigated him for a long time, " Cangwu Qiong said thoughtfully. he must've cultivated a demonic technique by chance, which led to his obsession.

"Oh? It's that simple?" cultivating a demonic technique will only cause one's cultivation to go astray, ' Yunxiao said. without a large amount of demonic energy, one's body will not go astray.

Cangwu Qiong was taken aback and said awkwardly, " "That's strange. Young

master Yunxiao, give me some time. I'll definitely investigate this thoroughly."

"Forget it, there's no need."

I've decided to investigate this matter myself, " Yunxiao said, waving his hand.

do you have anything else to say, Lord Cangwu Qiong? " His tone was extremely cold, and killing intent flashed in his eyes.

Cangwu Qiong's heart skipped a beat and he immediately became alert. young master Yunxiao, don't be anxious. I'll send a transfer order over, and I'll definitely be able to summon Hua qianshu back.

"I've already waited for more than twenty years and can't wait any longer. I'll go by myself. Milord has worked so hard for the sake of the sacred zone and the world for so many years. It is time for you to rest."

Yunxiao sneered. A monstrous demonic aura gushed out of his body and turned into a giant true devil. An array pattern appeared on one of his palms, which pressed down from the sky.

“Li Yunxiao! You deserve to die!”

Cangwu Qiong was furious. He had been pretending to be a grandson for so long, but the other party still wanted to kill him. He had no dignity at all.

The cosmic light plate suddenly appeared in his palm. The light shot out from the plate and turned into formation patterns that condensed in the air. It was like a layer of light shield in front of him!

“BOOM!”

The true devil giant Spirit’s palm pressed down on the light barrier, and the cosmic light plate suddenly spun, and time seemed to reverse.

Yunxiao could clearly feel that the power of the giant Spirit’s palm was completely twisted. With a loud boom, the giant Spirit’s arm exploded, turning into a sky full of demonic energy and pouring down.

Cangwu Qiong was both surprised and delighted. He picked up the treasure plate again and shook it. Time and space trembled, and his figure slowly disappeared under the trembling force.

Yunxiao was extremely surprised as well. His right pupil shrank and turned into a Blood Moon as he suddenly unleashed his divine skill, heavenly deficiency.

Everything in sight disappeared..
