

## The Eternal 361

### Chapter 361

?

361 The skeleton mercenary group

Yunxiao's eyes flickered as he said, "If we can really find it, we don't have to take it!"

The demon Dragon fell silent as he pondered over Yunxiao's words.

Yunxiao closed the door again, so as not to disturb Yunshang, and walked out.

Since these rows of buildings were built above the Dragon vein, there must be a place that was connected to the underground and could directly enter the Dragon vein. Only in this way could he continuously use the positive Yang Qi, allowing these alchemists to produce the pills with twice the effort but half the result.

.....

Zhou Xiang, who was delivering the news in the southern part of the city, was extremely depressed at this moment. His entire body was tied up by a glittering golden rope, and he was completely unable to exert any strength.

He had thought that it would be an extremely easy task, but now he understood why he had been assigned to do it. However, he still didn't understand why the man's face changed when he mentioned "Mr. Yu." He had been in the skeleton mercenary group for so many years, but he had never heard of a person called "Mr. Rain" in the group.

He couldn't help but be suspicious, and he scolded the intelligence Department of the regiment. This Mr. Yu was obviously an important figure, or he wouldn't have received such treatment.

“Hey, I say, Wu Lei. We know each other, and although we don’t have any friendship, we’ve never been on bad terms. I’m just here to deliver something on behalf of our Captain. You don’t have to treat me like this.”

Zhou Xiang mumbled in dissatisfaction.

Wu Lei was a nine-stars Martial Emperor from the skeleton Corps, and he captured Zhou Xiang with just one move. He looked at Zhou Xiang coldly and said, “I’ll have to ask the higher-ups if I want to let you go or not.” He looked at the Jade token and the blood in the vessel and said, “I will also hand in these two items. You can just wait here for your punishment.”

He ordered his men to keep an eye on Zhou Xiang, and without looking back, he headed towards the headquarters of the skeleton mercenary Corps.

Zhou Xiang began to shout arrogantly, which quickly aroused the dissatisfaction of the guards. A group of people surrounded him and gave him a good beating before he became obedient.

In a secret room in the headquarters of the skeleton mercenary group.

Wu Lei reported the situation and handed over two things at the same time.

A burly man sat on a throne. His entire body was shrouded in black, and his appearance could not be seen clearly. Beside the man stood a black-robed man. He was also extremely mysterious, and the aura on his body was extremely strange. It was as if there were no vital Qi fluctuations at all, just like an ordinary person.

However, what made Wu Lei extremely nervous was the black-robed man who did not have any Yuan Qi fluctuations. He was the most mysterious existence in the skeleton mercenary Corps, Mr. Yu. He seemed to be even more terrifying than the captain, Shen Feng.

Mr. Yu opened his hand, and the Jade Messenger token and the crystal container flew into his palm. He gently opened the Jade token, and a weak divine sense immediately fluctuated, which he caught.

“PU!”

He clenched his fist, and the Jade token turned into powder and disappeared.

Wu Lei’s heart trembled. He seemed to feel a wave of anger spreading. He did not know why, but a wave of fear rose in his heart. He clearly could not feel any Yuan Qi or martial intent pressure, but it made him feel a chill.

The burly man on the throne said, “What’s wrong, Mr. Yu?”

The black-robed man raised the crystal vessel and looked at it for a while. Then he said in a hoarse voice, “This is troublesome. Gu Yuesheng has indeed fallen into the hands of the rookie mercenary group.”

“It’s just Gu Yuesheng. It doesn’t matter even if he dies. Master, there’s no need to be angry,” Shen Feng said.

Mr. Yu shook his head and said, “It was nothing at first. If he died, there wouldn’t be any trouble. At most, we’d lose one of the immemorial heaven’s eyes. The problem is that he’s still alive. I brought him here. Do you know who his master is?”

“Master?” Shen Feng frowned. Aren’t you his master?”

Mr. Yu stared at the glassware and grabbed it hard. With a “bang,” it exploded. The drop of blood was caught in his hand, and he actually raised his head and swallowed it. Then, he licked his lips and said, “his master is a troublesome person that even I don’t want to provoke. Have you heard of crazy Jie?”

“What? Was it that pervert? Isn’t he already dead?”

Shen Feng’s voice was filled with shock as he reproached, “Since you’re that person’s disciple, why did you bring him to me? Now that something has happened, what should we do if that pervert comes to our door!”

Wu Lei stood below, frowning. He had never heard of this crazy Jie before. He did not know which faction he was from that even the regiment commander and Mr. Yu were afraid of him.

Mr. Yu laughed weirdly and said, "I'm just interested in his immemorial heaven's eye and want to do this. That drop of blood just now was indeed the blood essence of the immemorial heavenly eye. It tasted delicious. Keke!"

"Hmph!"

Shen Feng snorted heavily and said in dissatisfaction, "The immemorial heaven's eye is an important treasure. If you snatch it, will that mad hero let you go? Although I know you're not afraid of him, you don't want to have a big trouble chasing after you every day, do you?"

"You're wrong, Shen Feng," Mr. Yu said with a smile. Gu Yuesheng was just a test subject for that pervert. Do you think he would casually bestow such a treasure to a disciple? I know that person's temperament very well. The immemorial heaven's eye clan was a tribe that lived in groups. He must have found a tomb of an immemorial heaven's eye and obtained a certain number of heaven's eyes. That was why he was willing to use one of them on his disciple for an experiment. He definitely wouldn't make things difficult for me just because of a test subject."

"If that's the case, then what do you mean by trouble is coming?" Shen Feng asked.

Mr. Yu's face turned cold, and he looked extremely ferocious in the dark. He said, "The messenger already knows Gu Yuesheng's identity. He said that if he doesn't cooperate with them, he will hand Gu Yuesheng over to the sea of soul formation. If that's the case, that crazy hero will definitely go crazy and fight us to the death!"

"Cooperate with them?" Shen Feng's anger surged and he said in a deep voice. What are they doing?"

Mr. Yu's face was also strange, the letter said that they were going to do something in the west of the city. They told us to be honest and not give them any trouble.

Wu Lei was shocked and hurriedly said, "not long ago, news came from the west of the city. It says that the rookie mercenary group has just taken up the position of a new captain of the eighth team. He's

very young and his strength is mysterious.” He had just captured Zhao Yu from the storm mercenary group and said that the heroes Assembly would be held in three days. Could it be related to this matter?”

Mr. Yu frowned and mumbled to himself, the newly appointed Brigade leader, Youyou, has mysterious and unpredictable abilities. Could he be the one who captured Gu Yuesheng? ”

“Three days?” Shen Feng asked. Immediately go and find out the identity and information of this person. Don’t let any clues slip by! Also, since they already know about Mr. Yu, Zhou Xiang should let him go.”

“Yes!”

Wu Lei hurriedly replied, bowed and retreated.

“Mr. Yu, what are they doing? Ever since young Emperor hao lian’s disappearance, the newbie mercenary group had been extremely low-key. Not only did they lose a lot of territory and businesses in the West, but they also lost a lot of businesses in the North. Why did he suddenly become so high-profile? Could it be Zhenzhen?”

Shen Feng’s heart trembled as he thought of a bad idea. He said in horror, could it be that young Emperor hao lian has broken through to the martial Supreme realm and is back?!

“Don’t panic,” Mr. Yu said. With our current situation, we don’t have to be afraid even if young Emperor hao lian really breaks through to the martial Supreme realm. Moreover, the probability of such a situation was very low, and the people sent out had not sent back any news. Do you think that the nine Heavens will be so easy to break? I’m guessing that the newly appointed Captain wants to do something to stabilize his position.”

“I hope so.” Shen Feng finally calmed down and said. Teacher, when will you be done with that thing?”

“I thought we’d be able to capture Hailin without a hitch,” Mr. Yu scoffed,”but that doesn’t seem possible. I’m planning to go to the demon land to find the soul-splitting bone.”

“Soul-breaking type spinal bone?” “That’s a demonic beast that’s close to the nine Heavens Martial Emperor realm!” Shen Feng exclaimed.

“So what if I’m a Martial Emperor in the nine Heavens?” Mr. Yu snorted. Have you forgotten my identity?”

Shen Feng heaved a sigh of relief, and his face was filled with joy. He stood up from the throne and bowed to Mr. Yu slowly. He said excitedly, “Thank you, sir, for your help. I won’t forget your great kindness!”

Mr. Yu waved his hand impatiently, “No need to thank me. I’m just a friend of your father. It’s my duty to help you. Besides, it’s also for my own sake.”

After he finished speaking, his heart suddenly moved and his face revealed a look of shock. He looked in the direction of the west of the city as if all the buildings here could not block his eyes and he could see through the layers of space.

“This is a Suan ni, what a strong positive Yang Qi, that light is dense.”

Mr. Yu’s face twisted in disbelief and shock. He lost his composure and shouted, “A divine body phenomenon! The divine body phenomenon of the nine yang body!”

Shen Feng’s body trembled as he said in horror, “Nine yang divine body? Did teacher see wrongly?”

Mr. Yu’s body was also trembling in his black robe. He couldn’t calm himself down. He gritted his teeth and said, “I can’t be wrong! the one who killed Three Kings of our tribe and trapped our tribe under the five Cloud Mountain for nearly a thousand years was Gu Qingqing, the 19th Palace Master of shenxiao Palace and the one who has the nine yang real body! My race has a detailed description of this kind of physique!”

A black light flashed across his face, and his eyes exploded with a strong sense of ruthlessness. He said, “I can’t believe that a thousand years later, this kind of divine body will appear again! Is there really no way for our clan to rise again?”

Shen Feng's expression was not good either. He said in a deep voice, "the aura is coming from the noob mercenary group's eighth team. Could it be the new captain?"

"It's fine if he's a man," Mr. Yu said, "he won't be able to practice the nine yang true technique of shenxiao Palace." However, if it was a woman, a cold killing intent burst out from his eyes, and he shouted, "We must kill him!"

Shen Feng's heart skipped a beat as he watched Mr. Yu's figure disappear from the hall.

"I'll leave the matter of the soul-splitting spine to you," he said indifferently. "Leave the nine yang divine body to me. We can't mess with Feng Zi Jie for now, let the newbie mercenary group cause a scene in the west of the city."

Shen Feng also knew that this was a serious matter, and his eyes revealed a determined look before he disappeared from the main hall.

Chapter 362

?

362 Underground tunnel

At the same time, in the headquarters of the storm mercenary group, a few powerhouses were holding an emergency meeting.

The sudden movement of the newbie mercenary group in the west of the city made them extremely nervous.

A man seemed to be extremely disdainful of the tense atmosphere and said, "There's no news from the demon Plains. I think the matter of the rookie mercenary group in the west of the city is just a trick to confuse us and make us panic. If young Emperor hao lian has really broken through to the rank of a martial Supreme, why would they need to do this? they could have just charged over."

"Wu Wei is right, but we have to be careful. Could the matter of the city's West be seen as a signal? Before this, no matter how much we take an inch and ask for a yard, the rookie mercenary group can

only passively defend and continuously shrink their range of activity. However, ever since the Hailin Merchant House returned to the city, they became arrogant and killed our experts. Ye Xin's whereabouts were unknown, and Zhao Yu had been captured. Now, we're even holding a Heroes Assembly. It seems like we've suddenly gained a lot of confidence!"

An old man said with a deep voice. His face flickered with a dark light and his eyes were slightly turbid. He swept his gaze across everyone's faces and said, "If it's just a diversion, it won't take long to see through it. I'm just afraid that they've really found a trump card that can fight us without haolian shaohuang!"

"Hmph, if there really is such a thing. You wouldn't have been so timid all this time!" The other man didn't seem to agree with the old man's words and said, "Unless Heilin brought back something. But as far as I know, they're already very lucky to be able to return to the light song forest. In the demon Plains, he was ambushed by skeleton and his men several times."

Wu Wei revealed a look of dissatisfaction and snorted, "Shen Feng and the others have sent people to befriend them several times. Together, they're against the rookie mercenary group, but they don't even give us face! After we exterminate the rookie group, they will be next!"

"Don't underestimate Shen Feng. I think he's even more dangerous than young Emperor hao lian!" The old man said. Moreover, the skeleton mercenary group's origin was a bit mysterious. They had been investigating for so many years, but they still couldn't find out anything! I think we need to change our plan a little, from taking the initiative to provoke them to observe them!"

"Zhang Feng, you're being too careful," Wu Wei said disdainfully. The regiment commander had already brought the three elders to the demon Plains to track down shaohuang hao lian. The chances of him returning were slim, let alone advancing to a martial Supreme. In my opinion, we should take advantage of this matter to annihilate the rookie mercenary group in one fell swoop and take over their territory. Then, when the leader returns, we'll attack the skeleton mercenaries and unify the forest!"

"You're too young, Wu Wei." Zhang Feng frowned and shook his head. If it was that simple, the forest wouldn't have been in so much chaos for so many years. Caution is the parent of safety, you must not act rashly!"

"That's right, I agree with Zhang Feng." The other old man nodded. Moreover, everyone in the west of the city had set a rule that no force was allowed to send martial honors and above into the city. In terms of strength, the newbie mercenary group has the advantage."

“Hmph!”

Wu Wei stood up in dissatisfaction and said angrily, “Since you’ve decided to be cowards, why are you still opening your mouths?”

He patted his butt, ignored the crowd, and left the venue.

The rest of the people were frowning, clearly thinking far ahead. This time, young Emperor hao lian’s sudden disappearance after breaking through to the martial Supreme realm had brought too many variables to the future of the entire light song woodland. Perhaps it was a great opportunity to completely reshuffle the cards. However, no one had the confidence and assurance to be able to have the last laugh.

.....

Yunxiao called over the members of the eighth team and asked them about the situation of the fire Dragon vein.

He soon found the entrance. There was a huge barrier below the gourd. There was a huge formation inside the barrier that was used to gather Yang Qi and continuously transport it above.

“This formation was set up by a formation master that commander hao lian had spent a lot of money to hire,” Li You explained. “The fire Dragon vein is also sealed below along with this formation. If the captain wants to go down, I’m afraid it’ll be very difficult.”

He stole a glance at Yunxiao and muttered in his heart. He couldn’t understand how such a young man could be promoted to a Brigade leader.

The eight company leaders of the rookie mercenary group were all martial monarch powerhouses. A few of them were even at the peak of the Martial Emperor realm and could step into the martial honored realm at any time. All the brothers in the group were convinced. The sudden appearance of a young man at the rank of a martial King caused a lot of people to gossip in private.

Besides, he was extremely unhappy to be called here by Yunxiao. However, Captain Zhou Xiang had ordered that he had to obey 100% of the captain's orders, so he reluctantly followed.

Li You continued,"after the formation was set up, commander hao lian personally went down to test its power. He returned without success." &Nbsp;

His meaning was obvious. Even commander hao lian found it difficult to break it, so don't even think about it. Just take a look and leave.

Yunxiao turned a deaf ear to her words and just began to study it carefully. It stretched out to a radius of a hundred meters, and the lines were extremely Grand. The positive Yang Qi below was being continuously absorbed, condensing into a huge force that rushed to the ground.

"Back then, I told him to study formations properly, but he refused. Now, you have to pay a lot of money to hire people to set up a simple energy-returning formation. You're such a disgrace to me!"

Li You,"hehe."

As soon as Yunxiao stepped into the array, a red beam of light shot toward him. He snorted and a golden light flashed in his hand. He grabbed the red light and immediately annihilated it in his hand. Then he took another step.

"Bzzzzzz!"

Suddenly, a buzzing sound came from the space and the lines of the entire array began to light up. Rays of red light shot up and illuminated the entire barrier.

Suddenly, white lights emerged from Yunxiao's body, as if night pearls were covering his body. They penetrated through his body and condensed into a white barrier around him, blocking the red light.

He performed an incantation gesture and a golden tadpole-like character flew out. It flickered above the formation and fell down.

As soon as the formation came into contact with the Golden tadpole-like characters, the buzzing sound immediately died down, and most of the red light disappeared. Yunxiao also retracted the white light around him and began to cast incantation gestures to dissolve the power of the array. Under the constant bombardment of the spiritual arts, the dazzling array began to become dim and unstable. The light became weaker and weaker, as if it would be extinguished at any time.

Li You's mouth was wide open, and her eyes were almost popping out.

Not only did this dazzling light origins returning Grand formation absorb Yang Qi, it also had extremely strong defensive power. The members of the eighth team would often come here to test their cultivation after eating. He wanted to use the power of the formation to attack him and see how long it could last. Even as a three-stars martial Grandmaster, he could only last for a dozen breaths inside.

Now, not only had Yunxiao blocked all the attacks, but he had also neutralized them one by one. Judging from the situation, the array seemed to be about to stop operating.

"Captain, you can't!"

Li You was so shocked that he broke out in a cold sweat. He hurriedly stopped him and said, "This great formation is the foundation of team eight! The reason we're in the west of the city is also because of this formation. If it was broken, it would affect the refining and cultivation of every Alchemist master. The consequences will be unimaginable!"

Yunxiao gave him an indifferent look and said, "I'm only temporarily undoing it, it's not like I'm going to destroy it."

To be able to temporarily remove the Kasaya, could he be an array master? Li You thought to himself, but his face was still very nervous, for fear of causing a big disaster.

As Yunxiao's last incantation gesture was cast, the entire array finally stopped operating.

Yunxiao walked up and down above, frowning and mumbling to himself, "There's actually another layer below that seals off my divine sense. This is really interesting." He took out the purple shadow Qing suo sword and used it as a rod, knocking it against the ground.

"Brat, you're being too disrespectful!"

The demonic Dragon let out a series of roars, and demonic Qi was constantly emitted from the sword. The Dragon Shadow flickered, showing its extreme dissatisfaction.

"Ah!"

Li You, who was standing next to Yunxiao, let out a cry of horror as he stared at the sword in Yunxiao's hand with fear in his eyes. The weapon essence and demonic power had shocked him, and the power that penetrated his soul had drained his blood and filled him with fear.

Yunxiao smiled. there's nothing for you to do here. You can go back first. I might have to stay here for a while.

Li You scrambled out. He didn't want to stay in there for a moment longer. The pressure that the sword gave him was too great. It was as if he would be cut into pieces if he took a look at it.

"This formation has completely sealed off the earth vein, not leaving a single entrance. Looks like we'll have to dig it up."

Yunxiao knocked on several possible places, but he found no sign, which surprised him.

"Hey, hey! Kid, you can't be forgiven!"

The demonic Dragon roared non-stop again, as if its dignity had been greatly insulted.

Yunxiao used the sword as a tool and began to dig the ground. He ignored the demonic Dragon's roars and dug a big hole. Suddenly, he slapped his palm and a large piece of soil collapsed. There was a tunnel below! A large amount of Yang Qi rushed up from the tunnel, making people feel a burst of heat.

He jumped into it and began to explore.

The tunnel was very rough, and the four walls were dry. It was obvious that it had been abandoned for a long time. However, the Yang Qi was extremely abundant. It flowed through the tunnel as if true Qi was flowing through his meridians. Yunxiao walked in the direction where the Yang Qi came from. It was very uncomfortable, because he was only half as tall as a man, so he had to bend down and walk slowly.

After the time it took to brew a cup of tea, they finally arrived at a large, spacious cave. However, the problem also came with it. There were Three forks in the road, and Yang Qi gushed out from each of them, as if they were all sources.

"What's going on here?"

Yunxiao spread out his divine sense, but it was blocked only a few meters away. He began to look around the small cave. Other than being a little bigger, it was no different from the tunnel. It was still very rough. There were also many broken stones scattered on the ground.

He picked up a piece and crushed it into red powder. A wave of pure energy spread out.

Chapter 363

?

363 Sacrificial array

fire Dragonstone Pixiu. Could this place have been an ore vein? "

Yunxiao was suddenly enlightened. No wonder the tunnel was so rough and had so many forks. If it was a fire Dragon Stone mine, it would make sense. However, the Yang Qi here was so abundant that it was not abandoned after being dug out. Furthermore, with such abundant Yang Qi, there was no need to set up a large formation to seal it.

From the looks of it, the dazzling light origin convergence formation didn't seem to be absorbing Yang Qi. Instead, it seemed to be blocking the Yang Qi from surging upwards.

"Although it's the most Yang Qi in the world, there's something strange about it!" The demonic Dragon said.

hehe! Yunxiao chuckled and said, "I don't believe that a mine can defy the heavens! He randomly chose one of the three passages and directly entered it.

At the same time, Yunshang, who was cultivating in the secret chamber, suddenly opened her eyes, and the strange phenomenon of her divine body disappeared.

"What a strong positive Yang Qi. Why did it suddenly become so dense?"

She was both surprised and happy. She felt the nine yang genuine Qi surging around her body. Under such an environment, she was growing by leaps and bounds, breaking through one star directly, and was still rising.

"Master once said that the progress of the nine yang true Qi cultivation method is extremely slow, but it is one of the most powerful cultivation methods in the world, and there are few who can match it in the same level. I must improve quickly so that I won't be a burden to Lord Cloudsky. One day, I want to become an existence as powerful as master and be able to accompany by Lord Cloudsky's side!"

She once again entered a meditative state. The cultivation just now had given her a very wonderful state, as if she had integrated into heaven and earth, completely forgetting herself.

The little green Goblin wrapped around her arm slowly moved and fell off her body, retreating far away. He seemed to feel very uncomfortable with the positive yang energy. His whole body seemed to be a little listless, and the green on his body was not as bright and bright as before, and it had become dull.

A dark shadow appeared in the base of Team 8, moving quickly on the ground.

The shadow circled around the small courtyard, as if it could not find its target.

“I say, weren’t you called over by the captain? Why did you come here to drink with us?”

“Aiya, don’t mention it! We’ve all underestimated that guy. He’s a true-blue formation master!”

Li You gulped down a mouthful of wine, slightly suppressing his shock, and said, “Moreover, that brat has a precious treasure in his hands. Just the aura of that treasure alone is enough to make my heart palpitate in fear. I’m guessing that thing is most likely a ninth tier profound armament!”

“What? The newly arrived platoon leader has a ninth tier profound armament?”

“That’s impossible! That kid is only sixteen or seventeen years old. How can he control such a precious treasure?”

Li You looked at everyone’s eyes and felt the pleasure of exposing the truth. She snorted proudly, “that’s why that kid used the ninth tier profound armament as a rod and kept knocking on the array, trying to find the entrance!

using a ninth tier profound armament as a rod?!

Everyone’s face was full of black lines, revealing very suspicious expressions.

“That place was originally a mine vein. Later, I heard that many people died, so it was sealed. It’s said that commander hao lian also went down there before. Later on, he found a formation master without saying a word and set up a great formation to extract the Yang Qi.”

“Hey, do you think that kid destroyed the Grand array?”

“How would I know?” Li You smiled bitterly. Since he’s the captain, I don’t have the right to interfere in this matter. However, that kid was indeed mysterious and gave people a very strange feeling. I advise you all to be honest. Even vice-captain Zhou Xiang holds him in high regard.”

“Hmph, praise my ass! He’s just the son of an influential family with an extraordinary background. Otherwise, he would not have a ninth tier profound armament on him, damn it! Why don’t I help him keep it, in case it’s stolen!”

“Are you crazy?!” Li You was shocked. How dare you say such things!”

Everyone also sighed endlessly. All kinds of suspicions and speculations were discussed one after another, and the more they talked, the more ridiculous they became. In the end, for some reason, they talked about women, and all kinds of cheerful and perverted laughter rang out.

The shadow in the corner lost interest. Only then did it slowly move away, heading in the direction of the formation.

In the underground compartment, the shadow gradually emerged and condensed into a man in a black robe. His eyes were shining with a brown light. It was Mr. Yu.

His eyes flickered with a strange brown light as he stared at the hole that Yunxiao had knocked open and murmured, “With such strong Yang Qi, no wonder the nine yang body would choose to cultivate in such a place. It is indeed twice the effort with half the result! But no matter who you are, you have to die if you have the body of nine yang!”

He turned into a black light and also burrowed into the hole.

Yunxiao had been traveling for more than an hour, but he could not remember how many tunnels he had passed through. Because he could not spread out his divine sense, he had to return to where he was when he encountered many dead ends. After digging for a long time, he finally saw that the tunnel was getting wider and wider. He could finally walk upright, and the various scenes in front of him also slowly became wider.

The four walls had also changed from rough soil to natural rock, as if it was a natural underground cave.

“There’s actually the sound of water?” Yunxiao looked around in surprise. It was like a large underground cave, and with water passing through it, it could form an independent environment.

“The Yang Qi is coming from up ahead. I’d like to see what kind of divine object it is!”

Yunxiao flew forward at full speed, shuttling through the ground. As expected, he soon saw many plants that could only grow in low and dark environments, as well as some dark creatures.

Suddenly, he saw a light in a cluster of Yin grass. He walked up and saw the skeleton of a warrior. He didn’t know how many years had passed, but it still hadn’t rotted. The bone banner flickered with a Jade-like light, and the yin grass in the surroundings seemed to be affected as well, growing more exuberantly than in other places.

“This person must have been an expert when he was alive.”

‘If he doesn’t have some kind of divine body, he must have cultivated an extremely powerful body refining technique,’ Yunxiao said in a deep voice. This was why the bone armor was able to remain undying in such a humid environment. This place is indeed not simple!”

He became more vigilant. He had thought that it was just a fire Dragon mine. Now, it seemed that it was not as simple as he had imagined. It was estimated that the mine had come to this place, and many things had happened. In the end, it had been abandoned. As for the formation that young Emperor hao lian had set up, it was probably not to absorb the Yang Qi, but to suppress this place!

After flying for some distance, the ground began to show signs of being man-made. It was like a river had opened up a crack in the ground, but the inside had long dried up. It was like a long Dragon that led into the distance. Surging Yang Qi flowed within it, as if it was corporeal, and it would spread out from time to time.

“This bi an ...”

Finally, they reached the end of the crack. It was a huge formation. In the center of the formation was a transparent sphere. One could vaguely see the shadow of something inside, but it was difficult to penetrate it. The surging positive yang energy was being emitted from this transparent sphere.

Four towering pillars stood around the formation, red as blood. Upon closer inspection, there was actually someone sealed within the pillar!

That person was not human, but had the same body shape as a human, but the body was slightly different, especially the head, which had various strange images.

the demon clan's sacrificial array?!

Yunxiao was horrified. The demonic scene in front of him looked very much like the legendary array used by the demon race for sacrificial offerings. He had only read about it in some ancient books, but it only looked somewhat similar. Thousands of years ago, Gu Qingqing, the palace Master of the divine cloud Palace, forced the demon tribe into the five Cloud Mountain by herself, and she set up the five elements reversal great sealing formation.

For thousands of years, it was rare to see a powerful demon on the heavenly martial continent. Some of them were the fish that had escaped the net back then, and they remained in various corners of the continent, rarely showing their true faces to people.

Therefore, Yunxiao's understanding of the demon race was very limited. He only knew that thousands of years ago, it was a very prosperous race, stronger than human beings.

However, Gu Qing Qing was one of the few people in the history of the continent who was suspected to have reached the immortal state.

In addition to the surging Yang Qi pouring out from the formation, it was also extremely strange.

Yunxiao rose into the air and looked down from the sky, only to find out in surprise that the man was a man of great strength. It turned out that there was more than one crack that led to this place. Around the formation, there were a total of eight large cracks that had been excavated, forming a terrain that encompassed the universe.

"I understand."

Yunxiao's face lit up with realization as he said, "This formation of the demon race was originally meant to absorb the power of the universe in the universe and condense Dragon Qi. It seemed to be quite effective, but for some unknown reason, the powerful energy that had been condensed for countless years slowly dissipated and began to leak, resulting in the Yang Qi soaring to the sky."

"But I can still feel the aura of life in the transparent ball in the center of the formation," the demonic Dragon said in a deep voice.

He could be considered half a demon, and he was a descendant of a true dragon. He had a strong sense of everything.

even if he's not dead, I don't think he can be resurrected," Yunxiao said. he can't be resurrected. With the passage of time, the living creature in this ball would eventually die from exhaustion of Yang Qi. I think it's very likely that a human expert discovered this place and forcibly reversed the flow of the terrain, causing the formation to dissipate in the opposite direction."

The demonic Dragon stared at the center of the sacrificial array and said in a deep voice, "What a pity! the being within the sphere must be a powerful descendant of the demon race. With the nourishment of the Dragon Qi, it's very likely that he'll reach the legendary immortal state, an existence like those great demons in ancient times."

if that's the case, it's definitely not a good thing for mankind," Yunxiao said with a smile. it's not a good thing. Who knows when the humans will be the ones trapped under the five Cloud Mountain."

Suddenly, an ice-cold voice rang out in the darkness. It was filled with extreme shock and excitement."The days of humans being trapped in the five Cloud Mountain are not far away! It's actually a sacrificial formation, the heavens are really helping me!"

Chapter 364-Mr Yu

"Sage seal, BOOM!"

Mr. Yu's shadow appeared in the air, stretching out. He put his palms together and shot out a golden seal, pressing it toward Yunxiao.

Startled, Yunxiao hurriedly turned his head.

The entire underground space was blocked from divine sense, and he didn't even notice that someone was approaching from behind. By the time the other party spoke, the seal had already covered the entire space. There was no way to avoid it.

“Boundless heaven and earth, six paths reincarnation!”

Yunxiao quickly performed an incantation gesture, leaving afterimages in his wake. His speed was several times faster than usual, and a heaven and earth seal emerged behind him as he launched it at the enemy.

The two golden incantation seals continued to expand in the air and collided with each other. A violent spiritual pressure spread out, illuminating the entire underground space with a golden light.

Besides, the difference in strength was obvious. Yunxiao's heaven and earth seal soon dissipated, and the power of the other's seal came crashing down without weakening at all.

“Demonic sky armor!”

He shouted, and black Qi emerged around him, condensing into a solid armor that covered his body, blocking the power of the sage seal. His entire body was also struck by the impact and almost fell into the great sacrificial array.

“Eh? He didn't die?”

Mr. Yu was surprised. His eyes glowed brown, and his face was revealed under the darkness.

Yunxiao stared at him coldly and said, “Who are you?”

Mr. Yu was also staring at him. The more he looked at him, the more shocked he became. He was only a three-stars martial King, but his eyes were shooting out powerful martial will. He was not afraid of him,

a Martial Emperor. Moreover, even an ordinary martial Royal realm expert would not be able to withstand the blow of his seal, and there was not a single wound on his body.

“Are you the divine body of nine yang?”

Mr. Yu said coldly. His killing intent was getting stronger and stronger. It was almost tangible.

Yunxiao’s heart skipped a beat as well. you know about the divine body of nine yang? ” he asked. you know about it? ” It seemed that he was not an ordinary person! State your name!”

Mr. Yu’s face relaxed. He was finally at ease. A man with the nine yang body meant that he didn’t have to worry too much. However, the killing intent on his body did not decrease in the slightest. He snorted coldly and said, ” “Why would a dying man know so much?”

I’m learning as long as I live, ” Yunxiao said with a smile. can’t you just satisfy my curiosity? ”

“No!”

kill him! Mr. Yu spat out coldly. The killing intent from his body condensed in the air and gradually turned into a terrifying arm covered in scales. The tip of the arm flickered with a dim light as it pointed at Yunxiao.

“Ramayana!”

how many people have you killed to have such a strong killing intent?! Yunxiao cried out in surprise and anger.

Mr. Yu’s heart skipped a beat as well, and he said coldly, “So you know about Ramayan. It seems that you’re not an ordinary person. In order to thank you for bringing me here, I’ve decided to grant you a quick death! God-killing finger, exterminate!”

He raised his hand in the air and quickly pointed his index finger forward.

The killing God's hand in the air also pointed down, and a terrifying killing intent spread out, suffocating the entire space. It was extremely oppressive and terrifying.

The sacrificial array also seemed to have some subtle changes under this murderous aura, and the speed of the loss of Yang Qi gradually slowed.

Yunxiao's pupils constricted slightly as the air around him began to spin under the circulation of his primordial Qi. The killing intent that filled the entire space was blown away, forming a vacuum around him. It was as if his body was embedded with pearls and jades, shooting out rays of white light, like the sun shining through the dark clouds. His entire body was transparent.

"I'll take the wind and cloud!"

A palm of wind and cloud condensed above the space that the white light shot open, resisting the killing God's finger!

Mr. Yu's pupils suddenly contracted, and his face twisted. He screamed, "You're not the divine body of nine yang!" "Where's the divine body of nine yang?" he roared, his body trembling. Was it a man or a woman? Hurry up and tell me!"

"BOOM!"

The two forces collided, and the phenomenon released by Yunxiao's divine body began to purify the killing intent one by one.

The twenty four moonlit bridges had the power of the moon Pearl of the eastern sea. It could purify all negative energy and weaken the opponent to the greatest extent.

However, even with the divine body phenomenon, the great wind Cloud Palm was still defeated by the killing God's finger and was soon scattered. The huge finger shadow fell down as if it wanted to kill all life!

“Ha!”

Yunxiao roared and threw out a punch.

He was not using any powerful martial arts technique, but the Vajra punch that everyone knew!

“BOOM!”

A huge murderous aura exploded in front of him, engulfing his entire body. He fell from the sky and fell to the ground far away.

The purple-black killing intent condensed and did not dissipate, completely enveloping Yunxiao as if it was constantly devouring and corroding his body.

Mr. Yu regained his composure after a moment and looked down coldly. Sure enough, it was not as easy as he had imagined. The purplish-black killing aura quickly emitted white light and purified the killing aura in the surroundings.

Yunxiao sat up from the ground, his body shining with a bright light. He raised his head and stared at the man coldly.

“Your godly body is strong,” Mr. Yu said slowly, “you can even purify my killing intent.” However, I’m looking for the nine yang divine body. Can you tell me where that person is? I can spare your life. You’re extremely young, it’ll be a pity if you lose your life here. With your talent, you’ll definitely be an Overlord-like existence in the future.”

His face was hidden in the darkness and hard to recognize. However, from the ups and downs of his breathing, it was clear that he was holding back his emotions. With his status as a Martial Emperor, he should have been able to capture a mere martial King easily and interrogate him as he pleased. However, after two moves, he couldn’t even hurt the other party at all, and he was about to explode from anger.

Yunxiao stared at him coldly, feeling extremely depressed in his heart. The two moves that he had learned in his life, the heaven and earth seal and the great wind and cloud Palm, had killed many unparalleled overlords and martial sovereigns of the nine Heavens. But now, he couldn't even take two moves from a Martial Emperor. Although he wasn't injured, he was in a sorry state every time, and he had lost his demeanor.

"If you don't act tough, we might be able to be friends." Yunxiao said with a sneer.

"You're looking for death!"

Mr. Yu exploded, and his black robe was shattered by the force. It revealed a ferocious face, sharp ears, and an unusually demonic appearance. Furthermore, its arms were grayish-brown in color and had long white fur, making it look like a wild beast.

"Demon race Suan ni"

Yunxiao said softly, not too surprised. When the other party said that 'the day that humans would be trapped in the five Cloud Mountain was not far away', he had already guessed it.

The difference between the demon clan and the demon beasts was like the difference between humans and apes. Who knew how many years ago, they might have had the same ancestor. Later on, one of them evolved and gained intelligence, becoming a monster race existence.

"Since you're so insensible, I can only capture you and interrogate you personally!"

Mr. Yu said calmly, "as a martial King, it's a great honor for you to be able to see my true face."

Yunxiao was a little speechless. will you die if you don't show off your superiority? " he asked. I really don't understand what kind of superiority a demonic beast can have. If it were me, I would be too embarrassed to meet people."

"You're looking for death!"

Mr. Yu was so angry that all his hair stood up. The biggest taboo of the monster race was to be called a monster. It was like how humans were called hairless monkeys.

“Cross-shaped void slash!”

He crossed his arms and shot out two beams of energy. The energy tore through the air at an extremely fast speed and made an ear-piercing sound.

“Song of the green Lotus sword!”

A light flashed in Yunxiao’s hand, and the purple shadow Qing suo sword appeared in his palm. After holding it, he swept it out, stirring up green lotuses that bloomed in the air one by one. But they were soon destroyed by the slash and came slashing at him.

Puzzled, Yunxiao tapped his foot and instantly retreated more than ten steps, avoiding the two slashes.

The difference in cultivation between the two was too great. No matter how the other party attacked, he seemed unable to block it and had to avoid it, which made him extremely depressed. Moreover, the other party did not seem to be an ordinary martial Royal realm powerhouse. He was definitely not as simple as he looked on the surface.

“Let’s see how many you can Dodge!”

Mr. Yu extended a finger and a white light grew bigger and bigger. He said, “Key, shoot at random!”

Dozens of attacks were shot out from the white light, filling the entire space.

“Your sister!” Yunxiao cursed as he performed an incantation gesture with one hand. The demonic sky armor materialized and condensed into a huge shadow in front of him, forming a layer of defense.

“Boom boom boom!”

The white light constantly penetrated the black demonic Qi and hit the body of the armor, causing waves of spirit pressure to spread out like water ripples.

Mr. Yu's pupils shrank and he said in shock, "it's a ninth-rank armor, and it's made of demonic Qi!" Who are you?" His eyes revealed a greedy look. If it was an ordinary ninth tier profound armament, it might not even be able to enter his eyes.

Hiding behind the armor, Yunxiao snorted coldly and said, "To be able to see this young master's true appearance, you didn't live your life in vain, yet you're still so greedy as to ask for this young master's name!"

Mr. Yu almost spat out blood. He took out a small green sword, made a few hand seals and shot it out. He said angrily, even if it's a ninth tier profound armament, what's the use of using it with your cultivation!

The small green sword seemed unremarkable, even in the air, it was ordinary, and it struck with the white light.

But, Yunxiao's face changed drastically as he said in horror, "You also have a ninth tier profound armament?!"

A Martial Emperor using a ninth tier profound armament and a martial King using it were two completely different concepts. The difference was like heaven and earth!

The fluctuation of weapon rhythm that flickered on the small green sword made his heart jump with fear. Moreover, the fluctuation of energy on the small sword had completely locked him down, leaving him no way to escape!

This time, he didn't dare to be careless. Although a Martial Emperor couldn't fully exert the power of a ninth-tier profound armament, Mr. Yu was obviously not a simple martial artist. From the fluctuations coming from the small sword, he could feel that at least half of its power had been activated by him.

Based on this point alone, even if a martial Supreme was here, he would not dare to take this sword head on!

## Chapter 365-suppressed everywhere

Under the pressure of the ninth-tier green sword, Yunxiao gave a loud cry, and a ring unfurled from his arm, then suddenly enlarged and rushed out.

The heavenly spirit ring emitted beams of yellow light, shaking the void open and creating a void in front of Yunxiao, separating him from the small green sword.

“Whoosh!”

Yunxiao was overjoyed to see the small sword pierce through the void. He performed an incantation gesture with both hands, and the heavenly spirit ring shrank back into his wrist, forming a round wrist guard.

Mr. Yu watched the green sword disappear into the void without any expression on his face. He snorted and said, “Childish!”

He changed his hand gesture and said sarcastically, “That taillight sword is my intrinsic profound weapon, and it’s linked to my life. Even if it’s separated by an endless amount of time and space, it’s still under my control.”

Yunxiao looked at his wrist in horror and felt a huge vibration coming from the heavenly spirit ring, as well as a sorrowful cry.

He turned pale with fright and hurriedly undid his spirit ring, sending out a palm strike.

“Bang!”

A crisp cracking sound was heard. The eighth-tier profound artifact, the heavenly spirit ring, actually exploded in the air, breaking into countless tiny pieces of metal, letting out a sorrowful cry in the air. It was unknown what material it was made of, but it gradually collapsed and finally disappeared in the air.

The tail-light sword spun in the air and shot at Yunxiao again.

This time, Yunxiao's scalp really went numb. Mr. Yu's control of ninth-tier Mystic artifacts was far beyond his expectations. Although this strike was not as powerful as the Martial Emperor's punch back in Yanwu, it was not much weaker.

He didn't dare to hold back any longer. The divine realm tablet shot out from between his eyebrows and shook toward the small sword.

The spiritual energy in his body gushed out crazily, and the great realm divine technique circulated around his body. The two waves of territory power spread out like the laws of the world, pushing away the weapon intent on the taillight sword and suppressing it.

"What?"

Mr. Yu's expression changed. The weapon essence and pressure from the opponent's profound level weapon were not any weaker than his taillight sword. What shocked him more was that the taillight sword was being restrained and was rapidly consuming his mind. Every time it was activated, it was a hundred times more difficult than before!

"Ripple scamper, activate!"

Mr. Yu's hands kept changing, and a strange spell was cast. A strange power spread out from his fingertips, filling the entire space. The surroundings began to distort greatly, and the space was squeezed toward the divine realm tablet, as if it was going to erase the profound level weapon from the space!

"Spiritual domain!"

Yunxiao was taken aback, and his pupils quickly turned blood-red in horror.

On the path of martial arts, a martial Supreme of the eight desolation realm could form his own martial intent domain. Within the domain, there would be a venerable. It was the same for alchemy. The

symbol of an eighth-tier Supreme Alchemist was the ability to spread out his domain with his mental power, which meant that the alchemist's soul power had reached the level where he could refine eighth-tier products.

Mr. Yu opened his spiritual domain and was about to release the tablet into the void. In other words, the other party was at least an eighth-tier Supreme Alchemist!

no wonder I've been feeling so strange. It turns out that your true strength is not that of a Martial Emperor, but an eighth-tier Alchemist!

For the first time, Yunxiao felt great pressure. In terms of martial arts, the other party was stronger than him. In the Dao of wheel, the other party was stronger than him. When it came to the control of a ninth tier profound armament, the other party was still stronger than him. Since his rebirth, this was the first time that all his domains had been completely suppressed by the other party!

“Eye technique, restriction!”

Yunxiao's eyes burned with a towering fighting spirit! In his previous life, he was known as the number one in spiritual attacks in the realm of heavenly martial arts. When had he ever allowed anyone to be presumptuous in this field? A raging battle intent shot out from his eyes, and the great expansion divine technique appeared in his sea of consciousness, transforming into soul power without end. The entire world turned blood-red at this moment, squeezing towards that distorted space, as if to smash the other party!

At this moment, the divine realm tablet also shone with a golden light, pushing away the surrounding mental power and continuing to suppress the tail light sword.

In fact, even if Yunxiao had not made a move, the divine realm tablet had the earth of breath, which could stabilize the rivers, mountains, seas, and nine Continents. It was impossible for it to be dragged into the void turbulence by an eighth-tier Alchemist with mental power.

are you an Alchemist too? ”

Mr. Yu was shocked, but then he said, "No wonder you have so many profound level weapons and treasures! Who is your master?"

In his opinion, Yunxiao's things must have been given to him by his master.

Seeing that Yunxia was ignoring him, Mr. Yu became angry and snorted, "Since you're not willing to reveal your master's heritage, then I'll just kill you directly! Although your spiritual attack is very sharp, your level is too low. Do you think you can show off your skills in front of an expert? Ripple rush, break!"

The surrounding space changed, and Yunxiao's blood-red world rapidly declined, pressing back into his eyes while his mind began to hurt violently.

Under the huge spiritual pressure, not only was his sea of consciousness almost crushed, but his physical body also suffered a great impact at this moment. The Supreme tyrant body was condensed, and his muscles bulged. His whole body seemed to be twice as strong as before, emitting a faint yellow light to resist the power.

As if it was not enough, twenty four moonlit bridges left his body and brightened the underground space as bright as day. Under the pressure of mental energy, a space was forcibly opened.

not only does he have a divine body, but he has also cultivated a body refining technique.

Mr. Yu's pupils contracted, and he said in surprise, in addition to your cultivation in martial arts and sorcery, you're still young. My God, how can you have such monstrous talent!

His eyes were filled with killing intent as he said coldly, "It's a good thing I met you today. Otherwise, you'd be a great threat to my monster race in the future! Today, you shall die Here and become the first withered bone in the revival of our demon race!" His figure flickered as he rushed down, raised his fist, and punched at Yunxiao.

In addition to the surging demonic Qi, the powerful pressure on the wind of the fist penetrated through the bone marrow, giving rise to an irresistible force.

Within the same rank, it was almost impossible for humans to match demonic beasts. It was because of their powerful physical strength, which was dozens of times stronger than other martial artists of the same level. The monsters also inherited such strong physical strength. Mr. Yu's punch was so powerful that it almost shattered the space!

"Phew! Vajra fist!"

Yunxiao roared and threw out a punch without any fancy moves. In this kind of confrontation, any martial technique was insignificant. In addition to absolute strength, it was also a competition of the various trump cards and the understanding of martial arts and techniques.

Even the Vajra punch contained Supreme martial intent Dao fruits when he used it!

"BOOM!"

The two fists collided fiercely. Although they didn't come into contact, a black crack appeared between the fist wind and gradually spread out. The terrifying power that was emitted from it seemed to want to devour everything.

The force of the collision of the two fists actually opened a spatial crack!

"Boom boom boom!"

The space around him was almost swallowed up by the crack, and Yunxiao felt like his body was about to explode. The mighty body he was so proud of had been pushed to its limit by the punch, and it was about to collapse at any time.

Mr. Yu's heart was filled with fear.

He knew very well in his heart how powerful his punch was. Over the years, he had carried out all kinds of experiments, refined countless demonic beast bloodlines, and carried out continuous fusion and experiments. In the end, he performed some safe secret techniques on himself. His blood even had a power that was not inferior to the bloodline of a true dragon.

With the strength of such a physical body, if the other party had the same cultivation base, he would definitely be smashed into pieces with a single punch. He would completely collapse in space, and it would be difficult to even retain his flesh.

Such a powerful punch was actually received by the other party, and it was also received by relying on the physical body!

How could he not be shocked? he broke out in a cold sweat!

“Pfft!”

Finally, Yunxiao could not hold on any longer. He coughed up a large mouthful of blood and was thrown far away like a kite with a broken string.

The divine realm tablet that was suppressing the taillight sword was also affected. It turned into a stream of light and chased after him, flying back to the space between his eyebrows.

Mr. Yu waved his hand, and the tail-light sword flew into his palm. It instantly grew thirty times larger and turned into a three-foot-long blade. Holding it in his hand, he walked step by step in the direction where Yunxiao had fallen.

His killing intent was extremely strong. The shock Yunxiao had brought him was too strong. If he did not kill this man, he would not be able to sleep at night!

He walked over with a few steps, but was stunned when he found that Yunxiao was completely gone in the limited space. Only the divine realm tablet was left standing on the earth like a tombstone, with light flowing on it.

Since his rebirth, he had escaped into the divine realm tablet during the first battle.

At the moment, Yunxiao was lying on Mount inch, covered in blood and vomiting blood. Under the last punch, his Overlord body almost collapsed, and his internal organs, limbs, and meridians were completely destroyed. If they didn't escape into the divine realm tablet, they would be completely dead.

Fortunately, the nature-defying characteristics of the tyrant body allowed him to absorb a lot of the power from the other party's punch while he was being destroyed. He began to repair his body continuously.

"Hahahaha!"

Suddenly, evil Dragon's loud laughter could be heard. He seemed to be laughing very happily, and he felt like he was about to cry. His cultivation base, soul power, profound level weapons, and physical body were all suppressed by the other party. Hahaha. As a peerless martial sovereign, you've never had such an experience, have you? Hahahaha!"

The demonic Dragon seemed to be very excited and kept laughing.

Yunxiao smiled wryly. If not for the divine realm tablet, which was a place to escape, he would have really died this time.

With a thought, a trace of divine sense spread in the divine realm tablet.

Duan Yue, who had no idea where he was, opened his eyes slightly and said in surprise, " "It's that powerful? Alright, I'll meet this person!"

He stood up and waved his hand. An earth-shaking roar came over, and the sky flashed with the crackling sound of thunder. The DarkThunder landed on the clouds and snuggled up next to him. His aura had obviously changed from before, and he was now on par with Duan Yue.

Chapter 366-defeated

In the underground cave, Mr. Yu scanned every corner with great vigilance, but he could not find Yunxiao's voice.

He had a strange look on his face. Although the sacrificial array could shield divine sense, as an eighth-tier Alchemist, he was not affected at all in this small space. However, he had searched every corner and could not find any aura.

Finally, he turned his eyes back to the divine realm tablet and studied it carefully.

could it be that this Jade tablet can also break open space and he's hiding in the void? "

Mr. Yu frowned and shook his head, mumbling to himself, "That's impossible. Even if he entered the void, he wouldn't be able to escape. I can't sense any coordinates. Could he have escaped into the Jade tablet?"

This thought gave him a fright. He didn't believe it. "That's even more impossible. Other than the legendary Supreme Xuan artifact, Noah's ship, no other Xuan artifact can do this!" He stared at the divine realm tablet and muttered to himself, "but why is the fluctuation of this profound artifact so strange? Well, since he has such a brilliant way of hiding himself, I'll take this profound level weapon first. It's not a loss."

Mr. Yu reached out his hand and grabbed the Jade tablet.

This Jade stele was definitely not inferior to his taillight sword, so he had been mentally prepared that it would not be so easy to collect it. However, the moment his palm touched the Jade tablet, a bolt of lightning shot out, creating a powerful arc of lightning that flickered in the surroundings. His body went numb and he hurriedly withdrew his hand.

Just as he was feeling surprised, a roar was heard. Then, a huge demonic beast flew out of the divine realm tablet and pounced on him!

"It's actually the beast taming stele!"

Mr. Yu's heart skipped a beat. He thought that the divine realm tablet was a profound level weapon that could contain demonic beasts, like those beast tamers. Although DarkThunder was extremely violent, it did not panic at all. With a cold snort, it took a step forward and struck out with its palm.

“BOOM!”

The DarkThunder’s Thunderbolt was shattered by his Palm Power, turning into countless electric arcs that scattered in all directions. The DarkThunder suffered a huge impact and was sent flying far away.

“White flame ghost kill, six extreme halberd!”

A cold voice was heard. Under the heavenly halberd, a flame quickly appeared in the air and enveloped Mr. Yu.

“You’re Yingluo.”

Mr. Yu was shocked. On the other side of the fire, an unfamiliar face was staring at him coldly.

Under Duan Yue’s attack, the bluelotus Earth Fire in the surroundings swept up and roared as it blasted forward.

“What the hell is going on?!”

Mr. Yu calmed down immediately. With a cold look in his eyes, he swept his taillight sword across, making an ear-piercing sound. The surrounding flames were all spread out and fell behind him. His killing intent was so strong that it was almost tangible, and it directly locked onto Duan Yue.

“Speak, where are you from? Where’s that young man?”

The cold voice sent a chill down Duan Yue’s spine. The man in front of him was even more powerful than what Yunxiao had said! Both he and DarkThunder had used their most powerful moves, but the other party had only managed to neutralize them with a single move. They had no way of resisting.

“Damn it, that brat screwed us over! What’s the use of calling me out against such a powerful opponent?”

Duan Yue was so shocked that he broke out in a cold sweat when he sensed the almost tangible killing intent from the man. Moreover, the weapon essence that spread from the taillight sword almost suffocated him. If the other party had slashed down, he would have died without a doubt.

“Hehe, you know the answer, but you still ask? You just can’t believe it, right?”

Duan Yue answered carefully, cold sweat rolling down his forehead.

“?!”

Mr. Yu’s expression changed drastically. He stared at the divine realm tablet and trembled all over. His chest heaved up and down violently. this, this is really a Supreme grade profound level weapon?!

He was an eighth-tier great Alchemist, so he naturally knew what a Supreme-grade profound artifact meant and how valuable it was!

in the mainland’s records, only the unparalleled Martial Emperor had refined a Super Grade profound level weapon-Noah’s ship. There are no other records of a Super Grade profound level weapon. How could there be one out of thin air? ”

He was so shocked that his mind was in a daze, and he was a little dazed.

Not to mention the powerful strength of the transcendent-grade profound level weapon, the person who got it would be able to become a peerless master. Moreover, that kind of refining method was something that countless top alchemists would go crazy for.

All of a sudden, Yunxiao’s face flashed on the divine realm tablet. His eyes turned into crescent moons, and his powerful spiritual power spread out. With a slight pull, he was about to suck Mr. Yu in.

If he could pull the other party into the divine realm tablet, even a Nine Heavens martial sovereign would have to kneel down!

“?!”

Mr. Yu’s body trembled. He felt the space around him change drastically, and his body seemed to be pulled by a strong spiritual power. But, he was an eighth-tier Alchemist after all, and he immediately came to his senses after a brief moment of distraction. His surging soul power spread out and easily shook Yunxiao’s mental power away. He stopped in front of the divine realm tablet, and was almost sucked in.

A look of strong disappointment appeared on Yunxiao’s face, and he disappeared in a flash.

Mr. Yu was so shocked that he was covered in cold sweat. Although he didn’t know what would happen if he was sucked in, he couldn’t predict what would happen if he was sucked in by a Supreme grade Xuan artifact. He guessed that he would be killed.

Just as he was in shock, a light flashed on the divine realm tablet, and a powerful force rushed out. Then, a fist the size of a casserole grew bigger and bigger in his eyes.

“?!”

Mr. Yu quickly threw out a punch, which collided with the stone beast’s fist!

“BOOM!”

Just as the stone beast revealed its entire body, one of its arms began to crack and shatter with a boom.

Mr. Yu wasn’t in a good state either. The punch came too suddenly, and he wasn’t prepared for it at all. His body was also hit by the stone beast’s tremendous force, and he was forced to retreat. His qi and blood were surging, and the smell of blood rushed up his throat.

“BOOM!”

The stone beast's body came out of the divine realm tablet completely. It stomped on the ground, making a loud noise. His broken arm quickly reattached and returned to normal. He walked towards Mr. Yu.

Mr. Yu felt a little dizzy. He had no idea how many powerful beings were in the divine realm tablet. Even a martial Supreme like him would not be able to handle the endless stream of experts and demonic beasts!

it's indeed a Supreme grade profound level weapon. I must get it!

He roared and charged forward. The sword light in his hand slashed out, and the sharp sword Qi directly shattered the stone beasts that were coming at him. His body shuttled through, and his left hand conjured an art in the air. A huge golden seal was formed in his palm, and a strange demon character enlarged in the air and fell toward the divine realm tablet.

All of a sudden, the red light on the stele glowed and a streak of true Phoenix Flame shot out. The entire underground space turned into a sea of fire in an instant. In the flames, a Dragon Shadow shuttled back and forth. It was actually a demonic Dragon that had directly manifested. It used its ninth-tier power to form a sword technique to slay the demonic beast, slashing out with the Phoenix Flames.

At the same time, he activated Earth Rhythm, and the gravity increased by tens of thousands of times. The entire underground cave began to show signs of collapse, and a large number of rock structures began to collapse.

Mr. Yu was shocked. It was extremely difficult for him to operate his genuine Qi under the 10000 times gravity. The demon-killing sword and the godly fire made him feel scared.

“Clear sky technique, sword eight!”

Rays of sword light appeared on the tail light sword and turned into light rings that spread out. In the end, the sword became bright, and the green light almost shot through the void, slashing down in front of him.

“BOOM!”

The three forces collided with each other, and Mr. Yu's body was pushed back in the air. The sword Qi from the taillight sword formed a pressure that isolated the demon Slayer and the Phoenix Flames. Although he was not injured, it was still difficult for him to withstand the combined attack of the two forces. He was forced to fly back, and his body slammed heavily into the rock wall, blasting out a passage that was dozens of meters long.

The demonic Dragon returned to the divine realm tablet after the attack.

Sitting cross-legged on Mount inch, Yunxiao suddenly coughed up a mouthful of blood, his face extremely pale. Just now when he used the Phoenix Fire, even though he had taken a physical form, the difficulty of controlling it exceeded his imagination, all of his spirit power was completely exhausted.

His physical body was destroyed, his soul power was exhausted, he was practically completely crippled.

After the stone beast was destroyed, it re-formed and walked towards Mr. Yu.

Mr. Yu was stuck in the rock, and he didn't feel good either. Controlling a ninth tier profound weapon was also beyond his ability, but he had always been cultivating with his life, so he was able to unleash a small portion of the taillight sword's power. He had thought that he would be invincible among those of the same rank, but he had suffered such a great loss at the hands of a martial King!

Even though Mr. Yu's physical body was not injured, his Yuan Qi and soul power were greatly depleted, and his strength was rapidly decreasing.

"No! If this continues, I won't be able to open this sacrificial array!"

He was anxious and rushed out of the rock wall. His left hand quickly formed a seal, and a few rings of light flew out from his palm and covered the stone beast. Circles of light fell, completely binding the stone beast like a rope, making it unable to move. He could only let out angry roars, but no matter how hard he tried, he could not break free.

Only Duan Yue and DarkThunder were left standing not far away, watching with cold sweat all over their bodies. They weren't like the stone beasts, who could resurrect infinitely. They would die completely after one death, so they didn't dare to move.

Mr. Yu gave Duan Yue a cold glance, then raised his sword and was about to slash it down.

Duan Yue was taken aback. He patted DarkThunder, and the two of them rushed into the divine realm tablet at an unprecedented speed, disappearing with a flash of light.

As if affected by Yunxiao's serious injury, the light on the divine realm tablet grew weaker and weaker, and it stood there quietly, motionless.

Mr. Yu's eyelids twitched, and he was furious. At this moment, he had used up most of his power, so he didn't dare to try to take the tablet again. Who knew what other powerful characters were hiding inside, and he wasn't sure about the chances of recapturing them. He had more important things to do with the remaining power.

Chapter 367

?

367 The big monster's resurrection

A look of reverence flashed across his face as he walked towards the sacrificial array.

A purple light suddenly surged from the formation and formed a barrier, enveloping the entire formation and defending it.

Mr. Yu paused, then became excited and mumbled to himself, "The heaven crystal essence barrier Kasaya is actually the legendary heaven crystal essence barrier. Which of our clan's Almighty experts laid down this formation, and what is his intention?"

He bit his finger and used his blood to draw runes on the purple barrier. Soon, his body began to glow with purple light and he finally integrated into the formation.

The entire formation was less than a hundred meters in radius. Four majestic pillars stood at the four corners, and on them were carved all kinds of rare and exotic beasts, as well as strange-faced demon race people.

Mr. Yu walked to one of the pillars and observed it carefully. There were a few demon characters on it, which he could recognize.

“?! It’s actually the legendary great demon ‘wing’ of my clan!”

Mr. Yu’s face paled, and he took a few steps back.

The demon clan member in the pillar had a strange expression on his face. He was embedded in the pillar like an Amber and had long lost his life. However, his majestic appearance could still show the aura he had when he was alive.

wing is a great demon from thousands of years ago. Why is it here? and why is it being sacrificed? ”

Mr. Yu felt his throat was dry and thirsty, and it was hard for him to breathe. He came to another pillar. The demon inside was not as tall and burly as wing. Instead, she was much smaller and seemed to be a female demon.

Mr. Yu looked down at the carvings and words on the pillar and felt dizzy. He felt cold all over and murmured to himself, “It’s another legendary demon-li!”

He didn’t even dare to look at the other two, for fear that his heart wouldn’t be able to take it.

The so-called great demon was equivalent to a human Almighty warrior, who had already stepped into the peak of the martial Supreme realm. They were like the ten great martial sovereigns of the human race, respected by all demons!

He carefully walked to the center and looked at the transparent sphere floating in the air. It was constantly emitting strong positive Yang Qi. He could vaguely see a figure inside, but he could not see it clearly. Even his spiritual sense could not penetrate it.

“Gulp!”

Mr. Yu swallowed hard. He was so shocked that he couldn't think. He had no idea what was inside the sphere. What made him anxious was that this positive Yang Qi seemed to have been lost for many years. He didn't know if the thing inside was Dead or Alive.

“It seems that there's a problem with the formation. This place seems to be the earth vein of the universe, which should be the place where Dragon Qi is born. Why was it flowing in the opposite direction? It must be those damn humans!”

Mr. Yu gritted his teeth and said, “that must be it!” They couldn't break the heaven crystal essence enchantment, so they thought of this method to make the power that they had gathered lose. It had been so many years, but the energy was still flowing out. Heavens! Before this, what kind of terrifying existence would the thing inside be? what's the situation now?”

Mr. Yu started to panic. Suddenly, he heard a weak voice from the barrier.

“?! Who was it? Who is it?”

He jumped in horror and hurriedly looked at the divine realm tablet outside, thinking that it was Yunxiao again. Little did they know that Yunxiao was so weak at the moment that he was quickly recuperating in the divine realm tablet.

“It's me, on your right. I'm Qianqian, li Qianqian.”

“?!”

Mr. Yu was shocked. He quickly looked at the smaller demon. The voice did seem to come from inside, but it was very weak.

“How many years has it been? I've finally met someone from my clan, but I don't have much strength left. You listen well, Yingluo.”

The female monster called “li” began to transmit her voice intermittently. Mr. Yu’s face kept changing, from shock to horror, anger, joy, and finally to calm.

Li seemed to have said too much in one breath. All of his power poured out and he fell silent again.

After the shock, Mr. Yu fell into deep thought. After a while, he made up his mind.

He began to sit cross-legged and his hands constantly changed spell gestures. Every time he performed it, it was very slow, as if he was very unfamiliar with it. However, his expression was unusually solemn and serious. Various demon race characters flashed from his body and flew out of the formation.

The transparent sphere in the center gradually became bright, flashing and dimming. The Yang Qi began to gradually stop flowing.

At the same time, the four pillars glowed with different lights. Like candles, they started to melt under Mr. Yu’s spell.

Mr. Yu’s face was getting paler and paler. He was sweating, but he gritted his teeth and didn’t dare to rest.

Finally, the four pillars were completely melted.

A strange aura spread out from the formation. The bodies of the three great demons appeared and fell to the ground. It was unknown if they were Dead or Alive. Li’s body gradually sat down cross-legged, as if he could still regulate his breathing.

Then, Mr. Yu took out a few glass containers, which were filled with blood. He poured all of it into his mouth, and his whole body instantly turned red, as if he had obtained great power again. His eyes were full of excitement, and a large number of demon clan characters appeared around him again. He began to cast them on the transparent sphere in the center.

The ball was also drawn by the force and began to melt. Every drop of the White liquid that fell to the ground made a sizzling sound and instantly evaporated, forming a gas that dispersed in the air.

After an unknown period of time, the entire array turned white. A man's figure gradually appeared in the air. He was curled up like a baby. But that face was that of a young man around twenty years old.

"Pfft!"

Mr. Yu couldn't help but spit out a mouthful of blood. His entire body became extremely pale, as if he had suddenly aged several decades. His face was actually covered in wrinkles.

At this moment, he was shocked to find that one of the three demon bodies that had been lying down in the White fog had sat up and was regulating his breathing like li.

Li slowly opened his eyes. His pupils were dark purple-brown.

She stared at the man in the center for a while and said slowly, "Take us away now. We've almost all used up our strength, and our cultivation levels have dropped beyond recognition,"

"Yes! Lord li!"

Mr. Yu took out a large amount of pills again and poured them into his mouth like beans, forcing himself to stand up. He roared in a low voice as he circulated the last bit of his vital Qi. Several strong winds formed around him, rolling up the man in the center and the four great demons in the pillar. They turned into a strong wind and flew out of the hole.

The heavenly crystal barrier suddenly broke open at this moment. The White mist spread out and filled the entire cave.

Inside the divine realm tablet, on Mount Innerheart.

Duan Yue kept walking around Yunxiao and said in a flirtatious voice, "I won't be fooled by you again. If you encounter such a terrifying guy in the future, don't call me. You should've hidden in here earlier, and everything would've been fine. Just look at yourself, you almost died."

Yunxiao opened his eyes and said angrily, 'can't you shut up? So much f\*cking nonsense, so annoying!"

With a wave of his hand, Duan Yue was teleported to God knows where. In the divine realm tablet, Yunxiao's every move was the law of heaven and earth, and it could not be stopped.

He raised his head with doubt in his eyes and muttered to himself, "Why is there no movement after so long? Could it be that that person would give up on this transcendent grade profound level weapon? With his cultivation as an eighth-tier Alchemist, even if he could not take it, he would at least try. Why didn't he feel anything? Could he have left?"

Suddenly, the stone beast's figure appeared in the sky. It had actually escaped from the light circle. Seeing that there was no one around, it had returned on its own.

Yunxiao used his divine sense to communicate with the stone beast.

Although the stone beast did not have much intelligence, Yunxiao could still learn the information in its mind.

"What?"

Yunxiao was taken aback. In a hurry, he appeared outside the divine realm tablet in a flash, only to see a white mist, and he could see no one in the entire underground cave. &Nbsp; moreover, the central sphere and the four pillars of the array had completely disappeared.

Yunxiao had a bad feeling. The information he got from the stone beast's mind seemed to indicate that the demon in the sacrificial array was still alive!

This information gave him a huge shock. Who knew how many years this formation had been in operation? How could there be any survivors? If that was the case, just how powerful was that person?

we're done for. The big demon has appeared. I'm afraid there's going to be big trouble at five Cloud Mountain!

Yunxiao's face was filled with deep worry.

"You don't have to worry too much," the demonic Dragon said. "How many years has it been since the positive Yang Qi has been lost?" It was already a miracle that those so-called great demons were still alive. Even if they did come back to life, their power would definitely have been exhausted. It's impossible to recover the power of a Greater Demon in this lifetime unless there's a great opportunity."

After a pause, he continued, "besides, there are many powerful cultivators in the human race. Even if they can recover their strength, a few powerful demons are nothing." The ten great martial emperors are all more powerful than the great demons!"

Yunxiao thought for a moment and agreed. It did not seem to matter even if ten real great demons were born, let alone a few great demons whose life and death were unknown. After he thought it through, he felt relieved. Suddenly, he frowned and said in surprise, "What is this white mist?"

"Such pure energy!"

Yunxiao was overjoyed after the initial shock. It just so happened that he was covered in injuries, and he had encountered such a great tonic.

He hurriedly sat down cross-legged and circulated the Qi creation technique to absorb it. Under the nourishment of the White mist, his body was quickly repaired.

Chapter 368

?

368 Identity exposed

Luo Yunshang, who was cultivating in the base of Team 8, suddenly opened her eyes and frowned. She was in a mysterious state when she suddenly felt the power that was constantly pouring into her body

disappear. It seemed to be a strange state of the nine yang body. It was the first time she had come into contact with it, and she was shocked by its powerful strength.

When she came back to her senses, she felt a burst of disappointment and pity. However, there was an extremely domineering force flowing through his meridians, which was different from the vital Qi He had cultivated before. It was formed by the nine yang body under that state.

could this be the nine yang genuine Qi?!

She was greatly surprised. Although she had been cultivating the nine yang true technique, and the true Qi flowing in her meridians had Yang Qi, it was only slightly more yang than ordinary vital Qi. At this moment, the power flowing through her body made her feel that she was truly incomparably powerful, as if it was difficult for her to compete with those of the same level!

“With this nine yang true Qi, I won’t have to worry about dragging young master Yun down, hehe!”

After Yunxiao came out of the cave, he was in high spirits. Not only had his injuries healed, but his cultivation base had also improved a lot.

He was also having a great headache now. After the demon clan’s formation was destroyed, there was no longer a trace of positive Yang Qi. How could he explain it to the alchemists?

He had no choice but to force himself to think of an excuse.

“It’s precisely because everyone relies on external forces to refine it that it’s very difficult to achieve effective progress in strength. I thought about it for a whole night and used all my effort to break the energy returning formation and block the fire Dragon vein. Although it will affect the quality of your products in the short term, only by tempering yourself like this can you achieve great progress.”

“So that’s how it is! I was wondering why my soul power didn’t increase at all after I joined the rookie mercenary group. It’s actually because of this!”

A third-tier Alchemist looked enlightened, and he looked at Yunxiao with gratitude in his eyes.

Lu Xun was also extremely excited. He said with reverence, "Ever since master Yunxiao gave me a few pointers, I feel like I've touched the threshold of the sixth rank! Thank you, master Yunxiao. Everyone will listen to master Yunxiao's teachings and guidance. It will definitely not be wrong!"

that's right. The improvement in these two days is more than what I've achieved in two years!

Everyone responded one after another, full of gratitude and admiration.

"En, Yingluo."

well, let's keep working hard," Yunxiao said. I still have something to deal with, so I'll take my leave first.

He hurriedly broke away from the reverent gazes and jogged back to his room.

He recalled the scene of his battle with that person in the underground space. The most depressing thing was that he still didn't know the other party's identity. He was struck by an idea and immediately turned into his soul-form in the divine realm tablet to capture Gu Yuesheng, Ye Xin, and the others for questioning. Only then did he confirm their identities. It turned out that they were the mysterious Mr. Yu!

Mr. Yu's health is poor. The demon Alchemist's health is poor. Hailin's health is poor.

He strung them together and seemed to have some ideas. He muttered to himself, "That guy's body is unusually strong. Even a demonic beast that is known for its defense can't have such a strong body. It must have something to do with the way he refined his bloodline. The reason they wanted to snatch the sea Forest was undoubtedly because they wanted the blood of the earth elephant in his body."

"This is going to be fun. He's also taken the bodies of those great demons. If he were to extract the blood and use it on himself, it would be even more troublesome the next time he met this person. Moreover, the secret of the divine realm tablet has also been discovered by this person. I wonder if he will spread it out."

Just as Yunxiao was feeling a little vexed and upset, a voice suddenly came from outside the door, "Captain, the captain of the red coat mercenary group wishes to see you?"

"The red coat mercenary group?" Yunxiao frowned. Why did such a pink name sound like a woman's?

Soon, he understood that this was a mercenary group formed by a woman. Moreover, she was a beautiful woman, a beauty that made his blood boil.

A woman in red was sitting in front of Yunxiao, and an indescribable scene that would be blocked once described appeared. It made Yunxiao feel like his blood was surging up, and his nose was about to bleed.

"The girl who cries and takes the initiative to come to the door can circle the gentle song forest two times."

Bin Jie's words before he left immediately emerged in Yunxiao's mind.

After becoming this ghost Captain, he had never stopped killing. Now, he was finally getting some returns. This was a piece of fat meat that had been delivered to his door!

"Hello fatty, what's the matter?"

Yunxiao tried his best to maintain his demeanor. He touched his nose to move the blood that had accumulated in it, so as not to vomit it out, which would be too embarrassing.

"Fatty meat?"

The beauty was stunned for a moment, and then her face darkened. She bit her red lips and stood up suddenly. She showed off her waist twice and approached step by step, "Do you see any fat on my body? Take a look for yourself, where am I fat?"

The fragrance had a hint of hallucinatory effect, and Yunxiao naturally noticed it. But, he seemed to enjoy it very much as he looked at the woman's figure with great pleasure.

“I’m sorry, I let it slip. You’re Yingluo.”

The beauty seemed to be very confident in her appearance. She leaned over and said, “ I’m the leader of the red coat mercenary group. My name is Hong Yiyi.

Hello, Red Team leader. Ahem, it’s improper for men and women to touch each other. Please remove your hand from my shoulder.

Yunxiao coughed and reached out to grab her hand.

Hong Yiyi laughed coquettishly and pulled her hand back. After performing a few dance moves, she sat back on the chair and smiled. commander Yunxiao is only 16 or 17 years old, yet he’s actually so lecherous. He even wants to touch my sister’s body? ”

Yunxiao laughed. sister? It’s Auntie, right?”

Hong Yiyi’s expression changed drastically, and her anger surged as she cursed, ” “You little brat, you’re saying that the grapes are sour when you can’t eat them.” She immediately laughed again and said,“it’s not that you won’t be able to eat it, hehe hehe. But I’m the exclusive property of your Captain, okay?” Let’s see if you have the guts to try it. ”

Yunxiao laughed as well and said, ” “Then how can I eat it? I seem to be very interested.”

“Keke!”

Hong Yiyi smiled dazzlingly and said, ” I heard that Captain Yun Xiao is going to hold a Heroes Assembly in the west of the city tomorrow? ”

Yunxiao nodded. that’s right. I’ve already spread the news. I wonder if Captain red will come back to participate? ”

“Of course,” Hong Yiyi said with a smile. In addition to your three mercenary groups, the forces in the west of the city are also quite powerful. My red coat mercenary group is one of them, so it’s natural for us to participate in the heroes Assembly. But I’m very curious, what’s the purpose of Captain Yun Xiao holding this meeting?”

you’ll know tomorrow, Captain red, ” Yunxiao said.

Hong Yiyi bit her red lips and slowly lifted her legs. She leaned back on the chair and said in a tender voice, ” “Captain Yun Xiao, you don’t want to eat big sister anymore, Yingluo?”

“Gulp!”

Yunxiao swallowed and patted his forehead weakly as he said, ” “Aunty Hong, I can’t take it if you keep doing this.”

Hong Yiyi looked angry, but she was still very happy about her charm. Her face gradually turned serious as she stared at Yunxiao and said, ” Captain Yun Xiao, you’re holding the heroes Assembly tomorrow. Are you going to reshuffle the forces in the west of the city? ”

Yunxiao looked surprised as he checked if Hong Yiyi’s chest was real. People said that women had big breasts but no brains, but this woman not only had brains, but she was even smarter than ordinary men. It seemed that her cultivation wasn’t high, but to be able to be a Regiment commander, she didn’t rely on just her chest.

“why do you say that, auntie hong?”

don’t call me Auntie, ” Hong Yiyi said angrily. I’m only nineteen this year.

“Pfft!”

Yunxiao finally coughed up blood, not from his nose, but from his mouth.

hong yiyi's face turned slightly red and she said angrily, "i was nineteen a few years ago, and i'm still young now. you have to call me sister!"

Yunxiao patted his chest to calm his qi and blood, then wiped his cold sweat and said, "What exactly does Red Team leader want? just say it."

Hong Yiyi's eyes narrowed, and the aura on her body suddenly changed from enchanting to cold, with a faint trace of killing intent. She said, "I want to borrow your power to remove the four extremes sect from the gentle song forest!"

"Four extremes sect?"

Yunxiao was taken aback as he looked at Hong Yiyi in surprise. The four extremes sect was one of the members of the seven great merchant alliances, and they were extremely powerful. She was just a small mercenary group, how could there be friction? The difference between the two was too great, and there was no possibility of contending at all.

Hong Yiyi seemed to see through his thoughts and smiled sweetly. Her murderous aura became ambiguous again. She giggled and said, "Captain Yun Xiao, just agree to it."

She acted coquettishly and said angrily, "besides, others may not know Captain Yunxiao's identity, but I know it very well. You also have a feud with the four extremes sect, don't you, Lord li Yunxiao, the city Lord of Yanwu?"

Yunxiao's pupils dilated slightly, and a gust of cold air spread out, locking onto Hong Yiyi. Although his identity was not a secret, he did not like the situation where he was in the open while the other party was in the dark.

"Aiyaya, is the cloud sky City Lord going to kill my sister?" Hong Yiyi covered her face and smiled, looking extremely charming.

Almost everyone in the world knew that Yunxiao had teased tang yuan in Mount Meru, causing him to burst his crotch and die a tragic death. Tang yuan was the direct disciple of the Tang family, the biggest force in the four extremes sect.

He could not escape this hatred, but he had never been afraid.

Yiyi seemed to enjoy this feeling and continued to show off her information. "Although I know that Captain Cloud Sky is the famous City Lord of Yanwu, I really don't know who the force behind the City Lord is. He was actually able to get the support of Tianqin Martial Emperor Li Huachi. Tsk, tsk, I'm afraid that there are not many people in the heavenly martial realm who would dare to attack the City Lord."

Chapter 369

?

369 News of the ship's key

Yunxiao's face gradually grew cold as he said, "I don't like women who think they're smart. They're disgusting. Especially when this woman is already in her seventies or eighties."

"You coward!"

Hong Yiyi instantly trembled with anger. Women were most afraid of people calling them old, let alone a former beauty who was gradually aging. This had been the reason why Hong Yiyi could not sleep and eat in peace every day, and now that it was pointed out by Yunxiao, a venomous look flashed in her eyes.

"I'm your commander Hao Lian's exclusive property. How dare you speak to me like this! I will definitely ask commander Hao Lian to kill you!"

She was flustered and exasperated, and all the makeup on her face wrinkled up.

do you think a capable subordinate or an old and beautiful Auntie is more important in his heart? "

Yunxiao sighed.

"I'm going to kill you!"

Hong Yiyi gave a furious roar as pink gas burst out of her five fingers, shuttling back and forth in the air and winding around Yunxiao like a rope.

“Pink bone corrosion, explode!”

She clenched her fist, and the pink mist exploded and burrowed into Yunxiao’s body like maggots attached to a bone. At this moment, she was so angry that she had already lost her mind. She had used her strongest killing move without any hesitation.

Yunxiao stood there motionlessly. Black demonic energy gushed out of his body and devoured the pink gas. He stretched out his hand, and The Phantom of the demonic sky armor appeared. No force could get close to him.

“So you are from the Empyrean one Pavilion. No wonder you have such a big conflict with the four extremes sect.”

Yunxiao said indifferently with a smile in his eyes.

Hong Yiyi’s face changed drastically. Startled, she hurriedly dispersed the pink mist and looked at Yunxiao in horror.

Only then did she understand that the other party was deliberately provoking her to find out her background. This Yingluo, was this person really a sixteen or seventeen-year-old youth? Looking at Yunxiao’s bright smile, he felt a chill in his heart. He’d been hiding in the soft song woodland for so many years and had never revealed his identity. He’d only been in contact with this person for a short time, but he’d already been dug out.

“Speak, we can deal with the four extremes sect, but what price do you plan to pay?”

Yunxiao asked with a smile.

“The price?”

“The four extremes sect is your mortal enemy. If you don’t kill them, they will kill you sooner or later!” Even if you have li Huachi’s protection, you may not be able to escape the pursuit of the four extremes sect. This is for your own good. And you’re still negotiating the price with me!”

Yunxiao waved his hand and said, “ I’m very annoyed talking to stupid women. Auntie Hong, I won’t be seeing you out.

Hong Yiyi was furious. She had never been so passive and at a disadvantage in a conversation. He had planned everything out before he came. With his charm, it would be easy to deal with a child. He didn’t expect that he would become more and more passive and lose the position to speak.

“What do you want?” Hong Yiyi was forced to compromise.

Yunxiao stared at her and said coldly, “ It’s not what I want, but what you want. I’ll give you one more chance to speak. If I’m not satisfied with your answer, I won’t send you off.”

Hong Yiyi felt very dizzy. For the first time, she doubted her own social skills and charm. She said in distress, “ Alright, then. We’ve received the latest news that the young master of the four extremes sect, Tang Jie, is currently in the light song woodland. The higher-ups have already given orders that we must capture Tang Jie alive no matter what. Even if the other party knows that it was done by us, we can’t leave any evidence or evidence behind.”

She gave Yunxiao a look and said, “ and Captain Yunxiao, you’re holding a gathering of mercenaries at this time. I’m guessing that you’re going to reorganize the power structure in the west of the city. It was a good opportunity to deal with the four extremes sect and capture Tang Jie alive. As for the reward, as long as it’s not too excessive, I don’t think our Emyrean one Pavilion will be stingy.”

After that, she looked at Yunxiao quietly. However, he didn’t have any expression on his face. He was like a stubborn rock, and he felt a little uneasy and angry.

Yunxiao finally smiled. sister Hong, ” he said, ” it seems that not only did you not solve my problem, but you’ve also brought me great trouble. Tang yuan was only a direct descendant. If he died, there was still room for reconciliation. Tang Jie is the young sect master. If he is killed by you, I will not rest until the four extremes sect is dead. Also, you captured the young sect master of one of the seven merchant alliances, and you don’t allow me to give you excessive rewards. This business is really good. Tsk tsk,

sister Hong, su lianyi really has bad taste for not promoting you to the Vice Pavilion master of the Empyrean one Pavilion.”

Hong Yiyi’s face was very red, and she said angrily, ” “What do you want in return?”

She only felt that her conversation this time was a complete failure, and it was getting more and more out of hand.

Yunxiao laughed. don’t be nervous, sister Hong. I won’t ask you to be my exclusive sex slave. I don’t have a hobby like sex. Your sect is at least one of the top four in the merchant Union. Have you ever heard of the nine evils spring water of the netherworld?”

the water of the netherworld? ” Hong Yiyi was stunned. it’s called the essence of all water, a rare treasure of heaven and earth.

“Not bad!”

Yunxiao’s eyes flickered as he said in a serious voice, ” “The reward is the water of the netherworld!”

Hong Yiyi was silent for a while, as if she was thinking, and said, ” “I’ve only heard of this thing, but I’m not sure if Empyrean one Pavilion has it. I must report this matter to the higher-ups, and if possible, I’ll inform Captain Yun Xiao.”

sure, ” Yunxiao said. but you’d better give me a reply as soon as possible. It won’t be easy to make a move on the four extremes sect, even if it’s just a small branch of the gentle song forest.”

Hong Yiyi also knew the importance of the matter, so she left soon. She did not dare to show off in front of Yunxiao, for fear of humiliating herself.

“It’s very fragrant!”

As soon as Hong Yiyi left, Ding Ling 'er rushed in with a resentful look on her face and her eyes swept around the room.

Oh? " Yunxiao wiped off his cold sweat and said, " the leader of a mercenary group came to talk business just now.

"Serious business? What a fragrant business."

Ding Ling 'er sniffed a few times and snorted, " I just saw a coquettish woman leave. She looked very satisfied. Captain cloudsky, you seem very powerful!"

She was extremely jealous and started to mock him.

Yunxiao could not say anything, and the more he explained, the more troublesome it would be.

"Hmph, I'll be leaving first. Take care of yourself, Captain cloud sky. There are still girls lining up around the forest waiting for you!"

Seeing that he didn't say anything, Ding Ling 'er was even more upset. She turned around and was about to leave.

Yunxiao's heart skipped a beat as he asked, " "Miss Ling 'er, you should know a lot about the merchant Union, right? I want to know about the grudges between the Empyrean one Pavilion and the four extremes sect. "

Ding Ling 'er stopped, turned around, and said in surprise, " "That b \* tch is from the merchant Union?"

Yunxiao nodded and told him what had happened.

Ding Ling 'er was shocked and said in a hurry, " "You must not! The strength of the four extremes sect was not as simple as it seemed on the surface. If young master Yun had his previous strength, he naturally had nothing to fear. But Yingluo, you've already gotten yourself into trouble by killing tang

yuan. If you catch Tang Jie again, even if you regain your strength as a martial sovereign, they will still do their best to hunt you down!”

“Oh?” Yunxiao listened carefully with an interested expression.

Ding Ling ‘er said with a serious face, ” “The world knows that the Business Alliance is very strong. The reason they think so is that they are made up of the seven council members of the Business Alliance, and have hundreds of Chambers of Commerce of all sizes under them. If such a force joined forces, it would be enough to contend with the seven superpowers. However, I can say for sure that among the members of the Council of the seven business unions, the myriad treasures store, the money gang, the four extremes sect, and the Emyrean one Pavilion, any one of them is as powerful as the seven superpowers!”

Her face was filled with desolation as she sighed, ” “Although they are all members of the Council of the seven great business alliances, the strength of these four Chambers of Commerce has far exceeded that of us three. They call themselves the ‘core four alliances’ and have already excluded the other three in their hearts. The reason they didn’t reveal themselves was that they were disguised as a Chamber of Commerce, but they were actually no different from the seven superpowers.”

in terms of strength, even Lord Gu Feiyang wouldn’t dare to challenge the seven superpowers!

Yunxiao was also surprised. “It’s actually this powerful?” He frowned and asked, “then what grudges do the Emyrean one Pavilion have with the four extremes sect?” Do you want to kill the young master?”

Ding Ling ‘er’s eyes were shining as she said word by word, ” “Because of the ship’s key!”

Yunxiao’s face flickered as he said in a deep voice, ” “The legendary key that can be found and opened Noah’s ship? Wasn’t that just a legend? Does the merchant Union really have a key?”

that’s right, ” Ding Ling ‘er said. the merchant Union has the key all along. The four alliances will take turns to manage it, and each of them will keep it for a year.”

Yunxiao frowned and said, ‘is something missing? Otherwise, with the ship key and the power of the merchant Union, Noah’s ship would have been found long ago.”

“Not bad!” Ding Ling ‘er showed a look of appreciation and said, “Because there are two keys in total, yin and yang. The one in the merchant Union’s hand was a yang key, so no matter how they studied it, they could not unlock its secrets. However, I heard a piece of news not long ago that the yin key has also appeared on the continent!”

I see! Yunxiao’s heart trembled as he said, “that’s why it’s very important to know who will be in charge of this yang key this year! With the power of the four alliances, it was possible to find the other key. If one of them gets Noah’s ship, their overall strength will not only be enough to lead the merchant Union, but even the seven super forces will be a bit inferior!”

young master Yun, you’re right, ” Ding Ling ‘er said. the Yang key should have been given to the four extremes sect this year, and the Emyrean one Pavilion will be given it next year. I’m sure the Emyrean one Pavilion is going to seize the ship key at all costs.” “This is definitely not a good thing for the merchant Union,” she said worriedly.

“Noah’s ship, ah, ah, ah.”

Yunxiao muttered to himself. It was the only Supreme-grade Mystic artifact recorded in the history of the continent. However, from all aspects of the information, it seemed that it was not as good as his divine realm tablet. If someone knew that he had such a valuable treasure, he was afraid that a group of martial sovereigns would hunt him down every day.

Chapter 370

?

370 The gathering of the mercenaries

Ding Ling ‘er also thought of this, so she asked carefully, “Young master Yun, where did you get that profound level weapon? Could it be Noah’s ship?” She made a bold guess.

Yunxiao shook his head with a wry smile and said, “You wouldn’t believe me even if I told you. I found it in the warehouse of the Li family of Tianshui.

Ding Ling 'er was stunned. This was too good of a luck. He could find a super-grade Mystic weapon in a random warehouse.

Yunxiao frowned and said, 'this is troublesome! So it's such an important matter. If I get involved, I'm likely to be crushed to death.' He smacked his forehead and said in distress, ' I'm really too smart for my own good. If I had known this would happen, I wouldn't have exposed Hong Yiyi's identity. Now that Hong Yiyi's identity has been exposed to me, if I don't cooperate with them, I'm afraid the Emphyrean one Pavilion will not let me go!'

"If you piss me off, Emphyrean one Pavilion and four extremes sect will be annihilated together!" He said coldly.

Ding Ling 'er was shocked and frightened. She had also heard of Gu Feiyang's character. Back then, he had massacred one of the seven major forces, the red moon City, and countless Masters had been killed or injured. This caused the strength of the entire Red Moon City to fall to the bottom of the seven major forces.

As for the other sects, such as beiming Xuanzong and shenxiao Palace, he had also gone through them alone. He was the kind of person who would kill one person every ten steps and not leave a trace for a thousand miles.

"Don't throw a tantrum! With your current strength, you can't even get rid of Emphyrean one Pavilion and four extremes sect's branches in the gentle song forest, let alone them! Let's think about how to deal with this."

Ding Ling 'er pouted and said angrily.

Yunxiao's eyes flickered as he suddenly laughed and said, ' I've thought it through. I'll follow the Emphyrean one Pavilion's wishes and deal with the four extremes sect!

what?! Ding Ling 'er was shocked. you'll get into big trouble!

Yunxiao's face showed a touch of indifference as he said, ' "They won't let me go after killing tang yuan. Besides, I'm also very interested in seeing what Noah's ship looks like!"

Ding Ling 'er's face turned pale, and she said with difficulty, " "Young master Yun, do you know what you're doing? With your previous strength, it wouldn't be a problem, but now, once Noah's ship appears, not only the business union, but the whole world will be shocked! If you get caught up in it, you'll just be cannon fodder!"

Hmph! Yunxiao snorted. even if they are cannon fodder, a few people will be killed! His eyes lit up as he said, 'Noah's ship has become a Supreme-grade Mystic artifact, and its refining method has always been the ultimate pursuit of all alchemists. I must get my hands on it, dismantle it, and figure out its refining method!"

Ding Ling 'er's mouth was wide open, and she was completely stunned.

They wanted to snatch Noah's ship to improve their strength and dominate a region. And he actually wanted to take it apart and study the refining method, Suan ni.

The next day, the entire west side of the city began to become quiet.

There was no usual hustle and bustle, and the road seemed a little cold and quiet, as if a storm was coming.

The meeting was held in an open-air square in the west of the city. Due to the large number of people, the rookie mercenary group had come in early to maintain order. A large round table was set up in the center of the square, and many seats were scattered around it. From time to time, there would be people from mercenary groups entering. Only the leaders were allowed to sit, but they didn't dare to sit at the Round Table. Instead, they sat on the small chairs at the side.

To everyone's horror, there were many people kneeling around the square. They were the members of the storm mercenary group, led by Zhao Yu. They were all kneeling on the ground, their fates unknown. Zhao Yu's hair was disheveled and he looked dazed. His white clothes were dirty and gave off a foul smell.

He was a six-stars Martial Emperor, and he could be considered an expert anywhere. To actually receive such humiliation, it made one's heart turn cold. However, it also had an extremely strong intimidating effect.

The heroes Assembly this time would not be simple. When the people from the rainstorm mercenary group arrived, it would probably be another fierce battle.

When Immortals fight, mortals suffer!

The leaders of these various mercenary groups quickly pondered in their hearts, thinking of an escape route later.

Under everyone's drooling eyes, Hong Yiyi walked up with her chest puffed up. She walked straight to the Round Table and sat down. From time to time, she would make eyes at the various Regiment commanders, making flirtatious gestures and sending them off. The entire venue was filled with spring.

"Eh, isn't this brother Zhao Yu?"

A man in gray walked in, surrounded by a crowd. When he saw the people kneeling in front of the venue, he was shocked and went forward to help Zhao Yu up, but the smile on his face did not fade. He said, "Brother Zhao Yu, you're being too serious. We've known each other for many years. Although we have a deep relationship, there's no need to greet us with such a big ceremony!"

"Brother Black cloud!"

Zhou Xiang called out from a distance. He stepped forward to pull the dark clouds away and said with a smile, "Brother Zhao Yu is now our rookie mercenary group's welcoming handsome man. The captain said that kneeling to welcome guests is a form of etiquette, a form of respect for the guests. It's only right, it's only right."

"Haha, I see, I see!"

Dark cloud laughed a few times, but his laughter sounded very dry. His eyes were filled with fear, a typical fake smile.

He was the person in charge of the skeleton mercenary group in the west of the city. He had thought that there would be a big fight, but he had received orders from the higher-ups early in the morning to bide his time and let the rookie mercenary group cause trouble.

This order had puzzled him for a long time. The intention of the rookie mercenary group was clearly to re-divide the structure of the city's West. If they did not stand up now, the benefits they would get would be extremely limited. However, they did not dare to disobey the orders of their superiors and could only attend the meeting gloomily.

He naturally sat down at the Round Table.

Hong Yiyi quickly leaned over, and the two of them teased each other as if there was no one else around. Black cloud thought that since he didn't have to do anything, it wouldn't be a bad idea to go back after some flirting.

The two of them added a touch of spring to the oppressive atmosphere of the venue.

The third person to sit at the large round table was a hunchbacked old man. He looked as if he would be blown away by the wind at any moment, the kind that would enter the coffin in the next second. With the help of a servant, he also sat at the Round Table.

There was no nameplate on the Round Table, nor was there any restriction on the qualifications. It just sat there.

However, those without a certain level of strength and confidence would not dare to sit on it. There were already many people sitting on the chairs around them, but there were still three lonely people in the center.

"Cough, cough, Qiao Luo, why are you here? Isn't this a mercenary group meeting? What's an old profiteer like you going to participate in?"

Qiao Luo's thin body turned around and she said hoarsely, "that's right. The rookie mercenary group's people surrounded our ten thousand treasures tower's front door for a day, saying that if I don't come, their people won't leave. How can this business continue?"

Dark cloud frowned and was extremely puzzled. The newbie mercenary group was going to start a war with all the other forces! They even dared to offend the myriad Treasure Tower? What was going on? Could it be that young Emperor hao lian had advanced to the martial Supreme realm? Even if he had succeeded, he shouldn't have been so reckless!

"Hmph, so you're also like this! I thought only my money Chamber of Commerce would have such treatment!"

A man had appeared out of thin air beside the Round Table, and a copper ingot was staring at the table. He said with an unfriendly expression, "I heard that the newbie mercenary group has become so arrogant after changing their Captain. Could the captain be a martial sovereign of the ninth heaven?"

"Jingnan, you're here too? I can understand why Qiao Luo came over. After all, he's an old man and I can't beat him. You're a man, and a Martial Emperor at that. How could you be threatened?"

Hong Yiyi spat out a mouthful of orchids and smiled. "No one's better than you in bed. Why are you a good-for-nothing now?"

"Pa!"

The copper ingot in Jingnan's hand slammed directly into the table, his face alternating between red and white as he angrily said, "Hong Yiyi, shut your stinky mouth! Do you believe that I won't tear you apart right now!"

Yiyi was still laughing non-stop and said disdainfully, "if you have the ability, go and find a man to fight with. He only knows how to bully a woman like me. He bullies me in bed and even bullies me outside the bed. What kind of ability is that!"

"You!"

Jingnan was so angry that his face turned red. He finally understood that he couldn't argue with a woman. If he continued, he was afraid that some more unpleasant words would come out. The other party was a shameless b \* tch, but he was the branch president of the money Chamber of Commerce,

who had a bright future. After thinking it through, he suppressed the anger in his heart and slowly sat down.

“Cough, ha, cough, haha!”

Qiao Luo coughed and laughed, like a withered branch swaying in the wind, ready to break at any moment. She teased, “Jingnan, Yiyi is complimenting you. Hahaha.”

that’s right. President Jingnan, when are we brothers going to have an exchange? ”

An unfamiliar voice rang out in the public square. A purple light flashed down, and a man with upside-down hair and large earrings appeared beside Jingnan, sitting down.

It was the person in charge of the four extremes sect’s branch, Cang Xiong.

Hmph! dark cloud snorted. is this a gathering of the mercenaries or a meeting of the merchant Union? ”

“Who is this? It seemed that he was very impatient. Is it because the welcoming men I prepared didn’t serve everyone well and don’t suit your appetite?”

Yunxiao’s voice suddenly rang out in the square.

Everyone’s eyes looked to the side of the square and immediately made way for him. They all wanted to see what the new captain of the rookie mercenary group, who had caused an uproar these few days, looked like.

With one look, everyone was stunned. It was actually a sixteen or seventeen-year-old child? Although he had heard about it, he was still shocked when he saw it.

Bin Jie, who was standing next to Yunxiao, had a bitter look on his face. He had barely escaped from the Devil’s Den and had even gone out to celebrate, but the next day, he had received an order from hai

beifei, and was transferred here. There was also Ding Ling 'er and a woman who looked like a young woman. The two of them were holding hands and seemed to have a good conversation.

The young woman was the person in charge of the branch of the Empyrean one Pavilion, Shen Li.

When dark cloud saw Yunxiao staring at him, he was startled for no reason, and a chill rushed into his body. He was shocked. He was a Martial Emperor, so how could he be frightened by a martial King?
