

The Eternal 2191

Chapter 2191: Eve of the technique battle

“BOOM!”

An earth-shattering boom erupted from the black dot, as if it had exploded. However, no energy spread out, only a black ring appeared in the air.

Just as everyone was feeling baffled, the black ring only stayed for half a breath before disappearing into thin air.

Yunxiao's figure slowly appeared in the same place.

“Young master Yun!” big brother Yunxiao!

The dozen or so people exclaimed and surrounded him.

Yunxiao stood there quietly with a confused look on his face. Then, the mist in his eyes dissipated, and his eyes became clear.

“How is it? Did you get the recipe?”

Lingmu di asked urgently.

Everyone's eyes were focused on him, full of anticipation.

Yunxiao suddenly smiled. It was that confident and smug look of his that warmed people's hearts like a ray of sunlight.

“Haha, that’s great!” haha! lingmu di clapped his hands and laughed. it’s true that the realm King is on our side! he said happily.

Amaterasu was filled with hunger, and he said urgently, “Quick, let me see the recipe!”

I didn’t get the recipe, ” Yunxiao narrowed his eyes and said with a smile. I didn’t get it.

There was a strange silence in the surroundings. There was no sound at all.

“Ha? What did he say?”

Lingmu di was stunned for a moment, then he laughed, ” “You must be joking.”

Yunxiao spread his hands and said, ” I really didn’t get the recipe. Not only did I

not get the recipe, but all the items were destroyed.

Everyone, ”hehe.”

“Then why are you so happy?” Tenshou asked, stunned.

Yunxiao glared at him and said, ‘what else can I do? I’m going to cry to death!’ The crowd was speechless, and the atmosphere became a little gloomy.

Yunxiao looked at everyone and scolded, ” ‘What are you guys doing? All of them were dejected, as if they were going to lose without the refinement recipe? Don’t forget who beat him back then.’

” ah, everyone should go back, ” Amaterasu sighed. it’s not like anyone died. At most, we’ll lose the competition. Why are you all so sad? ‘

Yunxiao, 'hehe'.

we haven't competed yet," Ding Ling 'er hurriedly said. besides, biz brother

Yunxiao's win is quite big.

Duanmu Youyu took out the sun and handed it to Yunxiao. "An item condensed from the laws of space, an essential material for refining Saint artifacts. I'll give it to you, no need to thank me.

Yunxiao's pupils constricted as he stared at the spinning sun. He could not help but laugh. haha! Thank you, young master Yu! He unceremoniously put it away, his face brimming with joy, as if he was too excited.

Tian zhaoyi also took out his Hanguang sword and said, "A treasured sword is given to a hero, so I'll give you this as well."

Yunxiao was overjoyed as well, and he loved the sword so much that he kept fiddling with it. thank you, Your Excellency!

"That's what I should do," replied Amaterasu with a smile. You don't need to take the battle of Arts to heart. It's just a competition. In terms of fighting, the demon War is our most important task."

Your Excellency," Yunxiao said gloomily, "it sounds like I'm going to lose for sure?"

haha, I'm not. I'm just asking you to be more open about everything. The duel is actually not that important.

Amaterasu patted his shoulder.

"Yes, yes," the rest of the people agreed. She even consoled him.

Yunxiao gave him the middle finger and said in disdain, "I can't be bothered with you guys!"

Everyone returned resentfully. Although they had obtained a few treasures, most of them still seemed a little lonely.

After all, the war between the two races concerned the dignity of the two races, and now the demon race was at a disadvantage.

After returning to Yanwu, Yunxiao was going to cultivate in seclusion.

Lingmu di seemed to still be in a daze. He pulled him and asked secretly, "You really didn't get the recipe?"

you don't believe me, my Lord?" Yunxiao asked gloomily. you don't believe me either?"

it's not that I don't believe you, " lingmu di said slowly. but you don't look depressed at all. Even if you didn't get the recipe, you must have gotten something good, right? "

He had a confident look on his face and was very confident in his judgment.

"Hahaha. "

haha! Yunxiao laughed. Lord mu di knows me well! "I've retrieved the mysterious space," he said secretly.

"What?"

Lingmu di was startled and said in horror, "The mysterious space? What did that mean? You got the secret treasure Ring of the realm King? All of the treasures inside."

Yunxiao shook his head and said, " no, all the treasures in it have been destroyed, including the ring of the secret treasure. What I have is only the Super mysterious space. You'll know when you see it.

He formed a hand seal with one hand, and a white light shot out from between his eyebrows, projecting in front of him.

It was the scene inside the divine realm tablet. Between heaven and earth, a strange space was constantly twisting, as if countless rays of light were noisily gathering together like balls of thread.

Lingmu di was completely stunned. He said in a daze, " "This Kasaya can also be Kasaya."

Yunxiao nodded and said, " there are too many treasures in the secret treasure Ring. Let's not talk about whether there is a recipe or not. Even if it does exist, it's almost impossible to choose it. The probability is almost the same as being hit by a meteorite while walking on the road.

Lingmu di couldn't help but nod and agree, " that's right. So, in the situation where you can only choose one item, you chose the space. He was full of praise and appreciation.

that's right, " Yunxiao said with a smile. At first, I also had the intention of taking advantage of the situation. I thought that if I took the space away, I would be able to take all the treasures away, but in fact, I couldn't. At the same time, all the treasures were swept into the spatial storm, and we don't know where they went." it's indeed a pity, " lingmu di sighed. but treasures have spirits after all, and they will find their true Masters. Even the ownership of a single primeval stone is determined by fate."

even if I haven't found the recipe, " Yunxiao continued, " I'm still quite confident in this competition, and it's because of this mysterious space. Does

Daren still remember that Feng Yaoli's sword?"

"You mean the cold sword and the frost?" lingmu di frowned and asked.

Yunxiao made a grabbing motion with one hand, and the frost Sword fell into his hand. The surrounding temperature immediately dropped, and cold air kept oozing out of the sword.

Yunxiao stared at the sword with an indescribable complicated feeling. He had lost it and found it again, but the sword was no longer as close to him as before.

After all, it had been completely refined by Feng Yaoli. Now that Feng Yaoli was dead and the seals on the sword had been removed, it would be much more difficult for Yunxiao to refine it than before he was a Saint artifact.

“That’s right, it’s the cold sword, Ice Frost,”

Yunxiao stared at the sword and said seriously, “Back then, Feng Yaoli had sealed the entire snow country into the sword and refined it into a holy weapon. Back then, I combined the three swords, Starfall, dawn, and Demon Slayer, and forged them into a quasi-Saint artifact. It’s stacking the attributes of an item.”

I understand,” Ling mudi said. now you want to integrate that super mysterious space into the profound level weapon and imitate Feng Yaoli to refine it into a Saint weapon?” that’s about it,” Yunxiao nodded and said. that’s the situation.

“Then how confident are you?” asked lingmu di.

I’m not sure,” Yunxiao shook his head. maybe twenty or thirty percent? ‘

“20 –

“The probability is not high enough,” lingmu di said gloomily.

it’s not a matter of whether it’s enough or not,” Yunxiao said with a smile. I’m already content as long as there’s a chance. “Secondly, everyone knows that, and Lord mu di also knows that in terms of the Dao of sorcery, I should not be Al’s match. Even I understand this. If I hadn’t used trickery back then, I wouldn’t have been able to defeat him.”

Lingmu di sighed. this man is indeed a rare genius in the art of Dao. We won't make things difficult for you. Just do your best. He took out the treasures he had obtained from the secret treasure Ring and said, " I don't know what this is either. Take it. Maybe you'll need it one day.

Yunxiao opened the jade box and was stunned for a long time. He did not know what it was, so he put it away and said, " I'll try my best."

After returning to the secret chamber, Yunxiao went straight into the divine realm tablet and sat cross-legged in front of the Super mysterious space. He closed his eyes and fell into deep thought, and soon he entered a meditative state.

After Ding Ling 'er returned to Yanwu, she also began to get busy.

This was because Ai had listed a long list of materials, most of which were time-consuming and energy-consuming.

She had also thought about tampering with the materials, but she immediately rejected the idea, because she knew that Yunxiao would never agree.

Yunxiao would certainly value the dignity of the strong more than the outcome of the competition.

Three months passed in the blink of an eye, and the atmosphere in Yanwu began to liven up. The streets and alleys were filled with discussions about the technique.

In the past three months, the area where the demon race was located was shrouded in a layer of auspicious clouds every day. ai Hui seemed to be refining something powerful. A large number of materials were constantly being transported in, but no one knew what they were.

Amaterasu Zi couldn't help but be curious. After agreeing to keep it a secret, he was allowed to go in and watch. When he came out, he sighed repeatedly, feeling that he wasn't feeling well.

This made lingmu di and the others even more worried.

In the past three months, many experts had come to Yanwu one after another, including Teng Guang, the monarch. He joined the heavenly martial Alliance to study the great Bliss Formation.

The demons seemed to have quieted down after the battle at Red Moon City. Only a few low-level demons appeared at the major cracks.

The first mobile Castle modeled after heavenspan Island also appeared in the sky above Yanwu. It was majestic and thousands of feet wide, perfect for the competition of the two races.

After two months of seclusion, Yunxiao came out once and came to talk to Bomu in detail.

Bo mu had once refined Amitabha, so he could be considered to have some experience in refining Saint artifacts, and could more or less gain some inspiration.

“Is it finally going to start?”

Ding Ling ‘er looked up at the sky. The first rays of the morning sun shone down and fell on Yanwu, signaling the beginning of a new day.

She turned her eyes to the demon tribe. The colorful light that had been filling the sky had only dispersed yesterday. I think AI has made full preparations.

What about big brother Yunxiao?”

She turned her gaze to another spot, but it was still silent.

don’t worry. Back then, it was the AI that Feiyang defeated. Today, it’s just a reappearance of that year.

Qu Hongyan’s voice was heard, and she had already appeared behind Ding Ling ‘er.

“Sister Hongyan,” brother Yunxiao! Ding Ling ‘er hurriedly said, “ are you really confident? ”

Qu Hongyan smiled and looked in that direction. She nodded and said, "If he can't defeat Al Hui in this world, there won't be a second person.."

Chapter 2192: placing a bet

Ding Ling 'er clenched her fists nervously and prayed, "I hope so!"

"Hmph, a person who only knows how to buy opportunities and take shortcuts, has a glib tongue, and is impetuous, how can he have any chance of winning!" A cold voice came from behind him.

"Gao Han, don't say that. We haven't even competed yet, how do we know who's going to win?" Amaterasu's voice rang out.

Qu Hongyan and Ding Ling 'er quickly turned around and saluted the two.

Yuan gaohan's face was gloomy. He had made a big enemy of Yunxiao, but he could not help feeling a little nervous when he saw qu Hongyan."Master, but you bet all your money on Ai Ying at the gambling house set up by Gu Qingqing!"

"Cough, cough cough! Cough, cough, cough, cough!"

With a violent cough, Amaterasu awkwardly covered his face with his hands and angrily rebuked, "What do you know! Although I've bet all my money on Ai Ying, I fully support Yunxiao in spirit! Li Yunxiao will win!"

Ai Ying, I fully support Yunxiao in spirit! Li Yunxiao will win!

He clenched his right fist and raised it up high, full of firm confidence.

Qu Hongyan,"hehe."

Ding Ling 'er,"Yingluo."

Amaterasu returned to his dignified demeanor and stroked his beard. "Let's go to the location of the technique first. The MU clan's mechanisms are truly remarkable. Such a grand building was completed in such a simple manner."

The first mobile Castle hovered quietly outside Yanwu. From a distance, it looked like it was protecting the city.

"After today's battle, this city will be sent to the red moon City to be used as a base to monitor the crack," Ding Ling 'er said. There are a large number of golems and formations on it, and it's probably the most complicated puppet in the world, aside from heavenspan Island."

"Does this city have a name?" Tenshou asked.

Ding Ling 'er's face blushed slightly, as if she was quite embarrassed. She said in a low voice, "This city is called 'big black girl',"

"Ah? What?"

The three of them were stunned, thinking that they had heard wrong.

Ding Ling 'er also felt embarrassed, and her palms were sweating. She explained, "before big brother Yunxiao went into seclusion, he said that his first sword was called 'black girl' when he was in Tianshui, and he would name it 'big black girl' after the first mobile fortress was built.

"I knew it was that bastard as soon as I heard the name!" Yuan gaohan angrily replied. This is a great insult to the alchemists who built such a magnificent puppet!"

“Ahem, did mu Xing and Lord mu Zhuang agree?” Amaterasu asked.

the people of the MU clan have no objections,” Ding Ling ‘er said. they all say that the name is good.

Yuan gaohan, “hehe. ”

Tian zhaozi coughed and said, ” “It’s good that they like it. It’s already dawn, and I’m looking forward to the start of the competition!”

His eyes lit up, as if he had seen something wonderful. He was extremely excited.

“Master is looking forward to the bet, right?” Yuan gaohan said in a muffled voice, “because of master’s bet, almost everyone in the city has bet on AI to win.”

Tenshou’s face turned serious and he rebuked, ” “The bet is only a worldly possession, but the technique is related to the dignity of our clan. Spiritual support is the greatest support! It’s getting late, let’s go to the big black girl first!”

The two of them turned into a beam of light and shot toward the big black girl like a rainbow.

A moment after the two of them left, rays of light began to fly up from within the city, all of them heading towards the big black girl.

Ding Ling ‘er looked at the city of Yanwu, which was Breaking Dawn, and her eyes became bright and clear. The number of escaping lights shooting up into the sky also increased sharply. No one wanted to miss this amazing battle.

master Amaterasu-Zi has seen Mr.ai refine it. Even he is afraid of it. Ding Ling ‘er could not help but worry.

“Hmph, what knowledge could that old man have!”

Qu Hongyan was displeased and snorted coldly, " he was a coward back then. He didn't dare to fight Al Hui head-on. He let Feiyang take the lead. Therefore, his words could not be trusted because he was a coward. This time, he would lose everything! Little sister Ling 'er, you also have a lot of resources in your hands, right?"

"Sister, what do you mean?" Ding Ling 'er asked.

Qu Hongyan smiled and said cruelly, " all bet on Feiyang winning. Make Gu Qingqing and those who bet on Feiyang lose all their money!

Ding Ling 'er was taken aback. She covered her mouth and said, " "But what if we lose?"

Qu Hongyan looked at her and said deeply, " "You also think that Feiyang will lose?"

"I'm Yingying!"

Ding Ling 'er was stunned for a moment, and then she regretted what she had said. "I understand! Big brother Yunxiao will definitely win, even if I have to use my life to support him, not to mention that it's just some money, it's just smoke."

"Don't worry, he'll make sure you earn a lot of money," qu Hongyan said with a smile.

Ding Ling 'er nodded heavily. The knot in her heart was untied, and she was no longer worried.

She suddenly found that qu Hongyan, Luo yunshang, water fairy, and Fei Ni all had a strong sense of trust in Yunxiao, even though the foundation of this trust was not solid.

She had been in the Chamber of Commerce for many years and had a strong sense of rationality. She always analyzed the success rate of things, which had helped her achieve great success in her career. However, now that she realized this, she felt a little ashamed of herself.

“Let’s go and find a good spot first. It’ll be crowded if there are too many people around the big black girl. And you can also help maintain order.”

After qu Hongyan finished speaking, the two of them also turned into light and left.

There were already over a thousand people gathered on the big black girl’s back. They were all gathered in groups of three to five, chatting and laughing.

In a corner, a large group of people gathered. It was Gu Qingqing’s gambling house, and it was very lively.

There was a formation tower every 300 meters in the city. Even if the demons broke through the overall defense, the formation towers could still play a very strong offensive and defensive role.

Furthermore, the roads in the city were criss-crossed and also contained some kind of rule power, which had a certain suppression on the devil race.

“Lady Gu Qing Qing, have you considered the consequences of your actions?”

Two rays of light flew in front of the gambling house. Ding Ling ‘er said angrily, while qu Hongyan also stood coldly at the side.

“Influence?”

Gu Qingqing rolled her eyes at her. I only know that blocking someone’s path to wealth is like killing their parents. If you want to place a bet, then hurry up. If you don’t, then get lost.

She lowered her head and continued to record all kinds of bets. She was so busy and her face was red that she had no time to pay attention to them.

lady Gu Qingqing, ” qu Hongyan said angrily, ” you are the ancestor of the divine cloud Palace. The divine cloud Palace has always taken it as their responsibility to support the right path and defend the

interests of our tribe. You're making such a big bet, and I think you're all betting on Ai Ying. It's really affecting the morale! "

Gu Qingqing shouted, "why can't we bet on Ai Ying?" Could he only suppress Yunxiao? Was there still any fairness to speak of? And Mr.ai is my benefactor, I like to bet on him winning!"

"Yeah, why not Ai? I'm sure Mr.ai will win!"

that's right, that's right. Even Grandmaster Amaterasu has bet all his fortune on Mr.ai.

"F * ck, really? Why didn't you say so earlier! I'll triple the price!"

The crowd was bustling as they squeezed to suppress Ai Sheng. No matter if they were humans or demons, they were all joyfully squeezed together.

Ding Ling 'er was depressed. She slammed a token on the table and said loudly,

" The Chamber of Commerce of Yanwu will bet all its assets on big brother

Yunxiao!

After a moment of extreme silence, the entire casino exploded with a " whoosh

did I hear it wrong?!

Everyone was shocked and started whispering to each other.

Yanwu's Chamber of Commerce was now the world's largest Chamber of Commerce, and its wealth was uncountable.

Gu Qingqing was also stunned, and said in a daze, "Are you serious?"

Ding Ling 'er nodded and said, "of course!" If you win, the Chamber of Commerce in Yanwu will all be yours. If you lose, I'll see how you're going to compensate!"

Gu Qing Qing narrowed her eyes and chuckled, "Little girl, are you trying to scare this lady? Let me tell you, Yunxiao is going to lose. You can just wait for the Chamber of Commerce to be mine!"

She grabbed the token and shouted, "I'll definitely leave!"

"Hold on!"

"I can afford it if I lose!" Ding Ling 'er shouted in a deep voice. At worst, the entire Chamber of Commerce will be gone, but if you lose, how are you going to pay for it?"

"I won't lose," Gu Qingqing sneered.

"My Lord, are you being a scoundrel?" qu Hongyan asked. Everyone's looking at you. You can't take this plate at all, but you still want to take it. You're obviously ready to play dirty!"

Gu Qingqing spread her hands and said, "it seems that you've come prepared. Tell me, what do you want me to bet?" Are you going to make me Yunxiao's wife?"

"Hahaha!"

The crowd burst into laughter.

"Swish!"

Ding Ling 'er blushed and said angrily, "If you lose, you'll have to follow my orders for the rest of your life!"

The laughter stopped, because the bet was too big.

Gu Qing Qing also looked at her coldly and sneered, "A mere Chamber of

Commerce wants to offset my lifetime?"

Ding Ling 'er sneered, "Didn't you say you wouldn't lose?"

"Just because you won't lose doesn't mean you can take advantage of me," Gu Qingqing said.

Ding Ling 'er's face turned red and she gritted her teeth. "If I lose, not only will the Chamber of Commerce be yours, but I'll also follow your orders for the rest of my life!"

"Ling 'er!" Qu Hongyan called out anxiously.

Ding Ling 'er seemed to have made up her mind. She stared at Gu Qingqing and said, "Do you dare to take the bet?"

Gu Qing Qing wagged her finger and chuckled, "Your entire life is not as valuable as mine."

"Then how do you want to bet?" Ding Ling 'er said angrily.

although your life is worthless in my eyes, you are a treasure in Yunxiao's eyes, Gu Qingqing said. it's a great gain.

She stretched out her index finger. one year. Your entire life and the Chamber of Commerce can only be exchanged for one year of my life. If you're willing to bet, then place your bet.

"Good! One year it is!"

Ding Ling 'er gritted her teeth and immediately agreed.

Qu Hongyan was anxious and pulled her, "Ling 'er, you're too ridiculous!" How can I play with this lunatic!"

sister, " Ding Ling 'er looked at her, " you told me to have confidence in brother Yunxiao. Why are you not confident? "

"This bi an ..."

Qu Hongyan was stunned for a moment, but she quickly calmed down and nodded. "You're right, we'll definitely win. There's nothing to worry about."

Chapter 2193: Four creation realm experts

Ding Ling 'er thought to herself that she was the most useless one among brother Yunxiao's female friends. Even if she lost, it would not affect the overall situation of the heavenly martial League. If she won, she could win Gu Qingqing's command for a year.

Although Gu Qingqing was unruly and even a little willful, her strength was obvious to all. It was worth it to bet on himself to win her command for a year. At least, he could do something for big brother Yunxiao.

Her thoughts were so simple and pure.

"Good! I'll definitely buy it!"

Gu Qingqing slammed the table and shook off Ding Ling 'er's hand. She looked at the two coldly and smiled smugly, " I was just bored and wanted to have some fun. Now, it seems even more interesting.

Her eyes fell on qu Hongyan and she said with a smile, " do you want to come and play too? let's bet eight to ten years.

"I'm the master of the divine cloud Palace, and you're just an elder of the divine cloud Palace," qu Hongyan said proudly. In terms of strength, I'm not inferior to you, and in terms of status, I'm even above you. My eight to ten years, you want to use a few hundred years to bet?"

Her face was full of pride, and she looked at Gu Qingqing coldly.

The two of them were peerless beauties who could topple the world. As they confronted each other, their unique auras caused everyone to look at them and there was a strange silence.

"Hehe."

Gu Qing Qing suddenly laughed and said, " you're indeed very similar to me. Is the aura of the divine firmament Palace's Palace Master also from the same line? "

I'm flattered, " qu Hongyan said coldly. I don't think so at all.

"This King is willing to bet with you!"

Suddenly, a calm voice sounded. A gust of wind blew past, and a man appeared in front of the gambling table. He put his hands behind his back and said quietly, " I'll bet my life on your life! I bet on li Yunxiao!

"Mist Rock Lord!"

The surrounding people gasped and gasped in shock.

"What? He is one of the four kings, the mist Rock Lord?"

The crowd became even more restless as they desperately squeezed forward, trying to get a clearer look at this legendary figure.

With the start of the demonic war, the experts in the eternal world were gradually recognized by the world.

The most legendary ones were the island Lord ye Qingyu and the four kings.

“Are you serious?” Gu Qing Qing’s face changed.

The Misty Rock Master nodded and said, “of course I’m serious.” You’re not bad, and I like you. I’ve always wanted to take you as my concubine, but you never gave me the chance. We can only rely on this bet.”

“Blargh!”

The surrounding people couldn’t help but feel terrified and nauseated. Gu Qingqing’s image of a peerless and extraordinary woman suddenly fell to the bottom of everyone’s hearts.

The Misty Rock master’s face also turned ashen. Several vortexes of air rose up from his body, and he was faintly angered. He coldly said, “Good! If this King wins, my first order will be to pamper you in public!”

Gu Qingqing was both embarrassed and angry. damn pervert! Get lost! she scolded.

The Misty Rock Master coldly laughed, “what, you don’t dare to bet?.”

Gu Qingqing calmed down. As far as she knew, Ai was almost sure to win.

There was no way Yunxiao could turn defeat into victory. Even his father, li Changfeng, had secretly bet on Ai Ying. Except for a few of Yunxiao’s close female friends and lingmu di, no one was optimistic about him.

After she made up her mind, she calmed her mind and quickly calculated.

The Misty Rock Master was a creation realm expert. If he could be taken in as a slave, not only would he be of great help, but he would also be very impressive when he went out.

There were probably not many people who had a creation realm expert as their slave since ancient times.

But what if I lose, Yingluo?

When she thought of the consequences of losing, she couldn't help but shiver. If this guy really pampered her in front of everyone, then she could only die and die in pieces, so that he wouldn't ruin her body.

I had a one year bet with her before, " Ding Ling 'er said hurriedly. you can only bet on one year later!

The Misty Rock Master nodded, "no problem, I'll let her take advantage of me."

I'll bet my entire life that she'll lose a year of her life."

Gu Qingqing rolled her eyes and laughed, " "If I lose, then I'll have to listen to Ding Ling 'er for this year. If Ding Ling 'er wants me to marry li Yunxiao, then you'll be in trouble, haha!"

don't worry, " Ding Ling 'er snorted. you can forget about this dream. If you lose, I'll find you a random old man to marry before the one year is up.

"You coward!"

Gu Qingqing was furious and scolded, "you're all talking like I'm going to lose!" You're the ones who are going to lose! The two of you can just wait to be slaves!"

The Misty Rock Master said indifferently, " then you've agreed. At our level, ordinary contracts are no longer able to bind us. Swear an oath.

Gu Qingqing trembled and was a little scared.

Although she thought that she had a high chance of winning, she couldn't help but feel like she had fallen into an ice cave when she thought of that slim possibility. Her face turned pale.

Ding Ling 'er immediately raised her hand and made an oath without hesitation.

The Misty Rock Master also made a heart's vow in front of everyone.

Gu Qingqing had no choice but to swear.

As soon as she made the oath, she felt empty, as if she had used up all her energy and felt very tired.

As soon as the three of them announced their bet, dark clouds suddenly appeared in the sky. There was a faint flash of purple lightning, which lasted for a while before gradually dissipating.

"The oath actually triggered a heavenly phenomenon!" Everyone exclaimed in shock.

this is going to be a good show. He triggered the oath of heavenly phenomenon. I've only heard of it in legends.

Ding Ling 'er and the other two were also dumbfounded. They looked at the dark clouds in a daze_ not knowing what the heavenly Dan meant

Gu Qingqing began to worry. Yunxiao was the master of the divine realm tablet and had the fate of the heavenly Dao. Even if she had confidence in Al Ji, he was nothing in the face of the vast heavenly Dao.

Not only was her state of mind greatly affected, but the surrounding gamblers were also affected. They began to lose confidence in winning.

One after another, people tried to bet on Yunxiao's victory, and Gu Qingqing's face turned even uglier.

"Haha, an oath to the Dao of the heavens, interesting. I also want to take a gamble!"

A ray of light appeared in the sky and fell instantly, turning into Li Mangshan's figure. He smiled and said, "What a pity, such a great beauty has been gambled away by the Misty Rock Lord. What should I bet on?"

The Misty Rock master's pupils constricted. He stared at him for a long while before saying in a deep voice, "What a fast speed. You've reached the creation realm in just a few months!"

"Hahaha."

"It's just luck," Li Mangshan said with a smile. He didn't even try to hide the smugness on his face.

"You can bet with me."

There was a flash of red light in the sky and a blood-like shadow appeared on the ground. The shadow slowly condensed into a human figure. It was Yi. Li Mangshan's eyelids twitched and he said in surprise, "The creation realm?!"

"Luck, luck," Mo said expressionlessly.

Li Mangshan's face twitched and he snorted gloomily.

The demon clansmen present were all surprised and happy. They seemed to love and fear the Phoenix at the same time. It was rare for the demon clan to have such a powerful existence, and they could not help but be extremely excited.

Some of the demons were even former subordinates of the Christian Church. They all cheered and called him " Lord Demon Emperor " .

MO glanced at li Mangshan. I'll bet on Mr. Al's victory. The bet will be on your comprehension of breaking through to the creation realm.

"What?"

Many people, including Gu Qingqing and qu Hongyan, were shocked. Even the Misty Rock Lord and Li Mangshan were tempted.

Everyone's comprehension of the heavenly Dao was different, and the comprehension of breaking through realms was even more precious, let alone for those in the creation realm.

"Alright, I'll take the bet!"

Li Mangshan's eyes flickered. "Since you've chosen Al, I can only bet on li

Yunxiao. Hehe, to be honest, I really don't have much confidence in that kid."

"Comprehension of the creation realm? I'll have one too, and I'll bet on li Yunxiao!"

An extremely sharp aura broke through the air and dazzled everyone's eyes. A figure suddenly appeared in front of the gambling table.

'C OZ! Another creation stage existence!"

Gu Qingqing suddenly exclaimed. freeweb .co m

The person in front of her was Hao Feng. Gu Qingqing could no longer detect his cultivation state, but he was no weaker than li Mangshan and the others.

It was a realm that had not been seen in 100000 years. At this moment, the big black girl had gathered four of them. Although everyone's aura was hidden, that kind of powerful existence had a natural superior aura, which made people want to worship.

"Haha, congratulations to you three! With the four Lords in the realm of heavenly martial arts, there's no need to worry about the demonic war!" A loud and clear voice sounded. A man stood in the air and slowly flew down.

Qu Hongyan was shocked, "you're Zhenzhen?"

The man in front of him looked unfamiliar, but he felt extremely familiar.

She was pure and intelligent. From the voice before and the temperament now, she immediately understood. She said happily, "Congratulations, Lord mu di, for successfully possessing the body!"

The man was none other than lingmu di. He had taken over Feng Yaoli's body and transformed from Huo Dou's real body into his human form, changing into his appearance a hundred thousand years ago.

I didn't expect that I would have a chance to recover my looks," lingmu di said with a smile. the heavens are really kind to me.

Qu Hongyan smiled. Your Excellency has the world in your heart. You're fair and selfless. You'll have good results.

Li Mangshan's eyes revealed a strange look. He sized him up and said in surprise, It's rare to see such a thorough possession. Daren's strength should be at the peak of the void tier, right?"

"It's just a coincidence," lingmu di said with a smile.

The soul brand of Huo Dou's true form had long been erased by Feng Yaoli. Feng Yaoli himself was only an external host, so it was much easier for the MU lingdi to erase his Soul brand.

Feng Yaoli would never have dreamed that after a hundred thousand years, he would end up making a wedding dress for Ling mudi.

Even a peerless powerhouse standing at the top of the world was just a stone in the long river of fate, flowing along with the rapid current.

Li Mangshan said, "it's very difficult to improve one's realm by possessing a body. It's because the soul brand is very difficult to erase. With your body, I'm afraid you have a great chance of reaching the creation realm.

Chapter 2194-appearance

"It all depends on fate," said lingmu di in a neither humble nor haughty

manner.

The few of them looked at each other and nodded.

Everyone understood that at their level, the importance of opportunities far exceeded hard work, but without hard work, there would be no opportunities.

On the path of the divine path, one could only move forward tirelessly and bravely. As for which step one would take, one could only adapt to the situation.

I want to place a bet too. I want to bet that big brother Yunxiao will win!

A bell-like voice rang out. It was water deity. She walked straight to the gambling table under everyone's gaze.

He even complained that Li Mangshan was blocking the way and shouted, "Move!" He shouted. She pushed him away.

Everyone's head was full of black lines, and their backs were cold.

Li Mangshan stood there in a daze, not knowing whether he should be angry or not when his dignity as a creation realm powerhouse was offended.

The water deity stretched out her hand and a Golden Lotus flower condensed in her palm. She slapped it on the table and it turned into a solid Golden Lotus. This Fa Hua Lotus platform is my wager. I bet on big brother Yunxiao winning!

Gu Qing Qing couldn't help but take a deep breath, and the people around her were in an uproar.

"Is this girl stupid? She even dares to use this thing to gamble, does her family not care?"

"Hehe, this is getting more and more interesting."

The four kings are betting their entire lives. It's no big deal to bet an additional

Saint tool, right?"

Mu Lingdi and the other four creation stage powerhouses were all shocked. Their eyes shone as they stared at the Lotus seat.

"Gulp."

Gu Qing Qing swallowed her saliva and said, "Alright, I'll take it!"

She had already bet her entire life on it, so she didn't care if she had to pay. Even if she died, she would die with her bones crushed. The other party couldn't even whip her corpse.

If we win ...

Thinking of the many chips in this bet, Gu Qingqing's eyes couldn't help but light up, and even her shoulders trembled with excitement.

Lingmu di and the others all looked at her coldly.

Qu Hongyan sneered. It seems that lady Gu Qingqing has already made up her mind to die as an apology. That's good too. It will prevent us from tarnishing the reputation of the divine cloud Palace.

"It's not certain who will die! I think Yunxiao's chances of winning are almost zero."

Gu Qingqing retorted sarcastically. She wished she could fly away right now, find Yunxiao, and beat him up so badly that she would definitely win.

"BOOM!"

Suddenly, there was a loud Thunder, and the entire sky seemed to have been split in half.

The clouds rolled away and a ray of light descended from the sky, illuminating the world.

"Li Yunxiao is here!"

It wasn't known who cried out, but everyone's hearts trembled as they hurriedly turned their gazes over. The crowd on the big black girl's back surged, all of them gathering towards that multicolored light.

Lingmu Di's eyes glowed as he said, "Ling 'er, have you set up the battle stage for the competition?"

master Amaterasu said that the refining this time will be earth-shattering," Ding Ling 'er quickly said. the ordinary battle stage has already been set up, so they can directly use the heaven and earth as a furnace without any space restrictions.

Lingmu di calmed himself down and nodded, " "That's good, I was too focused on my appearance."

Ding Ling 'er gazed at the colorful clouds that looked like divine light, and she murmured, " "In this life, no matter how you cut me, I will not be afraid."

Yunxiao's figure could be vaguely seen in the colorful clouds. He stood tall and straight, with lotuses blooming with each step he took. A great light appeared behind him, as if he did not exist in this world.

Gu Qingqing sneered. every time he makes an appearance, it's always earth-shattering and dazzling. It's as if he's afraid that people don't know he's coming!

The water deity's beautiful eyes sparkled as she stared at Yunxiao without blinking and snorted, " "What do you know? this is what you call handsome!" "Handsome? You think you're handsome just because you put a CD on your back?"

Gu Qingqing snorted disdainfully, "only people who have no confidence in themselves would use such an exaggerated way to show off."

The Misty Rock Lord was not very optimistic about Yunxiao's move. He frowned and said, " "I'm afraid this appearance will consume a lot of energy, right? Although it's eye-catching, it's not wise to do so before the great tournament. Could it be that he's confident in winning?"

"Against Mr.ai, who would dare to say that they have a plan in mind?"

MO laughed coldly. he probably knew he was going to lose, so he decided to give it his all. He wanted to show off and leave, so that he wouldn't lose too badly.

Like Gu Qing Qing, he had received AI's help before, so he was very grateful. Besides, Yi was a monster, so he naturally had the best impression of AI.

At this moment, the entire black girl was surrounded by martial artists. There were tens of thousands of people scattered in the sky, all to witness this historical showdown.

There were only a few people who had personally experienced the battle between the two of them at the sea of soul formation, but word of mouth had long made it popular and deeply rooted in the hearts of the people.

At this moment, Yunxiao had arrived, and everyone immediately felt an infinite yearning in their hearts. They could not help but wave their arms and shout, li Yunxiao! "Gu Feiyang!" Alliance master Yun!!

The shouts resounded through the sky and the earth, forming a surging momentum. They grew louder and louder, more and more uniform, causing one's mind to be stirred.

With a smile on his face, Yunxiao, dressed in white, took a few steps and landed on an array tower. With his hands behind his back, he closed his eyes and meditated, quietly waiting for the arrival of another person.

Yunxiao's mountainlike cries grew louder, and rings of air waves and primordial energy surged between heaven and earth, blowing at his face and long hair.

Although the extreme of heaven and earth was 'moving', Yunxiao's mind kept calming down.

Gu Qing Qing suddenly shouted, " "What are you shouting for? don't forget who you bet on!"

This voice was extremely penetrating, as if a basin of cold water had been poured on everyone's heads.

The atmosphere around the big black girl instantly turned cold. Everyone immediately shut their mouths, and then it began to become noisy, and there were even quarrels.

Gu Qingqing laughed proudly. haha, it seems that we're not stupid. We know where we stand.

After all, most of the people had bet on Ai to win. For a time, boos, sneers, and mockery filled the hall, and some people even argued with those who had bet on Yunxiao.

“What a bunch of boring people. They’re so noisy.”

In the air, Ling Baiyi looked down with a cold gaze. His sword-like brows were slightly furrowed, as if he was not happy.

“Hehe, it’s been a long time since it’s been so lively. It’s good to let them get excited.”

Duanmu Youyu laughed lightly. I wonder who will win this competition. I’m really looking forward to it.

Duanmu Cang replied, “ I’ve just tried to divine it. I have no clue at all. The heavenly Dao is unpredictable. I’m afraid the result of the competition is close to the heavenly Dao.

“That’s natural.” Duanmu Youyu said seriously, “ the two of them have the strongest comprehension of the art of divination in the world. If you make any random speculations, be careful not to suffer a backlash from the heavens. You must not mess around.

Duanmu Cang stuck out his tongue, looking scared.

As for Zhuo qingfan and Teng Guang, who were still standing beside them, they were both silent.

Ever since Teng Guang lost the Supreme Dao fruit, his power had dropped drastically and he had been recuperating with all his heart.

Furthermore, he had completely given up on his pursuit of the divine Dao and

devoted himself to the Dao of formations. This allowed him to reach a higher level in the Dao of formations. By chance, he had finally entered the Dao of formations.

With the cultivation resources of Yanwu, he had stepped into the true immortal realm not long ago.

Even though he had reached the God Realm, his pursuit of the God Dao had already completely faded. He was only glad that he had a few hundred more years of life and could continue to study the array Dao.

Duanmu Cang was puzzled, “why isn’t Ai here yet? is it not ready yet?” If that’s the case, Yunxiao will win for sure.”

“That’s impossible,” Zhuo qingfan chuckled. Mr.ai had already arrived. It’s just that no one noticed it in the sea of people and noise just now.” “There, isn’t that it?” he pointed his finger down.

Duanmu Cang was taken aback. He looked in the direction that the person was pointing at and saw Ai Hui’s figure in the crowd. Although he was standing at the front, he was still ignored by everyone.

“Isn’t this Ai a little too low-key?”

Zhuo qingfan nodded and said, “ Mr.ai is indeed a low-key person. Besides, if Mr.ai pursues an effective entrance, the energy consumed will be enough to affect his subsequent matches. But, li Yunxiao will not.

I see, ” Duanmu Cang said. is this also part of li Yunxiao’s plan? ”

Zhuo qingfan shook his head slightly. Clearly, he did not know anything.

“It must be.”

“Based on my understanding of Gu Feiyang, he’s frighteningly meticulous. He’s calculated every single thing. Unfortunately, Ai would not fall into his trap and pursue this boring appearance effect. Ai is a more practical person.”

“Mr.ai! It’s Mr.ai!”

Finally, there were other people who also discovered Al's existence. They immediately exclaimed and burst into enthusiastic applause.

The cheers were no less than Yunxiao's, and the number of humans cheering was much more than the demons, all of whom had bet on Ai Ying.

It was only then that Al walked out under everyone's gaze. With a smile on her face, she leaped lightly onto the array tower directly opposite Yunxiao.

Al Hui was plain and low-key, which was in sharp contrast to Yunxiao's overbearing aura. The two of them immediately attracted everyone's attention.

The former was as steady as a rock from another mountain, while the latter was as dazzling as an otherworldly Jade.

It was just that Jade and stone countered each other, so who could be good to himself?

Mr.ai, you are really low-key, " Yunxiao said with a smile. if someone with sharp eyes had not noticed you, I would have thought that you were just a salted fish seller standing there.

"Young master Yun, just take it that I'm selling salted fish," Al replied after a slight pause.

cut the crap, " Yunxiao snorted coldly. let's start.

Al reached out his hand and made a gesture of invitation.

Yunxiao flicked his sleeve and looked at Al Hui. there are no restrictions in today's game. Whoever refines a profound level weapon will win. Is that okay? '

of course, " Al nodded. as long as the rules young master Yun mentioned don't lie to me, it's fine.

“Uh,” Yunxiao’s face flushed as he recalled how he had tricked him back then. He could not help but feel a little guilty as he said angrily, “Bullshit, why would I trick you! I’m the heavenly martial Alliance’s leader, and everyone’s eyes are on us!”

“That’s the best,” Al smiled.

let’s start,” Yunxiao said grumpily. let’s get started.

“Lord mu di, please maintain order and let the people of the world be the judge,” he shouted as he looked into the distance.

Chapter 2195: refining everything

“Alright!”

Lingmu di immediately shouted, “ everyone, step back. No one is allowed within a 10000-foot radius of the competition area!

Under the command, a large number of martial artists scattered and flew up, retreating in all directions.

Only then did Yunxiao reach out his hand and stare at Al Hui as he said, ‘

“Please, ”

Al nodded gently and lowered his eyes. His expression became calmer and calmer, as if the world in front of him had completely disappeared and he was the only one left in the world.

Yunxiao was slightly surprised, and a rare look of solemnity appeared on his face.

Al Hui's achievements in the art of sorcery far surpassed his, and it was all thanks to his own talent and comprehension that he had today. And it was only because of various opportunities that he was able to get to where he was today.

In just a few breaths, Yunxiao had already sensed the silence around him. Influenced by it, he felt that the whole world had become quiet.

"Not good!"

Yunxiao's heart trembled, and he immediately came back to his senses from Al Hui's aura. He could not help but break out in cold sweat.

"What a powerful talent! Just by standing there, he affected the world formed by the laws of heaven and earth, and even li Yunxiao was almost affected!" Ten thousand feet away, Amaterasu's eyes lit up as he exclaimed.

Yuan gaohan's expression was solemn as he stared at the two figures in the middle of the sea of people, although I hate li Yunxiao, as a human, I still hope that he will win. But, I'm sorry.

You just can't see any hope of li Yunxiao winning, can you?" Amaterasu glanced at him indifferently.

"I can't say there's no hope, but it's just slim." Yuan gaohan nodded.

Al, li Yunxiao, master, and I are all tenth-level sorcerer gods, but the difference between us is obvious.

Yunxiao is a man of great fortune. He has directly obtained Lord Yan Shen's inheritance. Otherwise, it would have been extremely difficult for him to break through the tenth-tier of condensing the light of the Arcana God.

"I, on the other hand, am rewarded by the heavenly Dao, and I have dedicated my life to the Dao of alchemy, not daring to slack off in the slightest. After receiving the teachings of my master, I didn't dare to overstep my boundaries on the path of righteousness. Finally, I reached the heavens and became a sorcerer God."

master, on the other hand, is an extremely talented person. He was born with a strong sense of magic. Furthermore, he has read thousands of ancient books and is involved in no less than a thousand types. He has gathered all the achievements of the past and present. It is only natural that he has achieved what he has today.

“It’s rare for you to have such insight,” Tenshou Zi nodded and smiled while stroking his beard. Those who know others are wise, and those who know themselves are wise. Only by understanding yourself can you develop your strengths and avoid your weaknesses.” but the three of them have obvious flaws.

li Yunxiao is a dual cultivator,” Yuan gaohan continued. while he has made great achievements in martial arts, it’s very difficult for him to balance his cultivation with sorcery. As for me, I’m limited by my talent and luck, so I can’t do anything.”

Yuan gaohan sighed slightly and no longer spoke.

However, Amaterasu did not let him go. He asked with a smile, “Then what about your master?”

Yuan gaohan cupped his fists and bowed,”Disciple is speaking nonsense, I hope master can forgive me. Master’s weakness is that he’s broad but not proficient. He wants to learn and understand every technique, thus limiting his own height.”

Tian zhaozi lifted him up and said seriously, “Your words are true, so there’s no need to ask for forgiveness. I also understand the principle of ‘taking a broad path but not focusing on it’. However, there are three thousand weak waters and a myriad of spells, but in the end, they can’t resist the temptation, and it’s difficult to continue to study it.”

” you’ve talked about the three of us,” Amaterasu continued, ” what’s your evaluation of AI? ”

Yuan gaohan’s eyes flickered and he calmly said,”This person, AI, was born for the Dao of sorcery. I even have a feeling that he is the ‘incarnation’ of the Dao of sorcery in this era. He had luck, talent, and hard work. It was as if he did not have any obvious flaws. Even when I just arrived in Yanwu and became a sorcerer God, I still felt that there was an insurmountable gap between us!” He sounded a little sad, and a lonely expression appeared on his face.

“You’re not the only one who has this feeling,” Tenshou sighed. When I first saw this man, I already had the same feeling. I’m afraid Yunxiao feels the same. This was an extremely sharp intuition among Warlock gods, and it could not be wrong. ‘My magical Dao domain might not be inferior to Yunxiao’s!’ But I wasn’t as brave as him. Back then, when he stood up and fought, I was already a little ashamed of my inferiority.” master is thinking about the big picture, ” Yuan gaohan said hurriedly. after all, he was one of the two leaders of the art Dao. If he loses, the impact will be too great. It’s the best choice for Yunxiao to fight.

Tian zhaozi shook his head and smiled. “He’s not a pure Alchemist because of his reputation, but Al ta is. It’s a blessing to be born in the same era as him.”

Yuan gaohan also smiled and nodded, “You’re right, master. If it weren’t for these two people, I wouldn’t be interested in the art of this era!”

While the two of them were talking, Al raised his hand gently in the extremely quiet domain.

This small movement immediately touched the hearts of tens of thousands of people, and tens of thousands of eyes stopped on him.

Tian zhaozi and Yuan gaohan also immediately stopped talking and stared at him.

The two of them were even more nervous than Yunxiao and the others in the duel, and their palms were sweating. “Can you really refine that thing?”

Al raised his hand and twisted his wrist gently. A stream of flowing light and vibrant colors shot out from his palm.

This small change caused the clouds in the surroundings to gather. The large white clouds turned into colorful light that reflected off his palm.

“The sky is filled with sunset!”

Many members of the demon clan exclaimed in surprise, all of them extremely excited.

This was Al's portable auxiliary tool, which had no physical form. As the multicolored light in his palm shone, purple Qi shot out from Al Hui's body and circulated in the sky, directly condensing into a solid purple cauldron. As soon as the cauldron came out, Yunxiao was startled, feeling that the man was even more powerful than before.

what's going on? can the cauldron increase one's strength? or did Al Hui refine it again? " Yunxiao was a little suspicious.

The purple cauldron materialized in the air, full of spiritual energy and constantly spinning.

With each rotation, the purple light expanded a little, and a formation light appeared in a radius of three hundred meters. Countless strange runes and lines surrounded the cauldron.

Ai Qing gently flew up from the formation tower, crossed the purple cauldron, and stepped on the formation light. She made a hand seal with one hand, and the light of a Warlock God spread out from her body.

Various materials began to appear in the white light condensed by his spiritual power.

"That's Yingluo."

Not only Yunxiao, but everyone else was also taken aback. Their eyes were wide open, and they kept rubbing their eyes, thinking that they had seen wrong.

Oh my God, is he joking?!

"What does Mr.ai want to refine?"

"Could it be a trap? He probably set up this trap to cheat us of our money?"

There were exclamations everywhere, and the crowd suddenly became restless.

Gu Qing Qing's expression also changed, her face turning pale. She appeared beside Tian Zhao Zi in a flash and said coldly, "master Amaterasu, you're not playing with me, are you!?"

Gu Qingqing's eyes were filled with killing intent, as if she was going to tear Tian zhaozi into pieces.

The space around them trembled slightly. Ling mudi and the other three Kings appeared instantly and stopped Gu Qingqing, afraid that she would do something impulsive.

Tian zhaozi, on the other hand, was calm and said, "Calm down, don't disturb me from watching the battle."

Gu Qingqing gritted her teeth and said angrily, "calm down, your sister!" You liar, I'll kill you for messing with me!"

Gu Qingqing's emotions exploded. Thinking of the bet she had made, she couldn't help but feel a chill. She wanted to die together with Tenshou Zi, this big liar.

However, before her powerful momentum could burst out, she was suppressed by the lingmu flute and the power of the Three Kings. Not only were all her meridians sealed, but she couldn't even move her fingers. Only her eyes could still move.

His big, lively eyes were full of killing intent as he stared at lingmu di and the others.

The Misty Rock Master laughed,

Hearing his laughter, Gu Qingqing felt a chill down her spine, and she was so scared that she almost cried.

"What the hell is this AI doing? Did I see it wrong?"

In the sky, the few titled martial sovereigns gathered together and looked doubtful as well.

This was because within Al's Warlock God's light, there were thousands of things floating and flashing, all of which were the most ordinary things. Although there were also many heavenly treasures mixed in, most of them were ordinary stones, weeds, tree bark, ants, mantises, carps, cups, pillows, and Kasaya.

Ding Ling 'er was also stunned, because most of Al's items were collected and handled by her. Although there were a few mixed items, most of them were the most common things.

Moreover, there were more and more of those strange things. There were also steamed buns, hoes, pig heads, and Pixiu.

Yunxiao's face turned extremely unsightly. According to his divine sense, there were at least a hundred thousand things coming out. Although he did not know what Al was going to do, he knew that it would never try to make things mysterious.

Furthermore, sensing these 100000 items was extremely taxing on one's mental strength. Not only did one have to have precise control, but they also had to sense the minute changes in each item. This move was a sign that one's understanding of spiritual power had reached the peak.

"Lord Amaterasu, what exactly is Al trying to do?" lingmu di could not help but ask.

Tian zhaozi, on the other hand, had a serious expression. He forced a laugh and said, "What do you think these materials are, Lord mu di?"

these things can't be called materials anymore," said lingmu di. because most of them are just ordinary things that can be easily obtained.

"That's right," Amaterasu nodded, "we collectively call these things 'all things'."

"All things?"

Heaven and earth were the cauldrons, and all things were medicine!

The few of them were stunned. They seemed to be touched, but they didn't understand what the key was. It was as if a flash of inspiration had appeared in their minds and disappeared in an instant, causing the creation realm experts to be extremely vexed.

After all, lingmu di was an Alchemist, and he was suddenly shocked. "Is Al going to refine all things, evolve a world, and directly refine a holy weapon?"

Tian zhaozi looked at him indifferently and said, "Although Yunxiao didn't get the recipe of a Saint weapon from the space of the secret treasure Ring, he was the one who refined a quasi-Saint weapon. With Lord Bo mu assisting him, it would not be impossible for him to refine another Saint artifact. If that's the case, I don't think Al bi will win.."

Chapter 2196: Difficulty

"What?"

This time, everyone's expression really changed, and their attitude of watching a show was completely gone.

could there be something even more powerful than a holy weapon?!

Li Mangshan could not help but exclaim, " isn't this too hard to understand?!

I don't really understand either, " Tian zhaozi said with a smile. it's just that I like to read extensively and have seen such a record in an ancient scroll collected by the sanctum. At that time, he thought it was nonsense, but he didn't expect it to really appear in front of him one day. Even now, I'm still in a daze."

The referee couldn't hold it in anymore and said in a muffled voice, "It's getting more and more mysterious. What does Lord Ai want to refine? I can see that Yunxiao's face has turned green, so he must have realized something."

They looked at the center of the competition, and as the judge had said, Yunxiao's face turned green.

The water deity said angrily, "don't try to be mysterious. What does this old man know?" Big brother Yunxiao's face is a little green because of the purple cauldron's light. What kind of eyes do you have?"

Amaterasu,"Yingluo."

Above the formation tower, Yunxiao did not move. He kept staring at Ai Hui, and as if he had thought of something, he gritted his teeth and said, "Refining all things? To think you could think of that! However, refining all things is just reconstructing the world and forging a holy weapon. Let's not talk about whether or not it will succeed. Even if it succeeds, it may not be able to defeat me!"

He suddenly moved as well. The cauldron of mountain and river flew out of his body and into the sky.

The white light emitted from the cauldron formed a world of its own. It shone with the glow of the domain and split the sky into two.

The water deity jumped up excitedly and waved her hand, "big brother Yunxiao has made his move. He'll definitely win!"

Yunxiao leaped into the air and stood in front of the cauldron of mountain and river. He performed an incantation gesture with both hands and gradually merged his body with the body of the cauldron.

After a while, he entered a state of extreme silence and almost forgot about the existence of the Ai. In front of him was the world of the cauldron of mountain and river, a vast world.

"Sword, come!"

As Yunxiao cried out, a cold light flashed in the sky, and a colorless flame jumped, turning into a lotus flower and falling down, then condensed into a red sword that hung straight on the cauldron.

Then, he flicked his finger and shouted, "sword, come!"

With a clang, a cold light broke through the air, and a sharp sword Qi soared into the sky. An extremely deep crack cut across the sky like a Gully.

The cold sword and the frost also fell down and hung above the cauldron of mountain and river.

"Sword, come!"

let's go! Yunxiao cried out again. A silver light flashed high in the sky, and a mass of Mercury the size of a watermelon appeared and dripped down.

The mercury was so dazzling that it seemed to be on fire. It had a long tail, as if a paintbrush had drawn a silver track in the air.

"Sword of Light!" he's refined it! Tian zhaozi exclaimed. he's already refined it!

Yuan gaohan was also shocked, "he can't be thinking of three swords into one again, right?" Can you not be so old-fashioned?"

Gu Qingqing had also started to move. After she calmed down, the Three Kings released her. "Haha, although I don't really understand, it looks like we're about to lose before the match even starts."

"If he can really combine the three swords into one, he might not lose, but is that even possible?" The ice sword was already a holy weapon, and the red slash sword and the lightsaber were also not far from being holy weapons. How could Youyou use such a method? Yunxiao is a little whimsical this time." "Hmph," he snorted.

Gu Qingqing said proudly, "it's obvious that he was forced into a dead end, that's why he did this."

“Tsk, what do you mean by being forced into a dead end? It’s a kind of self-confidence, one hundred percent self-confidence.”

A clear and cold sound of a counterattack rang out. Under the flash of red light, two figures flew down.

They were Feini and Yunshang, who had just come out of seclusion.

Luo Yunshang looked a little annoyed as she said, “Aiya, it’s already started. I missed the front.

Fei Ni glanced at Gu Qing Qing coldly and said sarcastically, “Since you don’t understand, then speak less and watch.”

“You coward!”

Gu Qing Qing was furious, but then her face changed, and she said in shock, ‘you’re afraid of a creation realm expert?!

Feini’s appearance also shocked many people, and after hearing Gu Qingqing’s words, they were even more shocked. Another creation realm expert?”

Lingmu di and the others were also surprised and delighted.

In just a few months, the heavenly martial Union had two more creation realm experts. In addition to the Three Kings of mysterious separation Island, this force could directly kill their way into the devil realm.

Lingmu di couldn’t help but sigh with emotion. If they had broken through a few months earlier, the outcome of the battle of the red moon City would have been rewritten, and so many of their comrades would not have fallen.

Feini looked at Qu Hongyan and the others’ surprised eyes and smiled.

“Fortunately, I didn’t fail my mission. It’s all thanks to my husband for helping

me find that Heavenly Phoenix Feather. I only managed to completely refine it.”

no matter what,” qu Hongyan said delightedly, “this is a great thing for Feiyang and the heavenly martial arts realm.

Fei Ni nodded. let’s talk later. Let’s watch the match first. It’s not only about my husband, but it’s also the most powerful battle in the past hundred thousand years. It’s not easy to miss.

She smiled, looking extremely confident.

Luo yunshang’s face was also calm, without the slightest worry.

Gu Qingqing was so angry that she grunted and crossed her arms over her chest as she watched the fight coldly, praying in her heart that Yunxiao would die soon.

Al also saw Yunxiao’s three sword strikes, and she could not help but show a surprised look and smile.

After all, the three swords ‘sword Qi was too powerful. Outside the domains of the two divine cauldrons, three layers of sword light appeared and enveloped the big black girl like a rainbow.

young master Yun’s idea is indeed good, but not only are the three swords ‘sword intents different, but their levels are also very different, and the degree of refinement is also different. It’s too difficult to combine the three swords into one,” mo Wen said.

Al said with a smile.

“Hmph, mind your own business!”

it's difficult for me," Yunxiao said coldly. "What about you?" To refine all things was even more so a fool's dream and unheard of. At least I've tried to refine the three swords into one before. I'm afraid your all creation refinement only exists in theory, right?"

Ai Wei smiled and shook his head.

The brief conversation between the two men was not concealed, and everyone within thousands of feet could hear it clearly. All kinds of discussions were immediately raised, especially among the alchemists, who were in a heated discussion.

"It was my idea to let him forge the three swords into one."

Suddenly, a voice rang out from the center of Lingmu Di's group. Two figures appeared together. It was Bo Mu and Bo Long.

"Father." The water deity shouted and jumped forward.

The rest of the people also greeted him.

Although I've refined a Saint artifact, it's not suitable for Li Yunxiao," Bo Mu said. Letting him walk his own path is the best choice. With the experience of refining quasi-Saint weapons, it's the opposite if I look for other things."

"That makes sense," everyone nodded in agreement.

But Mr. Ai is not wrong," Tenshou Zi said. Back then, he had refined all three swords by himself and evolved them from his own sword will. It was not difficult to combine them into one. However, the three swords are monstrously powerful.

My Lord," Bo Mu said with a smile, "don't forget that the current Li Yunxiao is not the Gu Feiyang of the past. These two can't be compared to each other in terms of martial arts, techniques, comprehension of the heavenly Dao, or all kinds of opportunities."

“Even if what you say makes sense, it’s still hard for me to agree with his actions,” Tenshou said.

“Then how do you think we should win, my Lord?”

“This bi an ...”

Amaterasu was stunned for a moment. From his point of view, there was no way he could win.

Bo mu laughed. hehe, that’s why taking the path that suits you the most is extremely difficult. However, there’s still a chance of victory. If you change to refining other Saint artifacts, your chances of victory will be even lower.

“Alright, Your Excellency’s words do make sense.”

I admit that if li Yunxiao can fuse these three swords, he should be able to win, said tenzhaozi with a nod. it’s just that it’s too difficult.

“Who in this world can defeat Mr.ai so easily?” qu Hongyan said with a smile.

At that moment, Yunxiao, who was in the middle of the competition, felt his state of mind become a little unstable as the three swords shook.

Al was right. The three swords were too different, not only in terms of level, material, sword intent, and other aspects.

The sword death’s Red slash was the best. After all, it was made by him, but the rainbow stone used was a material from the demon Realm, which was incompatible with the frequency of the heavenly martial arts realm.

The structure of the ice sword was also within the scope of his understanding, but it was extremely difficult to completely control it. He had to communicate with the sword spirit within it.

He had only obtained the sword of contained light for a short time, so he had only added a few seals to it and refined it.

At this moment, the three swords couldn't even merge their frequencies into one, let alone become one.

Although he had foreseen this phenomenon before, it still made his breath unstable when it actually happened in front of him.

"I can't mess up my state of mind. Otherwise, I'll lose at the beginning. If AI wants to refine all things, it's far more difficult than me.

He sneaked a glance at AI. Although the other party's expression was calm, he did not make any progress in the refining process. He was still sensing the power of all living things.

After thinking it through, he calmed down and started with the sword essence according to his previous thoughts. He had comprehended and controlled the sword intents of the three swords to achieve the goal of fusing them into one.

Under everyone's gaze, Yunxiao began to move. He conjured his transcendence golden body and performed incantation gestures with his six arms at the same time, placing three swords in front of each of the three avatars and sending runes into them.

The three layers of sword Qi light that enveloped the sky also began to float up and down as the sword changed.

Everyone looked at this scene in shock. They felt that the three sword lights were extremely dangerous. If they were not careful, most of them would be cut into pieces.

A look of joy appeared on Bo MU's face as he praised, "He's finally found the right direction. It's impossible to completely refine the three swords now, so we can only communicate with him through sword intent. In today's world, I'm afraid that there's no one who has comprehended the way of the sword better than you!"

Oh? ” water deity was overjoyed. does that mean big brother Yunxiao will win? ”

Everyone’s faces were filled with black lines, and Bo mu said in a speechless manner, I’ve just taken the first step. I guess I have a five percent chance of winning.

Chapter 2197: sword intent fusion

“Why is it only 5%?”

The water deity was slightly taken aback and was a little unhappy with the last sentence.

Looking at the water deity’s dissatisfied look, everyone smiled. The so-called five percent was already an exaggeration.

To start with the sword essence was just stepping into the entrance to ethereal opening. Only if Yunxiao could really control and merge the three sword intents would he have a five percent chance of winning.

Qu Hongyan said, ” don’t worry, sister. They predicted that Mr.ai would be able to refine everything and create a holy weapon. The possibility of that is not much higher than the three flying swords in one.

“If Mr.ai also fails, it will be a draw. In my opinion, the possibility of a draw is very high.”

“A draw?”

Tian zhaozi stared at the field, clearly disagreeing. He shook his head and said,

Although it’s very difficult to refine all things, Mr. Al’s refining is constantly improving and changing with the passage of time, and it is carried out in an orderly manner. But, Yunxiao hasn’t changed his mind for a long time. I’m a little worried. ”

Qu Hongyan retorted, "Mr.ai has always been used to refining step by step, and Feiyang relied on surprise to win." I'm afraid Mr.ai won't be able to catch up with us if there are any changes."

"Hehe, I hope so." Tenshou laughed. But no matter what, this is going to be an extremely exciting battle. I also hope that there will be some changes."

The three layers of sword Qi in the sky continued to rise and fall. As they collided with each other, a large number of sword talismans burst out, turning into colorful light spots that scattered around the black girl.

"It's hard to combine the three sword-intents. Other than using it, you can also use your power to suppress it. However, if you suppress it, it won't be good for the three swords as one."

In the sky, Ling Baiyi looked at the sword Qi quietly and said, "I'm afraid li Yunxiao is going to lose this round.

Teng Guang said, "I think AI is also very troublesome. Refining all things involves the laws of all things. It might not be tolerated by the heavenly Dao. Just watch quietly, there might be a surprise."

Duanmu Youyu calculated with his fingers and shook his head. the outcome is still uncertain. If there were any variables, I should be able to predict it, but I still can't see any clues.

Three peerless swords were suspended around Yunxiao's transcendence golden body, and each incantation seal unleashed would stir up layers of sword beams that swept across the sky with the momentum of raging waves.

Time passed by slowly, and in the blink of an eye, several hours had passed.

Most of the alchemists were shocked. They might not even be able to withstand such high-intensity control for an hour, but the two of them remained calm, as if they had just begun.

Surprisingly, the three layers of sword Qi in the sky began to stabilize. After hundreds of attempts to merge, each collision was not as intense as before.

They could also overlap for a short period of time, but they could not last long.

“He actually managed to convince the three divine swords,” Li Mangshan said in surprise. “Perhaps this kid can make something amazing.” Lord Amaterasu, do you still think that the fusion of sword intents is a problem?”

Tian Zhaozi looked up at the sword Qi and shook his head, “Lord Mang Shan should know better than me that I only know how to refine artifacts, and Yunxiao’s fusion of sword Qi is completely beyond the scope of alchemy. The third level of sword Qi seems much gentler than before. I also want to know if I can succeed.”

Tian Zhaozi looked at Lingmu Di and Bo Mu, and said, “I wonder which Lord can answer my questions?”

Among the group, only Lingmudi and Bo mu had reached a certain level in both martial arts and technique.

Li Yunxiao’s understanding of the Dao of sword can be said to be unparalleled in this world,” Bo mu said. It’s only a matter of time before the three sword wills merge into one. However, the unification of sword intent is only the beginning of the three swords unification. The longer it is delayed, the greater the consumption of his essence, energy, and spirit.”

“Mr. Ai seems to be finishing his enlightenment!” Lingmu Di suddenly exclaimed.

Everyone looked over and saw that the Warlock God’s light around Ai Hui was beginning to change.

The light turned milky white, and the hundreds of thousands of raw materials had almost disappeared. They all turned into a clear stream and flowed into the purple cauldron.

As the clear stream poured in, multicolored light gathered in the higher heavens and spread out in an area of several thousand feet, reflecting and reflecting this scene.

“Heavenly Dao’s response!”

“It’s a success!” Amaterasu cried out in surprise. Ai had succeeded! He actually comprehended the laws of all things so smoothly and successfully took the first step!”

“I’ll go! You scared me to death!”

Feini rolled her eyes at him and said, ” “You’ve only taken the first step, is there a need to make such a big fuss? Don’t tell me you’ve stayed in the divine capital of the Holy region all day and haven’t seen the world?”

Yuan gaohan saw that someone was criticizing his master and immediately became dissatisfied, shouting, “What does a little girl know? Although the first step was just the beginning, it was the most difficult step!

“Heaven and earth begets all things, and all things are different. Why are you a woman and I a man? Why is the child the reed, and the other the Pebble? Why was it that five grains could be eaten, but cups were difficult to swallow? It was because the essence of all things was limited by the rules. Although they were in the same space, they were all different. It’s easy to imagine how difficult it is to refine all things!”

Alright, alright, ” feini said nonchalantly, ” even if what you said makes sense and Ai is amazing, I still think that husband’s sword intent fusion is even more amazing.

“You’re so silly!”

Yuan gaohan was speechless and angrily waved his sleeves, too lazy to say anything.

“Hehe.”

Feini looked at his sullen expression and could not help but chuckle. However, under her smile, she could not hide the worry in her eyes.

Suddenly, the sound of swords rang out around Yunxiao's transcendence golden body. The three divine swords vibrated at the same time and rang in the sky.

The three notes had different frequencies and different speeds, but in a few short breaths, they began to synchronize and gradually merge together.

At the same time, the three sword lights above the big black girl also slowly fused together with the vibration of the rhythm. Only a small number of sword talismans burst out, but they soon disappeared.

"It's fused!"

All the people around cheered, and their eyes turned from Al Hui to Yunxiao with shocked expressions.

After all, most of them were not alchemy Masters like Yuan gaohan, but laymen who just watched the show. The visual effect of the fusion of Yunxiao's three sword wills was far better than Al Hui's understanding of the rules of all things.

"Alliance master Yun will win!"

Suddenly, someone in the crowd shouted loudly, and for a while, the applause was thunderous and lasted for a long time.

Gu Qingqing cursed, "a bunch of shallow people!" What's the use of a great momentum? the truth will always be in the hands of a few!"

The three sword essences slowly merged and finally turned into a white sword light. The boundary power of the sword suddenly expanded by tens of thousands of feet, becoming more magnificent and bright.

what a powerful sword intent! It can even penetrate the bottle and let me feel

it.

Tens of thousands of feet high in the sky, Wei Qing was wearing a long robe. The strong wind blew his hair and beard wildly, but an extremely strange voice came from his body.

“Is he really that powerful?”

Hearing this, Wei Qing’s eyelids twitched, and his eyes lit up.

The voice continued, “perhaps it has something to do with the opening of the treasure bottle’s restriction and the fact that I’ve recovered a lot of my strength.” However, this sword essence monastic robe is indeed not to be underestimated. ”

Wei Qing nodded. I’ll take note. This person is the strongest swordsman of our generation. He also has a heavenly Saint artifact of this world. Even if you didn’t say so, I’d still be cautious.

“Oh? He’s actually the wielder of an ascended tier equipment?”

The other party seemed to be very surprised, even his voice was trembling and out of tune.

“Aren’t you a little too excited?” Wei Qing asked suspiciously.

The other party laughed and did not answer the reason. He only said, “With this old man’s current strength, coming out would most likely be courting death. It’s all thanks to you absorbing so much demonic Qi that I was able to wake up from the seal. Otherwise, I’m afraid my life would have been lost in the yin and yang bottle. You’re my Savior, so I’ll tell you some things when I recover my strength.”

you’re from the devil realm, ” Wei Qing said coldly. and you’re a sacred devil. Why should I believe you?
”

The other party laughed wildly and said, "haha, because I can take you to a higher mountain!" Although you've absorbed enough demonic Qi, it's almost impossible for me to recover my Saint demon power in this bottle. If you have the opportunity, you should go to the demon Realm."

"I'm not stupid enough to risk entering the demonic realm just to help you recover your strength." Wei Qing's expression changed slightly.

The voice laughed. of course I won't let you work for nothing. You have just reached the void realm. With your talent, you have a little bit of confidence to reach the fate realm, but that will be many years later.

"The place I'm going to has something called the demon bone of transforming Qilin. This item can help you break through to the creation realm directly! Even if it's your human body, it won't be a problem. This is because such a divine item is formed from the power of the universe's heavenly Dao. It will not be restricted by any plane or race."

I'll directly break through to the creation realm!!

Wei Qing was shocked. No matter how firm his heart was, he couldn't withstand the impact of this news. He didn't feel good.

"Don't worry, I won't lie to you," the voice replied. Before I recover my strength, I won't be able to break free from the restraints of the Yin Yang air bottle. If I'm disloyal, you can just activate the restriction in the bottle and I'll be suppressed back."

even if what you said is true, " Wei Qing snorted coldly, " with my current realm, I don't have the strength to break into the devil realm. I'll just be courting death if I go!

"Hahaha! "

The voice laughed wildly. you think too highly of the devil World and look down on yourself. Let's not talk about your cultivation base. You just need to stabilize your current void realm and then concentrate on refining the yin and yang air bottle. This way, after entering the demon world, even if he

encountered a demon venerable, he would have a way to save his life. With the power of this Yin Yang air bottle, it's enough to protect you from the suppression of the devil world's power."

"I can't guarantee my life if I encounter the demon venerable."

"There shouldn't be any Holy demons in the demon Realm now, right?" Wei Qing was obviously tempted.

The voice was silent for a moment, "I've forgotten how many years I've been sealed. I'm not sure what's the situation now." However, the demon Realm is much larger than the heavenly martial realm. I don't think it's possible for there to be no Holy demons.."

Chapter 2198: Peerless beauty

Holy fiend?! Wei Qing was shocked. in that case, there's most likely a Holy fiend in The Fiend world?!

"Of course! Other things aside, I'm a Holy demon, right?"

"If the yin and yang air bottle wasn't in your hands, but somewhere in the devil World, wouldn't you have it?" the voice snorted.

Hearing this, Wei Qing was silent, his mood a little heavy.

The voice continued,"haha, don't worry." As long as I recover my strength, even a Holy demon won't be a match for me. At that time, I can protect you, and you can do whatever you want in the two worlds!"

Wei Qing laughed coldly in his heart.'If you recover your strength, I'm afraid you'll be the first one to kill me.'

Of course, he would never say this out loud.

Although he still had some doubts about this matter, the temptation of the demon bone of transforming Qilin was too great for him. It was worth a risk.

That demon was right. If he relied on his own talent to cultivate, it would be unknown when he would break through to the manifestation realm.

Moreover, as long as he refined the yin and yang air bottle faster, just like what the demon had said, he would be able to protect himself even if the demon escaped.

“Then I’ll have to trouble you for everything. If we work together, it’ll be beneficial to both of us, but if we split, it’ll be detrimental to both of us.”

“Hehe, that’s only natural,”

The voice laughed in response and then fell silent.

At that moment, the cheers in the field began to die down. As the three sword wills merged into one, the six eyes of Yunxiao’s three-faced Dharma form also widened, shooting out beams of golden light.

The water deity was shocked and said happily, “the eye of truth?” It’s the sun true spell!”

this li Yunxiao is really a man of extraordinary talent, ” polong praised. I didn’t expect him to cultivate the sun incantation to such an extent in such a short time.

Bo mu smiled and said nothing. He and Yunxiao had been in seclusion for several months. In addition to discussing the refinement of Saint artifacts, they had also been cultivating four divine arts at the same time with the true sun Mantra as their main technique.

The eye of truth’s magical power could allow him to understand the essence and structure of all things, which was of great benefit to the three swords as one.

Yunxiao had mastered four divine arts at the same time and verified them with each other. As a result, his cultivation was like a tiger that had grown wings, and his progress was rapid.

At this moment, the three divine swords glowed with sword light and transformed into waves of light that spread out.

The long smoke disappeared. Within a radius of ten thousand feet, there were no clouds. Only the cold sword light shone on the unruly figure between heaven and earth.

Yunxiao's aura was awe-inspiring, his straight brows relaxed, and his eyes sparkled as he performed incantation seals one after another. Each movement was as standard as a textbook, pleasing to the eye and dizzying to the eyes.

“BOOM!”

Suddenly, a series of thunderous roars came from the sky, jolting everyone awake. They all looked up in horror.

In an instant, the world turned dark, and black clouds filled the sky above the big black girl.

Lightning constantly shuttled between the black clouds, as if lightning snakes were gathering towards the center.

“Why is there lightning?”

Yunxiao's hand, which was forming a seal, paused for a moment, and he could not help but look in the direction of Al Hui.

After the myriad things turned into streams of light and poured into the purple cauldron, Al Hui had been silently performing incantation gestures. Although his movements were not as dazzling as Yunxiao's, they were still as smooth as flowing water and dazzling the eyes of others.

“Mr.ai is gathering lightning. He wants to use lightning as fire to temper the purple cauldron!”

Amaterasu could not help but feel nervous. His hands clenched tightly, and his heart was filled with emotions.

He could not help but recall that in the past, at the soul formation sea, Al Hui was schemed against by Gu Feiyang and was attacked by heavenly lightning, which caught Al Hui off guard.

He didn't expect that after a few decades, Al Hui's own comprehension and application of the power of lightning had reached such an exquisite level.

“Mr.ai is truly a peerless genius!” Yuan gaohan also sighed.

The Thunderbolts and electric snakes in the dark clouds seemed to be riding the wind and Breaking the Waves, continuously condensing above the purple cauldron.

no! water deity was not convinced. She shouted, “ in this world, in terms of Thunderbolt divine arts, who can be better than big brother Yunxiao! These words were true, but no one replied. Everyone was staring at the sky in a daze.

These Thunderbolts were not gathered by Al Hui's divine power, but by the celestial phenomenon that was triggered by refining. That alone made him superior to Yunxiao.

The lightning bolts slithered over like snakes, forming a huge Halo. It was like a brand new world of lightning that had come from the void.

The huge change in the weather immediately attracted everyone's attention, and they seemed to have forgotten Yunxiao's existence for a moment.

“This lightning was born from the void, yet it manifested itself in the heavens,” Bo mu said in shock, his expression one of utter shock. It's condensed and doesn't seem man-made!”

In the city of Yanwu, only two people had the strongest sense of lightning, and they were little Qing and Yunxiao.

The two of them were shocked. Under the influence of The Lightning Field, their bodies could sense the electricity. Lightning constantly flashed on their bodies, making crackling sounds.

Yunxiao was also affected, and he stopped performing the incantation gesture.

Even so, more and more lightning bolts burst out of his body, and even his three divine swords began to be covered in electric arcs. There was even a faint purple glow at the edge of the electric arc!

“Purple lightning!”

it’s purple! someone cried out in surprise. Due to the 10000 snakes’ entry, the world of Thunder was getting stronger and stronger. The energy in the field was constantly being compressed, and it was starting to turn purple!

“DE! He actually triggered the world-destroying lightning of the Brahma Zifu!”

“Are you kidding me? Is the heavenly Dao going to destroy the treasure that

has surpassed the realm?”

There was a huge commotion in the crowd. Many people retreated in fear, afraid that they would be affected by the purple lightning and instantly be smashed to pieces.

The purple lightning gathered more and more, and just the pressure of it was enough to make many people feel uncomfortable and pale, let alone destroy the world.

The Misty Rock Master calmly looked at the lightning, sighing softly. “The weak don’t even have the right to appreciate the rules of the world.”

Lingmu Di's figure flashed and appeared in the sky. He said in a clear voice, "Everyone, don't panic! This isn't purple lightning destroying the world. Mr. Ai has used a secret art to condense purple lightning to temper all living things.

There won't be any danger."

Only after hearing Mu Lingdi's explanation did the disturbance calm down.

"So it's because it's in harmony with the heavenly Dao during the refinement process, so it attracted purple lightning to boost its power!"

Everyone heaved a sigh of relief. While they were full of admiration, they still felt sorry for him and didn't dare to get too close.

Qing stood far away in the crowd. It looked up at the sky and muttered, "It's easy to trigger the purple lightning, but it's hard to control it. How can Ai Hui control the purple lightning? Isn't he afraid that he'll burn himself playing with fire and turn into ashes?"

After thinking for a moment, he laughed at himself and said, however, with five creation realm experts and me here, even if the purple lightning strikes, they should be able to control it.

He licked his lips and stared at the world of Thunder with a burning gaze, muttering, "This thing is a great tonic, hehe."

Yunxiao's face was extremely unsightly at the moment. His innate lightning body had become a burden at the moment, and under the influence of the purple lightning, it was constantly being disintegrated.

There were even lightning talismans surging out of his body. The three swords that were already under his control began to flash with purple light and emit violent trembling sounds. The previous fusion of sword intent was almost in vain.

"Damn it!"

damn it! Yunxiao cursed. this affects the fairness! If I can't control it, I'll release the three sword Qi. If the first one to break your purple cauldron is me, don't blame me!"

His threat was undisguised, and everyone heard it clearly.

Immediately, a strong sense of dissatisfaction and protest erupted, and the sky was filled with curses.

openly threatening Mr. ai, how can we compete? do you have any sense of shame?!

and you're the leader of the heavenly martial Alliance? you're too shameless! I strongly request that Yunxiao be declared the loser!

"What do you mean shameless? It was Al first summoning the purple lightning that affected the president's refining process, okay? Who's the shameless one here?"

A large number of Warriors who had bet on Yunxiao's victory retaliated, and the area a thousand feet away was suddenly in an uproar.

If not for a large number of experts holding down the fort, they would have probably started fighting directly.

"Alright, be quiet. The ones who really affect alchemy are you quarrels." "Whoever dares to speak nonsense will get lost immediately!" Lingmu di shouted in a deep voice.

He used sound wave Divine Art, and his sound turned into air waves that covered over, shaking everyone until they were confused and didn't dare to speak anymore.

Al Hui's expression was calm from beginning to end, and the hand seals in his hands changed at a moderate pace-

It was as if all the purple lightning in the sky had been emptied out of his perception. His entire world had been " still " from beginning to end.

It was not until the purple lightning came crashing down, as if an entire world had gathered in the sky, that he slowly raised his head and gave Yunxiao a look.

Those eyes were as clear as water, so calm that there were no ripples.

It was just a glance, but it caused a great stir in Yunxiao's heart, as if his state of mind had been completely shattered by the look. "Al, you can't!"

Many demons had powerful magical powers that could suppress their demon forms and turn them into human-like forms.

Al Hui was like this. He had always appeared in front of everyone as an elegant young man. If he had not called himself a demon, no one would have seen through his demon body.

However, under the powerful pressure of the purple lightning, Al Hui finally began to transform.

Al's ears became long and sharp, and her face became more delicate and soft. A pair of demonic eyes with vertical slits shimmered, and her thin pink lips were slightly pursed. Her skin was as smooth as a light blue gem, and there was an amazing beauty in her demonic beauty.

"Y-you're

Yunxiao was completely stunned. The change in front of him was even more shocking than the purple lightning transforming his body. you're a woman?!!

At this moment, Al rulo's long hair fluttered behind her, and her figure was graceful. Even a blind person could tell that Al Hui was a woman, not to mention that he had cultivated eye techniques, wondrous spiritual eyes, and the eye of truth.

As Yunxiao's mind was in turmoil, the three divine swords began to lose control and let out fierce cries.

The sword Qi was even out of control. It shot out from the sword and slashed at the illusory light of the physical body, causing ripples.

It was not just Yunxiao. Even the rumbling of purple Thunder within thousands of feet had quieted down, and the entire area around the black girl was so quiet that one could hear a pin drop.

"Swish!"

Yi suddenly had a thought and cried out, "She's from the monster slayer clan! No wonder, no wonder Qianqian!"

"Monster taming?"

I don't think I've heard of him before," asked lingmu di. he should be an unknown existence among the demon race, right? "

Chapter 2199: Nine bolts of purple lightning

MO's expression was a little complicated as he nodded, "It's true that it doesn't have a prominent reputation, but that doesn't mean it's weak. A long time ago, the demon race was not ruled by the demon Emperor alone, but by the demon Emperor and the saintess."

"Holy maiden?"

The surrounding people were shocked. When they looked at Al's appearance, they seemed to understand something.

MO nodded. ever since the demon race had a saintess, almost every generation of saintesses has been assumed by the monster Slayers.

the demon race should be a race of the *****" said lingmu di * puzzled * the saintess represents the lineage of faith. In terms of influence, she should be above the demon Emperor. Then why wasn't there a Holy maiden later on?"

Richard fell silent and frowned. He didn't know whether he couldn't answer or he didn't want to answer, so he stopped talking.

Al looked at Yunxiao quietly and said with a smile, " young master Yun, if you don't control your sword Qi, you'll lose.

It was only then that Yunxiao suppressed the shock in his heart and kept performing incantation gestures with his six arms, suppressing the three divine swords that had almost gone berserk again.

"You ... How can you be a woman?"

Yunxiao could not come back to his senses at the moment.

Tian zhaozi, Yuan gaohan, and even some others were just like him, still in a daze, their brains completely short-circuited.

"When did I say I'm a man?" Al han said with a smile.

Without waiting for Yunxiao's answer, she continued, " "After the battle at the sea of soul formation, I began to study the heavenly lightning with all my heart. Finally, the heavens did not let me down and I found the method to guide the lightning to refine it. This gave me the idea of refining all living things. Now that I've fought you, I've finally realized it. "

Yunxiao's face turned serious as he said with respect, " "I have offended you all this time. Please forgive me, Mr.ai."

Al Luan's eyes flickered and she said softly, "can my gender cause such a huge change in you?" Men can carry cauldrons, but women can't? The one in front of you is also an indomitable Alchemist, that's all."

Other than that year in the sea of soul formation, he had never tasted defeat in the Dao of self-sacrifice.

I see! Yunxiao was moved. as an Alchemist, I will give you another defeat!

"Can I get my wish?" Al smiled.

Under the cover of the purple lightning, her light blue skin seemed to have merged with the Thunder World.

"BOOM!"

Finally, there was an explosion of lightning. A purple lightning Dragon descended and struck the cauldron!

"Boom boom boom!"

The purple cauldron trembled violently as if it was about to explode.

At the same time, Al's face turned ashen, no longer as radiant as before. It was obvious that it had suffered a backlash.

Yunxiao's heart sank. With a loud cry, his transcendence golden body kept spinning while he controlled the three divine swords and cast incantation seals in all directions.

Instantly, five shadows appeared around the cauldron of mountain and river and expanded in size.

"That's Yingluo."

“Five elements giant spirit?” Amaterasu was stunned.

The five shadows grew to three hundred meters tall, exuding powerful elemental power. They sensed each other, reinforcing and countering each other.

They were the mutated elements of the five elements controlled by Yunxiao—the purple-gold worm of divine intent, the Thunder-wood transformation, the water element of heaven and earth, the fire of the Phoenix, and the earth’s breathing earth. Each of them had transformed into a giant spirit and stood around the cauldron of mountain and river.

“Sword, rise!”

The transcendence golden body shouted. Its six arms formed a hand seal, and the three divine swords made a loud sound. Powerful sound waves materialized and condensed into air waves that spread out in all directions.

However, with his previous experience, the three swords resonated with each other again.

The different frequencies merged into one. Following that, the sword radiance flickered and the three swords floated above the cauldron of mountain and river.

The earth, mountains, rivers, birds, fish, flowers, and trees engraved on the cauldron came to life.

The body of the cauldron of mountains and rivers overflowed with flowing light, letting out a humming sound of all living things in harmony.

The power of the world wrapped around the three swords and suppressed the extremely explosive Qi waves.

Under Yunxiao’s control, the giant spirits of five elements each performed an incantation gesture, stood around the cauldron, and cast incantation seals into it.

he suppressed the three swords with the power of the cauldron of mountain and river, and then fused the attributes of the three swords with the power of mutual promotion and restraint of the five elements. This li Yunxiao is really an extraordinary genius!

Yuan gaohan couldn't help but exclaim, "From the looks of it, if the three swords really combine into one, can he win?"

No one seemed to be able to answer.

if Mr.ai didn't have the help of the purple Thunder, perhaps Yunxiao could have won after he combined the three swords, " said tenzhaozi in a deep voice. but it's hard to say now.

"BOOM!"

The second purple lightning turned into a Dragon and rushed into the sky. The purple cauldron trembled and almost collapsed.

Finally, Ai couldn't withstand the backlash. Her internal organs were seriously injured, and a stream of red flowed down from the corner of her mouth.

On the other side, Yunxiao was sitting cross-legged above the cauldron of mountain and river. His six arms had never stopped, cooperating with the giant spirit of five elements.

As the five giant spirits worked together, five elemental rings condensed on the cauldron of mountain and river. They flew down and suppressed the sharp light of the three swords.

Everything in the world was within the two energies of yin and yang, and was one of the five elements of metal, wood, water, fire, and earth.

Even though the three divine swords had different attributes, they did not break away from the Yin Yang five elements. Under the continuous impact of the five elements ring, they were getting closer and closer.

“BOOM! BOOM!”

Two bolts of purple lightning seemed to have struck down from the sky, and both of them rushed into the purple cauldron.

“BOOM!”

In the end, the purple cauldron was unable to contain such a huge amount of energy, and dozens of small holes on its body shot out lightning in all directions.

The moment the lightning appeared, lingmu di and the others all moved.

That was the Brahma Zifu world-destroying divine lightning. If even a tiny bit of it fell into the crowd, the consequences would be unimaginable.

If it were to shoot into Yunxiao’s refining domain, it would directly destroy the fairness of the competition.

Seven or eight figures flickered and extinguished all the purple lightning that shot out.

They were mu lingdi and the three Kings, as well as nie, feini, and little Qing.

Little Qing even absorbed the purple lightning into its body with a carefree expression, as if it still felt that it wasn’t enough and was smacking its mouth.

With these people taking action, the surrounding cultivators were all relieved. If even they could not stop it, then no one in the world could.

Richard looked at AI with a serious expression. After AI suffered the backlash

MO muttered to himself, as if he was a little absent-minded. as expected, it's the kun tribe. Saintess, please come in.

Yunxiao was also shocked. He had thought that Al Hui would be unable to withstand the two purple Thunderbolts and retreat in defeat, but he never dreamed that Al Hui would be able to withstand them!

Al's skin cracked continuously, like a cracked silkworm cocoon. From the blue cracks, thousands of golden lights overflowed!

“What's going on with this Yingluo, Yingluo?”

Yunxiao was completely dumbfounded. He immediately returned to his senses and focused on his refinement. He gritted his teeth and said, “I don't care about this pervert! No matter if she succeeds or not, as long as I can combine the three swords into one, I will win without a doubt!”

He was no longer affected by Al and focused on the fusion.

Most of the blue skin on Al Hui's body had faded away, revealing the brilliance within. It was as clear as Jade, as if it was condensed from pure light without any flaws.

Another bolt of purple lightning struck down and shook the cauldron, causing Al Hui's body to shake slightly. The transparent golden light dazzled for a few moments before it calmed down.

At this moment, Al seemed to have completely changed into a different person. It was so powerful that it could withstand the backlash of the purple lightning.

Yunxiao's face was pale, and the power of Al made him a little anxious.

If she could survive this wave of purple lightning, even a cup or a toilet bowl would be a divine item, let alone the laws of nature that she refined!

He focused his mind, and the five elements giant Spirit's hand seals became faster and faster. The three swords spun unsteadily, and under the suppression of the cauldron of mountain and river and the five elements ring, they began to merge.

The seal was completed!

Yunxiao's pupils constricted as he flipped his palm and struck out.

A ball of dazzling light flickered on the sword, and a strange space appeared above the three swords. It was clearly still and motionless, but it made people feel as if it was constantly moving.

mysterious space!

no! Tenshou Zi cried out, his old face instantly changing, his eyeballs almost falling out of his eye sockets.

As soon as the ultra-mysterious space appeared, the dozen or so people who knew the meaning of this item all felt their hearts tremble, and they looked at it nervously.

Al also turned around slightly, his eyes revealing a look of surprise.

"BOOM!"

"BOOM!"

Another two purple lightning bolts fell and directly hit the cauldron. ai Hui's body shook, and his blue skin cracked and peeled off. His entire body turned into a transparent light, as if he had reached his limit.

"Seven Rays of mist."

Amaterasu could only feel his hands covered in sweat. Due to his excitement, his body was trembling violently.

Yuan gaohan's face was also solemn, and he said in a deep voice, There are nine strongest lightning tribulations in total. If Ai can withstand them, Yunxiao will lose no matter how hard he refines them.

“BOOM!”

The eighth bolt of purple lightning struck down and struck the sky. The purple cauldron finally couldn't hold on any longer and exploded with a boom.

The fragments scattered, and a powerful force shook in all directions.

Everyone turned pale with fright. In their horror, they hurriedly joined forces to set up a barrier to block the impact.

“Eight purple lightning bolts! Is this the limit?”

Tears streamed down Tenshou's face. Although he was still lacking the last one, it was already the pinnacle of refinement in the past 100000 years!

After the purple cauldron exploded, the fragments directly melted under the lightning, revealing a ball of light inside, but the object inside could not be seen clearly.

Bo mu raised his head, looking up at the roiling lightning in the sky. He said in shock, “If the purple lightning doesn't dissipate, there's still a ninth bolt!”

“What?”

Everyone was in disbelief.

Lingmu di looked up at the purple Thunderbolt with an ugly expression. He urged Al, " Mr.ai, please disperse the purple lightning quickly. Otherwise, not only will the previous refinement be in vain, but you will also be in danger of dying!

" Mr.ai, even if it's eight purple Thunderbolts, it's still rare to find a match for you. You're going to win for sure. Don't take any more risks! tengzhaozi said, his voice trembling.

However, Al ignored him. At this moment, her whole body was in the strong light, and her expression could not be seen clearly. Only her hands could be vaguely seen forming a seal.

"BOOM!"

Finally, the ninth bolt of lightning struck down. The sky changed color and the earth shook!

Chapter 2200 -law chains

"Mr.ai!"

Under the purple light that covered a thousand Zhang, Yi's body trembled and he let out a pained roar. He turned into a blood light and was about to charge forward.

Not only did Al save his life, but she was also the saintess of the demon race and the greatest Alchemist of the current generation. Even if he had to pay with his life, he had to save Al!

"Mr. Mie, do you want Lord Al's decision to be in vain?"

Amaterasu flashed in front of him and blocked his path. He also spoke with a similarly sorrowful expression.

The blood-red light trembled violently and changed its form in front of Amaterasu, showing that it was struggling internally.

” compared to your own life, Mr.ai insists on choosing the ninth heavenly lightning. Don’t you understand why?!

Amaterasu’s expression became somewhat excited. If cruel was determined to make a move, he would probably be the first to rush up and risk his life.

I was born with a cliff, and my alchemy path is endless. Lord mo, please respect the dignity and glory of a great Alchemist!

Yuan gaohan stepped forward and stood side by side with Tian zhaozi, his expression solemn, ”If you stop her, even if you can save her life, she will never forgive you.”

”Refining with nine purple Thunderbolts is something I’ve never seen in the past hundred thousand years. Mr.ai, today’s battle is enough to illuminate this era. ”

”If it were me, I’d probably make the same choice,” Bo mu sighed.

The blood-red light dimmed and let out a deep sigh after flickering a few times. It seemed to be unusually lonely and uncomfortable.

He was not an Alchemist, but he could understand the feelings of these people.

In an instant, he appeared and finally gave up on attacking. He looked sorrowfully at the lightning descending and striking that weak body.

Tenzhaozi and the others breathed a sigh of relief and looked forward with deep pain in their eyes, but there was infinite respect in their eyes, as if they were seeing a great Alchemist standing in front of the path and guiding them forward.

Although I can’t compare, I look forward to it!

The ninth purple Thunder was the greatest glory for alchemists!

Under the purple lightning, Al's beautiful face looked like a thin blue-and-white porcelain, thin and fragile.

This was the power of the heavenly Dao. There was a limit to human strength, and it could never be reached. However, to be able to draw upon such a vast and mighty force was enough to bring glory to an era and stand shoulder to shoulder with the Saints of the past and present, bringing glory to the present! Yunxiao stopped the incantation gesture and looked into the distance as well, then bowed deeply.

This was the highest respect for Al.

Under the purple lightning, her thin and tiny body made everyone within a hundred thousand feet respect her.

Regardless of the outcome of this battle, you are the greatest Alchemist in the world.

“BOOM!”

The purple lightning transformed into a Dragon as it roared. ai Hui's figure flickered slightly as he formed a few hand seals and sent them into the laws of all things. At the same time, a mirror light barrier appeared in front of him.

“BOOM!”

That beautiful figure was finally swallowed by the purple light. The lightning Dragon exploded above the big black girl, splitting into countless lightning snakes that scattered in all directions.

Lingmu di and the others attacked at once. Together with the Three Kings, feini, and Phoenix, a powerful barrier was instantly opened and all the purple snakes were suppressed!

“Mr.ai!”

The referee let out a pained cry, but with the thunderous roar and the blinding purple light, his voice could not be heard.

The faces of Amaterasu and the others were also extremely unsightly, and they instantly turned pale.

Under the impact of such a powerful force, the possibility of Al Sheng surviving was close to zero.

Yunxiao was also excited. The significance of this alchemy showdown had transcended the competition itself, and was the ultimate pursuit of Dao for a peak Alchemist.

At this moment, he desperately opened his eyes and looked into the barrier with his golden pupils. However, no matter whether it was his divine sense or his gaze, they could not penetrate the purple lightning area and determine Al Hui’s life and death!

The five elements giant spirit began to lose control of its mind.

The mysterious space revolved above the three divine swords and began to produce an extremely strong repulsive force.

Yunxiao’s heart trembled. At this moment, Al Hui’s life and death were unknown. If he failed as well, then this duel would no longer have any substantial meaning.

He hurriedly collected his thoughts and shot out the “ spinning sun ” with a solemn expression, merging it into the Super mysterious space. Only then did the violent energy slowly calm down.

The people outside the enchantment also had heavy expressions.ai Yiran’s life and death were unknown, and everyone felt as if a huge rock was pressing on their hearts.

At this moment, a ray of golden light suddenly appeared out of nowhere and directly shot into the purple space.

Then the second, the third, and the third.

Soon, dozens of golden light beams penetrated the hole and shot out from the other side.

“This is a Kasaya.”

Yunxiao stared at the sudden phenomenon without blinking, his face filled with shock.

The golden light shot through the purple lightning body like an arrow and bound it like a net.

“Law of light!”

Everyone’s body trembled as they looked on in horror.

As for poron, his eyes had turned golden, and runes could be seen flickering within them.

Back then, outside of Red Moon City, he had once joined forces with various strong practitioners and used the power of Amitabha to display 12 nomological virtual lights to suppress the demon master.

At this moment, there were at least a few hundred nomological lights that passed through the Thunder region. Furthermore, they were arranged in a certain pattern and seemed to have formed an array.

Teng Guang’s face turned pale with fright as he looked at the law formation, his heart filled with excitement.

This was a formation formed by heaven and earth, a formation that was most in line with the heavenly Dao!

“Clang!”

Just as everyone was at a loss, the several hundred nomological laws began to shake, and golden light kept flowing on them.

The Golden runes began to light up one by one, like tens of thousands of golden fireflies flickering in the sky.

The void light materialized!

“What’s going on?!” Bo mu was greatly shocked and asked in shock. Why did it attract the chains of law?”

The web-like chains of law crisscrossed in the sky, penetrating the lightning zone. It seemed to be twisted inside and bound something!

It was only when something beyond the realm appeared that the heavenly Dao would automatically condense into shackles, locking up the things that should not exist in the world.

Even when Bo mu was at his peak, he could only summon the faint light of the chains of law and borrow a portion of their power.

refining, refining, refining the Suan ni is a success!!

Amaterasu was so excited that he couldn’t control himself. He couldn’t help but cry out in ecstasy, and his tears flowed down his face. He actually knelt down on the spot!

Even if Al Hui had died, the nine purple heavenly lightning bolts must have succeeded in refining the item. Otherwise, the chains of law would never have appeared !

“Huala!

Following Amaterasu's cry, most of the people were moved to tears, and the scene immediately began to boil.

Firstly, he had no regrets after witnessing such an astonishing refinement. Secondly, it was because he had made the right bet and made a fortune.

The faces of the Misty Rock Master and the others all turned pale, becoming extremely unsightly.

Even Qu Hongyan and the others, who had no doubts about Yunxiao, began to waver.

Ding Ling'er's body shook slightly, and her heart sank to the bottom.

"Hehe."

Gu Qingqing laughed so hard that her body trembled. Her eyes swept from

Ding Ling'er to Qu Hongyan, water fairy, and finally to the Misty Rock Lord. She sneered, "Your Excellency Stone King, you can just crawl like a dog in the sky above Yanwu. Tsk, tsk, a Blessed Realm elite with a dog chain around his neck must look very good."

The Misty Rock master's expression was like iron, extremely ugly to behold.

Obviously, no one believed that Yunxiao could win now that the chains of law were out.

Even Yunxiao himself was dumbfounded at the moment. After all, the Golden chains that filled the sky were too shocking, and even his eyes turned a little cloudy and dazed.

At this moment, the purple light within the enchantment barrier that everyone had set up was continuously dissipating, gradually revealing the scene within.

The object bound by the hundreds of nomological chains was a ball of golden light. It seemed to have no physical form, or perhaps it was impossible for everyone to see through it to see its essence with their vision and divine sense. how is this Yingluo possible?!

Bo mu suddenly shouted, his eyes filled with shock. He used the eye of truth to see a scene that no one else could see.

Bo MU's hands formed an incantation, and as his eyes turned golden, a giant eye appeared in the sky.

The giant eye slowly opened and looked at the golden light bound by the chains of law.

Inside the Golden Ball of light, it was empty like the beginning of chaos. There were thousands of lights continuously condensing into words.

Maha ancient character?? ”

Waves of shock were set off in Bo MU's heart. The words in the golden light continued to appear from nothing. Upon closer inspection, he realized that they were not the Maha ancient words.

“Something's wrong! These aren't Maha ancient characters, they're another set of law characters. This Tao Wu ”

Bo mu was completely dumbfounded. He felt as if his mind was as stiff as a rock, and he couldn't think at all.

Al Hui had refined the laws of all things and created a law character that was the same as the Maha ancient character!

The characters were all different. Each character exuded a different power and represented a different rule.

However, the words were bound by the chains of law and seemed powerless. In just a moment, they could no longer continue to develop.

Bo MU's forehead was covered in cold sweat. If these characters were like the ancient Maha character, and if they were transformed into Scriptures, would purple lightning appear again and directly shatter them?

Just as he was thinking this, a figure slowly appeared in front of the golden light.

"Mr.ai!"

The few of them exclaimed at the same time and couldn't help but be overjoyed.

The figure was Ai. Although its breath was extremely weak, it did not seem to be in danger.

However, Ai's Black hair had all faded to white, and her light blue skin was only faintly visible. It was as if all the blood in her body had been sucked out.

Ai didn't care about her own condition. She was isolated from the world and high in the sky. Her eyes looked at the golden light with affection. Her expression was soft, like a wet nurse looking at her baby, turning a deaf ear to everything around her.

Her face was full of love and joy. She slowly raised her arm and reached for the golden light.

"Swish!"

The chains of law suddenly made a loud noise and rippled in the air. Chains extended out from the void in the endless distance and bound her wrists.

"What?"

The referee and the others were all greatly shocked. At this moment, the purple lightning had already dispersed, and everyone withdrew the barrier, clearly and directly watching this shocking scene.

Al's watery eyes turned slightly, and she also looked at her wrist in shock. She struggled slightly, but found that her right arm could no longer move. Then, she stretched out her left hand and grabbed the golden light..
