

The Eternal 541

Chapter 541-tender as water

Cheng Yu was stunned, and his face immediately darkened. Must he enter the top three? You dare to say such words in front of me? I originally planned to play with you a little longer, but it seems that you don't need it anymore.

"Junior Sister Mei, then let's hurry up. It's getting late. The senior and junior brothers behind are still waiting for the competition." There was a hint of coldness in his words, and he yingrong frowned upon hearing it, becoming somewhat vigilant.

"Be careful, senior brother," Mei Dong 'er said with a nod. Her treasured sword danced in the air, and the sword light flickered like a snake's tongue as she pointed from a distance.

Cheng Yu sneered and waved his hand. With a light movement, dozens of palm shadows appeared and shattered the sword lights. He laughed and said, "Is Junior Sister Mei dancing?"

He nimbly descended from the sky, and the wind from his fist stirred. In an instant, he threw dozens of punches, each of which condensed into the shadow of a fist and smashed into the opponent's long sword. Clanking sounds were continuously produced, and each of Mei Dong's sword attacks was actually suppressed. Before the sword light was released, it was directly jolted back.

Everyone was shocked. How strong was his eyesight and control to be able to do this? this kid was clearly showing off.

But he had the capital!

His cultivation was three stars higher than Mei Dong 'er's, so he looked down on everything. He didn't put Mei Dong 'er on the same level as him at all, and he played with her to his heart's content like a cat playing with a mouse.

Mei Dong 'er's expression changed slightly, but her emotions did not fluctuate much. This was all within her expectations. However, every time her sword was thrust out, it would be bounced back by a huge force, causing her to be at a disadvantage and be on the passive side.

He Yingrong was also frowning, but she didn't have any good ideas. The gap in cultivation was firmly suppressed by the other party.

Cheng Yu showed off to his heart's content and felt that he had gained enough attention. After a few loud laughs, he put his fists together and formed a strange hand seal. Like a mountain flying over, a River overturning, a huge attack that covered the entire ring came crashing down!

"Junior Sister Mei, didn't you say that you wanted to defeat me and enter the top three? Why haven't you used any powerful techniques yet? don't always give in to senior brother, haha!"

Mei Dong'er was shocked. She felt as if the entire space was being squeezed down. Her body was almost deformed by these two fists!

your sect's competition is indeed very interesting," said Gao Lin with a sneer. it's like playing with monkeys.

Li Feng Yu also frowned and said,"this Cheng Yu is too proud and arrogant. He's too arrogant." The previous attack had been completely playful, and now it was using such a large area of effect attack. It was completely ignoring the opponent's foolish behavior. This person's strength and talent aren't bad, but his mind is still immature."

A trace of anger flashed in Yunxiao's eyes as well. He snorted and opened the heavenly eye between his brows, from which a wisp of the power of the primordial astral wind flashed gently.

An extremely ear-piercing sound suddenly rang out in the ring, and Cheng Yu's Mountain-like fist pressure suddenly seemed to be cut open, like an air bag that had been punctured.

"What's going on?"

Cheng Yu was startled, feeling as if all the energy in his body had suddenly been drained away, leaving his entire body exposed. He was even a little unstable in the air and was about to fall.

“Hmm, what’s going on?”

Everyone on the viewing platform frowned, as if they had noticed something strange. Zhang linghua’s gaze shifted from the ring to the crowd around them.

As for the middle-aged man in the yellow robe behind elder Lu, he glared at Yunxiao with a fierce look in his eyes.

Mei Dong ‘er, on the other hand, was overjoyed. The longsword in her hand blossomed with a resplendent, natural-colored light, and her entire body turned into an aqua-blue color. From a distance, one could see the watery light surging on her longsword. This was her ultimate technique, the water ice palm. She directly used her sword as her palm, and her entire body and sword became one as she instantly struck out towards Cheng Yu.

Although she did not know how his opponent’s strength suddenly decreased by a thousand li, this was definitely the best opportunity. Wantless would definitely win with one strike!

Cheng Yu saw the sword light flying towards him and was startled. He hurriedly made a few hand seals and conjured a suit of armor around his body. As soon as it appeared, the sword light slashed at him.

“Clang!”

The long sword struck the consolidated equipment on the surface of the battle armour, and pierced through it without any resistance. It directly struck the armour itself, and a loud metallic sound rang out!

Mei Dong ‘er’s heart clenched. She hadn’t expected Cheng Yu to still be wearing his battle armor. The chance of victory was only for this moment, and if she missed it, she would regret it. She didn’t care about being stingy with this treasured sword that had followed her for many years. She poured all her power into it, gritted her teeth, and stabbed forward.

“Ka!”

Finally, there was a cracking sound, and the armor on Cheng Yu's body began to crack like a spider web with the tip of the sword as the center.

"?! My battle armor!"

Cheng Yu let out a furious roar. His entire body exploded with energy as if he had gone mad. His battle armor shattered with a loud bang, turning into a strong wind that shot towards Mei Dong 'er.

Mei Dong's longsword had also lost a lot of its spiritual energy after shattering the opponent's armor. She hurriedly retracted her sword and brandished it around her body, shaking off the fragments of the armor one by one, making a series of crisp sounds.

Cheng Yu's eyes were filled with anger. Although the armor was only at the fifth rank, he had spent a lot of money to buy it. He had always cherished it, and few people knew about it. Moreover, the blow just now was even more humiliating to his soul, which made him extremely furious. As soon as he caught his breath, he rushed down with a loud shout, " die!

Mei Dong 'er sent a series of armor fragments flying. Seeing Cheng Yu's attack, she didn't retreat, but instead stabbed out with her long sword again.

"Even the light of a grain of rice is showing off in front of me!"

Cheng Yu let out a loud shout, and his fists directly collided with the opponent's long sword. bang! The sword broke, and the fist force lost its support, dissipating by more than half. However, a portion of it still directly broke through the air and shook Mei Dong 'er far away.

"Hmph, I'm a nine-stars martial Grandmaster. No matter what tricks you use, it's impossible for you to cross the huge gap of three stars!"

Having succeeded in one move, Cheng Yu no longer cared about his manners. Right now, he only wanted to defeat Mei Dong 'er as soon as possible and save his face.

He slowly rose into the air and raised his right hand high up. His index finger glowed with a golden light, and the surrounding vital Qi began to form vortexes with his finger as the center line. They gathered together, and it was as if the space was trembling under the force of his finger.

“That’s Yingluo.”

He yingrong was shocked and turned to an elder beside her. “Pure Dao finger? You actually taught him this kind of overbearing martial skill?”

The elder beside him was dressed in a black brocade robe. He had a smug expression on his face as he said, “Elder he, why are you so flustered? With Cheng Yu’s cultivation talent, could he not learn it? With his strength as a nine-stars martial Grandmaster, he could infinitely approach a Martial Emperor when he performed this move. Of course, Mei Dong ‘er is elder he’s outstanding disciple, so she must have learned quite a few impressive martial arts. There’s naturally no need to be afraid, haha!” He was extremely proud and couldn’t help but laugh.

He yingrong’s face was so dark that it was about to drip water. She glared at him fiercely, wishing she could go up and slap him a few times.

After the elder laughed for a while, he also felt that it was inappropriate, but he was more attracted by he yingrong’s gaze. Cold sweat seeped out of his forehead. If you offended this old witch, she might secretly come up and beat you up at any time. He was not the old witch’s opponent, so he naturally shut up, but the proud expression on his face did not decrease in the slightest.

Li Fengyu sighed and said, “the power of this finger has already reached the level of a one-star Martial Emperor. That little girl definitely can’t take it. What a pity.

not bad,” Zhang linghua said. both of them are promising talents. I’m very satisfied with their performance.

Mei Dong ‘er also felt a sense of powerlessness under the pressure of that finger. It was as if that finger was the existence that would end everything. Everything would end once it was pointed down. Although his sword had been damaged by Cheng Yu’s punch, he had not suffered any injuries. However, under the pressure of the finger force, he felt that he could not muster up any fighting spirit.

“Are we going to lose?”

Mei Dong 'er smiled bitterly. A difference of three stars in cultivation was indeed a chasm that was difficult to cross. If she was not fated to be in the top three, then she would not be able to fulfill her promise to him.

A hint of desolation flashed across Mei Dong 'er's face. She turned her head slightly to look at the person below the stage.

Yunxiao was looking at her with a smile and encouragement in his eyes.

Mei Dong 'er's body suddenly trembled as thoughts flashed through her mind. She suddenly remembered the shocking palm technique that the other party had imprinted in her mind that night at the inn-tender as water!

She suddenly focused her mind and swept away all the negative emotions. She began to recall the stalwart figure in her mind in detail. Every movement was gentle and kind. That person seemed to be the embodiment of the origin of water. Every move contained the Supreme heavenly Dao.

Mei Dong 'er's body unconsciously began to imitate the figure in her mind. The starting stance was soft and firm, like a small stream, soft and gentle, but it could penetrate stones and split mountains!

He yingrong's pupils shrank as she looked at the changes in Mei Dong 'er's body in horror. At this moment, a mist of water vapor appeared around her body, and her entire body was covered in a light blue color. She couldn't see her appearance clearly, and she couldn't understand the martial essence contained in each of her moves!

“Elder he!”

Zhang linghua suddenly asked, “what martial technique is Mei Dong 'er using?” Did you teach her that?”

He yingrong's heart tightened. She suddenly found that everyone was looking at her, including Gao Lin and Fang Tianhe from the Chamber of Commerce. At this time, she naturally couldn't say that she didn't

know, so she could only bite the bullet and say, "That's right. That day, I found a nameless Water-type martial skill in the hidden Pavilion. It was extremely powerful, so I passed it on to Dong 'er."

"Oh?"

eh?" Zhang linghua exclaimed softly and didn't say anything else. However, the solemnity in her eyes became more and more intense as she stared at Mei Dong 'er's figure without blinking.

He wasn't the only one. Li Fengyu's expression was also tense. Hearing he yingrong's words, it must be an astonishing martial skill left behind by the northern scorpion sect. Both of their sects had been passed down by the northern scorpion sect, and it was normal to find martial skills in some historical remains or ancient books. However, the martial skill that Mei Dong 'er was using now was obviously not that simple.

Even Cheng Yu's master noticed that something was wrong. His eyes flashed with horror as he glared at he yingrong, cursing in his heart. This damn bitch really knows how to act!

Chapter 542-helping

Hmph, strength can overcome ten techniques. Under my powerful cultivation, any of your techniques are useless!

A trace of disdain appeared on Cheng Yu's face, and he lightly shouted, " Junior Sister Mei, you're considered to be gifted since you're able to force me to use this move. It's enough!

"Dao Qing finger, exterminate!"

His face was cold as he pointed his finger, forming a long line in the air and flying over!

Mei Dong 'er raised her eyes. Her eyes were as calm as water, without a single ripple. At this moment, she felt as if her surroundings were filled with water elements, allowing her to pluck them as she pleased. Her entire body's movements followed the figure in her mind and finally reached the final move. Her hand landed and slapped down, as gentle as water!

“BOOM!”

The smooth, Jade-like hand patted out lightly, but it was as if they could hear the sound of the waves. Everyone felt as if they were in the depths of a vast ocean, and the power of the mountains and seas was rolling over.

“This Tao Wu!”

The crowd on the viewing platform was the first to be shocked. The power of the palm instantly drowned the Daoqing finger, as insignificant as swallowing a small stone. Then, the power of the palm swept over and instantly engulfed the dazed Cheng Yu.

“Ah, no!”

Cheng Yu’s entire body was covered by the monstrous power of this palm, and he screamed in horror. But no matter how he struggled, he could not escape. The water elements in the surroundings were endless and surged up endlessly. It was as if there was no end to it. He wanted to escape from this shocking palm, only to find that he had become a small boat under this palm, which could be destroyed at any time!

“Boom boom boom!”

Finally, the power of the Daoqing finger completely crumbled. The sky was filled with water shadows, lingering and following like shadows.

Mei Dong ‘er’s face was pale. That palm strike had already used up all her strength. She only felt that her body was swaying and she couldn’t stand steadily. She herself also looked at everything in front of her in disbelief. Cheng Yu was struggling to hold on under the wind of the palm, and he was about to collapse at any time.

“This ... Did I really make this?” She muttered to herself in shock.

“No, I won’t lose! You’re just a little girl, and you want to beat me? dream on!”

Under the attack of the palm, Cheng Yu suddenly took out a medicinal pill and swallowed it directly into his stomach. Suddenly, his eyes became demonic, and his body began to change.

“Demon transformation pill? This kid is interesting. He’s actually putting up a last-ditch resistance. I wonder what kind of demon he’s going to turn into!”

Yunxiao watched with great interest as Cheng Yu began to change.

In the audience, he yingrong’s face suddenly changed, and she shouted, elder Yu, hurry up and make your judgment. That kid actually cheated and used the demon transformation pill!

Cheng Yu’s master stepped forward and shouted, “what fraud!” Elder he, please speak nicely! Where was the rule that the use of demon transformation pills was not allowed? Even demon transformation had to be based on one’s own strength. It was just a manifestation of one’s strength. In the past competitions, there has been no lack of demonic existences!”

Although elder Yu also wanted to help Mei Dong ‘er, what she said made sense. He nodded and said, “That’s right, using pills is not against the rules. Elder he, please take your seat and don’t make a racket.”

He yingrong was furious, but she had nowhere to vent her anger. Mei Dong ‘er had managed to turn the tables with a shocking palm technique that she had learned from God knows where. However, her opponent had used the demon transformation pill. Now, it looked like her vital Qi had been exhausted. It was impossible for her to continue the battle. She would lose without a doubt. She stomped her feet repeatedly and paced back and forth in her position, unable to calm down.

“Roar!”

Suddenly, a demonic beast’s roar resounded in the ring. In the center of the water power, Cheng Yu finally transformed into a demon. His body was more than twice as tall, and his whole body was furry. He was actually a brown bear!

it’s actually the bear of the earth. Interesting!

Yunxiao was taken aback, and then a worried look appeared in his eyes. He had also discovered that Mei Dong 'er was an arrow at the end of its flight. The bear of the earth was at least a Martial Emperor, and it would be difficult for it to fight. His display of the immemorial heaven's eye had already attracted Zhang linghua's attention, so he didn't dare to act rashly and could only wait and see.

"Roar! Mei Dong 'er, you deserve to die!"

Cheng Yu's eyes were as big as lanterns, and his two furry palms slapped down, immediately scattering the surrounding water elements. He roared a few times and punched down!

"Earth bear fist!"

"Boom boom boom!"

The entire mountain peak trembled, and a huge gust of wind from the fist instantly engulfed Mei Dong 'er. Everyone was instantly petrified. They didn't expect Cheng Yu to be so sharp. He had just transformed and escaped with his life, and he had already launched a fatal blow!

"What? Stop!"

Everyone was extremely shocked. Zhang linghua also shouted angrily. He yingrong even flew down from the viewing platform, trying to save Mei Dong 'er.

But it was too late. Everyone watched in despair as the power swallowed Mei Dong 'er. It was too late.

Ping Yingyi also licked his lips, feeling his throat go dry. Suddenly, his heart trembled as he found that Yunxiao, who had been beside him, had disappeared, leaving a faint spiritual fluctuation in the air. His pupils shrank in shock as he looked towards the center of the energy. A faint black shadow appeared in front of Mei Dong 'er.

"You, is that you, Yingluo?"

In her daze, Mei Dong 'er looked at the young man's appearance. She found it hard to believe and knew that this must be an illusion. Under such circumstances, even her master was powerless. However, she was very willing to believe. Even if she was annihilated by that move and turned into pieces of butterflies that scattered like a colorful dress, she still felt very warm.

"Yes, you're working too hard." Yunxiao said indifferently.

Mei Dong 'er's nose twitched, and her tears couldn't help but flow."As long as you know, I'm willing to risk my life. It's just that I won't be in the top three."

it's fine, silly, " Yunxiao said with a faint smile. it's fine. Isn't it just a teleportation formation? if I really can't do it, I can just fly over."

Mei Dong 'er couldn't help but cry. She held Yunxiao's arm tightly with both hands, fearing that the illusion in front of her would suddenly disappear and make her fall into endless despair.

"Alright, I'll hug you after I'm done with this bear."

The demonic sky armor emerged in front of Yunxiao, looking like a pocket-sized fortress, with demonic energy condensed around it. Cheng Yu's shocking fist force was unable to penetrate the armor at all. It dispersed along the outer shape of the demonic sky armor, like a stream of spring water washing over a large rock, like an ant trying to shake a large tree.

"What? This is Yingluo."

The people around them were immediately shocked by the scene in front of them. No one could see clearly how Yunxiao had gotten up there, as if he had suddenly appeared somewhere.

He yingrong was also stunned. Her body suddenly stopped in mid-air as she looked down in disbelief.

Ying Lin's pupils contracted as he muttered, "Form shift!"

Fang Tianhe, who was beside him, was shocked and said, "the legendary form displacement transposition that can only be performed by seventh-rank soul power?"

Except for Cheng Yu's fist wind, the entire mountain was immersed in a dull silence, without the slightest sound.

Tan Dijun, who had transformed into a middle-aged man in a yellow robe behind elder Lu, had a very ugly expression on his face. He clenched his five fingers, and his eyes were spewing fire. With Yunxiao's teleportation in advance, he would immediately become the focus of everyone's attention, making it almost impossible to assassinate Zhang Linghua!

Zhang Linghua's eyes gradually focused, and a bright light flickered in them.

Yuan Qishuang's mouth was wide open and her face was filled with shock. She looked at the elegant figure standing in front of Mei Dong'er. Other than the shock in her heart, she was also filled with jealousy, burning her heart!

Why didn't he die? Why did she get all the benefits?!

Liang Kuan, who was in the New Moon Sect's team, suddenly opened his eyes. He pointed at the ring and said anxiously, "Father, he, it's him, he's the one who hit me!"

Liang Ye's pupils contracted. Beside him, Xiao Minghui also frowned and shook his head slightly, indicating that they should not act rashly.

In the ring, the earth bear that Cheng Yu had transformed into widened its bronze bell-like eyes, and its huge body stopped in the air in disbelief. After he had transformed into a demon, the power of his punch was at least at the level of a three-stars Martial Emperor. However, it was actually blocked by a five-stars martial Grandmaster kid. Moreover, it seemed that he was doing it with ease.

In fact, Yunxiao did not need to summon the Devil Sky armor at all when the punch came. He only used it to defend himself for safety reasons, for fear that Mei Dong'er's protection would not be complete.

Li Feng Yu whispered in Zhang linghua's ear, "Who is this kid? This battle suit of his is extremely strange, even I have a feeling that I can't see through it. "

Zhang linghua's expression was still as cold as ever, and she didn't say a word.

Yunxiao looked at Cheng Yu, who was dumbfounded, and the fist force around him gradually dissipated. He put the armor back between his eyebrows and said coldly, "Are you done playing?"

"Swish!"

He instantly charged forward and ruthlessly punched the bear of Earth's heart. There were no elemental energy fluctuations, and it was purely the force of his physical body. The air creaked from the impact, and the space was visibly compressed.

"What?"

Everyone was shocked, especially the experts on the viewing platform. They could see the power of this punch.

Even the calm elder Feng stood up from his seat and said in shock, "there's no origin power at all. How is this possible?!"

Cheng Yu roared, his voice shaking the entire mountaintop. A huge furry fist smashed towards the compressed space. He didn't believe it. He was a three-star Martial Emperor, and he was the bear of the earth, a demonic form that was known for its strength. He couldn't defeat the opponent.

"BOOM!"

The two forces collided, and the compressed and distorted space was blocked by the earth bear's fist. It only stopped for a few seconds before it continued to squeeze, directly deforming the big furry fist.

Shua shua shua!

A series of explosive sounds rang out from the bear of Earth's arm. The force of the punch had actually shattered the entire arm!

Chapter 543-disrupting the plan

"Ah!"

A loud scream came out of Cheng Yu's mouth as he hurriedly retracted his fist. As his arm was broken, his demonic transformation began to fade away. Meanwhile, Yunxiao's fist force broke through the distorted space and hit him in the chest!

A huge furry figure was sent flying in the air, screaming in pain, and falling straight into the valley.

This outcome was exactly the same as when he had dealt with Bai Zimo. He had also been sent flying into the valley by the fist. He did not expect his retribution to come so quickly.

"Cheng Yu!"

Cheng Yu's master, an elder with the surname Lu, cried out in pain and rushed out as well. He glanced at Yunxiao, his eyes filled with anger.

Yunxiao snorted coldly and gave him a disdainful look, which made the elder roar in anger. But, he had no time to teach him a lesson, so he chased Cheng Yu into the valley.

Yunxiao descended from the sky and landed gently in front of Mei Dong'er. He smiled faintly and said, "Are you alright?"

"You, you're real?"

Mei Dong'er finally came to her senses. She looked at Yunxiao in shock, unable to believe that the man who had sent the beast flying with a punch and saved her in her trance-like state was real!

how can there be such a powerful illusion?" Yunxiao laughed. it can send the big Bear flying.

"But, but, but with your strength, how can you defeat senior brother Cheng?" Mei Dong 'er was still in shock.

they're just ants," Yunxiao said with a smile. I'll kill them in minutes.

The surrounding people were also shocked speechless. The short scene just now was like an illusion, and they still couldn't come back to their senses.

Elder Yu's voice was heard, "Who are you? How dare you disrupt the Big Dipper sect's competition!" Although his voice was stern, there was no hint of blame or dissatisfaction.

Standing in front of Mei Dong 'er, Yunxiao turned his eyes to the audience and said indifferently, "I don't care what kind of sect competition it is, my friend's life is in danger, so naturally I have to help. If it were you, would you leave him in the lurch?"

yes," elder Yu said loudly. but the Big Dipper sect has its own rules. You interfered and broke the rules of the competition, so you're breaking the rules. Quickly report your name and background, then stand aside and wait for the next decision!"

He yingrong pulled a long face and snorted heavily,"The rules are dead, but people are alive. If everyone is dead, what's the use of the rules? This old one also wanted to save someone just now. If it was me who saved Dong 'er just now, would you also want me to report my name and origin and wait quietly to be dealt with?"

Elder Yu's expression changed. He didn't expect he yingrong to publicly target him. He snorted coldly, "Elder he, mind your status!"

It was only then that he yingrong felt that it was a little inappropriate to do so in front of so many people. She snorted coldly and sent a voice transmission to Yunxiao, "Little brat, don't be afraid. With this old one here, they won't dare to do anything to you!"

Not to mention the fact that Yunxiao had saved Mei Dong 'er, he yingrong also liked him very much and wanted to take him as her disciple.

Yunxiao took Mei Dong 'er's hand and said, " "Go to your master's." He already had a premonition that things wouldn't be peaceful, and he was afraid that he would hurt Mei Dong 'er.

Mei Dong 'er was shocked and refused to go over. She said anxiously, " "What about you? Quickly listen to elder Yu's arrangements and don't resist. Master will definitely protect you."

With a faint smile, Yunxiao tapped Mei Dong 'er's shoulder lightly, and a stream of energy immediately shot into her body, sealing her meridians. Then, he grabbed her arm and threw her toward he yingrong, saying in a low voice, " "It will be removed in a moment. This arena is no longer a place you can stay."

He yingrong took Mei Dong 'er, and her face changed drastically after a few breaths, because she was shocked to find that she could not break the seal on Yunxiao's finger!

After pushing Mei Dong 'er away, Yunxiao stood up and said indifferently, " I'm not interested in what you're saying about reporting your names and waiting for your punishment. Why don't you continue? I have something to do, so I'll take my leave first.

Elder Yu laughed and said, " it's easy for young people to be arrogant and conceited even if they have some ability. I can understand that. However, since he had broken their rules, he had to be punished. Today, the Big Dipper sect will teach you these things that your family's elders didn't teach you. Otherwise, you won't know what happened when you die outside for no reason."

I think you'd better come back another day to learn from me, " Yunxiao said with a smile. your sect competition is still waiting to continue.

"Why are you so long-winded with him? this brat deserves to die!"

Elder Lu flew up from the valley and landed on the arena. Holding Cheng Yu's body in his hands, he roared, " "All the meridians in Cheng Yu's body have been severed, and he won't be able to recover to

his peak condition for at least a year or so. Even if I recover, I'm afraid that my future cultivation will be greatly affected, and my talent will drop!"

Cheng Yu, who was in so much pain, did not know how serious his injuries were. Hearing his Master's words, his eyes immediately went black and he fainted.

Elder Yu's expression changed drastically, and so did the other elders. If it was just a little injury, it would not matter. It would be a lesson. Which martial artist did not walk all the way with injuries? but directly breaking the meridians of others and reducing their talent, that would directly destroy the other party's future!

Ying Lin and Fang Tianhe looked at each other, their eyes full of playfulness.

Zhang linghua was also extremely furious. Although Cheng Yu's character was flawed, it was undeniable that he was extremely talented. He was the strongest among the younger generation and would definitely be the pillar of the Big Dipper sect in the future. However, he was destroyed just like that. Zhang linghua angrily shouted, "Capture him!"

Without waiting for the others to make a move, elder Lu threw Cheng Yu to the side like a piece of cargo, then roared and rushed forward. The power of his domain suddenly spread out, freezing Yunxiao in place to prevent him from escaping.

He was already unable to contain his anger, and the only way to dispel the hatred in his heart was to tear the other party apart. Furthermore, he was afraid that the other elders would beat him to it and give this kid a chance to live.

Mei Dong'er's face turned pale. She hurriedly grabbed he yingrong's arm and begged, "Master, save her. You must save her. She only acted rashly to save me. At that time, in a moment of desperation, who could have grasped the appropriate limits? it was an unintentional mistake to hurt senior brother Cheng Yu!"

He yingrong looked embarrassed. That being said, Yunxiao was indeed too ruthless. Now that even Zhang linghua had spoken, she didn't dare to act rashly, let alone in the presence of many sect leaders and Chamber of Commerce forces. She couldn't refute her sect leader's reputation.

Yunxiao was suppressed by the domain, but he did not care at all. He sneered and said, "His transformation into the bear of earth was already the greatest damage to his meridians. Even without my punch, he wouldn't have been any better. Moreover, when he attacked that white fatty first, he seemed to be even more ruthless than me."

"That's our sect's internal matter!" Elder Lu bellowed. "How can an outsider like you interfere!" If I don't kill you today, I won't be able to dispel the hatred in my heart!" His right hand turned into a claw and condensed in the air. He grabbed down from the air like an eagle flying to catch a chick.

"If it's difficult to dispel, then this hatred will forever remain in my heart!"

Yunxiao's body glowed with a golden light as he turned into a sharp blade and cut the domain power apart, then soared into the sky. Elder Lu's claw landed on the ground, and the sixth-tier material was also shattered.

"What? He can ignore domains?"

Except for tan dijun, all the martial honors on the scene turned pale with fright.

Elder Lu was even more shocked. He looked up and saw that the dazzling sun in the sky was suddenly blocked by something. A large shadow fell from the sky. It was an ancient Bell that was constantly growing larger, trying to cover him.

you dare to show off in front of this old man with a grain of light? sky howling divine fist!

Elder Lu was not intimidated by the power of the dynasty Bell. Instead, his long robe fluttered and a strong wind blew. A fist condensed on his arm and he punched the ancient Bell. In his opinion, the punch of a martial honor was enough to shatter the ancient Bell, and the aftermath could even knock Yunxiao down from the sky, seriously injuring him if not killing him.

"Boom boom boom!"

The punch landed on the dynasty Bell and produced an ear-piercing sound wave. The expressions of everyone on the mountain peak changed drastically. Some of the weaker ones were even shaken to the point that they were staggering and vomiting blood.

However, the sound disappeared very quickly. The dynasty Bell fell in the blink of an eye and enveloped elder Lu, who was standing there in a daze with disbelief in his eyes. The entire ring made of sparkling light and flying stones cracked with a loud bang. The dynasty Bell pressed down from all directions without any gaps!

Under everyone's completely stunned gazes, Yunxiao slowly landed and stepped on the sky above the dynasty Bell. His cold and sharp eyes gazed at the viewing platform as he asked in a soft voice, "Who else is going to lecture me?"

For a few minutes, no one made a sound. Even tan dijun was shocked. He only knew that Yunxiao was difficult to deal with, but he had not really fought him, so he knew nothing about his true combat strength. But, the way he suppressed a martial Supreme with one move was too brutal!

"Bang!"

"Bang!"

"Bang!"

"....."

The sounds of elder Lu striking the dynasty Bell kept coming from within. He wanted to break out of the bell, but the sounds were getting weaker and weaker.

Inside the bell, the sound waves produced by the fist force were constantly spread and amplified by the surrounding Bell walls, shaking back and forth. Even if elder Lu was a martial honor, he could not withstand the baptism of the power of the sound waves. He howled in pain but soon learned his lesson. He stayed inside and did not dare to move. He was afraid that if he made even the slightest sound, the bell walls would expand infinitely and he would suffer.

Below, ping Yingyi and Shangguan Yuyin's mouths were also wide open in shock. Both of them were extremely shocked, but fortunately, they didn't do anything stupid to provoke this person.

Zhang linghua's face was as dark as water, and a faint elemental energy wave appeared around her body. She said word by word, "Take him down!"

The elders behind him stood up one after another, and even he yingrong couldn't help but step forward, ready to attack at any time. Mei Dong 'er had long been completely stunned and unable to think.

Chapter 544-mission accomplished

"Haha, interesting. Sect leader Zhang, you've been kicked into your lair, and your underlings and elders can't do anything. Do you want me to help you?"

Qiu Lin laughed and mocked.

Even li Fengyu fell silent. Although the heavenly Scorpion sect and the Big Dipper sect had joined forces to deal with the external forces, they were only doing so under external circumstances. They were also fighting in the dark. After all, the two sects shared the same origin, and they were competing for a large number of resources. Therefore, they were happy to watch the show at this time.

Zhang linghua snorted coldly, and several powerful auras of martial Venerables flew out from the viewing platform, targeting Yunxiao.

There was no panic on Yunxiao's face. With a cold look, he said, "since we've already caused trouble, let's start playing big. Let's do it! His words stunned everyone and confused them. On the other hand, Zhang linghua's pupils contracted and her brows furrowed.

A wave of spiritual power emerged around Yunxiao, and he disappeared from where he was in an instant. In the next moment, his face was close to Zhang linghua's, almost touching the tip of his nose.

"?!"

Zhang linghua sucked in a cold breath, but she still reached out unhurriedly, trying to capture Yunxiao alive. When Yunxiao teleported, he had sensed the mental fluctuations around him and was mentally prepared. So, although he was shocked and angry, he was well prepared.

ha! You're indeed a half-step Martial Emperor.

Yunxiao could sense that the power of the grab was not pure Emperor Qi of the ninth heaven. He chuckled and snapped his fingers, and a ball of flame burst out of his fingertips and burned toward his palm.

Zhang linghua's pupils contracted. He felt a great sense of danger from that small cluster of flames. He hurriedly changed his claws into a fist, and a powerful force shook off his fist in an attempt to repel everything around him. At the same time, he took a step forward and struck out with his left palm without mercy.

He no longer wanted to capture Yunxiao alive, and he planned to kill him directly.

Yunxiao chuckled as he teleported and disappeared from where he was.

With a sneer, Zhang linghua leaped into the air and grabbed at Yunxiao's right side. The next moment, Yunxiao's body appeared there, his face filled with great horror.

"No matter how you jump around, you're still an ant under this Lord!"

"Bang!"

Zhang linghua's punch left a huge hole in Yunxiao's body. It was a terrible sight.

"Argh! Don't!"

Mei Dong'er let out a miserable cry. Her face was completely pale and she was stunned.

Yunxiao, who had a big hole in his chest, had a vicious look on his face as he said angrily, "You're so damn hateful!" Gradually, his body began to twist in the air, turning into a ray of light and dissipating.

hmm, how is that possible?!

Zhang linghua's body trembled. He felt that the figure just now was real. It couldn't be an illusion! Just imagine how heaven-defying it must be to be able to trap a half-step Martial Emperor!

It wasn't just him. Beside him, Li Feng Yu and Gao Lin's expressions also changed drastically. Because they didn't realize that the figure just now was actually an illusion!

At this moment, everyone was completely stunned. Mei Dong 'er recovered from her despair and stood there in a daze. It was as if she couldn't get used to the huge fluctuation in her emotions in a short time.

The elders who had flown out of the grandstand stopped in the air in shock. Without even thinking about saving elder Lu, who was suppressed under the dynasty Bell, they flew back to the grandstand one after another, intending to punish Yunxiao.

"It's here!"

Yunxiao's true body immediately appeared behind Zhang linghua, and the heavenly eye between his brows opened. A stream of flame power mixed with the primordial astral wind shot out like a lightning bolt, pointing straight at Zhang linghua's body. He was still not at ease after using this move. He condensed the earth of breath in his hand and slapped down with his palm, suppressing the space in an area to prevent the other party from escaping with extraordinary means.

It wasn't an illusion that had been destroyed, but his Starlight soul body. Not to mention his current soul power, even an ordinary ninth-tier Alchemist would not be able to cast an illusion on a martial Supreme. Hence, he gave up his Starlight soul body. It was only rank two anyway, so it wasn't a pity.

"Swish!"

The attack formed by the flames and the astral wind directly hit Zhang linghua's body. His eyes were filled with shock and despair. Originally, he had sensed the extreme danger of the attack and wanted to avoid it, but he found that the space was suppressed so that he couldn't move. In the blink of an eye, he didn't have time to break the spatial seal. He could only watch as the two elements directly shot into his body and crazily destroyed it.

"Damn it!"

Zhang linghua let out a series of furious screams. Finally, he threw out a punch and shook off the locked space. While his body was still collapsing, he threw a palm at Yunxiao. There was nothing fancy about it. It was just an angry palm strike of a half-step Martial Emperor, and it was not inferior to a one-star Martial Emperor's.

Yunxiao first teleported, then condensed a Starlight soul body as a substitute. At this moment, he even used the power of the three elements directly, which had long been exhausted of his soul power. His body suddenly released a powerful moonlight, and his body swelled up at that moment. The demonic sky armor also flew out from between his eyebrows and transformed into his body.

"Bang!"

The palm instantly extinguished the moonlight and slammed into the devil-sky armor. The originally Black Devil light flickered non-stop, but it was also dispersed by the force of the palm and shook the body of the armor.

In an instant, Yunxiao felt a powerful force shake into his body through the armor, and even his powerful physical defense collapsed at that moment. He felt an indescribable pain in his internal organs, and he vomited a mouthful of blood as he was sent flying.

He felt that his body was in a very bad state. Not only was his opponent's powerful origin power destroying his body, but what was even more unbelievable was that when Zhang linghua's palm force penetrated the armor, it actually shook the demonic Qi inside the demonic sky armor into his body. At this moment, the two forces were destroying his body, especially the demonic Qi that could corrode everything. Even his Supreme tyrant body couldn't withstand it and began to collapse one by one.

Zhang linghua's situation was not any better than his. After the two elemental powers rushed into his body, their destructive power was even greater than the demonic Qi. Both of them were genuine tenth-tier powers, and even a Martial Emperor could not withstand them. His body began to break down before Yunxiao's, with blood oozing out of his seven orifices and his skin cracking.

"Sect master!"

Everyone cried out in surprise. The major forces were even more dumbfounded. They never thought that the hero of a region, the Big Dipper sect's sect leader Zhang linghua, who was a half-step Martial Emperor, would die in the hands of a martial Grandmaster youth so inexplicably. This was a fact that they had seen with their own eyes, and it was hard for everyone to accept.

"Sect master!"

Elder Lu and tan dijun, who was behind him, rushed up immediately. Elder Lu held Zhang linghua, his eyes full of concern.

Zhang linghua's expression was extremely unsightly. He was covered in blood, and his condition was rapidly deteriorating. He raised his trembling hand, wanting to take out a pill from his ring, but he was actually powerless. He looked at elder Lu for help.

let me help you," elder Lu said indifferently. why do you have to suffer so much? "

bang! a muffled sound was heard. Zhang linghua was completely dumbfounded. Her eyes widened as she looked at elder Lu in disbelief. Then, she lowered her head and saw that the other party's fist had directly broken through her chest and jolted out of her back.

"Ah? Sect master!"

Everyone cried out in alarm. All of a sudden, the scene was filled with shock. They were all stunned, and their brains simply couldn't adapt.

"Don't come over!"

Elder Lu pulled out his arm and clutched Zhang linghua's neck. His sharp gaze swept across all the elders and he said coldly, "I'll kill anyone who takes a step closer!"

The rest of the elders all stopped in their tracks, not daring to move. Although Zhang linghua looked like she was beyond saving, he still didn't dare to act rashly, in case he sped up his death.

"Elder Lu, you, why are you doing this?!" He yingrong said angrily.

Li Feng Yu, Gao Lin, and the others were all stunned. They retreated to the side in silence and watched coldly. They all knew that something big was going to happen to the Big Dipper sect today.

"Y-you,

Zhang linghua's voice trembled, but she couldn't complete a sentence. Cold sweat trickled down her face.

"Why? Hmph Hmph, let me say it. "

Tan dijun walked out from behind elder Lu, attracting everyone's attention. His transformation simulation technique was immediately dispelled, and he returned to his previous goatee appearance, revealing his true appearance.

"You ... You're tan dijun!"

He yingrong exclaimed. She immediately recognized tan dijun's identity. Her eyes were filled with disbelief, and she stood there in a daze.

Tan dijun glanced at her and said,"he yingrong, how many years has it been since we last met? you've also become an elder of the Big Dipper sect." It's just that you didn't expect that I'm still alive, right?"

The dazed look on he yingrong's face gradually melted away, and she said with a bitter expression, "So it's you, I understand. But so many years have passed, why can't you just let go? This will be a great disaster for the Big Dipper sect."

"Disaster?"

Tan dijun's eyes flashed with anger as he shouted, "What Zhang linghua did in the past was a disaster, wasn't it? I'm just cleaning up the sect on behalf of my master and taking back what belongs to me!"

He glared at Zhang linghua, a long-lost sense of pleasure appearing on his face. He laughed and said, "Haha, Zhang linghua, you didn't expect this, did you? I didn't expect you to be so useless that you would die in the hands of a martial arts Grandmaster child. Haha!"

He chuckled and turned to look at Yunxiao, who was meditating on the dynasty Bell and suppressing his injuries. A deep fear and a vicious gleam appeared in his eyes.

Even if it were him, he would not be able to escape from the few moves Yunxiao had just used. Besides, the boy was still young, and he was too dangerous. He could not be left alive!

However, if he were to make a move now, it would chill everyone's hearts. After all, Yunxiao's behavior just now was obvious to all, and he was their greatest hero. If they killed him now, no one would dare to work for them with all their heart and soul in the future.

Chapter 545-situation reversal

Tan dijun immediately made a decision in his heart. He temporarily suppressed the matter of taking Yunxiao's life and decided to send someone or take care of him in person after the matter was over. Looking at his current injuries, it would take at least a year to recover.

"Elder Yu, capture all of them!"

Tan dijun looked at he yingrong and the two elders behind her, and they were all shocked. He yingrong was even more shocked, "elder Yu, you've betrayed him too?" You, you guys, so you've been planning this all along!"

A look of shame flashed across elder Yu's face, but he replied honestly, " Zhang linghua was the one who betrayed his master and killed his ancestors. Today is just karma.

He yingrong was so angry that her entire body was trembling. She said angrily, who? who else has betrayed us? "

Tan dijun laughed proudly and said,"Other than you, elder Sima, elder Feng, and elder Lu who is suppressed under the big bell, the other six elders are all righteous people and are not willing to collude with evil! He yingrong, if you still have any thoughts of right and wrong, then follow me!"

He yingrong's expression changed drastically. She didn't expect it to tilt so much. She looked at the elders one by one. Everyone looked at her coldly. Only elder Sima, who was wrapped in a black robe, could not see his expression clearly.

At this moment, elder Feng, who had not said a single word the entire time and had even opened his eyes, finally moved.

Tan dijun's eyes showed a trace of fear, and he said, " "Elder Feng, you should be clear about what happened back then. Zhang linghua was worse than a pig or a dog, and now he's getting what he deserves! I hope that elder Feng will look at the big picture and not help the evildoers, the general trend is irreversible!"

Elder Feng was also a half-step Martial Emperor. If he were to resist, it would indeed be a big problem. Among all the elders, only elder Yu and himself could compete with him. If they could convince him verbally without losing a single soldier, that would be the best plan!

Elder Feng didn't seem to hear tan dijun's words. He slowly stood up from his seat and looked at everyone with a desolate expression. He sighed, I didn't expect that I've lost my heart to this extent. Have I not done well enough all these years to disappoint you all? "

"?! What? What do you mean by that?"

His words struck everyone's heart like a bolt of lightning. Everyone's expression changed drastically as they looked over in shock.

At this time, Zhang linghua, who was captured by elder Lu, suddenly revealed a bitter smile. His entire appearance began to change, immediately turning into another person. His old appearance was revealed, and it was actually elder Feng!

At the same time, elder Feng's appearance changed. Under everyone's astonished gazes, he revealed Zhang linghua's appearance. His eyes were like lightning as he stared at earth monarch tan!

"Junior Brother, the imitation transformation technique is our sect's ultimate technique. If you can do it, so can I!"

"?!"

This shocking change caused everyone's face to pale and a huge wave to set off in their hearts!

Especially the six traitorous elders, each of their faces turned pale. They didn't expect the situation to suddenly turn for the worse, and the one to die in Zhang Ling Hua's place was actually elder Feng! Meanwhile, Zhang linghua was completely unscathed!

Li Feng Yu and the others were also dumbfounded by this change. Each and every one of them cursed in their hearts. Damn old fox, he's too cunning. This time, there's really a good show to watch!

Zhang linghua's appearance was like a huge rock pressing down on everyone's heart. In an instant, the situation that they thought was settled was suddenly reversed, and everyone's palms were sweating.

"You, you're so cunning, you actually let someone else die for you!"

Tan dijun glared at him and said through gritted teeth, "You're still as despicable and shameless as ever!"

"Junior Brother, let elder Feng go," Zhang linghua sighed.

Under his gaze, elder Lu trembled in fear and hurriedly threw the half-dead elder Feng over.

After Zhang linghua took it, she checked his body and her expression changed. “What a powerful elemental power!”

“These were meant to deal with you,” tan dijun said coldly, “it’s a pity that elder Feng became your scapegoat!”

Elder Feng let out a bitter laugh and immediately coughed out a large amount of blood. He stuttered, “No, no, no, no, no, no, no, no, no, no, no, no, no, no, no, no, no,”

Everyone felt a wave of sadness in their hearts, especially the other elders. They all felt a sense of sympathy for the death of their kind. “Tan dijun, is this what you want to see?” he yingrong stomped her feet and said angrily. What else could an internal fight do besides depleting the strength of the Big Dipper sect? What can you get in return?”

“It was Zhang linghua who killed him. What does it have to do with me?” tan dijun said angrily. He looked at Zhang linghua coldly and said, “so what if you found a scapegoat?” My plan hasn’t changed at all, it’s just that I’m using it against you instead of elder Feng. All of you, attack! We can’t let Zhang linghua escape!”

The other six elders immediately moved, forming a formation and surrounding Zhang linghua. Each of them had a serious expression on their faces. After all, the other party was a half-step Martial Emperor. He could kill them like ants. Among all of them, the only ones who could fight against them were elder Yu and earth monarch tan. The remaining few people could only be held back for a while.

He yingrong stood there in shock, not knowing what to do for a moment. She couldn’t do anything to Zhang linghua, but she also couldn’t help him kill these six fellow sect members who had been with him all day.

Elder Sima and Luo Xin ran, who was behind him, were also standing still. Both of them were in black robes, and their expressions could not be seen.

The battle on the viewing platform started as soon as it started, and the people from the other forces retreated one after another, watching from a distance.

Zhang linghua's gaze swept across the six of them one by one, and she sighed. "You're all the sect's pillars. If you all die, the Big Dipper sect's overall strength will drop and the entire sect will be in danger. If the six of you have any intention of repenting and stand on my side in time, I will not pursue today's matter."

The six people's expressions changed slightly, and they looked at each other nervously. They were afraid that someone would join them at the last minute, but they were also afraid that they would lose the opportunity if they joined too late. All of a sudden, cold sweat broke out on their foreheads, and they did not know what to do.

Tan dijun's face darkened. He snorted and said, "Everyone, don't you know what kind of person Zhang linghua is? Do you all believe what he said? Look at elder Feng, he's already killed him. Do you think you'll have a good end if you follow him?"

Only then did the six people's eyes reveal a determined look, no longer hesitating. Today's matter was indeed irrefutable. Even if Zhang linghua said that he would not pursue the matter, who knew what he was thinking. There was still a long time in the future, enough time to slowly take care of them. Since he had already boarded the pirate ship, there was only one path left. There was no turning back.

Zhang linghua sighed and looked at the dead elder Feng beside her. "Elder Feng volunteered to take my place. I received news before the sect competition that something big was about to happen, but I didn't expect it to be you, Junior Brother. After elder Feng found out about it, he took the initiative to replace me in order to put the overall situation first. He let me observe from the side and control the situation. Elder Feng didn't die for me, he died for the sect!"

"Nonsense!" Tan dijun said angrily, "you're good at quibbling!" If you're afraid of death, I've already killed you and nothing will happen. The Big Dipper sect will still be the Big Dipper sect. Do you think that the Big Dipper sect can't do without you?"

"I did do something wrong back then, but I'm no longer the same person I was before," Zhang linghua said. If I could go back to the past, I would rather give up the position of sect master and cultivate in a carefree manner. Junior Brother, do you know how heavy my burden is? The open and hidden fights between the local forces, as well as the scum of the thunderwind Chamber of Commerce, who are

spying on us from the outside, ready to devour and destroy us at any time, have been making me feel comfortable all these years, except for cultivation.”

In the distance, Gao Lin’s expression changed slightly, and he snorted coldly.

Li Feng Yu, on the other hand, revealed a sympathetic expression. He seemed to be able to feel Zhang linghua’s situation very well. Being the head of a sect was not as glorious as everyone thought. The immense pressure behind it was not something ordinary people could bear.

“Junior Brother, I’ll give you the sect leader’s position now, what do you think?” Zhang linghua sighed.

Tan dijun’s expression changed, and he sneered, “Zhang linghua, don’t use that trick! Even if you give me the sect master’s position, you won’t be able to escape death today. I must take revenge for my master!”

“No, you can’t kill me,” Zhang linghua shook her head and sighed.

“Haha, what a joke!”

Tan dijun laughed out loud and said, “Why can’t I kill you? You don’t have to die just because you don’t want to? So many years have passed, and you’re still this cowardly nature!”

“It’s not that I’m afraid of death, but the Big Dipper sect needs me,” Zhang linghua said indifferently. If there’s no Martial Emperor in charge, the Big Dipper sect will most likely be in a precarious situation.”

“What?”

Tan dijun’s heart was shaken, and his face changed drastically. “What did you just say? You’re not afraid of a Martial Emperor?”

Zhang linghua nodded and said, “ that’s right. I’ve already broken through the threshold a few days ago and truly entered the nine Heavens realm!

“?!”

When this news came out, everyone was shocked! All the martial artists felt a huge wave in their hearts as they felt cold all over!

Especially Gao Lin and the others, all of them widened their eyes and looked on in disbelief!

Even Yunxiao frowned slightly, as if he had a bad feeling. Right now, he was sitting on the dynasty Bell, barely suppressing the injuries in his body. But if tan dijun's side was defeated, he would be in danger as well.

“Damn it, the situation is actually reversed!”

Yunxiao cursed in his heart. With no other choice, he extracted a large amount of yi wood Qi from the divine realm tablet and began to repair his body. At the same time, he circulated the great expansion divine technique in order to recover his soul power in the shortest time possible. If he did not make the necessary preparations, he would not be able to retreat once the situation collapsed.

Chapter 546-breaking the Emperor Qi

“Y-you're a martial Supreme? No, I don't believe it! You're lying to me!”

At this moment, tan dijun suddenly went crazy. He roared, you're a despicable man. You lied to me and my master decades ago, and you're still lying to me now. I'm going to kill you! He quickly condensed a cloud of misty air in his hand and rushed forward with a roar.

“A!”

“I'm really tired of it, Junior Brother,” Zhang linghua sighed. He gently opened his hand, and an invisible force spread out from his palm. It instantly blocked tan dijun and trapped him in the air.

“?! Heaven Earth Law, Emperor Qi of the nine Heavens!”

At this moment, Zhang linghua's aura sent chills down everyone's spine. His every move was filled with rule force. He had truly stepped into the Martial Emperor realm. No one had any doubts about this!

The faces of Gao Lin and the others turned deathly pale, and they lost their calm and elegant demeanor. They only felt a little cold all over.

If a sect had a martial Supreme powerhouse as its leader, it would be considered a first-rate force on the mainland. It would no longer be a nameless gang!

Any first-rate force was an existence that could not be ignored, and no one dared to provoke them easily.

The six elders surrounding Zhang linghua were all stunned in that instant. All of a sudden, all of their strength relaxed, and a sense of powerlessness welled up in their hearts. They all became dispirited.

The Emperor Qi of the nine Heavens suppressed everything!

Under the Emperor Qi of the nine Heavens, they were all ants. No matter how many of them there were, no matter how close they were to the nine Heavens realm, as long as they had not mastered the rules and had not condensed their Emperor Qi, they were just like ants. They could not fight against a martial sovereign.

Tan dijun was also completely dumbfounded. He was trapped in the air with a blank face. He suddenly felt like a clown. After so many years of bitter cultivation and planning, he was like a Grasshopper in front of the absolute strength of the other party. He could jump around and not even block a casual step.

Zhang linghua looked at him, her eyes were expressionless and as calm as water. She said, "I was indeed in the wrong back then. However, the hidden story is not what you know. I will slowly tell you in detail later."

He looked around and saw that everyone was as quiet as cicadas in winter. They did not dare to make a move. When they heard the name of the martial Supreme, they no longer had the slightest intention to fight.

“Congratulations on entering great emperor, sect leader Zhang,” said Ying Lin with great difficulty. “From now on, you’re the number one person in the entire Southfire city!”

“Congratulations, sect leader Zhang!” Li Feng Yu also shook his head and cupped his hands. He didn’t dare to call him ‘brother Zhang’ anymore. The difference of one realm was like heaven and earth. He no longer had the qualifications to call him brother.

no problem,” Zhang linghua said calmly. please stay here for a while. I still have some matters regarding the mine vein that I need to discuss with you.

Both Gao Lin and Li Fengyu’s faces were as unsightly as pig’s liver. They knew that they would have to give up a lot of benefits this time, but they had to lower their heads when they were under the roof. The other party was a martial Supreme, and if they didn’t obey, they would probably lose all their benefits.

Gao Lin was still fine. After all, he was a member of the thunderwind Chamber of Commerce, so the other party didn’t dare to push him too hard. Meanwhile, Li Feng Yu had a bad premonition. The sky Scorpion sect was originally a branch of the northern scorpion sect. If Zhang Ling Hua took this opportunity to unite the two sects, it would be a great disaster.

However, he was sure that Zhang linghua wouldn’t dare to do such a rash thing. Otherwise, if both sides were to suffer losses, the Chamber of Commerce would be the one to benefit. At this moment, he suddenly felt that the existence of the Chamber of Commerce was such a wonderful thing.

The two of them had their own thoughts, but they did not dare to disobey Zhang linghua’s words. They both replied, “Yes, sect master Zhang’s orders, I dare not disobey!”

A smile appeared on Zhang linghua’s cold face. “It’s good to be obedient.”

Instead of paying attention to tan dijun and the elders, he turned his eyes to Yunxiao, who was healing his wounds in the arena. At this moment, wisps of Yimu Qi were rising from Yunxiao's body, quickly healing his injuries.

Zhang linghua's pupils constricted. He found that among all the people, only Yunxiao was someone he could not see through."Who are you? I'll give you three breaths of time. If I'm not satisfied with your answer, then you can ..."

He didn't finish his sentence, nor did he need to. Everyone understood that if they did not satisfy him, they would be finished.

It had been many years since a martial Supreme had appeared in South Fire City. Zhang Ling Hua's current image was like a mountain in everyone's heart, unattainable and even Supreme. Every word he said was like a great order that no one dared to disobey.

Yunxiao did not say a word. A large amount of Yimu Qi swam in his body, and his body, which had been corroded by the demonic energy, gradually recovered. His physical strength gradually grew stronger, and under the Supreme tyrant body, the demonic energy was gradually suppressed.

Zhang linghua frowned and her face darkened. The other party was ignoring him!

The people around looked at Yunxiao in horror, their hearts beating like little drums. They did not know how bold this young man was to face a Martial Emperor in such a way.

Mei Dong'er was even more anxious. She wanted to go out and intercede, but she was stopped by he yingrong, who shook her head with a grave expression. At this moment, everyone knew that Yunxiao's background was not simple, and if it was not handled well, it was very likely that something big would happen. So, she did not dare to intervene rashly.

Ping Yingyi found it even more difficult to see through this young man. He was already drenched in cold sweat, and after seeing tan dijun being captured, he was so scared that he would be affected. The other party was Zhang linghua's junior Brother, and it was highly likely that they would be fine. However, it would be a different story for him and Shangguan Yuyin. They might even be killed in an instant.

Zhang linghua's patience finally ran out after a few breaths, and she said, "Very good!"

He raised his arm and threw a punch in the air. The space on the viewing platform twisted, and everyone on it seemed to have changed shape. The ninth heaven Emperor Qi condensed slightly under the wind of his fist, then turned into a rolling fist power that fell down.

Zhang linghua didn't use her full strength, only using less than 10% of her power. This was because, according to his calculations, the other party might not even be able to withstand this 10% of his power. What he wanted was to capture him alive, and there were too many questions in his heart that needed to be answered.

Even if it was only 10% of his power, it was still the power of rules and the condensation of Emperor Qi. Under the power of that fist, the martial artists' faces turned pale one by one. Some of them could not even muster the strength to escape and stood there stupidly, not daring to move.

Yunxiao opened his eyes, and a blood-red Crescent moon appeared in his eyes. As he had expected, he would be the first one to suffer after tan dijun's failure. At this moment, the demonic Dragon was gradually merging with his soul. His body began to demonize, and dragon scales appeared. His face also became demonic.

"That's the Tao Wu's demonic transformation?"

Everyone was shocked. He yingrong was also shocked. what kind of demonic transformation is this? why does it look so much like an ancient true dragon? "

Her words made everyone's hearts tremble. So it wasn't just them who had such thoughts. However, how could a demon transform into an ancient true dragon? Everyone knew that the true ancient dragon clan was a true spirit existence in the ten directions divine realm. If it could be achieved through demonic transformation, this continent would have been in chaos long ago.

With a flash of light in his hand, Yunxiao immediately condensed a sword beam and held it in his hand. The dynasty Bell under his feet instantly became smaller, turning into a mini form and spinning in his left hand. The sword light in his right hand expanded and turned into a huge sword light. He made a few strange movements in the air and slashed down on the fist wind.

Everyone shook their heads in their hearts. The Emperor Qi of the nine Heavens suppressed everything. No matter how strong he was, even if he was at the peak of the martial venerable realm, he could not resist the power of the Emperor Qi.

Only Zhang linghua's pupils constricted. Although Yunxiao's strange movements were extremely ugly, he seemed to have condensed some rules after each move. A huge question mark appeared in his mind!

Ha, how is this possible! Even a martial Supreme could only make use of the rules slightly, let alone condense them. Zhang linghua's heart began to shake.

Yunxiao was using the sacred skill of the temple of Holy Fire. A faint beam of power of rules gathered on the sword beam and slashed down as he said, "Dawn!"

The sword light was like a long rainbow, piercing through the sky and slashing at the fist force. Under everyone's dumbfounded gazes, it cut the fist force like a piece of cloth, and the Emperor Qi was suddenly broken!

This Kasaya

Everyone was shocked, including Zhang linghua himself. His brain had short-circuited, and like many others, he began to rub his eyes, thinking that he had seen wrong.

While everyone was stunned, Yunxiao had already turned into an arrow and shot toward the foot of the mountain.

"Impudent!"

Zhang linghua was stunned for a moment before she came back to her senses. Her heart was in turmoil. She couldn't let this young man escape. She had to catch him. He didn't care about his status and suddenly rushed down from the viewing platform. His right hand pointed to the sky and pointed down.

A spatial barrier suddenly appeared in front of him. It was extremely thick and hard to break through!

Yunxiao's face flickered. He knew that he was in big trouble. He immediately shot out a powerful spiritual power from his eyes and forcibly twisted the layers of spatial barriers. Then, he performed teleportation, trying to teleport over.

Hmph, although I don't know what secret technique you have to break through the Emperor Qi, wouldn't it be a big joke if I let you escape with my own hands? "

Zhang linghua's voice resounded through the sky as his figure appeared above the distorted spatial barrier. With a slap of his palm, all the spatial phenomena disappeared, and peace and comfort were restored. Meanwhile, the spatial rules in the surroundings condensed under the power of his palm, pressing Yunxiao down!

With a solemn expression, Yunxiao released the dynasty Bell in his left hand and punched above.

The powerful sound wave spread out, creating layers of waves under Zhang linghua's palm.

Zhang linghua could feel the rhythm of the sound wave coming from his palm, and his expression changed. The power of this ancient Bell had exceeded his expectations, but no matter how heaven-defying his opponent was, he would not be able to break through his palm.

Just as he was feeling at ease, his pupils suddenly constricted and turned into a look of horror. In his eyes, Yunxiao's figure began to gradually turn into a light green color and spread out.

"?! It's the lightning transformation skill of the North Scorpion sect!"

Chapter 547-refuge

When Yunxiao turned into a Thunderbolt, Zhang linghua was so shocked that his face turned pale. He was even more shocked than when he saw his Emperor Qi of the nine Heavens being broken.

It wasn't just Zhang linghua. When they heard the words " lightning transformation divine skill ", all the senior members of the Big Dipper sect, as well as li Fengyu and the others, were shocked and looked at each other in shock!

This was a name that had been circulating in the North Scorpion sect for a long time. It symbolized the Supreme cultivation technique of the most powerful period in the history of the North Scorpion sect! Turning a physical body into a formless body of thunder element, it could even trigger the world-destroying godly Thunder in Shangqing Zifu, which was so powerful!

Whether it was the Big Dipper sect, the heavenly Scorpion sect, or even ping Yingyi, they were all dumbstruck. The moment Yunxiao turned into a Thunderbolt, he turned into a beam of light and shot into the sky.

The speed of lightning was almost equivalent to teleportation. It could travel thousands of miles in an instant. Even Zhang linghua, who was a martial Supreme, could not catch up to it.

Zhang linghua was no longer as calm as before. A serious look appeared on his face. He turned his eyes to the viewing platform and looked at Mei Dong 'er. Mei Dong' er was the only clue they had to find this person.

He yingrong's expression changed slightly, but she also knew that this was a serious matter, so she remained silent.

On the entire mountain peak, everyone was still unable to recover from the shock. A Martial Emperor powerhouse had personally made a move, yet a five-stars martial Grandmaster had managed to escape. Furthermore, this was Zhang linghua's Big Dipper sect, which had the home ground advantage!

Yunxiao, on the other hand, was not as carefree as the others had thought. After he used the art of Thunder he had learned from the little man, he was shocked to find that the second wood Qi He had collected was being consumed at an amazing speed. Moreover, he was far from reaching the state of lightning that Zhang linghua had described. He could only use the power of lightning to perform a rapid movement similar to teleportation, disappearing from the Big Dipper sect's Mountain range in the blink of an eye!

He was severely injured and almost exhausted. The entire Southfire city was under the surveillance of several major forces, so he had no choice but to go to The Purple Cloud trade union. He could only trust Hanxuan now.

After using the Thunder transformation divine technique, Yunxiao felt that his speed was almost unimaginably fast, and a powerful light of thunder and lightning appeared around him to protect his body from being crushed by the excessive movement.

He teleported himself to the sky above Southfire city in a few breaths, and then he fell toward the backyard of The Purple Cloud trade union.

From afar, it was as if a bolt of lightning had struck, and it was almost impossible to catch it with the naked eye!

“BOOM!”

A huge hole was blasted in the backyard of The Purple Cloud trade union, and Yunxiao was lying in it, extremely weak. He struggled to climb out of it.

“Who is it?”

The courtyard was soon alarmed. Hanxuan and Wu Chen appeared in the courtyard immediately, and the female servants of the Chamber of Commerce were also disturbed.

“Young master Yun! How did you get hurt?”

Yunxiao! Hanxuan was shocked, and she hurried forward to help Yunxiao. Seeing that there were no wounds on his face, she knew that he had been injured in the internal organs, but it was even more serious. be careful! What happened? ”

Yunxiao took a few deep breaths and said in a hurry, “ hurry up and secretly send me to mo Huayuan. You’ll soon become the center of attention, so you must be careful!

Hanxuan was very smart and immediately understood the reason. She said in shock, ” “Who did you offend?” At the same time, he instructed Wu Chen to start preparing.

I've only offended the Big Dipper sect," Yunxiao said with a wry smile. but I guess all the forces in nanhuo city want to catch me now. He glanced at the maidservants around him and revealed a worried expression.

Wu Chen hurriedly said: " don't worry. These maidservants are all trained by the Chamber of Commerce. They definitely won't betray the Chamber of Commerce.

that's for the best," Yunxiao said with a nod. otherwise, if people know that I've been here, it will bring endless trouble to The Purple Cloud trade union.

Wu Chen had already ordered a few sets of clothes to be brought over and helped Yunxiao change into them. "You've just landed, so there's too much movement. Change into these women's clothes. Come with me to mo Huayuan's place. It just so happens that it's the time for the monthly tribute now, so you won't arouse any suspicion."

Yunxiao could not help but frown as he looked at the light muslin dresses and beaded hairpins.

a man knows when to yield and when to stand tall," Hanxuan scolded. what's there to be afraid of when you're temporarily pretending to be a girl?!

The beautiful maidservants around him covered their mouths and laughed.

Yunxiao smiled wryly. He was a martial sovereign of his generation, but he had to disguise himself as a woman to be hunted down.

"Hahaha!"

Yuan gaohan's laughter came from the divine realm tablet and he said, " "Gu Feiyang, not only did you have to pretend to be a woman, but you also had to ask my disciple for help. Tsk, tsk, I've learned something today!"

Yunxiao was not a sloppy person, so even after being ridiculed by Yuan gaohan, his expression remained unchanged as he said, "Indeed, this isn't the first time I've been chased and forced to run for my life. I've gotten used to it."

Not to mention his current cultivation level as a martial ancestor, even a Martial Emperor in the past had been hunted down several times and had to hide for thousands of miles. It did not matter much when he thought about it.

He very nimbly changed into his clothes, immediately causing Hanxuan to be dumbfounded. She was just like a heroic and pressing eldest young miss, and those beautiful maidservants who looked at her all sighed at their inferiority, endlessly envious.

"If only you were a woman. Even if you can't be the world's number one, you'll definitely be in the top five," Hanxuan said.

Yunxiao blushed. He had gotten used to fleeing for his life, but it was the first time he had been teased by a group of beautiful women while he was disguised as a woman, so he was not used to it. "Let's hurry up and leave now."

"Yes, to avoid people's eyes. Wu Chen, you stay here to control the situation. I'll bring three beautiful maidservants and young master Yun to find master mo."

"Yes! Leave this to me!"

Wu Chen hurriedly opened the back door of the Chamber of Commerce and asked Hanxuan, Yunxiao, and the others to leave quickly.

She herself quickly set up, pretending to be flustered, and sent people to find out what had happened.

The moment Yunxiao and the others left, dozens of divine senses began to fall into the backyard one after another. All kinds of fluctuating auras completely surrounded the small courtyard, making it so that not even a drop of water could leak through.

Along the way, Yunxiao told Hanxuan the whole story, one by one, and the latter was dumbfounded, her face filled with shock and disbelief.

Her eyes were full of suspicion as she looked at Yunxiao, feeling that he was lying to her or exaggerating.

Indeed, Hanxuan could not be blamed. Without seeing it with their own eyes, no one would believe that a martial arts Grandmaster could escape from the hands of a Martial Emperor. Moreover, there were dozens of martial Venerables present.

I don't care what you do," she said seriously. but you have to keep your life and get a place for Tianyuan trading company in the merchant Union. This is what you promised me and also what you promised little sister Ling 'er."

Yunxiao smiled wryly. He knew that what he had said just now had made the other party misunderstand that he was a frivolous and boastful person. But, he could not explain it, so he could only smile a few times in embarrassment. Then, he simply pretended to be stupid and kept silent.

Along the way, the four of them sensed the tense atmosphere in the city. From time to time, Warriors flew over from the mountains of the Big Dipper sect, all in the direction of The Purple Cloud trade union.

It was only then that Hanxuan realized that the matter was far more serious than she had imagined. Although she did not believe Yunxiao's story, she did believe the reason. "You helped the traitors of the Big Dipper sect rebel for some illusory treasures and primordial stones?" she reprimanded angrily. "You really have a good life!" Indeed, at present, it seems that only master mo can protect you, as long as he is willing!"

Mo Huayuan's status in South Fire City was so high that even the Big Dipper sect and the thunderwind Chamber of Commerce didn't dare to provoke him.

They soon arrived at mo Huayuan's courtyard. Little Xuan was still half-lying on the ground, napping, with a cat tail in his mouth. When she saw Hanxuan and the others in the distance, she hurriedly jumped up and greeted them sweetly, " "Sister Hanxuan, why are you here?"

Hanxuan was speechless. If she didn't know this kid's true face, she would have treated him like her own little brother. Since what happened last time, she naturally didn't have a good impression of him. She said indifferently, "The monthly payment."

Little Xuanzi didn't seem to care about Hanxuan's attitude at all. He smiled and said, "There's no need to be so polite, sister Hanxuan. After what happened last time, I'm afraid master won't be willing to accept your monthly offerings."

Fei Xuan said, "The Purple Cloud trade union has always respected master mo. This is just a small token of our appreciation. It has nothing to do with what happened last time. I hope little brother can report this."

Her tone was obviously very cold to little Xuan, but the other party seemed to have expected it, and was still full of enthusiasm. He hurriedly said, "There's no need to report. The others will definitely have to be informed, so please go in, sister Hanxuan." He patted his chest and said, "if master blames me, I'll bear all the responsibility!"

Hanxuan was speechless. How could this kid be so scheming and patient at such a young age?

old Yuan, "Yunxiao could not help but send a voice transmission to him. your grand-disciple is of the same lineage as you!

"Bah!"

"Huayuan must have been deceived by this kid's appearance!" Yuan gaohan said angrily. If I hadn't seen his face that day, I would have thought that he was a man of great potential! The world today is truly terrifying. Such a child already has such a heart and mind. He can't hide from outsiders. Truly terrifying!"

The few of them quickly entered the small courtyard. Hanxuan had just walked past the large cauldron in the middle when she loudly requested to pay her respects.

Mo Huayuan personally came out of the house to welcome her, but there was not much enthusiasm on his face. Although he expressed his respect, he did not seem to welcome her. He only said indifferently, "Guild leader Hanxuan, what are you here for?"

“Hanxuan is here to deliver master Mo’s monthly tribute,” Hanxuan said.

Mo Huayuan’s face turned red with embarrassment and anger. guild leader Hanxuan, are you here to humiliate me?! He had been defeated by Yunxiao, so how could he still have the face to collect The Purple Cloud Chamber of Commerce’s monthly payment?

“Master mo, don’t be so agitated. Can we talk inside?” Hanxuan sighed.

Mo Huayuan snorted heavily and turned to enter the house. Although he didn’t invite them, it was obvious that he had agreed to let Hanxuan and the others in.

Hanxuan and Yunxiao gave each other a look. One was filled with bitterness, while the other was ruminating. Then, the four of them went in one after another.

Chapter 548-treating him with sincerity

could guild leader Hanxuan be here to humiliate me? ”

As soon as mo Huayuan entered the room, he immediately turned around and said angrily, his face covered in a layer of green.

Yunxiao walked up from behind Hanxuan, grabbed the beaded flower and hairpin on his head, and said with a wry smile, ” “Master mo, I’m here to seek protection.”

“Ah, you’re Yingluo, it’s you!”

Mo Huayuan was taken aback, and it was only then that he realized that there was something more to this. He swept his divine sense over Yunxiao, and his face changed as he said, ” “You’re heavily injured?”

He hurried over and helped Yunxiao sit down. After examining him carefully, he said in horror, ” “How did you get so badly injured? It’s already a miracle that you’re still alive!”

Hanxuan's face changed drastically in shock. She did not expect Yunxiao to be so seriously injured, as he had been talking and laughing all the way here. She immediately felt a little admiration for his tenacity.

Mo Huayuan began to frown as he fell into deep thought. He found Yunxiao's injury very tricky and was desperately looking for a cure.

Yunxiao laughed. master mo, you don't have to worry about the treatment method. I have my own way. It's just that I'm being searched all over the city, so I'll just hide here for a while.

"A storm?" mo Huayuan was shocked. Who hurt you?"

martial sovereign Zhang linghua! Yunxiao said with a wry smile. I'm Zhang linghua!

"It's Zhang linghua! Had he really advanced to the rank of a Nine Heavens martial sovereign? There are rumors in the outside world, and it seems to be true!"

what? " mo Huayuan was shocked. since it was a Martial Emperor, how did you manage to escape? "

let's talk about this later, " Yunxiao said. first, find me a secret room, and then get me some primordial stones and all kinds of resources.

"Don't worry," mo Huayuan nodded. Since you've come to my place, even a martial Supreme would want to take you away unless I'm dead!"

He was about to call out to little Xuanzi when Yunxiao stopped him and said, " "The fewer people who know that I'm here, the better. In that case, don't inform little Xuan."

Mo Huayuan thought for a moment and agreed. He walked to a pill furnace in his room and cast a few spiritual arts into it. Immediately, a loud boom came from the ground and a hole appeared.

master Yunxiao, please!

Mo Huayuan was the first to enter. The entrance was pitch-black, but it wasn't as dark as he had thought. Instead, it was bright and majestic, illuminated by all kinds of pearls. After a few turns, it was very spacious.

this is where I usually cultivate. Master Yunxiao can recuperate here at will. Even if I die, they won't find me.

The room was filled with various resources and large amounts of primordial stones.

The spirit energy that came blowing at his face made Yunxiao feel great. "I'll have to trouble Grandmaster Mo. Hanxuan, have the two maidservants split up and walk out in groups, so that no one will see the four of them come in and the three of them go back. If we only let two people go, even if someone saw us, it would be hard to estimate."

"Young master Yun is indeed meticulous," Hanxuan praised. "I'll be staying at master Mo's Place for a few days, I wonder if it's convenient."

of course it's convenient," Mo Huayuan replied. "It's just that I'm afraid that guild leader Hanxuan won't be used to this simple and crude place."

Yunxiao took out a Jade slip from his ring and handed it to Hanxuan as he said, "Inside are the improved recipes. Time is tight, so I've only improved 12 of the core products. I'll give you the rest in a few days."

Hanxuan was shocked and took the Jade slip in disbelief. It was like a piece of gold and she held it carefully in her hand. However, her eyes were filled with suspicion, but she couldn't question it in person.

Mo Huayuan's expression changed slightly as well. Master Yunxiao, I've seen all the products of The Purple Cloud Chamber of Commerce. Can I have a look at your method of improvement?"

whatever," Yunxiao said with a smile. "It's just some low-level items. There's nothing to hide."

Hanxuan was also secretly delighted. She had been wondering how to examine the results of the improvements, and it was naturally best to have mo Huayuan, an eighth-tier Alchemist, help her examine them. She hurriedly handed them over.

Mo Huayuan took it and placed it on his forehead. He then sent his divine sense into it to examine it carefully.

The information inside was completely scanned by his divine sense, and soon his face became unusually shocked. His eyes suddenly widened and he said in surprise, "These ... These recipes were really improved by you, master Yunxiao?"

Hanxuan's heart tightened, not knowing what mo Huayuan meant. After all, this was related to the future of The Purple Cloud trade union. He was so nervous that he did not even realize that mo Huayuan had changed his words to honorifics.

Yunxiao smiled wryly. He had not read the recipe inside, so he did not know what changes Yuan gaohan and Gu Yuesheng had made. But since it was Yuan gaohan who had checked, it naturally wouldn't be bad, so he could only bite the bullet and admit it, nodding his head.

Mo Huayuan was stunned for a moment before a look of respect appeared on his face. He sighed and said, "master Yunxiao's skills are divine. Mo Huayuan is completely convinced!"

Although he was shocked when Yunxiao defeated him last time, it was caused by various factors, after all. But, the improved recipes in the Jade slip this time made him feel endless respect.

Hanxuan also understood and said in joy, "Master mo, how's the recipe inside?"

"Even I can't achieve such a feat," mo Huayuan said with a straight face. Compared to these recipes, the products of the sky crane trading company are like clouds and mud. There is no way to compare them!"

Hanxuan was pleasantly surprised, and she gave Yunxiao a grateful look.

you don't have to be so polite, President Luan Xuan," Yunxiao said. we are all family.

His 'one of us' made Hanxuan feel warm, especially at such a time when the Chamber of Commerce was in a precarious situation. In this world, there were too many people who added flowers to a brocade, but there were always too few people who provided charcoal in the snow.

as long as The Purple Cloud trading company can survive this disaster, young master Yun will be the most distinguished guest of The Purple Cloud trading company in the future.

Hanxuan took out a storage bag embroidered with brocade clouds and handed it to Yunxiao, saying, "these are the materials that young master Yun asked for that day. They're almost ready.

Yunxiao's face flashed with great joy as he said, "Good!"

After he took it, he checked it with his divine sense. Aside from a few precious items, everything else was here. Moreover, the primeval stones and Starlight stones were even more than what he had asked for at that time.

It was also because mo Huayuan did not accept The Purple Cloud Chamber of Commerce's conditions that Hanxuan had exchanged all the resources she had prepared for mo Huayuan for Yunxiao's needs.

Yunxiao naturally understood Hanxuan's thoughts at the moment. Sometimes, true friends did not need to talk too much. He gave a soft thanks and closed his eyes to recuperate.

Mo Huayuan and Hanxuan left the secret chamber one after another.

Hanxuan thought about it for a while and decided to give the Jade slip to a beautiful servant to bring back to Wu Chen. Then, she would teleport it to the headquarters of The Purple Cloud Chamber of Commerce as fast as possible and immediately produce it according to the recipe.

At the same time, he cautiously instructed the beautiful maid that if she encountered any danger, she must first destroy the Jade slip and not let it fall into the hands of the enemy. A solemn expression appeared on his face.

The beautiful maid also knew the importance of the matter and vowed, "This subordinate swears to complete the mission with my life, or else I'll be willing to suffer a thousand cuts and not be able to reincarnate after death!"

Hanxuan then let her go first.

She was very confident in these maidservants. They were all orphans adopted by The Purple Cloud Chamber of Commerce from all over the country. They had been trained and educated since they were young. They were loyal to the Chamber of Commerce and would never betray it.

Mo Huayuan chuckled at Hanxuan's apprehension and said, "guild leader Luan Xuan, there's no need to be so nervous. Those recipes may seem as heavy as Mount Tai to outsiders, more precious than their lives, but to you, they're not even worth a glance.

Hanxuan was stunned. master mo, why do you say that? those recipes are the hope of the entire purple cloud trade union. They are more important than my life. How can you say that they are not worth mentioning? "

Mo Huayuan's gaze fell upon the entrance of the secret chamber as he said respectfully, "With that person here, it's worth more than all the assets of The Purple Cloud trade union. With his help, The Purple Cloud trade union can rise again at any time. Being suppressed by the sky crane trade union is like a dragon meeting a Shoal, it's just a temporary problem."

Hanxuan was stunned and fell into deep thought.

Mo Huayuan was right. These people had been fighting against each other, rising and falling, but in front of these powerful existences, they were nothing more than a smile. With a wave of their hands, they would turn into ashes. Only powerful strength was the greatest guarantee of longevity in the world!

Yunxiao was Ding Ling 'er's friend, but he might not be her friend. At this moment, they had mutual interests, and they needed each other. Coupled with their relationship with Ding Ling 'er, they naturally walked together. However, if this man turned into a Dragon in the future, would he still remember little Hanxuan of The Purple Cloud trade union?

The more Hanxuan thought about it, the more shocked she became. The strength Yunxiao had just shown was appalling, and she felt more and more that she was in the middle of a great opportunity. If she could make friends with this man and make him a true friend, then The Purple Cloud Chamber of Commerce would definitely have an unbreakable position in the future hundred meetings of the merchant Union.

At this moment, she was a little vexed and secretly blamed herself for not collecting enough materials for Yunxiao's list. She paced back and forth in the room anxiously, then immediately ordered another maidservant, "Go and find Wu Chen. We must get the last seven materials that we haven't collected no matter what. Remember, no matter what!"

She emphasized it several times before letting the maidservant leave. She couldn't calm her heart down and could not calm down.

Mo Huayuan chuckled. you don't have to be so particular, President Hanxuan. Someone like master Yunxiao won't be held back by your supplies. The only way to make friends with such people was to treat them with sincerity! As long as you treat him with sincerity, he will definitely return the favor a hundred times over. However, if guild leader Hanxuan tries to play any tricks, then he'll probably have no fate with you in this lifetime."

Hanxuan thought about it carefully and realized that it was the same. With Yunxiao's powerful strength in both martial arts and alchemy, many Chamber of Commerce forces were lining up to curry favor with him. Even if an existence like The Purple Cloud Chamber of Commerce were to give him everything, he might not necessarily want them.

Indeed, the only way to make friends with this person was to treat him with sincerity!

Chapter 549-suppressing demonic injuries

It was only after Yunxiao entered the state of meditation that he found that his injuries were far worse than he had imagined.

Elder Feng's palm had only injured his five viscera and six bowels. This was not a serious injury to his physical body. On the contrary, the power of the Supreme tyrant body also absorbed a part of the palm force at the same time, turning it into his own power to control the injury. The biggest headache was the invasion of the demonic Qi!

The demonic Qi corroded everything, and even the vital Qi in his body began to gradually corrode. If it wasn't for the bright moon divine body's purifying power, he would have been dead.

Later on, he used a large amount of yi wood Qi to heal his injuries, only then was he able to slightly suppress the demonic Qi. However, as he used the lightning technique to escape, the devilish Qi once again broke through the suppression of the moonlight and began to corrode his body.

At this moment, he was constantly extracting primordial stones from his surroundings and wantonly absorbing primordial Qi into his body. He was not polite at all, relying on his crazy primordial Qi to contend with the demonic Qi in his body in order to suppress it.

I told you that there's something wrong with the armor," the demonic Dragon said. you're asking for it if you insist on trying. After being contaminated by demonic Qi for a day, it was difficult to escape. Even if you can escape today, there will be a next time, and the next time!"

"Cut the crap. As long as I recover my martial supreme body, I'll be able to expel all this demonic Qi from my body. The devil Sky armor has saved my life several times, so I have no choice but to use it!"

Yunxiao performed an incantation gesture with one hand and kept pulling primordial stones from the surrounding area, but his face was still extremely unsightly.

"It's useless," the demon Dragon said."Demonic Qi is an existence that's not weaker than the Emperor Qi of the nine Heavens. It can also suppress all forces. You can't fight against it in your current state, unless you want to kill it. "

Yunxiao frowned and said, " I understand what you mean. Just like the situation in the North last time, use a ninth-tier Mystic artifact to suppress this force. Then, we'll find a way to resolve it later.

"That's right. You used a single sword intent to suppress the extreme cold of the northern underworld in your body. But you're too weak right now, you can't use the sword intent that can destroy the stars. The only thing that can suppress the demonic Qi in your body is that ancient Bell. If you can't bear to, then you can only pray for yourself!"

The demonic Dragon thought for a moment and added, "the three elements of earth, fire, and wind in your body can also suppress the demonic Qi, but can your Supreme tyrant body and the body of the bright moon withstand it?" You were too careless to let the demonic Qi enter your body!"

it's useless to blame me," Yunxiao said. I can only use that ancient Bell. It's a bit of a waste of talent, and if the ancient Bell suppresses the devilish Qi, I really don't have any weapons I can use."

The heaven's eye between his brows suddenly opened, and a golden light shot out. The shadow of the dynasty Bell appeared in the heaven's eye, emitting golden sound waves, and reflecting the golden light on his forehead.

Meanwhile, the shadow of a huge Bell emerged from Yunxiao's body and slowly shrank back into his body. Wherever the shadow passed, his flesh would collapse and die.

Using the dynasty Bell to suppress the demonic Qi was also a kind of damage and test to the body. However, compared to the threat of the demonic Qi, this kind of physical pain was nothing. Moreover, the tyrant body was constantly absorbing the power of the ancient Bell to recover itself while being injured.

Yunxiao felt as if his entire body had been destroyed like a scrape, and at the same time, he had suppressed the spreading fiend energy. Although he was covered in wounds, he no longer felt the corrosive pain of The Fiend energy's invasion, and only then did he breathe a sigh of relief.

Then, he formed a hand seal and absorbed all the primordial stones in the air. He began to devour them.

He himself turned into a shadow and entered the divine realm tablet, appearing beside Yuan gaohan. Yuan gaohan's body became more and more illusory, and he was nervously using the heaven dancing wheel to refine the purple-gold cauldron. Under his control, the Phoenix divine fire also became more proficient, burning the cauldron fiercely. However, the cauldron seemed to be unable to withstand the burning of the flame and began to deform.

Gu Yuesheng was also constantly helping her. Her entire person seemed to have changed a lot. At least, she no longer had that malicious aura. She seemed to have more talent.

what? ” Yunxiao was surprised. old Yuan, do you have to work so hard? ” Are you trying to make me shed tears of gratitude?”

Yuan gaohan glared at him and said, ”bah!” The first sword made from the northern heaven frigid star is about to be completed!”

“What?”

so fast? ” Yunxiao was taken aback. how can it be so fast? ”

Based on his expectations, it would be impossible for Yuan gaohan to control the true Phoenix Fire and refine the northern heaven frigid Star Iron in this short period of time, let alone refine a sword edge!

“Hehe!”

Yuan gaohan’s body flickered, but he still had a smug look on his face as he said, ”When I was refining this heavenly dance reincarnation purple-gold cauldron, I sealed some powerful hand seals inside. I know this secret. I was thinking that I would be discovered one day and that fated person would benefit. I didn’t expect that I would actually benefit from it. ”

what? ” Yunxiao was stunned. that works too!

“Hmph, if not for that, even if my eighth-level Starlight soul body were to turn into ashes, I wouldn’t be able to refine a sword blade! If you still don’t have any Starlight stones to provide, you can just wait for death!”

Yuan gaohan angrily said, obviously extremely dissatisfied with the supply of Starlight stones. If he was annihilated, his true body far away in the sacred zone would immediately obtain all his memories. At that time, it would be strange if he did not bring a large number of experts to intercept and kill Yunxiao!

Yunxiao was in a great mood. He laughed and said, ” “There will be Starlight stones, you can rest assured and work hard for me, I definitely won’t mistreat you!” He also used the illusive waves technique to assist Yuan gaohan.

All the rules in the universe God Realm were under his control. Once he made a move, Yuan gaohan immediately felt the pressure on him greatly reduced. His suppressed emotions were released immediately. He cried out loudly and became even more excited as he refined.

After a few days of contact, Gu Yuesheng also knew Yuan gaohan's identity and power. He was convinced to work under him and learned a lot. At this moment, he was fully immersed in it. After all, refining a ninth-tier profound armament was unheard of, and it would benefit him greatly.

Under the intense refining of the three people, it didn't take long before the heavenly dance purple-gold cauldron suddenly emitted a powerful purple light. The three half-naked girls who were carrying the cauldrons on their shoulders suddenly had a myriad of expressions. The auspicious light from the top of the cauldron shot straight into the sky, filling the sky with multicolored light!

"This, this is it?"

Yuan gaohan stared at the light in the sky and suddenly said, "Do you still remember AI?"

Oh? "Yunxiao was taken aback. how can I forget?" he smiled. His eyes revealed an unprecedented solemnness, and he said, "Back then, that kid was already infinitely close to the peak of the art Dao, and I don't know what level he's reached now. I'm afraid no one is his match in the world today!"

"But he still lost to you back then," Yuan gaohan laughed. He raised his head and said in a self-deprecating manner, "looking at this sky full of multicolored light, I'm reminded of AI Hui's cauldron weapon. I wonder what it is." My body has a limit, but the art of magic has no limit. I wonder if I will be able to see the peak of the art of magic in this life!"

Yunxiao was also fascinated. Under the light, both of them closed their eyes and let the light shine on their bodies.

you shouldn't have this kind of emotion when a sword is formed, " Yunxiao said. you should be feeling heroic.

Gu Yuesheng was embarrassed, "you ... You've successfully refined it?" Why don't I feel any sword Qi?"

Yuan gaohan explained, " this is the inside of the Saint artifact. It's a space of its own. There's no lightning tribulation like in the heavenly martial realm. A weapon that hasn't been tempered by lightning tribulation is still an ordinary metal. As soon as this Northern heaven cold star sword leaves this place, it will immediately trigger a phenomenon in the world and descend a ninth-grade lightning tribulation."

Yuan gaohan was very satisfied with Gu Yuesheng's performance during this period of time, and he began to like him. Basically, he would answer all questions and try to explain in detail.

He was a great Alchemist with virtue and prestige all over the world, and he had the bearing of a great Grandmaster, which gradually convinced Gu Yuesheng. It was a completely different feeling from when he was under the tutelage of crazy hero.

a ninth-tier Mystic artifact's Thunder tribulation?" Yunxiao muttered to himself. His eyes flickered, and no one knew what he was thinking.

He then took out the storage bag Hanxuan gave him and handed it to Yuan gaohan, " all the materials are basically available, but I'll try to find a way to get a few more. You'll be my chief Alchemist from now on.

Yuan gaohan revealed a look of disdain and snorted,"Even if it's you, you're not worthy of me refining it for you. If I wasn't controlled by you and didn't have the divine flame for me to use, I wouldn't have bothered with you even if you knelt in front of me and cried."

"Hahaha!"

Yunxiao laughed and said, " stop fantasizing. Just do it well. The day I recover to my peak will be the day you escape. Here, you can cultivate your ninefold Starlight soul body in peace. At that time, you'll be one with your main body, and you'll be able to reach the peak of the art of divination. Perhaps even AI won't be your match."

Yuan gaohan's heart was originally wavering, but when he heard that name, his face immediately fell, don't give me that hat. I'm very clear about my own abilities. If I want to surpass AI, at least I have no hope.

His eyes fell on Yunxiao, and there was a faint look of jealousy and loneliness in them.

The young man in front of him was the only one who had defeated AI. Although his methods were not glorious and he was opportunistic, he was at least able to compete with AI. As for himself, he might not even have the qualifications.

His heart was filled with unwillingness, but he was also filled with helplessness. Some people were born with unparalleled strength, while some people could never reach the level that others were born with no matter how hard they worked.

AI was that kind of person, and Gu Feiyang, or Yunxiao, was also one of them.

Yuan gaohan's eyes flashed with desolation as he sternly said, "Decades ago, you used trickery to defeat him, but as you said, no one in the human race today can rival him, not even my master. I have a feeling that the only person who can defeat him in the future will still be you."

I don't want to say this, " he said self-deprecatingly. but I have to admit that you will be the leader of the spiritual arts of the human race in the realm of heavenly martial arts, both in the past and now. In the future, you'll be the only one who can resist the tyrannical power of the foreign races."

Chapter 550-auction

Gu Yuesheng was confused by their conversation and could not understand many things. Especially that "AI," who exactly was he? why had they never heard of him before, but he sounded so powerful in their words? Moreover, Yuan gaohan was a ninth-tier Alchemist, so how powerful must his master be? A person that even his master couldn't defeat, how heaven-defying would he be?

However, Yingluo

From their conversation, he learned that the heaven-defying man had been defeated by Yunxiao!

What kind of relationship was this?

Gu Yuesheng felt that he was completely confused. A word came to his mind-unconscious and sharp. Although he didn't understand, he felt that it was very powerful.

"Hahaha!"

hahaha! Yunxiao laughed and said, "Yuan gaohan, don't give me such a high hat. There were many capable people in the realm of heavenly martial arts. A few decades ago, I might have been able to show off my might, but now I can't. I'm being hunted down every two or three days and have to run for my life. It's already a great fortune to be able to protect yourself from death and live a peaceful life!"

Yuan gaohan rolled his eyes and didn't hide his disdain, "You're insincere and go against your heart. You don't have the strength you used to have, yet you're still so arrogant. You deserve to die!"

haha! Yunxiao laughed and said, "I can't change my temper. When you refine all the heavenly Sword picture for me, I'll kill all gods in my way, and I'll be able to go anywhere in the world!"

After he finished speaking, he turned into a flash of light and disappeared into the divine realm tablet.

Yuan gaohan pondered for a while and then went to open the furnace to get the sword. A stream of cold air that was like water came from the sky. It was floating in the sky rotating purplish-gold cauldron with full spirituality. However, without the tempering of the heavenly Tribulation, it lacked the sharp sword Qi and could not be sharpened.

When Yunxiao returned to his body, he had unknowingly broken through the five-stars realm and become a six-stars martial Grandmaster. Breaking through the barrier was like a hot knife through butter to him. It was just that the accumulation of elemental energy was too slow.

With the improvement of his cultivation, his internal injuries had all recovered.

During this time, Yunxiao also plundered all kinds of materials in the secret chamber and ate whatever he could eat. He kept all the rare and precious treasures in his bag, and he didn't leave a single primeval stone behind.

Time flew by.

Seven days later, Yunxiao finally broke through to the level of a seven-stars martial Grandmaster with the help of a large number of resources. Even his mighty tyrant body was faintly showing signs of a breakthrough!

“So fast? Don’t tell me that he’s about to attain the imperishable golden body?”

Yunxiao was taken aback. He hurriedly checked his body from head to toe, but found nothing unusual. However, the power in his physical body was like the beating heart of a beast.

perhaps it’s still lacking something. As long as I continue to cultivate according to this technique, I’ll eventually be able to achieve great success.

Yunxiao felt relieved. After a long time of squeezing his body in pain and cultivating all kinds of extreme suppression movements, he finally saw a glimmer of hope.

“Don’t be happy too early,” the demonic Dragon said through voice transmission. “I keep feeling that something’s wrong.” With your current physical strength, you can at most compete with a Martial Emperor. Do you think it’s possible for you to suddenly break through to ao changkong’s level?”

Yunxiao’s eyes flickered with surprise, but he could not think about it. He clenched his fingers and felt the power in his body. If he did not use any of his origin Qi, he would be able to fight against a Martial Emperor without being at a disadvantage. But,

Ao changkong was an existence who could shatter the void with his fist and directly contend with a peak martial Supreme with his physical body! The gap was not just a little bit!

“Could it be that there’s a problem with my cultivation technique? No, I did get this manual from ao changkong, and it also records in detail the method to break through to the imperishable golden body. I’m only one step away.”

Yunxiao went through the cultivation technique in detail, and when he found no problems, he felt a little relieved.

At this moment, the door of the secret room was opened, and Mo Huayuan and Hanxuan carefully entered through voice transmission.

Yunxiao gathered his thoughts and stopped thinking. "Come in,"

The two of them entered one after another, and when they saw that the storage shelves around them were almost empty, their hearts twitched. Mo Huayuan's face turned pale and he was on the verge of tears!

This was his precious warehouse, and he had never thought that an outsider would enter. All the raw materials were randomly placed around. The familiar ingredients and smell were all gone, leaving only empty shelves and some ordinary materials of little value.

"Pfft!"

Mo Huayuan's blood surged and he couldn't help but spit out a mouthful of blood. He said resentfully, "master Yunxiao, you didn't even leave me a single primeval stone!"

"Hahaha!"

Yunxiao was a little embarrassed, so he smiled and said, "The great Grandmaster is supported by many Chambers of Commerce in Southfire city, so naturally he wouldn't care about such a small thing. As such, I didn't stand on ceremony with Grandmaster."

"You're not being polite with me, Yingluo."

Mo Huayuan looked at the empty shelves and felt dizzy. He hated it so much. He hated that he didn't keep it and put it here to show off.

Hanxuan was drenched in cold sweat as she consoled mo Wuji, "master mo, these things are just worldly possessions. With your strength, you'll be able to gather them easily whether you're in Southfire city or when you return to the Holy region in the future." Master, please make a list of today's losses so that The Purple Cloud Chamber of Commerce can compensate for them."

Mo Huayuan gave her a meaningful look and shook his head. "Forget it. As you said, these are just worldly possessions. Besides, I'm glad that it's been used by master Yunxiao."

Oh?" Yunxiao was surprised. I'm really sorry.

Mo Huayuan's heart still ached. He waved his hand and said, "I'm fine. I wonder how master Yunxiao's injuries are recovering? I've come today for a matter."

I've fully recovered," Yunxiao said. what's the matter?"

Mo Huayuan pushed aside his heartache and composed himself. "I personally went to the thunderwind Chamber of Commerce to talk about what master Yunxiao said last time, but the Chamber of Commerce kept it a secret. In consideration of master Yunxiao's safety, I didn't say much and left directly."

"Oh? They even dare to disrespect master mo?"

Yunxiao was shocked. For a branch like Southfire city, making friends with an eighth-tier Alchemist was undoubtedly a great help.

Mo Huayuan said with some difficulty, "there are also some things that I can't disclose due to my agreement with the thunderwind Chamber of Commerce. I'm here for another matter. President Luan Xuan is more familiar with this person, so I think it's better for you to explain it.

yes," Hanxuan replied. the commotion young master Yun caused last time was too big, and the entire city was on high alert for seven days. Many sects joined forces to check all those who passed by. The city was only gradually unsealed now.

yes, that's what I expected, " Yunxiao said. I wonder how the Big Dipper sect is doing internally, and if there's any news from tan dijun and the others?"

Hanxuan replied, 'there isn't much news in the Big Dipper sect. As for Zhang linghua, who was confirmed to be a martial sovereign of the nine Heavens, the news has spread to every household. The Big Dipper sect's prestige had reached an unprecedented height, and it had already become the number one force in Southfire city. Many Chamber of Commerce alliances had been suppressed in recent days, and it was also because of this that they had relaxed their search for young master Yun. The thunderwind Chamber of Commerce has started to make some strange moves again. They plan to hold an auction tomorrow."

"Auction? It wasn't anything strange. However, there must be a purpose for holding it at this critical moment."

at this time, the martial arts Conference and the martial arts Conference of the merchant Union are about to be held, " Yunxiao said thoughtfully. the headquarters will certainly not be able to send any manpower to support us. He didn't know what Gao Lin was up to. Was he trying to use the auction to improve his reputation? Isn't that a little too childish?"

"Indeed, I wouldn't believe it if they didn't have any other purpose," Hanxuan said. Now, they could only deal with it as it came. It's just that young master Yun's teleportation formation is unstable."

Hanxuan is useless, " she said with a guilty look. I've sent people to the thunderwind Chamber of Commerce and the Big Dipper sect many times, but to no avail.

it's fine! Yunxiao said. it's fine! A cold killing intent flashed in his eyes as he snorted, " "Let's see what they're up to at the auction. If they insist on not lending it to me, I don't mind uprooting the thunderwind Chamber of Commerce in Southfire city. If Zhu qishui refuses to accept it, I'll personally visit him and make him submit!"

The two of them were greatly shocked when they heard this. They looked at each other in horror and criticized each other in their hearts.

Who was Zhu qishui? he was the president of the thunderwind Chamber of Commerce and a well-known expert of the continent. This Yunxiao was indeed a little ignorant. Not only did he say that he wanted to uproot the thunderwind Chamber of Commerce in Southfire city, but he also said that he

would personally visit Zhu Qi and make him submit to him. He really did not know how the word 'death' was written!

Yunxiao could tell what they were thinking at a glance. He laughed and said, "haha, you guys must think that I don't know how to write the word 'death'!

Both of them were slightly surprised. Yunxiao was by no means a reckless man. On the contrary, he was extremely intelligent, meticulous, and bold. All his performances were far beyond his age.

Hanxuan's thoughts were seen through, and she blushed, "young master Yun is naturally very capable, but if the thunderwind Chamber of Commerce was so easy to get rid of, the Big Dipper sect and the heavenly Scorpion sect wouldn't have had such a headache for so long. We should be careful.

yes, I will," Yunxiao said. I'll be careful. However, the two meetings were about to start and there was not much time left. Tomorrow, I'll pretend to be Hanxuan's servant and go to the auction. If there's no other meaning, I'll go to the thunderwind Chamber of Commerce and ask for the teleportation formation. At that time, you two don't need to accompany me, I will go alone."

Hanxuan was taken aback. It turned out that he was really going to force his way in. Although she had confirmed that Yunxiao had indeed escaped from Zhang linghua that day after asking around, she still did not think that he could break into the thunderwind Chamber of Commerce alone.

I'm also anxious about the two associations, but we can't be reckless. We have to plan for the long term!

I see," Yunxiao said. if there's nothing else, I'll cultivate for a while. We'll go and have a look tomorrow.

Hanxuan and Mo Huayuan knew that there was no point in saying anything more. As they left the secret room, they could see the helplessness and worry in each other's eyes.

don't worry, guild leader Luan Xuan," mo Huayuan said firmly. I lost the bet that day, so I owe master Yunxiao my life. I won't let thunderwind Chamber of Commerce hurt master Yunxiao even if I have to risk my life tomorrow."
