

The Eternal 2071

Chapter 2071: The battle in the ancient Devil's well (4)

"I don't care, I'll just treat it as an illusion."

The water deity did not like to think about things that she could not figure out. She waved her huge sword, and the eight sufferings turned into a golden light that rippled out, sweeping away all the demons.

Following that, her pupils turned golden. She immediately saw star abyss who was floating in the distance and rushed over.

"Hey, you're not dead, right?"

The water deity pushed his body and discovered that there was no reaction. After thinking for a moment, she took out many medicinal pills and natural treasures and stuffed them into star abyss's mouth.

She didn't know what the medicine was, so after stuffing it for a long time, she had basically stuffed everything edible on her body.

"Cough! Cough cough!"

Star abyss suddenly sat up and coughed violently, his entire face turning red.

what's going on, Huahua, I'm choking to death, Huahua!

"Phew! I've finally saved you. It's great that you didn't die."

The water deity was very pleased. At least she did not waste so many of her treasures.

“Even if I didn’t die, I would have been killed by you!”

Star abyss glared at her furiously and recognized that she was a member of the heavenly martial Union right away. Suddenly, his face revealed a strange expression as he said in shock, “What about the magical beasts?”

“He’s dead,” water deity replied.

“He’s dead?”

Star abyss’s eyes burst out with a brilliant light as he said in shock, “How did he die?”

“I killed him. How else could he have died?”

Water deity mumbled, “I don’t know what happened either. Maybe I killed him. Maybe not. Then, a lot of demonic fiends dropped and I cleaned them up.

Star abyss frowned when he heard that, feeling that her logic was a little chaotic. He waved his hand and said, “Tell me slowly, how did the demonic beast die?”

The water deity thought for a long time, then gestured a few times and said,

I’m not too sure either. I think I saw someone appear, but then he disappeared.

Star abyss immediately understood that someone must have suddenly appeared and saved the two of them.

Star abyss thought to himself, just the strength of that Lackey of yours can see through everything. He was very disdainful in his heart, but the other party saved him after all, so it was not good for him to show his contempt. “Let’s go.

We don't know how many more demonic beasts there are in this demonic mist. We're probably going to die this time."

A dignified and worried look appeared on his face. He didn't know how many masters had fallen there, and the losses were incalculable.

Water deity was also worried about Yunxiao, so she quickly nodded and said, '

"Yes, yes. Let's go."

She took the lead and walked forward.

Star abyss was stunned for a moment and said, 'hold on! Are you sure this is the right direction?'"

"Yes, I saw someone there just now," water deity nodded. She stretched out her hand and pointed forward.

Star abyss furrowed his brows. No matter how he observed, no matter how his divine sense attacked, it was very hard to detect things 500 feet away.

"You can see the front?'"

Star abyss looked at the water deity suspiciously and asked.

Water deity replied, " yes, I can't see it normally. However, when I use the eye of truth, I can see about eight thousand feet. However, using the eye of truth consumes a lot of energy.

"The eye of truth?'"

Star abyss's mind rapidly searched for this term, as if he had heard it before.

Suddenly, his eyes lit up and he cried out, " the ocean Emperor's bloodline, the eye of truth?!

The water deity turned around and smiled, " 'Yes, my father is the sea

Emperor. "

Star abyss was stunned. Even though he was extremely suspicious rationally, he believed it in his heart.

"No wonder, no wonder you can see. Let's go."

The two of them walked side by side toward the depths of the demonic mist.

After walking for a short distance, the smell of blood filled the air. There were also some cultivators groping about in the demonic mist, their faces filled with fear.

Water immortal kept telling star abyss what she saw, and star abyss's expression became gloomier.

Very quickly, the team grew to more than ten people. Whenever they saw a martial artist who was alone, they went to pick them up.

Suddenly, the water deity screamed, " big brother Yunxiao! and ran forward. hurry! star abyss hurriedly said, " quickly follow her! He thought to himself that this little girl was also a bit careless. If she ran away alone, they would be lost in this fog again.

Yunxiao was fighting the evolved Yuan Xiang zhichen second generation. Although he had the power of the divine realm tablet, he was still at a disadvantage.

The second-generation successor seemed to be getting more and more resistant to the powers of the world. After fighting for a while, he was basically unaffected by the powers of the world.

This thing was hatched in the heavenly martial realm, so it had a natural resistance to the realm power. With the cover of the demonic fog, its strength would not decline.

Previously, Yunxiao had used the divine realm tablet to trigger the realm power, and it had produced a miraculous effect. Now, the evolved second-generation creature was clearly more and more adapted to the rules and environment of the heavenly martial realm.

“Brother pan Yi, stop playing! Quickly come and help me kill this demonic beast, you’ll have a lot to play with in the future!”

Yunxiao kept dodging the second-generation’s attacks while desperately calling out to pan Yi in the distance.

Pan Yi had been playing methodically, using both his hands and his steps at the same time to verify the martial arts he had learned. He was very happy.

After hearing Yunxiao’s cry, he seemed to have noticed that the second-generation evolutionary was extraordinary, so he finally got serious.

He formed a palm with one hand and put two fingers together like a sword on the other. He then stepped on the starry steps and performed different moves with both hands at the same time. He hit the Yuanxiang zhichen continuously, exploding a large amount of demonic Qi and demonic Qi, which flew away with a swish.

“Roar!”

This Yuanxiang zhichen was already toyed around by pan Yi, it was even more furious now, its hands and wings were flying around, its tail was even sweeping across the sky, destroying all the demonic fiends that were flying away, it vented its anger!

Although pan Yi’s forehead was covered in sweat, his face was calm and steady. He switched between his moves smoothly and continuously hit the vital parts of the Yuanxiang zhichen.

“BOOM!”

The prime form zhichu could not hold on any longer and was crushed by pan Yi. It exploded into several huge ten direction evil spirits, roaring in rage.

But, the level of the ten directional evil spirit was obviously too low. It was completely destroyed by pan Yi in just a few breaths, which was why it had the time to help Yunxiao.

When the water fairy arrived, pan Yi was just about to launch a star-like punch at the second generation.

“Bang!”

Yuanxiang zhichen opened his hand and caught the fist. With a bang, the force was crushed and pan Yi felt pain in his fist.

However, he had the illusory light of his divine body covering the surface of his body. Although his fist was in pain, it wasn't damaged.

He immediately formed an incantation gesture with his left hand, drew a circle in front of him, and struck out. A golden light gushed out of his palm, spinning in the shape of a gear and pressing down.

“Chi Chi!”

That palm was like a hard profound level weapon, constantly cutting the space. Pan Yi's body was even above the profound level weapon!

“BOOM!”

Yuanxiang zhichen seemed to have sensed danger and immediately pushed pan Yi away, not wanting to take the attack head-on.

Yunxiao was shocked. He had fought with this second-generation Evolver for a while, so he naturally knew how powerful he was. On the other hand, Pan Yi was not at a disadvantage in a single move.

This was the power of a void light realm physical body!

“Big brother Yunxiao!”

The water deity ran over in joy.

Water deity! Yunxiao cried out in surprise. Water deity!

When the two met and saw that the other party was fine, they were both relieved.

At this moment, Star Abyss and the other ten plus people also followed over and surrounded that second generation evolved.

The primordial form Zhichen seemed to have sensed that something was wrong. Its eyes were filled with hostility. Suddenly, it flapped its wings and the demonic fog rolled down, spreading in all directions.

Everyone knew how powerful this thing was and immediately took precautions.

But the mist only charged over and did not cause much damage. The space

inside shook slightly and the primordial form Zhichen disappeared.

What?! Star Abyss was shocked. He actually escaped!

This thing is not only powerful but also intelligent. It also knows how to cherish its life. It's too dangerous! The other martial artists said worriedly.

is everyone alright?" Yunxiao asked. what's the situation now? '

Star abyss shook his head worriedly and said, " We came here with Princess water fairy."

Yunxiao had also noticed the Golden color in water fairy's eyes. "The eye of truth? When did you master it?"

The water deity nodded and said proudly, "I'm amazing, right?" However, it's extremely costly to use, and you can only see up to a distance of eight thousand

Zhang."

"8000 Zhang? That's already very strong!"

In this environment, Yunxiao's wondrous spell spirit eyes could only reach a thousand feet away, and the light of the spell God could see further, but it also consumed more energy.

we don't know how many demonic beasts there are in this demonic fog, Yunxiao said. we can only search inch by inch. Water fairy, lead the way. I'll use this divine realm tablet to disperse the demonic fog.

The flickering divine realm tablet in the air flew down and held in his palm. It was shining brightly and swept the demonic fog wherever it passed.

The water deity clapped her hands and praised, 'the divine realm tablet is too powerful! With it, we won't have to be afraid of the magic fog!"

Yunxiao felt ashamed and blamed himself. If he had refined the divine realm tablet earlier, he would not be in such an embarrassing situation now.

"Water deity, please lead the way," he said hurriedly.

Water deity nodded. She was very excited and happy to be able to help Yunxiao and highlight her role. Her eyes instantly turned golden as she looked around.

“That’s Yingluo.”

She suddenly pointed to the front and said, “ there are two people hiding in the demonic mist void. I wonder if they are enemies? ”

“What?”

Everyone was taken aback. Yunxiao shouted, “ “Who is it?” He immediately clenched his right hand and grabbed a flash of lightning, locking the space.

“Since you don’t want to come out, then this young master will have to come out and invite you!”

Yunxiao snorted coldly as the Thunderbolt shot out. The demonic mist was pushed back, and everything within a thousand feet was placed under the Thunder World!

“Bang!”

The void exploded, and two figures jumped out, their faces filled with shock.

They were Xing and Yu Chen!

“It’s you guys!”

Yunxiao recognized the two men at once, and his eyes flashed with a fierce light as he suddenly shouted.

Star abyss and the rest of the ten over people instantly spread out, surrounding the two people inside. Their killing intent soared to the sky.

The two of them seemed to have realized that something was wrong. They were both covered in cold sweat and pursed their lips, as if they could not speak.

Under this oppressive atmosphere, even the mist seemed to have frozen and stopped in the air, not moving.

Finally, Yu Chen couldn't bear the pressure anymore. He said with a trembling voice, young master Yun, there's no great enmity between us. Please don't do anything rash.

don't worry," Yunxiao nodded. I won't let you go on impulse..

Chapter 2072: The battle in the ancient Devil 's well (5)

Yu Chen's face turned pale, and his teeth were chattering.

Although Xing's expression was also ugly, he was still cold and arrogant. He said coldly, " what do you want to do?!

'What do you want to do? Haha, did I hear wrong? There's such a funny question in this world?"

Yunxiao laughed out of anger. you set a trap to kill my companions, and now you're asking us what we want to do?" he said. what do you want?" I want to f

* Ck your mother!"

A maniacal anger exploded from his body. He slowly walked forward and said in a cold voice, " "Disperse the demonic mist! Otherwise, you will die!"

The domineering aura pressed down on Yu Chen. He was so scared that he kept retreating and even started crying.

Xing gritted his teeth, his face frighteningly pale. This demonic mist has been floating in the demonic world for countless years. It's not something that can be dispelled by ordinary power. We can't do anything about it.

So, you're saying that it's useless to keep you?" Yunxiao asked.

Star abyss said in a cold voice, "since you can get it from the devil world, you can naturally take it away too. If you can't do it, you'll die!

Xing's face turned ashen as he gritted his teeth and said, "alright!" I'll try!"

He beckoned Yu Chen over.

Yu Chen didn't dare to disobey. He trotted forward and leaned over to Xing's side, waiting for his orders.

Xing patted his head and sighed, "I didn't expect to still use it."

Yu Chen was stunned. He suddenly felt a pain on the back of his neck, as if his soul had been pulled out. He screamed, "Xing, you're so weak!

"Hehe, Yu Chen, you trash can finally use some of your remaining energy." Xing's body started to fade and slowly merged into Yu Chen's body.

However, Yu Chen's face was contorted as he shouted, "No! You can't kill me, you can't kill me! The chief will not let you off!"

As Xing melded in, the expression on his face began to change. One moment, it was twisted in pain, and the next moment, it was filled with mockery. "Hehe, Mr. Chief? Have you forgotten who asked you to come with me?"

Lu congzi asked you to come with me just in case," the man said sarcastically. you can show some of your remaining strength. Why don't you understand, you fool? "

Xing's face gradually gained the upper hand, and his words directly crushed Yu Chen's heart. His struggling will collapsed in an instant, and his soul was devoured by Xing, taking over his body.

Yunxiao watched the whole process coldly and did not stop it. It was not until Yu Chen was completely dead that he said, " Mr. Xing, you're trying to resist the power of the realm, right? I wonder if the purpose of resisting the power of the realm is to disperse the demonic fog or to make us your enemy? "

Xing Yun circulated his cultivation technique and found that everything was going smoothly. He couldn't help but feel happy. He laughed three times and his aura continued to rise. It formed rings of stellar energy and spread out. He then said coldly, 'What do you think?'

Yunxiao sighed and said, " of course, I hope for the former. But, things always don't go as one wishes. Judging from your expression, I think you've foolishly chosen the latter.

Hmph, with the help of this body, I won't be affected by the power of the world. Do I still need to compromise with you guys?

Xing's eyes flashed with coldness and he revealed a sinister smile.

there must be a limit to using an external body, " Yunxiao said. otherwise, you would have taken over his body a long time ago, and you would not have kept him until now.

"You're very smart," Xing nodded. "There are indeed restrictions. However, I'm only using it once, so I don't have to worry about the destructive power of my body. I can fully exert my power for a short time."

Yunxiao suppressed the anger in his heart and said coldly, " "You're actually using the vice president's body as a disposable item? Don't you think it's a waste?"

he's trash to begin with," Xing sneered. he's making use of his remaining energy. He should be happy to know this in the underworld.

"Oh, if that's the case, then I'll have to trouble you to go down and inform him."

Without further ado, Yunxiao raised his hand and threw the divine realm tablet out. The tablet shone with a brilliant light that drove away the demonic fog and illuminated the surroundings.

Xing snorted coldly and grabbed out with his hand. A ball of demonic Qi spread out in his palm, forming a huge mirror Shield that blocked the light. "Although I'm not afraid of this light, it really makes me uncomfortable."

After all, the divine realm tablet was a heavenly Saint artifact. Although Yunxiao could not exert much of its power, Xing was still a little afraid of it. Subconsciously, he tried to block the strong light. Even without the world Energy, he would still be suppressed by the light.

there are many things that make you uncomfortable. I'll make you comfortable later!

Yunxiao's sword momentum rose, and an endless stream of sword-shaped beams shot out like a river, trapping Xing. let's attack together and kill him! "Haha, kill me? It's too difficult with just you guys!"

Xing's eyes were filled with ferocity as he smashed the sword current with his right palm. He then pounced forward and clawed with his five fingers.

"Bang!"

Demonic Qi surrounded his five fingers as he grabbed the sword death's Red slash. Xing's eyes burst with excitement as he pulled hard and shouted, "Give it to me!"

Yunxiao's face flickered. His physical body in the harmonization realm could not withstand his opponent's power, and the sword kept trembling.

“Since you want it, then take it!”

Yunxiao performed an incantation gesture with his left hand, and a purple Thunderbolt rose from his palm. With a slap, it transformed into a Dragon and shot out!

“Not good,” Xing thought. The purple lightning gave him a very dangerous feeling, but the rainbow Magic stone was right in front of him. How could he let it go?

He clenched his teeth and punched out at the same time!

“Bang!”

The purple lightning struck down and exploded the demonic Qi. The terrifying power numbed Xing’s entire arm and he almost lost all feeling.

Yunxiao was shocked. Although he had consumed a lot of his energy, the purple lightning was condensed from the realm power, and it should be able to restrain the demons.

However, Xing only suffered from an ordinary attack. It seemed like this possession technique could indeed completely overcome the world force. It was extremely terrifying!

Suddenly, a ray of light came from his side. It was a crystal-like body. It was Pan Yi. He teleported and made a hand seal with two fingers on his right hand. Then, he hit Xing’s arm!

The arm was broken with a “bang.” Xing screamed and retreated.

The broken arm immediately sobered him up. When he grabbed the rainbow

Demon Sword just now, there was only intense greed and madness in his heart.

rainbow stone to the demonic Monarch!

Now that he had lost an arm, he came to his senses and broke out in a cold sweat.

Yunxiao also felt the pressure on him lighten, and he hurriedly put away the red sword. It would be a disaster if Xing took it.

Pan Yi and the surrounding Warriors rushed up and surrounded Xing. All kinds of attacks poured down, shattering the void!

“Hmph!”

Xing’s eyes swept around and finally landed on Yunxiao. I’ll leave the rainbow stone with you for now. I’ll take it next time!

He raised his single arm, and a circle of demonic light gushed out. Yu Chen’s body expanded in an instant. The demonic light continued to gather above his head, then suddenly exploded!

“BOOM!”

A terrifying power was sent towards those attacks. Under the impact, the void was immediately shattered, and cracks appeared around Xing, spreading in all directions.

Yu Chen’s body became dry and hard. Countless cracks appeared on his body, and then he crumbled.

“He escaped!”

The water deity cried out in shock. Her golden eyes saw a black light flash and penetrate the demonic mist.

Yunxiao had seen it as well, but the self-destructive blow had shattered the void and isolated all the power, so he could only watch the man leave.

Under the impact of the terrifying force, several martial artists spat out mouthfuls of blood and were covered in injuries.

“Is everyone alright?”

Star abyss looked around. Although there were a few people who were seriously injured, their lives were not in danger.

Yunxiao took them into the divine realm tablet and told them to recuperate in peace. Those who could still fight followed outside and began to search for other people.

Soon, Qu Hongyan, Ben Tingfeng, and a large number of other Warriors returned to the team. To Yunxiao’s relief, most of them did not encounter the Yuanxiang Zhichen, but were just lost in the demonic fog.

In the process of searching, they even killed two primordial form zhushu, but only found about 150 people. The remaining 50 people were completely lost.

Only then did everyone know that most of them were lucky enough not to encounter the primordial form Zhichen. Those who did, other than Haofeng and Star Abyss, were basically dead.

“A quarter of the people have fallen.”

Yunxiao only felt a little depressed, as if a huge rock was pressing on his chest, making him breathless.

Furthermore, those 50 people were all weaker Saints. Even Zi Xiaoji and Zhuge Shentu were nowhere to be seen. They had most likely fallen inside.

Although these two people were not good people, they had sacrificed their lives to kill demons, which was worthy of respect.

don't be too sad," lingmu di said. life and death are predestined. This is their fate.

Yunxiao nodded and said with a pale face, I swear to kill Lu congzi! We'll take revenge for everyone!"

"I swear to kill Lu congzi! We'll take revenge for everyone!"

The remaining hundred or so people were also filled with anger. They gritted their teeth in hatred. Regardless of whether the dead people knew each other or not, they were all comrades who had gone through life and death together. Grief and anger spread among the crowd.

"The current problem is how to get out of here," said lingmu di. We've searched almost everywhere just now, and even with the water fairy princess's eye of

truth, she couldn't see the way out. we still can't find a way, it'll be really troublesome."

Ben tingfeng said worriedly, "the Heavenly King has been gone for a long time and there's no trace of him, I'm afraid of being ..

The people of mysterious separation Island had a bad feeling too. They were all shocked, although they could not believe that Ye Nantian could be so powerful.

However, the demon Lord was from another world after all. The demon Lord had been invincible in the world. Ye Nantian might not be safe.

don't worry," Yunxiao said. if they had the strength to kill the King of Heaven, they would not need to trap us with this demonic mist. They would have used it to kill us.

Ben tingfeng was stunned for a moment, but after thinking about it, he felt that it did make sense and immediately felt relieved.

Although Yunxiao said so, the anxiety in his heart did not diminish. He also had a hunch that something was wrong with ye Nantian, but he was too busy to take care of himself at the moment. He had not figured out the situation, let alone save someone.

What made him feel uneasy was that he had never seen the second generation Evolver who had escaped, and he didn't know where he had gone.

"Including the magical beasts that everyone worked together to kill, we killed a total of seven of them. One of them managed to escape."

Yunxiao began to calculate and checked with the crowd, and there was no mistake.

eight should be enough," lingmu di said. Lu congzi probably doesn't have many of such terrifying existences..

Chapter 2073: The battle in the ancient Devil's well (6)

Ben tingfeng was a little dejected, "we haven't even seen many demons yet, and we've already lost so many soldiers. If the two worlds start a war ..."

Hao Feng frowned and said, "injuries and deaths are inevitable. No one can guarantee that they will live to the end. No one knows the result of The War of the Two Worlds in the future. We just need to have a clear conscience and die before it's over.

With a clear conscience, he would die!

These eight words were like a hammer, striking everyone's heart. Instantly, the dispirited atmosphere was swept away, and everyone's faces were filled with determination.

"Well said!"

good! Yunxiao also praised, " a clear conscience! I've thought of a way to break through the fog. Perhaps we can give it a try!"

"What method?"

Everyone's spirits were lifted as they hurriedly asked.

it's still broken by the power of elements! Yunxiao said.

"Tsk! "

Everyone sneered disdainfully, and the enthusiasm they had just raised instantly withered.

Although not everyone cultivated the elements, many martial artists had mastered some of them. They had tried it long ago, but it was useless.

Lord mu di once said that the five elements can break the demonic fog, ' Yunxiao said. the 'wind' I used earlier did have some effect, but the effect was minimal. It means that it's not that the elements are useless, but that they are too weak."

Quite a few people immediately understood. Ling mu di said, " "You want to stack the elements?"

Yunxiao nodded and said, " crocodiles are already the ultimate existence of wind elements. It is almost impossible to create a power stronger than the primordial astral wind. The only way is to layer several elements. The demonic mist here is different from the one Lord mu di encountered a hundred thousand years ago. It must have undergone the baptism of time and mutated." "Indeed, we can try," said lingmu di.

"I'll call for another person," Yunxiao said. With a thought, he immediately summoned Fei Ni, who was in the divine realm tablet.

Ever since she had obtained the heavenly Phoenix Feather, she had been focusing on her cultivation and had not made any moves. Just now, Yunxiao had also suddenly sensed the change. The heavenly Phoenix Fire was constantly condensing above the divine realm tablet.

“That’s Yingluo.”

“Heavenly Phoenix!”

On Mount Innerheart, can and bi were currently sitting cross-legged and cultivating. Suddenly, the two of them opened their eyes at the same time, shooting out rays of brilliant light as they looked at the sky filled with multicolored clouds that were ever-changing!

All the clouds gathered from the surroundings and were burned red by an invisible fire.

The clouds unfurled and transformed into a Phoenix that soared into the sky.

“Feini,”

Yunxiao’s voice rang out like a drizzle falling to the ground.

All of a sudden, the ground started to burn with raging flames, and the ground split open for a thousand miles, as if a Flaming Mountain had erupted.

The cry of a Phoenix came from the ancient times and reverberated in the world.

The clouds in the sky fell rapidly, gathering into a line and merging into the earth. The vast and wondrous scene changed endlessly.

After the time it took to brew a cup of tea, the fire and clouds finally merged completely, and Fei Ni’s figure gradually appeared.

Yunxiao transformed into his human form. Looking at the man, he said in surprise, " you've advanced to the void tier?!"

"Extreme void?"

Feini was stunned for a moment before she nodded her head gently. She then revealed a mesmerizing smile and walked up to him. I just felt that I had broken through a bottleneck when I heard my husband's call.

I'm in trouble," Yunxiao said. I need your strength.

"I'm willing to serve my husband!"

Feini was overjoyed and nodded.

In a flash, the two of them disappeared from the divine realm tablet and reappeared in the demonic fog.

"Feini!"

"Sister feini!"

When Qu Hongyan and the water deity saw him, they immediately greeted him with joy. you've finally come out of your closed-door cultivation. Congratulations on reaching the void realm.

Qu Hongyan's eyes were smiling, and at the same time, a look of surprise appeared on her face.

"Thank you, sister Hongyan and sister shuixian. It's all thanks to my husband, who helped me get the heavenly Phoenix Feather."

Feini sneered and immediately began to chat with the two girls enthusiastically.

Looking at their happy faces, Yunxiao said with a wry smile, " "Now is not the time to talk."

He briefly explained the situation to Feini. and at the same time. explained his thoughts in detail.

"I'll listen to my husband's orders!" Feini said.

alright, " Yunxiao said. then listen to my orders and cooperate with me!

He summoned the crocodile and transformed it into a monster. It was seven to eight feet tall and had a burly body. Its eyes were filled with viciousness.

"Roar Roar!"

The crocodile puffed out its chest and roared a few times. A strong wind swirled around it, immediately forming a tornado that soared into the sky.

Feini also formed hand seals with one hand and Phoenix patterns appeared on her body. Countless flames turned into talismans and appeared around her like fireflies.

pay attention! Yunxiao shouted. be careful!

He put his palms together and pulled them apart. Immediately, a large area of lightning appeared and he turned into a giant green spirit. attack!

"Thunder World! "

The terrifying power of lightning exploded, forming a barrier of its own and turning into an energy field that was a thousand feet wide!

The crocodile and feini attacked at the same time. They each cast an elemental barrier. Red flames and colorless wind formed two huge elemental balls, which were comparable to the Thunder World.

The three forces began to slowly squeeze together, giving off a huge sound of wind and thunder. The light of Thunder and fire continued to shoot out and gradually fused.

The surrounding cultivators were all horrified as they looked at this terrifying scene in horror. They didn't dare to go too far in case they got lost in the demonic fog. They could only join forces and form a mirror light in front of them.

Just as the three elemental barriers gradually fused, the entire magic fog began to roll, as if it had sensed danger.

"That's Yingluo."

Yunxiao's eyes widened as he looked ahead. Not only him, but everyone else could see that the demonic mist had gathered and turned into a huge demonic fiend, exactly the same as before!

"This demonic mist really has a spirit!"

Yunxiao immediately confirmed his guess and said coldly, "no wonder we can't get out of here. Let's attack and break it!"

Feini and the crocodile understood at the same time, and they controlled their elements to shake the ground!

"BOOM!"

The three forces pressed against each other, turning into a terrifying vortex that attacked in all directions. The huge demonic fiend had just swooped down when it was immediately submerged in the elemental sea and instantly shattered!

After one move, Yunxiao took out the divine realm tablet again, which transformed into a huge monument that towered in the sky. His hands danced up and down like butterflies, and a round of golden talismans shot out. Tens of thousands of divine beams shot out of the tablet, illuminating the heaven and earth!

“Spread out!”

Ben tingfeng was overjoyed and shouted excitedly.

There was no longer any demonic mist in the void. The star constellation of the ancient Devil’s well appeared in front of him. It was like the bud of a flower, but there was no end to it.

Everyone stared at the well, wanting to see through it, but in the end, they couldn’t. Even the water deity’s eye of truth could only see a limited range.

“Lord ye Nantian must be in there.”

we can’t suffer the same loss this time,” Yunxiao said. leave half of the people outside to look after them, and the rest of you will come in with me.

Almost all the Saints were dead and wounded, and the remaining ones were of little use, so Yunxiao simply left them outside.

Lord mu di,” Yunxiao said. you should stay as well. As the Supreme Commander of the outside world, I’ll immediately find a way to send you a message if there’s a situation.”

Lingmu di seemed to be in a difficult position and said, ” “I know more about the devil realm, so I shouldn’t stay. It’s better to let Palace Master Hongyan stay.”

Qu Hongyan hurriedly said, "there must be someone who can take charge of the situation outside. I'm lacking in strength, experience, and strategy. Lord mu di is the best candidate.

Lingmu di was also unwilling, and the two of them pushed back and forth, eventually even recommending feini or Chen duantian to stay.

In the end, Chen duantian was left behind as the commander of the heavenly martial Union. However, the highest-ranking commander was Hao Feng. He was injured in the battle with the Yuanxiang zhichen and had to rest.

Soon, more than seventy people were selected and followed Yunxiao into the ancient Devil's well.

The person in charge of mysterious separation Island was Ben tingfeng, who followed closely behind Yunxiao.

The inside of the ancient Devil's well was much wider than before. Other than the astonishingly dense devil Qi, there were not many changes.

Lingmu di said in a deep voice, "I'm afraid it's already mutated badly." If we can't seal it this time, I'm afraid it will turn into a second tiandang mountain range!"

After flying for a long time, the seventy-some people finally arrived at the intersection of the two worlds. What they saw immediately shocked them.

Ye Nantian was covered in blood, pressed against the boundary wall of the demonic realm.

Within the regional wall, seven to eight hands stretched out and grabbed it, dragging it in.

"Hurry up! Hurry up and run!"

When ye Nantian saw Yunxiao and the others, he shouted desperately, "Run! There's an ambush!"

“Heavenly King!”

Ben tingfeng’s eyes were about to pop out and his beard was trembling!

Yunxiao, on the other hand, became vigilant. With a sweep of his divine sense, he immediately sensed many powerful auras coming from all directions!

“Be careful!”

He shouted in shock. The rest of the people also noticed the situation and became vigilant. NovelBin: Your Escape into Infinite Tales.

The dangerous auras coming from all directions belonged to the group of fiendish cultivators who had been defeated earlier. There were still about four to five hundred of them.

But at this moment, their auras were completely different. All of them had ferocious faces and most of their bodies were deformed. Their faces were like wild beasts, and they had no spiritual light of intelligence at all. They looked like walking corpses.

“DA! Possession!”

Yunxiao cried out in horror as a chill ran down his spine!

These martial artists had actually all been possessed!

He immediately thought of Xing. After taking over Yu Chen’s body, Xing was able to exert all of his power for a short period of time! Then what kind of demon race existence was the one who possessed these martial artists! “Hehe, why are there only so few people? where are the rest?”

“Did they all die in the demonic mist?” Lu congzi asked.

Xing's face was cold as he stared at Yunxiao.

"What did you do to the Heavenly King?! Release him now!" Ben tingfeng roared.

"Hehe, don't worry."

Lu congzi smiled faintly. ye Nantian is one of the most powerful cultivators in this world. We're very friendly to him. We want to take him to the devil World to play.

"To the devil realm!"

Everybody was terrified. Ye Nantian was indeed being pulled in by seven or eight hands.

And there were still many figures and faces on the regional walls, trying their best to pass through.

I don't think ye Nantian is a wretch like you, " Yunxiao said coldly.. you're a good man, but you're a devil!

Chapter 2074: The battle in the ancient Devil I s well (7)

"Haha, cheap?"

the level of the devil realm is higher than that of the heavenly martial arts realm, " Lu congzi sneered. if we're talking about who's more valuable, humans should be more lowly.

it's not about level, " Yunxiao said. it's about the heart of a lowly person. With such a cheap heart, no matter how much he prides himself on being noble, he is still a cheap person."

"Excellent, excellent, well said."

good! Lu congzi clapped and said, " your words have enlightened me. I welcome everyone to join the ranks of the B * stards."

Everyone felt dizzy. Lu congzi's shamelessness and shamelessness were completely beyond their imagination.

Even Yunxiao could not take it anymore. He said gloomily, " sorry, we don't have the talent to be a b * tch. You should be one yourself.

"Hehe, this is not up to you."

Lu congzi waved his hand and said coldly with a face full of killing intent, '

"Kill them all!"

The four to five hundred people immediately charged forward in a frenzy, their mouths letting out ferocious yells and yells.

be careful, everyone! Yunxiao said in a deep voice. The thing that possessed these fiendish cultivators should be the ten directional vicious soul fiend!"

In the previous battle, more than a thousand fiendish martial artists had escaped, but only four to five hundred of them were left. If they didn't fail to possess ye Nantian's body and died, they would be killed by ye Nantian.

there are too many of them, " lingmu di said in a low voice. let's contact the outside and ask Haofeng to bring people in.

most of the people outside are injured, " Yunxiao said. let them recuperate. We'll hold on for now. I'm afraid Lu congzi has a backup plan."

He summoned can and Chan as well, and said, " "I'll have to trouble the two of you to help."

Yunxiao had told them about the situation, and they were all overjoyed to have two more void realm experts.

“You’re too polite. Since young master Yun has invited me, I wouldn’t dare to disobey.”

Can said with great respect.

The attitude of the two men immediately made the people from mysterious separation Island suspicious. They naturally recognized Can and Phoenix. They were the two powerful men who had survived the battle 100000 years ago and stood beside the demon Emperor.

Can and Min looked at the devil cultivators and frowned. They seemed to have recalled something and their faces were filled with emotion.

“Never in my dreams would I have thought that I’d be able to fight the demons again. The battlefield of the past seems to have just happened yesterday,” the referee said.

stop sighing, ” Can said. make your move!

The two of them transformed into their demon forms and charged into the battlefield, crushing the two fiendish cultivators in front of them!

“Kill!

Yunxiao also shouted as he teleported over and cut off the head of a fiend cultivator, causing blood to spray out.

However, it dried up after a few breaths. A large amount of demonic Qi came out of the headless body and condensed into the ten-directional evil spirit.

“As expected, it’s this item!”

After losing its body, the ten directional evil spirit was suppressed by the realm power and roared in pain.

“Bang!”

Yunxiao then slapped out with his palm. A powerful Thunderbolt jolted into its body and shattered into pieces, disintegrating into fiend energy.

The people of the heavenly martial arts realm were like sharp blades, stabbing into the demonic martial arts cultivators. They were invincible, and dozens of them were killed in the time it took to brew a cup of tea.

Xing’s expression turned unsightly and his confidence wavered. with so many casualties and so fast, can this crack be defended? ” “Of course it can’t be defended,” Lu congzi said indifferently.

“What?”

Xing’s entire body trembled, his face filled with anger and shock, “then you should .

“Then how am I going to explain this to Lord man?” Lu congzi laughed.

Xing’s face was dark as he nodded heavily, “You think it’s fun? If we fail to guard this crack, not only you, but I will also be punished!”

Lu congzi said, ‘you want to guard the crack with this little power? Is Lord Xing joking?’

“What’s your plan, Lu congzi?” Xing nu asked. You promised Sir man that you would definitely be able to defend it! That’s why Sir man has loaned you a large number of forces. If we ultimately lose and our forces are exhausted, then you won’t be able to live!”

Lu congzi snorted and said, "a large force?" Just these low-intelligence creatures?" don't underestimate these ten directional evil spirits," Xing said. they're the backbone of the demonic dimension's strength. They're the most powerful force. Sir man has mobilized almost two-thirds of the ten directional deadly fiends. If they are all destroyed but the crack is not protected, Sir man's anger will definitely burn you and me!" in short, I don't have the ability to guard the crack," Lu congzi said leisurely. if he's capable, he can do it himself.

Xing was stunned. He looked at Lu congzi in a daze, not understanding what this human was thinking.

However, he knew that Lu congzi was by no means a fool and must have a plan. After his expression changed several times, he hurriedly cupped his fists and said, " Sir, I still owe you a favor. We're both grasshoppers on the same rope.

" Hanana! " don't worry, Lord Xing, " Lu congzi laughed. as long as you follow me, I won't let you suffer.

Xing ye chuckled drily, and a deep sense of fear flashed in his eyes. He suddenly felt that Lu congzi was like a venomous snake, and he was even more dangerous than man.

"You don't have to worry too much," Lu congzi said. This crack had already mutated, and the people of the realm of heavenly martial arts would not allow it to exist. Even if we manage to defend this time, they'll send more powerful forces next time, and we'll still lose in the end. In fact, Lord man's idea of guarding the crack was extremely stupid. What we need is to open up more cracks, not to focus on guarding one."

"Open up more cracks?" Xing asked. Isn't this too difficult?"

"It's indeed difficult, but there's a way," Lu congzi said. If my guess is correct, the other demon supremacies will also try to do the same. What we originally wanted to do was just to conserve our energy and enjoy the fruits of others "labor. Now, he was guarding the crack and helping others. If you're not careful, man might even be devoured by the other demon Venerables." Xing was scared witless. If man heard this, he would definitely be sentenced to death. He didn't dare to say anything, not even to echo.

Lu congzi continued, "that's why I said man has made a cocoon around himself." After this incident, regardless of whether we can defend the crack or not, the barbarians will summon us back and give up on this crack."

Xing thought for a while and felt that Lu congzi's words made sense. He nodded and said, " "Let's hope so,"

At this moment, the battle in the well had reached an extremely tragic level. Although the average strength of the people from the heavenly martial arts realm was higher, the other side had more people. They were only affected by the tragic impact at the beginning of the contact, but then they gradually turned the tables and began to counterattack.

Yunxiao had also realized that although the casualties were small, it was because everyone still had their strength, and they could still maintain the stalemate.

If this continued and his origin power was exhausted, the casualties would instantly spread. Once the hole was broken, he would be completely defeated.

As he fought, he sent out a message.

The glazed light on his body also gradually dimmed. Now that they were killing so fiercely, they were the ones who consumed their energy the fastest.

Suddenly, a golden light flashed.

Because the attacks of demonic cultivators were mainly made up of demonic Qi, they were all pitch-black in color, so the golden light was more dazzling.

Yunxiao suddenly turned around and thrust the sword at the golden light, causing his entire arm to go numb and his body to take a few steps back.

He was immediately attacked by a fiendish cultivator, who slapped him on the back. The qi and blood in his body surged.

There were too many fiendish martial artists, and everyone was overwhelmed. Once their defenses were broken, they would be instantly killed.

Yunxiao was instantly injured by the sneak attack and pincer attack, which attracted the fiendish cultivators around him to surround him, and a large number of attacks rained down like a curtain of beads!

There was also a light hidden in these attacks. It was gold and silver in color, and it was Lu congzi's gold and silver truncheons!

Surprised, Yunxiao immediately conjured three heads and six arms, each holding a weapon to meet the attacks coming from all directions. At the same time, he grabbed the Golden Wheel of the tree with one arm and spun it away.

Suddenly, the shadow of a towering tree emerged in the void and stretched out like a barrier, greatly reducing the pressure on Yunxiao.

“BOOM!”

However, in just an instant, as the violent attacks rained down, the barrier's power continued to shatter. Especially after the Twin truncheons struck, the shadow of the tree swayed and shrank violently.

The Golden Wheel let out a mournful sound, and countless golden runes flashed on it.

that's the Suan ni Magic tree's Golden Wheel!!

Xing shouted from a distance.

A fierce light burst out of Xing's eyes as he disappeared from where he was and teleported in front of Yunxiao, then opened his hand and grabbed the Golden

Lu congzi was also full of killing intent as he shouted, "A great opportunity!"

The two truncheons fell down like meteors toward Yunxiao's body, while Xing's five fingers pressed down on the Golden Wheel like claws, making it unable to move.

Yunxiao was very anxious. All three Dharma forms were entangled by The Fiend cultivators, but even without them, he was no match for Lu congzi in his current state, not to mention that Xing was also involved.

"Clang!"

Suddenly, countless golden runes danced on the Magic Tree's Golden Wheel, as if a certain mechanism had been activated. Thousands of runes spun like a wheel, and in an instant, Xing's arm was cut into pieces!

Xing was hit and was sent flying with a loud cry. He was already suppressed by the realm power and was unable to use his full strength. Under the impact of the Golden Wheel, he was even more injured.

"What?"

Lu congzi was also shocked. After the Golden Wheel of the Magic Tree stirred up the runes that filled the sky, it swayed and spun toward him, slashing at his two maces!

"Bang!"

The three profound level weapons met force with force, and golden light shot out in all directions like lightning.

Lu congzi retreated alone with two truncheons in his hands. His face was extremely gloomy as he shouted, "Who is it?"

After spinning around in the air, the Golden Wheel did not fall into Yunxiao's hand. Instead, a figure in a long robe appeared and grabbed it.

The man's face was calm, his hair and beard all white, and he was extremely old.

The Golden Wheel of the Magic Tree also calmed down. The runes on it disappeared, but it was still very lively.

Yunxiao was also taken aback. The old man was Bei Jinghong, who had recovered from his injuries and broken out of the divine realm tablet.

Bei Jinghong had the dharmic tree Golden Wheel in his hand. He looked around and spun his hand. Countless golden lights shot out and immediately, all the demonic cultivators within a hundred feet exploded and died..

Chapter 2075: The battle in the ancient Devil's well (8)

"Who are you?"

Lu Congzi and Xing were both shocked.

Bei Jinghong ignored him and looked at the Saint weapon in his hand. He made a few seals on it, and a golden light flowed.

Yunxiao's heart trembled. He had been refining the Golden Wheel of the Magic Tree for a long time, but the mark on it had been wiped away by Bei Jinghong.

Bei Jinghong turned to look at him and said sarcastically, "Saint artifacts aren't something that just anyone can play with." With that, he headed straight for the regional wall.

"Bei Jinghong! You!"

Lingmu di also saw the change and exclaimed.

Bei Jinghong grabbed the Golden Wheel and turned it. Suddenly, a golden light flew up, covered his body, and touched the regional wall.

The golden light was like a drop of water. It melted into the regional wall without any obstacles. Then, bei Jinghong's entire body slowly merged into it.

Ye Nantian's body was half gone, and his face was still exposed. He looked at ye

Xiao coldly and said, "The king of the Western regions, bei Jinghong?"

Bei Jinghong glanced at him. His cold expression seemed to be saying, who the hell are you?

Ye Nantian suddenly laughed, "hahaha, that's ironic!

"Shut up!" Bei Jinghong said coldly. Your smile is so annoying. One more word and I'll kill you!"

Ye Nantian sneered and said, 'hate? This proves that your Dao heart is not firm enough. If you don't have enough faith in the path you've chosen, how can you walk down it?"

Bei Jinghong's eyes lit up and he shouted, 'Who Do You Think You Are, how dare you comment on this old man!"

Ye Nantian sneered, "a bitch is pretentious. I will judge her. What can you do?"

Moreover, it's not just me who can judge a slut like you for willingly joining the devil, everyone in the world can judge you!"

Ye Nantian directly used the 'b * tch' Yunxiao had used to scold Lu congzi to scold bei Jinghong.

Bei Jinghong was furious. His face was ashen. Killing intent flashed in his eyes and he sent a golden light over.

“Pfft! ”

Ye Nantian’s body was caught by seven or eight hands, and he couldn’t move at all. He took the hit and spat out a mouthful of blood, but the sneer in his eyes didn’t stop. He laughed even harder.

But after a few hits, there was no more sound. He was completely dragged into the devil World by those seven or eight large hands and disappeared from the regional wall.

Bei Jinghong looked at him coldly and didn’t attack again. He also blended in and disappeared completely.

Yunxiao watched the two of them disappear in a daze, and it took him a long time to come back to himself.

“You damned thing!” Xing angrily said. He turned around and headed towards the regional wall.

“Stop!” Lu congzi shouted. What are you doing?”

yes! Xing Wei turned his head and said, ” go into the demonic realm and kill that man! A cold light flickered in his eyes. in the demonic realm, one side is weak while the other is strong. I can use all my power, but he will be suppressed. Killing him will be as easy as blowing off dust!

“No!” Lu congzi said. Once you return to the devil World, Sir man will immediately know! ”

“So what if you know?” Xing asked. It’s only natural for me to chase after that person! Moreover, that profound level weapon was the famous Golden Wheel of the Magic Tree in the devil World! The demon Lord Emperor, who was brought to the realm of heavenly martial arts, is now lost!”

With that, he no longer paid attention to Lu congzi and rushed towards the regional wall, disappearing in a flash.

Lu congzi revealed a contemplative expression, and his eyes flickered.

“Lu congzi! Where’s yang Di, Xuan Hua, and Feiyan?”

Yunxiao’s heart was filled with anger. Ignoring his injuries, he turned into a sword beam and slashed down!

“Bang!”

Lu congzi casually threw out the silver Jian and hit the sword light, shaking it away.

“Damn it!”

Yunxiao was furious. He was injured and had consumed a lot of his strength, but he could not care less. He immediately summoned tens of millions of swords and slashed them down.

“Bang Bang Bang Bang!” hehe, your rage can’t change your disadvantage.

Lu congzi smiled faintly. His two truncheons danced beside him, shattering all the sword Qi.

“Where are they? Where are they?”

Unable to restrain his anger, Yunxiao stopped his sword and held it horizontally in front of him.

The White sword ignited with flames, and a strong light burst out from his body. It was as if he was burning.

Lu congzi was slightly shocked. He sensed the danger and retreated with his double truncheons.

“Die!”

Yunxiao’s strength rose to an extreme, and the sword shone with a penetrating light, which turned into a sword beam and slashed down!

Hmph! Lu congzi’s face was gloomy. it’s a meaningless fight!

He raised his double maces, and a cold light flashed across his face. He was immediately covered by his mask, revealing a pair of cold eyes. His aura also rose rapidly.

“Bang!”

Yunxiao thrust his sword forward, and the white flame that filled the sky melted into the sword Qi, shattering the gold and silver barrier and hitting the two truncheons, causing them to flash and scatter!

The sword Qi and the flame hit Lu congzi’s body, burning his robe and cutting it.

Yunxiao himself was also hit by the backlash, and he coughed up a mouthful of blood. “Where is he?”

those people you mentioned are all from the sea of soul formation,” Lu congzi said coldly. as the chief, I don’t need to report to you.

release those people,” Yunxiao said coldly. I won’t kill you today!

“Ha? What did you just say?”

“Kill me?” Lu congzi laughed and said,”kill me?” Hahaha! Li Yunxiao, are you so stupid that you can’t even see the situation clearly?”

In the ancient Devil's well, the humans began to show signs of fatigue from the intense battle. The number of casualties was increasing.

Although more demonic martial artists had died, these people had already been invaded by the brutal souls and lost their minds. They were not afraid of death at all.

What if I don't want to live," Yunxiao said coldly. what if I die with you? "

The red slash of the sword death pressed down, and the ice fiend Heart Flame burned slowly. The Emperor slaughterer sword truncheons let out crackling sounds. Lu congzi immediately sensed danger and shouted, "You're crazy! What do you want to do?"

He hurriedly exerted his strength, trying to shake off the sword wound, but Yunxiao seemed to have made up his mind. The sword was stuck to the two truncheons, and he could not get rid of it no matter what!

"Heh, there's nothing impossible in this world. It's just whether you want to or not. "

I want to save them! Yunxiao grinned hideously. that's all I want!

He displayed his transcendence golden body, his six arms holding profound level weapons. His three-faced transcendence golden body was ferocious and cold.

"Can you feel the power of these profound level weapons? Can you feel my power as an harmonization realm expert? If I can't kill you alive, can't I kill you even if I die?" Yunxiao threatened.

"You're crazy!"

Lu congzi trembled with anger, but his face was also extremely ugly under the light of those profound level weapons.

Yunxiao sneered. In any case, I've already died once, and I've cultivated the great expansion divine technique to the acme of perfection. I might not die even if I'm smashed to pieces. Perhaps I'll be reincarnated again, but it's only twenty years.

Lu Congzi's heart trembled when he heard that. He said angrily, "I don't believe that you're willing to die. You're just threatening me!"

"Who doesn't want to live? But how can I get it if I don't give it up?"

Yunxiao said coldly, and his eyes suddenly became clear, like the calm before the storm.

"No, I don't believe you will self-destruct! You're just threatening me!"

Lu Congzi roared, and the blue veins on his body bulged. There was fear in his angry and fierce eyes.

He was extremely smart and had all kinds of schemes, so he naturally understood that there was a high probability that Yunxiao was lying to him. But, what if the madman was serious?

When Lu Congzi thought of this small probability, he immediately felt a chill in his heart.

He was afraid of death, and he didn't dare to take the risk.

Although Yunxiao's life had been in the past, it was far from comparable to his own.

Naturally, Yunxiao saw his fear. He gave him a contemptuous glance and said,

"Then let's try!"

The four arms raised the profound level weapons, and the transcendence golden body in front of it made a single hand seal. The terrifying power of the profound level weapons burst out, forming a whirlwind in front of the transcendence golden body.

“Stop!”

Lu congzi screamed in horror and was completely frightened. He said in a hurry, “Stop it, I’m willing to have a good talk with you!”

The line of defense in his heart collapsed in an instant. Even though he knew Yunxiao was just scaring him, he was still frightened.

Lu congzi only felt extremely aggrieved and angry. He was extremely talented, but he didn’t expect to be scared by someone. The humiliation was magnified infinitely in his heart, and his eyes were full of resentment.

Although he had always wanted to kill Yunxiao, it was only to get rid of the scourge, and he did not have much hatred for him.

But now, it was different. Yunxiao had completely shattered his self-esteem, and for the first time, he felt ashamed and angry. He even felt uncomfortable when his flesh was cut with a knife.

But who asked him to be afraid of death? Who asked his own life to be more precious than the other party’s?

Lu congzi knew that he could only swallow this humiliation and wait for the right time to take revenge.

Yunxiao chuckled and said, “I’m not in the mood to talk to you. Let them out now. Otherwise, we’ll all be finished!”

“They are no longer in the ancient Devil’s well!” Lu congzi said angrily. “You want to lie to me? I don’t care, if we don’t see him, we’ll die together!”

He looked angry, but his heart trembled. He knew that Lu congzi most likely didn’t lie to him.

Although the ancient Devil's well had undergone some changes, it wasn't very spacious. He had deliberately used his divine sense to scan it, but he hadn't found it.

"It's true!" Lu congzi quickly said. Although I'm not on the same path as you, I have no reason to lie to you. I've already sent all of them into the devil realm!" gift your sister!!

Yunxiao was furious. Even Lu congzi could not lie in front of him, so he immediately understood that it was true.

A violent emotion spread in his heart, and the golden light on his body and the profound level weapon became stronger and more violent.

"Don't get so excited!" Lu congzi was frightened and quickly said. Don't get too excited! I can send people to bring them back!"

Yunxiao's face was cold. After staring at him for a while, he slowly calmed down and said coldly, "Make all these devil cultivators stop!"

"What?"

what? " Lu congzi was shocked and said, " if all of you stop, we'll be at your mercy! This request is too much!"

it's too much, " Yunxiao grinned hideously. so what? Do you want them to live or do you want to live?"

Lu congzi looked at him coldly and said, "if they were killed, I wouldn't be able to escape with so many people surrounding me." This is no different from suicide. Even if you die with me, I can't agree to it.

Hmph! Yunxiao snorted.. you've calculated it quite clearly!

Chapter 2076: The battle in the ancient Devil's well (9)

I love your talent," Lu congzi said earnestly. I've invited you to be an honorary elder of the sea of soul formation in both lives. Why do you have to be my enemy? '

"My heart was set on the bright moon, but the bright moon shines on the ditch," he sighed.

"Shine your sister!"

I have nothing to say to a b * tch like you! Yunxiao scolded. give me the way to enter the Devil World! When Yunxiao saw that it was impossible to save yang di and the others, he thought of entering the devil World.

Lu congzi frowned and fell into deep thought. He had wanted to fool the man, but he thought that the man in front of him was also very intelligent. The odds of winning were too low if he tried to play tricks under his eyes. If he angered him, he would be the one who suffered in this situation.

"Will you let me go if I tell you the way to enter?" he asked honestly.

"Yes," Yunxiao said with a nod.

"Alright!"

Lu congzi was quite straightforward. He said, " once an ordinary person touches the boundary wall, he will definitely be crushed to pieces. But since the people of the devil World can cross the boundary to come here, we can also go over. I'll teach you the secret technique now.

A black light flickered between his brows, and a faint spiritual power spread out.

Yunxiao scanned the message with his divine sense, and the two of them immediately sent each other a message through the air. After a moment of silence, they knew that it was true.

"You can let me go now," Lu congzi said coldly.

“Get lost!”

die! Yunxiao cried out coldly as he pressed his sword down. His whole body was covered in a white light of sorcerer God as he teleported away, leaving behind only void ripples that spread in front of Lu congzi.

Lu congzi trembled with anger, and finally, all his anger burst out. He put the two truncheons together and attacked.

Yunxiao reappeared thousands of feet away, and as soon as he did, a large number of fiendish cultivators and martial artists rushed over.

Yunxiao was also in a very bad state at the moment, and he did not have much energy to waste on these things. With a sweep of his sword, he made hundreds of changes in the air and beheaded these fiendish cultivators.

Then, the gold and silver truncheons rushed over and killed a large number of them.

Meanwhile, Yunxiao had stepped back again, away from Lu congzi.

“Trash! You trash! Quickly kill them all!”

die! Lu congzi roared as he charged into the formation with his double truncheons, killing a few heavenly martial League members with a few casual strikes.

At this moment, Hao Feng had also led the seventy-odd people outside the well into the battle. The number of devil cultivators immediately decreased.

Seeing that the situation was not good, Lu congzi snorted coldly and turned to head back to the regional wall.

Several experts from the realm of heavenly martial arts had been paying attention to him. Seeing that he was about to escape, they immediately turned into several beams of light and chased after him.

However, at the same time, the large number of devil cultivators that they had been holding back also moved and trapped them again.

“You can’t even save yourself, and you still want to keep me?” Lu congzi laughed. Don’t worry, we’ll meet again soon.”

He strode towards the regional wall, his hands continuously forming hand seals as demonic Qi surged from his body.

Following that, it turned into a ball of black and slowly merged into it.

Although everyone was angry, there was nothing they could do. Just as Lu congzi had said, they could not even save themselves, so they did not have the energy to care about this.

At this moment, many faces and bodies were still appearing on the regional wall, they were all seeping out, a few human-like existences finally broke out of the regional wall, they laughed wildly before charging into the battlefield.

This kind of human-shaped spirit was an existence between the ten directions evil spirit and the demon Lord. However, after coming out, it was suppressed by the realm power and was quickly crushed into pieces.

But it still could not stop the large number of demons on the regional wall from squeezing out. They knew that they were going to die, but they still came out without hesitation.

The battle in the ancient Devil’s well had reached the point of turning white. All the experts of the heavenly martial arts realm were ashen-faced, with a hint of anxiety.

Now that Lu congzi had escaped, the battle became meaningless.

These fiendish martial artists were simply abandoned. Lu congzi didn’t take them seriously at all, and these abandoned people had killed more than half of their companions, reducing their strength.

After a few hours, all the devil cultivators were finally killed.

After the demonic cultivators died, they turned into pure demonic Qi and scattered in the air. It was so thick that one could not even see their own fingers. A large number of martial artists' wounds were infected, and they began to show signs of Demonic Cultivation.

"Everyone, come into the barrier!"

The lingmu flute immediately opened up a barrier, dispersing the devil Qi. The barrier was several thousand feet wide, allowing everyone to enter and recuperate.

More than half of the wounded came in, leaving only 60 people!

Everyone's expression was ugly, and their eyes were like dead fish.

More than half of them were killed, and even the supreme commander, Ye Nantian, was captured and brought to the devil World.

This was the result of the first battle, causing everyone's hands and feet to turn cold, as if a large stone was pressing on their chests.

Yunxiao was also very angry. Coupled with his fatigue and injuries, he vomited a few mouthfuls of blood, and his face was as pale as paper.

"What do we do now?"

Ben Tingfeng's body was trembling. He was also covered in blood, and his back was a bloody mess as if someone had torn a piece of flesh off him, but he didn't feel it at all.

"Let's go back first," said Lingmu Di. "There's no point in staying here any longer. Let's go back and sort things out first, then we'll think of a countermeasure."

“Go back?”

“Then what about the Heavenly King?” Ben tingfeng was stunned. What was the result of this battle? Are you going to go back with your tail between your legs?

The three questions made everyone feel ashamed. They all shook their heads and sighed, and some even lowered their heads.

“Although we’ve suffered heavy losses in this battle, we’ve indeed won,” said lingmu di. Lu congzi and the demonic monarch have escaped, all the demonic cultivators have been killed, the soul formation sea has been taken, and the ancient Devil’s well has been taken. Aren’t these the results?”

Everyone thought about it and agreed. Their dejected appearance immediately became a little more excited. Although it was a little tragic, there were still results.

Lingmu di looked at Ben tingfeng and said, “wasn’t our previous goal to take down the sea of soul formation and kill all the fiendish cultivators?” Now, only Lu congzi has escaped, and everything else has been realized.”

Ben tingfeng stood there, not knowing what to do. At this moment, even if he won, he wouldn’t be happy.

Hao Feng said in a deep voice, “going back is the right thing to do. We can’t go to the devil World to save ye Nantian now. Even if he could find a secret way to get in, he was not sure if he could save ye Nantian. He could only temporarily withdraw his troops and report the matter to the island master, leaving the rest to the island master to make a decision. What I’m worried about now is the ancient Devil’s well. Although we’ve taken it down for now, the crack is still there. It’ll be difficult to seal it with our strength!”

“Why don’t we just send someone to guard it?” Ben tingfeng asked.

“Then we’ll have to send a few true powerhouses to guard the place. Otherwise, if a few people like Lu congzi came, the crack would be lost again. In my opinion, there should be at least five void realm

Warriors to guard the place. If we attack the demonic creature the moment it leaves the boundary wall, we should be safe.”

“It’ll be difficult!” Ben tingfeng shook his head.

The most important thing now was that all the powerhouses were seriously injured and had to return to the realm of heavenly martial arts to recuperate. They would not recover in a short time, unless they could dispatch another five void realm powerhouses. But at this moment, there were no more void realm powerhouses in the world!

The atmosphere suddenly fell to a low point, and everyone felt dejected. If they couldn’t send someone to guard the ancient Devil’s well, it would soon be taken away by the monsters. Then the meaning of this battle would be lost, and all their companions would have died in vain.

don’t be disheartened,” lingmu di suddenly said. I have an item that can seal this place. At least, it can seal it for a while.

“Oh? May I know what it is?”

Hao Feng asked in surprise. After all, lingmu di was as powerful as ye Qingyu.

Lingmu di casually took out an item. It was a golden talisman that was half a foot long. He held it in his hand and said, this item is called ‘upper nine divine Palace talisman’.

In an instant, the demonic Qi that filled the sky dispersed. A large number of characters flew up from the talisman and rotated in the sky. Finally, they condensed into an array and pressed towards the regional wall.

All of the golden light flickered a hundred feet away from the regional wall and disappeared.

After all this was done, it was as if nothing had happened. Most people could not detect any changes.

But, Yunxiao could clearly sense that there was an additional obstacle in front of the regional wall, and the overflowing fiend energy was cut off by the power of the upper nine divine Palace talisman!

what? ” Ben tingfeng was shocked, ” if we seal the crack, we can’t save master ye Nantian!

it’s hard to have both sides. Even if ye Nantian was here, he would still choose to seal the crack! Hao Feng said.

don’t be too sad, ” lingmu di said. victory and defeat are common in the military. Besides, we won this time. A hundred thousand years ago, in the first few battles with the devil realm, they had lost even more miserably, but in the end, the heavenly martial realm still won. What we need to do now is to go back and recuperate, recuperate and build up our strength for the next battle!”

Hao Feng’s expression was grave as he said, “that’s right!” We’re not strong enough yet, we need to be stronger!” His eyes fell on Yunxiao as he said, ‘ “Alliance master Yun, what about the ten rules?”

Yunxiao nodded and said, ” I understand. From today on, Yanwu’s territory would be open to mysterious separation Island. Anyone who wants to fight against the devil can enter Yanwu’s territory to cultivate even if they don’t join the heavenly martial Alliance. ”

This battle also made him feel a great urgency. If he continued to monopolize resources and become enemies with the forces of the world, he could no longer adapt to the situation.

Hao Feng’s eyes flickered with a cold light as he nodded and said, ” “That’s good! Everyone, come with me to Yanwu and comprehend the rules!”

“You guys go first, I’ll go back to mysterious separation Island to report this to the island master!” Ben tingfeng said.

“Very good,” Hao Feng nodded.

Everyone quickly pulled themselves together. They had long been indifferent to life and death. It was just that the tragedy had caused their confidence to collapse a little, but they had also regained their confidence.

“Let’s go,” he said.

In front of the lingmu flute, a golden light appeared in the surroundings, splitting the devil Qi in front of him. He took the lead and flew out of the well.

A few days later, the battle at the ancient Devil’s well shocked the world, and the sea of soul formation was taken over by the heavenly martial arts realm. It became a forbidden place, and no one was allowed to enter.

Yanwu had also become the core of the heavenly martial realm. In order to comprehend the ten rules, a large number of experts had gathered from all directions, as if they were on a pilgrimage..

Chapter 2077: demon commander

In a pitch-black Deep valley, it was as silent as a dead land that would never change, without any waves.

Looking down from above the deep valley, the endless demonic Qi was like a dormant volcano. It was as quiet as still water and could not flow at all.

The space suddenly twisted slightly, and a simple chariot shuttled out.

The chariot had a strange and ancient design. It was made of bronze and had a ferocious beast head. The chariot made a slight turn in the sky above the valley and then disappeared, directly entering the bottom of the valley.

After sinking for tens of thousands of feet, there was a faint light floating up. Upon a closer look, the bottom of the valley was covered in golden powder, which formed thousands of strange symbols. It was actually a large formation.

A shadow flickered on the chariot, and a figure appeared beside it. The figure had blue hair that was particularly eye-catching, and he snorted as he glanced down.

With a wave of his sleeve, the chariot was also put away. It transformed into a

streak of blue light and flew into the formation before disappearing,

In the next moment, he was in a pitch-black Hall. Green flames burned on the wall lamps on all four sides, and there were human figures under the light.

“Blue! You’re really dawdling, we’re just waiting for you!”

A voice of dissatisfaction came from the hall. The man was tall and burly, as strong as an ox, with bulging muscles on his body. He had a great sense of aesthetics and glanced at LAN with dissatisfaction.

“The main character hasn’t said a word, so what are you complaining about?” blue sneered.

He strode over.

There were a total of four people in the hall, some standing and some sitting. Their postures were casual and lazy, and they looked over.

The burly man was standing, his skin covered in demonic patterns. Just looking at it made one’s heart palpitate in fear.

A skinny old man sat on the left, resting his head with his fist. He only sat up straight when blue walked in. “Everyone’s finally here.”

The few of them looked away from LAN and turned to the elder.

LAN cupped his hands and stood straight in the center of the hall like the burly man. He smiled and said, "Ji, you're too timid. You even arranged for a meeting to be held in this death demon Valley. You want us to be sneaky like thieves? do you still have the demeanor of a demon commander?"

"Isn't this to completely avoid barbarian?" If he finds out that we're secretly meeting, although I'm not afraid, trouble will appear out of nowhere. It's better to avoid trouble."

"You're still so careful and afraid of death," LAN snorted.

The burly Demon Lord was called Yan, and he said cautiously, "It's always good to be careful."

Blue waved his hand. it's up to you. They're already here. Just say what you have to say.

"The entrance to the two worlds in the Barbarian land has been sealed," Ji said slowly with a serious expression.

"What?"

The other four people were all shocked, and their lazy expressions were swept away, replaced by shock.

"How could this be? Is the information reliable?"

An elegant man who had been half-lying also sat up straight. His eyes shot out a green light and he revealed a murderous aura.

The man's name was Gong, and he was also one of the demon Venerables.

The other people's expressions were also ugly. They knew that Ji Jue would not bring unverified news to the meeting.

There was also a Demon Lord who sat cross-legged in the air. He was like an afterimage, but he also opened his eyes and looked at mo Ji.

"It's absolutely true!" Ji said.

"Man, that trash!" LAN said coldly. It was not easy to open a crack, but it was sealed by the realm of heavenly martial arts! You've lost the face of our demon commander!"

I shouldn't have let him manage the crack in the first place," Gong said coldly. now that he's made such a big mess, I can't let him off so easily!

"The problem now isn't settling accounts, nor is it an internal fight. I chose to meet here to avoid misunderstanding and man thinking that we're going against him. The most important thing now is to deal with the future. Judging from the fact that the crack is sealed this time, we have a problem in estimating the strength of the realm of heavenly martial arts. They're much more powerful than we thought."

"So what if he's powerful? As long as there aren't any Saint Devil level experts, we have nothing to fear!"

"There's definitely no saint-level demon, but there should be demon Supreme-level powerhouses, so we can't be careless in the future." The crack in the Barbarian territory might not be reliable anymore, we need to think of another way."

Lord Demon, who had been silent all this while, suddenly said, " "I've heard that man has been managing that crack for a long time, and has transplanted a large amount of magic moss there to create a simulated environment, and it has been very successful. How could he have been sealed by the realm of heavenly martial arts? If the realm of heavenly martial arts has such power, we might not be able to do it even if we try to find another way!"

"This is the reason why I've gathered all of you here today," Ji said. I'm thinking of working together to open a crack, and with the power of the five tribes, it'll be enough to force open a passage and spread a large number of demonic creatures to the realm of heaven martial arts, reversing the realm power!"

The hearts of Hou Fei and the other three shook. They looked at each other and began to ponder.

this is the most appropriate method at the moment," Ji said slowly. it will be troublesome if another big crack is sealed.

"There are hundreds of rifts between the two worlds, but only a few can be used," Yan asked."But which one has Lord Ji chosen?"

"The Barbarian section was the most promising one, but it's completely out of the question now," Ji said. I won't hide it from everyone, four million li North of my Ji clan's Cang Xuan mountain, there is a Jie River. There is an extremely well-hidden crack in the river and it has already started to slowly mutate."

"What? It's mutated?"

The other four people were all shocked. Yan said in surprise, " Are you sure it's mutated?!

"Of course," Ji replied. This is not a joke!"

"Haha, then what are we waiting for?" Yan laughed. I'll choose this!"

Ji shook her head slightly and said,"I discovered this crack a long time ago, but I didn't dare to move it." This is because there's a life form in the world River known as the world devouring devil."

"0%! A demonic insect that can devour world power?"

Hou Yi was shocked. His eyes revealed a look of disbelief, and he said,"This is a variant that only existed in the ancient times of the devil realm. It is rumored that it can devour the power of the realm and directly travel from one realm to another!"

The other three people were shocked. Yan said, " "Devouring World Energy? How could there be such a thing! Since you are born in a realm, you are bound by the rules of the realm!"

The other two also nodded their heads in agreement with Yan's point of view. They felt that the saying of devouring the world Energy was too absurd. Hou Dao said, "you've only become demon supremacies in recent years, so you know very little about the history of the demon world." Since Lord Ji discovered that the realm devouring devil Empress didn't dare to act rashly, he should know how powerful it is."

Ji laughed bitterly and shook her head, "although I've lived more than a thousand years, I've lived in vain." Prior to this, they didn't even know of the existence of the world devouring demon. It was only after they suffered a huge loss and learned the lesson from the deaths of over ten demon monarchs that they discovered its origins. However, I still do not know much. Please explain in detail, Lord hou."

Hou stroked his beard and smiled, "so that's how it is." It's a coincidence that I happened to see it when I was flipping through an ancient book. This world devouring devil is an ancient creature that appeared not long after the birth of the devil World. However, because it has the ability to devour world power, the ancient records say that this creature may not be from the devil World, and it is extremely likely that it devoured from another world."

"I see," Ji sighed, "you've caused me to lose so many soldiers. In that case, the crack in the inner realm is very likely to have been devoured by this thing?"

"It's highly possible," hou nodded.

why can't this thing just devour more? " Ji was extremely depressed. it would be better if it could just pierce through the two realms!

"There must be a reason," hou muttered. We can go and investigate, but we must be careful. This world devouring devil is an existence that can even devour a Saint Devil. The moment you discover something amiss, immediately retreat!"

Holy devouring demon?!

The other four demon Venerables were all dumbfounded, their mouths wide open.

Ji said, "Lord hou is talking about special circumstances, or when there are many of them. I've briefly investigated this world River, and two demon Venerables are enough to destroy them all!"

“It requires the strength of two demon supremacies. That’s already extremely terrifying,” Yan said, his heart palpitating.

“Yes!” Ji nodded. If the crack in the Berserker tribe hadn’t been sealed, I wouldn’t have thought of this place. Time is running out, we can only try!”

Hou Dao said, “if the five of us join forces, we’ll be strong enough to sweep through the devil World. Naturally, we don’t have to be afraid.” I agree with Lord Ji’s suggestion, what do the three of you think?” He turned his gaze to the other three.

Blue laughed hideously and said, “hehe, interesting. Since you’ve all agreed, I naturally have no objections.”

Gong he Yan also lightly nodded in agreement.

“Good!” Ji was overjoyed. Let’s go back and prepare first. Three days later, we will meet at Cang Xuan mountain and head to the Jie River together!”

After the five of them came to an agreement, they disappeared from the main hall one by one.

Then, the fire on the wall also went out with a “plop,” and the hall fell into silence.

At the same time, in the realm of heavenly martial arts.

In Yanwu, martial artists flew back and forth, and the city was full of vitality.

After Yanwu’s restrictive barrier was opened, all the martial artists in the world swarmed in. As long as they swore to resist the demons, they would not refuse.

Yunxiao had gone into seclusion to recuperate after he returned, and everyone was in a bad mood, so they did the same.

Everything in the city was handled by lingmu di, and everything was in order.

One day, Yunxiao suddenly sensed something. He came out of seclusion and teleported away in a flash, appearing in the Great Hall of the city Lord Mansion.

“Lord mu Xing, it’s you!”

In the hall, lingmu di was entertaining an old man. The two of them sat opposite each other and drank.

There was a puppet behind the old man. It was mu Xing, whom he had met in the eternal world.

As soon as Yunxiao saw him, he knew that the old man must be mu Xing. Overjoyed, he hurried over to greet him.

Mu Xing put down the teacup with a smile and cupped his fists, “Alliance master Yun, I didn’t expect to see you again so soon.” haha! Yunxiao laughed. Lord mu Xing, how have you been? ‘

“I heard that Alliance master Yun is cultivating in seclusion, so I didn’t dare to disturb you. I was just planning to find a quiet place to enter closed door cultivation.”

“I’m not busy, I’m not busy!”

Yunxiao stepped forward with a smile and said in a very intimate manner, “I’ve been waiting day and night for Lord mu Xing to finally come, how can I just leave like that?”

Mu Xing raised his brows and said calmly, “I’m just an old man, what’s there to hope for? Young master Yun, just tell me what you need from me.. “

Chapter 2078: ganbo mountain

Yunxiao looked around and said, 'is Lord mu Xing the only one here? Isn't this a little illogical?'

"Haha, Alliance master Yun is indeed intelligent," mu Xing laughed strangely. He and lingmu di looked at each other and smiled. "Lord mu Xing is here for the puppet refining," Ling mudi said.

"After the battle at the sea of soul formation, the island Lord has also placed great importance on the Alliance between the two sects," mu Xing said with a serious expression. He knew that Alliance master Yun was recruiting experts to make puppets, so he sent me to help. At the same time, I also hope to use the power of the ten rules to refine the elemental energy in my body and increase my lifespan."

"Haha, great! With Mr. Mu Xing's help, Yanwu will be like a tiger that has grown wings!"

I've sent people to heavenspan Island to find the people of the MU family, ' Yunxiao said with great joy. at that time, Lord mu Xing can also meet them.

"Let's leave it to fate," mu Xing said indifferently.

He had met some descendants of the MU family in the eternal world, but they seemed to have lost interest in this matter. He took out a square plate and placed it in the void in front of him. He grabbed the edge with both hands and turned it slightly.

The runes on the square plates rotated and shot out hundreds of golden lights, which spread in all directions and condensed into huge golden figures, twelve in total!

The Golden body was majestic and majestic, and its Dharma was solemn!

twelve divine beings killing formation! Yunxiao cried out in surprise. it's the twelve divine beings killing formation!

"This is the three-dimensional formation map of the twelve Capital Heaven divine fiend formation," mu Xing nodded and said, "it's been passed down from the ancient times and eventually fell into my hands. It's a pity that my talent is limited, and I can't perfect it. If I had given this to Mu Chen back then, I might have been able to make something even more powerful," he sighed with a sorrowful expression.

Lord mu Xing, you don't have to belittle yourself," Yunxiao said. everything is

fated.

Mu Xing perked up and said, "Back then, I wanted to create an identical Capital Heaven divine Wraith formation based on this formation map, but it's a pity that the materials required for these twelve golden men were too heaven-defying. With the MU family's strength at that time, it was difficult to even create one, let alone twelve. But now, with Yanwu's strength, it shouldn't be difficult to produce twelve."

His eyes flashed with excitement as he looked at Yunxiao.

Yunxiao was slightly surprised, but he could not help but feel a little excited. The aura coming from the twelve array images was very powerful. If they could be completely restored, the defense of Yanwu would be almost freakishly strong!

"What materials do you need?" Yunxiao rubbed his hands and asked with some excitement.

"This golden man is made up of 32 main materials and 1366 supplementary materials. The 32 main materials are Kasaya," mu Xing said with a smile.

It took mu Xing an hour to list all the materials as if they were family treasures, and finally, she looked at Yunxiao with a smile.

Yunxiao's face had turned as dark as a pig's liver as he said gloomily, "not to mention Yanwu, even the entire realm of heavenly martial arts might not be able to afford such a huge expense!"

Lingmu di, who was listening at the side, also frowned and shook his head. "If it was 100000 years ago, with the wealth of the North Region under my control, I might have been able to take it out. But now, the resources in the realm of heavenly martial arts are also severely lacking, and it can't be compared with the past at all. It's really difficult."

Yunxiao said, 'it's more than difficult! There are at least 30 to 40 of them that are already extinct!'

"If it's only a small number, we might be able to dig it out, but if it's extinct, it'll be difficult," mu Xing muttered.

I'll ask the Chamber of Commerce," Yunxiao said. if it really doesn't work, I'll have to find other raw materials to replace them. After all, everything in the world has a natural counter to each other, and the recipe can be changed."

Very soon, Ding Ling 'er, su lianyi, and Qian Sheng came to answer the call.

After looking at the list of materials, the three of them looked at each other with a difficult expression and shook their heads.

I understand," Yunxiao said with a wry smile. I can see it from your looks. How about this, I'll look for Grandmaster Amaterasu and the others for reference and try to replace the ingredients with other ones." alright," Ding Ling 'er nodded. the three of us will work it out and give you feedback later.

I'll have to trouble Alliance master Yun to find the materials," mu Xing said. if you can refine the twelve golden men, it'll fulfill one of my wishes.

"I should," Yunxiao said.

The two of them exchanged some more pleasantries before lingmu di made arrangements for everything.

brother Yunxiao," Ding Ling 'er came up and said softly, " I've found out where Wei Qing is.

Yunxiao's body trembled as he said in great joy, " Really? Where is he?"

Ding Ling 'er gestured a few times, and a void map appeared. It was a mountain range surrounded by mountains.

Yunxiao was suspicious for a moment. He felt that she looked a little familiar, but he could not remember.

“It’s this place. It’s called the ganbo mountain,” Ding Ling ‘er said.

“Ganbo mountain! Isn’t that Qiu Mujie’s old nest?”

Oh! Yunxiao came to a realization. so, this is where he hid. After he finished speaking, he turned around and left.

“Big brother Yunxiao, are you going alone?” Ding Ling ‘er asked anxiously from behind. It’s too dangerous!”

“Don’t worry,” Yunxiao said without turning his head. With Lord can and Lord bi here, we can control everything!”

Soon, the teleportation array in Yanwu was activated, and Yunxiao headed for Mount qianbo.

Back then, Yunxiao had seen ganbo mountain with his divine sense, and he had learned its spatial location.

A few days later, heavy snow suddenly fell, and the entire mountain range was covered in a layer of Silver Frost.

A beam of green light came from afar and shot into the mountain range. Wherever the beam of light flashed, the space was distorted and rolled.

The green light fell on the snow and turned into Yunxiao’s figure, the soles of his shoes sticking to the snow, leaving no trace.

He identified the direction, and with a flash of white light, he teleported.

The hut on Ganbo Mountain was still there, and there were signs of people everywhere. Yunxiao swept his divine sense over the entire mountain, and he could not help but look surprised.

“Who is it?”

Suddenly, Wei Wuya’s shout came from inside the mountain, and in a flash, he was already in front of Yunxiao. “It’s you!”

Yunxiao looked very calm. He nodded and said, “Lord Wuya, how have you been?”

Wei Wuya’s expression changed and he shouted, “What are you doing here?”

“You’re not welcome here!”

“Ganbo Mountain doesn’t belong to your family,” Yunxiao said. “If your father and son can come, why can’t I?” His gaze turned cold. “I just scanned the mountain with my divine sense. There are actually six to seven hundred people lying dormant in this mountain range. Are they all ghost Asuras?”

“So what if I am?” Wei Wuya snorted. “What does it have to do with you?” He became alert and stared at Yunxiao vigilantly.

“So what if I am?”

Yunxiao suddenly laughed angrily and said, “Haha, you and your father are heartless. How many people have you killed? If that’s the case, I’m going to do it on behalf of the heavens!”

Wei Wuya’s face turned livid as he cursed, “You’re helping the heavens?” “Do you still think you’re the Son of Heaven?”

“This is outrageous!” Yunxiao said coldly. “Everyone has the right to punish him for such an outrageous thing! Wei Qing is also down there, right? I’ll kill you first, and he’ll naturally come out!”

As soon as he finished speaking, he became one with his sword, turning into a sword energy and slashing over.

Wei Wuya was shocked and didn't have time to Dodge. He held the ball with both hands and caught the sword in his palm.

As the two forces collided, a ball of ice fiend Heart Flame was formed and spread in all directions.

With a shake of his arm, Yunxiao's sword will immediately began to spin around the sword, constantly attacking Wei Wuya's power and disintegrating it inch by inch.

Wei Wuya didn't dare to take the attack head-on. He directed the sword to his side and punched out with his right hand, forcing him to retreat with a bang.

Yunxiao was about to give chase when the snow suddenly began to fall from below. Hundreds of figures rushed up and surrounded him with a murderous aura!

"These ghost Asura Kasaya!"

Yunxiao was taken aback as he found that it was very different from before, not only in appearance, but also in aura.

Wei Wuya looked at him coldly from outside the battlefield and said, " Li Yunxiao, I don't know how many people you have in the divine realm tablet, but if you're alone, you're going to be buried in qianbo mountain!

"True God Realm!"

Yunxiao cried out in shock, his face filled with horror!

The ghost Asuras around him kept roaring. As their bodies changed, their power directly crossed the barrier of martial arts and stepped into divine transcendence!

Yunxiao's face was filled with shock, and he was almost dumbfounded.

At a glance, the astonishing power of the hundreds of ghost Asuras was rising steadily.

“Bang!”

A few hundred feet away, a ghost Asura's body was distorted by the power. Under the increase of the powerful force, it couldn't bear it and exploded!

“Bang!”

“Bang!”

A few more exploded, but only a few of them. Most of them had successfully broken through to the true immortal realm, and a powerful killing intent came from all directions, locking on Yunxiao!

“Hold on!”

When he saw that the ghost Asuras were about to attack, Yunxiao suddenly stopped them and shouted, “Wei Wuya! What's with these killing weapons? You can actually break through the shackles of the martial Dao!”

“Do you still remember Luo Qingyun and Gongyang zhengqi's death guards?” Wei Wuya sneered.

of course I remember, ” Yunxiao said. does this have anything to do with them?

The shock on his face could not be any greater. So many immortal State Warriors had appeared all of a sudden, and this force was not inferior to Yanwu's. Perhaps only mysterious separation Island could win!

“It’s actually very simple,” Wei Wuya said. After the battle at five Cloud Mountain, we had a discussion with Gongyang zhengqi to share the secret technique of refining killing weapons. Under the double impact of blood extraction and gene chain unsealing, the power of the killing weapons would directly break through the shackles of martial arts. And Luo Qingyun is actually the first person to possess two secret techniques.”

Yunxiao was stunned when he heard that. He stood there in a daze as he looked at the ferocious faces around him and shuddered.

“I’ll tell you one more thing,” Wei Wuya grinned. The very purpose of the fighter Championship is to collect containers!”

A chill ran up Yunxiao’s spine, and he felt a chill run down his spine.. “Where are the contestants who participated in the martial arts competition?”

Chapter 2079: The unkind Saint

“Hehe, it’s already in the process of modification.”

Wei Wuya was nonchalant, as if he was talking about something insignificant. because they lack the power of blood, we’ll modify them with Gongyang zhengqi’s method first and then find a way to refine their blood.

“Animal!”

Yunxiao was furious, and he felt boundless anger surging up from his heart. back then, Qiu Mujie used a human body for experiments and was expelled

from the sea of solil formation. being hunted down by everyone in the world!

But I didn’t expect you to be a hundred times fiercer than him!”

Wei Wuya's expression turned cold as he sneered, "Qiu Mujie was chased away not because he was evil, but because he wasn't strong enough. If he had been able to create immortal State Warriors earlier, he would have been the master of the sea of soul formation, or even the master of the world. No one would have dared to hunt him down! 'Li Yunxiao, I advise you to be wise. The world is in chaos now, and we should unite against the devil. Don't fight with us! I've heard about what happened in the sea of soul formation. As a commander, you are guilty of your own crimes, yet you don't know how to repent. Instead, you want to stir up internal strife?"

Yunxiao's fingers cracked. Although the creation process of the force in front of him was extremely tragic and shocking, it was indeed a powerful existence that could not be ignored, and it would be a pity to destroy it. Furthermore, once there was a conflict, it would be a huge blow to the heavenly martial League.

Seeing the hesitation in his eyes, Wei Wuya's expression also softened. Lord po Jun, your brother is fighting against his enemy outside the wall. If you act rashly, have you considered the consequences?"

Yunxiao's face was unsightly as he loosened his clenched fists, his palms covered in cold sweat, as if the fierce struggle in his heart had come to an end. "Three points, first, stop the production of these killing machines immediately! Second, these killing machines must be used on the battlefield against the demons. Third, remove the seal on Meng Wu and Meng Bai and return them to me! As long as you can do these three things, I'll leave immediately."

Wei Wuya's brows furrowed as he snorted coldly. there are already a large number of martial artists in the process of production. Once they stop, they can't go back to the beginning and can only be wasted as materials.

I don't care what's happening now! Yunxiao said angrily. I don't care! But no one can be involved in this!"

we've already dug out most of the Warriors with potential in the realm of heavenly martial arts," Wei Wuya said. I can consider agreeing to this.

It was just a casual remark, but it sent a chill down Yunxiao's spine.

Almost all the powerhouses who could get a ranking in the fighter

Championship had been captured by them. Moreover, the secret experiments they had carried out previously had captured a large number of powerhouses.

“As for the second point, it’s definitely not a problem,” Wei Wuya continued, “after all, the demons are our ultimate enemy. This was a battle that couldn’t be co-existed. Everyone was responsible for the rise and fall of the world. As for the third point, hehe, hehe, you can do it in the future, but not now. ”

“Why?”

Yunxiao was taken aback. The first condition was already very harsh, but even Wei Wuya had agreed to it. Although the third condition was somewhat difficult, it should not be more difficult than the first.

“I have no comment on this matter,” Wei Wuya said. Lord po Jun, don’t be insatiable, otherwise this old master will have to send you off by force!”

“Hehe.”

I’m here for the third point, ” Yunxiao said with a faint smile. I’m here today for the third point.

Wei Wuya’s eyes narrowed as he coldly said, ” “Then Sir po Jun is going to tear our faces apart. I’m very curious about how many people you’ve brought with you to the divine realm tablet. Are you so confident that you can take down ganbo mountain? Did they move the entire heavenly martial League here?”

there are only a few of us, including me, ” Yunxiao said indifferently. if we can’t take down qianbo mountain, we can only kill as many as we can!

With a ” bang the sword in his hand burst into flames, and his killing intent soared!

“How arrogant! Kill! Kill him!”

Wei Wuya roared in anger and waved his hands.

The weapons of slaughter in the surroundings, which had long been unable to hold back, all roared. Their faces revealed cruel savagery, and with a roar, they surrounded and charged over.

“Sword World!”

Yunxiao’s sword momentum condensed, and the ice fiend Heart Flame exploded along with the sword Qi, shooting out in all directions. The world power of the sword was unleashed, and the area within a radius of a few thousand feet was filled with sword light, killing everything!

“Swish!”

“Swish!”

Blood splattered everywhere and gushed out. The vital parts of the few killing weapons at the front were instantly cut off, and their heads were separated from their bodies!

Yunxiao’s face was cold as he walked toward the killing weapons with his sword in hand. With every swing of the sword, a miserable scream would be heard as a killing weapon fell, killing more than ten people in the blink of an eye!

Wei Wuya’s eyes twitched as his heart ached. Although there were many killing weapons, they were all his blood, sweat, and tears. He roared, “damn it! He rushed forward.

Yunxiao felt a powerful force gathering in the sky. Wei Wuya clenched his fist, and then thousands of foul auras gathered and turned into a huge saber!

“The ruling blade!”

Wei Wuya roared as he teleported above Yunxiao and swung judgment down!

The sword realm suddenly shattered, and the killing weapons were knocked away by the violent aura. Yunxiao's power was suppressed in an instant, and his light shrank rapidly.

“Star sword slash!”

Yunxiao compressed his power to the extreme and poured it into the sword. A vibrating sound came from the sword death's Red slash, and a Lotus bloomed out of the powerful flame, with tens of thousands of sword beams shooting up into the sky!

“BOOM!”

The two forces were equally matched and turned into a terrifying pressure that shattered the sky. The entire mountain cracked and melted snow.

“Damn it!”

Wei Wuya was furious. He couldn't maintain his void realm for too long. After using the blade of judgment, he couldn't maintain it any longer and fell back to the divine sovereign justice realm. He hurriedly summoned all the killing weapons from all directions to rush at Yunxiao, while he himself retreated again and again, healing his wounds from a distance and watching.

These killing machines had no sense of pain or perception, only excitement and killing. Although they were like moths flying into the fire, they still fought to be the first.

Yunxiao frowned slightly. He had consumed a lot of his strength to resist the strike of judgment just now. If he was attacked by these things, he would be in danger.

An astral wind gathered in his left hand and suddenly turned into a hurricane. Within it was the shadow of a crocodile. The Gator heaved a sigh of relief, and the hurricane instantly turned into thousands of wind blades, slashing in all directions!

At the same time, he invited can and Yuan out of the divine realm tablet. As soon as they appeared, they immediately showed their skills and began to slaughter without restraint!

Wei Wuya's heart trembled with fear, but he felt even more pain in his heart. The killing weapons were like wheat that had been harvested, falling down one by one.

"Stop!"

Suddenly, a loud roar was heard, and the entire sky trembled!

Then, a dazzling beam of light shot up from the bottom of the mountain and turned into a green shadow. A palm stretched out of it and struck at Yunxiao! Sensing the danger, Yunxiao turned his palm and sent out the wind and cloud, 'let me handle the wind and clouds'.

"BOOM!"

When the two palm forces collided, Yunxiao felt his arm go numb, and he could not help but take a few steps back.

The newcomer was Wei Qing, who had already stepped into the realm of divine sovereign justice. With a cold expression, he launched several moves at Yunxiao without saying a word.

The two of them instantly began to fight in the sky, like butterflies dancing.

However, Yunxiao was retreating as he fought, and he was at a disadvantage.

"I've finally broken through!"

From afar, Wei Wuya's eyes lit up with excitement. Qing 'er finally broke through! With his talent and that treasure, he'll be able to reach the void tier sooner or later!"

Yunxiao was also shocked. It had only been a short while since they parted in the eternal world, but Wei Qing's strength seemed to have risen several levels. He was so fierce that even an ordinary divine sovereign realm expert would not be his match.

Besides, Yunxiao's strength had been reduced by seventy or eighty percent, so he could only be suppressed and beaten without any ability to fight back. He felt extremely depressed!

"Don't think that I'm afraid of you. I'm not afraid even if it's a tag-team battle!"

Yunxiao had been in danger several times, and he was forced to lose his temper. With an angry roar, he slapped his hand, and twelve golden beams shot out.

Wei Qing's expression changed drastically, as if he knew how powerful this thing was. He didn't dare to approach and retreated.

However, the golden light seemed to have a mind of its own and chased after him for tens of thousands of feet. It seemed to have locked onto him and was in hot pursuit.

Wei Qing's brows furrowed as he made a hand seal and shouted. The space around him spun, and he teleported back to Yunxiao with a mocking face.

However, in just a moment, his mocking expression froze on his face, because in a flash, six ding and six Jia also appeared at the same time and landed beside him.

Suddenly, a bad feeling welled up in his heart. Wei Qing looked around and saw that Liuding and Liujia were each making a different seal. Even their faces and shapes were vivid, and every time he looked at them, it seemed that their expressions had changed.

"Wei Qing, I'll give you one more chance. Agree to my three conditions, or else you and your father will be reduced to dust with the ganbo mountain today!"

Liu Ding and Liu Jia transformed into human-shaped adults and surrounded Wei Qing. Yunxiao performed a double-handed incantation gesture and appeared beside one of the puppets, staring coldly at Wei Qing in the array.

“Hahaha, I’ve heard the three conditions before! I wouldn’t even agree to one, let alone three!”

Wei Qing sneered, “to be able to mass produce godly state experts through the art of cultivation is a great achievement that can reverse the era and transcend time and space!” You actually want to call a stop, are you crazy?”

Yunxiao laughed out of anger and scolded, “What stupid words are you saying! You’re the crazy one! What would you think if I refined you into a killing weapon?”

“The heavenly Dao is heartless and looks down on everything.” Wei Qing laughed. The Saints were heartless and treated the people like dogs! Trash has no human rights and can only be at the mercy of Saints. Aren’t Saints like you and I also at the mercy of the heavenly Dao? Now that the demonic tribulation has come, these people will die on the battlefield. So, it’s better to exert more power and make more contributions to the realm of heavenly martial arts.”

“Ridiculous!”

even if I have to die, no one wants to die in such a cowardly way,” Yunxiao scolded angrily. you can use my body after I die! This is all your own evil intentions, yet you blame it on the heavenly Dao. Ridiculous, ridiculous, shameless!”

“Hehe, I’m ridiculous and shameless?”

Wei Qing suddenly laughed and said, “ the study of the Dao of human body techniques has a history of countless years. Especially after the demon master was sealed 100000 years ago, the rules of the ten directions were completely destroyed. It was developed to its peak.. However, why did the method of refining to become a God appear at this time? Have you ever thought about

Chapter2080-world law

Yunxiao's face flickered as he said in a cold voice, "What are you trying to

"Hahaha!"

Wei Qing laughed proudly and said loudly, "Li Yunxiao, you've already guessed it, but you just don't believe it. Hahaha, this is all the will of the heavens!"

Yunxiao felt a chill run down his spine. Under the heavenly Dao, all living things were like ants. He looked up at the sky and wondered if everything was the will of heaven.

Wei Qing looked at can, bi, and the crocodile, who were fighting in the distance. After killing a large number of killing weapons, they were also in a difficult situation and could only defend.

"These godly state killing weapons were created by the heavenly Dao to eliminate demons, and they represent the heavenly Dao's choice! No matter how unwilling you are, you can't change this fact! I advise you to turn back and stop now. I don't want to set off a bloody storm. No one wants to see too much internal friction Before the Devil tribulation."

"But if you insist on doing things your way, I'm not afraid!" Wei Qing said coldly with a cold expression.

He held his right hand in front of his body. The flame representing extreme yang and the ice representing extreme Yin turned into two colors and slowly rose in his palm.

Under the illumination of the two extreme lights, a foot-long treasure bottle was condensed. It flickered with silver light and had Scarlet beast patterns on it. Its power was astonishing.

The bottle continued to exude light, and the entire void shook with it. It was gently glued together with the formation force, squeezing each other like an undercurrent.

It was just that under this undercurrent, the space was compressed until it deformed, and all kinds of violent forces were extremely unstable.

The six ding and six Jia seemed to have a spirit of their own. Their expressions became serious, and the seals in their hands also changed, increasing the power of the formation.

Wei Qing's long robe fluttered violently. He said coldly, "War or peace, it all depends on your words!"

Yunxiao's eyes flickered as he said, "release Meng Wu and Meng Bai, and I'll leave immediately! Before the end of the demonic catastrophe, I won't care about the matter of the killing machine anymore!" This was already his bottom line.

Wei Qing had also sensed Yunxiao's bottom line, so he said in a low voice, "I can return the two siblings to you, but not now. I don't know how much you know about them, but they are related to a secret that I can't tell you for the time being. Give me a year's time, and I will return them to you in one piece.

Not only are they perfectly fine, but they'll also be two top-tier experts." "A year later? You're talking about the matters of the land, right?" Yunxiao flicked his sleeve and said coldly with his hands behind his back.

"You know about it?"

Wei Qing's pupils contracted and shot out a sharp light. After a long while, he slowly restrained his anger and said calmly, "No wonder. The heavenly martial Union was unimaginably powerful now, and with the help of mysterious separation Island, it was not strange for them to know the boundary of the land. Since you also understand the relationship between the two, then I will be direct. The power of the siblings comes from the land, and I need to obtain the power of the land. Not only for me, but also for dealing with the demonic tribulation." why do you have to get it? " Yunxiao said coldly. why must you get it? " It'll be of great benefit to me too."

Wei Qing snorted, "no matter what you say, I've been preparing for this for so long, how can I give up now?" I admit that I'm not as strong as you right now, but a starving camel is still bigger than a horse. If you don't open up a path for me, I can still turn the heavenly martial League upside down with the power I have! There's a saying that giving others convenience is also giving yourself convenience. If you do things too harshly, fate will end early!"

Yunxiao's anger surged. Wei Qing was acting like a hooligan, just like how he had dealt with Lu congzi in the ancient Devil's well.

Everyone had something they valued. Lu congzi was his own life, but what he valued was the fate of the realm of heavenly martial arts.

you! Yunxiao said helplessly and angrily, " swear to ensure the safety of the siblings and return them to me in one piece a year later. I also swore that I

would use these weapons to fight against the demons."

Wei Qing's lips curled up into a smile. With a flip of his right hand, he put away the yin and yang Qi bottle and ordered all the killing weapons fighting in the distance to stop and separate.

With a wave of his hand, Yunxiao withdrew the twelve divine beings killing formation, and the six ding and six Jia flew back into the divine realm tablet.

The extremely tense atmosphere disappeared in an instant.

"I knew that you're a responsible and responsible person, but you're too soft-hearted!"

if we don't have enough power to deal with the demon race, not only will these Warriors die, but their families, friends, and the entire realm of heavenly martial arts will also die! Wei Qing sneered. But now, they are the only ones who are dead. If they can give everyone a chance to live, they will die a worthy death!"

After receiving the order, all the killing weapons retreated behind Wei Qing. Their auras began to fall rapidly, falling from the return to reality realm to the state of the nine Heavens realm. They all looked listless and sluggish.

"Hmph!"

Wei Wuya snorted coldly and also appeared beside Wei Qing.

Can and Phoenix returned to Yunxiao's side, covered in blood and murderous aura, their faces filled with shock. Clearly, the existence of the killing machine had surprised them.

The crocodile turned into a whirlwind and returned to its miniature form, lying on Yunxiao's shoulder.

"Even if you die a worthy death, it's not up to you to decide!"

everyone has the freedom to choose," Yunxiao retorted. even if what you say is the best choice, you have no right to force others if they are not willing!

"Haha, I'm dying of laughter!"

li Yunxiao, are you still a child?! Wei Qing snorted. Scum had no human rights, only the strong were respected! The fate of the weak should be decided by the strong. This was the law of the world! My fist is big, so I can control their fate. Isn't this a truth that has never changed? Why did you suddenly become so stupid?"

Yunxiao was taken aback, and he did not know how to refute.

He naturally understood this principle and had always followed it. It was just that at this moment, he felt that something was wrong, but he couldn't tell what it was.

Can and Chan looked at each other. They did not seem to think that anything was amiss.

"Even if I don't control their fate, once the demons invade, their fate will still be controlled by them," Wei Qing said coldly. In other words, even if I'm as soft-hearted as you, the rules of this world won't change according to your benevolence. It's still the law of the jungle!"

He laughed scornfully. If you think you're so capable and think you're right, then go and tell the demons not to invade the realm of heavenly martial arts. Tell them to be merciful, to live in peace, and to build a harmonious world together!

Yunxiao was speechless. He had always been eloquent, but this was the first time he had been rendered speechless by the other party. He was completely dumbfounded and did not know how to respond.

Wei Qing waved his hand and said, "if there's nothing else, please go ahead. I won't see you out." A year later, I will definitely return the Meng siblings in one piece. I will also do my best to resist the demons." With his hands behind his back, he looked at Yunxiao coldly and arrogantly, his eyes filled with complicated emotions.

Yunxiao stood in the sky in silence for a while before he sighed and turned to leave with the two men.

Ever since he knew the mission of the master of the divine realm tablet, he had been following the path laid out by the heavenly Dao. He had completely lost his past carefreeness and had done many things that he did not like.

For example, he didn't like Wei Qing, he didn't like killing weapons, but he had no choice but to tolerate Wei Qing and the existence of killing weapons.

Alliance master Yun, " can suddenly said, " don't you feel a little depressed? you can't bear to see so many Warriors turn into walking corpses. It's as if your dignity as a warrior has been trampled on? "

Yunxiao turned to look at him, cupped his fists, and said, " "I hope Sir can dispel my doubts."

Can nodded and said, " it's just as that person said. Although you're responsible and responsible, you're indeed too soft-hearted. Gu Youyun, a kind person does not command troops. Perhaps you are really not suitable for the position of Alliance leader. However, due to the various connections, you have no choice but to be the alliance leader. The saying that scum had no human rights was absolutely right. You had never seen the scene of the devil race wreaking havoc in the heavenly martial realm. Usually, it was a city-wide massacre, with countless dead. Where was the dignity of those living beings who were killed like grass? They have no dignity, because they are weak."

Yunxiao hesitated, but can smiled and said, " "These martial artists have no dignity, because they are also weak compared to Wei Qing! However, even if they lose their dignity, they can still be of some use. They have much more dignity than those grass that have been killed by the demons."

The judge patted Yunxiao on the shoulder and chuckled. "Brother! When more people die in the future, you'll be numb to it. '

Yunxiao trembled slightly and felt a chill in his heart, but he knew that the two great demons were right, and even Wei Qing was right.

He let out a long sigh and shook his head. perhaps I'm too reliant on my feelings.

After saying that, he turned around and continued to fly.

Can and Phoenix smiled wryly as they 100ked at each other and shook their heads.

this kid is too soft-hearted," Shang said. he's not suitable to be the alliance leader. He's only suitable to be a small commander.

Can smiled and said, "you're wrong." Although he's not suitable to be the alliance leader, he's the most suitable person."

The referee was stunned for a moment before he said, "eh, what?" What did he mean by not suitable to be the alliance leader, but was the most suitable person? Your words have made me confused."

Can said sternly, " have you ever thought that perhaps it's because of his woman's benevolence and his hot-bloodedness that he's able to win the hearts of the people? that's why he's able to gather forces from all sides. Apart from ye qinyu, who else can take on the position of leader in the heavenly martial arts realm?"

"There is indeed nothing left," the referee shook his head after some thought.

“Not just the humans,” can said. With the two of us and lady Lin, his relationship with the monster race won’t be bad in the future. We’ll be the ones to ease the conflict between the two races. Besides, the princess of the sea Race is following him. In the future, only Yunxiao can unite the forces of the entire heavenly martial realm, and even ye Qingyu can’t do it. ‘

“That makes sense!” Shang nodded.

Can smiled and said, “ don’t think too much about it. Everything has its own will. We’re just doing our best and leaving it to fate.”

The two of them immediately turned into beams of light and chased after

Yunxiao..
