

The Eternal 321

Chapter 321-collapse

"It's the disciples who entered Mount Meru! Something really happened to Mount Meru!" Huang Xiaolong's body trembled in disbelief.

"Boom boom boom!"

"Boom boom boom!"

The roar became louder and louder, and the entire sky was filled with cracks, shaking everyone's minds. The entrance of Mount Meru was also gradually torn open, and spiritual energy began to gush out.

Fang de shouted, "not good! Everyone, retreat!" Mount Meru has collapsed!"

The force produced by the collapse of a space was incalculable. If he wanted to live, he would have to rely on luck. Fortunately, there was a Space Channel at the border between Mount Meru and the heavenly martial arts realm. A large amount of spiritual Qi dissipated in the channel, but it also became a great buffer zone. Many Warriors were washed away by the spiritual Qi in the channel, entered the void, and disappeared without a trace.

More than a dozen martial artists instantly retreated a hundred miles away and looked into the distance. The entire city of Yanwu had a strange scenery. The spiritual energy in the sky was pouring down continuously, and the entire city and the nearby mountains and rivers were filled with spiritual energy.

From afar, it looked like a Fairyland with a waterfall of spiritual energy falling from the sky.

Fang de couldn't help but say, "the collapse of Mount Meru is a huge matter. I'm afraid that the Holy region will also send people to investigate. Quickly report the situation here to the sect!"

Other than shock, Huang Xiaolong's eyes were also filled with intense jealousy. He sighed and said, "I'm afraid it won't be long before this city of Yanwu becomes a Holy Land of spiritual Qi. With such a

massive amount of energy, I'm afraid it won't be long before your firecrow Empire is ahead of our two empires."

Tu Lei was also shocked. Huang Xiaolong had seen further than him.

The spiritual Qi in the sky seemed to be endless.

A day later, in the sky above the city Lord's mansion in Yanwu.

Yunxiao looked at the spirit Qi that filled the city, and many martial artists who had survived the disaster, who were almost liquefied, were overjoyed and began to cultivate on the spot.

"You really are a jinx!" Mount Meru has existed for tens of thousands of years," the demon Dragon said. you died the moment you entered.

Yunxiao was also feeling a little dizzy. "It should be the inner hall that suppressed the eye of the spiritual spring in Mount Meru and relied on the continuous energy provided by the eye of the spiritual spring to suppress di Jia. After we destroyed it, the balance of the entire space was instantly broken. Over the countless years, it had been riddled with holes. I'm just the last straw to crush Mount Meru."

"What do we do now?"

Ding Ling 'er also came out of the divine realm tablet. Looking at the strange phenomenon in the sky, she was so shocked that she couldn't close her mouth. with the spiritual Qi pouring down like this, I'm afraid it won't take long for this place to become like the spiritual mountains and great rivers where the seven superpowers are located. It will be the top cultivation place in the realm of heavenly martial arts. At that time, not to mention the sects of the southern region, even the forces of the entire realm of heavenly martial arts would covet this place. Besides, young master Yun, you've offended everyone before you entered Mount Meru."

Yunxiao was also having a headache. If he had offended those people before, he might have been able to resist them. But now that Yanwu had turned into a sea of spiritual energy, the people who were spying on them were no longer simple existences.

In the entire heavenly martial continent, only the seven superpowers had such a sea of spirit Qi. It was also because of the sufficient spiritual Qi resources that the seven forces could look down on the world.

Yanwu, a small place like this, would soon be in the eyes of all the forces in the world and become a piece of fat meat on an anvil.

“No matter what, I’ll block as long as I can. Yanwu is my territory. Even if a Martial Emperor comes, he’ll have to lie on the ground!” Yunxiao said proudly, his eyes flashing.

Ding Ling ‘er was silent. If it were before, she would have thought he was crazy. However, when he thought of the great soul in this young body, he suddenly felt a rush of hot blood. It was as if he could see the peerless elegance of the time when he dominated the world and defeated the ten martial sovereigns of the nine Heavens in the divine cloud Palace. He could not help but feel fascinated.

Yunxiao took a deep breath and suddenly cried out, “ everyone, listen up! Those who are not from Yanwu, get out of here within three breaths, or die!

His voice burst into the nine Heavens and exploded. All the cultivators who were cultivating were shocked and their eyes flashed with resentment. One by one, they rushed out of the city. Many people had seen Yunxiao’s means, and he was someone who could really draw his saber and kill.

The dozen or so martial artists in the distance also heard the faint sound, and all of them had gloomy faces.

The purple-robed Martial Emperor from the war Wolf temple was even more furious. He said coldly, “ “You still dare to be so arrogant without the nine Palace dustless formation. Wait for me to take his dog life!”

Fang de frowned and blocked his way, “ “At this moment, Mount Meru has collapsed, and Yanwu has changed. As the leading sect of the southern domain, we can not act rashly. I suggest we return to the sect to report and wait for the higher-ups “decision.”

“Brother Fang is right. The current situation is beyond our control.” everyone, let’s go back first, ” tu Lei said. I’m afraid there’s going to be a big problem.

The purple-robed Martial Emperor suppressed his anger. Since everyone had said so, he couldn't force it. In an instant, the dozen people disappeared and flew back to their respective sects.

The disciples of the various sects who had been driven out of Yanwu also rushed back to their own sects, trying to convey this news back to their sects.

Mount Meru, one of the four celestial realms in the realm of heavenly martial arts, had collapsed. The news immediately spread throughout the continent.

A few days later, the overflowing spiritual energy began to slow down, maintaining a certain speed. Some of the smaller holes began to dry up and gradually filled up. Nine large holes appeared in the sky, pouring spiritual Qi in like nine Dragon-shaped waterfalls.

During this period of time, the entire city of Yanwu was unusually quiet, and no forces came to disturb them. It was as if a huge storm was brewing in the entire southern region.

After a few more days, someone finally came.

They were from the war Wolf temple. Perhaps instigated by the purple-robed Martial Emperor, a large number of experts from the temple had arrived. There were seven martial emperors in total.

you think too highly of Yanwu. You actually asked us to come here together!

“You may not know this, but this Li Yunxiao does have some tricks up his sleeve. And it seems that there are several extremely powerful formations hidden in Yanwu.”

“Hmph, no matter how powerful he is, he's just a martial Lord. Could it be heaven-defying?”

“Woof! Such a place with abundant spiritual Qi was indeed no different from the rumors. If the war Wolf temple could move here, we would be able to lead the southern region in a few years!”

“Hmph, stop dreaming. The entire realm of heavenly martial arts is watching this place. Our temple is not even enough to fill the gaps between their teeth!”

“Alright, stop with the nonsense. Yanwu is at the heart of the struggle right now, and if the hall Master finds out that we’ve sneaked out, we’ll definitely be punished. Just kill Li Yunxiao and leave.”

The seven of them soon arrived in the sky above Yanwu. One of them waved his hand, and a beam of sword Qi shot out toward the city Lord’s mansion.

“BOOM!”

A golden light bloomed, and a formation light that protected the city blocked the sword Qi.

“What formation? You can actually block my attack?” The Martial Emperor looked horrified and said in disbelief, “this city’s defensive formation doesn’t seem to be inferior to the great mountain-shielding formation of our battle Wolf temple!

The others were also surprised. The purple-robed martial Royal realm expert snorted, “As I said, this place is extremely strange. We can’t be careless.”

I don’t believe that a mere small city can be so heaven-defying! The Martial Emperor didn’t seem to be convinced, and he condensed his sword Qi again.

All of a sudden, tens of thousands of golden rays flashed in the city, converging into a huge sword and slashing directly at that man. The sword seemed to be constantly absorbing power as it shuttled through the sea of spirit Qi. It was unusually powerful.

“Woof! Hundred refined sword Qi, slash!”

The Martial Emperor condensed the sword Qi in his hand and slashed it down fiercely. The two rays of sword light collided in the sky. The light was like a scorching sun in the sky, blinding everyone’s eyes!

“Boom boom boom!”

Under the explosion, the Martial Emperor was sent flying back more than 100 meters. His qi and blood were in turmoil, and his mind was in shock.

The other Martial Emperor was also shocked and furious. He suddenly shouted at the people below, “Is li Yunxiao here? Come out and die!”

A leisurely voice came from below, “I don’t care who you are. Since you’re here, you’re all going to stay!”

“What big words!” The purple-robed Martial Emperor stood out and shouted, “Today, I’ll take your head and take revenge for the disrespect you showed me that day!”

Two beams of light shot up into the sky above Yanwu, standing in the wind. They were Yunxiao and Duan Yue.

Yunxiao glanced around and said indifferently, “So you’re from the war Wolf temple. Fine, I’ll kill the seven of you as a warning to others!” He pointed his finger, and tens of thousands of golden rays emerged around him. More and more of them appeared, densely packed, and constantly expanding. The entire sky above Yanwu was filled with dazzling golden light.

“Great sun golden sword, condense!”

He spat, and the countless golden lights gathered in all directions, transforming into thousands of golden lights that flew in the sky, forming a Sea of Swords.

The great sun golden light sword formation was an extremely powerful mountain-protecting formation. It was only because of the lack of spiritual energy that it was unable to exert its power. The bottleneck was no longer spirit Qi. The array could absorb energy to the maximum, but Yunxiao’s own cultivation base had become the bottleneck. Otherwise, with this array, he could even fight a Martial Emperor!

The seven martial Royal realm experts were shocked. The sword Qi that filled the sky formed an ocean of sword Qi, shocking everyone.

what a powerful sword formation! Everyone, be careful! The purple-robed Martial Emperor's face flickered. He blasted away the sword beams with a palm strike and opened a path in the Sea of Swords, then rushed toward Yunxiao.

However, the sword momentum was too strong. Soon, countless golden lights gathered again and surrounded him, trapping him inside.

The seven of them had arrived in a domineering manner, but before they could even make a move, they were all trapped in the sea of sword auras. They were too busy dealing with the attacks to do anything else.

Duan Yue's face was filled with shock as he said in horror, "What the hell is this formation? it's so powerful! It must be very exhausting for you to control it, right?"

"En!"

indeed," Yunxiao did not deny it. if I had enough soul power, I could have killed these seven people in the array. However, it's not possible now. You'll have to deal with one of them."

322 Suppressing a Martial Emperor

your strength is getting more and more unfathomable," Duan Yue said with a bitter smile. I can't help you. However, it's not a big problem to deal with just one of them."

Yunxiao pointed between his brows, and the stone beast rushed out, striding toward the martial emperors in the air.

His demonic Qi was so strong that it immediately attracted everyone's attention!

“What? A Martial Emperor realm demonic beast?” Everyone was gobsmacked. With every step that stone beast took, its body grew a bit stronger, and very soon, it became more than twice its original size. A palm covered the sky and earth as it smacked over.

Yunxiao retracted his sword beam, and thousands of sword beams gathered behind him, shooting toward the four men. He had deliberately let three martial Royal realm experts go. The stone beast could fight two of them alone, and Duan Yue could deal with one. The remaining four were in his Sea of Swords, and each of them was furious.

kid, even if you have the help of the sword formation, you’re too arrogant to think that you can fight four people at once! The purple-robed Martial Emperor shouted loudly, and his aura surged.

The other three no longer dared to underestimate him. Today’s battle might contain the greatest risk of their lives. One by one, they took out their Mystic weapons and burst them out. Four auras immediately forced the sword array away, and they faced Yunxiao from a distance.

“Everyone, quickly kill this kid! That demonic beast is extremely powerful. I’m afraid they won’t be able to stop it!” A Martial Emperor said in a deep voice. There was a look of worry in his eyes. The monstrous demonic Qi that the stone beast was emitting was actually suppressing the two martial emperors and firmly holding the upper hand.

you’re a good test for my spiritual power! Yunxiao’s eyes flickered.

His hands started to cast a spell. The spiritual energy in his dantian was affected by the great realm divine technique and flowed through his meridians. Strange symbols filled the sky and golden light shone.

The divine realm tablet shot out from between his eyebrows and pressed down in the air with a rumble.

Since his battle with di Jia on Mount Meru, he had been trying to figure out the method and power of this spirit power. However, in any case, he could only use it when he used the two great divine arts of Great Yan and great realm.

what a strong profound level weapon fluctuation! The purple-robed Martial Emperor's face turned cold. He broke the sword light with a punch and hit the divine realm tablet.

The divine realm tablet flashed with flowing light, and circles of red fluctuations spread out. The Golden symbols that filled the sky flickered and disappeared, crossing the sky.

“BOOM!”

The purple-robed Martial Emperor's punch hit the divine realm tablet, causing a circle of red light to shake. It was still unstoppable. Suddenly, an ancient charm emitted from the tablet, covering the sky and the sun. The entire sky turned red, as if it was about to burn.

“Woof! What was this feeling? There's something strange about this stone tablet. Everyone, let's work together to break it!”

A Martial Emperor turned pale with fright. If he had only been on guard earlier, he was now feeling a chill in his heart. The ancient aura emanating from the stele was actually trying to suppress his true qi and blood Qi completely. It was as if a God had descended to the world and was being worshipped by all spirits!

“Ghost Dance of the Scarlet lid!”

“Seven evils Saint force!”

“Thousand leaves demonic finger!”

“Thunder fist!”

Four extremely strong forces broke through the sky and blasted toward the divine realm tablet. Under the joint efforts of the four martial emperors, they finally withstood the tablet intent of the divine realm tablet and prevented it from falling.

Yunxiao's eyes narrowed as he produced a strange symbol with his hand and read, "Fire Territory, open!"

The strange golden symbols that filled the sky brightened up and all rushed towards the monument. It was as if billions of stars had gathered on it. The entire sky rumbled as if the void was about to collapse at this moment!

An ancient territory gradually opened up above Yanwu. Unable to withstand such a powerful pressure, huge cracks began to appear in the sky, just like when Mount Meru collapsed. A sea of fire burned for thousands of miles and pressed down.

Under the sea of fire, the four martial emperors felt cold all over. The power on the divine realm tablet was getting stronger and stronger, and they were gradually unable to hold on.

"Boom boom boom!"

Finally, someone couldn't hold on any longer. The stele was like a hot knife through butter, crashing down. It pressed down on the four of them!

"No!" The purple-robed Martial Emperor revealed a look of despair as he roared. The four figures tried to break free from the sea of fire, but it was in vain. They could only watch as the stone tablet fell and directly suppressed the four of them!

"BOOM!"

A huge tremor came from outside Yanwu, and the stone tablet smashed into the ground, only revealing the upper half of it. However, it was still as huge as a mountain, reaching into the nine Heavens.

Yunxiao gently stepped on the top of the stele and felt the domain power filling the sky, which was in conflict with the laws of heaven and earth of the heavenly martial realm itself. Soon, the spiritual energy in his body was exhausted. Instead, true Qi gushed out of his dantian and replaced his spiritual power to execute the great realm divine technique. The Golden characters in the sky instantly dimmed and were almost invisible. The territory power slowly receded and eventually disappeared.

“It seems that I have to use my spiritual energy to perform such a feat!” Yunxiao sighed slightly. The power of that realm was so strong that it frightened him, and it had suppressed four martial emperors in an instant.

However, this power was not cultivated by him, and he did not know how to cultivate it. As a result, it was only enough for one strike, and the recovery was extremely slow.

The demonic Dragon said, “one can only cultivate the spirit power after reaching the ten directions divine realm.” You’ve absorbed so much by accident, so be content. If you can cultivate spirit force now, how can you make the tens of millions of martial artists who are struggling on the martial Dao endure it!”

The divine realm tablet had suppressed four martial emperors, and the other three martial emperors had also seen it from afar. The huge divine realm tablet stood upright on the ground, just like the tombstones of the four people, which shocked the mind.

With this, those three people were immediately scared out of their wits. How could they still dare to continue fighting? they immediately wanted to escape.

“Since you’ve come, don’t expect to go back!”

Standing on the divine realm tablet, Yunxiao commanded the rain of swords to fall.

Panicking, the three martial emperors were soon caught up by the stone beast and Duan Yue, and they were killed one by one.

Only then did the entire sky regain its clarity. Only the nine spiritual energy waterfalls still hung high in the sky. With the amazing spiritual energy in Mount Meru, it would take many years for it to flow out at this speed.

what’s the origin of this profound level weapon of yours? ” Duan Yue looked at the towering divine realm tablet, and a chill ran down his spine under the intimidating aura.

I don't know," Yunxiao said with a faint smile. I don't know. He flew directly into the divine realm tablet.

Duan Yue was speechless for a while, but then he followed the stone beast and flew in.

At this moment, the world inside the stele was completely different from before. The nine Dragons energy-absorbing array was crazily absorbing the spiritual energy in Yanwu, and the whole world began to become full of vitality. The fire domain, in particular, had begun to nurture spiritual mountains, great rivers, and vegetation.

"This profound level weapon of yours is almost a pocket-sized version of Mount Meru," the demonic Dragon said with emotion. As long as there was enough spiritual energy, it was very possible to create a world of its own. Those ancient Almighty Warriors were so powerful that we couldn't even imagine them."

When Yunxiao arrived at the earth territory, he saw a yellow ball of light floating in the sky. Inside it was a palm-sized piece of Yellow Earth that was spinning constantly, breathing in and out spirit Qi, as if it was nourishing the earth.

As soon as the stone beast saw the piece of yellow soil, its whole body suddenly became restless, revealing an expression of extreme desire and uneasiness.

with your body," Yunxiao said with a smile, "it will take you at least hundreds or even thousands of years to digest this piece of breathing earth.

The stone beast seemed to be able to understand his words. It gradually quieted down and floated in the air without moving.

With a light point of Yunxiao's finger, the yellow piece of earth began to fall from the sky and sink into the earth. Soon, yellow soil gradually spread out. The originally dry and hard earth seemed to have been watered, becoming soft and emitting a soft light.

A steady, honest, distant, and long-lasting aura emanated from the earth, giving off an extremely amiable feeling.

“It’s said that the living soil is the mother of the earth, and it nurtures all living things. Now it seems that it’s possible.” Yunxiao sighed with emotion and said to the stone beast, “From now on, you’ll cultivate in this earth territory. With the assistance of the aura of the breathing earth, it’s very possible for you to break through to the nine Heavens realm in the future.”

The stone beast was overjoyed. It howled a few times in the air and then plunged down. To him, the soil was like water. The moment his body touched it, he melted into it and disappeared.

Suddenly, a surprised voice rang out in Yunxiao’s ear, “The breathing earth, it’s actually the aura of the breathing earth! Quickly, quickly put me in the living soil!”

With a light wave of his hand, a small red Tree emerged from the yellow soil. It was the Kunwu Divine Tree, and it jumped up and down with great excitement.

“This is the Kunwu Divine Tree?” the demonic dragon’s eyes narrowed as he exclaimed. What kind of fortuitous encounter did you have that you could get such a thing?”

Yunxiao turned to the excited Kunwu Divine Tree and said, “You’ve absorbed the essence of the Li fire for so long, and now you have the soil of the living earth to cultivate it. You’ve taken all the benefits, now we need you to put in some effort.”

The Kunwu Divine Tree was shocked and immediately became alert. “What help? Last time, you extracted half of my soul power and almost killed me! Don’t even think about it this time!” Looking at Yunxiao’s cold face, he suddenly had an idea and said, “You mean the great one profound Qi? Do you need it now?”

“What?” The demonic Dragon was taken aback. He cried out in horror, “Kid, what did he say? Great one profound Qi? He has such a thing on him?”

The demonic Dragon became extremely violent and roared as if it was about to escape from the purple shadow.

No. Yunxiao shook his head and said, “I’ll come back to you for that thing when I recover my strength to the peak of the ninth heaven. It’s a friend of mine who’s unconscious and needs your help.”

“Is it the one who was nourished by a large amount of soul nurturing wood last time?” the Kunwu Divine Tree asked.

yes! Yunxiao said in a deep voice. that’s right! Meng Wu had been unconscious for a long time, and he had thought that it would not take long. He did not expect that after such a long time, she had not changed her mind at all, which made him very worried.

The Kunwu Divine Tree said, “ I can also sense her existence. Her soul is now very complete. I don’t know why she can’t wake up. You can find a way to enter her spiritual space and investigate.”

Chapter 323

?

323 Meng Wu’s space of consciousness

The Kunwu Divine Tree looked at Yunxiao indifferently and said, “What, are you scared?”

Yunxiao gave him an indifferent look and said, “ I know.”

The spiritual space was a very strange existence, but it was also extremely dangerous. Once the space crumbled, those who couldn’t escape in time would die inside. Even Yunxiao, who specialized in mental attacks, did not dare to enter other people’s consciousness at will.

Just as he was about to leave, the Kunwu Divine Tree suddenly said, “Move me to the girl’s side. When you enter her spiritual space, I can protect you!”

With a wave of his hand, Yunxiao appeared in Mount inch.

“Master!”

Meng Bai, who had been standing guard beside Meng Wu, was overjoyed when he saw Yunxiao.

Yunxiao's eyebrows twitched as he gave Meng Bai a surprised look and said, "Meng Bai, how did you improve so quickly? Do you feel any discomfort?"

It had only been a while since he last saw Meng Bai, but he had already surpassed nine-stars and reached the peak of nine-stars Martial Master.

Meng Bai grinned and said, 'isn't it good to improve quickly? I've been practicing the body refining technique that master taught me, and in my spare time, I've been meditating to absorb vital Qi.'

Yunxiao sighed and said, 'is the heaven Earth venomous body really so heaven-defying? How do you expect me to live with your cultivation speed?'

"Bang!"

There was a big hole in the stone wall of the cave, and Xiao qingwang, who had come over after hearing the noise, happened to hear the conversation between the two. When he saw Meng Bai's cultivation base, he directly hit his head against the wall. He had cultivated hard for a long time and even benefited from the unique spiritual energy in the divine realm tablet, which allowed him to cultivate to the level of a four-stars martial Grandmaster.

"Bang Bang Bang!" He continued to bang his head against the wall in the corner.

you and Xiao qingwang will protect me, " Yunxiao said as if there was no one else around. I'm going to enter your sister's consciousness space and see what's going on with her.

Oh! Meng Bai was overjoyed to hear that. so, my sister will wake up? "

if we can find the reason, there should be no problem, " Yunxiao said. it's not a problem. Remember not to let anyone disturb me during this period of time."

"En!" Meng Bai nodded heavily and said, "I won't let anyone get close to master!"

Xiao qingwang also knew the seriousness of the matter, so he stood guard for him.

Yunxiao looked at Meng Wu, who was lying there quietly. Her face was as red as usual, like a Sleeping Beauty. He gently stroked her hair and was a little entranced by her.

“Let’s start!” In the end, he sighed and sat down cross-legged with his eyes closed.

A beam of golden light flashed between Meng Wu’s eyebrows and shot into it. Meng Wu’s body suddenly glowed with a golden light, which kept flowing.

Yunxiao’s divine will kept shuttling back and forth in Meng Wu’s spiritual ocean. Suddenly, The Phantom of a demonic Dragon flew over from beside him, and he asked in surprise, “Why are you here?”

“I’m just a soul,” the demon Dragon laughed. I can come and go as I please in the space of a warrior’s consciousness.

nonsense! Yunxiao scolded angrily. You’ve been with me for so many years, don’t tell me you still don’t know the dangers of the space of consciousness!”

“you’re overthinking it,” the Dragon said disdainfully. with your divine sense as a fifth-tier Alchemist and the Kunwu Divine Tree as your Guardian, you can come and go as you please in this spiritual space.

Yunxiao did not say anything more. He stepped on the dragon’s back and flew forward.

Meng Wu’s spiritual space was pitch-black, and she was obviously unconscious. Yunxiao wandered aimlessly among them, his face growing more and more solemn.

“This little girl can’t be dead, right? The entire space of consciousness is pitch black!”

In an ordinary person’s space of consciousness, even if they were unconscious, there would at least be a turbulent flow of consciousness, and all kinds of memory fragments could be found in it.

However, this place was deathly silent, and there was no consciousness.

It was just a casual remark, but when it suddenly sensed the hostility coming from Yunxiao, it immediately shut its mouth. He didn't want to anger this person. He knew Gu Feiyang's character the best.

"Who's that?" The demonic Dragon's pupils suddenly shrank. He looked down and said, "Look, it looks like a door?"

it's indeed a door," Yunxiao said in a deep voice. let's go down and take a look!

The demonic Dragon suddenly plunged down. Under the endless darkness, a tall black Gate stood there. Only the two yellow copper rings on the gate were still shimmering. Otherwise, it would be difficult to identify.

"How could it be like this?" this is the space of consciousness," the demonic Dragon said in surprise. why would a door suddenly appear? "

Yunxiao's expression turned extremely serious, as if he had discovered something. He strode forward, grabbed the copper ring, and pulled it hard.

"Boom boom boom!"

A huge force came from the door, and he was directly sent flying.

A blue ring appeared on the black door, and there was a neat hexagon in the ring. A circle of strange words spread out along the hexagon in all directions, forming a strange pattern.

"This is!"

Yunxiao's pupils constricted as he cried out in horror, "How could this be? This pattern is a Kasaya!"

The demon Dragon was also taken aback. It was definitely not something that could be done by an ordinary warrior's spiritual space, as it was able to send Yunxiao's divine sense flying. "You recognize this pattern?" he suddenly asked.

Yunxiao seemed to have seen the most incredible thing in the world as he muttered to himself in a daze, "How could it be? how could it be?"

His eyes were slightly red, and he was almost roaring, "Yao long, have you forgotten? Take a closer look at this pattern, it's the symbol of that Lord!"

The demonic Dragon's body trembled as he stared at the pattern. He seemed to have recalled something and exclaimed in shock, "It's that person! What was going on? How could that person's Mark appear here?"

Yunxiao gradually calmed down and stared at the copper ring for a long time without saying a word.

"Since it's a mark left by that person, it's impossible for you to break it with your current strength," the demon Dragon said. Let's go out and think of a way."

Yunxiao closed his eyes slightly, as if he had returned to his usual calm demeanor, and said lightly, "If I could leave, I would have already left."

"What?" the demonic Dragon was shocked. You're under a restriction?"

Yunxiao shook his head slightly. don't move. That Lord not only set up a door, but he also left a wisp of his divine sense on it. I'm afraid I've already triggered him when I pulled the copper hoop just now. If I leave now, it'll immediately trigger his spiritual sense to track me. Let's not even talk about whether or not I can escape. Even if I do, he'll definitely recognize me. "

The demonic Dragon's face turned ugly. Thinking of that man's face, he couldn't help but feel cold."What should we do now?"

that Lord must know that someone has touched this door, ” Yunxiao said. but his divine sense has not been awakened. This proves that he doesn’t know that it’s me, Gu Feiyang. There’s an extremely powerful restriction nearby, and it’ll probably be triggered if I move. What we need to do now is to escape before that Lord’s spiritual sense awakens.”

“Just tell me what to do!” The demonic Dragon said in a deep voice. He seemed to have realized the seriousness of the matter and became extremely nervous.

don’t be afraid, ” Yunxiao said. if I’m not wrong, I’m not afraid. I’ll contact the Kunwu Divine Tree first. When we break the seal together, I’ll ask it to pick us up and use its endless soul power to pull us out directly.”

“Alright!”

The demonic Dragon let out a loud roar as its body transformed into a beam of sword light. It was the demon-slaying Sword Art, and it shot up into the sky.

At the same time, Yunxiao also cast the great expansion divine technique, and golden tadpole-like characters filled the dark void.

Just as the two of them leaped up, countless rays of light shot out from the darkness, cutting the entire space apart and scattering like paper.

Fortunately, the two of them were prepared. The sword light and the great expansion divine technique directly blocked the void slash and shuttled through the endless night.

At this moment, a warm light suddenly scattered down from the sky, directly illuminating the two of them, and they slowly disappeared in the sky.

The sound of copper rings suddenly rang out from the Black Gate below, and a black shadow gradually came out from the gate. His entire body was covered in a black robe, and he had no face at all. He raised his head and looked at the sky with his star-like eyes.

At that moment, the demon Dragon and Yunxiao disappeared, leaving behind only the faint yellow light that was fading away.

The black shadow stared for a long time and muttered to himself, "Kunwu Divine Tree?"

He seemed to be extremely puzzled as he slowly disappeared into the door. Only a faint voice could be heard. have we been discovered? Who is it?"

Within the cave at the foot of Mount innerheart.

Yunxiao's eyes snapped open, and a beam of golden light retracted from Meng Wu's body. His expression was unreadable.

master! Meng Bai hurried forward and asked, "how's my sister?" When he saw Yunxiao's pale face, he felt his heart in his throat.

Yunxiao was silent for a moment before he comforted him, "I'm fine. I'm just in a deep sleep. Meng Bai, have you ever heard of a man like this in your memory?"

He drew a person's face in detail, and at the same time, he gently carved the pattern on the ground for Meng Bai to identify.

Meng Bai shook his head with a confused look.

Yunxiao sighed, knowing that there would be no result. "In your impression, who are your parents?" he asked again.

Meng Bai was stunned, and he said, 'what does that have to do with anything? My father's name is Meng Yan. He was an outstanding soldier of Tianshui, and he sacrificed his life for the state. I still have my Medal of Honor here.'

He took out an Iron Badge and showed it to Yunxiao, which was beginning to rust. Two simple words were carved on it, "dream salt."

what about your mother?" Yunxiao asked. what about your mother?" This dream salt who had sacrificed her life for the country was definitely not the key.

A desolate look flashed across Meng Bai's face as he said, "It's my fault. I heard from my sister that my mother died during childbirth. I've never seen my mother before."

Yunxiao felt a little powerless. He turned to Xiao qingwang and said, "qingwang, please go to Tianshui and investigate Meng Bai and her brother's background thoroughly. Don't miss anything.

Chapter 324-bad news

Meng Wu?" Xiao qingwang asked in surprise, "what does this have to do with Meng Wu's coma?"

Yunxiao's expression turned serious as he said, "Someone has cast a restrictive spell on Meng Wu's sea of consciousness.

what?" Xiao qingwang was taken aback and asked, "who did it?"

I'm just guessing," Yunxiao said in a deep voice. I can't be sure yet. If it's really that person, then we'll be in trouble."

Xiao qingwang seemed to have sensed the seriousness of the matter, because he had never heard the word 'trouble' from Yunxiao's mouth after knowing him for so long. "Is that person very strong?" he asked carefully.

"Strong?" it's not just 'strong'," Yunxiao said with a wry smile. it can't be described with the word 'strong'.

Xiao qingwang was taken aback, and then he said solemnly, "Don't worry, I'll definitely get to the bottom of this." He did not want to delay any further, so he asked Yunxiao to send him out of the divine realm tablet and headed for the state of Tianshui.

Meng Bai was deeply worried, and he said, "Master, who is that person you're talking about? Since he's an expert, and my sister didn't offend him, why would he want to harm my sister?"

I don't know," Yunxiao shook his head slightly. I don't know for now. But don't worry, that person shouldn't have any ill intentions. Otherwise, you and your sister would have died a thousand times over."

"Kid, is it really that person?" the demon Dragon asked. I feel that it's too unbelievable. There's no connection between the two at all."

I hope not," Yunxiao said with a wry smile. I hope not. However, that imprint and the void slash we used when we escaped. In the current world, who else can it be other than that Lord?"

The demonic Dragon was also silent.

How many people in the world could there be that even Gu Feiyang had to address as "Lord"?

Looking at Meng Bai's dejected look, Yunxiao touched him and comforted him, "Don't worry about your sister. At least master has confirmed that your sister will be fine, and it's only a matter of time before she wakes up. During this time, you'll also become more and more powerful. Today, master will teach you a martial skill."

Meng Bai nodded firmly, and his eyes flickered with a green light as he said, "I want to become very powerful and never let my sister get hurt again!

The demonic Dragon seemed to have sensed something and said in shock, "Kid, your disciple's health is not good."

Heaven Earth venomous body?" Yunxiao laughed. what do you think? it's awesome, right?"

The demonic Dragon was stunned. the younger brother has the heaven Earth venomous body while the older sister has that person's seal in her body. The origins of these two siblings are definitely not ordinary.

no matter what, these two siblings are important people to me," Yunxiao said with a sigh. no matter who they are, I will not let anyone hurt them.

Then, Yunxiao taught Meng Bai the floating life seal.

A moment later, his figure flashed and he arrived in Yanwu.

Now, the nine Dragons of spirit Qi in Yanwu had descended from the clouds, and a sea of spirit Qi was overflowing from the city. The divine realm tablet was towering into the nine Heavens and pressing down on the earth, looking like a place full of immortal Qi.

Ding Ling 'er, however, was not in the mood at all. Her face was slightly pale, and she was in a daze. As soon as she saw Yunxiao, she hurried up to him.

what?" Yunxiao chuckled. have you brought a terrible thing?" Why do you look so bad?"

Ding Ling 'er did not smile at all. She said in a deep voice, "Young master Yun, it's bad! Do you know why no sect has come to provoke you recently?"

who says there isn't?" Yunxiao laughed. didn't the battle Wolf temple make a move?"

"Seven martial emperors of the war Wolf temple have died, but they're still indifferent," Ding Ling 'er said. It's because there's been a rumor recently that you've destroyed the constellation sect's branch in Qinghai. The sect leader of the constellation sect, old man constellation, has flown into a rage and is planning to cross the border to destroy Yanwu."

Yunxiao's face darkened, and then he said, "Old monster Xing Xiu is personally taking action?"

Seeing the change in his expression, Ding Ling 'er became even more worried. "Yes, the news said that old man Xing Xiu is currently setting up a teleportation formation, and he wants to settle the score with you personally. The reason was that you destroyed their constellation sect's branch. Young master Yun, did you really do it? The blueluan warship!"

'Hehe, there are only a few in the entire southern region,' Yunxiao said. The constellation sect in Qinghai happened to have lost one, and I took out another one, so it was natural that they would suspect me. Besides, star constellation probably had an ulterior motive. Now that Yanwu was the meat in the eyes of the entire heavenly martial continent, he was just finding an excuse to make the first move. The other large sects can't find an excuse to openly disobey the iron Order of the Holy realm."

Ding Ling 'er was overjoyed and said, 'so you didn't do it? As long as you didn't do it, there's still room for redemption!"

it's not a coincidence, " Yunxiao said with a smile. I did.

Ding Ling 'er's joy was suddenly extinguished. She had no hope at all. He said with a bad expression, " "Young master Yun, what should we do? I've already sent a letter back to the headquarters of the Tianyuan trading company, asking them to find a way to deal with the sacred zone and let the emissaries of the sacred zone interfere. But I'm afraid it won't have much effect."

Yunxiao was also lost in thought as he paced back and forth. Suddenly, he raised an eyebrow and said, " "I have a way. Go to the Tian Xiang Empire and find a person. That person is dressed in plain clothes and always has a wooden zither in his hands. This person owes me a lover back then. As long as you say 'a melody laughing at the east wind' to him, he will naturally agree to a request of yours and return the favor."

Ding Ling 'er mumbled a few times, and her eyes revealed a look of confusion. She asked suspiciously, " the old man Xing Xiu is a famous Martial Emperor of the nine Heavens realm in the Eastern Region. Can he really save Yanwu? "

as long as he's willing to come, " Yunxiao said with a smile. he'll be fine.

Ding Ling 'er's confidence was greatly boosted. Yunxiao was a great figure in the past, and those who owed him favors were by no means ordinary people. However, she was still suspicious. Could there be a martial Supreme powerhouse hiding in the marketplace of the southern region?

"I'll immediately mobilize all my forces to search for it!" Ding Ling 'er did not dare to delay, so she immediately got up and left.

After she left, Yunxiao's face turned serious. He had no idea if the man was still in the Tian Xiang Empire. He looked at the sky and muttered, "Li Huachi, if you didn't come, I would have been in real trouble this time."

With Yanwu's current strength, it was impossible for it to compete with a Martial Emperor of the ninth heaven, let alone a famous Martial Emperor.

The news spread like wildfire, and it seemed that the entire southern mountain range was in an uproar. Everyone was paying attention to this matter.

The storm was brewing, and the forces of the entire southern region began to shrink their scope of activity. This was especially true for the thousand Cranes court of the Tian Xiang Empire. The entire sect was filled with tension. In fact, they were the ones who had done the good deed in secret when the constellation branch in Qinghai was destroyed. They were also afraid that the old monster constellation would find out about it, and then it would be a disaster for the whole family.

After Ding Ling 'er left, Yunxiao began to cultivate in seclusion, refining the profound level weapons he had obtained in the soaring heaven King Palace.

The purple cauldron was faintly engraved with obscure tadpole-like characters. When he touched it with his hand, he was bounced back by the rule force.

A golden light emerged in Yunxiao's hand, and he slowly touched them one by one. At that moment, streams of purple mist overflowed from the purple cauldron and rose into the air, condensing into three big characters above it before vanishing one by one.

"The cauldron of mountain and river!"

He sat down cross-legged and began to refine it. Without the cauldron inscription, it was extremely difficult to refine it. Unless one's strength was extraordinary and they could refine it by force, but even in his previous life, he was afraid that he could not do it by force.

While Ding Ling 'er was searching for the zither-carrying man in the Tian Xiang Empire, in the southern sea adjacent to the Tian Xiang Empire ...

The Firefish clan's territory was densely packed with a large number of sea clans, who had almost surrounded the entire Firefish clan with a murderous aura.

"Where is Lord Wei Xi? If you don't say it now, I'll exterminate your Firefish clan!"

An aggressive member of the jet bat race shouted coldly. He had the aura of a Martial Emperor of the seven constellations realm. They were surrounded by the batspit Army, which had five martial emperors. Two of them were even at the peak of the Martial Emperor realm.

All the Firefish people cowered together in fear, unable to breathe under the pressure of those powerful auras.

Tie fan's face was pale. Lord Wei Xi is extremely powerful, " he said through gritted teeth. how would we know where he went? "

Tie Ling also clenched his fists and said fiercely, " "You're all bad people! Wei Xi is missing, and you're here to bully us!"

The expression of the jet Bat Man became extremely indifferent. He said coldly, " "Since you're so full that you won't say anything, then I can only send your entire race to heaven! From now on, the Firefish clan will no longer exist in the South Sea!"

With a wave of his hand, the surrounding members of the jet bat race rushed down with murderous intent.

The expressions of all the Firefish clan members changed drastically. Looking at the overwhelming number of Futu clan members, each and every one of them revealed a look of despair.

Tie fan grabbed tie Ling and said, " you follow behind me. All the Firefish people, gather your combat strength. We'll fight our way out for you. You must escape and go to the human world. Find Lord Holy envoy in Yanwu city of firecrow Empire, he will definitely help you!"

Tie Ling's body trembled, and tears gushed out.

His entire body was trembling non-stop. He wanted to fight with everyone, but he understood the meaning of his life. The hope of the entire Firefish clan was on him, and if he died, the clan would really be extinct forever.

Resolve flashed in the eyes of tie fan, tie Fei, and the others. They stood in front of tie Ling like brave warriors who knew they were moths to a flame, but they still threw themselves at it.

"Hmph, even an ant like you is making your final struggle!"

The members of the Futu clan all revealed looks of ridicule and malevolence. A large number of experts' auras surged, and the surrounding seawater seemed to be boiling at this moment, emitting violent bubbles.

All of a sudden, a wave surged up in the sea and spread out in front of the Firefish clan.

That power startled everyone. All the Futu clan members seemed to have been hit by a petrifying spell at that moment. They stopped and could not move at all.

At some point, a man in a black robe had appeared between the futun clan and the Firefish clan. He stood there silently, as if he had never been there.

Chapter 325

?

325 Qi Feng

The black-robed man's sudden appearance shocked everyone.

He ignored the conflict between the two clans and said to the Firefish clan, "Is your Kunwu Divine Tree here?"

Tie fan was shocked. The man in front of him had no aura at all. If he had not seen it with his eyes, he would not have believed that there was someone in front of him. Even though he had seen it with his eyes, it felt blurry and unreal.

Suddenly, he seemed to have caught onto something and hurriedly shouted, "my Lord, please save my clan. Tie fan will tell you everything he knows!"

The expression of the Futu clan member turned cold. He had also noticed the strange behavior of this person and suddenly shouted, "Who are you? We are the Futu clan, the Rulers of the Sea within ten thousand miles. Please don't interfere with the internal affairs of my clan!"

The black-robed man did not pay any attention to the Futu clan members. Instead, he turned to tie fan and said in a faint voice, "You want me to do something for you? It's not up to you to say it or not."

There seemed to be an eye flashing through the black robe.

Tie fan's body trembled, and he instantly lost consciousness. His face gradually turned dull.

A large amount of memories in his mind were read directly by him. From the moment he was born, scenes flashed by, all the way until this moment. He had gone through his life in an instant without holding back anything.

"Gulu Gulu!"

A moment later, tie fan's feet directly became light, and his whole body floated in the seawater, slowly floating upward. His pupils had already dilated, and he was already dead!

"Ah?"

When the Firefish clan people around them noticed tie fan's strange behavior, they were all stunned.

The strongest person of the Firefish clan, tie fan, a Martial Emperor of the seven constellations realm, had died without even making a single move?

The black-robed man was expressionless, as if he had done something extremely insignificant, as if he had just taken a sip of tea. He muttered to himself, "Saint? Li Yunxiao? I didn't expect someone to possess the true Phoenix Flame. Not bad, not bad."

He looked at tie Fei, who was trembling with blue veins popping out, and said, "I still need to confirm the accuracy of the information."

Tie Fei trembled in rage, but in an instant, he calmed down and became dazed.

Almost exactly like tie fan, in just a few breaths, bubbles kept coming out of his mouth as he spread his limbs and floated to the surface of the sea. He was dead.

"Ah?"

Not only the Firefish clan, but even the futun clan members were dumbfounded. They were so horrified that they felt a chill all over their bodies. They wanted to retreat, but they felt their bodies stiffen and could not move no matter what. Even the Futu clan's powerhouses at the peak of the Martial Emperor realm were all drenched in cold sweat, and their limbs were numb.

"I'm going to kill you!"

Tie Ling's mind went blank. He could not help but rush forward. The Trident in his hand struck the black-robed man wildly. The surrounding seawater was pulled down by his power.

"You want to kill me?"

The black-robed man smiled faintly.

Tie Ling's attacks exploded around him, but he was not hurt at all. However, he still attacked madly one after another. He didn't have any other thoughts in his mind and only became crazier and crazier.

The black-robed man's shadow seemed to become ethereal in the sea, as if he was not in this space. "Your courage is commendable," he said indifferently. "This is a reward for your tribe for providing me with clues. I'll help you solve this crisis."

He gently raised his hand and pointed forward.

The finger tip seemed to come from the void countless miles away and merged with the point in the sea. Rays of golden light spread out from his fingertips and spread in all directions.

Wherever the golden light passed, the Futu clan members were instantly reduced to ashes. As the golden light spread, the sea clans, led by the Futu clan, disappeared completely under the light, as if they had never existed in this space.

With the exception of the Firefish clan.

In a breath's time, the golden light disappeared from the bottom of the sea. The black-robed man also disappeared. The entire sea became quiet, so quiet that it was a little strange.

"Gulp!"

Tie Ling swallowed his saliva and looked around in a daze. The bottom of the sea, which had been full of killing intent a breath ago, was now devoid of any signs of life except for the Firefish clan. The deathly silence was terrifying.

In an instant, he lost all his strength and passed out in the sea.

The Firefish people were shocked, and they all came forward to take care of him.

Under the discussion of several elders, the entire Firefish clan began to migrate.

.....

Yunxiao had been refining the few ninth-tier Mystic artifacts in the divine realm tablet, so he knew nothing about the outside world.

The heavenly martial arts realm, which had been restless, suddenly quieted down when old monster Xing Xiu was about to cross the domain. It seemed that they had begun to observe.

Somewhere in Mount Inch, Yunxiao cast a few incantations into the bell-shaped object. A few ancient characters 'dynasty Bell' were printed on the bell, and in the end, it disappeared into his forehead with a flash. He opened his eyes, and rays of golden light flashed through them. His figure flashed and disappeared from where he was.

The next moment, he stood directly on the top of the divine realm tablet. He looked at the clouds and said loudly, "Since you're here, then come out."

The sky was clear, and there were only nine streams of spirit Qi flowing in the air. The dense aura filled the air, making it seem peaceful.

A middle-aged man had appeared in the sky out of nowhere and was walking down step by step.

When Yunxiao saw the man's face clearly, he was slightly taken aback. jitian sect's sect master, Qi Feng? "

"You know me?" Qi Feng was surprised.

sect master Qi, " Yunxiao said with a faint smile. your name is well-known in the southern region. Who doesn't know you? " He still had some impression of Qi Feng's appearance, but he was still an inexperienced child back then. Now, he was already an Overlord.

"Many people know my name, but I don't think the Lord of cloud sky City is one of those who have seen my face," Qi Feng said suspiciously.

I've heard someone describe you, " Yunxiao said with a smile. so, I knew it was you at first sight.

Although Qi Feng still felt that something was wrong, he didn't want to dwell on this issue. Instead, he changed the topic and said, " is the profound level weapon you're stepping on the stone tablet that suppressed the seven martial emperors of the battle Wolf temple? "

it's pure luck! Yunxiao said with a faint smile. I'm just lucky!

Qi Feng did not comment and said, " he suppressed seven martial emperors by luck. That's really heaven-defying luck. This stone tablet gave me a strange feeling. At a glance, I can't even tell its rank, but I'm sure it's at least an eighth grade profound artifact. Aren't you afraid that someone will remember it if you show it off like this?"

this stele is suppressed here, " Yunxiao said. it's used to intimidate thieves and Rascals. No one dared to offend him. However, it doesn't seem to be of any use. Sect leader Qi still came."

Qi Feng laughed and said,"haha, the city Lord of cloud sky City is just as I heard." There's no end to his arrogance!" The light in his eyes turned sharp as he shouted, " "Am I just a small fry in your eyes?"

The aura of a martial honor was released from his body along with his sharp eyes. The entire sky changed color and dark clouds began to gather, making it extremely dark.

Yunxiao was not afraid at all. He raised his head and said with a smile, "Those who have designs on my Yan city Lord are thieves and Rascals. I wonder if sect master Qi is here today to be a small fry or an important guest?"

Qi Feng stared at him for a while, his heart filled with shock. Finally, he sighed and said, "I'm not an honored guest today, nor am I a small fry. The city of Yanwu was born at this time. Receiving the endless spiritual energy from Mount Meru, it was no longer an ordinary spiritual mountain. Even when compared with the seven superpowers of the heavenly martial realm, it was not inferior. Even if I, Qi Feng, had the intention to do so, I don't have the strength to do so."

After saying that, he stared at Yunxiao, his meaning obvious.

so, sect leader Qi, you want me to know my place and give up Yanwu?" Yunxiao laughed. is that so? "

"That's only one of the reasons. The Lord of cloud sky City is a smart man, and I don't need to say more about the key points. The second was the matter of old man Xing Xiu's cross-realm visit. Let me ask you, was it you who destroyed the constellation sect branch in Qinghai?"

not really, " Yunxiao said. I just robbed the blueluan warship. Could it be that sect master Qi is helping old monster Xing Xiu?"

"I didn't believe it at first," Qi Feng's pupils contracted as he sighed,"I didn't expect it to be true." Even if you didn't destroy the constellation sect's branch, it's hard to explain now. I hope that the cloud sky City Lord can come with me. "

where to? " Yunxiao frowned. where are you going? "

"Saint domain!" Qi Feng looked at him and said word by word.

Yunxia laughed. you want to take me to the Holy region to explain things clearly. Then, you can use the power of the Holy region to stop old monster Xing Xiu from crossing the border and interfering with the affairs of the southern region? "

Qi Feng sighed, "the Lord of cloud sky City is indeed a smart man. It's just that he's too arrogant." Now that I've been forced into the eye of the storm, there are many things that even I can't control."

Yunxiao's eyes flickered as he said with a smile, "Sect master Qi, you're too naive. Everyone could tell that the old monster star constellation had other intentions. Even if I were to go to the Saint-level with you, I wouldn't be able to explain these things in a short amount of time. As long as that old monster sent a disciple to deal with us in the Holy region, he would be able to cross regions and soon take Yanwu under his control. It'll be useless to say anything then."

Qi Feng frowned and said, "I've thought about that as well." However, the southern region obviously can't keep Yanwu. It didn't matter if old man Xing Xiu or the others had to go. It was the same after all. I'm just afraid that old monster Xing Xiu will make a big deal out of this matter and interfere in the matter between the skyfragrance Empire and firecrow Empire."

The look on Yunxiao's face gradually turned cold as he said in a cold voice, "In order to ensure the safety of your two empires, you have to sacrifice me no matter what?"

Qi Feng's face was filled with helplessness as he said, the strong are the Kings. Neither you nor I have a choice.

Yunxiao sneered and said, "haha! I can't help it? I don't know much about Grandmaster Qi, but my life has always been in my own hands. If you want to capture me today, then there's no need to say anything more. Let's fight!"

Chapter 326

?

326 The dynasty Bell

As soon as he shouted the word "battle," the sky was instantly filled with golden light, which flickered non-stop in the spiritual Qi. It was like a Golden Ocean, with waves rolling up and down, and the heaven and earth were covered in golden light.

“The city Lord of cloud sky City is a smart man. Why would he do something so boring?” Qi Feng frowned. In his opinion, Yunxiao’s resistance was completely meaningless.

Yunxiao’s eyes flickered with mockery as he said coldly, ” “One, you must always control your own destiny. 2. Do not underestimate any opponent. Didn’t Hua qianshu teach you these two things?”

Qi Feng’s expression changed and he said angrily, ” “You’re looking for death! Your honorable master’s name is not something you can casually call! I originally thought you were a talent, but since you’re not good or bad, don’t blame me for being impolite!” With a wave of his hand, the dark clouds in the sky immediately pressed down, facing The Golden Ocean below. The two colors cut the sky apart.

“I’ll give you one last chance. Follow me. Don’t put up any unnecessary resistance.” Qi Feng kindly advised.

Qi Feng, ” Yunxiao said proudly, ” although you are a martial Supreme, you lack the heart of a strong man. Hua qianshu doesn’t have anything to teach you, so I’ll teach you today.”

“Impudent!”

Qi Feng was finally enraged and shouted, ” “You actually dare to call my respected master’s name without any respect. Today, I won’t allow you to be arrogant!”

With a wave of his hand, the rumbling dark clouds in the sky quickly gathered and formed a huge handprint that pressed down on the golden light below. The entire city of Yanwu was immediately shrouded in a shadow, and it felt extremely oppressive and uncomfortable.

Yunxiao stood in the wind, showing no fear as he quickly performed incantation gestures with both hands.

The golden light spirit sea quickly condensed into a huge golden sword. It bloomed under the dark cloud handprint and slowly rose up. The two forces were in a stalemate in the sky.

Qi Feng's expression changed slightly, and a hint of mockery flashed across his face. He formed a seal with his hands, and the dark cloud handprint quickly shrank. Its size kept shrinking, as if it had absorbed all the dark clouds in the sky, and began to turn black.

The golden sword stopped rising and gradually disintegrated under the black handprint. The golden light flickered and continued to sink, clearly unable to resist.

Yunxiao's face was still calm, as if he had expected this. Then, he changed the incantation gesture in his hand.

In the city of Yanwu, a defensive light burst out in a large area, emerging in seven colors and overlapping layer by layer before spreading out. The seven-colored light quickly swept over the black handprint. Rays of light radiated out and gradually diluted the color of the handprint.

Yunxiao pointed with one hand, and the golden sword began to absorb the golden light around it crazily, turning bright and letting out a sword cry. It began to push the handprint back into the sky, as if it was going to break through the dome!

"Green Lotus Sword Song, scatter!"

Yunxiao cried out as he made a strange gesture with his hands. The golden sword suddenly glowed white, and gradually, Lotus-shaped sword flowers bloomed in the air. It was as if it was using all its strength to break through the darkness!

"Boom boom boom!"

The sword light exploded like a lotus flower that had just finished its blooming process. It was dazzling and eye-catching. A Golden Ocean spread out in the sky, and Yanwu slowly glowed under the light.

Yunxiao stood proudly on the divine realm tablet. His lonely figure seemed to have been standing there since ancient times, as firm as a rock.

Qi Feng's figure flickered in the golden light. His eyes flickered with that proud and aloof figure. He was extremely shocked and his heartstrings were also moved.

"You're very strong. At your age, you can be considered a once-in-ten-thousand-years genius. If you come with me today, I can guarantee your life. With your talent, you'll be able to become a martial sovereign in a few decades. It won't be too late for you to come back then." Qi Feng's heart was once again filled with appreciation for talent as he advised.

Yunxiao smiled proudly and said coldly, "If I were to follow you today, where would my unyielding martial intent be? Without a strong heart, how can I break through to the nine Heavens realm? Qi Feng, it's useless to say anything more."

Qi Feng's face gradually became serious and he said, "Alright, you're an opponent worthy of respect. I'll fulfill your unyielding martial intent today and capture you after you've been seriously injured."

He clasped his hands together and gradually separated them. A ray of light was pulled straight in his hands and gradually turned into a Silver Arrow. He raised it in the air, aimed at Yunxiao, and shot it out.

The long arrow dragged a long tail and streaked across the sky like a shooting star falling to the ground. The surroundings were illuminated in a deathly white color, and it was impossible to see.

Yunxiao took a deep breath. Even with the backing of the solar golden sword array and the great void celestial capital array, he did not have the slightest chance of winning today's battle. However, his indomitable will to fight did not allow him to retreat even a little.

"Sword technique-star destruction!"

The purple shadow Qing suo sword appeared in his palm, and a purple-green color filled Half the Sky. Within it, speckles of Starlight flickered and disappeared continuously. Thousands of Starlight gathered into a sword Qi and slashed out across the sky, wanting to split the entire world apart.

"BOOM!"

The two forces exploded, and Yunxiao's star-destroying sword Qi was instantly shattered. The Silver Arrow continued to fall from the sky, about to pierce through him.

Qi Feng's pupils suddenly contracted as he said in shock, "I heard that you have the three sword techniques of Lord Gu Feiyang. I didn't expect it to be true! His eyes revealed a look of desire, and he said, "I'm willing to use my treasures to exchange for these three sword techniques. I guarantee that you'll benefit endlessly."

Yunxiao took a few steps back on the divine realm tablet and performed a series of hand seals. The seven-colored light of the great void heaven capital formation glowed in front of him, surrounding the arrow and dissolving it.

"Heh, these three sword techniques represent three kinds of sword essence: demon slayers, star obliteration, and dawn light. Even if I pass it to you, what's the use of copying it? If one day, your comprehension of martial essence can reach this level, you will naturally learn it."

Yunxiao stood with his sword in his arms and said indifferently, "don't use these warm-up moves anymore. I don't have time to practice with you."

Qi Feng was shocked. Although Yunxiao had nullified his arrow with the power of the formation, he was only a martial King. No matter how heaven-defying he was, could he fight him across three realms?

It was impossible!

"Since you've already made up your mind, I'll grant you a battle as you wish!"

Qi Feng's figure slowly rose in the air. As his aura rose, an indescribable feeling spread out from his body, shaking people's hearts and souls. His hands were constantly forming incantation seals, and rays of golden light appeared in the surroundings. "I don't know where you learned your martial arts," he said proudly. "but my master is the first disciple of Lord Gu Feiyang. Today, I will use Lord Gu Feiyang's ultimate skill to fight you!"

"Floating like a dream, flying with a seal!"

Qi Feng's body emitted rays of golden light, as if a God had descended. He formed an ancient seal with his hands, and a seal formed behind him.

"Floating life seal!"

die! he shouted, and the seal behind him began to spin slowly, creating layers of illusions in the sky. It was as if it was going to collapse the world.

The entire city of Yanwu trembled under this attack.

Yunxiao's pupils constricted as well. He looked at the move he had created with an indescribable feeling in his heart.

"Sword technique-demon slaying!"

A Dragon's Roar burst out from the purple shadow of the Qing suo sword and pierced through the nine Heavens. A Dragon's Shadow pierced through the heavens and earth.

Then, he leaped into the air and quickly formed a hand seal. The divine realm tablet emitted streams of light and colors, and ancient and incomprehensible characters spread out from it. The fire Territory crossed over, and the ancient will opened up above Yanwu, sweeping toward Qi Feng at a high speed.

"BOOM!"

The demon-slaying sword Qi crashed into the huge floating life seal and was instantly shattered. The Dragon Shadow disappeared in an instant. The difference in strength between the two was too great. Even if Yunxiao attacked with all his strength, it would be in vain.

The huge seal fell rapidly and rushed into the ancient essence. The golden light instantly dimmed as if it was under great pressure, but it was still dazzling, as if a huge seal was going to be stamped on the earth!

“The dynasty Bell!”

Yunxiao cried out as a bright light flickered between his eyebrows.

Clang! Clang!

An ancient Bell rang in the sky, shattering everyone’s hearts. The sound of the bell seemed to come from an endless distance. An ancient Bell appeared in the sky and stood above the fire Territory.

The floating life seal suddenly dissipated under the sound of the bell, turning into golden light spots that scattered like Starlight.

Qi Feng’s mind trembled. Not only did the sound of the bell break his floating life seal, it also shook his soul and reverberated in his mind.

“What profound level weapon is this?” Qi Feng’s pupils suddenly contracted, and he cried out in horror, “it’s said that you obtained a ninth-tier profound artifact in Mount Meru. Is it this ancient Bell?”

Yunxiao pointed his finger, and the dynasty Bell quickly flew into his hand. Its ancient charm spread out continuously, and its artifact essence was abundant. When it rang, it seemed to pass through a long time, and one dynasty and one generation were turned to dust.

Qi Feng’s face became serious. He stood in the air and did not say a word. His brows were furrowed as he pondered.

After a long while, he slowly said, “in every era, there will be peerless figures.” Not only do you have extraordinary strength and shocking martial intent, but you also have great luck. Perhaps this entire era will be suppressed by you.”

His face regained its solemnness, and his figure gradually dissipated in the air. Only a faint voice was heard, “I won’t ask about this matter anymore.” You’re on your own.”

Standing in the air, Yunxiao looked at Qi Feng's gradually fading voice and chuckled. "This Qi Feng is quite a character. It's just that he lacks that domineering aura that terrorizes all directions. I don't know if he can break into the nine Heavens realm in the future."

He looked down at Yanwu, which was filled with spiritual energy, and began to worry. After a long time, he sighed and said, "I'm not even a martial Honor's match. I'm afraid Yanwu can't hold on any longer."

He cast two spells and put the divine realm tablet and the dynasty Bell into his glabella. Then, he landed and walked into the city Lord Mansion.

Chapter 327-impending storm

"City Lord!"

Wu zhishi walked out shakily and said, "My Lord, were there enemies again just now?"

He was just a mortal, and the things that had happened recently had long gone beyond his understanding. Normally, he could only do what a mortal Deputy city Lord should do, trying his best to maintain order and stability.

Besides, Yunxiao had almost never asked about the affairs in the city. He wrote a series of recent events into a letter and reported it to the capital.

Qin Yue's approval always had only one line: Everything is decided by King Wucheng and can not be disobeyed!

Yunxiao nodded. don't worry. The entire Yanwu is in my array. The battle between ordinary Warriors will not involve mortals. You just do your job well, but Wuwu ..."

"But what?" Wu Zishi's heart trembled.

but," Yunxiao sighed, "I might leave this place soon. "But don't worry, I'll be back soon." His eyes flashed. No matter who takes over Yanwu during my absence, I'm sure they won't make things difficult for you. You just need to do your best."

Wu Zishi was very nervous, but he nodded heavily. He also knew that Yanwu was no longer an ordinary city. Even the royal family of Tianshui could do nothing about it, let alone him, the Deputy city Lord.

After giving his instructions, Yunxiao began to cultivate quietly.

Three days later, a large number of martial artists began to enter Yanwu, but they were all very careful, discussing in detail, and no one dared to make a scene.

I heard that old man Xing Xiu will be coming over in two days. At that time, I'll be able to see how a martial sovereign of the nine Heavens fights.

"Tsk, tsk, I've never seen a Martial Emperor in my life. I can finally have a taste of my long-cherished wish."

"Taste my ass. Old man Xing Xiu is only here to serve as a deterrent. Do you think he, a mighty Martial Emperor, would have to deal with the city Lord of Yanwu himself?"

"That's true. However, the city Lord of Yanwu was no pushover. Don't forget that the seven martial emperors of the war Wolf temple have all been suppressed and killed in this city."

"Hmph, that's just a rumor. How could you believe such a ridiculous thing? I also heard that the reason why old man Xing Xiu came here in person was that Xu Feng, who was killed in Qinghai, was his beloved friend!"

"Eh, that's very possible! Hurry, hurry up and tell everyone what happened."

The group of people immediately became excited, each of them craning their necks to listen. The same thing was happening in every place in Yanwu, and everyone was excited to see the show.

The strength of the southern region was the weakest among the three regions of the heavenly martial realm. Not to mention Martial Emperor powerhouses, even the existence of martial Venerables was difficult for many people to see in their lifetime. Now that they heard that a Martial Emperor had come

from another realm, almost all of them could not help but come to Yanwu to watch the show. Regardless of whether or not he could see the martial sovereign in person, at least he had something to talk about in this life. It was enough for him to show off for the rest of his life.

With such a mentality, a large number of passerby and bystanders poured in, and Yanwu was once again full after the opening of Mount Meru.

However, most of them were here to witness a historical event. The eyes of the major forces had already been inserted among them. Many of the sects had their sect Masters in person, which showed the importance of this event.

In a luxurious box, more than a dozen prominent figures of firecrow Empire were having a detailed discussion.

The person sitting at the head of the table was Qi Feng himself. As the most powerful man in firecrow Empire, he was also present. All the people below were figures who could shake firecrow Empire with a stomp of their feet. There was also Leng xingbo, Wang Songhe, the sect master of the heavenly jewel sect, the elders of the various sects, and the consecrated Yuan members led by Xin Pi. They were all seated at the bottom.

An elder from jutian sect said slowly, "This li Yunxiao is really something. He didn't escape. The inescapable net we set up around Yanwu to prevent him from escaping was completely useless. What is this person thinking? does he want to fight with old man Xing Xiu?"

hehe, the young man has some ability and thinks he's so great. He doesn't put the world in his eyes. Another elder stroked his beard and laughed, "he's gone too far this time. Only complete destruction awaits him.

Qi Feng frowned and seemed to be a little unhappy. He said lightly, "No matter what, we can no longer interfere in the affairs of Yanwu. After this incident, no matter who took over Yanwu, it would definitely be an existence that surpassed the firecrow Empire. Everyone can take this opportunity to feel the pressure of a martial sovereign of the nine Heavens. It will be very beneficial for your future cultivation."

Wang Songhe's fingers gently tapped on the table and said with a smile, "I'm also looking forward to seeing a martial sovereign in action. But it shouldn't be possible, right? After all, if old man Xing Xiu were to personally take action against a teenager, how could he possibly stoop so low?"

Everyone nodded one after another, obviously in agreement with Wang Songhe's words.

"I reckon that when the time comes, any of the martial honors under old man Xing Xiu will be able to solve the problem," an elder said.

"It's always hard to predict how things will turn out," said Qi Feng indifferently. No one had expected Yanwu to become what it was now in just a few months. No one can say for sure if old man Xing Xiu will make a move."

Yunxiao? "Leng xingbo was a little surprised. sect master Qi seems to like this li Yunxiao, right? "

Qi Feng glanced at him and said, "Where is sect leader Leng? I think he stole your frost hook and bright snow. Why isn't there any movement from your emotion severing mountain?"

Hong Ling, who was behind Leng xingbo, trembled slightly. Her eyes flashed with anger.

"It's just a Mystic weapon. Since it's lost, it's lost." Leng xingbo chuckled.

Wang Songhe suddenly smiled and said, "Leng xingbo, when did you become so magnanimous? I remember that a few years ago, my disciple stole more than a hundred primeval stones from your disciple, but you still killed your way to the sect. That's a peak sixth-tier profound weapon. Are you afraid? Tsk, tsk, no wonder. I heard that Yunxiao suppressed seven martial emperors of the war Wolf temple not long ago, causing the temple's position in the Tian Xiang Empire to plummet."

Xin ruyu, who was also sitting below, finally couldn't hold it in any longer and said, "Master, the truth of this matter still needs to be verified. How could Yunxiao suppress seven martial emperors? He might not even be a match for me, let alone a Martial Emperor!"

Among the people present, although he was extremely old. However, as Wang Songhe's personal disciple and the heir to the firecrow Empire's royal family, his words were not too abrupt. Many elders also nodded one after another, obviously in agreement with him.

Jutian sect's Fang de glanced at him and said, "I don't know if Yunxiao can suppress seven martial emperors, but his true combat strength must be above that of a two-stars Martial Emperor. Your Highness Prince Xin, Li Yunxiao is a little better than you."

Xin ruyu's expression changed and he said in disbelief, "Rumors are always exaggerated. He's only 15 years old, and only a martial King. Who would believe that he can suppress a Martial Emperor?"

Fang de's brows slightly furrowed. Many people had seen the battle on qionghua Island. However, if he had not seen it with his own eyes, it was indeed a little unbelievable to just say it. He immediately shut his mouth and stopped talking.

"Ruyu, the world is so big," Wang Songhe said. "A peerless generation with such strong talent is not something we can imagine. Yunxiao must be very strange, and Yue julin's disappearance must be related to him. What surprised me the most was that Yue julin's tablet of life was still there and it was full of life. It was obvious that he was not in danger and his cultivation had increased. But how did we completely lose contact?"

Xin ruyu's expression turned unsightly when he heard this. He explained, "Maybe uncle Yue is hiding somewhere in seclusion, trying to break through his bottleneck."

Wang Songhe nodded slightly and said, "looking at the change in aura on the life memorial tablet, it does seem like he's cultivating." However, with Yue julin's personality, he would never hide without a word. My guess is that he might be trapped somewhere by Yunxiao."

"Trapped in a certain place?" Xin ruyu shook his head like a rattle-drum and denied, "Uncle Yue is a six-stars Martial Emperor. How can Li Yunxiao have such ability? If it weren't for master Baili gongjin's interference, uncle Yue and I would have captured Li Yunxiao."

Qi Feng looked at him indifferently and said, "A six-stars Martial Emperor? If that's all he can do, it won't be a problem for Yunxiao to trap him."

“What?”

Everyone was shocked and couldn't believe what they were seeing. However, with Qi Feng's status, since he had said it, it was naturally not a lie. Among them, Xin ruyu found it the most difficult to accept this. He said in a low voice, “Why do you say that, sect master Qi?”

“Because I've fought him before,” Qi Feng replied.

“?!” Everyone sucked in a breath of cold air, overwhelmed with shock. The number one man of firecrow Empire had actually fought with Yunxiao before.

“And the result?” Hong Ling suddenly couldn't help asking.

Fang de glanced at her and said nonchalantly, “of course, the sect master will suppress li Yunxiao. Do you even need to ask?”

“What do you think of his strength, sect master Qi?” Hong Ling blushed.

Xin ruyu also perked up his ears and listened carefully.

Qi Feng pondered for a moment and said, “I used two moves in total, but they were all nullified by him.” We didn't exchange any further blows, but he gave me an unfathomable feeling. Although I felt that it would not be a problem to suppress him steadily, I had a feeling that it would not be that easy. At the very least, a six-stars Martial Emperor is no match for him!”

“?!”

With this, everyone looked at each other in dismay. The number one man in firecrow Empire had failed to take down his opponent with two moves.

“Sect master Qi, how much power did you use?” Xin ruyu could not help but ask.

“The first time I attacked, I suppressed my power to a three-star Martial Emperor,” Qi Feng said. “Then I raised it to a five-stars Martial Emperor. The second attack was the power of a nine-stars Martial Emperor, which was also resolved by him in two moves. After that, I left.”

“Swish!”

Everyone was taken aback, feeling a chill in their hearts. If he could nullify the power of a nine-stars Martial Emperor, then how many people present, except for the three sect Masters, could be his match?

Chapter 328

?

328 The martial sovereign descends

Xin ruyu’s face instantly turned pale, and his competitive spirit instantly crumbled.

I don’t know how he managed to suppress the seven martial emperors of the war Wolf temple, ” Qi Feng said. but he’s so powerful that it’s almost impossible for anyone below the martial honor level to suppress him. If he can escape this time, you must be careful when you meet him in the future and never provoke him!”

“Yes!”

Everyone chimed in. With Qi Feng’s warning, no one wanted to die. An existence that could contend with a nine-stars Martial Emperor was not someone they could make an enemy of.

Among them, Xin Pi felt the most emotional. When he first met Yunxiao, it was during the Xingyang family’s incident, when any martial Grandmaster could kill him. It had only been a short while, but he had actually grown to a level where only martial honors could suppress him. This kind of improvement speed was extremely terrifying.

All of a sudden, a series of rumbling sounds came from outside, as if the sky was shaking.

Qi Feng's face turned cold, and his eyes flashed with shock, "They're here!"

Everyone was shocked. They naturally knew what he meant by "coming" and rushed out one after another.

After so many years, the southern region had once again welcomed the arrival of a martial sovereign!

At this time, almost all the martial artists had swarmed onto the streets of Yanwu, and they looked up at the sky in shock.

Lines of Scarlet-red grid lines spread in the sky. From time to time, a force spread out from these grid lines. The sky kept rumbling, as if a hammer was hitting it.

"Is this the power of the inter-province transportation formation?"

Everyone looked up at the sky and felt the power. They were all fascinated.

Qi Feng's face changed slightly as he said: as expected, old monster Xing Xiu doesn't have long intentions. I'm afraid that the people who came are an entire Army!

Leng xingbo looked into the city Lord's mansion worriedly. He could only sense a few auras, but none of them were strong. The strongest one was Duan Yue, who only had the strength of a seven-stars martial Grandmaster.

"Young master Yun, are you really not leaving?"

In the small courtyard of the city Lord's mansion, Ding Ling'er was extremely anxious as she watched the teleportation array pattern in the sky fluctuate more and more violently.

Xiao qingwang, Luo yunshang, Li Chunyang, li Changfeng, Ji Meng, Jia Rong, and all his friends and family were standing around him. They all looked calm, as if they knew nothing about fear.

Li Chunyang laughed and said, "Haha, I didn't expect that my grandson would be personally dealt with by a martial sovereign of the ninth heaven. I'm really proud of you!" He patted Yunxiao on the shoulder and said, "Kid, how is it? Do you have the confidence to defeat this martial Supreme?"

old man," Yunxiao said with a wry smile, "old monster constellation is a famous martial sovereign. The strength of a Martial Emperor was not something that ordinary people could fathom. The nine Heavens will be the strongest will of martial arts. A few wisps of spirit sense can kill me in seconds."

Li Chunyang was stunned for a moment, then he frowned and said, "Then what should we do? You've never fallen before, are you really going to die this time?"

we'll see," Yunxiao said. didn't I ask miss Ling 'er to call for reinforcements? if they can make it in time, we'll be saved.

"What if you can't make it?" Li Chunyang said with a frown.

"Can't make it? 'Hehe!' Yunxiao laughed evilly and stopped talking. If Li Huachi couldn't make it in time, they could all hide in the divine realm tablet, which would be a win-win situation. Hmph, it's not that I'm looking down on you, old monster Xing Xiu. If you want to break the divine realm tablet, you can do it in your next life!

qingwang," he turned to Xiao qingwang and said, "how's the thing I asked you to find out?"

just as young master Yun expected," Xiao qingwang said in a low voice, "that Meng Yan is not married at all. The mengwu siblings must have been adopted."

that's right," Yunxiao nodded gently. I see. He immediately frowned and fell into deep thought.

Yunshang asked, 'young master Yun, who is the person you invited? Can we really defeat old man Xing Xiu?"

Everyone was extremely curious about this question and listened carefully.

The old man Xing Xiu was a martial sovereign of the nine Heavens who had been famous for a long time. He was well-known even in the Eastern Region. They really couldn't think of anyone in the southern mountain range who could subdue the old monster star constellation.

Only Ding Ling 'er and Luo Yunshang had some confidence. Yunxiao's friends from the past were naturally not ordinary people, but they were still a little worried. After all, things changed and people changed. Would the other party still remember their old feelings?

don't worry," Yunxiao said with a smile. that man has been obsessed with music all his life, and he has entered the Dao with pleasure. Not only does he have a heavenly cultivation base, but his music skills can also communicate with ghosts and gods. My only worry is that I can't find him. That'll be troublesome."

Everyone became silent.

Li Chunyang cursed,"you're always keeping me in suspense!" He couldn't be deliberately mystifying and deceiving people, right? If that was the case, there was no need to lie to his own people! Do you know any other martial Supremes? This is simply nonsense!"

Although he said so, he basically believed it in his heart. After all, based on Yunxiao's recent performance, he would never believe that he did not have the support of an expert. The man who had been invited must be the expert behind Yunxiao.

Ding Ling 'er was about to say something, but her face suddenly turned cold. She took out a voice transmission Jade plate, which was shining with a warm light. He was overjoyed and hurriedly crushed it. A message was directly transmitted into his mind.

"I found it!" Ding Ling 'er was so excited that her whole body trembled. I just received news from the Tian Xiang Empire. They said that they have found this person and have conveyed young master Yun's words!

"Really!"

Everyone was overjoyed and excited. “Did that man say anything?” Yunshang asked, still a little worried. Will they be the first to arrive?”

The smile on Ding Ling ‘er’s face gradually disappeared. She said, “The message said that when the person was found, he was playing the zither in a small courtyard of a dilapidated house. When he heard ‘laughing at the east wind with a clear sound’, he was stunned for a moment. After that, she played a piece gently before packing up her zither and returning to her room. He didn’t say a word.”

“This is an ...”

Everyone was dumbfounded as they looked at Yunxiao. Li Chunyang also cursed, “what the hell is this?!” Whether or not you’re coming, you should at least state your position!”

Ding Ling ‘er was also a little worried. “Young master Yun, will that person really come? the person I sent was a martial Grandmaster. He said that the person playing the zither was an ordinary person and I couldn’t sense any aura. Moreover, the zither in his hand is definitely not a profound artifact treasure. It’s the most ordinary peach wood zither, the kind that can be bought with a silver coin.”

Yunxiao touched his nose and said with a satisfied smile, “That’s the peach wood zither. Don’t worry, that guy must have gone to sleep. Every time he finished playing a piece, his favorite thing to do is to take a nap.”

Everyone was speechless.

Ding Ling ‘er was stunned and said, ‘sleep now? How can we make it in time?’ She raised her head to look at the sky. The array patterns were becoming clearer and clearer. There was a constant wave-like energy spreading in the air, as if someone would cross the domain and appear at any time.

I can’t help it, ” Yunxiao said with a wry smile. this is his habit. You have to sleep after playing the zither, even the heavens can’t stop you!”

“Boom boom boom!”

The sky suddenly trembled and seemed to collapse. The grid-like array patterns began to flash with a blinding light, and countless water-like energy of various sizes spread in the air, forming black holes that rotated violently.

Within those black holes, something was slowly appearing.

“They’re here?”

In Yanwu, everyone stared nervously at the black holes, their palms sweating. They just wanted to see the legendary martial sovereign of the nine Heavens.

In the time it took to brew a cup of tea, Tigerking chariots emerged from the black hole one after another, filling the entire sky. There were actually more than a hundred of them.

Then, eight blue-luan warships slowly came out and arranged themselves in a formation. They were full of weapon charm and amazing power.

At this time, from the largest black hole, three larger warships emerged. They were existences that the southern region cultivators had never seen before.

The two behind them were slightly smaller, completely golden in color. They were the seventh-grade golden sun battleships.

The largest ship in front was almost like a moving fortress floating in the sky, blocking the entire starry sky and casting Yanwu into darkness.

An eighth-grade netherworld warship!

The grid in the sky gradually disappeared, and everything returned to normal.

However, with more than a hundred battleships of various sizes floating in the air, no one could calm down.

Many people's hearts began to beat faster. If a war were to break out, the entire Yanwu would be annihilated. They, the people who watched the fire from the top of the city wall, were afraid that they would also be implicated. All of a sudden, everyone held their breath and became nervous.

At this moment, people started to stand out from the front of each chariot. All of them had arrogant expressions on their faces as they looked down with their disdainful eyes, as if they were looking at a group of ants.

A large group of martial artists also began to emerge from the front of the netherworld battleship. There were also rows of beautiful maidservants, standing on both sides of the ship. They were all eleven or twelve years old, and they were all beautiful and charming.

At this moment, a golden seat flew up from the netherworld battleship, slowly floating in the air. A large number of martial artists followed behind the seats, all of them with extremely cold expressions, with an incomparable sense of superiority on their faces. Only when they saw the nine streams of spiritual energy falling, a greedy light appeared in their eyes.

A white-haired old man with a lazy expression was sitting on the chair. He seemed to be in a deep sleep.

Everyone in Yanwu turned their eyes to the old man. His expression was plain, as if he were an ordinary old man.

However, as the old man breathed in and out, the entire world seemed to be beating at this frequency.

There was not a single sound. The ground and sky, which had tens of thousands of people, did not dare to make a sound. It was as silent as a ghost city.

hmm," the old man replied and raised his eyes slightly.

A murky gaze bloomed under his eyelids, like a strange Starlight flashing. Everyone's mind suddenly trembled, as if a fear spread from the bottom of their hearts, and their faces turned pale with horror.

A mere glance from a martial sovereign of the ninth heaven was enough to make tens of thousands of people below feel as if they had fallen into an Icehouse.

Even Qi Feng and the other martial honors had extremely ugly expressions on their faces.

Chapter 329

?

329 Seven layers of defense

“We’ve arrived? Hahaha.”

The old man lazily stretched his waist and laughed a few times. With a strange smile on his face, he looked down and said, “Who is li Yunxiao? How dare you destroy my branch and kill my disciples. Quickly come up and die!”

No one dared to make a sound after he shouted. They all looked around nervously.

Old monster Xing Xiu squinted his eyes and looked down at the ants below. He said slowly, “What, no one dares to admit it? You ants of the southern mountain range, if no one comes out to take responsibility, I don’t mind exterminating you all.”

“Woof! What?”

The people below were all shocked. He actually wanted to exterminate everyone? Wasn’t this a little too overbearing and vicious? How many innocent people were there in Yanwu!

The faces of Qi Feng and the others all changed greatly!

The old monster Xing Xiu was so arrogant that he didn’t even put them in his eyes. He didn’t give them any face at all!

However, he was a nine-stars martial sovereign. What else could he do if he didn't give him face?

Some of the jutian sect elders couldn't help but say, "that li Yunxiao is really a coward. He dared to do it, but now he doesn't dare to stand up. He won't get us all involved, will he?"

"That's right, sect leader. I suggest we capture him. To prevent the old monster star constellation from killing people!"

Qi Feng looked at the two of them indifferently. A trace of anger flashed in his eyes as he said coldly, "Stand down. If you continue to embarrass me, I'll directly cripple the two of you!"

The two men's faces changed. They felt the killing intent in Qi Feng's eyes and quickly shrank back in horror, not daring to say another word.

At this moment, Yunxiao's voice slowly rang out in the city Lord's mansion, "Arrogant my ass! When I see your old face, I want to send him flying. If you want to find this young master, come over, kneel down, and lick my shoes."

"Swish!"

Everyone in the city sucked in a breath of cold air and felt their bodies turn cold. Even the people of the constellation sect on the chariots in the sky widened their eyes in horror, almost suspecting that they had made a mistake. The temperature of the entire land and sky seemed to have dropped suddenly, and everyone felt a chill.

Star constellation, who was sitting on the floating chair, was also completely stunned.

It took him a while to react. His old face trembled and gradually turned red.

According to his original plan, the other party would either kneel down, lick his shoes, and beg for mercy. The other was to be tough and be tortured by him to the point of being unparalleled in the world before finally killing him. He didn't expect that the first thing he did was to insult him so insolently.

How many years had it been since he had been scolded like this? He couldn't remember clearly anymore. He only felt the blood in his brain spewing out, and he was about to explode from anger!

"Die, die, die, die!"

Old monster Xing Xiu roared and an Aurora burst out from the tip of his fist. It suddenly spread in the sky and pressed down, illuminating the entire night as if it was daytime.

"Is this the might of a martial sovereign? Is this the intent realm of the nine Heavens?"

Under this Aurora, everyone seemed to feel the scene of the end of the world. They all felt cold and shivered.

An even more dazzling beam of light burst out of the Aurora and shot toward Yunxiao, who was in the middle of Yanwu, with unstoppable momentum!

In the city Lord's mansion, Yunxiao suddenly shouted, " spread out!

He himself soared into the sky and actually went to meet that Aurora.

"Young master Yun!"

Shocked, Yunshang was about to chase after her, but Ding Ling 'er grabbed her.

Ding Ling 'er was pale. She bit her lips and said, " "Believe in him!"

Under everyone's horrified gaze, they saw a thin figure facing the light. Under the illumination of the light, he would turn into ashes at any time.

"Let me see how strong your punch is!"

Yunxiao roared as he quickly performed an incantation gesture with both hands, his eyes looking more serious than ever.

let's see how many layers of my defense you can break. Great sun golden light sword formation, form!

“BOOM!”

The ten thousand rays of golden light had just condensed into the shape of a sword in front of him. They seemed to be unparalleled in power, but in the blink of an eye, they were scattered by the pressure of the Aurora and disappeared without a trace.

second formation- Yunxiao's expression remained unchanged as he shouted-“ great void celestial capital treasure formation, gather!

As he performed the incantation gesture, the entire city of Yanwu glowed with a seven-colored light, which continued to expand.

Yunxiao's hands moved so fast that they left afterimages behind. The seven-colored radiance rushed toward him rapidly and formed a seven-colored defense. It layered on top of each other and expanded once again.

The great void celestial capital treasure formation was a defensive mountain-protecting formation. If a Martial Emperor was in charge of the formation, it would be difficult for an Army to break through. Yunxiao was at a disadvantage because his cultivation base was too low.

“Boom boom boom!”

The light shield formed by the seven rays of light shattered layer by layer under the auroras, and the colorful lights scattered in the air.

“The third Dao ... Sword Art, demon-slaying!”

He stood in the air without a sword in his hand, but the shape of a Dragon gradually appeared behind him and started to circle around Pan Geng. Under his hand seals, the Dragon turned into a stream of sword Qi, as if it was going to split the sky and earth!

“BOOM!”

The Aurora fell and collided with the sword Qi. The sword radiance collapsed, and the sky was filled with Starlight. The Dragon Shadow disappeared instantly, but the Aurora’s momentum did not decrease.

Yunxiao’s pupils constricted, and a golden light flashed between his eyebrows as he shouted again, “ the fourth one-the dynasty Bell, one dynasty for a century!

Clang! Clang!

The ancient Bell seemed to cross countless time and space. At this moment, it rang, and the rhythm spread across the sky like water ripples.

“BOOM!”

The Aurora’s momentum was unstoppable, breaking through the layers of music. The light was constantly shrinking, but it was still overbearing, cutting the entire sky apart like a saw.

Clang! Clang!

The dynasty Bell received a huge shock, and an ancient sad cry spread out, shaking everyone’s heart and damaging their mental state. The tens of thousands of people in the sky were all terrified. Many of them were already bleeding from the corners of their mouths.

Under the attack of the Aurora, the dynasty Bell lost all its light and quickly shrank, then flew back into Yunxiao’s forehead.

“The fifth Dao ... Fire realm ... Open!”

He made a flying gesture with his hands, and the shadow of a Phoenix dormant in the sky. The power of a realm burst out of his body and extended over Yanwu, illuminating the entire earth red.

“Boom boom boom!”

The Aurora shrank a lot after shattering the dynasty Bell. It rushed into the fire Territory again and made a loud noise as if it was going to break the void and crack the earth!

“The sixth Dao ... The rhythm of the earth, the Earth’s territory, activate!”

Before he passed through the fire Territory, an ancient charm spread out from Yunxiao’s body, and he also unleashed the territory that had not been fully opened.

At this moment, he no longer needed to hold back any trump cards. If he couldn’t take this punch, he would die!

However, as long as he could withstand this punch, the old monster Xing Xiu, as a ninth heaven martial sovereign, would naturally not have the face to launch a second punch.

“BOOM!”

The two layers of territory power stacked together and spread out. The Aurora charged directly into the two territories. It was only one-tenth of its original size, but it was still powerful and difficult to resist.

“Let’s see how much strength you have left! The seventh Dao Devil Sky Battle armour!”

Yunxiao’s hands did not stop for a moment. Suddenly, a huge black armor covered his body, and a faint shadow appeared in the void.

The astonishing aura that was emitted from the battle armor made one's heart tremble.

It was one of the few ninth-tier profound armaments he had obtained in Mount Meru.

“BOOM!”

The Aurora rushed to The Phantom of the armor, but it could not break through it at once, forcing Yunxiao to keep retreating in the air.

“BOOM!”

Yunxiao's face was as pale as paper. He had circulated his strength to the peak, but he still could not withstand the power of the punch.

The demonic sky armor's defensive light quickly receded, but it was still pierced through by the Aurora and struck the armor.

“BOOM!”

Under the attack, Yunxiao fell to the ground like a meteorite, or like a comet sweeping across the sky, falling into the distance.

The long tail of light was so stunning that it shocked everyone's heart.

How could such a powerful seven-layered defense not be able to withstand a punch from a Martial Emperor?

“BOOM!”

Yunxiao was thrown into the ground, stirring up hundreds of thousands of feet of dust. A huge energy blast exploded on the ground, turning a corner of Yanwu into ashes.

The people of Yanwu and the constellation sect were all completely dumbfounded.

Not only were they amazed by Yunxiao's extraordinary means, but they were also shocked that the Martial Emperor's punch could break through seven Supreme defenses and take his life!

After a long while, no one dared to make a sound. The entire world became unusually quiet, waiting for the dust to gradually dissipate.

The power of this punch had been deeply imprinted in everyone's mind and soul.

The might of a martial sovereign of the nine Heavens was not to be challenged!

After the old monster Xing Xiu threw out his punch, his face was also filled with shock. His opponent only had the strength of a martial King, but he was able to weaken his punch so much!

Those seven techniques were all extremely powerful. He only lost because his opponent was too weak!

If the other party was in the nine Heavens realm like him, he would not be able to break through any of the seven layers of defense.

After he realized this, cold sweat began to appear on his forehead.

"Old deity Xing Xiu, your magic power is boundless! Star constellation immortal, your magic power is boundless!"

The entire sky was filled with cheers. All kinds of flattery rang out as if they had won a great victory. Many people were so excited that tears were flowing out.

The people on the ground were all dumbfounded.

The eyes of everyone in the city Lord's mansion were red, and their bodies were trembling.

Ding Ling 'er and Luo yunshang almost fainted, their faces as pale as paper.

All the martial artists in Yanwu were silent, their eyes filled with shock and solemnity. He only felt a wave of energy spreading in his body, as if it was about to boil.

Just as the people of the constellation sect were celebrating, an extremely disharmonious voice was heard.

"Bah! Old freak, even if you've lived for a few hundred years, do your old bones only have this much strength? You can't even kill me, a mere fifteen-year-old martial King, and you still have the face to call yourself a man with boundless magical power? Don't you feel nauseated?"

"Swish!"

Everyone sucked in a cold breath and looked in shock at the corner of Yanwu that had been turned to dust.

Chapter 330

?

330 Titled martial sovereign

Yunxiao's body was covered in blood, and his body was completely mangled, making it almost impossible to see his human form. However, he stood there, revealing his white teeth and sneering. His eyes were as bright as the stars.

He used a voice that no one could hear and muttered to himself, " the eighth layer of defense will be my Supreme tyrant body!

The last punch had instantly destroyed his body, but his freakish body had also rapidly absorbed the power of the punch and repaired itself. In the end, he survived with his life hanging by a thread, and his physical body was restored to its current state in an extremely short time.

“Huala”

Everyone was in an uproar. A punch from a martial sovereign of the ninth heaven did not kill him?

Not only was old monster Xing Xiu’s eyes popping out from shock, but the tens of thousands of people present also looked at him as if they had seen a ghost. Their mouths were wide open like watermelons, unable to close at all.

“Waa! Wuwuwu!”

Finally, Ding Ling ‘er couldn’t help but burst into tears. She collapsed on the ground and cried.

The eyes of the people in the city Lord’s mansion were all red and shimmering, and their bodies were trembling slightly.

At this moment, Xin ruyu was the one with the most complicated feelings. The power of old monster Xing Xiu’s punch just now was enough to make him unable to muster up the slightest will to resist. He even had the feeling of wanting to kneel down and submit. Not to mention having the courage to receive it and not die!

He let out a long sigh. From then on, he was completely convinced and could no longer have the heart to win.

Qi Feng was also shocked. He thought of Yunxiao’s demeanor when he fought with him a few days ago. At that time, he thought he had shown mercy, but now, if he had gone all out, the outcome might still be unknown.

“Old monster, if I were you, I would kill myself right now.” Yunxiao laughed and mocked.

The entire night was filled with his loud laughter.

Star constellation's face turned blue and white with anger. He could see that Yunxiao was an arrow at the end of its flight, but how could he have the nerve to attack again in front of so many people? His opponent was a teenager in his teens, and he was only a martial King!

How did he survive?!

Old monster Xing Xiu's face was so gloomy that it was almost dripping water. No matter what, he had completely lost face this time! It was almost certain that he would become the biggest joke in the future. He could not even kill an ant-like martial King with a single punch!

"Since you want to die, I don't mind giving you another punch!"

Old monster Xing Xiu's face was ashen as he raised his fist again.

"Swish!"

This time, everyone sucked in a breath of cold air, each and every one of them looking surprised. This old man actually had the face to attack a second time? Were martial sovereigns that shameless?

The image of a martial sovereign of the nine Heavens was instantly destroyed.

Even Yunxiao's face changed drastically. He did not expect that old monster Xing Xiu could be so shameless. He fixed his eyes on the fist, planning to throw out the divine realm tablet and hide in it the moment there was any unusual movement.

The fist light in the old monster's palm became brighter and brighter. It suddenly bloomed and was about to punch down.

This time, old monster Xing Xiu poured all his power into it. He could not let any more accidents happen. Since he had already lost face, he had no time to think about it anymore. He planned to turn the entire Yanwu into ashes with one punch!

Everyone held their breath and widened their eyes nervously. The pressure of the Martial Emperor's Nine Heavens will made them feel unusually depressed and uncomfortable.

“Clang!

Suddenly, a zither sound came from the sky. It seemed to appear out of thin air and came from the unknown void. It played in everyone's heart.

Yunxiao laughed.

A satisfied smile appeared on his face as he muttered, “He's finally here. If he didn't come, everything would have been exposed today.”

If he hid in the divine realm tablet, the secret of the universe inside the tablet would be discovered. By then, it would not only be old monster star constellation who would hunt him down. Perhaps, it would be experts from all over the world.

Old monster Xing Xiu's expression changed and he instantly retracted the fist radiance in his hand. His eyes were flashing with vigilance as he looked at the dark void and shouted, “Who is it?”

He shouted three times in a row, but no one answered.

Everyone looked around in shock. Who was hiding in the void that even old monster star constellation could not find?

Ding Ling 'er hurried forward to help Yunxiao up. Looking at the wounds all over his body, she felt her heart ache as she said, “Is that the person?”

yes," Yunxiao said with a smile. but they might not be here yet. I've only sent a zither note over, so he should be here in the blink of an eye."

"Send the zither music over first?" Li Chunyang and the others were all stunned. How could there be such a strange thing?

Old monster Xing Xiu flew into a rage in the air and shouted, "Don't think that you'll be fine just because you're hiding. I'll break open the entire void today and see how you're going to hide!"

Just as he was about to make a move, a figure suddenly appeared in the void without any sense. No one knew how he came, as if he had suddenly stood there without any warning.

Old monster Xing Xiu was shocked. He didn't even notice this person's appearance. He suddenly shouted, "Who are you?"

That person's face was calm, and he was dressed in extremely simple clothes. He held a cheap zither in his hands, and without saying a word, he placed the zither in front of him and began to play it gently.

"Eh? Isn't that the stupid blockhead who lives next to me?"

One of the cultivators below suddenly cried out.

"Silly blockhead? You're the idiot! Can't you see that he dares to go against a martial sovereign? You're finished, your whole family is finished!"

The man beside him said. The warrior's face suddenly turned pale.

The silly guy had been living next door to his house for a few years, and he had bullied him from time to time. He had always thought that the other party was an honest person, but he didn't expect that there were actually crouching tigers and hidden dragons!

The man played the zither very slowly, like a stream of spring water flowing through the sky, but it seemed to be playing in everyone's heart.

The lofty ambition was in the high mountains, the ocean ambition was in the flowing water.

Everyone in the world was dumbfounded. With a peaceful expression on her face, the murderous and oppressive atmosphere was turned into nothingness under the trickling of this clear sound. It was silent in the beautiful rhythm, stirring people's hearts.

It was as if all the dust had gone far away, and the entire world was only filled with this heavenly sound.

After an unknown amount of time.

“Stop!”

Old monster Xing Xiu was suddenly shocked. Even he had unknowingly fallen into the sound of the zither. He was so shocked that he broke out in a cold sweat. He poured the martial will of the nine Heavens into his loud shout and spread it in the air, interrupting the beautiful rhythm.

“Clang”

With his roar, the man finally fiddled with his tail, and the entire sky suddenly became quiet.

Everyone's entire body quivered as they were jolted out of that wonderful state. Their faces were all filled with anger, but they didn't dare to speak.

Many of them were even more vexed. Their cultivation had actually shown signs of a breakthrough under the music, but it was interrupted by old monster Xing Xiu for no reason.

Who are you?!

Old monster Xing Xiu had no confidence at all. This person's attainments in the zither just now showed that he was not a nobody.

he's so good at playing the zither. Young master Yun, who is he?"

Ding Ling 'er couldn't help but ask. Her face was full of obsession, as if she had been deeply immersed in the music just now.

Yunxiao was also savoring the aftertaste and felt very comfortable. Moreover, most of his injuries had been healed by the music. He praised, "li Huachi is the only person in the world who can play an ordinary wooden zither so perfectly and heartlessly.

He didn't lower his voice on purpose, and everyone in the quiet starry sky could hear him clearly.

Li Huachi? Who was it?

Buzzzzzz! Li Huachi? Li Huachi!

Everyone's eyes widened as if they had been struck by lightning.

it was actually such a thunderous name. it seemed to cross the vast sky and explode in the dark night, making everyone a little deafened. they looked at the simple and unadorned figure in disbelief.

Ding Ling 'er was also stunned, but when she thought of Yunxiao's identity, she was immediately relieved and overjoyed. With this man here, she would be safe tonight!

Old monster Xing Xiu was also shocked. He retreated more than ten meters in the void in horror. Only then did he feel that he had lost face in front of everyone. His face turned ashen and he gritted his teeth,

"Martial Emperor Tian Qin, li Huachi!"

In the realm of heavenly martial arts, martial sovereigns of the nine Heavens were like gods who had descended to the world and were all-powerful. All of them were the overlords of the four extremes.

However, among all the martial sovereigns, there were ten most powerful existences whose names were as dazzling as stars on the heaven and earth Power chart. He had been bestowed with an extremely powerful title by the divine capital of the Sacred Realm and was honored as a titled martial sovereign.

The Lord who was ranked fifth on the heaven and earth Power chart was Li Huachi, Martial Emperor Tianqin!

Under the starry sky, everyone's expression was stern, and their blood was boiling.

Looking at the ancient figure, many people had the urge to kneel down and worship him.

Those ten earth-shaking names already represented the Supreme existence of martial Dao. It was like a seed, growing in everyone's heart.

Many people had grown up listening to the legends of the ten great martial sovereigns. In the endless martial Dao, they had followed the footsteps of these ten people and advanced forward without stopping.

At this moment, their idol was right in front of them, and they were so excited that tears welled up in their eyes.

Old monster Xing Xiu had never expected to encounter a titled Martial Emperor tonight. However, he was a Martial Emperor who had been famous for a long time after all. His face was as dark as water as he said coldly, "Li Huachi, there's no enmity between us. Why are you interfering in the constellation sect's Affairs?"

Li Huachi put the zither on his back, glanced at him indifferently, and said, "I owe people a favor and I'm here to return it today. I'll definitely protect Yanwu this time."

“Swish!”

Everyone was shocked!

He had thought that li Huachi was also here to seize Yanwu, but he was actually here to protect it!

What exactly was the origin of Yanwu? How did he manage to invite a titled Martial Emperor?
