

The Eternal 2141

Chapter 2141: siege

“Bang!”

Tian Si's dagger-ax sliced through the sword formation, carving out a path through it. With a flash, he charged out of it.

As soon as he stepped out of the array, a Thunder seal rolled in the sky and pressed down with a radius of a hundred acres!

“BOOM!”

The lightning strike landed on Tian Si's body without any deviation, and the bolts of lightning pierced through his body, causing his flesh and blood to explode.

Ning keyue suddenly opened her eyes, and a stream of spiritual power rushed into Yunxiao's Thunder World.

That mental energy was like an ocean, sweeping up Tian si and teleporting him away.

Tian Si was sent to the side of the ultimate in a sorry state, his body was covered in blood, and he said in embarrassment, “Sir, I'm sorry.”

Ning keyue looked calm and said, “You're not his opponent. Go and kill these five void God Realm Warriors first.”

“Yes!

Tian si responded and raised her halberd to strike at the five of them.

The five of them were still trapped in the illusion and seemed to have encountered great confusion. All of their faces were pale, large beads of sweat rolled down, and their bodies trembled slightly.

Ning keyue didn't move at all. Although she looked calm, her eyes were filled with worry.

It seemed that trapping the five of them had consumed a great deal of her energy.

Yunxiao was taken aback. With a roar, he gathered thousands of Thunderbolts in his palm and threw them at the red light!

“BOOM!”

There was a layer of white light on the lightning. With a full-powered strike, it directly charged into the red light and shattered the great illusion array!

Al's heart trembled, and he muttered to himself, 'it's indeed the Warlock God's light!'

Under Yunxiao's Thunder technique, there was also the powerful great expansion divine technique, which had fused together.

The red barrier shattered like a mirror, and the scene inside became clear.

The five of them trembled and immediately came out of the illusion.

However, the sudden change in the situation still made the five of them feel uncomfortable.

Tian Si was the first to rush to pan Yi's side, and the moment he emerged from the illusion, he slashed down with his blade!

“Bang!”

Pan Yi was shocked. He couldn't Dodge in time and could only raise his hand to block it. The sharp dagger-axe cut into his arm, causing a metallic luster.

Blood flowed down the dagger-axe and dripped onto the ground.

“A void light realm body!” Tian Si's expression changed slightly.

He suddenly poured all his strength into the spear. With a “clang,” the spear spun in his hand and directly cut off pan Yi's arm, sending it flying into the sky.

Then, he turned his dagger-axe and aimed it at pan Yi's throat.

Pan Yi's hand was in pain, but it was this pain that woke him up completely. He formed a seal with his right hand and pointed at the battle spear.

With a “bang,” the two of them suffered a huge backlash at the same time, and they both flew back several steps.

Pan Yi furrowed his brows as he looked at his left hand, which had been cut off.

This was the first time in his life that he had suffered such a heavy injury.

Fortunately, this kind of physical injury could be reattached, so it was not a big

uccl.

The other four also woke up from the illusion, but they all looked tired and had suffered injuries of varying degrees.

Yi was originally the strongest, but he was the last one to be injured. Half of his body was covered in blood, which kept dripping down. His face was cold as he stared at ning keyue with hatred and fear.

The rest of the people couldn't help but suck in a breath of cold air, feeling a chill down their spines.

Gu Qingqing shouted angrily, "kill her quickly!" This person's demonic Arts are too strong!"

The Liao brothers and Phoenix had already made their moves even without her warning. The illusion just now was too terrifying. If they were to experience it again, no one was confident that they would be able to come out alive.

Under the joint attack of the four people, ning keyue did not panic. She just smiled and stepped back to distance herself from the four people. She smiled and said, " Li Yunxiao, you're stronger than I thought. You can actually break free from my great illusion barrier. Was this because he had cultivated a demonic technique? Tsk, tsk, no skills are indeed extraordinary."

Yunxiao glanced at pan Yi, who was fighting hard with tiansi.

Even though he had lost an arm, pan Yi was still extremely engrossed and proficient in the study of martial arts techniques. He displayed all sorts of movement techniques and void end as he fought with Tian si.

Yunxiao no longer cared about pan Yi. Instead, he transformed into a Thunderbolt and caught up with the four men to besiege ning keyue.

The entire sky of the illusory realm was shattered, and Ai and Huang could no longer maintain their wizardry barrier.

"Mister!" Huang shouted.

“Bullsh * t!” Al nodded and shouted.

With a shout, the two of them retracted their hands at the same time. Instantly, a terrifying shock wave rumbled out, as if ten thousand lightning bolts had rolled across the sky and the earth, shattering the illusion!

“BOOM!”

At the border of the East and West regions, a terrifying green light soared into the sky, and several valleys were instantly razed to the ground.

A large number of demons suddenly flew out from it and fled in all directions.

Fortunately, they had made preparations in advance and made all kinds of arrangements. Although some people were affected, most of the demons still managed to escape.

Under the leadership of the tribal leaders, tens of thousands of demons began to flee.

After Yunxiao joined the battle, ning keyue was obviously no match for him. She retreated while fighting, but she was retreating toward desolate.

Huang wanted to avoid it, but he was shocked when he saw ning keyue’s Red eyes. He shivered and looked confused.

“Your Majesty!”

Al was shocked. It quickly formed hand seals with both hands and spat out a wave of demonic language. It reverberated in the air and shook Huang’s eardrums.

Desolate’s ears were bleeding. The sound wave was so powerful that it had barged into his head and pulled him out of his confusion.

Huang shivered. He was instantly scared.

Yunxiao and the others were shocked as well. Under the joint attack of the five of them, even a real creation realm expert would be knocked down.

However, ning keyue was still calm. She didn't face them directly. In this situation, she was still able to cast illusions on desolate.

"What the hell, how can he be so strong!"

Gu Qing Qing's back was also covered in cold sweat. She suddenly felt like she was fighting the abyssal creatures in the sky above the forest of the sea.

That feeling was that no matter how hard you tried, you would always feel powerless. The other party's strength seemed to be unfathomable, so that you would never be able to reach the bottom.

how can there be such a powerful monster?!

The more Gu Qingqing killed, the more anxious she became. An inexplicable fire burned in her heart, and each move was stronger than the last.

"Bang!"

Finally, he hit ning keyue with his palm and tried his best to break her body-protection genuine vitality.

"Pfft!"

Ning keyue spat out a mouthful of blood and her face turned pale!

"Well done!"

Yunxiao and the others were overjoyed. All kinds of attacks came in an instant and fell on ning keyue like raindrops, seriously injuring her.

“Haha, she’s dead for sure now!” MO was ecstatic.

Gu Qingqing let out a deep breath and felt relieved. She smiled and looked at ning keyue, who was falling from the sky.

The smile on Gu Qingqing’s face suddenly froze, because she found that ning keyue was also smiling, and her smile was a little strange and sarcastic. “What’s going on? You’re going to die, and you’re still laughing?”

Gu Qingqing snorted angrily. Suddenly, she found that something was wrong. Yunxiao and the others were all gone, and she was the only one left in the world.

“Illusion!”

She screamed in horror. There was no one around, and even ning keyue was gone. She was the only one left in the vast land.

Snow began to fall from the sky, and a cold feeling immediately spread through her body.

Suddenly, a ray of green light shot out from the void, charging towards her with the power of an extremely strong sound wave!

“Gu Qing Qing!”

It was Yunxiao’s roar. Suddenly, it trembled, and the whole world changed.

Gu Qingqing suddenly returned to reality, and her pupils shrank. Ning keyue’s golden sword had already stabbed into her heart.

In her shock, Gu Qingqing suddenly exploded with all her potential and struck at the golden sword with both hands!

“Bang!”

The golden sword streaked across her hands and pierced into her body with a “Chi” sound.

However, as she forcefully blocked it, it had already deviated from its previous position and avoided the heart.

Ning keyue smiled, just like in the illusion. She said, “It’s good to die in ignorance. It’s a blessing. Why do you want to return to the cold and cruel reality?”

Blood flowed down from the corner of Gu Qingqing’s mouth. She grabbed the sword with both hands and pulled it out by force, shouting, “I like the cold and the cruelty. What can you do about it?!”

“If that’s the case, then I’ll send you to a place that’s both cruel and cold.”

Ning keyue’s gentle voice sounded in Gu Qingqing’s ears, without any killing intent.

Gu Qing Qing’s body trembled, and a confused look appeared in her eyes.

“Stop!” don’t hurt her! Yunxiao roared as he thrust his sword at her.

“Hehe, don’t worry.”

Ning keyue stepped lightly and dodged the sword. She smiled and said, “I might have wanted to kill her before, but now, I’ve already sent her to the world she likes. so I don’t want to kill her anymore-”

Gu Qing Qing's entire body was covered in a layer of red light, quietly floating in the air.

In shock, Yunxiao shouted several times, but he could not pull her back from the illusion.

Ning keyue smiled. it's useless. This is a gift I prepared for her. It's not that no one in the world can solve this spell, but at least you can't.

why are you talking nonsense with her? " MO Han said. kill her quickly!

The underworld wheel flashed in his hand, and the sky and earth were split open. The terrifying power of the slash crushed over like lightning.

"Swish!"

Ning keyue's body was cut in half by the power of the slash, and blood gushed out.

"What?"

Seeing this, the referee was not happy at all. Instead, his heart sank.

Sure enough, there was no one else in the world other than him.

Yunxiao and the Liao brothers were taken aback. In their eyes, the judge suddenly stopped moving after he gave an angry shout, and then a red light, just like Gu Qingqing's, slowly emerged from his body and hung quietly in the air.

Ning keyue turned around and winked at the Liao brothers. "Don't worry, you two are next."

The Liao brothers were shocked and quickly closed their eyes, not daring to look over..

Chapter 2142 - ceremony

Yunxiao cried out in surprise. Just as the Liao brothers closed their eyes, ning keyue's figure flashed, and she appeared in front of the two brothers silently, slashing her sword at them.

Her movements were as elusive as a ghost's, and even with the two brothers' strength, they did not notice her at all.

"Bang!"

Yunxiao turned into a bolt of lightning and slammed into the golden sword, knocking it away. Only then did he reveal his true form, and the sword death slashed over.

"Bang! Bang! Bang! Bang!"

The two of them struck out hundreds of times in the air, and light rings spread out in the sky.

Lord star abyss, Lord star abyss," Yunxiao shouted. find a way to get Gu Qingqing and Phoenix out of the illusion, or they will be in danger.

He was the strongest in the Dao of illusions apart from the sinkhole, so he knew how powerful it was.

There was a kind of illusion technique that could not kill you, but as long as you stayed in it for a long time, the body would lose its spirit and soul. The soul would forever be trapped in the illusion and could never wake up.

When he heard ning keyue's words just now, Yunxiao immediately thought of the illusion.

Liao Xingyuan was shocked,"Alliance master Yun, why don't you?"

The five void-extreme divine realm experts were killed by ning keyue in seconds, and Yunxiao alone could not hold on.

I'm fine," Yunxiao said in a deep voice. the illusion of the ultimate is useless Against Me! As long as we can break her illusion, she won't dare to fight us head on!"

The Liao brothers thought for a moment and agreed. Ning keyue had been dodging from the beginning to the end. She had not fought them head-on except for casting illusions.

At this moment, Yunxiao had exchanged more than a hundred moves with ning keyue by himself, and the two brothers immediately understood the truth.

I'll leave this place to you, Alliance master Yun! Liao Xingyuan said. leave Gu Qingqing and Mo to us!

The two of them didn't waste any time and ran to Gu Qing Qing and Yu, trying to save them.

"Oh, you really think I only know illusionary magic?"

Ning keyue sneered. She turned her sword and pushed Yunxiao away, then turned and ran toward desolate.

"Isn't it? If the illusion is ineffective, who else can you win against?"

Yunxiao's face was gloomy. He would not allow her to escape, so he turned into a sword beam and chased after her.

Suddenly, a burly figure appeared in the air and blocked Yunxiao's way, throwing a punch at him.

"Bang!"

The sword beam was shattered by the fist beam. Yunxiao transformed into his true form and took a few steps back in the air. He felt his blood and Qi surging in his body, and the power of the punch was as vast as the sea, which was difficult to resist.

“Your Majesty!”

ah! Ai cried out in shock, his heart falling to the bottom of the valley.

The man standing in front of Yunxiao was none other than the demon Emperor, Huang. At the moment, his eyes were bloodshot and filled with killing intent, as if he had been taken aback and controlled by the ultimate.

Ning keyue appeared behind desolate and said with a faint smile, “Little Yao, show me the power of your true spirit. Let’s see if you can surprise me.”

“Roar!”

Desolate roared like a beast or a human, shaking the entire world.

“Is it finally under control?”

The space beside ning keyue trembled, and a figure appeared out of thin air. It was Tian si, who was holding a spear in his hand. His eyes were also filled with excitement.

Ning keyue nodded with a smile and said, “it took me some effort.”

Ai said in shock, “so your target is Yingluo.”

of course! Tian si chuckled. we’re here for li Yunxiao and Wu. You’re just a bunch of scumbags. There’s no need for Your Excellency to waste his time on you.

Having lost his opponent, pan Yi also flew to Yunxiao’s side. His severed arm had already stopped bleeding, but it was temporarily unable to display its power. He could only wait until after the battle to reattach it.

Desolate's face turned extremely ferocious. His power kept rising, and the space around him began to change.

Yunxiao looked on coldly. The entire mountain had been destroyed in the fierce battle earlier, and it was a scene of utter defeat.

Under desolate's strange power, the sky darkened as if some ancient demon beast had come to this world.

"Your Majesty, please stop, please!" Ai cried out in alarm.

His face was filled with shock and anger. Desolate's energy was increasing, and his body was expanding. His terrifying power suppressed the entire area, but his face was becoming more and more demonic, and his consciousness was getting weaker and weaker.

This wasn't the worst. Once "nothingness" fully descended, desolate couldn't control it. It would be killed by the backlash.

"Hehe, stop? What a joke."

Chapter 2143 - above the rules

"What did you say?"

Yunxiao trembled violently as he cried out in shock, "what did you just say?!"

Ning keyue calmly repeated her words and said, "Don't you want Murong Zhu to come back to life?"

"Haha, what kind of joke are you telling? Keyue, you've really been poisoned by the ultimate!"

how can the dead be resurrected? ” Yunxiao laughed angrily. how can the dead be resurrected? ”

Ning keyue smiled and raised her hand. With a wave, a beam of light fell down and blew up a mountain in the distance.

Yunxiao looked at him coldly, puzzled.

“In the eyes of an ordinary person, if you tell him that you can break a mountain with one punch, will he believe you?” ning keyue said. Yunxiao’s eyes narrowed as he said coldly, ” “What are you trying to say?”

Ning keyue said, ‘with the knowledge of a mortal, I naturally think it’s impossible. Similarly, with your knowledge, you naturally think that the dead can not be resurrected.’

“Bullsh * t!” Yunxiao scolded angrily. It was impossible to resurrect the dead! From ancient times until now, there has never been any record of it, not even a

legend!”

Ning keyue smiled and said, “how can those real secrets be recorded in the history books?” Have you seen any records of the true Dragon’s body in the history books?”

Yunxiao pondered for a moment, then said, ” “Don’t you try to bewitch me. The death of a true dragon is the sign of the five decays of heaven and man. Besides, it’s possible that you can’t defeat powerhouses of the same level. I’ve cultivated four great divine arts, and my understanding of the realm Power’s rules of the heavenly martial realm isn’t much worse than yours. It’s impossible for a dead person to be resurrected. Keyue, wake up!”

‘ Rules of the realm? Hehe.’

Ning keyue suddenly smiled and blinked. “But what if it exceeds the rules of the realm?”

“What? What do you mean by surpassing the rules of the realm?”

Yunxiao was shocked, and he seemed to have vaguely caught the key.

Ning keyue said, “the frog in the well can not speak in the sea because it is restricted by the rule of ‘well’.” Summer insects could not speak of ice and snow because they were restricted by the rule of ‘summer’. At the same time, you are also restricted by the rules of the ‘realm of heavenly martial arts’.

His words were like an epiphany that shook Yunxiao’s mind.

Even those from the heavenly martial Alliance, Ocean Emperor Palace, and AI were dumbfounded, as if they had heard something incredible.

“Beyond the rules of the Tao Wu.”

Yunxiao murmured to himself. Suddenly, he thought of ancient God Maha. It was because he had surpassed the laws of a realm that he was destroyed by the power of laws of the heavenly martial realm, because the realm power could no longer contain him.

“Young master Yun, don’t be fooled by him!” Al suddenly shouted. Even if something ‘exceeding the natural order’ exists, it doesn’t mean that he can resurrect the dead!”

Ning keyue said, “indeed, it doesn’t mean anything. But I just saw a higher mountain and moved forward.” “As for you, your horizons are still very limited. How can you understand the greatness of this universe? ‘Li Yunxiao, don’t you want to look ahead? Even if it’s just a slight chance to revive Murong Zhu, don’t you want it?”

Yunxiao’s heart trembled, and his head was covered in cold sweat.

He raised his eyes to look at Murong Zhu’s appearance, but it was Tian Si’s cold smile and ridicule. He suddenly felt as if a knife was being twisted in his heart.

If there really was a glimmer of hope for Murong Zhu to come back to life, he would definitely do it regardless of everything.

But was there really such a thing?

No one could answer this question. It was like a stone that kept sinking into the endless darkness without any response.

Ning keyue squinted her eyes and smiled. don't hesitate anymore. Give me the power of the moon pupil. Let's go to the endless future together.

Yunxiao trembled. His mind was in a mess, and he seemed to be distracted by ning keyue. The demonic pupil in his left eye gradually dimmed. The right eye that he had stabbed slowly opened again, and it was as red as blood.

"Not good!"

"Hurry up and stop them!" Bo mu cried out in alarm. Li Yunxiao has been tricked!"

The Liao brothers were shocked and immediately flew up.

However, a loud roar came. Desolate, who hadn't moved at all, suddenly punched out. Rumbles were heard as the endless void was shattered. The terrifying Qi waves hit the two brothers, pushing them away.

"Pfft!"

The two brothers were hit by this punch and immediately spat out blood.

Liao Xingchen was shocked. how can he be so strong?!

Bo MU's expression was extremely unsightly as he said, 'this demon Emperor has probably already reached the peak of the void realm.'

"The peak of the void realm!"

The Liao brothers "faces were full of bitterness, while Al Hui was filled with grief and indignation.

Desolate's power was still increasing, and it would reach the creation realm soon. In that case, he would definitely die.

Tian si laughed sinisterly and said, " this demon sovereign is not bad. He can still use some of his remaining energy before he dies. I hope he won't explode from the power of 'nothingness' so soon.

Ning keyue looked at desolate and said, " he and 'Wu' are hosts. Plus, the monster race has strong bodies. They can still hold on for a while. Let's hurry. If the demon sovereign explodes, those minions will come to cause trouble again. It will be troublesome."

'Yes.'

Tian SI's expression turned grave as she stood in the air, making a hand seal with one hand.

Ning keyue did the same thing, but the seals were different.

Yunxiao's face was filled with ferocity, and his lunar pupils protruded out, occupying half of his face. He also stepped forward and performed a strange incantation gesture.

The three of them formed hand seals at the same time, and the seal power in their hands immediately emitted a red light. The red light combined tightly together and condensed into a huge red light that surrounded them all.

Soon, the red light was like the morning light before dawn, blooming in the entire dark space, penetrating layers of space and time.

The shadow of the ultimate slowly appeared behind ning keyue. A huge blood-red eye rose into the air. There were tens of thousands of runes in the eye, shining in a mess. It looked at the depths of " nothingness.

In an instant, a huge red pillar of light shot into the sky from the center of the three seals, shooting into the dark night and traveling ten thousand miles in an instant.

"What kind of ceremony is this, Yingluo?"

Al Hui looked at the red light in horror. He felt the terrifying power as vast as the sea. Layer after layer of fluctuations rippled out, causing his mind to be agitated.

Even with the Warlock God's light, it was difficult to block the impact of the red light's fluctuations. His heart was in turmoil.

"Quickly retreat!"

The Liao brothers also noticed the abnormality, and they quickly retreated with Gu Qing Qing, Yi, and the others.

It was only when he was hundreds of miles away that he was finally freed from the terrifying pressure and felt slightly more relaxed.

However, everyone's heart was extremely depressed.

"Big brother Yunxiao! Hurry up and save big brother Yunxiao!"

The water deity cried like a weeping beauty.

Everyone lowered their heads in shame and anger, and no one dared to answer her-

It wasn't that they were afraid of death, but it was a very unwise choice to rush up at this time.

"Water deity, don't mess around!" Polong said in a deep voice. Now, we can only wait and see, and wait for an opportunity to save li Yunxiao!"

The water deity cried, "we've already flown hundreds of miles, how can we wait for an opportunity?" Even if there's an opportunity, it's too late!"

Poron was stunned for a moment. What he said was true, and he could not refute it.

don't worry, water deity," Duanmu Youyu said as he counted on his fingers. li Yunxiao is safe.

"Really?"

Only then did the water deity relax. She still had a lot of trust in Duanmu you Yu's divination.

Duanmu Cang turned his head and looked at Duanmu you Yu with a strange expression, as if he was asking.

Duanmu Youyu shook his head slightly and sighed.

Immediately, the two of them looked worried.

He did want to divine Yunxiao's fate and the result of the ritual, but Yunxiao's fate was connected to the heavenly Dao, and the power of the ritual was far beyond his ability to see.

What he said just now was just to comfort the water deity.

Only the water deity believed it. The rest of the people could see Duanmu Youyu's worry.

“Everyone, hurry up and recuperate,” Bo mu said. “There might be a tough battle to fight later.” Gu Qing Qing and Yi told me to come and check on their situation. Can any of you contact the heavenly martial Union and ask them to send more experts over? Otherwise, I’m worried that Yunxiao will regret it!”

He did not finish his sentence, but everyone could tell that Yunxiao would lose his function once the summoning ritual was over.

Lord Bo MU’s words make sense, ” Duanmu Youyu said in surprise. I’ll immediately contact Lord Mu Ling di of Yanwu!

Bo mu nodded, and began to check on Gu Qing Qing and MO Lai. The two were still covered in the red light, and their faces had a strange expression, as if they were in pain.

Bo mu frowned and began to use a Divine Art. A golden light descended, scattering over the two like a warm sun, slowly seeping into the red light.

The true sun tactics had once freed him from his demonic nature, and it had a certain effect on the special technique. Although it couldn’t completely get rid of the red light on the two, Gu Qing Qing and Yu’s faces began to calm down, and they were no longer in pain.

this illusion is very evil. Let me take a look.

Not far away, Al Hui stepped forward and volunteered himself.

“With Mister’s help, that’s for the best,” Bo mu said, overjoyed.

Al was full of worry. He sighed. I’ll try my best. The ultimate’s illusions are too strong. I’m afraid they’re unparalleled.

“I’ll do my best,” Bo mu nodded.

Al nodded. His eyes fell on the two of them with a complicated expression.

One of them had sealed the demon Emperor three thousand years ago, causing the demon clan to be unable to recover from the setback. They had been struggling at death's door in the illusory realm of stars and moon for three thousand years.

The other one was the descendant of the demon Emperor, the strongest warrior of the demon clan after desolate. Judging from the current situation, desolate was going to fall. The matter of reviving the demon clan in the future would fall on this man.

Al Hui sighed a few times in his heart. His eyes could not help but turn slightly to the place where the red light was.

In the prison of the illusory realm of stars and moon, there was still a peerless great demon expert. Originally, he also had the Fortune of the heavens, but he lost in the end. After his cultivation was wasted, he was locked up in the dungeon. Now that the illusory realm of stars and moon was destroyed, he was most likely dead.

Shang's figure appeared in Al's mind, and he sighed.

Originally, if the three powerful demons could join forces, the revival of the demon race would be imminent. But now, there was only one left, and he was unconscious.

He immediately got rid of all the distracting thoughts in his mind and began to focus on checking the condition of Zheng and Gu Qingqing..

Chapter 2144 - purpose

What Aesop didn't know was that, in a Mountain Valley thousands of miles away from them, there was a man with a long face.

At the point where darkness and light met, a ray of green light suddenly appeared and fell down. With a “boom,” a deep pit was created in the ground.

Three figures emerged from within.

They were Shang, Li, and a young man in a green robe. He was handsome—it was the second wood spiritualisation divine green.

The three of them looked at the boundless darkness in front of them with grave expressions.

Yi looked ahead, his eyes filled with disappointment. He sighed, “You’re finally out. Thank you, Xiao Qing.”

“No need. Give me the armillary sphere. I still need to help you with this small matter,” Qing Zhu said indifferently.

“I’m useless now,” Shang laughed bitterly. The armillary sphere is useless to me. If there’s a chance in the future, you can return this Saint artifact to the demon race.”

Qing nodded. Alright. Once I’ve comprehended the rules within, this Saint artifact won’t be of much use to me. I’ll return it to the demon clan then.

No. Shang shook his head bitterly, “no matter how much Huang calculated, he would never have known that there was someone hidden in the armillary sphere. And it was you, the second wood spirit.

“It’s lucky that Qing is here, or the armillary sphere would have been taken by Huang,” Li said. .com

Qing said, “misfortune is a blessing in disguise. Although you managed to protect the armillary sphere, you angered Huang and his true body was destroyed. If I had given him the armillary sphere back then, perhaps he would have been able to retain his cultivation.” It’s not that I don’t want to keep my cultivation,” Shang shook his head. It’s just that I have a premonition that my luck has run out, and my path to the divine path has come to an end. “Oh?”

Qing Zhu raised an eyebrow.

“Lord Shang, that won’t happen!”

Li burst into tears. He covered his face and tried his best to hold back his tears, afraid that he would be too sad.

“Li, don’t cry.” Shang was calm, smiling. In fact, I’ve had this feeling for a long time. I’ve been asking myself this all this time, am I really the one chosen by the heavenly Dao? I’ve never doubted it before, because if it’s not, then what’s the point of me traveling through tens of thousands of years to this era?” Lord Shang is the Emperor of all demons! Li sobbed, “ in my heart, he is the

eternal Emperor of all demons!

“I’ve been reminiscing about this life while I was in the dungeon,” Shang replied with a smile. From tens of thousands of years ago until now. All sorts of things appeared in my mind. I suddenly felt that even if I wasn’t the one chosen by the heavens, there must be a reason why the heavens sent me to this era after tens of thousands of years.”

“So you’ve figured out your purpose?” Qing asked.

“I have to do something for the monster race,” Shang nodded.

“They treated you like this and you still think of them!” Li burst into tears.

“Winner takes all,” Shang laughed, “that’s the law of history. I’m a member of the monster clan. It’s not related to how desolate treats me. ” He stopped smiling and looked ahead worriedly. “The illusory realm of stars and moon has been destroyed. What exactly happened?”

Qing Zhu was also looking forward. It retracted its gaze and said, an incredible figure has appeared! To think that it’s the master of the eye race, sinkhole!

“Ultimate?”

Shang and Li were both stunned, obviously not.

the eye race was an extremely powerful race during the ancient true spirit era, Qing explained. even many true spirits were controlled by their demonic eyes, and they disappeared without a trace. I didn't think I'd be able to see the ultimate.

He, who had always been calm, now had a serious look on his face.

“What's his cultivation level?” Shang asked in shock. Do you have a grudge against my monster race?”

back then, the ruins of end was the true Dragon's right-hand man, ” Qing said. he was also a World King realm expert. But now, it seems like he's only in the creation realm. I don't know how this old monster managed to survive until now.”

“Then what is he doing now?” li could not help but ask.

“I don't know,” Qing Zhu shook her head. This darkness should be the inner space of the true spirit 'Wu'. The eye race is a very dangerous race and they must be plotting something.”

no wonder he came to the monster clan, ” said Shang. desolate is the only existence that can contact 'Wu'. I wonder if it's good or bad for the monster clan.

“It's most likely a bad one,” Qing Zhu replied indifferently.

“I think so too, ” the referee said with a bitter smile.

“Let's go, there's no point in staying here.” Qing Zhu said. If they were targeted by the sinkhole, everyone would be finished. Have you decided where to go?”

“Do you still remember the human male who had the ‘mother’s power’ in the demon land?” Yi nodded.

Qing nodded and asked, “Are you sure that’s the ‘mother’s force’ of the demon race?”

“Of course,” Yi smiled, “the other races might not be able to sense this power, but I’m sure of it. That is indeed the power of the ‘mother’.”

the so-called ‘mother’ should be the ancestor of all demons who gave birth to the five insects, seven birds, and nine beasts,” Qing Zhu said, frowning. he’s also a famous expert in the heavenly martial realm for a long time. However, it has also disappeared for many years, and the ancestral power of the demon race is also scattered among hundreds of demon tribes. How can there still be the ancestral power of the mother?”

the mother’s power is the demon race’s origin power,” Yi said. I’ve sensed it before in my tens of thousands of years of sleep, so the power in Li Yi’s body makes me feel very clear and familiar.

Qing said, “so, you’re referring to him?” You want to extract his mother’s power?”

“I did have such an idea before, but I failed,” said Yi with a bitter smile. Furthermore, my cultivation body has been destroyed, so the mother’s power is of little use to me. However, I still have my demonic power and profound Qi, which can help him to reach a higher level.”

“What?”

“Lord Shang,” Li said with a trembling voice, “you will die if you lose your demonic power and essence!”

“I can’t care about life and death anymore. Since I’ve been in this era for tens of thousands of years, I have to do something,” Shang said.

Qing said, “if that person really possesses the mother’s ancestral power, he will definitely be extraordinary in the future.” Alright, I’ll go with you to find that human male.”

Greenie's body turned into a green light that covered Shang and Li, and it turned into a ray of light and flew into the sky.

The darkness in the sky continued to expand, and 'Wu' seemed to want to release all the space in his body. Soon, it covered a thousand miles.

In the center of the darkness, a huge red pillar of light shot into the sky, reaching the end of the void and exploring the endless land.

Ning keyue, Tian si, and Yunxiao's faces were solemn as they each performed a hand seal and stood still in the air for several days.

As for demon Emperor desolate, under the descent of Wu, he even broke through the shackles of the extreme void realm and stepped into the creation realm.

However, it only lasted for a moment before it exploded and completely dispersed into the sky, no longer existing.

A hundred miles away, the Liao brothers and the others tried to break the red light after seeing desolate's death. However, they found a dark force surrounding the red light and blocking their attacks.

"That's the power of 'nothingness'! Nothingness 'is protecting them!"

"How could this be?" Liao Xingyuan was shocked.

Bo mu shook his head. this is the most mysterious true spirit. I don't know if it has any sentience. We can't estimate its actions either. Let's wait until the end of the sinkhole ceremony before we decide.

Everyone had no choice but to leave resentfully.

Moreover, under Al's treatment, the red light on Gu Qingqing and Yuan's bodies had weakened a lot, but it had not dissipated completely.

Al Lei was covered in sweat, but he still persisted.

The next day, the red light had not dissipated, but Lingmu di and the others had all rushed over from Yanwu. They were all shocked by the strange scene.

“Sister Hongyan, please save brother Yunxiao!”

As soon as the water deity saw Qu Hongyan, she rushed over and cried.

Qu Hongyan was also worried and said, “What’s the current situation?”

Lingmu di had come with more than fifty men. Except for those who were in seclusion, almost all the experts in Yanwu had been mobilized.

Liao Xingchen immediately explained everything that had happened, including the incident in the forest of the sea in detail, leaving everyone dumbfounded.

I can’t believe so many things have happened,” Lingmu di said in a deep voice. and so many powerful people have come out!

Liao Xingchen nodded and sighed. we’ve really been ignorant in the past. I didn’t expect that there would be so many terrifying existences in the heavenly martial arts realm.

Lingmu di looked at the red light in front of him worriedly and said, “You can’t even break through that red light with your strength?”

there’s the power of ‘nothingness’ protecting it,” Liao Xingchen said. but there are so many of us here. It shouldn’t be a problem.

“Right!”

Qu Hongyan's eyes also shot out a fierce look and she said coldly, "With all of us working together, even if it's 'nothing' itself, we'll still be able to blast it to death, let alone the 'nothingness' barrier! First kill 'Wu', then kill that sinkhole!"

what I'm most afraid of now is whether it will affect Li Yunxiao after I break the enchantment," Lingmu Di said worriedly. I'm not sure. He was only cooperating with the ultimate to perform the ritual, so his life should not be a problem. However, if we rashly disrupt the ritual, no one knows if there will be serious consequences."

"Are we just going to let them finish the ritual?" Qu Hongyan asked anxiously.

Lingmu Di nodded and said, "that's the only thing we can do for now. Judging from the current purpose of the ultimate, it's only to recall its own people. It doesn't mean much harm to Yunxiao. We just need to make preparations. After their ceremony is over, we'll save Yunxiao, and then we'll attack the ultimate and the eye race."

Bo Mu also nodded. Lord Mu Di's analysis is extremely logical. The pupil clan is too terrifying. If they were summoned back to commit evil, it would be a disaster no less than a demonic tribulation!

that's right," Lingmu Di said. that's why Yunxiao has to save them, and the pupil clan has to be destroyed. everyone, get ready and wait for my orders," he ordered. if anything unusual happens, we'll act immediately!

"Yes!"

yes, master! everyone replied in unison. They sat cross-legged in the air and began to recuperate, waiting for the battle.

After a few more days, the red light in front of them finally changed.

The area that was originally a few thousand feet in radius suddenly expanded, reaching tens of thousands of feet away. The pillar of light that shot into the sky also became slender, as if it was about to dissipate..

Chapter 2145 - disappeared

it's almost over?!

Everyone was shocked and quickly became alert as they flew towards the red light.

At this moment, inside the red light, the figures of the three people gradually became clear. The red light was like willow catkins that scattered in all directions. It was like a dream and was very dazzling.

"Flying!"

Qu Hongyan called out a few times outside the red light, but she did not see Yunxiao move.

everyone, get ready, " lingmu di said in a deep voice. as soon as the barrier of

'nothingness' dissipates, we'll immediately attack and kill the ruins of end and Tian si!

Water deity was shocked. but Qianqian's body is lady ning keyue. Qianqian is brother Yunxiao's best friend. she said.

Lingmu di snorted, "we can't be bothered with that at this time." If the ultimate reappears on the earth, who in this world can control it?"

Everyone was silent and began to circulate their Yuan techniques, ready to attack at any moment.

At this moment, a ball of golden light suddenly appeared in the center of the red light.

The golden light was like a ball, emitting a dazzling light and swallowing the red light.

Lingmu di and the others immediately felt a vast and mighty force spread out. They were all forced to take a few steps back, making it even more difficult for them to approach.

what's that?!

Lingmu di cried out in alarm.

holy artifact! Al shuddered and exclaimed, " holy artifact!

The Golden Ball of light slowly spun, and everyone immediately understood that it was the eye race's Saint weapon that the sinkhole had mentioned-the eye of a thousand years!

"Not good! Hurry up and attack!"

Lingmu di seemed to have noticed something. He suddenly exclaimed and grabbed the air. The reverse soul whip turned into a silver sword and stabbed forward.

The rest of the powerhouses were not willing to fall behind and also made their moves.

The entire space trembled with a terrifying sound, and there seemed to be the roars of ancient beasts reverberating in the darkness.

"Chi la!"

The 'void' couldn't withstand the power of so many experts, and it was actually torn apart by the terrifying pressure.

Lingmu di was the first to stab his sword into the golden light. Suddenly, the golden light became so bright that it pierced into everyone's eyes and even their bodies!

“BOOM!”

Everyone was shocked and furious, and they all threw out their ultimate moves!

Heaven and earth trembled, leaving only the ancient sound and the painful moans of the true spirit.

All the darkness was instantly torn apart at this moment. The coverage of thousands of miles was dispelled in an instant, revealing the blazing sun shining down from the sky.

The people who had their eyes closed felt that their vision was much better, and they opened their eyes one by one.

However, there was no one in front of him!

Yunxiao, the ultimate, Tian si, and even the lingmu flute, who had rushed to the front, had all disappeared.

“Flying!”

Qu Hongyan was shocked and flew forward in a hurry. The place where the three of them had performed the ritual was now clear and there was no trace left.

“How could it be like this?”

Qu Hongyan’s face turned pale and she stood in the sky in a daze.

She could no longer sense Yunxiao’s aura, not even that of the ultimate. Al’s expression also changed slightly, and he sighed, “They’re no longer here.”

Qu Hongyan gritted her teeth and said, “Mr.ai, how could this be?” He actually slipped away under everyone’s eyes. Even if that sinkhole is a creation realm existence, it can’t be so heaven-defying!”

“That’s right,” Bo mu also said in a low voice, “even if it’s a Saint artifact, how could it tear through the air without anyone knowing? I’ve never heard of it!” Al shook his head. it’s not that we didn’t know. We just didn’t know.

“What do you mean?” Bo mu was stunned.

“How long do you think it took for the golden light to Pierce into everyone’s eyes?” Al asked.

“At most five breaths,” qu Hongyan said after a moment of silence.

“What? Five breaths?”

“Why do I feel like it’s been as long as ten breaths?” Liao Xingchen was shocked.

Duanmu Youyu’s expression changed slightly, and he said in shock, “Don’t tell me it’s Qianqian?”

Al nodded and said, “in fact, we don’t know how long it has been.” Even I lost my sense of time and space under that golden light. In my opinion, that golden light trapped us for at least thirty breaths!”

“Thirty breaths! ”

Everyone was shocked. They couldn’t believe it and looked at each other.

“If there really is thirty breaths, then that would be too terrifying,” Bo mu said bitterly. If they have the time, why don’t they kill us? If we attack now, I’m afraid that no one will be able to resist.”

“I don’t know,” Al shook his head.

“If he had the time for 30 breaths, it would not be a problem for him to leave easily. That explains it,” Liao Xingchen finally said.

The water deity became anxious and pulled on Duanmu you Yu’s hand, saying anxiously, “Young master Yu, what should we do now? Quickly calculate if big brother Yunxiao is doing well and where he is.”

Qu Hongyan also looked over with expectation and doubt.

Duanmu you Yu was put in a difficult position. He calculated a few times with his fingers, then shook his head and sighed. these people’s heavenly fate is too strong, and their strength is extraordinary. I can’t divine it.

Qu Hongyan was immediately disappointed and looked a little dazed.

The water deity was so anxious that she cried, and she begged, “You must have not calculated it seriously, or you were unwilling to spend your lifespan to calculate it. How can you be so irresponsible and afraid of death? If big brother Yunxiao didn’t save you, you would have been killed by Feng Yaoli in the forest of the sea. Look at my mother, for the sake of divination, she’s been in a state of neither life nor death for so many years. Why don’t you have the spirit to sacrifice at all!”

Duanmu you Yu’s face was filled with shock. He did not know what to do and lowered his head in shame.

It was not that he did not have the spirit of sacrifice, but that Yunxiao would most likely be fine, because Yunxiao was bound by the heavens. If there was a limit, he would have sensed it, such as being ill at ease, but he had no premonition at all.

If he had to waste his lifespan just to calculate this, it would be too unworthy.

“Water deity, don’t mess around!”

“Shut up!” Poron angrily rebuked, his face ashen.

How could he not be concerned about Yunxiao's whereabouts? his beloved woman was still in Yunxiao's divine realm tablet.

we don't have any good ideas now," Liao Xingchen said. why don't we go back to Yanwu first and then think about it? " I have to report the matter of the ruling plume and the sinkhole to the island Lord immediately. With the island Lord's power, he might have a way. After all, Yunxiao is the leader of the heavenly martial Alliance, and the island Lord will definitely not sit by and do nothing. "

"Right! Perhaps Island Lord ye has a way!"

Qu Hongyan's eyes lit up and she immediately became spirited.

Liao Xingchen nodded and said, "let's go then."

Al, who was standing in the crowd, looked a little embarrassed, as if he wanted to say something but stopped.

Qu Hongyan noticed his change in expression and invited him, " Mr.ai, why don't you come with us? Now that the illusory realm of star and moon had been destroyed, the demon race was scattered in the Eastern and Western regions. It would be difficult to gather all of them in a short time. Furthermore, it won't be a day's work to reorganize the demon clan and find a place to settle down."

Al glanced at Richard, who was still unconscious, and nodded. "Then I'll have to trouble you all. Moreover, the techniques on these two people are extremely powerful. I also want to find a spiritual mountain and treasure land to try and help them remove their abnormalities."

"That's great!" Qu Hongyan was overjoyed. Yanwu was not only a sacred place, but also a place with ten rules.Mr.ai should have heard of it. With teacher's talent, under the rules of the ten directions, your Dao of magic will probably advance to the next level.'

"I hope so," Al replied with a bitter smile.

Without further ado, they searched the battlefield again. After confirming that Yunxiao and the others were indeed not there, they headed for Yanwu.

Along the way, Ai Ye would bring along any demon they encountered.

The people of Yanwu all frowned, looking a little unhappy.

After all, Qu Hongyan only invited Ai, but she had not gone far when Ai brought dozens of people with her.

Someone was unhappy and secretly sent a message to Qu Hongyan.

Qu Hongyan smiled and replied, "As you wish, Mr. Ai."

With Yanwu's current size, it was not a problem to accommodate the demons. It was just a matter of psychological acceptance.

After all, the battle at Five Cloud Mountain was so brutal that many people still remembered it clearly. They had a strong hatred for the demon race.

Qu Hongyan's thoughts were much more far-reaching. If the monster race could also be included in the heavenly martial Union, it would be an incalculable help.

Besides, it was not impossible. Now that Desolate had died and Shang was missing, Yuan was the only one left among the three top demon experts, and it followed Yunxiao's lead.

In addition, there were three great demons in Yunxiao's divine realm tablet. Among them, Lin was the Emperor of ten thousand demons from a hundred thousand years ago, a World King expert, and the descendant of the Buddhist demon, the strongest demon clan in the demon clan.

If Yi and the three great demons came forward, in addition to Ai's will, there was a great chance of pulling the demon race over.

Everyone was at a different level, so their perspective of the problem was completely different.

Many martial artists were still limited by their hatred for the demon race. As the backbone of the heavenly martial Union, Qu Hongyan thought of uniting all the forces to fight against the demonic tribulation.

Soon, the group returned to Yanwu with hundreds of demons.

At this moment, on a barren desert, sand and stones were flying all around, and there were few people.

Suddenly, the space trembled, and a thunderous roar came from inside. Then, free.c om

a ball of red light tore through the void.

The red light's terrifying power continued to spread out. Then, it exploded with a boom and light shot out in all directions.

Four figures emerged from within and flew down from the sky.

"What's going on? Where is this place?"

Yunxiao was shocked. Suddenly recalling what had happened just now, he looked around in horror.

Other than Ning Keyue and Tian Si, there was also Ling Mudi. He said in surprise, "Lord Mu Di?"

Yunxiao blinked, then rubbed his eyes and performed the great expansion divine technique with one hand. He then swept his divine sense over the Lingmu Di, fearing that it was an illusion again.

"No need to doubt, it's me," said Lingmu Di.

Yunxiao only believed him after scanning the area with his divine sense.. “Why has Milord come?”

Chapter 2146 - disobeying orders

young master Yu sent a message back to Yanwu, ” Ling mudi said. he said that you’ve been held hostage by the sinkhole. So, I mobilized my men and rushed over.

I’m sorry, ” Yunxiao said apologetically. I’ve troubled you, my Lord.

Lingmu di gave him a strange look and said, ” “When did you become so distant?” He looked around and said, ” I don’t know where I am. It feels uncomfortable. I’m afraid it’s going to be a little troublesome.

Yunxiao had always felt that the matter between him, the ultimate and Tian Si was his personal grudge and had nothing to do with anyone else, let alone the heavenly martial Alliance. So, he did not want anyone to get involved.

“This is Wufu.”

Yunxiao looked around as well. In addition to the rolling yellow sand and strong wind, there was also the scorching sun shining directly down. There was no moisture in the whole space, and it was so dry that it could make one’s skin chapped.

Ning keyue and Tian si also looked around, but their expressions were completely different.

Tian SI’s expression was grave as he looked up at the blazing sun in the sky. The scorching sun’s light was tinged with a faint golden color, similar to the sharp glint of the spear in his hand.

“Haha, a glance every thousand years! I’ve finally returned!”

Ning keyue suddenly laughed out loud. Her calm face slowly turned into a fanatical and ferocious one. She was extremely excited.

A look of shock appeared in Tian Si's eyes, but she quickly concealed it and hurriedly said, "Congratulations, my Lord! I've finally found my Saint artifact and the lost eye race!"

Both Yunxiao and Lingmu Di were shocked and vigilant. If they entered each other's Saint artifacts, they would be in great trouble.

Ning keyue laughed wildly for a while before she stopped and nodded. "My long-cherished wish has finally come true. Tiansi, you've also contributed quite a bit."

"It's my duty as your subordinate," Tian Si replied hurriedly. "Didn't Daren create this subordinate for this day?"

Ning keyue said, "You've contributed a lot. However, there's something that I've always been curious about. It's not convenient for me to ask. Now, it seems that I can ask."

"May I know what you are referring to, my Lord?" Tian Si's heart trembled.

Ning keyue pointed at Yunxiao and said, "From what I know, you were going to kill Yue Tong during the battle on earth and planet Tianhuang."

Tian Si's expression changed drastically, and he hurriedly said, "Why would my Lord think this way? You've really misunderstood me! After all, Yunxiao's strength was limited at that time, and it was impossible for him to fulfill your long-cherished wish. So, I just wanted to take Yue Tong back and find another suitable person."

"Oh, I see."

Ning keyue nodded. "I'm just curious. You don't have to look so pale and sweat."

“Yes, yes!”

Tian Si's face broke out in even more sweat upon hearing those words, and she hurriedly replied, “This subordinate's loyalty to Daren can be seen by the sun and moon, absolutely without disloyalty!”

Ning Keyue nodded and said, “I understand your loyalty, but there's one more thing I don't understand.” ‘Then, the lunar pupil in Yunxiao's eyes is not my son. What's going on?’ It seems that my son separated a part of himself before he died, which caused his strength to fall greatly. Otherwise, he wouldn't have been controlled by someone in the martial arts realm. So, I want to ask, do you know how my son died?”

“This subordinate doesn't know about this Suan ni!”

Tian Si's face turned extremely unsightly as he gritted his teeth and said, “This subordinate has always been in the depths of the world and has never left. How could I know such a secret?”

Ning Keyue's eyes turned cold. She smiled and waved. “I believe you. Come over here.”

Instead, Tian Si took a few steps back with a ‘shua’, his face turning even uglier than a pig's liver.

“What do you mean?” Ning Keyue asked coldly.

“Your subordinate's status is lowly, how would I dare to stand beside you, my Lord?” Tian Si's face was devoid of blood.

The surroundings suddenly became eerily quiet, leaving only the rustling of the yellow sand in the strong wind.

Naturally, Yunxiao and Lingmu Di had also realized that there was something wrong between the two, and they had also found out a lot of clues.

Yunxiao was even more surprised. He recalled what Ning Keyue had said before. After the ultimate fell silent, there was only one moon eye left in the sky, and his divine skill, heavenly deficiency, was

obtained from Red Moon City and passed down from the former city Lord of Red Moon City, but the moon eye he obtained was in the world of eternity.

He immediately had a rough guess in his heart. Among the previous city Lords of Red Moon City, at least one of them had been possessed by the son of the sinkhole and left behind the divine skill, heavenly deficiency, in order to awaken the sinkhole in the future.

For some reason, that generation's yuetong had died, and a descendant had split out of his body, which was the one in Yunxiao's right eye at the moment. In that case, the yuetong in Yunxiao's right eye should still be the grandson of the ultimate.

And the death of that generation's moon pupil who left behind the divine skill was most likely related to Tian si.

After all, when he first met Tian si, Tian si had wanted to kill Yue Tong with all his might. It was only after the appearance of the sinkhole that he hid this thought.

It seemed like Tian Si's thoughts were not as simple as they seemed, and he was not willing to be a vassal of the ultimate.

"Hehe."

If I ask you to come here, you have to come. Otherwise, you are disobeying my orders.

Tian si took a few steps back once more and gritted his teeth, "Daren isn't thinking of burning the bridge after crossing the river, right? If not for my help, how could you have returned to the manifestation stage so smoothly, and how could you have found the thousand-year eye so easily? even if I didn't make any contributions, I should have put in a lot of effort."

"Oh? You're a creature that I've created, and I'm your master. It's your duty to listen to me, and it's also the reason why I've created you and the meaning of your existence. Now you're talking about credit and hard work with me?" Ning keyue sneered and looked at Tian si sarcastically, as if she was looking at an ant.

Tian Si's face was pale. this subordinate is grateful to Sir for your grace of creation. I hope that Sir will spare me on account of my efforts.

“With all your heart?”

Ning keyue sneered. you killed my son and wanted to exterminate the moon pupil clan. You even wanted to refine me into a ‘weapon’. Is this all you’ve done? ” you ... Tian Si was shocked. so you already knew?!

“If the ritual didn’t require your power, do you think you could have survived until now?” ning keyue said.

Tian si turned around abruptly, not daring to stay a single moment longer as he fled into the distance.

“Haha, what a joke! You’re in my artifact space, do you think you can escape?” Ning keyue laughed. She made a hand seal and used her spiritual will.

The space in front of him trembled slightly, and a tremendous force pressed down on Tian si.

Gritting his teeth, Tian si brandished his halberd and slashed out!

“Swish!”

A beam of light shot out and immediately shattered the space. With a leap, he fled hundreds of miles away, disappearing in a few flashes.

“This bi an .

Yunxiao was taken aback, but he was not too worried, because he was in the Saint artifact space of the sinkhole. Unless Tian si tore the space apart and left, there was no way he could escape.

However, ning keyue's face became serious, as if she had encountered some trouble. She frowned.

sinkhole! Yunxiao cried out, " you let him escape just like that? "

Ning keyue pondered for a while and said, " "Strange." He then looked around.

"What's going on?"

Although Yunxiao did not know what was going on, he had a bad feeling in his heart, so he asked.

Ning keyue said, " this is definitely my Saint artifact. However, my control over it seems to have been suppressed. I can't use the power of the world as I wish. I can't even sense the world.

"What?"

Yunxiao was taken aback. He understood what ning keyue meant very well. The so-called perception of the world referred to everything that happened in the artifact space. If the owner of the artifact wanted to know, he could sense anything that happened in the artifact space at any time.

If she didn't have this kind of perception, there was only one possibility. Ning keyue was no longer the owner of this holy weapon!

"Could it be that Qianqian?"

Ning keyue frowned and looked up at the sky in surprise. She muttered to herself, "Could it be that this Saint artifact monastic robe has already been refined by someone else?"

"Refined by others? You must be joking!"

Yunxiao cried out in alarm. but ninc kevue did not look like she was ioking. If

she had not lost control of the Holy artifact, how could Tian si have escaped?

Ning keyue was much calmer. She said, " nothing is impossible. The thousand-year eye has been away from me for nearly a million years. It's not strange for someone to erase my mark and refine it again.

what? " Yunxiao was shocked. what should we do? " If this Saint artifact has another owner, then wouldn't our sudden intrusion be discovered by him?"

Ning keyue smiled and said,"isn't it better to know?" I was worried about the fate of the moon pupil clan. Now it seems that there should be many more powerful moon pupils. Hehe, that's great."

Yunxiao was taken aback, and then he fell silent.

"Do you really think it's a good idea?" Geng mudi asked. One must know that a mountain can not hold two tigers, and the example of the demon race was right in front of them. Do you think the current sacred artifact master can tolerate you, the previous sacred artifact master?"

Ning keyue raised her head and seemed very confident. She said, " "Of course! Don't compare me to those lowly monsters. I'm the ancestor of the moon eyes, and they are all my descendants!"

"Hehe."

"It's good that you believe in it. Don't forget that you were the one who created that Tian si," Geng mudi said with a faint smile.

The confidence on ning keyue's face immediately turned into shock. Then, she pondered and said, " Tian si is different. Tian si is just a tool that I created, but these are my true clansmen!

I hope so, " Yunxiao said. if my guess is right, the owner of this Saint artifact will come to meet us soon. He should have known the moment we entered the Saint artifact.

Ning keyue nodded and said, let's wait.

It seemed that she had no ill intentions toward Yunxiao. She sat cross-legged in the air and began to adjust her strength..

Chapter 2147 - overconfident

Yunxiao sat cross-legged as well, feeling the spirit Qi and power of the world.

The spiritual Qi in the eye of a thousand years was not abundant, but the power of rules was extremely strong, and it had the complete rules of the heavenly martial realm.

What surprised him was that even in a desolate desert, spiritual energy could flow out from the ground continuously. This proved that the Millennium was a self-circulating world, and it could live on and on.

After observing for a while, Yunxiao's complicated eyes fell on ning keyue. He sighed in his heart, then closed his eyes and began to recover.

Yunxiao's body recovered very quickly, and he had consumed much less energy than ning keyue, so he had recovered more than half of his strength. He suddenly opened his eyes and asked, "I'm very curious about something. How did you get into a conflict with luanyu?" Were you the one who caused the injuries on luanyu's body?"

Ning keyue ignored him and seemed to have entered a meditative state.

After a few hours, he slowly opened his eyes and said, "Aren't you asking too much?"

I'm just curious, " Yunxiao chuckled.

Ning keyue thought for a while and said, "luanyu's injury was partly because of me, but not mainly because of me."

"What? Is there anyone else who can hurt him?"

the true dragon of heaven and earth was at its peak," Yunxiao said in surprise. shouldn't it be the strongest in this world? "

Ning keyue said,"it should be, but there are exceptions." What happened to Zhiyu was his own fault, and I, Zhuanxu, also had my own reasons."

She suddenly sighed, and her eyes were covered with a layer of gray. Her gaze became cloudy.

Yunxiao pondered for a moment before he said, " "Since you don't want to tell me, then so be it. I'll ask you one more thing. Previously, you said that there was a glimmer of hope to come back from the dead. Was that true or false? Please tell me the truth and don't lie to me!"

Ning keyue raised her head, and the haze in her eyes disappeared."Do you think that's possible?"

"Bang!"

Yunxiao's punch smashed into the ground, stirring up endless sand and dust, which were then blown away by the wind. how can a dead man come back to life? Not even a sliver of hope! You're lying to me!"

Ning keyue said calmly, " I've said it before. A frog in a well can not speak in the sea. Your cultivation and knowledge are still too short. In this world, there is an extremely mysterious place called the 'land of reincarnation.' In the universe, everything with a spirit has to enter that reincarnation. If we can enter it, perhaps we can bring Murong Zhu back to life."

"The land of reincarnation?"

Yunxiao's heart trembled violently. If someone had told him this in the past, he would have thought that they were liars. But, since the projection of the light of reincarnation of the ghost king appeared, and he had sensed the power of reincarnation in the world of the six paths demonic weapon, he did not find it unacceptable when the ultimate told him this.

“Ridiculous!”

Geng mudi sneered disdainfully. “Yunxiao, you don’t believe me, do you?”

Yunxiao remained silent.

“Tsk, how can a frog at the bottom of a well know the vast ocean and the vast sky!”

Ning keyue said sarcastically, her face full of contempt.

“Alright, let’s not talk about this for now.”

Yunxiao suppressed the shock in his heart and continued to ask, “Then who are you now?”

Ning keyue looked at him coldly and said, “I’ve let you see everything you wanted to see. Why don’t you want to believe me? I’m ning keyue and the ultimate. I’m their fusion.”

then, can you still separate?” Yunxiao asked in a deep voice.

“Separate?”

Ning keyue’s eyes flashed fiercely as she said vigilantly, “What do you want to do?”

it’s nothing,” Yunxiao said. I just feel disgusted by the fact that you and keyue have fused together, so I want to separate you.

“How dare you say that in front of me? aren’t you afraid that I’ll kill you?” ning keyue said coldly.

if a part of you is really keyue,” Yunxiao suddenly smiled and said, “you wouldn’t have killed me.

“Oh, you’re that confident?”

“You are the murderer who killed her beloved brother Murong!” Ning keyue sneered.

Yunxiao frowned and said, “ you keep saying that you are the combination of keyue and the ultimate, but every time you talk about the ultimate, you say ‘I’, and every time you talk about keyue, you say ‘she’. How can I believe you? ”

Ning keyue laughed. even if it’s a fusion, there are strong and weak ones. The will of the sinkhole is naturally dominated by me. I’m naturally more inclined to the self of the sinkhole. Li Yunxiao, don’t even think about separating us!”

Yunxiao’s eyes were filled with worry as he remained silent.

Ning keyue snorted and continued to adjust her breathing with her eyes closed.

Yunxiao and lingmu di exchanged a look and asked each other some countermeasures, but both of them shook their heads.

Chapter 2148 - moon pupil city

The flames were like a dense net that covered the three of them, turning the area within a hundred feet into a sea of fire.

The Swan’s eyes flickered with anger, but it quickly turned into shock and then fear.

Yunxiao and the other two did not move, letting the flame burn their bodies as if nothing had happened.

such weak power, ” ning keyue said coldly. is it because the level of spiritual Qi in this space is too low that it can't produce powerful demonic beasts for you to possess? ”

The rest of the birds and animals also noticed the abnormality and turned pale with fright.

“Let's attack together!”

The Swan monster let out a loud cry, flapped its wings, and leaped up, charging toward the three of them.

The other ten or so birds and beasts also used their own divine arts to attack the three people.

“Hmph! You don't know your place!”

Ning keyue's face was gloomy, “I'm not angry at your rudeness.” However, as a guard of the palace, I only have such weak strength. It really makes me angry!

Go to hell!”

She stretched out her hand and clenched her fingers. The entire space was suddenly confined, and time seemed to have stopped.

The dozen or so birds and beasts were instantly fixed in the sky and the ground, unable to move.

A red light flashed in ning keyue's eyes, and then they exploded.

The desolate desert was filled with blood. All the ” vessels ” exploded, turning into thin raindrops of blood that floated on the ground.

After the body of the " container " exploded, the moon eyes flew out of the body in horror. Each of the moon eyes emitted a strange demonic light, and the surrounding void suddenly became blurry, as if they wanted to break through the void and escape.

"Tsk, what a joke! Do you think you can escape from me?"

Ning keyue sneered. A rune appeared in her eyes, and the slightly shaking void was restored to its original state.

In fact, she had already shown mercy, otherwise these moon eyes would have all died just now.

More than ten moon eyes were frightened by ning keyue's means. After flying in the air for a while, they flew away.

"You, I think. You're the captain, right?"

Ning keyue reached out with her bare hands, and the moon pupil on the Swan monster's body was pulled back into her hands.

" spare me! Yue Tong cried out in fear, " Lord, please spare me!

"The weaker you are and the more afraid you are of death, the angrier I will be and the more I will kill you!"

Ning keyue was so angry that her eyes narrowed, and a red light rushed into the moon eyes.

The moon eye let out a shrill scream and struggled violently. However, in just a few moments, his body went limp and he died.

Ning keyue threw the dead Moon eye on the ground and said, " "So that's how it is. I have a basic understanding of the situation in this space. If you don't want to die Here, then follow me."

She directly tore open the space, forming a huge vortex, and a passage appeared.

Without even looking at Yunxiao, she walked into the passage.

“Let’s go,” Yunxiao said. He and Geng mudi followed behind.

The inner passage of this holy weapon was not much different from that of the heavenly martial arts realm, and it was more stable, without all kinds of terrifying energy turbulence.

A moment later, in the sky above a huge city, the wind and clouds surged.

A thunderous sound came from the void, followed by a loud “boom” and a huge hole was blasted in the sky.

Ning keyue and the other two walked out one by one.

“This is a Kasaya.” the city of moon pupil?! Yunxiao looked down and cried out in surprise. The giant city below was thousands of miles away, and one could not see the end with a glance!

The city was bustling with activity, and all kinds of monsters walked about. There were no less than a hundred million people!

Both Yunxiao and lingmu di were taken aback, and their eyes were filled with horror. There were so many lunar pupils! It was completely beyond their expectations!

The moon eyes were attached to various “ containers “. Most of them were birds and beasts, but there were also humans and demons. They lived in an orderly manner.

haha, so many of my children and grandchildren! I can feel their power! Ning keyue’s eyes lit up. She was so excited that her body was trembling.

Yunxiao only felt that he was a little too happy.

Lord Guixu, "Lingmu di suddenly asked. Are you planning to move all the lunar pupils in this city to the realm of heavenly martial arts?"

Yunxiao trembled as he immediately thought of the key to the problem.

"Of course!" Of course! Ning Keyue said proudly, "The pupil clan is one of the most powerful races under the realm of heavenly martial arts. We should enjoy the resources of the realm of heavenly martial arts!

These moon eyes have lived in this Saint artifact for hundreds of thousands of years," Yunxiao said. Can they adapt to the rules of the outside world? Perhaps staying in the artifact space is the best choice."

"Hmph, Hmph."

Ning Keyue looked at the two of them coldly and said, "I understand what you're thinking. Once the eye race appears, they'll definitely have a conflict of resources with the humans. Humans were now occupying the continent, and even the demon race was staying in a corner. Naturally, they were unwilling to let other races snatch the resources. However, don't forget that in this world, only the strong are respected. The time that our moon pupil clan has dominated the continent is no shorter than your human clan!"

"Even if you're right, the tide of history is in the past," Lingmu di said in a deep voice. If a foreign race with such a huge city appears out of thin air, I'm afraid that the world's experts will not be willing to accept it. At that time, there will be a bloody battle, and perhaps the moon pupil bloodline that you've tried to preserve will be extinct."

"Ridiculous!" What?! Ning Keyue shouted angrily, "Do you think the human race is our enemy?!"

If you were the one who created this holy weapon," Lingmu di said, "then it must be under the rules of the realm of heavenly martial arts. The level of the space is probably lower than the realm of heavenly martial arts. So, the strength of the strong cultivators inside should be ordinary and low.

Ning keyue nodded and said, "you're right, but don't forget one thing." The heavenly martial realm had not had the ten rules for 100000 years, but they did here! In other words, the number of God Realm experts within the eye has never stopped. "

Yunxiao and lingmu di fell silent. What guixu said was right. The dozen or so birds and beasts they had encountered before were all high-level martial sovereigns.

Lingmu di looked down worriedly. The moon eyes were attached to the various races, living peacefully in the city.

Some of the moon eyes did not even possess a body. They just flew in the air, and some even used illusions to create a body, walking leisurely on the streets.

"What you desire may not be what they want," lingmu di said.

Ning keyue snorted coldly and said, "it's not up to them." I'm the ancestor of the moon eye, the highest existence among them!"

haven't you learned your lesson? " Yunxiao sneered. have you not learned your lesson? " You're the sinkhole, who knows you and who's toying with you?"

"You coward!"

Ning keyue was really angry, but she calmed down. A cruel look flashed in her eyes. "I'll let them know each other."

why are some of the moon eyes red? " lingmu di suddenly asked. why are some black, brown, yellow, and even white and colorful? "

Ning keyue said, " only pure-blood Moon eyes are red. The color of the mixed-blood is attached to the container. After the container crossbreeds with other containers, the remaining mixed-blood will have the color of the collateral branch. A truly pure-blooded moon pupil can only rely on self-division to give birth to the next generation!"

I see," lingmu di nodded. then how many pure-blooded lunar pupils are there in this big city with a population of hundreds of millions? '

"Based on my senses, there should be five or six hundred of them," ning keyue said.

"Five to six hundred Suan ni"

The two of them silently muttered in their hearts. They did not know whether this number was a lot or a little, but compared to the hundreds of millions of numbers, it was obviously a small number.

It was just that a pure moon pupil was obviously much stronger than those of the mixed breed.

Ning keyue also explained, "do you know why the human race occupied the continent in such a short time?" In terms of talent, bloodline, and Foundation, humans are far inferior to the other races."

I'd like to hear the details," Yunxiao said after some thought.

Ning keyue said, "because humans have a terrifying tendency to grow up!" This is something that the other races lack!"

"Growth?"

Yunxiao and lingmu di did not understand. "Can't the other races grow? Ning keyue shook her head and said,"it's not that it can't grow. It has its limits."

He pointed at an ape-like demonic beast below him. There was a huge eye on its belly that was dark yellow in color, with only the center point being bright red. He said, for example, this Moon eye has less than one-tenth of the pure eye power. His cultivation will be suppressed to the true immortal realm. At most, he can only reach the peak of martial arts. He can't break through this limit unless he has a great opportunity.

Her red eyes narrowed and flickered with a sharp light. "You humans are different. You don't even have the shackles of this kind of talent. As long as you keep working hard, even if it's very slow, you will always be able to move forward. No matter how bad a person's talent was, as long as they had the cultivation of experts, the transformation of medicinal pills, and the accumulation of resources, they could always break through the existing barrier. The sky of your human race is limitless! However, there was a limit for many races! Even if they are born stronger than you, even if their cultivation speed is ten times faster than yours, there will be a day when you will surpass them."

Yunxiao and Lingmu Di were both silent. What Ning Keyue said might not be correct, but it contained a very deep truth.

Even if the human race did not have the talent for cultivation, with the terrifying population, there would eventually be many amazing powerhouses born.

Even if the rules were missing, he could still use heaven-defying methods to continue climbing.

For example, the existence of the eternal world had brought a strong resistance to the current demonic tribulation. This was the power that the human clan had accumulated for 100,000 years. It was these outstanding, generation after generation of ancestors that pushed the entire clan forward.

Li Yunxiao, "Ning Keyue suddenly said, "you're now the leader of the heavenly martial Union, and you can be considered one of the most powerful and influential people. After I move the entire Tong race out of the Saint artifact, I'll ask for a region from you. How about it?"

"What?"

Yunxiao was taken aback and scolded angrily, "do you think it's possible to give an entire region to your eye race?!"

Chapter 2149 - one king and seven elders

Lingmu di also rebuked, "Lord guixu is too greedy!" Although large cities with a population of over a hundred million are rare, we humans can still find a few. Does it mean that every city has to occupy a region?"

Ning keyue looked at the two of them coldly and said, "The more powerful you are, the more resources you will have. Could it be that the strength that my pupil clan has displayed in front of you is not even enough to cover a quarter of the heavenly martial continent?"

greed is equal to poverty," Yunxiao snorted. be careful not to get nothing in the end, and even lose the lives of your people!

Ning keyue's face turned cold and she shouted, "I don't like what you're saying. Either shut up or die!" A fierce killing intent was released from her body, which made Yunxiao feel like he had fallen into an ice cave.

But, although Yunxiao was shocked, he did not panic. "Sinkhole, do you want to fight here? Even if Lord mu di and I join forces, we are no match for you, but it's hard to say if you can protect this city of hundreds of millions of people." "It's worth it to sacrifice the two of us to get rid of a great scourge," lingmu di nodded in agreement.

Ning keyue's face suddenly changed. She immediately withdrew her aura and threatened, "You'd better be smart. You won't have a good end if you become my enemy! Otherwise, I'll kill my way into the heavenly martial Union. Who can stop me?"

Yunxiao turned his eyes and said, "you're so conceited about your own strength. Why don't we make a bet? come to Yanwu if you have the guts. If the heavenly martial Union can't keep you here, I'll give you one of the four regions. If you can't defeat them, you'll definitely die in Yanwu. As for the moon pupil clan, I can help you keep them in the 'void'. Perhaps after countless years, a powerful lunar pupil will awaken and return to the realm of heavenly martial arts."

"Hmph, do you think I'm stupid? Who would want to bet with you!"

Ning keyue sneered. I never thought that I could be so powerful. Even when I was a regional King, I was not stupid enough to think that I could compete with all the people in the world. Not to mention, I'm

only at the initial stage of the creation realm now. I'm not that stupid to want to be the enemy of the entire human race!

A cold glint shot out from her eyes as she said coldly, "if I want to deal with the heavenly martial Union, I'll only act alone. I'll occasionally launch a sneak attack or guard the city gates, eliminating you all bit by bit!

Both Yunxiao and lingmu di felt an extreme chill at the same time. As a creation realm expert, sinkhole was actually openly clamoring for sneak attacks and assassinations without caring about his status. Not only was he not ashamed at all, but he was also proud of it.

This kind of powerful and strategic opponent who would do anything to achieve his goal was the most terrifying.

The two of them immediately listed the ultimate as their greatest enemy.

However, with the heavenly martial league's current strength, if a manifestation stage expert came, they could still hold him back. However, they did not have the strength to take the initiative to attack and kill a creation realm expert.

Yunxiao and lingmu di exchanged a look and saw the worry and contemplation in each other's eyes, as well as the killing intent in the depths of their eyes.

With their current strength, together with the two great demons in the divine realm tablet and feini, they could still fight with the sinkhole.

Furthermore, they were currently in the sky above the moon pupil city. If they started fighting, the city would be finished, and many of the pupil people would be killed.

However, this evil of killing was extremely evil.

The two of them couldn't help but shiver at the thought of slaughtering billions of living beings.

Ning keyue didn't know what they were thinking. She just said coldly, "You're all smart people, so don't do anything stupid that's not good for everyone. As long as you don't mistreat our clan, we'll do our best to deal with the demonic tribulation."

Oh?" Yunxiao's heart stirred. may I know how Lord guixu plans to do his best?

Ning keyue sneered,"hehe, that depends on how sincere you humans are." Yunxiao smiled wryly. This old fox of the ultimate was really a cunning one.

then let's talk about this in the future," lingmu di said. I hope that before we reach an agreement, Lord guixu will not do anything stupid. For example, if we were to move so many of The Eye Tribe to the heavenly martial realm, the human race would definitely not sit by and do nothing."

"Are you threatening me?" ning keyue said coldly.

think whatever you want," lingmu di said indifferently. this is what I and

Alliance master Yun want. This is most likely what the mysterious separation Island means."

no one in this world can threaten me," ning keyue said. it's your own business what you want. I will do what I want.

Although she said that, Yunxiao and lingmu di could see that the ultimate had loosened up in his heart, and was only saying some perfunctory words to get him off the stage.

The atmosphere became a little awkward, but in the blink of an eye, a large amount of hostility could be felt.

The surrounding space kept rippling, and with every ripple, an expert would appear and stare at the three of them coldly.

Soon, two to three hundred people appeared in the sky. The atmosphere was extremely tense.

But, this urgency was only in the eyes of the three hundred people. Yunxiao and the other two still looked harmless.

Ning keyue looked around with disdain and said, "Tell Qi Qi to come see me."

"How audacious! You dare to call the king by his name!"

you're courting death! one of the moon pupil elites shouted angrily. His Scarlet eyes were fixed on a giant statue. They were pure blood-red moon pupils. "Hehe, King? He was a King before I came, but he's no longer one after I came."

if he's really the moon King," ning keyue said coldly, "then he's most likely the owner of the Holy weapon. Can't he sense our strength and send you to your deaths?"

"What nonsense are you spouting!"

The purebred moon-eyed man seemed to be the leader of the group, and he shouted, "Did you kill the people in team seven?"

Ning keyue nodded and said, "I killed one of them."

"That's right," Yue Tong said. His eyes turned cold and a strange red light flickered as he shouted, "Go, take down these three!"

"Yes!"

Killing intent shook the world. The aura of all the experts spread out and crushed toward the three of them.

As the commotion was too great, the eye race beings in the city below had also noticed it. All of them raised their heads to watch the commotion. There were even over a thousand people who flew up and watched from a distance away.

Ning keyue laughed in anger and said, "haha, take me down?" You're eating away at my patience!"

Her eyes turned blood-red as the ultimate's true form appeared behind her like a blood-colored full moon.

Everyone felt a shiver run through their bodies before losing consciousness. Even the leader with pure moon eyes was instantly possessed, and his eyes became dull.

The Blood Moon slowly rose behind ning keyue and hung high in the sky, illuminating the entire yunwu city.

Yunxiao was horrified. The power of the ultimate's true body had directly triggered the lunar pupil in his right eye, but it was suppressed in just a few breaths.

However, the eye race in the city was in a state of shock.

Wherever he looked, all the eye race beings turned sluggish. They raised their heads and looked at the Blood Moon in the sky. Their faces were filled with confusion before they turned into ecstasy and excitement.

"Plop, plop, plop!"

A large number of the eye race beings immediately knelt down and kowtowed towards the gigantic Blood Moon.

Yunxiao and lingmu di were both shocked. Almost half of the pupil clan in the city had knelt down, which was an extremely shocking scene.

“Qi Qi, you are the king of the moon pupil, don't you have the courage to come out and see me?”

Ning keyue looked at the center of the city. There was a towering building made of circular pupils. It was the city Lord of the king City, where the current

'King' of the moon eye clan was.

“Hmph, where did this person come from to play tricks!”

Suddenly, a loud shout came from the capital. Seven beams of light flew up and surrounded the three of them in the blink of an eye.

These seven people had different shapes. Three of them were bird-type, two of them looked like demons, and what was even rarer was that there were two human -like “containers.”

All seven of them had pure moon eyes and were embedded in different parts of the ” container.

“Oh? A few good ones came.”

Ning keyue smiled and nodded. you're the seven elders, right? there are two void extremes and five divine sovereign justice Masters. It's better than I expected.

She had searched Yue Tong's sea of consciousness before and knew some basic information about the Saint artifact. It was the pattern of one king and seven elders. However, Yue Tong's strength was limited and she did not know the cultivation of these eight people.

Ning keyue smiled and said, 'is it the void realm or the creation realm? I'm really looking forward to it. '

These seven old men were naturally not as reckless as the guards. Their seven eyes swept over the three people, and they were all shocked.

Yunxiao had the cultivation base of void tier, but ning keyue and Ling mudi could not see his cultivation base. Ling mudi was fine, but ning keyue gave them an extremely terrifying feeling.

One of them raised his head and looked at the Blood Moon in the sky. He was shocked."Who are you?"

Ning keyue sneered, "are you asking the obvious?" In Yue Tong's memory, could it be that this Lord doesn't have any impression of me?"

"Y-y-you're Yingluo?"

The moon pupil was frightened and cried out in horror, " "You are Yingluo."

"Crimson eyes! Don't be confused by him! "

"He must have obtained some secret technique to delude people's minds!" Another elder rebuked.

The elder named Chi mu immediately came back to his senses and said angrily,

If you are still dishonest, don't blame us for being impolite!"

you're so stubborn! ning keyue grinned. then I'll have to teach you a lesson!

"These three people are extremely powerful. Let's set up the formation!" An elder said in a deep voice.

"Yes!"

The other six immediately coordinated and ran around the three of them.

Every step was in accordance with the frequency of heaven and earth.

“Tsk!”

Ning keyue laughed disdainfully, “I’ll kill you all with one move.” Fine, fine, let me see how strong you are!”

Yunxiao hurriedly said, “ you’ve misunderstood us. We’re not with this man. If you want to fight, just hit him. We won’t do it, and we mean no harm.

He and lingmu di immediately retreated to the side and watched in silence.

The two of them had the same thoughts as the sinkhole. They wanted to see the strength of these seven elders and from there, they could infer the combat strength of the upper echelons of the eye race..

Chapter 2150 - combined attack

The seven elders were overjoyed to see Yunxiao and lingmu di standing by and watching, and they focused all their attention on the ultimate.

Ning keyue stood still in the sky with her arms crossed in front of her chest, watching them set up the array.

However, a look of surprise soon appeared on her face. It wasn’t that the formation was powerful, but that the formation set up by the seven of them was a law that she had embedded into the Saint artifact when she refined the thousand-year eye.

In other words, these seven people had comprehended the laws of the Saint artifact and then displayed them in the form of a formation.

“Tsk tsk, not bad. I’ve finally seen something that makes me happy since I came in.”

Ning keyue seemed to be interested.

The seven of them quickly stood in their respective positions, forming a cone shape, like the head of an arrow.

Everyone's power instantly stacked together, and the red light connected into one. The space rippled like water.

not bad, not bad. You've mastered this rule force very well.

Ning keyue complimented him sincerely. Suddenly, she was surprised and said, This is a Kasaya."

In the fluctuating space, there was a faint melody, and the entire fluctuation became chaotic, as if a huge rock had been thrown into the already turbulent Lake.

A huge transparent longbow, which was like a miniature of the sky, condensed in front of the seven elders.

the power of a Saint artifact! Yunxiao cried out in surprise. it's the power of a Saint artifact!

He could clearly sense that the transparent longbow was condensed from the power of the Saint weapon, the thousand-year eye.

Ning keyue's face also became serious, but she didn't panic. Instead, she held her chin with one hand and said, " "Could it be that Qi doesn't have full control over this Saint artifact?"

Her eyes flashed and she clapped her hands, It must be so! If he really did control the Saint artifact, he wouldn't have needed to send out minions like you. He'll be able to fight me by himself and the power of this holy artifact. No wonder he kept sending people out to test us!"

"Hmph, a bunch of nonsense! You still dare to be impudent even when you're about to die!"

Chi mu roared in anger, and the seven of them formed hand seals at the same time.

Everyone's power continued to be transmitted forward, stacking together to form a huge red arrow, which was placed on the spatial bow!

The arrow and the bow collided, releasing an infinite amount of power. A bright red spiral rippled in the sky like a windmill.

The power of the seven people's formation and the Saint artifact's power combined perfectly without a single flaw!

Yunxiao and lingmu Di's eyes lit up as they kept nodding.

These seven elders had cultivated almost the same kind of cultivation technique, and they all had the purest blood-red moon eyes. Their power attributes were also exactly the same, so when they used this joint attack technique, they could connect seamlessly and merge together perfectly.

Even the sinkhole would find it difficult to withstand such a powerful move.

"The arrow of the punishment moon!"

The seven of them shouted at the same time. With a "clang," a loud sound reverberated in the sky. The ancient sound reverberated and the transparent bow let out a buzzing sound.

The huge red arrow shot forward like a huge battleship, crushing the sky!

Ning keyue didn't dare to be careless. She took seven steps back to put some distance between them.

Yunxiao raised an eyebrow. He could clearly sense that ning keyue was stepping on a spatial node with every step, and she was also using the power of the Holy artifact. It seemed that the arrow was a threat to her.

After all, the flag of a thousand years was created by the sinkhole, so the rules within were very clear. After taking seven steps, his entire body had completely fused with the sky.

Looking at it, his aura had changed greatly, as if he was the lord of the sky.

The seven elders were also shocked and their hearts trembled. It seemed that ning keyue looked down on the world and made them look up to her.

And this kind of look was not unfamiliar, as if it was in his bones and blood.

The two void extreme divine realm elders among the seven looked at each other in fear. They almost lost their minds. The moment ning keyue merged into the sky, they seemed to doubt their own judgment.

After ning keyue took seven steps back, she quickly made a hand seal. Her body was covered with a dense red light, which was the same color as her eyes.

A round light rose from the seal and formed a mirror-like barrier under his palm, blocking in front of him.

“Bang!”

The red arrow hit the wall of light and penetrated a little bit. Ning keyue was pushed back dozens of feet, but it could not go any further.

The terrifying spiritual pressure was looking for an outlet between the two forces, and it turned into Dragons that rushed in all directions.

“BOOM! BOOM! BOOM!”

The spirit pressure Dragons continued to bombard the ground, and a large number of the eye race beings were blasted into smithereens as their buildings collapsed.

Only then did the kneeling eye race members wake up from their reverie as they looked up at the sky in shock.

“The seven old men! It’s the seven old men!” heavens, who is that woman? she’s actually able to fight against the seven old men!

Cries of alarm came from all directions, and the seven old men’s faces were all very unsightly.

She was also fighting against Qi Qi, the moon pupil king who was hidden in the capital!

Although Qi Qi did not attack directly, he had mobilized the power of the Saint artifact to form a giant spatial bow, doubling the power of the seven of them combined!

Even so, ning keyue easily caught it.

At this moment, the seven old men’s hearts were in turmoil, and they could not believe what they were seeing.

Chi mu and the other void extreme divine realm elder were even more shocked. They almost believed that the person in front of them was their ancestor, GUI xu!

In the palace of the royal city, a “ vessel ” that looked like a man also had a face full of fear as he looked at the figures fighting in the water screen in front of him.

A transparent longbow was spinning in front of the man. The bow was in a daze for a moment before it disappeared.

“This bi an ...”

A woman-like “vessel” beside the man revealed her snow-white thighs and belly button. She said with a shocked expression, “How can this Wufu be Wufu! Your Majesty, who are these people?”

The man was Qi Qi, the moon pupil King. His face was so dark that it was about to drip water, but his eyes were filled with fear.

The woman felt Qi Qi's mood and carefully pressed her hot body against him. She said softly, "King, don't be angry. This person may be powerful, but he's currently being suppressed by the seven elders and the Saint artifact. He's not far from failure."

A clear and loud slap landed on the woman's face.

The woman screamed in pain and covered her face. Blood flowed from the corner of her mouth and all her teeth were broken.

Qi Qi stared at her gloomily and scolded, "You know nothing! Get lost!"

The woman shed tears of grievance. She lowered her head and cried, "Yes, I don't understand. I just want to stay by the king's side and serve the king."

Qi frowned and scoffed, waving his sleeves, "this is really troublesome. This person is very likely to be the legendary ancestor of the moon pupil, the ultimate!"

"Ultimate?"

The woman was stunned for a moment, and her eyes looked at the throne not far away.

Behind the throne, a huge totem was carved. A blood-red moon was frozen in the sky, overlooking all living beings on the earth. Below it were countless people kneeling and worshipping, and everyone's face was filled with fanatical obsession.

The scene on the sculpture was exactly the same as the situation of the people in the city.

Qi Qi looked at the carving with a heavy heart.

The woman rubbed her face and said softly, "Your Majesty, isn't it even better that the sinkhole ancestors have returned? Why are you so worried?"

Qi stood with his hands behind his back and said in a deep voice, "It's said that this world is not a complete independent world. It was created by the sinkhole patriarch. Furthermore, I've sensed many times in the process of cultivation that there are shackles and pressure in this world. It should be the power of refinement from the sinkhole patriarch. Although it has been scattered by the moon pupil Kings over the countless years, and the ambitious moon pupil Kings want to re-refine the world, they have failed. And the space the sinkhole patriarch lived in was a place of a higher world level. Back then, due to various reasons, my eye clan was allowed to enter this world."

now that the sinkhole patriarch is back," the woman said, confused, "he might take us to a higher world. Isn't that a good thing?"

The sinkhole forefather is back, so I'm no longer a King. Furthermore, once we enter a higher level world, there will definitely be existences stronger than us there. If we want to occupy resources, we'll inevitably have to fight and fight, which might not be a good thing for the entire eye race."

The woman said, "these sinkhole Lords should have some consideration. I've heard that back then, my race was exiled to this dimension precisely because Lord Guixu was being hunted down. In order to preserve our race, the eye race was moved here."

"Ah!"

Qi let out a long sigh and continued to stare at the water screen gloomily, how great would it be if I could fully control the power of this world? even the sinkhole can't do anything to me. It's a pity that it's like this.

King," the woman said in surprise. you don't really want to fight the sinkhole patriarch to the death, do you?"

"Who knows!" Qi Yuan snorted.

The woman's face was full of shock. She covered her face and didn't dare to say anything. She only felt that her limbs were cold. It was as if a huge change was waiting for her. It wasn't just her, but the hundreds of millions of clansmen in the entire King City.

Qi Qi's figure suddenly flickered and disappeared from the hall.

"Wang Qianqian!"

The woman shrieked, but there was no response. Her face was full of anxiety, and she hurriedly turned around and ran down.

At this moment, tens of thousands of miles above the capital, the huge red arrow and the wall light were still confronting each other.

The difference was that the seven elders' faces were getting uglier and uglier, while ning keyue's previous solemnness was slowly relaxing.

Suddenly, the space behind ning keyue trembled and was torn apart. A man stepped out and grabbed a huge sword, slashing at ning keyue's back!

hehe, cowardly King, you've finally come out?!

Ning keyue smiled and sneered..
