

## **The Eternal 2211**

### Chapter 2211 - Dead Sea

yes, it's me," Yunxiao said with a smile. I'm Yunxiao.

Yunxiao's name was well-known all over the world, so Zuo Kai and the others did not dare to neglect him. They hurriedly ordered to open the island's defensive barrier and let the warship in.

In fact, they were still suspicious of Yunxiao's identity, but the aura vaguely exuded from these people made them feel suffocated. Even if they were imposters, they could only pretend that they did not know anything and continue to play dumb.

Soon, the bigwheel Island welcomed them with the highest level of treatment.

In the most luxurious Pavilion within the territory of the natural moat cliff, one or two beautiful maidservants flew by, leaving behind many exquisite dishes.

A golden bottle of wine was worth ten thousand, while a Jade plate was worth ten thousand.

Zuo Xiandao smiled as he led everyone to their seats. He said calmly, "It's just a little wine, I hope you can forgive me. Zuo Kai apologizes for any place he didn't take good care of.

Everyone laughed and said, "you're welcome. after they took their seats,

Yunxiao went straight to the point and asked, "the last time I saw lady nanqiu Yu was in the treasure Tower in the eternal world. I haven't seen her for a long time and I miss her. How are you doing?

"Thank you for Lord Yunxiao's good fortune, lady nanqiu Yu has always been well," Zuo xianren quickly cupped his hands and said.

“It’s good that you’re well.”

Yunxiao nodded with a smile and said, “Lord Zuo, I have a question. Has anything happened in the southern region of the North Sea recently?”

‘What happened?’”

Zuo Kai was slightly stunned. He muttered to himself and asked, “What is it that my Lord is referring to?”

Yunxiao took a sip of wine, put down the glass, and said, “It’s the one that you think is a big deal.”

“I think it’s a big deal?”

Zuo Kai thought for a while, then counted with his fingers and said, “The MU

Rong family’s seventeenth young master and the Zhang family’s young lady Jing ru got married; The third aunt of the hundred flower fist sect’s sect master had eloped with his eldest disciple; There was also the Jiangnan tannery closing down, and the bastard boss Huang He, who had been drinking and gambling, owed a debt of 350 million primeval stones and ran away with his sister-in-law. Also, there’s a new bun shop on the big wheel Island that has a good taste. It’s really delicious. I recommend Lord Yunxiao to go there and try it. Why don’t I ask someone to buy it?”

“Cough, cough cough! Stop stop!”

Yunxiao’s face darkened as he knocked on the table and said, “Aside from these trivial matters, is there any major event happening in the southern sea?”

Zuo Kai thought hard for a while and shook his head, “Perhaps I’m too busy all day, so I don’t have much news. However, I’ve heard that a group of A-Class members of the sea tribe have migrated to this place 3000 miles away from here. I wonder if this is considered a big deal?”

“Not really,” Yunxiao said.

Zuo Kai helplessly spread out his hands and said, "Then it's nothing serious." Yunxiao wagged his finger and said faintly, "Lord Zuo Kai, you're not honest." eh, this bi an, why does Lord cloudsky say this? '

Zuo Kai jumped in shock, his face full of innocence.

I don't have the patience to talk nonsense with you," Yunxiao sneered. since bigwheel Island is in this Sea area, there's no reason why it can't get any information. Looks like I'll have to take a look at your brain myself." His expression turned cold, and a chill spread throughout the hall.

Zuo Kai and the other people in charge of the big wheel Island were all frightened and repeatedly cried for injustice.

Zuo Kai was both angry and afraid. His eyes widened and he said anxiously, "Lord cloudsky, you can't do this! We're really not hiding anything. Nothing big has happened recently!"

Another person also said angrily, " we've treated you as a distinguished guest all the way here. We've never mistreated you. We've also answered all your questions. We've told you everything we know. What evidence does Lord cloudsky have to say that we're dishonest? Although the natural moat ocean can't be compared to the heavenly martial Union, we can't just let anyone bully us! "

"Hehe." that's right! Yunxiao laughed dryly and said, " whether you bully me or not depends on your strength. As for the evidence?"

He spread his hands and said, " I don't have any evidence, but I'm sure you're not being honest. What's wrong? " Unconvinced?

"This young master's time is precious. If you can't say something that satisfies me within ten breaths, I'll personally take action. Don't blame me for not giving you a chance.

even if I really did wrong you, I'll destroy the scene after you die. Nanqiu Yu won't be able to find out that I did it.

even if he finds out by accident, ” Yunxiao sneered, ” he will never make an enemy of the heavenly martial League for you minions.

“That’s why, if there’s really no news, you can only blame your bad luck and die in vain,”

He spoke slowly, as if he didn’t see them as humans. His aura had already suppressed all of them, making it impossible for them to escape or commit suicide.

The faces of Zuo Kai and the others had long lost all color, filled with fear and panic.

Yunxiao’s words hit the nail on the head. Even if nanqiu Yu really knew, she would not make an enemy of the heavenly martial League, so she could only pretend that she did not know. Now, it was impossible to escape the blame of the higher-ups, not to mention that Yunxiao was not someone to be trifled with. The few of them would have died in vain.

“One,”

Yunxiao began to count.

“Don’t search my soul, I’ll tell you!”

Finally, one of them was scared out of his wits and began to cry.

“Xiaodong, what are you doing?”

Zuo Kai was furious. His refined face tensed up and he stared at him with killing intent.

“Sir, if you don’t say it, you’ll really die, and your soul will be scattered. You’ll die in vain.” Zhang Xiaodong said with a sad face.

“Oh, it’s really something!”

Qu Hongyan and the others were suddenly enlightened.

“Young master Yun, you’re really good at playing the villain,” Bo mu said with a smile.

The water deity tilted her head and thought for a long time, “big brother

Yunxiao is so smart. How did you guess that they weren’t honest?”

“Didn’t I tell you?” Yunxiao laughed. In fact, I don’t know anything. However, young master Yu had deduced that the incident was in the southern part of the North Sea, and since the Big Wheel Island was here, this area of the sea must be within the sphere of influence of the Natural Moat Cliff. That’s why I gave them a scare.”

“So it’s Yingluo who’s scaring us.”

Zuo Kai, Zhang Xiaodong, and the others were completely dumbfounded. They cursed the old fox in their hearts, but on the surface, they were relieved, knowing that there was still room for negotiation.

Yunxiao nodded and said, “with my relationship with Lady Nanqiu Yu, it’s impossible for me to search your souls. Besides, if you can still withstand the verbal and physical threats, I’ll believe that there is no problem. Then, I’ll naturally apologize to you.

Zuo Kai and the others “faces were as white as paper, all of them gritting their teeth in silence.

I had no choice,” Yunxiao cupped his fists and said. Please forgive me.

He retracted the cold air around his body. Zuo Kai and the others felt the pressure on them relax, but the pressure in their hearts was as heavy as a mountain. Some of them even wanted to cry.

It seems that you’ve been forbidden to keep your mouth shut,” Yunxiao said. What happened that made the Natural Moat Ocean pay so much attention to it?

“If we say it out loud, we’ll be violating the sect rules. I’m afraid the sect won’t let us off,” Zuo Kai said dejectedly.

it doesn’t matter,” Yunxiao said. I can see that you are all strong, so you can come to Yanwu. Not only could he improve his cultivation, but he could also participate in the war against the demon race and play his part for the safety of the realm of heavenly martial arts, realizing the great value of his life. It’s better than staying on bigwheel Island all day and doing nothing for the rest of your life.”

Zuo Kai and the others were stunned for a moment, and they all fell into deep thought.

Although they didn’t want to participate in the demonic war, they had heard of its destructive power. It was like a huge furnace. Without the strength of the void extreme divine realm, they would be melted down as soon as they participated.

Everyone cherished their lives and didn’t want to die.

However, going to Yanwu was indeed a good choice. If he could improve his cultivation base, it would greatly improve his longevity and strength.

After thinking it through, Zuo Kai was the first to bow and say, “ we are willing to join Yanwu and serve Lord Yunxiao. We will follow his lead.

The rest of them hurriedly followed suit and swore their allegiance.

Yunxiao helped them up and said with a smile, “ Very good. Now that we’re a family, you should tell me everything you know.”

Zuo Kai’s face twitched, obviously still a little fearful. After thinking for a while, he sighed, “In fact, we don’t quite understand what’s going on, but the higher-ups seem to take it very seriously. Everyone’s mouth is sealed, and if anyone leaks the news, their end is no better than the word ‘death’”

“I’ll say it,” Zhang Xiaodong quickly said. He had just sought refuge with his new master, so he was in a hurry to present his proof of allegiance.

Zuo Kai’s brows furrowed slightly. Although he didn’t like it, he didn’t pay attention to it, only showing a look of disdain.

The rest of the people glared at Zhang Xiaodong with dissatisfaction, but Zhang Xiaodong didn’t care about this and started talking.

“What? The Southern Ocean 30000 miles away has become a Dead Sea?”

After listening to Zhang Xiaodong’s description, everyone was shocked, and polong even cried out involuntarily.

Although his current reputation as the ocean Emperor was vague, he had once ruled the four Seas and had deep feelings for the sea Race. Hearing this, he couldn’t help but feel worried.

“Yes!” Zhang Xiaodong quickly said. We don’t know what happened either, but the scale of this incident is so great that it covers almost a hundred thousand kilometers of the sea. It’s said that it’s already become a Dead Sea with no living beings left. Recently, a large number of A-Class sea tribes have migrated to the bigwheel Island, and they were also affected.”

Yunxiao and the others exchanged looks, and they all saw the worry in each other’s eyes.

It was indeed possible for Qiu to turn the sea area within a hundred thousand li into a Dead Sea, but he had no reason to do so. Furthermore, the area of effect was so large that it could not be achieved in a short period of time.

Yunxiao turned to Zuo Kai and asked, ‘what does the natural moat cliff say?’

They must know something, or they wouldn’t have kept the news a secret.”

“He didn’t say anything,” Zuo Kai shook his head and said, “it’s just that something happened and he told us not to enter that Sea area. He also said that no information could be leaked, or else he would be severely punished. Bigwheel Island was the center of all the overseas aristocratic families and the center of communication with the heavenly martial continent. As long as we can control the spread of information on this transfer Island, we’ll be able to suppress it..

## Chapter 2212 - Entering the Dead Sea

what do you think? ” Yunxiao looked at the crowd and asked. what do you think? ”

“It’s extremely similar to a great battle, but this Suan ni that covers a hundred thousand li of the ocean ...”

After he finished speaking, he was also stunned. He immediately overturned his own point of view and shook his head. I’m afraid that only a battle between world Kings can cover such a large area.

Duanmu Youyu said, ” as expected, there’s something strange. Even my deduction has been blocked. Everyone, be careful.

there’s no point in guessing, ” said beimang Nan. I’ll ask a few of the sea tribes who migrated here before I go to see it.

yes, ” Yunxiao nodded. those sea people will most likely get some news. Let’s not delay any further, let’s go over now.”

Immediately, Zuo Kai and the others also packed up their things and followed along with their families.

I’m afraid this trip will be extremely dangerous, ” Yunxiao waved his hand and said, ” it’s not appropriate for us to bring too many people. Lord Zuo Kai, come with us, and the rest of you can go to Yanwu. I’ll give you a written order.”

Zuo Kai immediately saluted and ordered the rest of the people to secretly leave bigwheel Island with their families.

The bigwheel Island itself was a teleportation transit point and was under their control. It was not difficult to retreat in one piece.

The heavenly martial league's warship quickly rose into the air again, transforming into a stream of fire as it flew South.

After braving the wind and waves for an entire two hours, the warship stopped above a Sea region.

Yunxiao looked at the vast ocean, his golden eyes scanning the surroundings as he pointed in a direction and said, "there's an A-Class sea tribe down there. Their people are busy cultivating and building. They should have just migrated here."

He immediately sent a voice transmission to the bottom of the sea.

"Huala"

Within a few breaths, the seawater exploded, and a burly figure rushed out.

"What an ugly big fish!"

The water deity exclaimed in disgust, showing her dissatisfaction with the appearance of the sea tribe.

The sea tribe member had a muscular body like a water buffalo. However, his facial features were squeezed together, as if he could be covered with a palm. His two cheeks were puffed up, and he had two long, twisted beards, making him look extremely comical.

Being summoned by such a powerful aura, the sea tribe member didn't dare to act rashly. He looked at the warship with fear in his green eyes and asked, "Which Lord has summoned me? This one is the Red Kite clan's patriarch."

Greetings, my Lords!"

He quietly swept his gaze across the battleship and found that everyone's strength was above his. He immediately shivered in fear and kept quiet out of fear.

"Red Kite race?" "I've never heard of it," the water deity tilted her head and thought for a while.

The vastness of the four Seas was difficult to estimate, and the number of races that were nurtured within them was even more difficult to come by. Even though she was the daughter of the sea Emperor, it was normal for her to not have heard of some A-Class races.

Yunxiao asked the sea tribe member to calm down and not be afraid, then said,

Let me ask you, why did you all migrate to this Sea area?"

The Red Kite clan's patriarch was stunned for a moment. He seemed to have understood something and hurriedly said, "This one didn't know that this Sea region was the territory of my Lords, I hope you can forgive me! We'll leave now!"

Yunxiao was a little confused by his inexplicable attitude. He waved his hand and said, "don't think too much. We're just passing by. We just want to know why you're migrating here.

"Ah, I was wrong."

The Red Kite clan's patriarch immediately heaved a sigh of relief. In general, among the sea Race, invading another race's territory was a very serious matter. When the time came, both sides would definitely fight to the death.

And any one of these people in front of him could exterminate his entire clan.

Only then did he relax, but there was still fear in his eyes as he recalled, ' because a large amount of terrifying auras suddenly appeared in the sea region earlier. Thousands of sea tribes were exterminated. It's too terrifying! His body, which was as strong as an ox, curled up and trembled in fear.

“A large amount of terrifying aura?”

Yunxiao frowned. what’s a large number? How terrifying is it?”

The Red Kite clan’s patriarch was stunned. He shook his head and said, ” “I’m not sure, but just the aura alone, even from such a long distance, it made us scared. If it wasn’t so terrifying, we wouldn’t have moved our entire clan.”

Yunxiao knew that he could not get any more valuable information from him, so he let him go.

Then, the warship headed toward the sea area at full speed.

On the warship, Yunxiao asked Zuo he, ” what kind of a sect is the natural moat cliff? are they really not involved in the affairs of the world, and are they just carefree and neutral? ”

Zuo Kai didn’t dare to beat around the bush like he did at the beginning and respectfully replied, ” “In my humble opinion, at least on the surface, it should be like this.”

“Oh? It should be?”

you must have been in the natural moat for a long time, ” Yunxiao said with a smile. otherwise, you wouldn’t have been the person in charge of Big Wheel Island.

“Yes, it’s been quite a while, more than thirty years.” Zuo Kai answered honestly.

he’s been in charge of the Big Wheel Island for more than 30 years. He’s very capable. He must know a lot about the sect.

Yunxiao asked pointedly, his smile meaningful.

Zuo Kai smiled bitterly and quickly cupped his fists, "I am ashamed. The natural moat cliff was a very mysterious sect, and it was divided into inner and outer sects. The inner sect disciples rarely showed up, and all of them focused on cultivation. All external matters were handled by the outer sect disciples. The true core are the inner sect disciples."

Not only Yunxiao, but the rest of the people were also stunned. They did not expect the organization in the natural moat ocean to be so strict.

Even Jing Qi was surprised. This was the first time he had heard of such an inside story.

Yunxiao was rather disappointed. He had thought that he could get a lot of information about the natural moat ocean, but it turned out that he still could not get what he wanted.

As the person in charge of bigwheel Island, Zuo Kai had an excellent ability to read people's expressions. Naturally, he could see Yunxiao's expression, so he quickly said, "although I'm an outer disciple, the location and function of the bigwheel Island are very special. We also provide all kinds of resources for the inner disciples, so I actually know a lot about the inner sect.

Yunxiao nodded. just now, you said that the natural moat ocean should be a neutral sect that doesn't care about the world. The word 'should' means that you are very uncertain.

"At least that's what they claim to be," said Zuo Xianhe,"and they really haven't done anything to the outside world all these years. They're just some ants."

He paused, and when he saw Yunxiao listening carefully, he quickly said, "it's just that I personally feel that since they're not going to enter the world, they should just focus on their cultivation. Why do they have to be the leader of the hidden aristocratic families? moreover, their business is so big that they have almost all the channels in the world.

Startled, Jing Qi couldn't help but frown.

He could be considered as one of the top figures in the hidden sects, and he had dealt with the natural moat ocean quite a few times, but he had never thought of these problems.

He couldn't help but take a few more glances at Zuo Kai.

Yunxiao kept nodding and said with a smile, "I think so too. I've always been curious. I just don't have the time to care about others. If this is related to the natural moat ocean, I might have dug out some incredible secrets." Zuo Kai was shocked, it seemed like he was planning to take over the natural moat ocean.

A day later, the battleship finally sailed into the dead Sea.

Everyone was an expert of the present age, and their divine senses were powerful enough to directly sense the bottom of the deep sea. There was indeed no trace of the sea race's aura, and the water was filled with a deathly aura.

Moreover, after entering the sea area, he could feel the difference from other places.

Even the sea water was unusually calm, and there were not even two waves. According to the water deity, the sea water here was dead.

"It's true that the sea within a hundred thousand li \* is dead, bi an!"

although he knew that this was the case, when he truly entered the land of death and felt that there was no life in the vast world, he was still shocked and his heart became heavy.

this can't be caused by me," Yunxiao said in a deep voice. at least, it can't be caused by me alone. I don't know if it's related to him.

"It should be related," Duanmu Youvu said. I'm guessing that he was captured

in the South of the North Sea."

"But there's nothing here,"

the sea is a hundred thousand miles wide! the water deity exclaimed. the entire sea is dead! How are we going to find the prisoners? ”

where’s Zhuo qingfan? ” Yunxiao asked suspiciously. where did he go? ”

Logically speaking, he should have discovered something in such a huge Dead

Sea. Why didn’t he come back to report?”

“Could Lord Zhuo qingfan have met with an accident?” qu Hongyan’s heart skipped a beat.

Yunxiao’s face flickered. It was indeed possible.

Duanmu Cang shook his head. it won’t happen. I’ve just made a calculation. Daren should be fine. Furthermore, Daren is mature and steady, and he also possesses the great void technique. There aren’t many people in the world who can make him stay.”

Yunxiao’s tensed mind relaxed a little as he said, ” it’s good that he’s fine, but we still have to find him as soon as possible. Otherwise, this place is too strange, and I’m afraid it might contain great danger.

“Don’t worry. With Lord Zhuo qingfan’s great void technique, he can come back at any time. I think he doesn’t want to come back yet. We don’t need to look for him.”

Yunxiao nodded. that’s fine. Let’s walk around the sea and see if we can find anything.

“A hundred thousand li of ocean is still too vast,” Bo mu said.”It’s better to act separately. That way, it’ll be easier to find clues.” it’s naturally more efficient to separate, but it’s too dangerous, ” Yunxiao immediately refused. I suggest we stay together.

Bo mu thought for a moment, and also felt that safety was the most important, so he said no more.

The battleship began to fly freely on the Dead Sea, searching aimlessly.

Sitting cross-legged on the warship, Yunxiao sank into his mind and conjured a Phantom inside him. Holding the 'structure of all things' AI had given him with one hand, he studied it carefully.

He had been cultivating the four great divine arts for the past few days, but he felt that his essence, Qi, and spirit were still recovering very slowly. He was afraid that it was a residual effect from cultivating the master floating up and down. If there were no other opportunities, it would take at least three to five years to make up for it by relying on his own cultivation.

Thus, he gave up on the four great divine arts and began to try to comprehend the structure of the myriad existences. Perhaps he could obtain some inspiration from it and get out of this predicament.

As he was meditating, a demonic light suddenly flashed between his brows. It turned into a rune and then disappeared in the air..

#### Chapter 2213: Sensing

Yunxiao's heart jolted, and he immediately came out of his cultivation state and opened his eyes in surprise.

At the same time, Xiao Hong was also looking at him in surprise. The two of them looked at each other and saw the doubt and confusion in each other's eyes.

"Feiyang, what's wrong?"

Qu Hongyan asked with concern when she noticed their unusual behavior. The rest of the people also revealed strange expressions.

"Yingluo, you felt it too?" Xiao Hong asked suspiciously.

Yunxiao nodded, his brows furrowed as he said with a solemn face, "I don't know what's going on, but I suddenly feel uneasy, as if something is going to happen."

"A feeling of uneasiness?"

Everyone was confused. Other than the two of them, the others did not sense anything.

"It should be related to the demon master,"

just now, the demonic energy in my body throbbed inexplicably," Yunxiao analyzed. it seems to have sensed something. Xiao Hong should be the same.

Xiao Hong nodded and said,"but we can't find the source of this uneasiness. Could it be ...?" She suddenly thought of an extremely terrifying possibility and her eyes widened in shock. "Could it be that something has happened to mo

Yunxiao's face flickered.'If mo PU is also dead ...'

He suddenly raised his head and looked at Bo mu.

Bo MU's expression was calm as he shook his head, "Although the connection between me and MO PU has been suppressed by the true sun Mantra, I won't be affected as long as I don't use any power above the divine sovereign realm. If something happens to him, I'll definitely be able to sense it.

A faint worry rose in Yunxiao's heart as he said, "Since it's not mo PU who's in trouble, what's going on?"

"I originally thought that mo PU going to the devil realm to deal with the person who killed di Jia would be killing two birds with one stone." I didn't expect that it would become a hidden danger. If that person really absorbed mo PU, the consequences would be unimaginable."

Feini smiled and said confidently, "What are you afraid of? The reason why a Demon Lord is so powerful is because of his cultivation level as a Saint demon and the power of the six paths demon weapon. Now that darling's master is floating, in terms of power, it's not inferior to the six paths demon weapon."

"You're underestimating the six paths demonic weapon too much," Bo mu said, shaking his head. "The reason for this misunderstanding is because the power it can display in young master Yun's hands is truly limited. Something like breaking the chains of law was nothing to the demon Lord Emperor back then."

Yunxiao suddenly thought of the internal space of the six paths demonic weapon and the power of reincarnation he felt in it. It was clear that the six paths demonic weapon was not just a heavenly Saint artifact, but must have a deeper secret.

"Let's just go with the flow."

Yunxiao held his breath and focused his mind, not thinking about what had just happened, and continued to study the laws of all things.

It was on the North Sea, tens of thousands of miles away from them.

The originally calm sea surface was suddenly filled with strong winds. The dark clouds in the sky rolled down, almost sticking to the sea surface.

"BOOM! BOOM!"

Thunderbolts shot out from the dark clouds and struck the surface of the sea like a rain of arrows. The shocking lightning penetrated the sea and reached the bottom of the sea, causing the entire sea to surge.

The dark clouds and lightning covered a thousand miles of the ocean, and the sea creatures inside were instantly struck by countless lightning bolts. The originally warm sea water turned into a steel knife that cut through bones, mincing all living beings and their corpses into pieces.

After the clouds released the endless lightning, they gradually separated, revealing a bottomless black crack.

A man's figure had appeared in front of the crack without anyone noticing.

The man looked around, touched his chin, and said, "This should be the four

Seas, but I don't know which Sea area it is."

His lips curled up into a smile, looking extremely happy. He chuckled and said, "It's been a hundred thousand years. I've finally returned to the realm of heavenly martial arts.

Suddenly, a faint female voice entered his ears, "It's really interesting. Back then, you entered the demon Realm for the power of the demon master, and now you've returned to the heavenly martial arts realm for the power of the demon master. After a hundred thousand years, we've returned to the starting point."

"Clang"

A golden light bloomed, and a Golden Wheel appeared in the man's hand, emitting a divine light.

There were teeth on the wheel, and the totems of the demon race were engraved on it. In the center was a towering ancient tree with many branches and leaves, as if it had formed its own world.

Under the shadow of the tree, a beautiful woman was sitting cross-legged and cultivating. Her face was bright and beautiful, and her eyes were clear.

"Hehe, this starting point isn't that starting point, and I, Zhuo kun, am not that Zhuo kun. Master Hu, take a good look at this world. This is my birthplace-the realm of heavenly martial arts. Speaking of which, their relationship is quite deep."

The man was none other than the previous lord of the land, Zhuo kun. He raised his head to the sky and expressed his feelings. He closed his eyes and sniffed the air that was filled with the smell of seafood. His expression was extremely satisfied.

In the Golden Wheel of the Magic Tree, under the shadow of the ancient tree, mo Yuan sneered and said, "I'm really crazy. I actually followed you into the realm of heavenly martial arts. Don't be so emotional. Let's hurry up and find the clone left behind by the demon Lord Emperor."

Yuan curled her lips into a faint smile and said coldly, "Although we're fleeing, we'll still die without a doubt. The Phoenix body is a divine object of the realm of heavenly martial arts. With di Jia's current power, he can't control it and can only be devoured."

Zhuo kun grunted in agreement and said, under this sky, apart from mo PU, the emperor's avatar is in the body of a man named li Yunxiao and Xiao Hong. And that li Yunxiao ...

His eyes narrowed slightly, and he revealed a strange smile. "He's the one who wiped out the position we set up outside the crack."

"The owner of the heavenly Saint artifact?" Yi was shocked.

Zhuo kun nodded, squinting his eyes as he smiled. "I'm really looking forward to it, haha!"

He suddenly laughed and sensed the direction. Then, his figure flashed and turned into a demonic light, breaking through the sky.

On a precipice, there were white clouds and waterfalls falling from all directions. The wind and waves merged together, making it look like a paradise.

Between the White clouds and the sky, there was a flat land that was thousands of miles wide. A large number of exquisite palaces of various shapes were located in it. There were countless different pavilions and buildings, all of which had different terrains and were scheming against each other.

The largest one was naturally filled with flying pavilions and flowing pills. Under the sunlight, the glazed tiles reflected a golden light, which made it look even more magnificent.

To the side of this most magnificent Palace was an extremely wide flat land. From time to time, formation light would appear and a layer of golden light would rise into the air. Upon closer inspection, one would find that the barrier was actually a vast ocean.

In the vast ocean, specks of golden light were like rain, flying across the ocean.

This was actually a completely mimicked formation that could project the ocean view from afar.

alas, another wave has come before the first one has settled. This time, even li Yunxiao has been attracted here. Nanqiu Yu stood in front of the formation light, looking at the flying battleship, full of worry.

The deacon of the sky moat cliff, you qinfei, who had once presided over the martial arts competition in the overseas world, said, " "My Lord, you don't have to worry. The land of ten thousand spirits doesn't appear all the time. They've most likely made a wasted trip and then returned. After all, the heavenly martial Union doesn't have the time to waste in troubled times."

"I'm afraid it's not as simple as you think." Nanqiu Yu shook her head. We've been searching for and researching the land of ten thousand spirits for so many years, but it's probably the will of the heavens that it's materializing at this time. Furthermore, this matter is extremely likely to be related to that luanyu."

"True Dragon's ruling feather?"

Qin Fei was shocked, but he quickly recovered and said, " "This land of ten thousand spirits is a true spirit graveyard to begin with. According to the information we have, this graveyard was created during the battle between Yuri and several powerful true spirits, burying and slumbering countless true spirits within. Luanyu was also seriously injured in that battle, causing her cultivation to fall. Could it be that the reappearance of the land of true spirit is also his doing?"

although the land of true spirits is a Cemetery, there are still a large number of sleeping true spirits,” nanqiu Yu said. these people were all luanyu’s subordinates back then. If we can regain control of them, Yuri’s forces will be able to contend against the heavenly martial Union and mysterious separation Island in an instant.”

Weng Yangyu, the other Deacon, was shocked. “This person’s heart isn’t right, and he’s extremely evil.

If he regains control of the ten thousand spirits, it will be a disaster for the entire realm of heavenly martial arts!” “Then should we stop him?” Qin Fei also said.

No. nanqiu Yu shook her head and said, “ although this matter is related to us, it’s too difficult for us to stop it with our strength unless we reveal all our trump cards. But if that was the case, things would be even more troublesome. Therefore, we can only stay out of it and observe the changes.”

Qin Fei’s expression changed slightly as he nodded and said, “ “Indeed, we’re already in a terrible fix. If the heavenly martial Union finds out about us, we’ll be in trouble. The best result would be for them to meet luanyu and settle the matter in the land of ten thousand spirits in one fell swoop, then return.” that’s too idealistic, ” nanqiu Yu said with a bitter smile. I can only hope.

An extremely depressed voice came over, and it said faintly, “ kun sovereign, I’ve known you for so many years, but I’ve never known what kind of secret you guys are hiding. Please share it with me, just to satisfy my curiosity.

Waves rippled through the void, and Zhuo qingfan’s figure appeared indistinctly. However, his four limbs were bound by golden chains, and he could not move.

The chains were not corporeal and were constantly changing between illusion and reality. They were the illusory light of the chains of laws. As Zhuo qingfan swayed, it undulated up and down, emitting rays of light.

“Brother qingfan, I was forced to do this. I’ll definitely apologize to you properly after this and invite you to taste my precious and peerless tea.”

Nanqiu Yu stroked her white beard and sighed.

no," Zhuo qingfan said. after this, I want to eat the Guokui from the southeast Island and the green onions from Jiutai mountain, then add a sauce made from thousand-year spirit turtle soup and stinky tofu. I heard that the steamed buns on bigwheel Island are pretty good. It would be even better if you could give me a few trays of pork stuffed steamed buns.."

Chapter 2214: The coordinates of the heavenly Palace

Nanqiu Yu frowned and asked,'why is it so troublesome? Then forget it, I won't even treat you to tea.'" With that, he flicked his long sleeves.

Zhuo qingfan,"hehe."

"Forget it then," Zhuo qingfan said in embarrassment,"just treat me to some unparalleled tea." I still have a question, when can you finish your business?"

Nanqiu Yu smiled and said, " "Soon, if there are no problems. Brother qingfan, you can stay here and cultivate in peace. Other than restricting your movements and suppressing the great void technique, the faint light of these chains of law will not affect your cultivation. Brother qingfan only needs to stay in seclusion for a few months and he will be fine after he comes out. Although the natural moat ocean doesn't have the ten rules, its spiritual Qi is no less than that of Yanwu."

Zhuo qingfan glared at him. it'll take a few months even if things go smoothly. If things don't go well, I'll just let it go. I'll just wait for Alliance master Yun and the others to come and save me.

Qin Fei laughed, " Lord Xu Kong, you're thinking too much. This sky Palace is located in the natural moat ocean. It's impossible to find it without the coordinates.

don't forget that young master Yu is also on the warship, " Zhuo qingfan said with a smile. when Yunxiao gets annoyed, he can ask young master Yu to give him a few decades of his lifespan. What can't he figure out? "

Hearing this, the faces of those from the natural moat cliff changed drastically.

Nanqiu Yu was also slightly surprised. After a moment of silence, she said, "The land of ten thousand spirits materializing at this time isn't something we can control. Although it's a pity, this is also the will of the heavens. Moreover,

Qiu long had also entered the land of myriad spirits, which was the purpose of Yunxiao and the others. So, he decided to let them meet luanyu again. Just point the external spatial coordinates to that place."

Qin Fei was slightly surprised and said, "Does everyone mean that Duanmu you Yu is able to deduce the external coordinates?"

Nanqiu Yu laughed with a strange expression. I don't know if young master Yu can calculate it, but isn't the person in charge of our big wheel Island, Sir Zuo Kai, on that warship? "

He continued to sneer. Zuo Kai has been in charge of bigwheel Island for more than 30 years and has always been an outer disciple. It's because he found that he wasn't loyal enough. He dared to violate the ban when he came to the heavenly Palace and secretly made the coordinates. If it wasn't for his ability to deal with things, I would've destroyed his cultivation and chased him out of the natural moat ocean."

With that, nanqiu Yu's expression became calm again. With a wave of her hand, Weng Yangyu and you qinfei bowed and retreated.

Zhuo qingfan was suspended in the air. He still had that frivolous look on his face, but there was a hint of shock and worry in his eyes.

Yunxiao and the others spent two or three days on the sea, but they found nothing except for dead silence. They had also lost contact with Zhuo qingfan, which made them a little uneasy.

Duanmu Cang calculated a few times before he lowered his head in puzzlement. what's going on? every time, I've predicted that Lord Xu Kong would be in danger but not in danger, as if he had encountered something and couldn't get away. However, with Lord Xu Kong's magical powers, there shouldn't be

anything that could trap him. At least he could come back and report the situation to everyone. Could I have made a mistake in my calculations? ”

Duanmu Youyu stroked the top of her head to calm her down. He shook his head and said, ” “I’ve tried it once, and it’s the same result. Even though the great void technique is difficult to counter, it’s not impossible. Zhuo qingfan must have encountered an expert.”

Zuo Xiandao frowned and looked like he was in deep thought. When he fell into Yunxiao’s eyes, he immediately caught his attention.

Zuo Kai, ” Yunxiao asked. have you thought of something?

Jolted from his thoughts by Yunxiao’s words, Zuo Xiandao quickly cupped his fists and said, ” “Alliance head, I was just thinking that this ocean region should not be far from the heavenly Palace of the natural moat ocean. Could Lord Zhuo qingfan have gone to the natural moat cliff?”

Yunxiao nodded. I’m thinking the same thing. If there’s anyone in this ocean who can stop Zhuo qingfan, it’s most likely nanqiu Yu. But, can you find the entrance to the natural moat cliff? ”

“I can’t find it. I used the teleportation formation of bigwheel Island to go to the heavenly Palace. However, if the Alliance master and the others were to teleport over, the natural moat cliff would definitely be prepared and destroy the teleportation formation.

Zuo Kai deliberately paused, the corner of his mouth raised into a confident smile, and continued, however, I’ve been careful in the past. I made a spatial coordinate when I was in the heavenly Palace.

“You have the coordinates of the natural moat ocean?”

Yunxiao was taken aback, but then his eyes lit up as he said with a smile, ‘ master, you’ve hidden it so well. If you had the coordinates, you should have taken it out earlier. We’re already drinking tea at the natural moat cliff!

Zuo Kai smiled slightly and said with great respect, "Without Alliance master's suggestion, Zuo Kai didn't dare to make his own decision." However, he was still very proud of himself. The more he showed his usefulness in times of despair, the wider his future prospects would be.

Zuo Kai took out the coordinates, feeling very pleased, as if he could already see the vast prospects of the heavenly martial League waiting for him.

Bo mu determined the coordinates, and they were indeed not far from the battleship.

Half a day later, the battleship arrived at the coordinates. The scenery was still the same as the Dead Sea. The vast sea was lonely and there were no waves. There was still no change.

Zuo Kai's face was pale, and cold sweat seeped out of his forehead.

Yunxiao did not pay attention to his face, but said, "The natural moat ocean should also be using a secret technique to hide itself. Everyone, please investigate the surroundings and see if there are any abnormalities." Everyone flew out of the Starship and began to explore the surroundings.

"This feeling ..."

Yunxiao's eyes turned golden as he watched strange lights flowing in the space, gathering toward the center and gradually twisting into a vortex.

"Lord Bo mu!"

Yunxiao's pupils constricted as he called Bo mu over.

Bo mu immediately investigated in the direction Yunxiao had pointed out, then nodded and said, "It is indeed strange!"

Not only did Bo mu notice the abnormality, but even polong and water fairy also noticed the change in space.

“Looks like the natural moat ocean is here,” said Bo mu with a sigh of relief.

‘No!’ Yunxiao said seriously. This aura is way too ancient, it’s like there’s an ancient space here. Could it be that the natural moat ocean is an independent space left behind by an ancient powerful warrior?”

“Primordial?”

Zuo Xianhe was taken aback. He shook his head and said, “ I don’t think so. The place where the natural moat ocean is located is called the ‘heavenly Palace’. It’s a land of immortals. It has nothing to do with the primordial era.

As if he had vaguely thought of something, Yunxiao’s expression suddenly changed as he cried out, “ Everyone, come back!”

The crowd had not flown far, and they all felt strange when they heard Yunxiao’s words. But, they would not resist Yunxiao’s order, so they all flew back in an instant. “What’s wrong?”

“Is there a situation?”

there may be unexpected dangers in the unknown realm, ” Yunxiao said in a deep voice. we must be careful.

“Feiyang, did you find something?” qu Hongyan asked worriedly.

there is something wrong, but I can’t tell what it is, ” Yunxiao said. and according to young master Yu’s prediction, I’m afraid there will be big trouble.

“Then what should we do?” qu Hongyan asked, stunned.

Although they did not find anything dangerous or wrong, they believed Yunxiao’s words without a doubt.

just stand here and wait," Yunxiao ordered. I'll put this warship into the divine realm tablet first. There are many disciples on it, so they won't be affected by any danger.

After the battleship was put away, everyone stood in place, carefully on guard.

Bomu and the others were all staring at that space, monitoring the abnormal changes in their surroundings.

Not long after, several powerful auras appeared, and the ancient and violent auras instantly washed over the space.

"Not good, there's a beast!"

"I don't know where these beasts came from, but they all have the aura of the deity realm!" Bo mu cried out in alarm.

Zuo Kai's face was deathly pale, as if he had been scared silly. He muttered,"How could this be?!?! This is the natural moat ocean!!!"

Yunxiao's face flickered. how is that possible? " he asked. The ten rules of Order only spread out from Yanwu not long ago.

"True spirit?"

This term was ancient and mysterious. Before the appearance of godly state experts, the meaning it represented was even more revered by tens of thousands of people.

Now, with the spread of the ten rules, the entire heavenly martial arts realm returned to the situation where there were as many immortal State Warriors as dogs one hundred thousand years ago. Although there was still a trace of curiosity about the true spirit, there was not much fear and respect left.

Especially Luanyu, the leader of the ten thousand spirits, who had completely ruined the image of the true spirits. At this moment, everyone was only treating them as experts of the same level, quietly waiting for the arrival of those true spirits.

“What is this place?”

Feini’s expression changed as he stared at Zuo Kai. The rest of the people also didn’t have any good expressions, all of them looking at him coldly. Now, everyone thought that they had fallen into this person’s trap.

“It’s really none of my business!”

Under the cold gazes of so many powerhouses, Zuo Kai jumped up in fright. His dreams of a bright future had all turned into bubbles, and it was hard to say if he could even keep his life now!

“Alliance master, Alliance master, you must believe me! I really don’t know anything, my coordinates were indeed from the natural moat cliff, wuwuwu!” Zuo Kai’s face was full of tears, he was so anxious that he was about to cry.

Yunxiao could tell that he was not lying, and perhaps there was a problem with the coordinates. He shook his head and said, “I’m not suspecting you, so you don’t have to explain. These real spirits might not be the only ones we’ve sensed. Except for Feini, Hongyan, and Lord Beiming Nan, everyone else, come into my divine realm tablet!”

The divine realm tablet flew out slowly. Under the sweeping power of the world, it took in all the people except the four of them.

As soon as Yunxiao took back the divine realm tablet, a powerful aura came at him.

The four of them were shocked. They looked over and saw a huge sea snake appear out of thin air not far away.

The snake was a thousand feet long, its black scales reflecting a cold light, and its head was like a Palace. It was staring at them with a cold and sharp gaze..

Chapter 2215 - land of ten thousand spirits

Before the four of them could react, more true spirits appeared around the sea snake. The environment of the death sea also started to change. The originally calm surface of the sea suddenly turned into a forest and turned into a boundless green.

“An illusion?” feini was shocked.

Yunxiao stared at the forest for a while, and his face turned unsightly. we’re in big trouble now. I know where we are. This isn’t an illusion!

“It’s not an illusion?”

The other three were shocked and couldn’t understand. Beiming Nan also said in a deep voice, “ it’s clearly an ocean, but it turned into a forest. How can it not be an illusion? ” when we were searching for the secret treasure of the true dragon, Lord mu di and I saw a projection of a real space, ” Yunxiao said with a wry smile. in that projection, there were a large number of true spirits. Lord mu di said that it was the land of ten thousand spirits that had been lost for a long time. It was the place where a large number of true spirits were buried. However, they had not found it after many years of searching.”

“Land of ten thousand spirits?”

Beiming Nan was shocked,“I’ve heard of it too!” Could this space be the land of ten thousand spirits?”

Yunxiao nodded. it should be good. This feeling is almost the same as the one in the projection space. And look at these beasts, their auras are powerful, ancient, and they don’t lack intelligence. Although they don’t have the level of intelligence of humans, they’re on a completely different level compared to those real beasts.”

The few of them looked around and saw that the true spirits were surrounding them, but they didn't attack. Their eyes were shining with a bright light, which was a sign of intelligence.

Beimang Nan revealed a puzzled expression and said, "I've heard that these ancient mutants were all buried in a disaster, but I didn't think that there would still be some living beings. And there are many of them. Could these things have such long lifespans?"

I'm afraid that this land of ten thousand spirits has something special about it, just like the realm of eternal life," Yunxiao said. or perhaps, the passage of time is very slow. Hasn't luanyu also lived since the ancient times?"

Qu Hongyan said,"Feiyang is right, but what should we do now?" Since these things aren't hostile, we shouldn't provoke them. It's best if we can leave safely."

Yunxiao's face darkened as he said with a wry smile, "What I'm depressed about now is how to leave. If I'm not wrong, the entire realm should have descended, and we're now inside the land of ten thousand spirits. I don't know how long this space will stay here and how long it will take for it to disappear." "You mean the two spaces have overlapped?" qu Hongyan asked in surprise. "It's only a guess. The other possibility is that the land of ten thousand spirits has devoured the death sea.

Yunxiao frowned and said thoughtfully, "But no matter which one it is, it will lead to an unstable spatial connection between the land of ten thousand spirits and the realm of heavenly martial arts. However, even with the space oscillation, we can deal with it with our current strength. I'm just wondering if Qiu and the crocodile have also entered this place."

"The purpose of this trip is to find the two of them. If they leave, it will be troublesome once this dimension disappears." Beimang Nan nodded.

"Indeed,"

it's easy to get out of here," Yunxiao said with a helpless smile. but it's difficult to get in from the outside. Unless the land of ten thousand spirits had truly devoured the death sea and left it in the realm of heavenly martial arts forever. However, I can't determine that, so let's explore this land of ten thousand spirits first. Perhaps we'll find something unexpected." these true spirits aren't too strong, " beimang Nan said as he looked around. the strongest among them is only at the peak of the returning to

true realm. There's still a long way to go before they reach the sovereign patriarch realm. I wonder if there will be divine sovereign realm, ultimate realm, or even higher existences if we go deeper." what? " Yunxiao was taken aback. I didn't think about that. But, as long as no creation realm experts appear, there won't be any danger. There are too many true spirits in this land of ten thousand spirits, and their auras are chaotic, interfering with my judgment. However, I have a feeling that the crocodile and Qiu are here."

Feini, who had been deep in thought, suddenly spoke, " Husband, have you ever thought about taking all these true spirits for your own use?"

"What?"

The other three people were all shocked. This idea was too whimsical.

But Yunxiao knew that feini would not say something like that if she was not confident. His heart skipped a beat as he asked carefully, " You have a way?"

"Not necessarily."

Feini's little face was radiant and her white and neat teeth made people feel a little nervous.

I just suddenly have a bad feeling, " she said with a smile. I feel that these low-level true spirits should be crawling under my feet, not daring to raise their heads and listening to my orders. He wouldn't be staring at us with his eyes wide open like this. I have the urge to dig out their eyes and blow up their heads."

Feini's cold air and killing intent were released without restraint, directed at the true spirits.

Before Yunxiao could say 'be careful', the true spirits with intimidating auras shuddered and retreated quickly, only stopping when they were hundreds of feet away.

His lively eyes were filled with fear and doubt.

Yunxiao's eyes lit up as he said, "It must be the will of the heavenly Phoenix's bloodline. In this ancient environment, it caused the bloodline in your body to flow with a Savage power, which is why you have the urge to conquer these true spirits. Do you really have a way to make them submit?"

Feini's eyes lit up and she exchanged a look with him. She then smiled, "I'll try."

After she finished speaking, she formed a seal with her Jade-like fingers. The power of the heavenly Phoenix slowly spread out with her as the center. The shadow of the heavenly Phoenix appeared on her back. As she spread her wings, an even more ancient aura suddenly erupted.

"Swish!"

At this moment, everyone seemed to hear the ancient sound of the heavenly Phoenix in the air!

Fei Ni controlled the heavenly Phoenix's illusory figure to release its aura and mercilessly crushed the true spirits. The true spirits immediately curled up in fear and prostrated themselves, trembling.

Yunxiao and the other two were overjoyed when they saw this.

Qu Hongyan's eyes lit up and she said happily, "Sister Feini, you're so powerful. You've really subdued these true spirits.

Phoenix's power, then this power is enough to make the heavenly martial Union's power reach its peak.

Suddenly realizing that he still had such strength, Feini was filled with joy and replied, "I will try my best. In the will of the bloodline inheritance, it made me feel that it was natural for these things to submit to me."

Yunxiao's mood brightened as he said, "If I can subdue dozens or hundreds of such true spirits, then I don't need the prison avatar. I wonder where the crocodile is now. It'll be a bit of a heartache to lose it."

The crocodile's cultivation base would drop if it was broken up by someone, so it would be very difficult to kill him completely. Therefore, Yunxiao was not worried about the crocodile's life being in danger.

Fei Ni quickly calmed down and said, " my suppression of these things is only temporary. I'm afraid it'll take some time to make them surrender completely. Let them stay in the divine realm tablet for now.

alright, " Yunxiao nodded. the divine realm tablet is not the same as before, so it's not a problem to trap these weak true spirits. It'll be a bit troublesome if they're at the divine sovereign justice and void pinnacle levels, and there's a large number of them."

He took out the divine realm tablet and Fei Ni immediately let the real spirits enter the tablet.

Yunxiao licked his lips, and his eyes glowed with a faint green light as he said, "If this place was once a graveyard for true spirits, then there should be many living true spirits here, and even more dead ones, right?"

"That should be the case. Have you thought of something else?" beimang Nan nodded.

Yunxiao chuckled and said, " most true spirits have strong physical bodies, and their physical bodies can remain immortal even after thousands of years. I remember that Jing Qi can refine corpses, and even Qiu Mujie has a divine ability of corpse puppets that can make corpses fight while retaining some of their martial techniques when they were alive.

Beiming Nan frowned. this method sounds good, but isn't it too evil to use the corpses of powerful cultivators in battle? it's disdainful. Even if it's for the great cause of the mo war, you shouldn't have done such a heinous thing. At least, I can't accept it emotionally."

"That was then and this is now,"

these true spirits are not of the same kind, " Yunxiao said. you can treat them as fierce beasts, and they are fierce beasts that have fallen in ancient times. Why do you have so many emotions, Lord beimang Nan? " Furthermore, every time we summon a true spirit corpse puppet, we will lose fewer comrades. This is a good thing. Instead of letting them fall into a long sleep, why can't they use some of their remaining heat to protect the world that once gave birth to them?"

Beiming Nan was taken aback. He felt that Yunxiao's words made sense, and he did not know what to say, so he fell silent.

Qu Hongyan nodded and said, "I think Feiyang's idea is good." Too many self-righteous words will only bind your hands and feet, and it's not suitable for this cruel battle."

Seeing that no one had any more objections, Yunxiao said, "Let's keep searching. We'll catch as many truesouls as we can, and as many corpses as we can find."

The four of them immediately slowed down and began to search carefully in the land of ten thousand spirits. After a short while, everyone had some gains.

Yunxiao stared at the giant horn exposed on the green ground as his power slowly seeped into the soil to sense its body buried underground.

It was a bone armor of a fierce beast that was 500 feet long. There were traces of fractures on its ribs and tailbone. The head of the bone armor was still raised high, and it opened its huge mouth full of sharp teeth, as if it was still roaring.

Yunxiao felt as if he could hear the Furious roars of beasts in the depths of his soul, and he immediately sighed with emotion. When this fellow was alive, he must have conquered countless lands and was an Overlord.

As he carefully wrapped the beast bone with his power, Yunxiao said in a low

voice, ‘

“Rise!”

“BOOM!”

The force carried the beast bone through the soil, and the moment they saw the light of day again, everyone had a feeling that their eyes had lit up.

Chapter 2216 - The four Dragon sons

“It’s really good stuff!”

Yunxiao went up and patted the bone armor, only to find that the power contained in it was also amazing.

Beiming Nan was also slightly surprised. Although he still felt a little uncomfortable in his heart, he had basically agreed with this approach.

Feeling the power of the skeleton so intuitively, Yunxiao was even more determined to search for the body. He just looked around and could not help frowning slightly.

The surroundings were surrounded by towering trees, and the ground was full of weeds and shrubs, which in itself was filled with extremely strong power. Although the corpses of the true spirits also contained great power, they were all buried by the power of the land of ten thousand spirits.

“Husband, what’s wrong?”

Feini asked with concern when she saw that Yunxiao seemed to be struggling with something.

Yunxiao said with a strange expression, “ I’m afraid it’ll be too time-consuming to search at this speed. Jing Qi has studied corpse puppets very well. He should have a more convenient method, which is to use the Taowu.

He thought of Xiao Hong. Because of her, he had inexplicably become Jing Qi’s enemy. But they had not been friends before.

After thinking for a moment, he summoned Jing Qi and Xiao Hong from the divine realm tablet.

Seeing the two's puzzled looks, Yunxiao told them what he was worried about and asked Jing Qi how to find the true Spirit's body.

Sure enough, Jing Qi snorted coldly and turned his head away, ignoring her. But his eyes immediately lit up.

He had been so focused on Yunxiao just now that he did not see the corpse lying next to him. Even as a man who had raised corpse puppets all his life, he had never seen such a corpse before. This is the corpse of the Tao Wu true spirit?!

"Yes," Yunxiao nodded. He looked at Jing Qi's shocked, ecstatic, and even greedy expression with amusement and smiled in his heart.

Jing Qi didn't even look at him. He reached out his hand and began to knock on the skeleton.

Yunxiao went straight to the point and said, "This land can be said to be filled with corpses. As long as you can help me find it, this true Spirit's corpse is yours."

Jing Qi's hand that was knocking on the skeleton paused. He didn't say anything, but it was obvious that he had agreed.

Everyone was overjoyed. Jing Qi was also quite excited. Although he was only given one corpse, he knew that if he didn't agree, he wouldn't get this one either.

Besides, if he could find a large number of true spirit corpses, Yunxiao and the others would not deal with them. At most, they would use them as medicine, which would be too much of a pity. In the end, they would still come to him to negotiate terms. Hence, he readily agreed.

While Yunxiao and the others were excitedly catching true spirits and collecting corpses, in another open space in the land of ten thousand spirits.

More than a hundred silhouettes were gathered here. They were all birds and beasts of all shapes and sizes. All of them had ferocious expressions as they faced the center, and each of them was bursting with an extremely tyrannical aura.

Under the clashing of all kinds of auras, the atmosphere was frozen, like the dead silence before an explosive, suffocating.

It seemed that as long as there was a spark, the situation would immediately explode, turning from a stalemate to a state of mutual hostility.

These were the most powerful true spirits in the land of ten thousand spirits, and more than ten of them stood in the center of the conflict between various auras, in a stalemate.

Different from the others who had either cold or angry expressions, a handsome man in white had a pair of bright eyes. He was calm and seemed to be at ease.

Behind him stood a burly man in human form. He had two horns on his head and his beard was unkempt. His face looked like the head of the East Sea Dragon. He was the head of the nine sons who had transformed into human form-Shi long.

There were also some powerful existences that followed closely behind. Most of them were half-human and half-spirit, and some were as burly as mountains with ferocious faces. Some were as thin as a stick, with Strange Bodies; There were also some huge bodies that seemed to be related to every species. They were completely different.

Luanyu stood in front of the two armies. He crossed his arms in front of his chest, his eyes coldly looking at the true spirits in front of him.

There were seven or eight times more true spirits gathered together, but all of them had serious expressions. They seemed more nervous and afraid.

If the former was a Wolf that roared angrily when it saw its prey, the latter was a cat that was frightened when it saw something it feared.

Only the three human-shaped figures in front remained calm and composed.

They coldly looked forward with a mocking expression, as if Luanyu was a joke.

One of them had a square face, thick and solid limbs, and his back was raised high as if he was carrying a miniature mountain on his back. From his hair to his skin, everything was red. He clenched his fist tightly at the side of his body, and the air around him crackled slightly, turning into a small whirlwind that dispersed around his fist. He was the son of the true dragon, Chi.

The man in the middle was tall and slender. His skin was dark brown, but his hair was silver and tied behind his head. His slender fox-like eyes were full of malice, and a white bone knife slanted out of his elbow and knee as if it wanted to tear apart the heavy atmosphere. It was the son of the true dragon, Jing.

The other person looked like a weak teenager. He had a delicate appearance and a smooth face, like a miniature version of Yuri. The son of the true dragon, Mang, had a pair of pure blue gem-like eyes that had no pupils. He looked extremely strange as he silently looked at his father.

“How many years has it been since I last saw you? A million years? Two million years? It’s been too long, I’ve really forgotten. It’s quite nostalgic. I almost couldn’t recognize you three when I saw you today.”

Luanyu squinted his eyes and smiled, his face filled with fatherly love.

“You’re so f\*cking good at pretending. Even a million years can’t change your hypocritical nature.” “Tell me, what’s your purpose in coming here?” Chi Long mocked. You’ve always been a greedy person. The Dragon field has finally returned to the realm of heavenly martial arts, and you’ve come here as soon as you can. Don’t tell me you miss us.”

“Hehe.”

Luanyu laughed several times and said in an extremely sincere tone, “My Chi ‘er, of course I miss you guys. Otherwise, why would I come looking for you in this broken Dragon Realm?”

Jing Long's eyes were COICI as ne said, " "since youve only nussecl us, now that you've seen us, you can get lost."

"Jing 'er, how can you be so heartless? Back then, I thought you were dead and I was sad for a long time." Luanyu's face was first filled with fear, but it turned into a happy expression after surviving a disaster. He sighed, "I'm relieved to see that you're fine."

"That's because you saw that I'm dead," Jing Long's eyelids twitched and he laughed."You've lost a useful subordinate. "

Luanyu shook his head and sighed, "I don't understand why the three of you would misunderstand me like this." For the past million years, I've been thinking about returning the Dragon field so that I can get news of you again."

"Are you done yet?" the blazing Dragon shouted impatiently. Do you really think we're fools? If we continue to talk like this, we won't even have the friendship to talk! "

Mang, who had been silent all this while, finally spoke. He frowned in disgust and said, " if you have something to say, just say it. Leave after you're done. Don't put on an act. It's a little nauseating.

what kind of attitude is this?!

Behind luanyu, other than Shi long, there was another man. He had a handsome figure, a square forehead, big eyes, and short green hair that was messy on the top of his head. It was also the Dragon's six sons abyss that had been trapped in the land of true spirit for a million years.

Yuanlong's eyes widened and he scolded, " "For the past million years, we brothers have lived in peace. However, if you treat my father like this, then today will be the day we fall out!"

Chi Long was simply angered to death by this idiot. He cursed, "Sixth brother, you stupid thing! Could he still not see his true face? Second brother, seventh brother, and ninth brother were all killed by him! Even if it's US, it's all because of this guy that we've been sleeping in this damn place for a million years!

Don't be muddleheaded and stubborn!"

"You're the ones who are confused!" Yuanlong said angrily. How did this Dragon field get destroyed? Was it his father's fault? It's all because of those traitors in the sinkhole who colluded with outsiders to cause the destruction of our dragon race's territory! We should return to our Father, rebuild the Dragon field, and rule the world!"

"Hmph, Hmph Hmph, dominate the world? What a beautiful dream."

Jing Long laughed mockingly. your father must have forcefully resisted the five decays of heaven and man and defied the heavenly Dao to be able to live until now. He should thank the heavens for being able to maintain his current realm. He still wants to dominate the world? " Although I don't understand the current heavenly martial arts realm, if this continues, no matter how much Yuri resists the heavenly path, a new generation of true dragons should be born, right?"

Luanyu's expression changed drastically, turning ashen in an instant. Killing intent flashed through his eyes.

This was his greatest taboo, and the source of his uneasiness. Once a new true dragon was born, his power would be drained at an even faster rate, until he died of exhaustion.

Jing Long had hit his sore spot. Boundless hatred and killing intent shot out of his eyes. Even his son could not cross his bottom line.

Yuanlong was also furious and shouted, " Shut up! It's precisely because of this that we need to help Royal father overcome this crisis. We must destroy the new generation of true dragons before they are born, and the countless Dragon crystals left behind will definitely allow our strength to advance to a higher level. At the very least, we will be able to recover to the peak of our strength from back then!"

"Pa pa pa pa."

"Haha!" Chi Long clapped and laughed,"I used to think you were stupid, but now I realize you're not stupid, you're disabled." No matter how many Dragon crystals you eat, it won't be able to fix your brain. Sixth brother, you're hopeless for the rest of your life. Rest in peace, brother won't see you out."

“Damn it!”

Yuan’s face twisted. father, ” he said angrily, ” these three are so stubborn. They’ve forgotten their ancestors and betrayed their sect. In my opinion, we must teach them a lesson!

Luanyu’s face turned gloomy. He had come to the land of ten thousand spirits to subdue all these people, so that he would have enough power to fight against the heavenly martial Alliance and kill the new generation of true dragons before they were born.

However, what he did not expect was that there were more real spirits left than he had expected. Furthermore, there were four Dragon sons who were still alive, but three of them had completely stood on the side of his enemy.

If it was in the past, he would have killed someone long ago. Moreover, back then, his Dragon’s might was mighty, and the world was loyal to him, and no one dared to go against him..

Chapter 2217-remnant true spirit

Now that he had fallen to the void realm, he could no longer control his temper.

Chi, Jing, and mang had all been at the creation stage in the past. After a million years of sleep, although their power had been lost, most of it had still been preserved. As long as their cultivation levels did not fall, they had the power of the initial creation stage.

On his side, only Shi and Yuan were at the initial stage of creation. Even if he was at the peak of the void realm, he would not be able to cross a realm to fight the enemy.

As for the other true spirits, although they all looked fierce and murderous, they were just adding flowers to the brocade, adding to the power.

Even if it was just adding flowers to the brocade, his side was not as strong as the three unfilial children.

Back then, he was the leader Of all living beings, and no one in the world dared to disobey him. However, after a million years of silence, those true beings had already forgotten their own power.

Moreover, in this extremely realistic and cruel era, it was indeed very difficult for him to make others submit with only the power of void extremity left.

Thinking of this, Luanyu had no choice but to suppress the anger and killing intent in his heart. He sighed and said, "forget it. Since you're so prejudiced against me, I can't be heartless to you. After all, I'm your father from the beginning!

Yuan was extremely touched by his words and cried, " "Father! These unfilial children had gone too far! I am willing to follow my father around and conquer the world. I will never be a heartless, disloyal, and unfilial person!"

Luanyu's expression also changed, and he couldn't help but shed tears. "Good! From now on, I, Luanyu, will only have you and Shi 'er as my two sons. I will not acknowledge anyone else!"

Chi looked at this scene of a loving father and a filial son and felt extremely nauseated. He scolded, "You're still acting, are you done? Get out of here, this Dragon field doesn't have a place for you!"

Chi! Yuan was furious. Chi, if you dare to talk nonsense again, I'll teach you a lesson on behalf of my father!

He grabbed with his right hand and a silver light condensed into a spear. He pointed it at his opponent's face with a murderous look.

"Oh, we've been brothers for 100000 years, and now we've turned against each other. Tsk, tsk, not bad."

Blazing was so angry that he laughed, the corners of his mouth filled with ridicule. As he clenched his fists, a fiery light burst forth. The surrounding space rippled slightly, and thousands of Dragon Qi gathered, forming a pattern of flames that slowly burned.

“Since you want to fall out, then do it thoroughly.”

Jing took half a step forward, and all the water in the world gathered and formed a ring in front of him, which was held in his palm.

Within the ring, water surged and runes flickered.

As the two of them attacked, the surrounding air and heaven and earth trembled slightly. A large area of the forest below was destroyed by itself, revealing a vacuum of ten thousand feet.

Luanyu’s expression suddenly changed, and he cursed Yuan in his heart for being stupid. He didn’t know the immensity of heaven and earth, and didn’t have any self-awareness. If he had a chance to win, he would have made his move long ago, and it wouldn’t be his turn to show off his power.

His gaze fell on Mang, and he said, “Mang ‘er, do you still remember when you went to provoke Zhen Lingying and got your internal organs crushed by him? It was I who killed Ying in anger and sorrow.

Do you still want to attack father?”

Mang sighed and said, “I was quite touched when I thought about it back then.

It was only later that I found out that you were actually planning to use the Dragon essence in the nine of us as a medicinal catalyst to help you break through and increase your lifespan by one more cycle in order to escape the five curses of celestial beings. Don’t you find it disgusting to mention this again?”

“Nonsense! The matter of extracting the Dragon essence as a drug primer was all your whimsical fantasies and you fell into that bastard’s scheme!”

Yuan rebuked angrily and roared in grief, "Don't be so stubborn! Quickly kneel down and apologize to father!" He held his spear horizontally, and a circle Of Dragon Qi spread out.

Mang looked straight at Luanyu and curled his lips into a smile, "Nonsense? How did the second, seventh, and ninth brothers die? If it wasn't for third brother's quick-witted nature to expose your scheme in time, we wouldn't be standing here talking to you now."

Luanyu said coldly, "I can't believe you believed such a nonsensical matter." I met third brother not long ago and we had a good chat."

"What?"

The people around were shocked.

Yuan was overjoyed. haha, see? Didn't I tell you? you've all been bewitched. Quickly apologize to father and admit your mistakes!

The three of them ignored him and treated him like a fool. "I don't believe that third brother is still alive. Since you said you've seen him, where is he now?" Chi said coldly.

Jing and mang's ears also twitched slightly as they listened attentively, appearing to be very concerned.

Luanyu's face revealed a sorrowful expression as she mournfully said,"I was having a good conversation with Qiu 'er, but halfway through, a human named li Yunxiao came to us with a large number of experts. In the end, we were no match for him, and Qiu's soul was scattered, leaving only his physical body missing. I was heavily injured, and if Shi 'er hadn't appeared in time, we would've probably died."

"What?"

"What's the strength of that human?" Yuan was shocked. He was actually able to injure Royal father and third brother?"

Chi and the other two also revealed shocked expressions, but they were even more suspicious as their eyes fell on Shi. However, Shi did not say a word, and his face was a little dull, as if he would not say a word.

Jing was unmoved. I don't read much, " he said with a cold smile. don't lie to

"Why Would I Lie to You?"

if you can leave this place one day and see li Yunxiao, you can ask him in person, " luanyu said in grief and anger. then you'll know whether I'm telling the truth or not!

damn it! Yuan gritted his teeth and said angrily, " that damn li Yunxiao! Father, let's go and take revenge for third brother!"

'Well, this matter is not urgent, and it can't be rushed."

Luanyu's heart jumped in fright. He secretly cursed this brainless fool who only

There's no lack Of manifestation stage elites among our subordinates. If we go there rashly, we'll only be courting death."

"Then what should we do?" Yuan asked.

Luanyu sighed, " it's never too late for a gentleman to take revenge ten years later. In any case, there's still a long way to go. The most important thing is to improve my strength first. When I first saw you, I was overjoyed. I thought that with my sons gathered together, even if they were not strong enough, at least the father and son could work together and benefit me. I thought that I could take revenge for your third brother, but who knew that I would be so sad!"

He said it so sadly, as if he was really a father who had lost his beloved son and was struggling in despair.

Yuan glared at Chi and the other two, gritting his teeth, "No matter how big of a misunderstanding you have towards father, now that third brother's soul has been scattered by someone and his whereabouts are unknown, do you all want to just stand by and watch?"

"If that's the case, we'll definitely avenge third brother. But before that, we have to investigate the matter," Mang said after a deep thought.

"You didn't believe me from the beginning," Yuan sneered. Alright, we'll see what excuses you can come up with when you've investigated it!"

"Sixth brother," Jing said coldly, "if what Zhiyu said is true, we will avenge third brother even without you telling us." As for you, since you've followed Luanyu, you have to be more careful in the future. Don't become his medicinal primer one day."

"You're full of nonsense!"

f \* ck! Yuan cursed. His face was red with anger, and the veins on his forehead were bulging.

Luanyu was overjoyed. If his three sons went to find trouble with Yunxiao, with these true spirits, it would be enough for Yunxiao to suffer. He immediately put on a helpless look and said, "that Li Yunxiao is the leader of the heavenly martial Union, and he lives in the southern region. When you get out, you can ask any human. That's all I have to say. Since the father-son relationship can't be continued, I have no intention of staying any longer and can only leave first. But there's still time in the future. If you change your mind one day and the misunderstanding is resolved, I'll still treat you as my good sons."

He spoke with extreme sincerity, as if he was reminiscing about those distant memories, as if the time of a loving father and filial son was still yesterday.

However, Chi and the other two had obviously given up all hope on him. Chi waved his hand impatiently and said, we will verify this matter. If you're done, then get lost. If I continue to listen to you, I'm really going to vomit.

Luanyu was furious. He was so angry that he clenched his fists tightly, causing the air to crackle. But he wasn't an impulsive person. Since he couldn't win, he wouldn't make a move.

“Hmph!” He snorted angrily and turned around to leave.

After flying for several hundred li, they could no longer sense Chi and the others’ auras. Only then did the group stop in the sky.

Yuan finally could not help but ask, “father, why didn’t you let me do it?” Although the three of them are strong, we’re not weak either. It’s hard to tell who will win or lose in a battle.”

Luanyu had told him not to be impulsive earlier, but he had been holding it in all this time.

Luanyu said, “it’s precisely because the outcome is hard to predict that father didn’t make a move.” Besides, no matter what, they are my sons. I don’t want to kill them. Sixth brother, you have to use your brain more when you do things in the future. Don’t be too impulsive.”

“Yes, father.”

“Although they’re unkind, we can’t be unkind,” Yuan replied.

Luanyu nodded and said, “Yes, that’s the logic.” Sixth brother, is this the only power you can control?”

He pointed at the dozen or so true spirits behind him. Most of them were at the true immortal realm, and there were only three at the divine sovereign realm. There was not a single Xu Ji. Luanyu was clearly dissatisfied.

Yuanlong said, “father, these are all awakened. I summoned them at the last minute. Many Of them should still be sleeping. With the pressure Of the Dragon race, if we use it, all spirits will submit to us.

Luanyu’s eyes brightened. do you think there are still any truly agile ones in this broken Dragon field? ” he asked. and they can be of use to us? ”

Yuanlong said, " when the Dragon field was attacked, the true spirit race gathered here. There were tens of thousands of them. More than half of them had died in the battle, and the Dragon field had been destroyed. The number of true spirits that survived the battle back then should be less than 10000. However, the vast majority of them had died in the million years of silence. Because most of the remaining truesouls are injured, I'm afraid that there are less than three thousand of them left alive. I think there are more than two thousand."

Chapter 2218-enemies on a narrow road

"More than two thousand?"

Luanyu couldn't help but be secretly happy. This number was naturally insignificant in the era when the true spirits dominated the world. However, in the present, there were more than two thousand God Realm experts. Even destroying the heavenly martial Union and mysterious separation Island would not be a problem!

then, sixth brother, quickly subdue these true spirits. The faster, the better. The more, the better!

Luanyu's expression was somewhat excited as she impatiently said.

"I dare not disobey Lord father's orders."

"Alright," Yuan nodded. Although the Dragon field was vast, he had been bored of it for a million years. Sometimes, when I'm bored, I'll kill a few true spirits to relieve my boredom. If I had known that father needed them, I would've spared their dog lives."

Luanyu was speechless when he heard this. He thought to himself that he was in a sorry state outside, while you guys were killing true spirits to relieve your boredom.

Yuan saw that Yuri's expression wasn't too good, and hurriedly said, " "Don't worry, father. I'll go and gather the truesouls right away."

Luanyu then nodded in relief, "en, I'll leave the subduing of the true spirit to you." But be careful, don't get into a conflict with those three unfilial children. After all, we're not their match yet."

"Alright, since father has put it this way, I'll bear with it for now."

Yuan's heart was burning with anger. He snorted coldly. "When I'm stronger in the future, I'll go find the three of them and settle the score."

Luanyu sighed in his heart that this guy finally grew some brains. At the very least, he would follow his orders obediently. He nodded and smiled. "That's right. Among my nine sons, you are the most filial."

Yuan immediately leaped up and led the way for Yuri. They began searching for the true Spirit's shadow in the land of ten thousand spirits. But after a few steps, the two of them were stunned.

They saw three or four true spirits gathering in front of them.

Yuan's brain went blank. He scratched his head and said, " could it be that the myriad spirits know that father is here, so they all woke up and came to pay their respects? "

Luanyu was also stunned and said, "how could such a thing happen? be careful."

There must be something strange about this abnormal situation."

Very quickly, those three or four true spirits appeared in front of them. What shocked Luan Yu even more was that there were a few figures standing on top of those three or four true spirits.

The moment their eyes met, both sides were stunned.

Luanyu's expression changed greatly, and he roared in rage, " li Yunxiao!

On the opposite side were Yunxiao and the others, who were collecting true souls and corpses. After a moment of surprise, they immediately regained their composure.

Sitting on the true spirit, Yunxiao looked down at him and said with a smile, " I was wondering why it was so lively here. So it was you who gathered to fight. I

thought there were more than ten true spirits eating together.

Luanyu quickly calmed down, his expression gloomy and uncertain. He snorted coldly and said, " Enemies really meet on a narrow road!"

Li Yunxiao?!

Yuan came back to his senses, and his face changed as he stared at Yunxiao and said in surprise, " Father, is this li Yunxiao, the human expert you said killed my third brother's soul? "

Yuan's intense reaction caused luanyu's expression to change several times, and she quickly calculated in her mind.

His cultivation realm had declined, and his side was likely to lose to Yunxiao.

But, if the two sides fought fiercely and lured Jiang Chi and the others here, Yunxiao would definitely be kept here and forced to tell him the location of the land of true dragon.

After all, those who are not of the same race have different intentions. This was a nature that was engraved in the bones of almost every race.

Even if there was an irreparable crack in his relationship with Chi and the others, with their temperaments, they would not ignore the Brotherhood that had been built up over the years!

Without waiting for Yuri to finish calculating the gains and losses, Yuan seemed to know the answer. He gritted his teeth and roared, " Damned lowly clansmen, I'll kill all of you to avenge my third brother!"

As he said that, he stretched out his arm to the side of his body. The silver light condensed into a long spear by his side. As Yuan's five fingers grabbed the spear handle, the overbearing force immediately shook the long spear, emitting a clanging sound wave.

The sound wave distorted the space, and Yuan's figure disappeared in an instant. When he reappeared, he was already in front of Yunxiao. Yuan moved forward and thrust his spear at Yunxiao's face.

"Dang!"

Yunxiao clenched his five fingers into a fist, and an air wave opened in his palm. A faint light floated on his arm like an armor, connecting with the spearhead.

The five fingers caught the tip of the spear, making a sharp metal friction sound. The illusionary light was constantly blown away by the spear power, and the remaining energy scattered in all directions.

The tip of the spear thrust forward like a hot knife through butter, only stopping a few inches away from the tip of Yunxiao's nose.

Yunxiao's right hand, which was holding the spear, went numb, and he looked at Yuan with a little surprise. the creation realm?!

Yuan's expression changed when his attack was blocked. He shouted, "A mere b \* stard wants to spy on this King's realm!"

Then, he turned his right hand, and the spear in his hand began to spin rapidly. He gathered energy on this point.

The faint light in Yunxiao's right hand finally could not be suppressed any longer, and it scattered with a bang, turning into countless specks of light.

The battle spear followed the momentum and directly pierced into his body, making a " Chi " sound.

Luanyu, who was watching the battle from the side, had a gloomy expression on his face. If Yunxiao could really be injured so easily, he would not be Yunxiao.

Sure enough, the next second, Yuan's expression changed and he suddenly retracted his gun. He held his spear and looked around warily.

Yunxiao, who had been pierced by the spear, was in a daze for a moment, then the hole quickly closed up, and his whole body turned from solid to illusory, and then from illusory to solid. From receiving the attack to intimidating the enemy, he just stood there, not moving at all.

Even though she knew that Yunxiao would be fine, feini could not help but fly into a rage when she saw her husband being stabbed. "What a rude insect! Husband, let me kill this crawlers and refine him into a corpse puppet. Kill luanyu and Shi long while you're there!"

Feini's eyes shot out a cold light and the Phoenix light on her body flickered. Her aura suddenly spread out and the surrounding true spirits were shocked and couldn't help but retreat.

"Heavenly Phoenix?"

Yuan was also shocked. His figure flickered and he retreated in front of luanyu, confronting her.

Yunxiao raised a hand to stop feini, then looked at luanyu with a sneer and sized up Yuanlong and Shilong.

With the strength of luanyu and the others, if they really fought, although they were not afraid, they would not gain any advantage and might even be at a disadvantage. Therefore, he was not in a hurry to make a move.

Luanyu's eyes fell on Yunxiao, feini, and the others, and he was slightly surprised. He gritted his teeth and said, " Li Yunxiao, your strength has improved a lot again! he said.

thanks to Lord True dragon," Yunxiao cupped his hands and smiled. I've indeed made a lot of progress. I've left you far behind, Lord True dragon.

Luanyu was almost angered to death. He wailed, "No matter how fast I improve, I'll still die Here today! You destroyed my third son's soul and made his body go missing. Today, I will make you pay with your blood!"

Yuan 'er," he said to Yuan coldly, "this Li Yunxiao has the divine realm tablet, and he has extraordinary strength. Go and call those three unfilial sons here now. Tell them that the murderer who scattered Qiu'er's soul has appeared. I'll think of a way to delay them!"

Yuan jing said, "then father, what are you doing?"

Luanyu waved his hand and said, "I'm fine. Go and return quickly. Although my cultivation has fallen, I can still hold him back for a while.

Yuan struggled for a moment before nodding. "Good! Father, you must hold on. I'll be back soon!" With that, he turned around and left, disappearing from where he was.

They had just broken up with blaze and the other two not long ago, so it should be a matter of time before they caught up.

Yunxiao touched his chin and asked suspiciously, "Luanyu, what nonsense are you talking about? what scheme are you plotting?"

Luanyu sneered, "nonsense?" A conspiracy? Li Yunxiao, you harmed my Qiu'er, destroyed his soul, and made his body go missing. I'm going to make you pay for this today."

Yunxiao frowned. although I was the one who broke up the prisoner's soul, I wouldn't have succeeded without you, my accomplice. In addition, you want to kill a prisoner even more than I do."

Luanyu angrily rebuked, “nonsense!” Qiu is this Lord’s beloved son, even if there is some estrangement between us, even a vicious Tiger would not eat its Cubs, let alone this Lord! No matter how glib your tongue is today, you can’t shirk your responsibility!”

Yunxiao smiled and said, “ I’m not trying to shirk responsibility. But, you’re the one who poured a basin of dirty water on me. You’re the one who wants to shirk responsibility, aren’t you? ‘

Xiao Hong cast a sidelong glance at luanyu and coldly said, “ “Why are you talking nonsense with him? let’s join forces and kill him!”

Beiming Nan frowned and said, “ “He poured all the dirty water on our heads so that he could explain to his companions. The son who ran away just now most likely went to get help. And the excuse to deal with them was to destroy the prisoner’s soul. The reinforcements were most likely the prisoner’s companions.”

Yunxiao stared in the direction Yuan had left and nodded. this guy can do all kinds of shameless things. Let’s kill him before reinforcements arrive, and then leave immediately!

After he finished speaking, a stream of sword Qi shot out from his fingers. It shot out.

The rest of the people were also decisive in killing. As soon as Yunxiao finished speaking, they attacked almost instantly.

The only person that everyone was afraid of was Shi long, who was at the manifestation stage. Fei Ni appeared in front of Shi long first. His red lips curled up coldly, and his five fingers struck down like claws.

Before attacking, Yunxiao had told her to stall Shi long. She did not ask for victory, but only to stall him for some time so that they could concentrate their strength on killing luanyu.

Shi long raised his hand in front of his body to protect himself. The Phoenix light fell down, and with a “ bang “, a red light scattered.

The huge impact dispersed along with the red light. Before the true spirit beside Shi long could react, it was crushed into pieces by the impact.

Seeing that his side was at a disadvantage, luanyu's eyes were about to pop out as he angrily rebuked, "Damn it!"

"What are you looking at?"

Yunxiao's cold voice exploded in luanyu's ears, causing her heart to skip a beat. Then, she saw a golden light suddenly rise before her eyes and press down on her face.

Yunxiao's three seals merged into one, and a Dragon descended from the sky.

Not only that, but beifeng Nan, qu Hongyan, and the others also stood firm and attacked from different sides.

Chapter 2219-ill-intentioned

"True dragon Dharmakaya, control!"

In his panic, luanyu couldn't Dodge in time. He crossed his hands in front of his body and several Dragon talismans rose up one after another. His body turned into a Dragon and was covered in green scales.

At the same time, he formed hand seals with one hand and chanted in the obscure dragon language. The Dragon Realm instantly opened up!

"BOOM!"

"BOOM!"

Several powerful attacks landed on Long Yu's body, shaking him and making him dizzy. The qi and blood in his body were in a mess.

Yunxiao changed his hand seal, and his arm turned into a purple Thunderbolt that cut into the dragon domain like a sharp blade. The Thunderbolt and the domain eroded each other, making sizzling sounds.

Luanyu was horrified. Under the siege of the crowd, his Dragon Realm and dharma body were not broken, but only Yunxiao's purple Thunder and Xiao Hong's Heart Flame had cut in directly, trying to hurt him!

"Dragon Fist, infinite light!"

At the critical moment, luanyu attacked with all his might. An infinite amount of light exploded from the Dragon Fist, causing the purple lightning and heart Flame to stagnate.

"BOOM!"

A huge explosion reverberated as several forces swept together, tearing the space apart!

Luanyu's true dragon body flashed, and a green light flickered a few times. He fled several thousand feet away, and only then did he reveal his true body. However, his face had turned ashen and his head was full of sweat. He had obviously suffered a certain degree of injury.

Fei Ni and Shi long exchanged a few blows, and when she saw that Yuri had escaped, she couldn't help but be surprised. She no longer had any intention of fighting him, and she retreated after throwing out a few palm strikes. "What's going on? He was able to escape from your attacks?"

Feini retreated to Yunxiao and the others 'side and asked in disbelief. 'It's strange,' Yunxiao said.

"I understand now, it's because of this land of ten thousand spirits." Fei Ni looked as if she had suddenly realized something.

“Land of ten thousand spirits?”

Suddenly, Yunxiao thought of something and said in surprise, “now that you’ve mentioned it, I can feel it too. This land of ten thousand spirits seems to be filled with extremely strong dragon power.

Fei Ni nodded and said, “I have a deeper understanding than my husband. Shi long was the same. He could easily suppress me with a single move.” If my guess is correct, this so-called land of ten thousand spirits was originally a Dragon Realm!”

Dragon field?!

The expressions of the few people changed slightly, and they could not help but be on guard. If they were in the Dragon field, then the strength of the father and son in front of him would have to be re-evaluated.

“A gentleman doesn’t stand under a wall. Let’s go!”

Yunxiao immediately decided to retreat. The two people in front of him were a

little difficult to deal with. Yuanlong, who had escaped, was also in the creation realm. If he asked for help, he would be in big trouble.

The few of them made a prompt decision and immediately turned into rays of light to escape.

Luanyu was anxious. It was such a good opportunity to besiege Yunxiao. If he let him escape, it would be difficult to create another opportunity.

“Don’t even think about leaving, stop him!”

Luanyu gave a loud cry as he slashed out his true self, sending a sword beam at Yunxiao. Shi long also attacked, using the true Dragon’s sword, boundless calamity, and slashed at feini.

The two of them attacked at the same time and immediately broke the light, allowing the sword Qi to enter.

“You’re looking for death!”

Yunxiao’s face turned cold, and he immediately threw out a palm strike. A virtual light appeared in his palm and covered his hand like a helmet. With a

bang, the sword Qi was scattered.

Fei Ni also flicked her sleeves and Phoenix light shone on the sword radiance, suppressing it. At the same time, she made a hand seal and with a shout, tens of thousands of fire butterflies appeared in the sky and spread their wings.

Luanyu immediately sensed danger and shouted, “Be careful!” He retreated and hid behind Shi long.

Shi long opened his mouth and let out a Dragon’s Roar. His body instantly turned into a Dragon, and with a “pa la” sound, his body expanded more than ten times. His huge Dragon Tail swept out like an oar.

“Boom boom boom!”

An earth-shattering explosion rang out, and the surroundings turned into a sea of fire. Everything within a few thousand feet turned into a vacuum. The entire world was burned white, and everything was in a daze.

“Dammit! We let them escape!”

The Luan Yu Dragon opened its eyes and saw that Yunxiao and the others were no longer in front of it. His expression became gloomy and uncertain.

“Where is he?”

The void shook and several figures appeared. They were Yuan, Chi, Jing, and mang. In the distance, there were many powerful auras flying over.

Yunxiao ran away? ” Yuanlong’s eyes widened and he said angrily, ” did li Yunxiao run away?

Luanyu’s expression became calm. He let out a long sigh and said, ” “Sigh, father is useless. He couldn’t make them stay.” don’t worry, father, ” Yuanlong said angrily. the Dragon field is not small, but it’s not big either. They won’t be able to leave for a while. As long as they’re in the Dragon field, we’ll be able to sense them.”

Luanyu nodded and said, ”en, we’ll be relying on you guys.”

what? ” Yuanlong turned around. brothers, you won’t just stand by and watch this time, will you? ”

we don’t know yet, ” mang said with a frown. we don’t know if third brother’s soul was scattered by li Yunxiao. Besides, it’s still a question whether li Yunxiao really exists or not. As soon as you asked for help, we came here immediately, but we didn’t even see a single hair. Who knows if this is luanyu’s scheme?”

I saw li Yunxiao with my own eyes and heard it with my own ears! Yuan shouted angrily. he admitted that he killed my third brother. Don’t you believe me? ”

Just as mang was about to speak, he was stopped by blaze. “There’s indeed an extremely strong Heavenly Phoenix Power here,” said Chi. “It’s indeed a battle between very powerful experts. Sixth brother’s words had a certain degree of credibility. Regardless of the truth, it’s definitely right for us to find these people first.”

“Fourth brother is right,” Jing added. Let’s find these people first. If they’re the ones who hurt third brother, we can’t let them go. But if it wasn’t for Qianqian, he coldly glanced at luanyu and sneered, ” “I can’t be someone else’s hired thug.”

Luanyu flew into a rage and snorted heavily.

“Then let’s not delay, we’ll go find it now.”

As soon as Chi finished speaking, the three of them transformed into streaks of light and disappeared in the sky like three light Dragons of different colors.

The dozens of powerful auras in the distance were the other true spirits, and they immediately rushed toward the three of them.

Luanyu looked at their disappearing figures, and her expression instantly turned cold.

Yuan was still cursing, ‘these three brothers’ brains are really filled with poison, they’re completely confused! Father, let’s go after them. We can’t fall behind and give them the chance.’”

Luanyu said, “no rush.” “They outnumber us, so they have a higher chance of finding Yunxiao. Let them go first. Let’s go find the rest of the truesouls for our own use and expand our strength. This is the best plan.”

Yuan froze for a moment, then nodded. “Good! Everything is in the hands of father!”

The few true spirits that had been collected with great difficulty had been killed by the Qi-strength of the crowd in the battle just now. Only three were left, and they were all injured.

The few of them identified their direction and headed in the opposite direction of Chi and the others.

Not long after Yunxiao and the others escaped, they found that luanyu did not pursue them, so they stopped.

this land of ten thousand spirits seems to be the ancient dragon Realm,” Yunxiao said. I don’t know why it has turned into what it is now. I’m afraid there’s an extremely powerful true spirit inside. We should try our best not to get into conflict with them. We should focus on capturing the true spirit and excavating the corpse.”

“That’s right, the best plan is to make as few enemies as possible and strengthen ourselves. I just don’t know where the prisoner and the crocodile went.”

according to young master Yu’s deduction, ” Yunxiao said, ” it’s most likely in this land of ten thousand spirits. I don’t know what happened, but I can’t sense the crocodile at all. Could it have been scattered by the prison?”

Qu Hongyan said, ” Qiu has a lack of spiritual intelligence. As long as the crocodile doesn’t do anything to anger him, he won’t attack. He won’t be so cruel.

let’s look for it slowly. Yunxiao nodded. as long as we’re in the land of ten thousand spirits, we’ll definitely find some clues.

The few of them continued to explore the surroundings and soon found another corpse, half hidden in the forest.

There are a few extremely powerful auras approaching!”

I sensed it too! Fei Ni was also shocked. it seems like it’s a mythical creation realm expert!

The rest of the people were shocked. Beiming Nan frowned and said, ” “Where did so many creation realm experts come from? During the demon-sealing war, there were only a few of them even with the entire world’s strength.” Staring into the distance, feini chanted, “I can sense it. It’s an extremely powerful Dragon Qi.” In the ancient times, true spirits dominated the world and were many times stronger than the human race a hundred thousand years ago!”

“Then should we hide or fight?” asked beimang Nan.

Yunxiao quickly calculated in his mind and made up his mind. “Let’s not hide or fight for now and see who’s coming. After all, there are very few Blessed Realm elites in the world, and every single one of them is worthy of our respect. If there are any conflicts, it would be best to resolve them as soon as possible.”

Beiming Nan nodded, "yes!" If we can use these people, even if another demon master comes, we'll have the power to resist!" When he thought of this, his eyes immediately lit up.

don't think too much, " Yunxiao said with a wry smile. If I'm not wrong, these few creation realm experts should be sent by Yuri to kill us. Moreover, all those in the creation realm are the overlords of the world. In an era where there were no world Kings, they ruled the world. Even if they don't make things difficult for us, they won't be easily used by us."

"That's not necessarily the case," said Beiming Nan. The rise and fall of the world was everyone's responsibility. 100,000 years ago, the human race was not United. The Kings of the four regions did their own things, and the world was in chaos. It was only when the enemy invaded that they United to resist the humiliation."

I hope so, " Yunxiao sighed. but I'm not as optimistic as you.

While they were talking, three powerful Dragon lights came and took shape in front of Yunxiao and the others.

Three extremely powerful killing auras pressed forward, almost materializing into something solid. They intertwined in the air and locked onto the few of them."

as expected, " Yunxiao said gloomily. they really don't come with good intentions.

His burning gaze swept across like the scorching sun, as if it would burn one's eyes if they looked into it.

However, only Jing Qi's expression changed drastically. He couldn't help but take a few steps back, as if he had suffered internal injuries from the touch. The rest of the people were calm and composed, their eyes as calm as water.

Chapter 2220: accepting the challenge

Although Chi's gaze was sharp, there was a hint of shock in the depths of his eyes. However, it was only a flash. He said coldly, " Who is li Yunxiao? "

Yunxiao slapped his forehead gloomily and said with a wry smile, "Am I that famous? Even the truesouls of the ancient era know my name."

So, you're li Yunxiao!

Chi shouted angrily. The six eyes of the three people fell on him at the same time, as if they wanted to directly cut him open and see through him.

"You were the one who scattered my third brother's soul?!" Mang said coldly.

Yunxiao was slightly surprised, as if he had guessed the identity of these people. He could not help but feel a headache coming on, knowing that things would not end well. 'Who's your third brother?' he asked, feigning surprise.

'Damn it!'

"My third brother is the Son of the Dragon, prison!" Chi shouted angrily.

The expressions of feini and the others changed. Although they had their own guesses, they were only able to confirm it now.

I see," Yunxiao cupped his fists and said, "so, you are Lord Qiu's younger brothers. So, you three are also sons of the Dragon?" It was one of the top-ranked true spirits of the ancient era."

"Stop flattering me!" Blaze shouted angrily. Tell me directly, was my third brother's soul scattered by you? As long as you answer yes or no, don't say any other nonsense!"

"No," Yunxiao said after thinking for a moment.

"What?"

Chi and the other two men were taken aback, because they had already determined that Yunxiao was the murderer. Moreover, with his status and dignity as a powerful expert, he would never lie. Therefore, they were only waiting for him to admit it before they took him away.

But, Yunxiao's answer stunned the three.

At this moment, the true spirits that had followed them had also swarmed over. In an instant, dozens of powerful true spirits had surrounded the group, their killing intent soaring.

Blaze said coldly, "my third brother's soul wasn't scattered by you guys?" Or are you as cowardly as mice, lying without dignity in order to live?"

Yunxiao stammered a few times and waved his hands up and down, as if he could not understand what he was saying.

Chi shouted, "are you still a man?" If you have something to say, then say it clearly, what are you hesitating for!"

Yunxiao exhaled a long breath and said resentfully, " "Didn't you tell me to stop talking nonsense and only answer yes or no? I can't say anything now, and now you want me to say something? do you Dragons change your attitude so easily?"

"Shut up!" Jing shouted impatiently. If you didn't harm my third brother, then who did?"

Yunxiao wagged his finger and said, " these are a few questions. Don't lump them together. First of all, the one who harmed your third brother was luanyu, not us. Secondly, it was only one of us who scattered your third brother's soul, not all of us. That's why you asked me if we were the ones who destroyed your third brother's soul. You didn't want me to explain it clearly, so I could only answer No. '

"Dammit! As expected, it's you! You have a glib tongue, yet you still want to escape punishment?"

The three dragons were all furious, and their bodies were burning with boundless anger. The powerful Dragon Qi seemed to condense into a barrier, pressing down from the sky.

The surrounding true spirits were so frightened that they trembled, but in an instant, they burst out with a powerful force and locked on to Yunxiao and the others.

Yunxiao reached out his hand and said, " wait! We only scattered your third brother's soul, the one who really harmed him was luanyu. If it wasn't for luanyu's sneak attack and injuring your third brother, we wouldn't have had the chance to succeed."

"Thank you for telling me," mang said coldly. We'll find trouble with luanyu in a while. We'll kill you guys first, then send him to you!" please don't, " Yunxiao said gloomily. we don't want to see him.

"It's not up to you!" Ray shouted. He waved his hand and shouted,"kill! Tear these people to pieces!"

"Hold on!"

are you not afraid that luanyu will be watching us from the side and waiting to reap the benefits? " Yunxiao cried out again.

"You dared to scatter my third brother's soul? are you that afraid of death?" mang Jie laughed.

it's not that I'm afraid of death, " Yunxiao said. to be honest, even if you three are in the fate realm, it's really difficult for you to kill me. I'm just reminding you, since luanyu even harmed Qiu, and you have a good relationship with Qiu, I'm afraid that he's also your enemy?"

He immediately pointed out the relationship and sneered, " "If we exhaust each other and let luanyu benefit from it, you won't be able to escape your doom, right?"

Chi and the other two glanced at each other and were indeed a little worried.

Without Fei Ni, they were confident that they could easily kill Yunxiao and the others. However, feini had the body of a Heavenly Phoenix and was also in the creation realm. His abilities were not weaker than the three of them.

Yunxiao was the master of the divine realm tablet, and all the others, except Jing Qi, were not easy to deal with.

“I’ll stall the heavenly Phoenix first,” Jing suddenly said. “You guys kill Yunxiao and the others as soon as possible, and then come help me kill the heavenly Phoenix.”

A cold glint flashed in Chi and mang’s eyes as they replied at the same time, “Alright!”

“Be careful! Yunxiao’s face changed drastically. Be careful! The few of them all took a step back and went into their own defensive positions.”

Yunxiao took out the divine realm tablet and put Jing Qi into it. He didn’t ask the others to come out to help because the enemy was too strong. Even if there were a few more Masters from the returning to truth realm and the divine sovereign justice realm, they wouldn’t be of much use.

Only feini, qu Hongyan, Xiao Hong and beiming Nan were left. The five of them were almost huddled together, vigilantly guarding their surroundings.

“Why don’t you release the true spirits? I’ll try to make them fight,” feini whispered.

Yunxiao shook his head and said, “They are only under your pressure. Once they are released, I’m afraid they will betray you on the spot with the three Dragon sons here. It’s better not to summon them.”

Feini thought about it and agreed, so she did not say anything more.

“Of these three Dragon sons, feini, you hold one of them, and I’ll hold the other,” Yunxiao said. “I’ll leave the rest to you three.”

“What about these real spirits?” qu Hongyan asked with a serious expression.

“In an environment where we’re fighting with a creation realm expert, other than the few true spirits of the void extreme divine realm who can enter the battlefield, the rest can only be cannon fodder,” beiming Nan said indifferently.

“I understand,” qu Hongyan nodded.

“I’m not asking for victory,” Yunxiao said. “I only want to stall them in this battle. That luanyu was most likely in the dark, and if these three people couldn’t fight for a long time, they would naturally have concerns. If you have misgivings, you will naturally be in a mess.”

“Understood,” the few of them replied simultaneously.

“Hmph, have you decided on how to die?”

Blaze sneered and waved his hand. The true spirits in the surroundings immediately retreated and spread out for thousands of feet.

He also understood that in a battle between creation realm experts, these true spirits were most likely just cannon fodder. Just like luanyu’s subordinates from before, they were directly defeated by the shockwaves from the battle between feini and Shi long.

“The true dragon is the leader of all spirits, while the heavenly Phoenix is known as the king of all birds, and is ranked second on the ten thousand spirit roll since ancient times. Today, my Jing will have a good experience.”

Ting Long walked Oilt with a cold expression and walked toward Fei Ni as if no

one was around. With every step he took, the aura on his body increased a little, and his body kept transforming into a Dragon.

Fei Ni smiled and turned into a Phoenix light as she flew into the sky. She chuckled, " "Since you know that I'm the king of birds and ranked second, then what's your ranking, minion? how dare you challenge my authority!"

"Hmph!"

Jing Long grunted. Although the nine sons of the dragon were famous, they couldn't even enter the top ten on the ten thousand spirit roll.

of course! Jing sneered. that would have to be the complete form of the celestial Phoenix. You've only obtained a fraction of the celestial Phoenix's power, and you dare to speak so arrogantly! I'll tear your Phoenix Feathers apart today!"

A Dragon's Roar shook the heavens and earth. It turned into a water dragon and circled in the air before chasing after the Phoenix shadow.

When the true spirits in the distance heard the Dragon's Roar, they trembled under the pressure of the heavenly Phoenix and couldn't help but retreat further away.

Yunxiao and the others looked up at the sky with solemn faces. Water and fire were chasing and killing each other in the sky. The powerful fire and water dual elemental powers came down along with the fluctuations of the Dragon essence and Phoenix light, stirring the hearts of the people.

Chi said in a deep voice, "that Heavenly Phoenix really has some skills. She can even fight with fifth brother in the Dragon field. I'm afraid it's difficult to determine the winner in a short time." Let's quickly kill these people and then help fifth brother deal with the celestial Phoenix! "

As soon as he said that, the blaze and the light each turned into a dragon light and rushed toward Yunxiao and the others.

I'll deal with this fire Dragon! Yunxiao jumped up and shouted. He raised his hand, and his entire right arm turned into purple lightning. He clenched it into a fist and struck out, " Vajra fist!

“BOOM!”

The air was directly struck by the purple lightning, and a powerful light burst out, turning half of the sky purple!

“What?”

Chi was startled and suddenly appeared from the light shadow. He was forced to take a few steps back by the purple Thunder, his face full of shock. the Brahma Zifu world destroying divine Thunder?! This is impossible!”

Blaze’s figure flickered, and a fiery light burst out. His face of disbelief turned ferocious, and he also punched down with a roar! “Fire Fist, explosive embarrassing dance!”

“BOOM!”

The huge flame rushed into the purple light and exploded with great power. The flames that filled the sky devoured the purple light and then continued to burn toward Yunxiao without losing momentum.

“Hmph!”

Hmph! Yunxiao grunted and cried out, “ the water element of heaven and earth!

As he made a hand seal, water gathered and formed a barrier in front of him, blocking the flames.

However, in an instant, an earth-shattering force came down. Under the pressure of the water-element external blazing hand, it broke through the barrier with a bang.

Yunxiao’s body transformed into a shield to block the scorching black flames while he leaped backward.

The two rays of light were almost glued together, teleporting ten thousand feet away.

“It’s only void extreme, it’s just a futile resistance!”

Blaze punched out hundreds of times in a row. The entire sky was covered in a sea of fire. The huge fire Wave swept the two of them in.

Unhurriedly, Yunxiao transformed into his three-headed and six-armed form and fought calmly, his body covered in the shadows of his golden arms.

With every strike, he retreated a bit, dispersing the palm Power of the blazing hand. After fighting alone for hundreds of moves, although he was at a disadvantage, he did not show any signs of defeat.

“How did this happen?”

As ray watched the fierce battle between the two, his face was filled with shock.

There was a whole realm difference between the two of them, and it was the gap between the creation realm and the void realm, which could not be made up for by other factors. The outcome should have been decided in an instant..
