

The Eternal 501

Chapter 501-subduing everyone

After Yunxiao went in, he saw Yuan gaohan standing inside with a blank look on his face. His pupils were wide open, as if he had sensed something, and he was almost petrified.

“This, this place is dense. Is this Noah’s ship?”

He asked nervously with a little fear. When he saw Yunxiao’s figure emerge, his heart was filled with dread. As a ninth-tier Alchemist who had read a lot of books and was very knowledgeable about all kinds of things, he was able to discover the situation here immediately.

Yunxiao looked at him indifferently and explained, “It’s not Noah’s ship, but it’s a transcendent-grade Mystic artifact that’s the same as Noah’s ship. Perhaps it’s more appropriate to call it a ‘holy artifact’?”

Yuan gaohan was really panicking this time. Although he had already guessed it, it was still confirmed by Yunxiao’s words, which shocked him greatly. “You ... You have a Saint artifact? There are only two or three of such items in the world, so which one is this Saint tool?”

Yunxiao’s pupils constricted as he said coldly, “Isn’t Noah’s ship the only one? It seemed that as a Saint, he knew more than ordinary people. I’m very interested to know what the two or three items you mentioned are.”

Yuan gaohan immediately shut his mouth, his eyes filled with a complicated expression as he said, “It seems that you really aren’t a disciple of the soul Devourer sect. Otherwise, Huangfu bi would never allow his disciples to have such a heaven-defying sacred object. In the history of the human race, only Noah’s ship has been recorded, but in the long history of the heavenly martial arts realm, no one would believe that Noah’s ship is the only Saint tool.”

He paused for a moment and seemed to be slightly relieved. “Since you have the Saint artifact, you naturally don’t need to fear the chaotic flow of energy in the Silver River,” However, he was also full of worry and apprehension as he said, “What do you plan to do with me?”

He also realized that he knew Yunxiao's Secret, and the latter would not let him go easily. He finally knew what that grievance meant, Yingluo.

Yunxiao smiled. old Yuan, it seems that you're not stupid. Just don't play dumb in front of me in the future. You're wrong about one thing. Even with this Saint artifact, I don't have the confidence to cross this Galaxy, because this Saint artifact was extremely heavily damaged when it fought against another Saint artifact. It's also been ravaged by the immemorial astral winds just now, so it's even more broken now. This is also why I need your help."

another holy weapon?!

Yuan gaohan's eyes bulged out. He found that what he saw and knew in a day was more shocking than what he had seen in a lifetime. In the legends, only Noah's ship was recorded in history, and now three of them had appeared!

"En, the specific situation is a little complicated, and I don't have time to explain. I need you to help me control this Saint artifact and cross the other shore!"

Yunxiao said with a serious face.

"That's natural," Yuan gaohan nodded and said, "escaping is the most important thing now." But I want to know how you will deal with me. "

He was extremely worried. In this Saint artifact, Yunxiao could control the laws of heaven and earth with a single thought. He was no match for the other party at all, so he had to negotiate the conditions while he could still play his role.

Yunxiao narrowed his eyes and stared at him. Suddenly, he laughed and said, " "Old Yuan, don't worry. I won't harm you. Otherwise, if I kill you, your true body will immediately know everything that happened here. At that time, I will really be in danger."

Yuan gaohan's expression changed and he asked in horror, "Are you going to imprison me forever?" In that case, it would be better to die.

don't worry. Yunxiao shook his head slightly and said, " I'll naturally imprison him for a while. But I can guarantee two things. First, your cultivation here will not be any worse than in the outer space of the realm. Second, I need you to help me refine something. Three, as long as I recover to my peak strength, I will definitely let you out!"

Yuan gaohan's face was gloomy and uncertain, and he asked with some doubt, "Just like this? You're not lying to me?"

He did not know that when Yunxiao said that he could recover his strength to the peak, he meant that he could return to the peak of the nine Heavens realm. He thought that it was just his current peak four-stars martial Grandmaster, and thought that the conditions were too simple.

Yunxiao looked at him coldly and said proudly, " "I've always been a man of my word, when have I ever lied to anyone?" He waved his hand, and Gu Yuesheng and the others immediately appeared nearby. Each of them looked at Yuan gaohan with a stunned expression.

I promised you before, " Yunxiao murmured. you can leave as long as you help me once. You're free now, I won't force you to stay if you want to leave."

When everyone heard this, they were all overjoyed. Situ Heng was the first to laugh. He cupped his hands and said, "Many thanks, many thanks!"

Yuan gaohan's face revealed an extremely strange expression, there's a demon outside, and he has a sacred weapon-ancient gods battlefield. Aren't you trying to trick them? "

"W-what? Demon? A Saint artifact?"

Those people's expressions all changed. Although they didn't know what a great demon and a holy weapon were, they could tell that they were very powerful. Gu Yuesheng's face showed anger and he said, " "You want to harm us?"

Yunxiao crossed his arms over his chest and said leisurely, " "Gu Yuesheng, I don't like what you're saying. You all saw how the astral winds were wreaking havoc earlier. If we let you out at that time, who would be able to survive? Although there's a great demon outside, it's currently trapped by the

immemorial astral wind and won't be able to come out for a while. If you go out now, you'll be safe for at least an hour."

The six people's faces were all gloomy and uncertain. They still had a lingering fear of the destruction caused by the immemorial astral wind. It was actually an existence that could contend with that kind of thing. Even if they were given an hour to escape, they might not be able to escape.

"Can't you just find a safer place before letting us out?" Yue jiulin couldn't help but ask.

"I'm sorry," Yunxiao sneered. everywhere I stand is dangerous. It's up to you whether you want to leave or not. I called you over to tell this old Yuan that I'm a man of my word."

Yuan gaohan was also speechless. Although he didn't go back on his words, he was still a bit embarrassed.

The six of them were all angry and hesitant. If they missed this opportunity, who knew when the next one would come.

Duan Yue laughed gloatingly and said, "I think you'd better just return to young master Yun's side. Don't always think about how to escape. That way, it won't matter whether you leave or not.

Yunxiao looked at the three men from the temple of Holy Fire and said, "the three of you can stay. I have a good relationship with Ye Fan and he was the one who sent me here on Noah's boat. The next time I see ye Fan, I will let you go out to see him.

The three of them were shocked, and then they were overjoyed. They said excitedly, "You, is what you said true? Did young master really get Noah's ship?"

"Of course!" Yunxiao nodded.

Yuan gaohan was shocked to see that Noah's ship had really appeared. He had been in the outer realm for ten years, and many major things must have happened, but why hadn't his main body sent anyone to pick him up? Could it be that the Holy region was still peaceful?

The three men were so excited that they could not put their emotions into words. They still believed Yunxiao's words. It was no longer important whether he could get out of here or not. Overjoyed, he flew directly behind Yunxiao, planning to follow him for the time being.

Yue Jiulin remained silent for a long time before he finally sighed and said, "Young master Yun, it's my blessing to have such a Supreme-grade profound level weapon and to have the luck of heaven. I hope young master Yun won't abandon me. I wonder if I have the honor to follow you?"

Yunxiao glanced at him, then laughed and said, "Not bad! Mr. Yue, it seems that the divine realm tablet is very suitable for you. I didn't notice it, but I've become an eight-stars Martial Emperor in such a short time! That's right, you have the qualifications to follow me for the time being, but if you can't advance any further, this qualification will slowly be revoked."

Yuan Gaohan was shocked. It turned out that this Saint weapon was called the divine realm tablet, and it wasn't among the few Saint weapons he knew of. What made him even more confused was that Yunxiao was only a four-stars martial Grandmaster, while the other party was an eight-stars Martial Emperor. He really did not know where Yunxiao got such confidence from!

"What about you guys?"

For the last time, Yunxiao looked at Situ Heng and Gu Yueheng and said, "Oh right, I forgot to tell you. The skeleton and storm mercenary Corps no longer existed. Chen Chuanjiu and Shen Feng have both died, and now, the Qingge forest is under the rule of the rookie mercenary group!"

"What?"

The two of them were shocked. After recovering from his shock, Situ Heng immediately came back to his senses. After some consideration, he cupped his fists and said, Situ Heng is willing to follow young master Yun. However, his strength is too low, and I'm afraid that young master Yun won't be interested in him.

Yunxiao gave him a look and said, "Your talent is indeed not very good. But, in my divine realm tablet, it's very possible for you to reach the peak of martial venerable realm in the future. If you're lucky, you'll have a chance to break through to the rank of a martial Supreme."

“What?”

Situ Heng was shocked. His mouth was wide open, and his face was filled with disbelief.

He was well aware of his own body's condition. His biggest dream in this life was to break through to the Martial Emperor realm. How could the other party say that he had a chance to break through to the martial Supreme realm? Who did he think he was? did he think he was a ninth-tier Alchemist? Situ Heng's heart was filled with a strange and unconvinced feeling.

Yunxiao ignored him. Finally, he looked at Gu Yuesheng and said, “You're quite talented, kid, but you've taken the wrong path. I'll find you a teacher now, and I guarantee that he'll be better than that crazy master Jie of yours. How about it?”

“What? Crazy Jie?”

Yuan gaohan's pupils shrank. He stared at Gu Yuesheng and said in disbelief, “You said his master is crazy Jie? Isn't that madman already dead?” Then, he revealed a strange expression and said angrily, “You're not referring to me when you say that master, right?”

Gu Yuesheng's face was also full of disdain. He snorted contemptuously and said suspiciously, “Him? He seems to be a soul, right?”

Yuan gaohan's eyebrows twitched slightly. He looked at Gu Yuesheng in surprise and said, “This brat really has some skills. He can actually see through my spiritual body.”

Yunxiao smiled, then pointed at Yuan gaohan and introduced him to the crowd, “This is master Yuan gaohan, a ninth-tier Alchemist of the Holy region.

“?!”

After the entire space sucked in a breath of cold air, it was silent. There was no sound.

Chapter 502-crossing the Galaxy

This time, Gu Yuesheng was really shocked. Situ Heng and Duan Yue also had their mouths wide open. They were all stunned.

A ninth-tier Alchemist was like a god, and even a Martial Emperor could not meet them easily. But now, he had been brought into the divine realm tablet by Yunxiao. Lao Ai, how big of a face did he have?

The group of six immediately felt unusually nervous. Even though they were in the air, they still felt somewhat uncomfortable. They were always afraid that their image was not right and that they would make Grandmaster unhappy.

“You’re the last one left, old Yuan. At least submit to me for the time being.” Yunxiao stared at Yuan gaohan and said indifferently, ”

“?!”

In the silent air, only the sound of gasps could be heard as they all looked at Yunxiao in horror.

What did he just say? Did I hear it right? He wanted to make a ninth-tier Alchemist submit to him?

Everyone was shocked, but Yuan gaohan’s face was gloomy and uncertain, unable to make a decision.

If he agreed, where would he put his face? if he didn’t agree, he would be the meat on the chopping block. Not to mention not letting you out, even if I let you out, you will still die. His eyes flashed with a look of intense struggle.

Yunxiao could see his concern, so he said with a smile, ” “While I’m recovering my peak strength, you only need to help me refine some equipment and pills. I won’t let you do anything other than refining. In addition, you’ll have unexpected gains here.”

Yuan gaohan's heart suddenly moved. Thinking that this was a Saint weapon, his eyes suddenly burst out with a strong light.

Yunxiao smiled as a beam of golden light streaked across the air. Wherever it passed, golden tadpole-like characters faded away. It was the great realm divine technique. After the time it took to brew a cup of tea, more than a hundred words appeared.

Yuan gaohan almost forgot to breathe, a deep look of desire appearing on his face as he said, "Good! During this period of time, I will submit to you and help you recover your strength with all my heart and soul! However, those words just now ..."

As soon as he agreed, the seven people's faces changed, and they finally revealed looks of surprise.

Who else could subdue a ninth-tier Alchemist except those peak martial sovereigns or those who were like super forces?

Yunxiao was overjoyed. He nodded and said with a smile, "No problem. You can study those hundred words as you wish. I only know a few of them, and I need your help to decipher them."

Moreover, what he needed more was Yuan gaohan's alchemy ability. As an eighth-tier Starlight soul body, it was equivalent to the strength of an eighth-tier Alchemist, which was enough for him to refine many special pills that he could not refine at his current stage.

Let's not waste any time. Let's work together to control this divine realm tablet and let him cross the galaxy. Otherwise, everything will be in vain!

Yunxiao looked at the other seven and said, "Don't go, either. It's always good to have more strength, no matter how insignificant it is."

At that moment, the seven men admired and obeyed Yunxiao from the bottom of their hearts, and they dared not overstep their boundaries. Even Duan Yue was a little nervous. With a ninth-tier Alchemist present, he did not even dare to speak loudly to Yunxiao.

Yunxiao set up a huge array in the air and sat opposite Yuan gaohan, while the other seven people stood around him, all looking at him nervously.

“The deity technique that controls this Saint artifact is called the ‘great realm deity technique’. The meaning behind it is unclear, so I can only use the power of the characters to control the power of the Saint artifact. Now, old Yuan, you will cooperate with me and use this formation to unleash the power of the great realm divine technique’s words. When it enters the Milky Way, there will definitely be a large amount of terrifying energy rushing in from the outer space. Everyone must work together to resist it!”

“Yes!”

Everyone, including Yuan gaohan, shouted in unison.

The divine realm tablet was like a house that was leaking air on all sides. Water would definitely enter if it rained.

Without saying anything more, Yunxiao began to use the energy in his body to manifest the great realm divine technique on the array. For a moment, a golden light flickered, and over a hundred characters kept shaking in the air. Each character contained great power, but they were like locked boxes, and the profound meaning could not be understood.

Yuan gaohan’s heart trembled as he hurriedly cast a spell and poured his strength into the circular array. His eighth-order soul power rushed into it and immediately stabilized the Golden characters in the air, preventing them from immediately disappearing.

The entire divine realm tablet was suspended at the edge of the Galaxy. Suddenly, a golden light flashed on the tablet, and the patterns on it kept emerging. The entire tablet became very spiritual.

“Whoosh!”

The divine realm tablet turned into a ray of light and rushed into the River of Stars in the golden light, looking in the direction of the heavenly martial continent. Wherever the golden light passed, all forces were repelled and pushed to both sides, like a pair of scissors cutting through a piece of cloth.

In the distance, the demon and the crocodile's battle was also gradually coming to an end.

The large amount of earth floating in the air was originally thought to be a piece of ruins, but it was all gathered under the control of the ancient tower. It formed a desert around the ancient tower, and in the end, it was sucked into the ancient tower along with the crocodile formed by the wind.

After taking back the countless pieces of Broken Earth, the ancient Pagoda seemed to have some intelligence, and the patterns on it flickered continuously. Looking in through the window on the tower, one could see the sky full of yellow sand and all kinds of ruins. They were in different levels and spaces of the tower, and the crocodile was at the bottom level, roaring repeatedly but to no avail.

the ancient gods 'battlefield is too severely damaged. We must reopen the earth, water, fire, and wind fields to restore it to its original peak power.

The demon looked at the spinning tower in his hand with worry. He muttered, "These ruins and the immemorial astral winds just so happen to be able to be refined into the power of the earth and wind domains. I'm only lacking the water and fire elements." He cast his gaze to the heavenly martial arts realm in the distance, and suddenly saw the divine realm tablet shuttling back and forth in the Galaxy. His pupils were slightly shocked, and he said in surprise, "That's Yingluo."

"Why does it look so much like that Saint artifact?"

The demon's eyes were weird and he said in shock, " could it really be?!"

He suddenly clenched the ancient gods 'battlefield in his hand and gathered all the demonic Qi in the sky. Then, he turned it into a ray of light and rushed forward. In the dark night, he was like a star that had been extinguished as he chased after the demon.

The entire space kept shrinking and retreating under his light. In an instant, he came to the edge of the Milky Way. He stared at the divine realm tablet, and his face became more and more solemn.

His divine sense entered the Milky Way and felt the terrifying power inside. His expression suddenly changed. After thinking for a while, he gritted his teeth and said, "I'll repair my ancient gods 'battlefield first, and then I'll find the person who made the divine realm tablet. Since that person had

the divine realm tablet, it wasn't a good time to be hostile to him for the time being to prevent the Saint artifact from being damaged further. However, it's not that easy to escape back to the realm of heavenly martial arts so smoothly!"

The ancient tower disappeared in a flash in his hand, and a huge demonic shadow appeared behind him immediately, transforming into a Dharma form with three heads and six arms. Each of his hands made a seal, and then a large amount of demonic Qi gushed out from the six seals, constantly condensing and surging, and finally forming a black and shiny ball. It flew out of his hand, rushed into the Silver River, and chased after the divine realm tablet.

The great demon stared coldly at the light of the divine realm tablet in the distance and said in a cold voice, " I'll let you off this time. I'll only give you a little trouble. You won't be so lucky next time.

After he finished speaking, his body disappeared into thin air at the edge of the Milky Way. After that, they only saw a spot of light wrapped around an ancient Pagoda. It kept flashing in the dark night, heading in the opposite direction of the realm of heavenly martial arts.

.....

At this moment, in a bustling Street of a city somewhere on the heavenly martial continent.

A man dressed in a blue robe with butterfly patterns strolled around with great interest, as if he was curious about everything.

Suddenly, he stopped and his pupils shrank. He raised his head in horror, trying to see through the layers of the sky. However, there were no clouds for thousands of miles. The sky was clear and he could not see anything.

Just as he was bewildered, his head suddenly ached violently, as if a large amount of complicated information had been injected into it. It gave him a splitting headache, and he held his head and roared.

The pedestrians on the street were all shocked and immediately made way for him. They watched as the handsome man held his head and screamed. Soon, he rolled on the ground in pain. In the end, his legs

opened up and he stopped moving. He lay on the ground, but his face was calm. Only his brows were tightly knitted.

“Hey, what’s wrong with that person? It can’t be dead, right?”

it’s possible. The epilepsy was so severe just now. He was a good young man, but he died just like that. Sigh, life is really unpredictable!

“This man is quite handsome, what a pity, could he be alive? Anyone who knows medicine can go up and take a look.”

“Tsk, don’t harm me! If I go up to take a look and he suddenly wakes up and says that I knocked him down, then I won’t be able to clear my name even if I jump into the Yellow River!”

“Don’t worry, everyone will be your witness. There are so many witnesses, and they will all be on your side. Everyone, right?”

“Yeah, yeah!”

The surrounding people immediately responded, and one of the big men even shouted, “As everyone can see, this man fell because of his epilepsy, and it has nothing to do with the old doctor. If the young man wants to be unreasonable and refuse to pay the medical fee, we will all testify for the old doctor!”

“I will, I will!” The people around him said with a righteous look.

Only then did an old doctor dare to step forward and squat down to take the man’s pulse. As soon as he touched her pulse with two fingers, his entire body trembled, and his face revealed a shocked expression. His eyes became paralyzed and lifeless, as if he had turned into a fossil.

“Thank you, old man. I’m fine!”

The young man suddenly did it himself and moved his hand away. The old doctor was quick-witted and came back to his senses. He looked at the man in horror, screamed in fear, and ran away like crazy.

“Tsk! You’re lying on the ground and pretending to be dead, really!”

The onlookers only felt that it was boring and dispersed.

The young man’s expression turned serious and his eyes glowed with a faint blue light. He stared into the depths of the sky and his handsome face was exactly the same as the man who owned the battlefield of ancient gods. It was di Jia who came out of Mount Meru!

Chapter 503

?

503 Suppressing the demonic Qi

The divine realm tablet shuttled through the Milky Way galaxy at a high speed and was hit by the Black Devil Qi that was chasing after it, making a huge vibration and a loud rumble.

Fortunately, the Black Devil Qi was almost worn down by the various terrifying energies in the Xing River. But even so, it stuck to the surface of the divine realm tablet like maggots in a corpse and could not be removed. As a result, the golden light emitted by the divine realm tablet gradually dimmed.

After a few breaths, the golden light brightened again and the black demonic Qi completely disappeared. It actually rushed into the space inside the stele!

Inside the divine realm tablet, everyone first felt a violent tremor and almost lost control. When they finally stabilized themselves, the entire sky suddenly darkened again. Devil Qi rolled in the air and roared down.

Everyone was taken aback, and they were all extremely vigilant. Duan Yue and the others all held all kinds of profound level weapons in their hands, ready to fight at any time.

Yuan gaohan poured all of his soul power into the array, and at this moment, he was bitterly holding on, the light on his body flickering, "What's with your Saint artifact? It's like a leaking boat, anything can come in!"

Yunxiao smiled wryly and said, "Didn't I say it was damaged? I'm having a headache too. Is there anyone in the entire realm of heavenly martial arts who can cultivate this kind of thing?"

After a brief pause, Yuan gaohan fell silent, his eyes flashing with excitement as he looked at Yunxiao from time to time.

I'm afraid I'll have to rely on you to repair the divine realm tablet, " Yunxiao said with a smile. This was also the main reason why he wanted Yuan gaohan to submit to him, because he couldn't find a second reliable Alchemist master who had the ability to repair the divine realm tablet.

Yuan gaohan was overjoyed and quickly nodded, "Don't worry, I'll do everything I can to fix it!"

It was a great honor for every Alchemist to be able to touch a profound level weapon of this level and get involved in it themselves. Even a ninth-tier Alchemist could only come across such an opportunity by chance. Just like how Yunxiao had hoped to see Noah's ship at that time.

In the study of alchemy, every Alchemist put it first, which was far more important than any other interests.

At this time, the demonic Qi that poured in from all directions began to wreak havoc, whistling down. Duan Yue and the other seven raised their energy to the maximum and rushed forward with a roar. DarkThunder was also fighting against the demonic energy with its lightning flashing.

Yunxiao was shocked when he saw this. that great demon is probably an existence of the nine Heavens realm. It's just a ball of demonic Qi, and it's been consumed from a very far distance, but it's already so overbearing!

The demon that was released this time seemed to be much more powerful than di Jia. Back in Mount Meru, they had been able to fight with di Jia for a long time with the combat power of martial emperors. The last wisp of divine sense of a Martial Emperor had almost suppressed him.

This time, even the crocodile formed by the immemorial astral wind could not suppress the devil. He also had a sacred weapon-the battlefield of ancient gods. This was really a huge mess. Other than those super forces, no one else would be able to contend against them.

Yuan gaohan's face was also filled with worry, as if a trace of regret had appeared.

"Saint artifacts have appeared in large numbers, and the heavenly fortune is afraid of changes. That demon coming out at this time is also God's will, it can't be completely blamed on us."

Yunxiao looked at the demonic aura and said with a serious face, "If there's really something big, it's a tribulation of this era that can't be resisted by human power." He formed a seal with one hand, and a bright red color immediately gushed out from the ground. The true Phoenix Fire soared into the sky.

Just as Yuan gaohan began to think about his words, he was shocked and his eyes revealed a look of horror. The infinite power contained in the flames made him feel a little shaken. He asked in horror,"what kind of flame is this?" It's actually an elemental power that's approaching the origin!"

it's the Natal divine flame of the ancient true spirit Phoenix, " Yunxiao said expressionlessly. unfortunately, my strength is too low, so I can't control it well. Otherwise, with this flame, even if we were to fight the great demon, the outcome would be uncertain."

"Who the hell are you?" Yuan gaohan was dumbfounded and asked in a daze. You have the true Phoenix Fire too?" He suddenly understood and said in surprise, "You went to the outer space to collect the immemorial astral wind and open up the earth, water, fire, and wind?"

Yunxiao showed a look of praise and said, "I don't have the ability to reopen earth, water, fire, and wind. The divine realm tablet contained the four territories, which formed a world of its own and could even nourish all things. However, when I obtained the Saint artifact, it was already extremely damaged. I had to try to activate the four territories, and I successfully activated the fire and earth territories."

Yuan gaohan was shocked and muttered,"You've activated two territories, so you still have the earth origin element. Now, you've also obtained the immemorial astral wind. All you need is the water origin. It's very likely that you can repair it!"

At this moment, the true Phoenix Flame rushed into the sky and burned wildly at the demonic Qi. It quickly dispersed the demonic Qi and continued to escape, as if it still had intelligence.

Yunxiao's brows furrowed even more when he saw the result. This is going to be a little troublesome. The devil Qi can't be dispelled. It has dissolved and hidden in the divine realm tablet.

It's fine," Yuan Gaohan said. As long as we can repair this divine monument, the power of the territory will spread out, and the demonic Qi will have no way to escape.

The two of them stopped talking and silently worked together to control the formation.

The divine realm tablet soon passed through the Milky Way space, turned into a meteor, and fell toward the land of the heavenly martial realm.

.....

Under the starry night, clear waves of green grass, deep in the winter.

"Yinnian, why did you call me here? If you don't give me an explanation, I won't let you off today!"

A delicate and pretty woman was furious. She was dressed in a flowery-collared brocade robe and had a Jade hairpin in her hair. Her body exuded a faint Yuan Qi fluctuation, and she was clearly a cultivator.

He looked to be about 16 or 17 years old, and he was very wary of the man in front of him. His eyes were full of anger.

Hehe, of course it's a great thing. Otherwise, how would I dare to disturb Junior Sister Dong 'er's cultivation!

This man called Yin Nian tried to ingratiate himself to her, but it didn't seem to have much effect. Not only was his Junior Sister Mei Dong 'er unhappy, but she also looked down on him even more.

Yin Nian stopped smiling and said awkwardly, " the sect competition is the day after tomorrow. Only the top ten disciples can be accepted as the personal disciples of the sect leader.

Mei Dong 'er's face turned cold as she said, " "You know this, but you still come to disturb me at such a critical moment! If there's nothing else, I'm going back to cultivate. Senior brother yinnian, goodbye!" Mei Dong 'er turned around and was about to leave.

"Junior Sister Dong 'er, I've gone through a lot of trouble to find a Megrez inner core!" Yin Nian hurriedly said.

Mei Dong 'er's figure suddenly came to a stop. Under the starry sky and moonlight, her back view appeared graceful and graceful. Yin Nian's heart palpitated with excitement as he looked at her.

Mei Dong 'er slowly turned around and carefully asked, " "What did you just say? You have a Megrez inner core?" She asked very carefully, as if she couldn't believe it.

Yin Nian heaved a sigh of relief and suppressed the evil fire in his chest. He revealed a proud expression and said, " "Of course. Otherwise, I wouldn't dare to waste junior martial sister's precious time. This Megrez inner core is ranked fifth, and its quality has reached the level of high-grade. As long as Junior Sister Dong 'er consumes it tonight, she will definitely be able to break through to the level of a six-stars martial Grandmaster before the sect's grand competition the day after tomorrow. She will be able to suppress all her fellow sect members and become the personal disciple of the sect leader!"

The smile on his face was extremely ugly, causing Mei Dong 'er to feel nauseated. However, she couldn't resist the temptation of the Megrez inner core, and said, this Megrez inner core is extremely precious. It can be sold for a sky-high price of at least several million mid-grade origin stones outside. If senior brother were to consume it, his strength would also increase greatly, and it would be equivalent to several years of bitter cultivation.

Yin Nian smiled, shook his head, and sighed."Sigh, I'll probably be stuck at the one-star martial Grandmaster level for the rest of my life. After all, I took too many supplementary medicines when I broke through to six directions realm, causing endless disasters. I'm afraid I won't be able to advance in my life."

He was originally a disciple of a big family, but he had been stuck at the peak of the martial King realm for many years. Feeling hopeless, he had collected a large number of supplementary pills and even invited two martial arts grandmasters to help him with their origin power. Only then did he break through the barrier and become a martial arts Grandmaster. However, there had been no progress for the past few years. No matter how hard he cultivated, he could only reach his current cultivation level.

After that, no matter how much medicine he used, there was no improvement at all. Finally, he gradually despaired and no longer thought about cultivating. He spent his days drinking and doing nothing, which also caused many disciples in the sect to feel disgusted.

Although Yin Nian was also a Playboy in the past, he spent most of his time on cultivation. After he gave up on himself, he became a complete Playboy. He thought about how to pick up women all day long, especially the female disciples in the sect who had promising futures. They seemed to think that they couldn't make it, so they wanted to save the country and find a more powerful wife.

In addition, his family background was indeed good. They were rich and had a large amount of cultivation resources. This caused many female sect members to throw themselves into his arms. He did not refuse any of them, but after tasting so much delicious meat, he wanted to find a good one more. Thus, he set his eyes on Mei Dong 'er.

Mei Dong 'er's family background was also not simple. She seemed to be a member of the legendary Mei family, but she was only a branch. Although her surname was Mei, she could not enjoy the benefits of the Mei family. She was no different from the children of ordinary families and cultivated under the Big Dipper sect.

However, Mei Dong 'er's talent was indeed extraordinary. She had stepped into the six directions realm at the age of fifteen. In the following year or so, she had broken through five stars in a row and rushed to the peak of the five-star martial Grandmaster realm. Although this kind of speed wasn't completely unique, it was definitely one of the best within the sect.

There were rumors that even if Mei Dong 'er couldn't get into the top ten in this competition, the sect leader still had the intention of taking her as a personal disciple. After all, it was extremely difficult to find a good seedling. In addition, Mei Dong 'er's family background was the legendary Mei family's bloodline. If they were to discuss it, it wouldn't lose to the Big Dipper sect. All these factors made Mei Dong 'er Yin Nian's biggest target.

Chapter 504

?

504 Meteorites

While he was pursuing Mei Dong 'er with all his might, he hadn't given up on pursuing the other good seedlings in the sect. This was called casting the net to catch the fish. Flowers were blooming everywhere, and one or two would always be successful.

How could Mei Dong 'er not know what he was thinking? however, the temptation of the Megrez inner core was too great. If she had this pill, she was completely confident that she could rush to the level of a six-stars martial Grandmaster within three days and directly enter the ranks of the top ten disciples.

"Senior brother yinnian, how much does this Megrez inner core cost? I'll definitely pay you back in the future." Mei Dong 'er wasn't a fool. She naturally knew that if she wanted this pill, she would have to make a sacrifice.

As expected, Yin Nian chuckled and said, return what? even though it's worth millions of medial-grade primordial stones, what happened to Junior Sister Mei Dong 'er is my business. You can just take it and consume it.

He stretched out his hand, and a warm Jade box appeared in his palm. It was enough to show the importance of this pill.

Mei Dong 'er's heart skipped a beat. After hesitating for a long time, she finally couldn't help but take it. She opened it and saw a round pill lying inside. It was indeed a Megrez inner core, but its quality wasn't high grade. It was only slightly above average grade. Even so, it was enough for her to break through the shackles of peak five-star.

thank you, senior brother yinnian. I'll definitely pay you back!

After Mei Dong 'er finished speaking, she turned around and floated away.

"Hey, don't go!"

Yin Nian moved in a flash and stopped Mei Dong 'er. "This Megrez inner core's medicinal properties will require three days to be completely absorbed, and the process can not be disturbed by others. This place is quiet and secluded, just right for Junior Sister to absorb this pill. In addition, senior brother will be protecting you from the side, so it's enough to ensure your safety."

Mei Dong 'er frowned and thought to herself, 'it's precisely because you're here that I have to go back and swallow it. Otherwise, I could have just found a random place to swallow it. '

"What?" Yin Nian asked. Does junior martial sister not Trust Senior martial brother?"

"Of course not!" Mei Dong 'er hurriedly replied.

After all, the pill was given to him by Yin Nian, so he didn't want to embarrass him. He said reluctantly, "Then I'll have to trouble senior brother to protect me."

She wasn't too worried. After all, her cultivation level was much higher than Yin Nian's, so she wasn't afraid of him playing any tricks. He immediately found a smooth and Flat Rock, jumped onto it, and sat down cross-legged, adjusting his condition to its peak. Then, he carefully took out the Megrez inner core and swallowed it.

Soon, he felt the powerful medicinal power spreading rapidly in his body and being absorbed by his meridians. The surging Yuan Qi began to flow in a dense mist.

Under the starlight and moonlight, Mei Dong 'er's appearance appeared even more delicate and lovely, causing Yin Nian to repeatedly swallow his saliva.

After the time it took to brew a cup of tea, Yin Nian suddenly said, " "Junior Sister Dong 'er, the night is so beautiful today."

Mei Dong 'er's face alternated between green and white. She suddenly opened her eyes and said in shock, " "Senior brother, what did you put in the Kasaya? Why do I feel that the true Qi in my body is beginning to increase and decrease instead, and there are even signs of it collapsing?"

Yin Nian laughed sinisterly. He raised his head to look at the starry sky and sighed in admiration. What a beautiful Starry Night. It's so quiet and the moon is so bright. I like to have sex in such an environment.

"Have, have sex in the wild? What's a wild battle?"

Mei Dong 'er's heart skipped a beat. Her intuition told her that things were going to be bad. Looking at Yin Nian's dark face, his heart sank and he said in fear, "Senior brother yinnian, what kind of pill did you give me?"

She was a peak five-star martial Grandmaster, and she had a precious Jade passed down in her family to protect her body. Any poison below level six would have no effect on her at all. This was also the reason why she dared to take it on the spot without any worries.

"Hehe, don't worry Junior Sister Dong 'er, that is indeed Megrez inner core without a doubt. I'm sure you'll be able to advance to a six-stars martial Grandmaster in a few days. But, I added a lot of cultivation-scattering powder into it, and I spent a price higher than the price of refining Megrez inner core before I managed to hire a sixth-tier Alchemist to help me refine it!"

Yin Nian walked forward and pressed his face against Mei Dong 'er's chest. He sniffed her a few times, and a refreshing fragrance immediately spread out, causing his evil fire to burn.

Mei Dong 'er struggled to lean back in embarrassment and anger, but her entire body was soft and limp. She had no strength at all. Tears flowed down her eyes as she pleaded, "Senior brother yinnian, please let me go."

"Let you go? Junior Sister Dong 'er, what are you saying? Under such a beautiful starry sky, it's time for us to enjoy our sex. Look, there's still a shooting star. Hurry up and make a wish."

Mei Dong 'er's heart was filled with despair as tears rolled down her face. She gritted her teeth in pain and said, "If you want to make a wish, I'll let you die a horrible death!"

Seeing her like this, Yin Nian's face immediately turned angry. He slapped her, and with a crisp "PA" sound, Mei Dong 'er fell onto the large rock. A line of blood flowed from the corner of her mouth.

“How many junior sisters are crying and begging me to do it? you, on the other hand, do you know how many primordial stones I spent to refine this special meteoric inner core? Don’t be ungrateful!”

He went forward and grabbed Mei Dong ‘er’s collar, tearing it apart. Her snow-white neck was exposed, and her red undergarments were propped up by two high mounds, making her even more delicate and moving.

“Gulp!”

Yin Nian swallowed his saliva and felt his mouth and tongue go dry. He quickly took off all his clothes and was about to pounce on her when he suddenly had an idea and shouted, “Who is it?”

He hurriedly turned around. The ring in his hand flashed and a long saber appeared in his hand. He was extremely angry and on guard.

“Oh my, I was still accidentally discovered.”

A sweet and melodious voice was heard. It was actually a woman, and her purple clothes fluttered in the wind. Her upper body walked out from behind a big tree, and her face was full of smiles as she said, “Junior Brother Yin, did I interrupt your good time?”

She suddenly saw yinnian’s naked body and the long spear that was erected below him. Her cheeks instantly turned red, and she hurriedly turned her head away. She said angrily, “Y-your clothes!”

Yin Nian was originally shocked and angry, but when he saw the way he was acting, he felt an inexplicable excitement. His lower body straightened up and he laughed loudly. haha, so it’s Senior Sister Yuan qiushuang. Why are you so interested in having sex in the wild? ”

Mei Dong ‘er lay on the large rock, feeling weak even when she raised her hands. She felt as if she had grabbed onto a life-saving straw and struggled with a weak voice. “S-Senior Sister, s-save me, Yingluo!”

Yuan qiushuang's back was facing the two of them. She smiled coldly and said, "Save you? Junior Sister Dong 'er, you've gone too far. Didn't you come to the back mountain with Junior Brother yinnian to be lovey-dovey under the moonlight? I'm just passing by, you guys can continue."

Her eyes flashed with the pleasure of revenge. She had long disliked this Junior Sister of hers.

In the entire Big Dipper sect, this Junior Sister of his gave him the greatest pressure. The sense of threat she brought him had always been lingering. Even without Yin Nian's help, she would have found a way to deal with her sooner or later.

Yin Nian was startled. It seemed that the other party didn't want to meddle in his Affairs, but she had already seen through it, so how could he continue with this kind of thing?

Yuan qiushuang's voice was heard again, she snorted, "Junior Brother Yin, you don't have to worry about me. Just manage that little girl well. As long as she does not speak in the future, I will naturally not spread it."

Yin Nian was overjoyed. don't worry, Senior Sister, " he said. when she becomes my woman, I'll teach her well.

"If that's the case, then I'll be leaving. I won't disturb the two of you." Yuan qiushuang smiled. It's really a memorable moment now. There's even a shooting star, hehe."

Women always liked beautiful things. At this time, she didn't forget to admire the beautiful night sky and the meteors that flew across the sky.

Mei Dong 'er lay there, her eyes filled with tears. She had already given up all hope.

Suddenly, there was a ray of light moving slowly in the sky. It was the shooting star that he had made a wish for. Why didn't it flash and disappear, but instead slowly fall?

A question arose in her heart, and she rubbed her eyes with great effort.

That's right, the meteor was indeed falling in his direction!

A hope rose in Mei Dong 'er's heart. Could it be that making a wish really worked? She prayed desperately, hoping that the shooting star would come and smash the man in front of her to death.

At this moment, Yin Nian and Yuan qiushuang also realized that there was something wrong with the shooting star. They looked up in shock and saw a long piece of Jade surrounded by raging flames falling in their direction!

"Why would there be meteorites at this time of the day?"

Yin Nian was dumbfounded. He had gone to great lengths to arrange this, and that Megrez inner core had cost him a great deal, all for tonight. In the end, he was first discovered by Yuan qiushuang, and now there was even a meteor that came to destroy the place!

"F * ck you, God, are you playing with me?"

The speed of the meteor was getting faster and faster, and the entire sky was illuminated red. The flames almost covered half of the back mountain, and the position where the three of them were at was really the center of the meteor's fall!

Yuan qiushuang was also stunned for a moment, then she ran away quickly.

This kind of meteorites that fell from the sky was not something she could block with her strength. If she did not handle it well, she might be buried with them.

Yin Nian's expression was extremely unsightly. He couldn't care less about putting on his clothes as he hurriedly ran over to hug Mei Dong 'er. This was the fruit of his painstaking efforts, and he had yet to use it. He definitely couldn't let her die so easily.

Mei Dong 'er's heart grew anxious. The precious Jade in her arms suddenly emitted a warm light. She felt a trace of energy suddenly appear in her empty dantian. Although it was very weak, it was indeed vital Qi.

That piece of precious Jade was really her family's precious Jade. It could ward off all evil, and she didn't expect it to really play its role.

Overjoyed, she hurriedly gathered that trace of vital Qi at her fingertips. Without making a sound, she waited for Yin Nian to hug her with both hands before she quickly tapped the area between his brows!

"B * tch, what are you doing!"

Yin Nian was startled. A sense of death immediately surged up. He instantly threw Mei Dong 'er away. The energy from the spatial-piercing finger only shot a light beam at the space between his brows. It penetrated his skin slightly, leaving a bloody mark. He wasn't injured.

Mei Dong 'er was in excruciating pain after being thrown onto a large rock. However, what was even more unbearable was that her finger had missed. She didn't know how the other party would deal with her.

Chapter 505-good benefits

Yin Nian was terrified, and his entire body was covered in cold sweat. In that situation just now, if his potential had not been instantly stimulated, he would probably have a big hole in his brow and died an unnatural death, right?

He looked at Mei Dong 'er, who was lying on the ground, in fear. He was completely confused. Didn't she already have no strength left? But what was that finger just now?

This made him hesitate, and he didn't dare to touch Mei Dong 'er. He looked up at the shooting star in the sky. It was about to crash down, and the entire sky was covered in a fiery red. He was so scared that he ran away, not daring to remember it anymore.

Mei Dong 'er secretly heaved a sigh of relief. However, she quickly despaired again. The meteors and meteors fell, and just the compressed air pressing down on her body made it difficult for her to breathe. Fortunately, the precious Jade in her arms was emitting a faint light, which gradually awakened the true Qi in her body. She was barely able to resist it, but it was just a dying struggle. There was no possibility of survival when the meteorite fell.

She couldn't help but feel dejected, and two streams of tears began to flow down her cheeks.

“BOOM!”

The meteor finally began to fall toward the Big Dipper sect's back mountain, but to everyone's surprise, its descent seemed to be greatly hindered and began to slow down. The air around the meteor was compressed to a terrifying degree, forming rings of whirlwinds that blew away the meteor. The burning flames also followed the whirlwinds, setting the forest on fire.

“BOOM!”

The meteorite finally hit the ground, and dust filled the air. The flames in the surroundings were extinguished in the dust, and a pit more than ten meters deep suddenly formed on the mountainside. All the trees and forests within a radius of a thousand meters were destroyed, and the flames were still spreading in the distance.

The huge rock that Mei Dong 'er was on was also being blown away by the tremendous force of the air. Mei Dong 'er herself was blown away by the whirlwind at the first moment. She fell to the ground far away and spat out a mouthful of blood. The little bit of vital Qi that he had gathered with great difficulty had automatically protected his vital parts from this fall, and it had all dissipated.

She struggled to sit up and looked at the big pit in front of her in horror. When the meteorite fell, she seemed to see that it was not a meteorite in the flames, but a stone tablet with a golden light and various strange patterns engraved on it.

She was sure that she was not mistaken!

“What's that? Could it be a rare treasure from the heavens?”

As he thought of this, his heart was filled with excitement as he slowly crawled in the direction of the pit.

“Bang!”

A burst of energy hit her back directly. The vital Qi broke into her body and jolted into her five viscera and six bowels, severing her meridians at the same time.

Mei Dong ‘er spat out a mouthful of blood. She looked at a purple figure with hatred. It was Yuan qiushuang. She stared at her coldly and smiled. “Junior Sister Mei, stop struggling. Even if Junior Brother Yan doesn’t take you in today, I won’t let you have an easy time.”

Yin Nian also flew over from the distance. At this moment, he had already put on a coat. He was embarrassed to be naked all the time.

Looking at the destroyed back mountain, his expression was uncertain. With such a huge commotion, the elders in the sect must have been alerted. They would probably send someone to investigate soon. He had to leave with Mei Dong ‘er and find another place to enjoy himself.

“Don’t worry, senior martial sister Yuan. I’ll definitely take junior martial sister Mei in. I can’t stay here any longer, so I’ll take my leave now. Thank you for your help today, Senior Sister, and I’ll remember it in my heart.”

Yin Nian thanked her with a straight face and was about to walk forward to carry Mei Dong ‘er away.

Yuan qiushuang was overjoyed. After today’s incident, not only would Mei Dong ‘er have to be obedient in front of her, but she would also have a handle on Yin Nian. Although this man was useless, his family background was still very prominent, and he would be useful in the future. “This is all Junior Brother Yin’s own ability, it has nothing to do with Senior Sister,” he said with a smile. Tsk, tsk, I really envy Junior Sister Mei. Not only is your talent extraordinary, but your face and figure are also lovable. In the end, you’ve found a good family, and it doesn’t disgrace your identity.”

Mei Dong ‘er’s face was deathly pale. She hadn’t expected that she wouldn’t be able to escape this misfortune in the end. She even wanted to bite her tongue to commit suicide so that she wouldn’t be defiled by this beast. At least she could keep her innocence.

Yuan qiushuang seemed to have seen through her thoughts. She sneered and flicked her finger in the air. A strong wind hit several acupoints of her again, making several bloody holes. She didn't have the strength to clench her teeth anymore. She lay on the ground, waiting to be slaughtered.

"Thank you for helping, Senior Sister. Otherwise, I really didn't expect her to be so unyielding!"

Yin Nian was stunned for a moment, then immediately understood and thanked him repeatedly.

Yuan qiushuang laughed and said, "Junior martial brother Yin, you can't be careless with such a beauty. That's right, the meteorite that fell just now seemed a bit strange. With that kind of shocking power, how could it cause such a small damage? I thought the entire mountain peak would be flattened."

Yin Nian also frowned, revealing a strange expression, and said, "I feel the same way. Even a Martial Emperor wouldn't feel as powerless under that kind of power. I can even cause such a degree of destruction."

With extreme curiosity, the two of them carefully walked toward the huge pit. At first glance, it was empty, and there was no meteorite.

"This is an ..."

The two of them looked at each other and saw the extreme shock in each other's eyes. They felt that it was very unbelievable.

save, save me ~"Mei Dong'er's weak cry came from behind.

Yin Nian's expression changed. He said to Yuan qiushuang, "Senior Sister, this matter seems strange. We shouldn't stay any longer. Junior Sister Mei and I will take our leave first."

He turned around and walked towards Mei Dong'er. Suddenly, his body froze, and his feet seemed to be filled with lead. He saw a young man squatting next to Mei Dong'er and looking at her. He was so scared that he took a few steps back. He cried out in shock, "You, Who are you? Where did you come from?"

Yuan qiushuang was shocked as well. She turned around and they were on high alert. Anyone who could appear behind them without a sound was definitely not an ordinary person!

The two of them looked over and saw a young man around sixteen or seventeen years old looking at them curiously. His eyes were still wandering around Mei Dong 'er, and he seemed to understand the situation. "Did I disturb you?" the young man grinned.

Yin Nian had thought that it was one of his junior brothers in the sect, but now that he looked at it, it was a completely unfamiliar face. His face instantly darkened, and he said angrily, "Where did you come from, brat? get lost immediately!"

Yuan qiushuang's expression changed and she said in a low voice, "Junior Brother Yin, his strength is at the peak of the four-stars martial Grandmaster realm!"

"?! What?"

Yin Nian sucked in a breath of cold air and jumped in shock. The young man in front of him was even younger than him and looked ordinary. How could he have such a high cultivation? his face immediately turned ugly and he said, "Who are you?"

Yuan qiushuang's eyes glinted and she said coldly, "Kid, you're pretty strong, but not strong enough to be impudent in front of us. tell me your background and identity immediately, or else ... she released her aura, which swept around the young man and locked him in place. The pressure of a six-stars martial Grandmaster rolled down.

Yuan qiushuang was filled with killing intent. If this matter was exposed, she didn't care if Yin Nian suffered, but it was very likely that she would be implicated.

The young man was Yunxiao. After the divine realm tablet fell, he immediately came out and put it away. He did not expect to encounter such a thing.

His soul power had long been exhausted, and his vital Qi was also lacking. His body appeared extremely weak, and he even swayed a few times under the pressure of a six-stars martial Grandmaster. But even so, Yunxiao could not help but laugh in his heart when he saw Yuan qiushuang's threatening look.

No matter how weak he was, he was not someone a six-stars martial Grandmaster could fight against.

However, his attitude was extremely good as he said, "You've done such an immoral thing, and you don't allow anyone to interfere?"

He did not look well. In Yuan qiushuang's eyes, she thought that he was intimidated by her pressure. She heaved a sigh of relief and said coldly, "What nonsense are you talking about? that's our Little Junior Sister. This is our sect's internal affairs, how can an outsider like you interfere? Besides, it's fine. We're both willing."

"Senior Sister Yuan is right, it's a mutual consent! Where did you come from? please leave immediately!"

Yin Nian also shouted, his face full of anger.

Yunxiao was taken aback for a moment before he said in surprise, "In the middle of the night, under the moonlight, Junior Sister, one dragon and two phoenixes, both willing, this Lao Ai," he said awkwardly. "Which sect are you from? with such good benefits, is your sect still recruiting?"

Yuan qiushuang's face turned red and she said angrily, "Bah! What are you talking about? they were both willing parties, what does it have to do with me!"

"They?" Oh, I see, " Yunxiao said in realization. so, you're here to visit? " Does it look good?"

Although Yuan qiushuang was not a kind person, she was very conservative about the things between men and women. Moreover, she was a beautiful woman with a charming face, and she was usually a hot beauty with many men pursuing her. Being teased by Yunxiao like this, she was immediately ashamed and angry. Her killing intent gushed out, and her body was like a layer of ice.

“You must be feeling very cold now, right? This is the frosty cold Qi that I cultivate. It has seeped into your skin without you knowing it, freezing your meridians and body, making it difficult for you to circulate your Yuan Qi, and greatly reducing your strength.”

Yuan qiushuang was furious and said coldly, “I’m afraid you can only exert the strength of a one-star martial Grandmaster now. As the saying goes, you won’t die if you don’t seek death yourself. You’re completely seeking death!”

Yunxiao looked at the faint layer of frost covering his skin and continued to tease, “Senior Sister, please tell me the way to join the sect. Such a good benefit is simply amazing.

“You’re looking for death!”

Yuan qiushuang finally could not hold it in any longer. With a shout, a purple shadow flickered, and with a few steps, she arrived in front of Yunxiao. Then, a shining short sword, carrying a frosty chill, slashed down.

Chapter 506-boring

“Clang!”

Yunxiao smiled as he raised his left hand and flicked the long sword with his middle finger, producing a crisp sword cry and shaking off some frost.

The long sword was pushed to the side. Yuan qiushuang almost lost her grip on the sword and it almost fell out of her hand.

She was so shocked that she couldn’t hide the shock in her eyes. She hurriedly poured the vital Qi of a six-stars martial Grandmaster into the sword and swept it across. The whole air was filled with a hissing sound.

“Swish!”

This time, the sword did not fall out of her hand, but was gently pinched off by Yunxiao with two fingers. He looked at her and smiled.

He pointed at the flower and smiled without saying a word.

This time, Yuan qiushuang was really frightened. The man did not use any powerful Yuan Qi to pinch her sword tip, but only his strength. She only felt an incomparably huge force clamping her short sword, and no matter how hard she tried, she couldn't pull it out.

you, you're a Hercules?!

She cried out in surprise. She tried her best to pull it out but it did not budge. Even among strongmen, she had never heard of a strongman who could fight against a martial arts Grandmaster. Moreover, the other party's thin body was swaying. She shouted anxiously, "Junior Brother Yin, hurry up and help!"

Yin Nian was stunned as well. If he had been in Yuan qiushuang's position, he would not have been able to block the two sword strikes. Furthermore, this person had already been frozen by the frosty Qi. How could he have such great strength and such Swift movements?

The two swords were as fast as lightning, but Yunxiao's movements were slow and unhurried, as if the long sword had fallen directly into his fingertips. It was hard to accept visually.

"Kid, don't be so arrogant. Mountain splitting fist!"

Yin Nian gave a loud cry and strode forward with two fists in his hands. He cultivated a martial technique that allowed him to move freely, and with every step he took, he left a deep mark on the ground. After a few steps, he threw a punch at Yunxiao with a force as strong as a mountain.

He would definitely not dare to fight a four-stars martial Grandmaster alone. However, with Yuan qiushuang, a six-stars martial Grandmaster, there, he was bold and rushed forward fiercely.

Yunxiao sighed slightly, suddenly feeling bored. The two of them were like ants in front of him. He was just wasting his time.

During this period of time, he had encountered demons, martial emperors, and even wangliang. All he could do was run away. Now, he had met two normal people, and he found that they were no match for him. He was not used to it.

He let go of the yuanqiu frost and flicked it lightly. The sword trembled violently and rang. It changed direction and stabbed toward Yin Nian.

The sword was so fast that it was even faster than Yuan qiushuang's own movement!

"Quick, quickly Dodge!"

Yuan qiushuang cried out in fear. The strength of the sword was too strong, and it pulled her body along as it followed Yin Nian. The sword stabbed at Yin Nian as fast as lightning, and the position was also calculated by Yunxiao-it was his precious third leg!

"Hiss!"

"Bang!"

Yuan qiushuang's sword pierced through Yin Nian's lower body. At the same time, Yin Nian's Mountain splitting fist landed on Yuan qiushuang's body. She spat out a mouthful of blood and was sent flying.

The long sword was pulled out of Yin Nian's lower body, and blood gushed out.

Yin Nian's eyes widened, and with a blood-curdling screech, he fell to the ground. He looked at the spot where he had been struck by the sword. Half of it was due to injury, and the other half was because he had fallen to the ground in fear. His legs were still trembling, and he muttered, "It's over, it's over, it's completely over, Yingluo."

Yunxiao sneered when he saw that. Suddenly, he looked at the Big Dipper sect in front of the mountain with a surprised look on his face and said to himself, "Yi, what kind of sect is this? it seems like there are some experts. Hmm, let's not worry about it for now. Let's leave first."

He glanced at Mei Dong 'er on the ground and gently waved his hand. Mei Dong' er's body was lifted up by a warm force.

Mei Dong 'er felt a burst of warmth in her heart. She didn't think that she would really be saved. She couldn't help but want to cry. hehe, I'm so lucky today, " Yunxiao said. I've got such a big bargain. I'll take this benefit and enjoy it when I get back.

Mei Dong 'er's head felt dizzy. Her tears of excitement immediately turned into crying. Why was her life so bad? she had just left the Wolf's Den and now she was in the Tiger's mouth. All the men in the world were the same. There was not a single good person.

Yunxiao flew up gently, and Mei Dong 'er, who was surrounded by a pale yellow light, followed closely behind like a tail. They turned into a beam of light and flew into the sky, quickly disappearing from the peak.

Soon, several voices came from all directions and fell on the place where the divine realm tablet had fallen. All of them were shocked.

"Senior Sister Yuan! Are you alright?"

"Yin Nian? What are you doing here? why are you injured?"

Dozens of people came all of a sudden and helped the two of them over. Yuan qiushuang had only been hit by Yin Nian's Mountain splitting fist, and the qi and blood in her body had been agitated for a moment. After spitting out a mouthful of blood, she was fine.

Yin Nian, on the other hand, wasn't so lucky. Apart from a large amount of blood flowing out from his lower body, his pants were also dyed red. A thick yellow liquid also flowed out, and no one knew what it was. His eyes were listless, and he kept muttering, "It's over, it's completely over this time."

All the men who saw this felt a chill in their hearts and shivered. Many female disciples were clapping their hands in joy in their hearts, and some of them had gloomy expressions. They had obviously entrusted themselves to Yin Nian, and this time, they were really done for.

“Qiu Shuang, what is going on here, tell me!”

An old man with an extraordinary bearing spoke slowly. His eyes were fixed on Yuan qiushuang. He was not angry, but he had an air of someone who had been in a position of power for a long time. Everyone immediately fell silent and no one dared to make a sound.

Yuan qiushuang’s heart turned cold. She knelt down immediately and said, “Sect leader, this is what happened.”

In her story, she, yinnian, and Mei Dong ‘er had agreed to cultivate together and discuss the difficulties in martial arts together. At that moment, a meteorite fell from the sky, and then Yunxiao appeared. He was drooling over Mei Dong’ er’s beauty, so he injured the three of them and took her away.

“What? Dong ‘er has been captured?”

An old woman’s face was filled with shock and anger. She slammed the ghost head cane in her hand onto the ground, causing the mountain peak to shake. She angrily said, “Who did this? And I told Dong ‘er to focus on closed-door cultivation and wait for the sect competition the day after tomorrow. Why would she come to the back mountain for no reason to discuss martial arts with you?”

This old woman was Mei Dong ‘er’s master, he Yanrong. She had always regarded Mei Dong’ er as her own, so how could she not be furious when she heard that her beloved disciple had been taken away?

Yuan qiushuang was shocked and broke out in a cold sweat. She was so anxious that she was trying to think of an explanation.

The sect leader, Zhang linghua, looked at her indifferently and said, “Tell me in detail, and who was the person who injured you?”

“Yes, sect leader!”

Yuan qiushuang knelt there and didn't dare to move. She cupped her fists and said, "It's because Junior Brother yinnian painstakingly obtained a Megrez inner core and wanted to give it to Junior Sister Dong 'er. At the same time, he invited me, as a Senior Sister, to give Junior Sister Dong' er some pointers and impart some battle experience, so that he could shine in the sect competition the day after tomorrow. That was why the three of them went to the back mountain together. As for the person who took away Junior Sister Dong 'er, that person is Qianqian."

She suddenly hesitated, her brows furrowed.

"How is that person?"

"I really want to know who dares to come to my Big Dipper sect in the middle of the night and abduct female disciples!" Zhang linghua said in a deep voice.

Yuan qiushuang felt the pressure and said in fear, "sect leader, that, that person is about sixteen or seventeen years old. His strength seems to be, seems to be a peak four-star martial Grandmaster.

"What? A peak four-star martial Grandmaster, even the three of you can't defeat him?"

He Yanrong's face turned green in an instant. It was true that the cultivation technique she had been cultivating had activated on its own in her anger. The surrounding temperature dropped suddenly, and everyone felt cold.

Zhang linghua's eyes were also filled with anger as she said coldly, "the three of you are considered outstanding disciples in the sect. You are a six-stars martial Grandmaster. Although Mei Dong 'er is a peak five-stars martial Grandmaster, she might be able to fight you if she gets serious. Besides, there's also Yin Nian. You said that the three of you were defeated by a four-stars martial Grandmaster youth and took Mei Dong' er away? "

Yuan qiushuang could feel the coldness in Zhang linghua's voice. She shivered and said, "Yes, that's exactly the case!" She didn't know how to explain this kind of thing, and it was difficult for her to understand it.

Zhang linghua's face darkened and she asked again, " does that person have an extremely powerful Mystic weapon? "

"No, no, that person was barehanded. He only used two fingers to block my sword, and then used them to stab Junior Brother yinnian, hehe."

As Yuan qiushuang spoke, she felt a strong cold air that almost suffocated her.

"A four-stars martial Grandmaster, two fingers, and three people who injured you. Did I hear you right?"

Zhang linghua's face was covered in a layer of frost, and it was almost impossible to see her face clearly. Her voice was filled with a strong pressure that made people shiver.

He Yanrong was originally furious, but now she gradually calmed down and said, " "Sect leader, could that person have suppressed his cultivation, so Qiu Shuang and Yin Nian couldn't tell?"

Zhang linghua's cold aura dissipated slightly. "Only an eight-stars martial Grandmaster can defeat the three of them with two fingers. No matter who they are, investigate immediately! We must find out who did it!"

"Yes!"

He Yanrong accepted the order. She picked several experts on the spot and immediately chased in the direction Yunxiao had fled.

Zhang linghua looked at Yuan qiushuang, who was kneeling on the ground, and said, " "Get up, I don't blame you. As for Yin Nian, he looked at Yin Nian, who was lying on the ground like a pile of mud, and frowned."Find elder Qiu and see if he can be cured. Try your best to treat him. Otherwise, it would be troublesome if old man Yin came." He also seemed to be a little afraid of yinnian's elder.

After that, everyone went around the big pit to check it out. They didn't find anything and all returned resentfully.

Chapter 507-South Fire City

Yunxiao flew over the mountains and rivers with Mei Dong 'er. Soon, they saw a city and flew straight in.

As it was still the middle of the night, the entire city was dark and empty. He randomly found a luxury hotel and an empty room, then threw Mei Dong 'er onto the bed.

Mei Dong 'er was extremely anxious and embarrassed. She thought to herself, is this person so impatient? Thinking of her tragic fate, she couldn't help but shed tears.

Forget it, forget it. Even if she was bullied by a stranger, it was better than being bullied by Yin Nian. Her heart was filled with despair as she lay there in a daze. Her mind was blank as she waited for her cruel fate.

Time passed by, and there was no movement for a long time.

She felt that something was a little strange. Waves of vital Qi fluctuations could be felt. They were very weak, and it seemed that the person was also injured.

At this time, the family heirloom on her body once again emitted a warm light. Bit by bit, it dissolved the power of the power-scattering powder, and the vital Qi in her dantian gradually condensed.

Although cultivation scattering powder had been added to that Megrez inner core, it was indeed a genuine peak fifth-tier medicinal pill. Otherwise, Mei Dong 'er wouldn't have been so moved.

At this moment, the power of the elixir began to be fully exerted. The primordial Qi in his meridians, which was like silk at first, slowly gathered and grew larger. In the end, it was like a surging River. After circulating hundreds of times, it finally broke through the shackles of a peak five-stars martial Grandmaster and stepped into the six-stars martial Grandmaster realm.

"He's really a six-star, Yingluo."

Mei Dong 'er opened her eyes and looked at her own body in disbelief. She felt a new surge of power.

Last night's events were like a nightmare in his mind. Today, he had already rushed to the realm that he had dreamed of, and his body was intact.

At this time, dawn was breaking, and the rooster crowed. A ray of sunlight shone in. In a corner of the room, Yunxiao was still meditating with his eyes closed, looking unusually peaceful.

Mei Dong 'er felt extremely grateful. She carefully sat on the bed and did not dare to make a sound, afraid that she would alert her benefactor.

he's so young, and judging from his elemental energy fluctuations, he only has the strength of a four-stars martial Grandmaster. How did he defeat Senior Sister Yuan and Junior Brother Yan?" Mei Dong 'er was extremely suspicious. Last night, she had been lying on the ground and didn't even have the strength to raise her head.

Mei Dong 'er's eyes fell on Yunxiao, and she just stared at him in a daze.

A smile suddenly appeared on Yunxiao's serene face. He opened his eyes and looked over as he said with a smile, "Aren't you afraid that I'll be shy if you keep staring at me like this?"

"Yingluo, you've woken up long ago, Yingluo"

Mei Dong 'er's cheeks were red as she hurriedly lowered her head. Only then did she realize that she only had a light muslin covering her body, and the bright red underclothes inside were still clearly visible. On it was embroidered a pair of child's paper kite, and her two Jade-like arms were also faintly visible. She hurriedly pulled up the quilt on the bed and covered it.

Yunxiao found her embarrassment very interesting. He chuckled and said, "Don't be afraid. I'll leave after asking a few questions. The power of the cultivation-scattering powder on your body should have been dispersed, right? there shouldn't be any more problems."

"How-how did you know that I was poisoned with the power-scattering powder?" Mei Dong 'er asked anxiously. "Have you seen my body?"

I'm an Alchemist," Yunxiao said awkwardly. I can tell at a glance. Seeing Mei Dong 'er's disbelieving gaze, he changed the topic."By the way, where is this place? How far is it from songyue city?"

"Song Yue Yang city?"

Mei Dong 'er whispered. The puzzled look on her face made Yunxiao feel that they were in trouble.

Sure enough, she quickly came to realization,"you mean the place where the general commerce league's headquarters is-songyue city? – Isn't that in the North Region?"

Yunxiao said,'hehe, then this is hehe.'

Mei Dong 'er said, " strictly speaking, this place should also belong to the North Region. However, the division of power belongs to the East region. It's the border between the two regions. She glanced at the decorations in the room and understood. "This must be the South Fire City near the Big Dipper sect. I'm a disciple of the Big Dipper sect."

"South Fire City, Big Dipper sect. I seem to have some impression of them, but I can't remember them clearly. Are there any large teleportation formations nearby?"

Mei Dong 'er was stunned for a moment. She revealed a look of disbelief and said,"You've never heard of our Big Dipper sect? How is this possible?" "There's a large teleportation formation in the sect that can teleport people thousands of miles away," she said after some thought.

"Ten thousand miles away, Suan ni."

Frowning, Yunxiao began to calculate in deep thought. "If this is the border between the East and North Region, then it's far more than ten thousand miles from songyue city. There must be a teleportation array that can cross a region. Is there one nearby?"

"The legendary teleportation array that can teleport across regions?" Mei Dong 'er was shocked. She shook her head and said, " Other than our Big Dipper sect, the largest teleportation formation in the

vicinity is the thunderwind Chamber of Commerce's teleportation formation in Southfire city. However, it can only teleport ten thousand miles. I'm afraid that only Yufeng city and tide-listening Pavilion have teleportation formations that can cross regions."

"Tide-listening Pavilion."

Yunxiao was taken aback. Xu Qing, who was in Mount Meru, was from tide-listening Pavilion. This sect was quite famous in the Eastern Region, but it was also very strong, so it would be difficult for them to borrow a teleportation array.

Mei Dong'er continued, "our Big Dipper sect's teleportation array can send you to either Yufeng city or tide-listening Pavilion's sphere of influence. If you're going to yang city, I'm afraid you'll have to go to these two places first." Otherwise, if you fly by yourself, even if you have a high-grade warship, it will take months or even years to get there."

is it possible to borrow the teleportation array of your Big Dipper sect? " Yunxiao asked. is it possible to borrow it? " What's your sect leader's cultivation level?"

Mei Dong'er revealed a difficult expression and said, "There have been cases of the sect's great formation being lent out, but it's very rare. I can ask master for help. As long as master is willing to speak, there's still hope. As for the sect master's cultivation level, she pondered for a moment, and her eyes revealed a determined look, " he should be a martial sovereign in the nine Heavens realm!

Hearing her say this, he knew that it would be extremely difficult to borrow the teleportation array.

Yunxiao slapped his forehead and said in distress, " why is it a martial Supreme again? I've never heard of so many martial Supremes before.

He was a little angry. Most importantly, even a martial Supreme did not dare to be arrogant in front of him in the past, so he knew very little. He had originally planned to use the technique by force if the sect master was not strong enough. However, since there was a martial Supreme present, it was obviously not possible to use it by force.

Mei Dong 'er was stunned for a moment and didn't quite understand. She continued, "The sect master should have only advanced to the martial Supreme stage not long ago. I reckon it's only been four to five years. Why don't you consider the teleportation formation of the thunderwind Chamber of Commerce? After all, they are a Chamber of Commerce. As long as they have enough primordial stones, it will be easy to negotiate with them."

Primeval stones are what I need the most now!

there is a teleportation array of the Chamber of Commerce here," Yunxiao said. it should be a medium-sized transit station at the very least. It seems that Southfire city is also a prosperous place. Otherwise, the thunderwind Chamber of Commerce would never spend so much money to set up a large teleportation array.

"En, Southfire city is adjacent to the pyrodust mountain range and is rich in li fire golden crystals. It is extremely profitable," Mei Dong 'er said.

"Li fire golden crystal!"

Yunxiao's heart trembled as he said in surprise, "The Li fire golden crystal is an important source of profit for the thunderwind Chamber of Commerce. It turns out that it is produced here. It's one of the most beloved raw materials for alchemists, and it can be integrated into any profound artifact."

are you really an Alchemist?" Mei Dong 'er asked in surprise. are you?" Not only was he as strong as her, but he was also an Alchemist, which made her respect him.

Suddenly, Mei Dong 'er seemed to have thought of something. She said, "There's another way. How could I forget? Tomorrow was the sect competition, and as long as they could enter the top three, they could raise a condition that was not too excessive. I'll try my best to enter the top three. At that time, I'll ask the sect master to use the teleportation formation. It won't be a problem."

"Oh? Top three?" Yunxiao glanced at her cultivation base and said, "Are you confident?" It was obvious that they did not acknowledge her strength.

Mei Dong 'er's face turned slightly red."I've just become a six-stars martial Grandmaster, and I'm very confident that I'll be able to enter the top ten. The top three's words made her lose her confidence and she whispered, "I will work hard!" Her pair of pink fists were clenched tightly, showing her determination.

Yunxiao had done her a great favor, and she had to repay him no matter what. Even if she couldn't enter the top three, she would definitely beg her master. Moreover, after entering the top three, he would be able to become a disciple of the sect master, and the weight of his words would also increase.

what's the strongest cultivation base among the disciples in the competition?" Yunxiao asked.

Mei Dong 'er replied, "it should be senior brother Cheng Yu. It's said that he has already reached the level of a nine-stars martial Grandmaster. I don't know if it's true or not. If we're unlucky and meet him directly, we'll be in trouble.

Yunxiao had a strange look on his face. He had planned to let DarkThunder follow Mei Dong 'er, so that he could definitely get first place. Now, it seemed that the strongest disciple in the competition was not even a Martial Emperor. If that demonic beast was brought out, it would be too terrifying.

Mei Dong 'er saw his expression and thought that he was worried for her. She hurriedly said, "don't worry, other than senior brother Cheng Yu, the other senior brothers and sisters aren't that strong. I still have a good chance of getting into the top three!

Yunxiao nodded and said, 'yes, it's best if you can enter with your own strength. You're cultivating a Water-type martial skill, right? I'll teach you a powerful martial skill that can increase your chances of winning."

Mei Dong 'er was stunned for a moment. Then, she smiled and said, "No need. The martial skill I practice is called ice water palm. It's a skill only the direct disciples of the Big Dipper sect can learn. It's already very powerful."

Her words came to an abrupt stop, and her entire person became sluggish. Her eyes were unfocused, and there was no light in them. She looked like an idiot.

One of Yunxiao's pupils exuded a powerful spiritual power, which captured her divine sense and imprinted a Water-type martial technique into her mind.

This technique could only be used when there was a huge difference in their mental strength. Otherwise, if there was a backlash, it would be very harmful to both of them. In front of him, Mei Dong'er's mind power was like a baby's. She had no way of resisting.

Chapter 508-new direction

Time passed quickly. In just a few blinks, Yunxiao's pupils gradually changed and returned to their normal appearance.

Mei Dong'er still had a dazed expression on her face and was unable to regain her senses for a long time. However, her eyes were no longer dull and idiotic. Instead, they were filled with extreme shock and excitement. She said in a daze, w-what's the name of this martial skill? how can it be so powerful?" After she said this, she felt an abnormal amount of mental pressure. Cold sweat broke out on her forehead, and she felt a little suffocated.

this palm technique is called 'tender as water', " Yunxiao said. what you saw just now was an illusion cast by a Martial Emperor, and it is enough to move mountains and overturn seas. If you can comprehend it thoroughly, it won't be a problem for you to challenge an eight-stars martial Grandmaster, or even a nine-stars martial Grandmaster."

tender as water, Wuwu, a Martial Emperor expert. Wuwu, Who are you? "

Mei Dong'er was drenched in cold sweat. Just a moment ago, a woman in her sea of consciousness had lightly struck out with her palm, and the heavens and earth had collapsed. The seas had been overturned, and her consciousness had almost collapsed! He had never seen such power before. Even sect master Zhang linghua would never be able to display such a shocking palm strike.

"Hehe, there's nothing strange about that. I'm an Alchemist, after all, and alchemists are generally omnipotent." Yunxiao said with a vague smile.

"But Yingluo, Yingluo!"

Mei Dong 'er could not explain it either. She revered alchemists very much, but her intuition told her that Yunxiao was not as simple as an Alchemist. At least, even the great alchemists in their sect could not directly imprint an illusion of a Martial Emperor in her mind and teach her a martial technique in such a simple, clear, direct, and effective way.

"Alright, you can slowly comprehend it. I'll continue cultivating. Oh, right, do you have any vitality stones on you?"

After falling from the outer realm, Yunxiao's soul power and primordial Qi had not recovered yet, and he was in urgent need of a large number of primordial stones to replenish his strength.

"There are!"

Mei Dong 'er immediately took out a storage bag from her ring and handed it over. "There are more than 500 mid-grade primordial stones inside. They are my cultivation resources for this month. Because of master's love, you have more than your fellow disciples. You can use it without worry, Don't be polite."

More than 500 pieces of Kasaya

Looking at her serious face, Yunxiao pushed her back weakly and said, "You should keep it for yourself. I'll be fine after meditating for a while."

More than 500 mid-grade primordial stones were enough for an ordinary martial Grandmaster to use for half a year. Even if it was a genius with extremely high talent and strong absorption ability, it could still last for more than a month. But for Yunxiao, he could not even fill the gaps between his teeth, so he felt that he had better find another way.

Mei Dong 'er thought that he was embarrassed and forcefully stuffed it into his hands. She said, "How can I cultivate without primordial stones? Today, I'll just meditate and comprehend that palm technique, so I don't need any vitality stones. When I become the sect master's personal disciple, the supply of vitality stones will be doubled, so you don't have to worry about me."

With the storage bag in hand, Yunxiao did not explain further, but sat cross-legged and began to cultivate.

Only then did Mei Dong 'er sit back on the bed with satisfaction, feeling very happy. But when she saw Yunxiao's face, she was suddenly stunned and said to herself, "Oh no, I still don't know his name, Yingluo." She was vexed for a while, but she didn't dare to disturb him. Thinking of tomorrow's sect competition, she gradually calmed down and entered a state of enlightenment.

In the divine realm tablet, Yunxiao's soul-form appeared beside Yuan gaohan and asked, "How is it?"

In front of Yuan gaohan was a pile of various materials, and a Scarlet Heart was beating with a "thump thump thump" sound. A small piece of light yellow suddenly floated in the air, emitting a strong will of the earth.

Yuan gaohan looked at him as if he had seen a ghost and said with some excitement, "Who was the one who refined this half-beast half-tool? I've never heard of such an existence before. You must introduce him to me. He has created a new direction in the history of alchemy, enough to shine in the history!"

Yunxiao frowned. He had randomly refined the calabash little Vajra in the cauldron of mountain and river. At first, he thought that as long as the heart of stone was not hurt, no matter how hard he refined his body, he could ensure that it would not die. That was why he had tested it, and in the end, he had refined this half-beast, half-tool existence. Moreover, it had also experienced the Thunder tribulation outside the divine realm tablet and become a martial venerable in the eight desolation realm.

He immediately explained the situation to Yuan gaohan, but concealed the cauldron of mountain and river.

Hearing this, Yuan gaohan was completely dumbfounded and said in a daze, "This, you said you made this thing?" His eyes bulged, and he shook his head desperately. He said angrily, "That's impossible! Since I've already promised to work for you, I won't go back on my word. There's no need for you to hide anything from me. You only have sixth tier spirit power, how could you possibly refine an eighth tier profound armament!"

but that's the truth," Yunxiao said with a wry smile. when an Alchemist's understanding of materials and alchemy has reached a certain level, it's not strange that he can refine something beyond his level. After I use the soul battle technique, I can rush to the peak of the sixth rank and refine the seventh rank gourd little Guardian warrior. Isn't it normal for him to experience the Thunder tribulation outside and become an eighth rank martial venerable?"

Yuan gaohan was stunned. In theory, there seemed to be no problem, but in reality, it couldn't be so smooth, let alone this kind of half-beast, half-tool refining, which had never been done before.

you know," Yunxiao continued, "any New Alchemy technique in the history of alchemy is produced by chance. Now that this gourd Little King Kong has advanced to the eighth desolation realm martial Supreme, or rather, an eighth-tier profound armament, I can't repair it with my current soul power. That's why I've asked you to study it."

Only then did Yuan gaohan somewhat believe it. Looking at the pile of broken materials, which had been fused into pieces and seemed to be moving, he frowned and said, it still has the characteristics of a demonic beast, and the stone beast's self-healing ability has also been inherited. It's just that the materials used to build its body are all ninth-rank, which exceeds its own level, so the fusion is unusually slow. As long as there is enough time, and the heart of stone doesn't die, it will be able to completely heal itself.

Yunxiao smiled wryly. old Yuan, there's no time now. Look at the speed. It'll take at least one or two years for it to repair itself, right?" My thoughts now are the same as before. As long as the heart of stone doesn't die, can't we just use sorcery to repair its body like a profound level weapon? Your Starlight soul power is at the eighth step, so you should be able to help him recover."

Yuan gaohan also had an expression of eagerness and excitement. Any new discovery in the study of alchemy was enough to make these alchemists unable to sleep at night, and they would never give up until they got to the bottom of it. It was also this spirit that guided the Dao of sorcery to continuously develop and develop.

"What kind of cauldron did you use to refine it? Let me use it."

Yuan gaohan already couldn't help but want to start.

With a wry smile, Yunxiao touched the bridge of his nose and said a little embarrassedly, "That purple cauldron was already used as a weapon in a battle, but it was destroyed. Can't you just set up a formation in the air and fix it with your bare hands?"

Yuan gaohan's mouth opened wide and he cursed, "You prodigal! He's actually using a purple cauldron as a weapon!" "It's my first time trying this kind of restoration and refinement, so I'm not confident at all," he said angrily. If you don't have an eighth-grade cauldron to use, I refuse! If the heart of stone is destroyed, Where can I find a second half-beast half-tool material to study!"

Yunxiao had some concerns as well. After all, he had used the cauldron of mountain and river last time, a Saint artifact, and there was also an element of luck in it. He nodded. it's impossible to get an eighth-tier purple cauldron. I'll try to get as many materials as possible. You can make a purple cauldron yourself first.

"Looking at the treasures on you, you're even richer than a Saint, but sometimes you find that you're poorer than anyone else! Bring me some Starlight stones first so I can recover my power. Otherwise, you can send me back to the sanctuary. With this Calabash and divine realm tablet waiting for me to repair, I will definitely not betray you. In fact, there will be great benefits waiting for you."

"En, Starlight stones aren't expensive. I'll go to the trade association in Southfire city and see if I can exchange for some materials."

After saying that, Yunxiao disappeared into the divine realm tablet. His real body in the room opened his eyes and glanced at Mei Dong'er, who had entered a state of mind. Then, he casually set up a few restrictive spells in the room to prevent anyone from coming in and disturbing him. After that, he twisted the space, and then appeared directly on the street, which was quite lively with people coming and going.

The people around him were all shocked when they saw him suddenly appear, but they quickly determined that they had seen wrongly. After a few strange moments, they didn't care and continued to do what they had to do.

Yunxiao asked a passerby and learned a little about nanhuo. In the whole of nanhuo city, there was only one big Chamber of Commerce, the thunderwind Chamber of Commerce. There were many other small and scattered Chambers of Commerce, but they were all under the thunderwind Chamber of Commerce's banner. It seemed that the business of the Li fire golden crystals was completely monopolized by the thunderwind Chamber of Commerce.

He asked for the location of the thunderwind Chamber of Commerce and went there directly.

The thunderwind Chamber of Commerce had always been low-key among the seven council members of the merchant Union. Although it was not in the core four leagues, its strength had always been elusive, which made the other leagues elusive. It also had very few cooperation and exchanges with other Chambers of Commerce in the merchant Union, as if it had become a country of its own.

Yunxiao remembered that the president of the branch in the skyfragrance Empire in the southern region had asked him to go to Mount Meru to find the numinous Sky Hall, and they had not contacted each other since.

Southfire city was quite large. Although it was not as outrageous as the light song woodland, it was still much larger than the upper Sun City of firecrow Empire. After passing through a few streets, Yunxiao came to the most prosperous place. The thunderwind Chamber of Commerce's storefront was very conspicuous, taking up almost half of the street.

He went straight to the main door and suddenly saw a sign in front of an unremarkable shop. It was a strange circle with a touch of light purple inside. It was extremely inconspicuous in front of the shop, as if it had been drawn by a naughty child.

Yunxiao was taken aback, but he quickly turned around and headed toward the shop.

There was a plaque hanging on the door of the unremarkable shop with four big words on it: The Purple Cloud trade union.

Chapter 509

?

509 The Purple Cloud trade union

Yunxiao walked straight in. The door was not big, but the decorations inside were extremely exquisite, orderly, and numerous.

And what made his eyes even brighter was that the waiters inside were not sharp-tongued manservants, but a few delicate-looking maidservants who were happily chatting with the guests.

“Young master, how may I help you?”

Four maidservants were standing side by side in front of the counter. As soon as they saw Yunxiao come in, the first one immediately came up to him with a smile as bright as a flower, making people feel like they were bathing in the spring breeze.

Yunxiao’s eyes fell on a Jade tablet on her waist, on which the character ‘Wan’ was written in gold, which was the number of the maidservant.

“Is the person in charge here?”

Yunxiao asked directly.

“The person in charge? Are you talking about guild leader Wu Chen?”

The seventh maidservant immediately sized Yunxiao up. Her eyes were very casual, as if she was playing it down casually. In fact, she had made her first judgment in her heart. This person was a young master from an aristocratic family, so he definitely had some background.

They had all been carefully selected by the Chamber of Commerce and had received professional training. He was very experienced in judging the status of the customers and communicating with them.

Yunxiao’s casual look inadvertently revealed the aura of a powerful expert. From the moment he entered the shop, his eyes had casually swept over every detail of the shop. Everything fell into her eyes and she was constantly analyzing it.

“En, your guild leader’s name is Wu Chen? That means we’re looking for her.”

Yunxiao had also discovered that these maidservants did not seem to be simple, and each of them had a cultivation base. Although they were not high, they were indeed true warriors.

“Please follow me.”

With a sweet smile on her face, maidservant number seven made a gesture of invitation and was about to lead Yunxiao inside.

“Hold on!”

A shout came from the corner. A young master in white was furious. He was holding a dazzling dagger inlaid with gold and Jade. He shouted, “I also asked to see the president just now. Why did you say that the president wasn’t here? Now that this hothead wants to see your guild leader, you’re going to bring him in?”

After frowning slightly, maid number seven ignored him and continued to lead him forward with a smile.

At this moment, another maidservant quickly came up to the young man in white and smiled sweetly. “Young master Liang, our appraiser has already made an accurate judgment on your green Hellstone. The president will not see you, so please come again next time.”

“I’ll f * ck you again next time? My top-grade netherworld stone is inferior to yours, and you’re trying to kick me out? since when did The Purple Cloud trade union become so powerful in the Southfire city?”

Young master Liang’s face darkened and he went up to slap him.

“Pa!”

The maidservant turned pale with fright and tried to Dodge. However, although she had some strength, she was no match for this young master. She was directly slapped to the ground. Everyone was shocked and stopped talking. The maidservants who were waiting for the guests inside hurriedly ran over and helped their sisters up.

Young master Liang’s face was filled with fierceness, and the experts behind him immediately surrounded him. The atmosphere in the shop suddenly became somber, but everyone just looked on coldly. No one made a fuss or ran away.

Those who could come here to trade were either influential families or martial artists with status, and they had seen all kinds of situations. Things like this, where one did not like it, and used one's power to bully others, also happened from time to time. The final result wasn't about who was reasonable, but who had the bigger fist.

Everyone knew this young master Liang. He was the son of the Deputy sect master of a sect near nanhuo city. His strength wasn't much, but he was quite famous. He hung out with the rich Playboys of the aristocratic families all day long and liked to do some sneaky things.

"If Wu Chen doesn't give me an explanation today, I won't let this matter rest!"

Young master Liang shouted, a smug look on his face. He stared at the maidservants who were gathered together and laughed.

For a long time, there was no sound in the entire shop. Some customers outside the door wanted to come in, but after sensing the atmosphere inside, they all left to avoid getting into trouble.

what? " Yunxiao asked in surprise. why doesn't The Purple Cloud trading company have a guard? "

Maid servant number seven bit her lips. Her face was slightly pale, and her eyes were full of anger. It was obvious that this was not the first time she had experienced such a thing. However, she could not voice her difficulties. She suppressed her anger and forced a smile. "Young master, please come in. The matters here are up to others to handle. We can not delay young master's important matters."

Young master Liang's eyes turned and he looked over. He was furious, " "You dog slave, you dare to look down on this young master's existence! Drag him over and beat him up! Fight until Wu Chen appears!"

The four martial artists behind him immediately rushed over. They couldn't help but separate and pull the struggling female number seven over. A big man on each side held her arm and another person held her head, dragging her in front of master Liang.

Young master Liang's expression turned cold and he laughed, " "Hehe, she's quite pretty, but I wonder if she's been deflowered. I'll teach you a good lesson first, then I'll reward you with sexual bliss tonight."

He raised his head again to look at the other maidservants who were curled up together. He chuckled and said, " "And all of you too, let this young master love you well together."

After she finished speaking, she raised her hand and slapped female servant number Seven's face. Her face was flushed with excitement, as if she was extremely happy.

However, his palm was caught in the air by an arm. It seemed that the other party did not use too much force, but he was unable to move.

Young master Liang was taken aback. It was Yunxiao who had grabbed his arm. "Kid, Who are you? This must be your first time in Southfire city, right? how dare you meddle in this young master's Affairs!"

Yunxiao was extremely surprised. The Purple Cloud Chamber of Commerce was also a member of the Business Alliance. Although it was not a permanent member, it was comparable to an ordinary local force. Moreover, The Purple Cloud trading company was under the jurisdiction and protection of the Tianyuan trading company, which was why Yunxiao had come in.

There were more than a hundred Chambers of Commerce in the merchant Union, large and small, and they were involved in all the businesses on the heavenly martial continent. However, the competition between these Chambers of Commerce was also extremely fierce. In order to prevent other Chambers of Commerce from being annexed or maliciously attacked, many of them would rely on some large Chambers of Commerce, with them as the core, forming small alliances. And the seven ordinary people council members were undoubtedly the biggest core support.

Ding Ling 'er had told him some things about the merchant Union. Among the many small merchant associations attached to the Tianyuan Chamber of Commerce, The Purple Cloud Chamber of Commerce had a very good relationship with them and was also very powerful. He had walked into The Purple Cloud Chamber of Commerce to ask for help, but it seemed that what Ding Ling 'er had said was not true. He did not dare to say anything when a random cat or dog bullied him, and he did not see the president when he was bullied.

Yunxiao did not get angry, but he found it very strange. He asked in a kind voice, " "Can you tell me why you're so strong? How dare you act so arrogantly in The Purple Cloud trading company, beating people up at will."

Young master Liang was furious. A random hothead dared to meddle in his business and didn't seem to be afraid of his power. He was so angry that he wanted to slap this hothead to death, but he was stunned to find that his hand was like an iron clamp. He couldn't take it off and it was getting more and more painful. He couldn't help but say, "Do you know who my father is? My father is the Deputy sect leader of the new moon sect, Liang Ye, a peak nine-stars Martial Emperor. I'm the son of my father, Liang Ye, and also his only son, Liang Kuan. Let go of me now, or you'll suffer!"

Yunxiao was even more puzzled now. even the Vice sect leader is only a nine-stars Martial Emperor. How could he dare to provoke The Purple Cloud trade union? " He increased his strength and gently bent it. The sound of bones breaking could be heard, and Liang Kuan's right arm was broken. I don't want to hear nonsense. Just tell me why you have the guts to be so arrogant!

Liang Kuan cried out in pain, which frightened the other four Warriors. They glared at him, but they did not dare to come forward, for fear that Yunxiao would kill them directly.

"Don't, don't break it, it hurts, I'll talk, I'll talk!"

Liang Kuan's head was covered in cold sweat, and he replied honestly, " "Some time ago, an idiot pawned a stone in my New Moon sect's pawnshop as an ordinary eighth-tier material for only three million mid-grade primordial stones. After the pawnshop's appraiser carefully analyzed it, he discovered that it was actually a ninth-grade green Hellstone, and its value was more than ten times higher. At that time, I happened to be at the pawnshop, so I took it and wanted to find a merchant Association to sell it for some pocket money. Who knew that after going to a few, they all said that my green Hellstone was low grade and not worth much."

The price difference between the same material and the different quality would be huge.

Yunxiao naturally understood this, so he asked, " since the other Chambers of Commerce all say that your tea is low-grade, why do you only dare to show off in The Purple Cloud Chamber of Commerce and not in other places? "

"This, this Yingluo"

Liang Kuan suddenly stammered, and the cold sweat on his forehead became even more intense, as if he had something he didn't dare to say.

“How troublesome!”

Yunxiao gave a cold cry and pointed his index finger at the man’s shoulder. Immediately, a stream of energy pierced through his shoulder blade, and blood gushed out. He looked at Liang Kuan, who was screaming in pain, and said coldly, “If you don’t say it now, the next hole will be below.”

Liang Kuan’s entire body trembled. He felt a chill down his crotch and almost peed his pants.

At this moment, the servant girl number seven suddenly said, “ young master, thank you for helping us, but this is the business of The Purple Cloud Chamber of Commerce. You should stay out of it.

Yunxiao turned around and saw the maidservant’s eyes full of gratitude, but also a little bit of pessimism and grievance. They had all been professionally trained, so they knew what to do at this time. If Yunxiao hurt Liang Kuan, they would have made a great enemy of the new moon sect, and now was the most critical moment for the Chamber of Commerce, which meant that they could not afford to make another enemy. So, they could only sacrifice their dignity to fulfill their wish.

Chapter 510-burning incense and testing tea

yes, yes, yes, this is between me and The Purple Cloud trade union. My Lord, please don’t do anything!

Liang Kuan hurriedly continued, trying to avoid the topic. However, he suddenly felt a sharp pain on his thigh, and blood spurted out. His heart sank, and the pain in his heart was even worse than the pain in his leg. He felt that the world was spinning, and there was no light in the world anymore.

this time, it’s your thigh that exploded, not your third leg,” Yunxiao said coldly. next time, it’ll really be your lifeblood.

Liang Kuan hurriedly looked down and saw a bloody hole in his thigh, from which blood kept gushing out. However, he did not feel any pain or grievance at all. Instead, he found the bloody hole very cute. He breathed a sigh of relief, but no longer dared to put on airs in front of Yunxiao, so he quickly explained the whole story.

The Li fire golden crystal was the biggest resource in South Fire City, which was the border of the two regions. The surrounding mountains that stretched for several miles all contained li fire golden crystal mines, which was an unimaginably huge resource.

Conflicts arose because of the huge amount of resources.

One group was the foreign Chamber of Commerce, led by the thunderwind Chamber of Commerce, which had gathered from all over the world. Originally, the arrival of the Chamber of Commerce had also driven the activity of local resources. However, these Chambers of Commerce were powerful forces in themselves. In addition to purchasing the raw stones of the distant fire golden crystal mine at a low price, they had also gradually interfered in the division of the resources in the local mine vein.

The other faction was the local forces near South Fire City. The old local forces like the Big Dipper sect and the new moon sect would naturally not watch as their resources were taken away by others. However, the greater the benefits, the greater the risks. The people in the merchant Union were not good people. In the whole process of fighting for benefits, dozens of weak local forces were annihilated and never existed again.

As a result, the local powers were in great danger. At this time, everyone joined hands and formed the southern Fire union to fight against the external forces. Only then did they reverse the decline of the local forces, which had almost been wiped out, and reach a certain balance with the people of the merchant Union.

No matter which side it was, they didn't want to fight anymore. Although the thunderwind Chamber of Commerce was a giant, it would take a lot of sacrifices to completely eradicate the southern Fire union. The internal of the merchant Union was also turbulent and turbulent. They had to first protect their status and interests in the merchant Union, so the current peaceful way of development had appeared.

Led by the thunderwind Chamber of Commerce, the southern Fire union, the northern Dipper sect, and the heavenly Scorpion sect, the Business Alliance signed a series of settlement treaties with each other, which eased the conflict between the two sects that had lasted for many years. Everyone developed and benefited together.

Although on the surface, the enmity between the two factions had stopped, the secret struggle had never stopped, and there was no lack of blood because of this. In the previous conversation between Liang Ye and the sect leader of the new moon sect, it seemed that the Southfire Union was going to make a series of moves against the merchant Union. When they talked about the Chamber of

Commerce in the Southfire city, they specifically mentioned The Purple Cloud Chamber of Commerce. It seemed that the Chamber of Commerce had fallen into an unprecedented crisis and could not even protect itself.

Liang Kuan had heard this, but it was nothing. However, when he was selling the green Hellstone, he saw that The Purple Cloud Chamber of Commerce was so hostile to him, but was so enthusiastic to a strange hothead. He couldn't help but be angry, and when he thought of the current situation of The Purple Cloud Chamber of Commerce, he flew into a rage.

After Liang Kuan's brief explanation, the expressions of everyone in the shop changed drastically, and they all ended their business and left in a hurry. He had originally thought that it was just the arrogance of a foolish young master, but he did not expect it to involve the possible actions of the southern Fire union.

He was really a teammate who was most afraid of pigs!

Now that Liang Kuan had revealed this matter in public, the thunderwind Chamber of Commerce would probably receive the news very soon. The southern Fire Union's plan would probably fail, and the new moon sect would probably be the one to bear the blame. Would the new moon sect let him off? This brat didn't know how to avoid the important points when he spoke. He blurted out everything in a moment of shock.

The maidservants of The Purple Cloud Chamber of Commerce were also shocked. Right now, the internal department of the Chamber of Commerce was just as the southern Fire union had analyzed. They were too busy to take care of themselves. If the southern Fire union acted against them now, they would not be able to deal with them. At such a critical moment, the Thunder wind Chamber of Commerce was eager to destroy their small Chamber of Commerce so that they could further expand their business. The thunderwind Chamber of Commerce alone was enough to fight against the entire Southern Fire union. They didn't need the existence of these small fish.

"Can you let me go now?"

Liang Kuan asked, trembling. He still didn't know that he had revealed such a big piece of information that the entire New Moon sect would be implicated.

“Yes.”

Yunxiao gave him a pitiful look and said, “You can leave now. Good luck.”

“What?” Liang Kuan didn’t understand what this sentence meant, but he couldn’t figure it out even after thinking about it carefully.

“That’s right, where’s that green Hellstone of yours? give it to me, I have use for it.”

Yunxiao suddenly remembered the purpose of his trip, which was to buy a large number of materials, and the green Hellstone was undoubtedly one of the best materials.

Liang Kuan felt bitter in his heart. The other party was obviously extorting him. However, he didn’t dare to refuse. A green light flashed in his hand, and a light green stone appeared. He held it in his hand and handed it over.

Yunxiao’s pupils constricted slightly as they fell on the nether stone, and a look of doubt appeared on his face. He took the stone and fiddled with it for a while, and a look of surprise flashed across his eyes before he returned to normal. He put the stone away, waved his hand, and said, “You guys can leave.”

The other four Warriors also let go of maidservant number seven and ran away with Liang Kuan.

After Liang Kuan stepped out of the shop, he turned around and gave Yunxiao a resentful look, then quickly ran away. He didn’t dare to stay for long, nor did he dare to threaten her. However, he was unwilling to give up, so he glared at her, leaving a “just you wait, I’ll teach you a lesson” signal.

“Thank you for saving me, young master!”

Maidservant number seven came forward and thanked her gratefully, but the deep worry in her eyes was difficult to erase.

you’re welcome,” Yunxiao said indifferently. take me to your President.

Only then did female servant number seven lead the way, while the other female servants returned to their own positions. However, the shop was already empty.

Yunxiao followed the maidservant through several courtyards before stopping outside a Pavilion.

The maidservant knocked on the door and respectfully said, "Mr. President, a young master is looking for you."

A woman's voice came from inside the door. I know, let him in.

The tightly shut door immediately opened by itself, and celestial music came from inside. There was actually someone burning incense and playing the zither.

The sound of the zither was like a curtain of resentment, like weeping and complaining; The lingering sound lingered in the air. A flood dragon dancing in a ravine, a woman abandoning a boat.

the moon is bright and the stars are few. A black magpie flies South. What a poem about the bright moon and a graceful movement!

Yunxiao praised with a smile as he strode in.

The music stopped and then changed into a clear and melodious sound, like a spring playing between the Green Mountains, giving people a gentle and beautiful feeling.

In the pavilion, a beautiful woman in Palace Clothing was boiling water to make tea. In front of the tea set was a three-legged incense burner, and the fragrance inside slowly spread, refreshing the heart. Beside the beautiful woman was a white jade Screen with simple carvings of mountains, rivers, flowers, and birds. The zither music was coming from behind the screen.

When the beautiful woman saw that it was a strange face, and then looked at Yunxiao's cultivation base, she said in surprise, "What does this young master want from me?"

“You are Wu Chen?” Yunxiao asked. I’ve heard that The Purple Cloud trade union is in danger, but it doesn’t seem to be the case. The president seems to be quite relaxed.”

“Oh? Did you believe Liang Kuan’s nonsense?”

Wu Chen smiled and gestured for him to go ahead.

Yunxiao did not stand on ceremony. He sat down directly across from the man, picked up the tea on the table, and drank it in one gulp. Immediately, a warm current flowed through all his meridians, making him feel unspeakably comfortable.

After that, Yunxiao put the empty teacup on the table and made a gesture with a smile, inviting them to pour some tea.

Wu Chen was stunned. He didn’t expect the other party to be so impolite. This tea was priceless and she rarely drank it. At that moment, she was even more reluctant to pour him a cup. She asked curiously, “Young master, can you tell us your background and what your business is?”

you’re so stingy,” Yunxiao said with a smile. I only took a sip.

Wu Chen was furious and said, “Do you know what kind of tea this is?”

Yunxiao chuckled and said nothing. Instead, he closed his eyes and sniffed the fragrance in the room. He was also enjoying it.

Wu Chen was speechless. The incense in the three-legged copper stove was also extremely precious, but he couldn’t extinguish it. He put down the teacup in his hand and coldly said, “If young master still doesn’t speak, I’ll have to send you off.”

yunxiao opened his eyes and said with a smile, “the maidservants outside are enduring humiliation and humiliation, suffering all kinds of bullying. Inside, the president is burning incense, testing tea, and playing the zither. It’s too chilling for the president to be like this.

A trace of worry flashed in Wu Chen's eyes and he laughed coldly, "This is the business of The Purple Cloud Chamber of Commerce, why bother you? if you think that you can be impudent in front of me just because you helped those girls, then you're gravely mistaken."

alright, President Wu Chen, " Yunxiao said with a smile. stop pretending. Your Chamber of Commerce is in danger, so you'd better think about how to deal with it. If you pretend to be in trouble here, you'll only be laughed at by the southern Fire union and even the thunderwind Chamber of Commerce."

wu chen's expression changed drastically, as if a layer of frost had covered him. he said coldly, "Nonsense. Liang Kuan is just a dandy. Do you really believe what he said?"

Yunxiao did not comment, but took the tea set from the table and poured himself a full cup. Under Wu Chen's unsightly expression, he drank it all in one gulp, then smiled with satisfaction and said, "I didn't take it seriously at first, but it's true."

His eyes flashed and he turned to look at the White jade Screen as if he wanted to see through it and see the scenery behind it. He sneered, "But I have no choice but to believe that guild leader Hanxuan is personally overseeing South Fire City! Right, guild leader Hanxuan?"

"Clang!

The sound of the zither suddenly stopped, and the entire room was silent!
