

The Eternal 351

Chapter 351-flying to the North

Zhu Lei was silent for a moment before he said, " the Deputy commander will definitely ask this question later. Master Yunxiao, you should think about it carefully.

Yunxiao frowned as he vaguely felt that something was wrong.

Very quickly, the two of them arrived at a spacious hall. It was empty inside except for a man who had his back to the door. He was looking at a star map hanging in the front hall, seemingly lost in thought.

Zhu Lei made an inviting gesture and left without a word.

Yunxiao stepped into it and swept his divine sense over it slightly, not daring to probe too deeply. The aura that was contained and faintly discernible had already proved that the man in front of him was definitely a martial Supreme.

The middle-aged man turned around and gave Yunxiao a glance. His pupils constricted slightly, but he quickly regained his composure and said, " You are li Yunxiao, the fifth-tier Alchemist? "

Yunxiao smiled and walked to a chair next to him. After sitting down alone, he crossed his legs and said, " you're the Vice-leader of noob mercenary group, hai beifei? "

Hai beifei's mouth was wide open in shock. He had never seen a young man who dared to be so presumptuous in front of him. Even his beloved son, Hai Lin, was well-disciplined and did not dare to be rude in front of him.

"Hehe, young man, you're very courageous. I heard from Lin 'er that it's all thanks to you along the way. Otherwise, they might have been completely annihilated."

When hai beifei thought of the fact that this man had saved his son and subordinates, and that he was also a fifth-tier Alchemist, he decided to let it go. He said softly, " "Master Yunxiao is so young, but he already has such extraordinary strength. May I know which force you belong to?"

He began to test the waters.

it's just a small city in the southern region, " Yunxiao said with a smile. it's just a small city.

Hai beifei frowned and said, " "The southern region? There aren't any big sects in the southern region, but the opening of Mount Meru has caused quite a stir recently. I heard that two titled martial sovereigns have arrived. Is that true?"

I'm not interested in these gossips, " Yunxiao said. but, it should be true that two titled martial sovereigns have come.

Hai beifei's brows furrowed. This child looked like he was only fifteen years old, but his words gave off a sense of flawlessness. After a few more words, he did not get any useful information. He said dejectedly, I can't believe that a talent like master Yunxiao can be born in the southern region. Even if there are many powerful sects on the mainland, they are only mediocre.

Yunxiao picked up the tea on the table, took a sip, and said with a smile, " "I think young master Hailin is quite talented."

Hai beifei's eyes lit up as if he had found his target. He sighed, " it's a pity that this child's physique is too weak. Master Yunxiao also knows that his blood is weak.

"Al!"

He let out another long sigh.

Yunxiao laughed in his heart. This hai beifei must have something to ask him, but he refused to take the initiative and was waiting for him to fall into his trap. As such, he pretended to be distressed and sympathetic as he drank several sips of fragrant tea.

Hai beifei's eyes swept over him a few times, intentionally or otherwise. He could not help but curse in his heart, "I see that you're drinking tea very happily, and there's no trace of grief or sympathy at all! If I had known earlier, I would've given you the trashiest tea leaves to drink, and you would've died from it!

However, he still revealed a sad expression on his face and said, "master Yunxiao, a master once examined Lin 'er and left behind a treatment method. It can help him recover.

"Al!"

It was another long sigh, as if it was trying to move Yunxiao so that he would not play dumb and only drink tea again. Hai beifei had even secretly used his Yuan Qi to contain his sigh, which was enough to shake people's minds.

Yunxiao was no longer silent. He slowly picked up the teacup with both hands and handed it to hai beifei, saying, "Vice-captain, we've finished our tea."

Hai beifei,"hehe."

"Flower, flower!" He shouted twice, and a strong woman with a face full of stubble ran in and said in a rough voice, "Captain hai, what's the matter?"

Hai beifei pointed at Yunxiao and said, "The guest's tea is gone, why aren't you changing the tea!"

"Yes!"

The stubbled woman turned to clean up Yunxiao's teacup and kept apologizing, "Customer, I'm so sorry."

In order to express her apology, she even winked at Yunxiao, which shocked him so much that he shivered as if a powerful spiritual attack had rushed into his mind. "I'm fine, I'm fine!"

“Remember to get the best tea leaves, the ones that little San bought yesterday,” hai beifei said with a smile.

“The five hundred catties of big-leaf tea that third brother spent ten silver coins to buy yesterday?” ru Hua asked, surprised.

“Cough cough!”

Hai beifei coughed a few times and said angrily, “What 10 silver coins for 500 Jin? do you believe that I will kill you with one palm? That’s one billion Yuan, hurry up and go!”

“Yes! Yes!”

Ru Hua jumped in fright and ran out.

Yunxiao also smiled awkwardly and said, “The maid of a newbie mercenary group is really special, hehe.”

“Hehe.”

“It’s already good enough to find such an old green onion in such a godforsaken place like the light song forest,” hai beifei said with a smile.

Yunxiao’s face darkened. your group’s tea leaves are also very strange, ” he said. hehe.

Hai beifei was also a little embarrassed. He coughed a few times and said, “This servant doesn’t know how to speak and has not seen the world. How could she possibly know about a large leaf tea that costs more than a billion gold coins?” He changed his tone and sighed, “ I pity my Lin ‘er. Back then, an expert left behind a treatment method. It’s just that he hasn’t had the chance to do so for so many years!

Yunxiao stood up and said with a solemn look, “ Aiya, my memory! Captain hai, I suddenly remembered that I still have some important matters to attend to. I’ll take my leave first.”

“Hey, hey, don’t go!”

Hai beifei quickly stopped him and said, “this is the base of a rookie mercenary group. What important matter could master Yunxiao have?” Hehe, let’s chat a little longer?”

Yunxiao gave him a lazy look and said, “I don’t have the mood to drink your group’s big leaf tea.”

“Xiao Huan, take out my precious Snow Treasure!” Hai beifei laughed and shouted.

A small and delicate girl ran over, nodded repeatedly, and went down again. Soon, a pot of tea leaves that emitted a refreshing fragrance was made.

After taking a bite, Yunxiao finally looked satisfied.

Hai beifei smiled and said, “master Yunxiao, how is it? This is my precious Snow Treasure, I can’t even bear to drink it.”

is it true?” Yunxiao did not comment. did Captain hai really call me here to drink tea?”

Only then did hai beifei’s smile gradually disappear. He sighed and said, “master Yunxiao, are you willing to join my rookie mercenary group?”

Yunxiao’s heart skipped a beat. After all this nonsense, they were finally getting to the point. “Why do you want me to join?”

Hai beifei’s eyes gradually focused as he slowly said, “although the light song forest is nothing in the realm of heavenly martial arts, it is still a powerful force. There are countless death Warriors and murderers. Even the real major forces would not dare to provoke us.

“If Grandmaster Yunxiao is willing to join my team, I can give you the position of team leader! Their status was even higher than the sect leaders of ordinary sects! In our rookie mercenary group, other

than commander hao lian and me, there are only seven company leaders. And you, master Yunxiao, can be the eighth!”

As the place where the villains of the heavenly martial arts realm roamed, the light song forest had countless underground transactions, and the profits were astonishingly huge. No one knew how deep the foundations of the three mercenary groups were. However, one thing was for sure, even the sects with martial sovereigns would not dare to provoke them easily.

The position of a Brigade leader under the regiment commander was already frighteningly high!

But, who was Yunxiao? How could he be interested in this?

you’re giving me such a benefit, ” Yunxiao said indifferently. what are your conditions? ”

Hai beifei said bluntly, ‘there are some scattered alchemists in the rookie mercenary group, but they are difficult to manage. Commander hao lian had always wanted to set up a special team of alchemists and make it the eighth team. Master Yunxiao may be young, but as a fifth-tier Alchemist, he is enough to convince the public.’

master Yunxiao! his eyes narrowed as he said, ” more importantly, master Yunxiao has the ability to save my son!

“Oh? I can save brother Hailin?” Yunxiao looked curious.

“Not bad!”

Hai beifei’s expression was very serious as he stared at Yunxiao and said, ” because master Yunxiao has a divine body!

“The method left by that expert back then was to extract the power of the divine body to suppress the bloodline in my son’s body. However, if that was the case, the person with the divine body would lose all his cultivation and become an ordinary person. All these years, I’ve been constantly looking for people

with divine bodies, but I've returned with no success. Although the realm of heavenly martial arts is huge, there are only a few people who have a divine body!"

Yunxiao's face turned cold, and the air around him seemed to suddenly drop. "You know that my cultivation will be crippled if you extract the power of my divine body, so why are you still talking to me about this?"

"You're the only chance I've ever had in all these years. Lin 'er's bloodline power is getting stronger and stronger. I'm afraid he won't be able to control it for long. Master Yunxiao, don't you think that you're sent by heaven to save Lin 'er? If you hadn't saved everyone's lives, I wouldn't have talked so much with you and promised you such benefits."

hahaha! Yunxiao laughed in anger. do you mean that if I hadn't saved Hailin and the others, you would have caught me and extracted the power of my divine body? "

Hai beifei did not deny it and said, 'master Yunxiao, you can consider it carefully. Even though his divine body was crippled, it didn't have much of an impact on his art. By then, I'll do my best to help master Yunxiao improve his art of Dao. Even if he enters the sea of soul formation in the future, there's still hope."

Yunxiao's eyes grew colder as he said, " "What if I don't agree?"

Hai beifei sighed and said, "master Yunxiao, don't force me." Lin 'er is naturally kind. He sees you as a big brother and a friend. He even quarreled with me over this matter just now, but I got someone to suppress him. If he isn't willing, he will resist with all his might."

Yunxiao's face looked a little better when he heard Hailin's words. He sneered and said, " "I really want to know, what will happen if we force Captain hai?"

A cold aura emanated from his body. He was like a pine tree that stood proudly under a thousand-year-old ice, peerless in the world. Even if he was facing a martial honor, he was not afraid at all.

Chapter 352

?

352 Unyielding will

Hai beifei was intimidated by his imposing manner. His heart trembled and his eyes flickered with a touch of shock.

A mere martial King exuded an aura that even he was shocked by. Not even the peak martial honor, young Emperor hao lian, had such a feeling of being the sovereign of the world.

This Kasaya

Hai beifei fell silent. Such an elegant young man with a special physique would have a bright future. However, when he thought of his own name, Hailin, his eyes flashed with determination. then, I can only control master Yunxiao and extract it by force!

Yunxiao's eyes gleamed with fierceness. Even when he was facing the constellation Martial Emperor in Yanwu, he did not back down.

Instead of retreating, he advanced and took a step forward. His aura pressed forward as he said sternly, "I really want to see it!"

Hai beifei was slightly angry. This young man really didn't know what was good for him. Although he had an extraordinary bearing, he had a kind of ignorant and arrogant attitude. Without another word, he grabbed down with his palm, determined to teach the other party a lesson.

"Two-star martial Supreme!"

The moment he made his move, Yunxiao immediately judged that his strength was one star lower than Qi Feng's.

Even so, it was not something he could contend with.

He conjured a spell with one hand, and the mark of a fire cloud flashed between his brows. A little true Phoenix Fire gradually appeared and condensed into a shadow that was gradually becoming real and illusory, burning toward his palm.

Hmph, you want to hurt me with a mere demonic flame? what an arrogant and ignorant demonic flame Phantom!

Hai beifei revealed a trace of arrogance and disdain as he clenched his fingers. An inexplicable aura spread out. It was the domain of a martial honor. In this world, he was the only one!

Although the other party was merely a martial King, using the power of his domain was making a mountain out of a molehill, his plan was to intimidate the other party with his first move and make him feel powerless. He wanted the other party to completely submit to his might. That way, the rest would be much easier to handle.

But reality often turned out contrary to one's wishes.

Just as he was about to extinguish the flame with a claw, the domain in his palm slammed into the flame Phantom and it retreated rapidly, as if it was burning and constantly disappearing.

“?!”

His face changed greatly and he quickly withdrew his hand. The flaming shadow seemed to be invincible and quickly caught up with him, burning all kinds of forces emitted from his hand and gradually disappearing.

what kind of flame is this?!

Hai beifei finally turned pale with fright, and the shock in his eyes could not be any greater. It was just a flame that was neither real nor fake. It had not even revealed its real body, but it could burn down the domain of a martial Supreme. How could such a thing exist in the world?

The fiery cloud between Yunxiao's eyebrows flickered and disappeared. Obviously, he had consumed a lot of soul power, and his face was slightly pale as he said coldly and arrogantly, "It's just a mere demonic flame!"

Hai beifei's heart felt as if a huge stone was pressing down on it, and his face became gloomy.

Not only was he a fifth-tier Alchemist at the age of fifteen, but he was also a three-stars martial King with a divine body and a flame that was never heard of. This kid might have a huge background.

No wonder he had always been so arrogant. He did not even put himself, a martial honor, in his eyes. It must be because of his background that martial honors were also used to it.

Moreover, this was the most sensitive time for a rookie mercenary group. All kinds of situations could happen at any time, so he didn't dare to cause trouble.

Hai beifei was frozen in place for a moment, unable to make a decision.

Captain hai, " Yunxiao said coldly, " that's all I can see? "

Hai beifei snorted coldly. He was slightly angry, but he did not dare to attack rashly. Instead, he asked, " Master Yunxiao, may I know why you've come to the light song woodland? "

Yunxiao frowned as he thought of the purpose of his trip. It was very likely that he had to rely on the rookie mercenary group for the matters in the ancient desolate land. Moreover, this group was established by his disciple, so it was not good to make things too awkward with them."I'm going to the ancient Barrens."

the ancient Barrens land?!

Hai beifei's face was filled with shock, and he immediately fell silent.

is there a problem? " Yunxiao asked suspiciously. what's the problem? "

Hai beifei looked puzzled and said, "The ancient Barrens is a desert with no birds or people. Moreover, there were immemorial astral winds, which were extremely dangerous. Even a Nine Heavens Martial Emperor powerhouse would be very afraid of them. I wonder why master Yunxiao went in? Could it be to gain experience?"

Yunxiao was overjoyed when he heard that. His purpose in coming to the gentle song forest was to collect the immemorial astral wind and open the wind territory in the divine realm tablet. At first, he wasn't too sure if the astral winds really existed in the ancient Barrens land. Now, it seemed like it was true. Secondly, he also wanted to see his own disciple.

"That's right, I'm doing it for the experience."

Yunxiao nodded with a happy look on his face.

Hai beifei frowned. there are indeed many experts who like to go to that place for training. However, with master Yunxiao's cultivation base, he's still a little hesitant.

His meaning was clear, you're not qualified enough.

you don't have to worry about that, commander hai," Yunxiao said with a smile. By the way, I want to ask if Regiment commander hao lian is here?"

For some reason, hai beifei's expression suddenly changed, and a fierce look emanated from his body. His eyes, which had been as calm as water a moment ago, suddenly turned sharp as he stared at Yunxiao and said, "What do you mean by asking about commander hao lian's condition?"

Yunxiao's heart skipped a beat under his gaze. Feeling a little uncomfortable, he said, "What's wrong? Is there a problem?"

Hai beifei's face gradually turned cold. He snorted and said, "Aren't there rumors going around that commander Tong has failed to break through to the rank of a martial Supreme and has already passed away? During this period of time, a lot of people have been knocking left and right, trying to get information from me. Hmph, they're all a bunch of Rascals! I can tell you with certainty that commander

hao lian is doing very well right now, and his progress in breaking through to the rank of martial Supreme is also very smooth. He'll be able to come out of seclusion soon. You don't need to ask where he's in seclusion."

Yunxiao's heart skipped a beat, and a bad feeling welled up in his heart.

Breaking through to the martial Supreme realm was the biggest hurdle in the martial Dao. One needed all three factors to have a chance of successfully breaking through. It was impossible for hai beifei to know whether the breakthrough was going well. All of this was just an excuse. However, it also showed that he was also very uncertain, which was why he was so sensitive and avoided others asking about this.

Did something really happen to shaohuang?

He started to get anxious, but it would be pointless to continue asking. Not to mention that hai beifei might not know anything. Even if he knew, he would not say anything and would even think that he was a spy or something.

"Captain hai, please tell me how to get to the ancient Barrens!"

hehe," hai beifei chuckled and said, "Although everyone knows that the entrance to the ancient Barrens is in the gentle song forest, there are less than ten people in the entire forest who know how to get there. And I'm one of them. Moreover, even if he knew, master Yunxiao would not be able to enter without the help of a rookie mercenary group. So Yingluo, master can consider the conditions I mentioned earlier."

I'm going to the ancient Barrens to gain experience! Yunxiao could not help but curse. if my divine body's power is extracted and my martial arts are crippled, what's the point of me going there?" there's a way to solve brother Hailin's condition," he said. I know more than three ways to do it, other than extracting the power of the divine body.

"Which three?" hai beifei's pupils shrank as he asked anxiously.

two of them are not likely to be realized," Yunxiao said. For Captain Hai, the most reliable way is to extract the wood essence from the ancient evergreen tree, which is enough to suppress the bloodline of the primitive kun cow in brother Hailin's body. Then, I'll use all kinds of methods to raise his strength to the martial ancestor realm. After that, the power of the bloodline of the barren kun cow will not only not be a burden, but it will also be an extremely powerful force that can be used!"

"Ancient evergreen tree Suan ni"

Hai Beifei's face revealed a look of great joy, but then his expression turned extremely strange. He said, "Does Grandmaster Yunxiao know where the ancient evergreen tree is?"

not in the demon land?" Yunxiao frowned. "I thought I was in the demon land?" Captain Hai should know better than me, right?"

Hai Beifei forced a smile and said, "It's indeed on the demon Plains, but the eternal evergreen tree has existed since the birth of the heaven and earth. It's said that it has already developed a spirit and can move freely. The people who had seen this number in the past were all in different places, and they were very far apart. It'll be extremely difficult to find them."

that's your business, Captain Hai," Yunxiao said leisurely. "It has nothing to do with me whether I can find it or not."

Hai Beifei smiled and said, "You're wrong. Whether we can find the ancient evergreen tree or not is also closely related to Master Yunxiao."

Yunxiao's eyes grew cold as he snorted and said, "If you can't find it, are you going to draw my Shen power?"

Hai Beifei blushed and shook his head, "You're wrong, Master Yunxiao. It's because the ancient evergreen tree is the only way to the ancient desolate land!"

"What?"

Yunxiao jumped to his feet in shock and said, " the ancient Barrens land is actually going in from there? how is that possible? "

Hai beifei said seriously, 'where do you think the ancient Barrens are, master Yunxiao? That place is not in the realm of heavenly martial arts!' "It's in the outer space!" He pointed upwards.

"Only the ancient evergreen tree has existed since the creation of the world. It is the only path to the starry sky!"

Yunxiao's face froze as he muttered, " "In that case, it's indeed not something that can be entered just because you want to. Is there any news of the ancient evergreen tree?"

Hai beifei shook his head and said, " the demon land is very vast. The ancient evergreen tree can run on its own. It won't be easy to find it. Usually, it would take a few years or even a dozen years for news to spread. However, since we have the same goal this time, I'll definitely use all my strength and put up a reward to find this Divine Tree!"

thank you, Captain hai, " Yunxiao nodded. if you can let me enter the ancient primordial land, I'll take care of brother Hai Lin's problem.

"I'll give the order and issue the reward right away," hai beifei said.

He strode out and suddenly stopped. He turned around and smiled, " "Master Yunxiao, even if we search with all our might, I'm afraid we won't be able to find it in a short time. During this period of time, you will be the captain of the noob mercenary group's 8th team."

Chapter 353

?

353 The eighth team

There were hundreds of mercenary groups in the forest, but they were all organized in the same way. The regimental commander and the Deputy regimental commander would set up various teams, and the team leader would be in charge. Each team had many small commanders under them.

The captain of a newbie mercenary group was an influential figure in the light song forest.

Huo Jian was a Martial Emperor, but he was only the vice-captain of the first team.

“The eighth team, huh?”

Accompanied by Hai Lin, Yunxiao rode slowly on his dragon horse for more than an hour before he arrived.

Everyone got off the carriage and saw an exquisite row of courtyards.

“This is already the territory of the west of the city,” Hai Lin said with a smile. This small courtyard is the property of our rookie mercenary group, and all the alchemists live in it. Young master Yun, as a fifth-tier great Alchemist, you will be very popular.”

Yunxiao looked around. The small courtyard was located in a very prosperous area, and after he got out of the car, he felt a slight jolt in his heart, as if he had sensed the aura of Yang Fire coming from under the earth.

Behind him, Zhu Lei muttered with a strange expression, “Not necessarily. These alchemists are all extremely arrogant, and no one can control them. I’m afraid Lord bin Jie will have a headache and can’t sleep all day.”

Bin Jie was the temporary captain of the eighth team.

Yunxiao turned to look at Yunshang and said, “Teacher Yunshang, do you feel anything special?”

so, young master Yun has felt it. Yunshang frowned. I just feel an extremely hot aura stirring my body, and my qi and blood are a little agitated.

'That's right,' Yunxiao said. I see. This place is a place of extreme yang. No wonder alchemists are gathered here."

Zhu Lei's face was filled with shock as he said, " master Yunxiao, you can even feel this? "

"Master Yunxiao, you're really a master," said Hai Lin enviously. Regiment commander hao lian personally chose this place, saying that there's a fire Dragon Dormant underground that can provide an endless stream of Yang Fire, which can be used for artifact refining and pill refining to yield twice the result with half the effort."

the so-called dormant Fire Dragon should be referring to the earth vein, " Yunxiao said with a smile. this place is indeed excellent!

The group walked into the largest courtyard and saw an old man with messy hair knocking his head as he muttered to himself, " "What's going on? I've added the starry sky cold iron and the thousand year ice and snow into the class 5 water sword, why can't it advance?"

"Why? Why is that so?"

The old man kept grabbing his hair, as if he was in extreme pain. His eyes were red and swollen, and it was obvious that he had not slept for a long time.

Hai Lin was surprised and quickly said, " "Master Lu!"

The old man didn't notice their arrival at all, and he turned a deaf ear to Hailin's shouts. He just kept scratching his hair until it was almost completely gone.

Yunxiao shook his head with a wry smile. although the starry sky cold iron is super water-based, it is a metal-elemental treasure. It can be contained without being exposed. When you are upgrading the profound armament, you will inevitably fuse the attributes contained within it and destroy the balance of various attributes. In the end, the failure of the upgrade is also a matter of course."

"Ah?"

The old man instantly shouted. His mouth was wide open as if he had been struck by lightning. He stood there, stunned, and motionless.

However, his turbid and bloodshot eyes were getting brighter and brighter.

The old man suddenly jumped up and clapped his hands. He laughed and said, " I finally understand, haha!

"I see, I see!"

He laughed wildly and ran away, disappearing without a trace.

"Zhenzhen, master Yunxiao, will Master Lu be alright?"

it's alright, " yunshang said with a smile. most alchemists look like this.

She was also a practitioner of both martial arts and alchemy, but she had never taken the test again after she had been promoted to a first-tier Alchemist. However, she was confident that she could pass the second rank smoothly. However, this did not seem to have much meaning. The only thing she wanted now was to quickly improve her strength and not become a burden to the Lord in front of her.

Zhu Lei gave Yunxiao a surprised look and said, " Master Lu is also at the fifth rank. You are also at the fifth rank. How did you solve the difficult problem that has been bothering him so easily? "

there are specializations in every field, " Yunxiao said. I just happened to read about that Lao Ai in a book. What a coincidence."

Hai Lin praised, 'master Yunxiao is amazing! Master Lu is the only fifth-tier Alchemist here. Originally, commander hao lian wanted Master Lu to be the captain of the eighth team, but he refused."

people like him spend all their time in alchemy, " Ding Ling 'er said with a smile. they don't have the time to care about these things.

"Master Lu, Master Lu, I've brought all the ancient books here!"

Suddenly, a shout came from inside. A man rushed out with all kinds of books that were more than two meters tall. He turned around and looked around."Eh, where's master Lu?"

"Sir bin!"

When Zhu Lei saw the person's appearance, he was shocked and hurriedly stepped forward to help him put down the book in his hand. Bin Jie's body was covered in dust, and he looked as if he had rolled on the ground a few times. He said in surprise, " "Sir bin, you ..."

Bin Jie smiled bitterly and said,"so it's you guys. Where's master Lu?" He told me to find all the alchemy books in the light song forest. I haven't slept for days."

why? " Yunxiao frowned. it's so hard to serve these people? "

Bin Jie said in pain,"it's not just hard work, it's simply painful!" Damn it, whoever becomes the captain is a f * cking bastard! Young master Hailin, when will you be able to find a fool to take over my position?" He raised his head and said,"that's right, this is Yingluo."

this is master Yunxiao, who has been newly sent to take over your position, " Hailin quickly introduced. he's a fifth-tier Alchemist and the official Captain of the eighth team.

Bin Jie,"hehe."

"Ha Yingluo."

Bin Jie smiled awkwardly and hurriedly patted the dust off his body. He stepped forward to shake hands and said, "Not hard, not hard at all! Hello, hello, silly. Uh, no, no, no, master Yunxiao, right? Hello, master Yunxiao, I'm bin Jie!"

Yunxiao pulled his hand back with an indifferent look.

"I was just joking with master Yunxiao," bin Jie hurriedly said. It's so comfortable to be a Captain, you can do whatever you want all day, and you can eat and drink well." He gave Ding Ling 'er and Yunshang a look behind him, then put his mouth close to Yunxiao's ear and said mysteriously, "and there are beautiful girls who came to me, hehe.

Oh? " Yunxiao's eyes lit up. is there such a good thing? "

"Of course!"

"More than half of the trade in the west of the city is under the jurisdiction of the eighth team. How deep do you think the waters are?" bin Jie said. "Girls who come crying and shouting can circle the gentle song forest two times!" He said.

Yunxiao also smiled knowingly and said, "Then I'll consider taking over."

"What's there to consider!"

Bin Jie patted his shoulder and said, "brother, although you're young and promising, you should still pay more attention to exercising your body and eat more tonics. Otherwise, you won't be able to take it." In the future, the ignorant girls here will be waiting for you to pacify them. I have something to do, so I'll take my leave first!"

After he finished speaking, he turned into a ray of light and disappeared from the courtyard, heading towards the north of the city. The sound of laughter could be faintly heard in the sky.

Yunxiao looked at the disappearing light and thought to himself, 'it's too late. He was actually a nine-stars Martial Emperor! 'It seems that young Emperor has indeed cultivated a pretty good force!'

master Yunxiao, " Hai Lin said awkwardly, " if you don't like it here, I'll go back and tell my father. He'll definitely get you out of here.

I'm fine, " Yunxiao narrowed his eyes and said with a smile. I think it's good.

"Pretty good?" "What did Sir bin Jie secretly tell you just now?" Zhu Lei asked.

"Hmph!"

With a cold snort, Ding Ling 'er said with a cold face, " "That piece of trash said that a Brigade leader here, an ignorant girl crying and shouting at her door, could circle the light song forest twice. Otherwise, do you think young master Yun would stay in this God-forsaken place?"

Yunxiao's face darkened as he hurriedly explained, " that's not the reason. I'm an Alchemist after all, and I'm more used to being with everyone.

master Yunxiao, " Zhu Lei patted him on the shoulder and said, " we're both men. It's understandable.

it's really not what you think, " Yunxiao said anxiously. it's not what you think.

"Master Yunxiao, let's go and take a look at the situation here," said Hai Lin.

"Yes, yes, yes. Let's take a look at the situation here first." Yunxiao wiped the cold sweat off his forehead and felt two cold auras behind him, as if two ice cubes were following him.

"This way, master Yunxiao," said Hai Lin. By the way, I'll have someone send a large number of tonics over later. Master Yunxiao, you must take care of your body."

Yunxiao, 'hehe'.

Behind the small courtyard was a huge open space, and in front of it was a gourd-like building. It was extremely wide, and people were coming in and out from time to time.

At the door, a man was giving instructions in a hurry.

“What are you dawdling for? Hurry up and send it over to Grandmaster Huang!”

“Pig! Master Leng wants the seven fragrance leaves, not the seven lotus leaves. I’ll kick you to death!”

screw you! You can’t even find a piece of shadowless ice! Don’t come back if you can’t find it before dark!

“F * ck your mother! The demonic core of the explosive pig that master Wei wants is not a pig’s head!”

The man smashed a fiery red pig’s head on one of his underlings’ head and sent him flying with a series of punches and kicks. He roared, “If you don’t handle it well, I’ll capture you one by one and let those Masters refine you as materials!”

The subordinates all lowered their heads and jogged away.

“Lord Zhou Xiang!”

Hai Lin shouted from afar and laughed, “Lord Zhou Xiang seems to be living a very fulfilling life!”

The man took a closer look and immediately ran forward. He almost knelt down and wailed, “young master Hailin, please transfer me away. I’ll erect a longevity monument for you and bow to you three times and nine times a day!

there’s no need to fight and kill here,” Hai Lin said with a smile. it’s a fulfilling life every day. How comfortable. People want to come, but they won’t let them.”

Zhou Xiang pounded his chest in pain, hugged Hai Lin and cried, "Give me back the days I spent in blood and blades."

Hailin pushed him away and explained to Yunxiao, "This is the vice-captain of Team 8, Zhou Xiang. He's a very nice person."

Chapter 354

?

354 Vice-captain Zhou Xiang

Yunxiao smiled. In Hai Lin's words, everyone was good.

He glanced at Zhou Xiang and immediately made a judgment. He was a five-stars Martial Emperor!

It seemed like the captain of a newbie mercenary group was at least a Martial Emperor. Moreover, Zhou Xiang was also very young. It seemed like he was extremely talented. The regiment had arranged for him to meddle in other people's business in this place, probably out of a kind of protection for him.

After all, in the vicious light song forest, even a Martial Emperor could die at any time.

I'm the new captain of the eighth team," Yunxiao greeted. from now on, I'll be in charge of this place. He pointed at Zhou Xiang and laughed,"that includes you!"

Zhou Xiang's eyes nearly popped out of their sockets as he stared at Yunxiao blankly for a while, then threw his head back and howled, "Is this the Guild leader's final test for me? He's just a little kid. Could he be the illegitimate child of the leader?"

Yunxiao's face darkened, and his eyes turned blood-red and shrank into a new Moon as he cried out, "Yue que!"

A wave of power that was hard to capture spread out in an endless stream.

Zhou Xiang's body trembled, and his pupils suddenly contracted. A large amount of mental energy poured into his spirit ocean like a tidal wave and began to attack it. He quickly closed his eyes in shock and retreated.

The eyes were the window to the soul. Although spiritual attacks could be everywhere, if the other party opened their eyes, it was equivalent to opening a window to receive the attack. It would be twice the effort with half the effect.

Even though he had closed his eyes, the power that had rushed in earlier had still directly shattered the defense in his sea of consciousness and entered his soul.

"En!"

Zhou Xiang groaned as he swallowed the blood that had rushed up his throat. His mouth was filled with the taste of blood.

He didn't dare to open his eyes. You ... You are a high-tier Alchemist? "

from now on," Yunxiao said lightly. I'm your boss.

Zhou Xiang swallowed his saliva bitterly and slowly opened his eyes. He looked at Hai Lin pitifully, as if he was saying, "A group of alchemists was already too much for him to take care of, and now he had to take care of another one who was good at mental attacks. He was afraid that he would not live long.

"Young master Hailin, I'll leave my mother in your care! Wuwuwu ~"

Zhou Xiang could not help but burst into tears at the thought of this.

Zhu Lei's face was covered in cold sweat. His opponent was a Martial Emperor, but he actually started crying. It was evident that even a Martial Emperor couldn't withstand such an inhuman place!

Hai Lin patted his shoulder and comforted him, "don't worry. Big brother Yunxiao will protect you in the future. You won't be at a disadvantage if you follow big brother Yunxiao. Big brother Yunxiao is a very good person.

Yunxiao glanced at the gourd-like building and felt the waves of fluctuations coming from it. With a knowing smile in his eyes, he said, "Zhou Xiang, bring us in to take a look."

Zhou Xiang was crying his heart out when he suddenly trembled. His eyes revealed a look of fear as he shook his head repeatedly. "No, no, no. If you want to go, you go in yourself!"

Oh? "Yunxiao was taken aback. is it that scary?" he laughed.

"Why don't you go in and try?" Zhou Xiang sneered. Why don't we make a bet? if you can go in and hold on for an hour, I'll sincerely respect you and call you boss. Otherwise, you'll have to think of a way to transfer me out of Team 8."

A cunning smile flashed in his eyes as he said expectantly, "How is it?"

deal," Yunxiao said with a smile. let's wait outside. He walked inside without looking back.

Zhou Xiang laughed out loud as he watched him enter the gourd. haha, I can finally leave this place!

Ding Ling 'er looked at him indifferently and said, "I'm afraid you'll be disappointed this time. You'd better think about how to call me boss later."

I won't lose," Zhou Xiang said confidently. none of those alchemists can last an hour in that damn place. He sized Ding Ling 'er up and said with an evil smile, "Why don't we make a bet? If you lose, you'll be my girlfriend."

Ding Ling 'er's face darkened, and she said coldly, "If you lose, slap yourself ten times and crawl three times on the ground!"

“Good! Deal!”

Zhou Xiang could not stop laughing, tears were flowing out of his eyes. Thank the heavens, I, Zhou Xiang, have finally had a good time after all my suffering. Not only can I leave this damn place, but I've also been given such a beautiful girl. The world is so beautiful!

Ding Ling 'er looked at him coldly and snorted.

She was 100% confident. What kind of person was Yunxiao? He was once a ninth-tier great Alchemist, who stood at the peak of the art of alchemy in the heavenly martial realm.

The few of them waited quietly outside. At first, Zhou Xiang's face was full of pride, and he could not stop looking at Ding Ling 'er, admiring the girlfriend that he was about to have. But after being stared at by Ding Ling 'er's murderous aura, he did not dare to look at her anymore.

“Get lost, you brat, you dare to destroy my refinement, you bi an, you deserve to die!”

As expected, an earth-shaking roar came from inside, shaking the entire gourd building.

Zhou Xiang laughed madly and said, “haha, that kid is done for!” It must be Master Fang Rui! He's currently refining the absolute land pill, which is being jointly refined by five grandmasters. It's the most critical moment, and now even the gods can't stop that kid!”

He smugly glanced at Ding Ling 'er, but she didn't show any emotion on her face, as if nothing had happened.

Zhou Xiang felt a wave of discomfort in his heart, but he snorted lightly with his nose and revealed a smug expression, as if he was waiting to see.

In the gourd, a scruffy old man roared at Yunxiao, “Dammit! We've worked so hard for more than half a month and spent countless heavenly materials and earthly treasures to refine it, but you've destroyed it! Even if you play to your death, you can't absolve yourself of your crime!”

The other four alchemists also had gloomy faces and were terribly pale.

It was not only because of anger, but also because of the long period of refining, these alchemists had long exhausted their soul power, and their qi and blood had long been weak, looking like neither human nor ghost.

A large number of other alchemists around were also alarmed by the roar, and they turned their eyes to him.

“Oh my God, master Fang Rui spent so much effort to refine the pill of extinction, did he fail again? Is the absolute land pill so difficult to refine?”

“Even the combined power of five grandmasters is not enough? The absolute land pill was only a level five medicinal pill! Master Fang Rui himself is a fifth-rank existence!”

“The extreme Earth pill is a top-notch fifth-tier pill. It can increase a martial King’s chances of breaking through to the six directions realm by thirty percent, so it’s normal to fail. Even sixth-tier alchemists have an extremely low success rate!”

“I don’t think so. That kid must have interrupted master Fang’s refining. Otherwise, it wouldn’t have failed. After all, I’ve been preparing for more than half a year, and I’ve only started with confidence.”

For a moment, everyone stopped what they were doing and looked over to discuss.

Yunxiao looked at the sloppy old man, raised an eyebrow, and said sarcastically, “ you failed your own refinement and now you’re blaming it on someone else. How can you be so shameless? ”

Fang Rui flew into a rage. He was so angry that his entire body was shaking. “I, I failed? Do you know how much preparation I’ve made for this? Every link had been planned over a hundred times, and it was simply a foolproof plan! You, you have to compensate me!”

Yunxiao sniffed and snorted, “ Refining the absolute land pill only requires seven main ingredients and thirty-six supplementary ingredients. There are at least a hundred different ingredients in this furnace of

yours, and they're all a mess. It would be strange if it didn't fail. The trashiest thing is that if you fail, you'll blame it on me."

"You're so silly!"

Fang Rui was taken aback. The recipe for the absolute land pill was a top secret. How did this kid know that it was a combination of seven plus thirty-six ingredients? furthermore, how did he know that there were hundreds of ingredients in the pill furnace? Could he have smelled it? That was impossible!

"You know nothing! The extreme Earth pill was a fifth-tier top-notch elixir. It contained a great amount of six directions martial intent, which could increase the chances of breaking through to the martial arts Grandmaster realm by 30%. Other than the three main ingredients, the seven plus thirty-six ingredients are all fifth-tier ingredients. With our strength, it's very difficult to raise it to the sixth-tier. That's why I used a large amount of sixth-tier materials to refine the six directions martial intent and fuse it into it."

After explaining for a long time, Fang Rui finally smacked his own head and said angrily, "What am I explaining to a little brat like you! Hurry up and call your family's Daren to come and make it for me!"

Yunxiao put on a sympathetic look, as if he was looking at a hopeless person with pity.

"If you're not strong enough, don't force yourself to refine it. It's a waste of materials and energy. Besides the seven plus thirty-six material configuration, if there were any other methods, they would have been passed down long ago. You three want to improve the pill recipe?"

"In theory, a level five art can refine all level five existences. However, because a large number of idiots have limited intelligence and like to play small tricks, the difference between each level is like the difference between heaven and earth. Since you're a fifth-ranked being, you should be able to refine the peril pill by yourself using the seven plus thirty-six ingredients."

Yunxiao walked up to the alchemy furnace, opened the lid, and frowned. He cleared out all the dregs from the failed refinement, took out the ingredients of seven plus thirty-six from the medicine rack next to him, and put them in again.

Fang Rui's eyelids twitched as his heart skipped a beat. He had thought that Yunxiao only knew the number of materials needed to make the pill, but judging from the forty-three materials he had just chosen, he did know the recipe. And from the fluctuations on his body, it could be seen that Jian Jia

You are an Alchemist!

Fang Rui cried out in shock. His eyes were filled with disbelief as he said, "H-how is this possible? You ... What tier of Alchemist are you?"

Yunxiao closed the lid of the furnace, gave him a glance, and said, "There's a fire Dragon vein here, and the Yang Qi is soaring. With a fifth-grade art, it's enough to refine the absolute land pill!"

He cast a spell and it flew into the alchemy furnace. Immediately, it started to spin. The gemstones embedded in the alchemy furnace emitted a myriad of colors and were very beautiful.

Chapter 355-Warlock God

"What? He's going to refine the pill of extinction?"

The people around them were all stunned. Many of them laughed and shook their heads.

"This kid is only fifteen years old, right? Are you really an Alchemist?"

a fifteen-year-old cricket. He clearly can't see any soul power fluctuations!

"It's not that I can't feel it, but it's too strong! I can feel his soul power fluctuation. It's not below master Fang Rui's!"

A fourth-tier Alchemist said in horror, his eyes full of shock.

"He's not below master Fang Rui? Elder Bai, you must be mistaken!"

Everyone was shocked and revealed a look of shock. Yunxiao's next move immediately made them open their mouths in shock and petrified.

"Fifth-tier medicinal pills are called fifth-tier because fifth-tier alchemists can refine them! If it required a level six pill to refine, then it wouldn't be a level five pill! As long as you seriously unleash the full potential of Tier 5 soul power and art, and not waste the slightest bit of extra power, it'll be enough to support you in refining any Tier 5 medicinal pill!"

Yunxiao began to move. His speed was not fast, but ordinary. Every movement was very smooth and pleasing to the eye, as if he was a standard textbook.

"This Tao Wu is indeed a rank five soul power!"

Fang Rui felt a soul power that was not weaker than his fluctuating from Yunxiao's body, which gave him a very comfortable feeling, as if he had become one with the whole environment. Every movement and every bit of soul power of his followed some indescribable pattern.

As he looked at it, he became infatuated.

Not only him, but all the alchemists also felt that they had entered a very mysterious realm. It was as if what he saw was not a fifth-tier Alchemist refining pills, but a supreme art unfolding in front of him, and a tall door slowly opening in his direction.

Many people's bottlenecks, which had been stuck for decades, seemed to gradually show signs of loosening. In their sea of consciousness, there were constantly flashes of spiritual light, and all kinds of problems were solved by themselves without a teacher, and they were suddenly enlightened.

At this moment, everyone felt like they were about to cry.

"Plop!"

Finally, someone could not help but kneel down. Under the beautiful refining process, the highest realm of alchemists was displayed, as if an Alchemist God had descended and accepted the worship of the world.

“Plop!”

“Plop!”

One by one, they knelt down. The alchemists who were usually arrogant and condescending all knelt down sincerely at this moment. They were not kneeling to Yunxiao, but to the Supreme Dao of alchemy that they had been seeking for their entire lives!

Yunxiao was the embodiment of the Dao of magic that he had been pursuing for his whole life.

His every movement was as smooth as floating clouds and flowing water, and his face was filled with a faint smile. In contrast to those alchemists who risked their lives to refine the pill, this kind of refining was like a pleasure in his hands, and he seemed to be more and more energetic.

Other than the rumbling of the pill furnace, there was no other sound in the hall. It was a strange silence.

An hour later, no one was standing except for Yunxiao.

The gemstones on the pill furnace flickered alternately, and soon, they gradually calmed down.

Yunxiao was covered in sweat, and his breathing became rough. It had been a long time since he had refined to his heart's content, and his fifth rank spirit power had been completely exhausted. He stepped forward and opened the lid of the furnace. The fragrance of pills filled the air, and the entire Hall was filled with fragrance.

“Swish!”

Fang Rui took in a deep breath and tears of excitement welled up in his eyes. it's a peerless pill! The fragrance of the peerless pill!

"The Warlock God, Lord Warlock God!"

please teach me the most powerful art of alchemy, my Lord, " an Alchemist cried. please!

"Lord Warlock God!"

Immediately, all the alchemists cried and screamed.

The highest level of the art was perfectly displayed by a fifteen-year-old boy. There was no other explanation other than the arrival of the art God.

Yunxiao's face darkened. I'm not a sorcerer God. All of you, stand up and talk. I can't stand you, all of you, who are hundreds of years old, kneeling down.

It wasn't that he had never experienced this kind of scene of being worshipped by tens of thousands of people. If it were someone else, they would have long panicked and not know what to do. But, Yunxiao's face was calm. Without even looking at the pill, he walked straight to the center.

"Lord sorcerer God, please teach us the Supreme Dao of Sorcery!"

The crowd was still crying and shouting, as if they were afraid that the Supreme art of Dao would disappear with this young man at any time.

what supreme art? " Yunxiao said indifferently, " I've only touched the surface. If you guys have any problems, I can help you solve them. By the way, don't call me a sorcerer God, I'm not worthy of that title. Just call me young master Yun."

"Shu junyu, master Yun, I'd like to ask you something. We all saw your refining just now. Not a single bit of soul power or energy was wasted. How can such a perfect refinement be achieved?"

An Alchemist mustered his courage and asked the question in his heart. This time, everyone's spirits were at a high level as they perked up their ears to listen. This was the biggest doubt in their hearts.

Yunxiao walked to the top of the hall, pulled a chair over, sat down, crossed his legs, and said, "All of you, sit down. Don't just stand there."

No one dared to disobey. They hurriedly found futons and sat down under Yunxiao like primary school students, listening carefully.

"Any kind of refining will have an unreasonable consumption of soul power, even I am no exception. However, this kind of loss can be controlled."

Time passed by slowly.

Zhou Xiang, who was waiting outside the gourd, began to lose his previous smugness. He frowned from time to time, as if he was thinking about something.

Later, he finally became uneasy and kept pacing back and forth, as if he was afraid that Yunxiao was hiding somewhere in the gourd.

Finally, an hour passed, but Yunxiao was still nowhere to be seen.

how is this possible?!

no! Zhou Xiang jumped up and said angrily, " he must be cheating! He's hiding somewhere inside and hasn't entered yet!

if you're a man, you should keep your promise," Ding Ling'er said coldly. ten slaps, three laps for a dog!

"I have to make sure that he's not cheating!" Zhou Xiang's face was flushed red as he argued.

“Let’s go in and see,” Hai Lin said.

He took the lead and walked in front, and everyone followed him in succession.

It was a vast space inside. As soon as Yunshang stepped into it, she felt a restless Qi spreading out in her body, and her genuine Qi was circulating in her meridians and bones on its own. She turned pale with fright. The land of fire dragons had such a great effect on her nine yang divine body!

This gourd was the dragon’s eye of the fire Dragon earth vein, and it was filled with Yang Qi.

The scene in front of them stunned everyone, especially Zhou Xiang, whose mouth was wide open and his eyes almost fell out of their sockets.

In the vast space, a group of alchemists sat on futons obediently, listening attentively to Yunxiao’s speech.

All kinds of materials and utensils were thrown around, and there was no other sound in the hall except for Yunxiao’s voice.

“This is an ...”

Zhou Xiang was completely petrified.

Were they still the alchemists who had a bad temper, a bad attitude, and were difficult to please? Why are they all acting like primary school students?

Yunxiao saw them come in at first glance. He stood up with a smile and said, “Let’s stop here. Everyone, take a good time to digest. Young master Hailin and Captain Zhou Xiang are here.”

“Huala”

All the alchemists rose to their feet, turned around, and glared at Zhou Xiang and the others. Their eyes were spitting fire, and they were all furious.

Zhou Xiang and the rest felt an overwhelming Fury coming at them for no reason. It was as if the air around them was about to burn.

A white-haired old man rushed forward. It was Fang Rui. He pointed at the group with a trembling finger and shouted, " you, you guys dare to interrupt young master Yun's teaching? you all deserve to die!

Is this how you rookie mercenaries treat alchemists? "

the bottleneck that has troubled me for more than ten years has suddenly been broken. You, you actually dare to ruin such a sacred matter!

"This is too infuriating! It's as if I can see the door to the art of Dao opening for me. It's all because of you!" An Alchemist was so angry that his hair stood on end. the rookie mercenary group is indeed respectful to us alchemists. The contract I signed with you is about to expire, so I can't stay any longer!

"Right! My contract is also about to expire and I'm also leaving the rookie mercenary group. I've been refining pills and weapons for you all day, and you even interrupted our classes!"

"That's right, let's go! Those whose contracts have expired, follow young master Yun! We didn't want to stay in this damn place for a long time! I'll go wherever young master Yun goes!"

"Me too!"

"Me too!"

For a moment, all the alchemists were extremely angry, and they made their stand clear, demanding to leave the rookie mercenary group and follow Yunxiao.

The reaction was so intense that Hailin and the others were all shocked and broke out in cold sweat.

What a joke!

If all the alchemists left, the strength of the whole rookie mercenary group would be reduced by at least half! They were the strongest logistical support. No matter what, a force could only dominate a region with a group of alchemists supporting it.

Zhou Xiang was also instantly dumbfounded, and his mind went blank. If this group of alchemists were to leave, the consequences would be so dire that he dared not even think about it!

Masters, Masters, please don't be impulsive. Impulsiveness is the devil!

Zhou Xiang hurried forward to comfort the volcanoes, but it was to no avail. The alchemists' eyes were fixed on him, as if he had killed their father, and they wanted to kill him with their eyes.

"Devil? How dare you interrupt young master Yun's lesson? you're the real Devils! Get lost!"

Hailin hurriedly turned his eyes to Yunxiao for help. If these alchemists really left, not to mention Zhou Xiang, even he would probably be skinned alive.

you're leaving the rookie mercenary group," Yunxiao said. where are you going? "

He sat on the upper seat, crossed his legs, and said coldly, By the way, I forgot to introduce myself. I'm Li Yunxiao, and I'm now officially the captain of the eighth team of the rookie mercenary group.

Chapter 356

?

356 Master, please accept my knees

As soon as he said that, the entire Hall fell silent.

young master Yun is the captain of the eighth team? ”

All the alchemists were shocked on the spot, and the shock on their faces turned into ecstasy. They were so excited that their ears turned red, and they could not control themselves.

Yunxiao gave the crowd an indifferent look and said, ” I heard that you guys are usually very arrogant and domineering, and very difficult to manage. Vice-captain Zhou Xiang is wailing about leaving.”

“No, no, there’s no such thing!”

The alchemists were all anxious, and Fang Rui hurriedly argued, ” we’re all approachable, affable, gentle, and polite people. We’ll never put on the airs of alchemists.

“Isn’t that right, vice-captain Zhou!” He turned to look at Zhou Xiang, his eyes as big as copper bells, and he glared at him fiercely.

Zhou Xiang’s mind went blank. The great contrast between the performance of these alchemists made him feel an indescribable desolation. With a sorrowful look on his face, he sobbed, ” “All the Masters are humble gentlemen, gentlemanly, gentle, kind, understanding, gentlemanly, warm as Jade, wuwuwuwuwuwu.”

At the end of her sentence, she could no longer hold back her grievances and squatted on the ground, crying her heart out.

“Yes, yes, yes!”

we are all polite and mild-tempered people, ” all the alchemists said hurriedly. we will obey master Yunxiao’s orders in the future!

Both Hailin and Zhu Lei’s faces turned pale. They looked at the group of alchemists, who usually held their heads high and had their noses up in the air, bowing and bowing before Yunxiao while making solemn promises. They felt that this was extremely unreal, as if they were in a fantasy.

Zhu Lei swallowed his saliva and said dryly, " master Yunxiao is good at mental attacks. Are we seeing illusions? "

Hailin also patted his forehead, feeling a sharp pain. Looking at Zhou Xiang who was squatting on the ground and crying sadly, she felt that it did not seem fake.

but, hehe, " Yunxiao said with a frown, " it seems that the contracts of all the Masters are about to expire. I really don't know if the newbie mercenary group will sign a new contract with you. Let's ask young master Hailin."

The alchemists of major forces generally employed a hiring system, providing a large number of materials for the alchemists 'cultivation, so that they could stay and make the pills for themselves. Only a few alchemists would really join a force, which was equivalent to completely restricting themselves.

After all, the final destination in the mind of all alchemists was the Holy Land of alchemy-the sea of soul formation!

"A contract?"

An Alchemist hurriedly ran to Hailin and pleaded, " "Young master Hailin, please let me renew the contract with the newbie mercenary group! The contract has to be renewed for at least 50 years!"

and me! How can 50 years be enough? I want to extend my contract for 100 years!

"A hundred years? You're over a hundred years old! I'm going to sign a lifelong contract and stay in a rookie mercenary group for the rest of my life!"

"I want a life contract too! However, it must be written in the contract that master Yunxiao must be in the rookie mercenary group. If master Yunxiao leaves, I'll leave too!"

"Yes, yes, yes, Grandmaster Yunxiao, we're here. If master Yunxiao leaves, we'll leave!"

Hai Lin was instantly dumbfounded. He recalled how his father had begged these alchemists to stay and offered all kinds of heaven-defying conditions. He had to obey their wishes and go along with their hobbies before he could sign many five-year contracts. But now, they were all crying and asking to sign a lifetime contract. The contrast was huge.

What shocked him even more was that even though they had signed a lifelong contract, it was not the rookie mercenary group that bound them, but Yunxiao. If Yunxiao left, the consequences would be dire.

For a moment, he felt a headache coming on. He was drowned by the cries and shouts for a lifetime contract. He felt that he couldn't cope with such a scene at all, so he hurriedly shouted, "Hurry, hurry, commander Zuo, bring all the master's contracts here and call my father here!"

"Who's making so much noise in my team eight? you can't have peace!"

Suddenly, a roar came from the back of the hall. A white-haired old man rushed out with an angry face. He looked around and shouted, "What are you all doing? All of you have tears on your faces. Did someone bully you?"

"I heard that someone wants to sign a lifelong contract? Are you guys stupid?"

The old man's eyes widened as he glared at the crowd. However, he realized that everyone's faces were indifferent and determined, not moved by his words.

"Master Lu!"

"This is the new captain of team eight. We've decided to follow him." Fang Rui quickly stepped forward. If the brigade leader wants us to stay, we'll stay. If the brigade leader leaves, we'll leave!"

"Oh?" The old man looked at him suspiciously and snorted, "A bunch of spineless guys! Who can make you sell your freedom and sign a lifelong contract? I'd like to see if the new captain is God Fang!"

He pushed the crowd aside and looked up at the top of the hall.

Everyone's heart skipped a beat. This Master Lu was the leader of all alchemists. He was also a peak fifth-tier Alchemist, and he had a very bad temper. If he had a conflict with master Yunxiao and offended him, he would ...

Just as everyone's hearts were filled with apprehension and wild guesses ...

Master Lu's eyes were wide open. When he saw Yunxiao's mouth open, he suddenly pounced on him and cried out, "Master, master! I finally get to see you again!" He half-knelt in front of Yunxiao like a child and cried, "Master, please accept my knees! I, Lu Xun, will follow you from now on. Master, please don't abandon me!"

He kept scratching Yunxiao's legs with both hands.

Yunxiao's hair stood on end, and he hurriedly kicked him away as he said angrily, "Stay away from me, I'm not interested in men! If you want to follow me, you'll have to ask the newbie mercenary group first!"

The old man was Lu Xun, whom he had met earlier. After receiving Yunxiao's enlightenment, he had buried himself in the refining, and as expected, he succeeded very soon. This time, the refining process was more successful than he had expected, allowing him to instantly release the bottleneck that had been stuck for a long time, almost directly advancing to the sixth step.

rookie mercenary group?" Lu Xun was taken aback. He hurriedly stood up and ran towards the sea Forest, shouting, "Young master Hailin, quickly bring me my contract. I want to sign a lifetime agreement! If master Yunxiao is here, I'll be here. If master Yunxiao leaves, I'll leave!"

Hailin had a headache. There was another one.

"Pa!"

Suddenly, a crisp sound of a slap rang out in the hall. Zhou Xiang drooped his head and kept slapping himself. He said bitterly, "Young master Yun, you're my boss from now on. I'll do whatever you say, even if you want me to eat sh * t."

“Pa!”

“Pa!”

He kept on slapping, a total of ten loud slaps, and both sides of his face turned red.

In the beginning, he really could not bear to do it. After all, he was a martial Royal realm expert, a powerful existence in any force. But when he saw the usually proud alchemists kneel down on the spot, he did not feel ashamed at all.

The next few slaps became more and more enjoyable, and the embarrassment was completely gone. Instead, he felt that it was a great pride and happiness to be able to follow Yunxiao. At least, he could follow Yunxiao whenever he wanted without having to sign any contract. And these high and mighty alchemists had to sign a life-long contract to be qualified to follow him.

Thinking of this, he became prouder the more he slapped her. The last few slaps were even more vigorous, and both sides of his face were swollen like buns.

“Vice-captain, what are you doing?”

Yunxiao’s mouth was wide open in surprise as he asked in confusion, ” “Your way of expressing your loyalty is too strange, this young master has learned a lot.”

Zhou Xiang touched his swollen face and shook his head. “I should, I should. I’m especially insensible, I deserve to be beaten, I deserve to be beaten!”

He sneaked a glance at Ding Ling ‘er with a pleading look in his eyes.

Ding Ling ‘er smiled and understood what Zhou Xiang meant. After all, Zhou Xiang was a martial Royal realm expert. He had already mustered up a lot of courage to slap her ten times in front of everyone. It was impossible for him to kneel and crawl three rounds, so he begged her to stop.

Looking at Ding Ling 'er nodding her head, Zhou Xiang was relieved and happy. Although the more he was slapped, the prouder he was, he would probably never be able to raise his head in the rookie mercenary group again.

Zhu Lei rushed to the headquarters as fast as he could. All alchemists had to sign a lifelong contract, which was undoubtedly a big deal. Even commander hao lian would be shocked by it.

“Contract, contract!”

Zhu Lei rushed into the headquarters with all his might and barged into hai beifei's room without reporting. He panted and said, “Guild ... Guild leader hai, contract, contract!”

He flew too fast and used up all his Yuan Qi in one breath. He couldn't catch his breath.

Hai beifei looked unhappy and frowned. “You're panicking and not calm at all. Do you still look like a martial artist? This is the headquarters of the newbie mercenary group. Even if the sky falls, I will hold it up!”

Zhu Lei shook his head and tried his best to take a deep breath, saying: “A contract, a contract for all alchemy Masters. Cancel all the alchemy Masters and the original contracts, and sign ... Sign Wufu!”

“What?”

Hai beifei let out a loud roar. The aura on his body suddenly spread out and an extremely strong force exploded. Zhu Lei's entire body was blown away by the force.

Hai beifei took a step forward. His figure appeared more than ten meters away and caught Zhu Lei in his hand. His face was terrifyingly gloomy as he said in a cold voice, “Did li Yunxiao cause trouble? All the alchemy Masters are going to terminate their contracts?”

Zhu Lei's qi and blood were not flowing smoothly to begin with. Under the impact of his Qi, a mouthful of blood gushed out and was stuck in his throat. He tried his best to explain, but the moment he opened his mouth, a gush of qi and blood rushed up to his throat.

Zhu Lei's heart grew anxious. He desperately shook his head, and desperately nodded again. He shook and nodded, and the more anxious he became, the more chaotic he became. He opened his mouth and moved a few times, and the smell of blood spurted out.

"Damn it!"

Hai beifei immediately threw Zhu Lei out and roared, "Team 8 is the foundation of our logistics! Li Yunxiao, if any of the Masters leave, I'll definitely break your bones!"

He turned into a beam of light and instantly headed to the west of the city, disappearing into the horizon in the blink of an eye.

Chapter 357-almost causing a disaster

Zhu Lei was thrown away by hai beifei and flew a few hundred meters before stopping. Hearing the roars in the air and watching the light disappear in the sky, he broke out in a cold sweat.

He was in big trouble now. With hai beifei's strength and anger, he would not kill Yunxiao with a single slap, would he? That Xie Zhi

Thinking of this, he shivered. It was all his fault for being in such a hurry. He should have taken a break first. If something were to happen, how could he bear the responsibility? He hurriedly took out a large number of medicinal pills and threw them into his mouth. He gave chase with all his might, but with his speed, how could he catch up to hai beifei?

The speed of a martial honor expert could travel ten thousand miles in an instant.

Hai beifei arrived at the west of the city in the blink of an eye. His domain spread out and covered the entire base of Team 8. In the next moment, his figure appeared directly outside the gourd building. A sound wave spread out, almost blowing up the entire space!

li Yunxiao, you're courting death!

Yunxiao, who was in the hall, was instantly locked on by an extremely strong killing intent, and then a sharp sound wave broke through the air. Although the sound spread far and wide, the power of the attack converged into a line and was only aimed at him. The entire Hall was shaken by the power, and the space was a little erratic as if it was in the sea.

Yunxiao's body went cold, and all his pores opened in an instant. An aura of death came.

Hai beifei's attack was too sudden. If he was prepared, he could even take a punch from a Martial Emperor. However, the other party came in a hurry and suddenly attacked. The power of a two-star martial venerable rushed out, causing his pores to open and the killing intent to penetrate his body.

At that moment, Lu Xun roared and rushed up, blocking Yunxiao with his body. His eyes flashed with a determined look.

He was a peak fifth-tier Alchemist, and his divine sense was far stronger than that of ordinary people.

Immediately after, Fang Rui also blocked. They spread their arms to protect Yunxiao.

Yunxiao was taken aback, and his pupils widened. A warm feeling flowed in their hearts as they saw the two white-haired old men standing in front of them. They were not protecting themselves, but the Supreme art of magic that they yearned for.

They were not familiar with Yunxiao, but they could see an unattainable goal in him.

Although he couldn't reach it, his heart yearned for it.

In the long river of history, there had been countless world protectors on this endless road, who had sacrificed their lives to protect the belief in the Holy God in their hearts. Although the two of them were pale, they gritted their teeth and did not retreat a single step!

“This is a Kasaya.”

Hai beifei’s figure rushed in. His palm was condensed with unparalleled power, and he was about to slap down. When he suddenly saw two familiar faces, he hurriedly retracted his palm force and sucked in the air with all his might, suppressing all the momentum he had released.

The power of a martial honor, even if it was just the aftershock, was not something these two old men could withstand! If they were injured, the consequences would be unimaginable!

“Pfft!”

The powerful Qi rushed back into his body, and a mouthful of heart blood was forced down his throat and spat out. He forcefully flipped a few times in the air before he managed to dispel the force. However, he had clearly suffered internal injuries.

This kind of forceful stopping of vital energy was extremely harmful to the body, and the higher the cultivation, the greater the backlash. Hai beifei rushed in without any hesitation and did not show any mercy. Now that he had taken all of it, the qi and blood in his body were in turmoil. He felt that more than ten of his meridians had been broken.

“Two masters, why is this?”

He looked puzzled and shocked. ‘I’m going to kill Yunxiao, so everyone should be happy!’

“Why?”

Lu Xun stepped back from the gates of hell, his face ashen. He gritted his teeth and said, “Hai beifei! We’ve been working for the rookie mercenary group for so many years, and you want to kill master Yunxiao! Then you’ll have to step over our dead bodies first!”

“Right! Over our dead bodies!”

The rest of the alchemists also came to their senses at that moment. One by one, they strode forward and stood in front of Yunxiao, their faces filled with determination, as if they were not afraid of death!

This time, hai beifei was really frightened and stood there dumbfounded.

“Father, what are you doing?”

Hai Lin also rushed up and criticized, his face full of anger. Not to mention that Yunxiao had saved his life several times, and his mastery of martial arts had won the admiration and respect of many masters. If he were to die here, he would undoubtedly be in great trouble!

“This is an ...”

what?” hai beifei was dumbfounded. didn’t li Yunxiao offend all the grandmasters?”

“Offended?” “The person who offended us is Your Excellency, team leader hai!” Fang Rui said angrily. I’m done, you can find someone else!”

“I’m done too! It’s really f * cking infuriating!”

“Me too! You’ve been working so hard for years, and now you’re trying to harm master Yunxiao!”

The crowd responded one after another, all of them with angry faces.

Hai Lin hurriedly explained the situation, and hai beifei was drenched in cold sweat. So this was what they wanted to get the contract for. He looked at Yunxiao with a pleading look, looking very reserved.

Zhou Xiang was also feeling a little dizzy. He did not expect that a martial honor could also reveal such a pitiful expression, as if he was begging. He suddenly felt that his back had straightened a lot. He felt that the ten slaps he had given earlier had been worth it.

“Master Yunxiao, let’s leave this damn place together! I’m already sick of it!” master Yunxiao, ” Fang Rui asked. with master Yunxiao leading us, we can go anywhere in the world. Even the seven great powers will accept us.”

Hai beifei was very anxious. He no longer cared about his status and wailed, ” “Master Yunxiao, please don’t! I was confused just now and didn’t understand the situation. Please forgive me, Master!”

If these people left, the logistics of the rookie mercenary group would be almost cut off, and they would probably not be able to last for a few months in the gentle song forest.

At that moment, everyone’s eyes were on Yunxiao, as if they were waiting for his decision.

Yunxiao stared at hai beifei, and a cold gleam flashed in his eyes as he said, ” “If it weren’t for the sake of shaohuang haolian, you wouldn’t be standing here safe and sound.”

Hai beifei felt bitter in his heart. Of course, he would not believe Yunxiao’s words. He thought that Yunxiao was just trying to put on a show. After all, it was normal for young people to care about their face. However, he was at fault in the first place and did not dare to refute. He only asked in surprise, ” “Master Yunxiao knows commander hao lian?”

Yunxiao’s eyes flickered with a trace of reminiscence as he said, ” “You’ll know in the future.”

He looked at Lu Xun and the others and said, ”everyone, I still have some matters to attend to in the qingge woodland for a while. Also, I have a close relationship with shaohuang hao lian.” I hope that everyone will continue to stay in the rookie mercenary group and assist.”

Lu Xun frowned and asked, ’master Yunxiao, are you leaving in the future? We hope to be able to follow Grandmaster!’ He revealed a look of desire.

“I’m willing to follow Grandmaster!”

The crowd shouted in unison, their faces filled with determination and desire.

Yunxiao smiled and said with a sigh, "I won't be leaving in the short term. I can understand your feelings. During this period of time, I'll tell you everything I know if you have any questions regarding the art of divination. In addition, I'll be coming to this forest often in the future."

A hint of desolation flashed across everyone's faces, but when they thought about how they could ask as many questions as possible during this period of time, they quickly became excited again. Each and every one of them rubbed their fists, desperately listing the questions they wanted to ask in their minds.

Hai bei Fei heaved a sigh of relief. A hint of surprise flashed in his eyes. It seemed that this kid really knew the commander. Moreover, their relationship seemed to be quite deep. Could he be the illegitimate son of the Guild leader? Or perhaps the son of an old friend?

His mind was filled with random thoughts.

After comforting the alchemists, Yunxiao said to him, "I'll have to trouble Captain hai to find information on the ancient evergreen tree as soon as possible. Also, I don't want today's incident to happen again."

"I will, I will!" Hai beifei's forehead was covered in cold sweat. He was still scared just thinking about what had happened today.

Suddenly, a figure rushed into the hall and shouted with all his might, "Captain hai, you can't ... You can't attack master Yunxiao!"

This person was Zhu Lei. He had been running back and forth for a long time, and his physical strength had long been exhausted. Now, he was completely relying on medicinal pills to support himself, for fear of causing a disaster. He had almost exhausted his last trace of energy.

"It's all your fault for not explaining clearly!" Hai beifei said angrily.

With a wave of his hand, a strong gust of wind was directly pushed over, directly sweeping up Zhu Lei, who was on the verge of collapse, and instantly blowing him hundreds of meters away, turning into a small black dot that disappeared in the sky.

Hai Lin, "hehe."

Hai beifei said, 'master Yunxiao, the west of the city is a place where the good and the bad are mixed together. None of the three mercenary groups had the upper hand, and the division of territory was very complicated. For safety reasons, team eight had two vice-captains. I'll send bin Jie over later to protect Grandmaster with Zhou Xiang.'

Now, Yunxiao was not only related to Hailin's injury, but also directly related to the stability of the Alchemist team of the rookie mercenary group. Therefore, he must be the top priority!

The pitiful bin Jie had just escaped, and if he knew about this, he would probably hit the wall and die on the spot.

After hai beifei warned Zhou Xiang and the others for a while, he found that the atmosphere was very cold, and the alchemists were all looking at him indifferently with hostility in their eyes. He smiled bitterly and felt a headache.

If Yunxiao changed his mind or left, he would not know how to clean up this mess. Fortunately, the other party seemed to have a friendship with commander hao lian. Hopefully, that was the case. Otherwise, he would be in deep trouble.

He felt bored for a while, so he left with Hai Lin.

Captain, the situation in the west of the city is extremely complicated, " Zhou Xiang said. it's still early. Why don't I accompany you for a walk? "

Yunxiao thought for a moment and said, 'that's good. Since you've taken the position, just do a good job. Originally, I wasn't interested in it. "

After he gave some instructions and pointed out some problems to all the alchemists, the crowd left in satisfaction and continued their work.

young master Yun, ” Yunshang suddenly said, ” the Yang Qi here is very pure, and it seems to be of great benefit to my body. I’m planning to cultivate in seclusion for a while.”

that’s good, ” Yunxiao said. this is indeed a rare land of positive yang. However, I still feel that something is amiss. You can cultivate here for the time being. It’ll be good for your nine yang true Qi!”

Yunxiao, Zhou Xiang, and Ding Ling ‘er left.

Chapter 358

?

358 My rules are my rules

After entering the territory of the West, Yunxiao found that it was far larger than the other three cities. Not only was it big, but it was also much more prosperous. This place looked like a normal city.

The three great mercenary groups mutually restricted each other, giving the other small fish forces space to survive, which presented the scene of a Hundred Flowers blooming.

However, these Hundred Flowers bloomed in unison, all of which were sinful acts. At the same time, it also caused another big problem-the chaos in public security.

Because there were no rules or restrictions, this place had the highest number of deaths every day in the light song forest. However, a large number of martial artists still rushed in happily, because the greatest joy here was also that there were no rules or restrictions.

While walking, Zhou Xiang explained, ‘although the main task of team eight is to provide guarantee for the production of many alchemy Masters, it seems to be a team that specializes in logistics in the eyes of others. However, their overall combat strength was also one of the best among the eight teams. This was because the eighth team was too important. If it wasn’t for the fire Dragon’s Qi here, we wouldn’t have set up the territory of the eighth squad in the west of the city.”

“There are special channels for the supply of alchemy materials, but it’s also a very important way to get local materials in the west of the city. The top four of the ten merchant unions, myriad treasures store, money sect, four extremes sect, and Tianyi merchant Association, all have branches here.”

They were both in the ten merchant alliances, but there was still a huge gap between them.

Ding Ling ‘er sighed with emotion. At least, Tianyuan trading company was not on the same level as these four Giants.

The three of them quickly attracted the attention of many people as they walked on the road. Every new martial artist who entered the city’s West would fall into the eyes of countless forces.

Especially Ding Ling ‘er, such a delicate little girl exuded a pure and refined aura of a beautiful girl. With her red lips and white teeth, one could tell at a glance that she was a Virgin, and she immediately attracted the attention of all the men.

Ding Ling ‘er felt the lecherous eyes of the wolves around her. She was burning with anger and had goosebumps all over.

Zhou Xiang could tell that she was extremely uncomfortable. He smiled and said, “It’s like this here, all men who lick blood from the edge of a knife, their characters are wild and violent, and they’re all drunkards and lechers. Miss ding, you’ll get used to it.”

“Adapt?”

Ding Ling ‘er’s face darkened, and she said coldly, “I think it’s more suitable for them to adapt to me!”

Zhou Xiang was taken aback, not understanding what he meant.

Ding Ling ‘er suddenly attacked, and a white arrow light shot out without any warning. An old man on the side of the street, who made her want to vomit and showed an obscene expression, was shocked. He screamed and wanted to Dodge, but the arrow light was too fast.

“Don’t!”

Zhou Xiang’s expression changed drastically. He wanted to stop her in horror, but it was already too late.

“BOOM!”

The old man couldn’t Dodge in time and was directly blown to pieces. A large amount of minced meat and the smell of blood spread in the air.

This sudden explosion shocked everyone, and they all looked over. Their frivolous expressions turned serious and gloomy.

what makes me feel uncomfortable is death! Ding Ling ‘er said coldly.

Zhou Xiang’s mouth was wide open, unable to react in time. He didn’t expect that this fresh and lovely beauty would be so violent in her bones. She had only fantasized a few times with her eyes, and then she had killed her without leaving any residue.

He didn’t know Ding Ling ‘er’s identity. Although Tianyuan trading company had declined, it had been famous on the continent for a long time. As the favored daughter of the Chamber of Commerce and one of the two beauties in the ten merchant alliances, she was usually surrounded by all kinds of lights and received respect and admiration. She had never been stared at by a pack of hungry wolves in such a lecherous way.

Ever since they entered the gentle song forest, Ding Ling ‘er’s heart had been burning with an unknown fire for a long time. If Yunxiao did not want to stay here, she would have turned around and left!

“This is big trouble!” Zhou Xiang had a bitter smile on his face as he shook his head slightly, as if he had encountered something that gave him a headache.

big trouble? ” Yunxiao asked, puzzled. big trouble? ” Don’t large numbers of people die Here every day? isn’t it true that those with bigger fists can kill as they wish?”

“You’re right, but that’s only for those small forces,” Zhou Xiang said with a bitter smile. Our three mercenary groups still abide by our own discipline. After all, we’re the overlords of the light song forest, and there must be rules under our fists. Only then can we convince people and not cause chaos. Furthermore, the situation in the west of the city was extremely complicated. The three great mercenary groups restricted each other. Now that miss ding has killed someone, I’m afraid the other two mercenary groups will take the opportunity to cause trouble.”

With an indifferent look on his face, Yunxiao said softly, “You’re right, there must be rules under the fist. Rookie mercenary group’s interests in the city’s West will be restricted by our eighth team. From today on, my rules are the rules.”

“What do you mean by ‘my rules are the rules’?” Zhou Xiang was a little dumbfounded.

Yunxiao looked at him with an aura that only a man who had been in a superior position for a long time could have, which made Zhou Xiang feel a sense of fear and awe. This caused him to be greatly alarmed. That apathetic look of life and death and the vicissitudes of life was definitely not a spiritual attack, but a genuine attack from the heart.

“For example, the person that miss Ling ‘er wants to kill should die. This is my rule.”

Yunxiao’s indifferent words made Zhou Xiang’s heart skip a beat. As a Martial Emperor, he was so shocked that he broke out in cold sweat.

My rules are rules. How can there be such overbearing rules in the world?

Do you think you’re a martial Supreme?

Zhou Xiang cursed in his heart and felt a sense of powerlessness. He finally understood that any Alchemist was arrogant and unruly, and there were no exceptions! Moreover, if such a person became the leader, the entire eighth squad would be in trouble. In serious cases, it would even bring great hidden dangers to the clan.

With the gradual recovery of his strength, the arrogance and domineering air of his previous life was gradually revealed. Countless people had died under the star sword slash, and he was definitely not a merciful person.

Ding Ling 'er, on the other hand, felt a warm current flowing through her heart as she looked at Yunxiao with a somewhat dazed look in her eyes. With his words, no matter how much he suffered in the light song forest, it was all worth it.

The death of an old man caused a commotion, but it quickly returned to normal. They continued to do what they had to do, as if the old man had never existed. However, when they looked at Ding Ling 'er, they no longer dared to be so unscrupulous, and they all looked vigilant.

Zhou Xiang whistled, and very quickly, a black figure appeared out of nowhere. The figure half-knelt on the ground and bowed. number nine greets the vice-captain!

this is the dark shadow team of our Team 8 located in the west of the city. They are in charge of intelligence gathering and various covert operations. After explaining to Yunxiao, he turned to the man and said, " "This is the newly-appointed Captain of the eighth team, His Excellency Li Yunxiao! You saw what happened just now. Go and clean up the mess."

The black shadow raised his head and gave Yunxiao a surprised look, then quickly lowered his head and said, " "Yes!"

His answer was straightforward and without any hesitation, he disappeared in front of the three people again.

"The dark shadow Squad has a total of nine members, but each of them is extremely powerful," Zhou Xiang said. With him taking care of the aftermath, there shouldn't be any trouble."

it's too late! Yunxiao's eyes narrowed. it seems that trouble is coming.

Sure enough, in a few breaths 'time, a large number of cultivators began to rush in from all directions, all of them with extremely heavy vicious Qi.

Some of the bystanders around saw that the situation was not right, and many of them ran away. Some of them were confident that they were strong, so they stayed to watch the show.

Zhou Xiang was shocked and said in a deep voice, "not good!" They're from the storm mercenary group!"

He hurriedly blew the whistle again, but there was no response this time. His face immediately darkened.

"Hmph, no need to brag. I've brought you the person you wanted to call."

A voice rang out in the air, and soon a black shadow landed in front of the three of them. It was No. 9 of the dark shadow Squad who had just left. His face was covered in blood, and he had already died. Moreover, his limbs were twisted in a strange way. It was obvious that he had been tortured before he died.

A white-robed man had appeared in the sky out of nowhere. He was staring at Zhou Xiang and the other two with an ice-cold gaze as if he was looking at dead bodies. There was no emotion in his eyes at all.

"Killing in the streets of the East and West. Your rookie mercenary group is getting more and more unscrupulous. You don't even put us in your eyes."

The white-robed man said coldly. His white robes fluttered in the wind, and his cold killing intent spread out, enveloping the entire area.

Everyone's minds were focused, knowing that this place would soon become a killing field.

"Zhao Yu!" Zhou Xiang's eyes were also cold as he looked at them and shouted in a domineering manner, "When did it become your turn to point fingers at my rookie mercenary group?"

"Don't think that you can control the life and death of others just because you have big fists," Zhao Yu sneered. Besides, your fists are nothing in my eyes!"

His words immediately aroused the goodwill and passion of those small forces, and they all echoed him. These people had been oppressed by the three mercenary groups. Now that someone had stepped forward, they glared at Yunxiao and the others, even though they knew that they were being used.

“Captain Zhou, even though our cross mercenaries is just a small fry, we’re not willing to be humiliated by anyone! What did old Huo do wrong? He was actually killed by that woman!”

A man with a cold body said in a deep voice. One side of his face had already rotted away, and he was tightly gripping an iron sword in his hand.

The dead old man was a member of the cross mercenaries. There were seven or eight other people standing behind the burly man, their faces flashing with anger.

Zhou Xiang was at a loss for words and frowned. Normally, he wouldn’t even bother to answer a small fry like the cross mercenary group, but now that Zhao Yu was making trouble for him, he had no choice but to answer.

what? ” Yunxiao sneered. his mistake is that he looks too wretched!

“Who are you?” the man was furious and shouted. Is this how you newbie mercenary groups bully others?”

Chapter 359

?

359 Dingfeng

“Hahaha!”

Zhao Yu also laughed out loud and said proudly, ” “You newbie mercenaries really think that you’re the Overlord of the light song forest. Could it be that shaohuang hao lian has already broken through to the martial Supreme realm? They can kill all of us, the other forces?”

Zhou Xiang was also having a headache. Yunxiao was exactly the same as those arrogant and pedantic alchemists. What he said was equivalent to offending all the forces. How could he be so unlucky to have such a superior?

Yunxiao gave Zhou Xiang a disdainful look and said, "This is a place where fists are the most important. Why are you trying to reason with them? Do you have the ability to convince them with reason and make them retreat?"

Zhou Xiang was taken aback. That's right, even if I give a hymn, in the end, there will still be a fight. Isn't it still a matter of who has the bigger fist?

Even Zhao Yu and the members of the cross mercenary group were stunned for a moment. They all thought to themselves, "this young man is right. So what if they are in the right?" He was here to find trouble and take the opportunity to make trouble. Even if he was reasonable, he would be unreasonable under the fist.

"Hmph, it's good that you understand! If you surrender now, I can still give you a chance to live. When the regimental commander's meeting is held in the west of the city, let everyone come for a public trial!"

Zhao Yu didn't want to waste any more time. The longer he waited, the more disadvantageous it would be for him. He just wanted to solve this quickly.

In fact, he had already begun to act when Yunxiao and the others entered the territory of the west of the city. Even if old Huo's incident didn't happen, other things would have happened. In short, the goal was to take down the leader of the noob mercenary group's Team 8.

Zhou Xiang explained in a low voice, "the regimental meeting is a meeting of the highest level in the city's West. It's usually initiated by one of the three great mercenary groups, and it's a meeting to gather all the mercenary groups to attend." It's usually held for the sake of dividing up the various benefits in the west of the city."

Yunxiao nodded very seriously and said, "I also feel that there is a need to hold such a meeting. After all, I've just taken over as the captain of team eight, so I have to inform everyone."

“What?”

Zhao Yu was shocked and said, “ you, a martial King, and the leader of the noob mercenary group’s eighth major team? ”

The rest of the people also showed a look of disbelief. In addition to the storm mercenary group and the cross mercenary group, there were many small groups attached to the storm mercenary group. There were about a dozen small forces and nearly a hundred people, and they were all shocked.

Zhao Yu’s pupils suddenly contracted, and he shouted, “ I recognize you! You’re the mysterious young man who entered the city with Hailin and killed several of my storm mercenary group’s commanders!”

I didn’t do anything all the way into the city, ” Yunxiao said in surprise. which of your eyes saw me kill? ”

“You have two vicious women with you, and the one who killed old Huo is probably one of them,” Zhao Yu said coldly. What about the other one? Also, did you kill Ye Xin?”

The rest of the people who were killed were only at the martial arts Grandmaster level, so it was fine if they died. However, Ye Xin was a genuine Martial Emperor. He was also an absolute backbone of the rainstorm mercenary group. He couldn’t afford to lose any of them.

After Ye Xin’s disappearance, the commotion that Hai Lin and the others caused when they entered the city had long since reached the intelligence Department of the storm mercenary group, and they had carried out a detailed analysis. Everyone’s analysts believed that it was impossible for Hailin’s team to pass through the east of the city under such circumstances, unless there was an expert secretly helping them.

Apart from Yunxiao and the other two, everyone in the caravan at that time was a member of a rookie mercenary group, so they were all eliminated one by one. The strength of Ding Ling ‘er and Luo yunshang was also described by the witnesses at that time, and a detailed analysis was carried out. In the end, the only suspicious person left was Yunxiao, who had never made a move.

In the beginning, Zhao Yu had felt that Yunxiao's appearance was somewhat similar to the rumors, but the cultivation base of the martial King had made him rule out his identity. Now that he heard that he was the leader of the noob mercenary group's eighth team, he was shocked and confirmed his identity!

If there was no special reason, the rookie mercenary group would never let a young man who was only a three-stars martial King take on such an important position as a platoon leader!

you're so long-winded," Yunxiao laughed. No matter what I answer, you're going to arrest me. Since the outcome is the same, you guys really have some free time. Young man, chatting can ruin your life!"

Zhao Yu snorted heavily. He felt that he had lost face being lectured by a teenager. He said angrily, "Since you want to be a prisoner so much, I'll fulfill your wish! Since the two leaders of your Eighth Brigade are here, I'll take them both!"

He released his aura and stretched out his hands. Two streams of vital Qi swirled in his palms, forming a tornado that rose more than ten meters high. His white clothes fluttered in the air as Yuan Qi formed in the surroundings and was sucked into the two tornadoes, causing them to grow stronger.

Zhou Xiang's face was extremely solemn. He pulled out a soft sword and shook it like a spirit snake, then pushed Yunxiao away with his left hand and said, "You and miss ding should leave quickly! I'll bring up the rear here!"

The surrounding martial artists all took out their weapons and became alert.

This kind of battle between martial emperors was not something they could interfere with. Their task was to surround them and not let anyone escape.

Zhao Yu's face grew colder and he laughed, "Zhou Xiang, don't put up any unnecessary resistance. Since I've made my move, none of you can escape!"

He suddenly made a move, and the power of the two tornadoes on his left and right combined into one in front of him, forming a huge tornado that pierced through the sky and the earth. With a loud shout, it smashed down.

“Heavenly wind incantation, wind revolution!”

“BOOM!”

All the surrounding buildings were shattered by this force and sucked in. A large number of cultivators pushed the encirclement more than ten meters away and circulated their Yuan Qi to resist.

“Bright light sword Qi!”

Zhou Xiang let out a loud shout. The soft sword in his hand produced a series of sword flowers that bloomed in the sky, forming a defensive barrier that enveloped the three of them.

“BOOM!”

The tornado instantly fell and smashed onto the sword light, causing spiritual pressure to shoot out in all directions, emitting a dazzling light.

Zhou Xiang gritted his teeth and thrust the soft sword in his hand toward the center of the tornado. He poured all of his Yuan Qi into it and held on firmly.

Zhao Yu’s cultivation was only one star higher than his, but one star was like heaven and earth. If he wanted to escape, Zhao Yu naturally wouldn’t be able to stop him. But, he could not ignore Yunxiao’s comfort. It was related to the stability of the entire Alchemist team of the rookie mercenary group. Even if he had to lose his life, he had to keep the other party safe!

Hmph, you’re trying to block my heavenly wind technique. You’re looking for death!

Zhao Yu sneered, and the power of the tornado increased again.

All of Zhou Xiang’s yuan Qi was poured into the soft sword. Finally, he could not hold on any longer and the sword left his hand, being sucked into the tornado.

“Not good!”

Shocked, he hurriedly pushed out his palms, trying to use his last strength to open up the defense to protect Yunxiao.

Suddenly, a beam of golden light shot out. Yunxiao had finally made his move.

A series of golden tadpole-like characters flew out of his body, and the divine realm tablet rushed directly into the tornado and suddenly became bigger.

“Hmph, my encirclement of wind can sweep away all profound level weapons! Even the martial artists whose cultivation is above mine would not dare to take it head-on. The ignorant are fearless. You are all courting death!”

Zhao Yu sneered arrogantly.

Suddenly, his smile froze. The divine realm tablet rushed into his tornado and was fixed on the Eye of the Wind, unable to be blown.

“Sweep away all profound level weapons?”

you’re the one who’s ignorant and fearless,” Yunxiao sneered. if you have the ability, you can even take the earth and mountains away! He slapped a few golden tadpole-like characters into the divine realm tablet and shouted, “Earth’s rhythm, settle the rivers and mountains for me!”

A burst of light glowed on the divine realm tablet and suddenly pressed down on the earth, giving rise to a rhythm, like the rules of a realm, spreading out in all directions.

Soon, all the cultivators were shocked to find that they couldn’t move their feet. It was as if ten thousand times the gravity was pressing on their bodies, and their entire bodies were sucked into the ground. Even standing up was difficult.

Zhao Yu was shocked. His wind ring was directly broken by the rhythm of the earth, turning into a few strong winds and dissipating.

Zhou Xiang's sword fell from the sky and stabbed into the ground with a clang, all the way up to the hilt!

"What kind of power is this? Gravity profound weapon?"

Zhao Yu felt a strong suction force from the ground, trying to push him down. He hurriedly circulated his vital Qi to resist it, barely managing to stay in the air. However, it had dispersed a great deal of his strength.

The breathing earth in the divine realm tablet was the mother of the earth, and even the immemorial astral wind could not blow it. Let alone a mere Martial Emperor's technique.

The breathing earth was also the foundation for Yunxiao to collect the primordial astral wind in the ancient desolate land. Therefore, without such a treasure to suppress the astral winds, he did not dare to come here rashly.

"It doesn't matter what it is? The important thing is that you're going to die!"

"Dang!"

A soul-shaking ancient sound rang out. Everyone's mind shook, and their sea of consciousness was in a daze. Some of the weaker martialists were knocked unconscious by the sound of the bell. Those who were stronger managed to hold on, but their meridians were also damaged. Then, a huge ancient Bell fell from the sky, blocking the sky and making it dark.

Zhao Yu was scared out of his wits when he saw the ancient Bell coming for him.

The weapon rhythm from the ancient Bell penetrated straight into his body, almost cutting it apart. A profound level weapon of this level, just the power of it made him feel a chill.

“What profound level weapon is this? Level eight? Ninth-rank?”

The highest level he had seen was only at the seventh step, but it had never been this terrifying. Zhao Yu let out a loud roar and exploded with all his power, breaking through the boundary of the land. He gathered all his Yuan Qi on his fist and punched the ancient Bell.

“Dang!”

The ancient Bell let out a sound again, and he was sent flying by the reflected sound wave.

Yunxiao was shocked as well. He had limited control over the dynasty Bell, so he lost control of it instantly under Zhao Yu’s full-strength strike. He hurriedly stretched out his hand and withdrew it back into his body. He turned into a ray of light and shot into the sky.

Chapter 360

?

360 Luo Yunshang’s strange phenomenon

Zhao Yu was shaken by the dynasty Bell’s sound waves. His whole body felt uncomfortable, and his eardrums were bleeding. His body kept spinning in the air, and he was sent flying for an unknown distance.

There was only one thought in his mind, [what kind of profound weapon is that?] How could such a precious treasure fall into the hands of others? he had to get it!

After flying for a long time, his body finally stopped and he saw a ray of light shooting towards him. In the light, Yunxiao’s face was fierce, and his eyes were bloodshot.

“?! That look?”

Zhao Yu’s sea of consciousness, which had just recovered from the sound waves, once again felt a sharp pain, and his head was about to explode.

“Not good! It’s a spiritual attack!”

He closed his eyes in shock, but it was too late. The space around him started to change. One by one, flat surfaces extended from an endless distance and streaked across his body.

space of consciousness?!

Zhao Yu’s heart sank. In the darkness ahead, a stalwart figure gradually turned around, raised a pot-sized fist, and gradually smashed down.

Wherever the fist wind passed, countless spaces were shattered!

“?!”

Zhao Yu was scared out of his wits. Although this kind of influence was created by his consciousness, it was so realistic and terrifying. It was as if the fist could destroy the four poles of the universe.

“Heavenly wind technique, break this!”

He shouted with all his might. If he couldn’t escape before the fist landed, his consciousness would be shattered along with the space. At that time, his body would completely become a vegetable without any consciousness.

At this critical moment, he unleashed all of his power as a six-stars Martial Emperor. A strong wind came out of his body, splitting the entire void, and a ray of sunlight shot in.

“Break!”

Zhao Yu was greatly encouraged. He happily expanded the wind in his hand, and the entire space was blown into pieces in an instant. The imposing figure also gradually drifted away and collapsed along with the world of consciousness.

A six-stars Martial Emperor was considered an expert in the entire heavenly martial continent. Yunxiao's level was too far away from his, and his eye technique could not trap him at all.

Just as Zhao Yu came out in high spirits, another clay pot-like fist came crashing down. It was as heavy as a mountain, and its pressure was shocking.

In front of Yunxiao, a small stone condensed with the power of a fist and smashed down with a demonic aura.

The little stone had been constantly cultivating through the breathing earth in the divine realm tablet. Now, its entire body had turned earthy yellow. It was originally the king of stone beasts and had extremely strong talent. After being nourished by Mother Earth, it seemed to be evolving continuously.

“What? A Martial Emperor realm demonic beast?”

Zhao Yu was shocked. How did a demonic beast appear out of thin air? Moreover, he was a Martial Emperor. He didn't have time to think about it. The pressure made his body tense up. He circulated his heavenly wind technique to the peak again and threw out both fists.

As the two forces came into contact, Zhao Yu's wind element was pushed back. Although little Shi had just advanced to the Martial Emperor realm, the earth element's power of the earth was the nemesis of wind element Warriors. In addition, he was still injured. Under this situation, he was constantly being defeated.

The worst thing was that the other party's earth element power contained an extremely strong earth pressure, making it difficult for him to move. Even if he kept retreating, it was difficult for him to move.

Yunxiao leaped into the air. With a cold look on his face, a sword beam gathered in his right hand, and without saying a word, he slashed it down!

Although the sword ray was not strong, Zhao Yu's body was suppressed by the stone beast's fist, and he could not move at all. If the sword light hit him like this, he would die without a doubt!

“Animal!”

He let out a furious roar and gathered all of his vital Qi on the tip of his fist. He fiercely shook it out in an attempt to push the stone beast away. Then, he condensed his palm and slapped it towards the sword light.

However, the stone beast’s strength seemed to have exceeded his expectations. With a shake, an even stronger mountain aura hit him in the face. He used his left hand to block it, but how could he block it? the huge force directly hit his body.

“Pfft!”

He spat out a mouthful of blood and was sent flying like a kite with a broken string.

The whole process only took a few seconds. Yunxiao rushed up again, his hands flashing with golden light as he made a seal and struck down.

“BOOM!”

Zhao Yu took a direct hit and fell straight down.

Soon, the storm mercenary group and some vassal forces in the distance all stared at Yunxiao in shock as he flew over with Zhao Yu, who was covered in wounds, in his hand. He lay on the ground like a dead dog, covered in blood and groaning constantly.

Due to the distance, they could only hear a few sounds of fighting and could not see the entire process.

Their mouths were so wide open that watermelons could be stuffed in. They could not accept that Zhao Yu, a six-stars Martial Emperor, had been defeated by a martial King!

Yunxiao's eyes swept across the crowd. Although they were like dragonflies, everyone felt as if they were being stared at, and they all lowered their heads, not daring to look at him in the eyes.

"I won't kill you, but since you dare to stand out and target me today, you'll have to pay a price."

He said to Zhou Xiang, who was still in a daze, "Take them all away and spread the news. The heroes Assembly of the west of the city will be held three days later. All mercenary groups must participate!"

These domineering words shocked Zhou Xiang to the extreme. It was as if all the forces in the city's West were his subordinates. Cold sweat seeped out of his forehead, and his intuition told him that something big was about to happen. And the captain in front of him was becoming more and more difficult to see through.

However, this kind of mystery that could not be seen through made him even more respectful. He hurriedly took out a signal and sent it out. Soon, the Warriors of the rookie mercenary group gathered and took everyone away as Yunxiao had ordered.

Zhao Yu of the rainstorm mercenary group had been captured, and the eighth leader of the rookie mercenary group was about to hold a Heroes Assembly. These two pieces of news spread like snowflakes throughout the entire gentle song woodland.

Although fighting and killing was a common occurrence, this time, everyone smelled something unusual.

When they returned to the small courtyard, Ding Ling 'er said apologetically, "young master Yun, it's all my fault. I caused such a big trouble.

Yunxiao chuckled and said, "I have nothing to do now anyway. I'll help my disciple clean up the gentle song forest. He's been here for so long, yet he's still unable to unify these small forces. He's really inferior."

Yunxiao was the only one who dared to say that. Beautiful women always admired heroes. Ding Ling 'er looked at him with more and more infatuation. There were only the two of them in the small courtyard, and the atmosphere was a little awkward.

Yunxiao coughed twice, then took out a voice transmission Jade tablet and wrote a stream of divine sense into it. He then took out a glass container with a drop of bright red liquid inside.

He gave the two items to Ding Ling 'er and said, "Get Zhou Xiang to personally deliver these two items to a person in the skeleton mercenary Corps called Mr. Yu."

Ding Ling 'er took the two items and looked at them for a while. Although she was puzzled, since Yunxiao did not say anything, she did not have to ask. She turned and left.

Yunxiao was a little lost in thought as he muttered to himself, "This light song forest is getting more and more interesting. However, young Emperor, where are you now? I'm sure that hai beifei doesn't know about this either, but I still have a way to find you!"

Just as he was about to enter the house to cultivate, his heart suddenly moved. He looked in surprise at the sky above the gourd-shaped building not far away. There was a faint red light.

"This is Suan ni, Yun Shang!"

Yunxiao's figure flickered as he headed toward the red light.

In a secret room inside the gourd building, yunshang was sitting cross-legged and cultivating calmly, completely unaware of the outside world.

A layer of red light flickered outside her body, and a red aura rose from the ground, circulating around her body with every breath she took. And with every breath, the color of the light grew stronger.

Yunxiao gently broke the lock and entered the room, but yunshang did not even notice it.

he's actually showing signs of a divine body. Could it be that yunshang's nine yang body has been activated?" Yunxiao pondered for a long time. Yunshang seemed to have entered a strange state. Her nine yang divine body, combined with the nine yang genuine Qi of shenxiao Palace, was one of the best cultivation techniques in the world. Even Yunxiao did not dare to make a guess without permission.

However, one thing was certain: this state was beneficial to Luo Yunshang.

What a strong positive Yang Qi. I'm afraid it's not as simple as the fire Dragon earth vein under here!

The demonic Dragon, who had not spoken for a long time, suddenly spoke. There seemed to be a hint of emotion in his voice.

"You mean ..." Yunxiao murmured.

"The so-called Dragon's Vein is just a gathering of the 'Qi' in the world, and the fire Dragon is born from the strong Yang Qi. In the end, it was still a place to gather Qi. After a long period of accumulation and evolution, this 'Qi' would produce all kinds of strange changes. One of them has a chance of constantly evolving and forming the one in ten thousand 'Dragon Qi'!"

Yunxiao's heart skipped a beat as he said in disbelief, "Do you mean that this earth vein has nurtured Dragon Qi?" He immediately thought of Luo Qingyun. He had the bloodline of the true dragon. If he could absorb a trace of pure Dragon Qi, he would probably be able to purify his bloodline and evolve to a terrifying level.

"I'm not too sure," said the demonic Dragon with a bitter smile. After all, Dragon Qi was one in a million and could give birth to an ancient true dragon. However, it's true that the positive Yang Qi here is extremely dense. This little girl's divine body has a terrifying aura. If she can fully develop it, she'll probably be an existence comparable to a martial sovereign."

Yunxiao secretly admired the demon Dragon's intuition. All the people who possessed the nine yang true Qi in the past generations of Shenxiao Palace had been peerless experts who could shake the world and dominate the continent.

"If there really is Dragon Qi, can you sense it?"

The demonic Dragon thought for a while and said, "If I'm close, I should be able to. However, I'm only a soul after all. I only have dragon essence. I can't absorb Dragon Qi. Even if you do find the Qi of the true dragon, how are you going to absorb it?"

The Qi of true dragon was the most overbearing existence in the world. It was impossible to collect it unless it was a peerless expert.
