

## The Eternal 2221

### Chapter 2221-stalemate

'Although Li Yunxiao doesn't have the power of creation, he's invincible in the void realm,' Beiming Nan said. Ordinary creation realm experts can't do anything to him."

you're invincible?" Mang gritted his teeth and said, "invincible in void tier?" Tsk!"

Beiming Nan looked at him indifferently and said, "Although it's extremely difficult for us to win, it's almost impossible for you to win as well. Let alone Feini and Li Yunxiao, it won't be easy for you to win even if it's the three of us."

"Arrogant!" Mang rebuked. You really think too highly of yourself. I'll send you to the West first, then kill those two!"

After being reminded by Beifeng Nan, he finally realized that the more he couldn't defeat his two brothers, the faster he had to end the battle.

Over a hundred specks of light lit up on Ray's body, flowing out of his body like fireflies and dancing in the air.

"Firefly flies!"

Under the illumination of the fluorescent light, Mang's face became cold and solemn. He extended his index finger and pointed it over.

Those fireflies immediately followed and flew towards the three of them. "This move is very similar to Feini's fire butterfly."

Qu Hongyan's face was solemn. She held the purple firmament sword in front of her, creating a sword sound and forming a barrier.

it's all by controlling the power of the elements," said Beimang. It can transform into thousands of forms. This move is extremely dangerous. He raised his hand, and his entire arm turned green with a faint layer of light.

"Hmph, so what if he's at the manifestation stage? The three of us will join forces to kill him, then we'll go kill the other two!"

Xiao Hong's expression turned cold as the heart Flame burst forth from its body, transforming into a huge colorless Fire Lotus that bloomed beneath its feet.

"Kill!"

Fire Lotus! Xiao Hong shouted, and the fire Lotus immediately turned into a sky full of fireflies, somewhat similar to Mang's light sound heaven.

"What?"

Mang was shocked. Although Xiao Hong's power was far inferior to his, the quality of the ice fiend Heart Flame was far superior to his light sound heaven.

Qu Hongyan's sword momentum also rose, and the earth fiend condensed, a cold light shining on her green robe.

Beifeng Nan also threw out a punch, shattering the void in an instant. A terrifying tearing force pressed forward, making a loud "swish" sound.

"BOOM!"

Several forces mixed together and tore at each other, devouring the four people who were hundreds of feet away. A large amount of light turned into many fireflies and shot out in all directions.

The dozens of true spirits brought by the three Dragon children retreated again and again. They had already retreated to a distance of 30000 meters, but they still couldn't help but tremble when they felt the power coming from the battlefield, except for a few void extreme existences.

Under the collision with mang's light sound heaven, beifeng Nan and the other two were all hit by the impact, and each of them was pushed back several thousand feet, the salty taste of blood surging up from their throats.

Xiao Hong's eyes were filled with shock as she muttered to herself, "Is this the power of a creation realm expert?"

Beiming Nan took a deep breath and said in a deep voice, "Everyone be careful, we can handle it!"

Qu Hongyan also nodded seriously. She made a hand seal with one hand and held a sword with the other, staring at mang vigilantly.

Mang's expression was extremely gloomy, and at the same time, he was extremely shocked. Three warriors of the ultimate void realm were able to withstand one of his attacks, and they were only slightly injured.

"No matter how many mayflies there are, they can't shake a tree! No matter how many mantises there are, they can't stop the wheels of a carriage!" light sound heaven! mang roared in anger, and the light on his body instantly burst out. It resonated with the power of the Dragon Realm and instantly transformed into a domain that flew over. light sound heaven!

Beiming Nan's expression changed, and he shouted, "Not good! Don't resist

His body swayed, and he turned around to leave. The other two women felt the power of this move and were also shocked. They immediately retreated with bei Xiaonan, but the three of them were in different directions.

“Boom boom boom!”

A large area of the void was shaken, and the day turned into a pale green, giving off an unreal feeling.

Yunxiao, who was fighting Chi, was a little anxious, and his hands were thrown into a mess. Chi seized the opportunity and gave him a furious palm strike, which shook Yunxiao’s qi and blood and sent him flying thousands of feet away.

However, Chi didn’t take the opportunity to attack. Instead, he said in a cold voice, “You still have the time to be distracted while fighting with this Lord?”

Yunxiao’s qi and blood were in chaos, and he could not help but cough hard. Blood trickled out of the corner of his mouth, and he said with a smile,

“Again!”

Originally, he had only wanted to delay his opponent, but after fighting for more than 1000 moves, he discovered that those in the Blessed Realm were not as strong as he had thought. The more he fought, the more courageous he became. The hot blood in his body was also constantly boiling under the scorching Dragon flames.

Yunxiao raised his right index finger and stared at it.

A dense sword Qi rose from his dantian. Under the control of his spirit energy, it slowly flowed through his Zhongfu, Yunmen, and other acupoints, through the Taiyin lung meridian, and finally overflowed from his fingertips.

“Swish!”

A white sword Qi slashed out, and the hot air was instantly torn apart.

Blaze’s pupils shrank. He coldly struck out with his five fingers like a claw.

In his opinion, Yunxiao's attack was a challenge to his dignity as a powerful man. He was so angry that his face turned blue.

"Bang!"

The sword Qi was annihilated by his Dragon Claw with a bang.

However, Chi's brows were slightly furrowed as he retracted his hand. He

looked at his palm in surprise. When the sword Qi exploded, it had actually left hundreds of fine sword patterns on his palm.

"What's going on? My dragon body can't be injured by ten thousand swords.

How can such a tiny sword Qi leave a mark?"

Blaze was shocked. Although those sword patterns were small and insignificant, they were real.

In just an instant, those hundreds of scars automatically healed.

The flaming general clenched his fists tightly, and his eyes shone with a fierce light as he looked straight at Yunxiao and said in a cold voice, "It seems like you still have a trump card!"

This was the first time Yunxiao had used the sword energy of master Sundering. After all, the sword was too terrifying to be controlled. He had only extracted a little of the sword light from it and turned it into his own sword energy.

Even so, when the sword Qi flowed through the lung meridian of hand Taiyin, he still felt a splitting pain.

I can't call it a trump card," Yunxiao said with a smile. I just want to try a few new moves.

hehe, try a new trick. Your words really make me want to step on your face and rub it against you ruthlessly!

Chi's face turned from blue to purple, as if Yunxiao's words were a great humiliation to him.

"Fire Fist, bursting flames!"

The light and shadow flickered, and then Chi's figure suddenly appeared in front of Yunxiao and threw a punch.

The fist wind was like a meteorite, and everything within a radius of several thousand feet fell into the sea of fire. The world turned into a furnace! "The idea is beautiful, but the reality is cruel!"

Yunxiao grinned hideously as he clenched his right hand in front of him. A wave of sword energy condensed in his palm, then turned into a faint light and slashed out!

"Thousand-fold peak!"

With a flash of white light, the true dragon Sword will shot out and struck the furnace. With a boom, the furnace was split in half!

"What?"

Chi turned pale with fright as he stared at Yunxiao's right hand in horror. As the sword light slashed down, it disappeared without a trace, as if it had never existed.

A sense of uneasiness welled up in his heart, as if he had seen through Yunxiao's heart, and there seemed to be something that terrified him.

could it be the divine realm tablet?!

Blaze's heart jerked as he immediately recalled the identity of this person in front of him. It must be the power of a heavenly Saint tool!"

After the sword strike, Yunxiao did not feel good either. All day long, he felt as if all the meridians in his arm had been destroyed, and the pain was heart-wrenching!

In a hurry, he retreated a few thousand feet, and his right arm drooped down.

"Too impulsive! He knew that the sword Qi couldn't be used, but he still forced himself to use it!"

Yunxiao blamed himself, and a look of worry flashed in the depths of his eyes. His entire right arm was almost numb, and he was afraid that it would not recover in a short time.

His state of mind calmed down in an instant. Only then did he remember his mission. He only needed to delay Chi. He didn't need to determine the winner.

If he tried to win by force and ended up with both of them being injured, he would be in real danger.

This was because the three people in front of him weren't terrifying. Although they were powerful, they had the dignity of the strong and their bottom line.

This could be seen from how Chi didn't take the opportunity to launch a sneak attack when he was distracted.

The truly terrifying one was Yuri, who was hiding in the dark. He was an existence who had no bottom line when doing things!

At the thought of this, Yunxiao became unusually calm, and he completely gave up the idea of using whoever was in charge of his own ups and downs.

Chi's face was equally gloomy, especially when he saw that Jing and mang were also in a stalemate with their opponents. Although mang had a slight upper hand, those three humans were not easy to deal with. They could not be taken down in a short time.

what?" Yunxiao chuckled. are you worried now? "

He observed Chi's expression and immediately saw Chi's worry. He said, "He's probably worried that luanyu will hide at the side and spy on us. If we fight until both of us are injured, I'm afraid that no one will be able to escape from his vicious hands."

"Hmph! Don't think too highly of yourself!"

"After killing you, dealing with luanyu won't be a problem!" Blaze coldly said.

'In that case, why don't you make a move?' Yunxiao said with a playful smile. Continue fighting!"

Blaze's head was on fire, but after all, he was a true spirit that had existed for over a million years and wasn't a muddled person. He gritted his teeth and said, "What exactly is going on between my third brother and you, and also Zhiyu? Tell me the details!"

Yunxiao was overjoyed, knowing that his opponent was no longer in the mood to fight. "If you want to know the whole situation, tell your two brothers to stop first."

Chi's expression turned gloomy for a while before he raised his head and spat out a series of obscure dragon language, which seemed to be some kind of signal.

As expected, Jing and mang separated from the battle a moment later and turned into two rays of light that landed beside blaze.

"Fourth brother, what's going on?"

what's wrong?" mang asked in a deep voice as he glanced at Yunxiao with a sharp gaze, looking extremely unwilling.

Blaze spoke in the Dragon language, " these people have extraordinary strength. I'm afraid we won't be able to fight them in a short period of time. If we kill them and both sides are injured, I'm afraid that luanyu will be lurking in the surroundings and reap the benefits without doing anything.

The two of them subconsciously used their spiritual sense to scan their surroundings, but they didn't find anything unusual.

However, Yuri's magical powers were great. After all, he was once the leader of ten thousand spirits. They were also affected by other powers and felt a little apprehensive.

Chapter 2222: 2221-Zhuo kun

"Fourth brother, you're right," Jing replied in dragon language. That Heavenly Phoenix is indeed powerful, and its strength is on par with mine. If the battle dragged on, my chances of winning were higher. After all, this was the Dragon field. But I'm afraid it'll take several days, and I'll have to suffer 800 injuries." this li Yunxiao is the owner of a heavenly Saint artifact, " blaze said. although he doesn't have the strength of a creation realm expert, he can fight me with the divine power of the divine realm tablet. It'll be difficult for him to win.

A hint of annoyance flashed across mang Chunlan's eyes. "It's all my fault for being useless! I can't even take down three ordinary void realm Warriors.

Otherwise, I would have been able to help my two brothers and win this battle!"

Blaze sighed,"you don't have to blame yourself. Those three void realm Warriors are not easy to deal with." If I'm not wrong, the flame on one of them should be the devil realm's ice fiend Heart Flame. As for the man, he had a void light realm body and a seven Illusion Green damask of the five major poisons of extinction. The sword-wielding woman's sword intent was also godlike.

None of them are weak."

Mang said, "so fourth brother means that ran ran is not fighting anymore?" Then what about third brother's revenge?"

"Third brother's Chou Qianqian"

Blaze retracted his hand and stared at his palm. He slowly clenched his fist and the hot air burst out beside him. His eyes were sharp as he said, "We must definitely take revenge for third brother! But we can't fall for luanyu's schemes. Luanyu, big brother, and sixth brother, the combined strength of the three of them is not weaker than us, but they didn't go up and instead lured us over. I'm afraid he wants us to fight until both sides suffer, and then he can benefit from it. '

Jing and mang were both shocked. After thinking about it carefully, they immediately felt that this possibility was very high.

we lost luanyu and the others after we chased after li Yunxiao, " Jing Ning said. we found no trace of them. If they truly wanted to take revenge for third brother, they would have joined forces with us and killed these humans. It seems that they don't really want to take revenge for third brother."

"Hmph, revenge?"

Chi sneered and said coldly, "Didn't you hear what li Yunxiao said? The one who really harmed third brother is luanyu. Although I don't know the details, I really believe his words."

"Then what do we do now?"

Chi said, "first ask third brother about the ins and outs of the matter, then make a decision." We have to take revenge for third brother, but we can't fall into Zhiyu's trap."

"Yes, I'll listen to fourth brother!"

Jing and mang immediately responded. The three of them conversed in dragon language, so outsiders could not understand what they were saying.

Even though Yunxiao knew a few simple pronunciations in the Dragon language, he could not understand what they were saying at all. But, judging from their faces, he could guess what they were talking about.

After the three brothers finished their conversation, Chi turned his head and locked his eyes on Yunxiao as he asked, "What happened to my third brother? Li Yunxiao, tell me all the details, without any omission or lie.

Under the gaze of the three pairs of dragon eyes, they firmly believed that Yunxiao would never lie.

Yunxiao did not bother to hide anything, so he told her everything that had happened in the forest of the sea for more than two hours without hiding anything.

When the three of them heard this, their anger soared to the sky, and their eyes were about to crack!

As the merman's anger erupted, the entire land of ten thousand spirits seemed to be shaking, and a group of true spirits flew up in the distance.

Chi's eyes were red and there was a burning fire in his eyes. He roared, "Luanyu! You damn thing! No matter where you hide, us three brothers will definitely kill you!"

Chi's angry roar made Jing's heart ache. His face was so dark that it was almost dripping with water. He glared at Feini and gritted his teeth. "Heavenly Phoenix, you should also die!" damn it! Mang's pretty face was ferocious as she said angrily, "it's not just the two of them! Li Yunxiao should die too! At this moment, you're actually still thinking of taking third brother's body!"

Looking at the three Angry Men with cold eyes, Yunxiao chuckled and said, "Please calm your anger, I no longer exist. What was in his body at the moment was only a wisp of consciousness. It was almost impossible to return to its original state. Who wouldn't want to spy on a Dharmakaya-level body? And then there's hehe."

His eyes turned cold and he said coldly, "if I don't kill the prisoner, he will kill me!" Could it be that I should just wait for death? No matter who wants my life, I'll kill them until their bones are crushed! The only reason why I left behind

Qiu's avatar was because it was valuable!"

Chi's heart was burning with anger but his eyes turned cold, "Well said. Peeking at third brother's avatar is not wrong in itself. However, you can't escape the death penalty!"

Yunxiao ignored their threats and sneered, "The three of you can't kill us, and you can't kill Luanyu either. To be honest, I don't have any deep hatred with Luanyu. Joining forces with Luanyu to kill the three of you might be a good choice."

"You dare!"

The three of them were shocked when they heard this, and their bodies stopped moving. Shock and anger appeared on their faces, and their fists were slightly trembling.

But, the three of them were not fools. After they calmed down a little, they immediately understood what Yunxiao meant.

Chi was the first to withdraw his aura, but his eyes did not relax. He said coldly, "You want us to let you go?"

Yunxiao laughed and said, "I don't think it's called letting go, right? If he had to address her that way, he would just treat it as letting her go. Letting us go is the same as letting yourself go. Because in the end, if we were to fight to the death, it's hard to say who would let the other go."

"From the previous story, it seems that you and Luanyu also have a deep grudge, it's impossible for you to join hands." Chi vigilantly guessed.

"What a joke!"

I have a grudge with Luanyu," Yunxiao sneered. "It's just a grudge from a few fights. It's not necessary. And your goal is to take our lives. In comparison, can't you tell which is more important? With Luanyu's

schemes and deep planning, how could he not understand such a simple matter like who he should ally with to kill who?"

The three of them understood this in their hearts, but as the sons of the true dragon, they were famous existences in the ancient times. With just a few words, they were suppressed by a human, as if they were unwilling to accept this.

Chi's vertical pupils contracted slightly and he said in a cold voice, "Then you mean you want us to join forces with you to kill Luanyu?"

Yunxiao spread his hands and sneered, "That will depend on your choice."

"Where is my third brother's corporeal body now?" asked Chi.

"I don't know,"

Yunxiao shook his head slightly. according to our calculations, it should be in this land of ten thousand spirits. It's just that we haven't found it yet.

The three brothers' faces changed slightly, all revealing shocked expressions.

third brother! mang exclaimed in shock. third brother is in the land of ten thousand spirits? "That's impossible! Why can't we sense anything?" Chi and Jing suddenly exclaimed at the same time, "could it be Wufu?" Mang's body trembled. realm pit?! he exclaimed in shock.

As soon as these two words came out, the three people's faces were ashen, becoming abnormally unsightly.

what's a realm pit? "Yunxiao asked in a hurry. what's a realm pit? "

Seeing that the three of them were silent, he couldn't help but feel a little angry. He raised his voice and said, "There's also a friend of mine beside me, may I ask what a realm pit is? Where is it?"

Chi looked at him coldly and sneered, "If your friend has really entered the realm pit, then you can go back and set up a memorial tablet for him." "Even a creation realm expert would not dare to enter that place," Jing said. Yunxiao's heart sank as he said, "What is that place?"

Suddenly, an unfamiliar voice rang out. It was as if the person was conversing with them, and it calmly rang in their ears.

"A realm pit? Tsk tsk, I haven't heard this word for a long time. I didn't expect that there would be a realm pit in the land of ten thousand spirits. So the death of Wan Ling was also related to this, right?"

As the voice fell, a faint shadow appeared several feet away and turned into a figure.

Yunxiao and all the others were so shocked that they took a few steps back.

With the strength of their divine senses, although they had been a little careless, it was not to the extent that an expert had only noticed them after getting so close.

"Who are you?"

blaze roared, his fists blazing with flames and his killing intent soaring.

Jing and mang were also on guard. They circulated their Dragon Qi, ready to attack at any time.

Yunxiao's eyelids twitched as he cried out in surprise, "demon race?!"

The man in front of him was Zhuo kun, whom he had met once in the tiandang mountains. However, Yunxiao and the others were busy killing demons at that time, so he did not have a deep impression of him. But in a daze, he seemed to remember.

"You can call me a demon, a monster, or a human," Zhuo kun smiled faintly.

That's not important."

Beifeng Nan's pupils contracted slightly, revealing a suspicious expression. He seemed to have a familiar feeling towards Zhuo kun, but he couldn't put his finger on it.

"How can the devil clansmen walk here as if nothing has happened?" blaze said coldly.

It was only then that Yunxiao discovered that Zhuo kun looked a little too relaxed, as if he was not suppressed by the realm at all.

"There's no need to discuss who I am," Zhuo kun laughed."This has nothing to do with you." I'm just very curious about what happened in the true dragon Dragon Realm back then. The fall of ten thousand spirits should be related to that world sinkhole, right?"

Chi and the others furrowed their brows and coldly looked at Zhuo kun. They didn't reply. Who Do You Think You Are? " mang sneered. you asked us, and we have to answer? "

"Oh? Looks like you guys aren't honest, hehe."

Zhuo kun laughed. He had a harmless expression on his face. Moreover, he was quite handsome.

Yunxiao had a strong sense of uneasiness in his heart, and he was certain that it came from Zhuo kun, but he could not tell why.

Zhuo kun's gaze also shifted over, sizing him and Xiao Hong up. He even gave them a friendly nod and smile.

Suddenly, Xiao Hong cried out in shock, " Devil essence! He had Emperor demonic essence! I understand now, he was the one who killed di Jia!"

As soon as he said that, Yunxiao and the others were all shocked, except for the three Dragon Brothers. A powerful aura burst out from their bodies.

Yunxiao put two fingers together, and purple lightning wrapped around them to protect his front.

Chapter 2223 -identity exposed

Xiao Hong also formed an incantation gesture with her hands, each of her hands forming a Lotus. She stared at Zhuo kun with extreme caution, her eyes flashing with fear.

Before di Jia's death, she had never thought that she might die. After all, as long as the devil essence was not destroyed, in theory, it could last forever. However, di Jia's death had given her a great blow. His wariness of Zhuo kun surpassed everyone else's.

Beifeng Nan and qu Hongyan also launched their own attacks, confronting each other in the air. The atmosphere became extremely tense.

Zhuo kun narrowed his eyes and smiled. "Little girl, don't be afraid. I don't have any ill intentions."

"So you have good intentions?" Xiao Hong bit her lips and asked coldly.

"Haha, interesting."

"Well, I guess it's a good intention," replied Zhuo kun with a smile. During the demon-sealing war, the demon monarch was shattered into pieces. It's time for him to recover."

"Recover?"

the recovery you're talking about," Yunxiao sneered. do you mean the recovery in your body? "

Zhuo kun didn't deny it in the slightest and said with a smile, " you're indeed worthy of being the master of the divine realm tablet. That's right. Only then will we be able to recreate the power of the demon Lord Emperor."

“Devil Lord!”

Chi and the other two were also shocked. Chi said, “Could it be that another demon master has been born in recent years?”

Zhuo kun glanced at him and said with a smile, “Lord Dragon son is living a very comfortable life in the Dragon field.” 100,000 years ago, the demon master descended upon the realm of heavenly martial arts and almost destroyed it. In the end, they were killed by the Joint Forces of many experts of the realm of heavenly martial arts and suppressed separately.”

“So that’s how it is,” blaze said.

“Could it be that Lord Dragon son has also met the demon master before?” Zhuo kun asked in surprise.

Chi pondered for a moment before saying, “the so-called Devil Master isn’t just a single person, but a Saint Devil that controls a six paths demonic weapon.” In the long history of the demon Realm, there is of course not only that ‘Emperor’ you all speak of. Just like the realm King of this realm, it had appeared for many generations. A million years ago, there were demon masters as well.” Everyone was shocked. Even Zhuo kun was interested.

“Could it be that the fall of ten thousand spirits and the world pit in the Dragon field were the work of the demon Lord?” Zhuo kun asked.

“Hmph,” he snorted.

Blaze sneered and said, “although the devil Master is powerful, we don’t have to be afraid of them in this era where true spirits dominate the world.” He can’t kill ten thousand spirits and create a realm pit.”

Zhuo kun’s expression changed greatly as he said in shock, “could it be that a Suan ni has appeared in this world?”

Blaze’s eyes darkened as if there were flames jumping in his eyes. He stared at him coldly.

Jing Hemang's expression was also a little ugly, as if he had recalled some unbearable past, and his lips turned pale.

Zhuo kun suddenly laughed and said, "hahaha, very good, very good! In that case, the fall of ten thousand spirits, including luanyu's sorry state for the past million years, are also related to this person?"

Chi and the others didn't say anything, as if they were silently agreeing.

"Where's that person now?" Zhuo kun asked.

"I don't know the details, I'm afraid only luanyu knows," said blaze.

"Not bad, not bad."

Zhuo kun chuckled and said, "it seems that the harvest from this trip to the realm of heavenly martial arts is far greater than I expected." Let me first collect my Emperor demonic essence, then I'll go find luanyu to catch up."

Yunxiao and the others' faces changed instantly, and their auras burst out, ready to attack at any moment. However, Zhuo kun was still calm and composed, as if he was unaffected by this. He had a transcendent self-confidence.

"You know luanyu?" Chi Jing asked.

"I've met him a few times," Zhuo kun said with a smile. But speaking of which, he is indeed a senior figure in the realm of heavenly martial arts, and the secrets he knows are unparalleled."

After that, he raised his hand, turned his index finger, and pointed it at Yunxiao. let's start with you, divine realm tablet master.

start f \* cking your sister, right?!

Yunxiao cursed angrily and suddenly attacked first, shouting, "Kill!"

Although he didn't know Zhuo kun's true strength, from the way he spoke, as well as his understanding of the heavenly martial realm's secrets, he could tell that Zhuo kun wasn't a simple person.

Furthermore, the other party was completely unaffected by the realm Power's suppression and had a look of confidence. One could tell that this matter would definitely not be let go.

Beifeng Nan and the others had the same thoughts, and they were ready to go. So, at the same time Yunxiao burst out, he attacked.

"Bang!"

Yunxiao transformed into a bolt of lightning and teleported in front of Zhuo kun. A purple Thunderbolt condensed in his palm and struck Zhuo kun's arm, sending out thousands of purple beams as thin as hair that scattered in all directions.

"What?"

Yunxiao was so shocked that his eyes almost popped out. Although there were many people who could block the purple lightning, the opponent did not rely on his strength advantage, but was not afraid of the purple lightning at all. When it hit his arm, he was not injured at all!

Even the three Dragon children were shocked by this scene, and they revealed looks of disbelief!

"What?" Zhuo kun laughed, "do you find it unbelievable?" The world was vast, the universe was vast, and nothing was inconceivable. It's just that your knowledge and experience have not reached that level."

He turned his arm and grabbed at Yunxiao's wrist with a backhand, his fingers like hooks. Half of Yunxiao's body had turned into Thunder, and his opponent's five fingers were clearly visible in the purple lightning.

Yunxiao's heart trembled slightly. What shocked him the most was that he could not break free from Zhuo kun's grasp.

The attacks of the other four also followed, all of them earth-shattering. However, Zhuo kun's lips curled into a sneer as he ignored this. He appeared to be extremely confident in his own strength.

"BOOM!" "

Beifeng Nan's attack was the first to arrive, his palm striking down. Zhuo kun casually stretched out his hand and spread his fingers. A world light appeared around his body.

The punch that was mixed with the green Poison and the illusory light hit the barrier and made a large number of " Puchi " sounds, but it could not shake the barrier at all!

After that, the moves of Fei Ni, qu Hongyan, and Xiao Hong also fell one after another, shaking the light of the boundary barrier, turning it into a dark gold color and making a dull explosion sound. It was unstable, but it could not be broken!

"What?"

The scene not only shocked Yunxiao and the others, but even the three Dragon sons were shocked and confused.

Beiming Nan's face suddenly contorted, and his eyes widened as he stared at

Zhuo kun. "You're Lord Zhuo kun?"

His voice was filled with extreme shock, causing the pitch of his voice to change. It became sharp and pierced through the sky!

Yunxiao and the others all frowned. The name 'Zhuo kun' was too unfamiliar to them, but since Beiming Nan knew him, he was most likely a figure who had lived for a hundred thousand years.

"Aiyo, I've finally been recognized."

"I also have some impression of you," Zhuo kun said with a faint smile. "You're a subordinate of the king of the northern region, Chu mudu, right?"

When Yunxiao heard that, he was even more certain that the man in front of him must be a powerful man from a hundred thousand years ago. However, the four domain monarchs had all appeared, and he had never heard of a man called Zhuo kun.

Beiming Nan could not hide the shock in his heart, and his face twitched. Yunxiao had never seen him lose his composure like this.

"Lord Zhuo kun, it's really Yingluo, Yingluo!"

Beifeng Nan still couldn't believe it, but his respectful expression and tone showed that he had already confirmed it.

"Since you've already recognized me, do you still want to be my enemy?" Zhuo kun nodded.

Beifeng Nan's face was full of bitterness as he shook his head slightly, "Why?"

Why did you join the devil?"

Zhuo kun laughed as if he had heard a funny joke. "Why won't I join the devil? They could obtain greater power and a longer lifespan. What's wrong with the demon race? Why do you have to be a human?"

"But Yingluo"

“The demon race and US are irreconcilable!” Beimang Nan said, looking fierce but weak inside. Since the ancient times, the two worlds have been at war with countless casualties. By doing this, are you not letting down the countless heroic spirits who have been sacrificed in the demonic war?

“What a joke. What do those heroic spirits have to do with me?”

Zhuo kun sneered, “everyone in the world comes for profit, and everyone in the world goes for profit.” Who didn’t live for their own selfish desires? who didn’t pursue and even kill and sacrifice others? The demons were like this, and so were the humans. There was no right or wrong in this world, only strength. The strong were right and the weak were wrong. What a joke, you’ve lived for a hundred thousand years. Don’t you understand this simple logic?”

“I understand!” Beiming Nan gritted his teeth and said angrily. But understanding it didn’t mean that he had to agree or yield! Even if you’re like countless of our ancestors, insignificant like dust after death, you must fight for your beliefs!”

“That’s right. You have your beliefs and I have mine.” You and I are both fighting for our beliefs, what right and wrong, what’s the point of talking?”

he clenched his fingers, and the dark golden barrier was pulled apart. A vast and mighty force descended, and everyone felt an immense pressure. It was as if he was no longer looking at a person, but the universe!

“BOOM!”

The dark gold light broke apart and scattered in all directions. Yunxiao and the other five were sent flying, and they kept retreating in the air to relieve the pressure on their bodies. He only stopped after he was several thousand feet away.

Among them, qu Hongyan’s strength was the lowest. With one blow, she was injured and blood flowed down the corner of her mouth.

what?” Yunxiao was shocked. how can there be such a powerful force?! Sir, who is this person?”

The three sons of the Dragon were also shocked, retreating far away and looking on vigilantly. He was afraid that he would be affected. Moreover, the three of them were very experienced and knowledgeable. A word had already flashed through their minds, but they could not believe it and could not accept it.

he's the Lord of the earth realm, one of the four world Kings in the first demon-sealing war, Lord Zhuo kun! beifeng Nan's face was full of bitterness.

As soon as this identity was revealed, everyone was so shocked that they gasped. A chill ran down his spine, and even his Dao heart was shaken.

The Son of the Dragon and the other two also turned pale. They had already guessed that this person was a Jie King, but they were unwilling to admit it. Now that beiming Nan had exposed his identity, they had no more doubts.

"Let's go!" Chi immediately made a decision and shouted.

A Jie King was already at the peak of a Jie. There was no chance of winning. Unless they were all existences at the great circle of creation, they could still fight with the number of people.

It was a pity that these people were only at the initial level of the creation realm and were far from the consummate level!

Chapter 2224 The tablet spirit

The three Dragon children instantly turned into dragon light and were about to break through the sky.

"Aiyo, you're pretty sharp."

"You guys haven't answered my question yet," said Zhuo kun with a smile. "Stay here for now." After I'm done with them, you guys can bring me to the realm pit. Besides, I just came back from the demonic realm. There are some violent, cruel, and brainless creatures there, and I don't like them. I'll take you three as my servants."

As soon as he finished speaking, a golden light shot out from Zhuo kun's hand. It transformed into a barrier of light that descended from the sky and enveloped the three Dragon lights.

Countless golden runes appeared on the light shield, and an ancient tree could be vaguely seen standing between heaven and earth. The tree was surrounded by Golden Wheel shadows, and the gears were devouring each other as if they were the wheels of fate.

Golden Wheel of the Magic Tree!!

Yunxiao recognized the Saint artifact at once. After all, he had tried to refine it, but it was difficult to succeed.

When Zhuo kun used it, it was a completely different concept from when it was in his hands. Previously, it was like a flickering candle flame, but now, it was like the sun and moon.

"You also killed Sir bei Jinghong?" beiming Nan's face turned ugly.

"Well, it doesn't really matter if we kill him or not." Zhuo kun nodded. "He's just a pawn, after all, and won't affect the big picture. However, this tree's Golden Wheel is very good. If you want to blame someone, you can only blame yourself for being greedy."

"Although Sir bei Jinghong is a little selfish and extreme, he was still a comrade-in-arms who fought against the demons back then!" It's enough that you snatched his profound armament, why take his life!"

Zhuo kun looked at him as if he was looking at an idiot. He sneered, "How can you be so childish? If it was bei Jinghong, he would still kill me. I'm really suspicious of how you've managed to survive until now with that IQ of yours!"

Beiming Nan's face was white as he turned to Yunxiao, his lips moving slightly as he sent a voice transmission, "I'll stall him, you run!"

Yunxiao's face flickered as he replied, "You must be joking!"

Now is not the time to be impulsive," Beifeng Nan said anxiously. This man is a World King. No one can stop him. Only by returning to Yanwu could he resist them with the strength of the entire city! If you were to die here, it would be an irreparable loss to the entire human race, or even the entire world!"

In the face of a great crisis, Yunxiao's face grew calm as he said, "Are you done? After you're done, think about how to deal with the enemy."

"You coward!"

Beiming Nan was anxious and even a little angry, "As the leader of the heavenly martial Alliance and the

Commander-in-Chief of the world, how can you be so willful?!

You're right," Yunxiao said. Over the years, I've not been willful enough, so I've been very unhappy. I've decided to be willful again."

Bei Xiaonan, "hehe."

"Hahaha, interesting. What an interesting person."

Zhuo Kun suddenly laughed. He had actually managed to catch the two's voice transmissions. Both Yunxiao and Beiming Nan's faces changed.

Zhuo Kun laughed. Although not all the Masters of the Divine Realm Tablet will eventually become King of the Universe, they are all outstanding talents of the present age. Each of them has their own personality. You're not bad yourself."

You flatter me," Yunxiao said. You too.

Under the World of the magical tree's Golden Wheel, the three Dragon sons were all shocked and furious. "You and I have no grudges, why do you have to make a great enemy!" He roared. If we help li Yunxiao at this moment, I'm afraid you won't have an easy time, even if you're a World King!"

"That's true, but the problem is that you can't get out," said Zhuo kun with a smile. After I've dealt with the master of the divine realm tablet, I'll deal with you guys. Won't it be fine then?"

The three of them were instantly speechless. Jing angrily rebuked, even if it's a Saint artifact, it's too arrogant to think that it can suppress the three of us!

Jing raised his hand, and a ray of water light appeared. It turned into a boundless sharp light and shot out of the shadow of the swaying tree.

The watery light was like a curtain, emitting a light green Dragon Realm. Before it could touch the enchantment of the Magic Tree, it was blocked by a mass of black light.

The space within the barrier trembled a few times and then calmed down as if nothing had happened.

However, there was one more graceful figure standing in the air.

Under that cold face, his equally cold eyes looked at the three of them coldly.

"Demon race!"

"Demon Lord!"

Chi and Jing exclaimed at the same time as they looked at the black-robed woman in horror. She was Yuan, one of the eight demon tribes.

The faces of Yunxiao and the others changed drastically, but they soon quieted down. Now that the world King had come out, it wasn't strange for a Demon Lord to appear as well. It wouldn't be able to shake their minds.

Moreover, Zhuo kun's battle against the three Dragon children was beneficial to them.

Yuan slowly raised her head, revealing a cold and elegant face, and said, "These three Sacred Beasts are right. You shouldn't be fighting on both sides at the same time,"

"If I was alone, I would've certainly split them up and attacked them," Zhuo kun said with a smile. But don't I still have you now?"

Richard snorted softly and did not respond, as if it had silently agreed with his words.

Zhuo kun continued, "there won't be any suppression from the heavenly martial realm's realm within this tree's Golden Wheel." With your strength and the ancient swaying tree, it shouldn't be a problem for you to hold back these three true spirits."

The referee nodded and waved his sleeve, " You can continue with your work."

The three Dragon children were furious. With a gloomy face, they said coldly, "Ignorant! You're too arrogant!" Boundless anger burned from his body, and he immediately turned into a fiery fist and punched.

Jing and mang also attacked at the same time. Two Dragon lights wrapped around the two sides of the fire Fist. Story updated at (no.ve[l\_ne'xt.co m]

Yuan raised her hand, and a black spear condensed above her palm. In an instant, it transformed into hundreds of spear shadows. Chi Chi " sounds rang out continuously as they rapidly stabbed down!

"BOOM!"

Chi's expression changed as his fiery fist was pierced by the hundred Spears. He hurriedly retreated to avoid the attack of the spear shadow.

Jing and mang also flashed with dragon light and dodged under the rain of attacks.

Yunxiao was secretly shocked. He knew very well how strong the three Dragon sons were, but even when they joined forces, they seemed to be suppressed by Yuan. One could see how powerful the demon was when he was not suppressed by the realm power!

"Master of divine realm tablet, it's your opportunity to get the devil essence, but it's also your destiny. Although I admire you, I really have no choice."

"You're a smart man, so you should understand that it's impossible to escape," Zhuo kun smiled. Putting up a stubborn resistance will only make you more embarrassed and laughable."

'If it's funny, then let it be, Yunxiao said. It's too tiring to live, so it's good to relax a little."

"Oh? Do you want to turn yourself into a joke to please everyone?"

Although Zhuo kun was smiling, his eyes began to turn cold, aren't you embarrassing the master of the divine realm tablet?"

Oh? " Yunxiao laughed in surprise. is the master of the divine realm tablet so important in your eyes? " To be honest, I've had this thing for a long time, but I haven't seen it make me any more awesome.

Moreover, the Masters of the divine realm tablet had hung many of them. Aren't you being a little too superficial?"

"Hahaha."

Zhuo kun suddenly laughed and playfully said, Do you know why you can't exert the power of the divine realm tablet?"

Yunxiao's heart skipped a beat as he blurted out, " Monument spirit?"

"It seems like you're not completely ignorant after all." Zhuo kun nodded.

"Do you know where the monument spirit is?" Yunxiao's heart raced.

"Where? Hehe, it seems that what you know is very limited. As expected, bei Jinghong has been keeping it a secret. Is he afraid that you will enter the realm of regional King?"

"It's actually not a big secret." Zhuo kun laughed, "I'll tell you since you want to know." The monument spirit is far away, but it's right in front of us!"

"What?"

What? " Yunxiao was taken aback. are you the monument spirit?!

Zhuo kun, "bi an."

"Idiot!" Zhuo kun angrily rebuked. How did you become the master of the divine realm tablet with such an IQ? Had the realm of heavenly martial arts declined to such a state? The so-called tablet spirit is actually you!"

Yunxiao's face flickered, and he suddenly had the feeling of being enlightened. Recalling what mo PU had said about the six paths demonic weapon, he immediately understood.

At that moment, the divine realm tablet in his body also seemed to sense it and emitted a slight trembling sound. The frequency was very harmonious, as if it was going to merge with him.

Yunxiao was horrified. He carefully felt the divine realm tablet with his divine sense. It was warm, vast, and a divine power seemed to be guiding him to emit a deep melody.

Zhuo kun looked at his dazed expression and thought that he had been shocked by his own words. He sneered, "Every world has its own life, even if they don't have free will like us, they still operate according to a certain pattern. And it would never allow the existence of a power that transcended this

law. As for the heavenly Saint artifact, it was formed from the laws of a world, and it represented the heavenly Dao of that world. Therefore, the people in the inner realm could never truly control the divine realm tablet and could only be controlled by it. That is to say, the person who possesses the divine realm tablet can only be fully recognized by the tablet by transforming into the tablet's realm spirit and unleash its full power!"

Yunxiao was indeed very shocked. "Then how can one become a tablet spirit?"

"You're also a sorcerer God, aren't you?" Zhuo kun suddenly laughed. "How do you think I can become an Artifact Spirit?"

Yunxiao trembled and cried out, "Impossible! In order to become an Artifact Spirit, one had to destroy their physical body and use the artifact as a host to achieve the goal of unity. However, didn't the demon Lord Monarch also have a physical body in the past? Even the realm King had a physical body, right?"

He wasn't too sure. He looked to the South of beixi, hoping to get some confirmation.

Bei Xiaonan nodded his head, confirming his words. But at the same time, beifeng Nan was also suspicious. Zhuo kun would never lie to them, because there was no reason for it. Moreover, such an expert would not even bother to lie.

"That's right, the realm King does have a physical body. But is his body his true body?"

"It's just that your mortal eyes can't see through it," Zhuo kun laughed. As for the six paths demonic weapon hehe hehe, it's because the demons don't have a physical body to begin with!"

Yunxiao's face flickered as he remembered that the cause of the devil race was the condensation of demonic Qi into devilish fiends. Then, the demonic spirits would devour each other and continue to grow. They would indeed have no physical body.

//There's another update later, maybe after 1 o'clock.

## Chapter 2225: higher realm

Zhuo kun replied, “the members of the demon race only start to need a Suan ni after they reach the demon Lord Rank. It could attach itself to the rainbow stone. The rainbow stone was just an outsider. To the Demon King, the rainbow body is just a host body, and the six paths demon weapon is his true home!”

then, in order to get the six paths demonic weapon, you’re willing to give up your body. Yunxiao sneered. that’s a great courage.

Zhuo kun’s eyes flickered with a trace of reminiscence as he sighed, “I can’t say courage. Who asked me to have my physical body destroyed in the demon-sealing war and fall into the demon world? Speaking of which, in the beginning, he was forced to cultivate the demonic path. Now that I’ve discovered the true flavor, I’m enjoying it.”

Yunxiao was taken aback, and his ill will toward Zhuo kun was greatly reduced. It turned out that the other party was forced to do so, and had made great achievements in the battle of the past.

Zhuo kun sneered at him, “You’re the one who’s looking at yourself. I’ve long since left the ‘stand’ level. It’s all for the sake of pursuing a higher realm. That’s my goal. What does the matter of the two realms have to do with me? If the heavenly martial realm is destroyed, then so be it. If the devil realm is destroyed, then so be it.”

He spoke leisurely and indifferently, as if he was a hermit who was detached from the world, his heart untainted by a single speck of dust.

Hmph! Yunxiao snorted coldly. is this the so-called higher realm you’re talking about? ” Then what was the use of begging for it? Also, what did he mean by ‘a higher realm’? Aren’t you a World King?” His heart moved slightly as if he had caught some information, but he found it hard to believe.

“Hehe, World King? What is the realm King?”

Zhuo kun's eyes glinted as he stared at him and asked with a sneer.

he is the peak of this realm," Yunxiao said thoughtfully. that's why he is called the 'realm King'. Just like the devil King of the devil World, he is the master of a world."

"Then, who is stronger, the world King or the devil Lord?" asked Zhuo kun.

because the level of the devil realm is higher than that of the heavenly martial realm," Yunxiao said. so, the peak of the devil realm is stronger than the peak of the heavenly martial realm,

I see. Zhuo kun nodded with a smile. since we're all world Kings, there's a difference in strength. Is it strange that I'm pursuing a higher realm? ' Yunxiao was taken aback, not knowing how to ask the question.

"Then is the realm King the highest point of the divine Dao?" Fei Ni suddenly asked.

"You're really a silly girl," said Zhuo kun with a smile. Back then, the celestial Phoenix was also a World King. If she was the highest, how could she have fallen?"

Yunxiao immediately understood something, and an uncontrollable shock surged in his heart. "The realm King is not the highest. At least, the realm King realm in the realm of heavenly martial arts was not the highest, because there were demon masters who were stronger than him. In that case, are demon masters the strongest?"

"You're the one who's enlightened," Zhuo kun nodded. There were thousands of worlds and boundless universes. Was there no third world other than the heavenly martial realm and the devil realm? What about the fourth and fifth?"

Yunxiao clenched his fists. Zhuo kun's words seemed to have opened up a whole new world in his heart.

Since there was still a third world, a Fourth World, or even an infinite number of worlds, then the world King realm was definitely not the strongest, and the demon master was also not the strongest. They would continue to level up as the level of the world increased.

“The weakest among you is at the void tier, while the strongest is at the creation tier. Then, he must have studied the Maha ancient scriptures, right? Back then, when the Maha ancient scripture had just appeared in the world, it was shattered by the world destroying divine Thunder of the Brahma purple mansion. Then, could ancient God Maha’s power only be at the world King realm?”

The few of them were shocked. They had never thought about this before.

Especially Yunxiao. In the battle with Ai, Ai had refined the rules of all things, but it had been bound by the chains of laws. Heaven and earth would not tolerate whoever he created.

There must be a power that surpassed the realm King. ancient God Maha had definitely surpassed this realm!

“There’s one more thing,” Zhuo kun continued. “I wonder if you’ve ever thought about it. During the early stages of the demon-sealing war, the realm King and I both entered the demon Realm.”

“What?”

“Why haven’t I heard of this before?” beiming Nan was shocked.

Zhuo kun shot him a disdainful look and sneered, “Who Do You Think You Are? Don’t tell me that I have to explain to you when I go to the devil realm?”

Beifeng Nan chuckled and didn’t take it seriously. He only asked, “What happened after that?”

“I came back not long after.” Zhuo kun replied. It was too dangerous to be suppressed by the power of the demon world. If the realm King and I were to fall, then there would be no need for the demon-sealing war 100000 years ago. When the demon Lord came to the realm of heaven martial arts, the

realm King, Yan Shen, Lin, and I all thought of the same question. Why was the demon Lord Monarch not suppressed by the realm power?

“This bi an ...” why?” Yunxiao asked subconsciously.

He pondered in his heart. This matter was indeed strange. The suppression of the realm power was stronger when it met a stronger opponent, so when the crack appeared, only some low-level demons could come out.

If a Demon Lord or above forced their way in, they would be crushed into ashes if they were not careful. The demon didn't even dare to show himself. Back then, no matter how strong the demon master was, once he was suppressed by the world power and had four world Kings working together, he would have to kneel down no matter how strong he was.

Beiming Nan said seriously, 'could it be that demon masters are not suppressed by the realm power? But how is that possible?'

Zhuo kun's face revealed a desolate expression, as if he had returned to a hundred thousand years ago. He sighed, 'It's not that a demon master is not suppressed by the realm power, but that the Emperor himself is not suppressed by it. Because he has already transcended the 'World King realm'!'

“What? Transcendent realm King? What kind of existence is that?”

Yunxiao was greatly shocked, and so were the others.

“I've discussed the strength of the world King realm with the others before, and we've also thought that this realm is the end of the divine Dao. The difference between the strong and the weak was due to the difference in the level of world force. There were also some other opportunities. However, it was only when the demon Lord Emperor appeared that we knew we were wrong. Because the power of a monarch has already surpassed the 'World King realm' and reached a whole new level, he can travel through the thousand worlds at will without any restrictions.” casually passing through the world.

Yunxiao and the others were a little dumbfounded. Although they knew that the demon Lord was powerful, they had never dreamed that he was so powerful that it was ethereal.

"If the Emperor hadn't sought his own death back then and split into two, I'm afraid the heavenly martial arts realm would have already ceased to exist," Zhuo kun said, his eyes flashing with fear.

There was silence all around. Everyone was shocked by his words and didn't know what to say.

Only the various lights and shadows within the Magic Tree's Golden Wheel flickered, and Yuan was still fighting intensely with the three Dragon children.

Zhuo kun broke the silence with a smile, "So what does the matter between the two realms have to do with me? My goal has long been to gain the power to travel through a thousand worlds and become a World King."

why? " Yunxiao suddenly asked. since the demon Lord has already reached that level, why did he still invade the heavenly martial realm? " The gap between the two worlds was huge, and the level of the world power was low. What was the point of invading? A person like him should have left a world and directly travelled through the universe, right?"

"I've been puzzled by this question for a long time," Zhuo kun nodded. It wasn't until I stayed in the devil realm for tens of thousands of years and recovered a lot of my power that I slowly understood. There are some secrets involved in this matter, and I'm still searching for answers to this day, so I won't tell you." what is it?!

what? " Yunxiao was surprised. if you can find the key, you may be able to resolve the crisis or the heavenly martial realm, and even completely stop the war between the two realms that has lasted for countless years! Then you'll be the number one person in all of history!"

"Haha, the number one person in all of history? Tsk!"

"I'm not interested in this number one expert of the ancient times." Zhuo kun sneered disdainfully. The reason why I'm investigating this matter is because it concerns my future. Why is the demon Lord so insistent on this matter?

perhaps you'll know after I absorb the two of you."

in that case," Yunxiao sneered, "as long as I absorb you, I can also learn a lot of things.

"Hahaha."

Zhuo kun couldn't help but burst into laughter. "Now this is what the master of the divine realm tablet should be like. Do you know why I'm telling you so much?"

yes," Yunxiao said. they want to enlighten the younger generation and broaden our horizons.

"You can understand it that way," Zhuo kun said. Because I'm about to absorb all of your devil essence, I don't know if you'll be able to survive. So, I'll treat it as giving you a little sweetness before you die. There's an old saying that goes, "hearing the Dao in the morning, you can die in the evening." "even so," Yunxiao said. you'll have to wait until tonight to kill us, right?"

"I've been waiting for a hundred thousand years. I can't wait any longer," Zhuo kun laughed. He stretched out his hand and pointed at Yunxiao, his eyes shining with a cold light of determination and a greedy killing intent.

Under the intense gaze of the killing intent, Yunxiao could not help but take a few steps back to keep himself at a safe distance from the man. Then, he suddenly said, "Are you really a World King now?"

Zhuo kun stared blankly for a moment before a strange expression flitted across his face. "Why do you ask?"

you lost your physical body back then," Yunxiao said. your cultivation base must have fallen. Even if he switched to a Demonic Cultivation technique in the future, it would be almost impossible for him to become a Holy demon, right? How could a person who had switched to cultivating mo skills in the middle reach a realm that even tens of thousands of geniuses in the mo world could not reach? Besides, if you've already become a Holy demon, there's no need for you to steal our Emperor demonic essence."

"Smart."

Zhuo kun sneered. However, his sneer was extremely cold. I'm only a demon Supreme now, but I'm a demon Supreme that's one step ahead of a Holy demon. Moreover, I was born in the realm of heavenly martial arts, so I'm not suppressed by the realm power. Therefore, my current strength is not much weaker than it was in the past. You're right, it's not that easy to become a Holy demon. Moreover, I lost my physical body back then, and was suppressed and destroyed by the power of the demon Realm. How could it be so easy to cultivate back? But even so, I still managed to get to where I am today.. And now, I'm going to step over your dead bodies and take one more step forward into the Holy demon!"

Chapter 2226: fighting Zhuo kun

climbing by stepping on other people's bones is an evil way," Yunxiao said with a sneer. how far can you go? "

"I've said it before," Zhuo kun said."You're all too focused on your appearances. To me, there's no path of good or evil, only my path.

As soon as the word "Dao" fell, a layer of black light appeared around Zhuo kun and fused with his body. The sharp aura spread out like fireworks.

A circle of black light appeared behind Zhuo kun's back, and a giant spirit slowly stood up.

"True fiend dharma body! "

Both Yunxiao and Xiao Hong were taken aback. When they saw this move from someone other than the demon master's clone, they felt a sense of discomfort in addition to the strangeness and shock. It was like finding out that someone else had his own secret stash.

The corner of Zhuo kun's mouth curved into an arc as he sneered, "Star-parting fist!"

The giant true devil raised its hand, and more than a dozen millstone-sized vortexes appeared around its fist. Black light flickered within, and massive amounts of energy madly surged in, constantly being compressed.

“BOOM!”

As the punch landed, the entire space shook. More than ten streams of light shot out from the vortexes and flew down with the wind from the fist. It was as if the stars had shattered and thousands of raindrops were falling!

since you're not a regional King, there's nothing to be afraid of. It's just a slightly stronger fortune!

Yunxiao gave a loud cry, and his body flickered with lightning as it gradually turned purple.

The lightning spell changed at the tip of his finger. A bolt of lightning turned into a Dragon Shadow and circled. A light barrier appeared wherever it passed.

“All of you, hide!”

Yunxiao shouted again and pushed his hands to the left and right. The purple dragon rolled up and remained still in the sky. Beiming Nan and the other three men instantly flew to Yunxiao's side. A purple barrier came down, protecting everyone.

“BOOM!”

“BOOM!”

“BOOM!”

The star-shattering power struck the purple lightning barrier one after another, creating purple ripples of light. The entire enchantment was changing unpredictably. Light and shadow floated up and down as if it was going to break at any time.

“Oh? An innate lightning body?”

Zhuo kun coldly sneered and pushed forward with his hands. The true devil giant spirit did the same, and its several-mu large palm pressed down from the sky, blocking all the light as if the sky was collapsing.

“Flying!”

Qu Hongyan exclaimed. Even within the barrier, one could still feel the pressure that penetrated the purple lightning.

The barrier’s light seemed to explode, and countless purple glows turned into hair-thin lightning bolts. From the outside, their bodies seemed to be in a trance.

‘I’m fine! Yunxiao shouted. ‘I’m fine! I can take it!’”

As soon as he finished speaking, the big hand pressed down directly on the purple light!

“BOOM!”

The light shattered like a ball, and purple lightning exploded as if it had been squashed flat. Even more lightning transformed into sharp swords that pierced through the large hand.

“BOOM!”

The earth trembled non-stop as a terrifying power that could topple mountains and overturn the seas tore the power of the Dragon Realm into pieces. The heavens collapsed and the earth caved in as the earth split apart for a thousand miles!

“What?”

Zhuo kun suddenly raised his head, and a black dot of light suddenly grew in size. It was Xiao Hong’s shadow, but its entire body was covered in demonic patterns. In her right hand, she held a ball of black light.

The black light swallowed and spat out a terrifying aura, revealing a sharp edge.

The chirping of thousands of birds could be heard from the palm as Xiao Hong pulled out the AMO wheel treasure. The 12 fortune wheels spun rapidly, turning into shadows that spread out.

Xiao Hong's eyes were pitch-black, and they exuded a bone-chilling coldness. The AMO wheel treasure was raised up high. Instantly, the twelve wheels of fortune were like twelve layers of barriers, completely separating the sky.

“Slash!”

The demonic armament slashed down, and the sword shadow instantly expanded a hundred times. It was as if an iron tower had toppled over, directly pressing down.

Before the terrifying power could completely land on the ground, the Dragon Realm was shattered into pieces. Thousands of cracks appeared on the ground, and the area within tens of thousands of feet collapsed with a loud boom!

Shatter the heavens!

Zhuo kun's expression was grave as he watched the earth-shattering scene. His face was expressionless, and he did not take half a step back because of the immense power.

After the ground beneath his feet shattered, his body was not affected in the slightest. With a change of hand seals, he transformed into a true fiend Dharma idol with three heads and six arms!

The Dharma form was ferocious on all three sides and formed six strange hand seals. A solemn and divine aura was born.

“BOOM!”

The Dharmakaya giant Spirit in the Sky suddenly opened its eyes and put its hands together. He actually grabbed at the AMO Lun Bao!

“BOOM!”

The giant Spirit’s hands held the mo weapon in its palms. A terrifying vibration came, and the sky became blurry. His hands trembled violently, and his body was constantly surging with demonic light, as if he was about to collapse at any moment.

But in the end, he still managed to suppress the power of the demonic armament!

Xiao Hong’s expression changed drastically, and her demonic eyes were filled with fear!

Although he had expected that the other party would be able to receive this move, he had never expected that he would receive it empty-handed!

Zhuo kun chuckled and licked his lips. His eyes lit up as he said, “The amok wheel? Hehehe!”

“What?”

Just as he was greedily about to take the mo weapon, a powerful presence suddenly came from the back of his head as if it was going to pierce through him!

Behind him, the Dharma idol suddenly looked up and saw Yunxiao standing there, blocking the sunlight and holding a long-handled battle axe with one hand.

The battleaxe had the face of a beast, with its mouth wide open and its eyes embedded with Jade.

As soon as it appeared, the whole world began to feel suppressed. Thunder kept rumbling, like lightning.

“Die!” break! Yunxiao cried out as Alay’s abstruse spear thrust down from the sky.

The endless space shattered layer by layer, turning into circles of smoke and clouds that scattered. The black light on the mo weapon was like a cone, and the tip of the cone instantly pressed down on Zhuo kun!

Zhuo kun's expression finally changed. He didn't dare to take the attack head-on, and his hand formed an incantation gesture. A "boom" came from his palm. With a "clang", he pulled out Aghan's bone Cleaver and slashed at it!

"Bang!"

The crisp sound of profound level weapons hitting each other rang out, shaking up boundless demonic light. The world suddenly fell into darkness, like a black hole, devouring the two of them.

Even the whirling world of the magical tree's Golden Wheel was swallowed by the black light. It could not be seen clearly or clearly.

In the whirling world, Yuan and the three Dragon children all turned pale with fright as they looked out of the world in shock.

In a world as dark as ink, a red bean-like light suddenly appeared.

That bean light suddenly increased to the size of a fist, and with a "PU" sound, it transformed into a Firebird, its form continuously growing. In an instant, as if it had been a hundred years, it turned into a Phoenix of fire and cried out!

The cry of the phoenix pierced through heaven and earth, penetrating the whirling world of the magical tree's Golden Wheel and piercing into the ears of the four.

The Phoenix descended thousands of feet and turned into the figure of feini.

She formed a seal with her hands and covered the completely lightless world!

"Phoenix dancing in the nine Heavens!"

A Phoenix's cry could be heard from the seal, as if a living Phoenix Flame had been released. Under the flickering light and shadow, Zhuo kun's figure was revealed, standing motionless in the darkness.

Yunxiao and Xiao Hong's figures also appeared under the Phoenix light, and time seemed to have stopped.

Only when the Phoenix light had fallen did Zhuo kun's body move. One of the Dharma forms raised its head and its eyes shot out a sharp light. It put its hands together and formed a seal, forming a ball of faint fire that seemed to devour everything!

The fire was not afraid of the Phoenix light at all and swallowed it up. It was like a snake that had been hiding in the depths of the darkness and had not seen the sun and moon for countless years.

“BOOM!”

The two types of fire attribute powers collided, and the flames immediately dispelled a large area of darkness. The figures of the few people flickered in the light for a moment before disappearing again.

The sky had just been pitch-black, but now it was so bright that it made people blind. The two completely different lights scattered in all directions, and the entire land of ten thousand spirits was alarmed.

The true spirits that were slumbering in the surroundings had all turned into ashes. There were also many that had been slumbering for hundreds of thousands of years and had never woken up. The rest of them were shaken awake and looked over in horror. None of them dared to come closer.

Several tens of thousands of li away from the battle, luanyu and the others were also alarmed. They all stared in shock, revealing an expression of disbelief.

The true spirits behind them all felt the power fluctuations and let out low cries, their bodies trembling uncontrollably.

A few true spirits in human form also turned pale. They were afraid of the power and worshipped it.

Yuanlong was shocked, "father, this is a Suan ni."

Luanyu nodded and said, "it's the fluctuation of devil essence." They should have already made a move, and it wasn't a shallow one."

He looked into the distance thoughtfully and nodded slightly. However, his heart was filled with shock and fear. Because the power was far beyond his current strength. Had Yunxiao improved to such an extent again?

Thinking about it, he couldn't help but shiver.

Luanyu hurriedly expelled this kind of terror from her heart and mind. Otherwise, it would become a lingering nightmare.

Yuan looked worried. "Isn't this force a little too powerful? Could it be that it's already impossible? impossible! It was impossible for him to be a World King! Father, I'm worried about the safety of my three brothers. I'm afraid they won't be able to handle it.

Luanyu glanced at him expressionlessly and scolded him for being brainless in his heart. He snorted coldly and said, "They can't handle it, but you can?"

"No, it's not."

Yuan's face turned red and he said awkwardly, "I can go and help my three brothers." If my brother and I can help, even if Yunxiao is a World King, he will most likely be able to withstand it. "

"Childish!"

Luanyu scolded without mercy, "what do you think the world King realm is?"

You think you can defeat the realm King with just five creation realm experts?"

Luanyu's face was filled with ridicule and sneer. He stared at him coldly and said, "The realm King is the master of a realm, an existence that has surpassed the divine realm. It's a completely different concept from fortune."

He explained in detail, "the path of cultivation starts from the beginning of the origin. It starts from the second division, the Third Division, the Fourth Division, The Fifth Element, the sixth Division, the seventh constellation, and the eighth desolation. It's the martial way when you cultivate the Emperor Qi of the nine Heavens and step into the Martial Emperor realm. After the martial Dao, the ten directions divine realm is the one that inherits the martial sovereign of the nine Heavens realm."

"From now on, I will refine Qi into power, and the Emperor Qi of the nine Heavens will be transformed into spiritual energy. The so-called return to truth, divine sovereign justice, ultimate void, and creation were just small realms in the ten directions divine realm. Rather than saying that he had gone through a hundred tribulations, stepped into the realm King realm, and received the Fortune ... It's better to say that the hundred tribulations realm King received the ten directions divine realm.. They're on two completely different levels! "

Chapter 2227: confrontation between demonic weapons

Yuan was stunned and fell into deep thought.

Luanyu continued, "as my sons, you were born in the ten directions divine realm. Your knowledge of crossing major realms is extremely shallow. This is also the mental barrier that prevents you from advancing. Your knowledge of the world King realm is far from enough. Out of the nine, the one who has the highest chance of becoming a realm King is your third brother, Qiu. It's a pity that he's too weak."

At the mention of Qiu, Yuan was enraged and roared, "Damn you, li Yunxiao! I'm going to kill him to avenge third brother!"

"Stop!"

Luanyu angrily rebuked, “aren’t you overestimating yourself?!” If you really want to take revenge and your three brothers can’t do it, then it’s useless for you to go! What we need to do now is to quietly watch and see how this battle will end. If Yunxiao has really stepped into the realm of regional King, we can only leave as soon as possible and go as far away as possible, so that we can take revenge in the future.” Seeing the change in Luanyu’s expression, Yuan could not help but be stunned for a moment. This time, he knew that he had misspoken and hurriedly knelt down to apologize, saying, “It’s my mistake, please Forgive me, Father!”

Luanyu’s eyes were filled with haze, which only dissipated after a while. He slowly said, “You’re right, what crime are you guilty of? get up.”

Yuan was nervous, and he stood up carefully.

Luanyu said, “it’s not just you. I’m afraid that all nine of my sons are yearning for the realm of regional King. They love, hate, and fear it, right?”

Yuan lowered his head and didn’t say anything. He seemed to have guessed what he was thinking and was a little shy.

Luanyu let out a long sigh and shook his head, “Everything in the world has its strengths and weaknesses. Everything is round and flawed. Nothing is perfect. Even the true dragon clan has a narrow weakness, and that is growth!”

“Indeed,” Yuan nodded. We’ve been immortal State Warriors since we were born, and it’s very difficult for us to increase our strength after we reach adulthood. ”

“It’s not just the nine of you, I’m the same as well,” Luanyu said. He gritted his teeth and said, “ why does a true dragon have to be at the realm of World King and can’t break free from the restraints of the world power to go further?!”

“Go up?”

Yuan’s heart skipped a beat and he said in shock, “What do you mean, father?”

Luanyu stared at the energy fluctuations coming from the distance for a long time before saying, "Originally, these words were treasonous and not tolerated by the realm. But even though father is a true dragon, how could the heavens and earth tolerate me all these years? They thought of every possible way to destroy me and even gave birth to a new true dragon! I've completely given up on this world. One day, I'll break through the shackles of heaven and earth and travel through the world at will, achieving an even higher realm!" a higher realm?!

what? " Yuan was shocked. is there someone stronger than the world King? "

Luanyu revealed a loving expression and nodded, " That's right. Back then, that person had broken through to the realm of the regional King, which was why he was able to reverse his father's power and defeat ten thousand spirits. In the countless years of history of the heavenly martial realm and the devil realm, there are scattered records that after transcending a realm, one can freely travel through the countless worlds in the great universe, and is known as the master of a thousand realms!"

"Qianqian, master of the thousand realms."

Yuan was shocked by luanyu's words, and his face was dull, as if he could not recover for a long time. He seemed to understand something and muttered to himself, " the martial sovereign of the nine Heavens, the Lord of the hundred tribulations realm, the Lord of the thousand realms, the Lord of the thousand realms, the Lord of the thousand realms, the Lord of the ten Realms, the Lord of the thousand realms, the Lord of the thousand realms, the Lord of the thousand realms, the Lord of the thousand realms.

He thought about the vast universe, the countless worlds, and how he could travel as he pleased. It wasn't bound by any world and could exist forever in the universe, almost undying and imperishable. He couldn't help but look forward to it, and his blood was boiling with excitement.

"Father! I also want to become the master of a thousand worlds!"

Yuan suddenly became excited. He was full of longing, and his eyes were shining.

"Hehe."

Luanyu smiled faintly and said, "this is something that every expert who has stepped into the world King realm yearns for. You're still far from it. Let's think of a way to enter the world King realm first."

Yuan nodded heavily and said, "father, I want to become a World King!" I hope father can give me some guidance!"

Luanyu smiled and said, "rest assured." Since ancient times, even those in the realm of regional Kings had different levels of strength. All the true dragons in the past generations were the best of the best. With the guidance of his father, it would be much easier for him to enter the realm of regional Kings. As long as you are obedient and do not go against my father's wishes, I will be able to send you to that realm sooner or later."

"Many thanks, father!"

Yuan was overjoyed and couldn't help but get excited.

Luanyu also looked at him lovingly, giving him an encouraging look.

Shi long didn't say a word, but his eyes lit up slightly. However, it disappeared in an instant, returning to the endless darkness.

Tens of thousands of miles away, the battle was so intense that the sky was falling and the earth was cracking. The Dragon Realm was spreading.

Seawater began to appear in an area of over a thousand kilometers, which was a sign that the land of ten thousand spirits was about to collapse.

Zhuo kun was not at a disadvantage in the battle of one against five, and his goal was to absorb Yunxiao and Xiao Hong's devil essence and seize their devil weapons.

That was why he showed mercy to the two of them, but to feini, qu Hongyan, and beiming Nan, he wanted to kill the three of them first!

Among them, qu Hongyan and beifeng Nan were the weaker ones, and qu Hongyan's body was far weaker than beifeng Nan's, so she was seriously injured in just a few moves. This disturbed Yunxiao's mind, and he hurriedly put her back into the divine realm tablet.

tsk, tsk. The Supreme Saint weapon of this world is just a sanctuary in your hands? '

Zhuo kun sneered and ridiculed Yunxiao, and without stopping, he slashed at Yunxiao's head.

The black light broke through the air and split the universe!

"Bang!"

Yunxiao grabbed the battleaxe with both hands and tried to block it, but he was knocked away by the terrifying force, and his arms were so numb that he could barely feel them.

Moreover, when the vast demonic light hit his body directly, even his illusory bones had countless cracks, which required a large amount of spiritual energy to repair.

"Impossible! Since they're both good fortune cultivators, the difference can't be this big!"

Feini was also injured and her face was covered in blood. Her body was burning. However, she knew that this was the Phoenix blood's self-healing ability. The more pain she felt, the stronger the effect.

"Ignorant, "

Zhuo kun sneered. He flipped his agama and slashed at feini. At the same time, his body flickered and disappeared from where he was.

"Swish!"

The sky split open and Fei Ni's heart trembled slightly. She did not want to take this move head on, lest she waste her Phoenix essence. Immediately, a flame flashed and he was about to escape.

However, the sky was suddenly torn apart and a true Devil's giant hand came down like a mountain, pressing down on Fei Ni. Once his escape technique was broken, there was no way to escape in the entire space.

Fei Ni was shocked and transformed again. Not only did he want to take the blade head-on, but he also wanted to take the true Devil's giant hand head-on.

Her face turned pale, and a Heavenly Phoenix Phantom appeared behind her, forming a domain. His hands quickly formed a seal, and thousands of flaming butterflies overflowed from his body.

“Huala”

Suddenly, the sound of chains could be heard and a few black rays of light shot through the air like lightning. They formed a cloud of stars around Fei Ni and protected him.

At the same time, the chains swirled upward and bound the true devil's hand tightly!

Yunxiao's figure emerged in the void, his face pale. He held the axe in one hand and the iron chain in the other, gritting his teeth.

The impact of the big hand was so strong that the iron chain clattered. Yunxiao's left palm was covered in blood, and the chain in the sky was covered in golden blood.

“BOOM!”

Handao's blade light broke through the nebula's defense and cut into the heavenly Phoenix domain. Fei Ni threw a few punches in succession. The

Phoenix light and the saber radiance collided, causing a shocking tremor.

At the same time, although the true demon's giant hand was bound by the chains, its momentum did not decrease and it directly hit the domain!

"BOOM!"

The Phoenix light exploded and Fei Ni's body was sent flying, blood splattering in the sky.

"Feini!"

Yunxiao roared, his eyes bulging. However, he was powerless. Under the suppression of such a powerful force, he was completely helpless!

A strong sense of unwillingness surged in his blood, making him extremely uncomfortable and depressed!

Suddenly, the sky was split open by a sharp light and the cries of thousands of birds could be heard. The power of twelve fortune wheels surged in the sky and intertwined with each other, tearing the void apart!

"Bang!"

A massive profound level weapon's light burst forth as Xiao Hong's sword slashed down from the sky. Zhuo kun used his saber to block it.

The power of the sword Qi continued to rise, and Xiao Hong's body almost turned transparent. It was clear that it was using all its strength to activate the power of the AMO wheel.

This was because she now understood that it was impossible for her to defeat Zhuo kun on her own. The only power that could kill him was the six paths demonic weapon!

As expected, Zhuo kun's expression suddenly changed. The power of the AMO wheel continued to rise, and it had already exceeded Xiao Hong's control. But it didn't stop increasing.

The agama in his hand also began to hum. A black glow appeared on the blade, and rings of sharp energy spread out to fight against the power of the AMO wheel!

Yunxiao glanced over and immediately understood Xiao Hong's thoughts!

"Since you like the six paths demonic weapon so much, I'll give them all to you. Take them all!"

Yunxiao raised his right hand, and the Alay Xuanzang transformed into a huge axe shadow in the sky, which then chopped down at Zhuo kun's head!

At the same time, he waved his left hand, and a 'ni fansha' spread out and turned into many nebulas.

"Three thousand worlds!"

A terrifying demonic light bloomed from Yunxiao's body, and the sky was immediately plunged into a vortex.

The power of the two mo weapons was activated to the best of his ability. The destructive power instantly went out of control and surged towards Zhuo kun!

"Young master Yun!"

Beifeng Nan cried out in horror, but his voice was instantly silenced. His body flickered with a faint light as he tried his best to resist the force of the demonic weapon, preventing himself from being sucked into it.

However, the virtual light became weaker and weaker. In the end, it was annihilated and the demonic light swallowed him.

Chapter 2228: return

A huge demonic light spread in the land of ten thousand spirits, tearing apart the Dragon field as if it was a dead branch. Everything within tens of thousands of miles was turned into nothingness.

Above the North Sea, a terrifying amount of sea water shot up into the sky, directly reaching the clouds. In an instant, the ocean within ten thousand miles was evaporated, leaving not a drop of water. It revealed a huge pit that extended for ten thousand miles.

At this moment, the land of ten thousand spirits had formed a ring shape, and in the center was a deep pit that reached the bottom of the sea, which was tens of thousands of miles wide.

Even Luanyu and the others suffered the impact. Although they easily blocked it, all of their expressions changed greatly.

“How can he be so strong? Could he really be a World King?”

Luanyu was so shocked that it was difficult for him to control himself. His expression changed several times before he shook his head and said, “No, that’s impossible! This was the power of the six paths demonic weapon, and it was by no means something Yunxiao could control. He must have been forced into a desperate situation and then used the power of the six paths demonic armament to die with his three unfilial sons.”

what?! Yuan cried out in shock, “ die together?! My three brothers are dead?”

Luanyu’s expression also flickered between clear and dark, and he said in a cold voice, “ He’s most likely dead.”

He had extremely complicated feelings in his heart. He only hoped that Yunxiao and his three unfilial sons would fight until both sides were injured, so that he could reap the benefits without doing anything. He did not want them to die together!

After all, Yunxiao still controlled the birthplace of the true dragon, and the Dragon essence in his three unfilial sons was what he wanted. Both of them had things that he was extremely eager to obtain. Could they have died just like that?

Luanyu was also in a daze and was unable to react.

you wretched heavens, you're really unscrupulous in order to kill me. You're even willing to give up on the master of the divine realm tablet so easily? "

After a long while, luanyu finally regained her senses. Her eyes widened as she looked at the vast sky. Her heart suddenly became confused.

Yuan took a long time to come back to his senses. He cried out and cried, " "My three brothers! You all died so miserably!"

Luanyu was upset by his crying and reprimanded, " "Alright! Don't cry! You're a creation realm expert, so how can you be crying like this?!"

Yuan's crying turned into a low whimper, and he gradually stopped after sobbing for a while.

Luanyu's face was gloomy as he said, " come with me to take a look. I've always had doubts in my heart. I don't believe that they would die like this. It's also possible that he was sent flying into a spatial crevice."

The tens of thousands of miles of space in front of him was a vacuum. Going down was an abyss that reached the bottom of the sea, and it was difficult to see the bottom.

In this huge space, there were a large number of fragments of the Dragon Realm and countless elements of the five elements.

Some condensed into blocks of earth and floated in the air. Some directly turned into fire and slowly burned. There were also some that emitted golden light and flickered in the void. There were also balls of water elemental energy, or beads, that spread all over the world.

In addition, there were also clusters of demonic clouds that were condensed, and everywhere was pitch-black in color.

Three Dragon lights immediately soared into the sky and headed towards the center of the explosion.

There were dozens of true spirits behind them. Although they were trembling, they didn't dare to disobey their orders and rushed in together.

In this vacuum, just the aura after the explosion was enough to suppress them to the point that their faces turned pale and they had difficulty breathing.

"This is Wufu."

While Luanyu was searching for Yunxiao and the others, she saw a Stone Forest in a quiet space. It was so quiet that one could hear a needle.

Yunxiao and the others were all here, and all of them looked stunned.

Even the whirling world of the magical tree's Golden Wheel was broken open, and Yuan and the three Dragon sons were all swept in.

the internal space of the six paths demonic weapon?" Yunxiao's face flickered.

what?"

Last time in the Tiandang mountains, when he was fighting with Xiao Hong and Di Jia, he had accidentally entered this space because of the three demonic weapons. He did not expect to be dragged in again.

Xiao Hong's expression also changed slightly, but she quickly calmed down. Zhuo Kun's face revealed a dazed expression. After looking around, he seemed to be in a daze.

The rest of the people also looked around vigilantly and carefully. He was worried about the enemy in front of him, and he was also worried about whether there would be unknown enemies in the dark.

“Could this be the internal space of the six paths demonic weapon?” Zhuo kun asked after a while. “Could this be the rumored Mystic space that can lead to the multiverse?” mysterious space? ”

Yunxiao was taken aback, and he quickly asked, “ what’s the mysterious space?! His master of ups and downs had combined the three divine swords into one by using the mysterious space.

His understanding of the mysterious space was not comprehensive, and it seemed to contain incomprehensible rules.

“You just exclaimed that this place is the six paths space. I’m sure you’ve been here before, right?” Zhuo kun asked.

why should I answer you?” Yunxiao sneered.

Zhuo kun’s expression was grave. He no longer seemed as relaxed as before. “If you can’t dispel the doubts in my heart, why should I dispel yours?”

Yunxiao was silent for a moment, feeling strange in his heart.

By right, Zhuo kun had devoured di Jia, so he should have accepted all of his memories. From the fact that he knew some of his own situation, it could be seen that at least most of di Jia’s memories had been absorbed by him. Was there some loss?

He nodded and said, “I did come here once.” When I was in the tiandang mountains, Xiao Hong, di Jia, and I also fought with demonic weapons and were sucked into this space. According to di Jia, only when three demonic weapons collided with each other would there be a chance of entering. Even though he’s a devil Lord, he can’t come and go as he pleases.”

A look of great joy appeared on Zhuo kun's face. He seemed to have confirmed something and unexpectedly cheered, "As expected!" it's your turn to answer my question," Yunxiao said.

Zhuo kun acted as if he didn't hear her and continued to ask, "Then, did you find anything the last time you came here?"

Yunxiao's face darkened as he stared at him coldly and said, " 'You can just ask them all.'"

Only then did Zhuo kun calm down. He awkwardly coughed twice and said, the so-called mysterious space is an existence that is above the worlds of our heavens and realms. It is also the world space of this multiverse that contains countless worlds.

"What?"

Yunxiao was taken aback. It turned out that the Super mysterious space was the multiverse space of the Ling family above the heavenly worlds.

It was no wonder that the lock of realm power would descend one after another, trying to bind whoever was up and down. However, when the sword Qi was used, it could break all the chains of laws.

According to the rules, the level of the master of ups and downs was even higher than that of a heavenly Saint tool. It was at least stronger than the divine realm tablet, but he didn't know if it was stronger or weaker than the demonic weapon of six paths.

After all, according to Zhuo kun, the space within the six paths demonic weapon was a mysterious space similar to the great cosmos. He did not know where the realm King had gotten such a fragment of the mysterious space, but it had ended up in his hands.

"You can tell me now, right?" Zhuo kun continued. Did anything happen when you came in here?"

Yunxiao remembered that he had sensed the light of reincarnation the last time he came here, but how could he just tell him that? he sneered and said, " 'You and I both asked, and it's already a tie. I don't

have anything I want to know right now, so why should I tell you what happened the last time I came here?”

He deliberately didn't say anything, and instead reminded Zhuo kun that something had happened last time. This caused Zhuo kun's expression to change drastically. Demonic light rolled on his face, and killing intent flickered in his eyes.

“What? you want to kill me?”

what happened last time? ” Yunxiao sneered. I don't want to tell you what happened last time. But I can tell you something else. It wasn't easy to enter the six paths of space, but it was very easy to leave. If one wasn't careful, they could leave at any time. He didn't know when he would be able to come back again. If you want to stay here, you'd better behave yourself.”

His words were full of threat. Everyone could hear it, but they didn't know if it was true. However, Zhuo kun seemed to fall for this trick. He only stared at him with a cold expression, not making a move.

The referee frowned and said, “you're not scared of this kid, are you?” Kill the two of them, take the six paths mo weapon, and study it.

Zhuo kun said, “I naturally know that he is trying to scare me. I also know that we can slowly study the mo weapons we have seized.” However, he was right about one thing-you can't just come and go as you please. You have to have the right opportunity.”

“Then you're not going to kill them?” the referee asked.

“Kill, of course we have to kill. We'll just kill them after we get out.”

Zhuo kun's eyes flickered as he looked at the three Dragon children. He coldly said, “The three of you better be well-behaved, and we'll all live in peace. If you make a scene and cause this space to disappear, I'll make soup out of your bones.”

The three Dragon children were all furious and roared, "Boy! He was too arrogant! How can you trample on the dignity of the dragon clan!"

Jing's face was livid, and his face was so dark that it was dripping with water.

He gritted his teeth and said, "A warrior can be killed but not humiliated. Since ancient times, the only difficult thing is death. We're not afraid of death, yet you dare to threaten us with such lowly words!"

"Brothers, let's fight it out with him!" Mang said coldly. You don't have to be so cowardly!"

The three of them spread out and stood around Zhuo kun.

"Death isn't scary, but have you ever heard of a soul refining technique?" Zhuo kun coldly replied. He raised his hand, and with a bang, a flame appeared in his palm. He said coldly, "The underworld fire can roast the soul and make it suffer for ten thousand years!"

The three of them gasped and their faces instantly turned pale. They took a few steps back and were full of fear.

Chi was a little despondent as he muttered to himself, "The power of this flame is indeed the netherworld fire Kasaya condensed from the power of the realm."

Yunxiao's pupils constricted as he stared at the flame. He thought of the divine capital of the Holy region, where the gate to the underworld had not yet been opened. However, he never thought that the previous Lord of the earth realm was still alive. Not only that, but he had also become a demon.

"The three of you sure are forgetful," Zhuo kun sneered, "have you forgotten who I am? I remember li Yunxiao and the others said it was not long ago.."

Chapter 2229: shocking sword

“The Lord of the earth realm, Tao Wu.”

Chi’s face appeared even paler under the illumination of the netherworld fire. The other two Dragon sons also had extremely ugly expressions, but they didn’t say anything.

Zhuo kun sneered disdainfully as he extinguished the flame in his palm and sneered, “Since you’re afraid, then be more honest.”

The three Dragon sons trembled in anger, their eyes almost popping out. However, they were indeed afraid of the dark Fire. They didn’t dare to make a sound. A boundless sense of humiliation spread in their hearts, and they were so suppressed that they almost wanted to die.

“Hehe.”

Yunxiao sneered and said, “ I’m afraid the three of you have already cultivated your supreme ninja technique to the realm of world Kings. I’m impressed.

“Pfft!”

He was so angry that he spat out a mouthful of blood.

He was already feeling very depressed, and after being ridiculed by Yunxiao in such a provocative way, he could no longer bear it. He gritted his teeth and said angrily, “Zhuo kun! If you die, you die. If you suffer for ten thousand years, you suffer for ten thousand years. The dignity of the dragon clan can not be offended. Today, you will pay the price!”

A huge flame started to burn on his body. Fire Fist, explosive embarrassing dance!

Jing and mang were also extremely furious. They both made their moves. Two Dragon lights and the fiery fist charged at Zhuo kun.

The stone pillars in the six realms shattered and turned into dust.

“You’re courting death!” Zhuo kun roared in anger. I’ll pull out your Dragon tendons, break your bones, and make soup. Then, I’ll throw your souls back to the underworld to suffer the pain of being roasted for ten thousand years!” Demonic light bloomed from his body. He raised his agama and slashed.

“BOOM!”

The blade light swept past the Shadows of Fire, water, and light, directly splitting the three forces apart. The shocking power exploded and rushed in all directions.

This was a rare opportunity. If he could join forces with the three sons of the Dragon, he would have a great chance of defeating Zhuo kun.

His body turned into lightning. Just as he was about to move, a force came down on him.

The power was as bright as the sun, but it was also filled with endless demonic Qi. The sound of gears turning could be heard. It was the Golden Wheel of the tree.

“BOOM!”

The place where Yunxiao stood was directly smashed into pieces by the golden light, and his afterimages gradually dispersed, revealing his true body a thousand feet away.

The Golden Wheel swayed in the air for a moment before it turned back and was caught by Yuan.

The referee quietly stood in front of Yunxiao and said coldly, “With me here, do you think you can make a move?”

one of the eight fiend Supremes of The Fiend realm? ” Yunxiao asked in a deep voice. is that so? ”

Yi nodded and said, “it seems that you have a certain understanding of the devil World.” The people you killed in the tiandang mountains last time were my men.”

so, enemies are bound to meet on a narrow road," Yunxiao said. The cold air in his body spread out, and his strength kept increasing.

Xiao Hong, Fei Ni, and Bei Xiaonan also began to activate their elemental energy, preparing to attack.

although enemies are bound to meet on a narrow road," Shang said in surprise, "you killed my people. Why do you look like you have a deep hatred for me?" it doesn't matter who has a grudge against whom," Yunxiao said. you're blocking my way now, so you have a deep hatred for me!

He raised his hand and formed a series of hand seals in the air. Suddenly, a purple lightning condensed into a sword and suddenly slashed out!

Yi's expression was cold as he looked at the sword light coming straight for him.

If she was in the realm of heavenly martial arts, this kind of thing condensed by the realm power would be extremely harmful to her. However, this was the six paths of space, and there was no such thing as realm power. Be it purple lightning or green lightning, they were all just pure energy.

Yuan used the Magic Tree's Golden Wheel to block in front of her. A golden light bloomed, turning into the shadow of a Dancing Tree.

Under the power of the world, the ancient tree, the golden light, and the beautiful woman in the black robe formed a beautiful picture.

"BOOM!"

The sword of purple lightning struck the power of the world in front of the Golden Wheel and let out a muffled Thunder. Purple light kept exploding, but it could not penetrate through.

"You can't even break through the power of this world, how are you going to pass through?" Yi sneered.

All of a sudden, a black streak of light shot toward him. It was Xiao Hong, who was driving the AMO wheel. A terrifying and chaotic power poured down like a landslide.

This was because Xiao Hong was also losing control of the AMO wheel. She had expended too much mental and physical energy just now, so she could only grit her teeth and go on a killing spree!

“BOOM!”

The AMO wheel treasure slashed at the barrier of the Magic Tree’s Golden Wheel and let out a deafening hiss. The terrifying power of the twelve fortune wheels spun rapidly and continuously cut into the barrier, trying to saw it open!

Shocked, Yunxiao took a deep breath and summoned his Alay xuangang again, then slashed out with the axe in both hands.

“BOOM!”

The axe struck the Golden barrier and immediately pierced through it.

Under the combined attacks of the two, the swaying shadows of the trees began to sway. The gears on the Golden Wheel rotated, turning into shadows that filled the sky. Yuan’s figure was also in a trance.

“It’s useless. At this level, it’s impossible to pass through me.”

Even though the power of the world was suppressed, it was still like an iron wall blocking the way. No matter how the two of them used their mo weapons, there was little effect.

“Phoenix dancing in the nine Heavens!”

Just as the three of them were in a stalemate, a Heavenly Phoenix Phantom spiraled down. Feini formed a seal with both hands and struck the barrier, breaking it with a loud boom.

A huge impact force swept out, rolling forward and shaking.

Yuan was taken aback. Under the power of the stormy waves, her figure flickered continuously and she retreated several thousand feet. When he was about to retreat again, a golden light suddenly bombarded over.

Beiming Nan had appeared behind her and attacked her back with all his might.

you sneak attacked a woman. Do you still have any shame? ”

With a clatter, he turned around, grabbed the spear, and thrust it forward.

“Swish!”

Beiming Nan’s illusionary light was directly pierced through by the long spear. It pierced through the tip of the fist and went up.

Beifeng Nan grimaced in pain, his forehead covered in cold sweat. His entire arm was pierced by the spear, and the demonic Qi shot out through his shoulder.

“Bang!”

A large amount of blood burst out from his shoulder, and his right arm drooped down.

Yuan snorted coldly and turned around again. She formed an incantation gesture with one hand and slapped toward the aftershock of the three people’s joint attack. With a rumble, all the attacks were completely dispersed.

he’s still too weak. So what if he broke through the whirling world? can he get past me? ”

The referee sneered, and once again turned his hand to slap beifeng Nan, who was not far away.

A palm print condensed in the void and suddenly struck down.

Beifeng Nan was shocked. He turned around and left, not caring about the injury on his arm. However, as soon as the escape light rose, it was hit by the palm print. With a bang, it was sent flying, and blood was thrown into the air.

“Sir Zhenan!”

Yunxiao flew into a rage as he rushed forward and caught Beiming Nan.

The illusory light all over his body was scattered, and the demonic Qi all over his body was moving up and down as he spat out large mouthfuls of blood.

Your Excellency, please enter the divine realm tablet to rest for a while.

Yunxiao’s face was grim, and Beiming Nan had been his comrade for the longest time. He was an upright man who valued friendship.

Fortunately, she had not used her full strength in that palm strike, and Yuan had only slapped it casually. Moreover, he had been fighting with the three Dragon children for a long time, so his strength had decreased. Otherwise, Beiming Nan’s life would be in danger.

Without waiting for Beiming Nan to speak, Yunxiao forcibly sent him into the divine realm tablet, his eyes filled with killing intent.

Yuan grabbed the Golden Wheel of the magical tree with her right hand and placed it in front of her. She said indifferently, “You don’t have to look at me like that. The strong should speak with their strength and not with their eyes.

It you only have sharp eyes, can I understand that you are already powerless against me?”

Yunxiao’s eyes immediately calmed down as he said coldly, “You’ll know soon enough. I’ll make you pay the price!”

Yuan's calm face revealed a rare trace of ridicule, as if she looked down on this kind of boastful person from the bottom of her heart.

"Husband, leave this demoness to me. You go and help those three crawlers!" Fei Ni said angrily.

They were both creation realm existences, but she was far inferior to Yuan, and she was extremely annoyed. At this moment, when she spoke rudely and looked down on Yunxiao, she was so angry that her anger burned all over her.

step back," Yunxiao said calmly. be careful.

"What?"

Feini was stunned for a moment and said, "husband, why are you so angry?"

Suddenly, she saw Yunxiao raise his hand, and a sword beam seemed to shuttle through her body, piercing through her flesh and appearing. She panicked and cried out, "Husband, if you use that sword Chi, you won't be able to withstand

Yunxiao's face turned ferocious as he said, "At most, I won't be able to withstand it, but she will definitely die under the sword!"

Even though he had never used that sword, he was confident that as long as he used the master of the ups and downs, Yi would die. However, whether he was still alive was an unknown.

Moreover, he had also calculated that if he attacked from a certain angle, Zhuo kun would also be drawn into the attack. Even if he didn't die, he would be heavily injured. At that time, the chances of killing Zhuo kun would be extremely high.

"Husband, you can't! That sword is too terrifying!"

Feini's face was pale. She was already injured and now, she was so scared that her face was drained of blood.

"Move!" He shouted.

Yunxiao shouted in a deep voice, forcing Feini and Xiao Hong to retreat. Then, without saying anything, he raised his hand and clenched his fingers in front of him.

A circle of sword Qi overflowed from his palm, emitting a brilliant radiance.

Feini covered her mouth and retreated in shock, her eyes filled with worry and fear. That day, outside Yanwu, Yunxiao had only tried out his sword, but he had already collapsed. Now that he was seriously injured, the consequences of forcefully using a sword were hard to predict.

She was ready to rush over and save Yunxiao at all costs if anything unusual happened.

Xiao Hong's face was filled with shock as well. Feeling the terrifying sword intent, she said in a trembling voice, "What kind of sword is this?"

"A heavenly Saint artifact?" Yi's face darkened as he exclaimed. Didn't you say that you can't use the power of the heavenly Saint tool?"

Yunxiao did not answer, but just stared at her coldly. More and more sword beams shot out of his body.

Very quickly, the illusory image of a sword was formed. A powerful force spread out, as if it was an entire world. Under the pressure, countless stone pillars were crushed into powder.

Yuan's expression changed drastically. At this moment, the sword's body had yet to reveal itself, but the pressure of the weapon's accumulation that it erupted with caused her heart to tremble!

"What's going on?"

Zhuo kun's group of four, who were fighting intensely in the distance, also couldn't help but stop and look at him.

Chi's entire body trembled as he said in shock: " it's that sword Qi!!

When he fought with Yunxiao earlier, he had vaguely sensed a powerful sword Qi lurking in the latter's body, so he had stopped because he was worried..
