

The Eternal 2151

Chapter 2151 - past of the capital

The huge sword slashed down and hit ning keyue's illusion.

"What?"

Qi Qi was shocked. He didn't know when ning keyue had teleported away.

"Something's wrong! This isn't teleportation! "

Qi's face changed drastically when he suddenly found that he was alone in the sky. Yunxiao, lingmu di, and the ninth elder had all disappeared! "An illusion! I've fallen for the enemy's illusion?"

Qi Qi stood in the sky, his face full of shock, as if he couldn't believe it.

Illusion techniques were the innate ability of the eye race. He was the king of this Dao and the number one in the entire world.

However, in just one exchange, he was dragged into the illusionary space by the other party. This blow was simply unimaginably heavy.

In an instant, the self-esteem and confidence of a King crumbled, and he became absent-minded.

Just 100 feet in front of him, a yellow light slowly condensed and turned into ning keyue's figure. She sneered and looked at him quietly.

Who are you?!

Qi Qi was a little terrified. He looked at the woman in front of him and felt a deep fear.

In fact, he had already believed that ning keyue was the ultimate, but he found it hard to accept.

Ning keyue said coldly, 'Who am I?' Didn't your heart tell you? Or you can't accept it?"

Her words pierced through Qi Qi's heart, making him feel like he had fallen into an ice cave. Suddenly, he no longer had any illusions and immediately knelt down, kowtowing, "Greetings, ancestor!"

Ning keyue smiled and said, "that's right. It's great to correct one's mistakes."

Otherwise, you'll have to suffer."

As soon as he finished speaking, Qi Qi felt his vision blur and he was back in the sky, followed by a loud bang.

Ning keyue changed her hand seal and took a few steps back again. After deflecting most of the power of the red arrow, she grabbed in the air!

"BOOM!"

The arrow radiance was instantly shattered and exploded into countless fragments that flew in all directions. It was an earth-shattering scene.

The seven elders were all hit by the impact, and their bodies trembled. Then, they looked over and saw a man kneeling beside ning keyue. The familiar figure was Yingying.

"Ah? My King!"

An elder cried out in alarm. The seven of them immediately understood and no longer had any doubts about the ultimate's identity!

greetings, sinkhole old ancestor!

The seven of them knelt down in front of ning keyue.

Both Yunxiao and lingmu di frowned slightly, and they became more worried when they saw the ultimate subduing the pupil clan.

After a short period of silence, the entire capital was in an uproar.

All of the eye race were in an uproar, and the entire city seemed to be boiling.

“Am I seeing things?” was everywhere. “Am I blind?!” “Who cast an illusion on me?” He waited for the sound.

Because Yunxiao and the others were in a high position, they did not hear how the seven elders addressed ning keyue. They only felt dizzy when they saw the moon pupil King and the seven elders kneeling on the ground. They thought that it was a prank played by someone and that they must have been under an illusion.

Ning keyue’s smile finally relaxed. She said, “All of you, rise.” He did not forget to give Yunxiao and lingmu di a smug look.

The seven elders didn’t dare to stand up. They only dared to stand up after the beginning and end of the meeting.

The eight of them stood to the side in fear and trepidation, becoming well-behaved and cautious, not daring to make a sound. They were completely different from their previous aggressive appearance.

Qi Qi’s voice was a little excited, the old ancestor has finally returned. Our eye race is going to welcome its peak.

“Hehe, I do have an idea, but it depends on your strength,” ning keyue said with a smile.

Qi heaved a long sigh and said, "sigh, I've let down the ancestors!" I'm ashamed that I can't bring the moon pupil clan to greater heights and can only maintain the foundation left behind by our ancestors!"

Ning keyue said, " you don't have to belittle yourself. Although the rules in this Saint weapon are complete, the spiritual Qi is limited. I'm already satisfied that three people have reached the void realm. Tell me in detail what the artifact space looks like right now. I can sense that you're able to use a portion of the Saint artifact's power, but it's very limited."

"Yes!"

"Alright," he said.

Ning keyue was in a good mood. She turned and glanced at Yunxiao and lingmu di, then said, "The two of you can come as well."

Yunxiao and lingmu di exchanged a look and then followed him.

As it turned out, the sinkhole had moved the entire eye race into the Saint artifact space back then and had even taken in a large number of people from various races to be used as vessels for the cultivation of their own race.

In fact, before the ultimate had broken off with the ruling plume, it had been focusing on the refinement and evolution of Holy artifacts. It had long formed a spirit Qi circulation system, and there were many "containers" inside.

It was only after he had offended luanyu that time was too tight and he couldn't care much. He directly captured a large number of races, afraid that his descendants wouldn't be enough "containers" in the future.

However, what he didn't expect was that because there were too many 'containers', after the Saint artifact was exiled to the "void", the spiritual energy inside began to sharply decrease, causing the self-circulation system of spiritual energy to be damaged. Spiritual energy became scarce once in ten thousand years, and cultivation became extremely difficult.

In order to change this situation, the few leaders of the moon pupil clan began to exterminate the other clans so that they would not consume too much spiritual energy and destroy the balance of supply.

This was because even if the eye race didn't rely on them, they could still cultivate and live for a long time. Furthermore, they had sufficient 'containers' back then.

As a result, the massacre started a war, and the other races immediately united and began to resist the moon eye.

Although the moon pupil clan was powerful, they suffered heavy losses after suffering the counterattack of the Alliance of various clans.

That was the first time the number of the eye race within the Saint artifact had decreased drastically. At the same time, the 'vessel' races were also severely injured and their numbers were decreasing rapidly.

A long period of peace appeared in the artifact space, and it was also at this time that the eye race began to build the prototype of the "Royal City."

Furthermore, The Eye Tribe's strategy for the 'vessels' had changed from massacring them to banishing them. They would banish a large number of 'vessels' to the edge of the 'spiritual Qi circulation system' of the space.

As a result, the living space of the "vessels" became extremely vile. In order to fight for some resources, they began to kill each other.

What made the eye race members overjoyed was that this strategy had an extremely good effect.

For one, it suppressed the growth of the number of "vessels," and for two, because the "vessels" had been killing each other for a long time, those who could survive were strong people with excellent qualifications.

To the moon pupil clan, this was undoubtedly something they would be happy to see.

In the next hundreds of thousands of years, the moon pupil clan controlled the Supreme power and had a peaceful relationship with the " vessels.

But even so, there were still accidents.

More than 100000 years ago, an extremely terrifying expert suddenly appeared in the " vessel " and led many races to attack the capital from the Wildlands!

That battle was exceptionally brutal, and the population of the moon pupil clan once again fell to a low point. The siege was fought dozens of times, big and small, and lasted for hundreds of years.

The Imperial City had also been breached no less than ten times, but in the end, they still held on to it.

The pupil clan was swaying in the wind and rain and was about to wither. An expert had appeared in the clan. During his cultivation process, he had sensed the power of this world for the first time, which was the power of the Saint weapon with the one-eyed look in a thousand years.

Even though he didn't have much of it, he was still able to turn the tide by relying on the power of this Saint weapon. He killed all of the other party's experts and managed to preserve the bloodline of the eye race.

As a result, the 'vessels' were once again banished to the wilderness, and the whole world fell into a relatively peaceful period of development.

The moon pupil clan also began to spend all kinds of resources to study the Saint weapon itself.

The research process was nothing more than two points. The first was how to erase the mark of the ultimate, and the second was how to control the power of the Holy weapon.

Finally, in the long years that followed, the mark of the ultimate was almost wiped clean, and the eye race's understanding of the Saint artifact itself grew stronger by the day.

What made the eye clan even more overjoyed was that only the moon eye's power could sense and refine the power of the Saint weapon. From this moment on, the moon eye clan had truly stabilized their position in this world and could not be shaken.

Because no matter how strong you were, you couldn't be stronger than the power of the Holy weapon, and the moon eye could use a part of the power of the Holy weapon.

Thus, the eye race once again entered a period of control over the 'vessels'.

Until today, nothing major had happened.

Ning keyue and the others couldn't help but sigh. "I didn't expect it to be so complicated. It must have been hard on you."

Qi hurriedly said, "it's not difficult. Back then, our ancestor did it for our own good." I wonder how the powerful enemy from back then is doing now. Is the ancestor going to take us out?"

Ning keyue chuckled. the strong enemy from back then is still here, but he's not 'strong' anymore. I can kill him as easily as killing an ant with my power. It's no longer interesting. As for you guys, I'm naturally going to take you out to enjoy the better spiritual Qi in the outside world, so that your strength can skyrocket in a short time!"

With an ambitious look on her face, her eyes shone as she looked at Yunxiao and lingmu di and said, "What do the two of you think? With the moon pupil clan's strength, can't we even occupy a region?"

Yunxiao shook his head firmly. absolutely not. Besides, this is not something I can decide. he said. We have to discuss this with the leaders of the various factions, but you should know what the outcome will be."

"Hmph !"

Ning keyue was obviously unhappy. Her face darkened and she said coldly, "

“So, you’re going to start a war between the two races!”

Yunxiao frowned. sinkhole, don’t you do anything reckless! Now that the demonic tribulation has come, if your clan interferes, I’m afraid the entire heavenly martial realm won’t tolerate you. At that time, even if we don’t do anything, the world will kill you and turn you into ashes!”

Ning keyue said angrily, ‘so, you mean you’ll discuss this with me after the demonic tribulation is over? How many years and months would that take? Besides, it’s still a question whether we can pass the demonic tribulation!”

Chapter 2152: 2151-leaving the Saint artifact

what?” Yunxiao frowned. do you have so little confidence in the heavenly martial League? ‘

“Hehe. confidence?”

Ning keyue laughed and said, “ back then, four world Kings from the heavenly martial realm joined forces. They exhausted the power of the entire realm to seal the devil Lord and defeat the devil race. But now, there wasn’t a single one, so how could they fight against the devil World? In my opinion, the current demon world is not inferior to the past.”

She paused for a moment and added, “ but one thing is for sure. The demon

Realm will no longer have a person as talented and shocking as the Emperor. You should know the reason for this.” six paths demonic weapon?” Yunxiao asked. a six paths demonic weapon? ”

Ning keyue nodded. the devil Master without the six paths demonic weapon is powerful. But he’s only a World King at most. He’s not that terrifying.

what?” Yunxiao was surprised. how much do you know about the devil World?

How could he be so sure that there would be a Jie King in the devil World? According to the results of my two battles with the demons, there are only eight creation realm demon supremacies in the demon Realm. There are no Holy demons.”

Ning keyue said, “since you know the name ‘Holy demon’, it seems that you’ve indeed gotten a lot of information.” The devil World is not as simple as you think. As for your claim that there are only eight devil Venerables, hehe, I will never believe it. ”

Yunxiao fell silent, and his heart grew heavier.

what do you think? ” ning keyue nodded. as long as your race can give up one territory, my Tong race will stand on your side to fight against the demons.

Qi Qi and the seven elders listened carefully on the side, not daring to make a sound.

They did not understand the situation outside and could only obey the orders. However, they could all hear that there seemed to be an extremely powerful enemy to deal with, and they were all extremely depressed.

Yunxiao was indeed tempted by the offer, but the territory of a region was too shocking. If he gave it up rashly, he would be a sinner of the human race, and he could not afford to take the blame.

Lingmu di had the same thought and said, ” “I can give you places as big as ten imperial cities, I can’t give you more!”

Hmph, ten imperial cities. How many percent of a region is that? ”

Ning keyue was obviously dissatisfied. are you giving me charity?! she said angrily.

Yunxiao gave him a tit-for-tat reply and said coldly, ” these ten royal cities are only Lord mu di and I’s initial thoughts. We don’t know if they will work, but we’ll have to discuss it with the others when we return to the heavenly martial Union. This is all the concessions our clan has made. We can’t make any more sacrifices.”

“Hmph, there’s no point in saying anything more. Speaking of which, even during the era of true spirits, our eye race had more than ten royal cities on this continent. Moreover, the human race is so weak now. It’s really whimsical to think that you can limit your waiting to a small area!”

Ning keyue refuted mercilessly, her face full of sarcasm.

Yunxiao’s expression did not change. you know that times have changed. Back then, luanyu was the sovereign of the world. Now, let him have a try.

“Are you saying that our Tong clan is no longer as powerful as before?” ning keyue rebuked.

the truth is right in front of you, ” Yunxiao said. you have no choice but to accept it. If it wasn’t for the demonic tribulation, I wouldn’t even agree to ten cities. Also, your pupil clan’s way of living is too barbaric, so you must be closely monitored by my clan.”

“What?”

Not only was ning keyue furious, but Qi and the seven elders were also furious. They had heard the conversation before, but they had clearly heard this sentence.

Being monitored by another race, was there any freedom left?

For a moment, the hall was filled with a murderous aura, and seven or eight pairs of sharp eyes were staring at him.

Ning keyue laughed in anger. Hey! Are you sure you’re not joking? ” she said.

Yunxiao shook his head. I’m not joking. No one would like to be possessed by you. he said. You can continue to use the thousand year eye’s ‘container’, but I won’t allow you to touch any living beings from the outside world!”

“Pa pa!”

Ning keyue actually clapped and laughed.”Haha, that was so impassioned, I was in tears! If that’s the case, then the territory that my eye race lost back then will be taken back by our own hands. Also, the two of you don’t need to leave. You can spend the rest of your lives in this Saint artifact!”

Her Scarlet eyes immediately focused on him.

“Be careful!” die! Yunxiao shouted, and his eyes immediately changed. The lunar pupil in his right eye also emerged, shooting out a white light.

“Tian que!”

The two psychic energies collided in the hall. There was no sound, but the space around them rippled like waves before shattering like a mirror.

Lingmu di was taken aback as well, but he reacted the moment Yunxiao shouted. He then slapped his palm into the void, and with a loud rumble, a crack appeared in the entire space of the Saint artifact.

However, the crack was not deep enough, and it did not lead to the outside world.

“BOOM! BOOM!”

There were several more explosions. He instantly punched out hundreds of times, shattering the spatial barrier!

In their shock, Qi and the other eight cultivators also made their moves, and a

large swath of red light fell from the sky, instantly enveloping the two of them.

Lingmu Di’s movements stopped and his body stopped. A dull expression appeared on his face.

Yunxiao was taken aback. He opened his mouth and let out a Dragon's Roar, which rushed toward the lingmu flute. It hit the flute and made a loud clattering sound, but it could not free it from the illusion.

Even he himself was starting to feel a little dazed. "Hmph, if I still let you guys escape, that would really be the biggest joke!" Ning keyue's voice came from somewhere.

Yunxiao tried to keep his eyes wide open, and his Mystic spirit eyes shone with a dim light, but he could only see a vague shadow.

Suddenly, he had an idea, and a force rushed out of the divine realm tablet.

"Chi la!"

The red light in front of him was torn apart like a curtain, and a clear world appeared.

"Let's go!" A woman's voice said.

Immediately after, a loud "boom" was heard. The barrier between the Holy artifact and the outside world was shattered by an extremely powerful force, and a passage filled with terrifying power immediately appeared!

Lord Lin! Yunxiao cried out in surprise. Lord Lin!

The one who had broken the illusion was Lin. Can and Yuan were the ones who had blasted the Saint artifact barrier open.

Lin formed an incantation gesture with one hand, and a golden light spread out from her body. She then cast an incantation seal.

"BOOM!"

Ning keyue took the hit head-on and was forced back a few steps. The red demonic light in her eyes dimmed.

“Impossible! Who are you?”

Ning keyue was shocked and shouted angrily.

Lin ignored her. After the palm strike, she turned around and headed toward the tunnel.

“Stop them!” Ning keyue shouted.

Qi Qi and the seven elders were also shocked and attacked together again. “Hmph, you want to keep us here now? impossible!”

With a sneer, Yunxiao sent out the sword killer and slashed at the red-robed man!

Lingmu di and the two great demons also made their moves at the same time. A terrifying power shook the hall and rushed in all directions with a rumble. Not only the entire Hall, but also the area within a radius of several thousand feet was instantly flattened.

Ning keyue’s face was extremely gloomy. Suddenly, her eyes flashed and she said coldly, “A servant like you also wants to leave? Stay here!”

The power of his eyes instantly shot into the smoke and struck a golden light.

“Pfft!”

The golden light was forced to reveal itself, and it transformed into Murong Zhu’s appearance. It was Tian si.

Tian si looked back in horror, her face filled with anxiety and horror. Yunxiao and the others had already rushed into the passage, and the crack was about to close.

He couldn't care about this anymore. He let out a crazed roar and turned into a Golden ray of light again, charging toward the crack.

This was his only chance to leave this place. If he lost it, he would become a fish under the knife of the ultimate.

"Hmph, a servant is a servant. Stay here!"

Ning keyue laughed. The space in front of the crack shook and immediately pressed down on that Tian si like an iron wall.

"Pfft!"

Tian Si was once again forced back into his original form, and he spat out a

mouthful of blood. Looking at the spatial energy swirling around like a meat grinder, his face turned pale with fright as he pleaded, " 'Milord, please spare me! Please let me go!"

"Hmph, go to hell!"

Ning keyue laughed and pointed her finger at him. However, her finger suddenly stopped in mid-air.

However, in that instant, Tian si immediately caught onto it. His heart thumped wildly as he turned around and transformed into a ray of golden light, leaping into the crack and disappearing.

Ning keyue's frozen body finally recovered, and her face was full of anger.

Just now, ning keyue's part in his body was fighting, which caused the original body to split, which led to the stagnation of the attack.

"Ancestor, what do we do now?"

Qi Qi looked at the empty space in a radius of several thousand Zhang and felt his hair stand on end.

It was hard to count the number of eye tribesmen that had died from that single attack.

Moreover, those who lived near the capital were mostly pure-blooded blood-red moon pupils. The losses were incalculable.

"Hmph! A bunch of trash! A few people can't even stop them!"

Ning keyue shouted angrily and vented her anger on Qi Qi and the seven elders. The eight of them kept their heads down and didn't dare to say anything.

In the pitch-black spatial turbulence, a Jade-like light was flowing.

It was Yunxiao, who had taken out the divine realm tablet, which had grown to more than three hundred feet long, and they were all sitting on it. "Lady Lin, are you alright? That's great!"

Yunxiao looked at Nalin, who was sitting quietly in the air with her legs crossed. Her face was quite ruddy, and she seemed to be in good condition.

Lin opened her eyes with a smile. thank you for your help during this period of time. However, I'm already at the end of my life.

"What?"

Both Yunxiao and lingmu di trembled. They suddenly felt something, and lingmu di said with great difficulty, " "Could it be that Qianqian is Qianqian?"

Lin nodded and calmly said, "It's the final radiance. I didn't expect that I would be able to help you before I leave. I'm very pleased."

is there really no other way? " Yunxiao said sadly. is there really no other way? " Luanyu has also entered the five-degeneration realm long ago, but she still lives until now!"

Lin said, " there's no need to grieve. Life, old age, illness, death, hatred, love, separation, unable to obtain, and the accumulation of all five. These are the eight sufferings of life. No one can escape from them..

Chapter 2153: what should I say?

"To be able to accompany you to this day, the two of us are also very gratified."

Can and Phoenix opened their eyes at the same time. Both of them had smiles on their faces, and they appeared to be at peace and quiet.

"Even the two lords are startled!" Yunxiao said in surprise.

the two of us are almost at the end of our lives, " the referee said. it's meaningless to waste some time. Why don't we go with lady Lin? we'll have a companion on the road to the underworld.

"Why do the two of you have to suffer?" Lin sighed.

"Even if we don't leave, we only have a few months left," can said with a smile.

"We've always been the ones to listen to Daren, let us make the decision this time," nie said.

“If that’s the case, then do as you please,” Lin sighed and nodded.

The two of them were overjoyed.

Yunxiao and lingmu di did not know what to say, and the divine realm tablet was filled with a sad atmosphere.

A faint golden light began to appear on Lin’s body and spread out continuously. This was the phenomenon of the transformation of heaven and man under the five decrepit phenomena.

“What else do you have to say, my Lord?” lingmu di asked hurriedly.

“I have a bright Heart, so what else can I say?” Lin smiled faintly.

With that, the golden light disintegrated even faster. Lin’s face and figure finally turned into a wisp of golden smoke. It circled the divine realm tablet once and then dissipated into the void, never to be seen again.

“Those who abandoned me, yesterday shall not be allowed to stay,” can suddenly said in a clear voice.

“Those who mess with my heart will have more worries tomorrow,” the referee said.

“Hahahaha!”

The two of them looked at each other and laughed at the same time. A surge of demonic power spread out from their bodies, and the big demon’s body began to wither rapidly. In the blink of an eye, there was no flesh and blood, only two skeletons were left.

Blown by the strong wind in the void turbulence, the withered bones turned into dust and scattered into the void.

Yunxiao raised his head. It was as if a golden light was shooting up into the sky in the dark void, and under the golden light were two great figures following

closely.

Lingmu Di's face was full of sorrow. He stood on the divine realm tablet without saying a word, looking forward quietly, as if his mind was in a mess.

don't be sad, my Lord," Yunxiao said. the three lords were very relaxed when they left.

I understand," lingmu di said expressionlessly. you don't have to comfort me.

Yunxiao sighed in his heart. As he watched his old friends from a hundred thousand years ago leave one after another, lingmu Di's state of mind was naturally not good, but it took time to wash away the sorrow, and it was difficult to adjust it in a short time.

He carefully controlled the divine realm tablet. The divine realm tablet was a holy weapon of the heavenly martial realm and had a very strong mark of the realm power. It quickly sensed the existence of the heavenly martial realm and broke through the sky.

The sky was high and the sun was bright in the realm of heavenly martial arts, but neither of them was in a good mood.

Yunxiao put away the divine realm tablet and took out the astrolabe to locate it.

The two of them were located somewhere in the Eastern Region, which was still some distance away from the main city.

There were three main cities that were closest to them. One of them was exceptionally conspicuous on the astrolabe and was one size larger than the other two. It was red Moon City.

"Red Moon City?"

Yunxiao was silent. He had just separated from Ning Keyue and Tian Si, and now he was back in this place full of the past.

“Luo Qingyun has been staying in Yanwu, and Li Yi should be in charge of Redmoon city now. I wonder how Jiang Ruobing is doing. Why don't we take the way to Redmoon city and bring Jiang Ruobing back to Yanwu?”

After making up his mind, Yunxiao and Lingmu Di turned into a beam of light and headed for Red Moon City.

Ever since the battle of the Redmoon city, although Luo Qingyun and Li Yi had taken over the city with Wei Qing's support, they could not stop the decline.

As the city Lord, Luo Qingyun never asked about political affairs and only focused on cultivation.

Li Yi, on the other hand, was passionate about politics, cultivating trusted aides, and suppressing his opponents.

On the contrary, after the eternal world, Luo Qingyun left Redmoon city and Li Yi took full control of the city, which changed the entire city.

At the very least, many of the buildings were new.

As if to change the declining image of Redmoon city, Li Yi focused on the surface. He tore down all the old, broken, and small buildings, and built many things that looked tall and big.

At the same time, the city, which already had a declining population, was expanded, forcing all the people in the surrounding small cities to move over. On the contrary, in a short period of time, it showed a prosperous and thriving scene.

Even the city Lord's mansion had been demolished and expanded by more than five times. He had also stipulated that all the buildings in the city could not exceed the city Lord's mansion.

At this moment, in front of the majestic city Lord's mansion, a large number of guards were on high alert, surrounding the mansion so tightly that not even water could pass through.

These guards were all awe-inspiring, their armors and weapons were all brand new profound level weapons, and each of them was not weak. These people were Li Yi's personal guards that he had personally trained, and he was willing to spend money and resources on them.

"The Crimson Moon rises from the heavenly city, amidst the vast purple clouds. The wind is tens of thousands of miles long, and The Lonely City is ten thousand feet mountain."

The guards looked over in unison, their faces filled with anger. However, when they saw the emblem on the carriage, they were all shocked.

"So it's the myriad Treasure Tower's Lord who came!"

When the carriage arrived at the estate's Gate, a Butler immediately walked up to it, his face full of smiles.

The curtain of the carriage was lifted, and a few people walked out one after another. The ones in the lead were two old men. The person in the lead was dressed in a yellow robe, and it was Wan Yiqian.

The old man behind him was dressed in coarse linen clothes. His white hair was like silver, and his eyes were turbid, but he gave people a feeling of unfathomability.

Behind the two were a few powerful martial artists, who should be their followers and subordinates.

The Butler hurriedly stepped forward and cupped his fists, "A thousand Lords have come from far away, you've worked hard."

Wan Yiqian didn't look at him directly, but said, "Don't talk nonsense, quickly bring us in."

“Yes, yes!”

The Butler humbly retreated to his side and led the way.

Wan Yiqian turned around and glanced at the silver-haired old man in sackcloth, as if asking for his opinion. After getting the old man’s approval, he stepped forward.

The Butler was shocked. He didn’t know who this old man was. It seemed that his status was above Wan Yiqian.

The group passed through a few corridors, which were filled with gardens, rockery, flowing water, and even waterfalls. It was a scene of prosperity and wealth.

Wan Yiqian could not help but mock, “ Li Yi sure knows how to enjoy himself. Is he still a martial artist? ”

The Butler smiled apologetically. He didn’t dare to respond to such words.

After a while, they finally arrived in front of a large hall.

Wan Yiqian suddenly stopped and said, “ Ding Shan has already arrived?” “Lord ding Shan arrived several hours ago, and is currently resting in the hall,” the Butler hurriedly replied.

“Oh, what about Li Yi? Not in the palace? Why do I feel that there are still many people in the hall?”

Wan Yiqian said slowly, his expression unreadable.

“Yes, there are a few other Lords. They are all heroes invited by the city Lord.” The Butler said respectfully.

“Heroes from all over? Hmph, how come I don’t know any of them!”

Wan Yiqian deliberately raised her voice so that everyone in the hall could hear her clearly. Only then did she step forward and enter the hall.

He was immediately blinded by a golden light. The tables, chairs, carved beams, and painted pillars inside were all made of pure gold.

Although gold wasn't valuable in their eyes, this image of a nouveau riche still made Wan Yiqian quite dissatisfied.

"Tsk, tsk."

The silver-haired old man beside Wan Yiqian had a look of ridicule and disdain on his face. He seemed to be rather emotional as he said, "The Crimson Moon rises from the heavenly city, amidst the vast purple clouds. The wind was tens of thousands of miles long, and The Lonely City was ten thousand feet mountain. Tsk, tsk, is this Red Moon City still the same as before?"

Dozens of pairs of eyes in the hall looked over and landed on the few of them.

With his identity and status, there would have been many people coming forward to greet him.

However, they were all extremely curious and secretly guessed the identity of this silver-haired old man.

Ding Shan sat at the seat of honor, his gaze immediately landing on that silver-haired old man. His pupils contracted slightly, shooting out a brilliant light.

haha, could this old man in coarse clothes be the ancestor of Lord one thousand? "

Ding Shan said with a fake smile. His eyes were fixed on the two people, afraid that they would lie.

"Hmph! You're really well-informed!"

Wan Yiqian snorted coldly, not hiding the killing intent on his face.

Ding Shan said indifferently, " I heard that the opening of the realm of eternal life also meant that the predecessor who founded the ten thousand treasures building, Lord Wan Xuan 'ang, came out. I don't know if it's true or not. It seems to be true.

His face was extremely calm as he picked up a cup of wine and drank it. No one knew what he was thinking.

the founder of myriad treasures store?!

This identity was like a stone that was thrown into the lake, causing a huge wave. All kinds of whispers and discussions were happening, and their eyes never left Wan Xuan 'ang.

Although this name was extremely unfamiliar, the myriad Treasure Tower had enjoyed a reputation on the continent for tens of thousands of years, deeply rooted in the hearts of the people.

Wan Xuan 'ang's murky eyes seemed to have turned for a moment before landing on ding Shan. He clicked his tongue and praised, " "So you're a divine sovereign justice realm expert. No wonder you have such confidence. Yi Qian even said that you're only at the true God Realm and that you've just entered it.

It seems that myriad treasures store's intelligence is much weaker than yours. Sigh, each generation is worse than the last."

"Bang!"

The wine cup in ding Shan's hand was instantly crushed, and with a "pa" sound, it smashed onto the table, immediately turning into fine powder!

His body trembled slightly, unable to suppress the shock in his heart.

He had only broken through to the divine sovereign justice realm by chance after obtaining a divine pill from the pill Pagoda in the eternal world. He had thought that no one would know about it, but he did not expect Wan Xuan 'ang to see through it with a single glance!

In that case, Wan Xuan 'ang's strength was definitely above his!

Ding Shan's heart was filled with mixed feelings, and he was extremely upset. He had thought that he would be able to take down myriad treasures store and unify the merchant Union with his own strength after breaking through to the sovereign patriarch realm.

Then, it would unite all the forces that had close cooperation with the merchant Union, and it would extend to the overseas area, even the demon race. It would unite all the forces that could be United, and finally, it would compete with the heavenly martial Union, the Xuan Li Island, and the Holy region, becoming the fourth most powerful human force in the heavenly martial realm!

This was all his ambitious plan, but now there was a problem at the first step.

Ten thousand treasures tower inexplicably had a founder whose strength surpassed his!

Chapter 2154-arrogance

Ding Shan's heart was extremely depressed, and he even became a little depressed under Wan Xuan 'angs gaze.

He had braved all kinds of difficulties to establish Tianyuan trading company. He had also worked hard, concealed his courage, and used all kinds of means to achieve the current situation.

However, this Wan Yiqian in front of him was sitting on the huge foundation left by his ancestors. He did not think of improving, was muddleheaded, and had low intelligence. He should have swallowed it up long ago, but he had been lucky to survive time and time again.

It wasn't easy for him to get a divine pill from the elixir dispensary in the eternal world and become a sovereign patriarch. He thought that his ambition would finally be realized, but the other party had a powerful ancestor, Lao Ai.

The heavenly Dao is too unfair!

Ten thousand alpacas ran across Ding Shan's heart, but he was helpless. They had the foundation of their ancestors to eat, and now even their ancestors themselves could be eaten. What could he do?

Ding Shan could only sit there and drink alone.

Wan Yiqian looked at the entire place and saw that it was filled with people he didn't like. He didn't bother to greet them, so he snorted and sat down opposite Ding Shan.

He sat on it while Wan Xuan 'ang stood beside him.

Before the two came, they had already agreed that everything was based on just in case. After all, to the outside world, just in case was the master of the ten thousand treasures tower. As for Wan Xuan 'ang, even though he had a frightening identity, he was only a Grand Elder at most.

As soon as Wan Yiqian sat down, a large number of beautiful maidservants immediately poured in, bringing all kinds of fine wine and delicacies, filling the table.

He casually ate and drank some and felt bored. He called out, "Where's Li Yi?"

You invited us here, yet you're putting on such airs!"

A steward hurriedly said, "The city Lord has something to do these two days. He's in seclusion. He said that he would come out today. There might be a slight difference, but the time won't be too far off.

"What? He's in seclusion right now?"

Wan Yiqian suddenly stood up and angrily rebuked, "Are you kidding me? We're waiting for him here, but he's still in closed-door cultivation? Wasn't this too comical? You really don't treat us as humans!"

"Lord one thousand, please calm down. Please calm down, Lord."

"The city Lord said that he would definitely come out today, so he should be out soon," the housekeeper said hurriedly.

"Bang!"

Wan Yiqian kicked over a few tables and scolded, "hurry up and arrange a room for us. We need to rest. Call us when Li Yi comes!"

In his eyes, Li Yi was just an insignificant junior, a mere chess piece of Wei Qing. He had no right to invite him at all. He had only come to join in the fun when he heard that Ding Shan was coming.

At this moment, when he saw the hall full of people, he instantly regretted it. He felt that he was lowering his own value.

Even so, that Li Yi still put on such a big show and dared to make him wait. He was instantly enraged-

The Butler was dumbfounded on the spot and didn't know what to do.

He had never seen such a scene of falling out, and he knew the identity of the person in front of him, but he did not dare to call for people to attack.

The rest of the people in the hall looked at him coldly. Those who wanted to watch the show didn't mind the matter being blown out of proportion and couldn't wait to make something out of it to kill their boredom.

Moreover, Li Yi was indeed inexperienced. Many of the people present were not convinced, let alone a thousand.

However, everyone knew that he was Wei Qing's favorite, and since he had a strong backing, everyone had to give him some face.

However, in his eyes, he was almost on the same level as Wei Qing. Naturally, he would not care about a chess piece under Wei Qing.

Therefore, he directly ignored the steward and walked out of the hall.

Wan Xuan 'ang did not say anything and followed behind like the guards.

Ding Shan continued to eat and drink as if nothing had happened. However, he sneered in his heart and thought, "This stupid thing still wants to fight with me? even if you have the support of your ancestors, I will swallow the myriad treasures store and unify the merchant Union sooner or later.

As he was thinking, a handsome man walked in from outside the hall. He had an extraordinary demeanor and said, "master one thousand, please calm down. Please return to your seat. Li Yi will be here soon.

Wan Yiqian was stunned for a moment. When he saw the person in front of him clearly, he asked suspiciously, "Qin Chuan?"

"That's me," Qin Chuan nodded.

Wan Yiqian then pondered and said, "Is this gathering the intention of the sanctum?"

Qin Chuan shook his head. the sacred zone isn't the leader. I'm only here because I was invited.

Wan Yiqian's face darkened, and he snorted, "If it's not a sanctuary-realm leader, Li Yi doesn't have the right to put on airs in front of me!"

“Brother Li Yi was forced to do so. Something went wrong when he was cultivating. He had no choice but to go into seclusion.” Qin Chuan sighed.

“Since that’s the case, we have nothing to complain about. After all, it’s extremely easy for problems to arise in cultivation, and no one can guard against them.”

Wan Xuan ‘ang, who had been silent all this while, suddenly said.

Since he had spoken, Wan Yiqian naturally did not dare to object. He snorted and turned around to sit back down.

His seat had already been remade by a group of beautiful maidservants, and all kinds of fine wine and delicacies had been replaced once again.

Qin Chuan walked into the hall, smiling and nodding to Ding Shan. The two of them looked at each other and smiled. No one knew about their father-son relationship, so it was more convenient for them to do their own things.

As Qin Chuan took his seat, the hall no longer had the quiet atmosphere from before. Instead, it began to become noisy and noisy.

Not long after, another man suddenly came in from the outside. He walked all the way to the front of the hall and said loudly, “Everyone, the city Lord has already come out of seclusion and is currently taking a bath. He will be coming to see everyone soon.”

The man’s face was calm and expressionless. He seemed a little slow, but his cultivation was not low.

“You’re Yingluo.”

Many people’s gazes fell on the man, and they all revealed strange expressions. Qin Chuan was also shocked as he said, are you brother Tang Kin? ”

The man's face twitched slightly, then he turned around and forced a smile, which looked even uglier. He grinned and said, "Hehe, I didn't think that Brother Qin Chuan would still remember me. It's me."

"Huala"

This caused an even bigger commotion. They did not expect Tang Xin, the

Childe of the four extremes sect, the disciple of the martial sovereign, Teng Guang, and the one who was expected to inherit the position of the city Lord of Red Moon City, to still be in Red Moon City and to have joined Li Yi.

Back then, the four extremes sect was very popular. Not only was it a core member of the merchant Union, but its sect master, Tang Qing, was also in charge of the Redmoon city.

Tang Xin's status also rose and she became the most popular young master in the world. But he didn't expect things to turn out like this with the passage of time.

Many people still vaguely remembered the shocking marriage that year, and they couldn't help but feel terrified.

The marriage that changed the fate of the Tang family, the fate of the four extremes sect, the fate of the red moon City, and even the situation of the world was all because of another all-powerful figure!

At the thought of that person, everyone present could not help but gulp, and their palms began to sweat.

Ding Shan, Qin Chuan, and even the myriad Treasure Tower's people all revealed grave expressions.

After Tang Xin's announcement, everyone's reaction was different. He also quickly regained his calm and stood quietly on the side, waiting for the arrival of the city Lord of Red Moon City.

"I've made everyone wait for a long time. This city Lord is truly sorry!"

In a few breaths, a clear voice came from outside the hall, followed by loud laughter.

Daren only saw a flash in front of his eyes, and a man in brocade clothes appeared on the main seat of the hall. His face was delicate and handsome, but he had a few wisps of demonic Qi.

Ding Shan and the others looked over, and they couldn't help but be stunned. They were slightly surprised.

Li Yi's previous strength was only at the level of a high-tier martial Supreme in their intelligence network. Now, he was blocked by a force and could not be investigated.

But even so, the aura he exuded made them feel that he was at least a God Realm expert.

Li Yi sat on it smugly with his hands on both sides. He exuded the aura of a superior and said loudly, "Many thanks for everyone's honor, this one is extremely grateful. In order to express my sincerity, I have specially prepared the best blood tea in Red Moon city for everyone to use."

Tang Xin, who was on the side, immediately reached out and patted a few times.

Immediately, four rows of beautiful maidservants came in with steaming hot blood tea and served it to everyone respectfully.

For a time, the hall was filled with the fragrance of tea, filling the entire city, making people feel relaxed and happy.

Although the blood tea no longer had any cultivation effects for most of the people present, it could at least refresh their minds and feel very comfortable after drinking it.

Li Yi silently looked at everyone's expressions as they drank their tea, and he could not help but smile.

But soon, his smile disappeared, because he suddenly remembered something. When he first came to Red Moon City, he could have gotten a cup of high-grade blood tea in the wind and Moon Tower, but Yunxiao had drunk it.

With his current status, he could take a bath in blood tea every day, but it couldn't compete with the taste of that cup of tea back then.

Every time he thought of it, he was so angry that he wanted to tear Yunxiao into pieces.

Fortunately, he had a lot of grudges with Yunxiao, so he did not mind having one more.

After everyone had finished their tea, Li Yi smiled and said, "What do you all

"Good tea, good tea!"

Everyone praised him in unison.

"The tea is good tea, but I can no longer taste the flavor of the red moon City."

Suddenly, an extremely discordant voice rang out. Everyone's eyes looked over, and all fell on Wan Yiqian. It was him who had spoken. "Oh? May I ask what the smell of the red moon City is?"

Li Yi narrowed his eyes and looked over coldly.

Naturally, Wan Yi Qian was not afraid. He sneered and said, "The taste of the red moon City back then was rich, but it didn't lose its dominance and taste. It had the style of the king of tea. The blood tea now only had its color and fragrance. Even the fragrance has changed, and there's something strange mixed in."

Oh, I don't know what kind of strange thing it is. Is there something wrong with the tongues of a thousand adults?"

Li Yi's expression was clearly ugly as he coldly said, "Do you want me to find someone to help you check your tongue? if it really doesn't work, you can change it.. Or perhaps, since my blood tea is cultivated with the blood of a martial sovereign as fertilizer, why don't you try using your immortal state blood?"

Chapter 2155: great ambition

"Bang!"

The tables in front of Wan Yiqian were instantly overturned and shattered to pieces.

The hall instantly fell silent.

the city Lord is indeed a hero. His way of thinking is different from ordinary people. He's already thinking of seeking death at such a young age!

Wan Yiqian's face was gloomy. The corners of his mouth curled up into a sinister smile, and his murderous aura rose.

Li Yi's gaze shifted, especially when he looked at Wan Xuan 'ang. He suppressed the anger in his heart and said coldly, "I didn't invite all of you here today to cause trouble, but to discuss a great cause. What if you provoke me again and again? I can't bear it!"

Wan Yiqian laughed and said, 'you? Don't you think you're overestimating yourself?"

Without waiting for Li Yi's reply, Ding Shan slammed his fist on the table and said angrily, "Wan Yiqian, if you're not happy, you can leave now. It'll be quieter without you, you're overestimating yourself!"

The conflict between the northern and southern business alliances had reached a state of intense conflict, and it could erupt into a final war at any time.

Therefore, Ding Shan had never thought of easing the tension. If Qian Qian and Li Yi were to have a conflict, as long as he took the opportunity to intensify the conflict and turn them into irreconcilable enemies, it would only be beneficial to him.

Moreover, he had now stood out to express his support for the Red Moon City, which could be considered as a sign of his loyalty. If he could join forces with the Red Moon City, there would be great hope of taking down the Myriad Treasures Store in one fell swoop.

“Ding Shan! It seems like we’ll have to settle all our old grudges today!”

Wan Yi Qian seemed to have thought of something, but he still did not take Ding Shan and Li Yi seriously. Although the Merchant Union had been losing to this point. But he had always regarded himself as the number one in the Merchant Union and looked down on the other party.

The few martial artists who came with Myriad Treasure Tower immediately stood up, their imposing manner pointing directly at Ding Shan, seething with killing intent.

“Good, good!”

Ding Shan sneered, “since that’s the case, then today in the Red Moon City is the time for you and me to fight to the death! City Lord Li Yi, Qin Chuan of the sanctuary, and all the heroes of the world as witnesses, I now want to fight one on one, and the two of us will fight to the death!”

There was a commotion in the crowd, and many people shouted, “good! Good!” The onlookers didn’t mind the trouble and couldn’t wait for a few people to die.

Wan Yiqian’s expression changed drastically. If this had happened in the past, he wouldn’t have hesitated to challenge Ding Shan one-on-one. However, the patriarch had just said that Ding Shan was now in the realm of divine sovereign justice. How could he still dare to challenge him one-on-one?

Under the crowd’s jeers, she couldn’t lower her face, so her face turned red like an eggplant. She said angrily, “The northern and southern Merchant Union is in a life-or-death situation. Who wants to fight you one-on-one? This is a battle between two sects, not a personal grudge between you and me!”

“Oh, really?” Ding Shan said unhurriedly. As the president of Tianyuan trading company, I really don’t want to see my subordinates fighting for territory all day long and losing a large number of lives. Therefore, as the president, I’m willing to step forward and fight you alone—Wan Yiqian, the head of the myriad treasures store! If you’re still the tower master, if you still have the slightest bit of respect for your subordinate’s life, if you still have the dignity of a martial artist, then stand out and fight me one-on-one right now. We’ll determine the future situation with the outcome of the battle!”

Wan Yiqian was thick-skinned and sneered, “How old are you? He was still trying to goad her into action, how childish! Even if he were to fight with you, he should be the founder of my myriad treasures store. Old ancestor is more qualified than me to represent my myriad treasures store in the battle!” He humbly looked to his side.

Wan Xuan ‘ang’s expression remained calm and he did not utter a single word.

Ding Shan’s gaze also fell on Wan Xuan tang, and his face revealed a grave expression. It wasn’t just because Wan Xuan ang’s strength was so profound that he couldn’t guess. Even his scheming heart was not revealed on his face.

“This person is indeed worthy of being the founder of the myriad Treasure Tower. He’s definitely not an easy person! His strength and schemes aren’t inferior to mine. It seems that this is going to be troublesome.”

Ding Shan thought to himself that he would definitely not be willing to face

Wan Xuan ang.

These people were all very scheming people, and they never did anything they were not confident in.

The hall fell silent.

Finally, Wan Xuan ‘ang spoke.

However, he did not pay any attention to Wan Yiqian and Ding Shan. He only turned to look at Li Yi and said, "I'm actually a little interested in what the city Lord just said about 'discussing important matters'. I wonder if you can tell me more about it."

"Old ancestor, he he!"

Wan Yiqian was shocked and said, "he's just an ignorant junior. There's nothing important to discuss with him." I'm afraid that he just secured his position as the city Lord and wants to show off, so he used this as a booring sound to attract everyone here."

He still looked down on Li Yi in his heart.

hehe, what if? no wonder your ancestors were able to start their own business, but you can't even protect your family business. You're really a piece of trash!

Li Yi glared at Wan Yiqian coldly and said without any restraint.

Since Ding Shan and Wan Yiqian fell out on the spot, he also seemed to have guessed some of Ding Shan's intentions. The two of them met without planning and simply fell out with the Myriad Treasure Tower directly.

what did you say, you stinky brat?!

Wan Yi Qian's face turned purple with anger, and he roared as he rushed forward.

"Calm down."

Wan Xuan 'ang said indifferently, and the violent aura immediately disappeared without a trace.

Wan Yiqian was greatly alarmed. He only felt an invisible force instantly seize all the meridians in his body, and it was difficult for him to circulate his origin power.

“Old ancestor, this little brat is scolding me!” He said anxiously.

This scene fell into Ding Shan and Li Yi’s eyes, and they were rather shocked as well. Their hearts were on high alert.

“You’ve underestimated him, so he’ll naturally scold you,” Wan Xuan ‘ang said.

You’re in the wrong first, so please be quiet and let him finish.”

Wan Yiqian was stunned and stood there in a daze. He never thought that the old ancestor would say something bad about him.

Even though it wasn’t a scolding, he still felt extremely embarrassed in front of so many people.

For a moment, she was both embarrassed and angry. She glared at Li Yi fiercely and then stood to the side, sulking and not saying a word.

“Hahaha! Well said, Sir Xuan ang is indeed different from some people!”

Li Yi clapped his hands and praised, replying Wan Yiqian with the same cold gaze.

Wan Xuan ‘ang was still expressionless as he said, ” “I don’t think highly of you, but I’m not belittling you either. I just want to hear about your ‘big event’. If there was value, then there was no harm in discussing it. If it’s worthless, then our time is precious.”

“I understand, I understand!”

Li Yi cupped his fists and said, “if it wasn’t for the fact that I’m deliberately causing trouble, I would’ve already finished.”

Wan Yiqian was so angry that he glared at him, but the words of the ancestor were like an imperial edict. He didn't dare to make a sound when he was told to be quiet.

Li Yi said, "I'm sure all of you are aware of the current situation in the world. The two Holy Lands have gone through great changes and are no longer as glorious as they used to be. The soul formation sea has been annihilated, leaving only the broken sanctum. It's hard for them to hold on alone.

Everyone's expression changed slightly when they heard this. Although the sanctuary's decline was obvious to all, the red moon City was still under the control of the sanctuary. Is this really okay?

Everyone's eyes once again secretly swept towards Qin Chuan. Qin Chuan was calmly drinking his fragrant tea, without any expression. However, their hearts "suddenly" jumped, as if they had sensed that something was wrong.

Li Yi continued, "above the broken sanctuary, there are two new superpowers.

One is mysterious separation Island, and the other is the heavenly martial Union. Hmph, it's infuriating to talk about these two great forces! The heavenly martial Union had sealed the ten rules, and only those who obeyed him could go to the southern region to comprehend. Wasn't this making an enemy of all the martial artists in the world? Even I, the city Lord, who was born and raised in the southern region, can't return to my home!"

He said angrily, "that mysterious separation Island is also infuriating. Originally, they should have upheld justice and destroyed the unfeeling and unjust heavenly martial Alliance. In the end, they colluded with evil and only wanted to develop themselves. They did not care about the lives of the people in the world!

"Yup! The heavenly martial Union is too overbearing!"

Everyone in the room began to discuss among themselves. None of those who had been invited by Li Yi had joined the heavenly martial Union. After hearing this, he was filled with righteous anger and wanted to kill his way into the heavenly martial League to uphold justice.

Li Yi sighed, "that's why in this world, the weak will be bullied." That's why I've gathered all of you here today. Let's form an alliance to fight against mysterious separation Island and heavenly martial union!"

"What?"

As soon as these words came out, everyone was shocked, and many people's faces turned green.

They could wave flags and cheer, but if they were asked to fight with real swords and guns against mysterious separation Island and heavenly martial Union, they would be scared to death on the spot.

Ding Shan's pupils contracted, and a bright light shot out from his pupils.

Li Yi's thoughts were actually in line with his!

Li Yi looked around and said, "do you guys think that we're too weak to fight them?" I naturally understand this. But things were always done bit by bit. When the heavenly martial Alliance was first established, who would have thought of its current scale?"

"If we form an alliance, how will we develop in the future?" Wan Xuan 'ang suddenly asked.

Li Yi's eyes glowed with a bright light. He was suddenly energized and said excitedly, "I've already thought about the future. As long as we join forces, with the addition of the two merchant alliances, we'll become a force to be reckoned with. Even if he couldn't defeat the mysterious separation Island and the heavenly martial Union, he could at least compete with the current Holy region. This way, no one can ignore our existence. Now that the demonic tribulation is imminent, mysterious separation Island and the heavenly martial Union will have to tolerate our existence. They can't start a war with us at this time!"

Wan Xuan 'ang nodded and stroked his silver beard. you mean, we should take advantage of the demonic tribulation and develop ourselves while the other three forces are fighting against the demons?"

"Right! Old Sir is truly a divine schemer, guessing my thoughts right away!"

Li Yi said excitedly, "if the sky falls, those few tall guys will hold it up. We're not tall enough, so we'll just develop ourselves in peace. Let's grow taller first. After they fight with the demon race, it will be a situation where both sides will suffer losses, and we will also be more or less strong. Then, we can sit back and reap the benefits, and unify the heavenly martial arts realm!"

The more he spoke, the more excited he became. He said coldly, "even if the mayfly of the devil World has the opportunity, it can also go over and control the devil World!"

These words caused everyone present to be dumbfounded. They had never thought that the young city Lord actually harbored such great ambitions!

Chapter 2156: new alliance

To an ordinary person, it was enough to be able to resist the demonic tribulation and prevent the heaven martial realm from being invaded. However, Li Yi's ambition was so vast. He wanted to unify the heaven martial realm first, and then unify the demonic realm.

After the initial shock, the crowd broke out in a cold sweat. Many of them wiped their foreheads with their sleeves.

"Hahaha!"

Wan Xuan 'ang suddenly burst out laughing and stroked his beard.

old ancestor," Wan Yiqian said sarcastically. I told you that this kid is a fool. He only knows how to indulge in whimsical fantasies.

Who knew that Wan Xuan 'ang would praise him, "not bad! Not bad! It's just like

my style back then! If they did not have great ambitions, how could they establish the number one Chamber of Commerce in the world like the myriad treasures store? However, you still have a long way to go before you can unify the two worlds."

Wan Yiqian was completely petrified. She only felt the cold wind blowing, and the weather was a little cold.

Li Yi chuckled. I'm just letting my imagination run wild. Who knows what will happen in the future? let's just take one step at a time. However, a good start is half a success. What do you all think?"

Many people fell silent, and no one dared to respond.

The moment he expressed his stance, it basically showed that he was on his side.

"That's a good idea, I agree with you," Wan Xuan 'ang said.

Li Yi was overjoyed. then, old man, you've agreed to join the alliance? " he asked.

"Yes," Wan Xuan 'ang nodded.

Wan Yiqian: " Qianqian " instantly felt that she had lost her sense of existence. Even her embarrassment and shame were gone. She was petrified.

As soon as the myriad Treasure Tower made its stand clear, the people on the ground immediately began to discuss, all of them with grave expressions.

Li Yi's gaze turned to ding Shan and said, " "Where's Daren? If Lord ding Shan also joins, then the South-North merchant Union will be another one."

Ding Shan's expression was also grave as he quickly calculated in his heart. "Even if I agree to join, the northern and southern merchant Union won't be one family. Each will still be in charge of their own affairs."

Li Yi laughed. we can discuss these things internally after the Alliance is formed. As long as both of you agree, then this path will be very promising! “If that’s the case, I’ll agree for the time being.” Ding Shan nodded.

“Hahaha, good, good!”

Li Yi’s eyes lit up as he said in great joy, “with the addition of your two merchant alliances, this Alliance is considered complete!” What about the rest of you?”

He looked at the rest of the people and said coldly, “What are you hesitating about?”

“This bi an ...”

Everyone looked at each other. One of them stood up and cupped his fists. city Lord, it’s a good thing to form an alliance. However, our Iron Fist sect rarely interacts with the outside world and we don’t have much ambition. So, I don’t want to join this Alliance for the time being.

When one person stood out, a large crowd was immediately stirred up. Many people began to nod slightly, preparing to find reasons to refuse.

Another person stood out and said: “ my Scarlet cloud heights is weak. It is not suitable for us to get involved in the continent’s disputes. We will not join the alliance for the time being.

Li Yi’s expression instantly turned ugly, and a few others were also eager to make a move. He immediately said, “ this city Lord won’t force you if you don’t want to join. After all, this is an individual’s choice and can’t be forced. Don’t you agree, everyone? ”

“Right, right. The city Lord is really open-minded.”

Everyone heaved a sigh of relief in their hearts. They had thought that Li Yi would get angry, but now they were relieved.

Li Yi continued, "but the Alliance has to keep its own secrets." I've already explained our future development plans, and such an important secret can not be divulged to anyone else. This city Lord has always believed that only the dead can keep secrets!"

"BOOM!"

There was a flash of light, and before anyone could see how Li Yi had attacked, the iron fist sect leader had been turned into meat paste, sticking to the ground in a terrible state.

Li Yi said coldly, "tsk tsk, the iron fist sect has become a discus sect. Not bad."

He had deliberately created such a disgusting and terrifying effect, so he didn't turn that person into dregs, but directly turned him into a meat patty.

Everyone felt cold all over as if they had fallen from the mortal world to hell in an instant. All of their faces turned pale.

On the other hand, Wan Xuan 'ang and ding Shan's eyes revealed a strange look, and there was even a hint of admiration. They admired Li Yi's decisiveness in killing.

"I, I, I'm willing to join the alliance!"

With a "putong" sound, the Scarlet cloud heights master knelt down on both knees. He kowtowed with all his might and said, "I'm willing to join, I'm willing to join!"

"Yi, didn't the manor lord just say that the Scarlet cloud Manor's strength was low and it was not suitable for them to get involved in the continent's disputes? Why are you willing now? I'm so confused. I don't understand. Are you willing or not?"

Li Yi's face was blank, but his eyes were filled with cold mockery. "I'm willing! Naturally, I'm willing!"

The Lord of the Scarlet cloud heights said with conviction, "It's precisely because their strength is low that they need the protection of a powerful Alliance. Joining the Alliance is the most suitable choice! Everyone, am I right?"

"Yes, yes, yes!"

All around, there was a wave of approval, and it was firm and powerful. Li Yi sneered. but you guys are weak. Why would my Alliance want you? " "This bi an .

Cold sweat broke out on the Scarlet cloud heights master's forehead. Feeling Li Yi's cold gaze, he was so scared that he stuttered, " I, I will definitely urge everyone to train harder and improve their strength. They will make their due contributions to the Alliance!

"Hmm, alright. Since you're so sincere, the Alliance will be more than happy to accept you."

Li Yi stretched out his arms and smiled, "are there any other sects that are willing to throw themselves into our arms?"

"I'm willing!"

"I'm willing!"

"I'm also willing!"

The voices of willingness rose and fell, for fear of being drowned out by the crowd if they spoke too slowly.

Li Yi smiled and said, "very good, I admire your enthusiasm." Then the Alliance will be established today. What better name should we give it?"

"Everyone, let's think of a name together." Ding Shan said indifferently. The people in the hall immediately started discussing and coming up with a name.

In the sky above the city Lord's mansion, a few thousand feet above, the void suddenly trembled slightly. A figure walked out and said, " what a bunch of boring people. Lord mu di, please continue listening. I'm going to find Ruobing.

The man was Yunxiao. Not far from him, lingmu Di's figure appeared and he said with a faint smile, " "I didn't expect to hear such an interesting thing the moment I came to Red Moon City. Moreover, if these powers were to join forces, they would indeed be quite promising."

'They're just a motley crew,' Yunxiao said. "But it's a bit strange. I seem to feel a familiar aura in this city Lord's mansion. Who could it be?" he held his chin with one hand and revealed a thoughtful look.

they're not strong, " Ling mudi said. but they have a great influence, especially the South-North merchant Union.

Yunxiao came back from his thoughts and nodded. "Indeed. I didn't expect Wan

Xuan 'anz to still be alive. Fortunately, I had Ling' er ask for the formation map of the great rebirth blissful formation early in the morning. Otherwise, if I were to ask for it now, I would most likely be refused."

Lingmu di sighed, "alas, the situation is getting more and more complicated." Then Li Yi is right. At this time, we really shouldn't do anything to them. Maybe his idea really will work."

Hmph! Yunxiao snorted and said, " so what if it works? He didn't dare to shoulder the world's troubles and only wanted to develop himself. Even if he United the two worlds, what was the point? What we pursue is the Supreme great Dao, not some secular power."

"Yunxiao is right," lingmu di said with a faint smile. This person is blinded by power, and it will be difficult for him to achieve great things in the future."

Yunxiao frowned slightly and said, " "Now that you've mentioned it, I suddenly remembered something. This person was my mortal enemy back in the southern mountain range, but he's still alive. Moreover, I've observed his strength. He has actually broken through to divine transcendence. This is too strange. "

“It’s just divine transcendence,” replied Lingmu Di. “It’s not a problem.” If you’re really worried, you can pay more attention in the future. It’s not a good time to kill him now.”

I know what you’re thinking, my Lord,” Yunxiao said. I’ll let them organize these small forces. Although it’s to preserve their own strength, it’s also to preserve the strength of the heavenly martial realm, they might be of use in the future.

Lingmu Di pointed at him and laughed, “Yunxiao is getting more and more familiar with my feelings.”

Yunxiao smiled wryly. but I think it’s too boring. Please continue to eavesdrop, my Lord. I’ll go find Ruobing first.

After saying that, his figure flickered and disappeared into the sky. The place where Jiang Ruobing lived was the forbidden area that Ning Keyue had marked out.

When Luo Qingyun was here, he had given this place to her. At the same time, he had given a strict order that no one was allowed to disturb her.

When Li Yi took over, he gave her enough space and did not do anything to her. “Miss, you’re hiding here and drinking alone again.”

Under a peach tree, Jiang Ruobing was quietly looking at the flowing water. She was holding a wine jar in her hand, and the fragrance of the wine permeated the air.

The maidservant Xiao Xue’s face was full of worry. She wanted to snatch the wine jar, but the difference in strength was too great, so she could only be anxious.

All the peach flowers had fallen, leaving only the branches swaying in the wind.

Reflected in the water was a haggard face.

Jiang Ruobing took a sip of wine. I don't want to drink. I just want to forget a lot of things. I'm drunk and forget my sorrows.

"Miss!"

Xiaoxue stomped her feet anxiously, but she could only say, "I just went to uncle hangfeng's place. He said that there might be changes in the red moon City again, and the future is uncertain. I'm thinking of bringing miss and eldest miss to join the heavenly martial League."

"Heavenly martial League!"

Jiang Ruobing's body trembled, and she stopped drinking. Tears flowed down her face as she said, "Will he take us in if we go to the heavenly martial League?"

"What are you thinking about, miss?" Xiaoxue asked. Young master Yunxiao was on such good terms with you back then. He would definitely take us in. I heard that the old city Lord is also in the heavenly martial Union."

She revealed a fangirl-like smile and held her face with her hands. young master Yunxiao is the world's No. 1 young master now.

Jiang Ruobing, who had just regained her spirits, suddenly became a little sad

after hearing this. She said faintly, "He has finally reached the peak. I wonder if you still remember the drunken sorrow in the red moon City and these peach flowers.'

Chapter 2157 -reappearance of the past

Xiaoxue said anxiously,"Aiya, miss!" What nonsense are you thinking about? Back then, he was alone and saved you from millions of people. How could I have forgotten?"

Jiang Ruobing's eyes became sad and confused, and the stalwart figure appeared again.

“Xiaoxue! Let’s pack up and go to the red moon City!”

Jiang Ruobing’s eyes brightened up. “Go and inform my big sister, we’ll go together! ”

Soon, snowy dragged Jiang ruomei down.

Jiang ruomei had a reluctant look on her face as she snorted, ” “Mother has only died for a short time, and you’re going to abandon her grave and escape alone?”

“Sister, we can’t worry about that now,” Jiang Ruobing said. Uncle hangfeng said that there would be a great change in the red moon City and is already waiting for us outside.”

“Hmph, the one who died wasn’t your own mother, of course you would say that!”

Jiang ruomei looked unhappy and turned around to go back. “If you want to go, you can go. I don’t have the time to play with you. What great changes? haven’t there been a lot of great changes in the past few years? Could the changes be greater than these few years? It wasn’t easy for us to settle down in the red moon City, I don’t want any more changes.”

if you go to Yanwu, ” she sneered, ” you’ll have your old flame to protect you. But what about me? ” I’m the only one left. Where else can I go other than the red moon City? I’m not going, I’ll stay with mother!”

Jiang Ruobing’s face turned red and she said angrily, ” “Sister, why are you still saying such things at this time? You’re the only person I’m close to in this world.’

“Hmph, a close relative? Do you still care about my life and death? You’re going to Yanwu to be the wife of the heavenly Alliance leader, but what about me? Can you help me find a good husband like li Yunxiao?”

Jiang ruomei was burning with jealousy, and her beautiful face became somewhat distorted. don't forget that the person who poisoned me and made me suffer a fate worse than death for more than ten years was your reincarnated lover!

It was well known that Yunxiao was the reincarnation of Gu Feiyang.

Jiang Ruobing stomped her feet anxiously and said angrily, "Are you coming with me or not?"

"I'm not leaving!"

Jiang ruomei said firmly, staring at her coldly with a hint of resentment.

"Follow me!"

In a fit of anger, Jiang Ruobing reached out and grabbed her sister.

Jiang ruomei slapped her with a very heavy palm technique and shook her arm away. She then turned around and ran.

"Sister!"

Jiang Ruobing shouted anxiously, but Jiang ruomei ignored her. She ran into the pavilion and disappeared.

Xiaoxue was annoyed, "miss, you really don't know what's good for you. Since she's not leaving, let's go first. Otherwise, if time is delayed and Li Yi and the others notice, I'm afraid we won't be able to leave.'

Jiang Ruobing thought for a moment and decided that she had no choice but to go to Yanwu first. If that person still remembered their past relationship, it would be the same even if he begged him to send someone to take his sister.

“Then let’s go.”

After thinking it through, he took Xiaoxue to the place ning hangfeng had pointed out.

As soon as she turned around, she saw a figure passing by. Jiang Ruobing exclaimed, ” “Uncle hangfeng!”

“Lord hang Feng, why have you come personally?” Xiaoxue was also surprised.

The two of them were still quite surprised. After all, outsiders were not allowed to enter this place. Even if ning hangfeng came, he would inform them in advance every time.

The newcomer was ning hangfeng, who was much calmer than before. He said with a serious expression, “This is a bit troublesome. It seems that someone is following me. I’m afraid that something might go wrong, so I’m here to help you. Where’s ruomei?”

“Sister won’t leave no matter what,” Jiang Ruobing said angrily.

we can’t worry about that now, ” ning hangfeng said. the situation in Redmoon city is getting worse by the day. I’ll take you to Yanwu first. As for ruomei’s words, we can only talk about it in the future.”

The three of them left in a hurry. Suddenly, two figures appeared in front of them and spoke in an ice-cold voice, ” where are Lord hang Feng and young lady Ruobing going? ‘ it’s you, Hong junhuan! What are you doing?!

this is my forbidden area! No one is allowed to enter! Get out! Jiang Ruobing rebuked angrily.

One of them was Hong junhuan, the hall Master of the four extremes sect’s clear sky Hall. The other was also the hall Master of the four extremes sect, Jiang Zhou.

After Tang Qing’s death, Redmoon city was without a leader. The two of them stayed in Redmoon city and were eventually subdued by Li Yi.

haha, does lady Ruobing still think of herself as the princess of the red moon City? ?

Hong junhuan sneered. the city Lord has instructed us to look after lady Ruobing. He said that she might be of use in the near future. We must not let anything happen to her. So young miss should go back to your room and drink.”

“You, you guys were monitoring me!”

Jiang Ruobing was embarrassed and angry. She knew that the two had been watching her for a long time.

“Hahaha!” “Ever since Luo Qingyun left, the two of us have been in charge of the young lady’s safety. We can be considered as hidden bodyguards,” Jiang

Zhou laughed wildly.

you two dogs of the four extremes sect, how dare you claim to be from the red moon City?!

“I’ll send you to see Tang Qing now!” Ning hangfeng said coldly.

As soon as he finished speaking, the tip of a sword flashed and stabbed at Jiang Zhou.

“Damn it!”

Jiang Zhou was shocked. He felt a chill on his neck and immediately stepped away to avoid it. However, a bloody mark was still left on his throat. He was so scared that his face turned pale.

you’re courting death! Hong junhuan roared.

He immediately put his palms together and attacked ning hangfeng.

The three of them were all high-level martial Supremes. Originally, Hong Junhuan and Jiang Zhou were far superior to Ning Hangfeng, but Ning Hangfeng had made extraordinary progress over the years, and they were tied.

However, after exchanging a hundred moves, Ning Hangfeng started to fall into a disadvantageous position.

However, his sword moves were swift and fierce, and he was still struggling to hold on. He shouted, "Ruobing, you go first! Head south, my men will take you away!"

The two of them were furious. Jiang Zhou shouted, "You're about to die and you still want to overturn the sky? Go to hell!"

Ning Hangfeng immediately fell into a trap.

Jiang Ruobing was in a hurry and refused to leave. Xiaoxue quickly said, "Young lady, please leave. We have no intention of staying here. Let's go to Yanwu to find young master Yunxiao. Only he can come back to save your Excellency."

Jiang Ruobing's heart hardened. She turned around and said, "Uncle Hangfeng, just you wait. I'll definitely come back to save you!"

Tears welled up in her eyes. She knew that she had to be strong at this time and make it to Yanwu alive.

However, as soon as he turned around, he could see a figure standing quietly in front of him through his tears.

The figure immediately overlapped with the person in his mind, and it was difficult to separate them.

Jiang Ruobing was instantly stunned. She thought she was hallucinating and couldn't help rubbing her eyes.

Xiaoxue also cried out in surprise, " ah!

Hong junhuan attacked fiercely and laughed. Speaking of which, it's really fate. When old master Tang took control of Red Moon City, he sent me to intercept you in order to prevent you from escaping, but li Yunxiao ruined his plan and saved you. Now, things have changed with the passage of time, and it's like it has reappeared in the past. Maybe li Yunxiao will suddenly appear to save you again, hahaha!"

He laughed wildly. Ning hangfeng could not hold on any longer. He could kill him in a few more breaths. He could not help but think of what had happened back then, and his heart was filled with emotion.

Suddenly, an inexplicable intuition made his heart skip a beat. He couldn't help but glance at a place not far away. The laughter in his throat suddenly stopped, and his whole body froze.

Ning hangfeng was overjoyed. He quickly withdrew from Jiang Zhou's attack and took a few steps back to catch his breath.

With their cultivation bases, they did not notice Yunxiao even though he was very close to them.

"What's wrong with you?" Jiang Zhou glared at Hong junhuan.

Hong junhuan slapped his own mouth and said with a sad face, " "You jinx, I'm going to slap you to death, you jinx!"

"Pa! Pa! Pa!"

He slapped her a few more times, and her mouth was almost swollen.

"What's wrong with you? are you possessed?" Jiang Zhou was stunned.

"Ah? Li Yunxiao!"

Ning hangfeng suddenly shouted, his voice full of infinite joy and excitement.

Jiang Zhou trembled. He had his back to Yunxiao, but he could tell what was going on from Hong junhuan and ning hangfeng's completely different expressions. His body trembled uncontrollably, and his face was pale.

He and Hong junhuan secretly exchanged a look, and the two of them suddenly exploded with extremely strong power and turned into light to escape into the distance.

"Childish.

Yunxiao let out a soft cry as he flicked his finger. Electric arcs flickered on his fingertip and shot out with a bang.

There was a flash of green light in the sky, and the two of them fell from the sky with blood -curdling screeches.

Jiang Ruobing was already in tears. She sobbed and said, " "You've finally come to find me, wuwuwu!" it's my fault, " Yunxiao sighed. I didn't think it through. It's my fault.

Jiang Ruobing could no longer control her emotions. She threw herself into Yunxiao's arms and burst into tears.

Ning hangfeng watched quietly from the side, also feeling a mix of emotions.

Yunxiao had mixed feelings when he smelled the light fragrance, but he did not comfort her. Instead, he let her cry and vent her sadness and grievances.

After a while, the crying finally died down, leaving only a low whimper. "Alright, it's fine now. From now on, no one can bully you anymore."

Yunxiao gently helped her up with a sunny smile on his face, which was as warm as the spring breeze.

“Wuwuwuwu !”

His words touched on Jiang Ruobing’s grievance again, and she couldn’t help but cry for a while.

young master Yun, ” ning hangfeng said, ” as far as I know, Li Yi seems to be plotting something by inviting all the heroes in the world.

of course! Yunxiao smiled faintly. in today’s heavenly martial realm, where else can there be heroes other than the heavenly martial League? ‘

Ning hangfeng was stunned, looking at his confident expression, then he nodded and said, “That’s true. Your vision is already beyond my reach. Young master Yun, are my father and sister in the heavenly martial Union?”

Lord Kewei and Lord keyun are indeed here, ” Yunxiao said. Lord hangfeng, do you have any acquaintances in Red Moon City? please come with me.

Ning hangfeng was overjoyed and said, ”good!” I’ll go and gather the people now!”

He turned around and looked at Hong junhuan and Jiang Zhou, who were lying motionless on the ground with ashen faces.. He said coldly, ” “It’s better to kill these two to avoid future trouble!”

Chapter 2158 - Piercing through space

The two of them immediately turned ashen and were filled with despair.

Yunxiao glanced at the two of them and said, ” the heavenly martial realm is now lacking in talents. These two are high-level martial sovereigns. If you can save them and do something for this realm, I can let you two go and take you to Yanwu to study the ten rules.

“What? Is there such a good thing?”

Hong junhuan and Jiang Zhou looked at each other in disbelief.

Ning hangfeng was also stunned, but since it was Yunxiao’s decision, he naturally did not interrupt.

you ... Hong junhuan said in disbelief, ” you ... You’re really willing to let us go?

that’s right! Yunxiao nodded. if it weren’t for the demonic tribulation, which concerns the safety of an entire world, I would have crushed you to death in minutes. But, things are different now, and I, li Yunxiao, am no longer the Gu Feiyang I used to be. I am leader the heavenly martial Union.

Jiang Ruobing also seemed to have understood something. She vaguely remembered that her father’s personality seemed to have become much more docile after he became the city Lord of the red moon City.

Hong junhuan and his companion were overjoyed. They knelt down and shouted, ” “The two of us are willing to serve this world!”

Yunxiao smiled and said, ‘in that case, get up. However, words are not proof, you two must first make a heart oath, and I will plant a brand on you two. If you violate it in the slightest, your soul will be destroyed immediately.”

The two of them felt their hearts clench, and they felt a little suffocated.

However, at the thought that if he didn’t agree, his soul would be scattered right now, and he wouldn’t have any room to think, so he quickly made a few oaths.

Then, Yunxiao flicked out a bolt of lightning and hit them in the chest. With a sizzling sound, two Thunder runes immediately appeared and disappeared into their bodies.

Although the two of them did not look too good, they knew that they had saved their lives. When they thought about how they could still go to Yanwu, they felt a little happy.

After that, Yunxiao said, " all of you, come to my divine realm tablet. I still have a friend in the city Lord Mansion. I'll meet him now.

"And my sister," Jiang Ruobing quickly added.

Yunxiao remembered the fat woman and said with a smile, " Let her come with us. Where's Lady Hong Yu?"

Jiang Ruobing's heart trembled, and she and Xiaoxue fell silent.

what's wrong with Hongyu? " Yunxiao's face changed. what happened to her? " sigh, " ning hangfeng sighed. ruan Hongyu has been in a daze and depressed ever since the last shocking incident in Hongyue city. Half a year ago, she finally left to follow the city Lord.

Yunxiao's heart trembled, and endless sorrow and self-blame welled up in his heart.

"You're not to blame for this, don't blame yourself," ning hangfeng said.

Yunxiao slowly closed his eyes and mourned for a moment before he said, already know about this matter. Lord hang Feng, please go and call your companions. Ruobing, go and call ruomei."

my sister is stubborn and refuses to leave, " Jiang Ruobing said. she said that mother is buried here and she doesn't want to leave.

Yunxiao frowned slightly and said, " "The current Redmoon city is no longer the Redmoon city of the past. I'm afraid that something big will happen soon, so she must come with me."

Yunxiao raised his head and glanced at the building in the distance. His eyes turned slightly, and a trace of blood flashed through them. Suddenly, the space around him blurred, and Jiang ruomei was pulled over.

“What’s going on?”

Jiang ruomei was confused until she saw Yunxiao and could not help but cry out in surprise.

“Come with me to Yanwu,” Yunxiao said. Then, a white light fell and took her into the divine realm tablet. She didn’t bother to say anything.

Not long after, ning hangfeng also brought his own group of people over. Most of them were the remaining old people, and some of the newly trained newcomers. There were also about a hundred people.

After putting them into the divine realm tablet, Yunxiao flashed into the sky and teleported to the sky above the city Lord’s mansion.

The space rippled and lingmu di walked out of the void. He said, “Is everything done?” alright! Yunxiao nodded and said, “ have you heard anything new? ”

“The only new thing is that they’ve come up with a name for the Alliance. It’s called the Grand hegemony Alliance, or the hegemony Alliance for short,” said nngmu al with a ramt smile.

a very old-fashioned name,” Yunxiao said. it’s a very old-fashioned name.

I don’t think there’ll be any news in a short time, ” lingmu di said. what’s next is some internal procedures and integration matters. However, I don’t know why, but ever since I entered the red moon City, I felt that something was wrong, and this feeling was getting stronger and stronger.” what? ” Yunxiao frowned. my Lord, do you feel the same way? ”

Yunxiao was quite surprised, and so was he. However, he had just heard the news of ruan Hongyu’s death, so he thought that was what he had sensed.

But since lingmu di also sensed it, it would not be so simple.

“Did you guys notice it too?”

Suddenly, a voice rang out. With a flash of Azure light, Xiao Qing suddenly appeared in front of the two.

“Little Qing!”

Yunxiao was taken aback, but then he realized something. ‘Why did I sense a familiar aura? it’s you. Why are you in Red Moon City?’

“I’m here on the request of a friend,” Qing said.

He raised his head and looked at the endless sky with a worried expression. I’ve been having a bad premonition, and now it’s getting worse.

Yunxiao was a little surprised at first. Little Qing was an ancient evergreen tree, so how could he have any friends? but he did not think too much about it, and he was even more surprised when he heard what little Qing said.

The second wood spiritform’s perception of the world and the ages was far beyond that of ordinary people. Even if he had the innate five elements spirit body and cultivated the divine Art of absolute beginning, he was still much worse than Qing Zhu in terms of sensing everything.

Lingmu Di’s pupils suddenly shrank, as if he had thought of something. He also looked up at the sky and said in a deep voice, “ in your opinion, what’s the situation? ”

“I’m not unfamiliar with this feeling, I’ve experienced it many times. It should be a powerful external force that broke through the space. If I’m not wrong, I’m afraid a crack in the devil World is about to appear.”

‘What?’”

Yunxiao was taken aback and dumbfounded. “A crack in the demonic realm? Piercing through space? Could it be that the rift between the two worlds could tear open on its own? What sort of divine ability would that be?”

Although lingmu Di’s face was also full of shock, his expression was obviously much calmer, because he had the same guess in his heart. However, little Qing’s words confirmed it.

Qing said, “it’s theoretically possible to forcefully tear open a Rift between the two worlds. However, in reality, almost no one can do it.” It has to be after a crack has appeared between the two worlds, and then it has to be torn open by various means. This is a common method used by the devil World.” in that case,” Yunxiao said, “ it’s definitely not a crack between the two realms.

Qing Zhu glanced at him and said, “I only said that a powerful force would break through space and a crack would appear in the demonic realm. I didn’t say that it would come from the demonic realm,”

Yunxiao was a little confused and extremely depressed. “Speak clearly! If it’s related to the devil World, it’s not a small matter. Please explain in detail!” “I understand what this friend means,” said lingmu di suddenly. Yunxiao, have you forgotten that there’s an independent space nearby?”

Yunxiao’s face flickered, and he suddenly thought of something. He gasped and said in surprise, “ “Don’t tell me it’s Qianqian?”

Lingmu di nodded and said bitterly, “ “I’m afraid so. Such a powerful force and sense of oppression is no different from the descent of the demons. It should be that there was a crack that connected the demonic realm to the end of time, and it had been torn open. A large number of demons have descended on earth and heaven, and they are now bombarding the space from earth and heaven, trying to penetrate into realm heavenly martial arts.”

“Boom boom boom!”

As soon as he finished speaking, a huge roar came from the sky. Then, a hole appeared, and a large amount of black gas came out from it, as if ink was pouring down from the sky!

Yunxiao stared at the hole in a daze, his heart filled with mixed feelings. "Could it be that the entire world has been demonized?"

"Even if there isn't, it's almost there," Qing said.

In the ink-like demonic Qi, one could vaguely see the demonic fiend's figure and hear "Chi Chi" sounds.

Yunxiao felt a headache coming on as he said, "What do we do now? Why don't we patch up the hole?"

Qing said, "it's useless to fix this hole. If you want to fix it, you have to fix the crack in the world." However, since it has already been pierced through, and there are many demons entrenched in this ancient land, the price to repair it is too high." this friend is right, " Ling mudi said. our greatest advantage is the realm power of the heavenly martial realm. It would be ideal to lure these demons into the realm of heavenly martial arts and then kill them. We'll go in and repair the crack when we're almost done." what? " Yunxiao was stunned. you mean, we'll let The Fiend energy pour down now and infect Red Moon City? "

"That's the only way," lingmu di nodded. We'll immediately send a message back and gather people to seal the red moon City to prevent the demonic Qi from leaking. Then, we'll use the red moon City as an ambush point and kill these demons."

what about the people in Red Moon City? "" Yunxiao asked in surprise. what about the people in Red Moon City? "

"It's obviously too late to evacuate now. It'll depend on their own luck to evacuate as many people as they can," Qing said.

Yunxiao felt a little depressed that he had to give up the people of a city, but what could he do if he did not? He didn't have the ability to save everyone.

I'll send a message back first," Lingmu Di said indifferently. You have good eye sorcery. Observe this crack and the situation of the demons first. The demonic Qi won't be able to spread out for a while, because the hegemony Alliance is still down there. They can resist for a while."

Looking down at the castellan's mansion, Yunxiao suddenly felt sorry for Li Yi. It had not been easy for him to gather a large number of resources to form an alliance, but who knew that a hole in the demonic world would open right above his mansion?

The surging demonic Qi finally poured onto the ground and began to spread in all directions.

Many people in the Red Moon City noticed it and began to cry out in fear. It was a mess.

Who dares to cause trouble in my Red Moon City?!

Li Yi's furious roar came from within the castellan's residence, and hundreds of beams of light shot into the sky.

Yunxiao and the other two faded into the void, not wanting to make contact with them for the time being. Then, they went back to their own duties..

Chapter 2159 Battle of the Redmoon city (1)

Li Yi's face paled in shock as he stared at the huge hole in the sky, completely dumbfounded.

"This Kasaya is a demonic Kasaya!" Wan Yiqian exclaimed in shock.

"What's going on?" Ding Shan was also shocked.

However, no one could answer them. They stood there in a daze and watched for a while. It was only when a demonic fiend flew over and bit them that they recovered from their shock.

Li Yi's face darkened as he said coldly, "no matter what, we must find out the reason!" Kill all these demonic fiends!"

Only the people of Red Moon City responded and began to wait solemnly.

Ding Shan and Wan Xuan 'ang were somewhat unmoved.

this matter is too strange, " ding Shan said. perhaps someone knows that we're having a gathering here, so they deliberately created some trouble to cause trouble.

Li Yi was shocked. that's a possibility. Who's the vicious one? "

"In the current world, the only ones who can do this are the three forces above us," ding Shan said leisurely.

Li Yi said in a deep voice, " the sanctuary is busy with their own affairs. Lord Wei Qing rarely shows himself. This is definitely not Lord Wei Qing's style of doing things!

Wan Xuan 'ang said,"although I did not join Xuan Li Island, I have stayed in the eternal world for a long time and know some things about Xuan Li Island." Unless it's related to the demonic tribulation, they won't interfere."

Ding Shan said,"if that's the case, then it can only be a Suan ni."

The moment Li Yi thought of that person, he immediately roared in rage, " "It's you, li Yunxiao! You can't bear to see me like this, alright? You're the only one who can establish an alliance and rule the world, but I can't? Damn it, you and I are irreconcilable!"

He could not stay calm when it came to Yunxiao.

Yunxiao was hidden in the void, monitoring the hole with his ocular skill. When he heard that, he could not help but glance at Li Yi, wondering when he had ever had a quarrel with him.

Wan Xuan 'ang laughed. don't be so impatient. Good things always come with setbacks. This might be a chance to test our Alliance. We can use this as a touchstone.

“Your Excellency, you mean that Yingluo has to deal with these demons?” ding Shan asked.

“Shouldn’t I?” Wan Xuan ‘ang asked.

since we know it’s Li Yunxiao’s plot, ” ding Shan said thoughtfully, ” we can’t let him succeed. Moreover, these Devils were aggressive and had extremely strange origins, so it was better to avoid them first and deal with them after figuring them out. After all, it’s better to be safe than sorry.”

“Avoid? It’s already pouring into red Moon City, how can we avoid it?”

Li Yi was furious. I can’t avoid it. Otherwise, my Redmoon city will be finished. How can I still be the castellan then?!

Wan Xuan ‘ang also said, ” although the red moon City is different from the past, it is still the place with the most abundant spiritual Qi in the Eastern Region. It is the most suitable place to be the capital of the Alliance. I also think that it can not be abandoned.

Ding Shan was a little depressed. With his personality, he would have turned around and left long ago. However, since they were now in the same Alliance, they had to consider the opinions of others.

Wan Yiqian also sneered. you’re so timid. Just now, you said you wanted to occupy one-third of the seats. Ha, haha. In my opinion, whoever leaves today will have their seats removed forever.”

Li Yi’s face lit up as he said, ”good, this plan is brilliant!” We’ll use this scheme as a consideration. Whoever contributes the most will have the most say in the Alliance!”

Ding Shan helplessly sighed. in that case, I can’t say anything. Just tell me what to do. Tianyuan trading company will do its best.

“In my opinion, this crack must have come from the depths of the world,” Wan Xuan ‘ang said. He did not know what kind of teleportation technique Yunxiao had used to move such a huge amount of fiend energy and fiends here, but he was sure that it was not a lot. We’ll directly place a layer of seal above

Red Moon City so that demonic Qi can't invade it, but all demonic fiends will be exterminated. It won't take long for Yunxiao's scheme to be broken."

Li Yi clapped his hands in praise. the older the wiser. My Lord, this is a brilliant plan.

Ding Shan thought for a moment and said, " this method is indeed not bad. We don't have to risk entering the hole for the time being. Who knows what's inside? "

The group of people began to get busy after they finished talking.

There was strength in numbers, and soon, a huge barrier with a radius of a hundred miles was set up.

At the same time, the red moon City also activated its strongest defensive array.

Several rays of light stacked together and blocked all the demonic Qi. They began to disperse into the air.

However, a large number of demonic specters fell onto the barrier like fish and shrimp in the sea, madly tearing and biting at it.

The members of the hegemony Alliance immediately flew around in the sky and began to clear the area.

Suddenly, Yunxiao's eyes flickered. He sensed a different aura coming from the hole, and something higher than The Fiend was beginning to appear.

As the demonic Qi poured down, a few ten directional evil spirits appeared in the sky. Caught off guard, a few people were immediately torn apart. After a scream, blood splattered in the sky.

"Ten directional evil spirit!"

"Not good! Everyone, retreat!" Ding Shan shouted.

Following the two large-scale demon Wars, some information about the demon Realm had been consciously spread by the heavenly martial Union.

Therefore, everyone recognized it and fled in a hurry.

Chapter 2160: Battle of the Redmoon city (2)

Li Yi was shocked. are you guys demonizing?!

The man in the lead had a ferocious expression on his face. He roared and punched down fiercely.

At the same time, the remaining dozen or so people arrived at almost the same time. They landed around Li Yi and attacked at the same time.

A demonic aura surged into the sky, and the powerful force directly condensed into a barrier, trapping Li Yi inside.

“Damn it!”

In his panic, Li Yi quickly made his move, and a powerful demonic aura burst out from his body.

He formed a seal with one hand and clenched his other hand into a fist. In an instant, he punched out hundreds of times in all directions, hitting the demonic light.

The demonic Qi around him condensed into a barrier that was able to resist the joint attack of more than ten people.

Yunxiao was quite surprised in the air. With his magical spirit eyes, he could see through Li Yi’s every change and movement. It was as if there was a great ancient demon dormant in his body, and a terrifying demonic power flowed out of every pore, forming a cycle.

It was not only his aura, but even the surface of his skin had undergone an undetectable and shocking change. Tiny white beads condensed from his pores and connected with each other, forming a Transparent Hard shell on his body, blocking all of his strength and magic power.

“Demon transformation?”

Yunxiao was suspicious. Li Yi’s appearance had not changed much, but the subtle changes brought about by them were astonishing, far better than the effect of ordinary demonization.

“BOOM! BOOM! BOOM!”

The dozen or so people surrounding Li Yi only took an instant, and violent explosions rang out like a curtain of beads.

The demonic energy barrier around Li Yi was finally shattered. Seven to eight fists landed on his body, and one even hit his nose bridge, landing on his face!

“Bang!”

Li Yi suffered a heavy blow, and his body trembled before he was sent flying, leaving a trail of blood in the sky.

Yunxiao’s pupils constricted, and a look of shock flashed across his face.

He clearly saw the thin film formed by those tiny beads shatter hundreds of millions of them under the attack of several demonized martial artists.

However, the power of the attack was instantly transmitted to each bead, and the impact was equally divided.

This way, he would be able to protect himself to the greatest extent, and the particle armor would also be difficult to damage.

What was even more incredible was that the billions of broken particles fell off from the surface of his skin. At the same time, a new particle was spat out of his pores, repairing the armor.

Moreover, the particles were too small, and they dispersed in the air as soon as they fell off. It was difficult for ordinary people to detect them with the naked eye. They would never have dreamed that such a magical thing would happen in such a short period of time.

As for the blood in the air, it was because he had been punched in the face and spurted out from his mouth and nose. Although he looked extremely miserable, he was not really injured.

Yunxiao's mood at the moment could only be described as 'shock'. Li Yi must have undergone an unimaginable change, or he must have obtained some kind of great opportunity. Otherwise, it was impossible for him to be so powerful as if he had been reborn.

Somewhere in Red Moon City, little Qing was also silently looking up into the sky.

Beside him were Shang and Li, but both of them had taken on a human appearance and no longer had any demonic Qi.

it's indeed the power of the demon ancestor.

Qing Zhu said indifferently. It was expressionless, but if one listened closely, they would notice that it was trembling.

Shang smiled, and his eyes brightened. "The effect is far better than I thought. He can actually transform the external demonic power into the mother's power, it's really amazing. If he has enough power, he might be able to evolve to an existence that is infinitely close to the mother's."

Li said, "in theory, yes. But the mother's power is too pure. Even if we sacrifice all our power, we can only push him to the true immortal realm. If you want to return to your mother's world King level, I'm afraid that the entire demon race will not be able to do it."

Qing Zhu was silent for a while before it said, "everyone's destiny is different.

Perhaps one day, he can really reach that step." I've existed for countless years. I've been standing there since the birth of heaven and earth. I've seen too many world Kings in the past countless years. However, there were only a few people who could really leave an impression on me. The demon ancestor is one of them."

Hearing this, a smile appeared on the referee's face. then, there's a great meaning to my life in this era.

Qing said, "I don't care what you're trying to do. Now that you've both lost your powers and are only at the martial King realm, you can't change anything. The storm in this world has nothing to do with you two.

"That's good," Shang laughed. From then on, li and I lived in seclusion in the deep mountains of the great mountains, in seclusion among the people of the city, and lived a happy life."

Li was touched, and smiled expectantly, holding Shang's arm tightly.

Qing nodded. congratulations. From now on, we're even. I don't owe you anything anymore. If I'm free, perhaps I'll secretly come and see you."

"Haha, little Qing,"

Shang patted his arm and said, "don't peek at us. You have to show yourself. We'll treat you to a drink.

A rare smile appeared on Qing Zhu's wooden face."It's getting late, you should leave quickly. I'm afraid the barrier won't be able to hold on much longer." Shang raised his head again and looked up at the sky. He sighed, "Old friends, goodbye. The world is yours."

Although there was a hint of loneliness in his voice, he was not unhappy. On the contrary, there was a sense of relief.

Shang's lips curled into a smile as he looked at Li affectionately. The two then left hand in hand.

Qing Zhu watched the two of them disappear into the teleportation formation, and it stood there for a long time.

At that moment, Li Yi was in a rage in the sky as he roared, "Kill, kill! We'll kill all these Devils!"

The demonic Qi in his body exploded again. He was the first to rush over and punch out. Instantly, a devil cultivator exploded on the spot.

The members of hegemony Alliance were also very surprised, especially Tang Xin and the others from Redmoon city. When Li Yi was surrounded, they thought he was dead for sure, but he was still fine after being attacked from both sides.

Ding Shan and the other godly state experts were even more shocked. They realized that their assessment of Li Yi's strength had been greatly off.

A hand suddenly reached out from the exploded fiendish martial artist's body. It made a hand seal in mid-air and pointed at Li Yi!

"Bang!"

Li Yi was caught off guard and was hit by the seal, leaving a bloody hole in his shoulder.

"Ah? You should die!"

He was even more furious and instantly threw hundreds of punches into the demonic Qi, shattering everything.

Hidden in the void, Yunxiao's eyelids twitched and he looked surprised.

That inexplicable finger attack just now was definitely not an ordinary one. With just a force, it was able to break through Li Yi's particle armor. It must have been an attack from a Demon Lord.

Yunxiao looked at the hole worriedly. Unfortunately, it was so huge that he could not see what was inside.

At this moment, the dozen or so fiendish martial artists also exploded under the siege of the crowd.

However, there were constant screams. Every time a fiendish cultivator exploded, a stream of fiendish energy would shoot out and kill everyone below the immortal state.

what's going on?!

Li Yi's face turned pale, and fear flashed across his eyes. Looking at the bloody hole in his shoulder, he began to feel afraid.

Wan Xuan 'ang's expression did not look too good either. He looked up at the sky in shock and disbelief and said, "I'm afraid it's going to be troublesome. There might be a powerful Demon Lord inside!"

Demon King?!

it's said that the demonic monarch is divided into two levels," ding Shan said in a deep voice. they correspond to the sovereign patriarch and the void realm respectively. I wonder which level this demonic monarch is at?"

Wan Xuan tang's forehead seemed to be covered in sweat as he said, "To be able to seal the power of a single finger on more than ten martial artists and unleash it right before their deaths, I'm afraid that they're no ordinary divine sovereign realm experts. Even if he's not void-tier, he should at least have the power of a sovereign patriarch."

Li Yi was shocked, 'isn't there a boundary suppression? How can he still be so strong?"

Wan Xuan 'ang looked at him and said, "if it's not suppressed by the realm power, it can only be stronger!"

Li Yi immediately shut his mouth, his eyes filled with shock.

None of the people present had ever fought with the demon race, nor had they ever thought of fighting with the demon race.

This sudden situation made everyone dumbfounded. Ding Shan's face was gloomy, and he seemed to be in a good mood. However, a few of his capable subordinates had also died just now, which made his mood extremely bad.

Ding Shan said, "do you still want to stay at a time like this?" I don't think the barrier will last much longer. At that time, the demon Lord might personally descend, and it will be even more troublesome."

if I leave, then Redmoon city will really be finished. How can I, the Lord of Redmoon city, bear that?! Li Yi said in a deep voice.

"Then you're going to live and die with the Redmoon city?" ding Shan sneered.

Li Yi was stunned for a moment and then fell silent. Of course, he would not live or die with the Redmoon city.

Ding Shan consoled him,"if the red moon City is gone, it can be rebuilt. Even if the red moon City is no longer built, we can still build a white moon City, yellow moon City, Blue Moon City, and so on." If he lost his life, he would have nothing. Besides, you're now a member of the hegemony Alliance, so perhaps you can get the position of vice Alliance master or something. Wouldn't that be more impressive than the title of Red Moon city's city Lord?"

"Then who's the Alliance master?" Li Yi frowned.

“Hehe.”

Ding Shan laughed. I’m just casually saying. We can decide who will be the alliance leader later. It might even be you. The most important thing now is to

”

evacuate.

In the void, Yunxiao cursed ding Shan, the old fox, with a murderous look in his eyes. If they really wanted to leave, he would immediately go out and take ding Shan’s life, or he would cause endless trouble in the future.

Li Yi was moved by ding Shan’s words, he nodded and said, ” “I also think that Chairman ding’s words make sense. After all, the enemy is stronger than us.

However, whether the other party is the demon race or the heavenly martial Union, it’s not something we can compare with right now. It’s better to retreat first and preserve our strength for another battle!”

“Yes, yes, the city Lord and President ding are both right.”

As for the other small sects, they couldn’t stay any longer and wished they could just turn around and leave..
