

The Eternal 371

Chapter 371

?

371 Re-division of benefits

Besides, the meaning of Yunxiao's words was also very obvious. He had specifically mentioned the beautiful man to let people know that if they were not convinced, they could kneel down and greet the guests.

He thought of the order from above and the cold gazes that were staring at him from all directions. He couldn't help but feel scared. He had come alone this time, and he was obviously surrounded by the rookie mercenary group.

Although he was a Martial Emperor, he still lowered his proud head and did not dare to look Yunxiao in the eye.

When dark cloud lowered his head, everyone's hearts trembled!

The reason why there was no order in the west of the city was because of the mutual restraint between the three major mercenary groups, which gave them a large living space. If one of the mercenary groups became stronger and completely suppressed the other two, it was something that none of the mercenary groups wanted to see.

However, the leaders of the other two mercenary groups in the city's West, one of them had lowered his noble head, while the other was kneeling in the square to welcome the guests.

It was as if everyone was seeing a future that they were extremely unwilling to see.

Yunxiao looked at the center of the square and saw that three more men had appeared at the Round Table. Each of them was silent, and there was a very strong sense of viciousness around them. Only those who had been killing on the edge of life and death for a long time could have such a soul-shaking aura.

They were the Hunter mercenary group, the pie mercenary group, and the frog mercenary group. They were all famous in the west of the city. Not only were they the leaders, but there were also many martial emperors in their group.

More than half of the cultivators were sitting on the scattered rows of chairs around the Round Table, each of them breathing heavily and their expressions not too good. There were some who were whispering to each other, but they all had cold and serious expressions.

The atmosphere in the square was very heavy, but Yunxiao looked relaxed under the eyes of thousands of people. He walked straight to the Round Table and sat down, almost humming a song.

Qiao Luo and Jingnan, who was beside her, exchanged a look and saw the surprise in each other's eyes.

In such a harsh environment, which mercenary group leader wouldn't be sweating? even veterans like them, as well as the elders of the Chamber of Commerce who weren't very close to him, felt extremely depressed and uncomfortable. However, this 16-or 17-year-old child was actually able to walk through it so easily, as if no one was there.

This kind of indifference and unaffected mind was definitely not only related to cultivation. He must have been in a high position for a long time to produce such a temperament.

For a time, everyone was guessing the identity of this new brigade leader.

Bin Jie, Zhou Xiang, Shen Li, and Ding Ling 'er also sat down on both sides, filling up the large round table as if they had already calculated the number of people.

A sharp light flashed in Qiao Luo's cloudy eyes, and he looked at Ding Ling 'er. He said in surprise, "Could this little girl be the famous miss Ding Ling 'er?"

Several people in the merchant Union fixed their eyes on Ding Ling 'er with surprise and contemplation on their faces. They didn't understand why a Big Shot of Tianyuan trading company would appear here.

Although Tianyuan trading company had declined, its reputation was still there. In terms of status, Ding Ling 'er was much better than them.

Shen Li seemed to be very kind. She held Ding Ling 'er's hand and smiled at everyone, " "Little sister Ling 'er is a good friend of Captain Cloudsky, and she's only here to play."

"Hehe, so you're just here to play."

Qiao Luo said lazily, as if she had suddenly realized something. He especially emphasized the word "purely." Although Ding Ling 'er's status was very high, the core members of the four alliances didn't care about the other Chambers of Commerce at all.

The rest of the people also had looks of disbelief and contempt on their faces, but they were also vigilant.

The gathering of the mercenaries was supposed to be a re-distribution of interests, which had little to do with the interests of the merchant Union. But now there was one more member of the merchant Union, and he was a big shot at that. This made the faces of the four leaders of the merchant Union turn ugly.

Even Shen Li, who had a kind smile on her face, had a cold glint in her eyes.

Cang Xiong chuckled in a strange voice, " "The two meetings of the merchant Union are about to begin. Why is Miss Ling 'er in the mood to travel instead of cultivating in seclusion?"

Before Ding Ling 'er could speak, Yunxiao frowned and said, " "What does this have to do with you? You're just a Branch Manager, and to put it bluntly, you're also a piece of trash. Why do you care about an event that high-level people like the two associations of the merchant Union participate in?"

Cang Xiong was stunned. He was just casually speaking, how could he be retorted by the other party? Even the rest of the people looked at each other, not understanding why Yunxiao had lost his temper.

what? ” Yunxiao continued leisurely, ” are you not convinced that you are a piece of trash, and you want to get into the top management? ” Is it Tang dingtian who’s supporting you, or are you trying to overthrow the core power of the four extremes sect?”

“You’re so silly!”

Cang Xiong jumped up from his chair in shock and said angrily, ” “Don’t talk nonsense! Be careful of trouble coming from your mouth!”

The smile on Shen Li’s face did not fade, as if nothing had happened. Hong Yiyi, on the other hand, gently revealed a charming smile. The others were all frowning, somewhat unsure of the direction of the wind.

Yunxiao’s idea was simple. Since he had decided to destroy the four extremes sect, he would just go straight to the point. In this kind of thing, it was still a competition of fist size. Schemes, tricks, nonsense, and strategies were all small tricks.

Therefore, a cold expression appeared on his face as he said in a cold voice, ” “Trouble comes from the mouth? I really want to see how a piece of trash like you can make me get into trouble. It’s good to move around before the meeting.”

Yunxiao stood up from his chair. His bones crackled under the circulation of his primordial Qi, and his aura gradually dispersed. He was really going to fight.

The surrounding people were all stunned. What was this kid thinking? He hadn’t even finished his business and he had already offended the four extremes sect.

Cang Xiong’s expression changed drastically. The four extremes sect was an extremely powerful existence in the entire heavenly martial continent. Which sect would dare to not give them some face? the rookie mercenary group was the Dominator of the terrain in the light Singing Forest, but in the heavenly martial arts realm, they were nothing!

The captain of such a useless group of losers actually wanted to deal with him for no reason. A strong killing intent gushed out of his body as he stared at Yunxiao with fire spewing out of his eyes.

He couldn't understand how he had become a target. Could it be that the other party was really a lunatic, the kind that would deal with whoever he didn't like?

He wouldn't believe this even if he was beaten to death. If he was really such a reckless lunatic, how could he have become the leader of Team 8? Could it be that they are targeting our four extremes sect?

When he thought of this, his heart trembled. He glanced at Shen Li, who was standing beside Ding Ling'er. Shen Li was still calm, but she took out a bronze mirror and started to touch up her makeup.

Suppressing the anger in his heart, Cang Xiong's killing intent dissipated and he said, "Captain Yun Xiao, please calm down. I was rash just now. Don't delay the gathering of the mercenaries because of me.

"Whoosh!"

This time, a large number of them fainted, not understanding why Cang Xiong had given in. This wasn't usually the case, so why did it seem like everyone had changed today?

Yunxiao frowned. He had also caught Cang Xiong's gaze when he glanced at Shen Li. It seemed that he had begun to suspect something and had some concerns. It seemed that it was very likely that Tang Jie was in the light song woodland, which made him hold back his anger.

However, he still sneered in his heart. Since I've made up my mind to deal with you guys, I'll break your shell even if it's a Ninja Turtle! He revealed an overbearing expression and snorted coldly, "Your father wants to flatten you with your current appearance. This table is very crowded, and there are still many seats beside it. I'll have to trouble you to move a little so that you don't block my view."

Cang Xiong trembled with anger as he stared at Yunxiao. Then, without saying a word, he stood up and found a seat next to him.

"Whoosh!"

This caused everyone's hearts to tremble even more.

Even though the four extremes sect was only a merchant Association, it had a high status in the light song forest and had many experts. Usually, the leaders of the three mercenary groups would be very polite to them, but now, they were being scolded by a young man, and they even obediently moved their seats.

This Wufu, this time, completely destroyed his three views!

Everyone's heart turned cold. Who was this young man?

Yunxiao's heart jolted. It seemed that the Ninja Turtle had decided to endure it to the end. He frowned and said, "Hmph, I'll let you off for today, Ninja Turtle. Don't let me see you in the gentle song forest again, or I'll beat you up every time I see you!"

Cang Xiong looked at the surprised and disdainful gazes around him and was so angry that blood rushed to his head. He was about to go berserk. However, when he thought of the current situation, he dug his fingernails into his flesh, and his fists were covered in blood, but he still did not say a word.

Cang Xiong's behavior, as well as dark cloud's attitude in the beginning, made the hearts of the surrounding mercenary group leaders sink. There must have been information that they had not been able to obtain. This information had forced the skeleton mercenaries and the four extremes sect to give in to this young man.

This thought not only spread in the minds of the major mercenary groups, but even Qiao Luo and Jingnan were shocked and found it extremely difficult to understand.

It was only then that Yunxiao let Cang Xiong go for the time being. He looked around and leaned lazily on the chair as he said, "Zhou Xiang, please register the names of these mercenary groups that have come. Those who didn't come, don't need to appear in the city's West anymore."

"Huala"

There was another uproar in the surroundings. Was this a death sentence for the other mercenary groups?

Did he really think he was the king of the forest, the King of Mercenaries?

However, most of them were secretly happy. Although they didn't know how much weight these words carried, at least those who didn't come would definitely not have a good time. They were all glad that they came.

Yunxiao continued, " I've gathered everyone here this time because the west of the city is too chaotic. I've just been appointed as the captain of the eighth team, and I don't like this place. That's why I called everyone here to discuss and redistribute the benefits, then we'll come up with a rule together."

The main topic was finally here!

Everyone held their breath and looked at him quietly.

Dark cloud could not help but ask, "redistribute the benefits?" Hmph, Captain cloud sky's words are really simple!"

Chapter 372

?

372 Resistance from all sides

Everyone's face revealed an unfriendly expression. The reason why so many people died every day in the west of the city was because of various benefits. Now that they were going to re-divide it, they would have to hand over the things that they had obtained with great difficulty.

Moreover, this new division was proposed by the rookie mercenary group, so the plan was self-evident. They and the mercenary group that was friendly to them would definitely have great benefits.

Hong Yiyi's expression also turned serious. "I wonder how the profit division that Captain Yun Xiao mentioned is going to be divided?"

Yunxiao smiled and said, " it's very simple. For example, the mercenary groups that didn't come today didn't need to exist. All of their benefits in the west of the city will be emptied out, so we can just split it up."

This time, everyone was stunned. No one objected to this suggestion, and they were all very happy. Those who didn't come had quite a few powerful mercenary groups, and the benefits were extremely rich.

"That's it?" Hong Yiyi was stunned.

of course not, " Yunxiao said. and everyone here. There are many cases where the distribution of benefits is unfair, so I think there's a need to redraw it. "

Everyone's heart trembled. When they heard that their interests were at stake, their expressions changed greatly. Especially those forces that had always been at odds with the rookie mercenary groups, they all had fierce gazes.

"Pa!"

The leader of the pie mercenaries, Ouyang ze, slammed the table and stood up. He said angrily, " "You little brat, you want to redraw it? Who the hell are you? The benefits were all fought for by his brothers! How are we going to explain this to our brothers if you just decide to re-divide it?"

"Not bad! If they want to touch us for immediate benefits, they'll have to get young Emperor hao lian to come and talk to us personally!"

Those mercenary groups that were not on good terms with each other started to support him.

it seems that everyone is very excited, " Yunxiao said with a smile. You're Ouyang ze, right? You manage five gambling houses and three brothels in the west of the city, and your pie mercenary group only accepts some dangerous people. Including killing people, your annual profit is about five million mid-grade primordial stones, am I right?"

“Hmph, so What if I do!”

Ouyang ze’s face was twisted and he looked fierce. He had to muster his courage at this moment, or he would really be taken down by the other party. However, his heart was still beating like a drum. After all, the strength of the rookie mercenary group was too strong. Any one of the eight teams could destroy him!

it’s nothing, ” Yunxiao said with a smile. you don’t have to do these things anymore. I’ll leave it to the Hunter mercenary Corps.”

“What?”

“Brat, you’re nothing!” Ouyang ze roared in anger. You want to hand it over just like that? You really think you’re a Big Shot!”

These people were usually thugs who killed without blinking. Yunxiao was only a martial King, and he had long been an eyesore for being arrogant for so long. When he unleashed his strength as a five-stars Martial Emperor, he suppressed Yunxiao, and he could kill him at any time.

Zhou Xiang’s face flickered, and he released his aura to push back Ouyang ze’s pressure, so that Yunxiao would not be affected.

don’t be so excited, Mr. Ouyang, ” Yunxiao said with a smile. we can talk about it later. This time, other than the division of benefits, we’ll also have to set up some new rules.” He waved his hand, and his subordinates immediately took out a dozen materials and began to distribute them to each person.

Everyone only took one look and was burning with anger. The material they grabbed was almost burned, and all kinds of cold snorts kept ringing out.

Everyone at the Round Table threw it on the table after a glance. Even Hong Yiyi’s expression wasn’t too good.

Dark cloud finally couldn't help but sneer, "Captain Yun Xiao, you're really talented! The first rule was that the newbie mercenary group would be in charge of the west side of the city, and they would be in charge of all the mercenary groups and major Affairs. You newbie mercenaries are really going to be the Kings of the light song forest!"

Yunxiao smiled as he stared at him coldly and said, "Mr. Wu, you're so excited and awesome. Does your Mr. Yu know you're so excited and awesome?"

Upon hearing Mr. Yu's name, black cloud's face suddenly changed, turning purple and blue like a frosted eggplant. He gritted his teeth and sat back down.

This made everyone even more uneasy. The only two mercenary groups that could compete with the rookie mercenary group were silent and kneeling. All of them were anxious. Why hadn't the storm mercenary group sent anyone to cause trouble? A martial Royal realm expert had knelt in the square for so long. Wasn't he embarrassed? Weren't they usually very powerful and always tried to get close to rookie mercenary groups? How come I can't see him now!

"Captain Yun Xiao, you're indeed young and promising. The west of the city had been in chaos for so many years, and it would take a long time to change. If he set the rules for no reason, his brothers would probably not be able to adapt. Do commander hao lian and commander hai know about today's matter?"

The frog mercenary group's leader, Jia Xiaobai, also opened his mouth. From the current situation, the skeleton mercenary group seemed to have some hidden agenda and couldn't come out, and the rainstorm mercenary group also didn't know what they were planning.

Just relying on the pie mercenary group's Ouyang ze wasn't enough. Although he hadn't offended the rookie mercenary group, he hadn't really won their favor either. He might not have a share in this cake if they redivided it. If he didn't say anything, it would be troublesome.

Moreover, his intention was very obvious. He wanted to know if it was Yunxiao's own idea or the rookie mercenary group's. If it was the former, it would be nonsense. If it was the latter, he had to consider it carefully. Perhaps a big change was really coming.

Yunxiao smiled and said, 'hehe, you're right, commander Jia. Just like them, they kneeled there to welcome the guests. At first, they were not used to it, but now they had gotten used to it. Getting used to this thing, it would be better after the first time. As for who is behind this meeting, you're all small fries, do you need to know so much?'

Savage!

The unparalleled savagery and contempt made everyone's heart burst with fire. They were so angry that their bones cracked.

This was an undisguised contempt for everyone!

People wanted face, and trees wanted bark. No one could stand looking down on everyone in front of everyone!

"Hahaha! The noob mercenary group is indeed amazing!"

Jia Xiaobai was so angry that he laughed. He slammed the table, stood up, and walked out of the square. He snorted, "I'm very busy, I don't have time to play with you!"

Yunxiao looked at his back and said softly, "Stop them."

Although his voice was soft, everyone who heard it felt their hearts skip a beat and became extremely nervous.

Bin Jie frowned. He was also very puzzled by Yunxiao's behavior, but he still sighed and made his move.

The rules of the newbie mercenary group were that orders were like mountains. The lower-level members could question or be angry, but they could not disobey!

Jia Xiaobai had also been on guard. As soon as Yunxiao's words came out, he felt a strong wind coming from behind him. With a loud cry, he turned around and slashed down with the Overlord steel saber.

“Clang”

Bin Jie gently appeared in front of him, and two of his fingers easily pinched the blade. No matter how hard Jia Xiaobai tried, he was unable to shake it.

“Captain bin! Your rookie mercenary group is going to become The Public Enemy of the entire light song forest!”

Jia Xiaobai’s face turned red as he roared.

A few men rushed into the square from all sides, and all of them picked up their weapons. They stood beside Jia Xiaobai and surrounded bin Jie. They were also members of Jia Xiaobai’s mercenary group, and their cultivation levels were all martial emperors. No wonder Jia Xiaobai had the courage to sit directly at the Round Table.

Bin Jie sighed and said, “let’s put down our weapons. Isn’t it good to unify the gentle song forest?” We don’t have to scheme all day long. At least, there are unified rules in the city, so we don’t have to worry about losing our lives at any time.”

“Hmph! Of course it’s good to unify the forest, but can that kid do it?” Jia Xiaobai said disdainfully, “if commander hao lian had succeeded in breaking through to the martial Supreme realm and said these words to everyone, I, Jia Xiaobai, would be the first to stand up and agree! However, he was only a martial King. Humph! I’m not convinced!”

Bin Jie also had the same thoughts. If he wanted to unify the west of the city and even the gentle song forest, it was impossible without the strength to make people submit.

haha, I thought it was a gathering of the mercenaries. It turns out that it’s just a little kid messing around here!

A sneer came from the sky, and soon a few figures appeared in the air. The leader of the group was Wu Wei of the storm mercenary group. He had a sinister look on his face and a cold smile appeared on his face.

“Phew! It’s finally here!”

All of the mercenary groups heaved a sigh of relief. Although the rainstorm mercenary group was nothing, they seemed to have become their saviors. When they saw them, they were touched.

“Sir Wu!”

Ouyang ze felt as if he had met his Savior and was about to be excited beyond words. The aura on his body was even more monstrous, and he desperately pressed towards Zhou Xiang, wanting to show that he was working hard.

Yunxiao looked up and leaned lazily on the chair as he chuckled and said, “Why don’t you walk over from below? Are you afraid that you’ll be embarrassed if you see our pretty man?”

Wu Wei’s expression changed and he became furious. He shouted at the people below, “Zhao Yu!”

He focused his voice into a line and directly struck down with the power of a Dao. He wanted to wake up the absent-minded members of the storm mercenary group!

This shout was so powerful that even the air could see the aftermath of it. It pushed back the surrounding air, and an invisible force faintly shook the sky.

“Pfft!”

“Pfft!”

“.....”

Not only did his shout not wake anyone up, but it also shattered the hearts of some of the weaker members of the storm mercenary Corps. They vomited blood and died on the spot, falling to the ground.

Zhao Yu's Five Eyes were bleeding, but his turbid eyes opened at this moment, shooting out a bright light.

"Bastard, I'm going to kill you!"

Zhao Yu shot up from the ground in an instant and rushed at Yunxiao, his body glowing brightly. The boundless humiliation had made him lose all ability to think, and the only obsession in his heart was to tear Yunxiao into pieces!

No one dared to block the reckless outburst of a six-stars Martial Emperor.

Bin Jie hurriedly let go of Jia Xiaobai's Overlord steel saber and was about to intercept.

Chapter 373

?

373 Killing with a single sword

Suddenly, a murderous aura fell and frightened him. Wu Wei's cold face appeared in front of him, revealing a sneer.

Both of them were nine-stars martial emperors, and there was not much difference in their strength. It was impossible for them to divert their attention to other things while restraining each other.

Zhou Xiang, who was sitting at the Round Table, stood up with a serious look on his face. Zhao Yu had already beaten him by one star, and now that he was charging at him in a frenzy, he was not someone he could block. But at this moment, he could only brace himself and face it.

"Get out of the way."

Yunxiao's faint voice rang out. Zhou Xiang turned his head and was taken aback when he saw a sword slowly emerge in Yunxiao's right hand, its surface flickering with purple and green colors, and a vague Dragon shape.

"What does he want to do?"

Not only Zhou Xiang, but everyone else was also confused. Was he going to do it himself?

The illogical thought was immediately eliminated, but Yunxiao pushed Zhou Xiang away and went up to him, causing everyone to open their mouths and feel a little dumbfounded.

This kid was really crazy. No wonder he would make such a nonsensical move today. Furthermore, he had already lost his mind to the point of no return.

The power of a five-stars martial King flashed around Yunxiao's body, while his opponent was, or rather, a six-stars Martial Emperor, Lao Ai.

He didn't expect this nonsensical farce to end like this. Everyone was a little stunned and could not recover from the shock, but they were still overjoyed, waiting for Yunxiao to be killed.

"Sword technique-demon slaying!"

The purple shadow Qing suo sword was raised and a dragon roar reverberated through the entire square!

"?! A sword spirit?"

Everyone's eyes were wide open, and their faces were filled with horror.

Under the attack, the shadow of a Dragon roared out of the sword Qi. That vivid expression and the way it bared its fangs and brandished its claws was definitely not a manifestation of sword Qi, but a real sword spirit!

Only profound armaments of the eighth tier and above could possibly give birth to a sword spirit!

“BOOM!”

Zhao Yu’s heavenly wind technique was completely devoured by the sword energy. The overbearing demon-slaying power rushed into every pore on his body without restraint, cutting his body.

“No!”

Zhao Yu roared in the air, unwilling to give up. His entire body suddenly collapsed and turned into dust.

The entire square was eerily silent. Other than the cold wind blowing, there was no other sound.

Except for Ding Ling ‘er and Yunxiao himself, everyone’s brains short-circuited, and they could not think.

The scene in front of them had completely overturned their common sense, so much so that it looked so unreal. Many of them rubbed their eyes, rubbed their eyes, rubbed their eyes, and rubbed their kasayas. Finally, they sucked in a breath of cold air and their faces turned as pale as paper. They felt cold all over!

A five-stars martial King had killed a six-stars Martial Emperor with a single sword strike, leaving no corpse behind!

This reality that they had to watch with their eyes wide open continuously attacked everyone’s rationality. They were forced to accept this situation that was completely impossible.

The one who was soaked in cold sweat was Ouyang ze. He was very close to Yunxiao, and the pressure emitted by the sword Qi just now had frightened him. When he thought of his arrogant look just now, he felt a chill run down his spine.

If Zhou Xiang had not stood up to stop him, he would have been turned into ashes before Zhao Yu.

The light from the Qing suo sword quickly dimmed after the strike, and it disappeared in a flash.

Yunxiao's primordial Qi was also greatly damaged, and he had also suffered a faint backlash from the profound artifact, which had caused him a lot of injuries.

With his cultivation, the demon Slayer he performed was at most at the level of a three-stars Martial Emperor. Even with the help of the demonic Dragon, it was impossible for him to kill Zhao Yu with one strike. Under such circumstances, the maximum power of the ninth tier profound armament could only be activated. The price was the backlash of the profound armament, killing 1000 enemies and suffering 800 losses.

However, in this situation, he had to kill the enemy in one strike to shock everyone.

He revealed a look of pity and sighed, "There's one less beautiful man to welcome the guests." His eyes gradually turned cold as he looked at Wu Wei and the four members of the storm mercenary group in the sky. He said in a cold voice, "Then I'll use you guys as substitutes!"

"Dang!"

He waved his hand, and an ancient Bell flew out and rang in the air.

The sound of the bell was an indiscriminate attack that directly entered everyone's ears. The expressions of everyone present changed drastically, and they felt as if their blood and Qi were about to be ejected. Those Warriors with lower cultivation base were so shocked that their eardrums burst, and they began to wail with splitting headaches.

At the same time, many martial artists rose into the air from all directions. They were all members of the rookie mercenary group, and they surrounded the four people in the sky.

After the dynasty Bell rang, it turned into a giant Bell and headed toward the four people.

Wu Wei only recovered from the shock of Zhao Yu's death after hearing the bell. He was both angry and anxious as he roared at the Round Table, "Dark cloud, has your skeleton mercenary Corps surrendered? Did they merge into the rookie mercenary group? You good-for-nothing, why aren't you attacking?"

Dark cloud's face turned red. He resisted the urge and turned his face away, pretending to be a bystander.

He also did not understand why the higher-ups would give such an order to let the rookie mercenary group act arrogantly alone. If they were to really conquer the west of the city today, it would be extremely difficult to take it back in the future.

"Trash!"

Wu Wei cursed and shouted, "Today, my storm mercenary group will fight you to the death! Those who don't want to be slaves, get up and kill these bastards with me!"

His gaze swept across the entire scene, and the light in his eyes was abnormally sharp.

All the mercenary group leaders were shocked, and they immediately understood what Wu Wei meant. If he did not make a move now, he would be the enemy of the storm mercenary group. After today's matter, he would probably have a good ending. However, if he were to make a move, he would be going against the rookie mercenary group.

Everyone was suddenly caught in a difficult situation. They were already forced to choose a side. If they chose the wrong side, they would be consigned to eternal damnation!

Jia Xiaobai's face was also extremely ugly. He stood there with the Overlord steel saber in his hand, not knowing what to do. Although they had left in anger, they didn't completely fall out with the rookie mercenary group. If it was the current battle team, it would really be a fight to the death.

Hmph, Wu Wei, you're a nine-stars Martial Emperor. How dare you force a battle team to die with you?
"

hehe! bin Jie sneered. today, my rookie mercenary group is going to unify the Western city. It's just in time to use your head as a sacrifice to our flag!

"Savage!"

"That day, the three mercenary groups jointly set a rule that martial honors are not allowed to interfere in the battle in the west of the city," Wu Wei said angrily. And who below the rank of a martial honor can suppress me?"

He looked at the four people who were being besieged in the sky. They were slowly losing their strength, and his heart sank.

Bin Jie couldn't do anything to him, but he couldn't do anything to the other party either. It was impossible for him to save them. The few people who came out this time, except for him, would probably be completely annihilated! He was secretly angry and resentful that he didn't bring more people out.

The decision of the board of patriarchs was to bide their time and continue to observe, waiting for news from the demon Plains. However, he couldn't help but be curious, so he brought a few people with him. He didn't expect to suffer such a big loss!

"Who can suppress you? What a joke, bin Jie, why aren't you making a move!"

let's go! Yunxiao cried out and cast a few incantation seals. The dynasty Bell in the sky flew down and pressed down on Wu Wei.

you're so arrogant just because you have some profound level weapons. Today, I'll let you know that a peak Martial Emperor is a chasm that you can't cross no matter what!

Qi burst out from Wu Wei's body and he punched the dynasty Bell with a powerful punch.

"Dang!"

The dynasty Bell was struck and let out an ancient and Grand sound. The light on his body dimmed greatly as he flew back to Yunxiao.

Yunxiao's heart trembled, and he coughed up a mouthful of blood, but he forcibly suppressed it. The dynasty Bell was also a profound level weapon that was connected to his mind. After being attacked, it would also affect his mind.

Wu Wei's expression changed drastically. After his punch, the force of his punch was actually reflected back from the bell. Not only that, but there was also a powerful rhythm and fist force stacked on top of each other, constantly advancing in the air and reaching in front of him in an instant.

"What kind of profound level weapon is this? Animal!"

He hurriedly threw another punch to block the fist force and the sound wave, but the two forces stacked together far exceeded his own strength. Under the collision, the muscles on his arms were like waves, spreading to his body. It was the sound waves that were shaking his body, wantonly destroying his limbs and bones.

At this moment, bin Jie suddenly made his move. He held a golden token arrow in his hand, and he swatted it down as if he was swatting a fly.

"Feather token!"

Wu Wei was shocked. He forcefully suppressed the sound waves that were wreaking havoc in his body and hurriedly took out a white stick. After unsealing it, it transformed into the shape of a ferocious beast in the air and pounced towards bin Jie.

"Bang!"

When the Golden Arrow landed on the beast, a powerful air current burst out and pushed it back.

Wu Wei was hit by a huge impact and was sent flying into the air. The veins on his arms were bulging, and he could faintly feel the pain.

He was shocked and looked at Yunxiao in horror. He felt a lingering fear when he thought of the power emanating from the bell.

He was originally on par with bin Jie, but now that he had been injured by dynasty Bell and bin Jie's sneak attack, he had suffered some internal injuries. With the arrangement of rookie mercenary group, he was completely at a disadvantage.

Yunxiao did not feel good either. The backlash from the purple shadow Sword and the dynasty Bell had damaged his body, mind, and soul, and his face was a little pale.

Wu Wei's four followers were quickly captured and their knees were broken. They were forced to kneel at the edge of the square to welcome the guests.

"You guys are ruthless! This is the prelude to an all-out war!"

Wu Wei roared in anger, " just you wait! Just you wait for the storm mercenary group's full revenge!

I don't know about a full revenge, " Yunxiao said coldly. but at least you won't be able to see it!

"Haha, do you really think you can make me stay?" Wu Wei laughed.

His laughter suddenly stopped as he saw a huge rock falling towards him like a meteorite. The demonic Qi that was emitted from the rock was shocking, and it was not any weaker than his!

"?! A Martial Emperor realm demonic beast!"

Wu Wei's face finally changed.

Chapter 374-martial venerable confrontation

The stone beast had only advanced to a Martial Emperor when it was in Mount Meru. However, it had been absorbing the aura of the breathing earth in the divine realm tablet. It, who originally had a King's bloodline, had evolved again. Now, its whole body was emitting yellow light and its aura was threatening.

All the martial artists in the square were shocked at the same time. When did a demonic beast hide in the sky without them noticing?

Wu Wei's face finally changed. Judging from the pressure, he had yet to reach the peak of the Martial Emperor realm. However, the demonic beasts had an unparalleled physical advantage. It was still unknown whether he could defeat them, not to mention that there was a nine-stars Martial Emperor who was on par with him.

Sure enough, when the stone beast's demonic Qi locked onto Wu Wei, Bin Jie also made his move.

The feather token released a strong golden light, like a flower blooming, and slowly rose. Although it was extremely slow, the pressure it gave off was even greater than that of the stone beast.

"Roar!"

The stone beast suddenly roared loudly, and its body gradually shrank. Its brain and four limbs were all retracted into its body, turning into a round stone ball. It was like a meteor that streaked across the sky, falling down like a meteorite. The surrounding air was constantly burning from the impact, and a River of flames was destroyed in the sky.

"A bunch of animals!"

Wu Wei gritted his teeth and roared. The Qi of the two masters had locked him in place, and an unprecedented sense of crisis welled up in his heart.

He released all the Qi in his body, breaking the Qi lock of the two people. The White stick in his hand was unsealed, and it transformed into a fierce beast. The five fingers of his left hand were clenched into claws, and a dark green gas appeared in the palm of his hand, forming a ball of energy.

“Tarsal bone beast, nether Saint claw!”

The two forces blasted out at the same time. Wu Wei’s most powerful attack burst out, and the meteorite and the token arrow came at the same time.

“BOOM!”

The three forces exploded in the sky above the square, giving off a light even more dazzling than the sun. The light spread out in all directions, almost blinding the eyes.

Under the explosion, three rays of light shot out in three directions.

The stone ball’s size became a lot smaller, and the trajectory of the shock was full of gravel, but after dozens of meters, he stretched his body and roared. The crushed stones along the way were attracted and quickly condensed towards him. Piece by piece, they stuck to his body and slowly merged into it, returning to his previous body size.

The people below all felt a chill. How could he fight against such a thing? He was almost immortal!

Bin Jie’s feather token had also lost its luster and looked like an ordinary piece of metal. When it fell back into his hand, he couldn’t help but frown and put it back into his ring.

Wu Wei was the most miserable one. He was sent flying hundreds of meters away, leaving only a black dot in the sky. It was unknown whether he was still alive.

The stone beast roared and rushed into the distance.

He didn’t have much intelligence and only knew how to follow orders. As long as the opponent was not dead, the battle would continue.

Wu Wei floated quietly in the air. His entire body was numb from the pain, and it was as if he could not control it. That powerful strike had almost destroyed all the meridians in his body. At this moment, it was extremely difficult for him to even circulate his vital Qi.

However, the rolling pressure of the stone beast soon made him almost fall into despair. That terrifying figure was getting closer and closer, and he almost used the last bit of his strength to roar, "No! Don't! I'm a nine-stars Martial Emperor! You can't kill me!"

The stone beast didn't care about this. Under everyone's shocked gazes, he raised his pot-sized fist and smashed down.

There was a slight fluctuation in the air and a rebuking voice came, "Evil creature, stop!"

A force came down from the air, and the stone beast's fist froze in the air just like that, unable to move its entire body, as if it had been cast with an immobilization art.

"Ha, Lord Leng, Lord Leng, save me!"

Wu Wei was overjoyed. Seeing a life-saving straw, he cried out and coughed out a series of blood.

Yunxiao's eyelids twitched, and his face changed slightly. "Revered martial artist?"

These two words were like a curse, causing everyone present to lose their color and be shocked.

The three great mercenary groups had long reached an agreement in order to prevent the battle from spreading to an irredeemable extent. No martial Supreme was allowed to make a move in the west of the city. Otherwise, it would be a public violation of the agreement and they would be besieged by the other two sects.

Even though the rookie mercenary group was so arrogant and despotic today, they had only sent out nine-stars martial emperors and Martial Emperor level demonic beasts. The existence of martial Supremes was like a nuclear bomb, which was the most powerful Foundation of a mercenary group. However, they usually only played a deterrent role and would not have the opportunity to show up.

This was because once a martial honor made a move, it was very likely to trigger a war between the three great mercenary groups. At that time, the entire gentle song woodland would become a sea of fire.

The martial honor hidden in the void did not seem to want to make a big deal out of it. A fluctuation appeared beside Wu Wei, and Wu Wei's body gradually became absent-minded in the fluctuation. He was about to disappear and be taken away.

haha, you ants! If you want to kill me, you can do it in your next life!

"I'll remember all of you," Wu Wei roared with a ferocious face. The next time we meet, what awaits you will be the wrath of the Supreme martial honor!"

"So arrogant?"

Suddenly, another discordant voice came from the sky. It snorted coldly, "Since you're here, then stay."

From where the voice came from, a Jade-white palm suddenly appeared, and a force spread in Wu Wei's direction.

The fluctuations around Wu Wei immediately dispersed, and the figure that was about to disappear reappeared. His face changed greatly, turning pale.

Gradually, the owner of the palm slowly appeared from the void. It was a middle-aged man in a dark purple robe. A moon-white vortex belt fluttered in the wind at his waist. He had a faint smile on his face as he stared at the void above Wu Wei.

"Since you've already made your move, why are you still hiding?"

The middle-aged man smiled as if he had found something interesting.

A trace of surprise flashed in bin Jie's eyes as he said in surprise, "Team leader mu Wu!"

Mu Wu!

Everyone's heart trembled as they looked at the middle-aged man.

The leader of noob mercenary group's third main team was rumored to be a disciple of a major force. For some reason, he was hunted down by his master, which was why he escaped to the gentle song forest and was subdued by hao lian shaohuang. He was an eight-stars Martial Emperor when he first arrived. He did not expect that he had broken through to the rank of martial honor!

Moreover, mu Wu was one of the most low-key leaders of the eight small teams in the rookie mercenary group, and very few people could see his face. Furthermore, he rarely asked about the matters of the team and spent almost all his time in closed-door cultivation.

The rule that had been in place for so many years had been broken. Was the light song forest really going to enter a state of turmoil?

Everyone's heart twitched violently as they looked at the sky nervously.

I'm the only Supreme being in the world!

Those below the rank of martial honor and within the domain, whether they were martial emperors or the dregs below the rank of Martial Emperor, they were all like ants waiting to be slaughtered.

Under mu Wu's gaze, a sigh finally came from the void. In the water-like waves, a man with long, dark red hair appeared. He looked up at mu Wu and said, "I'm just here to take Wu Wei away."

"Is that so, Yingluo?"

Mu Wu's eyes were filled with undisguisable mockery as she said, "I'm just here to make Wu Wei stay."

Wu Wei's face turned extremely pale. He knew that today's matter was going to be troublesome. As a nine-stars Martial Emperor, he had touched the barrier of the eight desolation realm several times. It was very likely that he would break through to the martial honor realm in the next few years. Otherwise, the group would not have risked the world's condemnation to send Wu Zun to rescue him.

The existence of a martial honor was a great boost to any mercenary group. It even played a decisive role. It was also because of this that the other party would not let him off.

The man with long dark red hair looked troubled and frowned. "Mu Wu, do you really want to start a Mercenary War?"

"Mercenary War?" mu wuhui laughed. Who was the one who broke the agreement between the three mercenary groups? If you want to fight because of this, hehe, then let's fight!"

His last few words seemed to contain vital Qi, and the air around him instantly exploded. A towering battle intent soared into the nine Heavens and spread across the square. It was as if a God had descended into the world, and the entire world was under his control, controlling life and death!

Wu Wei felt his blood freeze. He said in a panic, "Lord Leng, you must save me!"

The man with long dark red hair glared at him, then looked at mu Wu with a serious expression. He wasn't afraid of a battle, but he was afraid of the consequences.

"Leng Xiao, you've become a martial honor ten years before me! I'm still lingering around the one-star realm. Today, I'll use it as a stepping stone for me to enter the two-star realm!"

Mu Wu's eyes flashed with a crazed look, and they were filled with the excitement of battle. He laughed, "As long as I defeat you, I'm confident that I'll be able to break through that ultimate coolness and advance to the two-star realm!"

Leng Xiao was cursing in his heart. So this lunatic wanted to fight so that he could advance!

Did he not consider the consequences at all? The newbie mercenary group was full of lunatics!

“Hmph, mu Wu, if you want to go crazy, I’m not a lunatic!”

“Forgive me for not accompanying you!” Leng Xiao snorted coldly.

With a wave of his hand, Wu Wei’s body glowed with light and was about to disappear into the void with him.

How could mu Wu let him leave so easily? he laughed and took a step forward. A huge tremor came from the sky, as if the sky was falling and the earth was splitting.

The space around Leng Xiao suddenly froze, and it started to become sticky like a paste.

His expression changed and he roared, “mu Wu!” Don’t think that I’m afraid of you. Do you really want to die today?”

“Please!” Mu Wu laughed.

Leng Xiao’s expression changed several times. Finally, he looked at Wu Wei and let out a long sigh.

Wu Wei’s face turned pale. From Leng Xiao’s expression, he could already see the other party’s decision. He wailed madly, “Lord Leng, Lord Leng! You have to take me with you!”

Chapter 375-crazy

He had already seen through the situation. Leng Xiao was a martial honor. If he wanted to leave, mu Wu would not be able to stop him. However, if he were to bring him along, he would be a burden. If he wanted to leave this place, he would probably have to fight a big battle. On the other hand, Leng Xiao had no intention of making a move at all. He was undoubtedly giving up on him.

Indeed, Leng Xiao’s expression turned even colder. He scoffed, “You should bear the consequences of your own actions.”

He flicked his sleeve and left Wu Wei behind. Then, he slowly disappeared.

Wu Wei's heart sank to the bottom of the valley. He looked at the life-saving straw that was far away, and his body was pale without a trace of blood.

"Tsk!"

Mu Wu spat disdainfully and looked disappointed. The domain around him did not dissipate, but instead pressed toward Wu Wei.

Wu Wei was scared out of his wits, he shouted in anger, " you, as a martial honor, you attacked without permission in the west of the city. Aren't you afraid of starting a war with the mercenaries? "

Mu Wu's eyes flashed with ridicule and anticipation as she laughed, " "Mercenary War? I'm really looking forward to it! He had already asked commander hao lian to take his brothers and unify the light song forest, but he just didn't listen. That's what gave birth to you small fish. Hehe, Mercenary War, come quickly!"

"BOOM!"

In his despair, Wu Wei watched helplessly as the power of the domain pressed down on him. The entire space pressed down on him, and his body exploded in an instant, completely shattered.

The people below were all dumbfounded and drenched in cold sweat.

He actually started killing people in the west of the city. This person was really crazy, and it seemed like he couldn't wait to start a war.

Ouyang ze, in particular, was drenched in sweat. He wiped his face with his hand and was drenched in sweat as if he had just gotten out of the water.

After mu Wu killed the man, he seemed to be unsatisfied. His gaze fell on dark cloud, who was sitting on the Round Table, and he revealed a kind smile. Wu zhaizha, please go back and report that Wu Zun from the rookie mercenary group has killed someone in the west of the city. Please ask them to send A Few Good Men to kill me.

Black cloud's face was covered in cold sweat. He shivered and said, "M-Lord mu, you've killed people in the west of the city. You'll be punished by the rules!"

Mu Wu squinted her eyes and nodded, smiling, "Hmm, not bad. I'll have to trouble you to go back and report this. I'll be waiting here. If no expert comes to find trouble with me in the time it takes for an incense stick to burn, I'll kill my way into your skeleton mercenary group."

Dark cloud cursed inwardly, "you're crazy." Then, he hurriedly stood up and said, "Then I'll take my leave first. I'll definitely report this matter to the higher-ups as soon as possible."

He did not want to stay for a moment. Whether it was Yunxiao's plan to unify the West City or mu Wu's killing, both were major events that had never happened in the past few years, and they were gone in the blink of an eye.

Mu Wu gave Yunxiao a look, then gave him a thumbs-up and praised, "Young man, you did well. I have high hopes for you!"

Yunxiao returned a gesture and said with a smile, "then I'll continue. This meeting isn't over yet. Please avoid it.

Mu Wu nodded, and his figure gradually disappeared into the void. He said indifferently, "Go do your thing, I'll wait here for a moment. If that scum Wu doesn't bring any experts, I'll have to join the skeleton mercenaries."

The people in the square were all covered in cold sweat. Why were all the people in this rookie mercenary group so abnormal?

Yunxiao, on the other hand, could see everything clearly with his divine sense. Mu Wu's cultivation was already stuck at the bottleneck of a one-star martial Supreme. It would be very difficult for him to break

through by relying on his own bitter cultivation. He had to find an opportunity. And this opportunity was often obtained in life and death battles.

In the endless martial arts, every step was like walking on thin ice. The further back he went, the more difficult it became. Even if there was only a tiny bit of hope, they would risk their lives to fight.

He came back to his senses and looked at the square. He smiled and said, "Let's continue the meeting."

"Gulp!"

Many people swallowed their saliva and struggled to come back to their senses. Their expressions were different. Some were extremely bitter, while others were secretly happy. The atmosphere began to become strange.

I've just thought about it," Yunxiao said. the reason why the forest of gentle song is in chaos is also related to the numerous forces. How about this, since everyone's here today, let's get rid of the mercenaries that we don't need."

"Cancel Yingluo."

Everyone fainted on the spot, especially those who didn't have a good relationship with the rookie mercenary group. Their faces all changed. However, under such circumstances, who would dare to stand out and speak?

for example," Yunxiao continued, "I don't think there is a need for the pie and frog mercenary Corps to exist. All of you will be part of the Hunter mercenary group. What do the three guild leaders think?"

The leader of the Hunter mercenary group was overjoyed. He quickly stood up and said, "We will follow Captain cloud sky's arrangements!"

These three mercenary groups were the strongest existences apart from the three magnates. If they were able to merge into one, then their power would directly stand out from the many small fish groups, and become the well-deserved fourth largest mercenary group.

Ouyang ze's and Jia Xiaobai's faces were like lead, pitch-black and shiny.

Jia Xiaobai tightly held the Overlord steel saber and coldly said, "The frog mercenary group has been established for 37 years, and they are even older than Captain Yun Xiao. There were a total of three regimental commanders, all of whom died in battle for the regimental commander. Now, with just a word from Captain cloud sky, you're going to cancel it. How am I going to face these brothers under me? how am I going to face our dead Captain?"

The veins of the martial Royal realm experts behind him also bulged, and the weapons in their hands swayed slightly. It was obvious that they could not calm down.

Yunxiao's eyes flashed with a hint of approval as he said, "Commander Jia is indeed a talent, but the strong are respected, and the winner is king. Since you're going to choose righteousness, then you must be prepared to sacrifice your life."

Bin Jie sighed, and the feather arrow token in his hand shot out again. It emitted a powerful light, pressing down on Jia Xiaobai.

Jia Xiaobai's face was solemn as he raised the Overlord steel saber and slashed with all his might.

"Bang!"

The two-fingers-wide steel knife broke in half, and the feather token arrow fell from the sky, sticking to Jia Xiaobai's head and stopping.

"Quickly submit to Captain Yunxiao!" Bin Jie couldn't bear it and shouted.

Under the pressure of the feather token arrow, Jia Xiaobai felt his whole body turn cold, and the martial emperors behind him broke out in cold sweat. If bin Jie had the intention to kill them, they would not be able to withstand a single blow from him.

“Bang!”

The broken blade was still on the ground. Jia Xiaobai knelt down on one knee, gritted his teeth, and said with hatred, “ the leader of the frog mercenary group, Jia Xiaobai, followed the instructions of Captain cloud sky and brought all his members to join the Hunter mercenary group. From now on, there will no longer be the name of the frog mercenary group.

“Guild leader!”

The martial Royal realm experts behind him also gritted their teeth and burst into tears.

don’t cry your eyes out, ” Yunxiao said. are you still men? If you have the ability, then train hard. One day, you will defeat me and let your frog mercenary group’s name be known again. But I don’t think you’ll ever have the chance.”

Jia Xiaobai’s body trembled as he gritted his teeth and said angrily, ” “Don’t worry! I’ll definitely work hard to cultivate and beat everyone in your eighth team to the ground and take back our team number!”

Yunxiao gave him a cold look and said indifferently, ” “I’ll be waiting for you.” He turned to look at Ouyang ze again and smiled. “What do you think, commander Ouyang?”

Ouyang ze no longer had the heart to resist. He knelt down on one knee and said, ” the pie mercenary group will also obey Captain cloud sky’s wishes. All members will join the Hunter mercenary group, and the group number will be canceled from now on!

When these two clans bowed their heads, the rest of the people did not resist at all.

Very quickly, most of the mercenary groups were canceled and directly merged with the existence of the rookie mercenary groups. There was no resistance throughout the entire process. The people of the four merchant alliances looked at each other coldly, but none of them could calm down.

Shen Li and Hong Yiyi, in particular, did not expect Yunxiao to use such a thunderous method to change the situation in the west of the city, which had been in place for so many years, in the blink of an eye. Although there would still be a lot of trouble, at least he had taken a decisive step. They were both surprised and happy that such a decisive person would have more confidence in dealing with the four extremes sect. However, they were also worried that they would be trapped and swallowed up.

Yunxiao glanced at the people from the four merchant alliances and flashed a sunny smile and white teeth.

The four of them felt their hearts tighten, as if they had an ominous premonition.

the mercenary groups have been organized, ” Yunxiao said quickly. now, you four merchant alliances should also change.

Qiao Luo’s heart trembled, and he frowned as he said, ’commander Yun Xiao, I don’t quite understand this. The Business Alliance had always been in charge of the Business Alliance. Captain Yunxiao was a mercenary, so he naturally had nothing to say about managing the mercenaries. However, our four merchant alliances have never clashed with your mercenary forces. We’ve only cooperated with you to help manage the light song woodland and provide you with all sorts of conveniences in order to earn some small profits.”

“A meager profit?”

Yunxiao smiled and took out a bill from the hand of a man beside him. He opened it and read it, ” “Myriad treasures store’s total income from the light song forest last year was two hundred and thirty million mid-grade primordial stones, and their net income was one hundred and twenty million mid-grade primordial stones. The net income of money sect was 160 million medial-grade primordial stones. The four extremes sect’s bid was 90 million medial-grade primordial stones. Empyrean one Pavilion’s bid was seventy million medial-grade primordial stones. Tsk, tsk, this profit is so small!”

All the mercenary groups were stunned by his words!

All of them stared at the four men from the merchant Union with anger in their eyes. The profits of the Chamber of Commerce were so high! They worked hard all day to take on all kinds of missions. They were born on the day of death, and no one knew when they would end up. The money they earned was enough for their own cultivation and squandering. These profiteers all sat at home all day, and their profits were actually so high that it made people's hair stand on end!

The four members of the merchant Union couldn't sit still any longer. Jingnan coughed a few times and said angrily, " Captain Yun Xiao, how dare you investigate our Chamber of Commerce's confidential information without permission!

stop pretending to be pure in front of me! Yunxiao scolded. don't you dare! Which of your four Chambers of Commerce doesn't collect all kinds of confidential information about our mercenary groups? You still dare to act tough in front of me? You want to die, don't you?"

Chapter 376-backbone

He smacked the table, and a few martial arts practitioners immediately surrounded him, locking onto Jingnan with overflowing killing intent.

Normally, Jingnan would definitely fly into a rage on the spot. The money Chamber of Commerce was a reputable Chamber of Commerce and a big force. However, with Cang Xiong's example, he did not dare to act on his own. The people of this rookie mercenary group were all crazy. They might really sacrifice themselves to the flag and kill them for the monkeys to see.

Among the four of them, Qiao Luo was the oldest and the most experienced.

At this moment, the other three were all staring at him, as if they were looking at him as their leader. Moreover, myriad treasures store was the leader of the merchant Union.

Qiao Luo coughed a few times and said, " this data is only incomplete information collected by the rookie mercenary group. Many of the costs were not included. How can the real income be so high? " Moreover, these are the internal affairs of our Chamber of Commerce. What right does Captain Yun Xiao have to interfere?"

a country has its laws, and a family has its rules, " Yunxiao snorted. You're doing business in someone else's territory, so you have to respect the rules of their territory, right?"

Qiao Luo thought for a while and said, "yes, that's true." We didn't break any rules in the forest, did we?"

Yunxiao slapped the table and shouted, " "Have you all forgotten the rules that were just set? Do you want me to give you a reminder?"

He walked in front of Qiao Luo, slapped the materials he had just given out, and shouted, " "Old man, read out the first line for me!"

Qiao Luo was stunned, and the four people from the merchant Union were all stunned and speechless.

As for the members of the mercenary group, they were all secretly laughing in their hearts, feeling great joy. Thinking about how much these unscrupulous merchants had earned, he couldn't wait to rush up and hack them to death.

The first line on the material was written: The newbie mercenary group was in charge of all the affairs in the west of the city!

"It's everything. Do you understand, old thing?"

With a ruffian's face, Yunxiao cursed a few times before he sat back in his chair and snorted, " if there's anyone who doesn't want to stay in the light song forest, you can pack your bags and get out. I won't force you to stay.

The four men from the merchant Union were all livid, trying to hold back their anger. They were all doing business, so they naturally couldn't fall out with the local snake. However, the members of the merchant Union were also very powerful, and people would give them face wherever they went. It was a good thing that Yunxiao's disrespectful behavior had never happened before.

Shen Li was also so angry that cold air was exuding from her body. But, she still needed Yunxiao's strength to deal with the four extremes sect, so she did not speak with a livid face.

"Then, how do you think the merchant Union should change, Captain Yun Xiao?" Qiao Luo asked in a deep voice.

Yunxiao chuckled and said, "You guys are making so much profit in a year, our brothers are all uncomfortable. Everyone had risked their lives to get this money. Of course, it doesn't make sense for you to spit it out. How about this, I'll ask my good friend, miss Ding Ling 'er, to open Tianyuan trading company and make it the overall manager of the trading company. In the future, all four of you must operate legally under the guidance of Tianyuan trading company. What does everyone think?"

"What?"

Qiao Luo slammed the table in anger, and his fragile body suddenly became strong. His eyes flashed with a fierce light and he said angrily, "We have nothing to say about Captain Yunxiao's decision to promote Tianyuan trading company. But if she wants us four families to listen to her, that's too much of a joke!"

"Not bad!"

"Although miss Ding Ling 'er is quite talented and has a great reputation in the merchant Union," Jingnan also said angrily. But she's still too young to be in charge of the matters of the light song woodland."

Yunxiao laughed. young? No, no, you're wrong. It wasn't Ling 'er who hosted it, but she was asked to send someone else. The four of you are not high enough. Let the Vice President come over, and Ling 'er will be the host."

"You! Are you going to start a war with the merchant Union?"

Cang Xiong also stepped forward. At this time, if the four Chambers of Commerce were not United, they might really be eaten by this person in front of them.

Only Shen Li hesitated for a moment. Although her attitude wasn't that tough, she still said, "That's not very good."

"Merchant Union? Can the four of you represent the entire merchant Union? Tsk, tsk, not bad. The person in charge of a branch could boast that he could represent the entire merchant Union. Ling 'er, you must tell everyone in the merchant Union about this during the two meetings and see how powerful the four core sects are."

Yunxiao teased.

Ding Ling 'er was still in a daze, and Yunxiao had not informed her in advance. But, she did not expect such a big pie to fall on her head. She was so happy that she was about to cry. Holding back the tears in her nose, she smiled and said, "I will. The lackeys of a few branches could represent the entire merchant Union. I'll definitely inform your four presidents and all the hundred-Plus members of the merchant Union."

She felt an indescribable sweetness and happiness in her heart. All these years, he had been running around alone to support the teetering Tianyuan trading company. There were cold gazes and mockery everywhere. When had he ever received such care? Her heart melted in her body.

"This bi an ..."

Cang Xiong was dumbfounded. Beads of cold sweat rolled down his face. In terms of rank, Ding Ling 'er was more qualified to represent the merchant Union than they were. Moreover, this kind of wild talk could be considered small or big. If he were to seriously pursue it, he would not be able to keep his head.

"Ahem!"

Qiao Luo coughed heavily to cover up Cang Xiong's embarrassment and said, "Although Cang Xiong's words are a little exaggerated, Captain Yun Xiao's actions are clearly on bad terms with our four Chambers of Commerce. I believe that this is definitely not Regiment commander hao lian's intention. I hope that Captain Yun Xiao will not make his own decision!"

is it commander hao lian's idea or not? " Yunxiao shouted. do I know better, or do you know better? " Am I the leader of a rookie mercenary group, or are you? Why don't you be the captain?"

"This bi an ..."

Qiao Luo was speechless. Why was this young man like a hooligan? he couldn't speak at all.

Yunxiao clapped his hands, and immediately, his men brought out some materials and placed them in front of the four men. these are the management rules of the chamber of Commerce in the light song forest. Please sign here to cooperate.

It contained detailed information about Tianyuan trading company, and all the activities and operations of the four trading companies had to be approved by Tianyuan trading company.

How could the four of them be willing to sign such a rule? they were so angry that they were trembling all over, sitting there and glaring at each other!

Yunxiao turned to Shen Li, who was beside him, and said with a smile, " "Aunty Shen, you can lead the way. If we don't do well today, hehe, you know what I mean."

Shen Li's expression changed drastically. She naturally understood what Yunxiao meant, which was that they had no chance of dealing with the four extremes sect. The order from above was to capture Tang Jie and Exchange him for the ship key.

What worried her the most was that if she didn't listen, this kid would deliberately cause trouble. At that time, not only would he not be of help, but he would also make things difficult for her. That would be really troublesome.

After weighing the pros and cons, she finally gave in. He signed the management regulations with a gloomy face. The gentle song forest was only a small branch of the Empyrean one Pavilion. And Noah's ship was the top priority!

"Shen Li, you!"

The other three people were shocked and angry, their faces full of shock and horror. They couldn't understand why she would sign such a form!

"Hehe, aunty Shen, you're very obedient. The next one, old man Qiao, it's your turn!"

At Yunxiao's signal, the material was placed in front of Qiao Luo.

Qiao Luo's face was livid, and she said coldly, "I'll never sign it. You can give up. If you have the ability, kill me now!"

old man Qiao is indeed a man of character," Yunxiao said with a smile. However, do the nineteen-year-old concubine and two swaddled sons you hid in Wang san's house know that you have such a strong character?"

"Also, poor Wang San thought he found a beautiful wife and had two sons. When he was carrying out the mission, he was also at ease. Did he know that the child's father had such a strong character?"

"Also, in Wang SAN's mission, he died with a martial Royal realm expert in order to save his brother. After that, why did one of the four martial emperors under old man Qiao go missing?"

Qiao Luo's face instantly turned pale.

All the mercenaries were shocked at the same time. They all understood what was going on, and their faces were filled with indignation!

Wang San was also the leader of a small mercenary group, and was also a Martial Emperor. Although they were not famous, they had good relationships with many mercenary groups.

He didn't expect that the failure of that mission was actually done by this old bastard! Moreover, the wife and two sons that Wang San had been providing for were also this old thing's children!

Everyone was burning with anger!

In their mercenary profession, they lived their lives with their heads hanging in the air every day. One day, it might not be their own. Therefore, he was especially concerned about his family's safety and funeral matters. It was a taboo to steal someone's wife and take advantage of their children.

Qiao Luo's face was so dark that water could drip out of it. He wanted to deny it, but under Yunxiao's clear eyes, he could not do so at all.

His pupils dilated as he stared at Yunxiao, his face ashen. How could a young man be so experienced and vicious! What kind of soul was in this young body?

don't think that you four Chamber of Commerce are the only ones who collect information from all sides every day in the qingge woodland, " Yunxiao said coldly. do you think that we are all fools? " Let me tell you, it's not just the newbie mercenary groups. Even the rotten groups like storm and skeleton know everything about you. What you had for dinner last night, how many seconds you persevered, how many times you shouted, what style you had, all of it is in the records! This is the light song forest, not your merchant Union's headquarters, songyue city!"

Yunxiao's words struck the four men's ears like a Thunderbolt. Their heads buzzed, and their faces stiffened. Shen Li even blushed and looked ashamed and angry.

Qiao Luo almost fainted. It was about her, Wang san's wife, and the two illegitimate children. He had always thought that his plan was flawless, but he did not expect that he was already under surveillance.

He raised his trembling hand and signed the document.

Chapter 377-surrender

hehe, " Yunxiao laughed. you're very obedient, old man. This must be the Big Brother of the money gang, right? It's your turn."

Jingnan's face was also pale. He sat there, not moving at all.

your life is your own," Yunxiao said. the benefits belong to the gang. You better weigh the pros and cons carefully. I heard that brother Jingnan has been wandering around the Golden sand recently."

"I'll sign it!"

Jingnan's entire body trembled in shock as he hurriedly interrupted. He picked up a pen and quickly wrote down his name, afraid that Yunxiao would say something.

However, the words "golden sand field" still fell into everyone's ears, and they all revealed suspicious expressions. That place was famous for being a land of great danger, and very few martial artists dared to set foot there.

Only Cang Xiong was left, his forehead was covered in cold sweat, and his heart was trembling. The other three had already signed it. If he didn't sign it, he would probably be dead. However, in the current situation, he was not in charge of the four extremes sect of the light song forest. If he were to sign this and return, that young master would probably be the first to kill him.

But what made him stunned was that after Jingnan signed the contract ... Yunxiao did not seem to have any intention of letting him sign it. Instead, he put it away and said with a smile, "Hehe, everyone is very cooperative. I believe that the city's West, and even the entire light song woodland, will get better and better under the jurisdiction of rookie mercenary group. Let's applaud, everyone!"

After he finished speaking, he started clapping. Then, his gaze swept across the square one by one. Everyone who was stared at by him raised their hands in shock and applauded desperately. Soon, the entire square was filled with warm applause.

Cang Xiong was stunned and started clapping as well. He didn't understand why he didn't need to sign.

The other three also felt strange. After clapping, Shen Li reminded, " Captain Yun Xiao, it seems like we've forgotten about one Chamber of Commerce, right? "

Yunxiao laughed. There was no such thing. The four extremes sect was full of tough men with unyielding strength. Moreover, I don't like to force people to do things."

Your sister! And you don't like to force people!

Almost everyone in the square was cursing in their hearts. If possible, they really wanted to rush up and step on his face a few times!

"So, Yingluo"

His eyes narrowed slightly, and he said with a smile, "The four extremes sect will temporarily withdraw from the light song forest and all their businesses will be taken over by Tianyuan trading company. When the situation in the city is stabilized, Tian Yuan Chamber of Commerce will consider and approve the procedure for four extremes Chamber of Commerce to enter again."

"Whoosh!"

Everyone's expression changed drastically. Cang Xiong was even more shocked. He put his hands together and even made a clapping gesture. His mouth was wide open.

Shen Li's heart skipped a beat. Was it about to start? She secretly admired Yunxiao's decisiveness in killing and punishing. He did not hesitate at all and did what he said!

The rest of the people found it hard to understand. This was the same as creating a life and death situation for the four extremes sect! What power did he have to fight against the four extremes sect? Even though their headquarters wasn't in the forest, they could still send some experts over and easily destroy your rookie mercenary group.

You can embezzle and suppress other people's interests, and you can still understand and tolerate it. But now, he wanted to uproot the other party. Wasn't this completely falling out?

Cang Xiong couldn't react for a long time. He really couldn't understand how he had offended this lunatic. Was it because she had rebutted him a few times? Isn't this a little too nonsensical? Under everyone's jesting and anticipating gazes, he secretly relaxed.

If he were to sign the agreement and do such a disgraceful thing that would damage the reputation of the Chamber of Commerce, he might be slapped to death by that young master when he returned. But now that the other party had directly forced the Chamber of Commerce into a desperate situation, he didn't have to bear too much responsibility for such a big matter since that person was there. However, he still had to do some work to keep up appearances.

"Brat, don't you go too far!" He shouted in anger.

"Pa!"

No one saw Yunxiao's action, only a few afterimages. Then, Cang Xiong was smacked to the ground and made a loud noise.

"I'm kind enough to let you evacuate, and you're still picking a fight with me?"

Yunxiao stepped forward and picked Cang Xiong up as he snorted coldly, "If that's the case, then there's no need to retreat."

He turned around and looked at the crowd. "Guys, this four level Chamber of Commerce is really despicable. Everyone, come with me to destroy them! The newbie mercenary group is looking forward to your performance. The distribution of the various benefits will be reflected in your performance this time."

His eyes fell on Qiao Luo and the other two again. He smiled and said, "And the three head shopkeepers of the Chamber of Commerce, do you also feel ashamed that such a shameless person has appeared in the merchant Union? Why don't you come with me? I'll give you a chance to clean up your sect."

Qiao Luo was shocked and quickly shook his head. Captain Yun Xiao, you must be joking. This is the four extremes sect's own business. Although we are all part of the merchant Union, we each take care of our own matters. We don't have the right to take care of them.

Jingnan's face was also white. He shook his head repeatedly and said, "Captain Yunxiao, please go ahead. We're not feeling well, so we'll be going back for now."

Yunxiao's face darkened as he shouted, " we all live in the west of the city. Why should the mercenary groups fight for their lives while you Chamber of Commerces hide?! Didn't they usually boast about how awesome their Chamber of Commerce was? He was playing dead now? The three of you, please come with me!"

Immediately, a few martial artists walked over and sandwiched the three people on both sides. From the looks of it, they had to carry them even if they didn't want to.

At this moment, even a fool would understand. Yunxiao was going to deal with the four extremes Chamber of Commerce, and he was going to drag everyone down with him!

How was this kid a lunatic? he was clearly a cunning Fox!

It was no wonder Cang Xiong had intentionally picked a fight with Cang Xiong from the start. Unfortunately, Cang Xiong's turtle shell was still broken and he was unable to escape.

Furthermore, this kid knew that the four extremes sect was not to be trifled with, which was why he had dragged all the mercenary groups into this, even the other merchant alliances. There was no lack of infighting in the merchant Union. As long as they went, even if they didn't do anything, they would be taken into account by the four extremes sect. At that time, it would be inevitable that another storm would arise.

Starting from today's gathering of mercenaries, he would suppress the other two major mercenary groups and take control of the west of the city. Then, he would eliminate the dissidents, support the trusted group, divide the profits of the Chamber of Commerce, forcibly join Tianyuan trading company, and cut the big cake away. Now, he had expanded the warship and pulled everyone onto the ship to deal with the four extremes sect. This series of actions had been completed one by one, just when everyone thought he was crazy.

Was this the intelligence and methods that a sixteen or seventeen-year-old youth should have? Under that unruly and seemingly arrogant face, what kind of exquisite and bold heart was there!

"Brother mu Wu, do you want to go and have some fun?"

Yunxiao looked up at the sky. It was a clear sky, and no one was there.

But soon, mu Wu's voice was heard, " I'm not interested. The scum of the skeleton mercenary group hasn't arrived yet. I'm going to have some fun with them.

wait! Yunxiao said in a hurry. the four extremes sect has been operating in the west of the city for so many years. God knows how many secrets they have. Brother muwu, come with me. I guarantee you'll find something more interesting than the skeleton mercenaries."

"Oh?"

Mu Wu's figure slowly appeared in the air, and he laughed,"In that case, I'll go with you. I do want to see if the legendary four alliances are really that strong."

Yunxiao secretly breathed a sigh of relief. With mu Wu going with him, he would have a much greater chance of success. As the young master of the four extremes sect, it was impossible for Tang Jie to not have one or two experts by his side. This mu Wu looked like a fanatic who was obsessed with the martial path, and was the best fighter.

"Let's go!"

He picked up Cang Xiong, whose face was bruised and swollen from the slap, and dragged him away.

Over a thousand people headed towards the base of the four extremes sect in the west of the city. However, many of them were frowning and had no choice.

Shen Li was a little nervous in the crowd. She casually looked at Hong Yiyi and saw the worry and fear in each other's eyes. Obviously, Yunxiao's ability had exceeded their expectations, and they were afraid that things would not go so smoothly.

The branches of the four core leagues were highly respected and protected by the local forces, no matter where they were in the realm of heavenly martial arts.

Although they would also gather information and carry out all sorts of small actions, they would generally not participate in the competition between local powers. Their main job was still to do business and earn big money. Many local powers also needed these Chambers of Commerce to provide all kinds of resources. Overall, they were still very popular.

As such, the four core leagues were able to do well in a city of chaos like The Singing Forest, maintaining a peaceful business environment. However, after the huge profits were exposed this time, it was unknown if they would still be able to remain aloof and unaffected in the future.

Among the few people from the merchant Union, Qiao Luo and Jingnan's faces were as pale as a dead pig's liver, uglier than a pig's liver.

This made all the members of the mercenary group feel happy. These people from the merchant Union were usually high and mighty, as if they had a superior status. Now, he was suppressed by Yunxiao and did not dare to make a sound, which made him feel very happy.

As for Cang Xiong, he was knocked out by Yunxiao's slap and was dragged on the ground. In fact, with his cultivation, he had already woken up, but when he thought of the young master of the Chamber of Commerce, he was so scared that he closed his eyes and continued to play dead.

The only one who was calm was Shen Li. Her eyes were calm as she followed the crowd.

Yunxiao did not walk fast. The key was to build momentum. As for the four level Chamber of Commerce, he wasn't worried that they would run away. He had already sent dozens of experts to cover the surrounding thousand meters. They would report the slightest movement. Everything that happened today seemed reckless, but it was all within his calculations.

Soon, they arrived in front of the four level Chamber of Commerce's branch. Thousands of people surrounded the area within a hundred-meter radius. Even flies could not escape.

Yunxiao handed a piece of paper to Qiao Luo, pushed him out, and said, "Old man Qiao, the four level Chamber of Commerce is a member of the merchant Union. Now I'm helping you to clean up your sect, so you can read the opening speech."

Qiao Luo felt dizzy. Clean up your sister! You were the one who wanted to destroy the four extremes sect. Why are you helping us now?

Chapter 378-conquering the four extremes sect

His face was even uglier than a frosted eggplant. When he saw the contents of the paper, his face turned from an eggplant to white noodles. He coughed violently and said, "Cough, cough, Captain Yunxiao, my, my body, my bones can't take it. Cough, my voice is too soft. Cough, let Jingnan read it. He's younger than me, and his voice is loud and clear. Cough, cough, cough."

Jingnan's expression changed drastically, and he said angrily, "old man Qiao, stop acting stupid!" How could he have two illegitimate children when his body was weak? You can even hide a second wife?"

His voice was like a great Bell, and all of a sudden, everyone heard it. They revealed ambiguous smiles and lewd sounds rose from all around.

Qiao Luo blushed. that's Yingluo. That was when she was young. she said.

Yunxiao took out a Scarlet pill from his ring and handed it over. "Your body can't make it, right? After eating this nine revolution golden spear pill, your body will be like a fierce tiger and you won't fall for three days. Hurry up and eat it, you've earned big this time!"

Qiao Luo was so scared that she stepped back and said, trembling, "I can, my body is still okay!"

He wiped the cold sweat from his forehead. If he really ate that thing, his body would really be dead. He picked up the paper, his hands trembling, and began to read.

Hmph! Yunxiao snorted and said, "read it out loud if you're in good shape! If your voice is too soft, I'll give you some nourishment."

Qiao Luo was so frightened that his voice suddenly became louder and more powerful than a young man's.

with your four extremes sect! Old master Qiao, your noble character and unquestionable integrity have existed since ancient times, but you've died a tragic death!"

Needless to say, Shen Li shouted angrily, "Junior from the four extremes sect! If you dare to do it, you must dare to bear it! Old man Qiao had been a chivalrous and unparalleled hero all his life, but he had actually ended up like this! As a member of the merchant Union, the Empyrean one Pavilion is ashamed of what you have done! We must avenge old man Qiao!"

"We'll take revenge for old master Qiao!"

"We'll take revenge for old master Qiao!"

"It is irreconcilable with the four extremes sect!"

"It is irreconcilable with the four extremes sect!"

All of a sudden, more than a thousand people shouted in unison. Their momentum rose from the sky, and their voices shook the entire west side of the city.

Soon, a few banners were opened among the crowd and held up high.

"Old master Qiao's loyalty has been harmed!"

the four extremes sect is brutal by nature and angers both man and God!

"Blood for blood, clean up the scum of the merchant Union!"

"....."

Everyone's heart turned cold when they saw this. These banners had obviously been prepared in advance. It turned out that Yunxiao had already planned all this before the gathering of mercenaries, and he had also planned to kill Qiao Luo.

Although Qiao Luo's actions were shameful, he was still the head of a branch of a powerful force. He represented the face of the myriad treasures store and had a distinguished status. He could kill such a person if he wanted to, but this Tao Wu ...

A great fear surged in the hearts of Jingnan and Shen Li. They felt that this young man's scariness was completely beyond their imagination. Many of the mercenary groups who were still unconvinced at first wiped their cold sweat and no longer dared to resist.

It was Yunxiao who had wanted to deal with the four extremes sect, but now it had become a blood debt for the person in charge of myriad treasures store. From being unreasonable to being a Righteous Army to punish the evildoers!

Inside the four extremes sect, a silver-robed man stood with his hands behind his back. His face was extremely dark.

"Young master, that man is really the person in charge of myriad treasures store. We're in big trouble now!"

"Cang Xiong went to participate in the gathering of the mercenaries and hasn't returned yet," a grey-robed old man said in a deep voice. Could something have happened? And why are these people gathering outside?"

The silver-robed man's eyes were like deep pools of water, and he had the aura of a superior being. He was the young master of the four extremes sect, Tang Jie. With a murderous look on his face, he said, "Do you still need to say? Clearly, they are targeting our four extremes sect. That idiot Cang Xiong must have caused some big trouble, causing them to come and kill us!"

The old man frowned, "I don't think Cang Xiong is the kind of person who doesn't know his limits." Furthermore, the people outside dare to target our four extremes sect. I'm afraid they're not simple!"

“What can’t be simple in front of our four extremes sect?” Tang Jie sneered. They’re just a bunch of trash. Elder Yu, go out and kill them all!”

The old man was shocked and said in horror, “killed them all?” There are at least a thousand people outside!”

Tang Jie also seemed to have realized that something was wrong. He frowned and said, “Then what do we do?” But soon, his face turned cold and he snorted, “It’s just a little more than a thousand people. It’s not a big deal to kill them!”

Elder Yu’s face was filled with worry. “I’m afraid your identity will be exposed if we really attack. At that time, not only will we be in danger, but it will also affect us from doing that thing.”

Tang Jie’s expression changed and he hid in the hall. He pondered and said, “Now that you’ve mentioned it, I’m starting to suspect that they’re coming for me!”

“What? That was impossible! The young master’s trip this time is top secret, how could anyone know about it!” Elder Yu couldn’t believe it.

Tang Jie’s face became more and more serious. “There’s no such thing as absolute secret in this world! Even if that trash Cang Xiong had done something wrong, it was impossible for him to attract such anger. Moreover, you also heard the announcement of that trash from the myriad Treasure Tower just now. It was almost all against me. He’s probably trying to force me to make a move!”

“Why did you force the young master to act?” elder Yu was shocked.

“Hmph,” Tang Jie replied coldly, “first, it’s to test if I’m really here. If it were someone else instead of me, they would only go out to reason with me after hearing those words. They wouldn’t kill me. The second is naturally to let me kill that scum, and from there, take revenge on the myriad Treasure Tower! What a good two birds with one stone, the person who came is really not simple!”

His eyes were filled with intense killing intent, which penetrated the four extremes sect. He said, “Who are you to target me like this?”

“Young master, what should we do now?” elder Yu asked worriedly. If the other party is targeting you, then it’s not good!”

“Something bad happened? Hmph, they’re just a bunch of ants. So what if I kill them all?”

“Besides, I think there’s something wrong with this light song woodland,” said Tang Jie ruthlessly. “If it weren’t for the fact that it’s too important, I’d have no idea what it is.” How could this young noble waste his cultivation time in this kind of ghostly place! Staying in this branch of the four extremes sect would be too conspicuous, and it would not be beneficial for us. It was better to kill his way out and find a place to hide. Quietly wait for that thing to appear.”

“Alright!” Elder Yu’s eyes narrowed. The people outside don’t need to argue too much, just kill your way out!”

“There won’t be any martial honors in the west of the city,” Tang Jie said. With our strength, we can easily charge to the south of the city and find Shen Feng of the skeleton mercenary group. He has quite a good relationship with our four extremes sect. ”

The two of them turned into two beams of light and broke through the ceiling.

Two rays of light, one green and one red, stood in the air and were about to head towards the south of the city.

“It’s out, the murderer is out!”

Shen Li was the first to shout. Her eyes were shining. The man in the red light was exactly the same as the image of Tang Jie from the headquarters of the Emyrean one Pavilion. She immediately nodded at Yunxiao.

Yunxiao immediately understood and shouted, ” “Don’t let the murderer get away! Revenge for old master Qiao! All martial Royal realm experts, stop them!”

With a shout, dozens of light beams suddenly soared into the sky and surrounded the two people.

“Why are there so many experts?”

Elder Yu and Tang Jie were both shocked. At a glance, they saw that all of them were martial emperors! Could it be that a mercenary group had been fully mobilized?

Elder Yu’s aura sank and then exploded in all directions. He shouted, ” “All of you, get lost!”

With him as the center, a wave of power spread out like a flat surface, and everywhere it passed fell into a strange state.

I’m the only one in this world!

“Domain!”

Bin Jie’s expression changed drastically. this is only a small branch of the four extremes sect. How could there be a martial Supreme here? ” he asked in shock.

When he thought of Yunxiao’s wild behavior this time, he seemed to have caught some information.

Elder Yu stood proudly in the air and said coldly, ” “All of you, quickly retreat, and I will not pursue this matter!”

Chapter 379

?

379 Vermilion Bird saber

Yunxiao slowly rose into the air as well and said with a chuckle, ” “What a coincidence, he just happens to be a two-star martial venerable. Brother muwu, is it right for you to follow me?”

Elder Yu frowned. Under his domain, the martial emperors were struggling to resist the pressure. How could this puny martial King still be able to talk and laugh freely?

Mu Wu's laughter came from the sky, and she said, "I was right, and his strength seems to be even stronger than Leng Xiao! Hehe, this is going to be fun!"

Mu Wu's figure gradually appeared, and the same domain spread out, clashing with elder Yu's. A rumbling sound spread across the sky like thunder.

At this moment, the martial Royal realm experts heaved a sigh of relief, their faces covered in cold sweat.

"Wu Zun!"

"Which mercenary group are you from?" elder Yu's face changed dramatically. How dare they openly disobey the rules of the three mercenary groups and send a martial honor to the west of the city! Aren't you afraid of causing chaos in the forest?"

Mu Wu sighed. why are you all so long-winded? I really don't know how you all cultivated to the eight desolates. F ** k what kind of Bullsh * t rules are these! The fist was the rule! Do you need me to teach you such a simple principle? Why were the three mercenary groups so powerful? Isn't it because his fist is big!"

The battle intent on his body gradually spread out, and the ripples in his eyes became stronger and stronger. He roared word by word, "Two-star martial Supreme, fight with me!"

"BOOM!"

Mu Wu circulated her vital Qi to the peak and suddenly released it. Her whole body seemed to explode as energy kept surging out. The space was squeezed with spiritual pressure by this huge force. The martial emperors' faces changed drastically, and their bodies seemed to be crushed. They retreated hundreds of meters.

Elder Yu's aged face became unusually serious as he muttered to himself, " peak one-star martial venerable!

The power of this pressure was constantly affecting the circulation of Yuan Qi in his body. The powerful fighting spirit of a warrior was stimulated, and he also had the thought of fighting. But on second thought, he broke out in cold sweat and hurriedly said, " "Young lord, quickly head to the south of the city. I'll hold them off for a while, no one can stop me!"

Tang Jie's face was also extremely ugly. He was also a peak nine-stars Martial Emperor, so he could easily kill his way out without any danger. He didn't expect the other party to also have a martial honor!

Although he was a peak nine-stars Martial Emperor and a martial venerable, he was still an ant below the realm. Unless they had Yunxiao's territory power or a powerful divine body that could resist the domain, they would never have any chance of winning!

Without saying a word, Tang Jie circulated his Yuan Qi to the peak and rushed to the south of the city at his fastest speed.

Elder Yu saw that mu Wu was indifferent to Tang Jie's escape and was fully focused on him. He suddenly felt relieved, but he also became extremely vigilant. Although he was confident that he could suppress the other party, he did not dare to let his guard down.

"The mastermind who killed old master Qiao has escaped! Everyone, chase after him!"

Yunxiao gave a loud roar and chased after Tang Jie with a group of mercenaries. Among them, bin Jie's speed was the fastest, and he quickly closed the distance between him and Tang Jie. The two of them ran in front, one in front and one behind, while a large number of mercenaries were constantly chasing them.

Elder Yu's heart grew anxious as he saw this. He suddenly made a move and a white light shot towards bingjie.

Mu Wu snorted coldly and took a step forward. The space trembled and the attack changed direction, shooting into the distance.

“Old man, I really don’t like to be distracted while fighting me. Although you’re stronger than me, I’ll tear you apart alive if you don’t get serious!”

Mu Wu’s eyes flashed with a cold light, and she was extremely unhappy. In his opinion, there was nothing more important than a battle with him and helping him break through the one-star bottleneck.

Elder Yu’s heart was also filled with anger as he roared, “You don’t know the immensity of the heavens and the immensity of the earth, you don’t know life and death. Now, I’ll make you regret what you’ve done today!”

With a wave of his hand, a dazzling Golden Hammer appeared in his hand. The entire space seemed to be squeezed by a great force, and it twisted around him. Along with it, there was also a monstrous battle intent!

Mu Wu’s face lit up with excitement as she laughed, “Haha, this is the feeling! I like this feeling!”

Elder Yu, on the other hand, was burning with anger. He wanted nothing more than to tear his opponent into pieces. His copper hammer emitted a golden light as he rushed forward. The entire sky behind him distorted and extended like a crumpled cloak.

Below where the two of them were fighting, there were already no more people. No one dared to stay around the battle of martial honors. As long as one’s brain was not rusty, they would know that it was courting death.

From afar, bin Jie kept attacking Tang Jie, trying to reduce his speed.

Tang Jie was also furious from being chased. As the young master of the four extremes sect, he had never been in such a sorry state.

He hardened his heart and immediately turned his head around. A treasured saber followed the flow and slashed towards bin Jie. A crack appeared in the space and spread forward. He had also discovered that there was only one nine-stars Martial Emperor behind the other party, and he wouldn’t have to run away if he killed him.

“?!”

Bin Jie broke out in a cold sweat. He didn't expect the other party to turn around and slash so nimbly. Moreover, the black spatial Rift was extremely fast and arrived in front of him in the blink of an eye. If he was touched, his body would definitely be torn apart!

“Feather token!”

He instantly took out his profound level weapon and turned it into a shield in front of him, protecting his entire body.

“Bang!”

The spatial crack landed directly on the feather token arrow, causing it to let out a huge cry. The light from the token arrow disappeared, and it returned to the size of a palm in an instant, falling back into Bin Jie's hands.

Bin Jie's heart turned cold as he saw the profound level weapon in his hand crack open, and there was no spiritual energy left!

“?!”

He was shocked once again. With just one strike, the other party had shattered his profound level weapon! Oh my God, what kind of blade is that! He focused his gaze.

The treasured saber in Tang Jie's hand emitted a blood-red light, and there seemed to be a weapon spirit cheering on it. A strange force was constantly circulating on the saber. Even with his cultivation at the peak of the Martial Emperor realm, he felt a trace of fear!

“You dare to chase after this young master, go to hell!”

Tang Jie raised his blood saber again and a red light slashed down. The space was split open again. The crack continued to expand and rushed over, splitting the entire sky into two!

Bin Jie was extremely shocked. His profound level weapon had already been destroyed, so how could he dare to face this kind of blade light and crack head on? he hurriedly dodged to the side.

However, he soon saw Tang Jie's ferocious expression as he rushed forward.

Bin Jie felt his hands and feet turn cold. His opponent's strength wasn't inferior to his, and with that strange blood saber, each of his moves was fatal. If he wasn't careful, he would be cut in half. Under that powerful attack, he was forced to retreat.

Tang Jie slashed a few times, but seeing that the other party only wanted to Dodge, he didn't dare to fight. The strength of the two was basically equal, and it was difficult to kill each other in such a fight. "If you don't dare to fight, then get lost!"

Suddenly, the sky darkened. Tang Jie frowned as he saw a huge ancient Bell falling towards him.

It was Yunxiao, who had just arrived. Seeing that bin Jie was completely at a disadvantage, he hurriedly threw out the dynasty Bell to help.

"Don't! Quickly retrieve your profound level weapon!"

what?! bin Jie shouted in shock, " the saber in his hand is strange! It can cut your Bell!

A sneer appeared at the corner of Tang Jie's mouth. "It's too late! Space tearing slash!"

break! he shouted as the blood-red blade light in his hand cut open the sky again. The space crack extended toward the bell.

"Dang!"

An ancient Bell rang, and the dynasty Bell trembled from the power of the blade. Invisible sound waves rippled from the bell and spread in all directions.

The black spatial crack shook the dynasty Bell and gradually closed up. The originally bright light on the Bell's body was also dispersed by the attack, and it kept shrinking.

“What?”

Tang Jie and bin Jie were both taken aback. The scene of the bell being cut in half that they had imagined did not happen. Instead, it was just that the Bell's charm was damaged and was about to be returned to its master.

The most surprised person was Tang Jie. He naturally knew the power of the treasure Dao in his hand. Not only did it not break the opponent's profound level weapon, but it also shook out a powerful sound wave force, which impacted his body.

At some point, a blue battle suit had appeared around him and dissolved the power of the sound waves.

Tang Jie looked coldly at the dynasty Bell that had returned to Yunxiao's hand and said, “What Bell is this? Ninth tier profound armament?”

Bin Jie's heart trembled, and he revealed a shocked expression.

He looked at the saber in Tang Jie's hand and then at the ancient Bell in Yunxiao's hand with a bitter expression. Only a ninth-tier profound armament could easily shatter his feather token, and only a ninth-tier profound armament could withstand the might of a ninth-tier!

This kind of profound level weapon treasure, normally, one might not be able to see it once in decades. Now, he had actually appeared in the hands of these two people. Who exactly was this Tang Jie? And what was the identity of this mysterious Captain?

Other than feeling heartache over the loss of his profound armament, his mind was filled with question marks.

the four extremes sect is really rich," Yunxiao said unhurriedly. they just gave the famous ninth-tier Mystic weapon, the Vermillion Bird saber, to a Martial Emperor. Are you saying that you're wasting God's gifts, or that you're too rich?"

Tang Jie's face turned gloomy as he said, " you also know the Vermillion Bird saber. Moreover, you also have a ninth tier profound armament. You are definitely not a nobody. Kid, you're definitely not a member of a mercenary group. Where are you from? Who was the power behind him? And what is his intention!"

At this time, the rest of the martial Royal realm experts also caught up. They surrounded Tang Jie and pointed their swords at him.

Tang Jie had an inexplicable bad feeling in his heart. Before Yunxiao's appearance, he did not think much of these people. At worst, he could just kill them all. As long as he didn't have a martial honor, who could be his match with the Vermillion Bird saber in hand?

But now it was different. The other party also had a ninth-tier profound weapon in his hands. Although he did not understand how a martial King could use a ninth-tier profound weapon, he still did not understand. However, it was true that his Vermillion Bird saber was unable to cut through it. In fact, it was an existence that was on par with it.

Moreover, there was a peak nine-stars Martial Emperor who had the same strength as him, and 20 to 30 small-time martial emperors.

For the first time in his life, he felt that he had fallen into an unpredictable situation, and a sense of nervousness arose in him.

Chapter 380

?

380 The great void slash

Yunxiao stood in the air with his arms crossed. As if he could see his nervousness, he smiled and said, "Don't be afraid, we won't hurt you. As long as you're obedient."

“PAH!”

“You bastards dare to say you won’t hurt me?” Tang Jie said angrily. His face was extremely cold as he said coldly, “ I will remember what happened today. The next time I see you, I look forward to seeing you all kneel at my feet and cry.

Everyone’s expression changed one after another. Many of them even turned their faces slightly, as if afraid that Tang Jie would see their faces clearly.

Even though they did not know the other party’s identity, they knew that he must be a reputable figure in the four extremes sect. They were still quite nervous.

When Yunxiao saw the looks on everyone’s faces, he sneered and said, “ “There’s no need to hide. Young master Tang has already memorized your faces.”

Young master Tang?

The crowd was stunned, and their faces turned ugly again. As expected, the Tang family was the biggest family in the four extremes sect, and the four extremes sect was also a member of the Tang family. This person was indeed an important figure in the four extremes sect!

Even bin Jie was worried. He exchanged a glance with Zhou Xiang, and both of them could see the same worry in each other’s eyes.

you don’t have to guess, ” Yunxiao said with a smile. this young master, who will definitely kill you next time, is Tang Jie, the young master of the four extremes sect.

“What?”

It was as if everyone’s hearts had been hit by a heavy hammer, and they all sank to the bottom of the valley. The person he had offended was the young master of the four extremes sect!

At this moment, no one could remain calm. Bin Jie and Zhou Xiang were even more dumbfounded. This was undoubtedly a disaster for the rookie mercenary group!

“Hmph!”

When Tang Jie saw everyone’s expression, that feeling of superiority resurfaced again. He squinted his eyes and said, “Since you know my identity, I’ll give you a chance to live. Kneel to the side and wait for my punishment. After I kill this brat, I’ll see how my mood is and whether or not I’ll spare your lives!”

Yunxiao was speechless when he heard that. How could these disciples from the Super forces have such a sense of superiority? they were so ignorant and fearless. This was clearly the rhythm of drawing aggro!

Sure enough, all the martial artists were furious, and a murderous aura spread in the air.

A warrior could be killed, but not humiliated!

If he knelt down, would he still be a martial Royal realm expert? After losing the heart of a powerhouse, would there still be the slightest improvement in martial Dao in the future?

It can’t!

To be able to cultivate to the rank of a Martial Emperor, which one of them did not have a tenacious character and the courage to risk their lives?

“You’re going too far!”

The first one to gnash his teeth was Jia Xiaobai. With Yuan Qi pouring into the Overlord steel saber in his hand, his hostility kept overflowing as he shouted, “If you want me to kneel down, you can use your knife to break my knee! You want me to kneel with just a few words? I’ll f * ck off!”

“Ha!”

He roared and slashed down. The steel saber made a buzzing sound in the air. It would only be satisfied if it drank fresh blood.

“Bang!”

Tang Jie was furious. With a flash of his Vermillion Bird saber, a ray of light streaked across the air. The Overlord steel saber, which was as thick as two fingers, was directly cut in half, leaving the remaining half trembling in his hand.

Jia Xiaobai’s pupils suddenly opened as he looked at his broken blade in a daze.

“Hmph, you dare to attack me? die!”

Tang Jie was about to kill Jia Xiaobai when a terrifying aura suddenly came at him. He turned his head in horror and saw Yunxiao slashing a demon with his sword.

sword spirit?!

Tang Jie was shocked. Not daring to be careless, he drew his saber to block it.

“Bang Bang!”

The Vermillion Bird saber glowed with a red light and blocked the sword technique.

Tang Jie was shocked and frowned. The sword intent of this sword gave him a familiar feeling, as if he had seen it somewhere before.

Yunxiao’s face was no longer as relaxed as before. He could conclude that the Vermilion Bird saber had indeed been refined by Tang Jie. Although it could not exert nearly half of the power of a ninth-tier Mystic artifact like Mr. Yu, it was still far above his.

Out of the few ninth-tier profound armaments he had, only the purple shadow Qing suo sword suited him more. The sword spirit of the demonic Dragon was also forcefully infused into it. Compared to the sword spirit that the Vermillion Bird saber had nurtured, the difference was huge. Moreover, the sword itself was incomplete. Although he could use it, he could only exert some power by relying on his extremely high comprehension of sword essence.

It was far inferior to Mr. Yu and Tang Jie's refinement.

This Vermillion Bird saber should have been carefully fused with Tang Jie's body since he was young, which allowed him to be one with his mind. As an eighth-tier Alchemist, Mr. Yu's understanding and refinement of profound level weapons were far above that of ordinary people.

The dynasty Bell only knew how to strike it with force to stimulate its own sound wave power. And even with all his strength, he only managed to knock twice.

The divine realm tablet was a super-grade profound artifact. If he hadn't learned the great realm divine technique and had the spiritual power, he would have used it as a stone. He could have just thrown it at people during a fight.

He did not lack profound level weapons now, what he lacked was complete control over these profound level weapons!

"Kid, what was that move you just used? Where did you learn that from?"

Tang Jie was very puzzled, and at the same time, he began to speculate about Yunxiao's identity. A person who could own a ninth tier profound armament was definitely not a small fry.

A sinister smile appeared on Yunxiao's face as he said, "You want to learn that move? Then try taking a few more of my moves!"

His figure flickered as he charged forward. He raised the purple shadow Qing suo sword and slashed down. The sword light was all concentrated on the sword body and did not release out.

Tang Jie was stunned for a moment, then he sneered and said, you reckless fool. Do you think that a profound level weapon with a sword spirit can block my Vermillion Bird saber? ” He revealed a cruel smile and slashed over.

“Bang!”

The two profound level weapons collided in the air, creating a powerful spark that exploded like fireworks.

this is also a ninth tier profound armament?!

Tang Jie was so shocked that his eyes almost popped out! Under his Vermillion Bird saber, all profound level weapons below the ninth tier were cut in half. As the young master of the four extremes sect, he only had one ninth tier profound armament. How could the other party have two? What shocked him the most was the fact that the Vermilion Bird saber had sparks flying off it, causing him to feel heartache!

He had thought that with a single slash, the other party would definitely be killed.

“Ha, you think you’re so awesome just because you have a ninth tier profound armament? I have a lot of these things!”

Yunxiao swung his sword at him again, his face full of a carefree smile.

Tang Jie’s heart trembled. Although the other party’s attack power was not strong, his comprehension of sword intent seemed to be very high. Every sword made him unable to avoid it, forcing him to raise his treasured saber to resist.

In the span of a few breaths, the saber and the sword had collided dozens of times, each time producing a large number of sparks. The sound went into the ears of everyone around them, and they felt a pain in their hearts, wishing they could slap the prodigal Yunxiao to death.

That was a ninth tier profound armament!

To actually use it to meet force with force, no matter how powerful the profound armament was, it would not be able to withstand this kind of torment!

The more Tang Jie fought, the colder his heart became. Although he didn't have time to look at it carefully, after so many moves, he felt as if his Vermillion Bird saber had been cut a lot. Each move made his heart Twitch.

Yunxiao laughed. His heart ached? Aren't you the young master of the four extremes sect? What is a mere ninth tier profound armament, this old man usually uses this thing to cut down trees and dig holes!"

In the distance, Zhou Xiang's heart twitched violently. He vaguely remembered that one of his subordinates had said that he used a ninth tier profound armament as a rod. At that time, he had laughed it off. He had not expected it to be true.

Tang Jie was about to faint. After being attacked by Yunxiao so many times in a row, he finally regained the advantage in a few breaths. A powerful sharp light burst out of the Vermilion Bird saber, tearing the space apart and catapulting Yunxiao away. A black crack then went after him.

Yunxiao was taken aback. Just now, he had killed Tang Jie with a surprise attack and an extremely strong movement technique and sword intent. He had used all his strength to slash at Tang Jie, trying to see if he could break the Vermilion Bird saber, but it was still in vain. He also knew that he would not have another chance to get close. The dynasty Bell between his brows rushed out and crashed into the crack.

"Dang!"

The sound waves spread out, and the spatial cracks eroded the ancient Bell, constantly making ear-piercing sounds, and soon disappeared.

"Animal!"

Suddenly, there was a roar that soared to the sky. Tang Jie's entire body seemed to be burning. His eyes were red as he stared at the Vermillion Bird saber. The blade was covered with all kinds of holes. His heart had shattered at this moment, and his entire person had gone completely berserk!

Yunxiao chuckled. Although there were more nicks on the purple shadow Qing suo sword, he did not feel the slightest heartache. What was a ninth tier profound armament? when he recovered his strength, he could refine as many as he wanted!

“Yaya! I'm going to kill you, you animal!”

Tang Jie was completely crazy. The Vermillion Bird saber seemed to be burning with him. A Firebird rose from the blade. It was the sword spirit!

“Great void slash! All of you, go to hell!”

A cross-shaped space crack opened in front of him, constantly tearing the space. A terrifying black hole spread out, sweeping towards the surrounding Warriors.

The surrounding martial Royal realm experts were all covered in cold sweat. They were so frightened that their hearts trembled. The huge spatial crack seemed to be able to swallow everything. They all widened their eyes and looked at it in horror. This kind of attack was simply unstoppable at their level!

Yunxiao, on the other hand, looked calm with a sneer. Although it did not break the Vermillion Bird saber, it made Tang Jie go crazy. A person was most likely to make mistakes when he was angry. He couldn't compete in cultivation, but he was least afraid of competing in profound level weapons!

A tadpole-like rune overflowed from his hand, and his spiritual energy circulated in his body. A golden light shot out from between his eyebrows.

His spiritual energy was very limited, so he was very careful when he circulated it. He didn't want to waste any trace of energy. Tadpole-like characters flew out of his palm one after another.

In the golden light, the divine realm tablet suddenly swelled up and turned into a small mountain, pressing down toward the center of the great void slash!

In the center of the cross-shaped crack, the image of a Firebird appeared. It kept rolling and devouring everything in its path, sweeping them into the endless void. The surrounding martial emperors tried their best to resist the suction force, but their hands and feet turned cold and their faces were filled with despair.

Tang Jie laughed hideously, "under my great void slash, even a ninth tier profound armament would be swallowed up!" "I'll make you regret being born in this world!"
