Chapter 221: Mount Meru

Ding Ling'er's eyes gleamed. "Exactly, Mount Meru!" She gave Yunxiao a meaningful look and said, "Since Young Master Yun knows about the Heaven Library Realm, you naturally know about this Mount Meru, right?"

Yunxiao's face flickered. He took a few sips of tea in a row and felt refreshed, before slowly speaking, "It is one of the five wonderlands in the Heavenly Martial Realm. Legend has it that it was produced by gathering the essence and the Spirit Qi of a world. It is a wonderland that all warriors dream of."

"Oh? So Young Master Yun also thinks Mount Meru was formed spontaneously?"

Yunxiao gave her a look as he stood up and paced back and forth in the hall while saying, "I don't believe it was created by people of ancient times. But, there are, in fact, many human traces inside. I suspect that the so-called five wonderlands are just five sects of the ancient times. It's just that as time passed, they declined and eventually died, and then the five spaces drifted in the void until they gradually became stable and formed the so-called five wonderlands."

With an approving look, Ding Ling'er said softly, "Young Master Yun's knowledge is indeed extraordinary. I'm afraid few in the entire South have the same view as you. However, a few years ago, I attended a high-level meeting of the Commerce Alliance with my father, and the result of their discussion about the five wonderlands turned out to be exactly the same as yours."

Yunxiao smiled and said nothing. It was already the common view of those superpowers on the Heavenly Martial Continent about the wonderlands.

"Then, does Young Master Yun know that Mount Meru is about to open?"

"What!" Yunxiao trembled, and his eyes burst with a gleam. It was hard to tell if he were excited or shocked. "Mount Meru is about to open? Is your information true?" he cried out.

A feeling of triumph suddenly developed in Ding Ling'er's heart. Since she knew this guy, she had never seen him surprised. This was the first time, and it gave her a sense of accomplishment.

“No one can figure out the timing of the opening of the five wonderlands, but there will be certain signs before opening. In order not to miss each opening, the three empires of the South have each hired people to refine a Celestial Globe to monitor the activities of the southern space. According to the common monitoring results of the three empires, Mount Meru will descend and open in three months at the latest or one month at the earliest. And this time, it will most likely open in Firecrow Empire.”

With an incredulous look, Yunxiao said, “I can’t believe Mount Meru is about to descend. I think the whole continent is about to shake, right?”

Ding Ling’er nodded and said, “Yes. By now, the news has spread all over the continent. The superpowers of the other three regions are all trying to squeeze in and get a piece of the cake. Legend has it that in the five wonderlands are countless precious plants and minerals, almost corporeal Spirit Qi, and elite magic weapons and heaven-defying cultivation techniques passed down from the ancient times. Every time a wonderland opens, a group of peerless figures will be created. The present famous experts on the continent are all existences who had visited various wonderlands and obtained countless benefits.”

Yunxiao could not agree more to that. It was in the Heaven Library Realm that he found his eye technique. If it weren’t for this fated chance, he would not have been able to rank third on the Heaven and Earth Power Chart later.

“According to the iron rules of the Holy Realm, the powers of the other three regions are not allowed to interfere in the region where the wonderland descends. This is undoubtedly a great protection for the South. Otherwise, the sects in the South will not be able to get even a seat.”

Ding Ling’er glanced at Yunxiao, who was dazed, and said, “What do you think of the news, Young Master Yun?”

Her question woke Yunxiao from his daze. Gradually, his eyes flickered, and he said with a smile, “Since Mount Meru is about to open, of course, the people of the South have to take our share of the cake! I was wondering why those aristocratic families of Firecrow Empire tolerated my actions. So, it turns out that they want no trouble because Mount Meru is about to open. Haha! Had I known, I would have done more!”

Ding Ling'er was speechless. "What more do you want to do, when you have already wiped out the whole Xingyang family? If you push it too far, those guys in the Temple of Revered Elders will kill you regardless of consequences."

Yunxiao seemed to be in a good mood. "Ling'er, you did not ask me to be here to just tell me this news, did you?"

Ding Ling'er laughed. "This is only the premise. Young Master Yun, you should know every wonderland has different strange restrictions, and Mount Meru has a restriction on warriors' ages. Those who are over fifty years old, even just one day, cannot enter. Therefore, among the five wonderlands, Mount Meru is the least attractive. Otherwise, even with the Holy Realm's iron roles, those superpowers will still squeeze in by force, regardless of the price they have to pay."

Her eyes narrowed slightly as she said, "In other words, those who can enter Mount Meru are all young people. In the South, those so-called geniuses of various major sects who are below fifty years old have cultivated to Martial Kings or Martial Grandmasters at the most. The probability of seeing Martial Emperors is very low. My Tianyuan Trading Company can get two places, and I hope Young Master Yun will come with me."

It was incredible that a power that did not come from the South could get two places to enter Mount Meru. Astounded, Yunxiao said, "Places? Mount Meru only limits the age of those who enter and not the number of people, right?"

Ding Ling'er paused and stared incredulously at Yunxiao. Looking at his astounded expression, she could not help but burst into laughter. "Young Master Yun, you are such a clever man, and you even know many secrets of the continent, and yet you know nothing about the rules of the South. This really makes me curious that...are you really from the South?"

Yunxiao laughed. "I'm sure Miss Ling'er has looked into my background, and you know I'm a genuine member of the Li family in the state of Tianshui. Miss Ling'er, please explain the so-called quota."

Ding Ling'er chuckled, but she was puzzled in her heart. She had looked into Yunxiao's background at least ten times, and she could be absolutely sure that there was no problem.

But, no problem usually meant the biggest problem...

Anyhow, she put aside her doubts and said, "Although Mount Meru does not restrict the number of people entering, there are various agreements between powers in the South. In order to prevent some powers from suddenly becoming too big with the resources of Mount Meru, they set rules on the number and proportion of people allowed to enter. This is also to maintain the stability of the current power structure."

Yunxiao smiled wryly and said, "No wonder the overall strength of the South is the weakest in the Heavenly Martial Realm. Instead of opening the resources to all, they hide it. If it weren't for the iron rules of the Holy Realm, I think they would have lost this cake permanently."

Ding Ling'er sighed. "I thought the same. However, if we were the leaders of any southern power, we would not want to see other powers catch up either. Therefore, three groups of people, each representing an empire, had agreed on how many people could enter each time. The number must be equal for all three empires, and then it will be distributed within the three empires."

"Fair enough, but the competition within each empire will be extremely fierce. What is the quota for each empire this time?"

"According to reliable sources, the number for each empire is 3,000. The empire where Mount Meru descends will get an additional 1,000. This was also stipulated in the early days. This time, the probability of Mount Meru descending in Firecrow Empire is very high, so Firecrow Empire should have 4,000 places."

While frowning, Yunxiao said, "A total of only ten thousand places? The South is so vast, and there are many powers and sects and families. The competition must be extremely fierce! How will the places be distributed within an empire then? It can't be decided by the Jutian Sect alone, can it?"

"Of course not! No one will be convinced. The distribution of places within an empire will be decided by all the Martial Emperors and above together. If a power has a Martial Emperor, it will be able to fight at least a few places back."

Yunxiao was taken aback. "Doesn't that mean powers without Martial Emperors are hopeless?"

Ding Ling'er smiled and said, "Not necessarily. But, those Martial Emperors will take away ninety percent of the quota, and five percent will be used to cultivate young people with potential in the empire. Firecrow Empire is about to hold a tournament, which will be divided into three categories according to age. Through this method, the young people with the greatest potential will be selected and then places will be given to them. The remaining five percent will go to auction."

"Auction?" Yunxiao found it a little difficult to understand. "Five percent is two hundred places, and they will go to auction. With Tianyuan Trading Company's financial resources, it should not be a problem to buy more than a dozen places, should it?"

Ding Ling'er shook her head with a wry smile and said, "There is a restriction on the sects who can participate in the tournament. Disciples from the sects who have been given places are not allowed to participate. But, there is no restriction on the auction—any powers, as long as they are from Firecrow Empire, can participate. The Primordial Stones from the auction will be used to open Mount Meru, and the balance will go into the coffers of Firecrow Empire's imperial clan."

She paused and then went on in a faint voice, "Every time Mount Meru opens, the number of Primordial Stones needed is staggering. It is an astronomical figure, and no power can come out with it alone. Although there are two hundred places, I estimate the price for each place will not be lower than one million medial-grade Primordial Stones!"

"What! One million medial-grade Primordial Stones?!" That gave Yunxiao a fright, and he said jokingly, "If that's true, Miss Ling'er, I will sell the place you give me for some money."

Ding Ling'er laughed. "Don't think I'm trying to frighten you by purposely exaggerating the number. You know the benefits of Mount Meru. In addition to those sects on the surface, there are many hermit sects in the South, and they will all show up during the auction. And for the sake of their heirs and descendants, the powers without Martial Emperors will fight for the spots at all costs. Don't underestimate these powers. Also, sects of the other three regions will secretly send their best disciples here, and they will use a large number of resources to get the spots."

She sighed and said, "The auction of Mount Meru quota is definitely the most intense and expensive auction in the whole southern region!"

Yunxiao believed that. He rubbed his forehead as he sighed and said, "After all, the number of spots is too less. If each empire opens up 100,000 places, there would be no need for such trouble."

Chapter 222: The Supreme Palace's Spirit Vein

"100,000 places! Haha! That's a wishful thought. These top powers must control the resources in their own hands, and they will never allow other sects to rise or even replace them. As long as they control the resources, they control the rise of other sects."

"That is why the South has always been the weakest for so many years. I really don't understand what the group of old men in the Holy Realm is thinking about and why they imposed this iron rule. These rotten sects and powers should have been eliminated long ago!"

Ding Ling'er trembled and said shockingly, "You must not talk like that, Young Master Yun! If what you said were to spread, you will get yourself into trouble."

Yunxiao pondered a moment and asked, "Can any Martial Emperor in the South fight for the spots?"

That gave Ding Ling'er a pause, and then she said with a smile, "I know what Young Master Yun means. Rumor has it that a two-stars Martial Emperor was seen in Yanwu recently... But, I fear this cannot be done. He must be from Firecrow Empire. If any random expert can fight for the places, it would be chaos."

Yunxiao nodded, and he immediately had another thought. With a smile, he said, "When does the tournament start? Miss Ling'er should be able to fight a place for yourself, right?"

Ding Ling'er was taken aback. Narrowing her eyes, she said, "Young Master Yun does have a pair of keen eyes. Yes, with my strength, I'll have no problem in getting a place for myself. But, I don't want to expose my strength. But you, Young Master Yun, can fight a place for yourself, and I'm sure you will succeed."

Yunxiao smiled and said nothing, but he began to plan in his head.

The opening of Mount Meru was too important. All five wonderlands were every warrior's dream. Unfortunately, Mount Meru's own restriction limited the age, and no matter how one trained the bones

and muscles, one could never deceive the power of restriction. It was impossible to sneak in. Since Yunxiao was reborn, he must not miss such a great fated chance this time.

Moreover, this was also an excellent opportunity to enhance the overall strength of Yanwu!

They talked a little longer, and Yunxiao took his leave. There was a complicated look in Ding Ling'er's eyes as she watched his figure dwindle, and she remained in silence for a long time. At last, she breathed a sigh.

Along his returning journey, Yunxiao was extremely excited. It was a godsend!

While others had limited quota, he did not. After all, he had a transcendent-grade mystic artifact, the Divine Realm Tablet! He could bring unlimited people into Mount Meru with it!

If this secret were to be learned by others, he probably would be killed in an instant.

As long as he used the Divine Realm Tablet, all the warriors below the age of fifty years old in the three teams of Yanwu could enter Mount Meru together. But, he dared not try with warriors older than fifty years old. After all, there had been a bloody lesson in the past.

Many years ago, a peerless expert in the Holy Realm gathered all the top alchemists on the continent at that time and refined a peak ninth-tier spatial mystic artifact. According to the records, although it was not as incredible as the Divine Realm Tablet, it had formed an independent space in itself, which could produce Spirit Qi to nourish living things. It was also the strongest spatial mystic artifact on th erecord.

Not long after it was refined, Mount Meru descended. The expert had an idea, and he hid all the people of his sect in the spatial mystic artifact, with the intention to sneak them into Mount Meru. As a result, at the moment he entered, the mystic artifact was directly crushed by Mount Meru's power of space. All the warriors older than fifty years old inside were instantly wiped out, while the rest, who were younger, were thrown into Mount Meru, unharmed.

At that time, the peerless expert was hiding in it as well. As the mystic artifact and he were spiritually connected, he suffered a serious injury the moment it was destroyed, but he managed to rip the void with his mighty strength and escape. However, the power of restriction seemed to have a spirit, as it

traveled through the void, followed him to the Divine City of the Holy Realm, and killed him right in the face of all the top experts at that time.

Since then, no one had dared to attempt to send warriors over fifty years of age into Mount Meru.

Yunxiao went over the story carefully in his mind. When the peerless expert entered Mount Meru, although his spatial mystic artifact was destroyed, the warriors younger than fifty years old inside were all safely thrown into Mount Meru. That was the most important point.

He did not know whether the mystic artifact was destroyed because Mount Meru did not allow such spatial artifacts or because people over fifty years old were hiding in it, which triggered the restriction. If it were because of the latter, then he could bring the Divine Realm Tablet into it without worries. But, if it were the former, the tablet might not be able to resist Mount Meru's power of restriction, regardless of how magical it was.

He thought for a long time and finally made up his mind.

If he cared only about his own cultivation base, he must protect the Divine Realm Tablet. But, if he wished to enhance the overall strength of Yanwu, he would have to risk it. Even if the tablet were destroyed, as long as he could bring thousands of people inside, the price would be worthwhile.

When he returned to Yanwu, he saw that the construction of the City Lord mansion and the expansion of the city had already begun.

He landed in front of the pill pagoda. After pondering for a moment, he threw out a few incantation seals. The Divine Realm Tablet immediately turned into a beam of light and went into his forehead, hovering above his dantian.

“Without the nine dragons energy-absorbing array, the Spirit Qi inside the tablet should not be enough to support their cultivation for too long.”

He spread out his divine sense and quickly found where Duan Yue was, which was an inn. His body flickered, and he was inside the building in the next instant.

Duan Yue was not alone, but accompanied by the six alchemists, who had nowhere to go. When they saw Yunxiao, they became nervous.

Yunxiao glanced at Duan Yue, who looked somewhat weak, as he smiled and said, "Congratulations on advancing to three-stars Martial Emperor realm."

Duan Yue appeared to be very tired, but when he heard Yunxiao, he jumped to his feet and said in shock, "I'm now trapped at the level of a seven-stars Martial Grandmaster, so how did you know I've made a breakthrough?"

Yunxiao laughed. "I guessed it. With your previous strength, it was almost impossible for you to suppress the Bluelotus Earth Fire in such a short time, unless you've made a breakthrough. And, although you looked tired now, there was a hint of joy on your face, so I knew you'd succeeded in subduing the fire. That means you must have advanced to the three-stars."

Duan Yue's face was blank, and he finally stopped struggling in his mind. In the face of this freak, his wits, which he had always been proud of, became his biggest weakness.

Yunxiao turned to the six alchemists and said, "Relax your whole body and do not resist my divine sense."

The six alchemists exchanged a look, and then they felt a divine sense blanket them. Yunxiao's pupils constricted slightly as he performed an incantation gesture with one hand. Suddenly, the six alchemists transformed into a beam of light and went into his forehead, entering the Divine Realm Tablet.

They were taken aback when they found they had come to another world. Then, they saw Yunxiao smiling at them from not far away. "Welcome to the Divine Realm Tablet. From today on, the six of you will be my alchemists."

The Yunxiao inside the tablet was his soul-form while his true-form was inside the inn with his eyes slightly closed. After advancing to a fourth-tier alchemist, his connection with the tablet had become closer. Perhaps it was time for him to try refining it again.

"Where're the men? Where are the six of them?"

Duan Yue was startled. He saw with his own eyes that the six of them flew right into Yunxiao's forehead, and that completely went against his knowledge. Terrified, he took a few steps backward and said, "You...you ate all six of them?"

"..." Yunxiao was speechless. "Can you be more stupid than this? Come with me!"

He threw out a chariot as he dragged Duan Yue and flew into the distance.

Several hours later, they traveled thousands of miles and came to a mountain range rich with Spirit Qi. There were rows of buildings inside a valley, where the Supreme Palace was located.

Yunxiao spread out his divine sense and brought everything within miles around under his surveillance. "Not bad! We'll borrow this place for a while!"

"Who goes there? How dare you come to the Hundred Swords Sect to make trouble!" A voice rang out from down below, and then a sword beam rushed up, slashing toward the Bluewolf chariot.

Yunxiao frowned and threw out a few incantation seals. The chariot burst into blue light and swooped down from the sky, flying straight toward the man who had released the sword beam.

The man, clad in a yellow shirt, was lifting a great sword when he saw the chariot flying toward him. He was scared out of his wits instantly, and he quickly fled while screaming in panic, "An enemy is attacking us!"

Although a Bluewolf chariot was only a third-tier vehicle, it was extremely valuable. No one would be willing to use it as a weapon, but Yunxiao did not care. He drove the chariot right into the man.

Finally, after skidding on the ground for tens of meters, knocking the man into coughing blood, and pinning him under the chariot, Yunxiao and Duan Yue walked down together.

Puke!

The weight of the chariot clogged the man's energy and made him spew out another mouthful of blood. "How dare you trespass the Hundred Swords Sect and even hit me with a chariot! Do you know this will get you killed?"

"Young Sect Leader!"

A crowd of people rushed in from all sides in shock, looking at the man under the chariot. "Are you alright, Young Sect Leader?"

"Do I look alright to you? Why don't you come here and give it a try?!" The man grabbed a stone on the ground and threw it at the crowd. "Take these two men down immediately! I'm going to crush them alive!"

Duan Yue laughed and said, "You're not a very good driver. How did you get on his legs? You should have put his nasty mouth under the chariot."

Yunxiao laughed as well. "I had an impulse to kill him with the chariot when I saw him attack us without asking, but I didn't expect to run into an acquaintance."

"Oh? You know him?" Duan Yue asked curiously.

When the young sect leader heard that, he looked up and did find Yunxiao to be a bit familiar. "Ah!" he cried out suddenly.

The young sect leader was actually the man whom Yunxiao had met on his journey to the Supreme Palace's celebration banquet, Xiao Jian of the Hundred Swords Sect!

As soon as he recognized Yunxiao, he flew into a rage and roared, "I know you! You are a disciple of the Dhyana Sect! Fu*k! How dare someone from a puny sect hurt me! What are you all waiting for? Take both of them down now!"

Chapter 223: Extortion

With a smile on his face, Yunxiao said, "I haven't seen you for days, but you still look as elegant as I remember, Young Sect Leader!"

"Bast*rd! How dare you mock me! You are dead meat, and so is Dhyana Sect!" Xiao Jian roared madly.

The disciples around them were in confusion, but when they heard that the enemies were from the Dhyana Sect, which was a lowly sect, they became excited and full of fighting spirits.

"Release our Young Sect Leader, and we will spare you a whole body!"

"If you are wise, kneel to one side and wait for our Young Sect Leader to decide your fate."

"What are you waiting for? Kneel now!"

The disciples of the Hundred Swords Sect were in high spirits, gesticulating and shouting. But, no one walked up, because they discovered that the strength of the man beside Yunxiao was unfathomable. Their divine senses returned nothing when they tried to probe his cultivation base.

"Kneel?"

Yunxiao's pupils constricted. A cold breeze emanated from his body, and a spiritual attack burst from his eyes, shooting out in all directions.

Plop! Plop!

Everyone was taken aback. A bitter chill made them gasp, and they suddenly felt a sharp pain in their heads, as if they were being stabbed by thousands of needles. They shrieked as strength left their legs, and they all fell to their knees around Yunxiao in the next instant.

Yunxiao sneered, "Oh, so when you said 'kneel', you meant to kneel before me. The way the Hundred Swords Sect greets your guests is really special. You all may rise now."

Duan Yue looked at Yunxiao in horror as he sensed the spiritual attack as well. Even with his current cultivation base of a seven-stars Martial Grandmaster, he felt as if his head was hacked by a knife, which made him break out in a cold sweat.

Each of the top ten Martial Sovereigns in the Heaven and Earth Power Chart had not only cultivated martial arts to the peak, but also mastered peerless techniques that shook the world. And what Yunxiao relied on to become one of the top ten Martial Sovereigns was this eye technique, which attacked the mind and was extremely difficult to defend against.

As long as the soul power of his foe was weaker than his, he could rely on his soul power to launch a wanton attack through his eyes. As a ninth-tier Alchemy Sovereign in his previous life, few people in the world could match his soul power.

With his soul power gradually improving after becoming a fourth-tier alchemist, the power of his eye technique began to finally show up.

“What are you doing? Are you crazy? Quickly take him down for me!”

Xian was pinned under the chariot, so he was not attacked. He roared at the group of disciples in shock and fury.

“Boy, you’ll regret causing trouble at the Hundred Swords Sect! The Sect Leader and the Elders are discussing in the great hall, and when they come out, you will be dead!” A disciple threatened as he covered his head with both hands, his forehead sweating.

“You keep saying this is the Hundred Swords Sect,” Yunxiao said with a smile, “but I thought this is the Supreme Palace? Even if all their people are gone, you’ve no right to occupy it, do you?”

“Exactly!” A voice rang out of the Supreme Palace’s great hall as a man garbed in white walked out and said, “What this little brother said is very reasonable! The Supreme Palace’s spirit vein is actually my Darksun Sect’s earth vein, which I had lent to them. Now that they are gone, it is only natural for me to take back this place.”

“Yuanyuan Wei, can you be more shameless? Is this Supreme Palace closer to your Darksun Sect or my Formless Temple?” An old man followed closely behind the first man with a fierce look on his face.

After that, a purple figure walked out and sneered, “Talking about distance, eh? What a joke! The whole Supreme Palace is within the territory of my Innate Palace. If you are wise, get out of here as soon as possible!”

“Who are you, boy? How dare you hurt my son!” A furious roar came out from the mouth of an old man in luxurious clothes. His hands were surrounded by swirling energy and flickering with electric arcs, and he seemed ready to explode.

“Dad, save me, save me!” Xiao Jian cried out in wild joy at the sight of the old man.

From their words, Yunxiao understood at once what was going on. He smiled somewhat speechlessly and said, “Oh, what a lively gathering the four of you have! Does a spirit mountain or a treasured land belong to the one who stays closer to it?”

“Of course!” The four men spoke almost in unison.

They thought nothing of Yunxiao’s strength, but the faint aura leaking from Duan Yue’s body made all four of them dare not to underestimate him. It was also because he was uncertain of Duan Yue’s strength that the sect leader of the Hundred Swords Sect, Xiao Guang, held back his attack. Otherwise, he would have killed Yunxiao.

Yunxiao’s eyes were cold, and he said with a mocking smile, “Well, in my opinion, the spirit mountains and treasured lands of the Hundred Swords Sect, Darksun Sect, Formless Temple, and Innate Palace are all very close to my Yanwu!”

“What nonsense are you talking about, boy? Where are your parents?”

“Considering that you are young and ignorant, I’ll forgive you this time. Now get out of my sight!”

“Those who are greedy for ill-gotten gains will bring himself trouble!”

“What? You are from the city of Yanwu!” Xiao Guang’s expression changed drastically, and he cried out, “The City Lord of Yanwu who wiped out the Xingyang family, Li Yunxiao!”

“What!” The other three men, too, were taken aback.

Recently, the incident of Yanwu had swept through almost the entire Firecrow Empire, reaching even other places in the South. The City Lord of Yanwu, Li Yunxiao, was one of the hot topics being discussed by common people in the streets.

“Yanwu is thousands of miles from here. Does City Lord Li want to dig out the whole spirit mountain and bring it back?” asked the sect leader of the Darksun Sect in a deep voice.

“Indeed! Yanwu is backed by the Myriad Treasures Store, the number one trading company in the world, so why do you still want to fight for this tiny amount of resources with us?” The abbot of the Formless Temple thought that Yanwu was a branch of Myriad Treasures Store.

The palace lord of the Innate Palace, however, said, “City Lord Li is an amazing youth, so he naturally doesn’t care about this cheap place. Why don’t you give me a hand? You will be my Innate Palace’s friend forever.”

He simply wooed Yunxiao on the spot, which made the other three look unsightly, especially Xiao Guang. Looking at his son, who was still struggling under the chariot, he said in a deep voice, “City Lord Li, please release my son first. We can talk after that.”

Yunxiao glanced at Xiao Jian. He had no animosity toward the man, but was just upset by his arrogance. With a faint smile, he threw out a palm and put away the chariot instantly. Then, he laughed and said, “I didn’t think the four of you are so poor that you are fighting each other for this cheap place. Well, why don’t you join Yanwu? I can give you all a good life.”

That gave the four men a pause, while the palace lord of the Innate Palace smiled awkwardly and said, “City Lord Li is really good at joking.”

Yunxiao's eyes turned cold, and he said in a cold voice, "I'm not joking with you. Since the four of you are here, you can join Yanwu together. In doing this, there will be no more arguing, and a deadly battle can be avoided. Don't you think so?"

With his face flickering, the abbot of the Formless Temple said, "Since City Lord Li is here to mediate, I'll not argue with the three of them for your sake." He cupped his fist and said, "I'll take my leave now!"

"Yes, now that City Lord Li has come forward to mediate, we naturally have to show him respect. Gentlemen, I still have some business to handle in my sect, so I'll take my leave as well," said the sect leader of the Darksun Sect with a cupped fist.

"Hold on!" Yunxiao said coldly, "Since you're not interested in joining Yanwu, I can't force it. But, as you all know, I've been in a few battles with the Xingyang family lately, and it's been pretty draining. Fate has brought us here together, so I'd like to borrow some Primordial Stones from you."

"Haha! City Lord Li must be joking! Your city is backed by the Myriad Treasures Store, the number one trading company in the world. You may need other things, but you will never run short of Primordial Stones." The palace lord of the Innate Palace laughed, but there was a reluctant look on his face.

"Hoho! I hate telling jokes the most! If you regard me as your friend, each of you will lend me fifty thousand medial-grade Primordial Stones. Otherwise, you are not considering me as your friend. As for those who don't regard me as a friend... Hmph!"

Yunxiao's eyes grew cold as he said that, and when he snorted, an invisible spiritual power rippled out of him, but Duan Yue spread out his aura timely. The four men were all one-star Martial Grandmasters, so after they were shaken by Yunxiao's soul power and sensed Duan Yue's suppressing power, their faces turned pale, and they kept stepping backward.

"Do you want to join Yanwu or lend me fifty thousand medial-grade Primordial Stones? If you think the friendship between us isn't worth fifty thousand medial-grade Primordial Stones, I don't mind severing our relationship!"

The four men looked extremely unsightly. They read from Yunxiao's eyes that their lives would most likely end together if they chose to sever the friendship. All four of them were drenched in a cold sweat. It was the first time in their lives that they had met such blatant extortion. Those who were strong

enough to extort them were all figures with a great reputation, and they would never do such a thing to them.

“Even if City Lord Li is in urgent need, there’s no way we could bring so many Primordial Stones with us!” said the abbot of the Formless Temple with a livid face.

“Don’t worry!” Yunxiao waved as he took out a paper and pen and wrote down four identical promissory notes. Then, he held them before the four men and said smilingly, “You just have to put your thumbprints on the notes.”

The four men nearly fainted: they had never seen such a shameless man.

But, the aura exuded from Duan Yue forced the four of them to bow their heads. Gritting their teeth, they bit their thumbs and each put a print on a different note.

With a big smile on his face, Yunxiao put away the promissory notes and said kindly, “The Supreme Palace and I are somewhat connected, so I’ll borrow their old site for a while. You may leave now. Pardon me for not seeing you off.”

The four men were fuming, but their hearts filled with fear as well. Without saying another word, they threw out their chariots and left with their disciples.

They came out to take advantage of others. Yet, they not only suffered humiliation in the end, but also owed someone fifty thousand medial-grade Primordial Stones. For small sects like them, it was considered a great loss.

“Are we going to be ripped off like this and do nothing?”

After flying for several miles, Xiao Guang stopped the others with a voice transmission. His face was extremely dark as he said, “You are all prominent figures as well. If we let him bully us like this without doing anything, how are we going to lift our heads in Firecrow Empire in the future? What would other sects think of us?”

The abbot of the Formless Temple snorted coldly and said, "What do you want to do then? Don't think I don't know what you're thinking. Your son was hurt by him, and you want revenge. Count us out! I don't believe you don't know about Yanwu's strength!"

Chapter 224: Massive Primordial Qi

The face of the Innate Palace's master was gloomy as well. "It had silently wiped out the Xingyang family, causing the whole Firecrow Empire to be nervous for half a month. After that, a Martial Emperor appeared, killed Xingyang Huo, and even took his Bluelotus Earth Fire. Hmph! Even the warrior behind Li Yunxiao is strong enough to wipe out our sects, not to mention that Martial Emperor!"

"Indeed! Our skins are important, but our lives and foundations are more important. Xiao Guang, I advise you to control yourself. We cannot afford to offend Yanwu," the sect leader of the Darksun Sect said kindly.

The three of them discussed for a few more moments, all sighing before flying away in different directions. With an extremely unsightly expression, Xiao Guang also flew toward the Hundred Swords Sect with all his disciples.

After the four men had left, Duan Yue said grumpily, "Are you really so greedy until you don't cherish your skin? I don't think you are so poor! After all, you are a city lord, and I heard you are backed by Myriad Treasures Store. Is it real?"

Yunxiao shook his head and said, "Of course it's fake! If I were backed by Myriad Treasures Store, would I still need to go to great lengths to collect Primordial Stones? In this world, how can one cultivate without Primordial Stones?"

He discovered that after he began to cultivate the Tyrant Body Tempering Technique, the Primordial Stones it took him to advance by one level was a few times, or even a dozen times more than that of his previous life. And after the trip to the South Sea, his heart sank completely. He had absorbed almost all the Spirit Qi in a Kunwu Divine Tree that had grown for tens of thousands of years, and yet he only managed to advance by one major realm. If the same amount of Spirit Qi were given to any ordinary warrior, as long as his body could endure it, there was a good chance he would have already broken through to become a Martial Grandmaster, or even a Martial Supreme.

He began to feel that his body was a bottomless pit. If this continued, he would not be able to afford the Primordial Stones he needed to cultivate one day. He really wanted to ask Ao Changkong how he had cultivated to the peak of a Martial Sovereign. The so-called invincible fleshly body was completely built upon a mountain of Primordial Stones!

'Well, I can only take one step at a time. Since Ao Changkong can do it, so can I!'

Duan Yue, too, was aghast at the nature of his cultivation. "Only those superpowers have such resource-consuming cultivation techniques. You're not a disciple of those superpowers, are you?"

The Heavenly Martial Continent was nominally governed by the Holy Realm, but there were still some powerful sects and aristocratic families in this world, who were no less powerful than the Holy Realm. Such powers were called superpowers on the Heavenly Martial Continent, and they could shake the whole world with just a single stamp of their feet.

Yunxiao snorted and said, "I wish I were, but I fear no power would take me in."

He stood on the Bluewolf chariot and flew around the whole Supreme Palace, blanketing the whole mountain range with his divine sense. Soon, he found the location of the spirit mountain's essence.

The eye of Spirit Qi turned out to be a woodshed in a corner of the Supreme Palace, where Yunxiao was taken to when Ma Tianhe gave a banquet last time.

There was a strange look on Yunxiao's face as a beam of golden light burst out of his forehead and transformed into a stone tablet that was about a meter tall in the air, before falling down.

Boom!

The Divine Realm Tablet landed directly atop the eye of Spirit Qi and rooted firmly like a plant in the ground. At that moment, streams of underground Spirit Qi began to gather from all directions. Under Yunxiao's divine sense, the earth beneath his feet was filled with surging Spirit Qi like thousands of rivers flowing into the sea.

He had constructed a huge nine dragons energy-absorbing array in the tablet, but he did not expect that it would begin functioning by itself. That gave him an idea, and he murmured to himself, "If I construct other types of arrays, can I use them directly through the Divine Realm Tablet?"

The idea immediately startled him. If it worked, he would have a moving fortress whose ability could be constantly enhanced.

"What is this?" Duan Yue looked at the glowing Divine Realm Tablet in astonishment, clearly able to feel how extraordinary it was.

Yunxiao said, "Come with me. Relax your divine sense and don't resist the guidance of my divine sense."

He pulled Duan Yue and they entered the tablet with just a step, hovering in midair.

Duan Yue was taken aback. He rubbed his eyes and spread out his divine sense as he glanced about in horror and said, "This...here...Don't tell me we are now inside the stone tablet, and don't tell me this is a spatial mystic artifact with its own independent space!"

Surprised, Yunxiao said, "It looks like you know a lot. Not many people on this continent know about a mystic artifact. Even alchemists may not know about its existence."

Duan Yue froze to the spot, and his brain completely lost its ability to think.

In the Heavenly Martial Realm, it was said that there were ancient almighty experts who could tear apart heaven and earth and create a small world of their own with the elements of earth, water, fire and wind. The five wonderlands that descended on the continent every once in a while were rumored to be the small worlds created by ancient almighty experts.

And in the legends were some mythological figures who could evolve and refine this kind of small world, and some could even integrate them into mystic artifacts to create a very unique kind of existence, known as spatial mystic artifacts.

Spatial mystic artifacts and storage mystic artifacts were two different concepts, and they were not comparable. Storage mystic artifacts were created by compressing and integrating space with mystic artifacts through arrays, and they could be used to store things. Meanwhile, spatial mystic artifacts were independent small worlds with the elements of earth, water, fire and wind!

“This...This place is really the interior of a spatial mystic artifact...” Duan Yue’s mind was completely blank, and he murmured to himself, “Tens of thousands of years ago, the peerless expert of the generation, Bai Lizun, gathered the strength of the whole Heavenly Martial Continent and refined a spatial mystic artifact called Noah’s Heavenly Ship, but it was destroyed while traveling into Mount Meru. There are many disputes and debates among later generations of alchemists on whether the Noah’s Heavenly Ship was a spatial mystic artifact. But in front of me now...” He paused and then went on incredulously, “This is definitely a real spatial mystic artifact, something that only exists in the legends. And this is not the Noah’s Heavenly Ship...I can’t believe there is a second spatial mystic artifact on the Heavenly Martial Continent!”

Yunxiao smiled approvingly and said, “It seems that you are quite knowledgeable, even knowing about the Noah’s Heavenly Ship. I’m sure the ship is definitely a spatial mystic artifact, but I have not seen it unfortunately. However, I’m also sure that its grade is definitely not greater than my Divine Realm Tablet.”

There were already thousands of people cultivating inside the Divine Realm Tablet. They all just marveled at it, and no one knew that this treasure was a heaven-defying existence. But, Duan Yue knew. This thing was not only heaven-defying, it was a world on its own, with its own set of rules!

“It’s a pity that I’m not strong enough and cannot completely refine this treasure yet. We are just having some spiritual connection,” said Yunxiao regretfully.

“Refine...” Duan Yue was drenched in a cold sweat. If Yunxiao could completely refine this spatial mystic artifact, he would become the real supreme existence in this world. His every move and word would be the ‘rule’ of this world! That would make him a god here!

“After coming back from the South Sea and making contact with this Divine Realm Tablet again, I seem to have gained additional insights. During this period, you will cultivate inside the tablet. I’ve constructed a nine dragons energy-absorbing array here, so the Spirit Qi is tens of times richer than the outside. I want to have a good study on this tablet.”

After arranging a place for the dumbstruck Duan Yue, Yunxiao floated up in the void and began to meditate in silence.

The Spirit Qi in the whole tablet turned into huge ropes as they poured toward him from all directions.

“Absorb now, One Qi of Destiny!”

Yunxiao performed a few incantation gestures with both hands. His body burst into a golden light, and then the almost corporeal Spirit Qi began to crazily rush into him.

But, he seemed to feel that it was not enough. With a wave of a hand, various Primordial Stones appeared around him, mixed with glinting purple Primordial Crystals. They almost blotted out the sky, stretching for thousands of meters. These were all his Primordial Stones and Primordial Crystals. Inside the Divine Realm Tablet, even if Primordial Qi were scattered through the air, it would not be wasted.

“Explode!”

Boom!

Yunxiao threw out a punch, and a powerful gust of wind spread and crushed the Primordial Stones, releasing a large amount of Primordial Qi contained in them. He did not stop there, but threw out thousands of punches in the span of a few breaths, causing the sky to turn misty.

His figure gradually faded, wrapped by the vast expanse of Primordial Qi. Then, he began to crazily absorb and cultivate.

If it had been another one-star Martial Lord who crazily absorbed Spirit Qi like Yunxiao, he would have died from the explosion of his body. But, his dantian was like a bottomless pit, which would never be full no matter how much Spirit Qi was poured into it. Instead, the Spirit Qi was directly converted into a strange force and absorbed by his flesh, fusing into his bones, meridians, skins and other parts, greatly nourishing every structure inside him.

After the Tyrant Body Tempering Technique reached the second level, his physical strength would increase with every advancement of his cultivation base as well. However, if he wished to make his fleshly body reach the peak level and break through with his cultivation base together, the amount of Spirit Qi required would be simply appalling.

That was Yunxiao's biggest concern now. He could no longer put aside his flesh and cultivate his Qi alone; he had to work on both. And the massive amount of Primordial Qi his flesh needed would greatly hinder his cultivation speed. This might be the disadvantage of the Tyrant Body Tempering Technique.

Every earthshaking martial technique required great perseverance and effort to achieve something. He now finally understood that the Martial Sovereign Tyrant, Ao Changkong's position at the top of the Heaven and Earth Power Chart was not a matter of luck. The amount of Primordial Qi he had taken to cultivate the Tyrant Body Tempering Technique to the peak of the Nine Heavens realm was enough to make hundreds of warriors break through to the Nine Heavens realm!

It was the long accumulation and nourishment that perfected his flesh, giving him his Indestructible Body!

Somewhere inside the tablet, Duan Yue watched with a complicated look as the mass of almost corporeal Primordial Qi gathered in the void and wrapped Yunxiao inside. He murmured to himself, "This lad's future achievements will most likely exceed our imagination..."

"There have been countless almighty experts in the endless years of the Heavenly Martial Realm, and I think his name will be among them soon..."

Duan Yue sighed as he sat cross-legged and calmed himself before beginning to meditate.

Chapter 225: Great Realm Divine Technique

Yunxiao sat cross-legged in midair, surrounded by a massive amount of Primordial Qi.

After being absorbed into his dantian, only a small amount of the Primordial Qi was converted into the energy of the Four Quadrants and settled down. Most of it scattered and disappeared during the circulating process, and a portion was absorbed by his flesh and bones, quietly modifying the function of

his body. Since he stepped into the level of Tyrant Body, he felt that his limbs were filled with a brutal force strong enough to shatter rocks, which was not weaker than his energy.

“Tough, domineering, unstoppable!”

“The Glazed Body is to transform the flesh, eliminate impurities, and strengthen the constitution, so that the body has a perfect state.”

“And the Tyrant Body is to derive a tyrant force on top of the foundation built by the Glazed Body.”

“I can’t believe this tyrant force is a powerful force hidden in the flesh after the potential of the body is stimulated.”

“Is it really the right way for warriors to only cultivate Qi? The flesh of a warrior is a great treasure house that contains an ultimate power like the universe, the Heavenly Dao, the Laws, and the stars.”

“Soul, flesh, Qi, all three of them are the most precious assets of the Great Dao. A man only needs to cultivate one to the extreme, and he will be able to hold sway in the world. I’m cultivating all three together, and although the road is rugged and bumpy, perhaps...this is a road leading to the Ten Worlds realm!”

As Yunxiao’s head was full of thoughts, he opened his eyes slightly, which flickered like stars. He locked his hands in an incantation gesture. Gradually, dragon-shaped shadows manifested in the surrounding sea of Primordial Qi and poured into his body. But, he was like a bottomless pit that would never get full.

“In the end, all paths lead to the same Great Dao. This Tyrant Body Tempering Technique is no different from artifact refinement. They both refine the materials to the purest state, thus deriving new power from the materials and transforming them into mystic artifacts!”

“I understand now. Ao Changkong’s so-called Indestructible Body is also a transcendent-grade mystic artifact; it is a mystic artifact that has been refined to its purest state with the heaven and earth as the cauldron and the body as the material!”

As he gained enlightenment in his mind, his body seemed to sense that. It began to emit waves of fluctuations, the frequency of which beat harmoniously in the Divine Realm Tablet and resonated with a certain law, causing some changes to take place between the heaven and earth.

“This is...”

Yunxiao first felt the changes in his body. After absorbing a massive amount of Primordial Qi, his cultivation base of a one-star Martial Lord burst open and stepped into the level of two-stars. But, that did not excite him. Instead, he looked solemnly at the sky.

He was spiritually connected with the Divine Realm Tablet. Although he could not see the full extent of it yet, every change in it was in his perception. At this moment, there seemed to be some kind of law quietly taking place in the void, vibrating harmoniously with the fluctuations emitted from his body.

Under the vibration, at the end of the sky where the shadows were seen, a great number of golden specks emerged, flashing like fireflies in the night and gradually multiplying.

Yunxiao’s pupils constricted and his eyes grew wide in horror as he stared unblinkingly at the sky. The golden specks began to stretch and merge, forming into golden tadpole-like characters. The formation of every character filled his head with a rumble while a huge pressure of law made him tremble violently.

“This kind of character...” Yunxiao clenched his jaws tightly as he resisted the tremendous pressure of law, and he forced his eyes open, trying to read each tadpole-like character.

“These are the same characters used in the Great Expansion Divine Technique, but they are not the Great Expansion Divine Technique. What exactly is this?”

He rotated all his strength to the peak: soul power, Qi, and tyrant force poured out of his body, keeping his eyes open. Soon, two streams of blood trickled down from his pupils, but he was not aware of it.

“Legend has it that there are some supreme laws of heaven and earth in this world that cannot be described in words. They are contained in the world and are indescribable. Could this kind of golden tadpole-like character be an existence used to describe those supreme laws?”

Yunxiao tried to keep from shaking too violently until he could see the golden tadpole-like characters clearly. The first few big characters that came to his mind were ‘The Great Realm Divine Technique’!

“Great Realm Divine Technique! This is the scripture that contains the supreme law in the Divine Realm Tablet! As long as I understand it, I can completely refine the Divine Realm Tablet and achieve true spiritual unity with it!” Yunxiao was overjoyed. Having been in possession of the Divine Realm Tablet for so long, he had no way of exploring it beyond using it as a spatial mystic artifact. He did not expect that his realization of the principle of body cultivation would trigger the laws of heaven and earth and make this supreme scripture appear.

“The beginning of the Grand Ultimate is Limitless Void. Nebulous as one energy. No Separation. Thus, Limitless Void is the mother of the Grand Ultimate, and thus the origin of myriad things. Two energies are separate. Heaven and earth judge. Grand Ultimate results. Two energies are Yin and Yang—Yin quiescent and Yang dynamic. Yin terminates, Yang generates...”

Yunxiao read it word by word. With each word he read, he found it more difficult to continue, like there was a great bell ringing in his head. Now, not only was blood trickling down from his eyes, but also from his ears, nose, and the corners of his mouth, which made him look terrifying.

“It looks like this thing is unreadable in words, just like the Great Expansion Divine Technique.”

Suddenly, he opened up his mind, exposing his spiritual altar and facing it directly at the golden tadpole-like characters in the sky, branding the entire divine scripture into his spiritual ocean.

“I have to take the risk! If I lose this opportunity, I don’t know when will the next time be when I can be enlightened by the laws of the heaven and earth and make this divine scripture manifest again. Since my spiritual ocean can contain the Great Expansion Divine Technique, it should be able to contain this Great Realm Divine Technique as well!”

Boom!

The result was that his spiritual altar was unable to withstand the pressure of the law. His mind was violently shaken, and his head went blank, as if it were blown apart. In the next instant, he lost consciousness and fell from the void.

In his trance, the characters of the Great Realm Divine Technique appeared in his spiritual ocean, partly hidden and partly visible. Meanwhile, another obscure golden text also slowly emerged in his spiritual ocean—it was the Great Expansion Divine Technique. Its contents rang in his head, one word at a time, beating constantly like a heart!

With the appearance of the Great Expansion Divine Technique, the partly visible Great Realm Divine Technique followed suit upon sensing the same aura and began to show up, one word at a time, blinking constantly on the other side of the spiritual ocean.

The two divine scriptures clearly appeared in his spiritual ocean, shining on each other! But, Yunxiao had completely lost consciousness and fallen to the ground somewhere in the Divine Realm Tablet. His head was covered with blood, and he was in a complete coma.

There was no sun or moon in the Divine Realm Tablet, so there was no turning from day to night. It was always daylight.

Yunxiao did not know how long it had been. He only kept hearing the sound of the Great Expansion Divine Technique in his head. After he was reborn, it was this divine scripture that restored the memory of his previous life.

“This feeling...Am I dead again? Am I reborn again?”

He felt his head extremely heavy, as if it had occupied all the weight in his body, drooping on the ground and impossible to lift.

“Damnit, this head is as heavy as a copper hammer, as if it is filled with lead. What’s going on?”

Lying sprawled on the ground, Yunxiao opened his eyes slightly. Through his blurry vision, he saw a puddle of blood on the ground, giving off a fishy smell.

“This is my blood...”

He pushed himself up, and when he saw what was around him, he breathed a sigh of relief. He was still inside the Divine Realm Tablet, and he could vaguely sense that. However, as soon as he tried to muster the power in his spiritual ocean, he felt a stab of pain in his head. His spiritual altar was obscured by a bright golden light.

He performed an incantation gesture with one hand and began to recite the Great Expansion Divine Technique silently.

Whenever he woke up from a coma, this scripture always emerged in his head, which showed its extraordinary effect. As the scripture echoed in his mind, the sting began to fade away.

Nobody knew how long it had been, but his spiritual altar soon got clear, and he felt no more pain. Moreover, he sensed that his soul power had soared!

“This is...”

Yunxiao looked surprised. His soul power actually increased to a very strong level, directly stepping into the realm of Alchemy Kings. This marked him as a fifth-tier alchemist.

It was a blessing in disguise. Had it not been for the Great Expansion Divine Technique in his spiritual ocean, his soul would have melted away and he would have perished.

He could sense that in the depths of his spiritual ocean, there was a golden tadpole-like text that he was terribly afraid of in addition to the Great Expansion Divine Technique, partly visible and partly hidden. It was the Great Realm Divine Technique.

“The Great Expansion Divine Technique and the Great Realm Divine Technique... both of them had the words ‘divine technique’. Could they be the cultivation techniques left behind by experts of the Ten Worlds realm?”

The mightiness of these two cultivation techniques was beyond Yunxiao’s knowledge. He said doubtfully, “But...there are no descriptions of experts of the Ten Worlds realm in the records of continental history...”

After pondering hard for a long time and not coming out with a conclusion, he simply stopped guessing. At least he knew that this Great Realm Divine Technique was the key to control the Divine Realm Tablet. Carefully, he sent his divine sense into the obscured region in his spiritual ocean and began to study the Great Realm Divine Technique.

“The beginning of the Grand Ultimate is Limitless Void. Nebulous as one energy. No Separation. Thus, Limitless Void is the mother of Grand Ultimate...”

By the time he had just read a quarter of it, he began to feel very tired. To his astonishment, his soul power, which was at its maximum level just now, had been exhausted. His eyelids drooped and he felt drowsy.

Yunxiao clenched his teeth abruptly, and his mouth immediately filled with blood. But, he got slightly sober as well.

He sat cross-legged down in shock and began to rotate the Great Expansion Divine Technique while reading the golden tadpole-like text. This nourished his exhausted soul power and made him feel better. And because he was spiritually connected with the Divine Realm Tablet, he seemed to sense something from those characters.

“...thus the origin of a myriad of things. Two energies are separate. Heaven and earth judge. Grand Ultimate results. Two energies are Yin and Yang. Yin quiescent and Yang dynamic. Yin terminates Yang generates...”

This time, he managed to read until one-third of the scripture. But after that, no matter how he rotated his soul power, he could not recognize the later part of the text. All he saw was a chaos floating in the depths of his spiritual ocean.

After many attempts, he finally sighed and gave up completely. The remaining two-thirds of the scripture could only be read when his soul power improved again.

?226 Enemies meet

At this moment, the sky was clear. The ocean of vital Qi that he had used to crack open the vital stones and vital crystals had long dissipated into the world.

Fortunately, this was the inside of the divine realm tablet. Even if it dissipated, it would still nourish the mountains and rivers of this world and eventually belong to him.

After reading one-third of the great realm divine technique, Yunxiao stepped out of the stele and appeared in Supreme Palace. He conjured a seal with one hand and immediately put the divine realm tablet into his glabella. Then, he sat down cross-legged and began to refine the divine realm tablet according to the Scriptures recorded in the divine technique.

To refine an ordinary profound level weapon, one only needed to use one's soul power to sense the pulse of the profound level weapon and achieve unity of mind and spirit with it. However, this divine realm tablet required an entire divine technique to perceive the heaven and earth in the tablet, comprehend the nomological laws of the world, and then reach the state of mind and spirit as one, one with the object and one with himself.

While he was meditating, he felt that every time he performed a move of the great realm divine technique, he would have a better understanding of the divine realm tablet. Perhaps this great realm divine technique was a technique that existed solely for the divine realm tablet.

He had created such a profound divine technique for an artifact, which showed how heaven-defying the divine realm tablet was.

While Yunxiao was meditating, a slight tremor suddenly came from Supreme Palace, and a biting cold air rushed out.

“Extreme cold Qi?”

Yunxiao's eyelids twitched. Suddenly, three figures appeared around him, and all of them had extremely unsightly expressions.

“Who is it? What happened to my Supreme Palace? There's actually no one here?”

The leader of the three said slowly. He raised his eyes, and his eyes were as sharp as knives. Suddenly, his pupils constricted as he stared at Yunxiao and said angrily, " "Brat, it's you!"

His body trembled, and he rushed over with a loud roar. He was practically roaring, " "Give me back my true Phoenix Flame!"

They were Qi Zhenzi, who had been healing in seclusion, and Yi Xiaoshan and Huyan Ming, the only surviving members of the six Supreme disciples. No one knew where they were, but they had managed to avoid Xingyang Huo's killing, and even Yunxiao's divine sense could not find them.

"Martial uncle, don't kill him! Capture and refine the true flame alive!" Huyan Ming's eyes also burst with light as he hurriedly shouted.

Hmph, kid, there's a path to heaven, but you refuse to take it. Since you've delivered yourself to my door, then I won't be polite with my subordinates!

Qi Zhenzi's mind was occupied with the Phoenix true flame, and he only had Yunxiao in his eyes. He opened his palm, and streams of gray aura shot out from his five fingers. They came from several directions like vines, trying to tie Yunxiao up.

Yunxiao sighed softly. With a flash of red light in his hand, Tigerfang sword transformed into a fierce tiger and shot out. Tens of thousands of sword beams scattered and cut off the five gray streams, but the Tiger's momentum did not slow down as it pounced on Qi Zhenzi.

"Bang!"

Qi Zhenzi's pupils contracted. He slapped away the fierce Tiger's sword energy and cried out in horror, " "Martial Lord! You've been promoted from a nine-stars warrior to a two-stars martial Lord in just a month? How is this possible?"

Not only him, but Yi Xiaoshan and Huyan Ming were also dumbfounded, their brains short-circuited at the same time.

“True fire, it must be true fire!” “He must’ve absorbed the true fire,” Huyan Ming roared with heartache, “that’s why he has such a dream-like cultivation speed!” Give me back my true Phoenix Flame!”

Qi Zhenzi’s heart ached, and he was extremely vexed. He was so angry that his five fingers cracked. if you know what’s good for you, you’d better cooperate with us to take out the true fire. Junior nephew Huyan is a fourth-tier Alchemist, and I’ll definitely ask him to find a way to keep you alive.

Yunxiao stood with the sword in his hand and looked at him as if he was an idiot.

As if sensing the situation outside, a golden light flashed in the divine realm tablet, and Duan Yue stepped out and stood beside Yunxiao, his cold eyes sweeping over the three.

“Swish!”

Qi Zhenzi gasped. The aura emanating from Duan Yue’s body had actually suppressed him. The killing intent that was revealed from it sent a chill down his spine.

“This Lord, you are Yingluo?”

Duan Yue snorted coldly and glanced at him, as if he didn’t care to answer.

Qi Zhenzi’s heart was beating like a drum. He asked carefully, “Sir, may I know what is your relationship with this child?”

Huyan Ming, on the other hand, looked puzzled. He frowned and stared at the divine realm tablet behind him, as if he had sensed something extraordinary about it.

Duan Yue slightly raised his eyes and gave him a glance, then said lazily, “It’s whatever you think it is, it doesn’t matter.”

Qi Zhenzi felt suffocated and cupped his fists. "I have some grudges with this young man. I hope that this Lord will not interfere."

don't worry," Yunxiao said. he won't do anything.

Duan Yue gave him a surprised look. 'Does this kid want to fight a martial Grandmaster alone?' Although Qi Zhenzi had not fully recovered from his injuries, he was still a one-star martial Grandmaster. As the saying went, one man could overcome ten men. The two of them were separated by two major realms, which was not a gap that could be closed by skill.

But, when Yunxiao said that, Qi Zhenzi was even more uncertain.

"My Lord, I'm Huyan Ming, a fourth-tier Alchemist," Huyan Ming said with a bright voice. As long as my Lord doesn't interfere in our private affairs, I, Huyan Ming, will owe you a big favor. I'll definitely repay you in the future!"

"Tsk! Was Tier 4 that amazing? You're nothing in my eyes!" Duan Yue said triumphantly. He was scolding Yunxiao, and he gave him a smug look. What he did not know was that Yunxiao was already a fifth-tier being.

But when Huyan Ming heard this, his expression changed drastically.

A favor from a fourth-tier Alchemist was something that many people would fight for, even among martial grandmasters. Even a Martial Emperor of the seven constellations realm would not want to offend a fourth-tier Alchemist at will. However, the disdainful and unconcerned expression on Duan Yue's face was definitely not an act. That meant that he was really not interested!

Qi Zhenzi's heart was beating like a drum, and he asked tentatively, "Milord, can I capture this thief and take him away?"

Duan Yue suddenly burst into laughter. you seem to think that you've got him in the bag, don't you? "

Qi Zhenzi seemed to understand. "Of course! Could it be that Daren thinks that there's some suspense?"

Yunxiao chuckled noncommittally and said, "Qi Zhenzi, why don't we make a bet?"

Qi Zhenzi crossed his arms and snorted. "What qualifications do you have to bet with me? But there's no harm in telling."

the man next to me will never make a move," Yunxiao said lightly. you can do whatever you want. If you can take me down, you can have the true Phoenix Flame. If you can't, I want the three of you to submit to me. Is this a good bet?"

"What? You want to fight me one-on-one?" Qi Zhenzi's eyes widened as if he had seen the most unbelievable thing in the world.

"Pledge allegiance to you? What qualifications do you have to think of subduing me?" huyan ming's face was full of mockery and disdain.

Yi Xiaoshan remained silent from beginning to end, only frowning slightly. he was an eight-stars martial king, so he had no say in this place.

"Haha, you don't even dare to bet on this?" Yunxiao sneered without hiding it and said coldly, "If that's the case, then get lost. What's the use of taking in such a cowardly waste?"

"Big words! You're so arrogant!" "I'll defeat you even in martial arts, let alone martial uncle Qi!" Huyan Ming shouted angrily.

As a fourth-tier Alchemist, he was also a martial Lord. He had always had high standards, and even those big sects and aristocratic families didn't dare to say that they wanted to recruit him.

Qi Zhenzi's face turned serious. "Sir, will you intervene in this bet?" What he was most worried about was Duan Yue. If it were not for this martial Grandmaster, who he could not see through, he would have killed Yunxiao with one palm long ago, and he would not have wasted so much time.

Duan Yue was a little worried. Looking at Yunxiao's indifferent look, he said slowly, "Since both sides have agreed, I will naturally not interfere. Then I'll be the witness. If someone reneges, don't blame me for being ruthless."

He deliberately stared at Huyan Ming, his gaze piercing like a steel knife. Huyan Ming was so shocked that his entire body turned cold. He said in a serious voice, "Since there's a Lord as a witness, we naturally won't break our promise."

Yi Xiaoshan also nodded his head slightly in agreement.

Qi Zhenzi looked at Yunxiao indifferently. He could not figure out why this one-star martial Lord dared to challenge him. "Make your move, or don't blame me for not giving you the chance to make your move if you lose," he said leisurely.

since Lord Qi has the demeanor of a Lord," Yunxiao said with a smile, "I won't be polite.

He raised the Tigerfang sword and blew on it lightly. The roar of a Tiger resounded. The seal on the sword was instantly removed, and shadows of blood-red Tigers roared out of the sword. It was as if they were in a primitive forest, and demonic Qi filled the sky.

Qi Zhenzi's expression changed slightly. The power of this sword was so strong that it was far beyond the power of an ordinary martial Lord.

It must be the effect of the true Phoenix Fire!

Qi Zhenzi attributed all of this to the true Phoenix Fire, and the thought of it made his heart ache. His gaze became even more fanatical. As long as Duan Yue did not interfere and he captured the young man, all the benefits would be his.

"Even the light of a grain of rice glows."

Qi Zhenzi sneered and struck with his palm. The wind from his palm broke through the air and suppressed all the demonic Qi. Under the might of this palm, the numerous Tiger phantoms immediately dissipated, and everything became clear.

“Brat, strength can overcome ten techniques. No matter how powerful you are, you can’t escape from my palm! Just take this as a lesson and surrender. For the sake of this Lord, I’ll try my best to spare your life!”

He continued to persuade, but his hands did not stop at all. In an instant, dozens of fist shadows were blasted out, condensed in the air and not scattered, whistling down. Moreover, the fist shadow exuded a bone-chilling aura that almost froze the entire area.

Duan Yue’s pupils constricted as well, as he could see the power of the energy. He couldn’t help but feel nervous. If they were at the same level, even he might not have the confidence to deal with this kind of cold Qi.

Yunxiao’s eyes narrowed slightly as he bent his body and kicked his legs hard. His body shot out, and even though he had performed the footwork of shifting shadows under the fist shadows that filled the sky, he did not manage to hit the target. Ice pits were formed on the ground, and they all turned into light blue crystals.

Qi Zhenzi cast a spell with one hand and shouted, “Your movement technique is not bad, but it’s useless! Extreme cold true Qi, condense!”

Creak creak creak!

The icy air that was spreading all over the ground suddenly condensed under his spell. The air was constantly frozen in a color visible to the naked eye, and the entire ground was covered in a layer of frost.

?

227 Challenging Qi Zhenzi one-on-one

Yunxiao hurriedly rose to his feet and leaped into the air like a floating leaf, trying to jump out of the ice zone. But, as soon as his feet left the ground, they were immediately frozen in midair by the cold air, and a look of panic appeared on his face.

Qi Zhenzi couldn't help but laugh. haha, this is boring. I haven't even warmed up! Young man, in the future, restrain yourself and don't be so ignorant!"

He flew forward and could not help sneering when he saw Yunxiao's frightened face. my Lord, " he turned to Duan Yue and said, " the bet is over. I'm taking this man with me. Then, he reached out and grabbed Yunxiao's forehead.

Qi Zhenzi's hand suddenly stopped in mid-air. A sense of extreme danger welled up in his heart. This was a warrior's instinct. The higher one's cultivation realm, the more accurate this instinct would be.

"What's going on? This feeling ... It actually makes me feel so dangerous? Could there be more variables?"

"?!"

He stared at Yunxiao, who was frozen, and suddenly gasped. He was about to step back in horror! Although Yunxiao was still frozen, the panic on his face had long disappeared. His eyes were like stars as he stared at him with a cold smile.

how could you?!

Hmph, how boring. I just revealed a little flaw and you fell for it. I haven't even warmed up yet! The fiery cloud between Yunxiao's brows flashed, and a Phoenix Fire Shadow whizzed out. In an instant, the temperature of the entire land rose abruptly, as if they had suddenly been placed under the scorching sun from an extremely cold place. The contrast in temperature made everyone feel extremely uncomfortable.

All the ice Qi disappeared in an instant, and the faint Phoenix shadows flew toward Qi Zhenzi's forehead. A sense of danger made him shiver. As he was too close, the power of the flames covered a large area and directly enveloped him, making it impossible to avoid!

“Extreme cold true Qi, ice-shattering armor!”

Qi Zhenzi roared in horror. Layers of ice crystals appeared on his body and wrapped him up, forming an extremely strong Ice Defense, blocking the heat waves around him.

“BOOM!”

The illusory Phoenix struck the shattered Ice Armor and immediately bloomed with a dazzling light. The layer of Ice Armor let out a teeth-numbing creak and began to disintegrate inch by inch.

“Ah!”

Qi Zhenzi let out a scream. His body turned black in an instant. There was no fire, but he looked like he had been burned. His skin cracked, and the fire poison seeped into his meridians, causing black blood to flow out.

“True Phoenix Fire! He has actually refined the true Phoenix Fire!”

Huyan Ming looked at this scene in horror. A flame that could burn a martial Grandmaster with a single strike was definitely the true Phoenix Fire. Although it did not show its physical form, its faint shadow was already enough to shock the sky.

“Tiger Tooth sword, Green Lotus Sword Song!”

die! Yunxiao cried out. As the true flame appeared, he leaped forward, and huge blood-red lotus flowers bloomed on the blood-red Tigerfang sword, falling on Qi Zhenzi.

“Rumble!”

There were a total of seven blood-colored green lotuses. The moment they fell, they turned into ten thousand sword rays, almost cutting the space into pieces. From afar, sword Qi could be seen crisscrossing, penetrating the heavens and penetrating the earth.

Qi Zhenzi's continuous screams were heard. His body was torn apart by the sword Qi, and he was in great pain.

Although the song of the Azure Lotus sword did not cause any substantial damage to him, the true fire Shadow had burned his true Qi protection. At this moment, tens of thousands of sword Qi entered his body and began to swim wildly, cutting his meridians and muscles inch by inch. Countless wounds appeared inside and outside of his body, and the pain was unbearable.

Yunxiao stood with his sword in hand, and his clothes were spotless.

The result of this exchange was as if the opponent was a martial Lord who had been beaten by two moves, while he was the high and mighty martial Grandmaster. The visual effect was completely reversed. Not to mention Huyan Ming and Yi Xiaoshan, even Duan Yue was shocked.

This was the first time he had seen Yunxiao fight in a real sense. The kind of combat techniques and tactics that broke through force with skill, combined the real with the fake, avoided the heavy and avoided the light were as strong as those who had been through hundreds of battles, and were by no means something a warrior who spent all day in seclusion could do. Even if he was the one fighting, he would not be able to easily injure an existence two major realms higher than him.

Yunxiao looked at Qi Zhenzi, who was lying on the ground and wailing in the distance, and snorted coldly. "Alright, stop playing dead. Now that we're done warming up, let's get serious."

"?! It was only a warm-up! Is he really just a two-stars martial Lord?" Yi Xiaoshan was completely stunned, cold sweat dripping from his forehead.

Huyan Ming's expression was also extremely unsightly. The other party had refined the true Phoenix Fire, which meant that he possessed the most yang and unyielding flames in the world, which just happened to restrain their Supreme Palace's extreme cold true Qi. The originally overbearing and unparalleled true Qi had become a weakness instead.

The only thing he could do now was to carefully avoid the true fire and suppress the other party with absolute strength. This was the only way to win!

Qi Zhenzi also understood this. He rushed up from the ground angrily and jumped into the air. As a martial arts Grandmaster, he could stand in the air while the other party could only stand on the ground. This way, they could avoid close contact. If the other party used the true Phoenix Fire, there would be enough distance to avoid it.

A man stood in the wind with a sword in his hand, his face revealing a calm and confident expression. One of them was hunched into a ball, his entire body was as black as charcoal, and blood that was filled with fire poison was still flowing through his body, giving off a pungent smell.

The stark contrast between their images made Huyan Ming and Yi Xiaoshan begin to doubt the bet they had thought they would definitely win.

“Brat, your good luck ends here!”

Qi Zhenzi crossed his arms, and beams of light bloomed from the circle in front of him. Gradually, a small bell appeared, emitting an ancient charm. It enlarged and finally formed a big bell. He held it with one hand and raised it high.

“Mountain river Bell!”

Huyan Ming’s expression changed drastically, and he said in shock and anger, “It’s one of the Supreme Palace’s most precious treasures, and it’s said that it was stolen by a thief! Because of this, the palace Master investigated for several months, and more than a hundred people were implicated and had their cultivation crippled. More than ten people even died because of this. It was actually you who stole it!”

Yi Xiaoshan was also shocked, and his eyes were filled with anger. A few of the people who were punished to death were his beloved disciples.

Yunxiao’s expression changed drastically as well, and his eyes flickered with incredulity. He stared at the bell for a long time before he breathed a sigh of relief and said with a smile, “I thought it was the cauldron suppression mountain river Bell, but it’s a fake.”

“Brat, what nonsense are you spouting!” this is the real Bell of mountains and rivers! Qi Zhenzi said angrily. the sound of the bell can suppress the mountains and rivers!

He slammed his palm on the bell, and an ancient, muffled sound reverberated. The whole sky trembled, and even Yi Xiaoshan and Huyan Ming felt the world spin around them, and they could not stand steadily.

Yunxiao’s face turned serious as he muttered to himself, ” “Not bad, not bad at all. Even though it’s a replica, it still has this kind of power.”

“Bang! Bang! Bang! Bang!”

Qi Zhenzi’s face turned ferocious. He struck out Three Palms in a row. The entire sky was distorted by the sound waves, as if it was going to shatter. Huyan Ming’s cultivation level was the lowest, and he couldn’t help but spit out a mouthful of blood. He hurriedly swallowed a few medicinal pills and sat down cross-legged to heal his injuries.

Yi Xiaoshan also hurriedly circulated his true Qi to resist the sound wave attack.

Even Duan Yue’s eardrums were ringing, and his blood and Qi were shaking. His mind was buzzing, and he felt like it was about to burst.

“Hahaha! Other than attacking qi and blood, the mountain river Bell could also attack one’s mind and sea of consciousness. In light cases, their souls would be damaged and they would lose their memories. In severe cases, their souls would be directly shattered and they would become soulless corpses!”

Qi Zhenzi looked at the expressions on everyone’s faces and couldn’t help but laugh. with this mountain river Bell, even if I encounter an existence that is a few levels higher than me, I can still win!

The power of the sound wave vibrated around Yunxiao and rushed directly into his spiritual sea. He started to recite the great expansion divine technique in his heart, and the uncomfortable feeling immediately disappeared.

Although the qi and blood around his body were also shaken, he exerted a little force and was immediately suppressed by the overbearing force. He only felt that his eardrums were buzzing from the vibration, but he did not feel any other discomfort.

The mountain river Bell was a precious treasure that specialized in attacking one's consciousness and blood Qi. However, it was completely useless against his powerful soul power and physical body.

In fact, if he attacked with his true energy, he would be able to defeat all of them with his strength alone, and Yunxiao really did not have any good ideas.

“Bang! Bang! Bang!

“Bang! Bang! Bang! Bang!”

However, Qi Zhenzi obviously didn't know that. He was still striking the bell in the sky.

Yunxiao just looked at him coldly, because every knock consumed a lot of primordial Qi. He could wait for the exhausted man at ease, so why not? After a few loud sounds, he sat down cross-legged and closed his eyes to cultivate. Because he realized that his true Qi had started to become full under the sound waves of this fake mountain and river Bell, and he faintly felt that he was about to break through.

“Hmph, with your four symbols realm cultivation, it's useless to resist! Even a martial King or a martial Grandmaster would have their soul shattered by my mountain river Bell, and their bodies would explode to death!”

Qi Zhenzi held back the pain in his body and struck with all his might. When he saw Yunxiao sitting cross-legged with his eyes closed, he thought that the young man could not hold on any longer, so he struck harder.

On the side, Yi Xiaoshan and Huyan Ming had already begun to bleed from their bloodied holes.

Duan Yue also sat down cross-legged with a solemn expression and began to resist the bell.

After the time it took to brew a cup of tea, Qi Zhenzi was exhausted. He looked at the expressionless Yunxiao in shock, who was sitting cross-legged like a wooden sculpture, and his heart was filled with shock and doubt.

“Why is this kid so expressionless? Could it be that his soul was forcefully shattered?”

Qi Zhenzi looked at them from afar and thought, “Not good! If he’s dead, what about the true Phoenix Flame?”

In a hurry, he flew down with the bell in his hand, trying to check Yunxiao’s condition and see if he could find any trace of true fire in his body.

But to his surprise, as soon as his divine sense touched Yunxiao’s body, it was immediately blocked by an even more powerful divine sense.

That divine sense was so powerful that it actually made his soul tremble in an instant!

?

228 Back to Qinghai

“?! What’s going on?”

Qi Zhenzi’s brain short-circuited. Wasn’t his soul destroyed? This divine sense was a Suan ni.

“Rumble!”

The Qi of heaven and earth in the surroundings suddenly trembled and gathered madly.

“I’m scared!”

Qi Zhenzi did not know what was going on, but he was taken aback by Yunxiao’s warning. He hurriedly retreated dozens of meters and hovered in the sky far away, looking at Yunxiao in shock. The Qi of heaven and earth around him surged into his body, showing the colors of the four symbols.

“This Tao Wu, did he advance?”

He was dumbfounded on the spot. With his cultivation level, he could naturally see that this was a sign of advancement. Not only him, but the other three were also dumbfounded. Huyan Ming and Yi Xiaoshan were even covered in blood as they stared blankly at the image of the advancement.

Duan Yue even cursed out loud and said angrily, “ this kid lied to me about how difficult it was for him to advance, how many primordial stones he needed, and how much more difficult it was for him than ordinary Warriors. Damn it! It only took him a few days to advance from a one-star martial Lord to a three-star martial Lord!

Yunxiao did not expect that his breakthrough would be so easy this time. It was mostly because the excessive primordial Qi He had absorbed last time had been deposited in his body, which had been completely refined by the cultivation of the great realm divine technique. Now, he had also been baptized by the surging and surging baptism of his body, blood, and Qi by the fake mountain and river Bell, so he could easily break through to one star.

He gently opened his eyes and carefully examined his body. There was indeed nothing wrong with his body. He immediately smiled gratefully at the dazed black charcoal in the sky.

“Pfft!”

Qi Zhenzi was so angry that he spat out a mouthful of blood. His scalp was numb and his body was on fire!

“How could this be? How was that possible? Under the mountain river Bell, even a martial King or a martial Grandmaster would find it hard to resist. Not only is he fine, but he has also advanced!”

Qi Zhenzi felt like he was about to explode. He roared, " "Bastard, how is that possible! Go to hell! Die! Die!"

He raised the bell and threw it down like a weapon. Bell of mountains and rivers, cauldron to suppress mountains and rivers, suppress him to death!

The mountain and river Bell transformed, and circles of spiritual energy rippled around it. The bell body instantly turned into the size of a mountain peak, and directly covered the ground. The entire world turned dark!

"BOOM!"

Without a doubt, Yunxiao was thrown into the mountain and river Bell.

"Die! Die! Die!"

Qi Zhenzi kept striking the bell, sending streams of true Qi into it, trying to shake Yunxiao to death. He had consumed too much true Qi just now, and now he was almost at the end of his strength. He had a feeling that he was going to risk it all at all costs.

Duan Yue was shocked. He wanted to help, but he did not understand the situation. Suddenly, he raised his eyebrows and found that the divine realm tablet, which had been beside him, had suddenly disappeared.

"Clang! Clang! Clang! Clang! Clang!"

Qi Zhenzi madly injected his primordial Qi into the bell, and the mountain and river Bell let out a muffled sound as a stream of aura spread out, as if it was going to completely refine Yunxiao, who was trapped inside.

"Long!"

“Rumble!”

Just as Qi Zhenzi rang the bell, an even more overbearing sound came from the inside of the bell, shaking the mountain river Bell.

“Hmph, you want to break out of the bell? dream on!” Qi Zhenzi’s expression turned ferocious. this mountain river Bell is a seventh-grade weapon. It is invulnerable. Unless you have a profound level weapon of the same grade, you can forget about breaking it!

As soon as he finished speaking, the body of the mountain river Bell suddenly enlarged, as if it was being stretched open by something. It actually began to be covered with cracks. Extremely overbearing and divine auras seeped out from the cracks.

this Taowu! Qi Zhenzi’s mouth was wide open, and he was completely dumbfounded!

“BOOM!”

The mountain and river Bell was completely shattered into pieces, flying in all directions.

Yunxiao walked out of it with a cold face, dragging a stone tablet in his hand, which was glowing and spinning. From time to time, tadpole-like characters would appear on it, flickering between life and death. This aura made everyone feel as if it was extremely divine and difficult to resist.

“What profound level weapon is this? He actually broke the mountain river Bell and is completely fine!” Huyan Ming was also shocked. He stared at the divine realm tablet without blinking. Even with his status, he couldn’t sense the level of this profound level weapon at all.

Yunxiao chanted obscure notes as he performed incantation gestures with both hands. It took him a long time to form a complicated seal, which was actually composed of tadpole-like characters, and then flew into the divine realm tablet.

ancient sealed text?!

Huyan Ming's eyes widened as he cried out involuntarily! He had only seen this kind of ancient tadpole-like characters on the stone that sealed the true Phoenix Fire last time, and he didn't know what it was. He didn't expect that someone would use this kind of seal. It was simply incredible!

Under the incantation seal, the divine realm tablet shone with thousands of beams of light and flew out of Yunxiao's hand. It turned into a mountain and pressed down on Qi Zhenzi.

Qi Zhenzi wanted to escape, but he found that the space around him had been locked. There was no way to escape. He could only watch the mountain-like divine realm tablet fall straight down, his face full of despair.

“BOOM!”

Similarly, without any suspense, Qi Zhenzi was suppressed directly, and it was unknown whether he was Dead or Alive.

However, everyone present was an expert, and they soon discovered that Qi Zhenzi's life force had completely disappeared. They were all dumbfounded!

A martial Lord had killed a martial Grandmaster so easily, Lao Ai.

Except for the fact that he had spent a lot of energy and energy to use the divine realm tablet, which made his face a little pale, Yunxiao was spotless, as if he had done something insignificant.

All of them, including Duan Yue, felt a chill in their hearts, and a chill ran up their spines. Was he still a martial Lord with such combat strength?

In fact, if Qi Zhenzi hadn't been at the end of his rope, it wouldn't have been difficult for him to avoid the attack from the divine realm tablet. Even so, the challenge of crossing two major realms still caused a huge wave to surge in the crowd. It was really difficult to accept.

What made people even more speechless was that Yunxiao had advanced to a one-star bi 'an out of thin air in the battle.

“Is he, Is He Dead?” Duan Yue asked with great difficulty.

Yunxiao pointed at the tablet with one hand, and it immediately flew back to his palm, turning into a beam of light and returning to his glabella.

A huge pit appeared on the ground. In the middle of the pit, a shapeless pile of meat stuck in the soil. One could tell that it was Qi Zhenzi’s body just from his clothes.

“?!”

Although they had already guessed that this would be the result, they still sucked in a cold breath after seeing the truth. A martial arts Grandmaster powerhouse had actually died in such a cowardly manner, becoming a pile of mud. The visual impact was too hard to accept.

“Whoosh!”

Yunxiao opened his palm, and a storage ring flew out of the mud and fell into his hand.

“Gulp!”

Duan Yue swallowed hard and said with great difficulty, “You want something from such disgusting rotten flesh?”

Yunxiao rolled his eyes at him and snorted. “Didn’t I tell you that I’m poor and need resources?”

Duan Yue was disgusted, ‘you still have the nerve to say that! He lied to me about how difficult it was to advance. I haven’t seen him in a few days, f * ck! He had already been promoted to a three-stars martial Lord! I’ll be a bastard if I ever believe you again!”

This matter was really inexplicable. Yunxiao ignored him and looked at the other two. “You guys want the true Phoenix Flame on me too?”

Huyan Ming and Yi Xiaoshan's faces immediately turned pale. Even Qi Zhenzi had been killed by him, so they were even less of a match for the wine.

"I'll give you two choices. Two, die!"

No one would choose to die, so the two of them quickly swore their allegiance.

With a point of his finger, Yunxiao immediately took the two men into the divine realm tablet. As long as he could enter the divine realm tablet, everything would be under his control. He wasn't afraid that the two of them would resist. Huyan Ming immediately understood what kind of existence the divine realm tablet was, and he could not even muster up the slightest will to resist it. Therefore, he was sent to Mount inch by Yunxiao to refine weapons and pills.

Yi Xiaoshan had the strength of an eight-stars martial King, so he placed him in the center of the spiritual Qi at the foot of Mount inch and let him concentrate on his cultivation.

Xiao qingwang sensed Yi Xiaoshan's aura, and the two long-time enemies sighed and smiled at each other.

Now, Yunxiao had mastered some basic uses of the divine realm tablet, which was almost equivalent to a mobile fortress. If this news were to spread, it would surely shock the world.

"I'm going to Qinghai to deal with the blueluan warship. Do you want to come with me, or do you want to enter the divine realm tablet to cultivate directly?" Yunxiao turned to Duan Yue and said.

"your treasure is really like the Noah's sky ship," Duan Yue said with a wry smile. "I'll cultivate in it. However, without the injection of spiritual Qi, the origin Energy within it also seems to be gradually dissipating."

"that's right," Yunxiao nodded. "the world in this divine realm tablet can't be compared with the heavenly Cycle World we are in. It couldn't generate spiritual energy on its own and had to rely on absorbing external resources to nourish the living things inside. However, the amount of spiritual Qi required to maintain the operation of such a world is simply astonishing."

With some lingering fear, he said, 'look at the spirit veins within a thousand miles of Yanwu. How long has it been? I used the nine Dragons energy-absorbing array to absorb all of it. When Yanwu gains a firm foothold in firecrow Empire, I'll have all those little bastards inside get out! I really can't afford to take care of them.'

Duan Yue also sighed. Fortunately, the spirit energy contained in the divine realm tablet was enough to last for a while. It was unknown which ancient Almighty was able to refine such a heaven-defying artifact. This seemed to have gone beyond the scope of a profound level weapon. Even the so-called Noah's sky ship might not be comparable to this divine realm tablet.

After putting Duan Yue into the divine realm tablet, Yunxiao took out a Tigerking chariot and headed toward the Tian Xiang Empire.

A few days later, he walked out of the myriad treasures store in Qinghai with a satisfied look on his face. The shopkeeper followed behind him, and after exchanging some pleasantries, he watched him leave.

One million mid-grade primordial stones were already in his hands. There wasn't much suspense in this matter. With his relationship with the myriad Treasure Tower's elder, he could get ten times or even a hundred times more primordial stones. He just didn't want to attract too much attention at the moment.

Yunxiao strolled around Qinghai for a while, then walked into a teahouse and began to drink by himself.

?

229 Thunderwind Chamber of Commerce

"I heard that the flying sword sect and the other two great sects are being controlled by the thousand crane Pavilion. However, these three major sects have indeed disappeared from Qinghai during this period of time."

“I guess it’s true. The thousand Cranes court is the number one sect in the Tian Xiang Empire. If they don’t do anything about the constellation sect’s destruction, it will be troublesome when the constellation sect comes from another region.”

it’s said that the four great domains on the heavenly martial continent are separated by hundreds of millions of miles. A low-level warrior can’t reach them even if he tries his whole life. No matter how powerful the constellation sect is, it’ll take at least dozens of years for them to cross over to this place, right?”

“Tsk! Look at your little knowledge! After reaching the nine Heavens Martial Emperor realm, one could directly shrink the land into inches, break the void, and cross thousands of miles with one step. These large sects that had been passed down for tens of thousands of years all had long distance teleportation formations. Crossing a region in the blink of an eye, it’s like eating.”

“Really? brother dafei, don’t lie to me. Shrinking the earth and shattering the void, are they still human?”

“Hmph, you know nothing! That was something only a Martial Emperor of the nine Heavens realm could do. Do you know what the nine Heavens realm is? do you know what a martial supreme is? he was above the nine heavens, the emperor of martial arts! What can’t you do?”

“Tsk, tsk. When will I be able to step into the nine Heavens realm as well? how great would that be? Then my two beautiful little cousins would not have been snatched away by that bastard Shan Ji.”

In the teahouse, Yunxiao had heard all kinds of gossip about the destruction of the constellation sect’s Qinghai branch. Now, everyone was certain that it was the flying sword sect, Tiger Slayer sect, and Stonefang house who had done it, and that these three sects were already under the tight control of thousand crane Pavilion.

Most of the people were cursing the thousand Cranes court for being immoral and imprisoning a local sect for a foreign sect. The entire Tian Xiang Empire’s Warriors seemed to have lost face, and for a moment, everyone was filled with righteous indignation.

Soon, an old man with a mustache came up. After looking around the teahouse, he went straight to Yunxiao, poured himself a cup of green tea, and drank it in one gulp. Then, he cleared his throat and said, "Young man, what do you want from this old man?"

Yunxiao smiled as he closed the teacup and said, "I've heard that the thunderwind Chamber of Commerce will accept any kind of business. If the customers want to keep their business confidential, they will satisfy them."

The old man chuckled and did not comment. He squinted his eyes and said, "That will depend on the price."

Yunxiao knocked on the table and threw down some gold coins as he said, "Let's go. Follow me to see the goods. I don't know how long it'll take for me to repair a chariot."

The man was Shangguan tie, the manager of the thunderwind Chamber of Commerce in Qinghai. After taking a few more sips of tea in a hurry, he followed Yunxiao with a smile, and the two of them left one after another.

A moment later, a Bluewolf chariot appeared in the sea ten thousand miles away, near the island where the blueluan warship was hidden.

"Kid, what chariot are you repairing? Don't tell me it's a blueluan warship!" Shangguan tie was a little suspicious.

Yunxiao chuckled as a few incantation gestures flew out of his hand and shot into the sea not far ahead. Immediately, the ocean view gradually receded, and an Island emerged. An Azure Phoenix chariot was floating quietly on the island. The constellation sect's symbol was on it, without any alterations.

"?!"

Shangguan tie was stunned. He gasped and looked at the blueluan warship in horror.

this ... This ... This Tao Wu ... The destruction of the constellation sect's branch was actually your doing?! He was taken aback as he looked at Yunxiao in shock.

Yunxiao looked at him indifferently and chuckled. "Does the thunderwind Chamber of Commerce always ask the root of the problem?"

Shangguan tie knew that he had said something wrong, so he said with a bitter smile, "I'm sorry, it's too shocking. During this period of time, not to mention Qinghai, the entire Tian Xiang Empire, and even the entire southern region, were talking about this matter. I didn't think that the flying sword sect and the other two sects would be the scapegoats."

I don't think you're taking the blame for me," Yunxiao said meaningfully. you might not be taking the blame for me. How long will it take to repair this? how much will it cost?"

Shangguan tie realized that there was a hidden meaning in his words. He thought for a while and said, "this mission is too big, but the Chamber of Commerce has accepted similar missions before. The price was one million mid-grade primordial stones, and the time limit was one month.

"A month?"

Yunxiao did not care about the price, but the time was the key. Mount Meru was about to open, and he didn't know if he could wait for a month.

"One month is my estimated time. I think you know that in order to repair this thing, you must open the teleportation array and send it to the headquarters of the thunderwind Chamber of Commerce or a branch in the sea of soul formation. It would take some time to go back and forth. I can only put on an urgent label and ask them to get it done for you as soon as possible. However, the price must be paid first." Shangguan tie promised when he saw his hesitation.

"Alright!"

Yunxiao agreed without saying anything. Because he couldn't doubt the credibility of the thunderwind Chamber of Commerce, he took out a storage bag and threw it over. It was the one he had just taken from the myriad treasures store and hadn't been warmed up yet.

Shangguan tie stopped talking and started to look serious. He kept casting incantation seals and sent them into the blueluan warship. Soon, he put the huge warship into an exquisite bracelet and put it back in his hand.

I'll stay on this Island for the time being. Come find me directly after it's repaired. Yunxiao put away the chariot and jumped onto the island.

"Hehe, this deal is worth a year's worth of my sales." Shangguan tie chuckled and did not waste any more time. He turned into a light and flew toward Qinghai.

After landing on the island, Yunxiao set up a Nine Dragons energy-absorbing array and placed the divine realm tablet in the eye of the array, then began to absorb the primordial Qi in the ocean.

Although it was not a land of spiritual energy, it was not much worse than when he was in Yanwu.

Shangguan tie returned to Qinghai after putting away the blueluan warship.

The thunderwind Chamber of Commerce was just a small, unremarkable Chamber of Commerce in Qinghai. Few people knew that it was the second largest Chamber of Commerce on the mainland, and even fewer people knew that Shangguan tie was a martial Grandmaster.

After he entered the Chamber of Commerce, a shop assistant came up to him and said, "Mr. President, we've recruited the people you wanted. There's not a single person from the Tian Xiang Empire. All of them are from the firecrow Empire and the MU Xu Empire."

"Oh? Not bad. They've all been gathered so quickly?" Shangguan tie was slightly surprised. "Take me there."

The waiter hurriedly led the way while smiling, "Perhaps it's because Mount Meru is about to open that many forces are ready to make a move. Many small sects have been destroyed during this period. That's why many cultivators have no home to return to, and become wandering cultivators."

“Yes, the opening of Mount Meru is indeed a big event. The last time it was opened seemed to be a hundred years ago. It’s a pity that only young people under the age of fifty can pass through. Otherwise, those super forces wouldn’t care about the iron law of the Holy region and would just cross over.”

Shangguan tie mumbled to himself as he followed the waiter into a small courtyard. A group of young warriors stood side by side.

huh? there’s a martial Lord here? ”

Shangguan tie was surprised. He pointed at the one-armed young man and said, ” “Where are you from? What’s your name?”

The expression on the young man’s face was uncertain as he said in a deep voice, ” I’m from firecrow Empire. My name is Li Yi.

.....

Yunxiao had been cultivating quietly on the isolated island in the South Sea. Apart from the tens of thousands of mid-grade primordial stones he found in Qi Zhenzi’s storage ring, he had used them up in just a few days. He shamelessly extorted and threatened Duan Yue to get another tens of thousands of mid-grade primordial stones.

the spirit Qi in this divine realm tablet is all my hard work. You’re going to use it for free? ”

“Don’t tell me you don’t have any elemental stones. How bad would it be to not have any elemental stones? If you don’t have primordial stones, don’t even think about leaving this place!”

“Do you still want to unseal the seal on your body? Do you really think you can get young Emperor hao lian’s blood?”

“Let me tell you, among the thousands of men in this divine realm tablet, at least half of them brought soap in. Do you think I won’t bind your elemental energy and throw you between them?”

Unfortunately, these tens of thousands of primeval stones did not last for a few days. After a few more extortions, he managed to get another tens of thousands of primeval stones, but he could no longer get any more. The old man's determined look probably meant that he would not give up the primordial stones even if he was F * cked in the ass.

After that, Yunxiao had no choice but to fly back to Qinghai and Exchange many items for a large number of primordial stones. Only then did he manage to hold on until Shangguan tie arrived half a month later.

Yunxiao shook his head helplessly. He was a peak three-stars martial Lord, but after swallowing more than three hundred thousand mid-grade primordial stones, he could not even raise his rank by one.

"Haha, brother. He had gained a lot in the past ten days. He had advanced from an early-stage three-star martial Lord to a peak three-star martial Lord! Even the disciples of the great clans can't hope to catch up to this cultivation speed." Shangguan tie smiled with surprise in his eyes. He asked tentatively, "With younger brother's strength, it shouldn't be a problem for you to fight for a spot for the opening of Mount Meru this time, right?"

"Hehe, only people from the southern region are qualified to compete for the spot of Mount Meru. Shopkeeper Shangguan, you're trying to find out my background." Yunxiao said bluntly.

"I wouldn't dare!" Shangguan tie explained in a hurry. It was a taboo for the thunderwind Chamber of Commerce to ask about their guests. If a customer was dissatisfied and complained, he would be in big trouble. He quickly changed the topic, took off the bracelet from his hand, and threw it into the air.

He cast a few spiritual seals into it, and suddenly, the bracelet emitted a ray of light. The figure of the blueluan warship gradually emerged from it, giving people a feeling of a new look. The constellation sect's symbol on it was also removed.

"Good! The thunderwind Chamber of Commerce is really confident in their work!" Yunxiao was overjoyed. He jumped directly onto the warship and scanned it with his divine sense. Sure enough, all the arrays had been repaired. Many of the damaged parts of the ship had also been repaired, and no traces could be seen at all.

Shangguan tie also followed behind with a smile. Suddenly, he asked, "Brother, I have a question. Did anyone else repair this Starship before you gave it to us?"

"Oh? Why do you ask?" Yunxiao's heart skipped a beat, and he deliberately put on a strange look.

?

230 Mission

"Hehe, I won't hide it from you, brother. The alchemists in the Chamber of Commerce asked me to ask on behalf of them, because they found some traces of restoration. Even the top alchemists in our Chamber of Commerce are full of praise for the brilliant repair technique. That's why he asked me to ask on his behalf. It's not against the rules of the chamber of Commerce. You can choose to answer or not."

When Shangguan tie said these words, he stared into Yunxiao's eyes without blinking. He could capture any fluctuation in Yunxiao's eyes, just to see through his mind.

But, who was Yunxiao? he sneered in his heart, his eyes wide open and his face harmless. "Really? It can't be, right?"

Shangguan tie was a little bit stunned. He felt that his words were too fake, but his innocent expression didn't seem to be a lie. Especially his eyes, which were as clear as an ancient well. He had no choice but to believe that unless this young man was a movie King, he would definitely not be able to pretend.

"Hmm, I really don't know what's going on. Maybe it was done by an expert of the constellation sect." Shangguan tie also gave a vague answer. brother, " he suddenly said, " I want to make a deal with you. Are you interested? "

do you want to make a deal with me, brother? " Yunxiao smiled faintly. or does the thunderwind Chamber of Commerce want to make a deal with me? "

Shangguan tie was stunned and slightly surprised. Why did this young man give him the feeling of an old fox? he laughed and said, "Hehe, it's almost the same. Let's say our Chamber of Commerce wants to make a deal with you. Are you interested?"

"Tell me," Yunxiao said.

All of a sudden, Shangguan tie felt that he wasn't facing a teenager at all. He felt that he always fell into a passive position when talking to the other party. This feeling surprised him, but also made him extremely unhappy.

"The opening time of Mount Meru has basically been calculated by the major forces. It should be in forty days, and the specific location should be within the firecrow Empire, close to Tianshui. I hope that after you enter Mount Meru, you can help me find something."

the firecrow Empire is close to Tianshui? " Yunxiao's face flickered as he frowned and said, " "You're not talking about Yanwu, are you? Mount Meru has directly descended to Yanwu?"

"This is only a rough estimate. How can we calculate such a specific area?"

"What is it? Even the Thunder wind Chamber of Commerce is jealous of him?"

"Hehe, this item. It's only a conjecture made by a few of my Chamber of Commerce's powerful experts, and it might not really be there. After all, Mount Meru hasn't been opened for more than a hundred years. No one knows what's going on inside."

Shangguan tie took out a piece of animal skin with a detailed map drawn on it and handed it to Yunxiao. "What you need to do is to enter this Palace and retrieve an item."

Yunxiao fixed his eyes on the place where the palace was marked on the map, and a simple Dragon was drawn on it, but it was very lifelike. His heart trembled slightly as he said in a deep voice, " "One item? Can't you tell me what it is?"

Shangguan tie glanced at him and said with a smile, "If you can enter, you will naturally know. This treasure was originally born in Mount Meru, but it was later taken out by someone. Many years ago, it was lost again. Some of the powerful experts of my Chamber of Commerce found many experts to speculate and finally calculated that it must have returned to Mount Meru."

Yunxiao stared at the Dragon shape drawn on the palace and the lines of the entire map. It gave him a familiar feeling, and it was extremely difficult for him to calm down.

Shangguan tie said, "after this is done, the thunderwind Chamber of Commerce is willing to offer ten million medial-grade primordial stones as a reward for you to find the treasure."

Yunxiao, however, seemed to ignore it. He just stared at the map on the animal skin and the Dragon shape. He seemed to be a little dazed, and only came back to his senses when Shangguan tie patted him on the shoulder in surprise. "Shopkeeper Shangguan, I'm afraid that the task of finding the treasure is not your task, nor is it the task of the Chamber of Commerce. Someone has entrusted your Chamber of Commerce to handle it, right?"

Shangguan tie was stunned. He said, "Why do you say that, brother?"

Yunxiao smiled and said lightly, "This map was drawn by an old friend of mine. I didn't expect him to be hiding in the southern region. I wonder if shopkeeper Shangguan can tell me where he lives?"

Shangguan tie was greatly shocked.

He didn't know who had drawn this map. He only knew that the person who entrusted this task was mysterious. He looked just like an ordinary person, holding a zither and without any fluctuation of primordial Qi. Even his zither, Shangguan tie had observed it himself and found it to be the most ordinary thing in the world.

However, when he accepted this task, he actually took out a million primeval stones as a reward without even blinking.

That was a million superior-grade primordial stones, which was worth 100 million medium-grade primordial stones!

Shangguan tie was petrified on the spot. He had been in Qinghai for decades, but all the orders he had taken added up did not cost that much.

He could not believe that the person in front of him was an ordinary person, but no matter how he investigated, he was no different from an ordinary person. He didn't know how he had accepted this mission, or how he had sent that person away.

After that, he immediately reported this matter to the headquarters of the thunderwind Chamber of Commerce. He immediately received orders to do his best to complete the task and not to offend that person.

Shangguan tie swallowed his saliva with difficulty. Who was this young man? He was actually an old friend of that mysterious person? "I'm really sorry, brother," he said with a bitter smile. This is a secret that involves our guest, and we, the thunderwind Chamber of Commerce, can never disclose it. "

Yunxiao smiled faintly and suddenly said, "Does that person carry a wooden zither from a roadside stall all day?"

Shangguan tie shuddered as if he had been electrocuted. He looked at Yunxiao with his pupils dilated, and he immediately realized that he had lost his composure. "I can't say, I can't say!"

However, he also knew that his expression just now had already betrayed his heart. Beads of cold sweat trickled down his face as he said uneasily, "Brother, please don't ask anymore. Otherwise, if I reveal the customer's Secret, I will be torn to pieces by the Chamber of Commerce."

Yunxiao already knew the answer. He put away the map with satisfaction and said with a smile, "Why did you choose me?"

Seeing that Yunxiao had stopped asking, Shangguan tie wiped the cold sweat off his forehead and said, "This was also an idea I came up with on the spot. The thunderwind Chamber of Commerce doesn't care much about the southern region, and we didn't secretly cultivate any forces. Therefore, for the opening of Mount Meru this time, they couldn't find a suitable candidate. They could only temporarily recruit some young martial artists from the southern region. However, their strength is uneven, so I don't have

much confidence in them completing the mission. As for you, little brother, you give me a very different feeling.”

“Oh? What was the difference? As long as you can afford it, it shouldn’t be difficult to find a young man at the martial King level, right?”

martial King realm? that’s easy for you to say! Shangguan tie shook his head and sighed. in a place like the southern region, anyone who can reach the martial King realm before the age of 50 is treated like a treasure by the sect. They are carefully cultivated and have long become core disciples. I don’t want too many people to know about this mission. I’m afraid of causing more trouble.”

“That’s true. If there’s a chance to enter Mount Meru, I’ll go and take a look. It’s up to the heavens whether we can complete the mission or not.”

is the time and location of Mount Meru’s descent accurate? ” Yunxiao asked.

“It’s what those Almighty Warriors deduced, at least it’s not far from it,” Shangguan tie said with certainty.

Yunxiao stored the blue-luan warship into the divine realm tablet. After bidding Shangguan tie farewell, he flew toward Firecrow Empire.

Three days later, they entered Shangyang city.

Yunxiao stood on a bubble and hovered in the sky above Shangyang city, looking down at the rows of luxurious buildings below. Their magnificence was not inferior to that of the Xingyang family, and was almost second only to Firecrow’s Imperial Palace.

In front of the most magnificent building, there was a golden plaque hanging. On it, there was a large “ Zhou ” character written in a small seal. It faintly exuded a burst of martial intent. It was actually written by a master with the intent realm of martial arts. If ordinary martial artists looked at it, they would definitely lose their minds and be attracted.

It was the Zhou family, one of the four major aristocratic families of firecrow Empire, which had been standing in firecrow for almost ten thousand years.

A guard in front of the Zhou family suddenly raised his head to look at the sky and shouted in surprise, "Who are you? You actually dare to circle in the sky above my Zhou clan's estate!"

His roar startled many people, and they all looked up.

Yunxiao looked down coldly as he gathered his strength and shouted, "I am Li Yunxiao from Yanwu! Zhou Yushan, you good-for-nothing! You agreed to have a match with me, so why are you hiding in your shell and not coming out?! If you're afraid of death, you can just say so. If you kneel down and kowtow to me, I'll let you Live!"

He deliberately executed the sound wave martial technique, which rippled in the sky above Shangyang city and spread in all directions.

The entire Shangyang city was disturbed by his words. Everyone looked up at the sky in surprise and suspicion.

Some time ago, when something happened to the Xingyang family, the entire Shangyang city was under martial law. Could it be that something happened to the Zhou family again?

"This is a Kasaya."

In Tianyuan trading company, Ding Ling'er was shocked and rushed out of the room. he's really crazy. He's going to make a bigger scene. I thought he was joking. Is he really a madman?"

Yu Rong's expression was also uncertain. Could it be that this brat was going to challenge the Zhou family?

In another group of magnificent mansions, the Wang family heir, Wang Chen, was making a fire to refine an elixir. Suddenly, his heart moved and he looked up at the sky in shock. It's that kid's voice. He went to the Zhou family?"

The next moment, Wang Chen's figure disappeared from the alchemy room.

in the center of shangyang city, in the majestic palace.

The eyes of Xin ruyu, who was sitting cross-legged, suddenly burst out with a bright light, shooting into the sky like two bolts of lightning. His face changed slightly, revealing a cold and arrogant look. Humph, you reckless fool. Do you think you can provoke the four major families of firecrow Empire just because you have a Martial Emperor? " he was too savage! I let you go at the auction last time, but if you go too far this time, I'll have to teach you an unforgettable lesson."

Chapter 226

?226 Enemies meet

At this moment, the sky was clear. The ocean of vital Qi that he had used to crack open the vital stones and vital crystals had long dissipated into the world.

Fortunately, this was the inside of the divine realm tablet. Even if it dissipated, it would still nourish the mountains and rivers of this world and eventually belong to him.

After reading one-third of the great realm divine technique, Yunxiao stepped out of the stele and appeared in Supreme Palace. He conjured a seal with one hand and immediately put the divine realm tablet into his glabella. Then, he sat down cross-legged and began to refine the divine realm tablet according to the Scriptures recorded in the divine technique.

To refine an ordinary profound level weapon, one only needed to use one's soul power to sense the pulse of the profound level weapon and achieve unity of mind and spirit with it. However, this divine realm tablet required an entire divine technique to perceive the heaven and earth in the tablet, comprehend the nomological laws of the world, and then reach the state of mind and spirit as one, one with the object and one with himself.

While he was meditating, he felt that every time he performed a move of the great realm divine technique, he would have a better understanding of the divine realm tablet. Perhaps this great realm divine technique was a technique that existed solely for the divine realm tablet.

He had created such a profound divine technique for an artifact, which showed how heaven-defying the divine realm tablet was.

While Yunxiao was meditating, a slight tremor suddenly came from Supreme Palace, and a biting cold air rushed out.

“Extreme cold Qi?”

Yunxiao’s eyelids twitched. Suddenly, three figures appeared around him, and all of them had extremely unsightly expressions.

“Who is it? What happened to my Supreme Palace? There’s actually no one here?”

The leader of the three said slowly. He raised his eyes, and his eyes were as sharp as knives. Suddenly, his pupils constricted as he stared at Yunxiao and said angrily, “Brat, it’s you!”

His body trembled, and he rushed over with a loud roar. He was practically roaring, “Give me back my true Phoenix Flame!”

They were Qi Zhenzi, who had been healing in seclusion, and Yi Xiaoshan and Huyan Ming, the only surviving members of the six Supreme disciples. No one knew where they were, but they had managed to avoid Xingyang Huo’s killing, and even Yunxiao’s divine sense could not find them.

“Martial uncle, don’t kill him! Capture and refine the true flame alive!” Huyan Ming’s eyes also burst with light as he hurriedly shouted.

Hmph, kid, there’s a path to heaven, but you refuse to take it. Since you’ve delivered yourself to my door, then I won’t be polite with my subordinates!

Qi Zhenzi’s mind was occupied with the Phoenix true flame, and he only had Yunxiao in his eyes. He opened his palm, and streams of gray aura shot out from his five fingers. They came from several directions like vines, trying to tie Yunxiao up.

Yunxiao sighed softly. With a flash of red light in his hand, Tigerfang sword transformed into a fierce tiger and shot out. Tens of thousands of sword beams scattered and cut off the five gray streams, but the Tiger's momentum did not slow down as it pounced on Qi Zhenzi.

“Bang!”

Qi Zhenzi's pupils contracted. He slapped away the fierce Tiger's sword energy and cried out in horror, “Martial Lord! You've been promoted from a nine-stars warrior to a two-stars martial Lord in just a month? How is this possible?”

Not only him, but Yi Xiaoshan and Huyan Ming were also dumbfounded, their brains short-circuited at the same time.

“True fire, it must be true fire!” “He must've absorbed the true fire,” Huyan Ming roared with heartache, “that's why he has such a dream-like cultivation speed!” Give me back my true Phoenix Flame!”

Qi Zhenzi's heart ached, and he was extremely vexed. He was so angry that his five fingers cracked. if you know what's good for you, you'd better cooperate with us to take out the true fire. Junior nephew Huyan is a fourth-tier Alchemist, and I'll definitely ask him to find a way to keep you alive.

Yunxiao stood with the sword in his hand and looked at him as if he was an idiot.

As if sensing the situation outside, a golden light flashed in the divine realm tablet, and Duan Yue stepped out and stood beside Yunxiao, his cold eyes sweeping over the three.

“Swish!”

Qi Zhenzi gasped. The aura emanating from Duan Yue's body had actually suppressed him. The killing intent that was revealed from it sent a chill down his spine.

“This Lord, you are Yingluo?”

Duan Yue snorted coldly and glanced at him, as if he didn't care to answer.

Qi Zhenzi's heart was beating like a drum. He asked carefully, "Sir, may I know what is your relationship with this child?"

Huyan Ming, on the other hand, looked puzzled. He frowned and stared at the divine realm tablet behind him, as if he had sensed something extraordinary about it.

Duan Yue slightly raised his eyes and gave him a glance, then said lazily, "It's whatever you think it is, it doesn't matter."

Qi Zhenzi felt suffocated and cupped his fists. "I have some grudges with this young man. I hope that this Lord will not interfere."

don't worry," Yunxiao said. he won't do anything.

Duan Yue gave him a surprised look. 'Does this kid want to fight a martial Grandmaster alone?' Although Qi Zhenzi had not fully recovered from his injuries, he was still a one-star martial Grandmaster. As the saying went, one man could overcome ten men. The two of them were separated by two major realms, which was not a gap that could be closed by skill.

But, when Yunxiao said that, Qi Zhenzi was even more uncertain.

"My Lord, I'm Huyan Ming, a fourth-tier Alchemist," Huyan Ming said with a bright voice. As long as my Lord doesn't interfere in our private affairs, I, Huyan Ming, will owe you a big favor. I'll definitely repay you in the future!"

"Tsk! Was Tier 4 that amazing? You're nothing in my eyes!" Duan Yue said triumphantly. He was scolding Yunxiao, and he gave him a smug look. What he did not know was that Yunxiao was already a fifth-tier being.

But when Huyan Ming heard this, his expression changed drastically.

A favor from a fourth-tier Alchemist was something that many people would fight for, even among martial grandmasters. Even a Martial Emperor of the seven constellations realm would not want to offend a fourth-tier Alchemist at will. However, the disdainful and unconcerned expression on Duan Yue's face was definitely not an act. That meant that he was really not interested!

Qi Zhenzi's heart was beating like a drum, and he asked tentatively, "Milord, can I capture this thief and take him away?"

Duan Yue suddenly burst into laughter. you seem to think that you've got him in the bag, don't you? "

Qi Zhenzi seemed to understand. "Of course! Could it be that Daren thinks that there's some suspense?"

Yunxiao chuckled noncommittally and said, "Qi Zhenzi, why don't we make a bet?"

Qi Zhenzi crossed his arms and snorted. "What qualifications do you have to bet with me? But there's no harm in telling."

the man next to me will never make a move, " Yunxiao said lightly. you can do whatever you want. If you can take me down, you can have the true Phoenix Flame. If you can't, I want the three of you to submit to me. Is this a good bet?"

"What? You want to fight me one-on-one?" Qi Zhenzi's eyes widened as if he had seen the most unbelievable thing in the world.

"Pledge allegiance to you? What qualifications do you have to think of subduing me?" huyan ming's face was full of mockery and disdain.

Yi Xiaoshan remained silent from beginning to end, only frowning slightly. he was an eight-stars martial king, so he had no say in this place.

"Haha, you don't even dare to bet on this?" Yunxiao sneered without hiding it and said coldly, "If that's the case, then get lost. What's the use of taking in such a cowardly waste?"

“Big words! You’re so arrogant!” “I’ll defeat you even in martial arts, let alone martial uncle Qi!” Huyan Ming shouted angrily.

As a fourth-tier Alchemist, he was also a martial Lord. He had always had high standards, and even those big sects and aristocratic families didn’t dare to say that they wanted to recruit him.

Qi Zhenzi’s face turned serious. “Sir, will you intervene in this bet?” What he was most worried about was Duan Yue. If it were not for this martial Grandmaster, who he could not see through, he would have killed Yunxiao with one palm long ago, and he would not have wasted so much time.

Duan Yue was a little worried. Looking at Yunxiao’s indifferent look, he said slowly, “Since both sides have agreed, I will naturally not interfere. Then I’ll be the witness. If someone reneges, don’t blame me for being ruthless.”

He deliberately stared at Huyan Ming, his gaze piercing like a steel knife. Huyan Ming was so shocked that his entire body turned cold. He said in a serious voice, “Since there’s a Lord as a witness, we naturally won’t break our promise.”

Yi Xiaoshan also nodded his head slightly in agreement.

Qi Zhenzi looked at Yunxiao indifferently. He could not figure out why this one-star martial Lord dared to challenge him. “Make your move, or don’t blame me for not giving you the chance to make your move if you lose,” he said leisurely.

since Lord Qi has the demeanor of a Lord,” Yunxiao said with a smile, “I won’t be polite.

He raised the Tigerfang sword and blew on it lightly. The roar of a Tiger resounded. The seal on the sword was instantly removed, and shadows of blood-red Tigers roared out of the sword. It was as if they were in a primitive forest, and demonic Qi filled the sky.

Qi Zhenzi’s expression changed slightly. The power of this sword was so strong that it was far beyond the power of an ordinary martial Lord.

It must be the effect of the true Phoenix Fire!

Qi Zhenzi attributed all of this to the true Phoenix Fire, and the thought of it made his heart ache. His gaze became even more fanatical. As long as Duan Yue did not interfere and he captured the young man, all the benefits would be his.

“Even the light of a grain of rice glows.”

Qi Zhenzi sneered and struck with his palm. The wind from his palm broke through the air and suppressed all the demonic Qi. Under the might of this palm, the numerous Tiger phantoms immediately dissipated, and everything became clear.

“Brat, strength can overcome ten techniques. No matter how powerful you are, you can’t escape from my palm! Just take this as a lesson and surrender. For the sake of this Lord, I’ll try my best to spare your life!”

He continued to persuade, but his hands did not stop at all. In an instant, dozens of fist shadows were blasted out, condensed in the air and not scattered, whistling down. Moreover, the fist shadow exuded a bone-chilling aura that almost froze the entire area.

Duan Yue’s pupils constricted as well, as he could see the power of the energy. He couldn’t help but feel nervous. If they were at the same level, even he might not have the confidence to deal with this kind of cold Qi.

Yunxiao’s eyes narrowed slightly as he bent his body and kicked his legs hard. His body shot out, and even though he had performed the footwork of shifting shadows under the fist shadows that filled the sky, he did not manage to hit the target. Ice pits were formed on the ground, and they all turned into light blue crystals.

Qi Zhenzi cast a spell with one hand and shouted, “Your movement technique is not bad, but it’s useless! Extreme cold true Qi, condense!”

Creak creak creak!

The icy air that was spreading all over the ground suddenly condensed under his spell. The air was constantly frozen in a color visible to the naked eye, and the entire ground was covered in a layer of frost.

Chapter 227

?

227 Challenging Qi Zhenzi one-on-one

Yunxiao hurriedly rose to his feet and leaped into the air like a floating leaf, trying to jump out of the ice zone. But, as soon as his feet left the ground, they were immediately frozen in midair by the cold air, and a look of panic appeared on his face.

Qi Zhenzi couldn't help but laugh. haha, this is boring. I haven't even warmed up! Young man, in the future, restrain yourself and don't be so ignorant!"

He flew forward and could not help sneering when he saw Yunxiao's frightened face. my Lord," he turned to Duan Yue and said, " the bet is over. I'm taking this man with me. Then, he reached out and grabbed Yunxiao's forehead.

Qi Zhenzi's hand suddenly stopped in mid-air. A sense of extreme danger welled up in his heart. This was a warrior's instinct. The higher one's cultivation realm, the more accurate this instinct would be.

"What's going on? This feeling ... It actually makes me feel so dangerous? Could there be more variables?"

"?!"

He stared at Yunxiao, who was frozen, and suddenly gasped. He was about to step back in horror! Although Yunxiao was still frozen, the panic on his face had long disappeared. His eyes were like stars as he stared at him with a cold smile.

how could you?!

Hmph, how boring. I just revealed a little flaw and you fell for it. I haven't even warmed up yet! The fiery cloud between Yunxiao's brows flashed, and a Phoenix Fire Shadow whizzed out. In an instant, the temperature of the entire land rose abruptly, as if they had suddenly been placed under the scorching sun from an extremely cold place. The contrast in temperature made everyone feel extremely uncomfortable.

All the ice Qi disappeared in an instant, and the faint Phoenix shadows flew toward Qi Zhenzi's forehead. A sense of danger made him shiver. As he was too close, the power of the flames covered a large area and directly enveloped him, making it impossible to avoid!

"Extreme cold true Qi, ice-shattering armor!"

Qi Zhenzi roared in horror. Layers of ice crystals appeared on his body and wrapped him up, forming an extremely strong Ice Defense, blocking the heat waves around him.

"BOOM!"

The illusory Phoenix struck the shattered Ice Armor and immediately bloomed with a dazzling light. The layer of Ice Armor let out a teeth-numbing creak and began to disintegrate inch by inch.

"Ah!"

Qi Zhenzi let out a scream. His body turned black in an instant. There was no fire, but he looked like he had been burned. His skin cracked, and the fire poison seeped into his meridians, causing black blood to flow out.

"True Phoenix Fire! He has actually refined the true Phoenix Fire!"

Huyan Ming looked at this scene in horror. A flame that could burn a martial Grandmaster with a single strike was definitely the true Phoenix Fire. Although it did not show its physical form, its faint shadow was already enough to shock the sky.

"Tiger Tooth sword, Green Lotus Sword Song!"

die! Yunxiao cried out. As the true flame appeared, he leaped forward, and huge blood-red lotus flowers bloomed on the blood-red Tigerfang sword, falling on Qi Zhenzi.

“Rumble!”

There were a total of seven blood-colored green lotuses. The moment they fell, they turned into ten thousand sword rays, almost cutting the space into pieces. From afar, sword Qi could be seen crisscrossing, penetrating the heavens and penetrating the earth.

Qi Zhenzi’s continuous screams were heard. His body was torn apart by the sword Qi, and he was in great pain.

Although the song of the Azure Lotus sword did not cause any substantial damage to him, the true fire Shadow had burned his true Qi protection. At this moment, tens of thousands of sword Qi entered his body and began to swim wildly, cutting his meridians and muscles inch by inch. Countless wounds appeared inside and outside of his body, and the pain was unbearable.

Yunxiao stood with his sword in hand, and his clothes were spotless.

The result of this exchange was as if the opponent was a martial Lord who had been beaten by two moves, while he was the high and mighty martial Grandmaster. The visual effect was completely reversed. Not to mention Huyan Ming and Yi Xiaoshan, even Duan Yue was shocked.

This was the first time he had seen Yunxiao fight in a real sense. The kind of combat techniques and tactics that broke through force with skill, combined the real with the fake, avoided the heavy and avoided the light were as strong as those who had been through hundreds of battles, and were by no means something a warrior who spent all day in seclusion could do. Even if he was the one fighting, he would not be able to easily injure an existence two major realms higher than him.

Yunxiao looked at Qi Zhenzi, who was lying on the ground and wailing in the distance, and snorted coldly. “Alright, stop playing dead. Now that we’re done warming up, let’s get serious.”

“?! It was only a warm-up! Is he really just a two-stars martial Lord?” Yi Xiaoshan was completely stunned, cold sweat dripping from his forehead.

Huyan Ming’s expression was also extremely unsightly. The other party had refined the true Phoenix Fire, which meant that he possessed the most yang and unyielding flames in the world, which just happened to restrain their Supreme Palace’s extreme cold true Qi. The originally overbearing and unparalleled true Qi had become a weakness instead.

The only thing he could do now was to carefully avoid the true fire and suppress the other party with absolute strength. This was the only way to win!

Qi Zhenzi also understood this. He rushed up from the ground angrily and jumped into the air. As a martial arts Grandmaster, he could stand in the air while the other party could only stand on the ground. This way, they could avoid close contact. If the other party used the true Phoenix Fire, there would be enough distance to avoid it.

A man stood in the wind with a sword in his hand, his face revealing a calm and confident expression. One of them was hunched into a ball, his entire body was as black as charcoal, and blood that was filled with fire poison was still flowing through his body, giving off a pungent smell.

The stark contrast between their images made Huyan Ming and Yi Xiaoshan begin to doubt the bet they had thought they would definitely win.

“Brat, your good luck ends here!”

Qi Zhenzi crossed his arms, and beams of light bloomed from the circle in front of him. Gradually, a small bell appeared, emitting an ancient charm. It enlarged and finally formed a big bell. He held it with one hand and raised it high.

“Mountain river Bell!”

Huyan Ming’s expression changed drastically, and he said in shock and anger, “It’s one of the Supreme Palace’s most precious treasures, and it’s said that it was stolen by a thief! Because of this, the palace

Master investigated for several months, and more than a hundred people were implicated and had their cultivation crippled. More than ten people even died because of this. It was actually you who stole it!”

Yi Xiaoshan was also shocked, and his eyes were filled with anger. A few of the people who were punished to death were his beloved disciples.

Yunxiao’s expression changed drastically as well, and his eyes flickered with incredulity. He stared at the bell for a long time before he breathed a sigh of relief and said with a smile, ” “I thought it was the cauldron suppression mountain river Bell, but it’s a fake.”

“Brat, what nonsense are you spouting!” this is the real Bell of mountains and rivers! Qi Zhenzi said angrily. the sound of the bell can suppress the mountains and rivers!

He slammed his palm on the bell, and an ancient, muffled sound reverberated. The whole sky trembled, and even Yi Xiaoshan and Huyan Ming felt the world spin around them, and they could not stand steadily.

Yunxiao’s face turned serious as he muttered to himself, ” “Not bad, not bad at all. Even though it’s a replica, it still has this kind of power.”

“Bang! Bang! Bang! Bang!”

Qi Zhenzi’s face turned ferocious. He struck out Three Palms in a row. The entire sky was distorted by the sound waves, as if it was going to shatter. Huyan Ming’s cultivation level was the lowest, and he couldn’t help but spit out a mouthful of blood. He hurriedly swallowed a few medicinal pills and sat down cross-legged to heal his injuries.

Yi Xiaoshan also hurriedly circulated his true Qi to resist the sound wave attack.

Even Duan Yue’s eardrums were ringing, and his blood and Qi were shaking. His mind was buzzing, and he felt like it was about to burst.

“Hahaha! Other than attacking qi and blood, the mountain river Bell could also attack one’s mind and sea of consciousness. In light cases, their souls would be damaged and they would lose their memories. In severe cases, their souls would be directly shattered and they would become soulless corpses!”

Qi Zhenzi looked at the expressions on everyone’s faces and couldn’t help but laugh. With this mountain river Bell, even if I encounter an existence that is a few levels higher than me, I can still win!

The power of the sound wave vibrated around Yunxiao and rushed directly into his spiritual sea. He started to recite the great expansion divine technique in his heart, and the uncomfortable feeling immediately disappeared.

Although the qi and blood around his body were also shaken, he exerted a little force and was immediately suppressed by the overbearing force. He only felt that his eardrums were buzzing from the vibration, but he did not feel any other discomfort.

The mountain river Bell was a precious treasure that specialized in attacking one’s consciousness and blood qi. However, it was completely useless against his powerful soul power and physical body.

In fact, if he attacked with his true energy, he would be able to defeat all of them with his strength alone, and Yunxiao really did not have any good ideas.

“Bang! Bang! Bang!”

“Bang! Bang! Bang! Bang!”

However, Qi Zhenzi obviously didn’t know that. He was still striking the bell in the sky.

Yunxiao just looked at him coldly, because every knock consumed a lot of primordial qi. He could wait for the exhausted man at ease, so why not? After a few loud sounds, he sat down cross-legged and closed his eyes to cultivate. Because he realized that his true qi had started to become full under the sound waves of this fake mountain and river Bell, and he faintly felt that he was about to break through.

“Hmph, with your four symbols realm cultivation, it’s useless to resist! Even a martial King or a martial Grandmaster would have their soul shattered by my mountain river Bell, and their bodies would explode to death!”

Qi Zhenzi held back the pain in his body and struck with all his might. When he saw Yunxiao sitting cross-legged with his eyes closed, he thought that the young man could not hold on any longer, so he struck harder.

On the side, Yi Xiaoshan and Huyan Ming had already begun to bleed from their bloodied holes.

Duan Yue also sat down cross-legged with a solemn expression and began to resist the bell.

After the time it took to brew a cup of tea, Qi Zhenzi was exhausted. He looked at the expressionless Yunxiao in shock, who was sitting cross-legged like a wooden sculpture, and his heart was filled with shock and doubt.

“Why is this kid so expressionless? Could it be that his soul was forcefully shattered?”

Qi Zhenzi looked at them from afar and thought, “Not good! If he’s dead, what about the true Phoenix Flame?”

In a hurry, he flew down with the bell in his hand, trying to check Yunxiao’s condition and see if he could find any trace of true fire in his body.

But to his surprise, as soon as his divine sense touched Yunxiao’s body, it was immediately blocked by an even more powerful divine sense.

That divine sense was so powerful that it actually made his soul tremble in an instant!

Chapter 228

?

228 Back to Qinghai

“?! What’s going on?”

Qi Zhenzi’s brain short-circuited. Wasn’t his soul destroyed? This divine sense was a Suan ni.

“Rumble!”

The Qi of heaven and earth in the surroundings suddenly trembled and gathered madly.

“I’m scared!”

Qi Zhenzi did not know what was going on, but he was taken aback by Yunxiao’s warning. He hurriedly retreated dozens of meters and hovered in the sky far away, looking at Yunxiao in shock. The Qi of heaven and earth around him surged into his body, showing the colors of the four symbols.

“This Tao Wu, did he advance?”

He was dumbfounded on the spot. With his cultivation level, he could naturally see that this was a sign of advancement. Not only him, but the other three were also dumbfounded. Huyan Ming and Yi Xiaoshan were even covered in blood as they stared blankly at the image of the advancement.

Duan Yue even cursed out loud and said angrily, “this kid lied to me about how difficult it was for him to advance, how many primordial stones he needed, and how much more difficult it was for him than ordinary Warriors. Damn it! It only took him a few days to advance from a one-star martial Lord to a three-star martial Lord!

Yunxiao did not expect that his breakthrough would be so easy this time. It was mostly because the excessive primordial Qi He had absorbed last time had been deposited in his body, which had been completely refined by the cultivation of the great realm divine technique. Now, he had also been baptized by the surging and surging baptism of his body, blood, and Qi by the fake mountain and river Bell, so he could easily break through to one star.

He gently opened his eyes and carefully examined his body. There was indeed nothing wrong with his body. He immediately smiled gratefully at the dazed black charcoal in the sky.

“Pfft!”

Qi Zhenzi was so angry that he spat out a mouthful of blood. His scalp was numb and his body was on fire!

“How could this be? How was that possible? Under the mountain river Bell, even a martial King or a martial Grandmaster would find it hard to resist. Not only is he fine, but he has also advanced!”

Qi Zhenzi felt like he was about to explode. He roared, “Bastard, how is that possible! Go to hell! Die! Die!”

He raised the bell and threw it down like a weapon. Bell of mountains and rivers, cauldron to suppress mountains and rivers, suppress him to death!

The mountain and river Bell transformed, and circles of spiritual energy rippled around it. The bell body instantly turned into the size of a mountain peak, and directly covered the ground. The entire world turned dark!

“BOOM!”

Without a doubt, Yunxiao was thrown into the mountain and river Bell.

“Die! Die! Die!”

Qi Zhenzi kept striking the bell, sending streams of true Qi into it, trying to shake Yunxiao to death. He had consumed too much true Qi just now, and now he was almost at the end of his strength. He had a feeling that he was going to risk it all at all costs.

Duan Yue was shocked. He wanted to help, but he did not understand the situation. Suddenly, he raised his eyebrows and found that the divine realm tablet, which had been beside him, had suddenly disappeared.

“Clang! Clang! Clang! Clang! Clang!”

Qi Zhenzi madly injected his primordial Qi into the bell, and the mountain and river Bell let out a muffled sound as a stream of aura spread out, as if it was going to completely refine Yunxiao, who was trapped inside.

“Long!”

“Rumble!”

Just as Qi Zhenzi rang the bell, an even more overbearing sound came from the inside of the bell, shaking the mountain river Bell.

“Hmph, you want to break out of the bell? dream on!” Qi Zhenzi’s expression turned ferocious. this mountain river Bell is a seventh-grade weapon. It is invulnerable. Unless you have a profound level weapon of the same grade, you can forget about breaking it!

As soon as he finished speaking, the body of the mountain river Bell suddenly enlarged, as if it was being stretched open by something. It actually began to be covered with cracks. Extremely overbearing and divine auras seeped out from the cracks.

this Taowu! Qi Zhenzi’s mouth was wide open, and he was completely dumbfounded!

“BOOM!”

The mountain and river Bell was completely shattered into pieces, flying in all directions.

Yunxiao walked out of it with a cold face, dragging a stone tablet in his hand, which was glowing and spinning. From time to time, tadpole-like characters would appear on it, flickering between life and death. This aura made everyone feel as if it was extremely divine and difficult to resist.

“What profound level weapon is this? He actually broke the mountain river Bell and is completely fine!” Huyan Ming was also shocked. He stared at the divine realm tablet without blinking. Even with his status, he couldn’t sense the level of this profound level weapon at all.

Yunxiao chanted obscure notes as he performed incantation gestures with both hands. It took him a long time to form a complicated seal, which was actually composed of tadpole-like characters, and then flew into the divine realm tablet.

ancient sealed text?!

Huyan Ming’s eyes widened as he cried out involuntarily! He had only seen this kind of ancient tadpole-like characters on the stone that sealed the true Phoenix Fire last time, and he didn’t know what it was. He didn’t expect that someone would use this kind of seal. It was simply incredible!

Under the incantation seal, the divine realm tablet shone with thousands of beams of light and flew out of Yunxiao’s hand. It turned into a mountain and pressed down on Qi Zhenzi.

Qi Zhenzi wanted to escape, but he found that the space around him had been locked. There was no way to escape. He could only watch the mountain-like divine realm tablet fall straight down, his face full of despair.

“BOOM!”

Similarly, without any suspense, Qi Zhenzi was suppressed directly, and it was unknown whether he was Dead or Alive.

However, everyone present was an expert, and they soon discovered that Qi Zhenzi’s life force had completely disappeared. They were all dumbfounded!

A martial Lord had killed a martial Grandmaster so easily, Lao Ai.

Except for the fact that he had spent a lot of energy and energy to use the divine realm tablet, which made his face a little pale, Yunxiao was spotless, as if he had done something insignificant.

All of them, including Duan Yue, felt a chill in their hearts, and a chill ran up their spines. Was he still a martial Lord with such combat strength?

In fact, if Qi Zhenzi hadn't been at the end of his rope, it wouldn't have been difficult for him to avoid the attack from the divine realm tablet. Even so, the challenge of crossing two major realms still caused a huge wave to surge in the crowd. It was really difficult to accept.

What made people even more speechless was that Yunxiao had advanced to a one-star bi 'an out of thin air in the battle.

"Is he, Is He Dead?" Duan Yue asked with great difficulty.

Yunxiao pointed at the tablet with one hand, and it immediately flew back to his palm, turning into a beam of light and returning to his glabella.

A huge pit appeared on the ground. In the middle of the pit, a shapeless pile of meat stuck in the soil. One could tell that it was Qi Zhenzi's body just from his clothes.

"?!"

Although they had already guessed that this would be the result, they still sucked in a cold breath after seeing the truth. A martial arts Grandmaster powerhouse had actually died in such a cowardly manner, becoming a pile of mud. The visual impact was too hard to accept.

"Whoosh!"

Yunxiao opened his palm, and a storage ring flew out of the mud and fell into his hand.

“Gulp!”

Duan Yue swallowed hard and said with great difficulty, “You want something from such disgusting rotten flesh?”

Yunxiao rolled his eyes at him and snorted. “Didn’t I tell you that I’m poor and need resources?”

Duan Yue was disgusted, ‘you still have the nerve to say that! He lied to me about how difficult it was to advance. I haven’t seen him in a few days, f * ck! He had already been promoted to a three-stars martial Lord! I’ll be a bastard if I ever believe you again!”

This matter was really inexplicable. Yunxiao ignored him and looked at the other two. “You guys want the true Phoenix Flame on me too?”

Huyan Ming and Yi Xiaoshan’s faces immediately turned pale. Even Qi Zhenzi had been killed by him, so they were even less of a match for the wine.

“I’ll give you two choices. Two, die!”

No one would choose to die, so the two of them quickly swore their allegiance.

With a point of his finger, Yunxiao immediately took the two men into the divine realm tablet. As long as he could enter the divine realm tablet, everything would be under his control. He wasn’t afraid that the two of them would resist. Huyan Ming immediately understood what kind of existence the divine realm tablet was, and he could not even muster up the slightest will to resist it. Therefore, he was sent to Mount inch by Yunxiao to refine weapons and pills.

Yi Xiaoshan had the strength of an eight-stars martial King, so he placed him in the center of the spiritual Qi at the foot of Mount inch and let him concentrate on his cultivation.

Xiao qingwang sensed Yi Xiaoshan’s aura, and the two long-time enemies sighed and smiled at each other.

Now, Yunxiao had mastered some basic uses of the divine realm tablet, which was almost equivalent to a mobile fortress. If this news were to spread, it would surely shock the world.

‘I’m going to Qinghai to deal with the blue-luan warship. Do you want to come with me, or do you want to enter the divine realm tablet to cultivate directly?’ Yunxiao turned to Duan Yue and said.

‘Your treasure is really like Noah’s sky ship,’ Duan Yue said with a wry smile. ‘I’ll cultivate in it. However, without the injection of spiritual Qi, the origin Energy within it also seems to be gradually dissipating.’

‘That’s right,’ Yunxiao nodded. ‘The world in this divine realm tablet can’t be compared with the heavenly Cycle World we are in. It couldn’t generate spiritual energy on its own and had to rely on absorbing external resources to nourish the living things inside. However, the amount of spiritual Qi required to maintain the operation of such a world is simply astonishing.’

With some lingering fear, he said, ‘Look at the spirit veins within a thousand miles of Yanwu. How long has it been? I used the nine Dragons energy-absorbing array to absorb all of it. When Yanwu gains a firm foothold in Firecrow Empire, I’ll have all those little bastards inside get out! I really can’t afford to take care of them.’

Duan Yue also sighed. Fortunately, the spirit energy contained in the divine realm tablet was enough to last for a while. It was unknown which ancient Almighty was able to refine such a heaven-defying artifact. This seemed to have gone beyond the scope of a profound level weapon. Even the so-called Noah’s sky ship might not be comparable to this divine realm tablet.

After putting Duan Yue into the divine realm tablet, Yunxiao took out a Tigerking chariot and headed toward the Tian Xiang Empire.

A few days later, he walked out of the myriad treasures store in Qinghai with a satisfied look on his face. The shopkeeper followed behind him, and after exchanging some pleasantries, he watched him leave.

One million mid-grade primordial stones were already in his hands. There wasn’t much suspense in this matter. With his relationship with the myriad Treasure Tower’s elder, he could get ten times or even a

hundred times more primordial stones. He just didn't want to attract too much attention at the moment.

Yunxiao strolled around Qinghai for a while, then walked into a teahouse and began to drink by himself.

Chapter 229

?

229 Thunderwind Chamber of Commerce

"I heard that the flying sword sect and the other two great sects are being controlled by the thousand crane Pavilion. However, these three major sects have indeed disappeared from Qinghai during this period of time."

"I guess it's true. The thousand Cranes court is the number one sect in the Tian Xiang Empire. If they don't do anything about the constellation sect's destruction, it will be troublesome when the constellation sect comes from another region."

it's said that the four great domains on the heavenly martial continent are separated by hundreds of millions of miles. A low-level warrior can't reach them even if he tries his whole life. No matter how powerful the constellation sect is, it'll take at least dozens of years for them to cross over to this place, right?"

"Tsk! Look at your little knowledge! After reaching the nine Heavens Martial Emperor realm, one could directly shrink the land into inches, break the void, and cross thousands of miles with one step. These large sects that had been passed down for tens of thousands of years all had long distance teleportation formations. Crossing a region in the blink of an eye, it's like eating."

"Really? brother dafei, don't lie to me. Shrinking the earth and shattering the void, are they still human?"

"Hmph, you know nothing! That was something only a Martial Emperor of the nine Heavens realm could do. Do you know what the nine Heavens realm is? do you know what a martial supreme is? he was above the nine heavens, the emperor of martial arts! What can't you do?"

“Tsk, tsk. When will I be able to step into the nine Heavens realm as well? how great would that be? Then my two beautiful little cousins would not have been snatched away by that bastard Shan Ji.”

In the teahouse, Yunxiao had heard all kinds of gossip about the destruction of the constellation sect's Qinghai branch. Now, everyone was certain that it was the flying sword sect, Tiger Slayer sect, and Stonefang house who had done it, and that these three sects were already under the tight control of thousand crane Pavilion.

Most of the people were cursing the thousand Cranes court for being immoral and imprisoning a local sect for a foreign sect. The entire Tian Xiang Empire's Warriors seemed to have lost face, and for a moment, everyone was filled with righteous indignation.

Soon, an old man with a mustache came up. After looking around the teahouse, he went straight to Yunxiao, poured himself a cup of green tea, and drank it in one gulp. Then, he cleared his throat and said, “Young man, what do you want from this old man?”

Yunxiao smiled as he closed the teacup and said, “I've heard that the thunderwind Chamber of Commerce will accept any kind of business. If the customers want to keep their business confidential, they will satisfy them.”

The old man chuckled and did not comment. He squinted his eyes and said, “That will depend on the price.”

Yunxiao knocked on the table and threw down some gold coins as he said, “Let's go. Follow me to see the goods. I don't know how long it'll take for me to repair a chariot.”

The man was Shangguan tie, the manager of the thunderwind Chamber of Commerce in Qinghai. After taking a few more sips of tea in a hurry, he followed Yunxiao with a smile, and the two of them left one after another.

A moment later, a Bluewolf chariot appeared in the sea ten thousand miles away, near the island where the blueluan warship was hidden.

“Kid, what chariot are you repairing? Don’t tell me it’s a blueluan warship!” Shangguan tie was a little suspicious.

Yunxiao chuckled as a few incantation gestures flew out of his hand and shot into the sea not far ahead. Immediately, the ocean view gradually receded, and an Island emerged. An Azure Phoenix chariot was floating quietly on the island. The constellation sect’s symbol was on it, without any alterations.

“?!”

Shangguan tie was stunned. He gasped and looked at the blueluan warship in horror.

this ... This ... This Tao Wu ... The destruction of the constellation sect’s branch was actually your doing?! He was taken aback as he looked at Yunxiao in shock.

Yunxiao looked at him indifferently and chuckled. “Does the thunderwind Chamber of Commerce always ask the root of the problem?”

Shangguan tie knew that he had said something wrong, so he said with a bitter smile, “I’m sorry, it’s too shocking. During this period of time, not to mention Qinghai, the entire Tian Xiang Empire, and even the entire southern region, were talking about this matter. I didn’t think that the flying sword sect and the other two sects would be the scapegoats.”

I don’t think you’re taking the blame for me,” Yunxiao said meaningfully. you might not be taking the blame for me. How long will it take to repair this? how much will it cost?”

Shangguan tie realized that there was a hidden meaning in his words. He thought for a while and said, “this mission is too big, but the Chamber of Commerce has accepted similar missions before. The price was one million mid-grade primordial stones, and the time limit was one month.

“A month?”

Yunxiao did not care about the price, but the time was the key. Mount Meru was about to open, and he didn’t know if he could wait for a month.

“One month is my estimated time. I think you know that in order to repair this thing, you must open the teleportation array and send it to the headquarters of the thunderwind Chamber of Commerce or a branch in the sea of soul formation. It would take some time to go back and forth. I can only put on an urgent label and ask them to get it done for you as soon as possible. However, the price must be paid first.” Shangguan tie promised when he saw his hesitation.

“Alright!”

Yunxiao agreed without saying anything. Because he couldn't doubt the credibility of the thunderwind Chamber of Commerce, he took out a storage bag and threw it over. It was the one he had just taken from the myriad treasures store and hadn't been warmed up yet.

Shangguan tie stopped talking and started to look serious. He kept casting incantation seals and sent them into the blueluan warship. Soon, he put the huge warship into an exquisite bracelet and put it back in his hand.

I'll stay on this Island for the time being. Come find me directly after it's repaired. Yunxiao put away the chariot and jumped onto the island.

“Hehe, this deal is worth a year's worth of my sales.” Shangguan tie chuckled and did not waste any more time. He turned into a light and flew toward Qinghai.

After landing on the island, Yunxiao set up a Nine Dragons energy-absorbing array and placed the divine realm tablet in the eye of the array, then began to absorb the primordial Qi in the ocean.

Although it was not a land of spiritual energy, it was not much worse than when he was in Yanwu.

Shangguan tie returned to Qinghai after putting away the blueluan warship.

The thunderwind Chamber of Commerce was just a small, unremarkable Chamber of Commerce in Qinghai. Few people knew that it was the second largest Chamber of Commerce on the mainland, and even fewer people knew that Shangguan tie was a martial Grandmaster.

After he entered the Chamber of Commerce, a shop assistant came up to him and said, "Mr. President, we've recruited the people you wanted. There's not a single person from the Tian Xiang Empire. All of them are from the firecrow Empire and the MU Xu Empire."

"Oh? Not bad. They've all been gathered so quickly?" Shangguan tie was slightly surprised. "Take me there."

The waiter hurriedly led the way while smiling, "Perhaps it's because Mount Meru is about to open that many forces are ready to make a move. Many small sects have been destroyed during this period. That's why many cultivators have no home to return to, and become wandering cultivators."

"Yes, the opening of Mount Meru is indeed a big event. The last time it was opened seemed to be a hundred years ago. It's a pity that only young people under the age of fifty can pass through. Otherwise, those super forces wouldn't care about the iron law of the Holy region and would just cross over."

Shangguan tie mumbled to himself as he followed the waiter into a small courtyard. A group of young warriors stood side by side.

huh? there's a martial Lord here? "

Shangguan tie was surprised. He pointed at the one-armed young man and said, "Where are you from? What's your name?"

The expression on the young man's face was uncertain as he said in a deep voice, "I'm from firecrow Empire. My name is Li Yi.

.....

Yunxiao had been cultivating quietly on the isolated island in the South Sea. Apart from the tens of thousands of mid-grade primordial stones he found in Qi Zhenzi's storage ring, he had used them up in just a few days. He shamelessly extorted and threatened Duan Yue to get another tens of thousands of mid-grade primordial stones.

the spirit Qi in this divine realm tablet is all my hard work. You're going to use it for free? "

"Don't tell me you don't have any elemental stones. How bad would it be to not have any elemental stones? If you don't have primordial stones, don't even think about leaving this place!"

"Do you still want to unseal the seal on your body? Do you really think you can get young Emperor hao lian's blood?"

"Let me tell you, among the thousands of men in this divine realm tablet, at least half of them brought soap in. Do you think I won't bind your elemental energy and throw you between them?"

Unfortunately, these tens of thousands of primeval stones did not last for a few days. After a few more extortions, he managed to get another tens of thousands of primeval stones, but he could no longer get any more. The old man's determined look probably meant that he would not give up the primordial stones even if he was F * cked in the ass.

After that, Yunxiao had no choice but to fly back to Qinghai and Exchange many items for a large number of primordial stones. Only then did he manage to hold on until Shangguan tie arrived half a month later.

Yunxiao shook his head helplessly. He was a peak three-stars martial Lord, but after swallowing more than three hundred thousand mid-grade primordial stones, he could not even raise his rank by one.

"Haha, brother. He had gained a lot in the past ten days. He had advanced from an early-stage three-star martial Lord to a peak three-star martial Lord! Even the disciples of the great clans can't hope to catch up to this cultivation speed." Shangguan tie smiled with surprise in his eyes. He asked tentatively, " "With younger brother's strength, it shouldn't be a problem for you to fight for a spot for the opening of Mount Meru this time, right?"

"Hehe, only people from the southern region are qualified to compete for the spot of Mount Meru. Shopkeeper Shangguan, you're trying to find out my background." Yunxiao said bluntly.

"I wouldn't dare!" Shangguan tie explained in a hurry. It was a taboo for the thunderwind Chamber of Commerce to ask about their guests. If a customer was dissatisfied and complained, he would be in big trouble. He quickly changed the topic, took off the bracelet from his hand, and threw it into the air.

He cast a few spiritual seals into it, and suddenly, the bracelet emitted a ray of light. The figure of the blueluan warship gradually emerged from it, giving people a feeling of a new look. The constellation sect's symbol on it was also removed.

"Good! The thunderwind Chamber of Commerce is really confident in their work!" Yunxiao was overjoyed. He jumped directly onto the warship and scanned it with his divine sense. Sure enough, all the arrays had been repaired. Many of the damaged parts of the ship had also been repaired, and no traces could be seen at all.

Shangguan tie also followed behind with a smile. Suddenly, he asked, "Brother, I have a question. Did anyone else repair this Starship before you gave it to us?"

"Oh? Why do you ask?" Yunxiao's heart skipped a beat, and he deliberately put on a strange look.

Chapter 230

?

230 Mission

"Hehe, I won't hide it from you, brother. The alchemists in the Chamber of Commerce asked me to ask on behalf of them, because they found some traces of restoration. Even the top alchemists in our Chamber of Commerce are full of praise for the brilliant repair technique. That's why he asked me to ask on his behalf. It's not against the rules of the chamber of Commerce. You can choose to answer or not."

When Shangguan tie said these words, he stared into Yunxiao's eyes without blinking. He could capture any fluctuation in Yunxiao's eyes, just to see through his mind.

But, who was Yunxiao? he sneered in his heart, his eyes wide open and his face harmless. "Really? It can't be, right?"

Shangguan tie was a little bit stunned. He felt that his words were too fake, but his innocent expression didn't seem to be a lie. Especially his eyes, which were as clear as an ancient well. He had no choice but to believe that unless this young man was a movie King, he would definitely not be able to pretend.

"Hmm, I really don't know what's going on. Maybe it was done by an expert of the constellation sect." Shangguan tie also gave a vague answer. brother, " he suddenly said, " I want to make a deal with you. Are you interested? "

do you want to make a deal with me, brother? " Yunxiao smiled faintly. or does the thunderwind Chamber of Commerce want to make a deal with me? "

Shangguan tie was stunned and slightly surprised. Why did this young man give him the feeling of an old fox? he laughed and said,"Hehe, it's almost the same. Let's say our Chamber of Commerce wants to make a deal with you. Are you interested?"

"Tell me," Yunxiao said.

All of a sudden, Shangguan tie felt that he wasn't facing a teenager at all. He felt that he always fell into a passive position when talking to the other party. This feeling surprised him, but also made him extremely unhappy.

"The opening time of Mount Meru has basically been calculated by the major forces. It should be in forty days, and the specific location should be within the firecrow Empire, close to Tianshui. I hope that after you enter Mount Meru, you can help me find something."

the firecrow Empire is close to Tianshui? " Yunxiao's face flickered as he frowned and said, " "You're not talking about Yanwu, are you? Mount Meru has directly descended to Yanwu?"

"This is only a rough estimate. How can we calculate such a specific area?"

"What is it? Even the Thunder wind Chamber of Commerce is jealous of him?"

“Hehe, this item. It’s only a conjecture made by a few of my Chamber of Commerce’s powerful experts, and it might not really be there. After all, Mount Meru hasn’t been opened for more than a hundred years. No one knows what’s going on inside.”

Shangguan tie took out a piece of animal skin with a detailed map drawn on it and handed it to Yunxiao. “What you need to do is to enter this Palace and retrieve an item.”

Yunxiao fixed his eyes on the place where the palace was marked on the map, and a simple Dragon was drawn on it, but it was very lifelike. His heart trembled slightly as he said in a deep voice, “One item? Can’t you tell me what it is?”

Shangguan tie glanced at him and said with a smile, “If you can enter, you will naturally know. This treasure was originally born in Mount Meru, but it was later taken out by someone. Many years ago, it was lost again. Some of the powerful experts of my Chamber of Commerce found many experts to speculate and finally calculated that it must have returned to Mount Meru.”

Yunxiao stared at the Dragon shape drawn on the palace and the lines of the entire map. It gave him a familiar feeling, and it was extremely difficult for him to calm down.

Shangguan tie said, “after this is done, the thunderwind Chamber of Commerce is willing to offer ten million medial-grade primordial stones as a reward for you to find the treasure.”

Yunxiao, however, seemed to ignore it. He just stared at the map on the animal skin and the Dragon shape. He seemed to be a little dazed, and only came back to his senses when Shangguan tie patted him on the shoulder in surprise. “Shopkeeper Shangguan, I’m afraid that the task of finding the treasure is not your task, nor is it the task of the Chamber of Commerce. Someone has entrusted your Chamber of Commerce to handle it, right?”

Shangguan tie was stunned. He said, “Why do you say that, brother?”

Yunxiao smiled and said lightly, “This map was drawn by an old friend of mine. I didn’t expect him to be hiding in the southern region. I wonder if shopkeeper Shangguan can tell me where he lives?”

Shangguan tie was greatly shocked.

He didn't know who had drawn this map. He only knew that the person who entrusted this task was mysterious. He looked just like an ordinary person, holding a zither and without any fluctuation of primordial Qi. Even his zither, Shangguan tie had observed it himself and found it to be the most ordinary thing in the world.

However, when he accepted this task, he actually took out a million primeval stones as a reward without even blinking.

That was a million superior-grade primordial stones, which was worth 100 million medium-grade primordial stones!

Shangguan tie was petrified on the spot. He had been in Qinghai for decades, but all the orders he had taken added up did not cost that much.

He could not believe that the person in front of him was an ordinary person, but no matter how he investigated, he was no different from an ordinary person. He didn't know how he had accepted this mission, or how he had sent that person away.

After that, he immediately reported this matter to the headquarters of the thunderwind Chamber of Commerce. He immediately received orders to do his best to complete the task and not to offend that person.

Shangguan tie swallowed his saliva with difficulty. Who was this young man? He was actually an old friend of that mysterious person? "I'm really sorry, brother," he said with a bitter smile. This is a secret that involves our guest, and we, the thunderwind Chamber of Commerce, can never disclose it."

Yunxiao smiled faintly and suddenly said, "Does that person carry a wooden zither from a roadside stall all day?"

Shangguan tie shuddered as if he had been electrocuted. He looked at Yunxiao with his pupils dilated, and he immediately realized that he had lost his composure."I can't say, I can't say!"

However, he also knew that his expression just now had already betrayed his heart. Beads of cold sweat trickled down his face as he said uneasily, "Brother, please don't ask anymore. Otherwise, if I reveal the customer's Secret, I will be torn to pieces by the Chamber of Commerce."

Yunxiao already knew the answer. He put away the map with satisfaction and said with a smile, "Why did you choose me?"

Seeing that Yunxiao had stopped asking, Shangguan tie wiped the cold sweat off his forehead and said, "This was also an idea I came up with on the spot. The thunderwind Chamber of Commerce doesn't care much about the southern region, and we didn't secretly cultivate any forces. Therefore, for the opening of Mount Meru this time, they couldn't find a suitable candidate. They could only temporarily recruit some young martial artists from the southern region. However, their strength is uneven, so I don't have much confidence in them completing the mission. As for you, little brother, you give me a very different feeling."

"Oh? What was the difference? As long as you can afford it, it shouldn't be difficult to find a young man at the martial King level, right?"

martial King realm? that's easy for you to say! Shangguan tie shook his head and sighed. in a place like the southern region, anyone who can reach the martial King realm before the age of 50 is treated like a treasure by the sect. They are carefully cultivated and have long become core disciples. I don't want too many people to know about this mission. I'm afraid of causing more trouble."

"That's true. If there's a chance to enter Mount Meru, I'll go and take a look. It's up to the heavens whether we can complete the mission or not."

is the time and location of Mount Meru's descent accurate?" Yunxiao asked.

"It's what those Almighty Warriors deduced, at least it's not far from it," Shangguan tie said with certainty.

Yunxiao stored the blue-luan warship into the divine realm tablet. After bidding Shangguan tie farewell, he flew toward Firecrow Empire.

Three days later, they entered Shangyang city.

Yunxiao stood on a bubble and hovered in the sky above Shangyang city, looking down at the rows of luxurious buildings below. Their magnificence was not inferior to that of the Xingyang family, and was almost second only to firecrow's Imperial Palace.

In front of the most magnificent building, there was a golden plaque hanging. On it, there was a large "Zhou" character written in a small seal. It faintly exuded a burst of martial intent. It was actually written by a master with the intent realm of martial arts. If ordinary martial artists looked at it, they would definitely lose their minds and be attracted.

It was the Zhou family, one of the four major aristocratic families of firecrow Empire, which had been standing in firecrow for almost ten thousand years.

A guard in front of the Zhou family suddenly raised his head to look at the sky and shouted in surprise, "Who are you? You actually dare to circle in the sky above my Zhou clan's estate!"

His roar startled many people, and they all looked up.

Yunxiao looked down coldly as he gathered his strength and shouted, "I am Li Yunxiao from Yanwu! 'Zhou Yushan, you good-for-nothing! You agreed to have a match with me, so why are you hiding in your shell and not coming out?!' If you're afraid of death, you can just say so. If you kneel down and kowtow to me, I'll let you Live!"

He deliberately executed the sound wave martial technique, which rippled in the sky above Shangyang city and spread in all directions.

The entire Shangyang city was disturbed by his words. Everyone looked up at the sky in surprise and suspicion.

Some time ago, when something happened to the Xingyang family, the entire Shangyang city was under martial law. Could it be that something happened to the Zhou family again?

“This is a Kasaya.”

In Tianyuan trading company, Ding Ling 'er was shocked and rushed out of the room. he's really crazy. He's going to make a bigger scene. I thought he was joking. Is he really a madman? ”

Yu Rong's expression was also uncertain. Could it be that this brat was going to challenge the Zhou family?

In another group of magnificent mansions, the Wang family heir, Wang Chen, was making a fire to refine an elixir. Suddenly, his heart moved and he looked up at the sky in shock. It's that kid's voice. He went to the Zhou family?”

The next moment, Wang Chen's figure disappeared from the alchemy room.

in the center of shangyang city, in the majestic palace.

The eyes of Xin ruyu, who was sitting cross-legged, suddenly burst out with a bright light, shooting into the sky like two bolts of lightning. His face changed slightly, revealing a cold and arrogant look. Humph, you reckless fool. Do you think you can provoke the four major families of firecrow Empire just because you have a Martial Emperor? ” he was too savage! I let you go at the auction last time, but if you go too far this time, I'll have to teach you an unforgettable lesson.”
