

## The Eternal 2051

### Chapter 2051: kindness

The frequency vibrations around Cangwu Qiong seemed to have been affected, and sparks of fire shot out a few feet in front of him. Then, the entire cosmic light plate's power was suppressed by the heavenly que force.

“Bang!”

A crisp sound rang out from the light plate, as if it had been hit, and the spiritual light dissipated.

Cangwu Qiong's expression changed drastically, and he turned to flee.

However, as soon as he appeared, he found that the space around him had changed. He was no longer in the midst of white clouds, but in a mountain range.

The birds in the forest, the insects and beasts, the sunlight falling from the sky, shining through the leaves on the body, it was so real.

Although the warm sun was shining on him and the surroundings were peaceful, Cangwu Qiong was sweating all over. He felt as if he had fallen into the winter of the twelfth lunar month, and his hands and feet were cold.

young master Yunxiao, please let me go. I was indeed at fault back then, but I didn't do it alone. I'll be honest with you! Cangwu Qiong's mental defense line had completely collapsed.

He was also an extremely smart man, and he knew that the gap between him and Yunxiao would only grow wider and wider, and that he would never have a chance to turn the tide. If he resisted, he would only die, so he might as well give in earlier and seek a chance of survival.

But, the only response he got was the chirping of birds and the hissing of insects. Yunxiao did not respond at all.

Cangwu Qiong panicked and shouted, " "It's better to squash enmity than keep it alive. I completely admit defeat and admit defeat. Lord po Jun, please let me go. From now on, he would never dare to disobey. As for Hua qianshu, I will try my best to make up for it. It's not too late to let me go to floating clouds Island now. "

"Huala!

What responded to him was the towering ancient trees around him. It was as if they were all alive. Countless vines emitted a large amount of spiritual Qi and turned into arms, grabbing all of them.

The green light that filled the sky enveloped Cangwu Qiong. A golden light flashed in his hand as his nine-ringed saber appeared and he struck out wildly!

"Whoosh!"

Hundreds and thousands of broken branches flew up, but the branches that rolled over only increased in number, like green pythons.

Cangwu Qiong wielded his saber warily. Suddenly, a large number of vines broke out of the ground beneath his feet and wrapped around him.

He shook his legs and shattered the vines. At the same time, he cast a few seals into the blade. The roar of a wild beast came out from it. It was like hundreds of beasts galloping, cutting The Sea of Trees in front of him into pieces, and he rushed into the sky.

"Li Yunxiao! Young master Yunxiao!"

Cangwu Qiong didn't give up and shouted in the sky, but there was still no response.

“This is wufu.”

Cangwu Qiong’s body suddenly trembled as he looked down in shock. He was no stranger to the terrain. From south to north, the entire mountain range stretched across the sky, and more than half of it extended into the invisible void.

It was as if a giant dragon had fallen into the sky, its upper body piercing through the vast sky, leaving only half hanging in the air.

tiandang mountains!

Cangwu Qiong’s eyes narrowed, and his face darkened.

Although he knew that everything in front of him was an illusion, it was so real that it was hard to believe. He had always known that Yunxiao’s ocular skill was powerful, but he had never expected it to be so powerful!

He didn’t dare to return to the mountain range. He just stood in the sky in a daze. At least he didn’t have to worry about being attacked from all directions.

All of a sudden, a shadow floated over from the sky. Cangwu Qiong looked up, and his mouth fell open. A huge black carp was staring at him.

“How can a fish fly?”

After his initial shock, he immediately understood. What was impossible in the illusionary realm? As long as one was within it, there was no safe place!

The fish suddenly opened its mouth and bit over.

The space immediately shrank and was swallowed by the fish.

“What?”

Cangwu Qiong’s heart trembled. His body could not withstand the suction force and was being pulled in.

The nine-ringed broadsword slashed down on the fish head!

“Swish!”

A black crack appeared in the sky, but in the next moment, the crack was also eaten by the fish!

“Your sister Yingluo”

Cangwu Qiong cursed and was swallowed by the green fish.

As soon as it rolled into the fish’s stomach, it immediately discovered that there was a bright white light coming out of it. When it took a closer look, it immediately sucked in a breath of cold air. It was actually a Sea of Swords!

The power in the fish’s stomach pulled him toward the mountain of knives and the sea of Swords. He hurriedly used the stop spell, but he still couldn’t withstand it. He was slowly dragged, and the speed was getting faster and faster.

“Li Yunxiao! You’re so ruthless! You actually want to cut me into a thousand pieces!”

Cangwu Qiong roared in rage, and the veins on his forehead bulged.

At this moment, he had completely given up on begging for mercy. He threw the nine-ringed broadsword, which turned into a golden rainbow and fell into the depths of the fish’s stomach.

At the same time, he flipped his hands and the cosmic light plate appeared. It was instantly activated.

A wave of treasure light rose up and illuminated the surroundings.

Wherever the light passed, it was like a divine skill, heavenly deficiency, constantly disintegrating as if time was accelerating.

“BOOM!”

All of a sudden, a loud boom came from outside the fish’s belly, and the whole fish exploded in an instant. A golden light rushed in and covered him.

The golden light was very gentle. Although it was sharp, it did not hurt him. Instead, it was more like a barrier protecting him.

The scenery of the tiandang mountains continued to disappear, returning to the vast sky of the Holy region. The wind was light, and the clouds were light.

Yunxiao’s face was gloomy as he stared at a figure not far away, his eyes flashing with complicated emotions.

Cangwu Qiong knew that it was the man who had saved him. He was shocked and quickly stepped forward and cupped his fists. thank you for saving me, Sir. I wonder what your name is. I’ll never forget it.

The man waved his hand and said, “ you’re welcome. My name is ye Nantian.

Ye Wanwan, ye Nantian?!!

Cangwu Qiong’s body trembled as he looked at the person in front of him in disbelief. He believed it instantly. The other party would not lie to him. He suddenly bowed and said,“greetings, Lord ye Nantian!” It’s the unparalleled martial sovereign, the master of the Holy region!”

At the same time, Cangwu Qiong was ecstatic. Although he did not know why this person had saved him, he would not die now that he had done so. Yunxiao! ye Nantian looked at Yunxiao and said, " let him go for my sake.

"Ha? Hahaha!"

ye Nantian, " Yunxiao sneered, " I respect you as my senior, but don't you think you are overstepping your boundaries?! Do you really think I'm easy to talk to?"

Ye Nantian said, [ the demonic war is coming. The world should be United. ] Cangwu Qiong is the Holy region's administrative office and will definitely be able to contribute greatly. It's a pity to kill him, so it's better to let him redeem himself by doing good deeds."

"Atone for his crimes? There must be a hole in your brain!"

I killed him because of a personal grudge! Yunxiao scolded angrily. how can you say that I'm making up for my crime?! If you interfere in my business again, don't blame me for not being polite to you!"

Ye Nantian's face flickered. No one had ever dared to talk to him like this, not even Yunxiao. But then he thought it over, and realized that he was the one who needed his help, so he suppressed his anger and said, " "I'll definitely protect Cangwu Qiong! Don't forget, I've saved you from Ye fan's body several times, can't you just give me this little bit of face?"

Yunxiao fell silent. Ye Nantian had indeed done him a favor, and he had to repay him.

However, although Cangwu Qiong might not have been the one who had ordered Hua qianshu to die and even caused his own death, he was definitely one of the masterminds. If he were to let him off, it would be too easy on him. It would not be in line with his own nature.

Ye Nantian said, [ it is reasonable to say that Cangwu Qiong has a personal grudge against you. He should be killed. ] I've saved you several times, so you shouldn't have killed him. For the greater good, Cangwu Qiong was one of the world's leaders. You shouldn't have killed him when the demonic tribulation was imminent." don't talk nonsense to me, " Yunxiao snorted coldly. I'm not that long-winded. If I want to kill, I will kill. If I don't want to, I won't kill. But there's one thing you're right about. I

owe you a favor, and I have to repay it. I can let Cangwu Qiong go, but I'll write off all our previous debts. Are you willing to do that?" Ye Nantian was also shocked. He became hesitant.

He had helped Yunxiao many times, not only to help Ye Fan, but also to build a good relationship with the owner of the divine realm tablet. Everything had gone smoothly, so it would not be worth it to waste his kindness to save Cangwu Qiong.

After all, if he were to take out this favor at another time, he should be able to exchange it for greater benefits.

"Can't you be righteous?"

"Enough!"

what?" Yunxiao interrupted angrily. if I kill your family, can you let me go for the sake of righteousness?  
" I'm the master of the divine realm tablet, the future main anti-devil force!"

Ye Nantian's face turned dark and he stopped talking. He sighed and said, "Alright," he said.

"Thank you for saving my life, my Lord!" Cangwu Qiong was ecstatic.

Ye Nantian shook his head and said, " you planted the 'cause' yourself. I can't change the 'effect' for you. You take care of yourself."

"What?" Cangwu Qiong asked.

kill him if you want," ye Nantian said to Yunxiao. I don't care anymore. In the end, he could not bear to waste this kindness he had shown to Yunxiao.

"Master ye Nantian!"

no! Cangwu Qiong shouted anxiously. I'm the Holy region's administrative department, and you're the Holy region's senior! You can't just sit by and do nothing!

Ye Nantian put his hands behind his back. He didn't care about the man's cry. He was determined.

thank you! Yunxiao cupped his fists and said.

His eyes were filled with killing intent as he walked toward Cangwu Qiong.

In fact, he had the chance to kill Cangwu Qiong just now. However, it was his first time casting an illusion on a godly state expert and he wanted to see how far he could go. That was why he had wasted a lot of time and provoked ye Nantian.

This time, he did not want to cause any more trouble. He grabbed with his right hand, and the red sword of death appeared in his palm. Thousands of sword wills flew around his body.

"Li Yunxiao! Don't you want to know the whole truth?"

Cangwu Qiong retreated timidly and roared continuously.

of course I want to know, but I'll find the answer in your head in my own way!

Yunxiao's eyes gleamed with a cold light as he unleashed his sword force. Tens of thousands of stars gathered together, and the entire sky trembled under the might of the sword.

"Good, good, good!"

The sword will that filled the sky enveloped him. Before the sword move was used, the coldness seeped into his bones.

Cangwu Qiong knew that he would not be able to escape this. He roared three times and laughed wildly. hahaha, you want to kill me and extract my soul to search my memories! How can I let you have your wish! ”

The cosmic light plate in his hand suddenly exploded with an intense light.

Cangwu Qiong’s skin was aging at a speed visible to the naked eye, and his face changed in an instant.. His black hair turned white, and the only thing that remained unchanged was his eyes of hatred and anger!

Chapter 2052: decision

“Not good! He’s going to self-destruct!”

Suddenly, a man showed up beside ye Nantian. It was Ben tingfeng, and he was shocked.

“Hahaha, ye Nantian! Since you’re not going to save him, then you can die with him!”

Cangwu Qiong had gone completely berserk. Using the time laws of the cosmic light plate, he burned all of his life force. At the same time, light continued to shoot out from his dantian, matching the power of the cosmic light plate. “Dammit! Do you want to destroy the Holy region as well?”

Ye Nantian’s face changed and he shouted, ” fortunately, I wasn’t stupid enough to save you. You’re such a selfish person who doesn’t forget to drag others down with you even in death. You’re a disgrace to the Holy region!

A powerful golden light rose from his palm, and Noah’s ship flew out of his hand. Ye Nantian was surrounded by a dazzling golden light and began to evolve into a world.

Cangwu Qiong could no longer be seen clearly. He was completely covered by the light from the cosmic light plate and his dantian. He was like a sun, and a terrifying elemental energy wave spread out.

“Haha, selfish? Every man for himself! I’m about to die, who cares about your lives, who cares about the lives of the Holy region, who cares about the lives of the world!”

Cangwu Qiong howled hysterically as his face contorted and his body expanded like a balloon.

“Let’s attack together and suppress him!” don’t let the explosion reach the Saint realm! ye Nantian shouted with a dark face.

The self-explosion of a true immortal realm expert and the cosmic light plate were extremely powerful. Even though the misty snow sacred city was stronger than the other places, it couldn’t withstand such a heavy blow.

“Yes!”

Ben tingfeng drew a circle with his hands, and a golden barrier expanded in the wind and fell towards the sacred city. It was like a transparent sky cover, covering the four poles!

Yunxiao’s sword intent had also been condensed to the extreme. With a slight movement of his arm, the thousands of sword shadows floating around him suddenly shattered, turning into countless faint fluorescent lights that danced in the sky!

“Star sword slash!”

He didn’t rush forward, but only pushed the sword death’s Red slash forward. A ray of white light like a rainbow passed through the sky of light and stabbed into the dazzling light in front of him.

Ye Nantian’s pupils shrank. He clenched his hands and the Noah’s ship started to spin. It turned into a golden light and spread out like a fence. It flew around thousands of feet and surrounded the entire space!

“BOOM!”

The moment Noah’s ship flew out, sword death’s Red slash pierced into the light and directly penetrated Cangwu Qiong’s body!

all of you will definitely be buried with him! !

Cangwu Qiong let out an indignant roar and exploded. The terrifying power caused the cosmic light plate to explode as well. The two forces swirled together and gushed out in all directions like a storm!

“Boom boom boom!”

The world light transformed by Noah’s ship’s world power kept exploding from the impact, and a storm-like shock wave broke through the world light and fell to the earth like a meteor!

“BOOM! BOOM! BOOM!”

Rays of light fell like fireworks and landed on the transparent canopy of the sky, creating ripples of light before being extinguished.

Such a strange scene in the sky attracted almost everyone’s attention.

Everyone was staring at the sky above, but Ben tingfeng’s sky cover not only blocked the aftermath of Cangwu Qiong’s self-destruction, but it also blocked divine sense, so that the people below could not see through it and understand what was happening above.

The power of Noah’s ship had blocked most of the self-destructive force, and not much was left.

After a while, ye Nantian put away the light. Noah’s boat and the golden light went back into his body. His face was very pale.

It was obvious that even he had suffered quite a bit of injury from that terrifying blow. He was only forcefully holding on and not showing it.

After the time it took to brew a cup of tea, the energy beams in the sky were almost gone. Ben tingfeng then retracted the light barrier and used teleportation to teleport the remaining dangerous energy

beams out of the sky. Hundreds of miles away from the explosion, Yunxiao and the other two were revealed.

Apart from Yunxiao, the other two men did not look too good. Obviously, they had used too much energy, and their faces were as pale as paper.

“My Lord, are you alright?”

Ben tingfeng asked in concern.

Ye Nantian shook his head and said, “ I didn’t expect Cangwu Qiong to be so extreme. It’s a good thing I didn’t save him. Otherwise, when the demonic tribulation comes, he’ll do anything to survive.

Although Yunxiao did not suffer the impact of the explosion, he did not look good. After all, he had failed to obtain Cangwu Qiong’s memory, which he had been very concerned about.

If ye Nantian had not interfered and trapped Cangwu Qiong in the illusion, he would have been able to search his memory.

Now, they were only left with the floating island. They hoped that they could find out the truth and find Hua qianshu.

Li Yunxiao, I was too reckless today.

Ye Nantian felt embarrassed. He apologized sincerely.

Yunxiao waved his hand tiredly and said, “ Since things have come to this, there’s no use in talking. If your Excellency wants to take over the Holy region, I fully agree, but I hope that all the people on mysterious separation Island will be replaced. I don’t think the people before the Holy region will succeed.” “I will consider your suggestion,” ye Nantian said.

Although Yunxiao did not give him a perfunctory look, he could still tell from his eyes and facial expression that ye Nantian did not take his words seriously.

Yes, I would like to ask you about something. Do you know where Wei Qing and

Gongyang zhengqi are now? ”

After he had separated from pan Yi, he had searched almost the entire Holy region, but he had not seen the two of them. He had only found Cangwu Qiong.

Ye Nantian said, ” I know they are both in closed-door cultivation. Wei Qing and his son have left the Holy region. As for Gongyang zhengqi, I think he went to the fairy’s capital.

are you with true Lord Meng Ling? ” Yunxiao frowned. are you with her? ”

Ye Nantian nodded.

my Lord, ” Yunxiao said, ” do you have a way to enter the divine capital? I have something to discuss with her. ‘

Ye Nantian shook his head and said, ” the gate of Shen du can only be opened from the inside. The outside world can only force their way in. I have been trying to contact Master Meng Ling. However, I can’t find anything.

Yunxiao pondered for a moment and said, ” now is a very good time. Since we can’t contact him, why don’t we open the divine capital by force and find out what’s going on? ”

“You can’t!”

Ye Nantian and Ben tingfeng objected at the same time. Apparently, they were shocked by the suggestion.

“Why?” is it about the land? ” Yunxiao asked, puzzled. is it about the land? ”

Ye Nantian nodded and said, ” the divine capital is under the jurisdiction of the Holy region. In fact, it doesn’t belong to the Holy region. It belongs to the earth. Even though she was the head of the administrative department and one of the three elders of the divine capital, she was still a person of the land.”

“People of the earth realm?”

Yunxiao pondered over the meaning of the word and said in surprise, ” “Could it be that there’s also a legacy in the land?”

“Of course.”

Ye Nantian said, ” you can think of the land as a sect. Their cultivation is different from ours. But they are similar. After all, the rules we comprehend are mostly the power of the heaven realm, but the power of the earth realm is also within the scope of the realm power of the heaven martial realm, so it’s more or less the same.”

Yunxiao seemed to have thought of a lot of things at once. “So, you’re the lord of the land? Does he control the underworld fire?”

Ye Nantian said, [ I don’t know if master Meng Ling is the Lord of the Underworld or if she can control the underworld fire. ] He had three main objectives for coming to the Holy region this time. One of them was to meet him and have a chat with him. It’s a pity that none of the three goals were achieved.” He smiled bitterly.

what are the three main purposes? ” Yunxiao asked curiously.

Ye Nantian didn’t hide anything and said, ” first, I wanted to meet master Meng Ling. I wanted to talk to her about the land. The second was to join forces with the Holy region and allow the power of mysterious separation Island to infiltrate in, and help the Holy region to improve their overall strength. The third is to discuss the matter of the sea of soul formation and get rid of this cancer as soon as possible.”

Ben tingfeng smiled bitterly, "now that we can't see perfected Lord Meng Ling, we can't talk about the first thing." There's only one Council left, and it was killed by young master Yunxiao. The sacred zone can't find a real leader now, so there's no point in talking about the last two matters."

I want to know how you plan to deal with the sea of soul formation, " Yunxiao said. my Lord, how do you plan to deal with it? "

the sea of soul formation is the place where all the alchemists in the world gather, " ye Nantian said. naturally, we can't eradicate them all at once. We have to divide them up and eliminate them. Furthermore, I don't want to reveal the power of mysterious separation Island to the world for the time being. Therefore, we can only use the Holy region and the heavenly martial Union as the leaders. We will assist from the side to eliminate all the devil cultivators in the sea of soul formation and seal the ancient Devil's well."

kill all the fiendish cultivators? " Yunxiao frowned. kill all the fiendish cultivators? " This is too extreme.'

Ye Nantian seriously said, 'not extreme at all! Those demonic cultivators must be Lu congzi's test subjects, probably used for the demonic monarch's descent, to resist the suppression of the realm power of heavenly martial arts realm. Even if we get rid of Lu congzi, we don't know if these devil cultivators are still hiding any danger. After all, we can only be at ease if we kill them all!"

Yunxiao's eyes were cold as he said, " I'm willing to help in killing Lu congzi. As for killing the fiendish cultivators, I'm not interested in it at all. Besides, I hate this method very much. So, I won't participate in it.

"Alright, we'll do these things."

Ye Nantian's eyes lit up and he said, " "Since the Holy region can't find the person responsible now, why don't we let the heavenly martial League lead the way and eliminate the sea of soul formation?"

Yunxiao was a little hesitant. when are we leaving? " he asked. when? " Can you delay it by a month?" He still wanted to make a trip to the sky-floating island.

“No! It won’t be late even by a day!”

Ye Nantian said seriously, [ young master Yunxiao, you should know the danger of the sea of soul formation. ] If it wasn’t for the fact that we couldn’t find the person in charge of the Holy region, we would’ve moved out long ago. Haofeng also went to Yanwu in the southern region to look for you, but he probably missed you. My original plan was to wait for Haofeng’s return. If I still don’t see the governor’s shadow in the Holy region, I’ll act alone.”

Yunxiao thought for a moment. Hua qianshu’s matter had been delayed for more than twenty years, so there was no need to rush it now.

Moreover, he was also concerned about the situation in the ancient Devil’s well. He was more worried about his two good friends Xuan Hua and Liu Feiyan, as well as his disciple yang di.

After thinking it through, he said, “alright!” I’ll go to the sea of soul formation with you!”

Chapter 2054: survival

The man and woman’s expressions changed drastically. Although glass light City was not big, it was by no means small either. The panic had spread here, so it could be seen that there were already countless deaths and injuries in front.

The people around the two were stunned at first, and then they also showed incredulous looks.

“Isn’t killing a common thing? There’s no need to be so flustered.” that’s right. Hehe, a bunch of ignorant people. How embarrassing. let’s wait for a while. The law enforcement team in glass light City is really trash. They’re so slow in dealing with it.

they’re born in hardship and die in peace. Glass light City hasn’t been in trouble for a long time. I guess these law enforcement teams have degenerated.

Other than the people who came from the North, the people around them were relatively calm.

“No! The law-enforcement team has already been killed by that person!” A martial artist with a face full of blood cried out in horror, his eyes full of fear.

“What?”

This time, the crowd finally burst into an uproar, all of them revealing expressions of shock and disbelief. The birth of this content finds its genesis in Nøv€lβjn★

The couple’s faces also darkened, and their eyes were filled with anger and hatred.

brother, ” the woman said, ” he has indeed started to massacre the city. What should we do?!

“What else can we do? we can only wait for that ‘life force’ to appear,” the man said bitterly.

The woman said anxiously, ”but Suan NI’s casualties are too great. With his strength, he’ll be able to wipe out the entire city in less than two hours.” Furthermore, what kind of ‘life force’ can appear within these two hours? big brother, did you calculate it wrong?”

The man said gloomily, ” what nonsense are you talking about? I’ve consumed my life and used the deity mirror to calculate a chance of survival. How can I be wrong?! And after I studied the true primordial tactics, my accuracy in divination has also improved a lot. Otherwise, I might not have been able to predict this tribulation in advance and deal with it well.”

“If it wasn’t for the true primordial mantra, I wouldn’t have been able to recognize this,” the woman grumbled.

The man nodded. this is what it means to have blessings and misfortunes. It’s hard to determine good or bad in this world. Right now, we seem to be dead, but in reality, we’re giving birth to endless life.”

The two of them were the Duanmu family’s siblings, Duanmu Youyu and Duanmu Cang. While they were cultivating the true primordial tactics, they had suddenly sensed killing intent. They had immediately dismissed the entire family and ran out without a care.

Only by leaving the building empty did he manage to escape from Feng Yaoli's pursuit.

However, Feng Yaoli was not an ordinary person. He had chased them all the way from the sky to here.

"Alright, even if it's full of life, what about the people in the city? Isn't our survival the moment of their death?"

Duanmu Youyu frowned. His expression was slightly dejected as he said, "maybe our lives are too valuable. In order to let us live, the heavens can only exchange these people's lives for ours."

Duanmu Cang was stunned and said in a daze, "brother, you think so too?" Then is it right or wrong for us to lead them to their deaths for our own sake?"

Duanmu Youyu shook his head and said, "who can say for sure?" However, even ants covet their lives, so how can we accept death just because we pity the lives of these people? It's only for the greater good. The strength we can display if we survive will naturally far surpass these people."

"Al!"

Duanmu Cang heaved a long sigh helplessly. His heart was filled with dejection, and his eyes revealed a deep sense of reluctance and self-blame.

you don't have to blame yourself. The demonic tribulation is coming. There are more important things for you to take on in the future. Your lives are naturally more valuable than these mortals.

Suddenly, a leisurely voice came from not far away. A man in white was sitting in front of the window of the teahouse, eating pastries carefully, as if he was not paying attention to what was happening outside the window.

"Zhuo qingfan!"

Duanmu Youyu was shocked, and his eyes burst with light. He said in wild joy, "Haha, so you're the one I predicted? Are you here to save me? Thank you, thank you so much! A friend in need is indeed a friend indeed!"

He hurriedly walked over with Duanmu Cang and sat down opposite Zhuo qingfan.

There were exquisite Plum Flower cakes and a plate of buns on the table. Duanmu you Yu immediately picked up a bun and started eating. "Please be more refined," Zhuo qingfan said with a frown.

haha, I haven't eaten this thing for a long time. I'll try it to recall.

Duanmu Youyu placed the bun that he had taken two bites of back on the plate and swallowed. Brother qingfan, please make your move quickly and subdue that man to reduce the unnecessary casualties.

"Hehe."

Zhuo qingfan chuckled. these people died because of you and your sister. What does it have to do with me? why should I go and save them? '

Duanmu Youyu's face was full of bitterness as he said, " although people are divided into high and low, their lives are the same. How can I bear to see these people die in droves? "

Zhuo qingfan smiled faintly and took a sip of tea. "You're right, but on the path of martial arts, even one's own life is extremely light, let alone others?" "This bi an .

Duanmu Youyu was stunned. He pondered and said, " that being said, it's always better to reduce casualties as much as possible.

Zhuo qingfan laughed. even if you're right, aren't you thinking too highly of me? with my abilities, how could I possibly win against the monarch of the snow country? aren't you sending me to my death? "

Duanmu Youyu said seriously, " I've used the deity lot to divine that there must be someone in glass light City who can suppress Feng Yaoli and save my life. It must be brother qingfan. I'm not wrong. Therefore, brother qingfan, you don't need to belittle yourself. You can definitely defeat that Feng Yaoli!"

Zhuo qingfan shook his head. now that you've put it that way, I'm certain that I'm not the one who saved you. Someone else must have done it.

"You're not talking about Lu congzi, are you?" Duanmu Youyu glared at him.

"Who knows?" Zhuo qingfan laughed.

"BOOM!"

All of a sudden, a loud explosion was heard in the distance. Light rays shot into the sky, and a terrifying origin power shockwave spread out, causing the plates and bowls on the table to clang.

Duanmu Youyu said in a deep voice,"they're here!" Brother qingfan, are you really not going to help?"

Zhuo qingfan picked up his teacup and finished it in one gulp. He placed it on the table with a clang and said, " Of course not! If we don't stop it now, this city will be destroyed. Come with me to battle!"

Zhuo qingfan rose to his feet and made a grabbing motion with his right hand. A silver-white heavenly halberd appeared in his hand. His aura surged to the heavens, and he looked awe-inspiring.

Duanmu Youyu said in shock, "then why did you hesitate just now?"

weren't we having afternoon tea just now? " Zhuo qingfan asked. we're almost done eating. Let's do it. His figure flickered and disappeared from the table.

"BOOM!"

A beam of white light shot into the shop, and the place where the three of them had been instantly turned into nothingness. The entire shop evaporated and ceased to exist.

“Duanmu Youyu, come out! I can already feel your aura!”

Feng Yaoli’s voice was heard. With a flash of light, he appeared on the ruins and looked around with a cold expression.

When Zhuo qingfan had unleashed his power earlier, he had sensed the extremely powerful elemental energy fluctuations.

However, when he used his divine sense to scan the area, he did not detect any aura. There was only a large amount of chaotic aura that scattered in all directions in fear.

“Duanmu Youyu, you’re such a despicable man. You’ve dragged the entire city into hell just to survive. Do you think such a person is worthy of inheriting the true primordial mantra and the nine lustrous star staff? Get the hell out here!”

Feng Yaoli’s face darkened again when he couldn’t find the person. A murderous look shot out from his eyes.

“Easily angered people should have a light diet. This can nourish the liver and lower the internal heat, reaching the peak.”

Zhuo qingfan’s voice rang out, but before he could finish speaking, Feng Yaoli had already thrust his sword into the void. An intense white light burst forth, and the entire void was split open!

“Bang!”

The icy sword struck the vast ocean like dust, and a layer of frost immediately formed, covering the halberd and freezing Zhuo qingfan’s hands.

He looked down at vast ocean like dust and smiled. "I haven't even finished speaking and you're getting angry again."

your method is too troublesome. When I'm angry, I want to kill people. Killing people can lower my anger and nourish my liver. It's so simple.

Feng Yaoli said coldly. His eyes were like ice that would not melt for ten thousand years as he stared at Zhuo qingfan with a mocking look. Suddenly, a strange look flashed across his eyes."Who are you?

I'm just a martial artist who has a regular routine, an orderly diet, and insistently practices martial arts every day," Zhuo qingfan replied.

"Then you can go die!"

Feng Yaoli could not be bothered to waste his breath on Zhuo qingfan. With a twist of his wrist, the frost on the cold sword pressed down once again, making a cracking sound. Zhuo qingfan was forced to take a few steps back. Now, not only his arms, but his entire body was covered in thick ice.

Zhuo qingfan's left hand formed an incantation gesture and grabbed the halberd. The vast ocean like dust and the layer of ice on his body instantly melted away. A faint red glow appeared on his skin, and runes appeared on the halberd one by one. The sound of waves crashing into the ocean could be heard from within.

All of a sudden, a white light flew out from the void and spun, directly hitting Feng Yaoli from behind.

Within the light was a Jade ruler, which had also been activated to its limit. Runes floated on the ruler, giving off a buzzing sound.

It was obvious that Duanmu Youyu would rather sacrifice this Jade ruler in order to succeed in his sneak attack.

"Haha, I've found you!"

Feng Yaoli laughed wildly, and his eyes shone with excitement. "Childish!"

He grabbed with his left hand, and countless silver lights poured down from his arm and gathered in his palm. Then, he slapped the Jade ruler!

"Bang!"

The moment the silver light touched the Jade ruler, it exploded. However, the runes did not dissipate. They turned into a sharp light and slashed down with the impact.

Zhuo qingfan seized the opportunity and hollered, "a thousand pieces of jade will be shattered when a thousand miles of ice is frozen. The snow reflects the mountains and rivers, and the Thunder strikes!"

A blinding light burst forth from the worldly vast ocean and fused with Zhuo qingfan. It was as if Zhuo qingfan was enveloped in a layer of red light as he pressed down on Feng Yaoli!

The two sides attacked at the same time. Feng Yaoli's sword momentum turned back and formed a sword realm in front of him.

With a "boom" he was knocked back a few hundred feet. Feng Yaoli felt his arm go numb. The entire Sword World had become unstable under the impact of the two forces.

"Who are you? He can't be a nobody!"

Feng Yaoli asked in surprise. However, when he lifted his head, Zhuo qingfan was no longer there. Even Duanmu Youyu seemed to have disappeared.

"Hmph, can you survive by just dodging? Besides, I've already experienced what you did just now, and it won't have any effect even if you use it again.. Why don't you come out obediently and I'll consider letting you live?"

Chapter 2055: city massacre

“Really? If we stand out obediently, can you really let us go?”

Zhuo qingfan’s figure appeared in the void, and he asked sincerely.

Feng Yaoli’s pupils contracted, and he said coldly, ” “That will depend on whether you are really honest or not.” The frosty blade danced in the air, and a cold intent emanated from it, locking onto Zhuo qingfan.

“Yes, yes, yes. I’m really honest.”

“Please let me off,” Zhuo qingfan said with a smile, his eyes narrowed.

“Where’s Duanmu Youyu?” Feng Yaoli asked.

Zhuo qingfan spread his arms and shook his head. “I’m not familiar with him. I just had a meal with him.”

“You’re not honest,” Feng Yaoli said.

I’m innocent! Zhuo qingfan hurriedly said. I’m telling the truth.

Feng Yaoli’s eyes suddenly turned cold and murderous. The kingdom of snow appeared on his sword, and snow covered the sky, freezing everything within a thousand miles. if you don’t behave, you can die!

f \* ck, you’re just trying to trick me with a single sentence.

The vast ocean like dust glowed with a blue light. The rivers within it surged and merged with the ocean, forming a blue barrier that was 100 feet tall and resisted the power that could topple a country.

“Boom, boom, boom.”

A vigorous voice reverberated from the pressure of the two forces, rumbling between heaven and earth. A powerful spiritual pressure spread out, and everything within a radius of ten thousand feet became hazy. All the buildings and people were turned into ashes.

Feng Yaoli's eyes widened when he realized that Zhuo qingfan had managed to block his sword that could topple a nation. His eyes turned cold as he said, “You really have some skills. No wonder you dare to jump around in front of me!”

His eyes turned gray, and the gold and silver light shot out and hit the spirit pressure with a bang, sending out waves of light in all directions.

“Boom boom boom!”

The vast ocean like dust's enchantment barrier crumbled instantly. Zhuo qingfan's pupils contracted, and he made a hand seal in an instant. In a flash, he disappeared from the face of the mountain-crushing force.

“BOOM!”

Qingcheng's sword slashed down, and the terrifying power split open the sky and earth for thousands of miles, but she missed!

“What?”

Feng Yaoli's eyes widened like copper bells. He looked at it in disbelief and was a little dazed. It's impossible. What kind of divine power is this Kasaya? It can

break through the air and fly away under my sword.

After a while, Feng Yaoli came back to his senses and said coldly, “It seems that you really don't want to live. Then I'll first slaughter this city and use the sky-sealing seal to seal this place. Then I'll use the true primordial skill to deduce your location and see what you can do!”

He raised his sword and slashed at the Urban area that had not yet been destroyed. There was a constant rumble, and each sword split the earth for a thousand miles, causing countless souls to die.

The gold and silver lights in his eyes shot out without restraint. The city that had been prosperous for thousands of years was reduced to ruins in a single day, and the busy traffic turned into a living hell.

A large number of martial artists scattered like birds and beasts, fleeing in all directions of glass light City. However, they still had a slim chance of survival, and corpses were strewn all over the place. Some of the martial artists did not run away but charged at Feng Yaoli instead. They roared and charged at him, but they were also instantly killed. Their bodies were no longer there, and they turned into ashes.

Suddenly, Feng Yaoli stopped raising his sword. He turned around slightly and looked at the void in the distance.

The fluctuations in the air grew from weak to strong. Although they were so weak that they were almost inaudible, Feng Yaoli's sharp senses had captured them.

"Oh? Finally couldn't help but want to come out? Hahaha!"

Feng Yaoli laughed wildly and said, "is it because you can't bear the killing? or can't bear the fear of yourself?" Haha, you're really a puny and weak human!"

A crack suddenly appeared in the void and it was torn open. With a flash of green light, a figure stepped out.

"Eh? What's going on?"

The man walked out of the void. He was stunned when he saw the ruins in front of him. Then, he saw Feng Yaoli in the distance and was even more stunned.

li Yunxiao!

Feng Yaoli suddenly screamed and widened his eyes. Then he became ecstatic. haha, I was just about to go find you, but you came here yourself.

Having no time to look for Duanmu Youyu, he appeared in front of Yunxiao in a flash, reached out his hand, and said, "Give me the remnant soul!"

Yunxiao held his arm and touched the bridge of his nose as he asked suspiciously, "Did you do this?"

He turned his face slightly to the side and looked at the southwest void. "Who is it? come out."

Feng Yaoli's heart skipped a beat. He hurriedly looked towards the southwest, and the sword in his hand rose up, and he quickly slashed out.

"Swish!"

The sky was split into two. A flame suddenly rose from that direction and burned a blue talisman to ashes. Duanmu Youyu and Duanmu Cang immediately appeared.

you siblings? " Yunxiao was stunned. you siblings? " Why are you hiding after eating it?"

Duanmu Youyu smiled bitterly. I just had lunch with Zhuo qingfan. I'm full. So I took an afternoon nap.

"Zhuo qingfan? He's here too?"

Yunxiao was quite surprised. He swept his divine sense around, but could not sense Zhuo qingfan's existence at all. He couldn't help but be greatly shocked. His current spiritual sense technique was not unparalleled in the world, but it was still one of the best. He didn't expect the great void technique to be so wonderful.

He really wanted to use the light of the Warlock God to see if it could break the great void technique, but with Feng Yaoli and the Duanmu siblings present, it was not a good time to use it. He could only say, "What are you guys doing here? Hide and seek and massacre the city?"

He frowned as he looked at the ruins of the city. More than half of the city had been destroyed. There were blood stains and broken limbs everywhere. It was a terrible sight. His eyes couldn't help but burst into anger.

don't get involved in this," Feng Yaoli said. hurry up and give me the remnant soul! He had an impatient look.

give it to you?" Yunxiao sneered. you?" We agreed to give it to you after you killed Lu congzi, but did you kill him?"

Feng Yaoli snorted. if I hadn't held Lu congzi back for you, you would have died in the eternal world. You should know how to repay a favor.

"Yes, yes. One must know how to repay a debt of gratitude, but one must also keep one's word. You didn't do what you promised and you still have the face to ask me for something?" Yunxiao answered coldly, clearly not intending to give it to him.

Feng Yaoli said coldly, 'I don't want to be your enemy, and you don't want to be my enemy either, do you? As long as you give me a remnant soul, we'll cut off all ties and go our separate ways."

I don't want to," Yunxiao said. but I'm not afraid if you pester me and are unreasonable. Besides, there's nothing between you and me. We've always been on different sides." li Yunxiao, " Duanmu Youyu cried out. this man is violent and vicious. You must not give him a remnant soul to boost his strength!

"Damn it!"

Feng Yaoli's figure flashed and he teleported in front of Duanmu Youyu. His killing intent was overflowing as he said coldly, "Let's see how you escape this time!"

The ice sword swept out and froze a thousand miles!

Duanmu Youyu and Duanmu Cang's bodies turned sluggish as if they had been frozen. Their movements became sluggish as they watched the sword slash down. They could not Dodge in time!

Yunxiao's face flickered slightly. In a flash, he teleported up and threw a punch. The glazed golden light smashed into the sword, shattering the ice and snow in the sky. The sword trembled slightly, then deviated away and missed. "Li Yunxiao! Do you really want to oppose me to the end?"

Feng Yaoli said sternly. His eyes were filled with violent anger as he looked down on him.

Yunxiao was not afraid at all. With a faint smile, he said, "I'm not going against you, I'm just trying to save young master Yu."

"That means you're going against me, ah! Then go to hell!"

Cold air burst out from the ice sword. The violent sword Qi was like a Blizzard, sweeping over.

Feng Yaoli knew that this battle would not be simple. His body swelled up, and two horns grew on his head. Scales covered his body inch by inch, and he transformed into the true form of the eight-foot calamity Dragon!

"Die!"

After slashing out with his sword, his left hand condensed again. Golden and silver lightning flashed on the tip of his fist and followed the violent and cold sword Qi!

Yunxiao performed an incantation gesture with one hand, and Thunder essence surged out of his body, transforming into colorful Thunder and scattering. Then, he grabbed the heavenly hammer with both hands and smashed it down!

"Bang!"

The cold sword of ice and frost pierced through the lightning without any resistance and slashed at the heavenly hammer. The two forces burst forth, shaking the sky until it was half green and half blue.

Then, the gold and silver lightning storm struck the green lightning, like an awl piercing a hole.

Yunxiao immediately felt an extremely strong pressure, and it was difficult for him to maintain the balance. He quickly gathered all the Thunderbolts in the sky and condensed them around his body like an armor, then retreated thousands of feet away, allowing the sword Qi to slash at him from all directions.

Feng Yaoli's face turned unsightly. Yunxiao's strength seemed to be stronger than when he was in the realm of eternal life.

The battle between Yunxiao and Luanyu in the eternal world had been deeply imprinted in his mind. If the battle reached that climax, he might not be able to win in the dangerous situation.

The Duanmu siblings and Zhuo Qingfan, who were eyeing him covetously, wavered his killing intent.

Yunxiao could see the wavering in his heart. "Feng Yaoli, I can give you that wisp of soul, as long as you swear to be loyal to me for ten years."

"Impudent!"

you actually want to enslave me?! Feng Yaoli was furious. your courage and ambition are really beyond imagination! Since this Lord was born, no one has ever dared to be so rude!"

His killing desire, which had just wavered, became firm again because Yunxiao's words had angered him. die!

A powerful dual-colored lightning burst out of Huo Dou's body, shooting into the sky from his two horns.

The dark clouds rumbled and the heavens and earth rumbled. The two-colored light swirled in the sky, forming a huge Taiji diagram that expanded in the wind and covered a thousand feet!

“Not good! Hurry up and run!”

The Duanmu siblings reacted immediately and turned into a ray of light. However, the space in front of them suddenly turned, and Feng Yaoli teleported over, blocking their way.

The brother and sister turned pale with fright. Just as they were about to turn around and escape, they discovered that their origin power had been shackled, and they could not even stand steadily in the air.

“Hmph!”

Feng Yaoli snorted coldly. With a casual grab, a golden Thunderbolt flew out and turned into a rope that bound the two tightly.

Yunxiao was taken aback. He did not expect Feng Yaoli to change his opponent and take down the Duanmu siblings.

When he used the sky-sealing seal, he had escaped at once. With his keen divine sense, coupled with his strong spiritual power and escape technique, it was not easy to seal him.

hey, what’s going on? you’re suddenly giving up halfway through the battle.. Are you looking down on me?” Yunxiao’s eyes flickered with fear, but he said calmly, ‘

Chapter 2056: -exchange

“Hmph, it’s too time-consuming and energy-consuming to fight you. Why don’t we start with these two minions!”

The frosty sword was placed on Duanmu Youyu's neck, and the cold air froze half of his body. Feng Yaoli said, "What about the true primordial tactics?"

Yunxiao's heart jolted. So, this was the reason Feng Yaoli had come to the Duanmu siblings.

Duanmu Youyu's face was ashen and he said coldly, "Just kill me!"

"Hehe, after killing you, do you think you can just die without saying anything?"

The weak don't even have the dignity to die.

"Hold on!" the true primordial secret art can only be obtained through inheritance or teaching," Yunxiao cried out. even if you kill them and search their souls, you won't be able to obtain the true primordial secret art.

Feng Yaoli sneered, "of course I understand. Do you think I want him to teach me the manual?" The greatest joke in the world!" what do you want then?" Yunxiao asked in surprise. what do you want?"

the nine luminaries star staff," Feng Yaoli said coldly. it's the sacred inheritance of the true primordial tactics. It's in this kid's hands. As long as you obtain the nine luminaries star scepter, you will be able to comprehend it on your own and step into the final level. I'm determined to get the nine luminaries star staff, but I can choose not to take this kid's life. It all depends on my mood." then, how are you feeling now, Sir?" Yunxiao asked with a wry smile.

"Very bad," Feng Yaoli said indifferently.

then how?" Yunxiao asked. how?"

Feng Yaoli's eyes were filled with mockery as he said, "You know, houdou's remnant soul!"

Yunxiao touched his chin and nodded. "It's not that I can't give you the remnant soul. I've already stated my conditions."

Feng Yaoli was furious. With a slight flick of his sword, blood immediately flowed out of Duanmu Youyu's neck, dyeing the layer of Ice Red. It quickly spread to his entire body, as if he was wearing a layer of red armor.

"Brother!"

Duanmu Cang called out in a sad voice. His face was filled with anxiety.

"I dare you to say that again," Feng Yaoli said coldly.

Yunxiao burst into laughter. He scratched his head and said with a somewhat inexplicable smile, "I'm really confused. What does it have to do with young master Yu? Do I have to kill him just because I say so?"

Feng Yaoli's eyes narrowed, and he nodded. you're right. That's what happened. I'm using him to threaten you.

but, " Yunxiao said calmly. can it threaten me? " you can try saying that again, " Feng Yaoli said. whether it's a threat or not, I've already decided to do it. It doesn't matter much to me whether I kill

Duanmu Youyu or not, but if I kill him, then so be it. He's just an ant."

"Don't! Don't!"

Duanmu Cang begged pitifully, her big, clear eyes filled with tears. She shook her head desperately, telling Yunxiao not to try.

Duanmu Youyu said angrily, " this young master has been carefree and uninhibited all his life. I have no regard for life and death. How can I become your fish and be trampled on as you wish?! Li Yunxiao, kill him now! Don't worry about me!"

His face was full of righteousness! He was not afraid of death!

Yunxiao exhaled and nodded. "Since young master Yu has such an awareness, then I won't be polite. Wait for me to kill him and avenge you!"

"What?" what? " Feng Yaoli was shocked. you really don't care about your own life? ,

Duanmu Youyu's expression changed slightly, and he hurriedly said, " "Wait! If this "" can save my life "hehe""of course, that would be the best!"

Yunxiao,'hehe'.

"Haha, that's right! Why are you acting like a hero in front of me!" you're a dead man! Feng Yaoli laughed. so many people who pretend to be good men are now dead!

"So many people have already died," Duanmu Youyu said. "If I still can't survive, then wouldn't these people have died in vain?" I'm not afraid of death, I just don't want them in dip in vain "

Feng Yaoli sneered, " alright, you can shut up now. Useless! However, I like trash like you who are afraid of death! 'Li Yunxiao, what's your decision?' Use Huo Dou's remnant soul to exchange for the lives of these two pieces of trash!"

do you think these two people's lives are worth that remnant soul? " Yunxiao asked gloomily.

"Hmph, in my opinion, it's naturally not worth it. There's no way to compare them. Such a comparison is simply an insult to the remnant soul! But the key is whether you think it's worth it or not. If you also think it's not worth it, I'll kill these two pieces of trash!"

Feng Yaoli said coldly, a mocking look in his eyes. a broken soul in exchange for a disabled person. That's a good match.

"Sir, can you show us some respect when you speak?" Duanmu Youyu asked.

“Hmph, shut up! If you want to respect someone, you have to show them your strength. If you’re weak, how can others respect you?” Feng Yaoli rebuked rudely, leaving Duanmu Youyu speechless.

“Alright, make a solemn vow that you won’t make things difficult for the two of them after you obtain the remnant soul.”

Yunxiao was at his wit’s end. Although he did not have any life-and-death friendship with the Duanmu siblings, they were familiar with each other after all. Moreover, Huo Dou’s remnant soul was of no use to him, so he had to give up at this moment.

“Haha, alright, I swear!”

Feng Yaoli laughed wildly, his eyes full of excitement. Then he raised his hand high and made a heart oath in front of everyone.

Yunxiao’s right pupil constricted as he shot out a red beam, in which lay Huo Dou.

Feng Yaoli was overjoyed. He opened his mouth wide and sucked in the red light into his stomach.

“Hahaha, great, great! I’ve finally obtained it!”

His long-cherished wish had finally been fulfilled. He couldn’t help but laugh wildly, his mood extremely good.

The Taiji heaven-sealing diagram in the sky also dispersed into smoke and clouds. The cold air dissipated and the earth warmed up.

“Brother! ”

Duanmu Cang hurried forward and started to treat Duanmu you Yu’s injuries.

Duanmu Youyu shook his head slightly and stopped her, saying, "It's just a superficial wound." "Thank you for saving me, young master Yun," he cupped his fists and said to Yunxiao.

Yunxiao smiled wryly. I must be out of my mind. Such an important thing is enough to restrain such a powerful man, but I have to give it up to save you.

Duanmu you Yu also had a guilty expression and hurriedly said, " don't worry, young master Yun has just established the heavenly martial League, and he's bound to achieve great things in the future. I think I'm quite talented, so I should be able to help.

"Oh? Does young master Yu mean that you want to join the heavenly martial Union?" Yunxiao said happily.

Duanmu Youyu nodded and said, " my sister and I were saved by young master Yun. Moreover, the heavenly martial League is also trying to deal with the demonic tribulation. Their efforts will last for a long time. It's not just my sister and I. I plan to let the entire Duanmu family join in.

haha, that's good. My kindness and good deeds have not been in vain.

Yunxiao was overjoyed. With the help of the Duanmu family, he had a pair of eyes that could see through the future, and the effect was immeasurable.

"You two, stop!"

After Feng Yaoli laughed wildly for a while, he gradually regained his composure. The aura on his body burst forth and locked onto Duanmu Youyu and Duanmu Cang. Like an iron wall, it suppressed the two of them.

Duanmu Youyu's expression changed, and he said angrily, "What's wrong?"

I've exchanged your souls for your lives. But the nine luminaries star staff is something that I must obtain. You can leave after you take out the nine luminaries star staff."

“Since you won’t make things difficult for us, why should I take out the star staff?” Duanmu Youyu asked.

that’s right! Yunxiao laughed. you’ve already sworn not to make things difficult for the siblings. Are you going back on your word? ”

Feng Yaoli, “hehe.”

He suddenly jolted to his senses. It was indeed so! I haven’t gotten the nine luminaries star staff yet, but I’ve already sworn not to make things difficult for them.

“This bi an ...”

Feng Yaoli was also dumbfounded. If he suddenly attacked now and captured the Duanmu siblings, he would be going against his oath. In the future, when he tried to comprehend the rules and break through to the next realm, he would definitely suffer the backlash of going against his oath. In the worst-case scenario, he would go into Qi deviation, and in the worst case, he would die on the spot.

Cold sweat broke out on his cheeks, and he instantly felt that he had been blown away.

Duanmu Youyu waved his hand and sneered, “ Lord Monarch, goodbye. It’s best if we don’t see each other forever.

With that, he took Duanmu Cang’s hand and walked straight up to Yunxiao, leaving Feng Yaoli behind, who had a dazed look on his face and did not know what to do.

you guys actually set a trap for me!!

Feng Yaoli bellowed. He was so angry that he was about to go crazy, and his face was filled with ferocity.

what a joke, " Yunxiao said coldly. it's all His Majesty's fault. What does it have to do with us? " Don't show that scary look, you'll scare us. But so what if he was scared? You can't touch the Duanmu siblings, and you can't kill me either. Tsk tsk, could it be that scaring people can also make you feel good?" haha, young master Yun is so bad. You'll drive him to his grave.

Duanmu you Yu also laughed sarcastically. His face was filled with contempt as he pointed at his head and said, " strength is important, but without intelligence, you're only a brute.

Feng Yaoli wasn't a reckless man. He was just too excited after suddenly obtaining Huo Dou's remnant soul and didn't understand the relationship between them.

He quickly calmed down and said in a cold voice, " "You won half the game today, but I didn't lose even after I obtained Huo Dou's remnant soul. Although I can't make things difficult for you and your sister, that doesn't mean others can't."

His terrifying eyes revealed a fierce light as he said coldly, " "There are many ways to get the nine luminaries star staff! As long as I state my conditions, there are many who are willing to get the star staff for me!"

The Duanmu siblings fell silent, and then Yunxiao suddenly laughed and said, " "The country ruler is right. However, there aren't many people in this world who can snatch the nine luminaries star staff from the Duanmu siblings."

Feng Yaoli said coldly, 'not many doesn't mean there isn't any! I'll see you next time!"

He was feeling both joy and sorrow, and he felt a little tired. He didn't want to stay any longer, so he just wanted to find a place to refine his remnant soul and complete the true body of Huo Dou.

As for the nine luminaries star staff, he could only wait for another opportunity.

With that, he did not stay any longer. He turned into a beam of light and flew toward the sea of soul formation.

This place was the closest to huoshu nightless city, and huoshu nightless city had teleportation arrays that led to various parts of the continent. It was the best place to leave.

“Uh, this direction, huh?”

‘I won’t run into him again, will I?’ Yunxiao muttered to himself.

“Eh? Young master Yun, what do you mean?”

Duanmu you Yu was a little confused and asked..

Chapter 2057 Gathered together

Yunxiao shook his head slightly and sighed. I’ve gathered some people. I plan to attack the sea of soul formation, kill Lu congzi, and seal the ancient Devil’s well. Glass light City is where we’ve gathered. Feng is about to leave huoshu nightless city, and I don’t know if we’ll meet again.”

The brother and sister were both shocked and cried out, ‘ “Attack the sea of soul formation? The heavenly martial League?”

there are also mysterious separation Island and the Holy region, ” Yunxiao said. we’ll talk about the details later. What I’m worried about now is that the teleportation array here has been destroyed, and it will be a little troublesome for the heavenly martial Union and the Holy region to come.

Duanmu Youyu said, ” it’s just a one-sided destruction of the formation. If they teleport here, they should appear nearby. We can also make a few spatial traction. If they teleport nearby, it will be easier to find their direction.

“Okay, let’s get back to this first. I’ll tell you the details when it’s done.”

The three of them were making their way to the teleportation zone when Zhuo qingfan suddenly appeared from the void in front of them. He chuckled and said, ” “Eh, it’s settled?”

Yunxiao was taken aback. it's you, brother qingfan. How have you been since we parted in the East Sea?  
" he cupped his fists and said. He was no longer surprised by Zhuo qingfan's sudden appearance.

"Brother qingfan, thank you for your help just now," Duanmu Youyu also cupped his fists and said.

Zhuo qingfan laughed. I can't thank you enough for your kindness. To be more practical, I think your sister is quite pretty. Let her marry me.

Duanmu Cang's cheeks turned red as he said, " Lord Zhuo qingfan."

"Hahaha." Duanmu Youyu laughed and said, " hurry up. If brother qingfan is interested, I have no problem with it. If my sister doesn't get married soon, she'll be a leftover fighter."

"Big brother!"

Duanmu Cang's face was red and purple, he was extremely shy.

"Cough, cough –

Zhuo qingfan had only intended to tease her, but he did not expect to be so embarrassed. He coughed twice and quickly said, "I still have something important to deal with. You guys go ahead. Goodbye."

"Take care!"

Yunxiao suddenly called out and stopped him, saying, " brother qingfan has always been elusive. It's rare to see him today. We must have a good gathering.

Zhuo qingfan seemed reluctant. He said, " well, now that the rules of the ten directions have reappeared, everyone is going to become gods soon. There will be many good days ahead. Let's meet again next time.

“Hey, don’t go!”

Yunxiao grabbed him and laughed, “Let’s have a good chat. Moreover, if we can’t survive the demonic tribulation, we won’t have any good days left, so we should cherish it.”

Zhuo qingfan, who was being held tightly by him, smiled bitterly. don’t joke around. With young master Yun and the heavenly martial Union’s abilities, I believe you can do it.

as the saying goes, ‘a man has three helpers’, ” Yunxiao said with a smile. even if I can do it, I can’t do it without brother qingfan’s help.

that’s right, ” Duanmu Youyu said hurriedly. I’ve already calculated it before. We must find brother qingfan to join the heavenly martial Alliance. Only then can we succeed in our great plan to fight against the demons.

Zhuo qingfan rolled his eyes at him and scolded, ” “If I had known that you were such a liar, I wouldn’t have saved you even if I was beaten to death.” “Come, come, come, let’s have a good chat.”

Yunxiao put a hand on Zhuo qingfan’s shoulder and massaged him as he walked forward, his right hand gripping Zhuo qingfan’s right hand tightly in case the latter suddenly left.

Zhuo qingfan felt extremely uncomfortable and said, ” “We can chat at any time. You guys go and set up the teleportation array first. If the Army doesn’t come and delay your important matters, then I’ll be guilty.”

it’s fine. The teleportation array is a small matter. Young master Yu, you can just help me with it. I’ve been wanting to talk to brother qingfan for a long time. Yunxiao refused to let go, so he let the Duanmu siblings handle the teleportation array.

Zhuo qingfan was speechless. what’s there to talk about? ” he asked dejectedly.

what I'm most interested in is your background, brother qingfan, and that great void technique. It's really unpredictable and ever-changing. Yunxiao laughed.

"That's a private matter, alright?" Zhuo qingfan said.

"Hehe, alright, then I won't ask anymore. Brother qingfan, are you interested in joining the heavenly martial Union?" Yunxiao said with a smile, his eyes narrowed.

"Ha? Of course not!"

Zhuo qingfan jumped in shock and quickly rejected the offer. "I'm used to living a carefree life, so I won't join any sect or organization."

"It was impossible in the past, but the situation is not right now." four of the seven major sects have joined, and young master Yu has just joined them, " Yunxiao encouraged. we're just short of brother qingfan!

Zhuo qingfan shook his head. young master Yun, don't try to get your hands on me anymore. I'm not going to join the heavenly martial League.

you're too disloyal, " Yunxiao reprimanded. if brother qingfan doesn't join us, I'll ask you about your personal affairs. May I ask where you came from and where is the great void technique?"

"What are the benefits and obligations of joining the heavenly martial League? Zhuo qingfan asked, waving his hand.

"Hahaha. "

there are too many benefits, " Yunxiao laughed. the duty is to obey orders and fight against the devil together.

“It’s everyone’s responsibility to fight against the demons,” Zhuo qingfan said. “I’ll do my best even if young master Yun doesn’t say so. As for obeying orders, I’m afraid I can’t do that.”

Yunxiao pondered for a moment. brother qingfan, if you find it difficult, you can be an honorary elder of the heavenly martial League. In that case, the league will not restrict you too much. he said.

Zhuo qingfan was silent for a moment before he nodded and said, “Alright, I’ll do as you say.”

Yunxiao was overjoyed. He had recruited two titled martial sovereigns into the Alliance in one day, and both of them had their own abilities and were of great use.

since brother qingfan has joined the heavenly martial League, ” Yunxiao said, ‘ we are a family now.

Zhuo qingfan felt depressed. He was used to living a carefree and comfortable life. Now that he was bound by someone, he felt uncomfortable. Although Yunxiao had said that he would give her great freedom, she still felt like she was being shackled.

In the past, he would never attack the sea of soul formation. But now that he had just joined the Alliance and the Alliance master had given him orders, he could not be disrespectful and could only agree gloomily.

Duanmu Youyu said, ” I’ve already placed a five-colored azureflower flag in the void. It’ll stabilize the space within a thousand feet. At the same time, I’ll open up three passageways from the weak node. There shouldn’t be any problems.

Soon, all kinds of people were teleported out of the passage. They were all ordinary Warriors and merchants.

As soon as he came out, he cursed and expressed his dissatisfaction, ” what’s wrong with this teleportation array? The problem was actually eliminated! Glass light City is so rich, don’t they usually protect it?”

When these people stood firm and looked at the abandoned city in front of them, they couldn't help but be stunned and dumbfounded. "Hey, w-what's going on here?"

They all looked at Yunxiao and the other three and asked in a daze.

if these ordinary people can come out, there should be no problem, " Yunxiao said. let's wait here.

After saying that, the few of them directly soared into the sky and sat down cross-legged.

"F \* ck, I'm asking you guys a question! You ran away without saying a word, do you want to die?"

A few martial artists below shouted angrily and cursed at the sky.

Everyone was dumbfounded. who can tell me what's going on? "

Everyone began to explore the ruins and soon saw a large number of broken bodies and bloodstains. They couldn't help but feel terrified. In the end, these Warriors all turned into flying lights and ran toward the sea of soul formation.

Several hours later, a violent tremor came from the space. With a boom, a huge hole was split open, and a powerful force burst out.

"They're here!"

Yunxiao and the other three looked down and saw a ninth-tier warship breaking through the void. It was full of Warriors, each of whom exuded a powerful aura.

Not only were the experts from mysterious separation Island and the Holy region among them, but the experts from the heavenly martial Union were also among them.

Zhuo qingfan and the Duanmu siblings' expressions turned serious. They had never seen such a powerful force before, and they could only feel their blood boiling.

"Greetings, Alliance master!"

As soon as the dozens of people on the warship saw Yunxiao, they shouted in unison, their voices shaking the sky.

Almost all of the heavenly martial league's elites had been sent out, led by Ling mudi. The four great sect Masters of the divine cloud Palace, the long family, the blade sect, and the myriad Star Valley had all arrived.

In addition to the sect leaders and elites of the four major sects, there were also the forces of Yanwu itself: beiming Nan, the Christian Church, the officials, mo Jingzhou, evil spirit, water deity, transformation cultivator, bu Zi, Zhou Guang, and others. There were more than a hundred people in total, and even the weakest of them was a high-level Martial Emperor.

After repeated discussion with the higher-ups, lingmu di decided to go all out. After all, the sea of soul formation was not a pushover. The more people there were, the higher the chance of winning. Secondly, it was the first large-scale operation of the heavenly martial Union. They had to win a big victory to establish the position of the Alliance in the realm of heavenly martial arts and make the world look at them with surprise.

Ding Ling 'er, su lianyi, and Qian Sheng were left in the city with the Chamber of Commerce as the main force. After Yunxiao's departure, the demon subordinates of the Holy See had also been summoned back to join Yanwu, becoming a force that could not be ignored.

Everyone from mysterious separation Island and the Holy region frowned, especially those from the Holy region. They all looked at the figure in the sky with some surprise and suspicion, trying to connect him with the image in their minds.

Yunxiao and the other three landed on the warship and said with a smile, "How did you two meet?"

Ye Nantian smiled and said, " it is a coincidence. We met each other in the portal. We know each other. That's why we are together.

He looked at Yunxiao with a faint smile and said, " the heavenly martial

League is much stronger than I expected.

no matter how strong he is, he's still far from black separation Island, ' Yunxiao said with a smile.

At this moment, qu Hongyan and the others came up to greet him one by one. Hao Feng also nodded slightly with a smile on his face, but he did not say anything.

When Yunxiao announced the joining of Zhuo qingfan and the Duanmu family in public, it caused a lot of exclamations and all kinds of discussions.

Ye Nantian smiled and said, "I have three important tasks." He had to eliminate the fiendish cultivators of the sea of soul formation realm in one fell swoop and kill the main culprit, Lu congzi, before sealing the ancient Devil's well. The Yunxiao Alliance master and I seem to have different opinions on the matter of eliminating the devil cultivators. This matter will be handled by mysterious separation Island and the Holy region. As for the other two matters, we will have to work together.."

Chapter 2058 - demonization

Ye Nantian continued, " the saint's administrative department is not here. Ben tingfeng is in charge. He used to be an administrative department. It is not wrong for him to lead you.

He turned his gaze towards the people from the Holy region. Zi Xiaoji, Shentu Xiaoyi and the rest were all present. However, a strange expression flashed across their faces, and they did not show any dissatisfaction. They also understood that it was not up to them at this moment.

After everyone came to an agreement, the battleship turned into a beam of light and rode the wind and waves toward the sea of soul formation.

Soon, a golden light that extended for dozens of kilometers could be seen on the surface of the sea. It didn't stop for a long time, as if a huge treasure was lying in the sea.

This was not the first time that the experts on the battleship had come to the sea of soul formation, but they felt completely different at this moment.

Ye Nantian's eyes lit up as he said, "This Mirage City is like the setting sun that falls into the sea."

Yunxiao also felt the same. He smiled and said, "My Lord, do you mean that the sea of soul formation is like a yellow flower of the past, like the setting sun?"

"What do you think, young master Yun?" ye Nantian said with a smile.

Yunxiao smiled and said nothing.

The Starship soon rushed into the light, and the shadow of the city appeared. The Starship rumbled forward until it encountered some resistance and stopped.

"It's a defensive formation,"

"Should we just charge in or order them to open the gates?" Ben tingfeng asked.

Colorful lights appeared in front of the battleship, which kept pouring out of the void and blocked its way. The colorful lights were ever-changing, formed by countless tiny sand particles, and wrapped around the battleship like a net.

call the door first," ye Nantian said. if you don't open it, I'll break in.

Ben tingfeng received the order and disappeared from the ship in a flash. He reappeared in the sky and said, the person in charge of the city, listen up. Mysterious separation Island, Holy region, and heavenly martial Union have come to visit. Open the city gate within half an incense stick's time. If you don't open by then, we will enter directly.

He shouted three times in a row. His voice was like a drizzle, scattering into the city with the breeze. After waiting for a while, there was no reply.

Ben tingfeng frowned, turned around and flew back to the warship, lighting half an incense stick.

Very quickly, the incense burned out and there was still no reply. Ben tingfeng immediately ordered the warship to enter.

“Boom boom boom!”

The formation on the battleship continued to spin, and a layer of green lightning covered the entire ship as it sailed forward.

The countless tiny particles within the net-like rainbow light instantly crumbled upon contact with the lightning, and loud explosions filled the air.

“BOOM!”

With a dull roar, the warship, after pushing forward by force, directly inserted itself into the center of the defender array, piercing a huge hole in it!

The colorful light instantly dimmed, and the power protecting the city gradually disappeared.

The battleship traveled without any pressure.

“What’s going on?”

Yunxiao suddenly trembled as he looked down at the city in horror. His left and right pupils immediately turned into the color of blood and demon, and they were filled with shock.

“What’s wrong?”

Ye Nantian and the others also found something strange, but they were not as sharp as Yunxiao, who could see the situation in the city with his eyes.

stop the warship! Yunxiao suddenly cried out. don’t get close to the city!

The people on the warship were all stunned, revealing puzzled expressions.

Ben tingfeng was the Commander-in-Chief of the warship. Although he respected Yunxiao, he still listened to ye Nantian. He looked at ye Nantian with an inquiring look.

Ye Nantian nodded slightly, signaling Yunxiao to do as he was told. Then, Ben tingfeng ordered the warship to stop.

“What is it like in the city?” ye Nantian asked.

Yunxiao’s face was a little unsightly as he shook his head and said, “I can’t really tell. The people in the city seem to be extremely strange, and the teleportation formation inside has been destroyed.”

In his eyes, huoshu nightless city was still brightly lit, as if it was always daytime, but at this moment, it was shrouded in a faint layer of demonic Qi. Even his divine sense was isolated, and he could only see a little clue through his wondrous spiritual eyes.

“Extremely strange?”

Just this explanation immediately caused dissatisfaction among the people of mysterious separation Island.

“Could it be demonization?” lingmu di suddenly asked.

“What do you mean by demonization?”

Yunxiao asked in a hurry.

Everyone more or less knows about the demonization of people. As for things, it's actually similar. It's through the infection of demonic Qi that an object is contaminated with demonic nature. These are not the most serious things. The most serious thing is that the space of the realm of heavenly martial arts will be contaminated by a large amount of demonic Qi and demonized. This way, the realm of heavenly martial arts will slowly become a place suitable for the demon race to live.”

“Ah? There's actually such a thing!” Everyone was shocked.

Yunxiao's face grew serious as well, and he said in a deep voice, “Since Daren said so, then it is most likely the case! The entire nightless city was shrouded in a faint demonic aura, and the people inside seemed to have become strange. This feeling made me very uncomfortable. Now that I think about it, it should be that the nightless city has been demonized.”

Ye Nantian was also shocked. He looked at lingmu di in surprise. He knew about demonization, but not many people knew about space demonization. He asked, “Your appearance is strange, may I know your name?” “I'm just nameless, just call me nameless,” lingmu di said with a smile. “Nameless swordsman, you're an interesting person.”

Ye Nantian didn't force him since he didn't want to tell him. After all, people like him all had their own weird habits. They didn't like to be violated. Ye Nantian asked, “Then, do you have a way to break the space demonization?” as long as the source of the demonic Qi is cut off, ” Ling mudi said, ” the demonic Qi in the city will naturally dissipate slowly under the realm power of the heavenly martial realm. However, it was impossible in a short period of time. With such a large-scale demonization, I'm afraid that the people in the city will not be able to escape.”

“Gulp!”

The sound of swallowing with difficulty rang out all around, and everyone's expression was not very good.

They all felt that they had underestimated the catastrophe of the demonic tribulation. They didn't expect it to be so easy to take down a city without any warning.

what should we do now?" Yunxiao asked.

"We can only massacre the entire city," lingmu di sighed and said.

Everyone's face was pale, and they found it difficult to breathe.

They weren't afraid of killing people, but they had seen such a large-scale massacre before. They had never personally killed anyone, so they only felt nervous and uneasy.

Duanmu Youyu laughed bitterly,"glass light City was just destroyed, and now I'm going to personally destroy nightless city." Where's that Feng Li? it would be best if he could handle this matter."

Yunxiao sighed as well. there are benefits to being an evil person. At least, you can be at ease when you kill someone. You won't have any psychological burden.

Ye Nantian didn't mind it and said, " "Everyone, there's no need to blame yourself. We also stopped killing by killing. There's nothing wrong with killing to save people."

He immediately gave the order to activate all the attack formations on the battleship, planning to massacre the entire city.

"Hold on!"

Yunxiao suddenly stopped him and said with a wry smile, " "I still can't stand it.

We must first confirm that the people in this city have been demonized, right? It's too much of a child's play to just rely on deductions. If there's a mistake in judgment, many people will die unjustly."

Ye Nantian looked at him and said, " li Yunxiao, I've admired you from the very beginning. Whether it's talent, intelligence, character, perseverance, or anything else, you are the best choice. But you have a very big shortcoming. You are too soft-hearted. Whether it's the way they treat demon cultivators, or the way they treat the nightless city, it's obvious."

I just don't want to kill by mistake, " Yunxiao said with a frown. besides, it's such a large-scale massacre. How can we not be cautious? "

Ye Nantian blandly smiled and said, " the two worlds are in conflict. This is a large-scale battle. How can there be no casualties? " Most of the time, they would rather kill a thousand wrongly than let one go! Although you have the bearing of a sovereign, you don't have the iron Blood to lead the world!"

Without waiting for Yunxiao's answer, he gave the order and said, " "Tu! The city!"

"Yes!"

Ben tingfeng accepted the order and immediately went to carry it out. As he left, he gave Yunxiao a strange look, and no one knew what he was thinking.

Soon, several more battleships separated from the Mainship and lined up in the sky. There was a total of nine battleships, and they were connected together, covering the sky and the sun. The entire nightless city was shrouded in a layer of shadow.

"Feiyang, if you're not in a good mood, don't look at it. Take a rest," qu Hongyan said.

Standing at the front of the warship, Yunxiao looked down at the nightless city with a very bad expression.

He shook his head slightly and said, " I have to see it, and I have to see it clearly. This is the prologue of the war between the two worlds. It may not even be the prologue. If I can't even watch such an impact, how am I going to deal with it in the future? "

Everyone's heart trembled. Many people more or less felt that it was inappropriate to massacre the entire city. However, after hearing these words, they all became serious and looked down seriously at the battle below.

let's do it," Yunxiao suddenly said. there seems to be a reaction from the city. Those people's movements seem to be a bit slow. Perhaps it's because they've just been demonized, but they've also sensed the danger. Perhaps they're going to take action first?"

Sure enough, a few black shadows rushed out of the city. When they got closer, everyone could see clearly that they were martial artists. There were more than ten of them, and their cultivation was above the martial Supreme realm.

The dozen or so people all had ferocious expressions, and there was a faint black Qi floating between their brows. They all roared wildly, "Who are you?"

What do you want to do?"

Lingmu di looked on quietly and said, "he has indeed been demonized." Anyone who is demonized will have an extremely strong increase in strength. In the process of demonization, if one's will is not strong enough, it is very likely that they will lose their spiritual wisdom and become a walking corpse."

Yunxiao nodded and looked down as he said expressionlessly, "There are indeed many people in the city who have turned into The Walking Dead, but most of them are mortals."

Ye Nantian looked at those men and coldly said, "Attack and kill them all! The nine battleships formed a chain formation! Luo city, take 12 people with you to guard the battleship.. Don't let these monsters get close and destroy it!"

Chapter 2059: rain of stars

'Yes!'

A man behind ye Nantian stepped up and said. He called eleven people and flew away.

The 12 of them attacked at the same time and killed the demonized martial emperors in an instant. They then stood guard thousands of feet below the The nine battleships in the sky began to change their formation, connecting into one. The light of the barriers on the battleships slowly fused together, almost becoming one, and the area was comparable to a small city.

After that, all the attack formations on the warship were activated. Beams of light shot out from the warship and into the city, causing the light in the city to flicker like a candle in the wind or the setting sun in the evening.

“BOOM!”

“BOOM!”

“BOOM!”

Hundreds of attacks were launched. Light beams of different sizes, which contained almost all the attacks of the five elements, shot into the city like meteors and raindrops, causing a shocking shock!

Everyone stood tens of thousands of feet in the air and could feel the strong vibrations and elemental energy waves. Their expressions were not too good as they looked on expressionlessly.

From time to time, martial artists would rush into the sky from the city, roaring as they attacked the battleship. However, they were easily killed by the twelve guards. After their bodies exploded, a large amount of demonic Qi surged up and dissipated in the air.

The massacre was completely one-sided. The nightless city could not resist at all. The demonic Qi below was also gradually dispersed under the massive bombardment. All the buildings were completely reduced to ruins, with not a single tile remaining.

Very few martial artists could escape from the city and escape to the ocean in all directions. However, they were easily caught up and killed by the twelve guards.

“Enough!” you can stop now,” Yunxiao suddenly said. they’re all dead.

This simple sentence made one’s heart tremble. It was said without any emotion, but it had a heart-wrenching feeling.

Ye Nantian blandly smiled and said, ” you will have to experience this many times in the future. If you can’t get used to it, just get used to it.

Yunxiao was even paler and uglier than the others, because not only did he see the massacre in the city clearly, but he also sensed almost everyone’s roars, screams, despair, and anger with his extremely strong divine sense.

His face was pale as he gritted his teeth and said coldly, ” Lu congzi, you really deserve to die!!

Ye Nantian looked at him and patted his shoulder. He comforted him, ” “Let’s go down,”

The nine battleships immediately broke up in the air and were kept.

This series of attacks had consumed an astronomical amount of primordial stones. Fortunately, the people on the battleship were basically the most powerful and influential people in the world, so they could afford the losses.

There were more than 200 people on the warship, and they descended from the sky in a majestic manner. The entire nightless city had completely disappeared, and the ground was covered in ruins and bones. It was a terrible sight.

The demonic Qi that enveloped the city was also almost completely destroyed and scattered in all directions. Not a single person was left alive in the city.

All of a sudden, ye Nantian raised his finger and made a horizontal cut. A beam of light shot out.

“Argh! Ah!”

A few shrieks came from the void, and blood spurted out. Then, some broken limbs fell out.

“A fish that slipped through the net.”

Ye Nantian said indifferently. Then, he glanced at Yunxiao and said, “With young master Yun’s divine sense, you should have discovered these people, right?”

Yunxiao frowned slightly, as if he was extremely uncomfortable with the atmosphere. He covered his nose and said, “What, is my Lord blaming me?”

Ye Nantian shook his head and said, “I don’t blame you. I just hope you won’t be too kind. Otherwise, you will have to pay a bigger price. Perhaps the next one to die will be our own people.”

I’ll remember, ” Yunxiao said with a long sigh. I’ll remember it.

Ye Nantian nodded and didn’t say anything else. The others soon covered the entire city with their spiritual mind. After they found no one was alive, they gathered in the destroyed teleportation area.

This was what they had found based on their memories, but it had long been blasted into rubble, and there was no trace of it.

this is the outer sea of the sea of soul formation, ” Yunxiao said. the inner Sea is hidden in the depths of the clouds, and it’s too late for a large-scale search. Let’s open a passage from the transmission end and go through the original passage.

let me do it, ” ye Nantian said. I have the coordinates of the sea of soul formation.

He held his hands in a circle, and a golden light slowly emerged from his palms, turning into a small and exquisite battleship. It expanded in the wind and became a few thousand feet in size, Grand and solemn, standing quietly in front of everyone.

Even though Yunxiao had seen Noah's ship many times, he was still taken aback by the magnificent sight when he saw ye Nantian showing it in its full form.

Everyone boarded the warship in turn. There was no material under their feet, but a layer of dense golden light, as if they were floating in the air.

Ye Nantian looked at Yunxiao and said with a smile, "Do you feel anything different?"

this is the warship's complete form?" Yunxiao asked in surprise. is this the warship's complete form?" Compared to when Ye Fan used it, it's like the difference between cloud and mud!"

Ye Nantian shook his head and said, "it is not the complete form. It is just traveling through space. Why do you need the complete form?" If a Saint artifact can display its full power, it can overturn rivers and seas, but it's too difficult."

not even you, my Lord?" Yunxiao asked, stunned. my Lord, are you telling me that you can't?"

Ye Nantian said, [ it is not impossible, but it will cost a lot. ] Quality is more important than quantity for profound level weapons. I can see that you have countless treasures on you, but it's better to focus on cultivating one." yes," Yunxiao nodded. I've learned a lot.

Ye Nantian stopped talking. He cast a few incantations and the entire battleship was covered in golden light.

In a flash, the battleship broke through space and charged into the broken passage.

Everyone on the warship felt as if they were walking on flat ground, without any bumps.

Yunxiao was quietly looking ahead when his heart suddenly trembled, and he had a bad feeling.

The feeling came without warning, and it seemed to be related to the hidden power in his mind, which was the true primordial art that the hundred wheel knot had taught him. The power was obscure and difficult to understand, and Yunxiao had never dared to touch it.

Back in glass light City, Feng Yaoli had captured the Duanmu siblings for the true primordial tactics. Could it be that after I obtained the power of the true primordial art, I also have a certain ability to predict the future?

He shook his head slightly. This thought could not be trusted, but the extreme unease in his heart could not be dispelled. However, he did not know what was going on, so he could only open his mouth and say, Lord ye Nantian, there might be danger ahead. Be careful.

“Oh? What’s going on?”

Ye Nantian asked in surprise. He knew that Yunxiao would never say something like that without a reason. There must be a reason.

it’s just a feeling,” Yunxiao said with a wry smile. it makes me a little uneasy.

I see,” ye Nantian said. I will be careful.

“Young master Yunxiao, you’re worrying too much.” Ben tingfeng chuckled. On Your Excellency’s battleship, there is no obstacle to travel through, plus there are so many of us. Unless the demonic world’s Gate is completely open, I really can’t think of any danger.”

I’m just having a feeling,” Yunxiao said. I’m not sure. It’s better to be more guarded than to be passive.

Ben tingfeng scoffed, “it’s based on feelings?” We’re fighting against the demons, so it’s best to avoid this without accurate information.” He did not think much of Yunxiao. Although Yunxiao was the chief of the heavenly martial Union, in the hearts of the people from mysterious separation Island, he was not on par with ye Nantian.

Yunxiao frowned, as if he was too lazy to explain.

Qu Hongyan was very displeased and said angrily, "Feiyang is only expressing his opinion. Can't he express his opinion? Who was this? It's up to you to listen!"

Ben tingfeng's face turned cold. He was about to say something but was stopped by ye Nantian.

Ye Nantian immediately stepped out to stop the fight, "Don't say anymore! Regardless of whether young master Yun's words are reasonable or not, it's always good to be more careful."

"Hmph!"

Qu Hongyan snorted heavily to express her extreme dissatisfaction.

Ben tingfeng looked at her coldly and didn't say anything. He didn't dare to disobey ye Nantian's order.

Suddenly, ye Nantian frowned and said in a deep voice, "I also sensed it. Something seems to be wrong!"

"What's wrong?"

Ben tingfeng was surprised. He didn't dare to ignore ye Nantian's words.

Yunxiao stared ahead and said in a serious voice, "There seems to be something amazing coming from the front."

"Something amazing?"

Everyone was stunned. They all looked up and saw that the pitch-black tunnel was endless, stretching into the distance.

All of a sudden, everyone noticed that there seemed to be something black rolling out from the tunnel.

Even the passage trembled, and the feeling of walking on flat ground disappeared. The warship also began to shake.

“That’s Yingluo.”

Everyone was shocked. They looked ahead, but there was only darkness, and there was a huge object moving vaguely.

“Young master Yun, did you see what it was?” ye Nantian hurriedly said.

Yunxiao’s pupils constricted, and he gasped a few times before he cried out in panic, “What the f \* ck! That ... That’s a meteorite!”

What rolled out from the passage in front was actually tens of thousands of feet wide. Some meteorites were even tens of thousands of feet in size, and there was more than one!

“Meteor shower.”

Everyone was instantly dumbfounded. A meteorite falling down, to put it bluntly, was a meteor. Could it be that they had encountered a meteor shower?

“There are so many meteors, hurry up and make a wish. It will definitely come true!” The water deity said in surprise. She clasped her hands in front of her and closed her eyes to make a wish.

“How could there be a meteor shower in the passage? it must be Lu congzi’s

doing!”

what?” Yunxiao cried out in surprise, “ he must have used some greater teleportation technique to change the space, causing the meteor shower to fall!

Your Excellency, quickly think of a way, or we'll be hit!"

Ye Nantian's face turned pale. Cold sweat covered his forehead. He was scared too. There were so many meteorites falling down the tunnel. Even one or two of them would kill him!

my Lord, you just said that you haven't fully activated the power of Noah's ship, " Yunxiao said. if you fully activate it, can you shatter these meteorites? "

"Blast your sister!"

Ye Nantian started to curse as well. His eyes were wide open. He lost his composure. these are meteorites.. They are stars! Even a World King wouldn't dare to face the rain of stars!"

Chapter 2060: The great void technique

what? " Yunxiao was speechless. then what should we do? "

Ye Nantian grabbed his hair. He was totally disheveled.

Qu Hongyan stared at Ben tingfeng coldly and mocked, " "Who said that we shouldn't talk nonsense without any basis? If we were prepared, we wouldn't have to wait for death in such a hurry."

Ben tingfeng was also dumbfounded, he didn't expect this to happen.

Ye Nantian's face was dark like water. He said, " "I won't wait for death. I can tear space and escape at any time, but I don't know where it will lead to."

Everyone's hands and feet turned cold. If they weren't on Noah's ship with ye Nantian, they would have been killed.

Even if they could tear open space and leave, the consequences of such a casual action were extremely likely to be swept into the vast void universe and never be able to find the North again, never to return.

Ben tingfeng said in a deep voice, "Lu congzi's move is indeed vicious!" He almost forced us into a dead end. If we die without even seeing him, it would be too aggrieved!"

Ye Nantian was also embarrassed. He had gathered almost half of the powerful cultivators in the world to destroy the sea of semi-God Realm. However, before they could enter the inner Sea, they were already in a desperate situation.

there's no other way," he said angrily. it's impossible to avoid these meteors in this passage. We can only travel to another void. Who knows how long it will take for us to return to the realm of heavenly martial arts!

Everyone looked dejected. Putting aside the fact that they had delayed the time to eradicate the sea of soul formation, it would be a big joke if this matter were to spread.

Ye Nantian's face was gloomy. He didn't say anything. He started to make all kinds of hand seals to change the direction of Noah's ship, trying to escape from here.

'We don't have to run,' Yunxiao suddenly said. This meteor shower might not be able to withstand it, but it should be able to hold out for at least a moment, right?"

Ye Nantian frowned and said, [ what's the point of holding on for a while? ] At a time like this, don't keep me in suspense. If you have something to say, just say it!" He was in a terrible mood, and his words were filled with hostility and rudeness.

Yunxiao did not mind. He nodded and said, " "To put it simply, no two or three alchemists can cast such a terrifying greater teleportation. Dozens or even hundreds of alchemists must have been gathered at the other end of the sea of soul formation to cast the spell at the same time, which was why such a terrifying scene could happen. As long as we can interrupt those alchemists, the greater teleportation will naturally disappear."

Ben tingfeng was speechless, " Then, can I trouble Alliance master Yunxiao to tell me how to interrupt the hundreds of alchemists? " His face was full of sarcasm, as if he were mocking Yunxiao's intelligence.

"What you can't do, others can." Qu Hongyan's heart moved. Before showing off your intelligence, please measure your own intelligence and ability."

"Haha, good. I, Ben tingfeng, indeed can't do it. Please let us broaden our horizons, Yunxiao Alliance master!" Ben tingfeng laughed in anger. At this time of crisis, no one was in a good mood, and their tempers were getting more and more irritable.

Yunxiao calmed down and said, " "I can't do it either."

Ben tingfeng's face was full of mockery as he laughed, "Hahahahaha!"

His laughter was interrupted by Yunxiao's words. but someone can do it. Ben tingfeng was stunned and asked subconsciously, "Who is it?"

At that moment, several gazes turned to Zhuo qingfan. All the powerful cultivators in the world knew of his capabilities.

yes, " Yunxiao said with a smile. this is the Martial Emperor with the title 'Xu Kong', Zhuo qingfan.

"The void?"

Ye Nantian frowned and said, "what are you going to do?" We don't have much time left. From now on, you'll be in charge of everything!"

"Alright!" Yunxiao said. Everyone, listen up! Charge at the meteorites! Our strength is enough to destroy the meteorites and delay as much time as possible! Brother qingfan, I'll leave the rest to you." blow up a meteorite?!

All sorts of shock and doubt rose. They found it hard to believe and accept this order.

li Yunxiao is the Supreme Commander now, " ye Nantian said in a deep voice. everyone must listen to him, including me. No mistake is allowed!

"My Lord, please!" Ben tingfeng could not help but say.

Ben tingfeng would never go against ye Nantian's decision, no matter how ridiculous it was. But this was unacceptable.

Ye Nantian's eyes darkened. He stared at ye Xiao coldly and said, "Did you not understand what I said?"

Ben tingfeng's body trembled and he finally sighed, "Your subordinate understands."

"Since it's decided, then let's go!"

Hao Feng walked out of the crowd and held the Nirvana blade in his hand. all Warriors under the immortal state, retreat to the back!

Immediately, a large number of martial artists retreated, leaving only those above the immortal state who were as steady as Mount Tai.

brother qingfan, " Yunxiao said. I'm counting on you.

The playfulness on Zhuo qingfan's face faded as he smiled bitterly. "I will try my best. If anything happens, I'll come back to inform you immediately."

Perhaps knowing the severity of the matter, he didn't dare to tease her anymore. He put two fingers together and placed them on his forehead. A faint light lit up between his fingertips and eyebrows, and his entire person immediately disappeared under the light.

this Suan ni has disappeared? Suan Suan '

Everyone was stunned for a moment, then their eyes widened as if they couldn't believe it.

Ye Nantian was surprised, "who is he?" Could this be the great void technique?"

Oh? " Yunxiao was quite surprised. my Lord, you know about this technique too? ?

"So I guessed right."

Ye Nantian's eyes were full of reminiscence. He said. " "I didn't think that there would be someone in this world who knows this technique. Let's not talk about it for now, dealing with the meteorites is more important."

Only then did the crowd snap back to their senses. After witnessing Zhuo qingfan's great void technique, everyone's spirits were lifted, and their dejected dejection from before was swept away.

Hao Feng was the first to slash out. The White glow rotated on the blade and struck out!

"Sky piercing slash!"

The White blade light followed the passage and quickly hit a medium-sized meteorite in front of them. With a loud boom, the meteorite was split in two and rolled to the sides of the passage before being swallowed by the void.

Ye Nantian cast a spell on the battleship. A golden light shot out and turned into a Golden Wave at the front of the battleship.

The Golden Wave spun like a spiral and struck the meteor shower, causing a series of explosions and shaking the meteorites.

The rest of the people immediately took action as well. All kinds of light divine arts were shot out, and a large number of meteorites in front of them were shattered into countless fragments. They were either swallowed by the void or fell down along the passage, no longer causing any damage to the warship.

Ye Nantian kept attacking the meteorites, but he was also prepared to leave a way out. If the others couldn't hold on any longer, he would escape from the tunnel.

After all, almost half of the world's powerhouses were gathered on Noah's ship, and they couldn't afford to die here. If he only escaped by breaking through the air, no one knew when he would be able to return to the realm of heavenly martial arts. His conquest of the sea of soul formation would be a complete failure, and he would become a complete joke. Therefore, he would not make a move to escape until the last moment.

After Zhuo Qingfan disappeared from the battleship, he instantly reappeared in the inner part of the sea of soul formation.

At a glance, as Yunxiao had predicted, there were over a hundred alchemists sitting cross-legged in the air in the teleportation area, casting a spell together to summon meteorites with supreme power and send them into the tunnel.

"Who is it?"

His appearance instantly raised the alarm, and a sharp gaze was cast over. A trace of surprise flashed through the cold eyes.

The place where he had clearly felt someone was now clear and there was no one in sight.

"My Lord, there's no one here. Could you have seen wrongly?"

"Hmph!"

Bo Yuqing snorted coldly, his eyes becoming even sharper. His gaze swept around, then landed on the large teleportation array and said in a cold voice, ‘ “Everyone, be on high alert! Someone has already invaded, we can’t let him interrupt this formation!”

Not far away from the great teleportation array, more than a dozen martial artists stood in the air. When they heard this, they all revealed stunned expressions, clearly not believing it.

One of them said, “Sir, could it be that we sensed it wrong?” The passage is not open yet, so how could anyone possibly barge in?”

“Nothing is impossible in this world,” Bo Yuqing said coldly. He pointed to his head and said, “there are only things you can’t think of.” &Nbsp;

The dozen or so people were all a little depressed. This statement was too mysterious, but they did not dare to refute it, so they could only reply in unison, “ “Yes!”

They immediately transformed into birds and beasts and scattered according to the arrangements they had made in the morning. In case of an emergency, they would spread out in the surroundings and guard the large teleportation formation.

“Zhuo qingfan!”

The dozen or so cultivators were all shocked and immediately did not dare to be careless. They spread their divine sense to the maximum and joined forces to form a formation to deal with it carefully.

“Eh, I remember you. I’ve met him once in the eastern sea.”

Zhuo qingfan slowly walked out of the void, holding the vast ocean like dust in his right hand. “If I had known this would happen, I would have killed you in the East Sea.”

“There’s still time to cut it down now,” Bo Yuqing snorted coldly.

Zhuo qingfan shook his head. let's not even talk about whether I can Cut You Down. Even if I can, it'll be too strenuous. I just want to break this large teleportation formation, can you not stop me?"

"What do you think?"

"It's just as you've said, nothing is impossible in this world," Zhuo qingfan said with a bitter smile. "There are only things we can't think of," he said, pointing to his head.

alright! Bo Yuqing stood with his sword in his arms. take your time to think about it.

"Man, forget it, Yingluo."

Zhuo qingfan placed the vast ocean like dust in front of him and said, " I'm born with a slow brain. I'm just afraid that li Yunxiao and the others will die when I think about it.

don't worry, " Bo Yuqing said with a faint smile. he's tough and won't die so easily.

that won't do either, " Zhuo qingfan said. I've just joined the heavenly martial Union. I have to perform well and make some contributions.

After he finished speaking, his body shook slightly and hundreds of afterimages appeared in the sky, flying in all directions!
