### Chapter 291

?

#### 291 The lesser Supreme heavenly mirror

As soon as Yunxiao and Ding Ling 'er stepped into the passage, they were immediately wrapped in a five-colored light and sucked into the Halo. The surroundings were filled with flowing lights and vibrant colors, and the changes were extraordinary.

The scene in front of him kept changing, and soon he arrived at an open space. There was no one around.

The teleportation was random, and no one knew where Ding Ling 'er had been sent to. The spiritual Qi inside was as dense as the morning mist, and a big breath of it made one feel refreshed and invigorated.

“Is this the inside of Mount Meru?”

Yunxiao raised his head and looked around. It was the only immortal realm in the heavenly martial realm with an age limit. Although it had opened in his previous life, he was no longer able to enter. Who would have thought that he would be able to make up for this regret in this life?

“What pure Yuan Qi. Not only is it denser, but it also seems to contain something else.”

Yunxiao sensed it carefully, and his heart was slightly touched. It seemed to be very similar to the feeling he had in the divine realm tablet. His heart trembled and he was shocked. could it be that this Mount Meru is really an independent space that was personally opened up by an ancient powerful figure and then lost into the spatial turbulence? ”

“I don't care. Time is precious. I need to absorb as much spiritual energy as possible!”

He rose into the air and expanded his divine sense infinitely. Soon, he could sense everything within a thousand miles. What shocked him was that he could only sense the trace of a person running in the forest. There were tens of thousands of people who had entered, but there was only one person within a thousand miles. The size of Mount Meru seemed to have exceeded his imagination.

“Eh? The valley to the East seems to have the deposit of liquefied spiritual energy. Let’s just go there.”

He chose a place and gently patted a chariot, driving towards the valley.

The valley was filled with a sea of spirit Qi clouds. If it were on the heavenly martial continent, it would definitely be a spiritual mountain and a treasure land that would be forced to head by those super forces.

A golden light flashed between Yunxiao’s eyebrows, and the divine realm tablet immediately materialized and fell straight into the valley.

“BOOM!”

The body of the stele crashed straight down, causing a large amount of water to splash. It was all the liquefied Yuan Qi that flowed down the bottom of the valley.

Yunxiao’s soul-form emerged in the divine realm tablet and fully activated the nine Dragons energy-absorbing array. Immediately, a massive amount of spirit energy gushed into the tablet like a river, flowing smoothly in the four major realms and nourishing the dry land.

“I’ll absorb as much as I can. I don’t know when the entrance of Mount Meru will close. According to past records, it was all around three months. Everyone inside would be teleported out automatically, and the entrance would disappear from the realm of heavenly martial arts. I wonder to what extent the divine realm tablet will recover in three months.”

Just as he was about to leave, a figure suddenly appeared in front of him. It was Luo Yunshang, and she said, “This is Mount Meru? I want to go out.”

Yunxiao's pupils constricted as he said in delight, "Teacher Yunshang has reached the peak of nine-stars martial Lord, and is only one step away from the martial King realm. It's very dangerous outside, so I might as well stay here. The amount of spiritual energy in the fire realmverse is far greater than in the outside world."

I'm not afraid of you! Yunshang snorted. You're here!

She suddenly realized that there was something wrong with her words. Embarrassment flashed across her face as she said angrily, "Will you let me out!"

Yunxiao was embarrassed. He hurriedly waved his hand, and Yunshang immediately appeared on the chariot outside the valley, standing side by side.

"What a beautiful world!" Yunshang's eyes lit up, and she became cheerful.

Yunxiao smiled wryly and said solemnly, "Teacher Luo, Mount Meru is one of the four celestial realms in the realm of heavenly martial arts. It's dangerous and unpredictable inside. Even I have to be careful. I think it's better for you to stay in a place and train hard while waiting for the teleportation to take place."

Yunshang's face turned cold. I know what I'm doing, she snorted. I don't need you to teach me!

Yunxiao felt bitter in his heart. Yunshang was becoming more and more like a little girl in front of him. This was not a good sign! Just as he was about to say something, he suddenly frowned. He quickly slapped the chariot and it rumbled down, hiding in the forest.

"Shush, someone's coming!"

Yunxiao made a gesture to tell them to be quiet. It was only after a while that he saw a figure running toward him at a high speed.

Yunshang was shocked. Yunxiao's divine sense was so powerful!

“Brothers up ahead, help! You saved my life, and I’ll definitely reward you handsomely!”

The man shouted in their direction as he ran for his life. He had obviously discovered them.

This time, Yunshang was even more shocked. Their hiding place had been blocked by Yunxiao’s divine sense. Unless one’s divine sense was much stronger, there was no way they could be discovered. What kind of monsters were these people? their divine senses were each stronger than the last!

Yunxiao frowned as well, feeling incredulous. Although this group of juniors were the best of the best in their respective major forces, it was impossible for their spiritual will to break through his shield.

“I know you’re here, stop hiding! There’s a powerful thing behind me. Let’s kill it together! Not only will all the benefits go to you, but I’ll also definitely repay you later!”

The direction in which the person was running was undoubtedly towards the two of them.

With that, Yunxiao completely eliminated the last trace of luck in his heart and walked out of the shield with Yunshang.

As soon as the man saw the figure, he was overjoyed, but it quickly turned into a great sense of loss and he cried out in disappointment, “What? There were two martial Lords? Damn it, this kind of trash cultivation is not enough to be cannon fodder!”

Just as he was about to turn around and change direction, he suddenly turned his head and stared at Yunxiao as he cried out in surprise, “Y-you are li Yunxiao!”

“That’s great! I’ve finally met someone with some strength!”

He hurriedly scuttled to the two people’s side, stretched out his hand, and said a long string of words, “I’m Zhou Ziyuan from the plum blossom Island in the North. I forgot to check the Almanac when I went out, and I’m a little unlucky today. I encountered such a monster as soon as I entered Mount Meru. although you’re only a six-stars martial Lord, I can tell that you’re as strong as me. Why don’t we join forces and take down that monster?”

With an expressionless face, Yunxiao reached out his right hand.

Zhou Ziyuan also reached out his right hand to shake her hand, thinking that she had agreed to his request.

To his surprise, Yunxiao pushed him aside with his right hand and said coldly, "Don't block it!" Those star-like eyes stared at the empty forest, and a sharp light flickered in them.

Zhou Ziyuan was a little embarrassed. "That monster knows how to hide itself. I still haven't seen its appearance clearly. I've only suffered a significant attack."

Yunxiao gave him a look and asked suspiciously, "You can even see through my divine sense shield, how can you not see the shape of this thing?"

Zhou Ziyuan grinned as he took out a mirror and shook it in his hand. "I used this Supreme heavenly mirror to observe a radius of a thousand miles and I only found the two of you." He furrowed his brows and said, "strange, there was clearly only one person just now. Why is there suddenly another person?" The Supreme heavenly mirror can't be wrong."

"Oh right! You must have just come in from Yanwu. That's right, that explains it!" Zhou Ziyuan patted his head and immediately figured it out.

Yunxiao glanced at the Supreme heavenly mirror in his hand, then said with a sneer, "Don't act all high and mighty in front of me. Although the plum blossom Island isn't a big sect, the Supreme heavenly mirror is still a famous ninth level profound armament, the treasure of the plum blossom Island. The one in your hand is just a counterfeit that you found a seventh-tier Alchemist to imitate."

Zhou Ziyuan was taken aback, and he clutched the mirror in his hand tightly, as if he was afraid that Yunxiao would snatch it away. "You, how did you know? This isn't a fake, it's called the lesser Supreme heavenly mirror!"

little your sister, you're treating a mountain stronghold as a treasure? get lost, don't embarrass yourself!

Yunxiao kicked Zhou Ziyuan away, then turned around and stared at the empty forest with his eyes flashing.

In the empty forest in front of him, there was a strange power spreading. This power seemed to have fused with the surrounding forest. Under his spiritual sense, he could see that there was a sticky green liquid moving on many trees, as if it was alive.

“Be careful!” When Yunshang saw Yunxiao walking over, she hurriedly stopped him and blurted out, “don’t go over. Even a martial Grandmaster like Zhou Ziyuan can’t do anything about it!

Yunxiao patted her hand with a smile and said, “ don’t worry. Wu Zong is nothing. I will be fine.

Zhou Ziyuan’s face darkened and he was extremely embarrassed.

Yunxiao slowly walked forward. After seven steps, he was in the middle of the trees with the green liquid, where he began to observe quietly.

“Swish!”

With a whooshing sound, Yunxiao stepped lightly on the ground, and his figure moved in a flash, leaving only an afterimage behind him. The sleeve on his arm was still torn open, and even his skin had tiny cuts.

Yunshang’s heart skipped a beat. She had opened her eyes as wide as she could, but she did not see how Yunxiao was attacked.

Beside him, Zhou Ziyuan’s pupils constricted, as if he had caught onto something.

“Whoosh! Whoosh! Whoosh!”

All of a sudden, a few more air-piercing sounds came at a high frequency. Yunxiao’s figure flickered in front of him, leaving tens of millions of afterimages, making it almost impossible to identify his real

body. It was only then that Yunshang noticed something. It seemed that something was constantly shuttling through the woods, causing a powerful attack that almost cut the air apart.

Zhou Ziyuan's eyes widened in shock. He was dumbfounded. It was difficult for him to Dodge even one of those attacks. At the moment, there were at least a dozen attacks shuttling back and forth around Yunxiao, and the number was still increasing.

"Look at your sister! Hurry up and help!"

Yunxiao cursed at Zhou Ziyuan from a distance. Zhou Ziyuan immediately reacted and threw out the lesser heavenly mirror in his hand. It immediately emitted a yellow beam of light, which quickly expanded and shone down.

"Swish!"

Wherever the light passed, a buzzing sound could be heard. It was as if time and space had been frozen at this moment, and everything had slowed down.

Chapter 292

?

292 The little green gremlin

"Whoosh! Whoosh! Whoosh!"

More than a dozen air-breaking sounds instantly pierced through Yunxiao's body and disappeared without a trace. Only a green liquid in front of Yunxiao was fixed in place by the minor heavenly mirror, moving slowly in the air according to its own trajectory as if it was in slow motion.

The green liquid was surrounded by drops of blood, which drifted out of Yunxiao's palm.

In order to cooperate with the little Supreme heavenly mirror, he used his palm to block the green liquid. In the end, his palm was pierced through. One had to know that even a martial Grandmaster's

attack would not be able to damage his Supreme tyrant body. It was actually penetrated by this little thing in an instant, but it was also greatly hindered and was finally suppressed by the lesser Supreme heavenly mirror.

“That’s great! I’ve finally caught one!”

Zhou Ziyuan jumped up in joy and said fiercely, “I’d like to see what kind of monsters dare to attack me!”

In addition to staring at the green liquid, there was also a hint of hesitation and greed in his eyes as he glanced at Yunxiao. The strange pace of the young man made his heart race, and by a conservative estimate, Yunxiao had at least one billion mid-grade primordial stones on him, which was a wealth that could crush him to death.

Even though his opponent seemed to have endless tricks up his sleeve, his mini Supreme heavenly mirror could even trap a martial Royal realm expert and make it difficult for him to move. As for the beautiful martial Lord next to him, he could easily kill her with a single move.

“Hmph!”

Just as Zhou Ziyuan was struggling in his heart and hesitating, Yunxiao snorted and pulled back his left hand, grabbing the green liquid and trapping it with his primordial Qi. No matter how hard it tried to move, it could not escape.

“You!”

Zhou Ziyuan’s heart thumped violently! He jumped in shock and said in horror, “How can you still be so agile under my little Supreme heavenly mirror?”

Yunxiao gave him a look as if he was an idiot and said, “The Supreme heavenly mirror is said to be able to trap all things, but it’s nothing more than using the rules of heaven and earth to forcefully seal a space. This counterfeit of yours is only at rank seven, so it’s impossible for you to lock the space. At most, you can use the power of rules to trap the other party. As long as you understand the power of this law, you will naturally not be bound by it.”

Zhou Ziyuan felt cold sweat all over his body. Fortunately, he didn't make a move just now. Otherwise, he wouldn't even dare to think about the consequences.

"Eh? Why is your forehead covered in sweat?"

Yunxiao frowned and asked suspiciously, "You're not planning something bad, are you? I felt that you didn't look too good just now."

"Ah? Ah!" No, no, no, Yingluo, how could that be! We're on the same side, and you've saved me. How can I repay your kindness with ingratitude and covet your mysterious steps and vitality stones?"

Zhou Ziyuan wiped the cold sweat off his forehead and denied it in a hurry.

Luo yunshang,"hehe."

'Alright, those things have escaped,' Yunxiao said. You can get lost now!"

"Ah?" Zhou Ziyuan's mouth was wide open. He mumbled a few words and said awkwardly, "Um, young master Yun, What's this? Can I take a look?"

sure," Yunxiao said coldly. five million mid-grade primordial stones for a look!

Zhou Ziyuan: "Wanwan, forget it. I'll just leave. He wiped the cold sweat from his forehead and disappeared from the spot with a step. In an instant, he was a hundred meters away, running forward.

"Yunxiao, that person clearly didn't have good intentions just now!" Luo yunshang looked warily in the direction where Zhou Ziyuan had left and said with a frown, "Why not take him down?"

what can a Grasshopper do?" Yunxiao chuckled. can it overturn the sky? "

Yunshang was stunned, and then she fell silent. Although Yunxiao's cultivation base was not as strong as hers, his heaven-defying combat strength was beyond her imagination. She immediately thought of Gu Feiyang and felt a little warm. Then, he turned to look at the green liquid that was struggling in Yunxiao's hand and asked curiously, "Yunxiao, What is this? It's actually this powerful?"

this is a good thing," Yunxiao said with a smile. it's called a little green demon, an extremely rare demon beast. It's a pity that we only caught one. If we could catch a few more, we would really be rich!"

"Little green gremlins?"

"Not bad!" this thing doesn't have much strength," Yunxiao explained. but its speed is incredible. If it can evolve to the seventh tier, it can cut open space. In addition, if there were a large number of them, even a martial venerable would have a headache if they encountered them. I'll give this little green demon to you. It's quite fun."

"It's fun, Yingluo."

Yunshang looked at the green liquid struggling in Yunxiao's hand. She found it quite cute, but she did not dare to touch it.

you can't tame it with your current cultivation base," Yunxiao said. I'll help you extract its soul and soul. Then, it will be obedient and under your control.

He raised his right hand, and a golden tadpole-like character appeared on his fingertip. He then gently dipped it into the green liquid.

"Squeak"

The green liquid squeaked, and a yellow light burst out of his body. Yunxiao caught it in his hand and casually injected it into Yunshang's forehead. He then handed the little green Goblin to her and said, "You have its soul and spirit in your body, so it won't dare to disobey your orders."

Luo Yunshang was overjoyed. The little green Monster lay timidly on her palm and slowly melted, finally turning into a wrist guard that wrapped around her hand. Yunshang felt a chill on her skin, which made her very happy.

At this moment, Yunxiao took out a map from his ring and unfolded it in front of him. It was the map that Thunderwind Chamber of Commerce had given him to find the treasure, and it briefly outlined the situation of Mount Meru.

At first, Yunxiao thought that there should not be much of a problem with the map, but now he knew that it was only a corner of Mount Meru, and only God knew which corner it was. He projected the scene in the picture into his mind, then put it away, and said, "The vastness of Mount Meru is hard to imagine. I'm going to walk around. Teacher Luo, do you want to stay here to break through or take a walk?"

"There's no rush to break through. I'll go with you and look around. I can only come to this place once in my life." Yunshang said hurriedly.

"Alright!"

Without saying anything more, Yunxiao threw out the Bluewolf chariot, and the two of them got on it and began to fly through Mount Meru. After a long time, he could faintly sense the traces of a few more people below.

"Roar!"

Suddenly, a demonic beast's roar came from the front, and the entire land and mountains shook. The birds in the forest below were startled and flew away.

"What's going on?"

Yunxiao's eyes narrowed slightly as he hurriedly stopped the chariot and looked down.

A few figures quickly flew up, their bodies emitting a strong light, and then flew back down. After that, there were continuous sounds, as if they were fighting with some demon beasts.

He carefully flew over and looked from afar. It turned out to be a huge stone beast, and it was fighting with five Warriors. The stone beast was a sixth-order monster beast, but the one in front of them was three or four times bigger than the ones in the heaven martial realm, and it was also much more ferocious.

The five of them were all martial grandmasters of the six directions realm, but they could only protect themselves against the stone beasts. And this was only by fighting and dodging at the same time.

Yunxiao stared at the stone beast, his eyes flickering.

The stone beast itself was nothing special, but it had a very precious heart, called the "heart of stone." Just like the blue lotus Earth Fire that Duan Yue had collected, it was an extremely precious earth-elemental treasure. For this stone to be able to grow to such a size, that 'heart of stone' must be extraordinary.

"The two brothers above, come and help out. We'll split the benefits after killing this stone beast!" Someone down below noticed the Bluewolf chariot and shouted. The battle between the five of them was extremely difficult, and it was becoming more and more impossible for them to win.

Yunxiao glanced at the five men and sneered in his heart. These five people clearly did not come from the same force. They must have met by chance and were constantly using their body techniques to fight, accumulating strength. None of them were willing to attack with their full strength. Otherwise, within the same level, even if the five of them couldn't defeat it, the stone beast wouldn't be so arrogant.

Brothers, we're only martial Lords. It's useless for us to come down. Yunxiao cried out in a nervous voice.

"What? A martial Lord! How did such trash enter Mount Meru?" The man's tone instantly turned sour as he began to curse.

Another person said, " it must be the disciples of these trash sects of the southern mountain range. Their strength is trash, but they occupied so many spots. It's such a waste!"

"You better watch your mouth, kid. Do you believe that I won't kill you right now?" Another person roared in anger. He seemed to be from the southern mountain range and was extremely angry.

"Heh, you southern mountain range people are trash. You're still not convinced?" "Kill me?" the man sneered. Hmph, everyone is busy with their own affairs now, so stop talking nonsense!"

"You motherf \* cker!" The southern mountain range cultivator was thoroughly enraged. He actually ignored the stone beast's attack and directly raised his long sword, slashing towards the other person. I'll see if I can kill you today!

The man's expression changed and he said angrily, " are you f \* cking crazy?!"

It wasn't just the southern mountain range cultivator's sword that slashed over, what made him even more frightened was that the stone beast's huge body suddenly turned into countless Rolling Stones, smashing down from the sky.

The Rolling Stones were filled with the power of demonic Qi and were no less powerful than Xuan weapons. They attacked indiscriminately at the same time, as if the mountain was collapsing.

"Hurry up and run!"

The five of them were shocked at the same time, and the southern region man was also scared out of his wits. He hurriedly circulated his true Qi to the peak, and the five of them almost doubled their speed as they scattered in all directions.

"Boom boom boom!"

The large number of Rolling Stones fell on the ground and were actually directly hidden within it, turning into a part of the earth. They appeared to be in the state of rocks and covered the ground.

What made their hair stand on end was that the rocks that covered the ground were actually slowly moving, like liquid flowing towards them.

Chapter 293

?

293 Stone beast advancement

“Whoosh! Whoosh! Whoosh!”

The five of them hurriedly rose into the air and looked down from the sky. Only then did they heave a sigh of relief.

But soon, his expression became serious again. Wherever the stone beast passed, it devoured a large area of the forest, turning it into a Stone Forest. The entire mountain was turned into a Stone Mountain at a speed visible to the naked eye.

“This is a Kasaya.”

Yunxiao’s face changed drastically as he said in horror, “Shit! It had devoured the entire mountain and evolved! The stone beast’s evolution should have started a long time ago, and it should have been interrupted by these five people. I’m afraid it’s almost done now.”

“In that case, let’s hurry up and leave,” yunshang said, her face pale. The aura down there is so strong that it’s suffocating.”

Unmoved, Yunxiao said sternly, “Even if he advances to the seventh step, even if I can’t take him down, it won’t be a problem for me to leave. Don’t be affected by the pressure in the demonic Qi. Watch it break through carefully. It’ll be very beneficial for you to break through to the martial King realm.”

Only then did yunshang feel relieved. She performed concealment of spirit and Qi and spread out her divine sense to sense the stone beast’s breakthrough.

“Boom boom boom!”

A huge tremor came from below, as if an earthquake had occurred. The entire space trembled.

“Everyone, what should we do?” One of the five men said with a pale face, “ “This stone beast seems to have gone mad from our attacks. The demonic Qi it’s emitting right now is making me extremely uneasy.”

“What’s wrong? Was he going to give up? Do you know how much that ‘heart of stone’ is worth?” Hmph! one of them snorted. such a huge stone beast, if we kill it, we’ll get at least one piece worth hundreds of millions of primeval stones each!

“It’s indeed not difficult to capture and kill this stone beast, but the difficult part is that everyone is not willing to work together and contribute. How do we fight this?”

“Ahem, that is indeed a problem. Since they had joined forces, they should be honest with each other. Everyone should be the proud sons of their own sects, the strength they displayed shouldn’t be so inferior, right?”

“Hmph, don’t you outsiders look down on the southern mountain range? Then you guys should perform well and charge down now!” The southern mountain range disciple sneered.

“Brother, I was wrong just now. Now, I’m officially apologizing to you. If the five of us still can’t sincerely join forces, then this fat meat that’s right in our mouths will really fly away!” The man from before apologized with a straight face, but the light in his eyes seemed a little demonic.

“Good! Since everyone had agreed, then let’s make an oath together! Whoever doesn’t put in some effort later will be a f \* cking turtle and bastard, and their cultivation will be stagnant for the rest of their lives!”

After that person finished speaking, he pointed to the sky with one hand and made a serious oath.

The other four looked at each other, then also made an oath one by one, and then smiled one by one.

“Let’s take this stone beast’s life before it goes crazy!” One of them said.

“Hold on!” Another person stopped him and said, “this stone beast’s transformation is a little strange. Don’t act rashly.” I suggest we go down and investigate.”

“Investigate? Who’s going?”

The five of them immediately fell silent and turned their heads away.

One of them coughed twice and said, “Everyone, there’s no need to be so troubled. Isn’t there a ready-made spy over there?” He chuckled and shouted at Yunxiao’s Bluewolf chariot, “Brat, quickly come over and go down to find out what’s going on with that stone beast!”

Yunxiao was taken aback and speechless at the shamelessness of these people. brother, I’m only a martial Lord. I’ll die if I go down!

“What are you afraid of?” the man shouted angrily. With the five of us protecting you, it won’t be easy for you to die! I’m just checking out what’s going on with the stone beast, not asking you to subdue it! Besides, do you even have the ability to do so?”

no, no, ” Yunxiao hurriedly said. so, big brother, you should go down and take a look yourself.

“Do you want to die?” The man was furious. He didn’t expect that a mere martial Lord would dare to disobey him. He turned into a beam of light and dashed toward the chariot.

A beam of light spread out from the chariot, and yunshang slowly opened her clear eyes. At this critical moment, she had finally broken through the four symbols realm and entered the five elements realm.

The five elements in the sky gave off a five-colored light and merged into her body.

“Eh? Advanced? Hmph, he’s just a one-star martial King, and he’s still trash!” Standing on the chariot, the man pointed at Yunxiao and shouted, “The two of you, immediately go down and investigate the situation. Otherwise, there’s only one word for you-death!”

Yunxiao smiled when he saw that Yunshang had successfully advanced. He turned around, raised his eyebrows, and said, “You want me to die?”

“Clang! Clang! Clang!”

The man opened his mouth, but his voice was cut off all of a sudden, as if a cork had been stuck in his throat. Cold sweat began to drip down his face, and his lips trembled as he said, “Y-y-you’re Yingluo?”

“BOOM!”

Suddenly, a huge tremor burst out from the ground. Monstrous Qi rushed up, and the entire sky instantly became demonic. The stone Mountain at the bottom rose up from the ground with a “Hua La La” sound and transformed into the appearance of a stone beast. It gradually grew bigger and was actually more than ten times bigger than before. It became a towering stone giant and grabbed at the place where the four people were with a palm!

Yunxiao’s face flickered. Ignoring the martial Grandmaster, he quickly turned the chariot around and fled into the sky. He had originally hoped that he would be able to take advantage of the situation after the five of them dealt with the stone beast. Now that the stone beast had evolved into a seventh-rank Emperor-level existence, even if they all fought with their lives, they had no chance of winning.

“Heavens, quickly run!” One of the four cultivators looked at the huge hand and was so shocked that he turned into a ray of light and tried to escape.

“Everyone, don’t run! We’ll block them together! Did you forget the oath you made just now?” The southern mountain range disciple’s eyes widened in anger as he roared.

“Right! He’s right, let’s attack together!”

The other three immediately felt assured. They still had many ultimate moves and trump cards, so they might be able to defeat the enemy. This stone beast was only slightly bigger in size, it didn't seem to be that powerful!

“Qian Yuan devil spear!”

“Primordial ghost palm!”

“Burning sun Emperor's Hand!”

The three rays of light bombarded the falling big hand. From a distance, it looked extremely thin. The three attacks landed on the palm of the stone beast, making a few muffled sounds and shattering some stone chips, but it had no effect. The five fingers of the large hand bent, and it was about to grab down.

“Why is there one less person? Who didn't make a move!” One of them roared in shock and anger. The stone beast's five fingers were as thick as mountains, and it was able to lock these people down with just its pressure.

The other two were taken aback as well. When they looked over, they saw that the martial Grandmaster of the southern region, who had just shouted for them not to run and asked them to work together, had already turned into a beam of light and fled a thousand meters away, following Yunxiao's Bluewolf chariot and flying into the sky.

“Pfft!”

A Wu Zong was so angry that he spat out a mouthful of blood. He shouted, “Southern domain rats! I'll definitely tear you to pieces!”

“BOOM!”

After he shouted this, he found that the world was dark.

The five fingers of the stone beast's large hand clenched together, and a few people's miserable screams were heard. Then, there were no more signs of life.

After the stone beast killed the five people with a single palm, it raised its head to look at the two small dots that had escaped and chased after them with large strides. His powerful demonic power directly locked onto the two black dots in front of him. With one step, he crossed a thousand meters and chased after them.

"The brother in front, wait for me!"

The southern mountain range disciple was shocked. The stone beast's pace seemed slow, but with every step, the earth and mountains were pushed back. It actually contained spatial laws! In just a few moments, he had almost caught up to the southern mountain range disciple. He was scared out of his wits and hurriedly called for help. everyone, let's escape together. At least we can look out for each other!

The martial arts Grandmaster on the Bluewolf chariot was also stunned by the stone beasts' power. He said anxiously, "Do not wait for him! As soon as he stops, the stone beasts will catch up. Waiting for him is just courting death!"

However, a martial arts Grandmaster's flying speed was obviously faster than the Bluewolf chariot. The southern region martial arts Grandmaster caught up very quickly and jumped onto the Bluewolf chariot. He cursed, "You little brat, are you looking to die? I told you to wait, but you ran even faster!"

The other martial arts Grandmaster sneered and said, "Who can run as fast as you?"

The southern region martial arts Grandmaster's face flashed with embarrassment and anger. He knew that he was referring to him abandoning the other three and escaping alone. But if he wasn't quick-witted, he would've already become a pile of meat. The man's cultivation was a four-stars martial Grandmaster, which was one level higher than his, so he didn't dare to contradict him. Instead, he vented his anger on the other two martial Lords and said angrily, "I'm talking about you, are you all deaf? Give me a run, ah! Y-y-you are li Yunxiao?"

Bean-sized cold sweat rolled down the martial Grandmaster's forehead. When he saw Yunxiao's face clearly, his eyes turned as ugly as a dead fish's, and he said obediently, "Yun ... Lord cloud sky City Lord,

I ... I'm not talking about you, Yingluo. I ... I'm talking about that person." He trembled as he pointed at Yunshang, his whole body drenched.

Yunxiao raised his head coldly and said, "She's my teacher."

ah! the Wu Zong's legs almost turned to jelly as his body began to tremble.

At this moment, a voice suddenly came into his ear. brother, although this li Yunxiao has extraordinary strength, if you and I join forces, we can easily take him down and control this chariot. When the stone beasts caught up, he would throw these two out to block them. We'll preserve our strength on the chariot so that we can escape with all our might."

It was the other martial Grandmaster, his eyes flickering.

"Gulp!"

The southern mountain range disciple swallowed hard and his palms were sweating. He struggled for a second and suddenly shouted, "Cloud sky City Lord, this guy secretly sent me a message just now. He said that he would join forces to take you down and throw you out to resist the stone beasts!"

This martial Grandmaster was a disciple of a major sect in the southern region, and he knew Yunxiao much better than the other three regions. The other man had only seen Yunxiao's power in Yanwu, and he thought that he was only relying on the power of the array. Otherwise, no matter how heaven-defying his cultivation base was, there would be a limit to it. Although he was wary of him, he was not afraid.

This southern region disciple was different. Before they came to Yanwu, their Masters had warned them not to fight Yunxiao head-on, as he was as strong as a Martial Emperor!

chapter 294-escape

After the battle on qionghua Island, Yunxiao's name had spread throughout the southern region. All major forces had made various analyses of him, and the final conclusion was that his maximum combat strength should be around that of a two-stars Martial Emperor, which was a relatively objective and fair

conclusion. Fortunately, the divine realm tablet didn't attract much attention in the battle of qionghua Island. On the contrary, the tianluo flaming battle flag attracted a lot of attention.

With the maximum combat strength of a two-stars Martial Emperor, not to mention the two martial grandmasters, even 20 of them would not be enough. 200 of them would be enough!

Therefore, this martial arts Grandmaster of the southern region made a decision in an instant and directly betrayed another person as a sign of his loyalty.

"Bitch! You're too f \* cking cheap!" The Wu Zong flew into a rage and his veins popped out. He said angrily, " "You cheap bone! 'A mere martial Lord has scared you to this extent. He's so powerful, so how can he defeat you and me?' Above Yanwu, they were only relying on arrays to show off their power. You're not even a fart in Mount Meru now, what are you afraid of?"

The southern region disciple's eyes gleamed with a smug look that said, 'you know nothing'. He quickly lowered his head and stepped aside, looking very respectful like Yunxiao's servant.

very good, " Yunxiao said indifferently. since you've surrendered to me, you have to show some sincerity. If you take him down and feed him to the stone beasts, I'll forgive you for your disrespect!"

When the martial arts Grandmaster of the southern region heard this, he was dumbfounded and hurriedly said, " Lord cloud sky City Lord, this person's strength is one level higher than mine. Furthermore, he has many profound level weapons to protect himself. I am not his opponent!

Yunxiao rolled his eyes at him and said, " don't worry. If you can't defeat him, I'll save you. I'm here, what are you afraid of?"

Cold sweat broke out on the martial Grandmaster's forehead. In his opinion, it would only take Yunxiao a few minutes to take down this man. The Bluewolf chariot was so small that it was impossible for him to fight. But looking at his cold expression now, if I don't do it, I'm afraid I'll be in trouble, Yingluo.

"Clang"

A beam of sword Qi rose up, and the other martial Grandmaster made the first move. His whole body turned into a beam of light and went straight for Yunxiao's head.

The entire Bluewolf chariot trembled violently under his charge, as if it was about to collapse.

Yunxiao chuckled and threw a punch at him. It was the Tiger subduing fist that every martial artist would know.

“What?”

The pupils of the three people on the chariot all shrank, overwhelmed with shock. Even if he had the combat strength of a Martial Emperor, he wouldn't dare to be so arrogant to resist the sword of a four-stars martial Grandmaster with his physical body!

“You're really looking for death!” The martial arts Grandmaster's heart was filled with both joy and anger. He was happy that the other party was courting death, but he was angry that the other party dared to despise him.

In fact, Yunxiao was also quite helpless. After Xueming, the frost hook, was destroyed in the battle of qionghua Island, he did not have any handy weapons. The divine realm tablet was still absorbing spiritual energy in the nameless Valley. Although it was connected to his mind and could be summoned at any time, it would be too expensive to waste time absorbing spiritual energy to deal with a mere martial arts Grandmaster.

With no other choice, he could only use his fist to block.

“Swish!”

The sword radiance hit the tip of the fist, and the sword Qi was actually dispersed by the shock. The long sword went straight down, making a crisp sword sound. There was actually a feeling of being unable to match his strength!

The Supreme tyrant body was enough to fight with a martial arts Grandmaster with just his physical body!

“What?”

Everyone was shocked, as if they could not believe their eyes, especially the martial arts Grandmaster. His mind went blank for a moment. He had never seen or even heard of such a situation where his sword was blocked with his own body!

A cold gleam flickered in Yunxiao’s eyes. In the moment the man lost his mind, Yunxiao flashed in front of him and punched him in the chest, knocking him out of the chariot.

“Boom boom boom!”

The chariot flew forward at high speed. The moment the martial arts Grandmaster was shaken out, he saw the huge stone beast raising its palm, which was as big as the sky, and grabbing at the martial arts Grandmaster.

In the sky, they could only see a powerful light erupting from the martial arts Grandmaster’s body. However, it was instantly extinguished by the stone beast’s giant hand. Only a slight scream could be heard.

At this time, the distance between the chariot and the stone beasts increased again, and the chariot fled at full speed.

The martial Grandmaster of the southern region was drenched in cold sweat. He was defeated by Yunxiao and the stone beast, and he felt that he would die no matter what. It was impossible for the chariot to escape the stone beast, and Yunxiao would definitely throw him out later.

Sure enough, when the stone beast was approaching again, Yunxiao’s eyes began to look at him.

Lord cloudsky, don’t throw me out! As he retreated, he said anxiously, “I’m still useful to you. Let me tell you a big secret!”

“Oh? A big secret?”

Yunxiao raised an eyebrow and chuckled. “I’ll give you a chance. If you want to escape, the stone beasts don’t need to do anything, I will just kill you.”

The martial arts Grandmaster wanted to buy some time and rush out. However, he did not expect to be seen through by the other party. He panicked and said, “You have to promise not to kill me or throw me out!”

that depends on how valuable your secret is,” Yunxiao sneered. I’ll have to tell you.

The martial arts Grandmaster looked at the stone beasts that were about to catch up outside the chariot and said helplessly, “I know there’s a treasure in Mount Meru. As long as I’m alive, I’ll Take You There!”

Yunxiao grinned hideously as he strode forward, grabbed the man, and was about to throw him out.

“Don’t, don’t! I’m telling the truth! The map is in my mind, I’ll tell you!” The martial Grandmaster was terrified. He had seen Yunxiao’s means just now, and he could not muster the slightest will to resist. Feeling the demonic aura of the stone beast behind him, he almost cried out, wailing, “No, no, the map is on me. Put me down and I’ll show you. But please don’t kill me, wuwuwu ~”

Only then did Yunxiao throw him to the ground.

The martial Grandmaster powerhouse had just managed to survive, so he did not dare to play any tricks. He hurriedly took out a map from his ring and handed it over, saying, “I am a disciple of the heavenly jewel sect, and I found this treasure map in an ancient book in the heavenly jewel sect. It should have been drawn by the ancestors of the sect. Lord cloudsky, take a look.”

Yunxiao’s pupils constricted slightly. The place depicted on the map was very similar to the one in the thunderwind Chamber of Commerce. What surprised him was that this map was much bigger than the one given to him by the thunderwind Chamber of Commerce. Furthermore, looking at the notes written on it, it should have been the work of a few people, probably passed down and perfected by the ancestors of the heavenly jewel sect.

Lord Cloudsky, you're a city Lord. You have to keep your word. You can't kill me! The martial Grandmaster was uneasy. Several times, he wanted to rush out and escape, but he felt that Yunxiao was staring at him, either intentionally or unintentionally, so he did not dare to move.

Yunxiao glanced at the stone beast running over from the distance and said, "I'll take this map. It's very valuable, and it's enough to exchange for your cheap life. What's your name?"

"I'm Wang Qiang!" The martial arts Grandmaster was overjoyed and hurriedly said.

"Wang Qiang?" "The sect master of the heavenly jewel sect is called Wang Yue, right?" Yunxiao thought.

"That's my father!" Wang Qiang said.

haha, I didn't know that you were so well-known. You don't show off, but you have a big background. You must be very rich, right?"

Wang Qiang, "there's no such thing as Qianqian."

Yunxiao paid him no more attention. He turned and squatted down, then began to carve an array on the chariot with his fingertips.

Wang Qiang breathed a sigh of relief when he saw that Yunxiao was no longer making things difficult for him, but when he saw the stone beast that was about to catch up with him, he immediately became nervous again. He stepped forward and looked at Yunxiao curiously, "Lord Cloudsky, what kind of formation are you inscribing? Is it to speed up the chariot?"

Yunshang was also an Alchemist. After watching for a while, she found that it was completely beyond her understanding, so she shook her head.

no," Yunxiao said. it's a short-distance teleportation array. It can teleport us several li away, far away from this stone beast."

“There’s such a thing? That’s great, haha, I don’t have to die!” Wang Qiang was overjoyed and couldn’t help but cheer.

Yunxiao gave him an indifferent look and said, “I don’t intend to take you with me. You should think of a way to escape.”

“Ah? What?” Wang Qiang was dumbfounded. Cold sweat broke out as he shivered and said, “Lord Yunxiao, I ... I, Qianqian ... On account that we are both disciples of the southern mountain range, I will Qianqian.

alright, ” Yunxiao interrupted with a wave of his hand. that’s enough. Just tell me how much money you have and I’ll see if it’s worth it to take you away.”

“I’ll give you all the vitality stones I have, as well as these various treasures. I’ll only leave behind this treasured sword of mine.” Wang Qiang hurriedly took out his dark weapon sword and handed over his storage ring.

Yunxiao glanced at it and said with a frown, “Not enough!”

“Ah? Isn’t this enough?” Wang Qiang was drenched in cold sweat. Seeing that the stone beasts were getting closer and closer, he was so anxious that he was running around in circles.

of course, ” Yunxiao said with a smile. if you were an ordinary warrior, it would be enough. But you’re the son of the heavenly jewel sect’s sect master, how can this amount of money be enough! How about this, you can write me an IOU, and I’ll go to your heavenly jewel sect to get it after we leave.”

He really took out a piece of paper and wrote it down in a few strokes, then handed it to Wang Qiang to sign.

Wang Qiang took a closer look, and his mouth opened wide. He trembled and said, “one ... One billion medial-grade primordial stones? ”

hehe, " Yunxiao laughed. you're worth the price. Don't look down on yourself."

Wang Qiang's eyes went black. He immediately closed his eyes and bit his finger, pressing down. After all, she would hide back in the heavenly jewel sect when she got out, and if he had the ability, she would go and curry his favor. He did not believe that Yunxiao would dare to ask the heavenly jewel sect for the money.

"Yes, yes, not bad!" Yunxiao put away the IOU with a smile and said in satisfaction, " "All of you, stand inside the formation."

The three of them immediately stood in the array together, and Yunxiao unhurriedly cast several incantations. The formation under their feet was immediately activated, and a ray of light covered the three of them. In an instant, they shot out of the chariot at an extremely fast speed and fled into the distance.

Just as the three of them disappeared from the chariot, the stone beast finally caught up and smashed the chariot into pieces with a single slap.

Its demonic stone eyes looked at the fading light and instantly roared repeatedly, continuing to give chase!

Chapter 295

?

295 Seven constellation Dao fruit

At a certain place on Mount Meru where spiritual energy had been liquefied, dozens of martial artists gathered together. All of them were on high alert. The air was filled with tension, and sparks flickered from time to time, as if they would ignite at any time. Every martial artist was holding a profound level weapon in their hands, nervously staring at the scene in front of them.

There was a purple-red fruit in the middle of them, and the spiritual Qi it emitted made everyone drool. There seemed to be a circle of waves rippling around the fruit, which was some kind of rule force. What was even more strange was that green leaves were growing at a speed visible to the naked eye below the fruit. There seemed to be a total of seven leaves, and five had already grown.

With the growth of each leaf, the fluctuations from the fruit became more intense, and the surrounding cultivators became more tense. The friction in the air also became more intense. Moreover, what made everyone's expression turn ugly was that more and more martial artists were gathering.

"Six-leaf!"

One of the martial artists' pupils contracted, emitting a demonic light. He looked around and said, "The Dao fruit of the seven constellations is about to ripen, and a fierce battle is inevitable. I'm afraid that it will affect the Dao fruit, so why don't we work together to think of a peaceful solution? It's good for everyone!"

"Hmph, brother Cui Si. There's only one Dao fruit of the seven constellations and everyone wants it. How do you think we should resolve this peacefully?" The other man, dressed in white, said with a smile, "Anyway, I will never give up!"

Cui Si was one of the most powerful people in the group. The man in white was called Xue Que. Both of them came from the North Region and were eight-stars martial grandmasters.

Everyone's mind tensed up. What Xue Que had said was exactly what everyone was thinking.

The Dao fruit of the seven constellations was born from heaven and earth and contained the highest will of the Martial Emperor of the seven constellations. If they swallowed it, they would have no obstacles in advancing to the Martial Emperor realm in the future. In addition, it was much easier for him to cultivate to the nine-stars Martial Emperor realm in the seven constellations realm than others.

This kind of heaven-defying fruit was something that this group of martial arts Grandmaster level genius disciples dreamed of.

"Hmph, everyone wants the seven constellation Dao fruit, but not everyone has the right to want it!" Cui Si laughed coldly, his eyes turning sharp. All of you who have not reached the six directions realm and are martial grandmasters, get the hell out of here. Otherwise, I will kill you without mercy!

As soon as these words came out, many people's expressions changed greatly, and they became extremely vigilant.

"That's right, I agree with you on this." "Without the martial arts Grandmaster realm, it's useless even if you consume Dao fruits," Xue que echoed. Moreover, with such low cultivation, he would be turned into cannon fodder when they fought later. I suggest that everyone clear their minds. The more powerful you are, the more benefits you will get. This seven constellation Dao fruit is not something that trash like you below the martial arts Grandmaster level can touch!"

One of the martial Kings' expression changed several times. He cried out unwillingly, "I was the first to discover this seven constellation Dao fruit. Why didn't I get a share? I'm the eldest disciple of the Asura Palace, so I'm a respected figure!"

Cui si looked at him coldly and did not hide his contempt. He snorted, "you must be a piece of trash from the southern region. Outside the southern region, who is not a martial arts Grandmaster?"

Xue que also chuckled and said, "even the eldest disciple only has your cultivation level. If it were me, I would be too embarrassed to say it." I suggest that all cultivators below the martial ancestor realm, as well as the scum of the southern region, should get lost."

"Hehe, I agree!"

This gained the agreement of most people. These young disciples from the other three regions had long disliked the people from the southern region. In order to enter Mount Meru, he had spent a lot of money to make connections. In the end, he was almost bankrupt by Yunxiao!

If they had known that they would have to rely on Yunxiao to enter Mount Meru in the end, they would not have needed to pay a huge sum of money to the major sects to buy internal quotas.

However, the martial artists' faces immediately darkened. One of them said angrily, "You B \* stars, if it wasn't for the southern mountain range, why would you enter Mount Meru? Back then, for the sake of a spot, you lowered your head and begged, but now you've turned your back on us!"

"Haha, what a big joke!"

“The entire southern mountain range’s sects have been toyed around by a young boy, and you still have the face to talk about the quota?” someone stood out and shouted. If you had known that you could enter after paying, who would have entertained you? If you don’t get lost, you’ll stay here forever!”

His aura exploded as he spoke, pressing down on the southern region cultivator.

The other party did not show any weakness either. The aura of a martial arts Grandmaster spread out, and the two forces collided in the air. They were in a stalemate.

The entire situation was divided into three factions. The disciples below the martial arts Grandmaster level all had extremely ugly expressions on their faces, as if they were struggling internally.

In the end, reason won. Under such circumstances, it was impossible for them to get any benefits. Dozens of Warriors below the martial arts Grandmaster realm flew away with ashen faces.

This time, there were only 19 people left. They stood in two distinct factions, opposing each other.

There were only eight people on the southern mountain range’s side, and they were clearly at a disadvantage. Their expressions were not too good.

“If you want to fight, I’ll accompany you at any time!” “However, if we fight here, I’m afraid it will directly affect the Dao fruits of the seven constellations. By then, no one will get them!” A male domain warrior said coldly.

Cui si said coldly, “ a battle is inevitable. Otherwise, how can we split a Dao fruit? ” I suggest we set up a barrier and turn the area within several miles into a forbidden area to prevent other experts from entering again. We’ll increase the number of spots allocated.”

“That’s right, that’s how it should be! Every time a leaf grew on the seven constellation Dao fruit, it would produce a significant phenomenon that would attract many experts. We’ll set up a great formation and seal this place.”

Xue que was the first to respond, and everyone felt that it was very reasonable. The martial arts grandmasters of the southern region all looked on coldly, unmoved.

“What’s wrong? You guys seem to have different opinions?”

A male domain martial artist sneered, “if you want to fight, then fight! What’s with the barrier!” If we can’t get the seven constellation fruit, we’ll just make them disappear with the war!”

“Hmph, you’re indeed trash!” Xue que took a step forward, and his aura instantly spread out, locking onto all eight of the southern region cultivators. He said coldly, “ cui si, you set up the barrier. The rest of you protect the Dao fruits of the seven constellations. I’ll take care of these eight scumbags!

He instantly attacked with shocking power. Without the slightest hesitation, a golden light bloomed from his hand and enveloped all eight southern region cultivators. The space trembled slightly.

The rest of the people seemed to have a tacit understanding. The nine of them formed a circle to protect the Dao fruit of the seven constellations.

Cui si seemed to be very confident in Xue que. He immediately made his move as well. A ray of light spread out from the bottom of the valley and shot into the sky, illuminating the entire sky with five colors. A barrier quickly spread out with everyone at the center.

The eight southern region cultivators were all furious. The other party actually looked down on them like this, wanting to fight one against eight!

the fire elements hidden in the world, gather them for me!

Xue que’s eyes were half-closed, and a cold light flashed in them. He gently pushed out a ball of energy with both hands and said word by word, “Eight Barrens divine explosion!”

A crazy burning sensation spread through the air, and the eight cultivators “faces all changed, one of them blurting out in horror, “This aura is so powerful, he’s a five-stars martial Grandmaster! This kid is actually a five-star existence!”

One star was a world's difference!

Among the eight people from the southern region, the highest cultivation level was only at the three-star level. The eight men's expressions suddenly changed, and they attacked one after another, desperately trying to break through the heat wave and powerful pressure that came from all directions.

Xue que's eyes turned slightly cold as he snapped his fingers with his right hand and said, "Explode!"

"Boom boom boom!"

A large flame exploded in the middle of the eight martial grandmasters, wreaking havoc in all directions.

As the spiritual Qi was too abundant, the power of the explosion found a push to push it, stacking up layer by layer, one wave after another, an unusually spectacular sight.

The nine people guarding the Dao fruits of the seven constellations were also shocked. They hurriedly formed seals and formed a small barrier to protect the seven constellation Dao fruit. Even when the explosive force crashed into it, it was completely fine.

"Wu, animal!"

As the flames spread, a pitch-black Southern region martial artist raised a giant axe in his hand. His eyes were bloodshot as he roared and chopped down.

"Heaven splitting axe!"

Xue que revealed a look of contempt as he lightly took a step forward and threw a punch.

The power of the fist was impressive, and the surrounding spiritual Qi shook. It smashed onto the giant axe with an overwhelming advantage.

“Bang!”

The huge axe in the martial artist’s hand fell out of his hand, and the power of the fist directly penetrated into his body. Blood burst out from his seven orifices, and his body smashed into the mountain behind him, completely losing his breath.

“Swish!”

The giant axe fell to the ground and was caught by Xue que, who raised it up high.

The other three who had survived the explosion trembled, their eyes filled with fear, as they crawled backwards, begging for mercy, “ my Lord, don’t kill us. We don’t want the Dao fruit of the seven constellations anymore. Please let us live!

Xue que’s face was completely emotionless. He swung his right hand down, and the great axe immediately turned into a ray of light as it came crashing down. A few cries of pain immediately rang out.

He looked at the corpses all over the ground and sneered, “ Hmph, the southern mountain range is indeed a remote and poor place. This group of trash can be considered as martial Grandmaster powerhouses, but they’re all still using fourth tier profound level weapons.

haha, if they all had fifth tier profound armaments, brother Xue que wouldn’t have been able to get his hands on them so easily. One of them laughed, but the eyes he used to look at Xue que were filled with fear.

Xue que smiled faintly. brother Qingcheng’s luck is still the strongest. You actually managed to collect a seventh-tier Qing suo sword. You really envy us.

One of the nine guardians of the seven constellation Dao fruit was really Lu Qingcheng. He snorted softly and didn’t speak anymore.

“Not good!”

Cui si, who was setting up a barrier, suddenly turned pale and looked up at the sky.

“Brother cui si, what’s going on?” The rest of the people also looked up at the sky in shock.

A purple longsword appeared in the sky. It shone brightly and cut through the barrier. The longsword turned into a huge shape and stopped in the sky.

“Who’s there? How dare you act so atrociously above!”

Cui si shouted, his face turning serious. This profound armament was emitting a pressure, it was definitely a seventh tier item. Moreover, the swordsman was able to break cui SI’s wizardry barrier with one strike. His cultivation must be at least as high as his.

“Purple shadow Sword!”

Lu Qingcheng cried out in alarm, and the bone in his hand made a “crack” sound. The veins on his fist were bulging, as if he recognized the owner of the sword.

“Oh?” A lazy voice came from the sky and said sarcastically, “so, it’s brother Qingcheng, who was sent flying by li Yunxiao’s palm.

Two faint shadows appeared in the air. One of them extended his hand, and the purple shadow Sword instantly turned into a sword ray that he put away. The other person looked down with a smile and said, not only is brother Qingcheng here, but the three dance experts are also here. What a coincidence, what a coincidence, haha!

Lu Qingcheng, yang fangzhou, and the others were so angry that they were trembling.

These people were all elites and geniuses in their respective sects. They were usually respected and had never been treated this way. In particular, yang fangzhou and the other two, who had lost all their face in Yanwu, had to swallow the humiliation and try to find Yunxiao to avenge their humiliation. Now that they had been pointed out, it was worse than killing them.

However, in front of the seven constellations Dao fruit, everyone was much calmer than usual and buried their hatred in their hearts.

I was wondering who it was. So it's Zhan fan from the Zhan family of the North Region and Zhou Ziyuan from the plum blossom Island.

Xue que's face darkened. He had not expected two more powerful enemies to appear. It would be even more troublesome to obtain the seven constellation fruit.

Zhou Ziyuan chuckled, "brother Zhan fan, I wasn't wrong, right?" There was indeed a treasure here. My clear sky Realm can not only see the aura within a hundred miles, but also any natural treasures."

The two of them descended from the sky One after the other. Zhan fan nodded and said, " "Brother Ziyuan's Supreme heavenly mirror is indeed worthy of its reputation. It's actually a Dao fruit of the seven constellations!"

His eyes revealed a cautious look. The value of such a treasure was so great that it was difficult to estimate. From the atmosphere, it could be seen that there would be a fierce battle later.

Zhou Ziyuan was also shocked. He stared at the seven constellation Dao fruit and gulped, " "This Mount Meru is indeed an immortal realm. There's actually such a heaven-born Dao fruit. However, there is only one Dao fruit, but there are more than ten people. Hehe hehe."

He flipped his right hand and the replica Supreme heavenly mirror floated above his palm, emitting a gentle light.

Zhou Ziyuan stared at the Supreme heavenly mirror. furthermore, many people are heading this way. They seem to have sensed the aura of the Dao fruit of the seven constellations.

it's all because of you two! cui Si's expression changed. otherwise, the barrier would have been set up long ago!

Zhan fan raised his head slightly and his eyes narrowed. A sharp glint flashed across his eyes as he sneered, "A bunch of clowns want to share this treasure?" The sword in his hand flashed, and a purple light shot up into the sky. It spread out in the air and turned into thousands of sword radiances. They flew in all directions like fireworks, and the sky was purple.

Zhou Ziyuan looked at the Supreme heavenly mirror and smiled. "Haha, brother Zhan fan's purple shadow Sword is indeed sharp. Those people seem to be too afraid to come forward."

"Those who are weak will be courting death if they come," Zhan fan said proudly, "even the stronger barriers can't stop them." Set up a barrier my ass, hurry up and set up a path. How are we going to split the Dao fruits of the seven constellations?"

At this moment, the Dao fruit had seven leaves and was already mature. The martial will of the seven constellations contained in it made everyone's blood boil. It was as if they were about to come into contact with the laws of heaven and earth.

However, everyone was furious. The situation was getting more and more complicated, and many people were probably going to die. They all stared at the Dao fruit of the seven constellations and were prepared to fight to the death.

Suddenly, a loud rumble came from the sky, and before the eyes of the experts, a Bluewolf chariot flew over at a high speed.

what?" Zhan fan furrowed his brows and said coldly, "there's actually someone who's courting death!

Zhou Ziyuan looked up and sneered. "The three people up there are a martial Grandmaster, a martial King, and a martial Lord. Haha, from top to bottom, what a funny combination!"

Hmph, even martial Kings and martial Lords want to spy on me. I'll send them on their way!

One of the eccentric men seemed to be unable to bear this tense atmosphere and wanted to vent his anger. A fist shadow suddenly condensed in the air and bombarded the chariot.

The Bluewolf chariot was merely a fourth tier existence, and its endurance was not as good as an ordinary fourth tier profound weapon. The yin-yang man's punch was almost certain to destroy the situation.

Right at that moment, the Bluewolf chariot suddenly spun a few rounds and shifted a few meters to the side with unbelievable movements, nimbly avoiding the punch.

"What's this?"

Everyone was stunned. A chariot was not a human. How brilliant was the driving skill?

"Swish!"

Suddenly, there was the sound of something shooting out from the chariot, but it was so fast that no one could see it clearly.

"Woof! Seven constellation Dao fruit!"

Yang fangzhou suddenly let out a loud roar. His frightened expression was as if someone had strangled his neck.

Everyone's hearts trembled. They saw that a green object had wrapped around the seven constellations Dao fruit. It was soft like liquid and wrapped around the entire Dao fruit.

"Swish!"

Just as everyone's eyes widened in shock, the green liquid wrapped around the Dao fruit of the seven constellations and uprooted it. It shot towards the Bluewolf chariot so quickly that it was almost impossible to catch it with the naked eye.

at this moment, a surprised voice came from the chariot, " "Eh, it's really the Dao fruit of the seven constellations. Not bad, not bad. This thing is very beneficial."

"Huala"

Everyone's brain buzzed, and their blood instantly rushed to their heads. Their auras instantly rose to the extreme, and more than ten rays of light shot up into the sky. The liquefied spiritual energy on the ground was instantly dispersed by those auras, and evaporated again into smoke.

Zhou Ziyuan was stunned for a moment before he muttered, " " that green thing ... "

His pupils suddenly enlarged. He already knew who the newcomer was. His forehead was covered in cold sweat as he also turned into a ray of light and chased after. Even if Yunxiao had extraordinary abilities, he was undoubtedly courting death by taking the Dao fruit of the seven constellations in front of everyone.

"seven constellation dao fruit? lord cloudsky, what is this?"

Wang Qiang felt the spiritual Qi and rule fluctuations from the seven constellation Dao fruit and was shocked. as the son of the heavenly jewel sect's sect master, he was used to seeing all sorts of treasures, but this was the first time he had seen a fruit that contained martial will and laws.

Yunxiao held the fruit in his hand and looked at it for a while, then carefully took out a green jade box and put it away. He smiled and said, " it's nothing. It's just that after eating it, you can comprehend all the martial intent of the seven constellations and directly rush to the peak of the Martial Emperor realm. There will be no more obstacles in your cultivation.

"?! What?" Wang Qiang's eyes almost popped out as he cried out,"How can such a heaven-defying thing exist? This, this, this Yingluo."

'This ...' He could not suppress the shock in his heart as he stared blankly at the spatial ring in Yunxiao's hand, lost in thought.

Yunshang looked panicked as she said, "Yunxiao, these powerful auras are Wuwu!"

don't panic! Yunxiao waved his hand and said, "just run at full speed.

The Bluewolf chariot was driven to its maximum speed, rushing toward the sky.

Behind him were 14 angry martial artists, including Zhou Ziyuan, who were in hot pursuit. In their eyes, the three people in the chariot were completely dead. Now, everyone's greatest worry was that one of them had swallowed the seven constellation Dao fruit. If that happened, even dismembering that person's body would not be enough to vent their anger!

Wang Qiang also saw more than 20 rays of light behind him. The aura of each person was not weaker than his, especially the few people in front, who were almost at the peak of the martial arts Grandmaster realm. Only then did he recover from the shock of the seven constellation Dao fruit. He wiped the cold sweat off his forehead and said, "Lord Yunxiao, could it be that this direction is bi an?"

Yunxiao's eyes flickered like stars as he said with a smile, "a total of 14 Wu Zongs. I wonder if they can kill the stone beast?"

Wang Qiang's heart sank, and he thought to himself, 'as expected! there are stone beasts in front of us and more than ten martial arts grandmasters behind us. We're stuck in the middle. Do you think we can escape?' he said with a worried expression.

Yunxiao looked at him and said with a smile, "did you forget that I know a sixth-tier spatial array? How did you escape just now?"

Wang Qiang's expression changed drastically. He hurriedly sat down cross-legged and began to heal his injuries. A large number of medicinal pills were poured into his mouth like beans. He had almost died just now, and if he were to be hit again, he could not guarantee that he would survive.

“Motherf \* cker! How can the chariot run so fast?”

how dare you steal the Dao fruit of the seven constellations! Die! Die!

The martial arts grandmasters behind him were all in hot pursuit. Seeing that the distance between them and the Bluewolf chariot was getting shorter and shorter, their veins suddenly popped out and their faces became ferocious. They were ready to kill at any time.

“What is this aura?”

Zhou Ziyuan, who was flying in the crowd, was relatively sober and calm. Suddenly, his mind trembled as he stared in front of him in horror. It was as if a huge pressure was coming from all over the sky. Wherever he looked, a small black dot was slowly getting bigger.

He took out the Supreme heavenly mirror in shock and exclaimed, “Everyone, be careful! There’s an extremely powerful demonic beast in front!”

The Supreme heavenly mirror could only show that the demonic beast’s speed and demonic Qi were stronger than his.

At this time, the others also saw that the black dot was getting bigger. However, there were more than ten of them, and they were all martial arts grandmasters. Unless it was a demonic beast at the Martial Emperor realm, there was no need to worry. Therefore, no one made a sound, and they kept their eyes on the chariot.

Yunxiao looked at the stone beast, and the greed in his eyes seemed to be even more eager than when he saw the Dao fruit of the seven constellations. Although he was only a six-stars martial Lord, his comprehension of martial essence was at the peak of the nine Heavens realm. Even a complete Nine Heavens realm Martial Emperor Dao fruit would not be of much use to him.

“Brother Wang Qiang, it’s almost time.”

Casually, Yunxiao finished inscribing the sixth-tier spatial teleportation array and watched the stone beast's figure grow larger and larger, with a faint smile on his lips.

297 Forced to join forces

Wang Qiang's face turned extremely unsightly. He took out another huge pill and swallowed it before standing on the platform with yunshang.

At this time, the martial arts grandmasters behind him also saw the appearance of the stone beast. It was as strong as a mountain and moved quickly. It actually rose into the air without stepping on the ground.

"Heavens! What kind of demonic beast was this? It's so big?"

Everyone's expression changed drastically as they slowed down in horror.

The group of martial grandmasters turned pale with shock. The stone beast's body was like a mountain, towering into the clouds, but its feet were floating in the air. The monstrous demonic Qi that he exuded made people's hearts turn cold.

"Gulp!"

Many people gulped. Even a fool could tell that this demonic beast was definitely a Martial Emperor!

"Dammit! How could a Martial Emperor realm demonic beast appear out of nowhere?"

Everyone was going crazy, and cui Si was even more so. He roared, "Motherf \* cker, he charged! For the Dao fruit of the seven constellations, there was no harm in taking a gamble! This demonic beast's body is so huge, it definitely doesn't have enough agility. Everyone, surround it and fight it to death!"

Seeing that the chariot was about to hit the demonic beast, everyone became anxious and rushed over with red eyes.

“Swish!”

Suddenly, a beam of light shot out from the Bluewolf chariot and passed through the group of martial grandmasters. Everyone was shocked. They could not catch it with their eyes, but they could vaguely sense that there was someone among them.

“Not good, those people have escaped!”

Zhou Ziyuan’s expression changed as he looked at the Supreme heavenly mirror in shock and anger. Those three people are in that light. They’re already a hundred miles away!

“What?”

Everyone’s face turned green. BOOM! The Bluewolf chariot finally arrived in front of the stone beast, but it was crushed into pieces by the stone beast. The stone beast’s body slowly rose again. It raised its fist and smashed forward.

“F \* ck, run!” Zhou Ziyuan was frightened by the pressure of the fist wind. He retreated desperately and shouted, “ everyone, follow me! The one who stole the Dao fruit of the seven constellations is the city Lord of Yanwu, li Yunxiao!

“What? It’s actually that guy!”

The 14 people were all so angry that their teeth itched, especially Lu Qingcheng, yang fangzhou, and the other two. Their vision turned black, and their blood almost spurted out of their heads. They roared, “ li Yunxiao, we can’t live under the same sky!

But very quickly, a wave of coldness diluted their anger. That stone beast’s punch actually split open in the air, turning into earth-shattering Rolling Stones that rumbled and rolled down. It was like a long river that crossed the sky.

“Run!”

The dozen or so people panicked. The power of a Martial Emperor’s punch, not to mention the stone beast, which was one of the most powerful demonic beasts, immediately scattered like birds and beasts. They desperately followed behind Zhou Ziyuan, chasing in the direction of the Bluewolf chariot.

The stone beast suddenly opened its tiny eyes and seemed to make some noise. His body gradually changed, his two feet slowly retracted, and his arms drooped down. In a few breaths, he had become a huge stone ball, rolling in the air at a faster speed than before.

The 14 of them felt a chill in their hearts, and they used 100% of their strength to fly. Under the pressure of the stone beasts, those people who were lagging behind were scared out of their wits. One after another, they used secret techniques to increase their strength and poured all kinds of medicinal pills into their stomachs, causing their speed to suddenly increase by a few notches.

The ray of light that had wrapped around the three of them shot a hundred miles away and finally stopped.

Wang Qiang spurted out a mouthful of blood. His entire body swayed as he fell from the sky. He struggled to gather a wisp of true Qi, then carefully landed on a flat mountain top. His whole body trembled as he swallowed the medicinal pill, then he crossed his legs and began to regulate his breathing.

Yunxiao and Yunshang, on the other hand, were unscathed. They also stopped at the top of the mountain and looked back.

Yunxiao spread out his divine sense and soon sensed the aura of the stone beast. He could not help but laugh and say, “This group of Wu Zongs really have no backbone. Running for your life without even fighting, what’s the good thing?”

Where could he find a Martial Emperor to subdue the stone beast in Mount Meru? Although he had just stepped into the martial Royal realm, one star was a world, not to mention an existence who had crossed a major realm.

Those who entered Mount Meru were all disciples under the age of 50. Those who could enter the martial arts Grandmaster realm were already peerless geniuses, not to mention martial emperors.

“Fine, I’ll help you guys.”

Yunxiao chuckled as he stepped into the sky. His body began to emit a golden light, and circles of tadpole-like characters emerged from his body.

Wang Qiang’s heart skipped a beat as he looked up. He could not figure out how Yunxiao could stand in the air with only the cultivation base of a martial Lord.

Yunshang, on the other hand, was dumbfounded. Golden tadpole-like characters kept flying out of Yunxiao’s handprint, forming tiny array formations around him. Finally, they connected end to end, forming an even larger golden array formation that flickered in the air.

She didn’t recognize a single one of the Golden tadpole-like characters that were constantly flickering on the formation. She also seemed to have some impression of the various strange symbols, but she couldn’t recognize them. In the end, a huge formation diagram glowed in the sky, its golden light blinding.

A green light flashed in Yunxiao’s hand, and dozens of Mystic artifacts of various kinds appeared in it. With a wave of his hand, they were all thrown into the array, emitting all kinds of light and becoming the eye of the array. The last strange symbol was struck out, and the formation gradually disappeared into the void. The vast sky was clear.

“This bi an ...”

Wang Qiang swallowed his saliva. An array that could actually hide in the void was a complete trap! With his Grandmaster power, he could only feel that something was off after careful inspection. How could the martial grandmasters who were running for their lives notice?

After the time it took to brew half a cup of tea, various auras gradually approached from the distance. The stone beast was still rolling in the sky in a huge ball shape, but there were fewer martial arts grandmasters. There were only nine people left. It was obvious that five of them had died tragically.

“In front! That li Yunxiao is right in front of us!”

Zhou Ziyuan stared at the Supreme heavenly mirror and shouted.

When the group of people heard this, their spirits were shaken. Each and every one of them was filled with anger. Their speed increased by a few notches as they rushed over with all their might. Their first reaction was to tear Yunxiao into pieces!

“Whoosh! Whoosh! Whoosh!”

All nine of them flew through the air, and after rushing into the area where Yunxiao had set up the array, they suddenly stopped and stood in the air without a word. However, the aura on his body was still rising and exploding to the extreme.

“What’s going on?” Wang Qiang’s heart was filled with shock. Those people were all stagnant, and their eyes seemed to be a little blurred. The stone beast arrived in the blink of an eye, and if it still couldn’t wake up, it would die in the blink of an eye.

Yunxiao’s eyes turned into the color of a Demon Moon as he used his mental power to create a great illusion to hold the seventeen men for a moment. Finally, when the stone beasts caught up, he relaxed and the illusion in front of the seventeen people immediately disappeared.

“What’s going on?”

The seventeen men reacted instantly. While they were glaring at Yunxiao, the sky suddenly darkened. The stone beast spread out in a ball and returned to its demon beast form, then threw a mountain-like fist at him.

In front of him, Yunxiao suddenly performed an incantation gesture with both hands and gave a light cry.

The Golden array that was initially set up in the air suddenly appeared. It was like a huge wheel of light that was constantly spinning, locking the stone beast in. Its punch had actually been blocked, allowing the seventeen people to Dodge it with ease.

“Golden treasure wheel, power of four directions, collapse!”

At Yunxiao’s soft cry, the huge light wheel array shrank in an instant and collapsed toward the center, as if it were compressing the surrounding space.

The stone beast’s tiny eyes suddenly shrank and emitted a black light, as if it had been provoked. The two mountain-like fists danced in the air as they constantly howled. A series of loud rumbling sounds came from the sky. Under the power of their fists, the sky seemed to be about to explode!

When the people around saw this scene, they were so shocked that their feet turned cold. Such a behemoth, such power of the fist, who could be its match!

“What are you still looking at? If we don’t attack now, once my formation breaks, everyone will be dead!”

break! Yunxiao suddenly shouted. The mystic artifacts in the array’s light wheel began to explode one by one under the wind of the stone beasts ‘punches, sending out waves.

Li Yunxiao, I’ll kill you first even if I die!

As soon as yang fangzhou saw him, his eyes turned red. The silver ribbon in his hand spread out in the air and flew towards him.

Yunxiao looked at him coldly and said, ” “If you kill me, the formation will be broken instantly. You guys can fight this stone beast alone.”

“Whoosh!”

His words were obviously effective. A purple light flashed and instantly hit the silver ribbon down. Zhan fan stood in front of Yunxiao and said coldly, “If you have any hatred, suppress it! Now, everyone join forces to destroy this stone beast, or else no one will be able to live!”

Zhan fan had discovered that Yunxiao’s array was extremely powerful. Not only did it trap the stone beast, but it had also caused some damage to it. If they were to use this array, the nine Wu Zongs on his side would have a chance of winning. Otherwise, if he continued to escape, he would eventually be killed.

The rest of the people also understood this principle. Xue que said coldly, “I’ll kill whoever messes up at this time!”

“Attack!”

Zhan fan let out a loud cry as the purple shadow Sword burst out of his body and turned into a huge shape in the air. Instantly, purple Qi filled the sky as the long sword slashed out.

The stone beast’s eyes glowed with black light and it let out a muffled roar. It punched the sword’s edge, making an ear-piercing metallic sound. Yunxiao’s array collapsed at an accelerated speed, and the remaining Mystic artifacts in the eye of the array shone one after another, pressing toward the center of the light wheel.

A square metal seal appeared in Xue que’s hand, which transformed into a small mountain and smashed down on the stone beast.

Zhan fan’s purple shadow Sword was jolted back in a few breaths, its light dimming. He was also hit by the impact and spat out a mouthful of blood as he was pushed back dozens of meters.

At this moment, Xue que’s metal seal glowed with an intense light. It fell down fiercely, directly smashing into the stone beast’s back with an earth-shaking sound.

## 298 The heart of stone

The rest of the people, including Lu Qingcheng, yang fangzhou, Shen Aobei, and Zheng qiqing, all glared at Yunxiao with hatred, but they finally held it back. Knowing that the overall situation was more important, they all attacked the stone beast madly.

More than ten dazzling lights swallowed the stone beast.

Luo yunshang and Wang Qiang, who were watching from below, were shocked. They had never experienced such a Grand scene where more than a dozen martial grandmasters were fighting a Martial Emperor demonic beast. They only felt like the mountains were collapsing and the earth was cracking.

“Roar!”

The stone beast trapped in the light wheel suddenly let out a loud roar. Its body was torn apart by the attacks of the various experts. Its huge body was covered in wounds, as if it was about to collapse.

At the sight of this, everyone was overjoyed, feeling that a Martial Emperor was not so undefeatable. Their confidence was greatly boosted, and they exerted more of their unique skills.

Zhan fan, who was far away, took a deep breath and charged forward with his purple shadow Sword.

The stone beast finally couldn't hold on any longer. The key was in the light wheel. Not only was the huge spatial force pressing down on its body, but it also greatly affected its speed. It was almost as if it could only passively take the beating, and its body was constantly being smashed into pieces of gravel.

It could also see that the main factor restricting its performance was this Golden Wheel, and every time it destroyed a profound level weapon, the power of the light wheel would weaken a bit.

“BOOM!”

Before the light wheel completely disappeared, the stone beast finally couldn't withstand the bombardment of the crowd. Its entire chest exploded and turned into gravel. Then, starting from the head, it began to collapse from top to bottom, turning into small stones.

"I've succeeded!"

Everyone was overjoyed, but they were still demonic beasts at the Martial Emperor realm, so no one dared to be careless. They continued to attack, and a long river of broken stones flowed in the air, but it did not fall down.

Yunxiao's pupils constricted slightly as he suddenly cried out, "It's actually the king of stone beasts! Everyone, be careful!" He made a hand seal, and the light wheel quickly shrank again, pressing down on the river of broken stones, but it was blocked by a force.

The river of broken stones suddenly stopped flowing. The sound of a beating heart came from it. In an extremely small place in the long river, a red crystal was beating.

"Attack that red stone!"

Yunxiao cried out, and a serious look began to appear on his face. This stone beast was actually a King level existence. It continuously struck out with all kinds of hand seals, pushing the array to its limits. All of its power gathered at one point, and it pressed down on the red stone.

The rest of the people also understood that the red stone must be the heart of the stone beast!

"Lu Qingcheng, your Qing suo sword!"

Zhan fan shouted as the purple shadow sword flew out of his hand, turning into a huge purple light that hung above the Stone River.

Lu Qingcheng immediately understood. The two swords were originally one. It was the extremely famous purple shadow Qing suo sword in the Western Region, and it was owned by Martial Emperor Zi

Qing. After the sword intent sect created by Martial Emperor Zi Qing disappeared, the treasured sword was also broken up by the disciples of the sect who fought over it. It was split into two seventh-rank existences, Zi Ying and Qing suo.

“Swish!”

The Qing suo sword shot through the air and the green radiance immediately spread out in the air, meeting the purple Qi. The two swords let out a loud cry, as if they were summoning something.

“Clang”

The two swords gradually merged into one in the air, and a monstrous sword intent spread out, shocking everyone’s soul!

this is Lao Ai! Yunxiao was slightly taken aback, but his eyes flickered as he suddenly smiled and said, “It’s a really good sword.”

The river of crushed stones also felt a great threat, and the red heart beat larger with each beat, beginning to become extremely agitated. The thousand-meter-long stone River suddenly gathered towards the heart, forming a sphere that expanded continuously, as if it wanted to protect the heart of stone.

“Not good, it’s about to recover!” Lu Qingcheng shouted in panic. The two long swords seemed to have encountered a great resistance and were unable to continue.

“Trash!” Zhan fan cursed. It’s all because your cultivation base is a few levels lower than mine, that’s why you can’t control it. I don’t care anymore, let’s just continue like this!”

The purple shadow Qing suo sword was only half-fused, but it could no longer continue. Under the control of the two, the tip of the sword slowly drooped down and slashed towards the red heart. The sky turned into a thick purple-green color, and the sword momentum was amazing!

Yunxiao frowned as he quickly performed a few incantation gestures with both hands and shouted, "Golden treasure wheel, power from all four directions, condense!"

The flickering formation diagram rapidly shrank in the air and turned into a Golden ray of light in the shape of a moon. It attached itself to the Qing suo sword and circulated like a sword ray.

Zhan fan and Lu Qingcheng's hearts were filled with shock. After the light wheel had appeared, the two swords had actually fused together once again. However, the speed of the light wheel was too fast, and there was no time left.

"BOOM!"

The stone ball was still continuously condensing, and when the huge sword slashed down, it directly stabbed into the ball. It was greatly hindered and couldn't advance an inch further, and the sword hummed continuously in the air. The stone ball also seemed to be in great pain. It kept shaking, and a large number of stones gradually loosened.

Everyone watched this scene nervously. If the purple shadow Qing suo sword was still unable to kill the stone beast, then none of them could even think of living!

"Not good!"

Yunxiao's pupils constricted. He hurriedly stepped on the air, leaving a few ripples, and in the next moment, he appeared on the top of the mountain. He grabbed Yunshang's hand and said, "Quickly hide in my arms!"

Luo Yunxi's mind was shaken, and she was pulled into the other party's arms by a strong hand. Her mind short-circuited with a buzz.

"BOOM!"

The stone beast and the huge sword were locked in a stalemate. Suddenly, they exploded. The long sword was jolted away and instantly split into two swords in the air. They lost their light and fell down. Countless rock fragments shot out in all directions, and the entire space was within the attack range.

Everyone was shocked. That rock was not an ordinary rock, but the body of a demonic beast! Each of them was like an attack from a profound level weapon. With so many of them shooting out, who could resist? They were all shocked and forced to raise their true Qi, pushing their defense to the maximum.

“Boom boom boom!”

The sky was filled with a rain of stones, and the sound of explosions came from all directions. Huge holes were smashed into the surroundings, and Yunshang could feel the tremors coming from Yunxiao's body. From time to time, boulders would hit him behind, and with each hit, a mouthful of blood would rush into his throat.

“Yunxiao!”

Yunshang had already smelled the faint smell of blood coming from Yunxiao's mouth. She was so shocked that she did not know what to do. Looking at the faint smile on his face, she suddenly could not help but burst into tears and cry, “It's all my fault. It's all my fault for insisting on following you out. If they were in the divine realm tablet, they wouldn't be a burden to you. Wuwuwu!”

Yunxiao smiled faintly, and when he opened his mouth, he immediately revealed a mouthful of blood-red teeth. “Why are you crying? You're a five elements realm martial King realm expert and teacher Yunshang of Jialan Academy.”

“Wuwuwu!”

Yunshang cried even harder. She clutched Yunxiao's clothes and buried her head in his chest.

The rain of rocks smashed for a while and suddenly stopped.

Yunxiao had the Supreme tyrant body, but he was still seriously injured by the impact. Fortunately, he had also absorbed a lot of the demonic Qi on the stone, which was slowly nourishing his body. The rest of the people were sent flying by the rocks. Even if they were still alive, their lives were hanging by a thread.

At this moment, the red crystal was the only thing that was still throbbing in the air, but red liquid was also seeping out of it. It was clear that it had also been injured by the purple figure.

After comforting Yunshang, Yunxiao walked toward the red crystal.

The red crystal seemed to have a life of its own. It sensed danger and began to throb even more violently. A lot of stones slowly rose from the ground, but it seemed that they were not strong enough. They fell back down halfway, and only one or two of them came back up and smashed at Yunxiao.

Yunxiao chuckled as he raised his hand and threw a punch, shattering the stone.

“Stop struggling. I won’t kill you. Just be my servant.”

The red crystal was throbbing as if it was resisting.

Yunxiao stretched out his index finger and began to draw something in the air. One golden ring after another shot out and landed on the red crystal, then disappeared after imprinting on it like a spider web.

The red crystal gradually calmed down under the golden light, as if it was going to submit.

Step by step, Yunxiao walked forward and reached out to grab the red crystal. Suddenly, a beam of yellow light fell from the sky and swept across the entire sky. It instantly enveloped him and the crystal.

A person stood quietly in the air in the distance. It was Zhou Ziyuan. He cast the Supreme heavenly mirror in his hand and sealed the space.

Yunxiao retracted his hand and turned to look at him indifferently.

Zhou Ziyuan felt a chill from the bottom of his heart when he was glanced at. He quickly turned his head and shouted, " don't try to disturb my mind. You must have cultivated a spiritual attack technique!

"What do you want?" Yunxiao asked.

"Hand over the seven constellation Dao fruit and the heart of stone, and I'll let you Live!" Zhou Ziyuan shouted.

the Dao fruit of the seven constellations is with me, and the heart of stone is here, " Yunxiao said with a smile. come and get it yourself.

Zhou Ziyuan frowned and said, " "You're too scheming and full of tricks. This stone beast might have been brought here by you. Put down the seven constellation Dao fruit, then keep going north and don't return!"

I'm scheming? " Yunxiao mocked. I'm scheming? " Just now, everyone was fighting to the death. Where did you run off to? If you had the Supreme heavenly mirror to stabilize this space, the power of the stone beast's last move would have been reduced by at least half. It wouldn't have killed or injured everyone, but you're completely fine."

Zhou Ziyuan's face turned red as he tried to defend himself. "It's just that I'm more agile, which is why I'm less injured. Why are you spouting so much nonsense? Put down the seven constellation Dao fruit and leave!"

Yunxiao gave him a contemptuous look and sneered. Then, he reached out and grabbed the heart of stone again, and a red light flashed in his hand.

Zhou Ziyuan's pupils shrank as he shouted angrily, "put that thing down!" You really don't believe that I'll kill you?"

Yunxiao stopped smiling, and the coldness in his eyes grew as he said coldly, "You? You can try." His tone was as cold as ice, causing Zhou Ziyuan to shiver. His body stiffened, and he did not dare to move an inch.

Chapter 299

?

299 The mysterious passage

"You don't have the heart of a powerhouse, so how are you going to fight me?"

After saying that, Yunxiao walked down the stairs.

Luo Yunshang looked at him quietly from the top of the mountain. The demeanor of a peerless master made her feel indescribable.

"If he can't fight you, what about me?"

A figure suddenly appeared behind Yunshang, and a long sword, which was radiating a cold air, was placed on her snow-white neck. Wang Qiang walked out from behind, his eyes filled with complicated emotions. "I really don't want to be your enemy. The feeling you give off is too dangerous. However, the Dao fruit of the seven constellations is worth the risk!"

"Yunxiao, don't worry about me!" Yunshang said anxiously. "I'm a burden to you. You can't give him the Dao fruit of the seven constellations. Avenge me!" She turned her head and was about to cut herself off from the blade.

"Hmph, now that you've fallen into my hands, how can your life be in my hands?"

As soon as Wang Qiang's aura rose, Luo Yunshang was immediately suppressed and could not move at all. She felt so much hatred in her heart, and two streams of tears flowed down again.

The killing intent in Yunxiao's eyes grew stronger as he said, "Let her go now, and I can spare your life!"

Wang Qiang's heart trembled. He felt a wave of mental energy rush into his mind, almost causing him to lose his mind. He hurriedly cut off his divine sense and turned his head. "That person was right, you really do know a mental attack. Unfortunately, I was prepared. The Dao fruit of the seven constellations or this woman, which one do you choose?"

Yunxiao did not say a word. He looked at Yunshang's desolate face and smiled.

All of a sudden, the earth quaked and the mountain peak collapsed. A huge force came from the ground and instantly sucked Wang Qiang and Luo Yunshang in.

"What's going on?"

Yunxiao and Zhou Ziyuan were shocked as well. The original peak of the mountain had collapsed and become a bottomless pit, and a huge force was crazily absorbing and devouring it. Yunxiao had been trying hard to resist the suction, but when he saw Yunshang fall, he was shocked and rushed in.

Zhou Ziyuan started panicking as well. The force was sucking him in and he could not escape. He tried his best to use the Supreme heavenly mirror and moved his body slowly but to no avail. In the end, he was exhausted and was sucked in.

The forest and all kinds of birds, beasts, and rocks near the hole were also swallowed up. It was like a black hole that swallowed everything.

After Yunxiao fell, he finally saw the end of the tunnel. He hurriedly gathered his true Qi and stomped on the air. His body immediately rose up and offset the force of the fall. He landed gently on the ground.

The bottom of the cave was not completely dark, but there was a faint light in the distance.

He swept the area with his divine sense, but he could not find Wang Qiang and Luo yunshang at all. A large number of rocks and trees fell from the sky, and among them were the bodies of two martial grandmasters. He must have been killed by the stone beast.

The mountain should have been empty to begin with, and the stone beast's desperate blow had pierced through it, revealing a hole to devour the spiritual energy from the outside.

He was worried about Luo yunshang's safety, so he hurried toward the light.

When the light appeared in front of him, Yunxiao turned pale with fright. It turned out to be a passage, and it was made of some unknown material. When he touched it with his hand, he found obvious chisel marks.

“Gulp!”

He swallowed hard and touched the cold air around the passage. Even he could not tell what material it was. This passage proved one thing, and that was that someone had stayed in Mount Meru for a long time!

This discovery was too shocking!

Mount Meru was one of the four celestial realms in the realm of heavenly martial arts, and the only one whose age was limited. There had been no exception for tens of thousands of years, and after a certain amount of time, all the foreign creatures would be thrown out. Unless they had already died inside, then who built this passage?

Waves of ancient intent came from the passage, as if a monster had opened its mouth, waiting for him to enter.

Other than the passage, the space nearby was not large. There was no sign of yunshang's aura, so she must have walked into it. Whether it was for Luo yunshang or his curiosity, he could not help but walk in.

The deeper he went, the more shocked he was. From time to time, there were some strange symbols on both sides of the passage. Yunxiao recognized them as array runes, and he could not understand the meaning of many of them even after he stopped to study them for a while.

Moreover, there were all sorts of tadpole-like characters mixed in. He was already certain that this was a passage left behind from ancient times. It seemed that Mount Meru was not formed by heaven and earth. At least, it had something to do with the powerful cultivators in ancient times.

Yunxiao composed himself and stopped next to a strange character. This character was one of the few tadpole-like characters that he could recognize. It had appeared in both the great expansion divine technique and the great realm divine technique.

He stretched out his hand and touched it gently. There was an electric shock in his hand. He quickly retracted his hand. There were still rules left on these characters!

“Who are they? You can actually condense laws into words!”

Yunxiao was covered in cold sweat, and the shock in his heart was indescribable. If this word had the power of the natural order, then the entire passage would be filled with a dense fog.

He didn't dare to think about it any further. Suddenly, he had an idea. He made a hand seal with one hand, and the same golden tadpole-like text appeared in his palm. He pressed it down on the words on the passage.

The two words merged together, and the words on the passage flickered with golden light. The words seemed to have come alive and wanted to escape from the passage. As the golden light flickered, it continued to spread, and the words and symbols on the entire passage seemed to come alive.

“This is an ...”

Yunxiao turned pale with fright and became extremely vigilant. As these characters and symbols were activated, he felt a great unknown opening up to him. The power of rules that jumped in the runes was also overflowing, and the entire passage became ancient.

Yunxiao did not dare to be careless. He quickly performed an incantation gesture with both hands, trying to summon the divine realm tablet. These unknown things left behind from the ancient era gave him a strong sense of danger. But soon, his expression changed drastically. This passage had cut off his connection with the divine realm tablet!

All of a sudden, the first golden tadpole-like characters finally broke away from the passage and took shape in the air. They condensed and did not dissipate. Immediately after, the other characters and symbols all flew down and circulated in the air, arranging themselves in a certain order.

Yunxiao felt bitter in his heart. Without the divine realm tablet, he could only be slaughtered here with his strength. The words were arranged in the air to form a formation, but even he could not recognize it. Soon, the array began to spin around him and eventually flew into his body.

With a flash of light, Yunxiao's body disappeared into the passage. The entire tunnel dimmed once more, but the words and symbols on the walls remained quietly carved above, as if nothing had happened.

this is Xuanji! Yunxiao found himself transported to a unique space, which was completely dark. All of a sudden, a clear and melodious sound rang out. As the sound continued, a flight of steps of light appeared under his feet, leading to the sky.

Now that he was at a dead end, his divine sense radiated out, but it was all void. He could only brace himself and step on the steps of light. Since he was teleported here, he probably wouldn't harm him.

Stepping on the steps, a strange power came from the steps and flowed into his body through his feet.

"What kind of power is this?" Yunxiao was shocked as he muttered to himself, "this feeling is the same as the aura emitted by the great expansion divine technique and great realm divine technique!"

This power flowed through his meridians and finally settled in his dantian, facing the sea of Qi in his dantian.

Yunxiao was overjoyed. This kind of power was extremely powerful and overbearing. He had studied the great expansion divine technique and great realm divine technique for a long time, but he had not found the slightest clue. Now, it was floating in his body and had become a part of his power.

He tried to slightly circulate the power, but after dozens of attempts, he still found no reaction. It just quietly floated above his dantian, as silent as death.

“Hey, what’s going on?” Yunxiao did not feel a little vexed as he said to himself, “Forget it, it’s probably not a bad thing. We’ll slowly study it after we get out of this damn place.”

He walked up along the passage again. With every step he took, a stream of power would swim into his body and accumulate in his dantian. The more he walked, the more power he felt. Not only that, but as the energy flowed through his dantian, his sea of Qi and meridians also expanded rapidly.

After walking for more than ten steps, a faint light appeared on his body. It was the light of breakthrough.

“He actually advanced?” Yunxiao was also very surprised. With his physical condition, he could not break through without a vast amount of primordial Qi. But now, under this strange power, he had broken through one level so easily.

He raised his head and looked ahead, stunned. I’ve only taken a dozen steps, and I’ve already broken through one star. There are at least hundreds of steps left. Do I have to advance directly to the martial Grandmaster and Martial Emperor realm? ” He was instantly shocked by this thought.

In the cultivation of martial artists, every realm and star required a lot of hard work and comprehension in order to break through continuously. The difficulty of this was difficult for ordinary people to understand. For some Warriors with lower aptitudes, no matter how hard they tried, it was difficult for them to cross the higher barriers. They could only stay stagnant for the rest of their lives.

The main reason why Yunxiao could cultivate so quickly was that he used to be a peak Martial Emperor, and his understanding of martial arts and the laws of heaven and earth was at the peak of the nine Heavens realm. As long as he accumulated enough primordial Qi, there would be no obstacles, which was equivalent to swallowing a Nine Heavens realm Dao fruit.

But even so, he was still shocked and shocked by this inexplicable upgrade. If there was such a way to advance, then wouldn't the billions of people in the world who bitterly pursued martial arts die from vomiting blood?

Chapter 300

?

300 Xumi divine Palace

He tried to walk up slowly, but there was still energy flowing into his body and finally gathering in his dantian. And his strength was indeed improving, but not as fast as before. After another 80 steps, the light of a breakthrough shone again.

"He's already an eight-stars martial Lord?" Yunxiao's head was spinning, and he found it hard to believe. But it was happening to him.

He couldn't care about it anymore and continued to walk up. He finally finished a few hundred steps, and the power in his dantian became the size of a fist, no less than his sea of Qi.

His cultivation had also broken through the shackles of the four symbols realm and entered the five elements realm.

"He's already a martial King?"

Yunxiao waved his hand in disbelief. Rings of Power of the five elements spread out around him, which was the symbol of a martial King realm expert.

"What is this power? Why can't I use it when it's in my dantian?" He pondered for a moment and decided not to think about it anymore. He would study it later. At this moment, his gaze fell on a jade platform in front of him.

The luster on the Jade platform was exactly the same as the steps he had walked on, warm as Jade. There was nothing on it, but just like the passage, there were some golden tadpole-like characters engraved on it, as if they were transmitting some message.

Yunxiao frowned. He felt an electric shock when he touched those words with his hand. His hand stopped on a character he recognized and he hesitated. If it was the same as the one in the passage, he didn't know what would happen. After all, this place was too strange.

However, curiosity killed the cat. A golden light flashed in his hand, and the same symbol was imprinted on it. It perfectly merged with the symbol on the Jade stage. As expected, just like in the passageway, a golden light flashed and swept across the entire jade platform. The words on it were activated.

One by one, the characters left the Jade platform and hovered in the air, flashing non-stop.

Yunxiao's heart jolted, and he immediately grew anxious. This situation was similar to the great expansion divine technique and great realm divine technique. It seemed to be an extremely powerful divine technique. However, there was no way he could learn it, and he could only worry.

He tried to remember all the words in his mind, but he forgot them immediately after he remembered them. There was no way to remember it.

Soon, the light of the words gradually weakened and finally disappeared in the air.

At this moment, a small hole suddenly opened on the Jade platform. An ordinary Jade box slowly rose from the inside, and a small golden sword lay inside.

Yunxiao scanned it with his divine sense. The small golden sword was very strange. It was not a profound level weapon, but he did not know what material it was made of, as it could block his divine sense.

"To place it here so carefully, it must be extraordinary."

He couldn't care about this much and directly took out the small golden sword. It felt extremely light in his hand. All of a sudden, the entire space began to shake. Large black cracks appeared, and light shot in.

The space was about to collapse!

Yunxiao was taken aback, but he soon calmed down. The place he was standing at was still very stable. He spread out his spiritual sense and immediately found that he was inside Mount Meru. He seemed to hear people's voices.

.....

In Mount Meru, above a sea of spiritual Qi, there was a Hall floating quietly. The Great Hall reached the clouds and the spirit sea. Golden bricks pressed against each other and white jade was used as the steps. It was Grand and solemn, and the solemnity of ancient times spread from the Great Hall.

In front of the palace, there were traces of humans flying around. A large number of cultivators had already gathered here, and everyone's eyes were filled with excitement.

They had actually found the legendary treasured Palace!

Everyone who was able to come here had a map drawn by generations of martial artists.

Legend had it that at the core of Mount Meru, there was a magnificent Hall called the Meru Palace. There were endless benefits in it. If one could obtain one or two of them, their future cultivation path would be smooth and there would be no more obstacles.

This legend had been circulating among the major sects for a long time, but not many people could verify it. He only managed to find some vague clues from the records left behind by the sect. Before the opening of Mount Meru, this matter had spread like wildfire, and almost all the forces had expectations for the divine Palace.

He didn't expect that the Xumi divine Palace really existed, and that they had found it. Everyone was indescribably excited, but what made them go crazy was that this divine Palace was actually sealed on all four sides, and there was no entrance!

Many people tried to attack the palace, but it was of no use. There was no commotion at all. In the end, these people gradually fell into despair, but they were reluctant to leave. Therefore, he decided to cultivate in front of the main hall.

The spirit Qi in the vicinity was much denser than in other places, and the entire Hall was immersed in an ocean of spirit Qi. His cultivation would progress by leaps and bounds!

Many people came from all directions, but they couldn't find the entrance. They had no choice but to stay put. The crowd gradually increased, and there were more than a hundred people.

"What is this?"

Suddenly, a person ran over from afar with a woman in his hand. He stared at the palace and said with an ecstatic expression, "Haha, I found it! I actually found it by accident, haha!"

This person was Wang Qiang. He was so excited that he started to dance. Suddenly, he became alert. He grabbed Yunshang and looked behind him. He saw another person running from behind. It was Zhou Ziyuan.

what about Li Yunxiao? " Wang Qiang frowned. where's Li Yunxiao? "

Zhou Ziyuan was also looking at the palace in the distance with a shocked expression. However, he quickly recovered and said, " Didn't he come out? He's walking in front of me. "

"What?" Wang Qiang was startled and hurriedly looked around. His face sank and he shouted, "What nonsense! He didn't catch up to me at all, and was always behind me. After I came out, you were the only one who came out."

Zhou Ziyuan was stunned. Looking at Yunshang's expression, he knew that Wang Qiang was not lying. He was immediately surprised and asked, " How is that possible? The passage was a straight path without any forks. He walked among us, and we all came out. How could he lose it?"

Wang Qiang's pupils contracted. look, there's no exit at all. Where did we come from? " he cried out.

Zhou Ziyuan and Luo Yunshang were also surprised. The sea of spiritual energy they were standing on stretched as far as the eye could see, and there was no exit to the passage.

This Kasaya

Just as the three of them were in a daze, a man suddenly ran out of thin air in a sorry state. It was yang fangzhou, who was covered in blood and seriously injured. He was injured by the stone beast and was sucked into the hole, then ran out through the tunnel.

“Yang fangzhou?” “W-where did you come from?” Zhou Ziyuan asked in shock.

When yang fangzhou saw them, he immediately became alert and said, “Where else could it be? didn’t I follow you guys from the passageway?”

He looked at their strange expressions and turned his head slightly. He was also taken aback. He looked into the horizon, but there was no passageway!

Zhou Ziyuan smacked his head and said, “I understand now. It’s a one-way space passage. You can’t go back once you’re out!” He looked at yang fangzhou and asked, how many of them are still alive?

Yang fangzhou frowned and said, “I’m not sure. How many more?” “I’m not too sure. After I fell into the cave, I hurriedly found an exit.”

Yunxiao? ” Wang Qiang’s face was gloomy. have you seen li Yunxiao? ”

When yang fangzhou heard this name, he was filled with killing intent. His eyes turned red and he said, “Where is he? I’m going to kill this bastard!”

Zhou Ziyuan and the others had strange looks on their faces. Yunxiao had run among them and disappeared. This was too strange.

Luo yunshang, on the other hand, was so worried that she could no longer hold back her tears. If he wasn’t a burden, he wouldn’t be like this.

I don't care anymore. We actually found the divine Palace of Mount Meru. We're really rich now! "The value of the treasures inside is no less than that of the seven constellations Dao fruit. This is really a blessing in disguise!" Zhou Ziyuan's eyes lit up. He hurried toward the divine Palace.

Yang fangzhou also saw the hall. After his shock, he was overjoyed and ran over.

On the other hand, Wang Qiang's face was extremely gloomy. Luo yunshang was a complete burden in his hands. But, he did not dare to kill him, nor let him go. He was afraid that if Yunxiao did not die, he would really be finished if he ran into him again. That kid's strength was too mysterious.

After a moment of hesitation, he dragged yunshang and ran toward the divine Palace.

A few people began to circle around the Xumi divine Palace, and a few people attacked, but they still failed. In front of the divine Palace, there were already more than a hundred people sitting there. All of them had calm expressions and were quietly cultivating.

this ... Wang Qiang suddenly realized the situation. The divine Palace was surrounded by four walls. There was no entrance and it could not be opened at all.

"Luo yunshang?" Suddenly, a surprised voice rang out. A beautiful figure among the hundreds of people stood up and looked over. Her expression immediately changed.

Wang Qiang was startled. He grabbed yunshang vigilantly and clutched her neck with his hook-like fingers.

"Who are you? Where is young master Yun?" The person who stood up was Ding Ling 'er. Her graceful figure flashed a few times and arrived in front of Wang Qiang. Her face was as cold as ice.

Wang Qiang hurriedly took a few steps back and shouted, "Don't come any closer, or I'll kill her!" He clenched his fist and dug his fingers into yunshang's snow-white flesh.

Ding Ling 'er smiled and said playfully, "What a joke. I'm not related to her in any way, and you're actually using her to threaten me?" After chuckling, she flew over like a swallow and said with a smile, "If you want to kill me, then just kill me."

Wang Qiang was shocked. This time, not only was Luo yunshang unable to be a shield, but she had also become a burden. He could neither kill her nor let her go. Ding Ling 'er's palm attack was so powerful that she was a real martial arts Grandmaster.

In his panic, he hurriedly threw yunshang away and struck out with both palms to meet Ding Ling 'er's palm. He was immediately sent flying backward. Although he was injured, he realized that even at his peak, he was no match for this woman. He immediately retreated and fled into the distance.

Ding Ling 'er did not chase after her. Instead, she gave yunshang an indifferent look and said, "Are you alright? Where is young master Yun?"
