

The Eternal 331

Chapter 331-a promise of one move

At this moment, everyone in the southern region felt their heads spin. There were many things that they could not figure out. However, he instantly figured out many things.

It was no wonder that Yanwu had risen like a comet in such a short period of time, and before anyone could react, it had already become a powerful existence.

Previously, he had thought that he had the backing of myriad treasures store. Even myriad treasures store might not be able to invite li Huachi!

The ten names that shone like stars represented the ten most powerful lords in the heavenly martial realm. The martial sovereign with the title of Tianqin had come to the southern region to protect Yanwu!

“Am I dreaming? I can’t believe I saw two martial sovereigns in one day!”

li Huachi is so handsome. He’s always been my idol. I must get his autograph after I defeat the old monster constellation!

“Hey, lower your voice. Old monster Xing Xiu is listening. Aren’t you afraid of death?”

“What are you afraid of? With li Huachi here, who in the world can touch Yanwu?”

Old monster Xing Xiu’s face turned livid. He knew that he could not escape today. Moreover, in front of all his disciples and almost all the famous figures of firecrow Empire, he could not lose his face.

He immediately made up his mind and said angrily, “Li Huachi, don’t think I’m afraid of you! In the last ranking battle of the heaven and earth Power chart, his stormy waves technique was only at the fifth level. Now, he was at the ninth level of the great circle of perfection! If there’s another ranking battle, you might not be able to rank in front of me. With the nine levels and nine stormy waves technique,

even if I were to encounter ao changkong's inextinguishable golden body, I would still have the power to fight!"

His roar seemed to have frightened the other party. Suddenly, the entire sky above Yanwu fell silent, and no one dared to breathe loudly. Li Huachi seemed to have disappeared.

Star constellation was overjoyed and thought, " Could it be that the other party was really afraid? Feeling the reverent gazes of the Western Zhou people, he felt smug and excited. He gathered his energy and shouted, " "Li Huachi, I respect you for being an expert on the heaven and earth Power chart. Don't interfere in today's matter and leave quickly. Do me a favor and leave."

"Pfft!"

Down below, Yunxiao could not help but cough up a mouthful of blood. He looked up at the sky and spat out a few catties of blood, his eyes full of surprise.

"Young master Yun, what's wrong with you?" Ding Ling 'er asked in surprise.

"I'm, I'm fine!"

Yunxiao waved his hand, but because he had coughed up too much blood, he felt a little dizzy. "I'm just disgusted. I've seen idiots, but I've never seen such an idiot. He's so stupid that I can't help but spit out a few catties of blood. Damn, what a big loss!"

The entire city of Yanwu was silent, so although the two men's conversation was soft, it was very clear. Everyone present, including the people who were scattered in the sky, all had extraordinary hearing. They immediately heard every word.

"Brat, you're looking for death!"

Old monster Xing Xiu flew into a rage, and his murderous gaze fell from the sky, as if he wanted to kill the other party with his gaze.

Yunxiao smiled faintly, and a mocking smile appeared at the corner of his mouth. He fearlessly met Yunxiao's gaze, and his cold eyes were clear and clear, without the slightest fear or vigilance. They were completely calm and indifferent.

there's something strange about this brat. He actually dared to look me in the eye!

Old monster Xing Xiu was even more furious. The other party actually dared to look at him provocatively. He was so angry that he raised his hand and was about to slap down. A terrifying aura suddenly spread out, and the people behind him all changed their expressions. They knew that the old monster was really angry this time, and they retreated hundreds of meters away in horror.

It was already a great humiliation for him that he had failed to kill his opponent in his previous attack. This time, he had definitely mustered all his strength and planned to destroy Yunxiao completely with one move.

"Al, this young man is right."

Li Huachi's voice was heard again. "I'm not saying anything because I don't know what to say about your stupid words. How about this, I'll only make one move. Whether you can take it or not, I'll leave."

Star constellation's pupils constricted, and he immediately put Yunxiao to the back of his mind as he became fully vigilant and shouted, "Is this true?"

If he had to fight Li Huachi, he really didn't have much confidence. After all, the other party was a genuine fifth-ranked existence on the heaven and earth Power chart. However, if it was just one move ...

He immediately sneered and said, "Li Huachi, you're too arrogant. Even Gu Feiyang, the martial sovereign Vanquisher, who is known to have the best attack power, would not dare to boast in front of me!"

"Pfft!"

Yunxiao, who had just recovered from his dizziness, raised his head again and vomited blood.

Li Huachi seemed to have a very good temper. He didn't say much, but just sighed a little sadly. "It's a pity that the old friend isn't here. Otherwise, under the sword slashes the stars, if you can only die when you are within a thousand li of his sword light, I can cut off your head and let you kick it like a ball."

Old monster Xing Xiu was furious, ashamed and resentful. He was a martial sovereign of the ninth heaven, but Li Huachi said that he was so weak that he couldn't even get within a thousand miles of Gu Feiyang's sword light. He roared, "Don't talk! To use a dead person as an example, hurry up and do it! After one move, get out of Firecrow Empire immediately!"

Although he was extremely angry, his mind was unusually clear. He knew that he was facing a powerful enemy that he had never encountered before, and that the next move would also be earth-shattering.

Old monster Xing Xiu slowly raised both of his hands, and the sky began to turn misty. The sound of ocean waves could be heard faintly from the mist. It was getting louder and louder as it got closer and closer. Everyone felt as if they were at the seaside, and they could feel the endless waves that covered the sky and the earth. The entire space seemed to have become a water body, as if they were facing the sea.

"Stormy waves technique!"

Old monster Xing Xiu roared, and everyone instantly felt the sound of water flowing. It was as if water was pouring in from all directions from the bottom of the sea.

Countless water dragons shuttled back and forth in the dark night and coiled around Li Huachi, trying to swallow him whole.

Li Huachi's face was still calm, and he didn't show any emotion. He took down the zither and stroked it again, muttering, "This move of mine is called divine rhythm. It's a section of ancient divine music that I took and turned into a rhythm. Listen well."

"Clang!"

Li Huachi merely plucked the strings of his zither, and a Green sound wave power spread out in all directions at a visible degree.

The countless water dragons that were wreaking havoc in the surroundings were instantly pushed away, and the stormy waves in the sky receded in all directions. A refreshing space began to spread with li Huachi as the center and continued to grow.

“What?”

Old monster Xing Xiu’s eyes were filled with shock. He gathered his energy again and pushed out his palm. He shouted in shock and anger, “The ninth level of the perilous wave technique, break it!”

“Huala!

Waves surged out of thin air and charged towards the sound wave. However, it did not change at all. Instead, it was being compressed smaller and smaller. The water-like sound waves rushed to the old monster at a steady pace and annihilated him.

“Pfft!”

Old monster Xing Xiu only felt his entire body shake. The rhythm actually washed over his body, instantly destroying all his meridians and bones. His body began to collapse at that moment.

“No, don’t! Please let me go!”

He screamed in fear, but his voice was getting weaker and weaker.

Everyone was dumbfounded as they watched blood burst out of old monster Xing Xiu’s body. His body broke apart bit by bit and finally turned into a pool of powder, disappearing in the sky.

He’s dead?

Under the sky, the people in Yanwu and the constellation sect disciples all had their mouths wide open. Their brains had crashed, and they could not think at all.

The battle between two martial sovereigns should have been earth-shattering and void-shattering. How did he die so silently?

Moreover, he had died so thoroughly that he had turned into ashes!

It wasn't satisfying at all!

"Swish!"

It took a while for them to react, and they all felt cold. Everyone knew that the reason for such a crude conclusion was entirely because the difference in strength was too great!

Li Huachi glanced at the disciples of the constellation sect in the sky, who were dumbfounded, and said, "People of the constellation sect, those who don't leave within three breaths will die!"

His voice was extremely light and soft, like this from the moment he appeared. It gave people a kind of gentle feeling, without the slightest bit of killing intent.

But to the ears of the constellation sect, it was like a death talisman, and they were all scared out of their wits. Three breaths of time was not enough to set up the teleportation formation.

Everyone drove the war chariots at a crazy speed and turned into a ray of light, sweeping across the sky like a meteor, instantly disappearing in the sky.

The people in Yanwu were all dumbfounded by the constellation sect's efficiency. They had really left in three breaths, and not even the tail light of the warship could be seen.

Qi Feng furrowed his brows as he watched the people of the constellation sect leave. The people of the constellation sect had spread out in firecrow Empire. If they were directly teleported back to the Eastern Region, it would be fine. Otherwise, there would be endless trouble.

After Li Huachi drove away the people of the constellation sect, he still stood indifferently in the sky. Everyone looked at the plain figure quietly, all of them excited.

The legendary idol, the ten-titled martial sovereigns, was indeed as powerful as the legends said. He had actually killed the old monster star constellation with a single move. The visual impact was unimaginable.

Yunxiao frowned and muttered to himself, "What is he still standing there for? With his personality, he should have just left."

"Come out,"

Li Huachi suddenly said, which surprised everyone. Was there someone hiding in the void?

'How dare he hide himself in front of a titled Martial Emperor? He's really looking for death!'

Everyone craned their necks and looked up at the sky, wanting to see who was the one who had no eyes and was courting death.

A series of fluctuations began to appear in the sky, and the dark night sky suddenly became like a wrinkled blanket, becoming strange. Soon, a spatial tunnel was opened, and everyone stared at it, only to see two black figures emerging from it. Beside the man in front was a short figure, which seemed to be a demon beast.

The three shadows gradually became clear. The demonic beast was silver-white in color and had a Golden Horn on its forehead. Its four limbs were constantly stepping in the void, making "Bang Bang Bang" sounds.

Although this demonic beast looked strange, it emitted a terrifying aura, as if it wanted to devour the world.

Chapter 332

?

332 Divine-controlled martial sovereign

“It’s him!”

Yunxiao was taken aback, and his pupils constricted with a look of disbelief.

Li Huachi’s face also became a bit solemn, and he said slowly, “Buried year beast?”

The man beside the silver demonic beast smiled and said, “Li Huachi, it’s been more than twenty years since we last met. Do you miss your good friend?”

The man leaned on the body of the beast lazily.

Behind him was an unusually tall man with bulging muscles all over his body. He looked like a typical strong man. Both of their auras were very shocking. After stepping out of the space tunnel, the surrounding sky seemed to be squeezed and pushed in all directions, like a wrinkled blanket.

Li Huachi was very surprised. Yao Jinliang, ” he said. I didn’t expect you to come here. You even brought kun nu with you? ”

This sentence made everyone’s face turn pale with shock.

This person was actually Yao Jinliang!

He was one of the ten titled martial sovereigns, the divine control martial sovereign, Yao Jinliang!

He was the only Beast Tamer among the ten martial sovereigns, and it was rumored that the year-burier demonic beast beside him was an existence at the peak of the ninth rank. It was extremely ferocious!

They did not expect two titled martial sovereigns to appear all of a sudden. Cold sweat trickled down everyone’s foreheads. They were so excited that they could not express themselves.

"I'm here to run some errands. I didn't expect to meet you here," Yao Jinliang said with a smile.

He made a hand gesture, and kun nu behind him stomped down. The entire ground trembled, and the stars in the surroundings flickered. His huge body stood in the sky above Yanwu, looking down like a god.

Kun nu opened his mouth, and like the ringing of a great Bell, it caused the ground to shake. He said, "There's a pair of siblings named Meng Wu and Meng Bai. Where are you hiding? Hand it over!"

Yunxiao's heart trembled, and he subconsciously took a step back in horror. His face turned extremely pale. He had come for Meng Wu and her brother. Then, the person behind these two was stunned.

strange, why can't I sense their auras?"

Kun nu's nose sniffed around like a dog's, and his brows furrowed even more.

"Lord Yao, we haven't found him!" He shouted at the sky.

Yao Jinliang frowned. that Lord would never make a mistake. Keep looking!

"Yes!"

Kun nu took a few steps in the air and continued to sniff.

Everyone in Yanwu was drenched in cold sweat. Under the immense pressure, no one dared to move.

Cold sweat was dripping down Ding Ling 'er's forehead as she gave Yunxiao a nervous glance. Meng Wu and her brother were in the divine realm tablet, and she was really afraid that kun nu would discover them, which would put Yunxiao in danger.

At this moment, even Qi Feng, Leng xingbo, and the other martial Venerables were holding their breath and sweating.

These were once legendary existences. They were Tianqin martial sovereign li Huachi, divine control martial sovereign Yao Jinliang, and the top ten experts on the heaven and earth Power chart. All of them had gathered above Yanwu, making all the martial artists feel their blood boil.

How many people had grown up listening to the legends of the ten great martial sovereigns? how many people had set these ten people as the goals that they had been fighting for in their hearts and walked towards the peak of the martial Dao step by step?

And now, the legend was right in front of him.

Ding Ling 'er and Luo yunshang looked at each other. They had different feelings, because only they knew that there was another martial sovereign Vanquisher, Gu Feiyang, under these two legendary martial sovereigns.

The gathering of the three great martial sovereigns had created such a scene.

Yunxiao also looked at the two men in the sky in silence. No one knew what he was thinking.

Kun nu sniffed for a long time before raising his head and saying, " "Lord Yao, there really isn't any!"

Yao Jinliang's expression was stern, and his brows were tightly furrowed. After a long while, he said, then let's use that move. Let that Lord take action personally.

Kun nu's expression changed, but it quickly turned calm. He followed the order and said, " "Yes!"

He put his two huge palms together in the sky, and his skin turned purple. Green qi seeped out of his body, and his face became extremely respectful.

Both Yunxiao and Li Huachi's expressions changed drastically. This was the art of praying to God, a move that allowed the Divine Will of experts to descend.

Very quickly, kun nu's expression turned sharp, as if he had changed into another person. His originally broad face had also become indistinct, making it difficult for people to see him clearly. His entire person seemed to be out of this world, giving people the feeling of a Mirage.

"You're Yingluo."

Li Huachi was suddenly shocked. Rays of light shot out of his eyes, piercing through endless space and time. He stared at kun nu and said in shock, "You are Lord Wei Qing!"

Wei Qing?

Except for Yunxiao, all the people below were confused. Obviously, they had never heard of the name. All of them felt extremely strange. How could such a strange person make the legendary ten great martial sovereigns reveal such a shocked expression?

The demonic Dragon said in a heavy voice, "It's indeed this person! What do we do, kid?"

Yunxiao's hands were also covered in sweat as he said in a daze, "Meng Wu and her brother are in the divine realm tablet. I hope he can't find them.

If it were anyone else, Yunxiao would not have any worries, but this man's words made him feel uncertain and nervous.

Wei Qing raised his head indifferently and said in a misty voice, "Li Huachi, since you already know it's me, why don't you quickly retreat?"

Everyone was taken aback, their hearts filled with shock. Who was this person? How could he make Li Huachi, martial sovereign Tianqin, who was ranked fifth on the heaven and earth Power chart, retreat so quickly? Isn't he too Savage?

Li Huachi's expression changed, and a smile appeared at the corner of his mouth.

He gently stroked the zither, and a clear sound flowed out, spreading across the sky. It was like the sky, ancient and inaudible.

"You think I'll retreat just because you want me to? If you were here in person, I might be a little afraid. Just a few wisps of spiritual sense."

A mocking smile appeared on Li Huachi's face. He said, "Hmph, don't say I didn't give you face when the time comes. I'll definitely protect Yanwu today. If you dare to mess around, I'll kill your kun nu and destroy your divine sense today!"

Wei Qing's expression was hidden in the void, making it difficult to see clearly. However, it was clear that he was truly enraged, as he let out a deep, angry Humpf.

Yao Jinliang's expression also changed. He gently stroked the Jade Sea Cloud-burying beast beside him and chuckled, "Li Huachi, you're really ruthless. How dare you not give face to this Lord?"

Yao Jinliang, "Li Huachi sneered. you're a free and easy person. Why are you serving this Lord so obediently?"

Yao Jinliang did not get angry at him for calling him a Lackey. He chuckled and said, "Everyone has their own ambitions. Also, I'm in a cooperative relationship with this Lord. It's not as bad as you say. How many years had it been? I lost to you by a bit back then, so I've long wanted to seek your advice. Why don't we find a place to spar after this matter is over?"

Li Huachi said indifferently, "anytime. But no one is allowed to cause trouble in Yanwu today."

Yao Jinliang's expression turned serious, and he said with some difficulty, "You're alone and weak, I'll hold you back. In Yanwu, isn't he still at his mercy?"

A sharp look flashed in Li Huachi's eyes, and he said disdainfully, "if you and I fight with all our strength, I'm afraid the space in the southern region will be shattered directly. At that time, the entire Three

Kingdoms of the southern region will collapse from the heavenly martial realm and be sucked into the void turbulence, killing and injuring hundreds of millions of people. I'd like to see how you and that man will explain this to the other two lords, and how you will explain this to the world!"

The people below broke out in cold sweat when they heard this. This was too exaggerated!

However, when he saw Yao Jinliang's serious expression, it seemed that this was indeed the case. He was immediately shocked.

It was said that in the past, in order to compete for the title of the ten great martial sovereigns, the entire Holy region was torn apart. He had always thought that it was just a legend, but now that he heard it, it should be true.

The entire sky was quiet, as if everything had fallen silent.

Wei Qing opened his mouth and said in the same ethereal voice, "I'm only taking two people away, and I won't hurt them."

Li Huachi frowned. Since Wei Qing had spoken, it was naturally impossible for him to lie with his status, so he stood quietly in the air and stared. He was also very curious as to who could make Yao Jinliang come personally and even send down his spiritual will.

Yunxiao felt a chill run down his spine. His intuition told him that he was in trouble.

However, in front of Wei Qing and Yao Jinliang, there was still a Nirvana beast at the peak of the nine Heavens realm. It was simply an ant. How could it have the right to choose its fate? it could only be slaughtered!

Wei Qing raised his hand and his five fingers formed a strange seal.

A ray of blue light emitted from his fingertip, forming a pattern in the air, gathering and not dispersing.

Yunxiao's heart suddenly sank. The pattern was Wei Qing's Mark, exactly the same as the one in the depths of Meng Wu's divine sense!

Yunxiao's soul-form suddenly appeared beside her and said coldly, "if you want to take someone out of my divine realm tablet, you'll have to break this realm! He used the great expansion divine technique and set up layers of restrictions around him.

Gradually, the blue light on Meng Wu's body faded, and everything returned to normal.

Wei Qing's face changed, and his eyes were filled with shock as he looked toward Yanwu. Like a Dragonfly skimming the surface of the water, his gaze swept across everyone. Those who were caught by his gaze were all greatly shocked, their hearts almost jumping out of their throats. It was as if all the secrets in his heart had been seen through.

"Hmph, this kind of spiritual attack is nothing in front of me!"

Yunxiao sneered in his heart. When Wei Qing's light swept over him, he trembled and pretended to be very scared. Even his soul was trembling.

Wei Qing looked around but did not find anything strange. His eyes only stopped on Yunshang for a moment, and he asked in surprise, "Nine yang genuine Qi? You're from Shenxiao temple?"

Luo Yunshang felt cold all over as she gritted her teeth and said, "An abandoned disciple of Shenxiao temple is not worth mentioning!"

The people around them were shocked and looked at Yunshang in horror. They did not expect that such an inconspicuous person would be one of the seven superpowers.

Even Li Huachi and Yao Jinliang's expressions changed slightly, and they stared at him.

Chapter 333

?

333 A moment song

“Only one in ten thousand can cultivate the nine yang true Qi,” Wei Qing said softly. Although your progress is slow now, you’ll definitely be able to step into the nine Heavens realm in the future. All of the people who cultivated this technique in shenxiao temple have become unparalleled experts, and their names have shaken an era.”

“How is Palace Master qu doing?” he asked after a moment of silence.

Under the man’s might, yunshang found it difficult to even breathe. Gritting her teeth, she gasped and said, “How would I know about the matter of the abandoned disciple of shenxiao temple, Palace Master qu?”

Wei Qing stopped talking and muttered to himself, “The two of them are actually hiding in another world.” He slowly raised his head and looked at the nine streams of spiritual energy. He frowned and said, “Could he be in Mount Meru? No, Mount Meru had already collapsed, and spiritual energy was leaking out. That place is not Mount Meru.”

He raised his hand again and closed his eyes, his expression lazy.

The entire space began to tremble violently at this moment, as if it would collapse at any moment. An extremely powerful pressure came from the ethereal place, as if it crossed the sky and directly broke the void.

Yunxiao’s face flickered. He immediately understood Wei Qing’s thoughts, and he felt as if he had fallen into an ice cellar.

The demonic Dragon was also horrified, “crazy, crazy!” He was really going to break through a world. This aura, he was actually summoning that weapon! Just who are those two siblings? they’re actually worth it for him to do this!”

Li Huachi’s expression also changed drastically, and he cried out in horror, “Wei Qing, you actually want to use a transcendent grade profound level weapon! Could it be that he really wanted to break a world? Wasn’t he afraid of the collapse of the world? You should know better than me that the spiritual

Qi in the southern region is thin. If you use that thing, it's likely that the entire southern region will be destroyed. How will you deal with that?"

Although the divine realm tablet was an existence that surpassed Supreme-grade profound artifacts, Yunxiao's strength was too low to exert its power at all. When a martial sovereign of the ninth heaven used a Supreme grade profound level weapon, it would definitely have the power to shatter the heavens and earth.

Frowning, Wei Qing looked at Li Huachi and said, "If you're willing to help me, you don't have to go through so much trouble. I don't know who asked you to do this, but if I really do it, Yanwu will definitely be destroyed."

Li Huachi frowned, obviously in a difficult position.

Wei Qing was not in a hurry and quietly waited for his reply. The transcendent grade profound level weapon seemed to have stopped moving across regions, and the entire space became stable.

"Alright, I'll help you!" Li Huachi said, "give me the space seal. Also, after this incident, I demand that the Holy region interfere and issue an iron law that no force is allowed to lay their eyes on Yanwu!"

"As you wish!" Wei Qing's face was expressionless.

When the people below heard this, they were immediately overwhelmed with shock. Who was this person? He could actually make the sanctuary issue an iron law to stop all the forces in the world?

Yunxiao was also taken aback. He knew how powerful Li Huachi was, and the strength of his melody could travel through time and space and shake the past and present!

"Clang"

As the music rang out, everyone's heart twitched, and they felt as if they had been electrocuted. Soon, they were lost in the beautiful music, and the tens of thousands of people in Yanwu were all fascinated.

Yunxiao's heart was in an extreme struggle, and he was covered in cold sweat. He did not dare to use the great expansion divine technique for fear of being discovered. But even if he really did use it, he couldn't resist Li Huachi's music, and gradually became dazed.

In the divine realm tablet, thousands of Warriors were shocked at the same time. They stopped their cultivation and listened carefully.

In Mount Innerheart, Meng Bai's pupils gradually dilated, and his face was filled with infatuation.

At this moment, Meng Wu, who had been unconscious, began to emit a faint blue light, and her whole body floated in the air.

Musical notes appeared around the siblings and quickly covered their bodies, as if they were about to take the two of them away.

After a long time, the people in Yanwu finally came to their senses.

The sky was already bright, but the martial sovereigns had long since disappeared. The sky was clear and bright.

"Oh? With just one song, an entire night had passed!"

"Tsk, what one night? Your cultivation is trash. Let me tell you, three days have passed!"

"What?"

Those big shots have already woken up and left. You guys are not bad. Look around, there are still a large number of people who are still infatuated.

Everyone's hearts trembled. It felt like three days had passed in just a moment! Those with lower cultivation bases would be lost for who knows how long.

After the incident in Yanwu, all kinds of news spread across the continent like snowflakes.

Soon, the Holy region issued an iron law that no sect other than one from the southern region was allowed to interfere in Yanwu's Affairs.

And in the southern region, after that night, no one had the guts to lay their hands on Yanwu. And after that incident, Yunxiao seemed to have faded out of everyone's sight, and there were few traces of him.

.....

"Damn it, even a martial sovereign can't kill him! Heavens, how could there be such an outrageous thing!"

In a small Tavern, Li Yi listened to the lively discussions of the people around him. His face was as ugly as if he had eaten a fly. He gulped down large mouthfuls of hard liquor, and his body trembled non-stop.

you didn't see it, but a hundred martial emperors came that day and fought in the sky above Yanwu. The battle was earth-shattering and the rivers were cut off. That battle is enough to be recorded in the history of the heavenly martial continent!"

"Tsk, hundreds of martial sovereigns? I don't think there are that many martial sovereigns on the entire heavenly martial continent!"

"You know nothing! I saw it with my own eyes that night. More than half of the martial sovereign realm experts from the heavenly martial continent came, and even the ten titled martial sovereigns were all present. It was a massacre!"

"Really? The battle between so many martial sovereigns would surely spread, right? Why aren't you injured?"

"Who said there isn't? Look, my arm is even bruised! At that time, a martial sovereign's ninth-tier Mystic weapon, the sky-shaking hammer, came flying down and struck me. I was so scared that my soul almost

flew out! Fortunately, I'm alert and my strength isn't ordinary. Even though I was scared, I didn't panic and just threw a series of punches at the rank 9 sky shaking hammer."

"And the result? What was the result? Hurry up and tell me!"

"Hehe, you guys know that. I'm a peak nine-Star Warrior, and my Tiger subduing fist has long been practiced to the perfection. In a few breaths, he threw seven punches, each of which had the power to blow up a Tiger. With seven punches, he knocked down the sky shaking hammer!"

"Woof! Big brother yak, you're really something! What happened after that?"

"After that? Hehe, when that martial sovereign saw that I had knocked down his weapon, he was so angry that he immediately flew down from the sky to kill me. Thus, the two of us exchanged more than ten moves on the ground. "You all know that he's a martial Supreme. How can I be his match? besides, he can fly. He's already in an undefeatable position. At this critical moment, another martial sovereign came over and used the Vajra fist, killing the martial sovereign with one punch. That's how I managed to keep my life."

"Good, good!" The people in the tavern cheered loudly and clapped.

The Yak looked at everyone's adoring gazes and began to feel proud.

"Whoosh!"

Suddenly, a sword light flashed, and the Yak's head flew up, blood spurting out like a fountain.

"Ah!"

Everyone in the tavern was instantly stunned. Soon, they all screamed in horror and ran away in a hurry.

Li Yi's face was gloomy as he held a bright Mystic weapon in his hand, which glowed coldly.

After he killed the Yak, he took out a golden token with a few simple strokes of the Grim Reaper's image on it. He held it in his hand.

"Now, I can only use this death token!"

Li Yi's eyes flashed with determination as he quickly walked into the slums.

In front of a run-down house, an old man was smoking a low-quality pipe, choking and coughing.

"Old man, there's a person called tyrannical sky Tiger nearby. Do you know him?" Li Yi walked around a few times and went up to the old man to ask.

The old man squinted his eyes and looked at him for a while, "I'm the tyrannical sky Tiger. What's the matter?"

Li Yi felt a little dizzy as he looked at his short and muscular body. He smacked his forehead and said, "You are the tyrannical sky Tiger?" He took out the token and flashed it in front of the old man.

The old man's pupils instantly contracted, but very quickly returned to normal, and said, "So you're the one with the token. Come with me."

He tidied up the tobacco and walked towards the dilapidated house. On both sides of the house were piles of all kinds of garbage, which gave off a pungent smell.

If not for the old man's aura that made Li Yi tremble the moment he saw the token, he would have thought that he had come to the wrong place.

The two of them walked into a small toilet. The old man opened the lid of a toilet and pointed inside. "Let's go in."

w-what?!

Li Yi's eyes almost popped out of their sockets as his face turned extremely unsightly. "Mr. Tyrant, you're not joking, right?"

The old man chuckled and said, "I didn't think it through when I did it, and I accidentally turned it into a toilet bowl." This is the only passage to the death god Palace, you should consider it yourself."

Li Yi looked at the disgusting things around the toilet bowl. His stomach churned, and he could no longer hold back his violent vomiting.

The old man took a few puffs from his tobacco pipe and said with a smile, "hehe, vomit all you want. You'll get used to it soon.

"Blargh!"

She finally regained her senses, but when she saw the toilet bowl, she vomited again.

After repeating this a few times, he vomited until he almost collapsed. Then, he stepped into the toilet bowl with a pale face.

Inside was a wormhole. The moment Li Yi stepped into it, he was instantly sent plummeting downward. His surroundings were dark, and the space seemed to be constantly changing.

Finally, after an unknown period of time, he saw a light and subconsciously rushed out.

"Whoosh!"

He fell directly into a pool, and a strong smell of feces spread out. It was actually a cesspit!

"Blargh!"

Li Yi vomited out all the acid in his stomach and rushed out of the pool. He fell to the ground and vomited like crazy.

334 Death god Palace's Palace Master

He waved his hand, and a large amount of water elements in the air gathered and washed over his body. He only stopped when his skin was almost bleeding. He took out a set of clean clothes from his space ring and was about to change into them.

Suddenly, a figure flashed, and an extremely strong aura came from behind.

Li Yi's body trembled, and his hand that was about to put on his clothes froze, not daring to move an inch.

"Hissing!"

The sound of someone gulping came from behind him, sending chills down Li Yi's spine. Soon, he saw a pair of greedy eyes staring at his body.

Li Yi's body trembled, and he no longer cared about the other party's overbearing aura. He hurriedly lifted his clothes and said with extreme vigilance, "Who are you?"

Only then did the man withdraw his greedy eyes and look at his handsome face with a big tolerance. He grinned hideously and said, "Hehe, I am the emissary of death god Palace. Where's your token?"

Li Yi quickly took out the token and handed it over.

The emissary didn't take the token, but touched his hand directly. He was so scared that he threw the token away.

“Yes, it’s the real token. Come with me. ”

The messenger returned the token to him and led the way. Li Yi’s heart was filled with vigilance as he followed behind from a distance.

Soon, the two of them arrived in front of a magnificent palace. It was made of gold bricks and inlaid with pearls and Jade. It was so luxurious that it was dazzling. However, these were just decorations in the world, so Li Yi did not mind.

“The palace Master is inside, you can go in by yourself.”

The messenger brought him to the door, a strange smile on his face.

Li Yi walked in alone, only to find himself in an empty Hall. There was a decadent air all around, which made him feel extremely uncomfortable.

“Is the death god Palace’s Palace Master here? I have a token, please meet me!”

He shouted loudly several times. Suddenly, a gust of cold wind blew past, and a man appeared on the throne in the hall.

“Swish!”

Li Yi sucked in a breath of cold air, and he was so shocked by the cold air that he kept retreating.

The man in the hall lazily laid down and said in a strange voice, ” “What is it?”

Li Yi’s heart was filled with shock. The person in front of him was the leader of the world-renowned assassin organization, death god Palace’s Palace Master, Yuwen Xiang!

He hurriedly knelt down on one knee and presented the token with both hands, " I'm Li Yi, and I've come with the death token. I hope that Palace Master Yuwen can help me kill someone!

Yuwen Xiang slowly turned his eyes and sized Li Yi up. His eyes gradually lit up as he laughed evilly, " Kill? Who is it?"

Li Yi felt his gaze on him, and he felt as if there was a dagger on his back. He felt unspeakably uncomfortable, and he quickly said, " The city Lord of Yanwu, li Yunxiao!

Yuwen Xiang's pupils contracted, and a strange look flashed across his face. He asked suspiciously, " the city Lord of Yanwu in a small country in the southern region? the one that's causing a commotion now?"

"It's that person!"

The moment Li Yi heard the name, he was so angry that he felt dizzy. He gritted his teeth and said, " This person's crimes are unforgivable, and he deserves to die!"

Yuwen Xiang played with the token in his hand and laughed in a strange manner, " I don't care if this man is guilty of great crimes or not, but even the Holy region has issued an Iron Order for the matter of Yanwu. It's a little troublesome.

Li Yi was stunned and hurriedly said, " death god Palace is the number one assassin organization in the world. There's never been a mission that they don't dare to accept." It's said that with the death god token, you can let the death god Palace kill anyone in the world!"

"Hehe, you're exaggerating." "Do you want me to go and kill ao changkong?" Yuwen Xiang sneered.

"This bi an ..."

li Yunxiao? " Li Yi was speechless. how can Li Yunxiao be compared to ao changbi? " he asked.

Only then did Yuwen Xiang reveal a cold and sinister expression. He laughed evilly and said, " You can kill Li Yunxiao, but this token of death is not enough. You'll have to pay a certain price at least.

Li Yi's face was filled with confusion as he frowned and said, " "I don't have anything valuable on me that you guys would like. How many primeval stones do you want? I'll go!"

A strange, sinister smile appeared on Yuwen Xiang's cold face. His eyes, which were fixed on Li Yi, seemed to light up as he laughed eerily, " "Hehe, I might not accept the primeval stones." He suddenly struck out with his palm as fast as lightning, and a strong wind whistled over.

Li Yi was shocked, and his face turned extremely pale. If the other party wanted to kill him, it would definitely be as easy as crushing an ant. He said in fear, " "You, what are you doing?"

"Hiss!"

The strong wind brushed past Li Yi's body. It did not hurt his body, but it tore apart all his clothes, exposing his naked body.

"Ah?"

Li Yi was shocked. Although he was not a woman, in this gloomy and solemn Hall, and in front of a man, his naked body was exposed, and even the little bird between his legs was completely exposed. He still looked very embarrassed and angry. what do you want to do?!

Yuwen Xiang stared at Li Yi's naked body. His eyes were practically glowing with green light. He licked his dry lips with his tongue and reached out his right hand to grab at Li Yi. A small square-shaped object slid out, drawing an arc in the air before landing at Li Yi's feet.

The thing seemed to be very slippery. After it fell, it slid for more than a meter before stopping.

Li Yi focused his gaze and instantly, his face turned extremely pale with a 'whoosh'. Large beads of sweat rolled down his forehead, and his body could not help but tremble violently.

The square object was a light yellow color. It was a soap Kasaya.

“Hehe, hurry up and pick it up.” Yuwen Xiang laughed sinisterly, accompanied by the sound of saliva being swallowed. He stared at Li Yi’s entire body with his shining eyes.

“Wuwuwu!”

Li Yi could not help but burst into tears in fear. His legs went soft and he almost knelt down as he sobbed, “Your, Your Excellency, please let me go! I don’t want this death token anymore, and I won’t issue any more missions. Just pretend that I never came. Please, I beg you, please let me go. I was born with hemorrhoids.”

“Hemorrhoids?”

Yuwen Xiang’s eyes lit up. How could he let go of a piece of fat meat that was just in his mouth? a huge tent had already been propped up between his pants. He laughed in a strange voice, “hehe, I like those with hemorrhoids. Massive bleeding, massive bleeding, haha! If you don’t want to die, pick it up quickly! If you don’t pick it up within three breaths, I still have 18 ways to play with it. Jiejie, Jiejie.”

Li Yi’s head was spinning, and he almost fainted. He trembled as he walked forward, his entire body shaking like a sieve. His eyes were filled with incomparable fear, as if that bar of soap was a demon. He closed his eyes, and two lines of tears flowed down. He bent down and reached out to pick them up.

“Li Yunxiao! Li Yunxiao! It’s all your fault, it’s all your fault! I’m going to turn you into ashes, turn you into ashes!” He was roaring madly in his heart.

“Keke, Keke!”

The moment Li Yi bent his back, a strange cry of extreme excitement rang out. Immediately after, a figure flashed and Yuwen Xiang appeared behind Li Yi in an instant.

“Ah!”

A shrill scream that resounded through the heavens and earth came out from Li Yi's mouth.

.....

the heavenly jewel sect is the Supreme Holy Land of the firecrow Empire. The four of you should leave immediately to avoid endless trouble!

In front of the entrance of a sacred mountain, two disciples in green from the heavenly jewel sect shouted at the four people in front of them with cold faces. If it wasn't for the fact that they couldn't afford to offend the aura emitted by these four people, they would have already started chasing them away.

"Hehe, please calm down, brothers. We're here to collect a debt." the young master of your heavenly jewel sect owes me a sum of money," Yunxiao said with a smile. I'm here to ask for it.

One of the disciples frowned and shouted, " "Our young sect master owes you money? Don't mess around, quickly retreat!"

Yunxiao unfolded the two IOUs and said, " "Big Brothers, please take a look. This is the signature of your young sect master."

The two of them looked at each other, and one of them squinted his eyes for a while. He suddenly sucked in a cold breath and said in horror, " "Woof! Two billion mid-grade primordial stones!" He was suddenly enraged. you're indeed here to cause trouble. Who are you? tell me!

The two of them were on guard as they took out their weapon rings.

Duan Yue frowned and said, " you're really free. Why don't you just break in? why are you talking so much to a little guard? "

"It's a waste of time to talk to them," Ding Ling 'er said.

Yunshang took out a giant axe and swung it at him without saying a word.

“Wow, so strong! Quickly report to the sect!”

The two of them were so scared that they broke out in a cold sweat and instantly fled into the mountain Gate, disappearing in the blink of an eye.

“Not good, sect master, not good, someone is here to cause trouble!”

The two gatekeeping disciples hurriedly passed through the mountain Gate, constantly shouting. The passing disciples all stared at it, frowning, feeling very strange.

The heavenly jewel sect had been established in firecrow Empire for thousands of years, if not tens of thousands of years, and no one had ever come to cause trouble. The expressions on their faces were not anger, but surprise and curiosity.

“It’s improper to panic! As punishment, the two of you will be confined in the back mountain for three months!”

An elder strolled out of the hall, his face flashing with pride and sternness. He pointed at the two and said, “Who dares to provoke us?”

The two disciples had a bitter look on their faces. One of them said, “I don’t know their names, but they are two men and two women. Their strength is above ours.”

“Tsk!” “If I’m not as strong as the two of you, wouldn’t coming to the heavenly jewel sect be suicide?” one of the disciples said sarcastically.

The elder’s face darkened and he said angrily, “You don’t even know the other party’s name, and you came running back in such a hurry, you have really brought shame to the heavenly jewel sect! The confinement will be changed to one year!”

“Hehe, it was my negligence that I didn’t tell you my name. The city Lord of Yanwu came here to pay a visit to the mountain and collect the debt.”

Yunxiao and the other three had suddenly appeared in front of the heavenly jewel sect’s main hall, as if they had just appeared out of thin air. The disciples around him retreated in shock.

The elder’s pupils shrank as his heart sank.

What shocked them the most wasn’t the inexplicable movement techniques of these four people, but the thunderous name that swept across the sky like a comet: The city Lord of Yanwu, li Yunxiao!

Chapter 335-collecting debt

The elder’s forehead was covered in cold sweat as he stepped forward and said, “So it’s the cloud sky City Lord. I apologize for not coming out to welcome you. I am Xu Hao of the heavenly jewel sect.”

In Yanwu, the seven layers of defense had taken a punch from a Martial Emperor. That earth-shattering battle had already been deeply engraved in the hearts of every firecrow Empire martial artist. Even if Yunxiao’s current strength was still that of a martial King, no one, including the three sect Masters, would want to fight him.

Besides, Martial Emperor Tianqin, li Huachi, had personally said that he would protect Yanwu. Who knew what kind of relationship Yunxiao had with li Huachi? perhaps a titled Martial Emperor would come to their door one day and destroy their sect with a finger.

Yunxiao cupped his fists and said with a smile, “well said! Well said! I’m only here to collect a debt today. I have no other intentions.

“Collect debts?”

Xu Hao frowned and his face darkened. “Cloud sky City Lord, my heavenly jewel sect has nothing to do with you, what is the meaning of this?”

Yunxiao took out the two debts Wang qianghua had signed and said, “Elder Xu, please take a look.”

“Woof! Two billion medial-grade primordial stones?” Xu Hao was taken aback. Li Yunxiao, ” he said angrily. you’re here to cause trouble, aren’t you?! If you have the guts, then do not think that our heavenly jewel sect is easy to bully!”

elder Xu, please calm down, ” Yunxiao said with a smile. take a closer look. Is this IOU real? ”

Xu Hao’s face was filled with disbelief, but he still lowered his head and looked at it carefully. He frowned and said, ” “If it really is an IOU, we must report it to the sect master before it can be dealt with. Please wait a moment.”

His figure flashed and he ran towards the main hall.

Soon, there seemed to be energy fluctuations coming from the hall. Following that, a large group of people surrounded them from all directions. Each of them had a monstrous aura and their eyes were sharp. The lowest cultivation was actually a martial arts Grandmaster!

Surrounded by the crowd, Wang Songhe walked out and stared at Yunxiao for a long time without saying a word.

He gently raised his hand, and the crowd quickly made way for him. Four people carried a man up and threw him on the ground.

The man’s body was covered in blood and he was wailing in pain. It was a terrible sight. He was Wang Qiang.

Wang Songhe slowly said, ”my child is insensible. He randomly wrote a huge IOU.” This is his personal matter, and has nothing to do with our heavenly jewel sect. Now, I’ve beaten him up and handed him over to the cloud sky City Lord to deal with.”

Yunxiao looked indifferently at Wang Qiang, who was moaning in pain, and snorted coldly. “Sect leader Wang, you’re really smart. You can pay two billion mid-grade primordial stones for a beating? In Mount Meru, in order to save your son, I used up all my magic treasures and offended all the experts. These things are only worth a beating?”

He pulled Duan Yue over and pushed him forward, saying, " "Since there's such a good thing, sect master, please also beat up my subordinates."

"F * ck!"

Duan Yue cursed, slapped Yunxiao's hand away, and walked back.

Wang Songhe frowned and said, "then what do you think is a good idea, Lord of cloud sky City?" This sum of money has nothing to do with our heavenly jewel sect, and even if it had the slightest connection, our heavenly jewel sect would not be able to afford it. The debt is my son's, if you want to find someone, go find him!"

sect leader Wang, " Yunxiao said coldly, " it's your fault for pretending to be poor in front of me. If you really don't give it to me, then I can only use Wang Qiang's life to pay for it!"

He took out the Ziyang and qingsuo sword, and his killing intent rose as he gradually pointed it at Wang Qiang's throat.

Wang Qiang's eyes were filled with fear. His eyeballs almost popped out and his whole body was trembling.

Originally, his strength had increased by one star in Mount Meru. After returning, he had received Wang Songhe's unbridled praise and was even rewarded with a sixth tier profound weapon. Who knew that after Xu Hao came in with the IOU, he was immediately slapped by Wang Songhe and vomited blood.

When he was in Mount Meru, he would never have dreamed that Yunxiao would really dare to go to heavenly jewel sect with an IOU. When star constellation arrived in Yanwu and attracted the attention of the two titled martial sovereigns, his heart sank, knowing that there was no way he could escape.

spare me! Cloud sky City Lord, spare me!

Wang Qiang was so scared that tears were flowing out of his eyes and he kept trembling. He also knew his father's plan, which was to bet that Yunxiao would not dare to kill him in the heavenly jewel sect, so that he could get away with the matter of the two billion IOU.

But, Yunxiao could not be judged by common sense. If he really did kill him, his life would be in great danger.

"Spare my life?" I saved your life in Mount Meru, " Yunxiao said with a cold face. but you captured my friend and threatened me. You still have the face to ask me to spare your life?"

No matter how Wang Qiang begged for mercy, Wang Songhe still looked calm and indifferent.

Yunxiao sneered in his heart and cursed him for being an old fox. If he really did, he would not be able to walk out of the heavenly jewel sect.

The reason why the heavenly jewel sect was so wary of him now, and did not want to offend him, was because there was no conflict of interest. However, if he really killed his son, this old man would probably use the entire sect's strength to kill him. Furthermore, he had come to the heavenly jewel sect with a request.

Thinking of this, he immediately smiled and put away his long sword.

Although Wang Songhe's old face was still as cold as ice, there was a flash of surprise in his eyes, but it did not escape Yunxiao's eyes.

no matter what, brother Wang Qiang is sect leader Wang's son, " Yunxiao said with a smile. I've thought about it, and I can't take his life. How about this, Yingluo?"

He turned around and said, " old Duan, go and get a cage. We'll give brother Wang Qiang some strong aphrodisiacs. Then, we'll lock him up with a few sows. This is definitely a big selling point. If we sell it to Shangyang city and charge a fee to watch, we can more or less earn back some money."

"Haha, you're really vicious, kid! But I like it!"

Duan Yue burst into laughter and walked forward to catch Wang Qiang.

Wang Qiang's face turned pale in an instant.

This time, even Wang Songhe could no longer remain calm. He said in a deep voice, "Cloud sky City Lord, I can be killed but not humiliated. Don't go too far!"

Yunxiao narrowed his eyes and said with a smile, "sect leader Wang, you must keep your word. You just said that I can deal with it however I want, and now you're going back on your words? He owes me money, so I'm using the money he earned to make up for it. Is there anything wrong with that?"

"You coward!"

"Cloud sky City Lord, what must I do to let my son go? state your conditions!" Wang Songhe was furious. But two billion is too much, our heavenly jewel sect can not afford that!"

we're all so familiar with each other," Yunxiao said with a smile. we're all under the blue sky of firecrow Empire. It's not a big deal to owe some money, I also have something I need sect leader Wang's help with. How about this, as long as your sect can lend me the teleportation formation for a while, I'll cut off 100 million from this debt. How about it?"

"What? You want to borrow our domain-teleporting formation?"

Wang Songhe was stunned for a moment, then he laughed, as if he was very happy. "In the entire firecrow Empire, only the jutian sect and our heavenly jewel sect have such a regional teleportation array. The cloud heaven city Lord has come to the right person. The cost of each domain-teleportation is astronomical."

"How about this? the city Lord has helped my son a little in Mount Meru, so I'll teleport you for free this time. As for the IOU, hehe hehe."

Without a word, Yunxiao turned and was about to go down the mountain when he said expressionlessly, "Old Duan, take Wang Qiang to jutian sect. Then, I'll cut down a few trees to make a cage."

"Yes!"

Duan Yue's spirit was lifted, and he reached out to grab Wang Qiang again.

"Hold on, cloud sky City Lord," Wang Songhe hurriedly said, "let's talk things over." That two billion is indeed Wufu."

He suddenly stopped talking, and a light flashed in his eyes as if he had thought of something. we can't afford two billion primordial stones, but we have something of equal value. I wonder if cloud sky City Lord is interested?"

As soon as he said that, the surrounding elders of the heavenly jewel sect looked at each other, frowning, not knowing what Wang Songhe was planning.

Xu Hao suddenly shouted with his eyes wide open, "Sect master, you can't be talking about Yingluo."

His actions immediately caused the elders to react one after another. All of them had strange expressions on their faces. Some frowned, some laughed strangely, and some were stunned.

Yunxiao glanced at everyone's faces and said indifferently, "There seems to be a problem with the item of equivalent value sect leader Wang mentioned? It seems that none of you are interested."

"Cough cough!"

"Cloud sky City Lord, please follow me," Wang Songhe coughed and said.

The crowd immediately made way for them. Yunxiao frowned slightly, and the four of them followed Wang Songhe into the inner part of the heavenly jewel sect.

The heavenly jewel sect was located in the place with the richest natural energy in the firecrow Empire. The mountains were shrouded in mist, and the sect had been established for thousands of years. The trees in the mountains were directly rooted in the boulders, with short branches and leaves, lush and green, giving people a sense of strength and upright.

After walking for a while, they came to a mountain stream. A waterfall fell from the sky, and Jade fragments flew in all directions.

On the cliff wall, there were a few bold and powerful words: Twenty four moonlit bridges.

The words were like dragons and snakes dancing, bold and unrestrained. In the waterfall, they flickered with a fine light, giving people a strange feeling, making them want to worship.

Yunxiao's pupils constricted as he said in a serious voice, "What is this place? It's a strange feeling."

"This is the sacred ground of the heavenly jewel sect, also known as the land of inheritance." Wang Songhe laughed.

"The land of inheritance?" Yunxiao was taken aback for a moment, then a look of disappointment flashed across his face as he said indifferently, "I thought it was some good stuff. It turned out to be a place for the legacy of cultivation techniques. I have as many martial techniques as I want. In my eyes, the items of equivalent value that sect leader Wang mentioned are not worth a single cent."

What a big tone!

Everyone was extremely dissatisfied in their hearts. There were as many martial techniques as one wanted in the world!

Wang Songhe was also stunned, but then he smiled and said, "The cloud sky City Lord's power is monstrous, so he naturally doesn't care about some martial arts techniques. However, our heavenly jewel sect's inheritance is different. It is not a martial skill inheritance, but a divine body inheritance!"

"Divine body inheritance?"

Yunxiao seemed to have thought of something as he said in shock, " you mean, those special physiques can also be inherited? "

Wang Songhe revealed a proud smile and said, " That's right. It was said that the city Lord of cloud sky City was also good at body-tempering techniques, so he should naturally know how powerful those special physiques were. But those were all inborn divine bodies that couldn't be changed. As for the bright moon god physique of our heavenly jewel sect, it can be passed down through this place! "

Chapter 336

?

336 Bright moon divine body

Apart from the people of the heavenly jewel sect, who looked calm, Yunxiao and the other three were shocked speechless.

In this world, some people were born with extremely powerful talents. In the history of the heavenly martial continent, they were known as divine bodies. In the known records, there had been more than ten types of divine bodies. Meng Bai's Heaven Earth venomous body and Luo yunshang's nine yang body were both considered divine bodies.

Each divine body was extremely powerful and could at least become an Overlord in the future.

After the appearance of the divine body, all kinds of body refining techniques were constantly excavated and studied by the Almighty experts of the past generations in the hope that they could continuously approach the divine body physique through acquired training. However, most of them ended in failure, and only a few succeeded. However, they were also called the Supreme secret techniques of the major sects and could not be spread.

Yunxiao's tyrant body tempering technique was one of the best.

Even he, who had once been a martial sovereign of the nine Heavens, did not know that there was such a thing as inheriting the divine body in this world.

However, he quickly calmed down and sneered, "Divine body inheritance? If they were really that amazing, how could the heavenly jewel sect be one of the three major sects in Firecrow Empire? It should be one of the seven great forces in the realm of heavenly martial arts."

"Of course," Wang Songhe laughed cunningly, "this kind of divine body inheritance is also extremely mysterious. Ever since I entered the heavenly jewel sect, only one person has been able to obtain the inheritance of this place."

"One person?"

That's a probability that can be ignored! Duan Yue snapped.

Xin ruyu? "Yunxiao's pupils constricted. Could it be Xin ruyu?"

"Not bad!" "It's because he obtained the inheritance of the bright moon divine body that I accepted him as my disciple," Wang Songhe said with a smile. In the history of the heavenly jewel sect, there were a total of five people who had obtained the divine body inheritance. In the end, all of them stepped into the Martial Emperor realm, Feng Yun realm!"

Ding Ling'er and Yunshang both smiled. Becoming a martial sovereign was a dream for most warriors, but it was not a problem for Yunxiao at all.

Wang Songhe narrowed his eyes as he stared at Yunxiao and said, "Cloud Sky City Lord, are you willing to give it a try? The price was the two IOUs. No matter what the result is, I will activate the inter-province transportation formation and send the four of you across the province. How about it?"

Are you taking us for fools?" Duan Yue shouted. Take out two billion Yuan stones and exchange it for something that only five people have succeeded in thousands of years. Hurry up and hand over the Yuan stones!"

Wang Songhe ignored him and looked at Yunxiao as he repeated, "Lord of Cloud Sky City, are you willing to give it a try?"

Everyone was staring at him, and the cliff suddenly became quiet.

Yunxiao looked at the words 'twenty-four moonlit bridges' for a long time before he said, "Sect leader Wang, you really know how to do business."

Wang Songhe smiled and said, "two billion primordial stones is indeed a lot. However, for a peerless figure like the cloud heaven city Lord, he would not give up any chance to improve his martial arts. Even if the chance is only one in ten thousand, am I right?"

Yunxiao also smiled and said with an eager expression, "Tell me, how do you want to inherit it?"

"Hey, kid, you're crazy!" two billion? " Duan Yue was surprised. that's two billion! A hundred million!"

Wang Songhe's heart skipped a beat, and his opinion of Yunxiao immediately rose by several levels. Although he hoped that he would give it a try to offset the two billion debt, he did not expect the other party to be so straightforward, which surprised him.

The group of elders from the heavenly jewel sect also looked at each other, having different thoughts about Yunxiao's choice.

Wang Songhe pointed to the waterfall and said,"there is a cave behind the fifth word 'Ming' in the seven words. You can go in." &Nbsp;

Ding Ling 'er gave him two thumbs up and smiled encouragingly. "Young master Yun, you can do it!"

Yunxiao returned a smile and a thumbs-up. He vaguely saw a cave behind the water curtain waterfall, and with a step, he rushed into it.

The people of the heavenly jewel sect did not show much of an expression on their faces, as the number of disciples who had entered the sect was in the tens of millions, and in the past thousands of years, there had only been five of them. When Xin ruyu first obtained the divine body inheritance, no one believed it. In the end, it was only confirmed after a month of commotion.

the Lord of cloud sky City is truly a peerless figure, ” Wang Songhe laughed and sighed. just based on his age, his heroism is unparalleled.

Duan Yue cursed angrily, ” what the hell? He’s clearly a stupid pig, and he’s been tricked by you! Oh my God, two billion!”

As soon as Yunxiao stepped into the cave, he felt a cold and refreshing feeling invade his body.

“It’s so cool. What’s inside? Could there be something of extreme Yin?”

He strode inside without any worry about any danger. Soon, they came to a spacious area, which was as bright as day.

Beads of various sizes were embedded on the walls, each of them giving off an intense light like a Dragon’s Eye. In the middle of the cave was a strange array with all kinds of strange inscriptions and tadpole-like characters on it. The ancient feeling was clearly thousands of years old.

Yunxiao walked around the array, but he could not figure out what it was.

The pearls on the walls did not seem to be ordinary night-luminescent pearls. He reached out to touch them, and when he touched them, he felt a resistance and bounced off.

“This looks like the moon Pearl of the East Sea?”

It was said that there was a type of Jiaoyu in the eastern sea that cried when they heard the song. The tears turned into pearls with magical power, and they were called the moon pearls of the East Sea.

I don’t care. I want to try and see what this divine body inheritance is all about!

A hint of solemnity and perseverance flashed in his eyes. When he thought of Meng Wu and her brother, he suddenly felt a great pain, and his face turned pale.

Although he pretended to be fine in front of everyone, when no one was around, he would cultivate so crazily that he would only stop when he was on the verge of collapse.

“Wei Qing! Yao Jinliang! I swear I’ll skin you alive!”

His eyes were filled with anger, and his body trembled slightly. All kinds of negative emotions rushed into his brain, and he couldn’t control himself.

This was the first time he had suffered such a huge setback in both his previous and current lives. He had ordered his men to capture Meng Wu and her brother in the divine realm tablet. The feeling of powerlessness, of being unable to protect his family and friends, made him feel unbearable pain.

After the time it took to brew a cup of tea, he gradually calmed down and returned to his usual calm and indifferent expression as he stepped into the array.

At that moment, the moon beads of the East Sea around them brightened up in an instant, then shot out beams of light in a certain order, shooting into the array and penetrating Yunxiao’s body.

“This is a Tao Wu. It actually passed through?”

Yunxiao looked at his body in surprise. Every beam of light could penetrate his body, and he could only watch as his muscles, bones, and blood circulated. All his internal organs were exposed under the light.

Moreover, after a ray of light shot through, he would feel a slight abnormality in his body, as if it was washing away impurities.

This situation had also occurred when he was cultivating the tyrant body tempering technique. He knew that there would be no danger, so he simply relaxed his mind and immersed himself in this feeling. Soon, he entered a state of enlightenment.

The light swirled around his body, forming a beautiful pattern that floated above him.

At this moment, Yunxiao was not only in the state of his physical body, but also in the state of his primordial Qi, which seemed to be led by the light of the moon pearls of the East Sea around him, and was rushing toward the bottleneck.

In the mountain stream, everyone was still waiting.

“Sect leader Wang, how long will this inheritance take?” asked Ding Ling ‘er.

Wang Songhe said, “ it doesn’t matter. Generally speaking, the worse the talent, the shorter the failure time. The cloud sky City Lord had been in there for more than two hours, and he was already far better than ordinary people. Back then, I failed in just an hour.”

“Maybe the city Lord of cloud sky City will be the sixth person to inherit the divine body,” he said with a smile.

Hmph! Duan Yue snorted coldly and said, “ only an idiot like him would try something that is absolutely impossible. Even if he doesn’t inherit the divine body, he’ll be able to become a Nine Heavens martial sovereign in the future with his abnormal level.”

I believe that young master Yun will be able to get the bright moon divine body! yunshang suddenly said.

The crowd didn’t comment and just smiled. Obviously, he didn’t like her words.

Ding Ling ‘er frowned and said, “ “Sister yunshang, did you sense something?” She knew that yunshang had the divine body of nine yang, so she might be able to sense something.

no, ” yunshang shook her head and said, ” I just have a hunch.

“He’s out!”

Xu Hao suddenly cried out in alarm as he saw a figure fly out from behind the waterfall.

Yunxiao landed gently in front of the crowd, his face still as calm as an ancient well, and no expression could be seen.

“Young master Yun, how is it?” Ding Ling ‘er asked hurriedly.

he’s still expressionless after losing two billion primordial stones, ” Duan Yue snorted. I’m impressed!

“Cloud sky City Lord, how do you feel?” Wang Songhe asked with a smile. Even if you don’t have a body, after being baptized by the formation inside, your body will still be greatly improved.”

don’t be upset, Lord of cloud sky City, ” Xu Hao comforted him. countless geniuses in the past have failed to obtain the inheritance.

is this what the so-called bright moon divine body is like? ” Yunxiao suddenly asked.

Suddenly, the light on his body brightened up. Rays of white light appeared around his body. There were a total of 24 rays. They slowly rose up behind him and connected together in the sky. It was dazzling and beautiful.

Under this strange phenomenon, the entire mountain stream glowed with a brilliant light.

Silence.

Complete silence.

Other than the flowing water and the chirping of birds, it was as if there was no one else.

“Haha, you, you actually got it?”

Duan Yue was the first one to burst into laughter. He was overjoyed as he said, " "You're really something. Two billion for a divine body, you didn't lose anything. Hahaha!"

In the cultivation of martial arts, as long as one could advance even a little bit, it was worth it no matter how much it cost. Not to mention that it was the legendary divine body. Although he didn't know what characteristics this bright moon body had, at least it looked extraordinary.

Yunxiao also seemed to have gained great benefits, and he looked very satisfied.

Chapter 337

337 Inter-domain transportation

This time, everyone was jolted awake, but Wang Songhe and the other members of the heavenly jewel sect still had their mouths wide open, big enough to stuff a watermelon in. A few of the elders even rubbed their eyes and patted their heads from time to time to see if they were dreaming.

Yunshang smiled knowingly and said, " "I knew you could do it."

Yunxiao nodded and said to Wang Songhe with a smile, " "Thank you sect leader Wang for your help. Those two IOUs are now void. Please take us to the inter-province transportation formation."

"This Tao Wu, how is this possible?"

Wang Songhe was in a daze and kept muttering to himself. The elders behind him looked at Yunxiao as if they had seen a monster, and they could not help but wipe the cold sweat off their foreheads.

In the past thousands of years, only four people had passed, but in the past few years, two of them had actually passed.

"Cloud sky City Lord, you're truly the chosen one!" Wang Songhe said with a bitter smile.

He shook his head with envy and made a gesture of invitation. He helplessly led the group to the inter-domain teleportation formation.

Ding Ling 'er looked at Wang Songhe's bitter expression and smiled. "Sect leader Wang, there's no need to be so dejected. Young master Yun has obtained the divine body inheritance, but your heavenly jewel sect has not lost anything. On the contrary, I've received a big favor from you, and I'll definitely repay you in the future."

When she said this, Wang Songhe suddenly came to a realization. If such a peerless figure could owe him a favor, the value would be great. It might even be more than two billion primordial stones. He was immediately happy.

Soon, they arrived at the inter-province transportation formation. An ancient yet Grand array rune came, giving people a very magnanimous feeling.

"The four of you, please enter the formation," "There are no more than ten of these inter-domain teleportation arrays in the entire southern region," Wang Songhe said with a smile.

Yunxiao nodded slightly and said with a smile, "Thank you, sect leader Wang. I'll remember your kindness today."

He strode into the center of the array, followed by Ding Ling 'er, Luo Yunshang, and Duan Yue.

Apart from Yue Jiulin, who was still trapped in the divine realm tablet, the rest of the Warriors and alchemists had been settled in Yanwu. After all, the spirit Qi there was already uncountable in the entire continent, and it would be faster to improve than staying in the divine realm tablet.

The four of them entered the array, and the teleportation array was opened under Wang Songhe's control. A huge roar sounded, and a colorful light emerged, wrapping the four of them.

Moreover, the amount of primordial stones required for each teleportation was also astonishingly large. A large number of primordial stones were instantly sucked dry of spiritual energy in the surroundings and turned into powder, stirring up dust and dust.

The light of the teleportation lasted for about the time it took to brew a cup of tea before slowly dimming.

At this time, the array was already empty, and Yunxiao and the other three were directly teleported out.

.....

In the wilderness, layers of dark clouds suddenly surged up, and a hole appeared in the sky, from which Yunxiao and the other three fell one after another.

Although they had fallen from the air, with their strength, they landed easily. Looking around, they were all stunned.

damn it! Duan Yue cursed, " how is this the light song forest? What the hell is this place?"

the teleportation array of heavenly jewel sect is too simple, " Yunxiao said with a frown. it's so inaccurate! There's no one around here!"

it's a good thing we're in the North Region, " Ding Ling 'er said with a bitter smile. let's find our way. She took out a formation disk and began to measure.

Yunxiao spread out his divine sense and said with a frown, " "There's a group of people three li away. You can ask for directions now. The three of you, why don't you enter the divine realm tablet? You can cultivate in peace."

Ding Ling 'er and Luo yunshang both shook their heads.

Duan Yue chuckled and said, " boy, you're quite lucky with women. I won't be the third wheel. Call me when we reach the forest!"

Yunxiao waved his hand speechlessly and put it back into his glabella.

Soon, a group of people appeared at the end of the wilderness. There were dozens of people, and a large number of horses and carriages. It seemed to be a merchant group.

At the forefront of the caravan were two tall Dragon horses. It was said that these demonic beasts had the blood of dragons, and their bodies would reflect certain Dragon characteristics. However, many alchemists failed to extract even a trace of dragon power from the Dragon horse's blood after trying all kinds of methods. In the end, they concluded that the Dragon blood in the Dragon horse was so thin that it was almost negligible.

But no matter what, the Dragon horse was a well-known tier-three demonic beast. It was not something that ordinary forces could afford to raise at will. The two men riding on Dragon horses at the front of the caravan had mighty figures. One of them shouted, "Who's in front? Report your name!"

"Qiang Qiang!"

Everyone in the caravan drew their weapons vigilantly. It was obvious that they were all veterans.

I'm lost! Yunxiao shouted. Big Brothers, how do I get to the gentle song forest? "

"I don't know! Get out of my way!"

The leader's face darkened and he immediately shouted. His aura was extremely calm and faintly spread out. He actually had the cultivation of a martial arts Grandmaster.

Yunxiao sighed in his heart. The southern region was really weak in the entire heavenly martial realm, and any random horse rider in the northern region had the cultivation base of a martial Grandmaster. In the southern mountain range, he would be an elder of a major force.

"Are you guys also going to the gentle song woodland?"

Suddenly, a very light voice came from the caravan, like a young man.

The leader's expression changed and he hurriedly said, "Young master, we don't know where these people come from. We shouldn't be meddling!"

There was a big sedan chair carried by eight people in the caravan, and the young man's voice came from inside, "I don't think they are bad people. Moreover, this demon Plains is extremely dangerous. If we don't help them, they might lose their lives here at any time."

"Demon Plains!"

Ding Ling 'er was shocked, and she said, "It's actually this damn place!"

Yunxiao frowned as well. Although the demon land was not as deadly as the other Forbidden Lands, it was still a dangerous place on the heavenly martial continent. Large numbers of cultivators died in it all year round because it was adjacent to the gentle song forest. It could be said to be a natural defense of the forest.

The mercenary city, the gentle song woodland, was also the most chaotic place on the heavenly martial continent. All kinds of criminals and fugitives loved to come to this place. As long as they could afford the reward, these people would do anything. It was a city of thugs.

"That's right. If you want to go to the light song woodland, you must pass through this demon land."

A youth rolled up the bead curtain on the palanquin, revealing a pale and handsome face. He laughed lightly and said, "This is the hinterlands of the demon land. How did you come in? Could it be that a teleportation formation directly sent you here?"

The young man was very smart and guessed the reason right.

that's right," Yunxiao said. there was a deviation in the teleportation, and we should have gone directly to the gentle song forest. You just need to show us the way, you don't need to take us with you."

The young man seemed to be seriously ill. Although his face was full of smiles, it could not hide his pale expression. He smiled and said, "It's okay, we'll be safer with more people. I'm also going to the gentle song woodland."

"Young master!" The leader was very anxious, obviously very opposed to this young man's decision, and said, "No ordinary person can possess a teleportation array. There's definitely something wrong with these three!"

"Left commander, how can there be so many bad people in this world?" the youth said. "I'm Hai Lin, what about you?" he said to the three.

Yunxiao smiled. The young man seemed to be inexperienced and a little naive. He introduced the three of them one by one, then said, "Then I'll have to trouble everyone."

The left commander's expression was extremely unsightly. He said angrily, "The three of you better be smart. Otherwise, with your little strength, I can kill you all with one move!"

A cold look flashed in his eyes, and he stared at Ding Ling'er with vigilance. Among the three of them, this woman's cultivation base was the highest, and it seemed to be slightly higher than his.

"Hehe, don't worry. Brother Hailin is so kind, how could we have any bad thoughts?" Yunxiao chuckled. He could sense the unfriendly gazes from the people around him. It seemed that these guards were very concerned about the young man's safety.

"It's good that you don't!"

"The three of you, walk in front!" The left commander said coldly.

"Left commander, how can you do this?" Hai Lin frowned. Besides, there are two girls here, so the three of you can come and sit with me in the sedan."

"You can't!"

The left commander and the right commander shouted almost in unison. Everyone was firmly against it.

The right commander led two Dragon horses and said, "The three of you, ride the dragon horse!"

Yunxiao rode on one, while Yunshang and Ding Ling'er rode on the other. They were surrounded by several martial King realm Warriors before they continued on their journey.

"I'm sorry," Hailin sighed. "I'll treat you well when we get to the forest."

"You're too kind, brother Hailin," Yunxiao said with a smile. "I haven't ridden this dragon horse for many years. I really miss it!"

"Hmph!" The left commander snorted coldly, and his eyes never left Ding Ling'er. Among the three of them, Ding Ling'er was the only one he was most wary of.

"Our young master is a rare kind man," the right commander said indifferently. "If you have any evil intentions, I swear I will take your lives!"

"Don't worry," Yunxiao narrowed his eyes and said, "I won't. However, I see that your young master's complexion doesn't look too good. It seems that he's suffering from a chronic illness?"

The left commander's expression changed and he shouted angrily, "It's none of your business! Keep your mouth shut!"

"Young master Yun, you are an Alchemist! Ding Ling'er could not help but say, "maybe you have a way to save your young master."

"What? This kid is an Alchemist?"

Everyone was shocked. The left commander was also stunned. His attitude seemed to have improved a little, but his tone was still cold. "Alchemists are honorable, but there are many of them in the world. Our young master's illness has been treated by sixth-tier alchemists, but none of them could do anything!"

Ding Ling 'er seemed to want to say something, but she stopped when she saw Yunxiao's meaningful glance.

It was only after learning that Yunxiao was an Alchemist that the attitudes of the people around him became a little warmer.

At this time, Hai Lin also sat in front of the palanquin and said with an envious expression, " young master Yun, I didn't expect you to be an Alchemist even though you're younger than me. You're really amazing.

Chapter 338-weak

"Young master, there's no need to belittle yourself," the right commander said. If it wasn't for your illness, your achievements would be far above your peers. Even though I'm currently plagued with illness, there aren't many of my peers who can compare to you."

what kind of achievement is this? " Hai Lin smiled bitterly. I'd rather die than live.

Yunxiao's eyes flickered with a golden light as he looked at Hai Lin's face for a while, and then he smiled.

Hai Lin seemed to notice that Yunxiao was looking at him, and he said a little embarrassedly, " I've embarrassed myself in front of young master Yun."

if I'm not mistaken, brother Hailin's body is weak because of the extremely domineering bloodline in your body, " Yunxiao said with a smile.

"Swish!"

The left commander hurriedly stopped the Dragon horse. A look of shock flashed through his eyes as he said, " you're really an Alchemist! How could you see it at a glance? "

Hai Lin was also surprised, "young master Yun, you have good eyes!" Even the sixth-tier great Alchemist had to observe for a long time before he dared to make such a claim. Do you have any good ideas?"

After he asked, he seemed to feel that it was a little inappropriate and laughed at himself. "There's no way to cure my illness. The Alchemist once said that only a ninth-tier Alchemist could cure my illness. The world was vast, but where else could one find a ninth-tier Alchemist besides the few Supreme Lords in the sea of soul formation? And even if he did, why would he come and treat me?"

He said it with a wave of sadness, and the people around him also became sad. It could be seen that Hailin still had a good impression and loyalty of his subordinates.

"Don't worry, young master," the left commander said through gritted teeth. The heavens will definitely reward you for your kindness!"

Ding Ling 'er and Luo Yunshang looked at each other and smiled knowingly. Perhaps it was his kindness that touched the heavens and allowed the young man to meet Yunxiao.

He did not have a ninth-tier Alchemist, but he had once been one.

it's nothing," Hailin said with a smile. I'm fine like this.

brother Hailin," Yunxiao said after some thought, "can I take a closer look?"

young master Yun, you don't have to worry about me," Hai Lin said. I don't have much hope in my illness.

since you don't have any hope," Yunxiao said with a smile, "why don't you take a look?"

Oh?" Hailin was stunned for a moment before he smiled and said, "please.

The left commander frowned, and a vigilant look appeared on his face, but he did not say anything in the end. He watched Yunxiao leap onto the palanquin, and then he gathered his true energy in his hand, as if he was ready to attack at the first sign of trouble.

The right commander was also very cooperative, and his aura immediately locked Ding Ling 'er and Luo Yunshang.

Yunxiao gradually invaded Hailin's body with his divine sense, and a surprised look gradually appeared on his face.

Yun Qianqian, young master Yun, how is my young master's condition? "

The left commander's face was solemn, and he no longer had the vigilance and disrespect he had earlier. Looking at Yunxiao's face, he began to worry.

what a strong rhythm of the earth. This is the blood of an earth-type monster beast. It's very likely to be a ninth-rank existence!

Frowning, Yunxiao began to recite, "What kind of demonic beast is this Suan ni, one of the three chief beasts? Something was wrong. An ice soul draconic rock beast? That's not right. His pupils suddenly shrank, and he said in horror, "Could it be the wilderness kun bull?"

Hai Lin's face was filled with shock, and the guards around him were also shocked. Excitement flashed across the left commander's face as he said, "Young master Yun, are you sure it's that barren kun bull?"

what? " Hai Lin was surprised. at that time, The Alchemist also said that my blood contains the power of an earth-type demon beast. However, he had tried all kinds of methods, but he couldn't determine what kind of demon beast it was. In the end, he was helpless. Before he left, he said that unless we can confirm which kind of demonic beast's bloodline power it is, then we can find the right cure."

"Young master, I'm sure of it!" The left commander said excitedly. It must be that whatever wilderness kun bull. Every time the young master lost consciousness, a huge bull-shaped shadow would appear behind him!"

Yunxiao withdrew his divine sense and said, "As expected, that's right!"

"That's great, young master's illness can be cured!" The right commander was also extremely excited and said, "The sixth-tier Alchemist said that as long as we know what kind of demon beast it is, we will have a way!"

The guards around them were all overjoyed, and their eyes were filled with gratitude as they looked at Yunxiao and the others.

On the other hand, Heilin was the calmest. Although his face was also flushed with excitement, he still asked calmly, "Young master Yun, do you have a way to cure my illness?"

It's difficult! Yunxiao said after a moment of silence.

The left commander's expression changed. He frowned and asked in confusion, "How could this be? Isn't knowing the source of the power of the bloodline a cure?"

Yunxiao touched his nose and said with a wry smile, "The Alchemist was right. However, if it's the barbaric kun bull, this method won't work."

Heilin remained silent, frowning as he waited for him to continue.

You must know that the five elements in heaven and earth reinforce and counteract each other," Yunxiao said. Every demon beast has its nemesis. However, the barren kun bull was a demonic beast from ancient times. Only the powerful wood-type existences from ancient times could restrain it. Where are you going to find a peak ninth-rank wood-type monster beast to counter his bloodline power? Divine-controlled martial sovereign Yao Jinliang's burial year beast is only of the water element."

These words immediately left everyone speechless, and the fire of hope that had just been ignited was instantly extinguished.

Hai Lin was also stunned. So, even if I find a ninth-tier Alchemist, there's no cure for my illness?"

that's not it," Yunxiao said. I'm just saying that it won't work.

The left commander's face suddenly darkened. He said unhappily, "Can't you just say everything in one go? Can my young master's illness be cured or not?"

of course there are ways to save him," Yunxiao said with a smile. I know at least three ways to save him. But, none of them will be easier than finding a ninth-tier Alchemist." you must be wearing a wood-type Mystic treasure," he said to Hai Lin. otherwise, your body can't suppress the power of this barbaric kun bull.

Hailin took out a bead that was flashing with spiritual light and said, "young master Yun, you're indeed a master. This is a wood spirit Pearl.

The right commander looked at the bead and frowned. He felt that it was inappropriate for Hai Lin to show it to others, but he held back.

Yunxiao nodded. as expected, it's a wood-elemental Supreme treasure. But, I'm afraid it can't suppress it for long. In this demon land, I only have one thing that can cure your illness."

"What? Just this demon land?" A glint flashed across the left commander's face as he said excitedly, "Quickly tell me, what is it! Even if I have to turn the entire demon land upside down, I will find it!"

no! Yunxiao shook his head and said, "don't be happy too early. What's the most powerful demonic beast in the demon land?"

The left commander's expression changed and instantly became extremely unsightly. He said, "You mean the nine winged spirit snake bird? Or a soul-breaking type Gu? Do I have to kill them?"

All the guards' expressions changed. The nine-winged spirit snake bird and the soul-breaking type kun were the two most powerful demonic beasts in the demon land. There were not many of them, but they were eighth-rank existences. Even the martial honors of the human race would not dare to fight alone!

Ding Ling 'er frowned and suddenly said, " the most powerful creature in the demon land is not the nine-winged spirit snake bird, nor is it the soul-breaking type spinal bone, but the five elements spirit-devouring rat!

"Five elements spirit devouring rat?"

Everyone's expression became strange, and many people's lips curled into a sneer.

"Miss ding, you may not know this, but the five elements spirit-engulfing rat is only a third rank being. I can kill over a hundred of them with a single move."

"You're right," Ding Ling 'er nodded and said,"the five elements spirit devouring rats aren't strong individually. However, I've heard from my father that there are hundreds of millions of Five Element spirit devouring rats in the demon Plains. If they were to gather together, even a Saint domain God would be able to exterminate them."

Everyone's expression changed drastically. When they thought of the thousands of rats swarming over, they all shivered and broke out in cold sweat.

The right commander also wiped his cold sweat and said awkwardly, " "This Suan ni, isn't it a bit too much to have a hundred million? Fortunately, these five Element spirit devouring rats don't have any intelligence and don't know how to group up."

hundreds of millions? " Yunxiao's eyes flickered as he said, " it's not an exaggeration. Although the demon land was vast and boundless, after countless years of raising so many Five Element spirit-devouring rats, the grassland was still lush and full of spiritual energy. Do you know why?"

"This bi an ..."

Everyone was stunned and began to think carefully. Although they were in the light song forest, which was adjacent to the demon land, they had never thought about this problem.

That's right, those five elements spirit devouring rats all fed on the spirit herbs in this demon Plains for a living, so why had it not been barren for tens of thousands of years?

Yunxiao looked at everyone's expressions and said, " that's because in the core of the demon land, there's a Tree of Life that has existed since the beginning of time. It's called 'eternal evergreen'!

The right commander frowned. I've heard of this ancient evergreen tree before. However, we've roamed the demon Plains for so many years. We've never seen it before.

it's not easy to find this ancient evergreen tree, " Yunxiao sighed. it's not something that can be explained in a few words. Let's go to the gentle song woodland first. You all seem to be mercenaries from the light song forest, can you analyze the situation inside?"

Ding Ling 'er also perked up her ears. However, the gentle song forest had always been a chaotic place, and they had not spread out there, so they knew very little information.

"I'll explain."

Hailin's spirit seemed to have improved. After hearing so much about his illness, he seemed to have a glimmer of hope in his heart.

"The light song forest is actually a chaotic place. Many people die every day, but there are still many people coming in. Because this was a paradise for violence, a paradise for criminals. As long as you have the strength or the money, you can get everything you want in there."

Hai Lin's eyes seemed to flash with a trace of disgust, and he said, " "It seems to be very chaotic inside, but it actually has its own operating rules. There are over a hundred factions, big and small, and three of them call themselves the 'King of Mercenaries'. None of them are willing to submit to each other, and they've fought countless battles, resulting in countless deaths and injuries."

Chapter 339

?

339 Five Element spirit devouring rat

Hailin stopped and panted a few times before continuing, " "These three are the leaders of the three largest mercenary groups in the light song forest. They are the leader of the skeleton mercenary group, Shen Feng, the leader of the storm mercenary group, Chen chuanjiu, and the leader of the rookie mercenary group, haolian shaohuang."

Yunxiao's eyes narrowed slightly. Ding Ling 'er and yunshang also gave him a look with a smile in their eyes.

The left commander's expression turned serious as he said, " "Young master, if the vice-captain were to hear what you've said, he'll definitely punish you. There is only one King of Mercenaries in the forest, and that is Regiment commander hao lian!"

"You're Lao Ai," Yunxiao said suspiciously.

"My father is hai beifei, the vice-captain of the rookie mercenary group," Hai Lin said with a smile.

Yunxiao had a strange feeling in his heart. 'So, they're on the same side?'

They talked as they walked, and after several miles, they suddenly felt a strange fluctuation. Yunxiao's divine sense was the most powerful, so he quickly sensed it, and his face changed.

"Young master Yun, what's wrong?"

Hailin noticed his expression and asked in surprise.

Yunxiao stood in the sedan and looked into the distance. "Everyone, be careful. There's a large group of five elements spirit devouring rats coming from the front."

"What?"

The left and right commanders looked at each other, both somewhat suspicious. But, they knew that Yunxiao was an Alchemist of a rather high level, so it was normal for his divine sense to be far superior to theirs.

“A large batch of Five Element spirit devouring rats?” the right commander asked with a frown. “Demonic beasts like the five Element spirit-devouring rats don’t like to form groups, do they?”

“It’s fine if it’s just Five Element spirit devouring rats,” replied commander Zuo. “No matter how many of them there are, they won’t be able to hurt us.”

Ding Ling ‘er, on the other hand, had a worried look in her eyes, because she saw the seriousness on Yunxiao’s face, and she immediately became vigilant.

After the caravan traveled for a few miles, the look on everyone’s faces became more and more strange. They had not found any traces of demon beasts for a long time, and all of them began to doubt Yunxiao’s words.

“Could it be that those Five Element spirit-engulfing rats knew we were coming and all ran away?” the left commander could not help but laugh.

The rest of the people also laughed out loud, and there were many mocking voices.

Hai Lin frowned and showed a look of displeasure.

All of a sudden, the right commander’s expression changed drastically and became paler and paler. He pointed at a dark shadow rising from the ground in front of him and cried out in horror, “Five, five, five Element spirit devouring rat!”

Everyone in the caravan stopped. In a few breaths, everyone saw a vast expanse of black. It was as if a Black Wave was surging towards them.

Along with the black color, there were also countless squeaking sounds of rats, which pierced everyone’s eardrums.

“Woof! My God, there are so many Five Element spirit devouring rats in this Suan ni!”

Everyone was dumbfounded. Their feet turned cold and they felt as if they had fallen into an ice cellar!

Ding Ling ‘er was also shocked. “Left commander, didn’t you say that the five elemental spirit devouring rats don’t like to be together? There must be at least tens of thousands of them, right?”

Everyone shivered all over. Tens of thousands of tier-three demonic beasts were disdainful.

Although the left commander was scared, he was an old hand after all. He immediately calmed down and shouted, “Everyone, form a big circle and protect the young master! If someone dies in battle, quickly shrink the circle, you must maintain the safety of the circle!”

Everyone’s face flashed with understanding. Although the five Element spirit devouring mouse’s attack power wasn’t strong, it was still a third-rank existence, comparable to a human great Martial Master. Many of the guards were martial grandmasters, and they were no match for them.

Each of them drew their weapons and formed a big circle around Hai Lin, Yunxiao, and the other two, waiting quietly for the five elements spirit-devouring rats to come.

Hai Lin desperately shouted, “Everyone, don’t worry about me. Form an awl formation and charge through here! I’m the young master, you have to listen to me!”

Everyone was facing the outside without moving, and no one was listening to him.

Yunxiao secretly praised them in his heart. The quality of this rookie mercenary group was indeed good.

Ding Ling ‘er and Luo yunshang jumped off their horses and stepped forward, saying, “Let’s join the battle!”

The left commander was about to refuse, but when he saw that Ding Ling 'er's cultivation base was not inferior to his, and Luo Yunshang was also a martial King, he nodded and said, "I'll have to trouble the two young ladies. If we can return alive this time, the newbie mercenary group will be eternally grateful!"

"You're welcome, commander Zuo," said Ding Ling 'er with a smile. Since we're acquaintances, we should naturally work together."

Ding Ling 'er had been in the Chamber of Commerce since she was a child, so she was very experienced in the ways of the world and receiving guests, which gave people a dignified and beautiful feeling. This made the left and right commanders secretly praise him.

in fact, there's no need to make the battle so big," Yunxiao murmured. with so many five elements spirit devouring rats, even you, a martial Grandmaster, can't hold them off for long. I suggest that we reduce the size of the battle circle and divide it into two groups. Whoever couldn't hold on, another person would take over. They could also pay attention to the safety of their companions and help whoever was in danger. If they rotate like this, they should be able to last until the tide of rats passes."

Hai Lin's eyes lit up, and he quickly said,"young master Yun is right!" Left commander, quickly shrink the battle circle!"

The left commander's eyes flickered with surprise. Yunxiao's idea was indeed very good. He immediately shouted, "Shrink the battle circle. All experts at the rank of martial Lord and above will stand at the outermost ring, and those below the rank of martial Lord will rest in the middle. Always pay attention to your comrades "comfort!"

"Huala"

Everyone dispersed in an instant, and more than half of the people rushed in. The battle circle immediately shrunk by more than half. With the Dragon horses and palanquins still inside, it seemed rather crowded. Everyone's faces were filled with unprecedented solemnity.

"Squeak!"

The tide of rats quickly rushed over. From a distance, it looked like it had instantly swallowed up the small circle, drowning it in a dark Mass.

A circle of light suddenly surged around the battlefield. The experts above the rank of martial Lord attacked at the same time, pushing back the Black Mass of rats, and many of them were even sent flying.

Although the five elements spirit devouring rat was a third-tier demonic beast, its attack power was not strong, and its defense was several times higher than ordinary third-tier demonic beasts, making it very difficult to kill. Even if you stomped him into a meat patty, he could instantly recover.

These people were all experts who often walked in the demon land. They all understood this principle, so they all took out their weapons and slashed down. Under the sword light and Saber Light, these spirit rats were cut in half one after another. However, there were too many of them. After a large number of them were killed, they came back again.

What made everyone restless and violent was that the countless squeaking sounds of the rats made some people's eardrums bleed. They were extremely irritated and hacked with all their might!

On a raised slope in the distance, a few figures had appeared out of nowhere. They were coldly looking at the rat tide with a cold smile.

"Mr. Gu, your new medicine is really amazing! These five elements spirit devouring rats have gone even crazier, and their strength has increased by quite a bit."

"Hehe, it's nothing. The key was that brother situ thought of a way to attract so many spirit rats over, and I cast an illusionary technique, which was why it could proceed smoothly."

"It's a pity that there's not enough time. Otherwise, I would really like to get tens of thousands more. Let's see if that Hai Lin will die!"

"Hehe, brother situ is overthinking. Hailin was dead for sure. Now, they thought that this was just an ordinary rat tide and that they would be fine after they survived. When they find out that the rat tide

never absides and that their target is actually themselves, I'm afraid their faith will collapse directly and they'll die without a burial place!"

"Hahaha! Who said they would die without a burial place? The bellies of these spirit rats would be their best grave, haha! It seems that the vice-captain's money spent to hire Mr. Gu was well worth it, haha!"

"Hehe, I've taken your benefits. Naturally, I have to find a way to solve your problem."

The caravan had been fighting against the tide of rats for a long time, and almost all of them were great martial masters. The martial Lords and even martial grandmasters were all panting and their faces were pale. Even the profound level weapons in everyone's hands were bent.

"What's going on? The rat tide hasn't left yet?" The left commander's expression was getting uglier and uglier. It should have already passed by now.

'I'm afraid it's going to be troublesome,' Yunxiao said with a frown. This might not be a rat tide. I feel that more and more spiritual rats are gathering around us, as if they are targeting us."

"What?"

Everyone turned pale with fright, their hearts turning cold. If that was the case, wouldn't he have to kill all these spiritual rats?

It was still fine when the martial Lords were in the front, as every blow would send the flesh and blood of several spirit rats flying. Now, with a martial Grandmaster, he could only maintain the battle circle and couldn't hurt a single one. The pressure was getting greater and greater, and he couldn't hold on for a moment.

"Motherf * cker! How could it be like this?" "Could it be a trap set by someone?" the left commander roared. But who can control a Five Element spirit devouring mouse?"

Yunxiao walked into the battle. He opened his palm and immediately sucked a spirit rat into it, then began to observe it carefully.

The spirit rat was extremely fat and kept struggling in his hand, baring its teeth and trying to bite him.

'There's indeed a problem,' Yunxiao said with a frown. The eyes of this Five Element spirit devouring rat were completely Scarlet, and it should have taken some kind of medicine. Moreover, his pupils were all scattered, and he should have been under an illusion. The medicine and the illusion are stacked together. It seems like they are targeting us."

how did this happen?!

Everyone's hearts sank. If these spirit rats were not killed, they would not be able to live. However, there were tens of thousands of them, so dense that their heads could not be seen.

"Young master Yun, is there any way?" A strange feeling suddenly welled up in Hai Lin's heart. He looked at Yunxiao's calm face, which seemed to be devoid of any fluctuations, and the strange feeling told him that this man must have a way to solve the problem.

the spiritual senses of these spirit rats have been shattered by a powerful divine sense," Yunxiao said with a frown. now, it's just an illusion they received before their spiritual senses were shattered that is supporting their bodies to attack us. As long as we can hold on, they will gradually die. However, I can see that these spirit rats are all full of spirit energy. I'm afraid it won't be so fast."

Chapter 340

?

340 Blood of plant monster

"How long will it take for them to die?" Hailin asked in shock.

about a few hours," Yunxiao said. I guess.

"A few hours?" Hai Lin shook his head."How can we possibly hold on for so long? are there any other methods?"

yes," Yunxiao said. then we'll kill them all.

The left commander was exasperated when he heard that. He said angrily,"At a time like this, can you say something useful? I really want to kill you with one palm!"

hehe," Yunxiao laughed. don't worry, commander Zuo. In fact, it's not difficult to hold on for a few hours. Most demonic beasts are afraid of fire, and I have an extremely powerful strange fire on me. If I spread it out and surround them, these five Element spirit devouring rats shouldn't dare to rush up."

His soul-form immediately appeared in the divine realm tablet, and he said to Duan Yue, who was cultivating," "I need to borrow your bluelotus Earth Fire."

Duan Yue and Yue Jiulin were both sitting in the fire Territory and cultivating. Over the past few days, the two of them had been sparring with each other, and both of them had made great progress in their strength.

Duan Yue opened his eyes and frowned. don't you have the true Phoenix Fire? all you know is how to squeeze me!

you know I can't control that thing well," Yunxiao scolded with a smile. I'll burn myself if I'm not careful. Don't talk nonsense, it's an emergency."

why didn't you take out such a good thing earlier?! commander Zuo cursed in the demon Plains.

how would I know that we are the target of these spirit rats?" Yunxiao laughed. I don't know. In addition, you didn't ask me to participate in the battle."

A ball of green fire gradually appeared between his eyebrows. It suddenly turned into a line of fire and burned out of the battle circle. Wherever the flames passed, a blinding white light would burn out, blinding everyone.

The temperature in the battlefield rose in an instant. The flames spread out of the ring and, under the control of Yunxiao's incantation gesture, extended into a Ring of Fire that surrounded the crowd.

"Squeak!"

The five elements spirit devouring rats near the flames cried out even louder as they kept retreating from the Ring of Fire. Those who rushed into the Ring of Fire were all killed by the martial Lords. The rest of them all retreated, as if they were very afraid of the flame.

The left commander's eyes lit up and he said in great joy, "Haha, we're saved!" "Young master Yun, you're really something!" He gave him a thumbs up.

Everyone was overjoyed, and their eyes turned respectful as they looked at Yunxiao.

Ding Ling 'er and Luo yunshang smiled without saying a word. This little flame was nothing. Even young master Yun alone was enough to kill all these spirit rats.

In fact, as long as the tianluo flaming war flag was used, all the rats could be burned to death. But, in that case, Yunxiao's strength would be exposed. Even if he did not use the tianluo flaming battle flag, he still had several ways to kill these spirit rats.

However, the forest was still an unknown place to him, and he didn't want to attract attention too early.

Bluelotus Earth Fire was burning around them, giving them an indescribable warmth and sense of security, and they were all very grateful to Yunxiao.

Hai Lin also praised him with an envious look on his face. "Young master Yun, what tier of Alchemist are you? He is actually able to control a "heavenly flame.""

Everyone listened attentively, curious about this mysterious young man.

I don't know," Yunxiao said with a smile. probably fifth-tier.

In terms of strength, he wasn't much weaker than an existence of the sixth step. But the badge given to him by The Alchemist Association was a fifth-tier one.

"Swish!"

a fifth-tier great Alchemist!

Hai Lin gasped in shock. master Yunxiao! he hurriedly stood up and said respectfully, " Hailin greets master Yunxiao. I hope you can forgive me for my disrespect earlier!

The surrounding people were also shocked. The left commander also hurriedly stepped forward and said, " I've been disrespectful. I hope master Yunxiao can forgive me!

In their eyes, a fifth-tier great Alchemist was already an extremely high existence, let alone such a young fifth-tier great Alchemist. They had never heard of him.

Yunxiao smiled wryly. he's only a fifth-tier Alchemist. When did he become a great Alchemist?" he said. Brother Hailin, the demonic beast blood in your body is a double-edged sword. If you guide it well, it'll be extremely powerful."

Hailin's expression changed slightly, and he shook his head. "As long as it can eliminate the effects on my body, it's fine. I don't expect it to have infinite power."

If the blood of the barbaric kun cow in his body was activated, he would be extremely powerful. However, it was extremely harmful to the body, and every time it acted up, the person would be unconscious and unable to distinguish between friend and foe. This was also the most painful part for him.

Yunxiao sighed in his heart. If he had taught Hai Lin the tyrant body tempering technique, it would not have taken long for him to suppress his bloodline with his own physical strength, and then gradually stimulate the bloodline energy for his own use.

However, the tyrant body tempering technique was a peerless cultivation technique in the world, and he had never taught it to anyone else except Meng Bai. Moreover, once the news was spread or leaked, ao changkong would come to him in person. Even if he recovered his strength from his previous life, he would not be able to defeat him!

At this time, the expressions of the few figures in the distance changed greatly.

“What? It’s actually a heavenly flame!”

“This Yingluo, Mr. Gu, what should we do? Those spirit rats seem to have all retreated.”

“The fire is blue. Could it be the legendary bluelotus Earth Fire? This was troublesome. I’ve shaken off all the spiritual consciousness of those spiritual rats. They’re only retreating out of their most instinctive fear. What should I do?”

Mr. Gu was also hesitant and said, “If we drag this on for too long, these spiritual rats will die on their own and this plan will be in vain.”

Situ Heng was cursing in his heart. F * ck, I was still asking you what to do, and you’re asking me? There’s actually such a huge loophole. I thought it was a flawless plan. F * ck!

“That’s right!” Mr. Gu’s eyes lit up. He took out a bottle of red liquid and laughed. this is the blood of the purple vine plant demon. As long as it can be sprinkled on those people, even if they have The Blue Lotus Earth Fire to block it, these spirit rats will rush over without any regard for their own safety.

“There are tens of thousands of Five Element spirit devouring rats there. How can we throw them over?” situ Heng frowned. Besides, those people from Hailin are not to be trifled with.”

Mr. Gu’s face turned dark and he grinned. “Leave this matter to me.”

He immediately squatted down and carved something on the ground. Soon, a small array was created and he put the blood of the purple vine into it. His hands kept forming hand seals.

With a flash of light, the bottle of violet sieve vine blood instantly turned into a ray of light and shot towards the caravan at a speed that was difficult to be seen by the naked eye.

It was actually a small-scale instant teleportation formation!

“Bang!”

The bottle of blood exploded in the air above the caravan, and fresh blood splattered all over the place.

“What?” Mr. Gu’s pupils shrank. He actually intercepted it? There’s an expert in the caravan!”

“What should we do?” situ Heng was shocked. Wouldn’t that mean we’ve been exposed?”

Mr. Gu looked into the distance and said, “It doesn’t matter. As long as the smell of the blood spreads, it will be fine. Moreover, if these spirit rats did not work, he could only carry out Plan B. What’s there to be afraid of if we’re exposed?”

“Young master Yun, What is this?” Hailin was shocked to see a large amount of blood falling from the sky.

Yunxiao sniffed and said with a frown, “The blood of a plant demon?” He raised his right hand and spread his fingers. The blood was guided by his power and gathered into a ball that fell on his palm, spinning non-stop.

The left and right commanders were both shocked. Their eyes were filled with killing intent as they stared into the distance.

Yunxiao looked at it carefully for a while and said, “The blood of the plant demon purple vine is very ordinary, there is nothing strange about it. Why did those people send this over?”

Just as he was scratching his head in confusion, “squeak, squeak, squeak! The squeaking of the spirit rats became louder and louder. One by one, as if they had taken stimulants, they once again surrounded

him. He ignored the crackling sounds of the green Lotus Land fire on his body, and there was still a lot of fragrant meat that had been directly burned. He was still risking his life to advance.

Everyone was shocked. Many spirit rats directly crossed the line of fire and madly rushed up to bite.

“Block it, block it!”

The left commander swung his saber and killed more than ten in the first row, but it was still a drop in the bucket. everyone, guard the battle ring! he shouted repeatedly. we can't let a single one in!

The surroundings were already filled with the pungent smell of the corpses and blood of various spirit rats.

The two beauties, Ding Ling 'er and Luo yunshang, both turned pale and covered their mouths and noses with scented towels. If they were not afraid of exposing Yunxiao's divine realm tablet, they would have hidden in it a long time ago. At this moment, when they saw the spirit rat attack again, their stomachs were rolling.

so, it's the blood of this purple vine plant demon that attracts the spirit rats to attack us,” Yunxiao said. “It seems like there's a Beast Tamer over there,” he said as he looked into the distance.

in that case,” Hai Lin quickly said, “ young master Yun, you just have to throw the blood out, and everything will be fine, right? ”

it's useless,” Yunxiao shook his head and said. the smell has already dispersed. Moreover, these spirit rats were already under an illusion. The beast Tamer on the other side is not simple, and he might be a famous Alchemist.”

Hai Lin was anxious. He saw that many guards were gradually unable to hold on and were about to be drowned in the rat tide. He said, “ “Then what should we do? Young master Yun, please think of something!”

For some reason, he seemed to subconsciously regard Yunxiao as his backbone.

Perhaps it was because of the shocking reputation of a fifth-tier Alchemist, even the left and right commanders respected his opinion very much.

I'm afraid it'll be difficult to finish them off completely," Yunxiao said. even if the two commanders cross the sky and kill them, these spirit rats will still attack us. However, it can still alleviate some of the pain."

He slapped the ball of blood in his hand. A strong wind blew across the grassland and the ball of blood spun violently. The thick smell spread out and small drops of blood splashed. The five Element spirit devouring rats immediately changed direction and rushed towards the ball of blood. However, there were still many who stayed where they were and continued to attack.

when the blood is devoured by them," Yunxiao said, " they will continue to rush over. I'm afraid my bluelotus Earth Fire won't be able to last for too long. I'll spread the flames out later, but it can only last for a few breaths. Then, everyone, get ready to charge out. As long as we concentrate our strength and charge out of the range of several li, these spirit rats won't follow us."

Everyone's expression changed. They knew that the moment of life and death had come.
