Chapter 381

?

381 Meeting Mr. Yu again

“Boom boom boom!”

The divine realm tablet fell straight down, pressing into the center of the crack and pressing on the Firebird’s influence, making a huge roar. The sky kept shaking, and the Black Cross-shaped crack stopped expanding at this moment. Instead, it shrank slightly.

Tang Jie frowned and snorted coldly, “ it’s useless. If you want to suppress my great void slash, you’ll have to use at least half of the power of a ninth tier profound armament! Otherwise, the only outcome is being devoured!”

The divine realm tablet kept flashing with golden light in the crack, resisting the devouring of the black Power. The Firebird also kept flying under it, and circles of flame Qi gushed out, as if it was about to break out. The cross-shaped cracks around it also shrank and spread to the divine realm tablet.

“Hmph!”

Yunxiao sneered as he performed incantation gestures with both hands. A ray of red light shot straight down, pressing down on the Firebird. The Firebird, which seemed to be about to break free, suddenly became manic and kept flying around, as if it was very afraid and kept dodging.

Tang Jie was shocked and his eyes widened in horror. The Vermilion Bird saber was connected to his life, and although its connection with the sword spirit was not as abnormal as Yunxiao’s connection with the demonic Dragon, they could still sense each other’s emotions through their mind connection.

At this moment, the aura coming from the artifact Spirit was filled with endless fear and terror!

“What’s going on? That’s a level-nine tool spirit! How could it be afraid?” Tang Jie was stunned for a moment. He had never encountered such a situation before. Generally, when he encountered an opponent, he would completely destroy the opponent’s profound level weapon, and it was basically shattered with one slash.

The red aura on the divine realm tablet directly suppressed the Firebird. Then, what made Tang Jie suck in a breath of cold air was that an invisible force spread out, as if an infinite gravity had appeared at that point. It compressed the surrounding space until it collapsed, and it was actually trying to close the cross-shaped crack!

“?! Your sister! What kind of profound level weapon is this!”

Tang Jie was completely dumbfounded. Looking at the crack that was disappearing bit by bit, his mind went blank.

It was only then that the surrounding martial artists came back to their senses from the terrifying void slash. They could clearly feel the aura of death gradually dissipating, and all of them felt like they had just survived a disaster. They looked at Yunxiao and the divine realm tablet in shock!

could it be another ninth tier profound armament? ”

Everyone’s mind was a little muddled. Even if they were martial emperors, it was rare for many people to see a profound level weapon of this level once in their lives!

And today, it seemed to have become a ninth tier profound armament on display.

Apart from shock, they were also filled with joy. At the very least, he was safe now. Under the terrifying aura of the Vermillion Bird saber, even the courage to fight had been shattered.

“Look at you pig heads! This isn’t a martial arts competition, hurry up and do it!”

Yunxiao gave a loud roar as his energy and primordial Qi were consumed at an extremely fast speed. Like drinking water, half of his primordial Qi was gone in an instant, and his face turned extremely unsightly.

After being shouted at, bin Jie and the others finally reacted. This was a life and death battle! If it wasn't for the stone tablet's display of its magical power, most of them would have been dead.

All of a sudden, everyone used their ultimate moves. Terrifying attacks came from all directions and locked Tang Jie in.

Either you die or I die!

“?!”

Tang Jie was taken aback. Unless there was a martial Supreme's domain or another great void slash, it would be impossible for twenty to thirty martial emperors to attack at the same time. However, the Vermilion Bird saber in his hand seemed to be half dead. Not only did most of its spiritual energy dissipate, but its weapon spirit could not be awakened!

“Ha!”

Finally, Yunxiao reached his limit. He retracted the divine realm tablet, which turned into a beam of light and flew back into his forehead. He took a few steps back in the air before he finally stood up with a pale face.

Tang Jie was also about to be swallowed up by the dozens of attacks.

“Ring of heaven battle armor!”

die! he shouted in fear. He had never felt the feeling of death since he was born. He had always been the one deciding life and death, but now he knew how terrible and terrifying this feeling was.

A blue armor spread out in the air, forming an armor enchantment with his power at the peak of the nine-stars Martial Emperor realm.

“Boom boom boom!”

All sorts of powers continuously struck it. Although it caused a huge tremor, it was still blocked one by one. However, the yuan Qi in his body was also consumed extremely quickly, and his face turned pale all of a sudden. The surrounding attacks were still constantly blasting, as if they were going to break apart!

“Pfft!”

Tang Jie finally couldn't hold on any longer. After spitting out a mouthful of blood, his entire defense was broken. Then, the light of the blue armor became weaker and weaker. In the midst of fear and despair, he shouted hysterically, “You can't kill me! I am the young master of the four extremes sect. If you kill me, none of you will Live!”

When everyone heard this, they were all stunned. Just now, they were only looking for joy and wanted to blast the other party into pieces. Only now did they all come to their senses, and all of them had a hesitant look on their faces.

Tang Jie seemed to have seen the hope of survival and hurriedly shouted again, “As long as you let me go, I won't pursue what happened today. I'll treat it as if nothing happened!”

do you believe him? ” Yunxiao sneered. do you believe him? ” If you let him go, do you think you'll be able to survive the next time he brings a few martial sovereigns to the gentle song forest?”

Yunxiao's words sent a chill down everyone's spine. No matter how they thought about it, they felt that there was no chance of survival. Their eyes immediately gleamed with a fierce light. Since they could not live, killing one was enough!

“BOOM!”

Finally, Tang Jie's armor completely lost its light and flew back into his body. Countless attacks fell down, directly blasting him from the air and smashing him into the ground. A large amount of dust rushed up, and a terrible pit appeared below.

"Everyone stop!"

Yunxiao cried out. He was really afraid that Tang Jie would die. Firstly, he couldn't exchange for the key. Secondly, he really didn't dare to offend the four extremes sect. If it was just the death of a branch head, it wouldn't matter. The four extremes sect would not pay too much attention to it. He was afraid that it would be a martial Sovereign Next time, and there might be more than one of them.

As the dust settled, the huge pit was revealed. Tang Jie was lying in it, covered in blood and flesh. He seemed to be still alive, and one of his legs was shaking.

Yunxiao walked down from the sky with a smile and said, "I told you to be obedient. Children get beaten easily if they don't listen."

Tang Jie's moans of pain came from the big pit. Although he was strong enough and his equipment was powerful enough, this was the first time he was in such a life-and-death battle. He was lacking in experience and other aspects.

All of a sudden, Yunxiao stopped, and his pupils constricted. He could not take another step forward as if his body was filled with lead.

A black figure suddenly appeared in front of him, standing beside Tang Jie. He was wrapped in a black robe, like a ghost, exuding a cold air.

"Mr. Yu!"

Yunxiao's face was extremely unsightly as he gnashed his teeth and said, word by word.

It was Mr. Yu, who he had fought with in the cave. His aura seemed to be stronger than before, and he had appeared here without a sound.

Mr. Yu gave Yunxiao a complicated look, then pointed at Tang Jie and said, "I'm taking this person away."

Yunxiao did not speak, but just stared at the man.

Who Do You Think You Are? you think you can take her away just like that?!

The leader of the Hunter mercenary group was the first to rush up and shouted angrily, "If you want to take him away, you'll have to ask all of us first!"

Mr. Yu turned a blind eye to the man, but looked at Yunxiao and said, "If I want to take him away, none of you can stop me. I don't want to be your enemy for the time being."

Yunxiao's face turned pale. The man was telling the truth. With his soul power as an eighth-tier Alchemist, his physical body, which was even stronger than his Supreme tyrant body, and the ninth-tier Mystic artifact, even a martial Supreme might not be able to stop him.

The leader of the Hunter mercenary Corps was the first to rush up, he wanted to claim credit. But, he was ignored directly. Feeling that he had lost face in front of Yunxiao, he flew into a rage and sneered, "What a joke! Do you think you're a martial honor? And no one could stop him! Today, I'll be like you, the young master of the four extremes sect! Brothers, attack!"

He wasn't a reckless man. He had already sensed the other party's cultivation base with his spiritual consciousness while he was talking. It seemed that the other party was only a seven-stars Martial Emperor. Therefore, he rushed forward without any fear.

The rest of the members of the Hunter mercenary Corps also wanted to show off in front of Yunxiao. One by one, they rushed forward. There were seven of them in total, and they attacked Mr. Yu from seven different directions.

Mr. Yu was still staring at Yunxiao with no emotion on his face, as if he were waiting for his answer.

The leader of the Hunter mercenary Corps was even more furious as he shouted, " "Gu Star Art, die!"

Mr. Yu finally moved, but it was not his body. His black robe began to flutter as if there was a breeze.

Yunxiao's pupils constricted as he said in horror, " "Not good, be careful!"

Lu Li's eyes turned into blood-red crescents, and he launched a powerful spiritual attack. The space twisted, and the spiritual attack spread to Mr. Yu.

The fluttering of Mr. Yu's Black robe was a sign of the release of mental power, which he had caught. With the other party's spiritual power attack, it would be easy to subdue the seven of them. Only then did he hurriedly take action, wanting to save her.

"Hmph!"

Mr. Yu snorted disdainfully. The space around him began to twist and change rapidly, hindering Yunxiao's spiritual power. Not only was it difficult for him to advance, but it was also backfired.

The seven martial Royal realm experts who had attacked him became absent-minded along with the distorted space. They floated in the air and disappeared in the end.

"Pfft!"

Yunxiao grunted. He had been injured!

His eyes were filled with fierce anger as he glared at the other party. His cultivation base, physical body, soul power, and profound level weapons were all suppressed by his opponent. He had never encountered such a depressing thing before. He was completely at his wit's end!

"W-where is he?"

The surrounding cultivators were all stunned, revealing a stunned look. Seven living people had just disappeared into thin air in front of their eyes. Each and every one of them found it difficult to understand, and their minds were filled with question marks.

Chapter 382-muwu advances

Mr. Yu was not afraid of Yunxiao's gaze at all. He snorted coldly and said, "What you just used should be Gu Feiyang's pupil technique, moon deficiency, right? Hmph, Gu Feiyang was known as the number one in spiritual attacks. Any Tom, Dick, or Harry would compete to imitate his pupillary abilities. That Gu Yuesheng thinks that he can rival Gu Feiyang just because he has the immemorial heaven's eye. He's nothing but a piece of sh * t!"

"Let me give you a piece of advice. Gu Feiyang's major eye-bloodline techniques are all based on his extremely strong understanding of art. Only when one's usage of soul power had reached the acme of perfection could one use it at will, changing heaven and earth, and changing time and space. If you're lucky, you can succeed a few times, but if you're unlucky, you'll be devoured by that uncontrollable force before the other party even has to make a move."

Yunxiao was taken aback, and his eyes were filled with horror. He didn't expect the other party to have such a deep understanding of his pupillary abilities! However, he had no impression of this person.

Although most of the monster race was trapped in the five Cloud Mountain, there were still a few scattered monster forces on the heavenly martial continent. He had also seen some powerful demon refinement Masters before. Back in the sea of soul formation, he had fought with a ninth-rank demon refinement master, and that was how he managed to refine the star slash sword.

However, Mr. Yu had no impression of him at all.

In Mr. Yu's eyes, Yunxiao's horrified expression made him think that he had hit his soft spot. He snorted and said, "I'll be taking her away. You should focus on your cultivation. I'll come and find you again."

After saying that, he waved his hand and the space distorted again. Gradually, he and Tang Jie disappeared from everyone's sight.

Bin Jie and the others quickly surrounded him and looked around, but they couldn't find anyone.

“Where are the seven people from the Hunter mercenary Corps?” Zhou Xiang asked in shock.

Yunxiao’s face was ashen. He had worked hard for nothing, and the fruit of his victory had been stolen by someone else. Those seven people were directly swept into the void turbulence by his mental power. I’m afraid they’re doomed.

“What?”

Everyone’s expression changed drastically. In the void turbulence, if one was lucky, they could still survive and wait for an opportunity to break out. If they were unlucky and encountered all sorts of energy attacks, even a martial Supreme would die without a doubt. And the vast majority of those who were swept into the void turbulence ended up with bad luck.

How powerful is his mental power?” Bin Jie cried out in shock. He was able to drag seven martial emperors into the void turbulence in one go.

Zhou Xiang’s face also turned pale. He felt a wave of fear just thinking about it. “Who is that person? You seem to know him, Captain?”

He is Mr. Yu from the skeleton mercenary Corps, an eighth-tier Supreme Alchemist! Yunxiao sighed.

“What?” Zhou Xiang was shocked. It’s actually him!”

Bin Jie was also shocked and said with cold sweat, “E-eighth-tier Supreme Alchemist master? Captain Cloudsky, you, Are you sure?”

The people behind him were also shocked beyond words!

An eighth-tier great Alchemist was a Supreme existence that could only be encountered by some super forces or in the sea of soul formation! How could they appear out of thin air in the light song woodland, and how could they be from the skeleton mercenary Corps?

If the skeleton mercenary group had such a character, they should have been able to unify the softly singing woodland a long time ago. An eighth-tier Alchemist was enough to attract some martial emperors to work for him!

Although the skeleton mercenary group was one of the three major mercenary groups, they had always been relatively low-key. He rarely participated in the battle between the storm mercenary group and the rookie mercenary group, but he didn't expect them to hide their strength so deeply!

The people from the mixed mercenary group wiped their cold sweat and turned their eyes to Yunxiao. This team leader was not someone to be trifled with. Not only did he dare to kill the young master of the four extremes sect, he had also used three ninth tier profound armaments! That was something that even a Martial Emperor might not have!

In terms of identity and status, this mysterious Captain was probably even more powerful than the four extremes sect and eighth-tier alchemists!

Everyone was making wild guesses, even bin Jie and Zhou Xiang, but their attitude toward Yunxiao had become very respectful.

"Captain Yun Xiao, what do we do now?"

"Should we immediately ask for help from the other teams, surround the skeleton mercenary group, and force them to hand over the person?" bin Jie asked.

Although he did not know why Yunxiao had captured Tang Jie, judging from the series of actions just now, the captain was the kind of person who could not wait to make a big fuss. Now that he had suffered a loss from the skeleton mercenary Corps, a war was probably going to break out.

But, Yunxiao only felt a little worried before he shook his head and said, "Forget it, this matter ends here."

Bin Jie was stunned and couldn't believe his ears. He had been acting so arrogantly all this while and even dared to make a move against the four extremes sect. How could he just let the skeleton mercenary group go?

The rest of the people were also a little dumbfounded. Could it be that this Captain also felt fear and knew what fear was?

Yunxiao took in everyone's eyes and chuckled. "Everyone, go back. What's going to happen next isn't something you can participate in."

Everyone's heart skipped a beat, but they were soon overjoyed.

When the immortals fought, the mortals suffered. He could finally jump out of this muddy water. The young masters of the four extremes sect and eighth-tier alchemists who had just appeared were indeed not people that they could join.

One by one, they suppressed their joy and took their leave.

Suddenly, a series of rumbling sounds came from the sky in the distance. It felt like the pressure of heaven and earth, pressing down on everyone's heart. Everyone felt extremely uncomfortable and uncomfortable.

"Could it be that something has happened to Lord mu Wu?"

Bin Jie was shocked and looked at the sky in the distance in horror.

The battle between two martial honorables was not something they could interfere with. The power of a domain could not be resisted without a great sacred art.

Yunxiao's eyes narrowed slightly, and then he suddenly said with great joy, "Mu Wu has broken through! Every time a martial Supreme breaks through a star, it will produce an extremely strong pressure of heaven and earth. Everyone, quickly follow me. Under this kind of pressure, you can feel the martial essence of the universe, which will be very beneficial to your cultivation!"

To sense the eight desolations martial intent?

After the great shock, everyone was indescribably excited, and they all rushed into the distance like a swarm of bees.

The sky was filled with all kinds of energy, constantly scattering and dissipating in the air. The entire sky was like a torn cloth, with different colors and lights everywhere. It was dark and gloomy, as if it had been patched up, full of holes.

One could see the intensity of the battle between the two. Just the aura that remained in the surroundings was enough to shake one's soul.

Mu Wu stood quietly in the air, no longer as graceful as before. His upper body was bare, revealing a shocking injury. His chest had been pierced through, but he was not dead. His eyes were clear.

Elder Yu's figure had already disappeared, and the outcome was clear!

"Boom boom boom!"

The sky continued to shake, and the power of the natural order from this world seemed to gradually appear. Under this huge force, the remaining energy quickly dissipated. The terrifying injuries on mu Wu's body were healing at a speed that could be seen with the naked eye.

the laws of heaven and earth are re-condensing his domain and physical body. If he doesn't cultivate now, when will he? "

Yunxiao cried out as he sat down cross-legged and began to feel the power of laws. Although he had long surpassed mu Wu in terms of martial will, the heaven Earth Law that was triggered when a martial honor advanced was still quite rare. With his experience, it was enough for him to make full use of this power of law.

As a cultivator constantly increased their Yuan Qi, they had to gain insight into the laws of the heaven and earth they were in. As long as one worked hard enough, one would be able to accumulate vital Qi to a certain extent. However, that kind of comprehension of laws was very difficult to achieve without great opportunities and wisdom.

This was also a very crucial moment for mu Wu. In the battle with elder Yu, he had finally broken through the shackles of the bottleneck and stepped into the two-star martial Supreme realm. The regulations of the heaven and earth had descended, and he had to comprehend them as much as possible. How much he could comprehend would have a direct impact on the improvement of his strength and future advancements.

This was the second time he had comprehended the laws of heaven and earth, and he had made a lot of preparations for it, so he was soon deeply immersed in it. He didn't feel anything even when his injuries were gradually recovering, because he didn't want to waste a single second.

The cultivators below also revealed a look of joy as they immersed themselves in the rule force. Most of them were martial emperors, so they did not have the right to enjoy such treatment. It was a once-in-a-lifetime opportunity.

In those super forces, every time a martial honor powerhouse broke through, they would gather the outstanding disciples of the sect to comprehend it. Every time a martial venerable broke through to the next Star, the rules of heaven and earth that descended would also become stronger and stronger.

After reaching the rank of a martial Supreme, even a martial Supreme would find it difficult to withstand the power of the rules of heaven and earth that would descend upon them with every breakthrough.

It was rumored that if one could completely comprehend all the laws of heaven and earth, one would be able to control the power of an entire world and step into the immortal realm!

However, this was only a legend. After all, there were records of peerless figures who were suspected to have reached godhood in the history of the continent, but no one could verify them.

Yunxiao completely relaxed his mind and let the laws of heaven and earth wash through his body and meridians.

His comprehension of the power of a world was far above this bit of heaven Earth Law, and his physical body was also able to withstand the pressure. He didn't have to worry about any side effects at all, so he could completely integrate his mind into the law and enjoy the baptism to his heart's content.

Many other martial Royal realm experts were drenched in cold sweat. They were struggling to hold on, but they gritted their teeth and refused to give up!

If he lost this opportunity once, he might not have a second chance in his life. And the benefits it would bring him would far exceed several decades of bitter cultivation.

“BOOM!”

A faint muffled sound came from inside Yunxiao's body as he was promoted by one star. However, the power of the natural order did not stop, and it continued to wash his meridians. A large amount of primordial Qi circulated around his body under the push of the natural order, and finally gathered in his dantian.

The sea of Qi in his dantian was getting stronger and stronger. Even the few ninth tier profound armaments floating above it were affected and started to glow slightly. Especially the cauldron of mountain and river, which had never been used before. It seemed to be showing signs of movement.

Chapter 383-just pay some money

Ever since he had obtained the cauldron, he had never used it.

When he was refining a profound level weapon, Yunxiao's first choice was this cauldron of mountain and river, but no matter what he did, he could not refine it at all. In the end, he could only give up and choose to forge the dynasty Bell and the demonic sky armor.

Under the suppression of the laws of the heaven and earth, the cauldron of mountain and river was also slowly revolving.

“This ghost cauldron, although it's not a transcendent grade, it's still far superior to ordinary ninth tier profound armaments. No wonder it's used to store the breathing earth and suppress di Jia.”

After being slightly distracted, Yunxiao returned his mind to his cultivation, ignoring the changes in the purple cauldron of mountains and rivers.

“Hahaha!”

Suddenly, he laughed out loud, and all the rule force in the world dissipated. Mu Wu was still covered in blood, but he was full of energy and had a shocking aura. He had already gained great benefits.

He looked down and snorted coldly. you guys sure know how to take advantage of the situation. Who allowed you to cultivate in my bed? ”

That extremely powerful domain suddenly spread out, and all the martial artists were caught in it. Their faces changed drastically, and they looked terrified.

Yunxiao was not afraid of the domain’s influence at all. He stood up and said with a smile, ” “Brother mu Wu, please calm down. Since it’s their first offense, I’ll just pay them some primeval stones.”

All the people in the mercenary group had black lines on their faces. Your sister, you were the one who asked us to come here to cultivate. Otherwise, no matter how bold you were, you wouldn’t dare to enjoy the rules of heaven and earth by the side of a martial Supreme.

Hmph! mu Wu snorted and said, ” I’ll let you off this time for the sake of Captain Yun Xiao.

He snorted coldly, causing everyone to shiver in their hearts. Then, his figure flashed and disappeared in the air.

The power of the martial venerable’s domain also gradually dissipated, and everyone slowly recovered from their panic.

The higher one went, the more obvious it was!

When you were below the rank of Martial Emperor, it might be normal for you to challenge those of a higher rank. However, the rank of martial honor was a hurdle. It was all because of your comprehension of the rules of heaven and earth. The more you comprehended, the more powerful the power of heaven and earth you could use. Even if you were a peak nine-stars Martial Emperor, no matter how awesome you were, it would still be difficult for you to contend with a one-star martial Supreme. This was the reason why Tang Jie did not dare to fight with a martial venerable even though he had the refined Vermillion Bird saber.

Yunxiao looked at the crowd and said with a smile, " alright, it's fine now. Don't be afraid, everyone. Just pay ten million medial-grade primordial stones each."

"Ten, ten million? It's still 1000 Yuan?"

Everyone was stunned. They were even more frightened than when they were in the domain.

Yunxiao's face darkened as he said angrily, " "A thousand Yuan? Who said that? Stand out! I've saved your lives, and you're asking me to pay a thousand mid-grade primordial stones! Whoever said that, step forward. I'll give you a thousand Yuan and take your life!"

Everyone was so scared that they all retreated. No one dared to take a step forward.

Yunxiao shook his head and sighed. that's why it's said that it's hard to be a good person in this world. If I had let mu Wu slap you to death just now, nothing would have happened. Now, not only was he alive, but he could also enjoy the cultivation of the rules of heaven and earth. It was only ten million medial-grade primordial stones, and you still wanted to bargain with him. Zhou Xiang, take note, if there are any who haven't sent their primeval stones up before dark, pass the name list to mu Wu and let him handle it. "

Everyone's expression changed drastically. They looked at the sky and anxiously thought about how to get the primordial stones. If mu Wu really came looking for him, he probably wouldn't even have the chance to explain himself. Moreover, he had gained great benefits from the baptism of the rules of heaven and earth. Even if he had to pay ten million mid-grade primordial stones, it would be worth it. Such an opportunity could not be bought with money.

Everyone was in a hurry to go back and gather money, so they quickly took their leave.

At this moment, a few figures flew over. They were the people from the merchant Union, including Hong Yiyi and some mercenaries with weaker cultivation. Those who had chased after Tang Jie just now were all martial emperors and above. During the battle between mu Wu and elder Yu, they had also hidden far away. Only when there was no more movement did they dare to come out.

“Captain Yunxiao, where’s Tang Jie?”

Shen Li was not in a good position to ask, but she was anxious. Hong Yiyi immediately asked, her beautiful eyes also looking around.

an expert from the skeleton mercenary Corps came out of nowhere and saved Tang Jie,” Yunxiao said in distress. he saved him.

saved?!

Hong Yiyi’s expression changed greatly and she said angrily, “how is that possible?!” There are so many of you, could it be that the other party is a martial honor?”

Yunxiao gave her a cold look and snorted. “What’s it to you whether or not he’s been rescued? Aunty Hong, you look very anxious?”

Jingnan also frowned as he stared at Hong Yiyi suspiciously. He still could not figure out why Yunxiao was targeting the four extremes sect, and why Tang Jie, as the young master of the four extremes sect, was in the light song forest. However, there must be a big secret that he didn’t know about. It seemed that Hong Yiyi knew about this secret. His eyes were shining.

Hong Yiyi also realized that she had lost her composure. With an angry look on her face, she winked at Yunxiao and said in a sweet voice, “ Aiyo, it’s because I saw that everyone worked so hard and even let the rabbit Run away in the end. It’s a waste of effort and I feel that it’s a pity.

Shen Li’s expression was also very ugly, and no one knew what she was thinking.

old man Qiao is unparalleled in loyalty and righteousness," Yunxiao said with a smile. but he suffered a disaster. this is all i can do to help you. after all, the skeleton mercenary group's strength is not below our rookie mercenary group. You can handle the rest by yourselves."

Jingnan cursed all his ancestors in his heart, but his face was still stern as he said, " Captain Yunxiao is a righteous man. He has a deep affection for the merchant Union.

Shen Li, on the other hand, was stunned, and a bright light flashed in her eyes. When she saw the smile in Yunxiao's eyes, she suddenly understood.

She understood what Yunxiao was implying. Tang Jie was from the four extremes sect, and they could not capture him in public. However, now that Tang Jie was in the skeleton mercenary group, the Empty Pavilion could attack them directly.

Besides, Yunxiao also knew that since His Excellency Tian Yi had given such an important order, it was impossible for him not to send experts to the light song forest. It was just that it was not convenient for him to attack the four extremes sect. If he only attacked the skeleton mercenary group, he would have no scruples.

Shen Li heaved a sigh of relief and said with a smile, " Captain Yunxiao, you're a young man. I hope you can be a distinguished guest of Empty Pavilion.

there will be a chance," Yunxiao chuckled. there will be a chance. Now that the Western part of the city has just been unified, your Chamber of Commerce must also operate well under the guidance of miss Ling'er."

Shen Li and Jingnan's eyelids twitched, and their anger disappeared in a flash. They laughed and said, "Naturally, naturally!"

After that, the two of them each had their own thoughts and left.

Hong Yiyi also put on a coquettish look as she drew a line on Yunxiao's chest with her white fingers and said in a sweet voice, " You're a bad person, forgetting the old with the new."

When she turned to leave, she did not forget to give Ding Ling 'er a resentful look.

Ding Ling 'er's murderous eyes shot into her body, as if she wanted to kill her with her eyes.

Hong Yiyi sneered and turned to leave.

Facing Ding Ling 'er's cold gaze, Yunxiao's forehead was covered in cold sweat. He pointed in the direction where Hong Yiyi had left and sneered, "Tsk, she's crazy! Don't mind her!"

Zhou Xiang took out an iron plate from his ring and handed it to Ding Ling 'er. miss ding, this is an iron washboard. He can use it tonight.

Ding Ling 'er angrily grabbed the washboard and directly hit it on Zhou Xiang.

.....

The matter of the city's West immediately spread through the entire qingge woodland like a whirlwind. For a time, everyone on the streets and in the alleys was talking about it.

"You guys didn't watch it! The leaders of the three mercenary groups fought and killed each other in the end!"

"I'll go with you, your sister! Nonsense! I'm telling you, the four merchant alliances are involved in this. It was a great War between the mercenaries and the merchant Union! Even old master Qiao died in battle!"

"No way? Old master Qiao was dead? Then what about the four concubines he married in the first half of the year?"

"Don't worry, when old master Qiao died, the leader of the steel tree mercenary group ran to the myriad treasures store to take care of his concubines."

“If you don’t know, then don’t talk nonsense! The war between the mercenaries and the merchant Union is only a superficial phenomenon. Do you know what triggered this war? Do you know who is the most important person in this war?”

A shrewd-looking man took a sip of tea and stepped on a stool with his eyes wide open.

“Who is it? I heard that li Yunxiao, the newly-appointed Captain of the eighth team of the rookie mercenary group, seems to have played a very important role?”

he’s not just important! the man slapped his thigh and exclaimed, “ this war started because of him!

“Ah? So powerful, hurry up and tell me what happened!”

“Hehe, you don’t know? I’ll tell you!” The shrewd man enjoyed the atmosphere of attention and began to tell his story.

li Yunxiao has an affair with Cang Xiong, the leader of the four extremes sect, and haolian shaohuang has taken a fancy to li Yunxiao, so he captured him and forced him to be his exclusive property. At this time, Cang Xiong had no choice but to offer himself to old man Qiao in exchange for support. On the other hand, Jingnan had always been close to old master Qiao. The one Shen Li loved was Jingnan’s sister. Now that the four merchant alliances are United against a common enemy, commander hao lian is naturally no match for them. At this moment, he signed an alliance with Shen Feng and Chen chuanjiu to defend against the enemy together!”

“An Alliance? What Alliance under the city?”

The three of them have agreed that after the merchant Union is defeated, li Yunxiao will belong to the three of them, and each of them will take turns to enjoy him for a month.

“Tsk! Was Yunxiao that beautiful? So many powerful men like him?”

“Of course!” The shrewd man shouted, “we’ll become gay friends in a fit of anger!” We all know how lecherous commander hao lian is. Since li Yunxiao came, all his harem has lost their color!”

“Motherf * cker! How come no one likes me when I’m so handsome?”

Everyone tidied up their hair indignantly, revealing an expression of someone who had a talent that had not been discovered.

This kind of messy story quickly derived into countless versions. Before Yunxiao and the other members of the eighth team returned to the north of the city, it had already spread throughout the entire soft song woodland.

Chapter 384

?

384 Nine yang divine body

The fastest thing was definitely gossip.

In the corner of the teahouse, a man with a delicate face sat. After quietly listening to the shrewd man’s story, he gently stuck out the tip of his tongue and licked his bright red lips. He then waved at the shrewd man.

The shrewd man originally had his back to this person, but he felt that someone was calling him for no reason. He couldn’t help but turn around and walk over.

“You called me?”

The shrewd man revealed a vigilant expression. Although the person in front of him had a fair and clean face, he looked very demonic. He was a man and even had red nails.

The man covered his mouth and laughed. that’s right. Do you think that li Yunxiao is really that charming? ” he said. Is she as pretty as I am?”

Cold sweat appeared on the shrewd man's forehead. Under the charming smile of the demonic man, he felt a cold chill enter his body. He immediately nodded and said, "There is no doubt that Li Yunxiao is handsome, but you are also quite beautiful."

"Really?" The man's eyes brightened and he smiled. "Alright then. Since you're such a licker, I'll let you have it easy today."

"Eh? Letting me off easy?"

The smart man revealed a puzzled expression and a question appeared in his mind. He saw the demonic man wave his right hand and his vision blurred for a moment before he gradually lost consciousness. He sat there in a daze.

The demonic man's eyes shot out a lustful light. He licked his lips and said softly, "You are enjoying countless men in the palace alone, but you sent me out to sell my life. Hmph, I didn't expect Yunxiao to be such a beautiful man. If you knew, I'm afraid you would regret it so much that your chrysanthemum would turn green! Haha!"

The demonic man's eyes lit up and became sharp. He gritted his teeth and said, "Li Yunxiao, you are my Yuwen Xun's!"

He threw down a few gold coins and left with the astute man.

The waiter hurriedly went up to collect the gold coins, but he revealed a stunned expression. The yellow coins were undoubtedly gold, but they were not the common kind. There was a terrifying picture of the Grim Reaper drawn on them.

In the headquarters of team eight, in a cultivation room, a powerful force condensed in the air.

Luo Yunshang poured all her strength into her battleaxe and struck at the man with all her might.

The man stood there quietly. He had not moved since he had come in, and even Luo Yunshang did not know when he had come in. He was wrapped in a black robe, holding a bloody man in his hand and stepping on a small green demon. The small demon's body kept moving, but it couldn't break free.

The red light on the axe revealed the man's face. It was Mr. Yu.

His expression was very complicated, and his eyes were turbulent, but they gradually calmed down, turning into an ancient well, just like his state of mind.

The battle-axe was halfway through its attack when it suddenly froze in the air, unable to move an inch. It was not just the axe. Yunshang felt that her whole body was shackled by a force. The nine yang true Qi kept rolling in her body, getting stronger and stronger. Even she felt that she could not control it, as if it was going to break out of her body and break through everything!

Mr. Yu looked at the power that was flowing out of her body and sighed, it really is nine yang genuine Qi. Will history repeat itself? "A hint of killing intent flashed through his eyes, and his expression became complicated again.

Yunshang was anxious, not only because she was being controlled, but also because the force in her body was constantly condensing and stacking, to the point that she could not control it.

Mr. Yu suppressed the killing intent in his eyes and said, use all your strength. Let me see how strong you are, woman of the divine cloud Palace!

Under the suppression of the other party, Yunshang felt the genuine Qi in her body surge, breaking through all her meridians and swelling up. A large amount of blood rushed into her brain, and she seemed to be gradually losing consciousness. At this moment, a powerful force that she had never felt before burst out of her body and gathered in her hands. It gradually gathered into a light as dazzling as the sun.

She raised her battleaxe, and the force that had been holding her back was easily broken, and she slashed down again.

"Moonfall Crow frosty sky!"

“Falling moon heavenly frost!”

Yunshang’s eyes were bloodshot, and her aura changed. Under the overbearing power, even her battleaxe seemed to be unable to withstand it, and it gradually collapsed.

The entire cultivation room, which was made of Diamond Rock, began to crack. It broke open with a loud bang, and countless gravel flew out.

“BOOM!”

Even though the battleaxe was also shattered, the force didn’t decrease at all. It hit Mr. Yu’s body and emitted a strong light.

.....

After Yunxiao returned to the west of the city, he was met with strange looks, as well as envious, jealous, and resentful expressions. Scratching his head, he turned to his men and asked in surprise, “Am I that handsome? Why are there so many people staring at me with envy and jealousy?” He shook his head in distress and sighed, “It’s easy to make enemies if you’re handsome.”

Bin Jie and the others snorted coldly and revealed looks of disdain. They raised their chins, carefully touched their hair, and tidied their clothes.

Suddenly, a ray of red light shot up in front of them. It was the headquarters of the eighth team. The aura was so strong that it could be felt from thousands of miles away.

“Zhengyang Qi!”

yunshang? ” Yunxiao’s heart skipped a beat. is it yunshang? ”

that’s the headquarters of team eight, ” Ding Ling ‘er said in surprise. did she break through? ”

An unpleasant expression flashed across bin Jie's face as he said solemnly, "That young lady? She's only a martial King. Judging from her aura just now, she's at least a martial Grandmaster, right?"

Yunxiao also had a bad feeling in his heart. He turned into a beam of light and rushed out while shouting in a deep voice, "Run! Something might have happened!"

Bin Jie and the others did not dare to be careless either. That place worshiped alchemists who could not be offended. If something went wrong, the consequences would be unimaginable!

More than ten beams of light streaked across the sky, heading toward Team 8's base.

.....

In the headquarters of team eight, a large number of people were immediately alarmed and rushed in the direction of the light.

Mr. Yu's eyes were still rippling under the attack of the light. He didn't panic at all, and his face was calm. The power kept hitting his body, but it didn't hurt him at all.

"Is this all you've got?"

Mr. Yu's eyes were filled with mockery as he said, Gu Qing Qing's successor is only at this level? "His expression relaxed and he sighed, "It seems that I have been too cautious. Lord li is right, there is no need for anything. However,"

He took a step forward and a white jade bottle appeared in his hand with a flash of light. There were a few demon clan symbols carved on it and it was constantly flashing with golden light.

After the blow, the genuine Qi in Luo yunshang's body quickly disappeared, and her eyes became clear again.

She watched in horror as Mr. Yu walked up to her and grabbed her by the throat. He struggled and said, "You, what do you want to do?"

The cap of the small bottle shot open, and a faint smell of blood seeped out.

With a ferocious look on his face, Mr. Yu poured the red liquid in the small bottle into Yunshang's mouth and said coldly, "You're too weak. I just wanted to help you. As a nine yang divine body, you should have died. However, it's no longer necessary. I want you to become stronger quickly, then I'll step on you and completely erase Shenxiao Palace from this world. Wash away the shame of the monster race that has been around for thousands of years!"

No matter how much Yunshang resisted, the blood-red liquid poured into her mouth and flowed down her throat. The cold liquid was really blood!

"Who are you? Stop!"

Many Warriors suddenly appeared in the surroundings. They were all members of the newbie mercenary group. They quickly understood the situation and drew out their Xuan artifacts to attack Mr. Yu.

However, the strange thing was that when they were about ten meters away, they were blocked by an invisible force. No matter how they attacked, they could not break through.

Suddenly, an angry roar came from the sky, and a golden light shot down. The divine realm tablet turned into a mountain and fell down!

"If you dare to hurt her, I swear I'll level the illusionary realm of stars and moon and five Cloud Mountain!"

Yunxiao recognized Mr. Yu at a glance. When he saw that Yunshang was restrained, his anger soared to the sky. After throwing out the divine realm tablet, he immediately slashed down with his sword.

The star-moon illusory realm was the Holy Land of the demon clan. It was built by the remnants of the demon clan's forces and was covered by a huge illusory formation. It absolutely prohibited humans from entering. The five Cloud Mountain was the place where the demon race was trapped. No one had been able to break through it for thousands of years.

Bin Jie, Zhou Xiang, and Ding Ling 'er also made their moves, and more than ten powerful forces attacked.

Mr. Yu's pupils shrank. He was the first to see the divine realm tablet, and his eyes glowed.

“BOOM!”

The divine realm tablet also encountered an obstacle about ten meters away, but it fell down and broke the defense.

Mr. Yu snorted and a force spread out from his body. The space around him twisted and spun. The attacks were reversed from ten meters away and spun around him.

The space around him was constantly changing. Except for the divine realm tablet, which was still firmly in the air, the rest of the power was slowly disappearing in the distortion.

Humph, you want to devour my divine realm tablet with your spiritual power? you're courting death!

Yunxiao gave a furious roar and performed the great realm divine technique in his hand. Golden tadpole-like characters fell from the sky and flew into the divine realm tablet. Immediately, a golden light circulated, and the power of the earth spread out, pressing down on Mr. Yu's spiritual domain!

Mr. Yu's face changed, and he snorted. He threw away the empty bottle and threw out a punch with his right hand. The extremely overbearing power of the physical body shook the space and blasted toward the divine realm tablet.

“Bang!”

The moment the fist force touched the divine realm tablet, Mr. Yu's face changed. Although he knew that it was a Supreme-grade profound level weapon, Yunxiao's strength was limited after all. His physical body was strong enough to send him flying with a single punch. Who knew that when he came into contact with it, he would feel an infinite weight, as if the weight of the earth, mountains, and rivers had been condensed, and the momentum was unstoppable!

Chapter 385-retreating in one piece

Mr. Yu's fist force crumbled under the infinite weight of the divine realm tablet. With a solemn face, he grabbed yunshang and jumped away instantly.

"BOOM!"

The divine realm tablet was directly pressed into the ground, smashing out countless gravel.

A beam of light fell as Yunxiao stepped onto the divine realm tablet. He performed an incantation gesture with both hands and kept patting the tablet. The golden light seemed to be fusing with him, and the fire cloud mark on his forehead flashed again. The fire Territory opened, and with the power of the territory, the true Phoenix Flame manifested and burned toward Mr. Yu.

"Kid, you're a little stronger than last time."

Mr. Yu's pupils contracted. He could feel how terrifying the true Phoenix Fire was. He had experienced it in the cave last time. It could even burn through pure power. His gaze darkened, and the taillight sword suddenly appeared in his hand. A white light cut through the air and slashed out.

"BOOM!"

The Phoenix true flame was directly cut in half by the sword Qi, but the sword light's momentum did not decrease, and it seemed to split the space.

Yunxiao leaped into the air from the divine realm tablet, and the sword beam struck the tablet with a crisp sound. Yunxiao leaped over to Mr. Yu in the air, then held the dynasty Bell high with both hands and smashed it down.

Against Mr. Yu, his only advantage was that he had more ninth tier profound armaments than his opponent, so he had to make full use of it.

However, bin Jie and the others were completely unreliable. Although he was a peak nine-stars Martial Emperor, without the power of a domain and the use of the rules of heaven and earth, he couldn't resist Mr. Yu's spiritual attack at all. But even so, they still charged down one by one.

The members of the newbie mercenary group could not just watch their companion fight a hard battle.

"Ripple scamper!"

Mr. Yu shouted and spread out his spiritual domain. The force within a hundred-meter radius reached him instantly. Everyone felt the scenery in front of them change. Not only did their companions all disappear, but they were also no longer standing in the gentle song forest.

Yunxiao circulated the great expansion divine technique and struggled to resist the spiritual attack. As the number one expert in mental attacks, he felt extremely aggrieved at this moment. He had always been the one to play with others, but now he was no longer the one to go with the wine.

At that moment, everyone in the sky, except Yunxiao, looked around in panic, as if they were lost in it.

"What?"

Mr. Yu's eyes were filled with surprise, "Your spiritual power is very strong. You can actually block my ripple scampering. This Tao Wu, it doesn't seem possible, right?"

Yunxiao felt the surrounding mental power constantly squeezing his body, trying to rush into his spiritual ocean. He had a feeling that he could not hold on any longer, and his head was splitting. When he heard the other party's words, he was burning with anger and scolded, " don't try to act cool in front of me. I'll break your ripple scamper!"

He gritted his teeth, and the pain in his sea of consciousness seemed to have weakened a little. A crazed look flashed in his eyes, and he slammed his head against the dynasty Bell!

“Dang!”

His head almost exploded from the impact, but the sound of the bell passed through his body and immediately washed away the power of the ripples. The sound of the bell spread in the air and all the martial artists woke up.

Mr. Yu’s eyes darkened as he stared at the dynasty Bell. His expression kept changing. “This is also a ninth tier profound armament! It seems that your background is really not small ah, but your cultivation is limited so even if you have more ninth tier profound armaments, what can you do?”

“I don’t know what I can do, but at least I’m going to take your life now!”

With blood all over his head, Yunxiao held the dynasty Bell high and smashed it down.

“Dang!”

The second bell rang again, and Yunxiao coughed up a mouthful of blood as his body instantly withered.

At this time, bin Jie and the others also attacked one after another. At the same time, they also understood how terrifying their opponents were, so they all used their full strength. The terrifying power struck down along with the dynasty Bell.

The calmness on Mr. Yu’s face finally disappeared, replaced by a serious look.

The sound of the dynasty Bell reverberated in the air, greatly affecting his ripple scampering. He could not trap so many martial Royal realm experts at once. He was only a Martial Emperor. Although his body was extremely strong, he did not dare to fight against so many experts at the same time.

He raised his taillight sword and stabbed it into the ground.

The tip of the sword sank into the ground, and a beam of light emanated from the sword. It bloomed like a flower and formed a defensive barrier that completely enveloped him and Yunshang.

“BOOM!”

The dynasty Bell was the first to strike the barrier, triggering a powerful spiritual pressure that spread in all directions. Immediately after, Bin Jie and the others' attacks also landed, and all kinds of light scattered at the same time, blinding everyone.

Although he had blocked all the attacks, Mr. Yu had also used up a lot of Yuan Qi. It was very difficult for him to use a ninth-tier profound level weapon, and his face was slightly pale.

After being fed the blood, Yunshang seemed to have fallen into a coma. However, her body was getting hotter and hotter, and waves of nine yang true Qi were spontaneously rushing up from her body.

“Looks like it's almost time.”

Mr. Yu threw Yunshang on the ground and said softly, “This is all I can do to help you. It'll depend on your own fortune to what extent you can reach. Divine body of nine yang, I look forward to the moment you become powerful. Then, you'll become the stepping stone for the rise of our monster race.”

After saying that, he looked up at Yunxiao in the air again, and a killing intent flashed in his eyes. He had a feeling that this person was even more dangerous to the demon race than the nine yang divine body. However, on second thought, the killing intent disappeared.

“Let's call it a day.”

Mr. Yu said, then turned into a beam of light and headed to the south of the city.

“Hmph, do you think my rookie mercenary group can come and go as we please?”

Muwu's voice came from the air, and Mr. Yu's body froze in mid-air, as if he was trapped by some kind of force.

Mr. Yu's face turned serious as he said, "A revered martial artist?"

Although he was solemn, he did not panic at all. He slashed with the sword in his hand, and a ray of light immediately split the sky apart. The power that was holding him back disappeared. The spiritual power on his body also spread out, and the surrounding space twisted.

no wonder he dared to be so arrogant. He really has some skills!

Mu Wu's figure appeared in the air. He took a step forward and appeared in front of Mr. Yu in an instant. He punched.

The twisted space in the surroundings shattered under this punch, turning into countless fragments that drifted away. Black holes appeared in the sky one after another.

Mr. Yu's body was also shattered by the punch. However, his face was still as calm as water, without any fluctuations in emotion.

"Eh? What's going on?"

Mu Wu was stunned, and then her expression changed drastically, filled with anger.

The space in front of him shattered and was sucked into the black hole with Mr. Yu. However, when the figure was shattered, it actually turned into specks of light and dissipated. It turned out to be an illusion.

Mr. Yu's real body was nowhere to be found.

"What? Even Captain mu Wu was tricked?" Bin Jie and the others were all shocked and dumbstruck.

Yunxiao sighed. what a powerful mental power! I'm afraid this man can break through to become a ninth-tier Emperor Alchemist in the future. I didn't even notice that it was an illusion.

Ding Ling 'er's face turned pale with horror. A ninth-tier Alchemist was a Supreme existence! Besides, since Yunxiao had said so, it should be true. She stepped forward to help Yunxiao up. Looking at the blood all over his head, and the many wounds on his head, she said worriedly, "Young master Yun, are you alright?"

Shaking his head, Yunxiao descended from the sky and began to check yunshang.

In the distance, mu Wu stood quietly in the air for a while, before suddenly turning into a streak of light and flying towards the south of the city with extreme speed, as if she was extremely unwilling to give up.

Bin Jie and the others looked at each other, not knowing what to do.

Yunxiao reached out and grabbed yunshang's arm, but an extremely overbearing force shook it away. When he opened his hand, it was charred black.

"What happened?" Ding Ling 'er asked in horror.

Yunxiao's face was also unprecedentedly serious as he said, "The thing that Mr. Yu gave her just now seemed to have activated her nine yang divine body. Now, her entire body is like a dantian, with powerful Qi-Jin circulating inside. If I'm not mistaken, this should be the real nine yang genuine Qi. It's really overbearing and powerful!"

Although yunshang had been using the nine yang true Qi all this time, she was only using the nine yang true technique to circulate her primordial Qi. At this moment, what was surging in her body was the nine yang true Qi that had finally taken form after so many years of accumulation!

sister yunshang is only a martial King after all, "Ding Ling 'er said worriedly. the power of this aura even makes my heart palpitate. Will sister yunshang be alright?"

I don't know," Yunxiao shook his head. I don't know. I have to take her to the divine realm tablet. If something happens here, I can't suppress it at all."

Ding Ling'er understood what he meant. In the divine realm tablet, Yunxiao was a God, and there was nothing he could not do.

She picked up Yunshang and followed Yunxiao into a secret chamber. After all, the secret of the divine realm tablet could not be known to everyone.

After Yunxiao and Yunshang entered the divine realm tablet, she stood guard outside the door.

At the same time, he took out an extremely valuable golden communication Jade token. After a moment of worry, he imprinted a trace of spiritual sense into it and crushed it in his hand.

At the moment the Jade token shattered, a pitch-black color seemed to appear and his spiritual sense was transmitted far away.

After entering the divine realm tablet, Yunxiao placed Yunshang at the bottom of Mount Inch, in the array where Meng Wu had been lying.

He casually waved his hand and summoned Gu Yuesheng and Situ Heng. He stared at the two of them coldly and said, "That Mr. Yu from the skeleton mercenaries, who is he?"

Gu Yuesheng and Situ Heng had been cultivating in the divine realm tablet for a long time, and their injuries had long recovered. When they saw Yunxiao, whose head was covered in blood, they were both taken aback.

Gu Yuesheng's pupils contracted slightly as he said in surprise, "You met Mr. Yu? Could it be that he was the one who caused the injuries on your body?" "Impossible! This is impossible!" He exclaimed in shock. Since you've met him, unless you hide in this mysterious space, you won't be able to keep your life!"

Chapter 386-Yu's identity

Gu Yuesheng was suddenly stunned. He seemed to have thought of something and laughed out loud. "Haha, don't tell me I'm right. You're really hiding here to escape? Mr. Yu is outside?"

A look of great joy flashed across Situ Heng's face as he shouted, "Kid, let us go quickly, and maybe we can keep our lives. With the two of us pleading for you in front of Mr. Yu, we can definitely save your life!"

Yunxiao's hair was disheveled, and his face was covered in blood, but his eyes were shining as if he was looking at a fool. He sneered and said, "What kind of place is this? are you all pretending to be ignorant? do you think I'll let you go? Also, do you really think that you're so important that you can speak in front of the rain?"

Gu Yuesheng and Situ Heng's expressions changed drastically, as if they had lost all color.

"Could it be true?" Situ Heng was shocked. This, how is this possible?"

Gu Yuesheng's hair stood on end as he cried out, "Is, is this really the interior of Noah's ship? You, Who are you? this transcendent grade profound level weapon actually fell into your hands!"

Not long after the two of them entered, they began to explore this spatial world. The more they entered, the more they felt that something was wrong. But, that guess was too shocking, and he could not believe it. Now that it was confirmed by Yunxiao, he was shocked beyond words!

you don't have to worry about that," Yunxiao said. just tell me everything you know. Before I advance to the rank of a martial Supreme, don't even think about leaving this place. You don't need to worry about people from the outside coming in to take revenge. The cultivation resources here are not worse than the outside world. If you can cultivate to the peak of the martial Supreme realm, you can also break the rules of heaven and earth here and break through the void to get out."

Then, his eyes turned cold and he said in a cold voice, "Of course, the premise is that you can live to that time! If I'm not satisfied, any moment can be the end of your lives!" He raised his finger and pointed it forward. The power of the rules in the surroundings suddenly pressed down. Situ Heng and Gu Yuesheng felt their bodies being thrown out violently. The space around them kept changing. They did not know how far they had flown. In the end, they crashed into the hard mountain with a loud "boom" and their bones were almost broken.

Gu Yuesheng opened his eyes and realized that they were no longer in the cave. Situ Heng had also disappeared without a trace. He was the only one left embedded in the stone wall. He had suffered internal injuries from the shock. Yunxiao's voice came into his ears, "Let's start now. If there's any conflict between the two of you, I'll pull you into the spiritual world and cut you into pieces. Each cut will take ten thousand years!"

Gu Yuesheng's face turned pale. As a secret Alchemist, he naturally knew how terrifying the spiritual space was. In the spiritual space, everything was controlled by the will of the other party. It was easy to make you feel the pain of being cut for 10000 years with one slash. You've suffered for thousands of years in there, but in the realm of heavenly martial arts, it might only be a moment.

When they recalled Yunxiao's ability to summon them and change time and space with a finger, they were no longer convinced that this was the legendary Noah's ship, the peerless profound artifact that could accommodate life and form its own world. He no longer had any thoughts of resisting and said dejectedly, "I don't know about Mr. Yu's situation, but I do know that he's a friend of my master."

Yunxiao's figure appeared in front of him as he said with a frown, "The one who's known as the crazy Alchemist, Jie? Didn't he die many years ago?"

Gu Yuesheng was shocked. He smiled bitterly and said, "So you even know about my master! Yes, he was the crazy Alchemist that everyone thought was dead. Because his research field was too brutal, it had been banned by the sea of soul formation many times. But what kind of person is my master? he wouldn't listen to those boring orders. Instead, he's researching deeper and deeper. In the end, he was killed by the sea of soul formation and was lucky enough to survive. I've been focusing on my research all these years."

crazy Jie is indeed a strange talent," Yunxiao sneered. I've seen him a few times before. This person was arrogant, unruly, and self-righteous. You don't know how to spend your energy on self-cultivation and always do these unorthodox things. I didn't expect you to still be unrepentant." "But the sea of soul formation is indeed a little pedantic," he added with a slight frown.

Gu Yuesheng was shocked. "You, what did you say? You've seen my master? How was that possible? My master escaped from the sea of soul formation more than thirty years ago. You're not even twenty yet, don't talk nonsense!"

Yunxiao looked at him coldly and said, "That's none of your business, let's talk about Mr. Yu. Who is he? how does he know your master? why is he in the skeleton mercenary Corps?"

Gu Yuesheng felt that the man in front of him was so mysterious that he was beyond his understanding. He was not even twenty years old yet, but he already had such a cultivation level. He was also riding on Noah's boat. In the entire heavenly martial continent, he was afraid that there was no other person like him. A sense of powerlessness arose in his heart, and he said bitterly, "Mr. Yu is the high priest of the monster race,"

"What?"

Yunxiao's pupils constricted as he said in horror, "How is that possible? Wasn't the high priest of the monster race suppressed in the five Cloud Mountain by Gu Qing Qing thousands of years ago? Moreover, the inheritance of the great priest must be passed down through the same line. Without the strength of a predecessor, it is impossible to become the great priest of the monster race!"

Gu Yuesheng looked stunned and said, "You know so much? I'm not sure about this either. He had only heard his master say this before. As for how they got to know each other, it was Yu who came to us." birds of a feather flock together, " he suddenly laughed. they're both abnormal!

Yunxiao nodded and said, "that's true. Your master specializes in collecting organs, and that Yu specializes in collecting blood. They are indeed two freaks. They are a very good match. They're probably together for some perverted research."

Gu Yuesheng laughed. that's right. The two of them have been discussing with each other for half a year. They have done countless experiments and it seems that they have gained a lot. As he said this, his face turned slightly pale, and he seemed to be a little ferocious.

Yunxiao gave him a sympathetic look and said coldly, "Yingluo, you must be one of the test subjects for the past six months."

Gu Yuesheng's expression changed drastically and he began to tremble violently. His eyeball burst open and became bigger and bigger. Blue veins covered his forehead. The entire immemorial heaven's eye occupied half of his face and revealed a fierce look.

He roared ferociously, "you know nothing!" I'm willing to be a test subject! With this primordial heaven's eye, you can practice Gu Feiyang's pupil technique, and have a chance to become a great Alchemist!" The strange pupil in the immemorial heavenly eye suddenly shrank, and an overbearing spiritual power shot out of it, rushing into Yunxiao's mind.

Yunxiao's face was extremely calm. One of his pupils instantly turned into a blood-red Crescent moon, and rows of tadpole-like characters emerged around it and spread toward his eye socket. They were the Scriptures of the great expansion divine technique.

The space around them turned and Gu Yuesheng's mental attack disappeared without a trace.

"You're a coward! Gu Feiyang's pupil technique, moon deficiency!"

He cried out in fear, his eyes filled with disbelief. He roared madly, "How come you also know Gu Feiyang's eye technique? Who are you? I should be the only one in the world who knows this pupillary ability! You don't have the immemorial heaven's eye, so how are you able to use it?"

Yunxiao looked at him coldly and muttered to himself, "This immemorial heaven's eye is indeed interesting. Perhaps I can find an opportunity to improve myself. When I return to the ninth step, it seems I'll have to find that crazy Jie and do some research." After he finished speaking, he disappeared.

Gu Yuesheng was completely dumbfounded. He had heard Yunxiao's words just now. After the strike, the immemorial heaven's eye had retracted back into his brain. His normal eyes were also bulging like bells. Other than his pale face, cold sweat was pouring down. His mind was almost blank. His mouth was dry as he repeated the sentence, "wait, wait until we return to, after level nine, then we'll go back.

Yunxiao had also gotten some information from situ Heng, and he had a certain understanding of Mr. Yu, but it was still very vague.

Mr. Yu had suddenly appeared in the skeleton mercenary Group A few years ago, and Shen Feng seemed to trust and respect him very much. No one could figure out this person's background, but they could feel a strong and soul-shaking temperament. Coupled with Shen Feng's instructions, no one dared to disobey his orders. Moreover, his existence was only known to some of the leaders in the mercenary group, and it was a big secret of the mercenary group.

I hate the divine body of Nine Sun, high priest, and the skeleton mercenaries. Could it be that something has happened to the five Cloud Mountain, and the demons can come out now? ”

Yunxiao was taken aback by his own guess. Looking at the unconscious yunshang in front of him, he murmured to himself, ” “If that’s the case, then we’re in big trouble! He could have killed yunshang, so why did he let her go? What did she inject into Yun Shang? The surging aura in yunshang’s body is getting stronger and stronger, and it has already surpassed the average martial Grandmaster.”

He worriedly sent his divine sense to yunshang’s body, only to sense a strong positive Yang Qi emanating from her, and the red light on her body was getting stronger and stronger. This was the phenomenon of a divine body. This process was extremely similar to the gradual awakening of a God Body.

“This is all I can do to help you. It’ll depend on your own fortune to what extent you can reach. Divine body of nine yang, I look forward to the moment you become powerful. Then, you’ll become the stepping stone for the rise of our monster race.”

Yunxiao recalled what Mr. Yu had said before he left and asked suspiciously, ” “Is Yu really helping yunshang?”

“How is this possible? A few days ago, he was in a hurry to kill the divine body of nine yang, but now he wanted to cultivate yunshang. What was going on? Could it be related to the great demons in the cave? Who knows how long those demons have been in the cave? why didn’t you report such an important matter to the misty snow sacred domain?”

Yunxiao felt that things were getting more and more complicated. He muttered to himself, ” if something really happened to the five Cloud Mountain, the ancient martial Empire would be in a state of chaos.

His third disciple, Jun ruyun, was the Fuma of the ancient martial Empire. The mission of the ancient martial Kingdom was to guard the five Cloud Mountain!

387 Fusion of the divine body

He thought about it with all sorts of messy thoughts, but he still had no clue. He finally gave up and set aside his thoughts to stand guard beside Yunshang.

In this divine realm tablet, even if there was an unexpected situation, he was confident that he could handle it.

The strange phenomenon on Yunshang's body grew stronger and stronger, and the entire cave was filled with a red light. Yunxiao felt extremely comfortable in it, and the strength in his body was constantly increasing.

He suddenly thought of Meng Bai. The heaven and earth poison body was also a kind of divine body, which could be directly transformed into energy and absorbed by his one Qi of creation technique. He did not expect that the nine yang phenomenon seemed to be almost there. He absorbed it carefully, and it seemed to be more powerful than the poison in Meng Bai's body.

"Yes."

Suddenly, a soft and gentle voice came out of Yunshang's mouth.

Yunxiao was taken aback. He hurried forward to check, only to find a powerful positive yang energy surging out, preventing him from approaching. Luo Yunshang's whole body was red as if she was on fire, and she looked like she was in great pain.

did he suffer from the backlash of his divine body, just like Meng Bai? "

Yunxiao immediately realized that Yunshang's body could not withstand such a powerful nine yang true Qi at the moment. "What did Yu give her?!"

He quickly circulated the Qi creation technique and absorbed a large amount of nine yang genuine Qi into his body, turning it into his own genuine Qi. His cultivation level continued to increase.

However, his face grew uglier and uglier, thinking that his absorption speed was far slower than the release speed from Luo Yunshang.

if anything happens to Yunshang, I'll definitely wipe the monster race from the heavenly martial realm!

Yunxiao's face was as cold as ice, and his killing intent soared. He wasn't a kind person to begin with. Those existences who dominated a region and shook the world had killed many people. There were cases of people getting angry and annihilating an area every day.

As time passed, Yunxiao absorbed a large amount of nine yang true Qi and advanced one star directly, stepping into the realm of eight-stars martial King. However, Luo Yunshang was in a coma, and no one could come within ten meters of her.

Yunxiao's face was so dark that water was about to drip out, and his fists were clenched so tightly that they were trembling. When something like this happened again, he was unable to protect the people around him. He could only watch helplessly as they fell into danger one by one.

It was the same for Meng Wu and her brother, as well as Yunshang.

This was all because he was too weak!

Even if he had a peerless profound artifact like the divine realm tablet, he was still unable to protect the person he wanted to protect!

His eyes were completely red, and his killing intent gradually condensed outside his body, forming a purplish-black aura. It spun around him like a whirlwind, isolating the nine yang genuine Qi, as if the God of killing had descended.

Suddenly, Yunxiao was taken aback. He raised his hand slightly, and the purple-black killing intent pointed forward, immediately opening a gap in the nine yang true Qi, but it soon closed again. His killing intent might not be as solid as Mr. Yu's, but it was still the legendary Ramayana.

“That’s right, although the nine yang true Qi is a supreme power, it’s still just a power attribute. Just like Meng Bai’s body poison, Ramayana, which is condensed from killing intent, and di Jia’s Black demon Qi, they are all far stronger than ordinary vital Qi, just like the various mutated elements.”

Yunxiao muttered to himself, “ since my bright moon divine body can purify Ramayana, this mutated power should be able to be purified as well!

A look of surprise flashed across his eyes. He hurriedly circulated the power of his divine body. White light balls of different sizes began to appear on the acupuncture points all over his body. They were like night pearls of the East Sea. They began to emit light and connect with each other.

A beam of white light burst out of his body, followed by a second, a third, and every beam of light streaked across the sky and connected together above him, illuminating a pure space that continued to expand.

This was the divine body phenomenon of the bright moon body-twenty four moonlit bridges!

Sure enough, as soon as the strange phenomenon of his divine body appeared, the nine yang genuine Qi gradually spread out under the illumination of the white light, turning into the purest power and spreading in all directions.

The result overjoyed Yunxiao, but at the same time, he was shocked beyond words.

His divine body had been acquired, and it was much weaker than the innate divine bodies of Luo yunshang and Meng Bai. However, this divine body’s abnormality could purify all mutated powers. It was simply the nemesis of all divine bodies!

“Who created the inheritance of the bright moon divine body? There’s never been any record of such a talented person in the history of the continent!”

The appearance of the body refining technique on the continent was also in the era when all kinds of innate divine bodies exerted great power. In order to reach the same realm, those postcelestial martial artists continued to develop all kinds of body refining techniques. Through various kinds of physical cultivation, they hoped to achieve the same effect as the divine body.

Some of the outstanding ones had indeed done it. They had even cultivated to an existence that surpassed the divine body and created a new path of martial arts.

The tyrant body tempering technique was an existence that gathered all these body techniques to the great completion realm. When cultivated to the peak realm, the imperishable golden body, one could punch through the void and shatter the earth with one's feet. The rules of heaven and earth would completely integrate into the body and suppress any divine body.

the inheritance of the bright moon divine body should be a product of that era. It's just that there were too few people who could obtain the inheritance, so it was buried in history.

Yunxiao began to analyze the situation and said, " "This twenty four moonlit bridges only has the effect of purifying foreign energy, it's still far from being able to compare to the imperishable golden body. The inextinguishable golden body is an existence that has fused with the laws of heaven and earth and can suppress all powers!"

Suddenly, he felt that he had been too greedy. He had not paid any price and was not satisfied with the benefits he had obtained for no reason. However, on second thought, he had gambled two billion medial-grade primordial stones for it, so it could not be said that he had not paid anything at all.

She gathered her thoughts and began to continue purifying the nine yang genuine Qi. When the white light enveloped her body, her pained expression gradually eased and turned into a peaceful one.

Although the nine yang genuine Qi had been purified, its pure power still existed. It kept gushing out and gradually merged with the moonlight. The light in the entire cave turned pale red, enshrouding the two.

The change surprised Yunxiao and made him scratch his head.

Although he was a peerless martial sovereign, there were not many things in the world that he did not know. However, a divine body was a one in a million existence, so he didn't know much about it without coming into contact with it. At this moment, he didn't know what was happening, but he felt that the fusion of these two forces seemed to affect the changes in his body, and his strength was constantly increasing.

“As long as Yunshang is fine!”

He sat down calmly and began to cultivate in this power. The circulation of the vital Qi in his body was even more rapid than when he had only absorbed the nine yang genuine Qi.

After an unknown period of time, Yunshang finally gradually woke up. She looked around in surprise and immediately remembered what was going on. She saw that Yunxiao seemed to have entered a magical state, and her body had a strange feeling.

She used her inner vision to check her cultivation level and was shocked. She almost screamed. It felt like his entire body was filled with power. Every single move he made felt like there was a huge amount of power surging within his body.

With this power, she was finally convinced that she had stepped into the six directions martial Grandmaster realm without a doubt!

“What did that person feed me? It’s like some kind of blood that has allowed me to advance so much. What does he want to do?”

Yunshang was very puzzled. She glanced at Yunxiao, who was still meditating, and a sweet feeling welled up in her heart.

At this moment, in this strange atmosphere, only the two of them were left in the world. They sat facing each other. This was the first time he had looked at each other so closely, admiring every corner of his face. He was a little dazed.

“Lord Gu Feiyang, please!”

Yunshang cried out softly in her heart. She was willing to sit quietly like this forever, to be a little bird by his side forever. Let time stop at this moment.

Suddenly, Yunxiao opened his eyes, and a divine beam as bright as mist and lightning flashed across the quiet atmosphere, startling Yunshang. She was jolted out of the lovesickness, and her face flushed with embarrassment.

“You’re alright?” Yunxiao smiled. “Are you alright?”

Yunshang did not dare to look into his eyes. She lowered her head and nodded a few times, then gave a soft “hmm”.

Looking at her expression, Yunxiao knew what she was thinking. He smiled wryly and said, “It’s not the time to think. Hold your breath and release your God body’s energy. My bright moon divine body and your nine yang divine body seem to have undergone some strange changes. Don’t you feel that the power in the surroundings is extremely strange?”

Only then did Yunshang release her divine sense and quickly felt the strange power. Under this power, her body not only felt very comfortable, but also benefited greatly.

“You didn’t notice it?” Yunxiao asked in surprise. “You didn’t notice?”

Luo Yunshang’s face turned even redder. She lowered her head, her eyes filled with resentment as she thought to herself, “I’m going to kill you! It’s all because I’m looking at you.”

“This should be the fusion of the two divine bodies by chance,” Yunxiao said. “I don’t know how long it can last, and I don’t know when it will happen again. You should hurry up and cultivate now. One minute is equivalent to one day!”

Yunshang bit her lips slightly and sat down cross-legged to cultivate. It took her a long time to enter a meditative state.

The two of them sat face to face, their auras constantly surging out and merging with each other. At this moment, it was not only their auras, but their hearts and minds seemed to gradually connect.

Without the Phoenix’s wings, their hearts were connected.

The moment their souls touched, their hearts trembled. They immediately woke up from that strange feeling. The power of their divine bodies was also affected. They could no longer stabilize and gradually began to reject each other.

Chapter 388

?

388 The octopus people

'What a pity,' Yunxiao thought to himself.

That kind of state was absolutely something that could only be encountered and not sought, and it was of great benefit to both of them. In such a short time, Yunshang had already reached the peak of a one-stars martial Grandmaster, while he himself had entered the realm of a nine-stars martial King. He did not know when he would have another chance like this.

"S-sorry!"

Looking at the regretful expression on Yunxiao's face, Yunshang felt that she had made a big mistake. Like a Frightened Rabbit, she quickly apologized.

Yunxiao was taken aback, but then he smiled and said, "What's wrong? It's just that the opportunity has passed, what does it have to do with you?"

Oh?" Yunshang murmured softly. Her face was red, and she did not dare to look into Yunxiao's eyes. Her heart was beating like a deer. She sneaked a glance and saw Yunxiao staring at her with a smile. Her mind buzzed, and her mind went blank.

"Yunshang, are you alright?" Yunxiao had a strange look on his face.

Lord Yunxiao, I hope to be able to serve by Lord Yunxiao's side forever.

Yunshang's eyes were a little misty. She did not know where she had found the courage to say such a heartfelt word.

Yunxiao was taken aback. He coughed a few times in embarrassment and said, "Cough, cough! I ... I only absorbed a little bit of your nine yang true Qi. You ... You're not trying to extort me, are you?"

Luo Yunshang immediately came back to her senses, and her face turned red and purple with embarrassment. "No, it's not like this!"

Yunxiao pretended to breathe a sigh of relief and said, "That's good. Let's go. I don't know how much time has passed, but is there anything strange in your body?"

A trace of disappointment flashed through Yunshang's heart. She casually checked her body and said, "I'm fine, there's nothing wrong with me. Moreover, the power in my body seems to be far more powerful than that of a one-star martial Grandmaster."

Of course," Yunxiao said with a smile. The nine yang true technique is one of the best divine techniques in the world. Back then, Gu Qingqing suppressed the demon race under the Five Cloud Mountain with this cultivation technique alone, and it is said that she entered the ten directions divine realm. You have to work hard too, your future achievements will not be below hers."

Yunshang nodded seriously.

She didn't think it was that important to step into the omnidirectional divine realm. What was important was that as long as she continued on this path, she would be able to be with the person in front of her forever.

The two of them went out of the divine realm tablet one after another, and Ding Ling'er, who was outside, immediately noticed them.

"Sister Yunshang, are you alright?" When Ding Ling'er saw Yunshang's face, she was shocked and said, "Sister, you have become a martial ancestor?"

Yunshang nodded slightly, but her eyes were secretly glancing at Yunxiao.

Ding Ling 'er's heart sank. She felt that there was an indescribable feeling between the two of them. Her woman's intuition told her that something was wrong, and she couldn't help but feel sad. "Then I'll have to congratulate you, sister."

Luo Yunshang seemed to realize that something was wrong with her, as if she was still immersed in the feeling of telepathy. Her face blushed slightly, but she returned to normal and said, "Little sister Ling 'er, don't make fun of me. I'm still far from being comparable to you."

Ding Ling 'er laughed. How can that be? I'm born with a divine body. I'm sure I'll become the top existence on this continent in the future.

After she said this, her heart sank and she finally understood why she felt so bad.

It turned out that both of them had divine bodies. Needless to say, Yunxiao would only be more powerful than Gu Feiyang in the future, and it would only be a matter of time before he entered the divine realm. As for Yunshang, she had the divine body of nine yang, which had dominated an era in all historical records. And what about him?

She was just a merchant. He didn't have great talent, nor did he have a domineering divine body. He just had better cultivation resources. In terms of cultivation resources, Luo Yunshang was a disciple of Shenxiao Palace, so her cultivation resources were far better than his.

The more she thought about it, the sadder she felt. She felt that she could not keep up with their pace. She only felt that Yunxiao and Yunshang were going further and further away, and she would never be able to catch up with them again.

"No, we can't do this! I must work even harder to keep up with Lord Cloudsky's pace!"

Ding Ling 'er secretly encouraged herself, and her face showed a determined look.

What's wrong, Ling 'er?" Yunxiao asked in surprise. What's wrong?"

“No,” Ding Ling ‘er blushed and quickly said, “Oh, right.” You’ve been cultivating for seven days. During this period, Captain bin Jie came to look for you a few times, but I stopped him. It’s said that after Captain mu Wu went after Mr. Yu, he never returned.”

“What?”

Yunxiao was taken aback. Although mu Wu had just been promoted to a two-stars martial Supreme, he was a battle maniac, and even a three-stars martial Supreme might not be able to suppress him with his true combat strength. Even if he couldn’t defeat the skeleton mercenary group alone, he should be able to escape unscathed. Could something have happened?

“How’s Shen Li doing?” he asked.

Ding Ling ‘er said, “I’ve also asked Zhou Xiang to pay special attention to it. It seems that many masters have snuck into the Emyrean one Pavilion during this period of time. Some of them are so strong that even Zhou Xiang did not dare to investigate them. I suspect that there must be martial Supremes from the Emyrean one Pavilion. There are also some mysterious people entering the city. According to my analysis, they are most likely experts from the four extremes sect.”

Yunxiao smiled and said, “Everyone knows that Tang Jie has been captured. It would be strange if the four extremes sect isn’t angry. Moreover, it was related to the ship’s key. Skeleton mercenary group and Mr. Yu, I’d like to see how strong you are and whether you can withstand the attacks of Emyrean one Pavilion and four extremes sect. It’s not that easy to get the key!”

Ding Ling ‘er looked confused and said, “Yunxiao, if the ship key is really with Tang Jie, why did he come to the gentle song forest instead of staying in the headquarters?”

Yunxiao’s eyes narrowed as he said, “That’s exactly what I want to know. You guys stay in Team 8 ‘s base and don’t leave. I have to go to the skeleton mercenary group.”

Seeing the worry in the eyes of the two girls, he chuckled and said, “Don’t forget about my world God tablet. No matter how dangerous it is, you can just hide inside. Unless they are at the level of Wei Qing and Yao Jinliang, who can break through the power of a world, who can do anything to me!”

He didn't meet with bin Jie and the others and left the cultivation room directly. He turned into a ray of light and headed towards the south of the city.

The entire forest was huge, and it took them a joss stick's time to enter the territory of the skeleton mercenary group.

Every day, there were large numbers of martial artists flying around in the sky, so his actions did not attract much attention.

Although the gentle song forest was a gathering place for fanatics and thugs, there were still great differences under the jurisdiction of different forces. In the southern part of the city, other than humans, he actually saw some other strange races.

In an unremarkable corner, there was an eight-armed octopus man.

The octopus man seemed to have noticed that Yunxiao was staring at him. With an unhappy look on his face, he snorted and said, "you're too ignorant. If you keep looking, do you believe I'll dig out your eyes?"

With a wry smile, Yunxiao stepped forward, picked up a Pearl from the stall, and put it under the sun to examine it. His pupils constricted slightly as he said, "How much is this Pearl?"

The location of the octopus monster was extremely remote and inconspicuous. The reason why Yunxiao noticed him was that the Pearl in the stall gave him a strange feeling, which attracted him to walk over.

"Pearl?"

The octopus man sneered and said, "You really think it's a Pearl? Are you stupid, or do you think I'm stupid?"

then what kind of bead is this?" Yunxiao asked.

This question stumped the octopus man. He frowned and pondered for a while before saying, "I don't know what this Pearl is, but it's definitely not a Pearl. If you can tell me the origins and effects of this Pearl, I can sell it to you at a lower price."

Yunxiao sneered in his heart. 'If I really tell you, it'll be strange if you still sell it.' He shook his head in distress and said, "I don't know what kind of bead it is, but it gives me a very strange feeling. How much are you selling this for?"

The octopus man looked at him suspiciously and coldly said, "In short, this Pearl is definitely not an ordinary item. How about this, since you seem to really like it, you can take the ten million origin stones."

"I'll f*ck your octopus head and Trident! 10 million, why don't you just Rob someone!"

Yunxiao threw the bead to the ground, then stood up and was about to leave, his face full of anger.

"Hey, hey, don't go. The price is negotiable!"

Seeing that he was about to leave, the octopus monster immediately became anxious. It immediately understood that its price was indeed a little outrageous. He just wanted to test how much this bead was worth in the other party's heart. After all, he didn't know what it was. He had been selling it for a long time and many people had been interested in it, but in the end, they didn't manage to sell it.

When he saw Yunxiao stop, he quickly said, "Do you really like this thing? If you really like it, you can name a price, and I'll sell it if I think it's appropriate!"

Yunxiao sneered in his heart. 'How dare you play such a little trick in front of me?'

Suddenly, a man stumbled over from the front. His face was pale, but he was very handsome. However, his eyes were deep black and full of fear.

A few men who looked like mercenaries chased after him fiercely. One of them was faster, and as soon as he caught up, he kicked the man in front of him to the ground and slid for more than ten meters before he lay not far away from Yunxiao, wailing and begging for mercy.

The mercenaries quickly caught up, and one of them said fiercely, " "You said you would return the money three days ago, but you're hiding. Do you think we won't recognize you just because you drew a disguise? We'll recognize you even if you turn into ashes!"

The man on the ground wailed, "I really didn't hide. I was captured by a big pervert." I've been subjected to inhuman torture these few days, which is why I look like this. Trust me, I'll return the money I owe you in two days."

"Inhuman torture? If you don't pay me back, I'll show you what real inhumane torture is!"

A few people rushed up and no matter how the man begged for mercy, they just punched and kicked him.

Chapter 389-renyao

This kind of thing happened every day, and Yunxiao was too lazy to watch it. He held out three fingers to the octopus.

"Three million?" The octopus man had a strange expression and shouted, " "Aren't you cutting it too hard? you cut off two-thirds of it in one go. How about this, let's not haggle, five million primeval stones is the deal. I'm only selling it because you really like it. If you don't, I won't sell it no matter how much you pay!"

"No, your sister!" the sea Race is full of simple and honest people! Yunxiao scolded. when did they have a cunning merchant like you?! After staying on land for a long time, they had also learned the bad things! I said 30000! I don't want even one more primeval stone!"

Suddenly, a strange voice came from the distance. It laughed and said, " "Oh My Baby, why did you run away?"

Immediately after, the besieged man's face revealed a look of horror as he cried out madly, "Just kill me, you guys hurry up and kill me. I'd rather die than fall into that person's hands!"

The mercenaries all frowned, and just as they were about to turn around, they felt a flash of light, and a sharp pain in their necks, and then they lost consciousness.

To the bystanders, the scene was just a flash of light, followed by a "crack" sound of a few necks breaking. Then, the bodies of the mercenaries were thrown far away, falling to the ground and dead. The remaining man who had been surrounded and beaten up earlier kept retreating in fear as if he had seen a demon.

"My baby, is there something that you're not satisfied with? You've actually run off everywhere, come back with me."

The man who had just appeared held a silk handkerchief in his hand and covered his mouth as he laughed. Her ten long nails were painted with red cornstarch, her face was blushed, her lips were red, her teeth were white, and her eyes were so seductive. She was dressed up like a transvestite.

The moment the transvestite appeared, Yunxiao's pupils constricted, and he was shocked. Although this transvestite had concealed his aura very well, the powerful martial essence fluctuation when he had attacked just now still shocked him.

Even the octopus monster's eyes shrank into small balls, but it quickly recovered and shouted, "Thirty thousand? Are you a murderer? You might as well just kill me! Even if it's a Pearl, it's not worth 30000 Yuan for such a big one!"

"I'll kill you, I'll kill you!"

The man on the ground suddenly had the courage to rush up and punch the transvestite with all his might.

The fist wind emitted a brilliant light. This person was actually a martial arts Grandmaster!

“Pa!”

The transvestite chuckled and caught his punch with his left hand. He touched his fist with his finger and said pitifully, “What a delicate little hand, it’s such a waste to use it to wave my fist.” With a wave of the handkerchief in his right hand, a pink aura shot out. The martial arts Grandmaster man suddenly became dazed. Before his eyes lost their luster, he revealed a look of despair.

thirty thousand is the highest price I can offer, ” Yunxiao snorted coldly. if you want to sell it, then sell it. If you don’t, then get out of here!

this is my stall, ” the octopus said angrily. you should be the one to get lost!

“Oh my, what beautiful pearls. Brother octopus, how much is it?”

Suddenly, the voice of the transvestite was heard. He held the martial Grandmaster’s hand and walked over with small steps. He picked up the Pearl from the stall and looked at it carefully for a while.

The octopus monster swallowed a mouthful of saliva. Its stomach churned, and it said in a cold sweat, ” three million mid-grade origin stones.

Aiya, ” the transvestite laughed. look at your eight arms, you look like an honest man. I think you clearly have an eight aperture exquisite heart. Sigh, what a pity, if only it had eight little feet.”

“Blargh!”

At the thought of the eight little feet, Yunxiao could not hold it in any longer. The things in his stomach immediately rushed up, and he vomited in front of the stall.

It was only then that the transvestite gave Yunxiao a look. Suddenly, his eyes were stunned and sparkled, and the spring color on his face grew brighter.

The octopus shivered and quickly snatched the bead back from the transvestite's hand. He said angrily, "if you want to buy, then buy. If you don't want to buy, then quickly get lost!"

Yunxiao patted his chest to calm himself down. His face was a little white as he said, "three million it is then. I'll buy it. Hurry up and give me the pearls! He felt that he couldn't stay a moment longer. He felt like he was going to collapse if he stayed beside this transvestite for another second.

The octopus had the same thought and handed the bead over.

"Pa!"

The transvestite quickly grabbed the octopus's hand and laughed. "I'll buy it for three million too."

The octopus only felt that the other party's hand was not only holding the Pearl, but also touching it all over his hand. Suddenly, goosebumps rose on his body. He hurriedly pulled his hand back and said, "Hurry up and give me the money. I'll call it a day after you give me the money."

He raised the hand that had been touched high up, wishing he could cut off the arm and stretch out the other hand to collect the money.

As if he thought of something, his face changed and he retracted his hand. He pointed to the ground and said, "Just put the money on the ground."

Yunxiao took a step forward and said angrily, "I'll f*ck your octopus head! Isn't there a first come, first served basis?"

The octopus monster glanced at him and pouted. "Here, the bead is with him. If you have the ability, take it yourself."

The transvestite took out a storage bag and poured out three million mid-grade primordial stones, then smiled at Yunxiao and said, "Little brother, don't be anxious. Although this Moon Pearl of the East Sea is precious, as the saying goes, a sword is given to a hero, and pink is given to a beautiful woman. Big brother bought it to give to little brother."

“What? This is the moon Pearl of the East Sea!”

The octopus monster’s expression immediately changed, and its eyes widened in horror!

The moon Pearl of the eastern sea was the most precious treasure of the sea Race. It was a Pearl that could only be condensed when the saintess of the merman race of the eastern sea shed tears. It was said to be the purest thing in the world, able to purify all negative energy, and its value was incalculable.

There was a saying in the world: The moon Pearl in the ocean had tears, the blue field was warm and the Jade gave off smoke.

These were the two purest treasures in the world, the moon Pearl of the East Sea and the Lantian heart-warming Jade. Not only could these two treasures purify all kinds of forces in the world, but they could also resist the invasion of inner demons and prevent all kinds of Qi deviation during cultivation if worn on one’s body. These two treasures were hard to find.

The octopus monster was completely dumbfounded. If it was really the moon Pearl of the East Ocean, it wouldn’t be able to buy it even with 30 billion, let alone 3 million!

“Blargh!”

Yunxiao forced the thing in his stomach down, and his face turned pale. He didn’t expect her to recognize the moon Pearl of the East Sea. He only sensed it because of his divine body. Otherwise, it would be impossible to pick out such a bead from this pile of miscellaneous goods.

The transvestite reached out his hand, and the bead lay in his palm. He handed it to Yunxiao and said, “Little brother, take it. Big brother feels like an old friend at first sight, so I’ll take it as a greeting gift.”

The arm was as green as Jade, like a woman’s arm, and it reached out to Yunxiao.

Yunxiao was taken aback. He hurriedly jumped more than ten meters away and pointed at him from a distance as he said, "You, you can just put the bead on the ground and then move back 100 meters. I'll take it myself."

All of a sudden, a burst of energy burst out. The octopus's aura instantly reached its peak, and it reached out to grab the bead.

The other seven arms didn't rest either, one of them rolling up the stall on the ground. He formed a hand seal with his two arms, and rays of golden light flashed. The other two arms flashed with light and two long swords appeared. The last two arms punched at the transvestite.

After confirming that this Pearl was the moon Pearl of the East Sea, he immediately went back on his word.

To the sea Race, the moon Pearl of the East Sea was not only a treasure that could make their cultivation much more efficient, but it also had an extremely important meaning. No sea Race would sell such a thing.

The transvestite's eyes slanted slightly to the side, staring at the octopus's thing. He sneered, "eight-armed ugly monster, how dare you interrupt my first meeting with my little brother. You deserve to die.

He clenched his outstretched arm and protected the bead in his palm. Then, he threw a punch to the side.

The power of the octopus's punch was instantly broken. He felt the wind from his opponent's punch break through all his power and hit his heart.

"?!"

He sucked in a breath of cold air in great shock. His two swords suddenly slashed down, and the incantation seals formed by his two arms also blasted down. At this moment, his body suddenly expanded to more than double its original size.

His aura spread out across the entire Street. He was actually a peak Martial Emperor!

“Bang!”

The people on the street all looked over in shock, only to see that the octopus monster’s originally fierce expression suddenly became dull, and his eyes suddenly slowly became lax. His body that had just swelled up suddenly became as if it was leaking air, and gradually withered.

The six arms that had been blasted out exploded at this moment, sending out clouds of blood mist.

Everyone’s face paled in shock, only to see the transvestite’s fist already piercing into the octopus’s heart. Blood was constantly dripping from her beautiful jade-like arm.

They couldn’t sense the strength of the transvestite, but the power that had burst out of the octopus had shocked everyone’s soul. It was definitely at the peak of the Martial Emperor realm!

In that case, the existence who could kill a peak Martial Emperor in one move must be furious.

The people in the surroundings were originally here to watch the show or to do their own things, but at this moment, their bodies turned cold and they hurriedly moved away, trying to stay as far away from the renyao as possible.

Yunxiao was also covered in cold sweat as he thought to himself, ‘I’m not going to let you go. Oh no, oh no, this transvestite was actually a martial Supreme of the eight desolation territory, Tao Wu. If only he had bought the bead with three million primordial stones. For the sake of these few primordial stones, not only was the bead in danger, but he might even lose his ass.

He looked at the transvestite licking his lips and felt a chill in his anus.

luckily, I reacted in time. Otherwise, this Pearl would have been stained by the blood of this ugly octopus.

The renyao walked over with a smile and stretched out her hand. The moon Pearl was still shining brightly in her palm. She smiled and said, "Little brother, come and take it."

Chapter 390-Yuwen Xun

"Gulp!"

Yunxiao swallowed and kept stepping back. With a dry throat, he said, "You can put it on the ground."

"Don't be afraid, big brother really wants to drink and chat with you." The transvestite laughed.

Yunxiao wiped his sweat and said, "don't you already have a younger brother? and I'm very busy. Put down the bead. I'll leave after I get it."

"You mean him?"

The transvestite pointed at the martial Grandmaster behind him, who had lost his divine sense, and a look of disgust appeared in his eyes. I don't know this person at all. He's pestering me just because he's pretty. How annoying!

With a gentle wave of his hand, the upper body of the martial arts Grandmaster was instantly blasted apart, leaving only two legs on the ground.

"I hate your sister! I don't want that bead anymore!"

Yunxiao felt a chill in his heart. He turned around and turned into a beam of light, shooting away.

Even if it was a martial honor, he would have the courage to fight. Even if he couldn't win, he wouldn't have to run away. But facing this transvestite, his heart was already cold. How could he still have the courage to fight?

If he were to fight with a normal martial honor, he would at most die. At their level, they had long lost the concept of life and death. However, if he were to fight that transvestite and lose, the consequences

would be unimaginable. It could be seen from the situation of the martial arts Grandmaster earlier that he was better off dead.

“Hehe, little brother, you’re quite stubborn. I like it.”

After flying wildly for a while, Yunxiao heard the voice of the transvestite, and his face turned pale.

Not far away, the transvestite was staring at him with a smile, his eyes full of lust.

“Hmph, since you want to come, I’ll take you to have some fun.”

Yunxiao suppressed the anger in his heart, feeling that it was a great humiliation to be teased by a transvestite. He flew in a direction, but suddenly, a figure flashed beside him. The transvestite’s speed actually surpassed him and intercepted him in the air. He sneered and said, “I know where you’re going. There are indeed a few troublesome guys there. Are you with them?”

Yunxiao was taken aback. The place he was going to was the secret place of the experts of the Empyrean one Pavilion. Ding Ling ‘er asked Zhou Xiang to keep a close eye on Empyrean one Pavilion, and only then did she find out that the Masters who had just entered the light song woodland were hiding in the south of the city. Yunxiao was trying to lure the transvestite over and cause chaos, so that the transvestite would have a conflict with those people from the Empyrean one Pavilion. But, he did not expect that his plan would be seen through.

And this renyao actually knew that there were experts hidden in that place. Who was he?

the gentle song forest doesn’t seem to be very peaceful these days, ” the transvestite said, minding his own business. many experts have appeared one after another. He stared into the distance and revealed a rare serious expression. “Those people should be from Empyrean one Pavilion, right? Are you from the Empyrean one Pavilion?”

it’s good that you know, ” Yunxiao sneered. when my companions come, they’ll definitely tear you to pieces!

A trace of solemnness flashed through the transvestite's eyes, but he still smiled like a flower and said, "Aiya, what a heartless little brother. I just want to give you a Moon Pearl from the East Sea. Many people fight for it but can't get it."

Yunxiao felt a headache coming on as he said, "State your price. Since you know I'm from Empyrean one Pavilion, I'm sure you can afford it. I don't care if you like men, but if you have any ideas about me, I'll make you a real woman!"

The transvestite's eyes were filled with resentment as he said angrily, "If only she was really a woman, then you wouldn't ignore her."

Yunxiao could not hold it in any longer, and he vomited out his bitter water as he said angrily, "Don't think I'm trying to scare you! You've heard of an Alchemist called Feng zijie, haven't you? He's a pervert who specializes in manipulating human organs. Many years ago, he developed a secret technique to turn men into women and women into men. Now, he's in a hidden place in Empyrean one Pavilion. If you anger this young master, I'll make you a real woman!"

The renyao's face went blank and revealed a look of disbelief. A flush of red flashed across his face as he said excitedly, "Isn't mad hero dead? He was still alive? Can you really turn me into a real woman? You're not lying to me?"

This time, it was Yunxiao's turn to be stunned. Looking at the transvestite who was walking up to him excitedly, he was so scared that he kept stepping back, his body covered in cold sweat. "You, what do you mean?"

The transvestite's eyes were filled with ecstasy as he said excitedly, "Women, women! I want to become a woman! I want to become a real woman! If it was Feng zijie, he could definitely do it! Am I right? Please help me, I beg you to help me!"

Yunxiao, 'hehe'.

The renyao stood in the air and trembled with excitement. "I've captured a lot of alchemists and asked them to study the method to turn men into real women. I've tried thousands of times, but none of them succeeded! They were all a bunch of good-for-nothing! Then, I finally gave up and simply turned all

those alchemists into women! However, if it was the legendary crazy refiner, there must be a way! As long as you help me, I can agree to any condition!”

“Gulp!”

Yunxiao swallowed with difficulty, wiped the cold sweat off his forehead, and said in a daze, “So that’s how it is! Well, that crazy Alchemist did have a way. Don’t, don’t come over, step back! If you take one more step, don’t even think about becoming a real woman!”

When the renyao heard that, he stood in the air and did not dare to move. His eyes were filled with apprehension and anticipation.

Yunxiao cursed in his heart and said, “How could there be so many perverts in this world? ‘When I was at the peak of the martial Supreme realm, I should have cleaned up all the perverts in this world. If I had, I wouldn’t have met these perverts now!’

After the excitement, suspicion appeared in the eyes of the transvestite. “How do I know you’re not lying to me? Mad hero really isn’t dead, and can you really persuade him?” His eyes were filled with hostility as he said coldly, “If you lie to me and make my wish come to nothing, I’ll make sure you won’t die!”

Yunxiao shivered in fear when he felt the coldness. The men who fell into your hands, which one of them didn’t wish to die? of course I won’t lie to you, ” he said hurriedly. I’ll tell you. That crazy guy is my master. My name is Gu Yuesheng, and I’m also an Alchemist.

After he finished speaking, he released the soul power in his body and explained some of Feng zijie’s past and present situation.

Of course, he had forced Gu Yuesheng to tell him that in his soul-form in the divine realm tablet.

After the transvestite heard this, he couldn’t suppress his excitement and said with a shiver, “Not bad, not bad! This is really his habit. In order to find him, I’ve studied a lot of information and intelligence. You’re right, it seems that you really are his disciple!”

Yunxiao wiped away his cold sweat. He found that he was drenched all over. Back in Yanwu, he had not been this nervous even when he was facing the old monster, the Martial Emperor constellation. He asked in the air, "Who are you?" Also, why should I help you? what benefits can you give me?"

The transvestite hesitated for a moment. He remembered that his greatest wish was to rely on this person in front of him, so he couldn't be careless. He said honestly, "My name is Yuwen Xun. If you can help me, not only will I give you this Moon Pearl of the eastern sea, but I will also help you do anything within my power. "And, and there's Yingluo." A charming look suddenly appeared on his face, and he smiled. "And when she becomes a real woman, you'll be the first to enjoy her."

"Pfft!"

Yunxiao coughed up a mouthful of blood on the spot. He felt dizzy and almost fell from the sky. He kept his guard up and said, "Hang in there, hang in there, you can't faint in front of this renyao, or the consequences will be unimaginable!"

He forced himself to gather his zhenqi and stabilize himself. His face was pale as he said, "Yuwen Xun? There's a pervert called Yuwen Xiang in the death god Palace, who is he to you?"

Yuwen Xun's expression changed. He gritted his teeth and said angrily, "That man is really my brother! Every time he has a good man, he's always the first to enjoy him, and then give him back after he's no longer needed. I hate him to death!"

As expected!

Yunxiao suddenly understood. 'As expected, it's those perverts from death god Palace!'

Death god Palace was the number one assassination organization in the continent, and their expressions changed upon hearing this. What was even more shocking was that the killers in this organization were all perverts who liked men. Therefore, the martial artists targeted by death god Palace would rather be killed than fall into the hands of these people alive.

then, why did you come to the gentle song forest?" Yunxiao asked. what's the matter?" "Could it be that someone paid to kill him? Who do you want to kill?"

Hmph! Yuwen Xun snorted. a handsome man came to our door with the token of death, saying that he wanted to kill a man named li Yunxiao. Originally, the appearance of the death God's token requires the palace Master to personally complete the task, but my brother, that bad guy, was completely infatuated with that beautiful man and enjoyed it all day and night in the palace, so he sent me out."

Yunxiao's face changed drastically, almost turning pale.

A small part of the reason for his change in expression was that the target of the other party was actually him, but more of it was because he was wailing for the beautiful man who came with the token of death. Although he didn't know who the other party was and why he wanted to kill him, he felt that he had already received the most tragic retribution when he thought about how Yuwen Xiang was using that person day and night.

"What's wrong? You know li Yunxiao?"

Yuwen Xun saw the change in his expression and grew suspicious. I heard that li Yunxiao is also a stunningly beautiful man. I wonder if it's true. He licked his lips and grinned, "I really want to catch it and enjoy it."

After staying in the south of the city for a few days, he naturally knew that the war between the mercenary group and the merchant Union he had heard in the teahouse was all nonsense, so he could not help but feel a little disappointed. He had hoped to meet such an influential and handsome man, so that he could have a goal.

Yunxiao! Yunxiao's eyes widened as he said angrily, "although that li Yunxiao is a peerless beauty, he is also my best friend. Don't even think about it, otherwise, even if I have to die, I will never let my master help you change your gender!"
