

## **The Eternal 2091**

### Chapter 2091-falling flowers with flowing water

The raging fire expanded several times and swallowed the demonic Qi in the hall. Hua qianshu's shadow could be seen vaguely in the fire.

Zhi's heart trembled with shock. The black Phoenix Flames made her feel extremely uncomfortable, and she immediately retreated.

The crack that had been created by Aghan's bone Cleaver in front of him was also gradually healing under the burning fire.

In the crack, a ray of golden light flew.

Xiao Hong, holding Yunxiao in her arms, stepped on the Golden coffin with Jing Qi, both wearing solemn expressions.

After flying for an unknown amount of time, he finally found a spatial node and directly broke through the void.

The outside world was clear and bright, and he didn't know where it was.

Xiao Hong looked at Yunxiao in her arms. She had hit him so hard in a moment of desperation that she had smashed the back of his head, causing him to fall into a deep coma.

Then, her eyes fell on Yunxiao's hands, which were still holding Hua qianshu's hands. Her eyes narrowed, and the two hands burst into flames with a bang, turning into ashes.

"Heavenly venerate, where are we going now?"

Jing Qi glanced at her but didn't express his opinion.

Xiao Hong also seemed to be a little lost. "What do you think?"

Jing Qi was taken aback. Xiao Hong had always been the one making the decisions. He was just a follower and had never made any decisions.

He thought for a moment and said, "or we can go overseas first and recuperate."

I think we should find a place to save Yunxiao first."

Xiao Hong looked at Yunxiao quietly. Although his pretty face was covered in blood, it made her heart race.

She had never faced her own heart directly, until the moment of life and death just now, when she finally understood.

Perhaps she had subconsciously fallen in love with this man who had protected her when she faced the Dong Hai Army in Haitian town.

let's find a place to wake him up first. I'm afraid that if we drag this on, it will affect the expansion of his injuries. Xiaohong said indifferently.

The two of them flew up into the sky and looked around. They found a sect called the Golden cauldron mountain nearby, so they flew over and used the place with the most spiritual Qi in the sect.

Xiao Hong placed Yunxiao's body on the spirit spring in the core of the Golden cauldron mountain to nourish it.

As soon as the body touched the spirit spring, it seemed to stimulate the power of the physical body. Light began to flow and it became stronger and stronger. His entire body turned transparent, and the wounds on his body gradually recovered.

“You’re awake.”

Xiao Hong’s heart was put at ease when she saw Yunxiao wake up.

where is this place?!

Yunxiao jumped to his feet and looked around. He immediately recalled everything that had happened and said angrily, “You hit me?”

Xiao Hong looked at his fierce expression and felt a little suffocated, but she

etill 2nd thic tn

take you away.”

“Where is this place? How was the situation in the Saint Devil Hall? Where’s Hua qianshu?”

Yunxiao was very anxious and asked a series of questions.

“This place is called the Golden cauldron mountain, and it’s a sect in the North.” I took you and left through the crack, but I don’t know what happened after that. As for Hua qianshu, she was silent for a while and said dejectedly, ‘ di Jia is there. Maybe he will save him, or maybe he will die. these words were very weak because she didn’t believe it herself, so how could she convince others?

Yunxiao felt his hands and feet go cold as he recalled the scene in the hall. Hua qianshu’s blood had turned from black to red, and her demonic nature had disappeared with her vitality. In that dangerous situation, she was most likely in a daze.

He only felt an intense pain in his heart.

A white light flickered in front of his chest and spread out in the shape of a flower. It was actually the rainbow stone burning on its own.

Xiao Hong was shocked. She suddenly formed a hand seal and slapped it forward. A golden light shot out from her fingertips and landed on the white light, suppressing the burning of the ice fiend Heart Flame.

Only then did the White sparks gradually shrink and finally return to his body.

big brother Yunxiao, " Xiao Hong said seriously, " this rainbow stone is a

disaster in the heart. You should take it out as soon as possible.

Yunxiao's face recovered a little. He could sense that cracks seemed to have appeared on the rainbow stone, which should have been injured by the light of reincarnation while meditating in the six paths space.

However, this was not the time to think about this. He looked around and said,

Are there any teleportation formations within the Golden cauldron mountain?" big brother Yunxiao! Xiao Hong was shocked. where are you going? '

tiandang mountains. Yunxiao gave him a look and said, " I'm in the tiandang mountains.

"You're just looking for death if you go back like this!" Xiao Hong said anxiously. I've saved you for nothing!" don't worry, " Yunxiao said. I won't go alone. I'll gather experts from the heavenly martial Union and sweep the entire mountain range!"

A murderous look shot out of his eyes, like frost and snow, and the surrounding temperature dropped.

Even Xiao Hong and Jing Qi felt a chill.

At this moment, a large group of people appeared outside the spirit spring. They all flew over and surrounded the three of them.

The leader of the group was a Sage-like old man. He shouted angrily, "Who are you? How dare you barge into the spiritual land of the Golden cauldron mountain and injure our disciples!"

Yunxiao looked up at him and said, "Does your sect have a long-distance teleportation array?"

"You haven't answered my question yet, and you're asking me first," the old man said with a cold smile.

The surrounding martial artists also had cold expressions on their faces, as if they were certain that they could defeat the three of them.

An injured man flew over from a distance with the help of several people. When he saw the three of them, he immediately pointed at Xiao Hong and Jing Qi and exclaimed, "It's them! Sect leader, it was the two of them who injured me! Sect leader, please uphold justice and seek justice for me!"

The old man snorted coldly as he stared at Yunxiao and the other two and shouted, "What else do you guys have to say?"

The surrounding martial artists also spread out and surrounded him even tighter. They also flashed their profound level weapons, ready to attack at any time.

I'm sorry," Yunxiao cupped his fists and said, "may I ask if your sect has a long-distance teleportation array?"

"Are you deaf?" the old man shouted angrily. You should die!"

Xiao Hong said coldly, 'big brother Yunxiao, why are you talking nonsense with them? I'll just search their souls directly after killing them. They're all like flies, making me sick!"

“You little bitch! What did you just say?”

One of the young disciples scolded.

Xiao Hong’s eyes turned cold and a cold light shot out. The disciple trembled and spat out a mouthful of blood on the spot, falling backward.

don’t hurt anyone,” Yunxiao said with a frown. don’t hurt anyone.

“He was the one who scolded me,” Xiao Hong said, feeling wronged.

we’ve seized their territory,” Yunxiao said. they will naturally be unhappy. He cupped his fists again and said, “may I ask sect master where the teleportation formation is? I’ll leave after borrowing it.” I’m also willing to pay the corresponding remuneration.”

“You injured my disciple and you still want to use the teleportation array?” the old man said angrily. Everyone, let’s take down these three idiots!”

“Yes!”

The dozens of martial artists in the surroundings responded in unison, all of them picking up their weapons and rushing over.

let’s go,” Yunxiao said, feeling depressed. don’t hurt anyone.

Many of the disciples were only at the Martial Emperor realm, so they would definitely die if they made a move.

With a wave of his sleeve, the space twisted and all the disciples were teleported out.

At the same time, his figure flickered and appeared in front of the old man. His five fingers formed a claw and grabbed the old man's throat. "You can tell me now, right?"

The old man's face immediately turned ashen. He finally understood how terrifying these three people were. How could he dare to be rash? he hurriedly pointed out the way.

Yunxiao pushed the old man away and went to the teleportation array with

Xiao Hong and Jing Qi.

Two days later, on the floating Sky Island.

When Zi Tong saw Yunxiao again, his mouth was so wide that a watermelon could be stuffed in it.

Zitong, " Yunxiao said in a deep voice. is there anything unusual in tiandang mountains? "

Only then did Zi Tong's stiff face ease up, and he said, "I was just about to ask you! What had happened? Sir Ren Xi Fang has been gone for so long and has yet to return. Why did you come out from another place?"

Yunxiao pondered for a moment, knowing that those people would never come out again. At that time, the five martial sovereigns who were outside the Saint Devil Hall were most likely dead too.

He then briefly explained what happened in the tiandang mountains, and Zi Tong lost his composure.

"Ah? Is this a good idea?"

Zi Tong was shocked, but he immediately calmed down and said, " I must report this matter to the sanctuary as soon as possible!"

"Saint-level?"

Yunxiao snorted contemptuously and said, "Now that the Holy region is only an empty shell, who can take on this responsibility? Quickly go and make preparations. Be prepared to open the passage at any time. I've already sent a message back to Ask the Experts of the heavenly martial League to come over and enter the tiandang mountains together to wipe out all the demonic creatures!"

"Ah? Sweep the tiandang mountains?"

"Are you crazy?" Zi Tong was shocked and asked. This is the tiandang mountains!"

I'm not crazy! Yunxiao looked at him coldly and said, "I'm the leader of the heavenly martial Union!"

Zi Tong was so shocked that he couldn't say anything.

He had heard of the heavenly martial league's recent fame, but he didn't know that it was so powerful that it dared to sweep the mountain range!

For countless years, the tiandang mountains had been a forbidden zone in the heavenly martial realm, and those who went in were mostly doomed. Even though the floating Sky Island had a lot of information, many people died inside every year while carrying out patrol missions.

When Zi Tong saw that Yunxiao did not seem to be joking, he wiped the cold sweat off his forehead and said awkwardly, "I understand. I'll listen to Alliance master Yun's orders!"

He cupped his fists and retreated.

Yunxiao looked at the void outside the sky-floating island, where void Jade broken Thunder kept flashing like fireworks, beautiful and dazzling. "You guys should also find a place to rest," he said indifferently.

Xiao Hong was stunned and stopped talking.

heavenly venerable, " Jing Qi said. are we also going to get involved in this? " Xiao Hong looked a little dejected as she said, " "What do you think?"

Jing Qi said, " the heavenly martial League is powerful enough to wipe out the tiandang mountains. We won't gain anything even if we stay. It's useless. Why don't we go back to the ocean? "

Yunxiao stood with his hands behind his back, looking up at the sky as if he was immersed in the boundless void.

I'll stay, " Xiao Hong said. I'll stay and follow big brother Yunxiao.

The void was silent, only the whistling of the wind. It had been blowing in the sky like this since ancient times.

For a long time, there was still no sound.

Xiao Hong laughed bitterly. She couldn't help but feel sad."I understand. I'll leave now."

She turned around with a smile on her face, but her eyes were already blurry. She turned into a white light and left..

Chapter 2092: minor devil

Jing Qi gave Yunxiao a cold look, then turned into a white beam and chased after Xiao Hong.

Yunxiao opened his eyes slightly, put down his hands behind his back, and sighed.

The falling flowers intentionally followed the flowing water, and the flowing water loved the falling flowers heartlessly.

His figure flickered and he disappeared from his original spot, finding a quiet place to cultivate.

A few days later, a group of heroes gathered on the floating island. Everyone felt that something was different from usual. There was a huge power gathering in the center of the island, which could be felt even from thousands of feet away.

The Saint realm cultivators on the island didn't dare to come forward at all. They all looked on in shock.

There were Beiming Nan, the evil spirit, Qu Hongyan, Feini, Luo Yunshang, Chen Duantian, Tian Xingzi, Mo Jingzhou, Pan Yi, and other officials.

There were also Yunxiao's three disciples, Haolian Shaohuang, Mo Xiaochuan, and Jun Ruyun, as well as Zhuo Qingfan and Duanmu Youyu, who were among the ten martial sovereigns.

In the days Yunxiao had been away, Jun Ruyun had also brought the experts of the ancient martial Empire to Yanwu. As well as the Mo family of Black Iron City and the Mei family, who specialized in appraisal, they had all joined

Yanwu.

The ancestor of the Mo clan had also brought experts into Yanwu to cultivate, trying to break through to the immortal realm in order to prolong their lifespans.

This time, even Gu Qingqing had come along. It seemed that she had settled down in the heavenly martial League and was able to work for the league.

Ben Tingfeng was the leader of the group from the mysterious Separation Island. The Tiandang mountains had existed for countless years and was the intersection of the two realms. Even the mysterious Separation Island attached great importance to it. They were afraid that the heavenly martial Union was not strong enough, so they sent Ben Tingfeng with more than twenty immortal State Warriors.

As soon as this force appeared above the sky-floating island, it immediately scared Zi Tong silly and he couldn't even speak.

Yunxiao patted him on the shoulder and said, "Say no more, open the passage."

Zi Tong nodded desperately and immediately began to cast a spell to open the passage.

Hundreds of people immediately squeezed into the tunnel. Due to the powerful energy, the tunnel was distorted, and the straight path was now twisted into a circle.

Yunxiao grabbed the purple copper and said, "You're the most familiar with the terrain of the mountain range, so come with us."

"The energy field in the mountains has changed a lot. It's useless to be familiar with it!" Zi Tong exclaimed.

But, what he said was useless, so Yunxiao could not be bothered to pay attention to him. He grabbed him and dragged him into the passage.

In the next moment, hundreds of people appeared in the sky above the mountain range, looking around at the number one forbidden area of the heavenly martial realm.

Many people had been here before and were quite emotional. Those who had never been here were full of curiosity and looked around.

Yunxiao pushed purple copper and said, "the place I was in should be a forbidden zone. Take us to the Forbidden Zone and sweep through them one by one. I don't believe we can't find them even if we flip this crack over!"

A cold glint burst out from his eyes, and it was like a blade that sliced across Zi Tong's face, making him feel pain on his cheek.

“I’ll try my best!”

Zi Tong was both bitter and shocked. The bitter part was that it was not an easy task, and no one was confident that they could find the Forbidden Zone in the tiandang mountains. The shocking part was that Yunxiao was really going to sweep through the mountains.

He was still worried that if he couldn’t find the forbidden area, the other party would kill him.

Yunxiao seemed to have seen through his concern, so he said indifferently, ‘

“Don’t worry. Just try your best. I won’t make things difficult for you.”

Only then did Zi Tong let out a sigh of relief. He began to take out all kinds of profound level weapons and observed the surroundings.

He then hesitantly led the group forward. After walking for several days, they encountered many cracks, and some low-grade demonic fiends squeezed out of them.

However, they had not seen a single Demon Lord that was slightly more powerful, and they had not even seen the shadow of a magical beast.

Yunxiao’s face grew uglier and uglier, and Zi Tong was also trembling with fear. He cursed the damn terrain in his heart. If he had not been careful, he might have entered the Forbidden Zone at once, and he would not have found it even if he had tried.

“There’s no need to look anymore.”

Finally, Yunxiao lost his patience and said coldly, “We probably won’t be able to find it no matter how much we search.” “Young master Yu, do you have a way to divine the location of the Saint Devil Hall?”

Duanmu Youyu walked out from the crowd and nodded. “I’ll try.”

He raised his hand, and the tip of his finger was pierced by vital Qi. A drop of blood the size of a bean gradually condensed, and it cut open in the air as his finger danced.

A Scarlet seal was formed in the air.

This kind of divination was extremely strenuous. Not only did it consume one's essence, energy, and spirit, but if the object of divination approached the heavenly Dao, it would directly consume one's life.

The Scarlet rune changed in the air. In the end, it flickered and turned into an arrow that shot in one direction.

"Follow me!"

Duanmu Youyu was the first to chase after the arrow, and the rest followed closely behind.

A moment later, demonic Qi began to appear. The red blood arrow was also severely corroded and disappeared in front of him.

"Forbidden zone!" Zi Tong exclaimed.

Lingmu di looked around and said in a deep voice, "Everyone, be careful. I've been to this restricted area before. There's an incredible crack in front of us!" Your Excellency has been here? " Yunxiao asked in surprise. Your Excellency has been here? "

Lingmu di was the King of the North Region back then, so it was not surprising that he had been here. However, the field in the tiandang mountains could constantly change, and even the terrain would change a lot. Yet, it was still fresh in his memory, so it was clear that this place was not simple.

of course! lingmu di nodded. if I remember correctly, the crack in front should be the biggest crack that the demon Lord used when he crossed the border to come here!

"The biggest crack!"

Everyone was shocked and didn't dare to be careless again. They all raised their spirits.

the powers of the two realms repel each other, " lingmu di continued. the stronger one is, the deeper one's understanding of the rules of one realm will be. In that case, the stronger the rejection force of the other realm will be. That was why demonfiends could easily pass through the crack, but the demon Lord couldn't. This was the reason. As for the demon monarch with the six paths demonic weapon, it's almost impossible for him to cross the border."

"But back then, not only did the devil Master cross over, he almost destroyed an entire world. Why was that?" Ben tingféng asked.

"That's the strange part," said lingmu di. That's why we were very worried back then, thinking that the devil realm had found a way to overcome the world force. However, he later discovered that the only one who could overcome the world's power was the demon master. I'm afraid only the demon master himself knows the details."

He glanced at Yunxiao, intentionally or unintentionally, because the latter had obtained a part of the demon Lord monarch's devil essence, even a little memory.

Yunxiao smiled wryly. I don't know anything about this. If there is anyone else in the world who knows about it, perhaps it is di Jia. I hope I can find him. As they talked, they had already traveled thousands of miles along the demonic Qi and entered an area where they couldn't even see their own fingers. There was demonic fog everywhere, and the surrounding vegetation had also been demonized, becoming large and strange, as if it had the power to attack.

you've been demonized so much? " lingmu di said unhappily. don't you usually care? " His tone was full of blame.

Although Zi Tong didn't know who he was, he could tell that he was definitely an extraordinary Big Shot. He hurriedly said, we usually only patrol briefly. After all, the mountain range is too dangerous, and no one dares to investigate deeply.

judging from the coverage of the demonic Qi," lingmu di said seriously, " I'm afraid that the various restrictive enchantments that were set up in the tiandang mountains back then have failed one after another.

where are those restrictive spells and barriers?" Yunxiao asked.

Lingmu di looked at him. you should know this better than me. You have the inheritance of the Yan Shen Lord. You must have been to that place before.

Yunxiao cried out in surprise. It was just as he had thought. The palace he had entered in his previous life was probably the sealing barrier set up by Yan Shen. Could the loosening of the seal be related to the damage he had done back then?

Yunxiao looked suspicious. He really wanted to go back to the place where he used to be, but he could only rely on luck if he wanted to find it in the tiandang mountains.

"We're here!"

Lingmu Di's sudden cry snapped Yunxiao out of his deep thoughts. With his extremely strong eyesight, he saw a red line stretching across the sky in the darkness in front of him, like a crack that cut the entire sky in half.

As he flew closer, he realized that the crack was extremely wide. It was like a heavenly chasm in the sky. Inside was a bottomless abyss that led to the distant Devil World.

"What a strong demonic Qi!"

Over a hundred people stood in front of the crack and looked down. Everything in front of them was red, like underground lava, but there was a monstrous demonic Qi pouring out, which made them very uncomfortable.

"This is the advantage of having a higher realm power," Ling mudi said."As long as there are cracks, devil Qi will come pressing down."

“What should we do now?” Ben tingfeng asked respectfully. We’ll listen to your orders!”

Lingmu di nodded and said, “come with me. Let’s clean up the place.” I’m afraid that a lot of demons have been deposited in the past 100000 years, which will be a disaster in the future war between the two worlds. It is best to get rid of them now.”

Over a hundred people rose into the air and flew into the crack with lingmu di.

The Crimson light burned everyone like lava, but the demonic Qi that invaded their bodies was even more unbearable, and they had to use a large amount of essence force to resist it.

“What’s that?”

Yunxiao was the first to be taken aback. As far as he could see, a large number of round creatures, about half an acre in size, were floating in the crack, looking like a huge meat plate.

The meat plate was more than 100 feet thick and was covered with tentacles like hair on the surface. The whole body wriggled in the air, which was creepy.

“Not good!”

Lingmu Di’s eyes widened and he shouted, “this is a type of minor devil called nether nine abalone.” Its attack wasn’t strong, but its defense was insane! It’s also extremely fast and is used by the demons as a flying device!”

even the nether nine abalone has appeared, ” he said in shock. there must be a large number of demons in this crack. Everyone, be careful!

what’s a minor devil? ” Yunxiao asked in surprise. what’s a minor devil? ” The rest of the people were also at a loss.

'micro' is similar to 'fungus' in the realm of heavenly martial arts," lingmu di said. most of them are demonic Qi after the demonic fiend's body explodes. Although they return to the original form of 'Qi', they have been transformed into living creatures before, after all. They are still different from ordinary demonic Qi. When this type of demon stellar energy was attached to a physical entity, it was easy to give birth to demon stellar energy. There are all kinds of minor Devils, and their strengths are different. Most of them don't have intelligence, but there are special minor Devils with intelligence.."

Chapter 2093: toujun

With this explanation, everyone basically understood.

Zi Tong was also quite surprised. He had been on the floating Sky Island for so many years, but he had never heard of such a thing. I thought that the devil World was full of uncivilized and low-intelligence beings.

Yunxiao gave him an indifferent look and said, " the devil realm is of a higher level than the heavenly martial arts realm, and the intelligence of the intelligent creatures in there is also higher than yours. In their eyes, you are the one with low intelligence.

Purple copper was speechless and depressed.

The abalones in the distance had also discovered their presence. Their bodies began to swell. Their bodies, which were originally more than half an acre in size, suddenly grew suction cups on their flesh. They suddenly absorbed the surrounding devil Qi into their bodies and swelled more than ten times!

The heavenly martial League members were all taken aback by this change.

don't judge this thing by its appearance," lingmu di said in a deep voice. its defense is surprisingly strong. Be careful!

"Hehe, let me use fire to burn these things and see if I can burn them to death."

A red light flashed on Fei Ni's body as she flew forward. The shadow of a Phoenix appeared on her body. Her ten fingers quickly made hand seals and each rune turned into a fire butterfly that floated up.

"Be careful!" Yunxiao said.

"Yes, husband!" Fei Ni smiled.

She clasped her hands together, and the tens of thousands of fire butterflies around her flapped their wings as if they had a life of their own.

Fei Ni's thin lips parted slightly as she spat out a single word. The heavenly Phoenix behind her flapped its wings and the entire space began to spin.

The tens of thousands of fiery butterflies were teleported down and landed on a nine nether abalone. Their thin legs grabbed the tentacle of the abalone and the entire nine nether abalone became a flower abalone.

There seemed to be a large number of demons on this abalone. The shadows were scurrying around, and at this moment, a Demon Lord flew out from within. He looked in front of him in fear, and behind him stood five or six ten directional vicious fiends.

"Who are you?!" The demon Lord shouted from afar.

No one paid attention to him. The corner of Fei Ni's mouth curled up as she chuckled, "Explode!"

The 10,000 fire butterflies released a bright light and exploded one by one with a "Boom Boom" sound. The terrifying explosive force connected together.

The flames in front of him immediately soared to the sky. The underworld nine abalone was directly blown apart, and a piece of flesh and blood turned into ashes in the fire.

The demon Lord rushed out at the first moment, but he was also affected by the flames. A tongue of fire shot at him. He had to change his movement technique to Dodge it, but a part of his body was also burnt black.

“Damn it!”

The demonic monarch suddenly let out a long roar, and the shrill sound waves spread out, shattering the surrounding space.

“Not good, he’s sending a message!” Lingmu di shouted.

Hundreds of people rushed over and attacked the demon Lord.

The demon Lord’s howl came to a sudden stop, his face deathly pale as he turned to flee.

However, under the attacks that filled the sky, the space was directly locked. How could he escape? The demonic monarch was instantly blown up, and it didn’t even have the chance to degrade into a demonic fiend. It directly turned into demonic Qi and dissipated.

Some of the other demonic creatures also flew up from the abalones. When they saw that there were more than a hundred people, all of whom had extraordinary strength, they were so scared that they turned around and left. Only a few low-intelligence low-level monsters were left as cannon fodder to block the attack.

“Bang!”

Although the abalones had extremely strong defenses, they couldn’t withstand such a heavy rain of attacks. One by one, they exploded in the air and turned into rotten meat. They degraded into a type of demonic worm that was even smaller than the demonic fiend and crawled everywhere.

Everyone was happily killing when a large number of demonic shadows suddenly flew out from the depths of the crack. More than twenty demonic Lords and more than a hundred ten directional vicious souls all rushed out.

“Ok! How can there be so many demons?”

Lingmu di and the others were all shocked. This force was no weaker than the group of Devils that Lu congzi had brought in the ancient Devil’s well.

Zi Tong was also completely dumbfounded. It was as if he was in a dream. He couldn’t believe it. He rubbed his eyes, but the dream didn’t go away. Only then did he realize that what he had seen was real.

The demon lords in front were filled with killing intent, and the few who had escaped were mixed in.

“Dammit! We’ve been discovered?”

if that’s the case, then kill them all! one of the demon lords angrily rebuked. it’s not impossible to bring forward the Sacred War!

now that things have come to this, we have no choice but to bring it forward, the other Demon Lord said coldly. kill them all first and try to buy more time!

Everyone’s heart trembled when they heard their conversation. They knew that there was something going on here. They didn’t expect that the demons “strength would be far beyond their expectations.

The two groups of people soon collided with each other, creating a huge impact!

Yunxiao exerted his full strength, and the Thunder incantation instantly struck a fiend Lord’s body, blasting him into pieces.

this place has been demonized badly, ” lingmu di shouted. the realm power is not strong. Everyone, be careful!

In the same realm, the strength of the demon race was far stronger than that of the realm of heaven martial arts, but there was a slight suppression of the realm power, so this advantage was not obvious.

The brutal fighting spread out. Demonic shrieks could be heard everywhere, and the blood of the experts of the heavenly martial realm splashed everywhere.

After killing the two fiend Lords, Yunxiao hurriedly threw out the divine realm tablet, which expanded in the wind and turned into a huge immortal monument with flowing lights.

The ancient mana characters on the stele flashed one by one, and a spiritual light shot out, shining brightly.

The realm power in the crack suddenly increased, and the demon race's faces changed greatly. In the moment of panic, a few of them were killed by the heavenly martial Alliance, and they were instantly defeated.

"What profound level weapon is this?"

The powerful demon lords were frightened by this sight, and a bad feeling rose in their hearts. They exchanged a few glances and then abandoned their companions, fleeing into the depths of the crack.

A pitch-black figure slowly emerged from the deep red crack and walked out.

"Lord Hu!"

When the demon lords saw this person, their expressions immediately changed. They respectfully bowed and stood in the air, not daring to advance.

The eyes of the demon named Hu were light blue, as deep as the ocean. When his eyes swept over the battlefield, he was stunned for a moment. He looked at the divine realm tablet, and his pupils kept expanding.

toujun, the creatures of the heavenly martial realm have discovered us. I'm afraid they're coming at us with all their might. We can't hold them back. We'd better escape and return to the devil realm first.

A Demon Lord saw that the battle behind him was in a state of urgency. All the demon lords had retreated, leaving only the ten directional vicious fiends behind to resist. He did not know how long they could hold on.

Only then did Hu withdraw his gaze. The shock in his eyes disappeared and was replaced with a green color. He indifferently said, "If we lose our position, all these years of hard work will be in vain. How will we explain this to lady Yuan?" "If I lose my life, I won't be able to explain it," the demon Lord said anxiously.

"Oh, that's not right."

Hu lightly smiled and used a finger to lightly scratch his lower lip. "In lady Yuan's eyes, how can your lives be compared to the position? Even if we all die, we can't lose our position."

Not only was the demon Lord furious, but the other demon lords also shouted angrily.

"Is this your idea or lady Yuan's idea?" "Don't use a chicken feather as an arrow!"

"How could lady Yuan be so heartless!"

All kinds of abuse and curses surrounded Hu. The anger in the eyes of the demon lords wanted to burn him to ashes.

"Hehe."

"This Lord's order is lady Yuan's will," Hu replied with a faint smile. He took out a black jade token and showed it to the crowd. There was a delicate rune on it that was shining with black light.

All the demon lords' mouths were wide open, so shocked that they couldn't speak. It was as if the token had an incomparable pressure that made them tremble.

The officer put away the token and said, "there are no objections now, right?" This Lord will now give the order on behalf of lady Yuan. Those who retreat will die, and those who lose their position will die."

One of the demon lords was quite angry and said angrily, "Do you know how terrifying these humans are? More than 100 cubic meters of fiendish souls are going to be exterminated in the blink of an eye. How can we fight them?"

that's right. If we're going to attack, you'll be the one leading. We'll follow behind you! The other Demon Lord also sneered.

Hu chuckled, rubbed his chin, and said, "If you weren't so afraid of death, you wouldn't have lost so badly." He clapped his hands a few times.

A huge amount of demonic power gushed out of the Crimson and peaceful abyss, turning into a vortex.

It was as if a giant beast had appeared under the turbulent waves.

"This is a Kasaya."

"Yuanxiang zhichen?" a Demon Lord was shocked.

"Not just the Yuanxiang zhichu, there's an even bigger surprise." Hu smiled.

"Boom boom boom!"

A powerful magic power broke through the air, shocking everyone.

On the crack, 34 primordial form wisdom Gu emerged. They were different from the ones in the ancient Devil's well. They were the most primitive and unremolded primordial form wisdom Gu, the first generation.

Furthermore, behind the primordial form zhichen, there were two huge birds. As they flapped their wings, runes filled the sky.

“Z! It’s a crane!”

A Demon Lord cried out in shock, “ how did you make the crane come through the crack?!

“You don’t have to worry about that. Can we fight now?” Hu chuckled.

The demon lords looked at each other, and one of them said, “ with these primordial form wisdom Gu and head crane, along with Lord Hu’s help, we have a high chance of winning.

“That’s right!” Another person said. Since lady Yuan is determined to defend her position with all her might, she can only fight with all her might. Moreover, the appearance of the first crane here is a clear representation of lady Yuan’s will!”

The demon lords regained their confidence and turned to run into the battlefield.

The Yuanxiang zhichen roared and flew over as well. As they ran together, the entire void trembled.

The two crane-shaped magical beasts flapped their wings and flew into the air, their voices clear and melodious as they echoed in their ears.

Only Hu did not move. He stood quietly in front of the crack, as if he was the last guard of the crack. However, Huts eyes were not on the battlefield, but on the divine realm tablet.

is it really the divine realm tablet? ”

Hu’s face was filled with desolation as he sighed,“I didn’t expect the divine realm tablet to be the first thing I saw before I left the devil realm. Is this really the work of fate?”

He raised his right hand and slowly spread out his five fingers. A brown crystal appeared in his palm.

“Whoosh!”

The crystal suddenly flew out of Hu’s hand and headed toward the divine realm tablet.

“Realm crystal, shatter!”

Hu made a hand seal and suddenly shouted..

Chapter 2094: true hero

The brown crystal suddenly emitted a strong light and exploded with a bang several hundred feet away from the divine realm tablet!

“BOOM!”

The terrifying aftermath rushed in all directions, covering the brilliant light of the divine realm tablet.

“Boom boom boom!”

The sound of space shattering was endless. Everyone could feel the impact coming from the front. That feeling was not pure energy, but an extremely uncomfortable pressure that made people’s chest feel tight and breathing difficult!

Yunxiao sensed that the divine realm tablet’s light had been covered up, and he had an extremely bad feeling about it. He immediately summoned the tablet back.

Hu also saw this, and his eyes immediately locked on Yunxiao. is this young man the master of the divine realm tablet? Isn't he a little too young?"

Hu looked a little dazed, even suspicious, but there was no mistaking that the divine realm tablet had already entered Yunxiao's body.

since he can activate the power of the Jade tablet, I don't think he's wrong.

Hu muttered to himself, and then his lips curled into a smile. He crossed his arms in front of his chest and watched the fierce battle in front of him.

With the explosion of the realm crystal, a terrifying pressure spread out, and the power of all the demonic creatures instantly increased.

"Haha, that's great! It's actually a Saint magic stone!"

One of the demon lords laughed maniacally, and his eyes were filled with murderous intent. I didn't expect Hu to have Saint magic stones. No wonder he was so confident!

Lingmu Di's expression was extremely unsightly as he shouted, "Everyone, retreat!"

Even without him saying anything, the rest of the people also felt the pressure increase. The enemies who were originally confronting each other suddenly became much larger, and many people were killed on the spot!

what the hell is that holy magic stone?" Yunxiao asked in surprise. what is it? "

it's equivalent to the 'Dragon Crystal' of the demon world, " lingmu di said unpleasantly. after the death of a Holy demon, its corpse will not decay. Over hundreds of millions of years, it will slowly crystallize into a stone, which contains the strongest power of a world. Holy magic stones could also be called realm crystals, but realm crystals did not necessarily mean holy magic stones. For example, the Dragon Crystal is the realm crystal of the realm of heavenly martial arts."

Yunxiao immediately understood that the Holy magic stone was only one kind of realm crystal, and there were other things that contained extremely strong realm power that could also be called realm crystals.

Lingmu di continued, 'with the power of the realm crystal, the environment of the demonic realm can be simulated. At the very least, it can be maintained for a while. During this time, these demonic creatures will no longer be suppressed by the realm power of the heavenly martial realm.'

Everyone's heart trembled, and they finally understood what that oppressive feeling was. It was actually the world power of the demon world!

"Dammit! In the territory of the realm of heavenly martial arts, the realm power of the devil realm actually appeared. This is too absurd!"

Ben tingfeng gritted his teeth in anger. In this environment, his opponent's strength increased explosively, and he was covered in blood.

strictly speaking," Ling mudi said, "this place is no longer the territory of the heavenly martial realm. It's just a part of the space separated from the realm. Let's stop talking nonsense and retreat. There was a time limit to the Holy magic stone's effect, so there was no need to hold on for a while. He would wait for the time to pass before coming back. Furthermore, this item is extremely precious, so it's unlikely that the other party has a second one."

all the experts above the divine sovereign realm, stay behind to cover the retreat! Yunxiao shouted. the rest of you, retreat!

The moment the realm crystal took effect, a large number of martial emperors and true immortal realm experts were killed, and Chen duantian was severely injured.

Tian Xingzi appeared beside Chen duantian and held him up. He shouted, '

"Retreat!"

Immediately, a ray of light enveloped the two of them and they flew out of the crack.

Chen duantian gave him a grateful look.

Tian Xingzi's expression was solemn. Suddenly, his eyes opened wide and his escape technique stopped. He looked ahead in shock.

At some point, the two huge cranes had appeared in front of them, blocking their path of retreat.

A Demon Lord behind him laughed wildly. haha, with the crane here, you still want to escape? Just wait for your death, haha!"

The two cranes did not attack the group. They only stood on the path in front of them, stretching their necks and flapping their wings. Black demonic patterns constantly flew up from their bodies.

"It's just two beasts, don't tell me they can overturn the heavens!"

A true God Realm warrior shouted and turned into a light, flying in front of the crane and slashing at its neck with his saber.

Only then did the crane lower its head, a fierce light flashing in its eyes, as if it had been angered by the cultivator's provocation, and it suddenly opened its mouth to Peck down!

A black awl-like light directly pecked the body of the returning to reality realm martial artist and exploded him with a " bang "!

This time, everyone was dumbfounded.

A true God Realm warrior couldn't even block one strike from him and died like an ant!

The Crane's hostility seemed to have been aroused as it glared fiercely at him. With a flap of its wings, a demonic pattern transformed into a strong wind that flew over, and the entire space was reversed and rotated under that flap.

"Not good! Quickly retreat!"

One of the martial artists panicked and tried to escape.

"We can't retreat! Hold on!"

there's no way out! mo Xiaochuan roared. we have to kill these two bastards and carve out a Path of Blood!

His eyes had long since turned red. With his power that hadn't reached the immortal level, it was already a miracle that he hadn't died yet. At this time, he still raised his sword and slashed towards the astral wind!

"Right! I can't retreat!"

Luo yunshang clenched her teeth and swung her sword.

Only then did everyone's imposing manner stabilize and did not collapse instantly. The rest of the people also made their moves one after another. All kinds of unique skills and profound weapons flew up and attacked that pitch-black astral wind!

"BOOM!"

Everyone worked together to resist the astral winds, which turned into a tornado and rushed into the sky. However, the huge power continued to push forward, and powerful wind blades were shot out from the astral winds.

The wind blade was as black as ink, and there were demonic patterns flashing on it. In an instant, hundreds of blades burst out and slashed down!

“Bang!”

“Bang!”

A large number of martial artists were hit and severely injured. There were even some who were caught off guard and were directly cut into two, blood splattering into the sky.

Miserable screams rose and fell, and there were injured companions everywhere, wailing.

MO Xiaochuan saw a wind blade coming at him, but it was too late for him to Dodge. He slowly closed his eyes and waited for death. However, he only heard a “ bang ” as MO Jing Zhou blocked in front of him, extinguishing the wind blade.

“Ancestor! ”

MO Xiaochuan was so happy that he cried tears of joy.

MO Jing Zhou was also exceptionally fond of this junior and said, “ The current situation is not something you can participate in. Go back to Yunxiao’s divine realm tablet with your fellow disciple.

MO Xiaochuan glanced at Yunxiao, who was still fighting in the distance, and haolian, who was not far away from him. He shook his head and said, ‘ “Everyone’s fighting to the death, so how can I live like this? how can I have the face to ask master this?”

MO Jing Zhou scolded, “what’s the point of being so inflexible at a time like this?!” If he didn’t even have his life, was anything else important? Quickly go over!”

MO Xiaochuan looked at him and said firmly, "It's important! There are too many things more important than life. A martial artist's moral integrity is that they would rather die standing than live in hiding!"

MO Jing Zhou knew that he could no longer persuade him and nodded his head in relief. He then raised his hand and slapped him unconscious.

At the same time, his figure flickered and knocked out haolian shaohuang, who was next to him. Then, he carried the two of them and headed toward Yunxiao.

Yunxiao had also noticed the situation. He was both anxious and angry as he cursed, "Dammit! Everyone, retreat and enter my divine realm tablet!"

They had originally wanted to bring up the rear and fight with the demonic

Lords and Yuanxiang zhichen, but they were holding on with their last breath. Seeing that their retreat had been cut off and a large number of martial artists had fallen, their hearts immediately turned cold.

"Haha, there's no way to heaven or gate to hell! Where else can you retreat to?"

A Demon Lord laughed wildly. Under the cover of the realm Crystal's power, although he couldn't exert all of his power in the demon world, he could still use 8.9% of it. He killed to his heart's content and was extremely happy.

Lingmu di was also very depressed. He shouted, "Everyone, form a circle and set up a barrier together to resist the enemy!"

At this time, the enemy was strong while they were weak. If they were to split up like scattered sand, they would probably be wiped out very soon.

The patrolling Bulldog let out a loud cry, and the nine Heavens Douluo hoop flew up. It grew in size with the wind and enclosed a part of the space.

Yunxiao threw out six ding and six Jia as well, setting up the twelve divine beings killing formation outside and letting everyone run into the circle.

“BOOM! BOOM!”

The six ding and six Jia puppets fought fiercely with the demonic creatures. During the previous battle at the Saint Devil Hall, there were already many cracks on the puppet's body, and they had yet to be repaired. This time around, in just the time it took to brew a cup of tea, the cracks were already growing larger and larger.

Yunxiao was shocked. The six ding and six Jia were priceless treasures, and if they were destroyed, the damage would be too great.

Lingmu di also noticed the situation and said in surprise, “Everyone who can still move, go! If the twelve divine beings killing formation is destroyed, our joint defense will be completely broken!”

At this moment, only half of the cultivators were left alive, and most of them were seriously injured.

Chen duantian was covered in blood as he hugged Tian Xingzi and cried out,

“Brother! Brother!”

Taken aback, Yunxiao hurried over and saw Tian Xingzi covered in blood and flesh, his face as pale as paper, and his vitality as thin as silk, as if he would die at any time.

Tian Xingzi had protected Chen duantian from the attack of the crane and was injured by the wind blade. There was a huge wound in front of his chest, and it had already penetrated through his back. It was obvious that he would not survive.

“Brother! Hold on! Quickly come to my divine realm tablet!”

Yunxiao was also very upset. Tian Xingzi was probably beyond saving, but he still wanted to try his best to save him.

nene.

Tian Xingzi glanced at the two and stopped Yunxiao. He shook his head and said, "Brother, you don't have to lie to yourself. You all know my injuries. It's impossible for me to live." He sighed and said, "I can't believe that I, Tian Xingzi, would die in a place like this .."

Yunxiao was also sad. He stepped forward and grabbed Tian Xingzi's hand, gritted his teeth, and said, "To die in the demonic war, elder brother is a true hero!" true hero! True hero!

Tian Xingzi muttered to himself and muttered a few times. Then, a smile appeared on his face and his life force was cut off.

"Brother! "

Chen duantian burst into tears and was extremely sad.

Originally, the two of them did not have a deep relationship. Ever since they entered the rift, they had been fighting side by side and looking out for each other.

Although the time wasn't long, they had truly gone through life and death together!

Chapter 2095: All orders

Yunxiao was also very sad. sect master Duan Tian, it's not appropriate to be too sad here. My condolences! he said.

Chen duantian was filled with anger. He stared at the demons outside the formation with an ashen face without saying a word. His face was completely pale.

The battle was still at a stalemate, and Yunxiao did not have much time to take care of him. After giving him a few instructions, he rushed out of the array.

The only thing that could hold on now was Liuding and Liujia. As long as they could survive the effective time of the realm crystal, there was still a glimmer of hope to turn the tide.

Suddenly, the cry of a crane rang out in the sky. The two cranes flew up and rushed towards the six Ding and six Jia, their black beaks pecking down fiercely!

“Bang!”

A Dingjia raised a blade of light to block in front of him, but it was instantly shattered. His body suffered a heavy blow, and he was forced back in the air.

The two cranes flapped their wings and flew forward, pecking at him again!

“BOOM!”

The D-armor finally couldn't hold on any longer. Its chest was pecked open, and a large hole appeared. Ding Jia's body had also stopped moving, and he stood there as if he were dead. His face was wooden, and he was like a statue.

With the destruction of the D-grade armor and its loss of spirituality, the entire formation instantly weakened, and the Halo of the formation rapidly shrank. The pressure on the other 11 d-armors also increased.

Everyone's hearts trembled, and they continued to sink, knowing that they were in danger.

Hu, who was watching the battle from a distance, let out a breath and said slowly, it's finally broken. The twelve divine beings killing formation really lives up to its name. It's a pity that the puppet was injured before. Otherwise, it wouldn't have been broken so easily.

He raised his head to look at his surroundings and muttered to himself, "How long can this realm energy environment last?" "But it doesn't matter anymore.

"The victory has come to an end." He smiled.

After the two cranes destroyed the D-grade armor, they flapped their wings and flew into the formation.

Feini threw away her opponent and transformed into a Heavenly Phoenix, charging towards the two cranes with boundless might.

"BOOM!"

The three forces collided and a powerful light wave and flame burst out. Fei Ni spat out blood from the impact and turned back into his human form. He kept retreating.

The two cranes were also struck by the divine flames. The black feathers on their bodies were stained with divine flames, and they could not be extinguished with a "Puchi Puchi" sound. In the end, it still opened its mouth and spewed out a large number of runes to cover the flames, but its aura was also much weaker.

"Oh? Is that the bloodline of the heavenly Phoenix?"

Hu Jun's eyes were filled with shock as he looked at Fei Ni. He seemed to be very happy as he smiled, "This time, not only will we get the divine realm tablet, but we'll also get the heavenly Phoenix bloodline. Tsk, tsk, is this God's compensation to me?"

He was really proud. Suddenly, his pupils shrank and he raised his head. He looked at the front of the crack, in the direction of the tiandang mountains, and his face immediately darkened.

A large number of cultivators were flying over at high speed, more than a hundred at a glance. Their auras were very strange, giving people a very uncomfortable feeling, but they were also very powerful.

“What’s that?”

Hu looked suspiciously. He could only see the martial artists clearly when they flew close.

Apart from the few normal humans in the lead, there were hundreds of martial artists behind them. They all had ferocious faces and emitted a murderous aura, as if they had no consciousness.

a killing weapon?!

Hu Jun was shocked and immediately called out the names of these things.

“Lord, Lord Wei Qing! It’s Lord Wei Qing!”

In the battle ring that was guarded by six ding and six Jia, Zi Tong suddenly shouted excitedly, jumping and waving his hands in excitement.

After he discovered the abnormality in the tiandang mountains, he immediately sent the news back to the Holy region.

Although there were countless deaths and injuries among the powerhouses of the Holy region, the entire huge organization was still operating, so the news reached Wei Qing’s hands.

After all, only Wei Qing and Gongyang zhengqi were left in the entire Holy region, and the latter had not appeared since he entered fairy’s capital.

After Wei Qing received the news, he immediately rushed over with his killing weapon. It was also heaven’s will that they finally found the right place after walking around the mountain range for a long time.

Zi Tong’s excitement was also easy to understand. After all, he was from the sanctuary, but from the beginning to the end, he was not well-liked and had no sense of existence at all. Now that he saw his

own people, and at the moment of life and death, seeing a large number of his own people coming to rescue him, he was so excited that he almost cried.

Yunxiao was also taken aback, and his heart was filled with both surprise and joy. He was happy that the hundred killing weapons behind Wei Qing could definitely turn the tide, but he was surprised that this man was both good and evil, and only God knew if he would make a move.

But soon, Yunxiao was relieved. Wei Qing took a look at the situation and immediately ordered, "Kill all the demonic creatures!"

The killing machines were suddenly filled with a violent aura and entered a berserk state. They made strange sounds and rushed forward.

Following Wei Qing were Nanfeng Xuan and a few other Saint domain experts.

They were all those who had followed him and survived. They also attacked without saying anything.

Hu's face turned ugly. In a flash, he appeared in front of Wei Qing and reached out to grab him.

He knew the power of the killing machine. It was something that existed only for killing. It had no feelings or pain. It only knew how to kill and took pleasure in it. It was an existence that was even more of a headache than those magical beasts.

However, killing machines also had to obey their Masters. As long as their Masters showed a trace of obedience, they would naturally stop.

Therefore, Hu made a prompt decision and immediately attacked Wei Qing.

Behind Wei Qing, Wei Wuya's figure flickered and appeared in front of Wei Qing. With a loud shout, he struck out with his palm!

"Bang!"

Wei Wuya's internal organs were injured, and blood seeped out of the corner of his mouth.

Wei Qing was also shocked, " father!

"I'm fine, be careful!" Wei Wuya shouted.

After pushing back Wei Wuya, Hu Zai turned around and attacked Wei Qing. His five fingers were like blades as he directly slashed towards Wei Qing's throat.

A white light appeared on his fingertip and tore through space. It was extremely sharp.

Wei Qing's expression darkened. He raised his hands and his arms turned into two different colors. With the power of extreme fire and Extreme Ice, he pressed Huts palm down!

"Bang!"

The sharp light at Hu's fingertips shattered. He frowned, finding it extremely strange.

The two powers were not strong to him, but they were very strange, making his heart throb inexplicably.

you're only at the divine sovereign justice realm. Do you think you can survive in my hands? "

Hu threw away the distracting thoughts in his mind and sneered. His right hand shook and shattered the two forces. Then he turned his palm into a claw and attacked.

Wei Qing took two steps back and quickly made a hand seal. Finally, he made a gesture of hugging with both hands in front of his body.

The yin and yang Qi immediately surged out and intertwined with each other, forming a treasure bottle in his hands. The runes on the bottle danced and emitted a majestic force!

As soon as the treasure bottle appeared, Wei Qing's aura changed, and even the space trembled slightly.

Yin Yang dual Qi bottle!"

Hu's pupils contracted as he recognized the item and couldn't help but scream!

His five fingers also touched the rune, and he immediately felt a heart-palpitating force, causing him to withdraw his hand.

Wei Qing was overjoyed. Seeing that the other party was frightened, he hurriedly turned the treasure bottle, and two rays of light shot out from the mouth of the bottle!

Hu didn't dare to be careless. He took out something that looked like jade but wasn't Jade and slapped it several times. The green light flew randomly in the air and shattered the two-colored light with a few bangs.

"Hmph, you scared me! It's only the most basic of uses. This is a Devil world's Saint artifact, so it's impossible to display its power without the purest devil

Hu's eyes flickered and he licked his lips greedily. give it to me.

He once again closed in on Wei Wuya, but he suddenly felt a sense of danger. Wei Wuya raised one hand in the air, and a huge illusory blade condensed in his palm. Then, he suddenly slashed down!

"Judge!"

"BOOM!"

Boundless evil energy burst out from the blade of judgment, shattering the heavens and earth!

Hu was not willing to take this attack head on. He could only transform into a falling leaf and drift backward, flying several thousand Zhang away.

As the blade of judgment was swung out, the entire space was filled with a violent Qi, which seemed to be in line with the likes of the killing weapons, and all of them became more excited.

A few of the killing machines even hugged the Yuanxiang zhichen and bit down on it, killing it.

The demon lords were terrified. They were also surrounded by killing weapons and could not escape.

The two cranes were also Trapped in the Sky, and they cried out in pain.

Feini was fighting alone, and with her strength and Heavenly Phoenix Power, she was able to suppress the other party.

The other one was the lingmu di and the sky patrolling Bulldog. Their metal bodies had long been deformed, but they still gritted their teeth and fought hard.

Hu's face was extremely ugly. He stared at the battle for a while before silently turning around and walking into the depths of the crack.

One of the demon lords sensed it and suddenly cried out in alarm, roaring, "Lord Hu, what are you doing? Hurry up and save us!"

The other Demon Lord also said angrily, "if we lose our position, how are you going to explain it to lady Yuan?!" The position is more important than our lives!"

Hu's footsteps stopped and he suddenly turned around, a charming smile on his handsome face.

He touched his chin and blinked his eyes. He smiled brightly and said, "Lady Yuan has said that the position is far more important than your lives. Even if all of you die, the position can not be lost. But ..."

He narrowed his eyes and smiled, "Lady Yuan has also said that I must return alive. My life is far more important than the position. Even if the position falls, I have to go back alive. These are lady Yuan Yuan Yuan's orders."

The demon lords were completely dumbfounded. Distracted and distracted, they were immediately injured by the killing weapons.

Then, boundless anger burst out in the hearts of several demon lords. They risked their lives to kill dozens of killing weapons, but they were no match for them in the end. They were dismembered by the killing weapons and degraded into evil spirits, which then degraded into demonic spirits, and finally disappeared.

At this moment, the power of the realm crystal that filled the entire crack also began to dissipate.

The remaining Yuanxiang zhichen and the two cranes were instantly suppressed by the realm power, and their already disadvantageous situation became even worse, they were killed in an instant!

After the last demonic fiend was crushed, the entire crack became extremely quiet.. It was so quiet that it was terrifying!

Chapter 2096: the Vatican

Everyone's heart felt like it was being weighed down by a heavy stone, incomparably heavy.

But fortunately, almost everyone had experienced hundreds of battles and had long become indifferent to life and death. They only suppressed their emotions for a while before gradually relaxing and returning to their calm state.

Wei Qing looked at everyone's sorry state and said indifferently, "Alliance master Yun, congratulations on your victory."

Yunxiao was a little ashamed and angry, but he felt more sad and remorseful.

He grunted and did not say anything.

The rest of the people stared at Wei Qing, their expressions not good.

Qu Hongyan said, "no matter what, it's all thanks to Lord Wei Qing's help this time. I can't thank you enough for saving me."

"What, do you think I'm mocking you?" Wei Qing raised his hand and interrupted.

"Isn't that so?" qu Hongyan snorted coldly.

"Palace Master Hongyan and Alliance master Yun have misunderstood," Wei Qing replied with a smile. "I'm sincerely congratulating you. Our side won the battle and exterminated all the demons, isn't that right?"

Yunxiao's face darkened as he said coldly, "Then what about our dead comrades? Could this be considered a complete victory? Rather than that, I'd rather be defeated!"

"Haha, childish!"

Wei qingluan laughed, and a cold expression flashed across his face, "How can there be no deaths in a Great War? If you don't want people to die, you should go and reason with them, treat them to a bun, and tell them not to come to the realm of heavenly martial arts."

li Yunxiao, "Wei Wuya added, "you're too kind. As the Commander-in-Chief of the heavenly martial Alliance, such kindness is a taboo. As the saying goes, good people don't become officials, justice doesn't gather wealth, and kindness doesn't command troops. A soldier was a sharp weapon that was

meant to kill! Do you still not realize the cruelty of The War of the Two Worlds? Not only will they die, but you and I will also die in the future!”

Yunxiao was taken aback. What Wei Qing and his son had said was similar to what ye Nantian had said that day. Perhaps his character was really not suitable to be the alliance leader.

Lingmu di nodded and said, “although there were many casualties this time, it’s already much better than the time at the ancient Devil’s well.” Back then, the overall strength of the realm of heavenly martial arts was far greater than it was now, but it was almost destroyed by the demon race. At the very least, the situation was still under control. After defeating the demons twice in a row, I’m sure they’ll be wary of us.”

not necessarily! Yunxiao said gloomily. I don’t think so! We fought twice and suffered heavy casualties, but we only managed to drive them back to the demon world. We didn’t even see the real master!”

“Not exactly,” lingmu di said. The devil King in the ancient Devil’s well had said that the devil World was now controlled by eight devil Lords, and man man was one of them. That ‘Yuan’ was most likely one of the people behind the demon forces today. These two demon tribes have suffered heavy injuries, so they shouldn’t be able to do anything for a while.”

at the current level of the two worlds ‘intersection, the crack is not strong enough, ” Yunxiao said worriedly. demon Venerables can’t cross the border for the time being. If the eight demon Venerables come to the realm of heavenly martial arts together, who in the world can stop them?”

Lingmu di laughed indifferently, “if you can’t, you’ll die.” Thus, the future of this world will depend on all of you.” He cupped his fists and saluted everyone.

Everyone was shocked. They all knew his identity, so they hurriedly returned the greeting and said in unison, “Your Excellency is too serious. This is our duty!”

“In the end, it’s still because we’re not strong enough,” Wei Qing said. I plan to go to Yanwu to study the ten rules. he looked at Yunxiao and said, “ I wonder if Alliance master Yun will allow me to go? ”

Yunxiao frowned slightly. of course you can. But, you have to behave yourself in Yanwu. If you dare to do anything, I won't forgive you!

"Of course," Wei Qing replied with a smile. After all, Yanwu is your territory, so I won't mess around." He heaved a sigh of relief, while Wei Wuya's eyes flashed with joy.

If Yunxiao did not allow them to go to Yanwu, they would have no choice. It would be extremely difficult for them to comprehend the rules of ten directions and extend their lifespans.

There was another silence in the crack.

"Feiyang, should we continue to patrol the mountains or go back for the time being?" qu Hongyan asked softly.

'Since I'm already here, I can't give up halfway,' Yunxiao said thoughtfully. We'll continue to patrol the other cracks. With Lord Wei Qing's help, it won't be too dangerous."

Everyone had witnessed the power of those killing weapons just now. Although they were very disgusted by the existence of such things, no one could deny their power.

"What do you think, my Lord?" Yunxiao asked Wei Qing.

Wei Qing snorted coldly and cursed in his heart.'I still have to go to Yanwu, so I can't disobey him. Besides, from the perspective of resisting the demons, it's indeed best to continue patrolling.'

"It's up to you, I have no objections." Wei Qing said indifferently.

Yunxiao nodded and said, " alright, let's continue our investigation. We haven't gone deep into this crack yet. Let's go in and see what it's like inside.

The crowd gathered their spirits and treated their injuries briefly. They let the Warriors who could no longer fight enter the divine realm tablet before they went out of the crack.

After about half an incense's time, they finally reached the end of the crack. In front of them, the regional wall could be vaguely seen. An invisible pressure hit them in the face, making many people feel uncomfortable.

this crack is too big, " said lingmu di. we can't seal it with our own power. We can only leave some restrictive spells here. If they are triggered, we can be prepared.

can't seal it? " Yunxiao frowned. doesn't that mean the people of the devil realm can enter and leave at will? "

"When I said it can't be sealed, I meant that it's too difficult," said lingmu di. Even if a large number of people were mobilized to seal it now, as the two realms merged, there would be more and more cracks, and it would break through by itself. Once there are too many cracks, we won't have enough power to seal the area."

Yunxiao also felt a headache. He could not just let it go, nor could he leave. it's impossible to seal off all the cracks, " Wei Qing said. we can only guard the passage to the sky-floating island and sweep the mountain range regularly. This is the best plan.

but, " Yunxiao said, " the passage to the floating island is not the only way to enter the tiandang mountains.

Wei Qing glanced at him and sneered, " "The floating Sky Island is the main passage, and the other cracks can only allow a few demons to pass through. If we want a large-scale invasion, we can only use the main passage. Otherwise, it will be dangerous once the space collapses. The devil clansmen aren't fools, they won't take this risk out of nowhere."

"And if you want to prevent all the demons from coming, that's undoubtedly a fool's dream," he added.

Yunxiao's mind was full of thoughts as he said, " "Is there no way to end The

War of the Two Worlds completely?"

Wei Qing nodded, "there is, and that's the complete destruction of a Jie .."

have you ever thought about why the fiends want to invade the heavenly martial realm?" Yunxiao asked. do you know why?"

Everyone was stunned, Ben tingfeng said gloomily, "Is that even a question?"

There was no why!

Yunxiao frowned and said, " I don't quite understand. The realm force of the heavenly martial realm rejects external forces, and it is not suitable for the survival of those fiends. Why did they invade us? is it purely for killing?" "Of course, what else do you think?" Ben tingfeng replied nonchalantly.

Yunxiao remained silent, and even lingmu di and Wei Qing fell into deep thought, as if they had never thought about this question.

the demons have invaded the realm of heavenly martial arts for a long time, ' beimang Nan said. the creatures of the two realms are indeed irreconcilable, but no one knows the exact origin. Perhaps it has been too long, and no one knows the beginning of this matter. However, it is an undeniable fact that the demons are too aggressive."

I understand, " Yunxiao said. the most important thing now is to guard and seal all the major cracks as much as possible, and increase the overall strength of the heavenly martial realm. Otherwise, when the eight demon Supremes come in the future, it will be a world-ending disaster, just like a hundred thousand years ago!

Everyone's mood was heavy, they patrolled the regional wall for a while and left after finding nothing strange.

And at this moment, at the other side of the regional wall, a Nebula was swirling.

A large number of underworld nine abalones were suspended in the sky. Some of them were more than ten times larger than the ones in the rift. There were also other magical beasts moving around in the Nebula. The crane flapped its wings and craned its neck to let out long cries.

Hu stood above the largest nether nine abalone with his hands behind his back. He looked at the regional wall quietly as if he could see through it.

A nine-colored divine light appeared in his eyes, like the glow of the horizon, making it impossible to look straight at him.

After a while, he heaved a long sigh, turned around, and flew down.

On the largest abyssal nine abalone, there were mountains, trees, palaces, and flowing water. The dense demonic light formed a barrier that flickered around the abalone.

Hu Fei landed inside and walked towards the palace.

The two guards in front of the hall raised their eyes and were stunned for a moment. One of them reached out to stop him and shouted, "Lady Yuan is in the middle of an important discussion. Anyone who enters must be informed." Hu's expression was calm, and he smiled. "I'll have to trouble the two of you then."

"Yes."

The guard responded and turned to enter the hall. He had just taken half a step when he saw several demon lords walking towards him.

The demon lords were all in deep thought, occasionally whispering to each other about something. It was clear that they had just ended the meeting.

One of the demon lords saw him and froze for a moment. Then, he coldly said, "Mr. Hu, why didn't you build a base in the tiandang mountains? why did you come back on your own?"

The other people also stopped, staring at Hu. They seemed to dislike him very much, their faces cold.

“That’s right, something happened and I had to come back. I was just about to report it to lady Yuan.”  
Hu smiled faintly.

“Oh? You spend all your time on the basic demonized construction, giving people and resources to you. Almost all the resources of the entire kun tribe are at your disposal. Why, are you still not satisfied and want to ask for more?” The demon Lord jeered maliciously, his eyes filled with envy, jealousy, and hatred.

Hu shook his head and said with a smile, “ the demonized construction has been carried out in an orderly manner. There are no problems. However, another small matter has occurred. I thought about it and decided to come back and report to lady Yuan..

Chapter 2097: taking turns to guard

“Oh? You spend all your time on the basic demonized construction, giving people and resources to you. Almost all the resources of the entire kun tribe are at your disposal. Why, are you still not satisfied and want to ask for more?” The demon Lord jeered maliciously, his eyes filled with envy, jealousy, and hatred.

Hu shook his head and said with a smile, “ the demonized construction has been carried out in an orderly manner. There are no problems. However, another small matter has occurred. I thought about it and decided to come back and report to lady Yuan.

The demon Lord sneered. you came to disturb lady Yuan over a small matter.

Are you really that useless? can’t you even handle a small matter? ”

“Hahaha! ”

The other demon lords also laughed wildly, their expressions full of ridicule.

“I really don’t know what kind of ability he has to be so valued by master Xi. He can’t even handle such a small matter.”

he has occupied more than half of the resources in the entire Yu clan, yet he has not made any contribution. Instead, he has been asking for more and more, dragging us down.

“Hmph, stop complaining. Who asked him to have a pretty boy face and know how to suck up to others? we can’t learn that attitude of kneeling and licking others “boots.”

All sorts of mockery and sneers spread out, bringing with them a strong sense of jealousy and envy.

Hu Yiran’s face was indifferent, and she faintly smiled, unconcerned. She only said to the two guards in front of the door, “Can I go in now?”

The guard nodded. the meeting should be over. Please come in, my Lord.

Hu nodded and then walked into the hall, completely ignoring the demon lords.

This kind of transcendent appearance angered the crowd even more, and they wanted to rush up and tear him to pieces.

The demon Lord who had asked the question earlier suddenly called out, “Don’t look for lady Yuan for everything. Our Vatican has lost all our face by producing a good-for-nothing like you. What’s the matter? tell us and we’ll help you solve it. ‘

“Hahaha!”

Another burst of wild laughter rang out.

Hu stopped and turned his head. With a smile, he said, "Brothers, really?" yes, yes. Tell us. We'll solve it for you.

The demon Lord's mocking expression turned into a sinister smile as he said, but after you're done, you'll have to kneel down and call me demonic fiend in front of us.

"Hahaha!"

The demon lords around him also laughed and said arrogantly, hurry up and tell us what's the matter. I'll let you see your brothers 'strength!

Hu tilted his head and thought for a moment, then smiled. "Actually, it's not a big deal. Even though they had lost their base in the tiandang mountains, all the demonic Lords and demonic beasts had been killed by the experts of the heavenly martial realm, and hundreds of ominous spirits had also been annihilated. At this moment, those powerful creatures of the realm of heavenly martial arts are behind the regional wall, thinking about how to deal with us. Please, brothers, come out and destroy them all, and take back the territory." There was a strange silence in front of the palace. The mocking laughter just now had all disappeared.

Everyone's eyes were wide open and their mouths were wide open. They were completely dumbfounded.

"Brothers, what's wrong? Please make the decision for me and take back our position."

Hu blinked and smiled as he cupped his hands and bowed to the crowd.

The demon lords broke out in a cold sweat, their faces pale. you, you really lost your Xuanji base? "

Hu narrowed his eyes and nodded. yes, yes. If you don't believe me, you can go out and take a look.

"You, you, you, you, you, you, you ..."

The demon lords seemed to be scared silly. They were petrified, and their brains couldn't even work.

Hu gave a faint smile and ignored the crowd. He turned and walked into the hall.

"Ha? Ha, ha ha!"

A Demon Lord suddenly laughed, his face full of gloating and mockery, "Hu Jiang has lost the tiandang mountain range's position. Hahahahahaha, is he going to die? "

"Not bad! No matter how much lady Yuan doted on him, she would never forgive him this time! That's a position that's more important than our lives!" In addition, the demon Lord was also excited, his eyes shining.

There was also a Demon Lord who looked suspicious and said, "I don't think it's true. If they really lost their position, how could he be so calm? There must be a problem!"

yes, this person likes to act mysterious. He might be lying to us. A Demon Lord analyzed.

"Hu is annoying, but I've observed him for a long time and have never seen him lie. I think this matter is highly credible."

A Demon Lord muttered, "also, there was news that the crack in the Barbarian tribe was sealed by the realm of heavenly martial arts." It could be seen that the strength of the realm of heavenly martial arts was not as weak as imagined, and it should also be dealing with the invasion. The tiandang mountains is the most important battlefield in history. It is normal for them to attack."

"If that's the case, did we really lose our position? This matter is too horrifying."

"Let's go and confirm it first," a Demon Lord said in a deep voice.

After the demon lords discussed this, they turned into rays of light and left.

Hu walked into the hall. It was quiet inside, with only the sound of his footsteps.

In front of the hall, a bead curtain covered the floor, blocking the throne. The pearls on the curtains all gave off a ghostly light, blocking all divine sense and making it impossible to see the figure behind the curtain.

Hu walked three Zhang in front of the curtain and stopped.

This distance was not permitted by any Demon Lord, or he would die without a doubt.

But he was safe and sound, and the person behind the curtain did not blame him. He only asked softly, "Did we really lose our position?"

"It's true,"

Hu nodded and didn't say much.

The person behind the curtain trembled slightly, then he sighed and said, "Sigh, I've been setting up for so long, but it's all for nothing. If it wasn't for you, I'm afraid that the person who handled this matter would have died in the palace."

"Many thanks for lady Yuan's favor," Hu Xie smiled evilly.

The referee said, "now that we've lost our position, it'll take a lot of effort to rebuild it. Besides, I'm afraid the people from the realm of heavenly martial arts have their eyes on it. It's not easy. what should we do next?"

"The losses this time were so great that half of our forces were lost," Hu chensi said. "It's not suitable for us to take action in the short term, so let's rest and recuperate for the time being."

"Recuperate?"

Hmph! Yuan seemed displeased. we occupied the crack in the tiandang mountain range. We were originally the most advantageous force. Now, we've fallen into a passive position.

"The eight tribes of the devil World are ready to make a move," Hu said. "The only two tribes that have the advantage of the crack, us and the Barbarian tribe, have both been injured. It can be seen that the current strength of the realm of heavenly martial arts is not weak. In my opinion, it is better to take away the power and give the tiandang mountains to the other tribes to fight for." give up?!

The referee was shocked and refused decisively, "no!" In order to fight for this place, I've spent so much effort. How can I give up just because of a defeat? If the other divisions get there first, we'll be in a passive position when the territories of the heavenly martial arts realm are divided."

Hu chuckled and said, "the future is too far away, and there are countless variables." And who can see the fate of the heavens and seize the opportunity?" Yuan seemed to have quieted down, not as excited as before.

we've analyzed before that the strength of the heavenly martial arts realm is not comparable to any of the eight departments of the devil realm," Hu said.

but from the looks of these two incidents, it's obvious that we've miscalculated. Although the suppression of the realm power of the demon race in the heavenly martial realm was one of the main reasons, the same thing had happened twice, and it was definitely not a coincidence or luck. I believe that even if the other tribes find a way out, we'll end up the same way as the Barbarian tribe."

"From what you're saying, the Holy War is completely impossible?" the referee asked.

of course not," Hu replied. although the heavenly martial arts realm is weak now, there have been various conflicts between the two realms for countless years, and there has been no substantial progress. So, the Holy War is definitely not as easy as we think.

Yuan seemed to be moved by his words as she nodded and said, "Alright, I'll do as you wish. The person I trust the most is you."

“Many thanks for lady Yuan’s praise. I will immediately pass down the order to evacuate this place.” Hu smiled and cupped his fists.

Those demon lords who were busy inquiring about the loss of their positions received the news of the transfer of their base camp and the opening of the crack before they could find out whether it was true or not. They were all shocked into fossils, unable to accept it.

At this moment, in the tiandang mountains.

Yunxiao and the others were still patrolling the area, searching several forbidden zones and killing a small number of ten-directional brutal souls.

As for the various demonized areas, they would use divine fire to burn them one by one, destroying them all.

Several days later, they had gone through more than half of the forbidden area and dozens of cracks, but they still couldn’t find di Jia, the Saint Devil temple, or the people from the ice region.

In the end, based on Duanmu Youyu’s calculations and some speculations, di

Jia and the people of the ice zone had most likely returned to the demon world.

Only then did Yunxiao have to give up. He rang the bell and returned to the floating island with many experts, where he began to lay out the restrictions and guard the island.

With the current power of the floating island, it was completely useless except for sending messages.

In the meeting hall of the sky-floating island, everyone began to discuss this matter.

Because the strength of the sanctuary was too weak, only Wei Qing and a few others could be of use. Moreover, the killing weapon was not something that ordinary people could control. Coupled with Wei Qing’s own will, he did not want to stay in this place.

Therefore, the heavenly martial Union and mysterious separation Island would be responsible for the sealing, guarding, and patrolling.

The two factions each sent people to guard the place for half a year and began to build the long-distance teleportation array from the floating island to the heavenly martial Union.

Furthermore, based on his estimation of the tiandang mountains, each sect would have at least three void realm and ten powerful beings above the divine sovereign realm.

The first round of sealing and guarding would be handed over to mysterious separation Island.

After that, mysterious separation Island sent formation and sealing Masters over. Above the tiandang mountains, they laid down an inescapable net around the main passage of the floating Sky Island. There were hundreds of seals and restrictions of all sizes to strengthen the defense.

After returning to Yanwu, Yunxiao began to recuperate in seclusion, and at the same time, he asked mu Xing to repair the six ding and six Jia.

At this moment, the entire Yanwu's Department of Magic was busy studying the refinement method of the twelve men of gold. Under the operation of the merchant Union, all kinds of rare materials were being transported from the other three regions.

A few days later, Yunxiao's injuries had mostly recovered, and he came to the Department of sorcery.

He saw that everyone was busy and nervous, and had no time to manage things. They were completely unaware of his arrival..

Chapter 2098: stop killing with killing, stop killing with killing

Yunxiao did not want to disturb the crowd, so he went straight to the main hall of the Art Garden.

The hall was filled with all kinds of small golden figures, all of which were models of the twelve golden men. They were in all kinds of postures and were extremely lifelike, and there were actually more than a hundred of them.

Except for a few alchemists, most of the people who were studying these golden men in the hall were from the MU family.

‘Elder mu Jie, Grandmaster zirui, it’s been a long time. It’s impolite of you to only meet me now.’

It was elder mu Jie who led the MU family here, as well as zirui, who went to the MU family from the sea of soul formation. They were very lucky to have escaped from Lu congzi’s disaster when they went overseas to verify the Dao of puppets.

As soon as Yunxiao entered the hall, he saw the two of them and hurriedly cupped his fists to greet them.

Only then did everyone in the hall notice him. However, most of them only had cold expressions on their faces and continued to immerse themselves in their research after a glance.

Mu Jie and zirui were also discussing the problem. They didn’t want to pay attention to him, but it wasn’t appropriate for them to be impolite. They also hurriedly stood up and said a few polite words, but their expressions were still immersed in deep thought, looking absent-minded.

Yunxiao smiled wryly in his heart and said, “Please continue with your work, I won’t disturb you any longer.”

“Okay, okay.”

Both of them were overjoyed, so they ignored Yunxiao and continued their discussion. I think adding some Dragon excrement can solve the problem of the array’s lack of power.

Yunxiao swept the hall with his divine sense, but he did not find any trace of Tian Zhaozi. Only Yuan Gaohan was still refining artifacts in a side hall.

His figure flickered and teleported over. He chuckled and said, "Brother Gao

Han,"

Before he teleported, he had slightly released his divine sense for Yuan Gaohan to sense, so the other party was not surprised and only looked at him indifferently, "What is it?"

I have an immature idea," Yunxiao said with a smile. I'd like to discuss it with you, brother Gao Han.

Yuan Gaohan didn't even turn his head and continued to concentrate on his refining, lightly saying, "Speak."

Yunxiao pondered for a moment, then said, "I would like brother Gao Han to be in charge of refining a series of pills that can increase one's strength."

Yuan Gaohan's pupils constricted, and a cold light shot out of his eyes. Only then did he put down the furnace in his hand, turn around, and stare straight at Yunxiao as he said, "What do you mean by that?"

Yunxiao seemed to be a little guilty. He sighed and said, "Sigh, I won't hide it from brother Gao Han. It's exactly what you're thinking."

Yuan Gaohan was furious and grabbed his collar, scolding, do you know what you're thinking?!

Of course I know," Yunxiao said. I've been struggling for a long time.

Yuan Gaohan sneered coldly, "Have you gone mad thinking that you're the Alliance master?" Continuously taking medicinal pills that increased strength was basically cutting off a martial artist's talent, making it difficult for them to have any achievements in the future. Furthermore, the effectiveness of the medicinal pill would also decrease, and the final realm would forever stagnate at a

certain position, forever unable to advance! To those powerhouses with the heart of martial arts, this is undoubtedly destructive!" of course I know, " Yunxiao nodded. I know that.

"Then will you take this pill yourself?" Yuan gaohan snorted.

no! Yunxiao shook his head. I won't.

Yuan gaohan's anger soared to the sky as he shouted, and you still want others to consume it?!

many people's cultivation bases have stagnated for a long time, " Yunxiao argued. perhaps they would be happy to take it.

"Bullshit!" Yuan gaohan replied coldly. Now that the ten nomological laws have spread out, even cultivators who have stagnated before can gradually break through their bottlenecks and charge for higher realms under the nourishment of this nomological power!"

Yunxiao looked at the angry man, his eyes as calm as an ancient well. As Yuan gaohan looked at him, his heart suddenly moved and he was also stunned.

I know what you're saying, " Yunxiao sighed. I know all that you're saying. However, the realm of heavenly martial arts was one hundred thousand years behind, and this huge gap could not be made up in a short time. We don't have much time left."

Yuan gaohan's anger subsided a lot, and he frowned, "But you can't sacrifice the future of others to achieve a short-term goal, right?"

Yunxiao looked up at him and said with a wry smile, " "Future? Do you know how many people have died in the last two battles with the demons? How many of our clansmen and even old friends were buried there? This battle was like a melting pot. Everyone was struggling in the furnace and could be burned to ashes at any time. Not to mention sacrificing their future, many people have

even sacrificed their lives."

Yuan gaohan was stunned for a moment and suddenly felt speechless. He said awkwardly, "But this Tao Wu is still evil, Tao Wu."

Yunxiao stared at him, his eyes turning firm and sharp. I can't care about that at this moment. I don't even care if Wei Qing refines the man into a killing weapon. Stop the killing with killing, stop the devil with the devil, I only want more power now! Help me!"

Yuan gaohan's entire body trembled, the expression on his face becoming extremely complicated, his eyes filled with a bitter struggle.

I know there must be such a convenient research in the sacred zone," Yunxiao said. through the cultivation of a series of medicinal pills, we can break through the current shackles. Help me refine it in the shortest time possible. It will cover martial emperors, martial Supremes, and martial Supremes. As for those below the Martial Emperor realm, it's bi an."

Yunxiao shook his head with a wry smile and said, "I don't want the future of the realm of heavenly martial arts to end, so I'll leave those young ones. Furthermore, I won't force anyone to consume this pill, I'll only encourage them."

Yuan gaohan's face turned pale,"You've changed after all."

Yunxiao sneered and said coldly, "If you had participated in those two battles, you would have changed as well. If you don't agree, I'll take you to the battlefield next time."

"You're the heavenly martial Alliance's leader now, so I'll listen to you," Yuan gaohan shook his head. I'll get you what you want as soon as possible." "Thank you," Yunxiao cupped his fists and said.

Yuan gaohan didn't say a word, seemingly dejected, waving his hand to send the guest off, as if he didn't want to see him again.

Yunxiao did not feel good either. He cupped his fists again and bowed, then teleported away.

The next moment, he appeared in a Hall.

Ding Ling 'er had just finished talking with several core figures of the Chamber of Commerce and watched them leave. She was surprised and shouted, "Who is it?" Only then did he see that it was Yunxiao. He hurried over and called out, "big brother Yunxiao."

Yunxiao smiled as he reached out to comb her hair and gently tucked it behind her ear. "You've been working hard all this time."

Ding Ling 'er's cheeks blushed, and she lowered her head and said in a low voice, "It's not hard, this is what I should do. Ling 'er can't be like sister Hongyan and sister Feini, accompanying big brother Yunxiao to kill enemies, so she can only take care of these small things behind him. I hope big brother

Yunxiao won't abandon me."

Among Yunxiao's confidants, she was the weakest, and she had always felt inferior.

Even though she was now in charge of the logistics and operation of the entire city, and her role was far greater than the others, this was a world where the strong were respected and the weak had no human rights.

In her heart, there was always a sense of inferiority due to the great disparity in strength.

Yunxiao chuckled and pulled her into his arms. He stroked her hair and smelled the faint fragrance as he said, "Don't be silly. Each and every one of you is irreplaceable. You are equally important in my heart. There is no favoritism."

Ding Ling 'er hummed softly as she leaned against Yunxiao's chest, enjoying the incomparable warmth.

But, a moment later, Yunxiao pushed her away and said seriously, "Ling 'er, there's something that you need to send someone to do urgently."

Only then did Ding Ling 'er come back to her senses and said, "Big brother

Yunxiao, please speak.

you know the current situation in the world," Yunxiao said. no one can escape from this demonic tribulation. I hope you can send someone to bring Teng

Guang, li Huachi, and Ling Baiyi here.

Yunxiao is right. If the three of them come, the strength of the heavenly martial League will improve a lot."

yes! Yunxiao nodded. in the battle of Red Moon City, soaring light's body was completely destroyed, but he is unparalleled in array formations in the world, and he will be of great use in the future. Li Huachi and Xue Chenxi's zither and sword were in harmony, and they were invincible. As for Ling Baiyi, he was not a kind person, but he had his own principles. Back when he fought the myriad Treasure Tower in Xinyan city, he had stepped into the divine sovereign realm directly. These years had passed, and with his exceptional talent, he might have advanced a level on the divine Dao. As long as we can find their residence and reason with them, I believe they will still come."

Ding Ling 'er nodded and said, " I'll send people to look for them, and once I have news, I'll go personally and definitely invite the four of them!"

thank you, Ling 'er," Yunxiao said. I'll have to trouble you with this matter. I

still have one more thing to do. Write a letter for me and send it to Wan Yiqian of the ten thousand treasures store. I want to exchange it for the formation diagram of the 'great rebirth blissful formation' from him."

"One of the three ancient killing formations named after the twelve divine beings killing formation?" Ding Ling 'er asked in surprise.

Yunxiao nodded and said, " yes. This array had shown its power in Xinyan city. Although only a few clues were revealed, it was clear that the power of the array was unparalleled. Even if he only has the map

fragment, if it falls into the hands of an array master, he can restore it to its original state and make Yanwu as strong as an impregnable fortress.”

although the merchant Union is still in a stalemate,” Ding Ling ‘er said, ” Wan Yiqian is very kind to us. Plus, we have big brother Yunxiao’s letter. It shouldn’t be difficult.

Yunxiao nodded and said, ‘what if a starving camel is still bigger than a horse, and ding Shan is a real hero? If it wasn’t for the fact that I’m currently tied up by many things, the next one I’ll deal with would be ding Shan!” A murderous look flashed in his eyes.

Ding Ling ‘er’s heart trembled, and she felt indescribably uncomfortable and complicated.

Yunxiao stroked her hair affectionately and said softly, ” the past is in the past. Ding Shan has done so many bad things. He’ll get his retribution sooner or later.

Ding Ling ‘er’s eyes were slightly red, and she said unhappily, ” big brother Yunxiao, must you kill him? ” don’t forget, ” Yunxiao said. he killed your younger brother.

Ding Ling ‘er bit her lips and nodded heavily. “I understand. He was an executioner, and my brother was my only family, but he still died in his hands.”

Yunxiao’s heart ached when he saw her look. He rubbed her face and said, ‘ from now on, big brother Yunxiao will be your family..

Chapter 2099: beiming Dark Palace

Ding Ling ‘er’s eyes were slightly red. She couldn’t help but shed tears when she thought of how she had been deceived and used her whole life. She had taken her enemy as her family and ended up all alone.

Yunxiao's heart was filled with tender love, and he could not help but hold her in his arms and kiss her hair.

Their body temperatures warmed each other, and their hearts couldn't help but throb as their blood flowed faster and faster.

A barrier was formed in the surroundings, completely blocking off the outside

world.

Inside the barrier, the gauze dress was taken off, and the spring light was charming.

Her ten fingers were like spring bamboo shoots, slender, soft, and red. The young man's femme fatale and pink lover were together, and the spring night in the brocade tent was endless.

After a wisp of light cloud and a drizzle, the two reluctantly separated.

Ding Ling 'er only felt a little pain. When she thought of what had happened just now, she couldn't help but play along with him, and her ears blushed.

Yunxiao admired her graceful body, which was full of beauty and charm.

Ding Ling 'er's face turned red with panic under her gaze. She quickly wrapped herself in the cloud clothes and whispered, "I'll do what big brother Yunxiao has instructed me to do."

After saying that, she tidied up ni Yi and directly rushed out of the barrier, disappearing without a trace.

Yunxiao removed the barrier, and a faint body fragrance spread out. He lowered his head and sniffed it, feeling that it was an endless aftertaste.

"When the golden wind and jade dew meet, they surpass countless people in the human world."

Yunxiao murmured softly, then his figure flickered and disappeared from where he was.

After leaving the department of Inspection, Yunxiao went to the place where he listened to the flute.

Lingmu di and the heaven patrolling Bulldog had been beaten out of shape in the tiandang mountains. They had to recuperate for a while before they could return to their original states. At this moment, they were cultivating the Starlight Soul Art and constantly increasing their soul power.

When he saw Yunxiao looking for him, he immediately stopped cultivating and went out to welcome him. "May I know why Alliance master has come? If there's anything you need, you can just summon me. There's no need to come here personally."

Lord mu di, you flatter me," Yunxiao said with a wry smile. is it really good to slander me like this? "

this is definitely not black," lingmu di said seriously. as the leader of the heavenly martial Alliance, you should have the demeanor of a superior. Because what you need is a sovereign descending to the world, to have the people of the world support and assist you."

Yunxiao waved his hand and interrupted him. I might have summoned others directly, but Lord mu di is a senior and an elder. He is highly respected. I can't do such a thing. You don't have to say anymore.

Lingmu di knew his character, so he immediately sighed, "Alright, I'll take it as an exception. What's the matter, Alliance master?"

I'm going to beiming Dark Palace," Yunxiao said. I'll be back in a few days at least, and a month at most. I'll have to trouble you to worry about Yanwu during this period."

"Beiming Dark Palace?"

Lingmu di looked as if he suddenly understood. He nodded and said, although the beiming Dark Palace is not a big deal anymore, it is still one of the few major forces in the heavenly martial realm. It is better to calm it down now to avoid any unexpected changes in the future.

you misunderstand me, my Lord," Yunxiao said. you've misunderstood me. If beiming Dark Palace has the heart to resist the demons, I don't mind putting aside my past grudges and fighting alongside them. However, beiming Dark

Palace has an extremely important item."

He immediately told them about the three brothers of ice domain.

"Outworld dark stone?"

it's the first time I've heard of this thing," lingmu di said in surprise. but since it can help the demon race break through to the Saint Demon Realm, it must not fall into the hands of the demon race!

that's exactly what I'm thinking," Yunxiao nodded. that's why I'm going to

beiming Dark Palace. First, we'll see what the beiming family thinks. Second, we'll take the stone back to the heavenly martial Union for safekeeping."

"I'll immediately dispatch some experts to go with you, Alliance master," said lingmu di.

there's no need to deliberately mix them," Yunxiao stopped him. you can see who is not in seclusion now, and just follow me. After all, beiming Dark Palace is only a force in the heavenly martial realm, and I know how strong they are. I can deal with them alone."

"That may be the case, but we can't be careless," said lingmu di. We were full of confidence in the first two battles, but we still suffered heavy casualties. Now, we have to be careful with every step we take, not to mention that you're going in person, Alliance master. We can't be careless." alright," Yunxiao sighed. I'll just follow your wishes.

Lingmu di immediately made the arrangements. However, the participants of the last battle were either cultivating in seclusion or recuperating from their injuries. In the end, the referee was confirmed, and Hua Shang and ning keyun of the divine cloud Palace were also with him.

Hua Shang's cultivation level was stuck before the divine sovereign justice realm. She had been in seclusion for a long time, but she couldn't break through. In her frustration, she took the opportunity to travel and perhaps find an opportunity.

As for Ning Keyun, he had just reached the returning to reality realm, so it would be difficult for him to make any further progress in a short period of time.

Yi had been cultivating the Buddhist Demon Sacred art in stealth all this time, and he had accumulated many questions in his heart. Lin was recuperating in the divine realm tablet, and Yi also wanted to find an opportunity to learn from her, so he took the initiative to ask to go with her.

Yunxiao thought of another person, and that was Luo Qingyun.

However, ever since Luo Qingyun came to Yanwu, he had sealed himself off and focused on his cultivation.

No matter how Yunxiao tried to send a message, there was no reply.

"Could he have died inside?"

After making some malicious speculations, Yunxiao had no choice but to leave. One day later, the four of them were teleported to the northern region and landed near Beiming Dark Palace.

After identifying their positions, they turned into four rays of light and headed towards Beiming Dark Palace.

Suddenly, the space in front of them turned slightly, and a green figure appeared in front of them. Oh, what a coincidence. I've just arrived.

Yunxiao was taken aback. Wei Qing? "What are you doing here?" His face darkened, thinking that Wei Qing was here to stop him.

"I heard that you're going to attack Beiming Dark Palace, so I rushed over," Wei Qing said lightly.

"Oh, you want to stop us?"

Yunxiao glanced around and said coldly, "Where are your killing machines? If you didn't bring it, do you think you could stop us?"

"No, no, no, you've misunderstood."

Wei Qing looked at him with a smile in his eyes and said, "I'm just following them to take a look."

"Take a look?"

Yunxiao would not believe his nonsense. Does Lord Wei Qing have a peeping habit? "

"Hahaha."

"Hahaha!" Wei Qing laughed and said, "I lost a lot of my killing weapons in the battle at Tiandang mountains. Beiming Dark Palace is one of the seven major sects in the world, and they have countless experts. Rather than being killed by Alliance Master Yun, it would be better to use them to replenish my Armory."

This was especially so for Hua Shang and Ning Keyun. As elders of the Divine Cloud Palace, they were quite familiar with the Beiming family. Although they didn't interact much with each other, after seeing the fate of the Beiming family, they all felt a sense of sadness and anger towards Wei Qing.

Yunxiao's hands and feet were also a little cold, but he was much calmer than the two women.

After all, he had experienced two great battles and had a clear understanding of the power and effects of this killing weapon. Although this matter was inhumane and inhumane, the effect could not be denied.

“Just do your own thing, Alliance master Yun, don’t worry about me,” Wei Qing said unhurriedly. If there’s anyone I like, I’ll just capture them.”

Yunxiao felt nauseated, and a chill came out of his pores. “As you wish! I’m warning you again, don’t mess around in Yanwu, or there’ll be no place for you in this world!”

“I know, I know. Let’s go.”

Wei Qing’s face was full of ridicule, as if he didn’t take him seriously at all.

The five of them immediately rushed to beiming Dark Palace.

The beiming Dark Palace occupied the best spiritual mountains and treasured lands in the North Region. When one flew into the palace, it was very refreshing and comfortable.

The spiritual Qi in the mountain had turned into liquid, like fog and dew, and shrouded the entire sect.

Five rays of light flashed, and before the guards in front of the mountain Gate could react, they had already entered the main hall.

“Who is it?”

There were many experts hidden around the main hall, and all of them rushed out and surrounded the four of them.

“You are Yingluo.”

One of the old men’s pupils contracted as he was shocked. He seemed to recognize them and said in shock, “Lord Wei Qing, Lord Hua Shang, and Qianqian, li Yunxiao! What are you guys doing here?”

As soon as the names were read out, the first two names were fine, but when the words 'li Yunxiao' came out, it immediately caused a commotion and shocked everyone.

I have something to discuss with beiming duanjue," Yunxiao said calmly. ask him to come out and see me.

"The sect master is not here! You guys should come back another day!"

The old man growled, his face ashen.

it doesn't matter if you're not here," Yunxiao said lightly. it's fine. We're all family in the four Seas, so we'll just treat this as our own home. Everyone, please go do your own things, there's no need to greet us."

After he finished speaking, he walked into the main hall.

The surrounding martial artists were all dumbfounded and hurriedly blocked in front of him, not allowing him to move forward.

A murderous aura rose from Yunxiao's body, and a cold gleam flickered in his eyes.

"Don't kill anyone," Wei Qing said first.

The Warriors were startled by Yunxiao's killing intent, but when they heard Wei Qing's words, they were overjoyed. The old man in the lead quickly cupped his fists and said, " "Lord Wei Qing, please make the decision! "

Wei Qing nodded. your strength and cultivation aren't bad. It's a pity to kill you. Come with me.

He flicked his sleeve and his figure flashed.

All the martial artists felt their vision blur before their consciousness gradually blurred, and they eventually fell to the ground.

The old man managed to hold on for a few more breaths. He struggled for a while, but he still couldn't withstand the temptation and fell down.

Wei Qing's face was filled with surprise, " eh? the dark Yin technique that the beiming family cultivates is indeed quite amazing. It actually protects the body on its own. Tsk tsk, it's worth studying. His eyes flashed with joy.

Yunxiao, on the other hand, felt a chill run down his spine as he said fiercely, " "You can study here by yourself. Let's go!" He said.

He, Yi, and the other two directly entered the main hall and exited from the back. After identifying the direction, they headed towards the square tower.

Many years ago, he had been here once. The beiming family's treasures were hidden in the square tower, including the Outworld dark stone. However, he had once fallen into a trap and almost fell into it.

Things had changed with the passage of time, and now that he had returned, he had a different feeling..

Chapter 2100: The ancestor

"The restriction of the square tower is a set of music called: I had to secretly learn the singing steps of the fragrant soul brocade sword for a while before I could master it. It's just that I don't need it anymore." Yunxiao raised his foot and walked toward the square tower.

"Bang!"

He stepped into the restrictive spell. The ground cracked and the space twisted. A powerful force pressed over from all directions and hit him.

“Bang Bang Bang!”

A burst of light erupted from his body, but it was blocked by the golden light.

Yunxiao did not care about the pressure of the restrictive barrier at all as he slowly walked forward. With every step he took, the ground crumbled, causing the surrounding space and restrictive barriers to collapse.

After three steps, all the restrictions on the square tower were destroyed, but he was not injured at all.

He raised his hand and grabbed forward. The copper Door exploded with a bang.

These actions also alarmed the other people in the sect. Soon, the sky was filled with people, all looking down in horror.

They had wanted to rush down and kill him, but they happened to see the restrictive spell bombarding Yunxiao’s body, which had no effect at all like a spider web. They were so frightened that they stood still and did not dare to move. Some of them even wisely ran away.

“Li Yunxiao! Stop!”

Just as Yunxiao and the others were about to enter the square tower, an angry roar came from behind them, and a powerful aura pressed down on them.

However, this aura was like a breeze to them.

Yunxiao turned around and said with an expressionless face, “So it’s hang

Yifeng. You're not dead yet?"

The man in front of him was the Vice Palace Lord of Beiming Dark Palace, Hang

Yifeng, whom he had met several times before.

As the heavenly martial Alliance's Alliance master, you entered our sect's Mountain Gate at will and injured our sect's disciples. This is no different from a dog stealing from a chicken. How can you have the face to be the Alliance master! Hang Yifeng said angrily.

What does it have to do with you whether I have the face to be the alliance leader or not?" Yunxiao asked in surprise.

Hang Yifeng was stunned and didn't know how to answer.

Even the surrounding disciples of Beiming Dark Palace were stunned, and they muttered, "Yeah, what does it have to do with us whether he has the face to be the alliance leader or not?"

Hang Yifeng's face turned red from embarrassment as he rebuked, "since you're the Alliance master, you should be well-respected and have a decent character. How can you do such a thing?! He was also forcefully finding an excuse. Otherwise, any one of these four people in front of him could take his life.

What?" Yunxiao was stunned again. What does this have to do with you?" I know what the Alliance master should do. I just want to know what this has to do with you. Why are you telling me this?"

"Yeah, why are you telling him this?"

The disciples around them also did not understand and asked blankly.

They did not know how powerful Yunxiao was. Beiming Dark Palace was used to being overbearing, and there were many people who would take lives at the slightest disagreement. The mindset of respecting

martial arts had long been deeply rooted in their hearts. Moreover, he was being bullied, so he should have directly killed the other party.

Hang Yifeng's ears turned red and he said angrily, "In short, you shouldn't have barged into my beiming Dark Palace. I order you to leave immediately!" What if I don't leave?" Yunxiao said slowly. What if I don't? '

Hang Yifeng rebuked angrily, "you're being unreasonable if you don't leave! You're immoral!"

Yunxiao was speechless. At that moment, a cold wind blew, and Wei Qing appeared in the sky. He glanced at the Warriors around him with a mocking look on his face as he waved his hand and said, " Li Yunxiao, go in and find your treasure. Leave this place to me.

Yunxiao raised his head and gave him a glance, then entered the square tower without looking back.

The other three people were also speechless. Although they hated hang Yifeng and the surrounding beiming Dark Palace disciples, when they thought of their next fate, their hatred immediately turned into sympathy.

Yunxiao also heard hang Yifeng's surprised voice behind him, "Lord Wei Qing! This one greets Milord!" He let out a long sigh and threw these trivial matters to the back of his mind. He then entered the square tower.

Everything in the building remained the same, but it seemed old.

The space on the first floor was very spacious. There were counters on all four sides, on which all kinds of Jade slips and profound level weapons were placed. It's a precious treasure of the beiming family, and its value is hard to estimate.

But, Yunxiao knew that this was only the surface. The real precious things, as well as the Outworld dark stone, were just below the first level.

He carefully observed the direction and immediately found the formation's hub, then struck it with his palm.

The palm force seeped into the void and circulated in the air. The ground began to change. A rumbling sound came from below, and the entire ground cracked open, revealing a passage.

As soon as the passage appeared, the four of them felt that something was wrong because a wave of demonic Qi came from it.

Yunxiao's heart skipped a beat as he flew into the cave, and the three of them immediately followed.

The passage was narrow and long, and it continued to sink. After flying for a while, it became wide, and then he landed.

The ground was full of rock layers, and the space was very rough. It was not polished enough, and it was obvious that it was inside the mountain.

Li Yunxiao, you've finally come? "

A familiar voice came from inside, and a figure jumped out. It was the darknorth Duan Jue, and beside him was the other Deputy sect master, Mu He.

Both of their faces were gloomy, and demonic light flickered.

you've cultivated demonic Arts? " Yunxiao asked. you've cultivated demonic Arts? "

"It's none of your business whether it's true or not," darknorth Duan Jue sneered. He returned Yunxiao's previous words to hang Yifeng.

I see. Yunxiao nodded and said, " it seems that you know what happened outside.

Darknorth duel's expression was unsightly as he pointed at them and said in a cold voice, "You all deserve to die! All five of you should die!"

I was going to join forces with beiming Dark Palace to fight the devil together," Yunxiao sighed. but it seems that's not going to happen. I won't talk nonsense with you. I just want to know where the Outworld dark jade is."

Darknorth judge and Mu He's expressions turned even uglier. Darknorth judge laughed involuntarily. haha, so you still can't forget our sect's treasure! Do you think I'll tell you?"

I don't think it's possible either," Yunxiao said calmly. so, I can only search your soul!

His figure flickered and he appeared in front of darknorth duel. He was only two feet away from him, and he reached out to grab his opponent's throat.

Darknorth demi-Jue was startled and dodged backward, but Yunxiao's Dragon lock technique had captured the world in all directions, so there was no way he could escape.

Mu He, who was beside him, suddenly made a move. His left hand formed a seal while his right hand formed a palm and struck.

Darknorth demi-Jue also gave an angry roar as a powerful force burst out of his body. As he moved his hands, a demonic light and a white light flickered as he clawed at Yunxiao!

"Bang!"

The three forces collided, and the spirit pressure spread out in all directions. The beiming Duan Jue and Mu He were instantly injured, and each of them spat out a mouthful of blood as they were knocked back dozens of steps.

Fear flashed through their eyes, and darknorth Duan Jue said in panic, how can the difference be so great?!

Other than fear on his face, there was also a deep sense of unwillingness and regret.

If he had known this day would come, he would have killed Yunxiao at all costs after learning his identity. Now that the situation had turned out like this, it was impossible to reverse the defeat!

“Hurry up and get the ancestor out!” Mu He said in a panic. This is our last chance!”

old ancestor? ” Yunxiao asked in confusion. old ancestor? ” He looked at the passage in front of him. There seemed to be something strange in the depths of the darkness, but his divine sense was blocked and he could not clearly see what it was.

A demonic light rippled out from the depths of the forest. Following which, an unfamiliar voice rang out, ” the two of you, step down. You are not a match for these four.

“Yes! Old ancestor!”

Darknorth duel and Mu He were overjoyed, and they hurriedly retreated to the side.

A person slowly walked out from the dark shadow. His face was thin and because he cultivated the profound Yin Qi, his face was blue and extremely gloomy.

Li Yunxiao, the leader of the heavenly martial League? ” The man asked expressionlessly.

Yunxiao nodded and said, ” yes. And you are? An ancestor of the beiming Dark

Palace?”

“My name is darknorth puppet fighter, and I come from the realm of everlasting life,” the man said.

After reporting his name, darknorth puppet continued,

If Alliance master Yun doesn't have a deep grudge against my beiming family, why are you forcing us to do this?"

the beiming family tried to kill me several times," Yunxiao said with a long sigh. I was able to escape thanks to my life. Is this a deep hatred?" However, since I'm the heavenly martial Alliance's Alliance master, I can indeed put these personal grudges aside and focus on the great cause."

as expected of the sovereign of the world! darknorth puppet clapped his hands and praised. I'm impressed by your bearing.

but," Yunxiao said. I have a condition.

just say it," darknorth warsua said. as long as it's within my power, I'll agree.

Darknorth Duan Jue and Mu He's faces turned even uglier as they listened. They exchanged a glance and saw the unwillingness and resentment in each other's eyes.

I want that Outworld dark stone," Yunxiao said. I want it.

"What?"

Darknorth zhansua was shocked and immediately denied it. "Absolutely not! This condition is too difficult. Alliance master Yun, please change to another one!"

Oh?" Yunxiao's heart skipped a beat. senior, do you know the origin of the

Outworld dark stone?"

"Of course," darknorth Battlesuit replied with a slight frown. This jade stone is a meteorite from outer space, and there is only one of it in the realm of heavenly martial arts. It is unique." it's not wrong to say

that it's a meteorite from outer space, " Yunxiao said. but do you know that this stone comes from the devil realm, senior? " Everyone was shocked by his words.

Not only were the darknorth Duan Jue and Mu He shocked, but even Hua Shang, ning keyun, and Phoenix were also shocked.

On the other hand, darknorth Battlesuit was extremely calm. After a flash of surprise, he snorted and said, " "Even if that's the case, so what? It belongs to the beiming family, and we have the right to do whatever we want with it!"

it's fine if it's just an ordinary thing, " Yunxiao said. even if it's a rainbow stone from the devil realm, I won't pursue it. However, this Jade was related to the inheritance and cultivation of a large family in the devil World. If it fell into the hands of the devil race, it was very likely to cause an incalculable disaster. Thus, I had no choice but to accept him into the heavenly martial Union to prevent any future trouble."

"The Saint Devil family from the ice region?"

Suddenly, a cold voice came from behind darknorth warsua, giving everyone a fright.

Even darknorth puppet shivered. He hurriedly turned his head and said,

"Little brother, were you disturbed by them?"

A person walked out from behind the darknorth Battlesuit. Demonic Qi was rolling around his body. One could tell at a glance that he was a devil cultivator, and his attainment was not low. The cold glint in his eyes was just like the unique dark and cold profound Qi of the beiming family..
