

The Eternal 2201

Chapter 2201 victory and defeat decided?

Clang! Clang!

The chains of law shook violently, stirring up countless Golden Shadows that slithered up her Jade-like arms like snakes. Not only did they wrap around her neck and bind her left arm, but they also wrapped around her waist and feet several times. Her entire body was locked in the sky. "Mr.ai!"

Seeing that Ai was in danger again, cruel's face turned ferocious. He dodged Amaterasu and the others and rushed over, trying to save Ai.

Almost at the same time, Gu Qing Qing also jumped up and rushed forward without caring about her own safety.

The two of them had been under the ultimate's illusion. If Ai had not saved them back then, they would probably still be in a coma and might have even collected their lunch boxes.

"Huala"

Two of the chains of law in the sky suddenly shot out and wrapped around Yi and Gu Qingqing.

"Let me go!"

The red light that mo had turned into became even more bloody as he let out a hoarse and mournful roar.

However, no matter how much they struggled, the chains of law bound them tightly, and they could not break free.

The expressions of lingmu di and the others changed drastically.

"Everyone, don't move! only world Kings who have obtained the acknowledgment of the heavenly Dao can summon the chains of law," Bo mu said in a deep voice. we can't fight against them with our power.

"Then what should we do?" lingmu di asked in surprise. The three of them are locked up now."

A mournful expression appeared on Bo MU's face, and he said, the laws of all creation created by Mr.ai can not be tolerated by the realm. I'm afraid that the chains of laws will only disappear after they are left to their own devices. "What?"

"What's inside that ball of golden light?" everyone was shocked. It's actually not tolerated by the power of the realm?"

Al also heard Bo MU's words, and a pained expression appeared on his face. He couldn't help but tear up, and his body trembled, like a butterfly caught in a cold wave.

A mermaid could cry, and the people of the world cried because they were powerless.

She could only watch helplessly as her blood, sweat, and tears died. She could only watch helplessly as the pinnacle of the art of divination that she had pursued for so many years was about to fall into nothing in front of her. That destructive sense of despair was far greater than the purple lightning that had struck her body.

But what could she do?

The heavenly Dao was the highest, and all beneath it were ants. The realm power of the realm of heavenly martial arts would naturally not allow an existence that surpassed itself to appear.

It was the same with the Maha ancient God's secret art and the laws of all creation.

Al struggled for a while, but found that there was no possibility of breaking free, so it finally gave up resisting. Like a Firefly caught in a spider's web, it hung on the chain of law and hung its head weakly.

It was unknown whether Bo mu was consoling the others or himself, but he sighed, at least Mr. Al's life is safe. This can be considered a great fortune in misfortune.

Lingmu di gazed at the golden light and sighed with the same regret. "It seems that we can only wait for the laws of all creation to die out. When that happens, the chains of law will naturally disappear."

Amaterasu and the others felt a sharp pain in their hearts, but there was nothing they could do.

Al Hui hung on the chain of law dispiritedly, his aura almost inaudible. Update by

The crowd around the big black girl fell silent. The shock brought by Al Hui was too great, and not many people were still paying attention to Yunxiao.

Seeing that Al Hui's life was safe, Yunxiao felt relieved and began to focus on the refinement.

The three divine swords were suppressed by the cauldron of mountain and river's power of the world, so he didn't have to worry about them for the time being. The most troublesome problem now was the mysterious space, which was completely beyond his understanding.

Even with the whirling sun as a catalyst, he was still unable to find the entry point between the three swords and the ultra-mysterious space.

It was not so troublesome when he was refining the star slashing sword, because the star extinguishing, morning light, and demon slaying were only ninth-grade peak profound level weapons, and did not have spatial attributes.

However, the three swords were all top-notch existences. Without an existence like the mysterious Super Space, it was impossible to fuse them.

If he had not suddenly obtained this mysterious space, he would not have taken the risk to refine the so-called three-in-one sword.

"It's already like this, is there a need to continue the competition?"

No matter what, he should at least refine it for fun. After all, he's the heavenly martial Alliance's leader. Even if it's just for show, it's fine.

Some people in the crowd noticed Yunxiao's movements, and those who had bet on him losing began to mock him.

Since the competition isn't over, there's no winner or loser. Shut your stinky mouths! Although those who bet on Yunxiao knew that they had no hope of winning, they still retorted unwillingly.

Those who thought they would win retorted, "hehe, even the chains of laws have been triggered. Let alone the leader of the heavenly martial Alliance, even the leader of the universe Alliance can only surrender.

Although feini also appreciated and sympathized with Ai Hui, she hoped that Yunxiao would win. When all kinds of mockery and ridicule entered her ears, her face immediately turned cold, and her killing intent filled the air as she said coldly, "Have you forgotten what Lord mu di said? Whoever dares to make a fuss will immediately get lost!"

She was a creation realm elite, so she was not angry, but she exuded an awe-inspiring aura, not to mention her killing intent that chilled one's heart. Everyone felt a chill in their hearts, and they instantly did not dare to speak.

Gu Qingqing, who used to like to stir up trouble, was now tied up by the chains of law and couldn't move, so she didn't have the mood to fight. But her red lips slightly curled up, and she looked very proud.

The entire sky fell silent, leaving Yunxiao alone in the realm of the cauldron of mountain and river, trying to merge the three swords.

"Even if he has fused three swords, can he win?"

At this moment, Yunxiao's heart wavered a little. Let's not even talk about whether or not we can attract the descent of the laws. Even if we can, it'll only be a draw."

Al Hui's law of all creation was already at the peak of refinement in this world.

"I don't want to."

Yunxiao calmed his mind and suppressed the distracting thoughts in his mind. "No matter what, I'll fuse the three swords first! If purple lightning and laws were to descend, it would at least be a draw."

To be honest, he was extremely depressed. He had never been so aggrieved before. He had lost all hope of winning before he even finished refining it.

Since Al Hui's side had already been decided, Amaterasu and the others also withdrew their gazes and looked at him quietly.

After all, it had not been easy for him to reach this stage. At least, he had shown the grace and strength of a peak Alchemist.

Yunxiao calmed down and began to concentrate on refining the Super mysterious space. The power of the world that gushed out of the cauldron of mountain and river Washed over him like waves.

The edges of the three swords of rainbow, ice, and light had been worn away. Each of them bloomed with sword light and connected to form a boundary. They peacefully covered the cauldron of mountain and river and were very harmonious.

Like an illusionary cloud, the Super mysterious space slowly descended under Yunxiao's control, trying to merge into the sword enchantment.

The five elements giant spirit also sped up its incantation, forming a five elements ring that reached a thousand feet, suppressing the space ring within.

The five elements in it complemented and countered each other, growing and multiplying without end. It had the effect of suppressing and fusing almost all powers.

"Can we succeed?"

Lingmu di muttered to himself nervously. At this moment, the outcome of the battle was no longer important to them. What was important was the process of alchemy.

Although Yunxiao's refinement was not as earth-shattering as Al Hui's, it was still an amazing attempt in the long river of the history of alchemy.

Bo MU's face was filled with worry as he shook his head. It looks like he hasn't figured out the frequency of this space yet. The whole refining process has been going on for more than a day. If we still can't find the entrance,

Yunxiao's energy will be exhausted.

Suddenly, Tenshou Zi's eyes lit up and he exclaimed, " "He's going to force the fusion!"

Everyone's heart trembled as they stared intently. Even Al, who was hanging on the chains of law, moved slightly and raised its head.

Yunxiao's eyes were solemn. Just as Bo mu had said, if he continued to delay, he would completely fail when his essence, Qi, and spirit were exhausted.

The ultra-mysterious space was like a floating cloud, slowly falling into the sword enchantment. The three divine swords immediately trembled violently, and three sword lights shot up into the sky. They were actually going to cut through that space!

"Not good!"

Yunxiao was taken aback, and his heart went cold. The sword intents that had been in harmony separated again, and the three swords clattered.

The five-element giant spirit hurriedly stretched out its hands, and the power of each element gathered in its palm, pressing toward the center!

"BOOM!"

The five Element ring pressed down on the three sword Qi and instantly fell apart, turning into the five Element elements in the sky and dissipating in bits and pieces.

At the same time, the giant spirit also shattered into pieces and turned into powder.

"I failed!"

Someone cried out in surprise, and the crowd around the big black girl suddenly burst into an uproar. the winner has finally been decided!

The faces of the Misty Rock Master and the others instantly turned ashen.

"Hahaha, the ending was already decided, why struggle? Do you have to make yourself miserable to be satisfied?"

Gu Qing Qing was tied to the chains of law, and she laughed happily.

You can't blame Yunxiao for this battle, " tenzhaozi shook his head and sighed. he's already done his best. Three swords as one, five elements giant spirit artifact refining, they're already far beyond our standards."

Feiyang hasn't lost yet. Why are you guys so anxious?!

Qu Hongyan suddenly shouted. Everyone was shocked and looked at the center of the refining.

After the five elements giant spirit exploded, the three divine swords transformed into tens of thousands of sword Qi that interweaved in the sky at a rapid speed. In addition to the elemental power that filled the sky, it was like a Grand fireworks display that dazzled the eyes of everyone.

In the middle of the dazzling chaos, Yunxiao's face was as white as snow, and his eyes flashed with determination.

He was already on the verge of collapse, so he didn't have to worry about anything else. He opened the world inside the cauldron, and white light gushed out, sweeping in all directions.

Be it the elements that filled the sky, the three divine swords, or the mysterious space, they were all sucked into the cauldron of mountain and river like a whale!

"BOOM!"

All kinds of chaotic Power and Light were absorbed. As the entrance of the cauldron of mountain and river closed, the entire sky became clear.

In contrast, Yunxiao's face was gloomy as he slammed his palm on the cauldron. Immediately, a large number of Maha ancient characters rushed up and began to forcibly refine the cauldron!

"This bi an ..."

"He's crazy!" Tenshou said in panic. The things he just absorbed will explode easily if they are forcibly refined. Not only will the whole black girl be finished, but Yanwu will also be affected!"

Lingmu Di's face twitched. He gritted his teeth and said, "Don't worry about that. With us here, we can suppress any power, no matter how strong it is. Since we can't win, let's let him go crazy for once!"

He knew that Yunxiao, who had been proud all his life, would not be willing to sit still and wait for death, but he could not help sighing in his heart.

Chapter 2202 - losing consciousness

After a moment of silence, the cauldron of mountain and river suddenly trembled violently. The white light turned into a huge wave and pushed in all directions.

The space above the big black girl trembled. The frenzied power that erupted from the cauldron of mountain and river had the power to tear the space apart. Some experts could even hear the crisp sound of glass shattering.

what the hell is this li Yunxiao doing?!

The people around him kept screaming.

Yunxiao knew that he had lost control. He had expected that the cauldron of mountain and river would go berserk, but he did not expect that the power would be so strong that even he could not suppress it.

He immediately gritted his teeth and transformed into the three-headed and six-armed transcendence golden body. The six arms made a hand seal at the same time and displayed the four great divine arts. An ancient Maha Scripture appeared and was imprinted on the cauldron of mountain and river.

In an instant, the cauldron of mountain and river was covered with golden characters. In an instant, golden light flowed and turned the brilliant power of the world into gold.

Under the suppression of the Maha ancient God tactic, the violent power gradually calmed down and began to become docile.

“What? This, this is impossible!”

Mu lingdi and the others, who were ready to attack at any time, widened their eyes. They couldn't believe that the power that could destroy the world had calmed down so easily. It was as if the waves were angry one second and then became flowing water the next.

Even Yunxiao did not expect such a wonderful effect. He was overjoyed, and without hesitation, he quickly formed sentences of ancient Maha Scriptures and slapped them onto the cauldron of mountain and river.

All the mocking voices disappeared almost instantly, and the series of unexpected changes made many people's faces become dull.

Yunxiao, on the other hand, became more and more comfortable, and his movements were as smooth as flowing water. Suddenly, he had a feeling of enlightenment in his mind. He slowly closed his eyes and the four Shen methodology flashed in his mind. All the words started to disperse and actually reorganized themselves.

the Maha ancient god art had never been allowed to exist in the world, and after being shattered by the Brahma purple lightning, it had been split into 3000 words and phrases, corresponding to the 3000 great DAOs, and scattered all over the world.

Later on, there were powerful characters who collected a large number of ancient texts and began to scrutinize them word by word, developing these hundreds of Maha ancient scriptures.

Even the four great divine arts weren't the original ancient scriptures. They were only the four chapters that were closest to the power of the heavenly Dao.

At this moment, Yunxiao's understanding of single words could be said to be the best in the world. All the words in the four divine arts were suspended above the cauldron of mountain and river, swimming like fish, looking ethereal and magnificent.

The Maha ancient character had actually disassembled itself from the four great divine arts and rearranged its order!

“What?”

Almost all of the world’s top experts had gathered here, and each of them had a different level of understanding of the heavenly Dao, but they could all sense the immense power contained in these ancient characters.

Not only that, but the power that was emitted from the reorganized words was even greater than before!

The golden light on the cauldron of mountain and river became even more intense. The divine light shone across the sky and reflected everyone’s shocked expressions.

For a moment, everyone was filled with admiration. In their eyes, Yunxiao was like a god.

“Hualala! ”

Just as everyone was stunned on the spot, the chains of law in the sky began to shake violently, emitting a restless aura.

“Not good! The ancient Maha word has reformed. I’m afraid it’s going to reproduce the power of the divine Art from back then and trigger the power of the world!”

He knew the origin of the Maha ancient God’s secret art. After it had been formed, it had been struck by the divine lightning of annihilation for three months before it finally dissipated into three thousand words.

Now, Yunxiao had managed to reorganize the three thousand words on his own. Even if it was not a complete divine Art, it was still extremely dangerous, and it would never be accepted by the world.

“Huala”

All the chains of law instantly spread out and flew towards the cauldron of mountain and river in groups.

Al and the other two were freed.

Not only the existing chains of laws, thousands of chains appeared out of thin air once again. They rained down like hailstones, binding the cauldron of mountain and river tightly.

Everyone was stunned.

Al moved and took the opportunity to stretch out her Jade-like arm to put away the rules of all creation that she had refined. She was full of joy and gratitude. When she looked at Yunxiao with her beautiful eyes, there was a little more worry.

At that moment, the cauldron of mountain and river had been tied up like a dumpling, and a large number of golden chains were flying toward Yunxiao. Before they could get close, they were shattered by layers of flowing light.

The shadow of the divine realm tablet gradually emerged between Yunxiao's eyebrows, and the power of the realm kept spreading out to resist the chains of law.

With great difficulty, Yunxiao controlled the five spirits to cast the divine incantation. The cauldron of mountain and river was still spinning under the restraint, and although the Golden characters on it were swimming a little stagnant, they continued to reorganize with determination.

All the law chains were shaking violently, and the sky was filled with the shadows of golden chains.

Everyone's mouths were wide open, like frogs that had been hit by a strong light, looking extremely silly.

In the legends of ancient times, only ancient God Maha and the demon Lord Emperor had ever been able to stand up to the chains of laws.

The shock in everyone's hearts could not be any greater.

After Yunxiao had struck out tens of thousands of palm strikes tirelessly, the cauldron of mountain and river finally changed.

The entire cauldron trembled violently, and the Maha ancient golden characters on it also trembled continuously. A large amount of violent aura kept spewing out of the cauldron, trying to attack the chains of law.

Standing in the center of the chaos, Yunxiao was deeply affected by the violent aura of the cauldron of mountain and river. His body trembled violently, and his breath was weak, but his eyes were fixed on the cauldron. It looked like he couldn't hold on any longer.

“BOOM!”

The cauldron of mountain and river finally exploded. The body of the cauldron slowly expanded, and cracks appeared little by little. There was even a cracking sound. It exploded into countless pieces, as if thousands of meteors were shooting out from the center of the explosion.

A terrifying wave of Qi spread out from it, and all the cultivators present trembled in fear. A fear that came from the depths of their souls overwhelmed their hearts, making them unable to resist.

Even the Misty Rock Master and the other manifestation stage experts were similarly agitated and their hearts palpitated! He felt a sense of powerlessness as if he was in the abyss. It was as if everything in the world seemed so small in front of this power. As long as this power moved, he would be crushed into pieces.

At this time, he knew that the so-called “ man's determination is greater than heaven ” was just a wish of the cultivators for hundreds of millions of years!

“Swish!”

Suddenly, a dazzling sword Qi broke through the sky and charged towards the chains of laws. Immediately, an intense slashing sound came from the point of contact between metal. The chains of laws that filled the sky were shattered by the sword light!

“Ah? This is impossible!”

Everyone’s mouth was wide open, and they looked dumbfounded. They looked at everything that happened in front of them, and their minds were completely unable to process it.

Tian zhaozi staggered and almost fell. The others were speechless.

The rules of realm power were actually cut off by the sword!

The moment the chains of law were cut off, everyone felt as if everything was broken, and their hearts trembled!

Wherever he looked, the world seemed to collapse. It was as if the heavens were destroyed and the entire world was falling apart.

“BOOM!”

As the sword Qi dissipated, a peerless sword was revealed, but its true appearance could not be seen under the light!

However, the terrifying sound of the sword reverberated in the universe, as if a King had descended and was inspecting the world!

What followed was the collapse of the four poles, the reversal of heaven and earth, and the entire world falling into boundless darkness!

The big black girl also crumbled in an instant, and all the formation towers turned to dust. The city fell apart in the air, turning into huge fragments. Some were directly shattered, while others fell straight down.

This apocalyptic feeling directly impacted everyone’s mind and soul, causing them to lose control of their souls.

At this critical moment of the great change, only Lingmu Di was able to maintain his state of mind. He was the first to shout, "Everyone, retreat! Quickly run!"

Although the sword radiance was aimed at the sky, the sword radiance slowly spread out, illuminating the heaven and earth and turning the entire sky into a sword Qi domain!

It was as if everything in the universe had disappeared, leaving only this magnificent holy sword!

Yunxiao was the first to bear the brunt. As the chains of law collapsed, the divine realm tablet also became dim and lightless, and after a few moments, it returned to his body.

As the sword radiance dispersed, it was so piercing that he could not open his divine eyes. He could only see golden Maha ancient characters on the sword in the haziness.

"Pfft!"

He couldn't hold on any longer. With a sweet taste in his throat, he spat out a mouthful of blood on the spot, and his entire aura instantly withered.

After that, an immense pain came from his entire body. It instantly climbed up his meridians and pierced his body like a knife.

The protective illusory light was like a thin layer of paper as it was directly pierced through.

Yunxiao had already overdrawn his energy, and at the moment, he was suffering a great pain. He lost consciousness in an instant, and his vision turned dark as he passed out completely.

In the dream, he didn't know where the flowers were, the bamboo forest was quiet, and the stream was murmuring.

In the blink of an eye, the sky fell and the earth cracked, and the sun and moon disappeared.

The fire fell from the sky to the yellow spring, and he felt like he had fallen into a mountain of swords. His whole body was cut and in pain.

After a long time, Yunxiao gradually woke up. He vaguely felt that his strength was weak, and his energy seemed to have been emptied, making him look like a cripple.

He moved his body slightly and felt a sharp pain in his head. He couldn't help but cry out in pain, completely waking up from the nightmare.

"Flying!" "My husband!" big brother Yunxiao!

Upon hearing Yunxiao's voice, the five female confidants who were guarding the warm Pavilion came over.

Qu Hongyan rushed to the front. Her usual proud and fierce temperament disappeared and was replaced by a face full of concern.

"Feiyang, how are you?"

Yunxiao smiled at her and nodded.

Qu Hongyan's cheeks were a little red. Realizing that there were still people in the room, she took half a step back to leave some space for the others, but her eyes were still on Yunxiao.

Yunxiao's eyes slowly swept over the other four women, from the beautiful water fairy to the elegant and pleasant Luo Yunshang, then to Ding Ling'er in green, and finally fixed on Feini's delicate face.

The girl's beautiful eyes were moist and red.

She was a country-toppling beauty, and all of her faces were filled with joy and concern.

Chapter 2203 - who will lead the ups and downs

Feini went forward and sat by the bed. She held his hand and asked softly,

“Husband, how are you feeling?”

Yunxiao’s voice was a little hoarse. He shook his head and said with a smile, “Don’t worry, it’s not a big deal.” hehe, I told you big brother Yunxiao was fine.

The water deity laughed and spoke first, “ big brother Yunxiao, do you know that you’ve won? that demoness has lost!

After Yunxiao had refined the holy sword, he had shattered the rules of the world, turning the world upside down and collapsing the four poles. The poor black girl had died a few days after she had appeared in the world.

Fortunately, everyone was far away from each other. In addition, the people present were not ordinary people, so they retreated quickly. With the help of Ling mudi and the others, no one was injured.

After that, it was time to argue about the result of the spell technique. In fact, there was nothing to argue about. That sword transcended the power of a world and could even cut through the rules of a world. There was no suspense in the outcome.

There were still some disgruntled voices, but Al Xiu personally admitted his defeat and suppressed them.

From then on, the entire demon race would join the heavenly martial Alliance, and Yi would be the new demon Emperor.

However, Yunxiao had been in a coma for three months since the day of the competition.

“What? It’s been three months!”

Taken aback, Yunxiao hurriedly got up from his bed. His injuries had healed, but his essence, Qi, and spirit had not. With the strength of his body, he should have recovered a long time ago. It seemed that the shocking refinement that day had really hurt his origin power.

“Did anything major happen in the past three months?”

what’s going on?” Yunxiao asked hurriedly. It was an eventful period, and the demonic tribulation was coming again, so something big could happen at any time.

except for the bankruptcy of a large number of people after that war, ” Ding Ling ‘er said with a smile, ” nothing major happened.

Yunxiao was relieved and said, ” “That’s good.”

Thinking back to that shocking refining, he was still in a daze. He couldn’t help but be shocked when he recalled the details.

Everything that had happened that day was out of control, but it had also brought about countless miracles.

With this in mind, Yunxiao closed his eyes and fell into deep thought. What appeared in his mind were not the four divine arts, but a complete and unfamiliar Scripture with exactly three thousand words.

He carefully looked over and only felt a sharp pain in his head. It was as if he could not read it. The powerful force emitted by those Scriptures made him respect and fear.

could this be the complete Maha ancient God technique?

Yunxiao's heart raced as he recalled that the divine Art had been condensed on the holy sword, and it had even broken the chains of laws.

Yunxiao's heart suddenly skipped a beat as he asked, "where's the sword that day?!"

The five women looked at each other. Qu Hongyan smiled and said, "It seems that Feiyang was indeed unconscious that day and doesn't remember anything. After the sword appeared, it cut off the chains of law and turned into a white light that flew into your body."

"What? Inside my body?"

Taken aback, Yunxiao quickly sat down cross-legged and began to meditate.

Indeed, there was a sword floating above his dantian. It was emitting a faint sword aura. If one did not look carefully, they would not have noticed it.

His divine sense swayed on the sword and was sucked in, disappearing without a trace. He could not detect it!

"This is an ..."

Yunxiao was stunned for a moment, then fell into deep thought.

This sword was a combination of three swords and had been integrated into the Super mysterious space. Later, it was forcefully suppressed by the Maha ancient God technique. He could not even read the Maha ancient God technique in his mind, so it was reasonable that he could not see the sword.

He stood up, his face filled with determination.

"what's wrong, big brother Yunxiao?" Ding Ling 'er asked. "what's wrong?"

I want to test my sword! Yunxiao said. I want to test it!

“Sword trial?”

The five women were stunned.

A moment later, in the sky above a barren land hundreds of miles away from

Yanwu.

even if the sword is powerful, there’s no need to run so far, ” water deity mumbled. big brother Yunxiao is too careful.

“Little sister Water deity, caution is the parent of safety.” Feini laughed. That sword can even cut off the chains of law. If it reaches Yanwu, I’m afraid all the defenses we’ve laid down will be destroyed.”

Yunxiao calmed his heart and mind, focusing on the visualization in his heart. A thought turned into a giant hand and grabbed the sword in his dantian.

“BOOM!”

A huge resistance was emitted from the sword, and the palm formed by spiritual will was sluggish, almost collapsing.

Under Yunxiao’s control, the hand of divine will clenched its two fingers and performed an incantation gesture. Immediately, a golden light burst out and rushed toward the pressure.

The hand formed by his divine will finally approached the sword, and he reached out to grab it.

Yunxiao felt a sharp pain in his dantian, as if his whole body was about to split open, but he still gritted his teeth and slowly pulled the sword out with his divine will.

“Hiss! ”

The process was like torture, and Yunxiao’s body trembled violently. When the sword was pulled out of his body, a powerful sword intent burst out of him, turning into gusts of strong wind that spread in all directions.

“BOOM!”

“Run! It’s dangerous!”

At the critical moment, Yunxiao cried out, and the faint light of the sword emerged in his palm, but it could not take shape.

Even so, the terrifying sword Qi still swept across the world in an instant, causing the sky to change color!

Under the sword light, Yunxiao’s corporeal body seemed insignificant and was devoured in an instant.

Only sword light could be seen in the sky, and no one could be seen.

“What’s going on?”

Suddenly, a heavy sound resounded through the sky. Tens of thousands of feet away, the void beside the five women was torn apart, and Lingmudi came from

Yanwu.

Lingmudi looked at the unusually terrifying sword light in front of him in astonishment and asked, “Yunxiao is awake?”

“Lord mu di, will big brother Yunxiao be alright?” Ding Ling ‘er asked anxiously. He just woke up and said he wanted to test the sword! ” sword trial?!

Lingmu di was shocked and cried out, ” the holy sword that cut off the chains of laws?!

“This kid is really messing around!”

Another figure tore through the void and arrived. It was li Mangshan, one of the four kings.

Li Mangshan looked ahead quietly and narrowed his eyes. He said in a deep voice, ” “It doesn’t mean that he has the ability to control it just because he made it. But now that the sword is only in the form of a virtual light, it shouldn’t be a big problem.”

With his appearance, the surrounding space fluctuated frequently, and a large group of experts broke through the air.

After all, this place was not far from Yanwu, and the holy sword’s terrifying power had been sensed by many experts.

“That’s his personality.”

Qu Hongyan sighed helplessly, but there was no blame on her face. Instead, she was full of admiration, but her beautiful eyes flashed with a little concern and worry.

“What kind of existence is that sword? When it first appeared three months ago, I was unable to see its true appearance. I really want to hold it in my hand and carefully study it. ”

Li Mangshan looked envious as he spoke.

’m afraid it’ll be extremely difficult, ” Bo mu said with a smile. even with Yunxiao’s strength, he can’t make this sword appear. I’m afraid our wish to have a good look will be in vain.

The ancient Maha runes continued to flash on the sword light and spin in the sky, but it could not form the true body of the sword.

In a short moment, Yunxiao's spirit energy was madly drained, and his body trembled.

"Dammit! How can he be so strong?"

Yunxiao's face turned livid. He could not even control The Phantom of the sword, let alone materialize it!

He roared a few times, and the power in his body exploded to the extreme. His five fingers suddenly grabbed down and caught The Phantom in his hand.

The boundless sword light shone down and almost penetrated his body. He seemed to see the true appearance of the sword!

"What an overbearing sword!"

Yunxiao sucked in a cold breath and felt the sword light burning. When he recalled the sword power he saw that day, he could not help but have an idea. "If the laws can't tolerate it, then the laws must be cut off and order must be rebuilt! There's an old saying, "ask the vast earth, who controls the ups and downs! ""

"In my master's name, I shall bestow upon you the name whoever controls the ups and downs!"

After showing off for a few seconds, the last bit of energy in his body was sucked out. He could no longer control it and the sword shadow slashed forward!

"BOOM!"

Heaven and earth split apart, and half of the world fell into endless darkness.

The sword beam turned into a flash and dissipated, and Yunxiao's figure was swallowed up by the darkness.

"Young master Yun! " big brother Yunxiao!

All sorts of exclamations rang out as everyone rushed forward.

"I'm fine!"

Yunxiao fell from the darkness. As soon as he finished speaking, he coughed up several mouthfuls of blood and fell to the ground, almost unable to stand.

Qu Hongyan and the others hurried forward to help him.

that sword is too terrifying. It shouldn't even exist in this world.

Lingmu di looked at Yunxiao with lingering fear.

Just a single slash of the void light was enough to dim the sun and moon. If it were to fully appear, how much power would it have?

Yunxiao was also extremely weak. With a pale face, he said, "I still can't understand the structure of this sword. I need to study it."

"Since it's refined in accordance with the Maha ancient God's technique, then I should start by comprehending the divine technique," Bo mu said with a nod.

Yunxiao smiled wryly. to tell you the truth, the divine incantation seems to have become another Scripture in my head. Unfortunately, when I read it with my divine will, I felt like thousands of needles were piercing my brain, and it was very painful.

“Whether or not that deity tier spiritual art is the original Maha ancient scripture is still unknown, but if you put it that way, then the might of this deity tier spiritual art is definitely above that of the original four great deity tier spiritual arts.”

I’ll try my best,” Yunxiao nodded. I’ll try my best.

Although the four kings and the others of mysterious separation Island had no lack of respect for Yunxiao, it was more because of his identity as the leader of the heavenly martial Alliance and the master of the divine realm tablet.

After this battle, the four kings and the others had completely changed their views on him, and they now respected him from the bottom of their hearts.

Not far away, there were a few monster race people watching quietly.

The leaders were Bi and Al. Bi had already ascended to the throne of the demon sovereign with Al’s help. Behind him stood a few godly state experts of the demon race who obeyed his every order.

Al Yi had changed from his male form to his female form, and she was stunned.

The snow-white silver threads flickered slightly and fell down to her waist like a waterfall.

A pair of beautiful eyes were bright, and her vertical pupils made her reveal a faint demonic beauty. However, her skin still showed a light blue color, like a warm Jade, and her whole person exuded a sharp and inviolable beauty..

Chapter 2204 - conflict of interest

Originally, Richard had asked Al to return to the position of the saintess, but Al had refused. She had always been focused on alchemy and did not like noisy people, so she had only stayed in the demon race as an Alchemist.

However, after the two clans' technique battle, Al's status in the demon clan's heart was only higher than Yi's.

At least in Richard's heart, Ai Jing was like a god, and it didn't dare to overstep its boundaries.

"Mr.ai Yingluo Yingluo"

Yunxiao only felt a little uncomfortable and embarrassed when he said those words.

Al chuckled, her cheeks slightly red. It was indeed the first time the two of them had faced each other like this, but she quickly nodded and said, "Young master Yun's skills are unparalleled, I lost. From now on, the demon race will join the heavenly martial Alliance and worship young master Yun as the alliance leader!"

Yunxiao's face turned serious as well, and he said solemnly, "then, as the alliance leader, I welcome Mr.ai and the entire demon race to join us. I hope that everyone will work hand in hand under the demonic tribulation. "It's not just working hand in hand under the demonic tribulation."

Al Luan looked straight at Yunxiao and nodded gently. "I hope that after the demonic tribulation, the two races can still develop in a long-term and peaceful manner."

Yunxiao's heart stirred. He understood Al's meaning. She hoped that through this Alliance, the demon race would be able to change their situation of being isolated in the past and share some of the resources of the heavenly martial continent.

After all, this was a matter of great importance that concerned the interests of the two races. Furthermore, the total amount of resources would not change. If the demons wanted to occupy a part of it, the human race would definitely suffer.

Although Yunxiao wanted to help them, he did not dare to make a decision on such a big matter.

This was because the position he gave himself was a general who led the human race in the mysterious world.

world.

In his eyes, the world was still the world of the human race, and the major matters that concerned the interests of the two races still needed to be discussed.

“The stakes involved in this matter are extremely complicated, and I can’t make the decision alone.”

Yunxiao refused tactfully, with a deep apologetic look in his eyes.

“What’s so complicated about it?”

A clear voice rang out, but the words were not very pleasant to hear. You and the island master of the mysterious parting Island are the leaders of the world now, and ye Qingyu doesn’t care about the world. You can do whatever you want.

Then, the space trembled slightly, and Gu Qingqing walked out of thin air. She said with great dissatisfaction, “Back then, I was the one who suppressed the demon clan under the five Cloud Mountain and forced them into a desperate situation. I’m deeply guilty about this matter, and it’s time to give them justice.”

Since she was saved by Al, Gu Qingqing had a good impression of the demon race, and even if she wanted to talk back to Yunxiao, she would not hesitate to stand up for him.

Ding Ling ‘er frowned and said coldly, “Gu Qingqing, you’re my servant now. How dare you be rude to big brother Yunxiao? Leave!”

“If you dare to disobey my orders, I’ll marry you off to the Misty Rock Lord right now,” she rebuked without any trace of politeness.

Gu Qing Qing's face changed, and she felt dizzy, almost falling from the sky.

Not only did she lose all her fortune in the battle, but she had also lost her entire life.

She originally wanted to die, but fortunately, this year belonged to Ding Ling 'er. In these three months, Ding Ling' er didn't make things difficult for her, but only asked her to be a personal maid.

She had already made preparations to die a horrible death a year later, so as not to be ruined by the Misty Rock Lord.

Therefore, in her heart, this was the last year of her life.

Gu Qingqing's face turned pale after being scolded by Ding Ling 'er. She stood in the sky, trembling and glaring at Ding Ling' er. She gritted her teeth and no longer said anything.

maidservant?!

Yunxiao looked at Ding Ling 'er and Gu Qingqing in surprise, not understanding what was going on between the two.

At this moment, except for Yunxiao, everyone in the heavenly martial League knew that Gu Qingqing, the palace Lord of divine firmament Palace and a legendary figure who had suppressed the demon race under five Cloud Mountain, had become Ding Ling 'er's maidservant and bodyguard. When the five women saw Yunxiao's shocked look, they all covered their mouths and laughed.

For a moment, everyone felt as if they had entered a celestial pond. They only felt that her smile was magnificent and dazzling, as if they saw the spring breeze blowing through a Hundred Flowers, looking extremely beautiful.

Only then did Ding Ling 'er explain the details of the bet.

Li Mangshan laughed heartily. congratulations, President Ling 'er, for having a void realm bodyguard. I'm afraid that only the realm King could enjoy such treatment.

Yunxiao's face changed drastically when he heard that. "What nonsense! If you lose, what should I do?"

Although he was being harsh, his eyes were full of gentleness and worry, and even a trace of fear.

Although his victory was a fact, he could not help but shiver at the thought of the consequences if he had lost.

Ding Ling 'er felt sweet in her heart and quickly explained, "I saw Gu Qingqing brazenly bet on big brother Yunxiao's loss, so I was angry. Moreover, she seemed to be extremely powerful. If she could be taken in for her own use, it would definitely be of great help to big brother Yunxiao. More importantly, what is it?"

Ding Ling 'er's sword was slightly red, and she said with certainty, "I've always believed that big brother Yunxiao will not lose.

Yunxiao's heart warmed as he immediately understood her thoughts. He raised his hand and gently touched the top of her head as he said softly, "You're not allowed to do this in the future. Even a hundred Gu qingqins can't make up for your position in my heart. If you lose and become her servant, how sad will I be in the future?"

Ding Ling 'er nodded hard, and her eyes suddenly became wet.

The other four women watched the interaction between Yunxiao and Ding Ling 'er in silence, and it was impossible for them not to feel a little sour in their hearts. But, they were as close as sisters, and Ding Ling 'er could see that she was always thinking about Yunxiao. Yunxiao's kindness also warmed the four women's hearts.

"Cough, cough cough!"

Li Mangshan coughed a few times, looking a little embarrassed. "Are you done with the public display? Have you ever considered the feelings of us single dogs?"

The Misty Rock Master also nodded and said, "the critical blow to this King is even greater than the battle of the Redmoon city last time."

Hearing everyone's teasing, Ding Ling 'er's face suddenly blushed. She quickly wiped away her tears and did not dare to look up in embarrassment. The other four women all chuckled.

Fei Ni stepped forward to help them out. alright, you know that our Ling 'er is thin-skinned, yet you still say such sour words. If you guys are jealous, just say it.

Yunxiao was also a little embarrassed. He restrained himself for a moment, then said to Gu Qingqing coldly, " "Since you are now Ling 'er's maidservant, you have no right to speak in front of me with your status. However, I respect you as a senior, and I respect the glory and dignity of the divine firmament Palace's Palace Master even more. So, I still want to tell you clearly that although I am the heavenly martial Alliance's leader, I am not the master of the world. This young master's duty is only to be the commander of the mo war. Other than that, I'm only a Wushuang."

Yunxiao paused for a moment, then continued. although I would like to do so, I don't have the right and qualification to give resources to the demon race without permission.

Gu Qingqing was scolded by Ding Ling 'er first, and now by Yunxiao. Her face was extremely unsightly, and she stood there without saying a word.

Yunxiao sighed in his heart. This Gu Qingqing was just a little mischievous and selfish, but her nature was actually quite good. It was indeed a little too much and embarrassing to make her a slave.

But this was also what she asked for. Only when there was a beginning would there be an end. She had to suffer the consequences of her own actions. It could be considered as a kind of punishment. If she could use this to restrain her temper, it might not be a bad thing for her.

young master Yun, although I have an agreement with you, as the demon Emperor, I have to consider my people's interests," Mo said coldly. "If we join forces to fight against the demons, we won't gain anything after the war. It's a little unreasonable to keep my people in a barren land, isn't it?"

He helplessly spread out his hands, but his eyes were extremely cold, showing his determination to fight for the interests of the Yao.

Yunxiao frowned and said in a deep voice, "The demonic tribulation is a major event that concerns all living beings in the world, and all living beings in the world have a responsibility. Your clan's resting place is the result of the division of interests between the two clans. I don't have the right to change it, so what's the point of threatening me?"

Young Master Yun is right," Lingmu Di echoed. "He's only the City Lord of Yanwu, elected by the masses as the leader of the Heavenly Martial Alliance. He's not an Overlord who can dominate the world. How can he have the right to divide the

world?"

When the pretty boy finished singing, Li Mangshan quickly stepped forward to smooth things over. "As long as the monster race does their best, we will definitely try our best to fight for your race's benefits after the demonic tribulation."

Humph, you want to trick us into working for the realm of heavenly martial arts with just one 'try'?"

If the realm of heavenly martial arts can't give us enough resources, why should we protect it?" Mo sneered. "If the realm of heavenly martial arts can't give us enough resources, why should we protect it?" "This is the realm of heavenly martial arts of the human race, not the realm of heavenly martial arts of the world!"

Lingmu Di and the others were all stunned. It was almost impossible to refute what he said.

Yunxiao found it strange as well. The judge was not the kind of person with a sharp tongue, but he was at loggerheads with him today, and his logic was clear and sharp.

His divine sense flickered slightly, and a trace of golden light flashed through his eyes. He immediately understood.

From the beginning to the end, Al had been secretly leading, most likely using sound transmission techniques.

After all, Al was a woman, and her aura was much weaker. Moreover, she had just lost to Yunxiao in the technique, so it was inevitable that she did not have enough confidence when she spoke.

Yi was different. Although he had an agreement with Yunxiao, he was a creation realm expert and the current Emperor of all demons, so he had enough strength and confidence to negotiate with the human race.

I understand what you and Mr.ai mean, " Yunxiao said. the key to the problem is that we don't have the right to do so. It's not that we don't want to. I think the wise move now is to put aside the debate and fight the enemy together." He mentioned 'Mr.ai' on purpose, but also indirectly said 'I know this is what you want'.

Al was a smart person and naturally understood what he meant. He smiled and said, " we understand young master Yun and the other Lords 'intentions. In that case, we won't force you.

Everyone was stunned and couldn't believe their ears. Could it be that the demon race was so easy to talk to and didn't fight anymore?

The referee was also stunned, and the powerhouses behind him also showed puzzled expressions.

Previously, Al Hui had analyzed the situation with everyone. Although they had lost the bet and joined the heavenly martial Alliance, they had to seize this opportunity and plot a ten-thousand-year plan for the demon race. But, she did not expect that she would give up as soon as Yunxiao said so..

Chapter 2205 - change in strategy

Yunxiao was very touched. He cupped his fists and said, "Mr. Ai is truly a man of righteousness. I really admire your magnanimity."

"Yes, that's the spirit of Martial Emperor Lei Feng, who is selfless and only benefits others!" Li Mangshan quickly said.

The crowd was stunned and looked at him strangely. Lord Mang Shan knows

Martial Emperor Lei Feng as well?"

Li Mangshan nodded. 'I've seen him before. What's wrong?'

Everyone,"hehe."

Yunxiao patted his head and shook it. "It's nothing,"

Al smiled and said, "I don't really understand the spirit you're talking about. I just don't want to make things difficult for you." After all, it was fate that brought them together. And I firmly believe that if the Lords had the authority, they would definitely help."

"Yes, yes, Yes, that's right."

Everyone echoed, praising Al Hui for being understanding.

A smile flashed across Al Hui's eyes, and he said with a smile, "With the words of the Lords before me, I'll be thick-skinned and say it.

"The monster race has been living in the cracks of the Eastern Region for a long time, which is not conducive to the development of the clan. I'm begging young master Yun to help me with something within my authority."

Yunxiao cried out in his heart. Although he had a faint feeling that he had been tricked, Al Hui had hidden it too well, so he had to suppress it before he could do anything. When he met Al's profound gaze, he felt a little uneasy and subconsciously asked, "What is it?"

The corners of Al's lips lifted slightly, making her pretty face look even more gentle and harmless. She smiled and said, "Since young master Yun is the city Lord of Yanwu, you naturally have the right to manage the affairs of the city. I hope that after the demonic tribulation, the entire demon race can integrate into Yanwu. When we find a more suitable place in the future, we'll leave immediately and won't disturb you too much."

"Ah?"

Yunxiao's heart jolted, and he was completely stunned.

The rest of the people were also speechless and petrified.

Yi and the other great demons instantly understood, and they couldn't help but smile.

The referee's previous stern expression was replaced with an innocent smile, Mr.ai is right. We know the city Lord's difficulties and his benevolence. We don't dare to raise conditions that are too big. We will only ask for one that the city Lord can do and within the scope of his authority.

"Hehe."

The few great demons behind him also laughed, each of them beaming with joy.

This condition was even better than the human race giving up part of their interests. After all, although the realm of heavenly martial arts was huge, which resource in the world could compete with Yanwu's?

Li Yunxiao, don't you have no right to rule over the world? But as the city Lord of Yanwu, you should be able to control the city's Affairs, right?

besides, the demons have been living in Yanwu for the past few days, " Al Qian said with a smile. they're very used to it and treat it like their own home.

Everyone loves young master Yun's Yanwu."

"This Yingluo."

Yunxiao felt cold sweat breaking out on his forehead as he said in embarrassment, " 'This Xuanji Yanwu is too small!

"Not small anymore."

Yanwu is so vast that it can accommodate a few demons, " Al hurriedly said. and isn't it still expanding?
" It's said that it's going to be increased by ten times!"

Yunxiao wiped the cold sweat off his forehead and said with an embarrassed smile, " "That's just 'said', it's not necessarily true, hehe."

"It's alright," Al said with a smile. Even if we can't live in Yanwu, the city is surrounded by the cloud heaven city Lord's territory, so we can just live outside the city. The demon race is used to sleeping in the open, so they don't feel tired even if they sleep in the wilderness."

The entire city of Yanwu was the best place for cultivation in the world.

with this ability, " mo Dao said, " I can help you with just one word. City Lord, you won't refuse, right? '

Al Immediately retuted,"now IS tnat possible'! " Just now, tne Lord ot Cloud SKY City made a solemn vow to all of you. All of you are top masters of the human race, and you can't just turn your words into farts, can you?"

The word " fart " came out of the mouth of a woman with an elegant bearing like her. It was extremely abrupt, and even she herself could not help but blush slightly.

Yunxiao felt a headache coming on. He did not know whether to agree or not.

Ding Ling 'er hurriedly explained, " Mr.ai is right. Yanwu does need to be expanded, and we welcome the demons to move in. However, they are our guests, and we can't mistreat you all. Let's invite the demons to move in after the expansion.

"Really? Thank you so much, Ling 'er!"

Obviously, Al Ming breathed a sigh of relief and thanked him with pleasure, as if she had been relieved of a burden in her heart. However, she still looked at Yunxiao with worry. After all, he was the city Lord of Yanwu.

Yunxiao's heart stirred. He had understood the meaning behind Ding Ling 'er's words. She would let the demons live in after the expansion, which meant that if they did not expand, they could openly not let the demons in.

After all, she was an extraordinary woman who had been in the business world for a long time. Her eloquence and calculative mind were not something qu Hongyan and the others could compare with.

Now, he could only deal with it in a roundabout way. In the future, he could take one step at a time. Perhaps he would directly die in the demonic tribulation, and there would be no more trouble.

Yunxiao nodded in agreement.

The corners of Al's mouth curled up in excitement, revealing her pearly white teeth. Even Richard, who was always serious, showed a rare smile and said, "Many thanks."

Yunxiao was very depressed, wondering if the demons would fight him to the death if Yanwu stopped expanding in the future.

"According to the bet, I'll also offer the items I refine to the heavenly martial Union," Ai Xin said happily. After she finished speaking, she took out a ball of golden light and held it in her palm. She unwillingly

stretched out her fingers and stroked it, saying, I thought that this was the limit of the world's refinement and that I would definitely be able to defeat young master Yun, but I didn't expect to still lose.

A trace of desolation flashed past her eyes. Her beautiful face, coupled with a faint disappointed expression, made all the male creatures present pity her.

Even Qu Hongyan and the others couldn't bear it.

There's no need to belittle yourself, Mr. Ai," Yunxiao said hurriedly. There's no doubt that you are the greatest Alchemist in the world. The only reason I was lucky enough to win was because of the Maha ancient god art. If I didn't have this opportunity, I would have lost."

Al composed himself and smiled, "opportunities are also a part of strength." A loss was a loss. Although it was a little uncomfortable, it was not a bad thing. This will let me understand that I have yet to reach the limits of the art path, and the road ahead is still long."

On the day of the competition, Al Hui had even chosen to sacrifice herself for righteousness, but he had not expected her to be able to let go of success and failure so easily.

This spirit of understanding victory and pursuing the art of Dao industriously won everyone's respect.

Al continued, "I thought that the rules of creation would be of great help to young master Yun, but now it seems that it's still far inferior to the Maha ancient God tactic." I don't have any better gift for you, young master Yun." you're too kind, Mr. Ai," Yunxiao hurriedly said. This gift is extremely precious.

The characters in the ball of golden light flickered continuously. Although they were not as majestic and domineering as the Maha ancient character, they were a brand new character of laws. Moreover, the difficulty of comprehending them was relatively lower. If he used them as a step, it would be easier to reach the height of the Maha ancient character.

He carefully held the law of all creation in his palm and carefully put it away.

congratulations, young master Yun, ” lingmu di said with a smile. you’ve obtained two precious treasures in a row, both of which are extraordinary. I’m now more confident in dealing with this demonic tribulation!

especially the master of ups and downs, ” li Mangshan said. if you can fully control it, its power will probably not be inferior to that of a heavenly Saint weapon.

“It’s completely possible,” Bo mu nodded. The divine realm tablet was a projection of the power of this realm. When Master ups and downs had just appeared in the world, he had directly broken the chains of the law, and his full power might be above the power of the realm. At the very least, it’s an existence that’s beyond our understanding.”

“This way, we’ll be more confident about what we’ve discussed before,” li

Mangshan said.

a negotiation? ” Yunxiao asked. a negotiation? ”

young master Yun was still in a coma before this, ” Ling mudi said. regarding this demonic tribulation, our heavenly martial Union and mysterious separation Island have had several in-depth exchanges and reached some consensus.

Everyone returned to Yanwu and gathered some of their leaders in the city Lord’s mansion.

Yunxiao and lingmu di sat at the head of the table, followed by the people of mysterious separation Island and the demon race, and then the commanders of the heavenly martial Union.

This was the first time Yunxiao had shown his face in more than three months after the magic art.

When everyone saw that he was fine, they all came forward to congratulate him, revealing happy and excited expressions.

The battle had raised Yunxiao and Al Hui's status in the hearts of the world to an unparalleled height.

Yunxiao also thanked them one by one. After a short greeting, the scene quieted down.

"Young master Yun," lingmu di said, "while you were recuperating, I've talked to the elders of mysterious separation Island many times about our views on the demonic tribulation. Since the last battle at the red moon City, the demons had not made any moves until today. It was likely that the demons had also suffered heavy losses. It seems that the power of the devil World is not as terrifying as we thought." my Lord, do you mean that the fiercest demonic war has passed and is now coming to an end?" Yunxiao asked suspiciously.

"Of course not!"

"I mean, maybe we can change our current strategy," said lingmu di.

He exchanged a look with the three princes of mysterious separation Island, and the three princes all nodded slightly.

Yunxiao frowned slightly as he listened patiently.

"It has always been the demons who have invaded us," lingmu di continued. "We've been in a passive state of defense. It's normal for the weak to be beaten." however, since the last battle at the red moon City, although the heavenly martial arts realm has suffered heavy losses, there have been many strong cultivators who have directly broken through the shackles and entered the fate realm. The present is no longer the same as the past, and the number of manifestation stage cultivators is no longer less than the demons."

Yunxiao nodded slightly and said, "I captured a fiend Lord. According to him, The Fiend realm is ruled by eight fiend supremacies. One of them died in the battle of Red Moon City. If what he said is true, there should be seven more demon venerable powerhouses in the demon world.."

Chapter 2206 - magic breaker

“That’s right, but only seven!”

Lingmu di deliberately emphasized the word “just” and said with a firm expression, “ in the heaven martial realm, ye Qingyu and the three Kings are all in the fate realm. Feini and Mr. Nie are also in the fate realm. Although I haven’t reached the fate realm yet, I’m not far from it.

Yunxiao was overjoyed when he heard that. He knew that the lingmu flute must have made great progress recently, so he quickly cupped his fists and said, ” “Congratulations, Lord mu di!”

His joy and congratulatory words came from the bottom of his heart.

Among the many powerhouses around him, the one who had accompanied him, helped him the most, and made the greatest contribution to the heavenly martial arts realm was none other than Chu mudi.

“I should be the one thanking you, young master Yun,” lingmu di said with a smile. He was referring to Feng Yaoli’s true body, which Yunxiao had provided.

The two of them smiled at each other. Their friendship as teacher and friend was expressed without words.

Lingmu di continued, ” that’s why I’ve calculated it with a few Lords from mysterious separation Island. The heavenly martial arts realm’s power is not as strong as the devil realm’s, but the difference is not too big. However, the premise of this conclusion is that there are no Holy devil level powerhouses in the devil realm.”

Yunxiao pondered for a moment, then shook his head and said, ” “I don’t agree. First of all, it’s still unknown whether there are Saint Devils in the devil World, and secondly, the eight Supreme Devils are only the power on the surface. Don’t forget that in the tiandang mountains, the few people who robbed the Saint Devil Hall claimed to be from the Saint Devil family of the ice region, and they also had the power of a Supreme devil.”

that’s right, ” lingmu di said. the devil World must have some hidden strength too. It’s impossible that there are only eight devil Lords. But don’t forget that there were also powerful existences in the

heavenly martial realm, such as the master of the abyss of the sea, and the realm that had yet to open. There should have been people like the true dragon and the others. Speaking of which, the ultimate was also considered an expert in the heavenly martial realm. It's just that it's very difficult for us to use these forces. By the same logic, even if there are other forces in the demon world, I'm afraid they can't be

United."

even if it's as you said, my Lord," Yunxiao said thoughtfully, "I wonder what this means? Or do you have any good ideas?"

yes! li Mangshan laughed. Lord mu di discussed with us and came up with a bolder idea. We'll take the initiative to enter the Devil World!

"What?" voluntarily entering the demonic realm?!

As soon as these words were spoken, other than a few people who knew about it in advance, the entire place was in an uproar.

All sorts of confusion, shock, contemplation, and even refusals spread throughout the hall.

Everyone was discussing without any apprehension and expressing their own opinions.

"Isn't this too risky?" mo asked in a deep voice. After all, we've only been invaded by devil tribulations for countless years, and we've never heard of anyone entering the devil realm. Our understanding of the devil realm is almost zero."

"Yes, you're right, demon Emperor."

The voices of agreement from below joined together, all of them extremely approving.

As the Lords had said, the strength of the realm of heavenly martial arts was not weak now. If they focused on defense, they had a great chance of surviving the demonic tribulation. However, if we advance rashly and give up the huge advantage of 'realm power suppression', it would be unwise."

MO nodded. that's right. If we enter the Devil World, we'll also be suppressed by the world power of the devil World. In addition, the devil realm's level is higher than the heavenly martial arts realm's. Even if a creation realm expert enters, they might not even be able to defeat their second grade devil Lord."

Bo mu frowned. I'm also in favor of continuing to defend. We can't be greedy and advance rashly. The loss of any manifestation stage expert is unbearable.

The voices in the hall were almost one-sided, all against entering the devil realm.

Lingmu di and the others looked at each other and smiled, as if they had expected this situation.

Lord mu di and the three Kings have agreed to enter the Devil World," Yunxiao said thoughtfully. have they figured out the way to enter the Devil World left by Lu congzi? '

"Not bad! Young master Yun is indeed intelligent."

Lingmu di was full of admiration for Yunxiao's keen insight. After a pause, he sighed with emotion and said, " it's a pity that Lu congzi is also very intelligent and an extraordinary talent. Such a Dragon among men has actually fallen and become a demon. It's a great loss!

Yunxiao's face turned a little unsightly when lingmu di mentioned Lu congzi several times. His heart ached for Lu congzi's Demonic Cultivation far more than the others present.

according to the secret art provided by young master Yun," Ling mudi said, ' I've found some alchemists and experts to study it, and I've finally fully comprehended it. Not only can this secret technique allow us to pass through the devil realm, but it can also greatly reduce the suppression of the devil realm's power on us."

I've already sent a few experts to conduct experiments on the cracks in Red Moon City," li Mangshan added. however, for safety reasons, they didn't go too deep in.

Yunxiao subconsciously touched his chin and asked, "How much can the pressure from the realm power be reduced?" we've also estimated this value," lingmu di said. about a third.

"Only one-third?"

Yunxiao frowned as he shook his head and said, "It's far from enough,"

"It's indeed a little," said lingmu di,"but it's already an amazing secret technique." Lu congzi had joined the devil himself, and with this secret technique, he was probably able to fully adapt to the world power of the devil realm. Sigh, how good would it be if this person didn't betray us!"

what has happened can't be changed," Yunxiao said. besides, the heavenly martial realm is full of talents, and there has been no shortage of geniuses since ancient times. It doesn't mean that it can't be used without him."

He had a deep grudge against Lu congzi, and hearing mu Yu di mention it many times made him feel very uncomfortable.

Lingmu di noticed the displeasure on Yunxiao's face, and he sighed in his heart. "You're right. However, just the comprehension of this secret technique isn't enough for us to acknowledge our entry into the devil realm. The second reason that supports our idea is that master Amaterasu has already made a complete copy of the mana lock."

"Really?"

Yunxiao shot to his feet, his eyes gleaming.

He had personally experienced the power of the demonic vitality lock. It could completely lock the operation of demonic power and was a fatal nemesis to the demonic race.

It was a sharp weapon that Lu congzi's master had developed after countless generations.

Tian Zhaozi was also in the hall. He stroked his white beard and nodded with a smile. "It's all thanks to Lord Al's help. Otherwise, with this old man's stupidity, I'm afraid I wouldn't be able to replicate it even after ten or a hundred years."

Since Al could comprehend and refine the rules of all living things, it was only natural that it could comprehend and replicate the mana lock.

Yunxiao looked at Al Hui and bowed deeply. Mr. Al's action has made a great contribution to the realm of heavenly martial arts. It's hard to estimate.

Al hurriedly stood up to return the greeting and said, "young master Yun, you're too kind. It's my duty." Even though I've completely mastered The Fiend essence lock, its materials are extremely precious, and I'm afraid that even the entire realm of heavenly martial arts can't make many of them."

That being said, Yunxiao was still very happy. "Of course. If it could be easily made, Lu congzi's lineage wouldn't have only one. However, Yu Shengfeng had already found a way to counter the devil essence lock, but the devil world's people didn't know about it. This item is too precious, enough to surprise them and catch them off guard!"

With a smile in his eyes, lingmu di looked at Yunxiao and said, " Young master

Yun, do you agree to let us enter the Devil World now? "

Yunxiao was taken aback, and his excitement immediately diminished. He shook his head and said, " no, although the devil essence lock is powerful, it's not enough to deal with the dangers of the devil World. It's still too risky to enter.

young master Yun is indeed a cautious person. This is a big deal.

"We've already sent miss Ling 'er to gather the raw materials all over the world after we've forged the demonic essence lock," replied Amaterasu with a smile. In the past few days, I've been discussing with

Lord Al about how to attack and defend against demonic Qi, and I've also made quite a few achievements."

He clapped his hands, and an Alchemist immediately came forward with a proud look on his face.

The Alchemist looked around, then raised the corners of his mouth and flicked his fingers. Two beams of light shot out and transformed into two treasures in the hall.

One of them was a Scarlet Blade, thin and sharp, with the color of blood iron. Nine arrays were carved on the body of the blade side by side, emitting a gray luster.

The other was a war Armor. The black armor was simple and elegant. There were not many decorations except for the lines on the chest armor, which were printed with a green and red fierce beast. It exuded a heavy and solemn aura.

"This is a Kasaya."

Yunxiao sensed that although both of them were ninth-tier Mystic artifacts, their quality was very ordinary. However, the demon attack and demon defense mentioned by Amaterasu should be focused on this formation.

young master Yun," Tenshou Zi said. you're also a devil cultivator. You can feel it.

yes! Yunxiao nodded and said, " how do you feel it? "

Although The Alchemist looked proud, he looked at Yunxiao with respect and did not dare to show any disrespect. He cupped his fists and said, " Alliance master Yun, please excuse me!"

Yunxiao waved his hand and said with a generous smile, " Come on."

The Alchemist performed an incantation gesture with one hand and hit the blade. The blade immediately buzzed, spun in the air, and then slashed at Yunxiao.

With a wave of his hand, a ball of demonic light flickered and formed a black barrier in front of him.

“Swish!”

The blade light flashed and drew a red line in the space. It directly stabbed into the barrier, and the tip of the blade penetrated an inch.

Yunxiao’s eyes shone as he praised, ” “What a divine weapon!”

“This kind of weapon also referenced the principle of the devil essence lock, and the damage to the devil can be increased by three times at most.” Al nodded gently and smiled.

“Three times?”

“DA! I didn’t hear it wrong, right?”

Everyone was shocked, and their faces were filled with horror.

Everyone present in the hall was an expert of the present age. They naturally understood how terrifying it was to have their damage tripled.

However, this was only extremely effective against martial artists below the void realm. A divine sovereign realm expert could still use it, but it would be impossible for any higher than that. The demon-breaking blade could not withstand the power of a void realm expert at all. It would probably self-destruct before it could even harm the enemy.

Even so, it was still an extremely terrifying product of alchemy. Once it was mass-produced, the overall combat power of the heavenly martial arts realm against the devil realm would soar instantly..

Chapter 2207 - demon-resisting armor

“Can this saber be mass-produced?” Yunxiao asked, ‘

It was no longer important how much damage it could increase. The key was whether it could be mass-produced. If it could only be created a few times like the mana lock, then the meaning would be limited.

Ai Weiwei shook her head and said, “although the manufacturing cost is lower than the mana lock, it can’t be considered mass production.” With the heavenly martial Union’s current resources and techniques, it’s still possible for them to produce thirty to forty swords a year.”

“I’m afraid thirty to forty is a little too little!”

Yunxiao looked straight into Ai Hui’s eyes and asked solemnly, ” “What’s the maximum level you can forge?”

Al sighed, thought for a moment, and said, “According to my estimation, if an Alchemist were to devote himself to the refinement of this kind of blade, he might be able to make over a hundred pieces in a year. But a hundred pieces is really the limit, and it’s hard to go higher. Any higher and the quality will be affected.”

“Haha, a hundred! Very good!”

Yunxiao laughed as he turned his eyes to tenzhaozi and said, ” “Lord Amaterasu, can you gather all your power to forge this blade?”

young master Yun is too idealistic. The one hundred pieces that Lord Al said included the MU family, who built the city’s defense, and the array Masters led by Lord Teng Guang.

Tian zhaozi shook his head with a bitter smile and denied, ” “The tasks of the alchemy Department are very heavy. It’s only possible if everyone gives up on what they’re doing.”

“In addition, although the material of this kind of demon-breaking blade is not as precious as the devil essence lock, it is also an extremely rare item. Miss Ling ‘er may not be able to produce 100 pieces of raw materials in a year. Let me say something that young master Yun doesn’t like to hear. Let alone 100 pieces, I don’t think it’s possible to complete even the 30 or 40 pieces that Mr.ai said. It’s already the limit to be able to forge thirty pieces in a year.”

His words undoubtedly poured a bucket of cold water on Yunxiao and everyone else in the hall.

But, when Yunxiao thought about it carefully, he knew that what tenzhaozi said was true. He could not help but sigh and feel a little dejected.

This was because all the previous mo Wars had been extremely tragic, especially the last battle of Redmoon city, where many of their comrades had

died. If everyone had been equipped with a demon-breaking blade, the casualties would have been reduced by at least half.

Thinking of this, he appeared a little anxious.

“The arrangement of the great rebirth blissful formation has been completely taken over by Lord Teng Guang. The MU clan’s current task is to refine the twelve golden men and the floating city. If young master Yun needs manpower, we can stop at any time and join in the forging of the demon-breaking blade.”

the task of city defense is also very important, ” Yunxiao said helplessly. you must not stop.

Then, he thought of Lu congzi, and his heart burned with anger and hatred. If the alchemists of the sea of soul formation were still here, the alchemy power of the heavenly martial Union could at least double.

“In fact, I estimate that the number of demon-breaking blades will be even fewer,” Amaterasu said after some thought.

Yunxiao frowned and said unhappily, "What now?"

Tian Zhaozi pointed at the war horse and said, "Because the refining of this demon-resisting armor is more time-consuming, energy-consuming, and raw materials than that of the demon-breaking blade."

"Demon-controlling banner?"

Yunxiao looked at the armor, and without waiting for Tian Zhaozi to say anything, he shot a beam of devil light at it.

The demonic light struck the Chi, causing it to emit a crisp clang and a ring of light to ripple.

The puppet fighter kept shaking under the impact, but the demonic light only dented the puppet fighter's body the size of a thumb.

Yunxiao was shocked again. He kept staring at the armor, then sent his divine sense into it and began to analyze its structure.

The Great Hall quieted down. Almost everyone was holding their breath.

Because Yunxiao had refined a holy sword and shattered the chains of laws in the previous battle, everyone recognized him as the strongest Alchemist of the present age.

There were only a few people who were fighting to discuss the various issues in detail, but they were all harmless.

A moment later, Yunxiao retracted his divine sense and sighed. "Mr. Ai and

Lord Amaterasu have given me too many surprises today. If we go all out, how many pieces of this armor can we produce in a year?"

The moment he said that, it proved that he had already acknowledged the defensive power of the armor.

“The armor’s defense against demonic Qi attacks is several times stronger than normal attacks,” said Tian Zhaozi. If a true immortal realm warrior is equipped with the demon-breaking blade and the demon-resisting armor, his attack and defense would be three times stronger than before!”

Due to the data of the magic breaker blade, the crowd’s clamor and exclamations were somewhat restrained, but it still caused quite a commotion.

Yunxiao rubbed his temples, feeling a headache coming on. Such a good thing was placed in front of him, but he could not mass-produce it to increase the strength of the entire heavenly martial League, which made him very anxious.

“With the power I have,” Amaterasu said, “if I go all out to mass-produce the armor, I’ll be able to produce at most 15 a year. That’s half the number of anti-demon blades. However, because we won’t be in our ideal state this year, and there are all kinds of missions, I’ll conservatively estimate that we’ll have ten.”

“Ten kasayas!”

Yunxiao smiled wryly and said, “Isn’t that too little? It’s not even enough for everyone here to get one, let alone promote it.”

“That’s right, it’s not enough. However, this demon-warding armor is even more useful than the demon-breaking blade, because there is no level limit for it. Even the Lords in the creation realm can wear it, although the little bit of defense might not be enough for you.”

“If the Fiend-breaking blade and the demon-resisting armor are refined at the same time,” Yunxiao said gloomily, “we won’t be able to produce more than a few in a year.”

Amaterasu nodded. Looking at everyone’s disappointed expressions, he sighed. “It’s better than nothing.”

you're right," Yunxiao said. the refinement of every profound artifact can reduce the casualties of a comrade. I'll have to trouble Lord Amaterasu this time."

"I'll do my best, I won't dare to neglect you!" Tenshou Zi bowed.

Lord mu di," Yunxiao looked at lingmu di and said," is the third reason why you decided to risk entering the devil World this demon-breaking blade and demon-resisting banner?" that's right," lingmu di nodded. with these two items, we can have an easier time when we encounter ordinary demons. We can preserve more of our vital essence.

Although the power of the demon Vanquisher blade was limited, it was still very effective against ordinary demons. If he encountered a second grade demon monarch, he would try his best to avoid fighting.

When they encountered demon Venerables, they would immediately escape. The entire demon world was so vast, and on the surface, there were only seven demon Venerables left. There was no reason for them to meet.

"Our purpose in entering the devil World is not to turn our defense into an attack," li Mangshan said.'We're just gathering preliminary information. it has always been the demonic realm that invades us, and they have a very good grasp of information about the heavenly martial realm. On the other hand, we have almost zero information about the situation inside the demonic realm. The information asymmetry has also caused us to be passive in the war. So our idea is to start building a preliminary information file on the demon world. Even if it's not useful this time, we can leave precious materials for future generations. "

Hearing that, Yunxiao was also quite tempted. "I was short-sighted. The suggestions of the Lords are very reasonable. If they only went in to Scout for information and gather all sorts of information, the feasibility was indeed very high. It'll also be of great help to us. I wonder if you have any specific arrangements?"

quality is more important than quantity," lingmu di said. so, I plan to go into the devil World to investigate with only Lord mang Shan and me.

you two? ” Yunxiao was surprised. you two? ” If the two of you are in danger, the entire heavenly martial Union and mysterious separation Island will be in a passive position.”

thank you for your concern, young master Yun, ” lingmu di said with a smile. if we’re only here to find out the situation, the possibility of us being in danger is not high.

What he said was rather true. If they didn’t consider the influence of the realm power, even the demon venerable might not be able to keep them.

I remember that mo PU once said that because I have his fiend energy, I will not be suppressed by the realm power even if I enter the Devil realm, ” Yunxiao said thoughtfully. If you must go, I’m the most suitable candidate.”

“You can’t!”

no! lingmu di immediately objected. you’re now the heavenly martial Alliance’s leader. Your every move is related to the safety of the world. If something were to really happen, the consequences would be hard to predict.”

didn’t you say that the possibility of something happening is not high, my

Lord? ” Yunxiao laughed.

it’s not serious, ” lingmu di said. but we can’t bear the one-ten-thousandth of the consequences.

of course not! Yunxiao said confidently, ” with The Fiend essence lock and my own divine power, this possibility is not even one in ten thousand. Unless I encounter a Holy demon in the demon Realm, even the demon commander will find it difficult to keep me here.”

Feiyang, you should listen to Lord mu di, ” qu Hongyan said worriedly. besides, you’re still injured, and your energy has not fully recovered.

there's no hurry to enter the Devil realm," Yunxiao said. I'll be fine after I recover.

Seeing that the crowd was still trying to stop him, Yunxiao waved his hand impatiently and said, "There's no need to say anymore, I'm definitely involved in this matter. Lord mu di, please make a detailed plan. After I've fully recovered, I'll go to the devil World."

but Yanwu can't be left unguarded," he said after a moment of silence. let Lord li Mangshan and I go.

Lingmu Di's face was full of depression. Knowing that he could not persuade Yunxiao, he could only sigh and say, "be careful, young master Yun. I'll discuss the plan with the Lords in the next few days.

"Haha, my safety is even more assured now." Li Mangshan chuckled. Alliance master Yun, with that 'who's master' in your hands, I'm afraid that even a Holy demon can be cut in half with a single sword strike. Tsk, tsk."

I'm still counting on you to take care of me," Yunxiao said with a wry smile. my Lord, I'm counting on you.

Li Mangshan smiled and nodded. we'll take care of each other. We'll take care of each other. We'll try to come back alive.

After the matter was agreed upon, there were no more questions, and everyone left one after another.

we've been working hard to create two sets of devil essence locks, devil-warding armor, and devil-breaking blade," Tian zhaozi said. we've used the best raw materials for the two lords in the devil World. Although this might not be of much help to the two of you, it's still good to have a little more chance of winning.."

Chapter 2208 sacred demon's threat

No," Yunxiao hurriedly said. thank you, my Lord! In the face of a great enemy, these three profound level weapons will definitely be able to play a great role!"

"That's good!"

With important matters at hand, Amaterasu and the others did not dare to delay, and all of them retreated after beckoning.

The Three Kings also took their leave and continued their seclusion.

Soon, the hall was empty, leaving only a few core figures of the heavenly martial League.

there's one more thing I need to deal with before I go to the devil World, "Yunxiao said. I'll go to the devil World first. It's the prison Dharma body above the North Sea."

Lingmu di nodded and said, "yes, I was just about to talk to you about this." If the evil spirit is allowed to possess the Dharmakaya, the heavenly martial Union will have another powerful being in the manifestation realm. This is a huge gift from the heavens!"

I asked the crocodile to guard the avatar, "Yunxiao said. to avoid any accidents. However, it's too far away, and the connection with the crocodile has been cut off. Let's go to the North Sea first. Perhaps we can sense the crocodile's location."

There's no need for young master Yun to do this himself, lingmu di stopped him. you can stay in Yanwu and recuperate. I'll go with the Duanmu siblings and a few other experts. After all, you're still in a very weak state."

Yunxiao thought for a moment and said, "I think I'll go. After all, you can't sense the crocodile's existence. Although the Duanmu siblings' divinations were wondrous, the more accurate they were, the greater the price they had to pay. It was best to let them do as little divinations as possible. As for Lord mu di, it would be better for him to stay in Yanwu. After all, at least one of us has to stay in the city"

alright," lingmu di could only compromise. I'll go prepare a warship. This way, young master Yun can still recuperate on the warship. Although it may take some time, there's no rush now."

That's good, "Yunxiao nodded and said with a smile. that's good.

After the discussion, the heavenly martial league's core members left one after another.

Yunxiao asked Beifeng Nan to inform the evil spirit and make preparations for departure, while he continued his seclusion.

He had never experienced a situation like the master of floating who was being refined. His essence, Qi, and spirit were so exhausted that it was difficult to recover. It was as if a lifetime's worth of strength, talent, and talent had been exhausted in this battle.

Previously, every time he used it, he would only need a few days to be fully recovered and resurrect on the spot. But this time, it was a rare slow process. Moreover, he had a faint worry in his heart that he would never be able to recover.

Yunxiao calmed his heart and began to cultivate the great expansion divine technique to nourish his exhausted essence, energy, and spirit. Circles of golden light spread out from the incantation gesture on his fingertips, in sync with the frequency in his mind.

Several hours later, Yunxiao slowly opened his eyes, which were full of worry.

There was nothing wrong with the process of cultivation. If it was in the past, he would have recovered by more than half, but now his essence, Qi, and spirit had increased by a tiny amount.

"Is it really impossible to recover?"

Yunxiao was startled, and his fingertips turned cold. The so-called 'essence, Qi, and spirit, to a great extent, depended on a person's soul power, which was also the foundation of an Alchemist.

If my essence, Qi, and spirit can't be restored and I can't refine it again in this life, I'll regret it.

Yunxiao suddenly felt a lingering fear. The consequences were unimaginable and unacceptable to him.

Is it worth it to bet all my luck and talent on this holy sword?"

Yunxiao's eyes were filled with confusion, and a touch of melancholy flashed through his heart. His mind was a little blank.

All of a sudden, a wave rippled in his heart, as if he had sensed something.

"What is she doing here?"

Yunxiao frowned. After pondering for a moment, he turned into a flash of lightning and disappeared from the secret chamber.

Outside Yanwu, thousands of feet high in the sky, Xiao Hong and Jing Qi stood in front of each other, quietly.

A hundred feet in front of the two, a huge heart Flame bloomed, transparent and dustless, as beautiful as its master.

Suddenly, a green light flashed past, and Yunxiao showed up. He glanced at the two of them, and then his eyes fell on Xiao Hong. "What are you doing here?"

Xiao Hong's expression changed slightly. She had made a huge decision to come over, full of anticipation and longing. However, she did not expect that the person who had come from thousands of miles away to watch over her would immediately throw a cold reproachful sentence at her the moment she met her.

All of her hopes were dashed. The ice flame a hundred feet away suddenly shot up, just like her state of mind at this moment, turning from crystal clear to turbid and blazing.

"Why can't I be here?!" He gritted his teeth.

Yunxiao was taken aback. He was a little surprised by Xiao Hong's reaction, and wondered if he had said something wrong and offended her.

Xiao Hong saw his dazed look and became even angrier. Her eyes were extremely sore, but she still widened her eyes and sneered, "you're right. Yanwu is your territory, and even the entire southern region is your territory. If you don't want me to come, I'm not qualified to come!"

Seeing that she was getting more and more excited, Yunxiao quickly said, "I didn't mean it that way. I was just curious about your sudden visit."

"Just asked? Is there anyone who would ask such a question?"

The more Xiao Hong spoke, the more emotional she became. Finally, she couldn't help but cry, and two lines of tears flowed down her cheeks.

"How should I ask if you're so silly?"

Yunxiao could not bear to see women cry, so he felt a headache and was at a loss.

Standing behind Xiao Hong, Jing Qi's face grew uglier, but he still remained silent with a livid face.

He knew very well about Xiao Hong's feelings for Yunxiao, and he also knew how he felt about Xiao Hong. He also knew Yunxiao's attitude toward Xiao Hong, and at the same time, he also knew Xiao Hong's attitude toward him.

"Why can't I be here?!" He gritted his teeth.

Standing behind Xiao Hong, Jing Qi's face grew uglier, but he still remained silent with a livid face.

He knew very well about Xiao Hong's feelings for Yunxiao, and he also knew how he felt about Xiao Hong. He also knew Yunxiao's attitude toward Xiao Hong, and at the same time, he also knew Xiao Hong's attitude toward him.

The falling flowers intentionally followed the flowing water, and the flowing water had no intention of loving the falling flowers.

Happy Junxi didn't know.

The person she longed for in her heart, the person she wanted to hold in her hands and protect, was made to cry by another man, but she could not do anything.

He knew that the gap between him and Yunxiao had reached a level that could not be crossed in his life. That feeling of powerlessness made him even more jealous, and he even felt like killing someone.

"Jing Qi, you're really a piece of trash!"

Jing Qi heaved a long sigh in his heart. His eyes reddened under his livid face, and he clenched his fists so hard that they made cracking sounds.

Yunxiao naturally noticed Jing Qi's reaction, but he did not take it to heart.

Jing Qi might be able to catch his attention in the next few years, but now he was just a passerby, so there was no need to waste his energy on him.

Xiao Hong was silent. She pursed her lips and stared at Yunxiao with her big eyes, letting her tears fall freely.

Fortunately, it was only for a moment. Perhaps it was because he had released his emotions, his mood was much better, and his tears stopped very quickly.

She gently wiped her cheek, and the ice fiend Heart Flame gradually became smaller and smaller until it disappeared.

"Didn't you return to the North Sea?"

Yunxiao did not know how to say it, for fear that she would cry again, so he carefully asked after thinking about it.

Xiao Hong's anger seemed to have yet to dissipate as he glared at her and said, "Can't I come back after I return to the North Sea?"

Yunxiao felt a little depressed when he found that no matter how he asked, he could not get anything good out of him. But, the other party's mood was much more stable than before, so he immediately said, "of course you can come back. You're welcome to come back anytime."

Xiao Hong replied with an "en" and felt much more at ease. "I came back this time because of the six paths demonic weapon. You should have sensed it, right?"

Yunxiao said in his heart. "It should be that di Jia has fallen," he said, nodding.

He then explained in detail how the devil Lord had come into being and returned to the devil World.

Xiao Hong was shocked when she heard this. She was stunned for a long time before she said awkwardly, "I'm much more at ease now that general has returned to the devil realm to hunt down that person. Otherwise, I won't be able to eat or sleep in peace."

What I'm most worried about is this person's identity and cultivation base, "Yunxiao said with a serious face. he was able to kill di Jia and seize the agama bone Cleaver. If this person is a Holy demon, I'm afraid that a new generation of demon masters will be born."

"Holy demon!"

"Devil Lord!"

Xiao Hong and Jing Qi were both taken aback by Yunxiao's speculation, but after thinking about it carefully, they found that it was not unreasonable.

To be able to kill di Jia and take Aghan's bone Cleaver, he had to be at least at the level of a demon Supreme. It was even possible that he was a Holy demon.

"Then what should we do?" Xiao Hong asked in shock.

We don't have to worry about this for the time being," Yunxiao said. mo PU will worry about it. Unless the other party was really a Holy fiend, it should be enough to deal with it with the strength of pop.

However, if it's really a Holy demon, Qianqian MOFU is in danger."

"Should we go to the devil World and help mo PU?" Xiao Hong asked after a moment of silence.

Yunxiao gave her a look and knew that this woman was never overcautious in her actions. He shook his head and said, " "Do you think it's appropriate to help mo PU? Once we enter the Devil World, we can't do anything about it. If we were suppressed by mo PU or some other unknown expert, and the devil essence of the devil Master Emperor was extracted from our bodies, it would really be like sending warmth from thousands of miles away to the devil World to create a Holy devil."

Xiao Hong frowned and thought, but in the devil essence I obtained, I vaguely remember that as long as I have the rainbow stone, I won't be afraid of the realm Power'sv suppression. Therefore, whether it's you or me, we can do as we please in the mo world."

"Oh? There's such a thing?"

Yunxiao's heart skipped a beat, thinking that it would be great if everyone was given a neon stone, but he immediately dismissed the idea.

Not to mention that it was impossible to have so many rainbow stones. Even if there were, ordinary martial artists would not be able to withstand the strange power of the rainbow stones and would probably be directly possessed by the devil.

Xiao Hong nodded and said with a heavy expression, " if Qianqian, I mean Qianqian, if mo PU really dies and a new demon master is born, will the heavenly martial arts realm be able to match him?"

Yunxiao's face also turned serious.

If it was just an ordinary Holy demon, he might be able to put up a fight, but a demon master with a six paths demonic weapon was extremely terrifying.

"Things haven't developed to this point yet, so we shouldn't make wild guesses, but we can't let our guard down." I just happen to have plans to enter the Devil realm, so I can inquire about this matter when I'm done."

"What? You want to enter the Devil World?"

"Take me with you!" Xiao Hong was taken aback and quickly said.

Chapter 2209 - searching for the prisoner

Jing Qi was taken aback. He wanted to stop Yunxiao, but at the thought of his identity and Xiao Hong's attitude toward him, he knew that it would be useless to stop him. In his anxiety, he had no choice but to look at Yunxiao, hoping that he would stop him.

"Why?"

Yunxiao did not notice Jing Qi's gaze at all. He asked in confusion, "What do you want to do in the devil World?" although you and I have both obtained the devil Lord monarch's devil essence, I'm different from you. The devil is only one of your cultivation techniques, while I'm a spirit born from a rainbow stone. So to me, the best place is still the devil realm.

She suddenly raised her head and said, "Seriously speaking, I should belong to the demon race. Big brother Yunxiao is the heavenly martial Union's chief, so he might kill me in the future."

you're thinking too much," Yunxiao said with a smile. No matter what race they are, I don't have any enmity towards them. What I want to kill is the demonic race that invaded the realm of heavenly martial arts. I believe that most of the demons don't want to invade the realm of heavenly martial arts."

"Really?"

Xiao Hong's mood brightened up immediately. She smiled and said, "Although I'm a demon, the realm of heavenly martial arts is my home. I'm still on the side of the realm of heavenly martial arts in the war between the two realms."

Yunxiao nodded and said, "I hope you will always remember what you said today. I don't know what it's like in the demon world, but I think it's very bad. If you really want to go, it's not impossible, but you have to be mentally prepared. In addition, if there's any danger, we'll immediately think of a way to escape back."

"Mm! If there's any danger, I'll run back to find big brother Yunxiao!" Xiao Hong nodded heavily and stared at Yunxiao, her eyes flashing.

Yunxiao promised, but he smiled wryly in his heart.

How could he not know about little Red's feelings for him? it was just that he had too many love debts and no longer wanted to hurt anyone. He could only play dumb and turn a blind eye to it.

"Lord heavenly venerable, are you really going to enter the Devil realm?" Jing Qi, who had been silent for a long time, finally couldn't help but ask.

why?" Xiao Hong frowned and said unhappily, "what's that got to do with you?"

Jing Qi felt bitter inside, but he was already used to Xiao Hong talking to him like this. He stepped forward and asked, "If Lord heavenly venerable must go, I'm willing to accompany you!"

Xiao Hong curled her lips coldly and scoffed, "With your meager strength, you'll only be a burden to me if you enter the Devil realm."

Jing Qi's face was extremely unsightly, and his heart ached as if it were burning.

"Fine, it's up to you. I won't force you. However, if there's any danger, I won't save you. If you die, it's because you overestimated yourself."

Xiao Hong waved her hand, as if she was too lazy to talk to him.

She did not want to waste her precious time with Yunxiao because of this man. alright, " Yunxiao nodded. I'll go to the North Sea, and I'll go to the devil realm as soon as I come back. You can stay in Yanwu and cultivate for a while. Even though you are a rainbow stone spirit, the regulations of the ten directions of this world will also be of help to you."

"What are we going to do in the North Sea?"

Xiao Hong was stunned. She had just come from the North Sea.

I'm doing something, " Yunxiao said. but I don't know how long it will take, so I'll try to be as fast as possible.

"Then I'll go with big brother Yunxiao," Xiao Hong immediately said.

you'd better stay in Yanwu. We're just going to find someone. There's no danger, just a little more time.

"Looking for someone?"

Xiao Hong's eyes lit up. I've been in the North Sea for a long time, " she said hurriedly. I have a lot of men under me. I can help big brother Yunxiao.

Yunxiao did not want to take her with him, but when he saw the sincere look on her delicate face, he could not bear to refuse.

Furthermore, Xiao Hong had been staying in the North Sea for a long time, so perhaps she could really be of some help. After some thought, he said, "alright, you can come with me, but you must listen to my orders." Not only you, but he too."

He said, pointing at Jing Qi.

Jing Qi's anger, which had been suppressed for a long time, rose. He gritted his teeth and said, "I'm not a member of the heavenly martial League, so why should I listen to you? aren't your conditions a little too overbearing?"

"No problem!"

Xiao Hong agreed immediately. She turned around and stared at Jing Qi coldly.

if you like to hear it, then listen. If you don't like it, I'll kill you if you make brother Yunxiao unhappy!

Hearing this, Jing Qi was stunned. His bone-chilling eyes pierced through the air, and the murderous intent in them made him shiver.

Even if he didn't care about his feelings at all, how could he just abandon the master-servant relationship that he had followed for so many years?

Jing Qi was speechless. His heart seemed to have turned into a block of ice, falling straight into the abyss.

Even Yunxiao could not stand it anymore, so he said in a hurry, "I won't make things difficult for Lord Jing Qi. I'm just afraid that you'll be too careless and delay our plans. It's fine as long as you don't act on your own."

Jing Qi, on the other hand, didn't react at all. He stood there blankly with a pale face. He looked more like a zombie than his own.

He did not hear Yunxiao's words at all. Xiao Hong's heartless words echoed in his mind, cutting his heart one after another. He was in so much pain that he was completely numb. He did not even know how he had entered Yanwu.

A few days later, an ancient warship was teleported out of Yanwu.

At the same time, somewhere in the North Sea, the void was shattered, and the warship, which was hundreds of feet long and wide, rushed out of the passage.

On the warship, Bo mu was the leader, in charge of all matters.

Bolong and water deity had also followed, but everyone had made the best use of their time to cultivate in seclusion. Bo mu, on the other hand, didn't need to cultivate, so he was the commander in charge of searching for the prison Dharmakaya.

He identified the direction, and the battleship turned into a stream of light, heading in the direction of the sea Forest.

After the last battle, the forest of the sea was basically destroyed, but the location where they separated from the cage was near the forest of the sea, so they could only go to the sea to take a look.

According to everyone's analysis, the possibility of the prison Dharmakaya still being in the same place was almost zero. However, the North Sea was so big that it was really difficult to find it. They could only try it out bit by bit.

Furthermore, the Duanmu siblings and Zhuo qingfan had also followed him. If things really did not work out, he would have the Duanmu siblings perform the divination.

Zhuo qingfan had already turned the entire sea region upside down before the battleship had even reached the vicinity of the sea Forest. Even now, he was still searching the sea, but he had not found anyone.

Yunxiao had also tried several times, but he could not sense the crocodile's existence.

Everyone's search fell into a difficult situation from the beginning. The warship quietly stopped in the air, not knowing where to go.

Helplessly, Yunxiao had no choice but to call Zhuo qingfan back and ask Duanmu Youyu to come out and divine.

Duanmu Youyu took out the nine luminaries star staff and tapped the bottom of the staff lightly. The nine luminaries star staff flew into the sky.

“Clang.”

“Clang.”

Along with the sound of the staff rings colliding, the star staff emitted a Golden Shadow around it. The inside of the shadow was mottled and shone in all directions, as if the stars in the sky were revolving.

By relying on the power of the star staff, he could greatly reduce the damage caused by divination.

Duanmu Youyu continuously cast hand seals and sent them into the Star map, causing the star staff to tremble. Large waves of light rippled out and washed over the star map.

Yunxiao and the others stood aside and watched quietly, waiting for the final result.

Suddenly, the light wave trembled, and the stars around the star staff crumbled into light spots that filled the sky, disappearing in an instant.

Clang! Clang!

The nine luminaries star staff fell straight down and stabbed into the body of the ship, causing a circle of golden light to ripple from its original spot.

Duanmu you Yu seemed to have suffered a backlash. Under the surge of the golden light, he retreated several steps and spat out a mouthful of blood.

“Brother! What’s going on?”

Duanmu Cang was shocked. He hurriedly went forward to support Duanmu Youyu.

Duanmu Youyu's face was also filled with shock. He muttered to himself, "What's going on? Why couldn't he calculate anything? Such a simple matter is actually suppressed by a mighty force and can't be calculated at all!"

"A mighty power suppression?"

what's going on?" Yunxiao asked suspiciously. what's going on?" Tell me the details."

He had also cultivated the true primordial tactics and had some sense for space-time calculations.

"Even if Qiu's physical body is in the Dharmakaya realm, he shouldn't have such a powerful force to block divination, right?" yes. Duanmu Youyu nodded and said, "I'm afraid some other power has interfered."

is it luanyu?" Yunxiao asked thoughtfully. is it luanyu? "

"That's very likely," Bo mu nodded. In the four Seas, and even in the entire heavenly martial arts realm, the only one who has such power and would do such a thing is the true Dragon's feather."

damn it! Fei Ni Huo was furious. this old man should have been annihilated in history long ago. Who knows how much more evil he has done in his many years of life!

Duanmu Youyu shook his head and said with a frown, "With luanyu's current strength, it's still not enough to stop my divination. It's most likely that Shi long made a move."

"This is going to be troublesome." even if it's not luanyu, " Yunxiao said worriedly, " the crocodile is in danger.

Water deity flicked her sleeves, and a stern look flashed across her beautiful eyes. "This time, we must find that Luanyu and dismember him into ten thousand pieces! The forest of the sea was also destroyed by those stinky Dragons!"

"The most important thing now is, the four Seas are so big. Where are we going to find them? It's even more likely that they're no longer in the four Seas."

Duanmu Youyu gritted his teeth and said in a deep voice, "Let me try again! I don't believe I can't calculate it!"

"You can't!" no! Yunxiao stopped him. If we try to divine it by force and fight against that mighty force, we will only be seriously injured and lose our longevity.

"Young master Yun, you're worrying too much," Duanmu Youyu said with a bitter smile. Which generation of clairvoyants didn't die of old age? If the earthen jar broke without leaving the mouth of the well, the general would inevitably die in front of the battle. This was the case. All along, the Duanmu family has always lost their lives. I have never thought of living a long life.."

Chapter 2210 - returning to big wheel Island

Duanmu Youyu did not care about the crowd's attempts to stop him. He slapped the nine luminaries star scepter with his palm and immediately, a ring of sound rang out. Once again, the phenomenon of the stars appeared and revolved around him.

Countless Maha ancient characters flew out from Duanmu Youyu's seal. The spacetime rules contained in the divine skill of absolute beginning were constantly being displayed.

Everyone was staring at it, their eyes full of worry.

"Bang!"

After a long while, a crisp metallic sound was heard from the star staff, and a golden light shot into the sky, exploding like fireworks.

“BOOM!”

The golden light shot in all directions and then disappeared into the sky.

Seeing this, Duanmu Cang hurriedly made hand seals. A thousand hands and a thousand eyes appeared behind him, and countless runes were deduced on the thousand hands.

With the brother and sister’s combined efforts, they finally found some clues.

“The South!”

Duanmu Cang stared in the direction of the South and said in a serious tone, I still can’t figure it out. I only know that we should head south.

“South?” Xiao Hong frowned. The South is so big, isn’t this area a little too wide?” “Can you really divine it?” she asked suspiciously.

“What did you just say?”

Duanmu Cang turned around and glared at Xiao Hong. He gritted his teeth and said, ” “My brother has already tried his best. Just for this little clue, he has lost at least ten years of his lifespan!”

“Ten years, just like that?”

Xiao Hong’s eyes widened in surprise, and then it looked pitifully at Duanmu Youyu, who was sitting in the air, and shook its head.

“What do you mean by this?”

Duanmu Cang was so angry that he rebuked.

Xiao Hong smiled sweetly and shrugged. "I don't mean anything. I just think the clairvoyant's life is too hard."

"Little red!"

Yunxiao shouted in a deep voice. He was very dissatisfied with her words and deeds at the moment, and he regretted bringing her here.

He was on very good terms with the Duanmu siblings, and the two of them had always done their best to help him, even disregarding the loss of their lifespans. Xiao Hong's words were truly disheartening and embarrassing.

Hence, he angrily rebuked, "don't talk nonsense!" Young master Yu and Cang Du have already done their best, don't talk nonsense!"

Xiao Hong's expression changed slightly, and the corners of her lips curled up coldly.

She would not disobey Yunxiao's words, but deep down, she still did not acknowledge the Duanmu siblings' abilities.

Duanmu Yu slowly opened his eyes and smiled bitterly. "You can't blame miss Xiao Hong, it's indeed my lack of ability. However, the divination this time was really strange. Even Yuri and Shilong shouldn't have such great power. Everyone, please be careful."

"Could it be that nine abyss?" Bo mu suddenly asked.

the Lord of the Abyss?!

Yunxiao was taken aback, but then he shook his head and said, "That person's strength is unfathomable. If it's him, it's really possible, but I can't think of a reason for him to attack. It's most likely not him."

"That's strange," Bo mu said, perplexed.

Yunxiao knew that it was useless to dwell on these things, and he could not think about things that had no results, so he said, "We can only take one step at a time. Let's search the south First. Brother qingfan, I'll have to trouble you again."

"Understood."

Zhuo qingfan smiled and disappeared from the battleship in a flash.

"The area to the South is indeed rather large," Bo mu replied. Can you communicate with the sea tribe of the North Sea? It'll be much more convenient if they help."

There was a troubled look on polong's face. He hesitated for a moment before sighing, "Lord ancestor, I'll try my best."

If it was before, with the name of the ocean Emperor, a single order would naturally make the four Seas submit.

However, during the battle of the sea Forest, the royal families of the four Seas had fallen out with the sea emperor's palace, and all of them had died.

Without the royal family, poron had never communicated with the sea Race below, so no one would recognize him. In other words, at this moment, poron was equivalent to an Emperor of light.

He flew out of the warship and floated above the sea. It was early in the morning, and the milky white fog floating on the sea could not block the peeping of experts of their level.

After calculating the location, poron took a deep breath and formed a seal with his fingers, sending it into the sea.

After the surface of the sea had calmed down for a few breaths, a few figures broke out of the water, followed by a few pillars of water that shot up into the sky.

The ones who had been summoned were the patriarchs of the nearby sea tribes. After poron revealed his identity, those patriarchs were really furious.

“You dare to impersonate the sea Emperor, even if your strength is heaven-defying, we are not people who are afraid of death! Don’t expect us to surrender to your despotic power. If we meet again in the future, we will use the power of our race to behead you all into the deep sea!

The sea tribe’s patriarchs were all very unyielding. Even though they were suppressed by polong’s aura, they still cursed and swore, showing an unyielding attitude.

The few of them looked at each other, shook their heads, and sighed, letting them go.

let’s go south First, ” Yunxiao said helplessly. we might find something. What I’m most worried about now is that something has happened to the crocodile. With its astral wind body, it shouldn’t be in any danger. What exactly happened?”

At the end of his words, Yunxiao could not help but worry.

They had no other choice but to head south and see what would happen.

The battleship flew for more than half a day, but they still didn’t see any clues.

Along the way, all he could see was the vast ocean. If not for the needle on the battleship, everyone would have been lost in it.

bigwheel Island should be ahead of us, ” Jing Qi suddenly said.

bigwheel Island? ”

the central hub connecting the natural moat ocean and the heavenly martial realm? ” Yunxiao was taken aback. is it the central hub? ”

“Yes,” Jing Qi nodded.

Yunxiao was slightly surprised, and he seemed to have caught something. “I’ve been to bigwheel Island a few times, but I didn’t know it was in this Sea area. After all, the vastness of the four Seas was difficult to estimate, and they had to go through the teleportation formation every time. Can Lord Jing Qi find the exact location?”

Without even looking at Yunxiao, Jing Qi grunted and crossed his arms over his chest, exuding a cold and unruly aura.

Yunxiao was extremely depressed because he had been given a cold shoulder. He knew that this guy had long hated him because of Xiao Hong. He couldn’t help but sigh in his heart.

Xiao Hong could not bear to see Yunxiao being defeated. She frowned and scolded, ” “Hurry up and tell me!”

Jing Qi gave Yunxiao a resentful glance and said, ” “Of course I can! Our sect’s encampment is on the bigwheel Island, so I naturally have the spatial coordinates.”

He was afraid that Xiao Hong would reprimand him again, so he very obediently took out a needle and threw it over, saying, ” The compass of bigwheel Island.

Yunxiao was overjoyed. After catching it, he quickly cupped his fists and said, “Many thanks!”

“Brother Yunxiao, are you suspecting that the disappearance of the prisoner’s avatar is related to the bigwheel island’s natural moat cliff?” Xiao Hong asked.

I can't say for sure," Yunxiao said. but we are at a loss now, so we can only go to big wheel Island and try our luck.

Then, he took the pointer and handed it to the person controlling the battleship. The battleship accelerated, turning into a stream of light and heading towards the coordinates at full speed.

After more than a day, they finally flew into a Sea area and arrived at the bigwheel Island.

The island was still as busy as before, and all kinds of shops were dazzling. From time to time, the light of teleportation would light up, and people would come and go in an endless stream. The prosperity was still as good as it had been in the past.

Although there were few sects in the world now, it was the largest, if not the only, place for the overseas aristocratic families to exchange material goods with the heavenly martial continent. Therefore, the prosperity was almost unaffected by the demonic tribulation.

After the warship flew into the territory of bigwheel Island, it was soon blocked by a powerful barrier.

Who are you?!

As soon as he touched the barrier, several beams of light flew over, looking at the battleship and shouting.

There were no obvious signs on the warship. Although it was simple and plain, the details revealed exquisite craftsmanship. It was definitely not an ordinary warship.

More importantly, the battleship had come directly from the outside, not from the bigwheel Island.

This meant that the owner of the warship had either come here by accident or knew the specific coordinates of big wheel Island.

And the probability of it being accidentally transmitted was almost negligible, which meant that it was definitely the latter. Since they knew the specific location of the bigwheel Island, the identity of the visitor would not be low.

With a quick thought, The Guardian of the island obtained so much information, all of which were very important.

He immediately became careful and didn't dare to be negligent.

On the warship, beifeng Nan shouted, "Please inform lady Nan Qiu Yu of the natural moat ocean, tell her that the heavenly martial Union is here to visit."

"What? The heavenly martial Union!"

The protector was shocked. Although he knew that the person was not simple, he did not expect him to be from the heavenly martial Union.

After all, although the heavenly martial League was at the peak of its power, all of its attention was on the demon War, while the bigwheel Island was still hidden from the world and did not have any conflicts of interest with the mainland.

"Could it be that they are here to persuade the natural moat cliff to join the heavenly martial Union?"

The Guardian muttered in his heart, but this was not something he had to worry about. He hurriedly cupped his fists and said, lady nanqiu Yu is not on the island. I'll inform Lord Zuo Kai, who is in charge of this Island.

After he finished speaking, he turned around and flew into the island.

Duanmu Cang blinked and asked, "is nanqiu Yu not on the island?" Then this matter might not have anything to do with them."

“He’s not here just because he said so?”

besides, we don’t think it has anything to do with the natural moat ocean, Yunxiao said with a smile. we just hope to find some clues.

Duanmu Youyu sighed. I really miscalculated back then. If it was brother qingfan instead of the crocodile who stayed behind, he would probably have returned by now.

the battle was unusually fierce after the battle, ” Yunxiao said with a wry smile. who could have thought of this? ”

Soon, several rays of light flew up from bigwheel Island. The person in the lead was slender and handsome. Although he was dressed in an elegant green robe, his eyes were like torches, and his eyebrows were so high that they reached his temples. He looked very tough, more like a Confucian general than a scholar.

The newcomer’s eyes flickered on the battleship, and he cupped his fists and said loudly, ” “I am Zuo Kai, the person in charge of bigwheel Island. I don’t know which Lord from the heavenly martial League has come to the bigwheel

Island, but I’m sorry for not welcoming you. Please forgive me. ”

I’m Li Yunxiao, ” Yunxiao replied. I’m from Yanwu.

Li Yunxiao?!

Zuo Kai and the surrounding experts all trembled as they cried out in alarm, heavenly martial Alliance’s Alliance master! !
