

The Eternal 2161

Chapter 2161: Battle of the Redmoon city (3)

Wan Xuan 'ang also took the opportunity. since my Lord wants to leave, I can't insist on it. Let's go.

The leaders of the three major forces had spoken. Immediately, everyone's face revealed a happy expression. They were all extremely happy. Some were so excited that they were about to cry.

"Tsk, tsk, you want to leave now?"

A black demonic shadow suddenly appeared in the sky and floated like a cloud. A voice came from it, "The few immortal State Warriors stay, the rest can leave."

"Who are you?"

Everyone was shocked and looked up. The sky had long been covered with dark clouds, and they could not tell where the sound came from.

"The more powerful the devil descends, the more the carrier is needed. Otherwise, if the world's power is too strong, it really won't be able to withstand it."

"However, you goons below the God Realm don't even have the qualifications to become carriers," the voice said. That's why I've only sealed the energy of my finger in their bodies. Even so, there were still some who couldn't take it and directly exploded."

The voice was ethereal, sometimes East and sometimes West. There was not even an exact location.

Everyone was bewildered, but the martial artists below godly state were secretly delighted.

Forcing them to join the alliance, and just now, he had randomly sent people to their deaths, completely not treating them as humans. He had long been resentful.

Li Yi was shocked. I've only reached godhood a few days ago. There's no point in me being a host, right?"

Everyone,"hehe." no, no, your body is very special. Not only is it meaningful, but I also value it the most.

The voice from within the black cloud carried a teasing smile.

Li Yi was instantly enraged, "damn demon, what do you think the powerhouses of the heavenly martial realm are!?" I originally wanted to give you the red moon City, but now it seems that you are seeking death!"

none of us will leave! Wan Yiqian also rebuked angrily. we will definitely fight to the death with you, demon!

Li Yi said righteously,"that's right!" All the members of the hegemony Alliance are here, and we will not retreat!" He coldly glanced at the people around him. Those who were under his gaze felt a chill in their hearts. They all secretly prayed that the demon would quickly make his move and kill Li Yi and the other godly state people.

"Haha, since that's the case, then no one should leave. All of you can stay!"

Laughter came from the black cloud. Then, the demonic Qi rolled and condensed into human figures in the sky.

"This is a Kasaya!"

Yunxiao's eyes flickered with surprise. In an instant, hundreds of figures appeared, all of whom looked exactly the same.

Not only that, but these hundreds of people were actually all existences like ten directions fierce spirit fiends!

Everyone was dumbfounded. As the hundreds of divine realm auras pressed down, many Martial Emperor powerhouses were severely injured and spat out blood on the spot.

how did this happen?!

Li Yi panicked as well. 'A hundred godly state experts who look the same? Isn't this too absurd?'

Ding Shan, the myriad Treasure Tower, and the others were also dumbfounded, petrified on the spot.

"Hehe! Hehe!"

"Hehehehe hehe hehe hehe"

The sky was filled with the sinister laughter of that face.

Yunxiao scanned them with his divine sense and found that there were a hundred and one people in total. The extra person was stronger, at least at the level of a Demon Lord.

As expected, the strongest person stood out and grinned. "Let me introduce myself. After all, it's my first time visiting your world, and I feel very honored.

My name is LAN. You can call me MO Lan, or LAN Jun.

"Blue?"

Yunxiao and lingmu di exchanged a look, and both shook their heads slightly. Obviously, they had never heard of it.

Li Yi was already scared out of his wits. Lord LAN Jun, " he said, " then what are the names of the hundred Lords in Wufu? ' "

"These are all my clones," laughed LAN.

a clone?!

The crowd gasped. One hundred godly state experts 'clones?

Blue squinted and nodded, "that's right." Because the rift is still too weak, it'll be difficult for my true body to pass through it. He had no choice but to pass through the rift in this manner, but after coming over, he discovered that he didn't have enough devilish Qi, and the suppression was even more powerful than he had imagined, so he was unable to condense his true body. We can only wait until we return to the demonic realm, or when this city is completely demonized, before we can condense our true bodies."

Li Yi's face turned pale. Lord LAN Jun, you should hurry back to the demon Realm and condense your true body. After all, the realm power of the heaven martial realm is suppressing us. It would be bad if something goes wrong. We are just some small fries with no strength or background. We did not participate in the previous two demon Wars. Lord, please don't waste your time on US Small fries.

"Hehe, why don't you have any backbone? I was planning to refine you into my main body, don't you find it embarrassing?" MO Lan smiled faintly.

please, " Li Yi pleaded, " as long as you let me go, my Lord, I know where in the realm of heavenly martial arts there's a better vessel for you.

Everyone's expression changed slightly.

Although most of them wanted to survive by any means possible, they couldn't say such shameless words.

Even Wan Yiqian, who cherished his life, found it hard to speak.

Finally, someone shouted in anger, "Li Yi!" To think that you're the master of Red Moon City, and even established the hegemony Alliance. You actually have no backbone and grovel to the demon race! No matter how strong he is, he's just a parasite in the realm of heavenly martial arts!"

Li Yi replied coldly,"so what if I'm a parasite?" If you have the ability, then go! Lord LAN Jun is standing here, so who has the ability? Let me tell you, although this is the first time I've met Lord LAN Jun, we feel like old friends at first sight! Whoever wants to harm my Lord is harming me, Li Yi. I will be the first to not let him off!"

MO Lan was stunned. The members of the devil race were usually filled with killing intent. They were not very calculative, so there were very few shameless people. She had never seen such a shameless person before. She was stunned and didn't know what to say.

"Ahem."

Ding Shan clenched his right fist, coughed a few times, and said, " "Li Yi's words aren't completely without reason. Furthermore, the enemy of my enemy is my friend. Those people from the previous two demon Wars were all from the heavenly martial Union. The Tianyuan trading company and the heavenly martial Union have always been irreconcilable. In that case, Tianyuan trading company and the demon race should have a common goal and interest, which means they should be friends."

Wan Xuan 'ang's eyes were wide open. Although he wanted to surrender and beg for mercy, he really couldn't bring himself to do so.

Wan Yiqian couldn't bear it anymore. He said, " since the hegemony Alliance has been established, everyone should advance and retreat together. Myriad treasures store should also stand with the two of you!

Yunxiao was speechless. Although he knew that these people had no moral integrity, he did not expect them to change sides so quickly.

His heart also became extremely heavy. This LAN could actually split himself into 100 return to reality realm experts and a true body of the void realm. This was too terrifying.

Even Qiu and the Misty Rock Master might not have such strength, so the person in front of him was very likely one of the eight demon Venerables of the demon world.

“From what you’ve said, are you planning to rely on me?” MO Lan asked.

“If my Lord doesn’t mind that we’re too weak, we’re willing to serve you,” Li Yi quickly said.

The rest of the people also expressed their opinions, but a few people couldn’t bring themselves to say it, their faces turning red.

MO Lan said, “it’s good if that’s the case. It’ll save me some trouble.” I originally didn’t want these dregs below the God Realm, but since you have the intention, I’ll let those fierce fiends stay. As for the few of you who are above the immortal state, you can host my clone.”

“Boarding?”

what(” Li Yi was shocked. His voice trembled as he asked, ” is it the so-called ‘carrier’, just like the ten or so people before? ”

“Yes,” MO Lan nodded. I really don’t care about your little strength, and this is the only way I can make use of your remaining strength. It won’t be a waste of your loyalty, and I’ll grant you Supreme glory.”

“F * Ck off, you bastard! I won’t let you off even if I die!”

Li Yi knew that there was no hope of survival, so he immediately regained his dignity and roared, ” “You alien races have offended the realm of heavenly martial arts, and everyone has the right to kill you! Everyone, let’s kill him together! ”

The rest of the people also exploded with powerful auras. They were about to die, and everyone wanted to drag a few of them down with them. They glared at MO Lan, but no one dared to rush forward.

“Aiyo, what’s going on? why are you all so angry?”

MO Lan smiled and said, “since you’re not willing, then forget it. There’s no need to be angry.” Let’s clean up these dregs first, then test out your bodies and see how effective the world resistance is.”

Immediately, twenty clones flew down. Ten of them headed toward Li Yi and the others, while the other ten attacked mercilessly, killing the martial arts powerhouses.

“Demons, you’ll all die a horrible death!”

A large number of martial artists exploded in the sky. They were all killed in seconds.

Even Tang Xin couldn’t withstand a casual blow from a clone and instantly exploded into a meat paste.

In the entire hegemony Alliance, there were only Li Yi, Ding Shan, Wan Yiqian, and Wan Xuan ‘ang who were godly state experts.

The four of them saw that they had lost the battle and turned to run away before the ten godly state experts landed.

They had already calculated in their hearts. MO Lan had a large number of people, so they would definitely die if they fought her head on. However, these one hundred people were only at the true God Realm. If they wanted to escape, it would be difficult for her to catch up.

“Hehe, if I had fled from the start, I might have had a chance. But right now, the area within a hundred miles is filled with demonic Qi. The reason why I only came out now was because I was setting up a formation. All the living beings in this space can’t escape.”

MO Lan watched the four of them fly away in all directions and disappear from her sight. She did not care and only smiled faintly.

Sure enough, the four of them flew in different directions and soon encountered a huge barrier that blocked their path. Their faces instantly turned ashen.

MO Lan smiled. this barrier is not only used to prevent you from escaping. It also has an extremely important function. It can resist the power of the world to a certain extent.

More than a dozen figures among the clones immediately moved and flew in the direction of the four..

Chapter 2162: Battle of the Redmoon city (4)

Other than Wan Xuan 'ang, who was still rather calm, the other three people's faces were ashen as they directly flew towards the red moon City.

The barrier protecting the city finally could not withstand the demonic Qi and collapsed. The demonic Qi collapsed like snow on a mountain.

Li Yi and the other three hurried toward the teleportation circle. This was the only way to leave the blue barrier.

Yunxiao frowned, then teleported down from the void and landed in front of the teleportation array.

He casually threw out thirty-six Northern heaven frigid star swords, which transformed into a huge sword shape. They stabbed into the ground and connected to the sword realm, guarding the teleportation formation.

If the teleportation formation was destroyed, it would be troublesome for the heavenly martial Union to come over.

“Eh?”

The moment Yunxiao appeared, MO Lan’s face was filled with surprise, as if she could not believe that someone was still hiding under his watch.

li Yunxiao!

Li Yi and ding Shan cried out in shock, their faces filled with shock and disbelief.

“Brother Feiyang!”

Wan Yiqian was immediately overjoyed, as if she had seen her Savior. She was so excited that she could not control herself.

how have you been? ” Yunxiao smiled. I hope you are all well.

“Li Yunxiao!” Li Yi roared. It was indeed your scheme! Damn it, you just can’t see me, alright? How dare you collude with the demons! You are not worthy of being the heavenly martial Alliance’s Alliance master!”

don’t waste time, ” Yunxiao said with a smile. The Fiend supremacy’s clones are coming.

Li Yi turned around to look and was instantly scared half to death. He hurriedly said, ” open the teleportation array’s boundary and let us leave!

Wan Yiqian was also extremely anxious and said, ” “That’s right, Feiyang, quickly open the sword World. This is our only escape route.”

“Escape?”

you are all the elites of the heavenly martial realm, ” Yunxiao said in surprise.

you are the pillars of this realm. How can you escape at this time? ” You should be courageous and kill the enemy.”

cut the crap, li Yunxiao! Li Yi said angrily. don’t talk nonsense with me! Hurry up and remove the barrier, or don’t blame us for being impolite!”

“Everyone, let’s kill him together, or it’ll be too late!” Ding Shan said in a deep voice.

The dozen Blue Devil figures stopped in the distance and did not attack. They watched them talk with interest and sneered.

“Good! Make your move!”

In Li Yi’s rage, his aura instantly rose to its peak.

He knew Yunxiao very well, and he knew that the latter would not move away unless he forced his way through, and the only escape route was right in front of him!

“Brother Feiyang, what are you doing? get out of the way!”

If he panicked and watched the other three attack, he would just stand there, not knowing what to do.

Wan Xuan ‘ang glared at him and shouted, ” “Attack!”

“Brother Feiyang, please forgive me!” Wan Yiqian stomped in the air and sighed.

He immediately formed a seal with his hands and slapped forward with the other three.

The four forces gathered in the air like four flying dragons, chasing each other. In his surprise, Yunxiao hurriedly thrust his wind and cloud Palm forward!

“ROOM I “

When the four forces hit him, they exploded, and Yunxiao and the barrier disappeared in an instant.

The thirty-six Northern heaven cold star swords were sent flying from the ground with a clang.

haha, he’s dead?!

Li Yi laughed out loud in ecstasy and rushed forward. He flew into the teleportation circle and quickly cast a seal.

Wan Xuan ‘ang followed closely behind and flew down.

Wan Yiqian was stunned for a long time and found it hard to believe. He blinked his eyes and said in a daze, “Yingluo is really dead? How could it be?”

Wan Xuan ‘ang furrowed his brows. what are you waiting for? hurry up and leave! Do you want to die? ”

When Wan Yiqian saw the light of teleportation rising up, she suddenly had an idea. Afraid that she would be left behind, she hurriedly flew over.

Only ding Shan was left standing outside the teleportation array, his face full of solemnness and suspicion.

Li Yi looked at him coldly and sneered, “Lord ding Shan has such a heavy heart, could it be that you’re afraid of a trap? Even if there’s a trap, we just need to leave this place and ignore the rest!”

Ding Shan didn’t say a word. He stared at the transfer array until the light of the array bloomed to its brightest. Then, he instantly rushed into it.

Following which, the light of teleportation flashed, and the four people inside disappeared.

MO Lan looked down coldly. Even the ten-odd clones did not move.

In the next moment, there was a flash of light in the sky, and the four of them suddenly appeared in front of MO Lan. They were only over thirty meters away.

The four of them cried out in alarm, their faces ashen.

Li Yi suddenly turned his head and looked down, only to see that Yunxiao was still standing there, and the teleportation array was firmly guarded by thirty-six Northern heavens cold star swords, not moving at all!

“Yingluo is so ruthless!”

Li Yi cried out in bitter despair.

‘What’s so cruel?’ Yunxiao played dumb. Aren’t you guys leaving? I’m just giving you a lift.”

Wan Yiqian cried. brother Feiyang, we are friends. How can you treat me like this?!

I don’t think so,” Yunxiao said faintly. the moment brother Yiqian made his move, we no longer had any friendship. Besides, it’s our duty to exterminate evil and protect the Dao. You’d better contribute some strength to the realm of heavenly martial arts.”

MO Lan looked at Yunxiao and suddenly said, “ it seems that the realm of heavenly martial arts is quite interesting. No wonder barbarian was defeated last time. I’ll take care of these minions first, then I’ll play with you. I just don’t know how many rats are hiding inside this barrier.”

As soon as he finished speaking, another dozen or so clones flashed and surrounded Li Yi’s group of four.

The four people's faces all had no color, knowing that this time it was impossible to escape.

"BOOM! BOOM!"

More than ten clones attacked at the same time. The four people's resistance was like a Mantis trying to stop a car, and their defenses were broken in an instant.

However, the clones did not kill them. Instead, four of them flew into their bodies and occupied them.

"Yi, this body is so strong."

'Li Yi's' face suddenly changed. He looked at his body and seemed to be in deep Gradually, his expression turned solemn.

who is the master of my body?" he turned to Yunxiao and asked.

Looking at his solemn look, Yunxiao also seemed to find it a little strange.

you've already occupied his body. Can't you just search his memories directly? ' Li Yi grunted and looked at ding Shan.

'Ding Shan' nodded slightly and raised his hand. He formed a hand seal and pointed at his head. Immediately, a devil seal was sent into his head.

Soon after, the devil blue clone that had been possessed separated and also slapped a seal on ding Shan's head.

Ding Shan's body trembled violently, as if he was screening rice chaff.

Yunxiao watched quietly. He knew that MO Lan was afraid of hurting Li Yi's body and wanted Li Yi's information, so she had directly searched ding Shan's soul.

The doppelganger suddenly cried out in surprise, and a strange look flashed in its eyes.

Immediately after, he smacked Ding Shan's body with his left hand, instantly blasting a hole with a "bang," and then his five fingers clawed.

"Bang!"

Ding Shan's entire body directly exploded into minced meat, dissipating in the sky.

The clone had a shining sword in its hand.

The clone passed the sword to MO Lan. MO Lan carefully observed it for a while before she suddenly laughed and said, "Haha, it is indeed a fragment of the battlefield of the ancient gods! Tsk, tsk, this piece of trash actually refined a fragment of the ancient gods' battlefield into a sword. How creative. I didn't expect that I would get such a lucky chance after entering the realm of heavenly martial arts. This is a good sign."

Yunxiao stared at the sword and thought of the broken battlefield of the ancient gods in the outer realm. He did not expect that Ding Shan would also obtain a part of it. He was quite lucky.

However, many unjust acts led to self-destruction.

If it weren't for the fact that they had sneakily set up the hegemony Alliance in the red moon City and wanted to take advantage of the demons' invasion, they wouldn't have gotten into today's situation. It could be considered a kind of divine retribution.

After MO Lan obtained the ancient gods' battlefield fragment, she was in a good mood. She laughed and said, "It's a great start. Not only did we get a Saint artifact fragment, but we also got a body like this. The heavens are really helping our race. It seems that this holy war will definitely succeed!"

Yunxiao looked at him coldly and said with a sneer, "You're so happy just because you got a sword. Are the demons so pitiful? If you want a sword, I can give you a thousand of them, and you can immediately get the hell back to the demon Realm after you take them, okay?"

"Brat, you're quite arrogant," MO Lan said while looking at him.

if I wasn't arrogant, " Yunxiao said, " and if I was honest and respectful, would you have returned to the devil realm and never come back? "

"Of course not, " MO Lan said.

that's it, " Yunxiao said. that's it.

MO Lan said dejectedly, "you're quite talkative, but I wonder if you have the strength to do so!" You're protecting the teleportation formation, but you're not leaving. I'm sure reinforcements are coming, right?"

mind your own business, " Yunxiao said. why do you have to care about my business? "

"Haha, interesting. But I don't like interesting things, so you should just die!" MO Lan said with a sneer. More than ten clones immediately surrounded her.

Yunxiao raised his hand, and a beam of sword Qi shot out, piercing through one of the clones and exploding in an instant, splitting into countless fiends that cried out.

"What?"

MO Lan's true body and the dozen or so clones were all shocked.

While he was still in shock, Yunxiao made another move and killed two of his clones in an instant.

MO Lan was greatly alarmed and immediately sent over thirty more avatars while her true body also flew over.

However, it suddenly twisted in the air, and a streak of silver light flickered from within, striking directly at MO Lan's main body.

"Bang!"

MO Lan grabbed the silver light with both her hands. However, with a shake of her sword, it turned into a soft whip that was like a snake. It wrapped around his hands and then wrapped around his entire body.

"As expected, there's still someone else."

MO Lan looked at lingmu di coldly. She did not panic, but her eyes were filled with coldness. "Are there any more? they came out together." li Yunxiao was right, " lingmu di said. it's none of your business. Mind your own business.

"You're courting death!" MO Lan said angrily.

If he were in the devil realm, Yunxiao and lingmu di would never have been able to hide under his nose. Unfortunately, he was in the heavenly martial arts realm, and his five senses and six Senses were suppressed along with his strength, which made him very depressed.

The clones in the surroundings all attacked furiously, bombarding the lingmu di.

"Hmph!"

Lingmu di snorted coldly. With a roll of his reverse soul whip, layers of sword light cut into MO Lan's body, and a large number of demonic fiends were sent flying.

[I didn't update today..]

Chapter 2163 Battle of the Redmoon city (5)

“BOOM! BOOM!”

After lingmu di injured MO Lan with one strike, the attacks from the numerous clones arrived in an instant. The sky trembled and they were endless.

The lingmu flute turned slightly and twisted the space directly, escaping from the crack of the sky-covering attacks.

Although MO Lan's 100 clones looked terrifying, they were much easier to deal with than a creation realm demon supremacy. At least, if you want to leave, these true God Realm clones can't stop you.

Even MO Lan's original body was only at the void realm. Moreover, she was suppressed by the realm power, and her strength was greatly reduced.

Yunxiao also exercised his movement technique in Red Moon City to avoid the main attacks of the crowd, and he would attack when he had a chance to, killing many of his clones.

it seems that this Demon Lord is nothing special, ” Yunxiao said with a hideous smile. let's work a little harder and kill them all! freeweb(n)ovel

Lingmu di was in a slightly better state, but Yunxiao moved as fast as lightning, and his clones could not keep up with him at all, so they could only wait to be slaughtered anxiously.

After some of the clones were killed, the remaining ones were covered in cold sweat. They shot up into the sky and flew up, as if they had given up.

MO Lan's expression turned unsightly. Even if they were only clones, losing too many of them would also hurt her body. If all 100 of these clones were to die, she would most likely fall from the devil Supreme realm.

At this moment, a large number of people began to run out of the teleportation array. There were martial artists and ordinary mortals. Some were infected by the demonic Qi and were in great pain. However, they were all blocked by the sword World.

let us in, let us in, please! I beg you!

Those people struggled in front of the sword World, shouting desperately and looking at Yunxiao with all kinds of pleading eyes.

Yunxiao frowned. Almost all the people in the city had begun to rush in this direction, and more and more people were demonized.

At this moment, the teleportation formation was the only way to the outside world. More importantly, the heavenly martial Union could only enter from here, so they could not afford to lose it.

But, their pleading faces made Yunxiao's heart tremble, and his face was filled with struggle.

Suddenly, Qing Zhu's voice rang out, "Since you don't want to open it, then don't. Even if the passage was opened, not many of them could walk, and the goal of those demonized martial artists was bound to destroy this place. Once the red moon City is completely demonized and becomes the stronghold of the demonic invasion, it will be troublesome." no, we just want to leave. We won't destroy the teleportation formation!

Those people begged with all their might. A large group of people directly knelt down and kowtowed.

Yunxiao gritted his teeth and said, "how much you can leave with depends on your own fate! If anyone destroys the teleportation formation, I'll kill them immediately if I discover any of their intentions!"

With a wave of his hand, he instantly recalled the 36 Northern heaven cold star swords into his body. At the same time, he formed a hand seal with one hand and struck out a Thunder seal. With a rumble, they turned into countless electric awns and shot into the crowd.

The lightning was as fine as silk, and each one of them shot into the bodies of the demonized people, killing them on the spot.

It immediately caused a huge panic, and all kinds of wails and screams rang out, turning the place into a mess.

whoever shouts again will die! Yunxiao said coldly.

Although his cold voice wasn't loud, it carried a sharp killing intent. Everyone shivered and immediately quieted down.

Qing Zhu looked at him with admiration and said, I can't believe you've also cultivated the innate lightning body. Your control of lightning is even better than mine.

Although little Qing was an innate second wood spirit, and her talent in wood element was a hundred times better than Yunxiao's, her wood element origin was extremely vast, and she could not only produce lightning.

In addition, Yunxiao's Thunder art had been tempered through hundreds of battles, so it was only natural that he could defeat little Qing.

Yunxiao was not in the mood to be praised. With a very serious face, he said, "Help me guard this teleportation formation. Anyone who demonized and wants to destroy it will be killed without mercy! I'll go break the enchantment that the demon has set up so that everyone can escape from here!"

He raised his head and looked at the sky. The lingmu flute had stopped fighting with the clones and was flying down. The clones could do nothing to him.

"Lord mu di, look at this barrier," Yunxiao said.

this enchantment is also an item of the devil World," lingmu di said. if you concentrate your purple lightning on one point and bombard it, you'll probably be able to break it!

that's what I was thinking," Yunxiao said. I have the same idea.

In a flash, he teleported tens of thousands of meters into the sky. Lightning flowed around his body like water.

Yunxiao raised his hand, and one of his arms turned purple with lightning flashing on it, gradually turning into a Dragon.

MO Lan was standing not far away. She looked at him coldly and did not seem to want to do anything.

The dozens of clones surrounded him and made the same hand seal with one hand. They began to merge slowly.

Lingmu Di's expression changed drastically. If MO Lan condensed her true body here, even if she was suppressed by the realm power, she would still be in the creation realm, and they would be in big trouble.

Moreover, demonic Qi was pouring down from the hole in the sky, and all kinds of demonic creatures were gathering in the sky.

The purple dragon on Yunxiao's arm slowly opened its eyes and projected the power of laws.

Even MO Lan's expression changed drastically. She looked at the purple dragon in shock, as if she had sensed the danger that could endanger her life. She said in alarm, realm power transforming into a Dragon?!

Yunxiao suddenly threw a punch, and the purple dragon instantly smashed into the barrier, creating a huge hole with a loud boom.

The demonic light that filled the sky flashed and immediately dissipated into the void. The enchantment that covered the red moon City immediately shattered.

run away! lingmu di shouted in joy. don't squeeze into the teleportation formation! The barrier is broken!

His voice was like a wave, rolling in all directions.

The red moon City was extremely large. This time, everyone in the city was ecstatic and fled in all directions.

Hmph, they're all ants. It's really uncomfortable to look at.

MO Lan raised her hand and pointed at a nearby ten directional brutal soul fiend.

The ten directional evil Spirit's body began to twist, and its face became extremely painful. A large number of cracks began to appear on its body, and they were actually the faces of demonic spirits. Then, they rushed out of its body.

Shua shua shua!

Waves of demonic fiends flew out from his body and bit at the ordinary mortals in Red Moon City.

The ten directional malevolent spirit had been completely disintegrated by MO Lan's finger without any demonic Qi wasted. There were tens of thousands of them!

MO Lan coldly laughed and stretched out her hands at the same time. The other ten omnidirectional ferocious fiends were infected, and after struggling a few times, they also began to degrade.

"Damn it!"

Taken aback, Yunxiao immediately shot out a bolt of lightning toward the fiends.

“Hehe, you’re just an ant. Do you need to be so nervous?”

MO Lan sneered. Then, several clones attacked the lightning and were instantly destroyed in the air.

At the same time, a large number of strange-looking demonic beasts rushed at Yunxiao while shaking their heads.

This included the crane and the Yuanxiang zhichen, as well as some strange magical beasts that were not weak.

At the same time, hundreds of thousands of demonic specters descended from the sky and flew toward the pitch-black ground, disappearing into it.

Soon, shrill screams could be heard from all directions.

The entire Red Moon City had turned pitch black. The screams were shocking,

Only a few martial artists of the red moon City were left to resist and kill MO Sha wantonly.

Yunxiao was shocked and furious. With his keen divine sense, he immediately noticed that after the fiends rushed into the ground, the lives in the city disappeared in droves, and the feeling made his blood run cold.

Under the siege of so many magical beasts, he had no heart to continue fighting. He immediately flew back to the teleportation array and was secretly anxious.

Without a powerful force to sweep through the red moon City, it was impossible to drive out these demonic fiends and demons.

Suddenly, a dazzling demonic light condensed in the sky and slowly turned into a ball. A figure emerged from it.

“LAN, it seems that you’ve encountered some big trouble.”

The person inside the figure looked at blue and smiled with a leisurely look.

MO Lan’s expression turned cold. I was killing the enemies at the front. You pieces of trash can’t even come out of the crack. You still have the face to make sarcastic remarks? ”

Inside the ball of demonic light was the other demon Palace Master. He chuckled and said, ” “Calm down. I’m not being sarcastic. I just hope that you can speed up the clearing of obstacles. There’s trouble at the crack again.”

MO Lan’s expression suddenly changed. Her eyes shot out waves of coldness as she said, those realm devouring beasts still haven’t given up? ”

The devil Palace nodded and said seriously, ” and this time, there are more than ten of them. You know that we are guarding the crack now. We can’t escape. We can only fight. I was entrusted by someone else to use a large amount of my power to project myself here.”

MO Lan snorted. what a bunch of troublesome things. I understand. You can go back now!

MO Gong said, ” we’ll send another group of people to help you. However, they’ve just passed through the crack. If these people come over, I’m afraid that the independent space won’t be able to withstand it. It’ll definitely be destroyed.

“Without the buffer of that independent space, I’m afraid they won’t be able to withstand the power of the realm if they come so abruptly.” MO Lan frowned.

“We can’t care about that anymore,” mo Gong said.

MO Lan said, "alright, I didn't expect it to be this serious." I'll take care of these pieces of trash as soon as possible and destroy the teleportation formation first. I was thinking of waiting for their reinforcements to arrive and annihilate them together to save myself some trouble in the future."

The Fiend Palace looked down and saw Yunxiao and the others. "LAN, you're so willful. If we can't take down a city in the realm of heaven martial arts with our five tribes joining hands, we will be too ashamed to face anyone in the future."

"I know," MO Lan said impatiently. These two people are a little troublesome, and my clone can't beat them. We'll talk about it when the people you've sent come. I'll destroy the teleportation formation first."

He raised his hand and directed the demonic beast to rush towards the teleportation formation.

The demonic Palace took a look and felt that there shouldn't be a problem. Then, it made a hand seal with one hand, and its figure disappeared into the sky with the demonic light.

they're going to destroy the teleportation array! Yunxiao's face flickered..

we're in trouble!

Chapter 2164 Battle of the Redmoon city (6)

Lingmu di held the reverse soul whip in his hand and said in a deep voice, " "We must defend it!"

If the teleportation array was destroyed, it would take at least half a month for the reinforcements to arrive, and then the fall of Red Moon City would be a matter of certainty.

yes! Yunxiao responded and shouted, " everyone, back off!

He immediately threw out thirty-six Northern heaven frigid star swords to protect the formation.

At the same time, twelve rays of golden light flew out from his body and stood in the distance. The twelve puppets performed hand seals at the same time, forming a Grand formation.

As for the people in the array, he used his spiritual power to distort space and teleport them far away.

Yunxiao, lingmu di, and little Qing appeared above the array, waiting for him.

“I saw you use the purple lightning to break the realm just now. It was very effective. It should be because it contains the power of the realm, right?” little Qing said.

yes,” Yunxiao nodded. the purple Thunder is condensed by the realm power, and it is very effective against these Devils. It’s a pity that it consumes too much energy.”

As soon as he finished speaking, his eyes and mouth opened wide.

Qing Zhu’s hands formed a seal in front of its body, and suddenly, four purple lightning bolts as thick as an arm bloomed from its body. They revolved around its body, illuminating its entire body with purple light.

“This is an ...”

Yunxiao was dumbfounded. He could not help sighing in his heart when he thought of how hard he had cultivated, but in terms of the technique of refining and compressing Thunderbolts, he was still far inferior to the second wood spirit transformation.

“The Thunder element is just a derivative of the wood element. I cultivate the origin power of the wood element, so I can change it into many wonderful techniques. However, Yingluo ‘

His face revealed a strained expression, and he said, “However, it’s still extremely difficult to form purple lightning.”

Yunxiao's face darkened. 'If you call this difficult, isn't what I'm doing like a bull squeezing milk out of a cow?' he thought.

Greenie's body bent down slightly, and it suddenly charged into the sky.

He held his hands by his sides and controlled the four purple lightning bolts that were as thick as his arms.

A purple thunderstorm suddenly surged in the air, turning into a vortex and rushing toward the demons.

"BOOM!"

The first few magical beasts were struck by the purple lightning, and they died on the spot.

Immediately after, the purple lightning began to spin under little Qing's control, covering a radius of 3000 meters in an instant and enveloping all of the devilish beasts.

In the sea of lightning, under the illumination of the purple light, those demonic beasts all let out painful cries. Many of them couldn't hold on any longer and exploded in an instant. Even the demonic Qi was swept away by the purple light.

MO Lan's eyes widened in horror. who is this man?!

Yunxiao and lingmu di were also stunned by little Qing's gorgeous moves. The purple Thunderbolts spread out for thousands of feet, looking unprecedentedly beautiful.

Unfortunately, it only lasted for a moment before little green ran out of strength. The lightning scattered in the air and disappeared into the void with a Swoosh.

Even so, more than half of the demons had been eliminated, leaving only a dozen or so powerful existences, but they were also seriously injured.

Moreover, the devilish Qi within a radius of ten thousand feet had been swept away, and everything became clear.

Qing Zhu turned around in the air and landed beside the two of them. There was still a slight electric current flashing on its body. "I can't hold on any longer."

"Ha, you're really something! That's enough!"

Yunxiao praised, and with a fierce look in his eyes, he turned into a bolt of lightning and flew into the sky while shouting, "Lord mu di, you guard below!"

Lingmu di had wanted to join the battle, but when he saw Yunxiao's confidence, he stopped.

After the attack, little Qing sat cross-legged in the air and recuperated.

It was a pity that this place was filled with demonic Qi, and there was almost no yi wood Qi. If he were in a spiritual mountain or river, his recovery speed would be extremely fast.

Yunxiao rushed into the sky and unleashed a world of swords, which transformed into tens of millions of sword shadows and slashed at the demonic beasts.

"Roar!"

Several magical beasts that looked like giant rhinoceros suddenly charged over and directly used their heads to push into the sword light. Their rough skin was instantly cut with tens of thousands of bloody marks. They took a few more steps into the sword World, and their skin and flesh were torn apart. Soon, white bones could be seen, and then they were completely turned into meat paste.

At the same time, three injured cranes cried out and swooped down from the sky, trying to grab Yunxiao.

The strength of this demonic bird was no less than that of an ordinary demonic Lord, but it had just been injured by little Qing's purple Thunder, and they were now in the heavenly martial realm. How could it be Yunxiao's opponent?

"Bang!"

The Three Cranes joined hands and grabbed at Yunxiao's body of Thunder, which exploded at once, but it instantly condensed behind one of them. With a slash of the sword, the Crane's head was cut off on the spot.

After the Crane's death, its body began to degrade, turning into several ten-directional evil spirits that pounced at Yunxiao.

When the other two saw that the situation was not right, they let out a long cry and wanted to escape.

With a cold look on his face, Yunxiao shot out a sword beam and shattered the dozens of ten-directional brutal souls.

As for the two cranes, a golden light suddenly appeared in front of them and pierced through one of them.

The crane cried out in pain and exploded with a bang. The demonic Qi was everywhere.

However, as the golden light waned, it immediately transformed into stellar energy that shot in all directions, cutting down all of the fiendish demons.

A blurry figure gradually became clear from the void. It held a heavenly halberd and stood with a smile.

"Zhuo qingfan!"

reinforcements are here?" Yunxiao was overjoyed. are the reinforcements here?" soon," Zhuo qingfan said. I'll come over to Scout first.

He looked around and couldn't help but reveal a shocked expression, " "This is an of the red moon City"

Yunxiao nodded and said, 'it's completely over. Even if we can repel these demons, we won't be able to restore our former glory.'

With Zhuo qingfan's sharp eyes, he could tell that the red moon City was not only being massacred and destroyed. More importantly, the demonic Qi had eroded the spirit Qi and even penetrated the earth veins, destroying them.

Without the resources of spiritual energy, there would not be any large sects.

"It seems like the Redmoon city is going to become history," Zhuo qingfan sighed. "You don't have to be sad. Since ancient times, such incidents have occurred as many times as the grains of sand in the Ganges River. This is the law of history." freewebno(v)el

I understand," Yunxiao nodded and said.

Although his expression was calm, his heart was still filled with melancholy and loneliness.

At this moment, MO Lan's face had already turned pale from anger. She immediately sent a palm strike toward the flying crane. The head crane let out a blood-curdling screech before exploding into pieces.

"These Suan ni are all clones?" Zhuo qingfan asked in shock as he looked up. that's right," Yunxiao said. this man is very likely to be a demon Supreme. Because the world Energy was too strong, it split itself and went through the crack." demon commander?!

"Then what are we waiting for?" Zhuo qingfan asked in shock. Since he's isolated and helpless now, we can eliminate him, and the pressure in the future will be much less. "

Yunxiao smiled wryly. it's not that easy to kill a demon venerable. There's no hurry at the moment. Our biggest task is to guard the teleportation array and wait for everyone to come together. Moreover, I just heard them say that there are still many more powerful things to come."

"I see," Zhuo qingfan nodded. It seems like he came from the depths of the world. I'll go and take a look." be careful! Yunxiao cried out in surprise. be careful!

Before he could finish his sentence, Zhuo qingfan had already disappeared from his sight.

In the next moment, Zhuo qingfan's true body appeared in the depths of the world. At a glance, the entire place was in a state of ruin, severely corroded by the demonic Qi.

"This space is so dense."

Zhuo qingfan frowned. He could clearly sense that the spatial structure of the world was loosening up, and it could collapse at any moment.

If the battle had taken place here, it would have already collapsed.

He looked around and then followed the direction of the demonic Qi.

After a while, he finally saw the source. A huge pit appeared on the ground, like a ravine. Demonic Qi gushed out like a fountain, making him extremely uncomfortable.

Moreover, many low-level demons came out with the demonic Qi. Some went in the direction of the realm of heaven martial arts, while others found him and rushed over ferociously.

Zhuo qingfan was depressed. His five senses and six Senses were greatly restricted by the demonic Qi that filled the sky, and he was unable to see what was going on inside the rift.

His great void technique could only allow him to travel within one realm and not to another.

"Eh, I just came out and I already found prey."

Suddenly, a gloomy voice was heard. A pair of cold eyes flashed in the boundless demonic Qi.

Zhuo qingfan was currently surrounded by a few low-level demons. He had just cleaned them up when he felt an abnormal sense of danger.

“BOOM!”

The place where he stood exploded instantly. The space shook violently, collapsed, and condensed into a point, then disappeared.

“What?”

The voice in the demonic Qi seemed to be in disbelief.

In the darkness, a figure slowly condensed, and the strength of his aura was at least that of a second grade Demon Lord.

Suddenly, a ray of golden light cut through the demonic Qi and fell from the sky. It was as if the heavens had descended a divine punishment to kill the demons and eliminate evil!

“Bang!”

The halberd’s light struck the demonic monarch’s body and exploded into countless demonic specters, which scattered in all directions.

However, in the blink of an eye, those demonic fiends seemed to have intelligence. They condensed in the sky again and turned into the true body of the demonic monarch, who shouted, “Die!”

The demonic Qi that gushed out of the rift swept up like a massive wave, engulfing Zhuo qingfan.

At the same time, the demon made a hand seal and shouted, “Seal!”

In the space within a radius of 1000 feet, countless demonic runes flashed out of the void and sealed the void!

Zhuo qingfan was slightly taken aback. He had indeed felt an unusually powerful force stabilizing the spatial structure. Although it was not to the extent of preventing him from walking, it was much more difficult than the usual carefreeness.

Moreover, he had no intention of escaping. He held the halberd in front of him and immediately created a barrier to protect himself.

“BOOM!”

The terrifying power slammed into the barrier, shaking his body, but it was still unbreakable.

“Oh? He had some skills, but that was all. It’s just that I can’t get used to the sky for the time being.”

The demonic monarch suddenly appeared in front of Zhuo qingfan and slammed his palm down with a sinister smile. It struck the vast ocean like dust and instantly shattered the enchantment!

“BOOM!”

The entire heaven and earth trembled, and the space they were standing in shattered instantly.. Zhuo qingfan plummeted down, and the earth and the heavens collapsed at the same time!

Chapter 2165 Battle of the Redmoon city (7)

Yunxiao and MO Lan were confronting each other in the sky above Red Moon City. The hole in the sky suddenly shrank and withered. Then, the entire sky darkened as if the sky had collapsed!

“Boom boom boom!”

MO Lan was shocked. She turned around and was immediately Swept into the Darkness.

A desolate and stale aura filled the air, and large amounts of rocks and soil floated above.

Yunxiao was taken aback. He could tell that these were the things that came from the world.

“BOOM!”

A huge tremor came from inside, and monstrous demonic Qi rushed out.

The demonic monarch was currently suppressing Zhuo qingfan, and he transformed into a gust of wind as he shot down.

Yunxiao’s face turned cold as he immediately teleported to the back of the Demon King and thrust his sword down silently!

Because the space of the secret realm was shattered and the shock was too great, and the demonic monarch had just rushed into the heavenly martial realm, and was extremely uncomfortable under the suppression of the realm power, Yunxiao was a little slow to appear behind him. By the time he realized what was happening, the sword had already pierced through his chest.

“Pfft!”

The demon Lord suddenly spat out a mouthful of blood. Looking at the sword that had pierced through his chest, he said in shock, ” “This is a Kasaya.”

In his eyes, boundless white flames surged from the sword and devoured the darkness in the sky. Even his body was swallowed up.

The demon Lord had been burned clean, not a single residue left.

Yunxiao put away his sword and said with concern, "Are you alright?"

Zhuo qingfan had suffered significant injuries, and his expression was rather unsightly. He shook his head and pointed at the sky.

Yunxiao looked up and saw a huge crack hundreds of miles long in the sky, almost penetrating the entire Red Moon City.

The monstrous demonic Qi in the crack kept rolling like lava. It gushed out in large areas like black Meteors falling to the ground, creating deep pits in the city.

At this moment, in Red Moon City, almost all of the ordinary mortals who had not escaped were dead. Only a few high-level martial artists were still fighting with all their might against MO Sha, and they were constantly moving towards the teleportation array.

They knew that their only hope of survival was to get close to the teleportation formation.

Lingmu di and Yunxiao exchanged a look, both of them deeply worried. It would be extremely difficult to seal such a huge crack even if the devil race was driven away.

MO Lan's figure emerged from the crack. The closer he got to the crack, the stronger he became. His dozens of clones continued to merge, leaving only eight of them, and they were still trying to merge.

since you're out, don't act on your own. Listen to my orders!

MO Lan coldly said.

A few scattered voices came from the crack, "yes."

MO Lan said, " this is your first time entering the heavenly martial realm. The realm Power's suppression is difficult to ignore. There are still some decent bodies here, you can use them for the time being."

He threw out Wan Yiqian and Wan Xuan 'ang's bodies.

Immediately, several demonic shadows rushed towards the figure, and the ones behind them roared, "You pieces of trash, don't even think about snatching it from me!"

"Hmph, you can't even snatch a piece of trash, and you still have the nerve to open your mouth?"

The two figures in front rushed into Wan Yiqian and Wan Xuan tang's bodies. Behind them, a few wisps of demonic Qi materialized in the air and furiously attacked the two.

"Stop!"

"Whoever dares to attack our own people will die!" MO Lan shouted angrily.

His prestige was extremely high, and the few demonic shadows immediately stopped their attacks, not daring to make a sound.

"Hehe, this body is really trash. However, it's much better than being directly exposed to the realm power, hahaha!"

Wan Yiqian's body laughed wildly as he glanced at the demons who had failed

to get a Douy with a mocking expression.

"Don't be so smug. You have to do things after taking the body. However, with your strength, you're still not strong enough. Let's wait for more people."

MO Lan looked around and saw a large number of demonic beasts and birds coming out of the crack. They seemed to be very irritable in the air because they were not feeling well.

“Lord LAN is too cautious. Although the few people down there are difficult to deal with, they’re just so-so.”

“With the few of us and these devilish beasts, it’s enough,” Wan Xuan ‘ang said slowly.

“If the mission this time is too important, I’ll send them to their deaths right now,” MO Lan sneered. Since I’m the highest commander now, all of you should shut up.”

“Wan Xuan ang’s” eyes were gloomy, but he did not dare to say anything.

Suddenly, Yunxiao’s face changed slightly. Overjoyed, he threw a golden incantation seal into the sky.

Suddenly, a strong light appeared on the teleportation array, and a loud roar came from the golden seal. Then, the space was shattered, and a huge golden light rushed in.

A majestic ninth-grade battleship appeared in the sky, with the symbol of the heavenly martial Union on it.

“Haha, that’s great!”

Lingmu di was also overjoyed and couldn’t help but feel excited.

Hundreds of figures flew out from the ninth-grade warship, all of them with powerful auras. The auras connected together and actually caused the space to tremble faintly. The demonic Qi kept retreating in all directions.

The faces of MO Lan and the others immediately turned extremely unsightly. Almost all of them had turned green.

“My Lord, you’ve been waiting for a long time.”

Beiming Nan appeared in front of lingmu di and reported, “Other than those who are in closed-door cultivation, everyone is here.”

Qu Hongyan also appeared beside Yunxiao and said softly, “Feiyang.”

Yunxiao glanced at her cultivation base and said in surprise, “Extreme void!”

Qu Hongyan smiled happily and nodded, “I didn’t expect Feiyang to have also stepped into the void tier. I still want to be ahead of you.”

Yunxiao gently tapped the tip of her nose and said with a smile, “I’ve only just entered, but you’re already ahead of me.” a total of 370 people have come this time,” qu Hongyan said. except for Gu Qingqing and MO xieshu, who have not fully recovered, all the experts above the immortal state have come.

they haven’t recovered yet?” Yunxiao asked in surprise. they’re still not done?”

“With Mr. Al’s help, the sorcery has been gradually removed, but it will take some time for him to fully recover,” qu Hongyan said. It’s a good chance to leave them in Yanwu in case of any other changes.” that’s good,” Yunxiao nodded. that’s good.

He looked around and saw all the familiar figures. Even Qian Sheng had stepped into the true immortal realm and came along.

The leader of the group from mysterious separation Island was one of the four kings, the Misty Rock Lord.

Yunxiao was taken aback when he saw him. He did not expect him to come. However, he was even more delighted. With the Misty Rock Master present, this battle would be much easier.

the Misty Rock Lord has just arrived in Yanwu not long ago," qu Hongyan said softly. he was originally going to go into seclusion, but he just received Lord mu Di's voice transmission, so he came along.

Yunxiao did not dare to act arrogantly, so he hurried forward to pay his respects.

The Misty Rock Master glanced at him indifferently, "You're indeed not bad. Even I might not be able to take you down so easily now."

Your Excellency thinks too highly of me," Yunxiao said with a smile. you think too highly of me," he said.

The Misty Rock Master was expressionless. He no longer paid any attention to him. Instead, he raised his head and looked at the crack.

it's hard to tell you the details in a few words," Yunxiao said loudly. but now, we have to expel the fiends and return Red Moon City to its former glory.

When he said this, he noticed that ning Kewei and ning keyun were also in the crowd.

Ning Kewei's expression was extremely dim as he stared at the ground. His entire face became extremely ugly.

"Old city Lord,"

master! Yunxiao called him. Ruobing, ruomei, and Lord hangfeng are already in my divine realm tablet. You don't have to worry about them, old city Lord and Lord keyun.

The two of them heaved a sigh of relief and hurriedly thanked him.

But the loneliness on ning Kewei's face was still hard to sweep away, and he sighed from time to time.

Everyone understood his feelings. No one would be happy when they encountered such a thing.

I've heard about my sister from Neptune and the others," ning keyun said. it's all thanks to you, Alliance master. I wonder what happened after that? "

Ning Kewei immediately rebuked, "you don't know your priorities!" What time was it now? why were they still talking about this? It won't be too late to talk about it after we've eliminated the evil."

Yunxiao nodded. it's indeed a long story. Let's talk about it later.

In front of the crack, all the demons had extremely unsightly expressions. Even the magical beasts and birds felt the immense pressure and let out uneasy roars.

MO Lan gave a muffled groan. She turned around and walked toward the crack, saying, "Everyone, retreat!"

"What?"

"Wan Yiqian" was shocked and said,"d-retreat?" No, Sir! It wasn't easy for us to kill our way out. In order to suppress that world devouring devil, how many people had to die in order to obtain this opportunity? once we retreat, everyone's sacrifice would have been in vain."

MO Lan looked at him with a sneer and said, " you're very brave. Then go down. There are so many people from the realm of heavenly martial arts waiting for you. You can show them your skills.

Wan Yiqian immediately shut his mouth and didn't dare to speak.

'Wan Xuan ang' said in a deep voice,"it's not a good idea to fight head-on now, but if we retreat now, it'll be even more difficult for us to come out again."

"Don't you think I know that? If we don't retreat, we'll all die. Do you have any good ideas?"

Everyone was silent.

“Then what’s there to say? follow me back!” MO Lan grunted.

The Army was about to retreat when a demonic light suddenly flashed in front of the crack. The figure of the demonic Palace appeared again and said, “You can’t!”

MO Lan sneered. if you can’t do it, you can come here with your true body. Don’t always send a projection here to command.

“We just need to hold on for a while,” mo Gong said.

MO Lan could not hold it in any longer. She roared, “Are you f * cking blind? There are hundreds of Demon Lord level powerhouses below, you should come and hold on. If you can do it, then go, if you can’t, then don’t ****!”

MO Gong stretched out his hand and opened his palm. He smiled and said, “That’s why I’ve specially brought this to you.”

A small and exquisite Palace model appeared on his palm.

Saint Devil Hall?! MO Lan’s pupils contracted. She was shocked. Saint Devil Hall?!

The demonic Palace nodded. that’s right. Only the Holy Demon Lord can create such a Palace. There are countless mysteries within. There are less than five of them in the entire demonic realm, and some of them are even incomplete. “No more than five? why are you so generous?” MO Lan was shocked.

“Hahaha. ”

“This is what you took out for you. I don’t have such good stuff.” MO Gong smiled. And this one is just a high-quality imitation, but don’t underestimate it.. It can at least unleash half of the true Saint Devil Hall’s power!”

Chapter 2166 The battle of Redmoon city (8)

“Alright, with this item, we might be able to hold on for a while, but it won’t last long. I’ve already said that I won’t let myself die in this battle. If the situation doesn’t go well, I’ll immediately return to the devil realm.” MO Lan took the replica of the Saint Devil Hall and started studying it.

“That’s only natural, don’t worry.” MO Gong laughed. This time, if we can’t take down a city with our five tribes joining hands, then we should just stop playing and wait for death in the demon Realm. As for the Saint Devil Hall, it doesn’t require any techniques.”

He casually imparted a chant and disappeared into the sky.

“It seems like there’s still some time to play,” MO Lan said. He formed an incantation gesture with one hand and chanted an incantation. At the same time, he threw the Saint Devil Hall down.

The Saint Devil Hall expanded with the wind and instantly became several mu in size. Just the force of its fall caused a large number of buildings in Red Moon City to collapse and be crushed into powder.

“This is the Xuanji Saint Devil Hall?”

Yunxiao was shocked and bewildered. The palace’s exterior was magnificent and strange. At first glance, it was very similar to the Saint Devil Hall of the demon Lord, but when he looked carefully, he found that there were still many differences in details.

it’s not that Saint Devil Hall, ” lingmu di said. I guess it’s a similar construction-type profound level weapon.

Just as everyone was on their guard, preparing to destroy the Saint Devil Hall, the Saint Devil Hall suddenly stopped falling and floated in the sky.

MO Lan’s hands were constantly performing incantation gestures as she sent them into the Saint Devil Hall. Instantly, beams of bright light shot out, forming a barrier in the air. It was like a Castle in the Sky,

protecting the crack. "Are they trying to use this Castle as a natural moat?" qu Hongyan asked. if that's the case, then it's really childish," Duanmu Youyu said. no matter how strong the castle is, it can't possibly stop so many of us working together.

alright! Yunxiao nodded and said, " let's attack together and break it!

The Misty Rock Master said indifferently, " if they all attack at the same time, I'm afraid this space won't be able to withstand the pressure. Many people will be swept away by the spatial storm.

that's true," Yunxiao said. then, everyone from mysterious separation Island, please hold the line. Everyone from heavenly martial League, come with me.

He raised his hand, and the Tusita heavenly peak flew out slowly, emitting six-colored lights.

Everyone gathered their Qi and took out their profound level weapons.

A powerful Qi field spread out and connected together.

Most of the buildings in Red Moon City instantly crumbled into dust under this aura field, and deep pits appeared on the ground in the city.

"Attack!"

Yunxiao gave a loud cry and threw the Tusita peak into the sky.

Over a hundred beams of light shot up into the sky, each one extremely powerful.

The sky trembled violently the moment these forces appeared, as if it could not bear the weight.

'Wan Xuan ang' looked down in shock and said, " "My Lord, can you block it?"

MO Lan's expression was also grave. let's just watch quietly. If what Gong said is true, we should be able to withstand it.

The other demon lords' expressions all changed slightly. They truly could not imagine how such a powerful force could be resisted.

"BOOM!"

Finally, the hundred beams of light slammed into the protective barrier of the Saint Devil Hall, causing the winds and clouds to change as energy vortexes appeared all around the hall.

"What?"

Yunxiao and the others were taken aback. The defense around the Saint Devil Hall had not been broken, but was like a swamp that had trapped all the attacks.

Even the Tusita heavenly peak was half-sunken, surrounded by vortexes that seemed to be actively absorbing energy.

"What a strange defense. Even a absorption type formation can't contain so much energy."

Lingmu di was shocked, "could it be a Pixiu?"

Yunxiao nodded. they must have teleported all the attacks away. I'm afraid the defense system around the hall is formed by a large amount of space, and there are large teleportation arrays arranged around it. In other words, this Hall itself is a spatial tunnel, so our attack just now was actually a miss."

"This Suan ni has such a strange defensive Suan ni. What should we do now?" Qu Hongyan asked in surprise.

“If we can shackle the space it is in and shatter it, we should be able to break this Hall. However, it’s just a waste,”

Lord Bomu, ” Yunxiao turned around and said, ” that day in Red Moon City, I heard that it was the misty light of the law.

Bo MU’s eyes brightened, but then dimmed again, “You’re really smart. You immediately thought of using the chains of law to bind it. Unfortunately,

Amitabha gave it to the water deity and I can’t use my power. The power of this Saint Devil Hall can’t just rely on the power of the illusionary light, unless it’s the true chain of laws.” then, how can I use the true chain of laws? ” Yunxiao asked.

“If you’re a regional King and have the divine realm tablet, you’ll probably be able to do it,” Bo mu said with a smile.

Yunxiao was extremely depressed. What he said was equivalent to not saying anything.

“There’s actually another way to bind it,” Bo mu continued, “and that’s the iron chain of the six paths demonic weapon.”

“My Lord, are you talking about ah he fansha?” Yunxiao asked in surprise.

Bo mu had been mo PU’s servant all those years ago, so he had a deep understanding of the six paths demonic weapon. He nodded, the six paths demonic weapon is also formed from laws, and it is an existence that surpasses even the true chains of laws. It should have no problem just to bind this Saint Devil Hall.

alright, ” Yunxiao said. I’ll try.

“It’s just that showing off the six paths demonic weapon in front of these demons will probably cause quite a stir,” Bo mu said with a smile. I don’t care about that, ” Yunxiao snorted. I don’t have the time to care about that.

He immediately formed a hand seal, and a demonic shadow began to form behind him.

The giant true devil spirit continued to grow in size until it was almost indomitable. It stared coldly at MO Lan and the others on the other side of the Saint Devil Hall.

The demons, who were still reveling in their earlier joy, were all dumbfounded when they saw the true devil giant spirit.

“True fiend dharma body!” MO Lan was shocked.

The giant true Devil’s expression was cold as it formed hand seals with one hand. A pitch-black Vortex appeared on its palm, and it was so deep that no one could see the bottom.

MO Lan’s expression turned solemn. She had a bad feeling in her heart, but she could not think of any way that the other party could break through the Saint Devil Hall’s defense.

The lonely and desolate sound of iron chains came from the vortex, as if a Walker was dragging the iron chains and strolling in the eternal void.

In MO Lan’s shock, she saw the vortex opening up in the true devil giant Spirit’s palm, turning into a boundless black iron chain that coiled around the Saint Devil Hall.

In an instant, the metal chains formed a huge spider web, as though it was connecting the entire world together. The Saint Devil Hall was like a tiny mosquito on the spider web.

“What?”

In her shock, MO Lan discovered that her connection with the Saint Devil Hall had been severed.

Moreover, he felt a terrifying aura from the chain. Under his gaze, his heart suddenly twitched, and he cried out, ” “Ahe fansha?”

The other demon lords also trembled in understanding and fear.

Just as Yunxiao tied the Saint Devil Hall up with the iron chain, the people of the heavenly martial Alliance below attacked again, sending hundreds of powerful beams of light at him.

“BOOM! BOOM!”

The beams of light blasted into the Saint Devil Hall, and the tunnel-like defense was instantly sealed off by the fansha. When the attacks landed on the Saint Devil Hall, massive waves of light exploded within, shaking the heavens and earth.

The fiends watched in horror as the Saint Devil Hall was destroyed, while MO Lan trembled as she stared at Yunxiao, her heart filled with regret.

If he had known that Yunxiao could summon the six paths demonic weapon, he would have taken him down even if he would have been seriously injured.

However, it was impossible now. A large number of powerful warriors of the heaven martial realm ignored the shock waves from the Saint Devil Hall and surrounded them from all directions.

“Hmph, let’s go!”

MO Lan’s face was gloomy. She snorted in anger and flung her long robe. Then, she turned around and walked toward the crack.

His clones had all merged back into his body, but under the suppression of the realm power and the siege of so many experts of the heavenly martial realm, he had no chance of winning.

“You really think that the realm of heavenly martial arts can come and go as you please?”

A faint voice was heard. MO Lan's footsteps suddenly came to a halt. This was because an extremely powerful aura had already locked onto him. If he took another step forward, an earth-shattering attack would certainly be launched at him.

the creation realm?!

MO Lan's heart trembled violently as she looked over with bewilderment in her eyes.

On his left stood a man, like a towering mountain, motionless.

However, he knew that once the man moved, the sky would fall and the earth would shatter.

"Although you're suppressed by the realm's power and won an unfair battle, at this moment, there's no need to talk about morality."

That man was the Misty Rock Master. With a single step, he shattered the void and appeared beside MO Lan, sending a punch over.

A faint light appeared on his arm, almost becoming solid.

MO Lan's expression changed drastically. With a wave of her long sleeve, a monstrous demonic Qi several hundred feet tall was immediately swept up and turned into a wall.

"Bang!"

However, the demonic wall was punched through as soon as it was built.

The light from his body was like an invisible blade that split the sky in half. The huge force was compressed and condensed into a second attack that was launched!

"Bang!"

MO Lan continued to retreat toward the crack. In her hurry, she was caught off guard and was hit by the force, which shattered her left shoulder.

At this moment, the rest of the demons were also surrounded by the people of the realm of heavenly martial arts, and they were killing fiercely.

Although they were suppressed by the realm power, they were strong enough. In addition, there were many of them. For a time, the battle was extremely fierce.

Lord devil Emperor, since you like the realm of heavenly martial arts so much, why don't you just bury it in the sky? then, you can look at the land that you've been yearning for all this time.

The Misty Rock master's eyes revealed a look of ridicule as he took a step to the side and gave chase.

MO Lan's expression changed. She turned around and thrust her sword forward. The sword glowed brightly, and one could tell that it was an extraordinary object. It was the fragment of the ancient gods 'battlefield-the scattered world.

"Bang!"

However, the Misty Rock Master was able to knock it away with a single punch. Then, he closed in and slapped MO Lan's body!

"Bang!"

The palm struck MO Lan's chest and directly penetrated through it. However, a black shadow shot out from behind him and turned into a devilish blue figure hundreds of feet away. It held the scattered world and headed toward the crack.

"A clone!"

The Misty Rock master's expression changed. The Blue Devil clone in front of him grabbed his hands tightly, buying him some time to escape.

I'll remember what you look like. The next time you come to the realm of heavenly martial arts, it will be the day of your death! MO Lan's face was filled with anger as she spoke ruthlessly..

Chapter 2167: Battle of the Redmoon city (9)

The Misty Rock Master snorted. The illusory light on his body exploded like countless blades slashing out, shattering the mo Lan clone in front of him. In the distance, his original body had already arrived in front of the crack. He turned around and looked back, his face full of killing intent.

The scattered world buzzed and trembled in his hands, venting the anger in his heart.

Just now, an extremely powerful avatar was destroyed. He would probably have to immediately go into seclusion after returning to the devil World. Otherwise, it was very likely to affect his current cultivation, or even directly drop his realm.

Yunxiao and the others had also discovered MO Lan's situation, and they could not help but feel regretful. They had trusted the Misty Rock Lord too much, and they did not expect that a demon commander would escape.

He was unwilling and immediately teleported away.

MO Lan's expression turned cold as she leaped into the crack. However, just as her body was about to rise, she suddenly stopped.

A strong wind swirled in the scattered world and spread out in front of MO Lan. It shackled his hands and feet like a torture device.

“What?”

MO Lan was shocked. She realized that she was losing control of the sword in her hand. A large amount of wind was blowing out from the sword, and it gradually turned into a human figure.

Not far away, Yunxiao cried out in shock, “Ding Shan!”

The person transformed by the astral winds was Ding Shan. He actually didn’t die from MO Lan’s explosion earlier!

At this moment, Ding Shan’s figure was also in a semi-transparent state, condensed from the astral winds.

It was only then that Yunxiao realized that he had refined himself into a wind body.

“You wanted to kill me, but you didn’t expect to die by my hands, did you?”

Ding Shan’s eyes were wide with anger. Yunxiao’s guess was right. After he obtained half of the crocodile, he began to cultivate a secret technique, fusing the crocodile with himself and cultivating the body of the astral wind. He did not expect that he would still be alive at the critical moment.

On the other hand, the scattered world had always been under his control. MO Lan could not erase the imprint on it in a short period of time. At this moment, she did not expect that she would be countered.

Ding Shan had originally planned to hide inside the sword and come out after the battle.

However, MO Lan was about to return to the devil realm. Once he returned to the devil realm, he would definitely refine the scattered world, and then he would be completely finished. Not only that, his own son, Qin Chuan, was also caught in the sword. He would not be able to escape his fate!

In just a moment, Yunxiao seized the opportunity and condensed a purple Thunderbolt on his arm.

“B * stard! You should die!”

MO Lan was extremely anxious. Her head was covered in cold sweat. This time, she really felt the danger of death.

However, his four limbs were shackled by the astral winds, and his movements were extremely slow. Moreover, under ding Shan’s control, the scattered world desperately swept toward his neck.

This was fine. After all, ding Shan’s strength was there for all to see, and there was nothing to fear.

But, when Yunxiao’s purple Thunder suddenly appeared and struck him from behind, he shuddered, and the shadow of death that he had not felt for many years shrouded his heart again!

“Damned b * stard! You’re nothing but A *** in my eyes, yet you dare to touch me!”

MO Lan let out a wild roar and unleashed all of her potential as she slammed forward!

“Bang!”

The scattered world received a strong impact and actually exploded. Countless world fragments scattered, and a large number of mountains, stones, trees, and figures of people and beasts were blasted out.

Ding Shan also suffered a heavy blow from the demonic technique. Violent demonic Qi instantly filled every part of his body. Even his body of wind was constantly dissipating, and his vitality was gone.

“Father!”

The scattered world exploded, and Qin Chuan was also jolted out. When he saw that ding Shan was about to dissipate in front of his eyes, he couldn’t help but roar madly, his eyes red!

Ding Shan turned around and glanced at him, revealing a smile. He squeezed out a "run!" from his throat. His consciousness dissipated completely, leaving nothing behind.

"Father!"

Qin Chuan let out a heart-wrenching scream and was about to rush forward.

But at that moment, Yunxiao's purple Thunderbolt struck MO Lan's back and exploded. A powerful blast rushed out in all directions, sending Qin Chuan flying.

There were also many cultivators who had been taken into the scattered worlds. At this time, they were all at a loss, but it was quickly replaced by a deep fear.

The violent Thunderbolts and demonic Qi spread out. Many people were sent flying, but there were still a large number of Warriors, most of whom were the elite killers of Tianyuan trading company. They were all caught up in the blast and were completely wiped out.

Not far from the crack, there was another person with a blank expression. It was Li Yi, who had been taken into the scattered world by devil blue. He seemed to have been affected by demonic Arts and was still unconscious.

Under the violent purple Lightning's fluctuations, a tiny ray of demonic light shot out and directly entered Li Yi's body.

Li Yi could not help but take a few steps back before he fell into the sky crack and disappeared.

"Is the demon dead?"

Many people were staring in this direction with shock and joy on their faces.

Yunxiao was also a little suspicious as he looked at the crack. He seemed to have seen a magic light flash out and enter Li Yi's body just now, but he did not see it clearly.

However, Demon Lord blue was indeed dead. Even if one or two of his clones escaped, it was impossible for him to be the demon Lord again.

Previously, the Misty Rock Lord had killed off more than half of Blue's power, and his own purple lightning had also shattered the remaining demonic power. Just now, too much demonic Qi had scattered, so even if there were clones that had escaped, they were only ordinary demons.

Yunxiao turned to look at Qin Chuan with an inexplicable feeling in his heart. He could never have imagined that Qin Chuan was the son of ding Shan.

The whole story was no longer important. After all, ding Shan had already been annihilated, and he had made a great contribution to the heavenly martial arts realm before his death. His previous past had also disappeared with his death.

Qin Chuan knelt in the sky, facing the crack as he sobbed silently.

MO Lan's death was a fatal blow to the Devils who were still bitterly resisting.

Very quickly, the remaining demons were all exterminated.

Only a large amount of demonic Qi was still gathering in the sky. A small amount of demonic Qi and ten directional brutal soul fiends were already spurting out from the cracks from time to time, but they were also easily killed.

Lingmu di stepped forward and stared at the crack, saying, "There's still a large number of demons who want to come out, and they don't seem willing to give up this position. With these things destroying it, it will be extremely difficult to seal this crack." what do you think we should do, my Lord? " Yunxiao asked. we can't just let

the demonic energy keen spewing Oilt- If that happens, not only red Moon City.

but the entire Eastern Region, and even the heavenly martial realm, will be doomed.

Lingmu di didn't have any good ideas either, so he turned to ask the others for their opinions.

The Misty Rock Master suddenly said, "in my opinion, why don't we help make this crack bigger so that these Devils can come over and die?" If a few more demon Venerables die, they'll probably be honest."

"You can't!"

"This involves a very serious problem," lingmu di quickly said, "and that is demonization! If the crack is big enough, the devil realm will be able to devour the space of the heavenly martial realm and demonize it into an environment suitable for the devil clan to live in. At that time, the power of the realm will no longer be effective against them."

The Misty Rock Master said, " then there's no other way. We can only send people to guard this place. We'll kill whoever comes out.

Everyone fell silent. This method seemed clumsy, but it also seemed to be the only feasible method at the moment.

The Misty Rock Master said, "set up several large-scale direct passages here and be prepared for battle at any time." At the same time, they'll set up countless spirit gathering formations to gather more than half of the spirit Qi in the entire Eastern Region. Not only will it disperse the devil Qi, but it can also flow back through the cracks."

it's feasible in theory, " Yunxiao said. but it's a huge project. If every crack that appears is like this, the entire realm of heavenly martial arts won't have enough manpower."

The Misty Rock Master said, 'now, we can only take one step at a time. Let's first solve the problem at hand, then think of a long-term plan. The cracks are big and small, enough to fit the demon venerable through. Even if the two worlds touch each other to the extreme, there won't be too many."

I think this method is feasible, " Ling mudi said. although the overall strength of the heavenly martial arts realm is not as good as before, it has accumulated a lot of experience. I've thought about this

problem before. We can create a floating city like the Saint Devil's Hall and use it as a stronghold to guard every crack. We'll use alchemy to make up for the lack of manpower."

it's a pity that a large number of talents in the art of cultivation in the heavenly martial realm have fallen," Yunxiao said gloomily. many of them are missing. He was most likely captured by Lu congzi and taken to the devil realm." "That Lu congzi is really a sinner!" Qu Hongyan said angrily.

back in the ancient Devil's well, Lu congzi seemed to have refined an armor that can resist the power of the realm," Yunxiao said. if it is true, then it is very likely that he captured a large number of alchemists and brought them to the devil realm to mass-produce this kind of armor. That will be too dangerous.

Everyone was shocked when they heard this, and they all cursed Lu congzi for having a terrible death.

"No matter what, let's first settle the matter of Redmoon city. I feel that the words of my Lords are reasonable. I also have the Yang Hall of the Saint Devil Hall here. I can contribute it as a stronghold for the crack in the red moon City to monitor the movements of the devil World. After all, this is a crack that can allow you to cross over. It's even more dangerous than the tiandang mountains."

"That's great!" Lingmu di was overjoyed.

All the high-level officials gathered in front of the crack and started discussing. At least half of the combat power of the entire heavenly martial realm was gathered here, so they were not afraid of any powerful figures coming out of the crack.

At this moment, a demonic light suddenly flickered under everyone's eyes.

The sky immediately became quiet. Everyone stared at the ball of light, wondering what kind of demon was so bold to break out in public.

The demonic light turned into a circle, and Gong's figure immediately appeared inside. He raised his hands and went straight to the point, "Everyone, please calm down. I'm not here to offend you."

Oh? ” Yunxiao said coldly, ” so, you’re here to be a bystander? ” Be careful not to get any soy sauce and directly get the lunch box.”

“Hehe, I don’t want to get a lunchbox,”

“I’m here to issue a challenge to you all,” said mo Gong with a smile.

“A letter of challenge?”

Everyone was stunned and looked at him suspiciously.

The devil Palace smiled. it’s meaningless to fight between our two worlds like this. Why don’t we find a time and place to have a big battle? the winner will be

King and the loser will be slaves. What do you all think? ”

you’re right, Sir, ” Yunxiao nodded. I think so too.. Then why don’t we do it now? let’s do it now and here!”

Chapter 2168: Battle of Redmoon city (10)

Devil Palace was stunned for a moment, then laughed out loud, ” haha, you guys have destroyed the blue Capital in this battle. Isn’t that enough? Tsk, tsk, once LAN dies, I’m afraid that the devil World will be in great turmoil. I’m afraid I won’t have the time to deal with you in the short term. In my opinion, why don’t we gather the elites of the two worlds here in half a year and have a life-and-death battle?”

half a year? ” Yunxiao sneered. you said half a year, so it’s half a year? ” Since the crack has opened, are you the only ones allowed to come in, but we can’t go in? We can fight whenever we want. We appreciate your good intentions, but let’s forget about this agreement.”

MO Gong's face darkened and he said unsightly, "Do you really want the entire realm of heavenly martial arts to be slaughtered by us? Don't think that killing blue would have much of an impact on the devil World. It was just that the power of the blue Division would be reshuffled, and this would happen very soon.

it doesn't matter if it will affect us or not," Yunxiao sneered. no matter how big the matter is, we will never back down. if you want to get the realm of heavenly martial arts, you have to step over our dead bodies, or even over every strong warrior of the realm of heavenly martial arts. Even if I die, I won't let you succeed so easily. This is our attitude regardless of whether you're a match for us or not."

As the leader of the heavenly martial Alliance, he had to fight to the death. He had to be firm in his stance of not surrendering. Even if he was no match for the enemy, he had to let the enemy understand his stance and determination.

MO Gong's eyes immediately turned cold. He snorted,"Since you don't know what's good for you, then don't regret today's decision when your clan is exterminated in the future!"

Yunxiao's eyes turned cold as he raised his hand, bringing up a large amount of lightning.

MO Gong frowned,"what, you want to kill me?" Even when two countries are at war, they don't kill envoys. Don't tell me you don't have this bit of morality?" the premise of not killing the emissaries is to respect the rules of other countries," Yunxiao said with a sneer. I'm not going to kill them. You keep saying 'annihilate your clan' in front of me. At this moment, even if I came here, I would still kill you, let alone you being a projection!"

The Thunderbolt shot over and shattered Gong's projection with a boom. The bolt of lightning didn't slow down and charged into the endless crack.

"Hmph!"

At the other end of the crack, a black figure let out an angry snort. The hand that was forming a seal in front of him suddenly swung as he angrily

rebuked,"Damned brat!"

Not far from the black shadow stood a large number of demons. There were actually more than ten thousand of them.

The entire space was surrounded by a huge ring of light, protecting these tens of thousands of people. Moreover, a large number of demon lords were on guard outside, as if afraid that something powerful would rush out of the void. They did not dare to relax in the slightest.

“Gong, did the negotiations fail?”

Another black figure with a powerful aura said slowly. He was Hou, one of the eight devil Venerables.

Two other demon supremacies also gathered around. Yan’s body was emitting a Black Flame-like evil aura. The surrounding demons kept their distance and did not dare to get close.

Ji, on the other hand, was like a pool of still water. She stood there as if there was no such person, so deep that the bottom couldn’t be seen.

I failed,” Gong said with a nod. these people from the realm of heavenly martial arts are really arrogant. Maybe it was because they killed blue that they became more confident. Not only did they not agree to the agreement, but they also destroyed my projection. They are extremely rude!”

“You’re actually so rude!”

what?! Yan was furious. if we retreat like this, not only will we become the laughingstock of the entire devil realm, but even those lowly races in the heavenly martial realm will look down on us!

Gong nodded. I agree with Yan’s words. No matter what, we have to show them what we’re made of. We can’t lose to them in terms of momentum and dignity.

Yan snorted coldly. it’s already an extremely embarrassing thing to negotiate with them. Now, they’ve rejected us and even killed the emissaries. This is the greatest shame of the devil World in the past hundreds of millions of years!

Hou and Ji were still silent.

don't forget the purpose of our five tribes 'Alliance this time, " Gong Zai said. we want to defeat the heavenly martial Alliance in one fell swoop as fast as lightning. We want to occupy at least half of the heavenly martial realm. And the result? He hadn't even stepped out of the door and a demon venerable was killed by the other party. To be honest, if you let it go today, don't come to me for anything in the future." me too! Yan snorted. I will never join hands with cowards again!

Hou finally spoke. it's not like the two of you don't understand the current situation. We need time to strengthen and stabilize the crack. Only then will more powerful demons descend. The world devouring devil here is far more terrifying than what we've anticipated. Therefore, we need time, at least half a year's time, to consolidate our position here and open up the crack."

"But the reality is that there's no time. It's not always possible to have everything ready. He's already riding on your head and shitting, and you're still waiting, waiting, waiting!"

The more he spoke, the angrier he became. After all, it was his projection that had been destroyed. Every time he thought about it, he was so angry that he wanted to kill someone.

Ji, who had been silent all this while, suddenly said, " "It's not that there's no way to get back at the humiliation we suffered, but the price is too high."

"What method?"

Gong he Yan immediately asked.

Hou raised his head and said, "you mean to forcefully tear open the crack?."

Ji nodded, "with the combined power of the four of us, we can tear the crack even wider. At least in the short term, we can let the Devils below the devil commander pass through smoothly." However, the four of us were bound, and our cultivation levels dropped greatly after that. However, it's only a temporary drop, and we'll be able to recover in half a year." his cultivation base dropped?!

Gong and Yan's expressions suddenly changed. They looked at each other and remained silent.

The law of the jungle, where the strong preyed on the weak, was particularly prominent in the devil World. Strength was the foundation of everyone's standing in this world. Once their cultivation fell, then this half a year would become an extremely dangerous period, and they had to consider it carefully.

"I've thought of this method as well. If the two of you are willing, I'll risk my life to accompany you," Hou Dao said.

Ji said, "actually, there's no need to worry too much. Even if we fall, we'll still be at the peak of the demon monarch realm. Very few people can threaten us. Or, in the next six months, the four of us can join forces and cultivate in seclusion together. We can also look out for each other."

"Good! We'll do as you say!"

"Even if we're in danger, I'll make them pay!" Gong said in a deep voice.

Although Yan was still a little hesitant, he soon had no objections and said, "Make the arrangements first. When we tear open the crack, the five tribes of demons, except for those who are maintaining the barrier of light, will all charge out. Even with the realm's suppression, our numbers are greater, and our strength is far superior to theirs, so we can still cause a great impact."

Hou nodded and said, "that's the only way." Thinking of Lan's tragic death in the realm of heavenly martial arts, I feel guilty and can't explain it to the people of the blue Tribe. Let's give them the chance to take the lead and let them take revenge for their King."

Gong's lips curled into a cold smile, "that's right, Let the people of Blue Tribe take revenge first.

One-fifth of the demons not far away were from the blue clan, and their expressions changed drastically upon hearing this.

The demons of the other four divisions all gloated.

The law of the jungle forced them to accept the arrangement of the four demon lords. Without fists, there was no right to speak. This had always been the case in the great thousand world.

After a discussion, the four demon superiors split the crowd apart and stood in front of the crack.

Hou flipped his hand and took out a profound level weapon. He held it in his palm. It was ring-shaped and carved with demonic patterns. There was also a snake-like beast head on the top.

“As long as my Dragon Ring has enough power, it can open the crack to the maximum. How long it can last will depend on the strength of the four of us.”

With that, he spat out a paragraph of obscure words and threw out the Earth Dragon Ring at the same time.

As the incantation seals hit the ring, the snake seal on it immediately began to spin, as if there was a strange snake slithering around it.

“Begin!”

Hou shouted and sent out his palms.

A monstrous demonic might shot out from his body, and the snake head on the ring opened its mouth to suck in. The entire ring immediately became several times larger, and it swelled violently on the crack until it blocked the surrounding space.

“BOOM!”

A violent tremor came from the crack, and a large amount of terrifying energy spewed out from the void, stirring into a vortex like lava.

However, these forces were quickly washed away by the impact of the demonic

The other three demon Venerables also acted at the same time, pouring astonishing demonic Qi into the earth Dragon Ring, and the passage was constantly reinforced, making the crack look extremely solid.

“Hehe.” hehe! Gong grinned hideously and roared, “ all troops, listen up! Use your power to teach those B * stards of the realm of heavenly martial arts a lesson! People of blue clan, fight first and avenge your King, wash away the shame on your body! ”

“Revenge! Take revenge!”

The people around them shouted excitedly. Only the people from Blue Tribe had dark expressions on their faces, but they had no choice. They could only brace themselves and rush into the tunnel.

In order to encourage himself and stimulate his strength, he could only close his eyes and shout, ‘revenge! Take revenge!’ After shouting a few times, a huge amount of hatred filled his body, and his combat strength rose.

At the same time, on the other side of the crack, in the realm of heavenly martial arts.

The massive Saint Devil Hall stood tall in the sky. This was the Yang Hall that Bo mu had contributed. In order to avoid being affected by the Yang Hall and affecting the demonic Qi in his body, he had already erased the imprint in the Yang Hall, making it ownerless.

The rest of the people began to fly around the red moon City and set up a large number of spirit gathering arrays to attract the spirit Qi from all directions to counter the demonic Qi.

Ning Kewei had the best understanding of the situation in Red Moon City and its surroundings, so she was the chief designer of the formation.

In addition, some of them had been dispatched back to Yanwu to find alchemists to build a fixed passage to Redmoon city.

Everything was going according to plan.

In front of the crack, there was a person every three hundred meters to closely monitor the state of the crack. A patrol team was also organized to sweep out the demons that were shooting out of the crack.

At that moment, a cultivator who cultivated the spirit eye secret technique was the first to discover that something was wrong. His eyes suddenly widened as he stared at the crack in the sky, cold sweat dripping down his forehead..

Chapter 2169: Battle of the Redmoon city (11)

“The demons have invaded!”

The martial artist roared. His voice was like an explosion, and everyone was shocked.

“What?”

For a time, the sky was filled with noise, especially when a large number of cultivators flew out from the Saint Devil Hall. Even the cultivators who were setting up the spirit gathering array in the distance were all shocked and hurried back.

Countless demons of all kinds rushed out of the crack, led by a large number of demon lords. The largest number were the ten directional vicious fiends, and there were thousands of them!

It was accompanied by all kinds of demons of strange shapes and sizes. They didn't have high spiritual intelligence, but they were extremely fierce.

There were also some bat-like demonic insects mixed in, letting out a buzzing sound of flapping wings, making people feel upset.

“Demons dance!”

what? ” lingmu di said in surprise, ” this is the most complicated team in the demon system. They’ve launched a general attack without caring about anything! There’s also a dark red demonic mist. It’s different from ordinary demonic mist, and can reduce the suppression of world power. It’s the most common cover method used by the demons when they launch large scale attacks.”

so, it’s very important to destroy this demonic mist, ” Yunxiao said. “Can you repeat that large-scale attack a few more times?” he asked.

Qing said, “again? how many times?” Do you think I’m the king of the realm?”

once is fine. Yunxiao nodded. I’ll have everyone retreat to the Saint Devil Hall. When those demons approach, you’ll give them a blow first!

Qing Zhu nodded, then took out a pile of spirit wood and absorbed the spiritual Qi within.

These things were given to him by Yunxiao just now. He had wanted to keep them, but he did not expect to use them so soon.

Lord mu di, ” Yunxiao said. in your opinion, do you think we can withstand this attack with our current strength? ”

Lingmu di said in a deep voice, “we can certainly withstand this wave of attack, but we don’t know how many more demons there are behind.” They must have made up their minds to rush over at all costs. Maybe it’s because a demon Supreme was killed, and because you just destroyed his projection clone, so he’s angry.”

then, just in case, ” Yunxiao said, ” Zhuo qingfan, go back to Yanwu now and gather as many people as you can.

“Are we going to fight to the death?” Zhuo qingfan asked in surprise.

Yunxiao nodded. I once heard from a Demon Lord that there are a total of eight demon supremacies in control of the demon Realm. The one who died just now should be one of them. So, there are seven

more demon supremacies in the demon Realm. Judging from the current situation, there must be more demon Venerables behind the crack, and there might be more than one. Knowing that the crack was not stable enough and that the suppression of the realm power could not be overcome, they still launched such a large-scale attack. It was obvious that they were determined to cut off all means of retreat.

Perhaps the most brutal war is about to happen.”

Zhuo qingfan’s expression turned serious as he nodded and said, ” “I understand.”

He formed an incantation gesture with one hand and was about to leave when the Misty Rock Master suddenly turned around and threw a token over, saying,

Go to mysterious separation Island again and tell the island master what happened here. I’m sure he has other arrangements.”

“Yes!”

Zhuo qingfan received the token. There were some simple cloud patterns on it, and there was nothing special about it.

“Then I’ll go first. Everyone, be careful and wait for my good news.”

Zhuo qingfan’s silhouette flickered as he disappeared from the Saint Devil Hall.

Ben tingfeng looked ahead worriedly and said, Lord Haofeng and some other people are still in Yanwu. It would be great if they could come together. The Misty Rock Master quietly looked ahead, his face expressionless.

everyone, retreat! Yunxiao shouted. get into the Saint Devil Hall!

At Yunxiao’s order, the Warriors who were in formation and ready to face the enemy were taken aback, but no one dared to disobey him at such a critical moment.

Instantly, the formation in front of them was abandoned. Over a hundred beams of light flew down, landing into the Saint Devil Hall.

After Qing Zhu adjusted its breathing, it opened its eyes and slowly flew out of the sacred Palace.

there are too many demons, ” Yunxiao said. I’m afraid it’ll be difficult to kill them in one strike. I’ll send more later.

“En,” Qing Zhu replied, and a large amount of lightning burst out from its body. Under its exquisite control, the color of the lightning gradually turned purple, and condensed into four light pillars as thick as an arm.

The demon lords in front immediately sensed the danger and stopped, standing in the air in shock. He allowed the demons with lower spiritual intelligence to continue charging forward.

“Purple Emperor dance!”

Little Qing spat, and a vast expanse of purple light shot into the sky.

“BOOM!”

The demons who were charging at the front were hit by the impact. The four light pillars were like a meat grinder, spinning upward in a spiral. Wherever they passed, a large number of demons exploded.

Almost all demons below the immortal state were wiped out by this move, and even existences like the omnidirectional evil fiend were continuously struck by the purple light, causing their bodies to explode and disintegrate.

Only those at the demon Lord level, who had condensed a cloud of demonic mist around their bodies, resisted the purple light’s attack with all their might and were not injured.

Lingmu di said in a deep voice, “the range of this move is too wide, which greatly reduces its power.” He was even able to take on a first grade Demon Lord. It doesn’t seem to be as good as the previous one.” it can’t be helped,” Yunxiao said. after all, there are too many fiends, and little Qing seems to have not fully recovered. But this time, not only did it eliminate all the low-level demons, but even the demonic fog that resisted the power of the world was also swept away. The effect is great.”

yes! lingmu di nodded. the rest of them are tough bones. Everyone, get ready. We’ll attack together!

He took the lead, holding the reverse soul whip, ready to rush out at any time.

Yunxiao also took out the red slaying sword and held it in his hand as he said, ‘ this time, let our heavenly martial Union do it. Misty Rock Lord, please support us.

The Misty Rock Master nodded and said, “don’t worry.” Don’t go too far, these are only the demons “vanguards. I can see a steady stream of demonic light flickering in the crack, so I’m afraid there’s still a large number of demons hiding and waiting to attack at any time.”

The Misty Rock Master’s words made Yunxiao feel a little worried. He also felt that the other side of the crack was not simple, but he had to hold on no matter what. If the demons took down Red Moon City and established a stronghold, the consequences would be unimaginable.

Little Qing’s violet Emperor dance danced in the air for a moment before all the lightning dissipated. With a flash of lightning, he teleported back to the Saint Devil Hall.

“Kill!

Yunxiao gave a loud cry and rushed out with lingmu di.

The two hundred or so members of the heavenly martial League followed closely behind, killing the remaining demons.

At the front of the crack, the projection of the palace reappeared. Looking at the scene in front of him, his face turned ashen.

His gaze passed through the battlefield and fell on little Qing. He had already listed it as the number one enemy. With one move, it had lost more than half of the Army. Such a terrifying method would definitely cause more demons to die miserably at its hands in the future.

“Is that the innate yi wood spirit body? It’s really a big problem.”

In the crack, a demonic mirror appeared in front of the four demon supremacies, displaying the scene of the battlefield.

After the four of them saw little Green’s display of power, their expressions didn’t look too good.

Yan snorted, “compared to this second wood spiritualism, I’m more interested in the kid with the six paths demonic weapon.” Tsk, tsk, the devil essence of a devil Lord Monarch, the only thing that can be connected to the six paths demonic weapon.” His eyes lit up.

“Hmph, Yan, you’re asking for a fight. It’s most likely not for dignity or anything, but for the six paths demonic weapon?”

Gong looked at him coldly.

“Tsk, who doesn’t want a demonic weapon of the six paths? This was the main reason, but it was also an important reason to regain his face and avoid being laughed at. Even if the demon Lord monarch’s demonic essence didn’t appear, I would still take care of these B * stards!”

Yan said angrily as he gloomily stared at the demonic mirror.

Hou Dao said, “ I didn’t expect that the Saint Devil Hall of the demon Lord Emperor would also be taken by the people of the heavenly martial arts realm. I can take this opportunity to take it back and make up for my previous losses.

Yan’s expression changed slightly, “ this Saint Devil Hall is real. The one you have is just a replica. Are you trying to use the real one to make up for the replica? ” Can this be of equal value?”

Hou Dao said, "although mine is an imitation, it was also made by a great demon ancestor countless years ago. It's also the most powerful among all the imitations." It was not much weaker than the true sage devil Hall. I can see that the hall outside isn't complete, so it's not a bad idea to use it to make up for it.

"Are you guys done?" Gong said impatiently. The battle had just started, and the outcome was not yet decided, and they were already thinking about splitting the spoils? It's still a problem whether we can take them down or not. Let's talk about it after we kill these B * stars and occupy the city below."
"Hmph," he snorted.

Yan coldly snorted and didn't say anything. He continued to look at the magic mirror.

In the mirror, although the two sides were fighting fiercely, the people of blue clan were obviously no match for them. Although most of the people from Xuan Li Island didn't make a move, Ben tingfeng and other void extreme divine realm experts flew into the battlefield and killed those second grade devil Lords.

Very soon, the demons were on the verge of collapse.

Gong looked on coldly and said, " they're still at a disadvantage due to the suppression of the realm power. Even a second grade Demon Lord could be killed by their void realm. This is really frustrating! Otherwise, we'll be able to easily take down the city with just a small number of troops."

Hou Dao said, " actually, the devil Qi outside is as thick as the devil realm. It's just that demonization needs a process. This battlefield is much better than before. Let's send out the heaven raising giant demons and destroy the Saint Devil Hall.'

"Isn't it a little too early to send the giant demon? Shouldn't he at least enter the midfield before playing?"

Gong was shocked, Yan's expression was also filled with disagreement, only Ji did not say anything.

Hou Dao said, " there's no need. These people's strength is limited. They won't be able to withstand more than one round of our attacks. Let's push the battle to its peak as soon as possible.

Gong nodded and immediately gave the order.

Within the light ring of the formation, there was a commotion and discussion.

Several demon lords lined up in front of them and began to make hand seals. A strange formation immediately formed in the center of the group.

A rumbling sound came from the formation, and then several demonic lights flew out and shot into the crack..

Chapter 2170: Battle of the Redmoon city (12)

A huge tremor came from the crack, as if the passage was shaking.

The four demon superiors' expressions changed slightly. They formed hand seals at the same time to stabilize the passage.

A few huge demonic shadows moved forward slowly in the crack. All the demons in the surroundings screamed in horror and fled in all directions. Outside the crack, a large number of blue clan's demons ran back and hid at the crack's entrance. not daring to fight anymore.

"Those who retreat are the shame of our clan. They will be executed when we return! "

Gong's projection stood in front of the crack to supervise the battle, coldly looking at the retreating demons.

“Lord Gong, we’ve already fought with all our might. Although the blue clan is the first to attack, why haven’t we seen anyone from the other four clans? aren’t they sending us to our deaths?”

A Demon Lord was filled with grief and indignation. Ignoring the dignity of the palace, he angrily said, although Lord LAN is dead and we have nothing to rely on, we are still a force of the devil World after all. Can’t you take the overall situation into consideration and only be satisfied when we are all dead? ”

Gong looked at him coldly and suddenly broke the ice with a smile. “Everyone, please calm down and don’t get the wrong idea. How can we let you all die innocently? If you look behind you, you’ll know that we won’t abandon you.”

The demon lords looked back and saw a terrifying aura coming from the crack. It was as if a huge demon was stepping forward, and the crack trembled with every step.

“That’s Yingluo.”

A demon monarch suddenly shouted, “ a giant demon!

what? it’s a giant demon? why did they move out so quickly? ”

The rest of the demon lords also exclaimed in surprise, their faces revealing joy. and there’s more than one!

“Hahaha! ”

Gong Kuang laughed and said, “ this time, a total of seven giant demons have been sent out. Cooperate with them and kill those B * stars from the realm of heavenly martial arts. Avenge LAN and prove your worth.

The demon lords ‘expressions changed slightly, but they were no longer as dejected as before. They hurriedly said,“I definitely won’t let you down, milords!”

Seven huge demons gradually appeared and walked out of the crack.

The people of the blue clan followed closely behind, all of them filled with killing intent, wanting to take revenge for what happened just now.

Outside the crack, the heavenly martial League was cleaning up the battlefield. Apart from killing all the demonic specters, they also had to use secret techniques to clear out the demonic Qi and guide it out of the red moon City, using the original purifying power of the mountains and rivers to purify it.

Suddenly, Yunxiao's eyes narrowed as he looked into the crack, and his eyes filled with surprise.

From the crack came a huge sense of pressure, as if mountains were being moved over. Everyone felt an inexplicable pressure.

demon commander?!

Everyone's heart skipped a beat as they immediately thought of this possibility. Even if a second grade Demon Lord descended, it was also absolutely impossible to bring about such a tremendous pressure.

"Is the demon commander going to appear? Would you rather face the pressure of the realm power of the heavenly martial realm and risk your life to show up and fight?"

Yunxiao muttered to himself in the Saint Devil Hall, his face full of shock.

The rest of the people were also nervous. Lingmu di immediately called everyone back to the Saint Devil Hall.

Even the Misty Rock master's eyes narrowed slightly. Previously, he had almost let MO Lan escape from his hands, and this had always been a thorn in his heart. Now that he could finally see the demon again, he could not help but feel his blood flow faster.

"That's Yingluo!"

Just as everyone was speculating, a huge head emerged from the crack. Its eyes were red like gemstones, and its body was covered with patterns.

“BOOM!”

The giant demon stepped out of the crack. It was as if its entire body was made of huge stones, supporting the sky.

“Roar!”

A deafening roar came from the giant demon’s mouth, shaking the entire world.

As if it was suppressed by the realm power, the giant demon’s face was full of ferocity. It seemed unusually irritable as it kept shouting at the sky. The moment he saw the Saint Devil Hall below, his eyes turned crimson red as he dashed over.

The expressions of everyone in the Saint Devil Hall changed drastically. They could all feel the immense pressure from the impact, and even the Saint Devil Hall was shaking.

“Is this the might of the demon venerable? Although it’s suppressed, it’s equivalent to half a creation realm expert!”

Yunxiao was horrified.

Lingmu Di’s face was heavy. He shook his head and said, “ this is not a demon venerable, but an extremely powerful demonic creature from the demonic realm. It’s called the giant demon. Its strength is below that of a demon venerable, but because its intelligence is not high, it’s an excellent killing weapon.

not the demon Lord? ” Yunxiao was shocked. isn’t this the demon Lord? ” But the feeling it gives me is not inferior to that of the demon Lord!”

The Misty Rock Master said, "that demon venerable had too many clones, so he'd lost too much power. If this devil was placed in the devil realm, it could be compared to a creation realm expert. But now, it's still lacking!"

His figure flickered and he rushed towards the giant demon.

As mist Yan's master activated his body, the impact from the giant demon immediately disappeared.

The Misty Rock master's entire body emitted a faint light that condensed into a layer of faint armor. Without any fancy moves, he directly punched out at the giant demon!

"BOOM!"

The two powerful forces collided, and the world immediately fell into darkness.

Apart from Yunxiao and some experts who had cultivated the spirit eye Mystic technique, the rest of the people could not see anything, so they could only rely on their divine sense to distinguish them.

Under the impact of the aftershock, the Saint Devil Hall was like a small boat swaying in the wind, swaying back and forth.

"What?"

In front of the crack, Gong's projection was shocked. His eyes widened and shock flashed through them.

The other three demon supremacies in front of the demonic mirror were also shocked. Yan's face turned ferocious as he said in horror, "Creation realm!"

Countless cracks appeared on the giant demon's body after the punch. The places where the fist wind hit cracked like a spider web, and the chapped skin and muscles turned into pieces of soil and stone.

I can't believe that there are also manifestation realm cultivators in the heavenly martial arts realm. Damn it, how is this possible?"

Yan's face was filled with shock. His face was extremely gloomy and ugly. He gritted his teeth and said, "The information we received was not like this!"

Hou Heji's eyes were also filled with shock. Hou said in a deep voice, we're in trouble now. If there are still manifestation realm elites in the heavenly martial arts realm, and we can't solve the problem of the realm Power's suppression, we'll be in a very passive position!

"Tsk! Those who get information are all a bunch of good-for-nothings, I'm going to wring their heads off when I get back!"

Yan's face darkened, and he said coldly, 'the most troublesome thing now is, how many manifestation stage powerhouses are there in the heavenly martial arts realm? If we can't even figure out the numbers, we'll lose this battle without even knowing why!"

"Calm down," said Ji. It was true that the realm of heavenly martial arts had been missing the ten rules of the ten directions for a hundred thousand years. "Moreover, look at this person. He transformed into a void light armor. He must have reached the creation realm by cultivating his physical body. He's very different from ordinary creation realm experts. In my opinion, there is no one in the realm of heavenly martial arts who has reached the creation realm. At most, there are one or two like this man, whose physical body has reached the Dharmakaya realm."

"The physical body Dharmakaya realm? What is this?"

also," Yan asked, "are you sure that there are only one or two such existences in the realm of heavenly martial arts?"

the realm levels of the people in the heavenly martial arts realm correspond to the devil realm," Ji explained. but their cultivation is completely different. Even in the realm of heavenly martial arts, there are two major systems. One is to comprehend the rules of heaven and earth and reach the fate realm, which is somewhat similar to us. The other way was to develop one's potential. One had to know that this universe world was holographic, and every physical body was actually a cosmic body. They don't need to comprehend the rules, and they can directly temper their bodies, thereby erupting with the same power as the creation realm. This is called the 'Dharmakaya' in the realm of heavenly martial arts."

“A Dharmakaya? then it’s a little similar to a giant demon?”

Hou frowned and revealed a pensive expression.

“I guess so,” Ji nodded, “they all rely on the strength of their physical bodies to fight. These seven giant demons will be able to find out how many Dharmakaya Masters there are in the realm of heavenly martial arts.”

Hou ye nodded and said, “that’s right.” If there’s an expert who can fight against the seven Devils, we’ll immediately withdraw our troops and think about it. If there’s only one or two of them, we should be able to take down the city after dispatching two more divisions to deal with the seven giant demons.” The other three nodded in agreement and began to watch carefully.

The strength of the giant demon had not reached the level of a demon commander, but because the level of the demon Realm was higher, it was almost equivalent to a creation realm expert. However, it was under the heavenly martial realm, and this was the first time it was exposed to the realm power, so it was greatly suppressed. Thus, it was firmly suppressed by the Misty Rock Lord.

After the punch, although the giant demon’s shoulder was shattered, it did not affect its life. Two rays of red light shot out from its red eyes.

The Misty Rock master’s expression changed. He could also sense that this thing was not easy to deal with. The strength of its vitality was beyond his imagination.

“Bang! Bang!”

With a casual grab, the virtual light condensed into a blade in his palm. He slashed forward and shattered the two red lights.

Then, in a flash, he charged forward again and used his Ethereal Blade to cut off the giant demon’s head.

Yunxiao was secretly shocked. Although he could also condense a corporeal light at this moment, he was far from being able to do as he pleased as the lanyan Lord.

At this moment, his heart thumped and he instinctively turned his head to look into the crack.

In the crack that was several acres wide, the heads of the giant demons emerged again, and more than one!

“T-this bi an

Yunxiao was taken aback and cried out, ” “Everyone be careful, it’s here again! Heavens, could there be more of these things?”

All the cultivators in the Saint Devil Hall shuddered as they looked over in shock. Six gigantic Devils were stepping out from the crack.

The appearance of each of them caused the heavens and earth to shake. The terrifying pressure formed dark clouds in the sky and rolled down.

The demon lords who had escaped earlier also followed him out. Everyone had a sinister smile on their faces. The pleasure of revenge was growing in the hearts of every Demon Lord.

However, these demon lords had been ignored by the people of the heavenly martial arts realm. Everyone’s eyes fell on the six giant demons, full of fear..
