### Chapter 231

#### 231 Provoking the Zhou family

As the Crown Prince of firecrow Empire, Xin ruyu represented the highest honor and dignity of the nobles. The Xingyang family had already embarrassed the nobles once. If the Zhou family was provoked again, the dignity and face of the entire aristocratic circle of firecrow Empire would be lost!

As the sound spread, all the forces in the entire firecrow Empire were shocked. The royal family, the temple of revered elders, The Alchemist Association, the other three aristocratic families, other aristocrats of all levels, and countless branches of various forces in Shangyang city were all extremely shocked.

“Who’s there? Whoever dares to shout in the sky above my Zhou family, quickly state your name!” An angry roar burst out from the Zhou family. An elder rose into the air and stared at Yunxiao with a murderous look in his eyes!

“Play dumb, continue to play dumb! I just announced my name, and everyone in the city heard it, yet you still ask? Does your Zhou family still have any shame?”

you’re a coward! the elder was immediately at a loss for words. I was wondering who it was, but it turns out that you’re just a little kid who hasn’t even grown all his hair. Don’t think that just because you’ve destroyed the Xingyang family and no one will come to settle the score with you, that firecrow Empire is invincible and you can mess with anyone you want. My Zhou family isn’t a place you can afford to offend!”

“Oh? Could it be that the Zhou family’s status in firecrow Empire was really extraordinary? To stand above the other powers?” Yunxiao sneered.

“Hmph, of course!” The Zhou clan elder said coldly and arrogantly.

The elder was the kind of person who stayed in the clan all day and cultivated hard, so he did not know any language. As such, he fell into a trap after being casually dragged by Yunxiao. Almost all the forces of firecrow Empire had gathered around, and they were all watching in secret. When they heard this, they were all furious.

“Bah! The Zhou family has only existed for a slightly longer period of time. How dare they say that they are above the other forces!”

“I’m ashamed to be listed as one of the four great families!”

Hmph, Hmph, it’s been a thousand years. I think it’s time for the four great families to rearrange their positions.

“He’s simply shameless! Did they think that they were more superior than the royal family? Even more powerful than the jutian sect?”

“Hmph, maybe that’s what he’s thinking!”

The disdainful sneers came from all directions, and the more they spoke, the more unpleasant and bold they became. The elder who stood in the void also felt that something was wrong and hurriedly shouted, “All of you shut up! What I mean is that our Zhou family is superior to most of the other forces, not all of them. Don’t talk nonsense!”

“Wow, you’re amazing!”

that’s right. Look at his arrogant look. He’s indeed ‘above the vast majority of forces’.

we’re done for. I wonder if my mysterious fist sect counts as the ‘majority of the forces’?”

“Yes, I don’t know if the Jing family of Wei River has been included in his calculation.”

This time, the discussions around them became even louder.

elder," Yunxiao sneered, " may I ask which forces are the 'majority'? " I'll give you a few examples to let everyone understand."

The elder was anxious when he heard the discussion. He immediately opened his mouth to explain, but suddenly a cold snort came from below. His face changed on the spot and he retreated to the back, not daring to speak.

Several rays of light shot up from the Zhou clan's mansion and hovered coldly in the air. The aura from their bodies spread out and instantly suppressed the surrounding people, causing them to turn pale and shut their mouths.

The leader of the group was Zhou yangbiao, the patriarch of the Zhou family. When he heard the conversation in the mansion, he knew that things were going to be bad. This elder was a blockhead. If he really followed Yunxiao's words and pointed out a series of families and sects, he would have completely offended Yunxiao. As such, he hurriedly snorted coldly to stop them and led his men to rush out.

In this world, one could shut others up not by reasoning with them, but by using their fists!

After the Zhou family elders released their auras, the small sects all shut up. The entire area instantly became silent. However, there were still some large sects who couldn't help but sneer coldly. They still indifferently mocked him a few times before stopping.

Zhou yangbiao glared at Yunxiao with undisguised killing intent. Like a cold wind blowing, he said coldly, " kid, you're really courageous. You dare to provoke my Zhou family.

Yunxiao was not afraid of his gaze, so he went up to meet it without fear and said, " "I made a life-and-death bet with Zhou Yushan, and I'm only here to fulfill it. Who knew that you would treat the promise as a joke!"

"The bet between you and my son was supposed to be in a month's time at the Golden Crow divine ring! It's not time yet!" Zhou yangbiao bellowed.

“Hmph, yesterday it was delayed today, today it was delayed tomorrow, tomorrow it was delayed the day after tomorrow. One month later, another month. When would it end? If you have the guts, don’t drag it out any longer. Come out and compete with this Lord now!” Although Yunxiao was only a martial Lord, the aura he exuded made him look even more unyielding and unyielding under the pressure of so many experts, giving people a feeling of unyielding iron.

“Good! Well said! Come out and compete now if you have the guts!”

“That’s right, as a man, you have to do what you promised! Even if I die, I can’t fail to fulfill my promise!”

there’s no time like the present. Little brother is right. We’ll drag it on day by day. When will we reach the end? ”

I didn’t expect the so-called four great families to be such existences. They don’t even dare to participate in the promised competition.

sigh, it’s been thousands of years. The four great clans no longer have the pride of the past. They’re all just cowards who are afraid of death.

When the Zhou family elders and Zhou yangbiao heard this, they trembled in anger. Zhou yangbiao shouted, ” “All of you shut up! Kid, you’re looking for death!” His roar contained a domineering sound wave combat power, which rumbled toward Yunxiao and shook the entire sky.

“Hehe, what a powerful pressure! He’s indeed above everyone else!”

that’s right! It was almost the full power of a nine-stars martial Grandmaster, but this martial Lord didn’t die. It’s a miracle.

Hmph, you went back on your word. You broke the promise first, and now you want to kill me. As one of the four great families, I’m ashamed.

Zhou yangbiao was so angry that he almost vomited blood. He looked at the people who were talking and felt his chest tighten.

The four great families had also been constantly fighting with each other, both openly and secretly. This time, the other three guilds would not let go of such a good opportunity, and they added fuel to the fire in the crowd.

On a small building, Xin ruyu had a cold expression on his face. He sipped his tea leaves indifferently and observed every move. He was the future Crown Prince, and he was truly the one who was above all the aristocratic families. He could close his eyes and ignore the internal strife within the aristocratic families, but outsiders were not allowed to provoke the system of the dynasty!

Yunxiao's face turned slightly pale, and he put on a wounded expression as he said angrily, "What a good sound wave martial technique. It won't be that easy to kill me! Even if a man were to die, he would die in the ring! If your Zhou family still has any dignity as martial artists, then call Zhou Yushan out to fight me to the death!"

Zhou yangbiao suppressed his anger and shouted in his head, Calm down, calm down. He knew that his every move and every word would affect the Zhou family's reputation. He took a few deep breaths to calm himself down and said, "Yushan is currently in closed-door cultivation, so it's impossible for him to come out. There are still seven days before I can break out of seclusion. At that time, I will definitely have a life and death battle with you." He took out a small medicine bottle and threw it over, saying, "Besides, you've also suffered some injuries from my urgent roar just now. This is a fourth-ranked healing medicine, enough for you to recover from your injuries within seven days, and your martial arts to advance another level. At that time, you can have a fair fight."

On the surface, he had a calm expression, as if he was the leader of a noble family. In fact, he felt like a volcano was erupting in his heart, and his internal organs were almost burning. What made him even angrier was that after today's incident, he could no longer openly deal with Yanwu, or he would have no proof.

"After the incident at Mount Meru, I'll definitely uproot Yanwu. This li Yunxiao is going to be skinned alive, extracted for oil, and refined for bone!" He roared in his heart.

Yunxiao's eyes shone with an imperceptible light. He took the small bottle and looked at it for a while, then snorted coldly and said, "I don't feel safe using the medicine you gave me."

"I'm the head of the Zhou family, why would I harm you?" Zhou yangbiao sneered.

then why did you want to take my life with a roar just now? ” Yunxiao asked in a choked voice. what happened? ”

Zhou yangbiao’s face turned purple in anger.”You’re so silly!”

Yunxiao cupped his fists at the people around him and said, ” “Are there any alchemists here? Can you help me test if the medicine is poisonous? I’m afraid that this despicable Zhou family will try to harm me! Please help me!”

The people of the Zhou family were so angry that they almost fell from the sky. They gritted their teeth and were about to go crazy. In the past thousands of years, the Zhou family had never been provoked like this!

“Let me take a look.”

An old man walked out of the crowd and looked at Yunxiao with Starry Eyes, which were full of shock and complicated emotions.

“Master Baili! It’s actually master Baili!” There was a commotion in the crowd.

Baili gongjin was the president of the firecrow Empire’s Alchemist Association and a sixth-tier Alchemist. In the firecrow Empire, he was a godlike existence!

Yunxiao was slightly taken aback, but then he smiled. Although he did not know Baili gongjin, he could sense the powerful soul power fluctuation from him. He was definitely a senior Alchemist.

“So it’s master Baili!”

“Thank you for your trouble, master!” Zhou yangbiao quickly stepped forward.

Baili gongjin nodded slightly, then glanced at Yunxiao and said, "I've heard about you from Yuan Hao. He told me how great you are. I didn't believe it at first, but now that I've seen you, I can't believe you're even more powerful than he said." He shook his head and sighed. Sigh, the new waves of the Yangtze River surpass the old waves. We're all old.

you're flattering me, master Yuan Hao," Yunxiao chuckled. Master Baili, you're too kind."

Zhou yangbiao's expression changed slightly. He knew that Yuan Hao had been there when they were in Tianshui. Hearing Baili gongjin's praise, he was a little unhappy, so he changed the topic. "Master Baili, please verify the pill and prove it to the Zhou family."

It had always been the Zhou family who bullied others. When had they ever been bullied by others? Furthermore, he was bullied to the point of swallowing his pride and begging for justice. Zhou yangbiao felt like his lungs were about to explode!

Chapter 232-testing for poison

Baili gongjin took the medicine bottle from Yunxiao, opened it, and poured it into his palm. The Scarlet pill contained a strong spiritual energy.

He nodded in approval. It's indeed a fourth-tier healing panacea. From the spiritual Qi fluctuations, it should be high-level. He raised his hand and sniffed it.

Zhou yangbiao puffed up his chest and placed his hands behind his back like a Grandmaster. "The Zhou family has been standing in Firecrow Empire for tens of thousands of years, and our credibility and heritage are average. How could such a large family break their promise and harm a young boy like you? Go back and recuperate. In seven days, I will ask Yushan to teach you an unforgettable lesson on the Golden Crow God arena."

this kid is indeed too cautious. After all, the Zhou family is a famous family. No matter how dirty they are, they can't possibly use poison to harm people so brazenly.

"Well, I think the kid is scared. That's why he's probably acting shamelessly."

“Hehe, what’s the use of being afraid? Since you dare to start this, even if you die, you have to continue playing!”

“Tsk, tsk, interesting. I didn’t think that someone would dare to provoke even the four great families. I’m afraid this matter is not simple!”

The surrounding people began to discuss in low voices, all guessing the conspiracy behind this matter and the final outcome.

Among the crowd, Ding Ling ‘er looked extremely serious. She was more nervous than anyone else, worried about Yunxiao’s safety, and her heart was extremely uneasy.

Suddenly, Baili gongjin furrowed his brows, and a trace of horror flashed across his eyes. “This dan zhiwu is really poisonous!”

Silence, a strange silence.

Huala! the surroundings of the Zhou clan’s estate burst into an uproar. All of them were dumbstruck. The head of the Zhou family really wanted to use the poison pill to harm this young man?

“Wow, is it true? It’s really poisonous?”

“That’s impossible, right? Did that kid play tricks and put poison in it?”

“There are thousands of people here, and countless experts. How can a mere martial Lord release poison without anyone’s notice?”

“But, Yingluo, isn’t this too much? The Zhou family is despicable to this extent?”

“Aiya, little brother. It seems that you and I are still too naive!”

sigh, my three views have been destroyed, my three views have been completely destroyed!

Zhou yangbiao felt his scalp go numb and his head spin. He said word by word, "Master Baili, have you really investigated thoroughly?"

His voice trembled slightly. No one present had seen Yunxiao do anything to it. If it was really found to be poisonous, he would not be able to clear his name even if he jumped into the Yellow River! The other possibility was that Baili gongjin had done something to it. However, the other party's status was too high.

Baili gongjin's face was filled with displeasure, but he could understand Zhou yangbiao's feelings at the moment. He said, "If clan leader Zhou doesn't believe me, you can try one for yourself."

Zhou yangbiao's gaze fell upon the blood-red pill, and a spark of hope rose in his heart. "Seventh elder, try and see if this pill is poisonous!" He shouted.

The seventh elder Zhou Bo was the most powerful one among them. He was a peak nine-stars martial arts Grandmaster. He immediately understood what Zhou yangbiao meant. Since Baili gongjin said that it was poisonous, it was a hundred percent true. The only way to prove his innocence was to swallow the poison pill and suppress the poison with his vital energy. As long as he was not poisoned, he could prove that it was not poisonous!

Zhou Bo understood the seriousness of the matter and strode forward. He was still quite confident. He was only one step away from the martial Royal realm. There was almost no poison in the world that could poison him.

"I don't believe that this good healing pill is poisonous. Hmph!" He snorted coldly, picked up the poison pill, and threw it into his mouth without even looking at it, his face full of ridicule.

After Zhou Bo swallowed it, he immediately wrapped the elixir with his true Qi. After circulating it slightly, he did not find anything strange. He sneered and nodded at Zhou yangbiao.

"Hu!"

Zhou yangbiao heaved a sigh of relief. He realized that his entire body was covered in cold sweat. This was a matter that would affect the reputation of the Zhou family for thousands of years. He could not allow it to be ruined in his hands. He glanced at the people around him, and his eyes finally rested on Yunxiao as he said coldly, "Now that someone from the Zhou clan has tested the pill with his own body, it's proven that it's not poisonous. How are you going to give us an explanation? This matter of destroying one's reputation was a great enmity that wouldn't rest until one died! I'll spare your life since you're about to compete with Yushan, but I can't just let you go like this. You have to pay at least five million mid-grade primordial stones to apologize. Otherwise, don't even think about leaving!"

As he was talking, he found Yunxiao sneering at him, and the others were not listening to him. Instead, they were staring behind him with wide eyes.

At this moment, the Zhou family disciple's frightened cry came from behind.

"Seventh elder, seventh elder, what's wrong?"

Zhou yangbiao was shocked. He quickly turned around and saw Zhou Bo standing there with a blank look in his eyes. His skin had completely changed color, turning into a rainbow-like color, like a poisonous mushroom.

"Seventh elder!"

Zhou yangbiao's body trembled as he rushed forward to check.

"Pfft!"

Zhou Bo suddenly spat out a mouthful of black blood and fell backward. He landed on the ground with a loud bang and was dead.

"?!"

The people around them were so frightened that they retreated a large circle and looked on in horror. Zhou Bo was a famous martial ancestor expert, known as the number one person under the Martial

Emperor realm. However, he had been poisoned to death by a small poison pill. This was something that everyone could not accept!

“Seventh elder, seventh elder!”

Zhou yangbiao threw his head back and roared in rage, blue veins bulging on his neck. A great killing intent had locked onto Yunxiao, and with a single thought, the thunderous attack would crush him to pieces!

In the sky above Shangyang city, Xin Pi, Zhu Jin, and ao Dijia were also looking down coldly. Until Zhou Bo fell, their faces were calm. However, at this moment, his expression changed drastically, and his eyes flickered with a trace of panic.

“What kind of poison is that? Even Zhou Bo was poisoned to death? And it was silent, he didn’t even have the time to make a sound! How could there be such a vicious poison in this world?” Xin Pi’s expression was very serious.

“Zhou Bo is definitely the strongest person under the Martial Emperor realm, but he died in an instant. “If it were us, bi an ...” Zhu Jin’s eyes flickered with a great fluctuation, and he couldn’t calm down.

this li Yunxiao is too mysterious, ” ao Dijia said in a deep voice. I think there must be something wrong with him. I suggest that we capture him and interrogate him!”

A strange look appeared on Zhu Jin’s face. “How did you know it was li Yunxiao who poisoned you? You saw it?”

“Hmph,” ao Dijia snorted coldly, “is it because you’ve benefited from him last time that you’re always speaking up for him? Besides him, who else could have done it? Do you want to tell me that the poison was done by the Zhou family or Baili gongjin?”

“Ao Dijia, don’t you slander me!” Zhu Jin was furious. I got an incomplete formation diagram from him, but so what? He’s just a martial Lord, and he can’t possibly poison someone under our noses without anyone knowing. You can ask boss Xin if he saw it. ”

Xin Pi stared at Yunxiao for a while and said in a serious voice, "I didn't see him attack, but it's impossible for the Zhou family to poison him. Not to mention that they didn't have such a poisonous thing, even if they did, they wouldn't take Zhou Bo as a joke. He was an existence that could definitely enter the Martial Emperor realm. Now, it seems that Baili Gongjin is the most suspicious one!"

Ao Dijia's face changed slightly. Boss Xin, "he said in surprise, "you can't be so reckless with your suspicion. Master Baili's identity is questionable.

Xin Pi sighed and said helplessly, "Indeed, it's impossible for someone of his status to do such a thing. In that case, Yunxiao was the most likely to have poisoned her. But, how could no one have seen him do it? Let's not even talk about the three of us. There are at least several hundred people below who are stronger than him." He knocked on his own head, feeling that it was very difficult to understand, and said, "This is really a headache. Let's see how things develop. This Li Yunxiao is really bold. I don't believe that there's no one behind him!"

Down below, Yunxiao was not afraid of Zhou Yangbiao's killing intent at all. He said coldly, "What's wrong? After failing to poison him, he decided to do it himself this time? Hmph Hmph, the Zhou family's reputation is so poor."

Zhou Yangbiao's face was twisted. Brat, no matter what you say, you won't be leaving this place alive!

Zhou Bo was an existence that was almost certain to reach the Martial Emperor realm, yet he had died under his arrangements. Even if he was the clan leader, he could not bear this responsibility! If he still let Yunxiao leave like this, the Supreme elders of the clan would probably skin him alive and pull out his tendons when they found out!

For thousands of years, when had the Zhou family ever suffered such a great loss? When had they ever been provoked to such an extent?

"Hmph, I won't leave today even if you want me to! You guys betrayed us first, then you're despicable and poisoned us, and now you want to kill us in broad daylight. You're simply disloyal, disloyal, and immoral people! To think that you're one of the four great aristocratic families! You're simply a disgrace to the four great aristocratic families! Since I dared to come here today, I'm not afraid of you killing me! If you don't give me an explanation for this untrustworthy, dishonorable, and immoral matter, I won't leave even if you respectfully send me away!"

Against Zhou yangbiao's pressure, Yunxiao said in a dignified manner, " don't think that Yanwu is easy to bully. At worst, we'll just die together with you!

"Die together? Haha, just you? What qualifications do you have to be in the same boat as us?"

Zhou yangbiao scoffed. Suddenly, his words came to a halt as the air trembled and a bad feeling rose in his heart.

Something began to appear in the sky. It gradually emerged from the void. Its huge body seemed to block out the sky and the sun, blocking out half of the sunlight in Shangyang city. Everyone's eyes were wide open, and their faces paled.

Even Xin Pi and the other two who were high up in the sky were dazed for a moment, their faces full of disbelief!

Zhou yangbiao's brain buzzed, and his face turned pale. He cleared his throat and gritted his teeth, "Cyan nightmare battleship!"

Chapter 233

?

233 The warship appears

The blueluan warship was a sixth-tier profound armament, and it was not an ordinary sixth-tier existence. It required several sixth-tier alchemists to make it together, which was equivalent to a small mobile City. They were invincible in large-scale battles!

Even the Zhou family, which had been around for ten thousand years, could not take out such a treasure. Even if they had the financial resources to buy it, it was basically a demand without a market, and they were not qualified to buy it at all.

blueluan warship bi an! It's really blueluan warship bi an!

For a moment, the entire Shangyang city was silent.

Ding Ling 'er, Wang Chen, Xin ruyu, and even Zhou Yushan were stunned.

"Which force sent you here? How can there be a blueluan warship?" Zhou yangbiao almost lost his mind as he roared, his eyes bloodshot.

Yunxiao pointed a finger at the sky and said coldly, "Hammer!"

"A hammer? What do you mean by that?" The people around him began to guess.

"Could it be that the force behind him is called hammer or they use hammer as their code name?"

"Oh, I understand. He means that the blueluan warship is as invincible as a hammer!"

that's right. Brother pheasant is really smart. He was pointing at the blueluan warship. You guessed it! Passerby a praised.

"Hehe, that's easy." The pheasant had a smug expression.

Yunxiao ignored the crowd and snorted coldly, "I have the blueluan warship, it's none of your business!"

Pheasant and passerby a:

"It seems like you're fully prepared to deal with the Zhou family!" Zhou yangbiao bellowed. Even with the blueluan warship, what could they do? Today, I want you to leave your battleship and your body behind!"

Hmph, without a large number of alchemists controlling it, what can a warship do? " A cold voice rang out from within the Zhou clan, causing those who heard it to be in a daze and lose their balance. no one

can challenge the Zhou family's tens of thousands of years of Foundation," the voice continued. today, leave this warship and your life behind!

Several majestic auras soared into the sky from the Zhou family mansion, and everyone in the surroundings retreated in shock. Just the sound alone was enough to make everyone dizzy and difficult to stand.

Supreme elder! It's the Supreme elders of the Zhou clan!

he's a Martial Emperor of the seven constellations realm. He's strong enough to look down on the top martial artists of the southern region!

"Didn't they say that the Zhou family's Grand Elder is in closed door cultivation in the heavenly jewel sect? So you've been guarding the mansion all this time."

the one in seclusion is the most powerful person in the Zhou family. It is said that his strength has reached the heavens and he has stopped interfering with the Family Matters for a long time.

this brat is in trouble. If he didn't have a powerful backup plan, he would have been killed like a fly!

Zhou yanggan was surprised and overjoyed. She quickly went forward and said, "Supreme elders, yang gan's incompetence has brought shame to the Zhou family!"

Zhou Changfa, the leader of the elders, waved his hand slightly, signaling him to stand aside. Then, he said to Yunxiao in a cold voice, "I don't know what your goal is, or who is behind this. For thousands of years, no one who dared to behave atrociously in the Zhou family has ever left alive. As the Grand Elder, I'm here to give you a chance. Hand over the blueluan warship with both hands, then kneel on the side and wait for your punishment. Maybe I can spare your life."

"Spare your sister, do you really think you're following a green onion?" since you want this chariot, I'll give it to you! Yunxiao laughed in anger.

He made a complicated gesture with his hands, and the blue-luan warship floating in the sky seemed to be affected by it. With a loud "buzz", it let out a huge sound, and then white light bloomed from its body, like a row of lights shining one by one, covering the entire sky with an unusually dazzling light.

The bow of the battleship slowly turned downward, and all of the formations on its body were activated. Almost all of the light was focused on the Zhou clan's mansion. The strong light was so strong that it made the Zhou clan's buildings seem to disappear in the light, leaving only white light.

The Martial Emperor Supreme elders' expressions changed drastically. After exchanging a glance with each other, their figures flickered with great tacit understanding and scattered around the Zhou clan's mansion in a triangular formation. They were ready to fight at any time. Everyone's face turned grave. The power of the blue-luan warship was only passed down by word of mouth, and even they had never seen it before.

Zhou Changfa was also shocked and angry. His killing intent instantly locked onto Yunxiao, ready to kill him on the spot if he made any unusual moves.

"Kid, I advise you not to go further and further on the evil path. Do you think that you can deal with my Zhou family with just a blue-luan warship? No matter how powerful this battleship was, it was still just a sixth tier profound armament. Within my Zhou family, even seventh and eighth tier profound armaments exist. They are not even on the same level! And if I want to kill you, it'll only take an instant!"

A hideous smile appeared on Yunxiao's face as he said, "I don't know if this blue-luan warship can deal with the Zhou family, but you won't be able to break its defense in a short time. With that little time, the few alchemists on the warship will have enough time to crash into your Zhou family and then self-destruct! Hehe, can you martial emperors withstand the force of the blue-luan warship's self-destruction? Besides, even if you kill me, it won't affect the battleship from crashing down and self-destructing. Even if the few of you can escape, I'd like to see how many of the thousands of people from the Zhou family can escape!"

"?! What did he just say? Is he crazy? He's going to crash the ship down? You still want to self-destruct?"

Everyone around sucked in a breath of cold air and looked up in horror. They saw that the blue-luan warship was indeed facing down and was beginning to descend slowly, its speed increasing!

“?!”

No one could remain calm. Within such a range, no one could escape from the force of the blue luan warship's self-destruction! Not to mention the entire Zhou mansion, even more than half of Shangyang city would probably be blown up!

“Huala” The crowd suddenly became chaotic. Many people began to run out of the city. The scene became chaotic, and all kinds of curses and cries could be heard.

Among the crowd, Ding Ling 'er watched the warship land and murmured, “Madman, he's really a madman!”

Yu Rong pulled her arm anxiously and said, “Miss, run! It'll be too late if we wait!”

A trace of determination flashed in Ding Ling 'er's eyes. Although her face was a little pale, she still shook her head and said, “No! I want to stay here and see how strong he is, and to what extent he can achieve!”

when she said this, ding ling 'er also felt that it was a little unbelievable, and her eyes were full of amazement.

“Crazy, crazy! I really regret not killing him in Yanwu!” in the distance, xin ruyu was no longer able to remain calm. he had lost his noble air and was going crazy.

The other aristocrats and almost all the forces turned pale with fright. The self-destruction of such a behemoth would definitely bring disaster to the fish in the moat!

Zhou Changfa's face also turned pale. He looked up at the battleship that was flying down and broke out in a cold sweat. with the self-destruction of such a huge object, he did not even know if he could protect himself, let alone the zhou family. he was so shocked that his palms were sweating.

“Hold on!”

Xin Pi, who was watching the show from the sky, could no longer remain calm. li Yunxiao, stop! he shouted. There's no need to end things so stiffly and cause both sides to suffer in the end!"

Shangyang city was the imperial capital, and he was a member of the Xin royal family. How could he sit by and watch as half of Shangyang city was blown up?

Xin Pi, Zhu Jin, and ao Dijia landed in front of Yunxiao in an instant. As Xin Pi watched the warship land faster and faster, he said in a hurry, " "Young master Yun, quickly make him stop! Let's talk this out!"

"Let's talk this out? He's going to kill me, so why should I tell you?" Yunxiao snorted coldly and said with a hideous smile, " "The entire Zhou family will be buried with me!"

Xin Pi was shocked. With the current position of the blueluan warship, even if it didn't hit the Zhou mansion, no one would be able to survive the explosion. I promise you that Zhou Changfa will not kill you," he said hurriedly. please stop. I'll agree to be the middleman, so let's discuss this properly!"

Yunxiao's eyes widened as he asked in a daze, " "Really?"

Xin Pi was so angry that he almost vomited blood. who doesn't know that you're a decisive, vicious, and cunning kid? you're actually acting cute! "Yes, of course!" He replied hurriedly.

Yunxiao blinked his big eyes, pointed at Zhou fa, and said, " "He just said that no one who has provoked the Zhou family for thousands of years can leave alive. If I don't die, where will the face of the Zhou family be? I don't believe that you can let me live. Let's all die together!"

He made a hand seal with one hand, and the blueluan warship's light grew stronger and its speed increased.

"?! Don't, don't, stop!" Zhou Changfa! Zhu Jin was so frightened that he hurriedly said, " what are you waiting for?!

Seeing the battleship land, Zhou Changfa's heart turned cold. He said hurriedly, " "Hurry up and stop! I can make an exception this time!"

“An exception? This isn’t good, is it?” Yunxiao asked with a puzzled look on his face. He changed his hand gesture slightly, and the warship slowed down a little.

The few of them heaved a sigh of relief. Xin Pi hurriedly said, “There’s nothing bad about it. Since there are regulations, there are naturally exceptions. We’re all heroes of the aristocratic families of firecrow Empire, so why should we fight to the death? I’ll mediate for you on behalf of the royal family, and I’ll be absolutely impartial and impartial!”

When Zhu Jin saw Yunxiao’s disbelieving face, he quickly said, “The entire Shangyang city is here. Everyone can be my witness. Boss Xin would never joke about his reputation!”

Yunxiao put on an aggrieved look and said, “Alright, I’ll believe you guys this once!” He made a hand seal and a green light appeared in his hand. The blueluan warship stopped immediately.

Baili gongjin, who had been standing quietly aside, had a strange look on his face. Yunxiao was using a very strange method to communicate with the alchemists on the warship.

Zhu Jin’s face was covered in cold sweat. Seeing that the battleship had finally stopped, he heaved a sigh of relief. This was probably the most dangerous time he had been in Shangyang city for hundreds of years.

The moment the blueluan warship stopped, Yunxiao suddenly felt a sharp killing intent penetrate his body and rush into his limbs, sealing all his meridians!

Zhou Changfa’s body exploded with a strong Qi that pressed down like a mountain. He shouted coldly, “You dare to provoke us, you’ll die!”

Chapter 234-going back on his words

Yunxiao felt as if he had fallen into an ice cellar. His whole body was suppressed by a powerful aura, and he could not even move his primordial Qi, let alone his body.

Zhou Changfa's killing intent was overflowing. He planned to kill Yunxiao first while the blue-luan warship stopped, cutting off his connection with the people on the warship. Then, he would break into the warship by force and kill everyone inside.

A fist radiance bloomed out from his hand. Such a short distance was covered almost in an instant.

A Martial Emperor's punch could split mountains and break seas, and anyone who blocked it would be swept away!

"Rumble!"

Facing the powerful Qi of the punch, all the onlookers felt a great pressure in their faces. As a result, they even lost their hearing due to the strong Qi. Additionally, their blood vessels almost exploded. Facing the power of a force Emperor, they all quivered with fear.

"BOOM!"

Suddenly, a red light shone in front of Yunxiao, like a flower bud blooming in the cold wind, and blocked Zhou Changfa's punch. The entire space became slightly distorted. The flower bud directly held on for a few breaths of time before it withered and dissipated with a loud bang.

"That's Yingluo."

Zhou Changfa's pupils contracted, and his heart skipped a beat. He only saw an ancient talisman fly out of Yunxiao's body and explode in the face of his fist wind. He had thought that it would pierce through Yunxiao's body without any suspense, but under the power of his fist, it would surely turn into ashes with Yunxiao. But who knew that

"What kind of talisman is that? He blocked Zhou Changfa's attack?"

All the people who were still clear-headed jumped in horror. Zhou Changfa was a three-stars Martial Emperor, and he had been cultivating in seclusion for more than ten years and had never shown his face. Now, even if he had not reached four-star, he was not far from it. The full-force attack of such a

powerful existence was actually blocked by a small talisman. Although it only lasted for a few breaths, it was already shocking.

Even the other Grand elders of the Zhou family who were ready to break the defense of the blueluan warship were stunned.

The talisman Yunxiao had thrown out was the sixth-tier ancient spirit talisman he had obtained in Qinghai, which could withstand a full-force attack from a one-star Martial Emperor. However, Zhou Changfa was too powerful. He only managed to block the attack for a few seconds, but it was enough. Most of the power was blocked, and the aftermath landed on him.

“Boom boom boom!”

The power of the aftermath was like a Typhoon, rumbling past his body, each wave stronger than the last.

“En!”

Yunxiao grunted through his nose as the power of his mighty body burst out at that moment. Instead of retreating, he pushed his foot forward and rushed toward the aftermath. His body shot out like a cannonball, rushing toward the blueluan warship.

“What?”

Everyone’s brains were short-circuited in an instant. Even if he was blocked by the strange talisman for a few breaths, it was still a full-force attack of a peak three-star Martial Emperor after all. The remaining power should have completely shattered him, right? Why was he completely fine?

“Could it be that Zhou Changfa’s strength has been greatly reduced?” This thought appeared in many people’s minds, but when they thought of the power of the punch just now, they all shivered and immediately denied it.

“Hu!”

Ding Ling 'er heaved a sigh of relief. She felt like she was going crazy after that punch. What Zhou Changfa wanted to kill was not Yunxiao, but the only hope of Tianyuan trading company, and all her stakes! At that moment, she felt cold all over, but fortunately, the ending was so unexpected.

“Whoosh!”

Under everyone's stunned gazes, Yunxiao landed directly on the warship and stared down coldly.

“Not bad, the Zhou family is indeed sincere. Then let's all be buried together!”

“Boom boom boom!”

Under his control, the blueluan warship continued to land, and the light on the warship became brighter and brighter. It was only a few hundred meters above the ground, and it was almost above the Zhou clan estate.

It was only now that everyone could clearly see the complex array engraved on the battleship. It was a chain of rings that stretched out endlessly, covering the entire battleship. At this moment, it was all emitting a hot light and a terrifying aura of death.

“Six universe Star Observation formation!”

Baili gongjin, who had been silent all this while, suddenly cried out in shock. His eyes stared at the interconnected arrays, and his pupils rapidly enlarged.

“Stop! Young master Yun, let's talk this out!”

Baili gongjin suddenly shouted. He had thought that the blueluan warship had self-destructed just now, even though it was powerful and destructive. However, he did not panic. He was more than capable of saving his life. As for how much damage Shangyang city had been destroyed, it had nothing to do with him.

However, after seeing the self-destructing array, he felt a chill down his spine and could no longer remain calm.

This kind of six universe Star Observation array had a total of six main arrays. Outside each main array, there were thirty-six small arrays, which were linked together. As long as one of the arrays was detonated, it would immediately explode one after another, and the power would be stacked. It was enough to increase the power of the self-explosion of the blueluan warship by more than ten times!

At that time, not to mention his life, the entire Shangyang city would probably be annihilated!

What made him even more shocked was that the way this six universe Star Observation formation was set up was an extremely advanced formation technique. Its value was even higher than that of the blueluan warship. Even he had only heard of it. His master, who had taught him alchemy, had once said that someone had set up this array and directly blown a Martial Emperor into ashes.

“?!”

As soon as Xin Pi and the others heard Baili gongjin’s urgent voice transmission, they were dazed and gasped. They were so scared that they were sweating.

“Stop! Young master Yun, stop!” Xin Pi panicked. He was really frightened by Baili gongjin’s words. If he was really that abnormal, not only would he die, but the entire Shangyang city would also be destroyed. The imperial family’s inheritance would be completely destroyed.

“Stop? Stop, your sister!” you think I’ll fall for your trick again? ” Yunxiao said coldly. do you think I’ll fall for it? ” Let’s die together!”

“Boom boom boom!”

The battleship continued to fall, directly crushing the tallest building in the Zhou mansion and collapsing with a loud crash. The light on the battleship grew brighter and brighter, as if it was about to explode at any moment.

“Quickly stop! I hereby swear that I will not let anyone harm a single hair on your head. If the Zhou family dares to lay a hand on you again, I will raze the Zhou family to the ground!”

you’re courting death! Xin Pi roared madly. The veins on his face bulged, and his pupils swelled. Bean-sized cold sweat rolled down from his cheeks, drenching his whole body.

Zhou Changfa glared at Xin Pi in his heart, but he had no choice but to hold it in. Under such circumstances, if they could not stabilize Yunxiao, they would all be doomed. But, as a member of the imperial family and the head of the temple of revered elders, Xin Pi’s words naturally had to be counted on. So, it was impossible for him to kill Yunxiao today.

“Oh?” Yunxiao waved a hand, and the entire blue-luan warship finally stopped. He looked at Xin Pi with a playful look and snorted, “You aristocrats speak like you’re farting. That Zhou family member said so much just now. He almost put his face on my butt. What about now? It’s still a fart!”

Zhou Changfa’s face turned red and his body trembled in anger. However, no matter what, the Zhou family’s reputation and reputation would be greatly affected. Thinking of this, he was so angry that he felt dizzy.

Xin Pi’s heart was stuck in his throat. He was so nervous that his fists were almost dripping with water. “I am the Grand uncle of the current Emperor, the head of the worship Institute. I’m a man of my word, I’ll never lie to you! Put away the formation light on the battleship, and we’ll talk.”

it’s fine if you put away the light of the array,” Yunxiao snorted. I think it’s better to talk like this. It gives me a sense of security.

Xin Pi knew that it was useless to say anything more, so he had to give up. He said with a headache, “you’ve been living your life as King of Wucheng in Tianshui and Lord of Yanwu. Why did you come to Shangyang to make trouble?”

With an indifferent look on his face, Yunxiao crossed his arms over his chest and said coldly, “Old man Xin, I’m not happy with what you’re saying.”

Old man Xin?

With a “Hua la,” everyone fainted.

In Shangyang city, Xin Pi was almost a god-like existence. Ordinary matters were managed by the Emperor. However, he was in charge of everything that was beyond his ability. He was more senior than the Emperor and was almost the true ruler of Shangyang city. He had actually been replaced by old man Xin.

In the distance, Xin ruyu was so angry that he smashed the nine-Dragon carved cup on the table into pieces.

“What do you mean I came to Shangyang city to cause trouble? The Zhou family was arrogant, domineering, and went too far in bullying others. They were also untrustworthy and disloyal, and everyone could spit on them! I’m here to settle accounts!” Yunxiao shouted.

“You’re talking nonsense!” Zhou Changfa couldn’t hold it in any longer. He shouted angrily, “You’re clearly the one who created trouble for no reason. You actually dare to pour dirty water on us!”

Yunxiao sneered and gave him a contemptuous look as he snorted, “Is it wrong to say that you guys have no faith and righteousness? The entire firecrow Empire has just witnessed the credibility of your Zhou family. If you still want your face, then shut up.”

“You coward!” Zhou Wei trembled in anger.

Xin Pi gave him a fierce glare, then looked up at Yunxiao and said, “What do you want now?”

first,” Yunxiao said, “release Qin ruxue, the princess of Tianshui that Zhou Yushan has taken away, and compensate and apologize. Second, you’ve made me worry several times today, so you have to compensate me for my mental and material losses.”

Xin Pi was cursing in his heart. Who was the one who was scared? they were all covered in cold sweat. are you alright?” he thought. “Do you still have more?” he said angrily.

Yunxiao nodded slightly and said with a smile, "the last condition is that you can't keep hiding in the duel between me and Zhou Yushan.

"I'll f \* ck your ancestors! Who's hiding? who's hiding?"

Zhou yangbiao could not care less about his status as he started to curse.

Xin Pi was already angry. He glared at Zhou yangbiao to shut him up. However, his face was already purple and smoke was rising from his head. Today, not only was the Zhou family's prestige and reputation damaged, but they were also labeled as a coward who was afraid of death. Their reputation was almost completely ruined.

In the past thousands of years, when had the head of the Zhou family ever been so cowardly?

Zhou Changfa's face was ashen as he said in a deep voice, "We can let a woman go, but it's impossible for our Zhou family to apologize and compensate the princess of Tianshui. You're causing trouble in my Zhou family's territory. I'm already doing you a great favor by not killing you. You want to compensate me? dream on! As for the third condition, I can agree to it."

Chapter 235-easily sowing discord

if that's the case," Yunxiao sneered, "there's nothing more to say. Let's all die together! Qingluan warship and six-universe Star Observation formation, activate all of them!"

He shouted loudly, and the light on the battleship instantly flickered, connecting into one and completely absorbing the sunlight. The entire Shangyang city was covered in an incandescent color.

"Hold on!" li Yunxiao, don't go too far! Xin Pi cried out in a hurry. don't overdo it!

f \* ck you! Yunxiao cursed in a low voice. f \* ck you! I don't even want my life, so I don't care if you're going overboard or not. It's worth it to have so many so-called 'nobles' buried with me!"

Xin Pi's face changed greatly. The other party actually dared to point at his nose and scold him like this. It seemed that he really didn't want to live. He was very anxious. The consequences of this matter were too serious. He didn't dare to imagine it at all. He hurriedly said, "Hold on! I agree to your conditions, I agree on behalf of the Zhou family!"

"Lord Pi!" Zhou Changfa's eyes flashed with anger. He said in a deep voice, "If we agree, what face will our Zhou family have?"

Xin Pi gave him a cold look and said, "You're the ones who caused this. Do you want the entire Shangyang city to be buried with you? Speaking of face, look at you guys, where do you have any face left!"

Zhou Changfa did not dare to speak after being reprimanded. He could only stare at Yunxiao with hatred, determined to burn him to ashes.

"I'll only state my conditions," Yunxiao said coldly. "It's up to you whether you agree or not. No bargaining. Let Xue out immediately, compensate five million mid-grade primordial stones, and announce to the world that they'll apologize to Tianshui. Secondly, my losses aren't that big of a deal. I'll just give you fifty million mid-grade primordial stones. If you let them go and pay up, I'll leave immediately. Otherwise, we'll die together!"

"What? Five million! 50 million!"

Zhou Changfa was furious, "You're too much!" A mere Princess of a country actually wants my Zhou family to compensate five million! You're completely unscathed and you want me to pay 50 million! This is too much!"

"The princess is the monarch," Yunxiao snorted. "She was captured by your Zhou family for no reason. Five million is already a cheap price. I'm unscathed? The level six ancient spiritual talisman that blocked your attack just now is worth ten million. Also, where do you think my blue-luan warship came from? I rented it, and the rent alone is ten million mid-grade primordial stones a day, not to mention the cost of operating the warship. I'm asking if 50 million is too much?"

"What? You rented it?" Everyone fainted on the spot. Xin Pi also opened his mouth wide and said in shock, "This, this thing can be rented? Where did you rent it?"

Yunxiao smiled and said, 'I've never told you. Hurry up and let him go. I don't have much patience. Moreover, this six sect stellar observation formation is also incomplete. If it flickered for a long time, it would be triggered automatically. At that time, don't let a large number of people die unjustly.'

This was an undisguised threat, but the Zhou family could only swallow it.

fifty-five million mid-grade primordial stones!

Zhu Jin also muttered to himself in a daze, " "This kid is really ruthless!"

Ao Dijia's eyes flickered as he said coldly, " "This kid is a tough one. He knows that this operation is a sure-win situation. Boss Xin would never allow the blueluan warship to explode here. That's why he's been standing on an undefeatable ground from the very beginning."

Zhu Jin's face turned ugly. this is really troublesome. This kid seems to be playing with the blueluan warship. I wonder which force is behind him. Now, even a fool knows that there's something complicated behind Yanwu."

His words were said intentionally or unintentionally. Unlike ao Dijia, he did not lower his voice. When his words were heard by the surrounding people, they all frowned.

This was especially true for the Zhou family. Zhou Changfa and Zhou yangbiao's faces were as dark as they could get.

How could they not know that Yunxiao had someone behind him? but how could they swallow this great humiliation? Their eyes were bloodshot, and they looked like they would go berserk and kill someone at any moment. The people around them subconsciously backed away.

After the time it took to brew a cup of tea, a familiar figure was brought out by the Zhou family, immediately attracting everyone's attention.

Everyone wanted to see what kind of Princess this young man would save at the cost of offending the Zhou family.

Ruxue was only a warrior of the origin realm. Under the pressure of these Masters, her face turned extremely pale. She felt like a bird in a cage, and no matter how the people around her looked at her and commented on her, she couldn't help but turn pale.

She was so anxious that she began to cry. Under the attention of thousands of people, she was like a Snow Lotus that could be blown away by the wind at any time. She was so delicate and helpless, and her shoulders trembled.

"You're always like a big sister, Why do you cry so much now?"

Yunxiao chuckled. His whole body exuded the scent of sunshine, which spread out in the cold winter and brought warmth.

Qin ruxue's body trembled and she hurriedly looked up. It was that delicate and pretty face. Her tears flowed even more freely, covering her face like a river that had just broken its dam.

"Wuwu, Wuwu, Yunxiao, take me back. I don't want to stay here. Wuwu, Wuwu."

He had fantasized about this scene thousands of times, but it actually appeared in front of him.

On the general's platform outside the capital, among the many experts, he was the one who risked his life to save her. From that moment on, the figure standing with a sword in his hand was forever engraved in her heart, and could never be erased.

She had hoped countless times that he would come to save her, but at the same time, she had hoped that he wouldn't come. Not even the state of Tianshui could afford to offend the four aristocratic families, let alone the son of a general of Tianshui. She had thought that she would be humiliated in the Zhou family, imprisoned for the rest of her life, or tortured to death.

However, after she came to the Zhou family, she had been locked up in a room. No one had come to see her or humiliated her. It was only later that she found out that he had used an extremely precious promise in exchange for her safety in the Zhou family.

At this moment, that handsome face overlapped with the countless fantasies she had had, and Qin Ruxue couldn't hold it in anymore and burst into tears. The more she cried, the warmer she felt. The coldness in her heart gradually dissipated.

A deck appeared on the blue-luan warship and slowly extended to the bottom of Ruxue's feet.

"En!"

Yunxiao nodded heavily and said, "Let's go home. From now on, no one will dare to bully you. Whoever dares to touch you, I'll kill his entire family!"

"?!"

Everyone's expression changed drastically. Those ordinary words seemed to have a trace of magic, making everyone feel a bone-chilling cold.

Xin Pi's expression also changed slightly. He was a five-stars Martial Emperor, and his state of mind had long reached the level of an ancient well without ripples. However, for some reason, he was also shocked by these calm words.

The vicissitudes of life and indifference in his words made it seem as if he regarded all the living beings in the world as dung and killed people like crushing ants. It was a truly transcendent and indifferent attitude, as if there was nothing in the world that could be placed in his heart.

Xin Pi's face gradually turned serious. He had thought that Yunxiao was talented, but he was just a teenager. However, at this moment, he felt a sense of coldness and extreme danger. It was as if this young man was a deeply buried explosive, and if he was not careful, he would be blown to pieces at any time.

The Xingyang family was like this, and the Zhou family was almost like this, but what if it was the imperial family?

Xin Pi's pupils shrank in horror, and his heart felt as heavy as a big stone.

The faces of the people of the Zhou family changed drastically, and their pupils turned bloodshot, wishing they could rush up and bite Yunxiao to pieces.

Zhou yangbiao took out a storage bag and threw it over. He shouted, "Here are 55 million mid-grade primordial stones! On the Golden Crow Lightning Platform, my Zhou family will personally crush every single bone in your body!"

Yunxiao smiled and walked down the deck. Without even looking at Zhou yangbiao, he took the storage bag and put it away. He walked to Ruxue, reached out his hand, and said softly, "Let's go home."

"Wuwu!"

Ruxue cried even harder. When she reached out, a strong hand held her hand and led her onto the battleship. She felt a sense of happiness.

"You coward!"

Zhou Yang was so angry that he went mad. Yunxiao's contempt for him made the harsh words he had just said appear pale and empty, and he was so ashamed that he almost bled.

Xin Pi looked around and then said in a deep voice, "Young master Yun, do you have any other conditions? If there's none left, please take this battleship and leave as soon as possible."

"Hehe, thank you Dean Xin for granting my wish!"

I'm fine! Yunxiao cupped his hands and said with a smile, "I'm just taking back what belongs to me. Everyone, we shall meet again."

He smiled and looked in a few directions in the crowd, and said loudly, "Brother Wang Chen, thank you for your care these days. Also, Lord Cheng Feng and Lord Mo Di, thank you for your care. Master Baili gongjin, thank you for your care."

Wang Chen cupped his hands and smiled politely. However, when he heard the last part, his smile froze on his face and he looked stunned.

Cheng Feng and Mo Xiao also frowned. A glimmer of light flashed in their eyes, and their mouths were slightly open.

Baili gongjin was stunned for a moment, and then he smiled bitterly.

Yunxiao took in everyone's expressions. He smiled and waved at them. A moment later, the light on the entire Starship gradually weakened and suddenly turned into a ray of light, flying towards the sky.

Thousands of people stared at the warship, and it was only after it had disappeared for a long time that they all turned their eyes back. All of them heaved a sigh of relief, but their expressions were different, each having their own thoughts.

Zhou Changfa's eyes fell on the crowd and he said coldly, "Wang Mang, Cheng Feng, Mo Qian, aren't you going to give the Zhou family an explanation?" He turned to Baili gongjin with the same cold look and said, "Also, master Baili, what happened to that pill just now? I really want to know!"

Baili gongjin's face changed, and he said angrily, "Zhou Changfa, what do you mean? Are you suspecting that I've secretly changed the pills or poisoned them?"

"Lord long-haired, this is that brat's plan to drive a wedge between us!"

A man with a refined appearance walked out of the crowd and cupped his hands. "Before today, I've never even seen this person. He only said hello before he left, but he was just trying to be mysterious. Lord long-haired, please don't fall for his trick."

This person was the head of the mo family, Mo Yi.

Chapter 236-wisdom and courage

Although Yunxiao's provocation was very childish, the people of the Zhou family were now somewhat delirious with anger, and it was a sensitive period before the opening of Mount Meru. Any small misunderstanding could lead to a great disaster. Hence, mo Xiao had no choice but to explain herself.

"That's right. That kid deliberately mixed things up in order to benefit from it. This has caused our four great clans to be suspicious of each other." Cheng Feng also walked out. master Baili is a man of virtue and prestige. To think that he's also dragged into this. This is really infuriating! he said.

Zhou Changfa clenched his fists and shouted angrily, " you mean I'll fall for such a childish scheme? "

Mo Xiao and Cheng Feng were stunned and immediately shut their mouths. She criticized him in her heart,"it's obvious, but you still want to point it out. Aren't you afraid of embarrassing yourself?"

However, the two of them did not dare to reply. Zhou Changfa was the Grand Elder of the Zhou family, a generation higher than them. Although the two of them were the heads of aristocratic families, they didn't dare to offend him. Moreover, the Zhou family was right at the mouth of a volcano. If they accidentally spewed it at him, they would be the fools.

"And Wang Mang, why don't you come out and say something?" "All this time, your Wang family has been sending ten experts to monitor our Zhou family. Have you never recognized that kid?" Zhou Changfa glared at them and scolded.

A man in silk sighed and looked at Wang Chen with a bitter smile. He had to walk out of the crowd and explain respectfully, " Lord long-haired, we do know that li Yunxiao. Young master Yushan and master Yuan Hao of The Alchemist Association knew the details of the deal. Other than that, I have no other connection."

"Hmph! What a good "no other connection"!"

Zhou Changfa snorted and ignored him. He turned to Baili Gongsun and said,"Master Baili, I also respect you as the president of The Alchemist Association, a sixth-tier Alchemist, and an existence that disdains

the Three Kingdoms of the southern region. But, the pill was being watched by tens of thousands of people, and it was impossible for Yunxiao to avoid so many eyes. I want to know what's going on!"

Baili gongjin's face seemed to be covered in a layer of ice, and his eyes turned cold. For so many years in firecrow Empire, no one had ever dared to question him like this. Not to mention that he was not giving him any face in front of tens of thousands of people.

The Alchemist Association was an independent organization with branches everywhere on the heavenly martial continent. It was a huge and transcendental existence that did not listen to any power. Even the divine capital of the Holy region had never listened to orders.

Zhu Jin's face changed slightly. He stood up and said, "Brother Changfa, there's something fishy about this. I can guarantee with my life that it's not master Baili's doing. Elder Zhou Bo's death has saddened everyone. Let's calm down and think of a plan."

He knew that Zhou Changfa had indeed lost his mind in anger. Otherwise, he would never have offended a sixth-tier Emperor Alchemist. Looking at Baili gongjin's face that was almost dripping with water, his heart was also drumming. He was worried that the Zhou family would bring an unexpected disaster because of this, and if it was even more serious, it would develop to the point where the whole firecrow Empire's aristocrats and The Alchemist Association would break off. The consequences would be even more unimaginable.

Xin Pi also thought of the consequences and hurriedly said, "Master Baili, Zhou Changfa is too angry. You've also seen what happened today. I'm afraid that no family would be able to calm down after what happened today."

Baili gongjin's face darkened as he said coldly, "Zhou Changfa, I'll pretend I didn't hear what you just said! However, from now on, my Alchemist Association will have no more contact with your Zhou family!"

After he said that, he turned around and left in anger.

The crowd immediately cleared a path, followed by a few powerful auras, all of which were Warriors who followed Baili gongjin. In the tense situation just now, all of them were ready to take action.

Zhou Changfa was shocked and calmed down a little. He immediately realized that he had done something stupid!

The consequences of breaking off relations with The Alchemist Association would be that it would be difficult for him to get powerful Alchemy products in the future, and the supply of profound weapons and pills would also be extremely reduced. He was immediately extremely vexed, so angry that his chest was about to explode. If he wanted to repair this relationship, he would probably have to pay a great price.

Impulsiveness was truly the devil!

It was all Yunxiao's fault. I hate him! I hate him so much!

His remorseful expression fell into everyone's eyes. All of them were secretly laughing, gloating over his misfortune. The patriarchs of the other three families squinted their eyes and looked at each other. They were all laughing in their hearts.

Xin Pi shook his head slightly and sent a message to Zhou Zhoufa, "There's still room for improvement in our relationship with The Alchemist Association. But the most troublesome thing now is Yanwu. Their behavior is too strange, and their strength is mysterious. Before Mount Meru opens, don't mess with them."

"What?"

Zhou Zhou was furious and said with a gloomy face, "How can the Zhou clan take this lying down?!"

Xin Pi glanced at him indifferently and said indifferently, "Is one breath more important, or is the inheritance of tens of millions of years more important? Do you think it's a coincidence that a Li Yunxiao suddenly appeared when Mount Meru was about to open? He can even play with the blue-luan warship. Do you really think he rented it?"

He looked at Zhou Changfa, whose expression was getting uglier and uglier, and sighed, "Endure for a while, and everything will be fine. For a force that can take out a blue-luan warship at will, annihilating

your Zhou family is no different from crushing an ant. In front of such a powerful force, what face do you have?"

The expression on Xin Pi's face gradually turned cold. He snorted, "If your Zhou family wishes to seek its own destruction, I will not stop you. However, if it affects the opening of Mount Meru, you will be the first one I, Xin Pi, will kill!"

Zhou Changfa also knew that Mount Meru was a big deal and could not afford any mistakes. He was so angry that his teeth were chattering. He said, "If I kill this kid in the arena of life and death, I'll have nothing to say!"

"That's right," Xin Pi nodded gently, "on the Golden Crow Lightning God platform, life and death are all up to one's own ability. Yushan was indeed talented, but he couldn't be careless. This kid is extremely strange."

Zhou Changfa snorted coldly, "thank you for your reminder, Lord Pi." Yushan is currently in closed-door cultivation and will be able to break out in seven days. At that time, he will naturally be able to take revenge for the humiliation!"

Xin Pi knew that he was extremely unhappy and said, "That's good. At least you can save some face for the nobles of firecrow Empire. However, this brat said, "forget it, just be careful. I don't think it'll be that simple."

Zhou Changfa was already feeling depressed, and he was even more upset after hearing what he said. He said, "Yushan is a man of great fortune. No one in the younger generation of the firecrow Empire can rival him!"

Xin Pi knew what he was feeling, so he didn't argue with him and smiled. His eyes fell on Zhu Jin and ao Dijia, and he said seriously, "The situation is getting more and more complicated, and the allocation of spots at Mount Meru is about to be out. Bring out all the power of the temple of worship. We must maintain the safety and stability of Shangyang city."

His eyes swept over Cheng Feng and the other two at the same time, and he said, "you three aristocratic families can't be careless either. At this time, you must put aside all your schemes and infighting, work together to deal with any possible situation, and wait for orders at any time!"

“Yes!”

The three clan heads hurriedly cupped their hands and respectfully said.

Xin Pi nodded with satisfaction. He glanced around the crowd and said indifferently, “All the great families and sects, listen up! In this period of time, if anyone dares to cause trouble, kill them without mercy!”

His cold gaze swept across the crowd like a Dragonfly skimming the surface of the water, but it made everyone feel as if he was staring at them, and they all took a few steps back in fear. It was as if there was a sudden chill, and everyone’s faces were pale.

“Hmph, you only know how to bully the weak and fear the strong. That li Yunxiao is safe and sound after all the trouble he has caused, so we’ll be killed without mercy.”

A dissatisfied voice muttered in the crowd, but because it was too quiet, everyone could hear it clearly even though it was extremely soft.

Xin Pi flew into a rage. This was simply a slap to his face and a disgrace to the imperial family. His gaze was like a sharp blade as he stared at a small figure in the crowd.

The man was shocked, and his face turned pale, as if he had been thrown into an ice cellar. He felt a chill run down his spine from the piercing gaze. Only then did he realize that he had caused a huge disaster.

Xin Pi coldly stretched out his hand and pointed. The man’s body gradually floated up three or four meters in the air before stopping. No matter how hard he struggled, he couldn’t come down.

“How dare you!”

Xin Pi spat out two words and pointed his index finger.

“Bang!” The man was directly blown into pieces in the air, his flesh and blood splattering everywhere. The people below were all shocked, but the crowd was too crowded, and many people were still frightened.

“Anyone else has any objections?” Xin Pi stared at the crowd coldly. Those who were stared at by him were so scared that their legs turned to jelly and they hurriedly squeezed back.

He coldly glanced around and snorted, “All of you, get lost!”

“Huala!

The crowd immediately dispersed, and almost all the forces in Shangyang city were gathered here. Now that they had suddenly scattered, it was also extremely crowded. There were endless cries and curses, and many people were stepped on. It was unknown whether they were alive or dead.

Some of the experts from the big sects and forces used their true energy to open up a path for their own people, making the rest of the crowd even more crowded.

Yu Rong also opened up a vacuum zone. Looking at Ding Ling ‘er, who was deep in thought, he said, “Miss, shall we go back too?”

Ding Ling ‘er came back to her senses and nodded slightly. Her eyes were full of spirit. “It’s courage to be fearless in the face of danger under the Martial Emperor realm. Among ten thousand people, to come and go freely was wisdom. Yunxiao is really a man with both wisdom and courage! I was right!”

237 Extravagant cultivation

“Although the method this kid used to leave was very low-level, it produced unexpected results,” Yu Rong said in silence. The complete fall out with The Alchemist Association was undoubtedly a huge blow to the Zhou family, even more serious than the blow to their reputation this time. Furthermore, there will be some estrangement between us and the other three great clans.”

this kid is indeed impressive," he said emotionally. he has such cultivation at such a young age, such means, and such wisdom. If he is allowed to continue developing, it will be terrifying!

Ding Ling'er's beautiful eyes flickered from time to time as she listened, and a strange smile appeared on the corner of her mouth.

On a small building in the distance, Xin ruyu watched the crowd disperse with a gloomy expression. He tapped his index finger on the table, as if he was planning something.

"Uncle Yue, do you think Zhou Yushan will win the competition in seven days?" he suddenly asked.

Yue jiulin's figure gradually appeared behind him, and he said in a low voice, "Zhou Yushan's body is abnormal, and he's born to be fickle in love. Now that he's received the favor and inheritance of the emotion severing mountain, I'm afraid that after he comes out of his closed-door cultivation, he'll have no match among the younger generation of firecrow Empire. But, Yunxiao had survived Zhou Changfa's punch just now. Although it was only the aftershock, it was not something he, a mere martial Lord, could withstand. I have a feeling that the power behind Yanwu might still be on top of emotion severing mountain."

A cold glint flashed in Xin ruyu's eyes as he said arrogantly, "It's hard to find an opponent in the younger generation? I wonder how these two compare to my twenty moonlit bridges?"

"Of course not," Yue jiulin replied with a smile. He stretched his body and said with a smile, "besides, li Yunxiao is too arrogant. I'm afraid he'll die before he can grow into a man. Even though Zhou Yushan has received the inheritance of the emotion severing mountain, his natural talent is limited, so he's only at that level."

"Hmph, uncle Yue, you've underestimated Zhou Yushan. The unruffled heavenly book of the emotion severing mountain is one of the most powerful items in the entire southern region."

Xin ruyu sipped his tea unhurriedly. Even though he spoke with great importance, his face had a trace of disdain.

Yue Jiulin laughed noncommittally and said, "Although the unruffled heavenly book is extraordinary, Your Highness is cultivating Jutian Sect's void treasure Scripture, which is only stronger than the unruffled heavenly book. Furthermore, there's also the twenty-four moonlit bridges of the heavenly jewel sect, the number one person among the younger generation of the southern mountain range, the Crown Prince."

Xin Ruyu's gloominess was swept away, and he smiled faintly. "I've already mastered two of the cultivation techniques of the three major sects of Firecrow Empire. He was only missing the unruffled heavenly book of the Severed Love Mountain. Unfortunately, he had been rejected several times when he came to ask for advice. I'd like to see how powerful the unruffled heavenly book is after Zhou Yushan has mastered it."

Yue Jiulin looked at him with pity and said, "Your Highness, cultivation techniques are secondary. The most important thing is to improve your own cultivation. This is the right way!"

.....

Just as Shangyang city was in an uproar, the blue-luan warship sailed through the clouds and came to the sky above the Supreme Palace.

Although Yanwu had the nine Dragons energy-absorbing array, all the spiritual energy within thousands of miles had been absorbed by the divine realm tablet, so it could no longer provide any spiritual energy. Although the Supreme Palace wasn't a spiritual mountain or treasure land, it could still be used as a temporary residence. Yunxiao was already considering striking Jutian Sect.

The three strongest sects in Firecrow Empire were led by Jutian Sect, followed by the heavenly jewel sect and Emotion Severing Mountain. Logically speaking, the stronger the sect was, the more resources they would be able to seize. Therefore, within the Firecrow Empire, the spirit mountains and treasured lands of these three sects must be the places with the most abundant natural energy.

"That brat Qi Feng has most likely become a martial Supreme in the eight desolate realm, one of the Supreme experts in the eight desolates. Even the self-destruction of the blue-luan warship won't work."

Yunxiao sighed slightly. Obviously, this method did not work.

Ruxue, who was beside him, was still holding his arm and snuggling up to him, as if she was sleeping soundly.

“Teacher Luo, please help her. Women are really monsters, they can fall asleep while standing.” Yunxiao looked at ruxue, who was sleeping sweetly, in surprise. He tried to push her away and pull his hand out, but found that it was clutched tightly by her, and he could not get it off even after trying a few times.

Behind him, Luo yunshang’s calm face was rippling with emotions, and she had an indescribable feeling in her heart.

“I’ll do it.” She walked up and gently patted ruxue’s back. Only then did ruxue loosen her grip and pull her into her arms.

“Phew, I’m finally free!”

Yunxiao moved his arm and pointed at his forehead. A beam of light shot out of his hand and into the Supreme Palace.

A huge divine realm tablet fell down. After a flash of flowing light and vibrant colors, it turned back into a simple stone tablet and stood below. In the depths of the ground, the spirit Qi where the Supreme Palace was located surged into the divine realm tablet crazily.

“Let’s just go in.” With a few hand seals, the blue luan warship began to shrink rapidly as it drove toward the divine realm tablet.

Yunshang watched Yunxiao’s every move calmly, then glanced at ruxue in her arms. For some reason, a hint of resentment appeared on her face as she sighed slightly.

“Kid, are you really stupid or are you just pretending?”

Yunxiao was about to go out when yunshang asked him a question from behind. He paused for a moment, then smiled and said, “teacher, what you said is so profound. I don’t understand.

Yunshang was exasperated and said, 'I knew you were playing dumb! Ruxue or mengwu, which one do you like? Don't tell me you want both?'

Yunxiao scratched his head and said, "Teacher, what are you talking about? we're just students of Galan Academy. Didn't the Academy state that you're not allowed to date? I'm blushing and my heart is beating fast."

Li Yunxiao, you're still playing dumb!

Yunshang did not know why, but she felt very, very angry, so angry that she wanted to hit someone! But, in a flash, he found himself in Mount inch, and Yunxiao and the blueluan warship had disappeared.

The divine realm tablet was connected to Yunxiao's mind, so he was a God in this world. With a single thought, he could travel ten thousand miles in an instant.

Slightly dazed, yunshang sighed softly and said, "Little girl, get up. She has already left."

Ruxue, who was in his arms, moved slightly. She looked up shyly, blinked her big eyes, and said with a red face, "teacher Luo, do you think young master Yun likes me? "

Yunshang smiled wryly and said, 'if I don't like you, why would I take such a big risk to save you? It's just that Yingluo "

Ruxue was overjoyed, but she immediately said nervously, "But what?"

Yunshang sighed and stroked her hair as she said softly, "I'm just afraid that the falling flowers will intentionally follow the flowing water."

Ruxue's pupils slightly trembled, and she lowered her head in a daze.

.....

Yunxiao stood in the sky above Mount inch, and he could sense everything happening inside the divine realm tablet with his divine sense.

The overall strength of the three groups had been greatly improved, and many alchemists in Mount innerheart had also made breakthroughs, so everyone was cultivating very hard. It was because they might never encounter the resources that the divine realm tablet could provide in their entire lives. No one was willing to give up such an opportunity.

However, Meng Wu and Meng Bai were still in a deep sleep. After cutting off the spiritual energy from the outside world, the primordial Qi in the divine realm tablet was being consumed at an extremely fast speed, and it seemed to be running out.

He pondered for a while, then went deep into Mount innerheart, where the center of the spiritual Qi was, and began to cultivate.

The spirit Mountain where the Supreme Palace was located was considered a medium-level place in firecrow Empire, at least much more abundant than when it was in Yanwu. But for Yunxiao, it was still far from enough.

He grabbed a storage bag and threw it into the air. With a light tap of his finger, it exploded with a "bang".

The mountain-like pile of primeval stones was white and mesmerizing as they rolled down.

Yunxiao's eyes narrowed slightly, and his pupils suddenly turned into blood-red crescents. Streams of mental power gushed out and turned into Thunderbolts that struck the primordial stones.

"Boom boom boom!"

All 55 million medial-grade primordial stones exploded at this moment!

If other martial artists saw him using vitality stones like this, they would probably be so angry that they would bang their heads against the wall. If the Zhou clan knew about this, they would definitely vomit

blood and die. Even for the Zhou family, these primordial stones were not a small sum, but Yunxiao had actually used them up so casually.

The spiritual Qi spread out in all directions like a sea, instantly forming a sea of spiritual Qi. It spread across the entire foot of Mount Innerheart like a spiritual spring, endlessly rolling in.

Yunxiao's eyes regained their clarity as he sat down cross-legged.

"One Qi of creation, absorb it!"

At this moment, he formed a seal with one hand and remained motionless. It was as if he had turned into a stone at the bottom of the mountain and had quietly existed for countless years. He had almost become one with the mountain.

The almost tangible spiritual energy rolled over and seeped into his limbs and bones through every pore. His entire figure was enveloped by the massive spiritual energy and turned into a hazy mist.

Just like him, there was also a small sapling in front of him that was also absorbing spiritual Qi. It looked ordinary, but the speed of absorption was even higher than Yunxiao's. It was the Kunwu Divine Tree that Yunxiao had brought back from the South Sea, and he had planted it directly in the source of the spirit Qi in the tablet.

Just like that, the man and the tree were completely immersed in the sea of spirit Qi.

However, the amount of spiritual Qi contained in these 55 million origin stones was so great that it was difficult to estimate. As they absorbed the spiritual Qi, it spread toward Mount Innerheart. Soon, everyone could feel that the concentration of the surrounding spiritual energy was rapidly increasing. They were pleasantly surprised and began to concentrate on cultivating.

As the density of the spiritual Qi in Mount Innerheart increased, in a certain cave deep underground, a change was slowly happening.

Meng Bai's big cocoon suddenly came to life. The Scarlet shell of the nine neonate purple-striped flood Dragon had turned back to white. At this moment, it was emitting beams of nine-colored light as it devoured the spirit Qi, and its speed was no slower than Yunxiao's.

Seven days later, the pure white cocoon suddenly shot out rays of light in nine colors, illuminating the entire cave.

The cocoon gradually became transparent, and even the tiny patterns on it became clear. A surge of power kept vibrating out, as if a heart was beating inside. The frequency became faster and faster, and it spread far and wide.

238 Mengbai's breakthrough

"This is Yingluo?"

A surprised voice came from outside the cave, and then several figures entered one after another.

Xiao qingwang, Qian Duoduo, Neng feichen, and Li Chunyang were all martial grandmasters, and they had all felt the surging force and were attracted to it.

"What a surging spiritual Qi of heaven and earth. What is inside this big cocoon? When did such a thing appear at the bottom of Mount Innerheart?" Li Chunyang asked in surprise.

I think we'll have to ask young master Yun about this," Neng feichen said with a frown. he must be the one who got this thing.

Just as they were discussing, the large cocoon suddenly cracked open, and a surge of power gushed out in all directions, causing the entire cave to shake.

They were all martial grandmasters, so they were naturally unafraid. They circulated their true Qi to protect their bodies, allowing the force to attack them without any harm.

Xiao qingwang frowned and asked in shock, "What kind of power is this? It's actually corroding my true Qi!"

The other three also felt the same way. Li Chunyang said in horror, "this power itself is not strong, but it can rapidly consume true Qi. It's too terrifying.

From the source of the power, where the cocoon had cracked open, a naked young man walked out in a daze. His eyes were misty and his skin was actually nine-colored. The light was constantly rotating and it was extraordinary.

Meng Bai?!

Li Chunyang's eyelids twitched, and he said in surprise, "Meng Bai? That brat Yunxiao brought him to recuperate and placed him inside this large cocoon?"

I'm a cricket. Meng Bai frowned, his mind blank as he tried hard to recall. The scene gradually became clear, and his eyes suddenly lit up. The confused expression on his face was swept away, and two rays of bright light shot out, full of vigor!

Lord Xiao, old man, what are you doing?" Meng Bai looked surprised when he saw the four of them. Then, he found himself naked, and a shy look flashed across his face.

Xiao qingwang threw out a set of clothes. As soon as the clothes left his hand, they immediately corroded in the air and turned into ashes in the blink of an eye, leaving nothing.

"?!"

They looked at each other in horror, then Li Chunyang said in a deep voice, "Meng Bai, restrain your aura.

Meng Bai was taken aback, and he said in surprise, 'restrain your aura? I don't know how to do that.'

A voice suddenly came from outside the cave, "Pig! Will guard the dantian, Yuan as one."

"Master!"

Meng Bai was overjoyed to see that the man was Yunxiao. He hurriedly sank his primordial Qi into his dantian, and the corrosive air in the air was gradually absorbed into his body and completely purified.

Yunxiao threw out another set of clothes, and Meng Bai hurriedly put them on. master, I feel so powerful. I've never felt so powerful before! He waved his fist in joy, and wherever the wind from his fist passed, a bowl-sized hole was corroded in the stone wall of the cave.

Xiao qingwang and the other three looked at each other. It was not a big deal to make a hole with a punch, but Meng Bai's punch was not strong. It was just a casual swing, but his genuine Qi had such a strong corrosive effect. If it was an enemy, the other party would have to use several times the strength to defend.

"Not bad. You've finally developed a part of your Heaven Earth venomous body under the stimulation of the venomous blood. From now on, your cultivation speed will far surpass the others."

With an envious look on his face, Yunxiao praised, "the world's metamorphosis is a blessing from the heavens. Although you only have the strength of a Martial Master now, you can fight with a great Martial Master.

"Martial Master?" Meng Bai was surprised, but then he was overjoyed. He laughed and said, "Haha, I was wondering why he was so powerful! So I'm already a Martial Master. I've crossed a major realm just by sleeping! Wow, master, you're the best! Just let me sleep!"

Xiao qingwang and the other three were so shocked that they almost bit their tongues. They were so shocked by Meng Bai's corrosive true energy that they didn't notice his cultivation base. After a quick check, they found that he was a three-stars Martial Master!

His master had advanced a major realm in just a few days. Now, he had not seen his disciple for a few days, and she had also crossed a major realm.

The four of them had the urge to bang their heads against the wall. How could they live with such an abnormal advancement speed?

the most important thing for you now is to cultivate the tyrant body tempering technique, " Yunxiao said with a smile. it can maximize the potential of your body. The path of martial Dao is never-ending. Your little achievement is not even enough to enter the gate."

Hearing Yunxiao's words, Xiao qingwang felt that his self-esteem and self-confidence had been hit hard, so he changed the subject. "Young master Yun, seven days have passed. Are you planning to go to the Zhou family's meeting?"

of course! Yunxiao narrowed his eyes and smiled. I'll go.

With a worried look on his face, Li Chunyang said in a deep voice, " "You've completely offended the Zhou family, and it's almost a situation where they won't rest until you die. On this stage, they would definitely arrange a trump card. In my opinion, why don't we stay far away from firecrow Empire and find a great mountain to cultivate? With your talent, it won't be long before you come back to settle the score with them."

Yunxiao laughed. you don't have to go through so much trouble! He's just a child of a noble family. I don't even put him in my eyes."

Li Chunyang said,"I'm worried that even if you win, you might not be able to leave!" The Zhou family has been standing in firecrow Empire for thousands of years, and they've survived all kinds of storms. How can they not be able to deal with you?"

As a general of Tianshui, he had always had a deep-rooted fear of the aristocrats of firecrow Empire. Even Xiao qingwang was the same. They were not worried that Yunxiao could not win, but that even if he did, he would not be able to escape unscathed.

if we can't retreat in one piece," Yunxiao said indifferently, "we can just take out the blue luan warship and blow up Shangyang city.

this Wufu! the few of them were stunned speechless and shook their heads with bitter smiles.

Yunxiao chuckled and no longer paid attention to the others. He took a step forward and disappeared from the divine realm tablet, then reappeared in Supreme Palace.

The DarkThunder, who had been standing guard beside Meng Wu, suddenly opened its eyes wide, and a hint of joy appeared on its face. Then, its figure gradually disappeared, and in the next moment, it appeared in front of Yunxiao.

"Not bad, it's indeed a hybrid demonic beast. It has reached the peak of the martial ancestor realm so quickly. When I have time, I will find some herbs to help you break through the shackles of Five Element realm and enter a higher level." Yunxiao smiled as he stroked DarkThunder's fur.

The beast seemed to be able to understand him. It twisted its body excitedly and rubbed itself against Yunxiao's body. It was perhaps the one who believed in Yunxiao the most among the crowd. Its demon beast instinct made it feel how terrifying and powerful this human was.

haha, you better behave yourself now. Later, you'll show me your might!

Yunxiao laughed and patted its head, then mounted it and flew toward Shangyang city.

The DarkThunder's four legs stepped on the crackling lightning as it flew in the sky. It was a magnificent sight.

In the divine realm tablet, Yunxiao's soul-form was still meditating. Suddenly, Duan Yue appeared, looked at him, and said, "Are you really going to accept the challenge? If I die, who will be responsible for unsealing me?"

Yunxiao's eyes were still closed as he snorted and said, "If I die, you'll be sealed for the rest of your life."

“F \* ck!” Duan Yue cursed and said lazily, “If you’re about to die, remember to shout. I’ll immediately jump out to save you and run.”

He paused for a moment before continuing, “but you’re a freak. Even I can’t tell how strong you are.” You’re just a child of a noble family. Although I’ve never seen you before, it’s undoubtedly a fool’s dream to defeat you! It’s only been a few days and you’ve advanced another star! If you tell me how difficult it is to advance again, I’ll strangle you!”

Yunxiao opened his eyes slightly and chuckled. “Enough about me. The true energy you’ve accumulated should be enough for you to break through the bottleneck of a two-stars Martial Emperor and advance to a three-star Martial Emperor, right? Do you know how many vitality stones I used to become a four-stars martial Lord? The 55 million origin stones have all been used up.”

“What!” Duan Yue was startled, and he stomped his feet and said, “Prodigal, you’re really a prodigal! Why did I say that the spiritual Qi suddenly became so abnormal?”

Yunxiao snorted. don’t act like you’ve got a good deal. If I hadn’t selflessly offered all the spirit energy in the primordial stones, you wouldn’t have been able to touch the bottleneck of three-stars Martial Emperor so quickly!

He continued to close his eyes and didn’t make a sound.

Duan Yue mumbled a few curses, and then his figure disappeared in a flash. In the distance, a faint voice came, “remember to call me if you’re about to die. Don’t try to save your face!

Yunxiao, who was on the DarkThunder, smiled and muttered, “No one in the southern region can kill me!”

A bolt of lightning streaked across the sky. DarkThunder stepped on the lightning and flew toward Shangyang city.

.....

After Yunxiao made a scene in the Zhou family, the entire Shangyang city was in an uproar.

This was the first time in thousands of years that someone had challenged the authority of the four great clans. For the past seven days, this matter had been spread all over the streets and alleys. The first thing they said was to talk about the Zhou family. Otherwise, it would seem that they were not up to standard and would lose face.

In particular, the surging forces from all sides had their eyes on Yanwu. For the first time, this newly rising force had entered the eyes of all the forces in Firecrow Empire so seriously. They all wanted to see through him and find out why he dared to provoke the Zhou family.

Everyone was waiting for the day of the competition, and they seemed to be more nervous and excited than any other Festival. There were even some busybodies who opened up many bets, and for a time, the gambling business was booming.

I bet 10000 medial-grade primordial stones on Zhou Yushan winning!

At a betting table, a young man called out in a high-key manner and casually threw out a bag of vital stones.

This shocked everyone around them. Most of them bet on Zhou Yushan's victory. After all, the Zhou family had been tyrannical for a long time, and they were all very powerful. However, it was still extremely rare for someone to be able to take out so many primeval stones at once.

The Zhuang family looked at him in surprise. This person had fair skin, a slightly green face, and an extraordinary aura. He was obviously not an ordinary person. They did not dare to delay and quickly counted the primordial stones.

That's right, it's 10000 mid-grade primordial stones! The dealer carefully kept it and looked at the person in front of him. "Sir, are you sure you're going to place a bet on Zhou Yushan?"

The young man revealed a smug expression and said proudly, "Of course! Young master Zhou is an outstanding talent among the younger generation of Firecrow Empire, and he is also a disciple of Emotion Severing Mountain. He will win for sure!"

Chapter 239-gambling match

When the people around heard this, they immediately perked up their ears, wanting to listen carefully. But the young man didn't say anything.

One of them could not help but ask, 'but the city Lord of Yanwu, Li Yunxiao, is also very strong! That day at the Zhou family, he was struck by Zhou Changfa's palm, but he was still safe and sound. It was too strange! I saw it with my own eyes, it's not fake!"

"Yup! If he could compete with old Zhou, even a hundred Zhou Yushan wouldn't be enough to go with his wine!" Everyone chimed in.

The young man looked at the man with contempt and sneered, "A martial Lord is fighting against old master Zhou and a Martial Emperor? Are you joking? Look at your big head, is it full of shit?"

The young man saw that the man still wanted to refute, so he coldly sneered, "I'm telling you, Yunxiao used a sixth-tier ancient talisman to block old master Zhou's attack. A sixth-order ancient spiritual talisman, do you know what it is? It was equivalent to a sixth-tier profound armament, and it was a one-time use item. That meant Yunxiao had to waste a sixth-tier Mystic artifact to keep his life! A mere martial Lord? Hmph! You have to know that Zhou Yushan was already a martial Lord before he was favored by the Emotion Severing Mountain!"

"I see!" The people around him were all enlightened, and their eyes lit up with excitement. They couldn't help but place their bets on Zhou Yushan.

There was still a more cautious person who asked carefully, "With all due respect, how can this Lord be so certain?"

The young man revealed an impatient expression and said coldly, "It's not a secret, many people know about it." He swept his gaze across the crowd and said smugly, "Have you ever heard of the four extreme Chamber of Commerce?"

“Four level Chamber of Commerce?” One of them was shocked and said, “ one of the seven Chambers of Commerce in the merchant Union, the four extremes Chamber of Commerce, known for its intelligence network? ” “Did you get the news from the four extreme Chamber of Commerce?” he asked in shock.

The other person also revealed a look of disbelief and shook his head, “ it’s said that the four level Chamber of Commerce has the best information in the world, but it’s also extremely expensive. Any piece of insignificant information can be sold for a sky-high price. It’s not something ordinary people can afford.

The young man smiled and took out two small booklets. He waved them in front of the crowd and laughed, “Everyone, you’re all right. But this time, in order to make a name for themselves, the four level Chamber of Commerce had specially printed this information booklet. It recorded all kinds of information and strength comparisons between Yunxiao and Zhou Yushan in detail, including what they usually ate and how many minutes they could last in bed. If you don’t believe me, take a look.”

The crowd looked at the two booklets and saw that they were ‘li Yunxiao-the shocking secret behind Yanwu’ and ‘Zhou Yushan-the unspeakable story of emotion severing mountain’.

“?! There’s actually such a thing? Sir, can we take a look?”

The young man’s face turned cold as he put away the two booklets. He sneered, “This book costs 1000 mid-grade primordial stones each. I spent a huge sum of money to buy it. How can I show it to you poor people? If you want to see it, buy it yourself. Sell it on Huangcheng road, limited to 1000 copies, until sold out.”

“Only 1000 books?” Everyone was shocked and hurriedly started discussing, “ one book is too expensive. Let’s buy it together and benefit together.

“This thing is a Kasaya, it can’t be fake right?” Someone carefully questioned.

“Fake, your head! How could something from the four level Chamber of Commerce be fake? Hurry up and go!”

The crowd rushed toward Huangcheng road.

The same scene was happening in every street and alley in Shangyang city. It didn't take long for almost everyone to be reading a booklet carefully.

The young man smiled, turned around, and disappeared into an empty alley.

Suddenly, a voice rang out. The young man's body trembled as he hurriedly turned around, only to see a young woman smiling, Master Jia Rong, as a citizen of Yanwu, how dare you bet on Zhou Yushan's victory? aren't you afraid that young master Yun will cut off your dog head if he finds out? "

The young man was none other than Jia Rong. When he saw who it was, he breathed a sigh of relief and said with a smile, "So it's miss Ding Ling 'er. You really scared me." He smiled bitterly. although young master Yun is powerful, there's still a big gap between him and Zhou Yushan. I just want to win some pocket money. Miss Ding Ling 'er, please don't tell young master Yun, or he'll beat me to death.

"Jia Rong, how dare you lie to me!" Ding Ling 'er laughed and scolded angrily. You've bet ten thousand primeval stones on this bet, but you've used a few identities to bet on Yunxiao's victory in other places, so you should have at least three million primeval stones, right? And this number is still increasing."

Jia Rong chuckled and said while stroking his beard, "Does Tianyuan trading company do boring things all day and follow me for fun? Could it be that miss Ding Ling 'er has taken a fancy to me? Tsk, tsk, miss Ling 'er is young master Yun's exclusive property, I don't dare to dream about it. "

"Pfft, you better watch your mouth!"

Ding Ling 'er blushed and said angrily, "If you continue to speak nonsense, I will cut off your tongue! How dare you impersonate the four extremes sect and sell fake news? aren't you afraid that the four extremes sect will hunt you down? Even a sixth-tier Alchemist like Baili gongjin wouldn't dare to use the name of the four extremes sect, let alone a third-tier Alchemist like you."

Jia Rong helplessly spread his hands and said, "Is it that serious? It's all young master Yun's arrangement. Even if the sky falls, young master Yun will hold it up."

He did not know how powerful and terrifying the four extremes Chamber of Commerce was, but he had a blind admiration for Yunxiao. As long as it was young master Yun's words, it was definitely correct.

Ding Ling 'er forced a smile and said, "This Li Yunxiao ... Ah, should I say that he is more courageous than others, or that he is young and ignorant? How dare you joke about the four extremes sect? that's an existence with a martial Supreme. It's not the same as the small sects in the southern region."

Jia Rong was also taken aback. In his mind, martial sovereigns were almost invincible existences, which was unimaginable. Tianyuan Chamber of Commerce and four extremes Chamber of Commerce were both permanent members of the business union, so they must know each other very well.

"There should be a Martial Emperor in Tianyuan trading company, right?" he asked tentatively.

Ding Ling 'er smiled and changed the topic. "Young master Yun, are you really that confident in beating Zhou Yushan? As far as I know, Zhou Yushan has a very special body, which is very suitable for practicing the cultivation technique of the emotion severing mountain. Because of this, he's regarded as an extremely important successor by emotion severing mountain. Moreover, he's already broken through to the five elements realm martial King realm, so it won't be easy to win!"

Her tone became more and more serious as she fixed her eyes on Jia Rong, not letting go of any of his eyes.

Jia Rong was startled by her stare, as if his heart had been completely seen through by her. He was a real third-tier Alchemist, so how could he lose his spiritual altar with just a glance? he was shocked. This woman was definitely not simple!

Since miss Ding Ling 'er has a close relationship with young master Yun, you should naturally trust him. Jia Rong put away his frivolous look and said seriously, "Ever since I met young master Yun, I've never been defeated no matter how strong my opponents were. Even if Zhou Yushan was a Martial Emperor or a martial Grandmaster, I would still bet on young master Yun's victory without any hesitation, let alone a martial King."

His eyes revealed a look of confidence as he said arrogantly, "he has already won anything when he is determined to do it!"

Ding Ling 'er's eyes trembled, and her gaze that was fixed on Jia Rong gradually softened, and finally turned into a smile. Yunxiao was truly amazing to be able to make his subordinate show such sincere respect and confidence. "I understand," she said with a chuckle.

Jia Rong's vision blurred for a moment, and then he saw the beautiful figure disappear at the end of the alley. He frowned slightly, and with a look of worry, he left as well.

.....

At the corner of Huangcheng road, there were a few groups of people crowded around like a wet market. They were all fighting for the two booklets, and they were all chattering.

The stall had already been swept clean, and the middle-aged man who set up the stall shouted, " stop squeezing! It's sold out! It's all sold out!

"Boss, you're too unkind. We rushed here as soon as we heard about it, but you didn't even let us see a piece of paper!"

"It is! Why are you limited to 1000 copies? I strongly request for an additional 1000 copies!"

"Hehe," the middle-aged man stretched his back and lazily said, "Credibility is the most important thing in doing business. We will only supply 1000 copies of those two booklets, and there will definitely be no reprints!"

Those who had already bought it all heaved a sigh of relief when they heard this. They were secretly glad that they had managed to snatch it. It was worth the money.

"However, Yingluo"

The middle-aged man grinned. don't worry, everyone. The four extremes sect will keep an eye on the latest information about li Yunxiao and Zhou Yushan at all times. There was already a lot of first-hand

information, and the latest analysis of the two would be released tomorrow. It's also limited to 1000 copies, so everyone can come early to buy it. "

"What? There's still new information?" Those who had already bought the items were furious and scolded, " if that's the case, what's the point of buying this expired information?!

The middle-aged man quickly comforted everyone, "don't worry, everyone." The latest information will not include the past experiences of the two of them, to prevent the content from repeating and causing everyone to spend money that they should not have."

boss, " one of them said with a frown, " according to your book, li Yunxiao and Zhou Yushan are childhood sweethearts, but because of the difference in status, they are opposed by the Zhou family. Yunxiao's provocation to the Zhou family this time was also because he wanted to be friends. So, did they end up together in the end?"

"Yeah, are they together or not? isn't this book of yours too appetizing? We've paid so much money, but there's still no result!" Many people started to complain.

Those who didn't buy the books were all dumbfounded. One by one, they said in a daze, " Isn't this an analysis of the strength of the two? How did you become gay?"

One of them rolled his eyes and said, " "If we want to analyze the outcome of the battle, we must analyze the cause and effect of the battle. In addition to the strength of the two, Love, Hate, Love, and hatred must also be mentioned one by one, so that the most accurate analysis could be made. Although Zhou Yushan obviously has the upper hand in strength, how do you know he won't sacrifice himself to help Yunxiao in the end?"

Chapter 240-various bets

The middle-aged man laughed, "hehe, this brother is right. Love always makes people lose their heads." I haven't read the latest news yet, so please pay attention to the latest news about Zhou Yushan tomorrow-"I want the official of the heartbreak mountain." At the same time, we will also give you a new album signed by Yunxiao-'it's not easy to say I love you'."

f \* ck, I still have to come early tomorrow to buy the ending. F \* ck! The group of people cursed and wanted to leave.

“Wait, everyone, wait!”

The middle-aged man tidied up his stall and smiled. please wait a moment. Later, my fellow disciples will come to sell some weapons, armors, and all kinds of clothes that li Yunxiao and Zhou Yushan have used. I guarantee that they are one-to-one replicas, and there are also genuine ones, but the price is higher.

Everyone,“hehe.”

.....

In the main hall of the Zhou clan estate, a group of core members were discussing the matter of the competition.

On the Round Table in the middle was a basic booklet, which contained the latest information about the four extremes sect. After reading it, the Zhou family members ‘faces turned green and they were furious.

Zhou Yang slammed the table in anger. “What kind of scoundrels are spreading rumors everywhere! How dare you say that Yushan is gay with that li Yunxiao and has ruined the reputation of our Zhou family? you should be killed!”

An elder’s eyes were also spitting fire as he said, ” that ‘I want all the officials of the emotion severing mountain’ actually said that Yushan had become the plaything of the elders of the emotion severing mountain in order to obtain the cultivation technique of the mountain. He’s a pervert! I’m so angry!

Zhou Changfa was also slightly angry. He looked around and said, ” “What I can be sure of is that this book was definitely not given out by the four extremes sect. The four extremes sect was the world’s number one Intelligence Agency and had a high reputation. They would never do such a nonsensical thing. It was very likely to be the doing of a Rascal who didn’t know the immensity of heaven and earth. Yang Biao, go and investigate. If it was done by someone with nothing better to do, exterminate his entire clan!”

Zhou yangbiao nodded his head. He had already ordered his men to catch the culprit.

Zhou Changfa pondered for a moment and then said, "If someone is doing this on purpose, pass this on to the four extremes sect. All Chambers of Commerce value reputation the most. At that time, only the people of the four extremes sect would deal with it. What I want to know the most now is how far Yushan can go with the help of the two elders of emotion severing mountain."

Everyone had looks of anticipation on their faces. An elder laughed and said, "don't worry, Grand Elder. With Yushan's cultivation base, it's a sure thing that he can kill li Yunxiao. There's no doubt about it."

Zhou Changfa glanced at him and snorted, "Of course, there's no problem with winning. What I want is a Swift and awe-inspiring victory! You're going to make the Zhou family proud and wash away our shame with li Yunxiao's blood and restore our reputation. By the way, I heard that many forces have opened up a lot of bets?"

Zhou yangbiao frowned and said,"that's right, they basically bet on Yushan." But, I've checked, and there are still many forces secretly betting on Yunxiao's victory. The most obvious ones are Yanwu and Tianyuan trading company."

"Oh? Tianyuan trading company?" Zhou Changfa was stunned for a moment, then he sneered, "Tianyuan trading company can't even take care of itself, yet you still have the mood to get involved in this mess. However, a starving camel is still bigger than a horse. We don't need to pay any attention to him and just let him destroy himself. Then what about the ten thousand treasures store?"

It was said that myriad treasures store was the backer of Yanwu, which was what Zhou Changfa was most worried about. Although the myriad Treasure Tower was only a merchant Association, its strength was not beneath any of the continent's super forces!

"The myriad treasures store seems to be very silent and low-key in this matter. They didn't take any action. On the contrary, it's abnormally quiet, making it difficult to grasp."

Zhou yangbiao thought for a moment and said,'myriad treasures store has been keeping a low profile since they publicly cut off their relationship with Yanwu. Perhaps it really doesn't have much to do with Yanwu."

Zhou Changfa snorted coldly and said, "if there is really no relationship between us, why do we have to be so cautious?" They were trying to cover up! But it's good that they don't admit it, so we have nothing to worry about. This time, not only will we completely annihilate the existence in Yanwu, but we will also make Yushan establish his prestige among the younger generation of firecrow Empire and make him a well-deserved leader!"

Zhou yangbiao smiled and said, "Don't worry, Grand Elder. The heavens are helping our Zhou family this time. Originally, Yushan was only average among the disciples of the four great families. Unexpectedly, he was fickle in love and had obtained the inheritance of emotion severing mountain. In the next generation, I'm afraid the only one who can rival Yushan is the Crown Prince, Xin ruyu."

Zhou Changfa nodded slightly and said, "that's right. The Crown Prince is indeed very talented. Even I can't see through him. Especially Yue jiulin, who's always by his side. It's hard to tell how strong he is."

He pondered for a moment and said with a sharp light in his eyes, "Pass down my order. During this period of time, the Zhou family will try to restrain their movements and not cause trouble outside to avoid any trouble. On the day of the arena, I'll kill Yunxiao and establish my might!"

"Yes!"

Everyone chimed in in unison, their momentum rising. Their eyes were filled with resentment, and they wished they could skin Yunxiao alive and pour water into him to relieve their hatred!

.....

In the Imperial Palace's main hall, Xin ruyu was holding a small booklet and reading it with great interest, occasionally revealing a knowing smile.

Yue jiulin, who was standing beside him, frowned and said, "Your Highness, this book is too ridiculous." If the people of the emotion severing mountain saw this, they would probably cut the instigator into a thousand pieces."

Xin ruyu put down the booklet in his hand with a smile. On the title page were a few large words-I want the official of the emotion severing mountain!

“It’s not just nonsense, it’s simply a perverted book, unsightly!”

Xin ruyu patted the booklet and smiled. “However, we’re also happy to see our neighbors get angry. That Zhou Yushan has obtained the inheritance of the emotion severing mountain, so he’ll definitely be a threat to me in the future. It’s a good thing to see him make a fool of himself.”

“That’s right.” His eyes flickered as he said, “There have been quite a few bets in the city recently. You go and bet five million mid-grade primordial stones on Zhou Yushan. If you don’t have enough primordial stones, pawn some profound level weapons.”

“Five million?” Yue jiulin was taken aback and said, “isn’t this amount too big?” Although Zhou Yushan was an outstanding talent, Yunxiao was by no means an ordinary person. The winner between the two may not be so easily decided.”

“Uncle Yue, you’re a martial Royal realm expert,” Xin ruyu smiled faintly, “have you forgotten that you can’t defeat ten opponents with your own strength?” Since Zhou Yushan could accept the inheritance of emotion severing mountain, he must have reached the five elements realm. Furthermore, for such an important competition, the Zhou family would definitely bring out all their resources. That li Yunxiao is only a martial Lord after all. Do you think it’s possible for him to cross a major realm?”

Yue jiulin frowned and said worriedly, “He’s no match for Zhou Changfa in terms of strength, but the ancient spirit talisman he used to block Zhou Changfa was a genuine sixth-grade item. If we had a few more of these talismans, Zhou Yushan would’ve been dead for sure.”

Xin ruyu’s expression turned serious as he nodded lightly. “Uncle Yue is right. Each of those talismans was priceless, and it was impossible for Yunxiao to have several of them. I’ll bet three million mid-grade origin stones.”

Yue jiulin nodded slightly and turned to leave. However, the wrinkles between his brows did not fade. He had a feeling that Yunxiao was not that simple, but he could not think of any other means to win except for the ancient spirit talisman.

‘Maybe I’m being too sensitive,’ Yue jiulin thought.

.....

On the day of the battle, the streets were empty.

The crowd gathered at the Golden Crow God arena. They were densely packed like ants, and it was a sea of people at a glance.

The Imperial Guards of the imperial capital had been fully mobilized, and they were fully armed to guard every intersection. Although there were as many people as ants, they were orderly and not chaotic.

A cold figure was sitting in the middle of the ring. A sharp and overbearing Qi was revealed from his brocade clothes, spreading across the ring. The Warriors nearby all felt the cold Qi, which made them feel extremely uncomfortable.

At the top of the stage, there were rows of seats that were already filled. They were all people with status in the Empire. Ordinary people like the small noble families couldn't take up any seats at this time, so they could only squeeze in the crowd.

There were also many forces 'eyes and spies, all of them gathered closely below, staring at the ring from a distance. Most of the crowd was rushing to watch the show. Such a competition might not happen once in a lifetime. There were also a large number of people who had placed their bets. They were all staring nervously with full concentration. Many of them had bet all their assets, wanting to succeed in one go.

Miss, isn't it too hasty of us to bet so much on li Yunxiao?" he asked.

In the crowd, Yu Rong looked at Zhou Yushan nervously and said worriedly, " Zhou Yushan has become a five-stars martial King in just a few months, and the aura he's exuding is so strong that even I'm scared. How can Yunxiao, a martial Lord, defeat him?"

There was no expression on Ding Ling 'er's face, and her eyes were as calm as an ancient well. "Since we're here, we'll take things as they come. Let's just wait quietly. I believe he'll give us a surprise."

Yu Rong didn't believe it, but he couldn't turn back now that he had come so far. He could only frown and look down.

Although Ding Ling 'er said so on the surface, she was actually not sure. Zhou Yushan's transformation was so drastic that even she was secretly shocked. He had been full of confidence in Yunxiao, but now he was a little nervous.

In the audience, the people from the great clans also looked at Zhou Yushan's imposing manner with gloomy expressions. The eyes of the experts of the younger generation were slightly focused, and their fighting spirit was stacked.

brother Changfa, look at Yushan's reserved genuine Qi. It's obvious that he has comprehended the five elements intent to a very high level.

Xin Pi glanced at Zhou Yushan, who was sitting in the center of the ring, and couldn't help but praise, "he entered the martial King realm so quickly and comprehended the five elements intent to this extent. Yushan is indeed the first among the younger generation!"

Xin ruyu, who was sitting behind him, moved slightly. He didn't comment on his granduncle's comment, but a cold smile appeared on the corner of his mouth and he snorted.

Zhou Changfa, who had been resting with his eyes closed, opened his eyes and said indifferently, "Lord Pi is too kind. If one were to talk about the number one person in the younger generation, it would naturally be Prince ru Yu of the heavenly jewel sect, twenty four moonlit bridges. My Yushan can't be on the list."
