

The Eternal 301

Chapter 301

?

301 Tang yuan

Luo yunshang's nose twitched, and she hurriedly told Ding Ling 'er what had happened on the way, making her face turn cold.

She pondered for a moment and said, " young master Yun must have encountered something else. Otherwise, there's only one passage among you. It's impossible to get lost. Don't worry, with his strength, he can overcome any difficulties."

She was not sure herself, but when she saw yunshang's self-blaming look, she could not help but comfort her.

if something happens to him, " yunshang said sadly, " I'll never be able to rest in peace.

Ding Ling 'er was angry when she heard that. She cursed in her heart, " What does it have to do with me that you can't feel at ease for the rest of your life? I can't feel at ease now after hearing what you said!

She was so angry that she ignored yunshang and found another place to sit cross-legged and continue her cultivation. However, his heart was filled with a trace of frustration, and he could no longer calm down.

"Isn't this Ling 'er?"

A young man suddenly appeared beside Ding Ling 'er. He opened a folding fan in his hand and gently waved it. He smiled gracefully and said, " "I didn't think that I would meet the woman I love in this distant southern region. Tsk, tsk. After not seeing her for more than a year, Ling 'er has become more and more beautiful. That Shui luoyan is nothing compared to you."

Ding Ling 'er's face changed drastically. She didn't expect to meet this man. She shouted angrily, "Tang yuan, get lost!"

Tang yuan sneered, but he was not angry. He seemed to be used to Ding Ling 'er's attitude toward him. He smiled and said, "This place is filled with experts, and it's very dangerous. I'd better stay behind to protect my Ling 'er."

"Who needs your protection? if you don't leave, I'll kill you!" Ding Ling 'er seemed to be very angry, and her eyes were about to spit fire.

"Hmph," tang yuan seemed to be a little afraid of her strength and sneered, "I'll let you be bold for a while. After the two meetings of the merchant Union this year, the entire Tianyuan trading company will be my plaything, including you. At that time, I will let you experience the benefits of being under my crotch, Haha, haha!"

He laughed without restraint as if there was no one else around.

Ding Ling 'er's face was so red that it was bleeding, as if she had been greatly insulted. Finally, she shot out a golden light from her hand.

A pair of delicate white silk gloves had already appeared on his hands. He turned his palms dozens of times in a row, and the shadows of his palms danced in the sky, covering tang yuan in an instant.

"After not seeing you for a year, Ling 'er's cultivation base has made great progress. Tsk, tsk, I like it!"

Tang yuan's face was full of greed. His body kept dancing in the palm shadows, and he actually dodged all of them. Although his footwork was not as magical as Yunxiao's shapeshifting, he was very optimistic about it. When he performed it, he looked like an elegant young master, elegant and smooth.

Tang yuan also liked to display this set of steps in front of women, so he practiced it to the point of being almost godlike. By understanding the essence of this set of steps, his strength had greatly increased.

The two of them quickly began to fight. Fortunately, the sea of spiritual Qi was very vast. Both of them were martial arts grandmasters, so it was difficult to determine the winner in a short time. Both of them were high-level officials in the merchant Union, and their endless tricks were so dazzling that everyone stopped their cultivation to watch.

these two people are so strong. They look like they're only around twenty years old, but they actually have such cultivation!

"I don't know which force they are from, but these martial skills are all powerful."

"I heard them talking just now. They seem to be one of the seven major members of the merchant Union. The merchant Union is comparable to a super force!"

that man's strength is obviously slightly better, but his moves are too gaudy.

The group of people were happy to watch the show and pointed at it, feeling very pleased. Yunshang wanted to help, but the difference in strength was too great, so she felt very depressed. In Tianshui, she was considered an expert, but now, in front of the talented disciples of many forces, she was at the bottom of the list.

"Tang yuan, that scumbag, is a disgrace to the merchant Union!"

Listening to the crowd's discussion, a well-dressed man's face turned ugly. His hands were slightly clenched, as if he was about to attack. On his long robe, there were many emblems of copper coins to show his identity. Many people walked away from him in fear.

"Qian Wudi, what does their fight have to do with you? You also want to join in the fun? They were flirting and loving each other, and you were jealous? Hehe."

A woman's teasing voice could be heard. It was Shui luoyan. She stood beside the man in the brocade robe and looked at Ding Ling'er and tang yuan with an indescribable charm.

The man called Qian Wudi's face was ice cold, "I don't care if they're flirtatious, but they're doing all kinds of embarrassing things in the name of the merchant Union!"

He calmly took a step forward and actually used spatial bending to cover a distance of 100 meters. A golden light condensed in his palm and then he slapped it toward Tang Yuan and Ding Ling'er.

The two of them immediately felt a great sense of danger. Alarmed, they both retreated to block the Golden Palm.

"BOOM!"

Under Qian Wudi's palm, the two men were knocked back dozens of meters, and they stopped with ashen faces. Ding Ling'er's forehead was full of sweat, and she was gasping for breath, her chest rising and falling heavily.

Qian Wudi, what is the meaning of this?!

Tang Yuan's face turned pale as he angrily shouted. He was extremely annoyed that the other party had embarrassed him in public.

Qian Wudi said coldly, "you're not only representing your own Chamber of Commerce, but also the merchant Union." If you two try to smear the merchant Union's reputation again, I'll have you executed right here."

"What a joke!" Tang Yuan was furious and roared. The money Chamber of Commerce is just one of the members of the Business Alliance Council, just like us. Do you think you're the boss?"

"Aiyo, Tang Yuan, you're really courting death by saying that." Shui Luoyan also smiled as she stepped forward and said in a profound manner, "Who doesn't know that Qian Wudi has always regarded himself as the boss among the younger generation? not to mention you, even if he doesn't like Li Feiyu of the myriad treasures store, he would still have to step in."

Tang yuan sneered and ridiculed, "If you have the ability, go find li Feiyu! With his strength, he didn't even bother to come to Mount Meru. And you're here, this proves that the difference between their levels is huge, haha!"

Qian Wudi's aura turned cold and gradually rose. He walked towards tang yuan step by step, but the expression on his face became extremely indifferent. "You're asking for it, don't blame me."

Tang yuan was startled. He retreated several steps and shouted, "Qian Wudi! What do you want to do? Do you really dare to kill me? There are hundreds of witnesses here. If you kill me, my four level Chamber of Commerce and your money Chamber of Commerce will be mortal enemies. Can you bear this responsibility?"

"You're going to die and you're still so long-winded!"

Qian Wudi's body moved, and a path was opened on the sea's surface. A large amount of Yuan Qi evaporated, and smoke filled the air. However, everyone present was an expert, and they could see everything clearly with their divine senses. Qian Wudi didn't make any fancy moves, just a simple punch.

However, it was not that simple in tang yuan's eyes. He was greatly shocked. This punch had sealed the sky and earth, directly suppressing him on the spot, making him unable to move. The fist power that whizzed over almost shattered his entire body.

"He really wants to kill me!"

Tang yuan's heart was filled with great fear as he angrily cursed, This lunatic! He made a gesture with his hands, and a golden light shot out from between his eyebrows. It gradually condensed in front of him and transformed into the shape of an armor. The golden light flickered continuously.

"boom!"

The fist aura directly hit the armor, and under the naked eye, the armor slightly deflated. As the fist aura was blocked, the armor gently bounced back to its original state. However, the power of the punch was so strong that it still shook tang yuan's entire body a hundred meters away.

“Sky blue armor!”

Shui luoyan was shocked as her eyes flashed.

Although the armor had blocked the fist, tang yuan’s qi and blood were still in turmoil. A light flashed in his hand, and a light blue ice spear appeared. With a ferocious expression, he gritted his teeth and said, “Qian Wudi, the sky-blue battle armor and battle spear are both in my hands. Even if you want to kill me, I have the ability to heavily injure you. At that time, someone will take advantage of you and kill you in this Mount Meru!”

Qian Wudi looked at the spear and frowned, “Are you threatening me?”

“Haha, a threat?” “Hahahaha!” Tang yuan laughed and said, “you know very well whether I’m threatening you or not! I don’t believe that you can take the martial skill that is combined with this battle armor and battle spear! At that time, you’ll be heavily injured, and there will be many people who want your life. Take Shui luoyan for example. Do you think she’d miss this opportunity? Don’t forget, she has the condensed pill of martial intent on her, who knows what other treasures she has.”

In the distance, Shui luoyan’s expression changed. She said angrily, “Well done, tang yuan. You’re going to die and you’re pulling me up to talk about it!”

Qian Wudi hesitated for a moment before he turned around and returned to the front of the divine Palace. He didn’t attack anymore and only said indifferently, “If you do anything embarrassing again, I’ll kill you even if I’m seriously injured!”

Tang yuan’s face was full of anger, but he didn’t dare to say anything. He could only glare at her with an ashen face.

Shui luoyan looked at Ding Ling ‘er in the distance, and a hint of playfulness flashed across her face. “You’re really a Vixen. There are men for you everywhere you go. There’s Li Yunxiao outside, but even Qian Wudi is fascinated by you.”

you think everyone is like you? ” Ding Ling ‘er’s face turned cold. you think everyone likes to cling to a man when they see one? ”

Shui luoyan's expression changed slightly. A trace of coldness appeared on her face as she called out to tang yuan, " Keep an eye on your woman, and don't let that li Yunxiao get away with her.

A cold look flashed on tang yuan's face as he ferociously said,"That li Yunxiao is really courting death for trying to snatch my woman. B * tch, after this year's competition, I'll let you have a good taste of my crotch!"

Ding Ling 'er was so angry that her whole body trembled, and her face was so pale that she almost cried. How could a girl like her bear to be humiliated like this?

Suddenly, a pair of hands landed on her shoulders and helped her up. It was Luo yunshen. "Don't be afraid. I believe Yunxiao will help you get back at him."

Chapter 302-

After saying this, yunshang felt a little uncomfortable, but she still stood firmly by her side.

Ding Ling 'er could no longer hold back her tears. As a girl, she had to bear the huge pressure of the decline of the Chamber of Commerce and was humiliated like this. No matter how strong she was, she would still cry.

Shui luoyan seemed to think that the provocation was not enough as she laughed coldly, " Tang yuan, you have to be careful. That li Yunxiao seems to have some ability.

Tang yuan sneered disdainfully, Yanwu is only relying on a few formations to show off. In this Mount Meru, Hmph, if he dares to stand in front of me, I'll beat him up!

"Swish!"

Suddenly, a figure appeared in front of tang yuan. It was so fast that no one could react.

"Pa!"

A crisp sound of a slap resounded as tang yuan's body was sent flying.

Everyone was stunned for a moment. They saw tang yuan being sent flying and falling into the spiritual Qi sea far away. He stood up in shock and anger and roared, "You, you are bi an, Luo Qingyun!"

When he saw the face of the person who hit him, he suddenly felt a chill in his heart. The finger that was pointing in the air looked extremely embarrassed. He didn't know whether to put it down or continue pointing.

Shui luoyan was also shocked and took a few steps back. She seemed to be extremely afraid of this person.

Luo Qingyun's eyes flickered and he said coldly, "I don't care if you like to bully women. As for li Yunxiao, I was once defeated by him, and you beat him to a pulp. Does that mean I don't even have enough sh * t to eat in front of you?"

Tang yuan covered his face in fear. He had heard a lot about the man in front of him. He was definitely one of the top figures among the younger generation on the heavenly martial continent. How could he be defeated by Yunxiao? although he had heard of it, he did not believe it at all. Not only tang yuan, but many other martial artists' faces also changed drastically when they heard him say it.

Luo Qingyun squinted his eyes and said, "If you say such stupid words again, I'll just kill you without saying hello."

Tang yuan's whole body trembled, and he didn't dare to speak. He was slapped in public, and his face turned red with embarrassment. His eyes were full of resentment.

The entire front of the divine Palace suddenly became quiet. After watching the show, everyone dispersed and continued to cultivate on their own. Suddenly, someone exclaimed, "Quickly look! There's a change in the palace!"

Everyone's heart skipped a beat as they looked towards the palace. They saw a ray of light shining in front of the palace and gradually spreading out, forming the shape of a door that was constantly dodging.

"A door, that's a door! Haha, the door to the main hall is finally open!"

"Everyone, don't be happy too early. Let's just watch first! This door is a little strange!"

Everyone looked nervously at the door's transformation. Suddenly, something that made everyone's eyes pop out happened. A foot stepped out from the door.

Yes, it was a leg!

That's right, it was a human's foot. Gradually, a man's figure walked out from the door and looked around in surprise.

"?! Why is there someone coming out of the palace?"

"This Yingluo, who is this kid? Why does he look so familiar?"

"F * ck, don't tell me someone else beat us to it?"

"Ah? Isn't Lao Ai Li Yunxiao?"

With a "Hua" sound, everyone was in an uproar. Each and every one of them was in disbelief and shock. Many people tried to rush up, but they were still blocked by the light on the divine Palace, unable to advance at all.

Ding Ling 'er and Yunshang were dumbfounded. Why was Yunxiao in there? Wang Qiang and Zhou Ziyuan were also shocked.

“Damn it, how did he get up there?”

Li Yunxiao, quickly open the seal of this Palace and let us in!

No one could remain calm. The legendary Xumi divine Palace appeared in front of them, but they couldn't enter. It was fine if he couldn't enter, but others could enter while he couldn't. This was the most infuriating and maddening thing!

open the door quickly. Otherwise, you won't be able to live once you get out of the secret realm!

All sorts of pleas and threats rang out, and some people even started to attack madly, but it was to no avail.

Yunxiao soon understood the situation in front of him, and this Meru divine Palace was the place marked on the map. He immediately smiled and made a quiet gesture, saying, “Everyone, be quiet and listen to me!”

This was very effective. As expected, everyone quieted down. However, their breathing was extremely heavy, and it was obvious that their hearts were not calm.

Yunxiao's eyes fell on Ding Ling 'er as he said with a smile, “I just heard that someone wanted to beat me until I eat shit? And he even said that his crotch was very tasty? I wonder which big brother hero it is, please step forward.”

With a “shua” sound, everyone's eyes fell on tang yuan. Then, they directly opened up an empty space, leaving him standing alone in the center.

Tang yuan's face was slightly pale, but thinking of his opponent's strength, he felt that there was nothing to be afraid of. Thus, he proudly said, “It's me, Master Tang, what do you want? Ding Ling 'er is my exclusive property. If you want to snatch her from me, you're courting death!”

Ding Ling 'er was very anxious when she heard that. She did not know why tang yuan had said such words in front of Yunxiao, but it made her a hundred times more ashamed and angry, and tears rolled down her face.

Yunxiao's eyes were expressionless as he nodded slightly and said, "So it's this big brother hero. Everyone, I know how to open the gate of this divine Palace. But if I open this door and this big brother comes in and beats me up, I don't dare to open it!"

Many people frowned and shouted, "don't be afraid. As long as you open this door, we'll ensure your safety. No one will dare to touch you!"

Yunxiao smiled. of course, I believe you. But, I still don't feel safe. But if there's anyone who can help me beat this big brother's crotch and feed him some sh * t, I think I'll be very happy to open the door for everyone."

As soon as his voice fell, everyone's eyes immediately turned to tang yuan with a little bit of killing intent.

Tang yuan's face changed drastically. He became extremely vigilant and angrily shouted, "Who dares to touch me? I'm the young master of the four extremes sect. Aren't you afraid of the destruction of your sect if you kill me?"

Everyone was immediately apprehensive. One of them shouted, "Li Yunxiao, the matter between you and this man is your own private matter. Don't even think about getting everyone to be your thugs. Hurry up and open the gate of the celestial Palace for us to enter, this is everyone's main business!"

yes, not bad. It's more important to open the door!

"The personal grudges between the two of you are none of our business!"

Yunxiao looked at the crowd, then turned and walked inside with a smile. "Okay, everyone wait outside until the time at Mount Meru is over. I'll go in and look for treasure myself. Bye everyone." He waved his hand and was about to disappear from everyone's sight.

Everyone was anxious and shouted, " "Don't, don't go! Can't we just break his pants? As long as you open the gate of the celestial Palace, you can do anything you want!"

Tang yuan was shocked. He had already sensed that dozens of divine senses had directly locked on him. His face instantly turned pale and he hurriedly fled to the back.

What a joke. There were more than a hundred martial artists here, and there were dozens of martial arts grandmasters. Almost all the elites who had entered this time were gathered here. If they did not run now, they would really die.

Suddenly, a figure blocked his way, followed by two, then three. In a breath's time, he had been surrounded, and everyone was sneering.

"You, who dares to touch me? I am the young master of the four extremes sect, aren't you afraid of death?" Tang yuan's whole body turned cold. A chill gushed up from the bottom of his feet.

One of them said sarcastically, " we're just following orders. Besides, young master Yun is a magnanimous man. We're not taking your life. We just want to let everyone see the taste of your crotch. Didn't you say how wonderful it was? show it to us, haha!

"Hahaha!" The crowd burst into laughter, their eyes filled with mockery.

Tang yuan's face was extremely pale. He only felt a cold sensation in his crotch. He hurriedly covered it with his hands. The sky blue battle suit instantly appeared around his body and wrapped him up. Then, he turned into a ray of light and soared up to the sky, trying to escape.

"Everyone, there's no need to worry. Attack together!"

After one of them shouted, dozens of attacks chased after him. It hit tang yuan's body directly.

These were all martial grandmasters. No matter how powerful the sky blue battle suit was, it couldn't stop the attack of dozens of people at the same time. The battle armor was instantly broken, and tang yuan directly fell from the sky.

A few martial artists rushed over at full speed and started punching and kicking. They could faintly see someone raising a hammer and hammering it a few times. A few tragic sounds could be heard.

Soon, tang yuan, half-dead, was dragged by his legs and thrown out of the main hall. His crotch was no longer covered in blood, but was completely covered in mud and blood. His mouth was also filled with rice, emitting a disgusting smell. He really didn't know where these people got it from.

Everyone felt a chill in their pants and their stomachs were churning.

"Aiya, which big brother is so ruthless, his crotch is completely smashed and turned into minced meat. Aiya, poor thing!" Yunxiao's face was full of sympathy as he blamed the murderer in anger.

everyone fainted. f * ck, didn't you ask for it? f * ck! They were all cursing in their hearts.

Tang yuan still had a trace of consciousness, but when he heard that his crotch was completely rotten, his mind suddenly went blank. He couldn't hold on any longer, spurted out a mouthful of blood, and fainted.

alright, your request is complete. Hurry up and open the door! Everyone started to urge him.

Yunxiao smiled. He could also see that the passage to the divine Palace should be the Jade platform he had walked on. Although he was in front of the Great Hall at the moment, he was still blocked by the restrictive spell behind him, so he could not move forward. He fumbled around for a moment, and after casting a few spells, the entire divine Palace rumbled.

The entire sea of spiritual energy seemed to be changing. The clouds in the sky rolled away, and the entire sea was dark and gloomy. A sound from ancient times was slowly approaching.

a golden light suddenly descended from the sky and landed in front of the divine palace. the entire restriction disappeared in a flash. At this moment, a stone door slowly descended from the golden light. Light flashed on top of it, exuding an ancient charm. The pressure was so strong that it actually made everyone retreat and it was difficult to take a step forward.

Chapter 303

?

303 The gate of the divine Palace

Yunxiao also felt the waves of pressure, and he hurriedly retreated from the hall in shock. If he did not leave, he might be crushed to pieces.

“BOOM!”

The stone door finally fell, but the top was still not visible. It was connected with the divine Palace, exuding a solemn and ancient charm. It was as if it had been guarding this place for hundreds of millions of years.

“So this is the door! He’s finally appeared!”

Everyone was overjoyed. They all rushed over, but the stone door was tightly closed. They had no idea how to enter. On the stone door, a huge formation pattern was distributed on it, and all kinds of strange symbols were spreading out, making it difficult to grasp.

“Who is familiar with formations? Come and study it!”

“What’s there to study? it’s just a stone gate. Just blast it open!” A battle axe appeared in one of their hands, and they ruthlessly chopped at the door.

“BOOM!”

The axe hit the door, but no one reacted. Suddenly, a Blue ray of light shot out and directly hit that person’s body. Before anyone could react, they only saw a person instantly turn into ice. Then, with a “crack”, he shattered into pieces of ice and disappeared in the air, not leaving behind a single piece of ice.

“?!”

At this moment, everyone sucked in a breath of cold air and took a few steps back in horror. Each and every one of them was extremely vigilant.

“Let’s invite an array expert to take a look and see if there’s anyone who’s proficient in arrays?”

This time, no one dared to say anything about forcefully breaking it open.

Luo Yunshang and Ding Ling ‘er, on the other hand, had all their attention on Yunxiao, so they did not pay attention to the situation at the door at all. Instead, they kept asking questions with concern.

Yunxiao smiled and briefly told her about his experience, and then his eyes were attracted by the array. He didn’t really recognize the symbols around the formation, but there was a true dragon pattern carved in the middle of the circle, and this true dragon felt very familiar to him.

He was not the only one. Luo Qingyun, who had the bloodline of the ancient true dragon, was also shocked. It was as if he was being summoned by his bloodline. He turned pale with fright. Could the Dragon-shaped pattern in the formation be a real ancient true dragon? This thought surprised him, and he quickly ruled it out.

The ancient true dragon was born from heaven and earth, an existence of the ten directions divine realm. How could it have been refined into a formation eye and engraved on the formation? If that was the case, then the master of this Palace must be an unimaginable existence.

“Let me try.”

A crisp voice rang out, and a youth, Yan Jun, walked out from the crowd. He stared at the formation for a while and said, “I’ve never seen this formation before. I can only try to break it.”

It’s Xu Feng! He’s from the Xu family! The array can be broken now!

“Who is this Xu Feng? You’re actually that confident in him?”

“Tsk, you don’t even know the Xu clan of the North? The Xu family was a family of formations. The head of the family, old man Xu, is the disciple of martial sovereign Teng Guang.”

“What? The disciple of King level martial sovereign Teng Guang? Woah, this guy has a really big background!”

The group of people immediately made way for Xu Feng to come forward. Yunxiao could not help but give him a few more glances and shake his head. If Teng Guang himself were here, he might be able to break this formation. However, if it was his disciple’s junior, then he should forget about this Tao Wu.

Sure enough, after waiting for more than an hour, Xu Feng still didn’t move, as if he was confused.

“Can it be broken or not?” Finally, someone couldn’t help but shout.

“Be quiet. Can’t you see that young master Xu is trying to figure out a way?”

there should be a time limit to think of a way. I saw that he had been standing there for more than an hour and didn’t even let out a fart!

you’re right. We can’t just stand here for a month or two and be teleported out.

what a Bullsh * t family of array Masters. They can’t even use a single array. What a disgrace!

The crowd’s discussion reached Xu Feng’s ears, making his face turn green and white. Finally, he gritted his teeth and produced a few symbols in his hand, which he imprinted on the array. Yunxiao’s face flickered, and he hurriedly pulled yunshang and Ding Ling ‘er back.

The others were all leaning forward as much as possible so that they could see the movements clearly. They hoped that they could rush in the moment the formation was broken, so his action of pulling the two people back attracted the attention and suspicion of the crowd.

At this moment, Xu Feng's magic art was imprinted on the array diagram, and it seemed to have caused some kind of reaction. The array began to rotate rapidly, and circles of power scattered outward, as if there were signs of loosening.

"Hey, is it open?" Everyone was nervous, and Xu Feng's face also revealed an excited expression, as if it was going to be broken.

"Rumble Rumble!"

An ancient aura spread out from the formation, and a kind of ancient pressure aura slowly spread out as the formation was broken. The Dragon-shaped symbol in the middle suddenly seemed to come to life, and a soul-shaking aura pushed outwards. Everyone's mind was taken aback, and they almost knelt down under that ancient aura.

"Not good, it's the Qi of the ancient true dragon! Oh my God, it's a real ancient true dragon!"

"Plop, plop, plop!"

A large number of cultivators directly knelt down under the pressure. These disciples were all elites from various sects. Many of them were not afraid in the face of danger. They immediately bit the tip of their tongues, causing their entire spirit to shake, and quickly retreated.

Luo Qingyun's expression changed drastically, and his pupils began to shrink violently, as if he was about to turn into a demon.

The ancient summoning made his blood boil, and his body gradually expanded as if he was about to transform. He was both surprised and happy. He was so surprised that he felt his consciousness gradually fading away, and some inexplicable memory fragments appeared in his mind. He was happy that the power of his bloodline was beginning to become purer under this Dragon's might.

It could actually purify the power of the bloodline!

Luo Qingyun was overjoyed. His strength came from this ancient bloodline, but it was limited to the purity of the bloodline. Now, it was gradually awakening under the purest Dragon Qi.

“No, this is not the purest Dragon Qi!” Standing in the distance, Yunxiao said with a solemn face, “How could an ancient true dragon be carved into the eye of a formation? It must be a direct descendant of the true dragon. The Dragon Qi is pure, but it can’t be compared to real Dragon Qi.”

Ding Ling ‘er and Luo Yunshang looked at the Warriors who were kneeling in front of them and felt a lingering fear. At this time, some of the top martial artists had also retreated. After hearing the words, they looked at Yunxiao one by one, as if they had placed their hopes on him.

“What should we do now?” Qian Wudi couldn’t help asking.

Yunxiao gave him an indifferent look and said, “Who is Qian Duoduo to you?”

Qian Wudi had a look of disdain on his face as he sneered, “He’s just a cripple of my money Chamber of Commerce. Is he worth your attention?”

Yunxiao nodded slightly and did not say anything else. He held the hands of the two beautiful women and began to walk step by step toward the array.

Everyone’s eyes immediately fell on him, and they all became serious.

In front of him was the place where the Dragon Qi exploded. If he was not careful, he would sink under that pressure. What did he have to resist the Dragon Qi!

Yunxiao walked very slowly, but every step he took was firm and steady, giving people a sense of steadiness. Finally, he walked step by step to the front of the array. Under everyone’s shocked eyes, he passed through it and directly entered the hall.

“?! What was going on? How did he resist the Dragon Qi?”

At that moment, all the experts who were still conscious were dumbfounded as they watched Yunxiao disappear at the door of the hall. They were completely speechless.

“I don’t believe that I can’t do it just because he can!”

Shui luoyan was the first to rush forward. A faint blue battle uniform appeared around her body. When she was about ten steps away from the main hall, her entire body began to tremble. From afar, her face was extremely pale. Finally, she bit the tip of her tongue and quickly retreated.

After retreating a thousand meters away, he fell to the ground and gasped for breath. His face was full of shock and fear.

“Nine Heavens frost!” On the side, yang fangzhou’s face was also livid. He used his strongest move. With the silver ribbon protecting his body, he rushed forward.

Before he could even reach Shui luoyan’s position, his body began to tremble violently. Then, with a ‘plop’, he knelt down with the group of martial artists. He prostrated on the ground and trembled. He could no longer retreat.

“Under the Dragon Qi, all living things will submit!”

A man’s expression was abnormally serious as he muttered to himself, “How did li Yunxiao do it? Not only did he go in by himself, he even brought two people with him.”

“So it’s brother Ya Xing. I didn’t think that Mount Meru would attract you here.” Yan Yi, who was in the crowd, asked in surprise. His eyes flashed. brother Ya Xing is here. You must have a way to break it, right? ”

Cao Yaxing’s eyes flickered as he pondered, ” “Under the Dragon Qi, all living beings submit. There was only one possibility that Yunxiao could walk in safely. This was not true dragon Qi. It should be the aura emitted by the direct descendant of a true dragon. If we want to break it, we’ll either have to use an item that can restrain it or force our way in.”

yan yi laughed and said,"that'll be troublesome." If there was a treasure that could restrain him, he would have entered long ago. If we're talking about forcing our way through, who here can block the Dragon Qi?"

Cao Yaxing's gaze fell on Luo Qingyun, who was standing in the distance. Luo Qingyun's eyes were slightly closed, and his body seemed to have entered a wonderful realm, undergoing slight changes. a sharp glint flashed in cao yaxing's eyes as he said coldly, " "That person doesn't seem to be repulsed by the Dragon Qi at all. On the contrary, he seems to be enjoying it."

everyone's eyes fell on luo qingyun. it was said that he had the bloodline of the true dragon in his body. it seemed that the rumor was true after seeing it today. However, this person was very famous among the younger generation in the realm of heavenly martial arts, and no one dared to have any ideas about him.

Zhou Ziyuan suddenly said to the two people beside him, " "The two of you, if your purple shadow Qing suo swords can truly merge into one, it should be enough to break through this Dragon Qi, right?"

those two people were really zhan fan and lu qingcheng, who had escaped from the passageway.

The expressions of the people in the surroundings changed, and they all looked over. Yan Yi was also stunned. He said in surprise, " so the purple green twin swords are here. If they can combine, that's a ninth tier profound armament. It should be easy to break this kind of alternative Dragon Qi!

Chapter 304

?

304 The sword spirit

Zhan fan raised his brows and said calmly,"the fusion of the two swords requires the two of you to be one with your mind and breath. Only then can the two swords become one without any obstacles." This trash's cultivation level is a few levels lower than mine, and the cultivation technique he practices is also completely different. How can I combine with him?"

Although Lu Qingcheng was very wary of Zhan fan, he couldn't lose face in front of so many powerful cultivators. He snorted angrily, "Do you think I really want to be with you? Who Do You Think You Are!"

Zhan fan glared at him coldly, his killing intent disappearing in a flash. He did not say a word.

"If the two of you are willing, then this won't be difficult." Cao Yaxing frowned. I have a Body Fusion technique that can be completed in a short time. If you two concentrate on your cultivation, you'll be able to achieve a simple state of mind and spirit as one in an hour. You just need to summon the purple shadow Qing suo sword and break through the alternative Dragon Qi."

Under the expectations of all the martial artists, the two of them had no choice but to do it. Cao Yaxing quickly passed on a technique to the two of them and started cultivating on the spot.

The Xumi divine Palace was the legendary place of treasures. It was right in front of them, but they couldn't get in. What was even more infuriating was that someone had actually gone in. All the Warriors were gnashing their teeth in frustration as they quietly waited for the purple shadow Qing suo sword to appear. As for Yunxiao, they had to cut him into a thousand pieces and peel off his skin before they could vent their hatred!

As soon as Yunxiao and the other two stepped into the hall, the Dragon's might disappeared.

"Young master Yun, what kind of blood is this?" Ding Ling 'er asked in surprise. It can actually resist the Dragon's might?" She looked in surprise at the blood Yunxiao had smeared on their palms, which exuded the same ancient charm.

this is Luo Qingyun's blood," Yunxiao said with a smile. it's the bloodline of a true dragon, and I've purified it. I didn't think I'd be able to use it. "

Ding Ling 'er was secretly shocked. She also knew about the battle on qionghua Island. She did not expect that Luo Qingyun would not only be defeated, but also have her bloodline extracted. She was deeply shocked by Yunxiao's strength.

The hall was empty, grand but with a hint of eeriness, making people feel cold.

“What kind of treasure is there? It’s a completely empty Hall?” Yunshang could not help but say, feeling an indescribable uneasiness in her heart.

Yunxiao looked around, and his eyes fell on a stone statue in front of the hall. This stone sculpture was actually carved with an ancient true dragon, but it was slightly different from the true dragons in legends. It should be some kind of sub-Dragon, which was the descendant of the true dragon. Perhaps it was the source of the Dragon Qi in the formation.

The two beauties found the Dragon’s form repulsive, so they could not help but cower behind Yunxiao, only to feel a little warmth. The two of them looked at each other, and a hint of red flashed in their eyes. They were extremely shy.

Looking at the Dragon statue, Yunxiao’s eyes gradually blurred as he muttered to himself, “What’s going on? It was actually so similar? “This Suan ni ... This Dragon Suan ni ...” A Dragon’s Shadow flashed across his mind. It was almost exactly the same as the Dragon in front of him. He was so shocked that his hands and feet turned cold.

“Yunxiao, what’s wrong?” what’s wrong? ” Luo Yunshang asked hurriedly when she noticed that something was wrong with him.

Yunxiao swallowed hard and clenched his fists, trying to warm his body. “Let’s leave this Hall first, this place is very strange.”

The two girls were very confused, but they still followed obediently. They all knew Yunxiao’s ability, and anything that could make him change his expression could not be simple.

All of a sudden, a gust of cold wind blew across the hall and a large number of green light spots appeared in the air. All of a sudden, they gathered towards the Dragon-shaped statue and its two dragon eyes suddenly opened. An ancient voice rang out, “Human, don’t even think about going back. Stay here and accompany me!”

Luo Yunshang and Ding Ling ‘er were shocked and hurriedly retreated.

Yunxiao was even more shocked. For the first time since his rebirth, he lost his composure and cried out, " you, you're bi an! You're a demonic Dragon!

The Eyes of the Dragon-shaped figure suddenly flashed with a sharp light. It let out a voice that was equally shocked and lost its composure. you, you're Lao Ai, you're Gu Feiyang!

A Dragon's Roar suddenly rang out in the hall, shaking the three people until they were deafening.

A faint Dragon Shadow flew out from the Dragon-shaped statue and madly spun around in the air, laughing constantly, " Haha, haha, hahaha!

Yunxiao's forehead was covered in cold sweat as he said with difficulty, " "You, why are you here? Isn't this the divine Palace of Mount Meru that has existed for tens of thousands of years?"

The Dragon Shadow laughed in the air for a while before saying, " I'm the Dragon Spirit guardian of the Meru temple. I escaped a hundred years ago and crossed countless voids to arrive on the heavenly martial continent, but I met you, you damn bastard! You've actually refined me into your sword spirit!"

The demonic Dragon seemed to be caught up in an angry memory, and it was so angry that it trembled in the air.

He gritted his teeth and said, "damn it!" I'm the noble descendant of the true dragon, and I've become your damn sword spirit! Fortunately, your sword body collapsed during the battle of tiandang mountain, and I managed to escape. In order to recover his strength, he had no choice but to return to this damned place. Haha, I didn't expect to meet you here! This is a gift from the heavens for you to come to my door and be tortured, hahaha!"

Greatly shocked, Yunxiao hurriedly performed an incantation gesture with both hands and summoned the divine realm tablet with the connection he had with it. With his current strength, he couldn't fight against the demonic Dragon that he was going to face. He could only take out the divine realm tablet and hide inside. Or, he could think of a way to pull the demonic Dragon into the divine realm tablet. Only then would he have the confidence to win.

In the valley tens of thousands of miles away, the divine realm tablet, which was absorbing spiritual energy crazily, suddenly rose up from the ground with a rumble, turned into a stream of light, and flew toward the monster dragon Hall, almost crossing the space.

In the hall, the demon Dragon laughed wildly for a while before he stared at Yunxiao and said with hatred, "I didn't expect that you didn't die during the battle of tiandang mountain. Instead, you possessed someone else's body. Haha, that's good too. If you die, who am I going to find to take revenge for this thousand-year humiliation?"

Ding Ling 'er and Luo Yunshang had long been dumbfounded. Their minds were completely blank.

It turned out that Yunxiao was Gu Feiyang.

Yunshang's mind flashed with lightning as scenes from the past resurfaced in her mind. All her questions were suddenly answered at this moment.

It turned out that the person who had always been by his side was actually that Lord!

Her eyes were filled with tears, and she knelt down with a "plop." She knelt on the ground and cried, "Lord Gu Feiyang, so you are Lord Gu Feiyang. Yunshang has finally found you!"

Ding Ling 'er also looked a little dazed. No wonder Yunxiao could rise so suddenly. It turned out that he was the reincarnation of Gu Feiyang.

At this moment, even though he had already accepted this fact, it was still difficult. The person who had been with her all this time and who she had gradually fallen in love with was actually the legendary peerless martial sovereign, Gu Feiyang.

At this moment, her mood became extremely complicated, and she was filled with all kinds of worries and hesitation.

Would such a peerless figure still be with me?

Her eyes were filled with confusion and loss.

Yunxiao, on the other hand, did not have such thoughts. He knew the demon Dragon's strength the best. Back then, he had created three sword techniques, which were demon-slaying, star-extinguishing, and dawn light. Each sword represented unparalleled sword intent. In order to maximize the power of these three sword techniques, he had forged three swords respectively, which were also named after these three sword techniques.

One of the strongest weapons was the demon Slayer. Because the soul of an alternative Dragon was trapped inside, he had cast a spell to refine it into a sword spirit, which was the demon Dragon in front of him!

Later on, in the sea of soul formation, he had a bet on alchemy with the powerful warriors of the demon clan. When it was difficult to determine who was better, he suddenly had an idea and combined the three swords into one. Finally, he created a profound level weapon that surpassed the ninth grade-the star sword!

At the same time, he had also comprehended the unparalleled sword essence of the sword slashing the stars, which was why he was ranked third on the heaven and earth Power chart.

For the first time, he felt helpless under the pressure of the demonic Dragon. The difference in strength between the two of them was too great, to the point that any technique was ineffective. The only move he could use now was a spiritual attack!

"Pupil technique-moon deficiency!"

The great expansion divine technique circulated wildly, and soul power gushed out of his body at a burning speed. The entire Hall suddenly became blurry, and the space began to distort and transform, as if they had entered another space.

The demonic Dragon's pupils constricted and he suddenly laughed, "haha, Gu Feiyang, your cultivation is only at the five Element realm now. Has your soul power declined to such a level?" Back then, your pupillary abilities could directly change the world and pass through the void. Now, it's just a child's play. Haha, haha, I'm dying of laughter, haha!"

He suddenly let out a Dragon's Roar, and the entire constantly changing space instantly returned to its original state. It was still above the hall, and the cold wind was still rustling.

Yunxiao's mind was shaken, and he coughed out a mouthful of blood. This was the first time he had faced an opponent that made him feel so hopeless. The difference between them was like an adult man and a newborn baby. It was difficult to cross.

"I didn't expect you to have such a day. How should I torture you to death? Let me think, I can't let you die so easily!" With a twisted face, the demonic Dragon flew in the air. He was going to make the humiliation he suffered back then pay back, bit by bit.

you're just a mere dead soul," Yunxiao sneered. don't show off in front of me. If I could subdue you back then, I can do the same now. Don't tell me you're not curious as to how the three of us were able to pass through the formation and enter the hall?"

The demonic Dragon's body froze in mid-air before its eyes suddenly lit up with a bright light. It said with wild joy, "Dragon blood! It's the Dragon bloodline!" "Could it be that this body of yours has the bloodline of a Dragon?!" He exclaimed in shock.

Yunxiao wiped the blood from the corner of his mouth and said, "My body is normal, but I have a large amount of dragon blood in my hands. I want to make a deal with you. The condition is that after I recover my strength, I will help you refine a body that surpasses the ninth stage."

The demonic Dragon's body trembled. This condition was too tempting. He had already lived as a soul for thousands of years. If he didn't have a body, his soul would probably be destroyed soon. However, if the other party had recovered his strength, how could he be a match for him? At that time, what right would he have to fulfill his promise?

Chapter 305

?

305 Great Escape

you don't have to worry about what I'm saying," Yunxiao said indifferently. you've been with me for so long, so you should know that I've always kept my word. How can I let you down? " Actually, I've always felt that the time we spent together was very happy. Why do you have such a huge hatred?"

"Happy your sister! Roar, roar!" The demonic Dragon roared madly and said in a deep voice,"What are the conditions?"

Yunxiao's eyes flickered as he said, " become my sword spirit again. When I recover my strength, I'll let you out immediately and help you refine a body!

"What?" The demonic Dragon was enraged. It roared and spun crazily,"You actually dare to have designs on me. Die, die, die!" A powerful aura spread out, and the entire Hall shook violently.

"Open!"

At that moment, Ding Ling 'er and Yunshang, who were behind him, had already received Yunxiao's hint. They worked together and struck out with all their strength. The two forces slammed into the door, directly blasting the stone door of the divine Palace open from the inside.

The moment they attacked, Yunxiao grabbed them and rushed out. His idea was to stall for time until the divine realm tablet arrived. At the very least, he could hide in the tablet. He didn't believe that the demonic Dragon had the ability to break the tablet.

"You want to leave? Go to hell. The dragon clan's dignity is Supreme, if you dare to provoke it, you will die!"

The demon Dragon was driven mad by Yunxiao's words for a long time. After the three of them rushed out, it roared and chased after them. Its body shone brightly, and its aura shook the hall so much that it almost collapsed.

"Whoosh!"

The demonic Dragon had just rushed out when it saw a sword light slashing down from the sky. The entire sky and the sea of spiritual energy were illuminated by the sword light, turning purple and green. At this moment, the heaven and earth seemed to have merged into one.

“?! A ninth tier profound armament!”

The demonic Dragon turned pale with fright. He had been with Gu Feiyang for a long time and knew all kinds of profound level weapons like the back of his hand. Although the sword Qi was not strong, the sword itself was definitely a ninth-rank existence. It was so fast that it arrived in front of him in the blink of an eye.

“BOOM!”

As the sword light slashed down, purple and green light bloomed, and the entire Hall began to collapse. The demonic Dragon let out a painful roar and rushed out into the sky. The light on its body was dark and gloomy, as if it had been severely injured.

“Argh! “Ah!” You damn humans!” The demonic dragon’s eyes instantly turned red as it charged toward the martial artists below.

“What’s going on with this Yingluo?”

Everyone was instantly stunned. The Xumi divine Palace that they had high hopes for had been destroyed in one blow, and a Dragon Soul had come out of nowhere.

Heavens, heavens!

It was a Dragon Soul, a real Dragon Soul!

The martial artists below who had just recovered from the shock of the Dragon Qi were all dumbstruck. When the demonic Dragon charged down, they all reacted and took out their weapons to attack.

In the distance, the cultivators who were looking forward to the purple green twin swords blasting open the door were also dumbfounded. The value of a Dragon Soul was absolutely immeasurable. However, he had to have a name first. Looking at the demonic Dragon's appearance, he suddenly came to his senses and ran with all his might.

After Luo Qingyun's shock, he also ran away with the others. Are you kidding me? He merely had the bloodline of a true dragon. That was a true dragon! Although it was only an alternative Dragon, it was not something he could resist.

The moment Yunxiao rushed out, he saw the purple and green dual swords, so he quickly dodged to the side. At this moment, he was already at the very front of the group, running far away.

When the demonic Dragon struck down from the sky, the martial artists below were the weaker ones among the crowd, which was why they were shocked by the Dragon Qi. They could actually withstand such a powerful attack from the demonic Dragon.

"BOOM!"

The sea of spiritual energy in front of the hall instantly exploded, and limbs flew everywhere. A large number of people died. Before he could rejoice, he was crushed to pieces by the demonic dragon's tail.

In just two strikes, the hundreds of Warriors kneeling in front of the hall were all dead.

Those cultivators who were running madly also felt the situation behind them and were scared out of their wits. One after another, they displayed their trump cards and fled for their lives.

Zhou Ziyuan took out the Supreme heavenly mirror in the sky. A ray of light shone on his body and he immediately disappeared into the void. In the next moment, he appeared hundreds of miles away and then disappeared again. In this way, he was ahead of everyone.

Qian Wudi threw out a huge gold coin and stepped on it to fly.

Shui luoyan was even more amazing. A pair of huge water elemental Wings had grown out of nowhere. As she spread her wings, she could travel a thousand miles in an instant.

Every warrior who could survive until now was not an ordinary person. All of a sudden, their speed more than doubled, and they were about to catch up with Yunxiao.

All of a sudden, the eyes of these Warriors nearly popped out of their sockets. Yunxiao performed an incantation gesture with both hands, summoning a huge blueluan warship. Standing on the warship, the speed of the three of them suddenly increased by several times, and the distance between them and the others was once again widened.

Although the blueluan warship was only a sixth-tier weapon, it was nothing compared to the seventh-tier and eighth-tier Mystic weapons of the Warriors. However, the purpose of a battleship was to fly in the air, so it had unparalleled superiority in flight, and soon everyone could only look up to it.

“Li Yunxiao, stop and wait for us. Let’s all escape together! Saving a life is better than building a seven-story Pagoda!”

Yan Yi shouted desperately as he ran. He held two water splitters in his hands, which cut the air apart to reduce the resistance.

“That’s right. Not only is it better than building a seven-storied Pagoda, but all of us owe you a huge favor. In the future, when your City sets up a sect and becomes independent from the firecrow Empire, we’ll give you our full support.”

Cao Yaxing’s face was also pale as he hurriedly threw the silk ball. It must be known that these people all had powerful backgrounds in the realm of heavenly martial arts. The value of this favor was immeasurable.

“That’s right, as long as you let me go up, not only will I owe you a huge favor, but I’ll also do you a favor. If you need anything in the future, the Chamber of Commerce will do our best to help you. With the financial and human support of the Chamber of Commerce, it will be a piece of cake to build Yanwu into a superpower.”

Qian Wudi took a look behind and was also drenched in cold sweat. He hurriedly promised.

Shui luoyan's face had also turned white, without a trace of blood. She hurriedly said, "Lord Yunxiao, I know you like big sister Ling'er. Although sister Ling'er and I have always had some misunderstandings, we really grew up together and are as close as sisters. Besides, I'm as pretty as sister Ling'er. Don't you want the two beauties of the merchant Union to serve you together?"

On the blue luan warship, Ding Ling'er's face turned livid with anger. "Don't save that b*tch!" She said angrily.

At some point, Yunxiao was standing on the warship. He pulled a chair over and leaned on it, eating fruit as he looked at the people who were flying madly. "Now that you've put it this way, I'm really in a difficult position. Everyone has such generous conditions, but if you turn against me right away, what should I do? I've only just reached the rank of martial King. How can I be a match for you guys?"

"Lord Cloudsky, please rest assured! I, Qian Wudi, keep my word!" Qian Wudi hurriedly expressed his position, and the rest of the people also hurriedly expressed how good their characters were.

But at the same time, a question popped up in everyone's mind. Wasn't he a six-stars martial Lord? How did he become a martial King? However, under the urgent situation, he couldn't think too much and tried to please her.

Ding Ling'er and Luo Yunshang were completely dumbfounded. They had been very relaxed on the warship, but they were completely petrified after hearing this.

Yunxiao was indeed a martial Lord, but how long had he been in Mount Meru? Yunshang, in particular, had been with Yunxiao all the time except for the few hours she had gone missing in the passage. How could there be such an exaggerated thing?

Fortunately, when the two of them thought about each other's identity, they didn't find it strange anymore. However, it was also because of this that the two of them became very nervous and somewhat out of their wits.

Looking at the two of them, Yunxiao said with a wry smile, " "You don't have to be so ill at ease. Just think of me as li Yunxiao. Otherwise, I won't be used to seeing you guys like this."

yes, G-Gu Qianqian, Your Excellency li Yunxiao! Luo yunshang nodded carefully and hurriedly, her face blushing. She stole a glance at the fruit plate beside Yunxiao, then trotted forward and said, " Lord li Yunxiao, I'll peel some fruit for you.

Yunxiao,'hehe'.

Ding Ling 'er said nervously, " Your Excellency li Yunxiao, about our previous agreement, you ... You can't do that!

She was afraid that the previous agreement would be void, as she had bet the future of the entire Tianyuan trading company on him.

Yunxiao felt a great headache. He waved his hand and said, " "I'm no longer the Gu Feiyang of the past. I'm just the city Lord of Yanwu, li Yunxiao. You're all my best friends, so there's no need to be like this. Otherwise, I really don't know what to do. Also, only the two of you know about this in the entire heavenly martial continent. Remember to keep it a secret for me. "

yes, li Yunxiao!

Ding Ling 'er shouted happily, and her voice finally became softer.

Only the two of them knew about such an important matter. Both Luo yunshang and Ding Ling 'er looked happy at the same time, as if their secrets were being shared.

Ding Ling 'er said, " li ... Li Yingying ... Ahem ... Yunxiao, what should we do with these people? Should he save them? if he dies on mount meru, i'm afraid it will cause a great shock in the entire realm of heavenly martial arts, and they may find out that we are the culprits."

yes, " Yunxiao laughed. of course I will. otherwise, i wouldn't be able to deal with the demonic dragon by myself. but now is not the time. let them run. These people were usually high and mighty, with their noses high up in the air. when have they ever worked so hard before? it's good to let them train."

He continued to admire the desperate looks of the crowd and happily ate the fruit. The faint smile and the sound of chewing fruit made everyone dizzy.

Chapter 306

?

306 Sword Art slaying demons

Seeing that their words were useless, the crowd began to threaten Yunxiao again, but Yunxiao remained unmoved. The three of them sat side by side and ate the fruits, looking very happy. That appearance almost made everyone explode with anger.

At this moment, the two people running at the back were Zhan fan and Lu Qingcheng. The two of them were standing on the purple and green twin swords, but because they had expended almost all of their energy in that previous attack, the sword radiance had also weakened significantly. Right now, they were even further behind. Seeing that the demonic Dragon was about to catch up to them, the two of them had looks of despair on their faces.

Yunxiao's pupils constricted as he stared at the light that was flying toward him from a distance. "It's almost time to save these people."

He cast a few spells in succession, and the speed of the chariot suddenly slowed down. An attack suddenly shot out from the top of the chariot, blasting toward the demonic Dragon behind Lu Qingcheng and the other man.

"BOOM!"

The attack landed directly on the demonic Dragon. Although it did not cause any damage to the Dragon, it did manage to stop it for a moment, allowing Lu Qingcheng and Zhan fan to run a distance away.

Zhan fan was overjoyed. thank you, Lord Yunxiao, for saving my life. I hope that you can save me to the end. I will never forget the kindness you have shown me today!

With a smile, Yunxiao slowly slowed down the warship and said, "All of you, come up. Remember the promises you made just now. Everyone can be a witness. If there is one less, I will personally go and get it."

Everyone was overjoyed and hurriedly said, "I don't dare, I don't dare!" They were exhausted from running and could not hold on any longer. Yunxiao's sudden rescue was like a life-saving straw, so they were all extremely excited.

"All of you, come up!"

As soon as the defense of the blue luan warship was opened, this group of people suddenly burst out with their strongest speed and rushed up with a whoosh.

"Damn it, we're safe, we're safe!" A group of people were lying on the ground, gasping for breath. A few of them took out all kinds of medicinal pills and swallowed them.

Shui luoyan sat directly on Yunxiao's recliner and began to eat the fruits Yunshang had peeled. Ding Ling'er was so angry that she wanted to go up and kick her a few times.

A golden beam of light retracted from Yunxiao's forehead.

The divine realm tablet had returned to his body, and he now had his biggest trump card. Whether it was against these people or the demonic Dragon, at the very least, he could throw the divine realm tablet out and hide in it. Who could do anything to him then?

He walked forward with a smile and said, "Little sister Luo Yan, you said that your beauty is not inferior to Ling'er's and that you want to serve me together? Why don't we go inside and have a good time?"

Shui luoyan's expression turned cold as a bone-chilling aura emanated from her, "not killing you is already the biggest favor I can give you. Only that bitch Ding Ling'er likes you like this."

Both Ding Ling 'er and Yunshang's faces changed drastically. It would have been fine if they did not know Yunxiao's identity. Now that they knew that he was a peerless martial sovereign, the admiration and respect in their hearts could not be suppressed. When he heard someone insulting him, he was so angry that he wanted to rush up.

"Haha, Miss Shui's standards are really high. Although the Lord of Cloud Sky City was only a martial King and did not look too good, his sexual ability was probably only passable. However, he's still young and promising."

Yan Yi laughed and teased.

This group of people all called you ancestor before you got on the ship, but now they're treating you like a grandson. Not only Yan Yi, but the rest of the People's faces also gradually turned cold. They looked at everyone with a proud expression.

Shui Luoyan laughed coldly as her eyes flickered, "My future husband must have unparalleled cultivation and be ranked on the Heaven and Earth Power chart. I will only marry those on the Billboard!"

Yan Yi laughed, "Miss Shui's standards are too high, I can't take it." The Heaven and Earth Power ranking list was ranked once every hundred years, and there were only one hundred places. Those who were listed on the list, except for the most outstanding figures in the history of the heavenly martial arts realm, were all old men who were hundreds of years old. Miss Shui, do you want to marry a man who is a few hundred years old?"

Brother Yan, that's not right. I think most of the titled martial sovereigns are under a hundred years old, "Zhan Fan said with a frown.

Yan Yi didn't deny it. He rolled his eyes and said, "A titled martial sovereign? Hmph, only the top ten experts on the Heaven and Earth Power chart would be given titles by the sanctuary. Which one of the ten Lords wasn't an unparalleled figure, an existence that could terrorize an area? Miss Shui wants to marry a titled martial sovereign, but this Qianqian, hehe, seems like she's not pretty enough."

Shui luoyan was furious. She was extremely beautiful and had countless suitors. This was the first time in history that someone had said that she was not beautiful enough.

Who knew that Zhan fan would also nod and say, "that's right. Back then, the world's most beautiful woman, qu Hongyan, was in love with the Army-shattering martial sovereign, Gu Feiyang, but they were still in love with each other.

Yunshang's face paled in an instant as she sneaked a glance at Yunxiao, but the latter's face was indifferent.

"Hmph!" Shui luoyan said disdainfully, "the continent has always loved to spread rumors. Who among you has seen how beautiful qu Hongyan is?" In the end, Gu Feiyang didn't want her because she wasn't pretty enough."

The expressions of everyone on the battleship changed slightly.

Qu Hongyan was the palace Master of the divine cloud Palace, although the divine cloud Palace had been sealed off for many years. However, he was definitely an existence that could be ranked in the top five on the continent. No one dared to disobey the divine firmament order! It was a great taboo to comment on the divine firmament Palace's Palace Master so publicly.

As a member of the Mando Chamber of Commerce, Shui luoyan naturally understood this logic. It was just that beautiful women couldn't care less about their looks. No one dared to say anything, and they all kept their mouths shut.

Yunshang stepped forward and said indifferently, "Palace Master Qu's appearance is ten thousand times better than yours. If Palace Master qu is a blooming water lotus, then your appearance is at most a drop of flower feces under the water lotus.

"You! Who Do You Think You Are!"

Shui luoyan flew into a rage. She was so angry that her neck had turned red. Someone had actually compared her to flower shit. To put it bluntly, it was the same as calling her shit! Moreover, the other

party was only a one-star martial King. In her eyes, he was no different from an ant. She immediately raised a golden light and slashed at him!

Ding Ling 'er's eyes were filled with surprise. She did not understand why Yunshang would protect Qu Hongyan. But, she was Yunxiao's confidant, and he could not let anything happen to her. He immediately reached out with his hand, which was wearing a white silk glove, and extinguished the golden light in his hand.

Shui Luoyan's aura grew as she said angrily, "Ding Ling 'er, I haven't taught you a lesson for more than a year. It seems like it's time to teach you a lesson!"

Ding Ling 'er also ran her genuine Qi, and her momentum rose. She snorted and said, "When have I ever been afraid of you?"

Yunshang knew that her strength was the weakest between the two of them, but she could not just stand by and watch. A red axe rose into the air, ready to strike at any moment.

"Women, there's really no other way. They're fighting among themselves at such a dangerous time. That demonic Dragon is about to catch up!" Someone shouted, and everyone looked out of the battleship. The evil Dragon was indeed getting closer.

At this moment, everyone's expression changed drastically. If he caught up to them, they would not be able to defeat him even if they joined forces.

"Can't you go any faster?" Zhan fan asked.

Yunxiao shook his head with a wry smile. It's already the fastest. I guess this war is inevitable. Everyone, quickly adjust your breathing and recover your physical strength. When we fight to the death, we might have a chance of winning."

Everyone's face turned extremely ugly. Thinking about the battle with the demonic Dragon, they all shivered.

This was especially true for Luo Qingyun, who had the blood of a true dragon flowing through his body. Although the demonic Dragon was only a spiritual body, its level was much higher than his. The pressure from the Dragon's level made him unable to even think of resisting.

"Don't you know Tier 6 spatial teleportation arrays?" someone could not help but ask.

Everyone turned their heads, and Yunxiao's eyes turned cold. It was Wang Qiang, who was speaking with a pale face. When he saw Yunxiao's eyes turn to him, he immediately shrank back slightly.

Yunxiao did not seem to hold a grudge. He just said indifferently, "Even an eighth-order monster beast can't escape from that formation, let alone a ninth-order existence. There's no need to worry too much. Although this demonic Dragon is at the ninth rank, it only exists as a soul. Demonic beasts relied on their physical bodies and innate divine abilities the most. If the demonic Dragon did not have either of those, they would have a high chance of winning if they fought together. But I'm afraid that someone will reserve their strength and take advantage of the situation."

He glanced at Zhou Ziyuan and Wang Qiang, and both of them blushed.

"Young master Yun, you do have a point. Since I can't escape, I can only bite the bullet and fight. I can't die in a cowardly manner!" "Besides, this Dragon Soul is an unparalleled treasure. If we can obtain it, then our trip to Mount Meru will not be in vain!" Cao Yaxing said, his eyes glimmering.

To collect the Dragon Soul?

Everyone was shocked, and they all smiled bitterly. They only hoped to be able to sign up. This kind of heaven-defying thing, they simply didn't dare to think about it.

Yunxiao's eyes fell on Cao Yaxing, and he frowned slightly. This Cao Yaxing was definitely one of the strongest among them, and he even gave him a sense of fear.

At this moment, the demonic Dragon suddenly closed in from afar. Its entire body transformed into a beam of light that soared into the sky. It was actually a beam of sword Qi that slashed down viciously at the Azure Phoenix chariot.

“What? What’s wrong with this demonic Dragon? It actually turned into sword Qi?”

“F * ck, it’s not just ordinary sword Qi. This sword seems to contain a Supreme Sword intent!”

Everyone’s expression changed drastically, and a bad feeling enveloped them. It felt as if not only the earth and mountains, but the entire world was about to collapse under this sword.

Luo Qingyun’s expression changed drastically, and he cried out in horror, “Sword technique-demon slaying! It’s Lord Gu Feiyang’s demon-slaying Sword Art!”

Yunxiao was also shocked. He did not expect the Dragon to be able to display this sword force with just a soul. everyone, be careful! This warship is going to be finished!

“BOOM!”

The soaring sword energy slammed into the warship, and the defense of the entire blue-luan warship collapsed instantly. It was as if the sky had been cut in half by this sword, revealing two different colors. Everyone on the battleship was prepared, and they quickly fled to the sides the moment the explosion occurred.

Chapter 307-spiritual energy

However, their thinking was still too simple. This demonic Dragon was the sword spirit of Gu Feiyang’s demon-slaying sword. The sword intent of this sword had long been integrated. With this sword, the heaven and earth were broken. The blue-luan warship was cut into pieces like a piece of paper. The sword momentum did not reduce, and it spread out in all directions.

Everyone was shocked, and they all used their best moves to shake the sword light.

“Bang! Bang! Bang! Bang!”

All of them had their qi and blood roiling in the air, and many of their inner vitals had been shattered. They retreated with heavy injuries.

Yan Yi gritted his bloody teeth. His eyes were filled with despair as he said hatefully, " damn it, with just one sword attack, just the residual power of the sword ray has such power. How can we fight?!"

The rest of the people were also terrified as they slashed the heaven and earth with one sword! Who could block such power? Under this kind of sword momentum, he couldn't raise any battle intent at all.

After the demonic Dragon transformed into a sword ray, it returned to its dragon form and roared into the sky.

Dragon roars soared into the sky and reverberated across the entire land. It was like a call from ancient times, Grand and vast, shocking people's souls.

This time, even Yunxiao's face turned unsightly. He had heard the Dragon say that it was recuperating in the hall, but he did not expect it to have almost recovered its strength. don't be discouraged, everyone. If you don't have the courage to fight, you're really dead!

"It's almost the same as being completely dead now!"

A look of despair flashed across Zhou Ziyuan's eyes, but he still tried his best to take out the Supreme heavenly mirror. A yellow light shot out and shone on the demonic Dragon. He shouted, " Everyone, let's work hard together and beg for a way out!"

"Motherf * cker, how can I be willing to die Here! I'm the one who will unify the merchant Union in the future!"

Qian Wudi's eyes were bloodshot. A series of copper ingots flew out from his palm and shot towards the demonic Dragon. The coins filled the sky and covered the earth. That was not enough. He put his palms together, and a basket-sized golden light slowly appeared in front of him. He pushed it forward, and the coin grew bigger and bigger in the air. It was going to hit the demonic dragon's head.

Shui luoyan's first move was three martial essence pills. She used the Pearl chain technique and shot them out. Each pill was bigger than the last, and the aura they gave off was more terrifying than the last.

The rest of the people also gritted their teeth and attacked at the same time. All kinds of terrifying auras spread out in the sky. These people were all elite existences from various sects. When they displayed their trump cards, they were also very shocking.

Lu Qingcheng and Zhan fan joined forces once again, trying their best to combine the two swords. Once the purple shadow Qing suo sword was combined, it would be a ninth-tier existence and could be considered the most powerful profound level weapon among all of them.

The demonic Dragon was also shocked and enraged by these attacks. Zhou Ziyuan's Supreme heavenly mirror had locked down the spatial dimension laws around him, making it extremely difficult for him to move. He was basically on the receiving end of a beating. The light on his body was dim and dark, and his soul power was constantly dissipating.

At this moment, Shui luoyan's three chained pearls arrived. The first one turned into a fist shadow, which was exactly the same as the one she had used against Yunxiao in Yanwu. It exploded on the Dragon's body without much reaction. The second one instantly transformed into a ring of light and ruthlessly slashed at the demonic Dragon's neck. It actually scattered a wisp of soul power. The third one suddenly became bigger. It was actually a small mountain, and it directly smashed down.

At this moment, Qian Wudi's gold coin also fell. Two huge attacks landed and shook the demonic Dragon's body, sending it flying dozens of meters away.

The attacks of the two seemed to be effective, and it immediately stimulated everyone's fighting spirit. They used all kinds of trump cards to suppress the demonic Dragon, and it was unable to fight back.

"I'm furious! A group of damned humans, a mere low-level space law and you want to bind this seat? all of you, die!"

The demonic Dragon let out a loud roar and used the divine dragon's tail to block all the attacks that came from all directions. He used the Green Dragon spits water spell and a large amount of water element gathered and started to corrode the Supreme heavenly mirror's sealing power.

Zhou Ziyuan was shocked. The Supreme heavenly mirror in his hand started to make a buzzing sound as if it was about to break.

“Burning Blood Grand magic!”

Cao Yaxing’s entire body suddenly turned red, and red flames began to burn on his body. He looked demonic and terrifying. A talisman suddenly shot out from his hand, creating a red path in the air, and extended toward the demonic Dragon.

Blood was where a person’s essence energy was located. Generally, techniques that burned blood were extremely overbearing and vicious.

His talisman was blood-red and somewhat demonic. The demonic Dragon’s pupils shrank, and it seemed to have sensed danger. It roared and swept its tail over.

“BOOM!”

The dragon tail swept over the talisman and exploded in the air. The demonic Dragon’s pained wail could be heard. The blood seemed to contain poison, and its entire tail was dyed purple-red as it rolled in the air.

“What kind of poison is this? It can actually corrode a soul’s body!”

Everyone was shocked, and their fear of Cao Yaxing grew. However, they were also overjoyed. The demonic Dragon had indeed been severely injured.

After Cao Yaxing’s attack, the red color on his body quickly faded away, and his entire body became extremely pale. He immediately left the battlefield and began to regulate his breathing. It was obvious that this move was extremely costly and was a trump card that he did not dare to use casually.

Zhou Ziyuan’s Supreme heavenly mirror was finally corroded by the demonic Dragon’s water vapor until it lost all its radiance. It was completely destroyed. He wailed in pain. Suddenly, he saw a person and almost vomited blood. He roared, “Li Yunxiao, what the hell are you doing? Are you just standing there and watching?”

Yunxiao smiled, scratched his forehead, and said, "I'm sorry, everyone's moves were too strong. I was stunned."

When the rest of the people heard this, they gritted their teeth in anger and wanted to slap him to death!

Besides, I'm just a martial King," Yunxiao said shamelessly. I can't do much. It won't be too late for me to strike after I find the demonic Dragon's weakness."

Luo Qingyun was infuriated. He didn't dare to use his true dragon bloodline in front of this demonic Dragon, or he would be restrained by the pressure of the other party's level, and it would be extremely difficult for him to fight. And he knew Yunxiao's strength, so how could he not go mad? "If you still don't make a move, we won't fight anymore and we'll all die together!"

"Damn it!" Yan Yi also roared in anger. You're still hiding your strength at a time like this! They really deserve to die!"

Seeing that he had aroused public anger, Yunxiao was too embarrassed to just watch the battle from the side, so he threw out the tianluo flaming battle flag. Immediately, a sea of fire covered the sky and burned down.

After the divine realm tablet's Fire Territory was opened, the sky Luo blazing fire battle flag had lost its function and could be used directly in battle. It was several times more powerful than when he had fought Luo Qingyun on qionghua Island. Besides, the demonic Dragon was a Water-type demonic beast, so it was restrained by fire.

The demon Dragon's pupils constricted. He had been paying attention to Yunxiao, and he was the one who was most afraid of him among these people. Now, seeing that he had casually conjured a sea of fire, he was even more shocked. Although the flames were not strong to him, they had directly suppressed his water domain and almost directly restrained his five elements.

"Damn it, damn it!"

Sure enough, the trickiest one among them was Gu Feiyang. The demonic Dragon roared repeatedly as it shuttled back and forth in the sea of fire.

Yunxiao quickly performed an incantation gesture with both hands, and one after another, flame-shaped creatures stood up from the sea of fire, each in a myriad of forms, exuding an ancient fighting will. For a moment, the entire battlefield was shrouded in this fighting will, and everyone's mind was shaken.

this is a monastic robe, a tier 9 array formation?!

Zhou Ziyuan's pupils constricted as he looked at the sea of fire in horror. When he thought of how he had once threatened Yunxiao, a chill ran up his spine.

"Motherf * cker! You're only using it now when you have a ninth-rank battle flag, you really deserve to die!" Yan Yi was so angry that he almost vomited blood. If he had used it earlier, they wouldn't have had to go all out and exhaust their true Qi.

Luo Qingyun's expression changed slightly, and he suddenly shouted, "Everyone, don't let your guard down. There's something wrong with this tier 9 fire formation. The water domain used to restrain the demonic Dragon is still fine. Everyone, don't stop attacking!" He was well aware of the grade 9 battle flag's weakness, it was just for show.

After the demonic Dragon was shocked and angry, it also discovered this point. Its dragon body shuttled back and forth in the sea of fire, and all the fire-formed creatures were crushed with a single touch.

At this moment, the sound of a sword rang out from afar. The purple and green twin swords combined once again and slashed through the air.

Everyone felt a shocking aura and stepped back to make a path. The demonic Dragon also sensed the danger. It was the ninth-tier profound artifact that had directly injured it. It immediately roared in shock and wanted to escape.

“Not good, he’s trying to escape!” Zhou Ziyuan panicked. If the Supreme heavenly mirror was still around, it would have been enough to trap him for a moment. But who could stop him from escaping at this moment?

“Good sword momentum, don’t Dodge!”

Yunxiao chuckled and performed the great realm divine technique in his hand. The divine realm tablet turned into a mountain and pressed down hard. At this moment, a strange feeling formed in his heart. When he executed the great realm divine technique, the strange power that he had absorbed in his dantian actually began to move along his meridians and directly transformed into a divine technique.

His heart trembled violently. Could it be that this power could only be used by using a Divine Art?

At this moment, there seemed to be a faint light surrounding the divine realm tablet, which was exactly the same as his power.

The demonic Dragon was about to escape and avoid the sword power, but it suddenly realized that the divine realm tablet was pressing down on it. It was so angry that it kept screaming and wanted to rush out of the suppression. However, it suddenly found that it was suppressed in a space by a huge force, and it could not escape.

“This power is overwhelming.”

The demonic Dragon’s pupils contracted as if he had seen something incredible. He shouted, “Divine mayfly, divine energy! It’s actually the spiritual energy. How could you possibly have the spiritual energy?”

He panicked and stared at the divine realm tablet. His body began to emit circles of power. As the power continued to overflow, his soul began to become more and more transparent. All his attention was on the divine realm tablet, and he did not even care about the purple shadow Qing suo sword.

“Boom boom boom!”

The sword slashed down, and a beam of purple and green qi blasted the demonic Dragon. The demonic Dragon let out a blood-curdling screech, and the light on its body dimmed even more.

However, he still gritted his teeth, and his eyes were red. He suddenly roared, and a burst of demonic Qi burst out from the surroundings. It seemed that he had exerted all his strength, blasting open a space under the suppression of the divine realm tablet. His body suddenly flew out, turned into a ray of light, and fled in the direction of the demon Dragon Hall.

Chapter 308

?

308 The reflection in the water

“He, he escaped?”

Everyone’s minds were shaken. They had thought that they were invincible, but they had all risked their lives to fight. How did Yunxiao escape as soon as he made his move?

Everyone was looking at Yunxiao with a strange look.

Only Luo Yunshang and Ding Ling ‘er were overjoyed. After knowing that Yunxiao was Gu Feiyang, they trusted and admired him even more, which seemed to be a natural thing to do. It would have been abnormal if the demonic Dragon had not fled.

Yunxiao pointed his finger in the air, and the purple shadow qingsuo sword was caught in his hand. He gave it a look and said with a smile, “Not bad, it’s a good sword. Let me use it first.”

“What?”

Zhan fan and Lu Qingcheng’s hearts were filled with shock, and their faces were filled with anger. However, the other party’s strength was clear for all to see, and they did not dare to voice out their anger. They could only hurriedly circulate their sword arts, wanting to summon it back. However, as soon as they activated it, both of their expressions changed drastically in shock.

The spiritual connection between them and the sword had been cut off. The divine sense he left on it was also wiped away.

“This ...” The two of them were immediately drenched in cold sweat. This kind of method of casually wiping away other people’s divine sense and taking their weapons was something that could only be done so easily if the other party’s divine sense was far, far more powerful.

Luo Qingyun suddenly shouted. He stared at the place where the demonic Dragon had escaped. His eyes were full of greed and excitement. He trembled with excitement and said, “Long Yuan! It’s actually the Dragon essence!”

The demonic Dragon’s desperate move when it escaped had actually shaken out so much dragon essence. This was where the essence of the dragon was. The blood in his body began to boil. If he could absorb the Dragon essence, his true dragon body would reach an extremely terrifying level.

Suddenly, a figure flashed and rushed into the dragon essence. He opened his hands and shouted, “One Qi of creation, absorb it!”

The Dragon essence gushed into the man’s body like a whale, and half of it was devoured in the blink of an eye.

“?!”

Luo Qingyun’s body trembled, and he roared as he rushed forward, “Li Yunxiao, I’m going to kill you! My God, my dragon essence!”

By the time he rushed up, there was only some residue left, which he desperately sucked.

Yunxiao smiled with satisfaction after he sucked it up. He looked at Luo Qingyun and said, “Thank you for your reminder. Otherwise, I wouldn’t have realized that this was actually dragon essence. I almost wasted it.”

After he finished speaking, his figure flashed and he chased in the direction that the demonic Dragon had escaped. Ding Ling 'er and Luo Yunshang were startled, and they hurriedly followed.

Luo Qingyun was so angry that he almost vomited blood. Demonic Qi spread out from his body. As soon as the demon Dragon left, his Dragon bloodline was no longer afraid of the pressure of his level, and he could not wait to rush up and fight Yunxiao again. But, in just a few days, the feeling Yunxiao gave him seemed to be even better than that of Qionghua Island.

Li Yunxiao, just you wait!

Luo Qingyun said through gritted teeth as he watched the three of them leave. He had refined all the Dragon blood in his body in front of the demonic Dragon Palace. Now, with a Little Dragon essence, it was enough for him to modify his body and get closer to the ancient true dragon. At that time, he would be more confident in fighting Yunxiao.

The rest of the people looked in the direction Yunxiao had gone, and they all stood there in shock, not knowing whether to chase or not.

"Everyone, what should we do?" Zhou Ziyuan couldn't help but say. He looked at the broken Supreme heavenly mirror in his hand with a pained expression.

Yan Yi swallowed and said, "what's up with Li Yunxiao? How strong was he? He was able to make the demonic dragon escape with a single move?"

The group of people looked at each other, and their eyes fell on Luo Qingyun. "You've fought him before. How strong is he?" Cao Yaxing asked through gritted teeth.

Luo Qingyun's face turned serious. After a moment of contemplation, he said, "He's unfathomable! At the very least, I'm not his match."

"?!"

Everyone sucked in a breath of cold air. Luo Qingyun was very famous among the younger generation of disciples, and he was a very stubborn person. Very few people dared to be his enemy. When they heard his comment about Yunxiao with their own ears, everyone was immediately filled with a layer of fear, and they became extremely careful around the young man.

Shui luoyan's face paled as she recalled how she had been rude to him on the battleship. But it seemed that the other party didn't care about him at all.

"What should we do? Are you going to chase or not?" Wang Qiang, who was among the crowd, asked.

"Chase?" A cold smile appeared on Qian Wudi's face, "Are you going to die? Whether it's that Demon Dragon or Li Yunxiao, which one can you defeat?"

Wang Qiang's face turned red and he stopped talking.

Lu Qingcheng and Zhan fan were the most depressed of them all. Their profound level weapons had been taken away, and they were practically their greatest support, so they didn't say a word.

Everyone was a little disheartened. They got up and left one after another, planning to find a place where the spiritual Qi was liquefied and cultivate until they left.

Yunxiao soon caught up to the demonic Dragon Palace. It had collapsed, and the broken limbs and body parts of Warriors were floating on the sea of spirit Qi. The only thing left was the stone statue of the demonic Dragon, which was still glowing.

"Come out, demonic Dragon. After all, we're acquaintances, so wouldn't it be better for us to work together?"

Yunxiao stood with the sword in his hand, looking indifferently at the stone statue. Originally, he didn't have much confidence in subduing this demonic Dragon, but he didn't expect that the power in his dantian could cause such a great stimulation, and his confidence increased.

The stone statue's eyes lit up and it said angrily, "Very good, your sister! Only you would make me a sword spirit! If you force me, I'll take you down with me!"

Yunxiao looked at the stone statue and chuckled. "This is the body you condensed, right? What the hell does it look like? If I can recover to my peak strength this time, I'm very confident in breaking through to the ten directions divine realm. By then, it won't be difficult to give you a real body. You'll only be my sword spirit for a very short time."

The demonic Dragon was silent for a long time before he said, "Why do you have spiritual energy?"

Yunxiao's heart jolted slightly as he thought, "That energy was called spiritual energy. 'I don't know either,'" he replied honestly, "I got it by accident. You recognize this power?"

The demonic Dragon was stunned and kept silent.

Yunxiao was not in a hurry, so he stood there slowly and waited. He knew the demonic Dragon's personality better than anyone else. He wasn't the kind of person who was calculative. Moreover, he had the divine realm tablet in his hands and was almost undefeatable, so he wasn't worried about the demonic Dragon stalling for time.

After a while, the demonic Dragon spoke again, "Did you see a small golden sword at the place where you obtained the spiritual energy?"

With a flip of his hand, the strange little sword immediately appeared in his hand. "You mean this?"

The demonic dragon's eyes flickered a few times before he let out a long sigh. "Could it really be the will of the heavens?" He seemed to have made a great decision and said in pain, "I can be your sword spirit, but you have to at least find a good sword. Although the sword in your hand is of the ninth step, it's still far inferior to the demon Slayer Sword."

this sword is actually pretty good," Yunxiao chuckled. it's just damaged. When I'm strong enough, I'll refine it again, and you won't be wronged." "Quickly come into my sword," he said, waving his hand.

The demonic Dragon was extremely unwilling to give up, but it had no other choice. It could only reveal itself from the stone statue and soar in the sky for a while. It seemed to be very attached to the free sky before it finally entered the purple shadow Qing suo sword reluctantly.

old friend," Yunxiao said with a smile, " I'm really happy that you're back. There's no need to show such a desperate expression. It won't be long before I can return to the peak of the martial Supreme realm. When the time comes, I'll return your freedom."

The demonic Dragon's muffled voice came, " "I hope so."

Holding the small golden sword, Yunxiao asked, " "What is this thing? And what's that spiritual energy?"

this small sword is the key to opening the Xumi divine Palace," the demonic Dragon said. the power of spirit is a power that only the Masters of the Ten Worlds divine realm can possess. The principle they walk is no longer the martial Dao, but the divine Dao!

"What? Divine Dao!" Yunxiao's heart trembled. He did not expect that there was still the existence of divine Dao above martial Dao. It was as if a door was slowly opening for him on the other side of the endless martial path.

He was shocked for a long time before he said, " isn't the Xumi divine Palace already destroyed? this small sword is useless now.

that's just a reflection of the divine Palace," the demonic Dragon snorted. you must know that I'm just a mere Guardian Dragon Spirit.

"A reflection?" Yunxiao asked in surprise.

"That's right. Use your divine sense to look down at the sea of spiritual energy." The demonic Dragon said.

Yunxiao's heart trembled, and he hurriedly spread his divine sense into the sea. The sea of spirit Qi was so deep that he was surprised. At a depth of nearly a thousand meters, it was blocked by a force and could not go any further.

"There it is!" The Dragon seemed to be able to read Yunxiao's mind as it said, "I haven't been to the real Meru temple, but there should be great opportunities inside."

you two, come to my divine realm tablet," Yunxiao said to the two women. this Meru divine Hall is very strange. I'm afraid I can't take care of you.

The two women knew that they would only be a burden if they followed, so they nodded and relaxed their minds. Yunxiao retracted his divine sense and entered Mount Meru.

It was Ding Ling'er's first time going in, so she was naturally very surprised. But after Yunxiao's brief explanation, she understood.

Yunxiao put away the purple shadow Qing suo sword, threw it into the sea, and swam downward. This seawater could be formed by the condensation of spirit Qi, and it was an indescribable pleasure to swim in it. Spirit Qi poured into his pores and was absorbed by his body and meridians at a crazy rate.

"You brat, wherever you go, a bunch of women follow you." The demonic Dragon sighed and said sadly, "I don't know how many years it's been since I've touched a woman's hand."

Yunxiao nearly fainted as he laughed and said, "It's a female dragon, right? Where can I find a female dragon in the realm of heavenly martial arts to satisfy you?"

Yunxiao's words seemed to have touched the Dragon's sore spot, and the Dragon felt a burst of sadness.

In the current heavenly martial realm, not to mention a true dragon, even an existence at the sub-Dragon level like him would probably no longer exist.

Chapter 309

?

309 Soaring heaven King Palace

After a while, they finally reached the bottom of the sea. A divine Palace that was exactly the same as the one that had collapsed on the surface of the sea was standing there.

The ancient charm exuding from the hall made people want to worship it. Even Yunxiao felt his mind being shaken, and he hurriedly circulated the great expansion divine technique to resist it. As expected, once the divine Art was used, the spiritual energy was activated and the uncomfortable feeling immediately disappeared.

“Demonic Dragon, what’s going on with Mount Meru? And who built the core Hall?”

Yunxiao looked at the few golden tadpole-like characters above the Great Hall. They were the few he knew, and they read: ‘Numi Palace on Mount Meru’.

The demonic Dragon shook his head. how would I know? there’s a small Golden Hole in the soaring heaven King Palace. You can just insert your small sword into it and you’ll be able to enter. I don’t know what’s inside either. Maybe it’s an opportunity, maybe it’s a grave.”

you’ve known me for a long time,” Yunxiao said with a faint smile. what dangerous place have I not been to on the heavenly martial continent? ”

He laughed arrogantly, and a long, narrow, and brilliant staircase extended to the front of the palace.

Yunxiao gently stepped on the stairs and went up. As expected, a small sword-shaped hole was in the center of the door, and all kinds of complicated lines were carved around it, densely covering the entire Hall.

Yunxiao could not help but stab the small sword into it. A mighty force spread out, and soon the seawater was separated by it. The numinous Sky Hall gave off a very strong light, gradually opening up a vacuum, and the magnificent and ancient feeling was even more obvious.

The door of the soaring heaven King Palace opened with a loud bang, revealing a long passage of the main hall. Compared to the majestic magnificence, the passage was filled with a kind of deathly decay.

“What’s going on? What a strong aura of death!”

Frowning, Yunxiao stepped into the hall with his head held high. The ground was filled with corpses that led deep into the hall. Almost none of these skeletons were complete. It was obvious that they had died from a great impact. The mystic weapons scattered everywhere were also broken and scattered on the ground. Moreover, they were rusty and had long lost their weapon charm.

“You’re right, this Hall is actually a huge tomb.”

Yunxiao looked at the bones carefully. They were as smooth as Jade, and they had not decayed over the years. It was even harder than those Mystic weapons. It was enough to show how powerful these skeletons were before they died, but they were still lying here like ants.

“This death Qi makes me extremely uncomfortable. If you want to go in, you must be careful. It wasn’t easy for you to reincarnate, so don’t die again.” The demonic Dragon warned.

Yunxiao was about to step into it when he suddenly frowned. He pulled back his foot, and a few powerful auras came from behind him.

Hmph, soaring heaven King Palace, someone finally opened it.

Five figures gradually emerged from the sea and walked into the sky. All of them had a greedy look on their faces.

Yunxiao’s face flickered slightly, but he soon regained his composure and said indifferently, “ you’re from the seven superpowers? ”

One of them was shocked and said, “ I didn’t expect you to have such good eyes. You can actually recognize our background?”

The so-called seven superpowers were the seven Supreme sects that stood above the rest of the realm of heavenly martial arts. They were shenxiao temple, myriad Star Valley, blade sect, soul devouring sect, beiming Dark Palace, Redmoon city, and Sky Ridge's long family.

These seven major sects had stood in the heavenly martial realm for tens of thousands of years, and it was said that their strength was no less than that of the divine capital of the Holy region. On the surface, it was still under the control of the Holy region, but in secret, it often obeyed orders on the surface but disobeyed in secret, and the Holy region could not do anything about it.

The five of them were Lu Feng of the soul devouring sect, Liu Yongheng of the blade sect, Lin Mu of the ten thousand stars Valley, Geng Qiu of the beiming Dark Palace, and Deng xianjue of the red moon City. The seven superpowers already had detailed records of the soaring heaven King Palace. The five of them had dived into the sea to cultivate early in the morning, waiting for someone with the key to open it. It would not be a loss if he could not wait. After all, this sea of spiritual energy was the most abundant place in the entire Mount Meru.

However, what made the five of them ecstatic was that they actually managed to find someone with the secret key.

Liu Yongheng's face revealed a trace of pride as he said, " "Since you already know who we are, there's nothing else for you to do here. You can go."

I was too excited when I came down, " Yunxiao said with a wry smile. I didn't even notice a few grasshoppers hiding here. He looked into the depths of the ocean and said, " "The other four can come out as well. Luo Qingyun, Cao Yaxing, Qian Wudi, and who is this?"

The sea water in the depths of the darkness rippled, and as expected, four people slowly walked out. The expressions of Lu Feng's group of five changed drastically. They actually had no idea that there were four people hiding.

The first two people were Cao Yaxing, Luo Qingyun, and Qian Wudi. The third person slowly walked out and said with a smile, " I'm xu Qing. Lord cloudsky truly lives up to his reputation.

Liu Yongheng's expression changed slightly, "the four of you?" Hmph, you guys are quite famous among the younger generation in the realm of heavenly martial arts. You are qualified to enter the soaring heaven King Palace with us."

Cao Yaxing looked at him as if he was an idiot and said with contempt, "Who the hell are you five? He was merely an insignificant ant among the seven superpowers. I think the top existences of your seven major sects wouldn't even bother to come to this Mount Meru. The spiritual mountains and rivers occupied by the seven sects had spiritual energy that was not below that of Mount Meru. Only trash like you who can't get a good place will come to Mount Meru."

The five of them immediately flew into a rage. Firstly, Cao Yaxing had actually ridiculed them, and secondly, he had indeed hit their soft spot. They were so angry that smoke was rising from their bodies.

"What's wrong? You want to fight?" Luo Qingyun sneered, took a step forward and said proudly, "It's three of us against five of you. Come and try if you have the guts."

Xu Qing crossed his arms in front of his chest and said with a smile, "we all want to get some benefits. It's not good to be so impulsive, right?" However, if you guys are itching for a beating, I'd also like to move around."

Qian Wudi's face was cold to the extreme, " why are you talking nonsense with them? just kill them directly!

His words made the five of them tremble with anger. They immediately adopted a cool stance and five rays of light rushed out at the same time. Various profound weapons were held in their hands, ready to be launched at the touch.

Oh, " Yunxiao suddenly laughed. when Immortals fight, I, a mortal, suffer. You guys take your time sparring, I'm going in to take a look." He was about to step into the soaring heaven King Palace.

The five people from the seven great sects had a huge change in their expressions. They hurriedly rushed in. Lu Feng muttered, "I'll deal with you guys after we get out!"

Lord Cloudsky, please! Cao Yaxing made an inviting gesture. He had recognized Yunxiao's strength, so he was very respectful.

There's no hurry," Yunxiao said with a smile. Let them open the way first. The seven superpowers are the leaders of the realm of heavenly martial arts, and their disciples should also set an example and lead the way."

The four men frowned slightly. Yunxiao seemed to have a hidden meaning in his words, but they did not ask him directly, so they stood quietly in front of the door.

The five of them quickly stepped on the bones and moved forward. Soon, they would pass through the passage. Suddenly, a wave of fluctuations spread out, and the bones on the ground seemed to come to life. They flew up from the ground and gathered in front of them. Not only the skeletons, but the rusty Mystic weapons were also pulled by some kind of force and gathered together.

A giant skeleton that had gathered all the skeletons stood up and blocked the path of the five of them. The rusty Mystic weapons also gathered together to form a huge rusty sword. Holding it in his hand, he felt as if he could hold off an Army of thousands.

The five people's expressions changed and they quickly dispersed vigilantly. Liu Yongheng shouted, "Don't be afraid, it's just a corpse. We'll just break him up and rush over!"

He took the lead and slashed out a sword Qi. The sword Qi was extremely fierce, and before the skeleton could even attack, it had directly cut through a huge rib bone, creating a huge hole. The surrounding bone banners were also shattered.

The disciples of the blade sect are indeed extraordinary," Yunxiao praised from behind. This sword strike is so powerful that ordinary martial grandmasters dare not block it at all.

Luo Qingyun and the other three had a smile on their faces and a mocking expression. They thought Yunxiao was mocking Liu Yongheng when they heard that. In fact, the seven superpowers were able to stand proudly on the heavenly martial continent. Their Foundation was beyond the imagination of ordinary people. Even if he was a disciple who couldn't make a living, he would still be an outstanding existence in other places on the mainland.

After Liu Yongheng made his move, the other four people also used their ultimate moves. The skeleton giant just raised his hand and slashed down with his sword, and his entire body was pierced through and shattered on the ground again.

The five men snorted coldly at Yunxiao and the others as if they were showing off their strength, then continued to run inside.

we can go now," Yunxiao said with a smile. let them lead the way. These five people probably suffered a lot of eye rolls in the sect, so they're showing off their presence everywhere after coming out."

"Hahaha!"

The other four people laughed at the same time and followed closely behind.

After walking through the hall full of bones, they came out to a garden area of several acres, but all kinds of exotic flowers and rare herbs had all turned to fossils and had no spiritual energy left. Even the soil was like a piece of iron plate, which could not be cut by a Mystic weapon.

'This Taowu!' Yunxiao's heart ached as he wailed, " "Heavens! These were all ninth-ranked treasures! Damn it, that God is so wasteful!"

The whole area was at least three to four mu, and it was all grade-9 spirit herbs.

The few of them were stunned. This kind of extravagance made them feel an indescribable pressure as they looked at the fossils that had turned into stones. It was like winning a five million Yuan prize and telling you that it had expired when you went to receive the prize. It would be worse than death.

Yunxiao's face was so dark that water was about to drip out of it. He was the one who understood the value of these natural treasures the most among them. If he absorbed all these herbs, as long as he did not explode and die on the spot, he would be able to advance to a martial sovereign of the nine Heavens realm on the spot.

The five people in front also stopped for a moment before continuing to run forward. Along the way, there were petrified things. After passing through them, the light began to dim, as if they had walked into the night.

Chapter 310

?

310 Mental attack

After the time it took to brew a cup of tea, the group stopped in front of a long bridge. There were a few ancient characters carved on the bridge that no one could read. Below them was the still black water. It was deathly still, giving people a creepy feeling, as if there was still something flowing in the water.

Yunxiao tried to release his divine sense, but it was immediately cut off by a force. There was a restriction on the bridge that blocked divine sense.

“Why don’t you five go up?” Cao Yaxing looked at the bridge for a while and felt his hair stand on end, so he began to instigate the other five.

Lin Mu glanced at him and sneered, “Who Do You Think You Are? You want us to clear the way for you? Whoever wants to cross this bridge will have to do it themselves!”

The five of them weren’t stupid. This bridge and the black water under it were definitely not simple just from its aura. They wouldn’t rashly do something they weren’t confident in.

“What do we do? This bridge was too strange, and it blocked divine sense. If we go up, who knows what we’ll encounter.” Luo Qingyun gave Yunxiao a look and said, “What do you think?”

you’re right, brother,” Yunxiao said with a smile. whoever likes it can do it themselves.

“Tsk!”

Everyone sneered disdainfully, thinking that he had some brilliant idea. The five people from the seven major sects, in particular, were about to mock him when their pupils suddenly widened. They saw Yunxiao take a light step forward and walk straight up.

“?!”

The nine of them were all shocked and stared at him without blinking, afraid to miss a single detail. They did not know where Yunxiao got the confidence to come to this place before them, as any carelessness could cost them their lives.

“Kid, you’re not afraid?” The demonic Dragon was extremely surprised. If it was the Gu Feiyang of the past, he would naturally have nothing to fear with his heaven-defying strength.

“What’s the use of being afraid? Everyone knew that there were dangers and oddities on the bridge, so no one dared to come up. When the time was up, he would be teleported out of Mount Meru. If he went out like this, he would probably never have the chance to come back in this life. I must see what’s in the soaring heaven King Palace!”

Yunxiao’s eyes flashed with determination as he strode forward.

Suddenly, a plume of black smoke rose from the water under the bridge, taking the shape of a huge monster that was about to swallow Yunxiao in an instant.

“Spread out!”

He condensed the true Qi in his palm and struck out with the great wind Cloud Palm. The eight people outside the bridge all felt a slight breeze blowing, as if it had blown away most of the gloomy air. The cloud of black aura on the bridge was immediately dispersed by the palm, and it sank back into the water.

Yunxiao walked forward, and the same situation happened a few more times along the way, but each time, he easily split them apart with one move, as if there was no difficulty. However, the more it was like this, the more he had to be careful.

Suddenly, a sound came from the black water. It sounded like a woman crying.

A sense of frustration began to spread in his heart.

“What’s wrong?” The demonic Dragon seemed to have noticed that something was wrong and asked hurriedly.

what? ” Yunxiao’s face flickered. did you hear a woman crying? ”

be careful! the demonic Dragon was shocked. that must be a spiritual attack!

Yunxiao nodded slightly and said, ” “This spiritual attack is very special. It can even affect my mind. I’m starting to have hallucinations. I’m in a busy city and I can’t see my direction.”

“How is this possible?” the demonic Dragon asked in disbelief. In the entire realm of heavenly martial arts, you are the best at spiritual attacks. If even you are affected, then wouldn’t the others be sure to hit it?”

Yunxiao saw that the downtown he was in was the capital of Tianshui. Although he tried to keep his bystander attitude, he was soon brought into such a real environment.

“Bah! You piece of trash, get lost!”

LAN Fei kicked him in the face, sending him flying into a corner. His head hit the wall, and a lot of blood came out.

“Hahaha!” The crowd burst into laughter. They were all children of the kingdom’s nobles, and all of them had cruel smiles on their faces.

Yunxiao felt a sharp pain at the back of his head. He wiped it with his hand, and his palm immediately turned bright red. it’s so real. Is this really an illusion? ”

“An illusion? Haha, haha!” LAN Fei was convulsing with laughter. “Kid, you’ve been beaten silly. You actually said it was an illusion. Haha, everyone, let’s attack together and beat him into an idiot!”

A group of people laughed and rushed forward. Although these noble children were young, they all practiced martial arts and their fists were as hard as iron. Every time they hit his body, he felt a sharp pain. He gritted his teeth and did not make a sound, but his eyes were as bright as stars and filled with determination.

After a while, LAN Fei shouted, “this kid’s eyes are so annoying! Bring me a sword! I’m going to dig out his eyes!”

“Boss, this isn’t good, is it?” this kid is Duke Jingguo’s grandson, ” Du Feng said uneasily. it’ll be hard to explain to the Lord if we dig out his eyes.

“What are you afraid of?!” LAN Fei shouted. If the sky falls, I’ll block it. Sword!”

Yunxiao’s eyes were still wide open as he watched the bright sword coming at him, without the slightest fear.

“Zzzzzzz!”

LAN Fei stabbed the sword into Yunxiao’s left eye. The sword was too sharp, so it went through the back of his head.

“Ah!”

The surrounding people were so scared that they retreated. They had never seen such a scene before, and they all began to tremble.

A sharp pain came from Yunxiao’s head, and cold sweat dripped down his forehead. But, his eyes were still wide open as he said, ” “What a powerful illusionary technique. It actually strikes directly at the heart. Only those with a strong heart and soul could come out. You failed not because you were too weak, but because I am not li Yunxiao, but Gu Feiyang!”

After he finished speaking, his eyes suddenly turned into a demonic blood-red moon. Everything in front of him twisted in an instant. LAN Fei, the sword, the street, all disappeared. He was back on the bridge.

“Are you alright?” “yunxiao?” the demon dragon asked anxiously. he had shouted several times just now, but yunxiao did not respond. Now, he suddenly felt that his spirit had instantly withered, as if his spirit had suffered great damage.

yunxiao covered his left eye with his hand, covered in cold sweat. he shook his head and said, “I’m fine. The illusions here attack one’s soul directly and can’t be avoided. I’ve passed. There shouldn’t be any more danger ahead.”

He continued to stumble forward, and as expected, he crossed the bridge very quickly, and his figure was directly submerged in the night.

The eight people behind him were dumbfounded. Apart from the attack of the black mist, Yunxiao stood still for a while, then staggered through the passage as if he had been injured.

The group of people looked at it without thinking and did not seem to notice anything.

Helplessly, they could only walk up one by one. Since Yunxiao could pass through, they had no reason not to.

After crossing the bridge, Yunxiao rested for a while before he continued on. The area in front of them began to light up. It was a vast and boundless land. At the far end, there was an extremely small black dot that seemed to be a Palace.

is that the inner hall of soaring heaven King Palace?” Yunxiao looked into the distance, sweeping the land with his divine sense, but he found nothing unusual.

what the hell is this place? even divine sense can’t detect anything.

Yunxiao cursed and began to walk in. With one step, his face changed.

“A gravity array?” Yunxiao felt his body suddenly double in weight as he was tightly sucked into the earth.

gravity formation?” the demonic Dragon asked in surprise. it’s not a profound formation. What’s the point of setting it up here?”

Yunxiao’s face looked a little unsightly as he said, “But I didn’t find any formation in the range of my divine sense,”

“What does this mean?” the demon Dragon frowned.

Yunxiao exhaled and began to move forward with great difficulty. this means that the gravity array here was formed spontaneously and not by an array! A glint flashed in his eyes, and he said, “If I’m not wrong, there must be a piece of strange soil in this land!”

The so-called mutant soil was a variant of the earth element, just like the bluelotus Earth Fire, which was a variant of the fire element. They were all very powerful elements.

After taking a few steps, Yunxiao’s face changed again as he cried out in surprise, “What kind of earth element is this? The gravity had actually started to stack up, and now it was ten times stronger! With this speed, if he walked to the front of the inner hall, wouldn’t he have to face a million times the gravity? Who can withstand it?”

“What should we do then?” the demonic Dragon asked in shock. Unless you have the cultivation of a martial Supreme in the eight desolation realm and can open up your own space of comprehension, no matter how strong your body is, you can’t withstand it!”

Just as Yunxiao was about to say something, a few auras came from behind him. It was Cao Yaxing and a few others, but they did not see the shadow of Deng xianting from Red Moon City.

Xu Qing’s face was also very pale. He said with a bitter smile, “Brother Deng was careless and has already died.”

The faces of the other four men of the seven superpowers turned even uglier. After crossing that illusionary bridge, each of them was on the line between life and death, but it had actually struck their souls. Fortunately, these people were all decisive and determined people, so most of them passed.

Li Yunxiao, "Luo Qingyun said, "is there anything unusual about this flat land?" Your expression doesn't seem right."

The rest of the people also felt a chill in their hearts. There was no one in this damn place, but they could die at any time.

You'll know when you come up here," Yunxiao said with a wry smile.

Luo Qingyun's face was full of suspicion. He tried to take a step forward carefully, but a strange expression suddenly appeared on his face.

"Brother Luo, how is it?" Xu Qing hurriedly asked.

Luo Qingyun frowned and did not say a word. He sped up a few steps and reached a position parallel to Yunxiao. Suddenly, his expression changed as he said in horror, "How did this happen?"

The other six people looked at each other, not knowing what was going on, but they could only brace themselves and walk up. After that, all of them had the same expression of horror. According to the speed at which the gravity was stacking, they would be crushed to pieces before they could even reach the inner hall.

Cao Yaxing's expression turned ugly. "I know what's going on!"
