

## The Eternal 531

### Chapter 531-tracking

The sky gradually darkened, and the entire mountain range was unusually quiet. After entering the path of martial arts, there was no need for sleep at all. Night was the best time to cultivate in seclusion, so it was not easy to be distracted.

Therefore, walking at night was much more dangerous than during the day. Any movement would be easily caught.

After chasing a few mountains, Yunxiao gradually approached the real buildings of the Big Dipper sect. It was only then that the fat guy slowed down, clearly more careful.

And not long after, another target, the woman, also appeared. The two of them had fled separately, but they gathered in front of the Big Dipper sect's Mountain Gate at the same time and whispered to each other.

Yunxiao listened attentively, but he could not tell from the distance. His hands formed an incantation gesture, and his body glowed with a faint golden light. Then, a light shadow that looked exactly like him walked out of his body. The light shadow and the main body both revealed a look of joy and looked up and down in surprise.

“?!”

Yuan gaohan's shocked expression came from the divine realm tablet, and he said in horror, “Starlight soul body! How the hell did you master it? Furthermore, the first time he condensed it, it was the second stage! How can he be so fast?”

Yunxiao's face was pale. Obviously, the soul had taken away most of his soul power. Satisfied with the result, he snorted and said, “Hmph, all the arts in the world are one. With my ninth-rank comprehension, would it take me long to learn your Starlight soul tampering technique? More than half of my sixth-rank soul power was extracted, and I only managed to condense a second-rank soul power. I'm already very depressed, okay!”

The Starlight soul body smiled and also performed an incantation gesture with one hand. The light on its body gradually dimmed, and it looked exactly like Yunxiao, like a pair of twins.

that's right. This Starlight soul body is completely condensed from soul power and doesn't have any Yuan Qi fluctuations. This way, we won't have to worry about being discovered.

Yunxiao's Starlight soul body muttered to itself and said with a smile, "I'm going to play for a while. It's a little strange, but it's really interesting."

With that, the Starlight soul body leaped into the air and flew towards the fat and round earth duo.

Yunxiao felt a little strange as he watched an identical copy of himself fly away.

Yuan gaohan snorted coldly, "Hmph, you're actually using such a soul refining secret technique to track people!" If the apparition is destroyed, your soul will be heavily injured, the higher the level of the apparition, the greater the damage. With my rank eight spiritual body, if I die, the weakening of my main body's spiritual power will be irreversible."

'So serious?' Yunxiao asked. It seems that I can only keep this soul in the divine realm tablet in the future. However, he revealed a strange expression, and said, "But what's going on?" He changed his hand seal and a green light appeared on his body. A faint Dragon Shadow condensed from it and circled in front of him. He said in surprise, "The demonic Dragon's Starlight soul body?"

"This Tao Wu!"

The three voices were stunned. One was Yuan gaohan's, one was the demonic Dragon in his soul, and the other was the demonic Dragon's Starlight soul body that had manifested in front of him!

"This ... This is your sword spirit?" Yuan gaohan was shocked. It was a soul body, so how could it still condense a Starlight soul body? Two souls at the same time?"

The demonic Dragon was furious. you brat! Don't use that weird soul refining technique on me! What's going on? "

The demonic dragon's soul body was also glaring at him from the sky. It was roaring in a low voice, clearly extremely dissatisfied and angry.

After the two of them used the soul battle technique of the soul Devourer clan, their soul power was linked. He had just tried to use the Starlight soul refining technique on the demonic Dragon, but he didn't expect that he would really condense a Starlight soul body. Moreover, it was of a higher level than his. It was actually a triple-tier Starlight soul body.

Yuan gaohan was also dumbfounded, feeling extremely difficult to understand and inexplicable.

if a soul can also condense a Starlight soul body, then can a Starlight soul body condense a third Starlight soul body? " Yunxiao pondered. in that case, doesn't that mean that the Dao begets one, one begets two, two begets three, and three begets an endless number of souls? "

Yuan gaohan was drenched in cold sweat and hurriedly said,"I don't know what's going on with this demonic Dragon, but I can't form a Starlight soul body anymore. I've tried it a long time ago. Otherwise, just like you said, if I were to condense hundreds or thousands of them and cultivate them together, I would have broken through to the level ten Warlock God a long time ago."

"That's true. I'll study it in the future."

With a wave of his hand, Yunxiao took the Dragon's Starlight soul back into his body and fused it with the Dragon.

The demonic Dragon kept looking at its body to see if there were any special changes. It heaved a sigh of relief after making sure that it was fine, but it still cursed in anger, " I'm not your test subject. If you use me for such a dangerous and nonsensical experiment again, I'll definitely fight you to the death!

Yuan gaohan wiped the cold sweat from his forehead and said awkwardly,"You're really a restless Alchemist. I have a feeling that the alchemy world will be a mess because of you sooner or later! Your Starlight soul body has already run far away. If you're a double soul body, you'll be able to sense each other and share your consciousness within a hundred miles. If you go beyond this range, you'll be like me, completely losing contact with your main body and becoming an independent existence."

“A hundred miles? This range was enough for the Big Dipper sect. Then how far away are you from the main body to sense it?” Yunxiao asked.

Yuan gaohan kept his mouth shut and coldly snorted, “What’s wrong? Are you scared?”

Yunxiao grinned and said, “I’m indeed a little scared. In that case, I can’t go to the Holy region. As long as you don’t enter the sacred zone, and you’re in my divine realm tablet, you shouldn’t be sensed, right?”

Yuan gaohan was silent for a moment before saying, “I don’t know,”

Yunxiao chuckled as he turned into a gust of wind and chased after his Starlight soul body.

The Starlight soul body only had soul power fluctuations and no vital Qi fluctuations, so it was difficult for ordinary Warriors to detect it. He easily approached the fat and round earth and the woman in Palace Clothing, following closely behind the two without being discovered.

I didn’t expect to reveal my strength and identity so quickly. It’s far from what we expected.

The great circle of earth fertilizer grumbled, “I don’t know who those people are, but they actually saw through our identity. It was truly an unlucky year. He didn’t expect that there would be such an expert among the people who entered the mountain with him. Do you think the one who secretly schemed against us is that foolish youth or that goateed man?”

The woman’s face was still cold, and no one could see her expression. She coldly said, “I don’t think those two are simple. That Thunder-attribute Martial Emperor demonic beast seemed to belong to that rash young man. That young man must be a Beast Tamer. As for that goatee, he must have distorted space and teleported us out, which exposed his strength directly. He must be a great Alchemist, at least a seventh-tier one!”

“Rank 7!”

All the fat on the round and fat body trembled, and it said in horror, " why is a seventh-tier great Alchemist here? even if he is here, he should be welcomed respectfully and stay in the Big Dipper sect's guest courtyard.

The woman's face was also a bit unsightly, and she said, " "Only God knows. I guess they have the same purpose as us. Please don't come for the treasure as well, or else we'll be in trouble!"

A cold glint flashed in the round and plump boy's eyes as he snorted coldly, " "He looks like he's alone. As long as he doesn't have any help, even a seventh-tier great Alchemist can't do anything. Also, the people who are attacking us seem to be some rogue cultivators from Southfire city. I don't know who organized them, but the waters are getting more and more muddled."

it's easy to fish in muddy water, " the woman said. otherwise, it's hard to get any benefits with our strength.

"Yes, this is our best chance. As long as we obtain the treasure, we'll definitely teach those bastards a lesson when we return to the Holy Wind sect!"

The fat and round fellow revealed a sinister look. The two of them stopped talking and moved forward in the mountain range.

After walking for a long time, the two of them did not seem to be in a hurry anymore. Instead, they began to wander aimlessly in the mountains. Yunxiao followed them for a while, but found it boring, so he left the Starlight soul body to continue following them while he turned and left.

According to Shou Wei's introduction, today should be the competition for the top ten. If Mei Dong'er said that she was 100% confident, then there definitely wouldn't be any problems. Just as Yunxiao was hesitating whether he should go and visit, he suddenly saw a familiar figure flash in the distance.

"This is interesting. It seems like this competition is even more interesting than the sect competition itself."

Yunxiao chuckled and followed her. The figure in front of him was the middle-aged man in the yellow robe who had sealed him when he had entered the mountain Gate earlier. He was only a one-star

Martial Emperor, and he was even weaker than the round-faced man and the woman in the palace dress.

The mountain range where the Big Dipper sect was located was extremely large. He followed the yellow-robed middle-aged man to a Valley. There was actually a natural cave. The yellow-robed middle-aged man immediately disappeared into it.

Yunxiao looked carefully from the outside and found that it was indeed a natural cave. There were countless caves like this in the entire mountain range, and it was indeed a good place to hide people. He immediately followed them in.

As soon as he stepped in, he felt a biting cold wind coming at him, mixed with several sword gleams. The other party instantly slashed out several times, and there was also a palm wind. It was obvious that he wanted to take his life in one move.

“Eh, you actually discovered me?”

Yunxiao was a little surprised. He did not take the attack seriously, but he was surprised that the other party had discovered him.

He made a grabbing gesture and a sword Qi was condensed in his hand. The sword Qi suddenly dispersed in the air and turned into countless tiny sword rays that cut through the wind from the opponent's palm, making countless ear-piercing hissing sounds.

“What?”

The man let out a cry of disbelief and shock as he rushed out of the cave, his sword energy condensed into a line and went straight for Yunxiao's head.

The morning light shone down and reflected the face of the middle-aged man in yellow. His eyes flickered with cruelty and his killing intent was revealed.

With a light tap of his foot, Yunxiao's body turned into a leaf as he retreated backward. His movements were light and slow, but in fact, his speed was extremely fast, and he dodged the sword attack in an instant.

Chapter 532-all the friends are here

"It's actually you!"

When the middle-aged man saw Yunxiao's face clearly, he was immediately taken aback and shouted, "Who was the one who broke the seal for you?"

Yunxiao ignored his words, but turned his eyes to the cave behind him and said, "Who's inside? It's impossible for you to discover me with your cultivation."

The middle-aged man's face turned cold. He was so angry that he laughed, "A mere five-stars martial Grandmaster is really crazy! If you don't seek death, you won't die. The people of the ancient times can't be bullied!"

He shook his head for a while and said coldly, "Just as well, elder Lu has also instructed that you can not be allowed to stay." His aura burst out, and his sword dazzled in the morning light as he flew over.

Yunxiao did not bother to talk to him. He took two steps forward and threw a punch at the sword beam!

"Bang!"

The middle-aged man in yellow felt his sword hit an iron wall, and the force of the impact almost knocked his sword out of his hand. He was instantly shocked, but before he could cry out in alarm, Yunxiao kicked him in the chest and sent him flying back into the cave.

"The people inside, come out. Since I've been following him for so long, he's naturally not my opponent. I wonder what you're thinking by sending him out to die."

Yunxiao clapped his hands and said unhurriedly, "I don't have any purpose. I'm just curious."

“Hmph, curiosity can kill!”

A cold voice came from the cave. A person slowly walked out and looked at him coldly.

Yunxiao was taken aback, but then he laughed and said, “Haha, I was wondering who it was. So it’s a little friend who came to the Big Dipper sect with me. So you’ve been colluding with the Big Dipper sect for a long time. Tsk, tsk, you’re here for the treasure too?”

This man was the goateed man. He squinted his eyes and said, “The treasures are all fake. The sect master of that generation had already used them all. I came to the Big Dipper sect for another purpose. You, on the other hand, have hidden yourself very well. If you hadn’t used form displacement transposition in the courtyard and teleported those two bastards out, I wouldn’t have discovered that you were actually an expert.”

same to you,” Yunxiao said with a smile. since you’re not here for the treasure, are you really here to watch the competition?” Even I can’t see through your strength. Is the tournament really that attractive?”

The goateed man stared at Yunxiao for a while before he said slowly, “You are very talented and have great potential. I’ve never seen such a monstrous youth like you in all these years. Why don’t you come with me and become my disciple? I’m sure you’ll be able to break through to the rank of a martial Supreme in the future and become a famous hero.”

He crossed his arms in front of his chest, his five fingers constantly moving, as if in an extremely regular pattern.

Yunxiao’s pupils constricted as he suddenly grinned and said, “Since you’re not here for the treasure, there’s no conflict between our goals. I won’t stay any longer. Goodbye!”

After saying that, he immediately turned around, kicked his legs, and shot up into the sky like a beam of light.

The goateed man's face no longer had any trace of wretchedness. Instead, he was astute and sharp. He laughed and said, what a smart little brat. I just didn't suppress my aura a little, and you already noticed me. You're really amazing!

He made a grabbing motion in the air, and streams of hazy energy shot out of his five fingers. What followed was the power of his domain, which made him extremely fast. In just half a breath, he had caught up with Yunxiao, and a strong pressure suddenly fell on him!

Yunxiao was taken aback. Trapped by the power of the domain, he immediately felt that his primordial Qi was hindered, making it difficult for him to circulate it smoothly, and every movement was very difficult.

In addition, the haze spread out in the air in an instant, quickly catching up to Yunxiao and surrounding him like a cage. It was also very corrosive and kept seeping into his body.

Trapped in the air, Yunxiao said with a wry smile, "You really think highly of me. I'm just a mere five-stars martial Grandmaster. Do I need to use the power of the territory? and this misty air is also your ultimate skill, right?"

A trace of surprise flashed through the eyes of the goateed man, and then he said indifferently, "Can a mere five-stars martial Grandmaster cripple a Martial Emperor with one move? Also, that form shifting was impossible to do without seventh rank spirit power. I've always been a person who knows how to control my strength. If I can use less strength, I will never use more. You want me to use my domain because you have the right! It's not too late for you to submit to me now. I know you have a Martial Emperor realm thunder beast, but it's useless to me. You should think about it carefully."

Yunxiao smiled, knowing that he had encountered a difficult opponent. Moreover, the other party's faintly discernible aura was definitely not an ordinary martial honor. However, it would not be so easy to trap him.

alright, I admit that my curiosity is harmful, but you're still wrong if you want to trap me!

Rays of white light gushed out from his body, shooting away the mist like the sun. Even his domain seemed to be temporarily ineffective at this moment.

Then, the sword Qi in his hand condensed and emitted a dazzling light. He slashed forward with his sword, and the Qi pierced through the rainbow!

A vacuum passage was immediately opened up in the area and the mist in front of him. In an instant, Yunxiao rushed out in a beam of light and was hundreds of meters away in just a few moments.

The goateed man's face was aghast, and his eyes almost popped out. He cried out, "What?"

He felt that he had overestimated Yunxiao, but he did not expect that he had still underestimated him. Yunxiao had torn apart his domain so easily, which was not something an ordinary Martial Emperor could do.

"What a mysterious kid! It's not that easy to escape from this old man!"

The man with the goatee seemed to feel that his dignity had been challenged. He let out an angry roar and rushed into the sky, chasing after them. His entire body was wrapped in a cloud of mist, and his speed was extremely fast. It was as if he had used some kind of secret technique, leaping forward in the air.

Yunxiao was taken aback. Although he had expected that the other party would not give up, he did not expect them to catch up so quickly. He had also seen through the goatee's Secret movement technique. This kind of secret technique usually required one's full concentration, and it was easy to be interrupted once one was distracted.

When he was less than a hundred meters away from them, Yunxiao quickly turned around and casually threw out a heaven and earth seal, which covered an area of space and pressed down hard.

The man with the goatee immediately appeared from the haze. His eyes were wide open, and he angrily slapped down with his palm. A gray palm print rushed up with an overwhelming force.

"BOOM!"

The entire heaven and earth seal was shattered by a casual palm strike, but Yunxiao had managed to run a few hundred meters away in the meantime. He was so angry that he glared at her and shouted a few words before chasing after her.

“Hahaha!”

Yuan gaohan’s delighted laughter came from the divine realm tablet and he said, “ I can’t believe that the overbearing martial sovereign Vanquisher, Gu Feiyang, is being chased by a martial venerable. I must spread this news to the public in the future.

it’s rare to see something strange, ” Yunxiao said with a wry smile. you’ll know when you’re with me for a long time. It’s not the first time I’ve been hunted down and forced to run for my life.”

“Hmph, you haven’t changed at all. Now you only have the strength of a Wu Zong. Serves you right for offending people you can’t afford to offend!”

Yuan gaohan said in a very disdainful manner, with a strong sense of ridicule and happiness.

judging from the power of the domain just now, this goateed man is at least a five-stars martial Supreme, ” Yunxiao said in distress. he’s so damn troublesome!

He condensed another sword light, turned around, and slashed out. He then turned around and changed his direction, flying toward a certain place.

The goateed man wiped out the sword beam with a casual grab, then looked in Yunxiao’s direction and said angrily, ” “If I don’t catch you today, I’m not tan dijun!”

He surged the haze around him and chased after her.

Yunxiao had planned to escape in the direction of the sect competition, but on second thought, he suddenly changed his mind.

After a few breaths, he seemed to have found a place and directly swooped down.

At that moment, another Yunxiao flew up from below. It was his Starlight soul body, and the two of them fused together in an instant before flying down.

“Who is it?”

A cry of surprise came from the bottom of the valley, and soon, a plump figure appeared.

that’s great! Yunxiao smiled and said, “ except for shouwei, all my friends are here.

The woman rushed out as well, staring at Yunxiao in surprise as she said coldly, “ “It’s you? You were following us?”

you’ve misunderstood me, ” Yunxiao hurriedly said. I’m being hunted, so I fled here. I hope you can help me.

“Pursue and kill? How did you know we were here?”

The fat and round fellow was shocked. who is chasing after you? don’t you have a Martial Emperor level Thunder-type demonic beast? ”

Before Yunxiao could answer, a gloomy color appeared in the sky, exuding a terrifying pressure that rolled down and instantly locked on the three.

The fat and round earth and the woman in Palace clothing’s expressions changed greatly, and they cried out in horror, “ “Wu Zun!”

The hazy Qi in the air was withdrawn, gradually revealing the appearance of a goateed man. He stared down coldly and said,“Oh, so you two survivors are here too. You’re really all here.”

Big beads of sweat rolled down from the Fat Boy's forehead as he shivered. you're so stubborn. This Lord, we're not on the same side as him. He pointed at Yunxiao, his eyes full of resentment.

Yunxiao laughed and said, "We all went up the mountain together. How can we not be partners now?"

"It doesn't matter if we're in cahoots or not," the goateed man sneered. "I'll find you sooner or later anyway." I'm tan dijun, I'm sure you've heard of me?"

The fat and round earth and the woman's faces changed at the same time. The fat earth even cried out, "You ... You are tan dijun? He's the junior Brother of the Big Dipper sect's sect leader, Zhang linghua!"

Yunxiao's heart skipped a beat as he looked at the goateed man. He did not expect that there was such a relationship between them, but he seemed to have guessed something.

Tan dijun's face darkened, and he said with hatred, "I'm not that traitor's junior Brother! This old master has returned this time to take back the position of sect master that originally belonged to me, and at the same time to clean up the traitor!"

Chapter 533-helpless

The fat and round guy felt great pressure and said in cold sweat, "Sir tan, our goals are not in conflict. Strictly speaking, Sir tan and we can be considered to be from the same sect, so please show mercy."

Tan dijun looked at him coldly and said, I can kill you two ants with a wave of my hand. What's the point of keeping you alive?"

The fat and round man was a tactful person, so he immediately heard the hidden meaning in his words. He hurriedly bowed and said, "Ping Yingyi pays his respects to Sir tan. He is willing to serve Sir tan at all times and pledge his loyalty to you!"

The woman also came to a realization and hurriedly said, "Shangguan Yuyin pays her respects to Sir tan. She is willing to serve Sir tan and pledge her loyalty to you!"

They weren't stupid. If they were of no value to Tan Dijun, they would have been turned into ashes immediately.

Tan Dijun's eyes moved from the two men to Yunxiao as he said coldly, "How about you?"

Ping Yingyi and Shangguan Yuyin immediately released their auras and locked onto Yunxiao, as if they were his subordinates.

Yunxiao smiled wryly. I was counting on you two to help me. Why are you so unloyal? I'm not interested in being loyal to Sir Tan. Why don't we all go look for the treasure happily?"

My patience is limited," Tan Dijun said. If I didn't value your talent, I wouldn't have talked so much with you. I'll give you one last chance to make a choice!

Yunxiao smiled helplessly and said, "You're a martial honor. I can't do anything to you. But if you want to kill me, you're daydreaming.

"Haha, you're so arrogant!"

Tan Dijun's face darkened. He was so angry that he laughed and said, "You don't know how high the sky is just because you have some talent. Today, this old man will tell you how high the sky is and how thick the earth is!"

As soon as he condensed his aura, the space around him was immediately locked like an iron bucket. Yunxiao felt as if he was in a solid body, and the endless pressure grew stronger and stronger. Apparently, Tan Dijun was going to crush him to pieces with the power of space.

Under the heavy pressure, Yunxiao's body began to twist and sway with the space, like a rubber band that was constantly being squeezed.

Ping Yingyi looked at Yunxiao with pity. He could see that Yunxiao was about to be crushed by the other party at any time, unable to resist at all.

Tan dijun's expression changed slightly. His heart was in turmoil. From the outside, it looked like he was toying with his opponent, squeezing him casually, but in fact, he had used all his strength. This was the strongest spatial power he could use in his domain, but he couldn't even squeeze his opponent to death!

Even an expert at the peak of the Martial Emperor realm would have exploded and died under such a powerful spatial compression. What was going on with this kid?

While tan dijun was shocked, Yunxiao was also slightly surprised. Under the pressure, his body was actually vaguely absorbing the spatial power of the other party. Although that degree of pressure was extremely uncomfortable, it was not to the point of danger. On the contrary, he felt that his body was constantly being tempered under that kind of distortion.

"Eh, there's actually such an effect. Does that mean I can use the living earth to suppress the space and then refine my body?"

Yunxiao had a strange thought in his heart, but he had no time to pay attention to the various expressions on the three people's faces. He let the space squeeze his body, feeling an unspeakable pleasure.

"Tan dijun, you're so f \* cking vicious! I'm going to die!"

Yunxiao's face was filled with pain as he cried out tragically.

Tan dijun furrowed his brows and snorted. He increased the power of his domain again, trying to squeeze the man to death to vent the hatred in his heart.

But, ten minutes later, cold sweat oozed out of his forehead, and Yunxiao was still screaming from time to time. This time, even ping Yingyi and Shangguan Yuyin could tell that something was wrong.

Tan dijun was furious. how dare you fool me! You deserve to die! he shouted.

He suddenly raised his foot and stomped down fiercely. The entire space trembled violently, and the Qi-Jin on his foot shattered into pieces, like a curtain that had been shattered into countless butterflies that danced in the air. It was exceptionally beautiful, but the destructive power was suffocating.

Ping Yingyi's and Shangguan Yuyin's expressions changed drastically, and they hurriedly dodged to the side, deeply afraid that they would be implicated. With their cultivation bases, they would basically die the moment they touched the spatial energy.

Yunxiao chuckled, and a powerful spiritual power gushed out of his eyes, twisting the surrounding space. In the next moment, he disappeared from where he was and reappeared behind Tan Dijun.

Tan Dijun turned around and kicked again. The space behind him cracked layer by layer, and the ground was crushed into powder like a huge chariot.

Unhurriedly, Yunxiao teleported away again and reappeared dozens of meters away from Tan Dijun in a flash. Suddenly, a mist seeped out of the space and surrounded Yunxiao in just a few breaths, wrapping him up and making it difficult for him to move.

Yunxiao's eyes narrowed, and a hint of surprise flashed through them.

Tan Dijun sneered. Even a great Alchemist has to have a time interval between two teleportations. I can tell from your attack just now that the interval was twenty breaths. It's a very short time, but it's enough for me to make a move!

So what?" Yunxiao said. So what?" Your fog can't stop me at all. Have you forgotten?"

Tan Dijun said with a mocking expression, "You can try this time!" He made a hand seal, and the mist in the sky immediately began to move. It seemed to become restless and restless.

Yunxiao frowned and cried out. The purifying power of the bright moon divine body spread out like the light of the moon and the stars, blowing away the mist. He said coldly, "I don't see any difference."

Suddenly, his pupils shrank. He was actually being hugged by a pair of big hands. The mist took the shape of a human, with no facial features to be seen, but it was more than three meters tall and wrapped Yunxiao in its arms. Although the light of the divine body had pierced through his body, it could not completely purify him, so it still held him tightly.

The corrosive power of the mist made hissing sounds under the purifying light. It was extremely terrifying. If it were not for his abnormal physique, he would have been seriously injured and would have died. Moreover, the mist was also emitting a powerful fluctuation of primordial energy, which disrupted the frequency of the surrounding space, making it impossible for Yunxiao to teleport.

“Let’s see where you can run to now. Aren’t you very arrogant? If you have the ability, run!”

Tan dijun’s face was filled with maliciousness. He raised his foot high and stomped down hard. The rumbling space shattered and collapsed toward Yunxiao, spreading out like a black passage with a terrible force.

Both ping Yingyi and Shangguan Yuyin’s faces changed drastically, thinking that Yunxiao was completely finished this time. If he were hit by such a force, he would not be able to escape.

Yunxiao’s face was a little solemn as well. The mist stuck to him like marshmallows, and although the divine light could break it apart, it could not disperse it. The human-shaped mist was still holding him tightly. A Golden Eye suddenly appeared in the middle of his brows. It opened abruptly, and as it opened and closed, there seemed to be a gust of wind blowing.

“Shua shua!”

At that moment, a tornado suddenly swept up around Yunxiao. The mist that had taken form could not hold on for a moment before it was blown away and sucked into the tornado.

“What?”

Tan dijun and ping Yingyi’s eyes almost popped out of their sockets as they exclaimed in shock.

Yunxiao performed an incantation gesture with one hand, and the whirlwind immediately rushed forward under his control, slamming into the huge force that was collapsing toward him!

“Boom boom boom!”

The collapsing force rushed into the whirlwind. Although it was hindered for a moment, it was still like a Mantis trying to stop a car. It smashed the “ hissing ” wind power and crushed over!

But in the process, Yunxiao teleported again and dodged the attack. The space hundreds of meters around him was shattered, and a black path was kicked out, which was slowly repairing itself.

Tan dijun quieted down and stared at Yunxiao coldly without saying a word.

‘That was close,’ Yunxiao thought to himself. If the domineering force of the collapse had hit him, he would have been crushed into pieces even if he had the Supreme tyrant body. In the past, he could only use the divine realm tablet as a shield, which was why the tablet was constantly damaged.

However, his newly refined immemorial heaven’s eye had already integrated a trace of the immemorial astral wind power. Although it was only a trace, it was still the origin power of wind. The whirlwind that was formed was enough to blow away the fog, which was why he was able to escape.

“Kid, Who are you?”

Tan dijun suddenly asked. He seemed to have lost his temper after a few rounds of fighting. Moreover, the methods of this young man in front of him made him have no choice but to have some concerns. They were afraid that they would unknowingly offend some major power.

Yunxiao circulated the great expansion divine technique to replenish his consumed soul power as soon as possible, then said with a smile, “Would you believe me if I just randomly said one?”

Tan dijun furrowed his brows. He felt that it would be harder to get something out of this kid than to kill him. However, it was indeed extremely difficult to kill him under the current circumstances. are you really here for the treasure? ”

I just wanted to borrow some primordial stones from the Big Dipper sect, " Yunxiao said with a smile. I also wanted to see if I could borrow a teleportation array. Now, I want to see what the treasure is about."

The three of them revealed strange expressions. Of course, they understood what he meant by "borrow."

"Are you short of primordial stones?" tan dijun frowned in disbelief.

In his opinion, an existence with monstrous talent like Yunxiao would certainly be the top cultivation target in the sect, and generally, there would be no restriction on the supply of resources, so he would not lack primordial stones. Even if the sect only had one primeval stone left, they would give priority to people like him.

"Yes, yes, it's not just an ordinary lack."

Yunxiao sensed that the other party's hostility was gradually decreasing, so he nodded and said with a smile, " I said that our goals are not in conflict. Why don't we think of a way to open the treasure together? we'll all benefit."

"Hmph, I'm not interested!"

"As far as I know, the treasure has been gone for a long time," tan dijun said coldly. His gaze fell on ping Yingyi and the other, and said,"Do you guys have some random information?"

"Lord tan, it's just a map that our ancestors brought with them when they left the northern scorpion sect," ping Yingyi hurriedly replied. He hurriedly took out a piece of old leather from his ring, spread it open in his hand, and handed it over.

Chapter 534-platinum paper

Tan dijun looked at him coldly and snorted, "The entire sect has this kind of thing. Back then, someone spied on the treasure and created a large number of fake maps. I'm afraid even Zhang linghua can't tell the difference."

"Yes, yes!"

"However, there's a high possibility that this map is real," ping Yingyi agreed. Otherwise, the Big Dipper sect would have been exterminated by the Thunder wind Chamber of Commerce hundreds of years ago. They must have dug out the treasure."

Tan dijun fell into silence. He seemed to be thinking about something, and then he murmured, "Several hundred years ago, my master was only a disciple of the sect. I've heard of this secret before, it's very unreliable." He took the leather from ping Yingyi's hands and touched it with his thumb. His expression immediately changed, and a sharp light shot out of his eyes.

Tan dijun rubbed the leather in his hands a few times. A wisp of misty air came out from his fingertips, and when it touched the leather, it dispersed, leaving only a shallow mark. His face finally revealed a serious expression as he stared at the map and said, "This is the skin of a ninth-order monster beast!"

Ping Yingyi and Gao Yuyin were both overjoyed. Ping Yingyi hurriedly said, "Milord, please be wise. We've studied the material of this map for a long time, but we can't determine its level. Daren saw it at a glance, as expected of a martial honored level existence."

He immediately felt good about himself after his flattery, and he felt that his status had risen a lot.

Hmph, without the strength of a martial Supreme or the body of a rank nine demonic beast, there is no way to resist my mist. You will die upon contact!

Tan dijun snorted. Although he showed his disdain, he still enjoyed the flattery. But as soon as he finished, his eyes fell on Yunxiao, who was standing next to him. His face blushed slightly as he said angrily, "Only God knows how you cultivate, you little brat!"

since this map is made of the skin of a ninth-tier demon beast, " Yunxiao said with an embarrassed smile, " it's very likely to be real!

Tan dijun also started to pay attention to it, but he didn't look at the pattern on the map. He just kept rubbing it as if he was addicted to it.

The three of them didn't make a sound, knowing that there must be a situation.

Tan dijun touched it for a while. I heard from my master that he's not sure if the treasure still exists, but it's most likely gone. The map is written on a piece of titanium paper.

titanium platinum paper is as thin as a hair and as light as nothing, " Yunxiao said. but it can withstand the burning fire without melting. If it's hidden inside, we can use fire to burn the leather."

that's right! tan dijun nodded and said, " you are indeed a great Alchemist. He grabbed the leather in his hand and immediately condensed a ball of flame, roasting it in his palm.

The leather remained unmoved in the flames, and after the time it took to brew a cup of tea, it was completely unscathed!

Tan dijun's face changed, and he said in horror, "What, what's going on?" He took out the leather and turned it over for a closer look, but he did not find any traces of forging, not even a mark was left. Although he was not a master of the fire element, the fire element condensed by the power of a martial Supreme was not ordinary. This leather was actually so fire-resistant.

it's more likely that there's titanium Platinum in it, " Yunxiao said. this map must be made of the skin of a ninth-tier fire-type demon beast. Let me try.

Tan dijun was displeased. He snorted and said, "Do you think you're better than me?"

With a wry smile, Yunxiao touched the bridge of his nose and said, " I'm an Alchemist, and I have a strange fire in my hand.

Tan dijun was skeptical, but he still handed the map to Yunxiao.

Yunxiao unfolded the map and gently touched it with his hand. It was indeed the skin of a ninth-tier fire-type demon beast, and he could even feel the gentle fluctuation of fire element on it. The immemorial heaven's eye in the heart of his brows opened and condensed a ball of Phoenix illusory fire, burning the map.

If he was too strong, he was afraid that he would burn the titanium and Platinum. Therefore, he only dared to test it with ethereal fire. As soon as the map touched the ethereal fire, it immediately burned and began to curl up.

Tan dijun was frightened. His eyes were wide open, and he felt that what was happening in front of him was unreal.

No matter what, he had the strength of a martial honor. The leather that couldn't be burned in the slightest was actually burned to nothing in his hands. The difference was too big!

He had expected that even if Yunxiao had an alien flame, it would take him at least several hours to cook something, but he did not expect that in just a breath or an instant, the beast skin of a ninth-tier fire-type demon beast would be completely turned into ashes.

The only explanation was that the strange fire on this kid's body was really too overbearing, too abnormal!

"Who is this kid?"

Looking at Yunxiao's calm face, tan dijun did not feel any fear.

"It, it, it's out!"

Ping Yingyi suddenly let out a loud cry as he looked joyfully at the flames. Sure enough, after the beast skin was burned, a dazzling piece of paper appeared, shimmering with golden light in the flames.

Yunxiao was overjoyed as well. He hurriedly put out the flame and reached out to grab it.

“Hmph!”

Tan dijun snorted and grabbed the titanium paper. *si si* the sound of roasting meat came from his hand, followed by a scream. He hurriedly threw the titanium paper away, his eyes filled with horror. Suddenly, he found that his palm was charred black.

Although his injuries weren't very serious, the heat wave had penetrated his defensive power and burned his skin.

I forgot to tell you, ” Yunxiao chuckled. you can't touch the metal that has been burned. He calmly grabbed the titanium paper that tan dijun had thrown away, but nothing happened to it.

The titanium paper flickered with light, and a few lines appeared. It was a map that was completely different from the one on the animal skin.

“Let me see!”

Tan dijun had learned his lesson this time. He poured his vital Qi into his palm and then took it. He looked down and said in surprise, “This, how could it be here?”

Ping Yingyi and Shangguan Yuyin also moved closer. After looking around for a while, they didn't understand what was going on. They didn't know much about the terrain of this mountain range.

“Where is this?” Yunxiao asked. He could see that tan dijun's face was a little serious.

Tan dijun looked at the map for a while and said, “You should know that Southfire city's greatest resource is the Li fire golden crystal. There are hundreds of mines of all sizes around it, with countless major forces mixed in. However, there's a dangerous place to the East that's also rich in li fire golden crystal, but no one dares to mine it. That place has become a 'dead land'.”

“Death? Are you saying that the treasure recorded on this map is in this land of death?” Yunxiao asked.

Tan dijun suddenly laughed and said, "haha, not only in a dead end." In addition, I'm afraid that I'm the only one who knows about this place." "I can tell from this map that it's the layout of that place, but even if I know it's a dead land, I might not be able to find it," he said proudly. This is because when I was young, I chanced upon a piece of li fire golden source in this place, so I have a deep impression of it. "

the Li fire golden source is a Supreme treasure produced by the condensation and collapse of a large number of li fire golden crystals," Yunxiao said. although it is not as precious as the elemental source, it is still a rare treasure with extremely high value.

Tan dijun looked regretful and resentful. He cursed, "Back then, a seventh-tier Alchemist traded this li fire golden source for three seventh-tier medicinal pills! It's a pity that I'm young and insensible. I thought I'd gained a big advantage, but now it seems that it's simply a deal that makes people vomit blood!" "If I see that Alchemist again, I'll kill him!" He said viciously.

you're stupid," Yunxiao laughed. how can you blame others? " Even if that thing was exchanged for three ninth tier medicinal pills, it wouldn't be too much. Since we know the location, let's not delay any further and go now!"

Tan dijun's face changed. He put away the map and said, "We can't rush it. It's not easy to go to a dead end. Only those who have been there know the dangers. Besides, it's the time for the sect tournament, I must expose Zhang linghua's true colors in front of all the forces and kill him with my own hands!"

what did he do to make you hate him so much? " Yunxiao asked curiously. what did he do to make you hate him so much? I heard from this little fatty that you two weren't fellow disciples in the past?"

Tan dijun's face turned ugly. He gritted his teeth and said, "Bah! That bastard had killed his master and seized the sect master's position! I was originally the sect master of the Big Dipper sect, but this bastard killed my master and seriously injured me for a ninth-tier medicinal pill. If I wasn't stronger than him at that time, I would've died from his sneak attack! It's the heavens who didn't let me die, they gave me the chance to take revenge!"

"I see."

yes! Yunxiao nodded and said, " there are hundreds of such vendetta cases in the entire heavenly martial realm every day, and I can't be bothered to care about it. Give me the map, in case you lose it after you die."

Looking at tan dijun's murderous eyes, Yunxiao smiled in embarrassment and said, " I've only heard that Zhang linghua has advanced to the rank of a martial Supreme. Do you think it's possible for you to cross a major realm and kill him? You're obviously going to die. I don't care about that, but don't give him my map."

Tan dijun snorted angrily, "what martial Supreme? you're just lying to outsiders!" According to my investigation, he's only half a martial Supreme now. With his trashy innate talent, it would be impossible for him to advance to the martial Supreme realm in this lifetime. Back then, master saw that his cultivation was limited, so he decided to pass the sect master's position to me! As for his current realm, he had also wantonly sold the sect's interests in exchange for a large number of medicinal pills. He had directly rushed up with enlightenment! His lifetime's worth of cultivation will be limited to this!"

I can see that you still have a lot of spies in the Big Dipper sect, " Yunxiao said curiously. the man in the yellow robe is one of them, right? " But even so, a half martial Supreme has mastered a part of the rule force. You should know that everyone under the rule force is an ant. What right do you have to fight him?"

Chapter 535-cooperation

"You don't need to worry about that," tan dijun snorted. Suddenly, a strange look appeared on his face as he stared at Yunxiao and said, " I've suddenly thought of the best person to deal with Zhang linghua!"

Yunxiao was taken aback by his Wolf-like gaze. "Don't tell me you're going to say that I'm the candidate? You want me, a martial great master, to kill a half step to the Martial Emperor realm? can you be more ridiculous?"

Tan dijun showed a cold smile and said, "It's not nonsense at all. It's because you're a Wu Zong that no one will notice you. With your teleportation ability, you should be able to get close to him. That flame power just now would have seriously injured a half-step Martial Emperor if he was caught off guard. In addition to your strong physical defense, Zhang linghua won't be able to kill you even if he goes berserk. As long as you make a move, my arrangements will be activated. You will definitely not be in danger."

'What a joke!' Yunxiao sneered. Why would I risk my life to help you kill Zhang linghua?"

"Don't you need primordial stones?" tan dijun asked. As long as Yingluo "

don't mention it, " Yunxiao interrupted. no matter how many primordial stones I have, it's not worth the risk. Since he was the leader of a sect, he should have a few trump cards. If you use it when your life is in danger, I might turn into ashes and I won't be able to enjoy your primeval stones. Don't mention this matter again."

If Zhang linghua was not one step away from becoming a Nine Heavens martial sovereign, he would still be willing to take the risk as long as he had enough vitality stones. No matter how powerful a martial honor was, he was still a martial honor, and Yunxiao knew better than anyone else how powerful a Martial Emperor was. The Emperor Qi of the nine Heavens suppressed everything, and even his Supreme Overlord body couldn't resist it.

Tan dijun seemed to have expected that he would refuse, but he didn't give up. He continued to encourage him,"What about this treasure? When the North Scorpion sect was at its peak, it was even more powerful than the seven superpowers of today!"

didn't you say that the treasure is empty? " Yunxiao sneered. if there was really such a fortune, how could you be so calm now? " Who are you trying to fool!"

Tan dijun was stunned, and he had a strange expression on his face. He didn't expect the other party to be so cautious and stubborn. He forced a smile and said,"That's because no real treasure map has ever appeared. But it's different now, that titanium paper is definitely real. No one knows what kind of treasure is inside. Maybe it'll be empty, but maybe it'll shock the world. Do you think you can take a gamble?"

I can bet on it, " Yunxiao said after a slight hesitation. but I've never let go of my Eagle until I see the rabbit. I'll take care of the treasure map. Also, after we're done, regardless of whether the treasure is real or fake, you must give me 100 million superior-grade primordial stones."

"?!"

Not only Tan Dijun, but even Ping Yingyi and Shangguan Yuyin gasped in shock.

“100 million superior-grade primordial stones?” Tan Dijun was shocked and angry. Did I hear it wrong or did you say it wrong?”

a hundred million superior-grade primordial stones for the life of a half-step Martial Emperor, as well as the foundation of the entire Big Dipper sect,” Yunxiao said slowly. do you think it’s a high price? ”

“Bullsh \* t!” Tan Dijun was furious. I only asked you to make the first move. Do you think you can take Zhang Linghua’s life with one strike? You still need my backup! I can give you 100 million mid-grade origin stones at most!”

Yunxiao was amused. He found that he had fallen in love with bargaining. then you can keep this one hundred million medial-grade primordial stones for yourself. I think if you sell the news of your assassination to Zhang Linghua, it should be more than this.

“You coward!”

Tan Dijun’s face suddenly changed. His body was filled with anger, and the power of his domain instantly suppressed Yunxiao. However, when he saw the other party’s nonchalant expression, he was so angry that he blew his beard and glared. He also understood that it was really difficult for him to keep this kid. Otherwise, he would have captured him and killed him long ago. He would not have wrangled with him for so long.

100 million superior-grade primordial stones is too much,” he said helplessly. I don’t think the entire Big Dipper sect’s disciples have that many cultivation resources in a year. One billion middle-grade is the most I can accept. If you sell my information to Zhang Ling Hua, you might not even get a single primeval stone, and you might even get yourself killed. Although I can’t trap you, I’m afraid it’ll be hard for you to escape from a half-step Martial Emperor.”

Yunxiao laughed. that’s too little. The Big Dipper sect owns at least ten percent of the resources in Nanhua City. You have the nerve to sell one billion medial-grade primordial stones? ” If you can’t give me five billion, I’d rather risk my life and try Zhang Linghua. I’d like to see how strong a half-step Martial Emperor is.”

Tan dijun was so angry that smoke rose from his head. He gritted his teeth and said, "Alright, five billion!" However, a dark glint flashed in his eyes. His eyes were gray, and one could not tell what he was thinking.

In the haze, there was a little bit of killing intent. By his estimation, even if Zhang linghua's counterattack could not kill this kid, it would at least be able to severely injure him. He did not mind finishing off this arrogant kid who did not know the immensity of heaven and earth before killing Zhang linghua.

"En, en, now you have the spirit of a sect leader."

With a smile on his face, Yunxiao reached out to ask for the treasure map.

Tan dijun snorted coldly, and the haze in his eyes dissipated. Then, he threw the map to Yunxiao without hesitation. It seemed that the possibility of the so-called treasure existing was indeed very low. Otherwise, as the disciple of the previous sect master, tan dijun should have attached great importance to it.

"Tomorrow's Big Dipper sect's top ten competition will be the most lively time," tan dijun said. "When the top ten competition is over and Zhang linghua is giving out the award, it'll be your turn. I've already made all the follow-up preparations, and I've already roped in six of the Big Dipper sect's ten great elders, all of whom are shameless and hate Zhang linghua's character. You only need to use that flame to attack Zhang linghua, and regardless of whether you succeed or fail, immediately retreat after the attack. Otherwise, I can't guarantee your safety."

He put on a face that seemed to be concerned about Yunxiao's comfort and said, "If I'm not wrong, that flame power of yours is also controlled by soul power. If you use it as an attack, I'm afraid you won't be able to teleport away immediately, right?"

Yunxiao put on a pitiful look and said, "That's right, I hope that Sir tan can bestow upon me an eighth-grade armor to protect myself."

"This Yingluo, cough cough!"

Tan dijun coughed a few times and said, "I don't have that thing either, so you have to be careful."

Without waiting for Yunxiao's answer, he immediately changed the subject and said, "There's still one day before the competition of the top ten tomorrow. You guys can stay here and cultivate. I'll go and arrange some more methods." the person who contacted me was killed by you with one palm," he said to Yunxiao, grumbling. I have to do it myself.

As if he was afraid that Yunxiao would ask him for something, he turned into a cloud of mist and disappeared.

As soon as tan dijun left, ping Yingyi and Shangguan Yuyin instantly felt the pressure disappear. They let out a heavy breath, feeling even more nervous.

Ping Yingyi gave Yunxiao a strange look, then pulled his face open and said with a smile, "What's this little brother's name? you were the one who sent us out of the courtyard earlier, right?"

my surname is li," Yunxiao said with a smile. you can just call me young master Yun. Under those circumstances, only the two of you were able to turn the situation around. You won't have any complaints about me, right?"

"Haha, young master Yun, You must be joking!"

Ping Yingyi suppressed the urge to kill Yunxiao with a palm strike and said generously, "even if young master Yun didn't teleport us, we would still have to step forward in that situation.

Even tan dijun could not do anything to Yunxiao, so ping Yingyi naturally knew that he could do nothing about it. Besides, if he killed Yunxiao and ruined tan dijun's plan, they would probably be struck to death as soon as possible. So, he could only swallow the hatred. Although he had a myriad of thoughts in his mind, his face remained serious. "As the saying goes, where the Dao is, I will move forward even if there are thousands of people! Even if I die nine times, I will have no regrets!"

He turned to look at Shangguan Yuyin and said,"don't you agree?."

Shangguan Yuyin's face had always been cold, but this time, she could not help but blush shyly. She stammered and turned her head away, pretending not to know him.

Yunxiao felt that he had underestimated the layer of fat on this round face. It was thicker than he had imagined.

“We’re all working for Sir tan now,” ping Yingyi laughed. “We’re family. If you need any help in the future, just let me know!”

yes,” Yunxiao nodded. in that case, I won’t be polite. I’m currently lacking some primeval stones. Brothers and sisters, please help me out.”

Ping Yingyi took out a hundred mid-grade primordial stones from his ring and smiled. “Take it, don’t be polite! What’s big brother’s is yours!”

Yunxiao nodded and said, “Then I won’t be polite.” He silently took the primordial stones from ping Yingyi and put them away. Suddenly, a ring appeared in his palm, and it trembled as it lay there.

Ping Yingyi’s expression changed. He was shocked to find that his storage ring had been taken away without anyone knowing. He cried out, “Young master Yun, this is my Qianqian.”

Yunxiao turned around and said with a smile, “What’s big brother’s is also mine. I won’t be polite.”

“Bang!”

Under the impact of his powerful soul power, the storage ring in his hand broke through the restriction. A space of meson appeared, but it shrank rapidly in the blink of an eye and was about to disappear.

Yunxiao reached out his hand at an extremely fast speed, and everything was pulled into his palm, then disappeared in a flash. The space of meson only existed for a few breaths before it completely disappeared, leaving behind a broken ring which he casually threw into the grass.

“This bi an ...”

Ping Yingyi was dumbfounded and hurriedly said, "Young master Yun, no matter what, you should leave some for brother! If you take everything off, how will big brother cultivate in the future?"

Yunxiao frowned slightly as he flipped his right palm, and a palm-sized Jade figure appeared in his hand. His pupils constricted as he asked, "What is this?"

This Jade figure was found in ping Yingyi's ring. Other than its material, its size and shape were exactly the same as the one he had found in Liang Kuan's netherstone!

Chapter 536-lightning attribute cultivation technique

He didn't have the time to study that vile person, so he threw him to Yuan gaohan. Yuan gaohan looked at it a few times, but he did not seem to be interested in it. Compared with this, Yunxiao had too many things about Arts and Mystic artifacts that interested him.

Ping Yingyi's face showed a strange expression and he stammered, "It's nothing. It's just a little Jade person. It's just fun."

"Oh."

Yunxiao gave a casual 'Oh', then put it away and said, "It's really fun. Lend it to me for 70 or 80 years."

Ping Yingyi wiped his sweat and hurriedly said, "Young master Yun, to tell you the truth, that thing is the inheritance Holy statue of the heavenly Scorpion sect, which was used to pass down martial arts and cultivation methods. The martial technique I learned is called the Thunder Heart fist, and it was passed down from this Sacred Elephant."

Some martial arts techniques were too powerful and couldn't be recorded in books through ordinary words, nor could they be imprinted in Jade slips with spiritual sense. They were recorded through some special materials. For example, the great realm divine technique that Yunxiao had learned could only be inherited in the divine realm tablet and could not exist in the world.

"I see. I have no use for that thing."

Yunxiao threw the Jade statue back to ping Yingyi. He had seen the Thunderheart fist he used before. It was extremely powerful in the eyes of ordinary Warriors, but it was nothing to him.

Ping Yingyi was stunned for a moment. The most valuable thing in his eyes had been ignored. He stood there in a daze, not knowing what to say.

Yunxiao ignored him and sat down cross-legged to meditate.

Ping Yingyi's eyes flashed with a hint of fierceness, his expression dark and uncertain. Yunxiao's courage was beyond his expectations, for he had dared to meditate and cultivate in front of him without any warning.

Both he and Shangguan Yuyin had a serious look on their faces. They exchanged a glance, and Shangguan Yuyin shook her head slightly, indicating that he should not act rashly.

Holding back the urge to slap Yunxiao to death, ping Yingyi flew hundreds of meters away with Shangguan Yuyin before sitting down and cultivating. They did not dare to get too close to Yunxiao.

Yunxiao entered the divine realm tablet and took back the little man, which was neither gold nor Jade, from Yuan gaohan. After looking at it for a while, he injected his divine sense into it and studied it carefully, only to find that it was indeed strange.

Although this little person didn't have a face, it was refined to completely imitate the structure of a human body. The five internal organs, six hollow organs, and hundreds of extraordinary meridians were all present. This kind of refining technique was definitely the work of a ninth-tier Alchemist, and no Alchemist below the ninth-tier could have such exquisite control.

His spiritual sense followed the small person's meridians and continued to extend down, finally entering his dantian. However, it suddenly tightened and found a flash of golden light, so vast that it could not be seen.

"Strange."

Yunxiao muttered to himself, then transformed into his human form and appeared in the little man's dantian, where he began to search around.

All of a sudden, the golden light in the entire space darkened and became extremely dull. Wisps of Azure Qi began to appear, which transformed into lightning that flashed incessantly within.

“What powerful lightning. Could it be that this little person contains the wood essence?”

Yunxiao was shocked. The Thunderbolt was originally transformed from the second wood Qi, and little Qing had been through tens of thousands of years, and it was only transformed with the help of the power of Noah's ship, which was infinitely close to the power of the origin. If they were caught and refined into the Yi wood Qi, they would be the same as the breathing earth, the true Phoenix Fire, and the immemorial astral wind.

He looked at the flashing lightning around him in surprise.

Suddenly, a bolt of lightning struck down from the sky and landed directly on his soul-form, clearing up his sea of consciousness. The originally calm spiritual altar and sea of consciousness suddenly became filled with lightning and thunder, blasting away all distracting thoughts. The entire spiritual altar was completely bathed in the rain of lightning.

Yunxiao's body trembled, and he immediately felt a spell being forcibly imprinted into his mind under the bombardment of the Thunderbolt. He immediately focused his mind and allowed the lightning to wreak havoc in his spiritual altar as he silently comprehended.

In the outside world, only a few breaths of time had passed, but in the spiritual altar and sea of consciousness, it was as if several hours had passed. The power of thunder and lightning also gradually weakened.

The tiny person's dantian quickly regained its calm. The golden light rose again, but it was no longer as sharp as before. Instead, it was gentle.

Yunxiao's human form dissipated from the little man and condensed in the divine realm tablet, a thoughtful look on his face.

When he was in it just now, he had indeed received a strange cultivation technique. This cultivation technique did not have a name, but it was a movement technique that achieved the effect of teleportation through the power of lightning. If cultivated to the extreme, one could even temper one's body into a body of lightning, turning into lightning just like little green.

The only flaw was that one had to have the assistance of the lightning element or the second wood Qi, or else the effects would be minimal. The results were also related to the strength of the supporting elements and one's own talent.

According to the effects of this cultivation technique, it was indeed a bit abnormal to cultivate the body into a body of lightning. But, that was the power after he had mastered it, and it was a little useless for Yunxiao now, so he could not use it for a short time.

"Forget it. We'll talk about it when we find more lightning in the future. There is indeed some yi wood Qi in the divine realm tablet, which is some fragments of little Qing's original body that I snatched. However, it needs to be used to repair the divine realm tablet, so it must not be used."

He sighed and stopped thinking about it. Repairing the divine realm tablet was the top priority at the moment.

At the moment, Yuan gaohan was using the Phoenix divine fire to temper the northern heaven cold star Iron. Although Yunxiao had taught him part of the power of rules in the stele, it was still very difficult for him to use it. However, the power of the divine fire shocked him, and he was also overjoyed, enjoying the feeling of controlling tenth-tier flames.

Gu Yuesheng, on the other hand, had been forced to improve the alchemy recipes of The Purple Cloud Chamber of Commerce. With his knowledge as a seventh-tier Alchemist, it was not difficult for him to do so, and he could ask Yuan gaohan for help if he had any questions. Yuan gaohan was also happy to answer. He really appreciated Gu Yuesheng. Those questions were often critical, and he explained them in great detail, which benefited Gu Yuesheng a lot.

Yunxiao stood in the air and conjured the great realm divine technique in front of him. He felt that he could not refine the divine realm tablet at all. The only thing he could do now was to pour as much spirit Qi as possible into it and use the divine realm tablet's own healing power to let it repair itself, but the speed was so slow that it was a little worrying.

The millions of mid-grade primordial stones he had gotten from ping Yingyi were all used up in one go. It was like a cup of water on a burning cart of firewood, and the spiritual Qi in the entire stele did not improve at all.

“Why don’t we go back to Yanwu after the martial arts and martial arts Conference of the merchant Union? With the abundant spirit Qi there, it’s no weaker than the seven superpowers, so it should be the fastest way to repair the divine realm tablet.”

Yunxiao put away his thoughts and gently pointed at the light in his hand. Then, an armor appeared from his body, emitting a dark light. The surface of the armor was made of some unknown metal, and there was no fluctuation of spirit energy except for the black light.

“Let’s repair this thing first. It’ll give us more assurance when we fight Zhang linghua tomorrow. A sect leader, even if he was a half-step Martial Emperor, would more or less have a trump card. It would be a huge joke if we were to die in a moment of carelessness!”

He continued to cast spells into the devil Sky armor. With his current strength, it was extremely difficult for him to repair a ninth tier profound armament. Moreover, the devil Sky armor was still lacking the most important thing.

Yunxiao looked at the ground. On the calm ground, he could clearly feel an external force surging. Although it was suppressed under the ground, it was unending and difficult to destroy!

“Are we really going to use that power?”

He pondered for a moment, and with a light shout, a crack appeared on the ground below. A mass of black gas surged up and spread out at an extremely fast speed. Very quickly, half of the ground was dyed a thick black ink.

“Hmph, you dare to be so arrogant in my territory!”

Yunxiao snorted coldly as he performed an incantation gesture with one hand and pointed out a finger. A sharp wind suddenly appeared in the sky above the ground. The monstrous demonic Qi was immediately stopped from spreading, and gathered in the center under the wind.

This was the attack that the great demon had used when they were fleeing in the outer space. As long as the devil Qi didn't die, it could only be suppressed under the divine realm tablet by his elemental power. Once there was any gap, it would escape on its own as if it had a spirit.

"It's my first time using devilish Qi to refine devilish armor!"

Yunxiao chuckled a few times, then threw the demonic sky armor down into the monstrous demonic aura, where it immediately glowed with a dazzling black light. The demonic sky armor seemed to come alive in an instant, floating in the demonic sea.

As Yunxiao continued to cast spells, the monstrous fiend energy began to pour into the armor at an extremely fast speed.

Yunxiao frowned. The armor seemed to have a very strong self-healing ability, and as long as there was enough fiend energy, it could be reborn. He gradually slowed down the incantation gesture in his hand, but the devilish armor's absorption speed did not change. After the time it took to brew a cup of tea, all the devilish Qi on the ground had been absorbed by it, leaving no trace behind!

After the demonic sky armor absorbed all the demonic Qi, it released an astonishingly powerful pressure. The entire space began to shake because of its existence.

Yunxiao's face flickered. He could clearly feel the mark he had left in the armor gradually disappearing. It was as if the armor had a spirit of its own, and it wanted to erase his refinement imprint.

"Impudent! You still dare to cause trouble in my divine realm tablet!"

Yunxiao slowly raised his hands. They seemed to be frozen in the air, but in an instant, they turned into countless afterimages, and a strange light appeared in his palms, gradually condensing into three golden tadpole-like characters that flickered constantly.

The moment the three symbols appeared, the space immediately stabilized.

The demonic sky armor seemed to have sensed something, and it immediately turned into a black light and fled into the distance.

Yunxiao chuckled and said softly, "So close, yet so far."

His figure disappeared in an instant and appeared directly in front of the demonic sky armor. Three golden tadpole-like characters in his hands were pressed down in the air!

"Ming King seal!"

The demonic Qi that was surging up from the demonic sky armor was directly dispersed by the three ancient scriptures. The entire armor emitted a bright golden light and stopped in the air. It no longer felt like it was going to go berserk.

Chapter 537-transformation simulation

The remaining connection between Yunxiao and the armor was still like a silk thread, looming and about to break at any moment.

"This armor is indeed strange. I don't even dare to wear it anymore. It's safer to refine you again!"

Yunxiao summoned his divine flame and burned the demonic sky armor. After the armor was hit by the seal, it stopped completely and let the divine fire burn and refine it. Nothing unusual happened to it, and it soon appeared in front of Yunxiao as if it had been renewed.

The demonic Dragon's voice suddenly rang out, "I think it's better not to use this armor. It just feels weird.

Yunxiao stared at the armor for a while, then said in a serious voice, "It's just a mere ninth tier profound armament. I don't believe that it can overturn the heavens. He pointed with his finger and the armor immediately turned into a ray of light and was absorbed into his body. He poured his soul power in to check and only felt at ease when he found no problems.

He immediately stood in the air and began to adjust his own consumption.

Soon, he heard ping Yingyi's call, and his transformed body disappeared from the divine realm tablet and returned to his original body.

When Yunxiao opened his eyes, he saw that ping Yingyi and Shangguan Yuyin had become impatient.

This refining process took a day and a night. It was already the third day, the battle to determine the top ten. Yunxiao thought of Mei Dong'er. He wondered what kind of results the little girl had achieved, but it was no longer important. Under the morning light, the Big Dipper sect looked a little dusky.

Very soon, the weather would change!

Yunxiao suddenly felt a sense of pride in his chest, and he let out a long howl that soared into the sky.

The power of a five-stars martial Grandmaster burst out at this moment and instantly rose to the peak. He was stuck at the bottleneck for a long time and could not break through.

Ping Yingyi and Shangguan Yuyin exchanged a glance, both seeing the shock in each other's eyes. Although Yunxiao was only exuding the strength of a five-stars martial Grandmaster, which was far inferior to them, for some reason, they felt a sense of powerlessness that was difficult to resist.

"I wish young master Yun success today!" Ping Yingyi forced a smile and said.

Yunxiao smiled and said nothing. The three of them immediately turned into three beams of light and headed toward the base of the Big Dipper sect.

This place was already within the mountain's protective formation. Every martial artist who entered had passed the inspection. From time to time, there would be a flash of light. They were all flying to watch the competition on the last day.

In order to avoid trouble, Yunxiao and the other two landed from a distance and walked up.

The inter-sect competition was held on the largest mountain of the Big Dipper sect. Ten huge arenas were set on the top of the mountain like chess pieces, and the nine arenas were all built with fourth-tier materials, diamond and Jade. It was said that the North Scorpion sect had been in existence since the founding of the sect, and it was considered a high-end, magnificent, and high-grade sect in the entire heavenly martial arts realm!

Even if it was a Grade 4 material, in thousands of years of wind and rain, it had also been damaged countless times and repaired countless times. The various traces of repair on it were enough to prove the powerful history of the North Scorpion sect.

Under the layout of Nine Dragons surrounding a Pearl, the largest square ring in the middle was made of sixth-grade sparkling flying stones, which made people gasp in amazement and even envy. Although the Jadelight flying stone was considered a second-grade material within the sixth tier, it was enough to cast tens of thousands of sixth tier profound armaments. This kind of skill, even the seven super forces didn't have it.

Fortunately, this Jadelight flying stone was only a sixth-grade item, and its use was limited. Otherwise, it would definitely not have been able to remain for long. Some of the small sects that were peeking didn't have the strength, and the Super forces didn't care about it, so they didn't have the face to snatch it. This was why this huge stage made of jadeite flying stones had been preserved to this day.

In front of the ring, there was an exquisite viewing platform floating in the air. The stage wasn't big. It was Jade-white in color and in the shape of a semi-circular fan. It seemed to be able to accommodate less than a hundred people. It was obvious that only those who had reached a certain status were qualified to go up. Two Martial Emperor rank disciples of the Big Dipper sect stood guard on both sides of the viewing platform to prevent unauthorized people from entering.

A large number of cultivators had long been squeezed below, bustling with discussion, all kinds of lecherous expressions appearing on everyone's faces, saliva flying everywhere, each boasting.

"Hey, brother pheasant, why are you holding a green hat in front of me all day long?"

“Sigh, to be honest. Brother haonan, I saw a brother’s wife having an affair a few days ago, do you think I should tell him?”

“F \* ck, there’s such a thing? of course I have to say it! However, Yingluo, as a brother, it’s really not good for you to ask. Otherwise, your brother will lose face!”

“Al, yeah! That’s why I’ve been hanging a green hat in front of him all day, hoping that he’ll understand what I mean.”

“.....”

There were also quite a few people who had placed bets on the top ten most popular people and the top three most popular people. Yunxiao listened for a while and found that the top three candidates were basically Cheng Yu and Shi Kaishan, who were basically guaranteed to be in the top two. As for the third candidate, people had different opinions, and few people called her Mei Dong ‘er.

He didn’t see Shou Wei in the crowd. He had probably gone down the mountain. He didn’t even see Luo Xinran’s group, so he didn’t know what that group of people was doing.

Yunxiao scanned everyone with his divine sense. None of them had a high strength, and he could tell that there were only a few martial emperors among them, so he felt that there was no problem. In that case, the backup arranged by tan dijun should be on the viewing platform. He looked over and saw a ray of light flying across the sky and landing on the platform.

Two figures walked out from the light, both of them wrapped in black robes.

The two Martial Emperor’s disciples who were on guard hurriedly stepped forward. The black-robed man in the lead took out a token and waved it. The two disciples immediately retreated in shock, bowed, and said respectfully, “Elder Sima!”

The black-robed man walked straight to one of the seats and sat down. The person behind him stood on his left. Both of them were covered in black robes, so their faces could not be seen clearly.

There was naturally no lack of meddlesome people below, and they all sent their divine senses up, but they were all blocked by an invisible force. They knew that their strength was far from that of the other party, so they retreated in the face of difficulties.

However, one of the senses passed through the defenses extremely quickly and passed by the two of them, immediately drawing their attention. Elder Sima's eyes instantly turned in Yunxiao's direction. Two Bright Lights flickered in his black robe, but he could not lock onto who it was from the crowd!

"There's an expert down there!" He said.

The black-robed man behind him bent down slightly and whispered in elder Sima's ear. Soon, elder Sima's eyes narrowed again. This time, he stared straight at Yunxiao, as if he wanted to see through him.

The divine sense just now was Yunxiao's, and he had confirmed that the black-robed man behind him was Luo Xinran. This group of people should have come for the treasure. He heard from Shou Wei that they were all itinerant cultivators, and he did not know why they had been taken in by elder Sima.

And at this moment, Luo Xin ran must have told Sima Feng his identity, which was why Sima Feng's sharp eyes were on him.

He snorted and slightly rotated the great expansion divine technique, immediately flicking the spiritual sense away from his body. It was no longer able to enter the five-meter radius around him.

Sima Feng's pupils constricted. He grabbed the armrest of his chair with his right hand and made a deep claw mark on the Tiger-head armrest, which was made of high-grade alchemy materials. A circle of faint primordial energy rippled from his right hand. It was enough to show how shocked he was at the moment.

Although Sima Feng's eyes were fixed on Yunxiao, the man was perfectly fine and looked indifferent and lazy. However, it made ping Yingyi and Shangguan Yuyin, who were behind him, feel uneasy.

"Young master Yun, does the black-robed elder know you?" ping Yingyi asked in a low voice.

Yunxiao nodded and said, " yes, the man behind him is the skinny man who attacked us that night. His name is Luo Xinran. I beat him up that night.

"Ah, it's them!"

Both ping Yingyi and Shangguan Yuyin revealed resentful expressions. Originally, they had gone through a lot of trouble to sneak into the Big Dipper sect. If they hadn't encountered that group of boorish hooligans, they wouldn't have exposed their identities. But then again, if he had not exposed his identity, he would not have been able to find out the secret of the treasure map, and this trip would have been in vain.

Thinking of this, the two of them calmed down a little. However, his eyes were still filled with ruthlessness. If he had the chance, he would definitely find Luo Xinran and take revenge.

Yunxiao ignored Sima Feng's gaze. He was not afraid of exposing his strength. Since he was going to assassinate Zhang linghua soon, the whole city would know about it in a few hours, so it didn't matter if he was a little arrogant now.

Soon, rays of light began to fly from the sky one after another. These people who dared to fly arrogantly were all people of status, and they directly rushed to the viewing platform. Most of them were the Big Dipper sect's elders and the sect Masters of some small sects. They were all familiar with each other and constantly greeted each other, trying to get closer.

Moreover, they were well aware of the seats on the viewing platform. Where they should sit and where they couldn't sit, there was an extremely strict strength level.

Suddenly, a few figures appeared on the viewing platform, surprising Yunxiao.

The man in the lead was elder Lu, who had been guarding the gate earlier, followed by two Martial Emperor disciples. One of them was the middle-aged man in yellow who had been killed by Yunxiao with one move. Not only did they look exactly the same, but their cultivation base was also a one-star Martial Emperor.

a transformation simulation technique? " Yunxiao asked in surprise. what? "

The transformation simulation technique was also a secret technique, and it was extremely mystical. If Yunxiao had not killed the middle-aged man in the yellow robe himself, he would not have been able to tell the difference with a casual inspection.

After a careful examination, Yunxiao found something strange. The middle-aged man in yellow looked too ordinary, and his face lacked the arrogance and superiority that his real body had. This was something that could be seen on every Big Dipper sect disciple's face. However, the yellow-robed middle-aged man's face was calm and steady.

When she saw the news of a dog being killed today, she burst into tears and felt depressed for the whole day. A dog that had been living with a homeless man was held by two police officers and then beaten to death. The homeless man sat in a withered position, watching the police kill his "companion" in front of him. There was only helplessness in his eyes. The only thing the homeless had the ability to do was to hold onto it and not let go. The dog's body, on the other hand, always faced its owner. Taiyi was really crying and calling for everyone to boycott eating dog meat!

Chapter 538-coming one after another

Yunxiao was sure that this man must be a simulation of tan dijun's transformation.

This time, he had overturned all his previous observations. Since tan dijun had such a brilliant transformation and simulation technique, it was very likely that there were some powerful people hiding among these seemingly casual Warriors. He had to be more careful.

He thought to himself, 'when I assassinate Zhang linghua, I must have some life-saving methods. Tan dijun is not reliable, so I must have everything under my control.'

Elder Lu greeted the people who had come before him, then walked to the end of the hall and sat down. Tan dijun and another disciple stood behind him carefully. They didn't look out of place at all. Judging from the situation, this elder Lu must be one of the six elders that tan dijun had roped in. However, his strength was limited, only at the level of a one-star martial Supreme.

Finally, the familiar figure came into Yunxiao's sight. After a beam of light fell, Mei Dong'er appeared, standing behind an old woman. The old woman's long brocade robe had two cranes embroidered on it,

and they were chasing each other. After she greeted everyone one by one, she found a seat in the middle of the front row and sat down.

From her position, her position should be relatively high among the many elders.

Mei Dong 'er, on the other hand, was wearing a Peacock-green butterfly dress, which set off her fair face. Although she was not an absolute beauty, she still attracted everyone's attention. Yunxiao could hear many people around him drooling. However, Mei Dong 'er's face was expressionless. Instead, her gaze fell below the viewing platform, as if she was looking for something in the crowd. Her eyes were filled with loneliness.

Suddenly, her eyes fell on Yunxiao, and she was taken aback. Then, she looked overjoyed, and her eyes shone with a rare smile. If her master he Yanrong was not here, she would have shouted it out.

Yunxiao smiled and made a gesture at her.

"Dong 'er, you know that person?"

Mei Dong 'er's movement was immediately noticed by he Yanrong. She frowned and fixed her eyes on Yunxiao as she said in surprise, "Yi, who is that kid? He's about the same age as you, but he has the cultivation of a peak five-star martial Grandmaster!"

Her tone revealed traces of shock.

Mei Dong 'er's talent was already uncountable in the entire Big Dipper sect, and it was difficult to find a second person. He didn't expect to find such a talented junior.

When Mei Dong 'er heard he Yanrong's question, she immediately became nervous and hurriedly said, "Yes, this is the person who saved me in the back mountain that day!"

"What?"

He Yanrong was shocked and almost jumped up.

After Mei Dong 'er returned that day, she told he Yanrong about what had happened in the back mountain in detail. However, Yin Nian and Yuan qiushuang were the disciples of the other two elders, so she had no right to punish them. Moreover, the two elders were people who were extremely difficult to provoke. In addition, Yin Nian's family background was not small, so although she was angry, the sect's great competition was approaching, so she did not dare to act rashly and do anything shocking. Instead, she quietly told Zhang linghua about this matter, and Zhang linghua also told her to hold back and wait until after the sect competition.

Now, when she saw the person who had saved Mei Dong 'er that day, she was shocked and had a good impression of him. do you know the background of this person? "

Mei Dong 'er shook her head and timidly added after a long while, "I only feel that he is unfathomable."

"Unfathomable?"

He Yanrong frowned slightly, as if she was thinking about the coldness of his words. Her eyes never left Yunxiao for a moment, but they became very gentle.

Another ray of light shot into the viewing platform. A skinny old man in a blue robe swept his gaze over the crowd. Without saying hello to anyone, he strode toward the seat in front of him.

However, none of them felt that it was inappropriate. Instead, they all stood up and bowed politely to the old man. Many of the elders appeared to be very respectful. Even he Yanrong hurriedly stood up and greeted,"elder Feng!"

The old man didn't respond and went straight to his own seat. He sat down as if there was no one around and directly closed his eyes to rest.

The crowd on the viewing platform did not feel that elder Feng's actions were out of place. On the contrary, they felt that it was the case. However, when it landed in the eyes of the crowd below, it caused an uproar.

“F \* ck, who’s that old man? Do his parents know that he’s so cool?”

“Do you want to die? That’s elder Feng, the head of the Big Dipper sect’s ten great elders! His strength isn’t any weaker than sect master Zhang’s!”

“Woof! The old man I was talking about was that one-star martial Grandmaster over there. Don’t you f \* cking associate my words with the revered elder Feng. Do you want to die?”

“Yingluo, f \* ck your sister! You’re obviously talking about elder Feng!”

“Yi, how could I not know elder Feng? you little brat, your heart is really hateful, you actually want to draw hatred for me. Today I finally saw your true face, our friendship ends!”

Yunxiao turned to look at elder Feng. If he glanced at him inadvertently, he would find the old man as ordinary and unremarkable as he was. Even if he gave him a light glance, he would not find anything special about him. However, if one looked closely at the Kasaya, one would realize that one could not see his true face. It only gave one a sense of trance, and his face was faintly discernible.

this old man is really strong. It’s very likely that he’s a half-step Martial Emperor!

Yunxiao frowned inwardly. He did not know whether the old man had been roped in by tan dijun. If not, he would be in a much more dangerous situation when two half-step martial emperors attacked him at the same time.

haha, sect master Liang is here too. Sorry for not welcoming you!

On the viewing platform, he yingrong stood up with a smile. Under the protection of a group of people, a middle-aged man in white walked over with a smile. He was dressed like a scholar and had the aura of a sect leader. He was the sect leader of the new moon sect, Xiao Minghui. The new moon sect was not a weak local power in Southfire city, and it had played an extremely important role in resisting the Chamber of Commerce.

Once again, Yunxiao saw a familiar face. Liang Kuan was also in the crowd behind Xiao Minghui, but he had a straight face and an absent-minded look, as if he had something very deep in his heart. There was also a slightly calmer man, who looked similar to Liang Kuan, following behind Xiao Minghui. He should be the Deputy sect leader, Liang Ye.

elder he is too polite. It is already a great honor for Minghui to have elder Yu accompanying him.

Xiao Minghui was gentle and elegant. He responded very generously and appropriately. Everyone was already familiar with each other.

An old man in a gray robe beside Xiao Minghui stroked his beard and laughed, " "Being able to talk with sect master Xiao, this Yu has benefited a lot."

He made an inviting gesture and arranged for Xiao Minghui to sit on the left side of the front row, while he himself sat down between he yingrong and elder Feng on the right side. He was obviously the second-in-command among the elders, and his strength was also extraordinary.

There were still four empty seats in the middle, probably reserved for the few people with the highest status in Southfire city.

"The ten great elders of the Big Dipper sect have all arrived! I've seen a few elders appear in succession these few days, and now they're all here!"

Following elder Yu's arrival, all ten elders of the Big Dipper sect arrived, with elder Feng as their leader. His eyes were still closed, and he paid no attention to the outside world. The last one was the one-star martial Supreme, elder Lu.

"Nonsense, don't you know what day it is today? These twenty disciples who are going to be in the finals are basically all disciples of these elders. Of course, I have to be concerned."

yes, it's said that if you can make it into the top ten, the teaching elders will also have great benefits. You must know that these elders are all martial honors and any one of them has great power in nanhuo city.

“Look, the two sect Masters of the Wufu sect have arrived! The sect leader of the Big Dipper sect, Zhang linghua, and the sect leader of the sky Scorpion sect, li Fengyu!”

Yunxiao looked in the direction of a beam of light and saw several figures in the viewing gallery. The man on the left was wearing a long green robe, with deep and dark eyes, but his face was slightly pale, and he seemed to be in low spirits. The person on the right was dressed in a light mist Luoyi. He had a relatively strong physique, and his every movement revealed a kind of unhurried calmness. It was the sky Scorpion sect’s sect leader, li Fengyu.

The arrival of the two immediately attracted the attention of everyone in the viewing gallery. Even elder Feng opened his eyes slightly and nodded at the two of them.

Yunxiao carefully sent his divine sense over, but it was immediately blocked by an invisible force. Instead, the force followed his divine sense and followed him. His expression changed slightly and he decisively cut off his divine sense, pretending to be an ordinary cultivator and looking at the several people in the audience with admiration.

Zhang linghua frowned slightly and glanced at Yunxiao with a suspicious look on her face, but she only snorted lightly and did not take it seriously.

“Brother Zhang, what’s wrong?”

Li Feng Yu saw that there was something wrong with his expression and asked in surprise.

“I’m fine,” Zhang linghua shook her head and smiled. Brother li, please take a seat.”

The two of them looked at each other and smiled. They went forward and sat on the seats on the left in the middle, leaving two empty seats. Everyone’s eyes were cold, knowing that they were left for the Chamber of Commerce. Although there were constant hidden fights, everyone still got along harmoniously on the surface.

“This Li Feng Yu’s strength is very strong. He actually set up a divine sense barrier. I can’t figure out his background.”

In fact, it was not that his divine sense was not strong enough, but if he were too brazen, he would be discovered by the other party very soon. However, as long as he had not reached the rank of a martial Supreme, he did not need to worry too much.

After Zhang linghua sat down, she said, "Let's start."

Behind him, elder Yu stood up and transmitted his voice, "Don't wait for Lei Qianqian"

Zhang linghua waved her hand and interrupted him. She said coldly, "We're already prepared. Since they don't want to come, then they don't need to come."

Elder Yu nodded his head lightly and walked forward. He said loudly, "the last day of the Big Dipper sect's competition will now begin. Now, according to the order of drawing lots, please enter the arena one by one!"

haha, sect leader Zhang, we're just half a step late, and you're going to turn us away? "

A clear voice came from the distance and reverberated throughout the mountain. Everyone looked out, but it was empty. There was no one.

Chapter 539-sect competition

It was empty outside the mountain, so he didn't know where the voice came from.

Zhang linghua sneered and waved her hand. Everyone felt a light breeze blowing past them, and they felt unspeakably comfortable. It blew towards the mountain, and a white ray of light surged up from the top of the mountain, forming a light curtain that covered the entire mountain peak, isolating it from the outside world.

"Haha, sect leader Zhang is too stingy!"

The voice rang out again, and a sound wave spread out in the air like a wave, pushing against the White defense and deforming it.

A seventh-tier golden sun battleship appeared in the sky, blocking out the sun. The entire mountain became dark. The battleship slowly approached, as if it was going to crash into the defense.

The faces of everyone on the viewing platform changed, each and every one of them glaring at him.

The Rogue cultivators below were all shocked as well, and fear spread in their hearts. Everyone knew the relationship between the Chamber of Commerce and the local forces.

Zhang linghua stood up from her seat and said with a sharp gaze, " Ying Lin, come to my Big Dipper sect on a warship. I really hope you can give me an explanation!

A hearty laugh came from the battleship, and a few figures emerged from it. The man in the lead was wearing a purple robe with dragon patterns embroidered on it. He grinned and made a hand seal. The golden sun battleship immediately transformed into a miniature ship that he held in his palm.

This man was none other than the president of the thunderwind Chamber of Commerce's branch in Southfire city, Ying Lin. He laughed while holding the golden sun warship."Sect leader Zhang, you worry too much. This golden sun battleship is my gift to the rising stars of the Big Dipper sect. It's the prize for the champion of the competition!"

As soon as these words came out, the crowd was in an uproar, all of them were shocked.

Although the golden sun battleship was only a seventh-tier item, its value was definitely above that of an ordinary eighth-tier Mystic weapon. In this era where alchemists and all kinds of natural treasures were scarce, even martial emperors rarely had ninth-tier Mystic artifacts. An eighth tier profound weapon was basically the most precious profound weapon that every cultivator dreamed of.

The expressions of the young disciples of the Big Dipper sect on the viewing platform changed slightly, revealing an expression of surprise and uncertainty. This battleship was too large and they basically had no use for it. But if they were to auction it, they could definitely exchange it for a low-quality eighth tier profound armament. Just thinking about it made him excited, especially Cheng Yu, who was the favorite to win the championship. He couldn't help but feel his palms sweat.

“It’s rare that sect leader Nie is so thoughtful,” said Zhang Linghua indifferently. However, don’t make such a big move next time. This Zhang almost directly activated the mountain protecting great formation and blasted you all into dregs.”

His words were filled with endless coldness, and all the cultivators who were making a racket suddenly shut up. Only then did he remember the relationship between the two factions. His words were filled with coldness and contempt for the other party.

“Haha, sect leader Zhang must be joking again. The Big Dipper sect’s small mountain-protecting formation is just a toy for children to play with. It’s not worth mentioning in the eyes of our Thunder Wind Chamber of Commerce. It’s just good enough to scare children.”

Gao Lin flew down from the sky with the others, and after a round of sarcastic remarks, he laughed and said, “Today is your sect’s Grand occasion, let’s not talk about these boring things.”

“Indeed, please take a seat here,” Li Feng Yu also said with a dark face. If it wasn’t for the Big Dipper sect’s grand event today, you probably wouldn’t be able to return, haha.”

Chu Lin didn’t mind and sat down beside the two of them. By the way, I’ve seen elder Liu of the Heavenly Scorpion sect before. Why hasn’t he appeared for a long time? Did he meet with any accidents?”

“You!”

Li Feng Yu’s expression changed drastically. The aura on his body moved, and he furiously said, “As expected, it was you doing!” He clenched his five fingers so tightly that they made a crackling sound. He gritted his teeth and said, “Good, good, it’s really good!”

Qiu Lin sneered complacently, crossed his legs, and stopped talking. The person beside him was much calmer. He also sat on the fourth chair, not saying a word.

Zhang Linghua glanced at the man, her pupils shrinking. “This scum looks unfamiliar. Is he a new Lackey of your Thunderwind Chamber of Commerce?”

The fourth person's face twitched slightly, and a trace of anger flashed in his eyes. Then, he returned to his calm expression and did not answer.

"Haha, I almost forgot to introduce you," said Gao Lin with a laugh. This is the president of the sky crane business Council, Fang Tian He. Everyone should have heard of him, right?"

They didn't hide their words at all, and everyone present could hear them clearly. They were all drenched in cold sweat. If it was anyone else who spoke like that, they would have been killed by the other party.

Yunxiao was taken aback as he looked at Fang Tianhe. It turned out that this man was the president of the sky crane trade union, who was closing in on The Purple Cloud trade union. He was indeed in cahoots with the thunderwind trade union. And from the looks of it, he was still following Wu Lin's lead.

"The sky crane merchant Association?"

Zhang linghua's brows furrowed, but her expression relaxed and she smiled. President Qian, you must be joking. There are so many miscellaneous Chambers of Commerce in the merchant Union. Hundreds of them disappear every day and hundreds of new ones are established. The changes are too fast. How can I know so much? maybe one day, the thunderwind Chamber of Commerce will suddenly disappear. That's not surprising at all.

haha, sect leader Zhang said so. There is no Chamber of Commerce that will last forever in this world, and there is no force that will stand tall forever.

Ying Lin didn't seem to mind at all. He smiled and said,"However, the thunderwind Chamber of Commerce is a permanent member of the Business Alliance. By the time it disappears, I'm afraid that the Big Dipper sect and the heavenly Scorpion sect will have long been gone."

A gloomy expression appeared on Li Feng Yu's face as he snorted,"A permanent member? The merchant Union's martial arts and sorcery conventions would be held in songyue city in a month. It was said that several extremely powerful existences had emerged this time. Could the thunderwind Chamber of Commerce secure their position this time? I'm not optimistic about you guys, and I'm planning to go to songyue city to open a bet and bet that you guys will lose. I'll come back after earning a lot of money."

welcome, welcome, sect leader li, " Ying Lin said with a smile. you're welcome to give us vitality stones. The thunderwind Chamber of Commerce will definitely raise a lot of money to bet with you.

The words of the few people were full of ridicule, attacking each other, unwilling to back down in the slightest, and the smell of gunpowder was also getting stronger and stronger. However, they all controlled themselves very well and did not make a move. Everyone was an old fox. It was fine if they fought verbally, but if they really fought, it would be a matter of great harm to their bones and vitality.

When they were almost done attacking each other, Zhang linghua said, " "Let's start the competition,"

Elder Yu nodded his head slightly before stepping forward and shouting, " "All disciples, please enter the arena according to the order of drawing lots!"

In order to select the ten Pro-disciples in the most reasonable way, the Big Dipper sect's competition rules were also very reasonable. They would be divided into two sects according to their cultivation base, and they would draw lots to fight each other. This way, they could avoid disciples of similar strength being eliminated from each other to the greatest extent.

The first to go on stage was Mei Dong 'er. She gently leaped up from the viewing platform, like a small green flower that had suddenly bloomed. The butterflies on her long dress danced along with her body, giving off a simple and natural beauty in the mountains, causing everyone's eyes to light up.

Mei Dong 'er leaped onto the largest arena and sneaked a glance at Yunxiao, who was in the crowd. When she saw him smiling at her, she blushed and quickly turned her eyes away.

"Young master Yun, this little girl seems to be interested in you," ping Yingyi said softly.

Yunxiao turned his head and said, " "Are you jealous?"

Ping Yingyi,"Yingluo."

A look of admiration appeared in Gao Lin's eyes as he praised, this little girl is really not bad. She's pretty and talented. It's a pity that she cast pearls before swine.

The other Big Dipper sect disciple gently flew up to the arena, looking very nervous. He was only a three-stars martial Grandmaster, and he was holding a sixth tier profound level treasured saber. He cupped his fists at Mei Dong 'er and said with a bitter smile, "Junior Sister Mei, please show some mercy later and give me some face."

Mei Dong 'er smiled. senior Brother Yun, you're too humble. Please give way to Junior Sister.

Senior Brother Yun shook his head with a wry smile. He picked up the saber and waved it around. "Junior Sister, please. I will do my best. Please don't be stingy with your teachings!"

After he finished speaking, he didn't hesitate. With the infusion of vital Qi, the treasured saber let out a trembling sound and attacked first. He knew the gap between him and Mei Dong 'er. If he had made the first move, he might have been able to hold on for a while longer, and even have a chance of winning.

Mei Dong 'er stood unmoving. She stretched out her arms and moved forward. Her arms moved slightly like a green water bird that was lightly swimming. An invisible force appeared around her body, forming a circular defensive barrier.

"Clang"

Senior Brother Yun's treasured saber came straight down and landed on the defensive barrier. The blade stopped halfway through, blocked by the spiritual pressure and unable to go any deeper!

"What?"

Senior Brother Yun's eyes widened in disbelief. Bean-sized beads of cold sweat trickled down his forehead. How could the gap be so big? he couldn't even break through the opponent's defense. What was he supposed to do? "Unseal!" He roared in shock and anger.

The surging Yuan power crazily poured into the sixth tier profound weapon, and the blade light instantly grew dramatically. The spiritual pressure that it felt was no longer as strong as before, and it gradually pierced into the weapon.

Mei Dong 'er's expression didn't change. Although her defensive power was constantly being shattered, she was still at ease. She retracted her hands, and the circular defense instantly disappeared. The saber Light suddenly stabbed upwards, and she lightly stepped back. Her right hand's five fingers closed together, and she slapped the back of the saber.

"Bang!"

The treasured saber was directly shaken to the side, and the powerful force collided with the saber Light. The backlash made senior Brother Yun's arm numb, and he couldn't hold the hilt.

After Mei Dong 'er struck out with her palm, she leaned forward and punched senior Brother Yun's right shoulder with her left hand, sending him flying out of the arena.

The entire competition only lasted for a few breaths. It was simple and clear, without any sloppiness. Everyone was stunned for a moment, and then the whole venue burst into applause and cheers.

Mei Dong 'er's face was calm, and she didn't even take a breath. She stood there quietly after sending out a palm and a fist. Under the applause of the crowd, she bowed neither humbly nor arrogantly. "Thank you for letting me win, senior Brother Yun."

Chapter 540-number one

Senior Brother Yun stood up from the outside of the arena. He felt that his right side was numb and cold, and he couldn't feel anything at all. He smiled bitterly and said, " it's because Junior Sister is too strong. Senior brother is convinced of his defeat. He didn't think there was anything to be embarrassed about, so he put away the treasured saber and returned to the viewing platform.

Li Feng Yu's eyes flickered as he praised, the Big Dipper sect is indeed full of talented people. Not only does it have Cheng Yu, who is close to the Martial Emperor realm, but Mei Dong 'er's talent is even higher than Cheng Yu's.

Zhang linghua smiled and didn't say anything.

Gao Lin's face was filled with silence, and he didn't say anything to mock him.

When the other 18 participating disciples on the viewing platform heard Li Feng Yu's praise, they all had different expressions, each with their own thoughts. Cheng Yu's eyes flashed with a trace of fierceness, but he soon regained his calm. Yuan qiushuang was also among them. Her face was scarier than anyone else's, and her fingers were almost digging into her palm.

He yingrong was also very satisfied with Mei Dong 'er's performance. She nodded her head approvingly to show her encouragement.

The disciples who came up next were also fighting very fiercely. The surrounding martial artists were shouting again and again. There was no more relaxed confrontation like the first one. But, Yunxiao was not interested in all this at all. He kept yawning and almost fell asleep.

It wasn't until Cheng Yu, the number one disciple among the young disciples, went up that he opened his eyes slightly, wanting to see how strong this kid was.

Cheng Yu's opponent was sighing and mumbling about how unlucky he was. He was a big fat five-stars martial Grandmaster. He carried a big hammer and walked up to the ring in a funny way, which caused a burst of laughter.

The fat man's master stood on the stage with a gloomy face. He suddenly shouted, 'Bai Zimo, get your spirits up and be serious! If you don't perform to your best, you'll be in for a good time!'

The fat man's fat jiggled and he hurriedly raised his spirit. He placed the big hammer on the stage and his aura continued to rise.

His comical action made the crowd burst into laughter. Cheng Yu could not help but smile and said softly, "Junior Brother Bai, don't be so nervous."

Hmph! Bai Zimo snorted. you're my opponent. How can I not be nervous?" senior brother Cheng, " he whispered, " let me hold on a little longer. If I'm knocked down by you after a few moves, my master will scold me to death.

A sly look flashed across the fat man's face. While he was talking, he suddenly made a move. His short and fat leg kicked the copper hammer. With a " clang ", the hammer flew up like a meteor and arrived in front of Cheng Yu in an instant. This time, the attack was as fast as lightning. The light on the hammer grew brighter, like a fireball emitting an intense light. Bai Zimo poured all his strength into it, planning to succeed with a sneak attack.

This came down too suddenly, and the people around didn't react in time. They all scolded this fatty for being too cunning.

Cheng Yu's pupils shrank and a look of ridicule appeared on his face as he snorted inwardly. Hmph, a few moves? Do you think you can take a few moves from me? Without thinking, he threw a punch at the huge hammer with his bare fist.

"Bang!"

Under everyone's shocked gazes, the copper hammer was actually blocked by a small punch. Under the extremely strong pressure emitted from the tip of Cheng Yu's fist, the hammer suddenly bounced off. The huge hammer changed shape at a visible rate, turning into an oval. Then, it bounced off, and the huge force of the rebound was all transmitted to Bai Zimo.

With a cold snort, Cheng Yu once again turned his fist into a palm and caught up to the hammer. With a " bang ", the hammer accelerated its power and instantly hit Bai Zimo's body, sending him flying with his fat body.

Bai Zimo did not even manage to make a sound before he turned into a shooting star and was sent flying hundreds of meters, falling into the valley.

This change happened too quickly. Before everyone could react to Bai Zimo's despicable and cunning actions, they realized that the fatty was no longer in sight. Everyone was in shock.

"Bai Zimo!"

Bai Zimo's master, who was on the viewing platform, was shocked. He turned into a stream of light and rushed into the valley.

Cheng Yu's face was cold as he stood on the stage. His eyes swept across the viewing platform complacently, especially pausing on Mei Dong'er for a moment before disappearing.

Elder Yu's expression darkened as he said, "Cheng Yu, that punch of yours had already decided the outcome of the battle, so why did you follow up with a palm strike? With such a heavy blow, Bai Zimo's life was in danger. Don't you know that in a competition between fellow disciples, you should stop when you're done?"

Cheng Yu could hear the deep reproachful tone in his words and snorted in dissatisfaction, "It was that damn fat pig who ambushed me first. Elder Yu didn't condemn the person who sneaked an attack, but instead blamed me for being ruthless. If it wasn't for my extraordinary strength, I'm afraid I would be the one lying on the arena now. I wonder if elder Yu will also uphold justice for me at that time?"

Anger flashed across elder Yu's face and he was about to scold. Zhang linghua raised her hand and stopped him. "Next."

Seeing that the sect master had also come out to protect him, Cheng Yu was secretly happy and flew back to the stands.

"This disciple is quite interesting, sect leader Zhang," said Gao Lin suddenly with a smile. The Big Dipper sect is indeed full of talents and doesn't lack any kind of people."

"Same to you," Zhang linghua replied indifferently.

Elder Yu also considered that it was not appropriate to argue with Cheng Yu in this situation, so he announced the start of the next round.

Yunxiao shook his head slightly, as if he also did not like Cheng Yu.

Ping Yingyi sneered. this guy thinks he's smart and wants to show off his strength. In the end, he left a very bad impression on these big bosses. He even praised himself and was self-satisfied. He's so full of himself that he can't achieve great things!

The results of the top 10 were announced very quickly. The next round would be the ranking battle between the top 10. Everyone's face was filled with joy. It was already a fact that they had become the sect master's personal disciple. As for the top ten ranking battle, only a few people had such thoughts, because only the top three could make a request to the sect master. Cheng Yu and Shi Kaishan had basically been decided internally, and there was only one spot left. Only a limited number of people were qualified to fight for it.

Zhang linghua looked at the high-spirited crowd and smiled. "I was the same as you all back then, I walked out of this arena. I hope that the Big Dipper sect can become one of the top sects in the Eastern Region. Everyone who talks about my Big Dipper sect will be filled with deep respect."

"I definitely won't let sect master down!"

The ten of them felt their blood boiling as they shouted in unison. Their voices shook the valley and echoed continuously. Even Gao Lin's expression changed slightly.

Zhang linghua nodded in satisfaction, signaling for elder Yu to continue.

Elder Yu took out ten small balls. there are five groups of numbers here. If you get two with the same number, you'll have to compete.

Ten rays of light shot out from his hand. The ten disciples were shocked and chased after them one after another. Each of them reached out to grab the light.

Cheng Yu grabbed one first and spread his hands. The ball of light condensed into a small ball in his hand, with a bright red “one” on it!

The rest of the People’s hearts tightened, and they carefully opened their hands, afraid that they would have the same name as Cheng Yu. Under the flickering light, they began to condense one by one.

Mei Dong ‘er’s expression changed drastically. The word “one” was clearly printed on the ball in her hand!

Everyone’s eyes fell on her hand. Hearing this, they all heaved a sigh of relief, then gloated.

Yuan qiushuang couldn’t help but giggle and said, “ Junior Sister Dong ‘er is really lucky to have the opportunity to ask senior brother Cheng Yu for advice. We’re all so envious.

Mei Dong ‘er’s face was filled with despair, and her eyes suddenly became empty and lifeless.

Cheng Yu was slightly stunned, and then he snorted coldly, revealing a cold smile.

He yingrong looked from afar and frowned. She waved Mei Dong ‘er over and said, “ Dong ‘er, don’t have too much of a psychological burden. This is also a good opportunity to test yourself and see how big the gap between you and Cheng Yu is. I think this is a good thing.”

Mei Dong ‘er pursed her pale lips and shook her head slightly.

“What’s wrong?”

“Do you have something on your mind?” he yingrong was taken aback and frowned.

Mei Dong ‘er didn’t say a word. After a long while, she shook her head and said in a low voice, “No, I didn’t,”

He yingrong patted her shoulder to encourage her. "Don't give yourself too much pressure, just do your best. as for Cheng Yu, although he sent Bai Zimo flying with a single move, he wouldn't dare to do that to you. As long as I'm here, I won't let you get hurt."

Mei Dong 'er's heart felt warm as she softly responded. The number plate ball was in her hand and had already been crushed into a ball. It was completely shapeless.

After drawing lots, elder Yu said, " let's start. You may not have been able to display your full potential in the previous matches. This round will be the toughest match for everyone. Because the strength of any fellow sect member could not be tested. The two number one's, come on stage now!"

As soon as he finished speaking, Cheng Yu looked up at the sky and laughed. He flew down from the viewing platform in an extremely carefree manner, his face still maintaining a calm smile, as if he did not care about any of the matches at all, and was just playing around.

He was the only one who had the strength to have such an attitude.

Everyone was waiting to see who the unlucky person he would be facing off against would be. They saw Mei Dong 'er, this little green flower, float down. Her face was ashen, but it made her look even more pure and moving.

"What? it's her!"

Everyone was shocked, shaking their heads and sighing in regret.

Mei Dong 'er's fresh and pleasant image and extraordinary strength instantly became the one with the most fans. When everyone saw that Cheng Yu's opponent was her, they all showed bitter faces and sighed.

Cheng Yu extended his hand gracefully and chuckled, " Junior Sister Mei is known as the most talented person in the Big Dipper sect. I've been suffering because I didn't have the chance to see her. Today, I can fulfill my wish by chance.

Mei Dong 'er took a light breath to calm herself down. A sword appeared in her hand and she pointed it at Cheng Yu. She scolded, "Senior brother Cheng, I will do my best. I don't care who my opponent is, I must enter the top three!"
