

## The Eternal 561

### Chapter 561-disorder

Fang Tianhe's death had a huge visual impact on everyone. For a few minutes, there was silence, only the "hiss" of blood.

As the blood spurted out became less and less, the voice gradually weakened. Everyone finally understood that what they saw in front of them was not an illusion, but the real Fang Tianhe was dead!

Although everyone was extremely shocked, Hanxuan and Hanlin were the most shocked. The former had always regarded him as the number one enemy, and even in his dreams, he wanted him dead. The latter, on the other hand, was someone who was with him all day long, and the difference in strength was not too big.

Now, he had died so easily in front of him. A seven-stars martial Supreme was just like an ordinary person. His head had been cut off and he had fallen to his death, becoming a headless corpse.

In nanhuo city, where there had been no martial Supreme for a long time, martial honors had always been the most powerful existence. Now, everyone realized that they were actually just ordinary people and there was no difference. In front of a stronger person, they were still ants.

However, this even stronger person said,

"Magnet!"

Everyone sucked in a cold breath and looked at Yunxiao with cold eyes. This martial Grandmaster was like a fiend. The earth-shattering sword strike he had just unleashed had killed a martial Supreme!

How could there be such an absurd thing? it was as unbelievable as Fang Tianhe's own death. But no matter what, no one dared to provoke Yunxiao again.

Even tan dijun was shocked. However, tan dijun had another thought in his mind. He had misunderstood Yunxiao's ninth-tier Thunder tribulation just now.

lightning transformation divine technique, that must be the lightning transformation divine technique!

Tan Dijun couldn't calm down and shouted, no wonder it's called the lightning transformation skill. It's the most powerful martial art of the North Scorpion sect. It can kill people two realms higher than me. Oh my God, I must get it!

He had attributed the level-nine lightning tribulation to the lightning transformation divine technique. Not only him, but even Xun Zhiming had the same thought. The shock on his face was hard to calm down. His mind was rapidly thinking about how he could get his hands on this technique.

"Gulp!"

After a long time, Gao Lin swallowed his saliva with difficulty, licked his dry lips, and looked at the headless Fang Tianhe on the ground. The complicated feelings in his heart were difficult to calm down.

There was also the mirror of calm lake that Wu Yan had been struck by the Thunderbolt and had disappeared completely, the treasure of the thunderwind Chamber of Commerce's South Fire City branch, and Fang Tianhe, his most capable assistant, had all disappeared completely in just half a cup of tea's time. He only felt that his left and right arms had been chopped off in an instant.

It was originally a brilliant plan to announce the news of the southern Fire golden crystal essence and continuously weaken the strength of the local forces, serving his ultimate goal. But at this moment, none of the local forces were injured, while he had lost a seven stars martial venerable and an eighth tier profound armament. This loss was not only a serious injury to his bones, but it was also a direct injury to his internal organs!

Moreover, when Fang Tian He had asked for help just now, his instant retreat had left an extremely negative impression in front of all the big shots of the Chamber of Commerce. It had even directly affected his prestige and status in the Chamber of Commerce in nanhuo city.

Ying Lin's face was gloomier than anyone else's. When he raised his head and looked at Yunxiao again, he no longer had the temperament of the God of Thunder, but had returned to that of an ordinary young martial Grandmaster. His face was pale, and it was obvious that killing Fang Tianhe had consumed a great deal of his strength.

Ying Lin was very regretful and annoyed. If he had saved Fang Tianhe just now, it was very likely that he would have been saved, and there was even a high chance that he would have killed Yunxiao. But now, he was so regretful that he wanted to vomit blood.

Hanxuan, on the other hand, stood there in a daze, suddenly feeling that there was a huge gap between her and Yunxiao.

At first, he thought that his opponent was only a martial great master. In addition to his powerful art skills, he was also the head of the Chamber of Commerce. There was not much difference between the two of them. But now, he could actually kill a seven-stars martial venerable with one sword strike!

She still couldn't believe the reality that had just happened. She felt like she was in a dream. However, he had to believe that such a monstrous talent who was skilled in both techniques and martial arts was at the peak of the world. He was just the president of an ordinary Chamber of Commerce. Could they still play happily together?

She suddenly felt a great disappointment in her heart, and she felt that she was not qualified to be friends with Yunxiao. A great sense of awe and respect rose in her heart, which was also caused by the long-standing reality in the heavenly martial realm that the strong were respected.

A person's status and identity in their circle of friends would definitely be similar. If the difference was too big, estrangement would appear. Hanxuan was now filled with great reverence.

haha, you're fine, kid. You didn't let me down!

Tan dijun laughed out loud after the shock. His eyes were friendly, but there was also great fear. Although Yunxiao's Thunder seal might not be able to kill him, it was a great threat. But, with Yunxiao's unpredictable movement technique, he could not do anything to him. This completely unequal situation made him very distressed.

Yunxiao turned around, but the look he gave him was not so friendly. Instead, he looked up and said indifferently, "Cloudless for ten thousand li, the weather is really not bad."

Tan dijun looked a little embarrassed. He knew that the other was mocking his previous words, but he couldn't do anything about it. He could only smile, "Haha, it's not bad, it's really not bad."

Yunxiao's eyes suddenly narrowed and turned sharp, as if they were going to pierce through tan dijun's body. "I risked my life to help you explore the way. My friend is in danger, and you're all looking at the weather. Good, this is very good!"

Yunxiao's eyes moved from tan dijun to Xun Zhiming, and both of them lowered their heads in embarrassment, not daring to look at him. Tan dijun felt bitter, and he thought, "This is troublesome. It seems that this person has a grudge about what happened just now. It won't be so easy to get the Thunder transformation Divine Art."

Gao Lin finally came back to his senses and said angrily, "Li Yunxiao, you killed Fang Tianhe! You really deserve to die!"

Yunxiao rolled his eyes at him and said disdainfully, "What nonsense are you spouting? Killing him is like killing a dog. If you're not convinced, you can do the same!"

"Magnet!"

Everyone was frightened by this. Looking at Yunxiao, whose face had not fully recovered, they began to discuss in their minds. 'Does this kid want to kill two martial Venerables in a row?' Did he really have such heaven-defying abilities?

Gao Lin was also intimidated by his words. He didn't expect the other party to be so aggressive and leave no room for negotiation. He was stunned and didn't know whether to attack or not.

Tan dijun was delighted. He couldn't wait for the two to have a fight. It would be even better if they had a fight. He immediately provoked, Hmph, ignorant man, you can only rely on a few medicinal pills to show off on the bed. This place doesn't suit you.

"Hahaha!"

After the extreme suppression, the local forces “cultivators finally laughed out loud, each one of them had a contemptuous look on their faces, holding their stomachs.

Ying Lin’s face had turned the color of a pig’s liver. A man could be killed, but not humiliated, and even more so, his sexual function should not be humiliated. This was something that no man could tolerate, not to mention that tan dijun had hit his weak spot.

“Tan dijun, you old man, I’m going to kill you!”

He had finally lost his mind. He roared and rushed forward. He struck out his palms in the air, and many palm shadows gathered from all directions, shaking the space around tan dijun.

Tan dijun was shocked. He had wanted to blame Yunxiao, but why did it turn into him? both of them were at the peak of martial venerable realm. If they fought, it would take a long time to determine the winner, and even if they did, both of them would be badly injured.

He was extremely angry, and his body sprayed out a mist that turned into a fierce Gale to resist Gao Lin. At the same time, he roared, The one who killed Fang Tianhe was li Yunxiao. Why are you fighting me, you old man? ”

Gao Lin was so furious that he almost lost his ability to think. As soon as tan dijun’s words entered his ears, he thought that tan dijun was mocking him for not daring to fight Yunxiao, so he was even more ashamed and angry. He kept clapping his hands, turning his anger into palm shadows, and actually forced tan dijun into a disadvantage.

All the martial artists retreated in all directions. In this kind of battle between peak martial Venerables, there was a high possibility of collateral damage. A few blind disciples were directly swept into the palm wind and instantly turned into ashes.

Yunxiao took Hanxuan’s hand and flew forward as he said, ” “Let them fight. Our priority is to find the treasure.”

Hanxuan felt a ripple in her heart when she was pulled by his broad hand, and she instantly lost the ability to think. She had never seen a man hold her hand like this in her entire life, and she could only feel her cheeks turning red.

“Young master Yun, what are you doing?”

Mei Dong'er saw that he was about to leave, and her eyes revealed her anxiety.

we'll go first,” Yunxiao said with a smile. are you interested in joining us? ”

Mei Dong'er also wanted to follow them, but everyone in the sect was on high alert. If she left, it would be too outrageous. She could only say regretfully, “I want to be with my fellow sect members.”

yes,” Yunxiao nodded. you must be careful in everything you do.

After he finished speaking, he took out the recording needle and ran in the direction indicated on it.

Hanxuan looked at her own hand. Although she had only pulled it a little, a thousand thoughts were surging in her heart. She seemed to have lost her hearing and could hear everything around her. She could only hear her own heart beating.

When she saw Yunxiao fly away, she subconsciously followed him, but her mind was filled with all sorts of thoughts, and she could not think about anything else.

Seeing the two of them leave, many of the Rogue cultivators also followed. Although the battle between the Big Dipper sect and the Chamber of Commerce was interesting to watch, they preferred to watch the treasure.

In an instant, more than half of the people followed Yunxiao and Nangong wuque, but they were all standing far away from the handsome figure, feeling awe and fear.

Chapter 562-bargaining

The people who were watching the battle grew anxious when they saw Yunxiao leave.

Xun Zhiming cupped his fists and said, " everyone from the Big Dipper sect, I'll leave this place to you. I'll be leaving first. I don't want the treasure to fall into the hands of others!

He didn't wait for the Big Dipper sect's reply and left with his subordinates.

The departure of the heavenly Scorpion sect immediately caused the people from the two forces to start getting restless.

Tan dijun felt aggrieved, and he had to deal with this crazy man in front of him. Gao Lin had also suffered too great a blow. In addition to the humiliation he had suffered, he had gone crazy and fought with all his might. As the saying went, " the brave one wins when they meet on a narrow road. the two of them had almost the same strength, but in this situation, tan dijun was in constant danger, and he was almost seriously injured several times.

"You crazy bastard, I'm going to kill you!"

Tan dijun was also furious. The mist gathered around him and gradually turned solid, covering him like armor. Behind him, a huge figure of toughness appeared. As he punched out, it shattered the palm shadows in the sky and fell down with a rumble.

"Great Asura fist, one punch to break the mountains and rivers!"

The huge mist was gradually absorbed into the fist, and the fist shadow became solid, turning brown and falling down.

As soon as the fist appeared, Gao Lin's power was immediately compressed back. He changed his move in mid-air and threw out a punch as well, suppressing his opponent's fist force. The two forces suddenly exploded, and a destructive power spread out. Not only did the space collapse, but the earth also trembled, and the entire mountain range cracked!

Dozens of figures flew up in all directions to avoid being caught up in the powerful force. They all looked at each other in shock.

“Ying Lin, you old man! If you want to fight, this sect will accompany you to the death today!”

Tan dijun’s anger was finally ignited. Anyone would get angry after being suppressed and beaten by the enemy. The extremely dense mist formed into tornadoes that appeared around his body, penetrating the heaven and earth. The aura of a nine-stars martial Supreme rose to the peak, and the power of the domain repelled all living creatures within a few hundred meters, forming an independent world.

Under the shock of the punch, Ying Lin’s anger was gradually extinguished, and he calmed down. He looked at tan dijun, who was like a god who had descended from the heavens, and he was hesitant.

“Old man, aren’t you very cool? Come on!”

Tan dijun reached out his hand, and suddenly, a misty tornado was held by his five fingers and smashed down!

Ying Lin’s expression changed. He formed a seal with both hands, and a round seal suddenly shot out from his hands. It flew up rapidly and collided with the fog tornado, shattering it and dissipating the seal.

The two of them faced each other from a distance. Seeing that tan dijun was about to attack again, Ying Lin’s expression finally changed, and he shouted, “Stop!”

Tan dijun said coldly, “old man, didn’t you want to risk your life?” This sect will accompany you to the end today and see who will die first!”

“I was too impulsive just now, but don’t let your emotions get the better of you,” said Gao Lin with a cold glint in his eyes. Continuing to fight was not beneficial to anyone. It would only increase the aggro out of thin air and benefit others. Why don’t we just forget about it and pretend that what happened just now never happened?”

“Hmph, just because you say it didn’t happen, it didn’t happen? Who Do You Think You Are!”

Tan dijun was still angry. He laughed and said, "Since you've provoked this sect, don't think that it'll be so easy to let this matter rest!"

"What do you want!! Ying Lin's expression changed!

Tan dijun finally calmed down and laughed, simple. I'll just compensate you with tens of billions of primeval stones.

"What? T-tens of billions?"

you're trying to blackmail me with this? " yelled Gao Lin angrily. do you think I'm an idiot? "

"Hehe!"

Tan dijun waved his hand and absorbed all the mist in the air into his body. He said, "This matter started because of you, so it's up to you whether you want to compensate me or not. As for whether it will continue, it's up to you!" He suddenly realized that after getting in touch with Yunxiao, he had also learned his shameless extortion techniques.

The surrounding people were all shocked. As an existence at the peak of the martial venerable realm, they had never heard of such a thing as extortion. Their eyes widened in surprise.

Ying Lin was on the verge of going crazy. Not only had he lost his right-hand man, but he had also destroyed the level eight treasured mirror. Now, he had to lose an astronomical amount of vital stones. He wanted nothing more than to charge forward and fight to the death. But he still forced himself to endure it. He had been too unwise before, which led to the current situation.

He gritted his teeth and said angrily, " I can pay you some primordial stones, but you can't ask for such a high price. One hundred million medial-grade primordial stones. Not even one more!

Tan dijun was in a great mood. He could clearly feel the anger he felt when he was extorted by Yunxiao. "10 billion, not one less!"

Everyone felt dizzy. The revered martial artist, who was usually as high and mighty as a God, was actually like a commoner, haggling without any integrity.

“If we are fated to meet, ten billion primeval stones is not expensive.”

a thousand rivers and mountains are always filled with love, how about one billion primeval stones? ”

the spring breeze never passes through Jade Gate pass. I’ll die for eighty-three.

“There’s true love in the world, so we should save as much as we can.”

“The price is already very reasonable. It’s up to you whether you want to compensate me or not.”

Everyone fainted, and they were all speechless.

“At least five billion,” tan dijun said, “I don’t want to talk nonsense with you anymore!” No matter where you are, it is impossible to ask a peak martial venerable to help you without this number.”

Gao Lin knew that it would be difficult to continue, so he could only grit his teeth and agree. He secretly sneered and thought to himself, “I’ll agree to your request for the time being. After this treasure hunt, you may not be able to survive. Even if you manage to escape, I’ll settle the score with you.”

After a round of bargaining, the two groups stopped their dispute and flew in the direction of the recording needle. However, they were far away from each other and were afraid of each other.

Yunxiao and Hanxuan were at the forefront of the group. The deathly mountain range was huge and full of all kinds of dangers, but with everyone together, they had a safe journey.

Yunxiao suddenly had an idea. He smiled and said, “Those two idiots finally stopped.”

“What?”

Hanxuan nodded in surprise, not knowing what Yunxiao was referring to. It took her a moment to react, then she said, “Ah? Are you talking about tan dijun and Ying Lin?” She revealed a shocked expression and said, “We’re already a hundred miles away, and you can still sense it?”

don’t forget,” Yunxiao said with a smile. I’m an Alchemist who can even defeat mo Huayuan. When two martial Venerables at the peak stage fight, the martial will fluctuation can be transmitted even from thousands of miles away.”

Hanxuan was shocked, and she suddenly remembered that this man who could kill a seven-stars martial venerable with one sword strike had also defeated an eighth-tier great Alchemist. She was completely dumbfounded. Even if she searched through the entire history of the realm of heavenly martial arts, she would never find a second person as monstrous as him. To be able to achieve such heaven-defying achievements at this age.

She couldn’t help but admire Ding Ling ‘er in her heart. Where did she find such a monster? the so-called spiritual technique and Martial Arts Association was so weak. Not to mention in the merchant Union, even in the entire realm of heavenly martial arts, even including the alien races, there was no one of his generation who could compete with him.

Hanxuan was relieved that Tianyuan trading company would be safe this time. Moreover, with Fang Tianhe’s death and the mass production of those recipes, The Purple Cloud Chamber of Commerce’s revival was not far away.

Just as she was lost in her thoughts, Yunxiao suddenly said, “be careful. It seems to be a natural illusion. Watch the recording needle and follow it.

Hanxuan was taken aback. She looked up and found that Yunxiao was gone, and all she could see was a thick fog.

She hurriedly took out the recording needle and followed it carefully. It was said that there was a natural illusion in the dead land, and it was very difficult for those who entered it to survive. It was unknown how the thunderwind Chamber of Commerce had done it. They could even modify the needle to go around all the dangerous places in the dead land.

Hanxuan followed the needle for five minutes before her expression changed drastically. She smelled a faint fragrance in the mist and soon felt a power seeping into her skin.

“There’s poison in the mist!”

She was shocked and hurriedly circulated her vital Qi, trying to expel the poisonous gas that she had already inhaled. However, he was shocked to find out that the poison could penetrate directly into Yuan Qi!

“What kind of poison is this? it’s so powerful that the thunderwind Chamber of Commerce dares to kill all of us?”

Hanxuan couldn’t believe it. She felt that the more luck she had, the deeper the poison was. Then, her body began to feel numb, and her nervous system’s reaction gradually slowed.

She hurriedly took out a few medicinal pills and swallowed them. She didn’t dare to move forward, but sat down cross-legged to dissolve the medicinal power.

Those pills were all spirit pills that could detoxify and clear the mind. The medicinal power spread out, but there was no effect at all.

Hanxuan was anxious, and not only did her nerves begin to feel numb, but her eyes also began to blur, and illusions began to appear.

Suddenly, a warm hand touched her back. A wave of heat came from her back and flowed through her veins. It was like sweet spring water pouring into dry land. The poison in her body was gradually dispelled.

“Who are you?”

Hanxuan turned around and saw the familiar figure. “Young master Yun? Why aren’t you affected by the poison of this illusion? are you in real life or am I seeing things?”

The man was Yunxiao. He chuckled and said, "What do you think? As for this level of illusion, it can't confuse me. I've always been by your side, you just can't see me."

Hanxuan felt a warm feeling in her heart when she heard this. She thought to herself, He had always been by my side, protecting me and never leaving.

Soon, the remaining poison in Hanxuan's body was cleared. She turned around and said, "Thank you, young master Yun. Your eyes ..."

To her horror, she found that Yunxiao's eyes had turned into the color of demonic crescent moons, and a strange power was exuding from his eyes. When she looked at him, she felt dizzy, and she could not look at him directly.

this is my ocular technique," Yunxiao said. as long as there is enough energy, it can break all illusions. Don't look into my eyes, just take my hand and follow me.

He reached out to grab Hanxuan and walked forward without any sign of disharmony or embarrassment.

Chapter 563

?

563 Tier 8 demonic beast

Although Hanxuan felt a little awkward, she was not as flustered as before. Instead, she let Yunxiao hold her hand, and a hint of joy grew in her heart, making her feel very shy.

With the recording needle and Yunxiao's eye technique, they soon walked out of the foggy land.

Looking back, it turned out to be a Valley between two mountains, and the mountains were full of strange flowers, which were very beautiful.

Yunxiao let go of Hanxuan's hand and said, "The vastness of the world is indeed incomparably profound. I've never seen this purple-blue flower before, but it seems to be some kind of spirit flower. I don't know what grade it is."

Hanxuan's left hand was holding her right hand, which had just been held by Yunxiao, and she placed it in front of her. She felt a little hot on her face as she said, "There are thousands of rare flowers and plants in the world, how can you identify all of them? I thought it was the thunderwind Chamber of Commerce's doing, but it turns out that it's natural."

yes," Yunxiao replied. not only can this wildflower release a hallucinatory aura, but it also contains a very unique poison. I'm afraid that even those under the domain Realm can't resist it. It was unknown how many people could pass this checkpoint. But I think the people of the Thunder wind Chamber of Commerce already have the antidote."

"Since the thunderwind Chamber of Commerce has already announced the mineral resources, why did they set up these obstacles? is it to destroy the local forces?" Fei Xuan said.

I don't know," Yunxiao shook his head and said, "but that should be one of the reasons. In short, they won't let everyone get the benefits easily, and they should be able to get even greater benefits from it, otherwise they wouldn't have made such a loss."

Hanxuan laughed, "those poor people from the Chamber of Commerce. They used all their tricks. Who would've thought that Fang Tianhe would die just as they set out? even Ying Lin went crazy. This is something they never expected. I'm afraid they've already lost money."

"Well, I think there should be some other conspiracy. There's no need to be afraid of them. Let's go, we don't have to wait for the people behind us."

After saying that, Yunxiao turned and continued walking.

Hanxuan followed closely behind him, and she suddenly felt a little melancholic. She hoped that more fog would appear so that this person in front of her could hold her hand. But more than that, she felt shy about her own thoughts.

The valley was filled with green peaks and lush spiritual energy. The green leaves of the plants exuded a vigorous life force, making it seem like a paradise on earth.

After taking a few steps, Yunxiao suddenly stopped.

Hanxuan almost bumped into his back, and she said awkwardly, "What's wrong, young master Yun? Is there a situation?"

this Valley is so strange," Yunxiao said. it's just like the lake water. It's full of natural energy, but there are no living creatures.

"No living beings?"

Hanxuan was taken aback. It was only now that she realized that it was indeed unbelievable that there were no sounds of insects or birds in such a quiet Valley. She said in surprise, "Could it be another trap?"

Yunxiao shook his head. No. The illusion was naturally formed by strange flowers and plants, and the lake was a profound artifact. But, there was no aura of living things here. Be careful, this kind of situation appeared either because the environment was too poisonous and couldn't accommodate other living beings. It was either that a powerful demonic beast was entrenched here and had become a forbidden area that other living beings did not dare to approach. There's no problem with the spiritual energy here, so it's obviously the latter."

"You mean there are powerful demonic beasts here?" Hanxuan asked in surprise. What level would it be?"

eighth-tier! Yunxiao said softly. eighth-tier!

"You've already noticed it?" Hanxuan asked in shock.

no," Yunxiao shook his head. I don't.

Hanxuan asked, "Hanhan, how do you know it's level 8?"

if it were a seventh-tier demon beast, it would not be a threat at all," Yunxiao said. it would not be used by the thunderwind Chamber of Commerce to deal with us. After all, there were many martial Supremes in the Big Dipper sect and the heavenly Scorpion sect. Any one of them could be dealt with. However, if it was a level 9, hehe, the thunderwind Chamber of Commerce would not have the guts to come. So if there's a demonic beast here, it's at least an eighth-ranked one."

Hanxuan was dazed for a moment, then immediately understood. This logical reasoning did make sense. She suddenly felt that nothing could stump this white-robed young man.

haha! Li Yunxiao, you're fine!

A familiar voice came from behind him. Tan dijun and the others had come out of the mist, and a large number of Warriors were chasing after them. More than half of them had been killed.

The Big Dipper sect didn't lack a single person, as if they already had a way to deal with the fog.

it's not strange at all that young master Yun can walk out of the fog," Xiao Minghui said in surprise. but it's really amazing that President Luan Xuan can walk out of it as well.

Hmph! Hanxuan snorted coldly. many of you are much weaker than me, but aren't you all out? "

Xiao Minghui smiled. don't be angry, President Hanxuan. Although this fog is in the dead land and few people know about it, it's no secret to the sects that have been standing here for a long time. The antidote has long been in existence. President Luan Xuan was an outsider, and it was already admirable that she could come out of The Purple Cloud Chamber of Commerce successfully. It seemed that The Purple Cloud Chamber of Commerce was not simple. You must know that in this fog, even a martial honor can only protect themselves. They can't help others."

Hanxuan was taken aback. 'Even a martial venerable can't help me, so how did Yunxiao do it?' However, when she thought of his other monstrous talents, she felt at ease. It was as if anything that happened to him was extremely normal.

Yunxiao glanced at the crowd. In addition to these local gangs, the people who had passed through were indeed some itinerant cultivators who had stayed in Southfire city for a long time and knew the secret of it, so they had antidotes with them. He snorted coldly and said, "Sect master Xiao knows that this fog is not simple. Yet, you didn't give this young master any medicinal pills to eat. Looks like we can't be friends anymore."

Xiao Minghui said awkwardly, "With young master Yun's abilities, you naturally don't need an antidote."

Just as he said this, another group of people flew over from the distance. It was the Chamber of Commerce led by Gao Lin. Of course, they were unscathed, but when they saw Yunxiao, they felt a sense of fear.

When he saw that Yunxiao was also safe and sound, he could not help but feel a little disappointed. Although he had expected that the mist would not work on him, he still had a glimmer of hope that Yunxiao would die in there, but now his fantasy was shattered.

"Old man Tong, what kind of trap have you set up here?" Tan Dijun asked. There were no living beings at all. Could it be a forbidden area for high-level demonic beasts? Don't tell me you've found a ninth-order monster beast."

Seeing that the problem had been seen through, Gao Lin didn't hide anything and said, "Tan Dijun, I don't like what you just said. What do you mean I got it? There's an eighth-order monster beast here, just in front of the exit of the valley. If you're afraid, please return."

"Hmph, if it's only at the eighth rank, we'll all go up together, skin it, and sell it for money!"

Tan Dijun snorted coldly and led his men forward. He realized that he had also been infected with the habit of loving money, and every time he opened his mouth, he would think of getting benefits. At the thought of this, he could not help but roll his eyes at Yunxiao, which baffled him.

The martial emperors and even a few martial grandmasters retreated to the back of the group. If there was an eighth-rank demonic beast in front of them, they were afraid that they would be affected.

Mei Dong 'er was with the sect's team. When she passed Yunxiao, she said, " "After I found out that there was fog there, I was worried that you wouldn't be able to pass. Now I can finally rest assured."

Watching Mei Dong 'er leave, Hanxuan's heart ached. "This girl is very concerned about you."

Yunxiao hummed without thinking and said, " "Let's go and see what kind of demon beast is occupying this place. A rank 8 isn't an easy opponent."

Hanxuan followed behind, but her heart started to feel stifled, and she couldn't be happy.

She suddenly came to a realization and said sadly, " Silly Hanxuan, what are you thinking? 'Who is he? he killed a seven-stars martial venerable with a single sword strike and challenged an eighth-tier Alchemist. He will be at the peak of the heavenly martial realm in the future. How could he fall in love with a silly girl like you and have any relationship with you? I've only helped you and saved you once, yet you're already letting your thoughts run wild. Aren't you embarrassed?"

A blush flashed across her face, and the knot in her heart was gradually untied. Only then did she recover her calm mood and followed closely.

Yunxiao, on the other hand, had no idea about the change in the little girl's mind. He was fully focused on the treasure and the demon beast in front of him.

When they were about to leave the valley, they did not see anything strange. There was a flat grassland leading out of the valley, and the two mountains were covered with all kinds of green branches and vines.

"Could it be that the demonic beast has gone out to hunt for food?" One of the cultivators carefully analyzed.

"Tsk, he's already rank 8, why is he still looking for food? I think he went out to visit relatives." Another person retorted.

no matter what, it's great news that the demonic beasts aren't here. Otherwise, if those experts directly rush over and don't care about our lives, we'll have come for nothing!

Everyone was overjoyed, especially those rogue cultivators. A few of them couldn't bear it and directly flew past.

“Whoosh! Whoosh! Whoosh!”

Between the two mountains, several shadows suddenly flashed across the green vines, so fast that it was difficult to catch them with the naked eye. Before the two martial Grandmaster powerhouses could react, their bodies were immediately pierced through, with more than ten big holes in them. They fell to the ground in a terrifying manner.

“Magnet!”

Everyone felt a chill as they looked over in horror. Just now, he had only seen the attack flash, but he had not seen the actual attack. Two martial arts grandmasters had actually died just like that.

A cold smile appeared on Ying Lin's face. “You're leading the charge with your trash cultivation. It's not their cultivation that killed them, it's their intelligence!”

His words immediately attracted the extreme indignation of the itinerant martial artists, and they all glared at him.

The relationship between these itinerant martial artists could not be considered harmonious, but at this moment, they were the weakest group. They had a feeling of gathering together for warmth. Now that he saw the two of them lying in the Valley's exit, he immediately felt a sense of sadness.

The corner of Yunxiao's eye twitched as he immediately recognized the attack. It's actually a little green Monster. I didn't expect this place to have such a thing.

In yesterday's battle of love, Taiyi had originally given up after Azureflight appeared in the main battle. He was led by more than 10000 HP and was unable to turn the situation around. So, she went out to

have some barbecue with her friends. In the end, she ate something bad and felt like vomiting the whole night. However, when he returned, he was shocked to find that they had won the battle!

An indescribable feeling flowed through her heart. Thank you, everyone! "Thank you, everyone!" It turned out that everyone had been silently supporting me. Although we couldn't see each other, we were in every corner of this continent, even in every corner of the world, waiting for the new chapter before going to bed every night. At that moment, Taiyi was proud of his ability to bring joy to everyone. At that moment, it was a time and space that belonged to the entire Water Alliance!

Chapter 564-muddy demonic beast

"Do you know that demon beast?" tan dijun asked.

yes, " Yunxiao nodded and said, " it's something called a little green demon, but it's only a sixth-tier one. It can only harm cultivators below the rank of a Martial Emperor. Only the Kings of the minor demons can reach the seventh rank. It's not an eighth-rank item."

"Oh?"

Tan dijun looked at the Chamber of Commerce and said,"This is the checkpoint you set up, aren't you afraid of being laughed at?"

what does it have to do with us? " Gao Lin snorted coldly. if you have the ability, just walk over. I don't want to talk to people like you.

Tan dijun took the lead and walked forward. Everyone's eyes were fixed on him. As soon as he walked between the two mountains, the little green demons on the mountains started to attack him. Shadows filled the sky, and the sound of air breaking was constantly heard.

Tan dijun slightly opened his domain, and all the little green monsters bounced back after hitting the wall around him. They couldn't hurt him at all.

"Hmph, a bunch of trash!"

He snorted coldly and released a mist from his body. The little green demons that rushed into the mist fell down one after another as if they were poisoned. As if they had a spirit that didn't fear death, they continued to charge forward even as they watched their companions die. Soon, almost all of them died, falling all over the ground.

"It's over?" Everyone was full of doubts.

Yunxiao suddenly had an idea. "Not good, look below your feet!"

Tan dijun lowered his head and saw the dead little green demons melting on the ground, gradually seeping into the earth. The soil under tan dijun's feet started to turn muddy, and his feet sank into the soil.

The earth turned into a swamp?

Yunxiao had experienced the same scene outside the demon land, but it was just a restrictive array cast by Gu Yuesheng. At this moment, it had truly become a quagmire.

Everyone was shocked and hurriedly retreated.

Soon, a terrifying scene appeared in front of them. The ground in the entire Valley began to corrode and wither. The original green space was completely turned into mud, spreading over a large area, no less than a hundred meters.

The strong corrosive gas emitted by the mud even frightened the Warriors. Just smelling it made them feel like their Yuan Qi was being corroded, forcing all the Warriors to retreat into the valley.

Tan dijun, on the other hand, was standing in the air. His domain had formed a defense to resist the corrosive Qi. His face had turned serious.

He stepped forward in the air, and with every step, he would shake off a large amount of corrosive air. It seemed that he was struggling with every step.

Everyone was extremely shocked. If a nine-stars martial Supreme was having such a hard time, then they could forget about passing through.

Tan dijun was about to reach the other side of the river when a huge muddy hand suddenly rose from the swamp. It was more than ten meters wide, and it stretched out its five fingers in the air to grab tan dijun. In an instant, he was completely caught in the hand and clenched into a fist.

“Magnet!”

Everyone was so scared that they broke out in cold sweat and retreated. Even a nine-stars martial venerable was caught.

“Bang!”

The huge mudra seal suddenly exploded, and mud fell from the sky.

Tan dijun’s body was surrounded by the mist, and he was flying forward with a shocked expression on his face.

The huge muddy fist was blown away, but it quickly condensed again and quickly chased after him. Unfortunately, it was already too weak, and tan dijun successfully crossed to the other side.

The arm swam on the shore for a while before slowly sinking into the mud. It was calm again, and only the strong corrosive gas continued to spread.

However, everyone’s hair stood on end, and no one dared to take a step forward.

haha, sect master Tan’s strength is indeed extraordinary. You didn’t get eaten.

“Everyone from the Chamber of Commerce, come with me.” Gao Lin laughed. He leaped up and flew to the other side of the swamp. He was not attacked by the corrosive power, which stunned everyone.

Not only Ying Lin, but the Warriors of the Chamber of Commerce also rose into the air and flew over easily, turning their heads back from time to time with sneers on their faces.

“These, these old fogeys, there must be some kind of aura on their bodies that the monster beasts in the swamp can’t detect or are afraid of!”

Xun Zhiming was shocked and furious, but he was helpless. The other party had come prepared, while he and his people had come blindly.

“If that’s the case, Zhenzhen”

Xiao Minghui pondered for a moment. Then, his figure suddenly flashed and rushed into the sky. He flew into the crowd of Warriors of the Chamber of Commerce and also flew past them without being attacked.

“Ah?”

The cultivators behind him were all dumbfounded, and all of them quickly reacted, rushing to chase after the last few Chamber of Commerce cultivators.

The cultivators of the Chamber of Commerce were shocked and immediately increased their speed to the maximum, running away at top speed.

Yunxiao and Hanxuan were not willing to fall behind, and they also squeezed into the crowd.

Ying Lin, who had reached the other side of the river, suddenly changed his expression. Without thinking, he took out something and threw it into the mud. He didn’t see what it was, but it sank. Soon, a boiling sound could be heard. A vast and overbearing demonic power immediately spread out from the mud.

Tan dijun’s pupils shrank, and he shouted angrily, “Old man, what did you throw?”

Ying Lin played dumb and said indifferently, "did I?" Oh, I just threw away some of my unwanted items."

what a strong demonic power! Oh no, they are in danger! Xun Zhiming was shocked. He saw a head gradually emerge from the mud. It looked like a mud slope with mud rolling on it and thick smoke billowing.

After its head was exposed, its eye sockets were empty. It opened its mouth and spat out a corrosive gas towards the martial artists.

"Not good! Quickly run!"

Over a hundred people in the air were immediately thrown into chaos. Many of them were hit by the corrosive gas and fell directly. There were some who were lucky enough to escape, but they suddenly discovered that a muddy hand was coming down from all directions in front of them. It was like swatting flies, and they were directly hit into the mud, leaving no bones behind.

"Magnet!"

Tan Dijun was terrified. He didn't know how many of them would survive if this continued. "All martial Venerables, attack together with me and protect our disciples!" He shouted.

He was the first to rush back to the sky above the mud and dispersed the mist. A gray tunnel immediately appeared and he shouted, "Local sects, come over here!"

When the disciples of the Big Dipper sect saw this, they were overjoyed and rushed toward the misty bridge.

Xun Zhiming and a few other revered martial artists also flew into the mud at the same time and began to work together to suppress the demonic beast. The number of deaths was reduced in an instant. Everyone was pleasantly surprised as they rushed towards the direction of the fog.

"Bang!"

Suddenly, a warrior's chest exploded and he fell into the mud, which shocked everyone.

It was tan dijun. He said in a cold voice, "This place is only open for the disciples of the local sects to pass through. As for the rest of you, you can only pray for yourself. If you continue to squeeze in, you will end up like that scum just now!"

This immediately caused many cultivators to leave in panic, running towards the other side of the river.

Among the itinerant martial artists, a sense of sorrow surged in the hearts of everyone.

not good, I can't suppress it anymore. Quickly retreat!

Xiao Minghui shouted. After the demonic beast in the mud was pushed into the mud by them, it suddenly burst out. A large amount of mud was constantly shot out from the bottom, and a large number of Warriors were hit. The lucky ones were injured, while the unlucky ones fell down and died.

However, those who died were all itinerant martial artists. The local forces hurriedly retreated to the other side under the protection of several martial honors.

Mei Dong 'er was among them. She looked anxiously at Yunxiao behind her and cried out desperately, "Young master Yun, come here!"

"Junior Sister, don't bother about him. We can't even escape on our own!"

A disciple of the Big Dipper sect said anxiously as he pushed forward. Under the joint protection of several martial Venerables, the only safe place was the misty passage.

"Hanxuan, you go first!"

Yunxiao grabbed Hanxuan and threw her into the tunnel, ignoring her resistance.

Humph, the passage of our sect is only enough for the people of our sect to use. Didn't the two of you hear sect master Tan's words? "

Zhen deyou suddenly blocked Hanxuan's path and lightly slapped out his palm. He grinned hideously and shouted, "I'll spare your life this time. If there's a next time, you'll end up like that person."

The wind from his palm was strong and fierce, but it didn't hurt Hanxuan. It only shook her away and she fell into the mud in the distance.

Hanxuan was shocked, and she hurriedly stabilized her body in the air before flying directly to the other side. But suddenly, a huge hand swam over from the distance and grabbed at her.

Hanxuan's face turned pale with fear. She finally understood why tan dijun couldn't escape from the palm. Under the five fingers, there was an extremely strong Earth Rhythm, which suppressed her and made her unable to move. She could only watch the palm fall with despair and helplessness in her heart.

"Zhen deyou, you deserve to die!"

Yunxiao roared as he suddenly released his mental power from between his eyebrows. The air twisted, and he instantly teleported to Hanxuan's side and wrapped his arm around her waist.

After that, the divine fire of the Phoenix between his brows shot out in a line and broke the giant hand. He then took Hanxuan and soared into the sky, striding forward.

Having escaped death, Hanxuan had an indescribable feeling in her heart. When Yunxiao held her thin waist and pressed her against his body, she felt weak all over, but she also felt extremely safe. The corrosive air and all kinds of dangers in the sky could not hurt her.

"Bang! Bang! Bang! Bang!"

Suddenly, the mud below Yunxiao broke open, and seven or eight giant hands emerged, rushing up at the same time with bared fangs and brandishing claws, trying to grab the two men.

Yunxiao was shocked, not understanding why the mud monster had its eyes on him. There were only three or four hands where those martial honors were, but they had actually used eight hands to deal with him!

He didn't have time to think about it. He formed a sword seal with one hand and shouted, "Hanxuan, you go first!"

Then, a ray of sword light gushed out from between his eyebrows. It was the northern heaven cold star sword. It danced in the air under his hand seals, ready to be used. Yunxiao flicked his hand and immediately threw Hanxuan onto the sword.

"Sword technique-demon slaying!"

He shouted, and a demonic Dragon emerged from the northern heaven cold star sword. It let out a powerful cry, broke open a space passage, and flew to the other side.

Chapter 565-immortal golden body?

hanxuan stepped on the northern heaven frigid star sword, and an icy chill pierced through her feet. her entire body was freezing, and no matter how much vital qi she used, she couldn't get rid of it. in an instant, she felt her limbs getting frostbitten. But, what made her heart turn even colder was that when she looked back, she saw Yunxiao being grabbed by a big hand and clenched into a fist after he had used the sword technique!

"No!"

She let out a sorrowful cry and used her sword technique to kill demons. She directly broke through the corrosive air around her and brought her to the other side safely. hanxuan's body turned cold the moment she landed, and she fell to the ground.

The northern heaven cold star sword was still shining with a cold light, stuck in the ground.

"Young master Yun!"

Mei Dong 'er also cried out at the same time. When she saw Yunxiao being grabbed by a big hand, her legs gave way, and she almost fell down the misty passage.

Shangguan Yuyin, who was beside her, quickly supported her, and in a few flashes, they landed on the opposite land.

At this moment, a large number of local forces 'Warriors had arrived safely through the smog tunnel. The itinerant cultivators who had made it through also took a breath and flew over while the muddleheaded monster was madly attacking Yunxiao. They were all covered in cold sweat and felt a lingering fear. They stared at the several big hands in the mud. If Yunxiao had not suddenly attracted the muddling monster to burst out and all of them swam away, they would not have escaped so easily.

Tan dijun's eyes burned with anger. He glared at Zhen deyou and said, "If he dies, you'll be punished!"

Zhen deyou furrowed his brows and said angrily, "Why? Why should I be punished if he dies? You want to kill a mere Wu Zong, don't you?"

Tan dijun said coldly, " that was in the past. Don't forget that he still has the lightning transformation divine skill. You've seen its power just now. If you throw away the lightning transformation Divine Art, will senior brother let you go?"

Zhen deyou's expression changed drastically, becoming extremely ugly.

Mei Dong 'er stumbled over to tan dijun, knelt down, and cried, Lord vice sect leader, I beg you, please save young master Yun!

Tan dijun's face was gloomy, and he didn't say anything.

Xun Zhiming was also very worried. Of course, he was also worried that the lightning transformation divine skill would disappear. He said, " "Sect master tan, you were also caught by that big hand just now. I wonder what's the hope of you getting out?"

Tan dijun looked at the big hand that was holding Yunxiao, and his face darkened. "It's very difficult. The hand contained the power of the earth, which could suppress the space and make you unable to move. The corrosive power was also very powerful, even stronger than the mist that I cultivated. If an ordinary Grandmaster was caught, he would definitely die. However, I don't know about him. I hope he doesn't die."

Mei Dong'er cried even more sorrowfully and prayed with all her might.

Hanxuan's face was also pale. Although her body was cold and the cold air entered her body, a deeper chill came from the bottom of her heart, which was even colder than the body.

Wu Lin's side was also watching nervously. On the contrary, they hoped that Yunxiao would die Here. However, they were quickly disappointed.

Suddenly, a beam of white light shot out from the back of the hand that was holding Yunxiao. It was as pure as snow, as if it had not been contaminated by the mortal world. Then, there was one, two, and three more streaks of mist.

The light of Yunxiao's divine body swept away the foul air, and then a roar of a demon beast came out of his palm, but it was not the mudskipper's.

A bronze figure was growing bigger and bigger, pushing the muddled beast's palm open. It was the gourd Little King Kong. It roared and grew bigger, then punched the palm.

"Bang!"

The muddy demonic beast's palm was completely smashed by the gourd Little King Kong's punch, turning into big pieces of mud and falling down.

When the calabash warrior bent down, Yunxiao was standing on his back. His skin was emitting a faint golden light that flickered, and his eyes were filled with surprise.

"Phew! As expected, this kid didn't die!"

Tan dijun heaved a heavy sigh of relief, but his eyes were filled with more fear. At that moment, the golden light that was shining on Yunxiao's body made him feel a chill. It seemed to be an extremely powerful cultivation technique.

"This brat has so many f \* cking trump cards!"

Tan dijun cursed under his breath. His eyes twitched as he watched the gourd Little King Kong break the arms one by one.

This gourd Little King Kong had appeared once at the auction and forced Gao Lin to retreat with a punch. Everyone thought that it was a puppet, just like a profound level weapon, unafraid of death, so no one thought much about it. However, at this moment, he was stunned.

Was this really a puppet? It was so intelligent that it knew how to attack automatically even without anyone controlling it. Moreover, it kept punching. What else could it be if not the Vajra punch?

Even if it was a puppet, was there a puppet that could suppress the violent beating of an eighth-rank demonic beast?

Tan dijun wasn't the only one. Everyone else was dumbfounded. Even Mei Dong 'er, who had been crying like a Pear Blossom bathed in rain, forgot to wipe her tears. She stared at the strange scene in a daze.

The gourd Little King Kong's huge body stood in the air above the swamp. As long as a big hand condensed and rushed up, he would run over and punch it. The muddy demon beast that had troubled and frightened everyone looked like a child at this moment. It had been beaten until it had no temper. Gradually, the number of hands condensed decreased.

Suddenly, a stream of Mud Shot up from below and pointed directly at Yunxiao. It seemed that the demon beast had intelligence and understood that this man was the real master.

Frowning slightly, Yunxiao took a slight step forward and stopped the gourd Little King Kong, who was rushing over, and said, "I'll try it myself."

He raised his right hand, and a golden light flickered on his fist. There seemed to be a strange power surging on his fist, and he punched toward the mud.

“Bang!”

It was like an iron hammer hitting tofu. The mud exploded and turned into countless pieces of mud that fell down.

“Magnet!”

This strike made everyone’s heart tremble with fear. That muddy attack, not to mention its powerful corrosiveness, was an attack from an eighth-rank demonic beast, but it was destroyed by a single punch!

Yunxiao was also taken aback by the power of his punch. He stood in the sky in a daze as he looked at the golden light all over his body and asked suspiciously, “Is this the imperishable golden body? Why do I feel like I’m lacking something?”

you’re indeed far from ao changkong’s,” the demon Dragon said. is it because your cultivation base is not high enough? ”

Yunxiao shook his head and said, “cultivation and physical strength are two completely different things. The power of this imperishable golden body is at most comparable to that of a martial Supreme. It is completely different from ao changkong’s destructive power. The tyrant body tempering technique that I know of has already reached its limit, so there should be a lower part of it. ”

“The lower part of the cultivation technique?”

“Then what should we do?” the demon Dragon asked. You can’t possibly ask ao changkong for it, right? nine out of ten times, you’ll be smacked to death.”

forget it,” Yunxiao said. it’s good that you don’t have the lower part of the cultivation technique. God knows how many primordial stones it would take to fill up my current body. If I really cultivate the

inextinguishable golden body to ao changkong's level, I'm afraid I'll never be able to recover to the peak of the nine Heavens realm in this lifetime."

Hanxuan also recovered from the cold and hurriedly called out, "Young master Yun, come here!" She was afraid of another variable.

no hurry," Yunxiao said with a smile. I can use this demon beast as a practice.

Everyone was shivering, including tan dijun and Ying Lin, whose faces were all pale. This kind of demonic beast that everyone was afraid of and did their best to escape, he actually said that he wanted to use it to practice. If the person in front of him was a martial sovereign of the nine Heavens, it would still make sense. However, the person in front of him was a martial Grandmaster of the six directions realm, Lao Ai.

Yunxiao's physical body had just stepped into the imperishable golden body, and he needed some time to refine it. He shouted down from the sky, "Reveal your true body and fight me. If I'm satisfied, I'll let you go, or else you'll die!"

When everyone heard this, their heads were filled with exclamation marks. They felt as if their brains had a bump and were not working well.

With a point of his finger, Yunxiao summoned the breathing earth at his fingertips and pressed it down from the air. The entire mud suddenly boiled, as if a volcano was about to erupt!

"What's going on?"

Everyone turned pale with fright. The violent demonic power in the mud surged up. Even when they were standing on the ground, they could feel it and felt that it was extremely terrifying.

"Roar!"

Finally, a huge figure rushed out of the swamp. Only the upper half of the body was exposed. It was made of mud and had twelve arms. Its empty eyes looked at the little bit of breathing earth and flickered with a strange divine light.

The living earth gave birth to all living things. It was the mother of the earth, the origin of the earth. To any earth-type demonic beast, it had an irresistible temptation.

After the muddy demon beast revealed its true face, it roared and rushed at Yunxiao, all twelve hands reaching out to grab him.

“Today, I’m going to try and see if ao changkong’s inextinguishable golden body is useful or not!”

Yunxiao laughed proudly as he clenched his fist and put away the earth. Then, he flew toward the demon beast and clenched his fist in the air, which transformed into a dazzling Golden Shadow that looked like the sun, shining in all directions!

“Imperishable golden body, motionless King fist!”

“Boom boom boom!”

The Golden fist, which was like a rotating sun, pierced through the mudskipper beast’s body. A huge golden light exploded and illuminated the area.

Like a Golden God of War, Yunxiao’s eyes flickered with Starlight as he muttered to himself, “It’s almost time.” With a point of his finger, the gourd Little King Kong was absorbed into his glabella. He walked out of the golden light and landed on the ground.

The upper body of the mud monster behind him was directly blown to pieces. It roared madly in the mud, its voice filled with anger and extreme unwillingness. Although it was an eighth-tier demon beast, it had consumed a lot of its strength under the joint suppression of Xun Zhiming and the others, and then it was suppressed by the calabash Little King Kong, so it had long lost control of its strength. Now that it was being used as a target for Yunxiao to practice, it was so angry that it kept roaring, but there was nothing it could do.

After Yunxiao landed on the ground, some of the Warriors on the shore immediately scattered, as if they had seen something more terrifying than the muddled beast. They did not dare to approach him, and they looked at him from a distance with deep fear.

Chapter 566

?

566 Deep mine source cave

Yunxiao sneered when he saw the crowd's fearful eyes on him. Then, he said to Ying Lin and the other leaders, "It's rare for everyone to wait for me here and not leave. How can I thank everyone for this young master's concern?"

Everyone could hear the sarcasm in his words, and they looked at each other helplessly.

"It's good that you're fine, boy. If something happened to you, the deal between us would be over," tan dijun said with an embarrassed smile.

"Hmph!"

Yunxiao snorted lightly as he clenched his fist in the air. The northern heaven cold star sword suddenly flew back into his hand, and a sword beam as cold as water bloomed in the air, pointing at Zhen deyou as he said coldly, "Do you still remember what I said just now? you really deserve to die."

Zhen deyou was shocked by the sword ray and retreated continuously. He had watched this man kill a seven-stars martial venerable with one sword and destroy an eighth-rank demonic beast with one punch. He could not compete with either of them.

In fact, Yunxiao's strength had been greatly overestimated by the crowd. Fang Tianhe was killed by the Thunder tribulation of a ninth-tier profound artifact. Although the power of the imperishable golden body was very strong, the key was that the monster had exhausted its demonic power and was already an arrow at the end of its flight.

But, the visual effects of the two attacks were so shocking that even Tan Dijun and Ying Lin did not dare to provoke Yunxiao, let alone Zhen Deyou. His face changed drastically with fear, and he quickly hid behind Elder Sima.

Tan Dijun's face changed drastically. He stepped forward and said, "Elder Zhen was indeed in the wrong. I'll have him apologize to you."

"Apologize?"

I almost lost my friend because of this," Yunxiao sneered. "How can an apology end this?" Tan Dijun, you're getting more and more humorous."

Tan Dijun was so angry that his eyes bulged, but he did not dare to argue with Yunxiao, so he said angrily, "Then what are you going to do? I won't let you kill Elder Zhen!" "Why don't I compensate you with some vitality stones?" he suddenly thought of something and asked.

He knew Yunxiao's character very well, and he seemed to be very friendly with primordial stones.

"Hmm, I can consider that."

As expected, Yunxiao's eyes lit up as he immediately put away the Northern Heaven Cold Star Sword and said, "How much?"

Everyone felt dizzy. So this could work too. The bargaining between Tan Dijun and Ying Lin had already made everyone feel uncomfortable. It seemed that money could do anything. Even a martial venerable could use Yuan stones to buy his life.

Tan Dijun's heart ached. He knew he was going to be extorted again. He said, "Let's put it aside for now. When we find the treasure, we'll settle the deal together with the first two deals we made. How about it?"

He thought to himself, 'when the time comes, I'll let senior brother Zhang linghua negotiate with the kid. With a Martial Emperor in charge, he'll be able to suppress him and prevent him from asking for an outrageous price.'

"Alright!"

Yunxiao was rather straightforward. He stared coldly at Zhen deyou and said, "I'll hang your head on your neck for now. Whether I take it away or not will depend on how many origin stones your sect is willing to pay for you. If you're not worth tens of billions in their eyes, then I'll just take it away!"

Zhen deyou's face turned pale. Although he was angry and ashamed, he was helpless. Dignity was important, but many people valued their lives more.

Tan dijun felt dizzy. Although Yunxiao's words were directed at Zhen deyou, he was undoubtedly telling him that the problem could not be solved without tens of billions of primordial stones.

He felt that he couldn't handle this person at all, so he shook his head and said, "let's go quickly. If we can find the southern Fire golden crystal source, these few primeval stones won't make a difference.

His words immediately gave all the surviving cultivators some hope and courage. After experiencing such a difficult life and death situation, they were probably about to see the light.

Ying Lin and the others looked at each other and didn't say anything. They lowered their heads and continued walking.

The whole team was divided into four parts: local forces, Chamber of Commerce forces, itinerant cultivators, and the last part was Yunxiao and tongxuan. The two of them smiled wryly, and tongxuan said gratefully, "Thank you," she said.

"It's fine," Yunxiao chuckled.

It was just two simple sentences. Some people and some things didn't need to be said too much.

After the battle with the mud monster, everyone was listless.

young master Yun, you have too many responsibilities on your shoulders," Hanxuan said. I hope you won't risk your life to save me like this next time, or I'll feel uneasy.

don't worry," Yunxiao said with a smile. there's no danger ahead.

"Eh? How did young master Yun find out?" Hanxuan found it strange.

The conversation between the two men was in a normal tone, so everyone could hear it clearly. They were all surprised and wanted to hear Yunxiao's opinion.

don't you see those fools from the Chamber of Commerce walking in the front?" Yunxiao laughed. When were they at the forefront when there was danger?"

"This bi an ..."

Hanxuan was stunned for a moment, then came to a realization. "I see!"

Everyone also revealed a look of understanding. This was indeed the case.

Ying Lin was very angry. He snorted angrily, flicked his sleeve, and continued to speed forward, not wanting to listen to Yunxiao anymore.

Yunxiao smiled and formed a team with Hanxuan. They crossed a few more mountains and finally came to an open area, where withered plants and sparse trees began to appear.

"A land with a mine vein must be barren. This place looks good."

Xiao Minghui gazed into the distance and said, "There seems to be no life force in front of us, and there's a faint fire element. It's indeed a mineral vein. We've been in Southfire city for so long, yet we didn't know that such resources were hidden in the Deathlands."

Everyone quickly jumped up a mountain in front of them and looked down. A large area of fiery red appeared on the surface of the mountain, extending into the distance with no end in sight!

"Magnet! It's actually such a huge mine!"

Everyone was shocked and looked over in horror. This mine vein appeared directly on the mountain's surface without any concealment. Visually, it was not much worse than the few existing mine veins in South Fire City.

All the major forces were shocked and suspicious. Why would the thunderwind Chamber of Commerce provide such a large mine vein? this was definitely not their style.

"We've investigated this mine, and it's at least one of the top five mines we've discovered so far. It's also been confirmed that the source of Southern Fire golden crystal is right under this mountain range," said Gao Lin with a profound tone.

Xun Zhiming said, "President Xun, you should be more direct. Why are you giving away such a huge advantage? don't tell us that you're learning from others. We're all adults.

I've been kind enough to serve everyone," Gao Lin said unhurriedly. but you don't appreciate it. You'll see for yourself when you go to the mountain.

Tan dijun took the lead and flew up to the peak of the mountain. The crowd waited until Gao Lin and the others had also left before following closely behind. They all remembered what Yunxiao had said. Only when the people of the Chamber of Commerce left first could they prove that there was no danger ahead.

When everyone arrived at the peak of the mountain, they looked down and saw a bottomless black hole in the middle of the most red ore. Strong astral winds kept blowing out of the hole, bringing with them

an extremely strong fire element. Some martial arts grandmasters felt that they were struggling to resist.

Yunxiao looked at the black hole and said, "There's actually astral winds. Although they're not too strong, they're enough to prove that this place isn't simple. From the activity of the fire element, there was indeed a Southern Fire golden crystal source within the black hole. However, he sneered a few times and said, "Could there be a ninth-rank demonic beast inside?"

Everyone was shocked and secretly thought of this possibility. Otherwise, the thunderwind Chamber of Commerce wouldn't have made this treasure land known to everyone. Everyone was suspicious.

A ninth-rank demonic beast was an existence comparable to a human expert of the nine Heavens realm! Killing them was as easy as killing dogs!

Tan dijun's face was also serious. If there was really a ninth-level demonic beast, even Zhang linghua wouldn't be able to drive it away.

The group of people all stared at Gao Lin. He was the only one who knew the situation best.

don't worry, " Ying Lin smiled and said, " there are no ninth-rank demonic beasts here. As for the rest, I won't say much. Information is very valuable. If you are willing to pay tens of billions of primeval stones, I can consider telling you."

"Hmph, if there aren't any ninth-order monster beasts, then it must be a dangerous place."

"Who's willing to go down with me?" tan dijun said.

Since the thunderwind Chamber of Commerce could get the information, so could he.

The people from the local forces looked at each other. Finally, Xiao Minghui and Xun Zhiming stepped out and were willing to go down together. The rest of the martial artists were obviously not strong enough.

As for those itinerant martial artists, it was even more impossible for them to follow and throw away their lives.

Tan dijun's eyes fell on Yunxiao as he said, "Young master Yun, are you interested?"

not interested," Yunxiao said with a smile. I'm not interested. The southern Fire golden crystal mines that are scattered all over the mountains are enough to satisfy me. With experts like you eyeing the southern Fire golden crystal source, I don't dare to have any ideas about it."

His insincere words immediately attracted a wave of disdain.

Tan dijun didn't force him. we'll go down and have a look," he said. I'll have to trouble young master Yun to take care of things up there. He was naturally referring to the people of the Chamber of Commerce. With Yunxiao here as a deterrent, he expected that Junlin would not dare to do anything to them.

After saying that, the three of them flew down into the black hole one after another.

The rest of the martial artists looked at the southern Fire golden crystal mines that were exposed on the mountain. Their eyes were all shining. It would be best if they had the southern Fire golden crystal source, but it didn't matter if they didn't. The things in front of them were enough for them to exchange for the vitality stones they could squander in their next lives. They excitedly ran all over the mountain and began to dig.

When martial artists mined, it was different from when ordinary mortals mined. They used all kinds of skills to smash the ground and pull large chunks of Southern Fire golden crystal ore into their rings.

Yunxiao, on the other hand, was very calm. He had been standing on the top of the mountain and watching everyone's actions, as if he was indifferent. Hanxuan followed his lead and naturally didn't move.

"Brat, you're quite calm. Could it be that you're also waiting for that Southern Fire golden crystal essence?" asked Ying Lin in surprise.

not even the president has moved," Yunxiao said with a smile. why should I? " In short, I believe in the president's wisdom, so he definitely won't be at a disadvantage. If I follow the president, I naturally won't be at a disadvantage."

Chapter 567-fighting for profit

Qiu Lin's eyelids twitched, and he snorted heavily, then ignored him. He found that Yunxiao's calmness was a little terrifying, and his observation skills often made him see blood. He vaguely felt that Yunxiao was a big trouble, but he could not get rid of it.

Suddenly, three figures flew out of the black hole. They were tan dijun and the other two, all with heavy faces.

what?" Yunxiao asked curiously. you've found out so quickly? "

"It's a maze down there!" Tan dijun said. With that, his eyes fell on Yunxiao, staring at him with a profound look.

"Haha, it's a maze!"

Kuai Lin laughed, but his expression gradually turned cold."In order to explore this labyrinth, we've lost a lot of people, and there are still people inside who haven't come out yet!"

Looking into tan dijun's eyes, Yunxiao suddenly had an idea. He immediately understood. The map that was carved on the Platinum paper of the northern scorpion sect should be the map of the maze in the cave. In that case, this place was actually left behind by the North Scorpion sect thousands of years ago!

in that case, it's enough to prove the horror of this maze, " Yunxiao said. let's end the treasure hunt here. I won't play with you anymore." He turned around to leave.

Tan dijun's face darkened. He moved to stop Yunxiao, glared at him, and snorted, " "Since you're here, let's play together. I suggest that we go our separate ways and that young master Yun and guild leader Luan Xuan join our Big Dipper sect!"

He made a hand gesture, and the disciples of the Big Dipper sect immediately understood. Ping Yingyi and Shangguan Yuyin surrounded Hanxuan from the front and back, while Zhen deyou also spread out his domain and controlled Hanxuan.

Tan dijun knew that Yunxiao could not be kept, so he did not bother to waste his energy on him. He said with a leisurely smile, "Young master Yun, let's work together.

Yunxiao's eyes darkened. He had the treasure map, so tan dijun would definitely not let him go. Moreover, from his tone, he also intended to leave the other sects and act alone.

sect master tan, "Xun Zhiming said, "I'm very curious. How did young master Yun become so popular after you went to the labyrinth at the bottom of the cave? "Could it be that there's some secret behind this?"

The people from the other sects, as well as Gao Lin and the others, were all staring at earth Lord tan with suspicion.

Tan dijun cursed the old fox in his heart. The sky Scorpion sect was also a branch of the North Scorpion sect, so he must have guessed something. He laughed and said, "What secret can there be? if you don't believe me, you can ask young master Yun yourself. It's just that young master Yun is intelligent, so he should be of great help in solving the maze."

Xiao Minghui said, "I see. Then we should all work together. That way, we'll be of greater help." The people of the new moon sect will follow sect master tan. We'll work together and hope that sect master tan won't mind."

"Haha, my thunderwind Chamber of Commerce found this place. Even if we don't have any credit, we have worked hard. I hope sect master tan can bring it along."

Ying Lin also walked up with a smile and said, "Even if we don't, we'll still follow sect master tan!"

Tan dijun's unusual action attracted everyone's attention, and they all focused their attention on him and Yunxiao.

Tan Dijun now regretted giving Yunxiao the treasure map. He had thought that Yunxiao was just a martial Grandmaster, someone he could control at any time, but now he found that it was completely beyond his expectation, and the treasure maze really existed.

He was in a difficult position now, so he could only say awkwardly, "If that's the case, then everyone can go in together. However, whether young master Yun is willing to go or not will depend on his wishes."

although Li Yunxiao is quite strong," Chu Lin said, "it seems that his confidant's cultivation base is very limited. If you don't cooperate with us, don't you know how to make an example out of someone else's female friend?"

How is that possible?" Tan Dijun snorted. Young master Yun is a friend of my Big Dipper sect. I'm just having my men protect guild leader Hanxuan."

"Haha, that's right, protection! My Thunderwind Chamber of Commerce will also protect you!"

Gao Lin sneered in disdain.

Everyone turned to look at Hanxuan. Although they did not know why Tan Dijun had taken her hostage to threaten Yunxiao, there must be some reason. Otherwise, with the strength Yunxiao had shown, Tan Dijun would never have offended him for no reason.

Hanxuan was both angry and sad, thinking that she had become young master Yun's burden, and the more she thought about it, the sadder she felt. "Young master Yun, you can do as you wish, but don't worry about me. Don't forget that you still have a heavy responsibility on you. Don't be threatened by this group of villains!"

But, his words were so weak. Yunxiao smiled and said to the crowd, "Since sect master Tan and everyone is so good to me, then I can't let everyone down. The treasure map of this cave maze is on me."

"Ah?"

Everyone was shocked, and Tan Dijun's face fell. He did not expect Yunxiao to say it out loud, but it was too late. Judging from the horrified looks on Ying Lin and the others' faces, they were in big trouble!

Not only these sects and merchant forces, but many Warriors in the distance were also alarmed and gathered from all directions, watching coldly.

An unexpected fortune, anyone who saw it would have a share. Although they were weak, no one was willing to give up the opportunity to take a bite. After all, to be able to persevere all the way here, in addition to great greed and ambition, they also possessed great strength and scheming.

Xun Zhiming was shocked and asked, "you're saying that you have the treasure map?" The hidden treasures of the North Scorpion sect? It's actually in this hole?"

Gao Lin's expression changed drastically. Other than shock, he was also filled with regret and annoyance. He had thought that it was just a mine, but he didn't expect that it would involve the treasure of the North Scorpion sect!

His back was covered in cold sweat. For such an important matter, if the treasure was stolen and the headquarters found out, he would be in big trouble. Even if he obtained some amazing resources, it would not be enough to offset his sin of foolishness for leaking the news!

"If that's the case, this cave has existed for thousands or even tens of thousands of years," Xiao Minghui said. It's rumored that the treasures of the northern scorpion sect have been emptied out, but there should be a mistake. At least, there's a source of Southern Fire golden crystal essence here. If it had been emptied out at that time, it's impossible for such an item to be left behind."

Hanxuan couldn't help but say, "perhaps these Southern Fire golden crystal essences only formed in the last few thousand years." &Nbsp;

"There's something you don't know, guild leader Hanxuan," Mei Dong'er said with a smile. The southern Fire golden crystal essence can't be formed without tens of thousands of years."

Hearing Xiao Minghui's words, everyone's heart immediately became fanatical. If the treasures of the North Scorpion sect were still there, what a shocking situation it would be!

Only Ying Lin and Tan Dijun's faces were dark and unsightly.

Gao Lin had made the news public, so he didn't expect it to be such a shocking thing. If he reported it to the headquarters, it would definitely be valued and sent down powerful experts. However, it was also an eventful period for the Merchant Union. All the experts had been sent to various places to suppress the situation. And it was already too late.

Tan Dijun did not expect Yunxiao to be so generous as to tell him about the treasure map. Now, it was impossible for the Big Dipper sect to monopolize the map.

After the shock, Xiao Minghui looked at Tan Dijun and Ying Lin, and he felt very comfortable. "Since the treasures left behind by the previous sect, naturally everyone who has seen them will have a share."

"Bullshit!"

Tan Dijun snorted coldly, "This is something left behind by my Big Dipper sect's ancestor. You want a share?" If Sect Master Xun were to take 10 – 20%, I would still be able to accept it. Sect Master Xiao, the items of my sect's predecessor have nothing to do with you. As for the commoners in the forest, you'll never be able to get close to them."

The matter of the treasure was too big, and he began to exclude even the local forces.

Xiao Minghui's face darkened, and he said, "Sect Master Tan's words are really hurtful. What is the item of the predecessor? You have nothing to do with the North Scorpion sect, right? If there is, it's because you've already taken enough resources from the Northern Scorpion sect. Don't tell me we're going to take the last bit of treasure they've buried?"

"Yes, correct!"

"Why can't we?" yelled Gao Lin. Your two sects seized the Northern Scorpion sect's property by force!

Tan Dijun was stunned. He didn't expect Xiao Minghui to be so smart. He didn't know how to explain the situation.

Yunxiao suddenly burst into laughter, confusing everyone as they stared at him.

"Why?" Xiao Minghui asked. It seems that young master Yun thinks my words are wrong? I don't know what's so funny, but please explain!"

"Show your ass!"

you're all bullies! Yunxiao cursed. why are you pretending to be reasonable here? " Even if my name is written on the treasure, will you let it go? The final distribution and ownership were decided by fists! Who would listen to all this nonsense? You guys have a lot of time, don't you?"

Everyone was silent. This was indeed the case, but no matter what, he had to have a good reason to do so and make himself look good. After all, everyone here was a respected figure. He couldn't just say that he was strong, so he wanted it. How could he be so straightforward that he even took off his mask?

"Haha, well said!"

"Let's not try to reason with each other!" Gao Lin laughed. Whoever has the strength will get a share of the treasure. I agree with this!"

Tan Dijun said, "Hmph, that's true, but we have to see who's stronger." My senior brother is a martial sovereign of the nine Heavens. The Big Dipper sect will take 90% of the treasure!"

Since they had already made things clear, they were indeed too lazy to reason with him. They immediately got into formation and began to talk about how to divide the loot.

"What a joke! If sect master Zhang was here, I would have nothing to say! However, at this moment, it's naturally the strength of a witness!"

no! Ying Lin immediately denied. if the strength of the rear is counted, then the thunderwind Chamber of Commerce has at least ten martial emperors. Doesn't that mean that we'll take 99% of the profits? "

"That's right, President Qian has a point!"

Not only did the influential members of the Chamber of Commerce express their support, but even Xun Zhiming and the others also agreed. They were now in favor of whoever's decision was beneficial to them.

Tan dijun's eyes were full of killing intent. He said slowly, "This is going to be troublesome. Many people will probably die!"

Chapter 568-discussion

Tan dijun's words were filled with coldness, which made many people feel cold. Some Warriors even backed away with ashen faces.

"Tan dijun, don't scare people here," said Ying Lin coldly. Since everyone had come here, they had all planned to exchange their lives for money. I don't know how many people have died on the way here. If there were any who were afraid of death, they would have retreated long ago!"

His words immediately gave many people the courage to gather around.

"Great!" Tan dijun laughed. Since you're not afraid of death, I'll give you a share! Let's see if you can live to the end!"

Yunxiao! he reached out to Yunxiao and said, " give me the map!

Yunxiao frowned slightly as Zhen deyou's domain pressed down on her. Hanxuan gave a muffled grunt, and her face was filled with pain as she suffered internal injuries. However, she only gritted her teeth and refused to make a sound.

"Your girl is very considerate of you," tan dijun said. Li Yunxiao, I really don't want to fall out with you. We've known each other for a long time, and I admire you very much."

Yunxiao took out the treasure map and threw it over. He smiled indifferently and said, "If you offend me, you'll probably be finished."

"Haha, you're too arrogant."

Tan dijun took the treasure map, and his eyes were alert. He looked at it carefully and confirmed that there was no problem with it. Then, he put it away with relief and said, Young master Yun, we're still friends.

you kidnapped my friend, and now you say we're friends?" Yunxiao said. are you kidding me?"

Tan dijun forced a smile and said, "I had no choice. I hope you don't take it to heart." If there really is a treasure down there, young master Yun will definitely have a share of it. "

Yunxiao still had the Thunder transformation divine skill, and tan dijun did not want to completely ruin their relationship. At the very least, he could stabilize Yunxiao's situation.

let's see how big the prize is," Yunxiao snorted. let's see.

The others were all envious when they saw the treasure map, but Ying Lin urged, "Since the map of the maze has already appeared, finding the treasure source is definitely not a problem. Sect master tan, since the map is in your hands, please lead the way!"

Tan dijun retreated behind the people of the Big Dipper sect and began to look at the map, lost in thought.

"Tan dijun," yelled Ying Lin, "since we're working together to find the treasure, we should share the map and study it together!"

"That's right, President Qian's words make sense!"

Xun Zhiming immediately agreed. Now that they were closely United with the new moon sect, and the Big Dipper sect was becoming more and more powerful, they faintly felt that something was wrong.

Tan dijun didn't even bother to pay attention to the two. After he finished reading the map, he imprinted the information on it into his mind. After that, under everyone's shock, he directly used his elemental energy to crumple the titanium paper into a ball and kept it in his ring. "No need, I've already seen it. Since everyone said that we're going to work together, you should naturally trust this Lord. If you don't trust me, then you don't have to follow me."

"This, you f \* ck!"

Gao Lin was instantly dumbfounded. However, the treasure map had already been crumpled into a ball and no longer existed. It was too late to say anything.

Xun Zhiming and Xiao Minghui's faces were also gloomy. They looked at each other and showed extreme dissatisfaction.

let's go. Don't waste time. If you want to work together, then come at me together!

Tan dijun showed a malicious smile and led the way, flying into the black hole. The people of the Big Dipper sect also let go of Hanxuan and entered one after another. Mei Dong 'er gave Yunxiao a look and said, " young master Yun, you must be careful. Money is just a worldly possession. It's better not to take this risk.

I'll be careful, " Yunxiao said with a smile. you should be careful too.

"En!"

Mei Dong 'er nodded her head heavily and followed Zhen deyou and the others into the black pit.

"Everyone, what should we do? Are you going or not?"

Xiao Minghui said seriously, " the three of us went to check it out earlier. The complexity of the tunnel was amazing. There were a lot of bones and all kinds of traps in the tunnel. Without a map, it's difficult to find the end.

Xun Zhiming said, " of course we have to go. Otherwise, no one would be willing to let the Big Dipper sect obtain such a huge treasure. Now that Zhang linghua had broken through to the rank of a martial Supreme, the Big Dipper sect would truly be above everyone else if they were to obtain this treasure. Not only will the Chamber of Commerce be pushed out, but the local forces will also suffer!"

Xiao Minghui also had this concern, and said, " "But tan dijun is the only one who has seen the map, and he has memorized the real roads and all kinds of traps. If they play tricks, we'll all be in danger!"

Xun Zhiming replied, " you're wrong. There's another person who has seen the map. He knows the correct path!

The crowd was taken aback, and then all their eyes fell on Yunxiao.

"Not bad! Young master Yun, you should know the way!"

that's good! Xiao Minghui was delighted. with tan dijun leading the way, and young master Yun behind, we won't be wrong!

that's a good idea, " Yunxiao said. although I have the map with me all the time, I'm a lazy person, and I usually don't look at it carefully. How could he remember the marks and roads on it? Moreover, as you all said, this maze is too dangerous. I think it's best that President jinxuan and I take our leave first and won't participate in this matter,"

A sense of powerlessness welled up in Xun Zhiming's heart. He knew that Yunxiao was going to take advantage of him again, so he said helplessly, " cut the crap. Young master Yun, just state your conditions!

"Hehe, it's so much easier to talk to smart people!"

I don't know if the treasure really exists," Yunxiao said with a smile. even if it does, I can't compete with you, big shots. It's very dangerous to ask me to help you verify your Dao path. I won't do it without fifty billion primeval stones."

Xun Zhiming was furious and said coldly,"five billion! No bargaining!" Otherwise, I'll have to ask guild leader Luan Xuan to lead the way!"

Hanxuan trembled in anger, but she couldn't do anything. At the thought of being a burden to Yunxiao all the way, he felt very sad, but he was also very touched. Like Ding Ling 'er, she was a hero among women and a famous strong woman in the merchant Union. However, no matter how strong she was, she was still a woman. When no one was around, she still had her fragile side and longed for someone to protect her.

Yunxiao's face turned cold, and the temperature around him dropped with his mood. The experts felt a chill and were shocked.

Yunxiao reached out his hand and pointed at Xun Zhiming as he said coldly, " "There are a few things that I hate the most. One of them is to use my friends to threaten me. There have been people who did this in the past, but I later killed their entire family!"

"Magnet!"

Everyone felt a great chill in their hearts. In the realm of heavenly martial arts, it was not uncommon to kill an entire family, which happened every day. However, when this kind of thing came out of the mouth of a young man, it gave people an indescribable fear. And from the look in his eyes that looked down on the common people, the signal that he was saying was true!

Xun Zhiming swallowed his saliva with great difficulty and exhaled a cold breath. He said awkwardly, " "Young master Yun, you're taking this too seriously. I was just joking. But 50 billion is too much, how about 8 billion? what do you think?"

He had subconsciously lowered his attitude, and he didn't dare to haggle as he had said.

say the wrong thing, " Yunxiao said coldly. your entire family will die! This kind of thing, everyone better remember clearly, I will never forgive you again!"

Everyone was shivering, especially Gao Lin and the other martial Supremes. Besides the cold air that attacked their bodies, they were also extremely shocked. After they reached the rank of a martial Supreme in the eight desolate realm, they were able to comprehend the rules of heaven and earth. They could even use the power of the rules to form their own territory. Within the territory, they were the only one who could rule. This was the origin of the term " martial Supreme.

However, such a powerful martial Dao intent had actually caused his entire body to shiver from the other party's few words!

This Kasaya

All the martial Venerables present were drenched in cold sweat. This situation terrified them even more than the pressure in Yunxiao's tone. They suddenly had a vague feeling that at this moment, their biggest opponent was not tan dijun, but Yunxiao, who was extorting them!

Xun Zhiming heaved a sigh of relief in his heart. He knew that the other party had let him off the hook just now. He said in a sullen tone, " "Don't worry, people of my generation are all brave and Dauntless men. How could he be like tan dijun, shamelessly using a woman to threaten young master Yun? such a shameless behavior brings shame to our generation!"

After he finished speaking, he felt the strange gazes of the people around him, and his face turned red in embarrassment.

yes, " Yunxiao said. everyone in Southfire city knows sect master Xun's character, and I trust him. But I'm someone who cherishes my life when it's a life-and-death risk. Eight billion primeval stones might not be a small amount, but I still need to be alive to spend it. How about this, on account of the good weather today, I'll give you 10 billion. I really can't give you any less. And you have to pay in cash."

10 billion medial-grade primordial stones? " Xun Zhiming smiled bitterly. who would have so much cash on them? "

I don't care," Yunxiao said. Southfire city is your territory. When the treasure is dug out, who can I ask for money from when I return? It's fine to use some heavenly treasures as a substitute."

Xun Zhiming and the others were speechless. They walked to the side and started discussing secretly.

what?" Gao Lin said angrily, "that kid doesn't know the immensity of heaven and earth. Does he think he's a child playing house? he's taking ten billion primordial stones just like that! Even if I want to use such a large sum, I'll have to gather all the elders of the Chamber of Commerce and discuss it before making a decision!"

Xun Zhiming snorted,"what's the point of complaining?" If you have the ability, go and tell him, don't forget how Fang Tian He died! Fang Tian He's life was not just 10 billion primeval stones. Do you think that our lives are not worth Fang Tian He's? You've been in this maze before, and you know it better than us. If tan dijun did something to it, how confident are you that you can get the treasure and even escape?"

Gao Lin was silent. He said hatefully,"Alright! I'll let that kid be proud for a while, but I'll get back at him sooner or later! The thunderwind Chamber of Commerce will pay one billion for the ten billion!"

Chapter 569-living passage

"President Qian, you're joking, right?" Xiao Minghui sneered. If the thunderwind Chamber of Commerce only offered one billion, who would offer the remaining nine billion? You still have many Chamber of Commerce alliances behind you, so you should at least bear eight billion. We'll think of a way to get the remaining two billion."

"That's right, that's how it should be!"

Xun Zhiming also nodded in agreement. "As the saying goes, with great power comes great responsibility. Almost all the merchant Union's guilds in South Fire City are here. Eight billion is a piece of cake."

Qianlin,"Qianqian."

He lost his temper and sighed, " "You two, I think you really don't have any sincerity. You're still thinking of scheming against me at this time. The current situation is no longer a battle between you and the merchant Union. We should all work together to deal with the Big Dipper sect. If the Big Dipper sect becomes big, I'm afraid the first step will be to swallow all of you. Although our thunderwind Chamber of Commerce will be weakened, we're still one of the seven leaders of the merchant Union. Does the Big Dipper sect really dare to start a war with us? I've discussed this with the merchant Union, and we'll bear five billion for this ten billion. If you still refuse, then this matter is over, and I'll go back home!"

Xun Zhiming and Xiao Minghui's eyes darkened. What Gao Lin said was right, and he hit their soft spot. After looking at each other, Xun Zhiming said in a deep voice, " alright, then we'll each take on half of it. We'll each offer five billion!

Xiao Minghui glanced at the lone cultivators at the outermost perimeter and frowned. "What about these people? Don't tell me we can't make them pay a drop of blood and get the benefits for free?"

"These paupers," sneered Gao Lin, "do you think you can extort a single primeval stone from them?" He turned around and went to discuss with the other associations of the merchant Union.

Xiao Minghui shook his head helplessly. It was indeed impossible for those itinerant martial artists to pay primordial stones. He immediately started discussing with Xun Zhiming. The two of them started to wrangle endlessly again, hoping that the other party would have more.

The overall efficiency was quite high. Everyone was afraid that the people of the Big Dipper sect would seize the first opportunity and grab the primordial stones, so they did not care about the small amount. Soon, they had gathered ten billion mid-grade primordial stones and handed them to Yunxiao.

Oh? " Yunxiao was surprised. you really have so many Yuan stones with you? " Tsk tsk, it seems that I'm still too kind. The merchant Union and the local tyrants are indeed rich. Don't be so polite next time."

li Yunxiao! Qiu Lin said angrily, " don't go too far! They may be afraid of you, but my thunderwind Chamber of Commerce isn't!"

yes, yes, I understand. Let's go! Yunxiao smiled. Hanxuan, come with us, " he said to jinxuan. I'll be worried if you stay outside.

Hanxuan's heart was warm, but she still felt uncomfortable. I'm sorry, young master Yun. I've been a burden to you all this time.

Yunxiao laughed. It's all thanks to you and me that we've earned so many origin stones. Tsk tsk, 10 billion, I hope you can drag me down a few more times."

The rest of the people followed behind, their faces dark and their eyes gloomy.

Under Yunxiao's lead, all of them went deep into the black hole. It was pitch black inside, but it did not affect their vision. Moreover, the hole was very wide, not as narrow as they had imagined.

The entire passage was built with huge stones. Stepping on it, one could see that it was made of the fourth-tier material, diamond Jade, which was exactly the same as the materials used for the arena in the Big Dipper sect's sect competition. Moreover, the passage was more than two meters high, and some of the burly men didn't feel crowded.

it seems that it really is the treasure of the North Scorpion sect," Yunxiao said. this labyrinth is so magnificent. It must have cost a lot of resources to build it. He touched the surrounding walls with his hand and said, "These were all cut by sword Qi, otherwise it would be impossible for them to be so smooth. It seems that the Big Dipper sect had to use a large number of martial artists to build this passage!"

Xun Zhiming said,"that's right. From the looks of it, the cost of building it will not be lower than that of the 10 arenas." Look at these bones. Judging from the time, it does seem to be the time when the North Scorpion sect took out the treasure. I wonder if there are any left."

Everyone looked at the broken bones in the passage that led to the depths of the darkness. They felt a sense of desolation in their hearts, not knowing if they would be the next one. After stepping onto the path of martial arts, he had long been aware that he could fall at any time.

The atmosphere in the passage gradually became somewhat oppressive. Hundreds of people walked through it, but there was no other sound other than the sound of silent walking.

"Something's wrong!"

Yunxiao suddenly shouted and stopped.

The people around him were all startled by the sudden voice. Ying Lin frowned and said, "What's wrong?" he asked.

no! Yunxiao said seriously, "I'm definitely not in the wrong place! I remember the route on the map very clearly, but the passage is wrong!"

"What do you mean the passage is wrong?"

"It doesn't matter if you remember wrongly. You can just walk through it again," Xun Zhiming said.

Yunxiao shook his head and said, "I've been feeling strange along the way. I keep feeling that something is wrong. Can you see how many people are still here?"

Everyone was stunned, not knowing what was going on. Gao Lin and the other two looked back and were immediately shocked. They exclaimed in horror, "How could this be? Where is he?"

The group behind him was actually shortened by more than half. By visual inspection, there were only about 50 people!

"Magnet!"

Xiao Minghui gasped and said in shock, "How did this happen?"

This time, everyone was shocked, especially those at the back. They were originally standing at the front of the line, but now they had become the back. They didn't even notice how the people around them were!

Hanxuan also felt a chill in her heart. She hurriedly grabbed Yunxiao's arm, and only then did she feel a little warmth and security.

Ying Lin was also a little scared, and he said in shock, "What's going on?"

didn't I already tell you?" Yunxiao said. the passage is wrong.

"Qianqian, please explain clearly," said qianlin.

ten billion primordial stones," Yunxiao said. I'm only responsible for leading the way. I'm not responsible for spreading knowledge.

Everyone,"hehe."

Xun Zhiming suppressed the urge to slap him to death and said, "Young master Yun, aren't you being too unkind? Everyone's private property has already been exploited by you. Even the thunderwind Chamber of Commerce is not as black as you!"

"Old b \* stard Chu, do you want to die?!" Yelled Gao Lin angrily.

alright," Yunxiao said. I'll lose all the way. I hope that when we find the treasure later, you can give me more on account of my hard work."

Xun Zhiming's face was full of black lines. hurry up and tell me. I'll definitely give you more.

there's a very interesting martial technique in your Eastern Region called 'acupoint shifting'," Yunxiao said. have you heard of it?"

Xun Zhiming nodded and said, "of course, this isn't a profound martial technique. I'm sure everyone here knows it. It's just the circulation of essence force to change the movement of the meridians and acupuncture points in the body. But what does this have to do with the passageway?"

Yunxiao smiled and said, 'it'll be easier to explain if you know such a martial technique. This channel is equivalent to the hundreds of extraordinary meridians in the human body. Those people just now were moved away by the 'shifting of acupoints'."

"What?"

Everyone was shocked, their faces blank, unable to understand what this meant.

"How can the passageway 'shift positions'?" asked Chu Lin with a frown.

because this passage is alive! Yunxiao said. it's a living passage!

"A living passage?"

Everyone was shocked. Xun Zhiming laughed coldly and said, " Young master Yun, I know you like to be weird, but this joke is not funny at all!

it's not funny because it's not a joke! Yunxiao said seriously. this passage is alive!

His words were firm and decisive, causing everyone to shiver. Hanxuan's grip on his arm tightened.

this passage is actually an array, " Yunxiao continued. the southern Fire Crystal Gold mine in the entire mountain range is the source of energy, and it has been maintaining its operation for thousands of years. That map should be incomplete. If we cut off the surrounding mineral veins, we can use the map to continue forward, but the formation is constantly operating, so a dead map is completely useless."

Xun Zhiming asked, "then what should we do?" Should we go out now to cut off the mine vein?"

I've already performed the displacement and acupoint switching technique, " Yunxiao said with a smile. can you still walk out of here? "

Xiao Minghui said, "then what should we do?" Young master Yun didn't look nervous at all, so he must have a way. However, are those who were shifted away in any danger?"

I'm not nervous because I have ten billion primordial stones with me," Yunxiao said. it's enough for me to use here for more than ten years.

"Zhenzhen, young master Yun, stop joking!" Xiao Minghui said.

Now, everyone had the urge to strangle Yunxiao to death, but they could not.

Yunxiao chuckled and said, " follow me, everyone. Keep up with me. Don't get shifted again. If you are teleported to another passage, I really can't do anything. He explained, " these passages are all connected to the center of the array source. They absorb the energy from the southern Fire Crystal Gold mine. All the energy comes from the array source. As long as I can sense the energy fluctuations, and combine it with the map in my mind, it won't be difficult to find the central array source.

"Energy fluctuations?"

"You can sense such a weak energy fluctuation?" asked Ying Lin in shock.

I can't sense it in the air, of course," Yunxiao said. but the fluctuation of the artifact rhythm of these Vajra jades is disturbed by the energy of the southern Fire golden crystal, and some changes will occur. Follow these changes and walk to the center of the array source.

young master Yun! Xiao Minghui was secretly surprised and praised, " you are indeed a seventh-tier great Alchemist!

Only then did the crowd remember that this man had an even more terrifying identity-a seventh-tier great Alchemist!

Looking at the young man in front of them, thinking of his appalling combat strength, and his identity as a seventh-tier Alchemist, all of them felt extremely depressed and desperate. With such a huge difference, it was simply impossible to live.

Slowly, Yunxiao sensed the fluctuations of fire element coming from the wall and began to slow down.

At this time, in order to not be left behind and teleported away, the martial artists behind all took out their weapons and held tightly to each other. Finally, more than 50 people were not left behind and slowly moved forward.

After the time it took to brew a cup of tea, the passage suddenly opened up, and an extremely strong heat wave hit them in the face. The whole world became red, and the liquid Southern Fire Crystal Gold was flowing in front of them!

Chapter 570-shocking change

“This is a Kasaya.”

Everyone was stunned by the scene in front of them. The bright red liquid Southern Fire Crystal Gold ore flowed in front of them, forming a circle like a moat. And the center of the liquid ore was a red Chaos, revealing a strong energy that was even stronger than those liquid ore!

“What’s inside? Such a powerful and boundless energy, could it be the southern Fire Crystal Gold source?”

Gao Lin was extremely shocked. The fire element that filled the entire world, as well as the spirit Qi that had almost turned into liquid, was blowing in his face. If a fire-type martial artist cultivated here, the effect would be heaven-defying.

Among the fifty or so cultivators, many showed looks of joy and began greedily absorbing the energy. Even if they didn’t get anything, being able to cultivate here for a year or so was equivalent to several years of cultivation in the outside world!

There were also water element Warriors who furrowed their brows, feeling extremely uncomfortable.

Yunxiao walked out of the passage. Around the liquid ring River, there were several other exits. Obviously, there was more than one passage leading to the center of the maze.

His divine sense directly crossed the liquid ring River and radiated towards the central area, but it was suddenly blocked by an invisible force, intercepted, unable to advance in the slightest.

“There’s a divine sense barrier indeed.”

Yunxiao muttered to himself as he crossed his arms and stared at the foggy central area, deep in thought.

Xun Zhiming said, “what are you afraid of? we’ll know the situation if we go over and take a look.” We’ve already come this far, so we can’t just stop here, can we?”

you’re right, sect master Xun, ” Yunxiao said with a smile. but, I’ve already completed my task of leading the way. It can’t be that I have to be the forward, right? Friendship is friendship, but you have to pay more.”

Xun Zhiming’s face twitched. He smiled insincerely and said, “That’s true. Young master Yun, you’ve worked hard. We’ll take care of the rest. President Qian, you’ve been searching for so long, someone should have gone up, right?”

Hmph! Chu Lin snorted coldly and said, “ if we could come here, would we need Yunxiao to lead the way? ” There’s an eighty to ninety percent chance that the treasure is within the central primordial chaos!”

Xun Zhiming laughed coldly and pointed at some marks on the ground. “Guys, look at the mark. Apparently, someone has come here recently and is heading to the central area. Besides your thunderwind Chamber of Commerce, who else could it be? Or the people from the Big Dipper sect? I think that group of people is still in the maze and can’t find the exit!”

Gao Lin’s heart trembled as he suddenly looked in the direction that Gao Zhiming was pointing at. There were indeed shallow footprints on the ground. If it weren’t for the fact that the fire element here was too dense, it would be impossible to leave any footprints. His expression changed drastically as he cried out in horror, “Arggh! Could it be that man? he ... He’s still alive!”

Everyone was also very curious and looked at the ground. All of them were focused on the Grand scene around them and had forgotten about these details. After all, Xun Zhiming was not an ordinary person. He observed more carefully than everyone else.

Hearing Gao Lin's shocked shout, everyone's eyes fell on him. Xun Zhiming's face darkened, and he said solemnly, "It's indeed related to your Chamber of Commerce! What was going on? This matter is of great importance, directly related to whether the treasure is still there. I ask that President Qian not hide it!"

Ying Lin's face was filled with uncertainty, and hesitation and struggle flickered in his eyes. In the end, he said in a deep voice, he's just a traitor of the Chamber of Commerce who escaped into it. I didn't expect him to find the central area and cross the ring River!

Everyone could tell that there was a problem, but since the other party was not willing to say it, they could not force him. It would be fine as long as it did not affect the treasure.

Xun Zhiming said, "since someone went over first, it proves that there's no problem. Let's go up and see what's going on. He leaped into the air and flew toward the red chaotic land in the center.

As soon as he stepped onto the ring River, a red liquid rose up from below. It danced in the air like a huge earthworm and wrapped around Xun Zhiming's body.

"What?"

Everyone was shocked, including Xun Zhiming. However, he was bold and naturally wasn't afraid of the liquid attack. He conjured an art with one hand and a layer of defense immediately appeared around him. Then, he put his five fingers together and slapped down with a loud shout!

"Hualala!"

The liquid from the southern Fire Crystal Gold mine dispersed after being shaken by the palm force. However, it did not fall down. Instead, it turned into countless liquid balls that floated in the air. After that, they suddenly moved and shot towards Chu Zhiming.

“Whoosh!”

Lava whizzed across the sky like fireballs, and the astonishing temperature and spiritual energy felt extremely dangerous even from a distance.

Xun Zhiming’s expression changed as well. He didn’t expect the liquid to be so difficult to deal with. He let out a soft cry and dispersed his domain in an attempt to stop the liquid. However, in just a few breaths, the liquid ignored the power of the domain and continued to charge forward. It was already very close and there was no way to avoid it!

“Vast and brilliant light, spirit illumination art!”

Xun Zhiming’s hands quickly formed a seal, and streams of golden light shot out from the seal, forming a protective divine light around his body. Then, tens of thousands of rays of light shot out, destroying all the fireballs in the surroundings. Lava exploded and fell from the sky.

After Xun Zhiming escaped danger with one move, he didn’t fly towards the center. Instead, he changed his body movements a few times in the air and actually flew back. When he landed, he had a grave expression.

Yunxiao laughed. sect master Xun’s cultivation base is unparalleled. This trap is nothing to him. Why are you back? ”

Xun Zhiming didn’t care about his sarcasm. Instead, he said in a serious tone, ” “President Qian, what is the cultivation of the traitor of your Chamber of Commerce?”

“An ordinary revered martial artist? what’s wrong?” asked Ying Lin with a frown.

“If he was really an ordinary revered martial artist, he would have fallen into the lava river and died!” Xun Zhiming said.

“Is the lava that powerful?” asked Ying Lin in surprise.

Everyone was in disbelief. Xun Zhiming snorted coldly and said, "If you don't believe me, you can try it yourself."

Naturally, no one dared to try. Their faces were all solemn. The treasure was right in front of them, but they could see it but not grab it. All of them were itching to try, and they were quite unwilling.

"President Xun, you have the highest cultivation level here. Why don't you try and find a way to open a path for everyone?" Xun Zhiming asked.

"I'd like to see if it's as terrifying as sect leader Xun said!" Ying Lin snorted coldly.

With a wave of his golden robe, he turned into a shadow and headed to the center of the red Chaos.

"Bang! Bang! Bang! Bang!"

There were three consecutive sounds in the lava, and three huge pillars of Lava Burst out, flying and spiraling.

domain?" Gao Lin was shocked. domain is useless?"

Just like Xun Zhiming, after a short moment of daze, he struck out several times to break the lava pillars. The defense around his body opened up and he stepped on the lava balls that were shooting over to cross to the other side!

"Roar!"

Just as Ying Lin was about to reach the other side, a heaven-shaking roar suddenly came from the red Chaos in the center. It sounded like the roar of a ferocious beast, and an extremely powerful sound wave attack immediately came out of the red Chaos and blasted on Ying Lin's body, directly breaking his defense.

"Pfft!"

Gao Lin was a nine-stars martial Supreme, but he was injured by the roar. He hurriedly retreated in shock.

At this moment, the lava began to boil rapidly, and the water level was actually rising. It once again condensed into several streams of lava that swept towards Gao Lin, as if it was determined to keep him here!

This turn of events shocked everyone, and Xun Zhiming even felt a little scared. He had experienced the power of the liquid, so he naturally knew that Gao Lin was in danger.

“Not good, save him!”

Yunxiao shouted and rushed out without saying a word.

Everyone was stunned. They did not understand why their enemies would risk their lives to save each other.

“The situation has changed. This place is dangerous! Saving Gao Lin is the same as saving ourselves. If we can’t work together, I’m afraid no one will be able to get out!”

Yunxiao cried out in the air as a strange feeling welled up in his heart. He seemed to have sensed an indescribable danger. His intuition told him that any martial honor was a force to be reckoned with.

Yunxiao slashed out with his sword. The sword beam contained the power of laws, and it cut open a passage in the red liquid, where Gao Lin was trapped and struggling to hold on!

“Hurry up and get out!”

His sword Qi swept across and instantly slashed out hundreds of sword rays, suppressing the liquid that filled the sky.

There was a look of disbelief on Ying Lin's face, and he thought that he had seen wrong or that Yunxiao had some scheme. "What do you want to do?"

be your sister! Yunxiao cursed angrily. run! If you were not a nine-stars martial Supreme, I would not have saved you!"

He suddenly felt an extremely powerful force rushing out from the red Chaos in the center. A red figure came from the sky and a palm came down on the two of them!

"Magnet! That's a Kasaya!"

The martial artists on the other side of the ring River turned pale with fright. That red figure was too fast, and they could not see it clearly!

Yunxiao, on the other hand, only felt a blur in front of his eyes. In his shock, he thrust his sword forward!

If Gao Lin wasn't a nine-stars martial Supreme, he wouldn't have helped him.

From the roar, Yunxiao realized that things were not good. If they lost a nine-stars martial Supreme, the situation might become extremely bad.

Wu Lin also reacted in an instant. No matter what Yunxiao's purpose was, at least he was helping him for now. After being injured by the attack, he urgently needed to rest, so he immediately fled through the tunnel Yunxiao had opened.

As for Yunxiao, he waved his sword, sending out a sword beam that turned into a sword beam and slashed at the red figure.

The figure was fearless, and he used his physical fist to take on Yunxiao's Northern heaven cold star sword!

"Bang!"

Yunxiao felt as if the sword had hit the Vajra, causing violent sparks to fly out and a huge rebound force to his arm, almost making the sword drop from his hand.

After knocking away Yunxiao's sword with a punch, the red figure changed several positions in the air and suddenly appeared in front of Yunxiao with a set of wonderful footwork. Then, he formed a seal with both hands and threw it out!

Yunxiao's pupils constricted as he stared at the red figure's steps and handprints and cried out in horror!

"Thousand li illusory light steps!"

"Floating like a dream, flying with a seal!"
