

## The Eternal 241

### Chapter 241-shocking everyone

Xin Pi smiled slightly. At this time, the two old men sitting beside Zhou Changfa frowned slightly, and a trace of displeasure appeared on their faces. One of the old men suddenly snorted, "elder Zhou, you're speaking as if our unruffled heavenly book of the severed love mountain can't compare to his heavenly jewel sect's twenty four moonlit bridges?"

The two elders were Jiang Wuji and Jiang Wuwei, the elders of the mountain of severance. They were ordered by the sect Master of the Mountain of severance to assist Zhou Yushan in his cultivation of the unruffled heavenly book.

The two of them were people who had been cultivating in seclusion on the emotion severing mountain all year round and were not familiar with the world. Furthermore, the emotion severing mountain and the heavenly jewel sect had always been at odds with each other, and when the two of them heard Zhou Changfa's humble words, they were instantly displeased, and could not help but grumble.

Zhou zhifa realized that he had said something wrong and smiled bitterly, "Elder Jiang, you've misunderstood. It's just that Yushan has just inherited the unruffled heavenly book, while Prince ruyu has long been a proud master of the heavenly jewel sect. The difference in their cultivation levels is several levels, so it's only natural that they can't compare. It's not because of their cultivation techniques."

The unruffled heavenly book of the severed love mountain was an extremely powerful cultivation technique. However, the conditions for this cultivation technique were extremely harsh. One had to be a person who had completely forgotten love and had to be at least a five elements realm martial King. Zhou Yushan happened to be fickle-minded. He was the most suitable for cultivation, so he was valued by the emotion severing mountain and was trained to be a core disciple. Zhou yangbiao did not hesitate to use the two elders "cultivation powers to bring him down to the martial King realm.

As a result, Zhou Yushan's status had increased greatly, and he was almost the heir to the Zhou family. Jutian sect, emotion severing mountain, and heavenly jewel sect were all existences that were beyond the Empire. To be able to rely on any one of them was enough to ensure that the family would not fall for a thousand years! Moreover, Zhou Yushan was a core disciple of the emotion severing mountain and was directly under the sect master's tutelage. For this reason, two elders were specially sent to help him cultivate, which showed how much importance he attached to this matter.

There were also people from other aristocratic families doing the same, especially the patriarchs of the other three aristocratic families. All of them had unsightly expressions. After Zhou Yushan came out of his closed-door cultivation, he was a completely different person. Even they could not fathom the aura that he exuded. If he was allowed to grow, it would not be long before the Zhou family would be above everyone else.

Zhou Changfa was secretly upset. He had accidentally offended the two elders of the emotion severing mountain. The emotion severing mountain was now the Zhou family's biggest backer, so he had to be very careful. Otherwise, he wouldn't have needed to be so polite to the two elders with his strength at the peak of the three-star Martial Emperor realm.

"Hehe, brother Changfa is right. One's strength still depended on one's cultivation realm. Although there were certain factors in the strength of one's cultivation technique, it was only adding flowers to a brocade. If the difference in cultivation was too great, even if he had a heaven-defying divine skill, he would still be able to defeat ten opponents with his strength alone. There was no possibility of winning. Miss Hong Ling, don't you agree?"

Xin Pi also said with a smile. The position of the emotion severing mountain was transcendent. As the head of the worship court, he didn't dare to neglect it. His gaze fell on a red-clothed woman beside the two elders. The woman's face was covered with a light veil, but it could not hide her beautiful temperament.

"You're right, Lord Pi," Hong Ling nodded slightly.

She didn't talk much and treated her words like gold, but it made people feel unspeakably comfortable.

The other three clan heads looked at the woman, and their expressions became even uglier.

This woman was the daughter of the sect master of the severed love mountain. There was a rumor recently that if Zhou Yushan could cultivate the fifth level of the unruffled heavenly book, she would be betrothed to him. Now that she had appeared beside the arena, the rumors were most likely true. If the Zhou family and the emotion severing mountain were to form a marriage alliance, the three families' positions would be even more unstable.

Only then did Jiang Wuji's expression ease up a little. He said coldly, "Young master Yushan has a heartless body, which is the most suitable body for cultivating the unruffled heavenly book. It's very likely that he will cultivate the unruffled heavenly book to level nine completion in the future. One must know that the unruffled heavenly book was created by a martial Supreme! The highest cultivation level of the heavenly jewel sect's twenty four moonlit bridges is only at the peak of the eight desolates realm. The two can't even be compared!"

Xin ruyu's expression changed slightly, and he finally couldn't help but scoff. 'If I want to advance to the rank of a martial Supreme, I'll have to rely on my talent. Without that fate, no matter how heaven-defying the cultivation technique is, you can only look at the ocean and sigh!"

Xin Pi's expression changed slightly and he was about to scold. Jiang Wuji's eyes were as sharp as a knife as he locked onto Xin ruyu. His eyes flickered as if he was going to see through Xin ruyu. Hong Ling's beautiful eyes were also darting around, staring at Xin ruyu's body.

"Elder Jiang, miss Hong Ling, ru Yu is young and ignorant, please don't blame her!" Xin Pi hurriedly said.

A trace of shock flashed across Jiang Wuji's eyes. He immediately retracted his gaze and divine sense and said, "I've heard that the firecrow Crown Prince, Xin ruyu, has the body of a bright moon. Not only has he cultivated the heavenly jewel sect's twenty four moonlit bridges, but he also has the jutian sect's void treasure manual. Prince ruyu is indeed the best among the younger generation of firecrow Empire!"

A look of shock flashed across Xin ruyu's face, and he felt a little remorseful. He didn't think that the other party would be able to see through all his lies with a single glance. He was secretly blaming himself for not being calm. After all, the emotion severing mountain and the heavenly jewel sect had never been on good terms, and he did not know if this would bring him any trouble.

What made him even more shocked was that although Hong Ling's eyes were gentle and seemed to be filled with love, it made him feel like he had fallen into an ice cellar and he could not raise the slightest resistance.

"How could this be? This Hong Ling should be even younger than me. What kind of gaze is that? how strong must one's cultivation be to achieve that?"

Xin ruyu's heart gradually sank. He had always thought of himself as the number one man among the younger generation in the southern region, but now he realized that he was just a frog in the well, not even the number one man in firecrow Empire.

Just as he was feeling dejected, Yue jiulin's voice came to his ear, "Your Highness, there is no need to be shocked. Hong Ling is strange. She may not be a match for Your Highness in terms of actual combat power. Otherwise, she wouldn't have had to give herself to Zhou Yushan."

Xin ruyu was slightly relieved upon hearing this, but his pride and arrogance were completely gone.

Xin Pi also gave him a reproachful look and then laughed, "Elder Jiang, you're too kind. This kid was just lucky."

Jiang Wuji gave him a meaningful look and said, "Lord Pi is too modest, what I said is the truth." After saying that, he closed his eyes and stopped talking.

Jiang Wuwei knew his elder brother's temperament. He wasn't good at socializing with others, so he hurriedly tried to smooth things over. Whether it's ruyu or Yushan, both of them will be the overlords of firecrow Empire in the future. It's a great fortune for firecrow Empire. I wonder what kind of person the city Lord of Yanwu is? You're actually so insensible as to seek death?"

Zhou Changfa became agitated when he heard the name. His eyes were filled with anger and his face was livid.

Xin Pi was also stunned and didn't know how to explain. The two elders had been assisting Zhou Yushan in his cultivation in the Zhou family, so they had no idea what was going on outside. Therefore, he could only briefly tell them what had happened. The two of them were dumbfounded.

Hong Ling's beautiful eyes were also glazed. She had met Yunxiao once in Tianshui, and at that time, she had a deep impression of the young man's bravery. She did not expect him to do such an earth-shattering thing. It was unbelievable.

"You're going too far, you're going too far!" "Damn you!" Jiang Wuwei was filled with anger.

Jiang Wuji also sneered and said, " he doesn't know the immensity of heaven and earth and doesn't know the immensity of life and death. He'll be a good test for Yushan. He'll die a worthy death!

"After today's battle, I'll be able to establish Yushan's might," Jiang Wuwei said with a smile. Not only did we wash away the Zhou family's shame, but we also made our emotion severing mountain look impressive. We're killing two birds with one stone!"

Xin Pi listened to the conversation between the two and didn't comment. In his heart, he sighed. The situation was not as simple as he had imagined. This life and death duel, no matter who lived or died, would be a huge problem. In the end, the imperial family had to come forward to clean up the mess. The best situation was that both sides suffered heavy losses. He was happy to see both of them injured but not dead.

Hong Ling was in a daze and her mind seemed to be elsewhere. No one knew what she was thinking.

It's almost noon, but that Li Yunxiao is still not here. Has he escaped?" The head of the Mohist family, Mo Luan, could not help but speak up. Her eyes fell on Zhou Yushan and Hong Ling, and they were filled with jealousy.

"Escape? Hmph, do you think such a bold person would run away?" Cheng Feng was also unhappy and snorted coldly.

"It's hard to say," Mo Zhao said with a frown. "He was very confident last time. But this time, he is almost certain to die. Even ants cherish their lives, and he is not a fool."

Cheng Feng flicked his sleeves and coldly said, " "This has nothing to do with being stupid or not. Since he dared to invite us, he naturally would dare to fight us."

Mo Di laughed, "isn't it stupid to be like a moth to a flame?" Even a pig would know how to avoid harm and run away."

Just as Cheng Feng was about to speak, a cold voice suddenly came from the sky.

“May I ask, Lord mo Xiao, Where can I find a pig as smart as you?”

“F \* ck, How dare you!”

Mo Di was shocked. He looked up and saw the black Thunder approaching, stepping on lightning. With every step it took, a golden lightning bolt would gather and crackle. It was a beautiful sight. Yunxiao was sitting on it, staring down coldly.

“He’s here!”

Everyone’s eyelids twitched, and they looked up in shock. On the mighty demon beast, Yunxiao was in high spirits, looking as handsome as a Jade tree in the wind, and his eyes were shining like stars, making him look like an immortal.

“Little bastard, you’ve finally come to die!”

Zhou FAMU’s hair stood on end as he roared with fire in his eyes.

“Little bastard, I didn’t expect you to dare to provoke my Zhou family when we meet again. Today, I will use your blood to wash away the shame of my Zhou family!”

In the ring, Zhou Yushan, who had been meditating with his eyes closed, suddenly opened his eyes. His face was full of ferocity as he stared at Yunxiao as if he had seen his prey. His eyes were filled with hatred, as if he could not wait to swallow him alive.

“Hehe, they’re indeed the same. I hope you can still be arrogant later.”

Yunxiao smiled and touched DarkThunder’s head. DarkThunder accepted the order and stepped down from the ring, stepping on lightning and thunder. The aura it exuded shocked everyone.

Chapter 242-crazy

“A demonic beast at the peak of the martial ancestor realm!”

you bastard! Zhou Changfa's expression changed drastically. you don't want this demonic beast to fight for you, do you? "

Everyone was dumbstruck. No wonder he dared to come to the appointment. It turned out that he had such a powerful trump card!

No matter how freakish Zhou Yushan was, he couldn't withstand a single slap from a demonic beast at the peak of the martial ancestor realm! For a moment, everyone was drenched in cold sweat, especially those who had bet on Zhou Yushan. They almost fainted.

"Haha, we'll definitely win! I knew this kid had some tricks up his sleeve!"

Wang Chen was smiling and seemed to be in a good mood.

The two similarly young men beside him glanced at him. One of them, the number one expert of the mo family's younger generation, mo ziqian, said coldly, "Oh? It seems that brother Wang Chen has bet a lot on Yunxiao's victory?"

Although he had bet on Zhou Yushan, he was willing to lose some money if he could embarrass the Zhou family or cripple Zhou Yushan. Therefore, a gloating expression appeared on his face.

not much, " Wang Chen said with a smile. just five million medial-grade primordial stones.

Mo ziqian and the other Cheng family disciple, Cheng Xiaolan, were both shocked.

If Wang Chen were not an Alchemist, he would not have been able to fork out five million mid-grade primordial stones. In comparison, he had bet all his fortune on Yunxiao. It seemed that he was very optimistic about Yunxiao.

"Hehe, congratulations, brother Wang Chen. The odds seem to be one to three. Tsk tsk, Wang Chen has earned ten million mid-grade primordial stones this time. We're so envious."

Cheng Xiaolan said sincerely with an envious look on her face. Although he was the number one expert among the younger generation of the Cheng family, there were many talents in the Cheng family. The strength of several young family clans was not much worse than his, so the competition was extremely fierce. The resources he could obtain from the family were not as easy as mo ziqian's.

Although Wang Chen was not the best young Alchemist of the Wang family, he was a genuine third-tier Alchemist, and he was also a disciple of yang di, a seventh-tier Emperor Alchemist. His future was limitless.

Originally, Zhou Yushan was supposed to be at the bottom, but now, he suddenly jumped to the top. Among the top young experts of the four great aristocratic families, he was the one who had it the worst.

"Hehe, brother Xiaolan, don't tell me you're betting your vitality stones on Zhou Yushan?" Wang Chen was in a good mood and asked with a smile.

"No," Cheng Xiaolan shook her head slightly. Although Zhou Yushan is strong, I don't know that li Yunxiao, so I can't make a judgment. That's why I didn't participate in the gambling match."

The smile on Wang Chen's face disappeared, and he said in admiration, "Brother Xiaolan, you're really reliable. I'm impressed." I heard that someone scraped together more than two million vitality stones to bet on Zhou Yushan, " he said with a faint smile. I guess he lost all his money.

Mo ziqian jumped up in excitement as if someone had stepped on his tail. That was all he had, and he didn't know what to do with his cultivation from now on. He snorted angrily, "Two million is nothing to me. I'm happy spending it. I heard that His Highness the Crown Prince has also placed a bet of over three million, but he seems unmoved."

The three of them looked over and saw that Xin ruyu was extremely calm. He was only looking at the DarkThunder with a strange light in his eyes. a lightning-type demonic beast, a lightning-type demonic beast at the peak of the fifth rank, a Suan ni. Uncle Yue, isn't this the one you've been looking for? " he mumbled softly.

A figure gradually appeared behind Xin ruyu. It was Yue jiulin, who was covered in a black robe. His eyes were bright and he looked extremely excited.

“How can you do this? You can even find demonic beasts to help you?”

The crowd below the ring instantly exploded. After all, most people had bet on Zhou Yushan’s victory. The crowd was so excited that they were filled with righteous indignation, and they wanted to rush up to the ring and fight in person.

But, there were also many who had bet on Yunxiao, and they cheered loudly. They shouted in unison, “we will definitely win!” We will definitely win!”

For a moment, the roars of the crowd shook the heavens, and everyone began to sing. The two factions that had been suppressing Zhou Yushan were on the verge of fighting.

Ding Ling ‘er squinted her eyes and smiled. I knew this kid wouldn’t do something he’s not confident in. Zhou Yushan must be dumbfounded. Let’s see how he’ll be killed by the demonic beast in a single palm strike.”

Yu Rong’s mouth was wide open, and he couldn’t say anything. This kid always did things unexpected.

“Shut up, all of you!”

Xin Pi stood up and coldly shouted. Rings of sound waves spread out, and the space was distorted to a certain extent, shooting out in all directions.

Everyone’s expression changed drastically. The huge pressure made their blood and Qi stuffy, and they couldn’t speak.

The entire scene instantly fell silent.

Xin Pi looked at Yunxiao and said with a frown, "Young master Yun, the arena tournament is a life-and-death battle. Isn't it unreasonable for you to bring a demonic beast to the battle?"

If this demonic beast joined the battle, there would be no need to fight at all. It was a demonic beast at the peak of the martial ancestor realm. Moreover, it seemed to be a Thunder-type beast. Even a one-star Martial Emperor would not dare to say that he would definitely win.

"That's right, hurry up and take this beast away!" The people who had suppressed Zhou Yushan all began to shout.

Wang Chen could not help but stand up and shout, "Demon beasts are the weapons of beast tamers. If Yunxiao is a Beast Tamer, it's not impossible to fight with demon beasts!

He had bet a total of three million medial-grade primordial stones, so how could he give in?

"Swish!"

The Zhou family's killing intent instantly burst out. Their sharp and murderous gazes all fell on him. The pressure of dozens of martial arts grandmasters fell at the same time, causing him to shiver in fear. His whole body turned cold and he hurriedly lowered his head, not daring to say another word.

that's right. He's a Beast Tamer master to begin with. If he's not allowed to bring demonic beasts, what can he use to fight? "

A wave of protests rose from the audience, and they all supported Yunxiao. Xin Pi was also speechless. It was only natural for beast tamers to bring demon beasts to battle!

This time, the people of Zhou were immediately dumbfounded. The Jiang brothers also had their mouths wide open, their faces blank.

Zhou Yushan, who was standing in the middle of the ring with a domineering aura, couldn't keep his cool anymore. He said angrily, "Rat, if you're afraid of death, then get lost! Getting a demonic beast here is not a skill!"

“Are you afraid of death?” Yunxiao’s eyes turned cold as he narrowed them slightly.

“Roar!”

The DarkThunder snarled at Zhou Yushan, and its voice was so loud that it even brought with it flashes of lightning. The entire space was shaking. The bluestone floor of the arena was even torn open inch by inch, shattering into stone pieces and flying out.

“?!”

Zhou Yushan’s heart trembled as a tremendous force of impact assaulted him. He couldn’t stand still and was about to fly out. A fear of death rose from the bottom of his heart. His entire body was cold, and his hands and feet were ice-cold.

“Y-you,

Zhou Yushan was scared out of his wits. His face was pale, and he tried to say ‘you’ for a long time, but he couldn’t say anything. “What kind of skill is this? If you have the ability, fight me one on one!” He was completely flustered now. He had been full of confidence and had victory in his grasp, but it was instantly shattered by the momentum of the other party’s appearance.

It was a demonic beast at the peak of the martial ancestor realm, and it looked like it could control lightning. Even a one-star Martial Emperor might not be able to guarantee its victory. She wasn’t a dish to go with the wine at all!

“A one-on-one fight?” Yunxiao rolled his eyes at him and said sarcastically, “This is the arena of life and death, not trying to be a hero. Aren’t you not afraid of death? I’m a beast Tamer, so it’s only natural for me to bring a demonic beast. If you’re not convinced, you can get one too. Don’t waste any more time, hurry up and come up to die!”

“Roar!”

&nbsp; the DarkThunder was extremely cooperative and roared once more. The sound waves spread out, shaking the space around it. The power of lightning crackled in the air, occasionally flashing with arcs of lightning and flames.

The Zhou clan's people's expressions changed drastically, and their hearts turned completely cold.

A strange look flashed in Hong Ling's eyes as she looked at the table. Instead, she laughed lightly and said, "What a cute beast, an existence at the peak of Five Element realm. I really don't know how he tamed it. Is he really a Beast Tamer? Even if he is, how could he tame a demon beast at the peak of the martial Grandmaster realm with his strength of a mere four-stars martial Lord?"

Hearing that, Zhou Changfa suddenly shouted, " "Little brat, don't try to play tricks! What proof do you have to prove that you are a Beast Tamer master? It's obvious that he's using the medicinal pill to confuse the beast's bestiality and then brought it to the arena to cause trouble. He wants to fish in troubled waters and beg for a chance to live."

"Yes, that's definitely the case!"

Jiang Wuji looked at DarkThunder's clear eyes that were brimming with demonic energy and said, " "Your demonic beast's eyes are unfocused and listless. It's obvious that its nature has been bewitched and it has been temporarily controlled by the pill. If you want to live, you don't need to use such a low-level method. You just need to kneel down and kowtow, then let Yushan break all your meridians, cripple your dantian, and cut off your four limbs. Then, you can be spared from death!"

Yunxiao was speechless for a moment, then he said in a clear voice, " "How can you spout nonsense in front of everyone in Shangyang city? Then how can I prove that I'm a beast Tamer master?"

Jiang Wuji sneered coldly. a Beast Tamer naturally has to be one with the demonic beast. The demonic beast is his weapon and also his partner. It must obey his words!

He sneered in his heart. To be able to tame a demonic beast to the point where it would obey his words was the highest realm of a Beast Tamer. Not to mention how difficult it was to achieve, it was usually only possible to completely tame a demonic beast that had been carefully raised from a young age or that the demonic beast's level was much lower than the user's.

This existence at the peak of the martial ancestor realm was obviously not one of these two.

Zhou Changfa quickly added, " Unless the demonic beast listened to you and did as you said, it would be considered cheating. Hmph, don't blame me for being impolite when the time comes!" He had a ferocious look on his face as he stared at the DarkThunder. His eyes flickered, and no one knew what he was thinking.

"We've all experienced the Zhou family's lack of trust and righteousness. Now that you know you're going to lose, you're deliberately making things difficult for us."

Yunxiao sneered and said in a clear voice, " "Alright, I'll let you all be convinced of your loss!"

He jumped down from DarkThunder's back and patted its forehead. "Come, turn around on the spot."

The DarkThunder's eyes flashed with a trace of confusion, and then it was filled with resentment. It growled a few times to express its extreme dissatisfaction, then began to slowly circle in place.

"This bi an ..."

Everyone was stunned. A demonic beast at the peak of the martial arts Grandmaster realm was actually wandering around like a big wolfdog. The only difference was that this demonic beast's expression was very lazy, as if it was taking a stroll. From time to time, its eyes would reveal a look of dissatisfaction.

"Gulp!"

Jiang Wuji swallowed hard, feeling his throat go dry.

Chapter 243-extorting another sum

"Puchi!"

Looking at the DarkThunder's human-like expression, Hong Ling couldn't help but laugh. She clapped her hands and said, " "Wow, what an adorable demonic beast. What's its name?"

The Zhou family members were so angry that they felt dizzy. As Zhou Yushan's future wife, how could she say such sarcastic words when her husband was in trouble? But, this woman was the daughter of the sect master of emotion severing mountain, so they did not dare to scold her. They glared at Yunxiao angrily.

Yunxiao looked in the direction of the voice and saw a young girl in red with a light veil covering her face and a smile in her eyes, exuding an indescribable temperament. His eyes focused slightly on Hong Ling's scallion-like arm, which was the same slender hand that had gently stopped him in Tianshui that day.

its name is 'a good dog doesn't block the way', " Yunxiao said softly.

"Good dogs don't block the way?" Hong Ling thought for a while and said,"what a strange name."

Yunxiao smiled faintly. It seemed that she was still a very simple girl, and he felt that he was a little stingy. "Today, I'll change its name to 'open the mountain and swallow the Jade', is that good?"

This time, Hong Ling understood and said angrily,"Hmph, it's still not certain who will win or lose!"

Zhou Changfa was so angry that he wanted to kill someone. The other party was a demonic beast at the peak of the martial ancestor realm. Even if Yushan was ten times stronger, it would not be able to go with the other party's wine. Yet, you still teased him for so long. You really deserve to die!

Yunxiao looked at the livid crowd and chuckled. "What's wrong? Are you trying to make things difficult for me again? Do you think that you haven't spun around enough? Alright, I'll satisfy everyone and do something more difficult."

A red light flashed in his hand, and the Tigerfang sword whizzed out. It turned into a ray of light and flew into the sky.

"Open the mountain and swallow the Jade, quickly go!" Yunxiao kicked DarkThunder.

The DarkThunder glared at him angrily and then let out a loud roar. Its entire body flickered with lightning as it chased after the sword. A few seconds later, it held the Tigerfang sword in its mouth and obediently handed it to Yunxiao.

Everyone in the audience fainted!

Was this Suan ni still a demonic beast? What was the difference between them and a puppy?

“Come, open the mountain and swallow the Jade. Jump into a few fire rings for everyone to see.”

With a point of Yunxiao’s finger, a few large rings of fire immediately lit up on the arena, one after another. The DarkThunder began to jump around in a happy manner. However, his eyes were filled with extreme hatred and fierceness, as if he wanted to bite someone.

“Do you still want to perform? Does this prove that I’m a beast Tamer master?”

Yunxiao snorted coldly as he looked at the stunned eyes of the crowd. He put out all the flames, and the temperature around him immediately dropped. the game is over, ” he said coldly. it’s time to kill!

Zhou Yushan was startled. He trembled and backed away.

What kind of joke was this? if he were to fight a demonic beast at the peak of the martial ancestor realm, even his soft balls would be crushed!

The Zhou family members were all covered in cold sweat. They had nothing to say, no excuse, but they couldn’t just watch Zhou Yushan die. Their faces turned pale with anxiety.

ahem, young master Yun, young master Yun, please hold your hand and listen to me.

Xin Pi had no choice but to stand up and say something. He said awkwardly, ” “Well, the competition is just to prove yourself. If young master Yun were to use this demonic beast, wouldn’t it be completely

meaningless? Why don't we put aside the demonic beasts and have a good sparring session between the two of you? let's not fight a life and death battle and stop at a certain point, how about that?"

"Stop?"

Yunxiao's eyes flickered with a mocking look as he said, "Are you stupid or am I stupid? Now that I'm sure to win, you're telling me to stop? The Deathmatch couldn't be changed. Otherwise, what was the point of the Golden Crow divine arena? If you want me to keep this demonic beast, that's fine too. I spent a lot of money to rent it. If you can compensate me with fifty to sixty million mid-grade primordial stones, I can consider keeping it."

Fifty to sixty million mid-grade primordial stones.

Xin Pi broke out in cold sweat and thought, "you're really ruthless!" He had just extorted 55 million mid-grade primordial stones from the Zhou family, and now there were another 5000 to 6000. Did he think that primordial stones were ordinary stones?

"I'm so angry! Didn't you say you were a Beast Tamer? Why did he say that he rented it now? Fifty to sixty million medial-grade primordial stones? you really think our Zhou family is a stone extracting machine and a big blood head!"

Zhou yangbiao couldn't take it anymore. He stood up and shouted, "You want to extort my Zhou family? in your dreams! The men of the Zhou family should be heroes in life and heroes in death! Yushan, you'll fight this kid today. Even if you die, die with honor. Don't disgrace the Zhou family's prestige!"

"Swish!" Zhou Yushan's face turned pale instantly, and a deep fear appeared in his eyes. For the first time, this word that was too unfamiliar to him surged into his mind. Usually, he was the one who gave others death. When did it become someone else asking him to die?

"No, don't! Grandpa, I don't want to die! I'm the most talented member of the Zhou family. In the future, the Zhou family will flourish in my hands. How can I be eaten by a feathered animal like this? Grandpa, you have to save me! Wasn't it just fifty to sixty million primeval stones? Is this grandson not worth this much in your eyes?"

Zhou Yushan was on the verge of a mental breakdown. He couldn't care less about his image anymore as he roared.

"You! You're really pissing me off!"

Zhou Yang was so angry that smoke was coming out of his seven orifices and he sat down dejectedly. Everyone around looked at him with contempt and anticipation, especially the other three clan heads, who were laughing in their hearts. The more embarrassing the Zhou family was, the more they liked it.

"Stop struggling. Your grandfather has already abandoned you. Wait for my little dog to slowly eat you, then turn you into feces in its stomach, and then I'll show you. The process will be quick, don't be afraid!"

With a ferocious face, Yunxiao sat on DarkThunder's back and walked toward Zhou Yushan step by step.

Jiang Wuji couldn't stay calm anymore. He said in a low voice, "Zhou Changfa, are you really not going to save Yushan? You should know that Yushan is the successor appointed by the sect master. In the future, not only will he take over the Zhou family, but he will also likely take over the emotion severing mountain. If something happens to him, you can't bear the responsibility!"

alright," Zhou Changfa sighed bitterly. we'll pay 50 million medial-grade primordial stones.

He seemed to have aged by several decades all of a sudden, and the light on his body disappeared in an instant. He looked like an old man, making it hard for people to believe that he was once a hero and the leader of an aristocratic family.

They had originally planned to establish their might with this battle, but before it even started, they had already lost face. With such a cowardly image, even if they won the competition in the end, they would completely be unable to raise their heads.

"It's 60 million dollars!" give me cash," Yunxiao corrected. you can't use anything as collateral!

The people of the Zhou family were all so angry that they wanted to rush up and bite him.

Meanwhile, Zhou Yushan heaved a heavy sigh of relief. He was so scared that he was sweating all over, and his hands and feet were cold. The DarkThunder's sharp gaze never left him. He felt like he could be killed at any moment. This feeling of hanging on the line of death made him feel a lingering fear.

The resentment in his eyes grew stronger and stronger. He had thought that today was the day he would show off his skills and establish his leadership among the younger generation of firecrow Empire. Who knew that before the competition had even started, he had already embarrassed himself. His cowardly image had been seen by the entire city, and at this moment, they wished there was a hole in the ground to hide in.

Soon, the Zhou family had gathered all the primordial stones and threw them at Yunxiao.

Only then did Yunxiao put it away with a smile and let DarkThunder lie alone under the ring. The people around him were immediately startled and scattered, leaving a large empty space.

His actions immediately caused dissatisfaction among many people. They protested and shouted that there was a conspiracy. Even Ding Ling'er and Wang Chen were dumbfounded. He had given up on a sure-win situation just like that. Although sixty million medial-grade primordial stones was indeed shocking, did he have any trump cards that could guarantee his victory?

"Brother Wang Mang, what do you think of this kid? He was only a four-stars martial Lord, yet he was so confident. What makes him think he can defeat Zhou Yushan?"

The head of the mo family, Mo Di, furrowed his brows in confusion. Although he was happy to see the Zhou family suffer, Yunxiao had also offended him just now, so he did not like it.

Wang Mang smiled bitterly and shook his head, "my Wang clan only has an agreement with this person. I don't know much about him." I'm also very puzzled. Originally, with that demonic beast, we would have won. Could it be that he has other plans?"

"Other backup plans? You have to know that strength can overcome ten techniques!" Mo Yi shook her head disapprovingly, obviously not optimistic about Yunxiao's chances.

Mo ziqian sneered, "Brother Wang Chen, you've lost your primordial stones. It seems that this Li Yunxiao is still an arrogant man. For sixty million primordial stones, he's going to give up his life."

Wang Chen remained silent as he stared at the arena. He could not understand why Yunxiao would give up on the demon beast. Although sixty million primeval stones was indeed heaven-defying, it was not worth gambling with his life.

Seeing that Wang Chen was ignoring him, Mo ziqian felt that he had been snubbed, so he snorted and did not say anything else.

Zhou yangbiao's face was ashen as he stared at the arena. He gritted his teeth and said, "Yushan, if you don't dismember this person into a thousand pieces and burn his bones into ashes today, I'll kick you out of the family on the spot!"

Zhou Yushan's expression was stern as he said proudly, "Grandpa, don't worry! Your grandson will use this person's blood to wash away the shame of my Zhou family. I will let the world know that anyone who touches my Zhou family's reverse scale will die!"

His expression was ferocious, and his cold killing intent spread out. His own fiancée was still watching the battle from the stands. There were already many obstacles to this marriage, and now he had directly lost a lot of face. He didn't know if this would have any impact. He already couldn't hold back the urge to spit on his flesh.

Yunxiao laughed in surprise. You were scared out of your wits just now. How come you're so proud now?" he asked. Aiya, don't glare at me like that. It's normal for young people to be afraid of death."

"You dare to insult me with words? die!"

Zhou Yushan let out a loud roar, then turned into a Cannonball and charged forward. He was so angry that he hit the man with his head. Although he lacked the method, he was extremely powerful. A huge impact spread out in all directions, and everything was squeezed out by his charge.

As a three-stars martial King, he was a whole realm higher than Yunxiao. With his strength, no matter how skillful Yunxiao was, he could not possibly block one of his attacks!

## Chapter 244-body technique

Yunxiao smiled and said, "verbal insult? Who was the one who was so afraid of death that he wanted to cry just now?"

His upper body flipped backward slightly, and his entire body fell backward at an unbelievable angle, almost touching the ground as he backed away. His two fingers touched the ground, and he immediately kicked Zhou Yushan's lower abdomen.

what a soft and nimble body, but he doesn't lack strength. Has he practiced any physical skills?" Hong Ling's eyes flashed with a trace of surprise.

"Body technique?" Everyone in the audience was an expert, and their pupils contracted.

"Bang!"

Zhou Yushan's initiative to attack had turned into a passive defense. He clenched his fists and protected his dantian. When he was kicked by Yunxiao, he felt a huge force coming at him, and his arms even felt numb. His body was directly kicked into the sky.

He leaped up with the help of the force, put his hands together in front of his chest, and then fell down like a meteorite, aiming at Yunxiao.

"What's the use of struggling with the life of an ant? Quickly come and accept your death, earth axe!"

The two hand-blade beams fell straight down, forming a small cross in the air and quickly expanding, locking Yunxiao in it. The air was cut with a sizzling sound, and then it turned into a small tornado that came down with the slash.

Zhou Changfa's eyes brightened and he became more alert. He praised, "Is this the martial technique recorded in the unruffled heavenly book? You really live up to your reputation."

Jiang Wuji laughed. the unruffled heavenly book is the most powerful book of the emotion severing mountain. There are dozens of different martial arts techniques recorded in it. Every one of them can shake the world.

Yunxiao raised one hand, and the Tigerfang sword whizzed up, thrusting a sword beam straight at the point where the slashes met, which was the center of the tornado.

Mo Xiao's eyes widened as she cried out,"what?" This kid was really looking for death! The place where the two slashes meet is where the power is the strongest. With the power of the tornado gathered there, he's invincible. Is he stupid?"

The Jiang brothers 'pupils contracted, and their faces were filled with shock.

Hong Ling was also shocked and said in surprise, " "The earth axe gathers the power of the earth and transforms it into a slash with unparalleled power. However, there was life in death, and the strongest point was vitality. The only way to break this move was where the tornado gathered, so how did he see through it? Could it be that he has also read the unruffled heavenly book?"

The surrounding people were originally suspicious, but after hearing Hong Ling's words, everyone's expression changed.

Xin ruyu clenched his fists tightly, and his eyes were burning with battle intent.

"Swish!"

An ear-piercing sound rang out, making everyone's teeth ache. When Yunxiao's sword beam pierced into the tornado, it suddenly turned into a blooming lotus. It was extremely weak in the wind, but it still stood upright and motionless.

The Lotus flowers turned into beams of green light and bloomed, completely blocking the power of the slash. Then, Yunxiao's sword trembled and turned into spots of green light, scattering into the sky like morning stars and covering Zhou Yushan.

“What? Not only did he resolve the unavoidable attack, but he was also able to turn defense into offense. This kid’s comprehension of martial skills has already reached an unimaginable level.” Wang Mang said in shock. Even he knew that it was impossible for him to do this.

Zhou Yushan was even more shocked. The green glow and sword Qi that filled the sky were not very strong. The true Qi in his body trembled and instantly dissipated. try this move of mine again, Holy punch of the Emperor fist!

A huge golden fist shadow condensed in front of him, followed by a roar. The fist shadow was so big that it actually covered a small half of the ring, and there was no way to avoid it.

“Strength can overcome ten techniques. This kind of cumbersome move is the most effective at this moment. Let’s see how this brat will die. I’m afraid he’ll be directly smashed into a meat patty.” Jiang Wuji laughed without restraint.

Yunxiao’s pupils constricted as he crossed his hands in front of his chest and shouted, ” “Motionless King fist, Supreme Overlord body!”

His arm suddenly expanded, and it wasn’t just his muscles. It was as if the bones in his body had also expanded in an instant. His aura had completely changed.

“This is bi an!” Xin Pi’s eyes jumped and he said in horror, ” “Body technique! This kid has indeed cultivated a body technique!”

“BOOM!”

Zhou Yushan’s Emperor fist landed directly, shooting out a blinding light in all directions, making it difficult for everyone to open their eyes. There was a loud bang on the ring, and a large number of gravel was smashed out of the stage, and they were all swept into the air by the force and shot out in all directions.

“It’s too whimsical to think that you can rely on body techniques to resist an attack that’s one major realm higher than you. Is this kid dead yet?” Jiang Wuji opened his eyes, and his pupils dilated. He saw a figure standing proudly in the smoke.

Yunxiao's shirt was completely torn to pieces, and his bronze skin was exposed. It was not stained by even a speck of dust, and it looked brilliant under the sun.

"?!"

Jiang Wuji sucked in a breath of cold air, and his expression changed drastically. He was able to withstand the Emperor fist's Holy blast with just his physical strength. Even if he had the body of a demonic beast of the same level, it would be impossible for him to be unscathed.

"Who is this kid? I know quite a few body techniques, but I've never seen one as abnormal as this!"

"Yeah, is he still a human? No wonder he's so fearless!"

with such a strong body, he's basically undefeatable. Zhou Yushan's in danger now.

it's too shocking. I've always thought that body techniques had no future, but now it seems that it's even more powerful than martial arts!

All kinds of shocked discussions spread out in an instant. The Zhou family's people's faces turned even uglier, so dark that it was almost dripping water. The Jiang brothers were also stunned. This was the first time they had encountered such a situation.

Hong Ling's beautiful eyes flickered as she softly muttered to herself, I've heard that the continent's number one expert, the tyrant martial sovereign, ao changkong, also practices body techniques. I didn't believe it at first, but I'm convinced after seeing it today.

Xin Pi's face also turned very serious. What Yunxiao had shown, whether it was the blue luan warship, DarkThunder, or this heaven-defying physical art, was not something that ordinary forces could produce.

How could the Zhou clan not have thought of this?

In the ring, Zhou Yushan's eyes were about to fall out. Even a five-stars Martial Emperor wouldn't dare to easily take his three-stars martial King's Holy sovereign fist, even if it was two stars higher than him. Yet, his opponent didn't even move, Dodge, or block it?

This Tao Wu, did he have an undying body? How could they fight this?

The people around him were all stunned, but soon, those who had bet on Yunxiao's victory all cheered loudly and shouted, "Victory, victory, victory!"

The sound waves were getting louder and louder.

Mo ziqian's expression turned extremely ugly. He could also sense that Zhou Yushan was in an extremely bad situation.

Wang Chen smiled and said, "I knew this kid would never do anything he's not confident in!"

"Bang!"

Yunxiao bent his body and stomped on the ground, causing the ground to explode. Then, he shot out like a cannonball and jumped up. Then, he moved his face closer to Zhou Yushan's body and sneered.

"?!"

Zhou Yushan was taken aback. Feeling that Yunxiao's face was almost touching his, he hurriedly stepped back in fear.

"Devil Wind kick!"

Yunxiao's body suddenly leaned back, and a fiery red light shot out of his right foot as he kicked at Zhou Yushan's crotch.

Fast, ruthless, and accurate!

“?!”

Zhou Yushan was scared out of his wits. All the pores on his body opened up in an instant. At the most critical moment, his reaction speed and ability were brought into full play, and he blocked the attack with both fists.

“Bang!”

A huge force came from his fist bone, sending him flying into the air. Countless bones in his hand were broken. A flame instantly ignited under his crotch, but he quickly extinguished it with a few slaps. Although it burned a hole and wasn't very elegant, at least it wasn't a big problem.

“Hu!”

The Zhou clan members were all drenched in cold sweat as they heaved a sigh of relief. Leng Hongling sighed beside him and said regretfully, “Al, what a pity.”

Zhou Changfa, “Yingluo.”

“Haha, what's the name of that move? I must learn it from a master!”

it's so cool! Is it the legendary burning bird? ”

“Pfft! Can't you be more civilized? That's a kick bird!”

haha, what Big Bird? it's just a small bird!

The sound of laughter came from all directions, and many women shyly covered their mouths and chuckled. There were even some busybodies who whistled and ridiculed him.

Even Xin ruyu, who had been staring at him the entire time, revealed a knowing smile. Regardless of the outcome of today's battle, Zhou Yushan had completely lost his face.

He sneaked a glance at Leng Hongling and saw that her eyes were as calm as an ancient well. There were no fluctuations in her emotions.

"Die, die, I want you to die!"

Zhou Yushan had completely lost his mind. This was supposed to be a battle where he could make a name for himself, but it had turned out like this. He had lost all his face. He roared and was about to rush down, but a figure flashed past him, and a huge force came at his face.

"Pa!"

Yunxiao's speed was so fast that he slapped him hard on the face while he was feeling ashamed and angry, and his voice resounded through the sky.

Zhou Yushan felt a numbing pain on one side of his face as he was sent flying through the air. He landed on the arena and smashed into the ground.

"You want me to die? There are countless people who want to kill me, and there is not a single person in the entire southern region who can kill me!"

What an arrogant tone!

Yunxiao stood proudly. His whole body was like a blazing sun, and all the light and shadows had become a part of his scenery, condensed in his figure that was moving in the wind.

Zhou Yushan, on the other hand, was sprawled on the ground in the distance like a dead pig.

Xin ruyu's pupils suddenly contracted, and the veins on his fists bulged. His eyes were filled with battle intent! He could clearly feel that, below the throne of the southern region's number one newcomer, his greatest opponent was actually him!

Leng Hongling's calm eyes started to ripple, and a faint green color appeared.

Zhou yangbiao's face was as red as a pig's liver. He turned and said, "Granduncle, what should we do now?" Zhou Changfa's eyes were also a little dull, as if he had no good ideas.

don't worry, " Leng Hongling said lightly. if Yunxiao only has physical skills, Zhou Yushan wouldn't have lost.

Her temperament seemed to have changed a lot, from a lively and lovely girl to a cold one. Even Zhou Changfa could feel the cold. He frowned and said, " "Why do you say that, miss Hong Ling?"

Chapter 245-frost hook

Xin Pi also found it strange. that li Yunxiao's body technique is heaven-defying, " he said. not even the power of a martial King can shake him, and he's extremely fast. Yushan seems to be at a complete disadvantage. Although the setbacks were only flesh, they were beaten until their morale was completely gone, and their martial intent collapsed."

Zhou Changfa's face was filled with displeasure at his words, but it was the truth. He could not refute it. He could only stare at the ring with a livid face.

Leng Hongling looked coldly at Yunxiao in the arena and did not speak anymore.

Xin Pi didn't get any response, so he could only smile bitterly. With his status, there were very few people who dared to ignore him, but Leng Hongling was one of them.

In the arena, Zhou Yushan's body trembled violently as he lay on the ground.

It wasn't that he was too heavily injured. On the contrary, he didn't seem to have any injuries. Instead, he was so ashamed that he couldn't even raise his head. He wished he could directly split the earth and escape through the cracks.

First, he was scared by the martial arts Grandmaster demonic beast and cried for help. Then, he attacked with all his might and the other party did not Dodge. Then, he was burned by the fire. Now, he was sent flying by a slap and lay on the ground like a dead pig.

No matter which one it was, it was not something he could accept with his noble self-esteem. The mockery and ridicule coming from all around seemed to have pulled him into the hell of shame and anger, and he wished he could bang his head on the ground and die.

“What?”

Yunxiao raised an eyebrow and looked coldly at Zhou Yushan, who was lying in the distance. He noticed that the latter's aura seemed to have changed slightly. At least, his body had slowly calmed down and was no longer trembling.

“This is Yingluo?”

The experts in the audience also felt the difference in Zhou Yushan's aura, and they were all surprised.

Jiang Wuji's eyes were filled with surprise and joy. “The fifth level of the heavenly book of oblivion, the Grand Supreme oblivion!”

Leng Hongling's eyes glowed with a complicated look.

“What? This is the unruffled heavenly book of the fifth level?”

Zhou Changfa suddenly became alert, and his eyes were filled with surprise. The condition for marrying Leng Hongling was that Zhou Yushan had to cultivate to the fifth level of the unruffled heavenly book. Because this was a threshold, some people could not enter it for their entire lives. Once he did, with Zhou Yushan's physique, he would definitely achieve great success in the future!

“Thank you. If it wasn’t for you, I wouldn’t have been able to enter the state of Taishang Wangqing so quickly.”

Zhou Yushan’s voice was bone-chillingly cold, as if he had just walked out of a thousand-year-old ice cellar. He slowly got up from the ground and slowly raised his head. His eyes were empty, without the slightest human emotion.

“?! This Yingluo ”

Zhou Changfa was taken aback by the hollow and lifeless gaze. He felt his heart palpitate.

“Oh? It turned out that he had cultivated a cultivation technique that could obliterate one’s seven emotions and six desires. Although it’s a little inhumane, it’s indeed an impressive technique.”

Yunxiao smiled faintly and said, “ but how could the person who created this cultivation technique know? Saints forget emotions, and they can’t reach emotions at the bottom. What they love is in my generation!

Leng Hongling’s pupils constricted, and her calm face changed. Her entire body seemed to have been pierced through.

Yunxiao’s words were like a City Bell ringing in her ears, and her mind seemed to flash with divine light, but she could not catch it. It made her extremely anxious and fell into deep thought.

Not only Leng Hongling, but Luo Yunshang, who was meditating in the divine realm tablet, also opened her eyes. Saints forget emotions, and at the very least, they don’t understand emotions. Emotions are in my generation.

“Teacher Luo, what did you say?” Ruxue asked in surprise.

Yunshang smiled wryly and shook her head slightly.

In the great circle of life, Meng Wu's beautiful eyelashes trembled, and two tears flowed down her face.

In the arena, Zhou Yushan's body trembled, as if he had lost control of his mind at this moment. A ripple flashed across his eyes, but they quickly returned to their emotionless state. "Don't talk nonsense and mess up my mind. The Taishang Wangqing was the most ruthless. this is a peerless cultivation technique created by the wangqing martial emperor. how can an ant like you understand its profound meaning?"

"Your body technique is too strange. My Taishang Wang Jing might not be able to kill you."

Zhou Yushan raised his hands up to the sky. Suddenly, thousands of beams of light gathered from all directions and gradually formed a sword-shaped Mystic weapon in his palms. Under the moonlight, it was as cold as the evening snow and ice.

"This is a Kasaya."

Watching from the audience, Xin Pi's pupils suddenly shrank. This sword gave him an unusual familiar feeling. He cried out in shock, "Elder Jiang, could this profound weapon be a Kasaya?"

Xin Pi looked at the proud Jiang Wuji and said in disbelief, "Elder Jiang, could it be that the sect master of emotion severing sect is a coward?"

"Not bad!" Jiang Wuji stroked his beard and said smugly, "this is the sect master's personal weapon, sixth tier profound artifice ... Wu Gou Shuang Xue Ming!"

"What? Frost hook, Xueming!"

The experts in the audience were all shocked as they looked down in shock, their faces filled with disbelief. Zhou Changfa was overjoyed and excited.

Wugou Shuang and Xueming were extremely famous in firecrow Empire.

It was the weapon of the sect master of the emotion severing mountain, Leng xingbo. Where the sword is, the man is. This profound level weapon had been put aside for more than twenty years and had never been seen again.

Some said that it was because Leng xingbo had entered the eight desolation realm and there were not enough Wu Gou Shuang and Xue Ming. Some said that it was because in firecrow Empire, or even the entire southern region, there was no one else worthy of him using Xueming wugou. There were many speculations, but one thing was certain. This profound level weapon had been sealed with Leng xingbo's seclusion.

He didn't expect that when it reappeared, it would be in Zhou Yushan's hands!

Everyone stole a glance at Hong Ling. They couldn't understand why Leng xingbo didn't pass such an important weapon to his daughter.

Xin Pi and the family heads of the three aristocratic families understood that Leng xingbo had the intention to take Zhou Yushan as his son-in-law.

"Haha, congratulations, elder long hair, brother yang gan!"

A hint of jealousy flashed in Mo Yi's eyes, but she immediately smiled and said, "With such a divine weapon, even if Yushan isn't invincible among the younger generation, he can at least be undefeatable."

Zhou yanggan was also overjoyed and said, I didn't expect sect leader Leng to value Yushan so much. It's the Zhou family's fortune!

Jiang Wuji said smugly, "the fickle body is a rare one. The sect master has raised Yushan as his successor. This frost hook was extremely sharp and was a top-grade sixth level profound level weapon. Even if it was a same level profound level weapon, it could be cut in half with one sword. I'd like to see if this kid's physical skills can block the sharp wugou!"

"Haha, you must be joking, elder Jiang."

Mo Di stroked his beard and laughed, "a mortal body will be turned into a puddle of blood and flesh under such a divine weapon." This time, the outcome is already decided."

"Haha, that's right!"

The people of the Zhou family were overjoyed when they heard this, and their impression of Mo Di immediately multiplied.

Xin Pi was also calm. As long as Zhou Yushan could marry Leng Hongling, the Zhou family would probably be the leader of the four aristocratic families for the next few hundred years.

"The sage is nameless and the Taishang Wang Qing. Cold Moon wugou, unruffled slash!"

Zhou Yushan's entire aura changed drastically after he grasped the wugou sword. The sword glowed like a cold crescent moon, making people's hearts freeze to the bone. The sword light in his hand instantly turned into moonlight, piercing through the vast sky and sprinkling down.

For a moment, the people around were all shocked, as if the entire space was under the moonlight and could be crushed into pieces at any time.

Xin ruyu's eyes bloomed with light as he muttered, " "Emotion forgetting art, Wu hook sword!"

"Tiger Tooth sword, Green Lotus Sword Song!"

Yunxiao snorted coldly, and it was only then that everyone recovered from their shock. The Tigerfang sword roared as blood-red light shot up into the sky, forming blood-red Green lotuses in the air. They bloomed one by one, trying to squeeze the moonlight down.

The two powers clashed in the air for an instant.

"Bang!"

The blood-red color that filled the sky completely dissipated, and the Lotus flowers exploded in the air one after another. The Tigerfang sword lost all of its radiance under the suppression of the Cold Moon wugou, and the cracks on the body of the sword were filled with tortoise-like patterns. Finally, it shattered with a 'bang'.

"The Supreme emotion forsaking technique allows me to possess the power of a peak martial King. In addition to this sixth tier pinnacle profound level weapon, the wugou frost Xueming, I would even dare to fight against a martial ancestor realm expert. You are just an ant, what do you have to stop me!"

Zhou Yushan's aura grew stronger, and countless cold moonlight beams fell down without any resistance, trying to cut Yunxiao into a meat paste.

Yunxiao's pupils constricted. Not only did he not panic, but his eyes also shone with a bright light. With a look of approval on his face, he muttered to himself, "The husband holds the wugou hand in hand, his spirit is higher than a hundred feet building. Who wrote history in the last 10000 years? Good sword, it's really a good sword. Cold Moon wugou, I wonder who refined it!"

The people around him had all fainted, and their Mystic weapons were shattered. In this moment of life and death, he still had the leisure to recite poems and sigh?

Zhou Yushan's eyes were filled with killing intent, and a flash of shame and anger could be seen in his eyes.

Unhurriedly, Yunxiao flicked the broken sword. As if attracted by some force, the broken Tigerfang sword piece froze in the air. As his sword momentum rose, tornadoes began to form, which, under the control of his genuine Qi, turned into stars and shot toward Zhou Yushan.

"Bang! Bang! Bang! Bang!"

The sword fragment was shattered by the Cold Moon sword Qi, but the Starlight still managed to penetrate the sword Qi and shoot toward Zhou Yushan.

They had to be careful, unless Zhou Yushan was willing to let both sides suffer.

Zhou Yushan's expression changed, and he hurriedly withdrew his sword. With a flash of light, the sword appeared around him, and with a series of metal clanking sounds, the broken pieces of the sword were knocked off.

The eyes of the people around them almost popped out. They had never seen such an exquisite martial technique. In a duel between two people, if there was a difference of more than three stars, even if you had the ultimate martial arts technique and equipment, it would basically be solved in minutes.

is this Li Yunxiao really only fifteen years old? ”

The shock in Ao Dijia's eyes couldn't be any greater. This kind of fearlessness in the face of danger is definitely not an act. It's because he has a well-thought-out plan and is indifferent to the vicissitudes of life. The ease and ease in the face of danger just now was definitely not a fluke, but a carefreeness that was at ease. This Yingluo ”

Beads of cold sweat broke out on Zhu Jin's forehead. He said in disbelief, ” it's said that one's strength can overcome Ten's, but this kind of god-like control in technique actually made up for the gap of a large realm. It simply subverted my understanding!

Chapter 246

?

246 Heaven and earth seal

Not only Zhu Jin, but the rest of the people were also blinded by the gorgeous and exquisite control of the martial technique, and their eyes widened even more.

“How can it be so exquisite? It's amazing, he's really a genius in martial arts.” Leng Hongling's eyes were also filled with surprise.

Everyone nodded their heads slightly. Even the Zhou clan members were silent, clearly agreeing with her words.

Jiang Wuji gulped and said, "now that his Mystic weapon has been shattered, how can he still fight against Yushan?" Only death awaits!"

The crowd felt that it was a pity that such a talented young man was about to fall in this arena. If he could be nurtured, he would definitely be a powerhouse of his generation in the future.

Even mo ziqian, Cheng Xiaolan, and the other outstanding talents of the younger generation felt a sense of sympathy for each other.

Below the ring, Ding Ling'er clenched her fists.

you were lucky to have dodged a sword. Let's see how you survive this time. Unruffled slash!

Zhou Yushan was both embarrassed and angry, and the frost hook came down again.

There was already a huge gap between their strength. Moreover, he had a sixth-tier Mystic weapon in his hand. Logically speaking, he should have chopped his opponent into wood shavings long ago. However, after such a long time, the battle ended in a draw. This caused his original state of Taishang emotionless to fluctuate again. He wanted to pounce on his opponent and bite him to death.

Yunxiao's eyes narrowed slightly. The unruffled sword Qi of the wugou sword was indeed not something his body could withstand. Once the tigertooth sword was broken, he had no other weapon besides the divine realm tablet. He couldn't take out the divine realm tablet and kill the other party, right? that would be too shocking and would cause endless trouble.

His hands quickly formed a seal, and rays of golden light flew out from his palms. They condensed in front of him and did not dissipate, turning into a golden symbol.

Xin Pi's pupils shrank. He recognized this move. It was yang Di's floating life seal!

"Is this the floating life seal of Jian Jia, Lord yang di? How could that be?"

A thousand meters away from the divine stage of the Golden Crow challenge ring, in a magnificent and spacious room in The Alchemist Association, a water screen was projected on the wall, clearly showing the scene of the competition in the arena.

Two old men were leisurely enjoying the view with their legs crossed, occasionally tasting the delicious fruits in their mouths.

Suddenly, an old man jumped up as if he had been electrocuted and bit his own throat. He cried out in pain, but his eyes were staring at the water screen in shock. He didn't dare to blink for a second and said, "Floating life seal! It's the floating life seal of Lord yang di!"

The man was Baili gongjin, the president of The Alchemist Association, and beside him was Yuan Hao, a fourth-tier Alchemist.

Yuan Hao was also shocked. He looked at the image in confusion, and his eyes flickered as he said, "The seal has been completed. This Kasaya seems a little different."

"It is indeed different!" Baili gongjin was shocked. "Is it the seal of the world?"

"The seal of the world?" What's this? " Yuan Hao was stunned. What's this? " He had never heard of this seal before.

Baili gongjin's face was full of disbelief as he explained, " Lord yang di once said that his seal technique was passed down by Gu Feiyang. The seal was divided into three forms, namely the floating life seal, the dust World seal, and the heaven and earth seal. Back then, Gu Feiyang had only taught him the first move. After that, Lord yang di had tried to figure out the second move on his own for many years, but he had never been able to master it. Is this the seal of the world that master yang di has been dreaming of?"

"The sea of suffering in the mortal world, transcend the other shore!"

Yunxiao's body shone with a golden light as a huge golden seal made of thousands of runes was pushed out of his palms. It rumbled and covered the heavens and earth, blasting towards the wugou sword light. It had the aura of swallowing the heavens and earth.

“What a joke! You’re just a four-stars martial Lord, and there’s a huge gap between you and me. How can you block my ‘forget love’?”

“BOOM!”

The worldly seal covered one side and suppressed the sword Qi of Wangqing. Suddenly, tens of thousands of golden lights shot out and completely scattered the seal. The power of the sword Qi did not diminish, and it continued to slash at Yunxiao.

“It’s indeed the seal of the world! It’s over! The gap between the two of them is huge, and Zhou Yushan has a sixth-tier profound weapon, wugoushuang Xueming. I’m afraid this li Yunxiao is done for!”

Baili gongjin stomped his feet and said in frustration, “If I had known that he could use the seal of the mortal world, I would have stopped this duel no matter what!”

Yuan Hao was also staring at the water screen in shock, murmuring to himself, “Are we really done for? Why are his eyes still so calm?”

Yunxiao looked indifferently at the sword beams falling from the sky, as if he was unmoved. Streams of true energy swirled around him, and his muscles and bones seemed to expand in an instant, while the aura in his body circulated to its peak.

One after another, golden symbols burst out from his body. They were like chains of stars and clouds that flowed around his body. They condensed into a pattern and formed a seal.

As soon as the seal appeared, it was as if heaven and earth were drawn in from all directions. A strange force surged from all directions, illuminating the seal.

Baili gongjin’s eyes almost popped out of their sockets. His throat was so dry that he swallowed a few times with difficulty and said in a trembling voice, “This, this, this is, heaven, heaven and earth Suan ni”

Yunxiao performed a hand seal and pressed it on the incantation seal. A beam of golden light burst out, illuminating the entire world as it rumbled and flew out.

“Boundless heaven and earth, six paths reincarnation!”

He shouted word by word emotionlessly, and the whole incantation seal affected the heaven and earth. It was as if the sky had collapsed and the earth had caved in, and the sun and moon had lost their light. Wu Gou Shuang’s unruffled sword Qi lost its luster under this seal and was completely swallowed.

“Boom boom boom!”

The two forces collided and exploded. The entire arena was filled with dazzling white light. The space seemed to have frozen at this moment, and the two of them were completely swallowed up by the force of the collision.

The surrounding people could only see a vast expanse of white. The stage was also cracking inch by inch, and a large number of crushed stones were sent flying into the sky by the impact of the raging energy. It was extremely shocking. There were even experts around the ring who used their true energy to block the impact. Otherwise, it would spread and hurt many innocent people.

“Boom boom boom!”

The reverberating sound reverberated in the sky above the entire Shangyang city like thunder.

evenly matched? evenly matched? ”

Zhou Changfa muttered to himself in shock as he watched the energy disperse.

The impact of such power was definitely at the level that only martial Grandmaster powerhouses could trigger. Zhou Yushan had the mantra of the great oblivion, and with the help of Wu goushuang and Xueming, it was reasonable that he could barely reach this level. Yunxiao was just a four-stars martial Lord, and he was fighting with his bare hands. How could he be so weak?

The Jiang brothers 'mouths were wide open, and they were dumbstruck.

Although Leng Hongling's face was covered with a veil, her eyes were still in a daze. She muttered in disbelief, "What kind of martial skill is that? it's even higher than the unruffled heavenly book!"

Xin Pi swallowed his saliva and said with difficulty, "the two seals just now were each stronger than the last, especially the second seal of heaven and earth. It made me feel like the sky was falling and the sun and moon were dimming.

Zhu Jin was dumbfounded. it looks very much like Lord yang Di's floating life seal. But it's more powerful. It seems to be an extension or an enhanced version of the floating life seal.

yang di inherited Gu Feiyang's lineage, "ao Dijia said with a frown. does this li Yunxiao also inherit Gu Feiyang's lineage? "

Xin Pi's eyes twitched and he was shocked, "Gu Feiyang has been dead for many years. Could he be one of his disciples?"

The few of them started to make wild guesses. They knew that they had too little information and their guesses were not credible. But to the Zhou family, it was like a bolt from the blue, a huge blow to their hearts.

If Yunxiao was really the successor of one of Gu Feiyang's disciples, the Zhou family would definitely suffer a great loss. Which one of Gu Feiyang's disciples could they afford to offend?

His first disciple, Hua qianshu, was a Martial Emperor of the ninth heaven. It was fine if they suffered losses, but if the other party was unhappy, a casual palm strike would be enough to turn them into ashes.

Even the Jiang brothers had a bad feeling. Although the emotion severing mountain could do anything it wanted in firecrow Empire, it was not even worth a fart in the entire heavenly martial continent.

On the stage, the energy impact dissipated very quickly. The entire stage, which was made of the strongest green granite, had been shattered into pieces. Many parts of the stage had been turned into powder. The scene was extremely embarrassing.

“?!”

Everyone sucked in a cold breath as they saw Yunxiao standing there solemnly with bloody wounds on his body. He was at the center of the explosion, but he was safe and sound.

Meanwhile, Zhou Yushan’s figure had disappeared from everyone’s sight, and it was unknown whether he was still alive or not!

In the crowd, Yu Rong’s eyes were filled with extreme shock. He said in fear, “ Young lady, is he really a four-stars martial Lord? ” Even he might not have been able to withstand Zhou Yushan’s all-out attack just now.

Ding Ling ‘er’s eyes were shining, and she was so excited that she almost cried. She sobbed in a low voice, “ I won, I won the bet. It was comparable to a martial arts Grandmaster’s combat power and a fourth-tier monarch’s art. How many of the younger generation in the merchant Union could do it? He will definitely be able to save Tianyuan trading company and the land of peril!”

“Hu!”

Yunxiao took a deep breath. Although his Supreme tyrant body was slightly injured by the powerful impact, a large part of the force was directly absorbed by his body, transformed into true Qi, and sent into his dantian.

Now, not only had he replenished most of the energy he had consumed, but his body had also recovered very quickly from the power he had absorbed. Even his physical injuries had completely disappeared.

With such a tyrannical body refining technique, Yunxiao finally understood why he could not defeat ao changkong. Even though Zhou Yushan was a whole realm higher than him, he couldn’t resist the energy attack just now and was sucked in.

“Come out, I know you’re not dead yet.”

Yunxiao stared coldly at the pile of rubble in front of him. He could sense Zhou Yushan’s aura from below. Clearly, he was buried under it.

“What’s wrong? Do you want to play dead or stall for time?”

Yunxiao called out to her several times, but there was still no answer. He sneered and said, “No matter what, it’s futile. No one in the entire southern mountain range can kill me. Anyone who wants me dead is already dead, and you will be no exception!”

He strode forward, his voice reverberating throughout the arena. Everyone’s hearts trembled, intimidated by his domineering aura, and there was a dead silence.

Chapter 247

?

247 Suppressing with a wave of the hand

“BOOM!”

A sword beam shot up from the pile of ruins in front of him, streaking across the space like a rainbow and slashing straight at Yunxiao.

“Die!”

kill! Zhou Yushan spat out a single word as he poured all of his strength into the wugou sword. He became one with the sword, and it was a sure-kill attack!

He was already covered in blood, but he had been holding back so that he could gather his strength and attack when he was unprepared. His furious eyes turned empty again at this moment. He circulated the Supreme emotion forsaking technique to its peak, and his entire person revealed a cold indifference.

“Hmph, I’ve been waiting for you.”

Yunxiao’s eyes narrowed as he gently flicked his fingers. The back of his finger nimbly knocked on the hook at an unbelievable angle. There was a clang and light shot out in all directions. A Dragon’s Roar was emitted from the sword as if it had received a great impact.

Zhou Yushan was so shocked that he almost dropped his sword. Yunxiao’s casual pointing of his finger had not only shaken off his sword momentum, but also directly shattered his confidence.

my all-out attack was actually resolved by him with a finger?!

This cruel fact made him feel as if he had fallen into hell, and his entire aura and fighting will were scattered!

“What an exquisite flower-pinching finger!”

Xin Pi was the one with the strongest cultivation base among them. His pupils suddenly shrank and he said in extreme horror, “Such a casual finger actually contains martial intent and heavenly Dao, as well as the laws of the world! Who the hell was this li Yunxiao? His comprehension of martial arts is so profound that even I can’t catch up!”

“Bang!”

Zhou Yushan’s chest was stomped on by Yunxiao’s foot, and he was sent flying with a mouthful of blood before he fell to the ground and kept coughing up blood. At this moment, his eyes were still empty. It was not because of the Taishang Wangqing, but because his confidence and fighting spirit had been completely crushed.

“Clang”

Frost hook Xueming also flew out of his hand and stabbed into the ground beside him. The light disappeared instantly, like a lonely tombstone.

Ever since the two forces dispersed, the entire arena was silent. Everyone was shocked and didn't dare to breathe loudly. It was only now that they came back to their senses, their eyes filled with fear as they looked at the young man as if a God had descended.

"Be more careful in your next life. There are some people you can't afford to offend!"

Yunxiao looked at Zhou Yushan, who was lying on the ground like a dead dog, and stepped on his head.

The people of the Zhou family were all anxious, but the Golden Crow divine arena was a dueling ground that had been passed down for tens of thousands of years in the firecrow Empire. No one had ever dared to break the rules, not even the royal family.

On the arena, life and death were decided by heaven!

"Stop!"

Seeing that Yunxiao was about to kill him, Jiang Wuji could no longer hold back and rushed out. In a flash, he landed on the arena and threw a palm at Yunxiao.

Apart from passing on the unruffled heavenly book, the two brothers were also responsible for Zhou Yushan's safety. Zhou Yushan had inherited the heavenly book of oblivion and Xueming, so he was obviously the next inheritor of the emotion severing mountain. If they were killed like this, they would not be able to go back and explain themselves.

you're so young, but you're so cruel. I'm going to discipline you on behalf of your family!

As a two-stars martial Grandmaster, he immediately suppressed Yunxiao's aura. The palm wind in his hand was even more merciless, and there was actually a faint killing intent flashing.

The pupils of Xin Pi and the others contracted, and anger appeared in their eyes. Jiang Wuji was openly challenging the rules of the duel, but he was secretly unwilling to see Zhou Yushan die like this. Therefore, he had a dark expression on his face as he watched coldly.

“Who cares, your sister! Old man, do you still want face? Since you don’t care about your face anymore, then kneel down!”

Yunxiao’s eyes flickered with killing intent. He was about to crush Zhou Yushan’s head with his foot, but he immediately retracted his right foot. A series of golden tadpole-like characters appeared in his hands, forming a symbol that covered Jiang Wuji.

“What did you say?”

Jiang Wuji flew into a rage and shouted, “You don’t know the immensity of the heavens and earth! You don’t know how to respect your martial Dao seniors! I won’t feel wronged if I kill you today!”

He increased the strength of his palm. Suddenly, his heart trembled. He raised his head in horror and found that his opponent’s eyes were shining. An invisible force instantly rushed into his mind, and he lost his mind!

“Not good, it’s actually a soul attack!”

Jiang Wuji’s heart was filled with shock. The moment he lost control of his mind, he only felt a great pain coming from his knees. His legs went soft from the pressure of the huge force, and he knelt down with a “plop.”

“What? What was going on? He actually knelt down?” Everyone’s eyes almost popped out of their sockets.

“I’m blind. A martial Grandmaster expert knelt down to him? How could that be?”

“You’re selling cakes! What I saw can’t be real, right? What happened just now?”

“What? I just blinked my eyes, how could such a preposterous thing happen?”

Not only were the people in the surroundings restless, the aristocrats in the stands were so shocked that they stood up. Each of their faces was filled with shock, and their eyes were filled with disbelief. They were completely stunned.

“Pfft!”

Jiang Wuji’s mind went blank. He spat out a mouthful of blood out of shame and anger. “What gutsy dog! How dare you make a martial ancestor realm expert kneel before you? die, die, die!”

He shouted the word “ die ” three times in a row, and his aura exploded to its peak. He was about to explode and die, and his eyes spewed fire.

“Die your sister! You want to stand up? Who allowed it? Continue to kneel!”

Yunxiao’s eyes turned cold. Golden tadpole runes swirled around his hands like swimming Dragons, and a golden beam shot out from between his eyebrows, turning into a huge divine realm tablet that pressed down on Jiang Wuji.

The divine realm tablet glowed with a golden light and merged with Yunxiao’s handprint, pulling the heaven and earth as it came crashing down.

Jiang Wuji was so embarrassed and angry that he was about to go berserk. His legs jerked and he was about to stand up. Suddenly, he felt a powerful force coming down from the sky. It was as if several mountains had fallen on his body. He knelt down again.

“Boy! You won’t die a good death!”

Jiang Wuji’s entire body was flushed red with blood. He furiously gathered all the genuine Qi in his body into his palms, trying to break the falling divine realm tablet. With the strength of a Wu Zong, no matter how heaven-defying the other party was, he would still die!

He instantly punched out several times. Within six directions, a huge force shook, as if it wanted to break through all the suppression!

The so-called six directions realm was to comprehend the power of the six directions in the universe and peek into a trace of the rules of heaven and earth. It was enough to use the momentum to fly in the air.

“BOOM! BOOM! BOOM!”

The wind from the fist flickered, and for a moment, Qi shot out in the ring. The people around were so scared that they retreated in a panic, afraid that they would be implicated.

“What?”

The experts in the spectator stands immediately realized that something was wrong. No matter how Jiang Wuji attacked, the wind from his fist could not break through the space that was suppressed by the divine realm tablet!

The divine realm tablet fell with a rumble, as if it was not stopped at all.

Jiang Wuji's heart trembled as an aura of death crept into his heart. He watched in satisfaction and disbelief as the divine weapon descended. His eyes revealed a dazed and despairing look.

He was a Grandmaster, yet he was so vulnerable?

Zhou Yushan was also in despair. Jiang Wuji was kneeling beside him, and the divine realm tablet had enveloped the space, so he couldn't avoid it either. He cried in horror and shouted, “D-don't kill me! I don't want to die, don't kill me!”

“BOOM!”

The divine realm tablet suppressed the earth without any suspense. The earth trembled and light shot out in all directions. One by one, obscure characters flashed and flowed on the stele before disappearing.

“Don’t! Big brother!”

Jiang Wuwei’s heart trembled as he shouted in shock. His eyes were bloodshot.

“Yushan!” Zhou yangbiao was in a frenzy as well, tears streaming down his face. Zhou Changfa’s body trembled non-stop, and he instantly aged.

“?!”

Everyone sucked in a breath of cold air and shivered. Jiang Wuji and Zhou Yushan had no chance of survival under the suppression!

A martial Grandmaster powerhouse of his generation had actually died in such a cowardly manner?

Everything in front of him was like a dream. No one could believe it, and the entire place instantly fell into a strange silence.

“Argh! Big brother!”

Jiang Wuwei’s heart-wrenching voice snapped everyone out of their daze. Cold sweat broke out on their foreheads as they looked at the apathetic figure standing in the center of the stage.

Xin ruyu’s heart turned cold as well. He had been filled with a towering battle intent earlier and wanted to compete with them. The other party had actually killed a Wu Zong with just a raise of his hand.

Leng Hongling’s beautiful eyes were also dazed, and her mind was completely short-circuited. She should have a certain understanding of Yunxiao’s strength. A few months ago in Tianshui, although he was only a great Martial Master, the combat strength he displayed had already reached the level of a martial Lord. He was already a martial Lord, but he could kill a martial great master with a wave of his hand. This was too much of a subversion of common sense.

Not only them, but all the experts in the audience, as well as the experts from the major sects and forces hidden in the crowd, including Ding Ling 'er and the others, were rubbing their eyes, pinching themselves, and patting their heads desperately, trying to wake up from this dream-like scene.

“You, you dare to kill my big brother! How dare you kill the people of my emotion severing mountain! You, you should die!”

Jiang Wuwei gritted his teeth and his eyes turned red. He no longer cared about the rules and charged forward while roaring, “Old ghost Zhou, your grandson’s tragic death, could it be that you’re still unmoved?!”

Zhou Changfa’s face was filled with deep sorrow as he slowly closed his eyes.

Zhou yangbiao’s eyes almost popped out of their sockets. Finally, he could not help but turn into a beam of light and charge at Yunxiao with Jiang Wuwei. As the head of the Zhou family, Zhou Yushan’s defeat and death today had caused the reputation and future of the entire Zhou family to plummet. No longer caring about the rules and reputation, he rushed forward madly, wanting to tear Yunxiao apart.

“Hmph, so what if I killed him? Is it any different from killing two dogs?” With a clap of his hand, Yunxiao immediately put the divine realm tablet back into his glabella. A huge, bottomless hole appeared in the arena, and Jiang Wuji was nowhere to be seen. He was afraid that there would be no bones left and he would have turned into mud.

“Dammit! Emotionless tyrant palm!” Jiang Wuwei’s palm cut through the sky like a knife and smashed at Yunxiao.

“Divine Claw of the war Wolf!” Zhou yangbiao followed up with a five-fingered hook.

The amazing effect of killing Jiang Wuji was only achieved by catching him off guard. At this moment, with two martial grandmasters joining forces, Yunxiao had no chance of fighting them at all.

The space between his brows flickered, and a green flame suddenly appeared in front of him. It slowly grew larger and bloomed, protecting him.

Chapter 248-not good with words

“Bluelotus Earth Fire!”

All the experts in the stands narrowed their eyes. This kind of Heavenly Fire used to belong to Xingyang Huo, and it was later taken by the mysterious Martial Emperor of Yanwu.

As expected, everyone’s hearts trembled, and their pupils suddenly widened.

A figure emerged from the green Lotus ground fire, and it was Duan Yue. He had a look of mockery on his face as he grabbed at the air with both hands. The two flames landed in his palms and turned into petals that floated in the air, flying toward Jiang Wuwei and Zhou yangbiao.

The flower petals withered, and it was beautiful and sad.

On the other hand, Jiang Wuwei and Zhou yangbiao felt as if they had fallen into hell. The aura of death surged into their minds, and the hatred they felt instantly dissipated. They took in a deep breath and retreated.

How could they resist the attack of a three-stars Martial Emperor?

Just as the two of them were retreating in despair, a figure suddenly appeared and slapped at them with a loud shout. It collided with the falling petals, erupting with a powerful force that sent the three of them flying to the stands and crushing the tiles on the ground.

The attacker was Zhou Changfa. He was shocked to see that he was at a disadvantage after a full-force attack. The other party was only a three-stars Martial Emperor, and his aura was even weaker than his own. However, he had actually suppressed him with the power of the bluelotus Earth Fire!

“Who are you? How dare you go against my emotion severing mountain? Are you not afraid of death?”

Jiang Wuwei was shocked as he roared in anger. The emotion severing mountain was an existence that could do whatever it wanted in the entire firecrow Empire, and it had never suffered such a great loss before. His elder brother’s death made him feel miserable.

Duan Yue gave him a look as if he was looking at an idiot. Then, he descended from the sky and slowly stood behind Yunxiao.

Yunxiao's eyes narrowed slightly as he said coldly, "even Leng xingbo from the emotion severing mountain will die if he offends me, let alone a dog from the emotion severing mountain or a personal disciple!"

"?!"

Everyone present sucked in a breath of cold air, and their palms turned cold.

What kind of person was Leng xingbo? He was the master of emotion severing mountain, one of the three great experts of firecrow Empire. Together with Qi Feng of jutian sect and cui Songhe of heavenly jewel sect, they were almost the symbol of martial arts in the entire firecrow Empire.

Did he know what he was saying? He actually dared to say such arrogant words, wasn't he afraid of getting into trouble?

Leng Hongling's eyes were filled with anger and coldness.

Jiang Wuwei was also stunned. He said in disbelief, "You, you are truly ignorant and fearless. You don't know the immensity of heaven and earth. You actually dare to say such treasonous words!"

"I'm sorry," Yunxiao snorted. "I'm young and inexperienced, so I don't know how to talk."

Everyone heaved a heavy sigh of relief. Damn it, so this brat also knew how to spell the word "death." However, he had killed the people of the emotion severing mountain, and this huge enmity had been formed. Now that he knew to regret it, it was probably too late. Everyone had a mocking look on their faces, wanting to see how he would end this.

Among the crowd, Ding Ling 'er also looked grave and worried.

Looking at everyone's eyes, Yunxiao chuckled and said loudly, "I'm a straightforward person. If I've offended you in any way, Qianqian, you can f \* cking get Leng xingbo to come and bite me!

"Huala"

His words immediately caused the people around him to faint, and cold sweat appeared on their foreheads. It turned out that he really didn't know how to spell the word "death"! Even Duan Yue almost fell off, and he looked embarrassed.

"Pfft!"

Jiang Wuwei had already recovered from his internal injuries from the aftershock of Duan Yue's palm strike. When he heard these crazy words, he was so angry that he immediately spat out a mouthful of blood. He felt an unusual tightness in his chest. you ... You're so cowardly!

A red figure flashed past. Leng Hongling's face was covered with a veil, and her eyes were cold. "Young master Yun, I will remember your words. I will definitely report today's matter to father." Her gaze fell on frost hook and Xueming, and a bright light flashed in her eyes. "My father has carried this sword for over forty years and has never been defeated. I'll leave it here with you, and I'll take it back myself in the future."

As soon as Leng Hongling finished speaking, her figure flickered. A ray of red light could be seen flying into the distance. She was actually very carefree.

Jiang Wuwei's face was extremely gloomy as he glared at Yunxiao with hatred. Then, he turned around and hurriedly chased after Yunxiao.

Yunxiao's eyes flickered as he made a grabbing motion in the air with a smile. Wu goushuang and Xueming immediately fell into his hand. After looking at them carefully, he praised, "Not bad, it's really a good weapon. It should be able to sell for quite a bit of money."

"Whoosh!"

Everyone fainted again. A peak sixth tier profound armament, a priceless treasure, how could it be sold?

The faces of the Zhou family members turned ashen, as if they had completely lost their temper. The other three patriarchs did not look too good either. Although they were also happy to see the Zhou family embarrass themselves, Yunxiao's strength had far exceeded their expectations.

Xin Pi slowly stood up and said with a bitter smile, "congratulations on your victory, young master Yun.

Yunxiao put away the wugou sword, took a few steps casually, then squinted at Xin Pi and said, "It's said that for thousands of years, life and death have been decided by fate and the rules of the Golden Crow God arena are as hard as iron. Hmph Hmph, after I won, people came to kill me one after another. The rules are indeed like iron, iron, iron!"

He enunciated the word "tie" more and more clearly, and it spread far and wide. The entire Shangyang city was so shocked that their ears were ringing.

Xin Pi's expression changed and he said with an extremely ugly expression, "it's true that i didn't do a good job in this matter. jiang wuji has already been killed by young master yun. as for the zhou family, i will definitely punish them severely!"

one must know the world and respect martial arts. in the thousands of years that the golden crow god arena had been in the firecrow empire, no one had ever dared to break the rules. Yunxiao had never been attacked one after another after winning. Now that he was holding on to this point, it was indeed a great blow to the face of the firecrow Empire's royal family.

Yunxiao smiled contemptuously and said, "Do you all believe what you said? As for whether everyone believes it or not, I don't believe it."

"You!" Xin Pi was furious, but thinking that the other party was not even afraid of the emotion severing mountain, he probably would not hang him up. He could only swallow his breath and lower his voice, "What do you want?"

Looking at his livid face, Yunxiao chuckled and sent a voice transmission, " "Don't be nervous. Everything in this world can be discussed. I'll just casually add some vitality stones and pretend that nothing happened. Otherwise, I'll make this into a fast track and sing it on the streets and alleys tomorrow."

Xin Pi gasped. If that was the case, the royal family of firecrow Empire would lose all their face. He gritted his teeth and said, " "How much?"

Yunxiao stretched out a finger and waved it in front of his eyes.

ten million medial-grade primordial stones? " A cold light burst out from Xin Pi's eyes and he said angrily, " "You really have a big appetite!"

Yunxiao's eyes narrowed as he said in a daze, " "Ten million? Lord Xin, you can continue with your jokes. Even the Zhou family can take out 60 million so easily. You're from the royal family, the uncle of His Majesty. Do you have the nerve to take out 10 million?"

Xin Pi was stunned and felt his brain buzzing. He said in a flustered and exasperated manner, " "You're so brave, you really dare to ask for 100 million? You must be crazy poor!"

Yunxiao's face turned cold as he said, " "I originally wanted to have a good discussion with you, but since Lord Xin doesn't need it, then forget it. Wait to listen to the fast track tomorrow morning."

Xin Pi was so angry that he almost vomited blood. " "Alright, alright, 100 million it is!"

Although the amount was huge, it was not like he could not afford it. Furthermore, it was indeed the Zhou clan and the emotion severing mountain who broke the rules and attacked after the duel. " "I can give you the one hundred million primeval stones, but you have to agree to one condition!" He said with a pained expression.

A gleam flickered in Xin Pi's eyes, but it did not escape Yunxiao's eyes. He sneered and said, " "That's a separate matter, give me a hundred million primeval stones as an express fee first. We'll talk about the conditions later!"

Xin Pi was stunned. Was this really a fifteen-year-old boy? If it was an ordinary person, they would probably be so happy that they would go crazy after hearing about such a huge primordial stone. How could he still have such a calm and clear mind? He felt as if the 15-year-old was him, and the other party was the old fox.

Xin Pi nodded helplessly and said, "I'll come find you later."

His gaze swept over the Zhou family and instantly became sharp. He snorted coldly and said, "Zhou yangbiao, as the head of the Zhou family, broke the rules of the Golden Crow divine stage. He will be cut three times and pierced six times, then he will be thrown into the black pool for three years!"

"?!"

Everyone's expression changed drastically, their faces turning pale with shock. Zhou yangbiao was the only one who had a bitter look on his face.

The so-called three knives and six holes were not that bad. It was just three sharp blades piercing through the chest and six big holes in the body. With his martial arts Grandmaster cultivation, it was nothing. The black water was extremely corrosive. Even a martial arts Grandmaster would turn into white bones if they were to soak in it for three years.

However, the Zhou family's Foundation was extremely deep. Naturally, they would have a way to prevent the black water from entering his body.

"The duel is over. Everyone, disperse!"

Xin Pi's cold eyes swept across the scene, and his pressure spread out, making people feel suffocated.

Seeing that the show was over, the crowd dispersed. However, there were curses everywhere. If one listened carefully, most of them were scolding the Zhou family for being useless.

If it was any other time, the Zhou family would have already charged forward to kill. But at this moment, no one was in the mood to do so. Moreover, there were too many people, and they had all lost the bet, so they couldn't kill them all.

Those who won were naturally overjoyed, and they all gave Yunxiao a thumbs-up to express their good feelings.

"Congratulations, brother Wang Chen, for making a fortune," Cheng Xiaolan chuckled and said.

Wang Chen smiled and said, " We got it by luck, but this Li Yunxiao is too powerful to our expectations.

Mo Ziqian's face darkened and he snorted, " "This Zhou Yushan is really useless!"

Although the three of them usually gathered together, they did not show any pity for Zhou Yushan's death. Instead, they began to mock him.

Born in an aristocratic family, he was used to the cold and indifferent nature of human relationships. The strong preyed on the weak, and he had long been trained to be cold-blooded.

The patriarchs of the three aristocratic families also stood up. They looked at each other and smiled.

Zhou Yushan's tragic death had severed the relationship between the Zhou family and emotion severing mountain. Furthermore, they had lost their most outstanding junior. The Zhou family had fallen from heaven to hell, and this was something that they were happy to see.

"Brother Yang Biao, the long-haired elder, in the arena, life and death are decided by the heavens." Mo Di consoled her insincerely, his tone monotonous and empty. There was no hint of lamentation.

The other two patriarchs also put on an act and immediately left with their juniors.

Chapter 249-great harvest

Xin Pi stood there, deep in thought. Then he sighed and said, "Let's go." He raised his head to look at Xin ruyu and frowned as he warned, "I know you're not convinced, but I'm warning you now, don't touch that Li Yunxiao. There will be plenty of opportunities in the future!"

Xin ruyu was slightly taken aback. He cupped his hands in an extremely uncomfortable manner and said, "Yes, granduncle!"

Xin Pi nodded. At the same time, he glanced at Yue Jiulin, who was covered in a black robe, with some fear. Then, he left with Zhu Jin and Ao Dijia.

Xin ruyu sat down quietly, looked at Yunxiao in the distance, and murmured, "Uncle Yue, what should we do?"

Yue Jiulin's face was revealed from the black robe. He stared at the DarkThunder in the distance and said, "I don't know if I should touch Li Yunxiao, but I must get this demon beast!"

Xin ruyu's expression changed slightly, and his eyes revealed a trace of ruthlessness as he nodded slightly.

The crowd gradually dispersed. Those who sighed and groaned all went home to sleep and find their wives to vent their anger. Those who were in high spirits rushed to the various major betting stations to collect their chips. As the odds were too high, many casinos collapsed instantly. Many people could not pay primordial stones and were beaten to death in the downtown area.

Under Jia Rong and Li Changfeng's arrangement, the people of Yanwu had exchanged the primordial stones for the victory at the first moment. They had collected a total of over twenty million mid-grade primordial stones. The amount was so huge that the two of them almost fainted from shock.

"Let's go back too, miss." Yu Rong glanced at Ding Ling'er, who was in a daze, and said, "Miss?"

Ding Ling'er frowned and looked worried. After giving Yunxiao a glance from a distance, he left in silence.

Yu Rong followed behind him, but he was very relaxed. Yunxiao's strength was far beyond his expectation, and he could even kill a martial Grandmaster with a wave of his hand. Such a combat strength was rare even in the entire heavenly martial continent, let alone in Firecrow Empire. There would be no problem with the two major competitions in Yang City.

He couldn't help but admire Ding Ling'er's vision and pride, but he didn't understand why she was worried, so he finally couldn't help asking.

Ding Ling'er's eyes flickered, and she sighed. The bird that takes the lead gets shot. Now is the time when all the forces are surging. He has exposed his strength too early and offended the entire upper class of Firecrow Empire, as well as the emotion-severing mountain. I'm afraid he'll cause trouble."

Yu Rong also fell into deep thought. "If he's killed, what about us? Should we mobilize the forces of Tianyuan Trading Company to protect him?"

Ding Ling'er pondered for a moment and said with a faint smile, "I hope I'm worrying too much. We can't predict his actions. At present, the southern region is in a state of turmoil. If we rashly mobilize our forces, I'm afraid it will cause a shock in all directions. If the other Chambers of Commerce discover the relationship between young master Yun and us, I'm afraid it will be even more dangerous. And while he seems to be reckless and braver than smart, he's actually very meticulous and full of schemes. Even I can't see through him."

She looked up at the sky with a deep gaze and smiled, "To be able to kill a Wu Zong with just a raise of his hand, that strange profound level weapon is definitely not an ordinary item. To be able to train such an outstanding disciple and have such a strong foundation ... Li Yunxiao, Oh, Li Yunxiao, which force is behind you?"

Suddenly, a bolt of lightning flashed across the sky as Yunxiao rode DarkThunder over Shangyang City, heading in one direction.

Ding Ling'er was shocked, and her pupils shrank. "Myriad Treasures Store? Could it be that the force behind him is really the Myriad Treasure Tower?"

For a time, almost all the forces had their eyes focused on the Myriad Treasure Tower.

A moment later, in the most luxurious vip room of myriad treasures store, Yin Zhaoyang had a bitter look on his face and his head drooped. He directed the beautiful maidservants to pour tea and water, receiving the guests with the highest standards.

Yunxiao reluctantly looked away from the beautiful woman and turned to Yin Zhaoyang with a faint smile. "What's wrong? Elder Yin doesn't seem to welcome me?"

"I wouldn't dare, I wouldn't dare," Yin Zhaoyang hurriedly said. "It's an honor to have young master Yun come all the way here. I'm just sorry."

"But what?" With a smile, Yunxiao picked up a cup of fragrant tea and took a sip.

Duan Yue, on the other hand, treated himself as air as he picked up the exquisite pastries on the table and tasted them without any hesitation, his eyes fixed on the few beautiful women in the room with a perverted look.

Yin Zhaoyang gathered his courage and said with a wry smile, "It's just that young master Yun has just made such a big commotion, and you've come to my myriad Treasure Tower. This ... How would everyone see this? I wonder what is the meaning of young master Yun's actions?"

"What's the point?" Yunxiao laughed. "I'm just here to thank elder Yin for your generous loan last time. Elder Yin has been in closed-door cultivation ever since we borrowed the money and didn't have the chance to thank you in person. I'm just passing by this time." He narrowed his eyes and smiled, "Elder Yin, do you think I'm meaningless?" Or did he misunderstand that I'm here to return the money? Aiya, we're tight on cash now. That sum of money is too big, and it'll take a few more days before we can return it."

He had a poor look on his face and even shook his head pretentiously, sighing endlessly.

Yin Zhaoyang was cursing in his heart. "You're a f\*cking Best Actor! Who doesn't know that you extorted so many primeval stones from the Zhou family last time? you extorted them again this time, and you're still crying about being poor! Right now, even the combined wealth of the branch of myriad treasures store in Firecrow Empire is not as much as you! Don't think that I don't know what you mean. You just want to pull the myriad Treasure Tower into the eye of the storm and be your shield!"

He thought this in his heart, but he still laughed and said, young master Yun must be joking. That sum of money isn't a big sum, and it's nothing to myriad treasures store. It won't be too late to return it when young master Yun is more well-off. Although he was cursing in his heart, he didn't dare to offend the other party on the surface. He could only pretend to be calm and indifferent, smiling as he sipped his tea.

thank you, elder Yin! Yunxiao was overjoyed. thank you! Myriad treasures store is indeed rich and generous. I actually came here to borrow some primordial stones. I was worried that myriad treasures store's capital would not be able to keep up, but now I can finally rest assured. It's just a drop in the bucket."

"Pfft!"

"Pfft!"

With two spurts, Yin Zhaoyang and Duan Yue both choked on their tea and began to cough violently, their necks and faces turning red.

Duan Yue was speechless, thinking that this kid was really ruthless to open his mouth like this! Not only was his cultivation base impressive, but his face was also equally impressive!

Yin Zhaoyang's mouth was wide open, and his throat was stuck. Cold sweat broke out on his forehead. "This, this Yingluo"

Yunxiao stretched out a finger, narrowed his eyes, and said with a smile, "ten million medial-grade primordial stones will do.

"GE!"

Yin Zhaoyang's throat creaked, as if it had been broken. He felt dizzy and tottering. young master Yun, young master Yun, this money ...

haha, I know. It's nothing to the myriad Treasure Tower. Yunxiao gently blew on the teacup and sniffed the fragrance of the tea while praising, " just this cup of Cloud Tea that was picked tens of thousands of miles in the sky is worth at least a hundred primeval stones, right? "

Yin Zhaoyang swallowed his saliva bitterly and cursed, " If it wasn't for your special status, I wouldn't have been willing to take out this top-grade Cloud Tea! However, he had a bitter smile on his face as he said,"Young master Yun, to tell you the truth, myriad treasures store is indeed having some financial difficulties at the moment, and we're short of cash."

Yunxiao was taken aback, but then he laughed and said, " "Haha, elder Yin, you're really good at joking. The number one Chamber of Commerce in the world was short of money? This joke is not funny at all."

His eyes dimmed and he said indifferently, " but if you're really short of money, as a friend of the myriad treasures store, I naturally won't force you. Then, I'll just borrow profound weapons and medicinal pills of the same value of ten million. According to my status, I can enjoy a thirty percent discount. So, I'll just return you ten million vitality stones after borrowing the fourteen million profound level weapons and medicinal pills."

"How, how could there be such an algorithm?" Yin Zhaoyang felt that the man in front of him had a Bandit's logic, but he couldn't afford to offend him in terms of strength and identity. Furthermore, his future would depend on this person. But ten million primeval stones was a huge sum.

His forehead was covered in cold sweat as he shivered and said, " well, tower master is not in firecrow Empire at the moment, and I have no right to mobilize such a huge amount of vitality stones.

I see, " Yunxiao said lightly. then, I'll have to trouble elder Yin to point me in the right direction, and I'll go get it myself. When the time comes, I'll send an IOU and elder Yin will inform tower master Xu."

go, go get the Kasaya yourself! Yin Zhaoyang almost fainted. This man was really a Bandit! young master Yun, please wait a moment. I'll go and discuss it with you, " he said, covered in cold sweat. He stood up and felt a wave of dizziness. He couldn't stand steadily and quickly retreated.

"Young master Yun, you're so f \* cking cruel!" Duan Yue gave him a thumbs-up and said with a mixture of praise and scolding.

Yunxiao sneered. this Yin Zhaoyang wants to do me a favor, but he's not willing to pay the price. I'm helping him. Helping him make up his mind to stand on my side. We were only here to drink some tea and distract the public, but since he likes to show off so much, we borrowed some money at the same time. We won't lose anything anyway."

Duan Yue was rendered speechless. 'He extorted ten million mid-grade primordial stones from him, and yet he said he was helping him? what kind of logic is this?'

Seeing him roll his eyes, Yunxiao laughed and said, " you know my current situation. Not only do I need a large amount of vitality stones, but I also have to support a large group of people like you. If I don't extort them, how can I cultivate? "

cultivating by borrowing primordial stones? " Duan Yue snorted. this is the first time I've heard of it. When your cultivation is higher, are you going to steal it and return it?"

Yunxiao's eyes were smiling as he said lightly, " "When my cultivation level is higher, will I still need to return these primordial stones?"

Duan Yue, "Yingluo."

Soon, Yin Zhaoyang came back, his face pale and pale. He had no idea what had happened.

Duan Yue looked at the storage bag in his hand and sighed inwardly. He had never seen so many primordial stones when he was hunting sea beasts with all his might in Qinghai, but this kid had gotten them with just a few words. And from his tone, he didn't seem to have any intention of returning the favor.

young master Yun, this vitality stone is so precious! Yin Zhaoyang handed it over with a pained expression, but he held it tightly in his hand and refused to let go.

"En en, don't worry. I'll return it as soon as possible." Yunxiao snatched it over and threw it into the ring.

Chapter 250

?

250 Yue jiulin

Yin Zhaoyang's heart skipped a beat, and his eyes were filled with extreme pain and reluctance. His face was pale as he said, "Young master Yun, I've already used all my power to help you. Don't ever forget me in the future, and put in a few good words for me in front of elder Yuwen."

Yunxiao narrowed his eyes and smiled. don't worry! I'll ask Yuwen Bo to promote you to the headquarters of myriad treasures store.

"Really?" Yin Zhaoyang's eyes lit up, and he became excited. The pained look on his face disappeared, and he said excitedly, "Young master Yun, is what you're saying true? A man's words carry enormous weight!"

Yunxiao patted him on the shoulder and said with a smile, "Of course it's true. I still have some matters to attend to, so I'll take my leave first. Elder Yin, can you send us out?"

Yin Zhaoyang came back to his senses from his excitement. He was taken aback for a moment, but then he immediately understood what Yunxiao meant. He wanted all the forces to see his close relationship with the myriad Treasure Tower, and he immediately smiled bitterly. However, when he thought of the myriad treasures store's headquarters, he immediately perked up and said reluctantly, "Of course, I have to."

The two of them appeared outside the ten thousand treasures store while chatting happily. Their iron relationship immediately fell into the eyes of all the forces, and they reported the situation back to them one by one.

thank you for your hospitality, elder Yin," Yunxiao said loudly. and myriad treasures store's generous help again. Without myriad treasures store's support, I wouldn't have been able to get to where I am today under the sky of the southern region. I can't thank you enough for your great kindness!"

Yin Zhaoyang could clearly sense that countless divine senses were watching him, and he almost fainted when he heard Yunxiao's words. With a wry smile, he said, "young master Yun, you're too kind. The achievements of Yanwu today have nothing to do with myriad treasures store.

Yunxiao sneered in his heart and said, "Elder Yin is too modest. Transcending the mortal world and hiding your achievements and fame is indeed the myriad treasures store's usual style. The Green Mountains will never change, and the green water will always flow. I will take my leave now!"

He did not wait for Yin Zhaoyang to say anything and rode away on DarkThunder.

Duan Yue found it very fresh, and he wanted to ride it as well, but DarkThunder bit him a few times, so he had to follow behind in disappointment.

Yin Zhaoyang clearly felt that countless divine senses in the void around him had fallen on him. He smiled wryly and returned to myriad treasures store with his head lowered.

Fortunately, the myriad Treasure Tower was loud and powerful. Even if people had doubts about him, they did not dare to act rashly.

Both Yunxiao and Duan Yue were in a great mood. They had won more than twenty million primordial stones in the gambling match, extorted sixty million from the Zhou family, extorted a hundred million from the temple of revered elders, and earned another ten million from myriad treasures store. In total, they had nearly two hundred million mid-grade primordial stones.

Yunxiao was fine, but Duan Yue, who had never seen so many primordial stones in his several lifetimes, was still in a daze from the calculation. He could not believe that the primordial stones were coming in faster than ordinary stones.

The two of them soon left Shangyang city and headed toward Yanwu.

The DarkThunder kept stepping on lightning, and it suddenly stopped in the sky and listened to the front vigilantly.

Duan Yue also frowned and looked over, but he could not see anyone.

Yunxiao stared coldly at the White clouds in front of him and said, "Who are you? Get out here." He raised his hand, and frost hook appeared in his hand. He slashed out a sword light toward the cloud.

"Pipa!"

A bolt of lightning suddenly appeared in the sky and struck the sword light. The two forces dispersed in the clouds.

The White cloud began to change, shrinking rapidly like a marshmallow, and finally, it was taken into the palm of one of the people. Two figures appeared in the air in front of them, sneering at them.

if I'm not mistaken, is the one in front Xin ruyu, the Crown Prince of firecrow Empire?" Yunxiao's eyes grew cold.

The young man in the lead had a proud and stern expression. He snorted, "That's right, it's this Prince. Li Yunxiao, you're very arrogant."

Yunxiao was taken aback. hammer! he laughed. hammer!

"A hammer?" Xin ruyu frowned. What do you mean by that?"

Yunxiao's pupils constricted as he sneered, "Does my savagery have anything to do with you?"

"You!"

Xin ruyu's anger quickly subsided as he laughed evilly."I'm not going to argue with you. You're indeed very talented. Even if I wanted to win against you, I'm afraid it would take a lot of effort. I'll give you a chance to live. Leave this demonic beast, Wu goushuang, Xueming, and your stone tablet profound level weapon behind. And pledge your allegiance to me and become my servant. You'll be able to keep your life and continue to live well."

After he finished speaking, the entire sky fell silent.

Yunxiao's eyes were half-closed, but he suddenly opened them and took a deep breath. "Can you be any more idiotic?"

"Idiot? Hehe, I knew you wouldn't obey so obediently. Then let me completely crush your arrogance and obediently be my servant." Instead of getting angry, Xin ruyu laughed, as if Yunxiao was already in his pocket. I'll let the whole world see how you, li Yunxiao, will be a dog by my side.

"Bang!"

The air was instantly compressed to the extreme as Yunxiao came from DarkThunder and arrived in front of Xin ruyu in an instant, then thrust his palm down. The speed was so fast that sparks appeared in the air, and the rumbling sounds continued.

"?!"

Xin ruyu's face paled in shock, and he couldn't Dodge in time.

"Pipa!"

A bolt of lightning streaked across the sky and fell on Yunxiao's palm. The lightning was so strong that it lit up the sky. Yunxiao's face flickered. He immediately tapped his feet in the air and flew back to DarkThunder.

The DarkThunder's eyes were filled with ferocity. It sniffed the electric arcs in the sky, and its hair stood on end as if it was facing a great enemy.

Duan Yue's expression was stern as well, and his eyes were filled with solemnity. He could not see through the cultivation base of the man in front of him!

you actually want to slap His Highness, the Crown Prince. You're really lawless! The man raised his eyes indifferently, and lightning was also flashing in his eyes.

Xin ruyu's face paled and turned ashen. If Yue jiulin had not acted in time, he would have been humiliated for the rest of his life if he had been slapped. Fortunately, there was no one around, unlike Zhou Yushan, who had been seen by the entire city.

"What a strange martial skill. It's actually a lightning technique. No wonder you want my Mount. You must be trying to capture demonic lightning to help you cultivate." Yunxiao said unhurriedly, his expression unchanged.

"Young master Yun, you're indeed knowledgeable!" Yue jiulin praised, "since you already know, you'd better submit obediently." I don't know how you beat Zhou Yushan, but do you think you can win against me?"

although you've restrained your aura, I guess your strength should be at the level of a five-stars Martial Emperor, " Yunxiao said lightly. coupled with the extraordinary Thunder martial technique you've cultivated, your combat strength is comparable to that of a six-stars, or even a seven-stars Martial Emperor. If we really fight, we're no match for them."

Yue jiulin was taken aback, and his eyes flickered with a fierce light. Even experts of the same level might not be able to see through him, but Yunxiao had hit the nail on the head."Since you know, why not surrender? You have to know that a wise man understands the times."

Yunxiao snorted coldly and said disdainfully, " "We can't beat them, but you're not so arrogant that we can't even escape, are you?"

"Escape?" Yue jiulin laughed involuntarily and said, " the three-stars Martial Emperor behind you might be able to escape with the power of the blue lotus Earth Fire. But as for you and this demonic beast, Yingying ... Hehe. To be honest, it's already a great honor for you to have me fight you with your strength. In the younger generation, perhaps the Crown Prince is not your match."

Xin ruyu's expression changed slightly, clearly extremely displeased with this statement.

Yunxiao sneered. in terms of strength, you are not bad. But in terms of intelligence, Hmph! Do you think you are the only ones following me? " he said. There are at least three or four forces hiding in the surrounding space. You are the only ones who can't hold back."

“What?” Yue jiulin was shocked, and he quickly spread his divine sense in all directions. Suddenly, several places in the air trembled slightly. His face changed immediately, and he shouted angrily, “Who’s there? All of you, come out!”

The five-stars Martial Emperor shouted, and the space trembled slightly. There were slight fluctuations in several directions in the sky, but it soon returned to calm.

In a certain place, the fluctuations became visible to the naked eye, and a Tigerking chariot slowly emerged from the void. It was luxuriously decorated, and was surrounded by a green light, isolating the spatial fluctuations from the outside.

Several men were standing on the chariot, led by the president of The Alchemist Association, Baili gongjin.

“Master Baili, what do you mean by this?” Yue jiulin’s heart sank when he saw who it was, and he shouted.

Baili gongjin glanced at him indifferently and said, “What do you mean? I was going to ask Lord Yue what you meant! Yunxiao is an Alchemist of our Alchemist Association, and you’re asking me why I’m stopping him? Lord Yue, long time no see, you’ve become more humorous.”

Nether, your sister!

Yue jiulin cursed in his heart and said with a dark face, “Master Baili, this is a personal grudge between the Crown Prince and Yunxiao. I hope you don’t get involved!”

Baili gongjin said unhurriedly, “Of course, I won’t ask about personal grudges, but if someone bullies the alchemists of my Guild, I can’t just sit by and do nothing! The Alchemist Association had always been United. Li Yunxiao, tell me, is it a personal grudge between you two, or were you bullied?”

Yue jiulin and Xin ruyi’s faces turned extremely ugly. With Baili gongjin’s behavior, they were afraid that he was going to interfere.

Yunxiao smiled and said, "of course, they are going to bully me. Not only that, but His Highness also wants to take me in as a servant. 'Tsk, tsk, you want to capture a fourth-tier Alchemist and make him your servant? President Baili, you're clearly looking down on alchemists!' As a fourth-tier Alchemist, I beg the firecrow Empire's Alchemist Association to issue a kill order and completely kill Xin ruyu and Yue jiulin, who despise alchemists!"

"What?"

Yue jiulin's face changed drastically. The pursuit order of The Alchemist Association was extremely terrifying, and it was almost a situation where one would not rest until one of them was dead. It was because The Alchemist Association would offer a great deal, which was enough to attract all the experts in the world to participate.
