Chapter 2081: Sky-floating island

Somewhere in the northern region of the realm of heavenly martial arts, it was dark and gloomy, as if it had left the boundary of the realm.

The void was filled with terrifying power. From time to time, lightning would strike down and shake the void, turning into thousands of long snakes that spread in all directions.

Most of the lightning snakes dissipated on their own. A few of them were blocked by some kind of force and dispersed again.

A giant Halo emerged where the lightning snake had hit. It was like a dome covering the sky.

Under the cover of the Halo, the darkness inside was swept away, revealing a desolate land. It was actually a continuous stretch of green peaks, filled with endless vitality.

“The seventy-second one.”

On the mountain, a figure stood alone with his white hair tied up. He looked at the void outside the sky with a worried expression. did something really happen? ”

A young man stood behind him. He smiled and didn't think much of it, but he still said respectfully, “Master, this void Jade Lightning fragment is naturally formed. It's extremely normal to have more or less void Jade Lightning fragments,”

“Hmph! You're good with words, but do you know the weather better or do I know more? You're here to teach me a lesson?”

Master red copper was already in a bad mood. He angrily rebuked the man behind him and said, "Send more people to defend. Don't let go of any clues that seem wrong! If there's a problem, I'll cut off your head!"

"Yes!"

The young man's face changed, and he answered with a serious face.

"Chi Chi!"

Suddenly, another bolt of lightning appeared in the void. The moment it appeared, it flashed in front of him!

"Another one!"

Reverend purple Tong cried out in alarm. His eyes widened as he looked at the bolt of lightning. He felt that something was wrong.

"Master, this is just an ordinary green lightning, not the void Jade Lightning fragment!" The young man said anxiously.

"I know! You shut up!"

Reverend purple Tong was annoyed by his words. He cupped his hands toward the green lightning and said, "I don't know which Lord has arrived, please show yourself."

The green lightning flashed a few times in the air and immediately dispersed with a crackling sound, turning into a white-robed man. His eyes were like water as they fell on Reverend purple copper. "Floating Sky island's Red copper?"

"That's me, and you are?" Zi Tong quickly said.

I'm Li Yunxiao," the man in white cupped his fists and said.

Master purple copper and the other man both cried out in alarm, and their expressions became tense.

Yunxiao's pupils constricted as he asked suspiciously, "You recognize me?" Li Yunxiao! the young man's face changed. He's the reincarnation of martial sovereign Vanquisher, Gu Feiyang, and the leader of the heavenly martial Alliance, Li Yunxiao!

Yunxiao walked down from the void and said, "It seems that your floating island is not completely uninvolved in the affairs of the world. You have quite a clear understanding of the outside world.

He reached the top of the mountain in a few steps, but he was stopped by an invisible force.

A dome of heaven appeared in front of him, forming a hemisphere that covered a thousand miles.

Reverend purple Tong's expression was unsightly as he said bitterly, "No matter how unconcerned we are, how could we not know of such an earth-shattering event as the establishment of the heavenly martial Union? The sky-floating islands can be considered a part of the Saint-level."

Yes! Yunxiao nodded and said, "Should I open the barrier or come in by myself?"

The young man on the mountain shouted in shock, "Don't mess around!" This heavenly barrier can block the void Jade Lightning fragment. Now is the time when the lightning is wreaking havoc. If the barrier is opened and the void Jade Lightning fragment falls onto the floating Sky Island, it will be a great disaster!"

"Oh, after saying so much, you mean you want me to come in by myself, right?"

Yunxiao reached out and gently touched the barrier. A faint spirit pressure emerged between his palm and the barrier.

Reverend purple copper and the young man were both shocked. They couldn't help but swallow their saliva, feeling thirsty.

If an ordinary person touched the barrier, they would surely die, but Yunxiao was safe and sound, without the slightest discomfort.

“Could it be that there's a problem with the barrier?”

The two of them had the same thought. but that's not right. I just blocked a void Jade Lightning fragment earlier.

They saw Yunxiao's arm reach into the barrier, and their eyes popped out. Suddenly, they trembled, and joy flashed in their eyes.

At some point in time, a Nebula had condensed hundreds of feet behind Yunxiao. With a loud boom, a pale blue Thunderbolt pierced through the void and shot out from an unknown space, hitting Yunxiao, who was passing through the barrier!

“BOOM!”

A blue Thunderbolt exploded, filling Yunxiao's body with Thunderbolts and the like. The Thunderbolts crackled and spread out along the barrier, as if a blue firework had bloomed over the vast barrier, beautiful and gorgeous.

“Hahaha! ”

The young man clapped his hands and laughed out loud. He said

and is dead for sure! Hahaha!”

Reverend purple Tong was also stunned. He didn't think that there would be such a coincidence in this world. He stood there in a daze, not knowing if he was happy or sad.

Suddenly, the young man's laughter stopped, and Reverend Zi Tong's eyes also popped out. He opened his mouth and couldn't close it.

The blooming blue fireworks seemed to be fixed in place, and suddenly gathered towards the center. The scattered lightning could not escape, and all gathered together, turning into a blue ball of lightning.

It was spinning above Yunxiao's palm. Venerable purple copper replied, "Ge Ge."

'What an annoying thing.'

Yunxiao's eyes narrowed slightly, and golden lightning seemed to flash between his eyelids.

&Nbsp; he clenched his fingers, and the blue ball of lightning immediately began to spin, creating an ear-piercing screech as if it was trying to escape in fear.

As the ball of Thunder spun violently, it grew smaller and smaller, and the sound weakened as well. Finally, it disappeared from Yunxiao's fingers, leaving no trace.

Venerable purple copper and the young man were both frightened, and their legs were trembling.

They had been on the sky-floating island for many years and knew the power of the void Jade Lightning fragment like the back of their hands. Putting aside the fact that he was fine after being hit and even miraculously extinguished the lightning, even if he could withstand a lightning strike without being injured, he would already be a top existence!

Their hearts sank to the bottom, and their bodies turned cold. They knew that Yunxiao's strength was by no means something they could compete with.

After putting out the Thunderbolt, Yunxiao continued to reach out his hand, slowly reaching into the barrier and penetrating through it bit by bit. The barrier's power flowed through his body like water ripples, but it couldn't hurt him at all.

Their faces were like paper, completely devoid of blood.

“Zitong, I won’t waste my breath with you. There were only two things to do on the floating island. Where was Hua qianshu? How’s the situation in the tiandang mountains?”

Yunxiao flew down to the top of the mountain and stood in front of the two

men.

you are indeed here for him, ” master purple Tong said. Hua qianshu has already entered the tiandang mountains to carry out the most basic patrol.

Yunxiao breathed a sigh of relief and said, ” “How long have you been gone? how long will it take for you to come back?”

Zi Tong muttered, ”he’s been gone for half a month, he should be back by now, he he”

“What do you mean?”

Yunxiao’s heart jolted. He seemed to have seen something in Reverend purple Tong’s hesitant eyes.

“I’ve indeed been gone for quite a long time,” Zi Tong said with an unsightly expression.

he went alone? ” Yunxiao asked coldly. did he? ”

“It was brought by Sir Ren Xifan,” Zi Tong shook his head and said. “The master of the realm of spiritual flowers, Ren ximo!”

Yunxiao’s pupils constricted and shot out a fierce look, his eyes filled with vultures.

In the world of everlasting life, he had seen Ren Xifan and di Jia together. The two of them must have had a tacit understanding. Since Ren Xifan had come to

me uanuang mountams, Jia was most 11Keuy nere as well'.

A bad feeling spread in his heart, and his mood instantly sank. He shouted, "Open the passage! I want to go to the tiandang mountains!" "You can't!" Zi Tong was shocked.

Yunxiao suddenly stared at him and shouted, "What did you say?"

The killing intent in his body involuntarily burst out and invaded Zi Tong's skin and bones, causing him to tremble and take a few steps back. He felt cold all over.

Zi Tong's face was covered in sweat. He gritted his teeth and said, "Good! I'll open it!"

"Exalted one! You can't!"

The young man behind him was shocked and hurriedly shouted.

With a wave of his hand, Yunxiao turned a stream of stellar energy into a palm and shattered the space with a bang. The young man was sent flying, coughing out a mouthful of blood and falling into the mountains far away. No one knew whether he was Dead or Alive.

"My patience can be long or short. When it's short, it's your bad luck!" Yunxiao said coldly as he stared at Zi Tong and said, "if I can't take Hua qianshu away, there's no need for the entire floating island to exist.

Zi Tong's heart trembled and he said angrily, the responsibility of the floating Sky Island is to monitor the tiandang mountains. If something happens to it, how are you going to explain it to the world? '

'Lord Zi Tong, don't you think you're overestimating yourself? You speak as if you are the only one who can help in the tiandang mountains.'

Zi Tong was stunned for a moment and said in embarrassment, "at least I can notice the abnormality and report it back to the sacred zone so that they can make preparations." If we destroy the sky-floating island, we'll completely lose the surveillance of the mountain range."

shut up! Yunxiao cursed. don't talk nonsense with me! You're talking as if you're an important minion. The realm of heavenly martial arts doesn't lack minions like you, right? Hurry up and open the passage!"

Purple copper's head was fuming with green smoke, but there was nothing he could do. He was like a fish on a chopping block, so he had to submit.

He turned into a ray of light and disappeared from the mountain peak in anger.

Yunxiao's body also turned into a Thunderbolt, and with a flash, he disappeared.

The next moment, the two of them appeared in the middle of a group of buildings. It was a huge circular square, majestic and Grand. The surrounding pillars were also carved with all sorts of patterns.

Without a word, Zi Tong flew above the square and started to form all kinds of seals before flying into the four pillars.

The runes on the pillar seemed to come to life, flying around and shining with golden light.

A huge array immediately appeared in the center of the square. Light shot up into the sky, and countless runes rolled inside.

This immediately caused a commotion. Hundreds of figures flew up from all directions, and they all looked at Reverend purple Tong in shock.

“Why do we have to open the passage again? Has Sir Ren Xiyuan returned?”

“The ceremony doesn’t seem right. Lord Zi Tong doesn’t look too good. Did something happen?”

“Who’s that kid standing in the middle of the square? How come I’ve never seen him before?”

All sorts of discussions were heard, but because purple copper was the person in charge of the floating Sky Island, no one dared to come forward and raise

any doubts or objections..

Chapter 2082: Very silly and very naive

The talismans in the center of the square gathered in the sky in a regular order. A beam of light fell from it and spread out in all directions.

After doing all that, Zi Tong raised his eyes and looked at Yunxiao expressionlessly.

Yunxiao smiled, cupped his hands, and said, ” “You’ve worked hard.”

He strode into the light and his figure faded until he disappeared.

Zi Tong then waved his sleeve, and the runes that filled the sky immediately dispersed. All the light disappeared, and the square returned to normal.

All sorts of clamoring could be heard. exalted one, who was that person just now? ”

There was anger between Zi Tong's eyebrows, and he said with a dull expression, "Don't ask. All troops, prepare your defenses. The tiandang mountains might be changing soon."

He raised his head and looked into the distance, his eyes full of worry.

After Yunxiao stepped into the light, the scene around him became blurry. When it became clear again, it was a different time and space. In front of him was a new world with green mountains and clear rivers.

He looked at the scene in front of him. The clarity of the mountain range was somewhat dazzling under the light, making him feel dazzled.

After a long silence, he let out a long sigh and said, "In the end, I've returned to this place."

The tiandang mountains used to be a sacred mountain in the heavenly martial realm. Because of the crack, it had become an important stronghold for the demon race's invasion for countless years. It was also an ancient battlefield for the war between the two realms.

At a glance, the bell was agile and graceful, winding like a dragon, but it was a dangerous place. (f)ree

Countless years of battles had separated the mountain range from the realm of heavenly martial arts and turned it into a secret void. There were still traces of various battles left behind, and there were all kinds of strange terrains and secret restrictions everywhere. One could lose their life if they were not careful.

Yunxiao took out a coordinate pointer. As soon as it appeared above the tiandang mountains, it spun rapidly and exploded with a bang.

"As expected, the field energy is still so chaotic."

The needle relied on reading the energy of time and space to determine its position. However, the energy of this place was as chaotic as a vortex, and the needle was affected and destroyed on the spot.

“I can only rely on my divine sense to search bit by bit. I hope I can find some clues.”

Fortunately, there was no restriction on divine sense in the tiandang mountains. When Yunxiao spread his divine sense, it could cover thousands of feet, and he could hear every sound.

He identified the direction and turned into a bolt of lightning.

An hour later, he finally saw a figure. Within the mountain range, there were five people who were hurrying forward. They attached themselves to a towering tree, as if they were afraid of something and did not dare to fly.

The strength of the five people was only in the nine Heavens realm. Two of them were high -level martial sovereigns, and the remaining three were only in the middle stage. They walked in a very anxious and embarrassed manner, as if something was chasing them.

Yunxiao scanned the area with his divine sense and found nothing unusual within a thousand feet.

He was a little suspicious and immediately flew down, following behind the few people without making a sound.

The five people ran for a long time, and the spiritual energy in the mountain range began to change. It was mixed with a faint devil essence, which was almost unnoticeable.

But, Yunxiao’s sharp senses caught it, and the plants around him had also become demonic. Many unusual species had appeared, and their color had begun to turn black.

Yunxiao knew that there must be a crack in front of them, which was why the devil aura leaked out and interfered with the spirit Qi and vegetation in the area.

“Something’s wrong! Did we go the wrong way?”

A high-level martial Supreme said in shock, " guys, look! The surroundings seem to have been demonized!

He finally noticed the abnormality and stopped.

The other four people were also shocked and looked around. Their eyes were full of fear and panic.

"Could we have fallen into the demonic Spirit's illusion and returned to the original place?"

A mid-stage Martial Emperor said in a panic. The other people's faces immediately turned pale when they heard what he said. They seemed to believe him.

Yunxiao shook his head as he watched. There was no illusion here, or it would not have been able to fool his eyes.

"Don't overthink! We've been following the spatial coordinates, and we're getting closer and closer. There's no way we're wrong."

The other high-level martial Supreme appeared rather calm. He took out an astrolabe. A needle appeared on the astrolabe and was placed horizontally on the star map.

"Yes, the star map can't be wrong!"

The high-level martial Supreme from earlier gritted his teeth and said. He calmed down a little and said, "Let's continue on our way. The worst case scenario is just going back to where we started, so what are you afraid of? We originally ran out from the same place."

The three mid-stage martial sovereigns calmed down after hearing this. They followed the two of them.

But soon, the five of them stopped again.

Because the demonic Qi had become extremely dense, everyone knew that they had gone the wrong way. It was pitch-black in front of them, and the devil Qi was flowing like a river, making the five of them extremely uncomfortable.

“I really went the wrong way!”

The five people’s faces were extremely ugly. One of them said worriedly, “There must be a crack in front of us. Even if we don’t return to where we came from, I’m afraid we’ve entered another Tiger’s mouth. Even the star map is wrong, what should we do now?”

The high-level martial sovereign who was holding the astrolabe had a slight change in expression. “The star map is unlikely to be wrong. Perhaps what we’re seeing now is an illusion. Why don’t we continue moving forward?” how could this be an illusion? I must have walked in the wrong direction!

Another high-level martial Supreme shook his head immediately. He did not support this view. The other three also thought it was impossible.

All of a sudden, the high-level martial Supreme turned around and shouted in shock, “Who is it? Come out!”

The other four people were shocked and looked at the forest behind them vigilantly. They did not find anything strange with their divine senses, but they were in the tiandang mountains. They did not dare to be careless and were on guard.

Yunxiao walked out of the woods with an indifferent expression. He had intentionally let the five of them discover him. Otherwise, it would be impossible for the five of them to detect his existence.

“Who are you?”

“We don’t know you!” The high-level martial Supreme shouted in shock. You’re not from the sky-floating island!”

“Yingluo, are you MO Ling? Are you the one who led us here?”

The other four were also shocked. They all took out their profound level weapons and raised their aura to the extreme, ready to fight.

“MO Ling? Are you talking about the Warriors who died in the tiandang mountains, whose souls were contaminated by demonic energy and turned into evil spirits?” Yunxiao asked indifferently.

“Hmph! Stop pretending!”

The martial sovereign with the astrolabe shouted, “You’re not from the sky-floating island and we don’t know you. Now that it had appeared here, what else could it be other than MO Ling? Everyone, let’s kill him together!” He immediately put his palms together and slammed them forward.

The space was compressed and suddenly exploded, and the impact rushed toward Yunxiao.

The other four people were originally just on guard, but seeing their companion make a move, they didn’t think too much and used their ultimate skills at the same time, bombarding over.

“BOOM!”

Under the violent tremor, Five Forces came pressing down from across the air. The space around Yunxiao’s body was in a daze, and a faint light flowed, blocking the five Forces.

“What?”

The faces of the five people changed drastically, and their eyes became filled with despair.

With a faint smile, Yunxiao raised his hand and performed an incantation gesture. The glazed light shield around him flickered, and the five attacks were immediately shattered. The five of them were sent flying, and the plants thousands of feet around them vanished.

Although the five of them were sent flying, they discovered that they were not injured, and in their surprise, they turned around and ran.

However, the space buzzed, and no matter how hard they tried to run, they felt extremely tired. Their limbs became very slow and sluggish.

What was even more depressing was that after running for a while, he was shocked to find that he was still in the same place!

don't worry," Yunxiao said with a faint smile. I'm a normal person. I'm not a devil spirit.

He retracted his eye technique, and the five of them immediately fell to the ground, eating dirt on their faces.

"You're asking for senior's help, are you really not MO Ling?" One of them mustered up the courage to ask.

Yunxiao did not answer. what's the matter with you?" he asked. what's going on?" Where are you escaping to in a hurry?"

Only then did the five of them relax a little. If the other party was MO Ling, he would have taken their lives directly instead of talking so much nonsense.

As for why the person in front of them was so unfamiliar, the five of them didn't find it strange.

Other than the official entrance to the sky-floating island, there were a few other passages in the tiandang mountains. As long as one was strong enough, they could tear open space and come here. There were indeed experts who often did this, so it was not surprising to see them occasionally.

"We're the patrollers of the sky-floating island. We accidentally entered a crack and encountered a demon spirit. He couldn't win, so he fled." A martial sovereign said. His face was slightly red as if he was embarrassed.

have you seen Hua qianshu? ” Yunxiao asked. have you seen her? ‘

The five of them were stunned. One of them said, ” Lord Hua qianshu is with us too. However, he is in charge of patrolling in another direction.

Yunxiao’s pupils constricted as he asked, ” ‘Which direction? Do you have a mission? And how do we contact each other?’”

A high-level martial Supreme answered honestly. ” Sir. a total of sixty-four

patrol inspectors have come this time. They’ve been divided into eight teams under the leadership of Sir Ren Xifang. They’re thoroughly inspecting the crack to see if there’s any dangerous mutation. It was impossible to contact each other in the tiandang mountains, so Ren Xifan had given everyone an astrolabe. Once they found something, they would immediately follow the instructions on the astrolabe and return to their starting point. However, I don’t know why, but the astrolabe is wrong.”

Yunxiao’s heart stirred, and he immediately understood Ren Xifan’s thoughts. He reached out his hand to the other high -level Martial Emperor and said, ‘

“Give me the astrolabe,”

The high-level martial sovereign’s expression changed. He placed the astrolabe behind him and said, ” “Senior, please forgive me. I can’t hand it over.”

Yunxiao smiled faintly, and his eyes shone with killing intent as he said in a cold voice, If that’s the case, then you can go to hell!” He opened his palm and grabbed at the Martial Emperor.

The other four people were all shocked. They didn’t expect that this person in front of them, who seemed to be friendly, would suddenly attack.

“Senior, what are you doing!”

The high-level martial Supreme was so scared that his face turned pale. He quickly backed away and said anxiously, " I'm the patrol inspector of the sky-floating island. You can't kill me!

those who disobey me will die even if you are really the patrol inspector of the Isle of Sky, " Yunxiao said with a sneer. I'll kill you. Not to mention that you're merely possessed by a demon spirit. If you want to live under this young master's eyes, aren't you very foolish and naive?"

Chapter 2083 - Mutated Rift

The other four people were all shocked, and then their faces showed a look of realization, as if they were thinking.

The Martial Emperor moved in panic. He performed an incantation gesture with both hands in front of him and unleashed a huge palm print to resist Yunxiao's grab. what are you talking about, senior? I don't understand!

"That's why I said you're so silly and naive." Yunxiao smiled faintly, a mocking smile on his lips.

"BOOM!"

The giant palm instantly crumbled upon contact with the force of the grab. It was like an ant trying to shake a tree or a Mantis trying to block a car!

The Martial Emperor shrieked in pain and turned to leave. However, how could he escape? his entire body was fixed in place, and his face became ferocious. Demonic Qi kept surging out of his body.

"As expected!"

The other four martial sovereigns were shocked and could not help but retreat. They finally understood why following the astrolabe would lead them back to their original spot.

“Argh! You should die!”

The demonic energy that gushed out of the martial sovereign’s body slowly condensed into a figure, holding a black saber in his hand and slashing wildly in the air. A large amount of demonic energy spread out, trying to break the power of yumaa’s claw!

But how was that possible? the claw landed and with a bang, the figure was crushed into pieces, completely disappearing.

The Martial Emperor powerhouse’s face was pale as if he was seriously ill. His eyes gradually focused and he immediately understood what had happened. He hurriedly went forward and bowed. “Thank you, my Lord, for saving my life!” it’s nothing, ” Yunxiao said. now, take me to Ren Xifan with the astrolabe.

“Yes!”

The martial sovereign was in fear and trepidation, but he was also particularly happy that he had managed to survive. It was the same for the other four. With the addition of such a strong person, their safety was also guaranteed.

The martial sovereign immediately turned the astrolabe, and the coordinates on it changed immediately. It was indeed not what they had been pointing at.

“My Lord, please come this way.”

The Martial Emperor made a respectful gesture of invitation, but Yunxiao did not move. Instead, he turned his head and looked in the direction where he had just been.

“What’s wrong, my Lord?” the Martial Emperor asked, stunned.

As soon as he finished speaking, the space in front of him twisted, and a surge of demonic Qi rushed out. Inside the demonic Qi, a large number of demonic fiends were crying out. Three ten directional vicious

spirit fiends appeared behind demonfiend. Their six eyes emitted an ominous glint as they pounced over.

‘Ok! Ten directional brutal souls!’

The five martial sovereigns ‘faces turned as white as a sheet. This thing was an immortal state being. One of them was enough to kill all of them, let alone three!

“Has the rift mutated?”

Yunxiao’s expression flickered slightly as he looked at the three ten directional vicious fiends and hundreds of fiends. He raised his hand, and a flash of lightning gathered.

“BOOM!”

The lightning condensed into a seal in his palm and he slapped it forward. Under the loud noise, all the devil race creatures were blasted into nothingness. Even the devil Qi was swept away, and the clear sky returned.

The five martial sovereigns ‘mouths were wide open as they were completely petrified.

“Since it’s already mutated, I’ll go take a look.”

come with me,” Yunxiao looked back at the five people and said. you can come with me.

“Yes! Yes, my Lord!”

The five men shuddered and finally came back to their senses. They wiped the sweat off their foreheads and followed Yunxiao closely.

The Thunderbolt just now had cleared all The Fiend energy in the vicinity. Yunxiao caught the faint fluctuation of fiend energy, and the six figures rushed forward.

A moment later, a crack appeared in the mountain range ahead, revealing a Canyon.

It was filled with a shocking demonic Qi that rolled and rolled, making it impossible to look at.

Yunxiao's face was solemn as he cast an eye technique and stared at the valley. The plants inside did not die, but were completely demonized, becoming strange and strange.

“Rumble!”

A low rumble came from the valley, as if a huge chariot was slowly moving.

All of a sudden, a demonic light shot up and flashed in the air. A monstrous aura instantly exploded and a ferocious beast that was completely black appeared. It opened its mouth and spat out a stream of demonic flames!

“BOOM!”

The demonic flame turned into a line of fire and fell down, covering the six of them like meteorites!

Yunxiao held the sword in one hand and thrust it into the ground, while his other hand performed an incantation gesture to congeal an energy barrier and spread it out, enveloping the six of them.

“BOOM!”

The boundless demonic flame shattered on the sword World and shook in all directions. The entire mountain peak trembled and was cut off by hundreds of feet, but the six of them were still intact.

The faces of the five martial sovereigns behind Yunxiao had turned pale. This terrifying power was beyond their imagination. They were all wondering who the man in front of them was.

this is interesting. In the demon world, are there such demonic beasts other than demonic fiends, ten-directional brutal souls, and the Demon King? ‘ Yunxiao flew up, raised the sword, and slashed down like a crescent moon!

“Whoosh!”

A huge crack appeared in the sky, and it struck the demonic beast’s body. With a “ bang “, it was cut into two!

The demonic beast didn’t even have time to wail before it was cut in half and fell into the valley, completely disappearing.

The five martial sovereigns were completely dumbfounded. Their eyes were wide open. Such terrifying strength. Who on earth was this young man? Was he still human?

“The five of you, stop here and don’t leave!”

After giving his orders, Yunxiao flew into the valley and hid in the demonic mist.

“Yes, yes!”

The heads of the five people shook like screening chaff. How could they dare to wander around in this place? the five of them immediately formed a barrier and carefully guarded against it.

Yunxiao soon landed at the bottom of the valley and found that it was an abyss that led to an endless underground. A moment later, he finally arrived at the regional wall.

what a strong demonic Qi. Has it changed? ‘

Yunxiao stretched out his hand and slowly touched the regional wall. Immediately, the demonic light struck his arm like an electric shock, making a crackling sound.

Yunxiao's face turned slightly serious as he reached his hand into the hole again and activated a demonic technique at the same time. Hundreds of demonic runes emerged on his body, sucking all the demonic energy away. In an instant, the demonic energy turned as bright as ink, as if it had sucked blood.

Suddenly, Yunxiao felt a burst of irritation in his heart. His eyes turned as dark as an Eagle's as he stared straight at the regional wall. A strong desire spread in his heart, and he wanted to walk into it.

"You can't!"

A rational voice rang out in his heart. He suddenly jerked up. A glass light flashed on his body, and the mo matrix all over his body disappeared.

The moment the demonic patterns disappeared, the pressure on his arm increased by a hundred times. The demonic light turned into lightning again and struck out. With a bang, he was knocked back dozens of feet before he could stabilize his body.

"That was close!"

Yunxiao was covered in cold sweat, and his face was a little white. He stared at the regional wall for a while and thought to himself, 'I'm not going to let you go. Once he used his demonic technique, he would be able to adapt to the power of the demonic realm. However, that feeling was like losing his clear spiritual altar and going crazy!

He suddenly remembered the method of entering the realm that Lu congzi had taught him. He recited it in his heart and stared at the regional wall, eager to try.

"Forget it! Maybe next time!"

After a while, Yunxiao finally sighed and shook his head. If we really enter the Devil World, we don't know what the situation will be like. Let's find Hua Qianshu first!

He turned and turned into a bolt of lightning, piercing through the demonic barriers and disappearing from the regional wall.

After a long time, in the darkness in front of the regional wall, light slowly appeared, there were hundreds of them.

There were pairs of eyes, big and small, of different colors. The only similarity was that they were filled with haze and killing intent, so cold that there was no trace of emotion.

The real bodies of the Roe deers were revealed. They were hundreds of magical beasts of all shapes and sizes. They just looked ahead and walked slowly. When they arrived in front of the regional wall, they suddenly made strange movements.

These magical beasts were all kneeling towards the regional wall!

They crawled on the ground and didn't dare to raise their heads.

Three human faces slowly appeared on the regional wall, followed by the curves of their bodies that slowly seeped out.

The three of them were all wrapped in black robes, and the one in the lead let out a long sigh, as if he was extremely uncomfortable with the situation here and was panting.

After the three of them appeared, many magical beasts prostrated themselves even lower. Some of the magical beasts in the front row were even trembling violently, as if they were extremely afraid.

"Ran, did you see that young man clearly?"

The long-robed leader spoke. His eyes flickered under his robe and were extremely sharp.

“I’ve seen it clearly. It’s indeed the power of the devil Emperor.”

The long-robed puppet on the left said slowly, “ although it’s not pure enough, that kid must have obtained a portion of the demon Emperor’s power and cultivated it accordingly.

“Dammit! We didn’t grasp the opportunity that came to us!”

The person on the right cursed. Demonic flames burst out of his body, and he was extremely angry.

“Qing, are you blaming me?” The man in the middle said indifferently.

“Hmph,” he snorted.

The demon on the right snorted and stopped talking. It was obvious that he was reproaching her.

“Since lady Zhi didn’t make a move, she must have her own reasons. Please don’t blame her.”

“Reason? Hmph!”

Qing snorted coldly, “didn’t we tear open the crack to get the emperor’s power?” Now that it’s been delivered to my door, you don’t want it, and you still want to reason with me?”

Zhi chuckled. the trajectory of the two worlds has just been aligned. A large-scale descent of the devil race is about to arrive. Why are you in a hurry? Don’t forget that in this tiandang mountains, in addition to the realm power of the heavenly martial realm, there is also the power of the seal left by the experts of the heavenly martial realm, which also has a great suppression on us. If we really fight, we might not be able to keep that person.”

“What? You’re overestimating him!”

Qing was dissatisfied. he's only at the level of a Demon Lord. If we were in the demon world, we could easily fight him however we want!

"Hehe."

Yi smiled calmly and said, " you also know that it's only possible in the devil realm. This is the territory of the realm of heavenly martial arts. You have to obey the rules of the realm of heavenly martial arts. If you don't behave, you'll be the one who gets beaten.

"I still don't believe that he can escape from the three of us," Qing said disdainfully.

Zhi replied, "he's already gone. It doesn't matter if you believe it or not." However, I've already memorized this brat's aura. Once we get used to the rules of this realm, we'll get him back sooner or later. The most important thing now is to get used to the rule force before the other demons." alright, she's already gone. There's no point in getting angry.

"I've waited for so many years, I don't care about these few days," Qing said, regaining his composure.

With a wave of his hand, the magical beasts that had gathered let out low growls and retreated while trembling. Soon, they disappeared..

Chapter 2084 - Saint Devil Hall

After rushing out of the abyss, Yunxiao joined the five men and headed in the direction indicated by the astrolabe.

After flying for more than an hour, the martial sovereign who controlled the astrolabe could not help but frown. The other four people also seemed to have noticed something and felt that something was not right.

"What's wrong?" Yunxiao asked.

The martial sovereign stopped in a hurry and bowed. 'Milord, the situation is not right. After walking for a long time, it doesn't seem to be the path we took before.'

Yunxiao nodded and said, "Let me see the astrolabe."

The martial sovereign presented the astrolabe with both hands.

Yunxiao scanned the area with his divine sense, and his body glowed with a faint white light that enveloped the entire area to sense the changes in the space. "The astrolabe's coordinates are indeed in front of us. It didn't lose its function due to the field energy's interference," he said after a moment. "How did this Yingluo become like this?"

The martial sovereign said in shock, "master, haven't you noticed? I feel the same as before. It's as if there's a demonic Qi fluctuation. There might be another crack ahead.

even you can feel it," Yunxiao snorted coldly. how can I not?" Perhaps Ren Xi Fang wanted you guys to go to the rift."

"What? We don't understand.' The five martial sovereigns looked at each other.

cut the crap! Yunxiao said. let's go.

The six of them continued to follow the coordinates on the astrolabe, and sure enough, the same situation as before appeared. The demonic Qi gradually increased, and the front began to become blurry, with no end in sight.

is this a restricted area?!

One of them exclaimed and stopped in his tracks, not daring to move forward.

what is a forbidden zone?" Yunxiao asked.

“It’s an extremely dangerous place that has yet to be explored,” the martial sovereign explained. There were more than ten such places in the tiandang mountains. This is because this place has been the battlefield of the war between the two worlds for countless years. There are countless traps and seals here.”

Yunxiao fell silent. He recalled that the place he had stepped into in his last life was most likely a forbidden zone.

However, the tiandang mountains were too big and it was difficult to determine the direction. Otherwise, he would have wanted to go and explore again.

“Do you have an accurate location for these dozen or so places?” he asked.

“My Lord, there are detailed records, but we can’t locate them,” the martial sovereign said. This is because the field in the tiandang mountains is constantly moving. It’s fine if it’s only for a short period of time, but it’ll definitely change after a few months.” alright, ” Yunxiao sighed. forget it.

The six of them continued forward and were soon shrouded by the demonic mist. The range of their divine sense and eyes became shorter and shorter.

The demonic mist was somewhat similar to the one outside the ancient Devil’s well, but its power was far less than the last time, so Yunxiao was almost unaffected.

“Wait a moment.” this fog has interfered with the astrolabe’s coordinates, ” Yunxiao suddenly said. follow me.

He led the way alone. Although the five martial sovereigns were shocked, they did not dare to disobey him. They followed him carefully.

By sensing the source of The Fiend energy and using his powerful divine sense, Yunxiao followed the flow of the energy.

After the time it took to brew a cup of tea, they arrived at an open area. The fog was even denser, and they had to circulate their essence force to resist it; otherwise, they would feel extremely uncomfortable.

“This is a Kasaya.” a relic! Yunxiao suddenly cried out. a relic!

In the center of this open area, a huge Palace stood on the ground. Although the demonic fog blocked their vision, they could still clearly see the outline of the palace. It was different from ordinary halls, but it did not affect its magnificence.

“Ruins? What ruins? Is this really a restricted area?”

The five martial sovereigns cried out in surprise. However, they could not see clearly at all with their vision. The five of them jogged forward for a while before they could gradually see the outline.

“DA! How did this happen? This was a demonic Hall! Heavens!”

One of them exclaimed. The other four were also shocked.

Yunxiao had also noticed that the building was not quite the same as the one in the heavenly martial realm. Frowning, he said, “A Palace of the demon race? Why would it be built in the tiandang mountains?”

One of the martial sovereigns swallowed and said with difficulty, “We don’t know about that, but there are a total of 17 forbidden zones, and it’s rumored that there are demonic halls there. I didn’t expect it to be true! But what about Sir Ren Xi Fang?”

Apart from the majestic demonic Hall, no other living beings could be sensed in this open area.

Yunxiao spread out his divine sense and made sure that there was no one within thousands of feet. Then, he immediately sent his divine sense to the demonic Palace, only to touch a restrictive barrier and find that it could not penetrate it.

“Maybe Ren Xifan is inside,” Yunxiao said.

His eyes flickered, and he didn’t dare to be careless. This demonic Hall was majestic and imposing. Just its aura alone gave him a sense of oppression. It was definitely not an ordinary thing.

“In the Kasaya, Kasaya.”

The five of them were shocked and in disbelief, but they also unconsciously believed it.

are you going to stay outside or come in with me?” Yunxiao asked.

“Ah?”

“My Lord, are you going in as well?” one of them asked.

“Of course!” Yunxiao said. Otherwise, wouldn’t we have come for nothing?” my Lord, you’re bold because you’re skilled,” the man said bitterly. we’re different. Please let us discuss this.

The five of them discussed for a while, then shook their heads, not daring to enter.

alright,” Yunxiao said with a smile. then, the five of you will wait for me outside. Be careful.

“Be careful, my Lord,” the five of them said simultaneously.

Yunxiao strode toward the Great Hall. The mountain-like pressure gradually grew stronger as he approached, and he felt a little stuffy in his chest. Yunxiao was shocked. He had never heard of a Palace being built in such a strange way.

As they got closer to the palace, a gust of wind suddenly came from nowhere and hit the palace door, making an ancient and dull sound. It was as if time and space had been opened and the earth trembled.

“Boom boom boom!”

The huge door opened directly in front of Yunxiao. It was pitch black inside, and he could not even see his fingers when he stretched out his hand. An astonishing demonic aura, almost tangible, rushed out and hit his body, putting him under great pressure.

what’s going on with this demonic Hall?!

Yunxiao was horrified, but he was very bold and stepped in directly.

As soon as he landed, the two huge doors closed with a bang. Yunxiao felt that it was not only the door that was closed, but the entire space was also sealed.

Suddenly, ghostly flames flickered in the hall, and with a “Teng Teng Teng” explosion, the hall was illuminated.

At the top of the hall was a magnificent throne, and a man sitting on it was looking at Yunxiao quietly with a cold smile on his face.

An old man stood beside the man. He had a humble expression and stood there peacefully, ready to serve at any time.

Yunxiao’s heart was put at ease when he saw them.

The unknown was the scariest thing, and he knew the two people in front of him. They were di Jia and Ren Xifan.

“I didn’t expect to meet you here, how have you been?”

Yunxiao calmed himself down and cupped his fist as he said with a smile.

I saw you outside the demonic Hall, " di Jia said with a faint smile. I knew you would come in.

you know me very well, " Yunxiao said with a smile. you know me very well.

it's alright, " di Jia said. you're also the kind of person who is killed by curiosity.

I'm indeed very curious, " Yunxiao said. there are two other purposes for this demonic Palace.

it doesn't matter if I tell you, " di Jia chuckled. you're going to die anyway.

"Ah? It can't be?" what? " Yunxiao blinked and asked, " aren't we acquaintances? " yes, " di Jia nodded gently. but I've never judged strangers when I kill.

why? " Yunxiao smiled wryly. why do you want to kill me? " For the sake of power?"

Di Jia said, " the devil essence and part of your memory in your body. You were the master of the divine realm tablet. These are all reasons for your death. But since we are fated, it's not a waste for us to get to know each other. I can answer any question you have." His eyes flickered, as if he appreciated Yunxiao's look very much and could not bear to see him die.

it looks like you're sure of me, " Yunxiao said with a smile. are you? '

Di Tia nodded and said."yes." This demonic Palace was my Palace in the

heavenly martial realm. It was called the Saint Devil Palace. It was also a very powerful profound level weapon. With my current strength, I can unleash its full power, so you have no chance of survival."

Yunxiao's heart skipped a beat. It was the demon Lord's bedroom! No wonder his aura was so overwhelming!

“If there’s nothing else you want to ask, then let’s go,” di Jia said. He stood up, as if he was going to do it himself.

Yunxiao hurriedly reached out his hand and shouted, “Wait! I have a lot of questions, one by one! First of all, why have you come here? what is your purpose?”

Di Jia looked at him indifferently. naturally, it’s for this demon Palace. I’m now in control of the demon Palace. Not only have I recovered my strength very quickly, but I also have an extremely powerful profound level weapon. At the same time, I also hope to find a crack that is strong enough to let me return to the devil realm. I still have some things I left in the devil realm that can help me recover.”

“I see.”

among the patrol inspectors of the floating island who came with you, there is a man named Hua qianshu,” Yunxiao said. he is my disciple. Where is he now?

Di Jia frowned and looked at Ren Xifan beside him.

Ren Xi Yuan quickly bowed. master, there is indeed such a person. His Demonic Cultivation is the most profound. He is currently on the seventh floor of the palace.

“Okay, I understand.”

Di Jia nodded, then turned to Yunxiao and said, “That disciple of yours is quite talented and his Demonic Cultivation is excellent. I’ll grant him a great fortune.” what good fortune? ” Yunxiao asked in shock. what good fortune? ”

Di Jia smiled. you don’t have to worry. He will live well. Actually, as long as you’re willing, I can let you be my first demonic servant and lead all my subordinates. This way, you won’t have to die and you can meet your disciple again.” do you think I’ll agree? ” Yunxiao asked gloomily.

Di Jia sighed and shook his head, “Definitely not. That’s why I said you’re dead for sure.” He raised his hand, and the demonic light swayed in his palm.

wait! Yunxiao hurriedly said. wait! I'm not done with my questions!"

"Unfortunately, I have no more patience," di Jia said coldly.

"Magic light flash!"

With a wave of his arm, a terrifying demonic power instantly shot down like lightning and thunder!

Chapter 2085: Powerful creature

Yunxiao did not panic in his shock, but instead, he retreated.

However, he suddenly realized that he had been confined by a force. Not only was the surrounding space as strong as an iron wall, but even the ground where his feet were standing seemed to have a suction force of ten thousand Jin, shackling him!

"Ta ta ta!"

He staggered a few times and almost lost his balance while retreating!

"Sword Art, slay demons!"

Since he couldn't Dodge, he could only strike with his sword!

The sword death's Red slash caused a fiery light to rise up, and it intertwined with the sword Qi, transforming into a Dragon and flying over!

“BOOM!”

The demonic flash was directly split in half by the sword, turning into rolling demonic flames that flowed from both sides.

Holding the sword tightly, Yunxiao circulated his energy and cast the bright glass body, which reduced the pressure on his body and allowed him to withstand the suppression of the Saint Devil Palace.

“Not bad!”

Di Jia praised, but his face was cold. With a flash of demonic light, he disappeared.

Then, the entire Hall rumbled and trembled. An ancient curse sounded in the hall, and the surrounding demonic Qi was like Boiling River water, rolling down.

In the demonic Qi, a tall shadow appeared indistinctly with an imposing aura!

Yunxiao fixed his eyes on them and could not help but be shocked. There were three giant spirits in the demonic aura, all of whom looked like di Jia, but their expressions were different, which were mocking, cold, and indifferent.

The three giant spirits seemed to have separated from their three-headed and six-armed Dharma forms, each occupying a position. They formed hand seals at the same time and struck toward the center.

“BOOM!”

The demonic Qi in the surroundings soared to the sky, and as the three palm prints flew around, the shrill sound of the wind whistling filled the hall.

Yunxiao transformed into three heads and six arms as he gave a loud cry. Golden light bloomed from his body, and his muscles swelled as a great force pushed the Saint Devil Hall away.

It was as if a Golden Lotus had bloomed in the boundless darkness!

As his six arms formed hand seals, the Golden talismans danced and instantly formed the three seals of “floating life,” “mortal world,” and “heaven and earth,” which struck in all directions!

“BOOM!”

The seal shattered the spatial shackles and collided with the Three Dharma Seals. The terrifying spiritual pressure shook the world. The hall shook and the space was completely distorted.

“Master! I’ll help you!”

When Ren Xiling saw Yunxiao’s courage, she cried out in shock and grabbed at the air with both hands. A bronze battle armor appeared in her hands and flew toward him!

Yunxiao was fighting against di Jia, who seemed to have borrowed the power of the entire Saint Devil Hall. The impact force from The Three Faces was like a rolling wave, stacking up layer by layer, making him feel even more pressured!

“Roar!”

The heaven’s eye between his eyebrows flashed and a ball of light suddenly burst out. The astral wind broke out of his body and directly turned into a wind blade, like a huge half-moon, and slashed towards Ren Xi Xi!

“Bang!”

Ren Xixi was instantly sent flying. The astral wind whirled in the air and turned into a crocodile. With a “whoosh” it pounced and chased closely.

Ren Xiqi was shocked. She couldn’t care about di Jia anymore and ran away with the war hou.

At the same time, Yunxiao felt that he could not hold on any longer. His opponent’s power was endless, as if there was no end. However, his own spiritual energy was plummeting, and it was getting more and more difficult.

The expressions of di Jia's three faces gradually converged. They all had cold looks on their faces and a ferocious smile on their lips, as if they were deliberately trying to drag Yunxiao down.

Yunxiao's DuDiIs constricted and turned blood-red as he looked over and

shouted, "Tian que!"

The power of his eye technique combined with his Warlock god level spiritual power almost materialized. A layer of white light appeared on the surrounding demonic Qi and it began to die out rapidly.

Everything that his eyes could see turned into nothingness!

Di Jia's Dharma idol happened to be facing Yunxiao's eyes, so he was the first to be attacked. He closed his eyes, changed the incantation gesture in his hand, and pressed forward against the force of Tian que!

"Boom boom boom!"

The spirit pressure swayed, pushing forward the momentum of collapse.

Yunxiao's internal organs were tumbling violently, and blood oozed out of the corner of his mouth.

This also confirmed his guess that di Jia was deliberately suppressing his power, trying to drag him down completely.

Although he didn't know what the other party was thinking, it seemed that the other party didn't want to take his life.

At the critical moment, can and Yuan also flew out of the divine realm tablet and turned into two golden lights to attack the two avatars.

The three practicing bodies' expressions changed drastically, and they became gloomy.

What Di Jia was uncertain about was Yunxiao's divine realm tablet, and he had no idea how many experts were inside.

Originally, with his strength, if he could control the Saint Devil Hall completely, he could directly see what was going on inside the Saint artifact. However, his current strength was less than ten percent of his peak, so he could not do this at all.

Two of the Dharmakaya Masters changed their hand seals and attacked Can and Phoenix.

However, they were no match for the two of them. The two great demons attacked each other, and the terrifying power rushed up and instantly shattered the two dharmakayas, as if mountains had collapsed!

Yunxiao immediately felt the pressure on him greatly reduced. At the same time, his figure flickered as he retracted the three incantation seals and combined them into one in the sky, striking at the Dharma idol in front of him!

"BOOM!"

The third practicing body was also no match for it. It exploded on the spot and turned into endless gray smoke.

The entire distorted space returned to its original state as the three avatars collapsed. The hall became quiet, and there was no sign of anyone or sound.

Even Ren Xifang had disappeared.

After the crocodile lost Ren Xifang, it crawled slowly on the ground, its eyes full of depression and hostility.

this is the Xuanji Saint Devil Hall?!

Can and Phoenix returned to Yunxiao's side and looked around, then cried out in surprise.

what do you know about this Palace? " Yunxiao asked happily. do you know anything about it? "

Can said in a deep voice, " this Palace used to be the residence of the demon Lord. It is also an extremely powerful profound level weapon. If that person just now can control this Palace completely, we will be in trouble! He looked worried.

that man just now is the demon Lord's clone, " Yunxiao said. he is the demon Lord's clone.

Can and Ying were both shocked. Can said anxiously, " "Then hurry up and leave! Otherwise, we'll be in danger!"

His five fingers closed together like a blade and slashed towards the void!

"Swish!"

Wherever the hand-blade passed, a black line streaked across the air. There was not a single crack in the space, and can's expression immediately changed.

"Since he's the devil Lord's avatar, I'm afraid he can already control this Hall!" Yi said in a deep voice.

Can's expression was ugly to behold. this item might not be a Saint weapon, but it's an existence that can contend against Saint weapons. Back then, it suppressed a large number of powerful cultivators and killed them almost instantly!

"Tsk tsk, I was wondering who it was. Seems like the two of you should be the remnants of the past, right? if not, you wouldn't know about the Saint Devil Hall."

A figure flashed on the upper throne, and di Jia appeared again. He sat on the throne and looked at the three with a mocking face.

“Devil Lord!”

Can and Phoenix were both shocked. They seemed to be extremely afraid of that face, and their faces were pale and bloodless.

“Hehe, don’t be afraid. I’m no longer the demon Emperor of the past. I’m not so violent. My name is Dijia. The two of you can choose to be my servants and spare your lives. You can also choose to put up a stubborn resistance and die.” Di Jia smiled faintly.

“Hmph! We weren’t afraid of you back then, so why would we be afraid of you now? It’s just death. Who hasn’t died since ancient times? leave behind a loyal heart!”

Yi said coldly, his eyes full of ridicule.

“Pa pa pa pa!”

Di Jia clapped his hands and laughed. you have a backbone. You have a strong character. You are indeed worthy of being the one who could fight with me back then. But do you think you’ll be fine just because you’re dead?”

“What do you mean?” the referee asked with a frown.

I’ll show you one thing, ” di Jia said with a smile. I didn’t expect the tiandang mountains to be a treasure vault.

He snapped his fingers, and with a ” PA ” sound, Ren Xi Fang also appeared beside him. With a smile on her face, she took out her battle armor and waved it gently in front of her, drawing a symbol and scattering it into the surrounding space.

Then, many powerful auras gushed out from the darkness around the hall. Then, pairs of violent eyes appeared and closed in.

“What are these?”

Yunxiao was taken aback. These powerful auras were ancient and shocking.

He suddenly thought of something. It was the demonic beast he had killed in the sky above the demonic Valley. He had the same feeling.

The things around him gradually became clear. Indeed, there were a large number of demonic beasts. Their entire bodies were filled with demonic Qi. They stood quietly on both sides like statues, waiting for orders.

Yunxiao could not sense any spirit Qi or vitality from these demonic beasts. They were like puppets who had been bewitched and had no self-consciousness.

hehe, these are all powerful creatures that have fallen in the tiandang mountains for countless years!

Di Jia’s eyes lit up and he laughed, “ I kept them because their physical bodies are strong and immortal. I can use them now!

I see! Yunxiao cursed. I didn’t expect you to have a habit of controlling corpses!

“These three words are really unpleasant to hear.”

“Kill them all,” di Jia sneered and waved his hand.

The aura of the surrounding demonic beasts instantly exploded. They let out a series of roars and charged forward.

“Damn it!”

Yunxiao and the other two's faces fell. If they were outside the hall, it would not be difficult to kill these things, but the Saint Devil Hall had directly suppressed half of their strength, so it would be difficult for them to resist if they were besieged again.

brother Yunxiao, " Yi said anxiously. how many experts are there in the divine realm tablet? " Summon all of them and kill them!"

just the three of us, " Yunxiao said with a forced smile. lady Lin is the only one left.

Can and Phoenix were instantly stunned.

"Hahaha!" Can laughed madly and said heroically, " "No matter! These things will be a disaster sooner or later, so we should kill as many as we can now!"

A cold glint flashed in his eyes as he rushed towards the magical beasts and tore one apart with his bare hands in an instant! A large amount of demonic Qi burst out with a bang, but there was no blood.

Yunxiao and the judge were also inspired, and they rushed to the left and right at the same time to fight!

if he didn't die at the hands of the demon race a hundred thousand years ago, he'll just die now!

Chan rushed to can's side and joined in the fight. She laughed and said, " "I wonder if our brothers from back then are still waiting for us underground!" don't say such disheartening words, " Yunxiao said gloomily. I don't want to die with you! He raised his sword and cut off the heads of a few magical beasts. Then, twelve golden lights shot out from his body.

"BOOM!"

"BOOM!"

"BOOM!"

The six Ding and six Jia transformed into giant statues the moment they landed on the ground. A layer of dense golden light appeared on their bodies, and tens of thousands of runes flickered.

The giant spirits floated around their bodies like armor, each holding a light blade and slashing at the demonic beasts!

Chapter 2086-battle of demonic soldiers

“Swish!”

With each slash, several demonic beasts were killed. After demonic Qi burst out of their bodies, only their shriveled bodies were left, which were shattered on the ground.

twelve divine beings?” di Jia was shocked. twelve divine beings!

He stretched out his right hand and grabbed in front of him. The entire space was like a curtain, and it wrinkled up with a pull.

Then, di Jia’s left hand kept making hand seals and pointing. The Great Hall exuded a magnificent power, and a wave of dense power instantly pressed on the twelve gods!

Liu Ding and Liu Jia’s movements became sluggish, and a large number of magical beasts pounced over. All sorts of attacks bombarded the puppets, causing circles of light to ripple. The armor-like giant spirit possession also began to fluctuate.

Yunxiao was secretly surprised. Not only Liu Ding and Liu Jia, but even he felt the pressure several times greater than before, and he could barely stand.

From the corner of his eyes, can and Phoenix's expressions had also changed drastically. However, the demonic beasts were not affected in the slightest. They were all extremely excited as they continued to attack.

"Your sister! How can we fight this!"

Yunxiao cursed, his eyes bulging out as he roared, "Since this Hall is weird, I'll smash this broken Hall first!"

Dou Shuai Heavenly Mountain flew out from his hand and six-colored light shone. It turned into a huge divine mountain and crashed towards di Jia's throne!

"What?"

Di Jia was also a little flustered. The powerful earth element emitted by this thing was soul-shaking, and even he was shocked.

"Mirror image!"

Di Jia shouted, his hands formed a seal and slapped in front of him.

A ray of demonic light, like a mirror, extended out and blocked the Tusita peak.

The mountain crashed into the demonic light, but there was no explosion as expected. Instead, the mountain was crushed into the mirror. Although the mirror was also distorted, it did not break.

Yunxiao was taken aback, and his eyes were filled with horror.

The "mirror image" technique should be a spatial replication, which could move the Tusita peak to another space. It was similar to opening a passage, but it was much more advanced.

Di Jia was also constantly extracting the demonic power from the surroundings. He could only easily cast it with the power of the Saint Devil Hall.

“Pipa!”

With a flash of lightning and a white flash, Yunxiao teleported to the Tusita peak and clenched his hand into a fist, then the purple lightning turned into a Dragon and shot out!

“What? Stop!”

Di Jia was shocked as he watched the purple dragon hit the mirror image!

“Bang!”

The mirror-like demonic light shattered instantly, and the Tusita heavenly peak reappeared. It spun upward and crashed into the throne!

“BOOM!”

Under the head-on collision, the mountain and the great Hall trembled, and the terrible aftermath of the impact shot out in all directions, knocking Yunxiao and di Jia, who were the closest, away.

The Tusita Peak’s light did not diminish as it continued to press down on the throne, slowly rotating. The entire Hall became turbulent, and the throne showed signs of collapsing.

The pressure on Yunxiao and the others was immediately reduced. The six ding and six Jia trembled and shook off the attacks, then raised the light blade and slashed down again!

“Hahaha!”

Can and Phoenix were overjoyed as well. Under the suppression of the earlier attacks, both of them were covered in injuries and were vomiting blood. He was already filled with anger and depression.

After the suppression suddenly disappeared, the two of them burst out with wild roars and tore the surrounding magical beasts into pieces with their bare hands to vent the hatred in their hearts!

At this moment, the entire Hall's space became chaotic. It was a sign of a spatial storm!

Li Yunxiao! Di Jia cried out in anger. Li Yunxiao! Quickly take back your profound level weapons, or else you will all die!"

"Oh? I'm very grateful that Lord Di Jia is concerned about me. "

Floating above the Tusita peak, Yunxiao sneered and cupped his hands to show his gratitude.

Di Jia was so angry that his heart was blocked, and he said angrily, " "Do you think this mountain can destroy my devil Hall? In his dreams! I just don't want the demonic Hall to be damaged. If you continue to be so stubborn, you'll still be the ones to die!"

After he finished speaking, he flew up and landed on the top of the throne. His hands formed an incantation gesture, and the demonic talisman rotated around his body.

Immediately, hundreds of black rays gathered from all around the hall and circled around the throne, resisting the Tusita sky peak. The terrifying spiritual pressure turned into bolts of lightning that shot in all directions.

Yunxiao was also calculating in his heart. With the magnificence and magnificence of the demonic Palace, it was indeed not something that Tusita heavenly peak could easily destroy. Moreover, the six-colored light on the peak was constantly weakening, but it had only caused the space of the hall to tremble, not cause any substantial destruction.

However, Di Jia's expression grew uglier and uglier. Before his strength increased, the Saint Devil Hall was his strongest weapon. If it was damaged too badly, it would be a huge blow to his strength.

However, with his current strength, he could not bring out the full power of the Saint Devil Hall, or he would have killed Yunxiao and the others long ago. And now, he was in a sorry state under the pressure of the Tusita heavenly peak.

A large number of jewels and gems embedded in the throne were shattering, and the Tusita peak was also shaking violently. A large number of soil and stones were falling, and it felt like it was going to perish together with the mountain.

Suddenly, a figure flashed above the throne, and a white light flew down. It was a woman.

Both Yunxiao and di Jia were shocked at the same time, and they cried out in surprise, "Xiao Hong!

The woman was none other than Xiao Hong. She gave Yunxiao a glance, then made a hand seal as she landed, which was exactly the same as di Jia's, and slapped her hands on the throne with a bang!

Suddenly, a ray of demonic light bloomed, and the runes on the throne circulated. The gemstones that were about to shatter became bright, reflecting five-colored light!

"BOOM!"

The throne exuded a vast and mighty force that suppressed the six-colored radiance. The soil and rocks on the Tusita heavenly peak crumbled even more as a large amount of dust and gravel fell!

Yunxiao immediately felt that the Tusita heavenly peak could not hold on any longer, so he hurriedly performed an incantation gesture and took it back.

A backlash force invaded his heart blood, and he was injured with a muffled groan.

big brother Yunxiao, are you alright?"

Seeing this, Xiao Hong frowned and showed some concern.

A figure flew over the hall again, carrying a coffin on his back. It was Jing Qi. He looked at the demonic beasts with a pale face. He was surprised and surprised.

Yunxiao grunted and looked at her coldly as he said, "What are you doing here?"

Di Jia was also shocked and stared at her. Both of them were the avatars of the devil Master and were natural enemies. They both wanted to devour each other to help themselves.

Xiao Hong pointed at di Jia and said, "if he can come, why can't I?" so, you're going to join forces with him to kill me?" Yunxiao asked.

no! Xiao Hong shook her head in a hurry and said, " why do you say that, big brother Yunxiao? of course not. It's just that I want this Saint Devil Hall as well, and I don't want big brother Yunxiao to destroy it. '

if you can stand on the side of the heavenly martial realm and not dance with the fiends, " Yunxiao said, " I can join hands with you to kill di Jia and help you get the Saint Devil Hall.

Upon hearing this, di Jia's face changed greatly.

Xiao Hong was pleasantly surprised, "really?!" Xiao Hong was born in the realm of heavenly martial arts, and strictly speaking, she is also a member of the realm of heavenly martial arts. Of course, she would not dance with these demons. "

"Di ye!" Di Jia said angrily. Don't forget why our race wants to attack the realm of heavenly martial arts. Do you dare to let down such a mission so easily?"

"I'm sorry, you got the wrong person. My name is Xiao Hong." Xiao Hong sneered. The person you're talking about no longer exists."

Di Jia was even more furious, but he was also afraid.

haha! Yunxiao laughed. then what are we waiting for?! Let's join forces and kill him!" He laughed wildly and attacked di Jia with his sword.

Xiao Hong also made a sudden move. The ice fiend Heart Flame rose in her palm, dancing along with her white clothes.

The two of them had a strong understanding of the heavenly Dao, and they cooperated very well. Their moves were airtight, and they actually vaguely merged into a dense net that suddenly covered them.

Di Jia was shocked. This kind of attack that benefited both sides gave him a sense of palpitations and shock, as if it had touched some fragments of his memory.

Although the three of them were not demon emperors, they were all inextricably linked to demon emperors and were inseparable from each other. Especially when he used his devil essence, that subtle connection was even more difficult to describe.

"BOOM!"

Di Jia transformed into three heads and six arms to fight with the two. After a few palms, he was no match for them and retreated one after another. Soon, he was forced into a corner and had no way to go.

"I'm furious!"

Di Jia roared, his eyes filled with boundless anger. I am the true inheritance of the demon Emperor! You two imitations, quickly return my power!"

His six arms made hand seals, and the stars and clouds rotated around him. A great power fell through the air, and the surroundings around his body became dark and uncertain.

Both Yunxiao and Xiao Hong were taken aback. They looked at each other, and their eyes immediately became clear as they unleashed their three-headed and six-armed Dharma at the same time.

Di Jia's body was black, Yunxiao's was golden, and Xiao Hong was white.

The magnificent power fell on Yunxiao and Xiao Hong at the same time, and the three forces immediately turned into a Nebula and suppressed each other. A terrible storm was brewing in the middle.

Di Jia's eyes widened and he roared. He turned his right hand and grabbed the weapon. He pulled it out. It was a bronze battle axe, Alay Xuanzang!

Yunxiao and Xiao Hong also reached out with one hand, and the sound of weapons being dragged came from the void, like grinding teeth, making people tremble and feel uncomfortable.

Clang! Clang!

A row of chains broke out from the void with a clatter and formed a Nebula around him, forming a formation.

Yunxiao raised an eyebrow, his face solemn.

He had only grabbed the demonic weapon in his hand once before, and it was the metal chain he had used against Lu congzi in the ancient Devil's well, ahe fansha!

Xiao Hong took out the agama bone Cleaver and held it horizontally in front of her. The blade was overbearing and sharp, almost as long as her body.

As soon as the three weapons appeared, it was as if time and space had stopped. Only three figures were left in the entire world, facing each other.

Both Yunxiao and di Jia had a solemn look in their eyes, but Xiao Hong's eyes were bloodshot with excitement. "Kill!" He rushed forward first.

Aghan's bone Cleaver swung in the air and appeared above di Jia's head, cutting down sharply.

“Dang!”

Alay and the Xuan ‘GE charged forward. As the two weapons collided, the wind and clouds stirred, and time and space rotated!

A powerful force was released from the weapons, as if it was sucking the two of them in, and they stood there motionless.

Everything was still, and only the demonic weapons were flashing. A strange feeling descended on everyone’s heart..

Chapter 2087: Six DAOs space

what’s going on?!

Yunxiao was also in disbelief. As di Jia and the little red Weapon struck each other, he seemed to be pulled by someone and teleported to an unknown place.

This place was neither the tiandang mountains nor the Saint Devil Hall. Instead, it was a strange stone Forest with stone pillars of different sizes that reached the sky.

“Bang!”

The silence between di Jia and little red was suddenly broken. The two weapons collided with each other, making a crisp sound, and then separated.

The two of them also looked around in surprise.

Di Jia's body trembled and he suddenly said in shock, "Six paths of space!" what's the six realms?" Yunxiao asked. what is the six realms? "

Di Jia's face was solemn. Looking at the endless stone pillars, he said in a deep voice, "This is the internal space of the six paths demonic weapon. The six paths demonic weapons were one, and although there were six of them, they only had one mysterious six paths space. Even I know very little about it, and the number of times I've come in is very limited. But it requires three or more mo weapons to open this space."

"That should be the work of the three of us,"

Yunxiao glanced at the mystic artifacts in their hands and felt that the chains in his hands were very heavy. "Then how should we get out? I can't even sense the direction of the space."

"Go out?"

Di Jia smiled eerily. in the past, only the demon Lord Monarch could communicate with this space simply. Even though every time he came in, there was a strong element of luck. One had to know that the six paths demonic weapon was a heavenly Saint weapon of the demonic world, and even Saint demons couldn't control it. Back then, the demon Emperor was extremely talented, but he was only controlled by the six paths demonic weapon." controlled by the demonic weapon of the six paths?!

Yunxiao was taken aback and felt quite strange.

Di Jia nodded. the six paths demonic weapon will not be controlled by anyone. It represents the strongest power in the demonic realm. The Masters of the demonic weapons are actually servants of the demonic weapons. However, this 'servant' status is something that countless Holy demons have yearned for over hundreds of millions of years, but can't obtain."

"I see!"

Xiao Hong's expression was completely different from the two of them. She didn't look worried at all. Instead, she licked her lips and seemed very excited.

I'm only concerned about how to get out of here," Yunxiao said. I'm not worried about you.

Di Jia smiled faintly and said,"sorry." I don't know either. If I had the complete memories of the devil Emperor, I might be able to piece together a way to leave. However, the three of us didn't get all of it, so we can only laugh." He

blinked and said, "why don't the two of you give me the power of the demon Emperor? I'll be responsible for bringing the two of you out." &Nbsp; "Get lost!" Xiao Hong said coldly. Why don't you just go to hell?"

Di Jia carried Alay Xuanzang on his shoulder and sneered, " "Then there's no other way. Everyone, be prepared to stay here for the rest of your lives."

Xiao Hong looked at him with a ferocious expression and said coldly, " "Who said we're going to stay here forever? Big brother Yunxiao and I will kill you and take back your memories. After that, I'll join hands with big brother Yunxiao to find a way to leave."

Di Jia looked at her and couldn't help but be vigilant. Alay Xuanzang was in front of him and he sneered, " "You're daydreaming!"

Although Yunxiao felt that Xiao Hong's words made sense, he felt an unspeakable sense of discomfort and discomfort when he saw her ferocious and terrifying expression on her delicate and young face.

"Big brother Yunxiao, make your move! Kill him!"

Xiao Hong let out a shrill cry as white flames burst forth from its body. It slashed out with its saber.

"Bang!"

"Bang!"

The two of them immediately engaged in an intense battle above the Stone Forest. Each of their attacks contained great power. Their weapons shook and shattered the void, but they could not destroy the Stone Forest.

Bored, Yunxiao looked around carefully, trying to find a way to leave.

The artifact space was endless and could last for hundreds of millions of years. If he didn't have a way to leave, he might be trapped forever.

When this thought rose in his heart, he couldn't help but feel a chill. He completely lost the will to fight.

But Xiao Hong was right. If they really couldn't find a way out, they could kill di Jia and take his memory. If the two of them worked together, they might be able to find a way out.

Although di Jia and Xiao Hong were locked in a fierce battle, and the crisp sound of their weapons shook Yunxiao's mind, he soon calmed down and began to observe his surroundings with the great expansion divine technique.

The space of six paths was ancient and quiet, with no devil Qi or spirit Qi. It was like a vacuum, ancient and distant. Even in the fierce battle between the two, Yunxiao's heart gradually calmed down.

He slowly sat in the void and began to form hand seals to enter meditation.

There was no demonic Qi or spiritual Qi here. He didn't know why he was sitting cross-legged in meditation, but his heart was unusually calm. He wanted to return to a kind of pure heart, as if he would be one with the world.

Time slowly passed in his heart. He fell silent and completely forgot himself, leaving only eternal silence.

In that extreme "silence," there was a hazy feeling. What was originally an empty space suddenly had a color. It was a touch of green, and it began to become real.

“What?”

Yunxiao’s heart stirred. In surprise, he felt that he had discovered something.

The green color began to become clear in his calm heart, as if it had come from an infinite distance and had come here for some unknown reason.

“This light doesn’t feel strange to me. What is it?”

Yunxiao’s heart sank as he carefully sensed the beam of light, not daring to touch it with his divine sense.

Although the light was gentle and warm, he had a feeling that if he touched it, the consequences would be very serious.

After an unknown period of time, the light condensed and took form. It suddenly flowed slowly towards his mind.

Yunxiao quivered and opened his eyes. He immediately snapped out of his daze, and a sense of extreme danger and death spread in his heart!

In the extremely dangerous moment of life and death, he suddenly came to a realization!

All kinds of past events emerged in his mind. When he died in the tiandang mountains, it was also a beam of reincarnation light that hit him, which brought him into the reincarnation of heaven and earth and made him reincarnate into Yunxiao.

This light could kill or live, and the kun had no one to rely on. If it hit, if it was lucky, it would be reincarnated. If it was unlucky, it would die completely, and its soul would be scattered!

Back in the red moon City, the ghost kings great Wheel of Samsara had condensed a projection of the light of Samsara, and just the power of the projection had almost wiped them out.

At the moment of life and death, Yunxiao could not think anymore. With a loud roar, he condensed the ice fiend Heart Flame in his left hand and the Brahma purple Thunder in his right hand, then suddenly combined them in front of him and struck at the light of reincarnation!

Di Jia and Xiao Hong, who were in the middle of a fierce battle, were frightened by Yunxiao's movements. They immediately separated and stopped to watch.

The light of reincarnation was shapeless and invisible. He had comprehended it when he was at his 'extreme state of silence', and it was completely within his 'state of mind'.

The purple lightning and the heart Flame merged into one and instantly appeared in his "heart realm" to strike at the light of reincarnation!

"BOOM!"

The two world powers collided with the light and immediately dissipated. A terrifying impact spread in his 'heart', and he instantly spat out a mouthful of blood!

"Pfft!"

Yunxiao's aura weakened sharply, and he trembled and broke out in a cold sweat.

A green patch appeared on his chest, and a seal spread out, taking up more than half of his chest.

If not for the fact that his heart was made of rainbow stone, his heart would have been shattered on the spot and he would have entered reincarnation!

big brother Yunxiao, what's going on?!

Xiao Hong was shocked and quickly flew over, asking with concern.

Di Jia's eyes were also filled with shock and confusion. He looked at Yunxiao in surprise, not understanding how he had suddenly been seriously injured.

"I'm fine," she said.

Yunxiao reached out a hand to stop Xiao Hong, who was about to help him up. He took a deep breath and said with a look of having just survived a disaster, "I'm fine," she said.

The feeling of death just now left him with a lingering fear. At this moment, his forehead was covered in cold sweat and his fingers were trembling.

The Brahma purple Thunder was condensed by the realm power of the heavenly martial realm, while the ice fiend Heart Flame was born from the power of the rules of the devil realm acting on the rainbow stone. The two realm powers were both extremely overbearing, and they only managed to survive under the joint attack.

big brother Yunxiao?" Xiao Hong asked suspiciously, "why would big brother Yunxiao get injured?"

Yunxiao did not say a word. Suddenly, green and white runes began to spin around his hands, giving off the feeling that they were two realms.

His body also began to become blurry under the effect of these two world powers.

"This is a Kasaya."

Yunxiao was taken aback, and his body was involuntarily pulled by the dark force, instantly disappearing from the six realms.

Xiao Hong was startled. She suddenly realized that her body was also being torn apart by a force, and she was about to leave this space.

Di Jia, who was not far away, did the same. However, di Jia's expression was even more indifferent as he said, " It takes three demonic weapons to open the six paths space. After Yunxiao leaves, we can't stay in this space with just the two of us.

As soon as he finished speaking, the two of them disappeared.

In the next instant, the three of them returned to the Saint Devil Hall.

Di Jia and Xiao Hong's expressions were ugly. As they were fighting with the demonic weapons, they had consumed a lot of energy and could no longer maintain their strength. The demonic weapons dissipated from their hands.

Yunxiao's face was as pale as paper as he sat cross-legged in the air to recuperate.

The area of the shadow in his heart was even more difficult to calculate. The two people in front of him had fought to the death and nothing had happened to them. He had been quietly acting like a handsome man, but he had almost died.

At this moment, the scene within the Saint Devil Hall was extremely tragic. The ground was covered with dismembered corpses, and can and Chi Zhan were covered in blood. Their strength was weak, but they still stood tall and upright.

On the side, Ren Xifan was fighting with Jing Qi. Their eyes were red and their bodies were covered in blood.

Jing Qi and the fiendish God corpse puppet were both infected by the demonic Qi, and their skin began to rot.

Ren xiqian's body was covered with white livor mortis, and her lips had turned purple from the poison.

Suddenly, a distant voice came from the sky above the hall. Several lights flickered, and a powerful aura broke through the sky and turned into figures.

“That’s Yingluo.”

Everyone was shocked when they saw seven majestic figures appear in the sky. The auras on their bodies were abnormally powerful, and they were all divine sovereign realm experts. However, their faces were gloomy and filled with demonic patterns. They were actually possessed humans!

“Hua qianshu!”

Yunxiao looked at one of them and cried out in a trembling voice!

Chapter 2088: follow me into the Devil ‘s Path

Among the thirteen demonic shadows, one of them had a dignified face and a stern expression. There was a faint Black Flame jumping in his heart.

As Yunxiao cried out in alarm, he also looked over, and his pupils constricted! Their gazes met in time and space, and they could not separate from each other!

“Hahaha! ”

Ren Xi Fang laughed hysterically and said, ” “Have we finally succeeded? The 13 people who have the strongest Qi of true spirit in the tiandang mountains, hahaha!”

Demonic Qi lingered around the 13 people. Although they were only in the divine sovereign realm, their auras were as imposing as mountains and could overturn the seas!

Di Jia also smiled, exhaled, and said slowly, ” “More than forty people went in, but thirteen survived. Not easy, not easy. You’re all very good and obedient. You’re all qualified to be my most loyal servants.”

Hua qianshu looked at Yunxiao for a while, and her shocked expression gradually calmed down. She said lightly, "Is it master?"

Yunxiao's heart trembled slightly, but he still forced himself to remain calm and said, "You've joined the devil?"

The corners of Hua qianshu's lips curled up into a smile, and there seemed to be some mockery in her eyes. She smiled and said, "Possessed? Didn't I already enter back then? Right now, I've only managed to stabilize my Dao heart."

Yunxiao's heart was unusually heavy as he said, "You come with me."

"Leave? Where to?"

Hua qianshu was stunned for a moment and did not think much of it.

let's go to my territory," Yunxiao said. I'll help you expel the demonic Qi.

"Hahaha!"

Hua qianshu laughed out loud and said in disdain, "Expel demonic Qi? Back then, you did the same stupid thing and were played like a fool. Are you going to do it again?"

I was not strong enough back then," Yunxiao said in a deep voice. things are different now. I'm confident that I can expel all the demonic Qi from your body and return your original Dao heart!"

"Original Dao-heart?"

Hua qianshu's eyes narrowed and she said coldly, "My current Dao heart is my original heart. What's with the 'return'? Master, you were wrong back then. If it wasn't for your obsession to exorcise the demon for me, you wouldn't have caused so much trouble and ended up dying here."

With a fierce look in his eyes, Yunxiao looked at Ren Xifan not far away and said in a cold voice, " back then, it was your plan to lure Hua qianshu into the Devil's Path, right? "

Ren Xi Qian shivered as she felt a chill run down her spine under his gaze. She laughed and said, " "Not bad! Back then, Cangwu Qiong and I thought of cultivating demonic Arts to break through the shackles of martial arts. The heavenly martial realm's rules were lacking, but the devil realm's rules were not! The tiandang mountains are the bridge between the two worlds. It is also the place we planned to break through to the immortal state. However, if you want to comprehend the laws of the devil World, you have to cultivate devil techniques, but those techniques are too dangerous, so I have no choice but to find some white mice, hehe."

When Hua qianshu heard that, a trace of anger flashed past her eyes. However, her expression was as calm as water, without any ripples.

When Ren Xiling saw Yunxiao's angry but helpless look, she became even more unscrupulous and laughed wildly. "Back then, I was in charge of the matters of the sky-floating island. I know the tiandang mountains like the back of my hand and have made many preparations. Hahaha, Hua qianshu was just one of the mice. We knew that he wasn't talented enough, so we wanted to drag you down with him. Unfortunately, you're too much of a scum. You actually died in the mountains, and our plan fell through!"

Yunxiao sighed and ignored his madness. Instead, he said to Hua qianshu calmly, " "Qianshu, come back with me."

His eyes were as clear as the moon in the sky, untainted by a single speck of dust.

When Hua qianshu's gaze met those eyes, she could not help but shiver. It was as if her heart was touched. She quickly turned her head and said, " "You can leave! There's no turning back now. Moreover, the current me is the Dao heart I want to pursue, so there's nothing wrong with it. On the other hand, you, master, have made so many mistakes in order to save me. '

Yunxiao nodded and said, " I've found out from ancient books that someone in the East Sea was possessed by the devil. Later, the devil nature was expelled. That's why I went to the eastern sea to seek techniques, killed countless people, and stained my blood."

Hua qianshu said coldly, " the lives of hundreds of millions of sea tribe members have not woken you up. The one who is stubborn is not me. It is you, my dear master!

but, " Yunxiao said with a miserable smile, " every time I see your painful look and shout, 'master, save me', I will do everything I can without hesitation.

Hua qianshu's expression changed slightly, and she scoffed. "My demonic heart was unstable back then, but it's different now. And you still have a weak heart, how can you become a strong person like this? Master, why don't you join me in becoming a devil?"

"Possessed by the devil?"

Yunxiao did not know whether to laugh or cry as he shook his head sadly. "Hehehe, Hua qianshu is right. Li Yunxiao, you have devil essence and devil cultivation techniques, and even your heart is a rainbow stone, but you don't have a real Devil Heart. How can you do that?"

Di Jia licked his lips and said longingly, " "As long as you pledge your allegiance to me, you will be the number one person under me!"

Yunxiao rolled his eyes at him and said indifferently, " "Isn't it good for me to be above you? Why should I be your subordinate? am I crazy?"

Hmph! di Jia snorted coldly. since you're so stubborn and have given up the opportunities I've given you so many times, you can't blame me! A cold glint flashed in his eyes as he shouted, "the thirteen of you, listen up! Kill all these people!" Especially her!" He pointed at Xiao Hong.

Xiao Hong's face was pale, but she didn't panic. She only got into a fighting stance and stayed alert.

"Yes!"

The thirteen demonized martial artists 'eyes were filled with killing intent. Hua qianshu's face also started to turn ferocious, and demonic patterns flashed on her body.

hahaha! Hua qianshu, I'll leave li Yunxiao to you! Go and twist his head off! Ren Xixi laughed wildly.

Hua qianshu's eyes turned cold. In a flash, she appeared behind Ren Xifan and slapped her hard!

("0%! What are you doing?"

Ren Xiqi was shocked. He never thought that Hua qianshu would suddenly attack him. Moreover, he and Jing qidou were both injured. How could he Dodge it? he could only raise his war hou and stab it.

"Swish!"

The puppet fighter missed its target and was caught by Hua qianshu's left hand. Hua qianshu then slapped the puppet fighter's head with her right hand. Demonic Qi poured into the puppet fighter's head, and blood flowed down from the top of his head. His face was covered in blood.

Hua qianshu said coldly, " I am Lord di Jia's servant. I am not your servant. Who

Do You Think You Are? how dare you order me around? " Bah!"

A mouthful of thick phlegm was spat on Ren Xifang's face, mixing with the blood.

Ren Xi Fang's eyes slowly lost focus. She raised her trembling hand and reached out to di Jia. Her eyes were full of reluctance to live and she was begging to be saved.

Di Jia wiped the bridge of his nose and said lightly, " "What Hua qianshu said is right."

Ren Xifan's trembling hand stiffened and she lost all signs of life.

Di Jia looked at Ren Xifan's body and said, " although your physical body is not strong enough, you are still a powerhouse of your generation. Try to make use of the waste as much as possible.

He made a hand seal with one hand and injected an incantation seal into Ren Xifan's body. The corpse immediately trembled and began to slowly climb up from the ground. *freewe&novel.com*

However, the corpse's eyes were listless, and it was completely like a puppet. The blood from the top of its head stopped after a while, and it flowed all over its face.

"Let's go. Kill all these people."

Di Jia waved his hand and said lightly.

The 13 demonized martial artists immediately flew down, and eight of them headed towards Xiao Hong.

Ren xiqian also roared and pounced on Jing Qi.

"Master, I've never forgotten to cultivate all these years. However, no matter how hard he tried, his talent was limited and he was unable to break through to a higher realm. Only under Lord di Jia's appreciation can I be given an unlimited future, and I am willing to prostrate in front of Lord di Jia, regard him as my master, obey Him for life, and never betray him."

Hua qianshu walked toward Yunxiao and said, "I hope that master can follow

Lord di Jia like I do.

Yunxiao looked at him calmly and said, "My disciple qianshu, back then, master was unable to save you, and it was always a regret in his heart. Seeing you in such a situation today, I feel even more pain in my heart. Even if I have to die today, I will definitely save you."

Yunxiao's eyes flickered with determination, and his heart was calm.

It was as if everything in the world was no longer important. In order to save his beloved disciple, he could give up everything at any time.

“In that case, I have to let master see the power that Lord di Jia has given me. Because what master gave me was really too trashy, disciple didn’t have the face to use it!”

Hua qianshu’s face flashed, and a demonic flame appeared between her eyebrows. It was actually in the form of a Firebird.

a Phoenix?!

Yunxiao’s pupils constricted as he looked on in horror, and his face turned dull.

Hua qianshu laughed evilly and struck out with her palm. There was a fire burning between her five fingers. She said coldly, ” “That’s right, it’s the undying fire Phoenix!”

“BOOM!”

Yunxiao also raised his palm, and when their palms hit each other, his internal organs were shaken again. He coughed up a mouthful of blood and was forced back several steps.

Previously, when he was injured by the light of reincarnation, the palm had touched his injury and his internal organs began to damage.

“Tsk, tsk, is this all master has? You really make me feel embarrassed.”

Hua qianshu sneered. the 13 of us obtained the power of true spirit that died in the tiandang mountains. What I obtained was the power of the Phoenix. Although I am not the ancient celestial Phoenix, I have the divine fire. After being demonized, it is the demonic flame that master is seeing now!”

He made a hand seal, and the Fire Bird pattern between his eyebrows flashed. It was a Phoenix, but it was completely black.

The Firebird opened its mouth and spat out a Black Flame, which turned into a line of fire and burned over.

Yunxiao heaved a long sigh, looking a little sad. He glanced at the other twelve people, and sure enough, they all showed some characteristics of true spirit. He knew that he was in trouble.

After these martial artists obtained the power of true spirit, coupled with demonization, their strength would rise to another level. They would be much stronger than ordinary divine sovereign realm experts.

Even without these 13 people, just those ordinary magical beasts were enough to put them in a desperate situation, and now, there was no hope of turning the tables.

The giant spirit armors on Liu Ding and Liu Jia's bodies were also smashed into pieces, and cracks began to appear on their bodies.

"The new waves of the Yangtze River surpass the old waves. I'm still very pleased to see your strength increase. I will use the last bit of my strength to save you."

After seeing that he had no chance of winning, Yunxiao's eyes flickered with determination, as if he had made a decision..

Chapter 2089: The shengmo family

"Oh? The last bit of strength?"

Hua qianshu laughed. I really can't see what other power you have.

Furthermore, you did not repent even when you died. It really makes me sad. In that case, it's better for you to die early, master. At least you can leave a good impression in this disciple's heart."

The line of fire twisted in the air and spread out into a net, covering the ground.

A sizzling sound came from the web of fire, and countless cracks appeared in the space.

However, the moment it fell, it seemed to be hindered by a force and could not fall any further.

Hua qianshu's face was filled with shock, and an inexplicable fear welled up in her heart. She saw Yunxiao performing an incantation gesture with one hand, and his body was also covered with demonic runes and a metal chain. It was none other than the six paths demonic weapon, afansha.

Yunxiao's strength continued to rise, and his eyes were filled with the determination to die.

He fansha hovered around his body, and dense demonic patterns surged out. The power of the entire space rose rapidly.

Di Jia was taken aback as he looked at the move Yunxiao had just used and said in horror, " 3000 worlds?!"

Wind and thunder rumbled from the runes that burst out of the iron-chained demonic weapon around Yunxiao. The demonic Qi in the hall seemed to have sensed it. It churned and quickly contracted, pouring into the iron chain.

Back in the ancient Devil's well, once this move was used, it was no longer under his control, and everything around it was destroyed.

"Stop!"

Di Jia shouted, cold sweat dripping down his forehead. If he used the 3000 worlds, even if the Saint Devil Hall was not destroyed, it would be severely injured!

Suddenly, an excited voice rang out, " hahaha, Azhe fansha, six paths demonic weapon! As expected, it is a six paths mo weapon!"

As the figure landed, a loud rumbling sound came from the door of the hall. The door did not break, but there was an ear-piercing sound of metal rubbing against each other. Then, countless black gas surged in and circled above the hall.

Yunxiao was taken aback as well. The auras in those black shadows were also very powerful, and three of them gave people a feeling of unparalleled!

demon?! di Jia was also shocked.

The black shadows in the sky continued to condense and form into demonic beasts. Like di Jia's subordinates, they were all stiff corpses that had been injected with demonic Qi and turned into Walking Dead.

In front of these walking corpses, three black-robed figures appeared. They floated quietly in the air and looked down coldly.

Di Jia trembled and hurriedly shouted, "Everyone, stop!"

The battle in the hall immediately stopped, and it became quiet in an instant. The thirty demonized martial artists and many demonic beasts all stopped, quietly waiting for the next order.

"Pfft!"

Can had been holding on with a single breath all this while. Now that he had relaxed, he vomited blood with all his might and fell to the ground.

"Brilliant!"

Yi's eyes were about to pop out of their sockets. He was also severely injured. He staggered forward and helped can up.

Both of them were covered in blood.

Those magical beasts did not have blood, and all of it came from their own bodies.

“Are you okay?”

Yi said with a trembling voice. He could tell that can’s condition was extremely bad. He was so weak that he was almost on his last breath.

Although can was in a sorry state, he did not lose his demeanor. He smiled and said, “The worst is death, what big thing can there be? Look at your frightened face. Haha, are you still a great demon?”

“Motherf * cker! I’m not dead yet, how can you die in front of me!”

“You’re not allowed to die in front of me!” The referee cursed angrily. At most, we’ll die together!”

Can smiled and said, “I think it’s about time. You and I have lived for so long. It’s indeed enough.” I’m worried about lady Lin right now. I don’t know if she can still hold on.

When they thought of Lin, their faces were filled with worry, and they were completely unaware of their current situation.

At most, he would die, so there was nothing to worry about. However, there were many things that far exceeded his life and death.

“Tsk, tsk, how sad. Were these two little minions gay friends? I really can’t take it anymore.”

A black-robed man in the sky sneered.

One of the people behind him suddenly exclaimed, “Hey, look!” The man’s hand pointed directly at di Jia, and the eyes exposed in the black robe were full of shock!

These three were none other than Bi, Qing, and Yuan, who had appeared in the rift earlier!

The three of them looked at Di Jia and their bodies trembled at the same time.

The black robes trembled violently. Zhi shouted with all her strength,

“Emperor!”

Di Jia frowned and asked suspiciously, “you know me?” How is that possible?”

One had to know that he had disappeared for 100000 years. Unless it was someone from 100000 years ago or an image of him, he would not have disappeared.

hahaha, I heard that you were killed by the human race and suppressed separately. I didn’t expect it to be true!

Yi was overjoyed and laughed out loud. He laughed so hard that his body kept twitching. this is just a clone of yours, right?”

Di Jia said coldly, “who are the three of you?” I don’t remember having friends like you who don’t even dare to disclose your identities. I hate this kind of conversation that doesn’t contain enough information. If the three of you want to continue to be in hiding, then do as you please. I won’t say anything.”

“Hehe, you actually forgot about us. We’ve remembered you for a hundred thousand years!”

Zhi glared at him coldly, her face contorted in a hideous expression.

“Is there? I do have a slight impression of your ugly face, but I really can’t remember.” Di Jia shook his head.

He wasn't looking down on them. Although he had the most memories of the three of them, it wasn't complete. He only had a vague impression of them, and they seemed to be enemies.

This made him very vexed. After all, the three people in front of him had the strength of a demon venerable. He immediately became vigilant.

"Do you still remember the Saint Devil family of the ice region?"

The referee pulled off his long robe, and a cold and gloomy air seeped out. Its body was like ten-thousand-year-old ice, constantly emitting cold air.

"Ah? So it's you guys!"

Di Jia suddenly remembered and said in surprise, "You're not dead yet?"

"Hmph! Us three brothers crawled back from hell, and we've come here to take your life!"

Rays of cold air shot out from Zhi's eyes and penetrated di Jia's body. Di Jia was so shocked that he gasped and kept retreating.

Yunxiao and Xiao Hong were secretly delighted by this change, and they could only hope that they would benefit from the battle when both sides were

severely injured.

The two of them looked at each other, and at this moment, they were no longer thinking about benefits, but about saving their lives.

Yunxiao's eyes fell on Hua qianshu, full of worry. On the other hand, Hua qianshu was expressionless and did not even look at him. She just stood respectfully beside di Jia, waiting for orders at any time.

“Emperor, hand over the Outworld dark abyss Stone that you stole from my family!” Qing said coldly. He waved his hand and stretched it out.

Yunxiao’s heart jolted as he suddenly understood.

When Yi had revealed his true form and the profound Yin Qi had forced its way through, he had felt that it was somewhat similar to the cultivation technique of the beiming family. He didn’t expect that the Outworld dark stone was actually from the devil World and had such a great origin!

He thought to himself that after he left the tiandang mountains, he would go to the beiming family and get the Outworld dark nether stone. No matter what, it must be an extraordinary treasure.

“It’s precisely because you snatched the Outworld dark stone that the ice region hasn’t produced a single Holy demon for a hundred thousand years,” said Zhi Han. The people of my clan are in so much pain that they can’t wait to eat your flesh!”

“Hahaha! ”

Di Jia laughed wildly and said sarcastically, “ you trashy minions. You speak as if you can become a Holy demon with the Outworld dark stone. The ice domain has only had one Saint demon in the countless years it has existed, and you guys call yourselves Saint demon families. Do you have any shame? I think your skin is even thicker than the ten-thousand-year-old ice under the ice domain.”

“Shut up! ”

you ... Zhi was furious. back then, I was at the critical moment of breaking through to the Holy Demon Realm. You snatched the Outworld dark stone, causing my cultivation body to collapse. I’m stuck in the demon Lord realm forever!

When the three of them recalled what had happened back then, they were so angry that smoke was coming out of their seven orifices.

The ice region was also a very famous territory in the devil realm. The Saint Devil clan was a name for the power that had once produced a Saint Devil expert. In the hundreds of millions of years of the devil realm, there were no more than twenty that could be called the Saint Devil clan.

Back then, Yi was the master of the ice domain, and he had been injured by an

Emperor at the critical moment of his breakthrough to the Holy Demon Realm. Although his chances of becoming a Holy demon were almost zero even without this incident, he didn't think so and blamed all the original sins on the Emperor.

However, at that time, the Emperor was invincible in the demon world, and no one dared to block his edge.

Even if they were injured and had their stones stolen, they could only swallow their bitterness. If he said anything, his enemies might come knocking on his door. Not only would he be in trouble, but the entire ice region would be doomed.

Later, the two realms merged, and the Christian Church crossed the border with the Army of the devil realm in order to find the extraterrestrial dark stone and seize the territory of the heavenly martial realm. However, he was injured by the strong warriors of the realm of heavenly martial arts, and his cultivation level dropped. He felt too ashamed to go back, so he hid in the crack between the two realms and lived for 100000 years, relying on absorbing demonic Qi to slowly nourish his body, and then he gradually returned to the demon Lord realm.

Di Jia saw that he was really angry and hurriedly said, "Don't be angry. I lost the Outworld dark stone, but I have a way to get it back. If you kill me, you might lose me forever. You've already recovered your demon venerate cultivation base, and with the help of the dark nether stone, you're quite confident in breaking through to the Holy Demon Realm."

The current situation was not right. Di Jia was not a fool. He did not want to anger the other party directly, so he immediately said good things to stabilize the other party first.

"Hmph, you think you can live like this? You're too naive!"

The judge's eyes swept over Yunxiao and Xiao Hong, then he licked his lips and said with a chuckle, "I can feel the aura of an Emperor from you and the power of the demonic weapon. All three of you must die! After I refine the three of you, I will naturally obtain your memories. If I can possess the six paths demonic weapon, then the Outworld dark stone will be nothing!"

"Why are you still talking nonsense with them?" the Minister shouted. The earlier we kill them, the earlier we get them!"

The hundreds of demonic beasts in the air above the hall all bared their fangs and brandished their claws.. After receiving the order, they suddenly rushed down!

Both Yunxiao and Xiao Hong were shocked, and they felt extremely depressed when they sensed the murderous aura.

what does your old and new grudges have to do with us? " Yunxiao scolded. Can't you be more reasonable?"

However, no one paid attention to him. The roars of the magical beasts drowned out all other sounds.

Yunxiao, Xiao Hong, and di Jia, the three people who had fought to the death just now, were now in the same boat, like grasshoppers on a rope.

"BOOM!"

The entire Hall was filled with the sound of all kinds of forces colliding.

Yunxiao teleported to can and Yuan's side and put them into the divine realm tablet so that they could recuperate in peace. At the same time, he kept the six ding and six Jia.

Cracks had already appeared on the twelve puppets. If they were to fight the three brothers of ice domain again, they would most likely be destroyed. Moreover, di Jia was the main target of the three brothers. He only needed to protect himself. There was no need to be at the forefront.

Suddenly, Xiao Hong landed beside him and whispered, " big brother Yunxiao, let's find a way to escape.

'Yes."

Yunxiao also nodded and replied, " "The restrictions in this Hall are very powerful. I'm afraid we can only go out from the main door. I wonder how to open the door?"

"I still remember some of the restrictions in this Hall," Xiao Hong said worriedly."It can even teleport us out. However, things were no longer as simple as they seemed. The three from the ice domain seem to have set up their secret technique. I just sensed that all the restrictions have been frozen."

"Frozen?" a restrictive spell can freeze people? " Yunxiao asked in surprise. it can freeze people? "

it's a very strange feeling, " Xiao Hong muttered. let's call it 'frozen'. I'm not too sure.

At this moment, Yi and di Jia had exchanged several moves. Di Jia was no match for Yi and was defeated one after another. He could only desperately activate the power of the Saint Devil Hall to resist, but the effect was minimal. The hall was indeed under the influence of a secret technique.

This caused the battle to reach a stalemate, and for a time, it was difficult to separate them.

let's use the demonic weapon to split the space! Yunxiao said in a deep voice.

"Alright, I'll try!" Xiaohong nodded.

Although she had also consumed a lot of energy, she was in a much better state than Yunxiao. With a sudden burst of energy, she drew out the agama bone Cleaver and slashed it into the air under the shocked gazes of the three people from ice domain!

“Swish!”

A huge crack appeared, and a passage appeared. Not only that, but as the saber slashed down, there was a cracking sound as if the restrictive spell had been broken!

Di Jia was overjoyed. He did not expect that there would be such an effect. He suddenly made a hand seal to cast the spell.

The huge throne not far away suddenly flew up, and the entire Holy Demon City began to spin. The space was filled with the power of a terrifying storm, and the man from the ice domain was instantly suppressed. A large number of magical beasts were killed, and the three men’s expressions changed.

Xiao Hong’s face turned extremely pale after the first strike. She almost lost her balance and fell forward.

Startled, Yunxiao stepped forward to help him up and said, “Are you alright?”

Xiao Hong’s pale face forced out a smile. “Thank you, big brother Yunxiao. I’m fine. Let’s hurry up and leave. It’ll be dangerous if we stay any longer.”

Yunxiao supported her with his arms, and Xiao Hong’s head leaned directly on his chest. Smelling the faint fragrance of a Virgin, he felt that it was very inappropriate, but he could not throw her away at this time.

Yunxiao sighed and looked back at Hua qianshu. Then, he picked up Xiao Hong and rushed into the crack.

Not far away, Jing Qi’s face turned cold when he saw this. He hurriedly put away the divine fiend corpse and also rushed toward the crack.

“Don’t you dare leave!”

Zhi roared and teleported over, grabbing at the two of them.

Although he had the power of a demon venerate, he was still suppressed by the world Energy. And now, he was also suppressed by the Saint Devil Hall. With a few layers of restrictions placed down, it was hard for him to unleash his full power.

But, he was weak, and Yunxiao was even weaker now.

As soon as the giant hand appeared, the space was instantly shackled. Zhi laughed sinisterly and said in a cold voice, “Don’t even think about leaving!”

Then, he formed a seal with his five fingers and slapped at Yunxiao’s back, killing him!

“Bang!”

Suddenly, a black shadow flew down and met his palm. The terrifying power exploded and shook both of them away.

“What?”

Di Jia was sitting on the throne in the void at the moment, looking down coldly. He naturally would not stop Zhi from capturing Yunxiao and Xiao Hong.

However, he didn’t expect that person to suddenly rescue him.

“Qianshu!”

Yunxiao was startled. The person who had saved him was Hua qianshu, and after taking the blow, her face did not look too good.

why? ” Yunxiao was shocked. why? ”

Hua qianshu turned around and looked at him with a complicated expression. “You’re my master, how can I just watch you get killed?”

Yunxiao stepped forward and grabbed his hand, saying, ” “Let’s go together,”

Hua mansnu swung ner arm and broke tree. sne said coldly, ” It you want to leave, you can leave by yourself. As Lord di Jia’s demonic servant, how can I leave His Excellency!

Yunxiao’s heart trembled. He knew the power of the demonic servant restriction well. A servant for a day, a servant for life, unless di Jia let him go.

“Don’t even think about leaving!”

The referee let out an angry roar and flew up again. However, he was blocked by a divine sovereign justice realm demonic servant, which made him extremely embarrassed. He scolded angrily, ” “All of you, go to hell!”

His palms formed a circle and boundless cold air poured out as if time and space were frozen. The Azure mysterious yin force was like a storm and attacked!

“Master, run!” Hua qianshu was shocked and shouted.

He took a step forward and stood in front of Yunxiao and Nangong wuque, then performed an incantation gesture with both hands and formed a heaven and earth seal before he threw it out!

“BOOM!”

Their palms met, and Hua qianshu suddenly spat out a mouthful of blood. She was directly frozen by the mysterious yin force, and her two arms were also frozen!

Hua qianshu roared, and the black Phoenix between her eyebrows flashed. She rushed forward with boundless demonic flames!

“Master, run!”

He turned around again and stared at Yunxiao anxiously, as if he had no confidence in facing such a powerful enemy.

“Come with me!”

Yunxiao was also anxious, and he tried to grab Hua qianshu again, but Jing Qi, who was beside him, also reached out and grabbed his hand. “Don’t dawdle, no one can leave if you dawdle!”

“BOOM!”

The black Phoenix was shattered by Yi’s palm, and the power of the mysterious Yin attacked. Hua qianshu shouted again, and endless black flames appeared around her body. She attacked with all her might!

Furthermore, the moment he attacked, he turned into flames and wanted to escape from the power of the mysterious Yin.

“Bang!”

The black flames were once again shattered by Zhi. The hand of profound Yin pierced through his back like a hot knife through butter and came out from his chest!

“Pfft!”

Hua qianshu coughed out a mouthful of blood, which landed right in front of Yunxiao and splashed all over his face. Yunxiao was dumbfounded for a moment.

“Blood mist!”

Hua qianshu lowered her head and looked at the dark Yin hand that had pierced through her chest. Fresh blood was still flowing, but the black blood was actually gradually turning red.

“Qianshu!”

Yunxiao’s heart trembled. He broke free from Jing Qi’s hand, rushed up, and grabbed Hua qianshu’s hand with trembling hands.

“Master’s Kasaya is so warm.”

Hua qianshu grinned and raised her head. Two streams of tears flowed down her cheeks. She could not help but cry, and her vision was extremely blurry.

“Go! Follow me! Let’s go back!”

Yunxiao’s eyes were also bloodshot. He wanted to take Hua qianshu away, but Yi’s dark Yin hand was still stuck in his chest, and Hua qianshu’s body was constantly being frozen.

Two streams of tears flowed down Hua qianshu’s face.

The continuous loss of life force allowed him to return to his original heart. The pitch-black blood began to turn bright red, just like his pure heart.

“Big brother Yunxiao! Let’s go!”

Xiao Hong was very anxious behind him. It turned around and tried to grab Yunxiao, but it could not move him no matter what.

Jing Qi was also anxious and angry. heavenly venerable, don't bother about him! Let's go, or we'll all be buried here!"

Xiao Hong hesitated for a moment and looked left and right, not knowing what to do.

Jing Qi immediately grabbed her hand and pulled it toward the crack. He said, ' If Lord heavenly venerable likes li Yunxiao, then we'll focus on cultivation after we go back, and come back to avenge him another day!

"Take revenge for him?"

Xiao Hong's heart trembled as she was dragged away by Jing Qi. In her line of sight, Yunxiao was still kneeling on the ground with Hua qianshu, and she could only see his back as he walked further and further away.

She only felt a wave of pain in her heart, but she was also filled with confusion.

"Do I really like him?"

The image of him standing up for her when they were in Haitian town and the Army of Dong Hai was pressing on the border appeared in her mind.

Perhaps she had really fallen in love with him, but she had never realized it. She shook off Jing Qi's grip and said without looking back, " You can go first."

After saying that, he rushed forward and struck Yunxiao hard on the back of his head, knocking him out.

The back of Yunxiao's head was a bloody mess, and he fell to the ground with a thud, blood still gushing out of his head.

Then, she raised her head and looked at Hua qianshu coldly. She said in a cold voice, "Let go!"

Hua qianshu's eyes were filled with tears, and she could not see Xiao Hong clearly, but she laughed and let go of her clenched hands. However, she found that although Yunxiao had fainted, he was still holding her hands very tightly, and she could not loosen them no matter how hard she tried.

"There's no time, I'm sorry."

"I was trying to save him, so don't blame me," Xiao Hong said with a stern look in her eyes. A cold light flashed, and her fingers were like knives. She directly cut off Hua qianshu's palms, and blood splattered.

Hua qianshu did not feel the pain at all. Instead, she nodded and said, "Many thanks."

"You're welcome! Thank you for saving my life!"

Xiao Hong replied stiffly, then picked up Yunxiao and rushed into the crack. "Hmph, you want to leave after the show?"

Zhi snorted coldly and wanted to retract her hand to give chase. However, she realized that her hand that was inserted into Hua qianshu's body was caught, and she could not move it!

"Let go! Beast, let me go!"

Zhi Han shouted angrily and hit Hua qianshu's back with her left hand. Her left hand shattered Hua qianshu's shoulder, and a large amount of demonic flames burst out.

Hua qianshu's entire body was on fire, and the shadow of a Black Phoenix appeared on her body.

"This power is so strong!"

Yi and di Jia were both shocked and looked at the changes in Hua qianshu's body in surprise.

rising from the ashes?!

These were the words that emerged in everyone's mind..
