

The Eternal 311

Chapter 311

311 The Goldlight rat

Everyone's eyes fell on him, and Yunxiao was surprised as well. Even he could not see anything wrong here, so it was strange that the other party knew. However, the realm of heavenly martial arts was so vast that all kinds of strange things emerged one after another. Even if he was once a martial sovereign, it was impossible for him to know everything.

"Di tu!" Cao Yaxing gritted his teeth. On this piece of land, there must be a piece of soil that was growing! In my blood God Palace, there's a piece of the living soil with the same effect. It's just not as strong as this. This soil must be quite big!"

"What?" Luo Qingyun's expression also changed slightly, and he said in surprise, the Mother of Earth's breathing earth that nurtures all living things?!

The rest of the people also felt a headache. This kind of thing had almost gone extinct on the heavenly martial continent. How could it appear in this damn place?

"What's wrong, kid?" what's wrong?" the Dragon asked in confusion, as if he had sensed Yunxiao's surging emotions.

Yunxiao suppressed the excitement in his heart and said, "So it's the soil of the living. I must obtain such a rare earth Treasure!"

His divine realm tablet still had three major territories waiting to be activated. If he could obtain the soil of the living earth, it would be enough to become the formation eye of his earth territory. That thing was known as the mother Earth that gave birth to all living things!

It was said that the world was originally in chaos. When the world was first created, there was no land. Instead, it was a trace of Earth Qi of the five elements that was born in the chaos, which gradually developed into the soil of the living earth, which then developed into the earth and formed the current heavenly martial continent!

The value of such a heaven-born five elements treasure was not below that of the true Phoenix Fire!

The rest of the people were also amazed. Although the breathing earth was precious, it didn't have much use for them. They were only worried about how to pass through this flat land.

On the other hand, Cao Yaxing's eyes flickered with a strange light. It was obvious that he was also interested in the breathing earth.

Meanwhile, Yunxiao began to plan in his heart. He didn't expect the blood God Palace to have the soil of breath. If he couldn't get it here, he would go to the blood God Palace and snatch it.

Although the blood God Palace was not as intimidating as the seven superpowers, it was still an extremely powerful existence. Moreover, the cultivation techniques practiced by the people in the sect were extremely strange and evil. They all burned their blood as the price, and their power was extremely great. At least, with his current strength, it was impossible for him to go to the blood God Palace to snatch the soil of breath in a short period of time.

Lu Feng of the soul devouring sect took a few more steps forward. His face was getting paler and paler as he said, "Does anyone have any good ideas? If this goes on, we can only waste time here, and no one will be able to reach the other side."

"The only way to break the gravity restriction is to find the soil of breath," Xu Qing said.

Everyone knew this, but the problem was how to find it. After a moment of silence, Lu Feng of the soul devourers said, "I do have an idea, but it will cost me one of my precious treasures."

"What is it?" The rest of the people were staring at him. Liu Yongheng from the blade sect frowned and said, "At this time, what treasure is there to care about? As long as we can enter the inner hall, what treasure can't we have?"

Lu Feng seemed to be struggling as he said, "It's fine if you want me to waste this treasure, but when we enter the inner hall later, I must be the first one to choose a treasure."

Everyone furrowed their brows, as if this was a little difficult to accept. Who knew what the treasure inside was like? but if there was only one treasure inside, he couldn't just let him pick it. So, there was no sound at all, and they were all silent.

"I know what everyone's thinking," Lu Feng said. If there was only one treasure inside, they would naturally have to negotiate. However, if there are more than five treasures, I must first pick one."

"Sure, but you'll have to break through the gravity here first. Otherwise, you can forget about it!" Cao Yaxing snorted. The rest of the people also agreed.

Only then did Lu Feng bend down and hold up his right arm. An animal's totem tattoo appeared on his arm. After he poured his true Qi into it, the tattoo actually flowed down from his arm like water. When it fell to the ground, it immediately turned into a mouse and squeaked non-stop.

"GoldSilver rat?" no, " Yunxiao said in surprise. something is different.

Lu Feng looked at him in surprise and nodded,"You're quite knowledgeable. I'm an extremely special existence among the GoldSilver rats, called the Goldlight rat. It was born with the ability to find and devour treasures. When it encountered a treasure, its body would shine with a golden light. The higher the level of the treasure, the brighter the golden light. Furthermore, it is not affected by the divine power of the treasure and can directly devour divine power."

As expected, the moment the Goldlight rat landed on the ground, its entire body began to glow. After circling around a few times on the spot, he headed straight for the myriad Star Valley's forest, the golden light on his body dazzling.

Lin MU's expression changed slightly, and he revealed a shocked expression in his heart. He hurriedly kicked out.

"Brother Lin Mu, you must have an extraordinary treasure on you. My golden mouse will only emit such a light when it passes by the core disciples of the sect." Lu Feng smiled faintly.

The soul Devourer clan was one of the seven superpowers, so it was easy to imagine that their core disciples would have many treasures on them.

When the golden light rat saw the attack, it dodged it with great intelligence. It then charged toward Cao Yaxing, the light on its body growing even brighter.

Lu Feng's expression changed. brother Cao's treasure is even more powerful," he said in surprise. I've only seen such an intense light on a few times in my life. Moreover, I've only seen it on the elders of the sect.

The rest of the people looked at Cao Yaxing in shock. A treasure that only an elder of the soul devouring sect could possess, one could only imagine how heaven-defying it was.

Cao Yaxing's face darkened, and he said angrily, "hurry up and break the gravity. Do you believe I'll kill it with one palm?"

The Golden Rat seemed to have sensed his killing intent and scurried away while squeaking. This time, it actually ran toward Qian Wudi.

Qian Wudi was already on guard. He released his aura from a distance, and the pressure of a martial Grandmaster pushed the Golden Rat away, making it unable to get close.

"Hehe, brother Wudi is the eldest young master of the money Chamber of Commerce. I'm afraid the treasures on him will shock the world, right?"

Xu Qing said with a teasing expression.

Qian Wudi snorted coldly and didn't say anything.

The Golden mouse was blocked by Qian Wudi, so it had no choice but to sway its body, but this time, it headed toward Yunxiao.

The light on its body began to flicker gradually, becoming more dazzling than when it was close to Cao Yaxing. By the time it came to Yunxiao's side, one of the Golden mice had become almost transparent, and all that could be seen was a ball of bright light that was like the sun, making it difficult for people to open their eyes.

"?! What's going on?"

Lu Feng turned pale with fright and said in horror, "I've never seen such a light even when the elders in the sect used the sect's Saint weapons to cast the divine Art of praying to heaven!" You actually have a treasure that's even more powerful than my sect's Saint artifact?"

For a moment, everyone's eyes were fixed on Yunxiao, and all kinds of thoughts were running through their minds.

Cao Yaxing's face was even more shocked. The treasure in his arms was already considered an extremely powerful existence, but compared to Yunxiao's, it was like a fluorescent light competing with the sun and the moon.

Yunxiao smiled wryly. He did not expect the Golden mouse to be so magical. It seemed that he would have to raise one if he had the chance. When the time came, he would snatch it from whoever had the stronger treasure.

Lu Feng placed two fingers in his mouth and squeaked as well. It seemed like he was communicating with the Golden mouse. The Golden mouse squeaked a few times, then began to walk toward the inner hall. As soon as it left Yunxiao, the light on its body dimmed and gradually returned to its original state.

Lin Mu of the myriad Star Valley revealed a strange expression and coldly said, "it seems that we don't have to go to the inner hall to look for treasure. I think we can just Rob this li Yunxiao and we'll be done.

The expressions of the other people were all different. The eyes of the seven great sects flickered as they pondered. On the other hand, Cao Yaxing's face was indifferent, as if he had not heard anything. Xu Qing, on the other hand, revealed a meaningful smile. No one knew what he was thinking. Luo Qingyun, on the other hand, sneered. Qian Wudi was even more expressionless.

Yunxiao's face was calm, and he looked a little lazy, as if he did not care about Lin MU's words. His eyes were always on the Golden mouse, watching it gradually move forward.

The speed of the Golden rat's advance became slower and slower. A ball of yellow light appeared in its small mouth, and it was constantly moving as if it was devouring something.

Everyone watched patiently. Soon, the Golden mouse started to bite into the ground, and its body directly burrowed into the ground.

"They must have found it and started devouring it!" Lu Feng was overjoyed.

After a few breaths, the Golden mouse came out from another place. To everyone's astonishment, its body had grown twice its original size.

"Brother Lu, what's going on?" Lin Mu asked with a frown.

After the Golden Rat emerged, it walked on the ground for a while before starting to dig again. A moment later, when it came out from another hole, its body had grown once again.

Lu Feng was also a little confused. He said in shock, "This Suan NI's body grew in size because it devoured the divine power of the soil of breath. But, but I've never seen anyone go back and forth like this."

"Could it be because the soil of breath is spreading out in large amounts, so he's trying to find it and swallow it bit by bit?" Xu Qing asked.

"Right, that must be it!" Lu Feng clenched his fist as he came to a sudden realization. "Brother Xu is right!"

"That's impossible. The swelling earth is the most sticky substance in the world. It's impossible for it to disperse. If two pieces of breathing earth are together, they will definitely stick together and can not be separated without a strong force."

Lu Feng was once again stunned by the last word he had on the breathing earth. As he looked at the Golden Rat that was continuously drilling in and out of the ground, as well as its growing size, a bad feeling lingered in his heart.

Yunxiao stared at it for a while before he suddenly said, "I understand now, that piece of soil of breath is not here."

"What? What does Lord Cloudsky mean?" Xu Qing asked hurriedly. He knew that Yunxiao was not a simple man, and he would never speak without thinking.

"You don't know sh * t," Lu Feng said sarcastically, "if he's not here, then what did my Silverlight mouse swallow?" And what's with the gravity domain here?"

Chapter 312

?

312 Ninth tier profound armament

Cao Yaxing's heart skipped a beat. "Brother Li, do you mean that the living soil is hidden in the void and this is only the divine power he exudes?"

you can say that," Yunxiao said. the Golden Rat is drilling here and there because it can't find the soil of breath. However, I don't think it's in the void." He pointed and said, "the soil of breath should be in the inner hall." Someone had used a conversion array to transfer the divine power to this empty space. As long as we can enter the inner hall and keep the soil of breath, the gravity domain will naturally disappear."

"Hahaha!" "If I could enter the inner hall, would I still need to worry about breaking this gravity domain?" Lin Mu laughed out loud and said teasingly.

The rest of the people also sneered. It was as if the key was locked in the door, and as long as they went in and took out the key, they could open the door. This was simply nonsense.

“Then please, Lord Yunxiao, think of a way to enter and collect the breathing earth,” Luo Qingyun said, also feeling speechless.

“Ah!”

“My Goldlight rat!”

Lu Feng beat his chest and stomped his feet in pain. What made him feel even more pained was that he could not even break the gravity domain after losing such a precious treasure. In that case, his promise to pick a treasure first would naturally be void. The rest of the people looked at him gloatingly, feeling very comfortable in their hearts.

However, after a while, he began to frown again. If the gravity domain was not broken, he would have made a wasted trip.

Yunxiao smiled and said, “I also have a treasure. It seems to be able to solve this problem. If it’s opened, I’ll also pick one of the treasures inside first, what do you all think?”

“Of course!” Luo Qingyun was overjoyed. He knew Yunxiao’s character well, and he would never have spoken so easily if he was not confident.

Yunxiao took out a red crystal, which was dazzling under his eyes, and the sound of a heartbeat seemed to be coming from it.

“This is a Kasaya.”

The people around him were so shocked that they subconsciously took a few steps back. The demonic Qi coming from the stone actually made them tremble in fear, and all of them became extremely vigilant.

“Eh, isn’t this little Shi’s heart? How did you capture me?” The demonic Dragon was also very surprised.

“A small stone?” hehe,” Yunxiao laughed. that’s a good name.

He pointed with his index finger, and a few golden tadpole-like characters were imprinted into the crystal.

“Bang Bang!”

The beating of his heart became more intense, as if it was resisting something. His demonic power surged out, and the pressure was like a mountain. The people around him took a few steps back.

Yunxiao, on the other hand, had an indifferent look on his face as he continued to perform his incantation gestures. Soon, the heart gradually calmed down and returned to normal, and all the demonic aura was retracted.

The demonic Dragon was overjoyed and said,“little Shi’s strength is extraordinary. It’s the king of the stone beasts, and it has great evolutionary potential.” Now that he’s been subdued by you, he’ll be a great help to you before you recover your strength.”

Yunxiao gently threw the stone beast’s heart, which had calmed down, to the ground.

As if he felt some kind of power, his heart suddenly became excited. Bang Bang! The throbbing was even more intense than before, but this throbbing did not contain a strong sense of resistance like before. Instead, it was filled with joy and excitement.

His demonic energy surged again, and the earth seemed to be shaking with his heartbeat.

“What’s going on?” li Yunxiao! Lu Feng was shocked. what did you throw out? ”

Luo Qingyun’s expression also changed slightly. it should be the heart of some kind of demonic beast. What a strong and surging demonic power. It should be at least at the Martial Emperor realm!

The heart of a demonic beast at the Martial Emperor realm!

Everyone's pupils constricted. Yunxiao did have a lot of treasures!

he's summoning the earth elemental! the demon Dragon shouted. but the ground here is too hard! He can't summon it!

Yunxiao's pupils narrowed slightly as he smiled and said, "If that's the case, then I'll give him a hand."

With a flash of light, the purple shadow Qing suo sword appeared in his hand. It emitted a powerful weapon rhythm that was even stronger than the demonic power of the heart.

"What kind of treasure is this?"

The four people from the seven great sects were once again shocked. No wonder the Golden Rat had become almost transparent on his body, and each item was more powerful than the last.

Luo Qingyun and Cao Yaxing's hearts trembled. This purple shadow Qing suo sword was taken from Lu Qingcheng and Zhan fan, and the two of them had spent a lot of effort to achieve the dual sword combination, and the compatibility was extremely low. But now, in Yunxiao's hands, it seemed to be a whole entity, without the slightest sense of incompatibility.

"Sword Art-dawn light!"

Yunxiao raised the purple shadow Qing suo sword and gently slashed it down as if he was casually waving it. A purple sword beam gently streaked across the sky, flickering like a star that had emerged in the sky.

The entire earth cracked under the sword, and a huge crack appeared under everyone's feet. A large amount of gravel and dust rose into the sky.

Everyone was shocked by the power of the sword, but Luo Qingyun and the others looked fine. After all, they had seen Yunxiao's attack. Lu Feng and the other three were so shocked that their mouths were wide open. This Lao Ai, is this the strength that a martial King should have?

“Boom boom boom!”

The stone beast’s heart was beating happily. A large number of stones gathered towards it and kept compressing around the heart, forming a new body.

The whole process only took a few breaths, and a brand-new body was formed. It was only two meters tall, but Yunxiao felt that it was much stronger than the mountain-like body he had before.

“The earth here has absorbed the aura of the breathing earth for who knows how many years. It is no longer ordinary soil. This time, little Shi’s misfortune turned into a blessing. When he completely absorbs the Qi of the breathing earth, it won’t be a problem for him to advance to the nine Heavens realm.” The demonic Dragon felt emotional and was happy for him.

After the stone beast finished its reconstruction, it strode toward the inner palace. The gravity domain of the soil of breath was also effective on him, but it was a positive energy that kept compressing his body. From more than two meters, he had lost half of his body. Soon, a large number of stones filled up the gap and compressed again. This repeated, it was like a kind of cultivation that was reborn, making his body constantly pure.

By the time he reached the inner hall, his body had once again returned to a height of more than two meters, but he was much stronger than before.

Everyone’s hearts were in their throats, and they were all surprised and overjoyed. He was happy that someone had finally passed. As long as he collected the breathing earth, he would be able to pass. They were shocked by such a powerful demon beast. If it listened to Yunxiao’s command, all of them would not be its opponent even if they joined forces!

Just as the group of people were feeling uneasy, the stone beast smashed the door of the inner hall with a punch and walked in directly.

A moment later, everyone felt their bodies become light. The domain had indeed disappeared. One by one, they were overjoyed and hurriedly ran towards the inner hall, afraid that someone else would get there first.

“This is a Kasaya.”

As soon as everyone entered the inner hall, they all revealed shocked expressions.

The inner hall was actually shining with light, and several extraordinary treasures were rotating around the hall. The fluctuations emitted from each one of them made people’s hearts palpitate.

There were a total of five treasures-sword, Bell, spear, mirror, and banner. They were placed in the four corners and the center of the hall.

Under the central sword, a purple cauldron was emitting a strong fragrance that filled the entire Hall.

On the ground around the purple cauldron, all kinds of golden patterns spread out, and there was a constant flow of light. It seemed to be an extremely large array.

As for the stone beast that had entered earlier, it was lying motionless on the purple cauldron. Its appearance was very clumsy and funny, as if it was being sucked in by something and could not move at all.

“Gulp!”

Luo Qingyun swallowed and said in shock, ” “This, this is a formation?”

Everyone was dumbfounded. They didn’t expect the inner hall of the Xumi divine Palace to be just an array. Furthermore, the thing that was maintaining this array was actually a fifth tier and ninth tier profound armament!

A fanatical look immediately appeared in their eyes as they stared at the five floating treasures. They were all so excited that they found it difficult to hold on.

From the ancient taste and the fluctuations of the weapon's rhythm, this was definitely a ninth tier profound armament without a doubt!

There were five ninth-tier Mystic artifacts at once. Even on the entire heavenly martial continent, they were rare existences. Even a Nine Heavens Martial Emperor might not be able to possess it. If any ninth tier profound armament appeared on the continent, it would stir up a storm of blood.

At this moment, there were five of them in front of everyone!

All of a sudden, they were all restless and excited.

stop! Yunxiao suddenly shouted. don't forget that I'll pick first!

Everyone's heart suddenly trembled, and an inexplicable anger welled up in their hearts. They all stared at him. There were a total of five pieces of ninth tier profound armaments, but there were nine people present!

"What a joke! There's a total of five profound armaments, so don't even think about getting them first!" Lu Feng was the first to object.

Cao Yaxing's face was also cold as he said, "If there's a total of nine, you should go first."

This time, Luo Qingyun also stood on the opposing side and became vigilant. If a fight were to break out later, it would definitely be earth-shattering and the entire inner hall would be destroyed. He had already made preparations to snatch the treasure at the first moment.

Xu Qing also calmed down. He said, "that's right. Five profound level weapons and nine people. Hehe, this is interesting.

Yunxiao stared ahead, his eyes flashing. you guys can take these five profound level weapons. I don't want them.

“What?” Everyone was shocked. Luo Qingyun said in surprise, “Are you serious?”

of course! Yunxiao said indifferently. “What I want is this purple cauldron!” He pointed ahead.

Their pupils shrank and they looked at the cauldron. They were so focused on the five profound level weapons that they had forgotten about the purple cauldron. It seemed that the five treasures were most likely refined by this cauldron, and their value was definitely higher than the other five items.

Chapter 313-using our own methods

“No! This purple cauldron is obviously extraordinary, how can you take it just like that!”

Lu Feng was the first to object. this is also considered a profound level weapon. Six pieces and nine people will split it. We must come up with a solution!

“Not bad!” Cao Yaxing’s eyes lit up as well. looking at the stone beast, it’s not moving at all. It’s very likely that the swelling earth is inside the purple cauldron!

“Demon slaying!”

die! Yunxiao cried out as his aura turned cold and his killing intent surged out. Without saying a word, he unsheathed the purple shadow Qing suo sword in his hand and slashed down. A Dragon’s Shadow whistled through the air, like a group of demons baring their fangs and brandishing their claws, while a sword beam swept across the sky and smashed down.

Luo Qingyun, Cao Yaxing, and Qian Wudi’s pupils contracted, and they were so shocked that they felt a chill run down their spines. They had just experienced this sword attack not long ago, and it was the demon Slayer that the Dragon Soul had unleashed!

And the Dragon formed by the sword Qi in the air was the demonic Dragon from earlier!

How was that possible? The two of them had a buzzing sound in their heads at the same time. Did he subdue the demonic Dragon and turn it into his sword spirit?

This guess was like a bomb, blasting their minds blank. Not to mention how he had tamed the demonic Dragon, it was a ninth-rank existence. With the ninth-rank purple shadow Qing suo sword and Gu Feiyang's demon-slaying sword, who could rival him?

Lu Feng instantly felt as if he had fallen into an ice cellar. His entire body turned icy cold. Under the sword aura, he could clearly sense the arrival of death. Unwilling to just wait for death, he suddenly roared and exerted all his strength to the peak. A golden staff appeared in his palm and blocked the sword light.

“BOOM!”

The momentum of Yunxiao's sword was unparalleled. Although Yunxiao only had the strength of a one-star martial King, he had a profound level weapon and a sword spirit in his hand. In fact, Lu Feng, a mere martial Grandmaster, could easily block the attack of a Demon Slayer. In an instant, he was sent flying more than 100 meters away, and his body was reduced to ashes by the sword light.

“?!”

The remaining three men from the seven major sects felt a chill run down their spines. They hurriedly drew out their weapons and formed a triangular formation, staring at Yunxiao with livid faces, their foreheads covered in cold sweat.

No matter how well prepared they were, they did not expect Yunxiao to be so powerful that he could kill Lu Feng with one sword strike. Their strength was on par with Lu Feng's. Even if they were to join forces, their hearts were still hanging in midair, and they were completely uncertain.

At this moment, the inner hall collapsed and the entire cauldron fell to the ground. The five profound level weapons were still floating above the main hall, as if they were not affected at all. However, everyone's thoughts were all retracted. Everyone was in danger and didn't have the mood to care.

Yunxiao casually put away his sword and said, “Everyone, don't be nervous. Just now that fellow said that there were too many people and too little porridge, I just wanted to reduce the number of people. It's great now, six treasures for eight people, it's easier to split it than before.” He glanced at everyone and said coldly, “I want this purple cauldron now. Does anyone have any objections?”

“I have no objections,” Luo Qingyun replied in a deep voice. Since that’s the case, I’ll take this spear!” Before anyone could react, he had already stepped over and grabbed the spear on the cauldron.

A beam of light shot out from the cauldron and blocked Luo Qingyun’s body. Demonic Qi shot out from his eyes. At this moment, his body underwent a demonic change. The nails on his five fingers became extremely sharp. He punched out in the void and immediately pushed back the light. He took the opportunity to withdraw and firmly grabbed the long spear, then hurriedly retreated.

The long spear let out a series of cries and struggled in Luo Qingyun’s hand, trying to escape.

“Artifact Spirit!”

Everyone was shocked, it was actually a profound level weapon with a weapon spirit! For a profound level weapon to give birth to a weapon spirit, it had to be at least an eighth grade existence. Looking at the ancient weapon rhythm emitted by the spear, it was confirmed to be a ninth-tier weapon without a doubt. For a moment, everyone’s hearts were filled with excitement.

“You want to leave? Hmph!”

Luo Qingyun’s cold and arrogant eyes flashed with a trace of ruthlessness. His entire body completely transformed into a demon, and all his strength poured into it to suppress the weapon spirit in the spear!

“There’s actually a Dragon bloodline?” The demonic Dragon exclaimed. He could also feel the power of the blood, but it was too impure. He said, “Don’t tell me that the Dragon blood in your body was taken from him?”

there are too few people with dragon blood, ” Yunxiao said with a smile. in the future, you’ll have to rely on his blood to build your body.

The demonic Dragon fell silent upon hearing this, as if he was deep in thought.

At this moment, the spear in Luo Qingyun's hand finally quieted down after a violent struggle, as if it had submitted to his demonic power.

Luo Qingyun hurriedly sat down cross-legged and imprinted his spiritual sense on it, then took it back into his body and began to refine it.

The remaining five people all stared at the four treasures and paid attention to the other people's every move, afraid that someone else would try to snatch them. At this moment, there was only a sword, an armor, a mirror, and a large bell that were still spinning non-stop, emitting a threatening spiritual aura.

Cao Yaxing crossed his arms in front of his chest and said, "If you want to seize the treasure, you have to rely on your own strength. I have no problem with Yunxiao taking the cauldron, and I have no problem with Luo Qingyun taking the spear. If any one of you five wants to take it, I'll have a problem with it."

what?" Xu Qing frowned and said, "you mean, the next one who's qualified to take the item will be you?"

A hint of pride flashed across Cao Yaxing's eyes as he said coldly, "Naturally! If you're not convinced, you can come up and try!"

Qian Wudi's face turned cold as he laughed, "Interesting. I'm very interested in tasting brother Cao's blood-ignition art."

The two of them sandwiched Cao Yaxing in the middle, and the atmosphere suddenly became tense.

"Hmph, the three of us are not convinced either!"

Liu Yongheng sneered and said, "in terms of sects, your Blood God Palace is nothing." In terms of strength, hehe, the three of us really want to try."

"You three want to fight me together?" Cao Yaxing mocked.

Liu Yongheng sneered. why? are you afraid? ” This isn’t a one-on-one fight. Without you, it’ll be easier for the five of us to split the rest. What do you all think?”

Lin Mu and Geng Qiu both nodded happily. Although the seven major sects didn’t see eye to eye with each other, they still had a sense of superiority when they faced external enemies together.

Xu Qing frowned and laughed. I would like to, too. However, Cao Yaxing’s strength is extraordinary. I’m afraid that he might kill me instead.

Qian Wudi laughed, ”working together with you pieces of trash, what a joke!”

Liu Yongheng sneered. if that’s the case, then you can just watch from the side. However, I’m afraid it’s not that easy to take advantage of the situation! He had already made up his mind to kill Xu Qing and Qian Wudi after he had dealt with Cao Yaxing. This way, the three of them could still share one more treasure.

“Li Yunxiao! What are you doing?”

Cao Yaxing suddenly let out an angry roar. He raised his hand and a red light shot toward the array.

He saw Yunxiao standing in a corner, and with a few incantations, he put away the bell-shaped Mystic artifact. The light in the hall immediately dimmed again, and the operating array seemed to be affected, becoming somewhat dazed.

Yunxiao laughed and dodged Cao Yaxing’s attack with a few flashes in the air, then went straight for another profound level weapon-the armor. “Whoever has the time to share it with you will get it!” He laughed.

He was furious!

The other six people were all furious and no longer bothered to attack, rushing to be the first to rush into the formation.

Three of the five profound level weapons were left, and Yunxiao had already caught the armor and began to refine it.

Cao Yaxing instantly turned into a ray of blood-red light and rushed toward the sword at an extremely fast speed. Just like Luo Qingyun, he was met with some resistance, but he was already mentally prepared. With a slash of his blood-red blade, he held the sword in his hand and put it away.

The other five were very anxious and rushed towards the purple cauldron and the mirror in the center.

Qian Wudi threw out a gold coin, which expanded in the air and was about to cover the treasure realm.

Xu Qing's face was serious. He stepped on the ground, leaving a few afterimages in the air. He threw a punch at the gold coin, which immediately shook it away. Then, he opened his big hand and grabbed the mirror.

"Hmph, you're looking for death!"

Qian Wudi's palms glowed brightly, and the two fist shadows spread out in the air before suddenly merging into one, pressing down on Xu Qing like a mountain.

Xu Qing's expression turned serious, and a Jade ruler appeared in his hand. He dodged it with a threatening chill, grabbed it in his hand, and struck at the fist shadow. Tens of thousands of ruler shadows flashed around the mirror, seemingly endless, overlapping layer by layer.

Liu Yongheng and the other two were shocked. They had intended to join in the fight for the mirror, but they saw the overwhelming shadow of the ruler falling. Each shadow seemed real and carried a bone-chilling coldness, which made them tremble with fear. They hurriedly changed their direction and went to the purple cauldron.

The stone beast's huge body was still clumsily lying on the purple cauldron, motionless, as if it were dead.

In the beginning, the three of them were still very apprehensive, but they had no other choice. They could only take the purple cauldron, so they could only brace themselves and charge forward.

“Woof! This is Yingluo.”

The three of them were shocked to see the head of the stone beast buried in the purple cauldron, almost covering the lower half of the space. Its slightly raised face was full of pain. It opened its mouth wide, and a dark yellow object was contained in it. It emitted a heavy ancient charm that made its whole body tremble!

“Breathing earth!”

Liu Yongheng cried out involuntarily, and his eyes were filled with greed.

It turned out that the stone beast had followed the aura of the breathing earth and wanted to swallow it in one gulp. In the end, it was fixed in place by the breathing earth and lay on the purple cauldron in extreme pain.

The value of the soil of breath was so great that it was even above that of a ninth tier profound armament!

His shout immediately attracted the attention of Luo Qingyun and the other two. They also rushed over at the first moment.

Qian Wudi and Xu Qing were locked in a fierce battle above the purple cauldron. Although they were also shocked, they couldn't separate their hands.

Lin Mu and Geng Qiu didn't say a word and grabbed into the stone beast's mouth.

Suddenly, a beam of light bloomed from the stone beast's mouth. The soil of breath became extremely bright and the light shot in all directions, completely covering the weakening light of the formation in the entire Hall. Everyone felt a vast ancient charm, like the virtue and stability of the Earth, fluctuating in all directions.

Chapter 314-specter

As the radiance of the breathing earth shot out, the entire Hall became a mess. Everyone felt as if they were being suppressed by a huge force. They could not move at all. It was as if their hearts had stopped beating at this moment. The whole world had stopped.

After an unknown amount of time, the light gradually dissipated, as if the energy of countless years had been greatly released at this moment. The entire Hall returned to its calm.

“What happened just now?”

Everyone was filled with questions as they stared at the purple cauldron.

The first to react was Xu Qing. He took advantage of Qian Wudi’s distraction to quickly grab the mirror and put it into his own pocket.

f * ck you! Qian Wudi was shocked. He looked at the smiling Xu Qing and rushed up in anger. They started fighting again.

Liu Yongheng and the other two regained their senses and hurriedly reached out to grab the soil of breath.

At this time, the stone beast lying on the purple cauldron suddenly bit down, and a wave of demonic Qi spread out from its body, blocking the hand gestures of the three people. The soil of breath was swallowed into his stomach.

“Ah?”

The three of them were instantly dumbfounded, and Luo Qingyun and Cao Yaxing, who had rushed over, were also completely stunned. They looked at the extremely demonic stone beast, not knowing what to do. After a brief pause, Yunxiao burst into laughter and said, “Everyone, I’m really sorry. I’ll be taking the soil of breath.”

“If that’s the case, then this purple cauldron is mine!”

A cold glint flashed across Cao Yaxing’s eyes. With a wave of his hand, a blood flag suddenly appeared in his hand and shot across the sky. The entire heaven and earth turned blood-red and enveloped the purple cauldron, the stone beast, and Liu Yongheng.

Just as Liu Yongheng and the other two were about to take the cauldron, they suddenly saw a blood light soaring into the sky. They felt a large amount of resentment and a sea of blood gushing out from the blood flag, which besieged the three of them in an instant. They were immediately shocked and said, “ not good! This is such a vicious creature! Everyone, let’s work together to break it!

Liu Yongheng roared and pulled out his long sword, slashing at the blood light around him. The sword light turned into thousands of rays and immediately cut open a passage in the surroundings, preventing the resentment and blood sea from invading.

Lin Mu held a millstone in his hand, which transformed into a small mountain in the air. Its awe-inspiring might shook away the surrounding sea of blood, and it blasted towards the battle flag.

Geng Qiu’s palms continued to strike out, and streams of Xuan Yin cold Qi lowered the surrounding temperature, freezing the space. The power of his fist condensed into a huge fist shadow, which was thrown towards Cao Yaxing.

The three of them were all from super forces. Although they usually had their eyes on the top of their heads, their skills were still extraordinary. With their combined forces, they were able to suppress Cao Yaxing and gain the upper hand in an instant.

“Grand Blood Incantation, a sea of blood!”

Cao Yaxing’s face stiffened, and his body turned red again. He turned into a blood-red light and rushed into the blood flag.

Geng Qiu’s ice-cold fist shadow was shattered by the blood Qi, and the sea of blood around him began to boil and surge toward him. At this moment, he turned into a huge Blood God. With a flip of his palm, the clouds surged and rumbled as they covered Liu Yongheng.

“Not good, the sword has transformed into ten thousand DAOs!” Liu Yongheng gritted his teeth and his sword Qi soared to the sky, trying to break the huge Blood God’s palm print.

“BOOM!”

Under the impact of the two forces, Liu Yongheng spat out a mouthful of blood and flew backward. He was already seriously injured.

Luo Qingyun sneered. His figure shuttled through the blood flags and arrived in front of the purple cauldron first. His palm was like a millstone as he grabbed the purple cauldron.

After putting away the armor, Yunxiao stepped over in the air and shouted, “Little stone, kill him!”

When the stone beast received his order, its dark eyes instantly burst with killing intent and it threw a punch at Luo Qingyun. However, his entire body was not in a good state. It seemed that after swallowing the breathing earth, he was gradually losing strength. Although he was a martial monarch powerhouse, his punch did not seem to have much strength.

Even so, Luo Qingyun still dodged in horror.

Even with his true dragon Avatar, he did not dare to take a punch from a Martial Emperor.

Taking the opportunity, Yunxiao took a few steps forward and landed on the purple cauldron. A few tadpole-like characters flickered in his hand, then he pressed them down on the cauldron.

“You’ve already obtained two, and there’s still the soil of breath. You’re still greedy and want to snatch it. Damn it!”

Cao Yaxing went crazy. He waved the blood flag in his hand and threw it at Yunxiao. The millions of blood beams and countless grievances in the flag whistled down, as if they were going to turn the hall into hell.

Yunxiao seemed to turn a deaf ear to the attack. Instead, his pupils suddenly opened as he looked into the purple cauldron, as if he had seen something extremely terrifying, and his face turned horrified.

The stone beast raised its head weakly and looked at the blood flag falling down. It roared with all its strength and raised its fist to smash it. Its huge body also jumped up and stood in front of Yunxiao.

“BOOM!”

When the sea of blood hit the stone beast, the Martial Emperor demonic beast was instantly smashed into pieces. Its body broke into pieces and fell to the ground.

A large number of stones were struggling to gather on the ground, trying to form a human figure again, but it gave people a feeling that it was beyond their power. They could only form a pile of stones and slowly moved toward Yunxiao.

Cao Yaxing was taken aback as well. He did not expect that he could disperse a demon beast at the level of a Martial Emperor with one strike, which surprised him greatly. But soon, he raised the battle flag again, and the sea of blood surged toward Yunxiao.

Yunxiao still paid no attention to what was going on around him, but kept his eyes fixed on the cauldron. The cauldron began to emit beams of light that shot out in all directions, and one after another, obscure golden tadpole-like characters kept flashing and transforming, as if narrating a past.

The sea of blood surged up in an instant, forming a terrifying face that opened its mouth and swallowed Yunxiao.

All of a sudden, the purple cauldron began to exude an ancient aura, and the light suddenly intensified. Just like the breathing earth, the light began to spread in all directions. The light seemed to be extremely Holy. Wherever it passed, all the filth was purified, giving people a warm and holy aura.

Cao Yaxing's blood sea was the nemesis of this aura, and it was instantly purified by the light. The entire Blood God flag was greatly damaged, and it even showed signs of dissipating. He was so frightened that

he hurriedly waved his hand to call it back. As soon as he touched it, he felt that the blood Qi had been reduced to a frightening extent. He stomped his feet in distress.

In the distance, Liu Yongheng, who had been shaken off by Cao Yaxing's blood sea, was stained with filthy blood. He was struggling to use his genuine Qi to resist it, but under the illumination of the light, it was completely purified. He felt that his injuries had recovered by more than half in an instant.

"What is this light?"

Everyone was shocked, even Qian Wudi and Xu Qing stopped fighting. They were standing a distance away from each other, watching each other vigilantly, but they were both shocked by the purple cauldron.

Finally, the light became weaker and weaker. Just like the breathing earth, it slowly dimmed and finally dissipated.

At the end of the Holy Light, a wisp of black Qi gradually emerged and gathered above the purple cauldron.

Yunxiao's face turned pale as he stared at the black mist. He swallowed with difficulty and said in a daze, "We're done for, we're in big trouble!"

The others frowned and looked at him in confusion.

Yunxiao gently patted the cauldron, and the entire cauldron was lifted up by him. With a few flickers of his hand, it was directly put into his glabella.

"You took three treasures and the breathing earth by yourself! You've really gotten into big trouble!" Cao Yaxing said angrily. If you don't spit out two items today, don't even think about leaving the inner hall!"

The other people also quickly surrounded him. This was especially so for Qian Wudi and the three people from the seven superpowers who didn't even get a single treasure. Their faces were all ashen and extremely cold.

Yunxiao, on the other hand, looked up at the black mist, which was still rolling in the air, with a bitter expression on his face. "Do you know what this is?"

Luo Qingyun frowned and said, "isn't it just a ball of black Qi?" But it feels quite evil and doesn't seem simple."

The other people also noticed the strangeness of the black Qi and frowned, observing it themselves.

runes kept flashing in the cauldron just now," Yunxiao said with a wry smile. I only understood part of the content. It meant that the Xumi divine Palace was originally built to suppress this cloud of black gas. The five ninth tier profound armaments and the swelling earth that we took away were the core of the formation. This ball of black Qi, on the cauldron text, is called a 'demon'!"

This time, everyone's expression changed greatly.

They had actually used the entire Palace, along with five pieces of ninth tier profound armaments, as well as the precious living earth to suppress the object. Just thinking about it made one's hair stand on end!

what?" Xu Qing was shocked. this kind of formation, could it be suppressing the experts of the ten directions divine realm?"

Cao Yaxing's face turned ugly as he stared at the black ball and said, " "This Xumi divine Palace has existed for tens of thousands of years. Even if it was suppressing an immortal state expert, he would have been turned to dust long ago. Now, all that's left is this mysterious black Qi. He's probably already dead, and only a ball of energy is left."

This statement was acknowledged by everyone. Although the ten directions divine realm had long disappeared from the heavenly martial continent, there were still many divine realm experts recorded in the history books over the years. However, who could resist the erosion of time and remain immortal?

Yunxiao's face was still unsightly as he shook his head and said, "You're all thinking too simply. I've encountered this black Qi a few times. It seems to be a different kind of energy from a martial artist's Zhen Qi. Some are pure energy, while some seem to have spirituality."

Yunxiao did not dare to say too much. At the moment, there was a wisp of black gas sealed in a Jade box on his body. It was very tiny, and it was extracted from the quota crystal.

Moreover, his death in the tiandang mountains was also related to this black energy.

He had a vague feeling that he was gradually uncovering a very dangerous secret, and the Xumi divine Palace's suppression formation that he had broken today might have already caused a great disaster!

"Spirituality? Hmph!"

Liu Yongheng sneered and said coldly, "This is clearly a body of pure energy. How can it have spirituality? You've collected four treasures by yourself, don't even think about changing the topic!"

Lin Mu and Geng Qiu also stood firmly behind Liu Yongheng, staring coldly at Yunxiao.

Chapter 315

?

315 Joint suppression

At this moment, the black Qi in the air suddenly condensed into the shape of an arm, which became clearer and clearer.

"What's going on with this Yingluo?"

Everyone was taken aback. The arm condensed from the black gas suddenly shot down toward Yunxiao at a speed that was so fast that it reached him in the blink of an eye.

Yunxiao was very wary of this thing, so he had been keeping an eye on it. With his true energy surging, he threw out a great wind and cloud Palm.

The wind and clouds in his palm suddenly rose, and the light shone brightly!

Within the eight directions, the wind and clouds are up to me!

The black arm was blocked by the power of wind and cloud. It changed its direction with a whoosh and shot toward Liu Yongheng, who was the closest to him.

“Ah!”

Liu Yongheng let out a miserable cry. The arm formed by the black gas rushed into his chest and disappeared.

However, there were no injuries on his body. His face became extremely painful, but it quickly became calm. The aura of a martial arts Grandmaster gradually extinguished and he returned to the state of an ordinary person.

“Swish!”

This time, everyone’s face turned pale and they retreated.

Especially Lin Mu and Geng Qiu, who were the closest behind Liu Yongheng. They jumped more than ten meters away with a “whoosh” and watched from afar, their faces full of shock and fear.

Yunxiao’s face had never looked so serious as he suddenly cried out, “It’s still alive! Everyone, let’s work together and suppress this thing again! Otherwise, we’ll all be finished!”

He knew how terrifying this thing was. A golden light flew out of his hand and spun in the air. It formed a simple array and flew over, trapping Liu Yongheng.

However, the moment the golden light touched Liu Yongheng's body, it dissipated into specks of fluorescent light and dissipated in the air.

All of a sudden, Liu Yongheng's right hand turned pitch-black, as if there was a ball of black air floating in it. The aura on his body also began to change. His aura spread out, giving people a sense of oppression.

"Could it be that he has possessed someone else's body?" Luo Qingyun asked in horror.

Lin Mu and Geng Qiu were both shocked. They looked at each other and said, "You guys took all the treasures, so what does this have to do with us? This Grandpa won't keep you company!"

The two of them immediately turned into a ray of light and headed out of the hall.

It was obviously impossible to get any more benefits at this moment, so there was no need to stay in this dangerous and strange place.

"Bang!"

Suddenly, a huge tremor came from above the entire Hall. It was as if the earth was shaking and the mountains were shaking. The door of the inner hall closed with a loud bang. Lin Mu and Geng Qiu were directly locked inside, unable to go out.

Everyone was shocked. It turned out that Liu Yongheng's clenching of his right fist had produced such a huge fluctuation. His expression and eyes began to gradually become strange. His eyes, in particular, began to turn light blue.

"As expected, it's a devil!"

The demonic Dragon transmitted a message with a very serious tone, "I just don't know how strong this devil is. If I can't suppress it, it's better to leave quickly!"

The serious look on Yunxiao's face did not fade. He observed carefully and said, "Judging from his aura, he's only at the level of a martial King. However, it gives off an indescribable sense of pressure."

"Brother Yongheng, we both belong to the seven great powers and have always been on good terms. Please let brother Geng and I go," Lin Mu said loudly at the entrance of the Great Hall.

He shouted several times, but Liu Yongheng was still expressionless. He clenched his right hand tightly, and the black gas on it kept surging, as if he had not adapted to his body.

Qian Wudi's expression was solemn as he snorted coldly, "He's already been possessed. Brother Yongheng? tsk!"

Lin MU's expression changed. He cupped his fists and said, "Senior, we had an extremely good personal relationship with your cauldron when it was alive. The treasures that were used to suppress senior are all on these people. It has nothing to do with the two of us."

The faces of Yunxiao and the other three turned extremely strange, as they all sighed in admiration of Lin MU's shamelessness.

Liu Yongheng finally opened his eyes slowly. There was a "Gu Gu" sound of bones in his throat. It seemed that he wanted to say something, but he had not spoken for too long and did not know how to pronounce it.

"Noisy, noisy, Cang, flies fly fly fly fly fly fly fly fly"

He raised his right hand and pointed at the forest as he spoke in a hoarse voice, "Y-you're, y-you're a fly."

Lin Mu looked at his calm eyes and was pointed at by the other party's Black finger. He felt a burst of goosebumps in his heart and shifted his body slightly to avoid being exposed to that extremely uncomfortable aura.

"Whoosh!"

Suddenly, a gust of wind blew across the hall, followed by Lin MU's miserable screams. Liu Yongheng rushed up at an extremely fast speed and grabbed Lin MU's neck with his right hand. A troublesome sound of bones breaking was heard, which was like the sound of beans being fried.

"So fast!"

Everyone was shocked and felt a chill in their hearts. He had just been slightly careless and a Wu Zong had been killed by him!

Geng Qiu was so frightened that he screamed and ran away in a hurry. He jumped to Luo Qingyun's side, his eyes full of fear and his face as pale as paper.

Liu Yongheng threw away Lin MU's corpse and began to twist his head clumsily. From time to time, he would slap his head with force and mumble to himself, "What, you can't remember. Who was it? Who am I? Where? Where is this place?"

His eyes were filled with deep confusion, but what was terrifying was that with every slap, his head would burst out with a "bang". After a few slaps, his head had basically collapsed, and his brain matter was flowing out. However, he still had a confused look on his face.

"Gulp!"

Everyone swallowed their saliva, and their feet involuntarily moved back. Although the aura he exuded was only at the level of a martial King, he had just easily killed a martial arts Grandmaster. No one dared to provoke him.

Liu Yongheng turned around and his gaze swept across the crowd. He said in a hoarse voice, "This, body, is not good." Yunxiao! he pointed at Yunxiao and said, "your ... Body ... Is very good. Then, he pointed at Luo Qingyun and said, "your ... Body ... Is also good." &Nbsp;

Luo Qingyun couldn't help but take a step back. His face was also livid as he said, "Everyone, what should we do? Let's kill him together before he gets used to this body!"

if it could be killed," Yunxiao said with a wry smile, "why would the master of the Xumi divine Palace arrange such an exaggerated method to suppress it?" "I suggest that everyone take out all your treasures and suppress him again!"

A look of struggle flashed across Xu Qing's face, and he finally said, "Good! As long as you're willing, why would I be reluctant? However, the suppression formation has already been destroyed, so how do we do it?"

although I don't understand this array," Yunxiao said, "I know a few sets of extremely powerful arrays. As long as we work together, we should be able to seal it again!"

"Alright!"

Everyone felt that this matter was unusual. If they did not work together, it was very likely that they would all die here today, so all of them wore extremely solemn expressions.

Yunxiao's forehead flickered, and the purple cauldron flew out again, spinning in the air. All kinds of spiritual arts flew out from his hands like snowflakes and imprinted themselves on the purple cauldron. Every time he cast a spiritual art, it would emit a light.

Everyone's expression became aghast.

The other people still had to use their true Qi to suppress the ninth-tier profound armaments that they had just accepted. Otherwise, they would have already broken out of their bodies and flown away. If they wanted to completely refine it and use it for themselves, with their cultivation, it was impossible without several years, or even several decades.

But, Yunxiao had just taken it and used it?

This Kasaya

Everyone's eyes popped out in shock!

In fact, Yunxiao was also barely able to use it. He had only been constantly sensing the weapon essence of the purple cauldron and helping it gradually activate itself. Otherwise, with his cultivation base of a martial King, it was impossible for him to use it.

“Roar!”

Liu Yongheng looked at the purple cauldron in the air and suddenly trembled. He roared and seemed to have gone crazy.

The pair of light blue eyes gradually became as deep as the sea, and his right hand was shrouded in black Qi. It trembled non-stop, and he kept howling, “cauldron of mountain and river, cauldron of mountain and river!

It was only then that Yunxiao learned the name of the purple cauldron. Mountains and rivers!

“Everyone, suppress him! I’m going to set up the formation!”

Yunxiao gave a loud cry as his body flickered with a golden light. All kinds of dark runes emerged one after another, forming a series of arrays that shuttled back and forth in the air. Every single character contained the laws of heaven and earth and was filled with great power.

These characters and symbols connected together in the air, forming formations of various sizes. They quickly expanded, and the entire inner hall began to become bright and resplendent.

The rest of the people were stunned for a moment, but they didn’t dare to be careless and attacked one after another.

Although Liu Yongheng’s movements looked clumsy, the scene of him easily killing Lin Mu had not dissipated in front of everyone’s eyes. Only the heavens knew how powerful he was.

“Blood God flag, unfurl!”

Cao Yaxing opened his hands and raised the terrifying battle flag. A sea of blood spread out, forming a sharp contrast with the golden light of Yunxiao's array, and then it fell toward Liu Yongheng.

The sea of blood was filled with resentment and turned into all kinds of terrifying faces that bit at Liu Yongheng.

"Bang!"

"Bang!"

"Bang!"

The terrifying blood-red faces rushed forward one by one, but before they could touch Liu Yongheng, they exploded and turned into blood beads. Liu Yongheng was still standing there with an excited expression, staring at the cauldron of mountain and river above Yunxiao.

Cao Yaxing's expression changed drastically, and the rest of the people were also shocked.

Everyone had witnessed the power of the blood God's flag, but it couldn't even penetrate the man's body. Could he really be a godly state expert?

Yunxiao's pupils constricted as he cried out, "Everyone, don't panic! His cultivation level is not high at the moment, only at the martial King realm. Let's suppress him together. My formation is already complete!"

"Nine Heavens douzhuan devil subduing formation, seal!"

Yunxiao gave a loud cry, and golden light flickered all over his body as the connected arrays were activated in succession.

The golden light was passed down one by one, and the light was dazzling. His hands didn't stop at all, and all kinds of hand seals flew out. The entire formation began to shrink and press toward the center, with great momentum of subduing demons!

Chapter 316-recovery

It was only then that Liu Yongheng seemed to have noticed something. His blue pupils dilated slightly, and the devil energy in his right hand surged. He squatted slightly, then his body shot out and grabbed at Yunxiao.

It seemed that his skills and thoughts were gradually recovering in the constant fighting.

“Swish!”

Suddenly, Luo Qingyun appeared in front of Yunxiao and stared coldly at Liu Yongheng. A true Dragon's Shadow appeared and flickered around him, then he formed a seal with both hands and slammed it down.

“Get down!”

“True dragon Dharmakaya, four extremes Dragon!”

A Dragon's Roar that seemed to have come from ancient times reverberated in the hall.

Liu Yongheng's eyes revealed a look of surprise. He hurriedly stopped his body in the air and threw a punch with his right hand.

The black demonic Qi exploded into a tornado, and suddenly everything turned dark. The black Qi and the green qi of true dragon collided.

“BOOM!”

The two forces spread out and seemed to be evenly matched. They devoured each other and soon disappeared.

Luo Qingyun felt as if he had been hit by a mountain. He spat out a mouthful of blood and was sent flying. Even with his powerful physical body, he was still heavily injured after unleashing his most powerful attack.

Half of Liu Yongheng's body had been blown off. One side of his chest was completely missing and all his internal organs were exposed. However, he did not look like he was in pain at all. He just frowned and seemed to be very distressed. He kept shaking his head and muttered to himself, "This body is not good, really not good."

"Swish!"

This scene was too shocking. Qian Wudi sucked in a breath of cold air and threw out a copper coin with a shout. It enlarged rapidly in the air and pressed down on Liu Yongheng.

gold coins fall to the ground, invincible divine fist!

He waved his hands, and many fist shadows formed in the sky. The fist power was impressive in all directions, and together with the huge copper Yuan, it squeezed the space.

Burning Blood Grand magic, Yin Soul Strike!

Cao Yaxing's eyes turned crimson red as his body began to burn. His aura began to rise, and a dark energy began to spiral around his palm, constantly cutting through the surrounding air and leaving his hand.

"Heavenly King treasure record, Seven Wonder mysterious Jade ruler!"

go! Xu Qing shouted. A Jade ruler rose into the air, emitting a threatening cold air. It grew bigger and bigger in the air and struck out.

The power of the joint attack of the three martial grandmasters was no weaker than that of a Martial Emperor.

The entire inner hall began to shake unsteadily under the impact of these forces.

Liu Yongheng's body had already collapsed under Luo Qingyun's attack. If it were an ordinary person, they would have been completely dead. Only some flesh, bones, and bones were left hanging there.

At this moment, the attacks of the three experts also broke through the air, completely wanting to kill him!

“Roar!”

He suddenly let out a loud roar. His mouth rapidly expanded and directly tore his face apart. A huge sound wave spread out and reverberated in the inner hall. It was shocking!

“Devil-shaking Qi!”

Liu Yongheng shouted these three words in an extremely hoarse voice. The devil Qi on his right hand began to spread all over his body, and black runes gushed out one by one. With him as the center, a black storm formed and spread rapidly with a strange roar.

“Boom boom boom!”

The three attacks landed one after another and exploded around the black Qi. All kinds of forces were mixed together and stirred in the air.

At this moment, most of the demonic Qi was scattered. Liu Yongheng's body was completely shattered, leaving only half of his head. What made people shudder was that pair of blue eyes, which were still shining.

“You guys can't kill me.”

The mouth of the half-head was still moving, as if it was not affected.

“Nine Heavens douzhuān devil subduing formation, seal it!”

At Yunxiao’s loud cry, the surrounding arrays finally moved quickly toward the center. The power of the arrays connected with each other, endless and endless, and rushed toward Liu Yongheng like a wave.

“Ah!”

Liu Yongheng’s last head was completely crushed. A frightened roar came out of the black gas, “seal, no!”

However, the golden light bloomed and quickly poured into the black Qi. It wrapped up layer by layer, as if it was going to form a golden cocoon. Gradually, no black light could be seen.

Luo Qingyun looked at this scene from a distance and said, “this person doesn’t seem to be as powerful as I imagined. Perhaps countless years of suppression has made him lose his strength.”

Yunxiao frowned as well, feeling that it was a little too easy.

The golden light arrays flew into the center one by one. After a while, a huge golden cocoon appeared in front of everyone, emitting a sense of surging power.

Everyone looked at Yunxiao in horror. Such a terrifying array had been completed in such a short time, and they all felt that he was even more terrifying than Liu Yongheng.

“Is it really suppressed?”

Holding the cauldron of mountain and river in one hand, Yunxiao stood in the inner hall, frowning and hesitating.

He had originally planned to use the cauldron of mountain and river, the Earth's breathing earth, and five other ninth-tier Mystic artifacts to suppress the 'devil'. However, the truth was much easier than he had expected, which made him a little reluctant to smash the cauldron.

"I can see that this person's words are muffled and his thoughts are unclear. He should have been slowly corroded in the long seal. Even if we don't let him out today, he'll continue to be sealed and eventually disappear from the world."

Xu Qing said slowly.

Qian Wudi glanced at him, and the killing intent in his body surged out again, locking onto Xu Qing. He said coldly, "Hand over the mirror!"

Xu Qing frowned and snorted lightly. "Brother Qian, your money Chamber of Commerce is extremely rich. Can't you just give me a mirror? Besides, Luo Qingyun and Cao Yaxing have each gotten one, and Yunxiao has four. Why don't you go to them instead of me?"

"If you didn't interfere, I would have taken that mirror long ago," Qian Wudi said angrily. "If you don't hand it over, I'll hunt you down no matter where you are!"

"Hmph, they're clearly bullying the weak and fearing the strong!"

Xu Qing took a few steps back to avoid a conflict with him. Although she wasn't afraid of him, she couldn't keep pestering him like this.

The look in Cao Yaxing's eyes was gloomy and uncertain. He had planned to force Yunxiao to spit out a few treasures, but he had seen the latter attack several times just now, and all of them were extremely powerful. Even if he used all his trump cards, he would not be able to gain any advantage.

"You two, stop quarreling! Quickly look!"

Luo Qingyun suddenly roared and stared at the golden cocoon in the center. The golden light was getting dimmer and dimmer, and a layer of black gas was surging inside, gradually corroding it.

Yunxiao was taken aback. He suddenly remembered the scene of the Phoenix fighting with the black monster when he was residing in the consciousness of the Phoenix in Phoenix Mountain. The black gas seemed to be extremely corrosive, and it could even corrode pure energy bodies.

“Cauldron of mountain and river, suppress!”

Without any hesitation, he threw the purple cauldron in his hand down. Rays of purple light spread out from the cauldron, and all kinds of tadpole-like characters flashed on it. Then, it fell down with a rumble.

“BOOM!”

The huge cauldron pressed down on the golden light cocoon and jolted into the ground.

little stone! Yunxiao waved his hand and shouted, “ spit out the earth growing soil!

After the stone beast swallowed the breathing earth, it had been in low spirits and could not even show its human form. It had become a pile of stones and was scattered on the side.

Upon hearing Yunxiao’s order, he forced himself to condense and gradually tried to return to his human form.

“Bang!”

Suddenly, there was a loud noise, and the cauldron of mountain and river was shaken open. A ball of black Qi appeared once again and churned within the inner hall. This time, it was no longer in the form of a hand but gradually transformed into a human figure that slowly stood in the air.

finally, I’ve regained my full consciousness!

The man raised his head. His face was so handsome that it was almost demonic. He gave off the feeling that he was only fifteen or sixteen years old. Although the aura on his body was still at the level of a martial King, it sent a chill down one's spine.

He looked around, and his movements and eyes were not as clumsy and vague as before. Instead, he gave off a feeling of shrewdness. His light blue eyes finally fell on Yunxiao, and he kept looking at him.

"Hehe, this body of yours is really not bad. To have such a strong body at the level of Five Element realm, he will be my cauldron!"

A terrifying smile appeared on the man's cold and devilish face, which made people's hearts go numb.

Yunxiao's face was unusually serious as he said, "Who are you?"

He had come into contact with this black demonic Qi many times, but this was the first time he had spoken to someone who had this kind of power.

The man laughed, "hehe, you don't need to know about my cauldron." I really have to thank you all. What era is it now? How long have I been suppressed here?"

"Hmph, you're just pretending!"

"No matter how powerful you were in the past, you're only a martial King now after all these years," Cao Yaxing snorted. The few of us can suppress you at any time!"

The man did not seem to hear Cao Yaxing's words. He tilted his head and thought for a moment before he muttered to himself, "Strange, why can't I feel the other parts? damn it!"

His face was filled with anger, and he seemed to be very angry.

"I don't care anymore. I'll use this cauldron for now and think about other things."

He put away his thoughts and looked at Yunxiao with eyes as cold as ten-thousand-year-old ice, as if he was trying to see through him.

“Swish!”

Despite Yunxiao’s powerful soul power, he still felt a little scared under the gaze of the man.

“Look at your sister! Cauldron? I’ll f * ck your lungs!”

With a loud cry, Yunxiao unsheathed the Ziyang qingsuo sword in his hand and sent a sword beam down from the sky. The Phantom of a demonic Dragon emerged from it, baring its fangs and brandishing its claws, ready to cut down all demons and ghosts!

“Sword Art, slay demons!”

Liu Yongheng was stunned. His eyes were full of admiration and he said, “Not bad, not bad at all. He was a martial King, yet he had the combat power of a peak martial ancestor. It seems that I didn’t choose the wrong cauldron.”

He leaped up lightly and dodged the demon-slaying sword with lightning speed.

The demon-slaying sword directly hit the inner hall, and the whole ground cracked, a large amount of gravel rolled and splashed.

Chapter 317-di Jia

He had the ninth-tier Mystic artifact, the purple shadow Green rope sword, the sword spirit, and the demonic Dragon. Even a Martial Emperor might not dare to take this move head on!

After that person dodged the sword, he was also shocked by the sword’s momentum, and his eyes revealed a look of disbelief.

“What a strong comprehension of sword intent. It seems that I have underestimated you. The power of this sword is probably on the level of the seven constellations realm.”

“You look like you’re only fifteen years old, you’re a monster,” the man praised. And the surging power coming from your body is extremely powerful! If you continue to cultivate, I’m afraid that you’ll be able to catch up to me in the future.”

“As a reward for cultivating this cauldron, I will tell you the name. You can call me di Jia.”

“It’s a great honor for you to know my name,” he said, seemingly very satisfied. “You can die without regrets.”

With a sneer on his face, Yunxiao stood with his sword in hand and said, “You want to possess me? Do you really think you’re a master of the ten directions divine realm?”

“What you want is his body,” Cao Yaxing suddenly said. “It has nothing to do with us.” Di Jia, I’ll take my leave now.”

He said tentatively.

It would be best if he could leave now. In his opinion, both Yunxiao and the strange di Jia were extremely tricky enemies. If the two of them were to end up in a lose-lose situation, that would be the result he was most happy to see.

Qian Wudi and Xu Qing, as well as Luo Qingyun and Geng Qiu, who had been hiding at the side, all had the same thought and were staring at di Jia.

Di Jia narrowed his eyes and smiled. Even if you all beg for me to possess you, you all don’t have the qualifications.”

“Hmph, arrogant!” Qian Wudi said coldly, “then you guys have fun. I’m sorry I can’t accompany you. I’m leaving! He strode towards the door.

“Hold on!”

Di Jia’s voice slowly sounded, ” “I’ve just escaped, but I’m not completely free. Although your strength is a bit weak, this Lord is in urgent need of people right now, so I’ll let you have the honor of becoming this Lord’s subordinates for the time being.”

Everyone was stunned. Although they didn’t quite understand the first part of his sentence, they understood the second part. Their faces all sank.

“Savage! Don’t think that we’ll be afraid of you just because you’re from an unknown background!”

“Since I can’t suppress you, I’ll just wipe you off the face of the earth!” Cao Yaxing was furious.

Burning Blood Grand magic, Yin Soul Strike!

The blood God flag was raised again. Cao Yaxing poured all his genuine Qi into it and waved it down with a loud shout.

A Blood River flowed from the sky, as if it came from the realm of the nine Serenities. There was a lot of hostility and filth coming from it. The blood light twisted into all kinds of ferocious faces, roaring and trying to swallow di Jia.

“Hehe, you want to Erase Me with this level of strength?”

A sneer appeared on di Jia’s face. He raised his right hand, and a faint black demonic Qi rose from his palm, gradually condensing into a vital Qi slash. It spun rapidly in the air, cutting the surrounding air violently and making an ear-piercing sound.

“Demonic essence slash!”

The black Qi was instantly slashed out, and the surging blood sea was cut open like a roll of red cloth. The blood world was immediately divided into two halves. The resentment and filth seemed to be extremely afraid of this black demonic Qi and retreated in fear.

The demonic Qi's momentum did not decrease, and under di Jia's control, it cut towards Cao Yaxing.

Cao Yaxing's expression changed. His blood sea was already the dirtiest thing in the world, and he did not expect it to be corroded by the demonic Qi. Although he was shocked, he did not panic. He put away the blood flag in his hand and turned his sword into a palm. A blood shadow flew out.

“Bang!”

The two forces collided in the air, and red and black colors instantly spread out. However, the red blood Qi became less and less, slowly being devoured and corroded by the black gas.

“Such strong corrosiveness. It can even corrode pure power.”

Everyone was shocked, and their eyes revealed a touch of solemnness.

Although di Jia was only a martial King, his real combat power was unfathomable. He was no less powerful than anyone in the inner hall. Even Yunxiao, who was widely acknowledged as the strongest, showed an unprecedented look of fear.

Di Jia turned his head and swept his eyes over everyone. He showed a cold smile and bared his teeth, “Apart from my cauldron, there are a total of four people. We can use them to refine the four symbols puppets. Although their strength is a bit weak, they'll make do with it.”

“Savage! A mere martial King, I don't believe that you can defy the heavens!”

Luo Qingyun let out a deep roar, and a sharp sound of breaking the air came from his hand. The battle spear that he had collected earlier appeared. He used his hand to cut the tip of the spear, and blood immediately flowed out. The blood dripped down the body of the spear, emitting a dazzling blood-red color and an ancient charm.

As the spear was soaked in the blood, it began to vibrate at a higher frequency. A sharp cry came from the spear, as if it was struggling to resist.

“Oh? This is Yingluo.”

Di Jia’s eyes lit up, and his killing intent rose. “It’s actually the desolate God’s moon spear! It should be one of the profound level weapons used to suppress me, right? Hmph, you’re just a Wu Zong, yet you’re delusional enough to think that you can conquer a ninth tier profound armament! Eh? No, this blood mist actually contains the intent of the ten directions divine realm!”

He revealed a shocked expression, and a hint of fear flashed through his eyes, but he quickly calmed down, as if he had seen through something. He said in a self-deprecating manner, “So it’s a thin bloodline. I thought it was an ancient true dragon. Tsk, it was a false alarm!”

“Hmph, do I need an ancient true dragon to deal with you? If you have the guts, don’t Dodge and eat my spear!”

Luo Qingyun held on tightly to the desolate God’s moon spear. At this moment, the Dragon bloodline had almost soaked the entire spear. He had used the ancient true Dragon’s power to suppress the spear spirit and finally obtained it.

“Flowing Lotus, gun battle the world!”

A powerful weapon rhythm reverberated. The entire inner hall was filled with the overbearing power of the rank nine divine spear. Even the space trembled.

Everyone’s faces changed drastically. After Yunxiao had taken the cauldron of mountain and river and could use it at will, Luo Qingyun had suppressed the spear spirit in such a short time and used it.

Yunxiao’s eyes flickered with a strange look. Luo Qingyun’s suppression method was even more powerful than his cauldron of mountain and river. He was merely coordinating with the slight weapon rhythm that the cauldron of mountain and river gave off, allowing it to be completed naturally. Luo

Qingyun, on the other hand, completely suppressed the spear spirit and activated the weapon rhythm on the spear.

The might of a ninth tier profound armament was unparalleled!

The shadows of the spear fell from the sky, each of which seemed real. Di Jia had no way to avoid it.

After a flash of shock, he regained his composure and grinned, "Another amazing existence. He's actually a descendant of the true dragon. It seems that I'll have to put in some effort to subdue you. I didn't expect the heavenly martial continent to have so many talents in recent years."

Di Jia's face suddenly became serious. His right hand formed a seal in front of him, and a large amount of black demonic Qi suddenly surged from his body. He didn't know where it gathered, but more and more, intertwining and rolling around. Soon, it gathered into a huge black demonic shadow, which appeared behind him.

His eyes suddenly revealed a look of anger. With a furious expression, he roared, "How could this be? It only has this little bit of power left. What's going on?"

Di Jia looked at the spear shadows that filled the sky, raised his right hand, and pointed down.

The huge black demonic shadow behind him followed his movements and pointed a finger in the air.

"F * ck, not good!"

Yunxiao suddenly cried out, almost roaring, "Luo Qingyun, be careful!"

Di Jia's finger actually gave him a sense of powerlessness. It was as if the entire space was going to be shattered under that finger.

This was not a power that a martial King could possess!

Where did he get this power from? Or had he hidden it from the very beginning?

Yunxiao did not have time to think about it. He slashed out the Ziying qingsuo sword again, and the demonic Dragon also unleashed all its power. The sword shone with a fierce light that suppressed the spear shadow.

“Sword Art, slay demons!”

This was the strongest power of his sword. The demonic Dragon had completely released the power of a ninth tier profound armament. The entire inner hall trembled violently. It was unknown what material it was made of. If it was an ordinary Palace, it would have collapsed long ago.

“Boom boom boom!”

The power of di Jia’s finger collided with the sword Qi and the spear light, directly penetrating the power of the two ninth-tier Mystic artifacts. The black demonic Qi rushed into the spear light and the sword light, constantly devouring and corroding all kinds of forces.

“Bang!”

“Bang!”

Both Yunxiao and Luo Qingyun felt a huge force coming at them, and they were sent flying backward, slamming into the wall of the inner hall and creating a huge pit.

Luo Qingyun’s spear fell out of his hand, and the desolate God bright moon spear was stuck into the ground with a clang. It buzzed and trembled.

With a light finger, he had defeated two experts!

Cao Yaxing and the others were also shocked. Just now, Yunxiao and Luo Qingyun's joint move had intimidated them with just the ninth-tier artifact aura, let alone the next move. However, such a domineering move could not block that finger!

Everyone sucked in a breath of cold air, their bodies turning cold from shock.

"Eh? It's actually weakened to such an extent." Di Jia seemed to be extremely dissatisfied. His face was full of anger as he scolded, "Damn it, damn it!"

He seemed to be very dissatisfied with his finger.

"Pfft!"

Yunxiao coughed up a mouthful of blood, then he mustered his true energy and jumped off the wall. His eyes were filled with horror as he said, "Everyone, let's work together! Otherwise, we'll all die Here! I don't know what kind of power he's using, but it can't last long. When his demonic Qi weakens, it'll be time to kill him!"

Di Jia raised his head and looked at him, squinting his eyes and praising, "Not bad, not bad at all. His physical body's toughness has even exceeded my expectations. This black specter could be said to be my power, but it could also be said to be not. You're right, I can't hold on for too long in my current state, but it's enough to deal with you guys!"

"Is that so?"

With a fierce look on his face, Yunxiao said sarcastically, "you can't kill us in one move, and the power you can extract from us will get weaker and weaker. As long as we can withstand the first few moves, you won't be able to retreat!"

Chapter 318

?

318 Level 8 ancient spiritual talisman

“You know the mystery of my demonic art?” di Jia frowned.

this kind of cultivation technique that relies on unorthodox methods to improve one’s strength?” Yunxiao sneered and snorted. it’s the same in the world.

Di Jia smiled. it seems that you don’t know the magic of my demonic skill. I’d like to see how you can take a few of my moves.

He gently raised his right hand and grabbed behind him.

The black demonic figure also stretched out its hand, and a huge black demonic claw appeared in the air. Like fishing the moon from the sea, it grabbed towards Cao Yaxing and the others. With a flash of black light, it had already descended.

The few of them were startled. The black demonic claw had covered almost half of the inner hall, and there was no place to escape.

“Burning Blood Grand magic!”

Cao Yaxing’s face was pale. He immediately took out the blood God flag. The Blood River had just formed when it was smashed into pieces by the huge claw. The flag was also severely damaged and exploded in the air.

“Swish!” The remaining people were even more shocked that the blood God Palace’s treasure was so easily destroyed.

“The gold coins fell to the ground!”

“Seven Wonder mysterious Jade ruler!”

“Avici divine palm!”

Qian Wudi and the other two's faces turned pale. They hurriedly took out their treasures, and three rays of light streaked across the sky with astonishing power.

The black giant claw swiped down and actually caught the three profound level weapons in its hands. After the five claws closed, the three profound level weapons inside actually exploded with a 'Bang Bang Bang'.

The three of them were all seventh tier profound armaments but they were actually destroyed so easily!

For a moment, everyone felt cold from head to toe. He was at a loss as he watched the black Claw land on him.

Geng Qiu was so frightened that he knelt on the ground with a cry and begged for mercy.

divine realm tablet, suppress!

Suddenly, a deep voice rang out. A golden light circulated around Yunxiao's body, and the Golden tadpole-like characters of the great realm divine technique flew out of his body. At the same time, the energy in his dantian began to circulate, and the divine realm tablet broke out of his body in an instant, turning into a small mountain and pressing down on the black demonic shadow.

"Spiritual energy?"

Di Jia's face changed greatly. For the first time since he had escaped, he showed a shocked look and said in horror, "Yingluo, how do you have the spiritual power?!"

"BOOM!"

The divine realm tablet fell with a loud bang.

Di Jia was horrified. He hurriedly took back his big hand and punched the divine realm tablet with his right hand.

“BOOM!”

When the two forces collided, a pressure of spiritual energy was produced. Two distinct colors of power appeared, one gold and one black. They were in a stalemate. However, the black gas gradually gained the upper hand, and it pushed the divine realm tablet away.

Yunxiao's face flickered. He only had a little bit of spiritual energy left in his body, and it had been used up with one move. It would take a long time to recover, so it was impossible for him to last long. And the black demonic Qi seemed to be endless.

“You're only a martial King, but you actually have spiritual energy in your body! I must obtain this cauldron!”

Di Jia gritted his teeth. It was obvious that it was very difficult for him to deal with the divine realm tablet, which was supported by the power of spirit.

“Everyone, hold on for the time it takes for half an incense stick to burn. I have a secret technique that can suppress this demon!” He said. “But I need half an incense's time to prepare!” Xu Qing said with a pale face.

“Half an incense stick? Good!”

Qian Wudi gritted his teeth and nodded. Although he did not know what other means Xu Qing had, at least he had a chance of survival. Judging from the current situation, it seemed that only Yunxiao could fight with this man, and the others were no match for him at all.

He carefully took out a Jade box, placed it on the ground, and opened it. There was a jade talisman lying flat on the ground. Golden light flickered on it, as if it had endless spiritual energy.

an ancient spiritual talisman?!

Cao Yaxing's eyelids twitched as he asked in surprise, "What a high level energy fluctuation. What level is this ancient spiritual talisman?"

Qian Wudi's face was filled with reluctance, but he gritted his teeth and said, "an eighth-grade ancient spiritual talisman. Once I activate it, I can unleash an attack at the martial honored realm!"

"Woof! Level 8!"

Cao Yaxing was shocked. Only the rune sect knew how to make ancient spiritual talismans. Existences that had reached the eighth rank were definitely priceless treasures. Only the seven Chamber of Commerces, which were extremely wealthy, could have such a collection.

"Damn it, I don't believe that this demon can block one of my ancient spiritual talismans!"

Qian Wudi gently pointed his finger down, and the ancient spirit talisman immediately emitted a powerful light. It appeared in all kinds of colors and gradually condensed above the jade box, forming the faint image of a palm.

At this moment, Xu Qing's face had also turned pale. He formed a strange object with his hands and raised it to the sky. He closed his eyes and muttered something.

Yunxiao was drenched in cold sweat at the moment. After his spiritual power was exhausted, he quickly poured his primordial Qi into the divine realm tablet, trying to continue to resist the Black Devil energy, but he found it to be in vain. The other party's punch broke the divine realm tablet with irresistible force and smashed down hard.

"BOOM!"

Without any suspense, a black fist directly hit his body, and his whole body made a "bang!" The upper half of his body was directly embedded in the wall of the inner hall. A person was hanging on the wall, his body hanging down.

"Bang!"

The divine realm tablet was also blown away by the force of the punch, smashing directly beside Yunxiao and stabbing into the wall.

He didn't know what the inner hall was made of, but it was so strong!

“Swish!”

Everyone was dumbfounded. In their hearts, Yunxiao, who had endless trump cards and seemed to be unkillable, had been killed with one punch?

Although many people hoped that he would die, when the moment came, they still found it difficult to accept. What was even more difficult for them to accept was that di Jia was so powerful. Now that Yunxiao was dead, who would be next?

Luo Qingyun, who had been embedded in the wall, was covered in blood. Suddenly, he coughed violently. He ran the genuine Qi in his body, grabbed the wall with both arms, and slammed it hard. His whole body bounced out, stepping on the void, step by step toward di Jia.

“Bastard! You actually killed the person who once defeated me. Who do you want me to find to take revenge for this humiliation?”

Luo Qingyun's eyes gradually turned red, and the aura on his body rose steadily. He kept turning into a demon, and his whole person became detestable.

“Rub!”

He made a grabbing motion with his bare hands, and the Aragami bright moon spear that was stuck in the ground let out a shrill sound. It returned to his hand with full spirituality, as if it was agitated.

Di Jia frowned and asked in surprise, “what's going on?” This spear seems to have recognized you as its master?” He said coldly, “I don't care anymore. Since the human cauldron I want is dead, then you shall

be my human cauldron.” Although the true dragon bloodline is extremely thin, it’s still passable. It’s still possible to use it for a while.”

“I’ll use your sister!”

Luo Qingyun roared. A Dragon’s Roar seemed to come from ancient times. The shadow of a real Dragon gradually appeared behind him. The Aragami bright moon spear in his hand burst with a powerful weapon rhythm. It seemed to have fused with his entire body. All of his power was poured into this spear!

“Flowing Lotus, gun battle the world!”

This time, there was no spear shadow, nor any fancy light. It was just a quiet spear, pushed forward, and went straight for di Jia’s throat.

Time seemed to have stopped at this moment. The spear was so slow, but it gave people a feeling of destruction.

Di Jia’s eyes were still as calm as an ancient well. He raised his right hand, pointed out a finger, and sighed, “It’s no use. You’re also an unparalleled genius, but it’s a pity that you haven’t grown up yet. How many years had it been? In the realm of heaven martial arts, I once again saw the endless fighting spirit and generations of strong Warriors.”

“Bang!”

The black specter’s finger touched the desolate God’s moon Spear’s tip, and Luo Qingyun’s spear was no longer able to move forward.

“I’m, I’m angry!” Luo Qingyun roared and charged forward with all his might. He shouted, “I’m not convinced! I’m not convinced! Who the f * ck do you think you are, go to hell!”

“Qi of true dragon, explode!”

A loud explosion came from the spear. Powerful Dragon Qi gushed into the tip of the spear and emitted a terrifying aura. It actually pushed back the black demonic Qi in the surroundings.

Di Jia's expression finally changed slightly. He gently retreated his hand and retracted his finger, still standing in the air.

The tip of Luo Qingyun's spear finally burst out with a brilliant light, and the Qi of true dragon was blown away by him!

"BOOM!"

The might of the Dragon Qi actually pushed the black demonic Qi away and surged towards the black demonic figure. However, it was still not strong enough. After charging for a few meters, it suddenly dissipated.

At this moment, Luo Qingyun seemed to have used up all of his energy. His whole body was dim and he almost couldn't stand still in the air.

Di Jia sighed and flicked his finger, sending him flying into the wall of the inner hall. He said, "You're my human cauldron, you can't die again."

"My black demonic Qi can corrode all things in the world," he said with a slight sigh. "There aren't many powers in the world that can resist it. That person's spirit energy is one type, and your true dragon Qi is another type. Unfortunately, both of your powers are impure or too weak."

"Go to hell, devil!"

Qian Wudi let out a loud roar, and the ancient spiritual talisman was finally fully activated. It turned into a palm shadow in the air, appearing to be purplish black in color, and pressed down with an overwhelming force.

Even the handprint on the purple palm shadow was clearly visible. The pressure spread out and it was the domain of a martial honor!

a palm strike from a martial Supreme of the eight desolates? ” di Jia’s expression changed. He suddenly opened his right hand and also slapped out. He shouted, ” “You’ve really opened my eyes today. You juniors can’t possibly be nameless on the continent, right? Each one is stronger than the last!”

The huge black demonic shadow in the air also struck out with its palm at the same time, slapping toward the huge purple-black palm.

“Boom boom boom!”

The two forces collided, and for the first time, the black demonic shadow showed signs of being no match for them. It was forced to retreat. However, the giant purple palm seemed to be constantly devoured by the other party’s demonic Qi and was rapidly corroding.

Di Jia’s expression was stern. He made a gesture with his hands and shouted, ” “Magic light flash!”

The huge black demonic shadow also performed a hand seal, and a black shadow burst out from the palm. The black gas actually flashed with a dazzling Aurora and swallowed the purple palm shadow.

“What? What?”

Qian Wudi’s jaw dropped, and his mouth was wide open.

Chapter 319

?

319 Martial Emperor’s divine sense

A martial Honor’s attack had actually been swallowed up without a sound!

Cao Yaxing’s face was also drained of all color, while Geng Qiu’s body went limp, and he almost fainted.

Di Jia suddenly grunted softly, and black blood flowed out of the corner of his mouth. He wiped it with his hand and snorted, "I'm actually injured?" How was that possible? I'm unrivaled in the world. You were actually injured by a few juniors?"

He seemed to be unable to accept it and was stunned.

After a while, he came back to his senses and stared at Qian Wudi coldly, "You can injure this Lord. Even if you turn into ashes, you should be proud!"

"Hmph, hurt you? I'm going to kill you!"

Suddenly, an ice-cold voice came. Xu Qing's eyes flickered as he shouted, "God's prayer, descend!"

A demonic light flashed in his eyes. Suddenly, his entire body relaxed, and his head drooped down as if he was dead. However, he still stood there upright, motionless.

All of a sudden, a strange power slowly spread out from Xu Qing's body. It continued to rise across the entire land. In an instant, it reached the peak of the martial ancestor realm and continued to rise.

The aura was getting more and more terrifying and oppressive.

"This is a Pixiu!" Cao Yaxing exclaimed in shock. "It doesn't seem to be Xu Qing's aura!"

Xu Qing suddenly raised his head, and his eyes flickered with light, looking a little turbid. A sharp light burst out of his eyes as he stared at Di Jia and shouted, "I'm Daozi Lu from Tide-Listening Pavilion. Who are you? You actually dare to stir up trouble here!"

Di Jia frowned and said, "It's actually God's prayer?" Your physical body is too weak, so you can't send too many divine senses. What's the use of that?"

Qian Wudi was shocked and hurriedly took a few steps back from Xu Qing. He was shocked.

He obviously knew about this technique. It was a powerful secret technique. By planting a spiritual will seed in the body of an expert, even if they were thousands of miles away, they could pray through this seed that the other party's spiritual will would descend.

This kind of spell was very taxing on the mind and soul, and it also greatly damaged the caster's body, so very few people would use it.

Although Cao Yaxing had never heard of the art of praying to God, he knew of Lu Daozi's name. He was a famous Martial Emperor in the Eastern Region and the sect leader of tide-listening Pavilion! He was so shocked that his mouth could fit a watermelon.

Lu Daozi snorted and stared at di Jia, "You're just a martial King and you're using some unorthodox ways to improve your strength. Although this old man only has a thought, it's enough to easily kill you!"

"Oh?" "Then why not try?" di Jia snorted disdainfully.

Suddenly, a shocked voice was heard, "The descending technique? You're a martial sovereign of the nine Heavens!"

"What? The Martial Emperor has descended!" Qian Wudi was taken aback and took a few steps back in horror. What surprised them even more was that the man who spoke was Yunxiao, who was thought to be dead!

"You're not dead?"

Di Jia was also shocked and looked at him in horror, as if he did not understand.

I almost died," Yunxiao chuckled and said, "fortunately, my life was hanging by a thread and I came back to life. However, it's your turn to be in trouble now. The other party is a Martial Emperor's divine will."

Embedded in the stone wall, Luo Qingyun, who was on the verge of death, spat out a mouthful of blood and cursed, "Your sister! Everyone was fighting for their lives, but you didn't die and you were pretending to be dead!"

Yunxiao smiled wryly. didn't I almost die? Look at my body, I'm completely out of strength. If I didn't sense the arrival of the martial sovereign's divine sense, I'm afraid I wouldn't have dared to come out."

His words immediately made everyone faint. He meant that if Xu Qing had not used the Martial Emperor's descent, he would have to play dead until the end.

"Good, it's good that you're not dead," di Jia said coldly. I'm getting more and more interested in your body."

"Hmph, brat," Lu Daozi sneered arrogantly. You're very arrogant. You know that I'm a revered martial sovereign, but you still act as if nothing has happened."

you talk too much," di Jia said coldly. you're just a wisp of divine sense from the nine Heavens realm. When can you be so presumptuous in front of me? "

He made a grabbing motion in the air and the black demonic figure also raised its hand. It flickered with a black light and grabbed at Xu Qing.

Lu Daozi's face revealed a mocking expression as he reached out his palm and lightly patted.

A ball of green light shot directly into the demonic claw and exploded. The light flickered and a loud rumbling sound was heard.

He had easily broken di Jia's move. Everyone was overjoyed, showing ecstasy and shock. At the same time, they also felt the might of a Martial Emperor. Just a wisp of spiritual will was able to fight against the demon that everyone was helpless against.

Di Jia frowned and seemed to hesitate.

Lu Daozi glanced at him indifferently and sneered, "you're just a junior. I'm a martial sovereign of the nine Heavens. Even a wisp of my divine sense is not something you can resist. If you know what's good for you, you'd better surrender and let me plant a seal in your body. Then, you'll come to tide-listening Pavilion with Xu Qing to confess your guilt.

it seems that I have to use that move," di Jia said. I'm afraid that after this move, all of you will be dead. My human cauldrons and subordinates will be gone too.

"You're really arrogant!"

Lu Daozi's heart was filled with anger. The aura on his body rose to an extremely high level, causing Xu Qing's corporeal body to begin to swell. It seemed to have reached a certain limit before it stopped.

"There's no other way. I don't know how many years it has been, but I've become too weak. If I didn't use that move, it's really possible that I'd be suppressed by you guys again."

The blue light in di Jia's eyes became brighter and brighter, and the look on his face became extremely serious. No one knew where the tacit understanding came from, but it gradually gathered into the black demonic shadow, making it clearer and clearer.

"The demonic Qi has strengthened again!"

Startled, Yunxiao took a few steps back and cried out, "Lord Lu Daozi, I'll leave this demon to you."

Lu Daozi gave him a disdainful look and looked at the black demonic figure with a serious expression.

"How many years have passed? Now, even a martial Supreme's thoughts can bully me." Di Jia's eyes were very calm and he said lightly, "Even if I really can't defeat you in my current state, you can't kill me."

As the demonic Qi around him continued to surge out, the huge black demonic shadow kept rolling behind him. It grew bigger and bigger, more and more real, and gradually transformed into a scene with three heads and six arms.

“This is a Kasaya.”

Lu Daozi gasped. Even his Martial Emperor divine sense felt a sense of fear. Although it was not that powerful, he felt goosebumps all over his body when he saw the demonic creature’s state.

Di Jia gently raised his hand and said, “ it’s very difficult for me to fully display this move in my current state. But if you can take it, you’ll win.

“Not good, green light Imperial Fist!”

Lu Daozi’s eyes darkened, and his aura suddenly burst out. The light of his fist flickered, and he punched out. It was as if a golden sun had bloomed from his hand, instantly piercing through thousands of demonic Qi. The entire land was shining with golden light.

Although it was only a wisp of the Martial Emperor’s divine thought, it contained the Supreme Nine Heavens intent realm. The power of the fist was like the river flowing down and the stars shifting.

Cao Yaxing and Qian Wudi’s mouths were wide open in horror, and their eyes were filled with joy.

Di Jia’s eyes were still as calm as an ancient well. He made a gesture with his hands and said, “ “Dark dance!”

The three-headed and six-armed black demonic figure behind him suddenly began to turn. Each of its arms seemed to be holding a magical artifact. Black rays of light shot out, and demonic flames filled the sky.

The green fist light was quickly forced away by the demonic Qi, and it was constantly corroded and devoured, its speed getting faster and faster.

Daozi Lu’s expression changed. He rose into the air and actually flew toward the black demonic Qi. He stretched out his arms like an ape, and countless yellow true Qi gushed out to block the black demonic Qi.

Di Jia's expression was still indifferent. He changed the seal in his hand, and the huge black demonic shadow in the air shot out a thick black light. It broke through the air and hit the yellow genuine Qi.

Daozi Lu's mind trembled and he let out a sharp cry. He threw out several white jade pendants from his body. The Jade pendants flashed continuously and rushed into the black light pillar before exploding one after another. He managed to block the black gas with great difficulty. However, at this moment, Xu Qing's body gradually began to crack. A large amount of blood vessels exploded and blood gushed out.

"Not good! My disciple's physical body can't take it anymore!"

Lu Daozi was shocked. Di Jia's hand seals changed again, and the three-headed and six-armed black demonic shadow grew a little bigger. A hammer-shaped weapon in his hand swung down. At this moment, the entire inner hall trembled and kept making loud sounds as if it was about to collapse.

Everyone was overwhelmed with shock. They all had a deep understanding of how sturdy the inner Hall's structure was. This Devil's weapon was only a shadow, but it already had such power that the entire Hall was gradually collapsing.

"Judge!"

Di Jia chanted, and the Black Hammer shadow fell as if the sky had suddenly collapsed. The inner hall was dark!

"Boom boom boom!"

The entire Hall was instantly covered in black Qi. All kinds of ear-piercing sounds burst out, and there was even a scream.

"Yu Qing Jin!"

Lu Daozi's angry roar came from the black gas, and a green light burst out of the entire Hall, as if it wanted to break through the black demonic gas. After struggling a few times, it disappeared again.

The entire inner hall was covered in black.

After an unknown amount of time, the black demonic Qi gradually dispersed, and the tall black demonic shadow also disappeared. Di Jia stood alone in the inner hall, his face extremely pale.

“Pfft!”

He suddenly knelt down on one knee and spat out a large mouthful of blood. His shoulders were constantly shuddering, as if they were trembling abnormally.

“Is this the limit?” He raised his head and looked ahead. He said unwillingly, “They actually managed to escape! I’ve already weakened to this extent? How many years had it been sealed for? How many years has it been since the heavenly Dao calendar of the heavenly martial continent appeared?”

A large hole had appeared in front of the inner hall.

It turned out that Daozi Lu’s last desperate strike was to break the inner hall and escape. He, Qian Wudi, and Cao Yaxing rushed out at the first moment and disappeared without a trace.

Chapter 320

?

320 Vortex

The only thing left in the inner hall was a pitch-black corpse lying on the ground. It was Geng Qiu’s. His legs had gone limp from the fear of the black demonic Qi. The demonic Qi had entered his body directly, and he could not be more dead.

Yunxiao, who was behind di Jia, and Luo Qingyun, who was embedded in the wall, had also disappeared.

“Forget it, let’s leave this place first.” Di Jia dragged his seriously injured body, turned into a black light, and rushed out of the inner hall. No one knew where he was.

After a long time, a round copper ring suddenly appeared in the inner hall, emitting a soft light.

Suddenly, a figure stepped out of the copper rings. It was Yunxiao. Holding Luo Qingyun in one hand and the stone beast in the other, he looked around and spread out his divine sense. After confirming that there was no danger, he walked out and threw the two men on the ground.

Luo Qingyun groaned from the fall. He opened his eyes and said angrily, this heavenly spirit ring was refined by me. How did you use it to open the void and escape? ”

Yunxiao turned a deaf ear to him and just stared blankly in the direction where di Jia had left. “He finally escaped. This is going to be troublesome.”

Luo Qingyun seemed to be seriously injured. He struggled to get up from the ground and snorted, ” “In the end, he seemed to be extremely weak. If you had come out directly at that time, you would have been able to suppress him!”

no! Yunxiao shook his head and said, ” we can’t resist that Black Devil aura at all, unless it’s your true dragon aura and my spirit power. Otherwise, even a wisp of Lu Daozi’s Martial Emperor’s divine sense would be useless. Even if I had come out just now, I would at most have injured him a little more, and I might have even lost my life.”

Luo Qingyun was stunned for a moment and said, ” who cares? there are as many powerful warriors in the realm of heavenly martial arts as there are hairs on an ox. When we get out, someone will take care of him. It’s not our place to worry.”

Yunxiao, however, was not so optimistic. He sighed and said, ” “I hope so.”

He pointed with his finger, and the heavenly spirit ring in the air instantly turned into a tiny yellow copper ring, which he put into his pocket. He said, ” “This ring is not bad, give it to me. You already have the Aragami bright moon spear anyway.”

After he finished speaking, he tapped his feet and turned into a ray of light, leaving.

Luo Qingyun flew into a rage and struggled to get up. He thrust his long spear forward and roared, "Bastard! I'm going to kill you!"

But, Yunxiao had long disappeared outside the hall, and no one could see him.

"Pfft!"

The celestial Spirit ring was the most precious treasure he had refined. Now that it was stolen, he was so angry that he spat out another mouthful of blood.

He steadied his mind and his eyes flashed with hatred. He put away his spear and rushed out of the inner hall, breaking through the water.

The entire inner hall became empty, and the walls were all destroyed. Not long after, they collapsed with a loud bang. There was even a huge crack on the ground, and the broken walls all fell down.

At the same time that the inner hall was completely destroyed, the defense of the entire Xumi Palace seemed to have been opened. A large amount of seawater poured down and flooded in, instantly crushing the entire Palace. The crack in the inner hall grew bigger and bigger, constantly swallowing the surrounding seawater, forming a huge Whirlpool, and began to spread on the bottom of the sea.

At this moment, there were still a large number of dismembered corpses floating on the surface of the sea. They were all killed by the demonic Dragon in a few moves when it escaped.

A figure was happily fishing from these broken corpses. His entire body had long been dyed blood red, but his face was full of excitement. If one looked carefully, one would discover that this person only had one arm.

This man was Li Yi, who had been sent by the thunderwind Chamber of Commerce to find the soaring heaven King Palace. When he was in Yanwu, he was the first one to sneak into Mount Meru after Shui luoyan had knocked Yunxiao away with one move. Otherwise, if Yunxiao saw him, it was unknown whether he would be allowed to enter.

By the time he found the soaring heaven King Palace, they were all dead. However, to his surprise, the storage rings on these corpses were still there. In his excitement, he picked up the Rings and obtained nearly a hundred.

These people who died were all elite disciples from their respective sects, and the value of each of their rings was incalculable.

“Haha, we’re really rich this time!”

Li Yi’s eyes revealed a trace of coldness as he said hatefully, “With this large amount of resources, I will be able to break through to a higher realm very quickly! Li Yunxiao, just you wait! I’m going to tear you into pieces!”

“Eh? What is this?” He suddenly saw a corner of a corpse’s clothes flashing with golden light.

It was actually a token!

The few simple strokes on it gave the appearance of the Grim Reaper. Although the strokes were monotonous, it gave people a sense of fear that struck their souls.

“The token of death!”

Li Yi was so shocked that he almost dropped it. After his hands trembled for a while, he was suddenly overjoyed. His excited face was flushed as he said, “The token of death! Haha, it’s actually a death token!”

“Huala”

The surrounding sea water suddenly began to surge, slowly rotating at an increasing speed. The broken limbs and body parts on the surface of the sea also began to float.

“What’s going on?”

Li Yi was shocked. A giant whirlpool gradually appeared at the bottom of the sea. The shock and magnificence of the whirlpool were so great that he could not see the end. He was stunned and his body turned cold.

“BOOM!”

The spirit Qi vortex rushed up in an instant and sucked the pale-faced Li Yi into it. He struggled a few times in the vortex, but it was all in vain. Without even a scream, he was directly sucked into the center.

After the vortex swallowed the entire sea of spiritual energy, it showed no signs of stopping. It continued to expand and devour everything at an increasingly faster speed.

.....

In the city of Yanwu.

A group of powerful cultivators gathered in the void and worked together to suppress the Grand Moon Mirror.

Without Yunxiao’s control of the array, the spirit of the mirror alone was no match for the group of martial emperors, and it was soon suppressed.

The two formation Masters, Liu Kun and Zhang Gao, were constantly casting all kinds of magic arts on the mirror, but their faces were getting uglier and uglier.

“How is it, Masters?”

A few days had passed, but there seemed to be no effect. The group of people were getting impatient. Tu Lei couldn’t help asking.

Liu Kun wiped his cold sweat. His eyes were a little dazed as he said, "We've tried all kinds of methods to break the restrictions on the lunar treasured border, but we can't. Although it's been forcibly suppressed now, if Yunxiao comes, it's very likely that he will break through your suppression again and unleash the nine Palace dustless array."

"Such a long time, wouldn't it be a waste of time!" When Huang Xiaolong heard that, he could not help but burst into anger. Even in the face of the two array Masters, he still charged forward and said, "The two of you have studied formations for so many years, yet you can't even compare to a fifteen-year-old youth?"

Both Liu Kun and Zhang Gao lowered their heads in shame. If someone had offended them like this during normal times, it would definitely be a matter of falling out on the spot. But now that the truth was right in front of their eyes, the two of them felt too ashamed to face anyone.

Fang de also felt that it was absurd and said in a deep voice, "then, is there any other way? otherwise, when they come out of Mount Meru, they will be subject to li Yunxiao's control, and we will lose all our dignity!"

"There's only one way left, and that's to break the nine Palace wuchen formation by force and shatter the lunar mirror!" Liu Kun said solemnly.

Fang de nodded and said, "that's good too. Now that the mirror has been suppressed by us .." Everyone can use 100% of their strength and join forces to completely shatter it, so as to avoid any more trouble!"

Everyone agreed unanimously. If they joined hands, the combined attack of more than ten martial Royal realm experts would be powerful enough to destroy the world. Rumbling sounds could be heard in the air.

Finally, after the time it took to brew a cup of tea, the Grand Moon Mirror let out a sorrowful cry. A ray of light shot into the sky and was completely annihilated by the strong light, turning into dust.

"I finally broke it! When that kid comes out, I'll definitely teach him a lesson!"

The purple-robed Martial Emperor from the war Wolf temple said with a fierce look.

Fang de also looked embarrassed, thinking that Yunxiao was in trouble this time. He raised his head and looked at the entrance of Mount Meru. He suddenly frowned and said, "What's going on? Why do I feel like there's something going on at the entrance? It's as if there's some sort of fluctuation coming from there."

It can't be. Mount Meru and the realm of heavenly martial arts are in two different spaces. How can there be fluctuations coming out? otherwise, how big of a shock would it be? "It must be because the aftershock from our joint attack just now hasn't dissipated yet."

Tu Lei said slowly.

"It should be so!"

Everyone agreed.

Fang de felt that something was wrong. He stared at the entrance of Mount Meru for a while, and the feeling became stronger and stronger.

"Something's wrong! I also think there's a problem in Mount Meru!"

Huang Xiaolong suddenly said. He seemed to have sensed the fluctuation of energy as well, and he became a little nervous. He said in disbelief, "What's going on? Such a huge fluctuation, what happened in Mount Meru?"

"Boom boom boom!"

"Boom boom boom!"

"Boom boom boom!"

A series of explosions came from the void, as if the entire Mount Meru was shaking.

Now, they all knew that there was a problem, and they were all shocked. The sound in the air was like a huge hammer hitting the ground, and the entire sky started to shake.

“BOOM!”

Just as this group of martial artists were at a loss, a huge hole appeared in the sky. A massive amount of spiritual energy poured down, and a silver light, like divine water coming out of a Jade bottle, dazzled under the sun.

“What!”

Everyone turned pale with fright as they looked at this incomprehensible and unimaginable situation.

“BOOM!”

“BOOM!”

“BOOM!”

Huge cracks and holes of various sizes kept appearing in the sky, as if a bag of spiritual energy was leaking out. The sky above Yanwu was shrouded in a haze of spiritual energy.

the sky has actually collapsed!

Fang de’s eyes were dazed as he looked at the cracks and holes that filled the sky. They were getting bigger and bigger, and the sky was almost covered by spiritual energy.

“Quickly look, someone fell out!”

Everyone looked over and saw figures falling from the holes, all of them with terrified expressions.
