

## The Eternal 2061

### Chapter 2061-shattering void

The dozen or so ancient martial art practitioners were instantly shocked and dazzled. Zhuo qingfan's afterimages were almost identical to each other, and they were extremely real.

Their hands and feet immediately turned cold, and they hurriedly formed a formation. Suddenly, a virtual light appeared in his palm, which expanded to several acres in size and covered the ground.

Bo Yuqing didn't move and suddenly shouted, "Withdraw the barrier!"

The dozen or so people were startled and didn't understand what he meant, but they still did as he said. They immediately formed hand seals and dispersed the formation they had just formed.

Zhuo qingfan's apparition, which filled the sky, immediately descended.

"Lord Bo Yuqing!" One person exclaimed.

no! Bo Yuqing shook his head. be careful, these afterimages are all fake!

"What?"

Those people were all shocked as they watched the afterimages fall. Sure enough, they all disappeared one by one, and a moment later, not a single one was left.

"This bi an ..."

The dozen or so cultivators "faces were all pale and their mouths were dry.

They felt that their ability was not enough to deal with this situation. If they continued to hold on, they would only be cannon fodder. All of them felt very tired.

if you had cast a barrier just now," Bo Yuqing said, "I wouldn't have been able to save Zhuo qingfan in time if he had appeared within it. He seemed to have seen through their state and said, "All of you, back off. This place is no longer something you can participate in."

"Yes!" yes! the few of them were ecstatic and hurriedly replied. Then, they ran far away and stood far away to watch.

Bo Yuqing stood in the sky above the hundred alchemists with his sword in hand, his divine sense covering every corner as he said slowly, "Although the great void technique is marvelous, it's bound to have flaws. Even though I don't know where the flaw is, it definitely exists. Of the world's laws, there must be a way to break them. Otherwise, wouldn't you be invincible?"

The surroundings were completely silent, not a single sound could be heard.

Over a hundred alchemists had also noticed the situation, but everyone was trying their best to perform teleportation. Everyone's spiritual power was focused on the central array, which was covered in a dense white light.

It looked like the light of a Warlock God, but it was brighter. It contained the stars and stars, and it connected directly to the outer space. It caught the meteorite and fell into the dark passage.

Every Alchemist was fully focused, and a layer of black light appeared on their foreheads, which grew thicker and thicker as their spiritual power was consumed, while their eyes flickered with a fierce look.

Suddenly, Bo Yuqing's body flickered as he teleported down, the ancient dust sword slashing out!

"Bang!"

The great sword struck the vast ocean of dust. Zhuo qingfan had only managed to extend half of his body before he was struck back into the void and disappeared.

As for the aftermath of the two profound level weapons, just as it spread out a little, it was swept up by the large teleportation formation and absorbed into the silver light in the center.

The alchemists were still sitting cross-legged, as if they had not heard anything.

“Haha, I can sense anything strange in the formation with my divine sense. Even the slightest disturbance in the void can’t escape my eyes and ears. It’s impossible for you to ambush the grandmasters.”

Bo Yuqing suddenly laughed wildly, “Just stand up and fight me fair and square! If he won, he would be able to break the Grand teleportation array and let Yunxiao enter the inner Ocean safely. If you lose, you will become history with them!”

Zhuo qingfan’s figure slowly appeared in the sky above the formation. He looked down expressionlessly.

He always had a smile on his face, a playful smile, and a lazy look. For the first time, he became expressionless, as if he had also discovered the thorny problem.

In the large teleportation formation, all the power would be drawn into the center of the formation, and the alchemists would not be hurt at all unless they were beheaded by the halberd.

However, Bo Yuqing’s spiritual power could observe the details and move in an instant. Every move was a step ahead of him, making it extremely difficult to sneak attack and kill.

what? the legendary void martial sovereign, the second strongest expert in the world, doesn’t even have the courage to fight me? ” Bo Yuqing sneered.

I can play with you if you want to, ” Zhuo qingfan replied with a wooden expression. but we don’t have the time now.

“Oh? There’s no time, what can you do?”

Bo Yuqing sneered, "I like the way you don't like me, but you have no choice but to play with me."

Zhuo qingfan raised his hand and lifted the vast ocean like dust. The sharp edge of his battle halberd appeared cold and piercing under the light.

When the light shone into Bo Yuqing's eyes, his pupils narrowed slightly, and a cold intent also shot out. He couldn't help but tighten his grip on Gu Chen.

"There's no time, so I'll only use one move," Zhuo qingfan said.

Bo Yuqing's pupils shrank, and his face instantly turned ashen, as if he felt a powerful pressure. His arm trembled slightly, and the ancient dust sword trembled.

"One move? Are you trying to find an excuse for your cowardice and defeat?"

Bo Yuqing's aura gradually exploded, demonic aura surging from his body. A large number of demonic runes appeared on his skin, and even the ancient dust was shrouded in darkness.

Zhuo qingfan formed a hand seal with one hand and looked down coldly.

The body almost merged into the sky and became transparent. The only thing that still had substance was the vast sea, which was like dust, emitting a brilliant light.

All of a sudden, the entire space around Zhuo qingfan started to contract. His body was like a black hole, devouring everything around him, filling up his body with the vast sky!

That illusory state instantly became solid and several times larger, as if his entire person was the endless sky!

'What?'

Bo Yuqing was horrified. what's going on?!

He also felt that the space he was standing in had changed, and even the large teleportation formation below was disturbed. The alchemists opened their eyes in surprise.

“Damn it!”

die! Bo Yuqing shouted angrily, the demonic aura on his body rising once again, jumping around the sword like flames.

“Wailing sword rain wind-evil tune!”

He raised his sword, and the terrifying demonic flame turned into a pillar of light that shot into the sky. Thousands of sword wills rolled in the demonic Qi and surged out.

Zhuo qingfan raised his eyes and said, “Void shatter!”

Vast ocean like dust fell according to his hand's gesture and directly turned into a Dragon, bursting with strong water light and roaring. The entire void was shattered by the slash. Zhuo qingfan's body seemed to be breaking apart, and endless space burst open with a loud bang.

Bo Yuqing only felt his chest shake as the void around his body suddenly trembled. His internal organs were instantly damaged and he spat out a mouthful of blood mixed with his organs.

“Impossible!”

He was severely injured in an instant. As he uttered these three words, the demonic Qi in the sky dispersed and the water Dragon broke through the sky, binding him with the Dragon Transformation rope.

The dozen or so people in the distance were instantly killed by the sudden tremor in the void, without a complete corpse.

A force that was as powerful as the mountains and seas shook from the void. The great teleportation formation was suddenly hit and made a "boom" sound. Then, an invisible force was drawn away and poured into the silver light in the center.

Although the formation was not messed up, all the alchemists were injured and vomiting blood.

Suddenly, a figure appeared in the array. It was the expressionless Zhuo qingfan, holding a profound saber in his hand, and he swung it at the alchemists' heads!

"Stop!"

In the distance, Bo Yuqing suddenly roared and used all his strength to push the Water Dragon rope open. All the blood vessels in his body protruded out of his skin, making him look extremely disgusting!

However, Zhuo qingfan's blade fell, and dozens of people were killed in an instant. The entire teleportation formation collapsed in an instant.

The rest of the alchemists suffered the backlash of the array. They all vomited blood and were sent flying.

"Bang!"

Bo Yuqing's eyes almost popped out of their sockets. With a mad roar, demonic Qi shot out and finally shook the Water Dragon rope away! The Water Dragon bounced a few times in the air before turning back into a vast ocean of dust and flying back into Zhuo qingfan's hands.

The white light that contained the Galaxy and Nebula began to gradually dissipate. The power of teleportation disappeared in an instant, and everything returned to normal.

Zhuo qingfan held his halberd in his hand. His face was so pale that it was almost transparent. It was clear that he had expended almost all of his energy in that 'void-shattering' attack.

"Damn it!"

In his rage, Bo Yuqing's eyes began to turn black and he lost some of his sanity. The injuries on his body were being healed by the demonic Qi, and he teleported down, his sword slashing at Zhuo qingfan's head!

Zhuo qingfan's face turned ashen as he raised his halberd to meet the attack.

"Bang!"

The greatsword struck the halberd, dispersing the spirit light emanating from it. Zhuo qingfan was finally unable to withstand the impact any longer, and he spat out a mouthful of blood as he was sent flying.

"What? you can't use the great void technique?"

Bo Yuqing seemed to have seen through something, his expression ferocious as he stepped forward and said coldly, "You can't avoid death for what you did today!"

The ancient dust sword flashed with a cold light and slashed down again!

Zhuo qingfan hurriedly conjured hand seals with one hand, and a thin film appeared on his body, condensing into an armor. At the same time, the vast ocean like dust covered his arms.

His hands formed a seal and the armor expanded, turning into a giant spirit-like human figure. He also formed a seal in response.

A ripple-like barrier spread out.

Chapter 2062 - 2062: Entering the internal sea

“Li Yunxiao!”

Bo Yuqing’s face was ashen, and there were still traces of blood in his seven orifices. He placed the Gu Chen sword in front of him and said coldly, “You’ll have to show me what you can do if you want to keep me here!”

Yunxiao stretched out his index finger and waved it in front of him as he shook his head and said, “It’s not about my abilities, but about ‘our’ abilities.”

Bo Yuqing’s body trembled and he suddenly turned back. He saw a golden light spread out from the teleportation array and Noah’s boat appeared.

Dozens of figures shot out from within and surrounded him.

Bo Yuqing’s expression was unusually ugly as he gritted his teeth and said, “Yunxiao, have a fair fight with me if you have the guts! Even though I’m injured, I’m not afraid of you!”

“A fair fight? Why?”

Yunxiao’s eyes flickered with a mocking gleam as he said coldly, “Do you think this is the number one martial arts contest? And fight you fairly?” He waved his hand and shouted, “everyone, let’s attack together and beat him up!” Just don’t kill him!”

Bo Yuqing’s face instantly turned dark. Dozens of powerful auras soared into the sky, many of which were not weaker than him. His inner defenses instantly collapsed, and he had no will to resist.

“BOOM! BOOM!”

All kinds of attacks came through the air, and he was like a Fallen Leaf in the wind. His whole body was in great pain, and his eyes went black before he fainted.

this kid can't take a beating. I didn't even make a move and he's already dead.

haha, if you have the ability, you should try it too. Even the island Lord would have to admit defeat under this kind of attack.

he's already very strong. This person must have an harmonization realm physical body. No wonder he's able to withstand it.

All kinds of laughter rang out as Bo Yuqing's body was already a bloody mess. Yunxiao had been watching him carefully, fearing that he would die. When it was about time, he waved his hand, and a white light rolled over and took him into the divine realm tablet.

At this moment, the hundreds of alchemists who had been severely injured were also looking at this group of people in horror.

Ye Nantian looked at them one by one and his face turned cold. He said, " these people all have demonic Qi in their bodies. Most likely, they've been invaded by demonic Qi. Even if they're not demonized, their hearts have been affected.

Ben tingfeng said, "Daren's meaning is" no! Yunxiao suddenly shouted. no!

Ben tingfeng was stunned and immediately fell silent. At this moment, the way he looked at Yunxiao turned respectful, as if he had admitted that he was the leader of the heavenly martial League, and that he was on equal footing with ye Nantian.

Ye Nantian sighed, [ these people will be a disaster if they stay. ]

Yunxiao's face was livid. these are all great alchemists, and there are more than a hundred of them. It is an incalculable wealth in the realm of heavenly martial arts. Are you really going to slaughter them, my Lord? "

An Alchemist could not help but cry out, 'what do you mean? Do you want to kill us? Are you guys out of your mind? We have over a hundred great alchemists!'

Ye Nantian pointed at the man and said, " look at him. He is so funny. Is this wealth? " They almost killed us, and now they still think that it's not normal for us to kill them. Let's not talk about whether they've been demonized or not, just these silly fools should be killed."

He flicked his finger, and a golden light shot out. The Alchemist exploded with a bang, which shocked all the alchemists around him.

"These lunatics are really going to kill us!"

"Run! Let's go to the chief!"

The alchemists were finally terrified, and they fled madly into the distance.

kill them all! ye Nantian ordered. A murderous aura spread out from his body, causing people to shiver.

"You can't!" don't kill him! Yunxiao shouted angrily. don't kill him!

He was an Alchemist himself, and he had a strong sense of belonging and honor to this profession and this group, just like every Alchemist.

Now that he was a Warlock God, he felt even more responsible and obligated to protect these people.

Moreover, these people represented the highest group of alchemists in the realm of heavenly martial arts, and the fault of today's incident was Lu congzi, not this group.

Ye Nantian looked at him and said, " don't forget our mission. We have to kill all the demonized people. Are you going to change your mind? " And don't forget that I'm also an Alchemist!"

Yunxiao's body trembled as he stood there in a daze, not knowing what to do.

Ye Nantian gave the order again. With killing intent in his eyes, he coldly said, "Kill them all!"

Ben tingfeng gave Yunxiao a glance, and when he saw that the latter was silent, he said, "Yes!"

With a wave of his hand, a group of martial artists immediately chased after them. Soon, they caught up with the alchemists and began to kill them mercilessly. Miserable screams rang out, and the sky was stained with blood.

"Stop!"

Finally, Yunxiao could not bear it anymore. He let out a loud roar that shook the sky like a tiger's roar and a Dragon's Roar.

Those martial artists were stunned and immediately stopped.

the mental power of alchemists is far superior to that of ordinary people,"

Yunxiao said. I should be able to find a way to restore their mental strength. Besides, didn't the Lord say that the highest command would be given to me?"

Ye Nantian nodded and said, "alright. Since you are confident, go ahead." The highest command is indeed yours, but at the same time, you are also responsible for the results of this expedition."

"I will,"

Yunxiao nodded and ordered, "Capture them all."

Soon, the alchemists who were lucky enough not to be killed were brought over, leaving only sixty or so people. Half of them had been killed in just a few breaths.

These people were all frightened and uneasy. They had never seen such a bloody scene before. Some of them even cried in a low voice.

Upset, Yunxiao put all of them into the divine realm tablet. He took a closer look. These people weren't too deeply possessed by the devil. Through some kind of cultivation method, he should be able to completely expel the devil Qi from their bodies.

Zhuo qingfan was severely injured. After recovering a little of his vital Qi, he also entered the divine realm tablet.

After everyone identified the direction, they returned to Noah's ship and headed for the main island in the internal sea.

The sea of the soul formation stage was shrouded in mist and clouds. It was like a Fairyland. The battleship rode the wind and waves and soon entered the territory of the main island, revealing the island.

"This is a Kasaya!"

Everyone sucked in a breath of cold air, their pupils slightly dilated!

The entire main island had turned completely black, completely becoming a demonic Island. It was like a piece of charcoal placed on the sea, shocking to the eye.

Everything on the island became blurry in the darkness, and even Yunxiao's Mystic spirit eyes could only see a rough outline.

"I'm afraid that Lu congzi had already started to demonize seriously before he went to the world of eternal life. It seems that he has already made up his mind to become a demon!"

Lingmu Di's face was also cold. The island, which had once been like a Fairyland, was now like a rotten lung in a human body. Devil Qi kept rolling out.

what about those top alchemists?! Yunxiao asked in a deep voice. what about them?!

I'm afraid it's not optimistic," lingmu di said. he's either killed, become Lu congzi's dog, or caught. No matter which one it is, it's terrible!"

Yunxiao casually grabbed an Alchemist, pointed down, and said in a deep voice, "What's going on with this Island? where are master Luo Tian and the others?"

The Alchemist trembled as he looked at it, then hurriedly shook his hands and said, "I don't know."

Yunxiao's eyes turned cold, and killing intent burst out of them. a ninth-tier Alchemist like Luo Tian is the one I value. I don't care if I should save an ant like you. If you don't know, I'll kill you!

The cold gaze penetrated the alchemist's body, causing him to tremble in fear. "Luo Tian! Master Luo Tian! He has been captured!" tell me the details! Yunxiao said.

The man explained the whole story. Just as lingmu di had guessed, Lu congzi had made everyone take a pill called fiend pill, which contained extremely strong devil essence.

Anyone who consumed it would have their body controlled by the demonic Qi. Their mind would be affected and they would be controlled in the palm.

As for those who refused to take it, the weaker ones were all killed. Lu congzi could not bear to kill the alchemists and Warriors with higher cultivation bases, so he captured them all.

When Yunxiao heard that, he said angrily, "captured? Where did he go?"

The Alchemist was frightened by his appearance, and he said in a cold voice, '

"Ancient Devil's well."

“It’s really that place!”

Lu congzi must be trying to use the devilish energy in the ancient Devil’s well to directly affect everyone’s mind and demonize them all,” Yunxiao said in a deep voice. “There’s no one on the main island, so why is the demonic Qi still rolling?” he asked again.

it’s said that chief Lao Ai, oh no, told Lu congzi that Lu congzi wants to make this main island the first foothold for the demon race to invade the realm of heaven martial arts.” the man said- so. he wants to change the sniritnal Oi

environment there to make it suitable for the demon race to live in.

Lingmu Di’s pupils shrank. He stared at the ground for a while and said, ” “As expected, there are a lot of tiny mosses and vegetation on this Island, all of which are from the devil World. These things could absorb and release devil essence, which was one of the foundations of the entire Devil World. Damn traitor!”

“Then, this Island is quite dense,” Yunxiao said.

“We can’t let him Live!” Lingmu di said through gritted teeth.

yes! Yunxiao nodded and said, ” leave a few people to drive the warship and completely destroy this Island. The rest of you, follow me!

He left a dozen high-level martial sovereigns and some alchemists to control the warship and destroy the main island completely, while the rest of the people followed Yunxiao and soared into the sky.

The ancient Devil’s well was located at the end of the sea of soul formation, at the void where it was connected to the universe.

With everyone’s escape techniques, they arrived in no time. The boundless void was like a huge mouth of a monster, waiting to swallow everyone.

Suddenly, there were a few flashes in front of him. A black shadow condensed and turned into Lu congzi's figure, holding a silver cane. hehe, you're finally here.

Lu congzi had become cunning and treacherous, losing his calm, magnanimous, elegant, and kind demeanor. Although he had been pretending before, he had completely removed his mask now.

Yunxiao led the crowd and stopped at the junction of black and white, where the sea of soul formation and the void met.

The boundary between black and white was like the boundary between two factions. They could never merge together and were bound to be like fire and water.

Yunxiao looked at him coldly for a while before he said, "Lu congzi, are you scared? You don't dare to face it with your true body, so don't you feel embarrassed to send out an incarnation?"

Chapter 2063 -law lock

"Hehe, embarrassing? I admit defeat, okay?"

Lu congzi was generous and didn't feel embarrassed at all. Instead, he smiled and said, "only those who dare to admit their weakness and shortcomings are truly strong."

"Bah! Strong your sister! Hurry up and come out with your true body to die!" Yunxiao was filled with anger, and his eyes were almost spewing fire.

"Am I stupid? You even ran out to die, hehe."

Lu congzi laughed in surprise and said, "why is Lord Alliance master so angry? It's as if you can't wait to eat my flesh. When did I make Lord Alliance leader hate me so much?"

"Pfft, your rough skin and thick meat will be poisoned to death after eating it."

Disgusting! ”

Yunxiao gave him the middle finger and pointed it down in disdain.

Ye Nantian said, ” why are you talking to him? let’s just go in and destroy everything. Seal the ancient Devil’s well!

Yunxiao nodded and raised his hand, ready to give an order.

“Hehe, you want to kill me?”

“Don’t you want your disciple’s life as well?” Lu congzi smiled indifferently.

Yunxiao’s hand froze in the air, and he could not bring it down.

Lu congzi squinted his eyes and smiled, “should I choose righteousness or family?” Tsk, tsk, what a dilemma.” “You f \* cking animal, you’re not a human!” where’s yang di?! Yunxiao roared.

Lu congzi said in a strange voice, ” Hey, hey, hey. Don’t scold us. We’re all civilized people. We have to be cultured.

“Talk your sister! Where’s yang di?”

Yunxiao was so furious that he wished he could rush up and hack him to death.

Lu congzi waved his hand, and a circle of demonic light appeared beside him. A man was sitting cross-legged inside. His body was emitting demonic Qi, and he was cultivating demonic techniques.

“Magic servants!”

Yunxiao cried out in alarm. With just one glance, he recognized the evil look on yang Di's face as the demonic servant!

"Hehe, young master Yunxiao is indeed knowledgeable."

with yang Di's qualifications, he was not qualified to be my demonic servant," Lu congzi said with a smile. I only gave him this qualification for the sake of young master Yunxiao.

Yunxiao felt a chill run down his spine. Once he became a demon servant, as long as Lu congzi died, yang di would definitely die.

His hand froze in mid-air before he slowly put it down. He turned around and said, "Lord mu di, after becoming a demonic servant, is there a way to break free?"

Lingmu di frowned and pondered for a while, then shook his head and said, I'm not sure about that. If we can find di Jia, maybe he will know.

Yunxiao was silent as he looked at the figure in the demonic ring, and he could not help but look sad.

"Hahaha!"

Lu congzi laughed wildly, and his eyes were full of mockery. heavenly martial Alliance leader, you haven't answered my question. Do you choose righteousness or family?"

Ye Nantian spoke in a deep voice, [ do you even need to think about such a simple question? ] Of course, it's for the greater good. Young master Yun, you can't be muddleheaded at this time!"

Yunxiao nodded, and his spirit became extremely dejected. He waved his hand weakly and said, "From now on, the highest command is yours."

Ye Nantian nodded and said, " don't think too much. How can there be no sacrifice? how many people died one hundred thousand years ago? Your disciple isn't the first one, and she won't be the last either. In the end, even you and I will have a high chance of getting in."

"I understand," Yunxiao said sadly.

haha! Lu congzi laughed and said, " so, you've chosen the so-called 'righteousness'?"

why? " Yunxiao said coldly, " do I need to tell you what I choose? Shut your mouth! When I see your old face now, I want to tear him apart!"

Ye Nantian waved his hand and shouted, " all of you, listen up! Go into the void! Kill anyone you see!

Lu congzi's expression changed slightly, and he sneered, " "Very good, then I'll be waiting to see a battle between master and disciple!" With a wave of his sleeve, the demonic light disappeared, and his figure also disappeared.

Everyone immediately rushed into the boundless void. The moment they stepped into it, they felt their bodies tremble!

"BOOM!"

The entire void trembled under the sound of the war drum. The sound of the drum reverberated and shook everyone's ears, causing their qi and blood to surge.

"It's the Rakshasa drum!"

be careful! Yunxiao cried out in alarm. be careful!

"Thump! Dong!"

Another two drum beats rang out, causing the void to tremble like water waves. There was an extremely strong resistance ahead, making it difficult to move an inch. The powerhouses below the peak of the Martial Emperor realm felt their blood surging up their throats.

In the darkness ahead, there seemed to be a demonic shadow moving. A huge drum could be vaguely seen, and sound waves were constantly spreading out.

Yunxiao looked over and saw that the huge drum was more than a hundred feet tall, with a drumstick dancing in the air. Controlled by several fiendish cultivators, the drumstick struck at the drum.

“BOOM!”

With every knock, the bodies of the devil cultivators trembled as if controlling the hammer was very exhausting.

“Hmph !”

Ye Nantian humphed. His body glowed with golden light. He moved forward and appeared in front of the drum. He punched the drum!

“Stop!”

The demon cultivators rushed up to him. Ye Nantian sneered and hit his body with his left hand!

“Bang Bang Bang!” Several devil cultivators exploded!

At this moment, the fist force struck the drum, and with a loud boom, demonic Qi gushed out.

Ye Nantian’s face turned serious. He reached out his hand and slapped it. At the same time, a golden light appeared on his body, protecting him.

The demonic Qi that was spurting out suddenly dispersed under the force of his palm and turned into a large net. There were dense black spots on it, like the stars in the sky.

“What?”

Ye Nantian was shocked, but the demonic net had spread out to hundreds of feet away, covering the space and trapping him.

“What a joke, you think a mere net can trap this Lord?”

Ye Nantian snorted and raised his finger. The finger glowed with golden light and turned into a sword.

“Bang Bang Bang!”

The sword light caused countless golden lights to appear on the magic net, but it could not break it!

“What?”

Ye Nantian realized that something was wrong. He looked at the black spots and found that they were not made of ordinary materials. He had cut them into pieces, but the black spots were still attached to the net and became nodes. The rest of the people also rushed over and surrounded the net.

don't touch this net! Yunxiao stopped the crowd. don't touch it!

“What's going on?” Hao Feng asked with a frown.

He also tried to cut it a few times, and the nodes were broken by the knife, but they only split into finer nodes.

Ye Nantian's face turned dark. He said, ” “A law lock?”

Yunxiao nodded and said, "that's right. It's a rule lock. Unless we destroy the entire power of the rule or find a way to draw in the net, it will be difficult.

However, I don't know what this black dot is, but it can't be crushed."

He raised his hand and condensed a little bit of the ice fiend Heart Flame. With a "Teng" sound, it flew onto one of the points and burned with a "swish." The black dot was not afraid of the fire. Instead, it began to fade from black and gradually turned white.

"This is a Kasaya."

Yunxiao trembled and said in shock, "a niongstone?!"

It was only under the burning of his ice fiend Heart Flame that a little characteristic of the rainbow stone appeared, which Yunxiao had sensed.

The term 'rainbow stone' was not unfamiliar to the experts present, and their expressions changed drastically.

these should be primary raw stones," Yunxiao said in a deep voice. they haven't fully evolved into rainbow stones. My burning process just now only accelerated their evolution, but it's not perfect.

He reached out and touched that spot. He could feel something strange, but it was still different from the real rainbow stone.

"Tsk, tsk, it's such a waste that this law lock, which was created with great difficulty, only caught one fish. But this is a big fish."

The sound of a flute came from the distance. A black-robed man appeared near the ancient Devil's well. His eyes flickered with a strange light. It was Yu Chen, the Deputy sea of soul formation expert.

A large amount of devil Qi gushed out of the ancient Devil's well and a large number of cultivators flew out. In the blink of an eye, there were more than a thousand people, scattered all around.

Yunxiao's face was very unsightly. These martial artists were fiendish cultivators before the sea of soul formation, and some of them were not even fiendish cultivators. But now, they had also become fiendish. The problem was most likely in those profound level weapons and medicinal pills. There was definitely a hidden problem.

Moreover, the profound level weapons and elixirs were spread out from the sea of soul formation. No one knew the scope of their influence and spread. The entire heavenly martial arts realm would probably be in big trouble.

Yu Chen sneered. this law lock is made from the base material of the rainbow Yuan stone. The difficulty is hard to imagine. It is said that there is at least one demonic spirit on each node.

Everyone was shocked. There were at least hundreds of millions of black spots on this rule lock. How many fiends had died?

Yu Chen looked at everyone's surprised expressions and seemed to be very satisfied. He laughed and said, "Haha, but you don't have to feel bad. These fiendish demons are the most basic living beings of the devil realm. The devil Kings use them to refine pills and tools, or eat them raw."

Yunxiao sneered. when these demonic fiends become weapons, they can't help it. Unlike you, my Lord, you are so proactive. As expected, you are of a much higher grade than the demonic fiends.

"Are you mocking me?!" Yu Chen said angrily.

I don't dare," Yunxiao said. my Lord, you have so many underlings with you. I'm scared just looking at you, so how can I be sarcastic? " I'll even ask Daren to show mercy and spare my life. By the way, where's Lu congzi? what the hell is he doing in the well? why isn't he coming up?"

Hearing this, Yu Chen felt a little strange in his heart. He snorted angrily, "I don't care what you're thinking. Today, I'm going to wash away the humiliation you brought me with your blood! As for the chief, you won't have the chance to see him again!"

His face was cold. With a wave of his hand, those martial artists immediately flew over in an overwhelming manner.

There were more than a thousand of them, and they looked like a swarm of black ants in the sky.

“These cannon fodders are not simple,” lingmu di said.

be careful, everyone,” Yunxiao nodded. these fiendish cultivators are not afraid of death. They are very violent and murderous. He’s most likely Lu congzi’s abandoned pawn to consume our strength. I’m afraid there’s an even more terrifying opponent in the depths of the ancient Devil’s well.”

“No matter how powerful a cannon fodder is, he’s still cannon fodder,” Hao Feng said with a cold gaze. He picked up the Nirvana blade and walked towards the mcmau people..

Chapter 2064 -punishment

With a flash of his blade, several devil cultivators were instantly cut in half. Their upper bodies roared in anger, but they were not dead!

It wasn’t blood that spurted out from the wound, but devil essence!

His upper body made a circle in the air before sticking back together, restoring his complete body!

how did this happen?!

The martial artists of the three sects were all shocked. Under the investigation of their divine senses, these devil cultivators were indeed not dead, but their auras had been greatly leaked.

“Not good! These fiendish cultivators are all empty shells, and their bodies are possessed by fiends!”

“The demonic creatures are possessing these Warriors to resist the suppression of the realm power!”  
Lingmu di said in horror.

The cold light in Hao Feng’s eyes became even colder. He raised his hand and slashed again. Those mcmau guys were cut into seven or eight pieces, and finally, they could not recover. They let out desperate roars and exploded continuously with “ Bang Bang Bang

Shua shua shua!

A large number of demonic fiends separated and danced in the sky, finally biting towards Hao Feng.

Demonfiend’s intelligence was extremely low, but with the obsession of a martial artist before their death, as well as the rejection of any other power other than demonic Qi, he sensed the existence of the three sects ‘martial artists and flew over to bite them.

Yunxiao made a grabbing gesture with his five fingers, and immediately, a

Thunderbolt appeared in his palm and shot out, turning into tens of millions of Thunder Dragons that shuttled through the void and blew up all the fiends.

The people from the two camps finally rushed together and began to fight.

A large number of fiendish martial artists exploded, and all kinds of fiendish Qi flew everywhere. The entire void was in a mess.

Next to the ancient Devil’s well, Yu Chen watched coldly, his eyes fixed on Yunxiao the entire time, filled with hatred and killing intent.

A demonic shadow suddenly appeared beside him, causing Yu Chen’s body to tremble. When he saw who it was, he quickly cupped his fists and said respectfully, “ Lord Xing!”

Xing looked at the battlefield and said, "there are so many experts?" It doesn't seem to match the information you provided."

Xing's voice was so cold that it sent chills down Yu Chen's spine. He said in fear, "These people should be from the eternal life realm. The director of the eternal world has already reported to Lord man. "

"Hmm, the eternal world? The remaining elites of the realm of heavenly martial arts from the past 100000 years have gathered here. Hehe, then let them all be buried here." Xing Youyou said.

'Yes!'

Yu Chen's body trembled. He felt a little scared, but he was more excited and crazy. He couldn't help but lick his lips.

Xing's eyes flickered with a cold light. "What about the true dragon and the expert who killed Sir man's clone that day? Why isn't he here?"

Yu Chen said, " we don't know who that powerful being is yet. That so-called true dragon is no longer the world King that he used to be. His power is dropping. He's nothing to be afraid of. N♡vℓBjn: Unleashing Imagination, One Read at a Time.

no matter what \_ it's still a true dragon\_ " Xing said coldly we must kill it as

soon as possible!

"Yes, yes!"

"After we kill these people, our next step will be to investigate the expert who killed Lord man's clone, find the true dragon, and kill it," Yu Chen said hurriedly.

yes! Xing nodded and said, " is li Yunxiao, who has the divine realm tablet and can draw the six paths demonic weapon, here? " "Here! It's that man!"

Yu Chen became excited and pointed at the battlefield.

Xing's pupils contracted as he looked in that direction. His eyes lit up. is that the young man? ‘

On the battlefield, Yunxiao was calm and composed. With the sword in his right hand, he took a life with each slash, and the fiendish cultivators died violently under his sword. They were not even devilish, but turned into fiend energy.

“Yes, it's that person!” Yu Chen gritted his teeth in hatred. His face was full of hatred.

“That's Yingluo!”

Xing suddenly screamed, “ a demonic sword made of rainbow stone!!

Every time sword death slashed red, the ice fiend Heart Flame would appear on the body of the sword, so those fiendish cultivators didn't even have the chance to drop fiendish demons.

Xing's eyes lit up. He made a hand seal with one hand and mumbled something. A dark brown light surged from his body, and a large number of runes flickered.

“The Dark Phoenix Armor!” Yu Chen said in shock.

In an instant, Xing's entire body was covered in a layer of armor, leaving only his eyes exposed. He stared greedily at the sword in Yunxiao's hand as he took a step forward and stepped into the void.

Yu Chen was overjoyed, thinking that Yunxiao was dead for sure. He looked ahead excitedly.

While Yunxiao was killing several fiend cultivators, he suddenly sensed extreme danger. In shock, he turned and retreated.

His feet stepped on a strange position and split into two. The two afterimages criss-crossed as they retreated, shuttling back and forth beside the few devil cultivators.

“Bang! Bang!”

The few fiendish martial artists suddenly exploded and died. The large amount of fiendish Qi that exploded out fled in all directions as if they were frightened.

Yunxiao’s pupils constricted as he caught sight of his opponent in an instant. He raised his sword and thrust it forward, sending out countless sword flowers.

“Chi Chi!”

The sword emitted thousands of sword Qi, like a giant Lotus falling from the sky and slowly blooming. White flames danced in the Lotus, burning the void!

“Ha!”

Suddenly, a roar came from the Lotus sword Qi. A figure suddenly struck out several palms, and huge demonic runes appeared in the air and pressed down in all directions!

“BOOM!”

The sword Qi and the flame exploded, turning into countless sharp sword Qi fragments and sparks, scurrying in all directions, accidentally injuring dozens of people.

The surrounding people were all shocked and madly walked away, leaving a few thousand feet of empty space.

Xing’s body slowly appeared at the point of the explosion. All the fiendish cultivators seemed to be afraid and didn’t dare to enter the vacuum.

“Flying!”

Qu Hongyan was startled in the distance. She wanted to make a way for Yunxiao, for fear that he would be in danger. However, there were too many demonic cultivators and demonic fiends were as numerous as the grains of sand in the Ganges River. He could barely care about them.

don't come over! Yunxiao shouted. don't come over!

There were a few others who also wanted to come forward, but they immediately gave up after hearing this and focused on killing the devil cultivators.

“Give me the rainbow Demon Sword,” Xing extended his hand.

Yunxiao raised an eyebrow and said contemptuously, “Give it to you? What are the benefits?”

“Maybe I can keep him alive,” Xing said.

maybe? ” Yunxiao laughed. maybe? ”

Xing nodded. because I still have to strip the power of the demonic master ‘Emperor’ from your body. I might kill you, so I can't guarantee anything.

tell me, ” Yunxiao said. who the hell are you? ‘

“Lord man's subordinate, second grade devil Lord Xing,” Xing replied.

“Lord man?”

Yunxiao narrowed his eyes as he recalled the man who possessed luanyu in the eternal world. “What level of Demon Lord is Lord man? Third or fourth-grade? He seems to have a high status and prestige.”

Hmph, ignorant," Xing said. this is the wishful thinking of the realm of heavenly martial arts. There were only two levels of demonic monarch, corresponding to the sovereign patriarch and the void realm of the realm of heavenly martial arts. Above that is the venerable of the devil, corresponding to the creation realm of the realm of heavenly martial arts, and Lord man is the venerable of the devil.' there are several demon supremacies in the devil realm," Yunxiao said. and what's the existence above the demon supremacies that corresponds to the realm of regional Kings? "

"Hehe, you want to know about the strength of the devil World? Haha, so what if he knew? Above demon commander was the peak of a world, and they were called Saint demons! I can tell you this. Back then, the demon Lord di Daren was the Holy demon, and the Holy demon who obtained the six paths demon weapon was the demon Lord!"

Xing ridiculed, his eyes flashing with a mocking light. He laughed contemptuously. today's battle will be your burial ground. Knowing more will only add to your unnecessary worries. You won't even be able to die a happy death. How sad!

you're tight-lipped," Yunxiao said. you're just worried. Because you don't have any confidence in killing us. Although there are many Devils in the void, they are just cannon fodder. You have eyes, so you can take a good look."

There were rustling sounds all around. The more fiends there were, the more fiendish cultivators were killed. Although many martial artists of the three sects had also died, most of them were below the immortal level, and their vital Qi had not been truly injured.

On the contrary, the devil cultivators were being devoured on a large scale, and more than half of those who died were killed by the powerhouses of the three sects who were at least at the divine sovereign realm. The other party was simply unable to contend with this portion of strength.

"Hmph, a bunch of minions, just dregs of the realm of heavenly martial arts. Do you think that you can be compared to the demons just because you've cultivated demonic Arts? They're just our lackeys."

Xing didn't care about the life and death of these people. His face was full of contempt and ridicule.

Yunxiao's heart sank. The information revealed by this sentence was very important, which proved that the fiends did not care about these forces in the sea of soul formation at all.

"I'll tell you another piece of news that will make you fall into despair." Xing's eyes shot out an evil smile. There are a total of eight demon supremacies that rule the devil World, and Lord man is only one of them."

"Eight!"

Yunxiao's heart trembled violently. This was the first time he knew the strength of the top experts in The Fiend realm. what about the Holy fiend? " haha, you're still delusional for wanting to know about the Holy demon. Let alone the eight demon Venerables, just Lord man alone can wipe out this world!

Xing Kuang laughed. He had already learned about the current situation of the realm of heavenly martial arts from Lu congzi.

As far as he knew, the heavenly martial arts realm didn't even have a single creation realm expert. With his strength, he was already at the peak. The gap between the two realms was like the distance between heaven and earth!

"Obediently hand Over the Rainbow demonic sword, and this Lord will reward you with an undying life!"

Xing approached step by step, his eyes full of excitement, desire, and greed. Although his whole body was wrapped in armor and his face couldn't be seen clearly, his eyes were enough to show his inner thoughts.

"Come here!" Xing grabbed the air and said ferociously.

The entire void rumbled and collapsed towards his palm, forming a huge vortex with him as the center. All the martial artists and devil cultivators within a radius of a thousand feet were affected. Their expressions changed and they all used the stop technique to prevent themselves from being pulled by the suction force.

Yunxiao also cast an immobilization art and stood in the same place. His body flickered with golden light, but the force was too strong, pressing him forward and pushing him toward the center of the vortex-Xing's palm.

Yunxiao raised his hand, and six-colored beams of light swirled up and condensed into the Tusita heavenly peak.

On his left hand, his fingers were like a blade, and lightning flickered on them. As his body moved, a long tail of lightning appeared.

The two of them looked at each other with cold eyes, and the distance between them was getting closer.

Thousands of feet away, all the cultivators who were fighting were so shocked that they looked at the void.

“Die!”

When the distance between them was shortened to a hundred feet, Yunxiao suddenly launched an attack.. The Tusita heavenly peak rose in the wind and smashed toward him!

Chapter 2065-armor breaking

The six-colored radiance shone for tens of thousands of feet and the Tusita peak instantly expanded to half a mu in size. It pressed down with a sharp whistling sound and its power was shocking.

Xing's entire body was in the shadow, as small as an ant. His eyes were filled with ferocity, and a flower-like mo matrix appeared between his brows.

The palm that was absorbing the energy made a grabbing motion, causing the surrounding space to tremble. Even the Tusita peak was affected, as if its momentum had stopped for a moment, and the light was frozen.

“Howling wind tear!”

Xing hansheng shouted as his five fingers struck out like a claw!

A palm print pierced through the six-colored radiance and struck the Tusita peak, causing an earth-shattering explosion!

“BOOM!”

Countless streaks of black light shot out and devoured the six-colored radiance. The spiritual light on the Tusita heavenly peak instantly disappeared, but Xing also groaned in fear. Cracking sounds could be heard from within his body.

The mountain peak and Xing’s figures were faintly visible under the black light. After a few flashes, they appeared again. The spiritual light of the Tushita sky peak dissipated after being hit, and it returned to the size of a fist. Xing’s body swayed a few times before he flew back.

Yunxiao took a step forward and took the Tusita peak into his palm. Then, he took another step forward and used spatial bending to chase after Xing.

The other party had taken the Tusita heavenly peak head-on, so he was obviously injured and wanted to escape.

However, a second grade Demon Lord was definitely one of the main commanders of this battlefield. He could not be let go.

A giant hand of lightning formed in the air, covering several acres of space. Like an eagle catching a chick, it grabbed towards Xing.

In the distance, Yu Chen was scared stiff. Xing, who was extremely powerful in his heart, had been defeated in one move and had to flee in a sorry state. This had completely turned his excitement into ice, and his confidence had instantly collapsed.

Xing ye's eyes were dark as he looked at the giant lightning hand.

He wasn't injured to the point where he couldn't fight anymore. Although he was injured, it wasn't serious and didn't even affect him much. However, there were cracks on his armor. If the battle continued, it would most likely break.

Lu congzi had spent a great deal of effort to refine the dark Yama armor, which could balance the realm power of the heavenly martial realm. Each piece was a priceless treasure, and not every second-grade Demon Lord under man man had one.

Once the armor was damaged, they would definitely be punished when they returned.

What was more serious was that if the armor was damaged, he would be suppressed by the realm power, and he might even die Here.

So when the armor cracked, he couldn't care about snatching the rainbow Magic sword and turned to leave.

At this moment, the giant Thunder hand was as fast as lightning. It grabbed him in an instant. He didn't have time to think. He raised his hand with a

gloomy face and punched out.

The fist force spun, and demonic Qi shot out, turning into a huge fist to meet the attack!

"Bang!"

In the vast void, two fists that were several acres in size collided.

"Boom boom boom!"

The giant Thunder hand was constantly torn apart, but the demonic fist actually had the upper hand. After shattering the giant Thunder hand, it was almost torn apart as well. It turned into countless demonic lights and shot up, disappearing into the end of the void.

Yunxiao, who had intended to keep chasing, suddenly stopped. He had thought that Xing must have been seriously injured to escape, so he planned to take him down in one go.

However, the punch just now was full of energy, and it was clear that the injury was far less severe than he had guessed.

After the punch, Xing's body took advantage of the momentum and rolled back a few times. He returned to Yu Chen's side and made a hand seal. The dark hell armor on his body was removed, revealing his true body.

Lord Xing, a-are you alright? " Yu Chen asked, trembling.

"Hmph, what can happen to me!"

Xing nu snorted and glared at Yu Chen with cold eyes. Yu Chen was so scared that he shut his mouth immediately.

"The attack just now caused a crack to appear on the dark Hades armor," Xing said coldly, his face dark.

"What?" what? " Yu Chen was shocked. the dark Yama is extremely strong. It can withstand half of your power!

"Not enough! Half is far from enough!"

"I want a stronger armor!" Xing's eyes were spitting fire as he said coldly. He stared at Yu Chen and grabbed his shoulders with both hands. go and refine it!

Yu Chen felt a sharp pain in his shoulders. It was as if a knife was cutting his tendons, bones, and flesh. Even his neck was about to be torn apart. He said in pain, " "Sir, you're urging me, I can't refine it!"

"You can't refine it? Aren't you an Alchemist?"

Xing's eyes were filled with a fierce light and a bit of killing intent. Yu Chen felt a chill in his heart.

even alchemists are divided into different levels and directions, " Yu Chen said with a trembling voice. in this world, only the master alchemist knows how to do it.

"Hmph! Trash!"

f \* ck! Xing cursed. He released his hands and restrained his hostility. He glared at Yunxiao, who was fighting in the distance, and said, " these minions can't hold on any longer. The second round of attacks should be coming soon, right? "

Yu Chen took out a bronze mirror and cast a few incantation seals. The mirror glowed and an image appeared. In the depths of the ancient Devil's well, in front of the regional wall, there was a row of huge balls.

Hundreds and thousands of formations appeared on the regional wall, and monstrous demonic Qi poured out of the formations, pouring into those spheres.

"It should be soon." Yu Chen retracted his gaze and said.

Hmph, Lu congzi is so dilly-dally when doing something. You humans are always so unhappy!

Xing Ji was extremely dissatisfied, but he didn't know how to vent his anger. He could only scold Yu Chen like he was his grandson.

All of a sudden, Xing's eyes turned to the law lock that trapped ye Nantian. He had a strange feeling."Who is that person?"

Yu Chen followed his gaze and saw a man who looked like a metal puppet standing outside the law lock. He was holding a sword with both hands and had a cold expression on his face. Yu Chen did not recognize this man and could only shake his head.

“I’rasn!” Xing angrily curse. 1 aon’t Know anytmng!”

Yu Chen’s face turned pale with anger. He could only swallow his anger.

Inside the law lock, ye Nantian kept making hand seals to study how to break the lock. Suddenly, he raised his head and looked at the person outside the lock.

This metal man was from the heavenly martial Union, and he was only at the true immortal realm. He hadn’t said a word, and no one knew what he was doing. He just stood outside the lock.

“Who are you?” ye Nantian couldn’t help asking.

The metal man spoke for the first time. “I’m observing this law lock. Maybe I can cut it off.”

“You?”

Ye Nantian obviously didn’t believe him, but he still said in a friendly way, “Then I’ll have to trouble you to try.”

“Alright,” he said.

The metal man picked up the sword in his hand. Suddenly, a golden light appeared on the sword. It was a strange text, and the entire sword became transparent.

Ye Nantian was surprised. The sword was so sharp that it gave him a sense of righteousness. It seemed to be effective against demonic creatures.

The metallic man raised his sword and slashed down!

“Bang! Bang! Bang! Bang!”

Countless nodes exploded under the sword power, collapsing into devil essence. The crack cut by the sword was slowly healing.

However, ye Nantian was stunned. He said with joy, ” “It didn’t split!”

After a moment, the crack closed up on its own, and the surrounding nodes slowly moved toward this space, as if they would automatically balance the power.

In the distance, Xing and Yu Chen were also dumbfounded. The two of them exclaimed at the same time, “Impossible!”

“What ... What should we do?” Yu Chen said, embarrassed.

Xing’s mouth was also wide open in shock, but he instantly recovered and said coldly, ” “It must be the sword! What kind of sword is that?”

Yu Chen couldn’t answer either. He had no idea what kind of sword this was that it could cut open the law lock.

The metallic man raised his sword again and said, ” “Milord, pay attention!”

A golden light appeared on the sword once again, and the roar of a beast came from within. The metal man began to exert its sword force.

“Stop him!” Xing shouted. Stop that man and kill him!”

As the voice rang out, some of the devil cultivators near the metal man seemed to be intimidated by it. They left their original opponents and rushed toward the metal man.

However, how could the martial artists of the three sects do as they wished?

they also swarmed towards the rule lock in large numbers to kill those fiendish cultivators.

“Noble thousand Conquest Art!”

The metal man let out a roar and slashed out with his sword. The sword shadow was vast and powerful, like rain, and it hit the rule lock.

Countless nodes instantly exploded with a ‘Bang Bang Bang’ , and a huge hole was torn out!

“Many thanks!”

Ye Nantian was overjoyed. He stepped out and laughed wildly. Then he cupped his hands and said, “May I ask for your esteemed name?”

The metallic man kept his sword and said, “mo Jingzhou.”

The metal man was the ancestor of the mo clan. MO Jingzhou, who had been attached to the Tiangang demon-destroying sword, had also forged a body with divine steel and followed Ling mu di here.

mo Jingzhou? Wanwan? ‘

Ye Nantian repeated the name a few times in his mind. He felt that this man was a stranger to him. But no matter what, he was still happy that this man was from the heavenly martial League. He cupped his fists and said, “Thank you again.”

“As fellow demon slayers, you’re too polite,” mo Jingzhou replied.

Ye Nantian nodded gratefully. He didn't say anything more. He just shouted to the sky and disappeared.

Ye Nantian seemed to be suppressed. He rushed into the battlefield like a Golden Dragon. Wherever he went, there were screams.

Xing was furious. He grabbed Yu Chen's collar and shouted, "How long more? How long will it take for the chrysalis to hatch?"

"I know, I don't know, I know, I know."

Yu Chen's neck was strangled. He couldn't breathe, and his face turned red. "Hehe, is Lord Xing's patience that bad?"

A voice rang out, and the ancient Devil's well seemed to change. It began to spin and expand, and soon it was several times larger. The well was like a Galaxy, flashing with terrifying power.

In the background of the Galaxy, Lu congzi appeared with a silver cane and a

smile on his face.

success?! Xing was shocked and overjoyed. you succeeded?!

Lu congzi nodded and then shook his head.

"Did you succeed or not?!" Xing Yin's face was grim and he said angrily.

"I succeeded, but I also failed," Lu congzi said.

Xing, "haha."

“If it was anyone else who spoke to me like this, they would have already turned into pieces of the universe,” he said coldly.

“Hehe, that’s why I said that Lord Xing’s patience is poor,” Lu congzi smiled faintly.

“F \* Ck you, talk to me like a human!” Xing gritted his teeth. He was so anxious that his eyes were spewing fire, and his hair was standing on end.. He wanted to eat Lu congzi!

Chapter 2066-Yuanxiang zhichen

Only then did Lu congzi restrain his teasing and said seriously, ” a few Chrysalis have hatched, but they look different from what I expected.

“In and out?” Xing asked, stunned.

Lu congzi waved his hand, and a demonic light appeared and slowly dispersed into a curtain. Inside, a few fat animals were staggering. Their bellies were so big that they almost touched the ground, and their feet could not be seen.

Her hands were very slender, almost out of proportion to her body. Her head was flat and long, her eyes were fierce, and there was a pair of wings on her back.

“This bi an, this is a primordial form zhichu?” Xing was stunned.

Lu congzi nodded and said, ” it must have changed. The chrysalis was taken from the devil realm and stayed in the heavenly martial realm for too long. It’s normal for it to change under the influence of the realm power.

“But Yingluo”

Xing smacked his forehead and said, “Yuanxiang zhichen is so fat. Can you fight?”

Lu congzi smiled, and his eyes suddenly lit up with excitement. "Hahaha, he can do more than just fight! This thing was born in the devil realm and the heavenly martial realm, and it is suppressed by the two realms. It is much stronger than the Yuanxiang zhichu in the devil realm. It should be called a super Yuanxiang zhichu, or the second Yuanxiang zhichu."

"Yuan Xiang zhichu's second Suan ni"

"Stop talking nonsense and get these things to come out and fight!" Xing waved his hand. Also, my dark Yama armor is broken, hurry up and repair it for me!"

Lu congzi looked at him indifferently and said, "Repairing the armor is not something that can be done in a short period of time. Lord Xing, you should be more patient."

Anger appeared between Xing's brows, but he didn't say anything.

Lu congzi raised his left hand, formed a seal with his five fingers, and placed it in front of him.

The giant well behind him started to spin again. It was like a flower bud that was unceasingly blooming, and it was like a giant star constellation.

This change immediately attracted the attention of the martial artists from the three sects.

At this moment, all the devil cultivators retreated without a care. Many of them would rather be hunted down and be seriously injured than to fight.

The three sects "martial artists" spirits were greatly roused, and they took the opportunity to pursue and kill many.

don't chase! ye Nantian suddenly shouted.

However, a few of the martial artists were too far away when suddenly, a stretch of darkness spread out in front of them. With a " Chi " sound, it enveloped them and they disappeared.

Yunxiao was taken aback. Even he could not find the Warriors in the dark, as if they had disappeared into thin air.

what's that?!

Ye Nantian was shocked as well. The dark light was coming from the flower-like Nebula. The well was getting weirder and weirder.

Yunxiao's eyes were filled with surprise as he said, " "This star constellation seems to contain formation power. It'll be troublesome if we get caught in it. But no matter what, the well is the eye of the formation. As long as we can break it, the entire star constellation will be destroyed."

Ye Nantian said in a deep voice, "good!" I'll break the array core. Everyone, listen up! Now, li Yunxiao will be in charge of the highest command!" With that, his body flashed with golden light and he disappeared.

everyone, back off! Yunxiao shouted. this black light is a little strange. Don't get caught in it!

A large number of martial artists turned into flying lights and retreated, directly retreating a thousand feet before stopping.

Soon, the place where he had been standing was swallowed up by the black light.

The flower-like constellation was still expanding, and ye Nantian also disappeared as he moved forward. However, under Yunxiao's magical spirit eyes, he could vaguely see a golden light, so he should be fine for the time being.

I remember now, " lingmu di said in a deep voice. these black lights are magic fog lights. Once you enter them, you will lose your five senses and six Senses. It could easily cause dizziness, confusion, and

emotional irritability. But it's not very strong on its own and can be found anywhere in the demon Realm. As long as you use the power of the elements, you can break it!"

Yunxiao casually threw out a flame, which exploded in the air and turned into Xin kuili's flame, spreading out in a fan shape.

The light rushed into the demonic mist and lit up the area. The demonic mist was immediately dispersed by a small portion.

However, in just a few breaths, Xin kuili's flames were devoured and returned to their original pitch-black state.

Yunxiao said, 'it's feasible! Everyone, follow me to break the formation core!

A gust of strong wind whirled around his body and turned into a mini crocodile on his shoulder. The crocodile suddenly exhaled, and a large gust of strong wind blew away the demonic fog, revealing a flat road.

I'll take the lead," Yunxiao said. you guys follow me. If I fall into the formation, Lord mu lingdi will be the highest commander!"

"Listen to the flute? This metallic man?"

Except for the heavenly martial Union, the Warriors of mysterious separation Island and the Holy region were all stunned, with strange expressions on their faces.

Although some people were still unconvinced that Yunxiao was the Supreme

Commander, his performance along the way made them reluctantly accept it.

But this lingmu di didn't even have a physical body. He was attached to a metal puppet, and his cultivation wasn't very high, so how could he convince the masses?

Immediately, someone let out a muffled groan to show his dissatisfaction.

Hao Feng, on the other hand, was suddenly shocked. He sized up lingmu di in surprise and asked carefully, "Are you the king of the northern region of

Xuanji?"

"I didn't expect anyone to still remember me," lingmu di said, nodding.

With his personality, he did not want to use his identity to oppress others, but now was a critical moment, and he could not afford to be pretentious. He had to convince the crowd as soon as possible and become Yunxiao's substitute when something happened. Only in this way could he stabilize himself at the most critical moment.

"What? He is one of the four kings, the Prince of the northern region, Kuai mudi?"

All sorts of shocked voices rang out, and it became a little noisy.

Most of the people from the sanctuary frowned, as they were unfamiliar with this name.

The experts of mysterious separation Island were shocked. Their Island master was only one of the four kings, and the current title of the four kings of mysterious separation Island was created by ye Qingyu to commemorate the four of them.

"So it's Lord mu di, I've been disrespectful!" Hao Feng cupped his fists in respect.

Many martial artists also showed respect and cupped their fists in greeting.

Lingmu di waved his hand. you don't have to be so polite. It's our duty to kill demons. I hope you can abandon all prejudices, trust each other, and work together!

“Lord mu di is right!”

Hao Feng was the first to respond. As soon as he spoke, the rest of the people naturally did not have any more objections.

let’s go, ” Yunxiao said. we’ve already wasted a lot of time. I hope ye Nantian and the other friends are fine.”

The demonic mist quickly swallowed the path opened up by the astral winds and attacked everyone.

The crocodile let out another breath and opened up another path.

However, this passage was much narrower than the previous one. The crocodile was stunned for a moment and frowned.

Yunxiao and the others had also noticed it, but they did not think too much about it, thinking that the crocodile was not working hard enough.

Many high-level martial sovereigns had died in the previous battle. At this moment, there were less than two hundred people left. All of them flew toward the passage.

In front of the ancient Devil’s well, Lu congzi was still making hand seals with one hand and holding a silver crutch. However, his long robe was in tatters, and his face was no longer as calm as before. Blue veins were popping on his forehead.

Xing’s expression was also ugly. He seemed to have used up a lot of energy. His chest heaved up and down violently as he looked ahead coldly.

Dozens of feet away from the two, ye Nantian was sitting in the air with his legs crossed, his body covered in golden light.

The Noah's boat between his eyebrows flashed and floated, and golden light constantly shot out, but it was blocked three feet around him and could not penetrate.

His entire body was surrounded by layers of magic light balls, a total of nine layers.

The nine-layered ball of magic light stuck together and slowly fused.

"I'm in!"

Lu congzi suddenly looked ecstatic, and he could not help but throw his head back and laugh. hahaha! Li Yunxiao is indeed bold, but he is still a little too inexperienced. He thought that the power of elements could disperse the demonic fog. This wrong judgment is enough to put them to eternal damnation!

Xing Cang's face, which was as white as paper, recovered a little. "I've finally heard some good news. If it's an ordinary demonic fog, it can indeed be dispersed by the power of the elements, but this is the demonic fog that Lord man collected from the sky above Saint Devil Valley and has floated for hundreds of millions of years. Even this Lord is not willing to touch this thing!"

there are ten second generation primordial form zhichen inside the demonic mist," Lu congzi said. they won't be able to escape even if they have wings. They'll definitely be wiped out.

Inside the Magic light ball, ye Nantian's face turned pale. He was anxious.

His hands quickly formed seals, and golden runes danced around him like a hundred butterflies flying through flowers. Together with the Saint artifact light between his eyebrows, he struck the demonic light ball.

The ball of magic light trembled violently, and the fusion of the nine layers was hindered and began to separate.

Xing's face darkened and he said coldly, 'Lu congzi, let's think of a way to kill this man first! This person's strength is too terrifying. I'm afraid he's only one step away from the manifestation stage!"

Lu congzi's arm, which was holding the silver crutch, also trembled. With a look of lingering fear on his face, he shook his head and said, "It's too difficult to kill someone. At least, it's not possible with just the two of us. After the Yuanxiang zhichen 2nd generation kills all these martial artists, we'll use our strength to kill him!"

Xing dangyou asked, "can the nine-layered Chrysalis last until then?" There were originally ten layers, but he actually broke through one. What a terrifying power!" he's probably the strongest person in the realm of heavenly martial arts, right?" Xing's eyes were full of fear.

I'm not sure if he's the strongest, " Lu congzi said. but he's at least in the top three and top five!

Xing nodded and didn't say anything else.

I'll send three primordial form zhichen descendants to kill li Yunxiao first, " Lu congzi said. this man is the chosen one, and we must get rid of him as soon as possible.

"Three?" Xing frowned. I've seen the second-generation's power just now, so there's no need for that. One is enough, two is enough." it's better to be safe than sorry, " Lu congzi chuckled and said. but I'm not confident even if there are three of them.

Yu Chen felt cold sweat all over his body. He recalled the horrifying scene just now. Even Lu congzi and Xing were suppressed by ye Nantian when they joined hands. But the addition of a Yuan Xiang zhichu turned the situation around. Lu congzi had to spare some time to trap ye Nantian with ten pupal formation.

They had actually sent three of such terrifying primordial form zhichen to deal

with Yunxiao!

Chapter 2067 -trapped in the demonic mist

Xing nodded. it's true. We have to make sure everything goes well. I'm free now. I'll go in and supervise the battle.

Yu Chen was bewildered, and a strange expression appeared on his face. "What's he going to supervise?"

Lu congzi also smiled and said, " Lord Xing has just used up too much demonic power, and he's also being suppressed by the realm power. There's no need for you to supervise the battle. It's better for you to enter the center of the array and recover.

it's fine," Xing said. the demonic mist's attributes are extremely strong. The suppression I feel in the mist isn't that obvious. Yunxiao's identity is extraordinary, and I can only be at ease after I'm sure he's dead." After saying that, he turned around and ran into the demonic mist.

"My Lord, you're doing this for the power of the devil Lord, right?" Lu congzi smiled indifferently.

Xing's body froze on the spot, as if he had been cast with a petrifying spell.

Lu congzi chuckled. Lord Xing, you can't do that. The power of the demon monarch is the most important thing that Lord man has warned us about. Do you dare to take it all for yourself? '

"Shut up!" Xing turned around and shouted angrily. Who said I was going to keep it all for myself? I was just going to find that power and offer it to Lord man! If Yunxiao is killed and this power is lost, can you bear the responsibility?" His eyes were spitting fire, and his expression was terrible.

"Hehe, I can't, I can't."

Lu congzi shook his head repeatedly and smiled very calmly.

"Then what are you blabbering about?" Xing angrily cursed. Get lost!

Lu congzi had seen through his thoughts, and he flew into a rage out of humiliation. He turned around and left after cursing.

Lu congzi suddenly said, "Does Lord Xing really not want to obtain the demon Lord Emperor's power? It's related to the six paths demonic weapon, and as far as I know, Yunxiao also has the rainbow stone, which is the key to becoming a fiend supremacy!"

Xing stopped again, turned around, and sneered. "This Lord is loyal and devoted to Sir man, don't you dare try to sow discord!"

"Hehe, you've misunderstood, my Lord. Do you think I, Lu congzi, am that kind of person? You must know that there is more than one portion of the devil master's power. Offering the devil master's power to Sir man is not in conflict with getting a portion of it for yourself."

Lu congzi smiled and looked at Xing quietly with a cunning light in his eyes as if he had the other party in the palm of his hand.

Xing felt extremely disgusted and wanted to punch him, but the attraction of the six paths demonic weapon was too great. No matter how disgusted he felt, he had to endure it. He gritted his teeth and said, "What are you talking about?"

just tell me what you mean!"

"Hehe, as long as I don't tell anyone, no one will know," Lu congzi said with a sinister smile. Lord Xing can refine the rainbow stone before comprehending the six paths mo weapon."

"What's the condition?" Xing asked in a deep voice. There's no such thing as a free lunch in this world!"

"My Lord, you just need to make a heart oath that you owe me a favor," Lu congzi said with a smile.

"It's that simple?"

"I'm afraid you won't be able to return this favor even if you pay ten times the price in the future!" Xing said coldly.

“Good! I promise you!”

Xing was also a heroic figure. After a moment of contemplation, he agreed and immediately swore, “if I can get the rainbow stone and The Power of the Fiend Lord from li Yunxiao, I’ll owe you a favor. If you don’t return it, you’ll be devoured by the heavenly demon and be beyond redemption!”

“Good! Hahaha, Lord Xing is indeed forthright!”

Lu congzi was in a good mood, and he was so happy that he couldn’t close his mouth. “We’ll be a family in the future, so I hope Lord Xing will take care of us.”

“No problem,” Xing waved his hand. Daren is now a popular person in front of Daren man, I should be the one asking for your care.” there’s still a long way to go,” Lu congzi said. let’s work together and take care of each other.

yes! Xing nodded and said, “ I’ll go and see if that li Yunxiao is dead or not.

Lu congzi said, “ Your Excellency’s injuries aren’t shallow. I have a pill that is very nourishing for the demons. Daren can use it to treat your injuries. In addition, Yu Chen, Lord Xing can’t move freely, so you should go with him.” The black ring on his hand flashed, and a Jade box fell into his palm. He then handed it over.

Yu Chen was stunned for a moment. He didn’t dare to resist. He hurriedly nodded and said, “Yes, yes!”

Xing gave Yu Chen a meaningful look, then took the jade box. He opened it and saw a dark green pill.

He stared at it for a while. Although there were alchemists in the devil realm, they were extremely rare. If he had the time and energy to refine pills, he might as well swallow a few ten directional evil spirits. He could even swallow a few demon lords for nourishment, so medicinal pills were very rare.

Xing hesitated for a while before placing the pill in his mouth and swallowing it.

After a few breaths, his expression changed and his eyes lit up. what kind of pill is this?!

“I developed it, and I call it the ‘mana replenishing pill’,” Lu congzi said.

demon replenishing pill, demon replenishing pill. Concise and to the point, you hit the nail on the head!

“Sir, do you still have these pills? can you give me a few more?” Xing Xing asked excitedly. It feels like I’ve just digested a ten directional brutal soul!”

The so-called digestion was to directly absorb the power of one ten directional evil spirit. They might not be able to fully absorb one even if they swallowed more than ten, but this elixir did it easily.

Lu congzi shook his head with a wry smile. this elixir was refined by me using the ten directional evil spirit. I only managed to refine one elixir with three of them. It consumed too much energy.

Xing immediately looked disappointed. “Refining one out of three is already very powerful. Next time, I’ll catch more ten directional brutal fiends for you, my Lord. I hope you can help me refine a few more.”

“Well said, well said,” Lu congzi said with a smile.

Xing nodded. The relationship between the two seemed to have become much closer. He looked at Yu Chen and said, “Let’s go,” he said.

The two of them immediately rushed into the demonic mist and disappeared.

Lu congzi watched them disappear. He pondered for a while and then walked to the chrysalis, watching ye Nantian struggle inside.

With a smile, he waved his right hand and a row of runes appeared in front of him. He flew to the cocoon and imprinted them.

The nine-layered Chrysalis started to transform, wriggling slowly before fusing again.

Ye Nantian's eyes were wide open. He was furious, but there was nothing he could do. He could only attack the chrysalis crazily, but it didn't work

But, the road was getting narrower and narrower, and after walking for a while, Yunxiao suddenly stopped, his face changing. 'Not good! We're in trouble!'

"What's wrong?"

The rest of the people also stopped and asked in surprise.

Lingmu di came forward, looked around, and said, "An illusory formation?"

Yunxiao shook his head and said, "However, we're sure that we're lost. Based on the distance we've seen before and our speed, we should've arrived long ago."

I had my suspicions too," lingmu di said. there were no turns along the way. It was a straight path.

Yunxiao's face turned unsightly as he patted the crocodile on his shoulder and scolded, "You didn't eat? Blow harder!"

"Hu hu hu!"

The crocodile jumped up and transformed into its half-beast form. It opened its mouth and blew out a few gusts of strong wind in all directions.

The demonic mist kept attacking from all directions, and the two hundred martial artists squeezed into the center, afraid of touching the mist. An astral wind blew past everyone and blew away the demonic fog, but it was obviously not enough. It didn't seem to have much effect, only delaying it.

Yunxiao's face changed even more. He knew that the crocodile had done his best, so he cried out in a deep voice, " "Let's go up to the sky!"

He immediately grabbed with his five fingers and threw out a piece of Xin kuili flame light, which shot into the sky.

The light rushed into the demonic mist and immediately opened a path. Yunxiao shouted, " "Follow me!"

Lingmu di and the others immediately understood. This demonic fog carried a strange power of space. So many experts had been fooled. The East, West, South, and North were probably impassable. They could only try the top and bottom directions.

However, just as Xin kuili's flames spread out for a few thousand feet, the demonic mist around them suddenly became intense. It rolled like clouds and pressed down, swallowing all the light.

The demonic mist howled and transformed into a huge demonic fiend. It let out two "shua shua" sounds and swooped down. It opened its mouth wide and bit down. It was dozens of acres in size and crossed space.

The martial artists of the three sects felt as if the heavens were pressing down on them, and the entire demonic mist was like a living giant beast!

"How could this be?" lingmu di asked in shock. This isn't an ordinary demonic mist!"

However, it was too late. The terrifying demonic fiend bit down and swallowed everyone!

Demonfiend then closed his eyes, and his body slowly dissolved, turning into an ordinary demonic mist and blending into the surroundings.

this mist is so corrosive. Don't get it on your skin!

The three sects "martial artists" alarmed cries came from within the demonic mist, and they began to panic and clamor.

everyone, calm down. Stay where you are!

this demonic mist has a spatial attribute, " Yunxiao said loudly. I'm afraid you'll get lost in it if you move around.

"Why aren't you moving? Are we going to stay here all the time?" we should continue flying up, " someone immediately said unhappily. the fog's corrosive, but it's nothing compared to our strength.

"Yes, we should find the direction and get out of here as soon as possible!"

Everyone agreed.

don't worry! Yunxiao cried out. the strangeness of this fog has exceeded our expectations. Let's think of a foolproof plan before we act, or we'll easily fall into a passive position.

how else can I be forced into a passive state? I'm already passive enough.

"Exactly! Does this li Yunxiao really have leadership skills? We've been placed in a desperate situation."

"Hmph, we've seen more beautiful women than he has. What talent can he have? It's just that master ye Nantian admires him."

"Sigh, I knew it would be troublesome, but I didn't expect it to come so quickly."

All kinds of voices of suspicion and dissatisfaction came from all directions and spread to the front. Yunxiao and the others 'faces turned ugly when they heard it.

At this moment, even Yunxiao himself felt a little guilty for bringing everyone in at once. If he had been more careful and divided his men into several groups, he would not have ended up like this.

calm down, " lingmu di stepped forward. everyone can be confused, but you can't.

Yunxiao's heart trembled, and he could not help but break out in a cold sweat. He came out of his self-blame and nodded gratefully at lingmu di..

Chapter 2068: The battle in the ancient Devil's well (1)

don't panic, " lingmu di said. after all, this is your first time leading such a big battle. I believe you can do it.

everyone, be quiet! Yunxiao cried out. at this moment, we can only suppress our movements with silence. It will be more dangerous if we act rashly.

"Quiet? do you think you can be a handsome man in peace? Sitting there quietly is waiting for death!"

that's right. If we don't move, the enemy won't move either. They'll just waste our patience and strength like this and wait until we're tired before they attack!

"That's right, you have to find your own way out. If you don't want to wait for death, then follow me!"

An expert from mysterious separation Island shouted. He put his hands together in front of him and raised them above his head, forming two rainbows that separated at his sides.

Then, with a loud shout, his body glowed with multicolored light and rushed into the sky.

"Stop!" Hao Feng was shocked and furious. You still have no discipline!"

“Haha, discipline? I’m sorry, but I can’t follow the discipline of waiting for death!”

That person laughed wildly. A few martial artists couldn’t hold back and followed him into the sky.

With everyone’s combined efforts, the demonic mist was separated. However, after flying for a few thousand feet, the light weakened and was directly swallowed by the darkness.

Everyone couldn’t help but gulp. They didn’t know what the outcome of those people was now.

“Alliance master Yun, can you see that person’s condition?” Hao Feng asked.

Yunxiao’s moon-like eyes flickered for a while as he said, “That person stopped in the air and didn’t move. He must have lost his way. But there’s no danger at the moment.”

“Is it true? you can see this?”

Someone immediately sneered and said with a suspicious attitude, “If he’s that awesome, we wouldn’t be in this situation now.”

I’ve cultivated the wondrous spell spirit eyes, and I’m a tenth-tier sorcerer God, ” Yunxiao said patiently. although this demonic mist has some obstacles, it can only weaken my vision and divine sense, not completely block them. I’m indeed responsible for the current situation, but I hope that everyone can still trust me as always. Otherwise, if the People’s hearts are scattered, it will be even more difficult to kill the demons.”

Alliance master Yun is right, ” Hao Feng said. I’ll support him first!

Qu Hongyan, Chen duantian, and the other members of the heavenly martial

Union also expressed their support one after another. Immediately, there were no more voices of opposition. Everyone was silent, which proved that they had all tacitly agreed to his leadership.

Apart from water deity, none of the martial sovereigns who had reached the high-level martial Supreme realm or even the godly state were idiots. They all understood the importance of unity.

thank you for your trust, ” Yunxiao cupped his fists and said. I will do my best to lead everyone out!”

As soon as he finished speaking, his expression suddenly changed. He raised his head, his right eye blood-red and his left ink-black, and looked up into the sky.

“DA! What the hell is that?”

Yunxiao’s face turned extremely unsightly in an instant, and he was filled with horror.

Under his gaze, the Warriors who had flown away were still in the air. It was unknown if they had fallen into an illusion or something else, but they were still in place. Above them, a huge fat monster fell down.

The monster was two to three hundred feet tall, and its limbs were extremely small. The most prominent part was its belly, which was as smooth as Jade, but its arms and back were full of bumps.

“Bang!”

The moment the monster landed, it opened its mouth and spat out a wave of demonic light.

“BOOM!”

The few martial artists were immediately sucked in, and two of them died on the spot with a blood-curdling scream! A few people reacted and immediately used their divine abilities to defend.

“What’s going on?”

The sudden change in the sky and the screams immediately caused panic among the martial artists of the three sects, and they all hurriedly went on guard.

Yunxiao's forehead was covered in cold sweat. He retracted his gaze and stared straight ahead as he gritted his teeth and said, "be careful, my Lords. There's a monster!"

"Monster?"

Everyone looked around, and then followed Yunxiao's gaze. They felt the void trembling in front of them, as if some incredible monster was walking in the demonic fog.

"Be careful!"

Yunxiao gave a loud cry as he suddenly broke through the demonic fog in front of him, and several strong black beams of light shot out. He put his fingers together between his eyebrows, and the light of the spell God spread out from his body, directly twisting the space.

"BOOM! BOOM! BOOM!"

The several black lights seemed to turn in the demonic fog, and they followed the twisted space to the side of everyone. Everyone immediately became chaotic and scattered.

Yunxiao was shocked, and he felt that he was in big trouble. He had lost the senses of the Warriors who had scattered around.

As he was panicking, a huge shadow appeared in the sky, and a fat monster pounced at him!

Everyone was thrown into chaos by the bombardment and scattered like

gravel. Although Yunxiao was anxious, he had no choice but to turn into a bolt of lightning and escape from the monster.

"BOOM!"

The Yuanxiang zhichen missed, it howled and looked up at him before pouncing again.

Yunxiao turned into Thunder again and fled in the air a few times, but the thing was indeed in hot pursuit. It could teleport with a flap of its wings, and the demonic mist could not block the vision of the Yuanxiang zhichen at all.

Knowing that he could not escape, Yunxiao had no choice but to stop, turn around, and thrust his sword at the man!

“BOOM!”

Yuanxiang zhichen spat out a ray of demonic light, striking the sword ray and causing a terrifying spiritual pressure to burst out.

Yunxiao only felt a huge pressure coming at him, and his sword momentum was shattered, putting him at a disadvantage.

“BOOM!”

After the demonic light shattered the sword beam, it continued to rush toward him. Yunxiao pulled back his sword and waved it horizontally, creating a small sword realm to block the attack, but he was still pushed back hundreds of feet.

“What is this thing? It’s so powerful!”

Yunxiao was shocked, and he could no longer sense anyone around him. Clearly, everyone had been separated.

When he thought about how the others were also facing such an enemy, he could not help but feel a chill in his heart.

What he was most worried about now was not knowing how many of these things there were. If there were tens or even hundreds of them, the consequences would be unimaginable. It was almost as if they would be wiped out.

“No! We must quickly get out of this predicament!”

Yunxiao’s eyes were filled with killing intent as he glared at Yuanxiang zhichen. He performed a sword incantation with one hand, and thirty-six Northern heaven cold star swords flew out, spinning around Yuanxiang zhichen.

The sword realm opened and the 36 swords formed into sword shapes, locking the Yuanxiang zhichu like a prison!

Yunxiao raised his hand again, and the Tusita peak slowly rose and flew over at a high speed.

The primordial form zhichen would not be willing to be trapped. It waved its hands and roared. The terrifying sound waves spread out, shattering the space and shaking the sword World.

Yunxiao changed the incantation gesture with both hands and shouted, ” “Tian que!”

His right eye turned into a moon pupil, and an extremely strong mental energy charged over as if it had substance.

A layer of white light appeared in the sword realm and covered the Yuanxiang zhichen, suppressing his violent emotions and actions.

In an instant, the Tusita heavenly peak turned into a small mountain and fell down!

“BOOM!”

All of a sudden, an extremely powerful force struck the Tusita heavenly peak, causing it to shake violently!

“What?”

Not only did Yunxiao’s eyes pop out of his head, but a mouthful of blood also gushed up his throat, almost about to spurt out. The Tusita peak was struck and he suffered a backlash as well!

Another primordial form wisdom Gu appeared in front of them, it was the one who crashed into Dou Shuai heavenly peak and saved its companion.

“Aowuu!

Yunxiao could not care less about the backlash of various forces, because a sense of danger emerged in his heart, and then a chill ran down his spine. He was now in extreme danger.

He placed a hand between his brows and frantically used his spiritual power to distort the space. teleport!

“BOOM!”

A beam of demonic light fell and broke the spatial distortion in an instant. Although it did not hit Yunxiao directly, it shattered his mental power and sent him flying.

Yunxiao took advantage of the momentum and retreated thousands of feet away, staring at the three primordial form wisdom Gu in front of him in horror. All three of them had locked their divine senses on him. These monsters could teleport, and he had almost no place to escape.

“Three crickets”

Yunxiao cursed Lu congzi’s family in his heart, but at the same time, he felt a chill in his heart. He wondered how many of these monsters were hiding in the demonic fog, and it seemed that there would be a lot of them. He was afraid that they would suffer heavy losses after this battle.

Moreover, he was more worried about the safety of the heavenly martial League, especially qu Hongyan, the water fairy, and his other close relatives.

“Since you can’t escape! Then I’ll deal with all of you before I go find them!”

Yunxiao’s face darkened. He raised his hand, and the divine realm tablet slowly flew up. The tablet flickered with golden light and shot out a divine light that illuminated the world!

Under the light of the divine realm tablet, the demonic mist was pierced through. The three primordial form zhichen seemed to be extremely uncomfortable. They roared continuously, their fist-sized eyes filled with anger!

“Roar!”

The three primordial form wisdom Gu roared and disappeared on the spot with a flap of their wings.

One of them teleported directly to the front of the divine realm tablet, clenched its fists on its belly, and hit it with its elbow. The layers of space were crushed!

Suddenly, a glazed light flashed in front of the stele, and there seemed to be human figures moving under the blinding light.

The figure made a hand seal and quietly struck forward.

Countless golden characters flew up from the incantation seal, looking extremely mysterious. Within the incantation seal, there were all sorts of law patterns that transformed non-stop. It was truly wondrous.

“BOOM!”

Yuanxiang zhichen crashed into the seal as if he had crashed into an iron wall. His fat body was immediately pressed down and slowly deformed.

The figure suddenly moved forward a hundred feet, raised his hand, and punched out!

The fist broke his hand seal and hit the arm of the Yuanxiang zhichu, breaking the skin and punching in!

“BOOM!”

The body of the primordial form zhichen exploded into a pile of flesh and blood, and it let out a blood-curdling screech as it was sent flying!

After that person threw the punch, he stood still with an indifferent expression on his face. It was pan Yi.

Meanwhile, the other two primordial form zhushu appeared on both sides of Yunxiao at the same time, and their primary order was to kill him.

The divine realm tablet had made them very uncomfortable, so they had sent someone to destroy it.

However, what they didn't understand was that this kind of discomfort was the snnression of the realm nower- Although the devil fog had blocked the

suppression of the realm power, the divine realm tablet was connected to heaven and earth.. Not only did it make the realm power reappear, but its power was also doubled!

Chapter 2069: The battle in the ancient Devil's well (2)

The two primordial form wisdom Gu were agitated, they roared and attacked at the same time!

A fist radiance was blasted out, and the long tail was swung up.

The other one opened its mouth wide and spewed out devil light at Yunxiao, shattering layers of space.

Yunxiao performed an incantation gesture with both hands, summoning three heads and six arms. One arm turned into a claw and grabbed at the huge fist, while the other arm held a sword and slashed out white flames at the tail.

Behind him, fa Xiang's expression was also cold as he formed a lightning seal with one hand and struck out with his heavenly hammer.

“Huala”

The lightning was like water, pouring out and colliding with the black light. They actually merged into a two-colored pillar of light that soared into the sky, and they were evenly matched!

The Yuanxiang zhichen, who was facing the sword Qi, also felt the horror of the sword Qi. It quickly retracted its fist and teleported away with a flash of its wings. It appeared behind the sword Qi and stood side by side with the other one!

Killing intent shot out of Yunxiao's eyes as he quickly performed incantation gestures with his six arms, summoning the giant true devil and descending to the world.

Joy appeared on all three sides of the giant spirit. It seemed to like this environment very much. It stretched out its six arms and immediately caused a storm.

Circles of demonic light came from all directions and fell into the six-armed palm.

Yunxiao was shocked as well. He could sense the true fiend Dharma idol's joy, as if it was a fish in water.

Within the demonic whirlwind, the illusionary weapons on the six arms flashed. One of the arms grabbed and pulled the blade, and “hualala” sounds of metal were heard.

He pulled out Aghan's bone Cleaver and slashed at the air!

With a flash of the saber, the demonic mist in the surroundings dispersed, and the demonic Qi gathered from all directions and was absorbed into the saber.

Yunxiao sensed that agandao seemed to be more ferocious and spiritual than before.

The two primordial form wisdom Gu sensed danger, they flapped their wings and teleported, disappearing from their spot.

But under the saber radiance, the space trembled, demonic light flickered, and two primordial form zhougu appeared again, their teleportation had failed!

The two primordial form wisdom Gu were so frightened that they cried out and quickly flew away.

“BOOM!”

The blade cut across the sky, and the first Yuanxiang zhichen was cut in half. The second one was also affected, and one of its wings was cut off, but it managed to escape.

Under the suppression of the realm power, one of the three terrifying primordial form wisdom Gu died and two were injured!

But the two halves of the primordial form zhichen twitched in the air and curled up into two balls.

The two injured ones were hidden in the demonic mist, absorbing demonic Qi to heal their wounds.

“Huala!”

The two meatballs split apart, turning into two smaller primordial form zhichen, their bodies were covered in sticky liquid, their eyes were filled with killing intent.

Yunxiao thought to himself, 'these demonic creatures are quite interesting. They're all composed of the lowest-level units, fiends, and are constantly evolving. Once it was heavily injured and could not maintain its current state, it would automatically disintegrate into a lower level existence until it was disintegrated back into demonic fiend and turned into the origin demonic Qi. Only then would it be considered completely dead.

There were also some whose bodies exploded too severely, instantly completing the entire process of demotion, directly turning into demonic Qi and dissipating.

At this moment, the divine realm tablet had triggered the suppression of the realm power and descended through the demonic fog. These few primordial form zhushu were no longer a threat.

"Attack and kill them all!"

Yunxiao cried out in a deep voice. In a flash, he teleported to the side of a small primordial elephant, zhichen. Then, he grabbed a bolt of lightning with his five fingers, and with a purple dragon jumping in his palm, he threw it at zhichen!

"BOOM!"

The purple lightning directly pierced through the small primordial elephant zhichen's belly, and its entire body burst into thousands of lightning rays, then exploded with a bang!

Shua shua shua!

The demonic Qi flew out like a swarm of bats.

Yunxiao performed another incantation gesture, and with a wave of his hand, a Thunderbolt shot out, turning into countless Thunder Dragons that shuttled through the sky and destroyed all the fiends!

"Bang Bang Bang!"

There were explosions all around, and demonic Qi burst out, filling the sky with a dark Mass.

The other small primordial elephant, zhichen, flapped its wings and fled the moment Yunxiao attacked.

Pan Yi was also engaged in a fierce battle with the primordial form wisdom Gu that he had injured earlier. They were evenly matched, but the entire process was under pan Yi's control. His moves were ingenious, and his martial essence was ever-changing.

Yunxiao could tell at a glance that pan Yi was practicing, transforming all the martial arts he had learned in the Holy region into actual combat. He could not help but feel very depressed.

This pan Yi seems to be a martial arts fanatic. He doesn't care about the priority of the matter, and he won't listen to your orders. Everything is centered around him.

Meanwhile, the other primordial form zhichen, which had lost one of its wings, was hiding in the demonic mist. It did not help its companion, but its fat body was moving up and down. No one knew what it was doing.

Yunxiao's pupils constricted as he looked over, and his face suddenly turned blank.

The Yuanxiang zhichu grabbed the smaller one that had escaped earlier and was stuffing it into its mouth, trying to eat it!

It swallowed the small primordial form zhichen directly into its stomach! That round belly of his grew even bigger!

"Aowuu!"

Yuanxiang zhichen howled at the sky. His body grew at a speed visible to the naked eye, and the wing he had lost grew back.

His form seemed to be different from before, mainly in the fact that he was bigger and his aura seemed to be stronger.

“Roar!”

Noticing that Yunxiao was peeking at him, Yuanxiang zhichen’s new and old hatred erupted at the same time. With a roar, he spat out several beams of demonic light and shot them at Yunxiao!

The demonic light attack had a very strong spatial lock. Yunxiao transformed into a Thunderbolt and tried several ways to break the space, but none of them worked. Helplessly, he swung his sword.

“Song of the green Lotus sword!”

Nine white lotuses appeared on sword death’s Red slash, turning into a flaming sword Qi that shot over!

“Bang! Bang! Bang! Bang!”

Several attacks collided and exploded in the air, forcing Yunxiao back several steps.

“What’s going on?”

Yunxiao was taken aback. The strength of the primordial form zhichen seemed to have improved greatly, and he found it incredible. If it could increase its strength by simply devouring it, then he would find a few more to devour each other.

At this moment, in the center of the cloud of stars, at the entrance of the ancient Devil’s well.

Lu congzi was making hand seals with one hand, and his expression was as calm as water. Suddenly, he opened his eyes, and they burst out with excitement!

has Qingqing finally evolved?!

He couldn't help but cry out in ecstasy, unable to contain his excitement!

Not far away, ye Nantian looked at him coldly and said, "What is this monster?"

"Hehe, ha, hahaha!"

Lu congzi couldn't help but burst into laughter, and his old face became radiant. This thing is called the Yuanxiang zhichen, and it's an extremely powerful demonic beast in the demonic realm. Its strength is equivalent to a second-grade demonic monarch, which is the ultimate void of the heavenly martial realm. And some of them can even evolve on their own and reach the strength of a demon venerable. demon commander?!

Ye Nantian was shocked. He angrily said, "Those who play with fire will definitely be destroyed!"

"Hahaha, don't worry about that, master ye Nantian."

"Thank you for your concern, my Lord," Lu congzi nodded and smiled.

He seemed to be in a good mood as he continued, "Although it's possible for a Yuanxiang zhichen to advance to demon venerable, the probability is frighteningly low. Even in the current Demon Realm, there may not be a Yuanxiang zhichen at the demon venerable level. After researching this type of magical beast, I've been thinking of ways to help them evolve. That's why the Yuanxiang zhichen second generation appeared, the chubby being that you saw before."

Lu congzi waved his hand, and a demonic light spread out and turned into a

curtain. A huge demonic beast appeared on it. It was very similar to the feiyuan elephant zhichu, but it was medium-sized and very fierce.

Lu congzi explained, "this is a normal primordial form zhichu, the only type in the devil realm." Because it's too powerful, it's hard to bring it here in large numbers. Thus, Lord man and I have discussed

transporting the cocoons of the primordial form wisdom Gu here, and directly hatching them in the heavenly martial realm.”

“You’re really a lunatic! That damned lunatic!”

Ye Nantian cursed in anger. He was full of killing intent!

“Hehe, thank you for your praise, my Lord.”

Lu congzi was proud of himself and said, “Even in the devil World, the chrysalis of a primordial image wisdom Gu are very precious. Over the years, no less than a hundred of them have been transported over, and Lord man has spent a lot of effort to find them. Under the suppression of the heavenly martial realm’s realm power, young Chrysalis died one after another, and I also needed to test samples, so I destroyed a lot of them. Only then did ten of them finally form, and these are the second generation primordial form zhichen you saw.”

the advantages of the second generation compared to the first generation are that they are stronger and more stable, and they are more adapted to the pressure of the heavenly martial realm than ordinary creatures of the demon Realm. However, I never expected that under the guidance of the divine realm tablet, it could still be restrained by the power of the realm. The divine realm tablet is a disaster after all!”

Lu congzi’s eyes shone with fear, but then he became excited again. however, just now, after a second-generation devouring half of its companion’s body, its strength finally broke through another level, reaching a level that I couldn’t reach with my cultivation. And through my observation, it seems to have become stronger in resistance to the divine realm tablet’s realm power.

Ye Nantian trembled. Demon Lord?! he said in shock.

Lu congzi shook his head. it’s not a demon venerable yet, but the level of the demon Realm is higher than that of the heavenly martial arts realm. If this Yuan Xiang zhichen can completely overcome the divine realm tablet’s suppression, it can at least exert the power of the creation realm!

Ye Nantian was stunned. If the demonic beasts with the power of the Blessed Realm could be produced in batches, it would be unimaginably terrifying! N∞velBjn: Unleashing Imagination, One Read at a Time.

He instantly realized how terrifying Lu congzi was. This man's threat to the realm of heavenly martial arts was no less than any demon venerable's, and he must be eliminated as soon as possible!

After thinking about it, his expression was determined. He made a seal with one hand in front of him, and the other hand held a golden light, and Noah's ship slowly appeared.

With one hand, he formed all kinds of incantation seals and sent them into the boat. Golden light flowed like water, and a terrifying power spread out.

what are you doing?! Lu congzi suddenly became alert and shouted.

The runes that Lu congzi had sent into the nine-layered cocoon were shaken. In his shock, he threw the iron cane in his hand!

The iron stick stabbed into the chrysalis and turned into a silver mace, striking toward ye Nantian!

Ye Nantian sneered and said, " "Since I've already made up my mind, your little tricks will only be a joke!"

Noah's ship flew up and pressed down on silver sword Breaker, immediately suppressing it.

After that, the boat continued to spin and expand, and tens of thousands of rays of light shot into the chrysalis 'shell.

"BOOM!"

A force suddenly exploded on the battleship, and it pounced in all directions like an avalanche!

The nine layers of the chrysalis's shell held on for a moment before it was instantly melted by the golden light. It was like a glaring sun!

"BOOM!"

Finally, he charged again. The chrysalis 'shell was completely shattered, and the terrifying power rushed toward Lu congzi.

Lu congzi's expression was gloomy. He didn't retreat or dodge. He just reached out and a silver light flew back from the impact. It turned into a silver Jian and he grabbed it.

ye Nantian, I have to admire your courage. How dare you blow up Noah's ship!

In the golden light of the sun, ye Nantian's body emerged. He collected all the light and held Noah's ship with one hand. The spiritual light on Noah's ship had disappeared, and it became dull. There was blood at the corner of his mouth. He had obviously suffered a backlash.

"Hehe, only a portion of the seal was broken. As long as you give me some time, I can refine it back."

Ye Nantian's eyes showed pain, but he didn't care. He put away the battleship and said coldly, " but its sacrifice can be compensated with the life of the chief Alchemist in the world. It's worth it..

Chapter 2070: The battle in the ancient Devil 's well (3)

"Hehe, you want my life?" Lu congzi sneered. Do you still think you're invincible?"

"Not invincible, but I can kill you," ye Nantian said.

His figure flickered, and he came down. He made a hand seal with his right hand, and a golden light appeared. It turned into a sharp blade and shot out. With a whoosh, it cut the space and swept across Lu congzi's body.

“Swish!”

Lu congzi’s figure was broken into two, but it was only an afterimage.

The golden light made a circle in the air and returned to ye Nantian’s hand. It was a golden sword.

hehe, you’re still so powerful after destroying your Saint weapon. You’re indeed the martial sovereign whose name resounded throughout the universe.

At the entrance of the ancient Devil’s well, at the center of the star constellation formation, Lu congzi appeared with a smile. but if you want to kill me, you need to have the courage in addition to strength. Do you have the courage? ”

Lu congzi laughed and flew into the ancient Devil’s well, disappearing without a trace.

Ye Nantian hesitated for a second, but then he realized that the well was the core of the formation. He had to go in sooner or later. He turned into a golden light and went in.

In the demonic mist, in addition to the three primordial form zhushu that attacked Yunxiao, there were seven more spread out, attacking the martial artists of the three sects.

From time to time, there would be blood splattering in the mist as a large number of cultivators were trampled by the seven magical beasts.

The main reason why the three sects were in danger was because the demonic fog had blocked their divine senses and vision. Even if they were close to each other, it was difficult for them to look out for each other. However, Yuanxiang zhichen was like a tiger that had grown wings, and with his teleportation ability, he could easily kill them all!

“Swish!”

A bright blade energy suddenly lit up in the demonic fog. It seemed to penetrate the heaven and earth, the sea of fog, and suddenly stabbed into a huge black shadow!

Time seemed to have stopped for a moment.

Under the overbearing saber Qi, the surrounding fog was dispersed, revealing the scene inside.

Hao Feng clenched his fist and used his quintessential essence to control the huge Nirvana blade. The blade was more than a hundred times larger than usual, and the front end of the blade was inserted into the body of an essence form zhushu and came out from its back!

“Shatter!”

Hao Feng shouted and swung his arm. The giant blade was unsealed again, and it opened like a paper fan, cutting the primordial form wisdom Gu into hundreds of pieces!

“Clang”

The Nirvana blade returned to its giant form and landed in Hao Feng’s hand after the all-out attack.

Hao Feng’s face was pale and half of his body was charred black. He was badly injured.

The dismembered Yuan Xiang zhichen disintegrated into a large number of demonic specters, which flew everywhere. With a swing of his saber, he stirred up a blade realm astral wind and minced all the demonic specters into pieces.

Hao Feng’s expression was grave. This demonic beast was terrifyingly powerful, and it used the demonic mist to conceal its body. Even he had been injured quite badly. If it was someone else, he wouldn’t even dare to imagine it.

Putting away his saber, he didn’t care about healing his injuries and walked into the demonic mist in a flash.

Three kilometers away from Hao Feng, there were two divine sovereign justice realm experts from mysterious separation Island, but they weren't so lucky.

The two of them were covered in blood, back to back, holding profound level weapons in their hands. Light surged from their bodies, forming a ring and spreading out. They all stared at the demonic mist around them in fear, afraid that the thing would come out and attack them again.

All of a sudden, the ring of light received a violent impact and was compressed to the point of deformation!

"Not good! It's coming!"

One of them cried out in panic. He hurriedly waved his sword with his right hand and formed a seal with his left hand. The two forces combined in front of him and turned into a sword seal!

A primordial form zhichen teleported in front of the two of them and spat out a demonic light with a mocking expression.

The other man also roared in rage, "Bastard! I'm going to kill you!" A brown metal cudgel was swung above his head, turning into a wheel of Wind and Fire.

"BOOM!"

The three forces clashed together and the two from mysterious separation Island were immediately at a disadvantage. The demonic light swallowed everything and attacked like rolling black water.

The two of them had despair in their eyes. They stood there with bitter faces, almost giving up resistance and waiting for death.

"Aowu!"

All of a sudden, the prime form zhichen howled, its mouth closing in pain.

A long, painted whip was wrapped around its neck like a snake. Symbols flickered on the whip as it tightened.

“Ah? Dragon lock whip! It’s Lord star abyss!”

Behind the Yuanxiang zhichen, a man in green robes grabbed the long whip with both hands and pulled it with a solemn expression. It was the void realm expert of mysterious separation Island, star abyss!

Although the whip had bound the magical beast, it gave him a feeling that it was difficult to subdue it, and he had no sense of control over it.

Star abyss shouted, ‘quickly make a move! Crush him!’

A steady stream of power gushed out of his body, flowing along the long whip and forming circles of light, completely locking the Yuanxiang zhichen.

The two divine sovereign justice realm experts were overjoyed. They felt as if they had been reborn from a dead end and were extremely excited. The two of them attacked at the same time, slashing out with their swords and staffs.

“BOOM!”

The Yuanxiang zhichen’s body burst with demonic light and shattered the Dragon lock whip. It flapped its wings, and demonic Qi surged like lightning and shot forward!

“BOOM!”

The sword and staff were instantly devoured by the demonic Qi, but the demonic light didn’t extinguish. In an instant, the two divine sovereign justice realm experts were sucked in and completely shattered!

Star abyss was greatly alarmed. The shattering of that Dragon locking whip had a huge impact on him too. But he could not care much as he charged forward against the demonic light. His five fingers closed together like a blade, and he slashed down with one move!

“BOOM!”

The hand blade slashed into the back of the primordial form zhichen, and half of his arm was inserted. Star abyss then grabbed with his five fingers and suddenly tore!

“Chi la!”

The wings on the Yuanxiang zhichen’s back were torn off.

“Aowuu!”

A painful howl came out of the Yuanxiang zhichen’s mouth, and its tiny tail suddenly swung like an arrow, but it kept spinning in the air, unable to follow its trajectory!

“Swish!”

Just as star abyss was in shock and retreated abruptly, that tail shot over from an extremely tricky angle, piercing through his chest!

The end of that tail enlarged all of a sudden, and five hooks grew out to grab into star abyss’s back, pulling him back!

Intense pain came from star abyss’s back, he hurriedly used his hand knife to slash at the tail, but the Yuanxiang zhichen had already turned around and punched over.

“Bang!”

At the moment the hand blade cut off his tail, Yuanxiang zhichen punched star abyss's chest, right on his wound!

"Pfft!"

After spurting out a mouthful of fresh blood, star abyss was sent flying. His chest was badly mangled, and there was also a large amount of demonic energy that invaded his body, starting to corrode it.

He had retreated thousands of meters in the demonic mist, and his blood Qi and power had been lost so much that his mind was a little unclear.

"Whoosh!"

A black shadow flashed behind him. Yuanxiang zhichen teleported over and slapped down again!

Star abyss's heart turned cold. He forcefully gathered his strength, turned around, and smacked a palm over!

"BOOM!"

The two forces collided, and both man and beast suffered the impact. However, the primordial form zhichen's huge body was fine after being forced back a few steps. On the other hand, blood burst out of star abyss's body and he fainted.

"Whoosh!"

Yuanxiang zhichen's slender tail swung and immediately tied star abyss up. He grabbed him and with a flash of viciousness in his eyes, he raised his hand and punched!

Suddenly, the arm stopped in mid-air, and the demonic Qi dissipated.

A golden light slowly rose from the back of its head. The water deity held the sword with both hands and stabbed it into the back of its head, trying to stab it in bit by bit.

Golden runes flew uD from the broadsword and shot into the back of the primordial form zhichen's head, but it was useless.

“Bang!”

The Yuanxiang zhichen roared in anger, a layer of demonic light bloomed on its head and shook it away.

A golden light appeared on the water deity's body to protect her, and she was pushed back.

The primordial form zhichen's wings were destroyed and it could no longer teleport. After it swung its tail and sent star abyss flying, it roared and charged towards water deity!

The water deity had just steadied her body when she was shocked. She held her sword with both hands and held it horizontally in front of her.

A Golden Lotus flower appeared between his brows and flew out.

Amitabha transformed into countless illusions, and the surroundings were like a pond of lotus flowers, falling one after another and stirring up ripples, forming a wonderful realm.

“BOOM!”

Yuanxiang zhichen punched and the Lotus realm shattered. Demonic Qi poured in and hit the Lotus platform.

Although the water deity was not directly hit, she was also affected. Her Lotus platform and broadsword were swallowed by the demonic Qi. Her snow-white face became paler and blood flowed from the corner of her mouth.

“You scoundrel!”

The water deity cursed, and more blood flowed out.

The Yuanxiang zhichen’s eyes were filled with sternness and mockery. It strode over. It was also injured. It planned to hide in the demonic Qi to recuperate after killing water deity and star abyss.

Although these magical beasts were not very intelligent, their battle intelligence was not low. They also knew how to use tricks and how to protect themselves.

“Monster, don’t come over!”

The water deity panicked. The attack just now had injured her internal organs and she immediately understood the difference in strength. She was no match for him.

Since there was no one around, she turned around and ran in a hurry.

Yuanxiang zhichen was very proud of himself, he ran after them, he seemed to have the pleasure of teasing them.

“Whoosh!”

With a swing of its slender tail, it shot out and trapped the water deity, pulling her back.

“Release me! Let me go!”

The water deity was extremely anxious, but with her strength, there was no way she could hold back the tail. She continuously raised her sword and slashed, shaking out golden and demonic light.

Yuanxiang zhichen looked at it for a while and felt that its tail was not feeling well. If it was cut like this, it would probably break. Finally, a fierce look appeared in its eyes. It opened its mouth and raised its tail to send the water deity into its mouth.

“Aowu!”

Suddenly, the Yuanxiang zhichen screamed as a golden beam as thick as a basin shot into its mouth, piercing through its head!

“Bang!”

The Yuanxiang zhichen’s head exploded, turning into demonic specters and flying out.

Water deity was shocked, and her eyes turned golden. She immediately saw a human figure, but it was difficult to recognize him.

The figure was extremely fast, teleporting to the front of Yuanxiang zhichen and smacking his fat belly with his palm, then disappearing.

“BOOM!”

The Yuanxiang zhichen’s stomach also exploded, less than half of its body was left, it could no longer maintain its current state, it started to degrade.

Shua shua shua!

There were demonic fiends flying everywhere like bats, covering the sky and earth.

Water deity rubbed her eyes and looked around. Under her golden eyes, she could not find the figure of that person.

“Could it be an illusion?”

Water deity held her head and thought for a while, then shook her head. “If it was an illusion, how did the monster die?”

The noisy shouts in the sky made her feel a little Dazed and Confused..
