

The Eternal 2171

Chapter 2171: Battle of the Redmoon city (13)

The Misty Rock Master was also shocked. Killing the one in front of him was already extremely strenuous, and the aura of the six new ones was not inferior to this one at all.

Being distracted for a moment, he was almost hit by the giant demon in front of him. He was so frightened that he quickly collected his mind and focused on the battle.

Yunxiao swallowed with difficulty. His mind was a little muddled as he said, "Can this thing be mass-produced?"

Lingmu Di's expression was also ugly. He shook his head and said, "During the demon-sealing war, which lasted for several decades, I've only seen a dozen of such existences. The other party was able to summon seven at once. It's clear that the existence behind the crack must be even more terrifying than these seven giant demons!" what? " Yunxiao was surprised. have the other seven demon supremacies also gathered here? " it's possible, " lingmu di said. what should we do now? fight or leave? '

After seeing the six giant demons, lingmu di lost his mind and even wavered his belief in holding on. He began to hesitate.

"Fight! Of course we're going to fight!"

Yunxiao's face was filled with determination as he said without hesitation, " if we retreat now, all our previous resistance and sacrifices will be in vain, and it will be ten thousand times more difficult for us to take back the red moon City!

"Well said!"

Ning Kewei also looked determined and said in a deep voice, "This is this old man's battlefield, and this old man has retreated from this battlefield too many times, to the point that I can no longer return! In today's battle, I will not take half a step back and live or die with the red moon City!"

Lingmu di also gave up on the idea of retreating. He praised, "Not bad! Before, we expressed our attitude and determination to the demon world, and now it's time to defend this determination with blood and strength!"

The three's presence and conviction immediately infected everyone. They all looked at death with equanimity, coldly looking at the sky.

After letting go of life and death, the burden in his heart instantly disappeared, and he became relaxed.

I can deal with one of these six giant demons by myself," Yunxiao said. how should we distribute the rest?"

"What? You can't!"

Qu Hongyan immediately objected, "this is an existence that even the Misty Rock Lord can't deal with. Feiyang, don't try to show off. Let me and Lord lingmu di help you deal with one."

Mu lingdi and many other members of the heavenly martial Alliance agreed.

After all, Yunxiao was no longer just Yunxiao, but the leader of the heavenly martial Alliance. If anything happened to him, it would be a huge blow to the entire Alliance, and even the entire heavenly martial realm.

I know what I'm doing. Yunxiao shook his head. do you think I'm a reckless person? It's not a problem for me to deal with one. You guys have to think of a way to deal with the remaining five."

Qu Hongyan still wanted to protest, but Yunxiao pressed her lips with two fingers. He smiled and said, "Trust me,"

Qu Hongyan's face was full of bitterness. She held his fingers and forced a smile. "Promise me, don't force yourself."

Yunxiao nodded, then flew up into the sky.

Qu Hongyan felt her heart clench and her face was full of worry.

However, she understood that at this moment, the only way to help him was to let him go and kill the enemy seriously.

Lingmu di turned around and looked at someone. "Pan Yi, are you confident?" "I can't handle it alone, but if I work with others, I can." Pan Yi frowned.

"What if you join hands with me?" lingmu di looked at him deeply and asked.

"You're not strong enough. It's useless to join hands with you," pan Yi said after thinking for a while.

Lingmu di was extremely depressed. This familiar face was saying such things in front of him. He really wanted to punch it.

"What if I'm added?" asked beimang Nan.

Pan Yi looked at him and blinked a few times, "You're also at the ethereal light realm, but your physical body is incomplete, far inferior to mine. If we can add another void extreme God Realm warrior, we can deal with one."

Someone was about to volunteer, but was stopped by lingmu di, who said, " we don't have enough manpower. It's just the three of us. At most, I'll add my bull Mount. I can't have more!

Pan Yi looked at the bullfighting bull and said, "This thing is basically useless. But since you want to try, then try it."

“Swish!”

The heaven patrolling Bulldog trembled with anger. It took a few steps forward and used its horn to hit him.

“Haha, stop it!”

Lingmu di immediately pulled the Bulldog over to stop it from going crazy.

“We from the divine cloud Palace will try to deal with one,” qu Hongyan said.

Mi zhihan and the others ‘expressions changed drastically. They all felt the pressure.

Luo chunrou rebuked him without holding back, ” “Palace Master, you’re lacking in consideration!”

“The Grand Elder and I are both at the void extreme divine realm. With all of you, we can barely do it,” qu Hongyan said.

Luo chunrou refused. have you ever thought about it? if you don’t command it well, the tens of thousands of years of Foundation of the divine cloud Palace will be destroyed! she shouted.

Qu Hongyan was furious. I’m the palace Master. I won’t allow you to speak out of turn. If you say another word of nonsense, I’ll kill you right now!

Her face turned cold as she gathered her killing intent and suppressed Luo chunrou.

If it was a normal day, he wouldn’t bother with this person. Even if his prestige was damaged, he didn’t care.

But at this moment, the military Order was like a mountain. How could anyone object to the sect leader’s words, especially at this critical moment?

Luo chunrou's expression changed drastically. She could feel the coldness and knew that Qu Hongyan was truly angry. She did not dare to say anything more and looked at Mi Zhihan with a pleading look.

However, Mi Zhihan also knew that this was an important matter. In her heart, she blamed Luo chunrou for causing trouble and not giving the sect leader any face. She glared at Luo chunrou fiercely before she finally shut her mouth completely.

"The blade sect is willing to lend a hand," Chen Duantian said.

"The long family is also willing to lend a hand!" Elder Lu Yuan of the long family hurriedly said.

That's good," Lingmu Di said. With the three of you, even if you can't defeat it, you can at least stall one.

Qu Hongyan had wanted to refuse, but since Mu Lingdi had spoken, she could not object.

Everyone, be careful," Lingmudi said. We'll follow the will of Palace Master Hongyan. Please cooperate with us!

"Yes!"

The crowd shouted in unison. Qu Hongyan was the best among them in terms of strength and prestige.

Moreover, they were all from the seven major sects. Although their relationship was ordinary in the past, now that experts were emerging one after another, the high and mighty sense of honor from the major sects had long since disappeared. Now, they felt like they were working together for warmth.

"Thank you for your trouble, everyone!" Qu Hongyan said.

He then turned and flew out of the Saint Devil Hall. There were over ten people following behind him and they were all experts from the three sects. The weakest among them was at the God Realm.

those giant demons are no small matter, ” polong said. let me give Palace Master Hongyan a hand.

He and the chemical cultivator turned into two rays of light and flew out.

Only the two of them and Bo mu had come from the sea Emperor’s lineage. Because water deity had cultivated the true sun Mantra and the hearsay, she had been trapped under the city walls of Yanwu by polong and forced to cultivate it. She would not be able to escape until she reached the immortal realm.

Seeing this, three of the experts from Xuan Li Island were immediately sent away, leaving only three giant demons. Ben tingfeng was overjoyed, ” “Leave the remaining three to us!”

Lingmu di was also overjoyed. He cupped his fists and said, ” “Good! Then I’ll have to trouble my Lords to be careful of those demon lords!”

“You’re too kind. Everyone, please be careful. We’ll send experts to trap the three giant demons, and the rest will deal with the demon lords.” Ben tingfeng returned the greeting.

There were still many powerhouses left in the heavenly martial League, and they all volunteered to join the team to annihilate the demon Lord.

Bo mu said, ”everyone, be careful. If you can’t defeat them, immediately return to the Saint Devil Hall.” With the sturdiness of this Palace, even if it’s damaged, it’ll still be able to withstand the attacks of the giant devil.”

“Good! Everyone be careful, go!”

Lingmu di shouted and rushed out.

Close to three hundred beams of light shot out from the Saint Devil Hall, flying towards the giant Devils and the devil monarch.

Gong's projection was still standing in front of the crack, looking on coldly. A cold smile appeared on his face as he said, "Have they turned out in full strength? B * stards of the realm of heavenly martial arts, let me see how strong you are!"

The six giant demons were all activated, and the entire world shook.

The sky had long turned into nothingness. Other than the teleportation array protected by the restriction, the rest of the buildings in Red Moon City had long been reduced to ashes. Not even a single brick or tile could be seen, as if it had originally been a barren land.

Yunxiao and the lanyan Lord were in the middle of a fierce battle. When they saw that the war had broken out and that the remaining towering giant demons had been attracted, they could not help but feel anxious.

This was especially so for the Misty Rock Lord. He had already cut off a large portion of the giant Devil's body, but the other party still didn't die. His vitality was extremely tenacious.

Yunxiao did not dare to fight the giant demon head-on, so he kept slashing with his sword with his agile movement technique, cutting off its flesh.

However, this giant demon's body was like a mountain, and he couldn't bleed. Only a large number of gravel rolled down.

When he saw that the battle had broken out in the distance, Yunxiao panicked and decided to take the risk. He teleported to the head of the giant demon and slashed at its eyes with his sword!

No matter what kind of existence it was, the eyes would always be its weakness.

The giant devil's eyes narrowed and a red light shot out, destroying the sword Qi with a bang.

But, Yunxiao's figure flickered, and he instantly appeared in front of the giant Devil's right eye. Then, with a large amount of lightning surrounding his left arm, he struck out!

The sword attack just now was just a pretense. He was hoping that the giant demon would attack with its eye light to create a time gap so that he could use the Thunder fist.

“BOOM!”

His entire arm, covered in lightning, was directly inserted into the right eye of the giant demon.

The Ruby-like eye suddenly shattered, and the giant devil let out a shocking roar of pain.

“It’s indeed useful!”

Seeing the giant Devil’s palm coming toward his face, Yunxiao teleported away again, letting the devil slap him hard, causing the sky to tremble.

In the next moment, Yunxiao appeared directly above the giant demon’s head and looked down coldly.

In his eyes, this giant demon had strength but lacked wisdom and agility. He was not far from death..

Chapter 2172: Battle of the Redmoon city (14)

The giant demon roared in pain. He covered his eyes with one hand and slapped the void with the other.

Just the force was enough to compress the space to the point of almost freezing.

Usually, such a powerful force, especially those who lacked agility, would have an extremely strong spatial suppression in their god art.

The faint light on Yunxiao’s body trembled like a candle, and his right eye turned blood-red in an instant. Faint spatial laws transformed into ancient Maha characters that spun around him.

If it was anyone else, it would be difficult to escape from the shackles of this palm, and they could only brace themselves and take it. Thus, the Misty Rock Master had been fighting head-on until now.

The palm slammed into the spot where Yunxiao was standing, immediately shattering the space and creating a huge, bottomless pit.

But, Yunxiao had already teleported above the giant demon, raised his hand, and pressed it down.

The six-colored light swirled in his palm, and the Tusita peak suddenly turned into the size of a mountain and pressed down.

The giant devil turned his head in surprise and looked at the mountain. Shock flashed through his red eyes. He roared and raised his hand to protect his head.

DUUIVI’.

With a huge tremor, the Tusita heavenly peak pressed down and the giant demon lifted it up with both hands. Although his entire body burst out with a powerful energy, and it seemed to be extremely strenuous, he was truly able to drag it on, and it was extremely stable!

Yunxiao was taken aback. He quickly descended and landed on the peak of the mountain, then performed an incantation gesture with one hand.

Immediately, circles of Maha ancient characters circled around the mountain, and golden runes could be seen in the six-colored light on the Tusita Heavenly Mountain.

Faint earth-elemental energy appeared in the sky and gathered into a vortex, merging into the Tusita peak.

“BOOM!”

It was as if the weight of the mountain had increased by a lot. A loud noise came from the giant demon's body, and his arms seemed to shake. However, he still stood there with his arms raised, as if he was unable to move.

Yunxiao was also extremely shocked. In addition to the infinite gravity of Tusita heavenly peak, he had also used the Maha Divine Art to condense the power of earth laws, generating an extremely strong gravity that kept pressing down on the giant demon, but the latter was able to withstand it.

The giant demon's body swayed a little. He lifted the mountain with difficulty, as if he wanted to throw it away.

However, every time he tried to gather Qi, a bolt of purple lightning would strike him from above, shattering his Qi and making it impossible for him to break free.

When Gong saw this scene from above, he cursed, 'stupid!' Then ordered the blue Demon monarchs to kill Yunxiao.

Yunxiao frowned. There were more than a dozen demon lords flying toward them. Their strength varied, but they were all injured.

He casually threw out six ding and six Jia, instantly forming an array in the air. A golden light covered a thousand feet, covering all the demon lords.

At the same time, with a flash between his eyebrows, the divine realm tablet turned into a white light and shot into the formation.

Three heads and six arms emerged from Yunxiao's body again. One of his Dharma forms was performing incantation gestures to condense the power of earth to suppress the towering giant demon, one was controlling the twelve divine beings killing formation, and the last one was constantly casting the great realm divine technique to drive the divine realm tablet.

The runes on the stele circulated, and the power of the world shone brightly. It bloomed in the du Tian Shen Sha formation and shone on every Demon Lord.

A first grade Demon Lord, who was already seriously injured, exploded with a bang under the bombardment of the world's power, disintegrating into several ten directional vicious spirit fiends.

The other demon lords' expressions also changed drastically, their eyes filled with shock and horror.

At the same time, six ding and six Jia formed their own seals and condensed into a giant Golden Spirit, which charged toward the array.

The demon lords' expressions suddenly changed. If they had not been injured before, they could easily break out of this array with their joint efforts. But now, they were willing but not strong enough. They could only grit their teeth and fight the giant Golden Spirit.

"What? The thing in the formation can actually release the pressure of the world!"

Inside the crack, in front of the demonic mirror, Yan could not help but cry out when he saw Yunxiao's three-headed and six-armed transcendence golden body and the divine realm tablet in the twelve divine beings killing formation. Even the usually calm Hou Heji's expression changed drastically, and his eyes widened.

"A heavenly Saint artifact! That's the heavenly Saint tool of the realm of heavenly martial arts!"

"What's going on?" asked Ji in surprise. The Ascended artifacts of both worlds are in the hands of a single person?"

"This is abnormal, there must be something strange!"

Hou said in a deep voice, "we must take this person down in this battle!" It's even more important than occupying a city! "

"It's too unbelievable," Ji said. "I've never heard of such a thing in the countless years of the two realms. Heavenly Saint artifacts from both realms appeared in the hands of a single person at the same time. Furthermore, look at the three heads and six arms materialization, as well as the true fiend dharma body from before. He must have obtained the demon Lord Emperor's inheritance."

“We must take back the six paths demonic weapon and kill this person!” Yan said coldly. It’s time to send us out, right? I don’t think the giant devil can hold on any longer.”

Hou glanced at the other two and nodded slightly, agreeing with Yan’s words.

alright, ” hou said. the giant demon’s original purpose was to sweep the battlefield and release it in the middle of the battle to defeat the enemy’s forces. But now, they had also played the role of depleting the enemy’s strength. As for the matter of sweeping the battlefield, he would let the four divisions do it. Moreover, it wasn’t easy to get these seven giant demons. Try to preserve them as much as possible and don’t let them get damaged.”

Gong nodded and sent out another projection, which began to mobilize the troops in the crack.

In fact, with the combat power of the seven giant demons, they had already filled the entire battlefield of the red moon City. Any more troops sent down would only cause chaos.

Even if the four divisions were to attack, they would only be able to assist the seven giant demons and attack the heavenly martial Alliance in the gaps between the giant demons ‘attacks.

Thus, the palace had counted a few demon lords from each of the four divisions and brought a large number of demons of all kinds through the crack.

This batch of demons was not large, only less than a quarter of the total, but in the eyes of the demon superiors, this number was enough.

In the advancing troops, other than the omnidirectional evil spirit, there were two other types of demons that were very conspicuous. They had sent out almost all of them.

One of them had an oval body and was moving slowly in the tunnel. At first glance, it looked like a black meatball. It seemed harmless and had no combat power.

The other was wrapped in black wings and only revealed half of its head. On its wings, red symbols constantly flashed. It was an extremely fast devil bird, called silly bird.

Silly bird's strength was on par with the ten directional vicious fiend, but she was extremely agile. She was very suitable to fight with a strength-type mo like the heaven raising giant demon.

Previously, because of little Green's purple Emperor dance, which instantly killed an astonishing number of demons, the four demon supremacies did not dare to send this kind of stupid bird out for the time being. But little Qing hadn't moved and the seven giant demons had already entered a life and death battle. This was the best time for silly bird to fight.

In addition, all kinds of demons had been sent in, except for those strength-type demons.

Under the leadership of a demon with short purple hair, a strangely shaped team, all of which were mainly demons in light clothes, slowly crossed the world.

Not only was the purple demon's hair and beard purple, but even his eyes were a deep purple. He walked at the front of the group without any expression on his face.

"Purple," Gong looked at him and said, "even such a shocking battle can't excite the blood in your body?"

Not only was the demon's entire body purple, even his name was purple. He said indifferently, "A battle without any suspense, would you feel excited? They're just cleaning up the aftermath of the battle."

The surrounding demon lords slightly frowned, but no one said a word. They only thought to themselves, Purple's words were so impolite, there was no honorifics in his tone. Within the four divisions, he was probably the only one who dared to speak to the four demon superiors in this way.

At this moment, in the city of Yanwu in the southern region.

Several huge array lights flashed over Yanwu, directly teleporting a ninth-grade warship away.

Ding Ling 'er looked at the disappearing battleship, clasped her hands in front of her chest, and prayed, "Everyone, you must hold on. The reinforcements are about to arrive."

Zhuo qingfan's usual relaxed expression was replaced by a rare look of solemnity. I don't want to comfort you. This war was unprecedentedly tragic. No one who entered the battlefield was confident that they could come back alive.

Ding Ling 'er's body trembled, and she said in fear, "Then why not evacuate? If you know it's going to be tough and you might not even be able to defend it, why don't you retreat? we can still fight in the future."

Zhuo qingfan glanced at her and said, "even so, we must fight to the death." Because we have no way out. Once the red moon City was lost, the demon race would have a big stronghold in the realm of heavenly martial arts. Moreover, the Eastern Region has never had any powerful existences. They are all led by the red moon City, so the power of the demon race will soon spread to the entire Eastern Region."

so," he said with a grave expression, "if the Redmoon city is lost, it means that the entire Eastern Region has been lost. A quarter of the heavenly martial continent's territory has been occupied by the demons. At that time, the demon race won't need to invade the other three regions. They only need to spend some time to demonize the entire Eastern Region and let them adapt to the realm power of the heavenly martial realm. Then, we'll lose completely."

"But Yingluo"

if we all die in battle," Ding Ling 'er said in a trembling voice, "even if we defend the red moon City, what if the demons come again?"

Zhuo qingfan sighed and said, "if we can hold this battle, the demons will suffer heavy losses. They won't be able to launch another large-scale battle in the short term. As for the future, hehe hehe, if he doesn't even have hehe now, what future would he have?"

After all, Ding Ling 'er had been in the business world for a long time, and she had seen and experienced a lot of things. Unlike ordinary little girls, she quickly calmed down and nodded. "I understand. Since this

was big brother Yunxiao's decision and everyone's determination, Ling 'er would stick to it. I only hate that my strength is limited. I can only pray here and hope that everyone will return soon."

Zhuo qingfan chuckled. don't worry. Everything will be fine. Everyone will return safely.

Ding Ling 'er also smiled, but it was a bit forced and sad.. She suddenly asked, '

"Is ding Shan Jue Jue really dead?"

Chapter 2173: Battle of the Redmoon city (15)

Zhuo qingfan nodded and said, "he's really dead. Wan Yiqian of myriad treasures store is dead too." The confrontation between the northern and southern business alliances is about to become history. If we can hold the red moon City this time, miss Ling 'er can join hands with the money sect and merge the two major business alliances to form the only Business Alliance in the world again."

"In that case, I'll handle it now," Ding Ling 'er nodded. Because I firmly believe that everyone will come back alive!" there's no need to rush," Zhuo qingfan said. all the experts in Yanwu have been transferred away, and the void in the city is tight. They still needed miss Ling 'er to preside over the city defense. Don't forget that there are still some unstable factors in the city."

Ding Ling 'er slightly frowned and said in a low voice, " "Are you talking about the monster race?"

"That's right." Zhuo qingfan's eyes narrowed slightly. Although the demon race is on the decline, don't forget that Yanwu is also empty."

Ding Ling 'er frowned even more and said, " I believe that Mr.ai is not the kind of person who would hit someone when they are down. Besides, the battle of the red moon City is related to the lifeline of the entire heavenly martial arts realm.Mr.ai will not mess around.

Zhuo qingfan smiled faintly and said, "I believe in Al's character." But he's not the demon Emperor. Although he's highly respected, even Al Hui himself is not sure if he can suppress all the demons, right?"

"I understand what you mean, Sir," Ding Ling 'er said. We'll postpone the matter of the merchant Union. I'll put all my energy into the city's defense."

Zhuo qingfan sighed. the evil Arts on Gu Qingqing and MO haven't been dispelled yet. Otherwise, we'd have a greater chance of winning if they joined us. But it's good to leave them in Yanwu, in case the city is completely empty. If anything happens, the consequences will be unimaginable."

Ding Ling 'er said firmly, " don't worry too much, master Xu Kong. The people of mysterious separation Island have gone to help under the leadership of master Haofeng. Everything will be fine.

As soon as he finished speaking, a red light suddenly flickered in front of the two of them and landed in the teleportation array below. The red light said hurriedly,"Quickly send me to the red moon City!"

When the two of them took a closer look, they were overjoyed. Ding Ling 'er exclaimed, " "Lord mo!"

The red light was Yi. He stood in the teleportation formation and nodded, " "I'm already fine."

Ding Ling 'er was happy, "then what about lady Gu Qing Qing?"

MO smiled and said with a hint of mockery, " "How can that woman be compared to me? She wants to recover completely and lie in bed for a few more years."

The judge's words were a bit exaggerated, but Gu Qing Qing was still in a coma. Although she would wake up from time to time, she couldn't fight for a long time.

"I'll ask someone to open the teleportation formation now!" Ding Ling 'er said hurriedly.

Soon, mo disappeared into the light of teleportation.

Ding Ling 'er and Zhuo qingfan were both in a good mood. With the referee's help, their chances of winning were much higher.

Moreover, the aura exuding from Mot s body was no longer the same as before. Even Zhuo qingfan, who was standing in front of him, was shocked.

During the battle of the five Cloud Mountain, Yi had absorbed the blood of a large number of demon and human warriors and directly stepped into the void divine realm. Later on, he cultivated the Buddhist Demon Sacred art, and during the battle in the forest of the sea, he had sucked the blood of the elites of the four Seas dry.

Even if Huang and Shang were still here, they were far weaker than Yuan.

"I'll make a move first as well," Zhuo qingfan said."I still have to make a trip to the eternal world. The space in the eternal world is a little complicated, so it will take some time to find the mysterious separation Island."

After saying that, his figure turned into a light smoke and disappeared.

Ding Ling 'er looked in the direction that Zhuo qingfan had disappeared in and remained silent for a while.

Suddenly, there was a loud noise. who is it? Who's moving the teleportation formation?

Soon after, a ray of teleportation light shot up into the sky from where the commotion was, illuminating the entire area.

Ding Ling 'er was shocked and turned around in exasperation, thinking that all the experts in the city had just left, and someone had come to cause trouble!

However, within the light, there was a dense white shadow, and its true appearance could not be seen clearly.

Then, along with the formation light, the figure slowly disappeared from the city.

Ding Ling 'er hurriedly flew over and asked, "Who was that person just now?"

The people in charge of the teleportation gathered around and looked at each other. The leader of the group felt guilty and said, "Sir, we didn't even see who that person was. Please punish us!"

"Milord, please punish me!"

The surrounding martial artists were all ashamed and lowered their heads.

Ding Ling 'er looked at the teleportation formation and said, "Since this person came from the city, he must have been hiding in the city for a long time. We didn't even notice him."

She frowned. Yanwu was now a mixed city. Although the management was very strict, it was impossible to grasp the information of all the martial artists. It was normal to miss one or two, especially those powerful ones. If they deliberately avoided the supervision of Yanwu, it was not impossible.

Ding Ling 'er asked, "that person just teleported to the direction of Yingying."

"The direction has not been adjusted. It should be the red moon City," the person in charge hurriedly said.

"Red Moon City?"

Ding Ling 'er's heart moved, and she nodded. "Alright, it's fine now. You guys can do your jobs. Let's just pretend that what happened just now never happened."

She felt relieved.

No matter what the identity of that person was, since he was going to the red moon City, he was still a strong warrior of the realm of heavenly martial arts, which was also a part of his strength.

In this turbulent era, although everyone had their own goals and ideals, under the common disaster of the realm of heavenly martial arts, they could still put aside their previous grudges and work towards the same goal, even at the expense of their lives.

It was like this 100000 years ago, and it was still the same 100000 years later.

Ding Ling 'er stood in the wind, and the cold wind blew her hair into a mess. She was slightly startled and said to herself, "A source of unrest in the city? there seems to be another person, right?"

She remembered that when she went to look for that person, she was directly rejected outside the door.

"Maybe I didn't explain it clearly enough. Wei Qing doesn't have a comprehensive understanding of the situation in Red Moon City. If he can understand the current danger, he might even help."

there were so many experts risking their lives in front of us. I was rejected several times. So what if I lose face?"

Ding Ling 'er immediately made up her mind to persuade Wei Qing to make a

move. She would not give up until she convinced him.

After a while, Zhuo qingfan's figure appeared in the eternal world. He looked around and saw nothing but the endless void.

it seems that it will take some time for the realm of everlasting life to be completely integrated with the realm of heavenly martial arts.

Zhuo qingfan took out a needle and held it in his palm.

The needle was in the shape of a diamond, with two different colors on both ends. It spun rapidly in the air and then stopped, pointing straight to the South.

“The South? I wonder how far it is?”

Zhuo qingfan mumbled to himself before his figure disappeared.

After a while, on a huge floating continent in the eternal world, the space trembled slightly, and Zhuo qingfan reappeared.

There was no end to the continent. It was covered in Hills, exuding an old and decaying aura. It was like an abandoned world, devoid of any life.

However, the spiritual energy and energy on this land far exceeded that of the other nothingness.

“It should be here!”

Zhuo qingfan was overjoyed, and he hurriedly flew down.

He suddenly stopped less than 10000 feet from the ground. His pupils shrank as he immediately sensed the power of the enchantment in front of him. It was very dangerous.

However, the corner of his mouth lifted slightly and his figure disappeared in the void. The next moment, he stepped on the land of mysterious separation Island.

A surprised voice rang out from the void, and a burly man who was more than nine feet tall appeared before Zhuo qingfan. His thick brows furrowed as he bellowed, “Who are you? How did you get in?”

Zhuo qingfan didn't want to waste any more words. He immediately took out the command token the Misty Rock Lord had given him and showed it to the other party. “I have something to discuss with the island master.”

“Four kings!”

When the man saw the token, he was shocked. After confirming that there was no mistake, he said, “Fifty li Southeast.”

After saying that, the man didn’t bother to talk to him anymore and disappeared in a flash.

Similarly, Zhuo qingfan disappeared from his original spot. In an instant, he reappeared more than fifty miles away, and a plain, white Hall appeared before his eyes.

There were a few buildings scattered around, but they were all so quiet that one could hear a needle. They seemed to be empty.

Almost all the experts who had woken up on mysterious separation Island had gone to Yanwu. This place, which had been deserted before, now seemed even more dead.

“I am Zhuo qingfan. Greetings to the island Lord of the mysterious parting Island!”

Zhuo qingfan called out a few times, but there was no response. Just as he was feeling surprised, a voice suddenly rang out.

“There’s no need to shout, there’s no one here.”

A ball of light appeared in front of him and a figure slowly appeared.

The figure’s back was facing him, and from that slightly hunched back, he could feel the vicissitudes of time. An invisible aura of a sovereign was displayed in front of him.

“Are you the island Lord of the mysterious parting Island?” Zhuo qingfan was shocked and quickly cupped his fists.

it's me," the figure said indifferently. what are you here for?"

Zhuo qingfan tidied his clothes and said respectfully, "There's an emergency, I'm here to report to you, Sir."

He then gave a brief report on the battle of the red moon City to ye Qingyu. Although it was only a few sentences, he clearly described the importance and urgency of the battle.

Ye Qingyu did not move as if he was thinking about something.

Zhuo qingfan was a little anxious. After all, the battle at the front line was ever-changing. It would take a lot of time to rush over from mysterious separation Island. He could not afford to delay.

"I hope your Excellency can send more experts!"

Ye Qingyu said, "of the four kings of Xuan Li Island, two have already gone. Isn't that enough?"
Currently, only a dozen or so people on mysterious separation Island have woken up. Some are still sleeping on the island, and no one knows when they will wake up."

"Is there no other way?" Zhuo qingfan asked anxiously.

more than half of the strong cultivators from the realm of heavenly martial arts have gathered in Red Moon City," ye Qingyu said. if we can't defend this city, it'll be difficult to deal with the demonic tribulation this time.

the battle of Redmoon city is a serious matter," Zhuo qingfan said. we can't afford to be careless. If there are no more powerful cultivators on the island to help us, I'll take my leave now. I still have to rush to the battlefield..

Chapter 2174: Battle of the Redmoon city (16)

Zhuo qingfan bowed and turned to return to the red moon City.

“Hold on,”

what?” ye Qingyu suddenly asked, “ when you entered Xuan Li Island, did you use the great void technique? ”

Zhuo qingfan’s expression changed slightly, and his heart trembled for some reason. However, there were many people who knew about this technique, so there was no need for him to hide it. “Yes, I am.”

Ye Qingyu nodded and looked up at the endless sky. He sighed and said, “ It is indeed the great void technique. This technique was incomparably wondrous, and there were no records of it in the long river of history. However, I happen to know of someone who once knew this technique.”

Zhuo qingfan’s expression changed drastically, and his body trembled uncontrollably. He was in a daze.

Ye Qingyu’s aged body slowly turned around. At the same time, his aura began to change. The vicissitudes of life faded away like dust, and a young and delicate face appeared before Zhuo qingfan.

ah! Zhuo qingfan shrieked and took a step back uncontrollably, as if he was shocked by the young face.

don’t be surprised, ” ye Qingyu said with a smile. it’s just a secret technique.

“Yes,” Zhuo qingfan said with a fist salute.

yes, ” ye Qingyu said. although that person has unintentionally passed down many divine powers, I’ve studied them carefully and there’s no great void technique among them. I’m very curious, where did you learn this technique from?”

Zhuo qingfan's expression changed several times before he finally said, "I learned it by chance."

"Hehe, since you don't want to say, I won't force you."

I have a question, " ye Qingyu said with a smile. is that person still alive? "

Zhuo qingfan's expression changed drastically. Island Lord, what you're saying is rather baffling. Forgive me for my lack of knowledge. I really don't understand!

"Hehe, Alright, alright."

Ye Qingyu laughed and said, " As for the battle of the red moon City, I still have about seven or eight people I can use. I'll have them rush over."

Zhuo qingfan was overjoyed. I wonder how strong those Lords are. Does the island Lord have any intention of personally fighting them? " he asked hurriedly.

He wanted to take ye Qingyu with him. He was one of the four domain monarchs and had reached the fate realm back then. Now, he was even more powerful. Even a mere projection of ye Qingyu made him feel great pressure. He even wondered if ye Qingyu had already reached that level.

haha, " ye Qingyu laughed. I still have things to deal with. I can't leave now.

The strength of those seven or eight people varied, but they were all in the God Realm. They were originally left behind to guard this Island, but there's no need for that anymore."

Zhuo qingfan was extremely curious about ye Qingyu's strength. He could not help but ask, "Daren has been in closed door training on Xuan Li Island for

100000 years, your strength should be stronger than before. If Daren leads the Army, we will definitely be invincible."

“Haha, I won’t embarrass myself with my insignificant strength. This sky no longer belongs to us old people.”

Ye qinyu sighed and waved his hand. “The situation is urgent. You should leave quickly and not waste your time here.”

‘Yes!’

Beads of cold sweat formed on Zhuo qingfan’s forehead. He immediately realized that he had been extremely rude earlier. Fortunately, ye Qingyu had not taken it seriously.

He turned around and disappeared from mysterious separation Island.

In the red moon City, the shocking battle was still brewing. The terrifying fluctuations spread out in circles, and the city was completely gone. It was as if a battle was happening in the barren world.

Apart from the Misty Rock Lord and Yunxiao, who were steadily suppressing the giant demon, the other five battlefields were having a very difficult time.

Especially the three major sects and the master and disciple duo, they suffered heavy casualties.

In order to save an elder of shenxiao Palace, mi zhihan was severely injured by the giant demon and could barely hold on.

Qu Hongyan was the only void realm warrior left. She had to draw away the main attack of the giant demon, which put a lot of pressure on her.

But fortunately, Yunxiao had trapped the remaining dozen or so fiend monarchs of the blue clan, leaving Qian Sheng and the other experts free. They rushed over again without stopping, which slightly relieved the pressure on the three sects.

In terms of combat strength alone, the giant demon did not reach the level of a demon Supreme. It was only on par with an ordinary creation realm expert.

However, because of the realm Power's suppression, the heavenly martial arts realm could only display the battle strength at the peak of the void realm. It was not impossible to deal with it, but the defense and vitality of the giant demon were too strong. Thus, after a long battle, the heavenly martial arts realm was in a very passive position.

On the other side of the battlefield, Ling mudi, beifeng Nan, and pan Yi were having a good time. Although they did not have the upper hand, they did not seem to have lost. They were almost in a draw.

The patrolling bullfighter had long since been flattened by the palm. It only dared to stand in the distance and use the nine Heavens Douluo ring to harass the enemy from a distance.

All three of them had strong physical bodies. As long as they didn't fight head-on with the giant demon, they were in little danger by relying on their movement techniques. However, it was difficult for them to win, at least not in a short time.

There were also the three giant demons trapped by the people of mysterious separation Island. They were also in a bitter battle, and people died from time to time.

Some of the cultivators from mysterious separation Island were already nearing the end of their lives, so they were even more fearless and sacrificed their lives for justice. On the contrary, they were the ones who killed the most tragically.

The giant demon that the Misty Rock Master was holding back was almost cut into a human stick, but it still didn't die.

this is the last strike. I've lost my Patience. Die!

The illusory light in the Misty Rock Lord's hand grew larger, and the blade of light more than doubled in size.

The Misty Rock master's face suddenly turned pale. Clearly, he had poured all his strength into it and slashed towards the slender giant demon!

"BOOM!"

A loud sound of Rolling Stones came from the giant demon's body. The virtual light split into three in the air and directly cut the giant demon into four pieces, which fell from the sky.

It was as if a mountain had crumbled, falling to the ground with a "boom" and turning into stone.

This earth-shaking attack immediately shocked everyone!

This was especially encouraging for the people of the realm of heavenly martial arts!

The Misty Rock master's pale face had yet to recover, and his red blood vessels could still be seen. His aura was extremely low.

Yunxiao was overjoyed as well. In the current situation, it was almost the limit for the heavenly martial realm to remain undefeated. The victory of the Misty Rock Lord might be the beginning of breaking the stalemate.

Just as he was feeling excited, he suddenly raised his head. His eyes, which were of different colors, trembled as he looked at the crack in horror.

In the surging demonic Qi, human heads began to move. It was The Omen of a large number of demons gathering!

Gong looked down coldly and said, "finally, one of them died?" That's good too, there'll be some space in this crowded space for you guys to move around."

"Hehe."

The demonic Qi was filled with sinister laughter.

Zi looked down indifferently and spat out two words, "Boring,"

"I don't care if you're interesting or not," Gong snorted coldly, "but it's your job to get rid of these B * stards."

Purple waved her hand, and the demons that looked like black meatballs bounced forward.

A few of them reached the crack and slowly moved their bodies. Then, they lost their balance and fell out of the crack.

One, two, three wangliang

As if they were diving, the black meatballs jumped out of the crack one by one and fell to the ground.

Yunxiao, master lanyan, and the others who had not fought watched in shock, not understanding what was going on with these Devils.

Soon, hundreds of oval-shaped black meatballs jumped down from the sky, and finally one landed on the ground.

"BOOM!"

A muffled sound came from below. The black meatball landed on the ground and its body exploded, creating a huge pit with a radius of several hundred feet.

In addition, the pit was full of a large number of strange plants, all of which had never been seen in the realm of heavenly martial arts.

The plants were pitch-black, and they breathed in and out demonic Qi. They began to spread out on their own, and in an instant, the range had expanded from a few hundred feet to over a thousand feet.

“Bang!”

“Bang!”

The sound of meatballs falling rang out, and in an instant, the ground was covered with all kinds of demon plants.

At this moment, the demonic Qi in Red Moon City was even more abundant than in ordinary areas of the demonic realm. These plants were even more excited, as if they had sucked blood. They desperately spread in all directions, and many of their roots and leaves were entangled together. Very quickly, they directly turned into a forest!

“This bi an...”

Everyone was dumbfounded by the sudden change. Although the change was extremely shocking, and it was an earth-shattering change, it only took a few breaths' time. They didn't even have time to react.

Yunxiao was completely dumbfounded. Now, apart from the teleportation array being guarded by someone who was working together to form a seal to resist the invasion of the plants, the entire Red Moon City had turned into a forest, and the area it covered was even larger than the original red Moon City!

The appearance of these plants immediately caused the terrifying demonic Qi that had accumulated to start circulating.

Through the breathing of the plants, this forest became a small environment suitable for the survival of the demon race, imitating the demon world.

“Gulp!”

Yunxiao swallowed with difficulty, as if he were still in a dream.

At this moment, he seemed to have realized a more serious problem. The giant demon that he had been suppressing seemed to have gained strength and began to roar and lift the Tusita mountain.

Not only the one at the foot of his mountain, but the other five were obviously more powerful and violent. The heavenly martial arts realm's side began to suffer large – scale casualties.

“Dammit! So that’s what happened!”

Yunxiao’s eyes were cold and filled with anger. The self-circulating system in front of him simulated the most basic living environment of the devil realm, and it had a very strong resistance to the realm power of the heavenly martial realm!

If the giant demon was not suppressed by the realm power, its combat strength was comparable to that of a creation realm expert!

The only thing that did not change was the demonic monarch, who was suppressed by the twelve divine beings killing formation. The self-circulating system of the demonic realm was pushed out, and the world power of the divine realm tablet was inside the formation.

The demon monarchs were in a miserable state. The number of demon monarchs killed by the Golden giant spirit had been greatly reduced, and only five or six of them remained. They could not hold on for much longer.

But, Yunxiao could not care about that anymore. Six creation realm experts were enough to annihilate them all.. “Everyone, retreat! Lord Bo mu, use the Saint Devil Hall to cover everyone!”

Chapter 2175: Battle of the Redmoon city (17)

Purple looked down coldly and mocked, ” “Oh, you want to run now?”

The large group of silly birds behind him disappeared into the crack one by one and rushed down. In almost an instant, they appeared beside the martial artists.

The wings that wrapped around his body spread out and gave off a metallic luster. They were as hard as iron as they swept out.

“Woof! Whoosh!”

Several elders of the three sects were immediately cut in half, blood spurting into the sky.

Qu Hongyan cried out in alarm. The purple firmament sword shone with light, and the Disha Qi was stimulated to the limit, forming a dense sword net of light in the sky, protecting everyone. She shouted, “Let’s go!”

“Bang Bang Bang!”

The iron wings of more than ten silly birds hit the sword net, sending out waves of light.

“Master!”

Luo yunshang, who was also covered in blood, said anxiously, “Let’s go together!”

“You are in charge of bringing everyone back to the Saint Devil Hall. Don’t drag things out!” Qu Hongyan scolded. With a wave of her left sleeve, she sent a strong force to push yunshang away.

Luo yunshang was very anxious, but she knew that she could not act on impulse at this time, so she turned around abruptly and went down.

The three sects had suffered heavy casualties. Before, close to a third had died. After the large number of silly birds appeared, close to a third had died. The remaining people were all heavily injured.

Only about ten plus of them managed to escape, flying back to the Saint Devil

Hall.

However, they knew that even if they returned to the Saint Devil Hall, it didn't mean that they were safe. It was just a short break for them to catch their breath.

The intensity of this battle was far beyond their expectations. At this time, no one had any hope of returning alive, so everyone's faces were calm, waiting for a breather before fighting again.

After qu Hongyan used a desperate move to cover everyone's escape, she was about to withdraw the sword net and leave.

Suddenly, a black shadow appeared. It was the giant demon's palm. Under the strong wind, the space within a radius of nearly a thousand feet was shackled.

She was terrified, but it was already too late to escape. She could only force her remaining true Qi into the sword, causing it to shine even brighter and shrink back from twenty to thirty feet in size, forming a space several feet in front of her.

"BOOM!"

The giant demon's palm hit the sword light, and the light immediately shattered. The violent aura hit qu Hongyan's body, and the sky was filled with blood. A peerless figure fell down with the luxurious purple cloud sword.

"Master!"

Yunshang's shrill cry pierced through the sky as she rushed out in a flash, flying in the direction where qu Hongyan had fallen.

The silly birds were extremely fast and caught up in an instant. They all had strange and terrifying looks on their faces. They spread their iron wings and slashed at qu Hongyan and Luo Yunshang.

Yunxiao, who was suppressing the towering devil and a few demon monarchs in the distance, had planned to kill the three remaining demon monarchs before returning to the Saint Devil Hall, but he was startled by Yunshang's scream and turned around.

He happened to see the scene of Qu Hongyan falling down along with The Purple Cloud sword. Yin Hong's blood stained her dress and sword, and all of them stung his eyes.

He only felt his scalp go numb, and his brain almost lost consciousness.

His figure flashed on the Tusita heavenly peak and teleported to Qu Hongyan's side. With a large amount of lightning around him, he attacked the silly birds that were surrounding him!

"Five lightning strikes!"

"Boom boom boom!"

A flash of lightning bloomed on his body. Under the wind from the punch, it turned into countless lightning dragons that pierced through silly birds.

The ten-some silly birds screeched and died miserably under the lightning, their bodies exploding.

Yunshang took the opportunity to fly over and catch Qu Hongyan and the purple firmament sword. She said softly, "Cloud Mist"

Her heart suddenly trembled. Yunxiao's back was facing her, so she could not see his face clearly, but she felt an inexplicable fear.

The black shadow appeared in the sky again. The giant demon swung its mountain-like fist and smashed down from the sky. Wherever the fist passed, the void shattered.

Yunxiao's body gushed with a bright light. Like a golden body, the light turned into an armor and covered his body. Then, it transformed into three heads and six arms, each of which performed a hand seal.

The Dharma form behind her happened to face Yunshang. Its cold face was like ice that had been deposited in the deep sea for hundreds of millions of years, and it gave off a chilling aura.

Yunshang trembled. She knew that she would only cause more trouble for Yunxiao if she stayed any longer, so she immediately said, "Be careful!" and flew toward the Saint Devil Hall.

Almost everyone's eyes gathered on him. The giant demon's fist was like a meteorite falling to the ground, and the entire sky was pressing down on this point.

The whistling wind from the punch even penetrated Yunxiao's body and crushed the ground of Red Moon City.

"Is he crazy?"

Everyone's heart trembled as they watched in horror. In the face of such a terrifying punch, Yunxiao did not seem to have any intention of dodging. Instead, he kept increasing his strength.

Gong ye stared at it and said in shock, "Is he going to take that punch head

Purple's brows raised, revealing a look of surprise. The corners of his mouth could not help but curve up as he sniggered, "Finally, something interesting has happened."

In the Saint Devil Hall, in front of the demonic mirror in the crack, the Misty Rock Master, and even Ling mudi and the others who were still fighting, all of them were shocked.

The Misty Rock Master stared at the sky, muttering to himself, "Because the woman he loved was injured, his anger stimulated his infinite potential? A brat who has just stepped into the void light realm can actually transform into a void light armor. Hmph."

The last muffled sound seemed to express dissatisfaction, but there was no dissatisfaction in the tone at all.

Yunxiao stood quietly in front of the meteorite-like fist, his three faces as cold as iron and expressionless. Suddenly, he raised his six arms and began to perform incantation gestures.

Rays of golden light emerged from the seals. They were the three great hand seals that he had created. The Golden rays turned into swimming Dragons that spiraled up and gathered above his head.

three seals in one, go to hell!!

The endless angry roar was like a volcanic eruption, or a giant rock thrown into the lake, causing ripples.

His face, which was originally as cold as iron and as calm as a mountain, suddenly became unusually angry and ferocious, as if all his anger was pouring out at this moment.

There was a faint layer of white flame on top of the virtual light. It was the ice fiend Heart Flame. It burst out with his emotions and mixed with the virtual light.

“BOOM!”

The three seals merged into one and transformed into a Dragon, coiling around the arm of Yunxiao’s Dharma idol in front of him and striking out to meet the mountain-like fist power!

“Boom boom boom!”

The giant demon punched in front of Yunxiao’s hands, and a terrifying spirit pressure burst out in all directions. Rings of light directly turned into an enchantment that swept over the entire sky of Red Moon City.

The areas where the battle was still going on were all swept up by the world power, and many injured martial artists spat out blood and died on the spot.

More than half of silly bird's bodies exploded from this shock.

Even the other five giant demons seemed to have been affected. They stopped fighting and turned to look.

The force of the impact turned into a barrier, shaking in all directions. All the surviving Warriors of the heaven martial realm hurriedly fled into the Saint Devil Hall.

Bo MU's face was also pale. He had activated the Saint Devil Hall's defenses to the maximum, trying to resist this terrifying might.

The ground had long been covered with cracks, and all the demonic plants within several thousand feet had been swept away. However, the ground had already turned black, completely demonized.

Gong's eyes widened like copper bells as he looked down in shock. After the impact barrier dispersed, the figures of the towering devil and Yunxiao emerged, and their fists were confronting each other!

impossible, impossible!

what? " Gong lost his composure and exclaimed, " the giant demon's attack just now has already reached the level of the heavenly martial realm's fate realm. How did he manage to withstand it? " He actually took such an attack!"

"Well, it's not too strange,"

Purple twirled her hair and analyzed,"that giant demon's strength isn't in its attack, but its defense." In addition, they had been fighting for so long, so it was normal for their strength to be reduced. Although this simulated ecosystem could eliminate some of the power of the realm, it was not the real environment of the demon world, so the extent of elimination was limited. This kid's god art is very powerful to begin with, so it's normal for him to withstand this attack with his explosive power."

"Is it normal?"

In front of the magic mirror, Ji muttered to herself, "Even if it's normal, this brat should be seriously injured and can't fight anymore, right?"

The battle in the entire Red Moon City came to a standstill and became strangely quiet. Everyone looked at the two people in the sky who were fighting with their fists. One was as tall as a mountain, while the other was peerless and independent.

The giant demon let out a low groan, as if it was extremely dissatisfied with the result. It tried to pull its fist back, only to find that it had been clenched tightly by Yunxiao's arms. It tried to shake it a few times, but it could not move.

"Roar!"

An angry voice came from the giant demon's mouth, as if it was a great humiliation to have its fist imprisoned by such a small existence.

f * Ck you, I'm telling you to die, didn't you hear me?!

After a brief silence, Yunxiao's long body burst out with endless roars and curses again, and the faint light on his body brightened again with the eruption of anger.

A huge demonic shadow appeared behind him and also turned into a true fiend dharma body with three heads and six arms. The Three Faces were exactly the same as the real body, and they were all extremely furious. Their six eyes were as wide as copper bells, shooting out cold light that penetrated their bodies.

"What?"

As soon as the celestial body appeared, all the demons were shocked and looked aghast.

What made them even more frightened was the dark cloud that surrounded the true fiend. A ring of barriers appeared in the void, and a terrifying aura came from it.

“A six paths demonic weapon! This brat is going to use the six paths demonic weapon again!”

In front of the demonic mirror, Yan shouted in shock, and the rest of the People’s faces also changed.

Gong Shuang’s eyes were full of haze as he gritted his teeth and said, ” how can he still have the strength to use the six paths demonic weapon after taking a blow from the giant demon? ‘

In front of the crack, Purple’s face was also solemn, but the excitement in his eyes was even more intense.

The true fiend dharma body stretched out its hand and made a grabbing motion.. Metallic clanking sounds came from the star Ring, and the twelve fortune wheels on the AMO wheel treasure spun, emitting the cries of thousands of birds as it slashed forward!

Chapter 2176: Battle of Redmoon city (18)

“BOOM!”

The sky trembled because of the fear. The giant demon’s Red eyes were also filled with fear. The greater fear was not the power of the AMO Lun Bao, but the Supreme pressure from the heavenly Saint artifact of the demon world. It made his heart tremble in fear.

The giant devil raised his arm and blocked in front of him.

“BOOM!”

The giant sword shadow of the AMO wheel fell and hit his arm. A large amount of gravel was shot up and turned into powder.

Hundreds of deep cracks appeared on the giant demon's arm. It was a terrible sight, but it still managed to withstand the blow from the demonic armament.

In front of the demonic mirror, the demon Venerables heaved a deep sigh of relief, as if a rock had been lifted off their hearts. If the giant demon had been killed in one strike, that would have been too terrifying.

On the contrary, everyone in the Saint Devil Hall was filled with disappointment.

"Huala Huala."

Just as everyone was having their own thoughts, an iron chain came down from the sky. After a few shuttling back and forth, it turned into a chain shadow that covered the sky and completely bound the giant demon.

A huge black iron net appeared in the sky, connecting to all directions. The giant demon's arms, legs, body, and neck were all tightly bound.

Black runes kept appearing on the chains.

One of the true fiend dharma body's arms pulled in the air, and the chains that filled the sky trembled. The giant demon seemed to be in extreme pain as it let out a low groan.

"So noisy! I told you to go die, didn't you hear me?"

Yunxiao roared again, his voice more intense and angry than the previous two times. It was as if an ancient beast had awakened in his body, with one eye turning Crimson and the other bottomless black.

From his forehead to his entire body, other than a large number of magic patterns, there were also bulging blue veins. Every blood vessel and Meridian carried boundless pain and anger.

"This is the third time. You must die. There won't be a next time!" He said.

Yunxiao roared coldly as he raised an arm and clenched his five fingers into a fist, his palm facing the sky.

The true fiend dharma body did the same. A Black Vortex condensed behind the Dharma body, and a battle armor slowly extended from the vortex, the tip of which was pointed at the Atlas demon.

“What? The third six paths mo weapon!”

The four demon supremacies in front of the mirror were completely confused. Their bodies couldn't help but tremble, and the passage that was supported by the four of them also trembled because of their emotions.

using three mo weapons at the same time, Oh my God, am I seeing things?!

Yan cried out involuntarily. He could no longer control the emotions in his heart. His face was filled with shock and even fear.

Hou's face was gloomy, and he said coldly, “this person is definitely a great threat to the devil World. He must be killed!” I can't let him Live! ”

Gong's eyes also flashed with a cold light as he nodded, “I also agree with your point of view. In the following battle, killing this person must be the priority. It is far more important than occupying the red moon City!”

At the same time, somewhere in the demonic realm, in a pitch-black, bottomless pool that was as silent as death, the surface of the water suddenly rippled.

“Huala”

The black jade-like water surface exploded. turning into a water dragon that

soared into the sky.

A figure emerged from the deep pool, floating on the water's surface. His face was full of shock and gloominess. It was di Jia, who had returned to the devil World. His eyes looked into the infinite distance, and he muttered to himself, "His comprehension of mo weapons has improved so quickly?"

On a Nameless Island in the North Sea of the realm of heavenly martial arts.

A large number of corpses of sea beasts were suspended in the air, covered with white spot poison. A man was making corpse puppets, and corpse Qi filled the air above the sea.

Suddenly, the man was shocked and flew toward the island. He saw a white-robed woman standing on a large rock, quietly looking toward the east.

Jing Qi flew down hurriedly, bowed and said, "Your Excellency has come out of seclusion?"

Xiao Hong didn't say anything and continued to look towards the east for a long time. However, a large amount of demonic Qi appeared on her beautiful face, turning into lines that were imprinted on her skin.

The blood in his body seemed to have been touched by some kind of power, and it flowed even more rapidly.

In the sky above Red Moon City, everyone's eyes were attracted by the true fiend dharma body.

One arm was holding a sword and slashing at the giant demon, one arm was holding the chain, and the other arm was raised high. Alay Xuanzang appeared from the black shadow behind him.

"Die! Don't make me say it again!"

Yunxiao roared as his true fiend dharma body suddenly grabbed Alay Xuanzang and thrust it forward.

"Huala"

Alay's Xuan 'GE stabbed into the giant demon's body. A large number of broken rocks exploded, and the entire demon weapon went through.

Everyone looked at this scene in shock. The huge battlefield of the red moon City was filled with void turbulence everywhere. Terrifying forces kept appearing in the sky, but it was as quiet as a ghost city, without a single sound.

"Gulp."

The sound of swallowing rang out in the air. It was Gong's projection. He looked in horror at the giant demon that had been slashed by the AMO Lun treasure, bound by Ali fansha, and finally pierced through by the Alay xuangang.

Even though he looked a little pitiful, it was the first time in 100000 years that he had received three six paths demonic weapons.

"BOOM!"

The giant demon's body suddenly exploded, turning into hundreds of millions of stone fragments. They were swept up by the violent black Hurricane and shot into the sky!

"Not good!"

The Asmodians at the entrance of the crack were shocked, and the hurricane directly rushed towards them.

A large number of demon lords instantly dispersed and made a path, but there were still some demons who could not react in time, especially many ten directional evil spirits at the back. They were blown up by the hurricane and died.

The force was endless, and it swept everything within a thousand feet of Yunxiao into it.

The entire process lasted for the time it took to brew a cup of tea. It was as if a huge vortex had formed around him, absorbing everything and then spitting it out.

In the time it took to finish a cup of tea, the people from both sects remained silent and watched quietly.

The remaining five giant demons' eyes flickered with red light, revealing a deep fear. They couldn't help but take a step back, feeling the pressure in their

hearts decrease.

Within the Saint Devil Hall, everyone's eyes were filled with shock and joy.

However, the faces of the Misty Rock Master, Lingmu Di, and the others were filled with worry. Yunxiao's attack just now was obviously an attack that exceeded his potential, and generally, such an attack would take a long time to weaken.

After the true devil spirit crushed the devil with the three six paths demonic weapons, it turned into a ball of demonic shadow and disappeared in the air.

Yunxiao retracted his three heads and six arms as well. The light from his body faded, and he stood in the air, looking a little desolate.

But with a flash of Azure lightning, he disappeared from his original spot and returned to the Saint Devil Hall.

Luo Yunshang and the others were healing Qu Hongyan. A large number of experts were also seriously injured. The Supreme Elder of Shenxiao Palace, Ke Zhihan, was also seriously injured and had died.

Without saying a word, Yunxiao bent down and began to check her injuries.

Yunxiao, master's life isn't in danger for the time being," yunshang said. she's just passed out because all her meridians have collapsed. I'm afraid she won't be able to fight for a long time.

Yunxiao turned a deaf ear. He did not believe anyone's judgment, only his own. After a brief examination, he found that it was exactly as yunshang had said. He breathed a sigh of relief, and the coldness and solemnity on his face were gone, replaced by exhaustion.

In just an instant, these dispirited emotions were swept away. He roused his spirit and said, "Everyone, enter the divine realm tablet.

Many people's expressions changed slightly, but most of them were dejected. "Are we really going to retreat?" the Misty Rock Master asked in a deep voice.

retreat?" Yunxiao glanced at him and said, "if we don't retreat, everyone will die.

"Then, didn't our comrades who had just sacrificed their lives die in vain?" someone shouted. The man was full of resentment and said with hatred, "Why didn't you retreat earlier? At this moment, I don't want to retreat anymore. I'd rather die in battle!"

The hall was completely silent. Everyone's expression was different. Many people had already begun to express their dissatisfaction, but most of them were still silent.

Lingmu di sighed and stood out. "Even if we don't retreat now, we'll lose Red Moon City, and we'll also lose our lives for nothing. Besides, our retreat is only temporary. After all, with our current strength, we can't stop their edge. We'll fight after the reinforcements arrive."

At this time, unity was more important than anything else. If there were any conflicts or disputes, the consequences would be even more unimaginable. That was why lingmu di stood up to speak for Yunxiao. With his qualifications, everyone was willing to listen.

The Misty Rock Master also understood the relationship between the two. He nodded, "Let's retreat first. We'll wait for reinforcements before we fight."

Yunxiao took out the divine realm tablet, which stood in the middle of the hall like a huge door, emitting a white light. "Everyone, go in."

"Then when will the reinforcements arrive?" someone was still dissatisfied and snorted.

with Zhuo qingfan's speed, " Yunxiao said, " it should be soon. I'll destroy the teleportation formation later to prevent them from being surrounded by the demons. They'll be attacked from all sides as soon as they come out. After destroying the teleportation formation, the location of the reinforcements will be more random."

Lingmu di nodded and said, " you've considered this very well. Let's enter the divine realm tablet quickly.

Only then did people begin to enter the stele one by one, especially those who were extremely seriously injured. They had no more strength to fight and all entered on their own.

Luo yunsnang also picked up qu Hongyan and followed the crowd into the divine realm tablet.

"Hurry up!" Bo mu suddenly said in a low voice, "those demons have begun to gather their troops and prepare to attack again!"

In front of the crack in the demonic dimension, a large number of demons poured out and lined up in the sky.

The five giant demons adjusted themselves and began to roar continuously, sending simple messages to encourage each other.

Gong stood in front of the crack and said coldly, " I'll gather another force here. This time, we must occupy this city no matter what. More importantly, we must kill that man just now! Purple, can you do this?"

Chapter 2177 Battle of the Redmoon city (19)

Purple squinted her eyes and nodded with a smile. yes," she said casually.

Gong stared at him with a Vulture's face, his heart burning with anger. In front of such a big matter, he had such an attitude. He thought to himself, "I'll teach him a lesson after I return to the demon world, and make him pay for his arrogance."

However, at this moment, he had no choice but to endure Purple's attitude. He nodded and said, "I hope you won't let down the great trust you have placed on you,"

Purple suddenly let out an "eh" sound and opened his eyes. He looked at the teleportation formation on the ground and became excited, "It seems to have become more interesting."

"What?"

Gong was shocked. He looked at the teleportation formation and saw the space spinning. A giant whirlpool was formed above it, and a battleship slowly emerged.

"Reinforcements!"

Gong's expression changed greatly. He gritted his teeth and said angrily, "Dammit! He should have destroyed the teleportation formation long ago! I thought that all the experts of the realm of heavenly martial arts had come, but I didn't expect there to be more!"

The battleship kept appearing in the void, and it was already emitting a powerful aura. It kept pushing away the demonic plants in the surroundings, creating a huge vacuum with a radius of several thousand feet.

Zi ha laughed out loud. this is more interesting. It's a good time to get rid of all these bugs in one go. It'll save us from future troubles.

His face was filled with an excited smile, and he seemed to be more interested than when he came out of the crack.

Within the Saint Devil Hall, a figure suddenly appeared out of thin air, "The reinforcements are here, there's no need to leave."

"Zhuo qingfan!"

Yunxiao cried out in surprise, his face full of joy. His voice was trembling, and his eyes were even filled with tears, as if he was about to cry.

Zhuo qingfan's usual calm demeanor was replaced by a serious nod, as if he had not let her down.

With such a tragic scene, he could not remain calm, and his heart felt like it was being pressed by a stone. almost all the forces of Yanwu have been dispatched here. Lord Haofeng has also led all the forces of mysterious separation Island. I've even been to Xuan Li Island and met Lord ye qinyu. He's using his last bit of power and will send them here."

These words were extremely encouraging, and the eyes of everyone in the hall lit up. The joyful atmosphere swept away the depression and heaviness.

"Haha, that's great! I don't mind dying, but before I die, I must contribute a little more strength and kill a few more people!"

An expert from mysterious separation Island laughed wildly. He was covered in blood and most of his life force had disappeared.

After laughing wildly, he coughed a few times and suddenly stopped. He sat cross-legged on the ground, his head drooped down, and his body disappeared.

"Lord Shi Jun!"

Another expert beside him cried out in grief and indignation, but Shi Jun was already dead.

The fighting spirit and excitement that had just been aroused were once again swept away by the oppressive atmosphere. Everyone looked at Shi Jun in silence, as if they could see their own end.

With a solemn expression, Yunxiao bowed deeply at Shi Jun's body. Then, he looked at the crowd and said, "There's no need to grieve, everyone. If a jar breaks from the well, the general will inevitably die in battle. To this senior, this was the best ending. Actually, before we came out, who didn't plan to die?"

"Not bad! Before I came out, I never thought of going back alive!"

The old man beside Shi Jun recovered from his grief and said firmly, "This time, we'll throw our lives in the red moon City and let those B * stars of the demon race know our power!"

Qian Sheng was also covered in injuries and was contaminated with a large amount of demonic Qi. He seemed to be determined to die and said in a deep voice, "Alliance master Yunxiao, please bring us to battle to our heart's content!"

"Please bring us to battle to our heart's content!"

The hall was filled with people asking to fight. Everyone wanted to have a life-and-death battle with the demons.

Many of them were seriously injured and difficult to recover, especially people like Qian Sheng who had been severely infected by the demonic Qi. Even if they didn't die, they would most likely become demonic, so they were determined to fight to the death.

Yunxiao was also affected by the aura. He gritted his teeth and said, "'Good! I will lead everyone to fight to the death with the demons!" Under Purple's command, the demonic Army headed towards the Saint Devil Hall. The nearest gigantic demon headed towards the Saint Devil Hall while the other four headed towards the battleship. Their eyes were shooting out rays of red light as they shot towards the battleship.

"BOOM!"

The Saint Devil Hall was struck by the gigantic Devil's attack. Instantly, its shape changed, and the space within it trembled intensely.

kill them! Yunxiao said angrily. fight it out with them!

He immediately turned around and left. Those who could no longer fight were all put into the divine realm tablet. Those who followed behind him still had the strength to fight or were determined to die.

Hundreds of people rushed out at once, catching the surrounding demons off guard. The huge impact instantly killed a gap.

The Misty Rock master's figure flickered as he charged towards the giant devil.

The giant demon's defense was too strong, and the previous battle had exhausted him too much. However, he was the only one who could withstand the giant demon's attack at this moment.

Otherwise, if the others were to face the giant devil, they would be like a Mantis trying to block a car, unable to withstand a single blow.

Yunxiao rushed out with the crowd and threw Liuding and Liujia out as soon as he could. A huge barrier of formation light was formed and instantly enveloped all the fiends near the Saint Devil Hall.

The people of the realm of heavenly martial arts turned around and also rushed into the formation, fighting with the demons.

In the twelve divine beings killing formation, the world power of the divine realm tablet had suppressed them, causing the simulated ecosystem of the devil race to lose its effectiveness. The suppression of the world power had instantly increased.

Moreover, there was also the suppression of the twelve divine beings killing formation, which caused the power of both sides to decrease and increase.

"Eh? That formation seems to be quite something." Read the best novels at www.el_novels.com

Purple looked on coldly from above. He stroked his chin with one hand and muttered to himself.

Gong's expression did not look too good. The main mission this time is to kill that person. You actually sent so few demons over. Are you really putting your mind on this battlefield?! His tone was full of blame.

Zi Xiao said, "there's no hurry. This battlefield is a meat grinder. It's important to kill that man, but it's also important to crush all the living forces of the realm of heavenly martial arts.

His purple eyes emitted a cold light, and his voice suddenly turned cold. "I'm going to strangle them to death."

"Killing that person is our top priority!" Gong's heart trembled as he said angrily. This was the order that the four demon supremacies had sent together! And if we use the battlefield as a meat grinder, we'll suffer heavy casualties!"

"We've already suffered heavy casualties," purple said indifferently. "What's there to be afraid of if we suffer more?" Besides, all kinds of stupid things have been born in the demon world for so many years. There are too many useless things, so I can take this opportunity to eliminate some. It's really a battlefield that kills two birds with one stone."

Gong Qi's face was ashen. If it was not just a projection, he would have turned hostile and killed her on the spot.

Inside the crack, in front of the demonic mirror, Ji said, "Gong, just let him go. This man's scariness isn't any less than ours. Just let him play to his heart's content. I believe he will bring us a surprise."

"This so-called surprise might be to eliminate half of our people, or even more than three-quarters of them!" Gong's true body said coldly.

if we can kill all the elites of the realm of heavenly martial arts here, "Yan said, " it's not a big deal to lose three quarters of them.

"What are you saying!?" Gong angrily said. If we lose three-quarters of our strength, our position in the demon world will also be in jeopardy! On the surface, the entire Devil World seems to be led by us eight

great devil Venerables. Don't tell me you've been flattered for so long that you really think you're the master of the devil World!"

"How is that possible?!" Yan snorted. Let's not talk about anything else, just the opening of the crack this time is enough to cause those world devouring demons to be so terrifying that it makes one shiver. I don't even know how many of such terrifying existences there are in the entire Devil World!"

The other three fell silent.

Hou suddenly said, if only there was a way to make those realm devouring Devils deal with the races of the heavenly martial realm!

"This method is impossible for now, at least. I don't know if it can be done in the future," Ji replied. After all, our understanding of the world devouring devil is too little."

Hou nodded, "indeed, we should pay more attention to these ancient existences in the future."

Their conversation ended there and they began to focus on the battle outside.

Not long after the warships from Yanwu appeared, they were attacked by a powerful force and were instantly shattered.

Hundreds of Warriors rushed out angrily, but when they looked closely, they saw thousands of demons in the sky. There were also four giant beasts. Just the pressure was enough to make them breathless.

"Why are there so many rustling sounds?"

Everyone was dumbfounded. Although they knew that the battle in Red Moon City was urgent, they did not expect it to be so terrifying.

kill! Hao Feng suddenly shouted. don't be in a daze. Hold your heads in your hands and kill!

He was the first to unleash a blade light. The terrifying blade turned into a giant blade that swept across the sky, killing more than ten demons in an instant.

All the other martial artists also realized the seriousness of the matter. Without a word, they took out their profound level weapons and attacked. As Hao Feng said, the moment they attacked, no one thought that they could go back alive.

Luo Qingyun was one of them. He saw Yunxiao in the Sky at a Glance, and he instantly drew out his spear, which made a loud buzzing sound. With a simple flick, he stabbed one of the ten- directional evil spirits to death, then broke it down into countless fiends.

His technique was very light, and the strength of each spear was not more or less, not daring to waste a single drop of true essence.

Because he understood that the battle had just begun. If he accumulated more Zhen Yuan, he might be able to kill one more demon.

As Luo Qingyun was thinking, a black mass suddenly appeared above his head. It was the giant demon who had raised his palm and slammed it down on the crowd!

The powerful palm force directly suppressed the space, and a large number of martial artists were shackled, unable to move at all!

"! Just how powerful is this monster!"

Everyone's heart sank as a chill spread through their bodies. It was as if the end of the world had come!

Chapter 2178 Battle of the Redmoon city (20)

Hao Feng's expression changed. He had already discovered that the strength of these four heaven-raising giant demons was not inferior to his. He was the only one among the group who could take on one of them.

Immediately, the Nirvana blade rose up and the edge of the blade cut across the sky. The surging pressure was immediately cut into a crack, like a deflated ball. The air was compressed to the point that it made a sizzling sound, piercing people's eardrums, and created huge sparks.

As soon as the pressure was broken, the people of the heavenly martial arts realm immediately flew up and used their escape techniques to escape.

“BOOM!”

The palm hit the ground, creating a huge pit, and powerful demonic Qi scattered in all directions.

Although this palm didn't hurt many people, it was so shocking that all the warriors of the realm of heavenly martial arts were ashen.

Yunxiao had also discovered the situation below, but he was too busy to take care of himself. In the twelve divine beings killing formation, except for Liu Ding and Liu Jia, who still had extraordinary combat strength, many experts of the heavenly martial realm were obviously at their wit's end.

Just as he was feeling anxious, a red light suddenly appeared on the divine realm tablet. In the blink of an eye, it condensed into a fire Phoenix, letting out an ancient and deafening sound that resounded throughout the entire formation.

Yunxiao's eyes shone with a strange light, and he could not help but be overjoyed.

A red figure emerged on the Jade-like divine realm tablet, and then a sky full of fire butterflies spread out in the formation.

The palm-sized butterflies were all lifelike, flapping their wings.

There was a rune on each of its wings, and a terrifying power was being emitted from them.

The fiery butterflies appeared around every demon and gathered around them.

“Not good!”

The demon lords also discovered the problem, and in their shock, they used their demon techniques to attack the fire butterflies.

retreat! Yunxiao suddenly shouted. everyone, retreat!

The people of the heavenly martial realm had a premonition when the fiery butterfly appeared, and when they heard Yunxiao’s words, they quickly scattered.

At the same time, Yunxiao performed an incantation gesture with both hands, and the array power of the twelve divine beings killing formation suddenly descended, turning into mirror lights and pressing down on the Devils.

“Bang!”

A fire butterfly exploded under the attack of a demon. The flames formed a circle and spread out like a wave, shaking the palm of the demon Lord.

The impact was not strong. The demon Lord only felt a burning sensation in his palm.

However, his entire expression became extremely unsightly. This was because the wings of the fire butterflies within a radius of 30 meters were set ablaze by the impact of the explosion, and the two symbols emitted a dazzling radiance!

“BOOM!”

“BOOM!”

“BOOM!”

Several explosions rang out, followed by a chain reaction. Hundreds, thousands, and tens of thousands of fire butterflies all exploded.

The entire Capital Heaven divine demon formation instantly condensed into a sea of fire.

However, under Feini's control, the sea of fire only occupied a large area in the center of the formation, and did not hurt all the people of the realm of heavenly martial arts.

A large number of screams rang out in the sea of fire. The terrifying power of the flames directly burned the demonic Qi dry, and the demons were turned into nothingness, not leaving a single residue.

Yunxiao was both surprised and delighted. Feini's posture at the moment was like that of a God, sacred and inviolable.

The faint fluctuations of the Phoenix essence, under the exploration of the divine sense, had a feeling of being in an abyss that far exceeded his strength.

could it be a creation realm expert?!

When the word came to Yunxiao's mind, he could not help but be overjoyed!

If Feini had advanced to the manifestation stage, he would be able to turn the tide and change the outcome of today's battle!

“What's going on? These flames are dense.”

Gong looked down from the sky and couldn't help but be shocked. A powerful figure has come out of the divine realm tablet!

“Eh, a heavenly Saint tool?”

The light in Purple’s eyes focused as he clenched his right hand into a fist and stared at his chin. “Could it be that there’s an expert within the heavenly Saint artifact? It doesn’t make sense for him to only appear now.”

“Perhaps she’s been in seclusion,” Gong said coldly. “The situation is urgent now, so I had to call her out. Judging from his aura, it’s very likely that he’s a manifestation stage practitioner. We’re in big trouble now.”

“Creation realm? No, that’s not right. He’s not even at the creation realm.” Purple’s eyes brightened. “Perhaps she has touched the threshold of creation, but she is definitely not.”

“Fine, even if it’s not, it’s still a huge problem for us. Now that the war has become even more complicated, purple, shouldn’t you consider taking action personally?”

Gong looked at purple coldly, as if he was extremely dissatisfied with the current situation of the war and Purple’s cynical attitude.

“Me?” purple was surprised. Why? I’ve never thought of personally taking action.”

Gong almost spat out a mouthful of blood. He roared ferociously, “What did you say?”

She looked as if she was about to pounce on him and bite him to death.

Purple chuckled and said, “why is master Gong so angry?” We still have so many demons at our disposal, so why do I have to take action personally? Didn’t you raise so many underlings to deal with the current situation?”

“Good, you’re good!” Gong roared. After this battle, I’ll wait for you in the demon world. I’d like to see how you can blow up the heavens!”

She flicked her sleeves and left, turning around and disappearing into the sky.

He didn't want to see Purple's face again, so he went to the magic mirror to watch the battle. He didn't want to project it anymore.

Purple chuckled and ignored him. With a wave of her hand, a large number of low-intelligence demons in the crack rushed down. Their target was not Yunxiao, but the battlefield below.

With feini's appearance in Yunxiao's territory, it was already a little difficult to wipe them all out.

Purple's current idea was to kill as much of the heavenly martial realm's power as possible. Just as he said, he wanted to turn the battlefield into a huge meat grinder. All the power that came in would be crushed mercilessly.

Yunxiao was shocked, and his heart went cold as he looked at the demons flying down like raindrops.

Hao Feng and the others were all trapped in the dense crowd of demons. Coupled with the power of the giant demon, the rate of death and injury was extremely fast.

Even Hao Feng himself found it difficult to take on a giant demon alone. There were also countless demons harassing him, and he was soon seriously injured.

Yunxiao hurriedly retracted the divine malevolence formation, and Liu Ding and Liu Jia flew down to rescue the others.

In addition, the heavenly martial realm experts in the sky also rushed down after taking a breath. In their minds, there was no longer any concept of rest or life, only killing the enemy.

Bomu also commanded the Saint Devil Hall, transforming it into rays of golden light that filled the sky like a rain of gold, shooting downwards.

When the Golden Rain hit the demons, it passed through them, only forming a huge, invisible Palace on the ground. It didn't have any physical form, but was constructed by the golden light pillars.

"Feini!"

Yunxiao looked at feini, who was still staring coldly at the sea of fire in front of the divine realm tablet, and called out softly.

Feini then turned around, her cold face turned gentle as she said, "My husband."

The two of them only had a short exchange before they understood each other's thoughts.

Feini no longer cared about the demons in the flames. He transformed into a Phoenix and flew down from the sky, bringing along the endless sea of fire into the battle.

Purple looked at the figure that covered the sky and laughed, "So it's the heavenly Phoenix Clan, no wonder. It's said that in the realm of heavenly martial arts, there's the true dragon, the head of all spirits, and the heavenly Phoenix, the king of all birds. This Heavenly Phoenix already has the strength of a half-step-to manifestation, so the true dragon must have already reached the manifestation realm. I don't know why he didn't come, or perhaps he has already come, but is just hiding?"

As soon as feini left, Yunxiao turned into a bolt of lightning and rushed into the boundless sea of fire, slashing at the remaining demons with his sword death.

The screams rose and fell in the sea of fire, but they were quickly extinguished.

As the flame grew smaller, Yunxiao rushed out of it and headed toward the ground.

His eyes were completely red and bloodshot. One after another, familiar figures were swallowed by the demons below.

Qian Sheng, Chen duantian, and the Kongtong Sect's elders were almost all dead.

Even void God Realm experts, star star abyss and other elders of mysterious separation Island had fallen.

Haofeng and Ben tingfeng were also on the verge of collapse, they almost lost their divine senses, only numbly killing, killing, killing bi an.

“BOOM!”

After Fei Ni charged down, she turned into a huge pillar of fire and struck the head of one of the giant demons!

The pillar of fire exploded and spread in all directions.

Under her exquisite control, the flames avoided her own people as much as possible and burned towards the demons.

“Heavenly Fire barrier!”

Her body gently landed on top of the giant demon’s head. She stepped on its head with both feet and her hands quickly formed a seal.

Walls of fire rose up from the ground, each one a thousand feet tall.

The wall of fire spread out in all directions with the giant demon as the center. It soon spread dozens of miles away, forming a huge fire maze.

What shocked the demons even more was that the flames had burned all the demonic plants on the ground to ashes, severely damaging their simulated environment and causing their overall strength to drop.

“It’s indeed the heavenly Phoenix!” Yan Jing said in front of the magic mirror.

; " I'm getting a bad feeling, " Gong said coldly, his face dark. that purple is completely unreliable. I suggest we change the person!

"It's a pity that we're bound by this passageway. Otherwise, if one of us could get out, we would have directly crushed them into dust!" Yan said. His tone was filled with unwillingness.

"Don't underestimate the people of the realm of heavenly martial arts," Ji said. For so many years, the two realms had fought countless times, but they still hadn't been able to destroy the realm of heavenly martial arts. Even a hundred thousand years ago, an unparalleled genius like the demon Lord di could not completely conquer the realm of heaven martial arts."

"Ji, you're not going to start finding excuses for your next defeat, are you?" Gong said coldly. Purple is your subordinate, but if we lose this battle, I will not let him go!"

"You're thinking too much," Ji said."Although the heavenly Phoenix has appeared, I don't think they can turn the tables even if the true dragon comes out later. Besides, I also believe in Purple's strength."

"It's not a good time to launch an all-out attack now," hou said in a deep voice. If only we could wait for another half a year, and let the crack stabilize on its own, how great would that be? then, the few of us would also be able to directly descend into the realm of heavenly martial arts, and LAN would not have died so inexplicably."

At the mention of Blue's death, the few people's faces were not good.

Ji replied, " the development of this matter is beyond our control. Even the existence of these world devouring demons has far exceeded our expectations.

We can only take one step at a time and do our best.."

Chapter 2179 Battle of the Redmoon city (21)

On top of Red Moon City, Yunxiao was overjoyed when he saw feini release the barrier of Heavenly Fire.

The giant devil directly became the center of the enchantment, and its limbs trembled under the pressure of the powerful flames. However, it couldn't break free from the enchantment, and could only accept the fact that it was constantly being roasted. Its body was burned to pieces.

Purple frowned and struck out a seal.

Imprints immediately appeared on the bodies of the remaining two giant demons and they immediately charged towards Feini.

Although the barrier of Heavenly Fire was powerful, it could only block a large number of ordinary demons. It was not of much use against the giant demons.

Furthermore, the wall of fire had suppressed another giant demon. Feini was currently standing on the head and could not move. Therefore, they were the best targets.

In addition, there were two other giant demons that were being held back by the Misty Rock Lord and Haofeng, and they were locked in a fierce battle.

After the wall of fire was built, Hao Feng led the giant demon into the wall of fire, constantly burning its body, which was also a kind of support.

After the heavenly Fire barrier appeared, the demons panicked for a while, but they quickly calmed down and started to attack through the wall of fire. Because the barrier was too large, it was not very powerful, and a large number of demons endured the heat and passed through.

The two giant demons ran to Feini in a few moments. Yunxiao was taken aback when he saw this, and he hurriedly went to Feini's side and raised his sword to gather Qi.

Suddenly, there was a "clang" as the air was torn apart. A cold light flashed in the sky, and a huge round profound level weapon flew down and stabbed into the neck of the giant demon with a clang.

"Dark wheel!"

Yunxiao was overjoyed at the sight. He immediately knew who had come, and he immediately thrust the sword in his hand toward the other side.

Nine white lotus flowers bloomed on the sword light and hit the giant demon's body one by one. They exploded like firecrackers, but only left shallow marks.

After a series of fierce battles, Yunxiao's energy was almost exhausted, and he was only holding on with his will. After the other giant demon was cut by the underworld wheel, it roared angrily and grabbed the underworld wheel, pulling it out with all its might.

However, a burst of green light flickered on the wheel, and countless runes flew up, forming a netherworld formation around the giant demon.

A red figure flickered and appeared above the array. He made hand seals with one hand and his eyes were cold. It was Yi.

The formation light spun and continuously cut the giant demon's body. A large number of stones broke off from it.

Yunxiao was both surprised and delighted. The fact that it could directly materialize the array on the wheel showed that the judge had completely taken control of the profound level weapon.

Moreover, the underworld wheel was indeed the best weapon to deal with the devil.

While he was thinking, the last free giant demon roared and rushed at Yunxiao and feini.

Suddenly, a gust of cold wind blew, causing the pillars of fire around Fei Ni to rustle.

Yunxiao and feini's faces changed at the same time, and their faces were filled with surprise.

Unless it was an immemorial astral wind, how could ordinary strong winds blow the heavenly Fire?

'Wasn't that Feng Lingling just now?' Yunxiao said in a serious voice.

Feini also felt it and nodded, " "It's killing intent,"

"A killing intent that can blow the heavenly Fire, a Kasaya." Yunxiao's eyes were filled with surprise as he looked into the sky.

In the pitch-black void, he seemed to have seen something, and he couldn't help but tremble.

A ferocious and terrifying face seemed to sweep across the sky, as if some terrifying existence was strolling in the void, coming from an infinite distance.

"Eh? That's Yingluo."

Purple's expression changed as she looked up at the sky in shock.

Although the four demon supremacies in front of the demonic mirror could not see the truth of the void through the mirror light, they could see Purple's expression and they were all shocked.

"What did purple just see? How could it make him show such an expression?"

Ji found it hard to calm down. Purple was his subordinate. With his understanding of purple, something incredible must have happened.

"Hmph!"

Gong groaned. Although he didn't want to see Purple's ugly face again, he couldn't help but flash and project himself outside the crack.

Gong's projection looked in the direction of the purple gaze and saw a huge figure slowly appear in the void. It was covered in purple-black scales and had two white horns on its head. Its face was small but extremely detestable.

"That's Yingluo."

Gong Yi cried out uncontrollably, his face filled with shock and even a trace of fear.

At this moment, the other three demon supremacies in front of the demonic mirror also saw the situation clearly and couldn't help but look shocked. Hou was even more shocked as he said, "Ramayana!"

"What?" what?! Ji was shocked. the legendary killing God?!

"Isn't this a legendary item?" Yan Jing asked. It's said that it lives outside of the stars in the universe and is born from an unknown force. How can it come here in its true body?"

While they were still in shock, in the boundless void, a pure white figure was walking over with the God of killing from afar.

Wherever the shadow passed, the sky turned into boundless darkness. Exclusive and most accurate

Yunxiao was both surprised and overjoyed when he finally saw the man. The image of a figure floating in and out of Xinyan city appeared in his mind.

And the words that man had said in Xinyan city.

the shadows of the night will forever follow the illusionary light. But from today onwards, wherever I go, there will be endless shadows of the night.

Ling Baiyi's face appeared in the air, and he stepped down.

Luo Moyan's real body followed closely behind with a ferocious look on his face. He raised his purple-black Hand, and his sharp claws seemed to be stained with infinite poison, shining black.

"Swish!"

Luo Moyan's fingers pierced into the giant demon's head. "Roar!"

The giant devil let out a violent roar and struggled with all his might. He grabbed Ramayana's arm with both hands and tore it with all his might.

Ramayana's face revealed a strange and terrifying smile. He bent down his huge body and bit down.

"Ah?"

Everyone was shocked by this terrifying scene.

Luo Moyan directly bit the giant demon's head into his mouth, then grabbed the giant demon's body with both hands and kept stuffing it into his mouth.

Ramayana's body was more than twice the size of the giant devil, but even so, the way he devoured it was very strange and ugly.

Even those demons with low intelligence were deeply shocked by this scene.

In the sky, other than the heavenly Fire enchantment that was still burning, only the figure of Ramayan who was devouring the giant demon was left.

Not long after, Ramayana had also stuffed the giant demon's shoulder and chest into his mouth. As he continued to eat, his body slowly grew bigger and bigger.

"Gulp."

Yunxiao swallowed in horror. He felt that Ling Baiyi's entrance was too shocking, but he liked it very much at this moment.

A moment later, Ramayana finally finished the entire devil.

His body had grown by more than a third.

His strange and terrifying face revealed a satisfied smile, which made people's hair stand on end.

"How are we going to fight Wufu?"

In the demon race, any Demon Lord with intelligence was completely stunned, their faces even uglier than if their parents had died.

Even those demons with low intelligence were scared silly and didn't know what to do.

Ramayan's eyes were not like those of a living being. He glanced around the battlefield and made a strange sound. His strange smile became even more creepy.

Ling Baiyi had been standing in the sky the entire time. Although he was as clean as snow, he was hidden in the shadows of the night, making it difficult to see his true body.

"Enough, you can go now."

Ling Baiyi ordered coldly.

Ramayan made a strange sound again, as if he was dissatisfied. However, he did not disobey Ling Baiyi's will. He took a step forward and entered the void.

With another step, his back view became much smaller. After a few steps, he seemed to have returned to an infinite distance.

On the battlefield, only that strange and terrifying aura remained. It was terrifying.

"Why? Why didn't you let that thing eat all these demons before leaving?"

Yunxiao rebuked angrily with extreme dissatisfaction. His reproachful voice broke the sky and brought everyone back to their senses.

When the demons heard this, they all quivered and lost all their will to fight. There was only one thought in their minds, and that was to escape from this battlefield.

They had all come from the crack, and there was a terrifying world devouring devil at the other end of the crack. In order to attack the crack, they had suffered countless casualties.

However, no matter how terrifying that world devouring devil was, it couldn't be compared to that Ramayana!

How could that still be the power of the human world?

Even the four demon supremacies in front of the demonic mirror were trembling.

Yan shivered and said, "how can we fight against Wufu?" Who was this person? He's even more terrifying than the owner of the two-realm Saint weapon!"

There was a moment of silence in the crack.

"That Ramayana has already left," hou said in a deep voice.

Fear rose in Yan's heart as he screamed, "So what if he's gone? It must have been summoned by that person. As long as he summons us again, our four divisions will all be annihilated! That thing must be an existence at the world King realm. Only a Saint demon can compete with it!"

"In my opinion, that thing shouldn't be coming back," said Ji ning. Now, the people of the heavenly martial arts realm are obviously at a disadvantage. If that person can summon Ramayana at will, why don't we let him kill us before we leave? There's definitely a time limit to this summoning, and you'll have to pay a huge price."

Ji is right, "hou Dao said. there must be a time limit and a price to pay. Otherwise, with a World King realm thing following him, the man in white would have been invincible.

"Even if that's the case, isn't that a little too terrifying?" Yan said with a trembling voice.

"There are many terrifying things in this world," said Ji. Don't forget why the four divisions joined forces to take down the realm of heavenly martial arts. Isn't it all because of that person? That person should be more terrifying than this thing, right?"

"Tsk, damn it!"

Yan gritted his teeth and his eyes were filled with anger. He roared, "Then I'll go all out. I'll just take advantage of the summoning time to kill that person and the owner of the dual realm heavenly Saint artifact!"

Gong also fiercely nodded his head. He looked back and said, "apart from maintaining this spatial crack formation and resisting the world devouring Devil's power, all other forces are to be deployed. We must exterminate these people!"

Chapter 2180: Battle of the Redmoon city (22)

“Hahaha!”

In front of the crack, purple suddenly laughed wildly. An excited and bloodthirsty look appeared in his eyes as he stared at the void and said, "You were the one who summoned that thing, right?"

In the sky, Ling Baiyi looked at him indifferently. He did not pay any attention to him. Instead, his figure floated down and flew directly into the heavenly Fire enchantment, killing the Devils.

The moment the purple sword Qi of liushang appeared, it was accompanied by the screams of the demons.

These cries cut through the heavens and earth, only then did the people on both sides wake up, and once again threw themselves into the tragic battle.

Because the scene just now was too terrifying, the hearts of all the demons were covered with a layer of shadow.

In addition, the heavenly Phoenix Fire had almost burned all the demons on the ground, and the simulated environment of the demon world was directly destroyed. The power of the world descended again, and the pressure made them breathless.

Moreover, Ling Baiyi's momentum was unstoppable. Wherever he passed, there were tragic sounds and demonic cries.

However, those demonic spirits were too low-level. The moment they touched the heavenly Fire, they immediately turned into nothingness.

Purple was standing in front of the crack. When he saw that Ling Baiyi was ignoring him, his eyes flashed with anger and he grinned. "Haha, I've finally found something interesting."

A black shadow suddenly condensed from the crack and slowly turned into a Demon Lord. He was burly and had a calm expression. He was even wearing a

rare pitch-black armor. The moment he appeared, he said, "purple, your command has been removed by the four Lords. Now, my demon record will

replace you.

"Boring things," Zi Shang said. He turned into a ray of demonic light and fell to the ground like a shooting star. He was aiming at Ling Baiyi.

"BOOM!"

The meteor landed inside the heavenly Fire and exploded, causing the entire barrier to shake.

Feini's expression changed drastically. The taste of blood gushed out of her throat, but she forced it down.

This barrier had already exhausted all of her power, and after burning all the demonic plants, the area had shrunk by more than several times.

Even so, it was already too much for her to maintain the power of the enchantment, kill all the demons in a large area, and suppress the giant demon under her feet.

Now that purple had forced his way into the enchantment, it caused a huge shock and even backfired on her body, injuring her internal organs.

Purple one appeared inside the barrier and laughed hideously. He pointed at Ling Baiyi's body.

"Bang!"

The finger force broke through the void, shaking out layers of light.

Ling Baiyi's expression changed, and his body flashed on the ground several times. He performed several sets of body techniques in a row to avoid the attack.

However, purple had already closed in on him and appeared directly in front of him. She made a hand seal with one hand and slapped down.

“Dang!”

When the devil seal hit the purple sword, it created a cone-like light and forced Ling Baiyi to retreat.

Yunxiao glanced at the two of them. Ling Baiyi had already stepped into void tier, but compared to purple, although he had the power of the realm to suppress him, he still seemed to be slightly inferior.

Although Ling Baiyi did not say anything, he now understood that there must be a limit to summoning the Ramayana.

While he was thinking, Zi and Ling Baiyi had flown thousands of feet away. All kinds of light waves exploded between the two, but the devil light obviously had the upper hand, and Ling Baiyi was suppressed.

At this moment, he was not in the mood to care about Ling Baiyi. Instead, he looked up at the sky in shock. The person in front of the crack had been replaced by the majestic Lu. There were specters gathering around him, as if they were gathering power to prepare for the next wave of attack.

“Dammit! How much power does he have left?”

Yunxiao was both anxious and angry. He could not even withstand the current wave of attacks, let alone another wave.

The heaven flame's power was also gradually weakening, and its range had been reduced to only three hundred meters.

There were still hundreds of Devils left, and the Saint Devil Hall's suppression was starting to crumble as well. The golden light that had condensed into the Yang Hall was slowly dissipating.

Bo mu didn't care about anything else. Covered in blood, he remained expressionless.

However, he had never displayed any power that was beyond his current strength, as if he would rather die than be a slave again.

Yunxiao glanced at Feini and cried out, "Move!" He shouted.

Feini looked up and saw Yunxiao throwing the Tusita heavenly peak at her. Overjoyed, she turned into a ball of flame and flew down.

The flames landed on one of the ten directional brutal souls with a bang and directly exploded it into pieces.

Dou Shuai heavenly peak took Feini's place in suppressing the giant demon.

After being roasted by the heavenly Fire and being crushed by the mountain, a large part of the giant demon's body turned into stone and crumbled.

Yunxiao teleported to Tusita heavenly peak and sat cross-legged on it, then began to cast incantation gestures to condense earth elements, intending to crush the giant devil to death.

These giant demons had already been weakened a lot after being besieged by the powerhouses of the heavenly martial realm. They could no longer bear the weight of the mountain, and showed signs of exhaustion.

Not far away, because Fei Ni no longer needed to suppress the giant demon, his true energy instantly turned into a raging fire, causing the heavenly Fire barrier to light up again. Walls of fire were pushed towards the demons.

On the other side, mo stood quietly on the underworld wheel formation, slowly using the power of the formation to cut down. A large amount of gravel rolled down from the giant demon's body, and thousands of deep cracks had already appeared on it.

The judge's attention was drawn to little green, who was fighting in the distance. Beside little green, there was a celestial instrument floating in the air. It was the armillary sphere, and it was constantly releasing the power of the instrument to attack the Devils.

He could tell that it was the Holy weapon of the demonic race, the armillary sphere, and from that, he could tell that Shang had died. Otherwise, this profound level weapon would never have fallen into the hands of an outsider.

If it wasn't for the special situation at the moment, he would have probably attacked and snatched it.

“Swish!”

Yunxiao suddenly cried out as he looked at him anxiously.

Because on this battlefield, the church was the most relaxed. It was indeed good to use the formation power on the profound level weapons to cut down the giant demons. It was almost the smallest price in exchange for the greatest effect.

Unfortunately, it took too long. At that speed, he would not be able to kill it even after a few more incense sticks of time.

What Yunxiao meant was for him to end the battle as soon as possible, and then deal with the other Devils.

The two exchanged a look, and MO immediately understood Yunxiao's meaning. He nodded slightly, then changed his hand seal and flew out of the formation light.

A large amount of blood appeared around the house. As the hand seals changed, the blood transformed into all kinds of birds and beasts, which rushed into the dark Wheel formation and bit the giant demon.

“BOOM!”

“BOOM!”

Each of the blood birds and blood beasts struck the giant demon's body like a heavy hammer. Together with the slash of the underworld wheel, the giant demon's life force was quickly depleted.

Yunxiao was pleasantly surprised. The divine power that the Phoenix used was the secret art recorded in the Buddhist Demon Sacred art.

It was said that Brahman was the first demon born by the demon ancestor and the one who followed the demon ancestor the longest.

Many of the secret techniques and divine arts in the Buddhist Demon Sacred art were passed down from the demon ancestors, and many of them were comprehended by the first-generation Buddhist demon himself.

For example, the blood art manifestation that Yi was using at this moment was actually the comprehension of the first generation Fan Yao when the demon ancestor evolved the five insects, seven birds, and nine beasts. It was directly transformed into a Divine Art and passed down.

In an instant, there were hundreds of blood art manifestations around Yi. There were all kinds of birds, beasts, and even fish and insects.

The giant demon's body let out a loud cracking sound, which attracted the attention of many martial artists and demons.

Everyone understood that this sound meant the death of another giant demon. The feelings of both sides were completely different.

In front crack, Lu looked down and said, "This is too hateful! Everyone gather and charge down. I want to see how long they can hold on!"

Gong projected his image and said worriedly, "All in?"

"Yes, my Lord," Lu cupped his fists. "Is my Lord worried?" he asked, looking at Gong's expression.

"What if we can't destroy the enemy this time?" Gong nodded.

it's unlikely," Lu said. even if we don't send any more forces to attack, we might not lose if we just rely on the demons on the battlefield. Moreover, isn't there still the last group of people?"

"If we continue to invest more people, we'll have invested three-fifths of the five tribes' forces. Right now, there were still two forces within the rift. One of them had to maintain the barrier to prevent the sector-devouring beasts from appearing. There's still one last batch of forces left, and I hope to preserve them as much as possible."

"Sir, you've filtered it out. This batch is enough," Lu Xiao said.

"If there are only these people left on the battlefield, I'm not worried at all," Gong said. I'm just afraid that there will be more terrifying forces appearing in the realm of heavenly martial arts, and that will be troublesome."

"I understand," Lu said. Then let's end this battle as quickly as possible and end this bitter battle as soon as possible!"

Lu's eyes flashed with killing intent, he suddenly waved the expert's hand down and shouted, "Kill!"

Over a thousand powerful demons shouted in unison, their voices reverberating.

On the ground, the emotions of both sides were immediately reversed. The people of the demon race were ecstatic, while the people of the heavenly martial arts realm were ashen.

“I’m willing to die for you, but it’s difficult to live Twice!”

Ben tingfeng roared and charged into the demons, detonating his own dantian!

“BOOM!”

A huge explosion spread out, sweeping up all the Devils within a radius of a few hundred feet, turning them into ashes and disappearing.

“Sir Ben tingfeng!”

A few miserable cries rang out, and everyone was in grief.

Yunxiao’s face was pale and unsightly.

He clenched his fists so tightly that he almost bled. One by one, familiar faces fell in front of him, turning into streaks of green blood that stained the sky!

“BOOM!”

The giant demon that was trapped by the church finally couldn’t hold on any longer. It was cut into hundreds of pieces by the underworld wheel and fell down as a pile of rubble.

After the referee killed the giant devil, he grabbed the underworld wheel and rushed into the battlefield in a flash.

That extremely tragic scene also shocked him, and over a hundred blood art manifestations also followed, killing their way towards the demon Army. The church’s participation immediately turned the originally weak situation around.

But, Yunxiao's face was filled with despair as he looked up at the sky.. Each of the densely packed figures exuded a powerful aura, and like a dark meteor shower, they rained down on the ground!
