

The Eternal 431

Chapter 431

431 Mission assignment

As soon as Tang Jie's words came out, those martial artists were frightened at first, but then they were overjoyed.

F ** k, he had already said this, was there still a need to choose the answer?

One after another, they swore their loyalty, each more ruthless than the last, and each more sincere than the last!

There were also people who scolded Tang Xin, even scolding her ancestors. Later, they found that Tang Jie's face was getting uglier and uglier, and then they remembered that they had the same ancestor. They were so scared that they quickly shut up.

Tang Jie's eyes were cold as he took out a dark brown stone and sneered, " I've recorded everything you've just said with an audio and video stone. I'll send it to Tang Xin when I go back. From now on, you can work for me with peace of mind.

The martial artists' faces all changed, and their mouths were wide open in horror. If Tang Xin had not heard what he said just now, he would definitely be blacklisted and might die at any moment. He could only follow Tang Jie to the end.

Shan yangze broke out in a cold sweat as well. He felt that the members of the Tang family were not as simple as they seemed. It seemed like he had underestimated the eldest young master.

hahaha! Shang laughed, " I didn't know you were such a schemer.

Tang Jie had a cold smile on his face. Although Yin Feiyu's betrayal made him extremely depressed, he felt a little better after taking in so many of Tang Xin's men. He snorted, " "These B * stards, if you treat them a little better, they'll be rebellious!"

He glanced at the battleship of Emyrean one Pavilion in the distance and asked with killing intent in his eyes, "Shang, that heavenly one Pavilion's warship is following us. Do you want to fight or leave? say something."

With so many subordinates, he had regained the temperament that the young master of the Tang family should have. He was neither servile nor overbearing to these demons, but he was still extremely submissive in his heart. He had to consult them on major matters and did not dare to overstep his boundaries.

Not only was his life in the hands of others, but these people were also a great help in fighting against Tang Xin. They were all unexpected and were enough to give Tang Xin a fatal blow. However, he also understood that he would have to pay a high price. As the young master of the Tang family, he also had the temperament of an Overlord.

Shang's expression turned serious as he muttered to himself. Their current strength was enough to deal a fatal blow to the Emyrean one Pavilion Chamber of Commerce, but it was hard to figure out how much losses they would suffer and whether there would be any sudden changes. After the destruction of the Grand microscopic armillary sphere, he had to be extremely careful with every step he took.

The rest of the demons were all furious, as if they wanted to take revenge.

Shang's body began to exude a domineering aura as well. His eyes shone with an ancient light, as if he was looking down on all life. "Since everyone wants to fight, then let's fight!"

Tang Jie was taken aback. Shang's aura was like that of an unparalleled Overlord, an unparalleled King, making it impossible for anyone to resist. He took a deep breath, suppressed the fear in his heart, and ordered, everyone, get ready. We're going to bombard the warship of the heavenly one Pavilion!

The battleship slowly turned around, and all kinds of attack formations on it lit up one by one, starting to prepare for attack.

The expressions of the people on the warship of the Emyrean one Pavilion changed drastically. Even a fool could tell that they were about to be attacked.

Li Yunxiao, "Qing Luo cried out in shock and anger. They are really going to deal with us! What should we do?" Even the great demons were not confident, let alone now that they had joined up with the four extremes sect.

Yunxiao also frowned and said, "It's hard to get rid of a large tail. The netherworld battleship's weakness is that it's clumsy. It can only stay here and be beaten. If that's the case, it'll be a competition of energy consumption. A cold light flashed in his eyes as he said coldly, "If that's the case, then we'll attack as a defense and charge at them. As long as I can get within five hundred meters, I'm confident I can destroy their warship!"

He still had the divine realm tablet, the nemesis of the battleship, in his hands. However, the tablet was filled with a deathly aura and the power of the realm was extremely weak. However, within a range of 500 meters, he could still control it as he wished. Moreover, just by using the infinite gravity of the breathing earth, he was still confident that he could smash the netherworld warship into pieces!

Yunxiao's face was solemn as he said in a deep voice, "Everyone, listen to my orders! Use all your primordial stones and don't worry about consumption. As long as we win and snatch their primordial stone reserves, it'll be fine."

He unconsciously began to give out orders. Although everyone felt that it was a little strange, they were very convinced in their hearts and listened with bated breath.

Yunxiao's eyes swept over the crowd like a dragonfly skimming the surface of the water, but everyone felt as if they were being stared at. They could not help but feel a sense of respect and a solemn look on their faces.

"The mystic artifact of the leader of the demon race named 'Shang' has been damaged, so he's no longer a threat." There are only four demons left. I'll take care of Yu. Li has been using her battle drum to isolate the five elements spirit devouring rats. She's exhausted. Her battle drum attacks indiscriminately, so she doesn't dare to use it casually. Only talismans and the winged skeleton are left."

Qing Luo's expression turned ugly. Although these two people are weak, they can fully unleash the power of a ninth tier profound armament. Anyone below the martial supreme realm can't withstand a single blow from them!

Everyone felt a chill in their hearts when they heard the noise of the talismans, and they couldn't summon any battle intent.

Yunxiao's cold eyes were fixed on Qing Luo as he said coldly, "Do you think that a ninth tier profound armament can be used so easily? Even if their martial arts Grandmaster cultivation was used up in one go, it was impossible for them to unleash 100% of their power. As long as you can take a few big moves, they will be helpless!"

Qing Luo snorted coldly. you've taken a few powerful attacks. Hmph! Why don't you go and try?"

Yunxiao narrowed his eyes at her and said, "Then I'll deal with one of them, and I'll leave Mr. Yu to Emyrean one Pavilion. What do you think?"

Qing Luo thought for a moment and smiled. "How can I accept that?" However, there was no shame on his face.

Yu's performance in the previous battle was very ordinary, and Yunxiao, a martial Grandmaster, had shattered her arm with one move. It could be said that she had no bright spots. In Qing Luo's eyes, she was definitely the weakest minion.

Yunxiao sneered and said, "it'll be fine. I'll leave Mr. Yu to the experts of the Emyrean one Pavilion. I'll deal with one of the two demons. As for the other one, I'll take care of him.

He turned to look at Ye Fan. Everyone from the hall of Holy Fire felt a chill in their hearts and their expressions turned ugly. No one wanted to encounter those two great demons who possessed ninth tier profound armaments.

Ye fan's expression darkened, he said solemnly: "Alright, leave the other one to us!"

"Young master!"

Feng Zhu was shocked, he wanted to reject but was stopped by Ye Fan.

yes. Ye Fan said with difficulty, " our strength is only enough to stop one big monster. We can't assign more tasks.

I understand, lady Qing Luo. Yunxiao nodded. as long as I can sink the enemy's warship, do you have the confidence to deal with the remaining experts of the four extremes sect? "

Qing Luo's expression turned ugly. After all, she did not have any information on the experts from the four extremes sect. However, when he thought that the rain was not a problem and that he had so many experts here, he felt a little embarrassed and reluctantly agreed.

Yunxiao smiled knowingly. He estimated that with the strength of the Emyrean one Pavilion, it was impossible for them to withstand the attacks of Yu and the four extremes sect. When both sides were seriously injured, he would be able to take down a great demon, and then he would come back to take advantage of them. What surprised him was that Ye Fan had the confidence to deal with a big monster, he must have a hidden card.

Since the temple of Holy Fire was ye Nantian's inheritance, it was normal for him to have some hidden cards.

After distributing them, his eyes were filled with killing intent. He stared at the four extremes sect's battleship and shouted, " full speed ahead! Activate all offensive and defensive formations to the maximum! We'll fight with our backs to the water!

As his loud and clear voice spread, everyone on the battleship was invigorated, their auras bursting with battle intent.

Under the attack of the five elements spirit devouring rats, the two warships charged at each other and began to bombard each other.

The netherworld's attack, coupled with all kinds of attack formations, caused the sky to be filled with all kinds of energy collisions. A large number of five elements spirit devouring rats did not dare to approach. Some died, some fled, and more than half of them dissipated. After that, they seemed to retreat in an orderly manner into the distance, leaving a piece of sky and no longer disturbing them.

Yunxiao's eyes narrowed as he thought to himself, 'I'm going to kill you. These spiritual rats had indeed received the orders of the rat Emperor. What did the rat Emperor want to do? What was the purpose of attacking everyone at all costs?

The entire sky was filled with the collision of all kinds of attacks, many of which landed on the warship, causing it to shake. The netherworld warship's absolute power was also reflected at this moment. In a large-scale battle, it was indeed a Lethal Weapon. In such a battlefield, cultivators below the cultivation of Martial Emperor realm could not even squeeze in.

Tang Jie's voice suddenly rang out on the battlefield. With his cultivation at the peak of the Martial Emperor realm, he poured his vital Qi into the sound waves and made a loud promise.

"Scumbags of Empyrean one Pavilion, didn't you want to catch me? I'm standing here today, and I want to see what you have!"

This naked provocation made the people of Empyrean one Pavilion furious.

Yunxiao sneered and replied, "If you have the ability, then stand there and don't move!"

Tang Jie stood proudly at the bow of the ship, facing the wind. Looking at the energy explosions all over the sky, he laughed out loud and said, "Haha, li Yunxiao, you don't have to provoke me. This young master will sit in this position today and will not take a single step away. I will not make a single move and will see how you will all turn into ashes in the time it takes to raise your hands and laugh!"

His subordinates immediately brought over a fur chair and a table, which was filled with spirit wine and spirit fruits. He sat down triumphantly and began to drink by himself, with the temperament of an Overlord.

what if I move? " Yunxiao sneered. What if I do? "

Tang Jie pondered for a moment. After calculating that his side had the absolute advantage of winning and that there would not be too much of an accident, he snorted coldly and said, if I change my position today, I'll eat this netherworld warship in front of you!

Chapter 432-mission

Yunxiao nodded and smiled. good, good! I hope you're still a man and can keep your word. In front of all the experts from the four extremes sect and Empyrean one Pavilion, I hope you can keep your word. If you treat your words as farts, I'll see how you can continue to live in the future!"

With a flash between his eyebrows, the divine realm tablet turned into a golden light and shot out. It passed through all kinds of attacks and instantly arrived above the four extremes sect's battleship. It turned into a small mountain and fell down suddenly!

"?!"

Tang Jie gasped. The divine realm tablet appeared above the netherworld warship, blocking the sunlight and making it dim. He cried out in horror, " "Quickly shatter it!"

The netherworld battleship's tail was too big to fall, and the great demons' expressions changed slightly. At this moment, Shan yangze stood up and expressed his loyalty. "Don't panic, eldest young master, I'll handle it!"

He flew up and condensed a ball of light in his left hand. With a loud shout, he blasted it at the divine realm tablet that was pressing down on him. Although his right hand had been cut off by wing, the cultivation of a seven-star martial venerable was still extremely terrifying. A domain appeared with a punch, and then it shook toward the divine realm tablet, as if it would break it.

The judge's pupils shrank, and a cold light flickered in his eyes. It was this holy weapon that had crushed the axis of his Taiwei armillary sphere. Although the spiritual Qi was not as overbearing as it had been at that time, the infinite gravity had shaken the air and pressed down layer by layer, making the people on the battleship feel great pressure.

Yi sighed, "this is indeed a Saint weapon. This infinite gravity seems to contain the breathing earth." Shan yangze won't be able to stop it. "

Tang Jie was shocked and looked up in horror. If he couldn't block it, this thing would smash down and his warship would be destroyed.

Cold sweat burst out of his forehead. He had just boasted that he would not move, but now he was trembling. No wonder Yunxiao had provoked him. It turned out that he had such a trick up his sleeve. What should he do now? If he ran away, wouldn't he be immediately slapped in the face? Where would he put his face? He looked at the demons for help.

Richard looked at him with pity and sighed, " run. It's better to be slapped in the face than to be killed. I'm going to run anyway, so you can do as you see fit.

He was extremely nimble. As soon as he finished speaking, the demons disappeared from the warship and reappeared in the distant sky. Li was still holding Yuwen Xun.

"BOOM!"

When Shan yangze's punch finally landed on the tablet, the smug smile on his face turned into shock and horror in an instant. He kept shouting in fear, " "What's going on? This pressure is overwhelming."

The divine realm tablet's weight was getting heavier and heavier. His punch had only slightly reduced the speed of falling for a moment, and then it fell rapidly again. It was inevitable that it would crush the warship.

"Not good, run!"

Shan yangze was the first to cry out in shock. He instantly turned into a beam of light and shot out. Immediately after, many experts on the warship fled. Tang Jie was stunned. At this time, he naturally didn't care about his face and flew out with everyone.

"BOOM!"

The divine realm tablet landed on the netherworld battleship without any suspense, falling down with it. In the process of falling, the sound of the battleship shattering could be heard, and it landed with a loud crash.

“BOOM!”

With another earth-shaking sound, a huge pit was smashed into the demon Plains, shaking the earth and mountains.

Yunxiao’s face was a little pale. His mind was connected to the divine realm tablet, so he could directly feel that the tablet’s condition was getting worse and worse. Under the suppression, it had once again suffered a great loss. With the divine incantation in his hand, the divine realm tablet instantly flew back to his glabella.

At this time, the people of the Emyrean one Pavilion were completely petrified. It was not until Yunxiao shouted that they reacted. Overjoyed, Qing Luo ordered, ” “Attack! Maximize your attack!”

At this moment, the four extremes sect and the others were all alone in the sky. They were caught in the storm-like attacks of the netherworld warship and were exhausted from dealing with them.

Yunxiao’s mocking voice also came from the sky. “Eldest young master Tang, hurry up and eat the warship. Everyone is watching. You can’t have forgotten what you said a few breaths ago, right?”

Tang Jie’s face was so gloomy that water was about to drip out. This was simply a slap to his face, and it was so loud. He shouted with all his strength, ” “Kill him! Kill li Yunxiao! All of you, charge over and kill them!” He no longer had any grace.

The experts of the Emyrean one Pavilion wore bitter looks on their faces. Under such a powerful attack from all directions, even they, who were martial emperors, had to be careful when dealing with it. None of them dared to rush up and court death.

Even though Shan yangze was able to handle the situation with ease, he did not dare to rush forward. After all, the other party’s experts were all eyeing them covetously, staring at their side without fear. If they rushed forward, wouldn’t they become the target of public criticism?

Shang was frowning as well. He had thought that it was an overwhelming advantage, but he did not expect the first round to be this pathetic. He shouted, ” “Talisman!”

“Understood!” Fu immediately understood.

With a flash of light, the axe appeared in his hand. He carried it on his shoulder and rushed toward the netherworld battleship of Empyrean one Pavilion. Although he was burly, he flew very nimbly, shuttling through all kinds of attacks.

The netherworld battleship was a little far from him, and he could not guarantee that it would be destroyed in one strike. After all, his strength was limited and every time he used a ninth tier profound armament, he would have to expend a huge amount of energy to ensure that he would hit the target in one strike!

Yunxiao’s pupils constricted as he shouted, “ stop him! Who’s going?!”

The experts of Empyrean one Pavilion were shocked and stepped back slightly.

“As we’ve agreed, those two demons will be left to your rookie mercenary group to deal with,” Qing Luo said.

Ye Fan walked up with a serious expression, “ I’ll do it!”

Feng Zhu and the others all had ugly expressions. They were all silent, but their eyes were full of hatred.

Everyone looked at Ye Fan curiously, not knowing what he would do. Yunxiao also began to guess, as if he had noticed something.

Ye Fan sighed, he took out a golden pill and held it in his hand. It was as big as a pigeon’s egg, but the spirit Qi was very dense, it gave off a terrifying aura.

As soon as the pill appeared, an extremely powerful aura spread out. Everyone’s eyes widened in shock as they felt the terrifying power.

Yunxiao’s pupils constricted as he cried out, “ Emperor level martial intent core?!”

Ye Fan smiled bitterly, " martial will pill can only form a lower level existence. Unless an immortal state warrior is involved, how can there be monarch level existences in this world? " This is a pseudo Emperor level martial will pill, but it's still an honorable grade pill. It's just that a large amount of Emperor Qi from the nine Heavens was forcefully poured into it. "

"I see!"

Once again, Yunxiao was sure that ye Nantian's cultivation base was one step higher than his previous life. At least, he could not refine a martial will pill of this level.

"Gulp!"

Qing Luo, who was beside him, gulped. Not only her, but the rest of the people also had greedy looks on their faces and their eyes were shining.

Ye Fan looked at everyone's expressions and sneered: " "You guys aren't thinking of snatching it, are you? After snatching it away, I'll go deal with this great demon's ninth tier profound armament myself!"

Only then did everyone from the Empyrean one Pavilion calm down. The power of a ninth-tier profound artifact could only be resisted by the Emperor Qi of the nine Heavens!

stop all attacks! Yunxiao shouted. rest and prepare for the second round of attacks!

He stared coldly at Fu, who was constantly dodging. Stopping his attack was to give Fu a chance to attack. With his martial arts Grandmaster cultivation, after using a ninth-tier profound artifact with all his strength, he would need at least several hours to regulate his breathing before he could use it again.

This was also the reason why Fu was constantly getting closer and closer in order to strike with all his might.

The attacks that filled the sky immediately stopped, but the commanders and alchemists on the warship could not relax. They quickly changed all kinds of consumed primordial stones and took medicinal pills, waiting for orders at any time.

The people of the four extremes sect in the distance heaved a sigh of relief and hurriedly regulated their breathing. The martial emperors, in particular, all had white faces. As for the martial arts grandmasters, they were basically all annihilated under this round of attacks.

“Haha, they must have used up all their primeval stones!”

Tang Jie was overjoyed. His eyes were cold as he said, “Shang, how about we kill our way over?”

The referee rolled his eyes at him and did not say a word, which made Tang Jie somewhat inexplicable.

“Young master Tang, you’re a resourceful man,” li sighed and scolded, “look at the defensive barrier of their warship. It’s even stronger than before. It’s almost at its limit. It proves that their Yuan Qi has not been exhausted, but that they have gathered their strength and used it all for defense.”

“That’s right, they’ve seen Fu’s axe before,” said Shang with a serious tone. He wondered how these people were going to stop him. A defensive boundary of this level can not withstand more than half of the power of a ninth tier profound armament.”

Rain’s heart was also moved, and he said in a deep voice, “Lord Shang, I’m worried. Especially that li Yunxiao, I always feel that this man is not simple!”

Shang’s brows furrowed as he shouted, “ Yu, go forward to receive the talisman. If you encounter any danger, bring him back immediately!

“Yes!”

Yu’s eyes shot out a ray of light as he flew forward.

Shang's four guards were all powerful fighters, but after losing their powers for tens of thousands of years, they had fallen to the level of martial arts grandmasters. GE had also died under such circumstances.

As long as they had enough resources and a certain amount of time, they would be able to recover their cultivation from tens of thousands of years ago. The death of any one of them would be an incalculable loss. The trauma from the battle with Qing Zhu was still etched deeply in Shang's heart.

Fu Fei stopped a hundred meters away from the Starship and looked at the people on board with a sneer on his face. They didn't seem to be afraid of him at all. Each of them was confident, even sneering.

Fu frowned. His intuition told him that something was wrong. He tightened his grip on the battle-axe and slowly raised his aura.

No matter what the other party's trump card was, he had to give it his all and destroy the warship. Otherwise, if they had too much of an advantage, the outcome would be hard to predict.

It was his mission to destroy the battleship!

Fu's aura continued to rise, and everyone's eyes were focused on him. Other than the sound of Mr. Yu flying, the entire sky became quiet.

Chapter 433-rain takes action

Ye fan's hand tightened, his martial will pill started to activate. This treasure that had been passed down for thousands of years was finally going to be used up in his hands, but all of this was for the sake of finding Noah's ship. It was worth it!

Fu opened his mouth wide and let out an earth-shattering roar. The axe in his hand shone with a golden light as he raised it high. The power of a Nine Heavens profound artifact was enough to change the color of the sky!

Xuan Hua axe—thousand transformation slash!

Everyone's vision turned black as if heaven and earth had been destroyed, leaving behind only a single force that transcended space.

Ye Fan was so shocked that he didn't know what to do. Under that destructive power, he felt like an ant that could be destroyed at any moment. Suddenly, a power came from his palm. It was the faint light from the martial will pill, and a wave of warmth, which dispersed the fear in his body.

I'm the descendant of the peerless martial sovereign ye Nantian. I can't back down in the face of any difficulties!

Ye Fan gritted his teeth and pushed his aura to the peak. The martial will pill in his hand burst out with a strong light. He roared and threw it towards the power that made him feel fear.

"Boom boom boom!"

An earth-shattering boom followed, as if the sky was falling and the earth was collapsing. The entire netherworld battleship was jolted back a distance, as if it was about to shatter. The defensive barrier flickered and became extremely dim. The sky was filled with an intense light, and one could not see anything.

Shang's expression turned ugly as he said in shock, "Emperor level martial intent core condensation? How could such a thing exist? No, it's not a monarch ranked one!"

After Fu's body was struck, all of his Yuan Qi was sucked dry. His entire body collapsed, and he was about to be swept up by the aftermath of the explosion.

Yu's pupils contracted as he let out a cry of shock. He twisted the space in front of him with his spirit and instantly moved the talisman to his side, using his body to protect it. The impact swallowed the rain.

Everyone from the four extremes sect also had their mouths wide open. They were so shocked that their mouths could fit into their shoes.

Shan yangze broke out in a cold sweat. Was this the power a martial arts Grandmaster should have? Looking at his empty left shoulder, it was no wonder that he had been chopped off!

The people of the heavenly one Pavilion on the warship were all terrified. If ye Fan didn't block that attack, they would have been wiped out!

lady Qing Luo, it's your turn! Yunxiao suddenly shouted. don't let the rain escape!

The Yu Zheng talisman flew backward with great difficulty from the terrifying energy.

Qing Luo's eyes flashed with a cold glint as she snorted, " he's just a Martial Emperor. Who's going to deal with him? "

An old woman behind her stepped forward and said,"lady Qing Luo, leave it to me." That Rain's cultivation level seems to be about the same as mine, and he's also bringing someone with him. He'll definitely be restrained if he fights. I'm 90% confident that I can take him down!"

that's right, granny Ximen, " Qing Luo said with a happy smile. you must win and show off the might of Empyrean one Pavilion.

"Yes!"

Granny Ximen's face was solemn, as if she was determined to complete the mission with her life. He saluted Qing Luo, shouted, and rushed out of the battleship, chasing after the rain.

Yunxiao sighed inwardly and turned his head away, unable to look at her. At this moment, he suddenly felt that he had become a little cruel. He couldn't bear to say, " lady Qing Luo, it's better if you and the other martial Supremes attack together. It might be more secure.

The three martial Venerables, two women and one man, all had white hair, and they seemed to be extremely unhappy as they snorted coldly.

Qing Luo's eyes were also cold as she stared at granny Ximen's back. She said coldly, " Li Yunxiao, if we have to deal with a mere Martial Emperor, who will deal with the experts of the four extremes sect next? "

"Demon, stay here!"

Granny Ximen's movements were a little shaky, but they were extremely fast. In eight steps chasing cicada, she caught up with Yu and slapped his back.

"Big Pineapple Palm!"

She bent her body in the air and curled her feet in front of her body. Her whole body turned into a round ball, protecting all the vital parts of her body and reducing the area of attack. At the same time, she clenched her left hand into a fist and placed it in front of her chest. She planned to attack and defend after the attack, and she could advance and retreat freely. It was a very experienced attack technique.

Yu Wei turned her head and coldly spat out a word, "Die!"

He waved his right arm, and it started to beat like a heart. With every beat, it expanded to the size of an iron bucket, and he threw it at granny Ximen's palm.

"Bang!"

The fist force exploded, and granny Ximen's Big Pineapple Palm was instantly pierced through. Before she could react in shock, her own defensive body was also shattered. Her physical body exploded in the air, and not even her bones were left.

"?!"

Qing Luo and the others 'eyes popped out as if they were in a dream. They rubbed their eyes with all their might, thinking that they must have seen wrong or were hallucinating.

Yunxiao's eyes were also filled with horror. There was absolutely no primordial Qi in the punch just now. The strength of the fist force alone was enough to instantly blow up an eight-stars Martial Emperor. Even his soul battle technique, Dragon-breaking fist, could not achieve such a strength!

What was going on? It hadn't been long since they last met, and he was actually so powerful!

He had a faint feeling that something was wrong. This rain was much stronger than he had expected. Fortunately, he was not the one dealing with it. He turned his head and said, "Lady Qing Luo, the rain is about to escape!"

Qing Luo shuddered and recovered from her shock. She shouted, "Three martial Supremes, who will go?"

Blowing up an eight-stars Martial Emperor with one punch was something that any martial Supreme could do. Therefore, although the scene was shocking, she didn't raise her guard. After all, it was common for people of the same rank to have huge differences in strength.

lady Qing Luo, " Yunxiao sighed. if we lose another martial honor, we'll really lose.

Qing Luo trembled violently as a look of astonishment shot out from her eyes. She glanced at the rain in the distance and shouted, "Three martial Supremes, attack together!"

The three martial Venerables frowned. Although they were not happy, they did not dare to disobey. They turned into three rays of light and shot towards the rain. The power of their domains spread out and stacked together, pressing down with a bang.

Shan yangze's pupils contracted as he pleaded, "Young master, those three old men aren't weak. I'm afraid Mr Yu is in danger. Why don't you let me get rid of them!"

Tang Jie had been giving him a cold look during the divine realm tablet incident, which made dan yangze very uneasy. He had been looking for an opportunity to show his value and loyalty, even though he had lost an arm and his strength had been greatly reduced. However, he was a seven-stars martial Supreme. Dealing with three three-stars existences was still a piece of cake.

Tang Jie looked at Shang, asking for his opinion. Shan yangze's heart skipped a beat. Even though he did not know who Shang and the others were, it seemed like they were highly regarded by the Tang tribulation. It seemed like he had to build a good relationship with them in the future.

Chu Weiwei shook her head and smiled, "it's okay."

Since he had said so, Tang Jie naturally did not worry. He said gently to Shan yangze, "Mr. Dan, have a good rest. You'll be of great use later."

Shan yangze's heart trembled as he nodded in agreement.

The rain protection talisman was immediately trapped by the three domains. All of his Yuan Qi was bound and he couldn't use any power.

The old revered martial artist shouted, "stop, demon! Surrender! Follow me back and ask for forgiveness!"

Fu did not have any strength left. His face was pale as he said, "Yu, you go first. Don't worry about me."

"Don't worry, they're just three minions," Yu said calmly.

"Woof! You're looking for death!"

The old man roared in anger. His five fingers were like mountains, and he pressed his palm over. A huge handprint condensed in the air, and the power to topple mountains and overturn the seas rolled down.

"Hmph!"

Yu snorted and a cold light flashed in her hand. The taillight sword stabbed towards the palm print. The cold light turned into a sharp blade and instantly pierced through the giant palm, slashing towards the old man.

Although he was not able to use a ninth tier profound armament to the greatest extent like the other great demons, he had still cultivated to the state of mind and spirit as one. He could mobilize a small part of his power, which was enough to kill a martial Supreme! Moreover, his strength had reached the peak of an eight-stars Martial Emperor. Even if he were to use the taillight sword, he would still have sufficient vital Qi to support it for a long time.

“?! Be careful!”

The other two old women shouted as their expressions changed drastically.

The old man was also shocked. He felt the sharp Qi on the sword light, which seemed to be invincible. He was so scared that he quickly retracted his palm and retreated in the air.

The sword light shot into the sky, brushing past his body, and cut his brocade robe. He was so shocked that he broke out in cold sweat.

“This demon can’t be underestimated. Attack together!”

An old woman shouted and finally stopped looking down on him. She took out a sword and stabbed him. The other old woman also showed her power repeatedly, and instantly threw out hundreds of punches. The sky was densely covered with fist shadows, and the rain was completely surrounded. She threw punches one after another.

The space seemed to be crumpled by the chaotic punches, and Rain’s figure seemed to be in a trance. The sword-wielding old woman’s eyes flashed. A slash swept over and directly cut the blurry figure apart. Rain’s figure immediately disappeared.

“?! Where is he?”

The two of them were shocked and looked around in horror. To their horror, they found that not only the rain had disappeared, but the old man, Emptyrean one Pavilion, four extremes sect, and the five elements spirit devouring rat in the distance had also disappeared!

Only the two of them were left in the world!

“An illusion!”

The two of them instantly reacted, but what kind of mental energy was needed to be able to make a martial Supreme realm expert fall for an illusion without him knowing?

In the sky above the demon Plains, the old man who dodged the sword looked in front of him in shock. His two companions, who were showing off their might just now, stood there in a daze, as if they had been immobilized by a spell. They could only watch as Yu Yi’s sword slashed over.

“Stop!”

The old man roared with all his might. Copper rings kept surging out of his right hand, connecting in the air and sweeping across the distance. He also knew that something had happened, and his heart felt heavy.

Qing Luo, who was on the battleship, couldn’t sit still any longer. Without even saying a word, she turned into a beam of light and rushed out. She cast the silk in her hand, covering the sky and the earth, blocking out the sunlight.

On the other hand, Yunxiao’s eyes were filled with deep fear. Even he could not see through the rain’s illusion, which meant that it had obviously improved! It was not just the strength of the physical body that was improved, but an overall improvement in strength!

Chapter 434

?

434 Clear sky sword skill

“Bang!”

Rain's sword momentum changed, cutting apart those copper rings. Then, three sword rays slashed out, forming a claw that swept through the air, and placed the old man under the sword rays. The old man turned pale with fright. He hurriedly retracted the bronze ring and fled backward.

"Don't run!"

Qing Luo, who was rushing over, shouted loudly. The silk in her hands spread out and actually blocked the might of the taillight sword. She then spread it out in the air.

The old man was overjoyed. The silk in Qing Luo's hands was a famous existence among eighth-tier profound armaments. Even though Yu's taillight sword was ninth-tier, it was limited by her cultivation and couldn't exert too much power.

lady Qing Luo, there's something strange about this demon. He seems to know illusionary techniques!

"Saving the people is more important!"

Qing Luo's face was ashen. She extended the silk in her hand and was about to sweep the two old women away.

Yu's face changed. He spread out his mental power and sent the two old women into the void. When they reappeared, they were dozens of meters away. The two of them were still at a loss.

"Demon, don't be so insolent!"

Qing Luo flew into a rage. The silk in her hand scattered, filling the sky with shadows. It was as if the heavens and earth had been changed. Her figure shuttled back and forth between the silk, giving off an ethereal feeling. Seals kept appearing in his hands as he shouted, "Rosy cloud light destruction!"

The silk fabric floated in the air, forming a space and trapping the rain inside.

The old man was overjoyed. The two copper rings in his hands merged into one and shot out rapidly, cutting the air in a piercing way.

After using a spiritual attack, Yu's face was pale and unsightly. Moreover, he was still holding Fu in one hand, and the taillight sword in his hand blossomed with a cold light. The sword light shot down in all directions, piercing through the layers of silk and slashing toward the two.

"Clear sky sword technique, nine!"

The silk that filled the sky was broken, and the old man's bronze ring was also sent flying by the sword light. The space immediately turned into a sea of sword Qi, spreading in all directions as if it wanted to devour everything!

The people of the four extremes sect looked on in shock. They could not understand how a Martial Emperor could have such power. Tang Jie, on the other hand, was overjoyed. The stronger these demons were, the stronger he would be.

"Lord Shang," Li suddenly asked, "can Yu cultivate the ancestral bloodline and form the ancestral body?"

Shang looked at Yu's performance and seemed satisfied. "Rain has absorbed the mother's aura in this abnormal bloodline, so there's a certain chance of cultivating the ancestor bloodline. If I can absorb a few more, then there won't be any problems."

Li looked at Yuwen Xun, who was still unconscious, and said, "this pervert seems to have siblings. I wonder if they have the aura of a mother."

"Not necessarily," the referee replied, "but the chances are much higher than others. When we've recovered to the peak of the nine Heavens realm, we'll go to the death god Palace to take a look. Rain was extremely talented, but it was a pity that he was born in this era when the monster race was in decline. Otherwise, he would have been an amazing high priest. However, with this Li of yours around, he should be able to improve further."

Shan yangze and Tang Jie's hearts twitched violently when they heard this!

To recover to the peak of the nine Heavens realm?

The two of them looked at each other in horror and felt cold sweat break out on their foreheads, and their palms were a little wet. Could it be that these monsters were once at the peak of the nine Heavens realm? This was equivalent to the ten great martial sovereigns and the seven great sect Masters of the human race!

Li's eyes revealed a look of reminiscence and he sighed slightly.

"Li" was the Supreme existence of her clan. For tens of thousands of years, she had forgotten her name and only remembered that everyone called her "li."

On the battlefield, Qing Luo's expression changed drastically. Not only had the sea of sword Qi devoured her eighth-tier Mystic weapon, the silk, but it had also annihilated her martial honor domain. The aura of death was spreading toward her.

li Yunxiao, get those two martial Venerables to attack! I can't hold them back any longer!

Qing Luo cried out in fear. The old revered martial artist was also doing his best to resist the attack of the sea of sword Qi. In the distance, the two old women began to struggle, as if they were about to break out of the illusion.

I don't think that's a good idea, " Yunxiao said lazily. I don't think so. The tasks have already been assigned, and the opponents are also chosen by you."

Qing Luo panicked. She didn't know that Mr. Yu was so terrifying. If she had known, she would have blocked the attack of the great demon's ninth-tier Mystic weapon. At most, she would have lost one or two people. Now, they were about to be wiped out. She said anxiously, "Change. I'll leave the rain to you and leave the other great demon to us!"

The people on the battleship were all covered in cold sweat, and they were speechless.

“Young master Yun, if anything happens to lady Qing Luo and the others, we won’t be able to survive on our own,” Shen Li said in a hurry.

Yunxiao was also worried. He took a step forward and instantly appeared above the battlefield, then threw the divine realm tablet down into the sea of sword Qi!

The breathing earth could stabilize the four Seas and suppress mountains and rivers. As it fell into the storm below, the sea of sword Qi was greatly hindered and gradually retracted back into the tail-light sword of the rain.

“Hu!”

Qing Luo heaved a sigh of relief. She had just escaped death. She looked at the divine realm tablet in shock. She didn’t know what it was. Her ultimate move, which could even break an eighth-tier Mystic weapon with a single strike, was actually suppressed by this thing. Furthermore, the netherworld battleship was also crushed by this Jade tablet.

“Li Yunxiao, I’ll leave this place to you. Please help me save the two revered martial artists!”

After Qing Luo said this, she and the old man quickly ran back into the battleship.

“You again!”

Yu stared at Yunxiao coldly, his eyes growing colder and colder, and his killing intent bursting out. He had a feeling that if this person didn’t die, he would be a great disaster!

The space around Yunxiao began to float, as if it would be blown away by the wind at any moment.

what a strong spiritual power! It’s at the peak of the eighth rank!

Yunxiao’s shadow kept floating in the air, his face extremely solemn. A cold light shot out of his eyes as he shouted, “But Yingluo is useless to me!”

A ray of golden light suddenly shot out from between his brows. He slowly opened one of his eyes, and a strange blood-red Crescent moon appeared in his pupil, isolating him from the surrounding mental energy. His figure gradually solidified and remained unmoved!

Yu's pupils contracted as he stared at the third eye on his forehead. He said in shock, "This is the Suan ni, the immemorial heaven's eye! You stole Gu Yuesheng's immemorial heaven's eye!"

"It's none of your business!"

Yunxiao cried out softly as he performed a very strange incantation gesture with one hand. A stream of golden tadpole-like characters emerged in his primordial heavenly eye, shooting out a powerful force. eye technique-boundary!

Shang's eyes suddenly opened as he stared at the tadpole-like characters in Yunxiao's third eye, his face filled with shock!

The immemorial heaven's eye released rings of invisible power that gradually pushed away Rain's spiritual power. It seemed like it was going to suppress the situation.

In his shock, Yu slowly calmed down. His killing intent rose as he shouted, "You're indeed not simple. If I don't kill you today, you'll be a great disaster in the future! Even if he has the immemorial heaven's eye, what can he do to me? It's just an ant trying to shake a tree, a Mantis trying to stop a car!"

He performed an incantation gesture with his hand, gathered all his mental power, and suddenly shot it at Yunxiao's third eye!

Yunxiao smiled hideously and said, "I never intended to be stronger than you!" A smug smile appeared in his eyes as he conjured an art with one hand and shouted, "Pupillary abilities-star shift!"

His body twisted and turned into a ball before disappearing in front of Yu. Yu's spiritual force missed!

In the next moment, Yunxiao appeared on his left, dozens of meters away. His face was very pale, but his smile did not fade. He pointed into the distance and said, "I'm just trying to lure you to attack and let these two old ladies get out."

In the distance, the two old women of the Empyrean one Pavilion looked around in horror, not knowing what was going on.

Yu did not care about the two old women at all. Instead, he turned his solemn eyes to Yunxiao and said coldly, "With a sixth-rank soul power, you can use the immemorial heavenly eye to shift your position. You're truly an extraordinary genius! Even Gu Feiyang didn't have such a heavenly talent like you!"

Yunxiao stood in the air and said coldly, "What, you're not convinced?"

"I'm convinced, I'm truly convinced!"

"It's precisely because I'm too convinced that I have to kill you this time. The existence of a person like you is too dangerous!" Yu's killing intent rose. "Ripple scamper, lock!" He suddenly shouted.

His mental power spread out like an ocean and locked the surrounding space.

"I'll lock the space with my tier 8 soul power, let's see how you're going to switch places!" Your holy weapon can suppress my Sea of Swords, but can it withstand my clear sky technique?"

The tail light sword in his hand suddenly stabbed out, and a golden light like the scorching sun appeared in the sky. He shouted, "Clear sky technique, tenth sword!"

A wave of sword light came crashing down, about to swallow Yunxiao in an instant.

Yunxiao was horrified. The space around him had been locked by the other party's mind, and there was no way to escape. The sword light was so strong that even a martial honor would not dare to take it head-on!

On the netherworld battleship, the two old women had already returned. A hint of shame flashed in Qing Luo's eyes as she said to the others, "the enemy is too strong. Let's retreat first!"

"W-what?"

Ye Fan was stunned, then he became furious, almost shouting: "He saved you, but you want to abandon him?"

Qing Luo's face turned red and she said angrily, "What do you know? We're preserving our strength for another battle! If they all die, who will avenge him?"

Ye fan's body trembled in anger. He had destroyed one of his strongest martial will pills in exchange for such an outcome. Although he did not have a deep friendship with Yunxiao, he had a very pleasant time with him. How could he abandon him and run away?

"If you want to run, you can run. I won't leave!" He said angrily.

"You're still too young, kid," Qing Luo sighed. In this world, life is the most important thing."

Pottery also showed a difficult expression and said, "Young lord, let's leave. If I lose my life, all my plans will be for naught!"

Ye fan's eyes were filled with anger, he stared at him and said: "Clay pot, let me ask you, if you don't have the heart of a martial artist and run away in despair, how can you achieve the Supreme martial Dao in the future? If I were to escape today, my inner demons would be born and I would never have the chance to advance to the rank of a martial honor, let alone a martial Supreme, or even a peak martial Supreme!"

Chapter 435-lightning tribulation

Terpot was stunned, he looked at Ye Fan in a daze, as if this was the first time he met him.

“Young master, I’m very pleased.” Qi Guang heaved a long sigh and smiled. If you don’t have the heart of a strong person, no matter how high your cultivation is, you’re just an ant and it’s difficult to achieve the great Dao!”

Everyone from the Empyrean one Pavilion blushed, and many of them felt extremely guilty. Even the three martial Supremes looked ashamed.

What Do Kids Know? ” Qing Luo was embarrassed and angry. if you’re not leaving, then hurry up and get down!

The longer one lived, the higher one’s cultivation, and the more one feared death.

Ye fan’s face was ashen, just as he was about to get off the battleship, a black armor appeared under the overwhelming sword Qi, it seemed to be very powerful and had already blocked the sword light.

All kinds of demonic Qi flickered on the black armor, and strange symbols kept appearing, but they gradually disappeared under the sword Qi.

“This is a Kasaya.”

Yi’s pupils shrank and his expression changed. He said in horror, ” “Demonic Qi? Armor made of demonic Qi? Are there still ‘Devils’ in this world?”

His shocked expression was extremely unsightly. Li Heyi also seemed to have recalled something and his expression also changed.

Yunxiao pushed open the demonic sky armor, but it still could not withstand the towering sword Qi. He pointed at his glabella, and a golden beam shot out as he shouted, ” “Get out and smash him to death!”

Rain was also shocked as he looked at the armor that was filled with demonic Qi. Suddenly, his pupils shrank as he saw something rush into his sword light. It actually squeezed open a crack and burrowed in his direction.

“What’s that?”

Yu Ning looked over, only to see a small gourd-like thing passing through his sword light, its target was herself.

this aura is dense. It’s undoubtedly a demonic beast. But what kind of demonic beast is this? it has the cultivation of a seventh-tier Martial Emperor. How can its body withstand my clear sky sword 10? ”

He was stunned. With such a cute form, countless demonic beasts flashed through his mind, but he couldn’t match them at all. Furthermore, there was no time for him to think. The adorable beast was right in front of him. Its body suddenly grew huge, and its adorable appearance became extremely ferocious. Its two green-bean sized eyes, one purple and one green, roared loudly and smashed down with its fist.

The fist force was surrounded by purple and green qi, and it could actually break his sword Qi!

ah, the difference in appearance is too big. The psychological gap is so big. I don’t feel like there will be love anymore.

Li was stunned for a moment, and her originally loving look became a frown. Now, the demonic beast looked like an ugly, coarse man.

“What kind of monster is this?” Shang asked, frowning. Why don’t I have any impression of it? is it a new species?”

Li was also suspicious and pondered, ” I can feel a kind of weapon accumulation in its body. Could it be that it’s not a demonic beast, but a profound level weapon? ”

Yu’s heart suddenly twitched, and he cried out in horror, ”You, you’re a stone beast! You, why did you have plastic surgery?”

He recognized it at once and suppressed the shock in his heart. He withdrew the sword in his hand, and the overwhelming sword light disappeared instantly, condensing back on the sword and gathering.

How could the gourd Little King Kong understand what he was saying? it roared and smashed its fist down. Layers of green and purple Qi intertwined in the air and broke the sky!

Yunxiao's demonic sky armor disappeared soon after, and he broke out in a cold sweat. If he had been a little later, the defense of the demonic sky armor would have been broken directly, and at that time, even his mighty body would not have been able to withstand the astonishing sword light.

I don't care how you transform. You're just a seventh-rank demonic beast. How dare you be so presumptuous in front of me!

Rain's sword momentum changed. The taillight sword streaked across the air, leaving behind several sword shadows. The power on it gathered to a critical point and suddenly slashed out!

"Clear sky technique, eleventh sword!"

The clear sky sword skill was divided into 13 moves, which were the ultimate comprehension of the sword way by the ancient mighty people. They were passed down and learned by rain. Every sword form had a difference between single target attack and group attack, and sword 11 was the strongest single target attack only second to sword 13. It was also the strongest form rain could barely perform.

The golden light on the tail light sword seemed to have burned the air. It slashed down fiercely, directly splitting the purple and green qi of the gourd Little King Kong and slashing on the fist!

"Bang!"

The fist and the sword collided, making an ear-piercing sound of weapons colliding. The gourd Little King Kong's ferocious face revealed a painful expression, and at this moment, cracks began to appear on his fist.

"What?"

Yu's eyes were about to pop out of their sockets. He was so shocked that cold sweat broke out all over his face. His opponent was able to take the eleventh move of his clear sky sword skill with his bare body, and it was even a ninth-grade tail light sword that directly cut his fist. Only he knew how terrifying this was!

Even though the purple-green arm was beginning to crack, Yu didn't relax or feel smug at all. Instead, he was even more shocked.

“BOOM!”

The gourd Little King Kong's right arm finally burst open, and pieces of broken metal floated in the air. He wailed in pain.

Yunxiao was also shocked. Only he knew that the body of the calabash King Kong was made of the purple shadow qingsuo sword, which was a ninth-tier material, but it had been shattered by Yu Yijian. The attack just now not only contained the power of a ninth-tier profound artifact, but also the Supreme Sword intent, which shocked him deeply.

In terms of understanding of the Tao of the sword, he believed that he was the best in the entire realm of heavenly martial arts. Therefore, he comprehended the world and created three sword techniques. Just now, Yu's clear sky sword eleven gave him the urge to fight.

However, his rationality instantly prevailed, and he retracted the battle intent in his eyes. With his current strength, even the devil Sky armor wouldn't be able to save him from Yu's sword.

After the gourd Little King Kong's arm was broken, it roared madly. The broken metal fragments in the air stagnated and suddenly gathered together again to form an arm, which smashed down again!

“?! What?”

This rain was truly shocked beyond compare. Such a powerful body and the ability to repair itself without limit. Wasn't this Tao Wu invincible?

He was so shocked that he couldn't believe it. He slashed down with his sword again. 11th sword, shatter!

“BOOM!”

After the gourd Little King Kong's arm blocked the attack, it broke again. This time, its aura was much weaker. The purple and green qi also became extremely faint, but the fragments still flew back and gathered again.

Yu panted heavily. Using the tail light sword like this, even he couldn't hold on much longer. This time, he found that not only was the calabash Little King Kong's aura much weaker, but it was also full of cracks after the arms were put back together. It was just a mechanical assembly and not a complete fusion.

Yunxiao's face turned serious as well. The stone beast should have broken through the seventh-tier long ago, but he did not know why it was only at the seventh-tier. Could it be that its cultivation could not increase after it was refined into a half-beast and half-tool? Just as he was frowning, the calabash Little King Kong seemed to have a strange reaction.

“Roar, roar!”

The gourd Little King Kong began to roar in the air, as if it had been greatly stimulated by the two broken arms. His face also became distorted, and the sky began to turn gloomy.

On the netherworld battleship, Qing Luo and the others were so dumbfounded that they forgot to escape. Ye Fan, on the other hand, said with an excited look, 'I didn't expect big brother Yunxiao to be so amazing! What was that metal block? A demonic beast or a profound level weapon?"

No one could answer his question. They were all at a loss.

Shang looked up at the sky in shock, " "This is the Suan ni, the law of the heavens?"

“What’s going on?” Li’s face turned pale with shock. It’s just a seventh-rank demonic beast, so how could it trigger the laws of heaven?”

They were still fearful of the might of the lightning during the battle with little green. The lightning that was flashing in the sky was the power of lightning!

Tang Jie was also terrified and said in fear, ” “Could it be that the ancient evergreen tree is hiding in the void?”

Yu’s face also changed in horror. The lightning and thunder that began to appear in the sky were the rolling heaven’s might, which pressed down on him and made him a little breathless. Moreover, the heaven’s might came with the roar of the gourd Little King Kong!

The gourd Little King Kong roared again and again. The purple and green in its eyes became brighter. The cracks on its arm began to close up, and its aura rose rapidly. It broke through the peak of the seventh rank and reached the eighth rank of the martial honored realm! He raised his large hand, clenched his pot-like fist, and punched at the rain.

That punch actually contained the power of a domain, and it was the beginning form of a basic martial arts technique-Vajra fist!

The rain was suppressed by the fist force, and he couldn’t break the space with his strength of an eight-stars Martial Emperor.

“Ripple rush, form displacement!”

In his shock, he hurriedly used his spiritual power.

“Boom boom boom!”

A bolt of lightning suddenly descended from the sky, chasing after the power of that punch, as if it wanted to fuse with that fist wind, becoming one!

Heaven's might surged. The space that the rain had just distorted was instantly bounced back and returned to its original state. He wanted to teleport away, but he failed!

Yunxiao's pupils constricted as he said in great joy, "I understand. So that's what happened!"

He was suddenly enlightened. After the stone beast had turned into the gourd Little King Kong, it was already a half-beast, half-tool existence. And if a profound weapon wanted to advance to the eighth tier, it had to go through a lightning tribulation! However, there were no Thunderbolts in the divine realm tablet. Therefore, although the calabash Little King Kong's aura had long reached level eight, he couldn't comprehend heaven and earth and form a domain because he hadn't been tempered by the Thunder tribulation!

Now that he was outside the divine realm tablet, the weapon accumulation that had broken through to the eighth rank directly triggered the rule of heaven-Thunder!

Under this Thunderbolt, it was the key to whether the gourd Little King Kong could advance to the eighth grade or not. If it couldn't withstand it, the outcome would be the same as the advancement of profound armaments, completely scrapped!

It turned out that the Thunder was not Chasing the Rain, but the gourd Little King Kong itself!

As a peak eighth-tier Alchemist, rain also understood what was going on, and her face turned extremely unsightly. The Thunderbolts that were originally chasing after the other party were now actually heading straight for him. He was not unfamiliar with the eighth-tier Thunder tribulation of a profound artifact. He was not sure if the other party could withstand it, but at least he had no confidence at all. Moreover, he still had a talisman in his hand that had no energy at all.

Chapter 436-endless disasters

Although the people in the distance didn't understand what was going on, the calabash Little King Kong's punch had triggered the lightning tribulation, which shocked everyone and left them dumbfounded!

Under the might of the heavens, the rain actually became calm. He raised his head slightly, and his eyes flashed with a trace of reminiscence.

He reluctantly took out the purple glassware, which was rippling with bright red blood. The glassware reflected his face, which was unusually painful.

Yu raised his head and poured the bottle of blood down his throat. His eyes were empty, without any light.

Yunxiao's face was extremely solemn. He was the closest to the rain, so he could see the changes in his expression. Even he had sensed the surging power in the bottle of blood.

“Bang!”

A burst of power suddenly burst out from Rain's body, shaking the surrounding air. His black robe was shattered at this moment, and his veins popped out. His body swelled to more than twice its original size, and a crimson red color appeared on his back. A Meridian as thick as a finger appeared on his spine, beating as if it was alive.

Li's pupils shrank, and he cried out in horror, “The zu branch!”

“Bang Bang!”

Yu's body continued to expand as the red Meridian throbbed. The taillight sword in his hand also emitted a strange red light, which opened up a space under the heavenly might.

The whole process seemed extremely slow, but it was also extremely fast. In the moment of the thunder and lightning, the rain had undergone a tremendous change, and its aura made Yunxiao feel extremely suppressed.

“Clear sky technique, sword 13!”

He didn't move, but under the heaven's might, a sword light rushed out, as if Yu's entire person had become one with the sword Qi, and they were indistinguishable. The Thunderbolt broke apart and met the gourd Little King Kong's King Kong fist!

Yunxiao's face changed in horror as he muttered to himself, "This sword intent is dense."

"BOOM!"

The two forces collided with each other. One was the red Sky, while the other was the might of Thunder. The sky was divided into two distinct colors, and they were in a stalemate.

"Huala"

The gourd Little King Kong's body suddenly shattered at this moment. His body, which was condensed from ninth-tier materials, could not withstand the lightning and sword technique. He opened his mouth in horror, and soon his head gradually dissipated, revealing the red heart of stone in the sky.

The lightning and thunder that filled the sky also broke through the clouds and dissipated under this sword.

As the sun shone down, the heaven's might that had been pressing down on the hearts of every martialist finally dissipated, and everyone heaved a heavy sigh of relief.

On the other hand, Yunxiao's face was extremely unsightly. With a few flashes, he rushed forward and opened the primordial heavenly eye between his eyebrows as he cried out, "Pupillary ability-

The shattered metal materials and heart of stone were instantly collected by him.

Yu's face darkened as he took a step toward Yunxiao, raised his sword high again, and slashed down!

That demonic red light appeared in the sky and turned into ten thousand rays of sword Qi. Yu was determined to kill him, or else he would cause endless trouble!

Although he began to feel a violent backlash in his body, and he did not know what would happen next, at this moment, he felt an endless power being born in his bloodline. It was the best time to kill Yunxiao, and if he missed it, he would never have another chance!

Yunxiao's heart skipped a beat as he felt thousands of sword beams penetrating his body, about to tear him into pieces!

"You're very strong, but you're not strong enough to kill me!"

Yunxiao's eyes were also filled with ruthlessness. After collecting the broken body of gourd Little King Kong with his primordial heavenly eye, he did not retreat or dodge, but walked toward Mr. Yu. Yu wanted to kill him, and he wanted to kill him too!

kid, are you crazy?!

The demonic Dragon's anxious voice was heard. with your strength, you'll be dead under this sword light!

Yunxiao's face was filled with determination as he said coldly, "Not necessarily. Your soul and mine will merge into one now!"

no! the demonic Dragon was shocked. even if you merge them together and display the Dragon breaking fist, you won't be able to block his clear sky sword 13, unless you have the indestructible golden body now!

shut up! Yunxiao shouted angrily. why are you talking so much nonsense? " Just do as I say!" His soul directly manifested in the divine realm tablet, and he grabbed the Kunwu Divine Tree, which had a bad premonition and was about to escape, and said, "I'm really sorry this time. Go back to two or three months ago. I'll make it up to you after this!"

Lil 'Wu shrunk rapidly in his hand and cursed with all his might, but it was to no avail. He quickly turned into the size of a baby and stared at him with a venomous gaze.

Yunxiao, who had almost sucked his soul power Dry, said coldly, " if I die, the divine realm tablet will be ownerless and you'll have to float in the void for countless years. In your long life, why do you have to be so calculative when you've suffered losses for a few years?"

At this moment, the demonic Dragon in the depths of his soul also felt the nourishment of the surging soul power. However, he did not look happy at all. Instead, he had a grave and worried expression. He gave a deep roar and began to merge with Yunxiao's soul without any hesitation.

A strong light burst out of Yunxiao's primordial heavenly eye between his brows, like a sun shining in the sky, as if it was going to pull the sky into the endless void.

Not only that, but after merging with the demonic dragon's soul, his body also began to undergo abnormal changes. He felt as if he had been demonized, and scales began to grow on his body.

Large beads of sweat rolled down from Yu's forehead, as if he was in extreme pain. He endured the changes in his body and roared as he pressed down with even more force. He shouted desperately, "Sword-eleven!"

Yunxiao's appearance was also very terrifying. His immemorial heaven's eye was activated to the extreme, and wisps of blood burst out of his pupils, which were even about to break. "Who will die and who will live will depend on this!"

Golden tadpole-like runes condensed in the pupils of the primordial heavenly eye, and suddenly exuded a calm and unsophisticated air. A purple cauldron shot out of the eye and fell into Yunxiao's hand. He shot out a few golden tadpole-like characters that landed on the purple. Instantly, a majestic and solemn ancient charm was transmitted, as if a singer was singing.

The cauldron of mountain and river was controlled by his immense soul power, and it kept changing. Rays of light shot out from the cauldron like colorful lanterns, and also like fireworks in the sky, becoming more and more magnificent and dazzling.

In the distance, Shang's mouth was wide open as he looked at the glimmering golden tadpole-like characters on the cauldron of mountain and river. His mind was completely blank.

The rest of the people were also shocked and didn't know what was going on. Such a brilliant and colorful profound level weapon didn't have any ancient charm. It gave them a strange feeling, as if within those lights, there was a space of its own and it didn't belong to this world.

"I don't care how many swords you have. I don't believe that you can break this cauldron of mountain and river!"

Yunxiao roared, and his primordial heavenly eye began to crack inch by inch. But, an infinite soul power gushed out of it, driving the purple cauldron to crash into the sword beam.

Rain's 11th sword had just slashed into the light of the cauldron of mountain and river and seemed to have disappeared without a trace. It was as if the power of a realm was crushing towards him like a wheel.

"Wing!"

The referee shouted in shock.

Wing immediately recovered from his shock and charged forward.

Yu's sword radiance was being devoured by the light of the cauldron of mountain and river. He looked at the cauldron that was crashing towards him in horror. His body was also suffering from the backlash of his bloodline power. He could barely move.

He was also an Alchemist, so he could naturally feel the endless power of the cauldron. It was not an ordinary ninth-tier Mystic artifact at all, or it would have been impossible for it to devour the sword light of his taillight sword!

"Bang!"

Just as the cauldron of mountain and river was about to come, the primordial heavenly eye between Yunxiao's eyebrows finally could not hold on any longer and exploded with a bang, interrupting the surging soul power.

“Pfft!”

Yunxiao’s heart trembled, and he coughed up a mouthful of blood. He looked unwillingly at the rapidly shrinking cauldron of mountain and river, whose light was gradually fading, and a feeling of helplessness welled up in his heart.

Just a few dozen meters, just a few dozen meters and he could have completely annihilated rain!

Unwilling to give up, the cauldron of mountain and river quickly turned back into a miniature cauldron and fell back into Yunxiao’s hand, lifeless and without any aura.

“Pfft!”

The fusion of the demonic Dragon in his soul had also reached its limit. The two souls shot out in an instant. His sea of consciousness was ravaged by the spiritual storm. He couldn’t help but spit out another mouthful of blood and almost fell from the sky.

big brother Yunxiao!

A crisp sound came as Ye Fan rushed into the battlefield, held Yunxiao, and quickly retreated back to the warship.

Yu He Fu was also caught by wing and brought back to the four extremes sect.

Shang quickly checked Yu Yu’s injuries, especially the red Meridian on his back, and his eyes were filled with joy.

“Yu, you’ve formed the ancestral vein!” Li was also extremely excited.

However, Yu wasn’t happy at all. His face was extremely pale, and he kept spitting out blood. He said with difficulty, Lord Shang, if Li Yunxiao is not killed, he will bring endless disasters!

Shang's expression turned serious as well. He looked at the netherworld battleship in the distance with a heavy heart.

If the purple cauldron that had just been revealed was really a Saint artifact, then this brat had two Saint artifacts on him. This was definitely a heaven-defying, ominous sign!

Tang Jie also felt a chill run down his spine. It seemed that being injured by Yunxiao at that time was not an injustice at all. But now, he was no longer confident. The only people he could bring out were wing and Shan yangze. If they were to lose more, it would be a big question whether they could survive the attack, let alone dominate the demon plain and find Noah's ship.

"Brother he, should we fight or retreat?"

Tang Jie had the intention to retreat and asked.

Shang gave him a look and began to hesitate. Although he was sure that Yunxiao had no more trump cards, he could not make a decision as Yunxiao's Calabash warrior and purple cauldron had exceeded his expectations.

Li's heart suddenly moved. He looked into the distance and said, "Lord Shang, I can sense a strong demonic Qi, it seems to be very violent."

"Can I use it?" Shang's eyes brightened.

"I'll try!" Li Ning said.

She took the mini war drum from her waist and started beating it. Every strike followed a certain pattern, and a faint sound wave spread into the distance.

Chapter 437-continuous changes

big brother Yunxiao, are you alright? "

Ye Fan helped Yunxiao back to the warship. Seeing him constantly vomiting blood, he took out a few medicinal pills and tried to feed him.

Yunxiao's face turned pale as he stopped her and said, "I'm fine. Your pill is useless."

Ye Fan felt the surging power in Yunxiao's hand, and it did not look like he was injured. "Then you're the one who ran!"

With a pale face, Yunxiao shook his head slightly and sat cross-legged on the warship. He made an incantation gesture with one hand, and a faint golden tadpole-like character appeared in his palm. Then, he began to perform the great expansion divine technique to regulate his breath.

Forcefully throwing out the cauldron of mountain and river had already exceeded the limits of his soul power. Now, not only was his soul power rapidly depleting, even the demonic Dragon was severely injured from the forceful fusion and had fallen into a deep sleep.

Feng Zhu scanned Yunxiao with his divine sense and found that his aura was strong and did not look like he was injured at all. He comforted Ye Fan, "his soul power should be injured. As long as his main body is fine, he will recover sooner or later with some rest.

Ye Fan finally calmed down.

The expressions of the people from Emyrean one Pavilion had changed dramatically. They stood aside, not knowing what to do. In this situation, they couldn't run or not run. The warship suddenly fell silent.

At this time, the woman from the Emyrean one Pavilion who was in charge of the warship said, "Lady Qing Luo, do we still turn around and leave now?"

Qing Luo felt that she should consult Yunxiao at this time, but he was already meditating, and it was not appropriate to disturb him. She looked at the four extremes sect in the distance. Apart from the faint drum sounds, there seemed to be no other movements."Let's wait and see." "Make preparations to evacuate, make sure you can leave as soon as you receive the order!" He added.

Everyone in the temple of Holy Fire was floored. This was what a super sect should say, but the women of the Emyrean one Pavilion all looked like it was only right.

The old man Wu Zun suddenly looked at Ye Fan and said, "Little brother, how many more of that level of martial intent condensed pill you used before? I'm willing to pay a lot of money to buy it!" He looked at Ye fan's dazed expression and chuckled: "don't think that I can't afford it. The Emyrean one Pavilion is one of the four core members of the merchant Union. We are not only powerful but also powerful.

He suddenly stopped talking, only to see ye Fan and the others looking out of the battleship in shock. He also looked over in shock, only to see a long shadow flying in the sky. It looked like a snake or a Dragon, and it had huge wings that looked like a flying dragon when it spread open. On the back of the bird, there was a faint figure standing.

The snake was several miles away, but the aura it exuded was enough to shock everyone.

"Could that be the nine-winged spirit snake bird, one of the two eighth-order demon beasts in the demon land?" Shen Li asked in surprise.

A rank 8 spirit snake nine-winged bird!

Everyone from the Emyrean one Pavilion was shocked. Qing Luo said in a deep voice, "How could there be a person on the back of an eighth-order monster beast? Could he be a Beast Tamer?"

"A Beast Tamer who tamed eighth-rank beasts?" Shen Li was shocked. She only felt that the figure standing on the back of the nine-winged bird spirit snake was somewhat familiar, but unfortunately, her strength was low, so her vision was limited. When she got closer, she exclaimed, "Shen Feng, the leader of the skeleton mercenary group, Shen Feng!"

"What?"

Qing Luo was shocked and suddenly felt a sense of foreboding. Those demons were from the skeleton mercenaries. Then, she hurriedly gave the order to escape, but to her horror, she realized that the space had been locked! A sealing force appeared around the netherworld warship, trapping it.

Shen Feng stood on the nine-winged spirit snake bird and coldly looked at Empyrean one Pavilion. He then turned around and looked at Yu, who was covered in injuries. He frowned and said, "Mr. Yu, you're injured?" His gaze fell on the battle drum in Li's hand, and a hint of surprise flashed through his eyes. "I was wondering why the bird was so violent, so it was you. There's an ancient aura on the drum, are you Mr. Yu's partner?"

"Haha, it's actually Shen Feng!"

Yu was overjoyed. He struggled with no regard for his injuries and laughed, "The heavens are helping me! I didn't expect that you would be able to tame the nine winged spirit snake bird by yourself. Shen Feng, help me!"

Shen Feng nodded. of course. I still need your help with some matters. Leave this place to me.

He immediately saw through the situation in front of him, so he instantly cast his domain and locked everyone in the field. A powerful pressure pressed down from the sky, and all the people of Tianyi Chamber of Commerce were drenched in cold sweat. As if they had felt the power of heaven before, it was difficult for them to have the heart to resist.

Shen Feng, I don't care about the others, " Yu Dao said. but there's a man named li Yunxiao among them. You must kill him. You can't leave him alive! His eyes were full of killing intent, and his fear of Yunxiao had already reached the bottom of his heart. He deeply regretted not killing Yunxiao in the soft song Grove.

"As you wish!"

Shen Feng's face was calm and expressionless. He stood on the back of the nine-winged spirit snake and flew toward the netherworld warship.

Qing Luo and the others could feel the two powerful auras approaching. Their faces turned pale, and they regretted not escaping earlier. we are from the Empyrean one Pavilion! she said in horror. if you dare to kill us, there will be no place for you on the heavenly martial continent!

Yunxiao? ” the old man, Wu Zun, was also frightened. my Lord, didn’t you want to kill li Yunxiao? ” Just kill him, there’s no enmity between us!”

“You talk too much. As a warrior, you don’t even have the awareness of death. No wonder you can live to such an old age. It’s time for you to die.”

A look of disdain flashed in Shen Feng’s eyes. He shouted and threw a punch.

He was a nine-stars martial Supreme, a peak existence below the great emperor realm. Even the netherworld warship swayed under this punch, as if it would be destroyed at any time.

Everyone from the hall of Holy Fire turned pale. Feng Zhu and the others were anxious. They quickly thought about it. They had to make sure Ye Fan left no matter what.

At this moment, Yunxiao suddenly opened his eyes, which were as calm as water. However, his soul power had not recovered yet, so he looked extremely tired.

He wasn’t afraid. He was ready to throw out the divine realm tablet if something went wrong and hide in it with everyone from the temple of Holy Fire. Although there was no spiritual Qi in the divine realm tablet now, it was still very safe to hide inside. At least, those below the peak of the Martial Emperor realm would not be able to break it. As for those from Empyrean one Pavilion, he would just let them die on their own.

“Boom boom boom!”

The netherworld battleship did not shatter from Shen Feng’s punch. Instead, a beam of light appeared in the sky and shot toward his fist force. He frowned and changed the direction of his fist at the last minute. He smashed at the beam of light. The two forces collided in the air, and the light illuminated Half the Sky.

Everyone looked up. After the light dissipated, a huge gold coin appeared in the sky, shining brightly and blinding.

“Money Chamber of Commerce!”

Tang Jie’s face instantly turned ugly, and his eyes were full of anger!

That huge gold coin was actually a flying profound level weapon, similar to a battleship. It was extremely huge and took up half of the sky. However, its shape was pleasing to the eye and it looked very rich.

And soon, Yunxiao saw a familiar figure on the gold coin. The man was also looking at him with a nod and chuckled, “Li Yunxiao, it’s really satisfying to see you sitting there and waiting for death. I really want to see this expression of despair a few more times.”

Yunxiao raised his head, picked his nose, and flicked out a piece of booger. “Did I?”

The man’s mouth was wide open, and his face darkened. He had wanted to see Yunxiao’s face after the disaster, but his frivolous look made him gnash his teeth in hatred, and he regretted saving this guy!

“Qian Wudi, how dare you go Against Me!” Tang Jie roared in anger from a distance.

That man was Qian Wudi, who had appeared in Mount Meru. His aura was much stronger than before. He was already a genuine Martial Emperor of the seven constellations realm, and his aura didn’t seem to be simple. He turned a deaf ear to Tang Jie’s words and said fiercely to Yunxiao, “I really want to slap your disgusting face!”

Yunxiao raised his middle finger and said contemptuously, “If you have the ability, come down yourself. Also, even if you didn’t attack him, he wouldn’t be able to hurt me. Don’t think that I owe you my life. You can try to ignore it.”

Qian Wudi frowned. Although he did not see the battle earlier, Yunxiao’s extremely weak look at the moment could not be faked. If he had not made a move just now, he could not figure out how Yunxiao could have dodged Shen Feng’s overbearing punch.

An old man beside Qian Wudi, who was the one who attacked just now, showed extreme displeasure on his face and snorted, " "Young master, this young man is too rude. Why don't we wait and see how they die?"

Tang Jie was so angry that his face was as ugly as a pig's liver. Qian Wudi was blatantly looking down on him, as if he wasn't worthy of talking to him. A strong killing intent burst out from his eyes.

Shang frowned. He seemed to understand Yunxiao's words. He was also a man with a Supreme-grade Mystic artifact, which had its own space inside. If he hid inside, it would be difficult to break it without the power of a peak ninth-tier.

When the Empyrean one Pavilion's people heard that the old man didn't care about it, they started to panic. Qing Luo also hurriedly shouted, " "Lord Zhang hanzhe, don't listen to this kid's nonsense! I'll never forget what you did just now. Please, Lord Zhang hanzhe, defeat the enemy and we'll definitely repay you!"

Qian Wudi fell into deep thought. He had come to ask Yunxiao for a favor, but it seemed that the other party was not giving him face, so he said, " if I'm not wrong, your soul power should be damaged. I'll help you defeat these strong enemies and give you a Sky Soul grass in exchange for one item on you. How about it? "

tier 9 spirit medicine, Sky Soul grass!

Yunxiao was shocked. Such a heavenly treasure was very rare even for a ninth-tier Martial Emperor. Moreover, it was a Sky Soul herb that was specially used to nourish the soul. Its value was so high that it was difficult to measure. His heart moved, and he seemed to have understood what Qian Wudi wanted.

"Hehe, I understand. In terms of value, that thing is actually not as good as the sky Soul herb, but now that the two meetings of the merchant Union are about to be held, that thing's value has doubled."

Chapter 438-deal

Qian Wudi snorted coldly, his face ice cold, " "It's so much easier to talk to smart people. I came to demon's plain this time for the inexplicable Noah's ship and to find you. Since you've already guessed what I want, you don't need to say it out loud in case others spy on you. Just tell me if you want to exchange or not!"

Zhang hanzhe's expression changed as well. He didn't know what Qian Wudi wanted. With the power of the Chamber of Commerce, would they need to beg this kid? he said sternly, "Young master, if this brat has what you want, I'll go down and get it."

Yunxiao looked at Zhang hanzhe coldly and said, "Hmph, just give it to me. Do you think you're a Big Shot? Believe it or not, I'll throw it to Tang Jie right now. I think he'll be very happy if he can get that thing."

"You can't!"

Qian Wudi's face changed, and he shouted, "Hurry up and answer me!"

Tang Jie also frowned. Not only him, but everyone else also felt that it was strange. What did Qian Wudi take a fancy to? could it be those few abnormally powerful profound level weapons?

The crowd shook their heads. The profound level weapons Yunxiao had shown were so valuable that they could not be exchanged for a heavenly soul herb.

Yunxiao knew that what Qian Wudi needed was the Dao fruit of martial will of seven constellations he had obtained in Mount Meru!

Now that Qian Wudi had entered the Martial Emperor realm, if he consumed the Dao fruit and comprehended all the martial intent rules of the seven constellations realm, he would only need to accumulate vital Qi to quickly rush to the peak of the Martial Emperor realm and peek into the eight desolations realm! Moreover, with money sect's Foundation, it was highly possible for him to break through in a short time!

Especially on the eve of the two meetings of the merchant Union, the martial will Dao fruit of the seven constellations became particularly important.

three heavenly soul herbs and one billion mid-grade origin stones!

He would not be Yunxiao if he did not take this opportunity to extort him.

“?!”

Everyone at the scene sucked in a cold sweat and stared at him in horror. What the f * ck is this thing that he actually dares to bid like this!

Tang Jie’s heart was itching even more, and he really wanted to know what it was.

The people of Empyrean one Pavilion were all covered in cold sweat. They were afraid that they would anger money gang and leave them behind. That would be the end of them.

Thus, before Qian Wudi could speak, Qing Luo couldn’t help but shout, ” “Li Yunxiao, don’t go too far! Young master Wudi’s benevolence and righteousness were unparalleled, and he was supremely righteous. That was why he had stepped out to save everyone. What is that thing of yours? why don’t you offer it to young master Wudi with both hands? you’re actually haggling over it and giving such an unreasonable price. It’s truly disappointing!”

shut up! Yunxiao frowned and said, ” and shut that b * tch up!

Qian Wudi waved his hand, and Zhang hanzhe’s eyes glinted coldly. He pointed his finger down at Qing Luo.

Qing Luo was shocked and quickly retreated. However, the cold glint of the finger arrived in the blink of an eye and accurately shot into her throat. It did not penetrate her, but a strange mark floated on her throat. She coughed dryly, but no sound came out.

Qian Wudi said leisurely, ”I’ve already paid a portion of it, there’s too much left.” Normally, that thing of yours wouldn’t even be worth a single heavenly soul herb. Besides, what do you think the sky Soul herb is? Cabbage, onion, and garlic? And three! In the entire realm of heavenly martial arts, there might not be more than ten! As for primordial stones, I can give you a hundred million mid-grade primordial stones.”

“Hmph!”

Yunxiao snorted coldly and said contemptuously, “That was then and this is now. That thing is naturally not as good as the heavenly soul grass in normal times, but now ... I believe that if we auction it in songyue city, it will at least double the price I bid!”

Tang Jie finally couldn't stand it anymore. Although he didn't know what it was, it must be something that could greatly reverse the competition between the two associations of the merchant Union. Otherwise, Qian Wudi wouldn't have swallowed his anger and suffered a loss. He suddenly shouted, “Li Yunxiao, I'll give you the price you want. Give me that thing!”

Qian Wudi's face changed, and Zhang hanzhe's killing intent also spread out. The atmosphere around the gold coin became fierce.

“Hehe, this is going to be interesting.”

Yunxiao could not help laughing. After regulating his breath for a while, although his soul power was still exhausted, at least his injuries had stabilized. He stood up from the warship and said with a smile, “very good. The auction will begin now. The highest bidder will get it!”

Qian Wudi was furious, staring coldly at Tang Jie, “it seems like the four extremes sect isn't honest. Why don't I teach you guys a lesson first?”

As soon as Qian Wudi finished speaking, Zhang Han activated his domain and locked onto everyone from the four extremes sect, ready to deal a fatal blow at any time!

Tang Jie's face changed greatly as he hurriedly turned to his side and asked for help, “Mr. Yu!”

The only person who could go against Zhang hanzhe was Shen Feng.

Rain frowned and a cold light flashed in his eyes, Young master Tang, I'm not interested in that thing. The only thing I'm interested in now is li Yunxiao's life! don't worry about us! he shouted at Shen Feng. just kill li Yunxiao!

He felt more and more that something was wrong. Every time Yunxiao was in a desperate situation, he could always come back to life, and the situation was constantly developing in his favor. He now felt that killing Yunxiao was more important than anything else!

Shen Feng frowned. Although he didn't know why Yu wanted to kill this person so badly, he didn't want to ask. He just attacked.

The wind from his fist condensed, and this time, he stepped on the nine-winged bird spirit snake and rushed forward.

"Lord Zhang hanzhe, save him!"

Qian Wudi cried out in horror. He was not afraid of Yunxiao's death, but he was afraid that the Dao fruit of the seven constellations would also be destroyed by the punch.

Although Zhang hanzhe was extremely unwilling, he still shouted and flew down from the gold coin towards Shen Feng.

Both of them were nine-stars martial Venerables, and the difference in their strength was not big. Even if Shen Feng had the help of the spirit snake nine-winged bird, it would be difficult to determine the winner in a short time. Moreover, there were many experts eyeing the huge gold coin in the sky.

When Shen Feng thought of this, he frowned and retreated. He looked at them coldly, planning to wait for the opportunity to strike.

what's there to consider, li Yunxiao?" Qian Wudi shouted. what's there to consider?" There's only one heavenly soul herb, so I can't give you three even if I wanted to. I can give you the other one billion mid-grade primordial stones! However, I need some time to gather them!" He was afraid that things would change, so he was eager to get the Dao fruit of the seven constellations.

I don't have that many heavenly soul herbs," Yunxiao said with a grin. I'll give you two billion mid-grade primordial stones.

Qian Wudi's face was flushed red, and his head was about to smoke. He had never seen such an ungrateful person before. He roared in rage, "Another 200 million, 1.2 billion mid-grade origin stones! Not even a silver coin or a copper coin! If you don't, I will kill you immediately, let alone these four extremes sect scums!"

After he finished shouting, he felt weak all over. Even if he obtained the Dao fruit of the seven constellations, he would not be happy anymore.

alright," Yunxiao narrowed his eyes and said with a smile, "but you have to ensure my safety after the exchange. In fact, you and I have experienced life and death together, and have long been close comrades. If you want that thing, just say the word, and you even took something to exchange for it. You're too polite."

"Pfft!"

Qian Wudi could not hold it in any longer. He coughed up a mouthful of blood, his eyes filled with hatred. He really wanted to cut Yunxiao into a thousand pieces!

Yunxiao took out a purple glassware and threw it over with a smile.

Everyone's eyes fell on that thing, wanting to see what it was, but they were all disappointed. The purple light didn't pass through, and they couldn't see what was inside at all.

Qian Wudi was shocked. He didn't expect him to throw it so casually. No one was prepared, or it would have been extremely dangerous. After Qian Wudi caught it, he even trembled a little, afraid that he would fall.

He looked nervous as he placed his hand on the purple vessel. He immediately felt the will of the Dao fruit of the seven constellations within it and heaved a sigh of relief. He didn't open the container, for fear that even a trace of spiritual Qi would leak out, which would be a great loss.

"That's right, it's exactly what I want!"

Qian Wudi was rather straightforward. He took out a storage bag and threw it over, saying, "There's a heavenly soul herb and 100 million mid-grade primordial stones inside. I'll give you the rest later, I don't have that many with me."

Although it was a heartache, when he thought about how he would soon reach the peak of the Martial Emperor realm after obtaining the Dao fruit of the seven constellations and directly spy on the eight desolates realm, his mood improved again.

Yunxiao took out one of the Jade boxes, and as expected, there was a pale red Spirit herb lying in it. Although it was somewhat incomplete in quality, it was undoubtedly a ninth-tier heavenly soul herb. "Thank you, brother Qian." He was overjoyed. Please protect me!"

Qian Wudi snorted coldly, " "Since I've promised to protect you, there's no problem. And I don't want your face to be left under anyone's feet. I'm going to personally use the sole of my shoe to print it on your nauseating face!"

Yunxiao smiled, then sat down and swallowed the heavenly soul herb without chewing.

Yu's face turned extremely unsightly, and he looked extremely disappointed. He knew that he could not kill Yunxiao this time. When his spirit power recovered, with two transcendent grade profound level weapons on him, no matter how strong the opponent was, as long as he hid inside, who could hurt him?

Tang Jie was also very depressed. He had always been guessing what Yunxiao had given Qian Wudi, but he could not figure it out, so he was extremely depressed.

As Yunxiao swallowed the heavenly soul herb, the entire sky fell silent, as if waiting for something.

Qian Wudi suddenly smiled. brother Tang, the two conventions of the merchant Union are about to start. You're still in the mood to take a walk in the demon plain. I really admire you. I wonder how brother Tang Xin is doing? Compared to the four extremes sect, I can't help it. "

He was really bored, so he casually ridiculed and provoked Tang Jie.

As expected, Tang Jie's face changed drastically when he heard that name. Although he knew that the other party did it on purpose, he still couldn't help but get angry. He gritted his teeth and said, that trash is worthy of representing the four extremes sect? "

"There's no point in staying," Shang sighed, frowning."Let's go, young master Tang."

Tang Jie gave Qian Wudi and Yunxiao, who was still recovering, a fierce glare before he turned and left.

Shen Feng stepped on the nine-winged spirit snake bird and left with Yu and the four extremes sect.

Chapter 439

?

439 Refining the medicinal power

After watching the people of the four extremes sect leave, the people of the Emyrean one Pavilion felt relieved as if they had just escaped with their lives. However, when they saw the silver-white mark on Qing Luo's throat and the fact that she was still mumbling silently with an ashen face, no one dared to make a sound.

The people of the temple of Holy Fire also heaved a sigh of relief, but they were even more worried.

Zhang hanzhe glanced at Yunxiao, who was meditating, and said with a frown, " "Young master, I'm afraid that this kid won't be able to absorb the medicinal power of the sky Soul herb in a short time. Are we just going to wait here? Why don't we leave some people to protect him while we continue to pursue the four extremes sect?"

Qian Wudi asked,"why are we chasing the four extremes sect?" Do you really believe in Noah's ship? If the information was even a little bit accurate, it wouldn't be the battlefield for us. It seems to be quite safe here. I've also entered closed-door cultivation to consume that thing. All of you, spread out and guard the area within a five-mile radius. Kill anyone who dares to come close!"

The building on the surface of the gold coin was like a Palace. He walked into the secret room on the lower floor.

Zhang hanzhe was stunned for a moment, then immediately ordered the rest to spread out. Dozens of money gang experts scattered and hid in the surroundings.

A netherworld battleship and a huge gold coin were floating in the air quietly.

After Yunxiao swallowed the heavenly soul herb, the surging medicinal power not only spread into his limbs and bones, but also poured into his dantian. It was like a pot of boiling water in his dantian, with heat constantly surging out.

Tier 9 medicinal strength, if not for his fleshy body being tyrannical, he would not be able to withstand it at all.

Even so, he showed a pained expression, he felt hot and cold at times, even Ye Fan who was beside him was affected, his expression became serious.

The demon Dragon's voice came from his soul, " "It really is the sky Soul herb! This is the world's most precious soul nourishing item. You are really a person with great luck, someone would even send this kind of thing!"

although the Dao fruit of the seven constellations realm is not something great, " Yunxiao replied in a neither humble nor arrogant manner, " even if it's just a roll of toilet paper, it can be sold for a good price at a critical moment. If it wasn't for the fact that I really need this heavenly soul herb, I could've fought with him for a greater profit."

The demonic Dragon was speechless. He had gained such a huge advantage, yet he was still not satisfied.

Yunxiao's breathing gradually grew rough, as if the medicinal power was too overbearing. It began to swim along his meridians and spread all over his body, causing him to feel a stabbing pain. As the medicinal power spread, his body began to corrode.

Zhang hanzhe, who was sitting on the gold coin, opened his eyes slightly. When he saw the painful expression on Yunxiao's face, he snorted with dissatisfaction and murmured, "it's a pity that you can't even absorb ten percent of the grade-9 spirit herb with your body. If a Martial Emperor were to consume it with sixty to seventy percent of its medicinal effect, you wouldn't be able to withstand it.

After saying that, he closed his eyes and sat down again, no longer paying attention to the changes in Yunxiao's body.

don't worry, young master," the jar said. Yunxiao has taken a ninth-tier spirit herb, so it's normal for him to suffer a backlash from the medicinal power. However, due to the limitations of his body and meridians, the medicinal power could not be fully exerted. Therefore, it would only be painful, and he would be fine. Just get through it."

Ye Fan had also consumed high level spirit herbs before, he knew the relationship between them, he said: "Everyone, take a good rest. We don't know what kind of suffering is waiting for us."

He directly sat down and closed his eyes to regulate his breathing.

Feng Zhu and the others looked at each other and did not dare to disobey. They all sat down to meditate. After what happened just now, Ye Fan did not run away in the face of danger, he was righteous and his image in the hearts of the people of the temple of Holy Fire had already been established.

Yunxiao's body was constantly heating up. If one looked carefully, they would find that almost every blood hole in his body was burning with flames, and they were getting stronger and stronger, making him tremble in pain.

In the midst of the immense pain, there was a very clear power that trickled through his sea of consciousness, nourishing his soul.

The demonic Dragon also benefited a lot and laughed, "Haha, kid, bear with it. Try your best to stimulate the medicinal power, so that you and I can have a good time!"

Yunxiao trembled in pain as he cursed, " I'm the one who suffers, and you're the one who benefits. Is there anything more tragic than this in the world? "

The demonic Dragon greedily absorbed the soul power. He felt so energetic as he laughed, " "You and I are now spiritually connected. If one suffers, we suffer. Besides, you have to suffer in pain to be above others. You have to absorb at least twenty to thirty percent of the medicinal power to live up to your name, Gu Feiyang!"

Yunxiao ignored him. Besides, the Dragon was telling the truth. This kind of soul power Fusion and sharing would bring great benefits to both sides. He began to circulate the great expansion divine technique while making a few ugly and strange movements. They were really postures of the tyrant body tempering technique to reduce the pain on his body.

Hmph, it's already deformed from the pain with such a small amount of medicine. How useless!

Zhang hanzhe opened her eyes and gave Yunxiao a cold look, her face full of disdain.

As soon as he used the tyrant body tempering technique, the pain was greatly reduced. His body began to absorb the medicinal power crazily, and his meridians began to expand under the scouring.

The medicinal power that gushed out of his dantian was getting stronger and stronger, and the speed was getting faster and faster.

The demonic Dragon seemed to have realized something and said in shock, " "Kid, you're crazy! Could it be that you're trying to stimulate all the power of this medicinal herb? Your mighty tyrant body might be able to resist it, but what about your cultivation? You're only at the martial ancestor realm, you're playing with fire!"

Yunxiao ignored him. He gritted his teeth as the medicinal power kept gushing out of his dantian. He was using a secret technique that used his dantian as a cauldron to temper the medicinal power, allowing him to unleash the medicinal properties to the greatest extent. However, it was extremely dangerous. If one was not careful and did not control it well, their dantian would be shattered. In the worst case, they would die on the spot, and in the best case, they would be crippled.

The demonic Dragon was a little shocked. He said hurriedly, "I was just joking, don't take it seriously! If you win, you'll only advance one rank, but if you lose, you'll be completely dead!"

Yunxiao changed his hand gesture and cried out coldly, "Hurry up and cultivate, stop talking nonsense! There are less than ten of these Sky Soul herbs in the entire continent, and I'm a ninth-tier Alchemist. How can I waste such a precious material? Today, I'll use my body as a furnace and fully utilize this spiritual herb!"

He changed his hand seal and the refining speed in his dantian accelerated. The medicinal power suddenly increased and gushed out, causing his whole body to hurt again.

"Ah!"

He clenched his teeth so hard that they bled, and he was trembling extremely badly. Painful roars came from the depths of his soul, shaking the demonic dragon's heart.

But, after following Gu Feiyang for so many years, he naturally knew his temper. With a determined look in his eyes, he began to frantically perform the secret technique of the dragon clan to absorb the violent soul power. The only thing he could do now was to absorb as much as possible to alleviate Yunxiao's pain.

The tyrant body tempering technique changed, and his whole body bent down and trembled violently.

big brother Yunxiao!

Ye Fan was shocked by his exaggeratedly excruciating pain, he wanted to help but he didn't know what to do.

"Young master, don't touch him, just endure it." Qi Guang said. Yunxiao's body is indeed much stronger than an ordinary martial Grandmaster's, and I guess that's the reason why the efficacy of the medicine has been stimulated a lot. Judging from his painful look, the efficacy of the medicine is at least eight or nine percent!"

eight to nine percent of a grade-9 spirit herb's medicinal power? ”

Ye fan's expression changed, even if he was a Martial Emperor, it would be extremely difficult for him to endure this level of medicinal power.

On the big gold coin, Zhang hanzhe looked suspicious. He saw that Yunxiao's body was almost touching the ground, and he was trembling violently. He did not believe that this body could withstand eight to nine percent of the medicinal power of a ninth-grade spirit herb.

At this moment, in Yunxiao's dantian, nearly half of the medicinal strength of the heavenly soul herb had been refined.

After the pain reached a critical point, and with the continuous recovery of his soul power, it finally gradually entered the bearable range. At this moment, his whole body was drenched in sweat.

“Roar!”

The demonic Dragon's Roar resounded in his soul. It roared loudly and said, ” “Haha, this feeling is too good! I've already fully recovered!” He revealed an expression of shock, as well as deep admiration, and said, ” “Kid, you can't really be thinking of squeezing out all of the medicinal power, right? in our current state, we can't absorb that much at all.”

you think too highly of me, ” Yunxiao said through gritted teeth. even a ninth-tier Alchemist can't say that he can exert one hundred percent of the medicinal effect. Moreover, I'm using my physical body to refine it, so it'll be a miracle if I can get 70%!”

seventy percent is already heaven-defying! the demonic Dragon was moved. I'll use my secret art again and try to push your soul power to the peak of the sixth rank!

The demon Dragon crouched down and began to gradually merge its body into Yunxiao's soul.

Yunxiao's soul power was only at the peak of the fifth-tier, but a new, more powerful soul power appeared, directly crossing into the realm of a sixth-tier Alchemist, and began to devour the medicinal power of the Spirit herb.

"The peak of the sixth step?"

Yunxiao suddenly gave a cry in his heart and calmed his mind completely. He tried his best to get rid of the pain in his body and let the soul that had been fused with him be nourished.

After an unknown amount of time, a peaceful expression began to appear on his face. The medicinal power in his dantian also gradually withered and eventually disappeared.

"I'm still quite a distance away from the peak of rank six," the demon Dragon sighed.

The two soul powers suddenly separated. His soul power value dropped sharply, but it still remained above the sixth step.

Yunxiao checked the condition of his body and seemed to be very satisfied. He chuckled and said, "It's enough that a single heavenly soul herb can help me reach Level 6!"

Only then did he slowly open his eyes, which were as clear as day.

"Everyone, sorry for the long wait!" He smiled lightly.

Hmph, I gave you a Grade 9 spiritual herb to swallow, but you didn't even advance a single star. What a waste!

Qian Wudi's voice came from the big gold coin, and he seemed to be very distressed, "It looks like you didn't even use ten percent of the medicinal power!"

Chapter 440-parting ways

Qian Wudi's voice came from the big gold coin, and he seemed to be very distressed, "It looks like you didn't even use ten percent of the medicinal power!"

The spirit Qi of a ninth-tier spirit herb was so strong that even if it devoured five percent of it, it was enough for Yunxiao to advance one star.

Yunxiao smiled wryly in his heart. For every star he advanced, he said that the spirit Qi He needed was ten times, or even dozens of times, that of ordinary Warriors. Putting aside the fact that most of the spiritual herb's energy had been absorbed by his body, even if it were all absorbed into his dantian and converted for his own use, he still had no confidence in advancing.

He looked at Qian Wudi's appearance. Although he was still a one-star Martial Emperor, his temperament had changed greatly, and it seemed a little difficult to see through him.

"How are you?"

have you comprehended all the martial intent of the seven constellations realm?" Yunxiao asked with a smile.

All the martial intent of the seven constellations realm!

At that moment, everyone was shocked, and they immediately understood what they were exchanging with Yunxiao!

Zhang hanzhe was also shocked. No wonder Qian Wudi's aura was completely different after he came out of seclusion, even though his cultivation level did not increase. It was as if he was in a hazy fog, making it difficult to see clearly.

Qing Luo was also taken aback. She did not expect Yunxiao to have such a thing!

The Dao fruits of the seven constellations didn't mean much to them, but to the rich and powerful sects, they would spare no effort to collect such things in order to cultivate their elite disciples. Moreover, the

two meetings of the merchant Union were about to begin, and only young people were attending. Among the younger generation, it was already the best to have the cultivation of a Martial Emperor.

It was no wonder that Qian Wudi could accept the harsh price Yunxiao offered.

the look in her eyes as she looked at Yunxiao became complicated again, and she was even more convinced that he was Li Huachi's eldest cousin. otherwise, how could an unknown young man have so many treasures?

Qian Wudi looked at him coldly and said arrogantly, "you don't have to worry about that. I'm looking forward to seeing you in Yang City. If I'm not mistaken, you're going to represent Tianyuan trading company."

Seeing that Yunxiao did not deny it, there was a hint of excitement in his eyes as he said, "Very good. When the time comes, I will prove what I said today and print the sole of my shoe on your face!"

Yunxiao smiled and said, "why don't we make another bet? not too much. Just one billion medial-grade primordial stones. How about it?"

"?!"

Even a rich man like Qian Wudi sucked in a breath of cold air, his eyes flashing with a cold light, "When you die in my hands, who am I going to get the primeval stones from?"

don't forget," Yunxiao said with a smile. you still owe me 1.1 billion. If I lose, you don't have to pay me back."

Qian Wudi's heart moved, and he was about to agree. After all, one billion mid-grade origin stones was not something that he could afford to take out easily. But when he thought of Yunxiao's cultivation base in Mount Meru, which was only at the level of a martial King, his strength that was comparable to a Martial Emperor had left a deep impression in his heart.

Now, Yunxiao's cultivation base had reached the peak of three-stars martial Grandmaster, and he could break through to four-stars at any time. In that case, how strong he was now was an unknown.

Qian Wudi, who was originally full of confidence, started to hesitate and lose his confidence.

Zhang hanzhe, who was standing at the side, felt that the atmosphere was a little off. He frowned and said, "Young master, with your strength, what's wrong?"

Qian Wudi blushed slightly as he looked at Yunxiao arrogantly and said, "Good! I'll bet one billion medial-grade primordial stones!"

Yunxiao smiled and praised, "Young master Wudi, I'm really looking forward to it. I heard that the two most powerful cultivation techniques of money sect are the shining sun scroll and the broken Moon scroll. Back then, your uncle Qian konglai used two volumes of the Grimoire to display his might on the heaven and earth Power chart. He was ranked 22nd and the world looked up to him."

Qian Wudi's expression changed slightly and he snorted, not saying anything.

Qian konglai was the number one expert in the money sect. He was extremely talented and had a great reputation.

Originally, the position of the president of the money Chamber of Commerce was undoubtedly his. That year, he went to participate in the ranking battle with great ambition. After he returned, he didn't say a word and directly moved out of the sect to live in seclusion alone. He also vowed that he would never come out of seclusion unless he achieved great success.

Money sect had lost a top expert. Everyone was depressed when they talked about this. As for Qian Wudi's father, Qian Sheng, he took a huge advantage and became the president.

Zhang hanzhe sighed, "The only person who can learn the shining sun and broken Moon scrolls is Lord Kong Lai. He paused for a moment, then sighed, "Back then, when you had free time, the broken Moon treasured scroll was on you. I heard that someone else snatched it away."

“Ah, ha, haha.”

Yunxiao chuckled dryly as beads of sweat oozed out of his forehead. “Who’s so wicked to steal someone else’s martial technique scroll?”

Qian Wudi said coldly, “this was originally a secret of the sect, but after so many years, many people know about it.” There was no harm in saying it out loud, but as for snatching the person’s Kasaya, he stopped and said, “I don’t know who it is. Uncle had never mentioned it. Maybe he wants to take it back for himself.”

Zhang Han sighed. it’s not that easy. Only someone in the top 20 of the heaven and earth Power chart would be able to steal something from Master Kong Lai.

“The heaven and earth Power chart!”

Qian Wudi’s eyes gleamed with anticipation.

“Cough cough!”

Yunxiao coughed dryly. that’s a little off topic. Young master Wudi, remember to come.

When he looked at Qian Wudi now, he was like an elemental stone Mountain. 2.1 billion Yuan was enough for him to cultivate to the peak of the martial ancestor realm!

“Hmph!”

Qian Wudi snorted angrily. He was disgusted by Yunxiao’s look as if he was a piece of fat meat.

All of a sudden, everyone’s heart stirred. They raised their heads and looked around, only to see that a large number of Five Element spirit devouring rats had begun to become agitated. They were all flying in one direction at a rapid speed, covering the sky and the earth as they flew away.

big brother Yunxiao!

Ye Fan suddenly called out, his face showing a strange and anxious expression, he kept looking around.

Yunxiao's heart trembled, and he immediately understood.

Ye Fan only showed such an anxious expression because he sensed Noah's ship. However, there were too many people here and he didn't even dare to transmit his voice. He was afraid of being caught and then he would die.

Yunxiao glanced at the spirit rats that were flying away quickly and said, "These rats came and left in a strange way. There must be a reason. Brother Wudi, are you interested in taking a look?"

Qian Wudi looked hesitant. He had just swallowed the seven constellation Dao fruit and was bent on cultivating in seclusion.

Qing Luo finally broke the silver mark on her throat and spoke. She seemed to have held it in for too long, so she spoke in a single breath, "I'm not going! I suddenly remembered that I still have important matters to deal with in the sect, so I'll take my leave. The mountain will not move, the water will move, we will meet again!"

This trip to the demon Plains was just a casual visit after receiving a notice from the higher-ups, but she did not expect to almost lose her life. She could not stay here for another moment. The rest of the Empyrean one Pavilion's people also responded, hoping to return home.

Yunxiao laughed in his heart and said, "since that's the case, lady Qing Luo, can you lend me this netherworld warship?"

"Borrow a battleship?"

Qing Luo pulled a long face and said coldly, "li Yunxiao, do you think this warship is a cabbage? He just borrowed it! If it's damaged, can you afford to pay for it?"

Yunxiao turned to Qian Wudi and said, " brother Wudi, I want to borrow their warship. Can you help me? "

Qing Luo's expression changed drastically as she looked at the gold coin with a dark expression.

Qian Wudi also knew that Yunxiao wanted to use his power to snatch the warship, so he immediately laughed and said, " "The battleship belongs to them, what can I do? Aiya, I also suddenly remembered that I still have very important matters to deal with in the sect, so I'll take my leave. The mountain will not move, the water will move, we will meet again!"

The gold coin began to move slowly and was about to leave.

Qing Luo breathed a sigh of relief, then looked at Yunxiao and the others and sneered, " "But since we've been through thick and thin together for so long, I'll lend you a smaller one," She threw out a beam of light, and a Tigerking chariot appeared outside the battleship.

Although the chariot was small, it was enough to accommodate them.

When Yunxiao saw that Qian Wudi was really leaving, he knew that there was no hope for him to seize the warship. He could only sigh and say, " "Then we'll meet again. Take care, everyone. I hope we'll meet again in yang city."

He and the people from the hall of Holy Fire jumped onto the Tigerking chariot.

Ye Fan rejoiced in his heart, if so many people went, he would not know what to do.

Qing Luo laughed and said,"haha, we will definitely go to yang city." You'd better take good care of yourself!" She laughed and turned the warship around, turning into a beam of light and leaving.

Qian Wudi also said goodbye and disappeared.

Yunxiao suddenly frowned and sighed as he watched the netherworld warship disappear in the air.

Ye Fan was puzzled, 'big brother Yunxiao, isn't it better for them to leave? We can act on our own.'

Yunxiao sighed and said, 'Qing Luo and the others may be in danger. Other than them, there are other people on that battleship.'

"The others?"

The few people from the hall of Holy Fire looked at each other in confusion. Furthermore, there were so many people on the battleship, yet no one had discovered it. How did he know?

When Yunxiao was eating the heavenly soul herb to cultivate earlier, he had sensed the person hiding in the warship, but he could not be sure. When he fused with the demonic dragon's soul, his soul power had reached the peak. He was sure that there were five people hiding in the battleship, and they were all very powerful.

He cast aside his distracting thoughts and said, 'let's not care about them.' Ye Fan, what did you sense?"

Ye fan's face was serious, " aura! The aura of Noah's ship! I feel a kind of summoning, Noah's ship is summoning me. This feeling is very strong!"

Yunxiao was taken aback as he looked in the direction where the spirit mouse had disappeared. Frowning, he said, " if Noah's boat is really in the demon's land, then only one person knows it best, and that is the rat Emperor. What is he trying to do with so many spiritual rats flying around? "
