

The Eternal 2101

Chapter 2101: darknorth sword reading

As soon as the man appeared, Yunxiao's heart skipped a beat, and he sensed a very dangerous aura from him.

Darknorth demi-Jue and Mu He's expressions also changed drastically, and

cold sweat seeped out of their foreheads. They appeared to be extremely afraid.

The man stared at Yunxiao and said in a cold voice, "You've met someone from the ice domain?"

Yunxiao activated his wondrous spirit eyes and stared at the man in front of him. "You're a bi 'an demon!" That person's body exuded an extremely strong demonic aura. He was definitely not an ordinary demonic cultivator. The strength of his aura was even stronger than those demonic Lords.

When the three of them heard this, they scattered in shock and landed around the person to guard against any unexpected attacks.

"Hehe, the demon race? Maybe."

"My name is darknorth sword reader," the man said with a self-deprecating smile.

Yunxiao was a little stunned. you're from the beiming family? " he asked. you're from the beiming family? " Then why is the demonic Qi on your body so dense?"

Darknorth puppet gave Yunxiao a look and said, "He's my younger brother, how could he be a member of the devil race?"

then your cultivation base is really unparalleled,” Yunxiao said in surprise. it’s really unprecedented!

“There’s nothing strange about it. I’ve been in the demonic realm for more than sixty thousand years!” Darknorth sword-reader said with a smile.

“The demonic realm! Sixty thousand years?”

Yunxiao and the other three were so shocked that they could not speak, while beiming duanjue and Mu He were also filled with disbelief. The beiming family of this generation had not even stood at the peak of the continent for more than sixty thousand years, which showed that it had been a very long time ago.

Perhaps it had experienced many ups and downs in the middle. However, other than being shocked, the two of them were more secretly happy. The stronger darknorth sword reader was, the safer they would be.

Darknorth zhansua nodded with a nostalgic look in his eyes. “Back then, the two of us cultivated to the late-stage of the divine sovereign justice realm. This was already the peak of this world. In order to pursue a higher realm, as well as the infinite extension of our lifespans, we began to search for the space of the lost. In the end, we had a conflict of ideas. I went to the world of everlasting life while he tried to enter the crack between the two worlds. All these years, I thought he must have died long ago, but I didn’t expect to see him again. It’s really sad.”

This was the first time darknorth duel had heard of this, and he hurriedly bowed. “The reunion of the two old ancestors is truly a blessing from the heavens. They want to revitalize my beiming family!”

Darknorth Battlesuit glanced at him and said, “We won’t meddle in our family’s Affairs anymore. After all, the two of us no longer belong to this era. What we pursue is supreme power and eternal life. We will not participate in anything in the world.”

“Yes!” Darknorth duanjue quickly replied. The two great ancestors have lofty ambitions that are far beyond our generation!”

In his heart, he was sneering coldly. If the beiming family has reached its end, the two of you can't just sit back and do nothing! Now that Yunxiao had forced them to back down, they had no choice but to stand up and take the blame. The sense of honor and mission of an aristocratic family could not be so easily erased.

Beiming shujian waved at Yunxiao and the others and said, "You guys can leave. Don't disturb my cultivation. I don't care what grudges you have with the beiming family, but I hope that from now on, all of them will be written off. Get along well with each other and don't have any more disputes."

I can write it off," Yunxiao said. but I have one more condition to add to it. The beiming family must take the responsibility of resisting the demons.

Darknorth sword reader gave him a deep look and said, "I can agree to this condition on behalf of the beiming family. However, the first condition is impossible. I came back from the demon Realm for this Outworld dark stone.

How can I give it to you? What a joke!"

"Alliance master Yun, I'm really sorry about this," darknorth warsua cupped his fists. We understand your concerns, but as long as we brothers are here, this Jade will never fall into the hands of the demons. You can rest assured!"

Yunxiao was put in a difficult position. The strength of the beiming brothers was indeed unfathomable, so it was not a bad idea to let them keep the Outworld dark stone. But, the three brothers of ice domain were probably a little stronger. If the dark stone was snatched by them and they really cultivated into Saint Demon Realm demons, the consequences would be disastrous.

Darknorth sword-reader saw his silence and sneered disdainfully, "Big brother, why are you talking so much nonsense with these calves? They can do whatever they want, but if they don't know what's good for them, then we can only send them on their way!"

"This bi an ..."

Darknorth Battlesuit muttered to himself. He had been in the eternal world for a long time, so he naturally knew about the demonic tribulation. Although he didn't participate in the anti-Demon War, he didn't want to go against the anti-demon forces either. He only hoped to remain neutral and wholeheartedly seek to verify his divine Dao.

how about this? ” Yunxiao said. as long as you two seniors make an oath to join the heavenly martial League and protect the Outworld dark stone with your lives, I'll stop asking about it.

Before he could finish, darknorth sword reader was already impatient and shouted, ” “Get lost!”

A powerful fiend energy rushed over and took the form of a fiend in the air, but it was more than ten times larger than before as it pressed down on Yunxiao.

“Since senior is so stubborn, then we have nothing to talk about! ” Yunxiao's face flickered, and he suddenly thrust out a palm.

“Bang!”

The demonic might was scattered, and with a sway of his body, Yunxiao rushed up and once again thrust his palm at beiming song.

“You're overestimating yourself! Then go to hell!”

Killing intent and hostility flashed in darknorth sword-Reading's eyes. He made a hand seal in front of him and formed a sword talisman. Then, he pointed his fingers at it.

“Bang!”

Another deafening boom rang out as the two forces clashed. Yunxiao's palm force was broken by his opponent, and The Fiend energy hit his palm and drilled into his body.

Darknorth sword reader saw this, and the corners of his mouth curled up into a sinister smile.

Yunxiao sneered as well. If it had been someone else, it might have been a great disaster for them to have the devil essence enter their body, but for him, it was nothing.

With a wave of his hand, Yunxiao grabbed the sword death and slashed it down with the star obliteration technique!

“Swish!”

The space cracked open, and a transparent flame appeared around the sword ray, which was extremely sharp.

“This is a Kasaya.”

Darknorth sword-reader’s pupils shrank as he said in shock, ” “Ice fiend Heart

Flame?”

He had been in the devil World for tens of thousands of years, so he had naturally seen this thing. He suppressed the shock in his heart, made a hand seal in front of him, and pointed at the void.

A wave of demonic light spread out from his fingertips and turned into a demonic shield.

“BOOM!”

The sword technique landed on the demonic shield, causing countless demonic patterns to appear. The shield shattered in an instant. Darknorth sword reader was shocked and took a step back.

At this moment, Hua Shang, ning keyun, and Yi also attacked at the same time. They attacked darknorth puppet fighter, darknorth duanjue, and Mu He respectively.

Yi's cultivation was the highest, so he naturally attacked the darknorth Battlesuit. A surge of demonic Qi gushed out, and a bloody shadow streaked across the air!

"Bang!"

Darknorth zhansua's hand blade met the attack. The air immediately froze, and the red light froze for a moment before suddenly exploding.

In just an instant, the two of them had exchanged seven or eight moves, and they were locked in a fierce battle.

"The ashen demon clan?" beiming zhansua was shocked.

"I didn't think you'd have a good eye," mo sneered. A long spear appeared in his hand, and he thrust it down.

"Bang!"

Darknorth Battlesuit knocked him away and said coldly, "Back then, I roamed the world, and even the demon Emperor had to be respectful when he saw me.

What's a mere Blue Demon?"

After his attack, the spear was covered in frost and its spiritual energy was rapidly depleted. Not only that, it seemed that the internal structure of the profound level weapon had been frozen and destroyed by the cold air.

After Chi's bone-scale blades were taken away by luanyu, he had been struggling to find a proper weapon. After finally obtaining a top-tier level nine battle spear in the world of eternal life, he returned to Yanwu and refined it, but it was destroyed as soon as he made his move.

The referee was stunned. Before he could think about it, he felt the cold air approaching and his blood froze. The darknorth Battlesuit was already closing in on him, and he was so scared that he immediately turned around and dodged, avoiding it for dozens of feet.

Hua Shang and the darknorth duel, ning keyun and Mu He were all equally matched.

The moment the eight of them started fighting underground, the mountain collapsed and the earth cracked. The originally large space became extremely narrow. Within a few breaths, it collapsed and the square tower instantly collapsed!

“Bang! Bang!”

One figure after another rushed out from the ground, and the eight of them fought to the sky. All kinds of powerful martial skills were unleashed, and the light was boundless.

The entire beiming Dark Palace was alarmed, but not many people came over. Most of them were already lying in front of the main hall.

“Eh? That’s Yingluo.”

Wei Qing raised his head and saw the eight of them fighting. He was shocked. This was especially true for the darknorth Battlesuit and his brother. They looked unfamiliar, but their combat strength was astonishing.

After exchanging a few blows with beiming shujian, Yunxiao was forced back. If it were not for the flame dancing on the sword wound, which happened to be the nemesis of the dark cold Qi, it would have been destroyed.

you’re a creation realm fiend supremacy?!

Yunxiao was shocked. The power displayed by darknorth reading sword was by no means comparable to that of an ordinary second grade devil Lord.

“Hehe, if I had brought the dark nether stone with me to the demon Realm back then, I would definitely be the demon Lord now. What a pity.”

Desolation flashed across Darknorth sword reader’s face as he sighed with emotion, “I’m only a high-level Demon Lord right now. Since you know about the ice region, you must have fought with the demon race. It’s just that the demon lords you’ve met were all suppressed by the power of the world, while I can fully display the power of a Demon Lord.” is this the real power of a Demon Lord? ” Yunxiao asked in surprise. is this the real power of a Demon Lord? ” When he heard that the other party was not in Blessed Realm, he let out a sigh of relief in his heart.

Darknorth sword reader nodded and said, “that’s right!” The level of the demon Realm was higher than that of the heavenly martial realm, and the strength of a high-level Demon Lord was also far above the void extreme divine realm. At this moment, I’ve already adapted to the regulations of the two realms. No matter if I’m in the heavenly martial realm or the demon Realm, I can fully display my strength. I’ll let you experience for yourself how strong a second grade Demon Lord is!”

The aura on his body suddenly burst out, and it was much stronger than before. That powerful force was like a barrier, and it suddenly shook out.

Yunxiao was the first to be hit, and he was forced to take a few steps back.

Darknorth sword-reader laughed hideously. He opened his palm and a pitch-black sword talisman appeared in his palm. He slapped it out directly!

“Thousand demons sword!”

The sword talisman instantly enlarged and turned into a pitch-black demonic sword that was a thousand feet long.

A boundless and terrifying sword intent spread out and circled around Yunxiao like a cage, unable to be dispelled.. He could only watch the sword slash down from the sky!

Chapter 2102: who else but me

“Huala!”

The space in front of Yunxiao cracked open, and he summoned three heads and six arms. His six arms performed incantation gestures, and a golden vortex condensed and spun in front of him, absorbing all the spirit Qi in the surrounding area.

It was compressed to the extreme!

“Star Jade explosion!”

The previous Dharma form had a cold expression and shouted.

He suddenly threw out the six-armed incantation, and all of them fell into the Star Jade. A terrifying Golden Force rotated and suddenly exploded!

“BOOM!”

The huge black sword slashed at the vortex at the same time. As soon as it was inserted, it was impacted by the violent aura. The boundless space was shattered. The huge sword shook a few times and became a little more transparent, but it did not break and continued to slash down!

Yunxiao roared and slapped the sword with both arms. Rings of demonic light bloomed from the sword, then exploded with a boom and wrapped him up!

“Hehe.”

Darknorth sword-reader laughed hideously, his dark eyes full of smugness and ridicule. But in an instant, his pupils suddenly shrank and were filled with horror!

In the center of the explosion, an even purer demonic power burst out. Yunxiao’s body was covered in demonic patterns, and he hacked at the man with the amoghasin treasure in his hand!

The twelve fortune wheels on the treasure wheel spun and emitted a “Chi Chi Chi” sound. The surrounding air was cut into white threads.

“That’s Yingluo.”

Darknorth sword-reader was shocked. He could tell at a glance that the weapon was not an ordinary one. It gave him a feeling of fear and trepidation. An ordinary sword strike was like the collapse of a mountain and the whole world was pressing down on him!

“Thousand demons sword!”

A magic pattern appeared on the back of his hand. A sword shadow appeared in his palm again, and he suddenly slashed!

“BOOM!”

The huge sword struck the AMO wheel and exploded!

“BOOM!”

Darknorth reading sword was struck by the sword aura and was sucked into the vortex, disappearing.

The entire sky was shattered by this shocking attack. The other people who were engaged in intense battle were instantly separated and looked on in shock.

“Little brother!”

The darknorth Battlesuit’s body trembled as he cried out in a miserable voice.

Thousands of feet away, a space was torn open, and darknorth sword walked out of it. With a trace of blood at the corner of his mouth, he stared at Yunxiao with a gloomy face.

Although he was covered in dust, he did not suffer any fatal injuries. However, his face had an unprecedented solemnness and fear.

After Yunxiao's slash, the AMO wheel treasure disappeared from his hand. He stared at beiming yunjian and said, "Outworld dark stone?"

"Bah !"

Darknorth sword reader spat and said coldly, "In your dreams!"

Without saying a word, Yunxiao waved his arms, and a large number of Thunderbolts crackled as he disappeared from where he was in a flash.

In the next moment, a large number of thunderclouds gathered above the entire spiritual mountain. From time to time, thunder and lightning would come out from them, like long snakes shuttling back and forth.

In front of the main hall, Wei Qing's face was grim as he glanced at the 'materials' on the ground with concern. Yunxiao looked as if he was going to uproot the entire beiming Dark Palace, and the 'materials' he had collected with great difficulty were in danger.

Currently, the number of talents in the heavenly martial arts world was dwindling, and the seven major sects were almost in decline. It was very difficult to find such suitable "materials" again, and every one of them was hard to come by.

Wei Qing waved his hand, and a barrier spread out, covering the entire square in front of the main hall to prevent it from being destroyed by the lightning.

"Li Yunxiao! What do you want to do?"

Darknorth demi-Jue cried out in alarm. The thunderclouds were still gathering, covering a radius of a thousand miles. The dark clouds were getting thicker and thicker.

Although the lightning had yet to strike, the earth was affected by the energy field and began to be magnetized. The ground cracked, buildings collapsed, and large areas of the forest were set on fire.

“Ancestor!”

Darknorth demi-Jue hurriedly called out, almost on the verge of tears.

Once such a huge move landed, the entire Foundation of the beiming family would be destroyed. Beiming Duan Jue’s voice trembled, “Why don’t you give him the Outworld dark jade?”

“Shut up!”

shut up! darknorth sword shouted as he glared at Duan Jue with his sharp eyes. His gaze pierced through Duan Jue’s heart, and he did not dare to say another word.

Darknorth zhansua, who had originally wanted to come up and persuade his brother, did not dare to say anything more when he saw that his brother was truly angry.

Beiming shujian said slowly, “the beiming family can rise and fall, but how can we yield?” If one’s will is bent, it’s even more terrifying than the destruction of the sect!”

Darknorth duel’s face paled, and he hurriedly lowered his head. “You’re right, ancestor!”

“Well said!”

Yunxiao’s praise came from the clouds as endless Thunderbolts gathered from all directions, forming a huge God of thunder in the sky.

The Thunder God’s expression was cold as he looked down at the earth, like a real God looking down on all living beings. With the cold arrogance and contempt of a superior, he said, “Then use your beiming family’s will to receive my attack!”

Yunxiao raised his hand, his palm facing the sky. The hammer rolled in the air, and the ancient character of Maha expanded to several acres in size.

The dark clouds in the sky rumbled as if they were stimulated. All the lightning gathered towards the hammer and was compressed into a terrifying form.

“Dragon Transformation!”

Darknorth Battlesuit was startled. “This is heavenly lightning!”

As soon as he finished speaking, the bottom of the hammer gradually took the shape of a Dragon. Horns, whiskers, scales, tail, claws, and every part of it was slowly being compressed.

“Dammit! He’s actually able to trigger heavenly lightning!”

Darknorth sword reader shouted in anger, “All of you, back off! I’ll take this move!”

The cold air around him made a cracking sound, and cracks like a spider’s web appeared in the air. In his palm, cold stars turned into air currents that flowed in all directions, like tiny ice dragons.

The beiming family’s people were all shocked and hurriedly retreated, carefully observing.

Hua Shang, Yi, and the others also stopped attacking and stood in the distance to watch.

Darknorth duel was both surprised and delighted. He said excitedly, the ancestor hasn’t even used this move yet, but it’s already causing the sky to freeze and the earth to close. If it’s used, wouldn’t it be destructive? ”

Joy flashed across darknorth warsua’s eyes as he said, “His cultivation really hasn’t dropped all these years. Maybe this trip to the devil World was the right one.”

Yunxiao, in the form of the God of Thunder, stared down, especially at darknorth sword's left hand, where hundreds of streams of cold air swirled and stacked together, causing the surrounding space to distort in a strange way.

At this moment, the shadow of an Emperor appeared behind him.

The Emperor held his sword behind his back and looked up to confront the Thunder God!

The entire void could not bear the pressure of the two people and cracked one after another, making a lot of ear-piercing sounds.

"What a powerful move!"

Yunxiao's heart trembled, and he immediately understood that this was the last move of the three moves beyond the heavens!

"Good! Let me experience the extraordinary talent of the beiming family's ancestors!"

Yunxiao cried out. The God of Thunder grabbed the floating heavenly hammer and smashed it down.

His movements were slow and clumsy, but he had already crossed thousands of times!

The Thunder Dragon leaped in the abyss, and its body formed streams of light purple light as it flew down from the nine Heavens!

Darknorth sword-reader's eyes turned cold. He raised his hand and the Emperor behind him slowly opened his eyes. With a wave of his hand, the sword behind him was placed horizontally in front of him and stabbed towards the lightning Dragon!

"Three styles from beyond the heavens-who else but me!"

The beiming family's three techniques were created by the geniuses of the past generations and were constantly improved and modified by the later generations. Finally, they became three earth-shaking moves that were passed down.

my Dao has a limit “, ” Swift as a startled Swan “, and ” who else but me “. These three moves symbolized the end of the Dao, and a martial artist would tirelessly pursue their figure on the road.

As the sword seal struck out, the Thunder Dragon's figure became sluggish, as if it was facing thousands of obstacles, causing the void to creak.

Finally, a huge pillar of light instantly shot into the sky.

After the light shadow appeared, the sound began to spread. When the sound of the earth shattering explosion reached their ears, they had long felt the impact of the aftermath and hurriedly circulated their origin power to resist it.

Otherwise, they would be in danger if they were sucked in by the power.

“Boom boom boom!”

The beam of light was in the straight line of the two people's collision, constantly expanding and thickening, pushing in all directions.

Yunxiao and beiming shujian were completely in the center of the beam of light, and the situation was unknown.

The few of them retreated continuously, their minds shaken. They were completely shocked by this soaring power. Other than quietly feeling it, they had no other thoughts.

“Boom boom boom!”

The aftershock shook the entire beiming Dark Palace for a long time and didn't dissipate. The entire Palace was completely destroyed. Not a single brick was left.

Not only did the dark clouds in the sky not disperse, they pressed down even lower. It was as if the sky was within reach, but the sun could not shine in. It was a gray world, and it was extremely depressing.

At the place where darknorth sword reader was standing, a huge and deep pit appeared. It was so deep that the bottom couldn't be seen, and it seemed to have pierced through the earth vein!

A large amount of spiritual Qi seeped out from the cracks in the mountain range, spreading in all directions like a rising tide.

Darknorth demi-Jue's face was pale as he stared at everything in disbelief.

The all-powerful beiming family and the peaceful beiming Dark Palace had disappeared from the world without a trace.

Darknorth Battlesuit couldn't help but tremble. little brother! With a blood-curdling screech, he charged into the abyss.

All of a sudden, a beam of golden light fell. It split into twelve beams and landed on the entrance of the abyss.

A vast golden light spread out from Liu Ding and Liu Jia's body and blocked the darknorth Battlesuit.

The lightning in the sky crackled and slowly condensed into Yunxiao's figure, who was staring at him coldly.

The darknorth Battlesuit swallowed with difficulty, feeling his throat go dry. There were many rumors about Yunxiao. Even though he did not pay much attention to the outside world, he had heard some rumors after the entrance to the eternal world was opened, but he did not take them to heart.

Now that he had personally experienced the battle, he realized that the rumors were not exaggerated at all. This person was already so strong that it was inconceivable!

His entire body trembled with anger as he angrily rebuked, "Stop! You've already won, and Beiming Dark Palace has been destroyed. What else do you want?"

Yunxiao looked at him indifferently and said, "from the beginning to the end, I just wanted to keep the Outworld dark stone. And now you're asking me what I want to do? are you kidding me?"

"The Outworld dark nether stone has always been the Beiming family's property, why should we give it to you?" Beiming Zhansua said angrily. You are a Bandit!"

I don't care if I'm a bandit or not," Yunxiao said. now that the demonic tribulation is coming, I don't want to waste my time trying to reason with you. I'll study this Jade after I steal it. If it doesn't have much use, I'll destroy it.. "

Chapter 2103: Yin Yang dual air bottle

"Destroyed?"

Darknorth Zhansua's heart trembled and he said angrily, " "You're crazy! Bandits! You clearly want to monopolize it, why are you still looking for excuses!"

"Whatever you say. The winner is king, and the loser is a Bandit. What's the use of shouting with all your might now?"

Looking at the abyss, Yunxiao's eyes gradually changed. I don't have time to chat with you. If you want to talk, let's talk after I kill your brother and take out the Outworld dark stone.

His figure flashed and turned into a bolt of lightning as he charged into the deep hole.

Darknorth Battlesuit was both shocked and furious. He couldn't just sit by and watch, so he also rushed forward.

However, the six ding and six Jia also turned and shifted their positions above the deep hole, forming a formation in front of him.

"Damn it!"

Darknorth zhansua panicked. A cold aura burst out from his body and he flashed toward the six ding and six Jia.

It was the second style of the three styles beyond the heavens-'its form is as graceful as a frightened Swan!

A strange pattern appeared within a radius of a thousand feet, and her whole body was as graceful as a Swimming Dragon. With a flash, the entire space shook, and the surrounding spiritual Qi gathered and compressed infinitely!

Six ding and six Jia were arranged in a triangular formation. The six puppets in front of him burst out with light and condensed into giant spirits in the air. They struck out with their palms at the same time!

"BOOM!"

The darknorth Battlesuit felt as if his attack had hit a steel plate and was bounced back several steps.

All of a sudden, he felt a chill in his heart as a great sense of danger descended. He heard darknorth judge's shrill cry, " old ancestor!

A Scarlet spear pierced through the protective cold air and came out from behind.

The referee also made his move the moment the darknorth Battlesuit made its move.

Darknorth Battlesuit looked at his chest in disbelief. Extreme anger and unwillingness spread in his heart as he roared, " "You despicable man! You actually sneak attacked me!"

The judge snorted disdainfully and slowly pulled out his spear. Fresh blood spurted out from the darknorth Battlesuit's chest.

it's not like we're fighting in the open. Isn't it normal to sneak an attack on you? "

MO laughed coldly, thinking that his words were too childish.

yeah, it's not like we're fighting in the arena. Isn't it normal to sneak an attack on yourself? "

Darknorth zhansua was stunned for a moment and didn't know what to say. He quietly looked at the blood spurting out of his chest and suddenly felt so tired that he didn't even bother to stop the bleeding.

Darknorth duel's face was deathly pale as he hovered in the air. Seeing that both of his ancestors had been severely injured, he knew that he was in deep trouble. He didn't care anymore and suddenly turned into a streak of light to flee.

"Don't leave!" Hua Shang was shocked and shouted. He also hurriedly chased after her.

The difference in strength between the two was extremely great. Once the darknorth mantra escaped, it would be difficult to catch up.

Suddenly, an Azure light flashed in front of him, and a tremendous force pressed down from the sky, forcing the darknorth duel to a stop.

"Wei Qing, you!"

Darknorth Duan Jue was furious. The person who suddenly appeared in front of him was Wei Qing, who was looking at him with a cold face.

Hua Shang was overjoyed. She sped up her escape technique and caught up in the blink of an eye, locking onto the darknorth skill.

"I have no enmity with you! Why do you want to harm me?!" Darknorth duel gritted his teeth in anger. He rebuked Wei Qing, his heart filled with unwillingness and anger.

"Do things in this world have to be done with enmity?" Wei Qing said lightly. Your ancestor was ambushed by that monster. What enmity did they have?"

we're acquaintances after all! darknorth Duan Jue said angrily. do you really want to kill me?!

"Not death, but a new life," Wei Qing shook his head.

Darknorth duel shuddered and immediately understood Wei Qing's meaning. He said angrily, "I won't let you have your way even if I die!"

Cold air gushed out of his body, and he transformed into a Swimming Dragon and attacked.

A rainbow formed in the air, and a deep voice rang out.

Darknorth Duan Jue was determined to die, so he used all his strength in this attack. The cold light reflected off his figure, making him look lonely and desperate.

Wei Qing was expressionless. He raised his hand and the yin and yang Qi bottle gathered two Qi in his palm, spinning.

it's said that this Yin Yang Qi bottle can not only hold people, but also the sky and the earth, but I've never tried any of them. Today, I'll use master Duan Jue as an experiment. It'll be worth it for us who know each other.

Wei Qing said indifferently. The mouth of the bottle turned toward the northern underworld mantra.

The yin and yang Qi swirled out, and the image of the eight trigrams appeared in the surrounding heaven and earth. It evolved into twenty-four Qi, and there were thirty-six demonic shadows on it.

As soon as the darknorth execution came into contact with the power of the two Qis, he immediately felt a sense of foreboding. With a cry of alarm, his entire body was bound by a strange power.

“Dammit! Come to hell with me!”

In his panic, darknorth Duan Jue threw himself at Wei Qing, trying to detonate his dantian and take him down with him.

“Hmph, childish!”

“The weak have no right to choose life and death!” Wei Qing scoffed.

He cast a few incantation seals and slapped them on the silver bottle. Two Qi swirled, and the eight trigrams seal gathered. It suppressed the darknorth Duan Jue in an instant, and with a whoosh, it was sucked into the bottle.

After watching the whole process, Hua Shang’s face turned pale. She could not help but take a few steps back, not daring to face the man in front of her.

Wei Qing kept the treasure bottle and said indifferently, “Is Lord Hua Shang so afraid of me? You’re from the heavenly martial Union, so I won’t touch you.”

Hua Shang gritted her teeth and spat out two words. devil! He then turned around and left.

After the darknorth skill had escaped, Mu He had cursed himself for being stupid and slow to react, allowing the darknorth skill to take the initiative. The heavenly martial Alliance would definitely be on guard.

Sure enough, when he was about to escape, ning keyun's divine sense and killing intent directly locked onto him, so he did not dare to move.

He could only stand there with a gloomy face and not say a word. When he saw that the darknorth skill had been taken away by Wei Qing with a treasure bottle, he was so scared that his teeth kept chattering. He rubbed his eyes a few times and lost his soul.

At this moment, after losing too much blood, the darknorth Battlesuit finally couldn't take it anymore and fell to the ground. He looked up at the sky quietly, as if he was reminiscing about the past.

Suddenly, a man came into his sight. The man had a handsome face and said indifferently, "It's a pity for such an expert to die. Why don't you make some contributions to the realm of heavenly martial arts?"

Then, a treasure bottle appeared with the mouth of the bottle facing him.

Darknorth warsua was stunned. He felt that the bottle was familiar, as if he had heard of it before.

However, before he could think of it, his body was wrapped by the yin and yang Qi. His mind went blank and he was sucked in.

He cried while trembling, "Lord, Lord Wei Qing, please spare me, please spare me!"

"Don't cry, death is the only thing that's difficult throughout the ages. Just treat it as if you're dead." Moreover, I can also contribute to the realm of heavenly martial arts. Why not?"

Mu He knew that it was useless to beg for mercy. He gritted his teeth and spat out a mouthful of blood. The blood did not dissipate but condensed into a ray of light instead. He was in a trance.

haha, you actually used a blood art in front of me. How childish.

MO could not help but laugh. He was an ancestor who played with blood. Although Mu He's escape technique was powerful, it was not enough to catch his eye.

He grabbed at the air with his five fingers, and the void exploded with a bang. Mu He was shaken out.

Wei Qing said, "thank you," and went forward to put Mu He into the bottle.

He had never used this bottle before, but it was too difficult to protect the 'materials' in the earth-shaking battle between Yunxiao and Beiming Shujian just now, so he put all the 'materials' into the bottle.

Later, he found that the "material" did not change in the bottle, and seemed to become stronger under the nourishment of the yin and yang Qi. This discovery made him overjoyed, so he tried to use the bottle to store people. He did not expect such a wonderful effect.

Wei Qing was in a great mood. With this treasure bottle, not only could he collect "materials" at will, but he could also store large amounts of killing weapons into the bottle and carry them with him. Then, who in the world would be his match?

Hua Shang and Ning Kewei looked at his face and became frightened. The judge was more curious.

"This is a Saint artifact?" MO couldn't help asking.

"Maybe,"

Although Wei Qing was also certain that this was a Saint artifact, he had never heard of it before, so he didn't know if it was true.

However, since it was an item that belonged to the demon master back then, even if it wasn't a Saint tool, it wouldn't be too bad.

“You’ve ‘collected’ all the people of the beiming Dark Palace. There’s nothing for you to do here. Why are you still staying?” Hua Shang said in a bad mood.

Wei Qing glanced at her and pointed to the ground, “Isn’t there another one down there? That person isn’t an ordinary one, so we can’t waste him.”

He had only just pointed a few times when the entire mountain range collapsed. A shocking sound rang out, and then two rays of light broke through the ground and shot into the sky!

“Bang!”

“Bang!”

Yunxiao was covered in golden light, while darknorth sword-reading was covered in a monstrous fiend aura. They fought from the ground to the sky, and it was difficult to determine the winner.

As soon as beiming shujian came out, he immediately sensed that something was wrong. The entire mountain range was almost shattered, but the people of the heavenly martial Alliance were still there, while the people of his beiming family were gone.

“Big brother!”

Darknorth sword-reader’s heart sank and he cried out in panic. However, there was no other sound besides the sounds of their battle.

“Your big brother and all the disciples of the beiming family are dead!” Wei Qing said coldly. His voice wasn’t loud, but it reached the sky. His tone was filled with mockery and disdain, making people angry.

“Ah?”

Darknorth sword-reader’s mind was in a mess. He said angrily, “Impossible!

It's impossible!"

He panicked, and a flaw immediately appeared in his defense. Yunxiao rushed up to him, and the red sword strike pierced his body, then he was sent flying by Yunxiao's palm.

The two of them were already like arrows at the end of their flight in the previous earth-shaking battle. After fighting for a while underground, any negligence could lead to their deaths.

Wei Qing had also seen through this, so he deliberately provoked him. This distraction immediately decided the outcome, even life and death. "Hand over the Outworld dark stone!"

After his attack succeeded, Yunxiao turned into a flash of lightning and chased after the man, slashing out with his sword.

The sword Qi turned into seven lotus flowers and struck into Beiming Shujian's body, blasting open several of his important acupoints, making him unable to use his demonic technique for a short time..

Chapter 2104: great waves washing away the sand

"You can kill me! Just kill me!"

Beiming Shujian was lying on the ground, covered in blood. He stared at Yunxiao coldly, his eyes filled with boundless anger.

Yunxiao sighed. you're a man of character. Hand over the Outworld dark stone, and I'll give you a quick death. Seeing darknorth sword reader's face full of mockery, he continued, "If you've lost, then you've lost. You should at least have some manners."

"Demeanor? Hahaha, my Beiming family was destroyed by you in a single day, and you still want me to have some manners?"

Darknorth sword-reader's eyes were spitting fire as he roared, "Even if I die, I won't let you off!"

if you didn't insist on not giving me the dark mystic stone," Yunxiao said, why would we fight? " Even if I'm overly persistent, aren't you the same? I don't wish to see this result either."

Darknorth sword reader fell silent. He was filled with regret. He had been so insistent on using the Outworld dark stone to cultivate so that he could break through to the demon Lord realm. He had disregarded the lives of his family and family, and had ended up like this.

"Don't be sad. The people of the beiming family didn't die, they were just temporarily 'collected' by me. You'll be able to be with them soon."

Wei Qing's figure flickered and appeared beside the two of them, " Li Yunxiao, if you want to get something, hurry up. I can't help but collect this 'material'. His face was gloomy, but a trace of excitement flashed in his eyes.

Yunxiao felt a chill run down his spine. If it were not for the fact that the demonic tribulation was imminent, and he had witnessed the power of the killing weapon last time, he would have turned hostile and killed Wei Qing right now.

"Collect? What kind of collection?"

Darknorth sword reader was taken aback, but he knew that it was definitely not a good thing. However, there was still a glimmer of hope, so he was not willing to give up."You're saying that my beiming family's people are still alive? Where are they?"

Wei Qing stretched out his right hand, and with a flash of silver light, a yin and yang Qi bottle appeared. The Datterns on it were exquisite and vivid. it's in this bottle.

"This is a Kasaya."

Darknorth sword reader suddenly trembled and cried out, Yin Yang dual air bottle?!

His face became extremely shocked and distorted. His hands began to grab his face, as if he couldn't believe it.

Wei Qing was shocked by his appearance and said, "You also recognize this bottle?" However, thinking of the other party's identity, who had been all-powerful in the past and had stayed in the demon world for so long, it was not surprising that he knew the origin of this bottle.

"Hahaha, you recognize me? I'm more than just recognizing it!"

Darknorth sword reader suddenly laughed wildly and said, "I've been looking for this treasure bottle for so many years. I can't believe he's in the realm of heavenly martial arts!"

Wei Qing nodded. then this is heaven's will. Not only can you be with your family, but you can also see this treasure bottle. Your wish has been fulfilled.

Darknorth sword reader looked at him coldly, his face full of sarcasm, "You're not just using this treasure bottle as a weapon, are you?"

Wei Qing was stunned and looked at him, "then how do you think this bottle can be used?" Don't tell me you can arrange flowers."

"Hahaha, flower arrangement? I'm dying of laughter!"

Darknorth sword reader held his stomach and laughed so hard that his tears fell. hahaha, flower arrangement! This bottle contains a huge secret, and I'm afraid that I'm the only one in the entire realm of heavenly martial arts who knows about it. " He stopped smiling and raised his head to look at Wei Qing.

what? " Yunxiao frowned. isn't this life-saving method too childish? "

Wei Qing also nodded and said, "it's a little childish." Senior's IQ makes us, the younger generation, feel embarrassed."

“Hmph, it’s up to you to believe it or not. The Outworld dark nether stone can’t be kept, and I’m heavily injured. My path to the divine Dao can be considered to have come to an end. I’m no longer interested in anything else, so I’ll bury that secret in the world forever.”

Darknorth sword reader’s expression became calm. After he finished speaking, he slowly closed his eyes.

Yunxiao scanned him with his divine sense and immediately found the Outworld dark stone. He made a grabbing gesture in the air, and with a bang, the space exploded, and a piece of Jade was caught in his hand.

The moment his palm touched the Jade, he felt a shocking chill enter his body and flow up his meridians.

The Jade stone looked ordinary and was white in color. There was nothing unusual about it, but it was extraordinary when he held it in his hand.

He hurriedly activated his Yuan Gong to suppress the cold Qi.

“Now that the Jade is in my hands, I’ll grant you a quick death, so as not to let a hero of a generation be wasted.”

Yunxiao raised his sword and slashed at it.

Although darknorth sword reader was stubborn, he wasn’t a bad person. Moreover, after the battle, they had developed a sense of appreciation for each other and couldn’t bear to see him fall into Wei Qing’s hands.

“Bang!”

Sword death’s Red slash landed half a foot in front of beiming shujian’s body, but it was flicked away by Wei Qing’s two fingers.

“Wei Qing,” Yunxiao said in a deep voice.

Wei Qing sneered and snorted, “you’re being too soft-hearted again!” This is an existence at the peak of the void realm, it would be a waste to waste it!”

Darknorth sword-reader looked at the two of them coldly and didn’t think much of them. After all, they were fish on the chopping block. The loser had no right to choose his life or death. He didn’t bother to worry about them and directly closed his eyes.

At this point, all the people of the beiming Dark Palace had been taken away by

Wei Qing.

what you’ve done is too damaging to the peace of the world,” Yunxiao said coldly. be careful, or you’ll end up in a miserable state in the future.

Wei Qing said, “if I wasn’t ruthless enough, I would have ended up in a miserable state. How could I have a future?” I won’t go back to Yanwu with you after this.”

The space around him trembled and only his afterimage was left. He gradually disappeared from his original spot.

Yunxiao knew that he must be in a hurry to make killing weapons and study the yin and yang air bottles.

“Alliance master Yun, let’s go back,” Hua Yan said. She looked at the mountain full of cracks and sighed, “The beiming family has disappeared from this world.”

the ups and downs of the world, the rise and fall of the aristocratic families, have always been the law of history,” Yunxiao said. it has been like this for countless years. The great waves have washed away the sand and rolled forward.

Hua Shang nodded. how can I not understand this logic? it's just that we are all part of the seven great forces. It's inevitable that we will be sad when the rabbit dies.

Ning keyun's state of mind was still good. After all, she had experienced the battle in the red moon City. At this moment, she was also indifferent.

"Let's go back to Yanwu. I don't have time to chat."

MO urged. After seeing the battle between Yunxiao and beiming shujian, he felt great pressure and could not wait to start cultivating.

He pondered for a moment, then awkwardly mentioned to Yunxiao that he wanted to meet Lin.

lady Lin is still cultivating," Yunxiao said. I'm afraid it'll be difficult to see her. But, I can let you see Lord can and Lord Chi and ask for their opinions. If they don't allow it, I can't do anything about it. However, the two of you have a deep understanding of the demon race's cultivation techniques. If you have anything you don't understand, you can ask them and they might be able to give you an answer."

Yunxiao guessed that can and Xiao would most likely not let mo Jianlin go, so he wanted to give him some mental preparation.

MO thanked him and entered the divine realm tablet.

Then, the three of them turned into beams of light and returned to Yanwu.

He had studied the Outworld dark nether stone for several days and found many problems.

The cold air emitted by the Jade was not very harmful, but the cold air could freeze one's bones and destroy the body's functions and structure.

Furthermore, this kind of damage was permanent and could not be healed at all. One could only break through the necrotic structure and regrow the body.

Yunxiao tried to probe the dark stone with his divine sense, but as soon as he touched its surface, he felt his spiritual ocean freeze, and a cold aura seemed to invade his divine sense, which frightened him and made him cut it off.

“It seems this stone is really extraordinary, we can’t let the demon race obtain it.”

Yunxiao cast hundreds of seals on the stone, then threw it into the divine realm tablet and sank into the ground. Only then did he breathe a sigh of relief. currently, almost all the forces of the heavenly martial continent have gathered in the heavenly martial Union and the Holy region. The northern and southern merchant Union is also a considerable force. However, as long as they don’t do anything out of line, I don’t want to get involved for the time being. As for the overseas forces, they’re all in trouble.

Yunxiao pondered for a moment, then took out a communication jade talisman and sent a stream of divine sense into it, then threw it into the void.

After doing all this, he put aside all other matters and began to cultivate.

He made a hand seal in front of him, and a golden halo appeared on his fingertips. It was formed by four ancient Maha characters, which rotated in front of his fingers.

Just like that, he sat cross-legged in the void without moving.

It was the fingerprint of the true primordial skill. When the hundred wheel knot had forcefully instilled the true primordial skill and his own understanding into him, it was like stuffing a big bun into his mouth, and he had to digest it little by little.

With the cultivation of the true primordial tactics, he seemed to have gained a deeper understanding of the heavenly Dao. It was as if something was lingering in his mind, but he couldn’t grasp it.

It was just that a faint feeling spread in his heart. The question that had been plaguing his heart, how to let the demonized martial artists break away from the demonic barrier, seemed to require a higher level of comprehension of the heavenly Dao to find the answer.

&Nbsp; throughout the ages, there had been countless Almighty experts, but the one with the deepest understanding of the heavenly Dao was none other than ancient God Maha. The Maha ancient god art he had left behind was the number one divine Art in the world.

He could only find the answer in the Maha ancient God's tactic to escape from the demonic barrier.

Now, he had mastered a lot of the great realm and great Yan divine techniques. He had corroborated them with each other and unraveled many meanings of the Maha ancient characters. Now, he was cultivating the true primordial tactics in order to make further progress.

They lived in peace for several days.

Everything was going on in the realm of heavenly martial arts in an orderly manner. All the major sects in the world had also sent their experts to cultivate, including heavenly Eagle temple, Mei family, and other sects that had dealings with Yunxiao.

For several days, Yunxiao did not move at all. He maintained the same posture, and the light at his fingertips spun like a wheel without any change.

On this day, his fingertips trembled slightly, and the ancient Maha characters disappeared. The golden light also dispersed.

Only then did he recover from his meditative state. A faint look of anger appeared between his brows as he raised his head to look at the sky.

At this moment, he was cultivating in the sky above the demon-sealing land, which was some distance away from Yanwu. He had sensed a slight energy fluctuation from the city.

"There are fluctuations coming from so far away, so it must be an extremely intense battle. I wonder what kind of divine being has such strength." In the world today, there were indeed not many people who dared to break into

Yanwu.

Yunxiao pondered for a moment, then disappeared with a flash of green light..

Chapter 2105: premonition

Dark clouds rolled down from the sky above Yanwu, as if it was the eve of a storm. However, the rain never came, and the air was so heavy that it was hard to breathe.

There were a few tiny figures scattered in the sky. Looking from the city, they were like small black dots.

However, every time these black dots collided with each other, a powerful light wave would be sent out in all directions.

Mu lingdi, Bin Chen, pan Yi, and the others were fighting, but there were still signs of defeat and they were forced to retreat.

There were only two intruders. They were covered in armor, and their moves were fierce and domineering. They were in harmony with the heavenly Dao, and every move had a large number of symbols dancing around them. "I was wondering who it was, so it's enemies on a narrow road."

Yunxiao's voice came from the sky, and then he appeared on the battlefield with a flash of green light.

Furthermore, the shockwaves from the battle seemed to have spread far and wide. Even some experts who were in seclusion were awakened and flew over in streaks of light.

Yunxiao looked at the two men coldly, and a murderous look flashed in his eyes. Zhan Yu, Zhan Xiao, are you here to die? "

The two golden-armored experts were the two brothers, Zhan Yu and Zhan Qi. They had also come out of the world of eternal life and followed the traces of the ten rules here, but they were stopped by the city of Yanwu.

“It’s you!”

“You are the city Lord of Yanwu?” Zhan Yu’s face darkened.

it’s not that enemies don’t meet, ” Yunxiao said. since you’re here, you can stay here with peace of mind.

His words were considered a declaration. Lingmu, di, and the others, as well as the newly arrived experts, spread out and surrounded the two brothers.

Although the two brothers ‘strength was obvious to all, this was Yanwu, their home ground, and even a creation realm expert would have to bow down!

Zhan Yu said gloomily, “I didn’t think you’d be such a talent.” We only came here to study the ten rules, and we don’t want to be enemies with your sect. ‘

these ten rules are the ten rules of Yanwu, or rather, the ten rules of the southern region, ” Yunxiao said leisurely. I am the Lord of Yanwu and the Lord of the southern region. You are not welcome here. Please go to the other three regions to study them.

you! the battle Qi shouted, ” this is the rule force of the realm of heavenly martial arts! It doesn’t belong to you!

Yunxiao gave him a look and sneered, ” any spiritual mountain or treasured land is shared by all living beings in the realm of heavenly martial arts. Why don’t you ask the major sects to share it with everyone? Even the earth-shaking seal in your hands is the crystallization of the wisdom of the heavenly martial arts realm’s predecessors, and should be shared by everyone.

How can it be taken by you two?”

These words left the two of them speechless.

Zhan Yu snorted. I won't argue with you. My brother and I are determined to comprehend the rules of the ten directions. But since you're the host, we don't want to be your enemy, so why don't you suggest a win-win solution?"

it's very simple," Yunxiao said. if you join the heavenly martial League, you can enjoy these rare resources that have been missing for a hundred thousand years. Otherwise, there's no room for discussion."

"What? Join Yanwu?"

Zhan Yu rebuked angrily, "you actually want us two brothers to be your subordinates and listen to your orders!" You're too arrogant!"

not even the king of the Eastern Region, ye Qingyu, could subdue us! the battle God said. what makes you think you can? "

Yunxiao waved his hand and said, " no reason. I won't make things difficult for you brothers. Please go back.

Zhan Yu and Zhan Qi did not move, they stood in the sky in a daze, not

knowing what to do.

what? " Yunxiao sneered. do you want to stay and get beaten? " Don't forget

that we still have grudges that haven't been resolved. This young master has too many things to deal with, so I don't have the time to deal with you. If you want to be beaten, I don't mind helping you."

A murderous aura spread out from Yunxiao's body, and the others narrowed their eyes as well. They began to circulate their Yuan cultivation, ready to attack at Yunxiao's command.

Suddenly, a long rainbow flew over and landed on one side of the battlefield after a few flashes. It turned into a man. It was Liao Xingchen from the mysterious separation Island. He was stunned for a moment and said in surprise, "So it's the Zhan brothers."

"Lord Xingchen," Zhan Yu cupped his fists.

Liao Xingchen also cupped his fists as a form of greeting. He said, "The two of you must be here for the rule force, right?"

"Yes!" Zhan Yu said. Since Daren is here, then mysterious separation Island should also be here. Your Excellency, please be the judge. This li Yunxiao has occupied all the rules in the ten directions. How can there be such an absurd thing in the world?"

Liao Xingchen immediately understood the whole story. He smiled and said, "Rules are set by people. To be honest, mysterious separation Island has no way to deal with this. We are studying the rules in Yanwu, so we must also Obey Alliance master Yun's orders. This is the agreement between mysterious separation Island and the heavenly martial Alliance."

"What?"

The two brothers were shocked. Zhan Yu's face was filled with disbelief as he asked in shock, "even mysterious separation Island has to obey the heavenly martial Union's orders?!"

Liao Xingchen said, "it's not that mysterious separation Island will obey orders. It's just that those who cultivate in Yanwu must follow the rules of the city. When Yanwu encounters an enemy, they have the obligation and responsibility to help. As a matter of fact, I've just come out of seclusion when I sensed the origin power fluctuations, so I rushed over. I didn't expect it to be the two of you."

The Zhan brothers' hearts turned cold, and they were extremely shocked.

If mysterious separation Island had compromised with the heavenly martial Union, then what right did the two of them have to compete?

If he didn't fight, wouldn't he be comprehending the ten rules? This was absolutely impossible!

The two brothers' faces became gloomy and uncertain, unable to make a decision for a while.

"How about this, I can give you two a concession."

if you join the heavenly martial League," Yunxiao said, "as long as it's not involved in the demonic war, the two of them can disobey you. However, once it involves a war with the demon race, you must listen to my orders. Otherwise, I won't show any mercy and will kill you without mercy!"

There was no doubt about their strength, and Yunxiao very much hoped to pull them into the team, not wanting to push them too hard.

Liao Xingchen smiled. Alliance master Yun, this is the first exception. What else do you two brothers have to consider?" Although the power of natural law will spread, it won't spread out of the southern domain in a short time. This is a rare opportunity, and time is not on our side."

"Good! We agree to it!"

Zhan Yu thought for a while. This was already the best outcome. If they continued to be in a stalemate, it would be difficult to obtain better conditions.

He wasn't a rigid and stubborn person who knew how to take advantage of the situation. He said, but I have to make it clear that as long as it doesn't involve a demonic war, even if Yanwu is destroyed, we brothers will not help!

Yunxiao smiled and inadvertently exchanged a look with Liao Xingchen. He nodded and said, "Don't worry. If it weren't for the demonic tribulation, I wouldn't have the mood to order you two around. As long as you make a heart's vow, you can live in the southern domain forever." a heart oath?!

The two brothers' faces changed, clearly not happy. But, when he looked at the faces of Yunxiao and the others, he knew that he could not compromise, so he could only make a heart oath, his face gloomy.

welcome, welcome to the heavenly martial Union.

Yunxiao was in a good mood, and he clapped his hands to welcome her.

"Hmph!"

Zhan Yu's face was cold. He said coldly, "quickly arrange a place for us to cultivate. If there's no more battle, don't come and disturb us!"

Yunxiao smiled faintly as he looked at Lingmu di.

Lingmu di immediately ordered his men to make the arrangements.

With gloomy faces, the two brothers followed the man and landed in Yanwu.

Lingmu di was also in a good mood. He praised, "Although these two brothers aren't good people, they're very strong. It's better to let them cultivate in seclusion in Yanwu, in case they cause trouble outside."

Yunxiao nodded. now that the rules of the ten directions are gradually spreading, I'm afraid that all the old monsters in the world of everlasting will come here after hearing the news. I'll have to trouble you, Lord mu di. Try your best to absorb them into the heavenly martial Union. At the very least, they have to be like the Zhan brothers, willing to work for the demonic tribulation. Otherwise, we will not accept them!"

"Understood."

Lingmu di nodded.

Suddenly, two beams of light flew up from Yanwu and arrived next to Yunxiao in the blink of an eye. They were water deity and Duanmu Youyu.

“Big brother Yunxiao.”

The water deity called out and leaned over affectionately.

Yunxiao smiled at her, then turned to Duanmu Youyu and asked curiously, ‘

“What’s wrong?”

A faint trace of worry flickered between Duanmu Youyu’s brows. Although her eyes were extremely clear, Yunxiao could not hide the faint worry in them.

Duanmu Youyu said in a deep voice, “I’ve been cultivating in seclusion with these few people. I’ve always felt uneasy. It’s as if something is going to happen.” I can’t help but use the deity lot to calculate, showing that there will be a Great Tribulation between family and friends.”

“Relatives and friends?”

who?” Yunxiao frowned. who are you referring to?” He suddenly had an idea and looked at the water deity beside him.

that’s right! Duanmu Youyu nodded. the divine lot is pointing to the sea Emperor Palace!

“What?”

what?” Yunxiao was shocked. what will happen to the sea Emperor Palace? ‘ And what is your relationship with the ocean emperor’s palace?” “His aunt is from the same sect as my mother!” The water deity said.

“Ah?”

Yunxiao was taken aback. He thought of Rou Wei, who was still hanging by a thread under the seven Star Lamp, and how she had such a connection with the Duanmu family.

“Yes,” Duanmu Youyu replied. The mother of the water fairy princess, lady Rou Wei, is the same as the Duanmu family. She is also a successor of the true primordial tactic.”

Yunxiao seemed to have figured out some problems, such as the remnant soul of Huo Dou sealed in rouwei’s body. Since Feng Yaoli was also the successor of the true primordial tactics, these people were also related to the hundred wheel knot.

He still did not know that Duanmu Youyu had obtained the hundred wheel tying garment’s inheritance, and did not know that the hundred wheel tying garment had died at luanyu’s hands.

Duanmu Youyu said,“this feeling makes me uneasy. Not only that, I feel uneasy.”

He grabbed in the air and the nine luminaries star staff appeared in his hand. The star Ring kept shaking and made a clear sound of collision.

Yunxiao had also refined a part of the true primordial tactics. Although it was still very shallow, he had a feeling in his heart that the star staff seemed to have emotions and was emitting a sense of anxiety.

This kind of anxiety even affected his state of mind, causing ripples in the bottom of his heart.

let’s go to the sea emperor’s palace! Yunxiao made a prompt decision.

The moment he made this decision, he immediately felt a wave of irritation spread in his heart, slowly turning into gloominess and solemnness, causing his mood to become heavy.

“What’s going on with this feeling, Yingluo?”

Yunxiao was worried. Ever since he had cultivated the true primordial tactics, he had become more sensitive and seemed to be able to predict some inexplicable things..

Chapter 2106: Mad Shark clan

take more people with you to the ocean Emperor Palace, ” lingmu di reminded him. I won’t be going with you.

yes. Yunxiao nodded and said, ” I don’t think there are any void realm experts in the four Seas, but I still have a feeling of uneasiness. Furthermore, I don’t know what cultivation level Shi long, who is sleeping in the rain land of the East Sea, is at. After going to the ocean emperor’s palace, I can go to the rain land. ”

Apart from the first Dragon, the rain land also had the world sword with the dragon’s head, boundless tribulation, which was also what che you wanted.

At the thought of this, Yunxiao suddenly froze and fell into deep thought.

If the ruling feather was always attached to the Dragon shaking hammer, then it would definitely not let go of the boundless calamity sword. And that first dragon Zhuanxu was his son.

Yunxiao only felt that the situation in the East Sea was a little chaotic, but he was not too worried. As long as Shi Long’s strength did not exceed Zhiyu’s, he would not cause too much trouble.

Besides, the main goal of this trip was the ocean emperor’s palace. If there were any changes, he could go to the East Sea next time.

“Let pan Yi go with you, and I’ll see who else is free, ” Ling mudi said.

why do you want to bring pan Yi? ” Yunxiao asked curiously. I don’t think he’ll be happy to do so, will he? ”

Pan Yi was standing quietly not far away. When he heard what was said, he frowned and seemed to be unhappy.

Lingmu di glanced at him, reminiscence and sadness flashing in his eyes. “During the demon -sealing war, Xiao fengcan had a very close relationship with the four Seas.”

“Xiaofeng Cangu”

The name flashed through Yunxiao’s mind as he glanced at pan Yi. Although he was still the same person, his body was indeed the remains of Xiaofeng.

even so, ” Yunxiao said, ” he is indeed no longer Xiao fengcan. Forget it, I’ll just treat it as a continuation of what happened in the past. Pan Yi, come with me. ”

Although pan Yi was not happy, for some reason, he rarely resisted Yunxiao’s orders Sn_ he nodded and gave a soft ‘him’

Lingmu di said, ”why don’t you call your few female friends, Qianqian?

Lingmu di had wanted to call beifeng Nan, but beifeng Nan was also in closed-door cultivation, and his realm, which had fallen, was also beginning to recover.

Among Yunxiao’s confidants, he knew that the only one who could spare time was feini. Although qu Hongyan and Luo yunshang were not in seclusion, Yunxiao knew that they had both reached a bottleneck in their cultivation. The reason why they did not announce that they were in seclusion was that they were on standby.

As for Fei Ni, all she needed to do now was to absorb the true tail plume of the heavenly Phoenix. The next time she went into seclusion would be when she had finished absorbing the true tail plume.

“Then let’s go with feini.”

“Call Gu Qingqing too,” Yunxiao said.

Liao Xingchen, who was listening at the side, suddenly said, “If there is a lack of manpower, my younger brother and I will go with you.”

“Good, good!”

Water deity clapped her hands and laughed, “I haven’t seen Lord star abyss for a long time.”

Liao Xingchen’s brother was Liao Xingyuan, who had been saved by the water deity in the demonic mist outside the ancient Devil’s well.

Liao Xingchen nodded and smiled. my younger brother has also talked to me about Princess water fairy’s life. I’m very grateful. He cupped his fists and thanked her sincerely.

“Hehe, no need to thank me. I was also saved by someone.”

The water deity laughed. The scene of that day was constantly blurring in her mind. She couldn’t remember what had happened, but she vaguely felt that she had been saved by someone.

that’s enough! Yunxiao said happily. with the company of two lords, everything will be fine!

alright,” lingmu di said. these people will do. I’ll inform them immediately.

Liao Xingchen and his brother, feini, Gu Qingqing, pan Yi, the three great demons can, bi, and an in the divine realm tablet, eight void extreme divine realm experts, as well as Yunxiao, Duanmu siblings, water deity, and her Junior Brother, were enough to sweep across the four Seas.

According to the water deity's description, there were many roads to the forest of the sea, but they were all extremely difficult to find. The most convenient way was to go through the four Seas Palace.

The king of every sea controlled the passage to the sea Forest, and the closest to Yanwu was the South Sea.

The group immediately set out from Yanwu in search of the South Sea Palace.

Ten days later, in a vast sea, a strong wind blew and huge waves rolled up. The entire sea turned into a Whirlpool and rushed into the sky.

"Not good! It's the chief of the Mad Shark clan!"

In the sea, a large number of red creatures with hard shells were fighting bravely. Affected by the huge wave, they were all unstable and began to be swept away. Then, they were killed by a large number of Mad Shark Warriors!

"Chief! Let's quickly retreat!"

The red armored warriors had round eyes and their hands in their pincers. They were the red crab tribe.

Although their individual strength was not as strong as the Mad Shark Warriors, they had the advantage in numbers. The sea was filled with crushed crab shells and meat, floating in the thick bloody sea water.

"I can't retreat!"

The red crab tribe leader roared, "The turtle King will be here soon!"

A large number of red crab Warriors rushed into the whirlpool like a huge meat grinder, never to return. They were all crushed into fresh meat and scattered in the sea.

no! the red crab tribe chief shouted, " this is the innate divine ability of the Mad Shark tribe-overturing rivers and seas! But we won't be able to hold on for long. We'll win if we can hold on a little longer!"

A pair of sharp eyes appeared indistinctly in the whirlpool waves, shooting at the red crab tribe chief like a blade.

The red crab tribe chief was shocked and took a few steps back. He snorted coldly, " 'What, I was right, wasn't I? You're the only one in the entire Mad Shark clan who can use this move. After this move, the Mad Shark clan will be swept into the history as trash and will no longer exist!"

The shark Warriors in the vortex were so angry that they bared their teeth, their eyes red.

Faces slowly appeared around that pair of sharp eyes. They stared at him with ashen eyes and said in a cold voice, " "Aren't you afraid that when the royal family comes back, there won't be a place for you all anymore!"

"Haha, the royal family is back? It's no longer possible! "

The red crab tribe chief was full of confidence. He placed his hands on his hips and scolded arrogantly, " "According to the information I've received, it's not just our southern sea that went missing this time. Even the royal families of the other three Seas have disappeared at the same time. This is definitely not a coincidence. If I'm not wrong, the four Seas are about to change! And when the time for a change of dynasties comes, our red crab tribe will slap you to death on the beach!"

The shark Warriors were all shocked. They all screamed, "Impossible!" "Lord clan leader, is this true?"

That pair of sharp eyes seemed to hesitate for a moment, but he did not answer.

However, this seemed to be a tacit agreement. For a moment, the hearts of the people scattered and they fell silent in the incomparable shock.

All of a sudden, a few of the shark Warriors let out a blood-curdling screech as their bodies were crushed by a powerful force. Their blood and flesh exploded within the vortex!

The rest of the soldiers were all shocked. Their race's physical bodies were strong enough to withstand all kinds of attacks. Who had the strength to crush their bodies in one go?

A few more Mad Shark Warriors were crushed into mincemeat one after another, and the huge vortex also began to slow down, as if it was facing a great obstacle!

The eyes of the patriarch of the Mad Shark race were wide open. They were filled with shock and anger as he roared, "Turtle King! Even you have betrayed the royal family?"

The red crab tribe's chief had said it before, but he did not believe it at all. Now that he felt that power, he gradually believed it. His eyes were full of anger and sorrow.

"Boom boom boom!"

Above the whirlpool, a huge shadow descended and fell into the sea, causing the entire Whirlpool to explode!

"Huala"

A shocking amount of water shot up into the sky. A large number of shark Warriors "corpses were floating in the water, and their blood had dyed the entire sea red.

On the shallow layer of the sea, a sea turtle as large as an Island was dormant. "Hahaha! It was the turtle King! We're saved! We're going to win!"

The red crab tribe chief laughed wildly. The beard on his face trembled in excitement.

The red crab Warriors around them also cheered and took the opportunity to rush over, turning into water arrows with whooshing sounds.

After being injured, many of the berserk shark tribe warriors were immediately cut into pieces by the ten or so red crab Warriors!

“Get out of the sea!”

The head of the Mad Shark race roared out, “Huala! Huala!” . The remaining ten or so Mad Shark Warriors rushed out of the sea with him and flew into the air.

“Hualala!”

A large area of seawater exploded, and hundreds of red crab Warriors rushed out, surrounding the dozen of them.

“Hahaha, the final victory is still ours!”

The red crab tribe chief was in high spirits and said arrogantly, “Mad Shark, kneel down and kowtow a few times to this clan leader, and I’ll spare your life!”

The Mad Shark clan chief glanced at him contemptuously as if he did not care about him at all. This infuriated the red crab Clan chief as he roared, “Dammit! Kill, kill them all, leave no one alive!”

A large number of red crab Warriors rushed over, their killing intent shaking the sky.

The dozen shark Warriors had sorrowful expressions on their faces, but they were all unafraid of death. They let out a few earth-shaking roars as they charged towards the red crabs, gaining the upper hand for a moment.

Suddenly, an old voice came from the ocean. It was filled with sorrow and sighed, “Mad Shark, why do you have to do this? A wise man submits to circumstances. As long as you put down your resistance, the Mad Shark clan can still continue.”

“Hmph!”

The patriarch of the Mad Shark race looked at the island-like turtle shell under the water and sneered, "I'm sorry, I only have hot blood, what I lack is a slave's face, I never know what it means to know what is good for me!"

"You're so stubborn," the turtle King sighed, "the entire clan will be buried because of you."

The patriarch of the Mad Shark race sneered, "dying while standing is still better than you kneeling before these crab soldiers that I've never even looked at. Pfft, just thinking about you, a ten thousand year old turtle, kneeling and licking their boots makes me feel sick!"

The turtle King was silent for a while, then said, "Do you really think these red crabs can persuade me to betray the royal family?"

The patriarch of the Mad Shark race was shocked. "Who is that? Who's the person behind this?"

The turtle King said slowly, "I don't know who is behind this. However, the person who made me betray him has a power that makes me tremble. He is a super expert of the sea tribe! The turtle King's voice carried a trace of fear as he said in a trembling voice, "Do you remember that the crab race has an ancestor?"

The patriarch of the Mad Shark race suddenly recalled and cried out, "the Super expert known as the Lord Divine beast, ancestor crane crab!"

Chapter 2107: retirement of the royal family

The ten-odd members of the wild Shark race all shuddered. They had heard of that old ancestor crane crab before. He killed people like they were numb to his touch, and he would make you disappear the moment something went wrong.

It was rumored that even the royal families of the four Seas were no match for this person. It was said that he had long surpassed the end of the martial Dao and entered a higher realm.

The turtle King slowly nodded and said, "since you know this person, you should admit defeat." If we surrender now, we can still preserve the legacy of the Mad Shark clan."

"It's too late!"

The red crab tribe leader shouted, " even if you kneel in front of me and beg me now, I will still kill the entire Mad Shark tribe! He has already missed the chance I gave him. No matter how much he begs for mercy, it's useless!" His eyes were filled with the pleasure of revenge.

"Hehe, well said. You're worthy of being my children and grandchildren."

A faint voice came from the sky and entered everyone's ears, causing their hearts to tremble and their hair to stand on end.

"Ah? It's the forefather!"

The red crab tribe chief cried out in joy. He knelt down on the spot and cried out, "Greetings, ancestor!"

All the red crab Warriors screamed and knelt down.

There were only seven shark Warriors left. All of them had pale faces as they stood there numbly.

There was a flash of light in the void, and a skinny old man in a long brocade robe appeared on the surface of the sea. His eyes were like those of crabs, and his body was suffused with a brown luster. Other than that, he was no different from a human.

The old man's eyes turned, and the corners of his mouth held a cold and sinister smile. He said, "A few mere sharks dare to resist this old man? it's been so many years since I've traveled the four Seas that you've forgotten about this old man's existence."

patriarch! the red crab tribe's chief hurriedly knelt and said, " please calm down, patriarch. This is just an ignorant thing. I will immediately clean it up for you!

kill them all! the crane crab elder waved his hand and said, " I want to see their flesh being torn off piece by piece by your pincers!

"Yes!"

The red crab tribe's chief cried out excitedly and shouted, " Little ones, tear these arrogant guys apart and let the old ancestor see our strength!"

"Yes!"

Hundreds and thousands of red crab tribe warriors had gathered around. Their eyes were filled with ferocity as the pincers in their hands made cracking sounds.

"So noisy, what are they doing?"

Suddenly, an extremely discordant voice indifferently rang out from the crowd.

Everyone's heart skipped a beat as they looked in the direction of the voice. They saw that there were more than ten people standing on the turtle King's Island-like back.

The crane crab patriarch's heart trembled. When did these people appear? even with his cultivation base, he had not noticed them at all. Furthermore, these people were all humans!

He fixed his eyes on them. Except for three or four people, he couldn't see through the cultivation of the others. are they all peak powerhouses?!

The crane crab patriarch was shocked. He shook his head and threw the thought to the back of his mind.

It was impossible to have so many peak experts!

these people must have a treasure to hide their strength.

When he thought about it this way, he believed it and put down the stone in his heart.

Who are you?!

The red crab tribe chief shouted and pointed at the dozen people on the turtle's back with a murderous aura.

The dozen or so people were Yunxiao and his company. Yunxiao cupped his fists and said, "Sorry to disturb you. I want to ask, isn't this the territory of the royal family of the South Sea? Why don't I see anyone from the royal family?"

His divine sense directly covered a radius of a hundred miles, and along the way, he did not see any aura of the Dragon descendants.

"Royal family? What do you want to do?"

Elder crane crab's sinister gaze swept across the ten-odd people, and he said coldly, "The four Seas have never interacted with humans, so it's best if you don't get involved in our Affairs!"

Yunxiao gave him a glance and was quite surprised. This old crab actually had the cultivation base of a peak-stage true immortal realm cultivator, only one step away from the sovereign patriarch realm. But, judging from his age and talent, he would be just below the sovereign patriarch realm in this life.

Such experts were extremely rare in the four Seas, but they were only the power on the surface of the four Seas. There were also a large number of super sea tribes. Even the royal families of the four Seas and the ocean Emperor Palace did not dare to provoke them easily. This old crab was probably one of them.

Yunxiao had guessed the situation right. He smiled and said, "We don't intend to interfere in your Affairs. We just want to explore the way. May I ask where the king of the south Sea, Lord Qin Ming, is?"

Who are you? why are you looking for qinming?! the crane crab elder asked warily.

we don't care about your business," Yunxiao said with a smile. please don't mind our business, and just point us the way.

&Nbsp; " you ... old ancestor crane crab's face was extremely gloomy, and he was hesitating.

Although he was sure that these people had treasures to hide their strength, those three or four people who could see through cultivation were also extremely powerful. He might not be their match.

Otherwise, he wouldn't have talked so much nonsense and would have already killed them.

"Are you the king's friends?"

The patriarch of the Mad Shark race suddenly said with a fiery look in his eyes.

Before Yunxiao could answer, water deity suddenly cried out, "You guys are from the Mad Shark clan?"

The patriarch of the Mad Shark race was stunned. He cupped his fists and said, I am indeed the patriarch of the Mad Shark clan. May I know who this young lady is?"

He could feel that the water deity's temperament was extraordinary, and she was definitely not an ordinary person.

If these people were friends of the royal family, they might be able to turn the tables today, so their eyes were eager and anxious.

“You’re just a vassal race under qinming, ” the chemical cultivator said coldly. “You have no right to ask about my Junior sister’s background.”

The patriarch of the Mad Shark race had suffered a loss. Although he was angry, he still held it in and cupped his fists, I was too reckless.

you’re the vassals and guards of the royal family, ” the chemical cultivator said. why are you in such a sorry state? did something happen to the royal family of the South Sea? ”

The patriarch of the Mad Shark race finally couldn’t be bothered anymore as he hurriedly said, “There are indeed some changes in the royal family. These people want to seize the opportunity to seize the throne. If you are friends from the royal family, I hope you can help them.”

“Shut up!” kill him! the crane crab patriarch shouted angrily and ordered, ” “Kill these stupid things that are in the way!”

‘Yes!’ kill them! the red crab tribe chief hurriedly said. kill them!

“Crack! Crack!”

The hundreds of red crab tribe warriors raised their pincers and rushed over.

“Not good! These little crabs are going to kill Mad Shark, should we save them?” Water deity cried out in surprise as she looked at Yunxiao.

She wanted to help him, but Yunxiao had promised the crane crab ancestor that he would not meddle in his Affairs, so she was afraid that he would be unhappy.

Yunxiao nodded slightly.

“Chemical cultivator, save him!” The water deity was overjoyed.

The chemical cultivator's body flickered and he appeared in front of the shark Warriors. A sinister smile appeared on his face.

Suddenly, the crane crab's heart sank. He shouted, "Not good! Be careful!"

However, it was too late. The chemical Elementalist placed his palms together in front of him, and a flame rose up, turning into blades that slashed in all directions! "Raging inferno saber!"

"Hu Chi!"

A fierce flame swept across the sky, and a large number of screams rang out. More than half of the red crab tribe warriors were injured in an instant, and they were all burned to ashes.

The Mad Shark clan's patriarch was stunned for a moment before becoming ecstatic.

He had guessed that these people weren't simple, but he didn't expect them to be so strong that they could annihilate half of the clan in one move!

The red crab tribe chief was completely petrified. He stood there in a daze, unable to think straight.

"Little brat! Savage!"

die! the crane crab elder roared in anger. With a tap of his feet, the water surface exploded, and he shot up like an arrow. A red light appeared in his palm and turned into the shadow of a huge pincers, which he slashed down!

The chemical Elementalist was shocked and did not dare to be careless.

Its body gradually transformed, revealing a long tail. It danced in the air like a giant blade and suddenly slashed over!

“Bang!”

Sparks flew in all directions, and blood immediately spurting out from the long tail. A large number of scales were cut off.

The chemical cultivator cried out in pain and retreated.

Water deity mumbled, “trash!” In the end, he was still trash! He even said that he had advanced into the immortal state and that he was so powerful, but he couldn’t even take a single move from this old crab!”

Yunxiao was a little speechless, so he explained, “ a transformation cultivator has only just reached the peak of returning to true form. This old crab has been at the peak of returning to true form for a long time. I’m afraid even ordinary divine sovereign justice realm experts can’t take him down.

The water deity took Yunxiao’s arm and leaned her head on it as she said happily, “ big brother Yunxiao is still the best. He can take down this old crab with just one move.

Duanmu Youyu also sighed. there are many hidden dragons and tigers in the four Seas. I’ve never heard of this crane crab, but I didn’t expect him to be so powerful. We’ve been too ignorant in the past.

Yunxiao nodded. In his previous life, he had also been stuck before reaching the peak, and his strength was almost the same as this old crab. He could not help but take a few more looks at him before saying, “ “Don’t waste any more time, who’s willing to help?”

“I’ll do it,” Liao Xingyuan said.

He took a slow step forward and used spatial bending to appear right beside crane crab, striking out with his palm.

The crane crab elder was in the midst of chasing after the transformation cultivator. Suddenly, all the pores on his body stood up. A chill of death spread in his heart. That palm was as if the sky had collapsed and the earth had caved in, covering the entire sky!

“Who the hell are you?” he cried out in fear and despair. Why do you want to kill Only now did he realize that these people didn’t have any treasures that could hide their cultivation. It was just that he couldn’t see through them!

I’ve come into contact with the crane Crab Clan before, ” Liao Xingyuan said indifferently. they kill whoever they don’t like. They’re really annoying!

As the palm fell, it broke through patriarch crane crab’s defense with a boom and shattered his shell. He spat out a mouthful of blood and was sent flying.

All the members of the sea Race were instantly stunned. No matter if it was the Mad Shark clan, the red crab Clan, or the turtle King, they seemed to have turned into stone. Time flowed quietly, but it also seemed to have frozen.

Yunxiao turned to the patriarch of the Mad Shark clan and said, ” “Where is the royal family? what happened in the South Sea? Tell us everything.”

“Gulp!”

The patriarch of the Mad Shark race only came back to his senses after a while. He patted his huge head and felt a wave of pain. Only then did he realize that what he had seen was not an illusion. He realized that he had encountered a truly terrifying expert.

“It’s not just the royal families of the southern sea. All the royal families of the four Seas have disappeared. It’s said that they’ve received orders from the ocean emperor’s palace to have the four royal families leave their encampment and retreat into the deep sea, never to concern themselves with matters of the seas again.”

The Mad Shark clan’s patriarch slowly told everyone what he knew, causing everyone to be stunned..

Chapter 2108: sealing

“The four royal families have retired?”

Yunxiao was taken aback. He would never do such a thing unless something major had happened. What the hell is going on? ”

The Mad Shark clan’s patriarch shook his head, “we don’t know the inside story either. When the royal family retreated, they left us here to guard this place. They only said that they might come back again.”

It seems that this Qin Ming is not a good person either, ” Yunxiao cursed. He fled with his family and left his loyal subordinates here to defend this place.

The expression of the Mad Shark clan’s patriarch was unsightly as he cupped his fists and said, ” “Daren, please don’t speak nonsense. This is our duty.”

“Hehe.”

Everyone has their own ambitions, ” Yunxiao sneered. Since you’re willing, I won’t say anything. I want to enter the ocean emperor’s palace through the royal family. Is there any way?”

“Enter the ocean Emperor Palace? What do you want to do?”

The patriarch of the Mad Shark race was startled. He stared at the few of them vigilantly, revealing his instinctive vigilance.

“I’m a disciple of the ocean Emperor. Isn’t it normal for me to enter the ocean emperor’s palace?” the chemical cultivator snorted. He took out the token and threw it over.

After the Mad Shark clan’s patriarch checked it, he found that the token was indeed genuine. He was so shocked that he hurriedly presented it with both hands and greeted, ” “So it’s the Lord of the sea Emperor Palace. Greetings, Lord!”

The chemical cultivator kept the token and said, "No need to be so polite, just tell us how to enter the forest of the sea."

The patriarch of the Mad Shark clan said with difficulty, "the secret passage to the forest of the sea has always been controlled by the royal family. I don't know either."

The chemical cultivator frowned and said, "then how can we find the royal family?" When Qin Ming and the others left, they didn't leave any contact information, right?" no! the patriarch of the Mad Shark race shook his head, "only the Royal race can contact us. We can't contact them."

Yunxiao was speechless. 'What a bunch of loyal Blockheads!'

He suddenly sneered and said, "You still want to escape?" He grabbed at the sea in the air. The crane crab elder, who had been sent flying by Liao Xingyuan's palm, broke out of the water and was caught. He fell on the turtle shell, looking very embarrassed.

come, tell me," Yunxiao said with a smile. how do we get to the sea Forest?" If you don't know, then I'll smash your head and search your soul."

The crane crab patriarch trembled in fear. He quickly begged for mercy, "Sir, I really don't know!"

"Bang!"

Yunxiao did not hold back at all. Not bothering to talk nonsense with him, he shattered the top of the man's skull with a palm and poured his divine sense into it to search his memory.

The turtle King and the Mad Shark clan chief were scared out of their wits, especially the red crab Clan chief, who was standing in the distance. He was so scared that tears were streaming down his face. His legs were weak, and he did not even have the strength to run.

In their eyes, existences that were like gods were like ants in the hands of these people. They could be pinched and killed as they pleased.

After a long while, Yunxiao slowly retracted his divine sense, his face solemn.

The crane crab's head exploded once again with a bang. The upper half of his body exploded, and his body shattered on the ground.

"Big brother Yunxiao, how is it?" water deity asked hurriedly.

"I'm afraid we're in trouble," Yunxiao said in a deep voice. It seems that a force wants to overturn the four Seas, and it has allied with many super sea clans. This crane crab is just one of them. Many of the reclusive super sea clans have been invited."

Gu Qingqing was shocked, "who has such great power?" To be able to mobilize those super sea clans within the four Seas, even the sea Emperor might not be able to do it!"

"I don't know," Yunxiao shook his head and said, "but the person who contacted crane crab was a man named 'Qiu'. Are there any experts with this title in the four Seas?"

The water immortal, the transformation cultivator, and the head of the Mad Shark clan all started to think. They all shook their heads.

"There are many super sea tribes in the deep sea," the chemical cultivator said. They might not have appeared for tens of thousands of years. It's not strange that we haven't heard of them.

Gu Qingqing said, "if it's the kind of sea tribe that has been hiding for hundreds of thousands of years, they might not even show up during the demon-sealing war. Why did they come out now?"

"Things may be worse than we thought," Yunxiao said with a solemn expression. But we can only take one step at a time now. Everyone, stay alert. Right now, our top priority is to enter the sea Forest as soon as possible. We can only take the other paths."

"If I had known this would happen, I wouldn't have come to the South Sea," water deity mumbled. I wanted to save time, but I made it even more troublesome. I don't know when I can see father.

let's go," Yunxiao sighed. it's a troubled time, and everything is coming up at once. Can't the four Seas wait until after the demonic tribulation? " It's as if we've discussed this beforehand."

The group of them rose into the air and were about to turn into beams of light to escape. The transformation cultivator looked down at the giant sea turtle and said coldly, " "This thing has betrayed the royal family, which is also a

betrayal of the ocean Emperor Palace. I'll leave after I kill him!"

He immediately turned into a fiery light and rushed down, the huge red blade slashing down like a half-moon!

The seawater parted with a splash, and the turtle King's entire body was trembling. He cried out in fear, "Don't kill me! I know the entrance to the sea Forest!"

"Huala"

The attack of the chemical cultivator immediately slanted and landed on the sea in the distance. The entire sea was split in half and a large amount of sea water evaporated.

The turtle King's entire head was retracted into its shell, and it quietly floated there, not daring to move.

Yunxiao and the others landed on his back again and stared at him coldly.

The patriarch of the Mad Shark race frowned, " only the Royal race has control over the passageway. How could you have known? " If you deceive these Lords, you will only end up in an even more miserable state!"

The turtle King carefully stuck his head out and begged, " "I really do. Don't kill me. I've lived for sixty thousand years and served twenty-one generations of the royal family. It's normal for me to know more than ordinary people." "Sixty thousand years? You really are a ten-thousand-year turtle."

we were all talking about the entrance just now, ” Yunxiao said coldly. you pretended to be dead and didn’t hear it, did you? ” Now you’re only speaking when you’re really dead?”

“The reason I’ve lived so long, apart from the unique traits of the turtle Clan, is also because I don’t like to talk,” the turtle King said bitterly.

Everyone was stunned, thinking that what this bastard said made a lot of sense.

You could eat whatever you wanted, but you couldn’t say whatever you wanted. Many people in the realm of heavenly martial arts had lost their lives because of what they said. Although no one had counted it, it was estimated that more than half of them had lost their lives.

Yunxiao waved his hand in frustration and said, ” “Then hurry up and tell me, or you’ll end up like that crane crab!”

The turtle King was afraid. The corpse of the crane crab was still on his turtle shell. How could he dare to talk nonsense? he hurriedly explained the entrance of the passage he knew clearly.

“That’s right, it should be there!” Water deity clapped her hands. this sea turtle is not honest, ” she said ruthlessly. since he has already confessed, it’s useless. Let’s kill him!

The chemical cultivator was stunned. He looked at water deity with a wry smile, then at Yunxiao, as if he were saying that water deity had been led astray by him.

“Don’t, don’t, don’t kill me! You have to keep your word!”

The turtle King was so frightened that tears flowed down his face. He cried so sadly.

Yunxiao stomped his foot down and shattered a large piece of the turtle shell as he cursed, ” “When did I say I would spare your life? Get out of my sight, and don’t ever see an old bastard like you in front of me again!”

He couldn't even be bothered to kill such a bastard.

The turtle King felt as if he had been granted Amnesty. He shed tears of gratitude and slowly sank into the sea.

Gu Qingqing suddenly said, "wait!" Since you've lived for so long, have you ever heard of the word 'prisoner'?"

The turtle King's body came to a stop and his face was filled with doubt. He shook his head and said, "Milords, this one has never heard of it."

Gu Qing Qing waved her hand. alright, it's fine now. Get lost.

After determining the location, they turned into a dozen streams of light and left.

As the turtle King watched them leave, the confusion in his eyes gradually disappeared. In the depths of his eyes, there was a touch of extreme tear.

Its huge body trembled violently on the sea. It did not feel this kind of fear even when it was on the verge of death when the transformation cultivator slashed it with his sword.

It was difficult for the dry throat in the open mouth to make any sound. If one listened carefully, they would only hear the trembling word 'prisoner'.

Several hours later, according to the coordinates given by the turtle King, they arrived in the sky above the sea.

Yunxiao examined the area with his divine sense and said, "It should be below here!"

The ocean was boundless. Without coordinates and a pointer, or an extremely powerful divine sense, even the most powerful existence would find it difficult to find the way.

Everyone dived into the sea. At a glance, they could see that it was an ordinary

Sea area without any traces.

it's here! Yunxiao said happily. this is it!

Under the gaze of his lunar pupils, he saw that there was an illusion set up nearby. With a slight turn of his pupils, vast spiritual power swept out. The surrounding sea water fluctuated, and the scene changed completely.

A huge formation appeared at the bottom of the sea, hidden by the sand.

“This is it!”

“I've used this formation before!” The water deity shouted happily.

Yunxiao and the others went up and carefully examined it. Only after they found that it was not damaged did they use it with ease.

Soon, after all kinds of origin crystals were placed inside, a huge light spread out at the bottom of the sea, and a terrifying power swept across the sea area for several miles, turning it into a huge Whirlpool.

However, this was nothing compared to the entire South Sea.

The dozen or so people were enveloped by a ray of light and instantly sucked into the passage, heading towards the forest of the sea.

After a while, Yunxiao's face suddenly changed as he stared at the dark space in front of him, his face twisted like a ghost's.

“There’s something wrong with the passage!” Gu Qingqing was also shocked.

Yunxiao nodded and retracted his divine sense. fortunately, it’s not a powerful technique. It’s just using strength to seal the passage. I just need more power to break it.

“In that case, just in case, let’s all attack together and break the seal!” Liao

Xingchen said.

it’s very tightly sealed,” Yunxiao said. but that’s only relative. “I’m enough,” he said, his eyebrows twitching.

He took out the sword death and slashed at the red. A vast sword force slowly gathered.

At the same time, at the other end of the passage, somewhere in the sea Forest.

Two men with strange faces stood in the air, staring at the barrier that had just been set up. One of them let out a long breath and smiled, this way, it’s foolproof. Even if it’s an expert at the peak of perfection, he can forget about coming out of this passage..

Chapter 2109: Meeting Zuya again

The other person nodded and said, ‘ “Let’s go. There are still two more passages waiting to be sealed.”

what’s the hurry?” the first person said. it took us too much effort to seal these entrances. Let’s rest for a while.

The other person's expression changed slightly and he said coldly, "There's only seven days left. We must seal all the passageways. This is an absolute order. If something goes wrong, no one will be able to bear the responsibility." "Motherf * cker! Only seven days left, isn't this asking for our lives!"

The first person complained, his face full of Vulture, and snorted, "Even if we rush over now to set it up, I'm afraid we won't be able to finish it in seven days."

The other person said coldly, "even if I die, I have to complete it. Otherwise, I'll really die." Let's go, don't waste time here."

The two of them swallowed some natural treasures, calmed down, and were about to move.

Suddenly, the two of them stopped. They looked at each other and then turned to look at the restriction they had just set up.

One of them said, "I keep feeling like there's a Kasaya in the passage."

Before he could finish his words, a huge bright light pierced through the restriction and instantly cut him into pieces!

The sword Qi split the void and shot into the forest in the sea. A large number of trees were instantly turned into nothingness, but because of the restriction, the sword Qi did not cause too much of a shock.

The other man who had set up the restriction was frightened. He shuddered a few times, then let out a wild cry and suddenly flew into the sky.

However, just as his body left the ground, he was cut into pieces by a golden light.

"Ah, you killed him?"

The chemical cultivator was shocked and looked at the water deity.

The water deity's face was covered with a layer of frost as she said coldly, ‘

“You dare to seal the passage? don't you deserve to die?”

The chemical cultivator shook his head with a bitter smile.

it's not that he doesn't deserve to die, ” Yunxiao sighed. it's just that he can provide a lot of information. We should have searched his soul first before killing him.

“Anyway, we're already back. We'll know what's going on soon.”

Yunxiao nodded and did not say anything more, because it was a little tiring to talk to water fairy.

“Come with me!”

The water deity returned to the forest of the sea. She was in an extremely good mood and was very lively. if you don't have a guide, you won't be able to leave this forest of the sea. Follow me.

Full of energy, she turned into a beam of light and led the way, followed by Yunxiao and the others.

However, after flying for a short while, the water deity let out a blood-curdling scream and almost fell from the sky.

In the middle of the boundless forest, there was a huge monster's corpse.

Yunxiao's face darkened as well. He recognized the monster. It was the deep-sea monster that water fairy had often summoned before. “Doudou! Doudou is dead, wuwuwu!”

The water deity pounced on the monster and started crying. Tears were streaming down her face.

Yunxiao spread out his divine sense, and his heart was filled with shock. Not only was Doudou dead, but there were also more than thirty dead deep-sea beasts lying in the surrounding hundred miles.

Moreover, after careful observation, he found that there were not many signs of damage around the bodies. It was clear that these deep-sea Giant beasts were almost killed in seconds!

Gu Qing Qing examined doudou's body, and said, "Instakill."

With their current cultivation base, they could kill these things in seconds, but within the four Seas, there were not many known powerhouses who could do it.

let's go to the ocean emperor's palace first. Yunxiao pulled water deity up and said, "I hope master Ocean Emperor is fine.

The water deity then stood up in grief and sobbed, "Doudou, you lie down here for a while. I'll definitely take revenge for you."

Yunxiao sighed to himself as his right lunar pupil emitted a faint glow and cast a simple illusion in the surrounding area, so that the water fairy could not see the corpses of the other deep-sea beasts. Otherwise, he did not know how much she would cry.

The water deity was also worried about her father, so she turned into a golden light and flew toward the ocean emperor's palace.

Gu Qingqing and the others also looked very serious. Yunxiao's illusion could not block their divine sense. Along the way, they found that the entire sea Forest had almost become a graveyard. In addition to the deep-sea beasts, all the sea beasts who had lived in it had died.

After flying for a while, the ocean emperor's palace appeared in front of them. In front of the majestic palace, there was a huge square. At first glance, other than the emptiness, there was also a bit of blood.

Hundreds and thousands of corpses lay on the ground, blood everywhere. Some were dried, but some were still fresh.

“Father!”

The water deity shouted in worry and rushed down.

With a “bang,” he hit his head on the barrier. The shock made him dizzy and he almost fell from the sky.

Yunxiao hugged her and comforted her, “ don’t worry, the barrier is still there, which proves that master Poseidon should be fine.

Water deity clutched the bump on her head, her tears flowing uncontrollably as she shouted, “Father! Quickly open the barrier, our daughter is back!”

After a few calls, there seemed to be a reaction from the palace. A figure in golden armor appeared in front of the hall. It was Zuya. He focused his gaze and cast a few incantations, which turned into hundreds of talismans and flew into the air.

The entire restrictive barrier shook slightly and disappeared.

Yunxiao and the others immediately flew in, and Zuya opened the barrier again.

“Where’s my father?”

The water deity rushed forward and grabbed Zuya, looking unwilling.

master Poseidon is fine in the palace,” Zuya said, his face grave. why are you back at this time? ”

“Father!”

When the water deity heard that her father was fine, her worries immediately dissipated into smoke. She left the crowd in joy and ran in.

greetings, Mr. Zuya," Yunxiao cupped his fists and said. what happened in the four Seas? '

"We don't know," Zuya said, shaking his head.

"What?"

Everyone was stunned as they looked at the corpses in front of the palace. There were all kinds of strange shapes and sizes.

Furthermore, all the seafolk in the sea Forest had been slaughtered, and the sea emperor's palace had no idea who they were.

Zuya said, "I only know that there's big trouble, but ..."

He revealed a bitter smile and shook his head helplessly. "But Poseidon doesn't care."

Yunxiao was well aware of the negative attitude of the sea Emperor, so he said, Let's go and see the sea Emperor first."

Zuya glanced at the people around Yunxiao and was immediately shocked. The auras of these people were like an abyss, and he could not see through them at all.

He had only seen the Duanmu siblings before, and he nodded slightly in acknowledgment.

The Duanmu siblings also hurriedly clasped their hands together and nodded. Duanmu you Yu said, "I've been feeling uneasy recently, so I deduced that something had happened in the four Seas. I didn't expect it to be true.

no wonder you guys came back at this time, " Zuya said in realization. it's because of you.

His tone was harsh as he said, " Poseidon doesn't care about what's happening now. He only cares about Princess water fairy. Your return will only make him uneasy.

Duanmu Youyu smiled bitterly and said,"I've been feeling uneasy for the past few days. I can't just sit here and do nothing." And don't worry, Lord Zuya. With li Yunxiao here, we'll definitely be able to turn misfortune into fortune."

Since the hundredth wheel Yui had asked him to follow and assist Yunxiao, he had gradually adapted to the position of an auxiliary, and his confidence in Yunxiao had gradually increased.

Apart from ye Qingyu, Yunxiao was the only one in the entire heavenly martial realm who could lead the demonic war. There was no third person.

I've also noticed that Yunxiao is extraordinary, " Zuya said. he's no longer someone I can reach. His eyes also flashed with joy, as if he was looking forward to something.

Yunxiao smiled wryly. don't make me laugh, my Lord. I'll go and see Poseidon first. I have something important to report to him.

The group of people was about to enter when they suddenly stopped and turned around.

A large number of sea tribe warriors swarmed in from all directions. They attacked from the sky, the forest, and the sea.

he's not an ordinary person, " Yunxiao said with a frown. judging from the attack, he's not an ordinary person. With such a tight organization, it should be easy to find out who is behind the scenes, right?"

Zuya nodded and said, "if you really want to investigate, it shouldn't be difficult." However, you should also know the temperament of master Poseidon. In the entire forest of the sea, I'm the only guard, as well as ten or so servants that can be ignored." no! Yunxiao shook his head with a wry smile and said, " Lord Poseidon is really a man of love.

Rou Wei's situation had almost ruined his life, but he had never regretted it.

Yunxiao sighed in his heart and said to himself, " He hoped that the heavenly fortune pill he brought could save Rou Wei.

wait a moment, " Zuya said. let me take care of these scums first.

He flew up into the air, his body shining brightly as he brandished his sword.

The sword Qi was like a rainbow as it disintegrated in the sky, turning into thousands of runes that were hidden inside the barrier.

Suddenly, the entire sky trembled and the light of the barrier suddenly brightened, as if a layer of tangible Jade covered the sky.

A dangerous aura spread out from the barrier. Suddenly, tens of millions of sword Qi shot out and slashed at the sea tribe members in all directions!

"Bang Bang Bang!"

The sky was filled with the sounds of the sea tribe members being slashed and exploded. A large number of corpses fell to the ground, once again shattered by the barrier.

Yunxiao looked at the center of the square. The broken bodies were obviously much stronger than the sea clan outside, which proved that the barrier must have been broken.

Now, the low-and mid-tier sea tribes outside were practically committing suicide. Even if Zuya didn't do anything, they would still crash into the barrier and consume its energy.

Zuya's expression turned ugly.

The enemy's attacks were getting stronger and stronger, but they didn't show their full strength, as if they were deliberately exhausting them.

However, in the entire Ocean emperor's palace, only he and poron could fight. He really could not understand what the other party was thinking.

Lord Zuya, " Yunxiao suddenly asked. have you ever heard of a super expert of the sea tribe called Qiu? "

"Imprisoned?"

Zuya was stunned for a moment, then shook his head. "I've never heard of it.

Young master Yun, why do you ask?"

Yunxiao immediately told him about the matter of the crane crab ancestor.

Zuya fell into deep thought.

don't think about it if you can't figure it out, " Yunxiao said with a smile. we'll deal with it when the time comes. The other party must have a plan. Then, the true master behind them would appear sooner or later. At this moment, the target has yet to appear, which is why they are constantly testing the waters with their attacks.."

Chapter 2110: super sea tribe

young master Yun, you're right, " Zuya nodded. but there doesn't seem to be anything precious in the ocean emperor's palace that's worth the trouble. Could it be for the ancient Maha seal script? But those are just imitations, how could they be so attractive?"

I don't know," Yunxiao said. let's wait quietly. Or we can take the initiative to attack and clear out the enemies in the sea Forest, and then seal the passage, letting them fall into their own trap."

Gu Qingqing did not agree. that seal is useless to a Super Master. Instead, it will take a lot of effort. It's not worth it. Let's just focus on guarding the ocean emperor's palace."

Liao Xingchen and his brother also agreed with Gu Qingqing.

Zuya laughed bitterly. you all do have a point, but it would be too passive to just protect the palace. After all, the four Seas are huge. There are many things that can give us a headache.

Yunxiao's pupils constricted as he stared at some light green things in the distance. They slowly spread in the air like seaweed, and then expanded in all directions like ink dripping into water.

"This should be the headache that Lord Zuya was talking about, right?"

Yunxiao pointed at the green things, which appeared in the sky like big raindrops, spreading and approaching.

The entire sky began to be covered. At first, it was a light green color, but as those things overlapped and merged, it slowly turned into a pale green, almost blocking out the sun.

The ocean Emperor Palace had been brightly lit before, but it had become completely dark as everyone conversed.

Fear flashed in Zuya's eyes, and he said in a deep voice, " "That's right! Although this thing was algae, it had intelligence and was an ancient item that was extremely precious. It's rarely seen in the four Seas, but I've seen it a few times in the past few days."

"Be careful, everyone!" He said vigilantly. The barrier is about to be broken!"

“Break the enchantment?” Liao Xingyuan was shocked.

this thing is extremely corrosive,” Zuya said. there are a lot of black and green meatballs on the algae meat. The black ones will explode, and the green ones contain poison. It was these things that broke the barrier a few times before. Everyone saw that the meatballs attached to the barrier were expanding and contracting with each breath.

Finally, one of the beads exploded. The impact wasn’t very strong, but it caused a chain reaction. Hundreds, thousands, tens of thousands of beads began to explode with a bang.

The muffled sound of frying beans overlapped, and the air around the entire Hall was smoky. The enchantment had not broken yet, but everyone felt a great discomfort.

In just a moment, the enchantment suddenly shattered, and a large amount of seaweed poured down, carrying a large amount of poisonous liquid, which was pungent.

Zuya was about to make a move when Yunxiao stopped him and said, “I’ll do it.”

“Wind!” He raised his hand and shouted.

A tornado immediately flew out of his palm and instantly expanded to dozens of acres in size, rolling up all the green algae and blasting them into the distance!

“BOOM!”

The whirlwind turned into a rope that was ten thousand feet thick. Not only the green algae, but also the sea tribe members around the ocean Emperor Palace were all swept up and blasted into the distance, shaking into the deep sea.

Everything that flew out of the hurricane was turned into minced meat, unrecognizable.

With one move, the whole world became quiet in just a dozen breaths.

A strong wind blew across the sky, transforming into a crocodile. It slowly crawled down and lay on Yunxiao's shoulder, then closed its eyes to rest.

Feiniaoyang laughed as she went to tease the crocodile. She could not help but kiss it. What a great method. I wanted to throw a few Balls of Fire and burn them into thin air.

The crocodile opened its eyes and rolled its eyes at her before going back to sleep.

Zuyang was dumbfounded. He looked at the crocodile in fear. It looked harmless, but it contained such terrifying power. "Five elemental wind spiritual body?"

Yunxiao nodded with a smile. That's right. It's the wind-transforming spirit. It's the best thing to use to clean up these scums. The whole square is clean now.

The corpses and remains on the square were also swept away by the strong wind, becoming clean and tidy.

Zuyang laughed, "the opportunities you've received over the years are beyond my understanding." Perhaps you'll be able to resolve the crisis the sea Emperor Palace is facing this time."

"I'll clean up the dregs within a hundred miles," Yunxiao said with a smile. I'll clean them up as well.

He flew into the sky and raised his hand. His body glowed with white light and a bolt of lightning shot into the sky from his palm, spreading out in the sky.

"BOOM!"

The lightning exploded, turning into countless electric snakes that shot in all directions.

The sea Forest was a strange space with water, land, and air. A large number of trees grew in the sea, and the sea Emperor Palace occupied the entire land. Above the sea and land was a sky.

After the attack of the sea tribe, Yunxiao had sensed many auras lurking in the surroundings. A wave of Thunderbolts scattered and struck in all directions, blasting out a large number of broken limbs and bodies, and all kinds of screams rang out.

“Hmph, turning into lightning is just a small trick!”

Hmph! a cold snort came from the void, immediately attracting more than ten lightning snakes to attack.

A huge hand stretched out from the source of the sound and caught all the lightning snakes in the palm.

Immediately after, the space trembled and a nine-foot-tall burly man walked out with a dwarf-like man following closely behind.

Other than the contrast in their figures, their appearances were almost identical, like twin brothers.

On the other side of the forest of the sea, a sneer could be heard. Space was torn open, and countless lightning snakes were swallowed up. Suddenly, a green light shot out from the crack.

A pitch-black figure slowly walked out of it. It was actually a young man.

The young man had black hair and delicate and demonic facial features. The only thing that made people feel uncomfortable was that he had three eyes, which were somewhat similar to Yunxiao’s expression when he opened his primordial heavenly eye.

As soon as the three of them appeared in the sky, they immediately brought an inexplicable pressure to the sea Emperor Palace.

“Ghost horse, ice eye!” Zuya exclaimed in shock.

Gu Qing Qing was stunned, these three people were indeed extraordinary, she asked, “You know these three people?”

Zuya's expression was grave as he said, "the two brothers that look similar are from the ghost horse clan." This young man was from the cold eye clan. The two great clans had been silent for tens of thousands of years. They were super sea clans that had never interfered with the affairs of the world. Even the ocean emperor's palace only has a few words about them, but they're all extremely terrifying existences."

Gu Qing Qing was shocked, "they haven't appeared for tens of thousands of years, and now they all appear together. Is it all because of that man called Qiu?" Who is this person?"

Zuya shook his head, his expression ugly. "I don't know. I'm also very curious now."

Yunxiao glanced at the three of them. Apart from the short man, the other two had the cultivation base of a divine sovereign realm.

However, that primal and barbaric aura gave him an extremely dangerous feeling. His intuition told him that these two people definitely wouldn't just stay at the realm of divine sovereign justice.

The man from the cold pupil clan chuckled and stared at the two brothers, "I didn't think that the ghost horse clan would have survivors.

The two men looked at Leng Tong with their four eyes, but they did not dare to look directly into his vertical eye. The dwarf said in a strange voice, "Are you the only one left in the Leng Tong clan?"

Hmph, why do you care?!

Leng Tong waved his hand, and a gust of cold wind blew towards the void. we're all out, so why are you still hiding?!

As the cold wind blew past, a red light appeared in the void and gradually transformed into two figures.

One of them was wrapped in a red robe, leaving only his white beard outside. The other man had a grim expression on his face. As soon as he appeared, he stared at Yunxiao in the sky with hatred. "Bone rainbow?"

Yunxiao raised an eyebrow in surprise.

Zuya was also furious, "bone rainbow!" Ancestor Yunsheng!"

Gu Hong did not say a word, but he looked at Yunxiao and Zuya with a cold smile on his face. He really wanted to say a few words of ridicule, but his grandfather was here, so it was not his turn to speak.

Grandmaster Yunsheng snorted and glanced at Zuya in disdain. "Little brat, you dare to call me by my name? you're really a gutsy one."

"The sea emperor's palace has always been on good terms with the cloud beings," Zuya said angrily. "How dare you turn against us!" Gu Hong, as the disciple of the sea Emperor, your actions are betraying your master and your ancestors!"

Ancestor Yunsheng's eyes turned cold and he said, " "Deceiving your master and destroying your ancestor? Who Do You Think You Are to dare to say this in front of this Lord?"

A red glow appeared silently. The space fluctuated slightly, leaving a faint mark as it slashed down.

Zuya's face turned pale. He could not withstand a single blow from ancestor Yunsheng. He only noticed the red light when it was close to him!

Suddenly, a hand reached out. There was no fancy or skill, just a simple slap.

With a soft bang, the red light was extinguished.

The one who attacked was pan Yi, who was the closest to Zuya.

Yunxiao's eyes flickered with a hint of solemnity. The strength of the patriarch was only at the divine sovereign realm, but with the blow just now, it had instantly risen to the void tier.

It should be due to the rules of heaven and earth that these super members of the sea tribe suppressed their cultivation to the sovereign patriarch. As the rules of ten directions were released, the time they could stay in the extreme void also began to change.

From the looks of it, the ghost horse clan's twins and this cold eye clan's brat were most likely void tier.

He began to worry. No wonder he had been feeling uneasy. He didn't expect that such a terrifying power was hidden in the four Seas.

Then who was the 'prisoner'?

To be able to mobilize so many super members of the sea tribe, their strength must be extraordinary. The sea emperor's palace only had two people, Poron and Zuya, so it should be easy to take them down. Why did they make such a big move?

All kinds of questions popped up in Yunxiao's mind, but he knew that with the appearance of these people, he was not far from the answer.

The moment Pan Yi made his move, the few people in the sky were shocked. The ghost horse brothers, Leng Tong, and patriarch Yunsheng were all shocked.

When Pan Yi attacked, no elemental energy fluctuation could be felt at all. It was purely his physical body that had shattered the red light.

Leng Tong exclaimed, "sanctified body?" That's impossible!"

Although Grandmaster Yunsheng's expression was solemn, he quickly regained his composure and nodded. "I shouldn't be wrong. Furthermore, it seems to be even more powerful than a body at the phenomenal success stage.."
