

## **The Eternal 2121**

### Chapter 2121: reinforcements

Yunxiao's face darkened. what? There were still reinforcements? Quickly kill them! ”

Now that luanyu was alone, it was the best time to surround and kill him.

He himself also turned into a bolt of lightning and shot over.

Luanyu's expression changed greatly. No longer caring about the fierce battle, he shouted, ” “Let's go!”  
He turned around and fled.

“It's too late to escape now!”

The lightning passed through him and appeared in front of him. He formed a seal with his hands and slapped it.

Luanyu was shocked. However, he was still a battle-hardened veteran. With a

flash of his dragon body, he directly merged into the void, leaving behind an afterimage.

“Bang!”

The afterimage was shattered by Yunxiao, who cried out in surprise,

“Movement technique law!”

A green figure walked out of the void again. The ground under his feet shrank and he had already walked thousands of feet away.

“Hmph, if I still let you escape like this, that would really be a joke!”

Yunxiao sneered, his right pupil turning into a Blood Moon as he shouted, ”

“Helios Luna!”

The entire space suddenly became soft and dazed. Yuri’s footsteps immediately came to a halt, following the fluctuations of the path up and down. He was in a daze.

The Liao brothers flew up from the left and right, each making a hand seal.

A strong light spread out from the two of them and turned into a six-sided shape, gathering in the air.

Under the fusion of the two hexagons, hundreds of edges and corners were immediately formed, forming an irregular ball of light that imprisoned the ruling plume.

“Dragon field-Nebula art!”

Luanyu’s expression was grave. If he was not careful, he might really die Here.

And Feng Yaoli was still watching from the side, which made him extremely angry.

He formed a hand seal, and the Dragon Realm around him rotated, turning into a rose in his palm. He slapped it out!

“BOOM!”

The barrier set up by the stellar star abyss brothers shook violently under this attack. The power of the Dragon Realm was like an avalanche, each wave stronger than the last.

“I’m just struggling to the death!”

As Yunxiao’s voice rang out, a golden sword beam fell from the sky and stabbed into the barrier!

“Retreat!”

retreat! Liao Xingchen shouted, and the two of them retreated abruptly. Their figures flashed back and disappeared into the void.

The Luan Yu’s Dragon Realm charged out like a flood discharge from a dam, and its momentum rapidly fell.

At that moment, Yunxiao’s shocking sword came down from the ninth heaven, and he and his sword were as one!

Luanyu was greatly alarmed. Unable to Dodge in time, he could only brace himself and charge forward.

His hands formed an incantation gesture in front of him, transforming into the shape of a Dragon to meet the attack.

“Bang!”

The Dragon Claw struck the sword, creating a boundless light wave.

The sword Qi swept in all directions, and Luan Yu’s arm was scraped by the sword light. Pieces of dragon scales flipped up, and fresh blood splattered everywhere. It was so painful that he grimaced in pain!

“Bang!”

Luan Yu couldn't take it anymore, and was sent flying ten thousand feet away after spitting out a mouthful.

But as soon as he stabilized himself, he turned around and turned into a light to escape.

you crawling worm, you've been struggling at death's door for God knows how many years. You should've been buried a long time ago. Is there any meaning in living like this? "

In front of Luan Yu, two rays of light flickered. Can and Phoenix appeared respectively and looked at him coldly.

With Luanyu's current body, it was full of holes. It was difficult to deal with even one person, not to mention that there were void extreme God Realm experts all around. It could be said that there was no way out.

Luanyu's face was pale. brother Li! Save me! he cried.

Feng Yaoli shook his head and sighed, " brother Zhiyu, you have to be independent. You have to rely on yourself. Not to mention, this was a matter of life and death. If he didn't work hard to fight for it, how could he rely on others? I'll take my leave first. We'll meet again if we're fated."

Luanyu was so angry that he spat out a mouthful of blood. He roared furiously, Feng Yaoli! You're ruthless enough!"

Feng Yaoli sneered and ignored him. He walked out of the sea Forest alone.

Yunxiao narrowed his eyes. This Feng Yaoli was also a disaster, and it would be best if he could get rid of him as well. But at the moment, he had to distinguish the primary and secondary, as Luanyu was the biggest disaster.

The key was that everyone had been exhausted from the repeated battles with Qiu's subordinates, and Feng Yaoli was at his peak.

If they were to make a move, even if they could make him stay, they would have to pay a painful price.

Qiu and da nu were also killed by pan Yi and Gu Qing Qing. Qiu knew that they had lost the battle, so he quickly said, "Bo mu, I agree to your conditions. Quickly stop!"

"At this moment, everything is decided by young master Yun. I do not have any opinions," Bo mu raised his eyes and said.

li Yunxiao! Qiu cried out anxiously. li Yunxiao!

why are you talking so much nonsense? " Yunxiao said. can't you just die in peace? " What qualifications do you have to negotiate with me?" His eyes were filled with mockery as he ordered, " "Kill him!"

The prisoner was shocked and angry, and even a little confused.

He was an expert who had transcended the past and the present. Although the other party was the divine realm tablet master, he was still a human with shallow qualifications after all, and he did not put the other party on the same level at all.

The conditions that Bo mu had stated before were simply an insult to him. However, he had never expected that the other party would ignore his insulting conditions!

Shouldn't the other party be ecstatic?

Qiu NA's pride as a Dragon was crushed by Yunxiao.

In his anger and shame, he was caught off guard and was hit in the chest by pan Yi. He spat out a large mouthful of blood and was sent flying.

"Master Qiu!"

Da nu was shocked. She was also entangled by Gu Qingqing and couldn't get away.

But at this moment, he couldn't care much about it. After exchanging a blow, he managed to buy himself a moment of time. He flew towards the prison and struck pan Yi with a hand knife.

"Bang!"

Pan Yi easily caught it. He turned his hand and grabbed da nuts arm. A powerful illusory light power pressed over and shattered her protective Zhen Yuan with a bang.

"Pfft! "

Da nu spurted out a mouthful of blood and lost all feeling in her arm. She was completely restrained by pan Yi and shouted, "Lord Qiu, run!"

The prisoner's face was pale as he gave Yunxiao a resentful look, then turned and fled.

"You're really shameless to use a woman's life to exchange for an opportunity

to escape."

Gu Qingqing sneered and chased after him.

Bo mu, who had been seated on the magnificent Buddha Lotus seat this entire time, suddenly raised his head, looking at the sky above the forest of the sea, a look of shock in his eyes.

Yunxiao seemed to have sensed something as well, and he shouted, "Quickly kill luanyu!"

A few extremely powerful forces suddenly appeared in the void, almost at the same time.

Can and Phoenix had also felt it. In their haste, they immediately made their move.

The two huge gusts of wind exploded and turned into a sharp Qi that swept over.

Luanyu also sensed the person outside the void and desperately used the Dragon Realm. He roared, "Save me!"

"BOOM!"

The two sharp forces blasted into the dragon field. The Dragon scales on Luanyu's body shattered and large amounts of blood spurted out. Yunxiao even teleported up and slashed the red sword at his neck.

"Bang!"

A similar sword light fell and hit the red slash of sword death, causing an intense light to burst out.

The newcomer held a sword, but he seemed to be no match and was pushed back a few thousand feet.

However, Luanyu also managed to catch her breath. She displayed her true dragon celestial body and retreated.

Bo mu couldn't help but sigh, and said in a soft voice, sigh, I'm still one step too late. It's the will of the heavens.

The sky above the forest of the sea was covered with dark clouds. A large amount of aura pressed down, and circles of light appeared in the sky, transforming into the sea tribe's Warriors.

Yunxiao's face did not look too good as he stared at the person who had just attacked. It was the Dragon head of the rain land of the East Sea, holding the sword of the world in his hand.

The Dragon head was much more powerful than when it was at the East Ocean, and its body emitted extremely pure Dragon Qi. It must have undergone many changes over the years.

“Ha, haha, I’ve finally made it! The heavens didn’t kill me!”

“Pfft! Pfft!”

Having survived a disaster, Luanyu was overjoyed and over-excited, spitting out several mouthfuls of blood before he finally stabilized.

In the sky, hundreds and thousands of cultivators appeared. They were all from the major races of the four Seas and were arranged in four camps. The ones who ruled the four camps were the royal families of the four Seas!

what?! Polong’s face was filled with shock. What are you guys doing?!

“Heh, are you surprised?”

The Dragon head kept the sword and smiled, “The four Seas’ Royal clans are part of our dragon race’s bloodline to begin with. What’s there to be surprised about, Lord Polong?”

Although a hint of anger flashed through Polong’s eyes, his expression remained calm. He nodded and said, “Alright. I originally thought that the four Seas were in turmoil and I was afraid that you would be affected, so I had everyone leave early. I didn’t expect you to be the source of the chaos.”

The royal families of the four Seas all had embarrassed expressions on their faces, not daring to meet Polong’s gaze.

Yunxiao glanced around and said coldly, “They are just shrimp soldiers and crab generals. There are only a few true immortal realm Warriors. Are they going to fill the sea?”

“Hehe, filling the sea? You really dare to say that!”

Luanyu sneered, "don't worry, there's still more .."

Feng Yaoli, who was about to leave, stopped as well. He stood in the sky and watched.

Qiu was also shocked. He stared at the Dragon head with a sharp gaze, as if he wanted to see through its appearance and see through its heart.

However, the Dragon head turned a deaf ear to this, as if it didn't put him in its eyes at all.

At this moment, a huge shadow appeared in the sky above the sea tribe warriors.

Many towering figures stood in the forest of the sea. The true faces of the huge phantoms could not be seen clearly, but their heads were in the sky and their feet were on the ground.

"This is a Kasaya."

Yunxiao gave water fairy a strange look and asked suspiciously, "A deep sea monster?"

Water deity's eyes were also filled with shock and confusion.

"That's right, it's the deep sea Giant beast!"

Luanyu wiped the blood from the corner of his mouth and sneered, "But these are not ordinary deep-sea monsters!"

Even if he did not say it, Yunxiao could feel it.

These deep-sea monsters were far superior to the 'Doudou' and 'Maomao' that water deity had summoned, be it in terms of size or aura.

what? ” polong was shocked, and he said, ” the one from the four Seas abyss is here too? ”

There was a slight fluctuation in the air above the forest of the sea, and then a distant and ancient voice slowly came over, echoing throughout the entire forest of the sea. I am the master of the abyss, and my name is nine abyss.

The voice was old, but it was powerful. It was as if a force that had been passed down in the four Seas for hundreds of millions of years had returned to the world!

Everyone’s heart trembled. The power transmitted from the voice was enough to stir their hearts.. They didn’t know what kind of expert this ” abyss ruler ” was!

Chapter 2122: sea God’s Palace

the sea emperor’s palace and Lord Jiu Yuan have never had any grudges, ” he said loudly. why would they offend me?!

His tone was filled with doubt and blame, as well as a trace of anger and firm hostility.

Although the Emperor of the four Seas had been in decline for many years and did not care about the world, his dignity was still there. How could he be offended at will?

Jiu Yuan didn’t say anything, as if he didn’t want to say more. After the self-introduction, he fell into silence.

“Hahaha! ”

In the sky, only Yuri laughed maniacally. His eyes were filled with contempt and mockery as he said, ” “Poron, do you really think you are the Emperor of the four Seas?”

the Bo family has ruled the four Seas for 100000 years," polong said. they have all respected the ocean emperor's palace as their master. I am naturally the Emperor of the four Seas.

"Bah! You're really shameless!"

Luanyu laughed and said, "only a hundred thousand years?" A bunch of juniors! The four Seas had existed for hundreds of millions of years, and their age far exceeded that of the continent. Over the countless years, countless experts had appeared, and those who were even more powerful than the Bo family were uncountable. However, after so many years, there were only two races that could stand at the peak of the four Seas. The first is my dragon clan and the second is the deep sea clan."

Everyone fell silent upon hearing this. Even poron was stunned, unable to say anything.

What luanyu said was indeed the truth. The Bo clan had ruled the four Seas for only a hundred thousand years, and how long was the history of the dragon clan? No one knew, not even Yuri himself.

He was only a true dragon Born from absorbing the essence of heaven and earth. He probably didn't even know how many generations of true dragons had existed before him.

As for the abyssal race, they knew very little about them. They only knew that the place where the four Seas met was a bottomless abyss. There were terrifying creatures inside, but very few people could detect their existence.

The abyssal race was probably one of the most mysterious races in the entire heavenly martial realm.

Luanyu scoffed, "what? do you only realize how insignificant you are now?" Ants."

it's not true," Yunxiao suddenly said. the longer it exists, the more awesome it is. As far as I know, there are many other races in the four Seas that have a longer history than your two races, such as shrimp, crab, turtle, Toad, and so on. They have existed for far longer than you two. At the end of the day, you're still the frogs in the well."

Everyone was stunned.

what you said makes sense," polong said, stunned. although there are some mistakes, I can't find any flaws.

"I can't refute that at all," feini chuckled.

in that case," Yunxiao said with a smile, " they should be the ones who are really going to select the Kings of the four Seas. Hurry up and go find your Sea King. Don't waste time here."

Lord True dragon," Guangfa grunted and cupped his fists. this li Yunxiao is very good at arguing with words. Don't be fooled by him.

Luanyu's face was gloomy as he nodded and said, " "I understand. I've experienced it many times." li Yunxiao, " he said sarcastically, " so what if you win the argument? But if you lose your life, will you get any pleasure?"

I don't want to argue with you," Yunxiao said coldly. let's just get straight to the point. What do you want today? "

"Haha, why? are you scared?"

Luanyu sneered and said coldly, "didn't you want to take this Lord's life just now?" Now you want to ask for peace?"

Yunxiao laughed and scolded, 'beg your sister! If you have the guts, don't run. I'll kill you today! A bunch of sea-filling things and you're confident? In this forest of the sea, who can't kill you in seconds!"

Luanyu was furious, but he also understood that the four Seas 'royal families were too weak. Even if he still had the first Dragon as his trump card, just the Dragon race's strength alone was not enough to fight against the forest of the sea.

If they wanted to suppress the entire scene and control everything, they would still need to rely on the abyssal race's strength.

"Good! I'm not narrow-minded, so I'll write off the previous matter."

Luanyu pondered over it again and again.

I'll take you away," Yunxiao waved his hand and said. forget about the other two conditions.

With a grim face, Yuri said in a cold voice, "If I take another step back, Duanmu Youyu must come with me. I can even leave the imprisonment

Dharmakaya to you!"

Yunxiao felt strange and gave Duanmu Youyu a look. Duanmu Youyu was also very puzzled.

young master Yu killed your father?" Yunxiao asked curiously. did he kill your father?" Do you really want his life that much?"

"Pfft!"

Luanyu spat out a mouthful of blood from anger and said angrily, "I'm a true dragon Born from the heavens and earth, where is the 'father'! Don't talk nonsense here! I only want Duanmu Youyu to help me divine something!" So it was like this.

Only then did everyone come to a realization, but at the same time, they also felt strange. What matter was it that luanyu attached so much importance to? there's also the nine luminaries star staff! Feng Yaoli reminded.

Luanyu's gaze turned cold and he said coldly,"Yi, who is this?" He looks a little familiar."

Feng Yaoli's old face turned red. He knew that Luanyu was really angry at him just now. He coughed awkwardly and said, "Cough, cough. Brother Yuri, you really know how to joke."

Luanyu said sarcastically, "Oh, so it's the King of the Snow country. Brother Feng Yaoli, I remember you leaving just now, right? Why did you come back?" Feng Yaoli was also extremely depressed.

Originally, he thought that Luanyu was dead for sure. Who would risk their lives for a dead person? but he did not expect that Luanyu's life was so great, directly picking one back from the gates of hell. If he had known this would happen, he would have saved him earlier.

brother Zhiyu, you must be joking," Feng Yaoli said awkwardly. I was just trying to numb them so that I could attack when they were unprepared.

"Oh, I see."

Luanyu said unhurriedly, "but I remember brother Li saying that you have to rely on yourself for everything. You have to be independent and independent. These words deeply understand my meaning and my heart. You should rely on yourself then, Sir."

Feng Yaoli was completely speechless. He stood there in a daze, not knowing whether to leave or not. He was extremely depressed.

it's not difficult to ask young master Yu to divine for you," Yunxiao said. as long as we sit down and have a good talk, everyone will be satisfied. Why do we need to take him away?

Duanmu Youyu's expression changed slightly, as if he had thought of something.

Duanmu Cang's heart clenched as well. He looked at his brother and shook his head before nodding.

In fact, they didn't know what Luanyu wanted to divine, but they could guess that it was definitely something heaven-defying, and they had to pay a great price.

Otherwise, Luanyu wouldn't have made such a big fuss and even made some simple calculations. Feng Yaoli would be enough, why would he need to capture him?

Luanyu laughed and said, "I'm afraid he won't be happy. We can only take him away. Only then will he be honest." And I can promise you that I'll do my best to keep him alive."

Yunxiao understood what she meant. "I'm very curious, what heaven-defying matter do you want to know? Could it be about the result of the demonic tribulation?"

"Hmph!"

Luanyu ridiculed, "what does the demonic tribulation have to do with me?" Furthermore, with Duanmu you Yu's puny cultivation, he wouldn't be able to predict such a major event even if he were to die."

He was right. The demonic tribulation was related to the survival of the two worlds. Even if they were reborn after a hundred rounds, it was impossible to calculate the result.

you're being so mysterious, " Yunxiao said slowly. I'm really sorry, but I can't let you take young master Yu away.

Luanyu said in a low voice, "do you have to fight with me for a true God Realm kid?" In order to protect him, have you counted how many people have died? As the commander of the heavenly martial Alliance, you are disregarding the interests of the entire Alliance. If we attack, who knows how many of these void extreme God Realm experts will die. Have you really considered the gains and losses?"

Yunxiao sneered. that's why I think differently from you. If I can't even protect a friend and subordinate, how can I still be the alliance leader? " he asked. It's impossible for young master Yu to leave with you. If you want to fight, then let's fight!"

A firm determination spread out from his body.

The entire square became somber, as if signaling the beginning of an earth-shattering battle.

The members of the heavenly martial League gathered from all directions and United around him.

Duanmu Youyu was touched. He felt that his blood was burning, so hot that it was a little hot.

“Stubborn! Why were there so many idiots in the realm of heavenly martial arts? I’m so angry!”

Luanyu was furious and roared, “kill!” Kill! Kill all these fools!”

His anger did not subside, and he continued to roar, “the existence of these fools has directly lowered the intelligence of this world. As the true dragon of the world, I have to be responsible for this world!” Leave Duanmu Youyu alive and kill the rest!”

Immediately, wind and thunder surged in the sky. Killing intent rose up, and a monstrous force rolled down!

The prisoner suddenly turned and descended, landing directly next to Bo mu. He hurriedly said, “Bo mu, quickly return my avatar to me. This way, I can help you fight against Yuri, and turn defeat into victory!”

“We haven’t lost, so how can we turn the tide?”

can’t you see that li Yunxiao and his people are dead for sure?” asked the prisoner anxiously.

“I can’t tell,” Bo mu shook his head.

“That trash luanyu was right!” Qiu Yu said angrily. You guys are really useless! If it weren’t for the fact that we’re on the same boat, I really want you all to die!”

“Then we’ll talk after we die,” Bo mu said with a smile.

“Look at your stupid personality!” Qiu angrily rebuked. Don’t you have a reason for why I fell out with you back then?”

Bo mu ignored him, his hands drawing circles in front of him as if he were using some sort of secret technique.

The golden light from Amitabha bloomed, and a large number of runes flew up from the Lotus petals.

The entire forest of the sea suddenly trembled violently, as if the sky was falling and the earth was splitting.

The ground began to crack, and the ocean emperor's palace was finally reduced to dust.

A ray of golden light shot out from the ground and spread in the sky, turning into a Golden Palace! the sea god's Palace?!

The royal families of the four Seas were all shocked.

Even poron revealed a look of shock. There were rumors of the existence of the sea god's Palace, but even he did not know if it was true.

"This bi an ..."

Yunxiao was completely stunned as he stared at the Golden Palace in a daze.. It was exactly the same as the 'Saint Devil Palace'!

Chapter 2123: yang Hall

The Golden shrine exuded a magnificent power.

Ten thousand rays of light flew down from the hall, and every light pillar that landed on the ground made a loud noise.

The surrounding scenery also changed as the golden light fell. A magnificent palace rose from the ground under this golden light.

what's going on?!

The members of the sea Race were also shocked. The power of that giant Hall was Grand and majestic. It was like a Holy Hall, giving them a sense of pressure that made it difficult to approach.

Luanyu was shocked, "Saint Devil Hall?!" This Yingluo, how is this possible?"

He actually recognized this Palace, and his eyes were full of shock and deep doubt.

"BOOM!"

"BOOM!"

The Golden Temple turned into tens of thousands of light pillars and shook the earth. A solid temple was formed in a few moments, standing in the middle of the sea Forest, towering and majestic!

Yunxiao and the others had all disappeared, obviously trapped in the divine temple.

Luan Yu's face was so dark that it looked like it was about to bleed. The sea goddess Hall before him was exactly the same as the Saint Devil Hall. Other than the aura that seemed Holy and radiant, there was no other difference. As for the might of the Saint Devil Hall, he had some understanding of it.

"What should we do now, my Lord?" the Dragon head asked.

Luanyu said coldly, " this Palace is an imitation of the Saint Devil Hall.

Although it's also Grand and majestic, it can't have the might of the Saint Devil Hall. We'll use that unfilial son's method to dispatch a large number of low-level members of the sea tribe to corrode this Hall!"

"This method is indeed feasible, but it will take too long," the Dragon head said. These people were originally exhausted, and it was the best opportunity to catch them all in one fell swoop. If we wait for them to recover, I'm afraid that we will suffer a great loss with seven or eight void extreme God Realm experts."

Luanyu nodded and said, "that's right. Then don't use the low-level Sea Race."

Let the people of the four Seas join forces to bombard it. "

"Lord nine abyss, please cooperate with me," he said loudly as he looked at the sky.

The Dragon head immediately sent out an order, and the tribes of the four Seas all stepped out, their flags fluttering in the air, full of murderous intent.

In an instant, tens of thousands of rays of light flew up. The experts from all over the world attacked the sea goddess Hall!

"Boom boom boom!"

Ten thousand light waves were sent up from the sea god Hall, like a lake being smashed by a storm.

As expected, Yunxiao and the others were in the hall. Everyone was shocked by the magical scene and could not come back to their senses for a long time.

Even Qiu and da nu came in and looked up at the sky in shock.

Although there were strange patterns and flowers carved on the dome, it did not affect everyone's vision. They could see through it.

Seeing the densely packed attacks fall, it gave people a kind of shock to the soul. Their blood boiled, and they wanted to rush out and fight.

my Lord, " Yunxiao asked in surprise. what's the relationship between the sea goddess Hall and the Saint Devil Hall? "

A look of surprise appeared in Bo MU's eyes, and he smiled, "So you know of the Saint Devil Hall as well. This sea goddess Hall is the Saint Devil Hall to begin with. "

"What?"

Yunxiao was a little puzzled. "I have seen the Saint Devil Hall in the crack of the tiandang mountains, and it was obtained by the devil race. Could that be fake?"

Only now did Bo mu fly down from the Lotus seat, his two feet landing on the ground.

However, his body was still condensed from light and shadow, as if he had no physical body. "Back then, there was only one Saint Devil Hall. After the devil Lord Emperor split up and Lord PU was born, the two of them fought over this Hall. In the end, the Saint Devil Hall was split into two. This is the Yang Hall, while the one you saw in the tiandang mountains was the yin Hall."

Everyone was dumbfounded when they heard this. A building could also be divided into two, turning into yin and yang. This was simply too inconceivable.

"Lord ancestor, how long can this temple last?" asked poron worriedly.

Rou Wei was still shrouded in a multicolored light. She was filled with vitality, but she showed no signs of waking up. He was afraid that the divine Hall would be broken and his wife would be affected by the fierce battle.

“Don’t worry,” Bo mu said with a smile, “the power of this shrine comes from the ten-thousand -year-old spiritual spring under the sea Forest, which is an endless source. With their group attacks, they probably wouldn’t be able to break it in a hundred years. I’m worried about Yingluo.”

Before he could finish his sentence, a black light flashed above the divine Hall. With a crack, it tore through space and struck the divine Hall!

“BOOM!”

The entire Hall shook and trembled.

“So strong!”

Yunxiao was also shocked. such terrifying power. It’s probably the full-powered strike of a divine sovereign justice realm expert!

A look of worry appeared on Bo MU’s face, and he sighed, “Sure enough, what I’m afraid of comes. The abyss clansmen are just like their name. They’re truly unfathomable. ”

Polong’s face was filled with anger as he coldly said, “ after this tribulation, I’ll definitely kill my way into the abyss and make the Lord of the Abyss give me an explanation!

“I’m not sure.” Bo mu looked at him and shook his head, “originally, with your talent, it was very possible for you to touch the peak of this world. It’s just that you’re deeply in love, so you’re decadent all day and destroy your future. What could he use to fight with them now? Any other deep-sea Giant beast can tear you apart.” you’re right, ancestor. Your descendants are unfilial.

“Everyone has their own aspirations,” Bo mu said, “I can’t blame you. When Rou Wei wakes up, I hope you can work harder. With the power of the sun Zhen method, you can reach a higher level.”

‘Yes!’

“Understood!” Poron said respectfully, not daring to say anything more.

“BOOM!”

“BOOM!”

Originally, the attacks of the four sea tribes were just like tickles, but under the effect of the barrier-breaking Black light shaking the shrine’s barrier, the attacks of the sea tribes became more powerful.

Even Luanyu, Feng Yaoli, and the others had a drastic change in expression, and shock flashed through their eyes.

The strength of the deep sea Race far exceeded their imagination!

A layer of haze appeared in Luanyu’s eyes. No one knew what he was thinking.

“Brother Yaoli,” he suddenly turned around and called out.

“What’s the matter, brother Zhiyu?” Feng Yaoli’s body trembled. His attitude became cautious and humble.

Luanyu nodded slightly and said, “do you think that Duanmu Youyu can really calculate what I want?.”

“Not necessarily,” Feng Yaoli muttered. However, brother Yuri, don’t worry. If he can’t do it, I can give him a hand.”

The corners of his mouth curled up into a sly smile as he chuckled, ” “It’s impossible for me to spend tens or even hundreds of years on divination, but I’m willing to spend one or two years to help Brother Yuri in order to fulfill his

Grand wish.”

Luanyu snorted coldly and rolled her eyes at him, saying, "In that case, brother Yaoli's role is still very big, right? If brother Li were to die by accident, would my great wish be in vain?"

"Hehe, not necessarily, not necessarily."

Feng Yaoli put on a fake smile and said, "With brother Yuri's current battle formation, I'm standing on the same side as you. How could I die by accident?"

Hehe."

Luanyu nodded and said, "I understand." I hope brother Li will help us when we break the sea god Hall later. After all, the heavenly martial League is extremely powerful, and it's hard to win by relying on the four sea tribes."

of course! Feng Yaoli nodded. this was the agreement between brother luanyu and I!

Luanyu's face turned slightly green, and she gave a muffled Humph. The matter just now once again filled her heart with anger. If Feng Yaoli wasn't of any use to him, he would have turned around and killed him.

Every time the deep sea Giant beast in the sky spat out a black light, the golden light of the sea goddess Hall would dim a bit.

Everyone in the hall sat cross-legged in silence, trying their best to recuperate.

With the current situation, it was only a matter of time before the palace was destroyed.

Qiu Yin's face was dark as he continued to pester Bo mu, "Brother Bomu, have you forgotten about our friendship back then, when we joined hands to kill our enemies and went through life and death together?"

Bo mu was annoyed by his pestering, and he turned around, his figure disappearing from the hall.

Prison, Ge.”

Can said coldly, ” I think this kid is also a scourge. Why don’t we kill him now? we’ll be done for.

Qiu glared at him and snorted before sitting down to heal himself.

He knew that the heavenly martial League would not make a move now. After all, the enemy was too powerful. Anyone with a little bit of intelligence would know how to form an alliance.

Yunxiao suddenly opened his eyes and asked, ” “Qiu, do you know what luanyu wants to divine?”

“He’s such a selfish person. What could he possibly do? it must be related to the five curses of heaven and man,” Qiu snorted.

Yunxiao had also heard Lin mention something about it, so he asked curiously, As the son of the true dragon, you must know a lot of secrets, right? Why did luanyu’s cultivation level fall to this level? According to what you said earlier,

he was injured by someone. Who could have injured him when he was at the

realm King level?”

Qiu’s expression changed several times before he finally sneered, “I naturally know about these things, but why should I tell you?” you don’t have to tell me,” Yunxiao snorted. I’ll extract your Dragon Soul and check it out later. His body emitted a faint white light.

“Warlock God’s light?” Qiu was startled. There’s actually a Warlock God in this sky.’

then, do you think you can keep your inner secrets in front of an Alchemist? ” Yunxiao threatened. do you think you can keep them? ‘

“Haha, childish!”

my soul is made of the purest Dragon Qi, ” qiuyao said sarcastically. even a sorcerer God can’t read my memory. If it wasn’t for the fact that I can’t try, I really want to see your miserable appearance when you suffer the backlash of the Dragon Qi.”

Yunxiao was taken aback. There was such a saying? he did not know it, but the prisoner did not look like he was lying. “I also understand the five curses of heaven and man, but everyone has a time when they die. Is luanyu trying to calculate when he will die?”

Qiu Huang laughed, “haha, how is that possible!” That trash cherished his life. Even if he was suffering from celestial decay, he had a way to resist and delay it. He should be looking for a way to survive. Hehe, what a pity. The cultivation that he had lost could never be returned. What was the point of living like this? You’ve really thrown away all the dignity of the Dragon race!”

“A method to delay the five decrepit phenomena?”

Yunxiao looked at Duanmu Youyu, his eyes seemingly inquiring.

Duanmu Youyu frowned. the five decays of heaven and man can indeed be delayed through various methods, but it’s only a temporary solution. It can’t last long. In the end, he still has to die.

“That trash probably wants to live as long as he can,” Qiu snorted.

Yunxiao pondered for a moment, then said slowly, ” “If it was just to delay, he wouldn’t have been so determined to give up your Dharmakaya.. If he were to come out of his current body and enter your avatar, he should be able to delay for a long time, right?”

Chapter 2124: is it worth it

Qiu was also stunned, he muttered, "In his current state, it's true that the best way is to keep taking over bodies. Could there be something more important than him extending his life? Based on my understanding of him, he must be trying to extend his life. Perhaps there's a better way than seizing his avatar." if it's a simple divination, " Yunxiao sighed, " I can ask young master Yu to do it for him. After all, he's a true dragon of the world. If he can recover his power, it'll at least be beneficial to the mo war."

"Hahaha, you're really childish!" hahahaha! Qiu suddenly burst into laughter, tears falling from his eyes. do you still expect that trash to help? He would only be a burden. Over the countless years, the only conflict between the two realms was not the one 100000 years ago. It was just that that time was too intense and had the greatest impact. But when has he ever really made a move?

what? " Yunxiao was surprised. do you mean that the war between the two worlds has been going on for countless years?

A trace of doubt flashed through Qiu's eyes,"Logically speaking, it should be. After all, the trajectories of the two realms are very close. After countless years of ODeration. it's verv normal for them to collide with each other and have cracks in them. However, in my memory, in the long river of history, there didn't seem to be any violent conflicts. The real battle that became more and more intense only happened in the past hundreds of thousands of years, and the one a hundred thousand years ago was a real big outbreak. Even demon masters were sealed in the realm of heavenly martial arts, which was the first time in history. Hehe, this is a great humiliation to the demon race."

The members of the heavenly martial League were all extremely depressed. That victory had almost consumed the power of an entire realm, causing the strength of the entire realm of heavenly martial arts to regress by 100000 years.

Looking at Yunxiao's frowning face, Qiu sneered, " "What, don't tell me you want to reconcile with the demon race? It might have been possible in the past, but you killed a demon master 100000 years ago. This is unprecedented humiliation, and with the personalities of those demons, they will definitely not tolerate it. I advise you to quickly dispel that unrealistic fantasy."

if the heavenly martial realm is destroyed, " Yunxiao said, " as the true dragon of this realm, he won't have an easy time either, will he? "

"Haha, you're right."

“But don’t we still have people like you to hold up the heavenly martial arts realm?” Qiu Huang laughed. He would not be anxious until the moment it collapsed. That’s right, the woman who had the true Blood of the heavenly Phoenix a hundred thousand years ago was called Li Zhu, right? He was also the general of the first demon sealing war, but he still had his Phoenix blood true essence extracted and died in battle.”

“What? Lord Li Zhu actually died because of this!”

Can and Ying were both trembling as their eyes burned with rage.

The rest of the people were also extremely shocked when they heard this. They didn’t think that Yuri was actually so vile, disregarding the entire world for his own benefit.

“Hehe, man for himself,”

“It’s a pity that Li Zhu’s strength was limited, and he wasn’t cooperative enough. In the end, Yuri managed to extend his life by 100000 years, but his power has yet to recover,” Qiu said with a sinister smile.

He squinted his eyes and looked at Feini with a strange expression.

Feini was shocked and felt a little scared by his stare. She said angrily, “ ‘What are you looking at? I’ll dig out your eyes if you keep looking!’”

“It’s strange indeed,” Qiu shook his head, “what does he want? My Dharmakaya is here. If he takes over my body and snatches the celestial Phoenix’s true energy, even if I can’t return to the realm of regional King, I can still maintain my cultivation in the creation realm for tens of thousands of years. Is there anything better than this?”

Feini’s eyes shot out a cold light as she said coldly, “ ‘What is the heavenly Phoenix Clan in your eyes? However, the target of the plunder is like a heavenly treasure?’”

“What? you’re not convinced?” I’m already giving you a lot of face by treating you as heavenly treasures.”

“Bang!”

Fei Ni’s figure flashed and a slap was sent flying, causing blood to splatter all over the hall.

“What are you doing?”

Da nu was startled, and she furiously struck out her palm.

Feini’s expression was cold as he raised his hand again and slapped da nu away. The prisoner got up from the ground and said coldly, “You dare to hit me?”

“Tsk!

“I wouldn’t dare. I’m only here to kill you!” Fei Ni sneered.

She flipped her hand and took out a knife. She walked up step by step and said in a cold voice, “And I’ll slowly cut you to death, bit by bit!”

Qiu jumped in fright and quickly said, Li Yunxiao, stop your men!

I cupped my fists, ” Yunxiao said lightly. she is not my subordinate. She is my woman, tne neacl ot tne long tamilY. Not only can I not change ner Will, but I also have to respect it. If she can’t get what she wants, I’ll still help her. So, Yingluo, you should just stay there and wait for your flesh to be cut into pieces. ”

“You coward!”

“You can’t be thinking of killing me now, can you?” Qiu was shocked and said angrily. You should know that Luanyu is still outside. If they rush in, you will be dead without my help!”

you don’t think you are so important that the world will be over without you, and the universe will explode, do you?” Yunxiao sneered.

Feini gave Yunxiao a grateful look, and with no more fear in her heart, she walked toward the prisoner step by step.

Da nu was stunned for a moment, and she looked a little confused. However, her instinct still made her rush over and shout, “Stop!”

The silver light condensed into a short dagger in her hand, and she aimed it at Feini’s throat.

“Swish!”

Feini’s body turned into flames and the attack missed.

The flame circled around Da nu’s body, and faint red fire talismans flew up like butterflies. Da nu only felt a heat behind her, and Fei Ni’s hot hand covered her neck. He said softly, “Is it worth it to die for such a man?”

Da nu’s heart trembled, and she said angrily, “Of course it’s worth it!” It’s a worthy death to die for master Qiu!”

She shouted angrily. Ignoring the hand on her neck, she forcefully turned around and stabbed it.

The dagger flashed with silver light and turned into a long whip in the air. Like a silver snake, it coiled around Feini’s body.

“Die!”

Da nu shouted with all her might. She swung her silver whip and with a " bang , feini was instantly crushed into pieces and turned into countless flames.

Da nu's attack had succeeded, but she did not let down her guard. Instead, fear appeared in her eyes.

Originally, the difference in strength between the two of them was not big, but after a series of fights, she was already an arrow at the end of its flight.

At this moment, he was standing in the main hall, his figure desolate and mottled, lonely and helpless.

The flame that was Fei NI's body did not extinguish or fall. It was still burning in the air.

since you've made your choice, I won't say anything more. As long as you're happy, that's fine.

A cold voice sounded, and then thousands of fire talismans poured out, floating like willow catkins, covering da nu's whole body in an instant, like snow burying flowers.

"Fire butterfly!"

Fei NI's body emerged from the flames. She formed a hand seal with one hand and shouted.

"BOOM!"

The fire talismans suddenly exploded, and raging flames rushed to the top of the hall. As if they had touched the restriction, they scattered in all directions, and the entire Hall was suddenly turned into a sea of fire.

Da nu's body twisted in the fire, and she let out a heart-wrenching scream.

But after a moment, her body knelt in the flames until she fell to the ground and was burned to ashes.

The flames that filled the sky immediately gathered in the center and formed Fei Ni's real body.

She raised her head with a cold expression. Her eyes were filled with Vulture and anger as she stared at the prisoner in the corner. you cold-blooded insect, she has risked her life for you many times and saved your life several times. In the end, she died a tragic death in the flames. Are you not moved at all? "

"Who said they weren't moved? If I had the strength, I would have killed you right now!"

Qiu Yin's face darkened as he spoke viciously.

"Then how can you still sit here calmly after she died?" feini asked.

"You executioner, if you think she's pitiful, why did you kill her?" Qiu cursed. Did he kill her just to test her reaction? You still have the face to say that I'm cold-blooded?"

Feini shook her head in disappointment and said, "That silly woman is really not worth it. But everyone had their own aspirations, and she felt that it was good for her. Now, I'm going to cut you to death bit by bit and extract your Dragon Soul. I'll refine it with some medicinal herbs. It'll definitely be very nourishing."

"Crazy! A bunch of lunatics! You still don't know how to unite me at this time! Luanyu was right, you are all fools, fools that have seriously lowered the IQ of this world! Damn you, you idiot!"

Qiu watched as feini stepped forward, his eyes filled with fear as he backed away.

"Your soul will soon be refined into a pill and eaten by these idiots," feini sneered.

"I won't let you off even if I die!" Qiu roared in despair.

He suddenly stopped running and sat cross-legged in the void, his hands forming hand seals in front of him.

The vertical eye on his forehead opened and shot out a cold light.

A dangerous aura spread in the hall, and Yunxiao cried out in surprise, "Feini, be careful!"

Even without his reminder, Feini had sensed it immediately. She transformed into a fire butterfly and disappeared in front of the prison.

Qiu sneered and said coldly, "you bunch of idiots, you're seeking your own death!" Although the sea goddess Hall is extremely tough on the outside, it won't be able to withstand a single blow if I were to destroy it from the inside! Just wait to be killed by that trash Luanyu! Hahaha!"

His eyes revealed a cruel and pleased smile, and his hands sped up in forming hand seals.

A bright light burst out from the vertical eye, and with a boom, it spread in all directions!

"Be careful, everyone! He's self-destructing!"

Bo MU's voice suddenly rang out, and he, who had disappeared this entire time, once again appeared in the air above the hall, his hand forming an incantation.

The restrictions of the entire temple were activated, and the barrier gathered to resist the power of the self-explosion!

"BOOM!"

Leng Tong was also an expert of the void divine realm, and the power of his body's self-destruction was unparalleled.

At this moment, several black lights outside the divine Hall struck down and landed on the divine Hall!

"Boom boom boom!"

Under the attack from both the inside and outside, a large number of restrictions were shattered, turning into arcs of light that scattered in the hall.

“Not good!”

“The main restrictive barrier has been blasted open!” Bo mu said in shock.

Everyone’s expression changed drastically. They looked at the large number of members of the sea tribe outside the godly Palace and the huge deep-sea beast with heavy hearts.

Feini suddenly felt a little regretful and said remorsefully, “Husband, I’m

Qianqian..”

Chapter 2125: soul transformation

it’s alright,” Yunxiao said. this Hall won’t last much longer. There’s no need to force yourself to compromise and tolerate, this kind of scum will be a disaster sooner or later.”

Feini was touched beyond words. Her nose scrunched up and her eyes glowed.

He thought of the DA nu who had just died as a prisoner, but she didn’t even get the most basic love and respect.

There was nothing wrong with liking a person, but the mistake was that she liked the wrong person and fell into eternal damnation.

“Haha, a bunch of self-righteous guys! I’ll quietly watch how you all die under the great army of Yuri!”

In the sky above Leng Tong's self-destruction, the five Elemental Dragons appeared, forming a white light Dragon that was more than 100 feet long. Its face was ferocious.

"Dragon Soul!"

Everyone was shocked by the power of the Dragon Soul. If an ordinary person self-destructed like that, their soul would have been scattered.

"This is the purest dragon's soul!" Fei Ni was both surprised and delighted. Her eyes lit up and she turned into a red light and flew over.

A Heavenly Phoenix's illusionary shadow immediately appeared on the dome, and it grabbed down with its claws.

"You want to catch me? Truly a fool's dream!"

"Since I've chosen to self-destruct, how could I not defend against this move of yours!" Qiu roared.

The White Dragon soul's body trembled for a moment before it curled up. Countless Dragon talismans flickered above it.

"Bang!"

With a swing of its tail, seven or eight light waves struck the heavenly Phoenix's claws, shaking them away.

The prisoner's expression was grave as he spoke in an obscure dragon language. Tiny golden runes began to appear on the dome.

"Realm power! "

Yunxiao was taken aback. what is he trying to do? ” he asked. It can actually activate the power of the realm?”

the nine sons of the dragon are the same as the divine realm tablet master, ” Bo mu said. they’re the most promising existences in the world to break through to the realm of regional King. Back then, Qiu was also a peak manifestation realm expert.”

“Peak of the creation realm, Tao Wu.”

Everyone was sighing in their hearts. No matter how glorious a person was, he couldn’t resist the erosion of time and would eventually decline.

“Boom, boom, boom.”

A thunderous sound came from Qiu’s body, and the white light became brilliant. In an instant, it turned into tens of thousands of white rays and shot in all directions!

a soul clone?!

Yunxiao was taken aback. In every beam of light was Qiu’s shadow. This move was similar to Yuan gaohan’s Starlight soul body, but it was clearly much stronger.

Bo mu was also dumbstruck.

The soul Avatars were flivinq around in the hall, drilling in all directions as if they were looking for an exit.

The heavenly Phoenix transformed into feini’s figure in the sky. She stood there in a daze and watched the Dragon essence in the sky dissipate. She tried her best to absorb some, but it was very little.

Those souls quickly dissipated in the hall and all went in all directions. Once the divine Hall was broken, they could escape.

“Lord Bomu,” Yunxiao asked, “these Dragon Soul bodies are suanni.”

“They’re all in the seagod Hall, so I can clearly sense them. If it was on a normal day, he could collect them one by one and refine them, but now that they were attacked from the outside and the main restriction had been broken, this Hall could not hold on for long. I’m really helpless with this move, hehe.”

I think he must have made up his mind a long time ago,” Yunxiao said. unless he returns to his avatar, the restrictive barrier in the hall will be broken, and he will be better off dead in luanyu’s hands.

“These ten million Dragon Souls,” Bo mu said, “each one of them carries some of my memories and power. Some will be scattered across the world, while others might possess insects, fish, birds, beasts, or even humans. Perhaps after thousands of years, a soul will cultivate again and regain all its lost memories. That would be equivalent to being imprisoned again.”

“A man like him deserves to die,” feini said coldly. I’m already annoyed that he still has a chance.”

you’re overthinking it, feini,” Yunxiao said with a smile. The chances of me being reborn are next to nothing. It’s even more likely that all of my soul power will gradually dissipate and eventually disappear from the world.”

“It’s a pity that he’s so stubborn,” Bo mu sighed.”If he had wholeheartedly submitted to the heavenly martial Alliance, he wouldn’t have ended up like this.”

this man is extremely evil,” Yunxiao said seriously. even if he swears allegiance, I don’t know how many troubles he will cause. I dare not put such a person in an important position.

Liao Xingchen nodded. Alliance master Yun is right. If you don’t have loyalty and courage, you’ll be a disaster. Sending him to the West is the best choice, but it’s a pity for the Dragon Soul.”

“Now that things have come to this, there’s no point in saying more. This seagod Hall is extremely precious, and I don’t want it to be destroyed here. When I can’t hold on any longer, I’ll turn it into void to protect myself.”

“Alright!”

Everyone’s expression was grave, and they seized the time to recover as much energy as possible.

Meanwhile, Yunxiao sent rouwei into the divine realm tablet to avoid being affected by the battle later.

He also transmitted a message to Yi, who was cultivating the Buddhist Demon Sacred art in Mount inch, to come out immediately.

Although mo was unhappy, he did not want to go against Yunxiao’s will, so he had to come out of seclusion ahead of time.

In the sky above the forest of the sea, Yuri also discovered that the restrictions of the palace had loosened, and he couldn’t help but reveal a look of delight.

The injuries on his body were very serious, but fortunately, his physical body was strong. Although he had not recovered much, he had stopped them from getting any worse and was slowly recovering on his own.

Suddenly, luanyu’s heart moved slightly, and he said with a slight sneer, ” “Eh? This feeling ...”

His eyes narrowed as he stared at the sea goddess Hall, as if he wanted to see through it. His face was filled with suspicion as he muttered to himself, “Is that unfilial son of mine finished?”

The Eyes of the Dragon head beside him also flickered as it said, ” “My Lord, I felt it too.”

Luanyu glanced at him and nodded, ” “If that’s the case, then it should be right. He has been fighting with me for countless years, but I didn’t expect him to die in Yunxiao’s hands. Hmph, he’s lucky!”

“With his injuries, he’ll definitely die today.” The Dragon head said. It’s true that dying in Yunxiao’s hands can save you a lot of pain, but it’s a pity that his Dragon Soul is also in a bad condition.”

Luanyu's expression turned somewhat unsightly. He shook his head and said, "That unfilial son is very cunning, and he will not let Yunxiao have it easily. The breaking of the seagod Hall's restrictions was most likely related to their fight. As for the Dragon Soul, I don't think Yunxiao will be able to get it easily."

you're right, my Lord. With the pride of the Dragon race, even if they self-destruct their souls, they won't be easily subdued and reduced to nourishment for others," the Dragon head said.

Luanyu nodded, a glint flashing in his eyes, and said, "Let's hope so. Let's hope that unfilial son can still retain a bit of our dragon clan's dignity before he dies. Hmph, to die in the hands of a human, the entire dragon clan's face has been lost by him!"

Following the black light and the attacks of the sea tribe, the entire forest of the sea was blown into pieces.

The sea god Hall finally began to collapse under the violent tremors.

The components that made up the hall turned into golden light and flew away.

The entire temple seemed to have been enlarged by tens or hundreds of times, and the space of the sea Forest suddenly exploded under the pressure of the temple's light,

All the sea, land, air, and other elements were shattered. In the deep sea, a resplendent Golden Palace appeared out of thin air, pressing down on the ground for tens of millions of miles, its end could not be seen.

However, this Palace was completely made of transparent golden light, isolating it from the sea.

The abyssal and oceanic races were also enshrouded by the temple's light.

At this moment, the people from the two sects finally met, and they both glared at each other with red eyes.

There was a rare moment of silence in the hall. Everyone held their breath and looked at each other.

Luanyu was shocked, “the divine Hall is illusory?” Hehe, looks like this seagod

Hall is only so-so after all.”

Yunxiao rolled his eyes at him and said, “ what’s the matter with the sea god Hall? it’s none of your business. Just mind your own business!”

“You coward!”

Luanyu angrily rebuked, “I won’t argue with you, you’re all going to die today anyway!” “Where’s my unfilial son?” he shouted.

“Qiu’s soul has already been split into a million, and he has returned to heaven and earth,” Bo mu sighed.

myriad soul?!

Luanyu was shocked and angry, cursing, “this unfilial son is indeed extremely selfish, he would rather die than leave behind the dragon Soul!” I, Yuri, am a formidable man, how did I end up with such a scum of a son!”

Yunxiao wiped the sweat from his forehead and said in a daze, “ Although face is not a very precious thing, sometimes it is still necessary.”

li Yunxiao, ” luanyu sneered, ” although you’ve been heartless many times, I can’t be unrighteous. Even now, I’m still willing to give you a chance.”

“Oh?” Yunxiao asked. What chance?”

Luanyu extended three fingers and said, "I have three conditions. One, leave Duanmu you Yu behind. Two, leave the unfilial child's avatar behind. Third, leave behind the true Blood of the heavenly Phoenix. Then, you can live."

Yunxiao probed without changing his expression, "I'm very curious, what do you want young master Yu to divine for you?"

"You don't need to worry about that!"

Luanyu's expression changed as he shouted sternly. He seemed to be very afraid of this question.

sigh! Yunxiao sighed and said, "can I only leave my avatar? "

"Of course not!" Luanyu sneered.

then we have no choice but to fight! Yunxiao shook his head. we can only fight! As soon as the sound of thunder rang out, a huge electric arc immediately emerged from Yunxiao's palm and shot out with a crackle.

It exploded in the air and turned into thousands of electric snakes, attacking the tribes of the four Seas in the sky!

"Dammit! Kill!"

Luanyu bellowed in anger and gave an order, shouting, "Other than Duanmu Youyu, kill the rest!"

The four sea tribes were immediately filled with killing intent. They beat their drums and raised their morale.

However, just as he was about to activate his Yuan Gong and kill his way down, he was met with a sky full of lightning snakes.

“BOOM! BOOM! BOOM!”

A bolt of lightning struck the various divisions, and wherever it passed, the void was filled with cracks.

“Argh! Ah!”

Many members of the sea tribe couldn't Dodge in time and were crushed into dust on the spot.

For a moment, the smell of blood filled the air. Blood and corpses were everywhere in the sky, falling like rain.

Yunxiao's eyes flickered with a strange light, and a murderous aura burst out of them as he shouted, “ follow the plan. Attack!

He took the lead and turned into a bolt of lightning that shot into the sky. He turned into the God of Thunder and glared at the tribes of the four Seas. Guang, Qin, shun, and Xun, with today's situation, all the grievances from before have been wiped out.. There's only a battle to the death!

Chapter 2126: A battle to the death (1)

A barrier-breaking Black light shot down like a torrential River. It was several Zhang wide.

Yunxiao put his hands together, and the Thunder light in the sky gathered together and condensed into a huge Thunder palm, which he threw out!

“BOOM!”

The realm-breaking Black light was shattered by his palm, turning into countless tiny black lights that were annihilated in the surroundings.

At the same time, he made a hand seal, and the lightning Star Ring spread out around him.

A large number of electric arcs filled the sky and crackled. It was as majestic as a God descending to the world, and the surrounding races were all frightened.

Guangxian, Guangyuan, runhai, runlong, qinming, and the others had all had grudges with Yunxiao.

But, after many years, and with Yunxiao's rise to fame, he had long lost the will to take revenge.

"Lord True dragon has given the order, and the four races have no choice," guangxian said in a deep voice.

I don't blame you," Yunxiao said lightly. it's just that we have different standpoints. Please don't blame me!

don't waste your breath on him! the Dragon head shouted. this man has a sharp tongue. We can't win in an argument!

"How would we know if we don't try?" the Dragon head's eyes shot out a cold glint. Don't be afraid, everyone, li Yunxiao is already an arrow at the end of its flight after the previous series of battles!"

Yunxiao laughed in his heart when he heard that. "Haha, Guangfa, are you lying or are you lying to yourself? If you have the guts, come up and face your death!"

"Don't be provoked by him, calm down." Luanyu said. We have the advantage in numbers, so they'll definitely die."

"Hehe, husband, are you going to steal my opponent?"

Within the lightning that filled the sky, a Red Cloud dispersed and feini appeared. He walked towards the Luan Yu and the Dragon head and said, "I'm your opponent. Lord True dragon, the true tail feathers and true Blood of the heavenly Phoenix that you wanted are all on me. Come and take them."

The powerful true fire and the power of the Phoenix essence on her body pressed over. The Luan Yu and the Dragon head were both greatly shocked and couldn't help but retreat.

Luanyu was shocked, "brother Yaoli!"

Feng Yaoli held the frost Sword in his hand and flew down. He said, "Brother Yuri, I'll go and calm that Duanmu Youyu down first. Then, you can send people to capture him alive!"

Although he had sworn in his heart that he would not make things difficult for Duanmu you Yu, as long as he removed the surrounding obstacles, he could easily capture Duanmu you Yu by sending any expert.

Luanyu cursed out in anger. If not for the fact that the situation was not right, he would have turned around and killed Feng Yaoli first.

"Huodou's true body? I don't care who you are, but since you dared to possess the body of an expert of my monster race, you can stay here today."

A cold voice rang out. A red figure flashed in front of Duanmu Youyu.

MO, who was dressed in a Scarlet robe, stood with his long spear in hand. The tip of the spear pierced through the air and pointed at Feng Yaoli with a hint of coldness.

"Where did this little demon come from? get lost!"

you're courting death! Feng Yaoli shouted angrily. Even though the referee's aura was not weak, he did not take him seriously. He swung his cold sword, and boundless coldness poured down.

MO was slightly surprised. He was not surprised by the power of the sword, but the sharpness of the sword was far beyond his expectations.

“Bang!”

The battle spear danced in the air and struck the sword radiance. However, it was immediately shattered by the sword radiance and a hole appeared on the spear.

MO frowned as Feng Yaoli charged forward and slashed down with his sword again!

“Bang! Bang!”

MO raised his spear to meet the attack, and after a few strikes, countless rings of light appeared.

The judge did not dare to use his spear to directly meet the attack head-on. All of his Spears were covered in a layer of blood-red light to protect the spear. Even so, he was still slashed several times.

“What kind of sword is this?” He frowned gloomily.

“The sword that will take your life!”

Feng Yaoli continued to speed up the sword in his hand, and every move he made was with all his strength. This was because he had also discovered that Mo Jue wasn't someone to be trifled with, and he couldn't help but feel a little anxious.

“Bang!”

In just a few breaths, the two of them had exchanged hundreds of moves, and the area within a thousand feet was filled with sword Qi and spear shadows. Yi's battle spear finally could not hold on and broke.

“Hahaha!”

Feng Yaoli was ecstatic. The sword Qi in his hand became even fiercer, and it struck down like a mountain.

The referee was extremely depressed and could only retreat continuously.

Suddenly, two rays of light flew over and shot towards Yi. these two weapons are for you.

It was Yunxiao. When he was confronting the four sea tribes, he coldly saw the judge being forced into a disadvantage because of his inferior weapons. He immediately waved his hand and threw out two weapons.

The referee was in the midst of dodging, so he grabbed it with both hands and was stunned for a moment.

One of the two weapons was a broadsword, and dragon patterns appeared on it. The other item was an iron wheel, which gave off a threatening cold air, and there was a formation light shining on it.

The referee knew that this was Bo Yuqing's weapon and was delighted.

He suddenly raised the ancient dust sword and poured his demonic power into it. Immediately, a Jade Dragon appeared and rushed into the world force of the snow country!

"BOOM!"

The two weapons collided with each other, and a powerful sword light immediately burst out, spreading out in circles.

The referee still felt the sword Qi pressing down on him, forcing him to keep retreating. However, it was much better than before when he could only Dodge.

In addition, he was used to holding weapons with both hands. Although it was a bit strange and uncomfortable to change the bone scale blades to Gu Chen and underworld wheel, it was better than the battle spear.

“Swish!”

The Dark Wheel spun and slashed through the air, splitting the void in the hall!

Although Feng Yaoli’s body was big, he was extremely agile. He sensed the sharp danger and dodged it with a flash.

In the next moment, he reappeared more than 100 feet away, but his face was extremely gloomy and his chest was filled with anger. The two horns on his forehead immediately flashed with golden and silver lightning and attacked.

“Haha, without the advantage of weapons, how can I be afraid of you!”

Yi’s face turned malevolent. Although Feng Yaoli had Huo Dou’s true body, their blue clan’s abilities were not inferior to Huo Dou’s.

In addition, he had been studying the Buddhist Demon Sacred art during this period of time, which was a sacred art created by the most powerful Buddhist demon clan in the demon clan in the past tens of millions of years.

Even though there were many areas that were difficult to link up due to the difference in their races, their comprehension of divine arts and divine Dao was advancing at a tremendous pace.

“Childish!”

you’re courting death! Feng Yaoli shouted angrily. He formed a hand seal with one hand, and a golden light flickered on his fingertips. Under the cold sword’s frosty wave, other than the alluring snow country, there was also a layer of dense intent that was barely audible.

MO was shocked and hurriedly raised his sword to meet the attack, but with a bang, his arm went numb and he was forced back.

Feng Yaoli, on the other hand, strode forward in an overbearing manner.

The auras of the two people, one strong and one weak, gradually showed signs of victory.

“The true primordial mantra!” Duanmu Youyu said in shock. He looked worried. Although mo Qiang didn’t seem to be defeated, he was obviously at a

disadvantage.

In terms of strength, Yi had just stepped into the void extreme divine realm, and his accumulation was far inferior to Feng Yaoli’s.

In terms of weapons, Gu Chen and the underworld wheel weren’t as good as the icy sword, and he had just gotten his hands on them. On the other hand, Feng Yaoli was a Saint weapon that he had refined himself, so he could use them as he pleased.

In terms of divine powers, the Buddhist Demon Sacred art was strong, but Yi had only cultivated it for a short time, and there were many places that he could not integrate. On the other hand, Feng Yaoli had been cultivating the true primordial tactics for more than 100000 years. Although he had not reached the peak, he was still very pure.

As a whole, Feng Yaoli’s cultivation base, physical body, divine powers, and weapons were almost flawless. Even an ordinary creation realm expert might not be able to take him down!

Feng Yaoli himself also understood that he already had few rivals in the void realm. As long as he obtained the nine luminaries star staff and completely understood the absolute beginning mantra, he would be able to step into the creation realm and become one of the few powerhouses in history.

When he thought of the nine luminaries star staff in front of him, his eyes glowed with excitement and his killing intent towards Chi, who was blocking his way, soared.

Yunxiao was also shocked when he sensed the power of the true primordial art.

Although he had fought with Feng Yaoli several times, he had always stopped at the right moment. He had never had such a strong desire to kill and win. The strength that he had displayed was also earth-shattering.

“This is going to be troublesome.”

Yunxiao immediately found that his plan was wrong, and he had underestimated Feng Yaoli’s strength.

At this moment, the other void realm experts had all rushed into the sky to meet the deep sea Giant beast and the Lord of the Abyss.

kill Luanyu and the Dragon head! Yunxiao immediately shouted. Feini, kill them quickly!

Luanyu’s injuries were extremely serious and he had less than 10% of his strength left. Although the Dragon head was also at the God Realm, it was not worth mentioning in front of Feini.

“Yes!”

Feini was taken aback. Hearing the urgency in Yunxiao’s words, she hurriedly attacked the Luan Yu and the Dragon head.

As for Yunxiao, he turned to the people of the four Seas and said in a cold voice,

Everyone, I’m sorry!”

The moment the sword death slashed red, it slashed towards the four sea tribes.

The Duanmu siblings, the water deity, the chemical cultivator, Polong, and Zuya followed closely behind and attacked the four sea tribes.

The current Seagod Hall covered tens of millions of li, its dome directly reaching into the sky.

At an altitude of tens of thousands of feet, an earth-shattering battle was taking place, and terrifying waves of air were fluctuating from time to time.

Yunxiao had taken dozens of lives with a single sword strike, and his eyes were bloodshot.

However, he was still unusually calm. He was distracted by the few battlefields, especially the fierce battle between the powerhouses on the dome.

The Lord of the Abyss had almost never appeared in history, and there was no information or record about it, so Yunxiao did not know the strength of the ruler, Jiu Yuan. But, judging from the strength of these giant abyssal beasts, he was undoubtedly a creation realm existence.

Therefore, he did not hesitate to arrange for the Liao brothers, the two great demons, Gu Qingqing, and Pan Yi, the six void realm experts, to join forces and attack.

The weaker ones on his side would follow him and slaughter the tribes of the four Seas.

Because the attack range of his Divine Art was extremely large, it was the most suitable for dealing with this kind of race. Sword Qi and lightning flashed in all directions, sweeping away anyone who blocked it!

The royal families of the four Seas were all killed by him in the moment of battle.

However, the Marine race had the advantage in numbers, and they were all unafraid of death. As they charged down wave after wave, they were completely filled with their flesh and blood.

“Luanyu, you should die!”

Yunxiao was also frightened by the killing, and his scalp went numb.

After all, they were lives. Unless one had a heart of stone and really regarded all living things as ants, no one would be soft-hearted if they were to die in such a way.

And all of this was caused by Luanyu. She clearly knew that these people would only be throwing their lives away if they rushed up, but she still used her life to fill the gap.

Yunxiao's face turned livid, and he could not help but look at Luanyu, hoping that Feini would kill him as soon as possible.

With this glance, his body trembled and his expression changed greatly!

Chapter 2127: A battle to the death (2)

Within a Dragon region, the Phoenix revealed its dragon body and its eyes were like pearls. It opened its mouth and swallowed the Dragon head.

This scene not only shocked him, but even Feini was stunned. Her face was filled with shock and disbelief.

The strangest thing was that the Dragon head didn't resist at all. Instead, the corners of its mouth curled up in a playful smile as it was swallowed in front of everyone.

"Lord Guangfa!"

Everyone was shocked, and many members of the sea tribe were shocked.

Luanyu swallowed the dragon's head, and the entire world seemed to tremble. A brand new power spread within his body.

His badly damaged body was recovering at a speed visible to the naked eye.

“How did this happen?” Everyone was dumbfounded.

Guang Yuan was even more dumbstruck. This man-eating magical power was almost the same as his, and the Dragon head that was swallowed, Lord Guangfa, was an elder strong practitioner of his East Sea, yet he was actually being used as nourishment!

A feeling of grief and indignation spread among the tribes of the four Seas.

Luanyu slowly changed back to her human form and said, “Don’t panic, everyone. Guangfa is me, and I am Guangfa.”

“What?”

Looking at everyone’s shocked expressions, Luanyu laughed coldly and said, the past generations of strong practitioners who guarded the Dragon’s Barrow had to accept my ‘heart’ and Guangfa is living under the identity of my ‘heart’. Now, he is just returning to his original body.

Only then did all the members of the sea tribe calm down. Although they still felt that it was very strange, they could at least accept it emotionally.

“Lord True dragon, then what about the real Lord Guangfa?” Guang Yuan’s body trembled slightly.

Luanyu’s ice-cold gaze looked at him, as if she didn’t like this type of person who liked to think. Looking at him, Guang Yuan felt as if he had fallen into an ice cave, and he couldn’t help but shiver.

Luanyu snorted and said, “when Guangfa accepted my heart, he had already gloriously become a part of me.” Are you satisfied with this answer?”

Guang Yuan’s entire body was cold, and he nodded his head vigorously.

satisfied, satisfied! His entire body was soaked in sweat.

However, he didn't need to be afraid very soon. Before he could recover from his fear, he was caught off guard by a palm strike from Polong, which shattered his internal organs and killed him.

The change in Luanyu immediately attracted the attention of many parties, and Feng Yaoli was also extremely shocked. The expression in his eyes flickered, and it was unknown whether he was happy or worried.

Bo Mu continued to sit cross-legged in the center of the hall, atop the Lotus throne. He only looked at them with a kind expression, and although he was slightly shocked, he still seemed unmoved.

Yunxiao was also suspicious. Although Bo Mu had always been condensed from a radiant body, judging from the technique he had used to launch the Poseidon shrine, he was by no means weak. Otherwise, Yu Qiu wouldn't have been so afraid of him.

However, he did not make a move from the beginning to the end. It was unknown if he had other plans or if he was unable to make a move.

After Luanyu swallowed the dragon's head, not only did the injuries on her body heal, even her aura had increased by a level.

He grabbed in front of him with both hands, and two extremely sharp sword Qi broke through the air and condensed into boundless tribulation and formless true self.

The two world swords reflected each other, and the Dragon's Roar shook the nine Heavens.

"This feeling is wonderful."

Luanyu heavily exhaled, his cold and sharp gaze looked down, and he said in a ferocious voice, "Heavenly Phoenix true essence, I'm here to retrieve it!"

Fei Ni was burning with rage. In the eyes of these Dragons, the heavenly Phoenix Clan did not even have a name or any special features. They were just living true energy and moving treasures that were waiting for them to pick.

“In my eyes, Luanyu is a scum, and Guangfa is also a scum in my eyes. The two scums added together are only scum!”

Fei Ni sneered and grabbed with both hands. Two balls of flames condensed and slapped towards them. She shouted, “Let the ancient celestial Phoenix’s Fury burn you to ashes, you scum!”

“BOOM!”

The flames shot out from Fei Ni’s palms and turned into two tornadoes in the air. They formed the true image of a Phoenix and pressed forward.

“Ha, childish. Is this level of fire for grilling chicken wings?”

Luanyu’s face was filled with anger. He held the sword with both hands and slashed forward!

The two rays of sword Qi were like mountains pressing against each other in front of him, and with a rumble, they burst forth with an earth-shattering force!

“Chi!”

The heavenly Phoenix Fire Shadow was shattered in an instant. Luan Yu directly moved forward and teleported in front of Fei Ni, slashing down with his two swords!

“Bang!”

Fei Ni’s fire body was cut into pieces. With a flash of red light, he flew back a few thousand feet, his expression ugly.

“Damn it, how could this be!”

Yunxiao's face was filled with anxiety. The power bursting out of Luanyu's body at this moment was much stronger than when he was in the eternal world, and it was impossible for Feini to defeat him.

Fei Ni and Chi were in a dangerous situation. The battle between the six from outer space and the abyssal tribe was still unknown, but huge waves were crashing down from time to time. It was obviously very difficult.

Poron and the others had almost become numb from all the killing, and their hearts had hardened. It was as if the people in front of them were no longer living beings, but puppets that could be torn apart at will.

Li Yunxiao, go and help them! Polong said in a deep voice. We'll be enough here!

The strength of Polong and the others was at an advantage, and some of the stronger experts had been killed by Yunxiao. However, there were too many sea tribe members, and they were pouring in continuously.

Yunxiao was worried about them, so he said, "All of you, enter the formation."

He threw out his hands, and the six Ding and six Jia immediately formed a line in front of him.

Behind every puppet stood a giant spirit, and they charged forward with blades of light in their hands. They were like a golden Great Wall that blocked the four sea tribes outside.

Yunxiao breathed a sigh of relief. Then, he turned around and thrust his sword at Luanyu.

"Bang!"

Luanyu turned around and thrust her sword at Sword Death's Red Slash. The Dragon might shattered the sword momentum and sent Yunxiao flying.

How can he be so strong?!

Yunxiao was shocked. It was not until the first exchange of blows that he could truly feel the changes in Luanyu's body. Every sword strike was like a thunderous roar, shocking everyone.

This gave Yunxiao a big headache, as he could not even shake the Dragon Realm with his strength.

Luanyu glanced at him and said in a cold voice, "I'll kill you after I kill the heavenly Phoenix! Snatch the divine realm tablet and I'll be the tablet master myself!"

"In your dreams!"

Fei Ni was furious. She gathered all her strength on her palms and let out a Phoenix cry.

The true shadow of the celestial Phoenix appeared in the sky, and its cry pierced through everyone's eardrums, directly shaking everyone's spiritual altars and sea of consciousness, setting off waves.

The faces of the people of the four Seas clan turned pale, and they knelt down in a large number.

The six Ding and six Jia stood in the air above the main hall in a formation, but they did not take the initiative to attack.

As soon as the tribesmen of the four Seas knelt, the killing immediately stopped, and the endless screams finally stopped.

Luanyu's expression turned cold, and he laughed hideously.

He raised his two swords and placed them behind his head, forming a sword stance.

The Dragon domain spread out from his body and rushed in all directions, repelling the heavenly Phoenix Flames.

“Since ancient times, the true dragon and the heavenly Phoenix have been equally famous, but why has the true dragon always been in front?”

A Dragon’s Shadow slowly condensed behind Luan Yu’s back. He opened his eyes in the universe’s space-time and gazed at the mortal world. because heavenly phoenixes are only living beings of the inner realm and rely on the inheritance of the undying bloodline. On the other hand, true dragons are born from the heavens and earth and are born from the laws of the universe. They will forever be above all living beings!!

that’s just your wishful thinking. Who was the one who was beaten and fled for 100000 years? who was the one who lost in the eternal world and had his body taken over by the demon race? ”

Can’t repeated failures make you realize who you are? Then, what awaits you will be ruthless defeats again and again, and the cruel reality will crush you into history!”

“Bitch! Shut up! I’ll use the sword in my hand to send you to the garbage dump of history! ”

Luanyu let out a furious roar, and his eyes shot out an aura that looked down on the world. His two swords suddenly slashed out!

“World sword, laws as one!”

The two rays of sword Qi transformed into Dragons and released their Dragon might. They roared and rushed into the sky, shattering all the flames!

Feini’s face turned pale and a trace of fear rose in her heart, but she quickly pushed it away. She formed a seal with both hands and shouted, ” “Undying Phoenix Flame!” Countless fire butterflies flew around her, and the true shadow of the heavenly Phoenix flapped its wings and pounced toward the Dragon Shadow.

Just as the two world-shaking powers were about to collide, a black streak of light suddenly shot through the air. A pitch-black chain dragged across the sky. The sound was empty, lonely, and distant, as if it did not belong to this world.

“Azhe fansha, three thousand worlds!”

The iron chain swayed, and the black shadow rippled up and down. It actually emitted circles of black light, binding the two sword Qi Dragons!

Between the true dragon and the heavenly Phoenix, there was a huge shadow of a true demon. It was making hand seals with one hand.

Yunxiao was in the middle of the giant shadow, trying his best to maintain the incantation gesture. His body trembled violently because of the overexertion, and large beads of cold sweat rolled down his forehead.

The demonic energy spread out from the iron chain, like a drop of ink falling into water, and the ink color grew bigger and bigger.

Bo MU’s expression finally changed, and a flash of fear appeared in the depths of his eyes.

“BOOM!”

The three forces finally collided, and it was as if a scorching sun had exploded. The center of the energy was so terrifying that one couldn’t see. Many members of the sea tribe looked on in fear. They instantly felt their eyes go blind and lost consciousness.

What followed was an earth-shattering energy fluctuation that directly swept up a large number of the four Seas ‘tribes, turning them into ashes.

A powerful light wave spread out from the illusionary Hall. A beam of light shot into the sky and into the universe.

The sea god Hall was originally just an illusion, but under the impact of this power, it began to shake.

Bo MU’s expression changed slightly, and his hands continuously formed seals.

The golden light of the hall finally dissipated and slowly disappeared into the void.

The entire forest of the sea was completely shattered by this force. At the intersection of the four Seas, all water evaporated. The seawater within a radius of several thousand miles was directly evaporated, creating a huge vacuum.

Feng Yaoli and the judge also stopped their attacks under this force.

Yi's expression was extremely unsightly. He was in a sorry state after being killed by Feng Yaoli. With a flash, he appeared above the ocean clan members who had been crushed and used the blood art.

Within the range of his domain, tiny Scarlet beads appeared in the air and slowly gathered.

Almost all of the elites of the four Seas had died here.. Such a large amount of blood was undoubtedly the best nourishment for him!

Chapter 2128: A battle to the death (3)

The terrifying force of the impact lasted for a long time and did not dissipate.

After the three of them were swept in by the impact, they were actually trapped in a spatial torrent and disappeared.

Feng Yaoli's expression changed drastically. He knew that this was a temporary disturbance in the space, and it also proved that the three of them were seriously injured. Otherwise, this level of chaos would not be enough to trap them.

Despite such a terrifying tremor, Liuding and Liujia remained standing in their original positions, holding their line and blocking most of the fluctuations.

The six ding and six Jia were still running, which meant that Yunxiao was fine. Everyone felt a weight lift off their hearts, and they wondered how feini was doing.

Feng Yaoli looked at the terrifying vacuum. If that attack had been aimed at him, he would have felt his scalp go numb at the thought of being dragged into it.

He could not care about anything else and teleported in front of Duanmu Youyu. He extended his hand and shouted, "Nine luminaries star staff, hand it over!"

Duanmu Youyu chuckled. so What if I don't give it to you? you can't make things difficult for me.

I can't make things difficult for you, " Feng Yaoli sneered. but I can make things difficult for them!

The frosty shadow of the cold sword streaked across, and with a clang, Zuya, who was not far away, was cut in half before he could react.

"Uncle Zuya!"

The water deity was stunned for a long time before she let out a scream and burst into tears. She threw herself onto Zuya's body and wailed.

wuwuwu, uncle Zuya, why have you been cut in two? wuwuwuwu!

Polong's heart sank, and he vomited a large amount of blood with a "PU" sound.

His face was pale.

Zuya was his subordinate, but he was also his friend.

The ocean emperor's palace had rarely been visited in all these years. Apart from a few servants, only Zuya had accompanied them.

Now, without any mental preparation, his body had been cut in half and he had died in front of his eyes.

His mind was in chaos, as if a huge rock had hit his heart, making him extremely sad and angry.

Feng Yaoli glanced at Polong's angry eyes and said sarcastically, "Only the weak will have 'enmity'. The strong will attack directly."

Poron was extremely remorseful. He was extremely remorseful of being dispirited all these years.

Tears welled up in his eyes. As the king of the four Seas, he was helpless in the face of his friend's death.

Humiliation and regret filled his heart. He roared and rushed over.

"Bang!"

Without any surprise, Feng Yaoli's light punch sent him flying, and he fell to the ground far away.

"Father!"

The water deity cried and ran towards Poron.

Feng Yaoli raised his sword and pointed it at the water fairy, her father, and Duanmu Cang. He said coldly, "Hand it over or not, I'll kill one person per breath."

Duanmu Youyu's face turned pale.

The referee turned around to take a look and became vigilant.

He did not care if the others died, but water fairy was Yunxiao's woman. If she was killed, he would not be able to explain it to Yunxiao.

However, he secretly prayed that Feng Li would not attack him, because the thousands of blood beads were gathering and filling his body.

This energy was even more powerful and abundant than the one at the five Cloud Mountain.

Missing even a single drop of blood would be a huge loss.

"Brother, you can't give it to him!" Duanmu Cang said anxiously. We don't deserve to die! Besides, with the demon's personality, even if we give it to him, he might not let us go."

Feng Yaoli said, 'Hmph, do you all think that I'm so bad? I can swear that as long as I get the nine luminaries star staff, I won't hurt you. I'll turn around and leave, or else ..."

His sword light rose and slashed towards the water immortal father and daughter.

"You can't!"

Mo's body trembled. Just as he was about to attack, he heard a loud shout and a golden light flashed.

Bo mu finally moved, and the light and shadow instantly gathered in front of Feng Yaoli. He formed a hand seal with one hand, and with a "clang," he actually managed to block the sword attack!

"What? You!"

Feng Yaoli was taken aback. He had seen Bo mu sitting there all this time, and had thought that he was just an existence that looked impressive but was actually useless. He had not expected that he would be able to receive his sword Qi with his bare hands. Although this sword did not use much power.

“Clang”

Bo mu flicked his finger again, and a golden light struck the sword. Feng Yaoli felt an enormous force pushing against him, knocking his sword away.

Feng Yaoli was shocked, and he said, “ Who are you?!”

After this move, Bo MU’s expression changed slightly, as if he was hiding something. He gritted his teeth and said, monarch of the snow nation, don’t hurt anyone else. Otherwise, you won’t be able to escape the consequences.

“Hmph, you’re just pretending!”

Feng Yaoli naturally ignored him, and the power of his sword rose once more. This time, he showed no mercy, and directly used 100% of his power to slash at Bo mu.

The true primordial art and the power of the world of the snow country shone on each other and rotated, making them extremely powerful.

Not far from him, Yuan was absorbing millions of blood beads, looking at him with a cold face.

Bo MU’s expression was extremely unsightly, and with a furious roar, he charged forward, his hands forming an incantation!

“BOOM!”

The two forces collided and condensed into a spiritual pressure, in a stalemate.

The spiritual pressure was a dense golden color, like a layer of film. On it, hundreds of Maha ancient characters appeared and evolved into rules.

What the two of them had learned was a fragment of the Maha ancient God’s tactic. The Grand primordium and the sun true tactics were similar when used.

Duanmu Youyu suddenly had a bad feeling and said in shock, "Lord Bo mu!!!"

Bo MU's expression began to turn unsightly, and the golden light on his body gradually faded away. Black lines began to appear on his skin, which were the symbols of the demon race.

"Demonize!"

Duanmu Youyu was shocked. my Lord, what should we do with this Suan ni?!

With his ability, he could only watch helplessly from the side. He couldn't even get close to the spirit pressure of the confrontation between the two.

Bo MU's kind face began to turn malevolent, and the golden light around his body was gradually replaced by a demonic light.

Feng Yaoli looked on coldly. Although he was also shocked, he was more curious.

"Lord ancestor!"

Polong was also extremely shocked. Seeing the changes on Bo MU's body, he wanted to step forward to help, but he didn't know what to do.

"Haha, Bo mu, you've finally remembered me?"

A sound suddenly came from within Bo MU's body, causing everyone to be baffled.

Bo MU's expression changed drastically, and he couldn't help but tremble. He cried out, "Lord PU!"

With this exclamation, everyone immediately understood who the person in his body was! They were all shocked!

“How is this possible? Wasn’t devil Lord PU sealed in Tianshui in the southern domain by Yunxiao?”

The referee was also shocked. In a burst of anxiety, he felt the qi and blood in his body swell greatly.

The blood beads that were continuously being absorbed began to change in his body. His entire body turned red like blood.

“Hehe, even without your body, I can still come out quickly. However, since you’ve already remembered me, this Lord will temporarily borrow your body and return to the earth!”

Demonic light immediately began to surge from Bo MU’s body, swallowing him whole.

“Lord ancestor!” Polong was shocked. He suddenly flew up and used all his strength to slap it!

“Bang!”

With a tremble, he was once again sent flying. He vomited blood all over the ground, and his aura dropped to the lowest point.

Not only was he sent flying by the counter-shock, even Feng Yaoli, who was confronting him, felt that something was wrong.

The spiritual pressure had originally been on par with his own, and his power had even held the upper hand. However, after the golden light in Bo MU’s palm had been extinguished, the demonic Qi had grown even more powerful, and was now faintly surpassing his own.

“Yi!” Suddenly, Bo mu let out a cry of surprise, and then he made a grabbing motion in the air. A terrifying aura began to gather between his five fingers, slowly forming the blade of a saber.

“Aghan!”

“Bo mu” spat out lightly, and the agama bone Cleaver was pulled out. Without another word, it slashed toward Feng Yaoli!

Feng Yaoli was shocked. The horns on his forehead suddenly burst out with light and shot over!

At the same time, he grabbed his sword with his right hand and formed a barrier in front of him.

“Bang!”

The gold and silver light was shattered by Aghan’s bone Cleaver. The blade light did not slow down and continued to fall down along with the momentum.

“Bang! t,

The ice sword trembled violently, and Feng Yaoli was sent flying.

Huo Dou’s huge true body glided in the air for hundreds of feet before coming to a stop.

“Devil Lord!”

Feng Yaoli’s expression was extremely unsightly. He instantly understood that the person in front of him was no longer Bo mu, and with a furious snort, he turned around and left.

He was rather straightforward, knowing that he could no longer continue the fight.

Moreover, he didn’t really leave. He just didn’t want to get involved in this chaotic battle. He would hide at the side and wait for the situation to clear up before coming out to take advantage of it.

However, just as he turned into a ray of light, he felt the space around him freeze. He couldn't move.

"What?"

Feng Yaoli's eyes narrowed in shock as he saw Bo mu standing a thousand feet away with a saber in his hand, his eyes filled with derision and a cold smile.

Feng Yaoli was shocked, but he didn't show it on his face. Demon Lord, let's mind our own business. I hope we can live in peace without fighting.

"Ha? Peaceful co-existence?"

MO PU was stunned for a moment, then he chuckled and said, "sure, come over and give me three slashes. If you don't die, then we can live in peace.

Feng Yaoli sucked in a breath of cold air. He seemed a little angry as he said, "Is the weapon in your hand the six paths demonic weapon? You'll die after being slashed by this thing once, so how can you not die after three slashes?"

"I'm really worried about your IQ," mo PU sneered. my meaning is very obvious. I won't let you Live!

Aghan's bone Cleaver struck again, and the entire void trembled.

Feng Yaoli was shocked. How could he dare to resist the might of a demon master? he tried his best to break the suppression with his sword and was about to escape. However, he discovered that a shadow had descended. The sea God's temple had appeared out of thin air above it, and was suddenly pressing down.

"BOOM!"

The blade of the aghandao slashed in front of Feng Yaoli, but he blocked it with all his might. Then, the sea goddess Hall fell and struck his body, sending him flying.

Feng Yaoli was shocked. As soon as he steadied his body, he turned into a beam of light and tried to escape.

In front of him, a blood shadow flashed. Yi had long been spying on him and launched a sneak attack when he was unprepared. The blood shadow instantly turned into a huge palm and slapped over!

In his shock, Feng Yaoli formed a palm with one hand and directly met the bloody palm!

“BOOM!”

As the two palms collided, he didn't expect his palm force to be shattered and the blood print directly pressed down on his real body!

“Pfft!”

No matter how strong his body was, he couldn't help but spit out blood as he was forced to retreat in the air..

Chapter 2129: A battle to the death (4)

how can he be so strong?!

Feng Yaoli was both shocked and angry. Yi's attack seemed to be far stronger than the previous one, and his real body was injured again due to his wrong judgment.

Yi let out a heavy breath after the attack. The red color on his body started to fade, and he gradually returned to normal.

Ever since the demon master had appeared, his state of mind had been affected, and his state of mind had been in chaos.

The blood beads that his body had absorbed began to produce a rejection reaction, unable to merge with his body. The palm just now had expelled the chaotic force from his body.

Feng Yaoli stood with his sword in hand and said angrily, "Cang Yao, get out of the way!"

"The battle just now wasn't over, how can you step aside?" the referee said indifferently.

Feng Yaoli's face darkened, and he said fiercely, "Alright, fight me one on one if you have the guts! A generation's Demon King and a generation's demon master, they wouldn't join forces to fight this Lord, right?"

"Hahaha."

MO PU laughed out loud. He approached with his saber and said coldly, "He's fighting you one on one, and I'm also fighting you one on one. Which eye of yours saw us joining forces?"

"Yes, yes."

The referee also laughed and said, "We're all fighting you one on one, how can we join forces?"

Feng Yaoli was so angry that he almost vomited blood. Yi was still fine. Although his strength was more powerful than before, it was still within the range that he could deal with. However, that demon master was truly terrifying and unfathomable.

"Demon Lord, why are you forcing me? if I have offended you in any way, I, Feng Li, will apologize and admit my mistakes!"

At this time, even if you were a real Dragon, a Heavenly Phoenix, or a ruler, you would have to lower your head. Feng Yaoli understood, so he cupped his fists and admitted defeat.

"It's actually nothing much," answered mo PU indifferently. "I just took over Bo MU's body, and he has an extremely strong desire to kill you. So, I'll just kill you in passing."

"This reason is too far-fetched!"

Feng Yaoli was so angry that he almost vomited blood. He said resentfully, "Bo mu is Bo mu, and Milord is Milord. Could it be that Milord would be led by the nose by a mere Bo mu?!"

"You dare say that I'm being led by the nose?" Die!"

Without a word, Aghan's bone Cleaver silently slashed over!

Feng Yaoli was shocked. He didn't expect that someone of his status would suddenly make a move. He gritted his teeth and raised his sword to meet the attack!

"Bang!"

The two blades collided, and the terrifying blade light and sword Qi dispersed. The absolute beginning golden light and the world power on Feng Yaoli's sword were both destroyed by the demonic light, and they were forced to retreat.

At this critical moment, a terrifying aura came from behind.

"Clang!"

The underworld wheel cut through the air and slashed toward his waist.

Feng Yaoli felt a chill run up his spine. He was so scared that his whole body trembled. He couldn't care less about the demonic blade in front of him. He turned his body abruptly, forcibly broke through the demonic light, and teleported away!

"Bang!"

His huge body was forced out of position, and he was immediately struck by

the demon master's sword again. He spat out a mouthful of blood and was sent flying.

"Despicable scoundrel!"

Feng Yaoli had completely gone mad. Golden and silver light shot out from his horns, dancing and spreading in the sky. In an instant, it turned into a Tai Chi diagram, sealing off an area of the sky and earth.

As the searing power fell, Mo's expression changed slightly and he instantly transformed into a blood-red light.

He knew the power of the Taiji sky-sealing seal, and it would be troublesome if he were to be sealed inside.

Meanwhile, Mo PU stood on the spot without moving. He watched quietly, allowing the seal to land around him.

"Hahaha!"

Feng Yaoli laughed wildly, and a sharp light burst out from his eyes."Demon

Lord! You're too arrogant, testing my sky-sealing mark with your own body!

This seal's divine power could even seal the heavens! Who Do You Think You Are!"

He had been beaten to a pulp just now, and now, all his grievances and grievances exploded in an instant.

With a flash of his figure, he flew down and walked towards the demon master with his cold sword, ice and frost.

“Didn’t you want to fight me one on one?”

Feng Yaoli said coldly. He raised his cold sword and slashed at the demon master.

“Bang!”

The demon master raised the agama bone Cleaver and easily received the sword momentum. A circle of faint light waves spread out.

The surroundings became unusually quiet.

Feng Yaoli was dumbfounded, and he said awkwardly, ” “This Yingluo, you

Yingluo”

Beads of cold sweat trickled down his forehead, and his face was pale without a trace of blood.

His limbs were cold, without any warmth. His heart trembled violently, and he was enveloped in boundless fear.

The demon Lord’s lips curled up slightly as he mocked, “what can I say about you?” Forget it, let’s not talk about it. I’ll send you directly to the West.”

A powerful demonic light burst out of the agama bone Cleaver. With a boom, the earth trembled, and the Taiji sky-sealing seal began to spin violently.

The power of the seal was not ineffective, but the seal of the rules on the agama bone Cleaver could not be sealed!

“BOOM!”

The Tai Chi bi-colored light in the sky suddenly shattered and turned into two-colored light before dissipating into the air.

The demon Lord's saber slashed down, and the huge Saber Light shook the ice sword. The spirit light on the sword trembled, and the world power dissipated!

"BOOM!"

A large amount of blood gushed out of Feng Yaoli's houdou true body. From the shoulder down, there was a shocking knife wound, and blood was gushing out.

"Pfft."

Feng Yaoli spat out a mouthful of blood, and his entire body withered. With a " clang his sword stabbed into the ground, and he half-knelt.

At this moment, a spatial storm appeared above the shattered Taiji seal, growing stronger and stronger!

Suddenly, two streaks of light shot out from within and revealed their true forms several thousand feet away.

They were Yunxiao, feini, and luanyu.

Covered in blood, Yunxiao held feini in his arms. A misty golden light emerged from his broken body. Feini had fallen asleep in his arms.

On the other side, Yuri wasn't having a good time either. He was covered in blood, and his dragon scales had been shattered.

However, there was a layer of Green Dragon light that wrapped around it. The Dragon light was dark and flickering.

"Big brother Yunxiao!"

Seeing this, the water deity immediately burst into tears and sobbed, ‘ ‘Wuwuwu, uncle Zuya was killed by this bad guy, and my father was also injured by him.’ She pointed at Feng Yaoli.

Yunxiao saw him in an instant, and as if he had seen a ghost, he gasped and cried out, ‘ ‘Demon Lord PU!’

Luanyu trembled as well, then turned his hateful eyes from Yunxiao to mo PU, and his face also changed.

‘ ‘Clang’

With a flip of his hand, mo PU put away agama’s bone Cleaver and grinned at Yunxiao as he said, ‘ ‘His corporeal body is glowing with void light, and his cultivation has also reached the peak of the sovereign patriarch realm. You’ve improved a little after thirty three days.’

Yunxiao’s heart sank to the bottom of the valley. He had had the illusion that the man in front of him might not be mo PU, but after hearing his words, he knew that his illusion had been shattered.

After resisting luanyu’s attack, his physical body had forcefully broken through to the harmonization realm and stepped into the illusory light realm. Only then did he manage to save his life.

Feini, on the other hand, fainted and fell into a deep sleep.

Yunxiao checked his body and found nothing serious, then put him away in the divine realm tablet with relief.

Luanyu wasn’t any better. If it wasn’t for that dragon light, he would have died in that terrifying attack just now. Thinking about it now, he still felt a lingering fear.

He formed hand seals with one hand and spoke in the Dragon language.

The Dragon light began to spiral around his body, and his transparent body became solid. Dragon scales, head, claws, whiskers, horns, and so on were revealed one by one. It was actually a huge Green Dragon!

After the Azure Dragon appeared, it opened its mouth and spat out a Dragon Breath. It was like a thick cloud of mist that gathered and did not dissipate, giving people an inexplicable pressure.

Shi long! Yunxiao suddenly cried out. Shi long!

The long green Dragon that was coiling in the void was the eldest Son of the Dragon, Shi long, who was sleeping in the East sea's rainy land.

Shi long slowly opened his eyes, his face fierce.

Although it was ferocious, it did not seem to have any consciousness.

Luanyu stood on the dragon's head and made hand seals with one hand. His clothes moved without any wind and fluttered in the air.

He gave Yunxiao a cold look, then turned his eyes back to PU, his face solemn.

Feng Yaoli also saw Zhiyu at this moment. He hurriedly stood up and said anxiously, "Brother Yuri, quickly save me!"

"Yo, who's this? He looks so familiar. He looks a little like my good friend, Feng

Yaoli."

Luanyu sneered coldly, a cold light shooting out of his eyes.

Feng Yaoli didn't care about his face anymore, and he hurriedly said, "Brother

Yuri, that's me!"

"Oh, so it really is brother li. I wonder why Brother li is standing here and swaying? Could it be that he's doing weight loss exercises after eating?" Luanyu sneered, his face full of ridicule.

Feng Yaoli was so angry that he almost couldn't take it anymore, he shouted, "Brother Yuri, save me! I'm willing to sacrifice my lifespan to help you divine the location of the dragonize pool!"

"The dragonize pool?"

Everyone was stunned, revealing a stunned expression.

Yunxiao's face flickered as if he had thought of something, and his heart trembled.

A hundred thousand years ago, in the land of bones, where the Dragon Transformation pool was located, the experts had sealed the devil Lord's clone, Di Jun, with their dragon shells.

The Dragon's shell was the body left behind after the birth of the true dragon, and the place where the bones were buried was once a Dragon Transformation pool, because it had nurtured the birth of the true dragon.

And the 'dragonize pool' that Feng Yaoli had mentioned was definitely not the one in the burial land!

Yunxiao was so shocked that he could not help but say, "The dragonize pool?"

Could it be the birthplace of the next generation of true dragons?"

As soon as he said that, everyone immediately understood and was shocked.

Duanmu Youyu also seemed to have gained enlightenment as he exclaimed, "I understand! Luanyu didn't have long to live, so the next generation of true dragons would be born in the realm of heavenly martial arts! He wanted to find the Dragon Transformation pool and seize the Fortune of the next true dragon to complete himself and return to the realm of World King!"

MO PU sneered and said, "A true dragon? However, it's nothing."

Luanyu's face turned cold, and he stared at Feng Yaoli with a murderous look. "You really talk a lot!"

Feng Yaoli's face was covered in cold sweat. He said hurriedly, "once the heaven and earth give birth to a true dragon, there will be natural phenomena and all living things will sense it. Even if we don't tell them now, these people will find out sooner or later.

Luanyu said coldly, "even so, I don't like people talking nonsense in front of me, especially when they say things I don't like to hear." Your senior brother, the hundred wheel knot, died because of this.. It seems that you will also follow in his footsteps!"

Chapter 2130: A battle to the death (5)

"What? You killed the hundred-wheel Yui?"

Yunxiao was startled, and a wave of anger surged in his heart.

Although he had not known baishun Yui for a long time, she had taken care of him and taught him the true primordial mantra. He was both a teacher and a friend.

Yunxiao's heart trembled as he suddenly thought of something.

Before he left, the hundred wheel knot had imprinted a set of coordinates in his mind. Now, from the conversation between Luanyu and Feng Yaoli, the location of the coordinates was very likely to be the place where the next generation would become a dragon!

Duanmu Yu was also extremely furious. He roared, " you killed senior Baishu Yui?!

His eyes turned cold, and he stared at Feng Yaoli.

Feng Yaoli's multiple failures at the critical moment had made him realize that this person was absolutely unreliable.

Shi Long opened his mouth and suddenly spat out a Dragon Breath.

"BOOM!"

The ground trembled. Feng Yaoli was shocked, and the space around him was frozen.

An extremely bright green light struck down from the sky. It was Luan Yu's Dragon Fist infinite light!

Feng Yaoli roared in despair, " Luanyu! You're a despicable person!" He raised his ice sword and slashed out with all his might!

"Bang!"

The terrifying power of the fist struck his body in waves, causing the ground within a radius of several thousand feet to cave in.

Yunxiao and the others all looked on coldly.

It was just a single punch, but it had the effect of ten million hits, shattering all of Feng Yaoli's defenses. A lot of blood burst out of Huo Dou's body.

“Luanyu Luan Luan, you won’t die a good death, Luan Luan!”

Feng Yaoli stood on the shattered ground. The ground was covered in cracks and debris, just like his body that had been split apart.

Clang! Clang!

The ice sword fell to the ground and lost its luster.

Feng Yaoli’s huge body fell backward and landed on the ground with a loud bang.

The ambitious and ruthless ruler of a generation had finally become history.

Yunxiao teleported down and waved his hand to put away Feng Yaoli’s body, cold sword, and frost.

Luanyu looked at him coldly and mocked, “You even pick up trash?” the heavenly martial League is very poor,” Yunxiao said faintly. Lord Yuri, you’re a piece of trash, too. Why don’t you contribute it yourself?” I don’t mind accepting it.

Luanyu snorted coldly and said, “Li Yunxiao, you may have scolded me, but I’m magnanimous and will not hold it against you. But now that you’ve released the demon master, I’d like to see how you’re going to clean up the mess!”

so, according to what you said, I’m responsible for the demon Lord’s birth?” Yunxiao sneered.

Luanyu had a matter-of-fact look and said, “That’s natural.”

I don’t want to talk nonsense with you anymore,” Yunxiao said. you can say whatever you want. I just want to ask you, did you really kill the hundred-wheel knot?”

Luanyu could sense Yunxiao's anger and killing intent, but the two of them were like fire and water, so he naturally had nothing to fear. Facing the sharp gaze, he nodded and said, "That old man is so stubborn. He has clearly calculated the location of the dragonification site, but he refused to tell me. Doesn't he deserve to die?"

Yunxiao raised his head coldly and said, "I don't know if he should die or not, but I know you should!"

Luanyu sneered, "haha, I should die?" Now that the demon master is in front of you, you don't want to get rid of the demon, but you want to have an internal strife with me?"

"Internal strife?"

in my eyes, you deserve to die more than the demons! Yunxiao sneered. you're a devil! To get rid of the devil, you must first get rid of the Dragon!"

"Ridiculous!"

Luanyu angrily rebuked. you're clearly abusing your position for your own benefit. You're borrowing the power of the heavenly martial Alliance to avenge your own personal grievances. What qualifications and face do you have to be

the heavenly martial Alliance's Alliance master?!

what right do I have to do with you? " Yunxiao asked. what does it have to do with you? " You can just wait for your death!"

He took out two Jade boxes on the spot and crushed them. Two balls of Jade-like light burst out from them and flickered in his palms.

It was two level ten divine pills, and he put them in his mouth in front of everyone, swallowing them together.

Everyone revealed a shocked expression.

Each level ten divine pill was filled with vast spiritual Qi and regulations. An ordinary person would need a large amount of time to consume and absorb just one pill. Furthermore, they would need an expert to stand guard by their side to prevent any accidents from happening due to the pill's power being too strong.

He, on the other hand, swallowed two at a time.

Suddenly, spiritual light burst out from every pore of his body, making him look like a pill.

In the previous clash with Luanyu, he had struggled to return from the edge of life and death. His physical body had directly stepped into the void light realm, and his cultivation had also touched the barrier of the ultimate void realm. If he was given a few months of quiet cultivation, he would be able to break through.

Unfortunately, he didn't have the time, so he could only choose this violent method. In order to ensure the success of the breakthrough, he chose two divine pills at once, both of which had milder pill energy fluctuations.

But even so, it still caused his ethereal light realm physical body to swell up, becoming as round as a balloon.

Demon Lord PU was also stunned for a moment, then he laughed and said, "Haha, you're really going all out. Will you explode? I'm looking forward to it!"

Yunxiao was also a little regretful. The medicinal properties of the two pills were too strong, and they were clashing with each other in his body. His internal organs felt like they were being boiled in water, almost cooked!

two at once?" Duanmu Youyu was shocked. you ate too much.

"I know, I feel terrible!"

Yunxiao's body turned round, and as he spoke, snake-like spirit energy spewed out of his mouth.

After its body expanded several times, it finally stopped and began to maintain a certain volume.

Luanyu's eyes darkened, knowing that Yunxiao had taken control of the situation. He sneered and said, "You didn't explode, Xiaofeng can's light glass body is really something. Then let me help you."

In a flash, he teleported down from Shi Long's body and appeared in front of Yunxiao, thrusting his sword at his belly.

Yunxiao was so fat that he could not see his belly, but he sensed danger with a sweep of his divine sense. He made a hand seal and retreated, and two golden beams of light flew toward him.

It was six ding and six Jia, one striking out with a fist, the other forming a palm, striking towards the formless true self.

"Bang!"

The two golems 'fists and palms collided with the sword and were instantly sent flying.

The Luan feather sword Qi rose up again and chased over.

However, the other 10 puppets flew over and surrounded Yuri before launching their attacks in unison.

"Bang!"

After a huge tremor, luanyu's expression changed slightly. He jumped up, and his sword-wielding figure flashed in the air. He returned to Shi Long's body and shouted, "Attack!"

He had managed to escape the terrifying attack earlier because of Shi Long's protection, but he had also suffered quite a bit of injury. At this moment, he didn't dare to fight Liu Ding and Liu Jia head-on, so he immediately rode the Dragon and rose into the air.

Shi Long's body circled in the air for a while before he suddenly spat out a Dragon Breath.

Yunxiao quickly performed incantation gestures with both hands, and six Ding and six Jia immediately joined hands to pull open a barrier of light.

"BOOM!"

The dragon's breath hit the barrier, causing the surrounding to shake, but it couldn't break it.

Shi Long's eyes opened wide in anger as he spat out some words in dragon language. He then swung his tail and struck down.

The long tail was like a whip, and with a "PA" sound, it struck the light barrier. A loud "boom" sound rang out, and Liu Ding and Liu Jia's entire bodies were smacked into the ground. However, the barrier still did not break!

"What?"

Luanyu's face revealed a shocked expression. How can he be so strong?!

A large number of runes burst out from Liu Ding and Liu Jia's bodies, and the giant spirits stood up from behind them. Each of them held a light blade and slashed at Shi Long.

Luanyu's face flickered as he recalled the divine fiend apparitions condensed by these things in Yunxiao's battle with Qiu. His face turned solemn as he cried out, "Break them one by one!"

Shi Long's eyes turned red, and he turned into a beam of green light, rushing toward Liu Ding and Liu Jia!

A barrier appeared on the Dragon's body. It was almost solid and as hard as stone.

“BOOM!”

The entire true body of Shi long crashed into the twelve divine beings killing formation. Liu Ding and Liu Jia finally couldn't take it anymore and were sent flying.

Yunxiao was shocked. Shi Long's true body was definitely in the creation realm.

Li Yunxiao, The Grudge between you and me is over today!

With a towering aura, luanyu rode Shi long and rushed at Yunxiao. The Dragon's might rolled down, and wherever it passed, the earth below cracked.

From the beginning to the end, devil Lord PU watched luanyu and Yunxiao fight coldly.

At this moment, he suddenly raised his head to look at the sky and laughed, ‘ “You're so secretive, do you think no one knows who you are? Don't you feel too good about yourself?”

In the lonely sky, there was not a single moment of peace. The intense battle continued, and a large amount of light waves spread out.

A pair of eyes gradually appeared in the sky. It was as if they were a miniature of the entire sky, so deep that they were bottomless.

Kuwako watched quietly, looking at the battle between luanyu and Yunxiao, then at the demon Lord PU.

“The Lord of the Abyss, nine abyss?”

The pair of eyes did not speak. They were like stars embedded in the sky, emitting a bright light without any emotion.

Kua Zi glanced at demon master PU, then looked in Shi Long's direction.

Just as Yunxiao was retreating and Shi long was charging madly, the void shook slightly, and a huge hand reached out.

A Green Dragon rune appeared in the palm of the giant hand and flickered in the void.

Immediately, five-colored rays of light swirled around the palm and turned into the five elements true Kang Dragon Seal!

“BOOM!”

The void was shattered, and the five elements true astral Dragon Seal flew down, locking onto Shi Long’s back and striking at Luan Yu!

“What? That’s a Kasaya!”

Luanyu’s pupils contracted, as if he had seen something that made him angry. He roared, ” “How is this possible? Unfilial son, you’re still alive!”

Shi long also raised his head, and a ball of mist appeared on his huge dragon eyes. He seemed to be a little confused.

“BOOM!”

When the five elements true Kang Dragon Seal hit Shi Long’s head, the Luan Yu also received a huge impact. He flew back on the back of the dragon and only stopped when he reached Shi Long’s tail.

Yunxiao was taken aback as well, and he looked in the direction of the giant hand.

The void trembled and a man walked out. His face was thin as snow and he was dressed in a white robe. He had dragon horns on his head and the hair on his temples fluttered between his cheeks..
