

The Eternal 341

Chapter 341-breaking out

“Everyone, raise your spirits!” The left commander shouted. we, the rookie mercenary group, are the strongest mercenary group in the heavenly martial realm. Everyone, swallow all kinds of elixirs and medicines. Wait for my command, form a wedge and break out! Hong Yu, you lead the way later. I’ll stay by the young master’s side and protect him and master Yunxiao!”

Hong Yu was the right commander, while the left commander’s name was Zhu Lei. The two of them were like brothers, and they had a tacit understanding.

Hai Lin struggled. commander Zuo, you and commander you will open a path. I can take care of myself. It’s just a tier-three demonic beast. This is an order!

Zhu Lei’s face was calm, and he turned a blind eye to his words.

commander Zuo, ” Yunxiao said with a smile, ” you can go ahead and open the way. With two martial Grandmaster powerhouses in front, they would be able to quickly clear a path. Brother Hailin has me, Ling ‘er, and yunshang to protect him, so he’ll be fine.”

“Yes!” Hai Lin was overjoyed. Miss Ling ‘er was also a martial Grandmaster. Young master Yun and miss yunshang were both martial Kings. With the three of them by my side, I’ll be fine!”

Only then did Zhu Lei’s expression relax, and he said in a deep voice: “Then I’ll have to trouble young master Yun and the other two. As long as we can go back alive this time, rookie mercenary group will definitely be grateful! Although I don’t know why the three of you want to go to the light song woodland, as long as our rookie mercenary group is here, no matter what the three of you want to do, vice-captain hai beifei will do his best to help!”

He was only a mid-tier existence in the mercenary group, so he had no right to agree to anything. For now, he could only promise Yunxiao and the others to do their best to protect Hailin, and everything could be discussed when they returned to the soft song forest.

How could Yunxiao not know what he meant? in order to dispel the other's doubts, he said with a smile, "Then I'll have to trouble your group."

At this time, the luxurious palanquin that Heilin was sitting in had been abandoned on the ground, and a carriage pulled by two Dragon horses had been replaced. get ready, everyone," Yunxiao said as he stood on the front of the car. I'm going to burn it.

He conjured an art with one hand, and a ray of light flashed between his brows. The bluelotus Earth Fire instantly rose and spread out in all directions. The flames were so strong that not only were they extremely hot, but they also emitted waves of elemental aura. Wherever they passed, there were screams of pain and the fragrance of roasted meat filled the air.

The spirit rat roasted by the bluelotus Earth Fire was so fragrant that Yunxiao drooled as he smelled it, and his stomach began to growl.

Hailin looked at him in surprise. At this time, he was probably the only one who was still in the mood to smell the meat.

Ding Ling'er and Luo yunshang also had a strange look on their faces. Although the smell was very fragrant, when they saw the ugly appearance of the spirit rat, they both felt their stomachs churn and covered their noses.

Zhu Lei suddenly shouted, his aura soaring to the sky: "Everyone, charge with me!"

The blade in his hand flickered as he roared with all his might, and a golden light slashed down. The saber's might was impressive, and the flesh and blood of countless spirit rats splattered as a bloody path was cut out.

At this moment, the caravan had already formed a wedge shape. Under the leadership of the two commanders, they rushed along the passage.

However, before they could run for 100 meters, they were blocked by the spiritual rats on both sides.

“Shadowless heaven shocking sword!”

break! Hong Yu shouted. The sword in his hand was unsealed instantly. The cold light condensed in the air and did not dissipate. It turned into countless sword shadows and flew out, causing blood to splatter.

The guards around them also became alert and used all kinds of killing moves.

Life and death would be decided in this moment.

“They’re starting to attack!” Situ Heng, who was standing far away, exclaimed.

Mr. Gu sneered, “that’s courting death. The tide of rats will keep moving with them. If we stay where we are and waste time, we might have a chance to survive. But now, hehe.”

Situ Heng’s face was also filled with joy as he said, “Even though they’re only Tier 3, there are tens of thousands of them! I also want to see how they look like when they’re buried in the rat’s stomach, haha!”

Mr. Gu’s face was full of a cold smile, but suddenly his pupils shrank and he frowned. “What’s going on?”

“What’s wrong?” Situ Heng looked at his expression and a bad feeling welled up in his heart.

Mr. Gu’s eyes flashed coldly and he said in surprise, “how did those spiritual rats die so quickly?!”

Situ Heng’s heart skipped a beat. He looked over and saw that the caravan had already charged forward for hundreds of meters. Wherever they passed by, groups of spiritual rats would die. Almost every martial artist would die in one move.

“Could it be that these spirit rats’ time is up and they’re starting to give out?” he asked in shock.

Mr. Gu gritted his teeth and said, "no, there must be something wrong!" Look at those martial grandmasters, they can kill more than a dozen level-three spirit rats with one move. Moreover, the spirit rat's attack had been greatly weakened! There must be an expert in the caravan!"

"What should we do then?" situ Heng asked in shock. They're about to rush out of the rat tide."

Mr. Gu's face was gloomy. He stared at it for a while and said, "The first one is about to fail. However, the direction they were rushing in was the way back to the forest. There was still a good show waiting for them, so what was there to panic about? I'd like to see who's up to no good!"

Zhu Lei looked at the end of the rat tide in front of him and shouted in joy: "Everyone, hold on! We're about to rush out!" His spirit was greatly roused, and with every slash of his saber, a large number of spirit rats were chopped into pieces. Suspicion rose in his heart, feeling that these spirit rats all seemed to be a little dispirited.

Everyone was overjoyed, and they were all in high spirits. Not only Zhu Lei, but everyone also felt that it had become very easy to deal with it. Those spirit rats seemed to have taken medicine, even their cries were very listless.

Hailin's heart stirred slightly. He seemed to sense some kind of fluctuation coming from Yunxiao's body, and his bloodline power seemed to be somewhat suppressed at this moment. However, the fluctuations were faint, and he was not sure.

There was a smile in Yunxiao's eyes. He gradually expanded his Fire Territory, and under the power of this territory, all the spirit rats were completely restrained. If he wasn't afraid of attracting attention, he could directly use his territory power and instantly kill these tens of thousands of Grade 3 spirit rats.

This way, the caravan successfully charged out of the rat tide without any deaths!

"That's great!" Zhu Lei's face was filled with joy as he said, "Everyone, don't rest. Quickly return to the city! We'll be safe as long as we get back to the forest!"

Everyone felt like they had just survived a disaster and began to run wildly on the demon land. As he watched the Black Tide of rats gradually move further away, his mood gradually improved.

After running for a while, Yunxiao suddenly said, "Everyone should take a rest. If this continues, no one will be able to hold on."

"Let's hurry back to the city while we still have one breath left. Otherwise, we'll have to wait until tomorrow before the sky turns dark," Zhu Lei said.

what if we run into an enemy?" Yunxiao frowned. what if we run like this without regard for our physical strength?" It's obvious that someone is scheming against us."

"Not bad!" Hong Yu's face darkened and he shouted, "Everyone, stop and rest!"

Zhu Lei also seemed to think that it made sense and did not say anything. Instead, he walked to Hailin's side and asked with concern, "Young master, how do you feel?"

Hai Lin's face was a little pale, and his hair was covered in sweat. He chuckled and said, "It's fine. I was sitting in the carriage and didn't move, what could have happened."

Zhu Lei nodded his head. He looked at the sky and said, "It seems like we won't be able to return to the city before dark."

"As long as everyone's safe, it doesn't matter if we're late," Hai Lin said with a smile.

what?" yunshang asked in surprise, "don't you wonder who did this to you?"

Zhu Lei smiled and said, "the various conflicts in the light song forest are far more complicated than they seem on the surface." All kinds of killings can happen at any time, and it's not the first time we've encountered them. It's just that this time it was extremely dangerous, and fortunately, the whole team escaped safely."

Hong Yu also sighed, "there are many such vendetta killings where you don't even know who the other party is or why you attacked. His main goal now was to protect his young master and return to the

gentle song woodland safely, not to find out who his enemy was. This matter would be done when they returned. However, the enemy this time is extremely strong. They won't be simple!"

Yunshang was stunned. It turned out that they had already gotten used to it. It was really unimaginable that he didn't go crazy after living in the shadow of killing all day long.

Zhu Lei's face revealed a look of reverence as he said with some excitement, that's why we hope that leader can lead the forest to a whole new future!

"It seems that you trust and are loyal to young Emperor hao lian," Ding Ling 'er said as she played with her hair.

Even Hailin's expression turned serious. "Lord hao lian will become the true king of Mercenaries and start a new era in the light song forest! However, His Excellency was in a daze. He looked at Ding Ling 'er and Luo yunshang, and his expression became a little strange. Even Zhu Lei frowned slightly.

"But what?" Ding Ling 'er and Luo yunshang asked almost at the same time.

but he's a complete pervert. He wants to get into bed with every beautiful woman he sees. Yunxiao said indifferently.

"What?" The two women's expressions changed at the same time, revealing contempt, shame, and anger.

"Er, this bi an, my Lord does have some bad habits," Hailin said awkwardly. But don't worry, you saved our caravan and are the benefactors of the rookie mercenary group. Sir won't do anything to you two."

Feeling a little dizzy, yunshang said, "What if I didn't save you?"

"Hehe, that'll be troublesome," Zhu Lei laughed.

what King of Mercenaries?! Ding Ling 'er was angry and scolded, " it's clearly the King of Mercenaries! Why didn't gu Feiyang kill this piece of trash with one palm strike?"

She gave Yunxiao a fierce glare.

I don't know," Yunxiao said awkwardly. I'll see you next time.

Hai Lin laughed. I heard that the leader's master, Lord Gu Feiyang, is also a dissolute figure. The peerless beauties I've seen can circle the heavenly martial realm two times if they hold hands.

Yunxiao,'hehe'.

Ding Ling 'er burst into laughter. Looking at Yunxiao's embarrassed face, she snorted and said, " isn't that right, young master Yun? have you heard of it? "

Yunxiao put on a straight face and said with a righteous tone, " "Lord Gu Feiyang is known for his talent and beauty, the embodiment of hero and chivalry. He took it upon himself to change the social atmosphere and improve the inner qualities of young people, causing him to remain single for his entire life!"

Chapter 342

342 The secret technique of the psychic

Zhu Lei's eyes lit up and he said,"so master Yunxiao is also an admirer of Lord Gu Feiyang." After I studied Lord Gu Feiyang's life, I came to a shocking conclusion!"

what conclusion? " Yunxiao frowned. what conclusion? "

The people around them also craned their necks. This kind of gossip was the most appetizing, let alone such an influential figure. Hai Lin was also interested.

Zhu Lei whispered mysteriously, "you must not tell our Regiment commander!" According to my research, the reason why Gu Feiyang has remained unmarried all his life is that he has some unspeakable secrets of a man!"

"What unspeakable secret?"

The crowd gathered around him, stretching their necks like ducks.

"Hehe, it's hard to say. Everyone knows." Zhu Lei laughed like a monkey and said, "It's just those few things, impotent and impotent, impotent but not firm, hard but not long, impotent for a long time, impotent but not refined, impotent but not thick, thick but not alive, Pixiu."

Yunxiao's face turned purple, and his eyes were spurting fire, as if he was about to rush up and kill someone.

Zhu Lei was shocked by his appearance and said, "Don't doubt me, I have my reasons. "Everyone, come over here." He made a hand gesture and said, "I'm here." "I have many other research results. Come, come, let me share them with everyone. This Gu Feiyang is very likely to be the subject of ridicule."

The group of people immediately became interested and went over. Even Heilin climbed down from the carriage and squeezed his head in.

Ding Ling 'er looked at Yunxiao and said with a strange smile, "Young master Yun, is that really the case? Then you'll have to take precautions. Our Tianyuan trading company has the formula for the Hercules pill passed down from ancient times. After refining it and taking it, not only will you be completely cured, but you'll also be as strong as an ox."

A teasing smile appeared at the corner of Yunxiao's mouth as he stared at Ding Ling 'er's soft breasts with a lustful look and said, "It seems that miss Ling 'er is very knowledgeable. Next time, bring me a few more pills to try out the effect."

When Ding Ling 'er saw Yunxiao's eyes looking her up and down and his evil smile, she blushed with shame. After all, she was a girl, and there was no way she could win against an old hand like Yunxiao.

The group of people talked and laughed in the demon land, causing laughter from time to time. He didn't feel like he had just escaped from a life-and-death battle.

The few people who were observing closely from a distance all had dark expressions and hazy eyes.

"Mr. Gu, they've stopped. What should we do?" Situ Heng asked after observing for a while.

Mr. Gu looked at him in disgust and scolded, "You're an expert, so why are you asking me what to do all day? My formation is right in front of them. Even if they recover their strength, they can forget about charging over. I'd like to see how the expert in the caravan will take my next move!"

His eyes flickered with excitement.

Situ Heng, on the other hand, had been reprimanded. He was so angry that his face had turned ashen. However, the person in front of him was someone who the higher-ups had paid a great price to hire, so he could not afford to offend him. He could only swallow his anger and comfort all the women in the other party's family tree in his heart.

Hmph, no matter how powerful you are, there are only a few people in the world who can break the seven-turn spirit-connecting array that I, Gu Yuesheng, have laid down!

A proud look flashed across Gu Yuesheng's face as he stared coldly in front of him.

After the caravan rested for a while, they began to move forward slowly. They could not return to the city before dark, so they were not in a hurry.

"There's a forest ahead, which is the most likely place for the enemy to ambush. Why don't we just rest here and charge over tomorrow morning?" The caravan walked on a wide flat land. Zhu Lei looked into the distance and said, "We'll rest on the spot after three li!"

Yunxiao looked ahead and suddenly said, "I think it's safer to enter the forest. In the wilderness, the enemy is in the light while we are in the dark. Once we enter the forest, we'll have cover and everyone will be in the dark. It'll be fair."

Zhu Lei was stunned for a moment, and a strange expression appeared on his face. He smiled and said, "Hehe, although master Yunxiao's art is amazing, his martial arts are not ordinary either. However, he was probably an outsider to burning, killing, and plundering. This kind of thing can be done in any way possible, the more hidden it is, the easier it is to strike."

Yunxiao's expression was indifferent, and he did not speak again.

With his current strength, no one could do anything to him unless they were great experts among the martial emperors. Even if he were to encounter an existence of this level, he would have enough power to protect himself. Therefore, he didn't mind.

Soon, a continuous forest appeared in front of them.

Zhu Lei made a stop gesture and said, "Set up camp on the spot!"

The caravan moved quickly. A few tents were set up on the spot, and bonfires were set up around them. Gray smoke rose in spirals.

"They really did set up camp in front of the forest. Situ Heng, your prediction was indeed effective."

Gu Yuesheng, who was standing in the distance, had a strange look in his eyes.

Situ Heng chuckled and said proudly, Zhu Lei and Hong Yu, those two small fish, although they have strong limbs, their brains are limited. I can see through their intentions with a casual thought.

Gu Yuesheng did not speak anymore. Instead, he looked into the sky without moving his eyes.

Suddenly, Situ Heng felt that it was boring. There were a few times when he wanted to ask, but he was afraid that he would be reprimanded and lose face. He stood there with a bored expression and crossed his arms over his chest. After a while, he decided to close his eyes and rest.

“They’re here!”

Gu Yuesheng suddenly said. There was a strange look in his eyes.

Situ Heng suddenly opened his eyes and looked in the direction of his gaze. He saw Starlight appearing in the sky. At first, there was only one star. Then, the number of stars gradually increased. Among the stars in the sky, one star suddenly seemed to be falling. After swaying left and right, it finally lost its original position and fell from the sky.

In the caravan that was camping in the wilderness, Ding Ling ‘er suddenly looked up at the sky and said in surprise, “Look, there’s a meteor!”

The caravan was full of martial cultivators. Many of them had already closed their eyes and started cultivating. No one had the time to care about the fun of this little girl. Moreover, in the wilderness, there were meteors every day, so he had long felt nauseated.

“It’s so beautiful!” Only Yunshang, who was also a girl, could see stars in her eyes. She kept pushing Yunxiao, who was next to her, and said, “young master Yun, look! What a beautiful Starry Night!”

Yunxiao smiled wryly. He also wanted to cultivate in peace, but he had no choice but to raise his eyes and take a look.

The moment he saw the shooting star, his calm and indifferent eyes suddenly shrank. He jumped up with a “Teng” sound and stared at the starry sky with a face of shock.

His actions immediately shocked the people around him. Hai Lin said in surprise, “Master Yunxiao, what’s the matter?”

Yunxiao stared at the shooting star that streaked across the sky with a very solemn expression as he said, "that's not a meteor. It's Starlight formed by the convergence of star power. It seems to be falling towards us.

"What?"

Everyone jumped up and looked at the sky in disbelief.

Zhu Lei also stared for a while and said, "that's impossible, right?" Who can actually extract the power of the stars? even a martial sovereign of the ninth heaven can't do it, right?"

Yunxiao frowned and said, "it's as easy as turning one's hand for a Martial Emperor of the nine Heavens to extract the power of the stars, but this is not a simple extraction. Someone must have used a secret technique, and it can't be a simple attack. Otherwise, there's no need to go through so much trouble. There's an expert on the other side. What's his purpose?"

"Then what should we do?" Hai Lin was shocked. Why don't we immediately advance into the forest?"

Yunxiao shook his head and said, "it's too late. The Starlight is falling too fast. Everything within a hundred miles is within its attack range. We'd better think of a way to defend ourselves.

get into formation immediately! Zhu Lei shouted. open up a barrier and protect the young master!

His thoughts were simple and loyal. If they encountered any problems, the first thing they had to do was to protect Hailin.

All the martial artists formed a circle and injected their Zhen Qi into their palms. Soon, a pale yellow barrier was propped up, surrounding everyone. All of them stared at the shooting star with a serious face.

Yunxiao frowned slightly but did not say anything. He did not know the purpose of the other party extracting the star power, so he could only wait and see.

The light of the meteor became stronger and stronger, and it really fell into the wilderness. Everyone's eyes widened, and cold sweat dripped down. The power of the stars was like the might of the heavens, making them feel a sense of fear from the bottom of their hearts.

Gu Yuesheng, who was standing in the distance, was staring at the Starlight. She was also a little nervous. He made a gesture with his hands and waited quietly. When the Starlight was still a few thousand meters away from the ground, he finally moved.

"Borrowing the power of the stars, shifting stars, spirit channeling!"

He shouted and his hands flashed with a spiritual art. His entire body instantly turned pale white as if he had lost all his blood. His body also trembled slightly.

The Starlight suddenly began to spread out a thousand meters above the ground. Like fireworks, it filled the entire sky and lit up the earth as if it were day.

After the light dispersed, it did not disappear. Instead, it gradually spread out like a lake that was upside down in the sky, reflecting the shadow of the Earth.

A brutal aura spread out from the Starlight.

Yunxiao looked at him in a daze and said in disbelief, "this is a Suan ni. Psychic technique?"

Ding Ling'er was shocked. "Psychic secret technique? Isn't this a technique that has been lost for a long time?"

it's not lost," Yunxiao said. it's just that very few people cultivate it. One had to be extremely talented in alchemy to cast such a secret skill, and it would cause great damage to the body. The other party must have used a secret technique to extract the star power because his strength was not enough. By using the star power to connect with the spirit, he could summon an extremely high level demonic beast."

"Roar!"

A huge foot stepped out of the Starlight, followed by a loud roar. The pressure of a demonic beast spread out in the wilderness, shaking everyone's heart.

"Master Yunxiao, what's an extremely high level?" Zhu Lei's expression changed drastically.

As Yunxiao watched the demon beast gradually emerge, he murmured, "I think he's at least a Martial Emperor of the seven constellations realm, right?"

a Martial Emperor realm demonic beast?!

All the martial artists were shocked. Their hair stood on end and their faces turned pale. They were on the verge of despair.

Chapter 343

?

343 Absorbing star power

Ding Ling'er was also shocked and deeply worried. Although Yunxiao had personally suppressed seven martial emperors in Yanwu, he had relied on the terrain and various trump cards.

The demonic beast gradually revealed its true appearance. Its head was grayish-white like a civet cat, its eyes were red, and its entire body was as green as ink. Behind its huge body was a pair of tiny white wings, which made it look rather cute.

"Seventh rank, it's a seventh rank demonic beast!"

In the distance, Situ Heng was shocked as he cried out in shock. The demonic Qi that came from the sky made him feel a chill.

Gu Yuesheng was also trembling all over. His face was so pale that it was almost transparent. "Haha, it's actually a rank seven being. The power of the stars in the wilderness is too strong. This is the first time I've summoned such an existence!"

young master Yun, "yunshang looked at Yunxiao and said, " what should we do? "

Yunxiao smiled and said, " don't panic, everyone. Although this demon beast is a seventh-tier one, it doesn't have any intelligence. It only knows how to kill. It's not scary.

Hailin coughed violently and said with a bitter smile, " "Master Yunxiao, you're really admirable. You're still able to remain fearless and calm under the pressure of a Martial Emperor demonic beast. Although this demonic beast's intelligence isn't high, its strength is obvious. Its eyes are bloodshot and its killing intent is extremely heavy. I'm afraid we won't be able to last more than a few rounds."

Zhu Lei's face was ashen, and he said with the determination to die, " "Don't worry, young master. I'll make sure you return alive no matter what! When the defense is broken, let Hong Yu carry the young master and escape first." A hint of shame flashed across his face as he said, " master Yunxiao, I didn't take good care of you.

Yunxiao smiled. there's no need to be separated by life and death. I have a profound level weapon. Perhaps I can easily avoid this disaster.

"What profound level weapon?" Hai Lin was overjoyed. When he heard that he had to escape alone, his head shook like a rattle-drum. For some reason, he seemed to trust Yunxiao very much.

"Roar!"

The demonic beast's entire body emerged, its bloodthirsty eyes staring at the people on the ground, emitting a blood-red light. Finally, it roared and rushed down.

The might of a Martial Emperor was already earth-shattering, and coupled with the violent Qi on the demonic beast, who knew how many creatures it had killed? under its charge, all the creatures in the surroundings trembled. Everyone in the caravan turned white, and they didn't even have the will to resist.

With a flash of light in Yunxiao's hand, the heavenly spirit ring emerged, and a white light flashed one after another.

He pointed his finger and the spirit ring immediately flew out, directly rushing out of the protective boundary. It suddenly expanded in the air and expanded infinitely, parallel to the Starlight in the sky. It was like two water surfaces, facing each other.

The demonic beast's Scarlet eyes showed a trace of contempt. A huge energy burst out from its palms, and it roared as it rushed down, as if it wanted to smash the water below.

"What kind of profound level weapon is that?" situ Heng asked in surprise. The tool rhythm it's emitting is at least a seventh-tier existence!"

Gu Yuesheng also frowned. He then laughed and said, "Hmph, so what if it's a seventh tier profound armament? Can it stop this demonic beast at the Martial Emperor realm?"

As soon as he finished speaking, he saw the demonic beast in the distance rush into the heavenly spirit ring and disappear completely. Along with it, the monstrous demonic Qi and pressure also disappeared. After a few breaths, they still did not appear.

Then, the heavenly spirit ring turned into the size of a fist and flew into the caravan.

The entire sky was extremely clear, and the starry sky was brilliant. It was completely silent, as if nothing had happened.

Gu Yuesheng,"Yingluo."

"Zhenzhen, Mr. Gu, where are the demonic beasts?" situ Heng asked.

Gu Yuesheng replied,"no, I don't know. He should be out soon, Yingluo."

Situ Heng,"haha."

Everyone in the caravan was dumbfounded. They couldn't turn their heads around as they looked at the silent Sky.

Hai Lin was the first to recover and said, "Y-young master Yun, where's the demonic beast?"

this profound level weapon of mine is called the heavenly spirit ring," Yunxiao said with a smile. it can directly open the void. That brainless demonic beast just rushed in and is now hiding in the void. Unless it has the power to break the void, it will stay in there for the rest of its life."

Zhu Lei also regained his senses and was dumbfounded. He said, " a seventh-rank Martial Emperor realm demonic beast is gone just like that? "

if you're not satisfied," Yunxiao rolled his eyes at him, " I can open the void again and let you in to fight with it.

Zhu Lei's face immediately paled as he waved his hands.

Yunxiao glanced at the star power in the sky, which was slowly disappearing. With a wave of his hand, a series of runes flew out of his hand. He kept changing his hand gestures, and a powerful array was formed in the sky. The star power in the sky seemed to be affected and pulled down.

"It's not easy to attract the power of the stars down here. The other party must be an Alchemist who specializes in secret Arts. No ordinary Alchemist will study the art of extracting star power or the art of psychic power."

He made a hand seal, and the power of the stars was quickly absorbed by the formation, rushing into the caravan and spreading out.

"These secret alchemists don't study the Dao of magic all day long, but only specialize in harmful things. Yunxiao said casually, " "Everyone, sit down and meditate. Absorb as much of the power of the stars as possible. It's good for everyone."

The group of martial artists had long since sensed the power within the Starlight. Upon hearing this, they immediately sat down and began to circulate their true Qi, absorbing the Starlight with all their might.

Ding Ling 'er also sat down with joy. She was a six-stars martial Grandmaster, the most powerful one in the caravan.

When Yunxiao saw the indifferent look on Yunshang's face, his heart stirred. "Teacher Yunshang, what's wrong?"

Yunshang's heart sank when she heard him address her like that. "I'm too weak to be by young master Yun's side, and I often have to drag you down in order to take care of me. I'll go back to your profound level weapon and cultivate."

Yunxiao felt pity for her when he saw her miserable look. He comforted her with a smile, "Your progress is already very fast, and the nine yang true Qi is the best in the world. It's rare to find an opponent in the same rank."

Luo Yunshang's heart warmed as she nodded and said, "I'll work hard on my cultivation and never become a burden to young master Yun. Only then did she calm down and begin to absorb the star power.

Yunxiao also sat down cross-legged and exercised the one Qi of fate cultivation technique. The vast power of the stars surged into his body, and every inch of his skin seemed to be absorbing power in the blink of an eye. In a few breaths, a faint Nebula formed around his body, as if he was in a sea of stars.

He looked at Hailin in disbelief.

In the distance, Situ Heng finally could not help but ask, "Mr. Gu, they ... They seem to be cultivating with the power of the stars!"

"Mr. Gu? Mr. Gu?"

There was no response, so he pulled it with his hand.

“Pfft!”

Gu Yuesheng, who was standing in front, spurted out a mouthful of blood. It lasted for a long time before he took a few steps back with his pale skin. His face was gloomy and his eyes were filled with anger. He gritted his teeth and said, “Bastard! The Starlight that I’ve spent so much effort to draw in has actually become someone else’s wedding dress!”

“Mr. Gu, where did that demonic beast go?” Situ Heng asked.

Gu Yuesheng’s face was full of unwillingness and anger. He roared, “That profound level weapon must have a space Array. My demonic beast was either teleported away or pulled into the void! There’s definitely an expert in this caravan, they actually broke through two of my levels!”

Situ Heng looked at his maniacal appearance and felt a sense of joy in his heart. However, he was filled with disdain in his heart. He said, “It’s all because you’re trash, and you’re actually blaming the other party for being strong. You boasted before coming out, but now I’ll see how you end it.”

However, his face still revealed a serious expression, and he said, “Mr. Gu, what should we do now?”

“What to do, your sister!”

Gu Yuesheng rushed forward and grabbed him. “You’re a nine-stars martial Grandmaster, after all. Why do you ask me what to do all day long? I’ll f*ck your sister and f*ck your whole family!”

He pushed Situ Heng away while beating and kicking him. His eyes were filled with ferocity as he stared at the caravan in the distance and shouted, “I don’t care who you are. You’ve met my sixth-rank Alchemist, Gu Yuesheng. You’re dead!”

Yunxiao seemed to sense something. He opened his eyes slightly with a smile on his lips, then closed his eyes and continued cultivating.

An hour later, the power of the stars was absorbed by the crowd, and at least half of it went into Yunxiao's body.

I've broken through! I've actually broken through!

One of the cultivators was overjoyed, and his body glowed with the light of advancement as he shouted in joy.

my Zhen Qi is also much more vigorous. This power of the stars is indeed a good thing. It is at least equivalent to three months of my bitter cultivation!

A martial artist sighed with emotion as he looked up at the starry sky, revealing a look of desire.

it's all thanks to master Yunxiao. Not only did he save everyone's lives, but he also helped everyone to break through their cultivation!

One of the martial artists was extremely grateful.

His words resonated with the crowd, and they all looked at Yunxiao, only to see that he was also glowing with the light of advancement.

master Yunxiao has also broken through? " master Yunxiao is really a peerless genius, " Hai Lin said with envy. he's famous for both martial arts and magic.

Zhu Lei's eyelids also twitched as he thought to himself, " A fifteen-year-old three-stars martial King and a fifth-tier great Alchemist ... He was really talented. If he could take them in as a rookie mercenary group, he suddenly fell into deep thought.

Yunxiao looked at the people who had come to congratulate him and smiled without saying a word.

If it was in the past, this kind of small breakthrough would not matter at all and would not affect his mind. But now, his greatest desire was to quickly recover the power of his previous life. Even a small improvement would make him overjoyed.

commander Zuo, " Yunxiao said to Zhu Lei, " let's keep going. We'll enter the gentle song forest early. The dark night is not an obstacle to our journey."

Zhu Lei frowned and said, " there's a forest in front of us. If it's dark and there's a forest, there must be a trap in there. This place has already been ambushed by them once, so it should be the safest place."

Chapter 344-sinking into the mud

commander Zuo is right, " Hai Lin said. let's rest. We'll start tomorrow morning. His heart ached for his subordinates, and he was afraid that they would encounter danger.

Yunxiao nodded slightly, then sat down cross-legged and began to cultivate.

In the distance, Gu Yuesheng seemed to have calmed down. Summoning the eighth-rank monster beast had consumed too much of his soul power. In addition, his qi and blood had attacked his heart. At this moment, his entire person was extremely weak.

He took out a pill and swallowed it. Soon, his face was red, and he seemed to be in high spirits.

"Your judgment of them is really accurate. They really didn't enter the forest!"

Gu Yuesheng seemed to be praising situ Heng. Then, a ferocious expression appeared on his face as he said,"It's a good thing I've set up a second trap here. At first, he thought that those spirit devouring rats were enough. He didn't expect them to pass two rounds in a row! I don't believe that they'll have such good luck in the third stage!"

Standing behind him, situ Heng did not comment. Instead, he revealed a look of slight disdain. Initially, he had been full of admiration for Chu li. Now, he was gradually looking down on him. However, he only dared to do so behind his back. He still had to be respectful in front of him.

“In the sky above that open space, other than setting up the Starlight guiding formation with an invisibility talisman, I’ve also set up a Starlight guiding formation. There were also 36 space stones and a sleeping magma beast buried in the ground. As long as we can wake up the magma beast, this place will soon become a swamp of lava under the effect of the spatial stone!”

He took out a formation plate and placed it flat on the ground. The formation plate was dotted with a few white dots, and in the middle was a lump of earth.

“Now is the largest area of control. Trash of the rookie mercenary group, all of you should enjoy the firedmud bath! Hahahaha!”

Gu Yuesheng seemed to have seen the struggling expression on the other party’s face. He laughed and quickly used his hands to cast a spell. A series of runes flew from his palms into the entire plate and a ray of light began to rotate.

In the resting caravan, Yunxiao suddenly opened his eyes.

He was the first to sense the fluctuations of the formation. His pupils contracted as he stared at the ground. He instantly jumped up and shouted, “Be careful, everyone! There’s a problem underground!”

Everyone was woken up from their meditative state by him one after another. They were all extremely stunned, as if they had not discovered anything.

Zhu Lei also frowned and said, ‘master Yunxiao, you’re wrong, aren’t you? This is fine, then Yingluo ’

Suddenly, he stopped talking. The ground became extremely loose, and in the blink of an eye, his feet sank in.

Not only him, but the entire caravan, including the Dragon horse and the carriage, also began to sink, as if they had become a swamp!

“There’s indeed a problem!”

Zhu Lei was shocked. He gathered his Zhen Qi and was about to fly up, but he suddenly found that the Zhen Qi that he had just circulated had directly flowed into the earth, as if it had been sucked away.

how did this happen?!

He turned pale with fright and circulated his true Qi again, only to find that it was the same. It was as if there was something in the soil that would absorb the true Qi as soon as it came into contact with it.

Not only him, but everyone else also realized this and became anxious. Many of them had already sunk to their waists. The Dragon horses continued to struggle and neigh, sinking even faster.

“Young master Yun, what should we do?”

Ding Ling 'er was also frightened. She had also fallen into his lap. So far, Yunxiao was the only one who had escaped this misfortune and was standing in the air.

Yunxiao, on the other hand, looked indifferent as he said, ” “Let’s see.”

Zhu Lei was a little dizzy. what are you still looking at? you’re the only one who hasn’t sunk yet. You just have to pull us out one by one!

In such a critical situation, he did not notice that Yunxiao could actually stand in the air with his martial King cultivation base.

when you circulate your true Qi, will it violently flow out from under your feet, as if it is absorbed by the soil? ” Yunxiao asked.

“Yes, yes, yes!” Hai Lin was overjoyed. as expected of master Yunxiao. You can tell at a glance. How do we crack it? ”

“It’s indeed the clear space Stone.”

the clear space Stone is a mutated earth element," Yunxiao said with a frown. it has an endless absorption power from the earth. It's very difficult to get out of it, and if I were to pull you guys out, as soon as I come into contact with it, your Yuan Qi would be immediately sucked dry. I can't think of any good ways at the moment."

Ding Ling 'er was anxious and said,"even you can't do anything about this Yingluo."

Suddenly, Yunshang frowned. why is there such a thick fire element in this swamp? it looks like it's going to burn.

When she said this, everyone also noticed it one after another. They were all panicking, and a few people even sank to their necks.

Not long after, bubbles began to appear on the swamp, emitting a large amount of heat and boiling. The color of the soil began to turn fiery red, and all the martial artists were sweating as if they were being roasted.

young master Yun, it's so hot! I can't take it anymore!

Ding Ling 'er was the first one to cry out. She couldn't use genuine Qi to resist here. Her Constitution was the most injured. Luo Yunshang had a nine yang body, so it was very difficult for the power of fire to hurt her. On the contrary, she did not feel much.

there's no other way," Yunxiao sighed. we can only do this.

He lowered his body and rushed down. Under everyone's astonished gazes, he jumped into the swamp and sank with them.

Ding Ling 'er exclaimed,"young master Yun, what are you doing?"

Gu Yuesheng, who was standing in the distance, was suddenly overjoyed. He laughed and said,"Haha, they've finally fallen into the trap. The person who had escaped with great difficulty must have gone to

save his companions. He would be finished too! With the help of the Earth's power, the clear space Stone can absorb Yuan Qi endlessly. Even if he were to save people, he would be sucked down, haha!"

Situ Heng's expression was not as relaxed as before. He frowned and said, Mr. Gu, I think that person jumped down on his own. It doesn't look like he was trying to save someone.

"Jump down on your own?"

Gu Yuesheng's eyes bulged and he said sarcastically, "Master situ is indeed very smart. Why don't you try jumping down? It's very fun."

Situ Heng snorted coldly. His face darkened and he did not say anything else.

"Alright, we can go over and collect our spoils!"

Gu Yuesheng put away the array disc and was about to go over.

"Let's just wait! It won't be too late to go after they've been completely roasted by the lava beast." Situ Heng seemed to have some concerns.

Gu Yuesheng snorted disdainfully, "Hmph, are all the members of the skeleton mercenary Corps as afraid of death as you?" No one can escape from the effect of the clear space Stone!"

He ran forward on his own.

After thinking for a moment, situ Heng also felt that it shouldn't be a big problem. He followed closely. Behind him, five other figures also rose into the air and followed behind him. It was as if they were five shadows.

"Haha, as expected, they all sank!"

Gu Yuesheng and the other seven people quickly floated above the swamp. They looked coldly at the bubbling red lava below. The hot air was rising, and they could not see anyone at all.

“It’s a pity that I didn’t get to Meet the Expert in the caravan. However, no matter how powerful he is, he will die when he meets me, Gu Yuesheng! Alright, the mission is over. Let’s go back and report.”

Situ Heng said, “ this Tao Wu. Mr. Gu, it’s said that we must bring Hailin back. Even if he’s dead, we need his body!

“Hmph, a corpse?” we’re under the lava,” Gu Yuesheng said unhappily. and there’s the clear space Stone, so we can’t circulate our vital Qi. Do you think there’ll be a corpse? ”

Situ Heng frowned. He seemed to be in a difficult position as he said, “Before I came out, Lord Yu told me to bring the corpse back no matter what. What should I do? Can you take out those clearing stones? I’ll go down and look for them.”

Gu Yuesheng was impatient and said, “the melting point of the clear space Stone is not high. It is estimated that it will melt away in half a day.” However, by that time, these people would not even have a corpse left. Wasn’t he just a useless young master? Why would they need corpses? We just need to confirm that he’s dead!”

“Yeah, why do you want Hailin’s body? Could it be because of the bloodline power in his body?”

Suddenly, a discordant voice came from the lava.

Everyone was shocked. Their eyes were wide open as they looked down in disbelief.

A small vortex began to appear in the steaming lava, and then it slowly expanded as a figure slowly rose up from it. It was indeed Yunxiao. With a sunny smile on his face, he narrowed his eyes and said, “ That lady Yu You were talking about, is she trying to refine her bloodline power?”

“?! Who are you?”

The seven of them retreated in shock. Situ Heng's expression changed drastically. A wave of cold killing intent surged out of his body and locked onto his opponent!

The mission this time was extremely secretive. The higher-ups' request was to obtain Hailin's body. If they could not complete the mission, they had to at least not expose their whereabouts. Now, not only did he not get his body, but his whereabouts were also exposed. Even the mysterious Mr. Yu of the skeleton mercenaries was found out. Then ...

He could only kill them all!

Otherwise, if he returned, he would definitely not be able to escape the heavy responsibility!

Mr. Gu's face darkened and he said coldly, "You're the one who broke through my two levels? How old are you? Which tier is he?"

Judging from the soul power fluctuations coming from the man, he was definitely an Alchemist. However, what shocked him the most was that he couldn't see the other's level. He could only see the other's age, and this person was only 15 years old.

"Two stages?"

Yunxiao pointed down with a smile and said, "Does this count as a test?"

Mr. Gu was furious, as if his self-esteem had been hurt. He said angrily, "Brat, which sect are you from? who is your master?"

you don't need to know who my master is," Yunxiao said coldly. but, I'm very interested in you. He's quite talented, a fifth-grade sorcerer. He was only focused on researching some boring secret techniques. Otherwise, his achievements would definitely be much more than this. Looking at your age, you're not even thirty years old, right? Tsk, tsk, not bad."

If these words were said by someone else, it would be very comfortable to hear. However, it was a huge irony for Gu Yuesheng to hear it from a fifteen-year-old fifth-tier Alchemist.

“Brat, you’re looking for death!”

don’t think that I’m the best in the world just because you’re a little talented! he roared in anger. I’ll teach you how to respect your seniors in the art of divination!

“Five curses, mirror flower!”

A burst of evil energy suddenly gushed out of his body, causing the space to fluctuate and distort as it swept forward.

Chapter 345

?

345 Mental attack

a spiritual attack? ” Yunxiao laughed. a spiritual attack? ”

“This spiritual attack technique is indeed not bad, but why does it exude an evil aura?” he said with a smile. Why did you choose the evil path instead of the righteous one?” He stretched out his hand, spread his fingers, and pushed forward slightly.

The distorted space stagnated and was pushed back by a great resistance. It instantly returned to its original state.

“?!”

Gu Yuesheng cried out in horror, “what a strong soul power fluctuation!” What rank are you?” He turned around and shook his head desperately, “impossible!” You’re only fifteen years old, how can you be so heaven-defying? I don’t believe it!”

“Divine power, appear!”

He shouted again, and green light burst out from his body. It began to spin around him, turning into a pattern that spread out layer by layer. Gu Yuesheng's face looked extremely strange under the green light.

“Bloodline power?”

Yunxiao looked at the changes in his body in shock, then shook his head and said, “No, although it's a little strange, it's definitely not the power of the bloodline.”

At this time, Gu Yuesheng's left eye suddenly began to swell and slowly protruded. It became extremely terrifying and actually took up a small part of his face. Green veins were connected around his eyeball and covered his entire head.

The expressions of Situ Heng and the others behind him changed slightly. They seemed to have felt extremely uncomfortable. They retreated several dozen meters before they stopped and looked into the distance.

what?” Yunxiao was stunned. your ... Your eyeball Kasaya is the primordial heavenly eye?”

Gu Yuesheng's body was covered in cold sweat. He seemed to be extremely uncomfortable under this kind of change, but he still couldn't help but laugh out loud. “Haha, that's right! This is the divine eye of the immemorial heavenly eye clan, and I obtained it! Let's see how you're going to fight me!”

His huge eyeball emitted a strange light. Suddenly, his pupils contracted and gradually turned into a black demon Moon!

“?! This move is Chi Chi.”

Yunxiao's heart trembled as an extremely strong spiritual power surrounded him from all directions. He felt as if he had been plunged deep into the tide, and his spiritual sea began to be under a great pressure, as if it would be broken at any time.

“Hahaha!”

Gu Yuesheng laughed out loud. Although he still looked like he was in pain, he was obviously very happy. “It seems that your identity is indeed not ordinary. You even recognize this move of mine! That’s right, this move was Gu Feiyang’s Kasaya back then.”

“Eye sorcery-moon deficiency!”

Looking at Yunxiao’s horrified face, Gu Yuesheng said proudly, “Each of the ten martial sovereigns has their own strengths. And Gu Feiyang is the number one in spiritual attacks in the heavenly martial arts realm. I have the primordial divine eye and Gu Feiyang’s eye technique. Let’s see how you can fight me!”

Yunxiao hurriedly exercised the great expansion divine technique, and only then did his spiritual sea gradually stabilize. A thin layer of golden light began to appear around him, isolating him from the spiritual power.

This was the first time he had been attacked by his own eye technique. Only now did he know how terrifying his eye technique was. If he didn’t have the great expansion divine technique, he would have fallen into the other party’s trap in that moment of distraction. This would definitely be fatal in a battle between martial artists!

Even when he used the great expansion divine technique, he felt that it was very difficult to resist the mental attack. The mental shock from the immemorial heaven’s eye was unusually strong and almost disintegrated his Divine Art’s power.

The immemorial heavenly eye clan was indeed terrifying!

Situ Heng, who was standing behind Gu Yuesheng, also had a serious expression on his face. Although he could not see the changes on Gu Yuesheng’s face, he could feel the ancient aura that was emanating from him. It was shocking.

Yunxiao knew that he could not delay any longer. He had been careless, and the opponent’s spiritual attack had gained the upper hand, so he was now in a very passive position. He had to quickly suppress

him. Otherwise, if time dragged on and his sea of consciousness was broken by the other party, he would really be doomed!

His hand flashed and an ancient Bell appeared in his palm.

“The dynasty Bell, one dynasty is a century!”

“Dang!”

The sound of a bell rang out from the ancient void, and waves of ancient fluctuations came from the sky, disrupting the mental fluctuations emitted by the immemorial heaven’s eye. Countless tiny spiritual pressures appeared in the space, and the two forces were devouring each other.

Gu Yuesheng’s expression changed. He stared at the ancient Bell in horror and said in shock, ” “You’re a coward! You actually blocked my pupil technique, moon deficiency? What kind of profound level weapon is this?”

“Dang!”

With another ring, a second ancient will spread out, crashing in all directions like a wave. It pushed through dry weeds and rotten weeds as it destroyed all the power.

“Pfft!”

Gu Yuesheng’s left eye was in great pain, and his entire sea of consciousness was numb! Not only that, but his mind was also shaken by the sound of the bell, and he spat out a mouthful of blood.

The immemorial heaven’s eye’s spiritual power was destroyed by the bell. It was severely injured and closed immediately, unable to open for a while.

Yunxiao was not in good condition either. Every time the dynasty Bell was struck, it almost drained all his primordial Qi, and the second strike was his limit. He took out a large number of medicinal pills and

directly stuffed them into his mouth and swallowed them. Only then did his expression become slightly better.

“Ah!”

Gu Yuesheng covered his left eye with one hand. He was in so much pain that he kept wailing in the air. He kept cursing, “Animal, animal, how is that possible? How could this be?”

“Take Mr. Gu away!”

Situ Heng flew over in a hurry and instructed one of his men to pull Gu Yuesheng back. He and the other four quickly surrounded Yunxiao, and their killing intent surged out.

“Who are you? There’s no one like you in the noob mercenary group!”

Situ Heng’s face was dark. He seemed to know the rookie mercenary group like the back of his hand.

Yunxiao’s eyes turned cold as he said, “I don’t have time to chat with you.”

The space behind him suddenly twisted, and Duan Yue’s figure emerged. He looked around with a complicated look and said with a sigh, “The demon Plains? I’ve finally returned.”

hurry up and take care of them! Yunxiao said. don’t let that Gu Yuesheng get away! Take him to the divine realm tablet. I have many questions to ask him.”

“Ten breaths!” Duan Yue chuckled.

The aura on his body rose, and he immediately rushed from a seven-stars martial Grandmaster to a four-stars Martial Emperor. His pressure pressed down on everyone’s heart like a mountain.

“Woof! A Martial Emperor!”

Situ Heng's expression changed drastically as he fell into despair. His eyes suddenly lit up as he exclaimed, you ... You are Duan Yue? "

Duan Yue frowned and said, " eh? You know me?"

"Weren't you killed by young Emperor hao lian?" situ Heng suddenly asked. He's not dead yet?" He seemed to have thought of something and hurriedly said, " these people are from a rookie mercenary group. They should be your enemies. You should kill them!

Duan Yue smiled indifferently and said in a seemingly gentlemanly manner, " "I've always been a magnanimous person who doesn't remember the faults of small people, and I like to repay evil with good. Let the past be the past."

Situ Heng,"haha."

Yunxiao,'hehe'.

stop wasting time! Duan Yue shouted. die! He was like a giant as he walked towards situ Heng. Under his pressure, the few of them could not even resist.

Under the lava, there was an independent space that separated all the lava.

Zhu Lei and the others took action one after another, and the layers of defense connected together. The space became larger and larger, and almost all the people of the rookie mercenary group were found. Although many of them were in a sorry state, none of them were in danger.

what? " Hong Yu was a little confused. in the beginning, the lava was still absorbing everyone's true Qi. Why isn't it affected at all now? "

Zhu Lei said,"who cares. No matter what, his life was saved!" Is everyone here? Are we still short of people?"

what? ” Hai Lin was shocked. big brother Yunxiao didn’t see it!

Everyone was shocked. Zhu Lei said, ” those who are martial Kings and above, use your vital Qi to separate the lava and look for master Yunxiao. The rest of you, stay here and don’t move. We’ll go up together later!”

“Yes!”

Many people responded and were about to step into the magma again.

Ding Ling ‘er suddenly said, ”I don’t think it’s necessary.” Young master Yun was a martial King, so as long as the lava didn’t absorb his vital Qi, he would be fine. Let’s go up first?”

Hai Lin was stunned. He looked at Ding Ling ‘er and Luo yunshang’s indifferent expressions and felt that something was wrong.

“Gulu Gulu!”

A figure squeezed into the protective wall, which was opened by the primordial Qi. It was Yunxiao.

“Big brother Yunxiao!” Hai Lin was overjoyed. You’re alright, that’s great!”

Yunxiao’s face was a little pale as he smiled and said, ” “It’s alright. I was quite scared at the beginning. Later on, I found out that I could use vital Qi to open it, but I couldn’t see what was in front of me. This place seemed to have blocked divine sense, but fortunately, I found everyone in time.”

Ding Ling ‘er and Luo yunshang both gave him a contemptuous look.

The so-called divine sense shield was set up by Yunxiao himself, so that the battle outside would not be noticed by the others.

Zhu Lei said, "it's good that everyone's here." Now, everyone, let's go up together!"

The defensive barrier was so large that it covered a huge space of thirty to forty meters. Even the carriage that Hailin was in and several Dragon horses were inside.

Everyone started to work together and slowly floated up.

"Everyone, keep your spirits up! There might be some danger waiting for us outside, so we must be careful!"

Hong Yu's expression was grave, as if he could sense that the enemy he would face after leaving this place would be extremely difficult.

Ding Ling 'er and Yunshang stole glances at Yunxiao, who nodded with a smile, indicating that everything was settled.

Soon, the huge defensive shield rushed out of the swamp lava, rose into the air, and landed in the distance.

As soon as everyone's feet touched the ground, they instantly felt warm and heavy. It turned out that stepping on the ground was so steady and safe.

everyone, be on guard. Don't be careless!

Zhu Lei's divine sense swept across the area and did not find any traces of the enemy, but he still warned everyone.

"Master Yunxiao, what should we do now?" Hai Lin asked.

Instead of asking Zhu Lei, he turned to Yunxiao. Obviously, Zhu Lei had made two wrong judgments, which had raised Yunxiao's image in the hearts of the crowd.

Zhu Lei was a little embarrassed, but he still had a questioning look on his face.

I've tried several times but failed," Yunxiao said with a smile. I can't see her now. I think they must have already evacuated."

Chapter 346-gentle song forest

"Evacuate? How is that possible?"

Zhu Lei shook his head like a rattle-drum and said, "Absolutely not! There's definitely an even fiercer attack waiting for us down there. Everyone, take a rest here. We'll take advantage of the night to rush back to the gentle song forest!"

He now felt that the longer he stayed, the more dangerous it would be. He immediately sat down cross-legged to regulate his breathing. In the entire caravan, apart from Ding Ling'er, who he could not see through, his cultivation was the highest, and he had the heaviest responsibility. He had to recover as soon as possible.

Sigh, the pressure was huge!

It was already late at night, but none of them were sleepy. One by one, they set off into the pitch-black Forest.

Not long after they left, a rock suddenly emerged from the lava swamp. It slowly revealed its body and crawled out of it. Its small black eyes flickered. It really was a stone beast.

However, his body seemed to be very different from before. It had turned into a pure earthen yellow color, and his body was emitting the aura of the living earth.

After his entire body crawled out, he saw that he was carrying a mud-like demonic beast. It was completely red and was constantly bubbling. It was the lava beast that had been lying in ambush inside. It was unknown when it had been smashed into mud by the small stones.

The neatstone in the swamp lava was completely useless under the level suppression of the living earth.

The breathing earth was the mother of the earth. It existed when the world was created and evolved all things. It was the source of the earth element. All earth-type powers were completely useless under its suppression.

The little stone threw away the lava beast, which was now a pile of mud, and turned into a giant round ball, quickly chasing after Yunxiao.

After traveling through the night, the caravan finally left the forest. After traveling for a few dozen miles, they could see the gate of the gentle song woodland in the distance.

Other than a few low-level demonic beasts that were easily killed, they did not encounter any other danger.

big brother Yunxiao is indeed formidable! They really retreated in the face of difficulties!

Hailin's face was full of admiration, but there was more joy on his face.

"We're finally back in the light song forest!"

Hai Lin, who was standing on the front of the carriage, was the first one to cry out like a child. He said excitedly to Yunxiao, "after we enter the city, big brother Yunxiao must come to my house as a guest!

Zhu Lei also revealed a smile and said, "That's right. If it wasn't for master Yunxiao, we would have been dead by now. After we enter the city, the vice-captain will definitely personally thank Grandmaster."

thank you," Yunxiao said. I'll have to trouble you then.

When the guards at the city gate saw the caravan, they immediately recognized Zhu Lei and hurriedly opened the city gate to let them in.

The group quickly entered the city.

It was bustling and lively inside. Everyone had a smile on their faces, which seemed to be different from the legendary City of Sin.

big brother Yunxiao, big sister Ling 'er, big sister yunshang, " Hai Lin said with a smile, " don't think that these people look harmless and kind. In fact, each of them is a great devil. "Look at that old woman selling eggs over there. Don't think that she's a good-hearted person. She's probably the most poisonous person on the entire Street. If there aren't ten thousand, there are at least eight thousand martial artists who have died in her hands."

Ding Ling 'er's heart skipped a beat, but she still looked calm. As the person in charge of a Chamber of Commerce, she had come into contact with all kinds of people, so she was not surprised.

Luo yunshang, on the other hand, was much more naive. She did not believe him. At a glance, the old woman's hair was white and her body seemed weak and small, as if a gust of wind could blow her. She was covering her basket with her trembling and old hand that was like a branch, as if the eggs in it were all her treasures.

The old woman seemed to have noticed that someone was talking about her. She turned her wrinkled face and smiled at yunshang. A chill spread through yunshang's body. The smile was so strange that it made her tremble. She hurriedly circulated her nine yang genuine Qi to dispel the fear and turned her head away, not daring to look at it again.

The old woman's eyes revealed slight surprise, as if she was a little surprised,

At this moment, he saw a little boy in a dudou squatting by the side of the road and playing. He kept kicking stones.

Oh? " yunshang smiled and said, " this little boy can't be a bad person, can he? "

The little boy, who was about seven or eight years old, turned around and looked at Yunshang with a lustful look on his face that did not match his age. He laughed lecherously and said in a very rough tone, "Hehe, where did this little girl come from? she's so tender. Let this old man have a taste."

Luo Yunshang's face instantly turned black.

"Hahaha!"

Zhu Lei held his stomach and laughed out loud. The entire caravan was also laughing so hard that they could not stand straight.

Hai Lin pointed at the child and laughed, "he was given the Golden Boy Jade seal when he was young, so he will never grow up. He will forever stay at the age of seven or eight, but his actual age is already more than ninety years old, haha."

"Golden Boy Jade seal?"

Ding Ling'er's eyes suddenly lit up. "Do these seals have any side effects?"

"I know what you're thinking," Hai Lin said with a smile. "With such a seal, sister Ling'er can remain at the age of 28 forever. However, the side effects of this seal were extremely great. Not only would it make the person who was sealed unable to conceive, but it would also greatly limit their martial arts talent. Everyone had forgotten this child's original name. They only knew him as Zhang Bulao. He was originally extremely talented and reached the realm of a great Martial Master of three talents at the age of eight. It's been more than ninety years since my enemy cast the seal on me, and I'm only at the peak of the Martial King realm now."

"?! An eight-year-old great Martial Master?"

Ding Ling'er was taken aback, and so was Yunxiao. He shook his head in pity as he looked at the young boy's face, which was still young and had a perverted smile on it. With such amazing talent, if it was not for the fact that he had been sealed by someone, it would be easy for him to advance to the Nine Heavens Martial Emperor realm in the future.

There were hundreds of millions of martial artists in the realm of heavenly martial arts. Those who could enter the Martial Emperor realm were not only those with sharp features, but also those with great talent and opportunities. To a force or a large family, the birth of a Martial Emperor powerhouse was enough to last for a thousand years. In the entire southern region, there had not been a single martial sovereign for thousands of years.

“Hehe, don’t look down on this old man’s small body, but the places that should be big aren’t small at all!” “Two little girls, do you want to experience the giant thing with a child’s face?” Zhang bulao said with a lecherous smile.

“Gulu Gulu!”

Luo yunshang and Ding Ling ‘er’s stomachs rolled, and they almost vomited. Both of their faces were pale, and their eyes were burning with anger.

Zhu Lei picked up his horse whip and lashed out, shouting, “Zhang bulao, get lost! One more word and I’ll kill you!”

“Pa!”

The horsewhip flicked out a bolt of lightning in the air, and with a “crack,” it jolted over.

Zhang Bu Lao was shocked and quickly retreated. However, the lightning on the whip still hit his arm. He screamed in pain and jumped into the crowd, disappearing.

Zhu Lei turned his head and said, “there’s no need to worry and be afraid, ladies. This city is lacking in women, so everyone here is like a Wolf that has never eaten meat.” However, you are under the protection of the newbie mercenary group. No one in the city would dare to touch you!”

“Aiyo, Aiyo, who’s this Savage? How dare you hit someone on the street?”

Suddenly, the crowd in front of them parted, and a group of cultivators quickly walked over. The voice came from the leader. He was wearing a fox fur coat, his head was sharp, and the back of his head was

covered with long mane hair. He held a toothpick in his mouth and glanced at Zhu Lei with a disdainful expression.

When he saw Ding Ling'er and Luo Yunshang, his eyes lit up, and he seemed to be in high spirits.

"So it's Zhu Lei from the rookie mercenary group, How dare you! How dare you beat up my storm mercenary group's people in the street!"

The man's face turned fierce as he shouted angrily, "You're clearly trying to start a fight between the two big groups. If you don't give me an explanation today, you'll all stay here and let Shaohuang Haolian come and get you!"

The martial artists behind him spread out to the sides and surrounded the entire caravan.

The people on the street were all stunned, but what surprised them was that they didn't run away, but continued to do their own things.

The vegetable seller continued to shout, the haggler continued to argue, the flirtatious continued to chat and laugh, and even the storyteller in the restaurant next door continued to gossip. A young master was walking his bird as if no one was around. He was holding a bird cage in his hand and whistling non-stop as he walked between the two groups of people.

In the corner, there was a disheveled martial artist who was perverting a girl who had sold herself to bury her father. The sounds of struggling, begging, and evil, perverted laughter kept coming, but no one actually looked at it.

Yunxiao's interest was suddenly piqued. He smiled and said, "This light song forest is really interesting. It's really different."

The man gave Yunxiao a look, and his eyes were spitting fire as he shouted, "Who the f*ck are you? Why did you interrupt when I was talking to your Captain Zhu Lei?"

Before Yunxiao could speak, Hailin flew into a rage and said, "left commander, he dared to insult big brother Yunxiao. Kill him!"

All the people in the caravan were filled with righteous indignation. If it were not for Yunxiao, they would have died in the demon land a long time ago. At this moment, they admired him like a god. At this moment, each and every one of them was filled with anger. All kinds of profound level weapons were lit up one by one. The killing intent immediately formed a whirlwind, blowing across the street.

"Swish!"

The man with the mane gasped, his eyes filled with shock.

The newbie Chamber of Commerce had been extremely low-key during this period of time, and it seemed like they had changed. &Nbsp; he thought that the other party was easy to bully and that he would be able to take advantage of the situation. He didn't expect that the other party wasn't afraid of causing trouble and was even willing to fight to the death.

What was going on?

His mind was a little muddled, and he was stunned for a moment, but he still shouted, "What are you doing? What are you all doing? Do you want to fight? The East City is the territory of our rainstorm mercenary group. Do you believe that I can use a cloud piercing arrow to send thousands of troops to meet you?"

Zhu Lei glared at him coldly as killing intent surged from his body. He said coldly, "Dafei, you're looking for death. You can't blame us! Young master Hailin has ordered you to be killed. You can only blame yourself for being disrespectful to master Yunxiao!"

Chapter 347-anger

He suddenly shouted loudly and directly rushed over from the Dragon horse. Before his body had even arrived, the blade light had already slashed down.

His killing was decisive, without a trace of hesitation. His eyes were filled with killing intent, and he showed no mercy!

The hairy man was shocked. A ball of light burst out under his feet and his whole body retreated quickly. At the same time, he took out a long sword and blocked Zhu Lei's blade light. His eyes were full of horror as he said, "Zhu Lei, aren't you afraid of causing a huge battle between the two groups? When the time comes, young Emperor hao lian will definitely hold you accountable for your crimes!"

Zhu Lei's eyes flashed with a look of contempt as he snorted, "You're just a minion. If you die, then so be it. I don't believe that Chen chuanjiu would kill the rookie mercenary group for you. You'll die in vain today!"

Killing people without a word was not the style of a rookie mercenary group.

The long-haired man was extremely frustrated. If he had known that the other party would be so decisive in killing, he would not have taken the initiative to provoke them. He glanced at Yunxiao, who was sitting in the carriage. He did not know who this man was and why he was defending him so much. But at this moment, he was crying bitterly in his heart and kept shouting, "how dare you be so arrogant in the East District? you're really tired of living!"

"Bang!"

Zhu Lei's powerful strike came from the sword in his hand, almost causing it to fall out of his hand and forcing him to retreat.

This completely enraged the man with the mane. A hidden weapon in his hand shot into the sky, letting out a sharp and long whistle. It was a voice transmission signal.

Zhu Lei's expression changed as he shouted, "kill all the way! Anyone who blocks us will die!"

This was the eastern part of the gentle song forest, which was the territory of the rainstorm mercenary group. Most of the newbie mercenary groups were in the northern part of the city. If the enemy's experts came, it didn't matter if he died, but he was afraid of implicating young master Hailin and master Yunxiao.

At this moment, the group of men were also engaged in a fierce battle. All kinds of lights were flying everywhere. What shocked the storm mercenary group was that the other party's attacks were fierce, as if they did not want to kill themselves. This kind of desperate fighting style was as if there was a life and death feud between them. The more they fought, the more shocked they became.

To Yunxiao, Ding Ling 'er, and Yunshang's surprise, the people on both sides of the road were not affected by the murderous aura of the battle in the middle of the road, and they were still doing their own things. However, when a murderous aura rushed over, he turned his body slightly to the side and dodged it, turning a blind eye to it.

The disheveled warrior who had bullied the little girl was closer to the battle, so he dragged the girl to a further corner and continued to molest her.

"Hiss!"

Suddenly, a gust of wind sounded in the corner of the noisy Street. No one heard it, but they all saw a fountain of blood gushing out. The head of the fallen martial artist flew up and fell in front of Hailin's carriage.

After a headless body fell, the figure of a little girl appeared. However, her eyes were filled with killing intent and she even spat on the headless body. She didn't even look at the battle in the middle of the road. She walked back to her stall, knelt down, and continued to sell her body to bury her father.

"Pa!"

Under Zhu Lei's lead, the caravan began to charge forward while killing. The head of the fallen martial artist was crushed by the Dragon horse and quickly drowned under the various footsteps, leaving only a pool of blood and brain juice.

Ding Ling 'er and Luo Yunshang looked at each other and saw the speechlessness and shame in each other's eyes.

This was simply not the normal world!

“Bang!”

The man with the mane was kicked away by Zhu Lei again, and the caravan moved forward at an extremely fast speed.

“Right commander, quickly send the signal!” Hai Lin suddenly shouted.

Although the gentle song forest was only a city, it occupied a large area, ten times the size of Shangyang city. From the east of the city to the North, it would take the time for an incense stick to burn even if they galloped on horseback. They were still in the territory of the East City. If no one came to their rescue, they would probably not be able to leave.

It was still fine for them, but if big brother cloudsky, especially his two sisters, fell into the hands of the storm mercenary group, the consequences would be unimaginable.

Hong Yu also understood. He hurriedly took out a light blue hidden weapon and pulled it open. An arrow light shot into the sky and exploded.

.....

“That’s Yingluo.”

Within a small building, a silver-haired man was currently drinking wine to his heart’s content, and all sorts of coquettish laughter could be heard.

Suddenly, his pupils shrank as he looked at the blue fireworks in the distance in shock. He pushed away the girl in his arms and jumped up like a spring, shouting, “Quickly gather and head east of the city! It’s young master Hailin! He’s returned and sent a distress signal!”

The group of martial artists in the building jumped up and rushed out. Many people even jumped down from the building and began to gather.

“Black Ghost, quickly inform the vice-captain! If they’re asking for help in the city, it must be the people from the storm mercenary group!”

The man in silver gritted his teeth. B * stards of the storm mercenary group! If anything happens to young master Hai Lin, I, Huo Jian, will destroy your entire mercenary group! “Everyone, no matter what you’re doing, stop and rush to the east of the city to save the people!” He roared.

The entire space around the small building trembled, and the sound waves spread far and wide.

As for himself, he was already a thousand meters away. He turned into a ray of light and headed toward the east of the city.

.....

“Kill these B * stards of the storm!”

Zhu Lei’s momentum was like a rainbow, and with a single slash, he pushed away several Warriors of the rainstorm mercenary group who blocked his way, and continued to lead the team forward.

The mane-wearing man’s eyes were filled with fear. In just a few rounds, more than a dozen of them had been killed, and the streets were filled with blood. He was just a small leader of the storm mercenary group, and all these casualties were his men. Even if he could return this time, he would not be able to escape the heavy punishment.

“Savage!”

Suddenly, a loud shout was heard, and a powerful aura spread out on the street. A man’s angry roar was heard, “ bastard from the rookie mercenary group! How dare you bully my storm mercenary group! Since you dared to kill people in the east of the city, you can all stay here!”

“BOOM!”

A ray of light shot towards Zhu Lei and struck his treasured saber. As the powerful force spread out, Zhu Lei's dragon horse neighed under the pressure. Its two hind legs could not bear the weight and knelt down with a "plop."

Following that, a figure appeared in the sky. His five fingers were like an eagle's claw as he was about to take Zhu Lei's head.

Hong Yu, who was behind him, was shocked. He poured all his strength into the long sword and thrust it forward, making a sharp whistling sound.

As the Dragon horse knelt down, Zhu Lei's vigilance was also raised to the highest level. His treasured saber danced again with a blade light and also slashed straight up.

The three forces immediately collided and shook.

"Boom boom boom!"

Zhu and Hong received a huge impact and were forced to retreat. The qi and blood in their bodies were in turmoil.

The man on the other side landed on the ground and easily resolved the impact. He crossed his arms in front of his chest and looked coldly at the rookie mercenary group.

"Lord he Dexing!"

The mane-wearing man was overjoyed and hurriedly came forward, saying, "Lord he, these rookie servants are hehe."

"Trash!"

He Dexing couldn't be bothered to listen to him and directly sent a palm strike over. A line of blood shot out in the air, and the hairy man's entire body flew out. He crashed into a wall on the side of the street, and all the bones in his body shattered.

He didn't know what the walls of the house were made of, but they were so strong that they didn't break.

All the buildings in the forest had to be renovated every few years because people were killed every day. All the buildings with weak structures had long been completely destroyed. Now, they were all constructed with special materials. Even if an ordinary martial artist attacked with all his might, he would only be able to leave a mark.

"He Dexing!"

Zhu Lei's and Hong Yu's expressions changed drastically, and they hurriedly took a few steps back. Clearly, they were very afraid.

Yunxiao swept his divine sense over and found that he Dexing was only a six-stars martial Grandmaster. However, a six-stars martial Grandmaster was enough to suppress both Zhu Lei and Hong Yu.

He Dexing's eyes swept across the room and stopped on Ding Ling 'er and the other woman in surprise for a moment. Then, he swept his eyes over them and sneered, "No wonder they fought to the death. Where did they get these two beautiful women for young Emperor hao lian? Tsk, tsk, you guys are really loyal and responsible as subordinates. These two girls are still virgins, right? Why don't you try it first?"

"Since you know it's for the captain, get out of my way!" Zhu Lei said with a dark expression.

Ding Ling 'er and Luo yunshang were both listless and angry.

Zhu Lei! Ding Ling 'er shouted angrily, "you better keep your mouth clean!"

Zhu Lei panicked and hurriedly gave her a look. His eyes blinked a dozen times in an instant.

Ding Ling 'er's face was gloomy, "don't blink!" Whoever makes such a joke again, even if it's you, will die without a doubt!"

A white light flashed in her hands, and two black silk gloves glowed in her hands. Without making any visible movements on her feet, she had already arrived in front of he Dexing and was about to grab his throat.

Before he Dexing could react, he smelled a burst of fragrance. Immediately, he felt the danger of death spread through his body. His potential as a six-stars martial Grandmaster burst out at this moment. With an unimaginable movement, he formed his hands into palms and blocked Ding Ling 'er's attack.

After escaping from death, he immediately broke out in a cold sweat.

The two of them exchanged several moves in an instant, so fast that it was almost suffocating.

He Dexing was even more shocked. The other party was a six-stars martial Grandmaster at such a young age. Moreover, whether it was his moves or aura, they were far superior to his. Very quickly, he was surrounded by danger, and his throat was almost crushed several times.

The members of the rookie mercenary group were all stunned. Although they had felt the extraordinary aura from Ding Ling 'er along the way, they did not expect her to be so powerful! He Dexing, who couldn't even defeat the two commanders working together, could only Dodge in a sorry state in front of her.

"Stop! Let's talk this out!"

He Dexing hurriedly shouted, " we're all acquaintances of the light song forest. Well water doesn't interfere with river water. Even if there's a small conflict, it's enough. There's no need to risk your life!

Ding Ling 'er's face was cold. She snorted and said, " "I'm not going all out, I'm going to kill you!"

Her hands flashed with white light as she put her palms together. The two white silk gloves emitted a powerful weapon charm, and the light became brighter and brighter. It was as if she was holding a miniature sun in her hands, and it was blinding.

The aura from the miniature sun made everyone's heart jump.

Chapter 348-instant kill

He Dexing was shocked. He hurriedly turned around and fled, saying, "Ye won't play with you guys anymore!"

He was quite straightforward. In a flash, he poured all his true Qi into his feet and ran dozens of meters away.

"You want to escape?"

Ding Ling'er sneered and opened her palms. A white light, like a washing ribbon, appeared in her hands. She made a bow-shooting posture, and the light instantly shot out, and the whole street was illuminated.

"Moonbeam arrows!" She muttered.

He Dexing was running for his life when suddenly, a blinding light shone behind him. A terrifying aura pressed down on him, causing all his pores to stand on end. He turned his head back in shock and saw a blinding light. Other than that, he could not see anything clearly. His eyes hurt, and his entire body was instantly swallowed up by the light.

"Boom boom boom!"

The arrow of flowing light did not lose its momentum and continued to travel through the entire Street. The solid bluestone floor was completely overturned and turned into dust in the air.

The entire Street instantly fell silent. Not only the survivors of the storm mercenary group, but also those who were just passing by, all of them widened their eyes and their faces were filled with shock.

Ding Ling 'er coldly looked at Zhu Lei, who was completely stunned, and said, "If you speak without thinking, you'll end up like him!"

Zhu Lei shivered and felt a chill all over his body.

"Quickly advance!" He woke up with a start and hurriedly shouted.

Now that the storm mercenary group was almost completely annihilated, the matter had already blown up. If they did not leave quickly, it would be their turn to be annihilated later.

"Hmph, How dare you! Do you think you can get away?"

it seems like the noob team has gotten a good girl this time. Not only is she extremely beautiful, but she's also strong enough to kill he Dexing!

you're still in the mood to search for beautiful women? I heard that young Emperor hao lian failed to break through to the martial Supreme realm and died. Could it be fake? "

On the road ahead, a dense fog suddenly appeared. It gradually thickened, and it was difficult to see through it. There were only three figures that could be faintly seen flashing about.

Yunxiao's heart jolted when he heard the last sentence, and his eyes burst with light.

"Not good, it's the three brothers from the lie family!"

Zhu Lei's expression changed and instantly turned ugly. The faces of the members of the newbie mercenary group were also ashen, and their eyes were filled with despair.

"Hmph, since you recognize us as brothers, why don't you just surrender and die!"

“Dead? Kneel to the side, I’ll deal with you after I kill Hailin.”

“Hey, and those two girls. Let us three brothers use it for a few days first. After we’ve had our fun, we’ll personally return it to hao lian shaohuang. Hahaha.”

“Swish!”

Suddenly, there was the sound of something cutting through the air. Everyone saw what seemed to be a ray of light, and the laughing figure suddenly stopped.

Soon, another whooshing sound came back. Yunshang’s face was cold, and a green object was stuck to his hand, which seemed to be moving.

“Third brother! Third brother!”

Suddenly, the lie brothers’ terrified screams came from the fog, and the fog gradually dispersed.

One of the men held his throat with one hand and blood was gushing out. His eyes were filled with fear, anger, and unwillingness.

However, no matter how unwilling he was, his eyes began to slacken and his body went limp.

“Swish!”

This time, it wasn’t just the members of the rookie mercenary group, but the surrounding people also gasped in shock, each of them feeling a chill.

The lie brothers were famous peak martial arts grandmasters. Even the weakest third brother was an eight-stars martial arts Grandmaster. However, he had died so quietly and senselessly. Even the cause of death was unknown.

Although people died every day in the soft song forest, it wasn't such a stupid way to die!

Zhu Lei was also stunned. How could these two women be so powerful? one was more perverted than the other!

He stole a glance at Yunxiao and thought to himself, 'this kid doesn't look that good, not even as strong and manly as me. How can he have such a powerful confidant?' He was so handsome, so domineering and powerful, but why couldn't he even get a girl?

At this moment, the shock in his heart gradually turned into frustration, sighing at the injustice of the heavens. However, he was quickly jolted back to his senses by the Furious roars of the lie brothers.

you killed my brother! You all deserve to die!

The remaining two men's eyes were bloodshot. The three of them had grown up together, practiced martial arts together, and flirted with girls together. Now that their third brother had left without any reason, they couldn't accept this fact.

Yunshang's eyes grew colder as she glanced around and said coldly, "I don't care if you're in the light song forest or somewhere else, and those who make fun of me and little sister Ling 'er with their mouths, all of you will die!"

The faces of the people around him turned pale and they covered their mouths in horror, afraid that they would say something wrong.

The man with the mane also had a look of fear on his face. He mixed in with the crowd with his bloody body, not daring to speak.

Big brother blazing flame's eyes were about to pop out, but he still forcefully restrained his anger. After all, third brother's death was too unclear. It was not easy for the three of them to reach their current status in the light song forest. If they were to rely on their martial arts, even a peak martial ancestor would have died many times over.

“What’s that thing in your hand?”

Eldesr raging flame gritted his teeth and stared at the little green Monster with bloodshot eyes, which was constantly moving in Luo Yunshang’s hand.

This little green demon was a martial arts Grandmaster. Although its attack power was not strong, its speed was astonishing. Back then, even Zhou Ziyuan, who had a lesser clear heaven realm, could only escape. Moreover, the throat was one of the most fragile parts of the human body. Under the third brother’s carelessness, his throat was pierced just like that, and he died on the spot.

Yunshang placed her right hand behind her back and sat back in the carriage indifferently, ignoring him.

“Good! Good! Good!”

Blazing flame spat out three “ good ” words in a row and slowly put the body of the third brother to the side. He walked towards the rookie mercenary group with a gloomy expression.

The second brother, Lie Feng, was right behind him. He slowly pulled out his Mystic weapon and unsealed it. A murderous aura spread out.

“Let us three Lie brothers personally experience the experts of the rookie mercenary group!”

Lie Yan’s expression turned cold, and a fiery red Steel fork appeared in his hand. Suddenly, the surrounding temperature suddenly rose, and the numb soy sauce party began to change their expressions. They retreated in all directions, leaving a large open space.

The two powerhouses at the peak of the martial arts Grandmaster realm would definitely be implicated once they moved.

Zhu Lei and Hong Yu were forced to retreat by the aura, their faces pale. The difference in strength between the four of them could be said to be like the difference between heaven and earth. They might not even be able to take a single move from the other party.

“Sister Ling ‘er, sister Yunshang, can you beat these two?” Hai Lin asked.

Both of them shook their heads. Ding Ling ‘er pouted at Yunxiao, and Hailin was stunned for a moment before he immediately understood.

As if he had found his Savior, he pulled Yunxiao’s arm and said, “big brother Yunxiao, I’ll have to trouble you to beat these two people away.

He did not ask if he could defeat the man, but directly begged him to help. With a wry smile, Yunxiao said, “I sense a few powerful auras coming from the north. Perhaps they are from your Regiment, but there is still time to brew a cup of tea. Fine, let’s rush over.”

Yunxiao stood up and shouted, “Commander Zhu, let’s take out our weapons and charge!”

Zhu Lei was instantly dumbfounded. He picked up his weapon and charged forward. What kind of joke was this? The other party had two martial grandmasters at the peak standing there. Wouldn’t it be suicide to rush over? He looked at Ding Ling ‘er and Luo Yunshang with pleading eyes, hoping that they would help him, but they both looked indifferent and ignored his expression.

commander Zuo, let’s listen to young master Yun and rush over,” Hai Lin said. we’ll definitely be able to make it!

Zhu Lei shook his head with a bitter smile. No one knew where he got his brute force from, but he said fiercely, “Good! Master Yunxiao, I’ve been making the wrong decisions all this time. I’ll listen to you this time!” He roared loudly, and the treasured saber in his hand bloomed. He ran with all his might.

Hong Yu’s sword was also swishing as he followed by his side. His eyes were filled with enlightenment.

The Warriors of the mercenary group behind him were also in high spirits, roaring as they followed suit, as if they were not afraid of death at all. The carriage Yunxiao and the others were in also followed them.

“Since you’re looking for death, I’ll fulfill your wish!”

The flames raised the red Steel fork high, and the aura of the peak of the martial arts Grandmaster realm spread out, as if it wanted to suppress everything.

At the same time, Lie Feng's sword light flashed, his eyes full of coldness and hatred.

Just as the two of them were about to start a massacre, a vast and profound power suddenly rumbled over and suppressed them on the spot. Their bodies felt an extremely great pressure, as if a few mountains were pressing down on them, and they were about to be pressed into the ground.

"What's going on?"

The two of them were shocked and their faces changed color!

Not only was this pressure extremely powerful, but it also gave them a sense of stability and magnanimity, as if it was as endless as the earth.

could it be the domain of a martial honor? "

This thought suddenly appeared in Raging Flame's mind. He was immediately startled and quickly threw this thought away. Putting aside the fact that the number of martial honors in the entire Light Song Woodland was very limited, if he was really a martial honor, why would he waste so much time talking to them? he would have killed them both with a single palm.

"What's going on?"

Just as the two of them were in shock, the temperature in the surroundings suddenly rose again. It was like a raging fire, but there was no flame in sight. The burning intent was like a divine flame from the ancient times that wanted to burn everything in the world to ashes.

Raging flames was a fire attribute cultivation technique, and under this burning sensation, he actually had the urge to worship it, as if a fire attribute God had descended.

Lie Feng, on the other hand, felt even more uncomfortable. He felt as if his muscles and bones were about to melt.

“Bone Cleaver!”

“Shadowless heaven shocking sword!”

At this moment, Zhu Lei and Hong Yu rushed forward and poured all their strength into their profound weapons, striking with all their might!

“BOOM!”

“BOOM!”

Lie Yan and lie Feng raised their profound level weapons with great difficulty to block the attack. With a loud bang, the two of them were directly sent flying and fell far away at the corner of the street, spitting out large mouthfuls of blood.

“This bi an ...”

Not only Zhu Lei and Hong Yu, but the martial artists behind them were also dumbfounded. Their brains had short-circuited.

Chapter 349-arrival

The three brothers of the blaze were extremely famous in the storm mercenary group, and each of them had the power to annihilate them. Now, not only did one of them die mysteriously, but even the two strongest people were sent flying by a single move from the left and right commanders. Moreover, they seemed to be heavily injured. How could this be?

However, everyone was only stunned for a moment. They did not stop and continued to rush forward. As long as they left the East City and contacted the newbie mercenary group that had come to rescue them, everything would be fine.

wow, big brother Yunxiao, you're so amazing!

Hai Lin looked at Yunxiao excitedly. Although he did not know what Yunxiao had done, he could vaguely sense the faint fluctuations from him just now.

All the martial artists frowned. It was the two commanders who had sent the lie brothers flying with one move. What did it have to do with master Yunxiao?

Zhu Lei turned around and gave Yunxiao a look of suspicion. If Yunxiao had done them a favor, they would have sensed it, but if he had not, he could not have sent the lie brothers flying with one move. What was going on?

Everyone was confused, but their speed did not slow down. Instead, they ran even faster.

A sharp screech suddenly came from far ahead. It was like an eagle soaring through the sky, piercing through the vast sky and reverberating in the sky above soft song forest.

"It's brother Huo Jian!" Hai Lin heard the shrieking sound and shouted excitedly.

Zhu Lei was also overjoyed, "that's right, it's Lord Huo Jian!" Hearing this voice, it would arrive in a moment. Let's go, we'll be safe soon!"

Yunxiao looked up and said indifferently, "Is it safe now? I don't think so."

what do you mean?" Hai Lin frowned and asked, "big brother Yunxiao, what do you mean?"

Suddenly, a cold and old voice sounded in the air. "You killed the members of my storm mercenary group, and you still want to leave? All of you can stay."

“Great lightning palm!”

“Boom boom boom!”

A thunderous sound came from above everyone, followed by a ray of light shooting into the sky. It spread out in an instant and actually formed a large number of jumping electric arcs. With a “ crackling ” sound, they flickered non-stop. In the end, they gradually condensed together and fell down with a loud bang!

At this moment, the whole world was covered in blue lightning.

The expressions of the newbie mercenary group members were filled with despair and anger!

Every time he fell into despair, he would miraculously survive. Victory was right in front of their eyes, but such a large Thunderbolt palm suddenly appeared. Everyone knew whose move it was, and their hearts sank.

The vice-captain of the third team of the rainstorm mercenary group-Ye Xin, a genuine Martial Emperor powerhouse!

At that moment, even Yunxiao’s face turned solemn.

If he was alone, he would naturally not care about this palm. However, it would be extremely difficult to protect everyone from such a thunderous palm print and not reveal his strength!

“Twenty four moonlit bridges!”

Yunxiao sighed softly. One after another, white light balls began to emerge from his body and swim around. Soon, they formed into beams of light behind him and shot out like a bright moon, while twenty-four white beams of light streaked across the sky.

“This is a Kasaya.”

Zhu Lei was greatly shocked and cried out, “Divine body phenomenon! Master Yunxiao actually has a divine body!”

The Thunderbolt palm landed on the 24 beams of white light and exploded.

A dazzling golden light spread out, piercing everyone’s eyes and causing them to close their eyes tightly.

An old man appeared in the air. His eyes were filled with shock as he muttered to himself in shock, “What is this light? You actually managed to withstand the might of my palm?”

“Tsk! You’re just a one-star Martial Emperor! Do you want to destroy the world with a single palm strike?”

A mocking voice came from the side of the old man. He was shocked and raised his head in horror. He instantly saw a pair of bright red eyes and his mind buzzed.

“Not good! It’s a spiritual attack!”

He lost consciousness in an instant, but that was enough. Yunxiao rushed over, grabbed him, and pulled him into the divine realm tablet.

Fortunately, the two of them were close to each other, and the other party was hit by his spiritual attack without being aware of it, just like when he was fighting Yue julin. Otherwise, it would not have been so easy.

His move had succeeded, and he immediately felt relieved. He immediately rushed down. If this move failed, it would be troublesome to subdue the other party.

The entire process only took an instant. The lightning gradually dissipated and everyone slowly opened their eyes. They saw nothing but silence and the old man had disappeared.

Huo Jian, who was flying over from the distance, saw the flashing lightning in front of him and became anxious. He roared again and again, "Old monster Chu! If you dare to hurt young master Hailin, I'll kill your entire family!"

After the flash of lightning, the area in front of them suddenly settled down.

Huo Jian's heart sank. He gritted his teeth and rushed forward. One thousand meters, five hundred meters, one hundred meters, he had reached it!

"Swish!"

He almost couldn't stop in the air. After sliding for dozens of meters, he turned around and said in shock, "Everyone, everyone is fine? Wasn't that old monster Chu's Thunderbolt palm just now?"

Zhu Lei wiped the cold sweat off his forehead, his face pale as he said: "H-Lord Huo Jian, were you the one who chased away old monster Chu?"

Huo Jian frowned. He stood high in the sky and spread out his divine sense. There was no aura of a master in the surrounding area. He muttered to himself, "What's going on? Even if they were to escape, they wouldn't be able to escape so quickly. Besides, this is the territory of the east side of the city, why would they run?"

Hong Yu laughed and said, "Lord Huo Jian, you're so mighty. That old monster Chu must have sensed your aura from far away. He must have escaped.

The rest of the Warriors also regained their color, rejoicing and praising loudly.

Huo Jian frowned but didn't say anything. Suddenly, he saw the people in the carriage and his eyes lit up, "Zhu Lei, where did you get these two? our Regiment commander will definitely reward you handsomely!"

After he finished speaking, the faces of the entire rookie mercenary group turned white with a swish, and large beads of sweat rolled down their faces.

“Whoosh!”

The little green demon broke through the air and turned into an arrow. Its trajectory was unclear, and then a dazzling Arrow of Light shot into the sky.

Huo Jian’s pupils shrank as he was greatly shocked. However, he was still a martial Royal realm expert, so he was not flustered. He stretched out his hand and grabbed the little green demoness. At the same time, he opened up a defensive barrier and covered himself.

“BOOM!”

The arrows of flowing light crashed into his defenses and exploded one by one. The frenzied power spread in the air, and it seemed to be even stronger than the one that had killed he Dexing!

Huo Jian’s heart trembled. He felt that the defense he had casually opened up was about to be broken. Suddenly, he felt a pain in his hand. The little green demon had bitten him and bit off a large piece of flesh. He was in pain and threw it off. He was shocked when he saw his wound.

The little green Monster was a sixth-order monster beast. Although its attack power was not strong, its level was still there. It was not easy to mess with. Moreover, after Yunxiao extracted one of his souls and one of his spirit, he had been completely tamed by yunshang, and his mind and spirit were almost one.

“Who are you people?”

Huo Jian was shocked and no longer dared to speak nonsense. Instead, he asked cautiously.

Huo Jian, don’t be rude! Hai Lin hurriedly explained, ” these two sisters are big brother Yunxiao’s confidants! He still had deep doubts in his heart. Yunxiao was sitting right next to him, and although he could not open his eyes under the lightning, he could clearly feel the weight beside him lighten, as if Yunxiao had been away for a while.

He suspected that Yunxiao was behind old monster Chu's disappearance, but he was a real Martial Emperor, so how could he have disappeared in an instant? All of them couldn't understand.

"Female confidante?"

Huo Jian was taken aback, and only then did he see that there was a fourth person in the carriage. With a sweep of his divine sense, he found that the fourth person was only a three-stars martial King, and his brows furrowed slightly. However, he was also an experienced person and did not show any disdain or contempt. Instead, he walked down from the sky and laughed, "Haha, brother, are these your girlfriends? From the first time I saw your two girlfriends, I decided to be friends with them!"

Ding Ling 'er and Yunshang were both furious and ashamed. They were about to attack, but Yunxiao stopped them.

He raised his head indifferently and looked over. He asked softly, "What did you just say?"

For some reason, Huo Jian's heart tightened. When he met Yunxiao's eyes, he suddenly had a feeling that he did not dare to look straight at him, and he wanted to avoid them.

He was a two-stars Martial Emperor! How could this happen? He felt indignant and forced himself to focus his gaze on her.

"BOOM!"

Huo Jian's head suddenly ached, and he instantly lost consciousness, but he quickly recovered. Although it was only for a moment, for a master like him, he naturally understood the horror of this moment. His face turned pale with horror as he stammered, "You, Who are you?"

Yunxiao's eyes had returned to normal at this moment, and he said indifferently, "I don't like it when people joke about my friend. And next time, even shaohuang hao lian won't be able to save you." I hope you can carry on my words, " he said to Hai Lin. I don't want to cause any unhappiness.

When Hai Lin saw that Yunxiao seemed to be angry, he hurriedly explained, " "This is li Yunxiao, a fifth-tier great Alchemist. Huo Jian, come over and apologize to master Yunxiao!"

a fifth-tier great Alchemist? "

"I see, I see!" Huo Jian's expression changed drastically as he exclaimed in shock. Although a fifth-tier Alchemist had a high status, he was a Martial Emperor after all. It would be difficult for him to apologize, so he stood there in silence.

there's no need for an apology, " Yunxiao said indifferently. just pay attention to this in the future. Let's hurry up and leave this place, or else the storm mercenary group will send more people."

"It is!" Zhu Lei hurriedly came out to smooth things over and diverted the attention. He said, " everyone, hurry up and leave. We'll be safe once we leave the east side of the city!

The group of people immediately sped up, but their hearts were a little more at ease. With Huo Jian here, there was basically no problem. Although there were many martial honors in the three great mercenary groups, those old monsters were usually in closed-door cultivation. Unless the mercenary group was in a life-and-death crisis, it was rare to see them.

Chapter 350

?

350 Safe arrival

Huo Jian was a little embarrassed as he leaned over and said, was the disappearance of old monster Chu caused by master Yunxiao? "

Hai Lin was also taken aback as he looked at Yunxiao. It turned out that he was not the only one who had this feeling. Huo Jian seemed to have noticed something as well.

Yunxiao! Yunxiao gave him a look and said, " think about it yourself.

This time, he simply put on an enigmatic expression, which made Huo Jian and Hai Lin stunned for a moment, and then they smiled bitterly. Even though he had this feeling, he could not help but shake his head when he thought about the difference in strength between the two of them.

Soon, a large number of members from the rookie mercenary group arrived. They did not encounter any obstacles along the way and directly entered the northern part of the city.

Huo Jian also secretly sent a voice transmission to the others, telling them that no one was allowed to joke with Ding Ling 'er and Yunshang.

This was not only out of respect for Yunxiao, but also for the sake of all the members of the rookie mercenary group. The strength of these two girls could probably kill most of the members of the group in an instant. When a bloody case happened, it would not be good for them to fall out with each other.

The north of the city was as big as the East. It was almost a city of its own. However, the situation inside was similar to the east of the city. The pedestrians, hawkers, and beggars on the road were almost all martial artists with reserved auras. From time to time, they would reveal fierce looks. Obviously, they were not good people.

The group soon came to a series of tall buildings. It was very noisy inside, and there were even children running around.

"We're here. This is the base of our rookie mercenary group."

Zhu Lei turned around and smiled, "we're finally home!" We also welcome master Yunxiao and the two young ladies to the rookie mercenary group!"

The group of martial artists all cheered as the carriage began to move in.

Although Hai Lin didn't like the bandit group atmosphere, it was still very warm. He quickly said, "quickly prepare the cleanest and best guest rooms for big brother Yunxiao and the two big Sisters!"

"Sure, one or a few?" Huo Jian replied.

After he finished speaking, he felt two waves of murderous intent and immediately ran away. He said hurriedly, "I understand, I understand!"

thank you, brother Yunxiao," Hai Lin said, wiping his cold sweat. you must be tired. Take a rest.

Yunxiao nodded. He had already spread out his divine sense, and the situation of the entire base was under his control. There were indeed a few powerful auras hidden in the base, but he did not dare to probe too deeply. He was afraid that they were the martial honors.

He was brought to a guest room. Compared to the rough structure and various kinds of fierce people outside, the layout of this room was too elegant and delicate.

As soon as he entered, he saw a pink landscape painting. In the center of the room was a spring painting of a group of women bathing, emitting a trace of decadent air. There were vases on both sides that were half the height of a person. They were exactly the same, decorated with plum blossoms.

From the decorations, this room must have been decorated by someone with great taste.

After admiring it for a while, Yunxiao began to sit quietly and sent his mind into the divine realm tablet.

Old monster Chu had long since been beaten into submission. He was covered in blood and wailed on the ground. From time to time, there were still electric arcs flashing on his body.

"Eh? This injury ..."

Yunxiao looked at it and said with a smile, 'is it Yue jiulin? Hehe, you two are both rare thunder element Warriors, you must have learned a lot from sparring, right?"

Old monster Chu saw that it was him and was so frightened that he jumped up and shouted, "Who are you people? What was this place? I'm a member of the storm mercenary group, and our leader is Yingying!"

“It seems that you haven’t been beaten enough.”

Yunxiao shook his head slightly and said, “I’ll come back when I’m done.” With a wave of his hand, his figure gradually disappeared from his sight.

Old monster Chu’s pupils constricted. At the place where Yunxiao had been standing, there was a rock, but now it was gradually melting and slowly piling up to form a stone monster. Two black dots were approaching him step by step, their eyes shining with a dark light.

Yunxiao’s soul-form disappeared in front of he Dexing, and in the next moment, he reappeared in another place. Two men, who were also badly wounded, were lying on the ground. They were Gu Yuesheng and situ Heng.

As for his other subordinates, they had already turned into ashes.

Although the two of them were in a sorry state, they did not seem to be in such a bad state.

Gu Yuesheng had also recovered. However, there was a huge lump in his left eye that was difficult to get rid of in a short time. “Who exactly are you?” he asked with a dark expression. What is this place?”

why is everyone asking the same question?” Yunxiao laughed. why?” You don’t need to know these things because you won’t be able to get out in a short time. The spiritual energy in this place is comparable to the outside world, so you two can stay here and enjoy your time.”

“Where did you get this eye of the immemorial heaven’s eye?”

Gu Yuesheng’s expression changed. He quickly covered his left eye and became alert. He said angrily, “Don’t even think about touching my eyes!”

“Hehe, you really think you’re a Big Shot.” that thing is forcibly implanted into your body,” Yunxiao said disdainfully. you can’t fuse with it at all. Every time you use it, the damage to your body is almost permanent. The damage will accumulate and eventually kill you.”

Gu Yuesheng's expression changed drastically. It was obvious that he had hit his weak spot, but he still insisted, "Hmph, I'm a genius. I'll find a solution in the future!"

Yunxiao nodded with a smile and said, "I hope you're not dead before you find a way. I know an Alchemist who likes to do this kind of thing the most. He transplanted the organs of some cats and dogs into his body, taking the advantages of various demon beasts and fusing them into his body, but he still failed in the end. You can't be that person's disciple, right?"

Gu Yuesheng's heart was really shaken this time. There was fear in his eyes as he said, "You, Who are you?"

I see," Yunxiao said. so, he's not dead yet. He was still doing these boring things. I think he's only using you as a test subject when he tried to fuse the ancient divine eye with you."

Gu Yuesheng's face was pale and he looked dejected. He suddenly shouted, "You don't need to care about my business!"

Yunxiao nodded and ignored him. Instead, he turned to Situ Heng and said, "You're from the skeleton mercenary group, right? I don't want to know about the personal grudges between your mercenary groups. First, why did you capture Hailin? is that Mr. Yu You mentioned trying to refine his bloodline power? Second, How do I enter the ancient Barrens land?"

Situ Heng's face turned pale as he cried out, "You're going to the ancient Barrens?"

you don't have to ask questions," Yunxiao said. just answer them.

"I don't know how to get to the ancient Barrens either. As for why Mr. Yu wants Hailin's body, I don't know either," Situ Heng said dejectedly.

Yunxiao believed her. He frowned and said, "Then tell me, who is this Mr. Yu?"

Situ Heng was silent. It was obvious that he was not willing to speak.

Yunxiao smiled. I hate it the most when I encounter a tough bone during an interrogation. It will take me a lot of effort.

Situ Heng seemed to be extremely calm. He looked at him indifferently and said, "Just kill me. I'll die anyway."

"Oh?" "What if I can save your life?" Yunxiao asked.

Situ Heng looked at him with contempt and laughed sarcastically, "Haha, Who Do You Think You Are? You're invincible just because you have the help of a Martial Emperor? You still want to save my life! Let me tell you, Mr. Yu is an honored guest of the skeleton mercenaries. Even the leader has to be respectful to him!"

I understand," Yunxiao said with a smile. Only an Alchemist could make a peak martial venerable respect him, besides a Martial Emperor. I'm guessing that Mr. Yu's art of divination is at Level Seven."

Situ Heng's expression changed drastically. He immediately shut his mouth and revealed an anxious expression. He didn't expect the other party to be so intelligent, able to deduce so much information with just a few words. However, there was still a hint of contempt in his eyes.

Yunxiao caught the information in an instant. He smiled and said, "I can confirm it now. That Mr. Yu is undoubtedly an eighth-tier Alchemist. If he were a ninth-tier Alchemist, there would be no need for him to come to the gentle song forest in person."

Situ Heng's eyes revealed a look of shock. His face was ashen. The shock in his heart was indescribable. The other party could not only rely on his words, but also make such an accurate prediction with a look. This, is this still a teenager?

"Don't tell me you're an old monster who has taken over this body?" Gu Yuesheng was also surprised.

the possession technique only exists in theory," Yunxiao said with a smile. in today's heavenly martial realm, even if you can successfully possess someone, you can't maintain it for too long, and it will damage your soul greatly. You can't do it a second time.

“This Yingluo, you even know about this?” Gu Yuesheng was completely speechless. He had always thought that he was a genius in alchemy, but compared to the person in front of him, he realized that he was really nothing. His original pride was instantly crushed and completely obliterated.

“Alright, I don’t have anything to ask you for now. I will figure out how to get to the ancient Barrens. You can stay here in peace, maybe for a year or two, maybe for the rest of your lives.”

After saying that, Yunxiao smiled and gradually disappeared in front of the two.

“A, a lifetime of regret”

The two of them widened their eyes, their faces filled with shock.

After his divine sense returned to his body, Yunxiao opened his eyes slightly and asked suspiciously, “I’ve only heard that the ancient Barrens ‘intersection is in the light song forest. Is there some other secret?”

Just as he was thinking, the door was pushed open with a creak. Zhu Lei walked in and said, “master Yunxiao, our vice-captain would like to see you.

Yunxiao’s heart stirred slightly. Zhu Lei looked at him with a strange expression, as if something had happened. However, he was bold because of his skills. Even if the sky fell, he didn’t care. He said, “Left commander, please lead the way.”

The two of them, one in front and one behind, went through a few corridors. The headquarters of this rookie mercenary group was huge, but the design was very delicate.

master Yunxiao, “ Zhu Lei suddenly asked, “ do you want to join our rookie mercenary group? ”

what? ” Yunxiao was taken aback. why do you ask? ” he asked with a smile.
