

The Eternal 421

Chapter 421-disagreement

Fu Heyi's face flickered with a strong unwillingness, but they would not disobey Li's words. While the rain was wailing in pain, the demon's mind gradually recovered. It looked at Yunxiao coldly and began to drag its huge demon body toward Li Fei.

Under the sound wave barrier of the dynasty Bell, Yunxiao was not affected by the war drum at all. He just watched coldly. Although he had shattered Rain's arm with a single punch, it was still impossible to kill him in the current situation.

Fu did his best to split apart the people from the Emyrean one Pavilion who were attacking him from all directions. He retreated in anger and grabbed Tang Jie, who was watching the battle from a distance, and brought him over.

Wing, on the other hand, instantly trapped Yuwen Xun and took him away with him.

Yuwen Xun's expression changed drastically as he continuously called for help. However, no one paid him any attention. Mu Wu's face was even more relaxed and gloating at his misfortune.

Tang Jie! Qing Luo's expression changed drastically. Tang Jie, stay!

She led the three martial Venerables and was about to charge forward when Li Bing's cold eyes swept across them. He struck the war drum in his hand, and a sound wave attack visible to the naked eye pushed through the air, coming from a distance and hitting the three of them. The three of them trembled, and their qi and blood became chaotic. Sensing the cold and sharp killing intent in the eyes of the demons, they immediately stopped in the air, not daring to take another step forward.

Tang Jie's face turned pale and he leaned slightly towards Li. He would be safer with these demons. If he fell into the hands of the Emyrean one Pavilion, he would be in real trouble. Although the merchant Union was a whole on the surface, its internal struggles were even more intense than those of the external gangs.

"BOOM!"

With Li's final strike, the space around them trembled and curled, and they were about to break through the air.

Li's cold eyes fell on Yunxiao, as if he wanted to see through him completely and engrave it in his bones!

Yunxiao was naturally not afraid of her gaze, but his pupils constricted slightly, as if he had sensed something. Frowning, he said softly, "Don't tell me it's Qianqian?"

All the demons fell silent. Their expressions returned to normal and they gradually disappeared into the distorted space.

The entire sky suddenly quieted down, and everyone fell silent, each with their own thoughts.

Qing Luo's look at Yunxiao had also changed greatly. She nodded and said, "as expected of the cousin of a titled martial sovereign. His strength is far beyond my expectations. Everyone then returned to the warship. Qing Luo asked with a gloomy expression, "Everyone, what should we do now? The strength of these demon clansmen is not strong, but that ninth tier profound armament is hard to match. This time, they have escaped, but the next time, it will be even more difficult to capture Tang Jie."

Everyone's faces were silent. They also had no way. It was a huge loss for him to have underestimated the martial Royal realm experts earlier, which resulted in more than a dozen of them being annihilated in an instant. Later, Li's war drums had sounded, and many people on the battleship had fainted and had yet to wake up.

Everyone looked at each other, unable to make a decision. In the end, all eyes fell on Yunxiao, including those from the temple of Holy Fire and mu Wu, who all looked inquisitive.

we've made such a big commotion," Yunxiao said. I'm afraid we've become the target of public criticism. Tang Jie must continue to pursue them, but don't have any more head-on conflicts with other forces. Try to keep a low profile."

Qing Luo's eyes lit up as she said, "that's right! That's how it should be! Why don't we continue to sneak into the void?"

Yunxiao was a little speechless. Qing Luo's strength was good, but her leadership ability was not as good as Shen Li's. "There's no need. All the martial artists in the entire demon Plains already know of our existence. Let's just move on like this. I'm afraid that we'll lose track of the monster race in the void. Besides, I don't think many people would dare to provoke us."

Qing Luo immediately passed down the order and followed the aura left behind by the demon.

Now, all the martial artists in the demon's land had a grave expression on their faces. The world-destroying might just now had deeply shocked everyone's soul. They did not know what had happened, and they began to gather at the scene of the incident.

"Old monster Kang, the force just now was too terrifying. Wouldn't it be too dangerous for us to go there now?"

Somewhere in the demon Plains, Zou Chen of the Wang Lianjian sect looked in a certain direction and said in surprise, "even martial sovereigns might not have that kind of world-destroying power."

Kang Wu from the Thunder Fire Palace had a gloomy expression on his face. Under the pressure just now, it would be good enough if he could not tremble, let alone fight. However, he still snorted coldly and said, "The might of a martial sovereign is not something you and I can fathom. Don't you think that the more powerful the person is, the more likely Noah's ship will appear?"

"You'll have to be alive to take it," Zou Chen sneered. "The current situation has already exceeded my expectations. I wish you all a good time. I'll go back first."

Kang Wu's body stopped and he stood in the air. He stared at Zou Chen and said, "You're saying that you want to withdraw?"

Zou Chen felt the hostility from the other party, and his face darkened. He snorted, "What's wrong? Don't tell me you're not allowed to?"

The atmosphere between the two of them was a little tense. At this time, the hundreds of martial artists who had come out with them all stopped and began to think seriously.

They were just here to join in the fun. Many people didn't understand what they were going to do, but along the way, they all knew that it was for the legendary Noah's ship. For a while, they all had their own thoughts. They had also sensed the world-destroying power just now, and their faces turned pale.

"It's very simple. Everyone has their own ambitions. Those who want to leave will leave, and those who want to stay will stay."

Another martial honor, who had joined in, stroked his beard and said, "a melon that is forcefully picked is not sweet. Those who are willing to continue walking, stand by Kang Wu's side. Those who wish to return, follow Zou Chen."

After he finished speaking, he took a step and stood behind Kang Wu. He smiled and said, "Since I've already come out, I won't go back until I've made things clear. Even if I really die in this demon land, at least I will die for Noah's ship. It's a worthy death!"

His words immediately attracted many people's approval, but there were also many people who opposed it. Soon, the crowd was divided into two halves, and some were still hesitant.

Zou Chen coldly glanced at the hesitant people, many of whom were martial Kings and martial Lords. He couldn't help but sneer and said, "If we don't catch up now, I'm afraid we won't even have the strength to walk out of the demon land alone. Damn it, why don't you go and look for the heaven and earth Power chart and the ten great martial sovereign titles?"

This immediately woke everyone up. The remaining people's faces all changed, and they all ran behind Zou Chen in shame and anger. There were also some people who had already joined the battle team, running behind Zou Chen.

Kang Wu's expression was dark and unsightly. He was extremely apprehensive about the unknown numbers in front of him. He hoped that more cannon foders would boost his courage, but now, more than half of them had run away.

Zou Chen sneered and gloated, "Kang Wu, I'll take my leave now. I hope you find Noah's ship and dominate the realm of heavenly martial arts. Don't forget me when you do, hahaha!"

“If I can get my hands on Noah’s ship, you’ll be the first one I kill!” Kang Wu said angrily.

“Hmph!”

Zou Chen sneered coldly and didn’t mind. He brought a large group of people and was about to return to the gentle song forest.

Suddenly, an ice-cold voice came from somewhere and echoed in the demon land, ” “Everyone, since you’re here, do something. That Noah’s ship might really appear.”

“Who is it?”

Zou Chen was greatly alarmed and hurriedly looked around.

Kang Wu’s expression changed as well. There were more than a hundred people present, yet they did not realize that someone was hiding in the void. Even if they heard the sound now, they could not pinpoint the person’s position at all. All of them were on high alert.

hehe, everyone’s strength is extraordinary, so there’s no need to be overcautious. We were planning to ask you for a small favor.

On the demon land, five figures suddenly appeared out of nowhere. Their clothes were a little strange, light blue jacket draped over their bodies. None of them knew when the five of them had appeared, and they could not sense their cultivation at all.

“Who are you?”

Zou Chen asked coldly. He became extremely alert. The more mysterious a person was, the more difficult it was to deal with them.

On the other hand, Kang Wu's pupils dilated as if he had recognized the peculiar clothing on the five of them. His expression was as ugly as it could be, and even his breathing became a little rushed. Large beads of cold sweat broke out on his forehead and dripped down.

The other martial honor said in shock, "Kang Wu, you know these five people?"

The five of them looked at Kang Wu with a smile in their eyes and chuckled, "Kang Wu from the Thunderfire Palace?"

Kang Wu wiped the cold sweat off his forehead and smiled naively. With a fawning expression, he said, "I didn't think that the five Lords would also come. If I had known earlier, I wouldn't have come here to embarrass myself. Why don't I just go back with Zou Chen?"

The crowd was stunned. They were all martial honorables and were almost everyone's leaders. Now, they were actually so humble and trying to please the person in front of them. Where was their backbone? they couldn't help but despise him.

Zou Chen and the martial honor expert were shocked. They knew Kang Wu's character very well. He was not a good person. Who were these five people? why did they make him bow down to them?

One of the five people laughed and said, "since you're here, you should make some contributions to the birth of Noah's ship." Originally, we didn't need your help, but that world-destroying power just now was too terrifying. After some discussion, we decided that it would be more appropriate to ask you to help."

Kang Wu laughed awkwardly. what good are we? the adults think too highly of us.

"Don't worry, even a roll of toilet paper or a pair of underwear has their own uses," the man chuckled. Besides, recycling is what we're best at."

When everyone heard this, they were all furious. These five people thought too highly of themselves! Even if they had some impressive background, there were more than a hundred of them here, and there were three martial honors. Their strength was no longer below that of a gang. Did these five people think that they were martial sovereigns? how dare they look down on everyone!

Chapter 422

?

422 The soul Devourer clan

One of the five men took out a black banner and threw it into the air. It spread out in the wind, covering the sky and the sun.

There were many strange symbols printed on the long pan, and in the middle of these symbols, there was a strange and terrifying face sealed. The face was drawn with golden ink, and it was bright and intimidating, giving people a soul-shaking feeling.

“?!”

At this moment, everyone sucked in a breath of cold air and widened their eyes in horror!

Everyone’s hearts sank as soon as the image appeared. They immediately understood the identity of the five people.

In the entire Western Region, and even the realm of heavenly martial arts, there was no one who did not recognize this pattern. It was the soul Devourer clan, one of the seven superpowers!

These five people were actually experts of the soul Devourer clan!

The faces of the hundred or so martial artists all turned pale. All of their previous resentment had been swept away, leaving only endless horror spreading in their hearts, as if the god of death had descended.

The soul Devourer clan was an extremely unique existence among the seven great super forces, and they were also the most mysterious one. They had very little contact with the outside world, and it felt like they had escaped from the world. However, they were powerful and ruled the Western Region together with the myriad Star Valley.

In terms of influence and number of experts, perhaps the myriad Stars Valley had the upper hand. But in terms of terror, the martial artists of the heaven martial arts realm would rather face ten experts from the myriad Stars Valley than touch a single Soul Eater!

This was because the secret technique of this abnormal race was to extract souls!

And the most terrifying thing was that they didn't absorb the souls of the dead, but the souls of the living. Whether it was the souls of demon beasts or humans, they had taken the souls of tens of thousands of people.

Originally, such a vicious and evil sect should have aroused public anger and been destroyed long ago. Furthermore, the sanctuary had indeed launched many attacks on the soul devourers for tens of thousands of years, especially during a large-scale expedition thousands of years ago, where the entire soul devourers were exterminated. Later, an expert of the soul devourers emerged and led the remaining forces in a counterattack, causing a bloody storm on the entire continent.

In particular, the sect of the master of the Holy region at that time had been completely slaughtered and disappeared from the mainland. The soul devourers were now living in the spiritual mountains and rivers of that sect.

It was also after that incident that the soul devourers began to restrain themselves. Even if they were extracting souls, they would do it in moderation to avoid causing excessive rage on the continent. He also became low-key and had very little contact with the outside sects.

“My Lord! We don't have any grudges, so peace is the most important thing!”

Kang Wu looked at the long black silk fluttering in the air in fear. It turned the entire Sky Black and a terrifying aura spread across the ground. Even when he activated his domain, he could not stop the power from seeping in.

As for the other martial artists, all of them were shivering in fear.

Under the name of the soul Devourer clan, they had already become cold before even fighting!

Kang Wu, stop daydreaming. Hurry up and make your move!

Zou Chen was the first to realize what had happened. He roared, "They want to use us to refine living Gu! Everyone, let's attack together. I don't believe that a hundred people can't kill those five bastards!"

A person's potential was endless when they were on the verge of death. With Zou Chen taking the lead, everyone immediately came to their senses. They all took out their weapons and rushed forward with a roar.

Soul Devourer bastard! I'll kill your entire family!

"Even if I die, I'll drag you down with me!"

as long as I'm still breathing, I'll kill my way into your soul Devourer clan and exterminate you all!

Kang Wu's face darkened in anger as well. He soared into the sky and unleashed his domain. Lightning and fire flickered in his hands as he prepared an extremely powerful move. The other martial honor also roared, and a big stick appeared in his hand. Circles of five-colored energy spread out and smashed towards the five people.

Everyone knew that this was a desperate battle. If they couldn't win, what awaited them would be a fate worse than death. Their souls would be extracted alive, and they would never be able to reincarnate!

"Hehe, very good, very good. All of you, get angry."

One of them laughed happily and said, "only an angry soul is the most powerful." Junior martial brothers, get ready. Later, if you're afraid that I can't refine so many fierce souls by myself, you can help me refine them together."

"Yes, senior brother Zhang Shaotian!"

The other four responded, their eyes filled with cruel killing intent, revealing a ferocious look.

“Five-colored cloud stick!”

“Lightning and fire shake the heavenly Tribulation!”

“Wang Lian Sword Art, chop!”

The three martial Venerables attacked first. At this time, no one dared to hold back, and all of them attacked with their strongest attacks. Under the joint efforts of the three people, three overbearing forces directly shot down from the sky, rumbling and shaking away this strange environment.

The rest of the hundred people were all inspired by the shock of these three forces. They roared and rushed forward. For a moment, the light was bright and the power was everywhere.

Zhang shaotian’s eyes were filled with excitement as he laughed, ” “Haha, that’s right, this is the attitude I want!”

He formed an incantation gesture with one hand, and his aura became stronger. It was as if he had sensed the black Banner in the Sky, and a power spread in this strange environment, causing negative effects on all the cultivators. It made everyone feel extremely depressed, as if they were in a steamer.

The four junior brothers of the soul Devourer clan behind him flew up one by one and swept toward the Warriors, their faces full of ridicule.

Zhang shaotian’s other hand made a gesture in the air and an arc of light flashed through the air. It moved according to his thoughts as he softly said,“Freeze!”

The three powerful attacks became slow, and zou Chen and the other two’s bodies became sluggish. They were actually locked by the strange power and couldn’t move.

“?! What’s going on?”

Zou Chen's face turned pale with fright. He saw three green beams of light slowly falling from the sky, enveloping the three of them. The feeling was very strange, and he felt his head start to feel dizzy.

At this time, the three people's attacks also fell. A sharp light flashed in Zhang shaotian's eyes. His hands were in a strange color and he couldn't fight back. He roared with a ferocious face and a strong defense appeared around him.

This was the greatest flaw of the soul Devourer race's Secret technique. When extracting a living soul, one had to be fully focused and unable to split their attention to fight the enemy.

"BOOM!"

The attacks of the three martial Venerables directly hit his defense, shaking out a powerful light. Zhang shaotian's eyes were cold and he stood there motionless. The three of them attacked with all their might, but they still couldn't break through his defense!

"Hmph, a low-level martial honor is only at this level!"

He snorted contemptuously and his eyes turned cold. His hands began to form a spell and he chanted, "Twining silk soul thread, draw!"

Zou Chen and the other two were shocked and a sense of loss welled up in their hearts. It was as if something was starting to leave them, but they couldn't catch it no matter how hard they tried. Their consciousness also disappeared with it.

"No!"

All of a sudden, zou Chen bit the tip of his tongue. His eyes turned red, and he used the last bit of his strength to roar, "Even if I have to die, I won't let you have your way!"

His sea of consciousness instantly regained its clarity, and his entire body suddenly swelled up. Vital Qi gushed out from his dantian like an ocean, filling his entire body. He was actually going to self-destruct!

“You piece of trash!” Zhang shaotian was shocked and angrily said, “since I’ve captured you, you have to accept your fate!” Qi of the living soul, suppress!”

The light beam that trapped zou Chen suddenly became twice as big and its color became brighter.

“Haha, it’s useless! Even if a martial sovereign were to come, he would not be able to stop me from self-destructing! Bastards of the soul Devourer clan, I’ll definitely kill you all in my next life!”

Zou Chen roared in despair. His body emitted a strong light and suddenly exploded.

“BOOM!”

A huge explosion sounded in the air, and the green light pillar faded and disappeared. Zhang shaotian’s eyes were full of haze as he gritted his teeth in hatred! Originally, zou Chen’s soul was the strongest out of the three. Now that it was lost, it made his heart ache.

On the other hand, Kang Wu and the other martial honor did not have the slightest strength to resist. Their eyes gradually became unfocused, and their souls were being stripped away bit by bit, being absorbed into the strange face in the sky.

At this moment, the four Soul Devourer clan disciples appeared in the sky like ghosts. They appeared in four different directions and each of them performed an incantation gesture with cold expressions. A huge rune quickly appeared between the four of them and slowly pressed down.

The hundreds of cultivators below were all shocked. Zou Chen’s self-destruction had caused their mood to sink to the bottom, but they were not willing to give up and surrender. One after another, they rushed into the sky and charged towards the base of the square formation.

Although the four disciples had a proud expression on their faces, they were still terrified when they saw hundreds of people charging at them. They hurriedly poured all their power into the formation. As long as they maintained the power of the runes, it would be enough to suppress everyone.

This talisman was also extracted from the soul devouring banner and not by the four of them. If they just maintained it, even a low-level martial honor would find it difficult to break it!

not good, they're going to self-destruct their profound armaments!

A few peak martial emperors had exploded the profound level weapons that they had refined with their minds in their despair. The power produced was not weaker than a martial Honor's attack, and it shook the runes in the center.

This gave everyone hope, and they all followed suit. Although profound level weapons were important, how could they be more important than one's life? For a moment, it was all the self-destruction of profound level weapons. An astonishing power rushed up from below, and the barrier set up by the four people began to collapse.

eldest senior brother, it's not good. The barrier is about to collapse!

One of the junior brothers was panicking. Although he was also a one-star martial Supreme, the hundreds of martial artists who were fighting with their lives on the line and the ruthlessness of the self-destruction of their profound level weapons made him suck in a breath of cold air. He felt satisfied.

"Trash! You four revered martial artists can suppress them even without the barrier!"

Zhang shaotian was furious. His four junior brothers were all elite disciples of the sect. The soul Devourer race rarely went out, and this was their first time going out. They basically had no actual combat experience. When they saw the other party's ruthlessness, they felt guilty.

When the four junior brothers heard this, they calmed down. The power of the domain in their bodies spread out in the soul-devouring banner, overlapping layer by layer. As expected, the group of martial artists was suppressed again.

Chapter 423

?

423 Crazy rat

This time, the four of them became even more arrogant. Each of them looked at the struggling martial artists and laughed cruelly.

This was the first time they had fought against cultivators from outside the sect, so the pleasure of suppressing the other party in their domain was extremely pleasant. Especially those people's angry and ferocious faces, as well as their desperate and angry roars, were the same as the monster beasts they had extracted before, giving them a great sense of stimulation.

The soul Devourer clan's cultivation method had long made these people extremely cold-blooded and selfish.

Soon, Zhang shaotian extracted the two's souls and absorbed them into the soul devouring banner. The two empty corpses fell from the sky.

A Junior Brother looked at the hundreds of martial artists and sneered, " "Stop shouting, it's your turn. It's an honor for you to be able to refine eldest senior brother's soul devouring banner with your weak cultivation base. It's something worth showing off in your next life."

Zhang shaotian looked at everyone coldly, as if he was looking at livestock. He said, " we've lost a martial Supreme. It's not enough to make up for it with all of you!

He cast an incantation seal, and the strange face in the sky began to come to life. Like a wisp of faint green smoke, it slowly descended from the sky, opened its big mouth, and actually went to eat the group of martial artists.

"?!"

All the martial artists were scared out of their wits. They had never even heard of such a situation, let alone seen it!

However, under the domain of the four martial Venerables, and with all his profound level weapons gone, he could not exert any strength. They could only watch helplessly as their companions were devoured one by one, and the end result was that they didn't even have a corpse!

“Hahaha!”

The air was filled with the cheerful laughter of his four junior brothers, and their laughter was creepy!

Amidst the screams and curses, the hundreds of cultivators were swallowed by the strange face without any resistance, not even a bone being spat out. The five soul devourers seemed to be used to such a scene. None of them were moved, all of them sneering coldly.

After the face devoured everyone, it began to twist as if it was full. It kept changing its shape, which was extremely strange.

The four junior brothers all looked at the changes in the face in the sky with indescribable complicated expressions.

Finally, after the face transformation was completed, the entire night shrank back into the long banner and returned to Zhang shaotian’s hand.

Looking at the long banner, Zhang shaotian’s eyes were filled with excitement. The changes to the banner were beyond his expectations.

“Congratulations, eldest senior brother, for absorbing so many martial artists at once, including two martial honors. I’m afraid this soul devouring banner isn’t far from the ninth rank.”

One of the junior brothers said, his eyes filled with envy.

“Hmph, there’s no need to flatter me.”

Although Zhang shaotian’s face was full of pride, his heart was still happy. He snorted, “There are still many experts in this demon Plains. You can also take some of the living souls to refine your own soul devouring banner.”

Another Junior Brother chuckled, " it's better to follow eldest senior brother out. Staying in the sect all day long. Those demonic beasts are almost all killed. It's not as good as the outside, where I can use the soul Fragments as soon as I come out."

"That's right!"

Zhang shaotian smugly laughed."Even if I find news of Noah's ship, I still have to refine my soul-devouring banner to Grade 9 before going back."

That Junior Brother was also extremely excited and offered a suggestion, " "There's a place called the gentle song forest nearby. The most evil scoundrels in the world gather there, all of them killing without blinking. After we complete the sect's mission, why don't we go there?"

"Oh? There's such a place?"

Zhang shaotian's face was solemn as he said, " alright. As one of the seven superpowers, the soul Devourer clan has the duty to punish evil!

The five of them were full of righteousness, wishing they could go to the gentle song forest right now.

"With this soul devouring flag, although it's not enough to deal with the world-destroying divine might just now, at least it has a few more guarantees. Let's hurry over now. The marks we placed on those people seem to have found their location."

Just as the five soul devourers were about to fly into the distance, all sorts of noises suddenly came from beneath their feet. They were the five elements spirit devouring rats, and they began to emerge from the ground in a dense pack.

"What's going on?"

A Junior Brother revealed a look of disgust on his face and stomped down with one foot. With a " boom ", a wave of pressure spread out under his foot, instantly killing a large number of people. "A bunch of disgusting things!" He snorted in disgust.

“Senior brother, look, what’s going on? There are more and more?”

Another Junior Brother looked in shock at the five Element spirit devouring rats that kept drilling out of the ground. They charged at them while chirping mindlessly, and he felt his scalp go numb.

Zhang shaotian also didn’t know what to do. Although he wasn’t afraid of these rats, they were really disgusting and gave him goosebumps.

God knows what these rats are doing. Ignore these dregs!

He immediately flew up into the air and was about to fly into the distance. But suddenly, a junior martial brother cried out in shock, ” “Heavens, it actually flew up!”

Four tiny wings of light appeared on the back of the five elements spirit devouring rats, and they rose into the air one by one. Soon, a large number of rats flew into the air, densely packed and overlapping, causing the five people’s pores to open and their bodies to go numb.

“This rat can fly?”

Zhang shaotian’s mind went blank, but he quickly realized the seriousness of the matter and said angrily, ” “Hurry up and open up a path!”

He first released his martial venerable domain, and all the rats were immediately suppressed in the air, squeaking and screaming. Then, he punched out, and a black light opened a path, turning a large number of spiritual rats into dust.

The five of them turned into five beams of light and instantly broke through the encirclement of these spiritual rats, heading into the distance.

However, they didn’t relax for long. What made their hair stand on end was that on the ground of the demon land, a large number of spirit rats kept emerging. All of them flapped their four light wings and flew into the sky, chasing after them. Although their speed was not fast, more and more of them

gathered together, forming a wall of spirit rats like a wave, pressing down on them with an overwhelming force.

“?! What’s going on?”

The five of them were all dumbfounded. They trembled in fear and hurriedly flew forward.

At that moment, not only the five members of the soul Devourer clan, but all the other forces in the demon land were attacked by the five elements spirit devouring rats. Wherever humans appeared, spirit rats would appear and attack.

Outside the netherworld battleship of Empyrean one Pavilion, there were also layers of spirit rats. Although there was a powerful barrier protecting the battleship, everyone was still shocked by the terrifying scene and their faces turned pale.

“What happened? These rats seem to have gone crazy!”

Qing Luo looked outside the barrier and saw the five elements spirit devouring rats gnawing at the barrier in a ferocious manner. She couldn’t help but feel a chill in her heart. Most of the people on the warship were women, and they had a natural disgust and resistance to such things, not to mention that the entire warship was densely wrapped. As long as they opened their eyes, they would see fierce rats biting and tearing at them, and many female disciples covered their mouths in disgust.

Shen Li also felt more and more disgusted, and she said with sweat all over her body, “Lady Qing Luo, do we have enough primordial stones on the warship? If this barrier can’t hold on to bi an ...”

Qing Luo shuddered. Although she wasn’t afraid of these things, they were so numerous that they surrounded the entire battleship. She quickly sent someone down to check the remaining vitality stones and said to Shen Li, “Go and find li Yunxiao. He might have a way.

Shen Li turned around and was about to leave when she saw Yunxiao and mu Wu standing on the deck, looking at the spirit rats around them with solemn expressions.

“How’s it going?” she asked hurriedly, feeling happy.

Yunxiao frowned, shook his head, and said, “That seal is very strange. I can’t see any clues. If I had the Emperor Qi of the nine Heavens, I could still suppress the seal by force. But now, I can’t do anything about it. It seems that I have to find that great demon named ‘li’.”

He was talking about the seal on mu Wu’s body. Two hours were about to pass, and mu Wu’s face was filled with bitterness. She was about to return to her powerless state.

Qing Luo’s expression turned gloomy as well. The current situation was becoming more and more complicated. One more martial honor would mean many more opportunities. She had seen mu Wu’s power before. If she could break the seal, he would undoubtedly be a great help.

“Do you know what’s going on with these spirit rats?” Qing Luo looked at Yunxiao and asked. For some reason, she had a feeling that Yunxiao had an idea, and she trusted him very much.

Yunxiao stared at it for a while, then frowned and said, “It seems that their divine senses are very clear, as if we killed their entire family. Their eyes are full of hatred and madness, and they want to tear us to pieces. We’re in trouble now. On this demon land, the most terrifying things aren’t the eighth-grade nine-winged bird spirit snake or the soul-breaking type spinal bone, but these rats!”

Seeing that he had no idea, Qing Luo grew anxious and said, “Then what should we do now?”

let’s rush over first,” Yunxiao said. we don’t know how many spirit rats there are, and the worst thing is that we don’t know the source of their madness. If it’s only the sky, we’ll be safe if we rush over.”

“That’s right!”

Qing Luo’s eyes lit up in agreement. She ordered, “Shen Li, pass down my order immediately. Use the netherworld attack and kill a way out!”

A female disciple ran up in a hurry and said in a panic, “Lady Qing Luo, bad news! I’m afraid the remaining primordial stones will only be enough to maintain this barrier for an hour!”

“What?”

Everyone’s face changed, and they all turned pale. Qing Luo cursed, “ how can you not bring enough primordial stones for such an important mission?! As the warship’s supervisor, you deserve to die!”

The female disciple’s face turned pale. She gritted her teeth and said, “ “Lady Qing Luo, the warship’s vitality stones are more than half of what they usually have. It’s just that it took a lot of energy to travel through the void, and the attacks of these spirit rats are all-pervasive, so the barrier is also greatly damaged.”

Qing Luo was infuriated. She wanted nothing more than to slap this disciple to death.

wait! Yunxiao stopped him and asked, “ how long can it last if I use the netherworld strike to open a path again? ”

Chapter 424-not optimistic

The female disciple’s eyes flickered with grievance as she looked at Yunxiao gratefully and said, “ Lord cloudsky, if you unleash the netherworld attack, I’m afraid the time the barrier is maintained will be halved!

Yunxiao also had a headache. “Collect all the vitality stones on the battleship. Also, take out your vitality stones. This rat tide can’t go on forever. There must be some key factor that we don’t know about.”

“Yes, yes, that’s exactly the case!”

“Everyone, take out all your primordial stones. It should be enough!” Qing Luo said hurriedly. She took out a storage bag first. There were more than thirty million mid-grade primordial stones inside.

mu Wu! Yunxiao turned around and said. mu Wu!

Mu Wuxin's heart stirred. Looking into Yunxiao's eyes, he nodded and said with a wry smile, "I understand." He floated up and rushed out of the warship.

"What does he want to do?" Everyone was shocked.

Mu Wu rushed out of the barrier and a layer of defense spread out around her body, blocking the spirit rat's bite. Then, with a loud roar, a bright light gathered on her body and condensed into a flashing fist light, which she threw forward fiercely.

The white light streaked across the sky, and a large number of the spiritual rats were killed or injured. A straight path was opened up. At the same time, the power of the realm spread out, sweeping the rats in all directions like a broom. The force that the barrier of the battleship bore was instantly reduced.

After mu Wu was done, he turned around and returned to the battleship. His face was slightly white, and he laughed while panting, "I'll probably lose my power in the time it takes to brew a cup of tea. While I'm still strong, I'll open a path for everyone and reduce the damage to the barrier."

Qing Luo's eyes lit up. that's right, " she praised. as long as we keep sending experts out to clear the rats, this barrier will definitely be able to last for a long time. Her eyes began to sweep across the people of the temple of Holy Fire, her intentions clear.

The expressions of everyone in the hall of Holy Fire changed slightly, and they all snorted softly, clearly unconvinced.

Qing Luo also snorted heavily and said, "If you guys don't do this kind of task, do you want us women to do it? Don't forget that this Starship belongs to our Tianyi Chamber of Commerce. If you don't obey, please leave!"

Ye Fan extended his hand to stop Feng Zhu, who was about to burst out in anger. He smiled at Qing Luo and said, " lady Qing Luo is right. Such a disgusting thing should be done by us men.

Yunxiao looked at Ye Fan with a hint of approval in his eyes. Now was the time for them to work together and not fight among themselves. He looked worriedly at the group of spirit rats outside. They were so overwhelming that he couldn't see the end. Even with his mental strength, he was a little numb.

The battleship accelerated to its maximum speed and shuttled through the rat group until it was surrounded by the rats again. At this moment, mu Wu's power had already been sealed, so Qi Guang rushed out to open a path.

Yunxiao returned to the cultivation room and began to meditate to check the divine realm tablet in his dantian.

After crushing the opponent's profound level weapon, the divine realm tablet seemed to have suffered a great deal of damage. It had been floating above his dantian in a dead silence. When his soul-form was in the world inside the stele, he also felt that the natural energy had become very thin, as if the collision with the armillary sphere had almost exhausted its strength.

"Young master Yun, what's going on?"

Suddenly, Duan Yue appeared beside him and said in a muffled voice, "This profound level weapon of yours seems to have met its match and has been beaten. Almost all of my spiritual energy was sucked out by the previous attack."

Yunxiao looked around worriedly, then performed an incantation gesture with one hand. Two streams of power of different colors, one red and one yellow, surged up from the ground and hovered around the two of them. It was the power of territory.

this is it?" Duan Yue said in shock, "this is all the power of the territory can do?" You've met a martial Supreme?"

no! Yunxiao shook his head bitterly and said, "it's a Supreme-grade Mystic artifact!

Duan Yue's shocked face turned extremely exaggerated as he opened his mouth and said in horror, "Noah's ship? It really appeared? And you even managed to match it?"

Vexed, Yunxiao briefly explained the situation. Looking at the faint spirit Qi in the divine realm tablet, which gave him a lifeless feeling, he said angrily, "It wasn't easy for me to get a little bit of life, but I was beaten up like this!"

“Gulp!”

Duan Yue swallowed and said with difficulty, “ you’re still not satisfied. You’ve shattered other people’s transcendent grade profound level weapons, this bi an! He found it hard to imagine and wailed, “ Oh my God, a Supreme grade profound level weapon can be broken? ”

Yunxiao, however, was not in the mood to listen to him. He frowned and said, “ looks like I’ll have to return to Yanwu, or go to the nearest myriad Stars Valley and soul Devourer race to find their spiritual spring to nourish myself.

Duan Yue shuddered and said in horror, “ myriad Stars Valley, bi an of the soul Devourer clan, young master Yun, let’s go back to Yanwu!

Yunxiao’s figure flickered and disappeared into the divine realm tablet. Thinking of the Golden tadpole-like characters on the armillary sphere, he began to ponder.

Those words were obviously the same style as the great realm divine technique. When Shang saw the great realm divine technique, he was so excited that he must have known something. He had also forcefully memorized a lot of it, but it was difficult to understand the profoundness within.

His heart skipped a beat, and he began to categorize the words in his mind. He had seen this language five times so far. The first time was the great expansion divine technique, the second time was in the tiandang mountains, the third time was the great realm divine technique, the fourth time was in Mount Meru, and the fifth time was the Grand microscopic armillary sphere.

These places and things were all extremely profound and difficult to understand. Up until now, he had only been able to truly grasp and understand the meaning of only seven characters, and each of them contained Supreme rule power and infinite power.

However, there were three hundred and sixty-six of them in his mind. If he could understand all of them, he would be able to understand them.

Yunxiao suddenly felt a terrible feeling spread through his body. As if he had understood something, his eyes flickered.

.....

At this moment, somewhere in the demon land, spiritual energy filled the air. A dense mist slowly rose up, and the spiritual energy turned into a mist that enveloped the entire place. It was like a Fairyland.

A ray of green light fell from the sky and shot into the fog, shaking away the surrounding spiritual Qi, revealing the figure inside the green light. It was Xiao Qing, with a pale face, and the light on its body seemed to disappear at any time.

He gently sat in the spirit Qi liquid, formed a seal with his hands, and began to regulate his breathing.

Circles of light floated around his body and began to merge with the surroundings.

Suddenly, a soft voice could be heard, "Little Qing, you're injured?"

In front of Qing Zhu, a huge rat's shadow appeared faintly. It was the Emperor of all the five elements spirit devouring rats in the demon land!

Qing snapped out of its daze and tiredly opened its eyes. "Rat King, I need your help."

The rat Emperor's figure gradually became more solid, and he said, "To help you take revenge?"

Qing nodded slightly and said, "among the Warriors who came to the demon plain this time, the demon clan is a great threat to me." Furthermore, their target is my main body-the eternal evergreen tree. I'm sure you know the implications of this!"

The rat Emperor's deep voice was heard, "of course I know. If it wasn't for the nourishment of your body, this demon land would not have become a paradise for my children.

we should be interdependent, " little Qing Xu said. if your race hadn't been absorbing the spiritual Qi from my body for billions of years, my body would have evolved to the extreme and been destroyed by the laws of heaven and earth. After all, I can't use the Phoenix Fire to endlessly reincarnate like Lil Wu. It's precisely because you've been constantly devouring and absorbing that my main body has always been in a state of balance, and I've been able to take form in the past few thousand years."

He looked at the rat Emperor and said,"the danger of either side is fatal to the other." But now that I've taken on a human form, I've gradually broken away from my reliance on my main body, while you can't. But I don't want my original body to be used by others, you should understand."

"I understand," the rat Emperor said in a deep voice. It's not just your enemies. It seems that there are also enemies who have infiltrated our clan. Since I've been paying attention to the experts who entered the demon land this time, I've neglected to contact my subordinates. Of the five elemental rat kings, only the Water-type Rat King is still alive. The rest have disappeared for no reason."

Qing's pupils shrank, but it soon regained its calm and laughed, " "There really is someone who doesn't know what's good for them. The five elements spirit devouring rat clan has existed for countless years in the demon Plains, and someone actually dares to provoke them. Rat Emperor, you haven't shown your power for a long time. Everyone thinks you're a sick cat, Haha, haha!"

The rat Emperor's aura gradually turned cold. He snorted and said, " these damn humans. Every time they cross the demon land, they kill many of my children. I turn a blind eye to it. As long as they don't go too far, I'll let them do what they want. I didn't expect that since he had his eyes on me, the five-element Rat King, he might still be targeting me in the end. It seems like it's time to teach these humans a lesson!"

Qing Zhu nodded. Suddenly, its face turned serious as it asked,"By the way, how's the progress of breaking the seal?"

The rat Emperor fell silent and sighed,"I've sacrificed countless children, but I still can't find the key." I really wonder what kind of heaven-defying existence the person who set up this seal was."

Hmph, how heaven-defying can it be? in this realm, there are only those at the peak of the nine Heavens.

Qing snorted coldly, "I've seen those godly state experts before. However, for the past tens of thousands of years, that person was indeed a top expert." The thing he sealed under my main body is at least a pseudo-divine artifact!"

The rat Emperor pondered and said, "could the influx of a large number of Warriors into the demon land be related to the pseudo-divine artifact? Perhaps we've been constantly breaking the seal for thousands of years, so the power that's leaking out has been detected by someone?"

Qing sighed, "rat Emperor, do you really think we can break the seal?" This overflow of power should have been deliberately set by that person. We also relied on the influence of this power to open up your spiritual intelligence and I was able to transform. I'm afraid that the situation today was already set up by that person several thousand years ago."

Chapter 425

?

425 Comprehending the heaven and earth

"What!"

The rat Emperor was shocked and couldn't believe what little green had just said. Its body moved restlessly, as if it couldn't believe little Green's judgment.

Qing Zhu sighed helplessly, "Divine items have their own owners. We've gained so many years of benefits in vain, and it's already worth it. Don't ever covet things that aren't our power, or even you and I will inevitably end up dead."

The rat Emperor was silent, and the atmosphere became quiet.

"I know you're unwilling to accept this, but I'm the same. However, we haven't been able to obtain it for so many years. Do you think this thing will belong to you and me?" "By the way, how's young Emperor hao lian?" he asked after a pause.

I've already led him to the direction of the water Moon, " the rat Emperor said. as long as he has enough comprehension, he should be able to break through to the nine heavenly Emperor realm.

Qing's eyes were filled with joy,"We have to make sure he breaks through to the nine Heavens realm. At that time, he will be able to condense his nomological rules in the water Moon and gather Emperor Qi, which will be of great benefit to you and me! As for the chirps following behind him, you'll have to help him deal with them so they won't affect his breakthrough to great emperor."

The rat Emperor snorted coldly and said,"Hmph. One of them was a peak martial honor. How many of my children would I have to lose to kill them? Let's just let young Emperor haolian take care of a few of them first!"

Xiao Qing's brow furrowed as if it wanted to say something, but it held back and closed its eyes to continue recuperating.

The rat Emperor's figure moved a few times and gradually disappeared in the fog of spiritual Qi.

.....

Somewhere in the demon land, a burly man with long hair draped over his shoulders was taking a stroll in the courtyard. He walked forward leisurely as if he was taking a stroll after a meal, and he had a quiet smile on his face. After every step, he didn't hurt a single flower or grass. Instead, there was an aura of life spreading under his feet.

The man's pace was extremely slow, but his speed was extremely fast. With a single step, it was as if he had stepped out of a space, and he kept flashing across the demon land.

The spirit Qi in front of him was getting denser and denser, and it was gradually becoming a little blurry.

The man suddenly stopped in his tracks. His gaze fell on a pink flower in the wild grass. He revealed a curious expression and took a few steps forward to squat down and look at it quietly.

It was the most ordinary pink wildflower the size of a thumb. It was pretty but simple and unadorned. It was uncountable in the entire demon land, but the man seemed to be very interested in it. A knowing smile appeared on his face, and he was a little dazed.

An unknown little bug was slowly crawling in the center of the flower, as if it was eating the pollen. It spread its tiny wings and flew up gently.

“What is this kid doing? Why don’t we make a move now?”

There were three martial artists hiding somewhere in the air. They were all holding their breath and concentrating, as if they had become one with the surrounding environment, making it difficult to detect them. One of the yellow-robed men had an ice-cold expression that was filled with killing intent. He used his spiritual sense to communicate with the other two.

The other two people also had a serious expression on their faces. They stared unblinkingly at the man who was admiring the flowers, their eyes full of hostility.

The three of them were the higher-ups of the rainstorm mercenary group. They were the nine-star martial Supreme, Chen chuanjiu, and the other two deputy leaders, the eight-star Zheng Yunfeng and Ouyang Qi. At this moment, they had concealed all of their auras and could only use their divine sense to communicate at close range.

Ouyang Qi was the first to be unable to take it. He started to ask the two of them if they wanted to make a move.

Chen chuanjiu shook his head slightly and replied, “ that kid’s entire body is now filled with rule force, and every move is in line with the heavenly Dao. If we attack rashly now, we might end up like Wang Jing and be easily killed by him!

At the mention of Wang Jing, a look of fear flashed in the eyes of the two men, but it quickly turned into a strong resentment.

Zheng Yunfeng's face was livid as he transmitted his voice, " "Are we just going to let him go like this? Wouldn't that mean that I'll have to condense the rules step by step and finally become a martial Supreme?"

Chen chuanjiu snorted coldly through voice transmission, 'do you think that becoming a martial Supreme is like eating, that you can finish it in one bite? 'Hmph, a martial sovereign is so powerful that he can use the laws of heaven and earth for his own use. He can use the laws of heaven and earth with just a raise of his hand! Other than a strong accumulation, comprehension was even more important. In terms of cultivation accumulation, I'm stronger than shaohuang hao lian and Shen Feng, but I've always been suppressed by the two of them because my comprehension of the laws is lagging behind!"

His face was extremely cold and unsightly, and his eyes were filled with unwillingness. He transmitted his voice sourly, " the nine Heavens realm is the biggest hurdle in a martial artist's life. I might be stuck outside forever. "So, no one can dream of stepping into the nine Heavens realm in this light song woodland!" His eyes flickered with a sharp light.

The ruthless aura on his body dispersed, and he instantly came back to his senses. He hurriedly adjusted his emotions and concealed his aura, continuing to observe young Emperor hao lian.

Young Emperor hao lian seemed to have fallen into a strange state and did not notice it at all. He only shifted his gaze from the flower to the flying insect and then slowly shifted it.

He gently stretched out his finger, and the bug actually fell down and nibbled on his finger. As if it realized that the finger was not delicious, it flapped its wings a few more times and flew into the grassland, disappearing without a trace.

Young Emperor hao lian fell into deep thought. He seemed to have turned into stone. Then, he raised his right hand and lightly knocked on his head a few times before continuing to walk forward.

The scenery in front of him was exactly the same, and there was nothing new about it. However, his face was filled with amazement, as if he had seen something extraordinary and fascinating.

"Is he really comprehending the world? Why do I feel like you're being silly?"

Ouyang Qi couldn't help but send a message to the other two with a strange expression.

Chen chuanjiu frowned and replied telepathically, "I don't know. However, this fellow's level of comprehension is higher than mine. Who knows what he's up to!" &Nbsp; His eyes suddenly focused as he looked ahead in surprise.

Ouyang Qi and Zheng Yunfeng also looked over.

He saw a small snake slithering on the grass in front of young Emperor hao lian. It kept flicking its tongue as if it was looking for food, and its sharp eyes looked around.

This was a very common demonic snake in the demon land. It was ranked third like the five elements spirit-devouring rat, but it lived by eating spirit rats, and there were quite a few of them in the demon land.

In the eyes of martial honorables like them, such an ordinary snake was an existence that could kill tens of millions of people in a matter of minutes. Young Emperor hao lian ignored him and walked forward.

The most shocking thing was that the demon snake didn't seem to notice his existence, and continued to search for its target.

Very quickly, a scene that left Chen chuanjiu and the other two dumbfounded appeared. The demonic beast met shaohuang hao lian directly. It did not avoid him, nor did it give way. Instead, it slithered up his feet, climbed onto his body, and then slowly came down from shaohuang hao lian's back.

That sharp, predatory gaze did not change in the slightest, still sharply searching for food, as if what he had just encountered was not a person, but just a stone.

As for young Emperor hao lian, he kept walking forward and didn't even look at the demon snake.

"Gulp!"

Chen chuanjiu's expression was extremely ugly. He swallowed his saliva to moisten his dry throat.

Although he had never personally comprehended this realm, he was experienced and knowledgeable after all. He naturally knew that shaohuang hao lian had truly integrated into the laws of heaven and earth just now. Where the Dao was, the body could become all things. That was why the demon snake could sense the person in front of it.

Perhaps it had seen this person but did not treat him as a warrior. Instead, it thought that he was a part of nature, a part of the laws of heaven and earth. This was how it should be, so it did not feel that anything was wrong and directly moved over his body.

Chen chuanjiu and the other two were dumbfounded. They were drenched in cold sweat. They felt that this scene was too strange.

"Swish!"

The demonic snake suddenly slithered and turned into a green light on the grass. It bit down on a five elements spirit devouring rat that had just emerged from the grass as fast as lightning. Its cruel eyes carried a sinister smile as it bit down on it tightly.

The five elements spirit devouring mouse kept on screeching, but no matter how it struggled, it was unable to escape the snake's mouth.

Although the two were both third tier existences, their natural nemesis made the five elements spirit devouring mouse completely defenseless against this demonic snake.

Upon hearing the scream, haolian shaohuang finally stopped. He frowned and turned around. The strange aura on his body instantly dissipated.

Chen chuanjiu's heart jolted and he immediately rushed out from his hiding place. His eyes glowed with a cold light and he roared, "Now!"

He opened his hands, and like an eagle soaring through the sky, two black and white rays of light melded together and spun continuously, forming a strange cloud pattern in the sky and falling toward shaohuang hao lian.

“Tai Chi rotation, Yin Yang Emperor fist!”

Chen chuanjiu’s face was filled with ruthlessness. Earlier, the demonic snake had swallowed the rat and forced hao lian shaohuang out of his mysterious state. Now that his rule force had disappeared, it was the best time to strike!

He had been tracking him from the demon Plains for so long and had even lost a martial honor. He had waited for this perfect moment. He used his strongest move and would not give his opponent a chance to catch his breath.

The other two also made their moves. They could feel how terrifying hao lian shaohuang was, so they poured 100% of their power into their profound level weapons and roared as they attacked.

“Purple Frost Gu!”

“Phantom Slash!”

There was no expression on young Emperor hao lian’s face. It was as if he was completely unconcerned about the three powerful attacks. His eyes were still watching the demonic snake bite the spirit rat and swallow it bit by bit. A trace of pity appeared in his eyes.

He was a decisive person, not a soft-hearted person. However, at this moment, he truly felt pity for her. The first thing he thought of was not his an Wei, but the fact that the demonic snake and the spirit rat would lose their lives under these three overbearing attacks.

He sighed and walked towards the demonic snake. No matter how agile and light the demonic snake was, he easily caught it in his hand. He patted its head and spat out the spirit mouse that he had swallowed.

Chapter 426

?

426 Pillheart battle armor

Young Emperor haolian smiled. Then, with the spirit rat in one hand and the demon snake in the other, he tucked them into his arms and bowed slightly to prevent them from getting hurt.

Layers of faint green light emerged from haolian shaohuang's body. A green armor appeared a few meters away from him, protecting him.

Chen chuanjiu's pupils shrank and his face revealed a ferocious expression. He mocked, "The pillheart armor is indeed with you. You actually gave it up to save two pieces of trash. Haha, I think you've become stupid after comprehending the heaven and earth. Die!"

The three attacks streaked across the sky with unstoppable momentum!

"BOOM!"

Shaohuang haolian's body was completely submerged in the light. His green armor was pierced through in an instant, and he was completely blasted into the ground. A large patch of grassland was lifted up and spread out in a circle. The energy impact was extremely high.

The three members of the storm mercenary group stood in the sky vigilantly, their expressions grave. "Is He Dead?" Zheng Yunfeng asked in a deep voice. I can't even detect a trace of his aura."

Ouyang Qi's eyes were filled with excitement as he said,"He might really be dead! After all, if the three of us attack him together, even a real martial Supreme won't be able to take it!"

Zheng Yunfeng frowned and asked suspiciously, " but the pillheart armor seemed to have withstood a large part of the power. That was the eighth-rank armor that Gu Feiyang had refined for him back then. It was enough to withstand the full-force attack of any one of us three!

“Even if we can stop one person, what about the other two?” Ouyang Qi snorted in disdain. I can’t sense his aura at all, he’s clearly dead.”

Chen chuanjiu did not say a word. Instead, he stared at the ground below. A large amount of soil and gravel shook the sky and began to fall.

A huge sinkhole appeared below. It was hundreds of meters wide and bottomless.

However, with their cultivation bases, they could only see a thousand miles away. Soon, their faces turned extremely ugly. There was no corpse of haolian shaohuang in the black pit. On one of the walls of the hole, a passage appeared. It was obviously created in an instant. Young Emperor hao lian had actually escaped from here!

Zheng Yunfeng looked carefully at the four walls of the passage and pointed to a ball of bright red soil. “Look, he must be seriously injured!”

Chen chuanjiu’s pupils shrank and he shouted in a deep voice, “ I must kill him this time. Otherwise, I’ll be in danger!

After he finished speaking, he went into the tunnel and chased after them.

Zheng Yunfeng followed closely behind.

Ouyang Qi frowned slightly. This passage was short and narrow, like a dog hole. He was extremely unwilling, but he had no choice but to go in. Suddenly, a hand patted his shoulder. He was instantly stunned, and his face turned as white as a piece of paper. Large beads of sweat rolled down his face.

It was a man’s hand, and he recognized it. It was the hand of haolian shaohuang, who he had chased for more than ten days and thought had escaped through the passage!

“Gulp!”

Ouyang Qi swallowed his saliva, but he still couldn't suppress the chill in his heart. His body actually started to tremble.

A faint laugh came from behind him.

"Hehe, guild leader Ouyang, don't be nervous. You've been following me for so long, so you should take a good rest. When you're asleep, you'll never be afraid."

Ouyang Qi opened his mouth in fear and wanted to scream, but he realized that he couldn't make a sound. Then, he didn't feel any pain at all. He just saw a fist reach out from his heart.

His eyes were empty as he watched his heart explode, and he gradually lost consciousness.

"F * ck your mother, you actually killed your father!"

f * ck! Ouyang Qi cursed inwardly as this feeling suddenly rose in his heart. Suddenly, a force rushed out of nowhere and broke the sound lock in his throat. He shouted with all his might, "young Emperor haolian is here!"

This all-out roar reverberated far and wide in the demon land.

He seemed to be relieved. His pupils dilated and his head drooped down. He was completely dead.

The fist was retracted. A layer of yellow light flickered on it, and it was not stained with any blood. Young Emperor haolian looked at Ouyang Qi's body indifferently. "You're a real man."

He took out a demonic beast and placed it on the ground, followed by a spirit rat. He patted their foreheads and said, "My head was indeed screwed today. In order to save the two of you, I even lost the pillheart armor that my master left me. If I had known earlier, I wouldn't have tried to comprehend the damn rules of heaven and earth. That Martial Emperor might as well not want it!"

His eyes were filled with regret and heartache.

The demonic snake and the spirit rat seemed to have understood his words. They quickly burrowed into the ground and disappeared.

cough! Cough! young Emperor haolian suddenly coughed violently, continuously coughing out blood. His eyes were filled with killing intent.

The joint attack of the three men from the storm mercenary group had indeed caused him internal injuries, but what annoyed him the most was the complete destruction of the pillheart battle armor. Gu Feiyang had personally refined it for him back then, and it was the only thing that he missed now!

“Chen chuanjiu!”

He gritted his teeth and his eyes were filled with killing intent! With his strength, if he wanted to kill this person, he could have done so long ago. However, he had a powerful enemy by his side who could constantly urge him to move forward. That was why he had been playing around with the rainstorm mercenary group. He did not expect that he would damage the only profound level weapon his master had left him today. His face was so dark that it was frightening.

Chen chuanjiu’s and Zheng Yunfeng’s auras came from the tunnel. Shaohuang hao lian was slightly worried, so he turned into a beam of light and escaped. At this moment, he was seriously injured. If he stayed, he would only die.

“You want to run? let’s see where you can run to this time!”

Chen chuanjiu’s figure quickly appeared and chased after shaohuang hao lian. He was a nine-stars martial Supreme and was extremely powerful. He was about to catch up with shaohuang hao lian in a few flashes.

All of a sudden, a large number of five elements spirit devouring rats surged out from the demon Plains. In the blink of an eye, they had emerged from the grass and flapped their wings as they surrounded Chen chuanjiu.

“What’s going on with this Yingluo?”

Chen chuanjiu was shocked. Zheng Yunfeng, who was behind him, was also being attacked. Both of them felt somewhat baffled.

Although these stage three existences could be wiped out as easily as a spider's web to them, there were too many of them.

"Bastards, all of you shall die!"

Chen chuanjiu threw a punch and half of them were immediately reduced to ashes. However, the spiritual rats that blotted out the sky and covered the earth surrounded them again without any fear of death.

The two of them went on a killing spree in both shock and anger. Soon, they had killed all the tens of thousands of five elements spirit-devouring rats in the sky, leaving not a single one behind. However, hao lian shaohuang's figure had completely disappeared.

"I'm angry! What was going on? What the hell is going on?"

Chen chuanjiu was furious. He looked at the black pile of dead spiritual rats on the ground and roared in anger, "How come that kid can summon a spirit rat? How did he do it? How come I didn't know about it after so many years of fighting?"

Zheng Yunfeng's face was also gloomy and ugly. He said in a deep voice, "this is bad. The demon Plains is so big. How can we catch him if he runs away?"

Chen chuanjiu's face was ashen. After sensing for a while in the air, he pointed in a direction and said, "It's this way!"

"Why are you so sure?" Zheng Yunfeng was stunned.

Chen chuanjiu snorted coldly. there's something strange about this area. I followed that kid here, and the spiritual Qi became thicker and thicker along the way. I don't know where it leads to. And that direction is where the spiritual Qi is getting denser, that should be the direction that kid is going!"

The two of them immediately turned into a ray of light and headed towards the place where the spiritual Qi was getting thicker.

Just after the two of them disappeared, a figure slowly walked out of the empty sky. He was wearing a luxurious brocade shirt and a Blue Dragon ribbon tied to his waist. He had a tall figure and a dignified appearance. The most eye-catching thing was the huge Pearl embedded in the ribbon, as if he was afraid that people didn't know he was rich.

He held his chin with one hand and muttered to himself, " "Shaohuang hao lian is being hunted down. Should we save him or not? If I don't, if I die, and Hua qianshu finds out, she will definitely come after me. " He smacked his head and said in pain,"Aiya, what a dilemma!" &Nbsp;

"Save, don't save, save, don't save, save, don't save, hehe."

The man actually took out a small flower and began to count its petals. When he picked the last flower, he muttered, " "Save Yingluo!"

The man was stunned for a moment before he suddenly said, " "No, this time doesn't count. Let's do it again!" He took out a flower that looked exactly the same from somewhere, plucked a petal, and threw it away. "This time, I'll have to pick one before I start."

"Save, don't save, save, don't save, save, don't save, save, don't save! Haha, as expected, I won't save him!"

He was pleased with himself. Then, his figure disappeared in the air, leaving only a faint voice that kept ringing in the air.

"Even the heavens didn't allow me to save him, so I can't go against the heavens. Let's see how the people from the other Chambers of Commerce are doing, especially those from the Empyrean one Pavilion. I wonder if my goddess, Ji qingluan, has come? He really wanted to develop a relationship with

her. Next time, myriad treasures store must hold a Fellowship Party with Emyrean one Pavilion to solve the problem of single men like us, who are older. But what's with those rats? Did something happen to the rat Emperor?"

.....

Somewhere in the demon land, the few demons were all sitting cross-legged on the war drums and flying. There were also black masses of rats around them that wanted to attack, but they were constantly shaken away by the sound of the drum.

Yu had regained his consciousness and his demonic body had returned to human form, but one of his arms was empty. He looked worriedly at Li, who was healing Shang, and then looked up at the rats around him. "Li, how long can your war drums last?"

Li's expression was not good. She had expended a great deal of Yuan Qi in her healing. She shook her head slightly and said, "It doesn't matter. I didn't use sound waves to force them away. I just caught the frequency of the sound waves that these rats were very afraid of. It didn't cost much vital Qi. What I'm worried about is that we can't retrieve the ancient evergreen tree in our current state. What should we do next?"

Rain and wing's faces were dark, and they were silent. Shang, on the other hand, was unconscious. He had been sent flying by Yunxiao's great wind and cloud Palm. If he were an ordinary person and not a demon, he would have died a long time ago.

427 The blood of a human and a demon

In the corner of the war drum, Tang Jie had been watching silently. Suddenly, he slowly opened his mouth and said, "I've been with all of you for quite some time now. According to my observations, you don't seem to be members of the monster clan from the illusory realm of stars and moon."

The few of them frowned. Li turned around and said, "What do you want to say?"

Tang Jie smiled slightly, and the demeanor of a young master suddenly returned. He smiled and said, "What I want to say is that since you are not from the illusionary realm of stars and moon, you seem to have nowhere to go in your current situation. Why don't you join my four extremes sect? with my status and identity, I will not let you down."

Yu looked at him with disdain and laughed, "Do business with your Chamber of Commerce?"

Tang Jie blushed and explained, " you may not know the situation of the merchant Union. The strength of the merchant Union is not inferior to those super forces, and the four extremes sect is the leader of the merchant Union. With your help, it is very possible for us to unify the merchant Union in the future, suppress the seven super forces, and become an existence like the Holy region and the sea of soul formation!

"En, so the four extremes sect has such great ambitions."

Yu revealed a look of realization, and the rest of the people also looked at Tang Jie with a sneer, as if they were looking at a fool.

Tang Jie was stunned for a moment before he immediately understood. It turned out that the other party was trying to trick him into telling the truth. After all, he was still too inexperienced. His face turned red all of a sudden as he angrily said, "So what if you're ambitious? Which force in the merchant Union doesn't want to be the boss? if you have the strength and are willing to help me, the realm of heavenly martial arts will be yours in the future!"

"Tsk! The realm of heaven martial arts is everyone's pride."

Yuwen Xun couldn't help but mock as well. He walked over with a smile and said, I don't want the realm of heavenly martial arts. I only want you, little brother.

Tang Jie's expression changed drastically as he hurriedly hid behind several big demons.

"Stop fooling around!" Li Qing rebuked. I'll kill whoever causes trouble again!" "What do we do now?" she asked, looking at the rain.

Rain was also silent. He took out a few crystal containers, opened the lids, and the pungent smell of blood spread. He said, "Let's find a place to rest first. We'll decide the situation after everyone has recovered their strength."

He poured all the blood in the crystal vessels into his mouth and swallowed it. Soon, his skin turned red like blood.

"Ah, ah, ah!"

Yu suddenly cried out loudly, his face filled with malevolence and pain, as if the blood in his body had played an extremely powerful role. Heat waves gushed out of his skin, and his whole body was red and transparent.

Tang Jie looked at Yu in horror. On the shoulder where the arm was cut off, blue veins began to grow, like the tentacles of an octopus. Then, these blue veins condensed into a ball and fused together little by little, finally turning into the shape of an arm.

"?!"

Tang Jie and Yuwen Xun were both taken aback. Although it was not impossible to regrow a broken arm, it was also extremely difficult. It required a sky-high price of materials and a powerful Alchemist to do it. It was unheard of for him to grow an arm after drinking a few bottles of blood.

Even Li, who was also a great demon, had a look of surprise in his eyes.

"Hu!"

Yu da took a deep breath. His entire body was wet, soaked in his own sweat. He took out another purple glass container, which also contained some unknown blood. Yu stared at it for a long time and wanted to pull out the stopper a few times, but she resisted the urge.

Li glanced at the purple glassware and said, "The blood of the nine Heavens realm?"

that's right, " rain nodded. and it's the essence of blood. A whole Nine Heavens realm master only refined this small bottle.

"?!"

Tang Jie and Yuwen Xun took a step back in shock, their faces filled with fear.

The essence of blood could only be extracted from blood. If a creature died, its blood would instantly lose its essence, and it would be useless no matter how you tried to refine it. In other words, the bottle of blood in Yu Shou's hand had been refined by drawing the blood of a Martial Emperor!

Li was also greatly shocked and said,"this blood Kasaya."

Rain's grip on the glassware tightened, as if he had touched something. He closed his eyes and said expressionlessly,"This is my master's blood."

Everyone was shocked and stared at him with wide eyes.

Li Jing was stunned for a moment and seemed to understand something. She then said,"Since that's the case, you should keep it. Your current body can't withstand the impact of this blood. I'm afraid it will backfire, so you should find the best opportunity to take it. Don't let down your master's expectations for you."

Yu's face turned pale again. With a flash of light, the bottle of purple blood disappeared.

"Actually, you can try his blood."

The unconscious Shang had woken up at some point, but his face was extremely pale. However, he still had that habitual smile on his face as he pointed at the pale-faced Yuwen Xun, " "He has the aura of my monster mother in his body. If you suck his blood, I'm sure there will be an unexpected effect."

"Lord Shang, you're awake!"

Li Yi was overjoyed when he heard Shang's words.

Richard shook his head with a bitter smile, indicating that he was not in a good state. His eyes were full of worry.

"You must be joking!"

Yuwen Xun's expression changed drastically as he retreated under everyone's gaze. He said in fear, "Don't come over. I'm afraid that my blood will poison you to death!"

just now, you actually joined forces with the enemy to deal with us," Fu said coldly. we haven't even settled this score yet! He reached out with his large hand and grabbed Yuwen Xun, who had no more strength left, and directly lifted him in front of Yu.

Yu looked at Yuwen Xun, his brows furrowed. He did not seem to notice anything out of the ordinary, but he trusted Shang's words. He took out several blood-letting tubes and inserted them into Yuwen Xun's arteries.

Yuwen Xun was suppressed by the talisman's aura and couldn't move at all. Those tubes were cold and pierced into his body, and although it wasn't very painful, seeing his own blood gushing out like a spring, it still made him shiver in fear. He cried out in pain, although my body is that of a man, I have a woman's heart. You can't do this to me, wuwuwuwu.

"Pa!"

Fu felt that he was too noisy and directly slapped him unconscious.

Very quickly, more than half of Yuwen Xun's blood had been lost, and it was about to be filled up. Rain took out a formation disk and carved a few strange symbols on it. He began to refine the blood essence. A large amount of blood was poured above the symbols. It was pulled by a force and condensed into a round ball, constantly condensing.

Yuwen Xun was like a deflating balloon, beginning to shrivel up. His skin was wrinkled, and he seemed to have aged by many years. The profound level weapon that was inserted into his body was very strange. Other than absorbing his blood, it was also extracting his profound Qi.

don't kill him," Shang said indifferently. you can recuperate and slowly draw his blood.

Li youran said,"Yu, is this xuekong acupuncture?" If we draw out their profound Qi and raise their blood, the quality won't be as good as before."

"If this person has no other use, you can use him to make pills," Yu said calmly. Even if he only has the strength of a martial honor, the pills he can refine will be pretty good."

Tang Jie looked at the way he said it so casually, as if he had done it often, and his whole body was cold. He looked around anxiously, but there were only spiritual rats. He didn't know why he didn't see anyone from the four extremes sect.

Under the continuous refining of the rain, the ball of blood gradually condensed into a blood bead, almost becoming solid. Tang Jie felt like vomiting when he saw this.

"It's almost time!"

Rain picked up the bead and looked at it, then threw it into her mouth and swallowed it.

"How is it?" Li said.

Rain closed her eyes and began to sense. He was very calm, as if he had just eaten a piece of candy, as if it had no effect. He furrowed his brows slightly and tightly.

Suddenly, Yu opened his eyes and a strange light shot out. A faint red light started to spin in his eyes and flashed. At this moment, his heart was beating extremely violently. In contrast to the violent fight in his blood vessels, his body was unusually calm and very comfortable.

Yu knew that it was the effect of his blood, so he hurriedly sat down cross-legged and began to adjust his breathing.

The aura on his body was completely retracted, as if he had fallen asleep. However, the expression on his face was distorted to the extreme. His mouth kept opening, wanting to cry out, but no words came out. He was in so much pain that cold sweat kept flowing.

rain is smart," Shang smiled. she knows how to use the strong bodies of us monsters to absorb the essence of our blood and improve her cultivation and physical strength. However, over a long period of time, all kinds of blood poison would also accumulate in the body. The demon transformation earlier was an instant backlash from the poison. However, this transvestite had the aura of his mother's body, which could help Yu remold his body and remold it. How powerful would he be? I'm really looking forward to it."

Li also looked at the rain in shock and muttered to himself, "The so-called ancestor of all demons, mother body?"

The war drum was completely silent. Except for Tang Jie, everyone was sitting cross-legged to adjust their injuries.

However, it was a different scene outside the war drum. The miserable cries of the spirit rats were everywhere. They fled from the sound waves of the war drum, flew back after they were far away, and flew back again when they found that they couldn't stand it anymore. After repeating this, many spirit rats couldn't stand it anymore and didn't dare to pursue.

Tang Jie looked at the situation outside and sneaked a glance at li in shock. How strong was the sound wave control technique needed to achieve such a precise frequency? it made the spirit rat scared.

All of a sudden, a terrifying aura was released from Yu's body, but it was quickly retracted.

Tang Jie was shocked and looked over in horror. He saw Yu gently opening her eyes and her sharp gaze swept over him. It was as if winter had suddenly arrived, and the ice and snow pierced into the bone.

Tang Jie's heart trembled. The aura that Yu revealed just now made him tremble in fear. He stared at Yu with his eyes wide open, his face full of shock!

Chapter 428

?

428 Seven fiends seal

Yu's face was calm and cold, as if he would freeze with just one look. Tang Jie's face turned pale and he moved his body back slightly.

"Rain, is it done?" the judge opened his eyes and smiled.

"It's done,"

The rain opened its mouth and said these two words indifferently. It didn't seem to be any different from before.

Li, Fu, and Yi also opened their eyes one after another. They sized up the rain and revealed strange expressions.

Rain smiled, and her cold face melted like ice,"Lord Shang, what should we do now?"

Everyone's expression turned serious as they looked at Shang, waiting for his instructions.

With the exception of Shang, who was seriously injured, the other three had recovered more than half of their strength after taking various medicinal pills collected by rain. Their faces were filled with anger, and they wanted to go back to the Emyrean one Pavilion, Yunxiao, and the others to settle scores.

Shang also looked worried, " the Grand microscopic armillary sphere is damaged. In this heaven martial realm, is there anyone who can still cultivate a holy weapon? "

Li and the others all looked at Yu. They had just recovered from the seal and were very unfamiliar with the heavenly martial realm.

Yu's face darkened as well. "More than twenty years ago, there was a peerless martial sovereign called Gu Feiyang who made a Supreme-grade sword. It's said that it's a holy weapon. However, not many people acknowledge it, and I also think it's quite incredible."

"I didn't expect anyone to be able to make it," Shang said in surprise. "Where is Gu Feiyang now?"

"He's dead," rain sighed.

Everyone was stunned, and then there was a moment of silence.

Wing could not help but curse. "What's the point of bringing out a dead person?!"

"Does that Gu Feiyang have any descendants?" Li asked, seemingly unwilling to give up.

No. rain shook her head. "Gu Feiyang has reached the peak in both martial arts and sorcery, but he only has one inheritor in sorcery. He's only at Level Seven now, not even as strong as me. That's right, the leader of the newbie mercenary group, Hao Lian Shaohuang, is a disciple of Gu Feiyang's martial arts inheritance."

Shang mumbled to himself, "The Grand Microscopic Armillary Sphere, that strange Jade Tablet, and the humans 'Noah's Ship'. How could there be three sacred artifacts in the same era?" "Could there be a great change in the heavenly general? And we are the pawns of this destiny, born at the right time?"

The rest of the great demons frowned and pondered over this sentence, while Tang Jie was dumbfounded.

Although he didn't know what a holy weapon was, he could tell that it should be equivalent to the transcendent-grade profound level weapon that humans spoke of. The only Supreme-grade Mystic artifact recorded in history was Noah's ship, and the Yang Key was with him. How come there are two more?

It was understandable if the demon race had an inherited treasure that was not known to human beings, but the one named Yunxiao had many ninth-tier Mystic artifacts, and he even had a Supreme-grade Mystic artifact? How was this possible?

He found it hard to accept this fact emotionally. However, he had seen the power of the Grand microscopic armillary sphere during the battle with little Qing, as well as the process of the divine realm tablet crushing the armillary sphere's axis with his own eyes. He had no choice but to believe it!

A few years ago, many people had dreamed of obtaining peerless divine artifacts, but now, there were actually three of them in the demon Plains!

This news was too shocking. If it were to be spread out, the entire realm of heavenly martial arts would be in chaos!

No, I must keep it a secret!

Tang Jie thought to himself, "if this news gets out, I'll definitely not get a share of that magical Jade monument!" 'I can only find someone to kill Yunxiao in secret to get it!'

As for the Grand microscopic armillary sphere Kasaya of the demon race,

A hint of greed flashed in his eyes as he thought to himself, "I must also find a way to get it! Moreover, the Yang key of Noah's ship is with me. When I open Noah's ship, wouldn't I use three Supreme grade profound artifacts?"

He was instantly shocked by his own thought, but he was even more excited. He was so excited that he could not control himself. He felt that the blood in his body was flowing several times faster. At that time, he would lead the merchant Union and unify the realm of heavenly martial arts. Whether it was the seven super forces, the divine capital of the Holy region, the sea of soul formation, or even the four Seas, they would all submit to him!

The more he thought about it, the more excited he became. After a long time, he came back to his senses and was suddenly shocked. He saw that the great demons were all smiling at him, but their smiles were so strange.

Tang Jie composed himself and calmed down his excitement. "What's wrong? Why are you all staring at me? There's no flower on my face!"

"Hehe!"

"It must feel great to have three Saint weapons and dominate the world, right?" Yi chuckled.

"?!"

Tang Jie was shocked. His face changed and he said in horror, "How do you know what I'm thinking? No, no, no, bah! I don't think so! It's already good fortune to be able to get a Supreme grade profound level weapon. How could you dream of getting three kasayas?"

His voice was getting softer and softer, and the few great demons clearly did not believe him. He felt cold sweat all over his body, and his hands were wet with sweat.

"Hehe, don't be nervous. I admire young people with their own ideas."

Shang's faint smile hung on his face as he looked at him, "We've decided to join the four extremes sect and assist you."

w-what?!

Tang Jie's eyes widened in disbelief as he asked, "You, you guys aren't playing with me, are you?" The thing that he couldn't ask for no matter how hard he racked his brains just now actually delivered itself to his door now? Was there really a free lunch in the sky?

“Hehe, why would I?” Shang laughed. We’ve lost a lot of strength and need your help. We’ll help you realize your dream and you’ll provide us with all the materials we need and help us recover our strength. How about it?”

So that was how it was!

Tang Jie heaved a sigh of relief and regained some of his young master’s demeanor. He smiled and said, “I understand. You guys are eyeing the foundation of the four extremes sect and want to find a backer to recover your strength, right? No problem, as long as you all are under my command and listen to my orders. As long as the realm of heavenly martial arts has it, I’ll give you whatever you want!”

Shang’s face was full of gratitude, “Then give me some great one profound Qi first. I haven’t thought of the rest yet. I’ll tell you when I think of something.”

“Noah’s ship,” rain also snorted.

Li chuckled. you guys are so bad. Just give me some upper clear spiritual purple God pills, Jade clear soil, and water. Those things can keep me young and beautiful.

Fu heavily snorted and said, “Heaven soul Nirvana Sword Grass.”

“I’ll take a ten revolution Royal God pill,” the winged monster laughed.

Tang Jie’s face turned purple like an eggplant as he laughed dryly. “You all really know how to joke with me.”

Shang’s expression turned cold. “We are not joking with you. If you can’t, then I’ll have to trouble you to listen to us for the time being.”

Li walked forward with a smile and said, “I’ll help you recover your strength first, but I’ll put a restriction on your body. If I don’t use a spell every other day to relieve it, you’ll taste a certain amount of pain, but it won’t be very painful. I’ll let you have a taste first.”

She conjured an art with one hand and a few demon race seals were directly injected into Tang Jie's body.

Tang Jie felt that the sealed Power was coming back little by little. He was overjoyed, but his heart immediately sank again. There was a demonic Qi in the seals that Li made, which entered his limbs and bones and spread widely.

"You coward!"

"Since we're working together for mutual benefit, we should treat each other with sincerity. What are you doing?!" Tang Jie angrily said.

"Don't be angry, little brother," Li chuckled, "you'll know what this is about later."

Tang Jie's face changed. He immediately felt an itch in his limbs and bones. The itch went straight to his bone marrow, and he couldn't scratch it no matter how hard he tried.

"Ah, itchy, itchy, itchy, so itchy. You witch, what spell did you cast on me?"

Tang Jie scratched his whole body, but no matter how hard he tried, he couldn't catch it. He cursed in pain.

it'll only itch for a while, " Li said with a smile. don't be afraid. It'll be over soon.

Sure enough, after the strange itch, a cold feeling came from his limbs and bones, which was unusually comfortable. However, the cold feeling became more and more intense, and in the end, it turned into cold air, which almost froze his meridians and blood, and his face was frozen into a light blue color.

"You, you, you, good, good, cruel, cruel, cruel!"

Tang Jie's entire body trembled as he stammered and spat out rings of cold air.

“Did you put the seven fiends seal on him?” Yu asked, her eyes filled with surprise.

Li Xiao said, “as expected of the high priest. This is the seven evils seal. Even among the demon race, there are very few people who know this technique. You’ll have to suffer a total of seven lives and seven deaths, and you just suffered two.”

Tang Jie’s eyes were Frozen Blue. After hearing her words, his whole body trembled and his eyes were filled with despair. He finally couldn’t withstand the cold air and fell directly on the war drum. However, his spiritual sense was still unusually clear and he couldn’t breathe.

Gradually, the cold air was dispelled by a wave of warmth, and it slowly turned into a heat wave, burning up.

Seven different types of damage appeared on his body one by one. Half an hour later, Tang Jie was lying on the ground like a dead pig, only leaving behind intermittent moans.

If one listened carefully, the groan seemed to be saying the word “demon.”

“Little brother, it’s alright, it’s fine now!”

Li knelt down and patted Tang Jie gently. “Get up. This pleasure of seven lives and seven deaths will only affect your five senses and six Senses. It won’t have any side effects on your cultivation. Stop pretending to be dead.”

Tang Jie’s eyes were full of viciousness, but when he saw Li’s sweet smile, he couldn’t help but shiver.

“You’ve been through so much,” Shang laughed, “so we’re on the same side now. You have to add another seal to the seven evils seal every day. Otherwise, you’ll die from the cycle of these seven feelings. You’ve already experienced it once.”

Tang Jie’s face was pale. The seven kinds of pain just now made him feel that he was better off dead than alive. He wished he could die, but he couldn’t exert any strength in his body. Now that the pain was gone, he didn’t want to die.

“Since we’re already on the same side, let’s begin our cooperation. Just help us obtain the ancient evergreen tree first.”

Tang Jie’s anger surged as he said in a deep voice, I’m only a peak Martial Emperor. How can I help you get the tree? ”

“If I’m not wrong, your four extremes sect must have entered the demon land as well,” Shang chuckled. As the young master of the four extremes sect, you must have a way to contact them and command them. The chances of us taking the tree of God are quite high.”

Chapter 429-friends

Tang Jie was trembling with anger. He had completely become their puppet, and even the entire four extremes sect was under their control.

“You don’t look like you’re very happy,” Li chuckled. “You clearly don’t see us as friends.” He pointed at a ray of light in the distance and said, “The battleships of the Tianyi Chamber of Commerce are about to catch up. Since they don’t treat us as friends, we have no choice but to hand you over to them.”

Tang Jie’s face turned pale. If he was caught by the people of the Emyrean one Pavilion, they would definitely cut him into pieces.

He glared at the few demons with hatred and said through gritted teeth, “Alright, we’re friends!”

He took out a Jade tablet and quickly drew on it with his index finger. Then, he inserted a symbol into the Jade tablet and crushed it. A wisp of green qi rose from the Jade token, turned into a green smoke in the air, and disappeared.

“The signal has been sent out and will be received by the four extremes sect members who are closest to this place. The spatial coordinates we are at will also be included,” Tang Jie said.

“Not bad,” Shang smiled, “I like obedient friends like you.” He coldly looked at the warship of the Emyrean one Pavilion that was chasing him from a distance. Under the attack of the spiritual rats, the warship was moving very slowly. Although he could see it, it would take some time to catch up.

“Lord Shang, why don’t we stop and wait for them?” Yu suggested. With my current strength, I’m confident that I can annihilate them all and take the Saint artifact!” At this moment, the surging power in his body gave him endless confidence. He felt that he had never been so powerful before.

“Yu,” Shang shook his head, “I don’t want us to take any more risks. It was my mistake earlier. Not only did I kill GE Daoshu, but I also destroyed the armillary sphere. We’ve lost too much strength, so we have to be careful before we fully recover. As for Tianyi Chamber of Commerce, hehe, this is an internal power struggle within the merchant Union. How can we interfere? Right, friend?”

Tang Jie’s body trembled as he glared at Shang. The other party’s intention was obvious. They wanted the four extremes sect to fight with the Emyrean one Pavilion, and they did not intend to fight.

Lord Shang! Tang Jie said angrily, “ after I help you, I hope you can remove my seal and return me my freedom!

“Of course,” Shang smiled, his eyes squinted. Li, look at you, you’ve scared our friends.”

“Don’t worry, young master Tang. I’ll definitely unseal you after we obtain the ancient evergreen tree. I’ll even offer you a humble apology.” Li Qianqian nodded politely.

Tang Jie stared at her coldly and no longer spoke.

In the distance, the people on the battleships of the Tianyi Chamber of Commerce had also noticed Li’s war drum flying in the air. They all stared at it.

Yunxiao looked at the flying squirrels in the sky and frowned, which was a rare sight. something must have happened in the demon Plains. These five Element spirit devouring rats really attack everyone they see. The rat Emperor must have been provoked.

“Shen Li, you should be more familiar with the demon’s land than everyone else. What’s going on?” Qing Luo asked.

Shen Li was dumbfounded when she heard that. She had no idea what was going on, so she looked at Yunxiao for help.

Yunxiao spread his hands and said helplessly, “Who knows? maybe the rat Emperor has entered menopause. Although it was bad, it might not be a bad thing. There’s strength in numbers, and with the battleship here, it’ll be much easier for us to resist the rat tide than the others. Now we don’t know how many forces have infiltrated the demon land and how strong they are. In addition to the seven merchant alliances, I guess there are many other big sects in the Western Region.”

Qing Luo’s eyes flashed with a fierce look. She stared at the war drum in the distance and said coldly, “No matter what, let’s go and exterminate the demon race first and capture Tang Jie. As long as we get the Yang key, we will at least have the initiative and be in an invincible position! Let’s concentrate our forces and charge over!”

Yunxiao’s face changed as he cried out, “No! Lady Qing Luo, didn’t you notice that the war drum’s speed has slowed down a lot?”

Qing Luo was stunned for a moment, but she was immediately overjoyed and said, “You’re saying that they can’t hold on any longer and could be drowned by the rat tide at any time, and we can just wait for them?”

no, ” Yunxiao said with a serious expression, “ I mean, they seem to have nothing to fear now. They are not afraid that we will catch up with them. look at the distance between the spiritual rats and the war drum. It’s getting bigger and bigger. If they can’t withstand it, the gap will definitely get smaller and smaller. It’s very likely that those great demons have already recovered their strength and are waiting to fight us!”

Qing Luo’s heart trembled, and her face turned pale. The ninth tier profound armament in the hands of those great demons, just thinking about it made her heart tremble!

Yunxiao’s eyes narrowed slightly. let’s keep a certain distance. Besides, Tang Jie is at the center of the storm. The sooner we get close, the more dangerous it will be.

All of a sudden, a green light beam shot down from the void in front of them. It was extremely powerful, and the spiritual rats around the war drum were all defeated. A loud boom was heard on the ground, and a huge crack appeared in the sky. A netherworld warship slowly emerged from the crack and rushed toward the war drum.

Everyone from the Emyrean one Pavilion was shocked. The symbol on the battleship was the four extremes sect!

“Why did the four extremes sect come? Do they have a way to track Tang Jie?” Qing Luo cried out in bewilderment, her expression turning ugly. It would be even more difficult to capture Tang Jie now.

Yunxiao’s eyes flickered as he suddenly said, “ not good! Stop the warship!

Qing Luo didn’t know what he meant, but she trusted his words and ordered the warship to stop in the air. Everyone looked at Yunxiao in confusion, and Ye Fan could not help but ask, “ young master Yun, didn’t you say that those great demons have recovered their strength? now that the people of the four extremes sect are saving Tang Jie, there will definitely be a fight. Wouldn’t it be great if we take this opportunity to attack? ”

if the four extremes sect had the coordinates to track Tang Jie, ” Yunxiao said coldly, “ they would have caught up with him a long time ago. Why would they wait until now? ” The only explanation was that they were summoned by Tang Jie. The Tang tribulation must have reached some kind of agreement under the control of the big demon, so it’s mutually beneficial, or it’s under the control of the big demon. The war drum’s speed is also slowed down to wait for the four extremes sect. ”

He looked at everyone’s disbelieving faces and snorted, “ let’s wait and see. If I’m not wrong, those big demons and Tang Jie will immediately board the four extremes sect’s battleship.

What made everyone’s expression turn uglier and uglier was that after the four extremes sect’s battleship and the war drum connected, they really got along very well. There was no sign of a fight at all.

At this moment, Tang Jie's face was not looking good either. He stared at a man standing on the warship with his hands behind his back and said coldly, "Shan yangze, why are you here? What about Yin Feiyu? Why didn't he come?"

Shan yangze looked at the people on the drum, his gaze especially lingering on Yuwen Xun and the drum. His eyes then turned into a cold smile of death as he said indifferently, "The ninth young master has other matters to attend to and has sent Yin Feiyu. I was sent to the demon Plains to rescue the eldest young master."

"What a joke!"

Tang Jie's face darkened. Yin Feiyu is one of my men. Who does ninth brother think he is? how can he command him? " he yelled.

Unmoved, Shan yangze said casually, "Yin Feiyu has already sworn his allegiance to the ninth young master."

Tang Jie's pupils contracted as a look of disbelief flashed across his face. Yin Feiyu was his most loyal death warrior, so how could he betray him? he mocked, "You old dog, you actually tried to rape me. Do you know that this is a capital crime?"

Shan yangze's face was livid as he said in a low voice, "I'm the ninth young Lord's man, and I'm here on the ninth young Lord's orders to rescue the eldest young lord. If you don't believe me about Yin Feiyu, you can ask him when you get back."

"Hmph, old dog, get out of my way!"

Tang Jie stood at the edge of the war drum and was about to cross it. He shouted at Shan yangze, who was in front of him.

A murderous glint flashed in dan yangze's eyes as he said coldly, "Young master, where is the Yang key? Before I came out, the ninth young master repeatedly warned me that yang yaozi was a serious matter and nothing must happen to it. Let this old man have a look at the Yang key first so that I can explain to the ninth young master."

“Bah! Old dog, Who Do You Think You Are!”

Tang Jie spat a mouthful of phlegm and shouted angrily, “ even Tang Xin doesn’t dare to be so arrogant in front of me. You’re just a dog under her, how dare you shout at me? does Tang Xin know you’re so arrogant outside? Does that mean I can’t board this ship without the Yang key?”

The aura of a superior suddenly burst out, especially after he had suffered all kinds of humiliation during this period of time. When he saw that an old dog dared to bully him, he almost went berserk, and every word he said was aggressive!

Shan yangze’s face turned purple. Behind him, the experts of the four extremes sect were all staring at him. No matter what, he was still a seven-star martial Supreme. Even the sect master of the four extremes sect would be polite to him. This young brat had actually insulted him so rudely. He was on the verge of killing him, and his eyes were filled with unconcealed killing intent.

Tang Jie’s eyes sank and he stared at him coldly, as if he was sure that the other party would not dare to make a move.

Both parties were in a stalemate for a while before Shan yangze finally suppressed his anger and stepped back to make way. “Of course not. Although this is the ninth young Lord’s Starship, the eldest young lord is also qualified to board it. However, the few people behind eldest young master are Jue Jue.”

Tang Jie looked back and said, “These are all my friends!”

He emphasized the word “friend” and his face was frighteningly dark.

Shan yangze did not think much of it. He thought that Tang Jie was angry at him for interfering in his business and offending his superior. His heart was filled with killing intent as he gritted his teeth and said, Once I obtain the Yang key, I will slice you into pieces and feed you to the rats in the sky!

He did not pay much attention to Shang and the others. They were all martial arts grandmasters, and were no different from ants in his eyes. On the other hand, although the unconscious Yuwen Xun’s

essence had been greatly damaged, he still had the aura of a martial honor, which made him pay more attention. Li's battle drum also seemed to be an extremely powerful profound level weapon.

As soon as everyone boarded the warship, Tang Jie began to give orders. He pointed to the warship of Empyrean one Pavilion in the distance and said, "Shan yangze, kill all the people from the Empyrean one Pavilion! How dare they be so disrespectful to me!"

eldest young master, my mission is to ensure your safety. You have to get back what you've lost, if you're still a man," Shan yangze scoffed.

old dog, are you teaching me a lesson?!

Tang Jie's anger could not be contained. With a cold flash in his hand, his Vermillion Bird saber left a crack in the air as he slashed towards Shan yangze's neck.

Shan yangze snorted coldly in his heart, and his eyes were filled with killing intent. In the ninth young master's heart, Tang Jie would die sooner or later. As long as he did not lose the Yang key, he could casually reply that Tang Jie had died in the demon plain. He might even be rewarded.

After he made up his mind, he sneered and grabbed at the crack. The golden light in his five fingers joined together, and a sharp Qi jumped out continuously. It was as if it was indestructible and could grab and break everything.

With a grab of his hand, the spatial Rift was immediately annihilated into a black line. With a casual flick of his hand, it disappeared into thin air. Shan yangze's face was nonchalant, but a look of ridicule appeared on it.

Although the Vermilion Bird saber was powerful, the power that Tang Jie could exert was not worth mentioning in front of him, a seven-stars martial venerable.

“How dare you offend your superior!”

Tang Jie’s eyes were also filled with killing intent as he sneered in his heart. Shan yangze was only a seven-stars martial Supreme. Any one of the great demons behind him could kill him with a ninth-tier Mystic weapon. Therefore, he was fearless and grinned hideously.”Shan yangze, do you know that this is a capital offense?”

Shan yangze could not help but burst out laughing.”Haha, young master, you’re really good at acting. You’re indeed a member of the Tang family of the four extremes sect. You’re the one who’s going to die! If you dare to offend this old master, I’ll make you wish you were dead. Now hand over the Yang key and I’ll give you a quick death!”

A cruel smile appeared on his face. He took a step forward and opened his domain, suppressing Tang Jie and several big demons in an imposing manner.

“Eldest young master, do you know what I want to do the most right now?”

Shan yangze’s face twisted slightly as a cold aura shot out from his eyes. He glared at Tang Jie and said hatefully, ” “No matter what, I’m still a seven-stars martial Supreme. I’m respected wherever I go, and you dare to call me an old dog! I’ll pull out your tongue first!”

He stretched out two fingers and stabbed them into Tang Jie’s mouth, fast as lightning.

Tang Jie retreated in horror. He couldn’t avoid it in time and only felt that a ray of light was about to shoot into his mouth, so he suddenly closed his mouth.

“Swish!”

Shan yangze’s fingers stopped right in front of Yi Zhi’s lips. There was a sharp blade between his fingers, which was the finger sheath on Yi Zhi’s back. If he had not caught the blade in time, his fingers would have been sliced off.

Tang Jie's face turned blue. He was so scared that he broke out in a cold sweat and his teeth chattered. He hurriedly took a few steps back.

"A mere Wu Zong, you're courting death!"

Shan yangze flew into a rage. A mere martial arts Grandmaster had dared to disrespect him. Furthermore, he had a carefree look on his face that made him want to be trampled on. He bent two of his fingers in an attempt to break the gloved sword, but it did not move at all.

"What's going on?" His heart trembled as he suddenly felt the icy cold Qi coming from the sword. He knew it was not good!

"Whoosh!"

Wing flicked his index finger, and the sword was raised. Shan yangze quickly retracted his finger, but it was too late. His index finger was cut off like tofu.

"?!"

Dan yangze broke out in a cold sweat as he looked at his severed finger in shock. His eyes widened in disbelief.

A mere Wu Zong had actually cut off one of his fingers?

Not to mention him, there were also a large number of cultivators on the Starship who were watching from a distance, all of them stunned.

"Die!"

Shan yangze's anger soared to the heavens as he sent a palm strike at Yi's head, wanting to turn him into a pile of meat to vent his anger.

Wing chuckled and spread his arms wide. His ten finger daggers spread out like spider legs, creating sword projections by his side. They slashed into Shan yangze's palm wind, breaking through his force and slashing at his arm!

"Ah!"

Shan yangze suddenly felt that something was wrong, but it was too late. In the blink of an eye, he felt a sharp pain in his arm. Then, his entire arm flew up like a finger and landed on the deck of the warship, twitching continuously.

At this moment, everyone on the battleship was completely stunned. How could the seven-stars martial Supreme, who was usually so high and mighty, be so weak? Every time he hit it, he would lose a part?

Only then did Tang Jie come back to his senses. He suddenly laughed out loud and said ferociously, "Haha, Shan yangze, I told you that you're an old dog. You're still unconvinced? Wing, cut off his two legs and I'll let you old dog know the consequences of offending me!"

"Young master Tang," Shang suddenly said, "this man is also a seven-stars martial Supreme. He might be of some use to us." Why don't we let li place the seven evils seal on him? he'll still be of use."

When Tang Jie heard about the seven evils seal, he shivered and gloated. He laughed and said, "That's right, that's how it should be!"

Li chuckled as he walked forward. Every step he took was like stepping on a war drum, creating a "bang" sound that shook the hearts of people.

Shan yangze wanted to resist, but the war drums seemed to be beating in his heart. His blood vessels expanded and his true Qi became chaotic. His dantian also started to throb, making it impossible for him to concentrate and circulate his true Qi.

"Pa!"

Li drew a few symbols in the air and injected them into Shan yangze's body. He sighed softly. I learned some crooked and insignificant skills back then. I just thought it was fun. I didn't expect it to be of great use today.

"Times are different now," Shang laughed, "everything has changed. Otherwise, why would we need to use such a trick?"

Shan yangze retreated more than ten meters in fear and said, "Who are you people? Opposing me is the same as opposing the Tang family and the four extremes sect. Have you considered the consequences?"

"PAH!"

"With me, the eldest young master of the Tang family and the rightful heir of the four extremes sect, here, do you think you are fit to represent the four extremes sect?" Tang Jie said angrily. His expression turned cold. It seems that ninth brother is quite ambitious. When we go back, I must teach him how to be a good younger brother!

Shan yangze still wanted to struggle, but all of a sudden, his limbs and bones began to itch.

He scratched his skin in fear and said angrily, "What kind of seal did you place on me? Itchy, so itchy, it's so f*cking itchy, ah, I'm dying from the itch!"

The effect of the seven evils seal started to take effect. He rolled around on the warship like a madman, wailing in all kinds of pain. In the end, he even knelt down and begged for mercy, hitting his head against the deck. After struggling for more than an hour, he finally lay on the ground like a dead pig and groaned.

The cultivators on the Starship had long been dumbfounded, their bodies shivering. They were all subordinates of Tang Xin, the ninth young master. If Shan yangze was in such a state, they did not know what would happen to him, so they were all very nervous.

Tang Jie's face turned ashen as he recalled the feeling of seven lives and seven deaths. His forehead was covered in cold sweat. He steadied his mind, stepped forward, and stepped on dan yangze's head, shouting, "Old dog, are you convinced now?"

Shan yangze's body twitched as he lay on the ground and groaned. "I'm convinced. Eldest young master, please spare me, or kill me. I will never dare to go against you again."

"Hmph, I won't let you off so easily! I still have use for you, you old dog!"

Tang Jie felt the pleasure of conquering him. He lifted his head and shouted, "now tell me, did Yin Feiyu really join Tang Xin?"

Shan yangze felt as if all his hopes had been dashed. He could no longer resist the person in front of him. "It's true, the ninth young master,"

"Pa!"

Tang Jie directly gave him a slap and shouted, "he's not worthy of being called young master. Just call him by his name!"

"Yes, yes!"

One side of Shan yangze's face immediately swelled up. He wailed weakly, "Tang Xin promised to find a heavenly soul Nirvana Sword Grass for Yin Feiyu. That's why Yin Feiyu swore his loyalty."

"Hmph, heavenly soul Nirvana Sword Grass, do you think I'm an idiot? Those were peak ninth level spiritual herbs, and they all contained unparalleled sword intent. Even the four extremes sect might not be able to obtain them easily. Where did Tang Xin get so much power? Yin Feiyu is not a fool. How could he believe it?"

Shan yangze knew that he had betrayed Tang Xin by saying this, and there was no other way out, so he simply betrayed her and said, "because Tang Xin has already gotten the support of the Yu family and seems to have signed some kind of agreement in secret."

“What?”

“Bang!”

Tang Jie flew into a rage and slammed Shan yangze to the ground, making a loud noise. He said angrily, “He actually colluded with the Yu clan, what a gutsy dog. Do you have any evidence?”

Shan yangze gradually recovered from the fear of death, but he had lost all confidence. I’m just a seven-stars martial venerable. I’m not qualified to participate in those secret agreements. How can I have any evidence?” He seemed to know what Tang Jie was thinking and said, “Even if you tell the society head, he won’t believe you. Instead, he’ll think that you’re stirring up trouble.”

Tang Jie felt a burst of irritation in his heart and began to ponder. The Yu family was a big family second only to the Tang family in the four extremes sect. The sect Masters of the four extremes sect were originally selected between the Tang family and the Yu family. For hundreds of years, they had been suppressed by the Tang family, and there was not a single outstanding disciple among the younger generation. Seeing that they were declining day by day, they did not expect Tang Xin to collude with them. She was really bold.

let’s take things one at a time, ” said Shang, patting his shoulder. don’t forget that you still have us, your friends. Let’s settle the disputes in the demon land first.”

As soon as Tang Jie heard the word ” friend “, he felt like crying but had no tears. However, these demon clan members were all powerful. If they could be used, even if they could not compete with the Yu family, they were not far from it. After all, it was impossible for the Yu family to support Tang Xin openly. Otherwise, if his father found out, Tang Xin would be completely finished without him having to do anything.

“That’s right, brother he is right!”

He also called Yuan his brother, coldly scanning the Warriors on the battleship. All of them felt a chill in their hearts and kept stepping back.

Tang Jie walked towards the martial artists and said coldly, "Those who declare their loyalty to me now will be granted Supreme honor. Those who aren't loyal will have their entire family killed!"
