### Chapter 271

?

#### 271 True Dragon's Secret technique

With the great change dance, Luo Qingyun was in front of Yunxiao in just a few steps.

Looking at Yunxiao's blank face, he sighed slightly and said, "I thought it would be interesting, but I didn't expect you to fall for it so easily. With your strength, it shouldn't have happened. Sigh, what a pity!"

He raised his hand slightly and slapped at Yunxiao's head.

"Too bad, your sister!"

A smile suddenly appeared on Yunxiao's dull face, and his misty eyes disappeared in an instant, replaced by clarity. There was even a strange look in his pupils, which made Luo Qingyun's heart tremble and almost lose his mind!

"What?" Luo Qingyun was shocked and knew that he had fallen into a trap. He quickly withdrew his right palm and quickly retreated.

"Since you want to play, let's do something big!"

The smile on Yunxiao's face turned extremely strange, and his whole body suddenly twisted, then was completely torn apart, turning into petals that drifted away in the wind.

"?! This is a Suan ni, an illusion!"

Luo Qingyun was greatly shocked. Only now did he realize that the sky and earth around him had begun to turn dark. The scenes of the Four Seasons were rapidly changing and moving away from him. Even the space became extremely unstable, as if it was about to shatter!

How was that possible?

He had used a spiritual attack, but it was the opposite of his opponent's!

Just how powerful a soul skill was needed to do this! What kind of monster was this young man!

Just as he was overwhelmed with disbelief, a huge Phantom suddenly appeared in the distorted space and walked toward him. With every step the shadow took, the world trembled, and the golden light on its body was dazzling.

“Great illusion fist!”

The shadow opened its mouth and slowly spat out four words. Then, it raised its fist high and smashed it down on Luo Qingyun. As he punched out, the entire space suddenly shrank and was distorted by the power of his punch. The world turned into the shadow of his fist and came down with it.

“What is this? Great illusion fist??! Great illusion fist!”

Luo Qingyun suddenly thought of something. When he saw the face of the shadow clearly, he was scared out of his wits and his whole body turned pale.

This was the space of consciousness. If his body were to be blown apart, he would be completely finished in reality. And with a punch from this man in front of him, there was no way he could not die!

“Ao changkong! It was the tyrant martial sovereign, ao changkong, and his great illusion fist! With one punch, the four poles collapsed! Who was this kid? Could it be that he has seen ao changkong and even seen him punch?”

Luo Qingyun was so scared that his face turned pale. It was impossible for him to take ao changkong's punch. His only chance of survival was to break this spiritual space and escape.

"True dragon Transformation!"

He let out a loud roar and his body began to become extremely terrifying. Green scales appeared and covered his entire body. His body directly rose into the air and stretched out, turning into an ancient true dragon in the blink of an eye!

"Soaring Dragon celestial body, motionless King fist! BOOM! BOOM! BOOM!"

Luo Qingyun, who had turned into an ancient true dragon, roared and began to crash his body into the spiritual space. In an instant, hundreds and thousands of fist shadows were thrown out. Cracks began to appear in the entire space, and it was about to collapse at any time.

At this moment, ao changkong's fist shadow also fell. Because the power was too great, the entire space was immediately shattered into pieces and began to dissipate. However, the power of that punch actually transcended the space fragments and spread out layer by layer. Those space fragments that were transmitted by the power of the punch all shattered into nothingness and dissipated in the black hole.

"?! No!"

Luo Qingyun roared in horror. The power of ao changkong's punch had shattered countless space fragments and transmitted them over. Even though only one percent of its power was left, it was still not something he could withstand.

"Sacred true dragon body! The strongest defense!"

"BOOM!"

An ancient true dragon was hit by the remaining power of the fist and was sent flying like an earthworm, spraying blood in the air.

At this time, the whole spiritual space was shattered. On the qionghua Island, Luo Qingyun's real body directly spat out a large mouthful of blood and flew out like a broken kite.

"This! What's going on?"

High up in the sky, everyone was shocked. The law-enforcement officers who had lost their minds all came back to their senses, and their faces immediately showed shame.

"How could Luo Qingyun be injured?"

"Yeah, it's too strange! He had just raised his palm and was about to end Yunxiao's life, so how did he suddenly get injured and fly out? Did any of you see Yunxiao make his move?"

Huang Xiaolong's face turned serious, and he said in a deep voice, "All of you shut up, don't embarrass yourself! Luo Qingyun's spiritual attack was backfired by Yunxiao's spiritual power!"

Tu Lei swallowed his saliva and said in disbelief, "The mental energy that the copper ring released just now was overbearing and powerful. It was actually reflected back by the opponent. What the hell is wrong with this Li Yunxiao?"

These people thought that Luo Qingyun had suffered a spiritual backlash, and no one knew that he had been directly sucked into Yunxiao's spiritual space and almost turned into ashes. The danger in it was beyond their comprehension.

"An ancient true dragon! This kid has actually learned the secret technique of the true dragon!"

Yunxiao's eyes burst with a bright light. With his mental power as a fifth-tier Alchemist and the great expansion divine technique, the mental prison he had created was so strong that even a sixth-tier Alchemist would not be able to escape.

He first pretended to be weak and played along, showing that he had been tricked. The moment he pulled Luo Qingyun into his mental prison, he thought that the battle was over. This was because no one

could possibly receive the punch of ao changkong that he had conjured. Who knew that the other party would transform into a true dragon and shatter his spiritual prison?

Ao changkong's last punch was only one percent of the power of his fist. Luo Qingyun would have died for sure even if the space had been able to support him for a moment! He had to admit that he was extremely lucky!

“Bang!”

The rock under Yunxiao's feet shattered, and he instantly cast a movement technique and chased after Luo Qingyun. Although that punch had injured him quite a bit, it was not to the extent of losing his combat power.

Yunxiao gently landed in a forest and saw a pool of blood on the ground, which was Luo Qingyun's vomit, but she was gone.

“Hmph, you want to escape? Since you already know how powerful my mental power is, you should also know that the restrictions on this Island are useless Against Me!”

He instantly spread out his spirit sense, covering the entire qionghua Island, but he didn't find Luo Qingyun's shadow.

“Eh? So it was hiding in the void. With your strength, it's impossible for you to escape into the void. It must be that copper ring profound level weapon that has the ability to hide in the void. If that's the case, I'll just break open the void gate and seal you inside!”

Yunxiao raised the long sword in his hand, and circles of terrifying sword intent bloomed from wugou Shuang's Xueming. As he pointed the long sword forward, specks of fluorescent light flickered around him, like stars filling the sky, emitting a faint Starlight. The Starlight gradually poured into the sword, causing it to gradually become transparent.

“Sword Art-morning light!”

A ray of sword radiance pierced through the sky and instantly split the entire forest into two, slashing towards a spatial node.

Luo Qingyun, who had been hiding in the void, could no longer sit still. He suddenly emerged from the void, and the pair of copper rings fell into his arms, shaking violently. One of his arms exuded a shocking amount of power as it was gradually covered in green scales.

“True dragon sacred body-Dragon Emperor strength Meridian!”

Luo Qingyun’s face was pale with anger, and there was still a large amount of blood at the corner of his mouth that he had not had time to wipe. With a single punch, space seemed to shatter as it rumbled down. The copper rings released rings of golden light and bombarded the ground.

“BOOM!”

As the two huge forces collided, the entire sky was split open, turning into two different colors. The entire qionghua Island became dark and gloomy. Under this move, they were actually evenly matched.

Yunxiao knew that it was because his opponent’s body had been severely injured. Otherwise, it would be impossible for him to compete with his opponent with his strength as a martial Lord. It had to be known that his opponent’s true dragon secret technique was definitely not below his own sword Scripture, and the grade of that copper ring could even surpass his own frost hook Xueming.

At this moment, Luo Qingyun’s heart was also extremely bitter. At first, he wanted to use his spiritual attack to defeat his opponent, but he didn’t expect that he would end up trapping himself in a cocoon. Not only was his opponent’s spiritual power far superior to his, but his Soul Art was also extremely powerful, which was extremely rare. Now that his physical body was on the verge of collapse, it was hard to say who would win.

“Who are you? It could actually imitate Lord Ao changkong’s great illusion fist! And he even knows Lord Gu Feiyang’s Sword Art!”

Luo Qingyun could not help but ask. Firstly, he was really curious. Secondly, he could buy as much time as possible so that he could recover more energy.

“Oh? Your background is not simple either. Not only did he know the true dragon secret technique, but he also knew ao changkong’s fist and Gu Feiyang’s sword. Who’s your Lord?” Yunxiao also asked curiously.

Luo Qingyun was speechless. A 15-year-old kid was asking her who her parents were. The scene was extremely comical, but he could not laugh.

“Hmph, you don’t need to care about who I am. Although I’ve accidentally fallen into your trap, you’re still dreaming if you think you can defeat me!” “Why don’t we stop here?” Luo Qingyun said arrogantly.

“Tsk, tsk, each of us has our own plans?” Yunxiao laughed with a greedy look on his face. He licked his lips and said, “You should have at least a few hundred crystals on you, right? You can take one with you and leave the rest behind.”

“Arrogant!” Luo Qingyun was slightly angry. if we continue to fight, it will be a lose-lose situation for both sides. At that time, someone will take advantage of us and not have a single crystal. That would be a ghost!

Yunxiao’s eyes flickered as he said coldly, “If you want to attack me, you must be prepared to die! Whether I spare you or not will depend on my mood!”

Chapter 272

?

272 Dragon bloodline

Luo Qingyun’s expression changed drastically, and he laughed in anger, “Haha, what an arrogant kid! Since you want to play to the end, I’ll accompany you to the end! You think you can defeat me just because you injured me?”

He took out a jade-green Pearl, and with a ferocious expression, he bit it. His pupils suddenly shrank and turned into a strange dark green color. A strange aura burst out from his body.

Yunxiao's heart trembled, and his eyes widened in horror as he saw Luo Qingyun's body begin to change like the one in the mental prison. Gradually, he turned into a Dragon, but even more bizarre and powerful.

"Demon transformation pill? No, how could there be a demonic core that could transform into a Dragon in this world? What did that kid eat just now?"

"Bang Bang!"

"Bang Bang!"

The sound of a heartbeat came from Luo Qingyun's body, and it was clearly transmitted to everyone's ears. Everyone felt shocked.

High up in the sky, Fang de and the other two were also shocked. Every time their hearts beat, they felt their blood vessels expand. As they beat at the same frequency, they actually gave birth to a violent aura.

"What's going on? This strange power, could it be a powerful demon?"

"What did that kid just eat? Look at his body, it looks like he's demonizing. It should be a demonic pill!"

"Heavens! How strong was this demonic pill? Look at his body, what did he look like in his demon form? Why does it look like the evil Dragon from the legends?"

"Tsk, f \* ck! The dragon clan was just an illusory legend. It was said that they were all existences of the ten directions divine realm. How could there be a demonic core that can transform into a Dragon?"

The group of law enforcement officers discussed non-stop, but the feeling of their blood pumping stronger and stronger made them feel extremely uncomfortable. With a wave of his hand, Huang Xiaolong opened a barrier and immediately enveloped everyone inside before they calmed down.

This kind of pulse spread throughout the entire qionghua Island. The other participating disciples were not so lucky. One by one, their eyes began to turn ferocious and they gradually lost consciousness.

Yunxiao looked at Luo Qingyun, a look of reminiscence and shock flashing in his eyes as he muttered to himself, " "This feeling is actually Dragon might! No wonder his true dragon secret technique is so powerful that it can shatter my spiritual cage. He actually has the bloodline of a Dragon!"

Luo Qingyun's entire body had turned into a demonic beast's appearance. He had a thick and long tail and two strange horns on his forehead. He looked like a legendary evil Dragon.

It was said that the ancient true dragon was born from heaven and earth, the spirit of ten thousand spirits, but it could not reproduce by itself. They could only mate with the powerful beings of other races to reproduce. This caused the true dragon's bloodline to become thinner and thinner, and there were even legends of the Dragon giving birth to nine sons, each of which was different.

For countless years, there had been records in the history of the heavenly martial continent that powerful beings with the Dragon bloodline would appear from time to time. They could be demons, humans, or other races. However, without exception, these powerful existences with the Dragon bloodline would all become unrivaled powerhouses in the future.

However, after countless years, a true ancient dragon had never been born. The Dragon bloodline became thinner and thinner, as if it was going to be annihilated in history.

Li Yunxiao, you can die with no regrets now that you've forced me into this state! Luo Qingyun's momentum was unusually strong, and his body that had been injured at the beginning had also fully recovered, giving people a feeling that he was unparalleled.

"Whoosh!"

As soon as Luo Qingyun finished speaking, his figure flickered and disappeared from where he was. Then, at the speed of almost teleportation, he threw a punch at Yunxiao.

"So fast!"

Yunxiao was shocked. The speed was faster than he could see with his naked eyes, and he could only sense it with his divine sense. He suddenly punched out as well. The two's fist forces collided in the air. It was all the power of the physical body and not a single bit of vital Qi.

“BOOM!”

The two of them were sent flying back at the same time. Luo Qingyun's demonic eyes almost popped out as he said in shock, “How is that possible? You actually took my punch with your body? What's wrong with your body?”

Yunxiao's blood and Qi were rolling all over his body, and the blood under his skin was shaking. The great force of the other party had almost shattered his body. It should be known that even a martial Grandmaster could not hurt him with his Supreme tyrant body. The Dragon bloodline was indeed so powerful!

Luo Qingyun's eyes were filled with a cold and fierce light as he said, “I finally know the secret behind your strength! With an extremely powerful divine sense and a body comparable to a martial Grandmaster's strength, even if you only have the cultivation of a martial Lord, it's no wonder that you could kill a martial Grandmaster with a wave of your hand and walk out of the ward of rain unscathed.”

The killing intent in his eyes grew stronger, and he said, “In the entire four regions of the realm of heavenly martial arts, among the countless geniuses of the younger generation, you may be the biggest threat to me! I will definitely kill you today!” His ferocity was monstrous, and the power of the evil Dragon spread out from his body. Just by standing there, he felt as if space was about to collapse in. It was abnormally terrifying.

“True dragon sacred body-Dragon Emperor force Meridian, shatter everything for me!”

The veins on one of Luo Qingyun's arms popped out and densely covered the entire arm. It suddenly grew bigger in the air and punched down fiercely. It was as if a small mountain had suddenly fallen down. The space in the four directions was squeezed, as if the mountain had collapsed and the earth had cracked. It was as if the entire Island was going to sink!

The law-enforcement officers in the distance were all shocked and looked at everything in disbelief.

Huang Xiaolong said in a daze, " with one punch, the space is distorted. This is already the strength of a Martial Emperor!

Fang de's face was ashen as he said in a deep voice, " "There's something wrong with the pill that Luo Qingyun just swallowed, so this competition has lost its fairness. Moreover, this kind of power is close to that of a Martial Emperor, and it's enough to threaten the lives of every disciple on the island. I suggest that the three of us join forces to capture him now!"

"Who said you can't take pills?" tu Lei said unhappily. He's just a Martial Emperor. As long as we open the barrier and fix this space, the energy fluctuation can be limited to the nearby area to a minimum, and it won't affect the other disciples at all. Hmph, fangde, don't try to play tricks. Even if that li Yunxiao has extraordinary abilities, he's dead for sure!"

Fang de's face turned livid with anger when he saw Huang Xiaolong's nonchalant attitude. Even if he lost the crystal, he would still save Yunxiao's life later. It would be an unbearable loss for firecrow Empire if a genius-like existence were to fall just like that.

Down below, Yunxiao's expression turned unusually serious. This battle was perhaps the most difficult one he had ever fought since his rebirth. His opponent's current strength was already at the Martial Emperor realm! Now that all the law-enforcement officers had their eyes on the two of them, it was impossible for him to ask Duan Yue to kill Luo Qingyun.

At this moment, when Luo Qingyun's fist landed, he didn't dare to be careless. A ray of light shot out from between his eyebrows, and the divine realm tablet fell into his hand. An ancient golden tadpole-like character condensed in his palm and slapped directly on the divine realm tablet. Suddenly, the golden light brightened and suppressed the fist light.

Luo Qingyun's pupils contracted. After seeing the Golden tadpole-like characters clearly, he cried out in horror, "Ancient golden characters! What kind of treasure was this? Could it be an ancient profound level weapon?"

"BOOM!"

The fist landed on the divine realm tablet, and the tablet lost all its light and flew back into Yunxiao's hand.

Luo Qingyun's face was as calm as water. He strode down from the sky and muttered, "Good boy, you actually have ancient profound artifacts and ancient golden characters! I'm going to rip you apart today and see what other secrets you have!"

Yunxiao's heart trembled. As expected, the other party's background was not simple. Not only did he have the Dragon bloodline, but he was also very knowledgeable. He could recognize the ward of rain, the great illusion fist, the sword Art, and all the other things that were rarely seen. Now, he could even recognize the ancient golden characters. Although the divine realm tablet's level was far above that of an ordinary ancient profound weapon, it was indeed a treasure that had been passed down from ancient times.

"You think you're invincible just because you've activated your dragon blood? Today, I'm going to suppress a Martial Emperor and extract the dragon's blood!"

Yunxiao's eyes flickered with ruthlessness as he quickly performed an incantation gesture. A towering sea of flames was immediately released from the divine realm tablet, burning everything in its path.

"Not good, what's with this flame? Hurry up and open the barrier!"

Huang Xiaolong and the others were taken aback. They had been on guard against Luo Qingyun, but they did not expect Yunxiao to be the first one to launch such a large-scale attack.

The three of them immediately concealed themselves in the void. The next moment, they appeared in three different directions and put up their defenses. Suddenly, a Green Shield fell from the sky and extended over the island, covering the entire area within a hundred miles.

The sea of fire released by Yunxiao reached the edge of the barrier in an instant and was soon intercepted.

"This blazing sea of fire!"

He rushed to the cold Spring outside the barrier and looked at the scene inside in horror. Cold sweat oozed from his forehead as he said in fear, "What kind of monster is that kid fighting? I couldn't even muster up the will to resist that pressure just now!"

At the same time, in the building by the Brightheart Lake, Xin Pi and the other two were also staring at the water curtain nervously, although they could not see the detailed scene. However, the thousands of crystals were gathered together and could not be separated for a long time. It could be seen that the intensity of the battle was not ordinary.

Xin Pi clenched his fists so hard that his palms broke out in a cold sweat. He was sure that one of the two men must be Yunxiao. Thinking of that young man's peerless demeanor, he didn't think that there would be anyone who could contend with him.

Chu Yu also drank dozens of cups of tea nervously. Luo Qingyun's strength, which even he couldn't see through, should have been able to sweep Qionghua Island. Why couldn't they take it down after such a long battle?

As soon as Yunxiao spread out the sea of flames, Luo Qingyun vigilantly put up a defensive barrier. The towering flames were immediately isolated, unable to hurt her, and all of them circled around her to form a vacuum.

Luo Qingyun stared at the divine realm tablet for a while and said coldly, "although this level of flame is stronger than ordinary demonic flames, it's useless in the battle between you and me! He threw a punch, and a strong wind immediately broke through the sea of fire. It seemed to be riding the wind and waves as it came from afar.

## Chapter 273

?

### 273 Innate divine ability

Hmph! Yunxiao sneered and snorted. I hope you can still say the same thing after you become a roasted Dragon! He spread his fingers, his eyes focused, and said in a low voice, "Tianluo killing field, manifestation of fire, all of you, come out!"

“Boom boom boom!”

A rumbling sound resounded in the sea of fire. Suddenly, a huge figure stood up from the fire and rushed toward Luo Qingyun’s fist wind.

“Bang!”

The wind from the punch pierced through the background and disappeared.

Luo Qingyun’s pupils contracted, and he said coldly, “It’s just an ordinary elemental manifestation. There’s nothing special about it!” Looking at Yunxiao’s smiling but silent face, he suddenly had a thought. At some point, an ancient fighting will from the void spread out in the sea of fire. It was so strong that it was about to penetrate his body and blow him away.

“?! What’s going on?”

Luo Qingyun’s face suddenly turned pale with horror. He saw that the depths of the flame began to condense into huge creatures, each of which exuded a terrifying charm. All of them were Almighty-like existences!

“This isn’t a simple elemental transformation! Oh my God, what is going on? The ancient fighting spirit and the spiritual thoughts of these monsters are still intact. What kind of formation is this?”

Luo Qingyun’s face turned pale. Suddenly, a light flashed in his sea of consciousness, and he cried out, “The tianluo fire squall formation! You Yingluo, your sister! It was actually a Grade 9 tianluo fire squall formation, how could they fight it? F \* ck!”

He was so angry that he almost directly vomited blood. This kind of tier 9 array formation, killing him was like killing a dog!

As he looked at the huge creatures that were spurting towards him, he suddenly felt a sense of despair.

“Eh? It was wrong! If it wasn’t a tier 9 existence, it couldn’t be! He’s just a martial Lord, and no matter how heaven-defying he is, he can’t cast a level-nine formation!” Suddenly, Luo Qingyun’s eyes were filled with killing intent. He shouted angrily, I understand now. It’s the incomplete tianluo flaming formation, so there’s only ancient fighting spirit in this formation and no real killing move!

“You want to kill me with just some ancient battle intent? I almost fell for your trap!”

Luo Qingyun suddenly shouted, and the fear on his face disappeared in an instant, replaced by a clear look. The sound of bones cracking came from his fingers, and long bone blades grew out of thin air on the back of his hands, making him look terrifying.

“Ha, all of you, die!”

Luo Qingyun’s body instantly rushed up and slashed towards those ancient creatures. Wherever the bone blade passed, the flames that had taken form dissipated instantly like dust.

“This kid is indeed not simple! You also know the tianluo flame formation!”

Yunxiao’s eyes flickered with solemnity. The Skynet flame array was severely damaged, and the array was still in the divine realm tablet, so the power it could exert was limited. He had no better way to deal with it now except to pull Luo Qingyun into the divine realm tablet or get Duan Yue out.

“Motherf \* cker, let’s go all out! So what if I have the bloodline of a true dragon? I’m a reincarnated man!”

Yunxiao rushed up in an instant. If he let Luo Qingyun break all the arrays, the situation would be even worse. He formed a hand seal with one hand and commanded the divine realm tablet to suppress it. He held wugou Shuang and Xueming in the other hand and performed a sword technique to strike.

Luo Qingyun suddenly stopped and hurriedly slashed at the sword light. Yunxiao’s sword technique was one of Gu Feiyang’s three great sword techniques. Although there was a huge gap between their strength, he did not dare to neglect it. And the divine realm tablet was even more mysterious, which gave him a sense of dread.

The items that could take form in the formation were temporarily relieved. They gathered again and rushed over from the ancient battlefield.

All kinds of attacks surrounded Luo Qingyun, and for a moment, the sky was dark, and the two sides were in a stalemate.

The law-enforcement officers outside the barrier were already dumbfounded, and they were drenched in cold sweat.

These two juniors, one in his teens and the other in his twenties, had actually put on a battle comparable to a Martial Emperor. Luo Qingyun's powerful transformation and Yunxiao's endless means were all techniques they had never heard of, and they made them feel relaxed and happy. However, the killing intent within was also soul-shaking.

“Clang”

Yunxiao's long sword slashed at Luo Qingyun's bone blade with all his strength, producing a jarring sound.

Anger flashed across Luo Qingyun's face, and he hurriedly shook it away with force. Yunxiao's long sword was just an external object, so he did not feel any pain in using it, but the bone blade was grown from his own body, so he cherished it as much as his own flesh. How could he bear to fight head-on with it?

The divine realm tablet was used like a mountain, and its size became extremely huge. Every time it locked onto Luo Qingyun, it would smash down hard.

“Bang!”

Luo Qingyun threw the divine realm tablet away with a fierce punch and slashed at Yunxiao with a fierce look on his face.

The surrounding sea of fire suddenly shot out and turned into lines of fire, quickly binding Luo Qingyun. He activated his demonic power and rushed out of the flames. He saw a sword light falling from the sky and slashing down!

“Whoosh!”

Luo Qingyun dodged quickly and said with a ferocious face, “ you have to control the formation, the ancient profound weapon, and your own attack. I’ll see how long you can last with your cultivation of a mere martial Lord. When your primordial Qi is exhausted, I’ll slowly peel off your skin!

Yunxiao sneered and said sarcastically, “ “Are you trying to comfort yourself? Do you think I’m a fool? The pill you just took must contain a trace of Dragon Qi, which can stimulate the Dragon bloodline in your body. I’d also like to know if you’ll hold on longer or if I’ll. However, if your dragon energy is exhausted, just wait for me to drain your blood.”

Luo Qingyun’s face fell. What Yunxiao said had hit his weak spot.

Dragon Qi was born from heaven and earth, and was extremely rare. A place with abundant Dragon Qi and the essence of heaven and earth could breed a true dragon.

However, since ancient times, true dragons had only existed in legends. Only some hidden places in the realm of heavenly martial arts would occasionally produce Dragon Qi, but all of them were precious treasures. If he had not been forced into a desperate situation by Yunxiao, he would not have been willing to do so.

“Such sharp eyes!”

Luo Qingyun’s expression changed, and he said seriously, “He’s just a fifteen-year-old kid, yet he has such strength and knowledge. The power that was able to nurture you definitely isn’t a nameless faction on the continent. They aren’t any weaker than the transcendent forces.”

Yunxiao’s heart skipped a beat as he asked, “ “How do you know that I’m not a disciple of one of the superpowers?”

“Don’t try to test me. You’re a cunning little brat,” Luo Qingyun said with a smile.

A look of determination flashed across his face, and his aura began to stabilize. He said in a serious tone, “Since you and I are not suitable for a long battle, why don’t we decide the winner with one move? If you can withstand the move I’m about to use, you can take all the Jingshi!”

The flames around him seemed to show a hint of fear after hearing his words and retreated.

Yunxiao’s eyes turned serious as well. He raised his head slightly, and under the illumination of the flames, Luo Qingyun’s body slowly rose into the sky, blocking the sunlight.

The demonic Qi on Luo Qingyun’s body had actually dissipated at this moment. Instead, there was a sense of holiness on his face, which made people want to worship him. A ray of golden light suddenly bloomed from his chest and spun non-stop in his hands. His entire body turned golden in an instant.

Yunxiao’s heart trembled as he cried out in horror, “Innate divine ability! It’s the innate divine ability of an ancient true dragon!”

The surprise in Luo Qingyun’s eyes became even more apparent. He nodded solemnly and said, “That’s right, it’s the innate divine ability inherited from the ancient true dragon’s bloodline. However, the power of my blood is too thin, and I can’t awaken it at all. With the Dragon Qi in the pill, he could barely use it. This innate divine ability is my greatest trump card. If you can take it, you win.”

Yunxiao was greatly shocked, and his mind was spinning.

Some of the most powerful existences in the ancient times were born with great divine abilities that could overturn rivers and seas. This kind of great magical power would be passed on to the descendants through blood. Only when the strength or blood concentration of the descendants reached a certain level would they naturally be able to awaken.

It was an innate divine ability passed down from the ancient true dragon. Even though Luo Qingyun’s blood concentration was extremely low, Yunxiao was still shocked.

After all, it was a divine power of the ten directions divine realm!

Should he take this move or not?

If he didn't take it, he could throw the divine realm tablet out and hide in it. Unless an ancient true dragon came back to life and used its innate divine ability, it was impossible to break it.

However, in this case, the secret of the divine realm tablet would be peeked at by the other party.

More importantly, there was no martial technique in this world that Gu Feiyang didn't dare to take!

An ancient fighting will flowed in Yunxiao's blood. Naturally, after his rebirth, he had never felt such a surge of power. The true dragon divine power had awakened the monstrous martial essence that had been dormant in his blood.

Frost hook Xue Ming seemed to be full of spiritual energy at this moment. He let out a soft cry of excitement.

Yunxiao glanced at the sword in his hand and chuckled. "So you're also a bloodthirsty guy, but don't bite the steel plate this time."

His face was calm and relaxed, as if he didn't care about Luo Qingyun's existence at all. Even the law enforcement officer in the distance was secretly shocked by his Grandmaster-like temperament.

The sea of fire around him contracted rapidly and was sucked towards his glabella. Spots of light appeared around his body like fireflies, appearing out of nowhere.

Luo Qingyun's pupils contracted as he muttered to himself, "Starlight?" His heart suddenly trembled, and a trace of horror flashed in his eyes. 'Could it be that move? How could this be? Who the hell is he?'

The sword in Yunxiao's hand gave off a faint light as it absorbed the Starlight and flame around it. The sword, which had been as bright as the moon, turned red.

“Gulp!”

Luo Qingyun’s throat was dry and thirsty. He swallowed hard and his face turned ugly, “ it really is Yingluo.

He hurriedly focused his mind and didn’t dare to be distracted. Activating this innate divine ability put a lot of pressure on him. If he wasn’t careful, it was very likely that he would be drawn into it and turned into ashes.

Chapter 274

?

274 An earth-shattering move

At this moment, the surrounding space suddenly changed, as if it was separated by the two’s Qi fields, forming an independent Qi field space, the edge of which was actually void.

Everyone in the sky had a grave expression on their faces. They could not blink their eyes in the slightest, afraid that they would miss even the tiniest detail.

Fang de said in a deep voice, “it’s actually a domain!” Under the collision of the two’s Qi fields, it actually formed a domain that could only be produced by a martial honor! This Tao Wu!”

Tu Lei swallowed his saliva and said in disbelief, “ “This is absurd! Was that really a domain? Even if the two of them have reached the Martial Emperor realm, it’s impossible for them to form a domain!”

Huang Xiaolong wiped the cold sweat from his forehead and said solemnly, “ “The domain of martial arts, when you enter it, you’re like a venerable, and the heavens and earth are at your command, so you’re called a martial venerable! The domains created by the two of them were definitely not from the eight desolates. It should be that the martial skill they are about to use has far exceeded the realm they can bear, and it has formed its own domain!”

“You mean to say that their martial arts techniques actually have their own domains?” tu Lei asked in shock. My God, what kind of martial skill is this?”

Everyone shivered, feeling sticky all over. They were so nervous that they were soaked in sweat. This kind of eye-opening battle might only happen once in a lifetime.

“What’s going on? I can understand that there’s a domain in that move, but he’s only a martial Lord. How did he block my Dragon’s might?”

Luo Qingyun’s eyes flickered with confusion. In terms of martial techniques, his innate divine ability was by no means inferior to Yunxiao’s move, but his cultivation base was completely superior to Yunxiao’s. Even if he had a domain, it was impossible for him to withstand it.

Suddenly, his pupils constricted as he stared at Yunxiao’s forehead. There was a mark of a fire cloud there, and it exuded a faint ancient sacred will that was not inferior to his Dragon might!

“Motherf \* cker! This brat seemed to have endless trump cards that could never be used up! If we don’t kill him now, he’s going to collapse!”

Luo Qingyun couldn’t hold it in any longer. Suddenly, he raised his head and roared. The golden light on his body bloomed like a flower bud. An overbearing Qi spread out. Above the clear sky, a faint Dragon Shadow emerged. It opened its eyes slightly and looked down.

The moment the Dragon Shadow appeared, Fang de and the others in the distance felt their hearts tremble. A fear that came from the depths of their souls made them feel a great pressure. They hurriedly circulated their true Qi to resist it.

take this, my innate magical power-four extremes Dragon!

Luo Qingyun flipped his hands, and the huge Dragon shadow in the sky let out a dragon roar that resounded through the world!

The true Dragon's Shadow whizzed down. At that moment, it was as if tens of millions of years had passed and it had pierced through countless space-time. It was enough to shatter the entire world!

Yunxiao's face turned pale in an instant, and the frost hook in his hand began to tremble and cry in sorrow.

"Calm down!"

let's go! Yunxiao cried out softly, and the cry of a Phoenix burst out of his body. At that moment, the surrounding space seemed to be melted by the flame, quickly compressed and collapsed, and then sucked into the sword. Not only that, all the yuan Qi within a thousand miles had been sucked dry by Xueming!

A huge Phoenix Phantom lay dormant on the ground, facing the true dragon from a distance.

"So what if he's a true dragon?"

Yunxiao's shadow slowly raised its head in the shadow of the Phoenix, and the temperament of his whole body was completely different. His eyes were like stars as he murmured to himself in a voice that seemed to remain unchanged for all eternity, "Under my sword technique, I will split the four poles and break your dragon body!"

"Even if there are billions of stars, I'll still cut them down with one sword!"

"Sword-slash-star-Chen!"

Wugou Shuang let out a sharp cry. The shadow of the Phoenix rose up with the sword momentum, turning into a shocking sword light and slashing at the Dragon Shadow. Wherever the sword passed, the space would twist and collapse, turning into the shadow of the sword and returning to nothingness.

"BOOM!"

The two forces finally hit each other. For a moment, everyone on qionghua Island was so shocked that they felt like the sky was falling and the earth was sinking.

In the air, an Aurora bloomed and quickly spread in all directions, swallowing the entire world. In the center of the Aurora, a black hole began to appear and devour this extremely powerful force.

It actually broke the void and a huge black hole appeared on qionghua Island.

The barrier that Fang de and the other two had set up earlier was like an eggshell, shattering with a single touch and no longer existing. The law enforcement officers were the closest to the Aurora, and they were all swallowed by the huge force. They desperately circulated their genuine Qi to resist it.

On a building by Brightheart Lake, the three people who had been nervously watching the water screen suddenly looked out the window in shock.

The waves on the Brightheart Lake surged towards the shore, as if it was the prelude to the violent waves.

“What’s going on?” Huo Sen frowned and said, “although Brightheart Lake is adjacent to the South Sea, it has always been calm and the weather is stable.” Why would he cause such a huge wave for no reason?”

At this moment, there were still many young disciples who had admitted defeat and were brought out of the arena. They all retreated.

what? ” Xin Pi’s face turned cold. He frowned and said, ” there seems to be a strong fluctuation of primordial Qi in the waves. Is it man-made? ”

“What?” horson was shocked. Could it be that someone was stirring up trouble on Brightheart Lake? Is the target qionghua Island?”

Chu Yu’s face was gloomy as he muttered, ” “Don’t you think that these waves are coming from qionghua Island?”

Huo Sen was stunned for a moment, then he laughed and said, "Haha, brother Chu Yu's imagination is really rich. The qionghua Island is thousands of miles away from here. How powerful must the waves be to cause such a huge impact?"

Xin Pi's expression also turned ugly. He looked into the distance and said, "This direction is hazy, it's really qionghua Island!"

Both Huo Sen and Chu Yu's expressions turned cold, and cold sweat appeared on their foreheads.

Even a martial monarch powerhouse might not be able to withstand such a powerful impact.

The three of them looked at each other and were shocked. They hurriedly returned to the building and looked at the water curtain. The nearly one thousand crystals seemed to have some signs of change!

After the powerful impact, the law enforcement officers above qionghua Island finally felt that it was peaceful again. One by one, they opened their eyes and looked around.

In the sky, a bleak scene appeared. Black cracks seemed to have appeared, and they flickered like electric arcs.

The entire sky screen was like a piece of tattered cloth, with all sorts of energy flowing around it. The scene was so dilapidated that it left the experts from the three major sects dumbfounded.

As for the island below, it was even more shocking that a piece of it had been blown off!

The place where Yunxiao had been standing was now filled with seawater, and a big hole had been punched through the entire qionghua Island, forming a ring-shaped Island!

"This Tao Wu!"

Everyone felt a chill run down their spines. The heavens were falling and the earth was splitting apart!

Fang de was also covered in cold sweat. His divine sense quickly spread out and he said anxiously, "Where are the two of them? Where did Li Yunxiao go?"

Tu Lei and Huang Xiaolong also began to search in a hurry.

All of a sudden, a circular opening appeared in the sky. It gradually enlarged, and around the circular opening, there were yellow copper rings that were supporting it.

"The heavenly spirit ring!"

Tu Lei was shocked, and he was overjoyed. He looked over excitedly.

As expected, an arm covered in scales reached out from the hole, and Luo Qingyun climbed out with difficulty. More than half of the scales on his body had been removed, and he looked like a half-human, half-demon, and his whole body was a bloody mess.

After he climbed out with great difficulty, he fell from the sky and fell down.

At this moment, it was no longer the ground, but the sea water within hundreds of miles.

Tu Lei was shocked, and was about to rush up to save him. But suddenly, a figure flashed and blocked his way. It was Fang de, and he asked with a dark expression, "what?" "We're the people in charge of the law enforcement. Do you want to interfere with the behavior of these disciples?"

Tu Lei was stunned for a moment, then he became furious and shouted, "Fang de! The outcome has been decided, so why can't I save him?"

Fang de's divine sense did not find Yunxiao, so he had determined that the latter had been buried in the sea. He was in an extremely bad mood, and anger immediately gushed out of his eyes as he sneered, "Even if the winner is decided, what right do you have to save him? Unless he admits defeat. If that's the case, then he'll have to hand over all the Jingshi on him!"

“You coward!”

Tu Lei was furious, and his aura burst out. He said coldly, “Fang de, don’t use the rules to pressure me! Do you think I’m afraid of you?”

Fang de also silently circulated his true energy without holding back. The two of them faced each other in the air, as if a battle was about to break out!

Huang Xiaolong, who was at the side, frowned and said, “tu Lei, what are you doing?” Fangde is right, we do not have the right to interfere with any of the island’s matters. Unless a disciple directly admitted defeat. This is a rule set by the three major sects. Are you going to violate it?”

He was from the Muxu Empire, and he was in a great mood when he saw Yunxiao dead. At this moment, Luo Qingyun was falling into the sea. His life and death were unknown, so he was even more happy. He stood firmly on Fang de’s side and couldn’t wait for Luo Qingyun to die.

Therefore, he took a light step in the air and stood beside Fang de, indicating his position.

“You coward!”

Tu Lei was exasperated. Not to mention that he could not fight against two people alone, Huang Xiaolong was right. He didn’t have the right to save anyone. However, he was unwilling to see Luo Qingyun fall into the sea.

Just as the three of them were in a stalemate, the heavenly spirit ring that had opened up a circular hole in the sky suddenly disappeared. the entire sky was instantly sealed up, giving off a dull sound.

In the next moment, the heavenly spirit ring became huge and appeared on the sea surface, emitting a soft light.

luo qingyun’s body fell directly into the light, but he did not fall into the sea.

“This bi an ...”

Fang de and Huang Xiaolong were dumbfounded. They had suffered such heavy injuries that they could barely detect the breath of life, but they still had the strength to control the profound level weapon, the Kasaya.

Tu Lei suddenly burst out laughing.

?

At this time, Luo Qingyun’s body on the heavenly spirit ring was slowly moving, as if he was struggling to get up.

275 Extracting the Dragon blood

Fang de gritted his teeth and said, “He didn’t die from such a powerful impact! Is this an immortal body?”

“Hahaha!”

Tu Lei laughed heartily, in a good mood, and said, “I don’t know what level of profound level weapon his heavenly spirit ring is, but it can actually open the void directly and hide inside. This brat must have dodged into the void the moment the two moves collided to survive the disaster. As for li Yunxiao ...”

“Haha, that land must have been turned into ashes!” He laughed.

If such a talented young man was allowed to grow in firecrow Empire, he would be a great threat to the other two countries. Now that it had turned into ashes, he finally had one less thing to worry about.

Although Huang Xiaolong was relieved, he was still upset. Like Fang de, who had a gloomy expression, he stared coldly at Luo Qingyun below, his eyes flickering with uncertainty.

Everyone's divine sense had swept across the entire Qionghua Island several times, but they could not sense Yunxiao's existence. When he thought of the power of the blow just now and Yunxiao's cultivation base of only a martial Lord, he was sure that Yunxiao had been turned into ashes.

Luo Qingyun's condition was extremely bad at the moment. Most of the scales on his body had fallen off, and it was a terrible sight. His demonized state was also gradually being dispelled, and he returned to the handsome appearance of a young man, but his flesh and blood were a mess, and his vitality was greatly damaged.

Thinking back to the moment when he was on the verge of death, even someone as powerful as him could not help but shiver. If the heavenly spirit ring had not broken through the void and escaped in an instant, he would have disappeared from the world like Yunxiao.

He gasped for air as he watched the land turn into an ocean. He felt a lingering fear in his heart.

The sun's rays shone on the surface of the ocean, giving him a sense of warmth and comfort after a disaster.

"What?"

His brows furrowed slightly as he looked at the reflection of the sun on the surface of the sea, which had turned slightly red.

"What's going on? How can the sun turn red?"

Luo Qingyun raised his head in confusion, and his whole body suddenly trembled!

The sun in the sky was still shining with golden light, completely different from the reflection on the sea!

“Swish!”

Luo Qingyun was shocked. He suddenly became vigilant and looked at the sea again. He suddenly found that the original reflection had turned into a blood-red circle. In the middle of the circle, a person’s pupil slowly opened, emitting a demonic light!

“Not good, it’s a spiritual attack!”

He instantly felt a sharp pain in his sea of consciousness, and his brain buzzed, and he lost consciousness.

It was only for a short moment, but in the next moment, he found himself in a wonderful world, surrounded by endless void. In front of him, a tall figure slowly raised his fist.

“Ao changkong!”

When Luo Qingyun saw the appearance of the tall figure, his heart trembled and he could no longer control himself. It turned out to be ao changkong. That punch was the great illusion fist again!

how could this be? wasn’t he already dead?!

At this moment, he felt a chill all over his body. He had been pulled into Yunxiao’s mental prison again!

Now that he was seriously injured, how could he have any strength to escape? he watched as the punch came. Although it was extremely fast, he seemed to have experienced countless years of torture. Fear and despair filled his heart, and he was better off dead!

Luo Qingyun’s mind collapsed under the powerful impact of the negative emotions. He knelt down and shouted with fear, “Stop, stop! I admit defeat, I admit defeat!”

Unfortunately, they were in a spiritual space. Even if he shouted his surrender, no one would hear him except Yunxiao.

Just as ao changkong's fist shadow was about to hit him, it suddenly stopped. His entire figure began to collapse and gradually dissipate. The void of the endless black hole also became distorted, and in an instant, he returned to qionghua Island.

Luo Qingyun kneeled on the heavenly spirit bracelet, sweating profusely. His face was full of fear, and his whole body was trembling in fear.

The blood-red pupils that were emitting a demonic aura turned back into a pair of eyes that were as clear as stars. It was as if they had been there since ancient times, like the stars in the sky.

“Huala”

The surface of the water suddenly exploded, and a figure rushed out of the water like a swordfish. Under the scorching sun, it slowly glowed. The figure was slender and stood alone. The sea water rustled down, and his face was slightly pale as he stood in the air.

“What?”

In the sky, the eyes of all the law-enforcement officers instantly shattered! Their mouths grew bigger and bigger, and they were completely dumbstruck and petrified!

He didn't die?

“Swish!”

Yunxiao took a few steps in the air and landed on his heavenly spirit ring. He was also in a sorry state, but after being washed by the sea water, he looked much more refreshed. At least, there was not a trace of blood on his body. However, his skin was frighteningly pale, almost transparent, and he was also panting.

Luo Qingyun's face was bitter as he said, "How can you still be alive? Even my Soaring Dragon celestial body couldn't withstand that kind of power, and I only managed to survive by hiding in the void. Even the earth was shattered, and you're actually fine?"

Yunxiao panted for a while as he stared at Luo Qingyun. Suddenly, he chuckled, as if all the life-and-death battles had never happened, and they were all wiped away at that moment.

"Do you really think that the sky and earth would collapse and the earth would shatter under that strike?" he asked indifferently.

"Isn't it?"

Luo Qingyun was confused as he looked at the sea around him.

of course! Yunxiao smiled and said, "that's because I had already thought of a way out the moment I made my move. I directly used the divine realm tablet to pierce through the earth. When the two forces attacked me, I had already dived into the sea. It's precisely because I've dug a hole in the ground earlier that the surface of the sea has split apart."

A look of fear flashed across his face. He swallowed his saliva and said, "But that move was really dangerous! Even though I escaped into the sea, I was still swept in and was seriously injured! Otherwise, I would have just cut through the void and trapped you in the heavenly spirit ring. I wouldn't have to use my spiritual attack."

He covered his right eye with his hand. It was obvious that his eye was under a great burden and was in pain.

Luo Qingyun was dumbfounded. The moment he made his move, he had already thought of an escape route. He actually shook through the ground and dove into the sea. This Kasaya

How could such quick-witted combat experience appear on a fifteen-year-old teenager if he wasn't strong enough to be Well-Tempered?

But no matter what, he was sincerely convinced by this battle.

“These are all my crystals, take them!” Luo Qingyun dejectedly threw out a storage bag.

After taking it, Yunxiao stared at Luo Qingyun and said, “Don’t forget, I said I’m going to squeeze your dragon blood!”

His eyes suddenly turned cold and sharp. He pointed his index finger and instantly pierced through Luo Qingyun’s shoulder blade. A large amount of blood burst out. He spread his fingers and controlled the blood in the air, gradually forming a ball.

Luo Qingyun’s face was filled with anger. Ancient true dragons were the most arrogant creatures. He had the bloodline of a Dragon in his body, but at this moment, his blood was being drawn out by someone. It was simply a great humiliation! But, he could not resist at all. Yunxiao’s powerful aura had suppressed him, and he could only let it be.

“Ya ya ya!” Luo Qingyun gritted his teeth, and his eyes were filled with great hatred as he stared at Yunxiao like a beast. What he did not understand was how Yunxiao could still exude such a powerful pressure to suppress him.

Could it be that he still had a trump card?

As soon as he thought of this, he shivered and felt a chill in his heart.

In fact, Yunxiao was also an arrow at the end of its flight. His Supreme tyrant body was almost the same as Luo Qingyun’s Soaring Dragon dharma body. However, when his mighty tyrant body was severely injured, it absorbed most of the power of the attack directly and turned it into physical power to nourish his meridians and body. Under such circumstances, he was much stronger than Luo Qingyun.

This was also the biggest secret of the tyrant body tempering technique!

In the past, he had never understood why ao changkong's inextinguishable golden body was so powerful. It was only after he started cultivating that he realized that this heaven-defying cultivation technique could actually absorb part of the damage directly. This was heaven-defying.

Soon, a blood ball the size of a watermelon condensed in the air, and Luo Qingyun's face became almost transparent. He was already heavily injured, and after having so much of his blood drawn out, as well as the humiliation, he could no longer take it and fainted.

"En, it's almost time. If you continue, I'm afraid you'll die immediately. That's such a pity."

With a wave of his hand, Yunxiao put the watermelon-sized blood ball into a purple vessel. Looking at Luo Qingyun, who had fainted on the ground, he smiled with satisfaction and said, "If I draw it out directly, there won't be any dragon blood left. It's good to leave a living blood bank and come back when you need it."

If Luo Qingyun had heard this, he would have jumped up and spat out all the blood in his body.

you're very powerful. You should be one of the best among the younger generation on the entire heavenly martial continent. If he hadn't met me, it would've been difficult to find a worthy opponent among the younger generation. You are qualified to enter Mount Meru."

Yunxiao flicked his finger, and a crystal fell directly on Luo Qingyun's body. Then, he stepped on the sea and flew away.

"Is He Dead?"

High up in the sky, all the law-enforcement officers stared at the two men in a daze. They could not adapt to the shocking turn of events at once. It was not until Yunxiao ran away that they looked at Luo Qingyun on the heavenly spirit ring, their minds filled with question marks.

Tu Lei's face was dark, and he was so angry that his chest was about to explode. He gritted his teeth and said, "It's not dead yet. If it's dead, the heavenly spirit bracelet will lose its connection with its master and return to its normal state. Can I go down and save her now?"

Huang Xiaolong's face turned even uglier. The worst result had appeared, and neither of them had died. This was what he didn't want to see the most. He said indifferently, "According to the rules, of course not. Brother tu, don't forget the rights and responsibilities of a law-enforcement officer, unless Luo Qingyun admits defeat."

Chapter 276

?

276 The place to open

"Alright, then I'll admit defeat on his behalf!"

Tu Lei was trembling with anger. He flew down and landed in the heavenly spirit ring. He took out a red pill the size of a longan and put it in Luo Qingyun's mouth.

The people in the sky all watched silently. In fact, there was no rule in the rules that allowed one to admit defeat on behalf of someone else. But Luo Qingyun wouldn't die, so there was no need to offend the crazy tu Lei.

The crystal lying on his side was thrown far away by tu Lei with a light touch. According to the rules, after admitting defeat, all the Jingshi would return to the island.

Even if his crystal stones were reduced to zero, with the strength that Luo Qingyun had displayed today, the Tian Xiang Empire would definitely squeeze out a place for him.

Even if a disciple with such strength was not a native of the Tian Xiang Empire, he would still try his best to establish a good relationship with him. Given time, he would definitely be an unrivaled expert.

.....

In a building by the shore of Brightheart Lake, the three of them looked at the water screen nervously, unable to suppress their inner emotions.

“The two of them have separated!”

“Another piece of crystal for the loser. Who won? Who on earth is this person who has nearly a thousand crystals?”

Horson smiled awkwardly and said, “Congratulations to the two of you. I wonder who will be the winner of this thousand crystals?”

His tone was filled with jealousy, but he was helpless.

Chu Yu’s face was extremely ugly, so dark that it was almost dripping water. He was almost certain that Luo Qingyun would not win, because the task he had given Luo Qingyun was to kill Yunxiao. Now that there was a crystal left in the same place, the only possibility was that Yunxiao had won!

Xin Pi glanced at Chu Yu’s expression and his hands were also sweating. He felt a little more confident in his heart.

At this moment, the number of crystals on the water screen was still increasing, and soon, there would be more than a thousand.

The qionghua Island was now surrounded by a ring, and the formation that prevented the spiritual sense from entering the island also disappeared. The whole island suddenly became chaotic, and people from all sides began to fight for it crazily, and disciples began to die one after another. The law enforcement officers of the three major sects were all flustered and could not deal with the situation.

Yunxiao began to search unscrupulously. Finally, when he was exhausted, he gave up and found a place to rest.

Now that he was sitting with thousands of crystals, all the disciples on the island were envious, jealous, and hateful, but no one dared to have any ideas. They all stayed far away, and it was already lucky that they didn’t see him.

“The third day is about to end, so why haven’t the remaining crystals jolted into the sky?”

Many disciples were anxiously waiting for that moment.

High up in the sky, all the people in charge of law enforcement were silent.

“What should we do? The formations have all been destroyed, and the crystals hidden on the island can’t be found.”

Huang Xiaolong shook his head and said, “I suggest we drop it. Let’s see how many more crystals have yet to appear.” It was impossible to repair the formation now. The accident this time was too big, you can’t blame us.”

One of them opened the water screen and counted carefully, then replied, “Sir, there are still 132 crystals hidden on the island. They haven’t appeared yet.

one hundred and thirty-two pieces of Kasaya,” Huang Xiaolong muttered to himself. “Forget it, let’s end it here. What do the two of you think?”

He was a little disheartened, especially when he thought that even if the array was repaired, most of the crystals would probably be taken by Yunxiao. So, he might as well just forget about it.

Tu Lei’s face was also extremely ugly. He snorted, “As long as the two of you have no objections, I naturally have no objections as well!”

Fang de also thought of the possibility of this result and was unwilling, but without the help of the other two, he wouldn’t be able to repair the array in a short time. Moreover, the harvest this time was too big, so he couldn’t be too greedy, so he agreed, “In that case, we’ll activate the teleportation array formation in four hours and teleport all the disciples out.”

“The island’s formation has been destroyed, and the remaining crystals can’t be revealed. The restrictive spell will be activated in four hours, and everyone will be teleported out!”

A powerful voice rang out in the sky. Through the sound transmission formation formed by several enforcers, it rumbled through the entire Island, reaching everyone's ears.

"What? The formation was broken? F \* ck your sister!"

"A bunch of idiots! Why didn't you tell me that it's broken? we're done for, I haven't found a piece yet!"

"Senior brother, what should we do? You promised Junior Sister that you would help me get a piece?"

"Ah, Zhenzhen, this Zhenzhen, Junior Sister can rest assured. Come to senior brother's room tonight, I'm sure I'll give you a surprise."

A large number of disciples who didn't get any Jingshi were all red-eyed with anxiety and began to curse. One after another, they took out their trump cards and poured all kinds of pills into their mouths without any hesitation, beginning to make their final struggle.

For a time, the smell of blood spread across the island. All kinds of fighting continued, and some even cut down whoever they saw.

There were also many people who were secretly happy. They restrained their divine senses and found a place to hide, waiting for the moment to be teleported out. As long as they returned to the Brightheart Lake, they would be safe.

The people in charge of law enforcement were so busy that the number of casualties in four hours was more than in three days.

Yunxiao had been sitting cross-legged in an open space, not making any more movements. These crystal stones were enough for him to make a fortune. After this battle, his body had suffered great damage, but the tyrant body tempering technique had helped him to recover almost all of it. Furthermore, his cultivation was also trying to break through to a higher realm.

"What is this? A teleportation barrier?"

Just as his cultivation base was about to break through the barrier, a light curtain fell from the sky and covered the entire qionghua Island.

All the disciples raised their heads one after another. There were all kinds of expressions on their faces- ecstatic, dejected, dazed, and even with a lot of light covering their bodies, they still didn't stop fighting.

The next moment, the originally empty bank of the Brightheart Lake suddenly became crowded. The calm Lakeside was suddenly filled with killing intent, and all kinds of violent Qi spread out. All of them had not been killed just a moment ago, and were still looking for opponents with bloodshot eyes.

Suddenly, a faint light was released from the crowd. Yunxiao's face was calm. After the battle on qionghua Island, he had broken through to the six-stars martial Lord realm.

This realm could only be considered " alright " among the 10000 disciples, but no one dared to think that it was only " alright ".

Some of the disciples around him, in particular, only realized at this moment that this man was standing next to them, and they were so frightened that they quickly stepped back. With a Swoosh, an empty space of fifty to sixty meters in radius appeared, in which Yunxiao was sitting all alone.

"Everyone, stop!"

A dignified voice came from the building. The pressure of a Martial Emperor pressed down directly, locking all the disciples who were still fighting, and all of them became quiet.

It was only then that Xin Pi and the other two came out of the building. When they saw Yunxiao standing alone in the crowd, they immediately understood what was going on. Chu Yu's face was so dark that it was about to drip water. Not only had he lost thousands of crystals, but he had also failed to fulfill his promise to the Zhou family. The item that was extremely important to him had also gone to waste.

Xin Pi, on the other hand, was overjoyed. He couldn't help but feel excited, and his hands were shaking.

Huo Sen sighed slightly. He had long known that these thousands of crystals had no fate with his Mu Xu Empire, but after seeing them, he was still very disappointed. He said in a deep voice, "the competition is over. No more killing is allowed!" All the disciples of the various sects will return in batches and wait for the day when Mount Meru opens. Then, they will enter with their crystals!"

At this moment, there was a ripple in the sky, and three people flew over from afar. They were Fang de, tu Lei, and Huang Xiaolong.

The rest of the law-enforcement officers went back to the sect to report. The three of them greeted Xin Pi and the others, and Fang de said, " I've just received news from my jutian sect. The opening time and location of Mount Meru have already been calculated by the experts of the three major sects!

"You've already calculated it?" Everyone was nervous, especially the disciples who had received the Jingshi. They perked up their ears to listen. Xin Pi and the other two also focused their attention.

Fang de glanced at the crowd, and when he looked at Yunxiao, he smiled slightly and said in a clear voice, " "Mount Meru will open in five days, at the border between the firecrow Empire and Tianshui! There's a city there, and according to the joint calculations of the experts of the three sects, the entrance to Mount Meru should be a thousand meters above Yanwu!"

Yanwu?!

Everyone's pupils shrank as they looked at the lonely figure in the empty space.

Yunxiao was also surprised. He did not expect to win the lottery.

everyone, please leave, " Fang de said. you can enter Yanwu with crystals in five days.

The crowd clamored and was about to leave.

wait! Yunxiao suddenly shouted. wait!

Everyone stopped in their tracks and looked at him in surprise. They were all very curious.

three days later, Yanwu will hold an auction of quota crystals," Yunxiao said with a faint smile. anyone from firecrow Empire is allowed to participate! At the same time, in order to avoid unnecessary trouble, they had to limit the number of people. All participants of the auction had to pay an entrance fee of one million mid-grade primordial stones. If you can't even afford this, then don't come, or you'll lose face!"

"What?"

Except for Xin Pi, who had known about it for a long time, everyone was shocked and clamored in disbelief.

"Selling spots? He said he wanted to sell those quota crystals? Was it true? Did I hear you right?"

"Haha, that's great! If I had known this earlier, I wouldn't have risked my life on the island for three days!"

what an idiot. He's actually selling such a precious quota?!

"Shush, lower your voice, do you want to die? They have so many spots that they can't use up, so it's normal to sell some!"

f \* ck! Why is it that only those from firecrow Empire are allowed to buy? this is so unfair!

"The thing is someone else's, do you need to tell me how to sell it? You don't have to worry about it even if it's used to make the toilet!"

"That's right. Besides, are you a dead wooden brain? Can't you just buy it from someone in firecrow Empire?"

Fang de was also taken aback. He did not expect Yunxiao to auction the quota, and he looked at Xin Pi in shock.

Xin Pi shrugged his shoulders and gave him a helpless and bitter smile.

Chapter 277-sword burial

Although Xin Pi knew that he would auction the shocking stone, he was still very shocked when he actually said he wanted to sell it. Moreover, the entrance fee was one million medial-grade primordial stones. When the time came, various forces would surely infiltrate the auction house. If they set up an auction house with thousands of people, it would be worth billions of primordial stones.

He was instantly shocked by the number he had estimated. Even if he sold all the quota crystals, he probably wouldn't be able to get this amount. This kid is really ruthless!

Yunxiao chuckled. I welcome you in advance. Yanwu welcomes you! he said.

The smile on his face was radiant, and his white teeth were cool. If someone knew what he was thinking right now, they would probably rush up and hack him to death.

At the moment, Yunxiao was thinking about how to put Yanwu under martial law and increase all the rent and entry and exit fees by ten thousand times. At that time, if the elite disciples of the entire southern region wanted to enter Mount Meru, each of them would have to pay a passage fee of at least tens of thousands of primeval stones.

In this way, the primordial stones he collected would probably be enough to completely open a large territory of the divine realm tablet.

Next, the disciples of various countries returned to their countries under the escort of various major sects. Yunxiao directly refused Xin Pi and Fang de's request to escort him back, and insisted on returning to Yanwu alone.

He still had to rush to set up the auction and collect the fees.

Both Xin Pi and Fang de were worried about the crystals he had, so they secretly followed him. To their surprise, they lost Yunxiao after hundreds of miles.

“How is that possible? He has been under my divine sense’s lock the entire time, but he just disappeared into thin air?” With a shocked look on his face, Fang de rose into the air in disbelief and spread out his divine sense infinitely, but he still could not find any trace of Yunxiao.

Xin Pi forced a smile. this kid is so mysterious. I thought everything was under my control. Later on, I realized that I can’t see through him at all.

Fangde frowned and said with a serious face, ” “Li Yunxiao has extraordinary talent, let alone in the southern region. Even in the entire heavenly martial continent, it was an existence with an angular appearance. However, he was too flamboyant and didn’t know how to restrain himself. I killed him before he could achieve anything.”

Xin Pi said,”since ancient times, which peerless figure hasn’t been this arrogant?” I don’t think this child will die young!”

“I hope so,” Fang de said. No matter who this man is, he is at least a man of firecrow Empire. If we befriend him now, it will only benefit us. Soon, the city of Yanwu would be in turmoil, and all kinds of security matters would be left to Lord Xin. At that time, the three sects would invite formation Masters to set up a Grand array in Yanwu to suppress everyone’s cultivation base and prevent them from causing trouble in the city. I will return to jutian sect immediately and report everything to sect master Qifeng.”

After the two of them said their goodbyes, they turned into two rays of light and disappeared into the horizon.

Not long after the two left, Yunxiao’s figure slowly emerged on the ground. He looked up at them with a faint smile, then headed toward Yanwu.

After the time it took to brew a cup of tea, a middle-aged man suddenly appeared at the foot of the mountain ahead.

Although he was just standing there indifferently without any fluctuations in his expression, it was as if he had divided the entire earth into two halves, and no one could cross over.

It was as if wherever he stood was his world.

Yunxiao was taken aback, and he stopped abruptly as he said in horror, "Domain! Revered martial artist?"

The middle-aged man slowly raised his head, his eyes revealing a surprised look. He smiled and said, "It's indeed extraordinary to know about the martial honor domain. Since the disciple was useless, he could only ask the master to do it. I'm here to take back my sword. My name is Leng xingbo."

Cold star Wave!

The mountain Lord of the severed love mountain!

Yunxiao's face turned serious. It was not because of his reputation, but because Leng xingbo seemed to have appeared out of thin air, but in fact, he had been standing there without using any hiding technique. However, even with his powerful divine sense, he had only just discovered it. Even Xin Pi and Fang de could sense it.

Only a martial honor of the eight desolations realm could do this!

In the universe, I'm the only Supreme!

Leng xingbo's eyes were as calm as an ancient well. He looked at Yunxiao indifferently and said with a smile, "Don't worry, I'm just here to get my frost hook Xueming. After all, this sword represents our emotion severing sect, so how can it easily fall into the hands of others?"

Yunxiao could sense no killing intent from the aura he exuded.

As one of the three magnates of firecrow Empire, he naturally had his own outstanding qualities, so he could not lower his face to attack a junior like him. He immediately smiled. I won that sword. If you want it, you can buy it back.

Leng xingbo started to admire this junior. After hearing his name and knowing that he was a martial honor, he could still talk and laugh like this. He laughed in admiration, " "You mean, I have to win it back?"

Yunxiao's smile froze. He laughed awkwardly and said, " "Forget it, forget it. Since sect head Leng is personally making a move, I still have to give this face."

He flicked his finger, and a sword light shot out.

Leng xingbo reached out his hand and grabbed the sword radiance. He praised, " "It's a pity that your physique isn't suitable for cultivating my sect's technique. Otherwise, I would really want to take you in as my disciple. I'll also betroth my daughter Hong Ling to you."

Yunxiao was taken aback. He hurriedly waved his hand and said, " I killed Zhou Yushan, and your daughter is a widow now, right? I don't want her.

"Hehe, How dare you!"

The more Leng xingbo thought about it, the more he felt that Yunxiao was audacious. How dare he talk about Hong Ling like that in front of him? However, there was no blame in his tone. Instead, it was more of admiration. He opened his right hand and looked at the sword light. Suddenly, he frowned and his face sank.

"What's going on?"

Leng xingbo's aura became slightly cold. He shook his hand and the sword light instantly turned into a long sword in his hand. It was Wu goushuang, but it didn't have any light. It was like a piece of dead iron and didn't have any spirituality.

This sword had been with him for nearly a hundred years. It was almost like a close friend to him. If it weren't for the fact that Zhou Yushan's fickleness allowed him to cultivate the unruffled heavenly book to the great completion, he would never have given the sword to him. Now that he was holding it in his hand, it gave him an extremely strange feeling, as if it was dead.

Leng xingbo's heart ached. Even when he heard that Zhou Yushan, the best successor, had been killed, he didn't feel so emotional.

An extremely strong killing intent spread out in the air, locking Yunxiao in place.

Facing the murderous aura, Yunxiao did not show the slightest intention of retreating. "Sect master Leng, the heavenly book of oblivion emphasizes on the Supreme oblivion. You've fallen in love."

Leng xingbo was slightly shocked, but he gradually calmed down. However, the killing intent in his eyes did not diminish. He said coldly, "If you don't give me a satisfactory explanation today, no one can save you!"

Yunxiao smiled and said, "Sect head Leng, try to sense the emotions on this sword. Although the sword spirit died, he died with no regrets."

Die without regrets?

Leng xingbo was stunned. He slowly scanned the sword with his divine sense. The sword gave him a sense of desolation. Although this sword intent was sad, it was full of carefreeness and implications. It conveyed to him the aura of the eternal seal.

The sword intent actually had a spirit, but it was gradually moving away.

Then, the sword turned gray.

he has found his best home," Yunxiao said solemnly. although the sword is heartless, the spirit has feelings.

Leng xingbo was shocked. His eyes were filled with disbelief.

sect master Leng," Yunxiao sighed with a smile. is the Supreme great oblivion really going to forget love? "

A misty look appeared in Leng xingbo's eyes. He couldn't speak for a long time. The killing intent in the surroundings suddenly disappeared. The place where he stood suddenly felt like the sun was shining brightly, like flowers blooming in spring.

Yunxiao's eyes twitched slightly as he said in delight, "congratulations to sect leader Leng for your breakthrough!"

Leng xingbo let out a long sigh. He could not believe the changes in his meridians. He did not expect that he would be able to break through the bottleneck so easily. He looked at the dead Xueming and sighed, "Old friend, I've received the message you wanted to send me."

He raised his hand and raised his sword. Suddenly, a crack appeared at the foot of the mountain. It was as if the earth had cracked, and a deep abyss appeared.

"It's an eternal seal!"

Leng xingbo closed his eyes slightly and threw the frost hook into it. Then, he gently waved his fist and the mountain behind him collapsed. Countless gravel rolled down and fell into the abyss, filling the entire Gully.

The entire mountain peak had become the tombstone of Wu goushuang.

After a moment of silence, he regained the indifference of being alone in the world and smiled at Yunxiao. "Thank you. As a reward, I've decided to betroth my daughter Hong Ling to you."

"Yingluo, this reward is too scary. You just need to make way and let me pass."

Yunxiao's forehead was covered in cold sweat as he said, "I will hold an auction in three days. If you want to find a good son-in-law, you can also bring your daughter to the auction."

"Haha, you're indeed gutsy!"

Leng xingbo laughed out loud. He didn't make any moves. He just took a light step and was already thousands of miles away.

Yunxiao breathed a sigh of relief. Fortunately, Leng xingbo had a good demeanor, or this tribulation would be a little troublesome. The sword spirit of frost hook and Xueming had been destroyed by that shocking attack. At this moment, it was only equivalent to a sixth grade material and could no longer be called a profound artifact.

it's a little troublesome. Now, I don't have any weapons that I can take out except for the divine realm tablet.

Yunxiao thought about it carefully, but with his strength, he could only refine a peak fifth-tier Mystic artifact at most. He did not take this kind of thing seriously at all, so he did not bother to refine it.

With a sigh, he threw out a Bluewolf chariot and flew toward Yanwu.

278 The three Chamber of Commerce

The competition for the spots of qionghua Island had shocked the world!

Yunxiao had become the most popular topic of discussion. All kinds of news spread like wildfire, and the entire southern region was in an uproar.

"I heard that li Yunxiao is actually more than fifty years old. He's an old monster who has cultivated for five hundred years, and he cheated in the competition. Otherwise, how could they have each taken half of the crystals?"

"Hmph, look at your stupid face. Five hundred years old? Would they be able to escape the inspection of the three great sects? Let me tell you, that li Yunxiao has the bloodline of dragon and phoenix. During

the battle on the island, he transformed his upper body into a true dragon and his lower body into a fire Phoenix, and that's why he was invincible!"

"You guys know nothing! Half-dragon and half-Phoenix, was that even human? My cousin's brother-in-law's third aunt's neighbor's daughter's father-in-law's eldest cousin is also taking part in the competition. He told me himself that li Yunxiao cultivated the sunflower manual, cut off his penis, and is very good at Flying Needles. Tsk, tsk, no one can match him!"

"F \* ck! After cutting off one's d \* ck, one would be better off dead. What was the point of cultivating to the rank of martial Supreme? My information is the most accurate. Yunxiao is actually not a human being, but the offspring of an eighth-tier demon beast Emperor Golden Flower hou and an eighth-tier demon beast White Phoenix spirit Pegasus."

In a teahouse in Shangyang city, it was packed to the brim. Everyone was listening to the storyteller with great interest.

"By the way, Yunxiao killed thousands of disciples from various sects with a flying needle, which finally aroused public anger. They surrounded him on qionghua Island, and we all joined hands to take him down! Just when a few thousand people were surrounding him, do you know what happened?"

"What's happening? Hurry up and tell us, everyone's waiting to hear it. Don't tease us!"

"Hehe!"

The storyteller smiled and leisurely sipped his tea before he continued, " at this moment, Yunxiao suddenly shouted, 'explode, little universe!' Suddenly, his body glowed with a golden light, and his hair turned golden. Do you know what this means? This was Super Saiyan 3! Not only that, but there was also a Ruyi bag on his belly, from which he could take out treasures at will. He took out a bamboo dragonfly, put it on his head, and then flew into the air. This time, the thousands of disciples were all dumbfounded!"

you know, only martial grandmasters can fly in the air. Now that li Yunxiao has shown his bamboo dragonfly skill, those disciples can only sigh in regret. These disciples from the various large sects were all young, and none of them had reached the strength of a martial arts Grandmaster. They couldn't fly,

so how could they fight? Therefore, Yunxiao was already in an invincible position. The bamboo dragonfly won't be able to get away without its contribution!"

One of the customers called out in disbelief, " "Is the bamboo dragonfly really that magical? It can fly on my head?"

"Good question!"

The storyteller slammed the table and made a gesture. "Everyone, please take a look!"

A small and cute girl pushed a table over. There were all kinds of bamboo dragonflies on it, big and small, and colorful.

look, everyone. This is a replica of the bamboo dragonfly that Yunxiao used that day. Although it can't fly, it's made in a one-to-one ratio. We've specially found all the best craftsmen in Shangyang city and rushed to make it overnight, just to satisfy everyone's desire to collect it. 40 silver coins for one, 100 silver coins for three, buy five and get one free. Come, come, come and take a look. Even if you don't want to buy it, you can still take a look."

"Tsk!"

The crowd let out disdainful sounds one after another, and the entire teahouse's liveliness was instantly reduced by more than half.

"Hey, hey, don't go, don't go!"

The storyteller hurriedly shouted, but the crowd had already dispersed. There were only a few customers left. They thought it was fun and wanted to buy a few for their children, but they were too expensive. They couldn't be bothered and began to talk among themselves. But, things were still related to Yunxiao, the auction that would be held in a few days, and the opening of Mount Meru.

"Ah, it's hard to do business when people's hearts are not what they used to be! After listening to the old man's story all morning, he's not even willing to pay this little silver!"

The storyteller shook his head and sighed. He packed up his stall and was about to leave.

“Old man, come here. I want to buy a bamboo dragonfly.”

At a table by the window in the teahouse, a middle-aged man sipped his tea and put down his cup. However, he was looking out of the window as if he was unconcerned.

The storyteller was taken aback. He hurriedly waved his hand with a smile and said, “Cui Hua, hurry up and push the stall over. Let this old man choose one. Red, blue, green, big, small, not big, not small, everything is available.”

The little girl pushed the cart and walked over. She smiled sweetly and said, “Sir, which one do you want?”

The middle-aged man turned around and glanced at the bamboo dragonfly in the car. He grabbed the little girl and pulled her over. He put his arms around her and teased, “I want this one.”

The little girl panicked and hurriedly pushed him away, but the other party’s strength was too strong. She couldn’t do anything and cried anxiously, “Let go, my Lord, spare me, my Lord!”

When the storyteller saw this, he was so scared that he quickly went forward and begged for mercy, “My Lord, you, what are you doing? please let go of my daughter.”

When the people around them saw that someone was acting like a hooligan, they immediately stood up and shouted, “How dare you be so lecherous in broad daylight!”

“My daughter?”

The middle-aged man let out a faint smile. He didn’t put anyone in his eyes at all. Instead, he looked at the old man and snorted, “This little girl is only twenty-eight years old. You, old man, are at least three hundred years old, and you’re still a little girl? Who did you have it with?”

The storyteller's expression changed drastically, and a hint of shock flashed through his eyes.

The little girl's eyes were also filled with shock. She hurriedly twitched her body and a purple light shot out from her hand, trying to break free.

The middle-aged man casually pointed and the purple light disappeared. The little girl was still in his hand, but she looked a little panicked.

The storyteller was shocked and stepped forward with a gloomy face. He grabbed a bamboo dragonfly from the carriage and shot it out. It turned into several slashes and shot toward the middle-aged man.

The middle-aged man laughed contemptuously. He raised his hand and a white light flashed. The bamboo dragonflies all disappeared, and the sky became clear.

"Flying Cloud hand!"

The storyteller's expression changed drastically. He took a step back in horror and said in shock, "You, you're Yingluo?"

At this time, the surrounding brave guests were all dumbfounded. They immediately realized that these people in front of them were not ordinary people. They were so scared that they scattered, and the entire teahouse was gone.

The middle-aged man chuckled and said, "the Mando Chamber of Commerce is quite a reputable existence. One of you is a storyteller, and the other is a bamboo dragonfly seller. Tsk tsk tsk tsk tsk." The middle-aged man sized up the little girl without restraint, and he smiled. "This must be the most powerful young woman in your Mando Chamber of Commerce, Shui luoyan, right?"

The little girl's face turned slightly pale. This middle-aged man's strength was unfathomable, and he actually recognized her at a glance. She looked at the storyteller for help.

The storyteller's throat was a little dry, and he said with difficulty, "Is this the Lord of the myriad treasures store's Chamber of Commerce?"

The middle-aged man smiled and said, "that's right. I'm Wei Hongfu from myriad treasures store. The two of you are here in disguise for Mount Meru, right? This girl is not bad. If she can enter Mount Meru and gain some experience, it will be easy for the Mando Chamber of Commerce to become a member of the Board of Directors in this year's two meetings of the business union."

The storyteller was shocked and hurriedly cupped his hands in obeisance. "So it's one of the three lords of the myriad treasures store that controls the southern region! I am he Feng of the Mando merchant Association and this is Shui luoyan. I am guilty for not recognizing your presence."

Wei Hongfu's face was full of smiles as he let go of Shui luoyan's hand and said, "what do you mean by 'three lords in charge of the southern mountain range'? Lord Xie Yuhang is the one in charge of the southern mountain range. I'm just his emissary.

I didn't expect people from the three merchant alliances to be gathered in such a remote place in the southern region," he said. this is interesting.

Shui luoyan quickly retracted her hand and immediately hid behind he Feng, vigilantly watching Wei Hongfu.

"Someone from the three merchant alliances?" he Feng asked, stunned. Who else is there?"

At this moment, two figures walked in from outside. After sweeping their gazes across the room, they were slightly stunned and walked toward Wei Hongfu.

"Miss Ding Ling 'er?" he Feng's eyes narrowed and he said in surprise.

That woman was Ding Ling 'er. She was wearing a light green dress. She looked at Shui luoyan behind he Feng in shock. Her face turned cold and her eyes were filled with hostility.

A proud expression flashed across Shui luoyan's face as she pouted her lips in a provocative manner.

He Feng glanced at Shui luoyan's appearance and laughed, " I didn't expect that miss Ding Ling 'er would come to this remote southern region. Could it be that the power of Tianyuan trading company has already permeated the entire southern region? "

He pretended to be shocked, but in fact, he was joking.

In the eyes of all the Warriors on the heavenly martial continent, the southern region was a disdainful existence. Even the powerful seven merchant alliances did not want to enter this market. The myriad Treasure Tower was also just symbolically opening a branch and did not expect to be able to have any gains.

Everyone knew that Tianyuan trading company was at the bottom of the seven major trading companies. When a man is down, everyone kicks him. Generally, he wouldn't show a good face when he saw the people of Tianyuan trading company. Otherwise, as the daughter of Tianyuan trading company's President, Ding Ling 'er's status was higher than he Feng and Wei Hongfu's, so how could she allow them to tease her?

Ding Ling 'er's face was also dark, but the decline of Tianyuan trading company was a reality.

The man beside him also felt the subtle atmosphere. He suddenly pointed at he Feng and shouted,"Who is this guy? I don't like him, can I give him a few slaps?"

The few of them were shocked, and their faces instantly sank.

"Miss ding, your servant is too lacking in discipline!" He Feng shouted in a deep voice. Let this old woman discipline him for you!"

279 Aggro transfer technique

Ding Ling 'er laughed and looked at the man gratefully. "City Lord, this man is he Feng from the Mando Chamber of Commerce. This beautiful young lady was called Shui luoyan, and she was the most powerful person among the younger generation of the Mando Chamber of Commerce. This is Lord Wei Hongfu of the myriad treasures store. Lord Wei is the financial emissary in charge of the southern mountain range."

"What? You're li Yunxiao?"

He Feng and Wei Hongfu were both shocked. Shui luoyan was also startled. Her eyes flickered as she carefully sized up this young man.

Yunxiao looked at Wei Hongfu with a surprised expression and cried out, "So it's Lord Wei! Why was he sent to this godforsaken southern mountain range? From what this person said, it seems that those who come to the southern mountain range are all dirt and scums that can't be put on stage."

"This bi an ..."

A look of embarrassment and anger flashed across Wei Hongfu's face. He turned and glared at he Feng.

He Feng looked down on Ding Ling 'er in the southern mountain range, so he naturally looked down on him as well.

He Feng was so shocked that he was drenched in cold sweat. He hurriedly said, this Zhenzhen, Lord Wei, don't listen to his nonsense. This kid spat out feces the moment he came up. He has no good intentions.

Looking at his cowardice, Yunxiao sneered and said, "I'm vomiting shit? Who was the one who said that the southern mountain range was a godforsaken place? Do you think that Lord Wei can't tell whether you're looking down on him or I'm maliciously attacking him?"

"Don't talk nonsense! I'll kill you with one palm if you say another word!" He Feng said angrily.

you're looking down on Lord Wei's intelligence, " Yunxiao sneered. do you think you can slander Lord Wei as you please just because I don't say anything? " Alright, I'll stop. This debt, Lord Wei will settle with you sooner or later!"

"You're so silly!"

He Feng was so anxious that he broke out in a cold sweat. Looking at Wei Hongfu's extremely ugly expression, he didn't know how to explain. He had looked down on the southern mountain range first, but it was a fact that Wei Hongfu was in charge of the southern mountain range. The more he tried to explain, the worse it would get.

Ding Ling 'er looked at he Feng's cowardly face and felt greatly relieved. Now, Tianyuan trading company was on the decline. It was bullied by the crowd but it was hard to resist. Even she, a young lady, was humiliated by some servants of other Chambers of Commerce at will. It was rare for her to vent her anger like this, so her impression of Yunxiao increased again.

You are li Yunxiao? "

Just as the situation was getting a little awkward, Shui luoyan suddenly opened her mouth and said, " Are you the city Lord of Yanwu, li Yunxiao, the one who defeated Luo Qingyun on qionghua Island? "

Yunxiao frowned slightly and asked tentatively, " "You know Luo Qingyun?"

He was also very curious about Luo Qingyun's background. Not only had he seen many people, but his strength was also one of the most powerful among the younger generation. If he had not met him, a reborn Martial Emperor, he would have been invincible in Mount Meru.

A strange look flashed across Shui luoyan's face as she replied in a straightforward manner, " "of course i know him! And Luo Qingyun is a target I've always wanted to surpass. One day, I'll defeat him!" Then, she looked at Yunxiao in surprise and said in disbelief, " "you really defeated luo qingyun? You're just a six-stars martial Lord. I can kill you with one finger!"

hehe, " Yunxiao laughed. I've become a super Saiyan III with golden hair, and I can fly into the sky with a bamboo dragonfly. How difficult can it be for me to defeat Luo Qingyun? "

Shui luoyan's face turned slightly red, but her gaze gradually turned cold as she said, "You've been sending people to follow us?"

Yunxiao's face darkened as he snorted and said, "I followed you? You've been talking nonsense in the teahouse all day and ruining my reputation. Now, everyone in Shangyang knows that I can turn into a Saiyan and have bamboo dragonflies. I haven't even settled this score with you yet!"

"Cough cough!"

He Feng coughed a few times in embarrassment and snorted in disdain, "We didn't see the battle on Qionghua Island. Who knows how you won? What's the big deal with adding oil to the fire and saying a few words in the middle of the process?"

"Oh, I see."

Yunxiao sneered and said slowly, "Your mom is your grandma, and your grandma is your dad's sister. Your mom is your aunt, and your aunt is your grandma. Your dad is your Grandpa, and your grandma is your dad's Grandpa. Your brother is your nephew and your uncle. Your sister calls you Yingluo."

Everyone was stunned. They were all dumbfounded and drenched in cold sweat.

Where did this come from? The few of them were instantly stupefied by this complicated and chaotic relationship, and they all looked at He Feng in shock.

Master He, "Ding Ling'er asked carefully, "Is this Kasaya real?"

He Feng flew into a rage as he pointed at Yunxiao and shouted, "What are you talking about, you little beast?!"

Yunxiao looked at him as if he were a fool and sneered, "Anyway, it's fine as long as your dad and mom gave birth to you without an \*sshole. As for the process, I'll just add a few embellishments to it. It's not a big deal.

He Feng was so angry that he almost vomited blood. Yunxiao was deliberately filling his hole. If Wei Hongfu wasn't here, he would have already slapped him. But now, he finally couldn't hold it in anymore. He burst out, gritted his teeth, and said angrily, "You're looking for death!"

The wind from his punch was like a mountain. With a single punch, all the tables in the teahouse were instantly shaken to the corners and shattered into pieces.

Wei Hongfu's pupils contracted. This he Feng actually dared to punch in front of him. A hint of displeasure flashed across his face. But then, he changed his mind and wanted to see how strong Yunxiao was. He had heard more than a dozen different versions of the rumors about Yunxiao, all of which were nonsense.

Suddenly, his eyelids twitched as he saw Yunxiao looking at him indifferently and saying with a smile, "Lord Wei, I heard you were looking for me?"

Wei Hongfu was taken aback, but he immediately understood what Yunxiao meant. Yunxiao's meaning was obvious: 'you're looking for me for something, so stop it for me!' He felt a little dizzy. He didn't know how this young man could remain so calm in the face of danger and even talk and laugh with him about conditions. He shouted helplessly and turned to he Feng, "Stop!"

With a flip of his hand, the wind from his palm instantly hit he Feng's fist, blocking it. He said coldly, "I'm the host here today to invite miss ding and city Lord li for tea. How can I let you spoil my mood?"

He clenched his fist, and a fist the size of a watermelon condensed in the air, whistling as it shook he Feng.

He Feng was shocked and didn't dare to receive the attack. He quickly retreated.

The fist shadow suddenly stopped, and the entire space trembled slightly. The fist wind directly exploded, but it did not produce a huge energy impact. Instead, a small black ball directly cracked open in the space, and it continued to crack.

Everyone was safe and sound under this punch. Only he Feng, who was the furthest away, felt an intense force tearing his body apart. His meridians were instantly damaged by more than half, and he spat out a mouthful of blood.

Ding Ling 'er and Shui luoyan's hearts trembled. When a martial honor attacked, even a simple punch like this could easily kill a Martial Emperor.

He Feng clutched his chest and glared at Yunxiao with hatred, but he did not dare to say a word.

Wei Hongfu didn't even look at him. He only said in a cold voice, "I'm discussing matters with miss ding and city Lord li. If you have nothing else to say, you may leave. Don't disturb our mood."

In terms of rank, his position in the ten thousand treasures tower was similar to he Feng's in the Mando Chamber of Commerce. In terms of background, the ten thousand treasures tower could firmly suppress the Mando Chamber of Commerce, so he could not help but be unconvinced.

He Feng endured the humiliation and cupped his fists, "Lord Wei, we'll meet again. Li Yunxiao, Ding Ling 'er, I'll remember what happened today!"

He waved his hand and immediately left with Shui luoyan.

I'm the one who offended you," Yunxiao said in surprise. what does it have to do with miss ding? " Why is she being blamed as well?"

Ding Ling 'er was also confused.

Yunxiao smiled and said, " I understand. That's a hatred transfer technique. It was Lord Wei who injured him, but he did not dare to take revenge on Lord Wei. So, he put the blame on miss ding. Tsk, tsk, the Mando Chamber of Commerce's divine skills are indeed unrivaled!"

He Feng had just walked out of the door when he heard Yunxiao's words clearly. He was so angry that he coughed up another mouthful of blood and staggered away.

When Shui luoyan stepped through the threshold, she suddenly turned around and stared at Yunxiao, "You defeated Luo Qingyun. I'm looking forward to fighting you in Mount Meru!"

Ding Ling 'er's cold face returned to normal when she saw her walking away. She said, "This Shui luoyan doesn't know what's good for her and thinks too highly of herself! Yunxiao, you don't have to be polite when we get to Mount Meru. Teach him a good lesson!"

Wei Hongfu chuckled. Shui luoyan is extremely famous in the merchant Union. She and miss ding are known as the Twin flowers of the merchant Union. The number of young men pursuing her in the merchant Union is no less than the number of young men pursuing miss ding.

Ding Ling 'er blushed and said anxiously, "Lord Wei, you can't talk nonsense! I don't have anyone to pursue!"

She did not know why, but at this moment, her heart was beating very fast. She even stole a glance at Yunxiao, and her heart was pounding like a deer, making her extremely nervous.

Wei Hongfu suddenly came to a realization and quickly smiled. "Haha, I understand, I understand. I'm a big mouth, I'm really a big mouth. Although miss Ding Ling 'er had countless suitors, she had always been alone and pure. Cloud sky City Lord, please don't misunderstand my words."

Yunxiao wiped the sweat off his forehead and murmured, "What does this have to do with me?"

Ding Ling 'er was even more anxious, and her face turned red. "That's right, what does it have to do with Yunxiao! Lord Wei, if you say any more nonsense, I'll leave!"

She was really angry. How could a girl behave herself in such an occasion? But what made her even angrier was that Yunxiao had something to do with him. For some reason, when she heard that, she felt very disappointed and irritated.

Wei Hongfu hurriedly smiled and begged for mercy. Only then did Ding Ling 'er sit down with a dark face, but she was still angry at Yunxiao's words.

Yunxiao felt a little embarrassed as well, so he said, "Lord Wei, did you really summon miss ding and me for tea?"

Wei Hongfu chuckled and said, "I won't beat around the bush. The opening of Mount Meru in firecrow Empire could be considered a big event. After all, at this time, the good and the bad were mixed together. All the major forces would infiltrate into the southern region. They were afraid that something unfavorable to the myriad Treasure Tower would happen. Therefore, the headquarters sent me here to protect the interests and status of the myriad treasures store in the southern region."

Chapter 280

?

280 Third place

Wei Hongfu paused after he finished speaking. He wanted to see their reactions.

Ding Ling 'er seemed to be absent-minded and angry. Yunxiao, on the other hand, was sipping the tea as if he had not heard him, which made him feel embarrassed.

"Eh, cough cough! By the way, city Lord of cloud sky City, master Xu zizhuo, the former head of myriad treasures store's branch in firecrow Empire, asked me to tell you that he would like to thank you for providing him with the recipe of Shaoyang pill."

"The previous Tower Lord?"

Yunxiao sipped his tea, then gently put down the cup and said, "is master Xu zizhuo no longer in his position?"

after master Xu zizhuo went to the sea of soul formation, " Wei Hongfu said with a smile, " he was lucky enough to be promoted to a sixth-tier great Alchemist. He's currently continuing his cultivation in the sea of soul formation, so he's no longer the head of the firecrow Empire branch."

then, who will take over? " Yunxiao asked. who will take over? " Don't tell me that Lord Wei is personally taking up the position?"

Wei Hongfu laughed and said, "How can I? although I'm the financial emissary in charge of the southern region branch, I rarely stay here, and I'm not familiar with the internal affairs of Firecrow Empire at all. After Master Xu Zizhuo left, only Yin Zhaoyang and Gan Deming were left. Gan Deming was a four-stars martial Grandmaster, stronger than Yin Zhaoyang. He was calm and steady, so he was indeed the best choice. But Yingluo "

He gave Yunxiao a meaningful look, then smiled and said, "but I heard that Yin Zhaoyang and the Cloud Sky City Lord have a good relationship. This Lao Ai is really making things difficult for me.

Yunxiao cursed the old fox in his heart, but he still kept a bright smile on his face and said, "this is myriads of treasures store's internal business. Yin Zhaoyang and I do have some personal ties, but does it matter? "

"Of course!"

Wei Hongfu said with a serious face, "in order to measure a person's ability, apart from his own strength and attitude in handling things, his network is also an extremely critical factor." If Yin Chaoyang can have a good friend like the Cloud Sky City Lord, then he will definitely be qualified to be the head of the Firecrow Empire branch!"

Ding Ling'er also came back to her senses from her unhappiness, and her eyes flickered. Wei Hongfu was obviously trying to do Yunxiao a favor by saying that. It seemed that he must have something to ask Yunxiao for next, but he did not know what it was. If it was her, she would definitely not agree in a hurry and would make a decision after pushing around.

Yunxiao knew this, but he sneered in his heart. Even if he promoted Yin Zhaoyang to be the head of the southern region, he would not accept this favor, let alone promote him to a mere Tower Lord." Elder Yin's strength is indeed extraordinary."

Wei Hongfu was stunned. Her words were so vague that he didn't know what to do. He had a puzzled look on his face. This brat was only so little, why did he speak so old-school?

Ding Ling'er was also looking at Yunxiao in surprise, with a smile in her eyes.

but,” Yunxiao chuckled. elder Yin has indeed given me a lot of help.

“That’s good!”

Wei Hongfu clapped his hands and laughed.”It seems that Yin Zhaoyang’s brain and vision are still better than gan Deming’s, which is extremely important for a branch head. Then, we’ll make sure that he is the tower master of firecrow Empire.”

hehe. Yunxiao chuckled without saying a word and continued to slowly taste his tea.

For a moment, no one spoke, and the atmosphere became a little awkward.

Wei Hongfu had a bitter look on his face. The kid in front of him replied to every word he said. He was like an old fox and couldn’t get anything out of him. He could only go straight to the point.”City Lord of cloud sky City, I heard that you handed over more than 1000 quota crystals to Tianyuan trading company for auction?”

“What?”

Yunxiao frowned slightly and said, ” “What’s wrong? Is there anything wrong?”

Ding Ling ‘er also frowned. She seemed to have understood something, and her face darkened.

Wei Hongfu rubbed his hands together and smiled. “More than 1000 spots to enter Mount Meru, hehe, this cake is a bit big. Although the people who will be participating in the auction are all from firecrow Empire, I’m sure that there will be a large number of crystals being sold. Not only the other two empires, but even the young geniuses from the other three regions will come one after another.”

He gently sipped his tea, stared at Ding Ling ‘er’s eyes, and said indifferently, ” “The auction this time has probably not only shocked the entire southern region, but has also caught the attention of the superpowers on the continent. Will miss ding be able to handle this situation alone?”

A trace of anger flashed across Ding Ling 'er's face. She snorted coldly and said, "I've also considered this problem. However, the iron law of the Holy capital is there, and the people of the other three regions can only do things in secret. How dare they do it in the open?"

"Tianyuan trading company may not be as good as it used to be, but a starving camel is still bigger than a horse," she sneered arrogantly. "How can we not support an auction?" Lord Wei, you're looking down on our Chamber of Commerce!"

"Hehe, don't be so agitated, miss ding."

Wei Hongfu slowly explained, "I'm not looking at your Chamber of Commerce. It's just that your Chamber of Commerce's main forces are not in the southern mountain range. Miss ding's power was very limited, and it was too late to mobilize it now. If anything were to go wrong with the auction, not only would cloud sky City suffer a huge loss, but it would also suffer a great loss. It was also an unbearable blow to Tianyuan trading company, which was on the verge of collapse. By then, the weakness of Tianyuan trading company will be exposed to all the forces."

Ding Ling 'er's face changed slightly, and there was indeed a struggle in her eyes. The auction was undoubtedly a great opportunity to show the strength of Tianyuan trading company to all the forces. However, if she failed, the result would be something she could not bear.

When Yunxiao presented the auction opportunity to her, she was so happy that she almost fainted. However, a series of questions immediately popped up in her mind. She immediately sent a letter back to the headquarters of Tianyuan trading company, asking for help from experts, afraid that they wouldn't be able to control the situation.

However, just as Wei Hongfu had said, it was too late. He was afraid that the auction would have already started by the time the experts of Tianyuan trading company arrived. The entire city of Yanwu had been temporarily sealed off by a barrier set up by the three major forces. Everyone had gathered in Shangyang city, and there were crooks mixed in with the honest folk everywhere. If she had not been discovered by Wei Hongfu today, she would not have known that the people from the Mando Chamber of Commerce had also arrived.

It was possible that disciples from other merchant unions would also come, and Tianyuan trading company would be eager to make a fool of themselves, or even try to make things difficult for them.

At the thought of this, Ding Ling 'er looked even more worried.

Wei Hongfu saw through her worries and was secretly delighted. He immediately struck while the iron was hot. "If Miss Ding were to host this auction together with our Myriad Treasures Store, it would be very different. Not only will there be no problem, but it will also send a vague signal to the world, making them think that Tianyuan Trading Company and Myriad Treasures Store have a certain tacit understanding. To your Chamber of Commerce, this is also a great benefit."

Ding Ling 'er's face was full of struggle, and her heart began to hesitate. Although there were many benefits in cooperating with the Myriad Treasure Tower, the drawbacks were also enormous.

She could not make up her mind for a moment, so she looked at Yunxiao pleadingly, wanting to hear his opinion.

But on second thought, he smiled bitterly in his heart. Yunxiao was just a talented young man, and he had amazing talent in martial arts. How could a fifteen-year-old youth like him know about such business matters and the infighting between forces? He immediately shook his head slightly.

When Yunxiao saw the struggle on her face, he laughed and said, "This is good. It's more secure to find a few more forces to cooperate with."

Ding Ling 'er smiled bitterly and thought, "As expected, this silly boy only knew how to cultivate. How could things be so simple?"

Wei Hongfu immediately smiled like a flower and said happily, "Haha, the City Lord is right. If they worked together, it would be beneficial to both sides, but if they were separated, it would be harmful to both sides. Hahaha."

Yunxiao laughed as well, but the smile on his face suddenly disappeared as he said calmly, "However, cooperation is cooperation, but the primary and secondary needs to be clear. Tianyuan Trading Company will be the main force of this auction, and Myriad Treasures Store will be the auxiliary force. This point must be made clear!"

Ding Ling 'er's heart skipped a beat as she looked at Yunxiao in surprise, her eyes filled with emotion.

This was also what she was most conflicted about. If they were to cooperate, myriad treasures store would definitely be the main force. At that time, Tianyuan trading company would become a vassal. What would people think of it? However, Wei Hongfu would never agree to let myriad treasures store be ranked second.

As expected, Wei Hongfu immediately shook his head in shock after hearing that. "What? Impossible, this was impossible. My myriad treasures store is the head of the seven merchant Union, how can we be ranked second!"

Yunxiao smiled and said, "Don't worry. If myriad treasures store wants to interfere in this auction, I won't let you be the second place."

"Eh? You mean Yingluo?" Wei Hongfu was a little stunned, and Ding Ling 'er also looked puzzled.

third! Yunxiao said word by word. third!

He looked at the two of them whose mouths could fit watermelons and said, "After hearing what you said just now, I'm really afraid that things will go wrong. So, I'm going to ask master Baili to participate in this with the power of The Alchemist Association to assist Tianyuan trading company. If myriad treasures store also has this intention, I will naturally welcome it very much."

"This bi an ..."

Wei Hongfu was completely dumbfounded. He did not expect that his words would attract the attention of a giant like The Alchemist Association. Although myriad treasures store was a powerful existence on the continent, it was still not on the same level as The Alchemist Association.

The Alchemist Association is a Supreme existence, " he said unhappily. how could they participate in this kind of auction? "

Yunxiao chuckled and said leisurely, " Lord Wei doesn't need to worry about this. You only need to consider whether myriad treasures store is willing to be third and participate in hosting this auction.

Ding Ling 'er's heart was moved, and she was so excited that she couldn't express it.

She knew that Yunxiao seemed to have a mysterious relationship with The Alchemist Association, but she did not expect that he could ask Baili gongjin to help him. As a sixth-tier Alchemist, Baili gongjin's status was extremely noble. Not to mention The Alchemist Association itself was extremely powerful, even if Baili gongjin was the only one in charge, it was enough to intimidate all kinds of people.
